# The Oklahoma Register

---

Oklahoma  
Secretary of State  
Office of Administrative Rules

**Kevin Stitt, Governor**  
**Josh Cockroft,**  
**Secretary of State**  
**Chris Coffman, Editor-in-**  
**Chief**

***THE OKLAHOMA REGISTER*** is an official publication of the State of Oklahoma. It is published semi-monthly on the first working day of the month and on the first working day following the 14th day of the month under the authority of 75 O.S., Sections 250 et seq. and OAC 655:10-15-1. The rules of the State of Oklahoma are codified and published in the *Oklahoma Administrative Code*.

*The Oklahoma Register* and the documents accepted for publication are **AVAILABLE FOR PUBLIC INSPECTION** at the Office of Administrative Rules pursuant to the Oklahoma Open Records Act. Printed copies of the *Register* are available for public inspection at many County Clerks' offices in Oklahoma and the Jan Eric Cartwright Memorial Law Library at 200 NE 18th Street in the State Capitol Complex. Electronic copies of the *Register* are also available online at the Office of Administrative Rules' website at [www.rules.ok.gov](http://www.rules.ok.gov).

**CITE MATERIAL PUBLISHED IN *THE OKLAHOMA REGISTER*** by the volume and the beginning page number of the document in the *Register*. For example: 36 *Ok Reg* 256.

**SUBSCRIPTION RATES** for the *Register* are \$500.00 per year for the printed issues and \$300.00 per year for the CD-ROM issues, payable in advance. When available, individual printed issues may be purchased for \$20.00 plus the cost of postage, payable in advance. Make checks payable to "Secretary of State." Send subscription requests, change of address notices, and undelivered copies to: Secretary of State, Office of Administrative Rules, 421 NW 13th Street, Suite 210, Oklahoma City, OK 73103.

**INFORMATION ABOUT THIS PUBLICATION** may be obtained by contacting the OAR by mail at Oklahoma Secretary of State, Office of Administrative Rules, 421 NW 13th Street, Suite 210, Oklahoma City, OK 73103, by email at [oar@sos.ok.gov](mailto:oar@sos.ok.gov), or by phone at (405) 521-4911. Information may also be obtained by visiting the OAR's office, located in Suite 220, Colcord Center, 421 NW 13th Street, Oklahoma City, between 8:00 a.m. and 5:00 p.m., Monday through Friday.

# Emergency Adoptions

---

"If an agency finds that a rule is necessary as an emergency measure, the rule may be promulgated" if the Governor approves the rules after determining "that the rule is necessary as an emergency measure to do any of the following:

- a. protect the public health, safety or welfare,
- b. comply with deadlines in amendments to an agency's governing law or federal programs,
- c. avoid violation of federal law or regulation or other state law,
- d. avoid imminent reduction to the agency's budget, or
- e. avoid serious prejudice to the public interest." [75 O.S., Section 253(A)]

An emergency rule is considered promulgated immediately upon approval by the Governor, and effective immediately upon the Governor's approval or a later date specified by the agency in the emergency rule document. An emergency rule expires on September 15 following the next regular legislative session after its promulgation, or on an earlier date specified by the agency, if not already superseded by a permanent rule or terminated through legislative action as described in 75 O.S., Section 253(H)(2).

Emergency rules are not published in the *Oklahoma Administrative Code*; however, a source note entry, which cites to the *Register* publication of the emergency action, is added to the *Code* upon promulgation of a superseding permanent rule or expiration/termination of the emergency action. *For additional information on the emergency rulemaking process, see 75 O.S., Section 253.*

## FINDING OF EMERGENCY:

These emergency rules are necessary to avoid violation of federal law or regulation at 1915(c) of the Social Security Act by aligning the ADvantage program policy with the approved 1915(c) Home and Community Based waiver.

## GIST/ANALYSIS:

The OHCA is seeking to revise the ADvantage Waiver policy in order to align with the ADvantage Waiver amendments approved on October 16, 2024, with retroactive date of October 1, 2023. Key revisions will modify the eligibility criteria for the ADvantage Waiver program, lowering the minimum age from twenty-one (21) to nineteen (19) years of age. Additional revisions include modifying procedural requirements for obtaining member or representative signatures for home-delivered meals. This modification was made after a trial period during the PHE. Further revisions include reformatting policy for clarity and removing outdated language.

## CONTACT PERSON:

Lauren Johnson, Senior Policy Advisor, [lauren.johnson@okhca.org](mailto:lauren.johnson@okhca.org), 405-522-7891

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING EMERGENCY RULES ARE CONSIDERED PROMULGATED AND EFFECTIVE UPON APPROVAL BY THE GOVERNOR AS SET FORTH IN 75 O.S., SECTION 253(F):**

## SUBCHAPTER 5. INDIVIDUAL PROVIDERS AND SPECIALTIES

### PART 85. ADVANTAGE PROGRAM WAIVER SERVICES

#### 317:30-5-760. ADvantage program [AMENDED]

The ADvantage ~~Program~~program is a Medicaid Home and Community Based Services (HCBS) ~~Waiver~~waiver used to finance noninstitutional long-term care services through Oklahoma's Medicaid program for ~~elderly and disabled individuals; the elderly, sixty-five (65) years of age and older; and a targeted group of adults with physical disabilities, nineteen (19) to sixty-four (64) years of age who do not have an intellectual disability or a cognitive impairment related to a developmental disability per Oklahoma Administrative Code (OAC) 317:35-9.~~ To receive ADvantage Program services, individuals must ~~meet the nursing facility (NF) level of care (LOC) criteria, be age 65 years or older, or age 21 or older if physically disabled and not developmentally disabled, or if developmentally disabled and between the ages of 21 and 65, not have an intellectual disability or a cognitive impairment related to the developmental disability.~~ ADvantage Program ~~members must be Medicaid eligible and meet eligibility requirements per OAC 317:35-17.~~ The number of ~~members of individuals who may receive~~ ADvantage services is limited.

#### 317:30-5-763. Description of services [AMENDED]

Services included in the ADvantage program are:

##### (1) Case management.

(A) Case management services, regardless of payment source, assist a member to gain access to medical, social, educational, or other services that may benefit him or her to maintain health and safety.

Case managers:

- (i) Initiate and oversee necessary assessments and reassessments to establish or reestablish waiver program eligibility;
- (ii) Develop the member's comprehensive person-centered service plan, listing only the services necessary to prevent institutionalization of the member, as determined through the assessments;
- (iii) Initiate the addition of necessary services or deletion of unnecessary services, as dictated by the member's condition and available support; and
- (iv) Monitor the member's condition to ensure delivery and appropriateness of services and initiate person-centered service plan reviews. Case managers submit an individualized Services Backup Plan, on all initial service plans, annually at reassessment, and on updates as appropriate throughout the year, reflecting risk factors and measures in place to minimize risks. When a member requires hospital or nursing facility (NF) services, the case manager:
  - (I) Assists the member in accessing institutional care and, as appropriate, periodically monitors the member's progress during the institutional stay;

# Emergency Adoptions

---

(II) Helps the member transition from institution to home by updating the person-centered service plan;

(III) Prepares services to start on the date the member is discharged from the institution; and

(IV) Must meet ADvantage program minimum requirements for qualification and training prior to providing services to ADvantage members.

(B) Providers of ADvantage services for the member or for those who have an interest in or are employed by an ADvantage provider for the member must not provide case management or develop the person-centered service plan, except when the ADvantage Administration (AA) demonstrates the only willing and qualified entity to provide case management and/or develop person-centered service plans in a geographic area, also provides other ADvantage services. Prior to providing services to members receiving Consumer Directed Personal Assistance Services and Supports (~~CD-PASS~~)(CDPASS), case manager supervisors, and case managers are required to receive training and demonstrate knowledge regarding the ~~CD-PASS~~CDPASS service delivery model, "Independent Living Philosophy," and demonstrate competency in person-centered planning.

(C) Providers may only claim time for billable case management activities, described as:

(i) Any task or function, per Oklahoma Administrative Code (OAC) 317:30-5-763(1)(A) that only an ADvantage case manager, because of skill, training, or authority can perform on behalf of a member; and

(ii) Ancillary activities, such as clerical tasks, including, but not limited to, mailing, copying, filing, faxing, driving time, or supervisory and administrative activities are not billable case management activities. The administrative cost of these activities and other normal and customary business overhead costs are included in the reimbursement rate for billable activities.

(D) Case management services are prior authorized and billed per fifteen (15) minute unit of service using the rate associated with the location of residence of the member served.

(i) Case management services are billed using a standard rate for reimbursement for billable service activities provided to a member who resides in a county with a population density greater than twenty-five (25) persons per square mile.

(ii) Case management services are billed using a very rural/outside providers' service area rate for billable service activities provided to a member who resides in a county with a population density equal to, or less than twenty-five (25) persons per square mile. Exceptions are services to members who reside in Oklahoma Human Services (OKDHS) Community Living, Aging and Protective Services identified zip codes in Osage County adjacent to the metropolitan areas of Tulsa and Washington counties. Services to these members are prior authorized and billed using the standard rate.

(iii) The latest United States Census, Oklahoma counties population data is the source for determination of whether a member resides in a county with a population density equal to, or less than twenty-five (25) persons per square mile or resides in a county with a population density greater than twenty-five (25) persons per square mile.

## (2) Respite.

(A) Respite services are provided to members who are unable to care for themselves. Services are provided on a short-term basis due to the primary caregiver's absence or need for relief. Payment for respite care does not include room and board costs unless more than seven (7) hours are provided in a NF. Respite care is only utilized when other sources of care and support are exhausted. Respite care is only listed on the service plan when it is necessary to prevent institutionalization of the member. Units of services are limited to the number of units approved on the service plan.

(B) In-home respite services are billed per fifteen (15) minute unit of service. Within any one (1) day period, a minimum of eight (8) units [two (2) hours] must be provided with a maximum of twenty-eight (28) units [seven (7) hours] provided. The service is provided in the member's home.

(C) Facility-based extended respite is filed for a per diem rate when provided in a NF. Extended respite must be at least eight (8) hours in duration.

(D) In-home extended respite is filed for a per diem rate. A minimum of eight (8) hours must be provided in the member's home.

## (3) Adult day health (ADH) care.

(A) ADH is furnished on a regularly scheduled basis for one (1) or more days per week in an outpatient setting. It provides both health and social services necessary to ensure the member's optimal functioning. Most assistance with activities of daily living (ADLs), such as eating, mobility, toileting, and nail care are integral to the ADH care service and are covered by the ADH care basic reimbursement rate.

(B) ADH care is a fifteen (15) minute unit of service. No more than eight (8) hours, [thirty-two (32) units] are authorized per day. The number of units of service a member may receive is limited to the number of units approved on the member's approved service plan.

(C) Physical, occupational, and speech therapies are only provided as an enhancement to the basic ADH care service when authorized by the service plan and are billed as a separate procedure. ADH care therapy enhancement is a maximum of one (1) session unit per day of service.

(D) Meals provided as part of this service do not constitute a full nutritional regimen. One (1) meal, that contains at least one-third (1/3) of the current daily dietary recommended intake (DRI), as established by the Food and Nutrition Board of the National Academies of Sciences, Engineering, and Medicine, is provided to those participants who are in the center for four (4) or more hours per day and does not constitute a full nutritional regimen. Member's access to food at any time must also be available in addition to the required meal and is consistent with an individual not receiving Medicaid-funded services and supports.

(E) Personal care service enhancement in ADH is assistance in bathing, hair care, or laundry service, authorized by the person-centered service plan and billed as separate procedures. This service is authorized when an ADvantage waiver member who uses ADH requires assistance with bathing, hair care, or laundry to maintain health and safety. Assistance with bathing, hair care, or laundry is not a usual and customary ADH care service. ADH personal care enhancement is a maximum of one (1) unit per day of bathing, hair care, or laundry service.

(F) OKDHS Home and Community-Based Services (HCBS) waiver settings have qualities defined in Home and Community-Based Services: Waiver Requirements, 42 Code of Federal Regulations, Section (§) 441.301 (c)(4) based on the individual's needs, defined in the member's authorized service plan.

(i) The ADH center is integrated and supports full access of ADvantage members to the greater community, including opportunities to:

- (I) Seek employment and work in competitive integrated ADH Center, not a requirement for persons that are retirement age;
- (II) Engage in community life;
- (III) Control personal resources; and
- (IV) Receive services in the community, to the same degree as individuals not receiving ADvantage Program or other Medicaid HCBS waiver services.

(ii) The ADH is selected by the member from all available service options and given the opportunity to visit and understand the options.

(iii) The ADH ensures the member's rights of privacy, dignity, respect, and freedom from coercion and restraint.

(iv) The ADH optimizes the member's initiative, autonomy, and independence in making life choices including, but not limited to:

- (I) Daily activities;
- (II) The physical environment; and
- (III) Social interactions.

(v) The ADH facilitates the member's choice regarding services and supports including the provider.

(vi) Each member has the freedom and support to control his or her own schedules, activities, and access to food at any time.

(vii) Each member may have visitors whenever he or she chooses.

(viii) The ADH center is physically accessible to the member.

(G) ADH centers that are presumed not to be HCBS settings per 42 C.F.R. § 441.301(c)(5)(v) include, ADH centers:

- (i) In a publicly- or privately-owned facility providing inpatient treatment;
- (ii) On the grounds of or adjacent to a public institution; and
- (iii) With the effect of isolating individuals from the broader community of individuals not receiving ADvantage program or another Medicaid HCBS;

# Emergency Adoptions

---

(H) When the ADH is presumed not HCBS, according to 42 C.F.R. § 441.301(c)(5)(v), it may be subject to heightened scrutiny by AA, the Oklahoma Health Care Authority (OHCA), and the Centers for Medicare and Medicaid Services (CMS). The ADH must provide evidence that the ADH portion of the facility has clear administrative, financial, programmatic, and environmental distinctions from the institution and comply with additional monitoring by the AA.

**(4) Environmental modifications.**

(A) Environmental modifications are physical adaptations to the home, required by the member's person-centered service plan that are necessary to ensure the member's health, welfare, and safety or enable the member to function with greater independence in the home, and that without such, the member would require institutionalization. Adaptations or improvements to the home not of direct medical or remedial benefit to the waiver member are excluded.

(B) All services require prior authorization.

**(5) Specialized medical equipment and supplies.**

(A) Specialized medical equipment and supplies are devices, controls, or appliances specified in the person-centered service plan that enable members to increase their abilities to perform ADLs, or to perceive, control, or communicate with the environment in which they live. Necessary items for life support, ancillary supplies, and equipment necessary for the proper functioning of such items, and durable and non-durable medical equipment not available under the Oklahoma Medicaid State Plan are also included. This service excludes any equipment or supply items not of direct medical or remedial benefit to the waiver member and necessary to prevent institutionalization.

(B) Specialized medical equipment and supplies are billed using the appropriate HealthCare Common Procedure Code (HCPC). Reoccurring supplies shipped and delivered to the member are compensable only when the member remains eligible for waiver services, continues to reside in the home, and is not institutionalized in a hospital, skilled nursing facility, or nursing home. It is the provider's responsibility to verify the member's status prior to shipping and delivering these items. Payment for medical supplies is limited to the SoonerCare (Medicaid) rate when established, to the Medicare rate, or to actual acquisition cost, plus thirty percent (30%). All services must have prior authorization.

**(6) Advanced supportive/restorative assistance.**

(A) Advanced supportive/restorative assistance services are maintenance services used to assist a member who has a chronic, yet stable condition. These services assist with ADLs that require devices and procedures related to altered body functions. These services are for maintenance only and are not utilized as treatment services.

(B) Advanced supportive/restorative assistance service is billed per fifteen (15) minute unit of service. The number of units of service a member may receive is limited to the number of units approved on the person-centered service plan.

**(7) Nursing.**

(A) Nursing services are services listed in the person-centered service plan that are within the scope of the state's Nurse Practice Act. These services are provided by a registered nurse (RN), a licensed practical nurse (LPN), or a licensed vocational nurse (LVN) under the supervision of an RN licensed to practice and in good standing in the state in which services are provided. Nursing services may be provided on an intermittent or part-time basis or may be comprised of continuous care. The provision of the nursing service works to prevent or postpone the institutionalization of the member.

(B) Nursing services are services of a maintenance or preventative nature provided to members with stable, chronic conditions. These services are not intended to treat an acute health condition and may not include services reimbursable under either the Medicaid or Medicare home health program. This service primarily provides nurse supervision to the personal care assistant or to the advanced supportive/restorative assistance aide and assesses the member's health and prescribed medical services to ensure they meet the member's needs as specified in the person-centered service plan. A nursing assessment/evaluation, on-site visit is made to each member, with additional visits for members with advanced supportive/restorative assistance services authorized to evaluate the condition of the member and medical appropriateness of services. An assessment/evaluation report is forwarded to the ADvantage program case manager and the skilled nurse in accordance with review schedule determined between the case manager and the skilled nurse and outlined in the member's person-centered service plan, to report the member's condition or other significant information concerning each ADvantage member.

- (i) The ADvantage program case manager may recommend authorization of nursing services as part of the interdisciplinary team planning for the member's person-centered service plan and/or assessment/evaluation of the:
  - (I) Member's general health, functional ability, and needs; and/or
  - (II) Adequacy of personal care and/or advanced supportive/restorative assistance services to meet the member's needs, including providing on-the-job training and competency testing for personal care or advanced supportive/restorative care aides per rules and regulations for the delegation of nursing tasks established by the Board of Nursing in the state in which services are provided.
- (ii) In addition to assessment/evaluation, the ADvantage program case manager may recommend authorization of nursing services to:
  - (I) Prepare a one (1) week supply of insulin syringes for a person who is blind and has diabetes and can safely self-inject the medication but cannot fill his or her own syringe. This service includes monitoring the member's continued ability to self-administer the insulin;
  - (II) Prepare oral medications in divided daily compartments for a member who self-administers prescribed medications but needs assistance and monitoring due to a minimal level of disorientation or confusion;
  - (III) Monitor a member's skin condition when a member is at risk for skin breakdown due to immobility or incontinence or the member has a chronic stage II decubitus ulcer requiring maintenance care and monitoring;
  - (IV) Provide nail care for a member with diabetes or who has circulatory or neurological compromise; and
  - (V) Provide consultation and education to the member, member's family, or other informal caregivers identified in the person-centered service plan, regarding the nature of the member's chronic condition. Skills training, including return skills demonstration to establish competency, to the member, family, or other informal caregivers as specified in the person-centered service plan for preventive and rehabilitative care procedures are also provided.

(C) Nursing service includes interdisciplinary team planning and recommendations for the member's person-centered service plan development and/or assessment/evaluation or for other services within the scope of the nurse's license, including private duty nursing. Nursing services are billed per fifteen (15) minute unit of service. A specific procedure code is used to bill for interdisciplinary team planning and recommendations for the member's person-centered service plan, but other procedure codes may be used to bill for all other authorized nursing services. A maximum of eight (8) units [two (2) hours], per day of nursing for service plan development and assessment evaluation are allowed. An agreement by a provider to perform a nurse evaluation is also an agreement to provide the Medicaid in-home care services for which the provider is certified and contracted. Reimbursement for a nurse evaluation is denied when the provider that produced the nurse evaluation fails to provide the nurse assessment identified in the Medicaid in-home care services for which the provider is certified and contracted.

### **(8) Skilled nursing services.**

(A) Skilled nursing services are listed in the person-centered service plan, within the state's Nurse Practice Act scope, and are ordered by a licensed physician, osteopathic physician, physician assistant, or advanced practice nurse, and are provided by a RN, LPN, or LVN under the supervision of a RN, licensed to practice and in good standing in the state where services are provided. Skilled nursing services provided in the member's home or other community setting are services requiring the specialized skills of a licensed nurse. The scope and nature of these services are intended for treatment of a disease or a medical condition and are beyond the scope of ADvantage nursing services. These intermittent nursing services are targeted toward a prescribed treatment or procedure that must be performed at a specific time or other predictable rate of occurrence. The RN contacts the member's physician to obtain necessary information or orders pertaining to the member's care. When the member has an ongoing need for service activities requiring more or less units than authorized, the RN must recommend, in writing, that the service plan be revised.

# Emergency Adoptions

---

(B) Skilled nursing services are provided on an intermittent or part-time basis, and billed per fifteen (15) minute unit of service. Skilled nursing services are provided when nursing services are not available through Medicare or other sources or when SoonerCare plan nursing services limits are exhausted. Amount, frequency, and duration of services are prior-authorized in accordance with the member's person-centered service plan.

## (9) Home-delivered meals.

(A) Home-delivered meals provide ~~one (1)~~ up to two (2) mealmeals per day. A home-delivered meal is a meal prepared in advance and brought to the member's home. Each meal must have a nutritional content equal to at least one-third (1/3) of the dietary reference intakes as established by the Food and Nutrition Board of the National Academies of Sciences, Engineering and Medicine. Home-delivered meals are only provided to members who are unable to prepare meals and lack an informal provider to do meal preparation.

(B) Home-delivered meals are billed per meal, with one (1) meal equaling one (1) unit of service. The limit of the number of units a member is allowed to receive is in accordance with the member's person-centered service plan. ~~The provider must obtain a signature from the member or the member's representative at the time the meal is delivered. In the event the member is temporarily unavailable, such as at a doctor's appointment and the meal is left at the member's home, the provider must document the reason a signature was not obtained. The signature logs must be available for review. Providers will redeliver missing meals as reported by the member unless the provider has a reliable mechanism for showing meals were delivered including, but not limited to, a signature of the member or the member's representative; a delivery driver's attestation that delivery occurred; a tracking statement of a common carrier, or delivery invoice of a common carrier. Signatures are not required to verify delivery. Electronic systems for verifying delivery are permitted.~~

## (10) Occupational therapy services.

(A) Occupational therapy services are services that increase functional independence by enhancing the development of adaptive skills and performance capacities of members with physical disabilities and related psychological and cognitive impairments. Services are provided in the member's home and are intended to help the member achieve greater independence, enabling him or her to reside and participate in the community. Treatment involves the therapeutic use of self-care, work, and play activities, and may include modification of the tasks or environment to enable the member to achieve maximum independence, prevent further disability, and maintain health. Under a physician's order, a licensed occupational therapist evaluates the member's rehabilitation potential and develops an appropriate written, therapeutic regimen. The regimen utilizes paraprofessional, occupational therapy assistant services, within the limitations of his or her practice, working under the supervision of a licensed occupational therapist. The regimen includes education and training for informal caregivers to assist with or maintain services when appropriate. The occupational therapist ensures monitoring and documentation of the member's rehabilitative progress and reports to the member's case manager and physician to coordinate the necessary addition or deletion of services, based on the member's condition and ongoing rehabilitation potential.

(B) Occupational therapy services are billed per fifteen (15) minute unit of service. Payment is not allowed solely for written reports or record documentation.

## (11) Physical therapy services.

(A) Physical therapy services are those services that maintain or improve physical disability through the evaluation and rehabilitation of members disabled by pain, disease, or injury. Services are provided in the member's home and are intended to help the member achieve greater independence to reside and participate in the community. Treatment involves the use of physical therapeutic means, such as massage, manipulation, therapeutic exercise, cold and/or heat therapy, hydrotherapy, electrical stimulation, and light therapy. Under a physician's order, a licensed physical therapist evaluates the member's rehabilitation potential and develops an appropriate, written, therapeutic regimen. Under the Oklahoma Physical Therapy Practice Act, a physical therapist may evaluate a member's rehabilitation potential and develop and implement an appropriate, written, therapeutic regimen without a referral from a licensed health care practitioner for a period not to exceed thirty (30) calendar days. Any treatment required after the thirty (30) calendar day period requires a prescription from a physician or the physician's assistant of the licensee. The regimen utilizes paraprofessional physical therapy assistant services, within the limitations of his or her practice, working under the licensed physical therapist's supervision. The regimen includes education and training for informal caregivers to assist with and/or

maintain services when appropriate. The licensed physical therapist ensures monitoring and documentation of the member's rehabilitative progress and reports to the member's case manager and physician to coordinate the necessary addition or deletion of services, based on the member's condition and ongoing rehabilitation potential.

(B) Physical therapy services may be authorized as ADH care therapy enhancement and are a maximum of one (1) session unit per day of service. Payment is not allowed solely for written reports or record documentation.

**(12) Speech and language therapy services.**

(A) Speech and language therapy services are those that maintain or improve speech and language communication and swallowing disorders/disability through the evaluation and rehabilitation of members disabled by pain, disease, or injury. Services are provided in an ADH service setting and are intended to help the member achieve greater independence to reside and participate in the community. Services involve the use of therapeutic means, such as evaluation, specialized treatment, or development and oversight of a therapeutic maintenance program. Under a physician's order, a licensed speech and language pathologist evaluates the member's rehabilitation potential and develops an appropriate, written, therapeutic regimen. The regimen utilizes speech language pathology assistant services within the limitations of his or her practice, working under the supervision of the licensed speech and language pathologist. The regimen includes education and training for informal caregivers to assist with and/or maintain services when appropriate. The speech and language pathologist ensures monitoring and documentation of the member's rehabilitative progress and reports to the member's case manager and physician to coordinate the necessary addition and/or deletion of services, based on the member's condition and ongoing rehabilitation potential.

(B) Speech and language therapy services are authorized as ADH care-therapy enhancement and are a maximum of one (1) session unit per day of service. Payment is not allowed solely for written reports or record documentation.

**(13) Hospice services.**

(A) Hospice services are palliative and comfort care provided to the member and his or her family when a physician certifies the member has a terminal illness, with a life expectancy of six (6) months or less, and orders hospice care. ADvantage hospice care is authorized for a six (6) month period and requires physician certification of a terminal illness and orders of hospice care. When the member requires more than six (6) months of hospice care, a physician or nurse practitioner must have a face-to-face visit with the member thirty (30) calendar days prior to the initial hospice authorization end-date, and re-certify that the member has a terminal illness, has six (6) months or less to live, and orders additional hospice care. After the initial authorization period, additional periods of ADvantage hospice may be authorized for a maximum of sixty (60) calendar day increments with physician certification that the member has a terminal illness and six (6) months or less to live. A member's person-centered service plan that includes hospice care must comply with Waiver requirements to be within total person-centered service plan cost limits.

(B) A hospice program offers palliative and supportive care to meet the special needs arising out of the physical, emotional, and spiritual stresses experienced during the final stages of illness, through the end of life, and bereavement. The member signs a statement choosing hospice care instead of routine medical care with the objective to treat and cure the member's illness. Once the member has elected hospice care, the hospice medical team assumes responsibility for the member's medical care for the illness in the home environment. Hospice care services include nursing care, physician services, medical equipment and supplies, drugs for symptom and pain relief, home health aide and personal care services, physical, occupational and speech therapies, medical social services, dietary counseling, and grief and bereavement counseling to the member and/or the member's family.

(C) A hospice person-centered service plan must be developed by the hospice team in conjunction with the member's ADvantage case manager before hospice services are provided. The hospice services must be related to the palliation or management of the member's terminal illness, symptom control, or to enable the member to maintain ADL and basic functional skills. A member who is eligible for Medicare hospice provided as a Medicare Part A benefit, is not eligible to receive ADvantage hospice services.

(D) Hospice services are billed per diem of service for days covered by a hospice person-centered service plan and while the hospice provider is responsible for providing hospice services as needed by the member or member's family. The maximum total annual reimbursement for a member's hospice care within a twelve (12) month period is limited to an amount equivalent to eighty-five percent (85%) of

# Emergency Adoptions

---

the Medicare hospice cap payment, and must be authorized on the member's person-centered service plan.

**(14) ADvantage personal care.**

(A) ADvantage personal care is assistance to a member in carrying out ADLs, such as bathing, grooming, and toileting or in carrying out instrumental activities of daily living (IADLs), such as preparing meals and laundry service, to ensure the member's personal health and safety, or to prevent or minimize physical health regression or deterioration. Personal care services do not include service provision of a technical nature, such as tracheal suctioning, bladder catheterization, colostomy irrigation, or the operation and maintenance of equipment of a technical nature.

(B) ADvantage home care agency skilled nursing staff working in coordination with an ADvantage case manager is responsible for the development and monitoring of the member's personal care services.

(C) ADvantage personal care services are prior-authorized and billed per fifteen (15) minute unit of service, with units of service limited to the number of units on the ADvantage approved person-centered service plan.

**(15) Personal emergency response system (PERS).**

(A) PERS is an electronic device that enables members at high risk of institutionalization, to secure help in an emergency. Members may also wear a portable "help" button to allow for mobility. PERS is connected to the person's phone and programmed to signal, per member preference, a friend, relative, or a response center, once the "help" button is activated. For an ADvantage member to be eligible for PERS service, the member must meet all service criteria in (i) through (vi). The member:

- (i) Has a recent history of falls as a result of an existing medical condition that prevents the member from getting up unassisted from a fall;
- (ii) Lives alone and without a regular caregiver, paid or unpaid, and therefore is left alone for long periods of time;
- (iii) Demonstrates the capability to comprehend the purpose of and activate the PERS;
- (iv) Has a health and safety plan detailing the interventions beyond the PERS to ensure the member's health and safety in his or her home;
- (v) Has a disease management plan to implement medical and health interventions that reduce the possibility of falls by managing the member's underlying medical condition causing the falls; and
- (vi) Will likely avoid premature or unnecessary institutionalization as a result of PERS.

(B) PERS services are billed using the appropriate HCPC procedure code for installation, monthly service, or PERS purchase. All services are prior authorized per the ADvantage approved service plan.

**(16) ~~CD-PASS~~CDPASS.**

(A) ~~CD-PASS~~CDPASS are personal services assistance (PSA) and advanced personal services assistance (APSA) that enables a member in need of assistance to reside in his or her home and community of choice, rather than in an institution; and to carry out functions of daily living, self-care, and mobility. ~~CD-PASS~~CDPASS services are delivered as authorized on the person-centered service plan. The member becomes the employer of record and employs the PSA and the APSA. The member is responsible, with assistance from ADvantage program administrative Financial Management Services (FMS), for ensuring the employment complies with state and federal labor law requirements. The member/employer may designate an adult family member or friend, who is not a PSA or APSA to the member, as an "authorized representative" to assist in executing the employer functions. The member/employer:

- (i) Recruits, hires, and, as necessary, discharges the PSA or APSA;
- (ii) Ensures the PSA or APSA has received sufficient instruction and training. If needed, the member/employer will work with the consumer-directed agent/case manager (CDA) to obtain training assistance from ADvantage skilled nurses. Prior to performing an APSA task for the first time, the APSA must demonstrate competency in the tasks in an on-the-job training session conducted by the member, and the member must document the attendant's competency in performing each task in the APSA's personnel file;
- (iii) Determines where and how the PSA or APSA works, hours of work, what is to be accomplished and, within individual budget allocation limits, wages to be paid for the work;
- (iv) Supervises and documents employee work time; and
- (v) Provides tools and materials for work to be accomplished.

(B) The services the PSA may provide include:

- (i) Assistance with mobility and transferring in and out of bed, wheelchair, or motor vehicle, or all;
- (ii) Assistance with routine bodily functions, such as:
  - (I) Bathing and personal hygiene;
  - (II) Dressing and grooming; and
  - (III) Eating, including meal preparation and cleanup;
- (iii) Assistance with home services, such as shopping, laundry, cleaning, and seasonal chores;
- (iv) Companion assistance, such as letter writing, reading mail, and providing escort or transportation to participate in approved activities or events. "Approved activities or events," means community, civic participation guaranteed to all citizens including, but not limited to, exercise of religion, voting or participation in daily life activities in which exercise of choice and decision making is important to the member, and may include shopping for food, clothing, or other necessities, or for participation in other activities or events specifically approved on the person-centered service plan.

(C) An APSA ~~provides assistance with ADLs to~~ assists a member with a stable, chronic condition with ADLs, when such assistance requires devices and procedures related to altered body function if such activities, in the opinion of the attending physician or licensed nurse, may be performed if the member were physically capable, and the procedure may be safely performed in the home. Services provided by the APSA are maintenance services and are never used as therapeutic treatment. Members who develop medical complications requiring skilled nursing services while receiving APSA services are referred to his or her attending physician, who may order home health services, as appropriate. APSA includes assistance with health maintenance activities that may include:

- (i) Routine personal care for persons with ostomies, including tracheotomies, gastrostomies, and colostomies with well-healed stoma, external, indwelling, and suprapubic catheters that include changing bags and soap and water hygiene around the ostomy or catheter site;
- (ii) Removing external catheters, inspecting skin, and reapplication of same;
- (iii) Administering prescribed bowel program, including use of suppositories and sphincter stimulation, and enemas pre-packaged only without contraindicating rectal or intestinal conditions;
- (iv) Applying medicated prescription lotions or ointments and dry, non-sterile dressings to unbroken skin;
- (v) Using a lift for transfers;
- (vi) Manually assisting with oral medications;
- (vii) Providing passive range of motion (non-resistive flexion of joint) therapy, delivered in accordance with the person-centered service plan unless contraindicated by underlying joint pathology;
- (viii) Applying non-sterile dressings to superficial skin breaks or abrasions; and
- (ix) Using universal precautions as defined by the Centers for Disease Control and Prevention.

(D) FMS are program administrative services provided to participating ~~CD-PASS~~ CDPASS members/employers by AA. FMS are employer-related assistance that provides Internal Revenue Service (IRS) fiscal reporting agent and other financial management tasks and functions, including, but not limited to:

- (i) Processing employer payroll, after the member/employer has verified and approved the employee timesheet, at a minimum of semi-monthly, and associated withholding for taxes, or for other payroll withholdings performed on behalf of the member as employer of the PSA or APSA;
- (ii) Other employer-related payment disbursements as agreed to with the member/employer and in accordance with the member/employer's individual budget allocation;
- (iii) Responsibility for obtaining criminal and abuse registry background checks on prospective hires for PSA or APSA on the member/employer's behalf;
- (iv) Providing orientation and training regarding employer responsibilities, as well as employer information and management guidelines, materials, tools, and staff consultant expertise to support and assist the member to successfully perform employer-related functions; and
- (v) Making Hepatitis B vaccine and vaccination series available to PSA and APSA employees in compliance with Occupational Safety and Health Administration (OSHA) standards.

# Emergency Adoptions

---

(E) The PSA service is billed per fifteen (15) minute unit of service. The number of units of PSA a member may receive is limited to the number of units approved on the person-centered service plan.

(F) The APSA service is billed per fifteen (15) minute unit of service. The number of units of APSA a member may receive is limited to the number of units approved on the person-centered service plan.

**(17) Institution transition services.**

(A) Institution transition services are those services necessary to enable a member to leave the institution and receive necessary support through ADvantage waiver services in his or her home and community.

(B) Transitional case management services are services per OAC 317:30-5-763(1) required by the member and included on the member's person-centered service plan that are necessary to ensure the member's health, welfare, and safety, or to enable the member to function with greater independence in the home, and without which, the member would continue to require institutionalization. ADvantage transitional case management services assist institutionalized members who are eligible to receive ADvantage services in gaining access to needed waiver and other State Plan services, as well as needed medical, social, educational, and other services to assist in the transition, regardless of the funding source for the services to which access is gained. Transitional case management services may be authorized for periodic monitoring of an ADvantage member's progress during an institutional stay and for assisting the member to transition from institution to home by updating the person-centered service plan, including necessary institution transition services to prepare services and supports to be in place or to start on the date the member is discharged from the institution. Transitional case management services may be authorized to assist individuals that have not previously received ADvantage services, but were referred by CAP to the case management provider for assistance in transitioning from the institution to the community with ADvantage services support.

(i) Institution transition case management services are prior authorized and billed per fifteen (15) minute unit of service using the appropriate HCPC procedure code and modifier associated with the location of residence of the member served, per OAC 317:30-5-763(1)(D).

(ii) A unique modifier code is used to distinguish institution transitional case management services from regular case management services.

(C) Institution transition services may be authorized and reimbursed, per the conditions in (i) through (iv).

(i) The service is necessary to enable the member to move from the institution to his or her home.

(ii) The member is eligible to receive ADvantage services outside of the institutional setting.

(iii) Institution transition services are provided to the member within one-hundred and eighty (180) calendar-days of discharge from the institution.

(iv) Services provided while the member is in the institution are claimed as delivered on the day of discharge from the institution.

(D) When the member receives institution transition services but fails to enter the waiver, any institution transition services provided are not reimbursable.

**(18) Assisted living services (ALS).**

(A) ALS are personal care and supportive services furnished to waiver members who reside in a homelike, non-institutional setting that includes twenty-four (24) hour on-site response capability to meet scheduled or unpredictable member needs and to provide supervision, safety, and security. Services also include social and recreational programming and medication assistance, to the extent permitted under State law. The ALS provider is responsible for coordinating services provided by third parties to ADvantage members in the assisted living center (ALC). Nursing services are incidental rather than integral to the provision of ALS. ADvantage reimbursement for ALS includes services of personal care, housekeeping, laundry, meal preparation, periodic nursing evaluations, nursing supervision during nursing intervention, intermittent or unscheduled nursing care, medication administration, assistance with cognitive orientation, assistance with transfer and ambulation, planned programs for socialization, activities, and exercise, and for arranging or coordinating transportation to and from medical appointments. Services, except for planned programs for socialization, activities, and exercise, are to meet the member's specific needs as determined through the individualized assessment and documented on the member's person-centered service plan.

(B) The ADvantage ALS philosophy of service delivery promotes member choice, and to the greatest extent possible, member control. A member has control over his or her living space and his or her choice of personal amenities, furnishings, and activities in the residence. The ADvantage member must have the freedom to control his or her schedule and activities. The ALS provider's documented operating philosophy, including policies and procedures, must reflect and support the principles and values associated with the ADvantage assisted living philosophy and approach to service delivery emphasizing member dignity, privacy, individuality, and independence.

(C) ADvantage ALS required policies for admission and termination of services and definitions.

(i) ADvantage-certified assisted living centers (ALC) are required to accept all eligible ADvantage members who choose to receive services through the ALC, subject only to issues relating to, one (1) or more of the following:

(I) Rental unit availability;

(II) The member's compatibility with other residents;

(III) The center's ability to accommodate residents who have behavior problems, wander, or have needs that exceed the services the center provides; or

(IV) Restrictions initiated by statutory limitations.

(ii) The ALC may specify the number of units the provider is making available to service ADvantage members. At minimum, the ALC must designate ten (10) residential units for ADvantage members. Residential units designated for ADvantage may be used for other residents at the ALC when there are no pending ADvantage members for those units.

Exceptions may be requested in writing subject to the approval of AA.

(iii) Mild or moderate cognitive impairment of the applicant is not a justifiable reason to deny ALC admission. Centers are required to specify whether they are able to accommodate members who have behavior problems or wander. Denial of admission due to a determination of incompatibility must be approved by the case manager and the AA. Appropriateness of placement is not a unilateral determination by the ALC. The ADvantage case manager, the member, or member's designated representative, and the ALC in consultation determine the appropriateness of placement.

(iv) The ALC is responsible for meeting the member's needs for privacy, dignity, respect, and freedom from coercion and restraint. The ALC must optimize the member's initiative, autonomy, and independence in making life choices. The ALC must facilitate member choices regarding services and supports, and who provides them. Inability to meet those needs is not recognized as a reason for determining an ADvantage member's placement is inappropriate. The ALC agrees to provide or arrange and coordinate all services listed in the Oklahoma State Department of Health (OSDH) regulations, per OAC 310:663-3-3, except for specialized services.

(v) In addition, the ADvantage participating ALC agrees to provide or coordinate the services listed in (I) through (III).

(I) Provide an emergency call system for each participating ADvantage member.

(II) Provide up to three (3) meals per day plus snacks sufficient to meet nutritional requirements, including modified special diets, appropriate to the member's needs and choices; and provide members with twenty-four (24) hour access to food by giving members control in the selection of the foods they eat, by allowing the member to store personal food in his or her room, by allowing the member to prepare and eat food in his or her room, and allowing him or her to decide when to eat.

(III) Arrange or coordinate transportation to and from medical appointments. The ALC must assist the member with accessing transportation for integration into the community, including opportunities to seek employment and work in competitive integrated settings, engage in community life, and control his or her personal resources and receive services in the community to the same degree of access as residents not receiving ADvantage services.

(vi) The provider may offer any specialized service or rental unit for members with Alzheimer's disease and related dementias, physical disabilities, or other special needs the facility intends to market. Heightened scrutiny, through additional monitoring of the ALC by AA, is utilized for those ALC's that also provide inpatient treatment; settings on the grounds of or adjacent to a public institution and/or other settings that tend to isolate individuals from the

# Emergency Adoptions

---

community. The ALC must include evidence that the ALC portion of the facility has clear administrative, financial, programmatic and environmental distinctions from the institution.

(vii) When the provider arranges and coordinates services for members, the provider is obligated to ensure the provision of those services.

(viii) Per OAC 310:663-1-2, "personal care" is defined as "assistance with meals, dressing, movement, bathing or other personal needs or maintenance, or general supervision of the physical and mental well-being of a person [Title 63 of the Oklahoma Statutes (O.S.), Section (§) 1-1902.17] and includes assistance with toileting." For ADvantage ALS, assistance with "other personal needs" in this definition includes assistance with grooming and transferring. The term "assistance" is clarified to mean hands-on help, in addition to supervision.

(ix) The specific ALS assistance provided along with amount and duration of each type of assistance is based upon the member's assessed need for service assistance and is specified in the ALC's service plan that is incorporated as supplemental detail into the ADvantage comprehensive person-centered service plan. The ADvantage case manager in cooperation with ALC professional staff, develops the person-centered service plan to meet member needs. As member needs change, the person-centered service plan is amended consistent with the assessed, documented need for change in services.

(x) Placement, or continued placement of an ADvantage member in an ALC, is inappropriate when any one (1) or more of the conditions in I through IV exist.

(I) The member's needs exceed the level of services the center provides.

Documentation must support ALC efforts to provide or arrange for the required services to accommodate participant needs.

(II) The member exhibits behaviors or actions that repeatedly and substantially interfere with the rights or well-being of other residents, and the ALC documented efforts to resolve behavior problems including medical, behavioral, and increased staffing interventions. Documentation must support the ALC's attempted interventions to resolve behavior problems.

(III) The member has a complex, unstable, or unpredictable medical condition and treatment cannot be developed and implemented appropriately in the assisted living environment. Documentation must support the ALC's attempts to obtain appropriate member care.

(IV) The member fails to pay room and board charges or OKDHS determined vendor payment obligation.

(xi) Termination of residence ensues when inappropriately placed. Once a determination is made that a member is inappropriately placed, the ALC must inform the member, the member's representative, if applicable, the AA, and the member's ADvantage case manager. The ALC must develop a discharge plan in consultation with the member, the member's representative, the ADvantage case manager, and the AA. The ALC and case manager must ensure the discharge plan includes strategies for providing increased services, when appropriate, to minimize risk and meet the higher care needs of members transitioning out of the ALC, when the reason for discharge is inability to meet member needs. When voluntary termination of residency is not arranged, the ALC must provide written notice to the member and to the member's representative, with a copy to the member's ADvantage case manager and the AA. The written notice provides intent to terminate the residency agreement and move the member to an appropriate care provider. The thirty (30) calendar-day requirement must not apply when emergency termination of the residency agreement is mandated by the member's immediate health needs or when the termination of the residency agreement is necessary for the physical safety of the member or other ALC residents. The written involuntary termination of residency notice for reasons of inappropriate placement must include:

(I) A full explanation of the reasons for the termination of residency;

(II) The notice date;

(III) The date notice was given to the member and the member's representative, the ADvantage case manager, and the AA;

(IV) The date the member must leave ALC; and

(V) Notification of appeal rights and the process for submitting appeal of termination of Medicaid ALS to OHCA.

(D) ADvantage ALS provider standards in addition to licensure standards.

**(i) Physical environment.**

(I) The ALC must provide lockable doors on the entry door of each rental unit and an attached, lockable compartment within each member unit for valuables. Members must have exclusive rights to his or her unit with lockable doors at the entrance of the individual or shared rental unit. Keys to rooms may be held by only appropriate ALC staff as designated by the member's choice. Rental units may be shared only when a request to do so is initiated by the member. Members must be given the right to choose his or her roommate.

(II) The member has a legally enforceable agreement, or lease, with the ALC. The member must have the same responsibilities and protections from eviction as all tenants under the landlord-tenant law of the state, county, city, or other designated entity.

(III) The ALC must provide each rental unit with a means for each member to control the temperature in the residential unit through the use of a damper, register, thermostat, or other reasonable means under the control of the member and that preserves privacy, independence, and safety, provided that the OSDH may approve an alternate means based on documentation that the design of the temperature control is appropriate to the special needs of each member who has an alternate temperature control.

(IV) For ALCs built prior to January 1, 2008, each ALC individual residential unit must have a minimum total living space, including closets and storage areas, of two-hundred and fifty (250) square feet; for ALCs built after December 31, 2007, each ALC individual residential unit must have a minimum total living space, including closets and storage areas, of three-hundred and sixty (360) square feet.

(V) The ALC must provide a private bathroom for each living unit that must be equipped with one (1) lavatory, one (1) toilet, and one (1) bathtub or shower stall.

(VI) The ALC must provide at a minimum; a kitchenette, defined as a space containing a refrigerator, adequate storage space for utensils, and a cooking appliance. A microwave is an acceptable cooking appliance.

(VII) The member is responsible for furnishing the rental unit. When a member is unable to supply basic furnishings defined as a bed, dresser, nightstand, chairs, table, trash can, and lamp, or if furnishings pose a health or safety risk, the member's ADvantage case manager in coordination with the ALC, must assist the member in obtaining basic furnishings for the rental unit. The member must have the freedom to furnish and decorate the rental unit within the scope of the lease or residency agreement.

(VIII) The ALC must meet the requirements of all applicable federal and state laws and regulations including, but not limited to, state and local sanitary codes, state building and fire safety codes, and laws and regulations governing use and access by persons with disabilities.

(IX) The ALC must ensure the design of common areas accommodates the special needs of the resident population and that the rental unit accommodates the special needs of the member in compliance with the Americans with Disabilities Act accessibility guidelines per Nondiscrimination on the Basis of Disability By Public Accommodations and in in Commercial Facilities, 28 Code of Federal Regulations, Appendix A, at no additional cost to the member.

(X) The ALC must provide adequate and appropriate social and recreational space for residents and the common space must be proportionate to the number of residents and appropriate for the resident population.

(XI) The ALC must provide appropriately monitored outdoor space for resident use.

(XII) The ALC must provide the member with the right to have visitors of his or her choosing at any time. Overnight visitation is allowed as permissible by the Landlord/Tenant Agreement.

(XIII) The ALC must be physically accessible to members.

**(ii) Sanitation.**

# Emergency Adoptions

---

- (I) The ALC must maintain the facility, including its individual rental units in a clean, safe, and sanitary manner, ensuring that they are insect and rodent free, odorless, and in good repair at all times.
- (II) The ALC must maintain buildings and grounds in a good state of repair, in a safe and sanitary condition, and in compliance with the requirements of applicable regulations, bylaws, and codes.
- (III) The ALC stores clean laundry in a manner that prevents contamination and changes linens at time intervals necessary to avoid health issues.
- (IV) The ALC must provide housekeeping in member rental units to maintain a safe, clean, and sanitary environment.
- (V) The ALC must have policies and procedures for members' pets.

**(iii) Health and safety.**

- (I) The ALC must provide building security that protects members from intruders with security measures appropriate to building design, environmental risk factors, and the resident population.
- (II) The ALC must respond immediately and appropriately to missing members, accidents, medical emergencies, or deaths.
- (III) The ALC must have a plan in place to prevent, contain, and report any diseases considered to be infectious or are listed as diseases that must be reported to the OSDH.
- (IV) The ALC must adopt policies for the prevention of abuse, neglect, and exploitation that include screening, training, prevention, investigation, protection during investigation, and reporting.
- (V) The ALC must provide services and facilities that accommodate the needs of members to safely evacuate in the event of fires or other emergencies.
- (VI) The ALC must ensure staff is trained to respond appropriately to emergencies.
- (VII) The ALC must ensure that fire safety requirements are met.
- (VIII) The ALC must offer meals that provide balanced and adequate nutrition for members.
- (IX) The ALC must adopt safe practices for meal preparation and delivery.
- (X) The ALC must provide a twenty-four (24) hour response to personal emergencies appropriate to the needs of the resident population.
- (XI) The ALC must provide safe transportation to and from ALC sponsored social or recreational outings.

**(iv) Staff to resident ratios.**

- (I) The ALC must ensure a sufficient number of trained staff are on duty, awake, and present at all times, twenty-four (24) hours a day, and seven (7) days a week, to meet resident's needs and to carry out all processes listed in the ALC's written emergency and disaster preparedness plan for fires and other disasters.
- (II) The ALC must ensure staffing is sufficient to meet ADvantage program members' needs in accordance with each member's ADvantage person-centered service plan.
- (III) The ALC must have plans in place to address situations where there is a disruption to the ALC's regular work force.

**(v) Staff training and qualifications.**

- (I) The ALC must ensure staff has qualifications consistent with their job responsibilities.
- (II) All staff assisting in, or responsible for, food service must have attended a food service training program offered or approved by OSDH.
- (III) The ALC must provide staff orientation and ongoing training to develop and maintain staff knowledge and skills. All direct care and activity staff receive at least eight (8) hours of orientation and initial training within the first month of employment and at least four (4) hours annually thereafter. Staff providing direct care on a dementia unit must receive four (4) additional hours of dementia specific training. Annual first aid and cardiopulmonary resuscitation (CPR) certification do not count toward the four (4) hours of annual training.

**(vi) Staff supervision.**

(I) The ALC must ensure delegation of tasks to non-licensed staff is consistent and in compliance with all applicable state regulations including, but not limited to, the state's Nurse Practice Act and OSDH Nurse Aide Certification rules.

(II) The ALC must ensure that, where the monitoring of food intake or therapeutic diets is provided at the prescribed services level, a registered dietitian monitors member health and nutritional status.

**(vii) Resident rights.**

(I) The ALC must provide to each member and each member's representative, at the time of admission, a copy of the resident statutory rights listed in 63 O.S. § 1-1918 amended to include additional rights and the clarification of rights as listed in the ADvantage member assurances. A copy of resident rights must be posted in an easily accessible, conspicuous place in the facility. The facility must ensure that staff is familiar with and observes, the resident rights.

(II) The ALC must conspicuously post for display in an area accessible to residents, employees, and visitors, the ALC's complaint procedures and the name, address, and phone number of a person authorized to receive complaints. A copy of the complaint procedure must also be given to each member, the member's representative, or the legal guardian. The ALC must ensure all employees comply with the ALC's complaint procedure.

(III) The ALC must provide to each member and member's representative, at the time of admission, information about Medicaid grievance and appeal rights, including a description of the process for submitting a grievance or appeal of any decision that decreases Medicaid services to the member.

**(viii) Incident reporting.**

(I) The ALC must maintain a record of incidents that occur and report incidents to the member's ADvantage case manager and to the AA, utilizing the AA Critical Incident Reporting form. Incident reports are also made to Adult Protective Services (APS) and to the OSDH, as appropriate, per ALC licensure rules, utilizing the specific reporting forms required.

(II) Incidents requiring report by licensed ALC's are those defined by OSDH, per OAC 310:663-19-1 and listed ~~on~~in the AA Provider Question Critical Incident Reporting form-Category.

(III) Reports of incidents must be made to the member's ADvantage case manager and to the AA via electronic submission within one (1) business day of the reportable incident's discovery utilizing the ~~AA Provider Question Critical Incident Reporting form-Category.~~ When required, a follow-up report of the incident must be submitted via electronic submission to the member's ADvantage case manager and to the AA. The follow-up report must be submitted within five (5) business days of the incident. The final report must be filed with the member's ADvantage case manager and the AA when the investigation is complete, not to exceed ten (10) business days after the incident.

(IV) Each ALC having reasonable cause to believe that a member is suffering from abuse, neglect, exploitation, or misappropriation of member property must make a report to APS as soon as the person is aware of the situation per 43A O.S. § 10-104.A. Reports are also made to OSDH, as appropriate, per ALC licensure rules.

(V) The preliminary incident report must at minimum, include who, what, when, where, and the measures taken to protect the member and resident(s) during the investigation. The follow-up report must, at minimum, include preliminary information, the extent of the injury or damage, if any, and preliminary investigation findings. The final report, at minimum, includes preliminary and follow-up information, a summary of investigative actions representing a thorough investigation, investigative findings and conclusions, and corrective measures to prevent future occurrences. When it is necessary to omit items, the final report must include why such items were omitted and when they will be provided.

(ix) Provision of, or arrangement for, necessary health services. The ALC must:

# Emergency Adoptions

---

- (I) Arrange or coordinate transportation for members to and from medical appointments; and
- (II) Provide or coordinate with the member and the member's ADvantage case manager for delivery of necessary health services. The ADvantage case manager is responsible for monitoring that all health-related services required by the member as identified through assessment and documented on the person-centered service plan, are provided in an appropriate and timely manner. The member has the freedom to choose any available provider qualified by licensure or certification to provide necessary health services in the ALC.

(E) ALCs are billed per diem of service for days covered by the ADvantage member's person-centered service plan and during which the ALS provider is responsible for providing ALS for the member. The per diem rate for ADvantage ALS for a member is one (1) of three (3) per diem rate levels based on a member's need for type of, intensity of, and frequency of service to address member ADLs, instrumental activities of daily living (IADLs), and health care needs. The rate level is based on the Uniform Comprehensive Assessment Tool (UCAT) assessment by the member's ADvantage case manager employed by a case management agency independent of the ALS provider. The determination of the appropriate per diem rate is made by the AA clinical review staff.

(F) The ALC must notify AA ninety (90) calendar days before terminating or not renewing the ALC's ADvantage contract.

(i) The ALC must give notice in writing to the member, the member's representative(s), the AA, and the member's ADvantage case manager ninety (90) calendar days before:

- (I) Voluntary cessation of the ALC's ADvantage contract; or
- (II) Closure of all or part of the ALC.

(ii) The notice of closure must include:

- (I) The proposed ADvantage contract termination date;
- (II) The termination reason;
- (III) An offer to assist the member secure an alternative placement; and
- (IV) Available housing alternatives.

(iii) The facility must comply with all applicable laws and regulations until the closing date, including those related to resident transfer or discharge.

(iv) Following the last move to the last ADvantage member, the ALC must provide in writing to the AA:

- (I) The effective date of closure based on the discharge date of the last resident;
- (II) A list of members transferred or discharged and where they relocated; and
- (III) The plan for storage of resident records per OAC 310:663-19-3(g), relating to preservation of resident records and the name, address, and phone numbers of the person responsible for the records.

## (19) Remote Support (RS) services.

(A) **Purpose and scope.** RS services are intended to promote a member's independence and self-direction. RS services are provided in the member's home to reduce reliance on in person support while ensuring the member's health and safety. RS services are included in the member's person-centered service plan and coordination of these services are made through the case manager.

(i) RS services are:

- (I) Based on the member's needs as documented and supported by the member's person-centered service plan and person-centered assessments;
- (II) Only authorized when submitted on the member's person-centered service plan with the consent of the member, involved household members, and guardian, as applicable;
- (III) The least restrictive option and the member's preferred method to meet an assessed need; and
- (IV) Provided when the member and the member's Interdisciplinary Team (IDT) agree to the provision of RS services.

(ii) RS services are not a system of surveillance or for provider convenience.

(B) **Service description.** RS services monitor a member by allowing for live, two-way communication between the member and monitoring staff using one (1) or more of the following systems:

- (i) Live video feed;

- (ii) Live audio feed;
- (iii) Motion-sensor monitoring;
- (iv) Radio frequency identification;
- (v) Web-based monitoring; or
- (vi) Global positioning system (GPS) monitoring devices.

(C) **General provider requirements.** RS service providers must have a valid OHCA SoonerCare (Medicaid) provider agreement to provide provider-based RS services to ADvantage HCBS waiver members and be certified by the AA. Requests for applications to provide RS services are made to AA.

(D) **Risk assessment.** Teams will complete a risk assessment to ensure remote supports can help meet the member's needs in a way that protects the right to privacy, dignity, respect, and freedom from coercion. The risk assessment is reviewed, and any issues are addressed prior to the implementation of remote supports general provider requirements.

- (i) Remote support providers ensure the member's health and safety by contacting a member's informal support or activating the member's back-up plan when a health or safety issue becomes evident during monitoring.
- (ii) The risk assessment and service plan require the team to develop a specific back-up plan to address health, safety and behavioral needs while remote supports are utilized so appropriate assistance can be provided. The RS back-up plan includes how assistance is provided to the member when equipment or technology fails.

(E) **RS guidelines.** Devices or monitors are placed at locations based on the member's individual needs as documented on the member's person-centered service plan and approved by the member and involved family members and guardian, as applicable.

- (i) The use of camera or video equipment in the member's bedroom, bathroom, or other private area is prohibited.
- (ii) When RS involves the use of audio or video equipment that permits RS staff to view activities or listen to conversations in the residence, the member who receives the service and each person who lives with the member is fully informed of what RS entails. The member's case manager documents consent in the member's person-centered service plan.
- (iii) Waiver members have the ability to turn off the remote monitoring device or equipment if they choose to do so. The RS provider educates the member regarding how to turn RS devices off and on at the start of services and as desired thereafter.

(F) **Emergency response staff.**

- (i) Emergency response staff are employed by a certified ADvantage Provider with a valid OHCA SoonerCare (Medicaid) contract to provide HCBS to OKDHS HCBS waiver members.
- (ii) Informal emergency response persons are unpaid family members or other interested parties who agree to become, and are approved as, an emergency response person by the member and the member's IDT.

(G) **Service limitations.** RS services are limited to twenty-four (24) hours per day. RS services are not provided simultaneously with any other in-home direct care services. However, services may be provided through a combination of remote and in-home services dependent on the member's needs.

(H) **RS service discontinuation.** The member and the member's IDT determine when it is appropriate to discontinue RS services. When RS services are terminated, the RS provider coordinates service termination with the member's case manager to ensure a safe transition.

(20) **Assistive Technology (AT) services.**

(A) AT services include devices, controls, and appliances, specified in the member's person-centered service plan, which enable members to increase their abilities to perform activities of daily living or to perceive, control, or communicate with the environment in which they live.

(B) Devices may include communication technology, such as smart phones and tablets, that allow members to communicate with their providers using video chat to ensure ongoing maintenance of health and welfare.

(C) Only devices that are not covered under the SoonerCare (Medicaid) or Specialized Medical Equipment services are included in this service definition.

(D) Service codes and rates vary based on the nature of the AT device;

(E) AT services may include:

- (i) Assessment for the need of AT or auxiliary aids;

# Emergency Adoptions

---

- (ii) Training the member or provider regarding use and maintenance of equipment or auxiliary aids; and
- (iii) Repair of adaptive devices; and
- (iv) Equipment provided may include:
  - (I) Video communication technology that allows members to communicate with providers through video communication. Video communication allows providers to assess and evaluate their members' health and welfare or other needs by enabling visualization of members and their environments. Examples include smart phones, tablets, audiovisual or virtual assistant technology, or sensors; and
  - (II) The cost of internet services may be augmented through the Emergency Broadband Benefit which is available to waiver members.

## FINDING OF EMERGENCY:

The proposed emergency changes are necessary to avoid violation of federal law or regulation at 42 U.S.C. Section 1396a(a)(13)(A) by aligning administrative rules with the approved Oklahoma Medicaid State Plan

## GIST/ANALYSIS:

The proposed changes will align agency rules with the Title XIX State Plan durable medical equipment (DME) reimbursement guidelines for nursing facilities, which stipulate that DME is included as part of the nursing facility rate methodology, and is not billed separately.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING EMERGENCY RULES ARE CONSIDERED PROMULGATED AND EFFECTIVE UPON APPROVAL BY THE GOVERNOR AS SET FORTH IN 75 O.S., SECTION 253(F):**

## SUBCHAPTER 5. INDIVIDUAL PROVIDERS AND SPECIALTIES

### PART 9. LONG-TERM CARE FACILITIES

#### 317:30-5-133.2. Ancillary services [AMENDED]

(a) ~~\_\_\_\_\_~~ Ancillary services are those items which are not considered routine services. Ancillary services may be billed separately to the SoonerCare program, unless reimbursement is available from Medicare or other insurance or benefit programs. ~~Coverage criteria, utilization controls and program limitations are specified in Part 17 of OAC 317:30-5.~~

~~Ancillary services are limited to the following services:~~

~~(1) Services requiring prior authorization:~~

- ~~(A) External breast prosthesis and support accessories.~~
- ~~(B) Ventilators and supplies.~~
- ~~(C) Total Parenteral Nutrition (TPN), and supplies.~~
- ~~(D) Custom seating for wheelchairs.~~

~~(2) Services not requiring prior authorization:~~

- ~~(A) Permanent indwelling or male external catheters and catheter accessories.~~
- ~~(B) Colostomy and urostomy supplies.~~
- ~~(C) Tracheostomy supplies.~~
- ~~(D) Catheters and catheter accessories.~~
- ~~(E) Oxygen and oxygen concentrators.~~

~~(i) PRN Oxygen. Members in nursing facilities requiring oxygen PRN will be serviced by oxygen kept on hand as part of the per diem rate.~~

~~(ii) Billing for Medicare eligible members. Oxygen supplied to Medicare eligible nursing home members may be billed directly to OHCA. It is not necessary to obtain a denial from Medicare prior to filing the claim with OHCA.~~

(b) ~~Items not considered ancillary, but considered routine and covered as part of the routine rate include but are not limited to:~~

- ~~(1) Diapers.~~
- ~~(2) Underpads.~~
- ~~(3) Medicine cups.~~
- ~~(4) Eating utensils.~~
- ~~(5) Personal comfort items.~~

**FINDING OF EMERGENCY:**

These emergency rules are necessary to avoid violation of federal law or regulation at 1915(c) of the Social Security Act by aligning the ADvantage program policy with the approved 1915(c) Home and Community Based waiver.

**GIST/ANALYSIS:**

The OHCA is seeking to revise the ADvantage Waiver policy in order to align with the ADvantage Waiver amendments approved on October 16, 2024, with retroactive date of October 1, 2023. Revisions include reformatting policy for clarity and removing outdated language and improve clarity of ADvantage capacity.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING EMERGENCY RULES ARE CONSIDERED PROMULGATED AND EFFECTIVE UPON APPROVAL BY THE GOVERNOR AS SET FORTH IN 75 O.S., SECTION 253(F):**

## SUBCHAPTER 9. ICF/IID, HCBW/IID, AND INDIVIDUALS AGE 65 OR OLDER IN MENTAL HEALTH HOSPITALS

### PART 1. SERVICES

#### **317:35-9-1. Overview of long-term medical care services; relationship to ~~QMB, SLMB~~Qualified Medicare Beneficiary (QMB), Specified Low-Income Medicare Beneficiary (SLMB), and other Medicaid services eligibility, and spenddown calculation [AMENDED]**

(a) **Long Term Medical Care Services.** Long-term medical care for the categorically needy includes care in a nursing facility (refer to OAC 317:35-19), public and private intermediate care facility for the mentally retarded (refer to this subchapter), persons age 65 years or older in mental health hospitals (refer to this subchapter), Home and Community Based Waiver Services for the Intellectually Disabled (refer to this subchapter), and Home and Community Based Waiver Services for frail elderly and a targeted group of adults with physical disabilities age 21 and over who have not been determined to have a developmental disability, an intellectual disability or a related condition (refer to OAC 317:35-17). Personal Care provides services in the own home for categorically needy individuals (refer to OAC 317:35-15). Any time an individual is certified as eligible for Medicaid coverage of long-term care, the individual is also eligible for other Medicaid services. Another application or additional spenddown computation is not required. Spenddown is applied to the first long-term care claim filed. Any time an aged, blind or disabled individual is determined eligible for long-term care, a separate determination must be made to see if eligibility conditions as a Qualified Medicare Beneficiary (QMB) or Specified Low-Income Medicare Beneficiary (SLMB) are met. Another application for QMB or SLMB benefits is not required. Any spenddown computed for long-term care is not applicable to QMB or SLMB coverage. Long-term medical care for the categorically needy includes:

- (1) Care in a nursing facility, per Oklahoma Administrative Code (OAC) 317:35-19;
- (2) Public and private intermediate care facility for individuals with intellectual disabilities, per OAC 317:35-9;
- (3) Persons age sixty-five (65) years or older in mental health hospitals, per OAC 317:35-9;
- (4) Home and Community Based Waiver Services for the Intellectually Disabled, per OAC 317:35-9;
- (5) Home and Community Based Waiver Services for the ADvantage program, per OAC 317:35-17; and
- (6) State Plan Personal Care provides services, per OAC 317:35-15.

(b) Any time an individual is certified as eligible for ~~Medicaid coverage of long-term care~~ SoonerCare coverage, the individual is also eligible for other ~~Medicaid~~ SoonerCare services. Another application or additional spenddown computation is not required. Spenddown is applied to the first long-term care claim filed. Any time an aged, blind or disabled individual is determined eligible for long-term care, a separate determination ~~must be~~ made to see if eligibility conditions as a ~~Qualified Medicare Beneficiary (QMB)~~ QMB or ~~Specified Low-Income Medicare Beneficiary (SLMB)~~ SLMB are met. Another application for QMB or SLMB benefits is not required. Any spenddown computed for long-term care is not applicable to QMB or SLMB coverage.

(b) ~~Medicaid recovery.~~ (c) The State of Oklahoma operates a Medicaid ~~Recovery~~ program to recover cost for services identified in OAC 317:35-9-15. ~~Recovery can be accomplished in two ways: liens against real property or claims made against estates.~~

## SUBCHAPTER 17. ADVANTAGE WAIVER SERVICES

#### **317:35-17-4. Application for ADvantage services [AMENDED]**

(a) **Application procedures for ADvantage services.** If waiver slots are available, the application process initiates when an online application is completed for ADvantage services. A written financial application is not required for an individual who has an active Medicaid case. A financial application for ADvantage services consists of the Medical Assistance Application form. The form is signed by the applicant, parent, spouse, guardian, or someone else acting on the applicant's behalf.

- (1) All conditions of financial eligibility must be verified and documented in the case record. When current information already available in the local office establishes financial eligibility, such information may be used by recording source and date of information. If the applicant also wishes to apply for a State Supplemental Payment, either the applicant or his/her guardian must sign the application form.
- (2) When Medicaid application is being made, an assessment of resources must be completed. For applicants of the ADvantage waiver, those resources owned by the couple the month the application was made determines the spousal share of resources.

# Emergency Adoptions

---

(3) When an application is received from an individual residing in a nursing facility, the applicant is referred to the ~~Oklahoma Health Care Authority (OHCA)~~ Living Choice program ~~as the appropriate entity~~ to assist individuals from nursing facility care.

(A) If ~~OHCA~~ Living Choice determines the applicant is ineligible for services due to the inability to assure health and welfare in a community setting, the individual is also ineligible for ADvantage waiver services.

(B) If ~~OHCA~~ Living Choice determines the applicant does not meet Living Choice eligibility criteria for reasons unrelated to health and welfare, the individual is eligible for the ADvantage waiver if medically and financially approved.

**(b) Date of application.**

(1) The date of application is:

(A) the date the applicant or someone acting in his/her behalf signs the application in the county office; or

(B) the date the application is stamped into the county office when the application is initiated outside the county office; or

(C) the date when the request for Medicaid is made orally and the financial application form is signed later. The date of the oral request is entered in "red" above the date the form is signed.

(2) An exception is when OKDHS has contracts with certain providers to take applications and obtain documentation. After the documentation is obtained, the contracted provider forwards the application and documentation to the OKDHS county office of the applicant's county of residence for Medicaid eligibility determination. The application date is the date the applicant signed the application form for the provider.

**(c) ADvantage ~~waiting list procedures~~ capacity.** ADvantage Program "available capacity" is the number of members that may be enrolled in the Program without exceeding, on an annualized basis, the maximum number authorized by the waiver to be served in the waiver year. ~~Upon notification from the AA that 90% of the available capacity has been exceeded, OKDHS Community Living, Aging and Protective Services notifies OKDHS county offices and contract agencies approved to complete the UCAF that, until further notice, requests for ADvantage services are not to be processed as applications but referred to AA to be placed on a waiting list of requests for ADvantage services. As available capacity permits, but remaining in compliance with waiver limits of maximum capacity, and until an increase in ADvantage available capacity occurs, the AA selects in chronological order (first on, first off) requests for ADvantage from the waiting list to forward to the appropriate OKDHS county office for processing the application. When the waiver capacity exceeds the number on the waiting list and after all persons on the waiting list have been processed, waiting list procedures are suspended. Waitlist procedures are implemented when the maximum number authorized by the waiver to be served in the waiver year is met.~~

**FINDING OF EMERGENCY:**

These emergency rules are necessary to avoid violation of federal law or regulation at Sections 1915(b) and 1932(a) of the Social Security Act by aligning SoonerSelect policy with the State's 1915(b) waiver amendment.

**GIST/ANALYSIS:**

These proposed changes clarify that members receiving only family planning services through SoonerPlan are excluded from enrollment in the SoonerSelect program. Additionally, the choice period for SoonerSelect enrollees will be changed from 60 days to 30 days. The choice period is the timeframe during which a SoonerSelect enrollee may select a plan. If a selection is not made during this timeframe, the enrollee will be automatically assigned to one of the contracted entities.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING EMERGENCY RULES ARE CONSIDERED PROMULGATED AND EFFECTIVE UPON APPROVAL BY THE GOVERNOR AS SET FORTH IN 75 O.S., SECTION 253(F):**

## SUBCHAPTER 3. GENERAL PROGRAM INFORMATION

### PART 1. ELIGIBILITY, ENROLLMENT AND CONTINUITY OF CARE

#### **317:55-3-1. Mandatory, voluntary, and excluded populations [AMENDED]**

(a) **Mandatory populations.** The following SoonerCare Eligibles will be mandatorily enrolled with a CE and DBM under the SoonerSelect Dental and Medical program:

- (1) Expansion adults;
- (2) Parents and caretaker relatives;
- (3) Pregnant women;
- (4) Deemed newborns;
- (5) Former foster children;
- (6) Juvenile justice involved children;
- (7) Foster care children;
- (8) Children receiving adoption assistance; and
- (9) Children.

# Emergency Adoptions

---

(b) **Voluntary populations.** SoonerCare Eligible individuals may voluntarily choose to enroll in the SoonerSelect Dental and Medical program through an opt-in process if they are American Indians and/or Alaskan Natives. AI/AN populations will have the option to:

- (1) Voluntarily enroll in the DBM and/or CE through an opt-in process;
- (2) Enroll in a DBM and/or CE at each open enrollment period, regardless of initial selection or past disenrollment from the DBM and/or CE;
- (3) When enrolled, AI/AN populations may:
  - (A) Receive services from an IHCP;
  - (B) Choose the IHCP as the Enrollee's provider, if the provider has the capacity to provide such services;
  - (C) Obtain services covered under the Contract from out-of-network IHCPs when the Enrollee is otherwise Eligible to receive the IHCP's services;
  - (D) Self-refer for services provided by IHCPs to AI/AN Enrollees;
  - (E) Obtain services covered under the Contract from out-of-network IHCPs when the AI/AN Enrollee is otherwise Eligible to receive the IHCP's services; and
  - (F) Disenroll from any DBM and/or CE at any time without cause.

(c) **Excluded populations.** The following individuals are excluded from enrollment in the SoonerSelect program:

- (1) Dual-eligible individuals;
- (2) Individuals enrolled in the Medicare Savings Program, including Qualified Medicare Beneficiaries (QMB), Specified Low Income Medicare Beneficiaries (SLMB), Qualified Disabled Workers (QDW) and Qualified Individuals (QI);
- (3) Persons with a nursing facility or ICF-IID level of care, except for Enrollees with a pending level of care determination;
- (4) Individuals during a period of presumptive eligibility;
- (5) Individuals infected with tuberculosis Eligible for tuberculosis-related services under 42 C.F.R. § 435.215;
- (6) Individuals determined Eligible for SoonerCare on the basis of needing treatment for breast or cervical cancer under 42 C.F.R. § 435.213;
- (7) Individuals enrolled in a § 1915(c) Waiver;
- (8) Undocumented persons Eligible for emergency services only in accordance with 42 C.F.R. § 435.139;
- (9) Insure Oklahoma Employee Sponsored Insurance (ESI) dependent children in accordance with the Oklahoma Medicaid State Plan;
- (10) Coverage of Pregnancy-Related Services under Title XXI for the benefit of unborn children ('Soon- to-be-Sooners'), as allowed by 42 C.F.R. § 457.10; and
- (11) Individuals determined Eligible for Medicaid on the basis of age, blindness, or disability.
- (12) Individuals enrolled in the SoonerPlan family planning program.

(d) **Additional eligibility criteria.** For additional eligibility criteria, refer to Chapter 35 Medical Assistance for Adults and Children Eligibility Manual, Subchapter 5 Eligibility and Countable Income.

## 317:55-3-2. Enrollment and disenrollment process [AMENDED]

(a) **Enrollment process.** The OHCA beneficiary support system will provide choice counseling to all potential Enrollees at the time of initial enrollment, during the annual open enrollment period and for Enrollees who disenroll from a CE or DBM for good cause as described in the Contract and in this Section. The OHCA, or its designee, will provide information about individual CE or DBM benefit structures, services, and network providers, as well as information about other Medicaid programs as requested by the Eligible to assist the Eligible in making an informed selection.

(1) **Selection/auto assignment.** During the application process, at OHCA's discretion, an Applicant may have up to ~~sixty (60)~~thirty (30) days to select a contracted CE and DBM of their choice. Applicants who are Eligible to choose a CE and DBM and fail to make an election on the SoonerCare application, within the allotted timeframe, will be assigned to the CE and DBM that is due next to receive an auto assignment.

(2) **Exemptions to auto-assignments**

- (A) The OHCA will not make auto-assignments to the CE if:
  - (i) The CE's maximum enrollment has been capped and actual enrollment has reached ninety-five percent (95%) of the cap;
  - (ii) The CE has been excluded from receiving new enrollment due to the application of non-compliance remedies; or
  - (iii) The CE has failed to meet readiness review requirements.
- (B) The OHCA will not make auto-assignments to the DMB if:

- (i) The DBM's maximum enrollment has been capped and actual enrollment has reached ninety-five percent (95%) of the cap;
- (ii) The DBM has been excluded from receiving new enrollment due to the imposition of administrative remedies; or
- (iii) The DBM has failed to meet readiness review requirements.

**(3) Enrollment effective date**

- (A) Eligibles, with the exception of deemed newborns, who select or are assigned to a CE and/or DBM from the first day of the month through the fifteenth day of the month shall be enrolled effective on the first day of the following month.
- (B) Eligibles who select or are assigned to a CE and/or DBM on the sixteenth (16<sup>th</sup>) day of the month through the last day of the month will be enrolled effective on the first day of the second following month.
- (C) Prior to these enrollment dates, most Eligibles will be covered by a fee-for-service payment structure administered by OHCA.
- (D) Deemed newborns eligible for the CE and/or DBM shall be enrolled effective as of the date of birth, if the newborn's mother also is enrolled in the SoonerSelect program.
- (E) Notwithstanding the foregoing, the effective date of enrollment with the CE or DBM shall be the date recorded on the outbound ANSI ASC X 12 834 electronic transaction sent by OHCA.

**(4) Enrollment lock-in period.** An Enrollee may, within the first ninety (90) days of initial enrollment, request to change enrollment without cause from the CE and/or DBM, or during the ninety (90) days following the date OHCA sends the Enrollee notice of initial enrollment, whichever is later. Enrollees will also be permitted to change CEs and/or DBMs, without cause, at least once every twelve (12) months during the open enrollment period. After the disenrollment period from the CE or DBM has lapsed, the Enrollee will remain enrolled with the CE or DBM until the next annual open enrollment period, unless:

**(A) The SoonerSelect Medical Enrollee:**

- (i) Is disenrolled due to loss of SoonerCare eligibility;
- (ii) Becomes a foster child under custody of the state;
- (iii) Becomes juvenile justice involved under the custody of the state;
- (iv) Is a former foster care or child receiving adoption assistance and opts to enroll in the SoonerSelect Children's Specialty program;
- (v) Demonstrates good cause under the following conditions:
  - (I) The Enrollee moves out of the service area;
  - (II) The Enrollee requires specialized care for a chronic condition and the Enrollee or Enrollee's representative, the CE, OHCA and receiving CE agree that assignment to the receiving CE is in the Enrollee's best interest;
  - (III) The plan does not cover the service the Enrollee seeks, because of moral or religious objections;
  - (IV) The Enrollee needs related services to be performed at the same time; not all related services are available within the CE's network; and the Enrollee's primary care provider or another provider determines that receiving the services separately would subject the Enrollee to unnecessary risk;
  - (V) For other reasons, including a filed and prevailed grievance related to poor quality of care, lack of access to services covered under the Contract, or lack of access to providers experienced in dealing with the Enrollee's oral health care needs or other matters deemed sufficient to warrant disenrollment; and
  - (VI) The Enrollee has been enrolled in error, as determined by the OHCA.
- (vi) Experiences a temporary loss of eligibility or enrollment which caused the Enrollee to miss the annual disenrollment period, then the Enrollee may disenroll without cause upon reenrollment; or
- (vii) The OHCA has imposed intermediate sanctions on the CE and allows Enrollees to disenroll without cause.

**(B) The SoonerSelect Dental Enrollee:**

- (i) Is disenrolled due to loss of SoonerCare eligibility;
- (ii) Demonstrates good cause under the following conditions:
  - (I) The Enrollee moves out of the service area;

# Emergency Adoptions

---

- (II) The plan does not cover the service the Enrollee seeks, because of moral or religious objections;
- (III) The Enrollee needs related services to be performed at the same time; not all related services are available within the DBM's network; and the Enrollee's primary care dental provider or another provider determines that receiving the services separately would subject the Enrollee to unnecessary risk;
- (IV) For other reasons, including a filed and prevailed grievance related to poor quality of care, lack of access to services covered under the Contract, or lack of access to providers experienced in dealing with the Enrollee's oral health care needs or other matters deemed sufficient to warrant disenrollment; and
- (V) The Enrollee has been enrolled in error, as determined by the OHCA.

- (iii) Experiences a temporary loss of eligibility or enrollment which caused the Enrollee to miss the annual disenrollment period, then the Enrollee may disenroll without cause upon reenrollment; or
- (iv) The DBM is terminated.

(5) **Annual and special enrollment periods.** Sixty (60) days prior to the start of the Enrollee's annual open enrollment period, the Enrollee shall be notified of the option to maintain enrollment with the current CE and/or DBM or to enroll with a different CE and/or DBM. OHCA, at its sole discretion, may schedule a special open enrollment period, under the following circumstances:

- (A) In the event of the early termination of a CE or DBM under the process described in the Contract; or
- (B) The loss of a major participating provider(s) places the CE or DBM at risk of failing to meet service accessibility standards and the CE or DBM does not have an acceptable plan for mitigating the loss or finding of non-compliance.

(6) **Enrollment caps.** OHCA, at its sole discretion, may impose a cap on the CE or DBM's enrollment, in response to a request by the CE or DBM or as part of a corrective action in accordance to the respective Contract.

(b) **Disenrollment.** The OHCA shall have sole authority to grant or deny a disenrollment request from the Enrollee, and/or CE or DBM.

(1) **CE or DBM-requested disenrollment.** Pursuant to 42 C.F.R. § 438.56(b)(2), the CE or DBM cannot request a disenrollment based on adverse change in the member's health status or utilization of medically necessary services, diminished mental capacity, or uncooperative or disruptive behavior resulting from their special needs, except when their continued Enrollment with the Contractor seriously impairs the Contractor's ability to furnish services to either this particular Enrollee or other Enrollees.

(A) The CE may only request disenrollment of the Enrollee only for good cause. The following actions, if found by OHCA, comprise good cause:

- (i) The Enrollee requires specialized care for a chronic condition and the Enrollee or Enrollee's representative, the CE, OHCA and receiving CE agree that assignment to the receiving CE is in the Enrollee's best interest;
- (ii) The Enrollee has been enrolled in error, as determined by OHCA;
- (iii) The Enrollee has exhibited disruptive behaviors to the extent the CE cannot effectively manage their care, and the CE has made all reasonable efforts to accommodate the Enrollee; or
- (iv) The Enrollee has committed fraud, including but not limited to, loaning an identification (ID) card for use by another person.

(B) The DBM may only request disenrollment of the Enrollee only for good cause. The following actions, if found by OHCA, comprise good cause:

- (i) The Enrollee has been enrolled in error, as determined by OHCA;
- (ii) The Enrollee has exhibited disruptive behaviors to the extent the DBM cannot effectively manage their care, and the DBM has made all reasonable efforts to accommodate the Enrollee; or
- (iii) The Enrollee has committed fraud, including but not limited to, loaning an ID card for use by another person.

(2) **Enrollee-requested disenrollment.** Enrollees shall seek redress through the CE's or DBM's grievance process before OHCA will make a determination on an Enrollee's request for disenrollment. The CE or DBM shall accept Enrollee requests for disenrollment orally or in writing. The CE or DBM shall complete a review of the request within ten (10) days of the Enrollee filing the grievance. If the Enrollee remains dissatisfied with the

result of the grievance process, the CE or DBM shall refer the disenrollment request to OHCA. The Contractor shall send records gathered during the grievance process to OHCA to facilitate OHCA's decision-making process. Disenrollment requests will be adjudicated by OHCA and, if approved, will become effective on a date established by OHCA.

(A) The Enrollee may request disenrollment from the CE or DBM as allowed by 42 C.F.R. § 438.56(c).

(B) An Enrollee may request disenrollment from the CE or DBM at any time based on any cause listed at 42 C.F.R. § 438.56(d)(2).

(C) An Enrollee may request disenrollment at any time in accordance with (a)(4)(A)(v)(I)-(VI) and (B)(ii)(I)-(V) of this Section and the applicable Contract.

(3) **Disenrollment by OHCA.** The CE or DBM shall report to OHCA, within five (5) business days of learning of any change in an Enrollee's status affecting the Enrollee's eligibility.

(A) The OHCA will initiate disenrollment of SoonerSelect Medical Enrollees under the following circumstances:

- (i) Loss of eligibility for Medicaid;
- (ii) Transition to a SoonerCare eligibility group excluded from the SoonerSelect Medical program;
- (iii) Enrollee becomes enrolled in Medicare;
- (iv) Death;
- (v) Enrollee becomes a foster child under the custody of the state;
- (vi) Enrollee becomes juvenile justice involved under the custody of the state;
- (vii) The Enrollee becomes an inmate of a public institution;
- (viii) The Enrollee commits fraud or provides fraudulent information; or
- (ix) Disenrollment is ordered by a hearing officer or court of law.

(B) The OHCA will initiate disenrollment of SoonerSelect Dental Enrollees under the following circumstances:

- (i) Loss of eligibility for Medicaid;
- (ii) Transition to a SoonerCare eligibility group excluded from the SoonerSelect Dental program;
- (iii) Enrollee becomes enrolled in Medicare;
- (iv) Death;
- (v) The Enrollee becomes an inmate of a public institution;
- (vi) The Enrollee commits fraud or provides fraudulent information; or
- (vii) Disenrollment is ordered by a hearing officer or court of law.

(4) **Disenrollment effective date.** Consistent with 42 C.F.R. § 438.56(e), except as provided for below, and unless OHCA determines that a delay would have an adverse effect on an Enrollee's health, it is OHCA's intent that a disenrollment shall be effective no later than the first day of the second following month.

(A) Grievance resolution for poor quality of care, lack of access to services covered under the Contract or lack of access to providers experienced in dealing with the Enrollee's health care needs or other matters deemed sufficient to warrant disenrollment under (b)(2) of this Section must be completed within this timeframe. If the CE fails to complete the grievance process in time to permit disenrollment by OHCA, the disenrollment shall be considered approved for the effective date that would have been established had the CE complied with this timeframe. Disenrollment for any of the following reasons shall be effective as of the date that the Enrollee's SoonerSelect Medical program eligibility status changes:

- (i) Loss of eligibility for Medicaid;
- (ii) Transition to a SoonerCare eligibility group excluded from the SoonerSelect program;
- (iii) Enrollee becomes a foster child under the custody of the state;
- (iv) Enrollee becomes JJ Involved under the custody of the state;
- (v) Enrollee becomes eligible for Medicare;
- (vi) Death;
- (vii) Enrollee becomes an inmate of a public institution;
- (viii) Enrollee commits fraud or provides fraudulent information;
- (ix) Disenrollment is ordered by a hearing officer or court of law; or
- (x) Enrollee requiring long-term care.

(I) Enrollees requiring long-term care in a nursing facility or ICF-IID shall be disenrolled from the CE when the level of care determination is finalized.

# Emergency Adoptions

---

(II) For additional information regarding nursing facility and ICF-IID stays, refer to the Contract.

(B) Grievance resolution for poor quality of care, lack of access to services covered under the Contract or lack of access to providers experienced in dealing with the SoonerSelect Dental Enrollee's oral health care needs, or other matters deemed sufficient to warrant disenrollment under (b)(2) of this Section must be completed within this timeframe. If the Contractor fails to complete the grievance process in time to permit disenrollment by OHCA, the disenrollment shall be considered approved for the effective date that would have been established had the Contractor complied with this timeframe. Disenrollment for any of the following reasons shall be effective as of the date that the SoonerSelect Dental Enrollee's SoonerSelect Dental program eligibility status changes:

- (i) Loss of eligibility for Medicaid;
- (ii) Transition to a SoonerCare eligibility group excluded from the SoonerSelect Dental program;
- (iii) SoonerSelect Dental Enrollee becomes eligible for Medicare;
- (iv) Death;
- (v) SoonerSelect Dental Enrollee becomes an inmate of a public institution;
- (vi) SoonerSelect Dental Enrollee commits Fraud or provides fraudulent information;
- (vii) Disenrollment is ordered by a hearing officer or court of law; or
- (viii) SoonerSelect Dental Enrollees requiring long-term care in a nursing facility or ICF-IID shall be disenrolled from the Contractor when the level of care determination being done by the SoonerSelect or SoonerSelect Children's Specialty CEs is complete.

(C) Notwithstanding the foregoing, the effective date of disenrollment from the Contractor shall be the date recorded on the outbound ANSI ASC X 12 834 electronic transaction sent by OHCA.

(c) **Retroactive dual eligibility.** Dual eligibles are excluded from the SoonerSelect program. SoonerSelect Enrollees who become dual eligible individuals will be disenrolled as of their Medicare eligibility effective date.

(1) In the event a SoonerSelect Enrollee becomes retroactively Medicare eligible, the CE or DBM shall recover claims payments made to providers during the months of retroactive Medicare eligibility.

(2) The CE or DBM shall also notify the provider of the requirement to submit the claim to Medicare for reimbursement.

(3) OHCA will recoup the capitation payments paid for months of retroactive Medicare eligibility.

(d) **Re-enrollment following loss of eligibility.** Enrollees who lose and regain eligibility for SoonerSelect Medical or Dental program within a period of sixty (60) days or less will be re-enrolled automatically with their prior CE and/or DBM unless the CE and/or DBM is otherwise suspended or excluded from receiving new Enrollees. Re-enrolled Enrollees will have the right to change CE/DBM in accordance with this Section and the Contract.

(e) **Eligibles voluntarily opting out of SoonerSelect Children's Specialty Program.** FFC and children receiving adoption assistance shall be enrolled in the SoonerSelect Children's Specialty Program. These Eligibles may opt-out of enrollment in the Children's Specialty Program; however, the legal guardian of the Eligible will be required to enroll the Eligible with a CE.

(f) **Non-discrimination.** The CE or DBM may not refuse an assignment or seek to disenroll an Enrollee or otherwise discriminate against Eligible to enroll on the basis of race, color, national origin, sex, sexual orientation, gender identity, health status, need for medical services, or disability and may not use any policy or practice that has the effect of discriminating on the basis of race, color or national origin, sex, sexual orientation, gender identity, or disability. The Contractor also may not discriminate against an Enrollee on the basis of expectations that the Enrollee will require frequent or high-cost care, or on the basis of health status or need for health care services or due to an adverse change in the Enrollee's health in enrollment, disenrollment, or re-enrollment. If the CE or DBM fails to comply with OAC 317:55-3-2, the OHCA may impose any or all the CE intermediate sanctions, found at OAC 317:55-5-10 and the CE Contract, or DBM administrative remedies, found at OAC 317:55-5-11 and the DBM Contract.

**FINDING OF EMERGENCY:**

The proposed emergency rules implement legislative changes mandated by HB 2807 (2025) and address changes in statute under 63 O.S. § 427.16, 63 O.S. § 427.27, 63 O.S. § 427.28, and 63 O.S. § 431.1. The emergency rules are intended to provide a structure for the implementation of the pre-packaging and transporter warehouse requirements, as permanent rules implementing the requirements set forth in the new legislation cannot be promulgated until 2026.

**GIST/ANALYSIS:**

The proposed emergency rules implement legislative changes mandated by HB 2807 (2025) and address changes in statute under 63 O.S. § 427.16, 63 O.S. § 427.27, 63 O.S. § 427.28, and 63 O.S. § 431.1. Prepackaging requirements were added to 63 O.S. § 431.1 of state statute by HB 3361 (2024) and amended by HB 2807 (2025). HB 2807 (2025) also allows commercial transporter licensees to use warehouse locations to temporarily store medical marijuana and amends language needed for Oklahoma to secure FBI approval of the national fingerprint-based background check. Rules

# Emergency Adoptions

---

regarding commercial transporter warehouse requirements are added to OAC 442:10-3-1 and OAC 442:10-3-6. Changes to the national fingerprint-based background check requirement are added to OAC 442:10-5-1.1. Rules requiring medical marijuana to be sold in pre-packaged quantities are added to OAC 442:10-7-1 and OAC 442:10-7-2. The emergency rules are intended to provide a structure for the implementation of the pre-packaging and transporter warehouse requirements, as permanent rules implementing the requirements set forth in the new legislation cannot be promulgated until 2026.

## CONTACT PERSON:

Ashley Crall, Director of Government Affairs, Oklahoma Medical Marijuana Authority, 2501 N. Lincoln Blvd., OK 73105, 405-568-5766. Ashley.Crall@omma.ok.gov.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING EMERGENCY RULES ARE CONSIDERED PROMULGATED AND EFFECTIVE UPON APPROVAL BY THE GOVERNOR AS SET FORTH IN 75 O.S., SECTION 253(F):**

## SUBCHAPTER 3. TRANSPORTER LICENSE

### 442:10-3-1. License for transportation of medical marijuana [AMENDED]

(a) A medical marijuana transporter license shall be issued to qualifying applicants for grower, processor, dispensary, laboratory, research facility, or education facility licenses at the time of approval. This license shall enable licensed growers, processors, dispensaries, laboratories, research facilities, and education facilities to apply for and receive individual transporter agent licenses for agents, employees, officers or owners of the commercial licensed facility. Through their licensed transporter agents, licensed growers, processors, dispensaries, laboratories, research facilities, and education facilities may transport medical marijuana or medical marijuana products to other commercial licensees. This license shall not authorize licensed growers, processors, dispensaries, laboratories, research facilities, or education facilities to transport, store, or distribute medical marijuana or medical marijuana products on behalf of other medical marijuana licensees.

(b) A medical marijuana commercial transporter license shall be issued as an independent business license to applicants meeting the requirements set forth in OAC 442:10-5-3, OAC 442:10-5-3.1, and OAC 442:10-5-3.2. The Authority shall issue licenses upon proper application by a licensee and determination by the Authority that the proposed site and facility are physically and technically suitable. This license shall be subject to the same restrictions and obligations as any commercial licensee and shall enable the commercial transporter to:

- (1) transport, store, and distribute medical marijuana and medical marijuana products on behalf of other commercial licensees;
- (2) contract with multiple commercial licensees; and
- (3) maintain licensed premises or multiple warehouses at licensed premises/warehouse locations that are approved by the Authority for the purpose of temporarily storing and distributing medical marijuana and medical marijuana products; provided the licensed medical marijuana transporter possesses a valid, unexpired medical marijuana transporter license and has applied for and received a permit for each warehouse location.

(c) A commercial transporter applicant or licensee must obtain and submit to the Authority for each licensed premises or warehouse location a certificate of compliance, all building permits and/or certificate(s) of occupancy issued by the Oklahoma State Fire Marshal or by the political subdivision where the licensed premises is to be located with an authority having a jurisdiction agreement on file with the Oklahoma State Fire Marshal certifying compliance with the categories listed in 63 O.S. § 426.1(E) for the construction or alteration of any buildings or structures classified as occupancies under the building codes adopted by the Oklahoma Uniform Building Code Commission, and the licensed premises or warehouse location shall meet security requirements applicable to a medical marijuana business.

(d) Pursuant to 63 O.S. § 427.3(D)(11), 63 O.S. § 427.14(L), 63 O.S. § 427.14(G)(2), and 63 O.S. § 427.14(J), for each warehouse location, a commercial transporter applicant or licensee must submit all Certificate(s) of Occupancy, Final Inspection Report(s), and Site Plan(s), issued from or approved by the organization, political subdivision, office, or individual responsible for enforcing the requirements of all building and fire codes adopted by the Oklahoma Uniform Building Code Commission pursuant to OAC 748:20. Pursuant to 74 O.S. § 324.11, in all geographical areas where the applicable Certificate(s) of Occupancy, Final Inspection Report(s), Site Plan(s) and/or permit(s) are not issued from and/or approved by local authorities, such documentation must be obtained from the Oklahoma Office of the State Fire Marshal. Once a certificate of occupancy is issued by the Oklahoma State Fire Marshal or by the political subdivision with an authority having a jurisdiction agreement on file with the Oklahoma State Fire Marshal and such certificate of occupancy has been submitted to the Authority showing full compliance, a licensee shall only need to submit an affidavit for license renewal stating the premises continues to comply with zoning classifications, applicable municipal ordinances, and all applicable safety, electrical, fire, plumbing, waste, construction, and building specification codes. An additional certificate

of occupancy along with an affidavit shall be submitted if a change of use or occupancy occurs, or there is any change concerning the facility or location that would, by law, require additional inspection, licensure or permitting by the state or municipality. Licensees are responsible for compliance with applicable state fire, building, and electrical codes and may be liable for all damage that results from noncompliance with state fire, building, and electrical codes to the extent authorized by law.

(e) For all commercial license applications submitted on or after June 14, 2024 that require a building permit and/or certificate of occupancy for licensure, applicants who submitted a full and complete application for a building permit and/or certificate of occupancy issued by the Oklahoma State Fire Marshal or the political subdivision with an authority having a jurisdiction agreement on file with the Oklahoma State Fire Marshal prior to February 1, 2024 and while the same application remains under review by the State Fire Marshal or political subdivision, the applicant may submit an attestation on a form and in a manner prescribed by the Authority certifying that the applicant submitted a full and complete application for a building permit and/or certificate of occupancy prior to February 1, 2024, and that the same application remains under review by the Oklahoma State Fire Marshal or the political subdivision.

(f) A licensed medical marijuana transporter may maintain and operate one or more warehouses in the state to handle medical marijuana, medical marijuana concentrate, and medical marijuana products, provided the licensed medical marijuana transporter possesses a valid, unexpired medical marijuana transporter license and has applied for and received a permit for each warehouse location. The Authority shall issue an annual permit for each warehouse location operated by a licensee that is tied to the annual medical marijuana transporter license term, and there shall be no limit to the number of permits issued under a medical marijuana transporter license. A permit shall be issued only upon proper application by a licensee and determination by the Authority that the proposed site and facility are physically and technically suitable. Upon a finding that a proposed warehouse location is not physically or technically suitable, the Authority shall deny the permit. A commercial transporter applicant or licensee must have each warehouse location inspected and approved by the Authority prior to its use. Medical marijuana transporter warehouses that are licensed and approved by the Authority may temporarily store medical marijuana, medical marijuana concentrate, and medical marijuana products, provided that all temporary storage is documented, tracked, and traceable in the state-mandated seed-to-sale tracking system.

~~(f)~~(g). A commercial transporter shall be responsible for any and all medical marijuana and medical marijuana products within its custody, control, or possession.

~~(g)~~(h). No person or entity shall transport or otherwise transfer any medical marijuana or medical marijuana products without both a valid transporter license and a valid transporter agent license.

### **442:10-3-6. Inventory manifests [AMENDED]**

(a) Commercial transporters, growers, processors, dispensaries, laboratories, research facilities, and education facilities shall utilize the State inventory tracking system in accordance with OAC 442:10-5-6(d) to create and maintain shipping inventory manifests documenting all transport or temporary storage of medical marijuana and medical marijuana products throughout the State of Oklahoma.

(b) When transporting medical marijuana or medical marijuana products, commercial transporters, growers, processors, and dispensaries shall provide copies of the inventory manifests to each originating and receiving licensee at the time the product changes hands.

(1) The copy of the inventory manifest to be left with the originating licensee shall include, at a minimum:

- (A) The license number, business name, address, and contact information of the originating licensee;
- (B) The license number, business name, address, and contact information of the commercial transporter, grower, processor, dispensary, laboratory, research facility, or education facility transporting the medical marijuana if such licensee is not the originating licensee;
- (C) A complete inventory of the medical marijuana and medical marijuana products to be transported, including the quantities by weight or unit of each type of medical marijuana and medical marijuana products and the batch number(s);
- (D) The date of transportation and the approximate time of departure;
- (E) Printed names, signatures, and transporter agent license numbers of personnel accompanying the transport;
- (F) Notation of the commercial transporter, grower, processor, dispensary, laboratory, research facility, or education facility authorizing the transport; and
- (G) The license number(s), business name(s), address(es), and contact information for all end point recipients.

(2) For temporary storage at a medical marijuana transporter licensed premises or warehouse location that is licensed and approved by the Authority, the inventory manifest shall include, at a minimum:

# Emergency Adoptions

---

- (A) The license number for the commercial medical marijuana grower, medical marijuana processor, or medical marijuana dispensary;
  - (B) The address of origination of transport;
  - (C) The name and contact information for the originating licensee;
  - (D) The license number, physical address, and name and contact information of the medical marijuana transporter licensed premises or warehouse location and notation that the medical marijuana, medical marijuana concentrate, and medical marijuana products are being temporarily stored;
  - (E) A complete inventory of the medical marijuana and medical marijuana products that are being temporarily stored, including the quantities by weight or unit of each type of medical marijuana and medical marijuana products and the batch number(s);
  - (F) The date and estimated time of arrival;
  - (G) The printed names, signatures, and transporter agent license numbers of the personnel accompanying the transport; and
  - (H) The printed names, titles, and signatures of any personnel accepting delivery for temporary storage.
- (3) The copy of the inventory manifest to be left with the receiving licensee shall include, at a minimum:
- (A) The license number, business name, address, and contact information for the receiving licensee;
  - (B) The license number, business name, address, and contact information of the originating licensee;
  - (C) The license number, business name, address, and contact information of the commercial transporter, grower, processor, dispensary, laboratory, research facility, or education facility transporting the medical marijuana if such licensee is not the originating licensee;
  - (D) A complete inventory of the medical marijuana and medical marijuana products delivered to the receiving licensee, including the quantities by weight or unit of each type of medical marijuana and medical marijuana products and the batch number(s);
  - (E) The date and estimated time of arrival;
  - (F) The printed names, signatures, and transporter agent license numbers of the personnel accompanying the transport; and
  - (G) The printed names, titles, and signatures of any personnel accepting delivery on behalf of the receiving licensee.
- (c) A separate inventory manifest shall be prepared for each licensee receiving the medical marijuana or medical marijuana products.
- (d) Commercial transporters, processors, growers, dispensaries, laboratories, research facilities, or education facilities shall also maintain copies of all inventory manifests in accordance with OAC 442:10-5-6(b).
- (e) Inventory manifests should reflect all medical marijuana and medical marijuana products being transported, including all instances in which the medical marijuana and medical marijuana products are temporarily stored at a commercial transporter warehouse.
- (f) Originating and receiving licensees, including medical marijuana transporter warehouses temporarily storing medical marijuana, medical marijuana concentrate, and medical marijuana products, shall maintain copies of inventory manifests and inventory records logging the quantity of medical marijuana or medical marijuana products received for at least seven (7) years from the date of receipt.
- (g) An inventory manifest shall not be altered after departing from the originating licensee's premises, except to make the following changes:
- (1) The addition of the printed names, titles, and signatures of any personnel accepting delivery on behalf of the receiving licensee;
  - (2) Documenting any rejection and/or refusal to accept delivery of medical marijuana or medical marijuana products or if delivery of the medical marijuana or medical marijuana products is impossible, which shall include, at minimum:
    - (A) The license number, business name, address, and contact information of the licensee to which the medical marijuana or medical marijuana products were to be delivered;
    - (B) A complete inventory of the medical marijuana or medical marijuana products being ~~returned~~ rejected, refused, and/or sent back, including batch number;
    - (C) The date and time of attempted delivery and the refusal;
    - (D) Documentation establishing the medical marijuana or medical marijuana products were ~~returned~~ rejected, refused, and/or sent back in accordance with OAC 442:10-3-6(i).
- (h) A receiving licensee shall refuse to accept any medical marijuana or medical marijuana products that are not accompanied by an inventory manifest.

(i) If a receiving licensee refuses to accept delivery of any medical marijuana ~~and/or~~ medical marijuana product or if delivery of the medical marijuana or medical marijuana product is impossible, the medical marijuana ~~and/or~~ medical marijuana products product shall be immediately ~~returned~~ rejected, refused, and/or sent back to the originating licensee who retains legal ownership of the products and the refusal shall be fully documented in accordance with OAC 442:10-3-6(g)(2). For the purposes of this section, medical marijuana or medical marijuana product that is sent back to the originating licensee upon rejection and/or refusal to accept delivery solely because it is not packaged and labeled in accordance with the Oklahoma Medical Marijuana and Patient Protection Act, 63 O.S. 427, et seq., and these Rules shall not be considered medical marijuana waste, provided the medical marijuana or medical marijuana product were immediately sent back to the originating licensee upon rejection and/or refusal to accept delivery.

### SUBCHAPTER 5. MEDICAL MARIJUANA BUSINESSES

#### 442:10-5-1.1. Responsibilities of the license holder [AMENDED]

Upon acceptance of the license issued by the Authority, the license holder in order to retain the license shall:

- (1) Post the license or permit in a location in the licensed premises that is conspicuous;
- (2) Comply with the provisions in this Chapter;
- (3) Allow representatives of the Authority access to the medical marijuana business as specified under OAC 442:10-5-4 and OAC 442:10-5-6(i);
- (4) Comply with directives of the Authority including time frames for corrective actions specified in inspection reports, audit reports, notices, orders, warnings, and other directives issued by the Authority in regard to the license holder's medical marijuana business or in response to community emergencies;
- (5) Accept notices issued and served by the Authority according to law;
- (6) Be subject to the administrative, civil, injunctive, and criminal remedies authorized in law for failure to comply with this Chapter or a directive of the Authority, including time frames for corrective actions specified in inspection reports, audit reports, notices, orders, warnings, and other directives;
- (7) Ensure that all information and records maintained in the licensee's online OMMA license account—including the hours of operation for all licensed premises, trade name, and a valid mailing address, if applicable—are complete, accurate, and updated in a timely manner in accordance with these Rules;
- (8) If applicable, submit the annual renewal application and pay all renewal license and late fees, if any;
- (9) Bear the financial responsibility for all compliance and inventory tracking obligations and responsibilities set forth in Oklahoma statutes and these Rules. The Authority will not contribute to, fund, or subsidize any commercial licensee's compliance or tracking expenses. Nothing herein shall be construed to require the Authority to contribute to, subsidize, or fund in any way a commercial licensee's compliance or tracking expenses; and
- (10) If multiple commercial licensees are located at the same location, each commercial license must ensure that all inventory is separately and properly tracked, accounted for, and physically and distinctly separated from the inventory of any other commercial licensee such that licensees and the Authority are readily able to distinguish as to which licensee each item of medical marijuana and medical marijuana products belongs.
- (11) All medical marijuana commercial grower licensees who operate an outdoor medical marijuana production facility shall be required to register with the Oklahoma Department of Agriculture, Food, and Forestry as an environmentally sensitive crop owner. Registration shall provide notice to commercial and private pesticide applicators of the locations of medical marijuana crops and help minimize the potential for damaging pesticide drift. Medical marijuana commercial grower licensees shall provide their business name, address, Global Positioning System (GPS) coordinates for all outdoor medical marijuana production facilities, and any other information required by the Department when registering with the Environmentally Sensitive Area Registry.
- (12) All medical marijuana commercial grower licensees shall file with the Authority a bond or attestation as required under OAC 442:10-5-3.3 and ensure that all information and records are complete, accurate, and updated in a timely manner in accordance with OAC 442:10-5-2(e)(3)
- (13) Beginning January 1, 2024, the Authority shall require employees of a medical marijuana business licensee to apply for and receive a credential authorizing the employee to work in a licensed medical marijuana business.
  - (A) For purposes of this Section, "employee" means any natural person who:
    - (i) Grows, harvests, dries, cures, purchases, sells, transfers, transports, processes, produces, manufactures, creates, or packages medical marijuana, medical marijuana products, and/or medical marijuana waste on behalf of or for a medical marijuana licensed commercial grower, processor, or dispensary;

# Emergency Adoptions

---

- (ii) Samples, trains, or educates on behalf of or for a medical marijuana licensed education or research facility;
  - (iii) Disposes of or transports medical marijuana, medical marijuana products, and/or medical marijuana waste on behalf of a medical marijuana waste disposal facility licensee;
  - (iv) Tests and/or conducts research on medical marijuana and/or medical marijuana products on behalf of a medical marijuana licensed testing laboratory;
  - (v) Transports, stores, distributes, but does not take ownership of, medical marijuana and/or medical marijuana products on behalf of a medical marijuana licensed commercial transporter;
  - (vi) Tracks, traces, reports, and/or inputs any information into the State inventory tracking system on behalf of a medical marijuana commercial licensee; or
  - (vii) ~~Conducts any other additional business for the benefit of a medical marijuana commercial licensee authorized under OAC 442:10, with the exception of professional services not involved in the handling of~~ Serves in a role or provides services which would be reasonably expected to involve regular physical contact with medical marijuana, medical marijuana concentrates, or medical marijuana products, or medical marijuana waste.
- (B) A credential will be issued to an individual employee and can be associated with multiple medical marijuana businesses or employers.
- (C) A medical marijuana business license holder shall require all individuals employed under their license to have an active, unexpired credential prior to employment and must associate all employee credentials with the corresponding commercial license in a manner prescribed by the Authority. Each approved applicant shall be issued a credential, which shall act as proof of his or her approved status, to be worn or displayed on their person during the employee's hours of work.
- (D) Employee credentials shall be valid from the date of issuance until January 31<sup>st</sup> of the following year.
- (E) An employee may voluntarily surrender a credential to the Authority at any time.
- (i) If an employee voluntarily surrenders a credential, the employee shall:
    - (I) Destroy or return the credential to the Authority;
    - (II) Submit a surrender employee credential form provided by the Authority; and
    - (III) Submit proof of the employee's identity through submission of documentation identified in OAC 442:10-1-7 (relating to Proof of Identity).
  - (ii) The surrender of a credential is effective upon written acceptance by the Authority.
  - (iii) Employee credential surrender forms and any other documentation or information submitted by an employee shall be confidential.

