Clarify language, eliminate obsolete language, correct omissions and streamline to promote and enhance operations, through removal of inaccurate or redundant verbiage, and to simplify language. This rulemaking action creates new rules for the Oklahoma Health Care Authority related to the administrative operations of the Employees Group Insurance Division; the proposed rules are taken directly from the rules currently in place with the Office of Management and Enterprise Services under Title 260. Senate bill 1310 of the 2024 legislative session moved the Employees Group Insurance Division from the Office of Management and Enterprise Services to the Oklahoma Health Care Authority. These proposed rule changes correct references to the Office of Management and Enterprise Services to accurately reflect the Oklahoma Health Care Authority. Similarly, certain references to a physical address have been updated to a PO Box to allow for continuity in the event that EGID moves its physical address.

Clarify language, eliminate obsolete language, correct omissions and streamline to promote and enhance operations, through removal of inaccurate or redundant verbiage, and to simplify language. This rulemaking action creates new rules for the Oklahoma Health Care Authority related to the administrative operations of the Employees Group Insurance Division; the proposed rules are taken directly from the rules currently in place with the Office of Management and Enterprise Services under Title 260. Senate bill 1310 of the 2024 legislative session moved the Employees Group Insurance Division from the Office of Management and Enterprise Services to the Oklahoma Health Care Authority. These proposed rule changes correct references to the Office of Management and Enterprise Services to accurately reflect the Oklahoma Health Care Authority. Similarly, certain references to a physical address have been updated to a PO Box to allow for continuity in the event that EGID moves its physical address. Finally, amended language is included in the proposed rules to provide more context related to a refund of life insurance premiums, capping a refund at the greater of the life insurance policy amount or premiums to be refunded.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF JULY 11, 2025:

## SUBCHAPTER 1. PURPOSE AND DEFINITIONS [NEW]

### **317:150-1-1. Purpose [NEW]**

The purpose of this chapter is to outline definitions, plan administration, coverage, and exclusions pertaining to health, dental, vision and life benefits.

### **317:150-1-2. Definitions [NEW]**

The following words and terms as defined by EGID, when used in this chapter, shall have the following meaning, unless the content clearly indicates otherwise:

"Administrative error" occurs when the coverage elections the member makes are not the same as those entered into payroll for deduction from the member's paycheck. This does not include untimely member coverage elections or member misrepresentation. When such an administrative error results in underpaid premiums, full payment to EGID shall be required before coverage elected by the member can be made effective. If overpayment occurs, EGID shall refund overpaid funds to the appropriate party.

"Administrator" means the Administrator of the Employees Group Insurance Division or a designee.

"Allowable fee" means the maximum allowed amount based on the HealthChoice Network Provider Contracts payable to a provider by EGID and the member for covered services.

"Attorney representing EGID" means any attorney designated by the Administrator to appear on behalf of EGID.

"The Board" means the seven [7] Oklahoma Employees Insurance and Benefits Board members designated by statute [74 O.S. §1303(1)].

"Business Associate" shall have the meaning given to "Business Associate" under the Health Insurance Portability and Accountability Act of 1996, Privacy Rule, including, but not limited to, 45 CFR §160.103.

"Carrier" means the State of Oklahoma.

"Comprehensive benefits" means benefits which reimburse the expense of facility room and board, other hospital services, certain out-patient expenses, maternity benefits, surgical expense, including obstetrical care, in-hospital medical care expense, diagnostic radiological and laboratory benefits, providers' services provided by house and office calls, treatments administered in providers' office, prescription drugs, psychiatric services, Christian Science practitioners' services, Christian Science nurses' services, optometric medical services for injury or illness of the eye, home health care, home nursing service, hospice care and such other benefits as may be determined by EGID. Such benefits shall be provided on a copayment or coinsurance basis, the insured to pay a proportion of the cost of such benefits, and may be subject to a deductible that applies to all or part of the benefits as determined by EGID. [74 O.S. §1303 (14)]

"Cosmetic procedure" means a procedure that primarily serves to improve appearance.

"Current employee" means an employee in the service of a participating entity who receives compensation for services actually rendered and is listed on the payrolls and personnel records of said employer, as a current and present employee, including employees who are otherwise eligible who are on approved leave without pay, not to exceed twenty-four [24] months. also be covered regardless of age if the child is incapable of self-support because of mental or physical incapacity that existed prior to reaching age twenty-six [26]. Coverage is not automatic and must be approved with a review of medical information. A disabled dependent deemed disabled by Social Security does not automatically mean that this disabled dependent will meet the Plan requirements. [74 O.S. §1303(14)]. The Board or the Legislature may, at its discretion, declare an open enrollment period during which time eligible individuals may enroll in optional coverage on behalf of themselves or eligible dependents.

---

# Permanent Final Adoptions

## **317:150-3-2. Approval of exceptional claims and eligibility matters [NEW]**

The Administrator shall have the authority to approve individual exceptional claims or eligibility matters when circumstances require.

## **317:150-3-3. Insurance/Benefits Coordinator for Education, Local Government, and State Employees [NEW]**

The appointing authority or governing body of each participating entity shall designate an Insurance/Benefits Coordinator and at least one [1] Alternate to properly enroll members of the entity. Any information given by an Insurance/Benefits Coordinator shall not supersede or modify the statutes, rules in this title or any Insurance/Benefits Coordinator Guide governing the Group Insurance Plan. Insurance/Benefits Coordinator representing retirees may be provided by the retirement system from which the retiree is receiving benefits. It is the employee's duty to notify his Insurance/Benefits Coordinator of a change in eligibility for himself, his spouse or his dependents. It is the Coordinator's duty to notify EGID within ten [10] working days of the employee's notice of change. EGID is not obligated to accept untimely notifications of change and may elect to refuse to permit said changes.

## **317:150-3-4. Right of recovery [NEW]**

(a) **Error in payment.** Any benefits paid erroneously by EGID are fully recoverable from the recipient. No such erroneous payment shall constitute waiver or estoppel or result in any equitable obligation by EGID to pay any benefits which are not specifically payable according to the rules in this title and the benefit administration procedures or guidelines as adopted by the Board. [74 O.S. §1321]

(b) **Excessive amounts.** Whenever payments have been made by EGID with respect to allowable expenses in a total amount, at any time, in excess of the maximum amount of payment necessary at the time to satisfy the intent of this part, the Administrator shall have the right to recover such excess, from any person, organization or company with respect to whom such payments were made.

(c) **Right to Audit.** EGID reserves the right to audit any enrollment or insurance change form and to require that supporting documentation showing the participant's eligibility, including (but not limited to) proof of a qualifying event, be provided. EGID may retroactively terminate coverage on any individual who was not eligible to be enrolled in the Plan and recover any claims paid on the individual's behalf.

## **317:150-3-5. Responsibility for premium payment [NEW]**

(a) **Participating entity premiums.** Employer and employee premiums for participating entities are due to EGID no later than the tenth [10<sup>th</sup>] day of each month following the month of coverage. The first payroll deductions for insurance premiums of individuals paid bi-weekly will be withheld from the first pay period that extends into the month during which insurance coverage begins. It is ultimately the employing agency's responsibility to check and verify that premiums paid to EGID are a true and accurate accounting of the member's approved coverage selections. If premium for coverage selected by the employee differs from the amount deducted from the member's check, then the participating entity is responsible for payment to EGID for any deficiencies in premium for the member's coverage. Any shortage of premiums due and payable will result in suspension of benefits for Plan participants.

(1) An employee may continue coverage while on approved leave without pay status for up to twenty-four [24] months as long as the entity continues to remit premiums with the entity's monthly payment. The twenty-four [24] month limitation shall be extended to eight [8] years for education employees who are absent from employment because of election or appointment as a local, state, or national education association officer. Except as protected by federal statute, employees on leave whose premiums are not remitted in a timely manner shall have their coverage terminated at the end of the month for which last payment was received. If coverage is terminated for non-payment all coverage is terminated. Upon return to work, the employee may re-enroll. All Plan limitations apply and evidence of insurability is required to re-enroll in any life coverage.

(2) Provided that if a State employee is on leave without pay due to an injury or illness arising out of the course of his employment, the employee may continue the insurance during the maximum period of the time allowed by law, and the employing agency shall pay the benefit allowance allowed by law.

(3) An employee may continue coverage while on suspension without pay for up to ninety [90] days following the date of suspension or the duration of the administrative appeals process, whichever is greater, as long as premiums are remitted by the entity for the coverage.

(4) Collecting any employee share from an employee on leave without pay or suspension without pay is the responsibility of the entity.

# Permanent Final Adoptions

---

(b) **Premiums remitted by retirement systems.** Any State of Oklahoma retirement system establishing a withholding system for its retired employees shall forward the retirement contribution and employees' withholding to EGID by the tenth [10<sup>th</sup>] of the month following the month for which payment is due. This same time frame also applies to members receiving disability benefits.

(c) **Premiums remitted by former employees, COBRA participants or survivors.** Premiums are due by the twentieth [20<sup>th</sup>] day of the month of coverage. All premiums due, in excess of the retirement system contributions, shall be paid by the member. The member may elect to have the premiums withheld from their retirement benefit if the retirement benefit is sufficient to cover the entire premium. If the total monthly premium is the same as or greater than the retirement benefit, the member shall remit the entire amount due directly to EGID.

## **317:150-3-6. Cancellation of coverage [NEW]**

After notice and opportunity for a hearing according to the Oklahoma Administrative Procedures Act and these rules, coverage may be cancelled.

(1) **Cancellation of coverage due to non-payment of premium.** If payment is not received by the end of the month in which the payment is due, coverage shall be canceled effective the end of the month for which the last premium was received. EGID may reinstate coverage within sixty [60] days after the date EGID canceled coverage, if it is shown that the failure to pay premiums was not due to the member's negligence, subject to payment of any required premiums. The employee shall be notified in writing by EGID of cancellation of coverage and provided an opportunity for a hearing.

(2) **Cancellation of coverage due to insufficient funds.** In the event the member's payment is returned or refused due to insufficient funds or closed account, coverage may be cancelled unless the check is returned due to no fault of the member.

(3) **All coverage canceled.** If coverage is canceled for either of the reasons listed above all coverage will be terminated. When the employee is eligible to re-enroll, all Plan limitations apply and evidence of insurability is required to enroll in any life coverage.

(4) **Cancellation of coverage for Medicare members.** If payment is not received by the twentieth [20<sup>th</sup>] of the month, Medicare members will be notified of the delinquency and given thirty [30] days to make the payment. If payment is not made within the thirty [30] day grace period, coverage will be terminated effective the first [1<sup>st</sup>] day of the following month.

## **317:150-3-7. Underpaid premiums [NEW]**

When premiums are underpaid for coverage which has been selected and provided, future payments will first be applied to the shortage and the shortage will be rolled forward. Employees may not choose to retroactively cancel coverage that was selected. The full amount of the underpaid premium shall be submitted within sixty [60] days after the date EGID notifies the insured or the insured's employer of the error. When the underpayment occurs because an employee has entered into a salary reduction agreement pursuant to the Internal Revenue Code, and the insured's employer has erroneously failed to withhold and submit the proper premiums to EGID, the insured's employer shall be solely responsible for the payment of outstanding underpaid premiums to EGID. Failure to submit premiums could result in loss of coverage in accordance with 317:150-3-5(a)(3).

## **317:150-3-8. Refunds [NEW]**

(a) **Refunds of premium overpayments.** Any refund of payment for any premium overpayment shall be made only when EGID is notified in writing of the overpayment.

(b) **Administrative Error.** Refunds for overpayment due to administrative error, as limited and defined in the rules in this title, of the Insurance/Benefits Coordinator or the payroll clerk for EGID, shall be made at one hundred percent [100%].

(c) **Refunds on behalf of employees.** Refunds on behalf of employees shall be paid to the appropriate party. For an entity to receive a refund, the entity must have a credit balance.

(d) **Inaccurate or erroneous information.** If EGID finds that materially erroneous, false, inaccurate, or misleading information was intentionally submitted in order to obtain a specific coverage, then:

(1) For optional or supplemental life insurance coverage in excess of any guaranteed amounts of coverage, EGID shall extinguish its liability by tendering a refund of premiums paid to the insured or the beneficiary;

(2) Health or dental coverage would be canceled retroactive to the effective date of the coverage obtained by the misrepresentation. Refunded premiums would be reduced by any claims paid by HealthChoice.

(e) **Medicare eligibility.** There shall be no refund of premiums for prior months during which the member was eligible for Medicare, and written notice was not provided to EGID. An exception shall be made for individuals who are retroactively awarded Medicare coverage by the Social Security Administration, when written notice of the retroactive award is provided to EGID within thirty [30] days after the member's notification of the Social Security Administration award. A member's sixty-fifth [65<sup>th</sup>] birthday is considered automatic notification of Medicare eligibility.

(f) **Deceased member.** All refunds for overpayment resulting from the death of an employee or former employee will be capped at the overpayment amount received by EGID within twenty four [24] months of notification.

(g) **Dependent life insurance premium reimbursement.** If, after a receipt of a life insurance application, EGID finds that the deceased dependent does not meet eligibility requirements for dependent life coverage, EGID may reimburse the member for qualifying premiums paid to EGID. Any premium reimbursement shall not exceed the amount of the dependent life policy.

### **317:150-3-13. Rights of eligible former employees to continue in the Group Health, Dental, and Vision Insurance Plan [NEW]**

(a) Health, dental and vision coverage may be elected as determined by State Statute or retained at the time of termination of employment from an employer who participates in that health, dental or vision coverage, if such election to continue in force or begin is made within thirty [30] days from the date of termination of service, and if the following conditions are met:

(1) The former employee either retires or has a vesting right with a State funded retirement plan, or has the requisite years of service with an employer participating in the Plan.

(2) The election must be received by EGID no later than thirty [30] days after the date of termination of service.

(b) If an eligible former employee does not elect coverage at the time of termination of employment, or subsequently drops the coverage that was elected, the coverage may not be reinstated at a later date, except as permitted for former State employees exercising insurance retention rights available through a reduction in force (RIF) severance agreement.

(c) A participating eligible former employee cannot add dependents to coverage after termination of employment, except as follows:

(1) During an open enrollment period; or

(2) Eligible dependent(s) not covered at the time of the former employee's termination from active employment, as long as the dependent election is made within thirty [30] days of the termination date.

(3) If the dependent is newly acquired. New dependent[s] or additional dependent coverage must be added within thirty [30] days after acquiring the new dependent[s].

(4) If the dependent has lost other health or group dental insurance coverage and notice has been given to EGID within thirty [30] days after the loss of the other coverage. Excepted Benefits do not qualify as other health coverage for purposes of this rule, and replacement is limited to the corresponding type of coverage lost.

(d) During an option period, covered former employees may make changes to their existing benefits but not add additional benefits with the exception of vision coverage. Vision coverage cannot be dropped mid-year except as allowed at 317:150-3-22(c).

(e) If an eligible former employee has a spouse who is participating in the Plan as an employee of a participating entity, the former employee may defer or transfer his or her health, dental and vision coverage to be dependent coverage under the spouse at any time, so long as the following conditions are met:

(1) Coverage must remain continuous; and

(2) All eligible dependents must be insured unless they have other verifiable coverage.

(3) The eligible former employee, at a later date, may cancel deferment and defer or transfer his or her insurance coverage from dependent status back to former employee status if coverage with the Plan has remained continuous, and the former employer of the eligible former employee continues to participate in the Plan.

(f) An individual who has retained health, dental or vision coverage who is returning to current employment for a participating entity and meets the eligibility criteria for a current employee is entitled to transfer his present coverage to that employer as long as the employer is a participant in the benefit transferred. The employee may retain his present life coverage and may add life coverage so long as the total amount of life coverage does not exceed the guaranteed issue amount. Evidence of insurability must be submitted and approved for any amount exceeding guaranteed issue or the amount previously held in retirement, whichever is greater.

(g) An eligible former employee who has retained any coverage and is returning to work for a participating entity but does not meet the eligibility criteria for a current employee is not entitled to coverage through that employer.

# Permanent Final Adoptions

---

(h) In the event an otherwise eligible former employee returns to current employment who did not retain health coverage upon termination of employment, the eligibility requirements of a new employee must be met in order to obtain that coverage through the employer. Such individuals must work for three [3] years in order to qualify for retaining any benefits not previously elected upon ceasing current employment when they re-retire. This includes members who terminated from employers not participating in the Group Plans authorized by the Oklahoma State Employees Benefits Act [74 O. S. §1301] when they originally ended employment.

(i) Enrollment in a Medicare Plan:

(1) Medicare Supplement coverage enrollment required regardless of age. All covered individuals who are eligible for Medicare, except current employees and their dependents as addressed in 317:150-5-41, must be enrolled in a Medicare Plan, offered through EGID, regardless of age.

(2) Effective date of Medicare Supplement coverage. Medicare Supplement coverage shall become effective on the first [1<sup>st</sup>] day of the month following the date EGID receives actual notice of the member's eligibility for Medicare. There shall be no refund of premiums for prior months during which the member was eligible for Medicare, and written notice was not provided to EGID. An exception shall be made for individuals who are retroactively awarded Medicare coverage by the Social Security Administration, when written notice of the retroactive award is provided to EGID within thirty [30] days after the member's notification of the Social Security Administration award. A member's sixty-fifth [65<sup>th</sup>] birthday is considered automatic notification of Medicare eligibility.

(3) Non-Medicare eligible individuals. Nothing in the rules in this chapter prohibits individuals who are not eligible for Medicare from being enrolled in EGID's regular health plan; however, individuals eligible to purchase Medicare coverage are excluded and are presumed to be enrolled in both Parts A and B of Medicare.

## **317:150-3-14. Coverage for eligible non-vested employee [NEW]**

A non-vested employee must apply for continuation of coverage thirty [30] days after the date of termination of employment. Coverage must be continuous and eligibility to continue must be based upon the length of service required by statute. [74 O.S. §1316.2; 74 O.S. §1316.3]

## **317:150-3-15. Effective dates of coverage for current employees [NEW]**

An employee other than an education employee is eligible to participate if not classified as seasonal or temporary and whose actual performance of duties normally requires one thousand [1,000] hours per year or more. An education employee who is a member of or eligible to participate in the Oklahoma Teacher's Retirement System and working a minimum of four [4] hours per day or twenty [20] hours per week may participate in the Plan. Part-time education employees are those who meet the requirements of a half-time employee as defined by the Oklahoma Teachers Retirement System. Eligible employees shall be covered on the first [1<sup>st</sup>] day of the month following the month in which the employee is in an eligible status.

(1) If an employee is absent due to accident or illness on the date the employee coverage would normally become effective, benefits shall not be payable until the employee returns to the job. If the employee is absent from work because of a holiday, vacation or nonscheduled working day and the employee was on the job on a scheduled working day immediately preceding the effective date, this effective date will not be changed. An employee coming to work during the latter part of a payroll period who is not able to complete an insurance change form should be placed on the appropriate plans on the first [1<sup>st</sup>] day of the following month with employee only coverage, so that the employee life, dental and health will be in effect. Members may add optional coverages within the member's initial thirty [30] day enrollment period to be effective the first [1<sup>st</sup>] day of the month following the date the member enrolled for optional coverages.

(2) Participating entities shall forward members' enrollment information and any changes to enrollment information during the initial enrollment period to the Administrator within ten [10] days after the last day a member may enroll.

(3) If an employee leaves a participating entity and is hired by another participating entity within the following thirty [30] day period, premiums must be forwarded to EGID to avoid a break in coverage.

(4) An enrolled member who terminates employment or is in leave without pay status and whose spouse is also an enrolled employee may transfer coverage to their spouse to be insured as a dependent. The health, dental, vision and basic life may be transferred. The employee's basic life amount will transfer to a dependent spouse amount. If there are dependent children, they must also be insured unless they have other group or qualified individual health insurance.

## Permanent Final Adoptions

(5) An employee that terminates from a participating employer and is hired by another participating employer shall be entitled to be treated as a new employee with new health, dental, vision and life benefit options available. A rehired employee returning to a former employer has new health, dental and vision benefit options only after a thirty [30] day break in coverage and may be subject to orthodontic limitations.

(6) Except as provided by statute, an individual employee may choose not to be enrolled in the health or dental plans or may disenroll from these plans because of other health or group dental coverage or by reason of eligibility for military or Indian health services within thirty [30] days after the date the employee becomes eligible for the other health or group dental coverage. Such employees who subsequently lose the other coverage or eligibility for military or Indian health services may enroll in the corresponding health or dental plans offered through EGID if the election is made no later than thirty [30] days after the date of loss of the other coverage. At the insured's option, in order to avoid a break in coverage and the application of the dental limitation, coverage under this Plan shall become effective on the first [1<sup>st</sup>] day of the month during which the insured actually lost the previous coverage, provided the insured pays the full premium for that month. Otherwise, coverage shall become effective under this Plan on the first [1<sup>st</sup>] day of the month following the election of health and/or dental coverage, and any break in coverage shall result in the application of the HealthChoice dental limitations. Excepted Benefits do not qualify as other health coverage for purposes of this rule.

### **317:150-3-16. Participating entities [NEW]**

(a) **Participation in plans offered by EGID.** Entities electing to participate in the dental, life, vision, or disability plans offered by EGID must participate in one of the authorized health plans, unless the Administrator grants a waiver. Coverage offered by EGID to eligible education employees will also be offered to all elected members of the school board for that entity.

(b) **Enrollment in group term life benefits.** An entity may elect to participate in the group term life coverage offered by EGID. This includes basic and optional supplemental life coverage for the employee and dependent life coverage. Entities electing to participate in the life plan offered by EGID must participate in the health plan, unless the Administrator grants a waiver.

(c) **Non-participating entities in other group plans.** The group plans offered by EGID shall not be offered to any entity which is participating in any other group insurance program, regardless of the percentage or number of employees eligible to enroll, unless the Administrator grants a waiver.

(d) **Right of Board to approve or deny applications for coverage.** EGID shall retain the right to approve or deny any employer group applications for coverage. Upon approval, coverage will become effective at 12:01 a.m. on the first [1<sup>st</sup>] day of the month following the month in which approval is granted unless a subsequent month is requested and approved in advance.

(e) **Coverage without preexisting conditions.** When an entity enrolls all employees of the new entity are covered without penalty for preexisting conditions.

(f) **Enrollment of all individuals presently insured.** Upon the group initial enrollment of an institution of higher education, all individuals presently insured by the institution's previous group health plan may become enrolled. If any such individual does not meet the eligibility requirements of this plan, they are eligible for coverage only for the remaining period of the institution's contractual liability. The institution must provide written proof of its contractual liability at the time of said individual's enrollment.

(g) **Attestation of continuous coverage for retirees.** Upon beginning or reinstating participation in health coverage offered by EGID, the entity must provide EGID with an attestation that retirees over age sixty-five [65] that will gain coverage through EGID have had continuous creditable coverage for prescription drugs (coverage that is at least as good as Medicare's) since the retirees became eligible for Medicare. The entity must provide an accurate list of any retiree over age sixty-five [65] that does not meet this requirement in order for EGID to properly report uncovered months to Medicare.

### **317:150-3-17. Dependents [NEW]**

Eligible dependents may be enrolled by new employees with their coverage effective concurrently with the employee's coverage if the member has signed the insurance change form requesting such coverage within the member's initial thirty [30] day enrollment period. Dependent coverage not elected at that time shall not become available until the next enrollment period. Dependents are not eligible for any coverage in which the member is not enrolled. Exceptions may apply for dependents electing COBRA or Survivor coverage. When one eligible dependent is covered, all eligible dependents must be covered for all elected coverage. The spouse or dependent may elect not to be covered when the spouse or dependent is covered by other corresponding and verifiable health, group dental or vision coverage. The

member can elect not to cover dependents who do not reside with the member, are married, are not financially dependent on the member for support, have other coverage or are eligible for Indian or military health benefits. The spouse may elect not to be covered provided a statement signed by the employee and the spouse is submitted to the Insurance/Benefits Coordinator. Dependent's benefits shall only be covered under one primary insured except in the case of dependent life. Excepted Benefits do not qualify as other coverage for purposes of this rule.

At the insured's option, in order to avoid a break in coverage this Plan shall become effective on the first [1st] day of the month during which the insured actually lost previous coverage, provided the insured pays the full premium for that month. Otherwise, coverage shall become effective under this Plan on the first [1st] day of the month following notice of the loss of other coverage. Excepted Benefits do not qualify as other health coverage for purposes of this rule.

- (6) Provided all other eligibility requirements are satisfied, adopted eligible dependent children, eligible children for which guardianship has been newly granted to the insured or the insured's spouse, or eligible children of which the insured has been newly granted physical custody pending adoption, guardianship, or other legal custody, may be covered from the first [1st] day they are placed in the insured's physical custody, only upon payment of the full monthly premium for that individual, not prorated, and only after written notice has been given to EGID within thirty [30] days after obtaining physical custody. Copies of all documents relating to the matter are also required.
- (7) At the insured's option, coverage for eligible dependent children newly placed in the insured's physical custody may become effective on the first [1st] day of the second month following placement, if written notice is provided within thirty [30] days after the date of placement, or at the next option period as established by EGID.
- (8) In the absence of a court order indicating adoption, guardianship, legal separation or divorce, an insured may apply for coverage on other unmarried children living with the insured provided: (1) the insured submits a copy of his most recent federal income tax return showing the child was listed as the insured's dependent for income tax deduction purposes; and (2) if the last federal income tax form requested above does not list the child, the insured shall be required to provide an Application for Coverage for Other Dependent Children form prescribed by the Plan; and (3) coverage, if approved, shall begin on the first [1st] day of the month following approval, and will never apply retroactively except in the case of a newborn which shall be added the first [1st] of the month of birth; and (4) all other applicable eligibility requirements must be satisfied; and (5) all necessary premiums have been paid. EGID shall have the right to verify the dependent's status, to request copies of the insured's federal income tax returns from time to time, and to discontinue coverage for such dependents if they are found to be ineligible for any reason.

This is discretionary with the employer. Employees should be aware that Title 26 Treasury Regulations, Section 125 of the Internal Revenue Code does not require a cafeteria plan to permit any of these changes.

(c) For all other members not on current employee status or whose employer does not operate his employee benefit plan under a Section 125 plan, the rules for mid-year changes will be subject to the Section 125 guidelines as detailed in Title 26 Treasury Regulations 1.125-4.

Double enrollment, whether it occurs intentionally or by error, shall be deemed void from the inception, and EGID reserves the right to decide which form of single enrollment coverage to allow, whether primary or dependent.

### **317:150-3-25. Basic disclosure plan for HealthChoice Medicare beneficiaries [NEW]**

(a) The following words and terms as defined by EGID, when used in this section, shall have the following meaning: "Medicare beneficiary" means individuals eligible for HealthChoice Medicare plan coverage who are also entitled to Medicare benefits as designated by the United States Social Security Administration.

(b) In order to assure Medicare beneficiaries with an understanding of the medical and pharmacy benefits provided by, and the operation of, the HealthChoice Medicare plans; EGID shall maintain, adopt, and implement a basic disclosure plan for Medicare beneficiaries. This basic disclosure plan includes but is not limited to informational materials such as:

- (1) A Medicare beneficiary benefits handbook providing a summary of medical and pharmacy benefits available under EGID's Medicare HealthChoice plan. Such handbooks shall be updated when material benefits or covered services change, or when reductions occur. A separate notification of material changes will be sent to all Medicare beneficiaries in a timely fashion prior to the updating of the Medicare beneficiary benefits handbook.
- (2) A pre-enrollment package which shall be provided to all plan eligible Medicare beneficiaries. The pre-enrollment package shall, within a reasonable person's determination, be written in clear and understandable language providing the Medicare beneficiary detailed and necessary information upon which to make a selection of coverage for an upcoming plan year.

The plan relies upon the member's representation of eligibility in accepting the enrollment of the family member, and the intentional provision of false evidence or the failure to provide required evidence of eligibility is evidence of fraud and material misrepresentation. The intentional provision of false evidence or the failure to provide evidence of eligibility will result in disenrollment of the individual, which may be retroactive to the date as of which the individual became ineligible for plan coverage, as determined by the plan.

Coverage will then be retroactive to provide continuous coverage. All time limits are mandatory and cannot be waived under any circumstances.

(c) **Responsibility of qualified beneficiary to inform EGID of ineligibility.** It is the responsibility of the qualified beneficiary to provide timely notice if he is not eligible for any reason. Failure to do so will result in cancellation of COBRA insurance coverage, retroactive to the time of ineligibility.

In the event of death, the proceeds of this coverage are payable to the beneficiary listed on the most recently signed beneficiary designation subject to the limitations in Title 15, [15 O.S. §178]. If no beneficiary form is on file at EGID, benefits will be paid to the decedent's estate.

**(b) Unlimited contestability period.** There shall be no time limitation imposed upon EGID, during which coverage based on evidence of insurability submitted to EGID can be contested, if it is found that materially erroneous, false, inaccurate, or misleading information was provided in order to obtain optional or supplemental coverage in excess of any guaranteed amounts of coverage. In the event EGID determines coverage was granted based upon erroneous, false, inaccurate or misleading information, and that such information was material to EGID providing any optional or supplemental coverage, EGID shall extinguish its liability by tendering a refund of premiums paid to the insured or the beneficiary.

### **317:150-5-21. Optional dependent life coverage [NEW]**

Coverage selected in the supplemental life insurance program begins on the first [1<sup>st</sup>] day of the month following the date of employment. Optional coverages not selected within the member's initial enrollment period may be added only during the next enrollment period. Members who waive or do not select supplemental life insurance coverage shall be required to obtain approval of current evidence of insurability to obtain coverage at a later date. Coverage obtained under this provision will be subject to certain additional restrictions as adopted by EGID. Individuals who waived this coverage because they were covered by other group life insurance coverage will be allowed to enroll without being subject to these additional restrictions if they request the coverage in writing and supply proof of the loss of other group coverage within thirty [30] days following the loss of the other group life coverage.

**(c) Changes in levels of coverage.** Increases or reductions in coverage limits (except termination of coverage) are only accepted during the option period. Beneficiary changes may be made at any time, but must be communicated to EGID in writing. ## GIST/ANALYSIS:

Clarify language, eliminate obsolete language, correct omissions and streamline to promote and enhance operations, through removal of inaccurate or redundant verbiage, and to simplify language. This rulemaking action creates new rules for the Oklahoma Health Care Authority related to the administrative operations of the Employees Group Insurance Division; the proposed rules are taken directly from the rules currently in place with the Office of Management and Enterprise Services under Title 260. Senate bill 1310 of the 2024 legislative session moved the Employees Group Insurance Division from the Office of Management and Enterprise Services to the Oklahoma Health Care Authority. These proposed rule changes correct references to the Office of Management and Enterprise Services to accurately reflect the Oklahoma Health Care Authority. Similarly, certain references to a physical address have been updated to a PO Box to allow for continuity in the event that EGID moves its physical address.

## **340:2-39-12. Review and approval process [AMENDED]**

### **(a) Preliminary review and assessment.**

- (1) Upon receipt of a completed application for a proposed research project, a preliminary assessment of the application is performed by ~~the Oklahoma Department of Human Services (OKDHS)~~ Institution Review Board (DHSIRB).
- (2) The preliminary assessment is completed by the chair or the Chair's designee. The assessment determines if the applicant is seeking a full review, an expedited review, or an exemption from review and ensures the provided documentation complies with the pertinent application, per Oklahoma Administrative Code (OAC) 340:2-39-11.
- (3) When the application is incomplete in any way, the Chair or the Chair's designee notifies the applicant and explains any deficiencies. The applicant is invited to re-submit the application with deficiencies corrected.
- (4) When the application is determined to be complete, the Chair or the Chair's designee assigns a unique identifier number to the proposed research project. This number is used in all future correspondence with the applicant and/or investigator.
- (5) When the chair determines the application satisfactorily seeks an expedited review or exemption review, the application and its materials are presented to the Vice-Chair and ~~the a third DHSIRB Office of Client Advocacy member appointed by the Chair~~ for review.
- (6) When the chair determines the application requires a full review, the application and its materials are presented to all DHSIRB members for review and consideration at the next DHSIRB meeting.
- (7) When it is determined that additional information and/or clarification is needed for an application's review, the Chair or the Chair's designee notifies the applicant. The applicant has 90-calendar days to respond.
  - (A) When the applicant does not respond in a satisfactory manner to the request for additional information and/or clarification within 90-calendar days, the DHSIRB notifies the applicant that the application was administratively closed.
  - (B) An application that is administratively closed may not be re-opened; however, a new application may be submitted.

### **(b) Determination that a proposed research project is not human subjects research.**

- (1) When an investigator or researcher submits an application with a request for a determination of not human subjects research, the DHSIRB chair follows the procedures described in (A) and (B) of this paragraph.
  - (A) The Chair convenes a subcommittee consisting of the Chair, the Vice-Chair, and ~~a the Office of Client Advocacy~~ third member appointed by the Chair.
  - (B) The subcommittee reviews completed Form 0AD085E and the principal investigator's justification why the proposed research does not qualify as human subjects research.
    - (i) Based on this review, if the subcommittee determines the proposed research project does not constitute human subjects research, the Chair or the Chair's designee informs the applicant, in writing, of the DHSIRB decision.
    - (ii) When the subcommittee determines that the proposed research project does constitute human subjects research, the Chair or the Chair's designee informs the applicant, in writing, of the DHSIRB subcommittee decision. The applicant is directed to re-submit the application with a request for an exempt, expedited, or full board review.
- (2) DHSIRB members are notified each time a research proposal is determined to not constitute human subjects research. The information is presented electronically or in hard copy format at the earliest possible DHSIRB regular meeting.

(3) If the investigator or researcher disagrees with the DHSIRB decision, a request for reconsideration may be submitted, per OAC 340:2-39-13(c).

**(c) Applications with an exemption request.**

(1) When an investigator or researcher submits an application with a request for recognition that his or her project is exempt from review, the DHSIRB chair follows the procedures in (A) and (B) in this paragraph.

(A) The chair convenes a subcommittee consisting of the Chair, the Vice-Chair, and ~~the Office of Client Advocacy~~ a third member appointed by the Chair.

(B) The subcommittee reviews the completed application and materials supporting the justification why the research project is exempt from review.

(i) Based on this review, if the subcommittee determines that the proposed research project is properly exempt from any review, the Chair or the Chair's designee informs the applicant, in writing, of the DHSIRB decision.

(ii) If the subcommittee determines that the proposed research project is conditionally exempt from DHSIRB review, the subcommittee must also conduct a limited review, per (g) of this Section.

(I) The subcommittee conducts a limited review when the proposed research is of a type described in the federal regulations at Title 45 C.F.R. § 46.104(d)(2)(iii), (d)(3)

(i)(C), (d)(7) or (8).

(II) The subcommittee may conduct a limited review when the subcommittee believes a limited review is necessary in order to protect the privacy of subjects or to maintain the confidentiality of data or to ensure broad consent was properly obtained and documented.

(iii) If the subcommittee determines that the proposed research project is not exempt from a review, the subcommittee proceeds with an expedited review of the project using the procedures in (e) of this Section.

(2) Within 14-calendar days after the DHSIRB action on the exemption request, the Chair or Chair's designee sends a written notification informing the applicant of the determination. The written notification includes:

(A) the unique identifier DHSIRB number;

(B) research name; and

(C) reason(s) the exemption request was approved or denied.

(3) If the investigator or researcher disagrees with the DHSIRB decision, a request for reconsideration may be submitted, per OAC 340:2-39-13(c).

(4) The DHSIRB members are notified each time a research proposal is approved through exemption. The information is presented electronically or in hard copy format at the earliest possible DHSIRB regular meeting.

**(d) Applications with a request for an expedited review.**

(1) When an investigator or researcher submits an application with a request for an expedited review, the DHSIRB Chair follows the procedures described in this paragraph.

(A) The chair convenes a subcommittee consisting of the Chair, Vice-Chair, and ~~the Office of Client Advocacy~~ a third member appointed by the Chair. The subcommittee reviews the completed application and assesses the proposed research project based upon the criteria for an expedited review, per OAC 340:2-39-11(e).

(i) Based on this review, if the subcommittee determines that the proposed research project satisfies the criteria for an expedited review, the subcommittee carries out the proposed project initial review.

(I) The subcommittee may exercise all DHSIRB authorities except disapproving research.

(II) When the subcommittee fails to accept the research project for an expedited review, then the proposed research project is reviewed in accordance with the non-expedited procedures described in (e) of this Section.

(III) A research project may be disapproved only after review in accordance with the non-expedited procedure.

(ii) If the subcommittee determines that the proposed research project does not meet the criteria for an expedited review, the Chair presents the application to the DHSIRB for a non-expedited review at the next scheduled meeting.

(B) The Director may restrict, suspend, terminate, or choose not to authorize the DHSIRB's use of this expedited review procedure.

# Permanent Final Adoptions

---

(2) The DHSIRB members are notified each time a research proposal is approved through the use of this expedited process. Information about each expedited approval is given to the DHSIRB members in a written report of expedited actions. The report is presented in written or electronic form and disseminated to all board members or at the earliest possible DHSIRB regular meeting. DHSIRB members are given an opportunity to review the report of expedited actions. The review must include an opportunity for members to ask questions or raise concerns about any expedited action. A motion to accept or approve the report may be entertained.

**(e) Full review of new research projects, non-exempt, non-expedited.**

(1) **Review at a convened meeting.** Except when an expedited review procedure is used, per (d), the DHSIRB performs an initial review of proposed new research projects at a convened meeting when a quorum is present. In order for the research to be approved, it must receive the approval of a majority of those members present at the meeting.

(2) **Reliance on the written application.** To complete its review, the DHSIRB may choose to rely solely on the written application, including attachments submitted by the applicant.

(3) **Optional review of other information.** In addition to its review of the written application, including attachments, the DHSIRB may also choose to invite:

(A) the primary investigator to provide additional information;

(B) subject matter experts to assist in the review; or

(C) experts and guests to attend the meeting when the review takes place.

(4) **Review criteria.** In order to approve new research covered by this subsection, the DHSIRB determines, per 45 C.F.R. § 46.111 that the requirements in (A) through (G) are satisfied.

(A) Risks to subjects are minimized by using procedures:

(i) consistent with sound research design and that do not unnecessarily expose subjects to risk; and

(ii) already performed on the subjects for diagnostic or treatment purposes, whenever appropriate.

(B) Risks are reasonable in relation to anticipated benefits to subjects, if any, and the importance of the knowledge that may be expected to be gained. In evaluating risks and benefits, DHSIRB considers only those risks and benefits that may result from the research as distinguished from risks and benefits of therapies subjects would receive even if not participating in the research. Per 45 C.F.R. § 46.111(a) (2), DHSIRB does not consider possible long-range effects of applying the knowledge gained in the research.

(C) Selection of subjects is equitable. In making this assessment the DHSIRB takes into account the research purposes and the setting in which the research is conducted. Additionally, the DHSIRB is particularly cognizant of the special problems of research involving subjects who are likely to be vulnerable to coercion or undue influence, such as children, prisoners, economically or educationally disadvantaged persons, or individuals with impaired decision-making capacities.

(D) The proposed research includes a plan to seek informed consent from each prospective participant or the subject's legally authorized representative, per OAC 340:2-39-11.1.

(E) Informed consent is appropriately documented or appropriately waived, per OAC 340:2-39-11.1.

(F) When appropriate, the research plan makes adequate provision for monitoring the data collected to ensure the subjects' safety.

(G) When appropriate, there are adequate provisions to protect the subjects' privacy and maintain the confidentiality of data.

(5) **Additional requirements.** In order to approve new research projects covered by this subsection the DHSIRB reviews the investigator's qualifications to conduct and supervise the proposed research. This process may include:

(A) reviewing the investigators', sub-investigators', and other necessary research staffs' resumes, verifying professional associations and licenses and may include a review of the investigators' previous specific experience as demonstrated by recent presentations or publications;

(B) using previous DHSIRB experience with the investigators; and

(C) requesting additional information confirming the investigators' qualifications from an administrator of the investigators' institutions.