## SUBCHAPTER 7. PACKAGING, LABELING, AND ADVERTISING

### 442:10-7-1. Labeling and packaging [AMENDED]

(a) **Prohibition on sale or transfer.** Commercial licensees shall not sell, distribute, or otherwise transfer medical marijuana and medical marijuana products that are not packaged and labeled in accordance with the Oklahoma Medical Marijuana and Patient Protection Act, 63 O.S. § 427.1 et seq., and these Rules. Beginning June 1, 2025, all medical marijuana flower, trim, shake, kief, noninfused pre-rolls, infused pre-rolls, or other flower-based product not defined as a concentrate, shall be sold by licensed medical marijuana processors and licensed medical marijuana commercial growers to licensed medical marijuana dispensaries only in pre-packaged form in package sizes weighing not less than one-half (1/2) of one (1) gram to not more than three (3) ounces. Licensed medical marijuana dispensaries shall have until November 1, 2025, to sell or waste all current inventory that is not in pre-packaged form pursuant to this section. Nonopaque materials may be used when packaging medical marijuana flower, provided all other packaging and labeling requirements for medical marijuana products sold in this state are met and it is placed in an opaque container before leaving a licensed medical marijuana dispensary. Dispensaries shall not open, package, or alter pre-packaged medical marijuana or medical marijuana products except for the following reasons:

- (1) Dispensaries are authorized to create and package noninfused pre-rolled marijuana provided all other packaging, labeling, and testing requirements are met prior to transfer to a licensed patient or licensed caregiver; and
- (2) Dispensaries are authorized to display samples of medical marijuana of no more than three (3) grams pursuant to OAC 442:10-5-14. Any remaining medical marijuana from a pre-packaged package size that exceeds three (3) grams must be wasted or disposed of in accordance with Oklahoma law and these Rules.

(b) **Nonacceptance or return.** A dispensary shall ~~reject, refuse to accept or shall return delivery, and send back to the licensee transferring medical marijuana or medical marijuana products to the dispensary, any medical marijuana or medical marijuana products that are not packaged and labeled in accordance with the Oklahoma Medical Marijuana and Patient Protection Act, 63 O.S. § 427.1 et seq., and these Rules. If a dispensary rejects and/or refuses to accept delivery of any medical marijuana or medical marijuana product or if delivery of the medical marijuana or medical marijuana product is impossible, the medical marijuana or medical marijuana product shall be immediately sent back to the originating licensee who retains legal ownership of the products and the rejection and/or refusal shall be fully documented in accordance with OAC 442:10-7-1(c). For the purposes of this section, medical marijuana or medical marijuana product that is sent back to the originating licensee upon refusal to accept delivery solely because it is not packaged and labeled in accordance with the Oklahoma Medical Marijuana and Patient Protection Act, 63 O.S. 427,1 et seq., and these Rules shall not be considered medical marijuana waste provided the medical marijuana or medical marijuana product were immediately sent back to the originating licensee upon refusal to accept delivery. The business licensee who sold or otherwise transferred the nonconforming medical marijuana or medical marijuana products shall accept such return.~~ If circumstances are such that the dispensary cannot ~~return or refuse to accept delivery or immediately send the~~ nonconforming medical marijuana or medical marijuana products back to the originating licensee, the dispensary shall dispose of the nonconforming medical marijuana and medical marijuana products in accordance with the Oklahoma Medical Marijuana Waste Management Act, 63 O.S. § 427a et seq., and these Rules. Products may be returned to the licensed medical marijuana dispensary when found defective or hazardous to the health of the patient. The return of all medical marijuana and medical marijuana products from a licensed medical marijuana dispensary to a licensed medical marijuana processor or licensed medical marijuana commercial grower, or from a licensed medical marijuana processor to a licensed medical marijuana commercial grower, or from any other licensed entity that transferred medical marijuana products to another licensed entity shall be permitted.

(c) **Documentation.** A dispensary shall document any such return, nonacceptance, or disposal, and such documentation shall include at a minimum:

- (1) The license number, name, contact information, and address of the licensee who sold or otherwise transferred the nonconforming medical marijuana or medical marijuana products to the dispensary;
- (2) A complete inventory of the medical marijuana and medical marijuana products to be returned or disposed, including the batch number;
- (3) The reason for the nonacceptance, return, or disposal; and
- (4) The date of the nonacceptance, return, or disposal.

(d) **General requirements.** The following general label and packaging requirements, prohibitions, and exceptions shall apply to all medical marijuana and medical marijuana products being transferred or sold to a dispensary or by a dispensary:

- (1) Labels, packages, and containers shall not be attractive to minors and shall not contain any content that reasonably appears to target children, including toys, cartoon characters, and similar images. Packages should be designed to minimize appeal to children and shall not depict images other than the business name logo of the medical marijuana producer and image of the product.
- (2) Packaging must contain a label that reads: "Keep out of reach of children." and "For use by licensed medical marijuana patients only. "
- (3) All medical marijuana and medical marijuana products must be packaged in child-resistant containers, although the containers may be clear in order to allow licensed medical marijuana patient and licensed medical marijuana caregivers the ability to view the product inside the container, and placed into an exit package at the point of sale or other transfer to a patient, a patient's parent or legal guardian if patient is a minor, or a caregiver.
- (4) Label must contain a warning that states "Women should not use marijuana or medical marijuana products during pregnancy because of the risk of birth defects."
- (5) Packages and labels shall not contain any deceptive, false or misleading statements. For purposes of this section, information that is deceptive, false, or misleading includes:

(A) Any indication that the medical marijuana or medical marijuana product is organic, unless the National Organic Program (Section 6517 of the federal Organic Foods Production Act of 1990 (7 U.S.C. Section 6501 et seq.)) authorizes organic certification and designation for marijuana and marijuana products. This includes variants of the word "organic" such as "organix" and "organique."

(B) Any indication that the medical marijuana or medical marijuana product is "Pesticide-free," unless the medical marijuana or a medical-marijuana product was grown, harvested, processed, and dispensed without any pesticide.

# Emergency Adoptions

---

(6) No medical marijuana or medical marijuana products shall be intentionally or knowingly packaged or labeled so as to cause a reasonable patient confusion as to whether the medical marijuana or medical marijuana product is a trademarked product.

(7) No medical marijuana or medical marijuana products shall be packaged or labeled in a manner that violates any federal trademark law or regulation.

(8) Packages and labels shall not make any claims or statements that the medical marijuana or medical marijuana products provide health or physical benefits to the patient.

(9) Packages and labels shall not contain the logo of the Oklahoma Medical Marijuana Authority.

(10) Packages and labels shall not contain any universal symbols from another state, any statements that the medical marijuana was grown in another state, or any depictions, symbols, or other information that could cause a reasonable patient to be confused as to the state of origin of the medical marijuana or medical marijuana product.

(11) Labels shall be designed and applied in a manner that does not cause patient confusion regarding the package's contents, potency, or other required information. In the event that any package or immediate container of medical marijuana or medical marijuana product is relabeled, all prior labels must be removed in entirety prior to the new label being applied. Covering an initial label with an updated label is prohibited.

(12) All packaging and labeling must contain current and accurate information on file with the Authority, including, but not limited to, the licensee's legal name, trade name, and license number.

(13) Packages and labels shall be considered inaccurate if the difference in percentage of the cannabinoid and/or total THC claimed to be present on a package or label is plus or minus fifteen percent (15%) of the percentage on the COA. For example, bulk order packaging that identifies a THC amount as 100mg would be inaccurate if the COA for that production batch indicated a THC content of less than 85mg or more than 115mg.

## **(e) Label requirements for sales to dispensaries or by dispensaries.**

(1) Labels on medical marijuana and medical marijuana products being transferred or sold to a dispensary or by a dispensary shall contain, at a minimum, the following information:

(A) The name and license number of the grower, dispensary, or processor who is selling or otherwise transferring the medical marijuana or medical marijuana products to the dispensary;

(B) Name of the medical marijuana or medical marijuana product;

(C) The batch number of the medical marijuana or medical marijuana product;

(D) Net quantity or weight of contents;

(E) Ingredients list;

(F) The Oklahoma Uniform Symbol in the manner and form prescribed by the Authority;

(G) THC potency on the COA for that batch;

(H) Total terpenoid content in the manner prescribed by the Authority; ~~and~~

(I) The date the medical marijuana or medical marijuana product was packaged, and

(J) The statement, "This product has been tested for contaminants."

(2) Labels for edible medical marijuana products shall also meet the requirements set forth in OAC 442:10-5-8.

(3) As applicable, inventory tracking system tags shall not obscure required label and packaging requirements.

## **(f) Label requirements for sales between growers and/or processors.** All medical marijuana and medical marijuana products sold or otherwise transferred between growers and/or processors shall be labeled and the label shall contain, at a minimum, the following information:

(1) Name and license number of the grower or processor who is selling or otherwise transferring the medical marijuana or medical marijuana product;

(2) The batch number of the medical marijuana or medical marijuana product; and

(3) Date of harvest or production; ~~and~~

~~(4) A statement that the medical marijuana or medical marijuana products have passed testing or statement that the medical marijuana failed testing and is being transferred to a processor for purposes of remediation.~~

## **(g) Storage requirements for growers, processors, and dispensaries.**

(1) Growers, processors, and dispensaries shall store medical marijuana and medical marijuana products under conditions and in a manner that protects the medical marijuana and medical marijuana products from physical and microbial contamination and deterioration.

(2) When not in use, medical marijuana and medical marijuana products shall be tagged and stored in receptacles that are capable of being fully closed and sealed and are kept fully closed and sealed.

(3) When any storage receptacle is in use and contains medical marijuana or medical marijuana products, commercial licensees shall identify the batch number and tag on the storage receptacle of all medical marijuana and medical marijuana products so that an inspector can easily identify to which batch the medical marijuana and medical marijuana products belong.

### **442:10-7-2. Prohibited products [AMENDED]**

(a) No commercial licensee shall manufacture, process, or offer for sale or consumption any medical marijuana product intended to be attractive to children or minors.

(b) No commercial licensee, other than a licensed dispensary, shall offer for retail sale any marijuana seedlings or mature plants. No mature plants are authorized in the possession of either a commercial licensee or patient license holder until 60 days after August 27, 2018. No seedlings are authorized in the possession of a commercial license holder until 7 days after August 27, 2018.

(c) Beginning June 1, 2025, licensed medical marijuana dispensaries shall not receive, purchase, or otherwise acquire any medical marijuana flower, trim, shake, kief, noninfused pre-rolls, infused pre-rolls, or other flower-based product not defined as a concentrate, unless such product is in pre-packaged form as required by OAC 442:10-7-1(a). Licensed medical marijuana dispensaries shall have until November 1, 2025, to sell, transfer, or waste any medical marijuana flower, trim, shake, kief, noninfused pre-rolls, infused pre-rolls, or other flower-based product not defined as a concentrate that is not in pre-packaged form but was physically received by the dispensary and accepted into the dispensary's inventory in the State inventory tracking system prior to June 1, 2025. By November 1, 2025, all remaining medical marijuana flower, trim, shake, kief, noninfused pre-rolls, infused pre-rolls, or other flower-based product not defined as a concentrate that is not in pre-packaged form as required by OAC 442:10-7-1(a) must be either sold or transferred to a medical marijuana waste disposal facility with all transfers and sales tracked and reported in the State inventory tracking system.

*[OAR Docket #25-484; filed 6-5-25]*

# Permanent Final Adoptions

---

An agency may promulgate rules on a permanent basis upon "final adoption," as defined in 75 O.S., Section 250.3(5), of the proposed rules.

Permanent rules are effective ten days after publication in the Register, or on a later date specified by the agency in the preamble of the permanent rule document.

Permanent rules are published in the Oklahoma Administrative Code, along with a source note entry that cites the Register publication of the finally adopted rules in the permanent rule document.

*For additional information on the permanent rulemaking process, see 75 O.S., Sections 303, 303.1, 308, 308.1 and 308.3.*

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF JULY 11, 2025:**

## **SUBCHAPTER 3. ABSTRACT LICENSES, CERTIFICATES OF AUTHORITY, AND PERMITS**

### **5:11-3-9. Forms [AMENDED]**

The forms prescribed by the Board shall include but not be limited for the following:

(1) **Certificate of authority.** The Board shall establish separate forms for the initial application for a certificate of authority, a temporary certificate of authority, annual renewal of a certificate of authority, and transfer of ownership of certificate of authority.

(2) **Permit.**

(A) The Board shall establish separate forms for the initial application for a permit and for the annual renewal of a permit.

(B) The form shall include an affidavit prepared by the appropriate District Court Clerk and County Clerk certifying the status and availability of the county records.

(C) Each form regarding an initial application for a permit shall include a general statement of the law and instructions directing how the forms should be completed.

(D) The applicant for a permit shall provide the Board a list of all employees and third party providers involved in the construction of the abstract plant.

(3) **License.** The Board shall establish separate forms for the initial application for an abstract license and for the annual renewal of a license.

(4) **Uniform Abstract Certificate.** The Board shall establish a form which will provide to the consumer information including but not limited to:

(A) the authority for providing an abstract of title;

(B) the items being certified;

(C) beginning page and ending page;

(D) if the abstract certification excepts oil, gas, and other minerals, in which case substantial compliance with the following language shall be used: Except instruments of any kind and character relating to all oil, gas, and other minerals, including but not limited to deeds, grants, leases, assignments and releases thereof, all of which instruments are omitted and excepted entirely from this abstract.

(E) if the abstract certification excepts non-federal and non-state mortgages past the statutory right of foreclosure, there shall be language containing the following elements:

(i) A statement that the abstract has been compiled with consideration to and under the guidance of 46 O.S. § 301 (B) and 16 O.S. §§ 61-63 et seq.,

(ii) state the time-period in number of years prior to the Certificate date used for the exception of applicable mortgages,

(iii) state that any mortgages to federal and state programs in which the United States, the State of Oklahoma, or one of their agencies is the mortgagee, within said time period have not been excepted.

~~(EF)~~ the period covered; and

~~(FG)~~ the signature and license number of the licensee.

~~(GH)~~ certificate of authority number; and

~~(HI)~~ date of issuance.

# Permanent Final Adoptions

---

(5) **Final Title Report.** The Board shall establish a form for a Final Title Report which will provide to the consumer information including but not limited to:

- (A) the authority for providing a Final Title Report;
- (B) the items being certified;
- (C) the period covered;
- (D) the signature and license number of the licensee;
- (E) certificate of authority number; and
- (F) date of issuance.

(6) **Abstract Rates filing.** The Board shall establish a form to be used to file annually the statutorily mandated list of abstracting fees.

(7) **Public Complaint.** The Board shall create a sample form for use by an individual filing a written complaint with the Board. Substantial compliance with the requirements set out in the form shall be sufficient for the Board to accept the complaint. The information required shall include but not be limited to:

- (A) the name, address, and phone number of the individual filing the complaint;
- (B) the name, address, and phone number of the person against whom the complaint is being filed;
- (C) the date of the preparation of the complaint; and
- (D) an outline of the complaint.

(8) **Effective date of changes.** Any change in a form shall become effective thirty (30) days after adoption by the Board. If the change is declared an emergency, the Board shall specify the shorter effective date.

## SUBCHAPTER 5. REGULATION OF LICENSEES, CERTIFICATE HOLDERS, AND PERMIT HOLDERS

### 5:11-5-3. Preparation of abstracts [AMENDED]

(a) **Type of abstract.** A certificate of authority holder shall cause the preparation of an abstract of title on real property which shall cover:

- (1) a fee simple estate, less and except oil, gas and other mineral interests; or
- (2) upon the request of a customer, a fee simple estate including oil, gas, and other mineral interests; or
- (3) oil, gas and other mineral interests.
- (4) an abstract may be compiled with consideration to and under the guidance of 46 O.S. § 301(B) and 16 O.S. §§ 61-63 et seq. and omit non-federal and non-state mortgages past the statutory right of foreclosure.

(b) **Abstract certificate.** The abstract certificate and caption sheet shall reflect an appropriate disclaimer regarding that which is excluded.

(c) **Contents of abstract.** For the time period covered by the certification, an abstract of title shall include but not be limited to the following:

- (1) all instruments that have been filed for record and have been recorded in the office of the county clerk for the county in which the property is located which:
  - (A) legally impart constructive notice of matters affecting title to the subject property, any interest therein or encumbrances thereon;
  - (B) disclose executions, court proceedings, pending suits, and liens of any kind affecting the title to said real estate; and
  - (C) judgments or transcripts of judgments filed against any of the parties appearing within the chain of title.
- (2) the records of the court clerk for the county in which the subject property is located which:
  - (A) disclose executions, court proceedings, pending suits, and liens of any kind affecting the title to said subject property; and
  - (B) judgments or transcripts of judgments against any of the parties appearing within the chain of title.
- (3) all ad valorem tax liens due and unpaid against said real estate, tax sales thereof unredeemed, tax deeds, unpaid special assessments certified to the office of the county treasurer for the county in which the subject property is located due and unpaid, tax sales thereof unredeemed, and tax deeds given thereon, and unpaid personal property taxes which are a lien on said real estate.

(d) **Federal court certificate.** Upon request of a consumer, a holder of a certificate of authority in Muskogee, Okmulgee, Oklahoma, and Tulsa counties may certify to the records of the Clerk of the United States District Court and the Clerk of the United States Bankruptcy Court for such federal judicial districts located in such counties for the time period covered by the certification, that disclose:

- (1) executions, court proceedings, pending suits and bankruptcy proceedings in said courts affecting title to the subject property; and

- (2) judgments or transcripts of judgments filed against any of the parties appearing within the chain of title.
- (e) **Final certification for title insurance.** For purposes of a title insurance policy, a certificate of authority holder in the county where the insured property is located shall prepare either of the following:
- (1) an extension of the abstract or supplemental abstract; or
  - (2) a final title report after a final title search has been conducted. The final title report shall include all information required for an abstract of title pursuant to the Act and these rules, and shall be certified up to and including the effective date of the title insurance policy.
- (f) **Other services.** Any service performed or product produced by the holder of a certificate of authority that does not qualify as an abstract of title or final title report shall not be designated as an abstract of title and shall not include an abstract certificate.
- (g) **Statement of abstracting charges.** All charges for abstracts, abstract extensions, supplemental abstracts, or final title reports shall be separately stated and shall not be combined with title insurance, closing fees, or examination charges on invoices, statements, settlement statements, and consumer estimates.
- (h) **Electronic Abstracts.**
- (1) Electronic Abstracts may be provided by the holder of a certificate of authority in the county in which the property is located.
  - (2) If a holder of a certificate of authority offers Electronic Abstracts, the person submitting the order has the right to choose a paper abstract or an electronic abstract.
  - (3) Any charge for an Electronic Abstract must be the same as a paper Abstract of Title pursuant to 1 Okla. Stat. §41.
  - (4) Any separate charge for the conversion of an Abstract of Title from paper format to electronic format or from electronic format to paper format must be disclosed on the "Abstract Fee Schedule" filed and approved by the Oklahoma Abstractors Board.
  - (5) The conversion of an Abstract of Title from paper format to electronic format or from electronic format to paper format must be conducted by a holder of a certificate of authority for the county in which the property is located, pursuant to 1 Okla. Stat. §21. Any change of format performed by a holder of a certificate of authority for a county other than the county in which the property is located shall be deemed a copy of that abstract, and the original abstract must be retained.

## GIST/ANALYSIS:

The proposed permanent rules are necessary to address funding and other program requirements implemented by items passed during the 2024 Legislative Session. Refurbishment, remodel, and expansion of a terminal building and refurbishment of a sponsor owned hangar have been added as acceptable rehabilitation projects under the airport construction program with new construction or complete reconstruction of an existing terminal building considered eligible for funding and state level and sponsor match requirements identified. Selection criteria for hangar construction projects has been modified to include that an airport sponsor must demonstrate an acceptable plan on how they will advertise for available hangar space once constructed. Maximum state level participation on fuel system projects was increased and the requirement that they be in new condition and in compliance with local procurement procedures was added. Airport compliance was modified to reference terms and conditions and definitions were clarified on non-primary entitlement funds and project sketch.

## CONTACT PERSON:

Michelle Bouziden Senior Projects & Grants Manager Oklahoma Department of Aerospace & Aeronautics  
michelle.bouziden@aerospace.ok.gov 405-604-6912

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF JULY 11, 2025:**

### **25:15-1-2. Definitions [AMENDED]**

The following words or terms, when used in this Chapter, shall have the following meaning, unless the context clearly indicates otherwise:

**"Administrative official"** means an official of the airport sponsor who is authorized to legally bind the airport sponsor.

**"Airport Construction Program"** means a list of airport construction projects approved by the Commission for implementation within a five-year programming horizon showing a description of the project, the cost of each phase of the project, when the project is expected to occur, and the sources of funding.

**"Airport Development Worksheet"** means a listing of the capital infrastructure projects needed at an airport over a twenty-year planning horizon together with the estimated cost, construction type, and airport component for each project. Projects identified for a particular airport must be consistent with the service level, functional classification, design standard, and airport reference code identified for the airport in the Oklahoma Airport System Plan. An airport development worksheet is developed and maintained for each system plan airport that is not part of the National Plan of Integrated Airport Systems (NPIAS) cooperatively by the airport sponsor and the Department staff.

**"Airport layout plan/drawing"** means the basic plan for the layout of an airport that shows, at a minimum, the present boundaries of the airport, the areas that the airport sponsor owns or controls for airport purposes, and any proposed areas that will be acquired by the airport sponsor in the future. It will include the location and nature of existing and proposed airport facilities such as runways, taxiways, aprons, terminal buildings, hangars, roads, and other vital airport infrastructure items. Also, it will provide the location of existing and proposed uses of property under control by the airport sponsor. The full airport layout plan-set is a combination of many pages of documents, including items such as instrument approach path details, terminal area maps, property maps, and the page that is identified as the airport layout drawing. Not every airport will have a full plan-set and may only have an airport layout drawing which will detail most of the above information on a single page drawing.

**"Airport Sponsor"** or **"Municipality"** is used interchangeably throughout this chapter. Either term means any incorporated city, village, or town of this state, any public institution of higher education, and any county or political subdivision or district of this state, or any public trust thereof, which is, or may be, authorized by law to acquire, establish, construct, maintain, improve, and operate airports, airstrips, and aeronautical facilities. To be eligible for the state grant program, the airport sponsor must be one of the governmental entities referenced in the preceding sentence and included in the Oklahoma Airport System Plan that has been adopted by the Commission. Nothing herein precludes two or more of these entities from acting jointly as an airport sponsor. In the event a public trust is the airport sponsor, the beneficiary of that public trust must also be a record owner of the airport property.

**"Airport Sponsor Matching Share"** means any funds provided by the airport, municipality or public trust, or any other source of funding that is not FAA.

**"Commission"** means the seven members of the Oklahoma Aerospace and Aeronautics Commission as appointed by the governor.

**"Department"** means the Oklahoma Department of Aerospace and Aeronautics, the state agency responsible for administering airport grant programs for the State of Oklahoma and the Federal Aviation Administration.

**"Emergency"** means a condition that could not have been foreseen and which affects the safety of the airport sufficiently that the airport or runway may need to be closed if the situation is not remedied.

**"FAA"** means the Federal Aviation Administration, a unit of the U.S. Department of Transportation.

**"Letter of Interest"** means a letter expressing the desire of an airport sponsor to have one or more projects included in the Airport Construction Program.

**"Non- Primary Entitlement (NPE) funds"** ~~are~~ means FAA Airport Improvement Program (AIP) funds set aside for general aviation airports listed in the National Plan of Integrated Airport Systems.

**"Notification Letter"** means correspondence prepared by the Department staff informing an airport sponsor that one or more of their projects have advanced to the current year of the Airport Construction Program. The letter sets forth the terms the Department imposes on airport sponsors participating in the state grant program, describes the project, authorizes the airport sponsor to begin engineering work for the project and directs the sponsor to prepare a grant application once project bids have been received.

**"Oklahoma Airport System Plan"** means the plan, adopted by the Commission, which identifies the airports included in the State's airport system and identifies the service level, functional classification, design standard, and airport reference code for each system airport.

**"Project Sketch"** means the sketch shown in color the area and location of proposed construction or rehabilitation work for the accompanying construction grant application.

### 25:15-1-3. Planning [AMENDED]

#### (a) Planning and Programming Process.

(1) The Department staff shall, in consultation with airport sponsors, prepare and maintain the Oklahoma Airport System Plan. The Commission shall adopt and approve changes to the plan.

(2) The Department staff shall assist publicly owned, publicly used airports in identifying airport needs and deficiencies. Airport sponsors eligible to participate in grant or loan programs are sponsors of publicly owned, public use airports included in the Oklahoma Airport System Plan. The Department staff shall, in consultation with each airport sponsor, prepare and maintain an airport development worksheet for each airport included in the Oklahoma Airport System Plan. The airport development worksheet shall be reviewed and updated at least

# Permanent Final Adoptions

---

once every three years. The airport development worksheet shall identify the capital projects needed at the airport over a 20 year planning horizon, together with the estimated cost, construction type, objective code, and airport component for each project. The identified projects shall be consistent with the service level, functional classification, design standard, and airport reference code identified for the airport in the Oklahoma Airport System Plan.

(3) The Department staff shall, in consultation with airport sponsors, prepare and update annually the Airport Construction Program. The Commission shall approve the Airport Construction Program.

## (b) Airport Construction Program Content.

(1) The Airport Construction Program shall contain a list of proposed State and FAA funded projects that can be implemented with forecast revenues within the five year programming horizon.

(2) Projects included for an airport in the Airport Construction Program shall be consistent with service level, functional classification, design standard, and airport reference code identified for the airport in the Oklahoma Airport System Plan.

(3) The Airport Construction Program shall show the proposed sources of funding for each project.

(4) The Airport Construction Program shall show the proposed implementation schedule for each project.

(5) The Airport Construction Program shall include other priorities, policies, and procedures as adopted by the Commission.

## (c) Airport Construction Program Projects.

(1) To be included in the Airport Construction Program a project must be eligible to receive airport grant or loan funding from the Department. To be eligible a project must be conducted on active public-use areas of an airport or to support those public-use areas of an airport. Types of projects considered eligible are listed below:

(A) Maintenance: this type of work is limited to pavement maintenance of runways, taxiways, and aprons and can include routine cleaning, filling, or sealing of cracks/joints, maintenance of pavement drainage systems, patching pavement, and remarking of the above mentioned pavement areas. Items not considered maintenance are applying herbicide to prevent grass encroachment, mowing of airport grass, FOD sweeping, replacing light bulbs, replacing light fixtures due to damage from a manmade source, re-topping of trees that had been previously topped in a Department project, and other similar type activities.

(B) Rehabilitation: this type of work is a more comprehensive restoration of an item to its original functionality. Items such as pavement sealcoats, overlays, reclamation, replacement of an entire set of lighting fixtures, refurbishment/remodel and expansion of a terminal building, refurbishment of a sponsor owned hangar would be considered a project under the rehabilitation category.

(C) Reconstruction: this type of work is a complete restoration of an item to its original functionality once it has reached the end of its useful life. This results in a virtually new piece of pavement, electrical system, or building.

(D) New Construction/Installation: this type of work would construct new pavement such as a runway widening or extension, hangar taxiway area, or apron expansion, or construct new structures such a terminal building or hangar, or construct new drainage structures to support the removal of water from the airport. This work item would also include the installation of new navigational aids that weren't previously at an airport such a precision approach path indicator, runway edge lighting, omnidirectional approach light system, weather observation system, or similar item.

(E) Planning/Design: this type of work includes the engineer design and associated support work with any of the eligible project types. This could also include planning projects such as master plans, airport layout plans, specialty planning studies, and obstruction/approach surveys.

(F) Off-airport: this type of work is typically for the support of on-airport operations. This work item could include items such as obstruction removal, land acquisition, drainage improvements, relocation of roads and utilities, installation of navigational aids, or similar projects.

(2) The following are three basic tests that must be met to determine if a project is justified for inclusion in the Airport Construction Program:

(A) The project advances Department policy laid out in 3 O.S. § 85 and the adopted Oklahoma Airport System Plan. The basic goals and objectives in these policies include airport safety, security, economic enhancement, and capacity, meeting FAA or Department standards, preserving and improving airport infrastructure that is for the use and benefit of the public, airport planning, and other similar projects.

(B) The Department must determine if there is an actual need for the project at the airport within the five-year horizon.

- (C) The project scope is appropriate. The Department must determine that all the elements of the project are necessary to obtain the project scope's overall goal. Any elements that do not meet this criteria must stand on their own separate merit and justification.
- (3) For hangar construction projects, special selection criteria and requirements will be implemented to include the following:
- (A) Preference will be given to hangar projects which will support new businesses, expansion/enhancement of existing on-airport businesses, and new aircraft being brought to the state. Preference will also be given to hangar projects which help an airport sponsor increase their based aircraft for potential inclusion into the NPIAS or to attain classified status within the NPIAS.
  - (B) An airport sponsor must show a valid hangar waiting list for those potential occupants of the hangars to be constructed or an acceptable plan on how they will advertise for the available hangar space once constructed.
  - (C) Airport sponsors will need to provide a plan to charge fair market aeronautical rates for hangars that are constructed as a part of this program.
- (4) For a project to be considered for inclusion in the Airport Construction Program, the airport sponsor must submit a letter of interest to the Department detailing the basic scope and estimated cost of the project that they want to have included in the Airport Construction Program.
- (d) Airport Construction Program Development.**
- (1) The Airport Construction Program lists projects for which expenditures are expected to begin within the five year programming horizon.
  - (2) On a two-year cycle, the Department staff shall update the NPIAS needs database and the ADWS database (for Non-NPIAS airports). To update the Department's database, sponsors will use FAA's Overall Development Objective (ODO) data sheet or similar document for each requested project.
  - (3) The Department staff shall evaluate projects in the NPIAS and ADWS databases and recommend projects for inclusion in the Airport Construction Program based on:
    - (A) Airport system development priorities, policies, and procedures adopted by the Commission and/or the FAA.
    - (B) Multi-year on-going projects that are currently identified in the approved Airport Construction Program will be given higher priority during the development of the Airport Construction Program.
    - (C) The airport's pavement condition index, pavement life-cycle consideration as developed by the pavement management program.
    - (D) The National Priority Rating System developed by FAA and included in FAA's Order 5090.5 titled "Formulation of the National Plan of Integrated Airport Systems (NPIAS) and the Airports Capital Improvement Plan (ACIP)".
    - (E) The amount of aviation activity, the types of airplanes served, the numbers of based airplanes at the airport, and the population included in the airport's service area.
    - (F) Other factors as may be relevant (for example, the services provided at the airport, the sponsor's demonstrated ability to maintain and operate the airport, the sponsor's ability to address safety inspection deficiencies, etc.)
    - (G) An emergency project request, with verifiable justification, may be submitted to the Department for inclusion in the Airport Construction Program at any time.
  - (4) The five year programming horizon of the Airport Construction Program shall be broken down into three general time periods (Appendix A): near-term program, transition year, and the extended program.
    - (A) Near-term program: This shall be the current year plus years two and three. Projects in this time period are considered to be of low flexibility.
    - (B) Transition year: This shall be year four. Projects in this time period are considered to be of moderate flexibility.
    - (C) Extended program: This shall be year five. Projects in this time period are considered to be flexible.

### **25:15-1-4. Programming Implementation Airport Grant and Loan Program Requirements and Procedures [AMENDED]**

- (a) **Contingency.** Implementation of an airport grant program or loan program is contingent upon funding being available to the Department for this purpose.
- (b) **Notification to Proceed.**

# Permanent Final Adoptions

---

(1) As funding becomes available, the Department staff shall send a notification letter to each airport sponsor that has a capital project included in the approved Airport Construction Program as described in 25:15-1-3.

(2) The notification letter shall:

(A) Advise the airport sponsor of the proposed cost sharing for the project and identify project development items eligible for funding.

(B) Authorize or direct the airport sponsor to:

(i) confirm in writing within 30 days the airport sponsor's intention to proceed with the project as programmed;

(ii) select an engineering consultant and provide a copy of the contract entered into with the consultant;

(iii) prepare project plans and specifications and to coordinate the project design with the Department staff;

(iv) prepare to meet the federal and state administrative requirements depending upon the proposed funding sources;

(v) provide updated project costs after the final design is completed;

(vi) proceed to bid when directed by the Department's staff; and

(vii) submit a grant application for the Department's consideration and approval.

**(c) Grant Application or Loan Application; General Information.**

(1) The airport sponsor shall submit a complete grant or loan application for a capital project for:

(A) Reimbursement of the cost of planning and engineering; and/or

(B) Reimbursement for the cost of construction based on the bids received by the airport sponsor.

(2) The airport sponsor's administrative official must sign the grant or loan application form(s). If the administration and/or operation of the airport is performed by a Trust, the Chairman of the Trust must also sign the grant or loan application.

(3) The Department shall consider all grant or loan applications in accordance with 25:15-1-3(c).

(4) Reimbursement for the cost of engineering is contingent upon submission of the final set of plans and specifications to the Department staff.

**(d) Grant or Loan Application; Funding Information.**

(1) Each airport sponsor must state in its application that it has on hand funds to pay all estimated costs of the proposed project that are not borne by the Department or any other state or federal agency. As part of this requirement, each airport sponsor is required to provide written verification in the grant or loan application (designated as Exhibit E) to the Department that the airport sponsor's share of the project has been reserved in an account that will be used for defraying the costs of the project.

(2) If any of the funds for the project are to be furnished by another state or federal agency, the airport sponsor must provide evidence that the funds are available with the grant or loan application.

**(e) Information Regarding State Level of Participation and Required Matches.**

(1) For state grants, the maximum level of participation for the Department shall not exceed 95 percent. The airport sponsor is required to provide a minimum of 5 percent of the project funding for the airport sponsor matching share.

(2) For FAA grants for projects identified in the Department's Airport Construction Program, the Department may provide half of the match that is required from the airport sponsor.

(3) For FAA grants for projects identified in the Department's Airport Construction Program, the Department may provide supplemental state grant funding for project items. The maximum level of participation for the Department in such supplemental funding shall not exceed 95 percent. The airport sponsor is required to provide a minimum of 5 percent of the supplemental project funding for the airport sponsor matching share.

(4) For non-primary entitlement (NPE) grants or special federal earmarks not identified in the Department's Airport Construction Program, the Department will not provide half the match that is required from the airport sponsor. If NPE grant funds are transferred from other airport sponsors to an airport sponsor for a project identified in the Department's Airport Construction Program, the Department may assist with half of any required match from the receiving airport sponsor so long as it will save the Department state funds.

(5) For terminal building projects, the Department's maximum cost-share level shall be 50 percent and shall not exceed \$1,000,000. The airport sponsor is required to provide a dollar-for-dollar airport sponsor matching share for every dollar the Department provides. Remaining share to complete the project could come from any available source. New construction or complete reconstruction of an existing terminal building are considered eligible projects under this item. At the Department's sole discretion a rehabilitation and expansion of a terminal building may also be considered as eligible under this item.

(6) For hangar construction projects, the Department may provide funding via grant or loan. Priority shall be given to construction of new hangars, but the Department may consider rehabilitation of existing sponsor owned hangars if it enhances the longevity of the hangars and provides for additional revenue for the airport.

(A) For state grants the Department's maximum cost-share level of participation shall not exceed 40 percent. The airport sponsor is required to provide a minimum 5 percent for the airport sponsor matching share. Remaining share to complete project could come from any available source.

(B) For state loans the maximum cost-share level of participation shall not exceed 70 percent. The airport sponsor is required to provide a minimum 5 percent for the airport sponsor matching share. Remaining share to complete project could come from any available source.

(7) For fuel system construction projects, the Department's maximum cost-share level shall be 50 percent and shall not exceed ~~\$300,000~~\$500,000 per system type (fixed or mobile) per fuel type (e.g Jet-A, AvGas). Fixed fuel systems must be new construction and mobile fuel systems must be in new condition and acquired in compliance with local procurement procedures and/or laws in place that govern the airport sponsor. The airport sponsor is required to provide a minimum of 5 percent for the airport sponsor matching share. Remaining share to complete the project could come from any available source.

(8) For funding directed to the Department as a part of the Preserving Rural Economic Prosperity (PREP) program or other similar state funding program created by the legislature for specifically identified site locations and infrastructure projects ~~of a non-competitive nature~~ within the Oklahoma Airport System the Department may provide funds at a 100 percent level.

(f) **Grant Application;Project Information.** The airport sponsor will provide the following information:

(1) The airport sponsor shall submit an Airport Layout Drawing or project sketch (designated as Exhibit A) indicating the location of the proposed construction work with all grant applications.

(2) The airport sponsor shall submit final project plans and specifications with the grant application (designated as Exhibit B).

(3) The airport sponsor shall submit a project narrative with the grant application describing the items of airport development for which the airport sponsor is requesting assistance (designated as Exhibit B-1).

(4) The airport sponsor shall submit a line-item project cost list with the grant application that provides a detailed cost breakdown of the project (designated as Exhibit B-2). This list will be based on the bid awarded by the airport sponsor. The amounts on this list are considered not to be exceeded amounts without prior approval. Any expenditure over these line-item amounts will not be considered for reimbursement unless approval has been received as described in 25:15-1-4(h).

(5) The airport sponsor shall submit the engineering contract for the project scope and the project engineering fees with the grant application (designated as Exhibit B-3).

(6) The Sponsor will submit a certification stating compliance with FAA standards unless an approved Modification to Standards for state standards has been received from the appropriate funding agency.

(7) The airport sponsor shall submit the contract for on-site construction observations (designated Exhibit B-4).

(8) The airport sponsor shall provide a signed statement in the grant application that the airport sponsor is not currently in default to any state agency for any obligation related to the development, operation or maintenance of the airport (designated as Exhibit C).

(9) The airport sponsor shall provide a signed statement with the grant application that the airport sponsor will not award any contract to any contractor who is currently suspended or disbarred by any federal agency, the Oklahoma Department of Central Services or the Oklahoma Department of Transportation for the project contemplated under the grant application (designated as Exhibit C-1).

(10) The airport sponsor shall provide an affidavit with the grant application that states the person signing is the administrative official for the sponsor, that the sponsor has not provided any compensation, donation or gift to an officer or employee of the state in procuring the grant, that any employee of the state compensated by the airport sponsor involved in the development of the grant will not provide any services in the project, and that this project will not result in any duplication of previous grant requests or awards (designated as Exhibit C-2).

(g) **HangarLoan Application;Project Information.** The airport sponsor will provide the following information:

(1) The airport sponsor shall submit an Airport Layout Drawing or project sketch (designated as Exhibit A) indicating the location of the proposed construction work with all loan applications.

(2) The airport sponsor shall submit final project plans and specifications with the loan application (designated as Exhibit B).

(3) The airport sponsor shall submit a project narrative with the loan application describing the items of airport development for which the airport sponsor is requesting assistance (designated as Exhibit B-1).

# Permanent Final Adoptions

---

(4) The airport sponsor shall submit a line-item project cost list with the loan application that provides a detailed cost breakdown of the project (designated as Exhibit B-2). This list will be based on the bid awarded by the airport sponsor. The amounts on this list are considered not to be exceeded amounts without prior approval. Any expenditure over these line-item amounts will not be considered for reimbursement unless approval has been received as described in 25:15-1-4(h).

(5) The airport sponsor shall submit the engineering contract for the project scope and the project engineering fees with the loan application (designated as Exhibit B-3).

(6) The Sponsor will submit a certification stating compliance with FAA standards unless an approved Modification to Standards for state standards has been received from the appropriate funding agency.

(7) The airport sponsor shall submit the contract for on-site construction observations (designated Exhibit B-4).

(8) The airport sponsor shall provide a signed statement in the loan application that the airport sponsor is not currently in default to any state agency for any obligation related to the development, operation or maintenance of the airport (designated as Exhibit C).

(9) The airport sponsor shall provide a signed statement with the loan application that the airport sponsor will not award any contract to any contractor who is currently suspended or disbarred by any federal agency, the Oklahoma Department of Central Services or the Oklahoma Department of Transportation for the project contemplated under the loan application (designated as Exhibit C-1).

(10) The airport sponsor shall provide an affidavit with the loan application that states the person signing is the administrative official for the sponsor, that the sponsor has not provided any compensation, donation or gift to an officer or employee of the state in procuring the loan, that any employee of the state compensated by the airport sponsor involved in the development of the loan will not provide any services in the project, and that this project will not result in any duplication of previous grant or loan requests or awards (designated as Exhibit C-2).

(11) The airport sponsor shall provide a signed Loan Agreement with the loan application that confirms the airport sponsor agrees to the terms established in the Loan Agreement.

(A) The interest rate will be determined by the Department at the time a loan is issued but will be more competitive than what is available in the traditional loan market and allow for the Department to recover costs associated with administering the loan.

(B) The payback period for a hangar loan will be a year term with annual payments.

(C) The first payment will be due no later than the last day of the month beginning two months after completion and final acceptance of the project and continuing each subsequent year by the last day of that same month for the entire loan term.

(h) **Change Orders.** As described in 25:15-1-4(f) and 25:15-1-4(g) the B-2 form lists line-item project costs that cannot be exceeded. During the course of the construction of a project, change orders and/or supplemental agreements may be necessary to increase or decrease bid or line-item amounts and quantities due to unknown or unforeseen circumstances. A change order and/or supplemental agreement shall be sent to the Department along with a request to amend the approved grant's B-2 line-item or bid item.

(1) For change orders and/or supplemental agreements that will not increase the Department's overall share for the project the Director may approve such an amendment to the grant application. Change orders and/or supplemental agreements approved by the Director shall be presented to the Commission at its next regular or special business meeting stating the reasons for the change order and/or supplemental agreement with such information as the Commission may require.

(2) For change orders and/or supplemental agreements involving a total increase to the Department's overall share for the project not to exceed Ten Thousand Dollars (\$10,000) the Director may approve such an amendment to the grant application. Such change orders and/or supplemental agreements approved by the Director shall be presented to the Commission at its next regular or special business meeting stating the reasons for the change order and/or supplemental agreement with such information as the Commission may require.

(3) Change orders and/or supplemental agreements involving a total increase to the Department's overall share for the project in excess of Ten Thousand Dollars (\$10,000) must be presented to and approved by the Commission before such an amendment can be made to the grant application.

(i) **Grant or Loan Application; Height Hazard Zoning and Land Use.** Each airport sponsor shall indicate within the application that it has taken action to restrict the use of land adjacent to or in the immediate vicinity of the airport to activities and purposes compatible with normal airport operations, including landing and take-off of aircraft, and assuring the protection or control of the aerial approaches to the airport (designated as Exhibit D). The adoption and enacting of these zoning regulations is outlined in Title 3, Section 103 through 116, of the Oklahoma State Statutes.

(j) **Grant or Loan Application; Assurances.** The airport sponsor, upon signing the grant or loan application, agrees to the following assurances:

- (1) Upon the approval of the grant or loan by the Commission, the ~~capital~~ project will be completed within a maximum of two years unless otherwise explicitly authorized by the Commission.
- (2) The airport sponsor agrees to the following conditions regarding the users of the airport:
  - (A) Neither the airport sponsor nor the occupant of any of the airport facilities shall discriminate against any person or a class of persons in the use of any facility provided to the public on airport property.
  - (B) The airport sponsor shall operate the airport in such a manner that the airport is open to all types and classes of users and establish such non-discriminatory conditions required for the safe and efficient operation of the airport.
  - (C) Any agreement, contract, lease or other arrangement that the airport sponsor enters into shall include provisions that such services meet the demands of all users of the airport, that services shall be provided on a non-discriminatory basis, that charges for goods and services shall be fair and reasonable, that services allow any user of the airport to perform any and all services to their own aircraft, and that essential facilities will be operated in a manner that these facilities shall be available to all users of the airport. In addition, if the airport sponsor provides any or all of these services, the airport sponsor agrees to the same provisions.
- (3) The airport sponsor certifies that it has the legal authority to carry out all provisions of the grant or loan application in conformity with State and Federal Statutes, Acts, and Regulations.
- (4) The airport sponsor shall reserve sufficient powers and authority when entering into any transaction or arrangement to perform any of the covenants expressed in the grant or loan application.
- (5) The airport sponsor shall provide the following minimum essential facilities: a landing area and an aircraft parking area.
- (6) The airport sponsor shall agree to properly maintain the airport under the following conditions:
  - (A) The airport sponsor will operate and maintain the airport and all facilities to meet the needs of all users of the airport.
  - (B) The airport sponsor shall not permit the airport to be used for an activity that would impede or obstruct aeronautical activity.
  - (C) The airport sponsor shall appropriate the funds required to properly maintain the airport to prevent deterioration of the facilities. Failure to have a documented pavement maintenance program shall be cause for the Department to disqualify the airport sponsor for additional funds. In addition, failure to have a documented pavement maintenance program shall be considered a breach of these assurances.
- (7) The airport sponsor shall maintain an updated Airport Layout Plan that has been prepared in accordance with the FAA's regulations and shall not make any alterations to the airport other than those outlined in the approved Airport Layout Plan, or approved by the FAA or the Department in writing.
- (8) The Department shall prepare a financial report of income and expenditures of all project funds. All project records shall be maintained by the airport sponsor for not less than three (3) years from the final acceptance of the project by the Department, and the airport sponsor shall provide access to these records upon request of the Department or the FAA. This provision shall in no way affect any requirement imposed upon the airport sponsor by the Oklahoma Open Records Act or any other state or federal law. These records shall include such documentary evidence as invoices, cost estimates, payrolls, vouchers, cancelled checks or warrants, and receipts for cash payments that support each item of project costs. The final 10% of state grant or loan funds will not be released until a satisfactory financial report has been completed and accepted by the Department staff.
- (9) The Department shall not pay or be obligated to pay for any work on the project that has been incurred prior to the grant or loan application being submitted to and awarded by the Department except for planning and/or engineering costs incurred pursuant to submitting a completed grant or loan application. In addition, any funds approved by the Commission shall only be used for project costs identified in the grant or loan application unless approval has been obtained as described in 25:15-1-4(g).
- (10) The airport sponsor understands that fuel systems funded by the Department must be operated by the public airport sponsor and not a third party entity or contractor.
- (11) The airport sponsor certifies that it will take the necessary and appropriate action, to the furthest extent possible, including the potential acquisition of property, to restrict the use of land adjacent to or in the immediate vicinity of the airport to activities and purposes compatible with normal airport operations, including the landing and takeoff of aircraft. In addition, an airport sponsor shall take the necessary and appropriate action to assure that such terminal airspace as is required to protect instrument and visual operation to the airport will be adequately cleared and protected by removing, lowering, marking, lighting, or otherwise mitigating existing airport hazards and by preventing the establishment or creation of new airport hazards.

# Permanent Final Adoptions

---

(k) **Grant or Loan Agreement; Terms and Conditions.** Upon approval by the Commission, the completed grant or loan application shall constitute an agreement between the Department and the airport sponsor. Both the Department and the airport sponsor are bound to all the requirements of the grant or loan agreement. In addition, all grants or loans of the Department shall be subject to the following terms and conditions:

- (1) The time period of the grant or loan agreement between the airport sponsor and the Department shall be twenty (20) years from the date of the airport sponsor's acceptance and/or the life of the improvements contemplated under the grant or loan application, whichever is longer.
- (2) The airport and all visual navigational aids shall be under the control of and maintained by the airport sponsor for the period covered by the grant or loan agreement.
- (3) For the purposes of the grant or loan agreement, the airport sponsor must have title free and clear of any reversionary interest, lien, easement, lease, or other encumbrance for all property to be constructed on during the grant or loan agreement. If the property is leased, the airport sponsor asserts that the lease will be maintained no less than the time period of the grant or loan agreement, and in both circumstances, asserts that the property will not be used for any purpose other than the operation of the airport. In addition, airport property as defined in the airport layout plan cannot be transferred by the airport sponsor without the written approval of the Department.
- (4) The airport and all visual navigational aids shall be made available to all classes of aeronautical users without discrimination by airport sponsor with adequate access at all times.
- (5) The airport sponsor will not grant or permit, either directly or indirectly, any exclusive right to any person, firm or corporation for any aeronautical activities, and will terminate any existing exclusive rights now existing before accepting a grant from the Department.
- (6) The airport sponsor shall complete the project in accordance with FAA's standard specifications unless prior written modification to standards has been approved by the FAA (for federally funded projects) or the Department (for state only projects). The airport sponsor shall provide the following reports to the Commission:
  - (A) A weekly progress report using the appropriate ~~FAA~~ form;
  - (B) A copy of all acceptance tests shall be provided by the acceptance testing laboratory as soon as they are available; and
  - (C) An acceptance test summary report shall be provided to the Department upon completion of the project.
- (7) The airport sponsor, upon request by the Department, shall provide annual statements of airport revenues and expenses.
- (8) The airport sponsor shall comply with the Municipal Airports Act, Title 3, Section 65, and the provisions thereafter, of the Oklahoma State Statutes, specifically Section 65.12, that requires that revenues from airport operations be deposited in a separate fund and used exclusively for the airport.
- (9) All airport development using grant or loan funds shall be consistent with the Airport Layout Plan approved by the FAA. A copy of the approved Airport Layout Plan, with any modifications, will be filed with the Department.
- (10) The airport sponsor shall comply with all applicable provisions of Title 61 of the Oklahoma State Statutes which governs competitive bidding for public construction contracts.
- (11) The airport sponsor shall provide a tabulation of all bids signed by the Engineer-of-record for the project with the grant or loan application.
- (12) The airport sponsor shall operate lighting for the airport when such lighting is included in the project.
- (13) The Department and/or the state are not parties to any contract entered into by the airport sponsor to accomplish the project.
- (14) The airport sponsor shall understand and agree that should the airport sponsor fail to abide by all of the terms and conditions of the grant or loan agreement, then the funds provided by the Department shall be withdrawn. In addition, the airport sponsor shall notify the Department of any delays or problems with the project and request an extension or deviation from the Department.
- (15) The airport sponsor shall understand and agree that should the airport sponsor fail to submit timely loan payments during the course of the 10 year loan payback period, the airport sponsor will be prohibited from receiving any additional grants or loans until such payments are made and may have existing federal and state projects programmed in the 5-year Airport Construction Program delayed or removed.

(l) **Grant or Loan Agreement; Payments.**

- (1) The airport sponsor shall request reimbursement for project costs from the Department on a monthly basis upon initiation of the project. The Department shall reimburse the sponsor only for bid items at the bid unit price. The Department will only process the request for reimbursement when accompanied by the following documentation:

- (A) For federal participation grants, a copy of a FAA Invoice Summary Worksheet and a Cost Distribution Worksheet based upon the line items in the executed grant or loan.
  - (B) For non-federal participation grants, an Invoice Summary Worksheet based upon line items in the executed grant or loan.
  - (C) Copies of all vendor invoices.
  - (D) A construction quantities report from the primary contractor signed by the Engineer-of-record.
  - (E) All test invoices.
- (2) The Department shall process the monthly requests for reimbursement until 90% of the grant or loan awarded by the Department is expended or 90% of the Department's total project cost is expended in the event the project comes in under budget. The final 10% will be released upon the completion of the following items:
- (A) The summary of acceptance testing report and if required by the specifications, the calculated lot-wise percentage within limits (PWL) of the project. The report shall document the results of all acceptance tests performed, the construction lot, location of the material tested and the quantity represented.
  - (B) A report submitted by the Resident Inspector or Engineer-of-Record detailing those acceptance tests that were out-of-tolerance and include the pay reductions applied and reasons for accepting any out-of-tolerance material.
  - (C) All final acceptance and close-out forms for the project have been submitted to the Department.
  - (D) For federal participation grants, a copy of the final signed FAA form SF 271 Outlay Report.
  - (E) A satisfactory financial report has been completed by the Department.
- (m) **Endorsement by the Commission:**
- (1) Upon receipt of the fully executed and complete grant or loan application, the Department staff shall verify compliance with the terms of the notification letter.
  - (2) If the grant or loan application is found to be in compliance with the terms of the notification letter, the Department staff shall forward the grant or loan application to the Commission for action.
  - (3) If the Commission approves the grant or loan application, the Department staff shall communicate that approval to the airport sponsor with authorization to proceed.
  - (4) If the Department staff finds that the grant or loan application is not in compliance with the terms of the notification letter, the Department staff shall notify the airport sponsor of the non-compliance and suggest possible remedies.
  - (5) Upon receipt of the Department staff's finding of non-compliance, the airport sponsor may:
    - (A) Modify the grant or loan application to bring it into compliance with the terms of the notification letter; or
    - (B) State the reason that the airport sponsor believes it is in compliance and request that the grant or loan application be forwarded to the Commission for action; or
    - (C) Agree that it is not in compliance and request that the grant or loan application be forwarded to the Commission as is.
    - (D) Request the grant or loan application not be forwarded to the Commission.
  - (6) The Department staff shall notify the airport sponsor of the Commission's action.

### 25:15-1-5. Airport compliance [AMENDED]

It is the Department's goal to use the most effective means to maintain airports in full compliance of grant assurance and terms and conditions requirements. Airports must remain in compliance ~~with all grant assurances~~ to remain eligible for grant funding from the Department. When the Department is working with airports to correct a grant assurance violation, the Commission, as the governing body of the Department, may elect to move the airport's compliance status to conditional compliance. Conditional compliance status means an airport may continue to receive grant funding in the future and does not necessitate the immediate removal of any currently awarded grant funding provided the airport is complying with the conditions that the Commission has stipulated and is actively working to correct the grant assurance violation. The Commission may elect to move an airport's compliance status to non-compliance if a grant assurance has been violated. Non-compliance status means that an airport will not be eligible to receive grant funds from the Department in the future and may, at the Commission's sole discretion, require the repayment of previously awarded grant funding.

# Permanent Final Adoptions

The proposed permanent rules are necessary to address funding and other program requirements implemented by items passed during the 2024 Legislative Session. The deadline for an applicant to submit closeout paperwork for a grant award was adjusted and clarification on extension requests was given. Clarification on what grant funds can be used toward was identified, including the start date and length of a program, eligible items, details of payments, changes in scope of a program and unmanned aircraft system requirements. Procedures for requesting reimbursement have been identified. A new classroom laboratory development grant and internship or apprenticeship program have also been added with details of eligibility and requirements for applying for each based on available budget.

## CONTACT PERSON:

Michelle Bouziden Senior Projects & Grants Manager Oklahoma Department of Aerospace & Aeronautics  
michelle.bouziden@aerospace.ok.gov 405-604-6912

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF JULY 11, 2025:**

### 25:25-1-1. Purpose [AMENDED]

The purpose of this chapter is to set forth the requirements and criteria for various aerospace and aviation education programs to receive funding from the Oklahoma Department of Aerospace and Aeronautics, and to establish the procedures to be followed by the Department in the administration and enforcement of its duties under Title 3, Oklahoma Statutes, Section 85.

### 25:25-1-2. Requirements for receiving funding for an Aerospace and Aviation Education Grant Program [AMENDED]

- (a) The Oklahoma Department of Aerospace and Aeronautics shall identify and award grants to public schools, colleges, and universities, and shall execute contracts with private entities to promote aviation, aerospace, and STEM (science, technology, engineering and mathematics) education programs that have direct application to aviation and promote careers in aviation and aerospace among Oklahoma students. All grant proposals must demonstrate a direct application to aviation.
- (b) Each school, college, university, teacher or private entity must complete the Aerospace and Aviation Education Grant application located on the website of the Department.
- (c) A private entity or organization must also complete the Aerospace and Aviation Education Grant application and if their application is selected, must enter into a contract with the Oklahoma Department of Aerospace and Aeronautics for the project. Additional contractual forms will also need to be completed.
- (d) Applications must be submitted electronically to the email address on the application or postmarked no later than May 31st in order to be considered for the following fiscal year which starts July 1st. If May 31st occurs on a weekend or holiday, applications may be submitted on the next business day following the weekend or holiday.
- (e) Applicants who receive approval must provide a Financial Report, corresponding receipts, final invoice and a Completion Report to the Oklahoma Department of Aerospace and Aeronautics which documents the usage of funds and gives a detailed description of the program's implementation. This documentation is due within ~~sixty (60)~~thirty (30) days of the completion of the program.
- (f) If the Financial Report, corresponding receipts, final invoice and the Completion Report are not ~~turned in~~submitted within the ~~sixty (60)~~thirty (30) day period, the applicant forfeits ~~the remaining twenty percent (20%) or any outstanding balances~~remaining grant funds.
- (g) If an applicant forfeits money, the applicant is prohibited from applying for a grant the following year.
- (h) Applicants may request a thirty (30) day extension if they are unable to submit the Financial Report, corresponding receipts, final invoice and the Completion Report within the ~~sixty (60)~~thirty (30) day period.
- (i) The thirty (30) day extension request must be received within ~~sixty (60)~~thirty (30) days of the completion of the program. Approval for the extension is within the discretion of the Executive Director of the Oklahoma Department of Aerospace and Aeronautics and will be considered on a case-by-case basis.
- (j) The maximum cost share of any grant or contract awarded by the Department shall not exceed 50% of the total program cost unless the funding request by the applicant is less than \$3,000 in which case the maximum cost share shall be 90%.
- (k) For start-up or new programs, Department funding cannot be provided until all other funding sources necessary to complete the program have been identified and a clear and detailed program is outlined.
- (l) Teacher and or instructor salary may not to be covered with grant funds paid by the Department, however, may be shown as in-kind or sponsor funded to be included toward the applicant match.

# Permanent Final Adoptions

---

## 25:25-1-3. Criteria selection for applicants [AMENDED]

(a) An applicant's program must have a direct application to aviation with the purpose of increasing aerospace and aviation awareness by promoting science, technology, engineering, and mathematics (STEM) education, or encourage Oklahoma students to pursue a career in the aviation/aerospace industry.

(b) Applications will be rated based on, but not limited to, information provided in the application packet, information obtained from an organization's readily available public information, website, or social media, and from the applicant's past history of administering any aerospace and aviation education grants the organization/applicant may have received from the Department. The following criteria will be utilized to rate an applicant:

- (1) Program description to include the ability of the program to energize students into joining the aviation/aerospace workforce.
- (2) Number of students involved
- (3) Program goals and objectives, (items to be funded by the Department must be directly linked to aerospace and aviation).
- (4) Program relevance to current aviation/ and aerospace industry issues and workforce demands.
- (5) Curriculum/subject areas covered
- (6) Desired learning outcomes, (items to be funded by the Department must be directly linked to aerospace and aviation)
- (7) Ability of the program to determine measurements of success for students who complete the program. Ability of the program to track students' successes, career paths, level levels of education, or similar measure after completing the program.
- (8) Justification of need for the funding
- (9) Ability of the program to achieve geographic/demographic diversity among the students who participate in the program.

(c) Applications will also be rated according to the following financial information provided by the applicant:

- (1) Total budget of the organization
- (2) Total budget of the program
- (3) Other contributors and the amount contributed
- (4) Percentage of the program that the Oklahoma Department of Aerospace and Aeronautics is being asked to fund
- (5) Cost of the program per student or for fixed, one-time expenditures, projected benefit and estimated longevity of the program.

## 25:25-1-4. Procedures for awarding funding to an Aerospace and Aviation Education Grant Program [AMENDED]

(a) Staff will take up to sixty (60) days after the May 31st deadline date to review the applications based upon the above mentioned criteria and make a set of recommendations to the Commission. Applications will then be submitted to the Commission for approval at the next regularly-scheduled Commission meeting. ~~The start date of the program cannot be prior to the date the application is taken before the Commission for approval. Any costs incurred prior to this date are not eligible for reimbursement.~~

(b) ~~The Oklahoma Department of Aerospace and Aeronautics will make a partial payment of eighty percent (80%) upon completion of the program. The remaining twenty percent (20%) will be paid upon receipt of the Financial Report, corresponding receipts, final invoice and the Completion Report. The start date of the program cannot be prior to the date the application is taken before the Commission for approval. Any costs incurred prior to this date are not eligible for reimbursement or to count towards the applicant's share/match.~~

(c) Programs must be completed within one (1) calendar year of Commission approval unless explicitly approved by the Commission.

(d) Staff may identify specific items contained within an applicant's budget section of their grant application that grant funds may be used towards. After an application is awarded, significant item changes must be approved by the Department prior to purchase.

(e) Items are expected to be purchased and utilized during the year awarded. Upon award, applicants are expected to make a conscious effort to begin making timely purchases so that students benefit throughout the length of the program dates.

(f) The Oklahoma Department of Aerospace and Aeronautics will make a partial payment of eighty percent (80%) upon expenditure of funds and receipt of an invoice and corresponding receipts. The remaining twenty percent (20%) will be paid upon completion of the program, receipt of the Financial Report, corresponding receipts, final invoice and detailed Completion Report.

(g) Changes or amendments to program reach, scope, or educational content without the Department's prior approval may result in a forfeiture of grant funds.

---

## Permanent Final Adoptions

(h) Any unmanned aircraft systems that are purchased with grant funds will need to comply with applicable State and Federal law during operations conducted by the applicant.

### **25:25-1-5. Procedures for requesting reimbursement of an Aerospace and Aviation Education Grant [NEW]**

- (a) Within thirty (30) days of completion of the program, the applicant will electronically submit the Financial Report, corresponding receipts, invoice and detailed Completion Report.
- (b) Financial Report should include the entire program budget.
- (c) Invoices should include only those items that will be reimbursed with grant funds.
- (d) Corresponding receipts are required for items that will be purchased with grant funds. A packing slip or vendor invoice with a balance due is not sufficient proof of purchase for an item.
- (e) Completion Report should provide a detailed description of the program's implementation and document usage of grant funds.

### **25:25-1-6. Requirements for receiving funding for an Aerospace and Aviation Classroom Laboratory Development Grant [NEW]**

- (a) The Oklahoma Department of Aerospace and Aeronautics shall identify and award classroom laboratory development and improvement grants to secondary schools and universities for the purpose of implementing aerospace and aviation education programs.
- (b) Each school, college or university must complete the Aerospace and Aviation Education Classroom Laboratory Development Grant application located on the website of the Department.
- (c) The Department may make this Classroom Laboratory Development Grant opportunity available at any time during a fiscal year in which funds are available for the program. Applications must be submitted electronically by the deadline identified on the application.
- (d) Applicants who receive approval must provide a Financial Report, corresponding receipts, invoice and a Completion Report to the Oklahoma Department of Aerospace and Aeronautics which documents the usage of funds and gives a detailed description and pictures of the laboratory improvement. This documentation is due within thirty (30) days of program completion.
- (e) If the Financial Report, corresponding receipts, final invoice and the Completion Report are not submitted within the thirty (30) day period, the applicant forfeits any remaining grant funds.
- (f) Secondary schools and universities offering aerospace and aviation coursework may request \$10,000 - \$100,000 for the purpose of upgrading or developing an aviation and aerospace laboratory.
- (g) Applicants must demonstrate a match of at least 20% of the total grant request.
  - (1) Matching funds may not:
    - (A) reflect purchases made before the onset of grant implementation
    - (B) reflect operational cost such as salaries or utilities
  - (2) Suggested budget requests include, but are not limited to:
    - (A) paint, flooring, electrical drops
    - (B) laboratory tables, chairs, appropriate furniture
    - (C) larger equipment such as flight simulators, wind tunnels, tool sets
  - (3) Budget requests should not reflect:
    - (A) consumable materials or supplies
    - (B) equipment such as drones
    - (C) field trips, travel, professional development
- (h) Should an entity decide to discontinue its aerospace and aviation programming, the entity will be required to repay expended grant funds to the Oklahoma Department of Aerospace and Aeronautics on a pro-rated basis.
- (i) A recipient that expends grant funds for the purchase of flight simulators will be required to sign an agreement that reflects the requirement for the entity to return the simulators to the Oklahoma Department of Aerospace and Aeronautics should the entity discontinue its aerospace and aviation programming.
- (j) The program receiving grant funds must be completed within one (1) calendar year from the date the funds are formally allocated for the approved application.

### **25:25-1-7. Requirements for receiving funding for an internship or apprenticeship program [NEW]**

# Permanent Final Adoptions

---

(a) The Department may, at the discretion of the Commission based upon available funds in a given year, offer a program to support students that are currently enrolled in or that are expected to enroll in aerospace and aviation education programs at the high school or post-secondary level with a goal of providing a more workforce ready student to enter the aerospace and aviation industry. The Department may financially assist internship and apprenticeship programs at qualified aerospace and aviation companies by providing 50% of the cost of the intern or apprentice position up to \$10,000 per student.

(b) The Department may make this internship/apprenticeship opportunity available at any time during a fiscal year in which funds are available for the program.

(c) If awarded, an aerospace or aviation entity must enter into a contract with the Department and have the financial capability to fund the internship/apprenticeship in its entirety. Upon completion of the program the Department will reimburse the cost of the intern/apprentice upon the receipt of the following information:

- (1) Financial Report which includes the internship/apprenticeship program budget.
- (2) Invoice for the Department's share of the agreed upon cost of the internship/apprenticeship.
- (3) Completion Report should provide a detailed description of the program's implementation and successes.

## SUBCHAPTER 44. FARMED CERVIDAE

**35:15-44-21. Registration of Exotic Cervidae Species [REVOKED]**

Any person owning, maintaining, or possessing any species in the cervidae family, other than whitetail deer, mule deer, elk, and red deer shall submit a registration form to the Department. This form shall contain the owner's contact information, species owned, and location of the animals. Facility licensing shall not be required of these species. Any person or facility already licensed by the Department, the Oklahoma Department of Wildlife Conservation, or Animal Care Division of the United States Department of Agriculture shall be exempt from registration.

**35:15-44-22. Chronic Wasting Disease Genetic Improvement Program (CWDGIP) [NEW]**

(a) The CWDGIP is only available to white-tailed deer producers who are Oklahoma Farmed Cervidae licensees.

---

# Permanent Final Adoptions

- (b) Producers choosing to participate in the CWDGIP shall register with the Animal Industry Services Division (AIS) of Oklahoma Department of Agriculture, Food, and Forestry (ODAFF or The Department) and remit a fee of \$100 per year, payable no later than January 1.
- (c) An inventory of all participating deer shall be submitted to AIS at the time of registration.
- (1) Participating deer shall be identified with an official USDA ear tag.
- (2) Genetic testing information for the individual deer shall be submitted at the time of registration.
- (3) Details of the alleles at Codon 96 and the Genetically Estimated Breeding Value (GEBV) of offspring of participating does shall be submitted to AIS upon receipt of the testing results.
- (d) Beginning February 1, 2026 and ending April 15, 2026, white-tailed deer does of any age and bucks that are less than 24 months of age, born and raised in Oklahoma by registered CWDGIP producers may be released onto private land pursuant to the landowner meeting the requirements of Oklahoma Department of Wildlife Conservation's regulations as outlined in Section 1. D. of 2024 Oklahoma House Bill 3462.
- (1) White-tailed deer shall be released only if:
- (A) Their genetic testing proves they have the SS alleles at Codon 96;
- (B) Their GEBV is at or below -0.0560;
- (C) They are identified with one (1) orange bangle ear tag in each ear that is at least 2" X 1 5/8" in size and the previously applied USDA official ear tag shall remain in place; and
- (2) The White-tailed deer that meet the genetic traits in (1) of this section may be released during the same time frame in subsequent years.
- (e) All White-tailed deer imported into Oklahoma Farmed Cervidae facilities or Oklahoma Department of Wildlife Conservation licensed Commercial Hunt Areas shall have the SS alleles at Codon 96 and have a Genomic Estimated Breeding Value meeting or exceeding -0.056.
- (1) Male White-tailed deer imported into Oklahoma Department of Wildlife Conservation licensed Commercial Hunt Areas are exempt from the above requirements.
- (2) A certificate verifying the SS alleles at Codone 96 and the GEBV meeting or exceeding -0.056 shall be attached to the import permit application.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF JULY 11, 2025:**

## SUBCHAPTER 3. SWINE FEEDING OPERATIONS

### 35:17-3-22. Violation points system [REVOKED]

——— The following violation points system shall be utilized by the Department to assess points prior to suspension, revocation, or nonrenewal of a swine feeding operation license. This system shall operate in addition to penalties provided for in the Oklahoma Swine Feeding Operations Act, and shall not alter the authority to the Board to revoke a license under other sections of the Act:

(1) When any swine feeding operation accrues a total of fifteen (15) or more points in any two (2) year time period, the license of the swine feeding operation shall be suspended, revoked, or not renewed by the Board.

(2) Points shall accrue based on violations of the Oklahoma Swine Feeding Operations Act and rules:

(A) Failure of any concentrated swine feeding operation to apply for a license when required by the provisions of the Oklahoma Swine Feeding Operations Act shall accrue three (3) to five (5) points:

(B) Failure to obtain a building permit prior to construction of an LMFO shall be a significant violation and accrue four (4) to five (5) points:

(C) Failure to obtain a license prior to operation of an LMFO shall accrue four (4) to five (5) points:

(D) Failure to obtain or renew education requirements for all employees of an LMFO whose duties include treatment, storage, or application of swine waste shall accrue two (2) to three (3) points:

(E) Knowingly making any false statement, representation, or certification in, omitting material data from, or tampering with any application for a license, or notice relating to the determination of affected property owners shall be a significant violation and accrue four (4) to five (5) points:

(F) Failure to follow the Pollution Prevention Plan and the failure results in actual harm to natural resources of the state, ground or surface water quantity or quality, public health, or the environment shall be a significant violation and accrue five (5) points.

(G) Failure to follow the Pollution Prevention Plan and the failure results in potential harm to natural resources of the state, ground or surface water quantity or quality, public health, or the environment shall accrue three (3) to four (4) points.

(H) Failure to provide full closure of a facility pursuant to a closure plan shall accrue three (3) to five (5) points.

(I) Failure by a swine feeding operation to utilize or comply with Best Management Practices and the failure results in actual harm to natural resources of the state, ground or surface water quantity or quality, public health, or the environment shall be a significant violation and accrue five (5) points.

(J) Failure by a swine feeding operation to utilize or comply with Best Management Practices and the failure results in potential harm to natural resources of the state, ground or surface water quantity or quality, public health, or the environment shall accrue three (3) to four (4) points.

(K) Failure by a swine feeding operation to report a discharge shall accrue two (2) to four (4) points.

(L) Failure by a swine feeding operation to utilize or comply with a Swine Waste Management Plan and the failure results in actual harm to natural resources of the state, ground or surface water quantity or quality, public health, or the environment shall be a significant violation and accrue five (5) points.

(M) Failure by a swine feeding operation to utilize or comply with a Swine Waste Management Plan and the failure results in potential harm to natural resources of the state, ground or surface water quantity or quality, public health, or the environment shall accrue three (3) to four (4) points.

(N) Failure by a swine feeding operation to follow a carcass disposal plan shall accrue one (1) to three (3) points.

(O) Failure by a swine feeding operation to follow a erosion control plan shall accrue one (1) to two (2) points.

(P) Failure by an LMFO to utilize and comply with an Odor Abatement Plan shall accrue one (1) to four (4) points.

(Q) Failure by an LMFO to establishment or maintain groundwater monitoring wells or a leak detection system shall accrue four (4) to five (5) points.

(R) Failure of any LMFO to annually evaluate a site for liner integrity shall accrue two (2) to three (3) points.

(S) Failure of any LMFO to pay swine animal unit fees in a timely fashion shall accrue three (3) to five (5) points.

(T) Failure to take such actions as are reasonable and necessary to avoid pollution of any stream, lake, river or creek or violate any rule to prevent water pollution shall be a significant violation and accrue five (5) points.

(U) Knowingly making false statements, representation, or certification in any water pollution form; notice, or report shall be a significant violation and accrue five (5) points.

(V) Knowingly rendering inaccurate any monitoring device or method required to be maintained by any water pollution rules shall be a significant violation and accrue five (5) points.

(3) All violations which are assessed four (4) or five (5) points shall only accrue points upon approval by the State Board of Agriculture. All other violations shall accrue points upon approval by the Agricultural Environmental Management Services Division of the Department. Assessment of points by the Agricultural Environmental Management Services Division may be appealed in writing to the Division Director. If the accumulated number of points reaches a total of fifteen (15) points, the owner may appeal to the State Board of Agriculture.

(4) Even if the violation points do not add up to a total of fifteen (15) points, the State Board of Agriculture may deem a violation that results in serious harm to be so significant as to warrant immediate revocation, nonrenewal, or suspension of the license.

(5) Any owner whose license is suspended, revoked, or not renewed shall remain without the license for a minimum of one (1) year. At the Department's discretion, the license may be renewed so long as the owner complies with all conditions which the Department imposes on the swine feeding operation.

(6) Conditions for renewal shall at a minimum include compliance during the entire period of revocation with all aspects of the Oklahoma Swine Feeding Operations Act and its rules, and correction of all conditions which caused the license nonrenewal, suspension, or revocation.

# Permanent Final Adoptions

---

## SUBCHAPTER 4. CONCENTRATED ANIMAL FEEDING OPERATIONS

### 35:17-4-18. Violation points system [REVOKED]

The following violation points system shall be utilized by the Department to assess points prior to suspension, revocation, or nonrenewal of a CAFO license. This system shall operate in addition to penalties provided for in the Oklahoma Concentrated Animal Feeding Operations Act, and shall not alter the authority to the Board to revoke a license under other sections of the Act:

(1) When any animal feeding operation accrues a total of fifteen (15) or more points in any two (2) year time period, the license of the animal feeding operation shall be suspended, revoked, or not renewed by the Board.

(2) Points shall accrue based on violations of the Oklahoma Concentrated Animal Feeding Operations Act and rules:

(A) Failure of any CAFO to apply for a license when required by the provisions of the Oklahoma Concentrated Animal Feeding Operations Act shall accrue three (3) to five (5) points:

(B) Knowingly making any false statement, representation, or certification in, omitting material data from, or tampering with any application for a license, or notice relating to the determination of affected property owners shall be a significant violation and accrue four (4) to five (5) points:

(C) Failure to follow the Pollution Prevention Plan and the failure results in actual harm to natural resources of the state, ground or surface water quantity or quality, public health, or the environment shall be a significant violation and accrue five (5) points:

(D) Failure to follow the Pollution Prevention Plan and the failure results in potential harm to natural resources of the state, ground or surface water quantity or quality, public health, or the environment shall accrue three (3) to four (4) points:

(E) Failure to provide full closure of a facility pursuant to a closure plan shall accrue three (3) to five (5) points:

(F) Failure by an animal feeding operation to utilize or comply with Best Management Practices and the failure results in actual harm to natural resources of the state, ground or surface water quantity or quality, public health, or the environment shall be a significant violation and accrue five (5) points:

(G) Failure by an animal feeding operation to utilize or comply with Best Management Practices and the failure results in potential harm to natural resources of the state, ground or surface water quantity or quality, public health, or the environment shall accrue three (3) to four (4) points:

(H) Failure by an animal feeding operation to report a discharge shall accrue two (2) to four (4) points:

(I) Failure by an animal feeding operation to utilize or comply with an Animal Waste Management Plan and the failure results in actual harm to natural resources of the state, ground or surface water quantity or quality, public health, or the environment shall be a significant violation and accrue five (5) points:

(J) Failure by an animal feeding operation to utilize or comply with an Animal Waste Management Plan and the failure results in potential harm to natural resources of the state, ground or surface water quantity or quality, public health, or the environment shall accrue three (3) to four (4) points:

(K) Failure by an animal feeding operation to follow a carcass disposal plan shall accrue one (1) to three (3) points:

(L) Failure by an animal feeding operation to follow a erosion control plan shall accrue one (1) to two (2) points:

(M) Failure to take such actions as are reasonable and necessary to avoid pollution of any stream, lake, river or creek or violate any rule to prevent water pollution shall be a significant violation and accrue five (5) points:

(N) Knowingly making false statements, representation, or certification in any water pollution form, notice, or report shall be a significant violation and accrue five (5) points:

(O) Knowingly rendering inaccurate any monitoring device or method required to be maintained by any water pollution rules shall be a significant violation and accrue five (5) points:

(3) All violations which are assessed four (4) or five (5) points shall only accrue points upon approval by the State Board of Agriculture. All other violations shall accrue points upon approval by the Agricultural Environmental Management Services Division of the Department. Assessment of points by the Agricultural Environmental Management Services Division may be appealed in writing to the Division Director. If the accumulated number of points reaches a total of fifteen (15) points, the owner may appeal to the State Board of Agriculture.

# Permanent Final Adoptions

(4) Even if the violation points do not add up to a total of fifteen (15) points, the State Board of Agriculture may deem a violation that results in serious harm to be so significant as to warrant immediate revocation, nonrenewal, or suspension of the license.

(5) Any owner whose license is suspended, revoked, or not renewed shall remain without the license for a minimum of one (1) year. At the Department's discretion, the license may be renewed so long as the owner complies with all conditions which the Department imposes on the animal feeding operation.

(6) Conditions for renewal shall at a minimum include compliance during the entire period of revocation with all aspects of the Oklahoma Concentrated Animal Feeding Operations Act and its rules, and correction of all conditions which caused the license nonrenewal, suspension, or revocation.

# Permanent Final Adoptions

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF JULY 11, 2025:

## SUBCHAPTER 10. MOSS BALL (AEGAGROPILA LINNAEI) QUARANTINE [NEW]

### 35:30-10-1. Establishment of quarantine [NEW]

The State Board of Agriculture does hereby establish an external quarantine for the Moss Ball (*aegagropila linnaei*) and any other aquatic species found to be infested with Zebra Mussell (*desissena polymorpha*).

### 35:30-10-2. Regulated area [NEW]

The regulated quarantined area includes all states, districts, and territories of the United States.

### 35:30-10-3. Regulated articles [NEW]

The following shall be regulated pursuant to this quarantine:

- (1) Moss Ball (*aegagropila linnaei*), and
- (2) any aquatic species found to be infested with Zebra Mussell (*desissena polymorpha*).

### 35:30-10-4. Conditions governing movement [NEW]

All regulated articles are prohibited entry into or transition through the State of Oklahoma unless the articles are:

- (1) Accompanied by a current certificate of inspection from the state of origin declaring the articles have been officially inspected and found free of Zebra Mussell (*desissena polymorpha*) and the articles have been stored in such a manner to remain free of the Zebra Mussell (*desissena polymorpha*) in storage and transit; or
- (2) Have a current certificate of inspection from the aquatics invasive species regulatory agency in the shipping state.

## **SUBCHAPTER 13. IMPORTED FIRE ANT QUARANTINE**

### **35:30-13-3. Regulated area [AMENDED]**

Imported Fire Ant regulated areas are the Oklahoma counties of:

- (1) Bryan Jefferson, and McCurtain (1986);
- (2) Marshall (Additional Infested Area 1987);
- (3) Carter, Choctaw, Comanche, Johnston, and Love;
- (4) LeFlore, Pushmataha, Atoka, Coal, Pontotoc, Garvin, Murray, Stephens, Jefferson, Cotton, Tillman, and Jackson;
- (5) Latimer (2017);
- (6) Pittsburgh (2020); ~~and~~
- (7) Haskell (2024); ~~and~~
- (8) Hughes, Kiowa, Pottawatomie, and Seminole (2025).

## **SUBCHAPTER 17. COMBINED PESTICIDE**

### **PART 15. MINIMUM STANDARDS FOR TERMITE WORK FOR EXISTING STRUCTURES**

#### **35:30-17-69.3. Borate or other wood applied termiticide treatment for post-construction [NEW]**

- (a) Any borate or other wood applied termiticide may be used as a stand-alone or primary treatment for the prevention and control of subterranean termites in new construction and post construction if the product is labeled for such an application. The product must be registered by the Environmental Protection Agency and with the State of Oklahoma.
- (b) A sticker, tag, or stencil must be placed on a stud in the attic readily visible within 5 feet of the attic access which displays the name of the applicator company, application date, and the name of the termiticide used. If a sticker or tag is used the words "Do not Remove" must also be displayed on the sticker or tag.
- (c) A product information sheet must accompany the contract and the contract must be provided to the customer.
- (d) For post construction treatments follow all the product's labeled directions.

# Permanent Final Adoptions

---

(e) All contracts and records keeping requirements must be kept in accordance with 2 O.S. § 3-81(11) and O.A.C. 35:30-17-21.

## **PART 17. MINIMUM STANDARDS FOR TERMITE WORK FOR PRECONSTRUCTION (PRETREATS) AND NEW CONSTRUCTION**

### **35:30-17-74. Borate or other wood applied termiticide treatment for new construction [NEW]**

(a) Any borate or other wood applied termiticide may be used as a stand-alone or primary treatment for the prevention and control of subterranean termites in new construction and post construction if the product is labeled for such an application. The product must be registered by the Environmental Protection Agency and with the State of Oklahoma.

(b) For new construction treatments the following areas must be treated if the product label does not have specific application instructions or if these areas are not on a product label that has specific application instructions.

(1) To ensure a more complete treatment the treatment must be performed when the structures framing is complete ("dried-in") and prior to the installation of any other construction components that may hinder proper treatment including but not limited to insulation, electrical, heating and cooling systems, exterior wraps, etc.

(2) All exterior surfaces of wood or non-cellulose framing such as the exterior side of the sheathing shall be treated up to a height of not less than two (2) feet above a contact with a slab foundation or a (2) foot horizontal and vertical treatment of wood above contact with a concrete crawlspace or basement foundation.

(3) All interior surfaces of wood or non-cellulose framing such as studs and the interior side of the exterior sheathing shall be treated up to a height of not less than two (2) feet above a contact with a slab foundation or a (2) foot horizontal and vertical treatment of wood above contact with a concrete crawlspace or basement foundation.

(4) The slab floor around all service pipe penetrations and bath traps must be treated not less than (2) feet in all directions. The slab along the base plates of the structure must be treated no less than (1) foot out from the base plates. Garage floor slabs are not required to be treated.

(5) Any support piers in a crawl space must be treated up to a height of not less than two (2) feet above contact with the soil and the subfloor above the pier must be treated no less than (2) feet in all directions around the pier.

(6) Any exterior wooded supports resting on concrete such as porch or patio awning supports shall be treated at a height of not less than (2) feet above the slab.

(7) In areas where access to all sides of the wood surface is limited including but not limited to married studs, and exterior wall base plates allow the sprays on wood surfaces to dry for 20 minutes. A second treatment must be performed on these surfaces once the sprays have dried.

(8) Indicator dye is required on exterior wall sheathing, interior treatment areas, and in crawl spaces. Dye is not required in treatment areas where the concrete slab will not be covered such as garages, basements, or awning supports.

(9) Where known cracks in concrete slabs exist treat along the crack and at least (1) foot on both sides of the crack.

(c) The application site must be identified by a sticker, tag, or stencil in an area readily visible near the front entrance to the structure which displays the name of the applicator company, application date, and the name of the termiticide used.

(d) An additional sticker, tag, or stencil must be placed on a stud in the attic readily visible within 5 feet of the attic access which displays the name of the applicator company, application date, and the name of the termiticide used. If a sticker or tag is used the words "Do not Remove" must also be displayed on the sticker or tag.

(e) A product information sheet must accompany the contract and the contract must be provided to the customer.

(f) All contracts and records keeping requirements must be kept in accordance with 2 O.S. § 3-81(11) and O.A.C. 35:30-17-21.

## PART 21. STANDARDS FOR DISPOSAL OF PESTICIDE AND PESTICIDE CONTAINERS

### **35:30-17-89.1. Incorporation by reference of federal pesticide management and disposal regulations [AMENDED]**

(a) The Labeling Requirements for Pesticides and Devices, Container Labeling and Pesticide Management and Disposal regulations found in Title 40 of the Code of Federal Regulations (CFR) (~~2023~~2025 Revision), Part 156.140 et seq. and Part 165 et seq. for the United States Environmental Protection Agency (EPA) as promulgated and amended in the Federal Register, are hereby adopted in their entirety.

(b) All words or terms defined or used in the federal regulations incorporated by reference shall mean the state equivalent or counterpart to those words or terms.

## SUBCHAPTER 24. OKLAHOMA INDUSTRIAL HEMP PROGRAM

### **35:30-24-7. Fees [AMENDED]**

(a) Each new, subsequent, or renewed application for a license to cultivate industrial hemp at a particular cultivation site shall require the payment of a nonrefundable application fee at the rate of Five Hundred Dollars (\$500.00).

(b) Each new, subsequent, or renewed application for a license to cultivate industrial hemp at a particular cultivation site shall require the payment of a nonrefundable site inspection fee calculated at the rate of Five Dollars (\$5.00) per acre on a contiguous field or Thirty-Three Cents (\$0.33) per square foot in a building.

(c) Fiber growers shall only pay one application fee for all properties licensed with ODAFF. Fiber growers who license 2000 acres or more will be able to include the application fee as part of the \$5/acre fee.

~~(c)~~(d) An hourly inspection rate consisting of Thirty-Five Dollars (\$35.00) per hour per inspector for actual time devoted to the inspection of a cultivation site shall be charged following routine or unannounced inspections. The calculation of the hourly inspection rate shall include the inspectors' travel time from the inspectors' duty station to the cultivation site, the time devoted to inspection of the cultivation site, and the inspectors' travel time returning from the cultivation to the inspectors' duty station.

~~(d)~~(e) Application amendments or notifications of material change to the information provided in an application shall not require the payment of additional application fees but may, at the discretion of the Department, require additional inspections and the payment of additional site inspection fees and fees assessed at the hourly inspection rate at the same rate charged for a new application.

~~(e)~~(f) Each new, subsequent, or renewed application for a license to process or handle industrial hemp shall require the payment of a nonrefundable application fee as follows:

(1) One Thousand Dollars (\$1,000.00) for annual sales less than and including Fifty Thousand Dollars (\$50,000.00);

(2) Two Thousand Five Hundred Dollars (\$2,500.00) for annual sales less than and including Two Hundred Fifty Thousand Dollars (\$250,000.00) but more than Fifty Thousand Dollars (\$50,000.00); and

(3) Five Thousand Dollars (\$5,000.00) for annual sales greater than Two Hundred Fifty Thousand Dollars (\$250,000.00).

### **35:30-24-11.1. Allowable testing thresholds [AMENDED]**

(a) Hemp and processed hemp shall meet the allowable laboratory testing thresholds for medical marijuana and medical marijuana products established by the ~~Oklahoma State Department of Health~~ Oklahoma Medical Marijuana Authority at ~~310:681-8-1 and Appendix A.~~

(b) Processors shall not process, sell, or otherwise transfer any hemp products from any hemp production batch unless samples of the production batch have passed all tests in accordance with this section.

(c) The provisions of this section shall not apply to hemp produced for seed or fiber production.

## SUBCHAPTER 27. FEED

## PART 3. PET FOOD

# Permanent Final Adoptions

---

## 35:30-27-51. Definitions and terms [AMENDED]

The definitions in the Association of American Feed Control Officials (AAFCO) Model Bill and Model Feed Regulations shall apply in addition to the following:

**"All life stages"** ~~means gestation/lactation, growth, and adult maintenance life stages~~ means gestation/lactation, growth, and adult maintenance life stages for dogs, cats, and other mammals or adult (including breeding animals) and juvenile life stages for non-mammalian species.

**"Daily Food"** ~~means a specialty pet food product, other than a treat, food mixer or food supplement, for specialty pet species with no recognized nutritional authority.~~

**"Familiar Household Unit"** ~~means a typical feeding unit in volume or count (e.g., can, measuring cup, treat, or piece).~~

**"Family"** ~~means a group of products, which are nutritionally adequate for any or all life stages based on their nutritional similarity to a lead product, which has been successfully test-fed according to an AAFCO feeding protocol(s).~~

**"Food Mixer"** ~~means a pet or specialty pet food product that is intended to top, accompany, or contribute to a complete diet but is not generally intended to be a complete diet.~~

**"Food Supplement"** ~~means a pet or specialty pet food product that is intended to supply specific nutrient(s) or other food components but is not a complete diet.~~

**"Immediate container"** ~~means the unit, can, box, tin, bag, or other receptacle or covering in which a pet food or specialty pet food is displayed for sale to retail purchasers, but does not include containers used as shipping containers.~~

**"Ingredient statement"** ~~means a collective and contiguous listing on the label of the ingredients of which the pet food or specialty pet food is composed.~~

**"Pet Nutrition Facts"** ~~means a graphic box located on the label containing nutritional information for a pet food product.~~

**"Principal display panel"** ~~means the part of a label that is most likely to be displayed, presented, shown, or examined under normal and customary conditions of display for retail sale.~~

**"Specialty Pet Nutrition Facts"** ~~means a graphic box located on the label containing nutritional information for a specialty pet food product.~~

**"Veterinary Diet"** ~~means a pet or specialty pet food product that is intended to be used under veterinary supervision only.~~

## 35:30-27-52. Label format and labeling [AMENDED]

(a) Pet food and specialty pet food shall be labeled with the following information prescribed in this Regulation:

- (1) Product name and brand name, if any, on the principal display panel as stipulated in Regulation 35:30-27-53;
- (2) ~~The species of pet or specialty pet for which the food is intended conspicuously designated on the principal display panel.~~ A Statement specifying the intended use of the products as stipulated in Regulation 35:30-27-54(a);
- (3) Quantity statement, ~~as defined in 35:30-27-2(a)(8)~~ as defined in Section 3(s) of this Act and Regulation 3(a)(8) of the Model Regulations, by weight (pounds and ounces, and metric), liquid measure (quarts, pints, and fluid ounces, and metric) or by count, on the principal display panel;
- (4) ~~Guaranteed analysis as stipulated in 35:30-27-54~~ Pet Nutrition Facts or Specialty Pet Nutrition Facts as stipulated in Regulation 35:30-27-55;
- (5) Ingredient statement as stipulated in ~~35:30-27-55~~ 56(a);
- (6) ~~A statement of nutritional adequacy or purpose if required under 35:30-27-57;~~
- ~~(7)(6)~~ Feeding directions if required under 35:30-27-58; and
- ~~(8)(7)~~ Name and address of the manufacturer or distributor as stipulated in 35:30-27-61; and
- ~~(8)~~ Handling and Storage Instructions may be displayed as stipulated in 35:30-27-62.

(b) When a pet food or specialty pet food enclosed in an outer container or wrapper is intended for retail sale, all required label information shall appear on the outer container or wrapper.

(c) A vignette, graphic, or pictorial representation on a pet food or specialty pet food label shall not misrepresent the contents of the package.

(d) The use of the word "proven" in connection with a label claim for a pet food or specialty pet food is not permitted unless the claim is substantiated by scientific or other empirical evidence.

(e) No statement shall appear upon the label or labeling of a pet food or specialty pet food which makes false or misleading comparisons between that product and any other product.

(f) A personal or commercial endorsement is permitted on a pet food or specialty pet food label provided the endorsement is not false or misleading.

(g) A statement on a pet food or specialty pet food label stating "Improved", "New", or similar designation shall be substantiated and limited to six (6) months production.

(h) A statement on a pet food or specialty pet food label stating preference or comparative attribute claims shall be substantiated and limited to one (1) year production, after which the claim shall be removed or re-substantiated.

(i) Raw milk distributed as pet food or specialty pet food shall bear the following statement “WARNING: NOT FOR HUMAN CONSUMPTION - THIS PRODUCT HAS NOT BEEN PASTEURIZED AND MAY CONTAIN HARMFUL BACTERIA.” This statement shall be displayed in a conspicuous manner and shall not be smaller than the height of the minimum font required by the Federal Fair Packaging and Labeling Act for the net quantity statement as shown in the following table:

- (1) A panel size of  $\leq 5$  in.<sup>2</sup> has a maximum “with” claim type size of 1/16 inch.
- (2) A panel size of  $> 5 - \leq 25$  in.<sup>2</sup> has a maximum “with” claim type size of 1/8 inch.
- (3) A panel size of  $> 25 - \leq 100$  in.<sup>2</sup> has a maximum “with” claim type size of 3/16 inch.
- (4) A panel size of  $> 100 - \leq 400$  in.<sup>2</sup> has a maximum “with” claim type size of 1/4 inch.
- (5) A panel size of  $> 400$  in.<sup>2</sup> has a maximum “with” claim type size of 1/2 inch.

(j) When pet food or specialty pet food consists of raw milk, the words, “Raw [blank] Milk” shall appear conspicuously on the principal display panel (blank is to be completed by using the species of animal from which the raw milk is collected).

### 35:30-27-53. Brand and product names [AMENDED]

(a) The names of the ingredient(s) used in the brand or product name or elsewhere on the product label shall appear in order of predominance by weight in the product. Names of flavors due to their varying intensity can be in any order.

~~(a)(b)~~ The words "100%", "All", or words of similar designation shall not be used in the brand or product name of a pet food or a specialty pet food if the product contains more than one ingredient, ~~not including water sufficient for processing, decharacterizing agents, or trace amounts of preservatives and condiments.~~

~~(b)(c)~~ An ingredient or a combination of ingredients may form a part of the product name of a pet food or specialty pet food:

(1) When the ingredient(s) ~~derived from animals, poultry, or fish~~ constitutes at least 95% of the total weight of the product. Water sufficient for processing may be excluded when calculating the percentage; however, the ingredient(s) shall constitute at least 70% of the total product weight.

(2) When any ingredient(s) constitutes at least 25% of the weight of the product, provided that:

(A) Water sufficient for processing may be excluded when calculating the percentage; however, the ingredient(s) shall constitute at least 10% of the total product weight; and

(B) A descriptor is used with the ingredient name(s). This descriptor shall imply other ingredients are included in the product formula. Examples of descriptors include "dinner", "platter", "entree", "formula", and "recipe"; and

(C) The descriptor shall be in the same size, style, and color print as the ingredient name(s).

(3) When a combination of ingredients are included in the brand or product name, ~~the product shall meet all of the following in accordance with Regulation 35:30-27-3(c) provided that:~~

(A) Each named ingredient constitutes a least 3% of the total weight of the product weight, excluding water sufficient for processing; and

~~(B) The names of the ingredients appear in the order of their respective predominance by weight in the product; and~~

~~(C)(B)~~ All the ingredient names appear on the label in the same size, style, and color print.

~~(c)(d)~~ When the name of any ingredient appears in the product name of a pet food or elsewhere on the product label and includes a descriptor like "with" or similar designation, the named ingredient(s) shall each constitute at least 3% of the product weight exclusive of water sufficient for processing. ~~If the names of more than one ingredient are shown, they shall appear in their respective order of predominance by weight in the product.~~ The 3% minimum level shall not apply to claims for nutrients, including, but not limited to, vitamins, minerals, and fatty acids, as well as condiments. The word "with", or similar designation, and named ingredients shall be in the same size, style, color, and case print and be of no greater size than:

Maximum "with claim"		
	Panel Size	Type Size
	$\leq 5$ sq. in.	1/8"

# Permanent Final Adoptions

5-25 sq. in.	1/4"
25-100 sq. in.	3/8"
100-400 sq. in.	1/2"
400 sq. in. +	1"

(1) A panel size of  $\leq 5$  in.<sup>2</sup> has a maximum "with" claim type size of 1/8 inch.

(2) A panel size of  $>5 - \leq 25$  in.<sup>2</sup> has a maximum "with" claim type size of 1/4 inch.

(3) A panel size of  $>25 - \leq 100$  in.<sup>2</sup> has a maximum "with" claim type size of 3/8 inch.

(4) A panel size of  $>100 - \leq 400$  in.<sup>2</sup> has a maximum "with" claim type size of 1/2 inch.

(5) A panel size of  $>400$  in.<sup>2</sup> has a maximum "with" claim type size of 1 inch.

~~(d)~~(e) A flavor designation may be included as part of the product name or elsewhere on the label of a pet food or specialty pet food when the flavor designation meets all of the following:

(1) The flavor designation:

(A) Conforms to the name of the ingredient as listed in the ingredient statement; or

(B) Is identified by the source of the flavor in the ingredient statement; and

(2) The word "flavor" is printed in the same size type and with an equal degree of conspicuousness as the name of the flavor designation; and

(3) Substantiation of the flavor designation, the flavor claim, or the ingredient source is provided upon request.

~~(e)~~ The product name of the pet food or specialty pet food shall not be derived from one or more ingredients unless all ingredients are included in the name, except as specified by 35:30-27-53(b) or (c); provided the name of an ingredient or combination of ingredients may be used as a part of the product name if:

(1) The ingredient or combination of ingredients is present in sufficient quantity to impart a distinctive characteristic to the product or is present in amounts which have a material bearing upon the price of the product or upon acceptance of the product by the purchaser; or

(2) It does not constitute a representation that the ingredient or combination of ingredients is present to the exclusion of other ingredients.

(f) Contractions or coined names referring to ingredients shall not be used in the brand name of a pet food or specialty pet food unless it is in compliance with Regulation 35:30-27-53(b)(c), ~~(c)(d)~~, or ~~(d)(e)~~.

(g) Unless a pet food and specialty pet food is identified on the principal display panel as a stew, gravy, sauce, broth, aspic, juice, milk replacer, or other such name, the maximum moisture declared on a pet food or specialty pet food label shall not exceed 78.00% or the natural moisture content of the ingredients, whichever is higher.

## **35:30-27-54. Expression of guarantees**~~Intended use statement and nutritional adequacy claims~~ [AMENDED]

(a) The "Guaranteed Analysis" shall be listed in the following order and format:

(1) A pet food or specialty pet food label shall list the following required guarantees:

(A) Minimum percentage of crude protein;

(B) Minimum percentage of crude fat;

(C) Maximum percentage of crude fat, if required by 35:30-27-60;

(D) Maximum percentage of crude fiber;

(E) Maximum percentage of moisture; and

(F) Additional guarantees shall follow moisture.

(2) When ash is listed in the guaranteed analysis on a pet food or specialty pet food label, it shall be guaranteed as a maximum percentage and shall immediately follow moisture.

(3) A dog or cat food label shall list other required or voluntary guarantees in the same order and units of the nutrients in the AAFCO Dog (or Cat) Food Nutrient Profiles. Guarantees for substances not listed in the AAFCO Dog (or Cat) Profiles, or not provided for in these rules, shall immediately follow the listing of the recognized nutrients and shall be accompanied by an asterisk (\*) referring to the disclaimer "not recognized as an essential nutrient by the AAFCO Dog (or Cat) Food Nutrient Profiles". The disclaimer shall appear immediately after the last guarantee in the same size type as the guarantees.

(4) A specialty pet food label shall list other required or voluntary guarantees as required by Regulation 3a(4)X of AAFCO Model Bill:

(b) The sliding scale method of expressing a guaranteed analysis on a pet food or specialty pet food label (for example, "Minimum crude protein 15-18%") is prohibited:

(c) The label of a pet food or a specialty pet food which is formulated as and represented to be a mineral supplement shall include:

(1) Minimum guarantees for all minerals from sources declared in the ingredient statement and established by an AAFCO-recognized nutrient profile, expressed as the element in units specified in the nutrient profile; or  
(2) Minimum guarantees for all minerals from sources declared in the ingredient statement expressed as the element in units specified in Regulation 4(b) of the AAFCO Model Bill when no species-specific nutrient profile has been recognized by AAFCO; and

(3) Mineral guarantees required by 35:30-27-54(c)(1) and (2) may be expressed in milligrams (mg) per unit (e.g., tablets, capsules, granules, or liquids) consistent with those employed in the quantity statement and directions for use; and

(4) A weight equivalent (e.g., 1 fl. oz. = 28 grams) for liquid products:

(d) The label of a pet food or a specialty pet food which is formulated as and represented to be a vitamin supplement shall include:

(1) Minimum guarantees for all vitamins from sources declared in the ingredient statement and established by an AAFCO-recognized nutrient profile, expressed in units specified in the nutrient profile; or

(2) Minimum guarantees for all vitamins from sources declared in the ingredient statement expressed in units specified in AAFCO Model Regulation 4(c) when no species-specific nutrient profile has been recognized by AAFCO; and

(3) Vitamin guarantees required by 35:30-27-54(d)(1) and (2), may be expressed in approved units (e.g., IU, mg, g) per unit (e.g., tablets, capsules, granules, or liquids) consistent with those employed in the quantity statement and directions for use; and

(4) A weight equivalent (e.g., 1 fl. oz. = 28 grams) for liquid products:

(a) A statement identifying the intended use of a pet food or specialty pet food is required on the principal display panel of the label in accordance with the following:

(1) The intended use of a pet food or specialty pet food shall be stated as:

(A) "Complete [Species] Food" – for food products intended to be the complete diet for all life stages and sizes of a pet or specialty pet in accordance with the unqualified claims in Regulation 35:30-27-4(b);

(B) For food products intended to be the complete diet for a limited life stage or size of a pet or specialty pet in accordance with the qualified claims in Regulation 35:30-27-54(c), one of the two following statements shall be used:

(i) "Complete Food for [blank]" where the blank shall be filled with one or more of the following:

(I) "Adult [Species]."

(II) "Puppies," "Kittens," or "Juvenile [Species other than dog or cat]."

(III) "Puppies (<70 lb. as an adult)," or

(IV) "Dogs (except puppies >70 lb. as an adult); or

(ii) "Complete [Blank] Food" where the blank shall be filled with one or more of the following:

(I) "Adult [Species]."

(II) "Puppy," "Kitten," or "Juvenile [Species other than dog or cat]."

(III) "Puppy (<70 lb. as an adult)," or

(IV) "Dog (except puppies >70 lb. as an adult);"

(C) "Veterinary Diet for [Species]" – for food products intended to be used under veterinary supervision only in accordance with Regulation 35:30-27-54(d);

(D) "[Species] Treat" – for food products for pets or specialty pets, provided occasionally for enjoyment, training, entertainment, or other purposes, and not generally intended or represented to be a complete food or nutritional supplement;

(E) "[Species] Food Supplement" – for food products for pets or specialty pets that are intended to supply specific nutrient(s) or other food components but are not a complete diet;

# Permanent Final Adoptions

---

(E) “[Species] Food Mixer” – for food products for pets or specialty pets that are intended to top, accompany, or contribute to a complete diet but are not generally intended or represented to be a complete diet; or

(G) “Daily [Specialty Pet Species] Food” – for food products that are intended to be the daily diet for specialty pets where no recognized nutritional authority exists. A limited life stage may be indicated, i.e., “Daily [Specialty Pet Species] Food for [Juveniles or Adults].”

(2) This intended use statement shall:

(A) Appear within the bottom 30% of the area of the label principal display panel in lines generally parallel to the base on which the package rests as it is designed to be displayed and shall be repeated on the alternate principal display panel, if present. However, on packages having a principal display panel of 5 square inches or less, the requirement for placement within the bottom 30% of the area of the label panel shall not apply;

(B) Be at least as large as the statement of net quantity, consistent with 16 CFR 500.21;

(C) Appear in the same color and style as the statement of net quantity and on the same background color as the statement of net quantity; and

(D) Be separated by at least a space equal to the height of the letter “N” used in the statement of net quantity from other printed label information appearing above or below it and by at least a space equal to twice the width of the letter “N” of the style of type used in the quantity of contents statement from other printed label information appearing to the left or right of it.

(b) The label of a pet food or specialty pet food which is intended for all life stages and sizes of the pet or specialty pet may make unqualified claims, directly or indirectly, such as “complete and balanced,” “perfect,” “scientific,” or “100% nutritious” if at least one of the following apply:

(1) The product meets the nutrient requirements for all life stages and sizes established by an AAFCO-recognized nutrient profile; or

(2) The product meets the criteria for all life stages as substantiated by completion of the appropriate AAFCO-recognized animal feeding protocol(s);

(A) Unqualified claims of nutritional adequacy that include large size dogs (greater than 70 lb. as an adult) can be substantiated by completing the appropriate protocols using large size dogs; or

(B) Can be substantiated by completing the appropriate protocols using dogs less than 70 lb. adult weight while containing no more calcium and phosphorus than the maximum limits for large size dogs listed in the AAFCO Dog Food Nutrient Profiles; or

(3) The product is a member of a product family which is nutritionally similar to a lead product which contains a combination of ingredients that has been fed to a normal animal as the sole source of nourishment in accordance with the testing procedures established by AAFCO for all life stages, provided that:

(A) The nutritional similarity of the family product can be substantiated according to the Procedures for Establishing Pet Food Product Families developed by AAFCO; and

(B) The family product meets the criteria for all life stages; and

(C) Under circumstances of reasonable doubt, the [State Control Official] may require the manufacturer to perform additional testing of the family product in order to substantiate the claim of nutritional adequacy.

(c) The label of a pet food or specialty pet food which is intended for a limited purpose (such as size of dog) or a specific life stage, but not for all life stages and sizes, may make qualified claims, directly or indirectly, such as “complete and balanced,” “perfect,” “scientific,” or “100% nutritious” when the product and claim meet both of the following:

(1) The claim is qualified with a statement of the limited purpose or specific life stage for which the product is intended or suitable, for example, “complete and balanced for puppies (or kittens).” The claim and the required qualification shall be juxtaposed on the same label panel and in the same size, style, and color print; and

(2) The product meets at least one of the following:

(A) The nutrient requirements for the limited purpose or specific life stage established by an AAFCO-recognized nutrient profile; or

(B) The criteria for a limited purpose or a specific life stage as substantiated by completion of the appropriate AAFCO-recognized animal feeding protocol(s);

(i) Qualified claims of nutritional adequacy that include large size dogs can be substantiated by completing the appropriate protocols using large size dogs; or

(ii) Can be substantiated by completing the appropriate protocols using dogs less than 70 lb. adult weight while containing no more calcium and phosphorus than the maximum limits for large size dogs listed in the AAFCO Dog Food Nutrient Profiles; or

---

## Permanent Final Adoptions

(C) The requirements of a product family which is nutritionally similar to a lead product which contains a combination of ingredients which, when fed for such limited purpose, will satisfy the nutrient requirements for such limited purpose and has had its capabilities in this regard demonstrated by adequate testing, and provided that:

- (i) The nutritional similarity of the family product can be substantiated according to the Procedures for Establishing Pet Food Product Families developed by AAFCO; and
- (ii) The family product meets the criteria for such limited purpose; and
- (iii) Under circumstances of reasonable doubt, the [State Control Official] may require the manufacturer to perform additional testing for the family product to substantiate the claim of nutritional adequacy.

(d) A product intended for use by, or under the supervision or direction of, a veterinarian shall clearly indicate the nutritional adequacy of the product in accordance with Regulation 35:30-27-55(a)(3)(F) or 35:30-27-55(b)(2)(F) as would be required for any other pet food or specialty pet food.

(e) A signed affidavit attesting that the product meets the requirements of Regulation 35:30-27-54(b) or 35:30-27-54(c)(2) shall be submitted to the upon request.

(f) If the nutrient content of a product does not meet those nutrient requirements established by an AAFCO-recognized nutrient profile, or if no requirement has been established by an AAFCO-recognized nutritional authority for the life stage(s) of the intended species, the claimed nutritional adequacy of the product shall be scientifically substantiated.

(g) The following AAFCO-recognized nutritional authority, nutrient profile, and/or animal feeding protocol shall be acceptable as the basis for a claim of nutritional adequacy:

(1) As an AAFCO-recognized nutrient profile or nutritional authority:

- (A) For dogs, the AAFCO Dog Food Nutrient Profiles;
- (B) For cats, the AAFCO Cat Food Nutrient Profiles;
- (C) For specialty pets, the nutrient recommendations approved by the Committee on Animal Nutrition of the National Research Council of the National Academy of Sciences, provided that, this nutrient recommendation is recognized only for the specific specialty pet for which the profile is intended.

(2) As an AAFCO-recognized animal feeding protocol(s), the AAFCO Dog and Cat Food Feeding Protocols.

(e)(h) When the label of a pet food or a specialty pet food includes a comparison of the nutrient content of the food with levels established by an AAFCO-recognized nutrient profile; such as a table of comparison, a percentage, or any other designation referring to an individual nutrient or all of the nutrient levels, the following apply:

(1) The nutrient shall be stated in the units of measurement used in the cited AAFCO-recognized nutrient profile; and

(2) The statement in a table of comparison of the vitamin, mineral, or nutrient content shall constitute a guarantee, but need not be repeated in the guaranteed analysis; and

(3) The comparison may appear on the label separate and apart from the guaranteed analysis:

(1) The product shall meet the AAFCO-recognized nutrient profile; and

(2) The statement of comparison shall be preceded by a statement that the product meets the AAFCO-recognized profile; however, the statement that the product meets the AAFCO-recognized nutrient profile is not required provided that the nutritional adequacy statement as per Regulation 35:30-27-54(b)(1) or 35:30-27-54(c)(2)(A) appears elsewhere on the product label; and

(3) The statement of comparison of the nutrient content shall constitute a guarantee and shall be in the nutrient guarantees within the pet or specialty pet nutrition facts; and

(4) The statement of comparison shall appear on the label separate and apart from the nutrient guarantees within the pet or specialty pet nutrition facts.

(f) Percentages or other designations referring to an individual nutrient or all of the nutrient levels established by the AAFCO-recognized nutrient profile may be used on a pet food or specialty pet food when:

(1) The product meets the AAFCO-recognized nutrient profile;

(2) The comparison is preceded by a statement that the product meets the AAFCO-recognized nutrient profile; and

(3) The comparison is expressed in the same quantitative units as those used by the cited AAFCO-recognized nutrient profile.

(g) The maximum moisture declared on a pet food or specialty pet food label shall not exceed 78.00% of the natural moisture content of the ingredients, whichever is higher. However, pet food and specialty pet food including, but not limited to, those consisting principally of stew, gravy, sauce, broth, aspic, juice, or a milk replacer, and which are so labeled, may contain moisture in excess of 78.00%.

# Permanent Final Adoptions

---

(h) Guarantees for crude protein, crude fat, and crude fiber are not required when the pet food or specialty pet food is intended for purposes other than to furnish these substances or they are of minor significance relative to the primary purpose of the product, like mineral or vitamin supplement.

## 35:30-27-55. Ingredients Pet and Specialty Pet Nutrition Facts [AMENDED]

(a) Each ingredient of a pet food or specialty pet food shall be listed in the ingredient statement as follows:

- (1) The names of all ingredients in the ingredient statement shall be shown in letters or type of the same size;
- (2) The ingredients shall be listed in descending order by their predominance by weight in non-quantitative terms;
- (3) Ingredients shall be listed and identified by the name and definition established by AAFCO; and
- (4) Any ingredient for which no name and definition have been established shall be identified by the common or usual name of the ingredient.

(b) The ingredients "meat" or "meat by-products" shall be qualified to designate the animal from which the meat or meat by-products are derived unless the meat or meat by-products are derived from cattle, swine, sheep, goats, or any combination. For example, ingredients derived from horses shall be listed as "horsemeat" or "horsemeat by-products".

(c) Brand or trade names shall not be used in the ingredient statement.

(d) A reference to the quality, nature, form, or other attribute of an ingredient shall be allowed when the reference meets all of the following:

- (1) The designation is not false or misleading;
- (2) The ingredient imparts a distinctive characteristic to the pet food or specialty pet food because it possesses that attribute; and
- (3) A reference to quality or grade of the ingredient does not appear in the ingredient statement.

(a) Pet Nutrition Facts shall be displayed in a prominent place on the label of all pet foods (including treats, food supplements, veterinary diets, and food mixers), but not necessarily on the principal display panel. The information shall be set off in a box by use of hairlines and shall be all black or one-color type, printed on a white or other neutral contrasting background so as to be clearly visible under the heading "Pet Nutrition Facts" that is centered in the top row of the box and twice the size of all other text in the box. A hairline rule that is centered between the lines of text shall separate "Pet Nutrition Facts" from the next line of text. The box contains the following required elements with all text the same size and style in the following order:

(1) The stated whole familiar household unit (e.g., can, measuring cup, treat, or piece), consistent with the feeding directions, and its weight in grams shall be right justified. This is set off by a bold line centered between this and the next line of text.

(2) A statement of Calorie content, determined as specified in Regulation 35:30-27-59, shall include the following:

(A) The Calorie content of the product shall be stated after the left justified heading:

- (i) "Calories per [familiar household unit]\*: [#]" when the Calorie content is determined in accordance with Regulation 35:30-27-59(a)(1); or
- (ii) "Calories per [familiar household unit] (fed): [#]" when the Calorie content is determined in accordance with Regulation 35:30-27-59(a)(2).

(B) Below the Calorie content statement, the number of Calories contributed by Protein, Fat, and Carbohydrate shall be declared, in that order, after "From:". The "From:" line shall be indented to reflect that it is a component of the total Calories on the line above. If the total Calorie content of the product is determined by feeding trial in accordance with Regulation 35:30-27-59(a)(2), then "\*" shall be declared immediately after the number of Calories from Carbohydrates. The determination of Calories from protein, fat, and carbohydrate are as described in Regulation 35:30-27-59(c). This is set off by a bold line centered between this and the next line of text.

(3) The nutrient guarantees shall appear under the headers "Nutrients" that is left justified to the edge of the box, "Guaranteed" that is right justified to a vertical hairline that runs from this line of text to the last guaranteed nutrient value, and "per [familiar household unit]" that is right justified to the edge of the box. The amount "per [familiar household unit]" for each nutrient is determined by multiplying the guaranteed amount (concentration) by the number of grams in the familiar household unit and shall include the resultant unit of such amount (e.g., grams, milligrams, or international units). The guarantees shall be listed in the following order with a hairline centered between each line of text:

(A) A pet food label shall list the following required guaranteed amounts, stated as a maximum or minimum, as appropriate:

- (i) "Protein" is minimum percentage of crude protein;

- (ii) “Fat” is minimum percentage of crude fat;
  - (iii) “Total Carbohydrate\*” is maximum percentage equal to  $[100 - (\text{Crude Protein} + \text{Crude Fat} + \text{Moisture} + \text{Ash})]$ ;
  - (iv) “Dietary Fiber” is maximum percentage of total dietary fiber. The dietary fiber guarantee shall be indented to reflect that it is a component of the total carbohydrate guarantee on the line above;
  - (v) “Moisture” is maximum percentage of moisture; and
  - (vi) Maximum percentage of crude fat (“Fat”) shall be listed between the minimum percentage of crude fat and the maximum percentage “Total Carbohydrate” if required by Regulation 35:30-27-59;
  - (vii) Additional required or voluntary guarantees shall follow moisture or ash, if listed.
- (B) When “Ash” is listed, it shall be guaranteed as a maximum percentage and shall immediately follow moisture.
- (C) When listed on the label of a dog or cat food product, guarantees for “Dietary Starch” and “Sugars” shall be stated as maximum guaranteed amounts. Neither guaranteed amount shall be listed without the other. The guaranteed amount for dietary starch shall follow dietary fiber with the same indentation. The guaranteed amount for sugars shall follow dietary starch with the same indentation.
- (D) The “\*calculated value” shall appear immediately after the last guarantee below a bold line.
- (E) Other additional required or voluntary guarantees shall appear in accordance with the following:
- (i) Guarantees for nutrients are in the same order and units of the nutrients in the AAFCO Dog (or Cat) Food Nutrient Profiles following ash, if also listed, or moisture, if ash is not listed.
  - (ii) Guarantees for substances not listed in the AAFCO Dog (or Cat) Food Nutrient Profiles, or not otherwise provided for in these Regulations, shall immediately follow the listing of the recognized nutrients and be accompanied by an asterisk.
    - (I) For any such guarantees, a hairline shall be centered between the last and the next line of text;
    - (II) The disclaimer “\*not recognized as an essential nutrient by the AAFCO Dog [or Cat] Food Nutrient Profiles” shall appear immediately after “□ calculated value”.
- (F) The statement of nutritional adequacy shall appear immediately below the bold line separating it from the disclaimers which follow the guarantees:
- (i) A statement that the dog or cat food meets the requirements of one or more of the recognized categories of nutritional adequacy: gestation/lactation, growth, maintenance, and all life stages. It shall be stated verbatim as one of the following:
    - (I) “(Name of product) is formulated to meet the nutritional levels established by the AAFCO Dog (or Cat) Food Nutrient Profiles for \_\_\_\_.” (Blank is to be completed by using the stage or stages of the pet’s life, such as gestation/lactation, growth, maintenance, or the words “All Life Stages”.) For a dog food, when the blank includes the words “Growth” or “All Life Stages,” one of the following phrases must also be added verbatim to the end of the claim: “including growth of large size dogs (70 lb. or more as an adult)” if the product has been formulated to meet the levels of nutrients specifically referenced in the Dog Food Nutrient Profiles as being applicable to large size growing dogs or “except for growth of large size dogs (70 lb. or more as an adult)” if the product has not been formulated to meet the levels of nutrients specifically referenced in the Dog Food Nutrient Profiles as being applicable to large size growing dogs.
    - (II) “Animal feeding tests using AAFCO procedures substantiate that (Name of Product) provides complete and balanced nutrition for \_\_\_\_.” (Blank is to be completed by using the stage or stages of the pet’s life tested, such as, gestation/lactation, growth, maintenance, or the words “All Life Stages”); or
    - (III) “(Name of Product) provides complete and balanced nutrition for (Blank is to be completed by using the stage or stages of the pet’s life, such as gestation, lactation, growth, maintenance, or the words “All Life Stages”) and is comparable in nutritional adequacy to a product which has been substantiated using AAFCO feeding tests.”
  - (ii) A nutritional or dietary statement for purposes other than those listed in Regulation 35:30-27-54(b) or (c) if the statement is scientifically substantiated; or

# Permanent Final Adoptions

---

(iii) The statement: “This product is intended for intermittent or supplemental feeding only,” if a product does not meet the requirements of Regulation 35:30-27-54(b) or (c) or any other special nutritional or dietary need and so is suitable only for limited or intermittent or supplementary feeding.

(b) Specialty Pet Nutrition Facts shall be displayed in a prominent place on the label of all specialty pet foods (including treats, food supplements, veterinary diets, and food mixers), but not necessarily on the principal display panel. The information shall be set off in a box by use of hairlines and shall be all black or one-color type, printed on a white or other neutral contrasting background so as to be clearly visible under the heading “Specialty Pet Nutrition Facts” that is centered in the top row of the box and twice the size of all other text in the box. A hairline rule that is centered between the lines of text shall separate “Specialty Pet Nutrition Facts” from the next line of text. The box contains the following required elements with all text the same size and style in the following order:

(1) The stated whole familiar household unit (e.g., can, measuring cup, treat, or piece), consistent with the feeding directions, and its weight in grams shall be right justified. This is set off by a bold line centered between this and the next line of text.

(2) The nutrient guarantees shall appear under the headers “Nutrients” that is left justified to the edge of the box, “Guaranteed” that is right justified to a vertical hairline that runs from this line of text to the last guaranteed nutrient values, and “per [familiar household unit]” that is right justified to the edge of the box. The amount “per [familiar household unit]” for each nutrient is determined by multiplying the guaranteed amount (concentration) by the number of grams in the familiar household unit and shall include the resultant unit of such amount (e.g., grams, milligrams, or international units). The guarantees shall be listed in the following order with a hairline centered between each line of text:

(A) A specialty pet food label shall list the following required guaranteed amounts, stated as a maximum or minimum, as appropriate:

(i) “Protein” is minimum percentage of crude protein;

(ii) “Fat” is minimum percentage of crude fat;

(iii) “Total Carbohydrate\*” is maximum percentage equal to  $[100 - (\text{Crude Protein} + \text{Crude Fat} + \text{Moisture} + \text{Ash})]$ ;

(iv) “Dietary Fiber” is maximum percentage of total dietary fiber. The dietary fiber guarantee shall be indented to reflect that it is a component of the total carbohydrate guarantee on the line above; and

(v) “Moisture” is maximum percentage of moisture;

(vi) Additional required or voluntary guarantees shall follow moisture or ash, if listed.

(B) When “Ash” is listed, it shall be guaranteed as a maximum percentage and shall immediately follow moisture.

(C) When listed on the label of a specialty pet food product, guarantees for “Dietary Starch” and “Sugars” shall be stated as maximum guaranteed amounts. Neither guaranteed amount shall be listed without the other. The guaranteed amount for dietary starch shall follow dietary fiber with the same indentation. The guaranteed amount for sugars shall follow dietary starch with the same indentation.

(D) The “\*calculated value” shall appear immediately after the last guarantee below a bold line.

(E) Other additional required or voluntary guarantees shall appear in accordance with the following:

(i) These guarantees shall follow ash, if also listed, or moisture, if ash is not listed;

(ii) Guarantees for nutrients are in the same order and units of the nutrients in an AAFCO-recognized nutrient profile for the intended animal species; however, if no species-specific AAFCO-recognized nutrient profile is available, the order and units shall follow the same order and units of nutrients in the AAFCO Cat Food Nutrient Profile;

(iii) For those specialty pet species with an AAFCO-recognized nutrient profile for the intended animal species, guarantees for substances not listed in that profile, or not otherwise provided for in these Regulations, shall immediately follow the listing of the recognized nutrients and be accompanied by an asterisk.

(I) For any such guarantees, a hairline shall be centered between the last and the next line of text;

(II) The disclaimer “\*not recognized as an essential nutrient by the \_\_\_\_.” (Blank is to be completed by listing the specific AAFCO-recognized nutrient profile) shall appear immediately after the last such guaranteed amounts.

(III) No such disclaimer shall appear unless an AAFCO-recognized nutrient profile is available for the specific species of specialty pet.

(E) The statement of nutritional adequacy shall appear immediately below the bold line separating it from the guarantees as one of the following:

(i) For daily foods for those specialty pet species where no recognized nutritional authority exists, the statement: "This product is intended to be a daily food."

(ii) For all other specialty pet foods:

(I) A statement substantiating that the specialty pet food meets the requirements for nutritional adequacy in Regulation 35:30-27-54(b) or (c) by an AAFCO-recognized nutritional authority. It shall be stated verbatim as the following: "(Name of product) is formulated to meet the nutritional levels established by [the AAFCO-recognized authority] for \_\_\_\_." (Blank is to be completed by stating the species and the stage or stages of the specialty pet's life.);

(II) A nutritional or dietary claim for purposes other than those listed in Regulation 35:30-27-54(b) or (c) if the claim is scientifically substantiated; or

(III) The statement: "This product is intended for intermittent or supplemental feeding only," if a product is suitable only for limited or intermittent or supplementary feeding.

(c) Pet or specialty pet food supplements: The Pet Nutrition Facts or Specialty Pet Nutrition Facts box of a pet food or a specialty pet food which is formulated as and represented to be a food supplement shall include all of the information required in Regulation 35:30-27-55(a) or 35:30-27-55(b) except that guarantees shall only be displayed on a per feeding unit (e.g., tablets, capsules, granules, or liquids) basis:

(1) For a food supplement that is intended to be a source of nutrients, guarantees shall appear for all nutrients that the product is intended to provide under the headers "Nutrients" that is left justified to the edge of the box and "per [feeding unit]" that is right justified to the edge of the box:

(A) For nutrients with an established requirement by an AAFCO-recognized nutrient profile, minimum guarantees shall be declared in the same order and units (i.e., g, mg, or IU) specified in the AAFCO-recognized nutrient profile for the intended species; or

(B) When no species-specific nutrient profile has been recognized by AAFCO, minimum guarantees shall be declared in the same order and units (i.e., g, mg, or IU) specified in the AAFCO Cat Food Nutrient Profiles; and

(C) Guarantees for substances not listed in an AAFCO-recognized nutrient profile for the intended animal species, or not otherwise provided for in these Regulations, shall immediately follow the listing of the recognized nutrients and be accompanied by an asterisk.

(i) For any such guarantees, a hairline shall be centered between the last and the next line of text;

(ii) The disclaimer "\*not recognized as an essential nutrient by the \_\_\_\_." (Blank is to be completed by listing the specific AAFCO-recognized nutrient profile) shall appear immediately after the last such guaranteed amounts. No such disclaimer shall appear unless an AAFCO-recognized nutrient profile is available for the specific species of specialty pet.

(2) For a food supplement that is intended to supply microorganisms and/or enzymes, guarantees shall be declared as stipulated in Model Regulations 4(g) and/or 4(h) on a per feeding unit (e.g., tablets, capsules, granules, or liquids) basis. The enzyme activity unit meaning should follow the disclaimer within the box.

(d) The sliding scale method of expressing a guaranteed amount on a pet food or specialty pet food label (for example, "Protein 15–18% Min") is prohibited.

(e) Protein, fat, calculated total carbohydrate, or dietary fiber are not required when the pet food or specialty pet food is intended for purposes other than to furnish these substances or they are of minor significance relative to the primary purpose of the product, such as a mineral or vitamin supplement.

(f) For small packages with a total printable area of more than 12 square inches and less than or equal to 40 square inches, all information required in Regulation 35:30-27-55(a), (b), or (c) shall appear, but may appear in a linear format. This information shall appear in one place without other intervening material. In the linear format, the required information shall:

(1) Appear in the same order as required by Regulation 35:30-27-55(a), (b), or (c) but without the formatting described;

(2) Text shall be all black or one-color type and all text shall be the same size and style, except that the heading "Pet Nutrition Facts" or "Specialty Pet Nutrition Facts" shall be bolded;

(3) The text shall be sufficiently large so as to be conspicuous and must not be smaller than 1/16 inch;

# Permanent Final Adoptions

---

- (4) The guaranteed amount shall appear immediately after the amount “per [familiar household unit]” for each nutrient with the guaranteed amount enclosed in parentheses and all units clearly identified;
- (5) The following abbreviations may be used: Total Carbohydrate as “Carb\*,” Dietary Fiber as “Fiber”.
- (g) For very small packages with a total printable area of less than or equal to 12 square inches, the information required elsewhere in Regulation 35:30-27-55 is not required to appear on the label. However, all information specified elsewhere in Regulation 35:30-27-55 for the particular product type shall be determined and shall be submitted to the [regulatory authority] upon request. The following limited information is required to appear on the label:
- (1) This information shall appear in one place without other intervening material;
  - (2) Text shall be all black or one-color type and all text shall be the same size and style, except that the heading “Nutrition Facts” shall be bolded;
  - (3) The text shall be sufficiently large so as to be conspicuous and must not be smaller than 1/16 inch;
  - (4) For pet foods, only total calories are required and shall be stated as:
    - (A) “Cal (calc): [#]” when the Calorie content is determined in accordance with Regulation 35:30-27-59(a)(1); or
    - (B) “Cal (fed): [#]” when the Calorie content is determined in accordance with Regulation 35:30-27-59(a)(2).
- (5) Guaranteed amounts shall be stated in weight per entire contents (e.g., grams per pouch). The following required guaranteed amounts stated as a maximum or minimum, as appropriate:
- (A) “Protein” is crude protein;
  - (B) “Fat” is crude fat;
  - (C) “Carb” is calculated from  $[100 - (\% \text{ Crude Protein} + \% \text{ Crude Fat} + \% \text{ Moisture} + \% \text{ Ash})]$ ;
  - (D) “Fiber” is total dietary fiber;
  - (E) “Moisture” is moisture; and
  - (F) Additional required or voluntary guarantees shall follow moisture or ash, if listed, and shall comply with the requirements for such guarantees in Regulation 35:30-27-55(a)(3) or 35:30-27-55(b)(2), as appropriate, except that they shall be stated in only in weight per entire contents.

## **35:30-27-56. Additives and drugsIngredients [AMENDED]**

- (a) An artificial color may be used in a pet food or a specialty pet food only if it has been shown to be harmless to pets or specialty pets. The permanent or provisional listing of an artificial color in the United States Food and Drug Administration regulations as safe for use, together with the conditions, limitations, and tolerances, if any, incorporated in those regulations, shall be satisfactory evidence that the color is, when used pursuant to the regulations, harmless to pets or specialty pets.
- (b) Evidence may be required to prove the safety and efficacy or utility of a pet food or specialty pet food which contains additives or drugs, when used according to directions furnished on the label. Satisfactory evidence of the safety and efficacy of a pet food or specialty pet food may be established:
- (1) When the pet food or specialty pet food contains these additives, the use of which conforms to the requirements of the applicable regulation in the code of Federal Regulations, Title 21, or which are "prior sanctioned" or "generally recognized as safe" for the use; or
  - (2) When the pet food or specialty pet food itself is a drug or contains a drug as defined in the Oklahoma Commercial Feed Act and is "generally recognized safe and effective" for the labeled use or is marketed subject to an application approved by the Food and Drug Administration under Title 21, U.S.C. 360 (b);
- (c) When a drug is included in a pet food or specialty pet food, the format required by 35:30-27-3(2) for labeling medicated feeds shall be used.
- (a) Each ingredient of a pet food or specialty pet food shall be listed in the ingredient statement as follows:
- (1) The names of all ingredients in the ingredient statement shall be shown in letters or type of the same size, style, and color, except where the defined name of the ingredient includes genus and species (e.g., microorganisms) which may be shown in italics;
  - (2) The ingredients shall be listed in descending order by their predominance by weight in non-quantitative terms, except if the ingredient is a vitamin and/or mineral premix, the premix may be declared in order of predominance by the name “vitamins” or “minerals,” as appropriate, followed by a parenthetical listing of all the vitamins and/or minerals in the premix, each in their order of predominance by weight as listed on the ingredient statement of the premix label;
  - (3) Ingredients shall be listed and identified by the name established in the AAFCO Official Common or Usual Names and Definitions of Feed Ingredients, except any ingredient for which no AAFCO ingredient name exists shall be identified by the common or usual name;

(4) Any ingredient suitable for use in pet food or specialty pet food for which there is a codified standard of identity in Title 9 or 21 of the Code of Federal Regulations shall be declared in accordance with the applicable regulation, which includes the name of the standardized food followed by a parenthetical listing of its ingredients, if necessary, as provided in the regulation;

(5) The ingredients "meat," "poultry," "poultry by-products," or "meat by-products" shall be qualified to designate the animal from which the ingredients are derived unless the meat or meat by-products are derived from cattle, swine, sheep, goats, or any combination thereof or the poultry or poultry meal are derived from chickens, turkeys, ducks, geese, guineas, ratites, or squabs, or any combination thereof. For example, ingredients derived from deer shall be listed as "venison" or "venison by-products;"

(6) For ingredients consisting of fish, "fish meal," or "fish by-products," the name of the ingredient may include "fish" without further specification of the type of the fish or if it bears a name descriptive of its kind (e.g., "ocean whitefish" or by using the acceptable market name(s) or common name (but not any vernacular or slang names) of the individual fish species in the ingredient as established by the FDA Seafood List), it must correspond thereto; and

(7) For purposes of ingredient labeling of pet food or specialty pet food, the ingredient "sugar" shall refer to sucrose, which is obtained from sugar cane or sugar beets in accordance with the provisions in Title 21 of the Code of Federal Regulations. For all other labeling purposes outside the ingredient list, the term "sugar" shall be synonymous with "sugars" as defined in the Official Feed Terms.

(b) Brand or trade names shall not be used in the ingredient statement.

(c) Reference to quality or grade of an ingredient shall not appear in the ingredient statement.

(d) If properly used as specified by the USDA National Organic Program (7 CFR Part 205), the term "organic" does not apply to Regulation 35:30-27-56(c).

(e) A reference to the nature, form, or other attribute of an ingredient shall be allowed in the ingredient statement when that attribute imparts a distinctive characteristic to the pet food or specialty pet food.

(f) Any reference to the percentage of an ingredient or combination of ingredients, by symbol or word, in the brand or product name or elsewhere on a pet food or specialty pet food label, shall be based in relation to the total weight of all ingredients in the product.

(1) The names of the ingredient(s) shall appear in order of predominance by weight in the product, provided that names of flavors due to their varying intensity can be in any order.

(2) Where water sufficient for processing is excluded from the declared percentage, the exclusion of water shall be indicated in words juxtaposed to, the same style and color print, and at least one-half the print size of the stated percentage (e.g., "95% beef exclusive of water" or "95 percent chicken and liver exclusive of water").

### **35:30-27-57. Nutritional adequacy Drugs and Pet Food Additives [AMENDED]**

(a) The label of a pet food or specialty pet food which is intended for all life stages of the pet or specialty pet may include an unqualified claim, directly or indirectly, like "complete and balanced", "perfect", "scientific", or "100% nutritious" if at least one of the following apply:

(1) The product meets the nutrient requirements for all life stages established by an AAFCO-recognized nutrient profile; or

(2) The product meets the criteria for all life stages as substantiated by completion of the appropriate AAFCO-recognized animal feeding protocol(s).

(b) The label of a pet food or specialty pet which is intended for a limited purpose or a specific life stage, but not for all life stages, may include a qualified claim like "complete and balance", "perfect", "scientific", or "100% nutritious" when the product and claim meets all of the following:

(1) The claim is qualified with a statement of the limited purpose or specific life stage for which the product is intended or suitable, for example, "complete and balanced for puppies" or "kittens". The claim and the required qualification shall be juxtaposed on the same label panel and in the same size, style, and color print; and

(2) The product meets at least one of the following:

(A) The nutrient requirements for the limited purpose or specific life stage established by an AAFCO-recognized nutrient profile; or

(B) The criteria for a limited purpose or a specific life stage as substantiated by completion of the appropriate AAFCO-recognized animal feeding protocol(s).

(c) Dog and cat food labels shall include a statement of nutritional adequacy or purpose of the product except when the dog or cat food is clearly and conspicuously identified on the principal display panel as a "snack" or "treat". The statement shall consist of one of the following:

# Permanent Final Adoptions

---

(1) A claim that the dog or cat food meets the requirements of one or more of the recognized categories of nutritional adequacy: gestation/lactation, growth, maintenance, and all life stages. The claim shall be stated verbatim as one of the following:

- (A) "(Name of product) is formulated to meet the nutritional levels established by the AAFCO Dog (or Cat) Food Nutrient Profiles for (Blank)" (Blank is to be completed by using the stage or stages of the pet's life, like, gestation/lactation, growth, maintenance, or the words "All Life Stages"); or
- (B) "Animal feeding test using AAFCO procedures substantiate that (Name of Product) provides complete and balanced nutrition for (Blank)" (Blank is to be completed by using the stage or stages of the pet's life tested, like, gestation/lactation, growth, maintenance, or the words "All Life Stages"); or
- (C) "(Name of Product) provides complete and balanced nutrition for (Blank)" (Blank is to be completed by using the stage or stages of the pet's life, like gestation/lactation, growth, maintenance, or the words "All Life Stages") and is comparable in nutritional adequacy to a product which has been substantiated using AAFCO feeding tests."

(2) A nutritional or dietary claim for purposes other than those listed in 35:30-27-57(a) or (b) if the claim is scientifically substantiated; or

(3) The statement "This product is intended for intermittent or supplemental feeding only", if a product does not meet the requirements of 35:30-27-57(a) or (b) or any other special nutritional or dietary need and is suitable only for limited, intermittent, or supplementary feeding.

(d) A product intended for use by, or under the supervision or direction of a veterinarian shall make a statement in accordance with 35:30-27-58(b).

(e) A signed affidavit attesting that the product meets the requirements of 35:30-27-58(a) or (b) shall be submitted to the Board upon request.

(f) If the nutrient content of a product does not meet those nutrient requirements established by an AAFCO-recognized nutrient profile, or if no requirement has been established by an AAFCO-recognized nutritional authority for the life stage(s) of the intended species, the claimed nutritional adequacy or purpose of the product shall be scientifically substantiated:

(a) An artificial color may be used in a pet food or specialty pet food only if it has been shown to be harmless to pets or specialty pets. The permanent or provisional listing of an artificial color in the United States Food and Drug regulations as safe for use, together with the conditions, limitations, and tolerances, if any, incorporated therein, shall be deemed to be satisfactory evidence that the color is, when used pursuant to such regulations, harmless to pets or specialty pets.

(b) Evidence may be required to prove the safety and efficacy or utility of a pet food or specialty pet food which contains additives or drugs, when used according to directions furnished on the label. Satisfactory evidence of the safety and efficacy of a pet food or specialty pet food may be established:

(1) When the pet food or specialty pet food contains such additives, the use of which conforms to the requirements of the applicable regulation in the Code of Federal Regulations, Title 21, or which are "prior sanctioned" or "informal review sanctioned" or "Generally Recognized as Safe" for such use; or

(2) When the pet food or specialty pet food itself is a drug or contains a drug as defined in Section 3 (g) of this Act and is "generally recognized as safe and effective" for the labeled use or is marketed subject to an application approved by the Food and Drug Administration under Title 21, U.S.C. 360(b).

(c) When a drug is included in a pet food or specialty pet food, the format required by Model Regulation 3(a)(2) for labeling medicated feeds shall be used.

## **35:30-27-58. Feeding directions [AMENDED]**

(a) Dog or cat food, including snacks or treats, labeled as complete and balanced for any or all life stages, as provided in 35:30-27-57(c)(1), except those pet foods labeled in accordance with 35:30-27-57(d), shall list feeding directions on the product label. These directions shall be consistent with the intended use(s) indicated in the nutritional adequacy statement, unless a limited use or more limited life stage designation is declared (e.g. "adult formula"). These directions shall be expressed in common terms and shall appear prominently on the label. Feeding directions shall, at a minimum, state "Feed (weight/unit of product) per (weight only) of dog (or cat)". The frequency of feeding shall also be specified.

(b) When a dog or cat food is intended for use by or under the supervision or direction of a veterinarian, the statement: "Use only as directed by your veterinarian" may be used in lieu of feeding directions.

(a) All pet foods and specialty pet foods shall bear feeding directions consistent with the intended use statement on the principal display panel.

(b) Dog or cat food, including treats and food mixers, labeled as complete and balanced for any or all life stages as provided in Regulation 35:30-27-54(b) or 35:30-27-54(c), except those pet foods labeled in accordance with Regulation 35:30-27-54(d), shall list feeding directions on the product label. These directions shall be expressed in common terms and shall appear prominently on the label. Feeding directions shall, at a minimum, include the amount of familiar household unit of product per weight of dog (or cat). The frequency of feeding shall also be specified.

(c) Specialty pet food, including treats and food mixers, labeled as complete and balanced for any or all life stages as provided in Regulation 35:30-27-54(b) or 35:30-27-54(c) or as a daily food, shall list feeding directions on the product label. These feeding directions shall be adequate to meet the feeding requirements of the intended species of specialty pet. These directions shall be expressed in common terms and shall appear prominently on the label. The frequency of feeding shall also be specified.

(d) Food supplements shall list feeding directions on the product label that, at minimum, include the quantity of feeding unit (e.g., tablets, capsules, granules, or liquids) per weight of animal. The frequency of feeding shall also be specified.

(e) When a pet food or specialty pet food is intended for use by or under the supervision or direction of a veterinarian, the statement: "Use only as directed by your veterinarian" may be used in lieu of feeding directions.

## **35:30-27-59. Statements of calorie contentDetermination of calorie content for dog and cat foods [AMENDED]**

(a) Except as required in 35:30-27-60, the label of a dog or cat food may bear a statement of calorie content when the label meets all of the following:

(1) The statement shall be separate and distinct from the "Guaranteed Analysis" and shall appear under the heading "Calorie Content";

(2) The statement shall be measured in terms of metabolizable energy (ME) on an "as fed" basis and shall be expressed as "kilocalories per kilogram" ("kcal/kg") of product, and may also be expressed as kilocalories per familiar household measure (e.g., cans, cups, pounds); and

(3) The calorie content is determined by one of the following methods:

(A) By calculation using the following "Modified Atwater" formula:  $ME(kcal/kg) = 10[(3.5 \times CP) + (8.5 \times CF) + (3.5 \times NFE)]$  Where: ME = Metabolizable Energy CP = % crude protein "as fed" CF = % crude fat "as fed" NFE = % nitrogen-free extract kern Amount = "1pt"(carbohydrate) "as fed" and the percentages of CP and CF are the arithmetic averages from proximate analyses of at least four production batches of the product, and the NFE is calculated as the difference between 100 and the sum of CP, CF, and the percentages of crude fiber, moisture, and ash (determined in the same manner as CP and CF); or

(B) In accordance with a testing procedure established by AAFCO;

(4) An affidavit shall be provided upon request to the Board, substantiating that the calorie content was determined by:

(A) 35:30-27-59(a)(3)(A) in which case the results of all the analyses used in the calculation shall accompany the affidavit; or

(B) 35:30-27-59(a)(3)(B) in which case the summary data used in the determination of calorie content shall accompany the affidavit.

(5) The calorie content statement shall appear as one of the following:

(A) The claim on the label or other labeling shall be followed parenthetically by the word "calculated" when the calorie content is determined in accordance with 35:30-27-59(a)(3)(A); or

(B) The value of calorie content stated on the label which is determined in accordance with 35:30-27-59(a)(3)(B) shall not exceed or understate the value determined in accordance with 35:30-27-59(a)(3)

(A) by more than 15%.

(b) Comparative claims shall not be false, misleading, or given undue emphasis and shall be based on the same methodology for the products compared.

(a) The statement shall be determined in terms of metabolizable energy (ME) on an "as fed" moisture basis by one of the following methods then converted to Calories (kcal) per the familiar household unit (i.e., can, measuring cup, treat, or piece):

(1) By calculation (indicated with a "\*" in the Pet Nutrition Facts) using the following "Modified Atwater" formula:  $ME(kcal/kg) = 10[(3.5 \times CP) + (8.5 \times CF) + (3.5 \times NFE)]$ , where ME = metabolizable energy, CP = % crude protein "as fed," CF = % crude fat "as fed," NFE = % nitrogen-free extract (carbohydrate) "as fed," and the percentages of CP and CF are the average values of these components in the product as determined by sound scientific methods, such as, but not limited to scientifically accurate calculations made from the formula of the product or upon chemical analysis of the product. The NFE is calculated as the difference between 100 and the

# Permanent Final Adoptions

sum of CP, CF, and the percentages of crude fiber, moisture, and ash (determined in the same manner as CP and CF); or

(2) In accordance with testing procedures determined by AAFCO (indicated as “(fed)” in the Pet Nutrition Facts).

(b) An affidavit shall be provided upon the request of [regulatory authority], substantiating that the Calorie content was determined by:

(1) Regulation 35:30-27-59(a)(1) in which case the summary data used in the calculation shall be included in the affidavit; or

(2) Regulation 35:30-27-59(a)(2) in which case the summary data used in the determination of Calorie content shall accompany the affidavit.

(c) The Calories from protein, fat, and carbohydrate as required in the Pet Nutrition Facts are determined using the following calculation, then converted to Calories (kcal) per the familiar household unit (i.e., can, measuring cup, treat, or piece):

(1) Protein:  $ME (kcal/kg) = 10(3.5 \times CP)$ , where ME = metabolizable energy, CP = % crude protein “as fed” and the percentage of CP is the average value in the product as determined by sound scientific methods, such as, but not limited to scientifically accurate calculations made from the formula of the product or upon chemical analysis of the product.

(2) Fat:  $ME (kcal/kg) = 10(8.5 \times CF)$ , where ME = metabolizable energy, CF = % crude fat “as fed” and the percentage of CF is the average value in the product as determined by sound scientific methods, such as, but not limited to scientifically accurate calculations made from the formula of the product or upon chemical analysis of the product.

(3) Carbohydrate:  $ME (kcal/kg) = 10(3.5 \times NFE)$ , where ME = metabolizable energy, NFE is calculated as the difference between 100 and the sum of CP, CF, and the percentages of crude fiber, moisture, and ash; CP = % crude protein “as fed,” CF = % crude fat “as fed” and the percentages are the average values of these components in the product as determined by sound scientific methods, such as, but not limited to scientifically accurate calculations made from the formula of the product or upon chemical analysis of the product.

(d) Comparative claims shall not be false, misleading, or given undue emphasis and shall be based on the same methodology for the products compared.

## **35:30-27-60. Descriptive terms [AMENDED]**

### **(a) Calorie terms.**

#### **(1) "Light"**

(A) A dog food product which bears on its label the terms "light", "lite", "low calorie", or words of similar designation shall:

(i) Contain no more than 3100 kcal ME/kg for products containing less than 20% moisture, no more than 2500 kcal ME/kg for products containing 20% or more but less than 65% moisture, and no more than 900 kcal ME/kg for products containing 65% or more moisture; and

~~(ii) Include on the label a calorie content statement:~~

~~(i) In accordance with the format provided in 35:30-27-59; and~~

~~(ii) Which states no more than 3100 kcal ME/kg for products containing less than 20% moisture, no more than 2500 kcal ME/kg for products containing 20% or more but less than 65% moisture, and no more than 900 kcal ME/kg for products containing 65% or more moisture; and~~

~~(iii)~~(ii) Include on the label feeding directions which reflect a reduction in calorie intake consistent with the intended use.

(B) A cat food product which bears on its label the terms "light", "lite", "low calorie", or words of similar designation shall:

(i) Contain no more than 3250 kcal ME/kg for products containing less than 20% moisture, no more than 2650 kcal ME/kg for products containing 20% or more but less than 65% moisture, and no more than 950 kcal ME/kg for products containing 65% or more moisture; and

~~(ii) Include on the label a calorie content statement:~~

~~(i) In accordance with the format provided in 35:30-27-59; and~~

~~(ii) Which states no more than 3250 kcal ME/kg for products containing less than 20% moisture, no more than 2650 kcal ME/kg for products containing 20% or more but less than 65% moisture, and no more than 950 kcal ME/kg for products containing 65% or more moisture; and~~

~~(HH) Include on the label feeding directions which reflect a reduction in caloric intake consistent with the intended use.~~

(ii) Include on the label feeding directions which reflect a reduction in Calorie intake consistent with the intended use.

(2) "Less" or "Reduced Calories"

(A) A dog or cat food product which bears on its label a claim of "less calories", "reduce calories", or words of similar designation, shall include on the label:

(i) The name of the product of comparison and the percentage of calorie reduction (expressed on an equal weight basis) explicitly stated and juxtaposed with the largest or most prominent use of the claim on each panel of the label where the term appears; and

(ii) The comparative statement printed in type of the same color and style and at least one-half the type size used in the claim; and

~~(iii) A caloric content statement in accordance with the format provided in 35:30-27-59; and~~

~~(iv)~~ (iii) Feeding directions which reflect a reduction in calories compared to feeding directions for the product of comparison.

(B) A comparison between products in different categories of moisture content (i.e., less than 20%, 20% or more but less than 65%, 65% or more) is misleading.

(b) **Fat terms.**

(1) "Lean"

(A) A dog food product which bears on its label the terms "lean", "low fat", or words of similar designation shall:

(i) Contain no more than 9% ~~crude~~ fat for products containing less than 20% moisture, no more than 7% ~~crude~~ fat for products containing 20% or more but less than 65% moisture, and no more than 4% ~~crude~~ fat for products containing 65% or more moisture; and

(ii) Include on the product label in the ~~Guaranteed Analysis~~ nutrient guarantees:

~~(I) A maximum crude fat guarantee immediately following the minimum crude fat guarantee in addition to the mandatory guaranteed analysis information as specified in 35:30-27-54~~ A maximum fat guarantee immediately following the minimum fat guarantee in addition to the mandatory information as specified in Regulation 35:30-27-55(a)(3); and

~~(II) A maximum crude fat guarantee which is no more than 9% crude fat for products containing less than 20% moisture, no more than 7% crude fat for products containing 20% or more but less than 65% moisture, and no more than 4% crude fat for products containing 65% or more moisture~~ A maximum fat guarantee which is no more than 9% fat for products containing less than 20% moisture, no more than 7% fat for products containing 20% or more but less than 65% moisture, and no more than 4% fat for products containing 65% or more moisture.

(B) A cat food product which bears on its label the terms "lean", "low fat", or words of similar designation shall:

(i) Contain a maximum percentage of ~~crude~~ fat which is no more than 10% ~~crude~~ fat for products containing less than 20% moisture, no more than 8% ~~crude~~ fat for products containing 20% or more but less than 65% moisture, and no more than 5% ~~crude~~ fat for products containing 65% or more moisture; and

(ii) Include on the product label in the ~~Guaranteed Analysis~~ nutrient guarantees:

~~(I) A maximum crude fat guarantee immediately following the minimum crude fat guarantee in addition to the mandatory guaranteed analysis information as specified in 35:30-27-54~~ A maximum fat guarantee immediately following the minimum fat guarantee in addition to the mandatory information as specified in Regulation 35:30-27-55(a)(3); and

~~(II) A maximum crude fat guarantee which is no more than 9% crude fat for products containing less than 20% moisture, no more than 7% crude fat for products containing 20% or more but less than 65% moisture, and no more than 4% crude fat for products containing 65% or more moisture~~ A maximum fat guarantee which is no more than 10% fat for products containing less than 20% moisture, no more than 8% fat for products containing 20% or more but less than 65% moisture, and no more than 5% fat for products containing 65% or more moisture.

# Permanent Final Adoptions

---

(2) "Less" or "Reduced Fat"

(A) A dog or cat food product which bears on its label a claim of "less fat", "reduced fat", or words of similar designation, shall include on the label:

- (i) The name of the product of comparison and the percentage of fat reduction (expressed on an equal weight basis) explicitly stated and juxtaposed with the largest or most prominent use of the claim on each panel of the label where the term appears; and
- (ii) The comparative statement printed in type of the same color and style and at least one-half the type size used in the claim; and
- (iii) A maximum ~~crude~~ fat guarantee in the ~~Guaranteed Analysis~~ immediately following the minimum ~~crude~~ fat guarantee in addition to the mandatory guaranteed analysis information as specified in ~~35:30-27-54~~ Regulation 35:30-27-55(a)(3).

(B) A comparison on the label between products in different categories of moisture content (i.e., less than 20%, 20% or more but less than 65%, 65% or more) is misleading.

**(c) Carbohydrate Terms**

(1) "Low" Carbohydrate, Dietary Starch, and Sugars Claims. A claim of "low carbohydrates," "low dietary starch," "low sugars" (or a combination thereof) is not allowed.

(2) "Less" or "Reduced" Carbohydrates, Dietary Starch, and Sugars claims.

(A) A dog or cat food product that bears on its label a claim of "less " or "reduced " (blank is to be completed by using "carbohydrates," "dietary starch," or "sugars"), or words of similar designation, shall include on the label:

- (i) The name of the product of comparison and the percentage of reduction in total dietary starch plus sugars (expressed on an equal weight basis) explicitly stated and juxtaposed with the largest or most prominent use of the claim on each panel of the label on which the term appears; and
- (ii) The comparative statement printed in type of the same color and style and not less than one-half the size used in the claim; and
- (iii) Maximum guarantees for dietary starch and sugars as stated in Model Regulation 35:30-27-55(a)(3).

(B) A comparison between products in different categories of moisture content (i.e., less than 20%, 20% or more but less than 65%, 65% or more) is misleading.

**35:30-27-61. Manufacturer or distributor; name and address [AMENDED]**

(a) The label of a pet food or specialty pet food shall specify the business or corporate name and address of the manufacturer or distributor. This information shall appear under the header "Manufactured for \_\_\_\_\_," "Distributed by \_\_\_\_\_," or any other wording that expresses the facts, if the business whose name appears on the label is not the manufacturer. The statement of the place of business shall include the street address, city, state and zip code; however, the street address may be omitted if the street address is shown in a current city directory or telephone directory for the city listed on the label readily accessible, widely published, and publicly available resource, including but not limited to a printed directory, electronic database, or website.

(b) When a person manufactures, packs, or distributes a pet food or specialty pet food in a place other than the principal place of business, the label may state the principal place of business in lieu of the actual place where each package of the pet food or specialty pet food was manufactured or packaged or from where each package is to be distributed.

**35:30-27-62. Handling and Storage Instructions [NEW]**

(a) A product which bears handling and storage instructions shall display such instructions under the bolded header "Handling and Storage Instructions:" that is separate and distinct from any feeding directions. A header is not required for small packages with a total printable area less than 40 square inches. If any graphics are used to support handling and storage instructions, the graphics (and only the graphics) on the AAFCO website may be included, with the handling and storage instructions section, as applicable. The graphics with accompanying text shall be obtained from the AAFCO website.

(b) The handling and storage instructions, if present, shall be displayed in a conspicuous manner so to render them likely to be read under typical conditions of use. Any use of the handling and storage instructions graphics shall be no smaller than:

- (1) A panel size of  $\leq 40$  in.<sup>2</sup> has a maximum "with" claim type size of 1/2 inch.
- (2) A panel size of  $>40 - \leq 100$  in.<sup>2</sup> has a maximum "with" claim type size of 1 inch.

(3) A panel size of  $>100 - \leq 400$  in.<sup>2</sup> has a maximum "with" claim type size of 1 3/4 inch.

(4) A panel size of  $>400$  in.<sup>2</sup> has a maximum "with" claim type size of 2 inch.

## SUBCHAPTER 30. SOIL AMENDMENT

### 35:30-30-1. Definitions [AMENDED]

The following words or terms shall have the meaning set forth herein when used in these rules and regulations:

~~(1)~~ **"Aged"** means exposed to weathering or natural decay.

**"Beneficial substances"** means any substance or compound, other than primary, secondary, and micro plant nutrients, and excluding pesticides, that can be demonstrated by scientific research to be beneficial to one or more species of plants, soil or media, and shall be considered a soil amendment for the purposes of this chapter.

~~(2)~~ **"Biosolid"** means a primary organic solid material produced by wastewater treatment processes that can be beneficially recycled for its plant nutrient content and soil amending characteristics, as regulated pursuant to 40 CFR 503, as amended.

~~(3)~~ **"Brand"** or **"product name"** means a specific designation applied to an individual soil amendment.

~~(4)~~ **"Compost"** means ~~a~~ biologically stable material derived from the composting process.

~~(5)~~ **"Composting"** means the biological decomposition of organic matter accomplished by mixing and piling in such a way to promote aerobic or anaerobic decay and inhibits pathogens, viable weed seeds and odors.

~~(6)~~ **"Custom media"** means a horticultural growing medium that is prepared to exact specifications of the person utilizing the medium.

~~(7)~~ **"Forest products"** means untreated wood and its untreated byproducts generated from the harvest of timber and includes but is not limited to lumber, sawdust, bark, and similar materials, but in no case shall include reprocessed wood from fabricated consumer or industrial products.

~~(8)~~ **"Horticultural growing media"** means any substance or mixture of substances promoted as or is intended to function as a growing medium for the managed growth of horticultural crops in containers and shall be considered a soil amendment for the purposes of this chapter.

~~(9)~~ **"Inorganic based"** ~~refers~~means to all substances that do not fall under the definition of organic based or microbial based.

~~(10)~~ **"Landscape materials"** means green waste derived from landscape operations and includes but is not limited to grass clippings, plants, shrubs, and tree trimmings not more than six inches (6") in diameter.

~~(11)~~ **"Microbial based"** means a biological substance or mixture of substances distributed to be applied to the soil, plants, or seeds for corrective soil purposes; intended to improve germination, growth yield, product quality, reproduction, flavor, or other desirable characteristics of plants; or intended to produce any chemical, biochemical, biological, or physical change in the soil.

~~(12)~~ **"Mulch"** means any organic or inorganic soil surface cover used to help retain moisture longer in the soil by retarding evaporation, to discourage weed growth, to help maintain a constant temperature by insulating the soil, to discourage runoff and soil erosion by shielding the soil surface from water abrasion or to promote water absorption and retention.

~~(13)~~ **"Organic based"** means only naturally occurring substances generally recognized as the hydrogen compounds of carbon and their derivatives.

**"Plant Biostimulant"** means a substance(s), microorganism(s), or mixtures thereof, that, when applied to seeds, plants, the rhizosphere, soil or other growth media, act to support a plant's natural nutrition processes independently of the biostimulant's nutrient content. The plant biostimulant thereby improves nutrient availability, uptake, or use efficiency, tolerance to abiotic stress, and consequent growth, development, quality or yield, and shall be considered a soil amendment for the purposes of this chapter.

~~(14)~~ **"Processed"** means deliberately treated or manipulated to modify or transform physical, chemical, or biological characteristics of the natural state of the substance.

~~(15)~~ **"Raw"** means in the natural state, and not prepared, modified or manipulated for use.

~~(16)~~ **"Registration document"** means the information required by the Board for registering a soil amendment for distribution into or within Oklahoma. The Registration Document may be made available by the registrant to the purchaser upon request, but shall not be part of the product label or labeling.

~~(17)~~ **"Wood"** means a hard, fibrous material located beneath the bark, which constitutes the greatest part of the stems of trees and shrubs.

### 35:30-30-3. Contents of the label [AMENDED]

# Permanent Final Adoptions

---

(a) Label information may be printed on the primary or secondary display panel on the bag containing the product, printed on a sticker placed on the bag, printed on a flyer or tag attached to the bag, or in the case of bulk bags or bulk, any of the above or printed on a fact sheet accompanying the shipment.

(b) The Board shall require each label to contain the following minimum information. Additional information of an instructional or explanatory nature may be provided at the discretion of the registrant.

(1) The product name as registered.

(2) The quantity of the product in quarts, cubic feet, yards, or metric equivalents or the weight of the product in ounces, pounds, tons or metric weights or the fluid measure in fluid oz, quarts or gallons or metric equivalents as determined by the dominant method of sale by the industry and as registered.

~~(3)~~ A statement identifying the purpose of the product.

~~(3)~~(4) The guaranteed analysis for inorganic based soil amendments shall include the name and the percentage of each active ingredient.

~~(4)~~(5) The guaranteed analysis for microbiological based soil amendments intended as an inoculum shall include the expiration date, state the number and kind of viable organisms per milliliter, or, if the product is other than liquid, state the number and kind of viable organisms per gram. If the product is not intended as an inoculum, then the product label shall state that the product is not a viable culture.

~~(5)~~(6) In lieu of a guaranteed analysis for organic based soil amendments an ingredient list shall show all components whether organic or inorganic. Components shall be listed in order of decreasing volume, if they comprise at least three percent (3%) or more of the total volume of the product. Components shall be described as follows:

(A) Bark products shall be described as raw, aged, processed, or composted. Bark shall also be specified as pine or softwood (meaning Gymnosperm), or hardwood (not Gymnosperm), and may include no more than fifteen per cent (15%) wood by volume.

(B) Peat products shall be described in accordance with ASTM standards as to whether they are sphagnum, hypnum, reed-sedge, humus, or other peat.

(C) Wood products shall be described as raw, aged, processed, reprocessed or composted.

(D) Readily degradable organic substances shall be listed and described as raw, aged, processed or composted.

(E) The base material for any other composted product shall be described as listed.

(F) Mulches shall be described as listed in the components.

(G) Manures shall be described as listed in the components.

~~(6)~~(7) Application rates and intended use statements such as general recommendations for product use. If cautionary warnings of uses not recommended are made, they should be stated in this section of the label.

~~(7)~~(8) An address where further product information may be obtained, and a telephone number available during normal business hours for further product information.

~~(8)~~(9) For products intended for use by commercial growers, the date of manufacture, or the month and year of manufacture, stated at any location on the bag. If the date or month and year of manufacture is coded, sufficient information must be provided to determine the date or month and year of manufacture from the code.

~~(9)~~(10) The Board may require a registrant to include a warning or caution statement to ensure safety.

## SUBCHAPTER 17. PRODUCE SAFETY

### 35:37-17-2. Definitions [AMENDED]

(a) All words or terms defined or used in the federal regulations incorporated by reference shall mean the state equivalent or counterpart to those word or terms.

(b) The following words or terms, when used in this subchapter, shall have the following meaning, unless the context clearly indicates otherwise:

(1) "**Adulterated Food**" means food that fails to meet the legal standards and bears or contains any poisonous or deleterious substance which may render it injurious to health including any pesticide chemical residue that is unsafe according to EPA standards, food additive that is unsafe according to FDA standards, color additive that is unsafe according to FDA standards, or new animal drug that may cause injury or make the product unfit for food. Also includes food that has been prepared, packed, or held under insanitary conditions or contaminated with filth, such as insects. Also if the food container is composed, in whole or in part, of any poisonous or deleterious substance which may render the contents injurious to health.

(2) "**Covered produce farm**" means any farm engaged in the growing, harvesting, packing, or holding of produce for human consumption which is subject to the requirements of the FDA Food Safety Modernization Act.

(3) "**Produce**" means any fruit or vegetable (including mixes of intact fruits and vegetables) and includes mushrooms, sprouts (irrespective of seed source), and herbs. Produce does not include food grains meaning the small, hard fruits or seeds of cereal grains and oil seeds.

The rule amendments create a subchapter for the Local Food for Schools program. The new rules lay out the requirements, eligibility, and reimbursement procedures for the new program.

## CONTACT PERSON:

Kiersten Wormus, (405) 522-5803, e-mail address: at Kiersten.wormus@ag.ok.gov.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF JULY 11, 2025:**

### **SUBCHAPTER 18. LOCAL FOOD FOR SCHOOLS [NEW]**

#### **35:40-18-1. Purpose [NEW]**

The purpose of the Oklahoma Local Food for Schools Program is to maintain and improve food and agricultural supply chain resiliency.

#### **35:40-18-2. Definitions [NEW]**

The following words or terms, when used in this Subchapter, shall have the following meaning, unless the context clearly indicates otherwise:

“Applicant” means a person who is requesting grants from the Oklahoma Local Food for Schools Program Fund.

“Application” means a form provided by the Department, that is used to request funds in the form of a grant.

“Contract” means a signed agreement between the Oklahoma Department of Agriculture, Food and Forestry and the grantee outlining the terms and conditions of the grant, including all other guidelines.

“Grant” means a sum of money given by the Oklahoma Department of Agriculture, Food and Forestry for a particular purpose.

---

# Permanent Final Adoptions

“Grantee” means the legal entity to which a grant is awarded and that is accountable to the Oklahoma Department of Agriculture, Food and Forestry for the use of the funds provided.

“Market value” means the price that a property would sell for in a competitive market under fair conditions.

“Minimally processed” means food that has been processed in a way that doesn't significantly change its fundamental properties.

## **35:40-18-3. Eligibility [NEW]**

In order to be eligible for funding through the Local Food for Schools Program, the applicant shall be a public-school district accredited by the Oklahoma State Department of Education.

## **35:40-18-4. Application Process [NEW]**

(a) Applications shall be electronically submitted to the Department on a form designated by the Department.

(b) Applicants may only apply for funding once a month and only if all previously allocated funding was used.

(c) Applicant may request a minimum of five thousand dollars (\$5,000.00) per month with a maximum request of twenty-five thousand dollars (\$25,000.00) per month. Requests shall be submitted in five-thousand-dollar (\$5,000.00) increments.

## **35:40-18-5. Criteria for Allowed Purchases [NEW]**

(a) Food shall be minimally processed items including but not limited to ground beef, bacon, fresh fruits and vegetables, dairy products, nuts, and honey.

(b) Food shall be grown/raised and harvested/processed within the State of Oklahoma.

(c) Live animals may be purchased for market value, on the day of purchase, for processing by a licensed processor. Funding through the Local Food for Schools Program may be used to cover processing fees if the processor is licensed by the Department or Federal government. To purchase a live animal an applicant shall submit three bids for processors, submit a written statement on why the applicant selected a specific processor, and obtain prior approval from the Department to purchase the live animal.

(d) Processed items including but not limited to chicken nuggets, jelly, bread, are not allowed.

(e) High end items including but not limited to ribeye are discouraged.

(f) Schools shall disclose any conflicts of interest to the Department, if the school or the person running the program for the school has a personal interest in the items purchased from a vendor. Conflicts of interest will be reviewed by the Department for approval.

## **35:40-18-6. Use of Food Purchased Through the Program [NEW]**

(a) Food purchased through this program shall be served to students.

(b) Food served through this program shall take place in the cafeteria when school is in session during the calendar year, including summer feeding programs.

(c) Food purchased through this program cannot be served in a concession stand, sporting events, teacher/board appreciation events, or other similar events.

## **35:40-18-7. Supplemental Program Information [NEW]**

(a) Following approval of the application, a contract shall be executed between the Department and the grantee. The Department shall not disburse grant funding to the grantee until the contract is executed and a purchase order is in place with the Department.

(b) The grantee shall not expend funds for items until after receiving preapproval for items.

(c) Approved applicants can only purchase items from the Department's approved vendor list. Vendors can be added to the list by submitting a request to the Department for approval. Upon approval by the Department a vendor will be added to the vendor list.

## **35:40-18-8. Reimbursements [NEW]**

Recipients that received funding through the Oklahoma Local Food for Schools Program, shall provide the following information in order to receive payment:

(1) Invoices and proof of payment by applicant shall be submitted to the Department by the end of the contract period.

(2) Reimbursement for items purchased will be sent to the school address listed in the contract.

(3) Purchase orders shall include three written bids with a justification for choice if lowest price isn't chosen. The written bids are to be submitted with the invoice and purchase order.

# Permanent Final Adoptions

---

(4) Invoices and payments are subject to the Department's approval. The Department holds the right of refusal if invoice does not match the preapproved items.

(5) The maximum amount of funding an Applicant can receive in a fiscal year is one hundred thousand dollars (\$100,000.00).

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF JULY 11, 2025:**

## **SUBCHAPTER 1. IGNITION INTERLOCK DEVICES, SERVICE CENTERS, TECHNICIANS**

### **40:50-1-2. Device certification process [AMENDED]**

- (a) No device may be used in the state of Oklahoma unless it has been approved by the Board in accordance with the requirements stated herein.
- (b) A list of approved device models shall be maintained by the Board and available for public review at the administrative office of the Board during regular business hours or by accessing the Board website at [www.ok.gov/bot](http://www.ok.gov/bot).
- (c) A manufacturer representative seeking certification of a device shall:
  - (1) Complete an application for certification of an ignition interlock device and remit the appropriate fee in accordance with procedures established by the Board.
  - (2) Provide proof, as deemed appropriate by the Board, the device for which certification is being sought in Oklahoma meets or exceeds the current National Highway Traffic Safety Administration (NHTSA) specifications (78 FR 26849).
  - (3) Provide a current manufacturer's ISO 9001:2015 certification issued by an accredited registrar within the scope requirements provided by the Board.
  - (4) Provide a certificate of insurance, issued by an insurance company authorized to transact business in Oklahoma, specifying:
    - (A) A product liability policy with a current effective date;
    - (B) The name and model number of the device model covered by the policy;
    - (C) Policy coverage of at least one million dollars (\$1,000,000) per occurrence and three million (\$3,000,000) in the aggregate;
    - (D) The manufacturer as the insured and the state of Oklahoma as an additional insured;
    - (E) Product liability coverage for defects in manufacture, materials, design, calibration, installation, and operation of the device; and
    - (F) The manufacturer will notify the Board immediately upon notice of cancellation of the product liability policy.
  - (5) Provide a schedule of all fees that may be charged to a participant. A participant shall not be imposed or required to pay any unscheduled fee(s). Such submission of schedule of fees shall be on an approved form provided by the Board. Any modification to the schedule of fees shall be submitted to the Board at least thirty (30) days prior to implementation.
  - (6) Devices shall use fuel cell technology for breath alcohol testing and a camera in accordance with the requirements in this Chapter.

# Permanent Final Adoptions

---

- (7) Agree to ensure any service performed on a device installed pursuant to an Oklahoma Installation Authority shall be in compliance with all requirements in this title.
  - (8) Agree to ensure proper record keeping and provide testimony relating to any aspect of the installation, service, repair, use, removal, interpretation of any report or information recorded in the data storage system of a device or performance of any other duties required by this title at no cost on behalf of the State of Oklahoma or any political subdivision.
  - (9) Shall authorize the Board of Tests to release records viewable by the agency to law enforcement representatives for investigative purposes, such record releases shall be reported on Board letterhead.
  - (10) Advise the Board whether the device for which certification is being sought in Oklahoma is the subject of any action to disallow, or has ever been, in any way, disallowed for use in another state whether such action occurred before or after approval in Oklahoma and if or when such action is or has been appealed in the other state and the outcome of the appeal.
  - (11) Upon request of the Board, for each device submitted for certification or certified under this section, agree to install the device with all proposed anti circumvention features activated in a vehicle provided by the Board. Any service performed pursuant to this section, including but not limited to, installation, maintenance, calibration or removal shall be completed at no cost to the Board.
  - (12) Agree to only distribute Board approved solicitations related to the rules in this Chapter. Such requests for approval shall be submitted with a form provided and approved by the Board prior to distribution.
  - (13) Agree to strictly comply with the affordability provisions of these rules.
  - (14) Provide a current copy of the lease agreement or contract for Oklahoma required interlock participants. Amendments to the submitted lease agreement or contract after device certification or recertification shall be submitted to the Board for review prior to implementation.
- (d) The Board may conduct compliance testing on the device submitted for certification, at any time.
  - (e) Certification shall be for only one device model.
  - (f) Approved devices shall be recognizable, as such, upon visual inspection.

## SUBCHAPTER 3. IMPAIRED DRIVING ACCOUNTABILITY PROGRAM (BOT IDAP)

### 40:50-3-2. Application - eligibility - enrollment [AMENDED]

- (a) A person seeking enrollment into BOT IDAP shall apply on a form approved by the Director and at such time of application shall simultaneously also submit a copy of the Service Oklahoma Order of Revocation at the time of application or a copy of the Oklahoma Impaired Driving Affidavit pertaining to the person's arrest. Applicants whose driving privileges are otherwise ineligible shall not be enrolled in BOT IDAP and shall be directed to consult his/her driver licensing authority for assistance. Enrollment into BOT IDAP does not grant driving privileges and shall not be construed to authorize the person to drive unless the person is otherwise eligible to drive. Any person subject to driver license revocation for an impaired driving arrest occurring on or after November 1, 2022 may enroll pursuant to this section, if eligible. BOT IDAP is available ~~to for~~ Class D ~~licenses~~ driving privileges only.
- (b) Fully enrolling in BOT IDAP consists of:
  - (1) Payment of the program fee to the Board; and
  - (2) Presentation or reporting\* (using the online enrollment portal) of an Ignition Interlock Installation Verification Form reflecting an Oklahoma approved device with camera is currently installed on the vehicle the participant will operate; and
  - (3) Presentation of the signed "BOT IDAP Participant's Agreement"; or acknowledgment and agreement using the online enrollment portal. and
  - (4) ~~The Participant shall be responsible for reporting the required program length to the Board.~~
- (c) The commencement date of the participant's program shall be the day all of the following conditions are satisfied:
  - (1) The Board receives all documents and fees meeting BOT IDAP enrollment criteria; and
  - (2) No earlier than the ~~effective revocation date pursuant to the Notice and Order of Revocation/Disqualification issued by the state driver licensing authority~~ date of interlock installation and arrest date for the offense requiring completion of BOT IDAP. Prior interlock program days shall not be credited toward a subsequent program period.
- (d) Multiple program periods shall run consecutively.
- (e) Participants may enroll in more than one (1) BOT IDAP. A participant must complete the program in which they are currently enrolled before commencing any subsequent program period. In no instance will a participant's credit for time in one (1) BOT IDAP be credited toward any other BOT IDAP.

(f) The BOT IDAP participant agreement shall be signed or acknowledged using the online enrollment portal by the participant and shall include the following information:

- (1) The participant's first and last name; and
- (2) Participant's driver license number; and
- (3) Participant's program length requirement ~~as reflected on the Service Oklahoma Order of Revocation/Disqualification~~; and
- (4) The list of Ignition Interlock violations and criteria for program completion or failure as defined by the Board; and
- (5) An explanation of the consequences of violations of the Ignition Interlock program; and
- (6) The date upon which the BOT IDAP Participant Agreement was signed; and
- (7) Participant's signature or online enrollment portal acknowledgment.

(g) A confirmation of enrollment form approved by the Director shall be delivered to the participant via his/her preferred contact method upon fully enrolling. It is the participant's responsibility to provide his/her preferred contact method.

### **40:50-3-3. Program length - program participation criteria - calculation of active days [AMENDED]**

(a) **BOT IDAP program lengths.** Program lengths shall be no less than the revocation durations set forth in 47 O.S. §6-205.1 or the required revocation period as reflected on the Notice and Order of Revocation/Disqualification issued by the state driver licensing authority or Final Order of the court. The program length shall also be subject to the statutory completion requirements pursuant to 47 O.S. §6-212.5. The program length shall also be subject to OAC 40:50-3-5 completion requirements. BOT IDAP lengths pursuant to 47 O.S. §§6-205.1; 6-212.5 shall be:

- (1) No less than One Hundred Eighty (180) active interlock days for a first license revocation as shown by the records of the state driver licensing authority.
- (2) No less than Three Hundred Sixty Five (365) active interlock days for a second license revocation occurring within ten (10) years preceding the date of arrest as shown by the records the state driver licensing authority.
- (3) No less than Seven Hundred Thirty (730) active interlock days for a third or subsequent license revocation occurring within ten (10) years preceding the date of arrest as shown by the records of the state driver licensing authority.

(b) **Program participation criteria.** BOT IDAP participants shall not receive credit toward his/her program length for any thirty (30) calendar day cycle the participant fails to meet the program participation criteria as defined in this subchapter. A compliance download service as defined in 40:50-3-1.1 may be needed to fulfill these criteria.

(c) **Calculation of active ignition interlock days.** All BOT IDAP participants shall meet a cumulative number of active ignition interlock days exceeding or equal to the program length required. A compliance download service as defined in 40:50-3-1.1 may be needed to establish satisfaction of these criteria.

(d) The Director shall prescribe internal program review policies and procedures for all authorized Board personnel reviewing completion criteria.

### **40:50-3-4. Medical exemptions - employer exceptions - affordability accommodations [AMENDED]**

(a) **Medical exemptions.**

(1) ~~only persons qualifying pursuant to 47 O.S. § 6-205 may seek a medical exemption and does not grant the individual driving privileges.~~ Such individuals seeking medical exemption shall:

- (A) submit a pulmonologist's certification indicating the person has a documented medical condition preventing the person from providing a breath sample of at least one and two-tenths (1.2) liters; and
- (B) enroll in BOT IDAP with the exception of an Installation Verification Form; and Board staff shall respond to a request on a form approved by the Director granting or denying the medical exemption. The individual granted a medical exemption is responsible for delivering the document to the state driver licensing authority.
- ~~(C) not operate, drive, or be in actual physical control of a motor vehicle; and~~
- ~~(D) complete the required program length.~~

(2) Participants denied medical exemption may appeal the denial in accordance with 40:50-3-6.

(b) **Employer vehicle exceptions.**

(1) only persons subject to a first license revocation pursuant to 47 O.S. § 6-205 are eligible for employer exceptions.

(A) BOT IDAP participants must have a device installed upon any vehicle they may operate that is owned or leased, as reflected on the vehicle registration, by an employer of the person for use by the person, except when the employer requests the ignition interlock device not be installed. Rental vehicles do not qualify for employer exception.

# Permanent Final Adoptions

---

(B) Such request shall be in writing and notarized on the official letterhead of the employer with a copy of the vehicle registration and submitted by the employer to the Board; provided, a request shall not be accepted by the Board under the following circumstances:

- (i) When the person is self-employed or owns part or all of the company or corporation, or exercises control over some part of the business which owns or leases the vehicle; or
- (ii) When the person is employed by a relative who is within the first degree of consanguinity or who resides in the same household.

(2) Participants granted an employer exception are not relieved of the requirement to install an ignition interlock device on a vehicle as reflected on an Installation Verification Form. Such authorization for exception shall only apply to BOT IDAP participants operating employer vehicles under the course and scope of employment. IDAP participants shall keep the approved exception on his or her person while operating the employer vehicle. It is the Participant's responsibility to obtain an additional restriction from the state driver licensing authority.

(3) Participants denied an employer exception may appeal the denial in accordance with 40:50-3-6.

## (c) Affordability accommodations.

(1) Participants applying for affordability status for the purpose of the ignition interlock program shall be deemed to qualify for such status by showing valid proof that the person applying for accommodations is actively receiving benefits from one of the following state or federal public assistance programs listed below:

(A) Temporary Assistance for Needy Families (TANF)

(B) Supplemental Nutritional Assistance Program (SNAP)

(2) Participants meeting affordability requirements shall receive the following credit that shall be distributed into the participants account by the manufacturer not to exceed a frequency of \$25.00 per thirty (30) days.

(A) \$150.00 maximum credit for a first license revocation pursuant to 47 O.S. § 6-205.1(A)(1); or

(B) \$300.00 maximum credit for a second license revocation pursuant to 47 O.S. § 6-205.1(A)(2); or

(C) \$450.00 maximum credit for a third or subsequent license revocation pursuant to 47 O.S. § 6-205.1(A)(3).

(3) A participant that does not remain compliant with respect to the BOT IDAP program or device lease fees forgoes his/her affordability eligibility. The manufacturer may inquire with the Board whether the person still meets the affordability accommodations and qualifies for the credit.

(4) The participant shall provide the required documentation to the Board. Upon approval, the Board shall notify the manufacturer by providing notice to the designated manufacturer representative. No manufacturer is required to provide affordability accommodations to more than 10% of its active participants in the State of Oklahoma.

(5) The Board shall provide information on the agency website informing interlock customers about the affordability program and how a participant can qualify.

(6) Manufacturers shall not count coupons, rebates, refunds, discounts, or other financial inducements otherwise available to any customer as the credit required by these rules.

(7) Participants denied affordability accommodations may appeal the denial in accordance with 40:50-3-6.

## 40:50-3-5. Program completion, violations, and failure criteria for participants enrolled on or after November 1, 2022 [AMENDED]

(a) A BOT IDAP Certificate of Completion shall be issued to participants meeting the following criteria:

(1) The participant has met the active ignition interlock day requirements pursuant to O.A.C. 40:50-3-3; and

(2) The participant has met the participation requirements pursuant to O.A.C. 40:50-3.3; and

(3) The last ninety (90) active ignition interlock days must be free of program and reportable violations found in 40:50-1-3.2 pursuant to 47 O.S. §6-212.5 A(4) for license revocations pursuant to 47 O.S. § 6-205.1. For purposes of retest violations:-

(A) three (3) or more alcohol related retest violations occurring during the last ninety (90) active ignition interlock days shall constitute a reportable violation; or

(B) six (6) or more non-alcohol related retest violations occurring during the last ninety (90) active ignition interlock days shall constitute a reportable violation.

(b) Upon reaching the tentative completion date provided to the participant in the confirmation of enrollment form, a participant is eligible to submit a request for an IDAP Certificate of Completion. A denial of IDAP Certificate of Completion notice shall be issued to participants whose requests do not meet criteria as defined in 40:50-3-5. Such notice shall contain the finding that caused the denial and a notice of right to appeal and shall be delivered to the participant via his/her preferred contact method. It is the participant's responsibility to provide his/her preferred contact method.

---

# Permanent Final Adoptions

(c) Miscellaneous Program violations: An additional arrest for DUI/APC prior to completion of the Participant's BOT IDAP, at the date of discovery by the Board, shall be treated as a violation and shall have the same weight as reportable violations found in 40:50-1-3.2 when evaluating the requirements for an IDAP Certificate of Completion.

(d) Program failure: Participants that are deemed to have failed the program or voluntarily discontinue participation in the program shall receive no credit for time served beginning from enrollment. Interlock days served prior to the program failure date are invalid for credit towards re-enrollment. Participants that fail the program or choose to discontinue participating in the program are authorized to re-enroll in BOT IDAP. The following actions will result in program failure:

(1) removal of the device from the Program Vehicle and failure to reinstall a device in a substitute Program Vehicle within sixty (60) days; or

(2) ~~medical exemption participants reported or found to be operating a motor vehicle during his/her required program length~~ participants reported to be operating a vehicle not equipped with an ignition interlock device by law enforcement citation after the Board has issued documented warning to the participant that they are unauthorized to do so. Failure to have received the documented warning shall not be a valid argument of defense for administrative appeals pursuant to 40:50-3-6.

**GIST/ANALYSIS:**

The Oklahoma Office of the Attorney General (“OAG”) proposes these amendments to clarify general information related to the duties set forth for the Victim Advocacy and Services Unit (“VASU”). Minor changes provide consistency of language and terms and identify appropriate contact personnel within the OAG. Additionally, the amendments set forth processes for submission of requests for and inspection of records, as well as outlining records that may be privileged, confidential, or otherwise not subject to public release or inspection in accordance with the Open Records Act. Proposed amendments also add specificity to procedures to secure a declaratory ruling as to the applicability of any rule or order of OAG, as well as that to petition for the promulgation, amendment, or repeal of a rule. The rule amendments also clarify reimbursement to contractors providing services related to domestic violence, sexual assault, or adult human sex trafficking services.

**CONTACT PERSON:**

Thomas Schneider, Deputy General Counsel, [thomas.schneider@oag.ok.gov](mailto:thomas.schneider@oag.ok.gov).

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF JULY 11, 2025:**

## SUBCHAPTER 1. GENERAL INFORMATION

### 75:1-1-1.1. Definitions [AMENDED]

The following words or terms, when used in this Chapter, shall have the following meaning, unless the context clearly indicates otherwise:

---

# Permanent Final Adoptions

**"Certification"** means a status which is granted to a program by the Oklahoma Attorney General, and indicates approval to provide a particular service. In accordance with the Administrative Procedures Act, 75 O.S. § 250.3(8), certification is defined as a "license."

**"Certification report"** means a written notice of the deficiencies developed by the Office of the Attorney General.

**"Certified facility"** means any facility which has received a certification status by the Oklahoma Attorney General.

**"Conditional Certification"** means a status which is granted to a program by the Oklahoma Attorney General, and indicates approval to provide a particular service or services for a specified period of time, typically four (4) months in order to give a renewal applicant an opportunity to achieve 100% compliance with applicable rules.

**"Contractor"** or **"contractors"** means any program under contract with the Office of the Attorney General for the provision of goods, products or services.

**"Entities"** or **"entity"** means sole proprietorships, partnerships, corporations, limited partnerships, limited liability partnerships, and limited liability companies.

**"Facilities"** or **"facility"** means entities as described in 74 O.S. § 18p-6 and Chapters 15, 25 and 30 in Title 75 of the Oklahoma Administrative Code, domestic violence shelters and programs, sexual assault programs, including programs serving adult victims of sex trafficking, and batterers intervention programs.

**"Individual proceeding"** means the formal process employed by an agency having jurisdiction by law to resolve issues of law or fact between parties and which results in the exercise of discretion of a judicial nature.

**"Levels of performance"** means a unit of service by types of service.

**"Oklahoma Administrative Code"** or **"OAC"** means the publication authorized by 75 O.S. § 256 known as The Oklahoma Administrative Code, or, prior to its publication, the compilation of codified rules authorized by 75 O.S. § 256(A)(1)(a) and maintained in the Office of Administrative Rules.

**"Probationary certification"** means a certification status granted for a period less than three (3) years.

**"Program"** means a domestic violence shelter, domestic violence program, sexual assault program, adult human sex trafficking program or batterers intervention program pursuant 74 O.S. § 18p-6.

**"Reimbursement rates"** means the rates at which all contractors are reimbursed (paid) for services they provide under their contract with the Office of the Attorney General, and which are reported to the Office of the Attorney General as required.

**"Respondent"** means the person(s) or entity(ies) named in a petition for an individual proceeding against whom relief is sought.

**"Site Review Protocol"** means an Office of the Attorney General internal document used by the Office of the Attorney General Victims Advocacy and Services Unit staff as a work document in the certification site visit(s) that is based primarily upon the rules (standards/criteria) being reviewed. The Site Review Protocol is used in preparing the Certification Report, which is provided to the facility, and in preparing recommendations regarding certification to the Attorney General for his or her consideration and action.

**"Temporary Certification"** means a status which is granted to a program by the Oklahoma Attorney General, and indicates approval to provide a particular service or services for one (1) year in order to give an initial applicant an opportunity to achieve 100% compliance with applicable rules.

**"Units"** or **"unit"** means an hour, or part of an hour, or group of hours, or a 24-hour day during which a specific service is rendered.

**"Victims Advocacy and Services Unit" or "VASU"** means the Unit created within the Office of the Attorney General to provide services for persons who require domestic violence or sexual assault services through a domestic violence program, sexual assault program, including programs serving adult victims of sex trafficking, or batterers intervention program.

## 75:1-1-4. Organization [AMENDED]

(a) The Oklahoma Attorney General is vested with the authority to make rules for the implementation of the Office of the Attorney General's statutorily mandated and permissible functions related to domestic violence programs, sexual assault programs, ~~including~~ programs serving adult victims of sex trafficking, and/or batterers intervention programs under 74 O.S. §§ 18p-6.

(b) The Oklahoma Attorney General shall maintain such staff as authorized by law and assign said staff to carry out the duties and responsibilities required to fulfill the statutory requirements of 74 O.S. §§ 18p-1 et seq., and the rules and directives of the Oklahoma Attorney General.

## 75:1-1-5. Objectives [AMENDED]

The objectives of the Oklahoma Attorney General are as follows:

# Permanent Final Adoptions

---

- (1) The provision of quality domestic violence, sexual assault, ~~including~~ adult human sex trafficking and batterers intervention services, within the resources available, to those persons, and their families, receiving services from the facilities, certified by and/or under contract with the Office of the Attorney General.
- (2) The services by domestic violence and sexual assault providers, ~~including~~ adult human sex trafficking shall be rendered in an environment of safety, dignity and with respect to the rights of those persons and their families.
- (3) Adherence to and compliance with applicable state and federal statutes, including but not limited to Title 74 §§ 18p-1 et seq. of the Oklahoma Statutes and the Public Health Services Act (42 U.S.C.) by all facilities operated by, under contract with, and certified by the Oklahoma Attorney General.

## 75:1-1-6. Public records [AMENDED]

- (a) **Official records.** Official records of the Office of the Attorney General include, but are not limited to, information, rules, forms, the record in individual proceedings, records submitted to the Office of the Attorney General, and other public records in accordance with the Oklahoma Open Records Act ("ORA"), 51 O.S. § 24A.1, *et seq.*
- (b) **Copies.** Copies of official records of the Office of the Attorney General, not privileged or protected from ~~publication~~production by law, shall be available to the public.
- (c) **Submitting a Open Records Act Request.** Requests for copying, inspection, or printing [mechanical reproduction] of records must be submitted in writing to the Office of the Attorney General. Requests may be submitted by email to [openrecordsrequest@oag.ok.gov](mailto:openrecordsrequest@oag.ok.gov) or mailed to the office at 313 NE 21st St., Oklahoma City, OK 73105.
- (d) **Inspection of records.** Due to the sensitive nature of files and records held by the Office of the Attorney General, the office strongly prefers to provide copies or printouts of records requested in lieu of inspection.
- (e) **Fees.** The Office of the Attorney General maintains a fee schedule filed with the County Clerk of Oklahoma County, Oklahoma as required by section 24A.5 of the ORA. The fee schedule is available on the office's website. Subject to any Open Records Act limitations, commercial requests or those that would cause excessive disruption of office function, such as documents that are archived, either internally or with the Oklahoma Archives and Records Commission, a search fee will be charged based upon the hourly rate of the individual(s) searching for, and locating, the requested records in accordance with the fee schedule. The office reserves its right to elect to not charge fees or waive any fees when it believes that the public interest outweighs an excessive disruption to the office's functions.
- (f) **Confidential records of domestic violence program, sexual assault program, and programs serving adult victims of sex trafficking.** Such records are confidential and not subject to release by federal and state law, federal regulations, and state administrative rules including, but not limited to, title 74, sections 18p-3 and 18p-8 of the Oklahoma Statutes, 42 U.S.C. § 10406, and 42 C.F.R. § 1370.4.
- (g) **Office of the Attorney General Personnel Records.** Subject to the sole discretion of the Office of the Attorney General, certain employee personnel records are confidential and not subject to the ORA, including employee evaluations, payroll deductions, applications submitted by persons not hired by the Office of the Attorney General. Internal personnel investigations including examination and selection material, employees' home addresses, telephone numbers, and social security numbers, medical and employee assistance records, and other personnel records where disclosure would constitute a clear invasion of privacy are also kept confidential. Personnel information that is subject to release includes the application of a person who becomes an employee of the Office of the Attorney General, gross receipt of public funds, dates of employment, title or position and any final disciplinary action resulting in loss of pay, suspension, demotion or termination.
- (h) **Privileged and confidential records.** Any other document protected, as privileged confidential, by any Oklahoma or federal law, or Oklahoma or federal administrative rule, or by order of a court of competent jurisdiction, may be exempt from production or kept confidential under the ORA.

## 75:1-1-7. Requests for agency public information [REVOKED]

Any person making a request pursuant to 75:1-1-6 shall comply with the following:

- (1) Although the law does not require requests under the Open Records Act to be in writing, it is preferred that requests be in writing and mailed to the Office of the Attorney General, Victims Services Unit or made in person during regular office hours between 8:00 a.m. and 5:00 p.m.
- (2) The request should describe the record(s) requested, indicate the name of the party making the request, and have the party's mailing address and telephone number.
- (3) The requesting party shall pay a fee for copies. Said fee shall be twenty-five cents (25¢) per page, twelve dollars (\$12.00) per 3½-inch diskette, and \$1.00 per page for certified documents. Copies provided via FAX machine cost \$1.00 per page, regardless of the destination of the Faxed copy. For commercial requests or those that would cause excessive disruption of office function, such as documents that are archived, either internally or

---

## Permanent Final Adoptions

with the Oklahoma Archives and Records Commission, a search fee will be charged based upon the hourly rate of the individual(s) searching for, and locating, the requested records.

(4) Client records of a domestic violence program or sexual assault program, including programs serving adult victims of sex trafficking, are confidential and not subject to release by statutes and federal regulations including, but not limited to, 74 O.S. §§ 18p-3 and 18p-8, and 42 CFR, Part 2.

(5) Certain Office of the Attorney General employee personnel records are confidential and not subject to the Oklahoma Open Records Act, including employee evaluations, payroll deductions, applications submitted by persons not hired by the Office of the Attorney General; internal personnel investigations including examination and selection material; employees' home addresses, telephone numbers, and social security numbers; medical and employee assistance records, and other personnel records where disclosure would constitute a clear invasion of privacy. Personnel records information that are subject to release are the application of a person who becomes an employee of the Office of the Attorney General; gross receipt of public funds; dates of employment; title or position and any final disciplinary action resulting in loss of pay, suspension, demotion or termination.

(6) Any other document protected, as confidential, by any Oklahoma or federal law, or Oklahoma or federal administrative rule, or by order of a court of competent jurisdiction, is not subject to the Oklahoma Open Records Act.

### 75:1-1-9. Procedures to secure a declaratory ruling as to the applicability of any rule or order of the Office of the Attorney General [AMENDED]

(a) Any person subject to the rules contained in ~~rules of the Office of the Attorney General (Oklahoma Administrative Code Title 75)~~ this title may petition for a declaratory ruling as to the applicability of a specific rule and its effect on petitioner. In petitioning the Office of the Attorney General for a declaratory ruling, the following procedures must be followed:

- (1) The petition must be in writing and submitted by email to rules@oag.ok.gov to the Chief, Victims Services Unit, Office of the Attorney General with attention to the Office of General Counsel;
- (2) The petition shall state with specificity the rule in question;
- (3) The petition shall state clearly and with specificity the basis for the action and the action or relief sought;
- (4) The petition shall pose the specific question(s) to be answered by the Office of the Attorney General; and
- (5) The petitioner or petitioner's authorized representative shall print his or her name, address and telephone number on the petition and sign it.

(b) The petition will be stamped upon receipt by the Office of the Attorney General to show the date of submission. The petition shall be referred to the ~~Chief of the Victims Services Unit~~ Office of General Counsel to make a recommendation to the Attorney General, who shall issue a ruling within 30 days from the date of submission.

(c) The petitioner shall be notified of the declaratory ruling in writing by the U.S. Mail, certified mail, return receipt requested.

(d) The ruling shall become final unless, within 15 days of receipt, the petitioner files with the ~~Chief of the Victims Services Unit~~ Office of General Counsel a written request for a hearing before the Attorney General. If the petitioner requests such a hearing, the matter shall be set to be heard by the Attorney General.

(e) At the hearing of the matter by the Attorney General, the petitioner and ~~Chief of the Victims Services Unit~~ the Office of General Counsel shall be permitted to present oral argument to the Attorney General, the length of which shall be limited by the Attorney General. At the conclusion of the presentation of the matter, the Attorney General shall render a decision on the petition and a written decision shall follow within 15 days.

(f) A declaratory ruling or refusal to issue such ruling, shall be subject to judicial review in the manner provided for review of decisions in individual proceedings in the Oklahoma Administrative Procedures Act (75 O.S. § 307).

### 75:1-1-10. Procedures to petition the Office of the Attorney General to promulgate, amend or repeal a rule [AMENDED]

Any person affected either by a rule adopted and promulgated by the Attorney General, or the lack of a rule and regulation may petition the Attorney General to promulgate, adopt, amend or repeal a rule pursuant to 75 O.S. § 305 and in accordance with this section.

(1) The petition must be in writing and submitted to the ~~Chief of the Victims Services Unit~~ Office of General Counsel, Office of the Attorney General:

- (A) The proposed amendment, promulgation, or repeal of a specific rule.
- (B) The reason for the petition to repeal, promulgate, or amend a rule.
- (C) The effect that the repeal, amendment or promulgation of the rule would have on the petitioner.

# Permanent Final Adoptions

---

- (2) The petitioner must print his or her name, address and telephone number on the petition and it must be signed by the petitioner.
- (3) The ~~Chief of the Victims Services Unit~~ Office of the General Counsel shall timely respond to such petition, either by recommending to the Attorney General that rulemaking proceedings be initiated or that the petition be denied.
- (4) The petitioner will be notified by regular mail if rulemaking proceedings are initiated.
- (5) A petition for rulemaking will be deemed denied if the Office of the Attorney General has not initiated rulemaking proceedings within thirty (30) calendar days after the petition is submitted.

## SUBCHAPTER 3. CONTRACTS FOR DOMESTIC VIOLENCE AND SEXUAL ASSAULT SERVICES

### PART 1. ELIGIBILITY TO CONTRACT

#### 75:1-3-1. Purpose [AMENDED]

The purpose of this Part is to delineate the criteria for eligibility for programs to contract with the Office of the Attorney General for the provision of domestic violence, sexual assault, ~~or~~ and adult human sex trafficking services to the public as permitted or required under Title 74 O.S. § 18p-1 *et seq.*

#### 75:1-3-2. Applicability [AMENDED]

This part is applicable to all entities presently under contract with the Office of the Attorney General to provide domestic violence, sexual assault, ~~or~~ and adult human sex trafficking services; and to all programs which may either be, or desire to be, considered for such contracts.

### PART 3. CONTRACTS AND CONTRACTING PROCESSES

#### 75:1-3-14. Purpose [AMENDED]

The purpose of this Part is to describe the contracts and contracting processes of the Office of the Attorney General for the provision of domestic violence, sexual assault, ~~or~~ and adult human sex trafficking services to the public.

#### 75:1-3-15. Applicability [AMENDED]

This Part is applicable to all entities presently under contract to provide domestic violence, ~~and~~ sexual assault, and adult human sex trafficking services, and to all entities which may either be, or desire to be, considered for such contracts.

#### 75:1-3-19. Contract renewal [AMENDED]

(a) Contracts for domestic violence, sexual assault, ~~or~~ and adult human sex trafficking services are considered during the third (3rd) and fourth (4th) quarter of the state fiscal year, for contracting in the following fiscal year.

(b) Consideration for renewal shall include a review of performance of the current contract including, but not limited to, measurable outcome indicators, target populations served, levels of performance of specific services, having deficiencies of no more than 30% of the standards reviewed, the existence of any client rights violations, and cost effectiveness of the delivery of services.

(c) If the Attorney General determines the contractual relationship shall be renewed, it shall be in a new contract for the upcoming fiscal year and may or may not contain the same terms, conditions, form and format as the previous contract.

#### 75:1-3-20. Contractor reimbursement rates [AMENDED]

Reimbursements to contractors for domestic violence, sexual assault, or adult human sex trafficking services shall be considered and set in the manner described as follows:

(1) Contractors shall annually, or as otherwise prescribed, submit to the Chief of the Victims Advocacy and Services Unit a uniform cost report in the form and format determined by the Office of the Attorney General, and within time-frames established by the Office of the Attorney General.

(2) Appropriated funds will be distributed according to a formula recommended by the VASU Advisory Council and approved by the Attorney General.

~~(2)~~ (3) The VASU ~~Chief of the Victims Services Unit~~ shall review and analyze these cost reports, requesting where deemed necessary the submission of supporting clarifying information within fifteen (15) days of said request.

- ~~(3)~~(4) The VASU Chief of the ~~Victims Services Unit~~ may recommend to the Attorney General fixed uniform rates for services, taking into consideration variables such as average costs, appropriate inflationary factors, capitation methods, performance outcome measures, staff credentials and available funding.
- ~~(4)~~(5) Prior to approval by the Attorney General of the proposed rates or changes to existing rates, ~~the Victims Services Unit~~VASU shall provide written notice of an open hearing on the proposed fixed rates to each applicable contractor of record.
- ~~(5)~~(6) Consideration of the proposed fixed rate by the Attorney General shall not occur until the Director of the Office of Management and Enterprise Services has been provided with, pursuant to 74 O.S. § 85.7:
- (A) Thirty (30) days written notice of the meeting in which the Attorney General will consider the uniform rates of reimbursement;
  - (B) A copy of the meeting agenda item(s) concerning the proposed rate(s); and
  - (C) All supporting documentation and materials regarding the reimbursement rates being proposed.
- ~~(6)~~(7) The Attorney General shall, at the meeting referenced in ~~(5)~~(6)(A) and (B) of this section, separately consider each proposed fixed and uniform rate of reimbursement. These rates, if adopted, shall then take effect on a date determined by the Attorney General when the rates are considered for adoption; and remain in effect until subsequent action by the Attorney General.
- ~~(7)~~(8) All revisions shall be examined, proposed, considered and adopted pursuant to this section.

### **SUBCHAPTER 7. CERTIFICATION AND DESIGNATION OF DOMESTIC VIOLENCE PROGRAMS, SEXUAL ASSAULT PROGRAMS, INCLUDING PROGRAMS SERVING ADULT VICTIMS OF SEX TRAFFICKING, AND BATTERERS INTERVENTION PROGRAMS**

#### **75:1-7-5. Procedures for application for certification [AMENDED]**

- (a) Applications for certification as a domestic violence shelter or program, sexual assault program, including programs serving adult victims of sex trafficking, or batterers intervention program must be made to the Office of the Attorney General in writing on a form and in a manner prescribed by the Attorney General and include the following:
- (1) A fully completed application for certification form signed by authorized officials;
  - (2) The necessary written documentation or supporting evidence required on the application for certification form; and
  - (3) The required certification fee(s) in the form of a check or money order, payable to the Office of the Attorney General.
- (b) The following fees are required of Applicants for domestic violence shelters, domestic violence programs, sexual assault programs, adult human sex trafficking programs, and batterers intervention programs. For every program seeking approval, the applicant shall submit \$150.00 for each initial application and \$150.00 for each renewal application. Fees paid by applicants are not refundable.
- (c) The application for certification form, required written documentation and fee(s) must be submitted to the Office of Attorney General, Victims Advocacy and Services Unit.
- (d) The application requires specification of all services provided by the applicant, as well as information about the applicant including but not limited to governing authority, administrative, fiscal, all locations or sites where applicant will provide services and types of services to be provided.
- (e) If, after being certified, a program desires to change the program name, program location, program delivery location or provide services at a new or different location maintained and operated by the certified program, or change its current office location, the facility must submit an application on a form and in a manner prescribed by ~~the Victims Services Unit~~ VASU, the required documentation and fee, if any. Approval may be granted by the Attorney General upon submission of the required application and documentation to the ~~Victims Services Unit~~ VASU. Before constructing a new facility, the program shall consult with the OAG for review and recommendations regarding victim safety and confidentiality. Approval from the Attorney General must be obtained prior to providing services at the new location. The ~~Victims Services Unit~~ VASU may conduct a visit of the facility in accordance with ~~75:1-7-8~~ section 8 of this subchapter.
- (f) If, after being certified, a program desires to provide services at a public facility maintained for or used by the people or community, the certified program must notify ~~the Victim Services Unit~~ VASU in writing of the name and location of the public facility and the type of service(s) offered. Additionally, the certified program must assure that the facility provides the necessary safety, confidentiality, and privacy of individuals being served. Approval may be granted by the Attorney General upon submission of the required documentation to ~~the Victims Services Unit~~ VASU. Approval from the Attorney General must be obtained prior to providing services at the new location.

# Permanent Final Adoptions

---

(g) If after being certified, a program desires to offer a new type of service, the facility must submit an application for certification, the required documentation and fee to ~~the Victims Services Unit of the Office of Attorney General~~ VASU prior to providing a new service. Failure to become certified prior to providing services shall be grounds for injunctive relief pursuant to 74 O.S. § 18p-7.

## **75:1-7-6. Procedures for completion of certification process [AMENDED]**

(a) **Certification process.** Completion of the certification process will be done in cooperation between the applicant and certification team established and assigned by ~~the Victims Services Unit of the Office of Attorney General~~ VASU, and consists of:

- (1) a review of all application materials;
- (2) a site review of the facility and completion of the applicable site visit protocol;
- (3) a review of all applicable records;
- (4) preparing certification reports for applicants;
- (5) reviewing and approving any needed plans of correction;
- (6) follow-up site reviews; and
- (7) presentation by ~~Victims Services Unit~~ VASU staff of the review results and associated recommendations to the Attorney General.

(b) **Initial applications.** All initial applications for certification shall be reviewed for completeness by ~~Victims Services Unit~~ VASU staff. If the application is deemed complete, site review of the facility or program will be scheduled. Based on the initial site review findings, the applicant shall achieve a minimum score of seventy percent (70%) of the applicable standards and rules. If the minimum score is not achieved, a plan of correction will not be requested and a notice of denial of the certification application shall be sent to the applicant by the Attorney General. In such case, re-application may not be submitted until a minimum of three (3) months have passed following the issuance of the notification of denial.

(c) **Length of certification process.** If an applicant for initial certification fails to achieve full certification within one (1) year of being granted temporary certification, the applicant shall not receive certification and a recommendation of revocation of the existing certification will be made to the Attorney General. In such case, re-application for certification shall be made in accordance with the requirements of ~~75:1-7-6 and 75:1-7-11~~ sections 6 and 11 of this subchapter. If the applicant requests withdrawal of the certification status because of the circumstances cited above, the applicant may reapply three (3) months after acknowledgement by the Office of Attorney General that the application has been withdrawn.

(d) **Renewal applications.**

- (1) The ~~Victims Services Unit~~ VASU will, prior to the renewal date, notify facilities the application for renewal of certification is due.
- (2) The program shall submit its application for renewal within sixty (60) days before the expiration of its certification.
- (3) Renewal applications for certification shall be reviewed for completeness by Victims Advocacy and Services Unit staff. If the facility does not achieve the minimum score of seventy percent (70%) compliance with the applicable standards and rules based on the site review findings, a plan of correction will not be requested and revocation of the certification status will be recommended to the Attorney General.
- (4) If, after being granted conditional certification, an applicant for renewal fails to achieve full certification within four (4) months, the applicant shall not receive full certification and a recommendation of revocation of the certification status will be made to the Attorney General.

(e) **Site reviews.**

- (1) Initial, renewal or follow-up site reviews, based on the current certification status of the applicant, will be scheduled by designated representatives of the ~~Victims Services Unit~~ VASU at each location or site of the applicant. The review will be conducted by the assigned certification team or a certification team member.
- (2) The follow-up site review(s) to Conditional Certification will be conducted to review implementation of the plan of correction to ensure cited deficiencies have been corrected or to demonstrate continued correction and compliance with the previously cited deficiencies. Failure to comply with applicable rules and implement the plan of corrections shall result in a recommendation that Certification be denied and Conditional Certification status be revoked.
- (3) The follow-up site visit(s) to Temporary Certification will be conducted on standards not applicable during the initial certification visit, implementation of the plan of correction to ensure cited deficiencies have been corrected or to demonstrate continued correction and compliance with the previously cited deficiencies, and a review of a minimum of five (5) records. Failure to comply with applicable rules and implement the plan of

---

# Permanent Final Adoptions

correction shall result in a recommendation that Certification be denied and Temporary Certification status be revoked.

(4) A Site Review Protocol shall be completed during each site visit. Protocols shall contain the current Standards and Criteria applicable to the facility.

(A) A facility must be prepared to provide evidence of compliance with each applicable standard.

(B) In the event the reviewer(s) identifies some aspect of facility operation that adversely affects client safety, confidentiality or health, the reviewer(s) shall notify the facility director and appropriate ~~Victims Services Unit~~ VASU staff. An immediate suspension of certification may be made by the Attorney General.

(f) **Deficiencies.** A deficiency shall be cited for a failure to comply with the weighted value of each rule.

(g) **Report to applicant and plan of correction.**

(1) During the course of the certification process, and prior to determination of certification status, ~~Victims Services Unit~~ VASU staff shall report the results of the site review to the facility. The facility shall receive written notice of the deficiencies in a Certification Report.

(2) The facility must submit a written plan of correction for each deficiency for approval within two (2) weeks of the receipt of the Certification Report. Approval of the plan of correction shall be required before the completed application for certification will be presented to the Attorney General. Failure to submit the required plan of correction within two (2) weeks of the receipt of the Certification Report may result in denial of the certification application. In such case, re-application will be accepted after three (3) months from the date of issuance of the notification of denial from the Attorney General. However, if the facility does not achieve the minimum score of seventy percent (70%) compliance with the applicable standards and rules based on the initial site review findings, a plan of correction will not be requested, and the application will be denied.

(h) **Notification of Victims Advocacy and Services Unit recommendation for certification.**

(1) After completion of the site review and report on the Application for Certification, ~~Victims Services Unit~~ VASU staff shall prepare a recommendation on the certification status or application for the Attorney General.

(2) Prior to the ~~Victims Services Unit~~ VASU staff's presentation of its recommendation of an applicant's certification to the Attorney General, the ~~Victims Services Unit~~ VASU staff shall notify the applicant of the recommendation.

(3) Achievement of certain scores is a prerequisite for consideration of a specific certification status but may not be the sole determinant. Individual deficiencies that meet the criteria in ~~75:1-7-9~~ section 9 of this subchapter may be grounds for suspending or revoking certification or denying applications for certification.

(4) Consideration of certification may be deferred while additional information regarding a facility's compliance status is reviewed.

(5) The minimum compliance scores for recommendation of a certification status to the Attorney General are:

(A) **Certification with Commendation.** Facility is in compliance with 100% of the applicable rules.

(B) **Certification.** Facility achieves compliance with 100% of the applicable rules after on-site correction(s).

(C) **Conditional Certification.** Facility is in compliance with at least 70% but less than 100% of the applicable rules and will be given an opportunity to correct deficiencies.

(D) **Temporary Certification.** Facility is in compliance with at least 70% but less than 100% of the applicable rules and will be given an opportunity to correct deficiencies.

(i) **Actions on Non-Certified Providers.** If at the initial site review it is found the facility is providing services:

(1) The initial review will be conducted, including review of applicable records.

(2) The facility must comply with the requirements of ~~75:1-7-6~~ this section to proceed with the certification process.

(3) If the applicant achieves less than 100% compliance, full certification must be achieved within four (4) months.

(4) Upon successful completion of the certification process, Probationary Certification status will be conferred for no more than one (1) year.

(5) Application for continued certification after the Probationary Certification period requires submission of a new application and fee(s) for each of the next two (2) years. The requirements in ~~75:1-7-6~~ this section shall apply. A recommendation for Certification for one (1) year will be made to the Attorney General.

(j) **Actions on certification applications.** ~~Victims Services Unit~~ VASU staff shall make one of the following recommendations to the Attorney General:

(1) Certification with Commendation;

# Permanent Final Adoptions

---

- (2) Certification;
- (3) Conditional Certification;
- (4) Temporary Certification
- (5) Probationary Certification; or
- (6) Revocation or Denial.

(k) If the Attorney General approves a recommendation to revoke certification, an individual proceeding shall be initiated pursuant to the Administrative Procedures Act.

## **75:1-7-8. Site reviews [AMENDED]**

The Victims Advocacy and Services Unit may conduct a site review or visit or an investigation, which may or may not be announced. Reasons for such review include but are not limited to:

- (1) determination of correction of cited deficiencies;
- (2) receipt of a complaint;
- (3) change in ownership, management or location;
- (4) establishment of a new service location;
- (5) substantial change in either the service provided or new service(s) initiated;
- (6) substantial turnover in staff at the executive or professional level;
- (7) change in statutorily required licensure status; and
- (8) change in external accreditation status.

**GIST/ANALYSIS:**

The Oklahoma Office of the Attorney General (“OAG”) proposes these amendments to clarify general information related to the duties set forth for the Victim Advocacy and Services Unit (“VASU”), specifically establishing standards and criteria for accreditation of domestic violence and sexual assault programs. Minor changes provide consistency of language and terms and include new and expanded definitions in accordance with modern nomenclature used the advocacy and survivor communities. Replaced by shelters, transitional housing, and other accommodations due to safety issues, the Safe Home service has been discontinued and is no longer in operation. As a result, the amendments also remove all references to the Safe Home program from the rules. Subchapter 18 also adds a code of professional ethics applicable to all domestic violence and sexual assault programs.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF JULY 11, 2025:**

## SUBCHAPTER 1. GENERAL PROVISIONS

### 75:15-1-1.1. Mission and underlying philosophy [AMENDED]

# Permanent Final Adoptions

---

- (a) The mission of the standards and criteria for domestic violence and sexual assault programs is to eliminate domestic violence, sexual assault, and stalking in the State of Oklahoma.
- (b) The philosophy underlying the standards and criteria for domestic violence and sexual assault programs is that:
- (1) All persons have the right to live without fear, abuse, coercion, oppression and violence;
  - (2) There should be equality in relationships and survivors of domestic violence, sexual assault and stalking should be helped to assume power over their own lives;
  - (3) No one deserves to be victimized by assaultive, coercive, or abusive behavior;
  - (4) Survivors should be treated with dignity and respect;
  - (5) All people involved in violent crimes are affected victims, children, families, partners, friends, the community, and perpetrators;
  - (6) Offending is a choice, and perpetrators of domestic violence, sexual assault and stalking are solely responsible for their behavior;
  - (7) ~~These perpetrators~~ Perpetrators must be held accountable for their behavior;
  - (8) A coordinated community response is the best approach to eliminating domestic violence, sexual assault, sex trafficking and stalking in Oklahoma;
  - (9) Safety for the victims/survivors and their dependents is the primary focus of intervention and services;
  - (10) Intervention and services shall be based upon the safety and well-being of individuals and communities. Services to victims are provided in a non-judgmental, non-coercive, trauma-informed environment; and
  - (11) Participation in services is voluntary and based on self-determined needs, preferences and values.

## 75:15-1-2. Definitions [AMENDED]

The following words or terms, when used in this chapter, shall have the defined meaning, unless the context clearly indicates otherwise:

**"Admission"** means to accept a client for services ~~or treatment~~.

**"Adult shelter for primary victim"** means a certified residential living arrangement in a secure setting with support and advocacy services provided by qualified staff for adult abuse victim of domestic violence, sexual assault, or stalking. Such shelter may also provide a residential living arrangement and support and advocacy services to a minor mother as permitted by 74 O.S. § 18p-4.

**"Advocacy"** means the assistance provided that supports, supplements, intervenes and/or links clients and their dependents with the appropriate service components to encourage self-determination, autonomy, physical and emotional safety, and to offer information that will enable independence. This can be viewed as a combination of active listening and facilitating personal problem solving, along with researching options of action, safety planning, community outreach and education; it may include medical, dental, financial, employment, legal and housing assistance.

**"Advocate"** means a trained staff or volunteer who offers clients appropriate services.

**"Assessment"** means an appropriate course of assistance based on a ~~face-to-face~~ formal screening.

**"Behavioral Health Professional"** means either licensed or under supervision for licensure as a Licensed Professional Counselor, Licensed Marriage and Family Therapist, Licensed Behavioral Practitioner, Licensed Clinical Social Worker, psychiatrist, or psychologist with clients in individual, group or family settings to promote positive emotional or behavioral change. A practicum student or intern in an accredited graduate program in preparation for one of the above licenses may provide counseling to victims of domestic violence, sexual assault or stalking and their dependents.

**"Business day"** shall mean a calendar day other than a Saturday, Sunday, or state holiday. In computing any period of time where the last day would fall on a Saturday, Sunday, or state holiday, the period shall run until 5:00 p.m. of the next business day.

**"Case consultation"** means review of a client's case by the primary service provider and other program personnel, consultants or both.

**"Case management"** means the process of supporting and helping victims/survivors and their dependents as they cope with and overcome the effects of domestic violence, sexual assault and stalking. Actions may include activities such as: (1) developing, reviewing, and updating the service plan that is designed to solve specific problems in the current life situation; (2) supporting adult/child survivors' skills in making desired life changes through activities such as introducing new skills, modifying previous ways of coping with their situations and linking to resources to address immediate needs and secondary issues, and/or (3) exit planning as part of individual supportive services. The service provider must be a Certified Domestic and Sexual Violence Response Professional (CDSVRP) certified by the ~~Oklahoma Coalition Against Domestic Violence and Sexual Assault~~ the active certifying body or hold another case management certification that has been approved by the Victim Advocacy and Services ("VASU") Council.

---

# Permanent Final Adoptions

**"Certified Domestic and Sexual Violence Response Professional"** means a professional certified by the Oklahoma Coalition Against Domestic Violence and Sexual Assault.

**"Certified domestic violence and sexual assault program"** or **"Certified DVSA program"** means a status which is granted to an entity by the Oklahoma Attorney General, and indicates approval to offer domestic violence, sexual assault and stalking services pursuant to 74 O.S. § 18p-6. In accordance with the Administrative Procedures Act, 75 O.S. § 250.3(8), certification is defined as a "license."

**"Child"** or **"Children"** means any unmarried individual from birth to eighteen years of age.

**"Children's Activities"** means direct child contact that is temporary in nature and is not intended to address the effects of domestic violence, sexual assault/abuse and trauma on children; ~~i.e. special events such as Christmas parties, Easter egg hunts;~~ that are supervised by program personnel or volunteers.

**"Children's Services"** means direct child contact that is intended to address the effects of domestic violence, sexual assault/abuse and trauma on children including but not limited to intake, needs assessment, groups, advocacy, and any other service related to domestic violence, sexual assault/abuse and trauma.

**"Client"** means an individual, adult or child, who has applied for, is receiving or has received assistance or services from a DVSA program.

**"Client group education"** means interactive group sessions for adult/child victims/survivors of domestic violence, sexual assault or stalking that may be topic oriented and educational and facilitated by qualified, trained staff members or volunteers. The focus is on safety, the dynamics of domestic violence, sexual assault, stalking, relationships, emotions, the impact of trauma and life skills.

**"Client record"** includes but is not limited to all communication, records and information about an individual client.

**"Community"** means people, groups, agencies or other facilities within the locality served by the program.

**"Community education"** means the presentation of domestic violence/sexual assault and stalking information to increase public knowledge of the destructive dynamics and societal costs and/or to increase awareness of available and needed resources and/or identify the role the community can play in eliminating domestic violence/sexual assault and stalking.

**"Contract"** means a formal document adopted by the governing authority of the program and any other organization, agency or individual that specifies services, personnel or space to be provided to the program and the monies to be expended in exchange.

**"Core Services"** means services outlined in 75:15-2-1 that are required to be offered by all certified programs.

**"Counseling"** means a face-to-face therapeutic session with one-on-one interaction between a behavioral health professional and an individual to promote emotional and/or behavioral change focused on victim safety and perpetrator accountability. Those individuals providing professional therapy to adult and child victims of domestic violence, sexual assault or stalking must be prepared to offer education and information about:

- (A) Physical and emotional safety;
- (B) How perpetrators maintain control and dominance over their victims;
- (C) The need to hold perpetrators accountable for their actions; ~~and~~
- (D) The recognition that individuals victimized are not responsible for a perpetrator's violent behavior; ~~and~~
- (E) The role of society in perpetuating violence against women and the social change necessary to eliminate violence against women, including the elimination of discrimination based on race, color, gender, sexual orientation, age, disabilities, economic or educational status, religion and national origin.

**"Counseling Evaluation and Assessment"** means a tool used by a licensed behavioral health professional to evaluate and assess the adult or child victim/survivor's current situation and provide trauma-informed therapy services that are appropriate to the needs of the adult or child victim/survivor. Such evaluation and assessment must assess dangerousness indicators; provide crisis intervention when needed; and assist with safety planning and informaiton on legal options available.