**(f) Review and approval of cooperative research projects.**

(1) Cooperative research projects are those projects that involve the Oklahoma Department of Human Services (DHS) OKDHS as well as one or more additional institutions.

(A) In the conduct of cooperative research projects, DHSIRB and the other institution(s) are responsible for safeguarding the rights and welfare of human subjects.

(B) DHSIRB makes arrangements with the other institution(s) to avoid duplication of efforts.

(C) When a cooperative research project is sponsored by a federal department or agency that is supporting or conducting the research, DHSIRB relies on the federal department or agency to identify the reviewing Institution Review Board (IRB).

(D) Consistent with the federal regulations, per Title 45 C.F.R. § 46.114(b), DHSIRB recognizes that any institution located in the United States (U.S.) engaged in cooperative research must generally rely upon approval by a single IRB for the portion of the research conducted in the U.S., unless:

(i) more than a single IRB review is required by law, including tribal law passed by the official governing body of an American Indian or Alaska Native tribe;

(ii) a federal department or agency supporting or conducting the research determines and documents that the use of a single IRB is not appropriate for the particular context; or

(iii) the cooperative research project does not have a federal sponsor.

(2) When DHSIRB participates with another institution in a cooperative research project that does not have a federal sponsor, DHSIRB seeks to avoid duplication of effort by:

(A) entering into a joint review agreement with the other institution;

(B) relying on the review of the other institution's IRB; or

(C) making similar arrangements for avoiding duplication of effort.

**(g) Limited reviews.**

(1) If the DHSIRB affirms that a research proposal meets the criteria for a conditional exemption from review, per OAC 340:2-39-12(c), the DHSIRB performs a limited review of the proposal.

(2) The scope of the limited review depends on the type of research proposal. The four types of research are in (A) through (D).

(A) Mildly obtrusive interactions research, per 45 C.F.R. § 46.104(d)(2)(iii), is defined as research with features in (i) and (ii) of this subparagraph.

(i) Mildly obtrusive interactions research only includes interactions involving:

(I) educational tests, such as cognitive, diagnostic, aptitude, and achievement tests;

(II) survey procedures;

(III) interview procedures; or

(IV) observation of public behavior, including visual or auditory recording; and

(ii) the information obtained is recorded by the investigator so the human subjects' identity can readily be ascertained, directly or through identifiers linked to the subjects.

(B) Benign behavioral interventions, per 45 C.F.R. § 46.104(d)(3)(i)(C), is defined as research with features in (i) and (ii) of this subparagraph.

(i) Benign behavioral interventions involves interventions in conjunction with the collection of information from an adult subject through verbal or written responses, including data entry, or audiovisual recording if the subject prospectively agrees to the intervention and information collection.

(ii) The information obtained is recorded by the investigator so the identity of the human subjects can readily be ascertained, directly or through identifiers linked to the subjects.

(C) Storage or maintenance for secondary research for which broad consent is required, per 45 C.F.R. § 46.104(d)(7), is defined as research involving the storage or maintenance of identifiable private information or identifiable biospecimens for potential secondary research use.

(D) Secondary research for which broad consent is required, per 45 C.F.R. § 46.104(d)(8), is defined as research involving the use of identifiable private information or identifiable biospecimens for secondary research use, when the conditions in (i) through (iii) are present.

(i) Broad consent for the storage, maintenance, and secondary research use of the identifiable private information or identifiable biospecimens was obtained.

(ii) Documentation of informed consent or waiver of documentation of consent was obtained, per OAC 340:2-39-11.1.

(iii) The investigator does not include returning individual research results to subjects as part of the study plan.

(3) For mildly obtrusive interactions research and for benign behavioral interventions, the DHSIRB review is limited to determining that there are adequate provisions to protect the privacy of subjects and to maintain the confidentiality of data.

# Permanent Final Adoptions

---

(4) For storage or maintenance for secondary research for which broad consent is required, and for secondary research for which broad consent is required, the DHSIRB review is limited to determining that:

(A) broad consent for storage, maintenance, and secondary research use of identifiable private information or identifiable biospecimens is obtained, per OAC 340:2-39-11.1(b);

(B) broad consent is appropriately documented or waiver of documentation is appropriate, per OAC 340:2-39-11.1(d); and

(C) if there is a change made for research purposes in the way the identifiable private information or identifiable biospecimens are stored or maintained, there are adequate provisions to protect the privacy of subjects and to maintain the confidentiality of data.

## (h) Review and approval notification.

(1) **Approval categories.** As a result of the DHSIRB review, each research proposal is assigned to one of the categories in (A) through (E) of this paragraph.

(A) **Not human subjects research.** Proposal determined to not constitute human subjects research. Investigators whose proposals receive this determination may begin work immediately.

(B) **Approved.** Research is approved as submitted. Investigators whose proposals are approved may begin work immediately.

(C) **Conditionally approved.** Research is conditionally approved, but research may not begin until investigators comply with items identified by the DHSIRB for final approval.

(D) **Deferred.** DHSIRB does not have enough information to make a determination. Investigators whose proposals receive a deferral must resubmit the entire application to address the required changes.

(E) **Not approved.** The magnitude and/or number of concerns are such that conditional approval is not appropriate. Investigators whose work is disapproved may not conduct the research or resubmit their proposals.

(2) **Notification required.** The DHSIRB notifies investigators and appropriate managers, supervisors, and directors within DHS in writing of its decision regarding the proposed research activity, including any modifications or conditions required to secure DHSIRB approval of the research activity.

### (A) Approved applications.

(i) At a minimum, the approval letter contains:

(I) the unique identifier DHSIRB number;

(II) the research name;

(III) the date of approval;

(IV) all reviewed and approved DHSIRB documents;

(V) the duration of the approval; and

(VI) circumstances, such as adverse events or closure of the research, for which DHSIRB must be contacted.

(ii) The approval date is the date when the application is approved.

(iii) Continuing review is not required except when there is a good reason for doing so, per OAC 340:2-39-12.2(c).

### (B) Conditionally approved applications.

(i) A letter describing the concerns of the DHSIRB is sent to the investigator. The letter makes it clear the research may not begin until DHSIRB issues a letter of approval.

(ii) Investigators have 90-calendar days from the day they are notified about the conditionally approved research to respond. If a response is not received during this period, investigators must resubmit the entire application.

(iii) To review the investigator's response, the chair convenes a subcommittee consisting of the Chair, the Vice-Chair, and a third ~~the Office of Client Advocacy~~ member appointed by the Chair. The subcommittee reviews the investigator's response for appropriateness.

(iv) The subcommittee makes a determination as to whether the response adequately addresses the DHSIRB concerns.

(v) A DHSIRB final approval letter is sent to the investigator when the response is approved. At that time, the research may begin. The approval date is the date the investigator's response is approved. Continuing review is not required except when there is a good reason for doing so, per OAC 340:2-39-12.2(c).

(C) **Deferred.** A letter describing the determination is sent to the investigator.

(D) **Not approved.** A designation of not approved indicates the magnitude and/or number of concerns is such that conditional approval is not appropriate, as determined by the DHSIRB.

---

# Permanent Final Adoptions

- (i) A letter describing the DHSIRB decision and concerns is sent to the investigator. The investigator is notified of the opportunity to respond to the DHSIRB, in writing or in person, regarding the determination, per OAC 340:2-39-13.
  - (ii) The DHSIRB accomplishes any reconsideration in the same manner as the preliminary review and assessment described in (a) of this Section.
  - (iii) The investigator is not advised to resubmit disapproved research without consulting the DHSIRB.
  - (iv) In the event of a resubmission, the DHSIRB submission is given a new number and addressed as a completely new submission.
- (3) In general, action on all proposals is taken within two months after submission. Investigators are notified, in writing, of the DHSIRB decisions within two weeks of board action.
- (i) **Further reviews by DHS.** Research covered by this Part approved by the DHSIRB may be subject to further appropriate review and approval or disapproval by ~~DHS~~OKDHS officials. However, ~~DHS~~OKDHS officials may not approve the research if it was not approved by the DHSIRB.

### SUBCHAPTER 5. INVESTIGATION OF ADULT PROTECTIVE SERVICES REPORTS

#### 340:5-5-3. Elements of an investigation [AMENDED]

(a) Although the investigation process may vary depending on the initial allegations and other factors, all Adult Protective Services (APS) investigations include (1) through ~~(10)~~(11) of this subsection.

(1) **Law enforcement notification.** Law enforcement is notified of all APS investigations.

(2) **Efforts to locate and notify others.** APS specialists must make every reasonable effort to locate and notify the alleged victim's (AV) caretaker, guardian, and next of kin.

(3) **Visits and interviews with the vulnerable adult.** Per Section 10-105(C)(1)(a) of Title 43A of the Oklahoma Statutes (43A O.S. § 10-105(C)(1)(a)), each APS investigation includes at least one visit and private interview with the vulnerable adult.

(4) **Consultation with others.** The APS specialist interviews other people who have, or can reasonably be expected to have, pertinent knowledge about the AV's circumstances during the investigation, including any alleged perpetrator ~~(AP)~~ of maltreatment. The AV's permission is not required for these contacts.

(5) **Photographs.** The APS specialist may take photographs or video recordings to document injuries to the vulnerable adult or conditions in the adult's residential environment that resulted in, or may result in, an injury or serious harm.

(6) **Other relevant data.** The APS specialist collects data relevant to the situation being investigated including records to arrive at a finding. When the APS specialist is denied access to pertinent records, documentation, or other information relevant to the investigation, Oklahoma Human Services (OKDHS) may petition the court for an order allowing access.

(7) **Determining decision-making capacity.** OKDHS is mandated by 43A O.S. § 10-106(C) to determine a vulnerable adult's risk and needs and the vulnerable adult's capacity to consent to receive services, especially with regard to the need for involuntary services. Each investigation includes an evaluation of the vulnerable adult's decision-making capabilities in personal, medical, and financial management.

(A) The APS specialist's assessment of a vulnerable adult's mental capacity to consent to protective services takes into account the vulnerable adult's awareness of the:

- (i) limitations and deficiencies in the physical environment;
- (ii) vulnerable adult's own physical or mental limitations;
- (iii) resources available to assist in meeting the vulnerable adult's needs; and
- (iv) consequences to the vulnerable adult if nothing is done to improve the situation.

(B) When a vulnerable adult lacks capacity and an imminent risk to health or estate exists, legal intervention may be appropriate.

(8) **Evaluation to determine the need for protective services.** The evaluation consists of the APS specialist's analysis and consultation with the APS specialist IV, or designee, of all evidence gathered during the initial phases of the investigation. The evaluation includes consideration of whether the:

- (A) vulnerable adult needs protective services. When so, the need for protective services is documented to include the least restrictive services to meet the person's needs;
- (B) services that are identified as needed are available through OKDHS or in the community, and the sources and manner in which they can be provided. Options are explored with the vulnerable adult;
- (C) vulnerable adult is capable and willing to obtain services for himself or herself;
- (D) vulnerable adult can pay for needed services or is eligible for public assistance programs;

# Permanent Final Adoptions

---

(F) vulnerable adult wants the services.

(9) **Completion of investigative report.** From the date an APS referral is received, the APS specialist completes ~~the prompt and thorough~~ investigative report ~~within 60-calendar days~~. To complete the investigation, the APS specialist:

- (A) completes necessary interviews and assessments including identification of any immediate service needs;
- (B) completes all final documentation;
- (C) submits a report to the local district attorney;
- (D) submits a report to the court of jurisdiction, when the ~~alleged victim~~ AV is currently under guardianship or conservatorship; and
- (E) makes a determination of substantiated, unsubstantiated, or inconclusive based on the definitions of terms in Oklahoma Administrative Code (OAC) 340:5-1-6.

(10) **Findings.** The APS specialist, in conjunction with the APS specialist IV or designee, makes a final determination of the investigative process on each allegation contained in the APS report. Each allegation is determined to be substantiated, unsubstantiated, or inconclusive and the investigation is documented, per OAC 340:5-5-5.

(11) **Follow-up.** The APS specialist, in consultation with the APS specialist IV or designee, determines needed follow-up in each case.

- (A) On cases not requiring court-ordered involuntary services, follow-up needs are determined on a case-by-case basis.
- (B) For reports that result in a vulnerable adult receiving involuntary services, OKDHS ensures basic needs for safety and security are met as required by the court. The APS specialist monitors the delivery of court-ordered protective services and continues to assess the need for additional services determined by the vulnerable adult's changing needs.

## SUBCHAPTER 7. LONG-TERM CARE INVESTIGATIONS

### 340:5-7-5. Initiating Long-Term Care Investigations [AMENDED]

(2) **Long-Term Care investigative report completion.**

- (A) The long-term care investigator determines within 60-business days of the receipt of the report, if the evidence indicates the report is substantiated, unsubstantiated, or inconclusive, per Oklahoma Administrative Code (OAC) 340:5-1-6. The program manager may extend the case closure date when necessary.
- (B) The findings are sent to state entities with concurrent jurisdiction over the persons or issues identified in the investigation, such as the Oklahoma State Department of Health, local district attorney, Long-Term Care Ombudsman ~~in Aging Services~~, and appropriate state licensure or certification boards, agencies, or registries. - (i) application;
- (ii) reconsideration;
- (iii) Administrative Law Judge hearing; and
- (iv) review by the SSA Appeals Council.

(B) The evaluation of merit determines if the appropriate SSA test for disability would be met if evidence was available to prove all conditions claimed by the TANF recipient. When the evaluation of merit determines there is:

- (i) sufficient evidence, the law firm represents the TANF recipient.
  - (I) Statewide representation consists of assisting the recipient with the application through an unfavorable SSA Appeals Council decision.
  - (II) In counties in which representation by a lawyer or experienced non-lawyer advocate is not available without advance payment, the contracted law firm assists with the pending application for disability through an unfavorable decision by the SSA Appeals Council; or
- (ii) insufficient evidence to prove conditions claimed by the TANF recipient, no further services are provided by DAP. Representation by the law firm ceases at any time the law firm determines there is insufficient evidence to support the TANF recipient's claim for disability benefits.

(7) **Achievement bonuses.** TANF recipients participating in TANF Work are eligible for bonuses related to achievement of certain goals when funding is available. TANF recipients may receive one bonus payment per achievement.

(A) Achievements are completion of a:

## 340:10-3-31. Earned income [AMENDED]

(a) The term earned income refers to monies earned by an individual through the receipt of wages, salary, commission, or profit from activities in which the individual is engaged as self-employed or as an employee. A person is considered self-employed when:

(b) Payments made for accumulated annual leave, vacation leave, sick leave, or as severance pay are considered as earned income whether paid during employment or at termination of employment. (d) Earned income includes in-kind benefits received by an employee from an employer in lieu of wages or in conjunction with wages. An exchange of labor or services, for example, barter, is considered as an in-kind in-kind benefit. Such benefits received in-kind are considered as earned income only when the employee and employer relationship has been established.

- (1) The cash value of the in-kind benefits must be verified by the employer.
- (2) Income from self-employment also includes in-kind benefits for a work activity or service for which the self-employed person ordinarily receives payment in the business enterprise.
- (3) Medical insurance secured through the employer, whether purchased or as a benefit, is not considered in-kind income.

(e) Gross earned income is used to determine eligibility for assistance. Gross earned income is defined as the "true wage" prior to payroll deductions and withholdings. # Permanent Final Adoptions

---

(f) Countable earned income excludes income from:

- (1) capital investments with respect to which the individual is not actively engaged. Dividends and interest on rental properties in the hands of a rental agent with the check forwarded to the recipient is excluded from "earned income;" and
- (2) benefits not in the nature of wages, salary, or profit accruing as compensation or reward for services, or as compensation for lack of employment.

(g) ~~The worker~~ Eligibility staff verifies income by the best available information such as pay stubs presented by the individual or an interview with the employer. ~~The worker~~ Eligibility staff verifies medical insurance which may be available to the employed Temporary Assistance for Needy Families (TANF) recipient and any dependents at the same time that income is verified.

- (1) Pay stubs may only be used for verification if they have the individual's name or social security number indicating that the pay stubs are in fact the individual's wages. The stubs must include the date(s) of the pay period and the amount of income before deductions. If this information is not included, employer verification is required.
- (2) With new employment, it is necessary to verify the beginning date.

- (4) Verified income expected to be received during a future month ~~is considered~~ available to the assistance unit and is counted in determining eligibility for that month.

## 340:10-3-32. Earned income determination [AMENDED]

(a) **Self-employment income determination.** Self-employment income received by an assistance unit member from a self-employment business enterprise he or she owns solely or in part; or from an employer when the assistance unit member is ~~considered~~ self-employed, per Oklahoma Administrative Code (OAC) 340:10-3-31(a), is considered per the procedures listed in (b) of this Section. Other types of self-employment income are listed in (1) through (4) of this subsection.

(1) **Room or board.** When a person:

- (A) rents a room in the client's home, ~~the worker subtracts 25 percent of the gross earned income amount received as a business expense;~~ or
- (B) pays for room and board in the client's home, ~~the worker~~ Adult and Family Services eligibility staff subtracts 50 percent of the gross earned income as a business expense whether the member claims the expense or not.

(2) **Rental property.** Income from rental property is ~~considered~~ earned self-employment income when an outside person or agency does not conduct any of the activities associated with renting the property. When the client does not manage the rental property, it is ~~considered~~ unearned self-employment income. ~~When the client incurs business expenses, such as a mortgage payment, the worker subtracts 50 percent of the client's rental property income as a business expense.~~

(3) **Profit sharing.** Households who operate S corporations, general or limited partnerships, or limited liability companies (LLC), may receive profit sharing that is reported on the household's personal income tax return.

(A) S corporation profit sharing is ~~considered~~ unearned profit-sharing income. Refer to (c)(3) of this Section and OAC 340:10-3-39(c) 340:10-3-39 for information regarding S corporations.

(B) Partnerships are unincorporated businesses with two or more partners. ~~When an assistance unit member is a partner in a business, he or she is considered self-employed and not an employee of the business.~~ Each partner ~~receives~~ may receive a profit share from the business. ~~When a business is considered a:~~ the partner's Schedule K-1 (Form 1065), Partner's Share of Income, includes self-employment income, eligibility staff considers the partner's profit share as self-employment income.

- (i) general partnership or LLC with a member-manager, each partner's share of the business income is shown as self-employment income on his or her federal income tax form; or
- (ii) limited partnership or other LLC member, each partner's share of the business income is shown as self-employment income or unearned profit-sharing income on his or her federal income tax form.

(4) **Home produce.** Any home produce from garden, livestock, and poultry ~~utilized by~~ the client and his or her household uses for their consumption is not considered in determining the Temporary Assistance for Needy Families (TANF) benefit amount. Any home produce sold to others is ~~considered as~~ self-employment income.

(b) **Self-employment income procedures.** Self-employment income that represents the assistance unit member's annual support is prorated over a 12-month period, even when the income is received in a shorter time period. The worker eligibility staff uses the gross self-employment shown on the person's most recent federal tax return, when filed, or computes the member's gross self-employment income from the member's business or employer records. ~~When the member claimed business expenses, the worker eligibility staff subtracts 50 percent of the member's gross self-employment income as business expenses, whether the member claims the expense or not,~~ and divides the remaining income by the number of months to be averaged to arrive at the member's net monthly self-employment income.

(1) **New income source.** When self-employment income is received for less than a year, the income must be averaged over the time period received and the monthly income projected for the coming year.

(2) **Averaged over time period received.** When there is insufficient data to make a reasonable income projection from this income source, ~~the worker eligibility staff~~ does not consider income from this source until the six-month renewal. At renewal, ~~the worker eligibility staff~~ averages the income over the number of months received until a full year's data information is available.

(3) **Annualized self-employment.** Eligibility staff prorates self-employment income based on how frequently income is received and the period it is intended to cover.

(A) When the income is periodic but intended to support the assistance unit member for the entire year, staff averages the income over a 12-month period.

(B) When the income is for a shorter, specific period but is not intended as the member's annual support, staff prorates the income over actual months received.

~~(4) Substantial increase or decrease in income.~~ When the assistance unit member experiences a substantial increase or decrease in income, ~~the worker eligibility staff~~ does not use prior self-employment income, such as income tax returns, to calculate anticipated self-employment income. Instead, ~~the worker eligibility staff~~ only uses the self-employment income that can reasonably be anticipated to project future earnings.

(c) **Earned income from sources other than self-employment.**

(1) **Earned income from wages, salary, or commission.** When the income is from wages, salary, commission, or contract employment, the earned income is the gross income prior to payroll deductions and withholdings. Money from the sale of whole blood or blood plasma is also ~~considered as~~ earned income.

(2) **Earned income from work and training programs.**

(A) **Workforce Innovation and Opportunity Act (WIOA) of 2014.** Per Section 181 of WIOA, earned income from WIOA is exempt.

(B) **On-the-job training (OJT).** Earned income from OJT is considered as any other earned income.

(3) **S corporations.** When an assistance unit member is a shareholder in an S corporation, he or she may receive profits from the business ~~in three ways~~; as a salary, as a profit share of the business, or as salary and a profit share of the business. Salaries and profit share of the business are reported on the household member's personal income tax return. Salary income is ~~considered as~~ earned income, and profit share income is ~~considered as~~ unearned income.

(d) **Earned income determination.** TANF cash assistance benefit amount is determined based on actual gross income received in the current or past month, when known, and the best estimate of anticipated gross income for future months.

(1) **Income verification.** When income verification is needed, ~~the worker eligibility staff~~ gives or sends Form 08AD092E, Client Contact and Information Request, to the client specifying the income verification needed and gives the client at least 10-calendar days to provide the verification.

(A) When an application includes a past month, ~~the worker eligibility staff~~ obtains actual income, when available, to determine income eligibility for the application month.

~~(B) Once~~ When the client provides acceptable verification, no further information is required unless a change occurs or the renewal is due.

(C) When the client reports new employment and has not received representative pay yet, ~~the worker eligibility staff~~ determines the best estimate from information provided by the client and the employer.

(2) **Varying income.** When the assistance unit member receives income in varying amounts, ~~the worker eligibility staff~~ averages the most recent 30-calendar days of income to anticipate income for future months unless the:

(A) member starts new employment and paystubs are not available. When pay stubs are not available, ~~the worker eligibility staff~~ contacts the employer to obtain the member's hourly wage, anticipated weekly hours, and pay frequency;

# Permanent Final Adoptions

---

(B) hourly wage changes. ~~The worker~~ Eligibility staff obtains a paystub(s) that shows the member's new hourly rate, uses the past 30-calendar days of paystubs to average the member's weekly hours, and multiplies the hours by the new pay rate to anticipate income. When a paystub showing the new hourly rate is not available, ~~the worker~~ eligibility staff contacts the employer to verify the new hourly rate;

(C) member's work hours change. When paystubs are not available, ~~the worker~~ eligibility staff contacts the employer to verify the increase or decrease in hours. The worker multiplies the new hours by the hourly wage to anticipate the member's new earnings;

(D) member obtains a second job. ~~The worker~~ Eligibility staff averages the client's first 30-calendar days of paystubs from the second job, when available, or contacts the employer to obtain the member's hourly wage, anticipated weekly hours, and frequency of pay. ~~The worker~~ Eligibility staff computes the monthly earnings from each job separately and then adds the earnings together for the total month's gross earnings; or

(E) paystubs are not representative of the normal circumstances. In this instance, ~~the worker~~ eligibility staff only uses the representative paystubs to anticipate future income.

(3) **Income conversion to monthly amount.** When the assistance unit member receives income more often than monthly, ~~the worker~~ eligibility staff converts the income to a monthly amount as described in (A) - (D) of this paragraph. Income received:

(A) on a daily basis is converted to a weekly amount, then multiplied by 4.3;

(B) weekly is multiplied by 4.3;

(C) twice a month is multiplied by 2; or

(D) every two weeks is multiplied by 2.15.

(e) **Benefit changes.** The client ~~is responsible for reporting~~ must report income changes within 10-calendar days of when the change takes place. ~~The worker is responsible for taking timely action~~ Eligibility staff must act within 10-calendar days of the date the client reports the change. All client notices must include the timely reporting requirement.

(1) The TANF cash assistance benefit may be closed based on actual or anticipated earnings when the assistance unit's net income is over the payment standard, per Oklahoma Human Services Appendix C-1, Schedule IX. To determine net income, ~~the worker~~ eligibility staff subtracts the earned income disregard, when applicable, per OAC 340:10-3-31.1 and the earned income exemptions, per OAC 340:10-3-33, from gross earned income.

(2) The TANF benefit may be reopened due to administrative error, per OAC 340:65-5-6, when the client reports within 30-calendar days of the effective closure date that the anticipated income was not received or was less than expected and did not cause ineligibility.

## PART 5. ASSISTANCE PAYMENTS

### 340:10-3-57. Special considerations [AMENDED]

(a) **Parent receiving or applying for State Supplemental Payment (SSP) for the aged, blind, or disabled.** ~~A Oklahoma Human Services (OKDHS) Adult and Family Services (AFS) staff must not concurrently include a person~~ must not concurrently be included in a Temporary Assistance for Needy Families (TANF) assistance unit and SSP for the same month. The person may be ~~included~~ in the TANF assistance unit while an application is pending for SSP or Supplemental Security Income (SSI) when all eligibility requirements are met.

(1) When a parent lives in the home, receives SSP, and is not ~~included~~ in the TANF benefit, ~~the worker~~ eligibility staff does not consider the parent's income or resources as available to the TANF assistance unit.

(2) When a parent becomes ineligible for SSP and does not receive SSI, ~~the worker~~ eligibility staff considers the parent's income, resources, and deprivation status in determining TANF eligibility for the assistance unit and the parent.

(A) When adding the parent and his or her income causes the TANF assistance unit to be over income per ~~Oklahoma Human Services (OKDHS)~~ OKDHS Appendix C-1, Maximum Income, Resource, and Payment Standards, Schedule IX, ~~the worker~~ eligibility staff closes the TANF and medical benefit.

(B) When the parent's SSP benefit closed because of an overall Social Security increase, ~~and staff may not add the parent~~ cannot be added to the TANF benefit, ~~the worker~~ Eligibility staff places the SSP benefit in Special Medical Status.

(3) When a parent becomes ineligible to receive SSP but continues to receive SSI, ~~the worker~~ eligibility staff does not consider the parent's income or resources as available to the TANF assistance unit. The parent must complete a separate SoonerCare (Medicaid) application to continue receiving medical benefits.

## Permanent Final Adoptions

(b) **Concurrent receipt of TANF and SSI.** ~~A~~Eligibility staff must not concurrently include a person must not concurrently be included in a TANF benefit ~~and receive~~who receives an SSI payment for the same month. When a person included in a TANF application or an active TANF benefit meets the eligibility conditions for TANF and SSI, the person may choose to have eligibility determined for TANF or SSI benefits. The payee must inform OKDHS ~~Adult and Family Services (AFS) worker~~AFS eligibility staff when any member of the assistance unit makes application for, or becomes eligible to receive, SSI. When the payee or a member of the assistance unit makes an application for SSI, the payee must inform the Social Security Administration (SSA) of TANF receipt.

(1) When the only dependent child(ren) receives SSI, the natural or adoptive parent(s) or needy caretaker relative may receive an adult-only TANF benefit when all other eligibility factors are met.

(2) When a TANF applicant is also an SSI applicant, he or she may be ~~included~~ in the TANF benefit, when eligible, until notified of SSI eligibility.

(3) When a TANF recipient is an SSI applicant, SSA notifies OKDHS of SSI eligibility to coordinate closure of the person's TANF benefit and approval of SSI and requests the amount of TANF benefits paid for each month of SSI eligibility. When the actual closure date is later than the date given orally to SSA, TANF payments to SSI recipients are TANF overpayments ~~and that~~ must be recouped, per Oklahoma Administrative Code (OAC) 340:65-9.

(4) When a TANF recipient is determined ineligible for SSI, the person may continue ~~to be included~~ in the TANF assistance unit when all other conditions of eligibility are met.

(5) When a TANF recipient is determined ineligible for SSI for reasons other than a disability determination, the person may be ~~included~~ in a SSP cash assistance benefit instead of TANF, when determined disabled by the Oklahoma Health Care Authority (OHCA) Level of Care Evaluation Unit (~~LOCEU~~), per OAC 317:35-5-4(1)(D).

(c) **Concurrent receipt of state and tribal TANF.** ~~A~~Eligibility staff must not concurrently include a person must not be concurrently included in a tribal TANF payment and a state approved TANF benefit in the same month. When the person meets the criteria of a tribal TANF service area and population, the entire assistance unit must be served by tribal TANF. When the household moves out of the tribe's service area, ~~the worker~~eligibility staff coordinates certification of state TANF benefits.

(d) **Concurrent receipt of TANF in more than one state.** A person must not ~~be included in~~receive a TANF benefit ~~in from~~ Oklahoma and another state for the same month.

(e) **Stepparent, needy caretaker's spouse, person acting in the role of a spouse, or parent(s) of a minor parent.** ~~The natural or adoptive parent's income is available to the TANF assistance unit, and the worker does not divert income to meet the needs of the stepparent or other dependents in the home. The worker does not count any income when the stepparent, needy caretaker's spouse, person acting in the role of a spouse, parent(s) of a minor parent, or his or her dependent is an SSI recipient.~~

~~(f)~~**Stepparent or spouse of needy caretaker income.** When a stepparent or the needy caretaker's spouse lives in the home with the child(ren) applying for or receiving TANF, ~~the worker~~eligibility staff counts a portion of his or her verified gross earned and unearned income, after all applicable TANF income disregards and work-related expenses are subtracted, as income available to the assistance unit. To determine the amount to consider, ~~the worker~~eligibility staff:

~~(A)~~(1) subtracts the work-related expense, one-half of the remaining gross earned income, and any dependent care expense from the stepparent's or spouse of a needy caretaker's earned income per OAC 340:10-3-33;

~~(B)~~(2) adds the net earned income to the gross unearned income of the stepparent or the spouse of a needy caretaker;

~~(C)~~(3) subtracts the need standard for the appropriate number of persons per OKDHS Appendix C-1, Maximum Income, Resource, and Payment Standards, Schedule IX.A. The need standard includes:

~~(i)~~(A) the stepparent or needy caretaker's spouse; and

~~(ii)~~(B) any dependents not included in the assistance unit but who:

~~(i)~~(i) live in the home; and

~~(ii)~~(ii) can be claimed on the personal income taxes of the stepparent or needy caretaker's spouse; and

~~(D)~~(4) subtracts the verified alimony and child support payments to persons outside of the household to arrive at the stepparent's contribution to the assistance unit; and

~~(E)~~(5) adds the contribution of the stepparent or spouse of a needy caretaker's to all other gross income of persons included in the TANF assistance unit to determine eligibility.

~~(2)~~(f) **Stepparent or spouse of a needy caretaker resources.** ~~The worker~~Eligibility staff does not consider resources owned exclusively by the stepparent or spouse of a needy caretaker to determine the assistance unit's resource eligibility but does consider the assistance unit's share of resources owned jointly with the stepparent or spouse of a needy caretaker.

~~(3) Person acting in the role of a spouse.~~ The worker must count the income of a person acting in the role of a spouse who lives in the home with the natural or adoptive parent who does not receive a TANF benefit on another case.

(A) For the purpose of this rule, a person is acting in the role of a spouse when one or both of these factors exist:

- (i) the parent and the person represent themselves to be a couple; or
- (ii) have a physical relationship with each other.

(B) When the client states the conditions in (A) of this paragraph do not exist, factors that may indicate the person is acting in the role of a spouse include, when he or she:

- (i) assists in parenting the child(ren), such as exercising responsibility for the child(ren); providing day-to-day care, physical care, and guidance for the child(ren);
- (ii) provides financial support for the family beyond his or her own pro rata share of the household expenses;
- (iii) shares joint bank accounts or real property ownership with the parent; or
- (iv) files a joint tax return with the parent.

(C) The worker computes the income of this person the same as stepparent income, per (1) of this Subsection. (D) When the parent or the person acting in the role of a spouse fails to provide information necessary to determine income eligibility, the worker denies the application or closes the cash assistance. The income of non-relative adults may be excluded when the adults have separate living quarters and demonstrate no characteristics of a person acting in the role of spouse.

~~(4)(g) Parent(s) of a minor parent.~~ When a minor parent lives with his or her natural or adoptive parent(s) and the needs of the parent(s) are not included in the assistance unit, the:

~~(A)(1)~~ parent's income is available to the assistance unit and computed the same as stepparent income, per ~~(+)(e)~~ of this ~~Subsection~~Section. The parent of the minor parent may or may not be designated as the substitute payee for the assistance unit; and

~~(B)(2)~~ income of a minor parent's stepparent is not considered.

~~(f)(h) Allocating or diverting income.~~ When family members are not included in the assistance unit, ~~the worker~~eligibility staff follows these rules to determine the income available to the assistance unit.

(1) Income received by a person included in the assistance unit is not allocated or diverted to persons who are not in the assistance unit. All countable unearned and earned income of the person is considered available to the assistance unit.

(2) The Eligibility staff includes the net income of an alien parent excluded from the benefit because the citizenship or alienage requirement is not met is considered the same as stepparent income, per ~~(e)(+)(e)~~ of this Section. The Eligibility staff does not include the income of disqualified alien siblings is not considered when determining eligibility of an otherwise eligible child(ren).

(3) The Eligibility staff includes the net income of a fugitive felon who has been excluded from the benefit is considered and uses the same as the stepparent income procedures, per (e)(+)(e) of this Section, to determine the countable amount.

~~(g)(i) Benefit reduction as a result of program violation.~~ The TANF benefit is reduced by 25 percent of the payment standard when a determination of program violation is made. The 25 percent penalty is removed the next effective date when compliance is documented or the penalty time period ends. When multiple types of program violations occur, a 25 percent penalty of the payment standard is imposed for each type of violation. When the benefit reduction causes existing income to ~~be in excess of~~exceed the benefit amount, the case is closed using the reason for the benefit reduction. The amount of the payment standard reduction applies as Food Stamp Penalty Income (FSPI) in the Supplemental Nutrition Assistance Program (SNAP) per OAC 340:50-7-29(c)(1)(A). Reasons for benefit reduction are:

- (1) refusal to cooperate in an effort to obtain child support per OAC 340:10-10-5(c);
- (2) failure to apply for or provide a Social Security number per OAC 340:10-12-1;
- (3) failure of a child(ren) in kindergarten to 18 years of age to attend school per OAC 340:10-13-1;
- (4) failure to provide verification of child(ren) immunizations per OAC 340:10-14-1; and

~~(h)~~(j). **Benefit reduction penalty resulting from use of the TANF benefit in a prohibited business.** Per Section 608(a)(12) of Title 42 of the United States Code and Section 241.4 of Title 56 of Oklahoma Statutes, TANF recipients must not use a debit or electronic benefit transfer (EBT) card containing TANF cash assistance in prohibited businesses. Refer to OAC 340:10-1-3(13) for a list of prohibited businesses and the definition of an EBT transaction.

(1) When the parent or caretaker has violated provisions per OAC ~~340:10-1-3(13)~~340:10-1-3(h), the ~~worker eligibility staff~~ reduces the TANF cash assistance payment standard by:

- (A) 25 percent for three months for the first violation;
- (B) 35 percent for six months for the second violation;
- (C) 50 percent for 12 months for the third violation; and
- (D) permanently by deeming the parent or needy caretaker ineligible for TANF benefits for subsequent violations.

(2) When the parent or needy caretaker is permanently ~~deemed~~ineligible to receive TANF cash assistance for this reason and all other factors of eligibility are met, he or she may receive child-only benefits. The ineligible parent's earned and unearned income ~~is considered~~counts in its entirety.

(3) The amount of the penalty reduction applies as FSPI for SNAP per OAC 340:50-7-29(c)(1)(A).

~~(i)~~(k). **TANF eligibility when the child(ren) is placed in out-of-home care.** When Child Welfare Services (CWS) staff removes the child(ren) from the home and reasonably anticipates the child(ren) will return home within four months, the natural or adoptive parent or needy caretaker relative may continue ~~to be eligible~~ to receive an adult-only TANF benefit per OAC 340:10-3-56(a)(2)(B)(ii). The adult remains eligible when all other conditions of eligibility are met unless the child(ren) is placed with a relative requesting needy caretaker benefits. The child(ren) must be removed from the TANF benefit effective the next advance notice deadline date per Appendix B-2, Deadlines for Case Actions.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 15, 2025:**

### **SUBCHAPTER 3. SUPPLEMENTAL SECURITY INCOME-DISABLED CHILDREN'S PROGRAM CHILDREN AND YOUTH WITH SPECIAL HEALTH CARE NEEDS (CYSHCN) [AMENDED]**

#### **340:15-3-1. Eligibility and available services [AMENDED]**

(a) ~~Supplemental Security Income-Disabled Children's Program (SSI-DCP)~~Children and Youth with Special Health Care Needs (CYSHCN). ~~SSI-DCP is established, per~~ Sections 504 and 1615 of the Social Security Act, Sections 704 and 1382d of Title 42 of the United States Code, ~~SSI-DCP, and~~ Section 175.5 of Title 10 of the Oklahoma Statutes, CYSHCN is a ~~federally-funded~~federally funded social services program for children with special health care needs; and is supported by the Maternal and Child Health Services Title V Block Grant. ~~Pursuant to Section 175.5 of Title 10 of the Oklahoma Statutes, Oklahoma Human Services (OKDHS) administers the Children with Special Health Care Needs Program, and Adult and Family Services (AFS) oversees SSI-DCP.~~

(1) ~~AFS Health Related and Medical Services (HR&MS) staff pre-approves SSI-DCP services and equipment except supplemental formula. AFS HR&MS staff considers many factors in deciding which services or equipment to approve including, but not limited to:~~

- (A) the child's needs;
- (B) the availability of other resources;
- (C) whether the child is in a stable or temporary living situation;
- (D) the cost of the service or equipment; and
- (E) the availability of funding.

(2) ~~A third party service provider accepts the service request, determines eligibility, and provides supplemental formula. AFS HR&MS oversees this provider through the contracting process.~~

(b) **Eligibility.** Any child from birth to 18 years of age may be eligible for ~~SSI-DCP~~CYSHCN services when the child receives ~~ana~~ Supplemental Security Income (SSI) payment or has a special health care need. The Social Security Administration (SSA) establishes financial and medical eligibility for the SSI disability payment. When the child becomes 18 years of age, he or she is no longer eligible for ~~SSI-DCP~~CYSHCN services. The service provider and Health Related and Medical Services (HR&MS) staff considers many factors in deciding which services or equipment to approve including, but not limited to:

- (1) the child's needs;
- (2) the availability of other resources;
- (3) whether the child is in a stable or temporary living situation;
- (4) the cost of the service or equipment; and
- (5) the availability of funding.

(c) **Child in OKDHS custody.** ~~When a child is in OKDHS custody and OKDHS retains the child's SSI, the child's SSI is used to pay for needed services and equipment prior to accessing SSI-DCP funds.~~

(d) **Service plan.** ~~Except for supplemental formula and when~~ When the child does not have a current service plan with another program within Oklahoma Human Services (OKDHS) or another agency, such as early intervention services through SoonerStart or special education services through the local public school, ~~the AFS worker~~HR&MS staff completes a service plan prior to providing ~~SSI-DCP~~ services to the child.

(1) ~~The AFS worker~~HR&MS staff interviews the parent, guardian, or caretaker by phone, in the office, or during a scheduled home visit to complete Form 08MA017E, ~~SSI-DCP~~CYSHCN Service Plan. The service plan is reviewed yearly. ~~When the child receives State Supplemental Payment, the AFS worker completes Form 08MA017E in conjunction with the eligibility renewal.~~

# Permanent Final Adoptions

(2) When the child receives services from another agency that requires a current social service plan, such as early intervention services through SoonerStart or special education services through the local public school, the SSI-DCP service plan is not necessary.