**"Counseling service planning"** or **"Licensed Behavioral Health Professional or Under Licensure Supervision"** means the process of developing a written plan based on formal or informal assessments that identify the abuse issues necessitating treatment developed by a licensed behavioral health professional or an individual under licensure supervision. Counseling service planning includes establishing goals and objectives; planning appropriate interventions; developing safety planning; and a review of the treatment plan with the individual 14 years of age or older and the modification of the plan as required. If the individual is under 18 years of age, the parent or guardian must also be involved.

# Permanent Final Adoptions

---

**"Counseling service plan review"** means the evaluation or updating of the treatment plan by a licensed behavioral health professional or under licensure supervision based on victim's or survivor's documented progress. A counseling service plan review must be in writing and signed by the victim or survivor. Such plan also includes a review of the treatment plan with the individual and the modification of the plan as required, if the individual is 14 years of age or older. If the individual is under 18 years of age, the parent or guardian must also be involved.

**"Court advocacy"** means assistance provided to victims and their dependents in legal matters relevant to their situation. Information, support, assistance, safety planning, accompaniment and intervention with any aspect of the civil or criminal legal system on behalf of a victim of domestic violence, sexual assault or stalking. Court advocacy services must be provided by qualified, trained staff members or volunteers.

**"Court advocate"** means a qualified, trained staff or volunteer whose duties are to offer assistance to victims and any dependents in legal matters relevant to their situation. A Court Advocate provides court advocacy through support, information, assistance, safety planning, accompaniment, and intervention with any aspect of the civil or criminal legal system on behalf of a victim of domestic violence, sexual assault or stalking. Court advocates shall not act as licensed attorneys and are not permitted to give legal advice, unless such person is a licensed attorney in the state of Oklahoma.

**"Crisis intervention"** means short-term, immediate assistance and advocacy given by phone or in person to victims of domestic violence, sexual assault or stalking. Crisis intervention services include but are not limited to assessing dangerousness, safety planning, information about available legal remedies, establishing rapport and communication, identifying major problems, exploring feelings and providing support, exploring possible alternatives, and/or formulating an action plan and follow-up measures.

**"Critical incident"** means an occurrence or set of events inconsistent with the routine operation of the facility, or the routine care of a client. Critical incidents specifically include but are not necessarily limited to the following: adverse drug events; self-destructive behavior; deaths and injuries to clients, personnel, volunteers and visitors; incidents involving medication; neglect or abuse of a client; fire; unauthorized disclosure of information; damage to or theft of property belonging to a client or the facility; other unexpected occurrences; or events potentially subject to litigation. A critical incident may involve multiple individuals or results.

**"Cultural diversity"** means the spectrum of differences that exist among groups of people with definable and unique cultural backgrounds.

**"Direct services"** means services delivered by a qualified staff member or volunteer in direct contact with a client or client's child, including childcare and telephone contact.

**"DVSA"** means domestic violence and sexual assault.

**"Documentation"** means the provision of written, dated and authenticated evidence to substantiate compliance with standards, e.g., minutes of meetings, memoranda, schedules, notices, logs, records, policies, procedures, announcements, correspondence, and photographs.

**"Domestic violence"** means a pattern of abusive behavior in any relationship that is used by one partner to gain or maintain power and control over a current or former partner or family member. Domestic violence can be physical, sexual, emotional, economic, or psychological actions or threats of actions that influence another person. This includes behaviors that intimidate, manipulate, humiliate, isolate, frighten, terrorize, coerce, threaten, blame, hurt, injure, or wound someone.

**"Education"** means the dissemination of relevant information specifically focused on increasing the awareness of the community and the receptivity and sensitivity of the community concerning domestic violence, sexual assault, stalking or batterer's intervention and other related problems and services and may include a systematic presentation of selected information to impart knowledge or instructions to increase understanding of specific issues or programs, to examine attitude or behaviors and to stimulate social action or community support of the program and its clients.

**"Emergency services"** or **"crisis services"** mean a twenty-four (24) hour capability for danger assessment, intervention and resolution of a client crisis or emergency that is provided in response to unanticipated, unscheduled emergencies requiring prompt intervention.

**"Emergency transportation"** means transportation for a victim of DVSA to a secure identified location at which emergency services or crisis services can be offered.

**"Executive director"** means the person hired by the governing authority to direct all the activities of the organization. May also be referred to as "Chief Executive Officer."

**"External consultation"** means a formal and structured process of interaction between staff members and unrelated individuals, groups, or agencies for the purpose of problem solving and/or enhancing services for the safety of victims/survivors within the program's service area.

**"Facility"** means the physical location(s) of a certified program governed by this chapter of Title 75.

**"Family"** means the children, spouses, parents, brothers, sisters, other relatives, foster parents, guardians, and others who perform the roles and functions of family members in the lives of clients.

---

# Permanent Final Adoptions

**"Governing authority"** means a group of persons having the legal authority and final responsibility for the operations and functions of the entire DVSA program, or shelter, in and of all geographical locations and administrative divisions.

**"Group counseling"** means a face-to face therapeutic session conducted by a licensed behavioral health professional or individual under licensure supervision with a group of ~~adult/child victims/survivors~~ adult or child victim/survivors to promote emotional or behavioral change. Those individuals providing professional therapy to victims/survivors of domestic violence must be prepared to provide education and information about:

- (A) Physical and emotional safety;
- (B) How perpetrators maintain control and dominance over their victims;
- (C) The need to hold perpetrators accountable for their actions;~~and~~
- (D) The recognition that individuals victimized are not responsible for a perpetrator's violent behavior;~~and~~
- (E) The role of society in perpetuating violence against women and the social change necessary to eliminate violence against women, including the elimination of discrimination based on race, color, gender, sexual orientation, age, disabilities, economic or educational status, religion and national origin.

**"Guardian"** means an individual who has been given the legal authority to manage the affairs of another individual.

**"Human trafficking"** means modern-day slavery that includes, but is not limited to, extreme exploitation and the denial of freedom or liberty of an individual for purposes of deriving benefit from that individual's commercial sex act or labor.

**"Human sex trafficking"** means a specific type of human trafficking that includes, but is not limited to:

- (A) Recruiting, enticing, harboring, maintaining, transporting, providing or obtaining, by any means, another person through deception, force, fraud, threat or coercion for purposes of engaging the person in a commercial sex act;
- (B) Recruiting, enticing, harboring, maintaining, transporting, providing, purchasing or obtaining, by any means, a minor for purposes of engaging the minor in a commercial sex act; or
- (C) Benefitting, financially or by receiving anything of value, from participating in a venture that has engaged in an act of trafficking for commercial sex.

**"Indirect services"** means services delivered by a staff member or volunteer, that do not involve direct services with a client or client's child.

**"Individual counseling"** means a therapeutic session with one-on-one interaction between a behavioral health professional or individual under licensure supervision and a person to promote emotional and/or behavioral change focused on victim safety and perpetrator accountability. Those individuals providing professional therapy to adult and child victims of domestic violence, sexual assault, or stalking must be prepared to offer education and information about:

- (A) Physical and emotional safety;
- (B) How perpetrators maintain control and dominance over their victims;
- (C) The need to hold perpetrators accountable for their actions
- (D) The recognition that individuals victimized are not responsible for a perpetrator's violent behavior; and
- (E) The role of society in perpetuating violence against women and the social change necessary to eliminate violence against women, including the elimination of discrimination based on race, color, gender, sexual orientation, age, disabilities, economic or education status, religion and national origin.

**"Initial contact"** means a person's first contact with the program or facility requesting information or service by telephone or in person.

**"Intake"** means an interaction intended to discover what has happened, determine what the crisis is, assess dangerousness indicators, do safety planning, and/or establish the immediate needs of domestic violence, sexual assault, and stalking victims and any dependents to determine appropriate services and referrals. This includes interaction with an individual determined to be appropriate for ongoing service in order to obtain basic demographic information, gather vital information on adults and/or children, and/or orient the victims to the program, program rules, and if applicable, the facilities. Cultural needs should also be identified at this time.

**"Internal consultation"** means a formal and structured process of interaction among staff from the same agency for the purpose of evaluating the individual's progress, when the individual is not present.

**"Language Interpretation"** means activities that involve a client who is deaf or hearing impaired or has limited English proficiency requiring an interpreter for a staff member or volunteers to offer services.

**"Licensure"** means the official or legal permission to persons or health facilities meeting qualifications to engage in a given occupation or use a particular title.

# Permanent Final Adoptions

---

**"Medical care"** means those diagnostic and treatment services that can only be provided or supervised by a licensed physician.

**"Medication"** means any drug that is legally in the possession of clients, their children, or persons seeking admittance to the shelter or their children; this definition includes prescription medications and medications available for legal purchase without a prescription.

**"Mental health services"** means a range of diagnostic, therapeutic and rehabilitative services used in treating mental illness or emotional disorders.

**"Neglect"** means failing to offer adequate personal care or maintenance, or access to medical care that results or may result in physical or mental injury or harm to a client.

**"OAG"** means the Office of the Attorney General.

**"Objectives"** means a specific statement of planned accomplishments or results that are quantitative, qualitative, time-limited, and realistic.

**"Oklahoma Administrative Code" or "OAC"** means the publication authorized by 75 O.S. § 256 known as The Oklahoma Administrative Code or, prior to its publication, the compilation of codified rules authorized by 75 O.S. § 256 (A)(1)(a) and maintained in the Office of Administrative Rules.

**"Operation"** means that clients are receiving services offered by the program.

**"Outreach"** means the dissemination of materials and information at community events and public places, with the purpose of establishing trust and rapport, explaining services available.

**"Personnel record"** means a file containing the employment history and actions relevant to individual personnel and volunteer activities within an organization such as application, evaluation, salary data, job description, citations, credentials, etc.

**"Persons with special needs"** means persons with a condition which is considered a disability or impairment under the "American with Disabilities Act of 1990" including but not limited to the deaf and hard of hearing, blind, physically disabled, developmentally disabled, persons with disabling illness, and persons with mental illness. See "Americans with Disabilities Handbook," published by U.S. Equal Employment Opportunity Commission and U.S. Department of Justice.

**"Policies"** means statements of program intent, strategy, principle, or rules for providing effective and ethical services.

**"Primary Victim"** means a client who has experienced domestic violence, sexual assault, stalking, or the consequences of these crimes first hand.

**"Procedures"** means the standard methods by which policies are implemented.

**"Program"** means a set of activities designed and structured to achieve specific objectives relative to the needs of the clients.

**"Program evaluation"** means the documented assessment activities, performed internally or externally, of a program or a service and its staff, volunteers, activities, and planning process to determine whether program goals are met, staff, volunteers and activities are effective, and what effect, if any, a program or service has on the problem it was created to address or on the population it was created to serve.

**"Program goals"** means broad general statements of purpose or intent.

**"Qualified staff"** means someone who has met the criteria for provision of direct services as defined in 75:15-13-20.1.

**"Rape crisis response services"** means "sexual assault services" as defined in this section.

**"Release" or "Waiver"** means consent that is informed, written and reasonably time-limited. The terms may be used interchangeably to mean the same thing. "Release" implies that confidential information is released (despite confidentiality or privilege protection), and "Waiver" implies waiving a right (to maintain privilege). If release of information is compelled by statutory or court mandate, the program shall make reasonable attempts to provide notice to victims affected by the disclosure of information and take steps necessary to protect the privacy and safety of the persons affected by the release of the information.

**"Referral"** means information disseminated and/or coordinated access to agency and community services to meet victims'/survivors' and their dependents' identified needs.

~~**"Safe Home"** means private dwellings available for the temporary housing of victims of domestic violence, sexual assault and stalking to ensure safety of victims and any dependents until other housing arrangements can be made.~~

~~**"Safe Home Provider"** means an individual or family providing Safe Home services through a formal agreement with a Certified DVSA Program.~~

**"Safety Planning"** means the process of working with adult and child victims to develop tools in advance of potential abuse or violence for the immediate and long term safety of victims. Plans should be based on dangerousness and lethality indicators and should include the safety needs of dependents.

---

## Permanent Final Adoptions

**"Screening"** means the process of determining preliminarily the nature and extent of a person's problem in order to establish service needs. At a minimum, a screening shall include a brief personal history related to abuse, a review of the individual's strengths and resources, risk factors and referral needs.

**"Secondary Victim"** means a person who has a relationship with the primary victim.

**"Self Determination"** means the right to make one's own choices.

**"Service Agreement"** means a written agreement between two or more service agencies or service agencies and individual service providers that defines the roles and responsibilities of each party. The purpose of service agreements is to promote coordination and integration of service programs for the purpose of curbing fragmentation and unnecessary service duplication in order to assure a continuation of services.

**"Service Note"** means documentation of the time, date, location, and description of services offered or provided, and signature, including electronic signature, of staff or volunteer offering or providing the services.

**"Service Plan"** means a plan of action developed and agreed upon by the client and service provider that contains service appropriate goals and objectives for the client.

**"Sexual Assault"** means a range of behaviors, including but not limited to rape, attempted rape, sexual battery, sex trafficking, sexual abuse of children, sodomy, and sexual harassment.

**"Sexual Assault Services"** means personal advocacy and support services provided to primary and secondary victims of rape and sexual assault.

**"Shelter for dependents"** means a certified residential living arrangement in a secure setting with support and advocacy services provided by qualified staff for any dependents of the primary abuse victim of domestic violence, sexual assault and stalking.

**"Shelter Services"** means a certified residential living arrangement in a secure setting with support and advocacy services provided by qualified staff for victims of domestic violence, sexual assault and stalking and their dependents.

**"Short term emergency shelter"** means temporary residential sites which are provided to immediately remove domestic violence, stalking or sexual assault victims and their dependents from danger. Sites might include hotel/motel or other sites as appropriate.

**"Staff"** means personnel who function with a defined role in the program whether full-time, part-time or contracted.

**"Staff and volunteer education"** means a structured, formal process by which information is delivered to or received by staff or volunteers for orientation purposes, enhancement of service procedures, ongoing in-service, or accreditation for professional/contractual requirements.

**"Stalking"** means a course of conduct directed at a specific person that would cause a reasonable person to feel fear.

**"Substance Abuse Services"** means the assessment and treatment of diagnosable substance abuse and dependence disorders, as defined by current DSM criteria, by qualified alcohol and drug treatment professionals.

**"Support" or "Supportive Services"** means the provision of direct services to primary and secondary victims and their dependents for the purposes of preventing further violence, helping such victims to gain access to civil and criminal courts and other community services, facilitating the efforts of such victims to make decisions concerning their lives in the interest of safety, and assisting such victims in healing from the effects of violence.

**"Transitional Living Services"** means temporary, independent living programs with support services provided by the staff or volunteers of the sponsoring domestic violence, sexual assault and stalking program. These services are extensions of domestic violence shelter services to victims of domestic violence, sexual assault or stalking and their dependents. These services permit victims to develop their financial capacity and other means to live independently.

**"Transitional living services for dependents"** means temporary, independent living programs with support services provided by the staff or volunteers for dependents of a primary abuse victim of domestic violence, sexual assault and stalking.

**"Trauma-informed services"** means a service approach that recognizes the impact of trauma and acknowledges its role in the lives of primary and secondary victims and their dependents.

**"Travel"** means transporting individuals to access needed services.

**"Universal precautions for transmission of infectious diseases"** means those guidelines promulgated by the U.S. Occupational Health and Safety Administration that are designed to prevent the transmission of Human Immunodeficiency Virus, hepatitis and other infectious diseases.

**"Update"** means a dated and signed review of a report, plan or program with or without revision.

**"Voluntary Services"** means a program shall not mandate participation in supportive services as a condition of shelter residency or emergency services (Family Violence Prevention and Services Act, 42 U.S.C. 10408)

**"Volunteer"** means any person who is not on the program's payroll, but provides either indirect or direct services and fulfills a defined role within the program, including interns and practicum students.

# Permanent Final Adoptions

## SUBCHAPTER 2. DOMESTIC VIOLENCE AND SEXUAL ASSAULT PROGRAMS

### 75:15-2-4. Safe Home program [REVOKED]

(a) All Safe Home programs shall comply with section 75:15-2-1 and the following:

(1) The program shall offer confidential housing 24 hours a day, 365 days a year.

(2) Certified DVSA providers that have a formal agreement for a Safe Home shall:

(A) assure that each Safe Home offers residents with access to minimum necessities including bedding, clothing, articles for grooming and personal hygiene, and food;

(B) develop and disseminate to Safe Home providers and residents written rules, policies and procedures that include admission and exit criteria, including security measures;

(C) have written procedures for monitoring Safe Homes to ensure that the homes meet standards for cleanliness and safety;

(D) offer orientation to all clients and require they sign a contract acknowledging they have read and understand the rules of their stay;

(E) assign an advocate or liaison for clients. This person, or a crisis line staff or volunteer, shall be available for emergencies and support at all times; and

(F) offer at least one 30 minute face-to-face service contact per week with each Safe Home resident.

(b) The program shall establish criteria to screen potential Safe Home providers. Screening will include an application with references, an interview and a site visit. Each Safe Home will be reassessed annually.

(c) All Safe Homes must be supervised by the certified program, who will conduct on-site observations at least monthly when clients are in residence.

(d) The certified program shall have a written agreement with each Safe Home provider that outlines specific responsibilities of both the program and the provider to include expectations and limitations (e.g., no babysitting or individual advocacy) and compliance with confidentiality. The agreement shall clearly state that the program will not be held liable for damage incurred by the Safe Home provider. Both parties will sign the agreement.

(e) Compliance with 75:15-2-4 shall be determined by a review of program policies and procedures, client records, on-site observations, written agreements, and/or other program documentation.

### 75:15-2-5. Crisis intervention services [AMENDED]

(a) All certified DVSA programs shall offer crisis intervention services which include:

(1) Twenty-four (24) hour crisis telephone services staffed by trained staff or volunteers, and 24-hour immediate, direct access to crisis advocates. ~~Pagers, answering machines or answering services that do not offer immediate access to a crisis advocate shall not be sufficient to meet this requirement.~~ Technology or services that do not offer immediate access to a crisis advocate shall not be sufficient to meet this requirement;

(2) Emergency housing such as hotel or motel available for victims and their dependent(s);

(3) Arrangement for safe shelter, food, clothing, and incidentals needed by victim/dependents;

(4) The program shall provide twenty-four (24) hour emergency transportation or access to shelter, to and from SANE exams or other emergency services. Additionally, transportation shall be offered for ~~necessary services~~ other services necessary for victim safety. This shall not require service providers to be placed in a situation that could result in injury;

(5) Cooperation with law enforcement to offer assistance to the victim and accompanying dependent(s).

Programs should ensure victims are educated about participating in the legal prosecution of their offenders and that an appropriate release or waiver may be necessary;

(6) Provision of advocacy and referral to assist victims in obtaining needed services or resources;

(7) ~~Foreign language~~ Language interpretation; and

(8) Follow-up services shall be offered to all victims if victim safety is not compromised.

(b) Group and/or individual counseling or support services shall be made available before or after normal business hours (8:00 a.m. to 5:00 p.m.), if needed by clients. These services shall minimally offer the following:

(1) A facility with offices and individual and group counseling space to offer services;

(2) Advocacy services, both in person and by ~~telephone~~ telecommunication, either in the locations of other community services and systems, or in the program's offices. Other locations include but are not limited to those necessary to provide court advocacy services to clients; and

(3) Service approaches shall focus on the empowerment of victims to access needed resources and to make healthy and safe decisions for themselves and dependents.

- (c) Programs shall maintain at a minimum the following client resources:
- (1) Service agreements with community service providers for client services, which shall be renewed every three (3) years. If unable to establish a service agreement, attempts shall be documented;
  - (2) A resource document of local, area, or state resources to facilitate referrals for clients; and
  - (3) For agencies that do not have a behavioral health professional on staff, the agency shall maintain an updated list of identified behavioral health professionals in their community who treat clients with related trauma and need mental health or substance abuse services.
- (d) Compliance with 75:15-2-5 shall be determined by a review of program policies and procedures, client records, on-site observations, written agreements, and/or other program documentation.

## SUBCHAPTER 5. CLIENT RECORDS AND CONFIDENTIALITY

### 75:15-5-3.1. Record content - service specific [AMENDED]

- (a) Client records for specific services shall conform to the following:
- (1) **Shelter Services:**
    - (A) On a client's entry to the shelter, staff or volunteer shall record the client's name, emergency contact person(s) and any referral for medical or emergency services. This information may be a part of the full intake interview if the full intake is done on entering the shelter. An evidence-based, dangerousness assessment and safety planning shall be offered to be done at this time;
    - (B) Shelter clients shall be offered the full intake interview and screening within forty-eight (48) hours of entry into the shelter. If a client declines to participate with intake process, staff or volunteer shall document offer of services;
    - (C) Service plans shall be offered and completed within five (5) business days of the shelter client's entry to the shelter. If a client declines to participate with the formation of a service plan, staff or volunteer shall document offer of services;
    - (D) The service plan shall be offered to be reviewed and updated at least every two (2) weeks. If the client declines to review the service plan, staff or volunteer shall document offer of services;
    - (E) The client's service plan shall be offered to include components which address the needs of each child accompanying the client. If the client declines to add components for their children, staff or volunteer shall document offer of services;
    - (F) The service plan shall be offered to include safety issues for client and children. If the client declines to include safety issues, staff or volunteer shall document offer of services, and
    - (G) A daily note.
  - (2) **Crisis Intervention Services:**
    - (A) All face-to-face contacts with clients are documented and contacts with persons not receiving additional services shall be offered and documented. Documentation shall minimally include the following:
      - (i) Staff/Volunteer Name and signature;
      - (ii) Date, time, length, and location of intervention;
      - (iii) Safety planning based on risk;
      - (iv) Client's name, age, race, county of residence, and contact number if given;
      - (v) Protective order information if applicable;
      - (vi) Personnel involved such as police, hospital, etc.;
      - (vii) Summary of contact including injuries observed and services requested;
      - (viii) Follow-up services shall be offered to all victims if victim safety is not compromised; and
      - (ix) Outcome.
    - (B) All telephone contacts shall be documented. Documentation shall minimally include the following:
      - (i) Staff/Volunteer name;
      - (ii) Date, time and length of call;
      - (iii) Safety planning based on risk;
      - (iv) Caller's name and contact number, if given however, no caller shall be required to give a name, phone number or any other identifying information as a condition to receive information or domestic violence, sexual assault or stalking services;
      - (v) Summary of the call including services needed and offered;
      - (vi) Outcome; and

# Permanent Final Adoptions

---

(C) Contact information is kept by the program.

(D) Clients to be transported to shelter facilities shall be screened before the shelter referral is made. If the client is in immediate danger, or no safe housing is available, this screening may be initially waived. If the screening is waived, documentation shall reflect the reason(s) and the notification of such to the shelter.

**(3) Counseling, Support and Advocacy Services:**

(A) An assessment of the client's needs shall be completed by the third (3rd) counseling or advocacy session. If a client declines to participate staff or volunteer shall document offer of services;

(B) A service plan shall be completed by the fifth (5th) advocacy or counseling session. If a client declines to participate staff or volunteer shall document offer of services; and

(C) A service plan review and update shall be completed at a minimum of once every six (6) months. If a client declines to participate staff or volunteer shall document offer of services;

**(4) Sexual Assault Services:**

(A) For victims who continue in support or counseling sessions, a service plan shall be developed by the fifth (5th) visit. If a client declines to participate staff or volunteer shall document offer of services; and

(B) Service plans shall be reviewed and updated at a minimum of once every six (6) months. If a client declines to participate staff or volunteer shall document offer of services.

**(5) Transitional Living Services:**

(A) A service plan including safety issues for the client and dependents shall be developed within five (5) business days of the client moving in; and

(B) The service plan shall be reviewed and updated at least every ninety (90) days.

**(6) Safe Home Services**

~~(A) A service plan that includes goals agreed upon by the client and sponsoring family shall be developed within five (5) business days of the client moving in. On a client's entry to the Safe Home, the safe home provider shall record the client's name, emergency contact information, and pertinent medical information;~~

~~(B) Safe Home clients shall receive a full intake interview and screening by program staff or volunteer within twenty-four (24) hours of admission or by the first business day following admission;~~

~~(C) A service plan shall be developed within five (5) business days of the client's entry to the Safe Home; and~~

~~(D) All records regarding the client shall be retained in the client's record at the sponsoring program.~~

(b) Where required information is not obtained, efforts to comply with the requirements of this subsection shall be documented in the client record.

(c) Compliance with 75:15-5-3.1 shall be determined by a review of client records, policy and procedures, call logs, and/or other supporting documentation.

## **75:15-5-4. Client confidentiality [AMENDED]**

(a) The DVSA program ~~must~~shall comply with both state and federal laws governing confidentiality and any exceptions to those laws.

(1) State Law: Case or client records, files or notes, of a DVSA program shall be confidential and shall only be released under certain prescribed conditions (74 O.S. § 18p-3):

(A) The case records, case files, case notes, client records, or similar records of a domestic violence or sexual assault program certified by the Attorney General or of any employee or trained volunteer of a program regarding an individual who is residing or has resided in such program or who has otherwise utilized or is utilizing the services of any domestic violence or sexual assault program or counselor shall be confidential and shall not be disclosed;

(B) For purposes of this subsection, the term "client records" shall include, but not be limited to, all communications, records, and information regarding clients of domestic violence and sexual assault programs; and

(C) The case records, case files, or case notes of programs specified in paragraph 1 of this subsection shall be confidential and shall not be disclosed except with the written consent of the individual, or in the case of the individual's death or disability, of the individual's personal representative or other person authorized to sue on the individual's behalf or by court order for good cause shown by the judge in camera.

**(2) Federal Law:**

(A) The Violence Against Women Act universal grant conditions regarding confidentiality, Section 3 of VAWA, 34 USC §12291(b)(2) provides, in part: In order to ensure the safety of adult, youth, and child victims of domestic violence, dating violence, sexual assault, or stalking, and their families, grantees and subgrantees shall protect the confidentiality and privacy of persons receiving services. Grantees and subgrantees shall not: disclose, reveal, or release any personally identifying information or individual information collected in connection with services requested, utilized, or denied through grantee and subgrantee programs, regardless of whether the information has been encoded, encrypted, hashed or otherwise protected; or disclose, reveal, or release individual client information without the informed, written, reasonably time-limited consent of the person (or in the case of an unemancipated minor, the minor and the parent or guardian or in the case of legal incapacity, a court-appointed guardian) about whom information is sought, whether for this program or any other Federal, State, tribal, or territorial grant program, except that consent for release may not be given by the abuser of the minor, incapacitated person, or the abuser of the other parent of the minor. If a minor or a person with a legally appointed guardian is permitted by law to receive services without the parent's or guardian's consent, the minor or person with a guardian may release information without additional consent. If release of information is compelled by statutory or court mandate, grantees and subgrantees shall make reasonable attempts to provide notice to victims affected by the disclosure of information and take steps necessary to protect the privacy and safety of the persons affected by the release of the information. In no circumstances may an adult, youth, or child victim of domestic violence, dating violence, sexual assault, or stalking be required to provide a consent to release identifying information as a condition of eligibility for the services provided.

(B) The Family Violence Prevention and Services Act universal grant conditions on confidentiality, 42 USC 10401 et seq. provides, in part: Personally identifying information. The term personally identifying information has the meaning given the term in the Violence Against Women Act. In order to ensure the safety of adult, youth, and child victims of family violence, domestic violence, or dating violence, and their families, grantees and subgrantees under this title shall protect the confidentiality and privacy of such victims and their families. Subgrantees shall not disclose any personally identifying information collected in connection with services requested (including services utilized or denied), through grantee and subgrantee programs; or reveal personally identifying information without informed, written, reasonably time-limited consent by the person about whom information is sought, whether for this program or any other Federal or State grant program, which consent shall be given by the person, except in the case of an unemancipated minor, the minor and the minor's parent or guardian; or in the case of an individual with a guardian, the individual's guardian; and may not be given by the abuser or suspected abuser of the minor or individual with a guardian, or the abuser or suspected abuser of the other parent of the minor. If release of information is compelled by statutory or court mandate grantees and subgrantees shall make reasonable attempts to provide notice to victims affected by the release of the information; and grantees and subgrantees shall take steps necessary to protect the privacy and safety of the persons affected by the release of the information.

(C) Victims of Crime Act regulations on confidentiality applying to grantees, 28 CFR §94.115 provides in part: Sub-recipients of VOCA funds shall, to the extent permitted by law, reasonably protect the confidentiality and privacy of persons receiving services under this program and shall not disclose, reveal, or release any personally identifying information or individual information collected in connection with VOCA-funded services requested, utilized, or denied, regardless of whether such information has been encoded, encrypted, hashed, or otherwise protected; or individual client information, without the informed, written, reasonably time limited consent of the person about whom information is sought, except that consent for release may not be given by the abuser of a minor, incapacitated person, or the abuser of the other parent of the minor. If a minor or a person with a legally appointed guardian is permitted by law to receive services without a parent's (or the guardian's) consent, the minor or person with a guardian may consent to release of information without additional consent from the parent or guardian. If release of information is compelled by statutory or court mandate, SAAs or sub-recipients of VOCA funds shall make reasonable attempts to provide notice to victims affected by the disclosure of the information, and take reasonable steps necessary to protect the privacy and safety of the persons affected by the release of the information.

# Permanent Final Adoptions

---

(D) Housing Assistance Emergency Solutions Grants, at 42 U.S.C. § 11375 (c)(5), require recipients to develop and implement procedures to ensure confidentiality of records pertaining to any individual provided family violence prevention or treatment services under this part and that the address or location of the family violence shelter project assisted under this part will not be made public without written authorization of the person or persons responsible for the operation of such shelter; and (E) Stewart B. McKinney Homeless Assistance Act, at 42 U.S.C. § 1130163, mandates that any victim service provider that is a recipient or subgrantee shall not disclose for purposes of the Homeless Management Information System (HMIS) any personally identifying information about any client. Subgrantees may be required to disclose for purposes of HMIS non-personally identifying information that has been de-identified, encrypted, or otherwise encoded. The Violence Against Women Act also contains a provision that specifies a domestic violence program provider shall not disclose any personally identifying information about any client to the Homeless Management Information System (HMIS).

(b) Compliance with 75:15-5-4 shall be determined by a review of the program's policies and procedures; and on-site observation of the handling and review of client records.

## 75:15-5-4.1. Waiver of Confidential Information [AMENDED]

(a) For a waiver of confidentiality to be valid, it ~~must~~shall:

- (1) Be voluntary;
- (2) Relate only to the participant or the participant's dependents;
- (3) Clearly describe the scope and any limitations of the information to be released;
- (4) Include an expiration date;
- (5) Inform the participant that consent can be withdrawn at any time, orally or in writing;
- (6) Programs ~~may~~shall only share the specific information the client allows in the release. The client gets to choose when, how and what personal information will be shared, or not shared, and with whom;
- (7) Even when a court mandate requires the program to disclose or release information about the client, the program ~~may~~shall only share the minimum information necessary to meet the statutory or court mandate; and
- (8) The program/agency shall notify the victim of any disclosure and to continue taking steps to protect the victim's safety and privacy.

(b) A valid written release form for disclosure of client information shall have, at a minimum, the following elements:

- (1) the specific name or general designation of the program or person permitted to make the disclosure;
- (2) the name and title of the individual, agency or organization to which disclosure is to be made;
- (3) the name of the client whose records are to be released;
- (4) the purpose of the disclosure;
- (5) a description of the information to be disclosed;
- (6) the dated signature of the client or authorized representative or both when required;
- (7) a statement of the right of the client to revoke the release in writing and a description of how the client may do so; and
- (8) an expiration date, specified event or condition which, if not revoked before, shall ensure the release will last no longer than reasonably necessary to serve the purpose for which it is given. The reasonableness of this time period will depend on the specific situation.

(c) ~~"In the event of my death"~~Legacy clause: Some programs have chosen to talk with clients about the lethality of domestic violence and ask if they would like the program to share information with ~~police, prosecutors, the Oklahoma Fatality Review Board, or others~~ the client may indicate in the event that the client dies (due or not due to DV). ~~Because clients may have to sign multiple releases, programs~~Programs shall have the ~~"in the event of my death"~~"legacy clause" exception on a different form.

(d) The program shall have written policies and procedures to ensure confidentiality of client information and identity and shelter location and govern the disclosure of information, including verbal disclosure, contained in client records. When a client record is established, the program shall discuss the confidentiality requirements with each client and maintain documentation in the client record that they have reviewed the circumstances under which confidential information may be revealed.

(e) Compliance with 75:15-5-4.1 shall be determined by a review of the program's policies and procedures; and on-site observation of the handling and review of client records.

## 75:15-5-7. Shelter Policy on Medications [AMENDED]

---

# Permanent Final Adoptions

- (a) The shelter shall seek to afford shelter residents with the greatest possible privacy and autonomy in regard to their medication, while also providing a safe shelter environment, as follows:
- (1) Staff and volunteers shall not dispense medication or require residents to request their medication;
  - (2) The shelter will provide every resident with an individual locking box, locker, or locking cabinet ("locked space") for storage of medications and valuables or lock the clients' medication in a safe but accessible location;
  - (3) The shelter will not limit or monitor the client's access to the client's medication;
  - (4) If a client indicates that ~~she~~ he or she needs access to refrigerated storage space, the shelter will provide refrigerated storage space in the manner that provides the greatest possible privacy and autonomy; and
  - (5) The shelter shall have a policy for the disposal of unused or abandoned medication or other substances.
- (b) Safety Agreement: During a resident's stay at shelter, the client shall be asked to make sure that any medications the client has are safely secured. The shelter will ask every resident to sign an agreement that the client will store any medications in the client's individual locking box, locker, or locking cabinet provided, or if it is one requiring refrigeration, as otherwise provided. The agreement will provide that residents who have medications that must be taken in the event of a medical emergency may carry them on their person (e.g., in a fanny pack).
- (c) Compliance with 75:15-5-7 shall be determined by a review of the program's policies and procedures, and on-site observation.

## SUBCHAPTER 7. PHYSICAL ENVIRONMENTS

### 75:15-7-6. Program environment [AMENDED]

- (a) The program environment shall meet the following conditions:
- (1) The facility shall be accessible by an all-weather road;
  - (2) The facility shall have adequate space in which to carry out the program's goals and objectives, including outdoor areas and equipment when appropriate;
  - (3) The facility shall have heating and air conditioning equipment adequate to maintain the temperature in areas utilized by clients at between 65°F and 85°F;
  - (4) The facility shall have adequate ventilation and air circulation provided in the facility to assure an environment that will be comfortable for the clients;
  - (5) The facility shall have water from an approved tested potable source;
  - (6) The facility shall have, at minimum, a commode and lavatory facility. The privacy of individuals shall be assured while using these facilities;
  - (7) All doors, including those for each closet, bedroom, bathroom, and office, shall be easily opened from both sides;
  - (8) Smoking shall not be allowed in any indoor portion of any facility;
  - (9) Facility sanitation shall be maintained to prevent offensive odors and insect infestation.
  - (10) All facilities shall have emergency backup lighting;
  - (11) Telephones shall be provided for the convenience of the staff or volunteers, and the necessary accommodation of the clients. ~~Pay telephones only are not acceptable;~~
  - (12) There shall be written policies and procedures addressing the use of any outdoor recreational space, including required supervision and the safety of children;
  - (13) Toxic materials and dangerous substances, such as toxic cleaners, insecticides, and matches shall be stored in a non-client area, locked space where they are not accessible to children;
  - (14) Combustible materials shall be stored in locked non-flammable containers; and
  - (15) The Poison Control Center's toll-free telephone number shall be posted and visible to staff, volunteers and clients at all times.
- (b) Compliance with 75:15-7-6 shall be determined by a review of program policies and procedures, staff, volunteer and client interviews, and on-site observation.

### 75:15-7-8. Program environment, Safe Home services program [REVOKED]

- (a) ~~All Safe Home services programs shall comply with section 75:15-7-6 (a) (1)-(11) and the following:~~
- ~~(1) The facility shall have, at minimum, a commode, lavatory, and bathing facility at a ratio of one (1) for every eight (8) persons, including infants and children. The privacy of individuals or families shall be assured while using these facilities;~~
  - ~~(2) Written policies and procedures shall address the secure handling and storage of client medications, including policy to document client access to medication;~~

# Permanent Final Adoptions

---

~~(3) The Safe Home shall be secured by double locks or locking devices such as chains, bolts, etc., on ground floor doors which meets state and local fire code inspection. When key-locked deadbolts are used, the location of the keys must be identified and readily accessible; and~~

~~(4) All outdoor openings such as windows shall be covered for privacy.~~

~~(b) Compliance with 75:15-7-8 shall be determined by a review of program policies and procedures, provider and client interviews where appropriate, and on-site observation.~~

## SUBCHAPTER 13. PERSONNEL AND VOLUNTEERS

### PART 3. TRAINING

#### **75:15-13-20.2. In-service and ongoing training for personnel and volunteers [AMENDED]**

(a) A certified program shall have policies and procedures mandating, at the minimum, sixteen (16) hours of annual training of all staff which shall include:

- (1) Confidentiality, to include verbal confidentiality, whether inside or outside the facility and client records;
- (2) Facility safety and disaster plans;
- (3) First aid kits and fire extinguishers, their location, contents, and use;
- (4) Universal precautions;
- (5) Client rights;
- (6) Legal and ethical issues; and
- (7) The remaining hours of annual training shall be related to domestic violence, sexual assault, stalking, batterers' intervention and administration as prescribed and approved by the Executive Director.

(b) A certified program shall have policies and procedures mandating a minimum of 16 hours annual training of all volunteers providing direct services related to domestic violence, sexual assault, and stalking as prescribed and approved by the Executive Director.

(c) Staff and volunteers who provide indirect services and do not meet the requirements for staff and volunteers providing direct services as defined in OAC 75:15-1-2 shall receive annual training as prescribed by the Executive Director, but do not have a minimum number of training hours required.

(d) Documentation of training must include the topic of the training, the name of the trainer(s), the date of the training, the length of the training session, the sponsor of the training, and approval of the training by the Executive Director of the agency.

~~(e) A Certified Domestic and Sexual Violence Response Professional in good standing with the Oklahoma Coalition Against Domestic Violence and Sexual Assault (OCADVSA) shall be deemed to be current with annual training requirements upon completion of required annual training set forth in subsection (a) above. A copy of the current certification card issued by the OCADVSA shall be evidence of good standing.~~

~~(f)(e)~~ Compliance with 75:15-13-20.2 shall be determined by a review of policies and procedures; review of training records and other provided documentation of personnel training; and a review of personnel or volunteer records.

#### **75:15-13-27. Provider training, Safe Home services [REVOKED]**

~~(a) Prior to providing any direct services, all Safe Home providers shall receive the prescribed orientation training in 75:15-13-20.1.~~

~~(b) The program shall have policies and procedures mandating a minimum of four (4) hours annual training for Safe Home providers.~~

~~(c) Compliance with 75:15-13-27 shall be determined by:~~

- ~~(1) Review of program's policies and procedures; and~~
- ~~(2) Review of program's training records.~~

## SUBCHAPTER 17. CLIENTS RIGHTS

#### **75:15-17-4. Client grievance policies and procedures [AMENDED]**

(a) Each program shall have a written client grievance policy providing for, but not limited to, the following:

- (1) Written notice of the grievance and appeal procedure provided to the client; and, if involved with the client, to family members or significant others;
- (2) Time frames for the grievance policy's procedures, which allow for an expedient resolution of client grievances as follows:

---

# Permanent Final Adoptions

- (A) Transitional living, ~~and shelter services, and Safe Home~~ timeframes for resolution of grievances by program staff or volunteers shall be seven (7) days unless appealed; and
  - (B) Non-transitional living and non-shelter services timeframes for resolution of grievances by program staff or volunteers shall be fourteen (14) days unless appealed;
  - (3) Name(s) of the individual(s) who are responsible for coordinating the grievance policy and the individual responsible for or with the authority to make decision(s) for resolution of the grievance. In the instance where the decision maker is the subject of a grievance, decision-making authority shall be delegated;
  - (4) Provide for notice to the client that he or she has a right to make a complaint to the ~~OAG Victims Services Unit~~ VASU;
  - (5) Clients shall be given a copy of the grievance policy, including the right to make a complaint to the OAG, and the provision of such shall be documented in the client record, including the phone number, mailing address, and email address of the ~~Victims Services Unit of the Office of the Attorney General~~ VASU;
  - (6) Mechanism to monitor the grievance process and improve performance based on outcomes; and
  - (7) Annual review of the grievance policies and procedures, with revisions as needed.
- (b) Compliance with 75:15-17-4 shall be determined by a review of program policies and procedures, client records, on-site observation, written agreements, and/or other program documentation.

## SUBCHAPTER 18. CODE OF PROFESSIONAL ETHICS [AMENDED]

### 75:15-18-1. Applicability [NEW]

This section is applicable to domestic violence, sexual assault and stalking programs and shelters certified by the OAG pursuant to 74 O.S. §§ 18p-1–18p.6.

### 75:15-18-2. Code of Professional Ethics [NEW]

- (a) Employees and volunteers of domestic violence, sexual assault, and stalking programs certified pursuant to 74 O.S. §§ 18p-1–18p-6 have an ethical obligation to their clients.
- (b) Each program shall adopt a written Code of Professional Ethics. The Code shall encompass behavioral expectations and underlying philosophy set forth in subchapter 1, section 1.1 of this Chapter.
- (c) At minimum, the Code of Professional Ethics shall include the following ethical standards:
  - (1) Confidentiality and Privacy, including legal and ethical obligations to clients with respect to internal and external entities;
  - (2) Guiding Values, including empowerment and autonomy, self-determination, integrity, compassion, empathy, non-judgment, respect for people’s rights and dignity, and client-centered practice;
  - (3) Professional Competence, including knowledge, skills, experience, evidence-based and trauma-informed practices, cultural responsiveness, ongoing education, scope of competence, and duty to report the unethical conduct of colleagues to supervisors;
  - (4) Professional-Client Relationships, including boundaries, and conflicts of interest; and
  - (5) Social Responsibility, including non-discrimination, and fostering anti-oppressive, equitable, inclusive, safe, trauma responsive, non-violent environments.
- (d) Compliance with this section shall be determined by a review of the written program policies and procedures, personnel files, training records, and/or other program documentation.

# Permanent Final Adoptions

The Oklahoma Office of the Attorney General ("OAG") proposes these amendments to clarify general information related to the duties set forth for the Victims Advocacy and Services Unit ("VASU"), specifically to the standards and criteria for accreditation of batterers intervention programs. Minor changes provide consistency of language and terms and include new and expanded definitions in accordance with modern nomenclature. To promote participation and success by those ordered to participate in batterers intervention, specific provisions of the rules change "batterers" to be "clients," where appropriate, to update rule language and emphasize the change in behaviors and mindsets. Amendments also modernize references to approved uses of technology in program delivery and outline the aspects of the program that must be provided exclusively in person. The rule amendments also expand reasons for excused absences, including military service, attending the birth of the client's child, family funerals, court appearances, and certain types of inclement weather. Subchapter 11 adds a code of professional ethics applicable to all certified batterers intervention programs.

## CONTACT PERSON:

Thomas R. Schneider, Deputy General Counsel, [thomas.schneider@oag.ok.gov](mailto:thomas.schneider@oag.ok.gov).

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF JULY 11, 2025:**

## SUBCHAPTER 1. GENERAL PROVISIONS

### 75:25-1-3. Definitions [AMENDED]

The following words or terms, when used in this chapter, shall have the defined meaning, unless the context clearly indicates otherwise:

**"Admission"** means to accept a client for services.

**"Americans with Disabilities Act of 1990"** including, but not limited to the deaf and hard of hearing, blind, physically disabled, developmentally disabled, persons with disabling illness, and persons with mental illness. See "Americans with Disabilities Handbook", published by U.S. Equal Employment Opportunity Commission and U.S. Department of Justice.

**"Assessment"** means the process of evaluating an individual to determine needs for services and appropriateness of admission to the program.

**"Batterer"** means a person, male or female, who perpetrates domestic violence, stalking or other harassment against present or past intimate partners, another adult, emancipated minor or minor child, who are family or household members or who are or were in a dating relationship.

**"Batterers Intervention Program" (BIP)** means a status which is granted to an entity by the Oklahoma Office of the Attorney General. These services hold a batterer accountable for abusive behavior, provide consequences for engaging in ongoing violent or abusive behavior, provide monitoring of a batterer's behavior, and require the ~~batterer~~ client to change battering behavior and attitudes. BIP's shall keep victim's safety in the forefront. Anger control or management, substance abuse treatment or mental health treatment alone or in combination with each other shall not constitute batterers intervention; neither of these interventions, alone nor in combination with each other, should be utilized as the primary means of facilitating the required changes in behavior and attitudes.

**"Battering"** means a pattern of behavior used to establish power and control over another person through fear and intimidation, often including the threat or use of violence.

**"Business day"** shall mean a calendar day other than a Saturday, Sunday, or state holiday. In computing any period of time where the last day would fall on a Saturday, Sunday, or state holiday, the period shall run until 5:00 o'clock p.m. of the next business day.

**"Certified batterers intervention program"** Indicates approval to provide batterers intervention programs pursuant to 74 O.S. § 18p-6. In accordance with the Administrative Procedures Act, 75 O.S. § 250.3(8), certification is defined as a "license."

**"Child" or "Children"** means any individual from birth to eighteen years of age.

**"Client"** means an individual who has applied for, is receiving or has received assistance or services of a batterer's intervention program.

**"Client record"** includes, but is not limited to, all communication, records and information on an individual client.

**"Community"** means the people, groups, agencies or other facilities within the locality served by the program.

**"Coordinated Community Response Team"** means a multi-disciplinary group of individuals from agencies and programs in the community whose purpose is to keep victims safe and hold batterers accountable.

# Permanent Final Adoptions

---

**"Counseling"** means a method of using various commonly acceptable treatment approaches provided face-to-face by a behavioral health professional either licensed or under supervision for licensure as a Licensed Professional Counselor, Licensed Marriage and Family Therapist, Licensed Behavioral Practitioner, Licensed Clinical Social Worker, psychiatrist or psychologist with clients in individual, group or family settings to promote positive emotional or behavioral change. Counseling is goal directed and utilizes techniques such as cognitive behavioral treatment, narrative therapy, solution-focused brief therapy, psycho-educational interventions or another widely accepted theoretical framework for treatment.

**"Critical incident"** means an occurrence or set of events inconsistent with the routine operation of the facility, or the routine care of a client. Critical incidents specifically include but are not necessarily limited to the following: adverse drug events; self-destructive behavior; deaths and injuries to clients, personnel, volunteers and visitors; incidents involving medication; neglect or abuse of a client; fire; unauthorized disclosure of information; damage to or theft of property belonging to a client or the facility; other unexpected occurrences; or events potentially subject to litigation. A critical incident may involve multiple individuals or results.

**"DVSA"** means domestic violence and sexual assault.

**"Documentation"** means the provision of written, dated and authenticated evidence to substantiate compliance with standards, e.g., minutes of meetings, memoranda, schedules, notices, logs, records, policies, procedures, announcements, correspondence, and photographs.

**"Domestic violence"** means a pattern of abusive behavior in any relationship that is used by a batterer to gain or maintain power and control over a current or former partner or family member. Domestic violence can be physical, sexual, emotional, economic, or psychological actions or threats of actions that influence another person. This includes behaviors that intimidate, manipulate, humiliate, isolate, frighten, terrorize, coerce, threaten, blame, hurt, injure, or wound someone.

**"Education"** means the dissemination of relevant information specifically focused on increasing the awareness of the community and the receptivity and sensitivity of the community concerning domestic violence, sexual assault or batterer's intervention and other related problems and services and may include a systematic presentation of selected information to impart knowledge or instructions, to increase understanding of specific issues or programs, to examine attitude or behaviors and stimulate social action or community support of the program and its clients.

**"Executive Director"** means the person hired by the governing authority to direct all the activities of the organization. May be referred to as "Chief Executive Officer".

**"Facility"** means the physical location(s) of a certified program governed by this chapter of Title 75.

**"Family"** means the children, spouse, parents, brothers, sisters, other relatives, foster parents, guardians and others who perform the roles and functions of family members in the lives of clients.

**"Intake"** means the process of obtaining written information about a client for entry into services, obtained by the program at time of admission.

**"Lethality risk indicators"** means evidence-based risk factors commonly associated with lethal intimate partner violence such as those listed in 21 O.S. § 142A-3:

- (A) Has the person ever used a weapon against the victim or threatened the victim with a weapon?
- (B) Has the person threatened to kill the victim or children of the victim?
- (C) Does the victim think the person will try to kill the victim?
- (D) Has the person ever tried to choke the victim?
- (E) Is the person violently or constantly jealous or does the person control most of the daily activities of the victim?
- (F) Has the victim left or separated from the person after living together or being married?
- (G) Is the person unemployed?
- (H) Has the person ever tried to kill himself or herself?
- (I) Does the victim have a child that the person knows is not his or her own child?
- (J) Does the person follow or spy on the victim or leave the victim threatening messages?
- (K) Is there anything else that worries the victim about his or her safety and if so, what worries the victim?

**"Licensure"** means the official or legal permission to persons or health facilities meeting qualifications to engage in a given occupation or use a particular title.

**"Mental health services"** means a range of diagnostic, therapeutic, and rehabilitative services used in treating mental illness or emotional disorders, including substance abuse.

**"Neglect"** means failing to provide adequate personal care or maintenance, or access to medical care which results or may result in physical or mental injury or harm to a client.

**"Non-abusive behavior"** means behavior that is absent of violence, coercion, control or abuse.

**"OAG"** means the Oklahoma Office of the Attorney General.

**"Objectives"** means a specific statement of planned accomplishments or results which are quantitative, qualitative, time-limited and realistic.

**"Oklahoma Administrative Code" or "OAC"** means the publication authorized by 75 O.S. § 256 known as The Oklahoma Administrative Code, or, prior to its publication, the compilation of codified rules authorized by 75 O.S. § 256(A) (1) (a) and maintained in the Office of Administrative Rules.

**"Operation"** means that clients are receiving services provided by the program.

**"Personnel record"** means a file containing the employment history and actions relevant to individual personnel and volunteer activities within an organization such as application, evaluation, salary data, job description, citations, credentials, etc.

**"Persons with special needs"** means persons with a condition which is considered a disability or impairment under the

**"Policies"** means statements of program intent, strategy, principle, or rules for providing effective and ethical services.

**"Procedures"** means the standard methods by which policies are implemented.

**"Program"** means a set of activities designed and structured to achieve specific objectives relative to the needs of the clients.

**"Program evaluation"** means the documented assessment activities, performed internally or externally, of a program or a service and its staff, activities and planning process to determine whether program goals are met, staff and activities are effective, and what effect, if any, a program or service has on the problem which it was created to address or on the population which it was created to serve.

**"Program goals"** means broad general statements of purpose or intent.

**"Screening"** means the process of determining, preliminarily the nature and extent of a person's problem in order to establish the service needs of an individual. At a minimum, a screening shall include a brief personal history related to abuse, a review of the individual's strengths and resources, risk factors and referral needs.

**"Service Agreement"** means a written agreement between service agencies and/or individual service providers defining the roles and responsibilities of each party to promote coordination and integration of service.

**"Service note"** means the documentation of the time, date, location and description of services provided, and signature, including electronic signature, of staff or volunteer providing the services.

**"Staff"** means personnel that function with a defined role within the program whether full-time, part-time or contracted.

**"Victim"** is an individual against whom the batterer/client perpetrates domestic violence. Individuals may include partners, former partners, children and other family or household members.

**"Volunteer"** means any person who is not on the program's payroll, but provides either indirect or direct services and fulfills a defined role within the program and includes interns and practicum students.

## SUBCHAPTER 3. BATTERERS INTERVENTION

### 75:25-3-1. Batterers intervention program [AMENDED]

(a) Each certified batterer intervention program shall have the policy, procedures, staffing, training, operational methods and facilities to meet the following requirements:

- (1) Batterers intervention programs are educational programs based on a model of power and control designed to encourage batterers to end violent and coercive behaviors in their relationships by challenging their belief systems and holding them accountable for their behavior.
- (2) Program focus shall be victim safety and batterer accountability. The service shall be based on non-victim blaming strategies.
- (3) Batterers intervention shall not be confused with anger control or management, substance abuse treatment and/or mental health treatment.
- (4) Services shall be provided in a facility with offices available for private individual and group sessions.
- (5) Services shall be provided to self-referred, court-referred, or Department of Human Services referred batterers. Group services shall be the primary modality.
- (6) Groups shall not provide substance abuse treatment and batterers intervention in the same program; batterers who have substance abuse issues need to be referred for separate substance abuse services.
- (7) The majority of group session time should be focused on the subject abuse itself, and not on peripheral problems, past victimization experienced by the batterer/client, self-actualization, sensitivity training, or any other theme not directly related to abuse.

# Permanent Final Adoptions

---

(8) Facilitators shall challenge minimization, denial and blame. These are tactics used by the batterer/client to justify the use of violence.

(9) Batterers/Clients shall be held accountable for their behavior; BIP facilitators shall report new offenses to the court.

(b) The goal of the batterer's intervention program is to end the batterer's/client's abusive behavior. This shall be achieved by confronting and dispelling the individual batterer's justifications for the use of violence within the relationship. Particular attention shall be paid to the belief systems that promote the use of intimidation, violence and coercion against intimate partners and children. Theories or methods which attribute to the victim any responsibility for the batterer's/client's behavior or diminish the batterer's/client's responsibility for the violence are inappropriate. Education shall be provided to the batterer/client utilizing written curriculum specifically developed for batterers intervention that comprehensively addresses, at a minimum:

- (1) abuse and violence as a form of control, and an explanation of the need to give up all forms of controlling and coercive behavior;
- (2) a detailed explanation of the range of abusive power and control behaviors, including coercive behavior, chronic verbal abuse, economic abuse, sexual abuse/mistreatment, psychological/mental abuse, physical abuse, abuse of animals, and use of the children as weapons;
- (3) support for and perpetuation of abuse are based on traditional gender roles and privilege.
- (4) non-abusive communication techniques;
- (5) effective coping strategies;
- (6) the impact of battering on children and the incompatibility of violence and abuse with responsible parenting;
- (7) the batterer/client must be able to identify all abusive conduct, the pattern of that conduct, and the culture which legitimizes or excuses both individual acts and the larger pattern of battering. This may include but not be limited to accepting personal as well as financial responsibility for child support, court costs, restitution, and BIP related costs;
- (8) developing healthy relationships; including techniques for achieving non-abusive, non-controlling attitudes and behavior.
- (9) non-abusive behavior planning for the prevention of violent, controlling and abusive behavior;
- (10) effects of domestic violence on victims from a victim perspective, and
- (11) the potential consequences of domestic violence to the batterer/client.

(c) Inappropriate Methods of Intervention. The following methods have been determined to be inadequate and/or inappropriate, and shall not be the focus of intervention:

- (1) therapy, whether psycho-dynamic, individual or group;
- (2) communication enhancement, anger management or stress management techniques that blame anger as the root cause of domestic violence;
- (3) systems theory approaches that treat domestic violence as a result of mutual actions of the victim and batterer, thereby attributing some responsibility to the victim;
- (4) addiction counseling models that identify domestic violence as an addiction;
- (5) gradual containment and de-escalation of domestic violence;
- (6) theories that identify poor impulse control as the primary cause of domestic violence;
- (7) methods that identify psychopathology on either parties' part as a primary cause of domestic violence; and

(d) Services shall be provided during hours which make them available for clients whose work hours are between 8:00 A.M. and 5:00 P.M. Monday through Friday.

(e) The program shall maintain admission criteria for batterers intervention services.

(f) The program shall provide individual assessment sessions and group sessions.

(g) Service policy shall not permit the substitution of individual sessions/counseling appointments for group participation except in a situation where only one batterer of a gender has been accepted into the program.

(h) Group sizes shall be limited to not less than two (2) and not more than sixteen (16) clients.

(i) Exit criteria shall be contingent on the satisfactory meeting of specific criteria by the participant, and not merely upon the end of a specified period of time or a specified number of sessions.

(j) Joint participation shall not be allowed of the victim as part of batterers intervention.

(k) Male and female batterers shall not be served in the same group or session.

(l) The program shall maintain an annually renewed service agreement with appropriate referral sources such as, but not limited to:

- (1) substance abuse;
- (2) mental health services; and
- (3) local OAG-certified domestic violence victim services.

---

## Permanent Final Adoptions

(m) In the case of court referred clients, the program shall develop a written policy for coordinating with and reporting to the court, judge, probation officer, child welfare worker and/or district attorney.

(n) In the case of non-court referred clients, the program shall develop a written policy for reporting client information, including but not limited to, assessment results, participation in services, reason for exit and concerns related to the safety of the victims or children.

(o) If other services for the batterer client are necessary, appropriate referrals shall be made for such issues, including but not limited to mental health and/or substance abuse issues.

(p) Certified batterer intervention programs shall not be less than 52 weeks in duration. The 52 weekly group sessions shall be no less than ninety (90) minutes in length. Completion of a batterer's intervention program requires at a minimum 52 weekly attended sessions as well as a favorable evaluation from the program.

(q) The batterer's intervention program shall not allow three unexcused (3) absences in succession or a total of seven unexcused (7) absences in a period of fifty-two (52) weeks. The batterer client shall be terminated from the program as per 21 O.S. § 644 and the court or other referring party shall be notified of the termination. ~~Exceptions~~ Excused absences are:

(1) Hospitalization or medical restriction from attending program session(s) (verified by proper medical documentation);

(2) Military Duty (verified by proper military documentation);

(3) Attending the birth of his or her child, if legally permitted to do so (occurring the week of the birth and verified by proper documentation);

(4) Attending the funeral of an immediate family member such as a spouse/partner, child/dependent, parent, or grandparent (occurring the week of the funeral and verified by proper documentation);

(5) Attending a court hearing pertaining only to the existing criminal case or DHS welfare deprived case (verified by proper documentation); or

(6) Inclement weather as determined at the discretion of the certified program.

(r) Certified batterer intervention programs shall provide assessment, intake, and exit interview services exclusively in person. Certified batterer intervention programs shall provide in person weekly group sessions, in addition to any offering of virtual group sessions, as the exclusive use of virtual platforms to facilitate group is not acceptable. Programs with a Temporary Certification shall only be eligible to offer virtual group sessions following successful completion of the certification process and upon being granted Certification as defined in chapter 1 of this title. Certified programs that desire to offer virtual group sessions shall make an application to offer this provision of services to the Office of Attorney General on a form provided by the Victim Advocacy and Services Unit prior to offering any virtual group sessions under any of the following circumstances:

(1) If the client resides or works in a county that does not have a certified batterer intervention program, and the nearest certified program is over forty-five (45) miles from their residence or work site;

(2) If the client has an occupation that requires that they regularly, and physically work away from the nearest certified program more than two weeks in succession per month;

(3) If the client has accessibility or accommodation needs to address consistent lack of transportation and/or disability; or

(4) If the program has outlined in an inclement weather policy procedures for offering virtual group sessions.

(s) Programs utilizing platforms to allow clients to participate in group sessions virtually shall develop specific written policies and procedures regarding such programming. Policies and procedures shall include, at a minimum, virtual specific considerations of the following:

(1) Victim safety;

(2) Assignment of a trained facilitator to every virtual group;

(3) Facilitators shall provide at least twelve (12) in-person group sessions before being eligible to facilitate virtual group;

(4) Group size of no less than two (2) and no more than ten (10) participants; and

(5) Provision of services are certified solely pertaining to the State of Oklahoma, and group rules and expectations.

(t) Programs shall document reason(s) as to why an individual was placed in a virtual group instead of an in-person group offered by the program, including evaluation of individual participant needs, and victim;

(u) To the extent possible, group format should remain consistent for the duration of the participant's time in the program; and

(v) Participants must agree to abide by the program standards and rules, including any additional rules specific to virtual group sessions, such as:

(1) Cameras must remain on;

(2) Internet must be stable;

# Permanent Final Adoptions

---

- (3) Appropriate equipment to participate virtually including a camera, headphones, microphones, speakers, or other devices necessary to ensure that the participant can be seen and heard and can hear the facilitator and other participants;
- (4) No drinking alcohol, smoking, vaping, or chewing tobacco during the session;
- (5) No driving during the session;
- (6) No eating food during the session;
- (7) Participants must be fully clothed during the session and show a 360-degree view (full view) of the room they are in to ensure they are alone for the session's duration;
- (8) The group is a confidential and shall not be recorded;
- (9) Cell phones shall be turned off or silenced during the group session;
- (10) The device on which a participant attends session must be full charged and updated;
- (11) Participants shall not check email, other mobile phone applications, or do other tasks during group session.
- (12) Participants shall take precautions to ensure no interruptions of the session by animals or household members, including children, shall occur.

~~(r)~~(w) If the ~~batterer~~client is terminated for any reason as set forth herein, the batterer shall be required to obtain a new assessment and commence a new fifty-two (52) week program. No credit for prior program attendance shall be allowed. Termination from a program terminates any and all credits accumulated by said batterer.

~~(s)~~(x) Compliance with 75:25-3-1 shall be determined by a review of program policy and procedures; client records; service agreements, and other program documentation.

## 75:25-3-3. Client records [AMENDED]

- (a) A certified program that uses hand written records shall have written policy and procedures for correcting errors on hand written record material by lining through, initialing the error, and inserting the correct material either above the error or at the end of the entry. Further, the policy and procedures shall forbid the use of "white-out" or any action which obliterates the error.
- (b) Each client record entry shall be legible, dated, and signed by the staff member or volunteer making the entry.
- (c) Copies of all service documentation including assessments, exit interviews and reports shall be kept in the ~~batterer's~~client's file.
- (d) Compliance with 75:25-3-3 shall be determined by on-site observation, client records, policy and procedures and any other supporting program documentation.

## 75:25-3-4. Assessment [AMENDED]

An assessment shall be completed prior to service recommendations or acceptance into the program. Before the assessment begins, the individual shall sign acknowledgment that they are participating in a batterer's intervention program assessment which is an educational program, not a therapeutic program, and will not have the same level of confidentiality afforded by mental health services. The program will not assure confidentiality of the assessment results with respect to the Judge, District Attorney, referring agency, or victim(s). The assessment shall at a minimum contain:

- (1) client's name;
- (2) date of assessment;
- (3) address;
- (4) phone number;
- (5) current and past history of violence;
- (6) lethality risk indicators using an evidence-based instrument specifically for batterers intervention;
- (7) drug and alcohol use/abuse history and screening;
- (8) mental health history and screening;
- (9) criminal history, including a report of the incident that generated the referral;
- (10) current or past history with Child Protective Services or Adult Protective Services. If currently involved with Child Protective Services, the assessment shall include a review of the Individualized Service Plan;
- (11) family and social history;
- (12) access to weapons;
- (13) history of animal abuse or cruelty;
- (14) history of sexual abuse victimization;
- (15) history of petitions for protective orders filed and disposition;
- (16) pertinent medical information, including substance abuse and incidence of traumatic brain injuries;

---

## Permanent Final Adoptions

- (17) copies of the court documents, including but not limited to: relevant court documents in divorce cases, divorce decrees, petitions for protective orders, protective orders, any and all court orders ordering the ~~batterer~~client to complete a BIP;
- (18) copies of the Probable Cause Affidavit or police report and criminal information if applicable;
- (19) copies of the Department of Human Services Individual Service Plan, if applicable;
- (20) a report shall be written as outlined in 75:25-3-4.1 (4) through (6); and
- (21) initial victim and current partner (if different from the victim) notification shall be attempted as outlined in 75:25-3-4.2.

### 75:25-3-4.1. Record Content [AMENDED]

(a) Client records shall contain, at a minimum, the following information:

(1) Intake information:

- (A) assessment information;
- (B) date of intake if different than date of assessment;
- (C) emergency contact information (not the victim or abused partner); and
- (D) current employer, if applicable.

(2) Service notes for each ~~batterer~~client shall be completed by staff or volunteer after individual contact and every weekly session which shall minimally include:

- (A) The time, date, location and description of services provided;
- (B) The signature of staff or volunteer providing the services; and
- (C) A service note shall be completed by the staff or volunteer providing the service for each weekly group contact, and shall include:
  - (i) personal responsibility and accountability;
  - (ii) level of participation in services;
  - (iii) change(s) in family, social, personal, legal or work environment(s);
  - (iv) inference of use or increased use of drugs/alcohol;
  - (v) whether or not facilitator observed sufficient indications of risk requiring notification of victim or others, and
  - (vi) Referrals for supplemental services.
- (D) Staff or volunteer service notes shall document the ongoing provision of educational components addressing the risk of battering and other violence as set forth in 75:25-3-1(b).

(3) An individualized written contract shall be completed upon acceptance into the program prior to the first (1st) group session; signed by the ~~batterer~~client; and shall include, but not be limited to:

(A) Notice that the ~~batterer~~client is joining an educational program, not a therapeutic program, and will not have the same level of confidentiality afforded by mental health services. The program will not assure confidentiality with respect to:

- (i) Judge, District Attorney or referring agency;
- (ii) ~~current~~Current partner;
- (iii) ~~past~~Past or current victim(s) and/or a representative designated by the victim to receive information on behalf of the victim;
- (iv) ~~parent(s)~~Parent(s) or guardians of any of the ~~batterers~~client's children;
- (v) ~~probation~~Probation and parole;
- (vi) ~~law~~Law enforcement;
- (vii) ~~individuals~~Individuals toward whom there is a risk of imminent harm by the ~~batterer~~client;
- (viii) Coordinated Community Response Team;
- (ix) ~~the~~The domestic violence victim services program serving the area where the ~~batterer~~client lives or where the current or ex-partner lives, where guardians of the ~~batterers~~client's children live or with the domestic violence program where the ~~batterer~~client is currently residing;
- (x) Guardian Ad Litem; or
- (xi) ~~the~~The program will promise confidentiality with respect to: the general public, news media and anyone else not covered in the expectations set forth above

(B) Attendance policy, including the length of intervention, minimum number of sessions required and the maximum length of time for completion of the required sessions.

# Permanent Final Adoptions

---

- (C) The criteria for suspension and termination, including notice that involuntary termination from a program terminates any and all attendance credits accumulated.
- (D) The program's rules.
- (E) A written notice in bold type which specifies "Please be advised any reasonable knowledge or suspicion of illegal activities or bodily harm, or a threat of such, to the victim, her or his property, or to third persons, or any attempt, threat or gesture to commit suicide, or any belief that child abuse or neglect is present or has occurred, will be reported to the appropriate person(s) or authorities."
- (F) A list of provider program expectations, such as participation, and that the ~~batterer~~ client will be held accountable for all abusive and violent behavior or threats of harm or expressions of intent to do harm. This includes harm to current or past victims or partners. Such acts include but are not limited to child abduction, court actions for divorce or custody, underhanded economic maneuvers, substance use, and intentionally exposing the victim(s) or partner(s) to risk of sexually transmitted diseases.
- (4) Reports. The program shall develop a written policy for coordinating and complying with required reports to the court, judge, probation officer, child welfare worker and/or district attorney. In the case of court-ordered or otherwise referred batterers, a written report to the court or referring agency shall be submitted within seven (7) business days of the following events:
- (A) Acceptance into the program including, but not limited to, a summary of the results of the initial assessment. Rejection or denied admission to the program including, but not limited to, a summary of the results of the initial assessment, reason for rejection or denial, and any alternative service recommendations; and
- (B) Reasonable knowledge or suspicion of illegal activities or bodily harm, abuse or a threat of such, to the victim, children or to third persons; and
- (C) Exit from the program including, but not limited to, the service termination report which shall summarize the type of termination and reason for termination.
- (i) **Rejection.** Reasons for rejection shall be documented and include, but are not limited to: psychiatric history, including active or recent mental health related problems; criminal record of violent crimes; chemical dependency requiring completion of an inpatient or residential treatment program; inability to function in a group due to limited mental cognitive abilities; or needs that do not match services provided by this program;
- (ii) **Involuntary termination.** Reasons for involuntary termination shall be documented and include, but are not limited to: recurrence of violence; arrest; absences from program sessions and activities; failure to actively participate in group sessions attended; attending a group session when under the influence of alcohol or drugs; violation of any rules of the program or violation of the BIP contract. Termination from a program terminates any and all credits accumulated by said batterer.
- (iii) **Completion.** Upon completion of the program, an exit interview and service termination report shall be completed and documented in the client record. It shall be documented that the client participated in planning for the client's exit from the program. The client and staff shall sign and date acknowledgment of this service or an explanation shall be documented if staff is unable to obtain the client's signature. The service termination report shall include a disclosure stating that completion of the batterer's intervention program does not indicate that the client will not re-offend; it is a report that the person has completed the necessary requirements of the certified program without any other known or reported re-offending during the time of enrollment in the program.
- (5) All reports shall include specific lethality risk indicators that the court may want to seriously consider and any concerns for the safety of victims, children and/or others.
- (6) All reports shall include any perceived areas of concern which may include, but are not limited to, substance abuse or mental health issues.
- (7) Where required information is not obtained, efforts to comply with the requirements of this subsection shall be documented in the client record.
- (8) Compliance with this 75:25-3-4 shall be determined by a review of client records for content, review of program policy and procedures, or other supporting program documentation.

## 75:25-3-4.2. Victim safety and confidentiality [AMENDED]

---

# Permanent Final Adoptions

- (a) **Victim Safety.** Whereas confidentiality is a fundamental underpinning of services for victims of domestic violence, limited confidentiality is critical in batterer's intervention services. Victim safety shall supersede all consideration of ~~batterer~~client confidentiality for court referred and non-court referred clients.
- (b) There shall be a written, cooperative, accountable working relationship between the batterers intervention program and the local OAG certified DVSA victim service provider(s) so potential victims and others are warned of imminent danger.
- (c) Initial victim and current partner (if different from the victim) notification shall be attempted via telephone when the ~~batterer~~client has been accepted or denied admission to the program. Efforts to locate and notify the victim, current partner or the victim's advocate shall be attempted at least three (3) times within 7 business days of acceptance or rejection to the program. Upon making contact with the victim and current partner, the victim and current partner shall be informed of OAG certified victim services, notified of the assessment results, reason for rejection if applicable, perceived areas of concern which may include, but are not limited to substance abuse and/or mental health concerns, and specific lethality risk indicators. Efforts shall be documented in a separate file, which may include an electronic file. All victim and partner information shall be confidential and shall not be disclosed to the ~~batterer~~client or documented in the ~~batterer's~~client's file.
- (d) After the initial victim and current partner notification, the batterer's intervention program shall maintain contact with the victim or partner at the victim or partner's discretion. If the victim or partner elects not to receive and/or provide information, the program is still required to notify the individual in the case of imminent threat or danger to the victim or partner's safety, or that of any other persons.
- (e) If the victim and partner (if different than the victim) elects to receive information after initial notification by the program, at a minimum, notification is required when:
- (1) the ~~batterer~~client begins attending the intervention program;
  - (2) the ~~batterer~~client terminates the intervention program for completion or other reasons, such as noncompliance; and
  - (3) there is an imminent threat or danger to the safety of persons or animals.
- (f) The efforts to locate and notify the victim and current partner (if different than the victim) shall be documented.
- (g) Compliance with 75:25-3-4.2 shall be determined by a review of program policy and procedures; client records; service agreements; and /or other program documentation.

## SUBCHAPTER 5. PERSONNEL AND VOLUNTEERS

### PART 5. TRAINING

#### **75:25-5-21. Personnel training, batterers intervention services [AMENDED]**

- (a) Personnel facilitating batterers intervention groups shall minimally have a graduate degree in a behavioral health or criminal justice related field and one-year related work experience, have a Bachelor's degree in a behavioral health or criminal justice related field and two years related work experience, or have been employed as a facilitator in a certified batterers intervention program prior to July 1, 2008.
- (b) A certified batterers intervention program shall contract with or employ a qualified licensed professional as defined in 75:25-1-3 under "Counseling" for purposes of providing case consultation to personnel facilitating batterers intervention groups for client mental health and substance abuse issues. All BIP staff, BIP volunteers, BIP contractors, and BIP program supervisors shall complete batterers intervention facilitator orientation training sponsored by the Oklahoma Office of the Attorney General within six months of employment or volunteer service.
- (c) Prior to providing any direct services, personnel facilitating batterers intervention services shall observe a minimum of 12 batterers intervention group sessions from an OAG certified program, and must complete 20 hours of training that includes, but is not limited to:
- (1) causes and dynamics of domestic violence;
  - (2) identification of cultural and social influences that contribute to violence;
  - (3) identification of coercive behavior;
  - (4) coercive sexual behavior;
  - (5) impact of domestic violence on children and the dynamics of the batterer as a parent;
  - (6) basic defense mechanisms of batterers that promote deception, distortion and misrepresentation of the facts of the domestic abuse and the experience of the victim; and
  - (7) Lethality indicators and assessment procedures such as:
    - (A) perceived loss of control over the victim through separation, divorce, victim fleeing,
    - (B) extreme jealousy,

# Permanent Final Adoptions

---

- (C) escalation of abuse,
- (D) acts of abuse,
- (E) suicide/homicide threats, plan to carry out either of above,
- (F) use of, or threat to use weapon (especially a gun),
- (G) strangulation,
- (H) stalking,
- (I) history of mental health problems, substance abuse,
- (J) history of sexual abuse of victim or children,
- (K) kidnapping of partner,
- (L) unemployment; and
- (M) abuse or cruelty to animals
- (8) the effects of alcohol and drug use/abuse and domestic violence;
- (9) exploring myths and beliefs about domestic violence, including myths about provocation;
- (10) impact of domestic violence on victims;
- (11) batterers who re-offend;
- (12) group dynamics and group structure;
- (13) planning for non-violence and victim and dependent safety;
- (14) power and control;
- (15) facilitator boundaries and collusion with the ~~batterer~~ client;
- (16) providing safe victim and/or partner contact; and
- (d) Personnel who provide batterers intervention service may not provide services for the victim that may result in a conflict of interest.
- (e) Personnel who provide batterers intervention must declare in writing that they are:
  - (1) violence free in their own lives,
  - (2) not abusing drugs or alcohol, and
  - (3) seeking to rid themselves of sexist attitudes.
- (f) Compliance with 75:25-3-21 shall be determined by:
  - (1) Review of program's policy and procedures.
  - (2) Review of program's training records and other provided documentation of staff training.
  - (3) Review of personnel records.

## SUBCHAPTER 9. TECHNOLOGY

### 75:25-9-1. Technology and system plan [AMENDED]

- (a) The agency shall have a written plan regarding the use of technology to support and advance effective and efficient service and business practices. The plan shall include, but not be limited to:
- (1) Hardware and software.
  - (2) Security.
  - (3) Confidentiality.
  - (4) Backup policies.
  - (5) Assistive technology.
  - (6) Disaster recovery preparedness.
  - (7) Virus protection.
- (b) Compliance with ~~75:25-9-1~~ this section shall be determined by a review of the facility policies, performance improvement plans and technology system plan.

## SUBCHAPTER 11. CODE OF PROFESSIONAL ETHICS [NEW]

### 75:25-11-1. Applicability [NEW]

This section is applicable to batterers intervention programs certified by the OAG pursuant to 74 O.S.2021, §§ 18p-1–18p-10.

### 75:25-11-2. Code of Professional Ethics [NEW]

(a) Employees and volunteers of Attorney General certified batterers intervention programs pursuant to 74 O.S. § 18p-1 et seq. have an ethical obligation to victims, their clients, their community, and their profession.

---

# Permanent Final Adoptions

(b) Each program shall have a written Code of Professional Ethics that includes behavioral expectations and underlying philosophy set forth in subchapter 1, section 2.1 of this chapter, providing for ethical standards including, but not limited to, the following ethical standards:

- (1) Victim Safety, including collaborating and consulting with domestic violence victim advocates;
- (2) Confidentiality and Privacy, including legal and ethical obligations to clients with respect to internal and external entities, and safe and responsible victim contact;
- (3) Guiding Values, including engaging in a coordinated community response, integrity, non-judgment, respect for people's rights and dignity;
- (4) Professional Competence, including knowledge, skills, experience, evidence-based and trauma-informed practices, cultural responsiveness, ongoing education, scope of competence, and duty to report the unethical conduct of colleagues to supervisors;
- (5) Professional-Client Relationships, including boundaries, avoiding collusion with clients and system partners, dual relationships, and conflicts of interest; and
- (6) Social Responsibility, including non-discrimination, and fostering anti-oppressive, equitable, inclusive, safe, trauma responsive, non-violent environments.

(c) Compliance with 75:25-10-2 shall be determined by a review of the written program policies and procedures, personnel files, training records, and/or other program documentation.

**GIST/ANALYSIS:**

The Board proposes these rule changes to eliminate the tiered system of eligibility for applicant entities and stated scoring rubrics for evaluating applications, allowing the Board to exercise its judgment and authority with maximum flexibility. Such flexibility will permit the Board to structure funding rounds in a way that is most efficient and logical. Also, notifications from applicants will be directed to the Board rather than a director.

**CONTACT PERSON:**

Thomas R. Schneider, Deputy General Counsel, [thomas.schneider@oag.ok.gov](mailto:thomas.schneider@oag.ok.gov).

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF JULY 11, 2025:**

## SUBCHAPTER 3. OPIOID ABATEMENT GRANTS

### **75:50-3-1. Opioid grant application process [AMENDED]**

- (a) The Board shall provide the Application on the Office of the Attorney General's website. The Attorney General may, acting on behalf of the board, digitize the entire application process.
- (b) Applications will be reviewed by the Board, which will allocate funds consistent with the requirements under the Act ~~and subchapter 2, section 1, subsection c of this chapter.~~
- (c) The Board may delegate review of completed applications to the Office of the Attorney General and to whomever it finds qualified, capable, and possessing necessary capacity.
- (d) Applicants shall sign and return to their completed applications to the Office of the Attorney General via mail or by electronic means as determined by the Office of the Attorney General.
- (e) Public trusts shall submit the most recent copy of their declaration of trust or trust indenture with their application.
- (f) Applicants must submit data correlating to any criteria requested by the Board, ~~including the criteria set forth subchapter 2, section 1, subsection c.~~
- (g) Grant applicants must apply for a grant award using the procedures, forms, and certifications prescribed by the Board. Any incomplete applications or applications lacking in sufficient detail may be returned to the applicant for completion, corrections, or supplementation. In the event an application remains incomplete or lacking in sufficient detail, the Attorney General may deny the application on the Board's behalf. The applicant submitting the denied application may then appeal the decision to the Board pursuant to section 5 of this subchapter.
- (h) Each grant applicant must designate an authorized official and must submit to the Board or its designee, the following:
  - (1) a resolution from the grant applicant's governing body that, at a minimum, designates an authorized official to act on the grant applicant's behalf and authorizes the authorized official to submit a grant application;
  - (2) the authorized official's title, mailing address, telephone number, and email address; and
  - (3) the grant applicant's physical address.

# Permanent Final Adoptions

- (i) A grant applicant or grant recipient must notify the ~~director~~Board as soon as practicable of any change in the information provided under subsection (a) of this section. If there is a change of authorized official, a grant applicant or grant recipient must also submit to the ~~director~~Board a new resolution from the grant applicant's governing body that, at a minimum, designates an authorized official to act on the grant applicant's behalf.
- (j) Multiple (two or more) applicants may submit a joint application reflecting a collaborative and coordinated effort or project and will be eligible for a joint grant award in an amount as determined by the Board as described in section 3, subsection f of this subchapter and Appendix F.

## 75:50-3-3. Maximum grant awards [AMENDED]

- (a) The amount of a grant award is determined solely in the discretion of the Board. The Board is not required to fund a grant in the amount requested by the Applicant. Maximum grant awards are based on an applicant's population or enrollment as established by the Board for each round of grant funding and will fall into one of three respective tiers, with Tier 1 being for the smallest in population or enrollment and Tier 3 being the largest in population or enrollment.
- ~~(b) Applicant counties shall be eligible for grant award amounts as set forth in Appendix B.~~
- ~~(c) Applicant municipalities shall be eligible for grant award amounts as set forth in Appendix C.~~
- ~~(d) Applicant common education school districts shall be eligible for grant award amounts as set forth in Appendix D.~~
- ~~(e) Applicant technology school districts shall be eligible for grant award amounts as set forth in Appendix E.~~
- ~~(f) If two or more applicants submit a joint application as a collaborative effort or project, the joint effort or project(s) shall be eligible for grant award amounts as set forth in Appendix F.~~
- ~~(g)(b).~~ The total population or enrollment for applicants that are public trusts solely benefiting one or more eligible participants shall be eligible based on the subdivision(s) they benefit. If a public trust benefits more than one type of political subdivision, the public trust will be eligible for maximum available funding under the tier appendix for which the majority of its beneficiary-political subdivisions are.
- ~~(h)(c).~~ A public trust's population or enrollment will be limited to the population or enrollment of the subdivision(s) that the public trust benefits as set forth in the declaration of trust or trust indenture.
- ~~(i)(d).~~ An interlocal cooperative formed under title 70 of the Oklahoma Statutes that is determined to be a local educational agency will be considered a school district, as that term is defined in 51 O.S. § 152.
- ~~(j) The Board reserves its discretion to award an amount greater than the proposed maximum available funding amounts in Appendices B-F under the following circumstances:~~
- ~~(1) An applicant demonstrates extraordinary need for opioid abatement funding resources, warranting a reasonable increase; or~~
  - ~~(2) sufficient funds remain available for increasing award amounts as may be determined by the Board, subject to the Board's due diligence in evaluating applications.~~

## 75:50-3-4. Application review and disbursement process; allowable costs [AMENDED]

- (a) Grant applications may be reviewed according to the following process: (1) initial screening, (2) peer review, and (3) Board review and approval. Applications submitted to the Board shall be scored using the scoring system determined by the Board for each round of grant funding ~~rubric in Appendix G.~~
- (b) The Board shall conduct disbursement of opioid grant awards from the Revolving Fund.
- (c) In awarding opioid abatement grants, the Board shall determine grant awards based the criteria set forth in subchapter 2, section 1, subsection c of this chapter and any other criteria it deems necessary and appropriate for the proper and wise use of opioid funds. This criteria may be included in the scoring rubric system or in the Board-approved application.
- (d) Following approval of grant amounts, all recipients shall receive a copy of the Contract, which they must complete and return to the Office of the Attorney General prior to receiving a disbursement of funds. The Contract can be returned by mail or electronic means as determined by the Office.
- (e) Recipients shall receive their grant award in the form of equal quarterly distributions.
- (f) Applicants may request the first two payments be combined in their application submission to provide start-up funding for their project or abatement plan. The remaining balance of the grant award will disbursed in the same manner set forth in subsection e of this section.
- (g) The Board shall set the grant term in a public cast and recorded vote at a properly noticed meeting.
- (h) For good cause shown, Recipients in good fiscal and programmatic standing may request the Board to authorize a one-time carryover of up to forty percent (40%) of their grant award distributions following the expiration of the initial grant term. To be considered for a carryover authorization, the Recipient must submit a written request no later than 120 calendar days prior to expiration of the initial grant term, which must include:
- (1) a timeline of events beginning on the date of grant award;
  - (2) a detailed explanation why the grant project is not expected to be completed within the grant term; and

# Permanent Final Adoptions

---

(3) if applicable, supporting documentation demonstrating good cause.

(i) Grant funds may not be used for costs that will be reimbursed by another funding source. The Board may require a grant recipient to demonstrate through accounting records that funds received from another funding source are not used for costs that will be reimbursed by the Board.

## **75:50-3-7. Grant award quarterly reporting, oversight, and compliance [AMENDED]**

(a) The grant recipient is responsible for managing the day-to-day operations and activities supported by the grant agreement and is accountable to the Board for the performance of the grant agreement, including the appropriate expenditure of grant award funds and all other obligations of the grant recipient. The grant recipient must maintain a sound financial management system that provides appropriate fiscal controls and accounting procedures to ensure accurate preparation of reports required by the grant agreement and adequate identification of the source and application of grant funds awarded to the grant recipient. Grant recipients must comply with:

(1) the terms and conditions of the grant agreement;

(2) all applicable state or federal statutes, rules, regulations, or guidance applicable to the grant award. A grant recipient is the entity legally and financially responsible for compliance with the grant agreement, and state and federal laws, rules, regulations, and guidance applicable to the grant award.

(b) The Attorney General will, on behalf of the Board, maintain oversight and monitor compliance of expenditures by Recipients to ensure that any use complies with approved purposes as defined under the Act. As a part of the oversight and monitoring, the Attorney General and Board may conduct desktop or on-site reviews. During an on-site review, a grant recipient must provide the Board or Attorney General with access to all records, information, and assets that the Board or Attorney General determines are reasonably relevant to the scope of the on-site review.

(c) At a minimum, Recipients will be monitored through a quarterly reporting process.

(d) The Board shall utilize the Political Subdivision Opioid Abatement Grant Award Quarterly Reporting Form ("Form") to maintain oversight and confirm compliance with the Act. All Recipients must submit quarterly reports using the Form in order to continue receiving or using opioid grant award proceeds. ~~The Form shall be provided on the website of the Oklahoma Office of the Attorney General.~~ Completed quarterly reports shall be returned to the Office of the Attorney General via mail or by electronic means as determined by the Office of the Attorney General. Quarterly reports shall be due on the last day of the month immediately following the conclusion of a quarter. If an opioid grant award is received during a quarter, a recipient is not required to submit a report for the remainder of the initial quarter until the conclusion of the next quarter for which reports for the initial quarter and the first full quarter shall be due.

(e) For the purposes of this chapter, quarters shall run by calendar year. January, February, and March shall be Quarter 1; April, May, and June shall be Quarter 2; July, August, and September shall be Quarter 3; and October, November, and December shall be Quarter 4.

(f) At the Board's discretion and at any time, the Board, may request any additional data and reporting information that the Board deems necessary to substantiate that grant funds are being used for the intended purpose and that the grant recipient has complied with the terms, conditions, and requirements of the grant agreement. Further, at the Board's discretion and at any time, the Board may request any records from or audit the books and records of a grant recipient or conduct an on-site review at a grant recipient's location to verify that the grant recipient has complied with the terms, conditions, and requirements of the grant agreement, and any applicable laws, rules, regulations, or guidance relating to the grant award. If it is determined that a Recipient is using opioid grant award proceeds out of compliance with Board procedures or has utilized such proceeds for non-approved purposes, the Board authorizes the Attorney General to immediately suspend the Recipient's use of the grant award proceeds and notify the Recipient.

(g) The Board may resume disbursements to the non-compliant recipient once it has determined the recipient has adequately remedied the cause of such suspension.

(h) For the purposes of the Act, an adequate remedy may include, but not be limited to the following:

(1) refunding an amount equal to the amount spent on nonapproved purposes or a reduction to future disbursements in the amount equal to the amount spent on nonapproved purposes.

(2) reducing or terminating a grant when the Recipient is found to be noncompliant, the Recipient and Board agree to the reduction or termination of a grant award, when grant funds are no longer available to the Board, or if conditions exist that make it unlikely that objectives of the grant award will be accomplished; or

(3) other remedies available under applicable laws, rules or regulations.

(i) The Board authorizes the Attorney General to negotiate adequate remedies with non-compliant recipients for presentation and approval by the Board.

APPENDIX G. SCORING RUBRIC [REVOKED]

Applications should be scored based on their demonstration of evidence provided in each of the criteria. Reviewers should look for evidence that the application will support abatement of the opioid epidemic within the political subdivision. Reviewers should ensure that the proposed use of funds aligns with both the statutorily approved purposes and the need as expressed in the application. Applications should demonstrate a clear need for opioid abatement, provide a compliment to any existing programs within the community and a plan for ensuring funds are managed, spent and reported transparently and efficiently in accordance with the grant terms and restrictions.

Criteria	Total Points Available	Point Values			
<b>Use of Funds</b> (Question 11)	20 points	0 Narrative shows no use of funds for abatement	10 Weak use of funds for abatement	15 Good use of funds for abatement	20 Strong use of funds for abatement
<b>Demonstrated Need for Funds</b> (Question 12)	25 points	0 No justification	10 Limited justification	18 Adequate justification	25 Strong justification
<b>Capacity for Implementation</b> (Question 13)	15 points	0 No capacity for project management	5 Weak capacity for project management	10 Good capacity for project management	15 Strong capacity for project management
<b>Evidence Base for Proposed Projects</b> (Question 14)	25 points	0 No evidence of future success	10 Weak evidence of future success	15 Good evidence of future success (evidence-informed)	25 Strong evidence of future success (evidence-based)
<b>Community Partnership and Support</b> (Question 15)	15 points	0 No alignment with existing community efforts	5 Weak alignment with community efforts	10 Moderate alignment with community efforts	15 Strong alignment with community efforts

---

## GIST/ANALYSIS:

These amendments primarily reflect statutory changes resulting from the passage of Senate Bill 1709, 2024 Okla. Sess. Laws ch. 339, which transferred the State Office of the Long-Term Care Ombudsman from the Department of Human Services ("OKDHS") to the Office of the Attorney General ("OAG"). The changes align authority under the Oklahoma Statutes and the Oklahoma Administrative Code and provide current and proper citation to legal authorities. Among other notable changes is the elimination of references to specific federal provisions. Instead, the rule amendments generally cite all relevant state and federal laws. As a result, there will be no future need to revise these rules if federal or state law changes. These rules eliminate the education and experience requirements for Area Agencies on Aging ombudsman supervisors. The rules also identify the pay band for the supervisors as set by the State's job catalog and pay bands for job classifications. Language is clarified throughout the rules, particularly in areas related to assurances and ethical guidelines for staff and volunteers, conflicts of interest, provision of information, and rules of procedure for appeals of refused or withdrawn designations of area programs and representatives.

Thomas R. Schneider, Deputy General Counsel, [thomas.schneider@oag.ok.gov](mailto:thomas.schneider@oag.ok.gov).

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF JULY 11, 2025:**

## SUBCHAPTER 1. GENERAL PROVISIONS

### 75:55-1-1. Purpose [AMENDED]

The purpose of this ~~Part~~Chapter is to describe the rules pertaining to the Office of the State Long-Term Care Ombudsman.

### 75:55-1-2. Definitions [AMENDED]

The following words and terms when used in this Subchapter shall have the following meaning unless the context clearly indicates otherwise:

**"Assistant Secretary"** means the Assistant Secretary for Aging; the administrative head of the Administration on Aging of the United States Department of Health and Human Services.

**"Business day"** means a consecutive eight-hour period of time when the Office of the State Long-Term Care Ombudsman (Office) is open for business.

**"Confidential information"** means all information that relates to specific individuals who live in long-term care facilities, complainants, and other informants including, but not limited to, names, identifying information, and all problem and complaint documentation.

**"Deputy state long-term care ombudsman" or "deputy ombudsman"** an individual employed by the Office to assist with management and operations and supervised by the State Long-Term Care Ombudsman (Ombudsman).

**"Designated entity"** means an agency, not-for profit business, or organization that the Ombudsman has designated in writing to host Office representatives.

**"Designation"** means the appointment of an agency, individual, or both, as the official Office representative.

**"Immediate family"** means a member of the household or a relative with whom there is a close personal or significant financial relationship.

**"Leave of absence"** means an ombudsman volunteer's excused absence from official duties not to exceed three months.

**"Long-term care facility"** means any nursing facility, specialized facility, residential care home, or assisted living center ~~per Sections 1-820, 1-890.2, and 1-1902 of Title~~authorized under title 63, sections 1-820, 1-890.2, and 1-1902 of the Oklahoma Statutes (O.S. 63 §§ 1-820, 1-890.2, and 1-1902).

(A) **"Nursing facility"** means a home, establishment, or institution primarily engaged in providing:

- (i) skilled nursing care and related services for residents;
- (ii) rehabilitation services; or
- (iii) on a regular basis, health-related care and services to individuals who because of mental or physical conditions require care and services beyond the level of care provided by a residential care home ~~per~~under title 63, O.S. §section 1-1902(9).

---

# Permanent Final Adoptions

(B) **"Residential care home"** means any establishment or institution other than an adult companion home, group home, hotel, motel, fraternity or sorority house, or college or university dormitory that offers, provides, or supports residential accommodations, food service, and supportive assistance to any of its residents; or houses any resident requiring supportive assistance who is not related to the owner or administrator of the home by blood or marriage. The resident must be ambulatory and essentially capable of participating in his or her own activities of daily living, and not routinely requiring nursing services ~~peras described in title 63, O.S. §section 1-820.121-820(12)(a).~~

(C) **"Specialized facility"** means any home, establishment, or institution that offers or provides inpatient long-term care services on a 24-hour basis to a limited category of persons requiring such services including, but not limited to, a facility providing health or habilitation services for persons who are living with intellectual or developmental disabilities ~~peras described in title 63, O.S. §section 1-1902(11).~~

(D) **"Assisted living center"** means any home or establishment offering, coordinating, or providing services to two or more persons who:

- (i) are domiciled therein;
- (ii) are unrelated to the operator;
- (iii) by choice or because of functional impairments, need assistance with personal care or nursing supervision;
- (iv) may need intermittent or unscheduled nursing care;
- (v) may need medication assistance; and/or
- (vi) may need assistance with transfer, ambulation, or both ~~peras set forth under title 63, O.S. §section 1-890.2(1).~~

**"Long-term care ombudsman"** means a person who receives and resolves complaints made by or on behalf of residents of long-term care facilities and is trained and designated as an official representative by the Office.

**"OAG"** means the Oklahoma Office of the Attorney General.

**"Office of the State Long-Term Care Ombudsman (Office)"** or **"Office"** means the office created within the Oklahoma ~~Department of Human Services (DHS)~~ Office of the Attorney General that carries out the Long-Term Care Ombudsman Program per the Older Americans Act (~~OAA~~) of 1965, as ~~Amended~~ amended, and per federal regulations under the auspices and general direction of the state long-term care ombudsman.

**"OAA"** means the Older Americans Act of 1965, including the original enactment (Pub. L. No. 89-73 ) and any subsequent amendments.

**"Planning and Service Area (PSA)"** or **"PSA"** means a geographic area specified by ~~DHS~~ per Section 305(a)(1) (E) of the ~~Older Americans Act OAA~~ (OAA) of 1965, as ~~Amended~~ amended for purposes of planning for and serving the needs of individuals 60 years of age and above.

**"Representative"** means the employee or volunteer designated by the Ombudsman to fulfill duties ~~per Oklahoma Administrative Code (OAC) 340:105-11-234~~, whether personnel supervision is provided by the Ombudsman or designees or by an agency hosting a local ombudsman entity designated by the Ombudsman ~~per OAC 340:105-11-234~~.

**"Resident representative"** means:

(A) an individual chosen by the resident to act on his or her behalf in order to support the resident in decision-making; accessing the resident's:

- (i) medical, social, or other personal information;
- (ii) managing financial matters; or
- (iii) receiving notifications;

(B) a person authorized by state or federal law including, but not limited to, agents under power of attorney, representative payees, and other fiduciaries to act on the resident's behalf in order to support him or her in:

- (i) decision-making;
- (ii) accessing the resident's medical, social, or other personal information; and/or
- (iii) managing financial matters; or receiving notifications;

(C) a legal representative as used in Section 712 of the OAA; or

(D) the resident's court-appointed guardian or conservator. This definition is not intended to expand the authority of any resident representative beyond that specifically authorized by the resident, state or federal law, or a court of competent jurisdiction.

**"State long-term care ombudsman"** or **"Ombudsman"** means the individual who heads the Office and is personally responsible or responsible through Office representatives to fulfill the functions, responsibilities, and duties ~~per OAC 340:105-11-232 and 340:105-11-233.~~

# Permanent Final Adoptions

---

"State Long-Term Care Ombudsman Program" or "Program" means the program carried out and consisting of the Ombudsman, Office, and Office representatives.

"Willful interference" means actions or inactions taken by an individual ~~or entity in an attempt~~ attempting to intentionally prevent, interfere with, or attempt to impede the Ombudsman or an Office representative from performing any program functions or responsibilities ~~per O.S. 63 § 1-2215 or duties per OAC 340:105-11~~ federal or state law.

## **75:55-1-3. Oklahoma Department of Human Services (DHS) Office of the State Long-Term Care Ombudsman responsibilities [AMENDED]**

(a) The ~~DHS Office of the State Long-Term Care Ombudsman (Office)~~ establishes and operates a statewide Long-Term Care Ombudsman Program consistent with the Older Americans Act and Oklahoma Long-Term Care Ombudsman Act requirements. ~~DHSOAG~~ provides monitoring including, but not limited to, fiscal monitoring where the Office and/or local ombudsman entity is organizationally located within, under contract, or by other arrangement. ~~DHSOAG~~ monitors and ensures the State Long-Term Care Ombudsman (~~Ombudsman~~) is the head of a unified statewide ~~State Long-Term Care Ombudsman Program (Program)~~ ombudsman program. With ~~DHSOAG~~ assistance, the Office:

- (1) identifies, investigates, and resolves complaints made by, or on behalf of, residents of long-term care facilities that relate to action, inaction, or decisions of providers, or long-term care services provider representatives, public agencies, or health and social services agencies that may adversely affect the health, safety, welfare, or residents' rights including the welfare and rights of residents with respect to the appointment and activities of guardians and representative payees;
- (2) informs residents about obtaining services provided by the Program;
- (3) ensures residents have regular and timely access to the services provided through the Program;
- (4) ensures residents and complainants receive timely responses from Office representatives on information and complaint requests;
- (5) represents residents' interests before governmental agencies;
- (6) ensures individual residents have access to and can pursue, as the Ombudsman determines necessary and consistent with resident interests, administrative, legal, and other remedies to protect the resident's health, safety, and welfare;
- (7) provides administrative and technical assistance to Office representatives and agencies hosting local ombudsman entities;
- (8) analyzes, comments on, and monitors the development and implementation of federal, state, and local laws, regulations, and other governmental policies and actions that pertain to the health, safety, welfare, and resident's rights with respect to long-term care facilities and services in the state. The Office:
  - (A) recommends changes in such laws, regulations, policies, and actions as appropriate;
  - (B) facilitates public comment on the laws, regulations, policies, and actions; and
  - (C) provides leadership to statewide systems advocacy efforts on behalf of long-term care facility residents including coordination of systems advocacy efforts carried out by Office representatives;
- (9) provides information to public and private agencies, legislators, the media, and others, as deemed necessary by the Office, regarding the problems and concerns of individuals residing in long-term care facilities including recommendations related to such. Such determinations and positions are those of the Office and do not necessarily represent ~~DHSOAG~~ determinations or positions;
- (10) when carrying out systems advocacy efforts on behalf of long-term care facility residents and pursuant to the receipt of grant funds under the Older Americans Act, the provision of information, recommendations of changes in law to legislators, and recommendations of changes in regulations and policies to government agencies by the Ombudsman or Office representatives does not constitute lobbying activities per Part 93 of Title 45 of the Code of Federal Regulations;
- (11) coordinates with and promotes the development of citizen organizations consistent with the residents' interests;
- (12) promotes and provides technical support for the development of ongoing support requested by residents and family councils to protect the residents' well-being and rights;
- (13) provides training for staff and volunteers and promotes the development of citizen organizations to participate in the Program;
- (14) carries out other activities consistent with the requirements of this Part the Assistant Secretary for Aging determines appropriate;
- (15) establishes procedures for appropriate access by the Ombudsman and designated representatives to long-term care facilities, appropriate private access to residents, and appropriate access to residents' personal and medical records;

---

## Permanent Final Adoptions

(16) establishes procedures to protect the confidentiality of records and ensures that the identity of any resident or complainant is not disclosed without the resident's or complainant's consent, or upon court order;

(17) establishes a statewide uniform reporting system to collect and analyze information on complaints and conditions in long-term care facilities for the purpose of identifying and resolving significant problems. The Ombudsman must submit this information to the state agency responsible for licensing or certifying long-term care facilities and to the Assistant Secretary for Aging in the manner prescribed;

(18) independently develops and provides final approval of an annual report describing the activities carried out by the Office in the year for which the report is prepared. The annual report:

- (A) contains data and findings regarding the types of problems experienced and complaints made by or on behalf of individuals residing in long-term care facilities;
- (B) provides policy, regulatory, and legislative recommendations to solve problems and complaints, to improve the quality of care and life in long-term care facilities;
- (C) includes analysis of the Program's success and success in providing services to residents of long-term care facilities;
- (D) describes barriers that prevent optimal Program operation;
- (E) is available to the public and is submitted to:
  - (i) the Assistant Secretary for Aging;
  - (ii) the state chief executive officer;
  - (iii) the state legislature;
  - (iv) the state agency responsible for licensing or certifying long-term care facilities; and
  - (v) other appropriate governmental entities;

(19) ensures that no officer, employee, or designated representative is subject to a conflict of interest; and

(20) plans and operates the Program, considering the stakeholders' views.

(b) ~~DHSOAG~~ ensures:

- (1) the Office is a distinct entity, separately identifiable, and located within or connected to ~~DHSOAG~~;
- (2) the Ombudsman serves on a full-time basis. ~~Oklahoma Administrative Code 340-105-11~~ Title 75, chapter 55 of the Oklahoma Administrative Code includes constitutes the entirety of the ombudsman's work that provides Office leadership and management, functions, responsibilities, and duties;
- (3) the Office and its representatives are not required or requested to be responsible for leading, managing, or performing the work of non-ombudsman services or programs except on a time-limited, intermittent basis;
- (4) individuals involved in the designation of the Ombudsman, by appointment or otherwise, or the designation of the head of any subdivision of the Office are not subject to conflicts of interest;
- (5) mechanisms are in place to identify and remedy any conflicts, such as conflicts of interest;
- (6) adequate legal counsel, free from conflict of interest is available to the Office for advice and consultation. legal representation is provided to Office representatives against whom suit or other legal action is brought in connection with the performance of such representative's official duties;
- (7) the Office has the ability to pursue administrative, legal, and other appropriate remedies on behalf of long-term care facility residents;
- (8) the Ombudsman meets minimum qualifications that include, but are not limited to, demonstrated expertise in:
  - (A) long-term services and supports or other direct services for older persons or individuals with disabilities;
  - (B) consumer-oriented public policy advocacy;
  - (C) leadership and program management skills; and
  - (D) negotiation and problem resolution skills;
- (9) the Ombudsman has authority to recommend policies and procedures. ~~DHSOAG~~ policies and practices do not prohibit the Ombudsman from performing functions and responsibilities per federal law and rules;
- (10) entities hosting a local ombudsman must not have personnel policies or practices that prohibit Office representatives from performing Program duties or from adhering to federal or state laws and rules;
- (11) the Ombudsman monitors the performance of local entities designated to carry out Program duties;
- (12) processes are in place by which the agencies hosting local ombudsman entities coordinate with the Ombudsman in the employment or appointment of Office representatives;
- (13) standards are in place to prioritize abuse, neglect, exploitation, and time-sensitive complaints and consider the severity of the risk to the resident, the imminence of the threat of harm to the resident, and the opportunity for mitigating harm to the resident through Program services; and

# Permanent Final Adoptions

---

(14) procedures are in place clarifying appropriate fiscal responsibilities of the local ombudsman entity including, but not limited to, clarifications regarding access to programmatic fiscal information by appropriate Office representatives.

## 75:55-1-4. Office of the State Long-Term Care Ombudsman policies and procedures [AMENDED]

~~Per the Older Americans Act of 1965, as Amended~~ As required by the OAA, the Office of the State Long-Term Care Ombudsman (Office) is established within the ~~Oklahoma Department of Human Services (DHS)~~ OAG to carry out a statewide Long-Term Care Ombudsman Program (Program) under ~~DHS~~ OAG direct supervision and administration.

- (1) Office consists of the State Long-Term Care Ombudsman (Ombudsman) and program and support staff.
- (2) Specific staffing requirements for each area Program are in accordance with ~~DHS~~ OAG administrative and funding procedures.
- (3) The area entity designated to provide ombudsman services must provide an adequate allocation of funds to operate the local program. Costs incurred include, but are not limited to:
  - (A) reimbursement of ombudsman supervisors' and ombudsman volunteers' travel costs, including travel to and from assigned facilities and required meetings;
  - (B) identification badges; and
  - (C) incidental costs related to trainings and meetings including awards and certificates.
- (4) Designated area ombudsman staff representatives are organizationally-located within public or non-profit private entities.
- (5) Selection of area ombudsman staff representatives is made by the director of the designated area ombudsman entity, with input and recommendations from state Ombudsman staff during the interview process, and subject to Ombudsman approval.
  - (A) For the purpose of review of qualifications, criminal background checks, and conflict of interest issues, the Office has access to applications, resumes, and other personnel information related to applicants and incumbents in area ombudsman staff positions.
  - (B) State Ombudsman staff is involved at the Ombudsman's discretion in applicant interviews for area ombudsman staff positions as members of an interviewing team. Upon conclusion of the interview process, there is opportunity for discussion and recommendations.
  - ~~(C) Merit hiring standards are adhered to throughout the hiring process per Part 900 of Title 5 of the United States Code.~~
  - ~~(D)~~ (C). Employment of area ombudsman staff is probationary pending the individual's satisfactory training completion.
- (6) The Ombudsman investigates allegations of misconduct by Office representatives in the performance of Program duties and, as applicable, coordinates investigations with ~~DHS~~ OAG, the agency hosting the local ombudsman entity, and/or the local ombudsman entity.
- (7) The Ombudsman determines the use of the fiscal resources appropriated or otherwise available to operate the Office. The Ombudsman approves the allocations of federal and state funds provided to such entities, subject to applicable federal and state laws and policies. The Ombudsman determines Program budgets and expenditures and those local ombudsman entities are compliant with laws, policies, and procedures governing the Program.

## 75:55-1-5. Grievance process [AMENDED]

~~The Office of the State Long-Term Care Ombudsman (Office) per Part 1327.11 of Title 42, section 1324.11 of the Code of Federal Regulations establishes a grievance process for the receipt and review of grievances regarding the determinations or actions of the State Long-Term Care Ombudsman (Ombudsman) and Office representatives.~~

- (1) Long-term care residents or legal representatives of residents who lack capacity to provide informed consent may ask the Ombudsman to review and reconsider complaint findings of designated representatives by submitting a request in writing or verbally to the Ombudsman or deputy ombudsman within 30-calendar days of the completion of an investigation. The Ombudsman or deputy ombudsman:
  - (A) completes a record review within 30-calendar days of the formal request;
  - (B) determines if the representative followed complaint processes ~~per Oklahoma Administrative Code (OAC) 340:105-11-237 and 340:105-11-237.1;~~
  - (C) places notation in the case record of his or her findings, initiates any needed action for resolution, and completes any warranted changes to the case documentation; and
  - (D) provides a copy of the findings to the resident or the resident's legal representative.

(2) When any grievance is related to the refusal or withdraw of designation by the ombudsman entity or staff representative, the resident or the resident's legal representative has a right to request a hearing within 10-calendar days of the written notice ~~per OAC 340:105-11-234(c).~~

### **75:55-1-6. Records, confidentiality, and disclosure [AMENDED]**

The Office of the Long-Term Care Ombudsman (Office) manages the Office State Long-Term Care Ombudsman Program (Program) files, records, and information, in physical, electronic, or other formats including information maintained by Office representatives and local ombudsman entities pertaining to Program cases and activities. Such files, records, and information are the property of the Office. Office and area ombudsman staff, ombudsman volunteers, and designated agencies uphold policies listed in this Section.

(1) No complaint, other confidential information, or records maintained by the Program may be disclosed unless the State Long-Term Care Ombudsman (Ombudsman) authorizes the disclosure.

(2) The Ombudsman or ombudsman representative does not disclose the identity of any complainant or resident unless the complainant or resident, or his or her legal representative consents:

(A) in writing to the disclosure and specifies to whom the identity may be disclosed;

(B) verbally and the Ombudsman documents the consent at the time consent is given; or through the use of auxiliary aids and services communication of informed consent may be made:

(i) in writing; or

(ii) verbally or visually; and

(iii) such consent must be documented contemporaneously by the Ombudsman or Office representative; or

(C) a court orders the disclosure.