(3) Within OKDHS, the child may receive services from Child Welfare Services (CWS), Developmental Disabilities Services (DDS), or Aging Services (AS) for State Plan Personal Care. When a child is in OKDHS custody and OKDHS retains the child's SSI, the child's SSI is used to pay for needed services and equipment prior to accessing CYSHCN funds. When applicable, the ~~AFS worker/provider~~ collaborates with CWS or DDS to:

(A) address the child's current and future social service needs; and

(B) avoid ~~duplication in providing~~ duplicative services.

~~(c)~~ **(d) Services.** SSI-DCPCYSHCN provides funding for the services and equipment described in (1) and (2) of this subsection. The parent, guardian, or caretaker requests interaction and integration services through an AFS worker and equipment through the provider. A third-party service provider handles supplemental formula requests. When a service provider is responsible for providing the service and the parent, guardian, or caretaker contacts an An Adult and Family Services (AFS) worker, the worker provides the provider's contact information when requested. A third-party service provider accepts the request for professional services and adaptive equipment, pre-approves services and equipment, and delivers any equipment or formula. Due to budget constraints, services are available as a temporary supplement on a short-term basis.

(1) **Formula.** A health care professional provides a prescription naming the brand of formula the child needs for oral consumption. The parent, guardian, or caretaker must provide an updated prescription each year.

(2) ~~Interaction and integration~~ **Professional services.** Non-medical services aimed at strengthening the child physically or mentally; providing opportunities for social interaction; or assisting with mobility may be approved when recommended by an education or health care professional and the recommendation clearly defines the goals and objectives for the child. Examples of such services include, but are not limited to;

(A) ~~swimming or~~;

(B) horseback riding lessons;;

(C) sports activities;; or

(D) a health club membership. ~~Due to budget constraints, services are available as a temporary supplement on a short-term basis.~~

~~(f)~~ **(3) Equipment** **Adaptive equipment.** Equipment approved through SSI-DCPCYSHCN is used to aid the child in accessibility or mobility. Equipment available through SSI-DCP is pre-approved by AFS HR&MS staff. Available equipment that may be approved is described in (1) and (2) of this subsection. The parent, guardian, or caretaker provides a written recommendation from an education or health care professional with knowledge concerning the child's equipment needs. HR&MS Service provider staff does not approve requests for equipment the child can obtain through other sources, such as SoonerCare (Medicaid) or through the child's school.

Examples of adaptive equipment include, but are not limited to:

(B) portable ramps;

(C) adaptive utensils; and

(D) communication mechanisms.

(1) **Developmental aid.** A developmental aid is any device or equipment adapted to meet the needs of a child with disabilities. An education or healthcare professional provides a written explanation concerning the goals and objectives this developmental aid meets before it is approved. Educational or classroom devices, equipment, or supplies not adapted for the child's needs are not in the scope of the program.

(2) **Van lifts.** Van lifts are devices used for vehicular transportation of wheelchairs. Van lifts may be approved when needed to transport a child in a wheelchair. A van lift is not approved for a child in OKDHS or tribal custody or in the DDS Home and Community-Based Waiver Program. Modifications to the van are not approved.

(A) The parent, guardian, or caretaker must own the van as verified by title registration and license verification, and the van must be in operating condition.

(B) The family provides estimates from two van lift dealers who employ certified van lift installation technicians.

(C) When the request is approved, HR&MS staff contacts the family and approved vendor to arrange van lift installation.

(D) Only a certified van lift specialist is approved to install the van lift and the van lift must have factory and dealership warranties equal to the private purchase warranty.

# Permanent Final Adoptions

---

(E) HR&MS staff does not approve replacement of a van lift within 10 years of the purchase date.

(F) SSI-DCP staff does not pay for van or van lift repairs not purchased with SSI-DCP funds.

~~(g)~~(e). **Exclusions.** Items or supplies not in the scope of ~~SSI-DCP~~CYSHCN are not approved. Examples of excluded items or supplies include, but are not limited to:

- (1) learning programs;
- (2) psychological programs;
- (3) books;
- (4) video or audio tapes;
- (5) paper, pencils, or art supplies;
- (6) computers, tablet computers, or computer software;
- (7) televisions; and
- (8) video games.

~~(h)~~ **Purchasing procedures.** SSI-DCP orders are processed through AFS HR&MS. Purchased equipment is shipped to the local OKDHS office.

~~(i)~~ **SSI-DCP notices.** When an SSI-DCP request is denied, AFS HR&MS staff sends Form 08MP038E, Client Notice of Action Taken, to inform the child's parent, guardian, or caretaker the item is not approved for purchase through SSI-DCP funding. The family may request a fair hearing by completing Form 13MP001E, Request for a Fair Hearing, within 30-calendar days from the issuance date of Form 08MP038E.

~~(j)~~(f). **Respite Voucher Program.** The Respite Voucher Program provides financial assistance in the form of vouchers to families to pay for respite care. When the family appears eligible for the Respite Voucher Program, the worker gives the client Form 08RV001E, Respite Voucher Application for Children and Youth With Special Health Care Needs, to complete. AFS HR&MS determines eligibility for this Respite Voucher. When funding is not available through HR&MS, the worker advises the family to call a designated number to request a respite voucher application from Sooner SUCCESS for the Lifespan Respite Grant Voucher Program. ~~SSI-DCP~~CYSHCN, other OKDHS programs, and certain public and private agencies provide funding to the Respite Voucher Program.

- (1) The caregiver is the person who provides ongoing care for the child. He or she may be a parent, grandparent, other relative, or non-relative.
- (2) When respite care is approved the respite provider must be at least 18 years of age. Respite care is not:
  - (A) designed to pay for ongoing care, such as child care, therapy, in-home assistance, housekeeping, or home health services; and
  - (B) provided by a member of the child's household.

~~(g)~~ **Phenylketonuria (PKU).** Persons younger than 21 years of age who are diagnosed with the genetic disorder PKU may receive assistance for specialized formula supplements through CYSHCN funds when they do not qualify for SoonerCare (Medicaid). SoonerCare (Medicaid) recipients are automatically entitled to access the supplements through their SoonerCare (Medicaid) coverage. The AFS worker establishes eligibility.

~~(h)~~ **CYSHCN notices.** When a CYSHCN request is denied, the service provider notifies AFS HR&MS staff of the denial. HR&MS staff sends Form 08MP038E, Client Notice of Action Taken, to inform the child's parent, guardian, or caretaker the item is not approved for purchase through CYSHCN funding. The family may request a fair hearing by completing Form 13MP001E, Request for a Fair Hearing, within 30-calendar days from the issuance date of Form 08MP038E.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 15, 2025:

## SUBCHAPTER 1. LOW INCOME HOME ENERGY ASSISTANCE PROGRAM

### 340:20-1-4. Coordination and outreach [AMENDED]

(a) **Coordination with ~~Indian~~ Native American tribes.** ~~Some, but not all,~~ Oklahoma ~~Indian~~ Native American tribes may receive federal funds to operate their own Low Income Home Energy Assistance Program (LIHEAP), per Section 8623 of Title 42 of the United States Code (42 U.S.C. § 8623). Tribes may choose to use their funds for one assistance payment per household or through multiple application periods throughout the federal fiscal year that runs from October through September each year.

(1) Oklahoma Human Services (OKDHS) and participating tribes share information regarding tribal member's receipt of LIHEAP to prevent assistance duplication.

(2) Tribal members are not eligible to receive energy assistance from their tribe and OKDHS for the same component in the same federal fiscal year.

(3) When a tribal member applies for LIHEAP through OKDHS, ~~LIHEAP~~ Energy Assistance (EA) eligibility staff treats the person's eligibility in the same manner as any other household when the person is a member of a tribe that:

(A) does not operate its own LIHEAP; or

(B) operates its own LIHEAP, but the person has not applied to the tribe for energy assistance.

(4) When a tribal member applies for OKDHS LIHEAP and ~~it is determined~~ EA eligibility staff determines that a household member received energy assistance from a tribal LIHEAP program for the same component in the same federal fiscal year, ~~LIHEAP~~ EA eligibility staff denies the application.

(5) When a tribal member approved for OKDHS LIHEAP later applies for tribal LIHEAP for the same component in the same federal fiscal year, the tribe denies ~~it's~~ the application unless the tribal member requests that OKDHS cancel its certification before payment is made.

(b) **Coordination with utility suppliers.** OKDHS ~~LIHEAP Unit~~ staff ~~are responsible for familiarizing~~ familiarizes utility suppliers with LIHEAP regulations, per 42 U.S.C. § 8624. During ~~the~~ an Energy Crisis Assistance Program, ~~centralized LIHEAP~~ EA staff ~~must coordinate~~ coordinates with utility suppliers to pledge payment and ensure fuel is delivered ~~in a timely manner~~ to settle the energy crisis.

(c) **Coordination with other OKDHS programs.** LIHEAP payments ~~are disregarded in~~ do not count as income for all OKDHS programs. LIHEAP coordinates with other Adult and Family Services income support programs, such as Temporary Assistance for Needy Families (TANF), TANF flex funds, and State Supplemental Payment. When the household's need is for primary home energy, it is met through LIHEAP when LIHEAP funds are available. TANF flex funds are used for emergency needs that LIHEAP does not cover.

(d) **Outreach.** OKDHS provides information and presentations regarding LIHEAP to interested persons and community agencies, per 42 U.S.C. § 8624. OKDHS collaborates with local Community Action agencies to offer energy efficient workshops and coordinate energy assessments on LIHEAP households' homes to evaluate what may be done to lower energy costs. Some utility suppliers enroll LIHEAP clients in discount rates for their main heating and cooling energy sources.

### 340:20-1-10. Program factors [AMENDED]

(a) **Home energy.** For the Low Income Home Energy Assistance Program (LIHEAP), home energy means a household's source of energy used to heat or cool a residential dwelling, per Section 8622(6) of Title 42 of the United States Code (42 U.S.C. § 8622(6)).

(b) **Main energy source.**

(1) The main energy source used to heat the home is approved during the winter heating application period. The main energy source may be electricity, natural gas, propane, kerosene, firewood, coal, butane, or heating oil. When the household uses a generator to heat the home, the generator may use natural gas, propane, or gasoline.

(2) The main energy source used to cool the home is approved during the summer cooling application period. In most instances, the main cooling source is electricity. When the household uses a generator to cool the home, the generator may use natural gas, propane, or gasoline.

---

## Permanent Final Adoptions

(3) During an Energy Crisis Assistance Program (ECAP) application period or a life-threatening situation, the household must choose the heating or cooling energy source that resolves the energy crisis.

(c) **Household.** Household means any person or group of persons who are living together as one economic unit and for whom residential energy is customarily purchased in common, or who make undesignated payments for energy in the form of rent, per 42 U.S.C. § 8622(5).

(1) The income and resources of all household members is considered, per Oklahoma Administrative Code (OAC) 340:20-1-11 procedures, even when one or more household members is not eligible to be included in the benefit, per (d) or (h)(5) of this Section.

(2) Refer to OAC 340:20-1-4 when one or more household members is a member of a tribe operating its own LIHEAP.

A boarder is a person who lives in temporary housing, such as halfway house or group home, a commercial boarding house, or with another household who furnishes lodging and meals to the person in exchange for a reasonable monthly payment for board. When the household states there is a roomer or boarder living in the home, the person may be considered as a separate household only when:

(A) he or she is not related to the household; and

(B) there is a written lease or roommate agreement that contains a clause stating he or she is responsible for a specific portion of the utility bills.

(4) There is one authorization per household for each ~~heating or cooling application~~ application-based assistance period.

(d) **Citizenship and alien status.** Per Section 71 of Title 56 and Section 20j of Title 74 of the Oklahoma Statutes, all persons 14 years of age and older must declare if they are residing in the United States (U.S.) lawfully and may be required to sign Form 08MP005E, Citizenship Affidavit, per OAC 340:65-3-1(g). To be eligible for LIHEAP benefits, a person must be:

(1) a U.S. citizen;

(2) a U.S. non-citizen national;

(3) an alien who is both qualified and eligible, per OAC 340:50-67; or

(4) an alien not required to meet qualified alien status.

(e) **Vulnerability.** A household is vulnerable when it is totally or partially responsible for home energy costs. A household whose primary energy source is temporarily discontinued is also ~~considered~~ vulnerable. A roomer or boarder ~~may be considered~~ is vulnerable when:

(1) he or she is not related to a household member with whom he or she lives; and

(2) there is a written lease or roommate agreement that contains a clause stating he or she is responsible for a specific portion of the utility bills.

(f) **Non-vulnerability.** Non-vulnerable households are those that do not bear any home energy expense. Examples of non-vulnerable living arrangements include:

(1) congregate or domiciliary facilities, such as a nursing facility, assisted living or long term care facility when utilities are paid through a corporate or business account, college or university dormitory, or fraternity or sorority housing;

(2) households whose primary energy source is totally paid by someone other than a household member; or

(3) subsidized households whose heating or cooling costs are included in the rent. Subsidized households assessed an energy surcharge during the operation of LIHEAP may be eligible for assistance when they provide verification of the surcharge. ~~Acceptable surcharge verification may be established by an itemized statement from the landlord, a legally-binding lease agreement showing the surcharge, or a rent receipt designating the fuel cost is separate from the total shelter payment.~~

(g) **Subsidized household.** Subsidized households are households that receive a utility allowance to cover all or part of their energy cost or receive assistance in paying their rent or house payment on a regular basis. Subsidized households are not vulnerable when an agency or person pays the entire utility bill every month, even when the utility bill is in the name of a household member or the payment is a loan.

(1) Assistance may be from a government agency, such as a local housing authority, or a private person, usually a relative or friend, who helps the household pay their utility bills, rent or house payment, or allows the household to live rent free.

(2) When apartment rental rates in college or university-owned apartment complexes are set lower than other apartments in the community to help the student, the household is ~~considered~~ a subsidized household.

(3) Eligible subsidized households with out-of-pocket utility expenses receive the same assistance benefit as unsubsidized households.

(h) **Eligible household criteria.** All eligible households must verify that they meet criteria in (1) through (5) of this subsection, per OAC 340:20-1-13, or the application is denied.

(1) Households must be totally or partially responsible for the cost of home energy and provide accurate utility information.

(2) Households must not exceed the gross income and resource standards, per Oklahoma Human Services (OKDHS) Appendix C-7, Low Income Home Energy Assistance Program Income and Resource Level by Household Size.

(3) Households must include at least one U.S. citizen or eligible alien. An undocumented or ineligible alien may be present in the home; but is not included in household size when determining the household's financial eligibility or the benefit amount. The undocumented or ineligible alien's income is considered, per OAC 340:20-1-11(a)(4).

(4) The applicant must provide proof of his or her identity, per OAC 340:20-1-13(4).

(5) Each household member included in household size for income and benefit determination must provide his or her Social Security number (SSN), per OAC 340:20-1-13(3) and 340:65-3-1(f). When the household does not provide ~~an~~ SSN for a household member, the person's income is counted, but he or she is not included in household size when determining the household's financial eligibility, per OKDHS Appendix C-7, or benefit amount, per OKDHS Appendix C-7-A, Estimated Low Income Home Energy Assistance Program (LIHEAP) Benefit Level for all Households.

(i) **Benefit amount.** LIHEAP funding is contingent on the receipt of federal funds and authorized amounts vary from year-to-year. Benefit amounts are estimated and reserved for winter heating, summer cooling, and ECAP on a yearly basis after the funding amount for the federal fiscal year is known. OKDHS Appendix C-7-A provides estimated benefit amounts for each program component. Adjustments may be made to the estimated benefit amount during the federal fiscal year because of changes in available funding or anticipated need. The household benefit amount for:

(1) winter heating is based upon household size, net income, primary energy source, and if the household pays the energy supplier or the utility cost is included in the rent payment;

(2) summer cooling is based upon household size and net income; and

(3) ECAP is based on the amount needed to resolve the energy crisis up to the maximum amount shown, per OKDHS Appendix C-7-A.

## 340:20-1-11. Income and liquid resources [AMENDED]

(a) **Income.** All gross earned and unearned income that the household receives, except for income exclusions per (b) of this Section, ~~is considered in determining~~determines a household financial eligibility, per Section 8624 of Title 42 of the United States Code (42 U.S.C. § 8624). ~~Income~~Oklahoma Human Services (OKDHS) Energy Assistance (EA) eligibility staff converts income received more than once per month from the same source ~~is converted to a monthly amount and rounded rounds it~~ to the nearest dollar. When ~~a household member's income is reduced due to an overpayment recoupment or a garnishment reduces a household member's income,~~ EA eligibility staff uses the gross amount before the recoupment or garnishment ~~is considered~~.

(1) **Gross income standard.** Eligible households' income must not exceed the gross income standard, per ~~Oklahoma Human Services (OKDHS)~~ Appendix C-7, Low Income Home Energy Assistance Program Income and Resource Level by Household Size.

(A) When the household includes one or more ineligible alien(s), EA eligibility staff uses part of the ineligible alien(s)' income ~~is considered in determining~~to determine gross income for the other household members. Refer to (4) of this subsection to determine the ineligible alien(s)' countable income portion. The ineligible alien(s) is not considered in household size when determining the gross income standard for the other household members.

(B) When all household members and their income are included in Supplemental Nutrition Assistance Program (SNAP) food benefits, Temporary Assistance for Needy Families (TANF), State Supplemental Payment (SSP) cash assistance, Soonercare (Medicaid) for the aged, blind, or disabled, or Child Care Subsidy benefits, eligibility staff uses the gross income used to establish eligibility for the other program ~~is used to determine eligibility for Low Income Home Energy Assistance Program (LIHEAP) benefits unless the household reports new or terminated income, per 42 U.S.C. § 8624(j).~~ When the household reports income from a new source; or does not report income currently considered for another benefit on the LIHEAP application, the household must verify the income from the new source or verify that previous income is terminated, per (2) and (3) of this subsection.

---

## Permanent Final Adoptions

(C) When some, but not all, household members are included in other benefits, the gross income of the household member(s) whose income was not verified must be determined for the application month, per (2) and (3) of this subsection.

(D) When the household does not receive other benefits, the household's gross income for the application month is verified and calculated to determine income eligibility, per (2) and (3) of this subsection.

(2) **Earned income.** Earned income is income a household member receives in the form of wages, commission, self-employment, or training allowances, and for which he or she puts forth labor. When all household members' earned income is not established for another program; and a household member works for an employer, EA eligibility staff calculates gross earned income ~~is calculated~~ for the application month. When a household member is self-employed or a contract employee, EA eligibility staff averages the household member's income ~~is averaged~~ over 12 months to determine the average gross monthly income.

(A) When the household member receives an hourly wage, has not received all earned income for the month by the application date, and his or her income fluctuates, EA eligibility staff uses the last 30-calendar days of income ~~is used~~ to anticipate income for the pay periods not yet received. When the household member:

- (i) receives an extra paycheck in the application month due to a third or fifth week and the income is ongoing, the last 30-calendar days of income is used to determine countable monthly income instead of counting the extra paycheck; or
- (ii) starts a new job and the amount of the first paycheck is not known, the earnings are not considered.

(B) When the household member's income does not fluctuate, income received during the month prior to the application month may be used.

~~(C) When the household member derives his or her annual income by contract or self-employment in a time period shorter than one year or receives an annual salary, the income~~ Annual salary, contract, or self-employment income is divided over a 12-month period to determine countable monthly income.

(D) To arrive at the monthly gross earned income when the household member is self-employed and:

- (i) filed an income tax return on the self-employment income for the most recent tax year, the gross self-employment income, including capital gains, shown on the income tax return is divided by 12. When the business operated less than 12 months, the self-employment income is divided by the number of months the business operated; or
- (ii) did not file an income tax return for the most recent tax year, the gross self-employment income, including capital gains, shown on the household member's business records is divided by 12 or the number of months the business was in operation when the business operated less than 12 months.

(3) **Unearned income.** Unearned income is income a household receives that is not in the form of wages, self-employment, or training allowances; and for which a person does not put forth labor. Unearned income received or expected to be received during the month of application is considered unless it is excluded per (b) of this Section.

(4) **Income calculation for an ineligible alien.** An ineligible alien is a person who does not meet the eligibility criteria, per Oklahoma Administrative Code (OAC) 340:20-1-10(d). When an ineligible alien is part of an eligible household, the ineligible alien's earned and unearned gross income and that of his or her ineligible dependents is calculated in the same manner as it is for other household members. The ineligible alien's countable income portion is computed per (A) through (E) of this paragraph and added to household income for the eligible members before determining if the household meets the gross income standard per OKDHS Appendix C-7.

(A) Subtract the earned income deduction, per OKDHS Appendix C-7 for each employed ineligible alien.

(B) Add the ineligible alien's unearned income.

(C) Subtract the need standard, per OKDHS Appendix C-1, Maximum Income, Resource, and Payment Standards Schedule IX, for the ineligible alien and his or her ineligible alien dependents who:

- (i) are claimable for federal personal income taxes;
- (ii) live in the same household; and
- (iii) are not included in the household size when determining the gross income standard or the LIHEAP benefit level for the eligible household members.

(D) Subtract all applicable deductions per (c) of this Section for the ineligible alien(s).

# Permanent Final Adoptions

---

(E) The remaining amount is added to the countable income of the household members eligible for LIHEAP.

(b) **Income exclusions.** Exclude from countable income any income that is excluded by SNAP, TANF, SSP, Soonercare (Medicaid) for the aged, blind, or disabled, or Child Care Subsidy rules that include, but may not be limited to: when the income recipient receives one of these benefits. When the income recipient does not receive SNAP, TANF, SSP, Soonercare (Medicaid) for the aged, blind, or disabled, or Child Care Subsidy, LIHEAP excludes the income excluded by the SNAP income exclusions in OAC 340:50-7-22.

### 340:20-1-14. Actions, method of payment, and notifications [AMENDED]

# Permanent Final Adoptions

---

Contingent upon the receipt of federal funding, submitted Low Income Home Energy Assistance Program (LIHEAP) applications are approved or denied, payments are issued, and households are notified of their eligibility during winter heating, summer cooling, and Energy Crisis Assistance Program (ECAP) application periods.

(1) **Households pre-authorized for LIHEAP.** Selected households may be pre-authorized for winter heating or summer cooling and sent a pre-authorization notice prior to an open application period.

(A) Households are pre-approved for LIHEAP per criteria in Oklahoma Administrative Code (OAC) 340:20-1-19 for winter heating and OAC 340:20-1-20 for summer cooling.

(B) The pre-authorization notice informs the household:

(i) of the utility supplier and the account name and number Oklahoma Human Services

(OKDHS) intends to pay based on the prior year's certification; and

(ii) to report correct information to OKDHS within 10-calendar days of the pre-authorization notice date, when the utility supplier or account name or number is different. When the household reports correct information after this date, the household must apply during the open enrollment period as pre-authorization information may no longer be corrected.

(C) When the household reports that the pre-authorization information on the notice is incorrect within 10-calendar days of the pre-authorization notice date, the household provides correct information to determine if the household meets preauthorization criteria.

(i) When the household reports that the utility supplier changed to a supplier that does not participate in LIHEAP, staff explains that OKDHS may not pay the supplier based on pre-authorization information and ~~encourages~~directs the household to file an application during the open enrollment period.

(ii) When the household reports a different account number with the same utility ~~provider~~supplier, staff ~~asks for~~reviews the address and the account name and number on the utility bill.

(I) When the address is the same as the OKDHS address of record and the account holder is a household member, pre-authorization information is updated.

(II) When the address is different, the household must ~~provide a document that verifies~~verify the household lives at the new address, ~~such as~~. Acceptable verification includes, but is not limited to a lease agreement or other document showing a household member's name and the new address, within 10-calendar days of the date on the notice.

(III) When the account number changed because the account name changed to another household member who is included in another Adult and Family Services (AFS) benefit using the same case number, the preauthorization information is updated.

(IV) When the account name is different and the person is not included as a household member in another AFS benefit using the same case number, the household must verify the account holder has a separate address or provide income or resource information for the account holder before preauthorization information is changed. When the person lives in the home, the pre-authorization is closed, and the household must apply during the open enrollment period.

(D) Households are not pre-authorized for ECAP.

(E) If there are unencumbered funds after meeting the LIHEAP and ECAP requirements, OKDHS may obligate these funds by issuing a supplemental payment as necessary. OKDHS directs supplements to energy providers and does not directly pay households with these funds. If the energy provider invalidates and returns the payment, OKDHS does not reissue the payment to the household. § 4 In selecting households for a supplement, OKDHS prioritizes households that include household members who are aged, blind, or disabled or children younger than five years of age. Households do not submit applications for these funds. To qualify for a supplement, the household must:

(i) have received at least one LIHEAP program benefit in the current fiscal year;

(ii) receive State Supplemental Payment, Temporary Assistance for Needy Families, or Supplemental Nutrition Assistance Program; and

(iii) meet any additional criteria required for a specific supplement.

## Permanent Final Adoptions

(2) **Changes that occur after application submission.** When changes occur in the household's circumstances prior to certification, such as, but not limited to, moving or income changes, the household reports the change within 10-calendar days of the change occurring. When a change is reported, new utility information or income verification may need to be provided prior to the application being processed.

(3) **Approvals.** Households may be approved for LIHEAP during each of the three designated application periods per fiscal year.

(A) Certain households may be approved for ECAP outside of a designated application period when there is a life-threatening emergency, per OAC 340:20-1-17(g).

(B) Households are approved for LIHEAP when they:

(i) submit a signed and completed application during the designated application period, per OAC 340:20-1-12;

(ii) provide required verification, per OAC 340:20-1-13; and

(iii) meet program factors, per OAC 340:20-1-10.

(4) **Denials.** An application is denied when the household:

(A) submits the application outside of a designated application period;

(B) submits an incomplete application. Reasons an application is considered incomplete include submitting an unsigned application or not providing utility information. When the household does not sign the application or fails to provide utility information, the application is immediately denied and the household must reapply;

(C) fails to verify program factors, per OAC 340:20-1-10. Prior to application denial, the household must be given or sent Form 08AD092E, Client Contact and Information Request, indicating what verification must be provided and given at least 10-calendar days to provide the needed verification; or

(D) does not meet program factors, per OAC 340:20-1-10.

(5) **Timeliness.** Applications are ~~considered timely processed~~ when approved or denied within:

(A) 60-calendar days of the application date for winter heating and summer cooling; ~~or~~

(B) ~~no later than 18 hours from the application date~~ of the submission of all necessary verification for an ECAP application referral involving a life-threatening medical situation; or

(C) 48 hours of the application date and the submission of all necessary verification for all other ECAP applications.

(6) **LIHEAP payments.** LIHEAP payment amounts are estimated and reserved for each application period based on available funding and may be adjusted as needed. Refer to OKDHS Appendix C-7-A, Estimated Low Income Home Energy Assistance Program (LIHEAP) Benefit Level for all Households, for maximum payment amounts.

(A) Payment amounts are determined based on the household's size, income, and primary energy source.

(B) One payment is made per approved application directly to:

(i) designated energy suppliers on behalf of approved households responsible for their utilities; or

(ii) the household when the:

(I) utilities are included in the rent; or

(II) energy supplier is not designated to receive direct payments from OKDHS.

(C) When payment is made to the household instead of an energy supplier, approved payment may be made directly to the household on a debit card or, when the household receives Temporary Assistance for Needy Families or State Supplemental Payment cash assistance by direct deposit, payment may be made through direct deposit in the same bank account, per OAC 340:65-3-6.

(D) Payments are made weekly as applications are approved.

(7) **Closures.** The LIHEAP authorization automatically closes after the LIHEAP payment issues. Authorizations are closed when it is discovered that an ineligible household was certified in error before a LIHEAP payment is made.

(8) **Refunds.** The household has 30-calendar days from the date on the PSNEN37D, Heating Notice of Payment, PSNEN37M, Energy Crisis Assistance Program Notice of Payment, and PSNEN37O, Cooling Notice of Payment, to report errors and receive a refund. OKDHS does not reissue payments unless the:

(A) household reports the error to OKDHS or the Energy Assistance Contact Center within 30-calendar days of the Notice of Payment;

(B) reported information indicates the household remains qualified for the payment;

(C) energy supplier returns the payment; and

# Permanent Final Adoptions

---

(D) funds are made available for OKDHS to make a correction.

(9) **Computer-generated notices.** Computer-generated notices are mailed to the applicant or recipient showing actions taken.

(A) PSNEN37D is mailed to the household as notification that payment was made to the utility supplier on his or her behalf for winter heating.

(B) PSNEN37E, Notice of Denial, is mailed to the household when an application is denied.

(C) PSNEN37F, Notice of Closure, is mailed to the household when the utility supplier reports the recipient's account is inactive, no longer in service, incorrect, or final with no amount due.

(D) PSNEN37K, Utility Account Verification and Pre-Approval Notice, is mailed to households pre-authorized for LIHEAP winter heating.

(E) PSNEN37M is mailed to the recipient as notification that payment was made to the supplier for ECAP.

(F) PSNEN37O is mailed to the recipient as notification that payment was made to the energy supplier on his or her behalf for summer cooling.

(G) PSNEN37P, Notice of Direct Payment for Heating, is mailed to the recipient as notification that payment was made directly to the household for winter heating.

(H) PSNEN37Q, Notice of Direct Payment for Cooling, is mailed to the recipient as notification that payment was made directly to the household for summer cooling.

(I) PSNEN37R, Notice of Direct Payment for ECAP, is mailed to the recipient as notification that payment was made directly to the household for ECAP.

(J) PSNEN37T, Utility Account Verification and Pre-Approval Notice, is mailed to households pre-authorized for LIHEAP summer cooling.

(10) **Employee-generated notice.** Form 08LH003E, Notice of Eligibility for Energy Assistance, is sent to the energy supplier or given to the recipient to take to the energy supplier as notification that the household meets eligibility requirements for crisis assistance, per OAC 340:20-1-17. Issuance of Form 08LH003E is not necessary when the supplier's business system is set up to receive a daily OKDHS approval file.

## 340:20-1-15. Weatherization assistance and other procedures [AMENDED]

(a) **Referral for low income weatherization assistance.** Homeowner households who are eligible for Low Income Home Energy Assistance Program (LIHEAP) may be eligible for low income weatherization assistance through funds the Oklahoma Department of Human Services (~~DHS~~)(OKDHS) allocates to the Oklahoma Department of Commerce (ODOC) for the weatherization assistance program per Section 8623 of Title 42 of the United States Code. Weatherization services are provided locally through Community Action Agencies per ODOC approval. ~~Renters are not eligible for LIHEAP weatherization services.~~

(1) ~~DHS Adult and Family Services LIHEAP program field representative~~OKDHS Energy Assistance (EA) program staff provides ODOC with a list of clients approved for LIHEAP. ODOC staff ~~transmits~~transmits the list to local Community Action Agencies for use in identifying homeowner households eligible for LIHEAP weatherization assistance.

(2) ~~Local AFS county office~~EA eligibility staff responds to direct inquiries from the local Community Action Agency or local weatherization contractor concerning the LIHEAP eligibility of households not appearing on the list.

(b) **Fair hearing.** Fair hearing rules per Oklahoma Administrative Code (OAC) 340:2-5 that apply to the Temporary Assistance for Needy Families (TANF) Program also apply to LIHEAP, except that immediate adverse action may be taken on open LIHEAP benefits without an advance notice. Because of the emergency situation that may exist, a LIHEAP fair hearing request is expedited.

(c) **Overpayments.** When an overpayment occurs, ~~centralized AFS LIHEAP~~EA eligibility staff submits a memo to AFS ~~LIHEAP~~EA program field representative staff explaining the overpayment circumstances, including the date, amount, and reason the overpayment occurred.

(d) **Referral for vendor fraud.** When ~~centralized AFS LIHEAP or county~~OKDHS staff becomes aware that a vendor accepted ~~DHS~~a LIHEAP payment on behalf of a household, ~~but~~and failed to provide service, either wholly or in part, as legally required, staff informs AFS ~~LIHEAP~~EA program field representative staff. AFS ~~LIHEAP~~EA program field representative staff determines whether to make a referral to the ~~DHS~~Office of Inspector General for investigation.

(e) **Transfers.** Transferred cases do not normally need to be closed.

## 340:20-1-17. Energy Crisis Assistance Program (ECAP) [AMENDED]

## Permanent Final Adoptions

(a) **ECAP funds.** Based upon previous years' program experience, Oklahoma Human Services (OKDHS) reserves reasonable funds each year for ECAP to resolve energy crisis situations, per Section 8623(c) of Title 42 of the United States Code (42 U.S.C. § 8623(c)); ~~to:~~

- (1) ~~prevent disconnect of service when the household has a verified, active cut-off order;~~
- (2) ~~restore or start service; or~~
- (3) ~~provide a minimum delivery of propane or other heating fuel.~~

(b) **ECAP components.** ECAP consists of three components:

- (1) a regularly scheduled application period in March each year;
- (2) ~~year-round~~ year-round assistance ~~available to households experiencing an energy crisis that involves a life-threatening medical situation on a case-by-case basis who require life-saving medical equipment to operate to avoid a life-threatening situation; and~~
- (3) assistance to households affected by life-threatening temperatures; and
- (4) disaster Low Income Home Energy Assistance Program (LIHEAP) when a federally declared disaster occurs and disaster LIHEAP is authorized by the Administration for Children and Families (ACF) Office of Community Services (OCS). When this occurs OKDHS follows ACF OCS program instructions issued for the disaster. The instructions may differ from ECAP requirements contained in this Section.

(c) **Component Prioritization.** ECAP funding is contingent on the receipt of federal funds. When OKDHS spends the ECAP budget, OKDHS may not approve additional payments until the next federal fiscal year. When possible, OKDHS prioritizes funding the ECAP components in this order:

- (1) a regularly schedule application period in March each year;
- (2) year-round assistance to households who require life-saving medical equipment to operate; and
- (3) assistance to households affected by life-threatening temperature situations.

(d) **Maximum benefit amount.** When the household applies for ECAP more than once in the same fiscal year, the maximum benefit amount approved for all applications combined ~~cannot~~ may not exceed the amount allowed per fiscal year for ECAP on OKDHS Appendix C-7-A, Estimated Low Income Home Energy Assistance Program (LIHEAP) Benefit Level For All Households, per fiscal year. An additional benefit amount may be approved when additional funds are authorized during a ~~federally-declared~~ federally declared disaster.

~~(d)~~(e) **ECAP application methods.** Households apply for ECAP by submitting an online application ~~at~~ www.okdhslive.org, calling an OKDHS county office to request receiving in-person or telephone OKDHS assistance in submitting an online application, or calling the OKDHS phone number on the www.okdhslive.org website to request Form 08LH002E, Low Income Home Energy Assistance Program (LIHEAP) Application, be mailed to them. ~~Centralized LIHEAP~~ Energy Assistance (EA) eligibility staff includes a postage paid envelope with a mailed Form 08LH002E.

- (1) When there is a life-threatening ~~medical~~ situation, ~~centralized LIHEAP~~ EA eligibility staff gathers eligibility information by phone and an application is not required.
- (2) When the household chooses to complete Form 08LH002E, ~~they~~ the household must complete and return the application by email, by fax to the number on the form, or by mail to the return address shown on Form 08LH002E and the postage paid envelope.
- (3) ~~Centralized LIHEAP~~ EA eligibility staff ~~approve~~ approves or deny ~~denies~~ ECAP applications.

~~(e)~~(f) **Main energy source.** Households may choose heating or cooling as the main energy source for ECAP when the household's main energy source meets criteria per ~~(f)~~(2)(g)(2) of this Section. When a life-threatening ~~medical~~ situation is involved, the household must choose the energy source that resolves the energy crisis and prevents a life-threatening ~~medical~~ situation. When the household chooses:

- (1) heating, the main heating energy source used to heat the home is approved. This may be electricity, natural gas, propane, kerosene, firewood, coal, butane, or heating oil. When the household uses a generator to heat the home, the generator may use natural gas, propane, or gasoline; or
- (2) cooling, the main cooling energy source used to cool the home is approved. In most instances, the main cooling source is electricity. When the household uses a generator to cool the home, the generator may use natural gas, propane, or gasoline.

~~(f)~~(g) **Eligibility criteria.** ECAP eligibility criteria are detailed in (1) through (5) of this subsection.

- (1) Households with an energy crisis must not exceed the income and liquid resource standards, per OKDHS Appendix C-7, ~~Low Income Home Energy Assistance Program Income and Resource Level by Household Size.~~ Households must meet the same income and resource criteria for ECAP as for heating and cooling assistance, per Oklahoma Administrative Code (OAC) 340:20-1-11.
- (2) Households must have a verified energy crisis. An energy crisis exists when the household:
  - (A) service is disconnected by the energy supplier;

# Permanent Final Adoptions

---

(B) has a verified, active cut-off order. In the event of limited funding, ~~centralized LIHEAP~~eligibility staff prioritizes applications with cut-off notices scheduled within 72 hours and applications that contain at least one household member who is 60 years of age and older, blind, disabled, or a child under five years of age;

(C) receives a refusal notice to provide additional energy needs from the energy supplier ~~and~~or the household's fuel tank indicator is at or below 10 percent during the ~~regularly-scheduled~~regularly scheduled ECAP period, or at 25 percent or less for households with a life-threatening medical situation;

(D) provides information regarding a new connection fee;

(E) has a cash only, cash advance, or pre-paid account and has less than a \$25 minimum balance in the account. The household's utility bill shows that it is a cash only, cash advance, or pre-paid account and the balance amount; or

(F) enters into a payment plan with the energy supplier to prevent a service cut-off. When the household enters into a payment plan to prevent service cut-off, ~~centralized LIHEAP~~eligibility staff verifies the payment plan and the minimum amount needed to resolve the energy crisis for at least one month with the energy supplier.

(3) The household must have experienced a precipitating factor that caused the household to choose between paying the energy bill and another vital household need.

(A) Acceptable factors include, but are not limited to, temporary or short-term situations that caused the household to make a choice between paying the energy bill and:

- (i) purchasing sufficient food for the household;
- (ii) paying for emergency situations, such as medical expenses or disaster recovery; or
- (iii) providing clothing for children in the household.

(B) When the household ~~was~~is approved for the maximum ECAP payment during the ~~most recent~~current federal fiscal year, no further ECAP payments are made during the same fiscal year unless additional funds are authorized during a ~~federally-declared~~federally declared disaster.

(C) Households approved for less than the maximum ECAP payment may be approved for another ECAP payment during the same fiscal year, provided the total approved for all payments does not exceed the maximum ECAP payment, per OKDHS Appendix C-7-A. Per 42 U.S.C. § 8624(b)(16), an additional ECAP payment is not approved for the same fiscal year when the household:

- (i) refuses to participate in budget counseling and home energy conservation workshops ~~provided by~~Community Action agencies provide;
- (ii) does not show any progress in improving its situation; or
- (iii) does not make an effort to maintain current utility bills.

(4) The household must explain why the energy crisis need cannot be met by available income and liquid resources, even when income and liquid resources are equal to or below the standard, per OKDHS Appendix C-7.

(5) When the ECAP benefit amount is insufficient to establish, restore, or prevent the cut-off of the household's energy source, ECAP is authorized only when other resources can be combined with the ECAP payment to resolve the energy crisis. When other resources cannot be developed to help resolve the energy crisis, the ECAP application is denied.

~~(g)~~(h) **ECAP payment requirements.** ECAP payment requirements are included in (1) through (4) of this subsection.

(1) The authorized ECAP benefit is ~~limited to~~ the minimum amount necessary to connect, restore, or maintain energy service to the household, up to the established maximum for the program year, per OKDHS Appendix C-7-A. The payment must resolve the energy crisis for at least one month. ECAP funds are not used to pay utility charges carried over from a previous utility account or that is in debt collection, unless the client moved to a new location because of a domestic violence situation and provides proof of the domestic violence, such as a police report.

(2) OKDHS makes payments for crisis assistance directly to energy suppliers unless the energy supplier is not designated to receive direct payments from OKDHS. When direct payment cannot be made to the energy supplier, OKDHS makes the payment to the household by debit card or direct deposit, per OAC 340:65-3-6.