(3) In accordance with federal law and regulation, the Ombudsman and Office representatives do not report suspected abuse, neglect, or exploitation of a resident when a resident has not communicated informed consent to such report. Except the Ombudsman or Office representative may refer confidential information and disclose resident-identifying information to the appropriate agency or agencies for regulatory oversight; protective services; access to administrative, legal, or other remedies; and/or law enforcement action when the circumstances in (4) of this Section are met.

(4) When a resident is unable to communicate his or her informed consent to the Ombudsman or Office representative, the Office may rely on the resident's designated representative's consent, so long as the Ombudsman or Office representative does not have reasonable cause to believe the resident representative is not acting in the resident's best interests or is the alleged perpetrator of the abuse, neglect, or exploitation.

(5) Inspection dates provided to the Program at any level, including Oklahoma State Department of Health inspections, are confidential per Section 1395i-3(g)(5)(B) of Title 42 of the United States Code (U.S.C.).

(A) Inspection dates and dates of other unannounced visits to facilities, including visits for the purpose of complaint investigation, are not posted or otherwise revealed.

(B) Federal law provides for a \$2,000 penalty for release of inspection dates per 42 U. S. C. § 1395i-3(g)(2) (A) (1) and Section 488.307 of Title 42 of the Code of Federal Regulations.

(6) Privacy is provided for complaint receipts by mail, phone, or personal interview to maintain confidentiality.

(7) All mail addressed to an ombudsman by name or title is delivered to the ombudsman unopened.

(8) Locked files are used to maintain confidential records. Access to such files is limited to designated area ombudsman representatives and Office staff.

### **75:55-1-7. Liability and legal counsel [AMENDED]**

The ~~Older Americans Act of 1965, as amended, OAA and Section 1-2214 of Title~~ title 63, section 1-2214 of the Oklahoma Statutes provide protections for designated representatives of the Office of State Long-Term Care Ombudsman (Office).

(1) For purposes of the Governmental Tort Claims Act, any state, area, or local volunteer long-term care ombudsman is deemed to be an employee of this state and not personally liable for any act or omission made within the scope of employment, as such term is defined by the Governmental Tort Claims Act.

(2) ~~The Oklahoma Department of Human Services~~ OAG ensures that adequate legal counsel is available to the Office for advice and consultation.

(3) Legal representation is provided to any representative of the Office against whom suit or other legal action is brought in connection with any act or omission of a representative made within the scope of employment.

(4) Any representative of the Office who wishes to request legal advice, consultation, or representation contacts the Office.

# Permanent Final Adoptions

---

## 75:55-1-8. Other policies [AMENDED]

(a) The rules in this ~~Part~~Chapter reflect compliance with ~~Older Americans Act~~OAA requirements under authority of state statute. ~~Section 1-2215 of Title 63 of the Oklahoma Statutes provides that:~~

- ~~(1) no person shall willfully interfere with a representative of the Office of the State Long-Term Care Ombudsman (Office) in the performance of official duties;~~
- ~~(2) no person shall engage in retaliation or reprisal against any resident or employee of a long-term care facility or other entity for having filed a complaint with or provided information to the Office; and~~
- ~~(3) any person convicted of violating any of these prohibitions shall be guilty of a misdemeanor.~~

(b) Any complaint alleging willful interference or retaliation or reprisal received by the Office shall be referred to the appropriate law enforcement entity, after consultation with legal counsel.

## SUBCHAPTER 2. COMPLAINTS

### 75:55-2-1. Complaint investigation [AMENDED]

The ~~State Long-Term Care Ombudsman Program (Program)~~ complaint mechanism functions at all levels with procedures for receipt, investigation, and resolution of problems and complaints.

(1) The ~~Office of the State Long-Term Care Ombudsman (Office)~~ staff:

- (A) receive complaints from all sources, including referrals from enforcement agencies and complaints from area ombudsman programs;
- (B) refer complaints to area ombudsman supervisors when appropriate;
- (C) investigate complaints directly or with ombudsman supervisors;
- (D) refer unresolved formal complaints to a regulatory or law enforcement agency, when appropriate;
- (E) assist other agencies in complaint resolution;
- (F) follow-up on complaint resolution and closure; and
- (G) may decline to investigate any complaint when:
  - (i) the complaint is frivolous or not made in good faith;
  - (ii) the complaint was made so long after the incident that it is no longer reasonable to conduct an investigation;
  - (iii) an adequate investigation cannot be conducted because of insufficient funds, insufficient staff, lack of staff expertise, or any other reasonable factor that would result in an inadequate investigation despite a good faith effort; or
  - (iv) an investigation by the Office would create a real or apparent conflict of interest.

(2) Area ombudsman supervisors:

- (A) receive complaints from all sources;
- (B) investigate complaints through on-site, unannounced visits to the facility or refer the complaints to ombudsman volunteers;
- (C) resolve complaints or refer the complaint in writing to ~~State Long-Term Care Ombudsman (Ombudsman)~~ staff when correction cannot be achieved at the area level, or when a regulatory or law enforcement agency's assistance is needed; and
- (D) follow-up on conditions identified through the complaint process.

(3) Ombudsman volunteers:

- (A) receive complaints and learn of problems from all sources;
- (B) investigate complaints through on-site, unannounced, routine weekly visitation to the assigned facility or refer complaints to an ombudsman supervisor for investigation;
- (C) resolve problems or complaints within the facility or refer to an ombudsman supervisor for resolution; and
- (D) follow-up on conditions through routine, weekly visitation with residents in the assigned facility.

### 75:55-2-2. Complaint processing [AMENDED]

(a) Regardless of the source of the complaint the ~~Office of the State Long-Term Care Ombudsman (Office)~~, State Long-Term Care Ombudsman (~~Ombudsman~~), and Office representatives serve long-term care facility residents to identify, investigate, and resolve complaints. The Ombudsman or Office representative investigates complaints including, but not limited to, abuse, neglect, or exploitation for the purposes of resolving the complaint to the resident's satisfaction and to protect the resident's health, safety, welfare, and rights. The Ombudsman or Office representative may identify, investigate, and resolve a complaint impacting multiple or all facility residents.

---

## Permanent Final Adoptions

(b) Regardless of the source of the complaint, including when the source is the Ombudsman or Office representative, the Ombudsman or Office representative must support and maximize resident participation in the complaint resolution process.

(1) The Ombudsman or Office representative must offer the resident privacy for confidentially purposes, when providing information and hearing, investigating, and resolving complaints.

(2) The Ombudsman or Office representative must discuss the complaint with the resident and resident representative when the resident is unable to communicate informed consent, to:

(A) determine his or her perspective;

(B) request informed consent to investigate the complaint;

(C) determine the resident's or his or her representative's perspective on complaint resolution including if the allegations are reported and, when so, if the Ombudsman or Office representative releases resident identifying information or other relevant information to the facility and/or appropriate agencies. Such report and disclosure is consistent with (b)(3) of this Section;

(D) advise the resident and resident representative of the resident's rights, when applicable;

(E) work with the resident or resident representative to develop a plan of action to resolve the complaint, when applicable;

(F) investigate the complaint to determine if the complaint can be verified; and

(G) determine if the complaint is resolved to the resident's or resident representative's satisfaction.

(3) When the resident is unable to communicate and does not have a representative to provide informed consent the Ombudsman or Office representative:

(A) takes appropriate steps to investigate and works to resolve the complaint in order to protect the resident's health, safety, welfare, and rights; and

(B) determines if the complaint was resolved to the complainant's satisfaction.

(4) To determine whether to rely on a resident representative to communicate or make determinations on the resident's behalf for complaint processing, the Ombudsman or Office representative ascertains the extent of the authority granted to the resident's representative under court order, by power of attorney, or other document the resident used to grant authority to the representative.

(c) The Ombudsman or Office representative may provide information regarding the complaint to another agency in order to substantiate the facts for regulatory, protective services, law enforcement, or other purposes so long as the Ombudsman or Office representative adheres to the disclosure requirements ~~per Oklahoma Administrative Code 340:105-11-243~~ provided by law. When the resident or resident representative:

(1) seeks regulatory, protective services, or law enforcement action and the Ombudsman or Office representative determines the resident or resident representative communicated informed consent to the Office, the Office assists the resident or resident's representative contact the appropriate agency and/or discloses the resident or resident's representative consent for such purposes; and

(2) is served by disclosing information to a facility representative ~~and/or~~ referrals to an entity other than those referenced in (c)(1) of this Section and the Ombudsman or Office representative determines the resident or resident representative communicated informed consent to the ~~State Long-Term Care Ombudsman Program (Program)~~, the Ombudsman or Office representative may:

(A) assist the resident or resident representative contact the appropriate facility representative or the entity;

(B) provide information on how a resident or representative may obtain a facility or entity contact information; and/or

(C) disclose the information the resident or resident's representative provided consent for to an appropriate facility representative or entity, consistent with Ombudsman Program procedures.

### SUBCHAPTER 3. CONFLICTS OF INTEREST

#### 75:55-3-1. Conflict of interest [AMENDED]

(a) An officer, employee, volunteer, or other representative of the Office ~~of the State Long-Term Care Ombudsman (Office)~~ may not be subject to a conflict of interest that has the potential to impair his or her official duties in an impartial manner and may not stand to gain financially through an action or potential action brought on behalf of persons the ~~State Long-Term Care Ombudsman Program (Program)~~ serves.

(b) A conflict of interest exists when any organizational or supervisory relationship, policy, action, or individual ombudsman's personal relationship, immediate familial relationship, or action conflicts with or impairs his or her responsibilities to investigate, resolve, or refer complaints or otherwise advocate for long-term care facility residents.

# Permanent Final Adoptions

---

- (c) No persons involved in the designation of the State Long-Term Care Ombudsman (~~Ombudsman~~), by appointment or otherwise, or the designation of the head of any designated entity may be subject to a conflict of interest.
- (d) Freedom from conflict of interest is established through interview of prospective Ombudsman staff and volunteers and through a signed statement in a form prescribed by the Office and other appropriate means.
- (e) Persons listed in this paragraph must complete and sign ~~Form 02OM001E~~, a form developed by OAG and the Office that includes a Conflict of Interest Statement ~~conflict of interest statement~~ and ~~Ethical Guidelines~~ ethical guidelines, annually and when there is any change of facility or area assignment by:
- (1) prospective and current Office staff;
  - (2) prospective and current ombudsman volunteers; and
  - (3) any other person involved in the direct operation of the Program.
- (f) Agencies must annually review ~~Form 02OM002E~~, a form developed by OAG and the Office that contains Freedom from Conflict of Interest Assurances ~~freedom from conflict of interest assurances~~, which must be signed annually by:
- (1) directors of designated entities or those seeking designation as local ombudsman entities; and
  - (2) directors of sponsoring agencies.

## 75:55-3-2. Organizational conflict of interest [AMENDED]

- (a) ~~The Oklahoma Department of Human Services (DHS)~~ OAG and the Office of the State Long-Term Care Ombudsman (~~Office~~) ~~State Long-Term Care Ombudsman (Ombudsman)~~ consider the organizational conflicts that may impact the effectiveness and credibility of the work of the Office. Organizational conflicts of interest include, but are not limited to, placement of the Office or requiring that an Ombudsman or Office representative perform conflicting activities in an organization that:
- (1) is responsible for licensing, surveying, or certifying long-term care facilities;
  - (2) is an association or an affiliate of such an association, of long-term care facilities or of any other residential facilities for older individuals or individuals with disabilities;
  - (3) has ownership or investment interest, represented by equity, debt, or other financial relationship in, or receives grants or donations from, a long-term care facility;
  - (4) has governing board members with any ownership, investment, or employment interest in long-term care facilities;
  - (5) provides long-term care to residents of long-term care facilities including the provision of personnel for long-term care facilities or the operation of programs that control access to or services for long-term care facilities;
  - (6) provides long-term care coordination or case management for residents of long-term care facilities;
  - (7) sets reimbursement rates for long-term care facilities;
  - (8) provides adult protective services;
  - (9) is responsible for eligibility determinations for residents of long-term care facilities regarding Medicaid or other public benefits;
  - (10) conducts preadmission screening for long-term care facility placements;
  - (11) makes admission or discharge decisions for individuals to or from long-term care facilities; or
  - (12) provides guardianship, conservatorship, or other fiduciary or surrogate decision-making services for residents of long-term care facilities.
- (b) **Removing or remedying organizational conflicts.** ~~DHS~~ OAG and the Ombudsman identify and take steps to remove or remedy conflicts of interest between the Office and ~~DHS~~ OAG or another entity carrying out the ~~Ombudsman Program~~ (~~Program~~).
- (1) The Ombudsman identifies organizational conflicts of interest in the Program and describes steps taken to remove or remedy conflicts within the annual report submitted to the Assistant Secretary for Aging through the National Ombudsman Reporting System.
  - (2) When the Office is located within or otherwise organizationally-connected to ~~DHS~~ OAG, DHS OAG:
    - (A) takes reasonable steps to avoid internal conflicts of interest;
    - (B) reviews and identify internal conflicts;
    - (C) takes steps to remove or remedy conflicts;
    - (D) ensures that no individual, or member of the immediate family of an individual, involved in the designating, appointing, otherwise selecting or terminating the Ombudsman is subject to a conflict of interest; and
    - (E) ensures the Ombudsman disclosed such conflicts and described steps taken to remove or remedy conflicts within the annual report submitted to the Assistant Secretary for Aging through the National Ombudsman Reporting System.

---

## Permanent Final Adoptions

(3) When ~~DHS~~OAG is unable to adequately remove or remedy a conflict, the Program is carried out by contract or other arrangement with a public agency or nonprofit private organization, ~~per Section 712(4)(a) of as required by the Older Americans Act, as Amended~~OAA.

(4) DHS may not enter into a contract or other arrangement to carry out the Program or operate the Office when the other entity:

- (A) is responsible for licensing, surveying, or certifying long-term care facilities;
- (B) is an association or an affiliate of such an association of long-term care facilities, or of any other residential facilities for older individuals or individuals with disabilities; or
- (C) has any ownership, operational, or investment interest, represented by equity, debt, or other financial relationship in a long-term care facility.

### 75:55-3-3. Conflict of interest remedies [AMENDED]

(a) **Volunteers.** When a conflict of interest is identified before designation, the volunteer is not certified in any facility in which the conflict of interest could be expected to affect performance. When a conflict of interest or potential conflict of interest involving a certified volunteer is identified, the ombudsman supervisor promptly notifies the Office ~~of the State Long-Term Care Ombudsman (Office)~~ to recommend withdrawal of designation, reassignment of the volunteer, or other appropriate action.

(b) **Paid ombudsman representatives.** No applicant for a paid ombudsman position, at any level of the program, is selected to fill that position when a conflict of interest is identified during any stage of the application or hiring process. When a conflict of interest or potential conflict of interest is identified involving a designated representative, action must be taken to remedy the conflict within 30-calendar days. Remedies may range from elimination of the conflict to withdrawal of the individual's designation.

(c) **Directors of sponsoring agencies and designated entities.** When a conflict of interest or potential conflict of interest is identified action must be taken to remedy the conflict of interest within 30-calendar days. Remedies may include:

- (1) removal or resolution of the conflict of interest;
- (2) withdrawal of the agency's designation as an area ombudsman entity;
- (3) withdrawal of designation of the agency as an Area Agency on Aging; or
- (4) other reasonable action.

### 75:55-3-4. Conflict of interest statement and ethical guidelines [AMENDED]

(a) ~~The Older Americans Act of 1965, as Amended, OAA~~ requires assurances that there are no conflicts of interest within the ~~State Long-Term Care Ombudsman Program~~. Mechanisms to identify and remedy any conflicts are mandated. ~~State Long-Term Care (Office) Office~~ staff and volunteers must study the rules in this ~~Section~~section and sign ~~Form 02OM001E, a form developed by OAG and the Office about Conflict of Interest Statement and Ethical Guidelines~~ containing a conflict of interest statement and ethical guidelines ~~when able to~~ to certify that they can provide assurances and meet ethical guidelines. ~~The designated ombudsman:~~

(b) The assurances and ethical guidelines include, but are not limited to, the following:

- (1) the designated ombudsman and any member of the ombudsman's immediate family may not own, operate, control, or have interest, voting rights, or outstanding indebtedness to or be employed by any company or facility or person investigated by the ombudsman;
- (2) the designated ombudsman may not solicit or accept from any person or organization, directly or indirectly, money or anything of value if it could reasonably be expected to influence the ombudsman's official actions or judgment or could reasonably be considered a reward for any official action or omission on the part of the ombudsman;
- (3) the designated ombudsman who is assigned or acts as an official representative of a designated entity in the presentation of papers, talks, demonstrations, or making appearances does not solicit or accept fees, honoraria, or reimbursement of expenses for personal gain. Any fees or honoraria offered in connection with these activities are paid to the designated entity;
- (4) the designated ombudsman is alert to anything that impairs ability to objectively investigate complaints. The ombudsman avoids conflict of interest in the establishment of personal relationships that affect impartiality on the job;
- (5) the designated ombudsman may be involved in serving as an officer or board member of a social, fraternal, or religious organization for which the ombudsman receives no compensation or anything of value, provided the organization is not affected by exercise of the ombudsman's discretion;

# Permanent Final Adoptions

---

- (6) the designated ombudsman may not use or disclose information gained in the course of, or by reason of, the ombudsman's official position or activities in any way without the express consent of the resident or complainant;
  - (7) the designated ombudsman discloses all past and current appointments, involvement, membership, or interest that affect or could reasonably be expected to affect the ombudsman's ability to investigate and resolve complaints in an objective and independent manner;
  - (8) the designated ombudsman may not effectively recommend or decide to hire or promote another person who is a member of the ombudsman's immediate family;
  - (9) the designated ombudsman may not give preferential or favorable treatment in provision of service to a resident who is a member of the ombudsman's family;
  - (10) the designated ombudsman may not serve as guardian, conservator, or in another fiduciary or surrogate decision-making capacity for a resident of a long-term care facility where he or she is assigned or investigates complaints;
  - (11) the designated ombudsman may not be assigned, investigate complaints, or serve residents of a facility in where his or her immediate family member resides; and
  - (12) the designated ombudsman may not conduct business in restaurants or other public places where a public observer might reasonably conclude that confidences could be breached due to lack of privacy.
- (b) ~~In no circumstance will the Oklahoma Department of Human Services~~ OAG or a local ombudsman entity shall not appoint or employ an individual, nor will the ~~State Long-Term Care Ombudsman~~ designate an individual as an Office representative who:
- (1) has direct involvement in the licensing or certification of a long-term care facility;
  - (2) has an ownership or investment interest represented by equity, debt, or other financial relationship in a long-term care facility. Divestment within a reasonable period may be considered an adequate remedy to this conflict;
  - (3) receives, directly or indirectly, remuneration in cash or in kind under a compensation arrangement with an owner or operator of a long-term care facility; or
  - (4) is employed by or participating in the management of a long-term care facility.
- (c) Any entity that appoints or employs Office representatives make efforts to avoid appointing or employing an individual as an Office representative who was employed by or participating in the management of a long-term care facility within the previous ~~12~~ twelve months. Where such an individual is appointed or employed, steps are taken to remedy the conflict.
- (d) OAG and the Office shall develop and maintain a form containing a conflict of interest statement and ethical guidelines.

## 75:55-3-5. Freedom from conflict of interest assurances [AMENDED]

~~—The Older Americans Act as amended OAA requires assurances of freedom from conflict of interest for the officially designated area program as a subdivision of the Office of the State Long-Term Care Ombudsman (Office). Directors of designated area ombudsman entities and sponsoring agency directors are asked to read, review with staff and sponsors, and sign Form 02OM002E, Area Ombudsman Assurance Form, if assurances can be provided as described in this Section.~~

- (1) Assurance is provided that the agency:
  - (A) is not a part of an entity responsible for licensing or certifying long-term care facilities, or part of a provider organization;
  - (B) does not hold interest in, manage, own, or contract with a long-term care facility;
  - (C) does not stand to gain financially through an action or potential action brought on behalf of persons the ombudsman serves; and
  - (D) is not located within an organization that may impair or inhibit the ability of the ombudsman to objectively and independently investigate and resolve complaints.
- (2) Assurance is provided that the ombudsman will be free to:
  - (A) take action on behalf of residents;
  - (B) publicly represent the concerns of residents;
  - (C) bring together persons who have the authority to solve problems;
  - (D) make recommendations to boards, committees, and task forces in developing long-term care policy, or similar situations;
  - (E) forward unresolved formal complaints to the Office according to program policy; and
  - (F) publicize the State Long-Term Care Ombudsman Program and issues affecting older persons who are institutionalized.

---

# Permanent Final Adoptions

- (3) ~~There are inherent conflicts in the role of the ombudsman. The agency supports the role and goals of the State Long-Term Care Ombudsman Program and the ombudsman staff through any conflict associated with their official duties.~~
- (a) The OAA requires assurances of freedom from conflict of interest for the officially designated area program as a subdivision of the Office. Directors of designated area ombudsman entities and sponsoring agency directors are asked to read, review with staff and sponsors, and sign a form developed by OAG and the Office certifying the assurances described in subsections b and c.
- (b) Directors of designated area ombudsman entities and sponsoring agency directors shall assure that the agency is—
- (1) is not a part of an entity responsible for licensing or certifying long-term care facilities, or part of a provider organization;
  - (2) does not hold interest in, manage, own, or contract with a long-term care facility;
  - (3) does not stand to gain financially through an action or potential action brought on behalf of persons the ombudsman serves; and
  - (4) is not located within an organization that may impair or inhibit the ability of the ombudsman to objectively and independently investigate and resolve complaints.
- (c) Directors of designated area ombudsman entities and sponsoring agency directors shall assure that the ombudsman will be free to:
- (1) take action on behalf of residents;
  - (2) publicly represent the concerns of residents;
  - (3) bring together persons who have the authority to solve problems;
  - (4) make recommendations to boards, committees, and task forces in developing long-term care policy, or similar situations;
  - (5) forward unresolved formal complaints to the Office according to program policy; and
  - (6) publicize the State Long-Term Care Ombudsman Program and issues affecting older persons who are institutionalized.
- (d) There are inherent conflicts in the role of the ombudsman. The agency supports the role and goals of the Program and the ombudsman staff through any conflict associated with their official duties.
- (e) OAG and the Office shall develop and maintain a form for designated area ombudsman entities and sponsoring agency directors to make any assurances required by law.

## SUBCHAPTER 4. OPERATIONAL DUTIES AND RESPONSIBILITIES OF THE OFFICE OF THE LONG-TERM CARE OMBUDSMAN AND AREA AGENCIES ON AGING

### 75:55-4-1. Access [AMENDED]

- (a) **Access to facilities and residents.** ~~The Office of the State Long-Term Care Ombudsman (Office)~~ procedures for access to long-term care facilities and facility residents are in ~~Sections 1-829-F, 1-1902, 1-1919, and 1-2213-D of Title 63~~ title 63, sections 1-829(F), 1-1902(2), 1-1919, and 1-2213(D) of the Oklahoma Statutes. ~~An Office or local ombudsman; as that term is defined by Oklahoma Department of Human Services Aging Services;~~ is authorized to enter any facility licensed ~~perunder~~ the Oklahoma Nursing Home Care Act, the Oklahoma Residential Care Act, and the Continuum of Care and Assisted Living Act to communicate privately and without unreasonable restriction with any resident who consents to the communication, to seek consent to communicate, and to observe all areas of the facility that directly pertain to the care of the resident, without infringing upon the privacy of other residents without their consent.
- (1) Area ombudsman staff and trained, designated ombudsman volunteers have the same right of access to licensed long-term care facilities and residents as Office staff.
  - (2) Any ombudsman staff or volunteer asked to leave the premises of any licensed facility for any reason does so and immediately reports the incident to the Office.
- (b) **Access to ~~resident~~ resident records.** ~~The State Long-Term Care Ombudsman (Ombudsman)~~ and Office staff have access to:
- (1) review the resident's medical and social records when the:
    - (A) Office representative has the resident's or the resident's legal representative's permission; or
    - (B) resident is unable to consent to the review, has no legal representative, and the Office representative obtains Ombudsman approval;
  - (2) the records as necessary to investigate a complaint when:
    - (A) a resident's legal guardian refuses to give permission;
    - (B) an Office representative has reasonable cause to believe the guardian is not acting in the resident's best interests; and

# Permanent Final Adoptions

---

- (C) the representative obtains Ombudsman approval;
- (3) the administrative records, policies, and documents of long-term care facilities, to which the residents or the general public have access; and
- (4) copies of all licensing and certification records maintained by the Oklahoma State Department of Health or any state agency with respect to long-term care facilities. Ombudsman volunteers must obtain a resident's legal representative's, ombudsman supervisor's, Ombudsman's, or deputy ombudsman's consent before accessing medical or social records of a resident who does not have the capacity to grant informed consent.
- (5) The Health Insurance Portability and Accountability Act of 1996 (HIPAA) Privacy Rule, ~~Part 160 of Title 45 of the Code of Federal Regulations (C.F.R.) and 45 C.F.R. Part 164 Subparts A and E~~ does not preclude release by covered entities of resident private health information or other resident identifying information to the State Long-Term Care Ombudsman Program including, but not limited to, residents' medical, social, or other records, a list of resident names and room numbers, or information collected in the course of a federal or state survey or inspection process.

## 75:55-4-2. Facility visitation [AMENDED]

(a) Designated area entity ombudsman staff makes periodic visits to all long-term care facilities in the area covered by the designated area ombudsman entity to ensure ~~State Long-Term Care Ombudsman Program (Program)~~ services are available to the residents.

- (1) Residents of each facility are visited a minimum of four times each fiscal year.
  - (A) Visits made by appointment including in-service training for facility staff, are not counted toward the ombudsman staff's four visits per year.
  - (B) When the ombudsman visits residents as a citizen observer during ~~Oklahoma State Department of Health (OSDH)~~ inspections, the visit may be counted.
  - (C) Visits made to resolve complaints are counted when multiple residents are visited.
- (2) Visits are documented on ~~Office of the State Long-Term Care Ombudsman (Office)~~ Office-approved forms and are protected according to Program confidentiality requirements. Visits are:
  - (A) unannounced and dates are kept confidential; and
  - (B) not posted or revealed to any person other than the Area Agency on Aging director, designated as the area ombudsman entity who safeguards them.
- (3) ~~State Long-Term Care Ombudsman (Ombudsman)~~ staff:
  - (A) accompanies each newly-designated ombudsman volunteer to the volunteer's assigned facility, by appointment, for an introductory visit to:
    - (i) introduce the volunteer to the facility administrator, residents, and facility; and
    - (ii) explain or clarify the ombudsman volunteer role;
  - (B) conducts at least one supervisory visit with each designated ombudsman volunteer at his or her assigned facility annually to:
    - (i) assess skills, relationships, and understanding of appropriate role; and/or
    - (ii) assist the volunteer with a complaint or other problem; and
  - (C) offers and conducts in-service training for staff of long-term care facilities on residents' rights, elder abuse prevention, and other topics of importance to residents.

(b) The designated ombudsman volunteer visits residents in his or her assigned facility, at least two hours per week to assist residents resolve or prevent problems or complaints. Each visit is documented.

- (1) Volunteers may not officially begin visitation and other duties in a facility as a designated ombudsman volunteer until he or she:
  - (A) receives written notice of designation from the Office; and
  - (B) is accompanied by Office staff on an introductory visit to the assigned facility.
- (2) A volunteer who is temporarily unable to fulfill visitation or other program responsibilities may request or be placed on leave of absence. As defined in this Part, leave of absence may be granted due to:
  - (A) illness or family illness;
  - (B) vacation or extended travel; or
  - (C) a reason approved by the ombudsman supervisor.
- (3) Leave of absence must not exceed three months duration. When the volunteer is unable to resume official duties by the end of the three-month period, the area supervisor notifies the Office and the volunteer's designation is withdrawn.
- (4) The volunteer may request voluntary designation withdrawal from the Program at any time and be designated again when requirements are met.

(5) A volunteer that returns to service within one year of withdrawal of designation is not required to complete the initial two-day volunteer training but must be screened for potential conflicts of interests and complete the OSDH National Fingerprint Background Check.

(c) Ombudsman participation as a citizen observer in unannounced inspections by ~~OSDH~~ the State Department of Health is allowed by the Oklahoma Nursing Home Care Act, the Oklahoma Residential Care Act, and the Federal Nursing Home Reform Act.

(1) Office staff and designated ombudsman volunteers may participate.

(2) Inspection schedule information is kept in a locked file and access is restricted to Office staff.

(3) The location of the inspection is shared by Office staff only with the area ombudsman supervisor.

(4) The ombudsman facility volunteer may be notified, but notification is made no earlier than the inspection date.

(5) Early notification to a facility is strictly prohibited and potentially subject to civil penalty authorized under federal law. Penalties are set in federal statutes for early facility notifications per Section 1395i-3(g)(2)(A)(1) of the United States Code and Section 488.307 of Title 42 of the Code of Federal Regulations.

(d) When entering a facility for a visit, Office staff and volunteers notify the administrator or other charge person of their presence. If a charge person is not located, any staff person may be notified. This requirement is not intended to delay an ombudsman from proceeding promptly with a complaint investigation or resident visitation.

### 75:55-4-3. Reporting system [AMENDED]

(a) Reporting by Office staff. ~~Office of the State Long-Term Care Ombudsman staff shall:~~

(1) ~~identify~~ Identify significant problems by establishing a statewide reporting system including the collection and analysis of quarterly reports from area ombudsman staff;

(2) ~~receive~~ Receive and analyze reports from all state agencies receiving complaints on, or conducting surveys or inspections of long-term care facilities, in order to identify significant problems;

(3) ~~develop~~ Develop administrative and legislative proposals to resolve significant problems of residents, as reflected in complaint investigation and other data;

(4) ~~provide~~ Provide information and recommendations to involved agencies on significant issues, after monitoring conditions of long-term care facilities through the area program and collection and analysis of data; and

(5) ~~compile~~ Compile information and annually prepare and disseminate a ~~Long-Term Care Ombudsman~~ Program annual report. The report contains data and findings regarding the types of problems experienced and complaints received by or on behalf of individuals residing in long-term care facilities, and provides policy, regulatory and legislative recommendations to resolve such problems and complaints and improve the quality of care and life in long-term care facilities.

(b) Reporting by Area ombudsman staff. ~~Area ombudsman staff shall:~~

(1) ~~collect~~ Collect and compile data from volunteer monthly reports and from other required ~~Ombudsman~~ Program activities into quarterly reports, which are submitted to state ombudsman staff;

(2) ~~monitor~~ Monitor conditions in certain facilities for informal reporting on a follow up basis to state ombudsman staff; and

(3) ~~respond~~ Respond to requests from state ombudsman staff for reports or updates on local conditions relating to specific issues being addressed statewide.

### 75:55-4-4. Provision of information [AMENDED]

~~—The Office of the State Long-Term Care Ombudsman (Office), State Long-Term Care Ombudsman (Ombudsman), and designated staff provide information to public and private agencies, legislators, the media, and other persons regarding the problems and concerns of residents and recommendations related to the problems and concerns. The provision of information includes, but is not limited to:~~

~~(1) Office staff provides:~~

~~(A) developing administrative and legislative proposals as needed, relating to significant problems of residents in long-term care facilities, based on complaint investigation data and other sources;~~

~~(B) developing working relationships with state legislators and policy makers in order to inject concerns of long-term care facility residents directly into the policy making process;~~

~~(C) providing information on conditions affecting and the needs of long-term care facility residents; upon request, to individuals, agencies, organizations, and others; and~~

# Permanent Final Adoptions

---

(D) meeting at least quarterly with the State Council on Aging's Advisory Committee for the State Long-Term Care Ombudsman Program (Program) to discuss Program operation, issues affecting the population served by the Program, and strategies to address identified concerns:

(2) Area ombudsman staff provides:

(A) information to individuals, agencies, committees, and organizations concerning the general problems and issues affecting residents in long-term care facilities; and

(B) community education on needs and issues affecting long-term care facility residents through publicity including monthly press releases, public speaking, and other means.

(a) The Office, Ombudsman, designated Office staff, and Area ombudsman staff provide information to public and private agencies, legislators, the media, and other persons regarding the problems and concerns of residents and recommendations related to the problems and concerns. The provision of information includes, but is not limited to:

(1) Administrative and legislative proposals as needed, relating to significant problems of residents in long-term care facilities, based on complaint investigation data and other sources;

(2) Communicating concerns of long-term care facility residents directly into the policy making process;

(3) Providing information on conditions affecting and the needs of long-term care facility residents, upon request, to individuals, agencies, organizations, and others;

(4) Meeting with the State Council on Aging's Advisory Committee for the Program to discuss Program operation, issues affecting the population served by the Program, and strategies to address identified concerns at least quarterly;

(b) Area ombudsman staff may undertake the following endeavors aimed to support the Ombudsman and Office staff:

(1) Delivering information to individuals, agencies, committees, and organizations concerning the general problems and issues affecting residents in long-term care facilities; and

(2) Engaging in community education on needs and issues affecting long-term care facility residents through publicity including monthly press releases, public speaking, and other means.

## 75:55-4-5. Systems Advocacy, monitoring laws, regulations, and policies [AMENDED]

(a) ~~The Office of the State Long-Term Care Ombudsman (Office)~~ is required and authorized to:

(1) ~~analyze~~Analyze, comment on, and monitor the development and implementation of federal, state, and local laws, regulations, and other government policies and actions that pertain to long-term care facilities and services;

(2) ~~monitor~~Monitor the health, safety, welfare, and rights of residents; and

(3) ~~recommend~~Recommend changes in such laws, regulations, and policies as the Office determines appropriate.

(b) Office staff may:

(1) ~~acquire~~Require and share with area programs, citizen organizations, and individuals copies of proposed and enacted laws, regulations, and policies that may affect long-term care facility residents;

(2) ~~give~~Give testimony and written comments as appropriate and assist others learn of comment opportunities;

(3) ~~attend~~Attend or conduct public hearings;

(4) ~~request~~Request comments from area ombudsman staff; and

(5) ~~investigate~~Investigate complaints and take action as necessary to monitor the development and implementation of laws, rules, and policies.

(c) Area ombudsman staff may:

(1) ~~review~~Review proposed and enacted laws, regulations, and policies that may affect long-term care facility residents in the planning and service area (PSA), as provided by Office staff;

(2) ~~give~~Give testimony and written comments, and attend or conduct public hearings, as appropriate;

(3) ~~investigate~~Investigate complaints; and

(4) ~~communicate~~Communicate concerns identified through the above activities to Office staff.

(d) The Office makes determinations and establishes positions of the Office independently. Those determinations or positions may or may not represent the determinations or positions of ~~the Oklahoma Department of Human Services (DHS)~~OAG and are not subject to approval by ~~DHS~~OAG.

## 75:55-4-6. Procedures related to the disclosure of witnessed abuse, neglect, or exploitation [AMENDED]

(a) \_\_\_\_\_ When the Office, ~~of the State Long-Term Care Ombudsman (Office)~~ State Long-Term Care Ombudsman, (Ombudsman) or Office representative (~~representative~~) personally witnesses suspected abuse, gross neglect, or exploitation of a resident, the Ombudsman or representative shall seek~~seeks~~ communication of informed consent from such resident to disclose resident-identifying information to appropriate agencies.

- (1) When the resident is able to communicate informed consent or has a resident representative available to provide informed consent, the Ombudsman or representative follows the resident's or resident representative's direction.
- (2) When the resident is unable to communicate informed consent and has no resident representative available to provide informed consent, the Ombudsman or representative opens a case with the Ombudsman or representative as the complainant, follows the Office's program complaint resolution procedures, refers the matter, and discloses the resident's identifying information to facility management where the resident resides and/or to the appropriate agency or agencies for substantiation of abuse, gross neglect, or exploitation in the following circumstances the:
  - (A) Ombudsman or representative has no evidence indicating the resident would not want a referral to be made;
  - (B) Ombudsman or representative has reasonable cause to believe disclosure is in the resident's best interest; and
  - (C) representative obtains Ombudsman or deputy ombudsman approval.
- (3) In addition, the Ombudsman or representative, following Office policies and procedures ~~per Oklahoma Administrative Code 340:105-11-243 (3) (i) - (vi)~~, may report suspected abuse, gross neglect, or exploitation to other appropriate agencies for regulatory oversight; protective services; access to administrative, legal, or other remedies; and/or law enforcement action.
- (4) The decision to grant or deny Ombudsman or deputy ombudsman approval for confidential information disclosure related to abuse, neglect, or exploitation is made and conveyed to the requesting ombudsman in one business day.

### **75:55-4-7. Designation of area programs and area representatives including staff and volunteers [AMENDED]**

- (a) The Office of the State Long-Term Care Ombudsman (Office) officially designates agencies serving as area or local subdivisions of the Office through an annual designation process; ~~per Oklahoma Department of Human Services (DHS)~~ pursuant to OAG administrative funding procedures.
- (1) Area program staff and volunteer representatives are officially designated in writing by the State Long-Term Care Ombudsman (~~Ombudsman~~).
  - (2) Designation as an Office representative:
    - (A) ~~for~~ For area staff is based on criteria necessary for satisfactory performance including, but not limited to:
      - (i) being free from any conflict of interest as defined by this rule and in compliance with federal and state statutes; and does not stand to gain financially through an action or potential action brought on behalf of the residents he or she serves;
      - (ii) meeting minimum Office job qualifications and screening standards; and
      - (iii) satisfactorily completing training prescribed by the Ombudsman; and
    - (B) ~~as~~ As an ombudsman volunteer is accomplished through a designation process, and is based on the individual meeting criteria necessary to satisfactory performance in the position including, but not limited to, the person:
      - (i) being free from any conflict of interest as required by statute and defined by this ~~Part~~ Chapter and he or she does not stand to gain financially through an action or potential action brought on behalf of residents the ombudsman serves;
      - (ii) meets screening criteria set in this ~~Part~~ Chapter;
      - (iii) satisfactorily completes training prescribed by the Ombudsman; and
      - (iv) completes and signs:
        - (I) ~~Form 02OM003E~~, The Ombudsman Volunteer Application, agreeing to accept supervision and follow Program rules and guidelines; and
        - (II) the Registry and criminal history record check consent and release form for the Oklahoma National Fingerprint Background Check Program, authorizing the Office to conduct a national fingerprint background and registry checks.
- (b) The Ombudsman has authority to refuse to designate:
  - (1) ~~an~~ An individual, staff or volunteer, as an Office representative for any reasonable cause related to unsatisfactory performance in the position including, but not limited to:
    - (A) an unresolved or unresolvable conflict of interest;
    - (B) failure to satisfactorily complete training; and
    - (C) failure to meet screening standards for volunteers and staff including a national fingerprint background and registry check or minimum job qualifications; and

# Permanent Final Adoptions

---

- (2) ~~an~~An entity as a subdivision of the Office for any reasonable cause that prevents satisfactory operation of the ~~State Long-Term Care Ombudsman Program (Program)~~ including, but not limited to:
- (A) an unresolved or unresolvable conflict of interest;
  - (B) failure to provide adequate assurances that Program guidelines can be met; and
  - (C) failure to provide assurances that the Program can be adequately funded.
- (c) The Ombudsman has the authority to withdraw designation as:
- (1) ~~a~~A subdivision of the Office from a designated entity when there is:
    - (A) an unresolved or unresolvable conflict of interest;
    - (B) a breach of the confidentiality requirement caused by the action of any staff of the designated entity as a local subdivision of the Office or of that designated entity's sponsoring agency;
    - (C) failure to adhere to Office policies, ~~Federal~~the federal Administration on Aging regulations, federal or state law; or
    - (D) any other unreasonable or prejudicial conduct substantially affecting the Program; and
  - (2) ~~an~~An Office representative from a staff person or volunteer when there is:
    - (A) an unresolved or unresolvable conflict of interest;
    - (B) breach of the confidentiality requirement;
    - (C) failure to adhere to Office policies or federal or state law;
    - (D) failure to accept program supervision from the Office; or
    - (E) when the prospective representative is determined to be ineligible by the Oklahoma State Department of Health National Fingerprint Background Check Program.
- (d) The Ombudsman may also withdraw designation of an ombudsman volunteer when he or she:
- (1) fails to file monthly reports with the ombudsman supervisor for three consecutive months, unless on approved leave of absence;
  - (2) fails to attend three consecutive monthly meetings, unless on approved leave of absence;
  - (3) fails to initiate resident visitation in assigned facility within two months after designation;
  - (4) misuses the "ombudsman volunteer" title or badge; or
  - (5) without specific authorization by the Ombudsman, represents himself or herself either verbally or by wearing a badge as an ombudsman for a facility for which the volunteer is not designated.
- (e) An agency that is refused designation or from which designation is withdrawn as an designated entity or an individual refused designation or from whom designation is withdrawn as an area ombudsman staff representative may appeal the decision. Designation is not withdrawn until reasonable notice and opportunity for a hearing is provided.
- (1) ~~Designation is not withdrawn until reasonable notice and opportunity for a hearing is provided.~~
  - (2) ~~Notification of the right to appeal and appeal procedures are included in the letter notifying the agency or staff person of a decision to refuse or withdraw designation.~~
  - (3) ~~A request for hearing must be submitted within 10-ten calendar days of the receipt of the letter of notification of the decision to refuse or withdraw designation.~~
  - (4) ~~Hearings are conducted by the DHS Appeals Unit OAG or its designated hearing officer.~~
  - (5) ~~The Ombudsman has authority to suspend a designated ombudsman entity or staff representative from engaging in any and all Program duties pending the conclusion of a hearing.~~
  - (6) ~~In a case where findings of the hearing officer are contrary to federal law or rules, as determined by the Ombudsman, the Ombudsman retains the authority to refuse or withdraw designation regardless of the findings of the hearing officer.~~
- (f) The follow rules of procedure apply in appeals of refused or withdrawn designations:
- (1) The Ombudsman shall send a notification of such refusal or withdrawal advising the agency or individual (appealing party) of their the right to appeal.
  - (2) A request for hearing must be submitted within ten calendar days of the receipt of the letter of notification of the decision to refuse or withdraw designation.
  - (3) The agency or individual appealing the refusal or withdrawal may submit a response to accompany its request for hearing. If a response is submitted, the Ombudsman may submit a reply to the response no later than five days after the request for hearing and response are received.
  - (3) Hearings are conducted by OAG or its designated hearing officer. The hearings must be electronically recorded. All testimony shall be taken under oath. The hearing officer may admit relevant, material, substantial, competent and reliable evidence but may also exclude incompetent, irrelevant, immaterial and unduly repetitious evidence.
  - (4) The hearing officer may set a time limit for each side to present its case. The appealing party may reserve a portion of its time for rebuttal.

---

# Permanent Final Adoptions

(5) The Ombudsman may suspend a designated ombudsman entity or staff representative from engaging in any and all Program duties pending the conclusion of a hearing.

(6) Notwithstanding the findings of hearing officer, the Ombudsman retains authority to refuse or withdraw the designation regardless of the hearing officer's findings if the Ombudsman determines that such findings contradict or violate federal law or regulations.

## **75:55-4-8. Responsibilities of agencies hosting local ombudsman representatives [AMENDED]**

(a) The designated entity in which a local Office of the State Long-Term Care Ombudsman (Office) Program (Program) is organizationally located is responsible for the personnel management, but not programmatic oversight of Office representatives, including employees and volunteer representatives.

(b) The designated entity in which a local program is organizationally located does not have personnel policies or practices that prohibit Office representatives from performing the duties or from adhering to the access, confidentiality, and disclosure requirements of federal and state laws and regulations.

(1) Host agencies may not have policies, procedures, or practices including personnel management practices that the State Long-Term Care Ombudsman (Ombudsman) determines conflictive with the laws or policies governing the Program.

(2) Any policy, procedure, or practice the Ombudsman determines to be in violation of federal or state laws and regulations is sufficient grounds for the refusal, suspension, or removal of the designation of local ombudsman entity by the Ombudsman.

(3) Nothing in this provision prohibits the host agency from requiring that Office representatives adhere to the personnel policies and procedures of the agency that are otherwise lawful.

## **75:55-4-9. Duties of representatives of the Office of the State Long-Term Care Ombudsman (Office) [AMENDED]**

The State Long-Term Care Ombudsman (Ombudsman) may designate an entity as a local ombudsman entity and may designate an employee or volunteer of the local ombudsman entity as an Office representative. Office representatives may also be designated employees or volunteers within the Office. An individual designated as an Office representative per Oklahoma Department of Human Services (DHS) and Office policies and procedures:

(1) identifies, investigates, and resolves complaints made by or on behalf of residents that relate to action, inaction, or decisions that may adversely affect the health, safety, welfare, or rights of the residents;

(2) provides assistance to protect the health, safety, welfare, and rights of residents;

(3) ensures residents in the local ombudsman entity service area have regular and timely access to the services provided through the State Long-Term Care Ombudsman Program and that residents and complainants receive timely responses to requests for information and complaints;

(4) represents the interests of residents before government agencies and ensures individual residents have access to and pursue, as the representative determines necessary and consistent with resident interest, administrative, legal, and other remedies to protect the health, safety, welfare, and rights of the residents;

(5) reviews, and when necessary, comments on any existing and proposed laws, regulations, and other government policies and actions pertaining to residents' rights and well-being;

(6) facilitates public comment on the laws, regulations, policies, and actions;

(7) promotes and provides technical support for development and ongoing support when requested by resident and family councils; and

(8) carries out other activities the Ombudsman determines to be appropriate.

## **SUBCHAPTER 5. PERSONNEL AND VOLUNTEER MANAGEMENT**

### **75:55-5-1. Area Agency on Aging ombudsman supervisor I [AMENDED]**

(a) **Definition.** Under the program supervision of the Office of the State Long-Term Care Ombudsman and the general direction of the director of an Area Agency on Aging, the ombudsman supervisor I provides leadership in development, coordination, and implementation of the Long-Term Care Ombudsman Program and receives, investigates, and resolves complaints made by or on behalf of residents of long-term care facilities.

(b) **Examples of duties.** Examples of duties include:

(1) recruiting, screening, training, and supervising ombudsman volunteers using guidelines provided by state ombudsman staff;

(2) publicizing the services of the State Long-Term Care Ombudsman Program and issues affecting older residents of long-term care facilities through media releases, public speaking, and other means;

# Permanent Final Adoptions

---

- (3) coordinating with state ombudsman staff in complaint investigation and resolution, identification of priority issues, and certification of new ombudsman volunteers;
- (4) maintaining confidentiality of files and other information pertaining to complaints and complainants;
- (5) keeping the director of the designated area ombudsman entity informed of the current situation and needs at the local level, recommending plans for meeting needs, and advising the director of resources required for their implementation;
- (6) being available to residents of long-term care facilities in the planning and service areas ~~(PSA)~~(PSAs), visiting each facility regularly, and working cooperatively with administrators and staff; and
- (7) serving as a consultant to community organizations and agencies on issues and needs affecting older long-term care facility residents, techniques of working with these older people, and the solution of special problems.

~~(c)~~**Education and experience.** The required education and experience is graduation from an accredited four-year college or university with major course work in social work, gerontology, sociology, general social sciences, or a related field including, but not limited to, health care. Any ombudsman employed as an ombudsman supervisor I prior to this effective date is deemed as eligible for the position.

~~(d)~~**(c) Salary range.** The comparable job family descriptor for this position is Adult Protective Services Specialist, #H26A under the Office of Management and Enterprise Service's Human Capital Management Job Catalog. A person in this position may not be hired at a salary more than the midpoint, nor paid more than the maximum of the approved salary range specified for Pay Band I under the Office of Management and Enterprise Service's Human Capital Management state employee pay structure. For the purpose of determining annual salary longevity pay is not considered.

## 75:55-5-2. Area Agency on Aging ombudsman supervisor II [AMENDED]

(a) **Definition.** Under the program supervision of the Office of the State Long-Term Care Ombudsman and the general direction of the director of an Area Agency on Aging, the ombudsman supervisor II provides leadership in development, coordination, and implementation of the Long-Term Care Ombudsman Program and receives, investigates, and resolves complaints made by, or on behalf of, residents of long-term care facilities.

(b) **Examples of duties.** Examples of duties include:

- (1) recruiting, screening, training, and supervising ombudsman volunteers using guidelines provided by state ombudsman staff;
- (2) publicizing the services of the State Long-Term Care Ombudsman Program and issues affecting older residents of long-term care facilities through media releases, public speaking, and other means;
- (3) coordinating with state ombudsman staff in complaint investigation and resolution, identification of priority issues, and certification of new ombudsman volunteers;
- (4) maintaining confidentiality of files and other information pertaining to complaints and complainants;
- (5) keeping the director of the designated area ombudsman entity informed of the current situation and needs at the local level, recommending plans for meeting needs, and advising the director of resources required for their implementation;
- (6) being available to residents of long-term care facilities in the planning and service areas ~~(PSA)~~(PSAs), visiting each facility regularly, and working cooperatively with administrators and staff; and
- (7) serving as a consultant to community organizations and agencies on issues and needs affecting older long-term care facility residents, techniques of working with these older people, and the solution of special problems.

~~(c)~~**Education and experience.** The required education and experience is:

- (1) graduation from an accredited four year college or university with major course work in social work, health, gerontology, general social sciences, or related field and one year of fulltime ombudsman or other applicable advocacy experience; or
- (2) after one year of employment, an ombudsman supervisor I may promote to a level II position.

~~(d)~~**(c) Salary range.** The comparable job family descriptor for this position is an Adult Protective Services Specialist, #H26B under the Office of Management and Enterprise Service's Human Capital Management Job Catalog. A person in this position may not be hired at a salary more than the midpoint nor paid more than the maximum of the approved salary range specified for Pay Band J under the Office of Management and Enterprise Service's Human Capital Management state employee pay structure. For the purpose of determining annual salary longevity pay is not considered.

## 75:55-5-3. Screening criteria for ombudsman [AMENDED]

(a) Criteria for subjective screening of potential ombudsman staff and volunteers is reviewed in addition to standard education and work experience questions.

(b) Persons who are not eligible for ombudsman volunteer designation include any individual who:

- (1) was terminated from employment in a facility where he or she wants to volunteer;

- (2) is a relative of a current employee of the facility where he or she wants to volunteer;
- (3) lacks the ability to be objective or hold confidences;
- (4) is a current employee or has any financial interest in a facility where he or she wants to volunteer. The person may volunteer in another facility located in a separate planning and services area;
- (5) is a paid sitter, private duty nurse or aide in the facility where the person wants to volunteer. If a competitive facility is chosen, the placement is accepted by the chosen facility;
- (6) is involved in a pending law suit against a facility, until the legal process is completed and acceptance of the person as a volunteer is made by the selected facility administrator;
- (7) stands to gain financially through an action or potential action brought on behalf of persons the ~~State Long-Term Care Ombudsman~~ Program serves; or
- (8) was determined to be ineligible by the Oklahoma State Department of Health National Fingerprint Background Check Program.

### 75:55-5-4. Training [AMENDED]

The Office of the ~~State Long-Term Care Ombudsman (Office)~~ prohibits investigation of any complaint by Office staff or an ombudsman volunteer, unless the person satisfactorily completed training required by the Office, and is approved by the State Long-Term Care Ombudsman (~~Ombudsman~~) as qualified to investigate complaints.

(1) Office staff shall:

- (A) ~~orients~~Orient and ~~train~~train ombudsman staff representatives and determines satisfactory completion of prescribed training;
- (B) ~~develops~~Develop and periodically ~~updates~~update training core curriculum;
- (C) ~~assists~~Assist area ombudsman staff train ombudsman volunteers;
- (D) ~~provides~~Provide on a quarterly basis, a minimum of ~~40~~forty hours of continuing education and training to ombudsman supervisors per year;
- (E) ~~provides~~Provide community education with area staff;
- (F) officially ~~certifies~~certify newly-trained, ombudsman volunteers who met screening criteria; and
- (G) ~~assists~~Assist in the development of citizen organizations to participate in the ~~State Long-Term Care Ombudsman~~ Program.

(2) Area ombudsman staff shall:

- (A) ~~holds~~Hold public workshops for community education and volunteer recruitment;
- (B) ~~trains~~Train ombudsman volunteer applicants using the Office-prescribed core training format;
- (C) ~~submits~~Submit the name, facility assignment, and original signed Form 02OM003E, Ombudsman Volunteer Application, of each volunteer recommended for designation;
- (D) ~~accompanies~~Accompany each newly-certified ombudsman volunteer on at least one introductory visit to the assigned facility to reinforce training and ensure the ombudsman volunteer's understanding of the ombudsman role; and
- (E) ~~holds~~Hold monthly meetings for continued training and supervision of designated ombudsman volunteers to annually achieve a minimum of ~~18~~eighteen hours per volunteer of continuing education relevant to the care of older persons and persons with disabilities.

### 75:55-5-5. Office of the ~~State Long-Term Care (Office)~~ ombudsman staff and volunteer training [AMENDED]

(a) **~~Paid ombudsman staff training curriculum.~~** New ombudsman staff training includes 90 hours of introductory education in:

- (1) the ~~Long-Term Care Ombudsman Program (Program)~~;
- (2) Program policies and procedures;
- (3) the complaint investigation and response system;
- (4) the long-term care regulatory system;
- (5) residents' rights;
- (6) characteristics of long-term care facilities and residents;
- (7) aging processes;
- (8) communication skills;
- (9) legal and ethical issues;
- (10) a visitation practicum;
- (11) mediation or negotiation skills;
- (12) community resources or services;
- (13) volunteer management;

# Permanent Final Adoptions

---

- (14) reporting and record keeping;
- (15) adult abuse, neglect, and exploitation investigations; and
- (16) testing to determine an understanding of the curriculum.

(b) **Volunteer ombudsman training curriculum.** Ombudsman volunteer training includes 12 hours of introductory education in:

- (1) the Program;
- (2) the ombudsman volunteer role, including activities and responsibilities;
- (3) problem-solving and complaint investigation;
- (4) aging processes;
- (5) characteristics of long-term care facilities and residents;
- (6) communication and interviewing skills;
- (7) Oklahoma's Nursing Home Care Act, Residential Care Act, or Assisted Living Act, as appropriate;
- (8) residents' rights in long-term care facilities;
- (9) long-term care regulation;
- (10) confidentiality;
- (11) reporting and record keeping; and
- (12) a visitation practicum.

## **75:55-5-6. Ombudsman volunteer rules and guidelines [AMENDED]**

The designated ombudsman volunteer observes the requirements of the ~~State Long-Term Care Ombudsman (Ombudsman) State Long-Term Care Ombudsman Program (Program)~~. The ombudsman volunteer:

- (1) completes and signs ~~Forms~~the following forms:
  - (A) ~~02OM003E~~, Ombudsman Volunteer Application;
  - (B) ~~02OM001E~~, Conflict of Interest Statement and Ethical Guidelines; and
  - (C) ~~04AD003E~~, Request for Background Check;
- (2) completes the two-day ombudsman volunteer training program to be designated by Program staff;
- (3) accepts supervision by the ombudsman supervisor;
- (4) respects privacy and confidentiality.
  - (A) The volunteer does not disclose information regarding any complainants or participant's name, condition, or situation, except to the ombudsman supervisor or ~~State Long-Term Care Ombudsman (Office) Office~~ staff, without the written permission of the complainant, participant, or legal representative.
  - (B) Supervisory approval is secured before any information is released;
- (5) visits weekly with residents in the assigned facility;
- (6) attends monthly ombudsman volunteer meetings for continuing education, program updates, and group supervision;
- (7) submits monthly reports to the ombudsman supervisor;
- (8) wears the badge issued by the designated entity ombudsman supervisor when visiting the facility or attending functions as an ombudsman volunteer;
- (9) is available to the facility residents, hears their concerns, and assists them with, and follows-up on problem-solving;
- (10) meets with the facility administrator to establish and maintain a cooperative working relationship;
- (11) is familiar with facility policies and procedures established for its operation;
- (12) is designated as an ombudsman volunteer, limited to the facility named in the designation letter, unless authorized in advance by the Ombudsman;
- (13) is clear in understanding the ombudsman volunteer role on behalf of the residents; and
- (14) does not perform direct care services, such as lifting, feeding, or transporting residents.

**GIST/ANALYSIS:**

The permanent rules clarify the authority of the Oklahoma Commission on Children and Youth to approve and monitor freestanding multidisciplinary child abuse teams. They add definitions and provide procedures for annual reviews and site visits that incorporate the use of peer reviews to help determine the functioning of the teams. The rules provide clarification regarding the collection of freestanding multidisciplinary team data including individual responsibilities and the use of a secure database.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF JULY 11, 2025:

## SUBCHAPTER 25. FREESTANDING MULTIDISCIPLINARY CHILD ABUSE TEAMS

### 135:10-25-1. Origin and authority [AMENDED]

The legislature gave the Oklahoma Commission on Children and Youth responsibilities for coordinating with each district attorney in the development of freestanding multidisciplinary child abuse teams in each county of the district attorney or in a contiguous group of counties pursuant to 10A O.S. Supp. 2013, Section 1-9-102 (A)(1). The Oklahoma Commission on Children and Youth shall have the authority:

- (1) ~~To approve freestanding multidisciplinary child abuse teams;~~
- (2) To evaluate the functioning of existing and new freestanding multidisciplinary child abuse teams by conducting annual on-site reviews to ensure compliance of freestanding multidisciplinary child abuse teams with minimal standards;
- (2) To approve freestanding multidisciplinary child abuse teams identified as functioning or provisionally functioning for funding eligibility;
- (3) To designate a freestanding multidisciplinary child abuse team as functioning, provisionally functioning, or non-functioning in accordance with freestanding multidisciplinary child abuse team minimal standards;
- (4) To remove freestanding multidisciplinary child abuse team from the list of functioning freestanding multidisciplinary child abuse teams when non-compliant with minimal standards.

### 135:10-25-3. Approval of freestanding multidisciplinary child abuse team [AMENDED]

(a) **Definitions.** The following words and terms, when used in the Subchapters, shall have the following meaning, unless the context clearly indicates otherwise:

- (1) **"Annual survey"** means a written document submitted to the Commission summarizing the activities of the team as related to child protection investigations and services with the data elements and format proscribed by the Commission.
- (2) **"Annual Site Review"** means the ~~annual on-site review of multidisciplinary team records that assist the Commission in determining the functioning of the freestanding multidisciplinary team~~ end of fiscal year multidisciplinary team document review that assists the Commission in determining the functioning of the freestanding multidisciplinary team. The review process uses standardized scoring tools and is conducted by Commission staff and members of the Child Abuse Training and Coordination Council (CATCC).
- (3) **"Annual Site Visit"** means an on-site compliance visit conducted by either OCCY staff or a team coordinator of a functioning freestanding multidisciplinary team. When possible, a freestanding multidisciplinary team will have an annual site visit conducted by OCCY staff every other year and a team coordinator of a peer freestanding multidisciplinary team the alternating years.
- ~~(3)~~(4) **"Commission"** means the Oklahoma Commission on Children and Youth
- ~~(4)~~(5) **"Confidentiality statement"** means the written document signed by the multidisciplinary team members assuring that all proceedings conducted during team meetings and child protective investigations will be kept confidential according to clearly defined limits, state law, and respective agency policy and procedure.
- ~~(5)~~(6) **"Community Needs Assessment"** means conducting a process that results in a written document that identifies available services, service gaps, untapped resources and community based priorities for improvement or development of services to the victim and family according to the format and schedule of the Commission.
- ~~(6)~~(7) **"Child Abuse Multidisciplinary Account"** means a continuing fund established by the Oklahoma Legislature for the purpose of providing operating funds to provisionally functioning and functioning multidisciplinary teams.
- ~~(7)~~(8) **"Child Advocacy Center"** means a child friendly, safe and neutral location in which law enforcement and child protective services may conduct and observe forensic interviews with children who are alleged victims of crimes and where non-offending family members may receive support, crisis intervention, and referrals for mental health and medical treatment.
- ~~(8)~~(9) **"Multidisciplinary Child Abuse Team"** means a Multidisciplinary Child Abuse team utilized by a Child Advocacy Center to meet National Accreditation Standards.

---

# Permanent Final Adoptions

- ~~(9)~~(10). **"Data Collection"** means multidisciplinary teams shall maintain data on every case reviewed by the multidisciplinary team in ~~the~~ a secure database following the format proscribed by the Commission.
- ~~(10)~~(11). **"Expertise"** means individual team members' obtaining training and experience in a particular aspect of the multidisciplinary team approach, conducting legally sound and age appropriate interviews, effective investigation techniques, or knowledge about how to conduct joint investigations.
- ~~(11)~~(12). **"Freestanding multidisciplinary team"** means a team not used by a child advocacy center for its accreditation.
- ~~(12)~~ **"Functioning Freestanding Multidisciplinary Child Abuse Team"** means a freestanding multidisciplinary team that has met minimal standards promulgated by the Commission.
- ~~(13)~~ **"Provisionally Functioning Freestanding Multidisciplinary Child Abuse Team"** means a team that has met the minimal freestanding multidisciplinary team standards for a new team.
- ~~(14)~~ **"Non-Functional Freestanding Multidisciplinary Child Abuse Team"** means a team that has not met the minimal standards promulgated by the Commission.
- ~~(15)~~(13). **"Joint Investigations"** means law enforcement and child welfare staff collaborative investigation with written protocols to decrease duplicative efforts and to ensure a thorough process.
- ~~(16)~~(14). **"Interagency agreement(s)"** means the written document(s) signed by the multidisciplinary team member agencies that specify the cooperative effort of the member agencies to the team and delineates roles and responsibilities.
- ~~(17)~~(15). **"Initial Freestanding Multidisciplinary Child Abuse Team Training"** means training conducted during the early formation of the team where individual team members are oriented to the multidisciplinary child abuse team approach.
- ~~(18)~~ **"Multidisciplinary Child Abuse Team"** means a group of individuals of differing disciplines working together collaboratively on a common purpose.
- (16) **"Peer Review"** means the use of a team coordinator of a functioning freestanding multidisciplinary team to conduct an annual site visit of another freestanding multidisciplinary team after receiving the training and tools from OCCY to conduct such visits.
- ~~(19)~~(17). **"Protocol"** means specific methods and procedures used to conduct child protection investigations and interviews.
- ~~(20)~~(18). **"Standards"** means the criteria used to determine functionality of a multidisciplinary team.

**(b) Types of Freestanding Multidisciplinary Child Abuse Team.**

- (1) **Functioning Freestanding Multidisciplinary Child Abuse Team.** A Freestanding Multidisciplinary Child Abuse Team shall be included on the list of Freestanding Multidisciplinary Child Abuse Teams when documentation that supports compliance with minimal standards for a functioning freestanding multidisciplinary child abuse team.
- (2) **Provisionally Functioning Freestanding Multidisciplinary Child Abuse Team.** A Provisionally Functioning Freestanding Multidisciplinary Child Abuse Team shall be included on the list of Functioning Freestanding Multidisciplinary Child Abuse Team when documentation supports compliance with minimal standards for a provisionally functioning Freestanding Multidisciplinary Child Abuse Team.
- (3) **Non-Functioning Freestanding Multidisciplinary Child Abuse Team.** A Non-Functioning Freestanding Multidisciplinary Child Abuse Team shall be removed from the list of Functioning Freestanding Multidisciplinary Child Abuse Team when documentation does not support compliance with minimal standards for a functioning or provisionally functioning Freestanding Multidisciplinary Child Abuse Team.

**(c) Annual On-Site Review.**

- ~~(1) Annual On-Site Visit.~~ Commission staff annually shall conduct one on-site compliance visit to each Freestanding Multidisciplinary Child Abuse Team to document compliance with minimal Freestanding Multidisciplinary Child Abuse Team standards.
- (2) During each ~~on-site compliance visit~~ annual review Commission staff shall request a completed Annual Survey document and review ~~Freestanding Multidisciplinary Child Abuse Team~~ copies of the interagency agreement, confidentiality statements, member sign-in sheets, joint-investigation and interview protocol, case review documentation, training records, financial accountability policies, and other documents to ascertain compliance with minimal standards.

**(d) Annual Site Visit.** Freestanding multidisciplinary teams shall participate in either one on-site compliance visit conducted by Commission staff or one Peer Review visit annually to document compliance with minimal freestanding multidisciplinary child abuse team standards. Peer reviews shall be conducted by team coordinators that have completed peer review training provided by Commission staff and use the scoring tools included in that training.

~~(d)~~(e). **Forms.** Commission staff shall use standardized on-site review forms available for public inspection.

# Permanent Final Adoptions

---

~~(e)~~(f) **Reports.** Commission staff shall annually issue a Freestanding Multidisciplinary Child Abuse Team Summary Report.

**(g) Secure Database.**

- (1) Each freestanding multidisciplinary team shall use the secure database designated by the Commission to collect information during a case review. Information collected includes case specific, identifiable information such as demographics, process measures related to the freestanding multidisciplinary team work and outcome measures related to the safety and wellbeing of the involved children.
- (2) The database shall maintain strict security of all state and citizen data entrusted to it and is subject to applicable federal and state laws, rules, regulations and policies under the direction of the Chief Information Officer of the Office of Management and Enterprise Services.
- (3) Each freestanding multidisciplinary team coordinator, upon signing a confidentiality agreement, will be granted secured access to only their team's database for the purpose of preparing, monitoring and reporting case information.
- (4) OCCY staff and contractors supporting the development, maintenance and improvement of the database will have secured access to the freestanding multidisciplinary team database and its information as necessary to carry out the OCCY mission. OCCY may enter into contracts and intra-agency agreements for data sharing for the sole purposes of programmatic and systemic improvements or evaluation that benefit the state's child serving systems.

**135:10-25-4. Services provided by a freestanding multidisciplinary child abuse team [AMENDED]**

A freestanding multidisciplinary child abuse team ~~conducts joint investigations in an effort to effectively respond to a report of alleged child abuse~~ is designed to utilize the case review process to increase cooperation and communication between partner agencies, coordinate and encourage joint investigative efforts between law enforcement and child welfare staff, eliminate duplicative processes and minimize trauma to child victims.

**135:10-25-8. Process for removal of a non-functioning freestanding multidisciplinary child abuse team from the list of freestanding functioning multidisciplinary child abuse teams: [AMENDED]**

**(a) Process for removal.**

- (1) Commission staff shall submit a recommendation for removal of a Freestanding Multidisciplinary Child Abuse Team ~~as~~ to the Commission Director or the Commission Director designee within (30) days of the annual on-site review.
- (2) Freestanding Multidisciplinary Child Abuse Team Coordinator or District Attorney shall submit all responses to the recommendation for removal to the Commission Director or Commission Director designee within (10) days of receipt of the notice.
- (3) The Commission Director or designee shall be the final decision maker regarding the recommendation for removal of a Freestanding Multidisciplinary Child Abuse Team from the list of Freestanding Multidisciplinary Child Abuse Teams.
- (4) The Commission Director or Commission Director Designee will make the final decision within (30) days of the recommendation for removal of a Freestanding Multidisciplinary Child Abuse Team from the listing of Freestanding Multidisciplinary Child Abuse Teams.
- (5) Commission staff will send a finding letter within (45) days of the recommendation to remove a Freestanding Multidisciplinary Child Abuse Team from the list of Freestanding Multidisciplinary Child Abuse Teams.
- (6) Freestanding Multidisciplinary Child Abuse Team Coordinator or District Attorney may appeal the final decision of removal to the Commission.

**(b) Complaint Procedure.** Complaints received by the Commission concerning Freestanding Multidisciplinary Child Abuse Team case reviews shall be referred to the Oklahoma Commission on Children and Youth, Office of Juvenile System Oversight.

**(c) Public Inspection of Freestanding Multidisciplinary Child Abuse Team Records.**

- (1) **Legal Basis.** The Oklahoma Commission on Children and Youth is subject to the Oklahoma Open Records Act Section 24A.1 et.seq. of Title 51 of the review unless they are required by law to be kept confidential.
- (2) **Freestanding Multidisciplinary Child Abuse Team Records.** All Oklahoma Commission on Children and Youth Freestanding Multidisciplinary Child Abuse Team records required to establish the level of functioning of a Freestanding Multidisciplinary Child Abuse Team are considered public records shall be open and available for public inspection during reasonable hours.

---

# Permanent Final Adoptions

(3) **Location of Freestanding Multidisciplinary Child Abuse Team Records.** Freestanding Multidisciplinary Child Abuse Team records shall be located at the Oklahoma Commission on Children and Youth office and shall be inspected at that location. ~~The Oklahoma Commission on Children and Youth is located at 1111 North Lee Avenue, Suite 500, and Oklahoma City, Oklahoma, 73118.~~

(4) **Preparation of Freestanding Multidisciplinary Child Abuse Team Records for inspection.** Commission staff shall review the entire record and shall remove confidential information.

(5) **Release of confidential Freestanding Multidisciplinary Child Abuse Team information.** Confidential information shall only be released as provided by statute.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF JULY 11, 2025:**

### SUBCHAPTER 5. AUTHORIZATION FOR INJECTABLES

#### 140:15-5-3. Education and training [AMENDED]

Approval of education and training in administration of vitamins, minerals, nutritional supplements by means of injectable procedures offered to satisfy the provisions of 140:15-5-1 and 140:15-5-2 is vested solely in the Board. No educational program shall be offered, advertised or marketed for the purpose of certification prior to being approved by the Board. ~~At least ninety (90) calendar days prior to offering any education and training program, the~~ The individual or group offering said program shall submit to the Board for approval;

- (1) An application to provide education and training in administration of vitamins, minerals or nutritional supplements by means of injectable procedures;
- (2) The course outline and course description of such program;
- (3) The faculty name(s) and credentials
- (4) A complete set of course materials and examination; and
- (5) Fees and or costs to each participant

### SUBCHAPTER 8. ANIMAL CHIROPRACTIC DIAGNOSIS AND TREATMENT

#### 140:15-8-3. Animal chiropractic certification card [AMENDED]

(a) Effective November 1, 2011 all chiropractic physicians certified by the Board in the practice of animal chiropractic diagnosis and treatment shall be issued a certification card by the Board. Each certification card must contain:

- (1) the original license number of the chiropractic physicians certified in animal chiropractic diagnosis and treatment;
- (2) the chiropractic physicians animal chiropractic diagnosis and treatment certification number; and
- ~~(3) a passport style photo~~

(b) Each animal chiropractic physician shall carry the certification card with them at all times.

(c) The certification card is valid only as long as the chiropractic physician remains certified by the Board to engage in the practice of animal chiropractic diagnosis and treatment, If for any reason the chiropractic physicians certification is removed by the Board, the animal chiropractic certification card is to be returned to the Board within five (5) calendar days of receipt of notification that the chiropractic physician is no longer certified to practice animal chiropractic.

**GIST/ANALYSIS:**

These rules are essential for establishing a clear, structured framework for the implementation of programs within the Commission's Soil Health Section. Here's why they are necessary: Clear Guidance and Consistency: The rules provide specific procedures for executing programs, assessments, and grants, ensuring consistency and fairness in implementation. Alignment with Broader Goals: The rules set objectives and protocols that align with the goals of the Water Quality Division, the statutory language and intent, and the broader interests of Oklahoma, while focusing on serving the community. Tailored Solutions for Diverse Needs: Stakeholders, including producers, counties, and landowners, have unique needs. These rules ensure that programs are effectively tailored to address those needs. Positive Community Impact: The programs are designed with the goal of benefiting all Oklahomans, and the rules are essential in driving these positive outcomes. Comprehensive Coverage: The rules encompass the Commission's soil health technical assistance, educational programs, soil health assessments, and the Soil Health Implementation Grant Program, ensuring that all relevant aspects are addressed in a cohesive manner. Encouraging Participation and Ensuring Accountability: Clear, established rules foster greater participation regarding soil health assistance, grant, and educational programs while ensuring accountability in their execution. This is vital for maintaining public trust and confidence. In summary, these rules provide structure, clarity, and fairness, enabling effective implementation of programs that meet the diverse needs of stakeholders and deliver meaningful benefits to Oklahomans.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF JULY 11, 2025:**

## **SUBCHAPTER 1. GENERAL PROVISIONS [NEW]**

### **155:42-1-1. Purpose [NEW]**

This Chapter sets forth provisions and requirements related to the different programs of the Healthy Soil Programs Act pursuant to authority in Title 27A, Sections 3-7-101 et. seq. and Sections 3-1-101 et. seq. of the Oklahoma Statutes.

### **155:42-1-2. Definitions [NEW]**

The following words and terms, when used in this Chapter, shall have the following meaning, unless the context clearly indicates otherwise:

# Permanent Final Adoptions

---

“Assessment” means the use of scientific methods to assess various measurements, sample results, parameters, and other data necessary to make inferences about the state, trend, or other endpoints necessary to scientifically characterize soil, water, land, farm, or other resource management contexts.

“BMPs” means Best Management Practices. These practices are capable of protecting the environment while considering economic factors, availability, technical feasibility, ability to implement, and effectiveness.

“CPs” means Conservation Practices. This term is an alternative reference to “BMPs” as defined in this section.

“Commission” or “OCC” means the Oklahoma Conservation Commission.

“Conservation District” or “District” means a conservation district which is a governmental subdivision of this State and a public body corporate and politic organized in accordance with the provisions of the Conservation District Act of 1971.

“Director” means the Director of the Soil Health Program of the Oklahoma Conservation Commission.

“Implementation” means those land or farm management actions taken to establish one or more BMPs or CPs as part of a conservation plan.

“Monitoring” means the use of scientific processes to acquire any data necessary to make desired assessment(s) of natural resources, related management actions, or other endpoints necessary to meet healthy soil and other assessment goals.

“Natural Resources Conservation Service” or “NRCS” means the U.S. Department of Agriculture’s primary private lands conservation agency.

“Program” means the Soil Health Program as administered by the Oklahoma Conservation Commission.

“Soil” means topsoil, suitable substrate, or other plant growth media that will sustain vegetation.

## **SUBCHAPTER 3. SOIL HEALTH TECHNICAL ASSISTANCE AND EDUCATION PROGRAM [NEW]**

### **155:42-3-1. Purpose [NEW]**

(a) The purpose of the Soil Health Program (Program) is to promote and support conservation implementation in both rural and urban settings that restore and maintain healthy soil as defined in the Healthy Soil Program Act (HSPA). This is accomplished through technical assistance and education programs. By restoring one or more of the Soil Health Principles, these practices improve the soil's capacity to function as a dynamic biological system, leading to greater resilience, reduced input costs, improved product quality, and overall ecosystem health.

(b) The Commission serves as the state’s program and technical leads for soil health-focused technical assistance, monitoring and assessment, education, and communication.

### **155:42-3-2. Technical assistance program [NEW]**

(a) The objective of the Technical Assistance Program (TAP) is to provide professional consultative support to Oklahoma’s farmers and ranchers through conservation planning and implementation focused on improving soil health. These results when realized are expected to improve and eventually restore the natural system function of agricultural land, decrease or reverse environmental impacts from agricultural activities, and increase operational resilience to unfavorable weather or environmental conditions.

(b) The TAP offers technical assistance on a first come, first served basis through scheduled consultations, phone calls, emails, or other contacts made with relevant staff.

### **155:42-3-3. Educational program [NEW]**

The objective of the Educational Program is to directly or indirectly educate Oklahoma’s farmers and ranchers regarding the importance of soil health and the possible outcomes that focused conservation planning and actions can have on restoring land function and operation resilience. This may be fulfilled through various activities including but not limited to workshops, field days, consultations, online trainings, and website and social media posts, among other actions. This work may be funded and accomplished through both agency and partner facilitation. The Commission works to conduct much of this activity through Districts, who assist in local facilitation and connection to producers and farms crucial for real-world demonstration of conservation in action.

## **SUBCHAPTER 5. SOIL HEALTH ASSESSMENT PROGRAM [NEW]**

### **155:42-5-1. Purpose [NEW]**

---

# Permanent Final Adoptions

The Commission shall serve as the State's technical lead for coordinating, developing, conducting, and maintaining a statewide Soil Health Assessment Program (Assessment Program). The purpose of the Assessment Program is to develop and manage a process and network of sites to acquire data necessary to evaluate status and trends of soil health throughout Oklahoma.

## **155:42-5-2. Program objectives [NEW]**

The Assessment Program objectives include but are not limited to:

- (1) Develop and implement a monitoring system to gather data necessary to assess status and trends of soil health across the state. Parameters will be selected that best reflect the current science defining soil health.
- (2) Develop capacity to involve voluntary soil health measurements taken by producers and land managers trained by Program Specialists.
- (3) Incorporate all data obtained through this program into a Commission database to facilitate archiving, query, analysis, and sharing of data with partners and the public.
- (4) Develop and conduct assessments of data necessary to determine soil health baselines and trends.
- (5) Develop data tools and references for characterizing soil health status and effectively communicating these results to the public.

## **155:42-5-3. Working on Regenerative Management Systems [NEW]**

The Commission's Working on Regenerative Management Systems (WORMS) shall serve as the base program to accomplish the Assessment Program objectives outlined in 155:42-5-2. Developed from a collaboration between the Commission and the United States Department of Agriculture, Natural Resource Conservation Service (NRCS), WORMS is a web-based application developed to collect soil health data statewide, tracking improvements in soil conditions resulting from changes in land-use practices. WORMS v. 2.0 is a form-based data collection and storage system that utilizes Survey 123 for ArcGIS®. This platform ensures consistent data collection methods for state soil health while offering a foundation for future development with new and existing partners. The Commission will be responsible for the ongoing development, storage, administration, service, and quality assurance of the WORMS application and its data.

## **SUBCHAPTER 7. HEALTHY SOIL GRANT PROGRAMS [NEW]**

### **155:42-7-1. Soil Health Implementation Program [NEW]**

The Soil Health Implementation Program (SHIP) provides a comprehensive, multi-practice approach to conservation through personalized planning and dedicated mentorship from the Commission's Soil Health Team. This program is designed to advance soil health and regenerative agriculture practices throughout Oklahoma. SHIP's primary goal is to empower crop, livestock, and urban agricultural producers to enhance their soil health management strategies and achieve long-term sustainability.

### **155:42-7-2. Program objectives [NEW]**

The Commission's program objectives are to:

- (1) Work with agricultural producers in cropping, livestock, and urban operations to provide technical assistance and planning to implement or complete a system of soil health-focused conservation designed to improve land and operational resilience.
- (2) Provide funds to qualifying producers and landowners to assist in implementing the conservation practices outlined in their conservation plan that are designed to improve soil health.
- (3) Collect soil health data necessary to monitor changes on participating farms and continue building the state's soil health database.
- (4) Build producer mentor networks and enable greater education and outreach in promotion of soil health-focused conservation.

### **155:42-7-3. Establishment of state guidelines [NEW]**

When funds are available, the Commission shall develop guidelines for SHIP. These guidelines will clarify and establish the following:

- (1) Program period;
- (2) Allocation period;
- (3) Eligibility requirements for:
  - (A) Applicants, and
  - (B) Conservation Commissioners, Conservation Commission staff, employees, directors, and board members of Conservation Districts, and the spouses of all the above individuals;
- (4) Eligible conservation practices;

# Permanent Final Adoptions

---

- (5) Cost rates for reimbursement for conservation practices;
- (6) Maximum program payment;
- (7) Application process;
- (8) Review and approval process;
- (9) Completion dates;
- (10) Payment process;
- (11) Guidelines for conservation district reporting; and
- (12) Commission reporting and accounting.

## **155:42-7-4. Eligibility requirements [NEW]**

To be eligible for consideration under this program, the applicants must:

- (1) Ensure interest in the adoption of best management practices identified through planning that work toward a system of conservation focused on soil health principles.
- (2) Commit to a three-year engagement for technical and financial assistance. All practices must be completed, and cost-share payments disbursed within three years of the signed SHIP conservation plan.
- (3) Have an approved cooperator agreement with their district.
- (4) Ensure land areas designated for implementation are not enrolled in other programs (e.g., EQIP) accomplishing the same practice implementation (aka, "Double dipping").
- (5) Agree to maintain the conservation practices for the expected life specified by the practice standard and/or the recommendation of the Commission's soil health staff.
- (6) Agree to soil health assessment conducted by the Program Specialist over the course of their program involvement.
- (7) Agree to contribute to the mentorship of other producers in soil health-focused conservation.

## **155:42-7-5. Technical representatives [NEW]**

The Commission Soil Health Team (aka Program Specialists) will serve as the SHIP technical representatives. Their responsibilities include:

- (1) Conducting the application review and selection process;
- (2) Conducting field visits as necessary to determine landowner and operator needs;
- (3) Developing conservation plans with design and schedule of practice installations;
- (4) Determining compliance with SHIP practice standards and specifications;
- (5) Certifying practice implementation in accordance with the SHIP conservation plan;
- (6) Preparing necessary payment documentation for conservation districts to process a claim for reimbursement; and
- (7) Confirming that the landowner or operator has received their payment(s).

## **155:42-7-6. Eligible SHIP conservation practices and associated rates [NEW]**

Conservation practices prescribed in SHIP conservation plans will reflect those referenced from NRCS national conservation practice standards where applicable and shall be implemented according to these standards and specifications unless otherwise authorized by a Commission technical representative. Conservation practice reimbursement rates shall be set by the SHIP program staff using a standard average cost (unit cost) for conservation practices based on NRCS EQIP or similar program payment rates. These average costs will be reviewed and updated by the SHIP program staff as necessary based on NRCS cost updates and/or best professional judgment to maintain or improve incentive for adoption. A list of SHIP relevant conservation practices and associated reimbursement rates shall be maintained throughout the program. The Commission shall set a maximum program payment per participant that cannot be exceeded for the active conservation plan.

## **155:42-7-7. Application, review, and approval process [NEW]**

The Commission and conservation districts will advertise and accept applications for SHIP throughout a predetermined allocation period. Each applicant is limited to one application and must be an approved district cooperator. The Commission Soil Health Team will review and rank applications using a preset ranking tool. Approved applicants and their respective districts will be notified within 45 days of the close of the allocation period.

## **155:42-7-8. Conservation plan [NEW]**

Successful SHIP applicants must complete a conservation plan to be eligible for program participation. The SHIP conservation plan involves a three-year engagement focused on implementing a conservation system designed to improve soil health. All SHIP conservation plans must be signed and dated by the participant and a Commission technical representative before any program-related work begins. The conservation plan becomes effective on the date of the last signature.

---

# Permanent Final Adoptions

## **155:42-7-9. Completion and reimbursement payment [NEW]**

Approved applicants must complete all conservation practice implementation by the dates specified in their SHIP conservation plan. Any deviations or variances from the plan must be approved by a Commission technical representative. Participants are eligible for reimbursement only for practices implemented in accordance with their SHIP conservation plan, as verified and signed off by a Commission technical representative. Participants who fail to complete the planned practices or cancel their conservation plan before the end of the three-year term will forfeit any remaining reimbursement eligibility under the SHIP program.

Darren Ferguson, Deputy General Counsel and Agency Rules Liaison, Office of General Counsel, Oklahoma Corporation Commission, Will Rogers Memorial Office Building, 2401 North Lincoln Boulevard, P.O. Box 52000, Oklahoma City, OK 73105, (405) 522-5491, [Darren.Ferguson@occ.ok.gov](mailto:Darren.Ferguson@occ.ok.gov).

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF OCTOBER 1, 2025**

## SUBCHAPTER 1. GENERAL PROVISIONS

### PART 5. RESPONSE TO CITIZEN ENVIRONMENTAL COMPLAINTS

**165:5-1-29. Pollution complaint resolution [AMENDED]**

(a) All pollution complaints received by the Commission that are not closed pursuant to 165:5-1-28, and that involve issues over which the Commission has jurisdiction, shall be handled in such manner as to ensure that pollution complaint resolution shall be achieved within ~~180 days of a~~ reasonable time after receipt of the pollution complaint.

(b) Pollution complaint resolution is not achieved until a written determination is made by the Commission, or any duly authorized representative of the Commission, that:

- (1) the facts and circumstances of a pollution complaint do not constitute a violation of law or rule within the Commission's jurisdiction; or
- (2) the facts and circumstances of a pollution complaint constitute a violation of law or rule within the Commission's jurisdiction but for which an adequate remedy including abatement and mitigation of pollution or appropriate punishment has been implemented to the extent possible; or
- (3) the facts and circumstances of a pollution complaint constitute a violation of law or rule within the Commission's jurisdiction and for which an individual proceeding has been initiated before the Commission, an Administrative Law Judge of the Commission, or before a court of competent authority; or

(4) a long term site remediation has been initiated that is expected to take longer than 180 days from receipt of the pollution complaint to complete, and such remediation is being performed pursuant to an administrative or judicial order.

(c) A copy of the written determination shall be sent, by mail, facsimile, or electronic mail, within seven (7) days of its preparation, to the complainant, alleged violator, and other relevant parties, if known.

## SUBCHAPTER 3. FEES

### PART 1. GENERAL PROVISIONS

#### 165:5-3-1. Fees, fines and bonds [AMENDED]

##### (a) General.

(1) **Exceptions to filing fees.** For each initial application in each category listed in (b) of this Section, a filing fee shall be paid by the person seeking to file or submit the document, unless the document is filed under authorization of and in the name of an instrumentality of the State of Oklahoma.

(A) Filing fees shall not apply to any subsequent pleading or amended application except a Form 1000 required in OAC 165:10-3-1(b)(1)(A) through (E) and OAC 165:10-3-1(c).

(B) No filing fee shall be required for any application filed pursuant to OAC 165:10-3-31, Use of vacuum at the well head.

(C) No filing fee applicable to the conservation docket shall be required for any Notice of Intent to Mediate filed with the Commission pursuant to OAC 165:5- 23-1 et seq. A per participant fee provided in OAC 165:5-3-1(b)(1)(L) shall be charged for any informal dispute resolution procedure that commences.

(D) No filing fee shall be paid by a party filing a protest to an adverse action of the Commission pursuant to the International Fuel Tax Agreement ("IFTA") or the International Registration Plan ("IRP").

(E) No filing fee shall be paid by a customer filing a Consumer Services docket application against a public utility.

(F) No filing fee shall be required for any application filed on the Oklahoma Universal Service Fund ("OSF") docket.

(G) No filing fee shall be paid by a party filing a protest to a nonconsensual towing Violation Notification issued by the Transportation Division.

(H) No filing fee shall be paid by a small business requesting the Commission to review its rules to determine whether or not the rules in question should be amended, repealed, or redrafted, pursuant to 75 O.S. § 250.10.

(2) **Filing fees.** Any filing fee assessed by this Section shall be due and paid at the time of filing of the document. Neither the Court Clerk's Office nor any division of the Commission shall accept an application subject to a filing fee until the required fee is paid. No filing fee shall be refundable. For documents that are being filed in paper form, all associated filing fees must be paid and the documents submitted to the Court Clerk's Office for filing prior to 3:30 p.m. to allow for document processing within established hours of operation.

(3) **Other fees.** Any other fee assessed by this Section shall be due and payable at the time the service is requested. No service shall be rendered before payment of the prescribed fee. No such other fee shall be refundable.

(4) **Negotiable instruments.** Fees paid by negotiable instruments shall be made payable to the "Oklahoma Corporation Commission." Negotiable instruments include personal checks, cashier checks, certified checks, and money orders. Foreign checks must be payable through a United States bank in United States funds.

(5) **Returned payments.** In accordance with 62 O.S. § 34.57, a fee shall be assessed on each payment, either physical or electronic, returned to the Commission as a result of the refusal of the bank upon which the payment was drawn to honor the same. In the event that a payment transaction for any fee, fine or bond fails, the Commission reserves the right to require payment of that fee, fine or bond, and any future fee, fine or bond owed to the Commission by the same individual or entity, to be made by cash, cashier check, certified check, money order or another secured form of payment.

##### (b) Schedule of filing fees.

###### (1) Oil and gas fees.

(A) Commercial disposal well application - \$1,500.00

# Permanent Final Adoptions

---

- (i) Amendments to an open application injection zone or location of wellbore - \$200.00
  - (ii) Amendment to decrease maximum injection rate or pressure on an open application - No Fee
  - (iii) Amendment to increase maximum injection rate or pressure on an open application - \$100.00
- (B) Commercial earthen pit application - \$1,250.00
- (C) Commercial soil farming site application - \$1,250.00
- (D) Commercial recycling facility application - \$1,000.00
- (E) Noncommercial injection or disposal well application - ~~Form 1015 - \$250.00~~
  - (i) Noncommercial injection or disposal well application - Form 1015 - \$400
  - (ii) Simultaneous injection application - Form 1015SI - \$400.00
  - (iii) Amendments to an open application injection zone or location of wellbore - \$200.00
  - (iv) Amendment to decrease maximum injection rate or pressure on an open application - No Fee
  - (v) Amendment to increase maximum injection rate or pressure on an open application - \$100.00
- (F) Commercial facilities annual fee due on October 1 of each year:
  - (i) Commercial earthen pit facility - \$750.00
  - (ii) Commercial soil farming facility - \$750.00
  - (iii) Commercial recycling facility - \$750.00
- (G) Conservation docket, pollution docket, and gas gathering base applications - \$200.00
- (H) Emergency application on the conservation or pollution docket - \$250.00
- (I) Permit to drill - Form 1000:
  - (i) Directional well - \$350.00
  - (ii) Horizontal well - \$400.00
  - (iii) Multiunit well - \$600.00
  - (iv) Vertical well - \$350.00
- (J) Expedited permit to drill - Form 1000:
  - (i) Directional well - \$600.00
  - (ii) Horizontal well - \$600.00
  - (iii) Multiunit well - \$800.00
  - (iv) Vertical well - \$600.00
- (K) Temporary permit to drill - Form 1000:
  - (i) Directional well - \$350.00
  - (ii) Horizontal well - \$350.00
  - (iii) Multiunit well - \$350.00
  - (iv) Vertical well - \$350.00
- (L) Notice of Intent to Mediate pursuant to Chapter 23 of this Chapter - \$5.00 per participant
- (M) Permit for one-time land application of materials - Form 1014S - \$150.00
- (N) Expedited permit for one-time land application of materials - Form 1014S - \$250.00
- (O) Tax exemption application filed pursuant to OAC 165:10-21 - \$100.00
- (P) Transfers of well operatorship - Forms 1073 and 1073I - single well - \$25.00
- (Q) Transfers of well operatorship - Forms 1073IMW and 1073MW - multiple wells - \$250.00
- (R) Notification of intent to plug - Form 1001 - \$100.00
- (S) Operator agreement-annual fee-Form 1006B-based on the number of unplugged wells for which the operator is responsible according to Commission records:
  - (i) No wells being operated - \$100.00
  - (ii) From 1-25 wells - \$250.00
  - (iii) From 26-100 wells - \$500.00
  - (iv) From 101-500 wells - \$750.00
  - (v) Over 500 wells - \$1,000.00
- (T) Fluid disposal/injection reports:
  - (i) Commercial disposal well fluid disposal report-Form 1012C-semiannual per well-\$500.00
  - (ii) Noncommercial disposal and injection well and LPG storage well report-Form 1012-annual per well-\$25.00

---

## Permanent Final Adoptions

- (iii) Noncommercial disposal and injection well and LPG storage well report-Form 1012-more than 100 wells-annual fee-\$2,500.00
  - (U) Permit to use earthen pit, noncommercial disposal or enhanced recovery well pit for temporary storage of saltwater, and pit associated with commercial disposal well surface facility-Form 1014:
    - (i) Capacity of pit less than or equal to 10,000 barrels-\$250.00
    - (ii) Capacity of pit greater than 10,000 barrels-\$1,000.00
  - (V) Permit for seismic operations-Form 1000S-\$100.00
  - (W) Application for temporary exemption from well plugging-Form 1003A-\$100.00
  - (X) Permit to vent or flare gas from well-Form 1022-\$50.00
  - (Y) Application for multiple zone well completion, production of well through a multiple choke assembly, and commingling of well production-Form 1023-\$50.00
- (2) Transportation fees.**
- (A) Transportation docket application - \$500.00
  - (B) Other transportation fees:
    - (i) Intrastate license.
      - (I) Original application filing fee - \$100.00
      - (II) Sub application filing fee - \$100.00
      - (III) Renewal application filing fee - \$50.00
      - (IV) Reinstatement application filing fee - \$100.00
      - (V) Name change application filing fee - \$50.00
      - (VI) Identification device or per vehicle fee - \$7.00
    - (ii) Deleterious Substance License Permit application filing fee - \$350.00
    - (iii) International Fuel Tax Agreement (IFTA) fees.
      - (I) IFTA decal - \$2.00 per vehicle per decal set
      - (II) IFTA reinstatement fee - \$100.00
      - (III) IFTA manual application processing fee for fleet size over 25 vehicles - \$100.00 per application. No fee is applicable if filed electronically.
    - (iv) Trailer registration processing fee per trailer registered through the IRP System - \$2.00
    - (v) Temporary registration and fuel permit fees (a \$10.00 services fee is added to each permit in this unit):
      - (I) Temporary registration (72 hour trip permit) - \$12.00
      - (II) Temporary fuel permit (120 hours) - \$25.00
      - (III) Unladen or hunters permit (45 days) - \$25.00
    - (vi) Harvest permit fees (power units only).
      - (I) Thirty day permit - \$20.00 per axle
      - (II) Sixty day permit - \$35.00 per axle
      - (III) 15 day extension - \$8.75 per axle
    - (vii) Transportation Network Company annual permit fee - \$5,000.00
    - (viii) Household goods certificate fees:
      - (I) Original application filing fee - \$350.00
      - (II) Sub application filing fee - \$300.00
      - (III) Renewal application filing fee - \$300.00
      - (IV) Reinstatement application filing fee - \$250.00
      - (V) Name change application filing fee - \$50.00
      - (VI) Identification device or per vehicle fee - \$7.00
    - (ix) Apportioned commercial motor vehicle registration services fee - \$100.00 per vehicle (apportioned)
    - (x) Apportioned commercial motor vehicle registration application reprocessing fee -\$100.00 per application
    - (xi) Apportioned commercial motor vehicle registration manual processing fee for fleet sizes over 25 vehicles - \$25.00 per vehicle. No fee is applicable if filed electronically.
    - (xii) Application for lawful fence - \$500.00. If the Transportation Division determines a lawful fence is required to be constructed by the railroad, the railroad shall have sixty (60) days from the date of notice to refund the application filing fee to the landowner
- (3) Utility fee.** Public utility docket application - \$100.00
- (4) Enforcement fee.** Enforcement docket application - \$100.00

# Permanent Final Adoptions

---

## (5) Petroleum storage tank fees.

(A) **Application fee.** The fee to file an application on the Petroleum Storage Tank/Indemnity Fund docket is \$100.00, unless the document is filed under authorization of and in the name of an instrumentality of the State of Oklahoma. Filing fees shall not apply to any subsequent pleading or amended application.

(B) **Variance review fee.** The fee for administrative review of a Petroleum Storage Tank Division variance application is \$250.00.

(C) **Annual storage tank permit fee.** Owners of regulated petroleum storage tanks, whether in use or not, are required to pay an annual permit fee as follows:

- (i) For petroleum storage tanks - \$25.00 per tank or tank compartment.
- (ii) For noncommercial agricultural underground storage tanks containing petroleum products - \$10.00 per tank.
- (iii) For any tank installed or permanently closed during a calendar year, the full yearly fee shall be assessed.
- (iv) Invoices will be mailed out approximately 60 days in advance of the due date as noted on the invoice.
- (v) If invoices are unpaid after the due date, a second invoice is mailed out which includes a failure to pay penalty, as found in 17 O.S. § 308.1, and provides 30 days to pay the invoice balance.
- (vi) If the invoice balance is unpaid after the 30 days, a letter is mailed to the Owner with the outstanding fees and informing the Owner that the permit is expired.
- (vii) If the invoice balance remains unpaid, a Fuel Specialist may shut down the regulated petroleum storage tank.

(D) **UST Installer License.** The fees for an Underground Storage Tank Installer License are:

- (i) Application fee - \$50.00
- (ii) License fee - \$100.00
- (iii) Annual License renewal fee - \$100.00

(E) **Environmental Consultant License.** The fees for an Environmental Consultant License are:

- (i) Application fee - \$50.00
- (ii) License fee - \$100.00
- (iii) Annual License renewal fee - \$100.00

(F) **UST Remover License.** The fees for an Underground Storage Tank Remover License are:

- (i) Application fee - \$50.00
- (ii) License fee - \$100.00
- (iii) Annual License renewal fee - \$100.00

(G) **AST Installer License.** The fees for an Aboveground Storage Tank Installer License are:

- (i) Application fee - \$50.00
- (ii) License fee - \$100.00
- (iii) Annual License renewal fee - \$100.00

(H) **AST Remover License.** The fees for an Aboveground Storage Tank Remover License are:

- (i) Application fee - \$50.00
- (ii) License fee - \$100.00
- (iii) Annual license renewal fee - \$100.00

(I) **Vapor Monitor Well Technician License.** The fees for a Vapor Monitor Well Technician License are:

- (i) Application fee - \$50.00
- (ii) Examination fee- \$25.00
- (iii) License fee - \$100.00
- (iv) Annual License renewal fee - \$100.00

(J) **Groundwater Monitor Well Technician License.** The fees for a Groundwater Monitor Well Technician License are:

- (i) Application fee - \$50.00
- (ii) License fee - \$100.00
- (iii) Annual License renewal fee - \$100.00

(K) **OCC Licensed Tester.** The fees for an OCC Licensed Tester are:

- (i) Application fee - \$50.00

---

## Permanent Final Adoptions

(ii) License fee - \$100.00

(iii) Annual License renewal fee - \$100.00

(L) **Antifreeze Permit.** The manufacturer of any antifreeze displayed, distributed, manufactured, marketed, produced, sold, used and/or offered for sale or resale, held with intent to sell, or transported within the State of Oklahoma is required to pay the following fees:

(i) Application fee - \$100.00 per brand per type

(ii) Annual permit renewal fee - \$100.00 per brand per type

(c) **Certified copies.** A fee of \$1.00 per copied page is charged for each copy of an order or other document on file with the Commission certified by the Secretary, in addition to the fees specified in (d) of this Section.

(d) **Other fees.** The following fees shall be charged and collected at the time of request for same; none of which shall ever be refundable:

(1) Certificate of non-development (maximum of one quarter section) - \$10.00

(2) Copies of any file or order -

(A) Non-certified copies - \$0.25 per page; certified copies \$1.00 per page

(B) Postage - actual cost

(3) Batch reproduction on continuing basis (per page) - \$0.25

(4) Copy of any document prepared in OCC offices (per page) - \$0.25

(5) Current ownership/lienholder information - \$1.00 per vehicle record page

(6) Computer generated title history - \$5.00 per vehicle

(7) Manual title history - \$7.50 per vehicle

(8) Copy of lien release - \$7.50 per vehicle

(9) Certified copy of lien release - \$10.00 per vehicle

(10) Certified copy of title history - \$10.00 per vehicle

(11) Preparation of the record on appeal to the Oklahoma Supreme Court - \$200.00

(e) **Computer data processing documents.** Reproduction of documents or informational searches involving computer data processing services will be in accordance with 51 O.S. § 24A.5.

(f) **Document search fee.** Except where provided otherwise by law, where the request for document copying and/or mechanical reproduction is solely for commercial purpose or clearly would cause excessive disruption of the Commission's essential functions, then a fee of \$25.00 per hour (minimum of one hour) shall be charged to recover the direct cost of document search.

(g) **Copy fees waived.** Copy fees for non-certified documents listed above, that are less than ten (10) pages will be waived.

(h) **Electronic payments.**

(1) "Nationally recognized" credit card means any instrument or device, whether known as a credit card, credit plate, charge plate, debit card, or by any other name, issued with or without fee by an issuer for the use of the cardholder in lieu of a check, as defined by 12A Oklahoma Statute § 3-104(f), in obtaining goods, services or anything else of value or for the use of the cardholder in obtaining such goods, services, or anything else of value on credit and which, in either case, is accepted by over one thousand merchants in this state. The Commission shall determine which nationally recognized credit card will be accepted for any payments due and owing to the Commission.

(2) Implementation of payment by nationally recognized credit card and other means of electronic payments will be phased in over a period of time as determined by the Commission.

(3) The Commission will verify that sufficient credit is available before acceptance of credit card to ensure that no loss of state revenue will occur by the use of such card. If a person is at a designated receiving point and credit is not available, the person then has the opportunity to pay by other methods accepted by the Commission.

(4) The Commission may add an amount equal to the amount of the service charge incurred, not to exceed four percent (4%) of the amount of such payment as a service charge for the acceptance of such nationally recognized card.

(5) Persons wishing to pay by credit card must be willing to submit normally required credit card information to the Commission. This includes, but is not limited to: card type (VISA, etc.), card number, card expiration date, card holder name as shown, and three-digit security personal identification number (PIN). The Commission assumes no liability for unauthorized use of this information.

(6) "Electronic payment" refers to any transfer of funds, other than a transaction originated by check, draft, or similar paper instrument, which is initiated through electronic means, as to order, instruct, or authorize a financial institution to debit or credit an account.

# Permanent Final Adoptions

---

(7) "Electronic terminal" means an electronic device, other than a telephone operated by a person, through which a person may initiate an electronic payment.

(8) "Financial institution" means a State or National bank, a State or Federal savings and loan association, a mutual savings bank, a State or Federal credit union, or any other person who, directly or indirectly, holds an account belonging to another person.

(9) "State" means any State, territory, or possession of the United States, the District of Columbia, the Commonwealth of Puerto Rico, or any political subdivision of any of the foregoing.

## SUBCHAPTER 7. COMMENCEMENT OF A CASE

### PART 3. OIL AND GAS

#### **165:5-7-29. Request for exception to certain underground injection well requirements [AMENDED]**

(a) Each application for an exception to 165:10-5-1 through 165:10-5-10 shall comply with the requirements of OAC 165:5-7-1(a) through (g).

(b) Each application shall be filed at the UIC Department and shall be verified by a duly authorized representative of the operator. The application and one complete set of attachments, with additional copies as may be required by the Court Clerk, shall be furnished to the Court Clerk.

(c) The application shall be accompanied by the information required in OAC 165:10-5-5(b). ~~The Manager of UIC may waive any particular information depending on the nature of the exception.~~

(d) Notice of the application shall be published pursuant to 165:5-7-1(n)(2).

(e) If a written objection to the application is filed within fifteen (15) days after the application is published or if hearing is required by the Commission, the application shall be set for hearing and notice thereof shall be given in the same manner as required for the filing of the application. If no objection is filed and if the Commission does not require a hearing, the matter shall be presented administratively to the Manager of Underground Injection Control who shall file the Manager's report and make the Manager's recommendations.

#### **165:5-7-30. Amending existing orders or permits authorizing injection for injection, disposal, or LPG storage wells [AMENDED]**

(a) Each application for an amendment to an existing order or permit shall be filed on Form 1015 and comply with the requirements of ~~OAC 165:10-5-5(a) and (b)~~ OAC 165:10-5-5(a) through (e).

(b) The application shall also include a statement of facts explaining in detail the nature of and the reason for the amendment, and shall be signed by a duly authorized agent of the operator.

(c) Notice of the application relating to the nature of the amendment shall be published pursuant to ~~OAC 165:5-7-1(n)~~ (2) OAC 165:10-5-5(d) and (e). ~~The notice shall include:~~

~~(1) UIC tracking number:~~

~~(2) Name and address of applicant:~~

~~(3) Location of proposed well to nearest 10-acre tract:~~

~~(4) Well name:~~

~~(5) The geological name of the injection formation:~~

~~(6) The top and bottom of the injection interval:~~

~~(7) Maximum injection pressures:~~

~~(8) Maximum B/D or MCF/D injection rate:~~

~~(9) The type of well (injection, disposal, commercial, LPG storage):~~

~~(d) If a written objection to the application is filed with the Commission within fifteen (15) days after notice of the application is published or if hearing is required by the Commission, the application shall be set for hearing and notice thereof shall be given in the same manner as required in OAC 165:5-7-1. If no objection is filed and if the Commission does not require a hearing, the application may be approved administratively by the Manager of Underground Injection Control:~~

## SUBCHAPTER 9. SUBSEQUENT PLEADINGS

#### **165:5-9-2. Subsequent pleadings [AMENDED]**

(a) **Reply.** No documents shall be required other than the application and responses thereto. Reply to a response shall be permitted but shall not be required.

(b) **Motions.** No motion shall be filed until the complete Application is received in the Court Clerk's office or filed via ECF. Obtaining a case number is not considered the filing of the complete Application. All other objections to or requests for action or relief shall be by motion, with service to all persons entitled to notice. Service of the motion shall be made through the ECF System to those on the Official ECF service list, by regular mail, electronic mail, or in person as provided in this subsection, unless otherwise provided by statute. The motion shall state in concise language the action or relief sought and the facts and circumstances upon which the right thereto is based.

(1) All motions shall be set on a regularly scheduled motion docket by a separately filed Notice of Hearing to be heard by an Administrative Law Judge unless determined otherwise by a prehearing/scheduling agreement or a prehearing/scheduling order. All motions filed after a case has been set before the Commission or assigned to an Administrative Law Judge on the merits shall be set as directed by the Commission or the assigned Administrative Law Judge. The filing of a motion may not automatically delay the hearing on the merits.

(A) Prior to the record being opened on the merits or a prehearing/scheduling agreement filed or a prehearing/scheduling order issued, notice shall be given to all persons entitled to notice by the movant by serving at least five (5) business days prior to the date set for hearing. Service of the notice shall be made through the ECF System to those on the Official ECF service list, by regular mail, electronic mail, or in person, unless otherwise provided by statute. A copy of the motion and notice of hearing shall be provided to each respondent.

(B) After the record in the case has been opened on the merits or a prehearing/scheduling agreement has been filed or a prehearing/scheduling order has been issued, notice shall be given to all persons entitled to notice by the movant by serving, at least five (5) business days prior to the date set for hearing. Service of the notice shall be made through the ECF System to those on the Official ECF service list, by regular mail, electronic mail, or in person, unless otherwise provided by statute. A copy of the motion and notice of hearing shall be provided to all parties of record.

(2) Exceptions to such motions may be lodged in accordance with the provisions of OAC 165:5-13-5(a)(1) except as provided in (A) and (B) of this paragraph.

(A) In oil and gas related matters, all decisions on motions filed after the case has been assigned to an Administrative Law Judge shall be considered in the Report of the Administrative Law Judge unless the Administrative Law Judge directs otherwise.

(B) In all other matters, the decisions on motions filed after a scheduling agreement has been filed or a scheduling order has been issued in a case shall be considered in the Report of the Administrative Law Judge unless the Commission or Administrative Law Judge directs otherwise.

(c) **Response/objection to motions.** Any person may file and serve a response or objection to any motion at any time before the motion is heard. The title of the response or objection shall refer to the motion being considered. Responses or objections filed to motions which already have been set for hearing shall not require a Notice of Hearing.

(d) **Amendment.** Amendment of a document may be permitted at any time upon such terms as are just. An amendment may take the form of a substitute document, an amendment or supplement, deletion of language, or correction by interlineation. Response may be made to an amended document, but shall not be required. An amended application is acceptable where notice is given according to the statutes or rules under which the original application was filed. Provided, however, no amended application shall be filed which changes the applicant's name, the type of relief requested, the legal description of the lands involved or the caption in the original application; instead, any such changes from the original application shall require the filing of a new application in accordance with Subchapter 5 of this Chapter.

(e) **Dismissal.** The applicant may dismiss the application with or without prejudice at any time prior to the record being opened at the hearing on the merits in said case by submitting a proposed order dismissing the case to the Administrative Law Judge assigned to the case or, if no Administrative Law Judge has been assigned, to the chief Administrative Law Judge and all parties of record. Such dismissal shall not dismiss the case as to specifically stated affirmative relief sought by any respondent and, upon the appearance at the time of hearing of any respondent who has not received notice of the dismissal or who has requested specific affirmative relief, such respondent may enter any evidence into the record and may be granted any relief which the Commission or Administrative Law Judge deems appropriate.

(1) At any time prior to the record being opened at the hearing on the merits in a case, a respondent may file a motion to dismiss in the same manner as provided in (b) of this Section.