(3) The authorized benefit ~~cannot~~may not include the propane or butane tank delivery cost.

(4) When other utilities are included with the heating or cooling bill, such as water, sewer, or trash, the authorized benefit ~~cannot~~may not include the other utility charges. In this situation, the client must provide a utility bill that itemizes the charges for each utility, or this information is obtained from the energy supplier.

When the client is unable to pay the other utility costs and the energy supplier is unwilling to continue heating or

# Permanent Final Adoptions

cooling service, the application is denied until the client provides verification that the other utilities were or can be paid.

~~(h)~~(i) **Timeliness requirement.** Per 42 U.S.C. § 8623(c), an ECAP application is considered timely processed when it is approved or denied within:

(1) 18 hours of the household requesting ECAP and providing any necessary verification when the energy crisis involves a life-threatening ~~medical~~ situation.

(A) To be considered a life-threatening ~~medical~~ situation, the energy crisis must involve the energy source required:

(i) for life-saving medical equipment to be operational. The medical equipment must be prescribed by a licensed health care professional and require electricity to operate. When the medical equipment has an available battery backup in case of an electricity outage, the medical situation is not considered life-threatening. The client must provide a licensed health care professional's statement dated within the last 60-calendar day period or ~~the most recent six months of~~ medical records dated within six months of the request verifying that the medical equipment is prescribed and a battery backup is not available. Examples of life-saving medical equipment include, but are not limited to:

- (I) a kidney dialysis machine;
- (II) an iron lung;
- (III) an oxygen concentrator or other type of oxygen machine; or
- (IV) a cardiac monitor; or

(ii) power heating or air conditioning equipment when the temperature is predicted to be hot or cold enough to create a life-threatening ~~medical~~ situation ~~for a person with a pre-existing medical condition~~ if the energy source is not functioning. To be considered a life-threatening ~~medical~~ situation, the temperature on the disconnection date must be predicted to be:

- (I) a heat index of at least 101 degrees ~~in summer months~~ Fahrenheit or higher; or
- (II) 32 degrees Fahrenheit or lower ~~during day-time hours, 20 degrees or lower during night time hours in winter months, or both.~~

(B) Authority for designating a medical situation as life-threatening is limited to a:

- (i) licensed health care professional; or public health official for (i) of this subparagraph; and
- (ii) ~~public health official~~ the online National Weather Service weather forecast for the household's service zip code for (ii) of this subparagraph; and

(2) 48 hours of receipt of a complete application when the energy crisis does not involve a life-threatening ~~medical~~ situation. A complete application means the application is signed and submitted and all verification is provided.

## 340:20-1-19. Winter heating [AMENDED]

(a) ~~Selected~~ Contingent on funding, Oklahoma Human Services (OKDHS) may pre-authorize selected households approved for other benefits administered by ~~Oklahoma Human Services (OKDHS)~~ OKDHS Adult and Family Services are normally pre-authorized for winter heating each year without filing an application. Households pre-approved for the Low Income Home Energy Assistance Program (LIHEAP) ~~are those whom must have:~~

(1) received ~~Child Care Subsidy, State Supplemental Payment (SSP), Temporary Assistance for Needy Families (TANF), or Supplemental Nutrition Assistance Program (SNAP) benefits all 12 months of the previous federal fiscal year and met all the criteria in (1) through (4) of this subsection. The household:~~

~~(1)(2)~~ received LIHEAP winter heating the previous federal fiscal year;

~~(2)~~ address remains the same (3) the same mailing and service, utility account, and utility supplier;

~~(3)(4)~~ income that did not exceed the gross income standard for its household size during the previous federal fiscal year, per OKDHS Appendix C-7, Low Income Home Energy Assistance Program Income and Resource Level by Household Size; and

~~(4)(5)~~ the same household members remain the same from as the previous federal fiscal year.

(b) Households are not pre-authorized for winter heating and summer cooling in the same federal fiscal year; the federal fiscal year runs October through September. When households were pre-authorized for summer cooling for the same federal fiscal year, they must complete an application for winter heating and be approved, per Oklahoma Administrative Code (OAC) 340:20-1-12.

(c) A designated LIHEAP winter heating application period is opened each year federal LIHEAP funds are issued. Applications are taken until allocated funds are expended, per Section 8624 of Title 42 of the United States Code.

# Permanent Final Adoptions

(d) Refer to OKDHS Appendix C-7-A, Estimated Low Income Home Energy Assistance Program, for estimated benefit amounts. The benefit amount is based on the household's net income, household size, heating source, and if the heating bill is included in the rent amount or paid separately.

(1) Payments for ~~unsubsidized~~ renters, roomers, and boarders who pay a surcharge for utilities included in their rent are made directly to approved households, per ~~(g) of this Section~~ OAC 340:20-1-14(6).

(2) Acceptable verification of the surcharge may be established by an itemized statement from the landlord, a legally-binding lease agreement showing the surcharge, or a rent receipt designating that the fuel cost is separate from the total shelter payment. When a roomer or boarder lives with another household, he or she may only qualify as a separate household when he or she:

(A) is not related to the household; and

(B) provides a written lease or roommate agreement that contains a clause stating he or she is responsible for a specific portion of utility bills.

(e) Main home energy sources for heating include natural gas, electricity, propane, firewood, kerosene, coal, or butane.

When the household uses a generator to heat the home, the generator may use natural gas, propane, or gasoline.

(1) LIHEAP payments are made for utility expenses, deposits, and reconnect charges applicable to the household's main source of home energy. When the utility supplier receives payment from the household and OKDHS for reconnect charges or deposits, the utility supplier must reimburse the client for those charges.

(2) When other utilities, such as water, sewer, or trash, are included with the fuel bill, the authorized benefit cannot include the other utility charges. In this situation, the applicant must provide a utility bill that itemizes the charges for each utility or this information must be obtained from the energy supplier.

(f) Payments are not made for:

(1) blankets;

(2) emergency home repair;

(3) new or additional heating equipment or heating appliances;

(4) propane tank rental, hook-up, inspection, delivery, or other service charges; or

(5) utility charges carried over from a previous utility account or that is in debt collection due to non-payment, unless the client moved to a new location because of a domestic violence situation and provides proof of the domestic violence, such as a police report.

(g) Refer to ~~OAC 340:20-1-14(5)~~ OAC 340:20-1-14(6) for ways LIHEAP payments are made. When direct payment is made to the household instead of an energy supplier, it is made on a debit card or by direct deposit, per OAC 340:65-3-6 procedures.

## 340:20-1-20. Summer cooling [AMENDED]

(a) ~~Selected~~ Contingent on funding, Oklahoma Human Services (OKDHS) may pre-authorize selected households already approved for other benefits administered by ~~Oklahoma Human Services (OKDHS)~~ OKDHS Adult and Family Services ~~are normally pre-authorized~~ for summer cooling each year without filling out an application. Households pre-approved for the Low Income Home Energy Assistance Program (LIHEAP) ~~are those who must have:~~

~~(1) received Child Care Subsidy, Supplemental Payment (SSP), Temporary Assistance for Needy Families (TANF), or Supplemental Nutrition Assistance Program (SNAP) benefits all 12 months of the previous federal fiscal year and met all the criteria in (1) through (4) of this subsection. The household;~~

~~(1)~~ (2) received LIHEAP summer cooling the previous federal fiscal year;

~~(2)~~ (3) address remains the same mailing and service addresses, utility account, and utility supplier;

~~(3)~~ (4) income that did not exceed the gross income standard for its household size during the previous federal fiscal year, per OKDHS Appendix C-7, Low Income Home Energy Assistance Program Income and Resource Level by Household Size; and

~~(4)~~ (5) the same household members remain the same from the previous federal fiscal year.

(b) Households are not pre-authorized for summer cooling and winter heating in the same federal fiscal year; the federal fiscal year runs October through September. When households were pre-authorized for winter heating for the same fiscal year, they must complete an application for summer cooling and be approved, per Oklahoma Administrative Code (OAC) 340:20-1-12.

(c) A designated LIHEAP summer cooling application period is opened each year federal LIHEAP funds are issued. Applications are taken until allocated funds are expended, per Section 8624 of Title 42 of the United States Code.

(d) Refer to OKDHS Appendix C-7-A, Estimated Low Income Home Energy Assistance Program (LIHEAP) Benefit Level for all Households, for estimated benefit amounts. The benefit amount is based on the household's net income and household size.

---

# Permanent Final Adoptions

- (1) The same benefit amount is approved for ~~unsubsidized~~ renters, roomers, and boarders with utilities included in their rent as for households that pay their cooling costs to an energy supplier. Payments for unsubsidized renters, roomers, and boarders who pay a utility surcharge included in the rent are made directly to approved households, per ~~(g) of this Section~~ OAC 340:20-1-14(6).
- (2) Acceptable verification of the surcharge may be established by an itemized statement from the landlord, a legally-binding lease agreement showing the surcharge, or a rent receipt designating that the fuel cost is separate from the total shelter payment. When a roomer or boarder lives with another household, he or she may only qualify as a separate household when he or she:
- (A) is not related to the household; and
  - (B) provides a written lease or roommate agreement that contains a clause stating he or she is responsible for a specific portion of utility bills.
- (e) In most instances, the main home energy source for cooling is electricity. When the household uses a generator to cool the home, the generator may use natural gas, propane, or gasoline.
- (1) LIHEAP payments are made for utility expenses, deposits, and reconnect charges applicable to the household's primary home energy source. When the utility supplier receives payment from the client and OKDHS for reconnect charges or deposits, the utility supplier must reimburse the client for those charges.
- (2) When other utilities are included with the fuel bill, such as water, sewer, or trash, the authorized benefit cannot include the other utility charges. In this situation, the applicant must provide a utility bill that itemizes the charges for each utility or this information must be obtained from the energy supplier.
- (f) Payments may be made to the household to reimburse it for purchasing cooling equipment, such as fans and window air conditioning units, ~~or to repair existing cooling equipment~~ up to the maximum payment allowed, per Appendix C-7-A; ~~Estimated Low Income Home Energy Assistance Program (LIHEAP) Benefit Level for all Households~~, when the household provides proof that the purchase ~~or repair~~ was made within 30-calendar days of the ~~start of the cooling application period~~. When the household chooses this option, it is not eligible to receive help paying its energy bill.
- (g) Refer to ~~OAC 340:20-1-14(5)~~ 340:20-1-14(6) for ways LIHEAP payments are made. When direct payment is made to the household instead of an energy supplier, it is made on a debit card or by direct deposit, per OAC 340:65-3-6 procedures.

## 340:25-1-1.2. Structure and service [AMENDED]

### (a) Structure.

(1) Under Part A of Subchapter IV of Chapter 7 of Title 42 of the United States Code, every state must designate a single state agency to administer a statewide plan for child support services. (2) CSS provides services through a state office and offices throughout the state that may be administered through service agreements or contracts with district attorneys and other entities, ~~such as Community Action Program agencies~~ to provide legal child support services.

(3) The primary function of CSS is to provide child support services in all Title IV-A Temporary Assistance for Needy Families (TANF), Title IV-E foster care, and non-TANF SoonerCare (Medicaid) cases where eligibility is due to the absence of one or both parents, and in other cases for persons who have applied for services. CSS also provides these services in cases forwarded by:

- (A) Title IV-D agencies of other states;
- (B) Native American tribes; and
- (C) foreign jurisdictions, as appropriate.

(4) CSS is committed to the right of all parties to have access to the justice system for the purpose of enhancing understanding and ownership of the case. In addition to the child support services CSS provides as described in this Chapter, when parties want to be heard on child support issues, regardless of whether the party's positions are contrary to the state's position and may be subject to legal defenses. CSS:

- (A) provides available pro se self-help forms to request a hearing before either the Office of Administrative Hearings: Child Support (OAH) under Oklahoma Administrative Code 340:228-17.2 or the district court. OAH or the district court determine whether a hearing is granted;

- (C) refers parties to community resources including, but not limited to:
  - (i) lawyer referral services;
  - (ii) community legal services;
  - (iii) other available self-help legal forms; and
  - (iv) other available informational and community resource materials.

(5) CSS complies with the standards for an effective program and the organization and staffing requirements, per Part 303 of Title 45 of the Code of Federal Regulations (45 C.F.R. Part 303).

### (b) Services. CSS services include, but are not limited to:

- (1) establishment of paternity, child support obligations, ongoing medical support, and ongoing child care obligations through administrative and court actions;
- (2) enforcement of:

- (A) child support;
  - (B) health insurance;
  - (C) fixed sums and judgments for medical support including birthing costs;
  - (D) fixed ongoing child care costs and judgments for child care costs; and
  - (E) certain spousal support obligations when due in conjunction with child support;
  - (3) location of noncustodial parents and their assets by establishing intrastate and interstate links with local, state, and federal agencies, private sources, and international central authorities;
  - (4) case reviews for modification of support orders as appropriate;
  - (5) collection and distribution of support payments per federal and state law; and
  - (6) establishment and maintenance of accounting and other records per federal and state law.
- (c) **Excluded services.** CSS services do not include:
- (1) establishment or modification of spousal support, visitation, or custody;
  - (2) establishment of judgment for unreimbursed medical expenses or child care costs that are not included in the fixed monthly child support obligation;
  - (3) enforcement of alimony in lieu of property division; and
  - (4) enforcement or collection of private attorney fee judgments.
- (d) **Limited services.** CSS provides limited services:
- (1) at the request of an initiating interstate Title IV-D agency or an international central authority, per Sections 601101 through 901 of Title 43 of the Oklahoma Statutes and 45 C.F.R. § 303.7. CSS provides limited services, when appropriate, even when the noncustodial parent or custodial person does not reside in Oklahoma. The CSS director or appointed designee approves requests for intergovernmental limited services not listed in 45 C.F.R. 303.7; or
  - (2) upon application for the establishment of paternity when the noncustodial parent is deceased.

## SUBCHAPTER 5. OPERATIONAL POLICIES

### PART 9. DISCLOSURE OF INFORMATION

#### **340:25-5-67.1. Family violence [AMENDED]**

(a) Oklahoma ~~Department of Human Services (DHS)~~(OKDHS) Child Support Services (CSS) establishes and maintains records regarding family violence per Sections 303.21 and 307.11 of Title 45 of the Code of Federal Regulations and Sections 653 and 654 of Title 42 of the United States Code (42 U.S.C. §§ 653 and 654).

(b) CSS is committed to promoting the safety and well-being of its customers and staff.

(c) A family violence indicator (FVI) is a designation placed on a participant in a Title IV-D or non-Title IV-D case by CSS indicating the risk of child abuse or domestic violence. The ~~family violence indicator~~FVI is used to restrict disclosure of the location of a participant who is reported to CSS as being at risk of family violence.

(d) CSS considers as reasonable evidence of family violence and enters ~~a family violence indicator~~an FVI on appropriate individuals, when:

- (1) a parent or custodian states that he or she or the child(ren) is at risk of emotional or physical harm from another individual in the same child support case; or
- (2) ~~DHS~~OKDHS has knowledge of a court-ordered protective order or other information that family violence exists.

(e) CSS makes available to custodial persons (CP) and noncustodial parents (NCP) Form 03EN008E, Family Violence - Address of Record Statement, to collect address of record (AOR) information and explain how the information is used. CSS may release the AOR per Oklahoma Administrative Code (OAC) 340:25-5-340. The CP or NCP may use Form 03EN008E to:

- (1) request that his or her home address or location information not be released to another parent or party in a child support case because release could result in family violence to the requesting individual or his or her children; or
- (2) designate an AOR per OAC 340:25-5-340. ~~CSS may release the AOR per OAC 340:25-5-340.1.~~

(f) The presence or absence of ~~a family violence indicator~~an FVI on a case does not guarantee anyone's safety. CSS is not liable for harm arising from the use or non-use of ~~a family violence indicator~~an FVI.

(g) CSS may remove ~~a family violence indicator~~an FVI from a case participant when CSS receives:

# Permanent Final Adoptions

---

- (1) request the federal Office of Child Support Enforcement to override a ~~family violence indicator~~ FVI in a single instance; and
  - (2) authorize release of the person's home address or location to the court.
- (i) Interstate cases follow OAC 340:25-5-270.
- (j) When an NCP submits an application for Title IV-D services in a case previously closed for good cause, CSS follows OAC 340:25-5-117.

- (c) A child support case may be closed when any of the criteria in (1) and (2) of this subsection applies.
- (1) There is no current support order and arrears are unenforceable. Arrears are determined to be unenforceable when:
    - (A) there has been no collection during the past year; and
    - (B) the noncustodial parent (NCP) has no known or prospective income or assets.
  - (2) The NCP's sole income is from Supplemental Security Income (SSI) or a combination of SSI and Social Security Disability Insurance, or Social Security Retirement.
- (d) A child support case may be closed when the:
- (1) case was referred to CSS by an assistance program, per Oklahoma Administrative Code (OAC) 340:25-5-117 and the:
    - (A) referral is inappropriate to establish or enforce a child support order; and
    - (B) custodial person (CP) or NCP has not applied for services with CSS;
  - (2) CP receives ~~non-TANF~~ non-Temporary Assistance for Needy Families (TANF) Sooner Care (Medicaid) child only benefits and the case is received from the Oklahoma Health Care Authority as a referral, but CSS learns the CP desires to decline child support services and no service of process is initiated on a legal action filed by CSS to establish or enforce the child support order, including the medical support portion; or
  - (3) CP or NCP applicant:
    - (A) cannot be located per 45 C.F.R. § 303.11~~(b)(15)~~; or

  - (2) resolves enforcement actions filed and CSS processes that are specific to the case being closed;
  - (3) reviews the Family Violence Indicator per OAC 340:25-5-67.1;
  - (4) removes case balances; and
  - (5) documents the date and amounts removed on the Oklahoma Support Information System Case Log (CSLOG) screen.
- (g) Per 45 C.F.R. § 302.33 when Title IV-A ~~Temporary Assistance for Needy Families (TANF)~~, Title IV-E foster care, and non-TANF SoonerCare (Medicaid) services are discontinued, CSS notifies the recipient that CSS maintains a full-service child support case, unless the CP declines services in writing. When the CP declines services in writing, CSS closes the case. When the CP fails to respond, CSS maintains a full-service child support case.

If the case is not assigned to one of the tribal programs, CSS assigns cases under this Section.

- (1) Oklahoma child support cases are assigned to a district office serving the county where a prior Family and Domestic district court case exists involving the parents and child, regardless of the case style of the order or whether or not a child support order was entered as to either parent.
  - (2) When a guardianship order is in effect, the case is assigned to the district office serving the county in which the guardianship action was filed. The district office proceeds to petition the guardianship court to:
    - (A) defer jurisdiction of child support to CSS. The case then follows regular case assignment rules;
    - (B) defer jurisdiction of child support to a pre-existing Family and Domestic court case involving the parents and child to enforce an existing child support order or establish a child support order. The case is then assigned to the district office serving the county with the existing Family and Domestic court order; or
    - (C) establish or modify a child support order. The case remains assigned to the district office serving the county of the guardianship.
  - (3) Cases with intergovernmental child support orders are assigned to a district office serving the county in which the order is registered per 43 O.S. §§ 601-601 through 601-614.
    - (A) When there are multiple Oklahoma support orders, cases are assigned to a district office serving the county where the presumed controlling order for current child support was entered or docketed in district court.
    - (B) When there is an Oklahoma support order and an intergovernmental support order, the case is assigned to the district office serving the county where the Oklahoma support order is entered or filed.
  - (4) Cases are assigned to a district office serving the county where the custodial person (CP) resides when there is:
    - (A) no Oklahoma child support order and there is no prior Family and Domestic district court case on file;
    - (B) a federal or tribal child support order; or
    - (C) a child support order from another state.
  - (5) When the applicant for child support services is the noncustodial parent (NCP), the location of the CP and child is unknown, and there is no prior paternity or child support order established, cases are assigned to the office responsible for the county in which the NCP resides until the CP and child are located.
  - (6) Except in cases where a child support order is registered in Oklahoma, when the CP does not reside in Oklahoma, cases are assigned to the district office serving the county where the NCP or alleged father resides.
  - (7) When there is no Oklahoma order and no party resides in Oklahoma, cases are assigned to the district office serving the county with significant contacts with the case. When more than one county has significant contacts with the case, the case is assigned to the district office having the most recent significant contact.
  - (8) CSS does not transfer cases docketed or registered, ~~per 43 O.S. §§ 601-601 through 601-614~~ in district court because the CP or NCP moves to a county outside of the original district office's service area, per 43 O.S. §§ 601-601 through 601-614.
  - (9) CSS does not transfer cases because the CP files a contempt action in a county outside of the original district office's service area.
  - (10) CSS reassigns a case to another district office to avoid a conflict of interest, per OAC 340:2-1-8.
  - (11) When there is an existing Office of Administrative hearings: Child Support (OAH) order that was not docketed in the appropriate district court per 340:25-5-185.1, the case is assigned to the district office that obtained the OAH order.
- (b) **Administrative establishment case transfer.**
- (1) A district office transfers an administrative establishment case to another office according to (2) of this Section if the:
    - (A) case is assigned to the wrong child support office; or
    - (B) CP moves to a county outside the original office's service area.

# Permanent Final Adoptions

---

(2) The original office immediately transfers, rather than dismisses, an administrative establishment court action to the new district office if the original office has not obtained service of process on ~~the NCP~~ both parties. When service has been obtained on both parties, the original office completes any administrative case litigation before transferring the case to the new district office.

## PART 17. PAST SUPPORT

### 340:25-5-140. Past support [AMENDED]

(a) **Legal authority.** Oklahoma Human Services, Child Support Services (CSS) takes appropriate action to collect support and secure compliance with support orders.

(1) When a support order does not specify an effective date, a payment is due on the first day of the month following the child support order's entry and on the first day of each month thereafter except when another state's law governs the due date.

(2) Current monthly child support is due for the entire month when the effective date is later than the first of the month. CSS does not pro rate the monthly amount based on the effective or ending date, unless the court orders otherwise.

(3) CSS determines past-due support and support for a prior period based on information in available records from courts, Title IV-D and other public and private agencies, the custodial persons (CP.s), the noncustodial parents (NCPs), and others.

(4) CSS may require sworn written statements and supporting documents from CPs, NCPs, and others pertaining to support payments. The primary legal foundations for determination and collection of past-due support and support for a prior period are applicable provisions of:

(A) Part D of Subchapter IV of Chapter 7 of Title 42 of the United States Code;

(B) Section 1738B of Title 28 of the United States Code (28 U.S.C. § 1738B);

(C) Chapters 302 and 303 of Title 45 of the Code of Federal Regulations; and

(D) Sections 83 and 7700-636 of Title 10 of the Oklahoma Statutes (10 O.S. §§ 83 and 7700-636), Chapters 3 and 21 of Title 12, Title 43, and 56 O.S. §§ 231 through 240.23.

(b) **Definitions.** The following words and terms, when used in this Section shall have the following meanings unless the context clearly indicates otherwise:

(1) **"Abate"** means, per 43 O.S. Section 118I, an NCP does not owe the child support obligation when incarcerated for 180-consecutive days. Upon eligibility, child support is no longer owed effective the first day of the month following the entry date into the correctional facility or jail and does not accrue for the duration of the incarceration. Abate may also refer to an order for the suspension of the child support obligation under specified conditions.

(2) **"Incarceration"** means, per 43 O.S. Section 118I, *an obligor is in custody on a fulltime basis in a local, state or federal correctional facility. Incarceration shall not include probation, parole, work release or any other detention alternative program that allows the obligor to be gainfully employed.*

(c) **Judgment payment.** Per 43 O.S. § 137, the monthly payment schedule on past support may not exceed three years unless specific findings of fact supporting the action are made. CSS considers a three-year payment schedule to be unjust, unreasonable, inequitable, or inappropriate when CSS has evidence that the NCP cannot comply with a three-year payment plan. CSS requests a monthly payment schedule that may exceed three years in accordance with the best evidence available, including the NCP's earning records, past job history, earning ability based on education and training, and mental or physical incapacities. CSS also considers an NCP's other child support obligations and total arrears. The payment plan applies to the judgment determined in the order and any subsequent judgments by operation of law unless the payment plan has been modified by administrative or district court action.

(d) **Enforcement.**

(1) CSS takes action to enforce past-due support and support for a prior period, per Oklahoma Administrative Code (OAC) 340:25-5, Part 23.

(2) CSS collects amounts from the original child support order date, including any judgments for support for a prior period, and does not limit collection of past-due child support to amounts accruing from the time a case is opened or reopened.

(3) When CSS receives a new case with an existing order, or when a previously closed case reopens and has an existing order, CSS does not calculate a past-due support balance, or take action to enforce past-due support, until 30-calendar days from the mailing date of the notice of case letter and affidavit of payments document to the NCP. This does not preclude initiating an income assignment to collect current support.

(4) Past-due child support remains due to the CP with whom a child resided during the month the past support was due.

(5) When CSS takes action to enforce past-due support and support for a prior period for a Servicemember's child, CSS applies the provisions of the Servicemembers Civil Relief Act, codified in 50 U.S.C. §§ 3901 through 4043.

**(e) Settlement of past support.**

(1) Settlements of past support may include:

- (A) an NCP's lump sum partial payment or a series of payments made toward the total amount of past support;
- (B) an agreement for the NCP to pay a specified number of current child support payments in the future; or
- (C) acceptance of in-kind goods or services in exchange for waiving a certain amount of past child support.

(2) Settlements of past support must be memorialized in a court order and the CP must sign the court order when the past support is owed to the CP.

(3) Per 43 O.S. § 112, CSS:

- (A) acknowledges the rights of the CP and NCP to mutually agree to waive with approval of the court, all or a portion of the past child support due to the CP; or
- (B) may negotiate the right to collect all or part of past support owed to Oklahoma.

**(f) Annual notice.** CSS uses the annual notice to the NCP parent, per 56 O.S. § 237A to confirm the amount of past-due support and remaining balances on previously confirmed judgments. Past-due support and remaining balances on judgments for support for a prior period may also be confirmed during other enforcement actions, per OAC 340:25-5, Part 23.

**(g) Death of CP.**

(1) When the CP dies, CSS issues child support payments for past due support to:

- (A) the decedent's estate, when the estate's administrator notifies CSS in writing; or
- (B) any state owed past due support, per OAC 340:25-5-351.

(2) Except as provided in (1) of this subsection, CSS refunds payments to the:

- (A) payor, when the payor's address is known; or
- (B) NCP when the payor's address is unknown, or payments are returned due to the inability to distribute.

(3) CSS does not file a forced probate court action to determine heirs and distribute past support to heirs.

**(h) Jurisdiction.** When an Oklahoma tribunal has personal and subject matter jurisdiction and can obtain service of process on the NCP, CSS uses the annual notice, notice of support debt, contempt, or other appropriate proceedings to determine past support and interest before requesting another state's tribunal to enforce the child support orders.

**(i) Incarcerated NCP.** Per 43 O.S. § 118I, beginning November 1, 2021, there is a rebuttable presumption that an NCP who is incarcerated for a period of 180-consecutive days is unable to pay child support. When a payment is made during incarceration, the presumed ability to pay child support may be rebutted for that payment period. CSS makes a final determination whether the order is abated.

**340:25-5-140.1. Interest [AMENDED]**

**(a) Legal authority.** Oklahoma Department of Human Services Child Support Services (CSS) collects and enforces interest on past-due Oklahoma court-ordered child support payments, per Section 114 of Title 43 of the Oklahoma Statutes (43 O.S. § 114).

**(b) Support for a prior period.** CSS collects interest on support for a prior period, per Oklahoma Administrative Code (OAC) 340:25-5-179.1 and is calculated at a rate, per 43 O.S. § 114.

**(c) Accrual date.**

(1) Interest accrues on any unpaid portion of the monthly current child support obligation on the first day of the month following the:

- (A) due date specified in the court order; or
- (B) entry date of the child support order when a support order does not specify a due date.

(2) Interest accrues on a lump sum judgment for support for a prior period, accrued child care costs, or accrued fixed medical, from the first day of the month after the judgment is entered, per 43 O.S. § 114.

# Permanent Final Adoptions

---

(3) In a modification order when the effective date is the first of the month following the filing date of the motion to modify, the interest accrual is based upon the order that was effective during that time frame, not on the new modified amount. Interest does not accrue on any increased modified child support until the first day of the month following the date the modification order was filed. If the overall decrease as a result of the modification results in an overpayment, CSS is not responsible for refunds per OAC 340:25-5-305.

(d) **Grace period and accrual.** CSS has a grace period when interest is not charged. Interest begins to accrue from the first day of the month following the date the arrears are in excess of one month's current support.

(e) **Interest on cash medical support.** CSS does not calculate or collect interest on unpaid cash medical support.

(f) **Servicemember relief.**

(1) Upon a servicemember's written request, an interest rate cap of 6 percent applies to child support arrearages of members of the military service incurred prior to the start of military service, per Section 3937 of Title 50 of the United States Code.

(2) The servicemember must provide a written request for reduced interest and a copy of the military orders calling the servicemember to service and any orders further extending military service to CSS no later than 180-calendar days after the date of the servicemember's termination or release from military service.

(3) Upon receipt of these documents, CSS applies the 6 percent interest rate to child support arrearages existing as of the date when the servicemember is called to military service and throughout the active military service.

(4) CSS may initiate a court action to challenge the claim that the servicemember's military duty materially affected his ability to pay an interest rate over 6 percent.

(g) **Interest rate.**

(1) CSS calculates simple interest, per 43 O.S. § 114.

(2) For orders established in other states, the law of the state entering the order determines the amount and rate of interest due until a determination of controlling order is made.

(3) For orders established in Oklahoma, Oklahoma law determines the amount and rate of interest due.

(4) When there are multiple child support orders and Oklahoma is determining the controlling order, CSS determines the rate of interest charged, per 43 O.S. § 601-604.

(h) **Order silent as to interest.** When an order that settles or determines a past-due child support amount is silent as to interest, the party with the right to collect has not waived the interest.

(i) **Enforcement.** Accrued interest is considered child support. Interest is included in enforcement remedies.

(j) **Incoming interstate cases.** In the absence of an Oklahoma order, CSS collects interest on incoming interstate cases when an initiating state calculates the interest owed and requests that CSS collect it.

(k) **Outgoing interstate cases.** Before requesting a responding state to enforce a child support order(s) entered in a state other than the responding state, CSS calculates the arrears including the accrued interest claimed.

(l) **Application of payments to interest.** CSS applies payments to interest per OAC 340:25-5-351.

(m) **Waiver of interest.** CSS acknowledges the rights of the custodial person (CP) and noncustodial parent (NCP) to mutually waive, with approval of the court, all or a portion of the interest due to the CP.

(1) CSS may negotiate the right to collect all or part of the interest owed to Oklahoma.

(2) Settlements of interest must be memorialized in a court order and may include:

(A) an NCP's lump sum partial payment or a series of payments; or

(B) an agreement for the NCP to pay:

(i) a specified number of current child support payments in the future; or

(ii) non-cash support.

(n) **Reopening closed cases.** CSS does not reopen closed child support cases at the request of a customer for the purpose of collecting interest.

(o) **Interest on spousal support.** CSS does not calculate or collect interest on spousal support.

## PART 20. MEDICAL SUPPORT

### 340:25-5-171. Enforcement of a medical support order [AMENDED]

(a) When a parent has been ordered to provide health insurance for the child(ren) and has failed to voluntarily enroll the child(ren), Oklahoma Child Support Services (OCSS), uses the National Medical Support Notice (NMSN) to aid in enrolling the child(ren) in the group health plans for which a parent is eligible. OCSS sends the NMSN to the parent's employer as required by Section 666 of Title 42 of the United States Code, Section 609 of the Employee Retirement Income Security Act of 1974, Section 303.32 of Title 45 of the Code of Federal Regulations, and Section 6058A of Title 36 and Section 118.2 of Title 43 of the Oklahoma Statutes.

---

## Permanent Final Adoptions

(b) In addition to issuing a NMSN, when a parent is ordered to provide medical support for the minor child(ren) and is not complying with the order, OCSS may either:

- (1) enforce the medical support order by a license revocation action under Section 139.1 of Title 43 of the Oklahoma Statutes, or by an indirect contempt of court action under Section 566.1 of Title 21 of the Oklahoma Statutes; or
- (2) seek a modification of the order under OAC 340:25-5-198.2.

(c) When a child is eligible for enrollment in the United States Department of Defense's managed health care program, TRICARE, (a) of this Section does not apply. OCSS notifies the custodial person to contact the Defense Manpower Data Center Support Office at 1-800-538-9552 to enroll the child, using the Defense Enrollment Eligibility Reporting System registration process.

(d) If the employer response to the NMSN indicates that enrollment cannot be completed because the cost of coverage exceeds the limits of earnings subject to income assignment under Section 1171.2 of Title 12 of the Oklahoma Statutes, OCSS applies OAC 340:25-5-168 to determine if other coverage is available at reasonable cost or if a cash medical order is appropriate. OCSS conducts a review of the order under OAC 340:25-5-198.1 and seeks a modified order if the review indicates that modification would result in an enforceable medical support order or that the child support order should be adjusted.

(e) OCSS issues a non-compliance letter to the employer when the employer:

- (1) has not returned the NMSN within 20 business days after the date of the NMSN notifying OCSS that:
  - (A) the employer does not offer group dependent health coverage;
  - (B) the employee is among a class of employees that is not eligible for family coverage under the employer's plans;
  - (C) the employee is not employed by the employer; or
  - (D) state or federal withholding limitations or prioritization of withholding prevent the required employee contribution to obtain coverage;
- (2) has not forwarded the NMSN to the insurer within 20 business days after the date of the NMSN; or
- (3) is the insurer and has not returned the NMSN within 20 business days after the date of the NMSN indicating that either the child(ren) has been enrolled in the plan and the effective date of coverage or there is more than one option available and one must be selected.

(f) OCSS issues a non-compliance letter to the insurer when the insurer has not returned the NMSN within 40 business days after the date of the NMSN indicating that either the child(ren) has been enrolled in the plan and the effective date of coverage or there is more than one option available and one must be selected.

(g) OCSS may initiate legal proceedings to request the court fine employers and insurers when there is no response indicating full compliance with the requirements of the NMSN within 10 business days after the date of the non-compliance letter. Fines may be imposed by the court for up to \$200 a month per child for each failure to comply with the requirements of the NMSN under Section 6058A of Title 36 and Section 118.2 of Title 43 of the Oklahoma Statutes.

(h) If the employer or insurer complies with the requirements of the NMSN, OCSS may dismiss the case against the employer or insurer.

(i) Employers and insurers must send any fine(s) imposed by the court, under Section 235 of Title 56 of the Oklahoma Statutes, by check or money order to OCSS, Attention: Finance, P.O. Box 248822, Oklahoma City, Oklahoma 73124-8822.

(j) When a parent has been ordered to provide health insurance for the child(ren) and the other parent or custodial person has failed or refused to provide information necessary to enroll the child(ren) in the health insurance plan, OCSS:

- (1) releases the information as appropriate per OAC 340:25-5-67 when family violence is not an issue;
- (2) determines noncooperation and begins the case closure process per OAC 340:25-5-114, ~~340:25-5-118~~, and 340:25-5-123 when the parent refusing to provide the information is the applicant for services;
- (3) obtains the necessary information from the parent by a license revocation action per Section 139.1 of Title 43 of the Oklahoma Statutes, or by an indirect contempt of court action per Section 566.1 of Title 21 of the Oklahoma Statutes; or
- (4) seeks a modification of the order per OAC 340:25-5-198.2.

### PART 21. ESTABLISHMENT

#### **340:25-5-176. Establishment of parentage [AMENDED]**

(a) **Legal authorities.** Oklahoma Department of Human Services Child Support Services (CSS) establishes parentage and provides genetic testing when appropriate based on the facts of the case, per:

- (1) Sections 653, 654, and 666 of Title 42 of the United States Code (42 U.S.C. §§ 653, 654, & 666);

# Permanent Final Adoptions

---

(2) Parts 302 and 303 of Title 45 of the Code of Federal Regulations; and

(3) Sections 83, 90.4, and 7700-101 - 7700-902 of Title 10 of the Oklahoma Statutes (10 O.S. §§ 83, 90.4, and 7700-101 - 7700-902), 43 O.S. §§ 601-201, 601-401, & 601-701, 56 O.S. §§ 230.60, 231 - 240.23, and 63 O.S. §§ 1-311 and 1-321.

(b) **Legal parents.** CSS applies the presumptions in 10 O.S. § 7700-204(A)(1) through (4) to an individual when the individual and the woman who gave birth to the child are married. CSS applies the presumption in 10 O.S. § 7700-204(A)(5) to an individual regardless of gender. CSS requests the court confirm parentage in cases where the individual is a presumed parent.

(c) **Acknowledgment of Paternity.** Form 03PA209E, Acknowledgment of Paternity, can only be completed by the biological mother and biological father of the child, per 10 O.S. § 7700-301. CSS provides Form 03PA209E for voluntary acknowledgment of paternity, per 10 O.S. § 7700-312 and 63 O.S. §§ 1-311 and 1-311.3. CSS also provides companion forms that include instructions for completion, described (1) through (4) of this subsection. Signed and witnessed forms must be filed with the Oklahoma State Department of Health (OSDH), Division of Vital Records.

(1) When parents of an adult child, 18 years of age and older, complete Form 03PA209E, the adult child must give consent to add the natural father's name to the birth certificate. The child indicates consent by signing Form 03PA212E, Adult Child's (18 Years or Older) Consent.

(2) Form 03PA210E, Denial of Parentage, must accompany Form 03PA209E when the mother of a child is married to someone other than the natural father and the child is born within 300-calendar days after the marriage is terminated, per 10 O.S. § 7700-204.

(3) CSS provides Form 03PA211E, Rescission of Acknowledgment of Paternity, to rescind the legal finding of parentage created by having previously signed Form 03PA209E, per 10 O.S. §§ 7700-307 and 7700-312. This form must be completed, signed, and filed with the OSDH Division of Vital Records within 60-calendar days after the date of the last signature on Form 03PA209E.

(A) When a person submits Form 03PA211E within 60-calendar days after the date of the last signature on Form 03PA209E, CSS sends notice of the rescission to all other signatories on Forms 03PA209E and 03PA210E. Notice is given by mailing a copy of the rescission to the address of the signatories as shown on Forms 03PA209E and 03PA210E and to the last-known address of the signatories, if different.

(B) When rescissions are submitted to CSS past the 60-calendar day time period, CSS sends a letter to the person who submitted Form 03PA211E informing him or her that the rescission is invalid because it was not timely submitted.

(4) CSS provides Form 03PA213E, Rescission of Denial of Parentage, to rescind the legal finding of parentage created by having previously signed Form 03PA210E, per 10 O.S. §§ 7700-307 and 7700-312. Form 03PA213E must be completed, signed, and filed with the OSDH Division of Vital Records within 60-calendar days after the date of the last signature on Forms 03PA209E and 03PA210E.

(A) When a person submits Form 03PA213E to CSS within 60-calendar days after the date of the last signatures on Forms 03PA209E and 03PA210E, CSS sends notice to all other signatories of Forms 03PA209E and 03PA210E. Notice is given by mailing a copy of Form 03PA213E, to the address of the signatories as shown on Forms 03PA209E and 03PA210E and to the last known addresses of the signatories, if different.

(B) When Form 03PA213E is submitted to CSS past the 60-calendar day time period, CSS sends a letter to the person who submitted Form 03PA213E informing him or her that the rescission of denial of parentage is invalid because it was not timely submitted.

(d) **Servicemembers.** When CSS establishes parentage and either parent is a servicemember, CSS applies the provisions of the Servicemembers Civil Relief Act, codified in 50 U.S.C. §§ 3901 through 4043.

(e) **Genetic testing of relatives.** When CSS has the cooperation of a deceased alleged biological father's relatives, CSS establishes parentage of the child(ren) through genetic testing of the relatives as necessary according to the standards and provisions of the Uniform Parentage Act, 10 O. S. §§ 7700-501-7700-511.

(f) **Supplemental Security Income (SSI).** CSS establishes parentage against a parent who is disabled and receiving monthly SSI before reviewing the case for possible closure, per Oklahoma Administrative Code (OAC) 340:25-5-123.

(g) **Defaults.**

(1) CSS pursues all alleged **biological** fathers before requesting the court enter a default parentage order.

(A) CSS requests a default order when genetic testing shows one alleged father is the biological father or all other alleged fathers are excluded by genetic testing. CSS uses other legal processes to compel genetic testing, such as license revocation or contempt of court proceedings.

- (B) CSS requests the court determine parentage when unable to obtain genetic testing on two or more alleged biological fathers.
- (2) CSS does not request a default parentage order when the alleged biological father is the case applicant and the CP objects to the alleged biological father being found the father without genetic testing. When a default parentage order is entered and either party contacts CSS in writing within 30-calendar days of entry of the default order, CSS treats the request as a motion to rehear, vacate, or modify, per 12 O.S. § 1031.1. CSS takes necessary steps to bring the action before the court for resolution.
- (3) When requesting a default parentage order CSS follows OAC 340:25-5-134.
- (h) **Genetic testing costs.** Costs incurred in parentage establishment cases are paid per (1) through (4) of this subsection.
- (1) CSS advances the costs for genetic testing and recovers the genetic test costs from the noncustodial parent or as ordered by the court.
- (2) When CSS genetic test results are contested, CSS requests payment in advance of a second genetic test by the requesting party.
- (3) When a court orders CSS to provide genetic testing and CSS does not have a case open for services, CSS requires a party to complete an application for services.
- (4) In interstate cases, CSS follows OAC 340:25-5-270.
- (i) **Genetic testing services.**
- (1) When parentage is not established, CSS performs genetic testing when appropriate before establishing parentage and child support orders. CSS only performs genetic testing in open, full-service cases and limited services cases per OAC 340:25-1-1.2.
- (2) The case applicant may apply for case closure, per OAC 340:25-5-123 after parentage and child support are established.
- ~~(3) CSS does not provide genetic testing only services.~~

### **340:25-5-190. Service of process [AMENDED]**

- (a) **Authority.** Oklahoma Human Services Child Support Services (CSS) follows the provisions of Section 2004 of Title 12 of the Oklahoma Statutes (12 O.S. § 2004) for service of process. CSS uses the most cost effective and efficient method of service of process depending on what is most appropriate under the facts of the case. CSS ensures the appropriate parents and custodians are served.
- (b) **Service by regular mail to address of record (AOR).** Service to the AOR by regular mail ~~may be appropriate for parents and custodians is used~~ when an AOR is on file with the Central Case Registry for a party in the case, per 43 O.S. § 112A and Oklahoma Administrative Code 340:25-5-340. CSS sends copies of all pleadings and orders to the AOR and all other current addresses. When the party has provided to CSS an email address, CSS sends the pleadings ~~and acknowledgement and waiver of service documents~~ to that email address at the same time as mailing to the AOR by regular mail. Service to the AOR is not appropriate when the:
- (1) remedy sought may result in the obligor's incarceration including, but not limited to, indirect civil contempt actions; or
- (2) ~~court may require a higher level of notice~~ action is to the affected party including, but not limited to, actions to determine paternity.
- (c) **Service by acknowledgment.** CSS delivers the documents directly to a party and requests the party accepts and acknowledges service, as appropriate. The Acknowledgment of Service is filed in the court case.
- (d) **Service by certified mail.** Service by mail is made by certified mail, return receipt requested, and delivery restricted to the addressee. CSS uses service by certified mail when service to the AOR or by Acknowledgment of Service is not appropriate or successful. CSS staff is not required to attempt service by certified mail before attempting personal service when the case history indicates a low probability of acceptance or the court requires personal service.
- (e) **Service by personal delivery.** Service by personal delivery is completed by a sheriff, deputy sheriff, individual licensed to make service of process in civil cases, or an individual specially appointed for that purpose per 12 O.S. § 2004. CSS uses service by personal delivery when:

## PART 22. REVIEW AND MODIFICATION

### 340:25-5-198.1. Review of a child support order [AMENDED]

- (a) **Purpose.** The purpose of the review process is to determine whether a child support order should be modified to ensure substantial compliance with the child support guidelines in Sections 118-118I through 119 of Title 43 of the Oklahoma Statutes (43 O.S. §§ 118-118I & 119) and Oklahoma Administrative Code (OAC) 340:25-5-178.
- (b) **Notification requirements.** At least once every three years after a child support order is established, reviewed, or modified, Oklahoma Human Services (OKDHS) Child Support Services (CSS) notifies all parties in a full-service case of the right to request a review of the child support order and the process for requesting a review.
- (c) **Authority for review.** CSS conducts a review every three years in cases with a Temporary Assistance for Needy Families (TANF) assignment. CSS determines the tribunal with jurisdiction under subsection (e) of the Full Faith and Credit for Child Support Orders Act, codified in Section 1738B(e) of Title 28 of the United States Code (28 U.S.C. § 1738B(e)) and the Uniform Interstate Family Support Act (UIFSA) in 43 O.S. §§ 601-101 through 601-903 to modify the order. When another tribunal has jurisdiction to modify the child support order, CSS follows the provisions in (j) of this Section. When Oklahoma has jurisdiction to modify the child support order, CSS follows the provisions of this subsection. CSS completes the review and modification process within 180-calendar days after a request is received or the non-requesting party is located, whichever is later.
- (d) **Initiation of review.**
  - (1) CSS reviews an order upon written request by a customer or on its own initiative:
    - (A) when there is a material change in circumstances per 43 O.S. § 118I;
    - (B) per 56 O.S. § 237 when the evidence in the case justifies a modification, per OAC 340:25-5-198.2, regardless of whether there is a change of circumstances; or
    - (C) per Section 303.8 of Title 45 of the Code of Federal Regulations and OAC ~~340:25-5-178(k)~~ 340:25-5-178, when the noncustodial parent (NCP) is incarcerated.
  - (2) CSS notifies the parties of the review with instructions for submitting financial and other information required for the review.
  - (3) CSS does not initiate a review upon customer request when:

- (A) the non-initiating party is not located;
  - (B) it has been less than 12 months since the child support order was established, reviewed, or modified unless there is a material change of circumstances;
  - (C) the preliminary information indicates the change of circumstances does not significantly impact the child support amount or the change of circumstances is temporary; or
  - (D) there is evidence the monthly child support amount or judgment payment is based on a NCP's ability to pay and the NCP is working in a job consistent with the NCP's education and training.
- (4) When CSS determines the customer review request does not meet the provisions in (1) of this subsection, CSS provides available pro se self-help modification forms to the customer.
- (5) CSS does not seek an upward modification of a child support order or a judgment payment upon request when an NCP is:
- (A) employed full-time in an occupation consistent with the NCP's education and training;
  - (B) ordered to pay more than 20 percent of the NCP's gross income; and
  - (C) is not paying the full court-ordered monthly child support amount.
- (e) Medical enforcement only (MEO) cases.**
- (1) When either the custodial person or the noncustodial parent requests a review, CSS changes the services offered from an MEO to a full-service case. CSS notifies the parties of the change in services provided.
  - (2) When the non-applicant requests the review, the non-applicant must complete Form 03EN001E, Application for Child Support Services, per OAC 340:25-5-110.
- (f) Initial review.** Within 15-calendar days after receiving a request for a review, CSS determines if the criteria described in (d)(1) of this Section are met. CSS notifies the requesting person when the criteria for review are not met. If the criteria are met, CSS may:
- (1) request further information as necessary from the parties; or
  - (2) proceed with the review process when CSS considers it has information sufficient to complete the process.
- (g) Final review.** Within 30-calendar days after the deadline for the parties to submit requested financial and other information to CSS, per (d) of this Section, CSS completes the review process and notifies parties of its determination as to whether the support order should be modified.
- (h) Modification after review.** CSS staff follows OAC 340:25-5-198.2 to determine if the child support order is modified after the review process is complete.
- (i) Termination of the review process.**
- (1) The person requesting a review may withdraw the request after the review process begins, upon CSS approval. CSS does not accept requests to withdraw the review after making a determination that the child support order be modified.
  - (2) When the requesting person fails to supply information requested by CSS as instructed, CSS may terminate the review process, unless CSS or the non-requesting party requests the process continue.
  - (3) When CSS initiates the review, failure of the parties to return requested information does not stop the review process. CSS proceeds, using the best information available.
- (j) Interstate cases.**
- (1) When a tribunal other than an Oklahoma district or administrative court has jurisdiction under UIFSA to modify an order, CSS obtains the information necessary for the review.
    - (A) CSS transmits the documents to the Title IV-D agency in the other state within 20-calendar days after receipt of the request to modify the order and of the completed documents from the person requesting the modification.
    - (B) CSS issues and enforces a subpoena to compel compliance with the request for documents if the non-requesting party fails to return the required documents or CSS is unable to obtain the necessary information to proceed and an Oklahoma tribunal has personal jurisdiction over the non-requesting party.
    - (C) CSS may terminate the review process in an interstate case per (i) of this Section and 43 O.S. §§ 601-611 and 601-615.
  - (2) When Oklahoma has jurisdiction to modify the order of another state or foreign country per 43 O.S. § 601-102, the order is registered in Oklahoma for modification per 28 U.S.C. § 1738B(i) and 43 O.S. §§ 601-609 through 601-616.

### 340:25-5-198.2. Modification [AMENDED]

# Permanent Final Adoptions

---

(a) **Authority for modification.** Oklahoma Human Services Child Support Services (CSS) may initiate modification of a child support order per Section 303.8 of Title 45 of the Code of Federal Regulations (45 C.F.R. §303.8), Sections 112, 118-118I, 118.1, 119, 601-611, 601-613, and 601-615 of Title 43 of the Oklahoma Statutes (43 O.S. §§ 112, 118-118I, 118.1, 119, 601-611, 601-613, and 601-615), and 56 O.S. § 237. CSS initiates a modification in the appropriate tribunal when facts indicate modification is warranted under applicable state or federal law or regulation.

(b) **Modification of child support order.** CSS seeks a modification when:

(1) there is a material change in circumstances per 43 O.S. § 118I. For this purpose, a material change in circumstances occurs when the child support obligation would increase or decrease by 20 percent but not less than \$30. Changes in circumstances include but are not limited to:

(A) a change in either parent's gross income;

(B) a change in child care;

(C) a change in medical;

(D) a child reaching the age of majority per 43 O.S. § 112;

(E) when there is a change in physical custody verified, per Oklahoma Administrative Code (OAC) 340:25-5-201.1;

(F) when the noncustodial parent (NCP) is incarcerated for more than 180-consecutive days per 45 C.F.R. § 303.8 and OAC ~~340:25-5-178(k)~~ 340:25-5-178; or

(G) when the Social Security Administration determines one of the parents is disabled and the parent is receiving Supplemental Security Income or Social Security Disability Income; or

(2) per 56 O.S. § 237 the evidence in the case justifies a modification regardless of whether there has been a change of circumstances including, but not limited to, when:

(A) the original order fails to set child support according to the guidelines;

(B) an adjustment is needed to maximize a NCP's available income to meet the current child support obligation in each of the NCP's cases; or

(C) a parent provides proof the child support obligation is being satisfied in full or in part by an apportionment of the veteran's disability compensation.

(c) **Modification of medical support order.**

(1) CSS seeks a modification of a medical support order, when:

(A) there is no existing order for either parent to provide dependent health care coverage. CSS initiates a modification of a support order to require either or both parents to provide dependent health care coverage when CSS obtains information the child(ren) is not covered under an existing health care plan, regardless if coverage is currently available to either parent;

(B) the availability of medical insurance changes;

(C) there is an order for the custodial person to provide medical support for the minor child(ren) and enforcement of the order is not appropriate per 43 O.S. § 139.1 or 21 O.S. § 566;

(D) an order for the NCP to provide medical insurance and the release of information necessary for enrollment of the child is inappropriate due to family violence and a cash medical order is appropriate per OAC 340:25-5-198; or

(E) there is an order for a parent to provide medical insurance, the applicant for child support services did not request services against that parent, and the ordered parent is not actually providing medical insurance for the child.

(2) When CSS participates in the modification of a child support order filed by a party, CSS requests the court order contain a provision for medical support consistent with OAC 340:25-5-168.

(3) When a child support order exists, CSS considers a request to establish a medical support order as a request for modification of the order per 43 O.S. § 118.1. CSS seeks a medical support order in a tribunal with jurisdiction to modify the child support order and follows procedures per OAC 340:25-5-198.1.

(4) When cash medical support is ordered as part of a modification action, CSS requests a cash medical support order be effective the first day of the month following the entry of the order.

## PART 23. ENFORCEMENT

### 340:25-5-200. Enforcement [AMENDED]

(a) **Scope and applicability.** Oklahoma Human Services Child Support Services (CSS) follows Part D of Subchapter IV of Chapter 7 of Title 42 and Section 1738B of Title 28 of the United States Code (28 U.S.C. § 1738B) Section 303.6 of Title 45 of the Code of Federal Regulations (45 C.F.R. § 303.6), and Section 240.1 of Title 56 of the Oklahoma Statutes (56 O.S. § 240.1) in initiating enforcement proceedings.

(1) Orders for current and past child and spousal support, health care coverage, fixed amounts of medical support, judgments, and delinquencies may be enforced through expedited and judicial processes, or through other collection efforts.

(2) Past-due child support is a judgment by operation of law and may be enforced in the same manner as any other money judgment, per 43 O.S. § 137.

(3) Post-judgment remedies do not require an adjudicated judgment by a district or administrative court.

(4) Each missed support payment is a judgment; thus, a judgment increases with each missed payment. This total judgment becomes a lien on the noncustodial parent's (NCP) real and personal property.

(b) **Non-Oklahoma support order.** CSS registers a support order from another state, Native American tribe, territory, or foreign country, per subsection (b) of the Full Faith and Credit for Child Support Orders Act codified in 28 U.S.C. § 1738B(b) and 43 O.S. § 601-101(21) when enforcement of the order is sought.

(c) **Multiple support orders.** When multiple child support orders are entered in the same or different tribunals involving the same NCP and child, CSS seeks a determination of controlling order, per 43 O.S. §§ 601-207, 601-307, and 601-601 through 601-603 and Oklahoma Administrative Code (OAC) 340:25-5-270.

(d) **Legal remedies.** CSS determines appropriate enforcement actions and may use any legal remedy to enforce support obligations. CSS chooses remedies designed to obtain compliance with an obligor's support obligations and does not use any remedy for the purpose of punishment. When an NCP is participating in the CSS problem-solving court program or complying with a seek work order, CSS considers the NCP's participation and compliance, per OAC 340:25-5-200.3, when choosing enforcement remedies. Remedies CSS may use include, but are not limited to:

(1) annual notice to NCP, per 56 O.S. § 237A and OAC 340:25-5-213;

(2) income assignment, garnishment, and levy, per Chapter 21 of Title 12 Oklahoma Statutes, 43 O.S. §§ 115 and 601-501 through 601-507, 56 O.S. §§ 237, 240.2, and 240.23, and 42 U.S.C. § 666;

(8) revocation, suspension, non-renewal, and non-issuance of various licenses,, per, 47 O.S. §§ 1-153, 6-201, and 6-211, and 56 O.S. §§ 237.1 and 240.15 through 240.21A;

(9) imposing liens and executing and levying on personal and real property, including, but not limited to, workers' compensation benefits, personal injury, wrongful death, and probate actions, per 43 O.S. § 135, 56 O.S. §§ 237B and 240.23, and Titles 12 and 58 of the Oklahoma Statutes;

(10) registration of foreign support orders and judgments, per the Uniform Interstate Family Support Act per 43 O.S. §§ 601-100 through 601-903 and the Uniform Enforcement of Foreign Judgments Act, 12 O.S. §§ 719 through 726;

(13) seek work orders, per 56 O.S. § 240.10;

(14) indirect civil contempt of court, per 21 O.S. §§ 566 and 567, 43 O.S. § 137, and 56 O.S. § 234.

(A) CSS does not use contempt as a penal sanction and does not recommend incarceration to the district court at sentencing in an indirect civil contempt proceeding unless there is evidence or information available that the can purge the contempt. CSS asks the court to set a reasonable purge fee, per Rule 8.3 of the Rules of the District Court;

(B) CSS may use indirect civil contempt of court to compel genetic testing of either party per 21 O.S. § 566, 56 O.S. § 240.23; and

(15) when a debtor transfers income or property to avoid child support payments, action to void the transfer or obtain favorable settlement per the Uniform Fraudulent Transfer Act, 24 O.S. §§ 112 through 123 and 42 U.S.C. § 666;

(e) **Servicemember.** When CSS initiates proceedings to enforce a child support order for a child of an NCP or a custodial person who is a servicemember, CSS applies the provisions of the Servicemembers Civil Relief Act, per 50 U.S.C. §§ 3901 through 4043.

(f) **Incarcerated NCP.** When an NCP is incarcerated for 180-consecutive days, CSS follows 43 O.S. §118I and OAC 340:25-5-140 regarding abatement of child support orders.

(g) **Spousal Support.** CSS enforces a spousal support obligation for a spouse or former spouse per 42 U.S.C. § 654 and 45 C.F.R. § 302.31 when CSS is enforcing that spouse's or former spouse's current child support obligation.

## **340:25-5-214. Passport denial, revocation, restriction, or limitation [AMENDED]**

(a) Section 652 of Title 42 of the United States Code (42 U.S.C. 652) provides for the United States Secretary of State to refuse to issue a passport to a person certified as owing child support debt. It also provides for action to revoke, restrict, or limit a passport already issued. If the amount of arrears owed by a person exceeds the threshold amount for certification set by federal law or regulation, Oklahoma Department of Human Services, Child Support Services (CSS) may certify the person under 42 U.S.C. 654 and Section 240.1 of Title 56 of the Oklahoma Statutes (56 O.S. 240.1).

(b) Before issuing a certification as described in (a) of this Section, CSS provides notice to the noncustodial parent (NCP) of CSS determination that the NCP owes child support debt, the consequences of the determination, and the opportunity to contest the determination through either:

(1) the annual notice process as established in 56 O.S. § 237A and Oklahoma Administrative Code (OAC)

340:25-5-213; or

(2) notice of federal offset under Section 303.72 of Title 45 of the Code of Federal Regulations and OAC 340:25-5, Part 25.

(c) If CSS finds a request for certification was submitted in error, or in a life or death situation, CSS requests immediate release of an NCP's passport from the process described in (a) of this Section.

(d) Prior to release of a passport, CSS follows OAC 340:25-5-350.3. CSS may request release of an NCP's passport from the process described in (a) of this Section if the NCP pays the entire child support debt or:

(1) pays the entire child support debt down to the threshold amount;

(2) enters into a repayment agreement or order to retire the remaining child support debt in not more than 36 equal monthly payments; and

(3) provides CSS with a verified source of future income for which an income assignment may be issued for payment of all current support and arrears.

(f) After requesting release of a case from the passport referral process, CSS may at any time recertify the case as described in (a) of this Section.

## **PART 37. RECOVERY**

### **340:25-5-305. Overpayment and recovery policies [AMENDED]**

(a) **Legal authority.** Oklahoma Human Services (OKDHS), Child Support Services (CSS) recovers CSS overpayments per Title IV, Part A of Subchapter IV of Chapter 7 of Title 42 of the United States Code; Section 109.5 of Title 43 of the Oklahoma Statutes (43 O.S. § 109.5); and 56 O.S. §§ 171, 185, and 231 through 244.

(b) **Purpose.** The rules in this Part:

(1) establish CSS policies and procedures used to recover CSS overpayments to custodial persons (CP), noncustodial parents (NCP), and other entities; and

(2) resolve payment disputes arising from overpayments.

(c) **Overpayment recipient and categories.** An overpayment means a CSS payment to a CP, NCP, or other entity to which the entity or person is not entitled. The recipient of the overpayment owes the amount to CSS, acting on behalf of the state of Oklahoma. Categories of overpayments are described in (1) through (3) of this subsection.

(1) Retained support occurs when the CP kept support payment(s) in violation of the assignment of support rights.

(2) Erroneous payment occurs when CSS incorrectly paid money to a CP, NCP, or other entity, or failed to retain money assigned to Oklahoma because of an administrative error.

(3) Bad debt occurs when:

- (A) the funding for a payment CSS makes to a CP or NCP is subsequently withdrawn when a tax intercept or other collection is revoked;
- (B) a check or other payment instrument CSS receives from an NCP or other payor on behalf of the NCP is dishonored after a payment is made to the CP; or
- (C) CSS issues a payment to a CP based on an incorrect arrearage balance or an incorrect allocation of a payment.

**(d) Overpayment recovery.**

(1) CSS may use any legal remedy to recover overpayments including, but not limited to:

- (A) voluntary payments;
- (B) state income tax refund intercepts per 68 O.S. § 205.2; and
- (C) lottery prize claims, per 3A O.S. § 724.1.

(2) When an overpayment resulted in whole or in part from false or misleading statements, concealed information, willful misrepresentation, or when fraud is otherwise suspected, CSS reports the information to the OKDHS Office of Inspector General for appropriate action. Action may include, but is not limited to, investigation and criminal prosecution.

(3) In active Temporary Assistance for Needy Families (TANF) cases, when a TANF recipient retains child support receipts, CSS may make a noncooperation referral to Title IV-A staff. CSS recovers overpayments from TANF customers through voluntary payments, state income tax refund intercepts, and lottery prize claims.

**(e) Recovery amount.**

(1) To recover child support overpayments, CSS retains 25 percent of monthly current support payments collected for the recipient and retains the total amount of any arrearage payments collected at any time until the overpayment is recovered in full. The percent retained can be changed:

- (A) at the CSS director's discretion; or
- (B) when the CSS Center for Finance and Budget determines the overpayment is a result of CP fraud.

(2) When the CP receives his or her full monthly support payment in the same month as an overpayment, CSS retains the full amount of any subsequent payments for that month up to the overpayment amount. CSS satisfies any remaining overpayment as set forth in (1) of this subsection.

**(f) Notice and administrative review.**

(1) CSS sends an overpayment and recovery notice to the overpayment recipient. The notice includes the overpayment amount, payment withholding and collection remedies, and instructions for requesting an administrative review and hearing, per Oklahoma Administrative Code 340:25-5-200.1.

(2) The administrative review provides an opportunity for the overpayment recipient to offer new or additional information regarding the overpayment amount. After the review, CSS issues a notice of administrative review decision.

(3) When an agency, agent, or entity of the state of Oklahoma or another state owes the overpayment, CSS may collect the amount of overpayment without notice or providing the opportunity to object.

**(g) Limits to overpayment recovery.**

(1) CSS Center for Finance and Budget completes a case review on the balances owed to a CP prior to disbursing an overpayment.

(2) CSS is not responsible for creating or recovering overpayments for:

- (A) a non-Title IV-D case or time periods when non-Title IV-D cases convert to Title IV-D cases;
- (B) time periods when:
  - (i) CSS collects under a court order that was later vacated or after the case is dismissed;
  - (ii) the parties fail to provide CSS with verification of a change in the child's physical custody;
  - (iii) CSS collects under a court order that is later modified; or
  - (iv) CSS collects under a court order and the child is adopted;
- (C) time periods when cash medical support is distributed to a CP and the Oklahoma Health Care Authority retroactively certifies medical assistance; or
- (D) ongoing regular payments during the period an NCP incarcerated.

(3) When a child support modification order is effective back to the date the motion to modify was filed and the modified support amount is less than the amount previously ordered and paid, CSS satisfies the amount due when the NCP owes past-due child support by offsetting the arrears amount, up to the balances currently owed.

(4) CSS does not charge, collect, or pay interest on overpayments.

# Permanent Final Adoptions

---

(h) **Issuing refunded amounts.** When an NCP makes an overpayment, amounts less than \$3 are not refunded unless issued on an Electronic Benefits Transfer (EBT) card. Amounts less than \$3 and not issued on an EBT card are remitted to the OKDHS General Revenue Fund Treasury.

(i) **Returning excess support amounts.** When CSS receives a payment that exceeds the NCP's total arrears balance, CSS returns the excess amount to the payor within 45-calendar days after discovering the over collection.

(j) **Payments made in error.** When CSS receives an erroneous payment from the payor that is not disbursed, CSS returns it to the payor within 45-calendar days after discovery. CSS is not required to correct, redirect, or recover the payment unless it is retained;

(k) **Payments that cannot be disbursed to a party.**

(1) CSS applies support collections to other applicable balances associated with the NCP, such as assigned state balances or balances owed to another CP, when the:

- (A) CP's address is unknown;
- (B) CP fails to activate the debit card; or
- (C) debit card is returned to the vendor.

(2) CSS remits a payment to the OKDHS General Revenue Fund Treasury, when the payment cannot be:

- (A) disbursed to a CP;
- (B) applied to assigned state balances associated with an NCP;

  - (ii) debit card is not activated; or
  - (iii) debit card is returned to the vendor; or
- (D) returned to the payor.

(l) **Inactive status and closure of overpayment recovery cases.**

(1) CSS may place an overpayment recovery case in inactive status when the whereabouts of the recipient of the overpayment are unknown. When the recipient is located, CSS returns the case to active status.

(2) CSS may close an overpayment recovery case when:

- (A) the overpayment has been satisfied by payment in full;
- (B) the recipient dies and leaves no resources from which the overpayment may be paid; or
- (C) CSS determines that the overpayment is uncollectible.

## PART 39. ACCOUNTING AND DISTRIBUTION

### 340:25-5-350.3. Payment of support through Centralized Support Registry [AMENDED]

(a) **Centralized Support Registry.** Oklahoma Department of Human Services (~~DHS~~)(OKDHS) Child Support Services (CSS) operates a Centralized Support Registry (Registry), also known as the State Disbursement Unit, for the receipt, recording, allocation, distribution, and disbursement of support payments. CSS operates the Registry per Sections 410 and 413 of Title 43 of the Oklahoma Statutes (43 O.S. §§ 410 and 413), Sections 302.51 and 303.100 of Title 45 of the Code of Federal Regulations (45 C.F.R. §§ 302.51 and 303.100), and Sections 654b and 657 of Title 42 of the United States Code (42 U.S.C. §§ 654b and 657).

(1) This Section applies to both Title IV-D and non-Title IV-D cases, unless the context clearly indicates otherwise.

(2) When a non-Title IV-D child support case has an income assignment in place, the Registry processes child support payments received from unemployment compensation benefits as income assignments per federal and state law.

(b) **Support payments.**

(1) Support payments must be paid as instructed in writing by CSS to the Registry.

(2) CSS offices may accept support payments when a payment is made:

- (A) in connection with a court action; or
- (B) as part of a settlement agreement on a lien or levy.

(c) **Method of payment.** CSS may require payors and persons to provide information needed to identify and properly allocate and distribute payments and to submit payments to the Registry, per 43 O.S. § 413.

(1) Support payment amounts are converted from a foreign country's order amount to a United States (U.S.) dollar amount at the time of the referral or application and that exchange rate remains in place until the child support order is modified or the arrears are confirmed.

(2) CSS:

- (A) allocates and distributes support payments, per Oklahoma Administrative Code (OAC) 340:25-5-351;
  - (B) modifies or enforces international orders, per OAC 340:25-5-285;
  - (C) safeguards case information and records received from payors and persons. Information and records concerning Title IV-D and non-Title IV-D recipients of services through the Registry are confidential, per 56 O.S. § 183 except as provided in OAC 340:25-5-67;
  - (D) sends custodial persons (CPs) a quarterly written notice of the amount of current support, arrears, and interest collected, and the amount of collections paid to the CP. CPs may also obtain this information over the Internet or by phoning CSS, per OAC 340:25-1-2.1;
  - (E) reserves the right to refuse to accept a personal or business check or direct debit after receiving a dishonored personal or business check, direct debit, electronic funds transfer (EFT), or other negotiable instrument from the same payor or on the same case; and
  - (F) considers the date of collection to be the date payments are received by the Registry and applies payments to existing case balances as of that date. When a payment collected represents the current support amount for future months, the amount is applied to such future months when there are no past due balances on any of the noncustodial parent's (NCP's) cases, per 45 C.F.R. § 302.51.
- (3) When CSS refuses to accept a personal or business check, direct debit, EFT, or other negotiable instrument from a payor per (2)(E) of this subsection, the payor:
- (A) must submit the payment by cashier's check, certified check, money order, or cash at a CSS verified payment location as identified on the CSS page at <http://www.okdhs.org>;
  - (B) is added to the CSS Returned Payments List;
  - (C) remains on the Returned Payments List until CSS receives the equivalent of 12 months of payments unless:
    - (i) the payment is returned due to missing endorsement;
    - (ii) the payor provides prior notification that payment will be returned and remits a replacement payment within 10-calendar days of notification in the manner required by CSS;
    - (iii) the returned payment is insufficient funds caused by a CSS Financial Institution Data Match levy; or
    - (iv) CSS deems the reason for returned payment is out of payor's control; or
  - (D) must request removal from the Returned Payments List by contacting CSS, per OAC 340:25-1-2.1.
- (4) CSS notifies the payor by mail:
- (A) of the reason for the returned payment;
  - (B) that the payor was placed on the Returned Payments List;
  - (C) that the payor must submit payments as outlined in (3)(A) of this subsection; and
  - (D) how the payor can be removed from the Returned Payments List.
- (5) When CSS removes the payor from the Returned Payments List and subsequently has another payment returned, the payor is added back to the Returned Payments List and remains there indefinitely.
- (d) EFT support payments.** NCPs, employers, and other payors may register to make electronic payments through the CSS online child support payment system (e-Pay), available through <http://www.okdhs.org/services/ocss/pages/paymentoptions.aspx>.
- (1) To transfer child support payments electronically, NCPs, employers, and other payors must:
    - (A) call CSS at the phone numbers provided in OAC 340:25-1-2.1 to set up the EFT process;
    - (B) have a valid email account;
    - (C) have Internet access;
    - (D) be a legal owner of a:
      - (i) bank account held at a financial institution within the U.S.; or
      - (ii) VISA or MasterCard credit or debit card held at a financial institution within the U.S.; and
    - (E) register to use e-Pay.
  - (2) E-Pay payments do not replace federally mandated income withholding and will not stop or cancel income-withholding orders for NCPs.
  - (3) CSS may adjust and release payroll deductions that were electronically transferred from an NCP's wages. When an adjustment cannot be processed in time to effect the change on the next scheduled electronic funds transfer, employers do not refund money to the employee, make adjustments to subsequent EFT payments, or take other action to correct the amount deducted.
  - (4) CSS reserves the right to:

# Permanent Final Adoptions

---

- (A) close an e-Pay account and impose fees and charges when a scheduled payment transaction is returned for any reason;
- (B) add the payor to Returned Payments List, per (c)(3) of this Section; and
- (C) specify what payment formats are used to conduct the electronic funds transfer between businesses to state child support entities.

## (e) Payment issuance.

- (1) Per ~~42 U.S.C. § 654 and 45 C.F.R. § 302.38, 62 O.S. § 34.64~~, CSS issues payments to the CP ~~only by transferring funds electronically, also known as direct deposit, or~~ and refunds to the obligor ~~electronically~~ through debit cards or direct deposit.
- (2) In interstate cases, CSS issues payments to the initiating state Title IV-D agency by electronic funds transfer and only issues payments by paper warrant to initiating states that do not have an electronic funds transfer system.
- (3) Payments issued by debit card.
  - (A) When a ~~DHSOKDHS~~ customer has a debit card, at the point of CSS initial child support payment issuance for a CP, a letter is mailed explaining that child support funds are added to the existing debit card account.
  - (B) When a ~~DHSOKDHS~~ customer was not issued an Oklahoma debit card at the point of CSS initial child support payment issuance, a letter is mailed explaining the debit card activation process and that the debit card should be expected within 10- business days. The CP must activate the debit card within 90-calendar days of issuance.
    - (i) When a card is not activated, CSS mails a second letter to the CP after 45- calendar days and a third letter after 90-calendar days. The letters explain the importance of activating the debit card and that when the card is not activated within 90-calendar days the payment is no longer available on the debit card.
    - (ii) Payments issued to a CP who has not activated the debit card are returned to CSS after 90-calendar days. When payments are returned to CSS, payments are applied, per OAC 340:25-5-350.4. When the payments were distributed to other case balances or returned to the NCP, the payments are not redistributed to the CP.
- (4) Payments issued by direct deposit. After receiving a debit card, the CP may enroll in direct deposit by calling the toll-free customer service phone number located on the back of the debit card. There are no charges or fees for receiving child support payments by direct deposit. A CP must have a bank account held at a financial institution within the U.S. to receive direct deposit child support payments and normal banking charges may apply.

## (f) Forged endorsement on warrants.

- (1) When a CP reports that a warrant has been fraudulently cashed, CSS compares the payee's signature against the endorsement on the warrant and verifies that the signatures do not match.
- (2) CSS sends the following completed and signed documentation by the payee to the Oklahoma State Treasurer's Office (OST):
  - (A) Form 10AD044E, Affidavit of Lost or Destroyed Warrant;
  - (B) Form 10AD045E, Affidavit of Forged Endorsement; and
  - (C) Form 10AD046E, Investigation Questionnaire.
- (3) CSS issues a replacement warrant to the payee after CSS receives the return of funds from OST and the OST mandatory 60-calendar day holding period closes.

## (g) Overcollected support amounts. CSS returns overcollected support amounts, per OAC 340:25-5-350.1.

## (h) Payment errors. When payments were disbursed, CSS manages payment errors as described in this subsection.

- (1) When a payor makes a payment error, CSS is not required to correct, redirect, or recover the distributed payment, unless it was retained by ~~DHSOKDHS~~.
- (2) When CSS errs, CSS recovers overpayments to parties or CPs in Title IV-D and non-Title IV-D cases, per OAC 340:25-5, Part 37.

## (i) Suspicious payment activity. CSS restricts use of payment methods by imposing limits, hold times, or other measures when CSS believes that suspicious activity occurred or may occur on a payor's account.

## SUBCHAPTER 13. CHILD CARE RATES AND PROVIDER ISSUES

### 340:40-13-2. Approving in-home child care [AMENDED]

(a) **Purpose.** In-home child care is care given to a child ~~by~~when a relative ~~coming~~comes into the child's own home. A parent may choose an in-home provider even when an out-of-home provider is available. The purpose of standards for in-home care is to help ensure the safety of children cared for in their own home when the usual, responsible adult is temporarily absent due to employment, training, illness, or other valid reason.

(b) **Qualifications of caregiver.** The caregiver:

- (1) must be related to the child. "Related to" means an aunt, uncle, grandparent, great grandparent, or sibling not living in the home;
- (2) must be at least 18 years of age;
- (3) demonstrates the vitality and flexibility needed to care for children and the ability to exercise good judgment and appropriate authority;
- (4) may not be a member of the child's household;
- (5) may only care for the child of one family at a time. The provider may provide care to more than one family as long as the hours do not overlap, and the child of each family is cared for in his or her own home; and
- (6) must not be under the effects of alcohol, illegal drugs, or medication that impairs functioning when caring for children.

(c) **Requirements prior to approval of the caregiver for subsidy payment.** After a parent or caretaker selects a caregiver, requirements in (1) through (3) of this subsection must be met before the caregiver may be approved as an in-home provider.

(1) The client and caregiver ~~must complete~~completes and ~~signs~~signs forms described in (A) through (C) of this paragraph.

(A) Form 08CC003E, In-Home Mutual Agreement and Notification to Provide Child Care Services, notifies the caregiver of the eligibility and child care plan for the child requiring care and the intent of the parent or caretaker to receive care from the caregiver. ~~Once~~When Form 08CC003E is approved, it also serves as the in-home provider's authorization to bill Oklahoma Human Services (OKDHS) for services provided on or after approval.

(B) Form 08CC004E, Mutual Agreement Regarding the Plan of Care, serves as a basis for discussion between the parent or caretaker and the in-home provider of the plan of care for the child, duties of the in-home provider, how to handle emergencies, and the family rules.

(C) Form 08CC005E, In-Home Provider Health and Safety Checklist, serves as a basis for discussion between the parent or caretaker and the in-home provider of adequate safety precautions and possible safety hazards in the child's home. The parent or caretaker is also responsible for informing the provider of known risks of a contagious condition of one or more persons in the household. The disclosure allows for training in the universal precautions against exposure.

(2) The caregiver ~~must provide~~provides a copy of the caregiver's photo identification and Social Security card.

(3) The caregiver must provide proof of the results of an Oklahoma State Bureau of Investigation (OSBI) criminal history investigation as described in (A) of this paragraph and not be guilty of crimes or enter a plea of guilty or nolo contendere, no contest, to crimes described in (B) of this paragraph.

(A) Criminal history investigations:

- (i) are required and must be provided by each caregiver and substitute caregiver prior to caring for children;
- (ii) are not required for persons who have documentation of a criminal history investigation within the last 12 months;
- (iii) must be obtained from:
  - (I) OSBI; and
  - (II) the authorized agency in the previous state of residence when the individual has resided in Oklahoma less than one year; and
- (iv) must include a search of the Oklahoma Department of Corrections files OSBI maintains per the Sex Offenders Registration Act; and
- (v) must include a computer check the worker completes using the potential caregiver's Social Security number. When a Child Welfare Services (CWS) case number appears, the worker consults with CWS staff to determine if concerns exist about the potential in-home provider's ability to care for children.

---

## Permanent Final Adoptions

(B) When a caregiver's criminal history report includes a conviction of fiscal mismanagement, such as embezzlement or fraud, or repeated convictions that indicate a pattern of criminal activity, the in-home provider is not approved. Persons who are convicted of or enter a plea of guilty or nolo contendere, no contest, to certain crimes are not approved to care for children or be substitute caregivers. These crimes include:

- (i) violence against a person;
- (ii) child abuse or neglect;
- (iii) possession, sale, or distribution of illegal drugs;
- (iv) sexual misconduct; or
- (v) gross irresponsibility or disregard for the safety of others.

(4) After requirements described in (1) through (3) of this subsection are met, ~~the worker scans the supporting documentation into imaging and consults a supervisor. The supervisor sends an email to Adult and Family Services (AFS) Child Care Services (CCS). Child Care Subsidy Unit staff requesting approval approves or denies the caregiver.~~

(A) When the chosen caregiver is approved as an in-home provider, the approval is valid for a maximum of one year from the date ~~AFSCCS~~ Child Care Subsidy Unit staff signs Form 08CC003E. This form must be renewed annually. When approved, ~~AFSCCS~~ Child Care Subsidy Unit staff ~~mails~~ sends the in-home provider a copy of Form 08CC003E advising the in-home provider of the assigned contract number.

(B) When the chosen caregiver is not approved as an in-home provider, ~~AFSCCS~~ Child Care Subsidy Unit staff sends a letter to the ~~caregiver~~ parent or caretaker advising of the denial and need to choose another caregiver. ~~The worker sends Form 08MP038E, Client Notice of Action Taken, to inform the client of the denial of benefits and need to choose another caregiver.~~

(5) The caregiver must be currently certified in first aid and infant and child cardiopulmonary resuscitation (CPR) from an OKDHS-approved source. Verification of current certification is provided annually.