(2) After the record has been opened at the hearing on the merits in a case, the case may be dismissed by agreement of all parties of record or recommended for dismissal with or without prejudice by the Commission or Administrative Law Judge upon the Commission's or Administrative Law Judge's own motion or upon motion of any party of record. A motion to dismiss filed hereunder shall comply with the provisions of (b) of this Section; provided that, in a case where a motion to dismiss has been filed, notice shall be served on each respondent in the case.

# Permanent Final Adoptions

---

(3) Upon five (5) business days' notice to parties of record, the Commission may entertain motions to dismiss for any of the following reasons:

- (A) Failure to prosecute.
- (B) Unnecessary duplication of proceedings or res judicata.
- (C) Withdrawal.
- (D) Moot question or obsolete applications.
- (E) Lack of jurisdiction.
- (F) Failure to submit a proposed order in a timely manner.
- (G) For other good cause shown.

(4) Disposition Docket. Upon providing fifteen (15) ~~business~~ calendar days' notice (the "Notice Period") on a posted disposition docket, and upon emailing notice of the same to all parties of record to a case, the Commission may dismiss a case ~~case~~ without prejudice for any of the following reasons:

- (A) Failure to submit a proposed order to the Administrative Law Judge or the Commission within thirty (30) days after the recommendation date or as directed by the Administrative Law Judge or the Commission.
- (B) Failure to set a case on a day certain within one (1) year of its filing.
- (C) Failure to file any pleading or status update in a case for one (1) year to the extent action by a party of record has been pending for such period and there is no order from the Commission preventing or prohibiting such action.
- (D) Notwithstanding the foregoing, a case shall not be dismissed pursuant to this paragraph if a proposed or corrected order is submitted, the case is set on a day certain, or a pleading or status update is filed, in each case prior to the expiration of the Notice Period.

## 165:5-9-3. Emergency applications [AMENDED]

(a) **Filing.** After an application for emergency relief is filed with the Court Clerk, it may be placed on the Commission's Emergency Docket. The requisite number of file-stamped copies of the application shall be submitted to the Commission on or before 2:00 P.M. of the day preceding the hearing. No application, motion, or other filing for emergency relief shall be accepted for filing by the Court Clerk without a base application being previously filed. No base application shall be dismissed without hearing subsequent to the issuance of an emergency order in the same cause. A motion to dismiss shall be filed. Emergency applications for motor carrier causes shall be set for hearing in accordance with the provisions of the Commission rules and regulations governing motor carriers, OAC 165:20. The Commission will not accept an application for an emergency order approving a commercial facility that requires a permit under OAC 165:10-5-5, OAC 165:10-9-1, OAC 165:10-9-2 or OAC 165:10-9-4.

(b) **Notice.** Notice of hearing on an emergency application shall be served on all parties otherwise entitled to notice under the base application not less than five (5) business days prior to the date of the emergency hearing; provided that, if the applicant has received written approval from all parties of record and respondents, the provisions of this Section shall not apply. Notice of hearing on motor carrier emergency applications shall be set on the Commission docket as prescribed by law.

(c) **Exception.** In order to protect the public health and safety, the Commission may issue an emergency order without notice and hearing and without the filing of a base application.

## SUBCHAPTER 13. INITIAL AND SUBSEQUENT PROCEEDINGS

### 165:5-13-3. Hearings [AMENDED]

(a) **Conduct of hearing.** Every hearing shall be conducted by the Commission, by an Administrative Law Judge or as provided at OAC 165:5-13-2.1. The Commission or Administrative Law Judge shall call the case for hearing, after which proceedings shall be had as provided in this Section.

(b) **Scope of hearings.** The Commission, Administrative Law Judge or Public Utility Referee may state the purpose and scope of the hearing, or the issues upon which evidence will be heard.

(c) **Appearances.** Each person appearing shall enter an appearance by stating their name and if applicable, the name of the party being represented. Thereafter, such person shall be deemed a party of record, unless specified otherwise.

- (1) An individual may appear on his or her own behalf.

(2) A corporation may appear only by its attorney; provided, that a representative other than an attorney may appear on behalf of a corporation for the sole purpose of making a statement or indicating corporate policy. Such a representative may not assume an advocate's role or introduce evidence or examine witnesses in the proceeding.

(3) Should an attorney no longer represent the party of record, a withdrawal of appearance must be filed with the Court Clerk and provided to all parties of record and the party who was previously represented by the attorney. The withdrawal of appearance must include the name and last known address of the party.

**(d) Protests.**

(1) Except as otherwise permitted by this Chapter, any person desiring to protest the relief requested by the application shall file a notice of protest with the Court Clerk's office.

(2) Before the protest is filed or within a reasonable time thereafter, the protestant shall give notice to the applicant in a manner designed to advise the applicant of the protest prior to the scheduled hearing. Once filed, the written protest shall be provided to the applicant by regular mail, facsimile, electronic mail or in person.

(3) A protesting party initially may announce a protest to a case at the time of hearing, but shall subsequently file a written protest within a reasonable amount of time after the announcement of such protest.

(4) A protest form will be available on the Commission's website; however, such form is not required as long as the filed protest document contains the required information.

(5) A filed protest must contain the caption of the application and contact information of the protestant or the protestant's attorney.

(6) The provisions of this subsection shall not apply to cases filed on the PUD or OSF dockets.

(7) From and after the initial hearing date of an application and at the request of the applicant, a hearing on the protest shall be scheduled to occur within ninety (90) calendar days of the request of the applicant on a date mutually agreeable to all of the parties to the case, or, in the event that a mutually agreeable hearing date cannot be agreed upon, by the adjudication of a Motion to Set before an Administrative Law Judge. The Commission shall make all efforts to ensure that all resources are made available for the hearing and adjudication of the hearing on the date upon which the hearing has been set. To the extent resources of the Commission are available on the scheduled hearing date, then such hearing shall occur, or be continued at the request of the Applicant to a mutually agreeable date between the parties. The setting of the protested hearing shall be done in such a manner to accommodate, and not preclude, any pre-trial motions of either party and reasonable time to accommodate an exhibit exchange at least nine (9) calendar days prior to the protested hearing.

**(e) Preliminary matters.** The following shall be addressed prior to receiving evidence:

(1) Unless otherwise ordered by the Commission or Administrative Law Judge, or unless otherwise required by these rules, at least one (1) business day prior to the opening of an uncontested hearing all exhibits intended to be offered into evidence shall be sent to the Court using the Commission's Online Hearing Exhibit Submissions website portal, or in the event that the Commission's exhibit submission website is inaccessible, then exhibits should be submitted by electronic mail to the court reporter and Administrative Law Judge at least one (1) business day prior to the opening of an uncontested hearing.

(2) The applicant, or staff counsel, may offer preliminary exhibits, including documents necessary to present the issues to be heard, notices, proof of publication and orders previously entered in the case.

(3) Ruling may be made on any pending motions, including requests pertaining to discovery.

(4) Stipulations of fact and stipulated exhibits shall be received. No stipulation, settlement, or agreement between the parties of record, their attorneys, or representatives with regard to any matter involved in any case shall be enforced unless it shall have been reduced to writing and signed by the parties of record or the representatives authorized by the rules of this Chapter to appear for them and thereafter made a part of the record, or unless it shall have been dictated into the record by them during the course of a hearing or incorporated into an order bearing their written approval. This Section does not limit a party of record's ability to waive, modify, or stipulate any right or privilege afforded by the rules of this Chapter, unless precluded by law.

(5) Parties of record may, in the discretion of the Commission or Administrative Law Judge, make opening statements where appropriate.

(6) Any other preliminary matters appropriate for disposition prior to presentation of evidence.

**(f) Rules of evidence.** The Commission and Administrative Law Judges shall follow the rules of evidence applied in the district courts of Oklahoma, except that such rules may be relaxed where the Commission or the Administrative Law Judge deems it in the public interest to do so. The Commission or Administrative Law Judge may exclude evidence upon objection made thereto, or the evidence may be received subject to final ruling by the Commission. An exception will be deemed to be preserved by a party of record objecting to evidence upon an adverse ruling thereon. The Commission or

# Permanent Final Adoptions

---

Administrative Law Judge may exclude inadmissible evidence on his own motion and may direct cumulative evidence be discontinued.

(g) **Order of proof.** The applicant or complainant who institutes a case may open and close the proof. Staff counsel may open and close a case instituted by the Commission or a staff member. Intervenor may be heard immediately following parties of record with whom allied in interest. In all cases, the Commission or Administrative Law Judge shall designate the order of proof.

(h) **Examination of witnesses.** Every witness shall be examined and cross-examined orally and under oath by not more than one attorney for each party of record. The Commission or Administrative Law Judge shall designate the order of examination and may limit the scope of examination and cross-examination.

(i) **Adverse party.** A party of record may call an adverse person or an officer or employee of an adverse person, in which case the witness may be impeached and otherwise cross-examined.

(j) **Record.** All testimony shall be taken on the record.

(k) **Prepared testimony.** Written testimony of a witness in form of questions and answers, or a narrative statement may be received in lieu of direct examination upon authentication by the witness under oath. In order to be received and relied upon at the hearing, such testimony and exhibits shall be filed and served upon all parties of record not less than five (5) days prior to the hearing, unless otherwise ordered by the Commission for good cause shown. The witness shall be subject to cross-examination. A written or oral statement by or a communication from any person, or a statement or resolution of a political subdivision, trade association, civic organization, or other organization may be received without cross-examination, but will be considered only as argument and not as proof of any recitation of facts contained therein.

**(l) Documents.**

(1) A photographic copy of a document which is on file as part of the official records of the Commission will be received without further authentication.

(2) A photographic copy of a public record certified by the official custodian thereof will be received without further authentication. A written statement by such custodian of records that no record or entry of described character is found in his records shall be received as proof of absence of such record.

(3) A photographic copy of a document may be substituted for the original at the time the original is offered in evidence.

(4) A document may not be incorporated in the record by reference except by permission of the Commission or Administrative Law Judge. Any document so received must be precisely identified.

(5) The Commission or Administrative Law Judge may require that documents such as rate compilations, statistical or technical data, and tabulated material be filed at a designated time prior to the hearing.

(6) The Commission or Administrative Law Judge may require that additional copies of exhibits be furnished for use by the Commission, staff counsel, and other parties of record.

(7) When evidence is offered which is contained in a book or document containing material not offered, the person offering the same shall extract or clearly identify the portion offered.

(8) The Commission or Administrative Law Judge may permit a party of record to offer a document as part of the record within a designated time after conclusion of the hearing.

(m) **Exhibits.** All exhibits shall be identified by docket type and case number on the first page of each exhibit prior to submitting to the Commission. All pages of each exhibit shall have continuous pagination. Each exhibit shall conform to the following requirements:

(1) all exhibits must be legible;

(2) the font must be no smaller than a size 10 font;

(3) if multiple colors are used, the colors shall be sufficiently distinguishable; and

(4) data shall be included on each exhibit to support the relief requested.

(n) **Summary exhibits.** An exhibit consisting of a compilation or summary of evidence, records, data, statistics, or other similar information may be received in evidence in addition to or in lieu of the evidence summarized, provided:

(1) The evidence summarized has been admitted in evidence, or is admissible; and

(2) If the evidence summarized has not been admitted, the person offering the summary exhibit has made the evidence summarized available for inspection by all other parties of record, or the information is published in a generally recognized publication which is available to all parties of record. It shall be the responsibility of a person offering a summary exhibit to comply with this subsection in advance of the hearing, and failure to make the evidence summarized available for inspection shall be grounds for refusal to admit the exhibit.

(o) **Closing the record.** The record shall be closed when all parties of record have had an opportunity to be heard and to present evidence, and the Commission or Administrative Law Judge announces that the record of testimony and exhibits is closed. Unless a decision is then announced, the matter will be taken under advisement for later decision.

(p) **Briefs.** The Commission or Administrative Law Judge may require or allow the filing of briefs by the parties of record, and may designate the order and time for filing briefs and reply briefs.

(q) **Reopening the record.** Any person may file and serve, by regular mail, facsimile or electronic mail on all parties of record a motion to reopen the record for further hearing or to offer additional evidence. The Commission, at any time prior to final order in the case, may, upon such motion or upon the motion of the Commission, order the record to be reopened for the purpose of taking testimony and receiving evidence which was not or could not have been available at the time of the hearing on the merits or for the purpose of examining its jurisdiction. A motion to reopen shall be filed and served in the same manner as provided in OAC 165:5-9-2(b). The motion and notice shall include a statement that if the Administrative Law Judge grants the motion, the record may be reopened the same day or on some other day as the Commission may determine.

(r) **Corrections to transcript.** Except as provided in OAC 165:5-13-1(d), an official reporter shall make a stenographic and electronic record of the hearing. Errors claimed to be in a transcription of either a contested or uncontested hearing shall be noted in writing and suggested corrections may be offered to the Commission or Administrative Law Judge who presided at such hearing within ten (10) days after the transcript is filed, unless the Commission or Administrative Law Judge shall permit suggested corrections to be offered thereafter. Suggested corrections shall be served in writing upon each party of record and the Commission or Administrative Law Judge. If not objected to within twelve (12) days after being offered, the Commission or Administrative Law Judge shall direct that such suggested corrections be made and the manner of making them. In the event that parties disagree on suggested corrections, the Commission or Administrative Law Judge, with the aid of argument and testimony from the parties of record, shall then determine the manner in which the record shall be changed, if at all.

(s) **Preparation of report or order.** The Commission or Administrative Law Judge may permit or direct any party or parties of record to prepare a proposed report or order in any protested case. In unprotested cases, the applicant shall prepare and submit a proposed Commission order.

(1) Orders regarding non-emergency applications shall be submitted to the Administrative Law Judge within thirty (30) calendar days of the date the Administrative Law Judge announced the recommendation unless the Administrative Law Judge directs otherwise.

(2) Proposed orders regarding emergency applications shall be submitted to the Administrative Law Judge within ten (10) business days of the date the Administrative Law Judge announced the recommendation unless the Administrative Law Judge directs otherwise.

(3) Failure to submit a proposed order to the Administrative Law Judge within the time frame required by this subsection may result in the Administrative Law Judge reopening the record, with five (5) business days' notice to the party or parties of record, and the application being recommended for dismissal unless good cause is shown for the failure to supply the proposed order as required. Notice to the party or parties of record may be provided via electronic mail.

### 165:5-13-5. Exceptions to Report of Administrative Law Judge [AMENDED]

(a) **Reviewability.** Except as provided in OAC 165:5-9-6(c) for rulings on continuances, any report from Administrative Law Judges shall be subject to review in the manner prescribed in this Section. Oral argument before the Commission is not a matter of right. If a party requests the Commission to hear oral arguments on any exceptions, a separate motion for oral argument of exceptions before the Commission must be filed. The Commission may deny a motion to entertain oral argument without a response being filed or hearing oral presentation on said motion.

(1) **Oral exceptions regarding motions and emergency matters.** Any person adversely affected by a decision of an Administrative Law Judge on the motion/emergency docket shall have ~~no more than five (5)~~ calendar days in which to advise the Administrative Law Judge or Oil and Gas Appellate Referee, other parties of record, and Staff Counsel of his or her intent to lodge exceptions and any request for oral arguments on the exceptions before the Commission. Written exceptions shall not be required. Oral exceptions shall be set for hearing before an Oil and Gas Appellate Referee or an Administrative Law Judge, unless the Commission orders otherwise; regarding matters involving issues addressed in Chapters 10, 15, 16, 25, 26, 27, 28, and/or 29. Oral exceptions in all other matters shall be set for hearing before the Commission.

(2) **Exceptions to the report from the hearing on the merits.** Any person adversely affected by a report of an Administrative Law Judge from the hearing on the merits shall have ten (10) business days in which to file exceptions to the report before the Commission. To perfect exceptions, written exceptions and notice of hearing for the exceptions must be filed within ten (10) business days after filing of the Report of the Administrative Law Judge. The person filing exceptions shall serve copies of the exceptions and notice of hearing for the exceptions on all parties of record and the Administrative Law Judge or Oil and Gas Appellate Referee below. Such service shall be made not later than five (5) days after the expiration of the ten (10) business day period for filing the

# Permanent Final Adoptions

---

exceptions. In exceptions before the Commission arising from the Petroleum Storage Tank and/or Indemnity Fund, an additional ten (10) business days shall be allowed for the filing of cross exceptions. OAC 165:5-13-2 shall govern the setting of the exceptions.

(3) **Exceptions to Report from the Motor Carrier Citation Docket.** Any party of record adversely affected by a recommendation of an Administrative Law Judge on the Motor Carrier Citation Docket shall have five (5) business days from the date the oral recommendation is made to request a report of the Administrative Law Judge for the purpose of filing written exceptions. The request shall be sent jointly to the Administrative Law Judge who issued the recommendation and all other parties of record. Written exceptions shall be filed within ten (10) business days of issuance of the written report. The hearing on the written exceptions shall be heard by an Administrative Law Judge on the next available Motor Carrier Citation Docket or at the Commission's discretion.

(b) **Contents of the exceptions.** For purposes of (a)(2) of this Section, the written exceptions shall specifically state the findings or portions of the report to which the person takes exception, and in what respect the person alleges the findings and report to be in error. A person may be permitted to amend the exceptions, or to present at the initial hearing on exceptions thereon additional grounds for exceptions from the report. A person taking exception from any part of the summary of the evidence stated in the report of the Administrative Law Judge, shall attach to the exceptions a transcript or what the person deems a correct summary of the pertinent evidence, provided that if the transcript is unavailable at the time of filing of the exceptions, then any person filing exceptions desiring to use a transcript instead of a summary of evidence shall, at the discretion of the Commission, or the Oil and Gas Appellate Referee or Administrative Law Judge to whom the exceptions will be heard by, submit the transcript as soon as it is available. In the absence of such a transcript or summary of the evidence, the exceptions shall be considered based on the summary of evidence in the appealed report and, at the discretion of the Commission, or the Oil and Gas Appellate Referee to whom the exceptions will be heard by, the official recording of the proceedings.

(c) **Responses to written exceptions.** For purposes of exceptions under (a)(2) of this Section, any other person may file written response to the exceptions prior to the hearing on the exceptions, and may attach thereto a transcript or the party's own summary of the pertinent evidence, provided that if a transcript is unavailable at the time of the filing of the exceptions, the party desiring to use the transcript instead of a summary of evidence shall, at the discretion of the Commission, or the Oil and Gas Appellate Referee or Administrative Law Judge to whom the exceptions will be heard by, submit the transcript as soon as it is available. In the absence of a transcript or written summary of evidence submitted by a party of record, the exceptions shall be considered upon the summary of the evidence in the exceptions to the report and, at the discretion of the Commission or the Oil and Gas Appellate Referee to whom the exceptions will be heard by, the official recording of the proceedings.

(d) **Contents of the Oil and Gas Appellate Referee or Administrative Law Judge Reports.** In a case where exceptions are referred to an Oil and Gas Appellate Referee or Administrative Law Judge, such Referee or Administrative Law Judge shall file a written report, stating a recommendation to the Commission to affirm, reverse, or modify the findings of fact or conclusions of law of the Administrative Law Judge below or to remand the case for further hearing. The Commission, as the final arbiter, shall enter the order it deems appropriate.

(e) **Scope of review by the Commissioners.** With respect to any report, the Commission may affirm, reverse, or modify the findings of fact or conclusions of law of the Administrative Law Judge, or may remand the case for further hearing. The Commission shall enter the order in its discretion as it deems appropriate.

## SUBCHAPTER 17. POST ORDER RELIEF

### 165:5-17-5. Appeals [AMENDED]

(a) ~~Unless otherwise stated in this Chapter, all causes cases on appeal shall be as prescribed by the applicable rules of the Supreme Court of Oklahoma. All appellate petitions, motions, briefs and other filings shall be served on the Commission by mail addressed to the Commission's Agency Counsel.~~

(b) Attached as exhibits to the Designation of Record filed at the Commission shall be a signed statement by the court reporter for each hearing transcript to be included in the record transmitted by the Court Clerk to the Supreme Court. That statement shall be completed by the court reporter and be in substantially the following form: I, \_\_\_\_\_, court reporter for the hearing held on [date] at [time] in the styled case, do hereby acknowledge this request for transcript on this \_\_\_\_\_ day of \_\_\_\_\_ and have received a deposit in the sum of \$ \_\_\_\_\_.

(c) All petitions, motions, briefs and other filings shall be served on the Commission by mail addressed to the Commission's Office of General Counsel.

Subchapter 3. Drilling, Developing, and Producing

Part 1. DRILLING

165:10-3-1. Required approval of notice of intent to drill, deepen, re-enter, or recomplete; Permit to Drill [AMENDED]

165:10-3-4. Casing, cementing, wellhead equipment, and cementing reports [AMENDED]

165:10-3-5. Underground storage [AMENDED]

Part 3. COMPLETIONS

165:10-3-17. Well site and surface facilities [AMENDED]

Part 5. OPERATIONS

165:10-3-25. Completion Reports [AMENDED]

165:10-3-28. Horizontal drilling [AMENDED]

Subchapter 5. Underground Injection Control

165:10-5-2. Approval of injection wells or disposal wells [AMENDED]

165:10-5-4. Application for approval of enhanced recovery projects [REVOKED]

165:10-5-5. Application for approval of injection and disposal operations [AMENDED]

165:10-5-6. Testing and monitoring requirements for enhanced recovery injection wells and disposal wells [AMENDED]

165:10-5-7. Monitoring and reporting requirements for wells covered by 165:10-5-1 [AMENDED]

165:10-5-9. Duration of underground injection well orders or permits [AMENDED]

165:10-5-10. Transfer of authority to inject [AMENDED]

165:10-5-15. Application for order or permit for simultaneous injection well [AMENDED]

Subchapter 7. Pollution Abatement

Part 1. GENERAL PROVISIONS

165:10-7-2. Administration and enforcement of rules [AMENDED]

165:10-7-4. Water quality standards [AMENDED]

165:10-7-5. Prohibition of pollution [AMENDED]

Subchapter 11. Plugging and Abandonment

165:10-11-3. Duty to plug [AMENDED]

165:10-11-4. Notification and witnessing of plugging [AMENDED]

165:10-11-9. Temporary exemption from plugging requirements [AMENDED]

Subchapter 29. Special Area Rules

165:10-29-2. Alternative location requirements for horizontal well units [AMENDED]

Appendix E. Fine Schedule [AMENDED]

Appendix K. Cherokee Special Rule Plat [NEW]

### **AUTHORITY:**

Corporation Commission; 17 O.S. Section 52, 27A O.S. Section 1-3-101, 52 O.S. Section 139, and 68 O.S. Section 1001

### **SUBMISSION OF PROPOSED RULES TO GOVERNOR AND CABINET SECRETARY:**

January 31, 2025

### **COMMENT PERIOD:**

September 27, 2024 through January 23, 2025

### **PUBLIC HEARING:**

January 23, 2025

### **ADOPTION:**

# Permanent Final Adoptions

---

January 23, 2025

## **SUBMISSION OF ADOPTED RULES TO GOVERNOR AND LEGISLATURE:**

January 31, 2025

## **LEGISLATIVE APPROVAL:**

Approved May 28, 2025, by HJR 1033

## **LEGISLATIVE DISAPPROVAL:**

## **GIST/ANALYSIS:**

The adopted rules streamline and clarify the Oil & Gas Conservation rules, add and modify definitions of words and terms used in the rules, update the list of OGCD prescribed forms and eliminate forms, establish consistency concerning time frame for cementing of wells and submission of cementing reports, clarify requirements regarding submission of well completion reports, update specifications concerning classification, approval, and surety requirements for underground enhanced recovery injection wells, modify testing and monitoring requirements pertaining to simultaneous enhanced recovery injection wells, and augment requirements regarding testing and other actions concerning wells that have not produced in over twelve months.

## **CONTACT PERSON:**

Darren Ferguson, Deputy General Counsel and Agency Rules Liaison, Office of General Counsel, Oklahoma Corporation Commission, Will Rogers Memorial Office Building, 2401 North Lincoln Boulevard, P.O. Box 52000, Oklahoma City, OK 73105, (405) 522-5491, [Darren.Ferguson@occ.ok.gov](mailto:Darren.Ferguson@occ.ok.gov).

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF OCTOBER 1, 2025:**

## **SUBCHAPTER 1. ADMINISTRATION**

### **PART 1. GENERAL PROVISIONS**

#### **165:10-1-2. Definitions [AMENDED]**

The following words and terms, when used in this Chapter, shall have the following meaning unless the context clearly indicates otherwise:

"Agent" means any person authorized by another person to act for him.

**"Aquifer"** means a geological formation, group of formations, or part of a formation that is capable of yielding a significant amount of water to a well or spring.

**"Area of exposure"** means an area within a circle constructed with the point of escape of poisonous gas (hydrogen sulfide) as its center and the radius of exposure as its radius.

**"Associated gas"** means any gas produced from a Commission ordered combination oil and gas reservoir in which allowed rates of production are based upon volumetric withdrawals.

**"BS&W"** means basic sediment and water which is that portion of fluids and/or solids that settle in the bottom of storage tanks and/or treating vessels and is unsaleable to the first purchaser in its present form. BS&W usually consists of water, paraffin, sand, scale, rust, and other sediments.

**"Barrel"** means 42 (U.S.) gallons at 60 F at atmospheric pressure.

**"Basic sediment pit"** means a pit used in conjunction with a tank battery for storage of basic sediment removed from a production vessel or from the bottom of an oil storage tank.

**"Blowout"** means the uncontrolled escape of oil or gas, or both, from any formation.

**"Blowout preventer"** means a heavy casinghead control fitted with special gates and/or rams which can be closed around the drill pipe or which completely closes the top of the casing.

**"Blowout preventer stack"** means the assembly of well control equipment including preventers, spools, valves, and nipples connected to the top of the casinghead.

**"Business day"** means a day that is not a Saturday, Sunday, or legal holiday.

**"Carrier"**, or **"transporter"**, or **"taker"** means any person moving or transporting oil or gas away from a lease or from any common source of supply.

**"Casing pressure"** means the pressure within the casing or between the casing and tubing at the wellhead.

**"Choke manifold"** means an assembly of valves, chokes, gauges, and lines used to control the rate of flow from the well when the blowout preventers are closed.

**"Class II fluids"** means substances which are brought to the surface during oil and gas drilling, completion, production and plugging, enhanced recovery, or natural gas storage operations.

**"Closed pit system"** means steel tanks when designated on an OCC Form 1000, unless otherwise stated, for the handling and storage of drilling fluids and/or other deleterious substances produced, obtained, or used in connection with the drilling, re-entry, or deepening of a well.

**"Closure"** means the practice of dewatering, trenching, filling, leveling, terracing, and/or vegetating a pit site after its useful life is reached in order to restore or reclaim the site to near its original condition.

**"Commercial disposal well"** means a well where the operator receives and disposes of Class II fluids from multiple well owners/operators and receives compensation for these services and where the operator's primary business objective is to provide these services.

**"Commercial pit"** is a disposal facility which is authorized by Commission order and used for the disposal, storage, and handling substances or soils contaminated by deleterious substances produced, obtained, or used in connection with drilling and/or production operations. This does not include a disposal well pit.

**"Commercial recycling facility"** means a facility that is authorized by Commission order to recycle materials defined as deleterious substances in OAC 165:10-1-2. Such substances must undergo at least one treatment process and must be recycled into a marketable product for resale and/or have some beneficial use. This definition does not include the reuse of drilling mud that was previously utilized in drilling or plugging operations.

**"Commercial soil farming"** means the practice of soil farming or land applying drilling fluids and/or other deleterious substances produced, obtained, or used in connection with the drilling of a well or wells at an off-site location. Multiple applications to the same land are likely.

**"Commission"** means the Corporation Commission of the State of Oklahoma.

**"Common source of supply"** or **"pool"** means "that area which is underlaid or which, from geological or other scientific data, or from drilling operations, or other evidence, appears to be underlaid by a common accumulation of oil and/or gas; provided that, if any such area is underlaid, or appears from geological or other scientific data or from drilling operations, or other evidence, to be underlaid by more than one common accumulation of oil or gas or both, separated from each other by strata of earth and not connected with each other, then such area shall, as to each said common accumulation of oil or gas or both, shall be deemed a separate common source of supply." [52. O.S.A. §86.1(c)].

**"Completion/fracture/workover pit"** means a pit used for temporary storage of spent completion fluids, frac fluids, workover fluids, drilling fluids, silt, debris, water, brine, oil scum, paraffin, or other deleterious substances which have been cleaned out of the wellbore of a well being completed, fractured, recompleted, or worked over.

**"Condensate"** means a liquid hydrocarbon which:

- (A) Was produced as a liquid at the surface,
- (B) Existed as gas in the reservoir, and

# Permanent Final Adoptions

---

(C) Has an API gravity greater than or equal to fifty degrees, unless otherwise proven.

**"Conductor casing"** means a casing string which is often set and cemented at a shallow depth to support and protect the top of the borehole from erosion while circulating and drilling the surface casing hole.

**"Conservation Division"** means the Division of the Commission charged with the administration and enforcement of the rules of this Chapter.

**"Contingency plan"** is a written document which provides for an organized plan of action for alerting and protecting the public within an area of exposure following the accidental release of a potentially hazardous volume of poisonous gas such as hydrogen sulfide.

**"Contractor"** means any person who contracts with another person for the performance of prescribed work.

**"Cubic foot of gas"** means the volume of gas contained in one cubic foot of space at an absolute pressure of 14.65 pounds per square inch and at a temperature of 60°F. Conversion of volumes to conform to standard conditions shall be made in accordance with Ideal Gas Laws corrected for deviation from Boyle's Law when the pressure at point of measurement is in excess of 200 pounds per square inch gauge.

**"Date of completion"** means:

(A) For an oil well, the date that the well first produces oil into the lease tanks through permanent wellhead equipment.

(B) For a gas well, the date of completion of a gas well is the date that gas is capable of being delivered to a pipeline purchaser.

(C) For a well, which does not produce either oil or gas, is the date on which attempts to obtain production from the well cease.

**"Day"** means a period of 24 consecutive hours. For reporting purposes, it shall be from 7:00 a.m. to 7:00 a.m. the following day.

**"Deleterious substances"** means any chemical, salt water, oil field brine, waste oil, waste emulsified oil, basic sediment or mud produced or used in the drilling, development, production, transportation, refining, and processing of oil, gas and/or brine mining.

**"Design mud weight"** means the planned drilling mud weight to be used. This mud weight is used in the design of the casing strings.

**"Design wellhead pressure"** means the maximum anticipated wellhead pressure which is expected to be experienced on the inside of the casing string and on wellhead equipment. This pressure is used to design the casing string and to select wellhead equipment with sufficient working pressure rating.

**"Development"** means any work which actively looks toward bringing in production, such as erecting rigs, building tankage, drilling wells, etc.

**"Directional drilling"** means intentional changing of the direction of the well from the vertical.

**"Director of Conservation"** means the person in official charge of the Conservation Division.

**"Discharge"** means the release or setting free by any spilling, leaking, pumping, pouring, emitting, emptying, or dumping of substances.

**"Disposal well"** means a well which injects, for purposes other than enhanced recovery, those fluids brought to the surface in connection with oil or natural gas production.

**"Distressed well"** means a well authorized by Commission order to produce at an unrestricted rate in the interest of public safety due to technical difficulties which temporarily cannot be controlled.

**"Diverter"** means a device attached to the wellhead to close the vertical access and direct any flow into a line away from the rig. Diverters differ from blowout preventers in that flow is not stopped but rather the flow path is redirected away from the rig.

**"Duly authorized representative"** means, for the purpose of underground injection well applications, that person or position having a responsibility for the underground injection well.

**"Emergency pit"** means a pit used for the storage of excessive or unanticipated amounts of fluids during an immediate emergency situation in the drilling or operation of a well, such as a well blowout or a pipeline rupture. This does not include a spill prevention structure required by local, state, or federal regulations.

**"Enhanced recovery Injection well"** means a well where fluids are injected with the intent to increase the actual recovery or the ability to recover hydrocarbons from the formation.

**"Enhanced recovery operation"** means the introduction of fluid or energy into a common source of supply for the purpose of increasing the recovery of oil therefrom according to a plan which has been approved by the Commission after notice and hearing.

**"Enhanced recovery well"** means a well producing in an enhanced recovery operation in accordance with Commission order.

**"Exchangeable Sodium Percentage (ESP)"** is the relative amount of the sodium ion present on the soil surface, expressed as a percentage of the total Cation Exchange Capacity (CEC). Since the determination of CEC is time consuming and expensive, a practical and satisfactory correlation between the Sodium Adsorption Ratio (SAR) and ESP was established. The SAR is defined elsewhere in this Section. ESP can be estimated by the following empirical formula:  $ESP = 100 (-0.0126 + 0.01475 \times SAR) / 1 + (-0.0126 + 0.01475 \times SAR)$ .

**"Exempted aquifer"** means an aquifer or its portion that meets the criteria in the definition of "underground source of drinking water" or in the definition of "treatable water", but which has been exempted according to the procedures in 165:5-7-28 and 165:10-5-14.

**"Excess water"** means water that occurs when storm water, meltwater, water derived from incoming product or other surface water sources accumulates on a facility and combines, blends or mixes with a deleterious substance.

**"Facility"** means, for the purposes of 165:10-21-15, any building(s), parts of a building, equipment, property, or vehicles that are actively engaged in the reuse, recycling, or ultimate destruction of deleterious substances pursuant to 68 O.S. Supp. 1986, §2357.14-§2357.20.

**"Field"** means the general area underlaid by one or more common sources of supply.

**"Flare pit"** means a pit which contains flare equipment and which is used for temporary storage of liquid hydrocarbons which are sent to the flare but are not burned due to equipment malfunction. Flare pits may be used in conjunction with tank batteries or wells.

**"Flowing well"** means any well from which oil or gas is produced naturally and without artificial lifting equipment.

**"Fresh water strata"** means a strata from which fresh water may be produced in economical quantities.

**"Gas"** means any petroleum hydrocarbon existing in the gaseous phase.

(A) Casinghead gas means any gas or vapor, or both, indigenous to an oil stratum and produced from such stratum with oil.

(B) Dry gas or dry natural gas means any gas produced in which there are no appreciable hydrocarbon liquids recoverable by separation at the wellhead.

(C) Condensate gas means any gas which is produced with condensate as defined as "condensate".

**"Gas allowable" or "allowable gas"** means the amount of natural gas authorized to be produced from any well by order of the Commission or as provided by statute.

**"Gas lift"** means any method of lifting liquid to the surface by injecting gas into the well bore from which production is obtained.

**"Gas repressuring"** means the injection of gas into a common source of supply to restore or increase the gas energy of a reservoir.

**"GOR (Gas/Oil Ratio)"** means the ratio of the gas produced in standard cubic feet to one barrel of oil produced during any stated period. Condensate and load oil excepted under 165:10-13-6 shall not be considered as oil for purposes of determining GOR.

**"Hardship well"** means a well authorized by Commission order to produce at a specified rate because reasonable cause exists to expect that production below said rate would damage the well and cause waste.

**"Hydraulic fracturing operations"** means operations on a well wherein fluid is applied for the express purpose of initiating or propagating fractures in a target geologic formation.

**"Hydrogen sulfide gas (H<sub>2</sub>S)"** means a toxic poisonous gas with a chemical composition of H<sub>2</sub>S which is sometimes found mixed with and produced with fluids from oil and gas wells.

**"Hydrologically sensitive area"** means a principal bedrock aquifer, the recharge or potential recharge area of a principal bedrock aquifer, or an unconsolidated alluvium or terrace deposit, according to the Oklahoma Geological Survey "Maps Showing Principal Groundwater Resources and Recharge Areas in Oklahoma" or other maps approved by the Commission.

**"Hydrostatic head" or "hydrostatic pressure"** means the pressure which exists at any point in the wellbore due to the weight of the column of fluid or gas above that point.

**"Illegal gas"** means gas which has been produced within the State from any well or wells in violation of any rule, regulation, or order of the Commission, as distinguished from gas produced within the State not in violation of any such rule, regulation, or order which is "legal gas".

**"Illegal oil"** means oil which has been produced within the State from any well or wells in violation of any rule, regulation or order of the Commission, as distinguished from oil produced within the State not in violation of any such rule, regulation, or order which is "legal oil".

**"Intermediate casing"** means the casing string or strings run after setting the surface casing and prior to setting the production string or liner.

# Permanent Final Adoptions

---

**"Kick"** means the intrusion of formation liquids or gas that results in an increase in circulation pit volume. Without corrective measures, this condition can result in a blowout.

**"Land application"** is the application of deleterious substances and/or soils contaminated by deleterious substances to the land for the purpose of disposal or land treatment; also known as soil farming.

**"Lease allowable"** means the total of the allowables of the individual wells on the lease.

**"Liner"** means a length of casing used downhole as an extension to a previously installed casing string to case the hole for further drilling operations and/or for producing operations.

**"Meter"** means an instrument for measuring and indicating or recording the volumes of gases or liquids.

**"Mud"** means any mixture of water and clay or other material as the term is commonly used in the industry.

**"Multi-well system"** means two or more wells that have intersecting well-bores or laterals.

**"Multiple zone completion"** means the completion of any well so as to permit the production from more than one common source of supply, with such common sources of supply completely segregated.

**"Noncommercial pit"** means an earthen pit which is located either on-site or off-site and is used for the handling, storage, or disposal of deleterious substances or soils contaminated by deleterious substances produced, obtained, or used in connection with the drilling and/or operation of a well or wells, and is operated by the generator of the waste. This does not include a disposal well pit.

**"Normal pressure"** means a formation pore pressure, proportional to depth, which is roughly equal to the hydrostatic pressure gradient of a column of salt water (.465 psi/ft).

**"Off-site reserve pit"** means a pit located off-site which is used for the handling, storage, or disposal of drilling fluids and/or cuttings.

**"Oil"** or **"crude oil"**, means, for purposes of these regulations, any petroleum hydrocarbon, except condensate, produced from a well in liquid form by ordinary production methods.

**"Oil allowable"** or **"allowable oil"** means the amount of oil authorized to be produced from any well by order of the Commission.

**"Operator"** means the person who is duly authorized and in charge of the development of a lease or the operation of a producing property.

**"Overage"** means the oil or gas delivered to a carrier, transporter, or taker in excess of the allowable set by the Commission for any given period.

**"Owner"** means the person or persons who have the right to drill into and to produce from any common source of supply, and to appropriate the production either for himself, or for himself and others.

**"Person"** means any natural person, corporation, association, partnership, receiver, trustee, guardian, executor, administrator, fiduciary, or representative of any kind, and shall include the plural.

**"Plug"** means the closing off, in a manner prescribed by the Commission, of all oil, gas, and waterbearing formations in any producing or nonproducing wellbore before such well is abandoned.

**"Pollution"** means the contamination of fresh water or soil, either surface or subsurface, by salt water, mineral brines, waste oil, oil, gas, and/or other deleterious substances produced from or obtained or used in connection with the drilling, development, producing, refining, transporting, or processing of oil or gas within the State of Oklahoma.

**"Pool"** See "common source of supply".

**"Potential"** means the properly determined capacity of a well to produce oil or gas, or both, under conditions prescribed by the Commission.

**"Primary well"** means a wellbore that, as part of a multi-well system, serves as the conduit through which oil and gas is produced to the surface.

**"Producer"** See "Operator" or "Owner".

**"Production casing"** means the casing string set above or through the producing zone of a well which serves the purpose of confining and/or producing the well production fluids.

**"Productivity index"** means the daily production of oil in barrels per unit pressure differential between the static reservoir pressure and the stabilized flowing pressure during flow at a stated rate.

**"Proration period"** means:

(A) The proration period for any well, other than an unallocated gas well, shall be one calendar month which shall begin at 7 a.m. on the first day of such month and end at 7 a.m. on the first day of the next succeeding month unless otherwise specified by order of the Commission.

(B) The proration period for any unallocated gas well shall be one calendar year which shall begin at 7:00 a.m. the first day of such year and end at 7:00 a.m. on the first day of the next succeeding year unless otherwise specified by order of the Commission.

---

## Permanent Final Adoptions

**"Public area"** means a dwelling place, a business, church, school, hospital, school bus stop, government building, a public road, all or any portion of a park, city, town, village, or other similar area that can reasonably be expected to be populated by humans.

**"Public street" or "road"** means any federal, state, county, or municipal street or road owned or maintained for public access or use.

**"Public water supply well(s)" or "public water well(s)"** means wells in a system for the provision to the public of water for human consumption through pipes or other constructed conveyances, and which wells are identified in a database maintained by the Oklahoma Department of Environmental Quality Water Resources Board.

**"Purchaser" or "transporter"** means any person who acting alone or jointly with any person or persons, via his own, affiliated or designated carrier, transporter, or taker, shall directly or indirectly purchase, take, or transport by any means whatsoever or otherwise remove from any lease, oil or gas, and/or other hydrocarbons produced from any common source of supply in this State, excepting royalty portions from leases owned by that person.

**"Radius of exposure"** means that radius constructed with the point of escape of poisonous (hydrogen sulfide) gas as its starting point and its length calculated by use of the Pasquill-Gifford equations.

**"Reclaimed water"** means wastewater from municipal wastewater treatment and/or public water supply treatment plants that has gone through various treatment processes to meet specific water quality criteria with the intent of being used in a beneficial manner.

**"Reclaimer" or "reclamation plant"** includes any person licensed by the Oklahoma Tax Commission pursuant to 68 O.S. §1015.1 who reclaims or salvages or in any way removes or extracts oil from waste products associated with the production, storage, or transportation of oil including, but not limited to BS&W, tank bottoms, pit and waste oil, and/or waste oil residue.

**"Recomplete" or "recompletion"** means any operation to:

(A) Convert an existing well from an injection well or disposal well, to a producing well, or

(B) Add or change common sources of supply in an existing well.

**"Recycling"** is the reuse, processing, reclaiming, treating, neutralizing, or refining of materials and by-products into a product of beneficial use which, if discarded, would be deleterious substances.

**"Recycling/reuse pit"** means a pit which is used for the storage and recycling or reuse of deleterious substances, is located off-site, and is operated by the generator of the waste.

**"Re-enter" or "re-entry"** is the act of entering a plugged well for the purpose of utilizing said well for the production of oil or gas, for the disposal of fluids therein, for a service well, or for the salvaging of tubing or casing therefrom.

**"Regular mail"** means first class United States Mail, postage prepaid, and includes hand delivery. Wherever in OAC 165:10 a person is directed to mail by regular mail, such directive shall not preclude mailing by restricted mail.

**"Remediation pit"** means a pit which is used for the handling, storage, or disposal of deleterious substances and/or soils contaminated by deleterious substances which are relocated to the pit for the purpose of remediating a site which is known to be or suspected to be causing pollution.

**"Reserve pit" or "circulation pit"** means a pit located either on-site or off-site which is used in conjunction with a drilling rig for the handling, storage, or disposal of drilling fluids and/or cuttings.

**"Reservoir"** See "common source of supply".

**"Reservoir pressure"** means the static or stabilized pressure in pounds per square inch existing at the face of the formation of an oil or gas well.

**"Reuse"** is the introduction (or reintroduction) into an industrial, manufacturing, or disposal process of a material which would otherwise be classified as a deleterious substance. A material will be considered "used or reused" if it is either:

(A) Employed as an ingredient (including use as an intermediate) in an industrial, manufacturing, or disposal process to make or recover a product.

(B) Employed in a particular function or application as an effective substitute for a commercial product or non-deleterious substance.

**"Rotating head"** means a rotating, pressure sealing device used in drilling operations utilizing air, gas, foam, or any other drilling fluid whose hydrostatic pressure is less than the formation pressure.

**"Secretary"** means the duly appointed and qualified Secretary, Assistant Secretary or Acting Secretary of the Commission, or any person appointed by the Commission to act as such Secretary during the absence, inability, or disqualification of the Secretary to act.

**"Separator"** means any apparatus for separating oil, gas, and water as they are produced from a well at the surface.

# Permanent Final Adoptions

---

**"Service well"** means a well that, as part of a multi-well system, is used for drilling laterals, stimulation, or maintenance, or functions in any capacity other than as a conduit to the surface for the production of oil and gas.

**"Slick spot"** means a small area of soil having a puddled, crusted, or smooth surface and an excess of exchangeable sodium. The soil is generally silty or clayey, is slippery when wet, and is low in productivity.

**"Slit trench"** means a pit or bermed area at the drilling site used for the temporary storage of drilling fluids and/or cuttings to provide access for equipment to remove the contents off site.

**"Sodium Adsorption Ratio (SAR)"** means the index which indicates the relative abundance of sodium ions in solution as compared to the combined concentration of calcium and magnesium ions. It is calculated as follows:  $SAR = (Na \text{ ppm}/23.0) / \text{sq. root of } [ \{ (Ca \text{ ppm}/20.02) + (Mg \text{ ppm}/12.16) \} / 2 ]$  where Na=Sodium, Ca=Calcium, and Mg=Magnesium.

**"Soil farming"** means the application of oilfield drilling or produced wastes to the soil for the purpose of disposing of the waste without being a detriment to water or land; also known as land application.

**"Spill containment pit"** mean a permanent pit which is used for the emergency storage of oil and/or saltwater spilled as a result of any equipment malfunction.

**"Subnormal pressure"** means the formation pore pressure, proportional to depth, which is less than a hydrostatic pressure gradient of .465 psi/ft.

**"Sulfide stress cracking"** means the cracking phenomenon which is the result of corrosive action of hydrogen sulfide on susceptible metals under stress.

**"Surface casing"** means the first casing string designed and run to protect the treatable water formations and/or control fluid or gas flow from the well.

**"Tank bottoms"** means the liquids and/or solids in that portion of a storage facility below the sales line or connection that are unsaleable to the crude oil first purchaser in its present form. Tank bottoms may consist of a combination of several elements including, but not limited to, oil, BS&W, and treating fluids.

**"Treatable water"** means, for purposes of setting surface casing and other casing strings, subsurface water in its natural state, useful or potentially useful for drinking water for human consumption, domestic livestock, irrigation, industrial, municipal, and recreational purposes, and which will support aquatic life, and contains less than 10,000 mg/liter total dissolved solids or less than 5,000 ppm chlorides. Treatable water includes, but is not limited to, fresh water.

**"Trenching"** means the practice of constructing trenches in or adjacent to a pit for the purpose of relocating all or a portion of the solids so as to facilitate closure.

**"Truck wash pit"** means a pit used for the temporary storage of fluids generated from the washing or cleaning of a motor vehicle, trailer or container used to transport or store deleterious substances.

**"Ultimate destruction"** means the treatment of a deleterious substance such that both its weight and volume remaining for disposal have been substantially reduced, and there is no demonstrated process or technology commercially available to further reduce its weight and volume and remove or reduce its harmful properties, if any. For the purposes of demonstrating a substantial reduction in weight and volume, any aqueous portion separated from the balance of a waste that meets drinking water standards or is evaporated into the ambient air shall count toward the weight and volume reduction.

**"Underage"** means the volume of allowable oil or gas not actually delivered to a carrier, transporter, or taker during any given proration period.

**"Underground Source of Drinking Water (USDW)"** means an aquifer or its portion which:

- (A) Supplies any public water system; or
- (B) Contains a sufficient quantity of ground water to supply a public water system; and
  - (i) Currently supplies drinking water for human consumption; or
  - (ii) Contains fewer than 10,000 mg/l total dissolved solids; and
- (C) Is not an exempted aquifer.

**"Unit operations"** means a unit consisting of a portion of a lease, a lease, or more than one lease or portions thereof which covers contiguous lands containing one or more common sources of supply which has been approved by Commission order as a unit for the purpose of unitized management, after notice and hearing.

**"Vacuum"** means pressure below the prevailing pressure of the atmosphere.

**"Waste"** means:

- (A) As applied to the production of oil, in addition to its ordinary meaning, "shall include economic waste, underground waste, including water encroachment in the oil or gas bearing strata; the use of reservoir energy for oil producing purposes by means or methods that unreasonably interfere with obtaining from the common source of supply the largest ultimate recovery of oil; surface waste and waste incident to the production of oil in excess of transportation or marketing facilities or reasonable market demands." [52 O.S.A., 86.2]

(B) As applied to gas, in addition to its ordinary meaning, shall include economic waste; "the inefficient or wasteful utilization of gas in the operation of oil wells drilled to and producing from a common source of supply; the inefficient or wasteful utilization of gas in the operation of gas wells drilled to and producing from a common source of supply; the production of gas in such quantities or in such manner as unreasonably to reduce reservoir pressure or unreasonably to diminish the quantity of oil or gas that might be recovered from a common source of supply; the escape, directly or indirectly, of gas from oil wells producing from a common source of supply into the open air in excess of the amount necessary in the efficient drilling, completion or operation thereof; waste incident to the production of natural gas in excess of transportation and marketing facilities or reasonable market demand; the escape, blowing, or releasing, directly or indirectly, into the open air, of gas from well productive of gas only, drilled into any common source of supply, save only such as is necessary in the efficient drilling and completion thereof; and the unnecessary depletion or inefficient utilization of gas energy contained in a common source of supply." [52 O.S.A. §86.3]

(C) The use of gas for the manufacture of carbon black or similar products predominately carbon, except as specifically authorized by the Commission, shall constitute waste.

(D) The flaring of tail gas at gasoline, pressure maintenance, or recycling plants where a market is available.

**"Waste oil"** shall include, but not be limited to, crude oil or other hydrocarbons used or produced in the process of drilling for, developing, producing, or processing oil or gas from wells, oil retained on cuttings as a result of the use of oil-based drilling muds, or any residue from any oil storage facility on a producing lease or on a commercial disposal operation or pit. The term "waste oil" shall not include any refined hydrocarbons to which lead has been added.

**"Waste oil residue"** means that portion of waste oil remaining after treatment and after the saleable liquids and water have been extracted. Waste oil residue is a type of waste oil.

**"Well log"** or **"well record"** means a systematic, detailed and correct record of formations encountered in the drilling of a well.

### **165:10-1-4. Citation effective date [AMENDED]**

(a) These rules shall be cited as OAC Title 165 Chapter 10 (OAC 165:10).

(b) The effective date of the rules of this Chapter is as set out below:

## 165:10-1-7. Prescribed forms [AMENDED]

- (a) Required Conservation Division forms shall be submitted to the Commission on forms supplied by the Commission, which are available on the Commission's website, or on copies of Commission forms or by operator computer generated forms. Operator computer generated forms must contain the exact language and wording of Commission forms. Any alteration of Commission forms language and wording may subject the signature party and/or operator to perjury charges.
- (b) The following Conservation Division forms are prescribed for filing purposes, which forms shall be filed in a format provided by the Conservation Division:

(1) **Form 1000 - Notice of Intent/Permit to Drill application:** Operator shall file Form 1000 (Application) before any oil, gas, injection, disposal, service well or stratigraphic test hole is drilled, recompleted, re-entered or deepened. Such notice shall include the name(s) and address(es) of the surface owner(s) of the land upon which the well is to be located and the name and address of any operator designated in a Commission Pooling Order covering the subject drilling and spacing unit(s) identified by order number on the Form 1000 for the listed common source(s) of supply if different than the applicant listed in the Form 1000. The Conservation Division shall process the application, and the Conservation Division shall send an approved Permit to Drill by electronic mail to the operator applying for the Permit to Drill at the electronic mail address(es) listed in the Form 1006B Operator Agreement filed by the operator with the Conservation Division. If no electronic mail address is listed in the Form 1006B Operator Agreement filed by the operator with the Conservation Division, the Conservation Division shall mail the approved Permit to Drill to the operator's address listed in the Form 1006B. For each Permit to Drill other than a Permit to Drill for a recompletion, the operator shall send by facsimile, electronic mail or regular mail a copy of the Permit to Drill to each surface owner and operator listed on the Form 1000

within ten (10) business days of the Conservation Division's approval of the Permit to Drill. Upon approval, the operator will have eighteen months to commence the permitted operations. A six month extension may be granted without fee providing the Conservation Division staff determines that no material change of condition has occurred, if a request by facsimile, electronic mail, or regular mail for such extension is received from the operator prior to the expiration of the original permit. Only one extension may be granted. A copy of the approved permit shall be posted at the well site. [Reference 165:10-3-1 and 165:10-1-25 and OAC 165:10-7-31]

(2) **Form 1000B - Application to Drill Deep Anode Groundbeds:** Form 1000B is required to be filed for wells drilled for deep anode groundbeds as required by OAC 165:10-7-14. The purpose of Commission Form 1000B is to ensure groundwater is being protected in construction of the deep anode groundbed. [Reference 165:10-7-14]

(3) **Form 1000S - Application for seismic operations:** A permit for seismic operations must be obtained. The applicant must post a \$50,000 bond with the Surety Department in the Oil and Gas Conservation Division. The application must also be accompanied with a pre-plat of the project area. [Reference 165:10-7-31]

(4) **Form 1001 - Notification of Intention to Plug:** Operator shall file notice on Form 1001 five days prior to plugging operations and shall notify the appropriate Conservation Division District Office before work is started. If the well is an exhausted producer, list OTC assigned county and lease number. ~~If the Intent to Plug is cancelled, the operator shall notify the Commission by letter.~~ [Reference 165:10-11-4 and 165:10- 11-6]

(5) **Form 1001A - Notification of Spudding of New Well:** Operator shall file a Form 1001A with the Conservation Division within 14 days of spudding a new well or reentering a previously plugged well. [Reference 165:10-3-2]

(6) **Form 1002A - Well completion report:** Operator shall furnish a complete well record on Form 1002A within 60 days after completion of ~~operations to drill the new well~~, recomple, re-enter, or convert to injection or disposal well. Effective for both dry hole and/or producer. If well is an oil or gas producer, list OTC assigned county and lease number. Gas-oil ratio must be shown when Form 1002A is filed. List production on a 24-hour basis both oil and gas. If a well is drilled to total depth and not completed or tested, a 1002A is required to show a drilled but uncompleted status and anticipated completion date. [Reference 165:10-3-25]

(A) **Oil well:** GOR less than 15,000:1

(B) **Gas well:** GOR 15,000:1 or more

(7) **Form 1002B - Confidential Filing of Electric Logs:** Operator shall file Form 1002B within 60 days from the earlier of the date of completion of the well or the date of the running of the last formation evaluation type well log to hold logs confidential for one year period. Optional extension for six months may be requested by operator in writing to the Technical Services Department of the Conservation Division. [Reference 165:10-3-26]

(8) **Form 1002C - Cementing Report:** Operator shall file Form 1002C within 45 days of the release of the rig used to drill such well. The Form 1002C shall describe all cementing operations on surface, intermediate, and production casing strings, including multistage cementing jobs. The Form shall be completed and signed by employees of both the operator and the cementing company. [Reference 165:10-3- 4(j)]

(9) **Form 1003 - Plugging Record:** Operator will file Form 1003 within 30 days after plugging operations are completed. The Form 1003 is to be mailed or e-mailed to the appropriate Conservation Division District Office. Form 1003 shall be completed and signed by employees of both the operator and the cementer. If a depleted producer, list OTC assigned county and lease number. [Reference 165:10-11-6 and 165:10-11-7]

(10) **Form 1003A - Notice of Temporary Exemption from Well Plugging:** Form 1003A shall be filed with the appropriate Conservation Division District Office. [Reference 165:10-11-3 and 165:10-11-9]

(11) **Form 1004B - Notice of Gas Purchase Curtailments:** In any month wherein a first purchaser or first taker has a market demand/supply imbalance and must curtail purchases or takes in compliance with 165:10-17-12, Form 1004B shall be filed by said first purchaser or first taker with the Conservation Division. [Reference 165:10-17-12]

(12) **Form 1005 - Monthly Report of Purchasers** (Gas: subject to field rules): [Reference 165:10-1-47 and 165:10-15-1]

(A) **GAS:** Each operator of the required meter or meters under 165:10-17-5 shall complete computer-generated Form 1005, and return a copy to the Conservation Division indicating the gas amounts transferred through the meter for the preceding month on allocated and special allocated gas wells.

(B) **OIL:** Each first purchaser, or first taker of oil from wells and projects which are capable of producing in excess of their maximum assigned allowables, must complete computer-generated Form 1005 and return a copy to the Conservation Division indicating the amount of oil taken from each well or unit for the preceding month.

## Permanent Final Adoptions

---

(13) **Form 1006 - Surety bond for oil, gas, injection, or disposal wells:** Prior to drilling and/or operating a well, the operator shall furnish the Conservation Division a surety bond (\$25,000.00) or other present alternate surety, including, but not limited to, Form 1006A or 1006C. Operator must file the original copy only with a copy of the power of attorney from the bonding company. The name and address of the Oklahoma resident service agent shall be endorsed on the bond form. [Reference 165:10-1-10 and 165:10-1-12]

(14) **Form 1006A - Financial Statement for oil, gas, injection or disposal wells:** Prior to drilling and/or operating a well, the operator shall furnish the Conservation Division a verifiable financial statement (minimum net worth \$50,000.00 within the State of Oklahoma) or other present alternate surety, including, but not limited to, Form 1006 or 1006C. Operator must file an original copy on Form 1006A, which must be updated annually from the last filing date. [Reference 165:10-1-10 and 165:10-1-11]

(15) **Form 1006B - Operator Agreement to plug oil, gas, and service wells within the State of Oklahoma:** Operator shall agree to plug well(s) in compliance with the Commission rules. This agreement must accompany the operator's elective choice of surety (including, but not limited to, Form 1006, 1006A, or 1006C). The operator is required to file a Form 1006B with the Conservation Division once every twelve (12) months. [Reference 165:10-1-10, 165:10-1-11, 165:10-1-12, 165:10-1-13, and 165:10-1-14]

(16) **Form 1006BR-A - Operator agreement to close ~~hydrocarbon recycling/reclaiming facility~~ certain facilities:** Operators of hydrocarbon recycling/reclaiming facilities, commercial disposal wells, noncommercial pits with capacity in excess of 50,000 barrels, and commercial recycling facilities are required to file agreements with the Commission concerning closure of such facilities. [Reference 165:10-5-5, 165:10-7-16, 165:10-8-5, and 165:10-9-4]

(17) **Form 1006BR-B - Surety for closure of ~~hydrocarbon recycling/reclaiming facility~~ certain facilities:** Operators of hydrocarbon recycling/reclaiming facilities, commercial disposal wells, noncommercial pits with capacity in excess of 50,000 barrels, and commercial recycling facilities are required to file surety with the Commission for closure and reclamation of such facilities. [Reference 165:10-5-5, 165:10-7-16, 165:10-8-5, and 165:10-9-4]

(18) **Form 1006BT-A - Operator's agreement to close, reclaim and remediate truck wash pit:** Operators of truck wash pits are required to file agreements with the Commission regarding closure of such pits. [Reference 165:10-7-33]

(19) **Form 1006BT-B - Surety for closure of truck wash pits:** Operators of truck wash pits are required to file surety with the Commission for closure, reclamation and remediation of such pits. [Reference 165:10-7-33]

(20) **Form 1006C - Irrevocable commercial letter of credit:** Prior to drilling and/or operating a well, the operator shall furnish the Conservation Division an irrevocable commercial letter of credit (\$25,000.00) or other present alternate surety, including, but not limited to, Form 1006A or 1006. Operator must file the original copy of Form 1006C. A letter of credit must be valid for at least a one year period. [Reference 165:10-1-10 and 165:10-1-13]

(21) **Form 1006D - Affidavit of well plugging costs:** An operator may submit an affidavit on Form 1006D to the Conservation Division concerning the operator's statewide plugging liability. The Commission may approve Category B surety in an amount less than \$25,000.00 for an operator whose statewide plugging liability is less than \$25,000.00. The Form 1006D must be properly executed by a duly licensed pipe pulling and well plugging company and such Form must be acceptable to the Conservation Division. [Reference 165:10-1-10, 165:10-1-12, 165:10-1-13 and 165:10-1-14]

(22) **Form 1006S - Operator's agreement to plug seismic shot holes within the State of Oklahoma:** Prior to commencing seismic operations the operator shall file an agreement to plug shot holes in accordance with Commission rules. This agreement must accompany the financial surety guarantee. [Reference 165:10-7-31]

(23) **Form 1006SB - Surety bond for seismic shot hole plugging within the State of Oklahoma:** Before commencing any seismic operation that requires the drilling of shot holes, those companies actually doing the work in the field must secure a bond in the amount of \$50,000.00. Seismic companies must file the original Form 1006SB only with a copy of the power of attorney from the bonding company. The name and address of the Oklahoma resident service agent shall be endorsed on the bond form. Form 1000S shall be filed with the bond. [Reference 165:10-11-6 and 165:10-7-31]

(24) **Form 1010 - Application for Cancelled Underage:** Operator shall file, within 30 days for oil, and six months for special allocated and allocated gas from the date of cancellation, to reinstate cancelled underage; stating reason for this request and notifying all offset operators. List OTC assigned county and lease number. [Reference 165:10-13-10 and 165:10-17-9]

(25) **Form 1011 - Multi-Zone lease runs report:** If there are two or more common sources of supply that are produced through a well or wells on the same lease or drilling and spacing unit and that are not commingled, production from each common source of supply shall be separately produced, measured and/or accounted for to the Commission. If one or more of the zones produced are classified as oil for allowable purposes, the operator is required to submit to the Conservation Division a multi-zone report on Form 1011 showing the production from each oil-bearing common source of supply on or before the last day of the succeeding proration period.

[Reference 165:10- 13-7]

(26) **Form 1012 - Fluid Injection Report:** Operators shall file Form 1012 with the Conservation Division by January 31 of each year covering the previous calendar year (January 1 through December 31) on all enhanced recovery projects, pressure maintenance projects, noncommercial disposal wells, LPG storage wells, authorized waterfloods and gas repressuring projects for each UIC well. The completed form will list well identification including API number, the Commission order or permit number, injection volume and pressure, etc., as required on the form. No UIC well is to be operated for injection or disposal unless the Form 1012 is filed by the above date. [Reference 165:10-5-7].

(27) **Form 1012C - Commercial disposal well fluid disposal report:** Operators of commercial disposal wells shall file Form 1012C with the Conservation Division by January 31 and July 31 of each year for the previous six-month period. The completed form will list well identification including API number, the Commission order or permit number, disposal volume and pressure, etc. as required on the form. No commercial disposal well is to be operated unless the Form 1012C is filed by the above dates. [Reference 165:10-5-7].

(28) **Form 1012D - Daily volume and pressure report for disposal wells within areas of interest:** Operators of wells authorized for disposal within areas of interest designated by the Oil and Gas Conservation Division shall submit Form 1012D containing daily volumes and pressures to the Manager of the Induced Seismicity Department at a minimum on a weekly basis or as designated by such Manager. [Reference 165:10-5-7]

(29) **Form 1013 - Application for adjusting an allowable for an Excessive Water Exemption or Reservoir Dewatering Oil Spacing unit:** An operator in an unallocated oil pool may be permitted to produce at a full capacity allowable rate, provided that the water- oil ratio at the well is greater than or equal to 3:1 as an excessive water exemption. To qualify for the reservoir dewatering oil spacing unit allowable shown on Appendix J, the operator must provide data to show that the water - oil ratio is greater than 1:1. The operator shall submit a production test on Form 1013 to the Conservation Division. [Reference 165:10-15-1, 165:10-15-16, 165:10-15-17 and 165:10-15-18].

(30) **Form 1014 - Application for Permit to Use Earthen Pit, noncommercial disposal or enhanced recovery well pit used for temporary storage of saltwater, or pit associated with commercial disposal well surface facility:** The operator of a proposed off-site reserve pit, recycling/reuse pit, spill containment pit, remediation pit, noncommercial disposal or enhanced recovery well pit used for temporary storage of saltwater, or pit associated with a commercial disposal well surface facility must submit Form 1014 to the appropriate Conservation Division District Office for approval before constructing or using the pit. [Reference 165:10-7-16, 165:10-7-20 and 165:10- 9-3]

(31) **Form 1014A - Commercial facility report:** A report that operators of hydrocarbon recycling/reclaiming facilities, commercial pits, commercial soil farming sites and commercial recycling facilities are required to submit to the Manager of Pollution Abatement. [Reference 165:10-8-8, 165:10-9-1, 165:10-9-2 and 165:10-9-4]

(32) **Form 1014C - Chain of custody record/analysis request:** Form 1014C is available for use by Commission personnel when samples are collected for submission to and analysis by a laboratory certified by the Oklahoma Water Resources Board or operated by the State of Oklahoma.

(33) **Form 1014CA - Compliance agreement for land application:** Any person responsible for supervision of land application must submit a compliance agreement to the Commission. [Reference 165:10-7-19 and 165:10-7-26]

(34) **Form 1014CR - Application for commercial recycling facility construction:** After a Commission order is obtained, Form 1014CR must be submitted for approval to the Manager of Pollution Abatement prior to the construction of the commercial recycling facility authorized by the order. [Reference OAC 165:10-9-4]

(35) **Form 1014CS - Application for Commercial Soil Farming:** For a commercial soil farming site that has an order to operate, the operator shall submit a Form 1014CS to the Pollution Abatement Department for approval prior to commencing soil farming. [Reference 165:10-9-2]

(36) **Form 1014D - Application for Surface Discharge or for reclaiming and/or recycling of produced water:** Each application for surface discharge of produced water or for reclaiming and/or recycling of produced water must be submitted to the appropriate Conservation Division District Office on Form 1014D in quadruplicate. Applications will be processed within five business days. [Reference 165:10-7-17 or 165:10-7-32]

## Permanent Final Adoptions

---

**(37) Form 1014F - Application for permit to use noncommercial pit with capacity in excess of 50,000**

**barrels to contain deleterious substances:** The operator of a proposed noncommercial pit with a capacity in excess of 50,000 barrels must submit the Form 1014F to and obtain the approval of the Manager of the Pollution Abatement Department or obtain the issuance of a Commission order before constructing or using the pit.

[Reference 165:10-7-16]

**(38) Form 1014HD - Notice for Disposal of Hydrostatic Test Water:** Companies wishing to discharge water as required by OAC 165:10-7-17, used to test a pipeline, tank, etc. must submit a Form 1014HD to the appropriate Conservation Division District Office and the Pollution Abatement Department for prior approval. [Reference 165:10- 7-17]

**(39) Form 1014L - Surface Owner Permission for Land Application:** Each application for land application must include an original Form 1014L, whereby the applicable surface owner gives permission for the applicant to land apply certain deleterious substances to a specific property. [Reference 165:10-7-19 and 165:10-7- 26]

**(40) Form 1014LA - Designation of land application agent:** A notarized affidavit designating any agent of an operator for land application must be submitted to the Commission. [Reference 165:10-7-17, 165:10-7-19 and 165:10-7-26]

**(41) Form 1014LC - Letter of credit for land application:** Persons who contract to land apply materials are required to file surety with the Commission. [Reference 165:10-7-10]

**(42) Form 1014N - Application for Commercial Pit Construction:** After a Commission order is obtained, Form 1014N must be submitted for approval by the Manager of Pollution Abatement prior to the construction of each commercial pit authorized by the order. [Reference 165:10-9-1]

**(43) Form 1014P - Annual report for surface discharge:** An annual report is required to be submitted to the Commission by April 1 of each year on Form 1014P concerning surface discharges of produced water. Current (within three month) analyses of the produced water and soil from the discharge plot must be attached to the annual report. [Reference 165:10-7-17]

**(44) Form 1014R - Post land application report:** A post land application report shall be submitted by the operator or the operator's agent to the Manager of Pollution Abatement within ninety (90) days of the completion of land application. [Reference 165:10-7-19 and 165:10-7-26]

**(45) Form 1014RW - Application for permit to use reclaimed water in oil and gas operations:** Each application for a permit to use reclaimed water in oil and gas operations must be submitted to the Manager of Field Operations on Form 1014RW. [Reference OAC 165:10-7-34]

**(46) Form 1014S - Application for Land Application:** Each application for land application of materials must be submitted to the Pollution Abatement Department on Form 1014S. The applicant must be the operator of the well or other operator responsible for generating the waste to be land applied, except that a commercial pit operator may also apply in case of emergency or for the purpose of facilitating repair or closure, and the Oklahoma Energy Resources Board or its contractor may apply in cases where there is no responsible party. The Form 1014S shall be processed within five business days of submission of all required or requested information. [Reference 165:10-7-19 and 165:10-7-26]

**(47) Form 1014SB - Surety bond for land application:** Persons who contract to land apply materials are required to file surety with the Commission. [Reference 165:10-7-10]

**(48) Form 1014T - Application for permit to use truck wash pit:** The operator of a proposed truck wash pit must submit Form 1014T to the Manager of Pollution Abatement for the Conservation Division and obtain a permit before constructing or using the pit. [Reference 165:10-7-33]

**(49) Form 1014W - Application for waste oil or drill cuttings use by County Commissioners:** Application to apply waste oil, waste oil residue, crude oil contaminated soil or freshwater drill cuttings must be made by any Board of County Commissioners on Form 1014W. The Form 1014W is required to be submitted by electronic mail to the appropriate District Manager. [Reference 165:10-7-22 and 165:10-7-28]

**(50) Form 1014X - Application for waste oil or drill cuttings use by operators:** Application to apply waste oil, waste oil residue, crude oil contaminated soil or freshwater drill cuttings must be made by any operator on Form 1014X. The Form 1014X is required to be submitted by electronic mail or mailed to the appropriate District Manager. [Reference 165:10-7-27 and 165:10-7-29]

**(51) Form 1015 - Application for Administrative Approval to Dispose of or Inject Class II fluids into Well(s) or to amend existing orders authorizing injection for injection, disposal or LPG storage well(s):**

Applicant shall file an original of the application and one complete set of attachments with the Commission on Form 1015. When requesting approval to dispose of or inject Class II fluids into wells, applicant will also furnish copies of the application on Form 1015 as specified, and, where noted, required attachments to Form 1015.

Applicant will submit an affidavit of delivery or mailing to the Commission not later than five business days

after the application is filed. Applicant shall file with the Commission proof of publication regarding the notice of application in an Oklahoma County newspaper and a county newspaper in which the well is located.

[Reference 165:10-5-2, 165:10-5-5, and 165:5-7-30]

**(52) Form 1015SI - Application for Order or Permit for Simultaneous Injection Well:** Operator shall file original with the Underground Injection Control Department on Form 1015SI. A copy of the form will also be supplied to the operator of any producing lease within one-half (1/2) mile of the proposed injection well.

[Reference 165:10-5-15]

**(53) Form 1015T - Application for Injection of Reserve Pit Fluids:** Each application for the on-site injection of reserve pit fluids (i.e., drilling mud fluids or fracture fluids) used in drilling or well completion shall be filed with the Underground Injection Control Department by the well operator on Form 1015T. The original of the application and one complete set of attachments shall be furnished to the Underground Injection Control Department. A copy of the application will also be supplied to the landowner and the operator of any producing lease within one-half (1/2) mile of the proposed well. [Reference 165:10-5-13]

**(54) Form 1016 - Back Pressure Test for Natural Gas Wells:** Operators and/or purchasers, on the Form 1016, will report all single-point and four-point potential tests as required by pool rule orders or general rules. List OTC assigned county and lease numbers and special allocated pool numbers, first date of sales, and complete flow data. [Reference 165:10-17-6 and 165:10-17-7]

**(55) Form 1017 - Guymon-Hugoton Field Gas Well Deliverability Tests:** Operators and/or purchasers of gas in this field shall take deliverability tests between January 1 and August 31 of each year, and on the test sheet Form 1017 file the results with the Commission. List OTC assigned lease number for each well. [Reference Orders No. 17867 and 87291 and 165:10-17-9]

**(56) Form 1019 - Guymon-Hugoton Field Acreage Statement for Gas Wells:** A fact statement as to acreage attributable to each well shall be filed with the Commission on Form 1019 within 30 days of the well completion with a plat or map showing location of the well. List OTC assigned county and lease number. [Reference Order No. 17867 and 165:10-17-9]

**(57) Form 1020A - Application for Certification for the Recycling, Reuse of Deleterious Substances:**

Applicant shall file an original Form 1020A with necessary attachments with the Pollution Abatement Department. Form 1020A is filed prior to construction of facility or change of operator. [Reference 165:10-8-1 through 165:10-8-11]

**(58) Form 1021 - Application for Priority Hardship Classification:** The applicant shall file Form 1021 and the necessary attachments with the Technical Services Department for review prior to any hearing for priority one hardship classification. In addition, a formal application for hearing must be filed with the Court Clerk's Office of the Commission. [Reference 165:10-17-12]

**(59) Form 1021A - Application for limited deviation from the priority gas rules:** The applicant shall file Form 1021A and the necessary attachments with the Technical Services Department for review prior to any hearing for deviation from the priority gas rules. In addition, a formal application for hearing must be filed with the Court Clerk's Office of the Commission. [Reference 165:10-17-12]

**(60) Form 1022 - Application to flare or vent gas:** Operator shall file one copy of Form 1022 with the Technical Services Department of the Conservation Division listing OTC assigned county lease number. [Reference 165:10-3-15]

**(61) Form 1022A - Application to operate vacuum pump:** Operator shall file one copy of Form 1022A with the required attachments with the Technical Services Department of the Conservation Division. [Reference 165:10-3-31]

**(62) Form 1023 - Application for multiple completion, multichoke assembly or commingle completion:** Operator will file the original of Form 1023 with the required attachments. List OTC assigned county and lease number. [Reference 165:10-3-35; 165:10-3-39; 165:10-3-37]

**(63) Form 1024 - Packer setting affidavit:** Operator will submit Form 1024 as required. [Reference 165:10-3-35 and pertinent field rules]

**(64) Form 1025 - Packer leakage test:** Operator will submit Form 1025 as required. [Reference 165:10-3-35 and pertinent field rules]

**(65) Form 1027 - Bottom hole pressure test:** Operator, on the pink sheet of Form 1027, shall take BHP tests in the manner and during periods prescribed by special field rules. List OTC assigned county and lease numbers. [Reference Special Field Rules and 165:10-13-3]

**(66) Form 1028 - Application for discovery oil allowable:** Operator shall file Form 1028 with the required exhibits and tests within 30 days of completion of each new well in a discovery oil pool. [Reference 165:10-15-7]

# Permanent Final Adoptions

---

(67) **Form 1029A - Production or potential test - oil only:** Operator of each newly completed discovery oil well shall file a potential test Form 1029A not later than 30 days after completion of the well. All tests, if requested, shall be witnessed by another operator. [Reference 165:10-15-7].

(68) **Form 1030 - Application for allowable adjustment:** Each operator or other interested parties desiring to adjust the allowable for a well or wells shall file Form 1030 for administrative review and approval. The allowable may be increased, decreased, or transferred as the evidence may indicate for the most efficient rate of production from the well or wells. [Reference 165:10-13-5, 165:10-13-8, 165:10-15-18 and 165:5-7-12]

(69) **Form 1034 - Nominations and purchasers report:** [Reference 165:10-1-36, 165:10-1-37 and 165:10-1-46]  
**Oil:** Purchasers will furnish nomination data, actual runs from leases, stocks, and other information on Form 1034 to the Conservation Division not later than noon Friday of the week preceding each scheduled market demand hearing. On months in which no market demand hearing is held, Form 1034 shall be filed by the 20th of the month listing crude oil runs for the previous month on line 5 only. Any change in nominations from the previous hearing shall be so indicated on this monthly report.

(70) **Form 1034-G - Gas nominations:** Operators of natural gas wells in special allocated gas pools where well allowable calculations according to special allocated field rules are in effect shall file their pool nominations on Form 1034-G no later than one week prior to the market demand hearing. [Reference 165:10-1-36, 165:10-1-37, 165:10-1-49 and 165:10-17-9].

(71) **Form 1040 - Monthly allocation schedule (gas):** Monthly gas schedule Form 1040 will be forwarded to operators by the Conservation Division indicating the status of special allocated gas wells and their current allowables. Operators will inform the Conservation Division of errors, if any, found in Form 1040 as promptly as possible. Additionally, purchasers will receive the monthly schedule and shall return the production from each well as requested. [Reference 165:10-1-47]

(72) **Form 1055 - Application for Casing Pulling and Well Plugging License:** No person shall contract to pull casing or plug oil, gas, injection, disposal, or other service wells, or contract to salvage casing therefrom, or purchase wells for the purpose of salvaging casing therefrom until a license has been secured from the Commission. [Reference 165:10-11-1]

(73) **Form 1070 - Inventory of authorized existing enhanced recovery wells:** Operators shall file reporting Form 1070 before injecting into any enhanced recovery well. [Reference 165:10-5-3]

(74) **Form 1071 - Inventory of authorized existing disposal wells:** Operators shall file the reporting Form 1071 before disposing into any disposal well. [Reference 165:10-5-3]

(75) **Form 1072 - Notice of termination of injection:** Within 30 days of the termination of injection or disposal Form 1072 must be filed. [Reference 165:10-5-7]

(76) **Form 1073 - Notice of transfer of oil or gas well operatorship:** The new operator shall file Form 1073 to notify the Conservation Division of any change of operation of any oil or gas well within 30 days of transfer of the well. [Reference 165:10- 1-15]

(77) **Form 1073I - Notice of transfer of underground injection well operatorship:** The new operator shall file Form 1073I to notify the Underground Injection Control Department of any change of operation of any injection, disposal, or hydrocarbon storage well within 30 days of transfer of the well. [Reference 165:10-5-10]

(78) **Form 1073IMW - Notice of transfer of multiple underground injection well operatorship:** For transfers involving more than 10 underground injection wells, a transferor and transferee may file a single Form 1073IMW with the Conservation Division indicating the transfer of multiple wells. If the Form 1073IMW is used, such Form must be filed with the Conservation Division regarding any change of operations of such wells within 30 days of transfer of the wells. [Reference 165:10-5-10]

(79) **Form 1073MW - Notice of transfer of multiple oil or gas well operatorship:** For transfers involving more than 10 oil or gas wells, a transferor and transferee may file a single Form 1073MW with the Conservation Division indicating the transfer of multiple wells. If the Form 1073MW is used, such Form must be filed with the Conservation Division regarding any change of operations of such wells within 30 days of transfer of the wells. [Reference 165:10-1-15]

(80) **Form 1075 - Mechanical integrity pressure test:** A pressure or monitoring test must be performed on new and existing injection wells and disposal wells. Information must be submitted on Form 1075 and witnessed by a Field Inspector. Forms shall be submitted to the Conservation Division's Underground Injection Control Department. [Reference 165:10-5-6]

(81) **Form 1081 - Mineral owners escrow account:** Operator shall file Form 1081 annually on anniversary date of first pooling order issued after effective date of 52 O.S. §§ 551 et seq. and shall include all applicable orders issued during the twelve-month reporting period. [Reference 165:10-25-1 through 165:10-25-10]

(82) **Form 1085 - Complaint report:** Form 1085 is used by Commission personnel to report violations of General Rules of the Commission and to report progress on ongoing remedial actions. Copies are sent to all parties concerned with investigation. Form 1085 combines and replaces old Forms 1034 and 1062. [Reference 165:10-7-7]

(83) **Form 1535 - Application for classification of reservoir dewatering project for exemption of sales tax on electricity used for such operations and application for state sales tax exemption for electricity sold for operations involving enhanced recovery methods on a spacing unit or lease:** Operators shall file one original of Form 1535 with the required attachments with the Technical Services Department of the Conservation Division. To obtain the exemption of sales tax on the sale of electricity and associated delivery and transmission used for reservoir dewatering operations, or for a state sales tax exemption for electricity sold for operations involving enhanced recovery methods on a spacing unit or lease, the operator shall contact the Director's Office, Taxpayer Assistance Division, Oklahoma Tax Commission, 2501 N. Lincoln Blvd., Oklahoma City, Ok. 73194. [Reference 165:10-21-90 through 165:10-21-92 and 165:10-21-95 through 165:10-21-97]

(84) **Form 2001BF - Brownfield Applicant Eligibility:** The applicant shall file one (1) Form 2001BF with the Brownfield Program of the Conservation Division. This Form is filed to demonstrate applicant's eligibility to be in the Brownfield program. [Reference 165:10-10-1 through 165:10-10-14]

(85) **Form 2002BF - Consent to Entry:** The applicant shall file one (1) Form 2002BF with the Brownfield Program of the Conservation Division. This Form is the landowner's permission for applicant and their contractors to enter the property for assessment and cleanup work. Copies will be sent to all parties concerned with the assessment and/or cleanup. [Reference 165:10-10-1 through 165:10-10-14]

(86) **Form 2003BF - Application for Brownfield Program Enrollment:** The applicant shall file one (1) Form 2003BF with the Brownfield Program of the Conservation Division for all sites applicant is entering into the program. This Form provides necessary information on the site. This Form can be used by public, quasi- public, and non-profit entities to request a free Targeted Brownfield Assessment of a site that has been approved as eligible for the Brownfield program. [Reference 165:10- 10-1 through 165:10-10-14]

(87) **Form 2005BF - Brownfield Certificate of No Action Necessary:** The Form 2005BF will be issued by the Commission to the Brownfield Applicant, after the Brownfield staff has made a no action necessary decision. The applicant must file the Certificate of No Action Necessary in the office of the county clerk where the site is located, provide a copy to the landowner if the landowner is not the applicant, and submit a file-stamped copy to the Oklahoma Corporation Commission within 30 days. [Reference 165:10-10-1 through 165:10-10-14]

(88) **Form 2006BF - Brownfield Certificate of Completion:** The Form 2006BF will be issued by the Commission to the Brownfield Applicant, after the Brownfield staff has made a final inspection of the site and review of the project following a remedial action. The applicant must file the Certificate of Completion and any land use restrictions in the office of the county clerk where the site is located, provide a copy to the landowner if the landowner is not the applicant, and submit a file-stamped copy to the Oklahoma Corporation Commission within 30 days. [Reference 165:10-10-1 through 165:10-10-14]

(89) **Form 3000NGS - Application for Investigation and/or Abatement of Seeping Natural Gas:** An owner of property which has seeping natural gas shall file an application with the Commission regarding the Commission's investigation and/or abatement of the seeping natural gas. [Reference 165:10-12-9]

(90) **Form 4000WIP - Well impact report:** If an operator has evidence that its well(s) have been impacted by hydraulic fracturing operations, the operator may report the occurrence by electronic mail to the Conservation Division within 24 hours of discovery. The operator must use Form 4000WIP to report the occurrence. [Reference 165:10-3-10]

(91) **Form 5000NTL - Notice of temporary lines which may be used to transport produced water:** Operators are required to notify the Conservation Division, the appropriate County Commissioners and the surface owners of the land that is subject to the rights-of-way sought to be utilized by the operator, at least 48 hours prior to placing in public road rights-of-way temporary lines that may at any time be used to transport produced water for well drilling, completion, or remedial workover operations. Operators must use Form 5000NTL to provide the notice. [Reference 165:10-3-10.1]

(92) **Form 6000NHF - Notice to Conservation Division of hydraulic fracturing operations:** Operators are required to notify the Conservation Division using Form 6000NHF at least 48 hours prior to commencement of hydraulic fracturing operations on a well. [Reference 165:10-3-10]

(93) **Form 6000NOO - Notice to operators of producing wells of hydraulic fracturing operations:** Operators are required to notify operators of producing wells within one mile of the completion interval of the subject well at least 5 business days prior to commencement of hydraulic fracturing operations on such well. The notice to be provided such operators shall contain the information in Form 6000NOO. [Reference 165:10-3-10]

# Permanent Final Adoptions

## SUBCHAPTER 3. DRILLING, DEVELOPING, AND PRODUCING

### PART 1. DRILLING

#### **165:10-3-1. Required approval of notice of intent to drill, deepen, re-enter, or recomple; Permit to Drill [AMENDED]**

##### **(a) Permit to Drill.**

(1) Except as provided in (I) of this Section, on emergency authorization to commence, the operator shall obtain for the well a Permit to Drill approved by the Conservation Division before:

- (A) Spudding a well for the exploration for and production of oil or gas.
- (B) Spudding a well for use as an injection, disposal, or service well.
- (C) Re-entry into a plugged well.
- (D) Recompletion of a well.
- (E) Deepening an existing well. TEST

(2) A Permit to Drill shall be valid only for each common source of supply listed on the permit.

(3) Any operator who drills, deepens, reenters or recompletes a well without a permit to drill may be fined up to \$1,000.00.

(4) An operator requesting a Permit to Drill for a well shall submit a plat utilizing Commission records showing the well name, operator, section, township, range and county, ground elevation, and total depth of each abandoned, plugged, producing or drilling well, and dryhole within one quarter (1/4) mile of the completion interval of the proposed well. The operator is also required to submit a certified plat regarding the proposed well prepared by a licensed surveyor, and the following information shall be included in the plat concerning the completion interval of the proposed well: the surface hole location footages from the quarter section with latitude and longitude, proposed bottom hole location footages from the quarter section with latitude and longitude, landing point, corner coordinates at section corners and quarter section points, GPS Datum NAD 27 and NAD 83, and distance to wells that will be closer than authorized in Commission rules or by Commission order. In addition, regarding an application for a Permit to Drill to recomplete a well, the operator shall include on the plat the surface hole location latitudes and longitudes for wells for which Permits to Drill have been approved.

(5) The Conservation Division shall send an approved Permit to Drill by electronic mail to the operator applying for the Permit to Drill at the electronic mail address(es) listed in the Form 1006B Operator Agreement filed by the operator with the Conservation Division. If no electronic mail address is listed in the Form 1006B Operator Agreement filed by the operator with the Conservation Division, the Conservation Division shall mail the approved Permit to Drill to the operator's address listed in the Form 1006B.

(6) The Commission may issue a Permit to Drill for any well after a hearing for a special order or for an order on the merits prior to the issuance of any such order. Any such Permit to Drill is subject to and must conform with the final provisions of any such order.

##### **(b) Amended or additional Form 1000 requirements.**

(1) **When required.** If the Conservation Division has issued a Permit to Drill for a well, the operator of the well shall submit an amended Form 1000 for the well and obtain an amended Permit to Drill before:

- (A) Completing the well in a common source of supply which is not listed on the current unexpired Permit to Drill for the well.
- (B) Recompleting the well in a common source of supply which is not listed on the current unexpired Permit to Drill for the well.
- (C) Installing less surface casing than the amount approved on the unexpired Permit to Drill for the well.
- (D) Deviating from an alternative casing and cementing procedure which the Conservation Division approved on the unexpired Permit to Drill for the well.
- (E) Completing a well in a common source of supply at a subsurface location which does not correspond with the surface location on the most recently issued Permit to Drill for the well.

(2) **Effect of amended or additional Permit to Drill on prior Permit to Drill.** Each approved, amended, or additional Permit to Drill for a well cancels any previously issued Permit to Drill for the well.

(c) **Expired or revoked Permit to Drill.** If a Permit to Drill for a well expires or is revoked, the operator shall be subject to the requirements of (a) of this Section.

(d) **Casing and cementing requirements.** Each Permit to Drill shall list the minimum amount of surface casing to be used or an approved alternative casing and cementing program under 165:10-3-4.

(e) **Spud report and well spacing requirements.** In addition to complying with the requirement of obtaining a Permit to Drill, the operator shall comply with the following:

(1) The spud report requirement of 165:10-3-2.

(2) Any well spacing requirements applicable by order or rule of the Commission. Well spacing requirements do not apply to injection or disposal wells.

(f) **Disposal of drilling fluids.**

(1) The operator shall indicate on Form 1000 the proposed method(s) for disposal of drilling fluids. These methods shall include, but not be limited to:

(A) Evaporation/dewatering and leveling of the reserve pit.

(B) Soil farming.

(C) Recycling.

(D) Commercial off-site earthen pit disposal.

(E) Annular injection.

(F) Hauling to a facility or location other than a commercial earthen pit.

(2) If the method in (1)(F) in this subsection is used, the operator shall provide the location to which the drilling fluids are to be hauled.

(3) Issuance of the Permit to Drill shall not be construed as constituting approval of the disposal method(s) indicated. An operator who desires to dispose of drilling fluids through either evaporation/dewatering and leveling of the reserve pit, soil farming, commercial earthen pit disposal, or annular injection must comply with 165:10-7-16, 165:10-7-19 or 165:10-9-2, 165:10-9-1, or 165:10-5-13 respectively.

(4) If the proposed method for drilling fluid disposal is changed, the operator shall notify the appropriate Conservation Division District Office, either by telephone, facsimile or electronic mail, within twenty-four (24) hours after the change. An amended Form 1000 for the well shall not be required for a change in disposal method.

(5) Drilling fluids and/or other deleterious substances in a closed pit system may be disposed of utilizing the methods specified in subparagraphs (B), (C), and/or (F).

(g) **Notice to surface owners.**

(1) The operator shall include on each Form 1000 submitted to the Conservation Division, the name and address of each surface owner of record for the wellsite.

(2) For each Permit to Drill other than a Permit to Drill for a recompletion, the operator shall send by facsimile, electronic mail or regular mail a copy of the Permit to Drill to each surface owner listed on the Form 1000 within ten (10) business days of the Conservation Division's approval of the Permit to Drill.

(h) **Notice to operator under pooling order.** The entity seeking approval of a Form 1000 shall include on each Form 1000 submitted to the Conservation Division, the name and address of any operator designated in a Commission Pooling Order covering the drilling and spacing unit(s) identified by order number on the Form 1000 for the listed common source(s) of supply if different than the applicant listed on the Form 1000. For each Permit to Drill, the entity seeking approval of a Form 1000 shall mail by regular U.S. mail or send by electronic mail a copy of the Permit to Drill to operator(s) listed on the Form 1000 within ten (10) business days of the submission of the Permit to Drill.

(i) **Disapproval for noncompliance with Commission order.** If an operator is not in compliance with an enforceable order of the Commission, the Conservation Division shall not issue any Permit to Drill for the operator, until the operator complies with the order.

(j) **Erroneous approval.** Erroneous issuance of a Permit to Drill shall not excuse noncompliance with any order or rule of the Commission.

(k) **Expiration.**

(1) **Eighteen-month period.** Except as provided in (3) ~~of this subsection~~ and (4) ~~of this subsection~~ for expiration after submission of a completion report, a permit to drill shall expire eighteen months from the date of issuance, unless drilling operations are commenced and thereafter continued with due diligence to completion.

(2) **Six-month extension.** A six month extension may be granted without fee providing the Conservation Division staff determines that no material change of condition has occurred, if a request by facsimile, electronic mail, or regular mail for such extension is received from the operator prior to the expiration of the original permit. Only one extension may be granted.

(3) **If Form 1002A is filed.** If the operator of the well submits to the Conservation Division a Completion Report (Form 1002A) for the well, the Permit to Drill for the well shall expire on the date the Completion Report is approved by the Conservation Division.

# Permanent Final Adoptions

---

(4) **If Form 1002A is filed.** If Form 1002A is filed for a well drilled to total depth but uncompleted the Permit to drill will remain in effect for one year from the date the Conservation Division approves the Completion Report (Form 1002A).

(l) **Posting of Permit to Drill at the wellsite.** During any activity subject to this Section, the operator shall maintain at the wellsite an original or legible copy of the Permit to Drill for inspection by Commission personnel.

(m) **Emergency authorization without approval of a Permit to Drill.** In an emergency, the Manager of the Technical Services Department of the Conservation Division may temporarily authorize commencement of activities without a Permit to Drill for a period up to five business days.

(n) **Limits of authority.** A Permit to Drill does not grant the operator authority to produce, inject or dispose without the required permits or allowable assignment.

## 165:10-3-4. Casing, cementing, wellhead equipment, and cementing reports [AMENDED]

### (a) Scope.

(1) This Section governs the following:

- (A) Surface casing and cementing requirements.
- (B) Alternate casing and cementing procedure used instead of adequate surface casing and cement.
- (C) Minimum cementing and testing requirements for intermediate and production casing.
- (D) Minimum valve and blowout preventer requirements.
- (E) Cementing reports.

(2) This Section shall apply to the following:

- (A) Wells drilled or reentered for the production of oil, gas or brine.
- (B) Wells drilled, ~~or reentered for disposal of oilfield wastes or converted for underground disposal of fluids which are brought to the surface in connection with oil or natural gas production.~~
- (C) Wells drilled ~~for injection, reentered, or converted for underground injection for the secondary or tertiary recovery of oil or natural gas for injection.~~
- (D) Wells drilled in subsurface gas storage units created by order of the Commission.
- (E) Other oilfield related service wells.

### (b) Effect on area rules.

(1) If any area rules promulgated by order of the Commission require less casing and cement than required by this Section, then this Section shall supersede the area rules.

(2) If an applicable area rule promulgated by order of the Commission has more stringent casing and cementing requirements than what are required by this Section, the Conservation Division shall enforce the area rules.

### (c) Quality of cement.

(1) **Parameters.** Cement used in the procedures described in this Section shall meet or exceed the following specifications:

- (A) Minimum compressive strength: 500 psi;
- (B) Maximum Young's modulus:  $< 1.2 \times 10^6$  psi;
- (C) Permeability:  $< 0.1$  mD; and
- (D) Minimum concentration of Portland cement: approximately 20%.

(2) **Required information.**

(A) If requested by a representative of the Conservation Division, the cementer shall provide quality control data sheets regarding the cement to the Technical Services Department, which data shall include, but not be limited to, the most recent laboratory test results for the cement. Laboratory test results for the cement must be no more than 12 months old.

(B) If requested by a representative of the Conservation Division, a sample of the cement shall be split and an adequate portion (approximately one gallon) shall be properly labeled and delivered or otherwise provided to the Technical Services Department.

### (d) Surface casing and cementing requirements for wells listed in (a)(2) of this Section:

(1) **Minimum surface casing requirements.** Unless an alternate casing program is authorized by the Conservation Division or by an order of the Commission, suitable and sufficient surface casing shall be run and cemented from bottom to top with a minimum setting depth which is the greater of:

- (A) Ninety feet below the surface, or
- (B) Fifty feet below the base of treatable water.

(2) **Penalty for noncompliance.** An operator setting less than the required amount of surface casing or failing to remediate uncirculated cement before resuming operations may be fined up to \$5,000.00.

(3) **Exceptions to (d)(1).** Operators having wells producing hydrocarbons which were in compliance with the surface casing requirements at the time of completion shall not be required to comply with (1) of this subsection.

(4) **Well to be used for annular injection under 165:10-5-13.** If the operator intends to dispose of drilling or stimulation fluids by annular injection, then the operator shall comply with 165:10-5-13 which requires a surface casing string to be set not less than 200 feet below the base of treatable water, unless a Commission order provides otherwise.

(5) **Depth limitation on setting surface casing.** The well operator shall run and cement the surface casing string required by this subsection before drilling the well more than 250 feet below the base of treatable water, unless otherwise approved on the Permit to Drill.

(6) **Penalties.** Operators failing to obtain permission to drill a well more than 250 feet below the treatable water, or to obtain permission for an alternate casing and cementing procedure may be fined up to \$2,500.00.

(7) **Cementing procedures.**

(A) **Approved methods.** Except as provided in (B) of this paragraph for bradenhead cementing, cement shall be run by either the tubing and pump method, the pump and plug method, or the displacement method.

(B) **Bradenhead cementing prohibited.** Bradenhead cementing is prohibited without written permission from the appropriate Conservation Division District Office.

(C) **Restrictions on stage cementing.**

(i) **Above 200 feet.** Running cement through small tubulars is permitted above 200 feet in depth without special permission.

(ii) **Below 200 feet.** Below 200 feet in depth, the operator shall obtain permission from the appropriate Conservation Division District Office before using small tubulars to run cement.

(D) **Steel casing required.** For purposes of the surface casing requirements of this Section, surface casing shall be oil field grade steel casing.

(E) **Minimum cement setup time.** The cement behind the surface casing shall set at least eight hours before further drilling. The cement behind the surface casing in wells drilled in an underground storage facility pursuant to OAC 165:10-3-5 shall set at least twenty-four hours before further drilling.

(F) **Down-hole testing of surface casing and cement.** Before drilling the shoe of the surface casing, the operator shall test the surface casing using the procedure prescribed by (g) of this Section.

(G) **Failure to circulate cement or fall back of cement behind surface casing.**

(i) **Verifying the top of cement.** If no conductor string is set and the cement did not circulate to the surface or falls back more than five feet, the operator shall determine the top of the cement using a method approved by the District Manager or Field Inspector Supervisor.

(ii) **Top of cement less than 200 feet from the surface.** If the top of the cement is found less than 200 feet from the surface, the operator may circulate cement to surface using small tubulars.

(iii) **Top of cement greater than 200 feet from the surface.** If the top of the cement is greater than 200 feet from the surface, the operator shall perform a corrective cementing operation by circulating cement to the surface from the determined top of the cement. The District Manager or Field Inspector Supervisor may grant permission to circulate cement through small tubulars.

(H) **Insufficient surface casing or mechanical failure.** Within 24 hours after discovery of a problem with the surface casing or cement, the operator shall notify the appropriate Conservation Division District Office by telephone, facsimile or electronic mail of:

(i) Any mechanical failure of the surface casing or cement.

(ii) Discovery of a treatable water formation below the shoe of the surface casing.

(I) **Penalty.** An operator, failing to report a rupture, break, or opening in the surface casing, may be fined up to \$1,000.00 and the well shut down.

(J) **Notice.** The District Manager or Field Inspector shall be given at least 24 hours notice by telephone, facsimile or electronic mail prior to any cementing operation in order that they may have the opportunity to witness.

(e) **Alternate casing and cementing procedures.**

(1) **Requirement of approval on the Permit to Drill.** Use of an alternative casing and cementing procedure instead of surface casing and cement required by (d) of this Section is prohibited without authorization on the Permit to Drill for the well.

# Permanent Final Adoptions

---

(2) **Disapproval.** The Manager of Technical Department may not issue a permit for an alternate casing string and cementing procedure if one or more of the following conditions exist:

(A) The well will penetrate a known lost circulation zone.

(B) The treatable water bearing formation(s) will be endangered.

(C) The projected depth of the well is less than 100 feet from the top of any authorized secondary project or gas storage facility.

(3) **Applicability of other casing and cementing standards.** Alternate casing and cementing procedures under this subsection are subject to the provisions of (d)(7) of this Section.

(4) **Alternate casing and cementing procedure.**

(A) An operator having permission to run an alternate casing string may, for protection of the treatable water, drill the well to casing point and circulate cement to the surface, or circulate cement from a depth of 100 feet below the base of treatable water to the surface after following the procedures set out in (g) of this Section.

(B) Oil based drilling mud shall be prohibited.

(C) If a well is completed using an alternate casing and cementing procedure, a bond log covering the interval from 100 feet below the base of the treatable water to the surface shall be required. The District Manager may waive this requirement. A completion attempt, in cases where the protection of treatable water is questionable, is strictly prohibited.

(D) Unless extended by the District Manager, the operator shall have 72 hours after drilling and testing is completed to run production casing or plug the well. A minimum of 24 hours prior notice by telephone, facsimile or electronic mail must be given to the appropriate Conservation Division District Office prior to cementing operations so that a Field Inspector may have the opportunity to witness the cementing or plugging procedures. If the well is plugged and abandoned, procedures set out in (f) of this Section shall be followed.

(E) In the event that casing is run and cement does not circulate to the surface, or falls back, the operator shall determine the top of the cement using a method approved by the District Manager.

(5) **Remedial actions.**

(A) If the top of the cement is less than 200 feet from the surface, the operator may circulate cement from that point to the surface using small tubulars or by perforating the casing at that point and circulating cement to the surface.

(B) If the top of the cement is greater in depth than 200 feet, the operator shall perforate the casing at the top of the cement and circulate cement to the surface, or with the written permission of the District Manager or Field Inspector Supervisor, use small tubulars.

(C) In the event that a conductor string had been set and the top of the cement is at least ten feet above the base of the conductor casing no remedial action is needed.

(D) Unless waived by the appropriate Conservation Division District Office, all corrective cementing operations shall be approved and witnessed by the Field Inspector.

(E) In wells where corrective actions were needed for casing or cementing problems, a completion attempt shall not be made without approval by the District Manager.

(f) **Permanent well marker.** In the event that the well is a dry hole and no casing has been run, then during the plugging of the well the operator shall run and cement from bottom to top at least one joint of casing at the surface not less than 25 feet in length for use as a permanent well marker. The casing used as a well marker shall be oil field grade steel casing with an outside diameter of at least seven inches. The top of the marker shall be three feet below the surface and be capped with a steel plate inscribed or embedded with the well number and date of plugging on the steel plate. An operator failing to run and cement the well marker as required may be fined up to \$1,000.00 and shall, under the supervision of the Commission, replug the well.

(g) **Minimum cement for additional casing strings.** If additional casing other than surface casing is run, except for temporary purposes, it shall be run, set, and cemented with a calculated volume of cement sufficient to fill the annular space behind the casing string from the base of the casing string to a minimum height which is the greater of five percent of the depth to which the casing string is set, or a height of 200 feet. Any well approved for horizontal completion shall be cemented with a calculated volume of cement sufficient to fill the annular space behind the production casing string to isolate the producing formation. The Conservation Division may grant a variance to this requirement for a horizontal well upon request.

(h) **Pressure testing of casing strings.**

(1) Before drilling the cement plug in a casing string, the operator shall pressure test the installed casing for 30 minutes at a minimum pressure which is the lesser of the surface gauge pressure equal in pounds per square inch to 0.2 of the length of the casing in feet or 1500 psig.

(2) During the 30 minute test, if the surface pressure drops ten percent or more, the operator shall:

(A) Repair and retest the casing until the requirements of this subsection are met; or

(B) Plug the well according to the rules of this Chapter.

(i) **Minimum wellhead equipment for drilling wells.** All reasonable and prudent precautions shall be taken for keeping the well under control during drilling operations, including but not limited to the use of blowout preventers or other similar equipment with appropriate pressure fittings attached to properly cemented casing strings and the maintenance of mud-laden fluid of sufficient weight to provide proper well control. A blowout preventer or other equipment necessary to maintain control of the well shall be installed prior to drilling out of the surface casing. Blowout preventers and associated equipment shall be maintained in good working order. Blowout preventers shall be pressure tested at regular intervals, not to exceed twenty-one days, to ensure proper operation. A function test shall be conducted on a routine basis during drilling operations to ensure that annular preventers and rams will operate properly. Alternate testing procedures may be approved by the District Manager. The rig personnel shall be trained in the use of blowout prevention equipment and well control procedures on the rig.

(j) **Cementing reports.**

(1) The operator of the well shall submit a Form 1002C Cementing Report within 45 days of the release of the rig used to drill such well, describing all cementing operations on surface, intermediate, and production casing strings, including multistage cementing jobs.

(2) If additional cementing operations occur after submission of the Cementing Report, the operator shall submit an amended Form 1002C for the well.

(k) **Surface casing requirements for re-entry wells.** For a re-entry as defined by 165:10-1-2, casing and cementing requirements at the time of re-entry shall apply.

(l) **Surface casing requirement for recompletions.** For a recompletion as defined by 165:10-1-2, casing and cementing requirements applicable to wells commenced on the latter of the spud date or re-entry date for the well shall apply.

(m) **Casing and cementing requirements for wells converted for injection or disposal.** If a well is converted for use as an injection or disposal well, it shall be subject to the casing and cementing requirements of this Section effective at the time of conversion of the well.

(n) **Casing and cementing requirements for wells penetrating unitized common sources of supply.** Each newly drilled or re-entered well which penetrates a common source of supply in which enhanced recovery operations are being conducted shall be properly cased and cemented from not less than 100 feet below to not less than 100 feet above each unitized common source of supply to prevent migration of formation fluids and contain formation pressure. In the event the well is to be plugged without being cased, the well shall be properly cemented over the aforementioned interval(s) during plugging procedures.

(o) **Insufficient surface casing and cement.** When it has been determined that a treatable water-bearing formation has not been properly cased and cemented, the operator shall take such measures designated by the Director of Conservation or ordered by the Commission to protect any treatable water-bearing formation.

### 165:10-3-5. Underground storage [AMENDED]

(a) **Scope.** This Section shall apply to all operations pertaining to the drilling, completion, recompletion, or remedial operations on wells located within the boundaries of an underground storage facility as defined in (b)(4) of this Section or wells whose completion intervals will, at any point, be located within 600 feet of the underground storage facility.

(b) **Definitions.**

(1) "Underground storage" shall mean storage of natural gas in a subsurface stratum or formation of the earth.

(2) "Natural gas" shall mean gas either while in its natural state or after the same has been processed by removal therefrom of component parts not essential to its use for lights and fuel.

(3) "Storage operator" shall mean any person, firm, or corporation which operates an underground storage facility.

(4) "Underground storage facility" shall mean any subsurface stratum or formation of the earth used for underground storage. Provided that, in the case of a natural gas bearing subsurface stratum or formation, the commercially producible native gas shall have been substantially depleted and the gas therein shall not be used primarily for the secondary recovery of oil in paying quantities from the subsurface stratum or formation.

(5) "Well" means a vertical, directional or horizontal well drilled or bored or to be drilled or bored within the certified boundary of an underground storage facility, or whose completion interval will, at any point, be located within 600 feet of the underground storage facility.

# Permanent Final Adoptions

---

(6) "Well operator" shall be the person, firm, or corporation that is the operator of a well.

(7) "Major remedial operations" shall mean any workover operations requiring a workover rig, wire line or pump truck services.

(8) "Good quality cement" means cement that would obtain a compressive strength to prevent oil, gas, or water migration within a twenty-four (24) hour period.

(9) "Certified boundary" means the perimeter of the legal description of an underground storage facility established by certificate and order of the Commission.

(10) "Completion interval" means for open hole completion or recompletions, the interval from the point of entry to the terminus and, for cased and cemented completions or recompletions, the interval from the first perforations to the last perforations.

(c) **Notice to storage operator.** Upon receipt of Form 1000 from a well operator, the Conservation Division shall determine whether the proposed well falls within one (1) mile of the certified boundary of an underground storage facility. Following a positive determination, the Conservation Division shall instruct the well operator to provide notice of the application for a Permit to Drill the well to the storage operator and the Director of the Public Utility Division as part of the application for Permit to Drill process. The well operator is required to supply written confirmation to the Conservation Division that notice of the application for a Permit to Drill the well has been provided to the storage operator and the Director of the Public Utility Division.

(d) **Operational procedures.**

(1) All storage operators and well operators are required to maintain on file with the Commission's Surety Department current mailing addresses, email addresses, and 24 hour telephone numbers. In addition, storage operators are required to maintain on file with the Commission's Surety Department the Commission order number pertaining to the underground storage facility.

(2) Before spudding a well within the certified boundary of a gas underground storage facility, the well operator shall mail a copy of the Permit to Drill to the storage operator at the address listed at the Commission and also supply a copy of the Permit to Drill to the Director of the Public Utility Division. The storage operator will inform the well operator of the estimated depth, thickness, and pressure of the underground storage facility at that location. Failure of the storage operator to provide the data to the well operator shall not be a cause to delay drilling, but the well operator is required to notify the storage operator, by phone a minimum of 24 hours prior to commencing drilling operations at a 24 hour telephone number furnished to the Commission by the storage operator.

(3) A well operator shall comply with the provisions of 165:10-3-4(d). Alternate casing programs shall not be permitted.

(4) Drilling rigs shall be equipped with a blowout preventer. The preventer shall be installed and tested at least 500 psig above the anticipated underground storage facility pressure before drilling below the base of the surface casing.

(5) The storage operator shall receive drilling reports daily from the well operator and the storage operator shall be provided 48 hours notice by the well operator at a 24 hour telephone number furnished to the Commission by the storage operator to afford the storage operator an opportunity to witness any tests or logging operations from the surface to 600 feet below the base of the underground storage facility. Any abnormal conditions occurring during the drilling operation, such as abnormal pressures and/or lost circulation, shall be reported immediately by the well operator to the storage operator at the 24 hour telephone number supplied by the storage operator to the Commission.

(6) The well operator shall drill the well in such a manner as to prevent invasion of drilling fluids into, or the escape of natural gas from, the underground storage facility. The well operator shall be required to mud up at least 100 feet above the anticipated depth of the top of the underground storage facility.

(7) If run, a copy of either an open hole porosity or resistivity well log run from the base of surface casing to total depth shall be promptly forwarded to the storage operator. The logs submitted to the storage operator may be terminated 600 feet below the base of the underground storage facility. At least 48 hours prior to commencing logging operations the well operator shall notify the storage operator at the 24 hour telephone number furnished by the storage operator to the Commission, and the storage operator shall have the option of witnessing the open hole logging operation.

(8) In the event that the well is noncommercial and is to be plugged and abandoned, the well operator shall place a cement plug using a good quality cement, covering from not less than 300 feet below the base to not less than 300 feet above the top of the underground storage facility. At least 48 hours prior to commencing the plugging operation, the well operator shall notify the storage operator at the 24 hour telephone number furnished by the

storage operator to the Commission, and the storage operator shall have the option of witnessing the plugging operation. The field inspector may invoke the provisions of 165:10-11-6(m), (n) and (o).

(9) In the event that casing is run, the well operator will cause the underground storage facility interval to be covered with steel casing and be cemented from not less than 100 feet below the base to not less than 100 feet above the top of the underground storage facility using a good quality cement. At least 48 hours prior to commencing the casing operation, the well operator shall notify the appropriate Conservation Division District Office and the storage operator at the 24 hour telephone number furnished ~~by the storage operator~~ to the Commission. The Commission field inspector for the area and storage operator shall have the option of witnessing the operation.

(10) For the purpose of ensuring the integrity of the underground storage facility, the well operator shall be required to run a cement bond log through the underground storage facility formation before any completion attempts are made. At least 48 hours prior to commencing the logging operation, the well operator shall notify the storage operator at the 24 hour telephone number furnished ~~by the storage operator~~ to the Commission, and the storage operator shall have the option of witnessing the logging operation and be furnished with a copy of the bond log from the top of cement to total depth or, at the option of the well operator, to 600 feet below the base of the underground storage facility. If the integrity of either the bond log or cement across the underground storage facility interval is questioned by the storage operator, the storage operator may, at its sole risk and expense, run additional logs. No completion, recompletion or major remedial operations shall be permitted until the fact has been established by the well operator, storage operator and the Managers of the Technical Services and Field Operations Departments, that the integrity of the cement is sound and that the underground storage facility is isolated from the remainder of the bore hole. The remedial work, if needed to protect the storage reservoir, shall be at the risk and expense of the well operator.

(11) The storage operator, the Managers of the Technical Services and Field Operations Departments and the Director of the Public Utility Division shall be notified at least 48 hours prior to commencement of completion, recompletion, or major remedial operations so as to afford opportunities to witness such operations. The well site shall be made accessible at all times to the storage operator and all information pertaining to the completion shall be forwarded daily to the storage operator. If the completion, recompletion, or major remedial operations attempt is to be made in any formation within 600 feet of the underground storage facility, the proposed plan of completion shall be forwarded to the storage operator ten business days prior to commencement of operations. The storage operator shall have five business days after receipt of the proposed plan to forward any objection to the well operator. Completion operations, recompletion, or major remedial operations shall not be permitted until the matter is resolved.

(12) At any time that the storage operator shall reasonably believe that damage may be occurring to the underground storage facility or that natural gas may be escaping into any other formations or otherwise believe that a well may compromise the integrity of the underground storage facility, the storage operator may then request that the operator of the well conduct specific tests solely at the storage operator's risk and expense. If an agreement cannot be obtained between the parties concerned, the storage operator or well operator may bring the matter before the Corporation Commission for determination by application, notice, and hearing following the procedure set out in OAC 165:5-7.

(13) If tests establish that damage is occurring and/or that natural gas is escaping by the continued operation of the well, the well shall be shut down immediately and the remedial operation to rectify the condition shall be commenced within ten days, at the sole risk and expense of the well operator.

(14) All information furnished to the storage operator shall be kept confidential until released in writing by the well operator.

### PART 3. COMPLETIONS

#### 165:10-3-17. Well site and surface facilities [AMENDED]

##### (a) Scope.

(1) This Section shall be applicable to all operators and owners of oil and gas wells, leases, secondary recovery units, converted or newly drilled disposal or injection wells, and re-entries or reworkings of the above; however, this Section does not cover pits used in connection with oil and gas operations (see 165:10-7-16).

(2) For purposes of this Section, "surface trash and debris" means all discarded material directly connected with the drilling, production, exploration, or development of hydrocarbons including, but not limited to, garbage, rubbish, junk or scrap.

# Permanent Final Adoptions

---

(b) **Removal of fire hazards.** Any material that might constitute a fire hazard shall be removed a safe distance from the well location, tanks, and separator. All waste oil shall be disposed of in a manner to avoid creating a fire hazard. If the operator fails to comply with this paragraph after written notice from the Conservation Division, the Commission may fine the operator up to \$1,000.00.

(c) **Removal of surface trash, debris, and unnecessary equipment.**

(1) All operators of wells are required to remove all surface trash and debris occasioned by their operations, from the vicinity of their operations and keep such premises free and clear of such trash and debris. With written permission from the surface owner, the operator may, without applying for an exception, bury all nonhazardous material at a minimum depth of three feet; cement bases are included.

(2) The operator is required to remove all unnecessary operating equipment, structures, surface debris, abutments, or obstacles used in the operation of the well from the land upon which the well is located, unless the owner of the land and the operator have entered into a contract providing otherwise.

(3) If the operator fails to comply with paragraphs (c)(1) or (c)(2) after written notice from the Conservation Division, the Commission may fine the operator up to ~~\$1,000~~ \$1,000.00.

(d) **Required lease signs.** Within 30 days after the completion of any producing oil or gas well subsequent to the effective date of this Section, a sign shall be posted and maintained at the location indicating no trespassing, no unauthorized personnel or similar language, showing the operator of the well and the operator's twenty-four hour emergency telephone number, name of the well, number of the well, legal description of the well and API number; provided, however, where more than one well is producing on a lease, the operator may post and maintain a sign at the principal lease entrance indicating no trespassing, no unauthorized personnel or similar language, the lease name, operator, the operator's twenty-four hour emergency telephone number, legal description, and number of wells, and on each well designate the number of the well and API number. Within 30 days after completion or recompletion of an injection well or a disposal well subsequent to the effective date of this Section, a sign shall be posted and maintained at the well location indicating no trespassing, no unauthorized personnel or similar language, showing the operator of the well, the operator's twenty-four hour emergency telephone number, well name, well number, legal description of the well, API number and the Commission order number by which it was authorized. The legal description of each well completed on or after March 1, 1976, shall be posted at the well and shall describe the location of the well to the nearest quarter quarter quarter section and shall show the section, township, and range. On a 160-acre or larger drilling and spacing unit, a sign shall also be posted at the entrance to the well site. Upon the Commission's approval, after the effective date of this Section, of transfer to a new operator of a well completed or recompleted prior to the effective date of this Section, the operator must comply with all requirements in this Section. If an operator fails to post a sign as directed, the Commission may fine the operator \$50.00 per violation; provided that total fines per incident shall not exceed \$500.00 per lease.

(e) **Notice of fire or blowout.** In case of a fire or blowout, the well operator shall notify by telephone or electronic mail, as soon as possible, either the Conservation Division or the appropriate Conservation Division District Office.

(f) **OTC numbers on stock tanks for oil and condensate.**

(1) On all oil and gas producing leases, the first purchaser of crude oil or condensate shall print its name or affix the company logo and print or affix the OTC Gross Production Division Purchaser Reporting Number on the lease sign or at least one of the storage tanks from which marketable liquids are being delivered.

(2) On all oil and gas producing leases, the well operator shall print or affix the OTC Gross Production Division assigned Production Unit Number and the OTC Gross Production Division Operator Reporting Number on the lease sign or at least one of the tanks from which marketable liquids are being stored. In the case of an enhanced recovery or unitization operation where several OTC Gross Production Division assigned Production Unit Numbers exist for the wells in the unit, the word "unitized" shall be printed or affixed to the lease sign or one of the storage tanks from which marketable liquids are being delivered to the purchaser.

(3) The identification numbers required in this subsection shall always be clearly legible. All letters and numbers shall be a minimum of two inches in height. Any operator failing to post required information may be fined up to \$50.00 per violation; provided that total fines per incident shall not exceed \$500.00 per well.

(g) **OTC numbers on gas meter or meter house.**

(1) On all gas producing leases, the operator of the well site gas meter required under 165:10-17-5 shall print or affix its name and OTC reporting number on the outside of the meter house or on the outside of the meter itself if no meter house exists.

(2) The operator of the lease shall print its OTC lease number and operator reporting number on the meter house or on outside of the meter if no meter house exists.

(3) The identification required in this subsection shall always be clearly legible.

- (h) **Valve and seals on stock tanks.** The operator shall install tank valves such that metal identification seals can be properly utilized. These seals shall be used on all delivery tank valves to lessen unauthorized movement of marketable products.
- (i) **Man-ways on frac tanks.** Each frac tank used at the wellsite shall have protective man- ways to prevent persons from accidentally falling into the frac tank.
- (j) **Guy line anchors.** All guy line anchors left buried for use in future operations of the well shall be properly marked by a marker of bright color not less than four feet in height and not greater than one foot east of the guy line anchor.
- (k) **Well site cleared.** Within 90 days after a well is plugged and abandoned, the well site shall be cleared of all equipment, trash, and debris. Any foreign surface material is to be removed and the location site restored to as near to its natural state as reasonably possible, except by written agreement with the surface owner to leave the surface in some other condition. If the location site is restored but the vegetative cover is destroyed or significantly damaged, a bona fide effort shall be made to restore or re-establish the vegetative cover within 180 days after abandonment of the well.
- (l) **Restored surface.** Within 90 days after a lease has been abandoned, surface equipment such as stock tanks, heater, separators, and other related items shall be removed from the premises. The surface shall be restored to as near to its natural state as reasonably possible, except by written agreement with the surface owner to leave the surface in some other condition. If the surface is restored but the vegetative cover is destroyed or significantly damaged, a bona fide effort shall be made to restore or re- establish the vegetative cover within 180 days after abandonment of the lease.
- (m) **Leasehold roads.** All leasehold roads shall be kept in a passable condition and shall be made accessible at all times for representatives and field inspectors of the Commission. At the time of abandonment of the property, the area of the road shall be restored to as near to its natural state as reasonably possible, except by written agreement with the surface owner to leave the surface in some other condition. If the road area is restored but the vegetative cover is destroyed or significantly damaged, a bona fide effort shall be made to restore or re-establish the vegetative cover within 180 days after abandonment of the property.
- (n) **Extension of time.**
- (1) An operator may request an extension of time required in (k), (l), and (m) of this Section for not more than six months by applying to the appropriate Conservation Division District Office and showing that there is no imminent danger to the environment and that one of the following conditions exists:
    - (A) That an agreement with the surface owners is not possible.
    - (B) That adverse weather conditions exist or existed.
    - (C) That the equipment needed to conform to (k), (l), and (m) of this Section was not or is not available.
  - (2) If approved by the District Manager, the extension shall be granted and the surface owner shall be notified by the operator. Any extension beyond six months shall require application, notice and hearing pursuant to OAC 165:5-7-41.

### PART 5. OPERATIONS

#### 165:10-3-25. Completion Reports [AMENDED]

- (a) **Initial Completion Report.** A Completion Report shall be filed with the Commission on Form 1002A within 60 days after completion of operations of the well regardless of whether or not the well was completed as a dry hole, producer, injection, disposal, or service well. An operator who fails to file a complete and correct Form 1002A Completion Report within the allotted time limit may be fined up to \$250.00.
- (b) **Amended Completion Report.** An amended Completion Report shall be filed with the Commission on Form 1002A within 60 days after completion of operations to reenter, re-complete and/or convert to injection or disposal well, or the completion of a well drilled to total depth and uncompleted regardless of whether or not the well was completed as a dry hole, producer, injection, disposal, or service well.
- (c) **No allowable without Completion Report.** The Conservation Division shall not assign an allowable to a well without an up-to-date Completion Report on file with the Conservation Division.
- (d) A completion report for any well in a multi-well system shall reference the primary well. An amended completion report for the primary well in a multi-well system shall reference all other wells in the system.

#### 165:10-3-28. Horizontal drilling [AMENDED]

- (a) **Scope.** This Section affects a horizontal well with one or more laterals.
- (b) **Definitions.** The following words and terms, when used in this Section, shall have the following meaning, unless the context clearly indicates otherwise:

# Permanent Final Adoptions

---

- (1) **"Adjacent common source of supply"** shall mean a common source of supply which is immediately adjacent to and adjoining the targeted reservoir(s) in a multiunit horizontal well being drilled or a well being drilled in a horizontal well unitization pursuant to 52 O.S. § 87.6 et seq. and which is inadvertently encountered in the drilling of the lateral of a multiunit horizontal well or a well pursuant to a horizontal well unitization when such well is drilled out of or exits, whether on one or multiple occasions, the targeted reservoir(s), and which is not the primary target of the subject well and shall not be included in the relinquished rights pursuant to 52 O.S. § 87.1(h). In the event that an adjacent common source of supply may be inadvertently encountered in the drilling of the lateral of a multiunit horizontal well or a well pursuant to a horizontal well unitization when such well is drilled out of or exits, whether on one or multiple occasions, the targeted reservoir(s), then said inadvertently entered adjacent common source of supply shall be included as part of the targeted reservoir only for the purpose of the inadvertent penetrations, and any subsequent completion, commingling and production of said adjacent common source of supply with the targeted reservoir(s), but not for future development of said adjacent common source of supply [52 O.S. § 87.6(B)(1)].
- (2) **"Completion interval"** shall mean, for open hole completions, the interval from the point of entry to the terminus and, for cased and cemented completions, the interval from the first perforations to the last perforations [52 O.S. § 87.6(B)(5)].
- (3) **"Conventional reservoir"** shall mean a common source of supply that is not an unconventional reservoir.
- (4) **"Date of first production"** shall mean the date hydrocarbons are first produced from the horizontal well, whether or not production occurs during drilling, completion, or through permanent surface equipment.
- (5) **"Directional survey"** shall mean that survey or report showing the location of any point of the wellbore as it relates to the surveyed surface location from the surface to the terminus of each lateral.
- (6) **"Horizontal component"** shall mean the calculated horizontal distance from the point of entry to the terminus [52 O.S. § 87.6(B)(8)].
- (7) **"Horizontal well"** shall mean a well drilled, completed, or recompleted with one or more laterals which, for at least one lateral, the horizontal component of the completion interval exceeds the vertical component of the completion interval and the horizontal component extends a minimum of 150 feet in the formation [52 O.S. § 87.6(B)(6)].
- (8) **"Horizontal well unit"** shall mean a drilling and spacing unit established by the Commission, after application, notice, and hearing, for a common source of supply into which a horizontal well has been or will be drilled.
- (9) **"Horizontal well unitization"** shall mean a unitization for a targeted reservoir created pursuant to 52 O.S. § 87.6 et seq. [52 O.S. § 87.6(B)(7)].
- (10) **"Lateral"** shall mean the portion of the wellbore of a horizontal well from the point of entry to the terminus [52 O.S. § 87.6(B)(9)].
- (11) **"Multiunit horizontal well"** shall mean a horizontal well in a targeted reservoir or targeted reservoirs wherein the completion interval of the well is located in more than one unit formed for the same targeted reservoir, with the well being completed in and producing from such targeted reservoir in two or more of such units [52 O.S. § 87.6(B)(10)].
- (12) **"Non-standard horizontal well unit"** shall mean a horizontal well unit that is not a standard horizontal well unit.
- (13) **"Point of entry"** shall mean the point at which the borehole of a horizontal well first intersects the top of the common source of supply [52 O.S. § 87.6(B)(12)].
- (14) **"Standard horizontal well unit"** shall mean a horizontal well unit that is a square 10-, 40-, 160-, or 640-acre tract or a rectangular 20-, 80-, 320- or 1,280-acre tract in accordance with OAC 165:10-1-22.
- (15) **"Targeted reservoir"** shall mean one or more common sources of supply which will be encountered by the horizontal lateral portion of a horizontal well, and which has been designated by the Commission as part of an order, rule or emergency rule as potentially suited for development for the applied for multiunit horizontal well or horizontal well unitization pursuant to 52 O.S. § 87.6 et seq. Provided, however, that more than one common source of supply may only be granted by the Commission and included in the targeted reservoir upon a showing of reasonable cause by the applicant requesting the multiunit well in the application requesting authority for the multiunit well prior to the drilling of said multiunit well that the inclusion of the additional common source(s) of supply shall prevent waste and protect the correlative rights of all of the owners of the oil and gas rights [52 O.S. § 87.6(B)(14)].
- (16) **"Terminus"** shall mean the end point of the borehole of a horizontal well in the targeted reservoir [52 O.S. § 87.6(B)(15)].

(17) **"True vertical depth"** shall mean that depth at the point of entry perpendicular to the surface as measured from the elevation of the kelly bushing on the drilling rig.

(18) **"Unconventional reservoir"** shall mean a common source of supply that is a shale or a coal bed. "Unconventional reservoir" shall also mean any other common source of supply designated as such by Commission order or rule.

(19) **"Vertical component"** shall mean the calculated vertical distance from the point of entry to the terminus of the lateral [52 O.S. § 87.6(B)(20)].

**(c) General horizontal well requirements.**

(1) Within 60 days after completion of a horizontal well, the operator shall show that the location of the completion interval complies with the applicable general rule, location exception order, or other order of the Commission by submitting the following to the Technical Services Department:

(A) A directional survey run in the horizontal well shall be submitted within 45 days of the release of the rig used to drill such well. The survey shall be submitted electronically using a program provided by the Commission. In addition to the survey data the operator, well API number, well name, location, and completion date of the survey shall be included in the survey report.

(B) An "as drilled" plat constructed from the results of the directional survey showing the completion interval, including the depths of the first and last perforations and footages with latitude and longitude from the quarter section. The depths of the first and last perforations reflected in the "as drilled" plat must correspond to the information included in the OCC Form 1002A Completion Report for the well. The "as drilled" plat must be submitted to the Conservation Division with the OCC Form 1002A Completion Report for the well.

(2) The completion interval of an oil and or gas horizontal well shall be located not closer than the minimum distance as set out below from any other oil or gas well completed in the same common source of supply except as authorized by a special order of the Commission:

(A) Three hundred feet from any other oil or gas well completed in the same common source of supply, the top of which is less than 2,500 feet in true vertical depth.

(B) Six hundred feet from any other oil or gas well completed in the same common source of supply, the top of which is 2,500 feet or more in true vertical depth.

(C) This paragraph does not apply to horizontal wells drilled in a unit created for secondary or enhanced recovery operations pursuant to 52 O.S. § 287.1 et seq. or to horizontal wells drilled in a horizontal well unitization created pursuant to 52 O.S. § 87.6 et seq. Furthermore, the above-described requirements for the distance between any such oil and/or gas horizontal well and any such other oil or gas well shall not apply if such wells are operated by the same operator, and notification to working interest owners in such oil and/or gas horizontal well shall be indicated on Form 1000 for such horizontal well.

(3) The perforated interval of an oil or gas non-horizontal well shall be located not closer than the minimum distance as set out below from the completion interval of any oil or gas horizontal well completed in the same common source of supply, except as authorized by a special order of the Commission:

(A) Three hundred feet from any completion interval of any oil or gas horizontal well completed in the same common source of supply, the top of which is less than 2,500 feet in true vertical depth.

(B) Six hundred feet from any completion interval of any oil or gas horizontal well completed in the same common source of supply, the top of which is 2,500 feet or more in true vertical depth.

(C) This paragraph does not apply to non-horizontal wells drilled in a unit created for secondary or enhanced recovery operations pursuant to 52 O.S. § 287.1 et seq.

**(d) Horizontal well requirements in an unspaced common source of supply.** In a horizontal well drilled in a common source of supply in which the Commission has not established any drilling and spacing units or horizontal well units, the completion interval of a horizontal well may not be located closer to the boundaries of the applicable mineral estate, oil and gas leasehold estate, or voluntary unit than the minimum distance set out below except as authorized by a special order of the Commission:

(1) Not less than 165 feet when the top of the common source of supply is less than 2,500 feet in true vertical depth.

(2) Not less than 330 feet when the top of the common source of supply is 2,500 feet or more in true vertical depth.

**(e) Drilling and spacing units.**

(1) A horizontal well may be drilled on any drilling and spacing unit.

# Permanent Final Adoptions

---

(2) A horizontal well unit may be created in accordance with 165:10-1-22 and 165:5-7-6. Such units shall be created as new units after notice and hearing as provided for by the Rules of Practice, OAC 165:5.

(3) The Commission may create a non-standard horizontal well unit covering contiguous lands in any configuration or shape deemed by the Commission to be necessary for the development of a conventional reservoir or an unconventional reservoir by the drilling of one or more horizontal wells. A non-standard horizontal well unit may not exceed 1,280 acres plus the tolerances and variances allowed pursuant to 52 O.S. § 87.1.

(4) A horizontal well unit may be established for a common source of supply for which there are already established non-horizontal drilling and spacing units, and said horizontal well unit may include within the boundaries thereof more than one existing non-horizontal drilling and spacing unit for the common source of supply. Upon the formation of a horizontal well unit that includes within the boundaries thereof one or more non-horizontal drilling and spacing units, the Commission shall provide that such horizontal well unit exists concurrently with one or more of such non-horizontal drilling and spacing units, and each such unit may be concurrently developed.

**(f) Horizontal well location requirements for horizontal well units and horizontal well unitizations.**

(1) **Conventional reservoirs.** In a conventional reservoir, the completion interval of a horizontal well in a horizontal well unit shall be located not less than the minimum distance from the unit boundary as follows:

(A) Not less than 165 feet from the boundary of any 10-, 20-, or 40-acre horizontal well unit.

(B) Not less than 330 feet from the boundary of any 80- or 160-acre horizontal well unit.

(C) Not less than 660 feet from the boundary of any 320-, 640- or 1,280-acre horizontal well unit.

(2) **Unconventional reservoirs.** In an unconventional reservoir, the completion interval of a horizontal well in a horizontal well unit shall be located not less than the minimum distance from the unit boundary as follows:

(A) Not less than 165 feet from the boundary of any 10-, 20-, or 40-acre horizontal well unit.

(B) Not less than 330 feet from the boundary of any 80-, 160-, 320-, 640- or 1,280- acre horizontal well unit.

(3) **Horizontal well unitizations.** The completion interval of a horizontal well in a horizontal well unitization shall not be located less than 330 feet from the unit boundary.

**(g) Alternative well location requirements.** The Commission may establish well location requirements different from those provided in subsection (f) of this Section when necessary to prevent waste and protect correlative rights. These requirements may be established in the order creating a standard or non-standard horizontal well unit or through a special rule of the Commission covering a conventional or unconventional reservoir in a designated geographic area. (see OAC 165:10, Subchapter 29, Special Area Rules).

**(h) Allowable.**

(1) Horizontal oil well allowables may be established administratively using the standard allowables provided in Appendix A (Allocated Well Allowable Table) supplemented by the additional allowables provided in Appendix C (Table HD) to this Chapter.

(2) The allowable for a horizontal gas well shall be computed in the manner prescribed for a non-horizontal gas well in the same common source of supply. The allowable for a horizontal well in a horizontal well unit 640-acres in size or less shall be the minimum well allowable as established in the current proration order determining the allowable formula issued pursuant to OAC 165:10-17-11, unless a higher allowable is established by conducting a flow potential test. The allowable for a horizontal well in a horizontal well unit in excess of 640-acres in size shall be calculated by multiplying the minimum well allowable by the quotient of the number of acres in the unit divided by 640. If an allowable higher than the minimum well allowable is established by way of a flow potential test, then the higher allowable will be utilized in calculating the appropriate allowable for a horizontal well in a horizontal well unit in excess of 640-acres in size.

(3) The allowable for a horizontal well unit or horizontal well unitization with multiple horizontal gas wells shall be the sum of the allowables for the separate horizontal gas wells. For this summation, the allowable for each horizontal gas well will be calculated as if it were the only well in the unit.

(4) The allowable for a multiunit horizontal well shall be allocated to each affected unit using the allocation factors determined in accordance with 52 O.S. § 87.8(B)(1).

(5) A non-horizontal well in a non-horizontal drilling and spacing unit which exists concurrently with a horizontal well unit shall be assigned the same allowable as a horizontal well in the horizontal well unit producing from the same common source of supply, except as otherwise specified by Order of the Commission.

**(i) Pooling.** Horizontal well units, horizontal well unitizations and multiunit horizontal wells may be pooled as provided in 52 O.S. § 87.1, 52 O.S. § 87.6 et seq. and Commission Rules of Practice, OAC 165:5.

## SUBCHAPTER 5. UNDERGROUND INJECTION CONTROL

### 165:10-5-2. Approval of injection wells or disposal wells [AMENDED]

- (a) The subsurface injection or disposal of any substance for any purpose is prohibited except upon approval of the Commission pursuant to 165:10-5-5 or 165:10-5-12 and 165:10-5-13. This authorization may be conditioned upon the applicant taking corrective action to protect treatable water as specified by the Conservation Division. The Commission may fine an operator up to \$5,000.00 for any violation of this subsection.
- (b) Except as provided in (c) and (d) in this Section, every well used for injection or disposal shall be cased and tested in accordance with 165:10-3-4 and 165:10-5-6.
- (c) The testing requirements of 165:10-5-6 shall not apply to wells permitted by Commission order for subsurface injection of onsite reserve pit fluids.
- (d) The Conservation Division may approve a Form 1015 application to convert an existing well for injection or disposal if the well does not otherwise comply with 165:10-3-4 if:
- (1) The operator attaches to the Form 1015 application a description of an alternate method of protecting treatable water.
  - (2) The Conservation Division approves the proposed alternate method.
  - (3) The application is filed in accordance with OAC 165:5-7 if a hearing is required.
  - (4) The application is not protested.
- (e) Any proposed injection or disposal well which is within one-half (1/2) mile of any public water supply well shall not be approved without notice and hearing, and the Commission shall not issue an order authorizing injection or disposal into said well until the applicant proves at the hearing that said well shall not pollute said water supply well. A commercial disposal well shall not be approved within a designated wellhead protection area (WPA) as identified by the Wellhead Protection Program (42 USC Section 300h-7, Safe Water Drinking Act), or within one (1) mile of a public water supply well for which a WPA has not been delineated.
- (f) If an operator is not in compliance with an enforceable order or permit of the Commission, the Conservation Division shall not approve any disposal or injection application to said operator until the operator complies with the order or permit.

### 165:10-5-4. Application for approval of enhanced recovery projects [REVOKED]

- (a) An enhanced recovery project shall be permitted only by order of the Commission after notice and hearing.
- (b) The application for an order authorizing an enhanced recovery project shall contain the following:
- (1) The names and addresses of the operator or operators of the project.
  - (2) A plat showing the lease, group of leases, or unit included within the proposed project; the location of the proposed injection well or wells, and the location of all oil and gas wells including abandoned and drilling wells and dry holes; and the names of all operators offsetting the area encompassed within the project.
  - (3) The common source of supply in which all wells are currently completed.
  - (4) The name, description, and depth of each common source of supply to be affected.
  - (5) A log of a representative well completed in the common source of supply.
  - (6) A description of the existing or proposed casing program for injection wells and the proposed method of testing casing.
  - (7) A description of the injection medium to be used, its source, and the estimated amounts to be injected daily.
  - (8) For a project with an allocated pool, a tabulation showing recent gas-oil ratio and oil and water production tests for each of the producing oil and gas wells.
  - (9) The proposed plan of development of the area included within the Project.
- (c) A copy of the application and notice of hearing shall be mailed to the owner or owners of the surface of the land upon which the project is located and to each operator offsetting the project as shown on the application within five days after the application is filed. An affidavit of compliance with this Section shall be filed on or before the hearing.

### 165:10-5-5. Application for approval of injection and disposal operations [AMENDED]

- (a) Application. Each application for the approval of a proposed enhanced recovery injection well, non-commercial disposal well, or commercial disposal well shall be filed with the UIC Department on Form 1015 and shall be verified by a duly authorized representative of the operator.
- (b) Application. The application for the approval of an enhanced recovery injection or disposal well(s) shall be accompanied by:
- (1) **Plat.**

# Permanent Final Adoptions

---

(A) **Noncommercial disposal well or enhanced recovery injection well**. A plat showing the location and total depth of the well(s) and each abandoned, producing or drilling well, and dry hole within one-quarter (1/4) mile of the proposed injection well or disposal well for volumes less than 20,000 barrels per day and within one-half (1/2) mile of the proposed injection well or disposal well for volumes equal to or greater than 20,000 barrels per day, and identifying the surface owner of the land on which the injection or disposal well is to be located, and each operator of a producing spacing unit or well within one-half (1/2) mile of each injection or disposal well with a requested injection rate of less than five thousand barrels per day, and each operator of a producing spacing unit or well within ~~one (1) mile~~ two (2) miles of each injection or disposal well with a requested injection rate of five thousand barrels per day or more.

(B) **Commercial disposal well**. A plat showing the location and total depth of the well(s) and each abandoned, producing or drilling well and dry hole within one-half (1/2) mile of the disposal well, and identifying the surface owner of the land on which the disposal well is to be located, and each operator of a producing spacing unit or well within ~~one (1) mile~~ two (2) miles of each disposal well.

(C) **Additional required information**. The following information must be submitted in a separate document regarding wells listed on such plats:

- (i) Well name and number and API number;
- (ii) Current operator of well;
- (iii) Well status;
- (iv) Total depth of well;
- (v) Geologic name of any producing interval in the well and/or any interval used for injection or disposal purposes;
- (vi) The diameter of and setting depth for the surface casing, intermediate casing (if set), production casing (if set) and liner (if used) in the well;
- (vii) Top of cement obtained from Forms 1002A or 1002C, if specified, or a cement bond log, temperature log or cased hole log, if available, in the outermost string of casing in the well perforating the injection interval to be used by the proposed noncommercial or commercial disposal well or injection well. If such logs are not available, a calculated top of cement will be acceptable;
- (viii) The size and amount of casing pulled, if any, and the depths of any plugs set, if any, in any plugged well;
- (ix) Identify any well or borehole that penetrates the top of the proposed injection/disposal zone which is mud plugged and/or is configured in a manner that will not prevent the potential movement of fluids from the injection/disposal zone into treatable water strata. The applicant is required to submit the corresponding Form 1003 Plugging Records for such wells identified in this unit. If such Form 1003 Plugging Records are not available, the applicant must provide a corrective action plan to prevent injected/disposed fluids from impacting treatable water strata, which corrective action plan may include, but not be limited to, a written request by the applicant for a technical conference with the Conservation Division; and
- (x) Identify any well where the top of cement is behind the long string less than 100 ft above or below any portion of the proposed injection/disposal zone. The applicant is required to submit the corresponding Form 1002A Completion Reports for such wells identified in this unit. If such Form 1002A Completion Reports do not contain enough information to make the foregoing determination, or if Form 1002A Completion Reports are not available, the applicant must provide a corrective action plan to prevent injected/disposed fluids from impacting treatable water strata, which corrective action plan may include, but not be limited to, a written request by the applicant for a technical conference with the Conservation Division.

(2) **Completion Report**. If the well has been drilled, a copy of the Completion Report (Form 1002A) and any available electric or radioactivity log of the well showing the proposed injection interval, or a statement providing the reason why logs are not submitted.

(3) **Schematic diagram**. A schematic diagram of the current and proposed well showing:

- (A) The total depth or plugback depth of the well.
- (B) The depth of the injection or disposal interval indicating both the top and bottom.
- (C) The geological name (geological group) of the injection or disposal zone.
- (D) The depths of the tops and bottoms of the casing and cement to be used in the well.

(E) The size of the casing and tubing, and the depth of the packer.

(4) **Proposed zone information.** Information showing that injection into the proposed zone will not initiate fractures through the overlying strata which could enable the injection fluid or formation fluid to enter fresh water strata.

(A) When the fluid injection rate is 1,000 barrels per day or less, or equivalent rate for any fraction of twenty-four (24) hours, an overlying strata of at least 200 feet in thickness between the lowest base of fresh water and the top of the proposed interval of injection is considered sufficient evidence of fresh water protection.

(B) When the fluid injection rate is greater than 1,000 barrels per day or equivalent rate for any fraction of twenty-four (24) hours, an overlying strata of at least 500 feet in thickness between the lowest base of fresh water and the top of the proposed interval of injection is considered sufficient evidence of fresh water protection.

(C) When the fluid injection rate is greater than 10,000 barrels per day or equivalent rate for any fraction of twenty-four (24) hours, an overlying strata of at least 3,000 feet in thickness between the lowest base of fresh water and the top of the proposed interval of injection is considered sufficient evidence of fresh water protection.

(D) If the overlying strata is less than required in (A), (B), or (C) of this paragraph, the Commission may administratively approve injection provided a finding is made that such injection will not initiate fractures through the overlying strata into the fresh water strata. Applicant is required to furnish to the Commission, sworn evidence and data in support of such findings. The Commission, when issuing an order approving fluid injection, shall consider the following:

- (i) Maximum injection rate.
- (ii) Maximum surface injection pressure.
- (iii) Injection fluid.
- (iv) The lithology and rock characteristics of the injection zones and overlying strata.

(5) **Proposed operating data:**

(A) Daily injection rates and pressures.

(i) For Disposal wells, The maximum permitted surface injection pressure may be calculated using the provided equation for injection pressure (Pm) to the depth of the top of the disposal interval or the pressure requested in the application or 1/2 psi per foot of depth to the top of the injection/disposal interval, whichever is less, unless the results of a fracture pressure step-rate test support a higher pressure.

(I)  $P_m = (fpg - 0.433Sg)d$ , where:  $P_m$  = injection pressure at the wellhead in pounds per square inch  $Sg$  = specific gravity of injected fluid (unitless)  $d$  = true vertical depth to top perforation of the permitted injection zone in feet  $fpg$  = fracture pressure gradient of injection interval (if unknown, assume 0.75).

(II) To derive a fracture pressure gradient above 0.75 psi/ft, the operator shall submit justification data such as charts, graphs and jobs tickets from a step-rate test or fracturing operation of the proposed formation, field data from a well in the same field, injecting in the same formation. An operator may request that additional factors be considered in calculating the  $P_m$  value. Supplementary information must be provided to the UIC department and may include components such as relevant wellbore details and calculated friction pressure.

(ii) The Conservation Division may designate areas of interest in which pressures and volumes may be more restrictive. The UIC Department may request that the applicant perform a fracture pressure step-rate test in accordance with UIC guidance documents.

(iii) For an enhanced recovery injection well, the maximum permitted surface injection pressure may be calculated using the provided equation for injection pressure (Pm) to the depth of the top of the enhanced recovery interval or the pressure requested in the application, whichever is less.

(I)  $P_m = (fpg - 0.433Sg)d$ , where:  $P_m$  = injection pressure at the wellhead in pounds per square inch  $Sg$  = specific gravity of injected fluid (unitless)  $d$  = true vertical depth to top perforation of the permitted injection zone in feet  $fpg$  = fracture pressure gradient of injection interval (if unknown, assume 0.75).

# Permanent Final Adoptions

---

(II) To derive a fracture pressure gradient above 0.75 psi/ft, the operator shall submit justification data such as charts, graphs and jobs tickets from a step-rate test or fracturing operation of the proposed formation, field data from a well in the same field, injecting in the same formation. An operator may request that additional factors be considered in calculating the Pm value. Supplementary information must be provided to the UIC department and may include components such as relevant wellbore details and calculated friction pressure.

(iv) The Conservation Division may designate areas of interest in which pressures and volumes may be more restrictive. The UIC Department may request that the applicant perform a fracture pressure step-rate test in accordance with UIC guidance documents.

(B) Geologic name, depth, and location of injection fluid source.

(C) Qualitative and quantitative analysis of fresh water from two (2) or more fresh water wells within one (1) mile of the proposed injection or disposal well showing location of wells and dates samples were taken, or statement why samples were not submitted. The analysis shall include at a minimum specific gravity, chloride, sodium, and total dissolved solids. Sample collection date(s) must be no more than 12 months prior to the date the application is filed.

(D) Qualitative and quantitative analysis of representative sample of Class II fluids to be injected. The analysis shall include at a minimum specific gravity, chloride, sodium, and total dissolved solids. The legal location of where the sample was obtained and the date the sample was taken must be provided.

The sample collection date must be no more than 12 months prior to the date the application is filed.

(c) Application for approval. A copy of the Form 1015 application for approval of injection or disposal of Class II fluids in a well and, where noted, required attachments to Form 1015, except for proofs of publication, fresh water analyses, analyses of representative samples of Class II fluids to be injected, and electric or radioactivity logs, shall be served by the applicant within five (5) business days of the date the application is filed by regular mail or delivered to the following, and applicant must submit an affidavit of mailing or delivery to the UIC Department not later than five (5) business days after the date the application is filed:

(1) The owner of the surface of the land on which the proposed injection or disposal well is to be located;

(2) For a proposed commercial disposal well, to each surface owner and surface lessee of record on each tract of land adjacent and contiguous to the site of the proposed well;

(3) For ~~any~~ proposed injection or noncommercial disposal well with a requested injection rate of less than five thousand (5,000) barrels per day, to each operator of a producing spacing unit or well within one-half (1/2) mile of the entire wellbore such proposed well along with required Form 1015 attachments;

(4) For ~~any~~ proposed injection or noncommercial disposal well with a requested injection rate of five thousand (5,000) barrels per day or more, or a commercial disposal well, to each operator of a producing spacing unit or well within two (2) miles of the entire wellbore such proposed well along with required Form 1015 attachments;

~~(5) For a proposed horizontal injection or noncommercial disposal well with a requested injection rate of less than five thousand (5,000) barrels per day, to each operator of a producing spacing unit or well within one-half (1/2) mile of the lateral of such proposed well along with required Form 1015 attachments;~~

~~(6) For a proposed noncommercial horizontal disposal well with a requested injection rate of five thousand (5,000) barrels per day or more, or a horizontal commercial disposal well, to each operator of a producing spacing unit or well within two (2) miles of the lateral of such proposed well along with required Form 1015 attachments;~~

~~(7) For a proposed injection well with a requested injection rate of five thousand (5,000) barrels per day or more, to each operator of a producing spacing unit or well within one (1) mile of such proposed well along with required Form 1015 attachments; and~~

~~(8) For a proposed horizontal injection well with a requested injection rate of five thousand (5,000) barrels per day or more, to each operator of a producing spacing unit or well within one (1) mile of the lateral of such proposed well along with required Form 1015 attachments.~~

(d) Notice of application. Notice of an application relating to injection, disposal or commercial wells shall be published one time for injection and noncommercial disposal wells and two times, at least 7 days apart, for a commercial disposal well in a newspaper of general circulation published in Oklahoma County, Oklahoma, and in a newspaper of general circulation published in each county in which land embraced in the application are located. Applicant shall file with the UIC Department proof of publication regarding the notice of application. The notice shall include:

(1) UIC tracking number.

(2) Name and address of applicant.

- (3) Location of proposed well to nearest 10 acre tract. For a directional or horizontal well, include surface hole location and bottom hole location(s).
- (4) Well name.
- (5) The geological name of the injection formation.
- (6) The top and bottom of the injection interval.
- (7) Maximum injection pressures.
- (8) Maximum BID or MCFID injection rate.
- (9) The type of well (injection, disposal, commercial).
- (10) For a proposed directional or horizontal injection or disposal well, the bottomhole location to the nearest 10 acre tract and the measured depth and true vertical depth.
- (e) Written objection. If a written objection to the application is filed within fifteen (15) days after the application notice is published for enhanced recovery injection and noncommercial disposal wells ~~or~~ and mailing affidavit is received by the UIC department, or thirty (30) days after the last publication date for commercial disposal wells and mailing affidavit is received by the UIC department, or if hearing is required by the Commission, the application shall be set for hearing and notice thereof shall be given in the same manner as required for the filing of the application on the pollution docket. If no objection is filed and the Commission does not require a hearing, the matter shall be presented administratively to the Manager of Underground Injection Control who may sign the permit.
- (f) Surety requirements for commercial disposal well facilities.
  - (1) Any operator of a commercial disposal well facility shall file with the Surety Department for the Conservation Division an agreement to properly plug the well and reclaim the site upon termination of operations. The agreement shall be on forms available from the Conservation Division and shall be accompanied by surety. The agreement shall provide that if the Commission finds that the operator has failed or refused to comply with Commission rules or take remedial action as required by law and Commission rules, the surety shall pay to the Commission the full amount of the operator's obligation up to the limit of the surety.
  - (2) The Commission shall establish the amount of surety in the order or permit for the authority to operate a commercial disposal well facility. The amount of surety shall be \$25,000 in U.S. dollars per each commercial disposal well facility or based on factors such as the depth of the well, dimensions of the facility, and costs of plugging the well, reclamation, monitoring, plugging of monitor wells, any pit closure, trucking of any deleterious substances, remediation and earth work on an affidavit of well plugging costs, Form 1006D, for each individual well facility. The amount of surety an operator will be required to provide will be capped at \$250,000 in U.S. dollars. The amount may be subject to change for good cause. The surety shall be maintained for as long as monitoring is required. The type of surety shall be a corporate surety bond, certificate of deposit, irrevocable commercial letter of credit, or other type of surety approved by order or permit of the Commission. Any type of surety that expires shall be renewed prior to 30 days before the expiration date.
  - (3) Operators of commercial disposal well facilities authorized prior to the effective date of this subsection must either comply with this subsection or close such facilities within one (1) year of the effective date of this subsection.
- (g) In addition to the requirements listed above, the Manager of Underground Injection Control may request the applicant to submit the following information as a prerequisite to approval of the application:
  - (1) For those wells included in OAC 165:10-5-5(b)(1) which penetrate the top of the injection interval, a tabulation of the wells indicating the following information, if available, from public records:
    - (A) Dates the wells were drilled.
    - (B) The present status of the wells.
    - (C) The identity of any abandoned well which was improperly plugged or remains unplugged.
  - (2) A list of the following information, if available, to the applicant:
    - (A) The shut-in bottom hole formation pressure in psi; or the stabilized shut-in surface pressure and fluid level in the proposed enhanced recovery injection well.
    - (B) The permeability of the proposed injection zone expressed in millidarcies.
    - (C) The porosity of the proposed injection zone expressed as a percentage of pore volume.
    - (D) Documentation of the methods used to arrive at the data requested above.
- (h) Authorization of an enhanced recovery injection well or a disposal well or a commercial disposal well will expire and become null and void if no initial mechanical integrity test is performed within 18 months of the effective date of the order or permit authorizing injection into the well pursuant to OAC 165:10-5-6 or no well completion report (Form 1002A) is filed or if no mechanical integrity test is performed pursuant to OAC 165:10-5-6 within sixty (60) days from the date of completion or conversion of the well.

# Permanent Final Adoptions

---

(i) In addition to the well construction requirements as set out in 165:10-3-1, commercial disposal wells shall comply with the following requirements:

- (1) At a minimum, the well shall be constructed with a wellhead, surface casing, production casing, tubing, and packer.
- (2) The surface casing shall be set and cemented at least fifty (50) feet below the base of the treatable water bearing zone. The production casing will not be allowed to also serve as the surface casing.
- (3) The production casing must be set and cemented through the injection zone with the cement circulated behind the casing to a height at least two hundred fifty (250) feet above the disposal zone. A cement bond log showing quality and placement of the cement must be furnished to and acceptable to the Conservation Division before any perforating of the production casing takes places. The Conservation Division shall notify the operator by electronic mail as to whether the cement bond log is acceptable. Information regarding the proposed perforations shall be supplied to the Conservation Division with the cement bond log. The Manager of Underground Injection Control may approve the Arbuckle Formation for open hole completion.
- (4) The annulus between the tubing and the casing must be open from the surface to the packer to allow for pressure testing and monitoring of the injection tubing and packer and the annulus filled with a packer fluid that protects against corrosion.
- (5) The packer must be set at least within seventy-five (75) feet of the top of the perforations.
- (6) Adequate gauges shall be installed on each annulus to allow proper monitoring of the disposal operation.
- (7) Tubing must be internally coated or lined to prevent corrosion from injected fluids. PVC, Plastic Coated, Stainless Steel or Fiberglass will qualify.
- (8) The packer must be either internally coated or stainless steel.
- (9) Commercial disposal wells authorized with a positive injection pressure must be equipped with a down hole shut-off device with a seal divider installed between the packer and the tubing. A Stainless Steel Profile Nipple and an "ON-OFF" Tool will qualify under this Section.

(j) No ~~Commercial~~ enhanced recovery injection or disposal well will be permitted whose injection pressure approaches or exceeds the demonstrated frac gradient of the injection zones(s).

(k) The geologic injection intervals authorized by the order or permit which are not perforated during the initial or subsequent completion of the disposal well will not expire until the disposal well is plugged, or the authority to inject is terminated or vacated.

(l) In the event the Commission has evidence that an applicant for a commercial disposal well may not possess a satisfactory compliance history with Commission rules, the Director of the Conservation Division may seek an order of the Commission, issued after application, notice, and hearing, determining whether the applicant should be authorized to operate such commercial disposal well.

## 165:10-5-6. Testing and monitoring requirements for enhanced recovery injection wells and disposal wells [AMENDED]

(a) **Mechanical integrity during injection.** The operator of an injection, disposal or commercial disposal well must maintain mechanical integrity in order to continue operation of the well.

(b) **Initial pressure test requirements for wells permitted on or after December 2, 1981.**

(1) **Mandatory initial mechanical integrity test.** Before commencement of operation, each well authorized for enhanced recovery injection or disposal by a Commission order issued on or after December 2, 1981, must pass an initial pressure test of the casing tubing annulus according to the minimum testing standards of (2) of this subsection, unless a Commission order or permit authorizes other test procedures of the mechanical integrity of the well. Any operator failing to comply with initial mechanical integrity testing and reporting requirements may be fined up to \$500.00.

(2) **Minimum testing standards for initial tests.** For each initial test required by (1) of this subsection, the minimum testing standards are:

(A) **Witnessing of the test.** The test shall be witnessed by an authorized representative of the Conservation Division. It shall be the responsibility of the well operator to secure the presence of the Conservation Division representative.

(B) **Down-hole equipment.** Injection and disposal shall be through adequate tubing and packer.

(C) **Aboveground extensions and fittings.** Adequate aboveground extensions shall be installed in each annulus in the well. In addition, the operator shall install an adequate working pressure gauge with a cutoff valve to the tubing, so that the amount of injection pressure may be measured by the Conservation Division representative. An operator is required to keep adequate working gauges on the tubing and annulus of the well.

(D) **Packer setting depth under the order.** The mechanical packer shall be set within 40 feet of the packer setting depth prescribed by the order permitting the well for injection or within 75 feet of the perforations of the injection zone(s) opened in a vertical well or within 75 feet of the kick off point of a horizontal well.

(E) **Verification of packer setting depth.** The Conservation Division District Manager may require the operator of the well to verify the packer setting depth by running a wireline or other method approved by the Manager of the Underground Injection Control Department.

(F) **Minimum testing pressure for noncommercial disposal and enhanced recovery injection wells.** Noncommercial disposal and injection wells shall be tested as follows:

(i) If the maximum authorized injection pressure for the well is less than 300 psig under the order or permit authorizing the well for injection, the minimum testing pressure shall be 300 psig.

(ii) If the maximum authorized injection pressure is greater than 300 psig under the order or permit authorizing the well for injection, the minimum testing pressure shall be the lesser of 1000 psig or the maximum authorized injection pressure under the order permitting the well.

(G) **Minimum testing pressure for commercial disposal wells.** Commercial disposal wells shall be tested at the maximum injection pressure authorized in the order or permit authorizing the well for injection, but not less than 300 psig.

(H) **Thirty minute minimum testing period.** The minimum testing period shall be 30 minutes at the testing pressure.

(I) **Ten percent maximum permitted bleed-off.** The maximum permitted change in pressure during the testing period shall be ten percent of the maximum testing pressure used.

(J) **Test report on Form 1075.** The Field Inspector shall submit the results of the mechanical integrity test on Form 1075 within 30 days from the date the test is performed.

(K) **Cement circulated above injection zone.** The production casing must be set and cemented through the injection or disposal zone with the cement circulated behind the casing to a height at least two hundred fifty (250) feet above the injection or disposal zone. If a cement squeeze is necessary to raise annular cement to the minimum height of two hundred fifty(250) feet, a cement bond log showing quality and placement of the cement must be furnished to and acceptable to the Conservation Division before the well may be used for injection or disposal.

(L) **Packer setting depth.** The packer must be set at a depth which is at least 50 feet below the depth of the top of cement behind the production casing.

(3) **Alternative testing procedures.** Operators can test at a maximum of 500 psi if there is in place an automatic and continuous pressure monitor on the tubing-casing annulus that will shut-in the well if there is a pressure increase of 250 psi on the annulus. Application for this alternative test procedure shall be made in writing to the Manager of the UIC Department. The Manager of the UIC Department may allow the alternative test procedure to be used as the initial mechanical integrity test, which permission shall be reflected in the order or permit regarding the well.

(4) **Use of fluid seal without a mechanical packer.** Use of a fluid seal without a mechanical packer is prohibited.

**(c) Initial pressure test requirements for wells permitted prior to December 2, 1981.**

**(1) Mandatory initial pressure test or monitoring test.**

(A) Each well authorized for injection or disposal by Commission order issued prior to December 2, 1981, must pass an initial mechanical integrity test according to the minimum testing standards of (2) of this subsection.

(B) In lieu of casing test required in (A) of this paragraph, the operator shall monitor and record during actual injection the pressure in the casing-tubing annulus monthly and report the pressure annually on Form 1075. A measurable positive pressure must be maintained at the casing valve and be continuously measured to qualify.

**(2) Minimum testing standards for initial mechanical integrity tests.**

(A) **Wells with casing-tubing annulus.** The minimum testing standards of (b)(2) of this Section for an initial test of a well with a casing tubing annulus shall apply with the following modifications:

(i) The Conservation Division District Manager shall have the option to waive witnessing of the test.

(ii) If the test is not witnessed, the well operator shall submit documentation of the test to the Conservation Division within 30 days after the test on Form 1075.

# Permanent Final Adoptions

---

(iii) The minimum testing pressure shall be 200 psig.

(B) **Wells without a casing-tubing annulus or wells with perforations above the packer.** The minimum testing standards for an initial test of a well without a casing-tubing annulus or wells with perforations above the packer are:

(i) **Witnessing of the test.** The test shall be witnessed by an authorized representative of the Conservation Division unless the District Manager for the Conservation Division waives the requirement of witnessing the initial test. It shall be the responsibility of the well operator to secure the presence of the commission representative for witnessing the test.

(ii) **Documentation for unwitnessed tests.** If the test is not witnessed, then the operator shall submit on Form 1075 documentation of the test to the Conservation Division within 30 days after the test.

(iii) **Aboveground extensions and fittings.** The operator shall install a one-fourth (1/4) inch female fitting, with cutoff valve to the tubing, so that the amount of injection pressure may be measured by the Commission representative using a gauge having a one-fourth (1/4) inch male fitting.

(iv) **Setting depth for plug.** For purposes of the test, a mechanical packer, retrievable bridge plug, or seating nipple plug shall be placed in the injection string not more than 75 feet above the top of the injection interval on the vertical section of a well or within 75 feet of the kick off point of a horizontal well.

(v) **Pressure testing of tubing string.** The well operator shall pressure test the tubing string for at least 30 minutes. The minimum testing pressure shall be the greater of 300 psig, or the maximum authorized injection pressure provided that the actual working injection pressure for the well may be used instead of the maximum authorized injection pressure when necessary to prevent damage to the casing or packer.

(vi) **Ten percent maximum permitted bleedoff.** The maximum permitted bleedoff during the testing period shall be ten percent of the maximum testing pressure used.

(vii) **Radioactive tracer survey.** A radioactive tracer survey shall be run demonstrating that the injected fluid is going into the authorized zone when there is no cement bond log or cementing reports to demonstrate sufficient cement behind pipe to isolate the injection zone or to insure the packer is properly set.

(viii) **Pressure test using a gas media.** In lieu of a pressure test using a liquid testing media, the UIC Department may approve a mechanical integrity test using a gas media if it conforms to a method previously approved by the EPA.

(ix) **Test report on Form 1075.** The Field Inspector shall submit the results of the mechanical integrity test on Form 1075 to the Conservation Division within 30 days after the test.

(d) **Subsequent mechanical integrity test requirements for noncommercial disposal wells and enhanced recovery injection wells.**

(1) **Pressure tests.**

(A) **Noncommercial disposal wells permitted for injection at volumes equal to or greater than 20,000 barrels per day.** Unless a well has been approved by an order or permit of the Commission for other testing procedures or monitoring, each noncommercial disposal well permitted for injection at volumes equal to or greater than 20,000 barrels per day shall demonstrate mechanical integrity by using one of the following methods:

(i) Conduct a pressure test of the casing tubing annulus at least once every year according to the minimum testing standards of (3) of this subsection, or

(ii) If a continuous pressure monitor is installed on the casing tubing annulus that will automatically notify the operator of a mechanical failure, then the well shall demonstrate mechanical integrity at least once every five years according to the minimum testing standards of (3) of this subsection.

(B) **Noncommercial disposal wells permitted for injection at volumes less than 20,000 barrels per day and enhanced recovery injection wells.** Unless a well has been approved by an order or permit of the Commission for other testing procedures or monitoring, each noncommercial disposal well permitted for injection at volumes less than 20,000 barrels per day, and each injection well permitted for injection shall demonstrate mechanical integrity at least once every five years according to the minimum testing standards of (3) of this subsection.

(C) **Penalty for noncompliance.** Any operator failing to comply with periodic mechanical integrity testing and reporting requirements may be fined up to \$500.00.

(2) **Required retest if down-hole equipment is moved or replaced.** After a well passes a pressure test required by this Section, if the operator moves the packer or replaces either the packer or the tubing, then the operator shall notify the Commission and retest the well according to the minimum testing standards of (3) of this subsection.

(3) **Minimum testing standards.**

(A) **Wells with casing-tubing annulus.** For a five year test or retest required by this subsection, the minimum testing standards of (b)(2) of this Section shall apply to wells with casing-tubing annulus with the following modifications:

- (i) The Conservation Division District Manager shall have the option to waive witnessing of the test.
- (ii) If the test is not witnessed due to waiver, the well operator shall submit documentation of the test to the Conservation Division within 30 days after the test.
- (iii) The minimum testing pressure shall be 200 psig for a noncommercial disposal or enhanced recovery injection well.

(B) **Wells without a casing-tubing annulus or wells with perforations above the packer.** For a five year test or retest required by this subsection, the minimum testing reporting standards of (c)(2)(B) of this Section, shall apply to wells without a casing-tubing annulus or wells with perforations above the packer.

(e) **Subsequent mechanical integrity test requirements for commercial disposal wells.**

(1) **Pressure tests.**

(A) The well shall be tested a minimum of every twelve (12) months according to the minimum testing standards of (b)(2) of this Section.

(B) After a well passes a pressure test required by this Section, if the operator moves the packer or replaces the packer or tubing, then the operator shall notify the Commission and retest the well according to the minimum testing standards of (b)(2) of this Section.

(C) Any operator failing to comply with periodic mechanical integrity testing and reporting requirements may be fined up to \$500.00.

(2) **Alternative testing procedures.** Operators can test at a maximum of 500 psi if there is in place an automatic and continuous pressure monitor on the tubing-casing annulus that will shut-in the well if there is a pressure increase of 250 psig on the annulus. Application for this alternative test procedure shall be made in writing to the Manager of the UIC Department. The Manager of the UIC Department may allow the alternative test procedure to be used as the initial mechanical integrity test, which permission shall be reflected in the order or permit regarding the well.

(f) **Fluid level monitoring required by UIC orders or permits to address wells ascertained during the permitting process that may require remediation.**

(1) **Fluid level monitoring.** The operator must perform on an annual basis fluid level monitoring tests if required by a UIC order or permit.

(2) **Fluid level test procedures.**

(A) Unless otherwise stated in UIC orders or permits for fluid level monitoring, the well must be shut in for a minimum of 48 hours before a fluid level test is performed. A variance to the 48-hour shut-in period may be granted by the Manager of the UIC Department if it can be demonstrated that reservoir pressure will stabilize prior to the expiration of the 48-hour time period.

(B) Fluid level test procedures shall be designed to determine reservoir pressure and such tests must be approved by the Conservation Division.

(C) The appropriate Field Inspector shall be notified at least 48 hours in advance of a fluid level test to allow a Commission representative an opportunity to witness the test.

(D) The operator is required to perform the fluid level monitoring test annually during the two month time period in May and June and submit the annual monitoring test results by June 30 of each year to the Manager of the Underground Injection Control Department.

(3) **Fluid level monitoring test failure.** If the fluid level in a well is determined to be within 150 feet or less below the base of treatable water, the test shall be deemed a failure, and the following actions must be performed:

(A) The operator shall immediately cease injection or disposal operations.

# Permanent Final Adoptions

---

(B) The operator shall notify the Manager of the Underground Injection Control Department of the results within 24 hours of the performance of the fluid level test, and shall submit the results of the test and a corrective action plan in writing to such Manager within 7 days of the test.

(4) **Failure to perform fluid level test.** Any operator who fails to perform annual fluid level tests as required by a UIC order or permit pursuant to this subsection is subject to the following:

(A) Injection or disposal into the UIC well is prohibited until the operator performs the test and submits the results to the Manager of the Underground Injection Control Department.

(B) The operator may be fined up to \$1,000.00, and

(C) The UIC order or permit is subject to termination after notice and hearing.

## **165:10-5-7. Monitoring and reporting requirements for wells covered by 165:10-5-1 [AMENDED]**

(a) **Scope.** This Section applies to:

(1) Notice of Initial Commencement of Disposal Operations.

(2) Report of Injection Projects, disposal wells and LPG storage wells on Form 1012 or Form 1012C.

(3) Notice of Voluntary Termination of Operations on Form 1072.

(4) Notice of mechanical failure or down-hole problems on Form 1075.

(b) **Notice of initial commencement of disposal operations.** The operator of a well permitted as a disposal well in the Arbuckle formation shall give at least 48 hours notice by electronic mail or facsimile to the Manager of the Underground Injection Control Department regarding the time when initial disposal operations will begin.

(c) **Report of enhanced recovery injection projects, wells, disposal wells and LPG storage wells.**

(1) **Submit Form 1012.** Each operator of a disposal well, LPG storage well or an authorized waterflood, pressure maintenance project, gas repressuring project, or other enhanced recovery project shall submit a Form 1012 online for every well to the Conservation Division by January 31 for the previous calendar year for all noncommercial wells.

(2) **Submit Form 1012C.** Each operator of a commercial disposal well shall submit a Form 1012C online for every well to the Conservation Division by January 31 and July 31 for the previous six-month period.

(3) **Failure to submit Form 1012 or Form 1012C.** Any operator who fails to submit the report on Form 1012 or Form 1012C as required by (c)(1) and (c)(2) of this Section may be fined up to \$500.00 and:

(A) Injection into the project is prohibited until the operator submits Form 1012 or Form 1012C for each injection or disposal well.

(B) The order or permit is subject to termination.

(4) **Required monitoring.**

(A) On a monthly basis, the operator of each enhanced recovery injection well and disposal well and LPG storage well shall monitor and record the injection rate and surface injection pressure for the well.

(B) On a daily basis, the operator of each well authorized for disposal into the Arbuckle formation shall monitor and record the volumes, the casing tubing annulus pressure and the surface injection pressure for the well. The operator must maintain the information required by this subparagraph for a minimum of three years. This information shall be produced upon request by an authorized representative of the Commission.

(5) Requested monitoring and reporting within areas of interest regarding seismicity or potentially critical environmental or public safety impacts. Upon request by the Manager of the Induced Seismicity Department, the following actions must be performed and the information provided to the Manager of the Induced Seismicity Department:

(A) Operators shall monitor on a daily basis volumes and pressures for wells authorized for disposal within areas of interest designated by the Oil and Gas Conservation Division regarding seismicity or potentially critical environmental or public safety impacts. The information shall be submitted on Form 1012D at a minimum on a weekly basis or as designated by the Manager of the Induced Seismicity Department.

(B) Operators of wells authorized for disposal within areas of interest designated by the Oil and Gas Conservation Division regarding seismicity or potentially critical environmental or public safety impacts shall supply bottom hole pressure data using a method approved by the Manager of the Induced Seismicity Department.

(6) **All UIC wells.** Information regarding disposal wells, enhanced recovery injection wells and storage wells shall be reported on Form 1012 or Form 1012C individually according to the order or permit authorizing disposal.

(d) **Monitoring requirements for commercial disposal well.**

---

## Permanent Final Adoptions

- (1) The operator of a commercial disposal well shall monitor and record the casing tubing annulus pressure and the injection pressure on a daily basis.
- (2) The operator of a commercial disposal well shall make available upon request of the Commission a log of all loads of Class II fluids disposed at the well. The log shall be kept on file for a period of at least five (5) years. The log of record shall include at a minimum, the date and time the load was received, the volume, the legal description of the well and/or source, and the operator and/or owner of the source of the Class II fluids.

**(e) Notice of voluntary termination.**

- (1) If an operator permanently terminates injection into a well, the operator shall submit to the Conservation Division Form 1072 within 30 days after termination of injection. Form 1072 shall include:
  - (A) The legal description of the well.
  - (B) The reason for termination.
  - (C) Monthly data for daily average pressure rate and total monthly volumes injected for that portion of the calendar year the operator has operated the well prior to submitting the Form 1072 or Form 1003 to the Conservation Division.
- (2) If a well has been plugged, the operator is required to file a Form 1072 and a Form 1003 Plugging Record with the Conservation Division.
- (3) Submission of Form 1072 to permanently terminate injection or a Form 1003 Plugging Record shall terminate the authority under the order or permit.

**(f) Notice of mechanical integrity problem.**

- (1) Notice of mechanical failure or down-hole problem. When a mechanical problem occurs, then:
  - (A) The well operator shall notify the Field Inspector for the Conservation Division within 24 hours after discovery of the problem.
  - (B) ~~Within five days after discovery of the problem, the well operator shall submit to the Manager of the Underground Injection Control Department written notice of the failure and a plan to repair and/or retest the well.~~ At least two working days before commencement of repair work, operator must submit a well bore diagram reflecting repair plan to UIC Manager for approval.
  - (C) The well must be brought into compliance within ninety days after discovery of the problem.
  - (D) Repair shall be reported on the Form 1012 or Form 1012C for the well.
  - (E) Any operator failing to timely notify the Commission or bring the well into compliance may be fined up to \$1,500.00.
- (2) **Notice of unreported repairs.** Any prior unreported repair of the well shall be reported on the next Form 1012 or Form 1012C to be submitted to the Manager of the UIC Department.

**(g) Shutdown or other action.**

- (1) **Administrative shutdown or other action regarding a well.** The Conservation Division may shut down or take other action, including the issuance or execution of administrative agreements, regarding a well pursuant to 17 O.S. § 52, 52 O.S. §139(D)(1) and other applicable authority, to address matters including, but not limited to, seismic activity, or if a mechanical failure or down-hole problem indicates that injected substances are not or may not be entering the injection interval authorized by order or permit of the Commission.
- (2) **Request for technical conference.** If an operator objects to the shutdown or other action regarding its well by the Conservation Division, the operator shall submit a written request for a technical conference to the Director of the Conservation Division or designee within five business days of the date of the shut down notice or other Conservation Division action regarding the well. If a resolution of the shutdown or other action regarding the well is not reached by the operator and the Conservation Division after a technical conference occurs, then the provisions of paragraph (5) below are applicable.
- (3) **Failure to request a technical conference.** Except for good cause shown, if an operator fails to timely submit a written request for a technical conference pursuant to paragraph (2) above, such failure shall be deemed to constitute an agreement by the operator to the shutdown or other Conservation Division action regarding the well.
- (4) **Administrative authority to recommence injection.** After receiving a written request for a technical conference from an operator pursuant to paragraph (2) above, the Conservation Division may consider, but not be limited to, the following in determining whether the operator will be authorized to recommence injection into the well:
  - (A) the mechanical integrity of the well for injection; and
  - (B) if construction and operation of the well demonstrates the injected substances are going into and are confined to the permitted injection interval.

# Permanent Final Adoptions

---

(5) **Resolution of disputes by order of the Commission.** In the event of a dispute between the Conservation Division and the operator as to the suitability of a well for injection, the operator or the Conservation Division may seek relief by order of the Commission. Upon application, notice, and hearing pursuant to OAC 165:5-7-1 and other applicable Commission rules, the Commission may issue an order determining whether or not the well should be used for further injection.

## **165:10-5-9. Duration of underground injection well orders or permits [AMENDED]**

(a) Subject to 165:10-5-10, 17 O.S. § 52, 52 O.S. § 139(D)(1) and other applicable authority, authorization of injection into injection wells and disposal wells shall remain valid for the life of the well, unless revoked by the Commission for just cause or lapses and becomes null and void under the provisions of 165:10-5-5(h).

(b) An order or permit granting underground injection may be suspended, modified, vacated, amended, or terminated during its term for cause. This may be at the Commission's initiative or at the request of any interested person through the prescribed complaint procedure of the Conservation Division. All requests shall be in writing and shall contain facts or reasons supporting the request.

(c) An order or permit may be suspended or temporarily modified by the Commission pursuant to 17 O.S. § 52, 52 O.S. § 139(D)(1), 165:10-5-7(g) and other applicable authority.

(d) An order or permit may be permanently modified, vacated, amended, or terminated after notice and hearing if:

(1) There is a substantial change of conditions in the enhanced recovery injection well or the disposal well operation, or there are substantial changes in the information originally furnished.

(2) Information as to the permitted operation indicates that the cumulative effects on the environment are unacceptable.

(e) If an operator fails to perform the initial mechanical integrity test on a well within eighteen (18) months after the effective date of the order or permit authorizing injection into the well, then the order or permit authorizing injection into the well shall expire.

## **165:10-5-10. Transfer of authority to inject [AMENDED]**

(a) An order or permit authorizing an enhanced recovery injection well(s), disposal well, commercial disposal well, or hydrocarbon storage well(s) shall not be transferred from one operator to another without the following:

(1) The new operator, or transferee, must comply with 165:10-1-10 before a change in operator is approved.

(2) Change of operator Form 1073I or Form 1073IMW must be signed by both the transferor and transferee, with both stipulating that the facts presented are true and correct as to the area covered and the wells being transferred. The new operator shall file Form 1073I or Form 1073IMW to notify the Conservation Division of any change of operation of any underground injection well within thirty (30) days of transfer of the well.

(3) The Form 1073IMW is intended to be used for multiple well transfers of ten (10) or more wells and must contain a list with the following information for each well:

(A) API number of the well;

(B) Well name and number;

(C) Legal location of the well, described by section, township, range, and quarter, quarter, quarter section calls;

(D) The Commission Order or permit number(s) authorizing the injection, disposal, or hydrocarbon storage activity; and

(E) Date the most recent mechanical integrity test was performed on the well and the result of the test.

(4) A current Form 1002A Completion Report must be on file with the Conservation Division in accordance with OAC 165:10-3-25. Upon review by the Conservation Division, it may require additional information from the transferor and/or the transferee to assist in identifying the specific well(s) being transferred. The additional information may include, but not be limited to, footages from the south and west quarter section lines, and the drilling and completion dates, and initial injection, disposal or storage dates.

(5) Notice in writing to the Commission on Form 1075 demonstrating that a mechanical integrity test and/or any required tracer survey was performed within one year prior to the date of transfer. For ~~commercial~~-disposal wells, the mechanical integrity test and/or any required tracer survey shall be conducted within 30 days prior to the date of transfer.

(6) The performance of the mechanical integrity test required in (a)(5) of this subsection shall not apply to any operator transfer when the following conditions are present:

(A) The interest of the currently designated operator is transferred to its subsidiary or parent company, or a subsidiary of a parent company;

(B) The interest of the currently designated operator is transferred to a surviving or resulting corporation or business entity due to, respectively, a merger, consolidation or reorganization involving the transferor and transferee. As used in this subparagraph, "business entity" means a domestic or foreign partnership, whether general or limited; limited liability company; business trust; common law trust, or other unincorporated business; or

(C) The currently designated operator undergoes a name change. The relief afforded by this subparagraph is not applicable to situations where the name change involves the following conditions:

- (i) The assignment of a new Federal Employer Identification number by the Internal Revenue Service to the new company;
- (ii) The name change is accompanied by a change in the majority of partners in a partnership;
- (iii) The name change is associated with a divorce between a husband and wife when the husband and wife comprise a partnership;
- (iv) The name change is associated with the death of one spouse in a partnership comprised of a husband and wife;
- (v) The name change involves a sole proprietorship; or
- (vi) The name change is associated with such other circumstances where the Commission determines upon application, notice and hearing that the relief provided in this subparagraph is not applicable, or that an exception to any exclusion should be granted.
- (vii) As used in this subparagraph, the term "partnership" means a domestic or foreign partnership, whether general or limited.

(7) A Form 1012, Form 1012C or Form 1012D for that portion of the calendar year the transferor has operated the well prior to submitting the Form 1073I to the Commission.

(b) The Conservation Division shall notify both the transferor and transferee by electronic mail or regular mail within thirty (30) days of the Conservation Division's approval or disapproval of the transfer of authority to inject for the subject well(s). If the Form 1073I or Form 1073IMW is disapproved, the operator shall have ninety (90) days from the date of the disapproval notification to correct the deficiencies. If the operator fails to correct the deficiencies and to resubmit the Form 1073I or Form 1073IMW within the ninety (90) day period, the Form 1073I or Form 1073IMW shall be considered withdrawn unless the time is extended by written request for good cause shown. The disapproval notification will explain the deficiencies that need correcting and will specify the expiration of the ninety (90) day period during which the deficiencies must be corrected.

(c) If an operator is not in compliance with an enforceable order or permit of the Commission, the Conservation Division shall not approve any Form 1073I or Form 1073IMW transferring well(s) to said operator until the operator complies with the order or permit. The transferor of the well(s) listed on the Form 1073I or Form 1073IMW remains responsible for the well(s) until any transfer is approved by the Commission.

(d) Before the operatorship of a well can be transferred to a new operator when the current or former operator is unavailable for signature, one of the following may be submitted as proof of operatorship:

- (1) A certified copy of a recorded lease or assignment transferring all rights, title, and interest to the wells described on Form 1073I or Form 1073IMW to the new operator.
- (2) A certified copy of a journal entry of judgment rendered by a district court of Oklahoma having jurisdiction over the wells described on Form 1073I or Form 1073IMW vesting legal title to the new operator.
- (3) A certified copy of a bankruptcy proceeding by the bankruptcy court having jurisdiction over the wells described on Form 1073I or Form 1073IMW.

### **165:10-5-15. Application for order or permit for simultaneous injection well [AMENDED]**

#### **(a) General.**

(1) Simultaneous injection of salt water without a valid permit from the Underground Injection Control Department (UIC Department) or Commission order may result in the assessment of a fine up to \$5,000 per day of operation.

(2) A simultaneous injection well shall be inspected by a representative of the Commission prior to operation.

#### **(b) Criteria for approval.**

(1) Simultaneous injection may be permitted if the following conditions are met and injection will not adversely affect offsetting production nor endanger treatable water:

- (A) Injection zone is located below the producing zone in the borehole.
- (B) Injection pressure is limited to less than the local fracture gradient.

# Permanent Final Adoptions

---

(C) A 1/4 mile plat will be required for all simultaneous injection well applications containing the information specified in OAC 165:10-5-5(b)(1)(A) and OAC 165:10-5-5(b)(1)(C). If unplugged ~~or, mud-plugged boreholes~~ and/or a wellbore that is configured in a manner that will not prevent the potential movement of fluids from the injection/disposal zone into treatable water strata are located within the 1/4 mile radius, the operator of the proposed simultaneous injection well will be required to submit a corrective action plan in writing to the UIC Department to address such boreholes so as to protect treatable water prior to an order or permit being issued.

(D) Simultaneous injectors must meet the requirements of OAC 165:10-3-4 as they apply to producing wells.

(E) Class II fluids from other wells operated by the operator of a simultaneous injection well may be disposed of in such simultaneous injection well if the operator applies on Form 1015 and obtains the issuance of a new permit or order pursuant to the requirements in OAC 165:10-5-5 pertaining to authorization of noncommercial disposal wells. The filing fee specified in OAC 165:5-3-1(b)(1)(E) must accompany the Form 1015 application.

(2) Required form and attachments. Each application for simultaneous injection shall be submitted to the UIC Department on Form 1015SI. The forms must be properly completed and signed. Attached to the application form shall be the following:

(A) Affidavit of mailing a copy of the completed Form 1015SI to each operator of a producing lease within 1/2 mile of the subject well and owner of the surface of the land on which the proposed simultaneous injection well is to be located.

(B) Schematic ~~diagram~~ diagram(s) of the current and proposed well wellbore showing all casing and tubing strings, top of cement for each string of casing, packers, perforations and pumps.

(C) Representative open hole wire-line log for the well.

(D) Qualitative and quantitative analysis of fresh water from two (2) or more freshwater wells within one (1) mile of the proposed injection or disposal well showing location of wells and dates samples were taken, or statement why samples were not submitted. The analysis shall include at a minimum contact information for the lab where the samples were analyzed, chloride, sodium, specific gravity, and total dissolved solids. Sample collection date(s) must be no more than 12 months prior to the date the application is filed.

(3) Monitoring, testing and reporting requirements for simultaneous injection wells.

(A) Upon receiving an order or permit, the operator shall file a Form 1002A Completion Report or an amended Form 1002A Completion Report within 60 days of completion or recompletion of the well.

(B) Mechanical integrity will be demonstrated by the operator performing a radioactive tracer survey on the well before the well is operated as a simultaneous injection well, and thereafter on an annual basis, reflecting that the injection fluids are going into the authorized zone(s). The radioactive tracer surveys must be submitted to the UIC Department within 7 days of the performance of the surveys, and the results of the surveys must be acceptable to the UIC Department before the well can be used as a simultaneous injection well.

(C) Annual Report Form 1012 shall be submitted to the UIC Department by January 31 of each year for the previous calendar year.

(4) If no protest is received within 15 days of the mailing of Form 1015SI, the application shall be submitted to the UIC Department for administrative review. If a protest is received within the protest period, the operator shall, within 30 days, set the application for hearing and give proper notice of a date for the hearing on the Pollution Docket before an Administrative Law Judge.

(c) **Expiration of the order or permit.** The simultaneous injection well order or permit shall expire on its own terms if the operator fails to perform the initial radioactive tracer survey on the well and submit the results of the survey to the UIC Department within 18 months after the effective date of the order or permit.

## SUBCHAPTER 7. POLLUTION ABATEMENT

### PART 1. GENERAL PROVISIONS

#### 165:10-7-2. Administration and enforcement of rules [AMENDED]

---

## Permanent Final Adoptions

- (a) The Manager of Pollution Abatement ~~and/or the Manager of the Underground Injection Control Department~~ shall supervise and coordinate the administration and enforcement of the rules of this Subchapter under the direction of the Director of Conservation and the Commission.
- (b) Site assessments and remediation projects for petroleum and produced water pollution should adhere to the general practices appearing in the Oil and Gas Conservation Division's Guardian Guidance document including the Guidelines and Numerical Criteria for New or Historic Produced Water/Brine Spills Appendix. Any alternative plan shall be approved by the Manager of Pollution Abatement prior to implementation.
- (c) **Specific areas of Conservation Division jurisdiction to which Pollution Abatement ~~and/or Underground Injection Control~~ rules apply:**
- (1) Field operations for geologic and geophysical exploration for oil, gas and/or brine, including seismic shot holes, stratigraphic test holes or other test wells.
  - (2) Exploration, drilling, development, production or processing of oil, gas and/or mineral brine at the lease site.
  - ~~(3) The exploration, drilling development and operation of wells used in connection with the recovery, injection, or disposal of mineral brines including construction, operation, maintenance, closure and abandonment of the facilities and activities.~~
  - ~~(4)(3).~~ Reclaiming and/or recycling facilities associated with the exploration, drilling, development, production or transportation of oil and/or gas (including the processing of saltwater, crude oil, natural gas condensate, tank bottoms or basic sediment from crude oil tanks, pipelines, pits and equipment).
  - ~~(5) Underground injection control pursuant to the federal Safe Drinking Water Act and 40 CFR parts 144 through 148 for Class II injection wells, Class V wells used for the recovery, injection or disposal of mineral brines as defined in the Oklahoma Brine Development Act.~~
  - ~~(6)(4).~~ Tank farms for storage of crude oil and petroleum products located outside the boundaries of refineries, petrochemical manufacturing plants, natural gas liquid extraction plants, or other facilities that are not subject to the jurisdiction of the Oklahoma Department of Environmental Quality.
  - ~~(7)(5).~~ Construction and operation of pipelines and associated rights-of-way, equipment, facilities or buildings used in the transportation of oil, gas, petroleum, petroleum projects, anhydrous ammonia or mineral brine, or in the treatment of oil, gas or mineral brine during the course of transportation [not including pipelines in natural gas liquids extraction plants, refineries, or reclaiming facilities other than those specified in OAC 165:10-7-2(c)(6)].
  - ~~(8)(6).~~ The handling, transportation, storage and disposition of saltwater, drilling fluids, mineral brines, waste oil and other deleterious substances produced from or obtained or used in connection with the drilling, development, production, and operation of oil and gas wells at any facility or activity specifically subject to Commission jurisdiction or other oil and gas extraction facilities and activities.
  - ~~(9)(7).~~ Spills of deleterious substances associated with facilities and activities specified in OAC 165:10-7-2(c)(8) or otherwise associated with oil and gas extraction and transportation activities.
  - ~~(10)(8).~~ Groundwater protection for activities subject to the jurisdictional areas of environmental responsibility of the Commission.
- (d) **Monitoring of sites.** Before consideration for closure by the Conservation Division or the Commission, the responsible party shall monitor a remediation project subject to implementation of the water quality standards for a period of one (1) year, unless:
- (1) Otherwise provided by Commission order, or
  - (2) As directed by the Manager of Pollution Abatement or designated Conservation Division staff.
- (e) **Public participation; Resolution of complaint or disagreement with Conservation Division staff.**
- (1) In any case where the Conservation Division determines the need for public participation in the resolution of a pollution complaint involving the implementation of the water quality standards or other issues relating to pollution, the Conservation Division may file an application and notice of hearing to request resolution of the complaint by adjudicative hearing and Commission order.
  - (2) In any case where a pollution complaint involving the implementation of the water quality standards or other issues relating to pollution cannot be resolved administratively between the responsible party and the complainant or because of a disagreement with the Conservation Division's Manager of Pollution Abatement, Manager of Field Operations, or other Conservation Division staff, regarding the complaint, the responsible party or the complainant may file an application and notice of hearing to request resolution of the complaint by adjudicative hearing and Commission order.

### 165:10-7-4. Water quality standards [AMENDED]

# Permanent Final Adoptions

---

(a) **Scope.** The Commission hereby adopts the State water quality standards established and promulgated by the ~~Oklahoma Water Resources Board (OWRB)~~ Oklahoma Department of Environmental Quality (ODEQ) or its successors effective October 7, 1987, and additions and revisions as lawfully published in the Oklahoma Register effective as provided by statute. The Commission's Oil and Gas Conservation Division (Conservation Division) shall implement the water quality standards with regard to its particular jurisdictional areas as referred to in 165:10-7-2(c).

(b) **General considerations.**

- (1) The primary goal of the implementation of the water quality standards in the context of a remediation project subject to Commission jurisdiction shall be the protection and/or restoration of the beneficial use of the land, the soil and any surface or subsurface waters of the State adversely impacted or impaired by pollution from a Commission regulated site or facility.
- (2) A remediation project utilizing the water quality standards shall adhere to the general practices appearing in the Conservation Division's *Oklahoma Water Quality Standards Implementation Plan (WQSIP)*.
- (3) Where appropriate, a remediation project utilizing the water quality standards shall follow the use support assessment protocols ~~(OWRB-OAC 785:46-7)~~ as specified in *Oklahoma Water Quality Standards Implementation Plan*.

## 165:10-7-5. Prohibition of pollution [AMENDED]

(a) **General.** Pollution is prohibited. All operators, contractors, drillers, service companies, pit operators, transporters, pipeline companies, or other persons shall at all times conduct their operations in a manner that will not cause pollution.

(b) **Workable coal seams.** Sections 305, 306, 307, and 308 of Title 52, Oklahoma Statutes Annotated, governing the drilling, operations, and plugging of oil and gas wells in workable coal beds are hereby adopted as rules of the Commission as fully as if set out verbatim herein.

(c) **Reporting nonpermitted discharges (spills, etc.).**

(1) All operators, contractors, drillers, service companies, pit operators, transporters, pipeline companies, or other persons conducting operations regulated by the Commission shall:

(A) Report by telephone, or by electronic mail, with respect to their operations, to the Commission District Office or Field Inspector within 24 hours of discovery:

- (i) Any non-permitted discharge of deleterious substances of ten bbls. or more (single event) within a non-lined earthen containment or to the surface soil outside of sufficiently impervious lined containment or non-lined earthen containment.
- (ii) Any discharge of a deleterious substance, regardless of quantity, to the waters of the State.
- (iii) Name of party reporting, firm name, telephone number, and electronic mail address.
- (iv) Legal location.
- (v) Lease or facility name.
- (vi) Operator.
- (vii) Circumstances surrounding discharge of deleterious substance(s) and whether discharge was to water or soil.
- (viii) Date of occurrence.
- (ix) Volumes of deleterious substance(s) discharged.
- (x) Type of materials discharged.
- (xi) Method of cleanup (if any) undertaken and completed.
- (xii) Volumes of deleterious substance(s) recovered.
- (xiii) Estimated time period for reclamation.
- (xiv) Plan for continued remedial undertaking (upon request by the Pollution Abatement Department).

(B) Maintain adequate records of each non-permitted discharge reflecting the information, time, and manner of reporting pursuant to this Section for a minimum of three (3) years. Such documents shall be produced upon demand by an authorized representative of the Commission.

(C) Report hazardous substances that meet reportable quantities under Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 C.F.R. Part 302) in the format as required under this subsection.

(2) Any operator, contractor, driller, service company, pit operator, transporter, or pipeline company who fails to comply with provisions of this rule may be fined \$500.00 per incident.

## SUBCHAPTER 11. PLUGGING AND ABANDONMENT

## 165:10-11-3. Duty to plug [AMENDED]

(a) **Scope.** This Section applies to:

- (1) Liability of the well owners and operator or other responsible person(s) to plug a well.
- (2) Time periods for plugging wells:
  - (A) Without casing.
  - (B) With only surface casing and cement.
  - (C) With production casing.
- (3) Wells exempted from plugging.
- (4) Notice of Temporary Exemption from Plugging granting permission to postpone plugging of a well.

(b) **Liability of owners and operators or other responsible persons(s).** Any working interest owner and operator of any oil, gas, disposal, injection, or other service well or any seismic, core, or other exploratory hole, whether cased or uncased, shall be jointly and severally liable and responsible for the plugging thereof in accordance with this Subchapter unless other responsible person(s) become liable for such plugging. "Other responsible person(s)" means person(s) exercising dominion and control over any oil, gas, disposal, injection, or other service well or any seismic, core, or other exploratory hole, whether cased or uncased, without the authority or permission of the working interest owners or operator thereof. In such instances the other responsible person(s) shall be jointly and severally liable with the owners and operator for the plugging of the well. The owner of the surface estate shall not be considered an "other responsible person" solely as a result of:

- (1) the reversion of the ownership of an abandoned wellbore and associated equipment to the surface owner, as a matter of law, unless the surface owner engages in activities that potentially compromise the integrity of the wellbore; or
- (2) the removal of abandoned surface equipment, trash and debris from the surface estate, or remediation activities regarding the surface estate.

(c) **Time period for plugging well without casing.** Each well in which neither production casing nor surface casing has been run shall be properly plugged within 72 hours after drilling or testing is completed. However, should the lack of production and surface casing create a fire hazard or a risk of contaminating the environment or formations containing oil, gas, or known treatable water, said well shall be properly plugged within 24 hours after drilling and testing is completed. The well marker requirement described in 165:10-3-4(f) shall be followed.

(d) **Time period for plugging well with only surface casing and cement.** Each well in which only surface casing has been run and cemented in conformance with 165:10-3-4 shall be properly plugged within 90 days after drilling or testing is completed unless the lack of production or intermediate casing creates a fire hazard or risk of contaminating the environment or formations containing oil, gas, or known treatable water, in which case or cases the well shall be plugged within 24 hours.

(e) **Time period for plugging well with production casing.** Unless exempted under provisions contained elsewhere in this Section, any well which has production casing in place shall be plugged within one year after the latter of:

- (1) Cessation of drilling if the well was not completed or tested; or
- (2) Cessation of the latter of completion or testing if the well has not produced; or
- (3) Cessation of production-;
- (4) A form 1002A completion report shall be filed for (1) indicating a well was drilled and not completed.

(f) **Operators failing to commence timely plugging operations.** An operator who fails to commence plugging operations as required in (c), (d), and (e) of this Section after due notice from the District Office or the appropriate field inspector may be fined up to \$1,000.00.

(g) **Wells exempted from plugging.** The following wells which have production casing in place shall be exempt from (e) of this Section:

- (1) Shut-in gas wells, for the purpose of this Section, shall be considered producing wells in operation.
- (2) Any well for which a written order of the Commission granting a specific exception to plugging is in full force and effect.
- (3) Supply wells or wells authorized by order of the Commission for injection or disposal purposes and are in compliance with the rules of the Commission.
- (4) Any well for which a temporary exemption from the plugging rules has been approved.
- (5) Any oil or gas well which is exempt from plugging pursuant to 17 O.S. § 53.

## 165:10-11-4. Notification and witnessing of plugging [AMENDED]

# Permanent Final Adoptions

---

(a) **Wells without production casing.** The appropriate Conservation Division District Office shall be notified at least 12 hours prior to commencement of plugging operations and a plugging procedure agreed upon for any well without production casing. Each plugging operation may be witnessed by an authorized representative of the Conservation Division.

(b) **Wells with production casing.** A separate Notification of Intention to Plug (Form 1001) for each well with production casing shall be filed with the appropriate Conservation Division District Office at least five days prior to the commencement of plugging operations and notify the appropriate Conservation Division District Office 24 hours before work is started. The five day notice requirement may be reduced or waived:

(1) If a qualified representative of the Conservation Division is available to witness the plugging operation.

(2) At the discretion of the District Manager of the District in which the well is located or his supervisor.

(c) **Expiration.**

(1) **Ninety-day period.** The Notification of Intention to Plug (Form 1001) shall expire ninety days after it is filed with the appropriate Conservation Division District Office, unless plugging operations are commenced and thereafter continued with due diligence to completion.

(2) **Thirty-day extension.** A thirty day extension of the Notification of Intention to Plug may be granted providing the Conservation Division staff determines that no material change of condition has occurred, if written request for the extension is received prior to the expiration date of the original Notification of Intention to Plug. Only one extension may be granted.

(d) **Penalty.** An operator or licensed plugger plugging a well without notifying and agreeing on a plugging procedure with the District Office may be fined up to \$1,000.00 and may be required by the appropriate District Manager to reenter and replug the well.

## 165:10-11-9. Temporary exemption from plugging requirements [AMENDED]

(a) **Scope.** The Commission may permit any well which is required to be properly abandoned pursuant to OAC 165:10-11-3, at the request of an operator, to be temporarily abandoned.

(b) **Application.** An application for a permit to temporarily exempt a well from the plugging requirement shall be made on Form 1003A completed in its entirety, and submitted to the address indicated on the Form 1003A.

(c) **Permit.**

(1) Any operator seeking approval for temporary abandonment shall submit a notice of intent to temporarily abandon the well, Form 1003A, to the address indicated on the Form 1003A describing the temporary abandonment procedure used.

(2) The permit will be valid for a period of five (5) years if the well passes a pressure test. The permit will be valid for a period of one (1) year if the well passes a fluid level test. At least 30 days prior to the expiration of any approved temporary abandonment permit, the operator shall return the well to beneficial use in accordance with Commission rules, or permanently plug and abandon said well, or apply for a new permit to temporarily abandon the well.

(3) No temporary abandonment will be approved that does not prevent the contamination of treatable water and/or other natural resources and the leakage of any substance at the surface.

(4) If the well fails the tests required herein the problem shall be found, corrected and a new test successfully conducted within 30 days or the well shall be plugged and abandoned in accordance with Commission rules.

(5) Upon successful completion of the work on the well, the operator will submit a new request for temporary abandonment to the address indicated on the Form 1003A.

(d) **Protection of treatable water.** The treatable water shall be protected by one or more of the following:

(1) A drillable, retrievable or temporary bridging plug set above the producing interval and below the top of the cement. The surface shall be capped with a valve in operational condition. A pressure test will be required by the appropriate District Office.

(2) A packer run on tubing and set above the producing interval and below the top of the cement. The well shall be equipped with suitable wellhead packoff equipment and be closed to the atmosphere. A pressure test will be required by the appropriate Conservation Division District Office.

(3) A fluid level test determined by use of equipment approved by the Conservation Division's Field Operations Department. The fluid level must be no higher than 150 feet below the base of the treatable water. The Field Inspector shall be notified at least 48 hours beforehand to be afforded the opportunity of witnessing the procedure. Additional tests may be required at any time at the request of the Conservation Division's Field Operations Department. The wellhead shall be closed to the atmosphere.

(4) A casing inspection log confirming the mechanical integrity of the production casing submitted to the appropriate Conservation Division's District Office.

(5) Alternate methods of testing may be approved by the Conservation Division's Field Operations Department by written application and upon showing that such a test will provide information sufficient to determine that the well does not pose a threat to natural resources.

(e) **Surface facilities.** The well site of a well with temporary exemption from the plugging requirements shall be kept in a neat and orderly manner, including lease roads, with a legible sign showing the name of the operator, operator telephone number, well name, number, and the legal location.

(f) **Termination of permit.** The permit for a temporary exemption from plugging shall terminate and plugging operations shall commence within 30 days after:

- (1) The time interval set has lapsed and a renewal has not been granted.
- (2) The lease or unit on which the exempted well was located has become nonproductive.
- (3) The fluid level has risen to a point less than 150 feet below the base of the treatable water.
- (4) The Conservation Division's Field Operations Department has determined that the surface area or wellhead equipment requirement does not meet the standards required by the Commission.

(g) **Exception to termination of permit.** An exception to the termination of an exemption from the plugging requirements shall be allowed if:

- (1) An application to convert the well to a disposal, injection, or supply well has been filed with the Commission, and proper notice, according to OAC 165:5, has been met.
- (2) An application requesting an exception to the plugging rules has been filed with the Commission and an exception has been granted by an order of the Commission.

### SUBCHAPTER 29. SPECIAL AREA RULES

#### 165:10-29-2. Alternative location requirements for horizontal well units [AMENDED]

(a) **Scope and effect.** The well location requirements of this Section apply to horizontal wells completed in horizontal well units in designated common sources of supply as specified in this Section. Horizontal wells covered by this Section are subject to OAC 165:10-3-28 and other applicable Commission rules except as provided in this Section.

(b) **Woodford shale-north and south laterals.**

- (1) This subsection applies to horizontal wells completed in the Woodford shale common source of supply where the lateral runs north and south.
- (2) The completion interval of a horizontal well subject to this subsection shall be located not less than the minimum distance from the boundary of a standard or non-standard horizontal well unit as follows:
  - (A) Not less than 330 feet from an east or west unit boundary.
  - (B) Not less than 165 feet from a north or south unit boundary.

(c) **Woodford shale-east and west laterals.**

- (1) This subsection applies to horizontal wells completed in the Woodford shale common source of supply where the lateral runs east and west.
- (2) The completion interval of a horizontal well subject to this subsection shall be located not less than the minimum distance from the boundary of a standard or non-standard horizontal well unit as follows:
  - (A) Not less than 165 feet from an east or west unit boundary.
  - (B) Not less than 330 feet from a north or south unit boundary.

(d) **Cherokee north and south laterals.**

- (1) This subsection applies to horizontal wells completed in the Cherokee common source of supply where the lateral runs north and south in the areas listed below. The areas controlled by this section include:

(A) **IN ELLIS COUNTY**

- (i) All sections of Township 20 North, Range 26 West;
- (ii) All sections of Township 20 North, Range 25 West;
- (iii) All sections of Township 19 North, Range 26 West;
- (iv) All sections of Township 19 North, Range 25 West;
- (v) All sections of Township 19 North, Range 24 West;
- (vi) Secs. 5, 6, 7, 8, 17, 18, 19, 20, 28, 29, 30, 31, 32, 33 of Township 19 North, Range 23 West;
- (vii) All sections of Township 18 North, Range 25 West;
- (viii) All sections of Township 18 North, Range 24 West;
- (ix) Secs. 5, 6, 7, 8, 17, 18, 19, 20 of Township 18 North, Range 23 West;
- (x) All sections of Township 17 North, Range 24 West;

## Permanent Final Adoptions

---

(xi) Secs. 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36 of Township 17 North, Range 23 West;

(xii) Secs. 1, 2, 3, 4, 5, 6, 8, 9, 10, 11, 12, 13, 14, 15 of Township 16 North, Range 24 West;

**(B) IN ROGER MILLS COUNTY**

(i) All sections of Township 18 North, Range 25 West;

(ii) All sections of Township 17 North, Range 24 West;

(iii) All sections of Township 18 North, Range 24 West; and

(iv) Secs. 4, 5, 6, 7, 8, 9, 10, 13, 14, 15, 16, 17, 18 of Township 16 North, Range 24 West.

(2) The completion interval of a horizontal well subject to this subsection shall be located not less than the minimum distance from the boundary of a standard or non-standard horizontal well unit as follows:

(A) Not less than 660 feet from an east or west unit boundary.

(B) Not less than 165 feet from a north or south unit boundary.

(e) **Additional review.** Laterals outside the parameters in subsections (b) and (c) may require additional review by the Technical Services Department.

(f) **Appendix K.** See Appendix K for the area outline of Cherokee laterals.

## APPENDIX E. FINE SCHEDULE [AMENDED]

RULE	VIOLATION	FINE
165:10-1-10	Failure to maintain current surety.	\$500
165:10-3-1	Failure to obtain permit (Form 1000) to drill, re-enter, deepen or recomplete.	\$1,000
165:10-3-3	Failure to report casing string failure.	\$5,000
165:10-3-4	Failure to set sufficient surface casing or circulate cement.	\$5,000
165:10-3-4	Failure to run and cement surface well marker.	\$1,000
165:10-3-4	Failure to obtain permission to drill well more than 250 feet below treatable water or for alternate casing procedure.	\$2,500
165:10-3-4	Failure to report rupture, break or opening in surface casing.	\$1,000
165:10-3-17	Failure to remove fire hazards or comply after written notice.	\$1,000
165:10-3-17	Failure to remove trash, debris and junk from well site.	Up to \$1,000
165:10-3-17	Failure to post lease sign or OTC number.	\$50 per violation/\$500 per lease
165:10-3-25	Failure to file completion report, Form 1002A.	\$250
165:10-3-26	Failure to submit formation evaluation type well logs.	\$250
165:10-3-35	Failure to obtain authorization for multiple completion.	\$500
165:10-3-39	Failure to obtain permit for commingling.	\$500
165:10-5-2	Failure to obtain authorization for injection or disposal well.	\$5,000

# Permanent Final Adoptions

---

Appendix E, p2

165:10-5-6	Failure to conduct/perform mandatory initial mechanical integrity test within rule timeframe.	\$500
165:10-5-6	Failure to perform subsequent mechanical integrity test.	\$500
165:10-5-6	Failure to perform fluid level test as required by order or permit.	\$1,000
165:10-5-7	Failure to file fluid injection report, Form 1012 or Form 1012C.	\$500
165:10-5-7	Failure to report mechanical integrity or down-hole problem regarding well.	\$1,500
165:10-5-13	Failure to obtain permit for annular injection of reserve pit fluids.	\$2,500
165:10-5-15	Failure to obtain permit for simultaneous injection well. Up to \$5,000 per day of operation	
165:10-7-5	Failure to report nonpermitted discharge.	\$500
165:10-7-7	Removing or ignoring a red tag (directive to shut down) regarding lease or facility.	\$5,000
165:10-7-10	Failure to comply with registration requirements for land application of deleterious substances.	\$2,500
165:10-7-14	Failure to obtain approval to drill deep anode groundbed.	\$1,000
165:10-7-16	Failure to obtain permit for construction of off-site pit.	\$1,000
165:10-7-16	Illegal discharge from noncommercial pit.	\$2,000
165:10-7-16	Failure to comply with any closure requirement for noncommercial pit.	\$1,000

Appendix E, p3

165:10-7-16	Failure to obtain an order or permit for noncommercial pit with capacity in excess of 50,000 barrels.	\$5,000
165:10-7-16	Illegal discharge from noncommercial pit with capacity in excess of 50,000 barrels.	\$5,000
165:10-7-16	Failure to comply with any closure requirement for noncommercial pit with capacity in excess of 50,000 barrels.	\$1,000
165:10-7-17	Failure to obtain permit to discharge produced water from tank or other containment vessel.	\$1,000
165:10-7-17	Failure to obtain permit to discharge fluids from reserve pit.	\$5,000
165:10-7-19	Failure to obtain permit for land application of water-based fluids from tanks/earthen pits/pipeline construction.	\$2,000
165:10-7-19	Failure to comply with requirements for land application of water-based fluids from tanks/earthen pits/pipeline construction.	\$2,000
165:10-7-19	Failure to submit Form 1014R post application report for land application of water-based fluids from tanks/earthen pits/pipeline construction.	\$500
165:10-7-26	Failure to obtain permit for land application of contaminated soils or petroleum hydrocarbon-based drill cuttings.	\$2,000
165:10-7-26	Failure to comply with requirements for land application of contaminated soils or petroleum hydrocarbon-based drill cuttings.	\$2,000
165:10-7-26	Failure to submit Form 1014R post application report for land application of contaminated soils or petroleum hydrocarbon-based drill cuttings.	\$500

# Permanent Final Adoptions

---

Appendix E, p4

165:10-7-27	Failure to obtain permit to apply waste oil, waste oil residue, or crude oil contaminated soil to lease roads, pipeline service roads, tank farm roads, well locations and production sites.	\$2,000
165:10-7-29	Failure to obtain permit for application of freshwater drill cuttings to private access areas, well locations and production sites.	\$2,000
165:10-7-33	Failure to obtain permit for truck wash pit.	\$2,000
165:10-7-33	Failure to comply with closure requirements for truck wash pit.	\$2,000
165:10-7-34	Failure to obtain a permit for use of reclaimed water.	\$2,000
165:10-8-7	Failure to conduct cleanup of hydrocarbon recycling/reclaiming facility.	Up to \$1,000
165:10-8-7	Illegal discharge from hydrocarbon recycling/reclaiming facility.	\$5,000
165:10-9-1	Failure to obtain permit for construction and use of commercial pit.	\$5,000
165:10-9-1	Illegal discharge from a commercial pit.	\$5,000
165:10-9-1	Failure to close commercial pit as required by rule.	\$1,000
165:10-9-2	Failure to comply with commercial soil farming requirements.	\$2,000
165:10-11-1	Failure to acquire license to pull casing and plug wells.	\$2,500
165:10-11-3	Failure to plug well in rule timeframe.	\$1,000

Appendix E, p5

165:10-11-4	Failure to obtain plugging instructions and notify District Office of time well is to be plugged.	\$1,000
165:10-11-7	Failure to file plugging report as required by rule.	\$500

## CHAPTER 30. MOTOR CARRIERS, PRIVATE CARRIERS AND TRANSPORTATION NETWORK COMPANIES

*[OAR Docket #25-423]*

### **RULEMAKING ACTION:**

PERMANENT final adoption

### **RULES:**

Subchapter 3. Intrastate Motor Carriers

Part 1. APPLYING FOR A LICENSE

165:30-3-1. Obtaining a license [AMENDED]

Part 3. LICENSE REQUIREMENTS

165:30-3-11. Insurance [AMENDED]

165:30-3-12. Identification device [AMENDED]

Part 13. SUSPENSION OR CANCELLATION OF LICENSE

165:30-3-102. Involuntary suspension or revocation of license [AMENDED]

165:30-3-103. Reinstatement of certificate or permit or license [REVOKED]

Subchapter 6. Transportation Network Companies

Part 1. APPLYING FOR A PERMIT

165:30-6-5. Insurance [AMENDED]

Part 7. SUSPENSION OR CANCELLATION OF PERMIT

165:30-6-49. Involuntary suspension or revocation of permit [AMENDED]

165:30-6-51. Reinstatement of TNC Permit [REVOKED]

Subchapter 7. Procedural Rules

165:30-7-5. Forms [AMENDED]

165:30-7-11. USDOT number [AMENDED]

Subchapter 10. Interstate Motor Carriers

Part 1. Compliance

165:30-10-7. Hazardous waste transportation [REVOKED]

Subchapter 13. Intrastate Household Goods Certificates

Part 1. OBTAINING AUTHORITY

165:30-13-2. Obtaining a household goods certificate [AMENDED]

Subchapter 15. Intrastate Private Carriers

Part 3. OBTAINING A PRIVATE CARRIER LICENSE AND LICENSE REQUIREMENTS

165:30-15-4. Obtaining a license [AMENDED]

165:30-15-5. License renewals [AMENDED]

165:30-15-6. Insurance [AMENDED]

165:30-15-9. Identification device [AMENDED]

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF JULY 11, 2025**

## SUBCHAPTER 3. INTRASTATE MOTOR CARRIERS

### PART 1. APPLYING FOR A LICENSE

## **165:30-3-1. Obtaining a license [AMENDED]**

(a) No intrastate motor carrier shall operate upon any street, road, public highway or dedicated public thoroughfare of this State for the transportation of passengers or property for hire without first obtaining from the Commission a license as provided in this Section. A license issued under this Subchapter shall not include transportation as a motor carrier of household goods. Motor carriers of household goods must comply with Subchapter 13 of this Chapter.

(1) An applicant for a license shall file with the Commission a written application on the appropriate form prescribed by the Commission (TDF 1), and shall tender with the application a filing fee as prescribed by law or by Commission rule.

(2) The application shall be assigned a personal identification number (PIN), which shall be the permanent identification number for all matters relating to authority granted therein. Any application thereafter filed to amend the license by the same applicant shall be filed in the same cause under the original PIN, and otherwise shall be governed by the provisions of this Chapter relating to an application for license. Each subsequent application shall also bear a sub-number in sequence.

(3) A license shall be personal to the holder thereof, and shall be issued only to an individual, a corporation, a limited liability corporation, a partnership or some other legally recognized entity.

(4) The filing of an application for a license does not of itself authorize any motor carrier operations by the applicant. Such operations are prohibited until after all requirements have been met, and a license has been issued. All requirements for compliance with this Chapter shall be met within thirty (30) days from date of receipt of a motor carrier license application by the Commission. Failure to comply will result in dismissal of the application for a license. Licenses issued shall be valid for a maximum of one year and may be renewed after application has been filed as provided by this Chapter.

(5) No license for intrastate operations shall be issued until after the applicant has provided a satisfactory USDOT safety rating or the applicant has demonstrated its ability to conduct operations in a safe and reasonable manner and applicant is in compliance with all applicable rules and laws of the State of Oklahoma; has furnished proper proof of all insurance required by this Chapter and all applicable state statutes; and has purchased an appropriate number of identification devices.

(6) The application shall require the following:

(A) Name, single trade name (if any), mailing address, physical address, email address, telephone number and domicile county of the applicant.

(B) The type of applicant (indicating if sole proprietorship, partnership, corporation or other legal entity), specifying the names of all partners, officers and/or directors listing the mailing, physical and email addresses of each.

(C) The type of operations for which the applicant is applying.

(D) The name and address of the motor carrier's process agent in Oklahoma (if the motor carrier does not maintain its principal place of business or a terminal in Oklahoma).

(E) Declaration of its USDOT number. Motor carriers without a USDOT number must obtain a USDOT number from FMCSA or the Commission prior to a license being issued.

(F) Declaration of its USDOT safety rating and safety compliance.

(G) Declaration of size and weight compliance.

(H) A listing of all power vehicles and trailers to be used, detailing the model, make and capacity of each vehicle and denoting whether each vehicle is owned or leased.

(I) A description of all terminal and dock facilities.

(J) Declaration the applicant is in full compliance with all other state laws, rules and regulations.

(K) Any other information the Commission deems pertinent.

(7) Every person operating under the Motor Carrier Act of 1995 and the rules of this Commission shall possess a copy of this Chapter governing the operations of motor carriers.

(8) A motor carrier desiring to modify its license operations shall file a sub application (TDF 1). Sub applications to include hazardous materials must comply with the provisions in this Section. Sub applications to modify other types of operations shall be exempt from (5) and (6) (D) -(I) of this subsection.

(9) A copy of the current license under which a motor carrier operates shall be carried at all times in each power unit by the motor carrier.

(b) A motor carrier engaged in intercorporate hauling shall be subject to this Subchapter.

(c) Motor carrier operations, other than motor carriers of passengers, are exempt from this Subchapter when:

(1) Conducted strictly within a municipality, or

(2) Conducted by a federal, state or local government.

(d) Motor carriers of passengers shall be exempt from this Subchapter when:

# Permanent Final Adoptions

---

- (1) Operating a taxicab, as defined by 47 O.S. § 1-174, wholly within a municipality, provided the operator of the taxicab is licensed by the municipality in which business is conducted;
- (2) Operating a bus, as defined by 47 O.S. § 1-105, not between two or more cities or towns, provided the operator of the bus is licensed by a municipality in which business is conducted.

~~(c)~~ Applicant may be issued a provisional intrastate license not to exceed ninety (90) days from the date application is filed, provided all other requirements for the intrastate license have been met. Applicant must provide a written request for the provisional intrastate license to the Director of the Transportation Division. If the provisional intrastate license is issued, a copy of the provisional intrastate license must be carried in each vehicle operated by the Applicant.

~~(f)~~(e) The Commission may grant or deny the motor carrier license application or may impose conditions, stipulations and limitations on the license. If the Commission deems a hearing on the application to be necessary, the hearing shall be set within thirty(30) days of receipt of a complete application.

~~(g)~~(f) No intrastate motor carrier license shall be issued to an applicant until all outstanding fines or judgments due the Commission or other state(s) regulatory agencies have been satisfied.

~~(h)~~(g) All proceedings subsequent to the application, shall be governed by applicable provisions of the Commission's Rules of Practice, OAC 165:5.

## PART 3. LICENSE REQUIREMENTS

### 165:30-3-11. Insurance [AMENDED]

(a) No motor carrier whose principal place of business is in Oklahoma shall conduct any operations in this State unless such operations are covered by a valid primary bond or insurance policy issued by an insurer authorized or approved by the Oklahoma Insurance Department. No motor carrier whose principal place of business is not in Oklahoma shall conduct any operations in this State unless such operations are covered by a valid bond or insurance policy issued by an insurer licensed or approved by the insurance regulatory authority of the state of their principal place of business or the Oklahoma Insurance Department. No holder of an authority shall conduct any operations before a proper certificate of insurance(s) has been filed with, and approved by the Commission. A surety bond containing all obligations provided by this Section may be substituted for an insurance policy.

(b) Every motor carrier shall file with, and must be approved by, the Commission a certificate on Form E or G certifying that there is in effect a valid bond or insurance policy covering operations in Oklahoma to protect the public against loss of life, injury, property damage, and including environmental restoration in minimum amounts, of combined single limits, for bodily injuries to, or death of all persons injured or killed in any accident, and loss or damage in any one accident to property or others (excluding cargo). Minimum liability insurance limits as set forth in 49 CFR Part 387 shall also be applicable to intrastate operations unless otherwise specified in subsections (b)(1)-(4).