**(d) Duties of the caregiver.** The caregiver:

- (1) provides adequate care and supervision of children at all times, including frequent observations of children in cribs or playpens. ~~The caregiver~~ parent or caretaker must arrange to have a competent adult provide consistent supervision during the caregiver's absence from the home;
- (2) is responsible only for children specified on Form 08CC003E;
- (3) is aware of adequate safety precautions and takes action to correct hazards to children's safety, both indoors and outdoors;
- (4) provides opportunities for learning, indoor and outdoor play, rest periods, and meals. The caregiver ensures the use of television is age-appropriate and suitable for children;
- (5) gives understanding, consistent, and loving guidance. Discipline is constructive, educational in nature, and appropriate to the child's age and circumstances. Loud, profane, and abusive language, corporal punishment, or any technique that is either humiliating or frightening to children is not used. Discipline is not associated with rest, toilet training, or loss of food;
- (6) seeks emergency medical attention in case of sudden illness or accident. The parent or guardian stipulates who to call in case of an emergency by entering this information on Form 07LC038E, Child Information. The caregiver has emergency phone numbers readily available at all times. Emergency phone numbers include 911, the fire department, police department, ambulance service, and physician or clinic;
- (7) prepares and serves food. The child's family provides the food used to prepare snacks and meals. The caregiver consults with the child's parent(s) or guardian to ensure a balanced diet suitable to the age and physical development of the child is provided; and
- (8) ensures the child's school attendance in accordance with the requirements of the Oklahoma State Department of Education.

**(e) In-home provider training requirements.** The in-home provider must read "The Good Health Handbook - A Guide For Those Caring For Children" within 90-calendar days of the approval date of the in-home provider shown on Form 08CC003E. The in-home provider signs and completes Form 08CC008E, In-Home Child Care Provider Training Declaration of Completion, and returns it to the ~~AFSCCS~~ Child Care Subsidy Unit staff. The signature and completion of Form 08CC008E meets the in-home provider training requirement for the first year of approval.

(1) After the first year of approval, the in-home provider must annually receive and declare six clock-hours of training. The provider may meet the training requirement by attending workshops, formal training programs, viewing videos, or through individual job-related readings. The declaration is valid for one year from the date the provider signs the document.

---

(2) Training hours ~~earned by~~ the in-home provider earns may transfer from one family to another during the year the declaration is in force.

(g) **Requirements prior to approval for a special needs child care rate for a child with disabilities.** When an in-home child care provider cares for a child with disabilities, the provider may be approved for the special needs rate in addition to the applicable daily rate. Prior to receiving this additional rate, the:

(1) client, provider, and worker must complete Form 08CC006E, In-home Child Care Certification for Special Needs, per Oklahoma Administrative Code 340:40-7-3.1;

(2) provider must receive on-site consultation regarding the nature of the child's disability and the development of the child care plan including how to operate equipment the child needs and any specialized training needs.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 15, 2025:

## SUBCHAPTER 1. GENERAL PROVISIONS

### 340:50-1-8. Reporting racial/ and ethnic groups [AMENDED]

The Oklahoma Department of Human Services ~~is required to obtain~~ (OKDHS) obtains ethnic and racial data on household members participating in the Supplemental Nutrition Assistance Program in the manner ~~described by the Food and Nutrition Service~~ describes per Section 272.6(g) of Title 7 of the Code of Federal Regulations.

(A) The application must clearly indicate that the:

- (i) provision of ethnic and racial data is voluntary and will not affect the eligibility or benefit level of food benefits; and
- (ii) information is needed to ensure that food benefits are distributed without regard to race, color, or national origin.

(B) When ~~the an~~ applicant, adult household member, or authorized representative does not ~~self-identify~~ identify ethnic and racial information on the application prior to the interview, the worker asks the applicant, adult household member, or authorized representative to provide ethnic and racial information during the interview and explains the:

- (i) documentary evidence;
- (ii) the household's racial or ethnic designations on previous OKDHS forms; or
- (iii) other reasonable nonvisual verification.

(B) When the applicant, adult household member, or authorized representative chooses not to provide racial and ethnic status information and there is no nonvisual evidence in the case record, the worker indicates that the racial and ethnic status is unknown in the eligibility system.

(3) **Race and Ethnic Categories.** To provide flexibility and ensure data quality, separate categories are used to collect and report ethnicity and race information.

(A) The applicant, adult household member, or authorized representative is asked to provide ethnicity information first. The ethnicity question is "Are you Hispanic or Latino?" The term "Spanish origin" may be used in addition to "Hispanic" or "Latino." Hispanic or Latino refers to a person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of race.

(B) The applicant, adult household member, or authorized representative is then offered the option of selecting one or more racial designations. Racial designations include:

- (v) White, referring to a person with origins in any of the original peoples of Europe, the Middle East, or North Africa.

The household's eligibility and benefit level are based on ~~food benefit~~ SNAP eligibility criteria, and the ~~household is certified per~~ worker certifies using SNAP rules. Refer to OAC 340:50-11-20 through 340:50-11-27 when processing food benefit applications for households approved for SSP ~~and/or~~ TANF.

(D) ~~Immediately upon receipt in an OKDHS office, all~~ All applications are screened to determine if the household is entitled to expedited services. (A) Households select their head of household at each certification action or when there is a change in household composition.

(B) When all adult members do not agree to the selection or decline to select an adult head of household, the household may select another head of household, or the worker may designate a head of household.

(C) In no event does the failure to select an adult who has parental control of children delay the certification or result in the denial of benefits for an otherwise eligible household.

(3) **Authorized representative.** Per Section 273.2(n)(1) of Title 7 of the Code of Federal Regulations (7 C.F.R. § 273.2(n)(1)), an authorized representative is an adult non-household member who can act on behalf of the SNAP household. A household may allow any SNAP household member or non-household member, when authorized, to purchase food or meals for the SNAP household with the electronic benefits transfer (EBT) card, per 7 C.F.R. § 273.2(n)(3).

(B) A non-household member may be designated as an authorized representative for the application process provided the person is an adult who is knowledgeable of the relevant household circumstances. When possible, the head of the household or spouse prepares or reviews the application, even though the authorized representative actually files the application and is interviewed.

(4) **Restrictions on authorized representatives.** The worker ensures an authorized representative is properly designated and has not been disqualified for an intentional program violation, per OAC 340:50-5-10.1 and 340:50-15-25, or is not restricted from serving as an authorized representative, per 7 C.F.R. § 273.2(n)(4) and information included in (A) through (E) of this subsection.

In such instances, the worker determines there is no one else available to serve as an authorized representative. The worker must separately determine if the person is needed to apply for or to obtain benefit on behalf of the household.

(D) An authorized representative is disqualified from serving as an authorized representative in SNAP for up to one year when evidence demonstrates he or she misrepresented a household's circumstances, knowingly provided false information pertaining to the household, or made improper use of benefits.

(i) Information indicating that a person should be disqualified as an authorized representative is forwarded to Adult and Family Services (AFS) SNAP program staff, for a decision. The worker is notified in writing of the decision.

(ii) When the person is disqualified, appropriate notification is mailed to the household by AFS SNAP program staff.

(iii) This provision does not apply to persons serving as authorized representatives for group homes or drug and alcoholic treatment centers. However, authorized representatives for group homes or drug and alcohol treatment centers who intentionally misrepresent household circumstances may be prosecuted under applicable federal and state statutes for their acts.

(E) Homeless meal providers, such as soup kitchens, temporary shelters, or contracted restaurants, are known as authorized or private, non-profit establishments. These authorized or private, non-profit establishments may not act as authorized representatives for homeless food benefit recipients.

**(c) Processing initial applications.** The application date for online submissions SNAP applications is the date ~~the household submits the application to the OKDHS Live website at [www.okdhslive.org](http://www.okdhslive.org) or [www.okbenefits.org](http://www.okbenefits.org)~~ OKDHS receives the application during operating hours. When the household applies outside of operating hours, over the weekend, or on a holiday, the application date is the next day OKDHS is open. When ~~the county~~ an OKDHS AFS office receives an application that contains the applicant's name and address; and is signed by a responsible member of the household or the household's authorized representative, the household's application date is the date it is received and stamped into the county office except as stipulated, per OAC 340:50-9-1(c) ~~and~~, 340:50-9-6(e), and 340:50-11-105(d). When the application is signed by the responsible person or authorized representative for a household also applying for SSP or TANF, the application is processed, per OAC ~~340:50-11-340:50-11-20.~~

(1) **Normal processing standard for initial applications.** The worker must provide eligible households who complete the initial application process with food benefits within 30-calendar days following the date the initial application is submitted.

(2) **Withdrawing application.** A household may voluntarily withdraw its application at any time prior to the eligibility determination.

**(d) Second 30-calendar day period.** A new application is not needed when a household completes the application interview within 30-calendar days, is denied for failing to provide verification, and then provides the required verification within 60-calendar days. When the household waits until the second 30-calendar day period to provide the verification, there is a break in benefits and the worker changes the application and certification dates to the date the verification is provided. Refer to OAC 340:50-11-5 when the verification is postponed for an expedited certification.

### SUBCHAPTER 9. ELIGIBILITY AND BENEFIT DETERMINATION PROCEDURES

#### **340:50-9-5. Changes after application and during the certification period [AMENDED]**

**(a) Change reporting requirements.** Section 273.12 of Title 7 of the Code of Federal Regulations (7 C.F.R. § 273.12) contains change reporting requirements after application and during the certification period described in (a) through (j) of this Section.

**(b) Applicant households.** Applicant households must report all changes related to their food benefit eligibility and benefit amount. Households must report changes that occur after the interview but before the date of the notice of eligibility, within 10-calendar days of the date of the notice.

**(c) Annual reporting households.** Annual reporting households are households in which all adult members are elderly or disabled with no earned income.

(1) **Certification period.** A 24-month certification period is automatically assigned to annual reporting households. Annual reporting households must complete a mid-certification renewal between certification periods to report current household circumstances.

# Permanent Final Adoptions

---

(2) **Change reporting between renewal periods.** Between the mid-certification renewal and certification renewal reporting months, the household must report gross income changes when the household's income exceeds the maximum gross income scale for household size shown on Form 08MP006E, Information for Benefit Renewal, and when the household wins substantial lottery or gambling winnings as defined, per 7 C.F.R. § 273.11(r) and Oklahoma Administrative Code (OAC) 340:50-7-1, within 10-calendar days of receipt of the first payment attributable to the change. The maximum gross income scale is based on 130 percent of the monthly poverty income guidelines.

(3) **Action taken on reported changes.** The worker must act on all changes reported by households.

(A) The computer system determines if the change results in an increase, decrease, or no change in benefits.

(B) Between the mid-certification renewal and certification renewal months, the changes the worker makes do not decrease or close benefits until the mid-certification renewal is due unless the:

(i) household's income increase exceeds the maximum gross income scale for household size shown on Form 08MP006E;

(ii) household requested benefit closure;

(iii) worker has information about the household's circumstances considered verified upon receipt, per (h) of this Section;

(iv) a household member is identified as a disqualified or ineligible person, per 7 C.F.R. § 273.12(a)(5)(vi) and OAC 340:50-5-10.1; or

(v) the worker verifies the household won substantial lottery or gambling winnings as defined, per 7 C.F.R. § 273.11(r) and OAC 340:50-7-1(b). When this occurs, refer to (j) of this Section, and OAC 340:50-7-1(b) and 340:50-7-6, for information regarding actions that are taken.

(C) The computer system applies all changes that increase benefits. Before entering a change that increases benefits, verification supporting the change must be provided, when required.

(d) **Mid-certification renewal for annual reporting households.** Annual reporting households are sent notification in the 11th month of certification that the mid-certification renewal is due. The notice explains methods the household may choose to complete the renewal and required verification needed. An interview is not required.

(1) **When the mid-certification renewal is due.** The household must complete the benefit renewal and provide required verification by the last day of the 12th month of certification.

(2) **Completion of mid-certification renewal.** The worker reviews benefit renewal information and verification provided to determine completeness and continued eligibility.

(A) When the renewal is complete and the household remains eligible, the worker acts on all reported changes and the computer system applies any increase or decrease in benefits.

(i) When the household fails to provide sufficient information regarding a deductible expense requiring verification, the worker processes the mid-certification renewal without regard to the deduction.

(ii) When benefits are decreased, an advance notice is sent, per Oklahoma Human Services (OKDHS) Appendix B-2, Deadlines for Case Actions.

(iii) When a categorically eligible household as defined in OAC 340:50-11-11(b)(1) has income that now exceeds the maximum gross income standards for household size per Appendix C-3, Maximum Food Benefit Allotments and Standards for Income and Deductions, the worker uses the procedures in (k) of this Section.

(B) When the household is no longer eligible, the worker closes food benefits effective the next advance-notice deadline date, per (OKDHS) Appendix B-2.

(C) When the renewal is incomplete, the computer system closes food benefits effective the next advance-notice deadline date, per (OKDHS) Appendix B-2.

(3) **When benefits may be reopened.** Food benefits may be reopened following closure when criteria is met per (l) of this Section.

(e) **Semi-annual reporting households.** Food benefit households are considered semi-annual reporting households unless they meet criteria per (b), (c), or (g) of this Section.

(1) **Certification period.** A 12-month certification period is automatically assigned to semi-annual reporting households.

(2) **Change reporting between renewal periods.** Between the mid-certification renewal and certification renewal reporting months, the household must report when:

(A) the household's gross income exceeds the maximum gross income scale for household size shown on Form 08MP006E and when the household wins substantial lottery or gambling winnings as defined, per 7 C.F.R. § 273.11(r) and OAC 340:50-7-1, within 10-calendar days of receiving the first payment attributable to the change. The maximum gross income scale is based on 130 percent of the monthly poverty income guidelines; and

(B) a decrease in work hours below an average of 20 hours per week or 80 hours per month occurs for any household member meeting the able-bodied adults without dependents (ABAWD) work rules, per OAC 340:50-5-100, by the 10th of the following month.

**(3) Action taken on reported changes.** The worker must act on all changes reported by households.

(A) The computer system determines if the change results in an increase, decrease, or in no change in benefits.

(B) Between mid-certification renewal and certification renewal months, the changes the worker makes do not decrease or close food benefits until the mid-certification renewal is due unless:

(i) the household's income increase exceeds the maximum gross income scale for household size shown on Form 08MP006E;

(ii) the household requested benefit closure;

(iii) the worker has information about the household's circumstances considered verified upon receipt, per (h) of this Section;

(iv) an ABAWD must be removed from the food benefit household because he or she does not meet the ABAWD work rule, per OAC 340:50-5-100;

(v) a household member is identified as a disqualified or ineligible person, per 7 C.F.R. § 27312(a)(5)(vi) and OAC 340:50-5-10.1;

(vi) a household member is identified as failing to meet work registration requirements, per OAC 340:50-5-85 through OAC 340:50-5-87; or

(vii) the worker verifies the household won substantial lottery or gambling winnings as defined, per 7 C.F.R. § 273.11(r) and OAC 340:50-7-1(b). When this occurs, refer to (j) of this Section, and OAC 340:50-7-1(b) and 340:50-7-6, for information regarding actions that are taken.

(C) The computer system applies all changes that increase benefits. Before entering a change that increases benefits, verification supporting the change must be provided, when required.

**(f) Mid-certification renewal for semi-annual reporting households.** Semi-annual reporting households are sent notification in the fifth month of certification that the mid-certification renewal is due. An interview is not required.

**(1) When the mid-certification renewal is due.** The household must complete the benefit renewal and provide required verification by the last day of the sixth month of certification.

**(2) Completion of mid-certification renewal.** The worker reviews benefit renewal information and verification provided to determine completeness and continued eligibility.

(A) When the renewal is complete and the household remains eligible, the worker acts on all reported changes and the computer system applies any increase or decrease in benefits.

(i) When the household fails to provide sufficient information regarding a deductible expense requiring verification, the worker processes the mid-certification renewal without regard to the deduction.

(ii) When benefits are decreased, the worker sends an advance notice, per OKDHS Appendix B-2, Deadlines for Case Actions, deadline dates.

(iii) When a categorically eligible household as defined in OAC 340:50-11-11(b)(1) has income that now exceeds the maximum gross or net income standards for household size per Appendix C-3, the worker uses the procedures in (k) of this Section.

(B) When the household is no longer eligible, the worker closes food benefits effective the next advance-notice deadline date, per OKDHS Appendix B-2.

(C) When the renewal is incomplete, the computer system closes food benefits effective the next advance-notice deadline date, per OKDHS Appendix B-2.

**(3) When benefits may be reopened.** Food benefits may be reopened following closure when criteria is met, per (l) of this Section.

**(g) Change reporting households.** Change reporting households are assigned a certification period other than 12 or 24 months. These households are required to report changes within 10-calendar days of when the change occurred.

**(1) Household characteristics.** Households not approved for a 12- or 24-month certification period include households approved for:

# Permanent Final Adoptions

---

(A) expedited services for one or two months because verification was postponed, per OAC 340:50-3-2; and

(B) a three- or four-month certification period because the household includes one or more ABAWDs that do not meet the work rule, per OAC 340:50-5-100.

(2) **Required change reporting.** These households must report changes in:

(A) sources of income;

(B) unearned and earned income of the income reporting threshold, per Appendix C-3;

(C) household composition, such as an addition or loss of a household member;

(D) residence and shelter costs;

(E) the legal obligation to pay child support;

(F) the work hours of an ABAWD subject to benefit time limits, per OAC 340:50-5-100 when they fall below 20 hours per week; and

(G) resources when the household wins substantial lottery or gambling winnings as defined, per 7 C.F.R. § 273.11(r) and OAC 340:50-7-1(b). When this occurs, refer to (j) of this Section, and OAC 340:50-7-1(b) and 340:50-7-6, for information regarding actions that are taken.

(3) **Action taken on case changes.** The worker must act on changes reported by the household within 10-calendar days of the date the household reported the change and provided necessary verification.

(A) When the household fails to report a change within the 10-calendar day period and, as a result, receives benefits to which it is not entitled, an overpayment claim is referred to Adult and Family Services (AFS) Benefit Integrity and Recovery, per OAC 340:50-15.

(B) When the worker fails to take timely action on a reported change and benefits are lost, the worker supplements the household's food benefits.

(4) **Changes that increase benefits.** When the household reports a change that increases benefits the household must verify the information before the worker makes the change. The worker gives the household 10-calendar days to verify the information.

(5) **Changes that decrease or close benefits.** When the household reports a change in household circumstances that decreases or closes food benefits, the worker gives or sends the household Form 08AD092E, Client Contact and Information Request, giving the household 10-calendar days to provide verification of the change. When the household provides required verification, the worker reduces or closes food benefits based on the verification provided. When the household does not provide required verification, the worker closes the food benefits based on the household's failure or refusal to provide verification.

(A) When a household's benefit decreases or closes, an advance notice of adverse action per Appendix B-2 is required unless exempt from such notice for a reason listed in (i) or (ii) of this subparagraph. ~~Per 7 C.F.R. § 273.13, advance notice of adverse action is considered timely when the notice is mailed at least 10-calendar days before the action becomes effective.~~ The household retains its right to a fair hearing and continuation of benefits when a fair hearing is requested within 10-calendar days of the change notice. An adverse action notice may be mailed just prior to the date the household receives or would have received benefits when the:

(i) OKDHS receives a clear written statement signed by a responsible household member:

(I) stating the household no longer wishes to receive food benefits; or

(II) giving information that requires closure or reduction of food benefits and stating that the household understands the food benefit will be reduced or closed; or

(ii) worker closes or reduces food benefits per notice requirements at (m)(3)(A) of this Section.

(B) When an advance notice is required, the benefit decrease or closure is effective action must occur on or before the next advance notice deadline date, per OKDHS Appendix B-2. When the household reports a change:

(i) 10-calendar days or more before the advance-notice deadline, per OKDHS Appendix B-2, the worker decreases or closes the food benefit effective the first of the following month; or

(ii) less than 10-calendar days before the advance-notice deadline, per OKDHS Appendix B-2, the worker must take action before the advance-notice deadline the following month.

(C) When a reported change increases food benefits, the worker makes the change by the non-advance-notice deadline date, per OKDHS Appendix B-2.

(h) **Changes considered verified upon receipt.** Verified upon receipt means the information is not questionable and the provider is the primary source of the information. For example, when OKDHS receives Social Security and Supplemental Security Income verification through data exchange with the Social Security Administration (SSA), it is considered verified upon receipt because SSA is the primary source. When the worker receives information considered verified upon receipt, he or she makes the change within 10-calendar days of notification using OKDHS Appendix B-2 deadline dates.

(i) **Required action on unclear information.** During the certification period, the worker may obtain unclear information about a household's circumstances that may affect the household's continued eligibility or benefit amounts. The worker may receive the unclear information from a third party, such as a data exchange discrepancy, an employer, or a person claiming knowledge of the household's circumstances. Unclear information is information that is not verified or is verified but the worker needs additional information before acting on the change.

(1) Per 7 C.F.R. § 273.12(c)(3)(i), when the worker receives unclear information in a non-report month for semi-annual or annual reporting households or any month for change reporters, he or she sends Form 08AD092E to the household to verify its circumstances within 10-calendar days only when the unclear information:

(A) significantly conflicts with the information used at the time of the certification, indicating the household may have failed to report eligibility information at application; or

(B) is fewer than 60-calendar days old, relative to the current participation month and, when true, must be reported under the household's reporting responsibilities.

(2) When the household provides the requested verification in a non-report month, the worker determines what action to take per requirements at (c)(3) and (e)(3) of this Section.

(3) When the worker sends Form 08AD092E, per (i)(1)(A) or (B) of this Section, and the household does not respond or responds but refuses to provide sufficient information to clarify its circumstances, the worker closes the household's food benefits effective the next advance-notice deadline date, per OKDHS Appendix B-2;

(4) Per 7 C.F. R. § 273.12(c)(3)(iii), when the worker receives a data match that indicates a household member may have died or may be incarcerated for more than 30-calendar days, the worker sends Form 08AD092E to the household notifying it of the discrepancy and requesting information regarding the household member.

(A) When the household is a change reporting household and:

(i) fails to respond to Form 08AD092E or responds but refuses to provide sufficient information to clarify the person's household status, the worker closes the household's food benefits;

(ii) responds and verifies the person is not dead or incarcerated, no action is taken; or

(iii) responds and confirms the accuracy of the data exchange information, the worker removes the person from the food benefit and determines if an overpayment referral is needed, per OAC 340:50-15.

(B) When the household is an annual or semi-annual reporting household and:

(i) fails to respond to Form 08AD092E or responds but refuses to provide sufficient information to clarify the person's household status, the worker removes the person and his or her income from the household and adjusts the food benefits;

(ii) responds and verifies that the person did not die or is not incarcerated, no action is taken; or

(iii) responds and confirms the accuracy of the data exchange information, the worker removes the person and his or her income from the household, adjusts the food benefits, and determines if an overpayment referral is needed, per OAC 340:50-15.

(j) **Required action on substantial lottery or gambling winnings.** The worker must take prompt action to verify receipt of substantial lottery or gambling winnings and begin closure procedures when the household or a third party reports the household received substantial lottery or gambling winnings, per OAC 340:50-7-1(b), for all types of reporting households.

(1) When the household reports substantial winnings, verification of the winnings is required. The worker closes the SNAP food benefit for the entire household when verification is received even when the household states all of the winnings were spent, per 7 C.F. R. § 273.11(r). The worker also closes the SNAP food benefit when the household fails to provide verification after being given 10-calendar days to do so.

(2) When the worker receives information from a data match or other third party regarding the household's receipt of substantial lottery or gambling winnings, the action required depends on whether the information is unclear, per (i) of this Section.

(A) When the worker receives a direct match from a lottery or gambling entity and there is no question regarding which client received the winnings, the worker closes the SNAP food benefit effective the next advance notice deadline date, per OKDHS Appendix B-2.

# Permanent Final Adoptions

---

(B) When the worker receives the information from a ~~third party~~third-party data match or another third party, the worker follows unclear information procedures per (i) of this Section.

(3) When the worker closes the SNAP food benefit due to substantial lottery or gambling winnings, the household must reapply and may not be considered categorically eligible the first time it reapplies, per 7 C.F.R. § 273.11(r), OAC 340:50-7-1(a)(2) and 340:50-11-111(d). To regain eligibility, the household must meet non-categorical resource requirements, per 7 § C.F.R. 273.8 and OAC 340:50-7-6, and verify how the winnings were spent down below the appropriate resource standard, per OKDHS Appendix C-3. This applies to all households, including households receiving Supplemental Security Income or Temporary Assistance for Needy Families. When the household meets non-categorical resource requirements and is certified, it regains categorical eligibility for future applications and renewals unless the household contains a sponsored alien or may not be considered categorically eligible, per OAC 340:50-7-1(a)(2) and 340:50-11-111(d).

(k) **Categorically eligible household changes.** When categorically eligible households, per OAC 340:50-11-111(b), report changes in income, workers do not close the SNAP case due to the household exceeding the gross or net income standards for the household size per Appendix C-3. The worker updates the system with the new income information. When the categorically eligible household exceeds the income standard, the system:

- (1) reduces the monthly allotment to the minimum benefit for one- and two- person households; and
- (2) does not issue a benefit for three or more person households. The SNAP case remains open with no benefit.

(l) **When benefits may be reopened following closure.** The food benefit may be reopened following closure using current eligibility information, when:

- (1) OKDHS did not administer policy and procedures correctly. The food benefit is reopened effective the first day of the month of closure;
- (2) the household fails to complete the mid-certification renewal timely but provides all required verification by the first day of the month of closure. The food benefit is reopened effective the first day of the month of closure; or
- (3) the household fails to complete the mid-certification renewal timely but provides all required verification by the last day of the month of closure. The food benefit is reopened and prorated from the date the household completes the mid-certification renewal and provides all required verification.

(m) **Notice requirements.** OKDHS is required to send a notice to the household when food benefits increase, reduce, or close.

(1) **Advance notice of adverse action required.** Prior to reducing or closing food benefits during the certification period, per 7 C.F.R. § 273.13, the worker must provide timely advance notice unless circumstances described in (m)(2) or (3) of this Section occur.

(A) Advance notice of adverse action is ~~considered~~ timely when the notice is mailed ~~at least 10-calendar days before the action becomes effective. Refer to~~according to the deadlines for processing actions with advance notice, per OKDHS Appendix B-2 ~~for advance notice processing deadlines.~~

(B) When the household reports a change:

- (i) 10-calendar days or more before the advance notice of adverse action deadline, the worker decreases or closes the food benefit effective the first of the following month. ~~For example, when the household reports a change on May 18th, the effective date of the change is June 1st;~~
- or
- (ii) less than 10-calendar days before the advance notice of adverse action deadline, per OKDHS Appendix B-2, the worker decreases or closes the food benefit effective the first of the month after the following month. ~~For example, when the household reports a change on May 25th, the effective date of the change action is July 1st.~~

(2) **Notice requirement when benefits increase.** When a reported change increases food benefits, the worker makes the change by the non-advance notice deadline date, per OKDHS Appendix B-2. When the change is reported after the ~~non-advance notice~~non-advance notice deadline, the worker supplements food benefits.

(3) **Advance notice of adverse action not required.** Advance notice of adverse action is not required for actions (A) through (H) of this paragraph, per 7 C.F.R. § 273.12(e) and 7 C.F.R. § 273.13(b).

(A) **Mass changes.** When OKDHS initiates mass changes because of changes or requirements in federal or state law, the computer system closes benefits by the non-advance-notice deadline, per OKDHS Appendix B-2. In these situations, the individual notification requirement is waived and AFS mails generic notices to the affected households informing them of the changes that are about to be made.

(B) **Deceased household members.** When the worker determines, based on reliable information, that all members of the household are deceased, the worker closes benefits by the non-advance-notice deadline, per OKDHS Appendix B-2.

(C) **Moved out of state.** When the worker determines, based on reliable information, the household moved out of state, the worker closes benefits by the non-advance-notice deadline, per OKDHS Appendix B-2.

(D) **Unfinished issuance certification.** When the unfinished issuance process is used at certification, the worker adjusts the benefit to account for changes anticipated at the time of certification. The certification notice informs the household of all benefit changes included in this process.

(E) **Disqualified household member.** When the only household member is disqualified for an intentional program violation or fraud, per OAC 340:50-15-25, food benefits are closed by the non-advance-notice deadline, per OKDHS Appendix B-2. When there is more than one person in the household, the remaining household members' benefits are reduced or closed because of that household member's disqualification by the non-advance-notice deadline, per OKDHS Appendix B-2.

(F) **Facility loses approval.** When a household's food benefit closes because the drug or alcohol treatment center or group home facility where the household resides is no longer approved, the worker closes benefits by the non-advance-notice deadline, per OKDHS Appendix B-2.

(G) **Household provides written statement.** The worker closes or reduces benefits by the non-advance-notice deadline, per OKDHS Appendix B-2, when the household provides a written statement:

- (i) stating the household no longer wants to receive food benefits; or
- (ii) requesting closure or reduction in food benefits to avoid or repay an overpayment.

(H) **Case transfer.** When closing and transferring food benefits from one case to another case without a decrease or disruption in benefits, the worker closes food benefits by the non-advance-notice deadline, per OKDHS Appendix B-2.

(n) **Action on changes when fair hearings are requested.** When a household requests a fair hearing within 10-calendar days of the date shown on an adverse action notice, the worker must reopen or restore food benefits to the previous level pending the outcome of the hearing unless the household specifically waives continuation of benefits, per 7 § C.F.R. 273.15(k). When OKDHS is not open on the 10th day, the worker accepts a fair hearing request made the following business day. Refer to OAC 340:2-5 for fair hearing procedures.

### **340:50-9-6. Procedures relating to food benefit certification renewals [AMENDED]**

(a) **Worker action.** The worker completes the application process and approves or denies applications for certification renewal in a timely manner, per §273.14 of Title 7 of the Code of Federal Regulations. The worker does not continue Supplemental Nutrition Assistance Program (SNAP) food benefits to the household beyond the certification period until he or she determines continued eligibility and recertifies the household. Refer to Oklahoma Administrative Code (OAC) 340:50-3-3(i) for information regarding verification required at certification renewal.

- (1) Timely certification renewals are processed within the periods described in (A) through (B) of this paragraph.
  - (A) A household with a prior certification period of fewer than three months who applies by the 15th day of the last month of the certification period is provided the opportunity to participate, when eligible, no later than 30-calendar days after the date the household last received its food benefits.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 15, 2025:**

## SUBCHAPTER 1. GENERAL PROVISIONS

### **340:65-1-2. Purpose, legal basis, and confidential nature of case material [AMENDED]**

(a) **Purpose.** The purpose of this Chapter is to describe rules for the comprehensive management of Adult and Family Services (AFS) cases.

(b) **Legal basis.** Oklahoma Human Services (OKDHS) maintains the confidentiality of all applications, information, and records concerning applicants and recipients, per the Oklahoma Social Security Act located in Sections 161-260 of Title 56 of the Oklahoma Statutes (56 O.S. §§ 161-260) and the Federal Social Security Act.

(c) **Custody of records.** All case information including electronic data procured by, or available to, any OKDHS employee is OKDHS property and is used only in accordance with the provisions of federal laws, Oklahoma Statutes, and OKDHS rules.

(1) **Authority to disclose information.** The field manager is responsible for the custody and proper use of records in the OKDHS office. All requests for information from an OKDHS record are referred to the field manager, unless the request originates within OKDHS in carrying out its regular functions. Employees of each OKDHS division may exchange necessary information when working with the same family or a related case to provide benefits and services.

# Permanent Final Adoptions

---

(2) **Safeguarding case information.** OKDHS employees safeguard case information, per Oklahoma Administrative Code (OAC) 340:1-1-20, OKDHS:2-41-15, OKDHS:2-45, OAC 340:65-3-6, and as provided in (A) through (D) of this ~~subsection~~paragraph.

(A) The field manager is:

- (i) the custodian of client records assigned to and located in an OKDHS office, or processed at an alternate work location; and
- (ii) responsible for:
  - (I) taking reasonable precautions to ensure the confidentiality and proper use of client case information; and
  - (II) ensuring employees know OKDHS rules regarding safeguarding client case information and when and to whom information may be released.

(B) Per OKDHS:2-1-301, alternate work locations must be capable of safeguarding case information. When an alternate work location does not meet safeguarding standards, case information is not received, stored, or processed at that location.

(C) Practices for safeguarding information include:

- (i) secure records storage in locked buildings, rooms, and containers;
- (ii) securely storing OKDHS-owned electronic equipment;
- (iii) controlling or restricting access to areas containing case information;
- (iv) case information is:
  - (I) secured in a storage area, such as in a desk or file cabinet, when an employee is not present;
  - (II) not stored on any electronic device or storage media that is not OKDHS property;
  - (III) not emailed outside of OKDHS unless it is encrypted; and
  - (IV) destroyed in secure destruction bins when in paper form, after it is no longer needed or required; and
- (v) providing reasonable privacy or restricted viewing of electronic data visible on computer screens or mobile devices.

(D) Information that must be safeguarded includes:

- (i) names and addresses, including lists;
- (ii) information contained in an application;
- (iii) investigation reports;
- (iv) medical data including, but not limited to, diagnosis and past history of disease and disability;
- (v) correspondence and other records concerning the condition or circumstances of any person from whom or about whom information is obtained;
- (vi) evaluations of information contained in (i) through (v) of this subparagraph; and
- (vii) all data items available on computer screens. Disclosure to any unauthorized person is a federal and state regulation violation. Authorized persons are:
  - (I) the client;
  - (II) the client's authorized representative;
  - (III) OKDHS employees;
  - (IV) authorized volunteers; and
  - (V) other agencies' employees with a contract or agreement that allows access to specific data.

(3) **Safeguarding federal tax information (FTI).** Per Section 6103 of Title 26 of the United States Code (26 U.S.C. § 6103), OKDHS safeguards and restricts access to FTI to persons whose duties or responsibilities require access.

(A) FTI information that is safeguarded includes:

- (i) the client's name;
- (ii) the client's Social Security number;
- (iii) Internal Revenue Service (IRS) reporting firm, company, and political subdivision;
- (iv) state agency account number;
- (v) income type; and
- (vi) the amount of income or resources.

(B) AFS restricts FTI access to designated AFS FTI specialists who complete a favorably adjudicated suitability or security background investigation prior to handling FTI and ~~annually~~every five years thereafter. At a minimum, the background investigation must be at a tier-two level as designated by federal investigative standards and include:

- (i) the results of a Federal Bureau of Investigation (FBI) fingerprint check using Form FD-258, FBI Applicant Fingerprint Card, from the state identification bureau. In Oklahoma, the Oklahoma State Bureau of Investigation Criminal Identification Section is the agency authorized to conduct FBI fingerprinting. The fingerprint results check the employee's criminal history in all 50 states;
- (ii) a check of local law enforcement agencies where the employee lived, worked, or attended school within the last five years to identify trends of misbehavior and any identified arrests;
- (iii) validating the employee's identity and eligibility to legally work in the United States (U.S.). New employees must complete the U.S. Citizenship and Immigration Services Form I-9, Employment Eligibility Verification, and be processed through E-Verify within three-business days of completing the form to assist with verifying the employee's employment status and the documents provided with Form I-9; and
- (iv) completing another background investigation every five years following the previous background investigation's completion.

(C) AFS Security (IS) manager reviews a person's background investigation to determine whether AFS hires a job seeker, disciplines or terminates an existing employee, or permits or terminates access to FTI. To evaluate past criminal offenses, felonies, and misdemeanors, the AFS IS manager considers:

- (i) whether OKDHS learned about the offense during the application or a subsequent reinvestigation;
- (ii) what the position's duties and FTI access requirements are;
- (iii) how much time has passed without a subsequent charge or conviction relating to a new offense;
- (iv) whether the offender complied or is complying with any probation or parole terms;
- (v) whether the offender has paid restitution; and
- (vi) how any extenuating circumstances the offender offers mitigate the offense.

(D) Information safeguarding practices include:

- (i) securing FTI, such as any written, typed, photocopied, or printed information from the Income Eligibility Verification System-Internal Revenue Service (IEVS-IRS), and Beneficiary and Earnings Data Exchange System (BENDEX) in a storage area, such as in a locked desk or file cabinet;
- (ii) not viewing or storing FTI on any electronic device that is not OKDHS or state of Oklahoma property;
- (iii) not printing or maintaining FTI in a non-electronic format;
- (iv) not emailing FTI;
- (v) not faxing FTI;
- (vi) not sharing FTI in unapproved applications, such as Microsoft Office 365 applications including, but not limited to, Outlook, Yammer, Teams, SharePoint, OneDrive, and Planner; and
- (vii) not bypassing access controls to enter a restricted area that contains FTI.

(E) FTI disclosure in violation of the guidelines specified in IRS Publication 1075, is a felony punishable by a fine in an amount not exceeding \$5,000 or imprisonment of not more than five years, or both, together with the prosecution costs. Further, an AFS FTI specialist may lose access to FTI and be subject to disciplinary action, per OKDHS:2-1-7, when the specialist:

- (i) does not properly safeguard FTI;
- (ii) does not complete or pass the annual favorably adjudicated suitability or security background investigation; or
- (iii) releases FTI to an unauthorized person(s), per 26 U.S.C. § 7213.

**(4) Nature of information to be made available.** General information not identified with any particular person or group of persons, such as total expenditures made, number of recipients, and other statistical information and social data contained in reports or surveys do not fall within the material to be safeguarded.

**(5) Information release at client request.** Upon the client's, or the client representative's, written request, OKDHS may release client-provided information to the client or the authorized representative. When an OKDHS employee receives a written inquiry from an interested person, another agency, or the courts, and the client's written permission accompanies the inquiry, the employee may furnish the information when the written release specifies what client-provided information to release and to whom it may be released.

**(6) Information release to courts.** OKDHS employees may only release case information about the client in court proceedings upon subpoena, except upon a court official's request in cases of child abandonment and desertion, child neglect, or restitution when OKDHS referred such cases to the court. In these situations, OKDHS employees' testimony is limited to material affecting the administration of public assistance law except when participating in a case the client or the client's representative requested and in which the client's personal interests are at stake.

(A) When a court subpoenas an OKDHS employee to give testimony based upon OKDHS records, the field manager confers with OKDHS Legal Services (LS) regarding the proper way to convey to the court the confidential character of information made available to OKDHS in the process of administering assistance and OKDHS's duty, per 43A O.S. § 10-110, to protect its records.

(B) When there is reason to believe the court will not respect the confidential character of OKDHS records, the field manager communicates immediately with OKDHS LS to determine the best course of action to take.

**(7) Information release to the District Attorney (DA).** OKDHS employees may release information to the DA as necessary, to carry out OKDHS rules regarding child support pursuit from a non-custodial parent. When child support pursuit is required in order for a client to receive Temporary Assistance for Needy Families benefits or SoonerCare (Medicaid), AFS employees inform the client of this requirement.

**(8) Medical information release.** Medical information OKDHS or the Oklahoma Health Care Authority pays for may be released at the request of the person to whom it pertains, as well as to another agency to which the person applied for services with the objective to protect or advance the person's welfare. There is nothing in federal law or Oklahoma Statutes to prevent a physician from releasing medical information to the physician's patient or a patient's authorized representative. In such instances, the physician-patient relationship governs the physician.

(A) OKDHS LS determines if the requested medical information may be released under federal regulations and OKDHS rules.

(B) AFS employees do not release information obtained from the ~~U.S.~~U.S. Department of Veterans Affairs or from the Social Security Administration to anyone outside of OKDHS.

(C) When a client requests a fair hearing on a medical decision, all medical records or reports considered in establishing a medical decision are provided to the client or the client's authorized representative at a reasonable time before the hearing except for psychological and psychiatric records and medical records regarding alcohol or substance abuse treatment. Copies of psychological and psychiatric records and medical records regarding alcohol or substance abuse treatment are only released with the treating physician's or practitioner's consent or when a court of competent jurisdiction orders it released upon a finding that it is in the patient's best interest.

### 340:65-3-1. Eligibility determination [AMENDED]

(a) **Eligibility determination.** The eligibility determination process includes the applicant filing a signed application, the worker certifying or denying benefits, and all subsequent activities required to receive continuous benefits. The applicant has the right and responsibility to participate in the eligibility determination process and is relied on as the ~~first source of~~ information source.

(1) Someone acting on the applicant's behalf, such as an authorized representative or a person with power-of-attorney, may complete the application for all programs except for Temporary Assistance for Needy Families (TANF). The applicant must complete and sign a TANF application.

(2) For another person to apply on the applicant's behalf, the applicant must designate the person as the authorized representative on the signed application or the person provides a completed Form 08MP008E, Authorized Representative Request, or a statement signed by the applicant giving the person permission to act on his or her behalf. The SoonerCare (Medicaid) programs allow others to apply for the applicant without a written designation.

(b) **Filing an application.** A household must complete an application to apply for the Child Care Subsidy Program, Low Income Home Energy Assistance Program (LIHEAP), SoonerCare (Medicaid) Program, Supplemental Nutrition Assistance Program (SNAP), State Supplemental Payment (SSP), TANF, or Diversion Assistance (DA). The applicant may request one or more benefits on the same application ~~except for~~ LIHEAP ~~because it is not an ongoing benefit, so the~~ household may only apply during open enrollment.

(1) The applicant may apply for benefits online, with a worker in an Oklahoma Human Services (OKDHS) office or an embedded work location, or by downloading a paper application and bringing or mailing or faxing it to an OKDHS office or an embedded work location. :

(1) The applicant must sign TANF and DA applications. When the TANF applicant lives with his or her spouse, they ~~must~~ both sign the application.

(2) The applicant may voluntarily withdraw the request for benefits or services before or after signing the application.

(3) An applicant who is:

(B) not eligible for Medicare signs the application using the name shown on his or her Social Security card.

(d) **Interview requirements.** Interview requirements vary by program.

(1) ~~Per Section 206.10 of Title 45 of the Code of Regulations, OKDHS staff must complete a face-to-face TANF certification renewal interview every 12 months. The face-to-face interview may occur in the OKDHS office, at a home visit, or through a virtual video conference.~~

The worker counts the last day in the time period, ~~unless~~ When Oklahoma Human Services (OKDHS) is not open for business on ~~that date~~. ~~When OKDHS is not open on~~ the last day of the application time period, ~~the client~~ the household or assistance unit has until the next business day to comply with eligibility requirements.

(1) **Providing proof.** When OKDHS requires ~~proof is required~~ to determine eligibility, the worker gives the client at least 10-calendar days to provide it. The worker assists the client in obtaining necessary proof, when requested. The worker's assistance may range from explaining how or where to obtain proof to obtaining the proof when the client is unable to do so. The worker is not required to obtain proof for a client who is able; but unwilling to do so.

(2) **Interview.** OKDHS offers all applicants for Child Care Subsidy, SoonerCare (Medicaid), Supplemental Nutrition Assistance Program (SNAP), and Temporary Assistance for Needy Families (TANF) the right to interview at any time during operating hours. # Permanent Final Adoptions

---

- (i) When the client answers, the worker offers to complete the interview.
    - (ii) When the client does not answer or refuses to interview, OKDHS sends Form 08AD091E, Interview Notice, to inform the client of the interview requirement.
  - (B) When the client does not interview within 10-calendar days of the application date, the worker again calls the household to conduct an on demand interview.

- (A) AFS staff makes home visits or other client contacts during normal work hours whenever possible. Home visits may occur outside of normal business hours when the client's needs dictate and a supervisor, field manager, or field manager's designee approves the home visit.
  - (B) The AFS worker makes a home visit when:
    - (i) he or she is unable to obtain necessary documentation from other sources;
    - ~~(ii) a face-to-face interview is required and an office visit creates a hardship for the household;~~

- (D) When the collateral contact provides information related to the client's eligibility that conflicts with information the client provides, the worker gives the client the opportunity to resolve the inconsistency.
- (3) **Public records.** The worker may obtain information from public records that affects the person's eligibility without obtaining the person's consent.
- (4) **Data exchange.** Automated data exchange provides household members' benefit status, wages, income, taxes, Social Security numbers, incarceration status, current address, and death information to OKDHS. Persons who declare themselves or their minor child non-citizens must present documentation of their legal alien status from the United States Citizenship and Immigration Services (USCIS) or other acceptable source. The status, as determined from the documentation, must be verified through the USCIS Alien Status Verification Index (ASVI).
- (6) **Workers' compensation.** AFS staff reviews copies of all Workers' Compensation Commission documents by matching SSNs with OKDHS records. Any court action that appears to potentially impact eligibility is forwarded to the applicable OKDHS office for clearance.

(1) **Application processing time limits.** OKDHS workers process applications within program specific time limits. Refer to Oklahoma Administrative Code (OAC) 340:65-3-2.1, when the time limit's last day occurs on a day OKDHS is not open for business. The time ~~limits are~~ limit for:

- (A) Temporary Assistance for Needy Families (TANF) ~~=, is~~ 30-calendar days;
- (B) Title IV-E Foster Care ~~=, is~~ 30-calendar days;
- (C) Supplemental Nutrition Assistance Program ~~=, is~~ 30-calendar days, unless the household is eligible for expedited service. When the household is eligible for expedited service, OKDHS workers must complete the application within seven-calendar days, per OAC 340:50-11-1;
- (D) State Supplemental Payment (SSP), for persons:
  - (i) categorically related to Aid to the Aged ~~=, is~~ 30-calendar days; and
  - (ii) categorically related to Aid to the Blind or Disabled ~~=, is~~ 60-calendar days; and
- (E) SoonerCare (Medicaid) benefits for:
  - (i) persons categorically related to Aid to the Aged ~~=, is~~ 30-calendar days;
  - (ii) persons categorically related to Aid to the Blind or Disabled ~~=, is~~ 60-calendar days;
  - (iii) Optional Tuberculosis (TB) Coverage group ~~=, is~~ 45-calendar days; and
  - (iv) persons requesting long-term care services ~~=, is~~ 45-calendar days; and
- (F) TANF Emergency Assistance ~~=, is~~ five-working days;
- (G) Low Income Home Energy Assistance Program, per OAC 340:20-1-14:
  - (i) is 60-calendar days of the application date for winter heating and summer cooling; or
  - (ii) is no later than 18 hours of the application date submission of all necessary verification for an Energy Crisis Assistance Program (ECAP) application referral involving a life-threatening medical situation or 48 hours of the application date and the submission of all necessary verification for all other ECAP applications; and
- (H) Refugee Medical Assistance ~~=, is~~ 30-calendar days;
- (I) Child Care subsidy benefits ~~=, is~~ two-business days from the interview date and required proof is provided or, when not provided, within 30-calendar days; and
- (J) Diversion Assistance ~~=, is~~ seven-working days.

(2) **Delayed applications.** When it is not possible to process the application timely, the worker sends the applicant Form 08MP038E, Client Notice of Action Taken, to inform the applicant of the reason for the delay and the applicant's hearing rights. An application is not denied when it cannot be processed timely due to:

- (A) the applicant's failure or delay in providing needed information because of circumstances beyond the applicant's control;
- (B) an examining physician's failure or delay in supplying needed information;
- (C) the Social Security Administration's failure or delay in making a disability decision; or
- (D) the worker's failure to take timely action.

(3) **Certification for cash assistance.** When TANF eligibility is established for the application month, certification is effective from the application date and benefits are prorated per (5) of this Section. When SSP eligibility is established for the application month, certification is effective from the first day of the month and the SSP is not prorated.

- (A) When a TANF applicant requests benefits for an additional person after the application date, but before certification, the worker approves benefits for the additional person effective on the same date as the rest of the assistance unit.
- (B) When a TANF recipient requests benefits for an additional person after certification, the recipient must complete a new application before adding the additional person to the TANF benefit. When eligible, the worker prorates benefits for the additional person from the application date per (5) of this Section.

(C) A retroactive payment may be authorized for any month the worker establishes eligibility prior to the current month. An application denied in error must have payment authorized for the period eligibility is established.

(D) A certification is valid even when a month of ineligibility is determined between application and the date the certification action is taken. An applicant who is ineligible for the month of application and eligible for a subsequent month is certified effective the first day of the subsequent month.

(4) **Notice of ineligibility.** When an applicant is ineligible, a computer-generated denial notice is sent to the applicant explaining the reason. The applicant may request a fair hearing within the time period specified in the notice.

(5) **Proration of TANF benefits.** When eligible, the worker certifies a TANF application from the application date and prorates the initial month's benefit, unless the applicant applied on the first day of the month or received a TANF benefit for the previous month and is eligible to be reopened, per OAC 340:65-5-6. Proration also applies for the first month the worker adds an additional person to an open TANF cash assistance benefit. The family is eligible for the full TANF benefit effective the following month, when applicable.

(A) The worker refers to OKDHS Appendix C-1, Maximum Income, Resource, and Payment Standards, Schedule IX to determine the full monthly TANF benefit before computing the prorated benefit.

(B) The worker uses Appendix B, Prorated TANF and Food Benefit Payment, to compute the prorated benefit amount or the formula:  $31 - \text{application date} \times \text{full monthly TANF benefit} / 30 = \text{the prorated payment}$ . The prorated payment is rounded down to the lower dollar amount.

(i) When the prorated benefit is less than \$10, the family is not eligible for a money payment; but is eligible for SoonerCare (Medicaid) benefits for the entire month.

(ii) When the worker certifies food benefits in the TANF case at the same time or after the TANF certification for the month the TANF payment is prorated, the food benefit unearned income shows the TANF benefit before proration.

(iii) The computer-generated client notice shows the benefit amount for the initial month and following month.

### 340:65-3-8. Continuing eligibility determination [AMENDED]

(a) **Continuing eligibility determination.** The worker determines continued eligibility at appropriate intervals, per (b) of this Section. The worker is responsible for:

- (1) ~~informing~~informs the recipient of his or her change reporting responsibilities, per Oklahoma Administrative Code (OAC) 340:65-5-1, at each contact;
- (2) ~~contacting~~contacts the recipient when possible changes are indicated to ensure continuing eligibility;
- (3) ~~synchronizing~~synchronizes renewal dates for all benefits ~~received by~~ the household receives when possible; and
- (4) ~~determining~~determines continuing eligibility.

(b) **Benefit renewal time frames.** The periodic renewal time frame varies depending on the program.

(1) A benefit renewal is completed at six-month intervals with a:

(A) Temporary Assistance for Needy Families (TANF) recipient due to:

(i) pending required immunizations, per OAC 340:10-14-1;

(ii) payment standard reductions because of program violations, per OAC ~~340:10-3-57(g)~~340:10-3-57(h) or ~~(h)(i)~~;

(iii) hardship extension approvals, per OAC ~~340:10-3-56(a)(2)(F)~~340:10-3-56(a)(2)(F);

(iv) earned income, per OAC 340:10-3-31 through 340:10-3-40; or

(v) a work eligible person's exemption from TANF Work activities because of his or her incapacity or to care for a disabled family member living in the household, per OAC 340:10-2-1; or

(B) food benefit recipient subject to a mid-certification renewal, per OAC ~~340:50-9-5(d)~~340:50-9-5(e) and ~~(e)(f)~~.

(2) A benefit renewal is completed at 12-month intervals, unless an earlier renewal date is warranted, with a:

(A) TANF recipient unless (b)(1)(A) of this Section applies;

(B) State Supplemental Payment (SSP) recipient who does not receive Supplemental Security Income (SSI). When the recipient receives SSI, the system passively renews the SSP and SoonerCare (Medicaid) benefit;

(C) Child Care Subsidy recipient, per OAC 340:40-9-1;

# Permanent Final Adoptions

---

(D) food benefit household subject to an annual mid-certification renewal, per OAC 340:50-9-5(b) and (c);

(E) food benefit household whose Supplemental Nutrition Assistance Program (SNAP) certification renewal is completed at 12-month intervals, per OAC 340:50-9-6; or

(F) SoonerCare (Medicaid) recipient, per OAC 317:35, when the recipient does not receive SSI. When the recipient receives SSI, the system passively renews the SoonerCare (Medicaid) benefit.

(3) The worker completes a SNAP certification renewal at 24-month intervals for households subject to an annual mid-certification renewal, per OAC ~~340:50-9-5(b)~~ 340:50-9-5(c) and ~~(c)(d)~~.

(c) **Benefit renewal notification.** The recipient receives a notice when the benefit renewal is due, informing the recipient he or she must complete the benefit renewal within a specified time frame to continue receiving benefits.

(1) The worker sends Form 08AD092E, Client Contact and Information Request, to TANF recipients.

(2) A computer-generated notice is sent to:

(A) child care recipients;

(B) food benefit recipients due for mid-certification renewal and certification renewal; and

(C) SSP and SoonerCare (Medicaid) recipients who do not receive SSI.

(3) Since SoonerCare (Medicaid) and SSP recipients who receive SSI are passively renewed, they receive a notice informing them that their benefits were renewed. The renewal notice includes the income used to renew their benefit(s). Recipients are asked to sign and return the renewal notice if the income shown on the notice is incorrect. When the notice is signed and returned, the worker contacts the recipient to obtain current information.

(d) **Signature requirements.** The recipient, guardian, or a person acting on the recipient's behalf, such as an authorized representative or a person with power-of-attorney, signs the benefit renewal for all programs except TANF. The recipient signs TANF renewals. When the recipient lives with his or her spouse, both must sign the TANF renewal.

(e) **Interview requirements.** Benefit renewal interview requirements vary depending on the program.

(1) ~~Per Section 206.10 of Title 45 of the Code of Regulations, the TANF program requires a face-to-face certification renewal interview every 12 months. The face-to-face interview may be conducted in the OKDHS office, at a home visit, or through a virtual video conference.~~

~~(2)~~ A phone or face-to-face interview is required for a:

(A) SNAP certification renewal, except for (e)(3)(C) of this Section, per OAC 340:50-3-1; ~~or~~

(B) ~~Supplemental Security Income-Disabled Children's Program~~ Children and Youth with Special Health Care Needs service plan renewal, per OAC 340:15-3-1;;

(C) TANF certification renewal, per OAC 340:65-3-1.

~~(2)~~ An interview is not required for:

(A) any of the SoonerCare (Medicaid) programs when the client signs and completes the renewal, provides all required proof, and none of the information is questionable. When necessary, the worker contacts the recipient to complete the renewal;

(B) passive renewals completed for SoonerCare (Medicaid) or SSP recipients;

(C) Child Care Subsidy program renewals; or

(D) food benefit households completing a:

(i) mid-certification renewal, at six- or 12-month intervals; or

(ii) SNAP certification renewal when all household members are elderly or disabled and there is no earned income in the household, per OAC 340:50-3-2(a)(2).

(f) **Eligibility determination.** The worker determines eligibility after the benefit renewal is signed, all required proof is provided, an interview, if required, is conducted, and all information evaluated.

(1) The worker may:

(A) complete the benefit renewal without changes;

(B) complete the benefit renewal with changes; or

(C) close the benefit or benefits.

(2) When benefits close and the recipient provides required proof by the last day of the closure month, benefits may be reopened.

- (i) the youth's selection of one person that may be designated to be the advisor and his or her advocate, with respect to the application of the reasonable and prudent parent standard to the youth; and
- (ii) OKDHS rejecting a person selected by the youth to be a member of the permanency planning (PP) team at any time when OKDHS has good cause to believe the selected person would not act in the youth's best interests.

(B) The successful adulthood plan describes the services, supports, and activities the CW specialist, the ~~permanency planning~~ PP team, and youth identify as necessary for the youth to transition to successful adulthood, and includes the components required by federal and state statutes. (a) **Purpose for foster care.** Foster care provides 24-hour a day substitute temporary care and supportive services for the child, birth through 17 years of age, who resides in Oklahoma and is in Oklahoma Human Services (OKDHS) custody. Voluntary foster care is available for the child, birth through 20 years of age, who meets criteria, per Oklahoma Administrative Code (OAC) 340:75-4-12.1 and 340:75-6-110.

Part 1355 and Part 1356 of Title 45 of the Code of Federal Regulations (45 CFR Part 1355 and Part 1356) provide for the use of title IV-E funding to cover the cost of foster care maintenance payments on behalf of eligible children placed in relative or kinship licensed or approved foster family homes when the agency uses different licensing or approval standards for relative or kinship foster family homes.

~~(4)~~ ~~(5)~~ OKDHS implements recruitment and retention activities supporting the:

**(a) Joint approval of resource home.** The Oklahoma Human Services (OKDHS) resource parent may be jointly-approved to provide foster care services to the child in OKDHS custody while approved by another agency, entity, or tribe. Joint approval occurs after each agency conducts an assessment and determines the child's needs can be met in a jointly-approved home. While the home is jointly-approved, any changes or concerns are shared between each agency involved with the jointly-approved home. Joint-home approval is child-specific and occurs when, the:

- (1) child's need for specialized services, treatment, or placement changes;
- (2) child re-enters the child welfare (CW) system and has a previous relationship with the placement provider;
- (3) placement provider is kin to the child;
- (4) siblings need to be placed together;
- (5) infant of a youth in OKDHS custody requires placement; or
- (6) child in OKDHS custody requires specialized services or treatment in a kinship placement.

**(b) Joint approval of a therapeutic foster care (TFC) home.** Joint approval of the TFC home as a resource home occurs after an assessment of the child's case and approval by the TFC program staff and the TFC agency.

**(c) Joint approval of an OKDHS Developmental Disabilities Services (DDS) home.** Joint approval of a DDS home as a Child Welfare Services (CWS) resource home occurs after an assessment of the child's case and approval by the CWS DDS and Education program supervisor and the Resource Unit.

**(e) Joint use of CWS kinship resource home.** Use of the kinship resource home as a traditional resource home requires the kinship family continue to meet all the requirements of a CWS resource home, per OAC 340:75-7-18.

**(f) Joint approval of resource home for Interstate Compact on the Placement of Children (ICPC).** An OKDHS resource parent may be jointly-approved to provide foster care services to a child in another state's custody when the request is received through OKDHS ICPC Unit and approved by another agency, entity, or tribe. Joint approval occurs after each agency conducts an assessment and determines the child's needs can be met in a jointly-approved home. While the home is jointly-approved, any changes or concerns are shared between each agency involved with the jointly-approved home.

**(g) Joint use of licensed family child care home.** A resource home is considered for joint approval as an OKDHS-licensed family child care home after an assessment and joint approval by the Resource Unit and Child Care Services (CCS). Prior to each child placement, a request for approval is made in writing on Form 07LC099E, Dual Approval Request for Foster Care Placement, based on the recommendation of CCS Licensing staff and resource staff. When a joint consensus is not achieved, CCS or the Resource Unit may request a review by the dual-approval committee, per Oklahoma Administrative Code 340:110-1-6 for a final decision. The approval decision is based on the number, ages, and specific needs of children potentially eligible for child care and foster care. Receipt of a written agreement from the caregiver is required that states the person(s) from whom the child was removed is not present during child care hours.

(h) **Joint approval of resource home by OKDHS and tribes.** The OKDHS or tribal resource home may be jointly-approved by both the tribe and OKDHS when the home meets OKDHS standards; however, the total number of children placed in the jointly-approved home cannot exceed the total number of children approved for the home.

### **340:75-7-24. Kinship placement for the child in Oklahoma Human Services (OKDHS) custody [AMENDED]**

(a) **Kinship care.** Per Section 1-9-106 of Title 10A of the Oklahoma Statutes (10A O.S. § 1-9-106), OKDHS establishes standards for kinship foster care.

(1) Per 10A O.S. § 1-4-204, when determining the placement of a child in OKDHS custody, ~~a~~OKDHS gives preference ~~is given~~ to relatives and persons who have a kinship relationship with the child. OKDHS makes diligent efforts to place the child accordingly and, per 10A O.S. § 1-4-704, reports to the court the efforts made to secure a placement for the child in the least restrictive, most family-like setting, in reasonable proximity to the child's home, and where the child's special needs may be met.

(2) When the child is not placed with a relative who was considered for placement, OKDHS notifies the court in writing the reasons the relative was denied placement and becomes part of the court record, per 10A O.S. § 1-4-204.

(3) When the Indian Child Welfare Act (ICWA) applies, ICWA placement preferences are followed. The Indian child in foster care is placed in the following order of preference, absent good cause to the contrary, with:

- (A) a member of the Indian child's extended family as specified by the child's tribe;
- (B) a foster home licensed, approved, or specified by the Indian child's tribe;
- (C) an Indian foster home licensed or approved by an authorized non-Indian licensing authority; or
- (D) an institution for children approved by an Indian tribe or operated by an Indian organization that has a program suitable to meet the Indian child's needs. If the Indian child's tribe has established by resolution a different order of preference, the tribe's placement preferences must be applied.

(b) **Kinship relationships.** Kinship relationships are identified in (1) through (5) of this subsection.

(1) **Related by blood.** Maternal and paternal blood relatives considered as kinship, including half-blood relatives, are:

- (A) siblings;
- (B) grandparents including those denoted by prefixes of great and great-great;
- (C) aunts and uncles including those denoted by prefixes of great and great-great or by degree of relationship;
- (D) nieces and nephews including those denoted by prefixes of grand and great-grand; and
- (E) cousins.

(2) **Related by marriage.** Relationships created by marriage, as described in (1) of this subsection, whether by common-law or ceremony include:

- (A) step-relations; and
- (B) the previous relationship designation prior to the termination of the marriage by death or divorce.

(3) **Related by adoption.** Relatives by adoption as described in (1) and (2) of this subsection are considered kinship.

(4) **Related by emotional tie or bond.** An emotional tie or bond exists when a child or the child's parent acknowledges and accepts a person as part of the extended family or in the family's close network of friends and relationships. ~~The family or child relationship role must exist prior to the necessity for the child's initial out-of-home placement.~~ Individuals with whom a child in OKDHS custody establishes a relationship after the child's out-of-home placement may be considered as a non-relative kinship placement after an assessment of the child's case ~~and an exception to kinship placement is granted.~~

- (A) When the child is in protective or OKDHS emergency custody, OKDHS gives priority to the child's noncustodial parent for placement, unless the placement is not in the child's best interests.
- (B) When the child cannot be placed with the noncustodial parent, the child's placement is made, per 10A O.S. § 1-4-204.

(5) **Parent not considered kinship.** A kinship placement does not include:

- (A) the child's custodial or noncustodial parent with whom the child is placed or to whom the child is returned; or
- (B) a parent whose parental rights are terminated.

(c) **Residence requirement for kinship applicants.** For kinship applicants or adult household members who have not lived continuously in Oklahoma for the past five years, OKDHS must obtain the child abuse and neglect registry checks from the previous state(s) of residence, when a registry is available, prior to the child's placement in a kinship resource home, per 10A O.S. § 1-7-111.

# Permanent Final Adoptions

(d) **Initial kinship placement.** Per 10A O.S. § 1-9-106, a child may be placed in the kinship resource home prior to final approval of the applicant completion of the resource family assessment, a national criminal history records search, and pre-service training provided:

- (1) Form 04AD003E, Request for Background Check, is completed, signed, and results are received for the applicant and each adult household member, other than a foster child, per Oklahoma Administrative Code (OAC) 340:75-7-15;
- (2) an OKDHS records search, including Child Welfare Services records, is completed and documented for the applicant and each adult household member on Form 04AF007E, Records Check Documentation. When an applicant or adult household member has not lived continuously in Oklahoma for the past five years, the resource specialist gathers all child welfare (CW) histories from other states where the applicant or adult household member lived within the past five years. The applicant or adult household member submits fingerprints for a national criminal history records search to expedite the initial placement approval process.
- (3) Form 04FC001E, Initial Kinship Placement Agreement, is completed and signed;
- (4) Form 04AF001E, Resource Family Application, is completed and signed;
- (5) Form 04AF004E, House Assessment, is completed;

- (8) Form 04AF052E, Initial Kinship Safety Evaluation and Assessment Tool, is completed and signed; and
- (9) three personal references, only one of whom is a family member, are interviewed.

(e) **Kinship Resource Family Assessment (KRFA).** Per 10A O.S. § 1-7-111, OKDHS conducts an assessment of the applicant's and each household member's background and other circumstances and conditions to determine if the applicants, household members, references, and home environment is suitable and provides a safe environment for the child in OKDHS custody requiring foster care. The goal of KRFA is to prepare a kinship caregiver's home for children. The intention is to support and strengthen families and exercise flexibility for what each child needs. This includes an assessment of:

- (1) consideration of each family member's criminal and child welfare histories;
- (2) an assessment of the kinship caregiver(s); and
- (3) an assessment of the kinship caregiver(s) physical environment.

(f) **Kinship resource applicant criminal history records searches after normal business hours or on holidays.**

- (1) In determining the suitability of the prospective kinship home, OKDHS uses the OKDHS Office of Background Investigations (OBI) to perform a name-based state criminal history records search, per procedures set forth in Section 901 et seq. of Title 28 of the Code of Federal Regulations.
- (2) When OKDHS OBI is not operational, OKDHS may elect to contract or otherwise collaborate with local law enforcement agencies to perform a name-based state and federal criminal history records search followed by fingerprint verification, per 10A O.S. § 1-7-115.

(f)(g) **Kinship maintenance payment option.** The kinship applicant may opt for:

- (1) an OKDHS foster care maintenance payment; or
- (2) a money payment that the child is eligible for, instead of the foster care maintenance payment, when the child lived with the kinship applicant continuously for at least twelve months.

(A) The foster care maintenance payment is reduced by the amount of the money payment when the money payment is less than the foster care maintenance payment. Refer to OAC 340:75-7-52.1 for Supplemental Security Income (SSI) or Social Security Administration (SSA) benefits received for a parent who is deceased or disabled.

(B) Payment may include:

- (i) other financial resources, per OAC 340:75-13-28; or
- (ii) Temporary Assistance for Needy Families (TANF) benefits, per OAC 340:10-9.

(g) **Kinship and traditional resource home requirements the same.** Each kinship resource home, whether paid or non-paid, meets the same requirements as the traditional non-related resource home.

(h) **Kinship start-up and training stipend.** The kinship resource family that has not been approved within the preceding five years is entitled to receive, per OKDHS Appendix C-20, Child Welfare Services Rates Schedule, a:

- (1) one-time kinship start-up stipend to assist with initial expenditures for each child placed in the home for 14-consecutive days; and
- (2) training stipend. Half of the total stipend is paid to the kinship resource family after the kinship resource parent(s) enrolls in the pre-service training and the second half of the total stipend is paid to the kinship parent(s) after the kinship resource parent(s) completes the pre-service training when:

# Permanent Final Adoptions

(A) a child is placed and residing in the home at the time the kinship resource parent enrolls in training; and

(B) the child remains in the home until the kinship resource parent completes training.

(i) **Foster care maintenance payments begin when requirements satisfied the kinship foster parent receives final approval.** Per 10A O.S. § 1-9-106, the kinship resource parent is not entitled to any payments for providing foster care until the resource parent receives final approval from OKDHS. Final approval may only be granted after completion and disposition of the Kinship RFA. Foster care maintenance payments for kinship resource homes begin at the time requirements are met, per OAC 340:75-7-18 and are not retroactive. On a case-by-case basis, the kinship resource parent may be approved for maintenance payments based on an exception to a non-safety requirement, per OAC 340:75-7-10.1.

(j) **Kinship resource family transfer to a resource family partner (RFP).** When a kinship resource family is already approved as a supported foster home or is in the approval process with an RFP, the RFP may request the kinship resource family case be transferred to the RFP agency. Number of children in the kinship resource home. OKDHS determines the number and ages of children placed in each kinship resource home per, OAC 340:75-7-18.

(k) **Authorization to check applicant's references.** The kinship applicant grants OKDHS permission to contact the applicant's references by signing Form 04AF001E, Resource Family Application. Information obtained from the references is confidential and may only be released upon order of a court with competent jurisdiction.

## PART 4. ROLES AND RESPONSIBILITIES

### **340:75-7-38. Discipline for the child in Oklahoma Human Service (OKDHS) custody placed in foster family care Services (OKDHS) custody [AMENDED]**

(a) **Discipline.** "Discipline" means safe practices or methods of teaching and enforcing acceptable patterns of behavior to ensure proper conduct and does not include corporal punishment. The resource parent assists the child in OKDHS custody placed in the resource home learn behaviors that promote the child's self-regard, personal ability, and socialization skills. The rules governing these efforts are outlined in Oklahoma Administrative Code (OAC) 340:75-7-38(b) through (d).

(b) **Positive interactions.** The resource parent and family interactions with a child:

- (1) protect and nurture the child's physical and psychological well-being;
- (2) advance the child's development;
- (3) meet the child's needs;
- (4) teach the child ways to prevent and solve problems;
- (5) maintain and build the parent and child relationship;
- (6) build the child's self-control and responsibility; and
- (7) comply with OKDHS rules regarding discipline to provide a safe, nurturing environment that allows the child to experience security and positive self-esteem.

(c) **Teaching techniques.**

(1) **Positive behavior management.** Positive behavior management techniques include, but are not limited to:

- (A) rewards. Rewards may be small gestures of approval, such as treats or toys, and symbols of recognition, such as stickers, stars, happy faces, or money. Rewards are for the interest, desire, and effort the child displays, not for performance, talent, or ability. This technique must not be used all the time;
- (B) privileges. Privileges allow the child to experience greater freedom or opportunity and an increased responsibility. Privileges are used to encourage the child's interest and talents by supporting the child's efforts in pursuing interests; and
- (C) praise. Praise may be communicated by verbal or non-verbal expression of the child's achievements or good qualities.

(2) **Self-control.** To promote the child's self-control, the resource parent clearly communicates expectations and provides a structured, safe environment. The resource parent's use of planning and preparation prevents confrontation, acting-out, and negative behaviors by:

- (A) establishing expectations. The child in out-of-home care experiences varied expectations in each placement setting. Since each placement setting is different, the resource parent must communicate expectations to the child through setting rules, telling the child what to expect, and modeling. Clearly communicated expectations provide structure for the child and a structure for building and maintaining self-control; and
- (B) modifying the environment. A structured, safe environment allows the child to succeed at identified tasks. The resource parent structures the environment by removing negative sources of stimulation for the child and establishing routines and consistency in the child's day-to-day schedule.

# Permanent Final Adoptions

---

(3) **Direct intervention.** When the child does not have sufficient self-control to ensure acceptable behavior, the resource parent uses direct intervention and techniques, per OAC 340:75-7-38(c)(1) and (2). Techniques used are dependent upon the child's developmental needs and anticipated outcomes. Techniques appropriate for responding to lack of self-control include:

(A) rules. Rules are established guidelines that:

- (i) allow the child to know what can and cannot be done;
- (ii) help the child know right from wrong;
- (iii) communicate to the child how something is done and help prevent problems; or
- (iv) provide a way to respond to a problem;

(B) time out. Time out provides space between the child and a situation where the child exhibits behavior that is not acceptable or where the situation is dangerous. Recommended time out is one minute per age of the child. Time out is typically used for the younger child;

(C) restricting privileges. Privileges are restricted when a child is not allowed to do something for a specified time period, such as not playing with a particular toy, watching television, playing music or computer games, having phone privileges, or engaging in some other pleasant activity. Talking to parents or siblings is not included in restricting phone privileges;

(D) grounding. Grounding involves imposing restrictions on a child's interaction and involvement with friends or activities outside the placement setting, such as restriction to the house or leaving the premises to attend parties, movies, or visit friends. Grounding is typically used for the older child;

(E) logical consequences. Logical consequences require the resource parent to impose a response to the child's behavior consistent with and connected to the unacceptable behavior exhibited; and

(F) natural consequences. Natural consequences occur in response to the child's behavior. This technique is most appropriately used with adolescents and for the child who tends to get in power struggles. Natural consequences are never allowed when a child's safety or well-being is in question.

(4) **Physical discipline.** OKDHS prohibits the use of any form of physical discipline for the child in OKDHS custody in an out-of-home placement or any act or omission that would emotionally, physically, or psychologically harm the child.

(A) The resource parent contacts the child welfare (CW) or the resource specialist when the resource parent cannot successfully discipline the child.

(B) OKDHS and the resource parent do not authorize school personnel to administer corporal punishment to the child in OKDHS custody. The resource parent does not, when requested, authorize corporal punishment by school personnel, but refers school personnel to the CW specialist to establish alternative discipline methods.

(C) The developmental needs of the child and the desired outcomes define the discipline techniques used to modify the child's behaviors. Some of the circumstances that may affect the discipline technique used include:

- (i) the behavior the child is exhibiting;
- (ii) the resource parent's feelings about the behavior;
- (iii) the purpose assigned to the behavior;
- (iv) where the behavior occurs; and
- (v) who is present at the time of the behavior.

(5) **Punishment.** Unacceptable behavior management methods and techniques promote negative behavior, are punitive, and do not promote self-control. Unacceptable behavior management techniques for the child include, but are not limited to:

(A) the use of the hand or any object, such as a board, fly swatter, paddle, belt, switch, electrical cord, hair brush, or wooden spoon, to hit, strike, swat, or physically discipline the child;

(B) deprivation of food or sleep;

(C) deprivation of family visits;

(D) slapping, pinching, shaking, biting, pushing, shoving, thumping, or rough jerking;

(E) cursing or other verbal abuse;

(F) private or public humiliation or any act that degrades;

(G) derogatory remarks about the child, the child's biological family, race, religion, or cultural background;

(H) solitary confinement in areas, such as closets, cellars, and rooms with locked doors;

(I) threatening to move the child from the resource home;

(J) use of any chemical agent, such as mace, sleeping pills, or alcohol;

(K) physical force or threat of physical force;

(L) assuming and maintaining an unnatural position that may include holding arms out-stretched from the body, placing the nose against a wall, or forced squatting;

(M) tying with a rope, cord, or other object;

(N) ordering, allowing, or encouraging physical discipline or hitting by other children or anyone else in the home;

(O) washing the mouth out with soap, eating certain foods that may include peppers, hot sauce, or other food stuff when intended for punishment; and

(P) forced physical exertion, such as running laps and push-ups.

(d) **OKDHS rules.** The resource parent must abide by OKDHS rules regarding discipline of the child in OKDHS custody even when there is a difference between OKDHS discipline rules and the methods used to discipline the resource parent's own child.

## PART 5. ELIGIBILITY AND PAYMENTS

### 340:75-7-51. Foster care claims [AMENDED]

#### (a) Foster care maintenance payments.

(1) A foster care claim for a maintenance payment is approved after:

(A) the resource family assessment is completed and approved, per Oklahoma Administrative Code (OAC) 340:75-7-18;

(B) the kinship resource parent receives final approval from Oklahoma Human Services (OKDHS) per Section 1-9-106 of Title 10A of the Oklahoma Statutes (10A O.S. § 1-9-106) and OAC 340:75-7-24;

~~(B)(C)~~ pre-service training is completed by each parent in the resource home, excluding kinship, unless an exception applies, per OAC 340:75-7-14;

~~(C)(D)~~ the results of national criminal history records searches based on fingerprints and results of any applicable child abuse and neglect registries are received regarding each applicant and each adult household member, per OAC 340:75-7-15;

~~(D)(E)~~ a foster care contract is signed by each applicant; and

~~(E)(F)~~ a Designated Client Number (DCN) is assigned to the foster care contract.

(2) A maintenance payment may not precede the date of the foster care contract.

(3) The resource parent authorizes direct deposit or obtains a debit card to receive foster care maintenance payments.

(b) **Overpayment or underpayment of the foster care maintenance payment.** ~~The Oklahoma Department of Human Services (DHS)~~ OKDHS and the resource parent ensure the accuracy of the foster care maintenance payment upon receipt of the payment. When an error occurs, the procedures for adjustments listed in (1) through (3) of this subsection must be completed.

(1) The resource parent immediately notifies the resource specialist or ~~DHS~~ OKDHS notifies the resource parent upon discovery of an error in the foster care maintenance payment.

(2) ~~DHS~~ OKDHS authorizes foster care supplemental payments upon discovery of underpayments. When an overpayment coincides with the underpayment, the overpayment is recouped before the underpayment is paid.

(3) ~~DHS~~ OKDHS authorizes repayment schedules when resource parents are paid for days the child was not in placement or for an amount greater than authorized.

(A) The resource parent reimburses ~~DHS~~ OKDHS for any overpayment, regardless of the party responsible for the error. Each monthly payment toward resolving the overpayment must equal at least 10 percent of the overpayment unless an exception was granted.

(B) The resource specialist assigned to the resource home notifies the resource parent of the overpayment and explains the:

(i) reason for the overpayment;

(ii) amount of overpayment;

(iii) resource parent's responsibility for repayment; and

(iv) repayment options.

(C) Repayment options are:

(i) payment in full by check or money order payable to ~~DHS~~ OKDHS;

(ii) a deduction from the monthly foster care maintenance payment while children in ~~DHS~~ OKDHS custody remain in the home; or

# Permanent Final Adoptions

---

- (iii) extra payments each month to ~~DHS~~OKDHS as well as the deduction from the monthly foster care maintenance payment.
- (D) When the resource parent:
  - (i) closes the home and does not repay the overpayment, the amount of the overpayment remains in the ~~DHS~~OKDHS electronic system indefinitely; and
  - (ii) reopens the resource home after closure, the overpayment is deducted from the foster care maintenance payment.

## **340:75-7-52. Foster care contracts and maintenance payments [AMENDED]**

(a) **Foster care contracts.** The rules in this Section and the provisions of the foster care contract for services define the resource parent and Oklahoma Department of Human Services (~~DHS~~)(OKDHS) responsibilities regarding the care of the child in a resource home. The foster care contract is signed when each requirement for approval as a resource parent is satisfied, per Oklahoma Administrative Code (OAC) 340:75-7-18, except for kinship, per OAC 340:75-7-24.

(1) Foster care contracts are perpetually renewed and considered in effect unless a specific action by one of the parties to the contract terminates the contract. The resource parent is eligible for foster care maintenance payments effective the date the home is approved. The kinship resource parent is not paid retroactively to the date of the child's placement.

(2) Foster care maintenance payments are authorized for intervals of care provided to a child in foster care:

(A) placed by ~~DHS~~OKDHS; or

(B) by a tribe with an approved Tribal/State Agreement with ~~DHS~~OKDHS.

(3) On a case-by-case basis, the kinship resource parent may be approved for maintenance payments based on ~~an~~ exceptional waiver to a non-safety requirement, per OAC 340:75-7-24.

(4) The kinship resource parent who meets the degree of relationship, per OAC 340:10-9-1, may apply for assistance through Temporary Assistance for Needy Families (TANF) at a local ~~DHS~~OKDHS office pending resource home approval.

(b) **Foster care maintenance payments.** When the child is eligible for a benefit payment, the resource family may opt to receive the larger of either the ~~DHS~~OKDHS foster care maintenance payment or the benefit payment, per OAC 340:75-7-52.1. The foster care contract authorizes foster care maintenance payments to offset the additional expense of caring for a child in ~~DHS~~OKDHS custody.

(1) A foster care maintenance payment is not paid until the home is granted final approval. The foster care maintenance payment is issued the month after the care is provided. No foster care maintenance payment is paid after the effective date of the cancellation or termination of the contract.

(2) The ~~DHS~~OKDHS Director authorizes the amount of the foster care maintenance payment and difficulty of care payment rates. Foster care maintenance payment rates are reviewed annually to ensure continued appropriateness, per Section 1356.21(m) of Title 45 of the Code of Federal Regulations. When additional funding is needed, a request is made through the Oklahoma legislative budget process for state agencies.

(3) The foster care maintenance payment is a fixed monthly amount and corresponds to the child's age, per ~~DHS~~OKDHS Appendix C-20, Child Welfare Services Rates Schedule. When a change in the child's age qualifies for a new rate, the new rate becomes effective on the first day of the month following the child's birthday.

(4) The foster care maintenance payment is provided to the resource parent to address the costs of room, board, clothing, and incidentals for the child in ~~DHS~~OKDHS custody.

(5) The resource parent's monthly foster care maintenance payment includes a clothing allowance for each child in ~~DHS~~OKDHS custody, per OAC 340:75-13-45.

(6) The medical expense of the child in foster care is covered through Medicaid (~~SoonerCare~~) when private insurance is not available to the child or through state funds when the child is not eligible for Medicaid (~~SoonerCare~~), per OAC 340:75-13.

(7) The foster care maintenance payment received through the foster care contract is not considered income, per Section 131 of Title 26 of the United States Code and the resource family does not receive Form 1099 from ~~DHS~~OKDHS at year's end. The resource parent consults a tax advisor for advice, as needed.

(8) When a partial month of foster care service is provided, the foster care maintenance payment begins on the child's date of entry to the resource home and concludes on the day before the child's departure from the home. A prorated sum is paid:

(A) based on the number of days of service provided, multiplied by the daily rate, per ~~DHS~~OKDHS Appendix C-20; and

(B) automatically by KIDS.

(9) When a child is out of the resource home for family reunification purposes, pre-placement visits, or is missing from care for up to seven consecutive days, the resource parent receives a foster care maintenance payment when the child is expected to return to the resource home by the end of the seven consecutive days.  
(10) The resource parent is eligible for prorated foster care maintenance payments when the child attends an Indian boarding school, Oklahoma Schools for the Deaf or Blind, or a similar residential program and returns to the resource home for weekends or school vacations.

(A) When the child returns to the resource home for a summer vacation, the monthly rate is used.

(B) The days the child spends in the resource home are documented in KIDS, and the foster care maintenance payment is automatically generated.

(11) The resource parent is eligible for the foster care maintenance payment for up to 10-calendar days during each of the child's health or behavioral health hospitalization events when the child is expected to return to the resource home.

(12) The foster care maintenance payment is generated electronically based on the child's placement episode in KIDS.

(c) **Termination of the foster care contract.** Termination of the foster care contract occurs, per OAC 340:75-7-94 and results in closure of the resource home.

### PART 6. RESOURCE HOME SUPPORT SERVICES

#### **340:75-7-65. Child care and support services for the resource home [AMENDED]**

(a) **Child care subsidy.** Child care subsidy benefits paid by Oklahoma Human Services (OKDHS) for a child in OKDHS or tribal custody are available, when:

(1) a foster child attends an Early Head Start (EHS) program contracted with OKDHS to receive child care subsidy payments;

(2) the resource is a:

(A) paid or non-paid resource parent authorized for child care subsidy benefits by Child Welfare Services (CWS);

(B) tribal resource family providing care for the child in tribal custody in a paid placement when authorized by the OKDHS tribal program staff;

(C) coordinated foster care parent when authorized by the district of service;

(D) shelter host home when authorized by the assigned child welfare (CW) specialist in the district of service;

(E) supported home when authorized by the assigned OKDHS resource family partner liaison; or

(F) therapeutic foster home when authorized by the therapeutic foster care (TFC) program staff; or

(3) the need for child care is met:

(A) when a single resource parent is:

(i) employed 20 hours a week or more;

(ii) enrolled and attending a formal education program for at least six credit hours per semester. A formal education program is defined as a course of study that leads to the attainment of an associate, bachelor's, or post-graduate degree;

(iii) enrolled and attending a training program. A training program is defined as a course of study that when completed, qualifies a person to meet requirements for a job the individual could not have obtained without the certificate of completion, accreditation, or licensure resulting from completion of training;

(iv) employed during night hours and needs OKDHS paid child care to allow him or her to sleep during the day. During the night working hours, a feasible alternative is used at no cost to OKDHS. Night working hours are defined as the hours between 11:00 p.m. and 7:00 a.m. The maximum amount of child care time the resource specialist approves allows the resource parent eight hours of sleep plus travel time to and from the child care provider; and

(v) approved for child care by the resource program staff for reasons other than those listed in this subparagraph. These decisions are made on a case-by-case basis; or

(B) in a two-parent resource home, when:

(i) both resource parents are employed 20 hours a week or more and have the same working hours;

(ii) one resource parent works and the other resource parent has a significant disability that precludes providing care for the child;

# Permanent Final Adoptions

---

- (iii) one resource parent works during the same hours the other resource parent is enrolled and attending a formal education or training program as defined in (3)(A) of this subsection;
- (iv) sleep-time child care is needed during the day because one or both resource parents work nights. During the night working hours, a feasible alternative is used at no cost to OKDHS. When one resource parent works nights, the other resource parent must work or need child care for a reason that requires the approval of resource program staff during the hours the other resource parent is sleeping. Night working hours are defined as the hours between 11:00 p.m. and 7:00 a.m. The maximum amount of child care time the resource specialist approves allows the resource parent eight hours of sleep, plus travel time to and from the child care provider; or
- (v) one resource parent works during the same hours the other resource parent needs child care for a reason other than those listed in this subparagraph. In this situation, resource program staff approve the need for subsidized child care on a case-by-case basis; or

(4) child care is provided:

(A) in a licensed and contracted child care center with a ~~one star plus two star~~ or higher star status, unless there are no centers with a ~~one star plus two star~~ or higher star status in the community or special exception criteria are met. Special exception criteria are:

- (i) the child was already approved for care at the one star center ~~prior to January 1, 2003, or~~ prior to the provider's star status being reduced to one star. The child may remain in this facility, unless the child stops attending there for more than 30-calendar days. The child may be approved at this same facility again when the only reason the child did not attend for more than 30-calendar days was because of a school break or due to circumstances beyond the control of the resource home, such as the child's illness;
- (ii) care is requested for a child living in the same home as a child already approved for care per (3)(A)(i) of this paragraph for the same one star child care provider; or
- (iii) the resource parent demonstrates no other child care option meets the family's needs; or

(B) in a licensed and contracted child care home regardless of star level; or

(C) by an approved in-home provider who cares for the child at the resource parent's home, per Oklahoma Administrative Code (OAC) 340:40-13-2.

**(b) Child care subsidy benefits available through Adult and Family Services (AFS).** Child care subsidy benefits may be available through local OKDHS AFS for child care, per OAC 340:40, to:

- (1) resource parents who finalized an adoption of a foster child;
- (2) a child in tribal custody placed by the tribe in a home without a resource case in KIDS; and
- (3) a child in the custody of another state placed in a foster or kinship home in Oklahoma through the Interstate Compact on the Placement of Children.

**(c) Foster care child care subsidy benefits not paid by OKDHS.** Foster care child care subsidy benefits are not paid by OKDHS, when the:

- (1) resource parent has an ownership interest in the chosen child care center;
- (2) foster child attends a family child care home where the child lives, unless:
  - (A) the child care home provided child care to the child immediately prior to the foster care placement; and
  - (B) it is in the child's best interests to remain in the kinship provider's child care home; or
- (3) resource parent works in the child care home during the same hours the child attends child care;
- (4) resource parent chooses more than one child care provider to provide service to a child on the same day;
- (5) resource parent makes informal arrangements for child care;
- (6) provider is receiving state or federal funds, such as Head Start or public schools, and is not charging all parents for the hours the subsidy payment is requested. EHS programs are exempt from this rule; or
- (7) provider is caring for a school-age child during the regular school day when such student could be attending a public or private school during those hours.

**(d) Child care subsidy benefits for a child with disabilities.** A child with disabilities is potentially eligible for the higher special needs rate for child care subsidy benefits. Each child with disabilities requires a separate and specific certification of the child care provider.

(1) A child with disabilities is defined as a child receiving:

(A) Supplemental Security Income (SSI). This includes those whose SSI payment stops because of financial reasons, but who still meet the medical definition of disability as determined by the Social Security Administration;

(B) ~~SoonerStart~~ (Medicaid) early intervention services; or

(C) special education services provided per an Individualized Education Program (IEP) by the child's school district.

(2) When the child with disabilities is 13 years of age and older, the resource parent provides a statement from a licensed health care professional verifying that the child is physically or mentally incapable of self-care as age-appropriate before care is approved, and annually at review. Subsidized child care benefits are not approved when a licensed health care professional states that the child is capable of self-care as age-appropriate.

(e) **Resourceparent's responsibility for electronic benefit transfer (EBT).** Refer to OAC 340:40-10 for information regarding the EBT system that includes the manual claim process. Resource parent responsibilities for EBT include:

(1) watching the EBT training video;

(2) completing and submitting a signed Form 04MP042E, Application for Child Welfare Child Care Benefits;

(3) swiping the EBT card every day the child attends child care or recording attendance using the ECC Connect mobile app at the childcare facility;

(4) not ~~swiping the EBT card~~ recording attendance for any day the child does not attend child care;

(5) checking the message on the point of service machine for correct times of attendance and approval;

(6) not giving the EBT card or personal identification number to anyone, including the child care provider; and

(7) paying for care that OKDHS does not pay because the:

(A) EBT card was not swiped or attendance recorded through the ECC Connect mobile app for the correct days and times the child attended child care;

(B) swipes or attendance records were denied and not corrected within 10-business days; or

(C) provider loses the weekly rate payment for absent days because the correct attendance for every day the child attended that month was not swiped.

(f) **Therapeutic child care services.** Therapeutic child care services are paid by OKDHS when recommended by a mental health professional and supporting documentation is provided. Prior authorization from the CWS Finance and Business (FB) is required. CWS FB makes the determination of the availability of funds.

(g) **Overpayment of child care.** OKDHS seeks repayment for any child care subsidy benefit paid in error to a licensed child care center, home, or professional in the resource parent's own home. The resource parent reimburses these costs to OKDHS when the overpayment occurs due to the resource parent's ineligibility.

(h) **Informal care arrangements for the foster child.** Resource parents may make informal care arrangements with friends, neighbors, or relatives for the foster child's occasional care.

(1) Resource parents apply the reasonable and prudent parent standard when selecting an informal care provider to care for the foster child and ensure he or she possesses the maturity and skills to address the child's needs.

(2) The foster child may stay with a friend, when the resource parent:

(A) knows the family;

(B) reasonably believes the family, household members, and environment are safe for the child; and

(C) exchanges contact information, including names, addresses, and phone numbers.

(3) The resource parent notifies the resource specialist when using informal care arrangements. The resource parent may not use an informal care provider who the resource specialist determines is unsafe.

(4) The resource parent obtains permission from the foster child's assigned CW specialist before allowing the foster child's relatives to provide informal care for the child.

(5) An informal care provider, living outside of the resource parent's home, must be 18 years of age and older.

(6) A teenager living in the resource parent's home must be 16 or 17 years of age, related to the resource parent, and is limited to providing 12-consecutive hours of informal care. The resource specialist and the resource parent assess the teen's ability and appropriateness to assume responsibility for the foster child and ensure his or her needs and well-being can be met.

(7) The resource parent does not use a child in OKDHS custody to care for a younger child unless approved by the resource specialist.

(8) Informal care providers are notified on how to reach the resource parent and other emergency contacts.

(9) An individual providing care for more than seven-consecutive days must be an approved alternate caregiver.

(i) **Alternate caregiver selected by the resource parent.** The resource parent is required to identify at least one formal, alternate caregiver, but no more than two, who can fulfill the resource parent's role for the child in OKDHS custody placed in the resource home in case of family emergencies, or when the family needs an extended break for up to 14-consecutive days. The alternate caregiver is limited to providing care only for resource families for which the caregiver is approved.

(1) The alternate caregiver is not used as a placement for the child.

(2) The resource parent identifies and reimburses the alternate caregiver. When funding is available, respite vouchers may be used for reimbursement.

# Permanent Final Adoptions

---

- (3) The alternate caregiver is at least ~~21~~18 years of age.
- (4) The alternate caregiver and each adult household member in the alternate caregiver's home must be willing to:

- (A) submit to a name-based records search by the Oklahoma State Bureau of Investigation, per OAC 340:75-7-15;
- (B) submit to an OKDHS records search including, but not limited to:
  - (i) CWS history, per OAC 340:75-7-15;
  - (ii) Restricted Registry; and

DDS trains staff service providers identify to be DISCUS raters at no charge to the service provider. Identified staff may be contract staff or employees of the service provider. When rater training is needed, the service provider notifies DDS training staff:

(1) ~~Service provider staff maintains information about service recipient exposure to medication associated with a risk of developing TD.~~ Developmental Disabilities Services (DDS) provides health related services training for staff to recognize symptoms of TD, risk factors for the development of TD, and medication associated with these potential adverse effects.

(3) Service provider staff requests copies of TD assessments completed by the prescribing healthcare provider or designee and file in the service recipient's record.

(c) **Service recipients requiring assessments.** Service recipients:

(1) with an unknown history of medication exposure receive an initial DISCUS assessment. When the initial assessment:

(A) has a total score less than five, further assessments are not needed; or

(B) has a total score of five or more, items in (i) and (ii) must occur.

(i) A referral is made to the prescribing healthcare provider for additional evaluation.

(ii) Assessments continue to be completed every six months until a DISCUS score less than 5 is obtained. The assessment is repeated in one month and, if the score remains less than 5, further assessments are not needed;

- (2) ~~the~~ distribution among planning and service areas (PSAs) of older persons with greatest economic need and older persons with greatest social need, with particular attention to ~~low income~~ low-income minority older persons.

    - (ii) no more than ten percent of the funds remaining after providing for State Agency administrative costs are awarded for meeting AAA administrative costs. In awarding administrative funds, each PSA is apportioned a minimum of \$37,500 unless available funds are insufficient to provide for such an apportionment, in which case the available funds are distributed among the PSAs in equal shares. AAA administrative funds remaining, if any, after making this apportionment are allotted among PSAs in the same proportion as each PSA's age 60 and older population bears to the total state population age 60 and older; and

This is also forwarded to the licensing records office for potential restricted registration procedures per OAC 340:110-1-10.1.

(2) If an appeal is made by an operator to OKDHS, a hearing is scheduled by the OKDHS Appeals Unit. The operator is notified of the hearing by personal service, or by delivery to the proper address by certified mail, at least two weeks prior to the date of the hearing.

(3) If the administrative hearing officer upholds the OKDHS decision, the hearing officer provides a written notice at the conclusion of the hearing, which contains an explanation of appeal rights.

If the programs manager agrees that an Emergency Order is warranted, all supporting documentation is given to the director of Oklahoma Child Care Services (OCCS) for review. The written order is issued and signed by the programs manager. If the risk is such that children must be immediately removed from the residential facility or placement through a child-placing agency, the director of OCCS may give verbal approval for removal of children:

(3) Licensing staff verify compliance with Emergency Order for a period of 30 days after the action becomes final, unless the Emergency Order is rescinded within that timeframe.

(4) The Emergency Order may be rescinded when the programs manager verifies correction of the hazardous situation. Upon receipt of such documentation, the director of OCCS notifies the operator in writing that the order has been rescinded.

## **CERTIFICATION OF TREATING HEALTH CARE PROVIDER FOR EXPEDITED CONSIDERATION OF A PATIENT'S EXTERNAL REVIEW APPEAL**

### **NOTE TO THE TREATING HEALTH CARE PROVIDER**

Patients can request an external review when a health carrier has denied a health care service or course of treatment on the basis of a utilization review determination that the requested health care service or course of treatment does not meet the health carrier's requirements for medical necessity, appropriateness, health care setting, level of care or effectiveness of the health care service or treatment you requested. The Oklahoma Insurance Department oversees external appeals. The standard external review process can take up to 45 days from the date the patient's request for external review is received by our department. Expedited external review is available only if the patient's treating health care provider certifies that adherence to the time frame for the standard external review would seriously jeopardize the life or health of the covered person or would jeopardize the covered person's ability to regain maximum function. An expedited external review must be completed at most within 72 hours. This form is for the purpose of providing the certification necessary to trigger expedited review.

## CERTIFICATION

I hereby certify that: I am a treating health care provider for \_\_\_\_\_

## SUBCHAPTER 7. COMPANIES

### PART 5. OKLAHOMA INSURANCE HOLDING COMPANY SYSTEM REGULATORY ACT

#### **365:25-7-32. Group Capital Calculationcapital calculation [NEW]**

(a) Where an insurance holding company system has previously filed an annual group capital calculation at least once, the lead state commissioner has the discretion to exempt the ultimate controlling person from filing the annual group capital calculation if the lead state commissioner makes a determination based upon that filing that the insurance holding company system meets all of the following criteria:

- (1) Has annual direct written and unaffiliated assumed premium (including international direct and assumed premium), but excluding premiums reinsured with the Federal Crop Insurance Corporation and Federal Flood Program, of less than One Billion Dollars (\$1,000,000,000.00);
- (2) Has no insurers within its holding company structure that are domiciled outside of the United States or one of its territories;
- (3) Has no banking, depository or other financial entity that is subject to an identified regulatory capital framework within its holding company structure;
- (4) The holding company system attests that there are no material changes in the transactions between insurers and non-insurers in the group that have occurred since the last filing of the annual group capital; and
- (5) The non-insurers within the holding company system do not pose a material financial risk to the insurer's ability to honor policyholder obligations.

(b) Where an insurance holding company system has previously filed the annual group capital calculation at least once, the lead state commissioner has the discretion to accept in lieu of the group capital calculation a limited group capital filing if: The insurance holding company system has annual direct written and unaffiliated assumed premium (including international direct and assumed premium), but excluding premiums reinsured with the Federal Crop Insurance Corporation and Federal Flood Program, of less than One Billion Dollars (\$1,000,000,000.00); and all of the following additional criteria are met:

- (1) Has no insurers within its holding company structure that are domiciled outside of the United States or one of its territories;
- (2) Does not include a banking, depository or other financial entity that is subject to an identified regulatory capital framework; and
- (3) The holding company system attests that there are no material changes in transactions between insurers and non-insurers in the group that have occurred since the last filing of the report to the lead state commissioner and the non-insurers within the holding company system do not pose a material financial risk to the insurers ability to honor policyholder obligations.

(c) For an insurance holding company that has previously met an exemption with respect to the group capital calculation pursuant Subsection (a) or Subsection (b) of this regulation, the lead state commissioner may require at any time the ultimate controlling person to file an annual group capital calculation, completed in accordance with the NAIC Group Capital Calculation Instructions, if any of the following criteria are met:

- (1) Any insurer within the insurance holding company system is in a Risk-Based Capital action level event as set forth in the Risk-Based Capital for Insurers Act, 36 O.S. §§ 1521, et seq., or a similar standard for a non-U.S. insurer; or
- (2) Any insurer within the insurance holding company system meets one or more of the standards of an insurer deemed to be in hazardous financial condition as defined in OAC 365:25-7-42; or
- (3) Any insurer within the insurance holding company system otherwise exhibits qualities of a troubled insurer as determined by the lead state commissioner based on unique circumstances including, but not limited to, the type and volume of business written, ownership and organizational structure, federal agency requests, and international supervisor requests.

(d) A non-U.S. jurisdiction is considered to "recognize and accept" the group capital calculation if it satisfies the following criteria:

- (1) With respect to 36 O.S. § 1635(L):
  - (A) The non-U.S. jurisdiction recognizes the U.S. state regulatory approach to group supervision and group capital, by providing confirmation by a competent regulatory authority, in such jurisdiction, that insurers and insurance groups whose lead state is accredited by the NAIC under the NAIC Accreditation Program shall be subject only to worldwide prudential insurance group supervision

including worldwide group governance, solvency and capital, and reporting, as applicable, by the lead state and will not be subject to group supervision, including worldwide group governance, solvency and capital, and reporting, at the level of the worldwide parent undertaking of the insurance or reinsurance group by the non-U.S. jurisdiction; or

(B) Where no U.S. insurance groups operate in the non-U.S. jurisdiction, that non-U.S. jurisdiction indicates formally in writing to the lead state with a copy to the International Association of Insurance Supervisors that the group capital calculation is an acceptable international capital standard. This will serve as the documentation otherwise required in Subsection (d)(1)(a) of this rule.

(2) The non-U.S. jurisdiction provides confirmation by a competent regulatory authority in such jurisdiction that information regarding insurers and their parent, subsidiary, or affiliated entities, if applicable, shall be provided to the lead state commissioner in accordance with a memorandum of understanding or similar document between the commissioner and such jurisdiction, including but not limited to the International Association of Insurance Supervisors Multilateral Memorandum of Understanding or other multilateral memoranda of understanding coordinated by the NAIC. The commissioner shall determine, in consultation with the NAIC Committee Process, if the requirements of the information sharing agreements are in force.

(e) A list of non-U.S. jurisdictions that “recognize and accept” the group capital calculation will be published through the NAIC Committee Process:

(1) A list of jurisdictions that “recognize and accept” the group capital calculation pursuant to 36 O.S. § 1635(L)(2)(d), is published through the NAIC Committee Process to assist the lead state commissioner in determining which insurers shall file an annual group capital calculation. The list will clarify those situations in which a jurisdiction is exempted from filing under 36 O.S. § 1635(L)(2)(d). To assist with a determination under 36 O.S. § 1635(L)(2)(e), the list will also identify whether a jurisdiction that is exempted under either 36 O.S. § 1635(L)(2)(c) and (L)(2)(d) requires a group capital filing for any U.S. based insurance group’s operations in that non-U.S. jurisdiction.

(2) For a non-U.S. jurisdiction where no U.S. insurance groups operate, the confirmation provided to meet the requirement of Subsection (d)(1)(b) of this regulation will serve as support for recommendation to be published as a jurisdiction that “recognizes and accepts” the group capital calculation through the NAIC Committee Process.

(3) If the lead state commissioner makes a determination pursuant to 36 O.S. § 1635(L)(2)(d) that differs from the NAIC List, the lead state commissioner shall provide thoroughly documented justification to the NAIC and other states.

(4) Upon determination by the lead state commissioner that a non-U.S. jurisdiction no longer meets one or more of the requirements to “recognize and accept” the group capital calculation, the lead state commissioner may provide a recommendation to the NAIC that the non-U.S. jurisdiction be removed from the list of jurisdictions that “recognize and accepts” the group capital calculation.

The proposed rule amendments provide for an administrative enforcement program and fine schedule for violations of the Boiler and Pressure Vessel Safety Act and Rules. The circumstances which created the need for the amendments are that HB1331 went into effect November 1, 2023 giving the Oklahoma Department of Labor the authority to promulgate rules establishing a schedule of administrative penalties and fines for violations of the Boiler and Pressure Vessel Safety Act and/or the Boiler and Pressure Vessel Rules. The intended effect of the proposed amendments is to give the Oklahoma Department of Labor the ability to more effectively enforce the provisions of the Oklahoma Boiler and Pressure Vessel Safety Act. Any funds collected under this enforcement program are transferred to the General Revenue Fund.

OAC 420:10-1-3 corrects the scrivener error to the definition of employee which should have been the definition of employer and corrects errors in the references to Title 52 O.S. Sections 420.1, et seq. OAC 420:10-1-5(b)(8) increases the Class VII annual permit to Eighty-Five Dollars (\$85.00), a Thirty Five Dollar (\$35.00) increase, for the purpose of decreasing administrative and financial burden on Class I permit holders related to purchasing, tracking, and applying cylinder tags on cylinders in the cylinders exchange program as the LP Gas Board begins to head in the direction of no longer requiring cylinder tags for cylinders participating in the cylinder exchange program. OAC 420:10-1-8 adds language to clarify the composition of examination questions pulled from NFPA 54 (including removing the word pamphlet), NFPA 58 (including removing the word pamphlet), and the rules and regulations of the LP Gas Board for Class 1 and Class X exams. OAC 420:10-1-9 modifies and clarifies the administrative process to be followed upon the relief of duty of a Class X manager, including when seeking a temporary exception to the requirement of Class X manger coverage. OAC 420:10-1-13 modifies and clarifies the administrative process to be followed when requesting single Class X manager coverage on not more than two locations, removes language stating that inactive Class X permit holders must attend the required safety seminar, and reduces the annual permit renewal fee for inactive Class X permit holders by 30% to \$105.00. OAC 420:10-1-14 corrects a grammatical error by adding a space between two words; corrects an erroneous error in the plan review and inspection fees for any facility using Un-Odorized LP Gas (Class VIII permits) to be consistent with these same fees as previously updated and set forth in the current language of OAC 420:10-1-5(b)(9); and modifies and clarifies language related to required markings on propane containers and bulk storage containers owned by permit holders and authorizations required to fill propane containers owned by a permit holder and located on the property of consumer

The application must identify and hearing a situation of extreme hardship, in the nature of physical or mental disability, or identify why convenience and necessity of the public demands additional time to operate without a Class X Manager. The Board will consider the application at the next meeting of the Board or may call a special meeting. After a determination has been made by the Board, the Class I permit holder shall be notified of the Board's determination in writing, and if the application is denied, within thirty (30) days of receipt of the Board's determination, the Class I permit holder shall suspend operations at the affected location until a Class X Manager is retained, or if the Class I permit holder only has one location, the Class I permit holder shall suspend operations at its location and cause its Class I permit to go inactive until a Class X Manager is retained. ## **420:10-1-13. Responsible employees and managers who shall be required to have technical qualifications and manager's permits [AMENDED]**

(a) **Class X requirements.** A qualified manager possessing a Class X permit shall be required to actively supervise the LP Gas related sales and/or service being offered to the public at each separate branch or base of operation of a Class I permit holder which is operated as a relatively independent operation free from the day to day immediate supervision and control of the holder of the Class I permit, or the manager of a non-personal Class I permit holder. A Class X manager shall be considered to be actively supervising if such a manager is employed by the Class I permit holder to be the responsible party for the day to day immediate supervision of a branch or base operation of the Class I permit holder no more than two (2) separate branches or bases of operation, including training and oversight of employees, and is readily available to address daily operational needs and unforeseen events and emergencies. In no event shall a single Class X manager be retained for more than two (2) separate branches or bases of operation upon the Board's approval of a Class I permit holder's written request to retain a single Class X manager at two (2) locations. If the Administrator approves a request to operate LP gas related sales and/or services offered to the public without the active supervision of a Class X manager. The decision to allow a Class I permit holder to retain a single Class X manager for two (2) separate locations is in the sole discretion of the Board. If the Board allows a Class I permit holder to retain a single Class X manager for two locations, that decision is, then such request shall be subject to future review by the Administrator in his or her sole discretion. Board to occur at least once a year, or more frequently as the Board deems necessary in its sole discretion. In determining whether ~~such~~ a separate branch or base of operation exists, or whether to allow a Class I permit holder to retain a single Class X manager for two (2) locations, the Administrator Board shall consider the following:

(1) The distance of the LP Gas related sales and/or service being provided from the location of the main or central base of operation, or the distance between the two (2) locations for which a Class I permit holder seeks to retain a single Class X manager. In any case where a truck is stationed twenty-five (25) miles or more away from the direct supervision of a Class X managed operation, then the burden of proof is on the Class I permit holder to prove that it is not a separate branch or base of operation and meets all the requirements of the Oklahoma Rules and Regulations.

(2) The type and kind of LP Gas related sales and/or service offered to the public. Sales and/or service to residential customers and public buildings is considered to require more supervision than sales and/or service to industrial, agricultural and motor fuel customers;

(3) Any and all other pertinent information, including but not limited to, information which indicates indicating that a separate branch or base of operation exists, and information related to public needs and safety.

**(b) Exception hearing.** If the Board denies a Class I permit holder's initial request to retain a single Class X manager for two locations, that decision is within the sole discretion of the Board as provided above. A Class I permit holder who does not currently have permission to assign a single Class X manager to two locations may make a written request to the Board, as set forth above, to have a single Class X manager assigned to two locations at any time. The exception hearing provided for by this section is applicable when the Board determines upon annual, or more frequent, review that the Class I permit holder whom the Board previously allowed to retain a single Class X manager for two locations now needs a separate Class X manager at the separate branch or base of operation. After a determination has been made by the Board that a Class I permit holder may not continue to retain a single Class X manager for two (2) locations, the Class I permit holder shall be notified of the Board's determination in writing. The Class I permit holder shall then have ~~ten (10)~~ fifteen (15) business days thereafter to request in writing a hearing before the Board for the purpose of presenting any facts and circumstances which would indicate that a Class X permit holder is not required where the separate LP Gas related sales and/or service is offered. A hearing will be held at the next Board meeting, or the Board may call a special meeting. Failure to timely request such a hearing from the Board by the Class I permit holder shall constitute acquiescence in the Board's determination. WhenIf the Board determines that a Class I permit holder who was previously allowed to retain a single Class X manager for two (2) locations now needs a separate Class X is needed manager at the separate branch or base of operation, then the Class I permit holder has 120 days, from the date of Board's written notice of determination or from the date of Board's decision at the exception hearing whichever is applicable, or until the next Board meeting to secure a Class X manager for the affected location permit holder. If the affected Class I permit holder continues to operate at the affected location, then the Administration shall proceed with an action for fines, revocation and/or suspension of the affected Class I permit as provided for by OAC 420:10-1-20.

**(c) Class X cancellations.** Class X permits are immediately and without notice canceled when a holder thereof leaves the employment of a Class I permit holder. Chapter 10 deals with business aspects of licensed lottery retailers to include retailer compensation, licensing fees, the return of unsold tickets, and weekly accounting procedures. Removed a bonus program no longer in existence, clarified the application and bond fee schedule, refined language regarding the return of unsold tickets or the process to handle stolen or lost tickets. Refined language regarding payment of prizes, the settlement of packs of tickets, and removed a fee for first time offenders for delinquent accounts. Oklahoma lottery is modernizing the and simplifying their rules language.

Any monies not applied to bad debt will be applied to the OLC's profit formula.

## 429:10-1-5. Acceptance and return of instant lottery tickets [AMENDED]

(a) All instant lottery tickets ordered by retailer and accepted from OLC or its authorized distributor are deemed to be purchased by retailer at the price established by OLC, less appropriate retailer commissions and/or OLC approved adjustments.

(b) Retailers will accept only complete ticket orders and will not be allowed to accept a part of the ticket order delivered to them:

(c) Retailers shall be responsible for lost, stolen, missing, damaged or destroyed active packs of instant tickets and will be charged the full price of the tickets minus any applicable commissions, unless the tickets are recovered by OLC. If a retailer notifies the OLC within 24 hours of any active pack of tickets becoming lost, stolen, missing, damaged or destroyed and files a police report, in instances when packs are stolen, and cooperates in the investigation by the OLC, the OLC may reduce the retailer's costs to \$25.00 for each active pack:

(d) Retailers are responsible for lost, stolen, missing, damaged or destroyed inactive instant tickets. If a retailer notifies the OLC within 24 hours of any inactive pack of tickets becoming lost, stolen, missing, damaged or destroyed and files a police report, in instances when packs are stolen, and cooperates with OLC in the investigation by OLC, the OLC may waive any retailer cost for each inactive pack:

(e) The OLC will accept the return of all instant tickets damaged prior to delivery acceptance by the retailer. These tickets must be returned to a designated OLC representative within one week of receipt of the tickets. The OLC may, at their sole discretion, elect to accept the return of tickets damaged after delivery:

(b) Retailers shall be responsible for all packs of instant tickets once received on an official Lottery terminal. Instant games can be returned to the OLC for credit based on market criteria such as game end, poor sales or changes in retailer inventory levels. All packs of instant games are due for return 90 days after the announcement of an official game end by the OLC. Any packs not returned by that date will be charged to the retailer. The Oklahoma Lottery reserves the right to issue a late credit to a retailer at their sole discretion.

(c) While retailers will bear the responsibility of all instant games, the OLC will provide credit to retailers under the following circumstances...

- (d) Missing or lost packs or tickets must be reported to the OLC's security department upon discovery. A \$25 administrative fee will be assessed per occurrence. If a retailer finds that the report of lost or missing tickets was in error, the OLC must be notified immediately, and the \$25 fee will be credited back.

Retailers are encouraged to pay in cash, but they may pay mid-tier prizes (\$25.01 to \$600) with a business check or money order if this is disclosed in advance to the claimant. Consistent reported failure to pay prizes to claimants or the issuance of a non-sufficient funds (NSF) check to claimants may be sufficient grounds to suspend or terminate the retailer contract.
- (b) OLC may authorize designated retailers to pay prizes up to five-thousand dollars (\$5,000.00), without regard to where the ticket or share was purchased, after performing validation procedures appropriate to the game and as specified by the Board.
- (c) After validating and paying a winning instant game ticket, the retailer should deface the ticket in a manner sufficient to prevent subsequent attempts to claim the ticket prize amount.~~Before attempting to validate a ticket, the Retailer should instruct the Claimant to print their name on the back of the ticket and sign their name in the space provided:~~
- (d) For prizes greater than \$600, retailers will direct claimants to the OLC's website or claimant office in Oklahoma City. ### **429:10-1-10. Settlement and retailer invoicing [AMENDED]**

- (b) All packs of instant tickets ~~activated~~ settled in an accounting period and for which the prize validation requirements specified in (c) of this Section have occurred, and all sales of online draw game tickets occurring within the accounting period will be invoiced to the retailer, less any retailer commissions and/or OLC authorized adjustments. The retailer invoice will be available through the OLC lottery sales terminal after 6:00 a.m. on Sunday, immediately following the end of the accounting period.

# Permanent Final Adoptions

---

(c) For instant games, retailers may select one of the following three (3) settlement options. Retailers ~~may~~must select a settlement option during the initial contract process and can change their selection at any time during the fiscal year, and may change the option only on their annual renewal date and only if they advise the OLC of their desire to change the option no later than two (2) weeks prior to their annual renewal date.

(1) Settlement Option 1: all ticket packs activated by the retailer or by the OLC on behalf of the retailer for which eighty percent (80%) of the winning low-tier tickets contained in the pack have been validated by the end of the previous accounting period will be included in the current retailer weekly invoice. Any pack which has been activated for a period of thirty (30) days will be invoiced to the retailer, even if eighty percent (80%) of the pack's winning low-tier tickets have not been validated. In the event a retailer activates concurrently two or more instant game packs from the same game, the first pack activated will be included in the current retailer weekly invoice regardless of how many low-tier tickets have been validated from the first If a retailer has been authorized in the OLC's gaming system to sell more than one pack at a time, the second activation will not automatically settle the first pack. Retailers will be assigned a number of active packs, of the same game, by location before an auto-settlement occurs. An auto-settlement will occur on a per pack basis based on the number of packs, of the same game, activated above the pre-authorized system number, except in situations where the retailer has two or more selling locations within the same retail business, in which case the first pack activated will be included in the current retailer weekly invoice when the third or subsequent pack of that game is activated, regardless of how many low-tier tickets have been validated from the first pack.

(2) Settlement Option 2: all ticket packs will be settled 21 days after activation, at which time such settled packs will be included on the weekly invoice for the week in which they were settled. In the event a retailer activates concurrently two or more instant game packs from the same game, the first pack activated will be included in the current retailer weekly invoice, except in situations where the retailer has two or more selling locations within the same retail business, in which case the first pack activated will be included in the current retailer weekly invoice when the third or subsequent pack of that game is activated.

(3) Settlement Option 3: all ticket packs will be settled immediately on activation, at which time such settled packs will be included on the weekly invoice for the week in which they were settled.

(d) The retailer invoice will provide a calculation of the proceeds due the OLC. The proceeds will be equal to the retail value of instant game ticket packs, plus the retail value of ~~on-line~~draw game ticket sales, less applicable sales or cashing commissions, less any winning tickets paid by the retailer during the accounting period, plus or minus any adjustments to the retailer account authorized by OLC.

(e) For purposes of calculating the retailer invoice, free ticket prizes validated by the retailer shall have the same value as the applicable retail value of free ticket(s) provided to the claimant.

## 429:10-1-11. Banking, deposits and payment requirements [AMENDED]

(a) The Act requires each retailer to establish a separate bank account in trust of the Oklahoma Lottery at an institution insured by the Federal Deposit Insurance Corporation (FDIC) and to provide the OLC with authorization to transfer lottery proceeds from this account using Electronic Funds Transfer (EFT). All funds due the OLC shall be considered State funds until paid to the OLC and are to be deposited into this separate bank account prior to the OLC's weekly EFT transfer, no later than the close of the next banking day after the date of their collection by the retailer.

(b) The OLC will provide notification of the amount of the accounting period EFT by way of an invoice to the retailer. Lottery proceeds due the OLC, as calculated on the invoice for an accounting period, will be transferred from the retailer bank account to the OLC on the Tuesday morning following the accounting period. When the Monday immediately preceding a scheduled Tuesday EFT transfer is a legal holiday, the transfer will occur on Wednesday morning.

(c) On the EFT funds transfer day (Tuesday morning), if all net lottery proceeds as detailed on the retailer invoice are not in the separate retailer bank account and this results in a non-sufficient funds (NSF) sweep, the retailer will be deemed to be in default. The OLC will charge a \$25 NSF fee for every occurrence of insufficient funds. The OLC reserves the right to waive that fee for extenuating circumstances. OLC will immediately contact the retailer and:

(1) If it is a first NSF default, require the retailer to deposit the required funds into the EFT lottery account to enable a wire transfer to be completed that day. ~~A \$25.00 NSF fee will be charged as an adjustment to the retailer account.~~

(2) If a second NSF default occurs within a 6 month period, OLC may immediately suspend the retailer's terminal operation until the required funds are brought to OLC or received by an OLC representative. ~~A \$25.00 NSF fee will be charged as an adjustment to the retailer account.~~

(3) If a third NSF default occurs within the same 6 month period provided in paragraph 2 of this subsection, the OLC may terminate the retailer contract immediately and commence collection proceedings on all money due to OLC.

Rules.

(4) If the first retest(s) passes testing, a second retest shall be conducted to confirm the final product does not exceed allowable thresholds and is safe to consume. If the second retest also passes for the same analyte, the batch may be processed, sold, or otherwise transferred. If the second retest fails for the same analyte that failed the initial test, the final harvest batch or final production batch must either be remediated or decontaminated in accordance with the Oklahoma Medical Marijuana and Patient Protection Act, 63 O.S. § 427.1 et seq., and these Rules, or must be disposed of in accordance with the Oklahoma Medical Marijuana Waste Management Act, 63 O.S. § 427a et seq. and these Rules.

(5) If during the first retest, a final harvest batch or final production batch fails testing for an analyte that passed initial testing, the final harvest batch or final production batch must pass testing for that analyte during the second retest.

(6) Any final harvest batch or final production batch that is retested and does not have two (2) successful tests for each analyte must either be remediated or decontaminated in accordance with the Oklahoma Medical Marijuana and Patient Protection Act, 63 O.S. § 427.1 et seq., and these Rules, or must be disposed of in accordance with the Oklahoma Medical Marijuana Waste Management Act, 63 O.S. § 427a et seq. and these Rules.

(2) A harvest batch or production batch that has been remediated or decontaminated must be fully tested and successfully pass all the analyses required under this Subchapter and as set forth in Appendix F. If the harvest batch or production batch fails to pass testing after remediation or decontamination, the harvest batch or production batch must be either disposed of in accordance with the Waste Management Act, 63 O.S. § 427a et seq. and these Rules or retested in accordance with OAC 442-10-8-1(j) with the following exceptions: Document all re-sampling, re-testing, decontamination, remediation, and/or disposal of marijuana or marijuana-derived products that fail laboratory testing under these Rules.

(A) Any harvest batch that has been decontaminated and fails retesting for microbials must be either remediated or disposed of in accordance with these Rules.

(B) Any production batch that has been decontaminated and fails retesting shall not be further decontaminated.

(3) Growers and processors may remediate failed harvest batches or production batches providing the remediation method does not impart any toxic or deleterious substance to the usable medical marijuana or medical marijuana products. Any remediation methods or remediation solvents used on medical marijuana or medical marijuana products must be disclosed to the testing laboratory. Prior to samples being taken, inform the laboratory that the final harvest batch or final production batch has failed testing and is being re-tested after undergoing remediation or decontamination.

Harvest batches that have failed microbial testing may be sent to a processor for decontamination of microbial contaminants and returned to the grower, provided the harvest batch was not processed into a solvent-based concentrate.

(3) If a sample from a batch of a cannabinoid concentrate or extract exceeds a microbial analyte allowable threshold, the batch may be further processed, if the processing method effectively decontaminates the batch, such as a method using a hydrocarbon-based solvent or a CO2 closed-loop system.

(4) A batch that is remediated or decontaminated in accordance with this Subsection of this section must be sampled and tested in accordance with these rules in the following manner:

(A) A batch that has failed microbial testing at a testing laboratory, that is decontaminated in accordance with this Subsection must be tested for microbials, heavy metals, THC and cannabinoid concentration, terpenoid type and concentration, and must be tested for pesticide residue, foreign material and filth, and water activity and moisture content if not previously tested.