(1) Motor carriers of property using vehicles with a gross vehicle weight rating (GVWR) of 10,000 pounds or more:

(A) Transporting property, non-hazardous commodities or transporting hazardous waste, materials or substances not listed in 49 CFR Part 387.9 - \$750,000.

(B) Transporting deleterious substances - \$750,000.

(C) Transporting hazardous waste, materials, or substances- as required by 49 CFR, Part 387.9.

(2) Motor carriers of property using only vehicles with a GVWR under 10,000 pounds:

(A) Transporting commodities not listed in (B) of this paragraph- \$300,000.

(B) Transporting hazardous waste, materials or substances - as required by 49 CFR Part 387.9.

(3) Motor carriers of the following types of property, materials, and products (also known or identified as restricted property) - \$350,000:

(A) Sand, rock, gravel, rip-rap, aggregate or dirt.

(B) Asphaltic mixtures and similar mixtures and compositions (excluding concrete and concrete mixtures) used in road, highway and other ground surface paving.

(C) Unprocessed forestry products and by products thereof not in a finished state.

(D) Unprocessed agricultural commodities.

(E) Ordinary livestock.

(4) Motor carriers of passengers (manufacturer's designed seating capacity includes the driver):

(A) Utilizing vehicles having a seating capacity of six (6) or less passengers - \$100,000.

(B) Utilizing vehicles having a seating capacity of seven (7) - nine (9) passengers - \$750,000.

(C) Utilizing vehicles having a seating capacity of ten (10) to fifteen (15) passengers - \$1,000,000.

(D) Utilizing vehicles having a seating capacity of sixteen (16) or more passengers \$5,000,000.

(5) Motor carriers of household goods - \$750,000.

- (c) Every motor carrier of freight, except a motor carrier of household goods, shall be exempted from filing proof of cargo liability insurance. Every motor carrier of household goods shall file with, and be approved by, the Commission an additional certificate on Form H or J that there is in effect a valid bond or insurance policy issued by a State Insurance Department authorized provider as security required to compensate shippers or consignees for loss of or damage to property coming into the motor carrier's possession. Security in the amount of at least Five Thousand Dollars (\$5,000) is required to cover loss of or damage to property carried on any one motor vehicle in connection with its transportation service and in the amount of Ten Thousand Dollars (\$10,000) for the loss of or damage to or aggregate of losses of or damages to property occurring at any one time and place.
- (d) Motor carriers of hazardous materials or hazardous waste shall maintain a properly executed Form MCS-82 or MCS-90 in effect as required by 49 CFR 387.
- (e) The Commission may by order grant authority to operate or to continue operating as a motor carrier conditional upon carrying insurance coverage in amounts larger than prescribed by (b) of this Section
- (f) No certificate of insurance or surety bond filed with the Commission pursuant to this Section shall be canceled, unless the authorization to conduct operations has been canceled, except after thirty (30) days written notice made to the Commission, on Form K or L, which notice shall be effective only upon actual receipt thereof by the Commission.
- (g) Insurance certificates or surety bonds may be canceled without the thirty (30) days written notice on Form K or L only when the authorization to operate has previously expired or canceled, the motor carrier provides an affidavit stating no operations have been conducted and the effective date of the cancellation notice is not before the date the cancellation notice is received in the Commission.
- (h) Insurance certificates or surety bonds not properly canceled or expired shall be considered expired one (1) year after the motor carrier's authorization to operate has been canceled or expired.
- (i) Insurance certificates or surety bonds approved by this Commission shall be replaced by more recent insurance certificates or surety bonds. The liability of the retiring insurer or surety shall be terminated as of the effective date of the replacement insurance certificate or surety bond provided the replacement is approved by this Commission.
- (j) No certificate of insurance shall be filed with the Commission, which contains a provision to the effect that liability thereunder may be limited or avoided because of the culpability, the recklessness, or the condition of the driver of the vehicle involved or any other restriction relating to the driving or operation of the vehicle.
- (k) Every certificate of insurance filed with the Commission shall provide that the public is protected from damage sustained through operations of any and all vehicles operated by the motor carrier insured, whether or not listed or identified in the policy; and that liability is not limited by the description of any particular vehicle or route which may be traveled by the motor vehicle in transporting passengers or property under the certificate or permit or license.
- (l) Every certificate of insurance filed with the Commission shall be executed by an officer or authorized agent of the insurance company; and if executed by an agent, a copy of his written authority or power of attorney to execute the same shall be attached to the certificate.
- (m) When insurance is provided by more than one insurer in order to aggregate security limits for motor carriers, a separate insurance certificate and endorsement is required of each insurer. For each motor carrier, no more than one primary insurance filing and no more than two excess insurance filings shall be approved.
- (n) Every motor carrier shall maintain in force at all times all insurance required by state laws and by this Section. Failure for any cause to maintain any required insurance in force shall automatically and without notice suspend the license or authority of a motor carrier until proper insurance is filed.
- (o) Whenever the license or authority of a motor carrier is suspended for failure to maintain in force insurance required by this Section, the carrier must file, within sixty (60) days after commencement of the suspension, proper certificate(s) of insurance as provided in this Section and a sufficient showing, by affidavit or otherwise, that no operations were conducted during the period that insurance was not in force (TDF 18).
- (p) Whenever a motor carrier fails to provide proper certificates of insurance within sixty (60) days after suspension thereof as provided in this Section, the motor carrier's certificate or permit, license, or other authority shall be canceled by operation of law, and without notice. A certificate or permit, license, or other authority so canceled shall not be reinstated or otherwise made operative except upon proper showing, at a hearing, that the motor carrier was actually covered by proper insurance during the suspension or cancellation period, and that failure to file with the Commission was not due to the motor carrier's own negligence.
- ~~(q) Any motor carrier conducting operations under a suspended or canceled authority shall not be eligible to apply for a new authority for a period of not less than one hundred eighty (180) days. The one hundred eighty (180) day period shall be determined by either the date insurance on file expires or the date a violation is discovered, whichever occurrence is later.~~
- ~~(r)~~(g). A person may not require indemnification from a motor carrier as a condition to the following:
- (1) The transportation of property by the motor carrier.

# Permanent Final Adoptions

---

(2) Entrance onto property by the motor carrier for the purpose of loading, unloading or transporting property.

(3) Subsection (r)(2) of this Section does not apply to a claim arising from damages or losses from the wrongful or negligent act or omission of the motor carrier.

~~(s)(r)~~ Insurance filings and cancellation notices required by this Chapter may be accepted electronically as set forth by the Transportation Division. Electronic insurance filings and cancellations shall be held to the same standard and carry the same force and effect as if accepted through traditional paper filings.

~~(t)(s)~~ Insurance companies or their underwriters desiring a hard copy of an approved or disapproved insurance filing or insurance cancellation must submit the insurance filing or insurance cancellation in duplicate and additionally provide a self-addressed stamped envelope.

## **165:30-3-12. Identification device [AMENDED]**

(a) Every motor carrier operating upon the public highways of the State of Oklahoma shall purchase and place within each power unit operated by said motor carrier an identification device issued by this Commission, and make available for inspection upon request.

(1) Only one (1) identification device is required for each power unit.

(2) The annual fee for each identification device will be as prescribed by law or Commission rule.

(3) Identification devices shall expire simultaneously with the expiration date of the annual license issued to the motor carrier.

(b) No identification device may be sold or otherwise transferred; except if such motor carrier provides a newly acquired vehicle in substitution therefor, each identification device on the discontinued vehicle, if such device is still in the possession of the motor carrier, may be transferred to the substitute vehicle or any subsequently substituted vehicle.

(c) Identification devices found to be in the possession of a carrier not authorized will be confiscated and returned to the Commission by a motor carrier enforcement officer.

(d) No identification devices will be issued to any motor carrier who does not meet all statutory, regulatory and Commission requirements.

~~(e) Identification device(s) must be purchased prior to the expiration of each annual expiration of a multiple year renewal license to extend the motor carrier license. Failure to timely purchase the identification device(s) will cause the motor carrier license to expire. Failure to purchase the identification device(s) within 30 days of the expiration of the license will cause the motor carrier license to automatically expire and subject to reinstatement rules as prescribed in OAC 165:30-3-103.~~

## **PART 13. SUSPENSION OR CANCELLATION OF LICENSE**

### **165:30-3-102. Involuntary suspension or revocation of license [AMENDED]**

(a) Any intrastate motor carrier license may be suspended or revoked by the Commission, or the holder thereof assessed a fine or other lawful punishment for violation of, or failure to comply with, any requirement or provision of law or of this Chapter.

(b) An application to revoke or suspend an intrastate motor carrier license may be filed by a member of the staff of the Commission or by a person adversely affected by the acts alleged. It shall be in the form of an application, and proceedings thereon, including notice and hearing if required, shall be as prescribed in the Oklahoma Corporation Commission's Rules of Practice, OAC 165:5.

(c) After hearing, the Commission may grant or deny the application, and may suspend or revoke the license, or any part thereof or rights thereunder, or the Commission may assess a fine or impose limitations or conditions upon the continuation of operations under the license as stated in the order.

~~(d) Any motor carrier conducting operations under a suspended or cancelled license, shall not be eligible to apply for a new license for a period of not less than one hundred eighty (180) days. Except for insurance violations as noted in 165:30-3-11, the one hundred eighty (180) day period shall begin the date a Commission order is signed suspending or cancelling a motor carrier license.~~

~~(e)(d)~~ The employment of incorporation, stock transfer, merger, change of name or similar action directly or indirectly as a device to evade subsection (d) of this Section is prohibited.

~~(f)(e)~~ Any violation of other state statutes or regulations shall be cause to initiate an application for suspension or revocation by staff or other adversely affected persons.

### **165:30-3-103. Reinstatement of certificate or permit or license [REVOKED]**

- (a) A motor carrier whose certificate, permit, license, or a portion thereof, has been cancelled by law or by order of the Commission, may file with the Commission a written application for reinstatement on the appropriate form prescribed by the Commission (TDF 8), and shall tender with the application a filing fee as prescribed by law or by Commission rule.
- (b) The application for reinstatement must be filed within three (3) months from the date the certificate, permit or license was cancelled by law or by Commission order and may be approved by the Director for Administrative reinstatement. Applications not approved for administrative reinstatement may be set for hearing.
- (c) The application shall be filed under the PIN as assigned to the certificate, permit, or license, with appropriate sub-number designation.
- (d) If the authority was revoked due to lack of insurance on file and the carrier cannot furnish proper proof of continuous insurance, the Commission may reinstate the certificate, permit or license only after a hearing has been held and notice thereof has been given as prescribed by the Oklahoma Corporation Commission's Rules of Practice, OAC 165:5.
- (e) No reinstatement shall be issued until all requirements of the certificate, permit or license have been fulfilled and a reinstatement fee as prescribed by law or Commission rule has been tendered.

### SUBCHAPTER 6. TRANSPORTATION NETWORK COMPANIES

#### PART 1. APPLYING FOR A PERMIT

##### **165:30-6-5. Insurance [AMENDED]**

- (a) No TNC shall conduct any operations in this State unless such operations are covered by a valid insurance policy issued by an insurer authorized or approved by the Oklahoma Insurance Department. No holder of a TNC permit shall conduct any operations before a proper certificate of insurance(s) has been filed with, and approved, by the Commission.
- (b) Every TNC shall file with the Commission a certificate on form TDF 30 certifying that there is in effect insurance coverage as set forth in the Oklahoma Transportation Network Company Services Act.
- (c) No certificate of insurance filed with the Commission pursuant to this Section shall be canceled, unless the authorization to conduct operations has been canceled, except after thirty (30) days written notice made to the Commission, on form TDF 31, which notice shall be effective only upon actual receipt thereof by the Commission.
- (d) Insurance certificates may be canceled without the thirty (30) days written notice on form TDF 31 only when the authorization to operate has previously expired or canceled.
- (e) Insurance certificates not properly cancelled or expired shall be considered expired one (1) year after the TNC's authorization to operate has been cancelled or expired.
- (f) Insurance certificates approved by this Commission shall be replaced by more recent insurance certificates. The liability of the retiring insurer shall be terminated as of the effective date of the replacement insurance certificate provided the replacement is approved by this Commission.
- (g) Every certificate of insurance filed with the Commission shall provide that the public is protected from damage sustained through operations of any and all vehicles operated by the TNC insured, subject to the terms and conditions provided for by the Oklahoma Transportation Network Company Services Act.
- (h) Every certificate of insurance filed with the Commission shall be executed by an officer or authorized agent of the insurance company; and if executed by an agent, a copy of his written authority or power of attorney to execute the same shall be attached to the certificate.
- (i) When insurance is provided by more than one insurer in order to aggregate security limits for TNCs, a separate insurance certificate is required of each insurer. For each motor carrier, no more than one (1) primary insurance filing and no more than two (2) excess insurance filings shall be approved.
- (j) Every TNC shall maintain in force at all times all insurance required by state laws and by this Section. Failure for any cause to maintain any required insurance in force shall automatically and without notice suspend the permit of a TNC until proper insurance is filed. No TNC operations shall be conducted unless proper insurance is on file with the Commission.
- (k) Whenever the permit of a TNC is suspended for failure to maintain in force insurance required by this Section, the TNC must file proper certificate(s) of insurance, as provided in this Section, within sixty (60) days after commencement of the suspension.
- (l) Whenever a TNC fails to provide proper certificates of insurance within sixty (60) days after suspension thereof as provided in this Section, the TNC's permit shall be cancelled. A permit so cancelled shall not be reinstated or otherwise made operative except upon proper showing that the TNC was actually covered by proper insurance during the suspension or cancellation period, and that failure to file with the Commission was not due to the TNC's own negligence.

# Permanent Final Adoptions

---

~~(m) Any TNC conducting operations under a suspended or cancelled permit shall not be eligible to apply for a new permit for a period of not less than one hundred eighty (180) days. The one hundred eighty (180) day period shall be determined by either the date insurance on file expires or the date a violation is discovered, whichever occurrence is later.~~

~~(n)(m)~~ Insurance filings and cancellation notices required by this Chapter may be accepted electronically as set forth by the Transportation Division. Electronic insurance filings and cancellations shall be held to the same standard and carry the same force and effect as if accepted through traditional paper filings.

## PART 7. SUSPENSION OR CANCELLATION OF PERMIT

### 165:30-6-49. Involuntary suspension or revocation of permit [AMENDED]

(a) Any TNC permit may be suspended or revoked by the Commission, or the holder thereof assessed a fine or other lawful punishment for violation of, or failure to comply with, any requirement or provision of law or of this Chapter.

(b) An application to revoke or suspend a TNC permit may be filed by a member of the staff of the Commission. It shall be in the form of an application, and proceedings thereon, including notice and hearing if required, shall be as prescribed in the Oklahoma Corporation Commission's Rules of Practice, OAC 165:5.

(c) After hearing, the Commission may grant or deny the application, and may suspend or revoke the permit, or the Commission may assess a fine or impose limitations or conditions upon the continuation of operations under the permit as stated in the order.

~~(d) Any TNC conducting operations under a suspended or cancelled permit shall not be eligible to apply for a new permit for a period of not less than one hundred eighty (180) days. Except for insurance violations as noted in 165:30-6-5, the one hundred eighty (180) day period shall begin the date a Commission order is signed suspending or canceling a TNC permit.~~

~~(e)(d)~~ The employment of incorporation, stock transfer, merger, change of name or similar action directly or indirectly as a device to evade subsection (d) of this Section is prohibited.

~~(f)(e)~~ Any violation of state statutes or regulations shall be cause to initiate an application for suspension or revocation by Commission staff or other state or federal governmental agency.

### 165:30-6-51. Reinstatement of TNC Permit [REVOKED]

~~(a) A TNC whose permit has been cancelled for lack of insurance, may file with the Commission a written application for reinstatement on the appropriate form prescribed by the Commission (TDF 8), and shall tender with the application a filing fee as prescribed by law or by Commission rule.~~

~~(b) The application for reinstatement must be filed within three (3) months from the date the permit was cancelled and may be approved by the Director of Transportation for administrative reinstatement. Applications not approved for administrative reinstatement may be set for hearing.~~

~~(c) If the authority was revoked due to lack of insurance on file and the TNC cannot furnish proper proof of continuous insurance, the Commission may reinstate the permit only after a hearing has been held and notice thereof has been given as prescribed by the Oklahoma Corporation Commission's Rules of Practice, OAC 165:5.~~

~~(d) No reinstatement shall be issued until all requirements of the permit have been fulfilled.~~

## SUBCHAPTER 7. PROCEDURAL RULES

### 165:30-7-5. Forms [AMENDED]

The following forms of the Commission relate to this Chapter:

(1) Intrastate license forms.

(A) TDF 1 - Application for Intrastate Motor Carrier For-Hire or Private Carrier License

(B) TDF 2 - Application for renewal of Intrastate Motor Carrier License

(2) Intrastate certificate forms.

(A) MCF 1 - Application for Household Goods Certificate

(B) MCF 2 - Application for Renewal of Household Goods Certificate

(C) MCF 8 - Application for Reinstatement of Household Goods Certificate

(D) Form H - Uniform Motor Carrier Cargo Certificate of Insurance

(E) Form J - Uniform Motor Carrier Cargo Surety Bond

(3) Interstate Form - Unified Carrier Registration

(4) Harvest Permit forms

(A) TOSS 1 - Application for Harvest Permit

(B) TOSS 2 - Application for Fifteen (15)-Day Harvest Permit Extension

- (5) Hazardous Waste forms.
  - (A) UPW - Part I - Registration
  - (B) UPW - Part II - Permit
  - (C) UPW - Part III - Other Information
  - (D) UPW - Part IV - Certification
  - (E) UPW - Uniform Program Fee Worksheet (Schedules A-D and Summary)
- (6) IFTA/IRP forms.
  - (A) IRP Schedule A - International Registration Plan Original Application-Schedule A
  - (B) IRP Schedule B - International Registration Plan- Schedule B
  - (C) IRP Schedule C - International Registration Plan Supplemental Application-Schedule
  - (D) IRP Schedule G - International Registration Plan Declaration of Estimated Miles- Schedule G
  - (E) IRP Misc 1 - International Registration Plan Affidavit for Lost/Stolen Tag and Additional Cab Cards
  - (F) IFTA Application - International Fuel Tax Agreement Registration Application
  - (G) IFTA QTR - International Fuel Tax Agreement Quarterly Report
- (7) Miscellaneous forms.
  - (A) TDF 3 - Application for Change of Name
  - (B) TDF 8 - Application for Reinstatement
  - (C) TDF 14 - Application for a Deleterious Substance Transport Permit
  - (D) TDF 16 - Application for Identification Devices
  - (E) TDF17 - Application for Address Change
  - (F) TDF 18 - Affidavit of No Operations
  - (G) Form E - Uniform Motor Carrier Bodily Injury and Property Damage Liability Certificate of Insurance
  - (H) Form K - Uniform Notice of Cancellation of Motor Carrier Insurance Policies
  - (I) Form G - Uniform Motor Carrier Bodily Injury and Property Damage Liability Surety Bond
  - (J) Form L - Uniform Notice of Cancellation of Motor Carrier Surety Bonds
  - ~~(K) TDF 25 - Application for Motor Carrier Rules and Regulations~~
  - ~~(L) TDF 26 - Motor Carrier Rules and Regulations Update Notification~~
  - ~~(M)~~ ~~(K)~~ TDF 28 - Vehicle Information Request Form
- (8) Transportation Network Company forms
  - (A) TDF 29 - Application for Oklahoma Transportation Network Company Permit
  - (B) TDF 30 - Oklahoma Transportation Network Company Certificate of Insurance
  - (C) TDF 31 - Oklahoma Transportation Network Company Notice of Insurance Cancellation

## **165:30-7-11. USDOT number [AMENDED]**

- (a) Every person operating or intending to operate as a motor carrier in intrastate or interstate commerce shall obtain a USDOT number.
- (b) Every person registering a commercial motor vehicle for apportionment shall obtain a USDOT number.
- (c) Every person applying for an IFTA license shall obtain a USDOT number.
- (d) USDOT numbers for interstate operations can be obtained utilizing a MCS-150 form available from FMCSA or online at [www.fmcsa.dot.gov](http://www.fmcsa.dot.gov).
- (e) USDOT numbers for intrastate only operations can be obtained online at [www.fmcsa.dot.gov](http://www.fmcsa.dot.gov).
- (f) Motor carriers, registrants and licensees obtaining a USDOT number for interstate operations shall comply with all provisions of 49 C.F.R. 390.19, with the exception that applicants for apportioned registration must update their MCS-150 a minimum of once every twelve (12) months.
- (g) Motor carriers operating intrastate only shall update their MCS-150 ~~or TDF-19~~ a minimum of once every two (2) years.
- (h) All holders of a USDOT number shall notify the Commission, utilizing a ~~TDF-19 if intrastate only, or file~~ a new MCS-150 form with USDOT ~~or this Commission~~ when they cease operations in order to inactivate their USDOT number.
- (i) A USDOT number issued to an intrastate carrier will be inactivated when the intrastate carrier does not hold an active authority and two (2) or more Commission letters or notifications mailed to the last known email or mailing address on file are returned undeliverable.

## **SUBCHAPTER 10. INTERSTATE MOTOR CARRIERS**

# Permanent Final Adoptions

---

## PART 1. COMPLIANCE

### 165:30-10-7. Hazardous waste transportation [REVOKED]

~~An interstate carrier transporting hazardous waste shall comply with all provisions of OAC 165:30-17.~~

## SUBCHAPTER 13. INTRASTATE HOUSEHOLD GOODS CERTIFICATES

### PART 1. OBTAINING AUTHORITY

#### 165:30-13-2. Obtaining a household goods certificate [AMENDED]

(a) No motor carrier shall operate upon any street, road, public highway or dedicated public thoroughfare of this State for the intrastate, including intracity, transportation of household goods for hire without first obtaining from the Commission a certificate as provided in this Section.

- (1) An applicant for a certificate shall file with the Commission a written application on the appropriate form prescribed by the Commission (MCF 1), and shall tender with the application a filing fee as prescribed by law or by Commission rule.
- (2) The application shall be assigned a PIN, which shall be the permanent identification number for all matters relating to authority granted therein. Any application thereafter filed to amend the authority or for additional authority by the same applicant shall be filed under the original PIN, and otherwise shall be governed by the provisions of this Subchapter relating to an application for authority. Each subsequent application shall also bear a sub-number in sequence.
- (3) A certificate shall be personal to the holder thereof, and shall be issued only to an individual, a corporation, a limited liability corporation, a partnership or some other legally recognized entity.
- (4) The filing of an application for a certificate does not of itself authorize any motor carrier operations by the applicant. Such operations are prohibited except pursuant to a certificate issued by the Commission, and only after all requirements have been met, and identification devices have been obtained.
- (5) The application for a household goods certificate shall contain the following information:
  - (A) Name of applicant, trade name, email address, mailing address, principal place of business address which shall be the registered address for purposes of this Subchapter, telephone number and domicile county of the applicant. The applicant's name must be a legal entity. A trade name or "doing business as" (DBA) may be designated, but cannot be a corporate name or LLC or LLP or another organized entity. If the applicant is an organized entity, a copy of the certificate of incorporation or other instrument as issued by the Oklahoma Secretary of State's Office shall be attached to the application.
  - (B) The type of applicant (indicating if sole proprietorship, partnership, corporation or other legal entity), specifying the names of all partners, officers and/or directors and listing the email, mailing and physical addresses of each.
  - (C) Declaration of its USDOT number. Carriers without a USDOT number must apply for a USDOT number. A USDOT number must be issued to the applicant prior to a certificate being issued.
  - (D) Declaration of its safety rating and provide a safety summary report.
  - (E) A size and weight summary report.
  - (F) A listing of all power vehicles and trailers to be used, detailing the model, make and capacity of each vehicle and denoting whether each vehicle is owned or leased.
  - (G) A description of all terminal and dock facilities to be utilized for household goods transportation operations. If no facilities exist within the state, the address where vehicles will be parked must be provided.
  - (H) The name and address of a process agent for Oklahoma must be filed and maintained for any applicant that does not maintain a physical address in Oklahoma.
  - (I) A declaration that the applicant is in full compliance with all other state laws, rules and regulations.
  - (J) Any other information the Commission deems necessary.

(b) Every person operating as a motor carrier of household goods pursuant to this Subchapter shall obtain a copy of this Chapter and be familiar with its content as it pertains to motor carriers of household goods.

(c) The Commission may consider any written protests or written complaints filed prior to granting or renewing a household goods certificate. If the Commission elects not to grant or renew a household goods certificate, the application shall be set for public hearing in accordance with Commission rules. At the hearing, the applicant shall have the burden of establishing it has the ability to conduct operations in a safe and reasonable manner and applicant is in compliance with all applicable rules and laws of the State of Oklahoma.

(d) After the hearing, the Commission may grant or deny the application in whole or in part; or may impose conditions, stipulations and limitations on the authority as stated in the order.

~~(e) Applicant may be issued a provisional household goods certificate not to exceed ninety (90) days from the date the application is filed, provided all requirements, with the exception of the educational compliance requirements, for the certificate have been met. Applicant must provide a written request for the provisional certificate. If the provisional certificate is issued, a copy of the provisional certificate must be carried in each vehicle operated by the Applicant.~~

~~(f)(e)~~ A certificate shall be valid for one year from date of issuance. Applicants for renewal of a certificate shall comply with OAC 165:30-3-3.

~~(g)(f)~~ A copy of the current certificate under which a carrier operates shall be carried at all times in each power unit by the motor carrier.

~~(h)(g)~~ A motor carrier of household goods engaged in intercorporate hauling shall be subject to this Subchapter.

~~(i)(h)~~ No household goods certificate shall be issued to an applicant until all outstanding fines or judgments due the Commission or other state(s) regulatory agencies have been satisfied.

~~(j)(i)~~ An intrastate motor carrier of household goods may additionally engage in intrastate for-hire transportation of property without an intrastate motor carrier license, but may not engage in the intrastate transportation of passengers, deleterious substances or hazardous materials without complying with Subchapter 3 of this Chapter.

~~(k)(j)~~ All proceedings subsequent to the application, and the conduct of the hearing, shall be governed by applicable provisions of the Commission's Rules of Practice, OAC 165:5.

## SUBCHAPTER 15. INTRASTATE PRIVATE CARRIERS

### PART 3. OBTAINING A PRIVATE CARRIER LICENSE AND LICENSE REQUIREMENTS

#### 165:30-15-4. Obtaining a license [AMENDED]

(a) No intrastate private carrier, utilizing equipment with an actual weight, registered weight or combination weight or GVWR/GCWR in excess of twenty-six thousand (26,000) pounds and/or GCWR in excess of twenty-six thousand (26,000) pounds when the trailer's GVWR is greater than ten thousand (10,000) pounds, shall operate upon any street, road, public highway or dedicated public thoroughfare of this State for the transportation of property without first obtaining from the Commission a license as provided in this Section. A private carrier license is not required for a bona fide farmer transporting commodities from farm to market or market to farm; registered and valid non-profit organizations or any private carrier operating equipment leased or rented from a company that leases or rents vehicles on a commercial scale, provided the lease or rental contract is for thirty-one (31) days or less and a copy of the contract is carried in the vehicle. A license issued under this Subchapter shall not include transportation as a for-hire motor carrier. For-hire motor carriers must comply with Subchapter 3 and/or Subchapter 13 of this Chapter.

(1) An applicant for a private carrier license shall file with the Commission a written application on the appropriate form prescribed by the Commission (TDF 1), and shall tender with the application a filing fee as prescribed by law or by Commission rule.

(2) The application shall be assigned a personal identification number ("PIN"), which shall be the permanent identification number for all matters relating to the license granted therein. Any application thereafter filed to amend the license by the same applicant shall be filed in the same cause under the original PIN, and otherwise shall be governed by the provisions of this Subchapter relating to an application for license. Each subsequent application shall also bear a sub-number in sequence.

(3) A license shall be personal to the holder thereof, and shall be issued only to an individual, a corporation, a limited liability corporation, a partnership or some other legally recognized entity.

(4) The filing of an application for a license does not of itself authorize any private carrier operations by the applicant. Such operations are prohibited until after all requirements have been met, and a license has been issued. All requirements for compliance with this Subchapter shall be met within sixty (60) days from date of application recommending the license be issued. Failure to comply may result in dismissal of the application for a license. Licenses issued shall be valid for a maximum of one (1) year and may be renewed after application has been filed as provided by this Chapter.

# Permanent Final Adoptions

---

(5) No license for private carrier intrastate operations shall be issued until applicant has a satisfactory USDOT safety rating or the applicant has demonstrated its ability to conduct operations in a safe and reasonable manner and applicant is in compliance with all applicable rules and laws of the State of Oklahoma; has furnished proper proof of all insurance required by this Subchapter and all applicable state statutes.

(6) The application shall require the following:

(A) Name, a single trade name (if any), email address, mailing address, physical address, telephone number and domicile county of the applicant.

(B) The type of applicant (indicating if sole proprietorship, partnership, corporation or other legal entity), specifying the names of all officers, if any, and listing the email, mailing and physical addresses of each.

(C) The type of operations for which the applicant is applying.

(D) The name and address of the motor carrier's process agent in Oklahoma (if the motor carrier does not maintain its principal place of business in Oklahoma).

(E) Declaration of its USDOT number, safety rating and a safety summary report which details its safety program and lists all safety violations identified within the prior twelve (12) months. Carriers without a USDOT number must attach a copy of its previously submitted application for a USDOT number. The applicant shall notify the Commission in writing of its USDOT number once issued, unless the USDOT number is issued by the Commission.

(F) A size and weight summary report which details its size and weight compliance program and lists all size and weight violations identified within the prior twelve (12) months.

(G) A listing of all power vehicles and trailers to be used, detailing the model, make and capacity of each vehicle and denoting whether each vehicle is owned or leased.

(H) A description of all terminal, dock or motor pool facilities.

(I) A declaration that the Applicant is in full compliance with all other state laws, rules and regulations.

(J) Any other information the Commission deems necessary.

(7) Every person operating under the Motor Carrier Act of 1995 and the rules of this Commission shall possess a copy of this Chapter governing the operations of motor carriers and private carriers.

(8) A private carrier desiring to modify its license shall file a sub application (TDF 1). Sub applications to include hazardous materials must comply with the provisions in this Section. Sub applications to modify other types of operations shall be exempt from (6)(D)-(G) of this subsection.

(9) A copy of the current license under which a carrier operates shall be carried at all times in each power unit by the private carrier.

~~(b) Applicant may be issued a provisional intrastate license not to exceed ninety (90) days from the date application is filed, provided all requirements, with the exception of the educational compliance requirements, for the intrastate license have been met. Applicant must provide a written request for the provisional intrastate license. If the provisional intrastate license is issued, a copy of the provisional intrastate license must be carried in each vehicle operated by the Applicant.~~

~~(c)(b).~~ No intrastate private carrier license shall be issued to an applicant until all outstanding fines or judgments due the Commission or other state(s) regulatory agencies have been satisfied.

~~(d)(c).~~ An intrastate private carrier additionally conducting intrastate motor carrier operations under a valid motor carrier license, certificate or permit need not obtain a private carrier license.

~~(e)(d).~~ If a hearing is held, the applicant shall have the burden of establishing its ability to conduct operations in a safe and reasonable manner and in compliance with all applicable rules and laws of the State of Oklahoma and that it has furnished or will furnish proper proof of all insurance required by this Chapter and all applicable state statutes. The Commission may grant or deny the application or may impose conditions, stipulations and limitations on the license.

~~(f)(e).~~ All proceedings subsequent to the application, and the conduct of the hearing, shall be governed by applicable provisions of the Commission's Rules of Practice, OAC 165:5.

## 165:30-15-5. License renewals [AMENDED]

(a) Any private carrier desiring to continue intrastate private carrier operations as granted in its license, shall, prior to the date of license expiration, apply for renewal by submitting the appropriate application form (TDF 2) and all supporting documentation. Each renewal application shall be properly signed and attested to as follows:

(1) Application of sole proprietorship must be signed by owner.

(2) Application of partnership must be signed by one of the partners.

(3) Application of corporation must be signed by officer.

(b) All intrastate private carrier licenses issued by the Commission shall expire the same calendar month as issued, and shall be valid for a period of one year, ~~but may be renewed for up to three years. Carriers renewing licenses for more than one year must maintain all requirements of that license as prescribed in Part 3 of this Subchapter in order for the license to be valid.~~

(c) Renewal applications shall be accompanied by a filing fee as prescribed by the Commission, unless filed simultaneously with a sub application to modify operations.

(d) A renewal application may be set for hearing in the discretion of the Commission for good cause. All proceedings subsequent to the application, and the conduct of the hearing, shall be governed by applicable provisions of the Commission's Rules of Practice, OAC 165:5.

(e) An intrastate private carrier desiring to renew its license should apply for renewal of its license a minimum of thirty (30) days prior to its expiration.

(f) A renewal application will not be accepted if the license has previously expired, unless the Director of the Transportation Division reviews and approves the acceptance of the application for renewal.

(g) No intrastate private carrier license shall be renewed until all outstanding fines or judgments due the Commission or other state(s) regulatory agencies have been satisfied.

(h) No intrastate private carrier operations shall be performed under an expired private carrier license.

### **165:30-15-6. Insurance [AMENDED]**

(a) No intrastate private carrier required to obtain a private carrier license whose principal place of business is in Oklahoma shall conduct any operations in this State unless such operations are covered by a valid primary bond or insurance policy issued by an Oklahoma State Insurance Commission authorized provider. No private carrier required to obtain a private carrier license shall conduct any operations in this State unless such operations are covered by a valid bond or insurance policy issued by a NAIC certified state insurance commission licensed provider. No holder of a license shall conduct any operations before a proper certificate of insurance(s) has been filed with, and approved by the Commission. A surety bond containing all obligations provided by this Section may be substituted for an insurance policy.

(b) Every intrastate private carrier of property is required to obtain a private carrier license, and shall file with, and must be approved by, the Commission a certificate on Form E or G certifying that there is in effect a valid bond or insurance policy covering operations in Oklahoma to protect the public against loss of life, injury and property damage in minimum amounts, of combined single limits, for bodily injuries to or death of all persons injured or killed in any accident, and loss or damage in any one accident to property or other (excluding cargo), as follows:

(1) Transporting non-hazardous commodities or commodities not mentioned in (B)-(C) of this subsection - \$350,000.

(2) Transporting deleterious substances - \$750,000.

(3) Transporting hazardous waste, materials, substances, explosives, poison gas or highway controlled radioactive materials as defined in and as required by 49 CFR, Parts 100 through 399.

(c) The Commission may by order grant authority to operate or to continue operating as a private carrier conditional upon carrying insurance coverage in amounts larger than prescribed by (b) of this Section.

(d) No certificate of insurance or surety bond filed with the Commission pursuant to this Section shall be canceled, unless the authorization to conduct operations has been canceled, except after thirty (30) days written notice made to the Commission, on Form K or L, which notice shall be effective only upon actual receipt thereof by the Commission.

(e) Insurance certificates or surety bonds may be canceled without the thirty (30) days written notice on Form K or L only when the authorization to operate has previously expired or cancelled, the carrier provides an affidavit stating no operations have been conducted and the effective date of the cancellation notice is not before the date the cancellation notice is received in the Commission.

(f) Insurance certificates or surety bonds not properly cancelled or expired shall be considered expired one (1) year after the carrier's authorization to operate has been cancelled or expired.

(g) Insurance certificates or surety bonds approved by this Commission shall be replaced by more recent insurance certificates or surety bonds. The liability of the retiring insurer or surety shall be terminated as of the effective date of the replacement insurance certificate or surety bond provided the replacement is approved by this Commission.

(h) No certificate of insurance shall be filed with the Commission which contains a provision to the effect that liability thereunder may be limited or avoided because of the culpability, the recklessness, or the condition of the driver of the vehicle involved or any other restriction relating to the driving or operation of the vehicle.

(i) Every certificate of insurance filed with the Commission shall automatically provide that the public is protected from damage sustained through operations of any and all vehicles operated by the private carrier insured, whether or not listed or identified in the policy; and that liability is not limited by the description of any particular vehicle or route which may be traveled by the motor vehicle in transporting passengers or property under the license.

# Permanent Final Adoptions

---

- (j) Every certificate of insurance filed with the Commission shall be executed by an officer or authorized agent of the insurance company; and if executed by an agent, a copy of his written authority or power of attorney to execute the same shall be attached to the certificate.
- (k) When insurance is provided by more than one insurer in order to aggregate security limits for private carriers, a separate insurance certificate and endorsement is required of each insurer. For each motor carrier, no more than one (1) primary insurance filing and no more than two (2) excess insurance filings shall be approved.
- (l) Every private carrier shall maintain in force at all times all insurance required by state laws and by this Section. Failure for any cause to maintain any required insurance in force on file with the Commission shall automatically and without notice suspend the license of a private carrier until proper insurance is filed.
- (m) Whenever the license of a private carrier is suspended for failure to maintain in force insurance required by this Section on file with the Commission, the carrier must file, within sixty (60) days after commencement of the suspension, proper certificate(s) of insurance as provided in this Section and a sufficient showing, by affidavit or otherwise, that no operations were conducted during the period that insurance was not in force (TDF 18).
- (n) Whenever a private carrier fails to provide proper certificates of insurance within sixty (60) days after suspension thereof as provided in this Section, the private carrier's license shall be cancelled by operation of law, and without notice. A license so cancelled shall not be reinstated or otherwise made operative except upon proper showing, at a hearing, that the private carrier was actually covered by proper insurance or proper certificate during the suspension or cancellation period, and that failure to file with the Commission was not due to the private carrier's own negligence.
- ~~(o) Any private carrier conducting operations under a suspended or cancelled license shall not be eligible to apply for a new license for a period of not less than one hundred eighty (180) days. The one hundred eighty (180) day period shall be determined by either the date insurance on file expires or the date a violation is discovered, whichever occurrence is later.~~

## **165:30-15-9. Identification device [AMENDED]**

- (a) Every private motor carrier operating upon the public highways of the State of Oklahoma shall obtain and display a current identification device issued by this Commission, for each power unit operated by said private motor carrier and make it available for inspection upon request.
- (1) Only one (1) identification device is required for each power unit.
  - (2) The annual fee for each identification device will be as prescribed by law or Commission rule.
  - (3) Identification devices shall expire simultaneously with the expiration date of the annual license issued to the motor carrier.
- (b) No identification device may be sold or otherwise transferred.
- (c) Identification devices found to be in the possession of a carrier not authorized will be confiscated and returned to the Commission by the motor carrier enforcement officer.
- (d) No identification devices will be issued to any private motor carrier who does not meet all statutory, regulatory and Commission requirements.
- ~~(e) Identification device(s) must be acquired prior to the expiration of each annual expiration of a multiple year renewal license to extend the motor carrier license. Failure to timely acquire the identification device(s) will cause the motor carrier license to expire. Failure to acquire the identification device(s) within 30 days of the expiration of the license will cause the motor carrier license to automatically expire and become subject to reinstatement rules as prescribed in OAC 165:30-3-103.~~

## **SUBCHAPTER 17. HAZARDOUS WASTE TRANSPORTERS**

### **PART 1. GENERAL PROVISIONS [REVOKED]**

#### **165:30-17-1. Purpose and applicability [REVOKED]**

- ~~(a) The rules in this Subchapter are intended to implement a uniform registration and permitting program for motor carriers who transport hazardous waste in interstate or intrastate commerce of a type and amount that requires the shipment to be accompanied by a Uniform Hazardous Waste Manifest contained in 40 CFR, Part 262; and to conform to the procedures and requirement contained in the report submitted to the secretary of transportation pursuant to Section 22 of the HMTUSA by the Alliance for Uniform Hazardous Materials Transportation Procedures (49 USC app 1801-1813 amended by Sec. 20).~~
- ~~(b) The rules in this Subchapter are intended to reflect or complement the procedures as set forth by the Alliance. In the event of conflict, the procedures as set forth by the Alliance will prevail.~~

(c) Motor vehicles owned and operated by a local, state, or federal government, or any other political subdivision, are not subject to the provisions of this Subchapter.

(d) The Transportation Division may enter into agreements with federal agencies, a national repository or other participating states as necessary to allow the reciprocal registration and permitting of motor carriers transporting hazardous waste. The agreements may include procedures for determining a base state, the collection and distribution of registration fees, dispute resolution, the exchange of information for reporting and enforcement purposes, and other provisions necessary to fully implement, administer and enforce the uniform program.

(e) This Subchapter preempts and supersedes any hazardous waste transportation registration or permitting program administered or enforced by any state agency, city, county, or other political subdivision of the state.

### **165:30-17-2. Cooperation with other base states [REVOKED]**

—The Commission will cooperate with other base states in exchanging information and transmitting funds relating to motor carriers registered and permitted under the Alliance.

## **PART 3. APPLYING FOR HAZARDOUS WASTE REGISTRATION AND PERMIT [REVOKED]**

### **165:30-17-11. Selection of base state [REVOKED]**

(a) A motor carrier transporting or intending to transport hazardous waste in and/or through a participating state must register and/or permit in a participating state.

(b) If the motor carrier's principal place of business is in a participating state, the motor carrier must use its principal place of business state as its base state.

(c) If the motor carrier's principal place of business is not in a participating state, the motor carrier shall select the participating state in which it operates the most miles (based upon IRP percentages).

(d) A motor carrier's base state may change due to the motor carrier changing its principal place of business or due to the entry of new states into the uniform program. Procedures set forth by the Alliance will be followed as it pertains to the changing of a motor carrier's base state.

### **165:30-17-12. Obtaining a hazardous waste registration and permit [REVOKED]**

(a) A motor carrier with its principal place of business in Oklahoma, or that designates Oklahoma as its base state, shall register as a hazardous waste transporter with and obtain a permit from the Commission before transporting a hazardous waste in or through Oklahoma. A motor carrier that designates another participating state as its base state shall register as a hazardous waste transporter and obtain a permit from that state before transporting a hazardous waste in or through the state of Oklahoma.

(b) A motor carrier who engages in interstate or intrastate transportation of a hazardous waste and who is required to register its hazardous waste transportation in Oklahoma shall file parts I, II and IV of the uniform application (UPW) with the Commission and pay the prescribed fees for registration and permits for its Oklahoma waste transportation as well as fees for reciprocal states.

(c) Upon a motor carrier's compliance with this Subchapter, the Commission shall issue a Hazardous Waste Registration and/or Permit to the motor carrier within ninety (90) days. Motor carriers must maintain valid liability insurance on file with this Commission in accordance with OAC 165:30-3-11. Failure to do so shall subject the registration or permit to revocation.

(d) The Commission shall not issue a registration or permit to a motor carrier if the Commission determines that a motor carrier's conduct would constitute grounds for suspension or revocation under this Subchapter. The Transportation Division may elect to request additional information from the motor carrier to support the motor carrier's application for registration and/or permit. Additional information requested shall be based upon the motor carrier's compliance with the federal motor carrier safety regulations.

(e) A registration is valid for one (1) year and a permit is valid for three (3) years unless the motor carrier fails to renew its registration, the permit is suspended or revoked or there is a substantial change in the motor carrier's operations during the permitting period.

(f) Each motor carrier shall file a Part I - Registration of the uniform application (UPW - Part I) on an annual basis. However, for the first year after the effective date of this Subchapter, the Transportation Division may stagger the registration date for motor carriers. Registration fees shall be apportioned for any quarterly time frame exceeding one (1) year.

# Permanent Final Adoptions

---

(g) Each motor carrier shall additionally file a Part II - Permitting of the uniform application (UPW - Part II) every (3) three years. However, for the first year after the effective date of this Subchapter, the Transportation Division may divide the total pool of applicants to be granted a uniform permit into three (3) classes. The first class may be granted uniform permits with a term of one (1) year; the second class may be granted uniform permits with a term of two (2) years; and the third class may be granted uniform permits for three (3) years. Permit fees shall be apportioned for any permit time not equaling a three (3) year time frame.

(h) Each uniform registration and permit application shall contain certification by a responsible official of the applicant who is authorized to certify applications for registrations and permits on behalf of the applicant. Such certification shall contain the following statement, "I certify that, to the best of my knowledge and after due investigation, the information contained in this application is true, accurate, and complete" and shall contain the name, title, and telephone number of the official certifying the application. Such certification must be signed and dated by the official certifying the application.

(i) No registration or permit shall be issued to a motor carrier with outstanding fines owed to another state agency.

(j) A registered and permitted motor carrier shall maintain a copy of its valid registration and permit for Hazardous Waste in each vehicle when transporting a hazardous waste.

(k) The hazardous waste registration and permit are nontransferable.

## 165:30-17-13. Filing of proof of proper liability insurance [REVOKED]

—— All motor carriers shall comply with the provisions of 165:30-3-11.

## 165:30-17-14. Letter of filing [REVOKED]

(a) A motor carrier may provide a written request for a letter of filing that, if issued, will allow a motor carrier to operate in the base state and reciprocal states for a period of up to 90 days while the motor carrier's application for registration and permit is being processed.

(b) The Commission shall not issue a letter of filing to a motor carrier until the motor carrier has complied with initial requirements of this Subchapter pending staff's review of the motor carrier's safety compliance. The letter of filing may be rescinded if the motor carrier fails to fully comply with all requirements of this Subchapter.

(c) A letter of filing cannot be issued by the Commission to a motor carrier whose principal place of business is located in a reciprocal state or to a motor carrier who is currently registered with a reciprocal state.

(d) A copy of the letter of filing shall be carried in each vehicle transporting hazardous waste operated by the applicant.

## 165:30-17-15. Filing fee calculation [REVOKED]

(a) Part I of the uniform application, (UPW - Part I) requires a processing fee of \$50.00 and must be submitted annually for renewal of registration. An amount, as set forth by the Alliance, shall be added to the annual registration processing fee to be collected by the Commission and remitted to the Alliance.

(b) Each motor carrier shall submit with its registration application a double apportioned vehicle waste transporter registration fee which shall be equal to the percentage of Oklahoma transportation (IRP %) multiplied by the total number of vehicles the motor carrier operates, rounded up to the next whole number, multiplied by the percentage of the motor carrier's total hazardous waste activity multiplied by a per-vehicle fee of \$100.00.

(c) A motor carrier may use data from its most recently complete fiscal year or the most recent complete calendar year in calculating the percentages required in this Subchapter for transportation conducted during the previous year.

(d) Part II of the uniform application, Permitting, requires a permit review fee of \$500.00.

(e) Fee calculation for reciprocal states is found in the Uniform Program Fee Worksheet (Schedules A - D and Summary) of the uniform application.

## 165:30-17-16. Ownership of registration and permit [REVOKED]

—— Hazardous waste permits shall be considered personal to the holder thereof and shall be issued only to some definite legal entity. The motor carrier may list a single trade name provided the trade name is not a definite legal entity. Permits are not subject to lease, nor shall the holder thereof sublet or permit the exercise, by another.

## PART 5. CONDUCTING OPERATIONS [REVOKED]

## 165:30-17-31. Shipping documentation [REVOKED]

—— Each shipment shall be accompanied by a uniform hazardous waste manifest as specified in 40 CFR, Part 262 or other manifest as required by the state.

---

# Permanent Final Adoptions

## 165:30-17-32. Markings [REVOKED]

~~— All motor carriers shall comply with the provisions of 165:30-3-17.~~

## 165:30-17-33. Leasing of equipment [REVOKED]

~~— All motor carriers engaged in interstate commerce will be required to carry a copy of the lease contract in each and every power unit.~~

## 165:30-17-34. Name changes [REVOKED]

(a) Any change in legal identity of the holder of a hazardous waste, except as provided in subsections (b), (c) or (d) below, including but not limited to incorporation or dissolution of a corporation, formation or dissolution of a partnership or creation or dissolution of a trust, shall require an original application for a registration and permit.

(b) Incorporation by a sole proprietor in which the sole proprietor is the majority shareholder of the corporation, limited liability corporation or limited liability partnership shall be deemed a name change. Incorporation by a partnership in which the partners are the majority shareholders of the corporation shall be deemed a name change.

(c) A change in legal entity from a corporation, limited liability corporation or a limited liability partnership to a sole proprietorship, a partnership, a limited liability corporation or a limited liability partnership in which the sole proprietor, partners or shareholders hold the majority of all issued and outstanding shares of the corporation shall be deemed a name change.

(d) The merger of two or more corporations in which the survivor is the holder of a current license shall be deemed a name change.

(e) The transfer of stock in a corporation that shall result in any entity controlling fifty-one percent (51%) or more of the aggregate number of voting shares of the corporation shall not be deemed a name change.

(f) A request for a name change shall be in writing and shall be accompanied by copy of the Certificate of Incorporation, Amended Certificate of Incorporation or similar documentation (if applicable) and a \$50.00 name change filing fee. The request for name change must be signed by the owner (if an individual). If a partnership is adding or removing a partner(s) all partners (whether existing, added or removed) must sign the request and current demographics information must be provided. If a corporation has amended its name, a corporate office must sign the request. If the officers of the corporation have changed, a listing of all officers including the email, mailing and physical addresses of each must additionally be attached to the request.

(g) Proper insurance filings or bonds must be placed on file with this Commission reflecting the new name.

(h) The employment of incorporation, change of name or similar action directly or indirectly as a device to circumvent the rules of this Subchapter is prohibited.

## 165:30-17-35. Address changes [REVOKED]

~~— A motor carrier shall notify the Commission in writing of any change in the motor carrier's email, mailing or physical address or telephone number.~~

## PART 7. VIOLATION, SUSPENSION OR REVOCATION OF A PERMIT

## 165:30-17-54. Reinstatement of a hazardous waste permit [REVOKED]

~~— If the permit holder believes the Commission has revoked its permit without good cause, the registrant may petition the Commission for relief, as prescribed in the Commission's Rules of Practice, OAC 165:5.~~

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF JULY 11, 2025:**

## SUBCHAPTER 1. GENERAL PROVISIONS

### 210:1-1-2. Definitions [AMENDED]

The following words and terms, when used in this Chapter, shall have the following meaning, unless the context clearly indicates otherwise:

**"Administrator"** means a duly certified person who devotes a majority of time to service as a superintendent, principal, vice principal, or in any other administrative or supervisory capacity in a school district.

**"Nonreemployment"** means the nonrenewal of a teacher's contract upon expiration of the contract (end of school term).

**"Policies"** means principles adopted by the State Board of Education (Board) to help it identify and select actions to guide and determine its present and future decisions.

**"Policy of evaluation"** means a school district's policy, developed pursuant to 70 O.S. § 6-101.10, describing the total teacher and administrator evaluation system including the purposes of evaluating, the criteria to be used as standards, and the procedure to be followed in implementing the evaluation process.

**"Procedures"** means actions specified by rules and regulations to be followed in carrying out a policy or law. It may also mean processes used in the implementation of a program.

**"Professional development program"** means the program mandated by 70 O.S. § 6-194 for the continuous improvement and enrichment of the certified teachers and administrators of this state.

**"Revocation"** or **"revoked"** means the invalidation of a teacher or administrator certification by the State Board of Education pursuant to due process procedures provided for by applicable laws and regulations.

**"Student teacher"** means any student who is enrolled in an institution of higher learning approved by the State Board of Education for teacher training and who is jointly assigned by such institution of higher learning and a school district's board of education to perform practice teaching under the direction of a regularly employed and certified teacher. A student teacher, while serving an internship under the supervision of a certified teacher, shall be accorded the same protection of the laws that accorded the certified teacher.

**"Suspension"** or **"suspended"** means temporary discontinuance of a teacher or administrator certification pursuant to 75 O.S. § 314, upon a finding by the State Board of Education that public health, safety, or welfare imperatively requires emergency action.

**"Teacher"** means ~~any individual who has been issued a certificate by the Board in accordance with the rules and regulations of the Board, and who falls under the definition of "Teacher" at 70 O.S. § 1-116;~~ any person who holds a valid certificate issued by and in accordance with the rules of the State Board of Education and who is employed to serve as district superintendent, principal, supervisor, counselor, librarian, school nurse, coach, athletic trainer, or classroom teacher or in any other instructional, supervisory or administrative capacity; or all persons holding proper certificates and connected in any capacity with the instruction or supervision of students.

### 210:1-1-3. Powers, duties, and officers [REVOKED]

(a) **Agencies of the department.** In Oklahoma, the State Department of Education is that department of the State Government in which the agencies created or authorized by the Constitution or Legislature are placed and charged with the responsibility of determining the policies and directing the administration and supervision of the public school system of the state. These agencies are the State Board of Education, the State Superintendent of Public Instruction, and such divisions and positions as may be established by law and by the State Board of Education [70-1-105].

(b) **Composition of Board.** The State Board of Education is that agency in the State Department of Education which is the governing Board of the State Department of Education and the public school system of the state [70-1-105]. This Board consists of seven members. The State Superintendent of Public Instruction who is elected for a four-year term by the people, serves as a voting member and the President of the Board. The remaining six members are appointed by the Governor and confirmed by the Senate and serve staggered, overlapping six-year terms. A term expires each year on April 1 [70-3-101].

# Permanent Final Adoptions

---

~~(c) State Board members also members of State Vo-Tech Board.~~ The State Board of Education members and the Superintendent of Public Instruction are also ex-officio voting members of the State Board of Vocational and Technical Education. The State Superintendent of Public Instruction is chair of the State Board of Vocational and Technical Education [70-14-101].

~~(d) Policies, rules, and regulations of State Vo-Tech Board.~~ Policies, rules, and regulations adopted by the State Board of Vocational and Technical Education are published in a separate manual. This manual entitled, POLICIES AND PROCEDURES FOR VOCATIONAL AND TECHNICAL EDUCATION is published by and may be obtained from the State Department of Vocational and Technical Education, Stillwater.

## 210:1-1-5. Administrative office [AMENDED]

~~—(a) The State Board of Education Administrative Office consists of the may appoint a Chief Executive Secretary to the Board who also serves the State Board of Vocational and Technical Education and who is appointed by the State Board of Education, but is not an official voting member of either the Board [70-3-104 & 34], the Administrative Assistant, and the Secretary.~~

~~(b)(1)~~ Duties of the Chief Executive Secretary. Under the direction of the Board's Executive Officer, the Chief Executive Secretary performs duties for the Board in carrying out its legal functions as follows:

- ~~(A)1~~ collects copies of materials to be discussed at ensuing meetings and distributes same to Board members in advance;
- ~~(B)2~~ prepares agendas, reports, resolutions, and other backup information for Board meetings and hearings, and makes all other necessary meeting arrangements;
- ~~(C)3~~ is responsible for all correspondence; mailouts to board members, such as electronic mail, legislative update, and board agenda materials; transcriptions and certification of minutes; monitoring teacher hearing procedures and maintaining hearing records; and for keeping an accurate record of the proceedings of Board meetings and hearings [25-312 & 436];
- ~~(D)4~~ files a schedule of Board meetings in advance with the office of the Secretary of State; gives written notice, displays a public notice and agenda of all Board meetings showing date, time, and place [25-311.1 & 435.1];
- ~~(E)5~~ publishes all rules and regulations with any proposed amendments or additions which are filed with the Governor, State Librarian and Archivist, President Pro Tempore of the Senate, and the Speaker of the House;
- ~~(F)6~~ supervises the maintenance of all files of the State Board including Tax-sheltered Annuity Contracts, Minutes, Certified Copies of Policies, Rules, and Regulations, Teacher Hearing Records, Tapes, etc.;
- ~~(G)7~~ gives new-member orientation to all new Board members;
- ~~(H)8~~ supervises office personnel in the Board Administrative Office, establishing office procedures;
- ~~(I)9~~ is responsible for the Seal of the State Board to attest and affix the Seal on all contracts, resolutions, and other important legal documents.
- ~~(J)10~~ prepares the minutes and other board records for transfer to the State Archives and State Records Center.
- ~~(K)11~~ maintains biographical sketches of Board members and keeps Board member pictures current in boardroom display;
- ~~(L)12~~ makes travel arrangements for Board members and prepares and notarizes travel claims;
- ~~(M)13~~ provides technical assistance and training for local boards and their staff and other organizations on Board procedures;
- ~~(N)14~~ serves as liaison with National Association of State Boards of Education (NASBE);
- ~~(O)15~~ monitors the teacher due process hearing procedures, as required by law;
- ~~(P)16~~ prepares an annual report on teacher hearing cases, including dispositions, and costs;
- ~~(Q)17~~ notifies the Governor in the event the Board grants approval for a local school district to change its status from dependent to independent; and
- ~~(R)18~~ performs all other duties pertaining to ~~this~~the office as the Board or the Executive Officer, or his designee, directs.

~~(2) Duties of the Administrative Assistant. Assists the Chief Executive Secretary in:~~

- ~~(A) preparing agendas, agenda books, agenda materials prior to the meetings, then files agenda materials following the meetings;~~
- ~~(B) preparing legal rules and regulations, listing and filing in proper places and with proper authorities;~~
- ~~(C) writing draft of Board minutes and reporting Board business;~~
- ~~(D) composing correspondence and assisting in the development of publications and reports;~~
- ~~(E) monitoring and up-dating office procedures manual and legal datelines;~~
- ~~(F) coordinating due process hearing arrangements;~~
- ~~(G) making technical adjustments for Board meetings;~~

- (H) opening and directing mail;
  - (I) obtaining reservations for Board members and staff;
  - (J) assisting the Secretary in duties of that position as time schedules and workload demands.
- (3) Duties of the Secretary. Provides for the Board's Administrative Office:
- (A) compilation of agenda books and materials, and mailing agenda packets;
  - (B) technical preparation of rules and regulations;
  - (C) drafting and typing of minutes, and typing manuscripts, notices, and correspondence;
  - (D) distribution of minutes of meetings and maintaining updated minute lists and labels;
  - (E) posting of agenda and meeting notices and issuing reservation notices for parking;
  - (F) creating and compiling due process hearing files;
  - (G) pick-up and delivery of mail;
  - (H) processing of requisitions, supplies, travel claims, and tax-sheltered annuities;
  - (I) professional receptionist and clerical assistance;
  - (J) assisting the Administrative Assistant in duties of that position as time schedules and workload demands.

## 210:1-1-6. Meetings [AMENDED]

- (a) **Parliamentary procedures.** Parliamentary procedures will follow Roberts' Rules of Order, Revised, and the President of the Board may serve as parliamentarian, if so desired.
- (b) **President pro tempore.** In the President's absence, he or she may designate, in his or her sole discretion, another member of the Board to serve as President pro tempore of the meeting. If the President fails to designate a chairperson due to extenuating circumstances, the Deputy State Superintendent shall designate the President pro tempore of the meeting.
- (c) **Voting by proxy.** No voting by proxy is permitted [A.G. Opin. 82-7, January 20, 1982.]
- (d) **Transaction of business.** Only at meetings are official decisions made and business transacted. Decisions shall be decided by motion and seconded, followed by roll call vote and such vote shall be publicly cast and recorded on all minutes of the Board [25-305].
- (e) **Committees.** The Board shall generally act as a committee of the whole. However, subcommittees may be appointed by the President of the Board on a specific task. Such committees are subject to the same requirements of the Open Meeting Law, as applicable, regarding the filing of date, time, place, and agenda of the meeting as well as the advance public satisfaction and voting requirements as for regular, rescheduled, continued or reconvened, or special meetings.

## 210:1-1-7. Purpose [AMENDED]

- (a) This chapter outlines the context of the agency responsible for public education by describing the State Board of Education, their powers and duties, rules of practice, due process policies and procedures, the general principles by which the State Department of Education operates and the structural organization of the Department.
- (b) The contents of this Chapter shall in no way be construed as the basis of, or as instituting any contractual rights between the State Board of Education and any person or employee. Of necessity, it cannot be complete in all detail and cannot, through error or omission, restrict the lawful powers of the State Board of Education. If it in any way conflicts with ~~State Statutes~~ any federal law or law of the State of Oklahoma, the law ~~will~~ shall take precedence and prevail.

## SUBCHAPTER 3. DEPARTMENTAL PRECEPTS

### 210:1-3-1. Nature [AMENDED]

- (a) The rules found in this Subchapter are State Board of Education rules of a general nature that are pertinent to the operation of the Board and the State Department of Education and in respect to the establishment and operation of a school district. ~~Rules of school district operational concerns or on specific subject matters such as finance, transportation, exceptional students, and curriculum will be found listed under each appropriate Chapter. Copies of such rules may be obtained by contacting the appropriate administrative section.~~
- (b) Except where specified differently by law, members on advisory councils shall be recommended by the Superintendent or Executive Officer of the Board. ~~Names are usually solicited from subordinate administrators and other knowledgeable leaders. Where special parent advisory councils or other committees are required, this Board expects the law, whether federal or state, to be enforced and the council established.~~
- (c) Advisory council members who are performing substantial and necessary service may be reimbursed for such expenses, according to the State Travel and Reimbursement Act (74-500.1-500.35), State Purchasing Laws (74-85), State Board rules and regulations, and local policies at the district level.

# Permanent Final Adoptions

---

## 210:1-3-5. Civil Rights [REVOKED]

(a) The State Board believes it is essential for the education process to include cultural awareness and sensitivity for a school age population which reflects diverse backgrounds, races, cultures and attitudes. [70-1210.201]

(b) In relation to women's equity, the State Board of Education policy is one expressing support and commitment to increasing the number of women in educational administration in the public schools of Oklahoma, prohibiting discrimination on the basis of sex in education programs and activities under its supervision, and providing technical assistance and staff improvement activities for state and local education agency staffs to comply with desegregation and affirmative action requirements. Furthermore, as stated in the Affirmative Action Plan, the State Board of Education does not discriminate on the basis of race, color, national origin, sex, age, religion, handicap, or status as a veteran in the employment of personnel, provision of services, use of facilities, organization of group activities, and other similar benefits in any of its programs, policies or practices. It further assures that no new commitments for federal financial assistance under such programs will be made to school districts unless an assurance of compliance, a court order, or a plan of desegregation has been filed.

(c) The compliance documents enumerate methods of administration to assure compliance and list procedures for evaluating and handling complaints filed with the Board.

## 210:1-3-11. Open Records Act [AMENDED]

(a) **Official records.** All files, records, minutes, proceedings, rules, documents, decisions, opinions, written statements of policy, and written materials of any other nature required by law to be maintained by the State Board of Education or the State Department of Education and not otherwise exempt from public disclosure pursuant to the provisions of state and/or federal law shall be made available promptly for public inspection, copying, or mechanical reproduction upon reasonable notice during regular business hours in accordance with the provisions of the Open Records Act at 51 O.S. § 24A.1 et seq. and the procedures set forth below. Official records shall mean record as defined in Title 51 O.S. § 24A.3(1) or any successor statute.

(b) **Records subject to disclosure.** Any document that comes within the statutory definition of a "record" and is not required to be kept confidential by State or federal law, or otherwise exempt from disclosure pursuant to the Open Records Act will be available for inspection and copying between the hours of 8:00 a.m. and 4:30 p.m. Monday through Friday, except state holidays, at the location where the records are housed, which is generally the Oliver Hodge Education Building, 2500 North Lincoln Boulevard, Oklahoma City. Records subject to disclosure shall mean records subject to disclosure under the Open Records Act.

(c) **Procedure for records requests.** Any individual or group seeking access to public records maintained by the State Board of Education or the State Department of Education ~~shall~~ should submit a written request to the State Department of Education Office of Legal Services, by fax, email, regular mail or in person. In order to provide prompt, reasonable access to records, to ensure that records requests are accurately communicated to the records custodian, and to enable the records custodian to accurately process the request, it is recommended that records requests ~~be submitted in writing.~~ In addition, all records requests must comply with the following provisions:

(1) All records requests ~~must~~ should include:

- (A) Identification of the individual and/or entity making the request;
- (B) If the Requester is an entity rather than an individual, a name of a contact authorized to communicate with the records custodian on behalf of the Requester;
- (C) Sufficient contact information at which the Requester may be contacted by the records custodian to comply with the records request procedures set forth in this Section;
- (D) A description of the records requested with sufficient detail necessary to enable the records custodian to reasonably identify whether records responsive to the request exist;
- (E) Whether the Requester seeks copies of any or all of the records requested and if so, whether the Requester seeks certified copies of any or all of the records requested; and
- (F) If the Requester claims the public interest exemption from search fees in accordance with the provisions of (d) of this Section, all information necessary for the records custodian to determine the applicability of the exemption.

(2) An Open Records Act request form is provided on the OSDE website. The form may be submitted by email, fax, or regular mail via the addresses stated on the form. ~~The form may also be obtained by writing to the Oklahoma State Department of Education Office of Legal Services, Oliver Hodge Education Building, 2500 N. Lincoln Blvd., Room 117, Oklahoma City, OK 73105.~~

(3) Requests submitted will not be deemed to have been received unless and until the request has been identified as a request properly filed in accordance with the provisions of the Oklahoma Open Records Act at 51 O.S. § 24A.1 et seq. ~~and the procedures set forth in this Section.~~

- (4) Within a prompt and reasonable time of the date of receipt of the request, the records custodian shall review the request, seek any additional information from the Requester necessary to clarify the request, and shall ascertain whether any records responsive to the request exist.
- (5) In addition, the records custodian shall promptly notify the Requester of the following:
- (A) Whether the request complies with ~~the provisions of this Section and~~ the provisions of the Open Records Act;
  - (B) ~~Whether records responsive to the request exist, and if so, the records custodian shall instruct the Requester to confirm the record custodian's interpretation of the request.~~ If the records custodian believes the request does not comply with the Open Records Act, the records custodian shall notify the requestor within a reasonable amount of time;
  - (C) ~~If records responsive to the request exist and require an additional search of data necessary to identify and/or locate individual records of persons, whether the search will incur any fees and costs pursuant to (d) of this Section and if so, an estimate of search fees;~~
  - (D) ~~If the Requester asks to be provided copies of the requested records in lieu of inspection, an estimate of the costs of copying the records requested as necessary to deliver the responsive records to the Requester;~~
  - (E) That processing of the request will not begin until any applicable records search fees and costs of copying have been received by the agency; and
  - (F) In the event the actual costs of copying and/or certification of records exceed the estimate provided and the amount of payment actually received from the Requester, that payment of any balance due from the Requester may be required prior to delivery of the requested records.
- (6) All records requests will be deemed to have been received and processing of the request will begin when one of the following conditions is met:
- (A) If payment of search fees or copying costs is required, upon receipt of:
    - (i) The fees and costs due; and
    - (ii) Receipt of any additional information necessary from the Requester to clarify and/or process the request; or
  - (B) If payment of search fees or copying costs is not required, upon receipt by the records custodian of:
    - (i) The Requester's confirmation of the request required by (7) of this subsection; and
    - (ii) Receipt of any additional information necessary from the Requester to clarify and/or process the request.
- (7) Any request not confirmed by receipt of the requisite search fee within thirty (30) calendar days of the written notification set forth in (5) of this subsection ~~shall~~ may be deemed to be abandoned, unless, within the time stated, the Requester can show cause why the confirmation should be delayed or postponed.
- (8) If the Requester fails to furnish additional information reasonably necessary to identify the records sought or otherwise enable agency personnel to accurately process the request, any further processing of the request may be suspended by the records custodian. A request that remains suspended for a period of forty-five (45) calendar days or more ~~shall~~ may be deemed abandoned.
- (d) Fees for record searches and copies of records.** ~~Fees and costs associated with record searches and providing copies of records shall be determined in accordance with the following procedures: The requesting party shall pay a fee for copies. Said fee shall be twenty-five cents (25¢) per page, twelve dollars (\$12.00) per 3½-inch diskette, and \$1.00 per page for certified documents. Copies provided via FAX machine cost \$1.00 per page, regardless of the destination of the Faxed copy. For commercial requests or those that would cause excessive disruption of office function, such as documents that are archived, either internally or with the Oklahoma Archives and Records Commission, a search fee will be charged based upon the hourly rate of the individual(s) searching for, and locating, the requested records.~~
- (1) Fees to recover reasonable and direct costs of record searches.** Requests that are either solely for commercial purposes or requests that cause an excessive disruption of the essential functions of the agency are subject to fees for recovery of the reasonable, direct costs of record searches in accordance with the provisions of 51 O.S. § 24A.5(3), provided that no search fee will be charged when the release of records is in the public interest, including, but not limited to, release to the news media, scholars, authors and taxpayers seeking to determine whether those entrusted with the affairs of the government are honestly, faithfully, and competently performing their duties as public servants.
  - (2) Fees to recover reasonable and direct costs of record copies.** Requests that are either solely for commercial purposes or requests that cause an excessive disruption of the essential functions of the agency are subject to fees for recovery of the reasonable, direct costs of copying records in accordance with the provisions of 51 O.S. § 24A.5(3).

# Permanent Final Adoptions

---

(A) For purposes of this paragraph, "copying" of a record may include costs of:

- (i) Mechanical reproduction of a paper record ("hard copy"); or
- (ii) Conversion of a record into an electronic format (e.g., .pdf) as necessary for delivery to the requester.

(B) In no instance shall the fee per page fee for copies of documents exceed the amount set forth in 51 O.S. § 25A.5(3).

(C) The State Superintendent of Public Instruction is authorized to periodically review and adjust the rates that will be charged for providing copies of records in accordance with state law. Those rates will include costs for record copies, document searches and transcript rates. The rates will be posted at the Oliver Hodge building and filed with the country clerk as required by law.

(D) All fees and/or costs shall be paid by the Requester prior to delivery of the response to the request. All fees must be paid by check or money order payable to the Oklahoma State Department of Education. No cash will be accepted.

(e) **Processing and response times.** The agency will provide prompt, reasonable access to records in accordance with the requirements of 51 O.S. § 25A.5(5). The period of time considered prompt and reasonable is dependent upon a number of variable factors including, as noted in the Open Records Act and case law annotations, but not limited to:

(1) The scope and complexity of the request;

(2) Whether the workload of the agency or agencies necessary to respond to the request permits a response to the request without excessive disruption of essential services of the agency/agencies;

(3) Whether the records request includes:

(A) A sufficiently detailed description of the request by the requestor necessary for the agency to ascertain the existence of records responsive to the request;

(B) Records or portions of records deemed confidential by state and/or federal law which must be removed or redacted in order to permit inspection of the records;

(4) Whether the Requester requested copies of the records and if so, whether the Requester has paid applicable fees and/or costs set forth in (d) of this Section;

(5) Whether additional steps by the agency must be taken in order to ensure that inspection, copying, and/or response to the records can be provided without jeopardizing the integrity and organization of the records; and

(6) Whether student data is included within the scope of its request, and if so:

(A) Time necessary to de-identify and aggregate student data in accordance with the requirements of the Federal Educational Rights and Privacy Act (FERPA) at 20 U.S.C. § 1232g et seq. and accompanying regulations; the Student Data Accessibility, Transparency and Accountability Act of 2013 at 70 O.S. § 3-168 and accompanying regulations; or any other applicable provisions of state or federal law pertaining to confidentiality of records; or

(B) Time necessary to obtain approval of the State Board of Education in accordance with the requirements of the Student Data Accessibility, Transparency and Accountability Act of 2013 at 70 O.S. § 3-168 and accompanying regulations.

(f) **Requests for agency public information.** Certain employee personnel records are confidential and not subject to the Oklahoma Open Records Act, including employee evaluations, payroll deductions, applications submitted by persons not hired by the State Board of Education ("Board") or the State Department of Education ("Department"); internal personnel investigations including examination and selection material, employees' home addresses, telephone numbers, and social security numbers, medical and employee assistance records, and other personnel records where disclosure would constitute a clear invasion of privacy. Personnel records information that are subject to release are the application of a person who becomes an employee of either the Board or the Department, gross receipt of public funds, dates of employment, title or position and any final disciplinary action resulting in loss of pay, suspension, demotion or termination.

## SUBCHAPTER 5. DUE PROCESS

### 210:1-5-3. Declaratory ruling Petition requesting promulgation, amendment or repeal of a rule [AMENDED]

(a) Any person affected either by a rule adopted and promulgated by the State Board of Education, or the lack of a rule and regulation may petition the State Board of Education to promulgate, adopt, amend or repeal a rule pursuant to 75 O.S. § 305 and in accordance with this section.

(1) The petition must be in writing and submitted to the Secretary of the State Board of Education and shall include:

(A) the proposed amendment, promulgation, or repeal of a specific rule;

(B) the reason for the petition to repeal, promulgate, or amend a rule; and

(C) the effect that the repeal, amendment, or promulgation of the rule would have on the petitioner.

(2) The petitioner must print his or her name, address, and telephone number on the petition, and it must be signed by the petitioner.

(3) The petitioner will be notified by regular mail if rulemaking proceedings are initiated.

(4) A petition for rulemaking will be deemed denied if the State Board of Education has not initiated rulemaking proceedings within thirty (30) calendar days after the petition is submitted.

**-Request for ruling.** Any person affected by any rule or order promulgated or issued by the Board or one of its authorized agents may request in writing to petition the Board for an interpretation or ruling regarding the application of such a rule or order to the facts furnished with the request:

**(b) Filing and contents of petition.** The petition shall be styled similarly to an ex parte petition filed in a court of law in this state, and shall be filed with the Secretary of the Board in triplicate. It shall state fully, clearly and concisely the rule or order involved or affected, and state the facts giving rise to the need for such ruling, giving all pertinent data necessary for consideration:

**(c) Consideration of the petition by board; refusal to issue ruling:**

(1) The petition will be considered preliminarily at the next regular meeting of the Board or at a subsequent meeting:

(2) In either event, the petitioner shall be notified promptly of the date by the Secretary, and shall be entitled to be present in person or represented by counsel. At this meeting the Board shall determine whether or not to issue a ruling or to continue the matter for hearing upon the petition. The Board may refuse to entertain a petition for a declaratory ruling if it determines that the facts stated in the petition do not afford an adequate basis therefore, or that the experience under the rule or order is not adequate to enable it to make an effective or proper ruling, or that the request is premature, or that the request is one that should be handled through rule-making procedure, or that there exist other conditions rendering a declaratory ruling inopportune, similar to, though not necessarily identical to, the conditions justifying a court in refusing to enter a declaratory judgment. If the Board determines to entertain the petition for the declaratory ruling, it may issue the ruling at its meeting or it may continue the matter to a day certain for further consideration and for hearing of evidence and argument if necessary. If the applicant is not represented at the preliminary consideration, he/she shall be notified of the ruling if one is issued, in accordance with the rules respecting notice of orders; or, if the matter is continued, applicant shall be notified of the continuance in accordance with the rules respecting notice of hearings in individual proceedings. If the applicant is present or is represented at the preliminary consideration, no further notice of the subsequent hearing than announcement in open meeting is necessary; but the applicant shall receive a written copy of any ruling that is issued, as in the case of orders.

**(d) Request for formal hearing.** A petitioner for a declaratory ruling, in his/her petition prior to or at the preliminary consideration, may request a formal hearing at which to present evidence in support of the petition, setting forth the substance of the facts to be proved, if they do not appear in the petition. The Board thereupon will set the matters for formal hearing and notice shall be given as prescribed in 210:1-5-2.

**(e) Joining of other parties affected by rule.** If, at any time, it appears from the papers filed or from evidence adduced that the interests of persons other than the petitioner are so affected by the requested ruling that it is improper to entertain the proceedings without hearing them, the Board may refuse to issue a declaratory ruling, or in its discretion, it may require them to be made parties, and if the matter can be so handled consistently with the public interest and the efficiency of the Board's procedures, then in this event, notice shall be served upon them, as in individual proceedings, and the matter will be governed thereafter by the procedure applicable to individual proceedings, as described in 210:1-5-4.

**(f) Issuance of the ruling.** If the Board conducts a hearing upon a petition for a declaratory ruling, at the conclusion of the hearing it may issue the ruling or it may decline to do so upon any of the grounds specified heretofore or upon any other legal grounds:

### **210:1-5-6. Suspension and/or revocation of certificates [AMENDED]**

**(a) Application.** The rules and regulations of the State Board of Education governing the suspension and revocation of certificates apply to the following: superintendents of schools, principals, supervisors, librarians, school nurses, school bus drivers, visiting teachers, classroom teachers and other personnel performing instructional, administrative and supervisory services in the public schools. Except as otherwise specifically provided by law, the issuance or denial of a new certificate shall not be considered an individual proceeding subject to the process and procedures set forth in this Section.

**(b) Grounds for revocation.** A certificate shall be revoked only for:

(1) A willful violation of a rule or regulation of the State Board of Education, or the United States Department of Education; or

# Permanent Final Adoptions

---

- (2) A willful violation of any federal or state law, or
- (3) A conviction for any of the offenses or bases for revocation set forth in 70 O.S. §§ 3-104 or 3-104.1; or
- (4) For other proper cause, including but not limited to violation of the Standards of Performance and Conduct for Teachers at Chapter 20, Subchapter 29 of this Title.

(c) **Duty to report and refrain from illegal activity.** It shall be a violation of State Board of Education rules and regulations for any person holding a valid teaching certificate to be aware of and fail to report, or knowingly participate in any activity deemed illegal while participating in job-related activities of student organizations, athletic and scholastic competitions, fairs, stock shows, field trips, or any other activity related to the instructional program. Willful violation of (b)(1)-(b)(4) of this regulation or the failure to report or knowing participation in any activity deemed illegal may result in recommendation of revocation or suspension of the certificate, or such other penalty, as may be determined after due process by the State Board of Education.

(d) **Right to hearing on revocation of an existing certificate.** No certificate shall be revoked until the holder of the certificate has been provided with a copy of the application to revoke the certificate and opportunity for a hearing provided by the State Board of Education in accordance with the following procedures:

(1) **Filing of application to revoke a certificate.** An individual proceeding to revoke a certificate shall be initiated by filing an application to revoke a certificate. An application to revoke a certificate shall be filed with the Secretary of the State Board of Education by the State Department of Education. The application shall name the holder of the certificate to be revoked as the respondent in the action, and shall contain:

- (A) A statement of the legal authority and jurisdiction under which the applicant seeks to initiate the proceeding and the hearing is to be held;
- (B) A reference to each particular statute and/or rule involved;
- (C) A short and plain statement of the allegations asserted; and
- (D) A statement of the facts alleged to give rise to the revocation. The application shall also state a proposed effective date for the relief requested (e.g., revocation), which shall be set no earlier than forty-five (45) calendar days from the date the complaint is filed.

(2) **Informal disposition.** Informal disposition of the application to revoke a certificate may be made by stipulation, agreed settlement, consent order, or default, unless otherwise precluded by law. Written notice signed by each party or counsel representatives shall be delivered to the Secretary of the State Board of Education prior to the time of the scheduled hearing.

(3) **Notice to parties.** Service of notice or process may be accomplished as follows:

(A) Personal delivery. Personal delivery may be accomplished by service by a sheriff or deputy sheriff, a person licensed to make service of process in civil cases, or a person specially appointed for that purpose. Personal service shall be made as follows: (1) upon the individual by delivering a copy of the notice and the petition, (2) or by leaving copies thereof at the certificate holder's dwelling listed mailing address.

(B) Service by Mail. Service by mail may be accomplished by mailing a copy of the notice and the petition by certified mail, return receipt requested and delivery restricted to the addressee. Service by mail shall not be the basis for the entry of a default or a judgment by default unless the record contains a return receipt showing acceptance by the certificate holder or a returned envelope showing refusal of the process by the certificate holder. Acceptance or refusal of service by mail by a person who is fifteen (15) years of age or older who resides at the certificate holder's mailing address shall constitute acceptance or refusal by the certificate holder.

(C) Service by Publication. Service by publication may be made when an attorney or investigator for OSDE verifies in the petition, or by separate affidavit, that with due diligence service cannot be made upon the certificate holder by any other method. Service pursuant to this paragraph shall be made by publication of a notice, signed by the Secretary of the Board of Education, one (1) day a week for three (3) consecutive weeks in a newspaper authorized by law to publish legal notices which is published in the county where the petition is filed. Within three (3) business days of the date the application to revoke a certificate is filed with the Secretary of the State Board of Education, the Secretary shall send a copy of the application along with a notice of intent to revoke the certificate by certified or registered mail, restricted delivery with return receipt requested, to the holder of the certificate. It is the responsibility of every certificate holder to notify the State Department of Education upon a change of address, and the mailing address on file for each certificate holder shall be presumed to be a proper address for service of notice. Service of notice of intent to revoke a certificate shall be deemed complete upon certified or registered mailing of the notice to the certificate holder's last known address. In

~~addition to the requirements of notice set forth at 75 O.S. § 309, the notice of intent to revoke the certificate shall include:~~

~~(A) A statement setting forth the proposed effective date of revocation of the certificate; and~~

~~(B) A statement advising the holder that if the holder fails to appear for a hearing and contest the revocation, the allegations in the application for revocation will be deemed confessed and the Board may issue a final order to effect revocation of the certificate as of the effective date proposed in the notice.~~

**(4) Response to application.** Any respondent intending to contest an application must notify the Secretary of the State Board of Education of their intent to contest the application within twenty-one days of service of the application. The respondent must file a responsive pleading that states whether the respondent agrees, disagrees, or is without sufficient information to agree or disagree with each numbered paragraph containing a factual allegation. Failure to timely respond will be deemed confession of the allegations in the application unless the State Board of Education excuses the delay.

**(e) Emergency Action.** Pursuant to 75 O.S. § 314, in the event the State Board of Education finds that public health, safety, or welfare imperatively requires emergency action, the State Board of Education may issue an emergency order summarily suspending a certificate pending an individual proceeding for revocation or other action. Such proceedings shall be promptly instituted and determined. Such an order shall include specific findings of fact specifying the grounds for the emergency action. Within three (3) business days of the issuance of the order by the Board, a copy of the order shall be sent to the holder of the certificate via certified or registered mail, delivery restricted to the certificate holder, with return receipt requested.

**(f) Hearing procedures.**

**(1) Hearing and appointment of a hearing officer.** Upon filing the application with the Secretary of the Board, the Secretary shall set the matter for a hearing. The Board, at its discretion, may utilize a hearing officer to conduct the hearing. If utilized, the hearing officer shall be appointed by the Chairperson of the Board.

**(2) Attendance of witnesses.** If the complainant, or the holder of the certificate wants any person to attend the hearing and testify as a witness, he/she shall notify the Chairperson of the State Board of Education at least fifteen (15) calendar days prior to the hearing, in writing, giving the name and address of the desired witness, and the Chairperson may cause the Secretary to thereupon issue a subpoena, by mail, to the desired witness to attend in accordance with the provisions of this subsection. Every person testifying at a revocation hearing shall be sworn to tell the truth. The parties to the hearing shall exchange witness and exhibit lists and any exhibits no later than fifteen (15) calendar days prior to the hearing.

**(3) Subpoenas.** Subpoenas and/or subpoenas duces tecum may be issued in accordance with the following procedures:

**(A) Form and Issuance.** Every subpoena shall:

(i) state the name of the court from which it is issued and the title of the action, and

(ii) command each person to whom it is directed to attend and give testimony or to produce and permit inspection, copying, testing or sampling of designated books, documents, electronically stored information or tangible things in the possession, custody or control of that person, or to permit inspection of premises, at a time and place therein specified. A subpoena may specify the form or forms in which electronically stored information is to be produced.

(iii) issue from the administrative law court or tribunal where the action is pending, and may be served at any place within the state.

**(B) Service.** Service of a subpoena upon a person named therein shall be made by delivering or mailing a copy thereof to such person. If the person's attendance is demanded, by tendering to the witness a ten-dollar (\$10.00) witness fee, per day, and the mileage allowed by law. Witness fees and mileage may be paid at the conclusion of the hearing.

(i) Service of a subpoena may be accomplished by any person who is eighteen (18) years of age or older.

(ii) Service of a subpoena may be accomplished by mail by mailing a copy thereof by certified mail with return receipt requested and delivery restricted to the person named in the subpoena. The person serving the subpoena shall make proof of service thereof to the administrative hearing officer promptly and, in any event, before the witness is required to testify at the hearing or trial. If service is made by a person other than a sheriff or deputy sheriff, such person shall make affidavit thereof. If service is by mail, the person serving the subpoena shall show in the proof of service the date and place of mailing and attach a copy of the return

# Permanent Final Adoptions

---

receipt showing that the mailing was accepted. Failure to make proof of service does not affect the validity of the service, but service of a subpoena by mail shall not be effective if the mailing was not accepted by the person named in the subpoena.

(iii) A copy of any subpoena that commands production of documents and things or inspection of premises before the hearing shall be served on each party in the manner as follows:

(iv) If the party is represented by an attorney, the service shall be made upon the attorney unless service directly upon the party is ordered by the hearing officer or final judgment has been rendered and the time for appeal has expired.

(v) Service upon the attorney or upon a party shall be made by delivering a copy to the attorney or the party or by mailing it or sending it by third-party commercial carrier for delivery within three (3) calendar days to the attorney or the party at the last-known address of the attorney or the party or by electronic means if the attorney or party consents to receiving service in a particular case by electronic means and the attorney or party provides instructions for making the electronic service consented to by the attorney or party. For purposes of this subsection, "electronic means" includes communications by facsimile or electronic mail. If no mailing address, physical address or electronic means address for the attorney or party is known, service is affected by delivery to the last known address. Delivery of a copy within this section means: (a) handing it to the attorney or to the party, or (b) leaving it at the office of the attorney or the party with the attorney's or party's clerk or other person in charge thereof, or (c) if there is no one in charge, leaving it in a conspicuous place therein, (d) if the office is closed or the person to be served has no office, leaving it at his or her dwelling house or usual place of abode with some person residing therein who is fifteen (15) years of age or older.

(C) **Service by Mail.** Service of a subpoena, or a subpoena that commands production of documents and things or inspection of premises by mail is complete upon mailing, service by commercial carrier is complete upon delivery to the commercial carrier, and service by electronic means is complete upon transmission, unless the party making service is notified in sufficient time prior to the hearing or the date for production or inspection that the copy or paper served was not received by the party served.

(D) **Objection(s).** If the subpoena commands the production of documents and things or inspection of premises from a nonparty before trial but does not require attendance of a witness, the subpoena shall specify a date for the production or inspection that is at least seven (7) days after the date that the subpoena and copies of the subpoena are served on the witness and all parties, and the subpoena shall include the following language: "In order to allow objections to the production of documents and things to be filed, you should not produce them until the date specified in this subpoena, and if an objection is filed, until the court rules on the objection."

(E) **Duties in Issuance and Service.** A party or an attorney responsible for the issuance and service of a subpoena shall take reasonable steps to avoid imposing undue burden or expense on a person subject to that subpoena.

(i) A person commanded to produce and permit inspection, copying, testing or sampling of designated books, papers, documents, electronically stored information or tangible things, or inspection of premises need not appear in person at the place of production or inspection unless commanded to appear for deposition, hearing or trial.

(ii) A person commanded to produce and permit inspection, copying, testing or sampling or any party may, within fourteen (14) days after service of the subpoena or before the time specified for compliance if such time is less than fourteen (14) days after service, serve written objection to inspection, copying, testing or sampling of any or all of the designated materials or of the premises, or to producing electronically stored information in the form or forms requested. An objection that all or a portion of the requested material will or should be withheld on a claim that it is privileged or subject to protection as trial preparation materials shall be made within this time period. If the objection is made by the witness, the witness shall serve the objection on all parties; if objection is made by a party, the party shall serve the objection on the witness and all other parties. If objection is made, the party serving the subpoena shall not be entitled to inspect, copy, test or sample the materials or inspect the premises except pursuant to an order of the hearing officer. For failure to object in a timely fashion, the hearing officer may assess reasonable costs and attorney fees or take any other action she, or he, deems proper. A privilege or the protection for trial preparation materials shall not be waived solely for a failure to timely object under this section. If objection has

been made, the party serving the subpoena may, upon notice to the person commanded to produce, move at any time for an order to compel the production. Such an order to compel production shall protect any person who is not a party or an officer of a party from significant expense resulting from the inspection and copying commanded.

(iii) On timely objection and motion, the hearing officer shall quash or modify the subpoena if it:

(I) fails to allow reasonable time for compliance, or

(II) requires a person to travel to a place beyond the territorial boundaries of the State of Oklahoma, or

(III) requires disclosure of privileged or other protected matter and no exception or waiver applies, or

(IV) subjects a person to undue burden, or

(V) requires production of books, papers, documents, or tangible things that fall outside the scope of permissible disclosures for the hearing or matter being investigated, or

(VI) requires disclosure of a trade secret or other confidential research, development, or commercial information, or

(VII) requires disclosure of an unretained expert's opinion or information not describing specific events or occurrences in dispute and resulting from the expert's study made not at the request of any party.

(iv) However, if the party in whose behalf the subpoena is issued shows a substantial need for the testimony or material that cannot be otherwise met without undue hardship and assures that the person to whom the subpoena is addressed will be reasonably compensated, the hearing officer may order appearance or production upon specified conditions.

### **(E) Duties in Responding to Subpoena.**

(i) Persons whose attendance is secured via subpoena shall appear as the subpoena directs. Attendance only shall not waive a person's constitutional rights (e.g., the right against self-incrimination).

(ii) A person responding to a subpoena to produce documents shall produce them as they are kept in the usual course of business or shall organize and label them to correspond with the categories in the demand.

(iii) If a subpoena to produce documents does not specify the form or forms for producing electronically stored information, a person responding to a subpoena shall produce the information in a form or forms in which the person ordinarily maintains it or in a form or forms that are reasonably usable.

(iv) A person responding to a subpoena to produce documents is not required to produce the same electronically stored information in more than one form.

(v) A person responding to a subpoena to produce documents is not required to provide discovery of electronically stored information from sources that the person identifies as not reasonably accessible because of undue burden or cost. If such a showing is made, the hearing officer may order discovery from such sources if the requesting party shows good cause. The hearing officer may specify conditions for the disclosure.

(vi) When information subject to a subpoena to produce documents is withheld on a claim that it is privileged or subject to protection as trial preparation materials, the claim shall be made expressly and shall be supported by a description of the nature of the documents, communications, or things not produced that is sufficient to enable the demanding party to contest the claim.

(vii) If information is produced in response to a subpoena to produce documents that is subject to a claim or privilege or of protection as trial preparation material, the person making the claim may notify any party that received the information of the claim and the basis for such claim. After being notified, a party shall promptly return, sequester, or destroy the specified information and any copies the party has and may not use or disclose the information until the claim is resolved. A receiving party may promptly present the information to the hearing officer under seal for a determination of the claim. If the receiving party disclosed the information before being notified, the receiving party shall take reasonable steps to retrieve the information. The person who produced the information shall preserve the information until

# Permanent Final Adoptions

---

the claim is resolved. This mechanism is procedural only and does not alter the standards governing whether the information is privileged or subject to protection as trial preparation material or whether such privilege or protection has been waived.

**Issuance of subpoenas.** Subpoenas for the attendance of witnesses, or for the production of books, records, papers, objects, or other evidence of any kind as may be necessary and proper for the purposes of a proceeding shall be issued by the Secretary of the Board at the direction of the Chairperson, upon order of the Board, or at the request of any party to a proceeding before the Board. The signature of the Secretary shall be sufficient authentication for any subpoena.

(B) **Service of subpoenas.** Subpoenas shall be served in any manner prescribed for service of a subpoena in a civil action in the district courts of the State of Oklahoma.

(C) **Objections to and compliance with subpoenas.** Any party to the proceeding may move to quash a subpoena or subpoenas duces tecum issued in accordance with the provisions of this Section, provided that, prior to quashing a subpoena or subpoenas duces tecum the agency shall give notice to all parties. A motion to quash shall be filed within seven days of the issuance of the subpoena.

(D) **Enforcement of subpoenas.** Upon the failure of any person to obey a subpoena, or upon the refusal of any witness to be sworn or make an affirmation or to answer a question put to her or him in the course of any individual proceeding or other authorized action of the Board, the party seeking enforcement may file an appropriate motion for enforcement with the State Board or hearing officer, as applicable, or may seek enforcement in a court of competent jurisdiction. Meanwhile, the hearing or other matters shall proceed, so far as is possible, but the Board at its discretion at any time may order a stay or continuance of the proceedings for such time as may be necessary to secure a final ruling in the compliance proceedings.

(E) **Costs of issuance and service of subpoenas.** The costs covering the issuance and service of subpoenas and all witness fees incurred on behalf of a party to the proceedings, other than the Board, shall be borne by the party on whose behalf they are incurred.

(4) **Right to representation.** Any party to the individual proceeding shall at all times have the right to representation by counsel, provided that such counsel must be duly licensed to practice law by the Supreme Court of Oklahoma, and provided further that counsel shall have the right to appear and act for and on behalf of the party represented.

(5) **Legal counsel to State Board of Education.** The attorney for the State Department of Education shall present evidence to the Board, in furtherance of the application. Should the Board not have legal counsel, and if deemed necessary by the Chairperson of the Board, a request may be made of the Attorney General to provide counsel to the Board regarding questions of admissibility of evidence, competency of witnesses, and any other questions of law. In the event that counsel is not requested from the Attorney General the Chairperson of the Board will rule on the evidence, competency of the witness and other questions of law.

(6) **Disqualification of a Board member or hearing officer.** A Board member or hearing officer shall withdraw from any individual proceeding in which he or she cannot accord a fair and impartial hearing or consideration. Any party may request the disqualification on the ground of his or her inability to give a fair and impartial hearing by filing an affidavit promptly upon discovery of the alleged disqualification, stating with particularity the grounds upon which it is claimed that a fair and impartial hearing cannot be accorded. The issue shall be determined promptly by the Board, or if it affects a member of the Board, by the remaining members thereof, if a quorum. Upon the entry of an order of disqualification affecting a hearing officer, the Board shall either assign a replacement hearing officer, or conduct the hearing itself. Upon the entry of an order of disqualification affecting a Board member, the Governor immediately shall appoint a member pro tempore to sit in place of the disqualified member in that proceeding.

(7) **Notice of facts.** The Board shall give notice to all parties, prior to, or at the hearing, of any facts of which it proposes to take official notice. Any party or her/his attorney may request that official notice be taken of any fact qualified for such notice by the statutes of this state. If such official notice is taken, it shall be stated in the record, and all parties shall have opportunity to contest and give evidence in rebuttal or derogation of the official notice.

(8) **Presentation and consideration of evidence.** The State Board of Education shall consider only evidence upon the specific cause contained in the notice, and evidence will be heard for such cause. Questions of the admissibility of evidence shall be governed by the provisions of 75 O.S. § 310.

(9) **Order of procedure.** The order of procedure at the hearing shall be as follows:

(A) Opening statements by legal counsel of both parties;

(B) Presentation of evidence by both parties followed by cross-examination of witnesses, and questions by State Board members or the hearing officer;

(C) Closing arguments by legal counsel of both parties; and

(D) Submission of case to the Board or the hearing officer for decision.

(10) **Continuance of a hearing.** The Board or hearing officer may continue or adjourn the hearing at any time for a specified time by notice or motion. The Board or hearing officer may grant a continuance upon motion of a party for good cause shown if written request is filed and served on all parties of record and filed with the Secretary of the Board at least five (5) days prior to the date set for hearing. A respondent may be granted only one (1) continuance.

(g) **Deliberations and decisions.** Deliberations by the Board or the hearing officer in an individual proceeding may be held in executive session pursuant to the provisions of the Open Meeting Act set forth at 25 O.S. § 307.

(1) **Decision.** Decisions shall be issued in accordance with the following procedures:

(A) After hearing all evidence, and all witnesses, the State Board of Education or, if applicable, the hearing officer, shall render its decision on whether the certificate shall be revoked.

(B) The decision of the State Board of Education or a hearing officer presiding at the hearing shall be announced at the conclusion of the hearing and notification of that decision shall be by certified or registered mail, restricted delivery with return receipt requested to the holder of the certificate.

(C) If the holder of the certificate fails to appear at the scheduled hearing without prior notification within the time frame to request a stay or continuance set forth in (f)(10) of this Section, demonstration of good cause, the Board or hearing officer shall hold the party in default and issue an order sustaining the allegations set forth in the application.

(D) If the applicant fails to appear at the scheduled hearing without prior notification within the time frame to request a stay or continuance set forth in subsection (f)(10) of this Section, demonstration of good cause, or fails to prove the allegations by clear and convincing evidence, the application shall be dismissed.

(2) **Findings of fact and conclusions of law.** After the decision is announced, but before issuance of the final order, if the Board has not heard the case or read the record of the individual proceeding, the hearing officer shall provide the parties with an opportunity to prepare and submit proposed findings of fact and conclusions of law in accordance with the provisions of 75 O.S. § 311. After the parties have been given notice and an opportunity to file exceptions, present briefs and oral arguments to the proposed findings of fact and conclusions of law, the Board may take action to accept, reject, or modify the proposed Findings and Conclusions of the hearing officer. The Board shall render findings of fact and conclusions of law. All findings of fact made by the Board shall be based exclusively on the evidence presented during the course of the hearing or previously filed briefs, (made a part of the record), of the testimony of witnesses taken under oath.

(3) **Final order.** As the final determination of the matter, the final order shall constitute the final agency order and shall comply with the requirements set forth at 75 O.S. § 312. If no motion for rehearing, reopening or reconsideration of the order is filed in accordance with (h) of this Section, the final agency order shall represent exhaustion of all administrative remedies by the State Board of Education. All final orders in an individual proceeding shall be in writing and made a part of the record. Final orders are to be issued by the Chairperson of the Board or the presiding officer for transmission to the parties by the Secretary of the Board. Within five (5) business days of the date of issuance of the final order, parties shall be notified of a final order either personally or by certified mail, return receipt requested. Upon request, a copy of the order shall be delivered or mailed to each party and the party's attorney of record, if any.

(4) **Communication with parties.** Unless required for the disposition of ex parte matters authorized by law, the Chairperson and the members of the Board, the hearing officer, or the employees or the agents of the Board shall not communicate, directly or indirectly, in connection with any issue of fact, with any person or party, nor, in connection with any issue of law, with any party or his or her representative except upon notice and opportunity for all parties to participate. The Chairperson and members of the Board or their employees may communicate with one another and have the aid and advice of one or more personal assistants. Advice may also be secured from the Attorney General's office.

(h) **Record of hearing.**

(1) The record of a hearing shall be set forth in such form and detail as the Chairperson or the Board may direct. The hearing may also be fully transcribed, and shall be placed on file in the Secretary's office. Parties to the proceeding may have the proceedings transcribed by a court reporter at their own expense. In accordance with the requirements of 75 O.S. § 309, the record shall include:

(A) All pleadings, motions, and intermediate rulings;

# Permanent Final Adoptions

---

- (B) Evidence received or considered during the individual proceeding;
- (C) A statement of matters officially noticed;
- (D) Questions and offers of proof, objections, and rulings thereon;
- (E) Proposed findings and exceptions;
- (F) Any decision, opinion, or report by the Board or a hearing officer presiding at the hearing; and
- (G) All other evidence or data submitted to the Board or hearing officer in connection with their consideration of the case.

(2) The State Board Secretary shall electronically record the proceedings, with the exception of the executive sessions. The recording shall be made and maintained in accordance with the requirements of 75 O.S. § 309, and a copy shall be provided to any party to the proceeding upon request. If the requesting party should desire the tape(s) to be transcribed by a court reporter, the requesting party shall bear the expense.

**(i) Rights to a rehearing, reopening or reconsideration.**

(1) A petition for rehearing, reopening or reconsideration of a final order must be filed with the Secretary of the State Board within ten (10) days from the entry of the order. It must be signed by the party or his or her attorney, and must set forth with particularity the statutory grounds upon which it is based. However, a petition based upon fraud practiced by the prevailing party or upon procurement of the orders by perjured testimony or fictitious evidence may be filed at any time. All petitions for rehearing, reopening, or reconsideration will be considered and ruled upon as soon as the convenient conduct of the Board's business will permit.

(2) A petition for a rehearing, reopening, or reconsideration shall set forth the grounds for the request. The grounds for such a petition shall be either:

- (A) Newly discovered or newly available evidence, relevant to the issues;
- (B) Need for additional evidence adequately to develop the facts essential to proper decision;
- (C) Probable error committed by the Agency in the proceeding or in its decision such as would be grounds for reversal on judicial review of the order;
- (D) Need for further consideration of the issues and the evidence in the public interest; or
- (E) A showing that issues not previously considered ought to be examined in order to properly dispose of the matter. The grounds which justify the rehearing shall be set forth by the State Board of Education which grants the order, or in the petition of the individual making the request for the hearing.

(3) It is the burden of the party requesting a rehearing to notify the opposing party of the appeal.

(4) Rehearing, reopening, or reconsideration of the matter may be heard by the State Board of Education or may be referred to a hearing officer. The hearing must be confined to those grounds on which the recourse was granted.

**(j) Judicial review.** Any person or party aggrieved or adversely affected by a final order in an individual proceeding is entitled to certain judicial review in accordance with the provisions of the Oklahoma Administrative Procedures Act, and the procedures set forth therein shall govern appeals.

**(k) Applications for reinstatement of a certificate.** After five (5) years of the effective date of revocation of a certificate, or after expungement of the offense(s) that formed the basis for the revocation by a court of competent jurisdiction, an individual may apply for reinstatement of the certificate in accordance with the application procedures set forth by the State Department of Education.

**(l) Notifications of suspension or revocation.** Upon the suspension or revocation of an individual's certificate, the State Department of Education shall notify the superintendent (or board of education, if the superintendent is the holder of the suspended or revoked certificate) of the district that most recently employed the certified individual based upon the individual's certification number and the personnel reports currently on file with the State Department of Education. In addition, the State Board shall to the extent possible notify the superintendents of all Oklahoma school districts. Notification shall also be provided to the extent possible to certification officers in each state or territory of the United States.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF JULY 11, 2025:

## SUBCHAPTER 1. GENERAL PROVISIONS

### 210:10-1-18. Transfers [AMENDED]

(a) **Definitions.** The following words and terms, when used in this subchapter, shall have the following meaning, unless the context clearly indicates otherwise:

- (1) **"Student of a Deployed Parent"** means a student ~~who~~whose Parent or Guardian is the dependent child of a member of the active uniformed military services of the United States on full-time active duty status and for whom Oklahoma is the home of record or a student ~~who~~whose Parent or Guardian is the dependent children of a member of the military reserve on active duty orders and for whom Oklahoma is the home of record.
- (2) **"Open Transfer(s)"** means the transfer of a student from the district in which the student resides to another school district furnishing the grade the student is entitled to pursue.
- (3) **"Parent"** and/or **"Guardian"** means the parent, legal guardian, foster parent, or person having custody of the student seeking a transfer, whose residence is used to determine the residence of the student in accordance with the provisions of 70 O.S. § 1-113(A)(1). For purposes of the Individuals with Disabilities Education Act at 20 U.S.C. § 1400 et seq. (IDEA), the definition of "Parent" set forth in 34 C.F.R. § 300.30 shall supersede the definition of "Parent" set forth in this subsection.
- (4) **"Receiving School District"** means the school district to which the student is seeking to be transferred.
- (5) **"Resident School District"** means the school district in which the Parent, ~~guardian or Guardian, or person~~ having custody of the student resides, as defined in 70 O.S. § 1-113(A)(1).

(b) **Governing statutes.** Open Transfers shall be governed by the Oklahoma Education Open Transfer Act, 70 O.S. § 8-101.1, et seq. In addition, the following types of transfers are governed by the following provisions of law:

- (1) **Students with disabilities.** Transfers made for the purpose of providing a free appropriate public education (FAPE) to special education students shall be governed by 70 O.S. § 18-110 and 70 O.S. § 13-101, et seq. Such transfers shall not be considered Open Transfers subject to the provisions of (d) of this Section.
- (2) **Gifted and talented students.** Transfers made for the purpose of providing gifted child educational programs shall be governed by 70 O.S. § 1210.307. Such transfers shall not be subject to the provisions of (d) of this Section.
- (3) **Parents who are teachers.** Transfers for the purpose of allowing a student to attend school in a district in which the student's Parent or Guardian is employed as a teacher shall be governed by 70 O.S. § 8-113. Such transfers shall not be subject to the provisions of (d) of this Section.
- (4) **Deployed Parents.** Transfers for the purpose of allowing a student of a deployed Parent or Guardian to transfer districts shall be governed by 70 O.S. § 8-103.1. Such transfers shall not be subject to the provisions of (d) of this Section.
- (5) **Sibling transfers.** Transfers of siblings pursuant to the provisions of 70 O.S. § 8-101.2 shall be processed as Open Transfers in accordance with the requirements of 70 O.S. § 8-103 and (d) of this Section. Transfers of multiple-birth siblings shall be processed as Open Transfers, provided that if multiple birth siblings are transferred to the same receiving district, ~~a~~the Parent or Guardian may request placement at the same school and/or in the same classroom under the provisions of 70 O.S. § 24-154(A).

(c) **District policies and procedures pertaining to student transfers.**

- (1) Each school district board of education shall adopt a policy to determine the number of transfer students the school district has the capacity to accept in each grade level for each school site within a school district pursuant to 70 O.S. § 8-101.2. The policy may include the acts and reasons outlined in 70 O.S. § 24-101.3 and a history of absences as bases for denial of a transfer. "History of absences" means ten or more absences in one semester that are not excused for the reasons provided for in 70 O.S. § 10-105(B) or due to illness. The school district's policy shall not include any other basis for denying a transfer request.
- (2) The transfer of a student from the district in which the student resides to another school district furnishing instruction in the grade the student is entitled to pursue shall be granted at any time in the year unless:
  - (A) The number of transfers exceeds the capacity of a grade level for each school site within a school district; or
  - (B) The transfer would violate the school's adopted transfer policy with respect to acts and reasons outlined in 70 O.S. § 24-101.3 or a student's history of absences.

---

## Permanent Final Adoptions

(3) A school may not accept or deny a request based on the statutorily prohibited factors set forth in 70 O.S. § 8-103.1.

(4) If the grade a student is entitled to pursue is not offered in the district where the student resides, a transfer request shall be automatically approved by the Receiving School District. 70 O.S. § 8-101.

(d) **Open Transfers.** All Open Transfers ~~must~~ shall be initiated and processed in accordance with the following procedures:

(1) The Parent or Guardian of the student must complete an application form specified by the State Board of Education.

(2) The application shall be filed with the superintendent of the Receiving School District for transfers to school districts in this state and with the State Board of Education for transfers to school districts in another state.

(3) The Receiving School District shall approve or deny the application and notify the Parent of the student of the decision in writing within 30 days of receiving an application. Applications shall be processed in the order in which they are received. If the number of student transfer applications exceeds the capacity of a Receiving School District, the district shall select transfer students in the order in which the district received the student transfer applications.

(4) If the transfer application is accepted, the Parents of the student shall provide the receiving school district written notification that the student will be enrolling in the Receiving School District within ten days of receiving notice that the transfer application was approved. Failure of the ~~Parents~~ Parent or Guardian to notify may result in the loss of the student's right to enroll in the school district for that year only. If a Parent or Guardian fails to notify the Receiving School District that a student will be enrolling, and the Receiving School District chooses to cancel the transfer, the Receiving School District shall provide a written notice of the cancellation to the Parent or Guardian of the student immediately upon cancellation.

(5) If a transfer application is denied, the ~~Parents~~ Parent or Guardian of the student may appeal the Receiving School Districts decisions as set forth in 70 O.S. § 8-101.2(E) and Okla. Admin. Code § 210:10-1-18.1.

(6) If the Receiving School District receives notice that the transferring student will be enrolling in the Receiving School District, the Receiving School District shall notify the Resident School District within ten (10) days.

(7) Approval of the resident district is not required for an Open Transfer.

(3)

(e) **Deployed Parent or Guardian.**

(1) If a transfer request is submitted on behalf of a student of a ~~deployed parent~~ Deployed Parent or Guardian in accordance with 70 O.S. § 1-103.1 and this administrative rule, the application shall be approved regardless of the capacity of the receiving school district.

(2) Local school district boards of education shall adopt a policy for transfer requests by students of a ~~deployed parent~~ Deployed Parent or Guardian.

(3) Transfer requests on behalf of Students of a Deployed Parent or Guardian shall be processed in accordance with 70 O.S. § 8-103.1.

(f) **Termination of Transfers.** A transfer may not be terminated in the middle of a school year. At the end of each school year, a school district may deny continued transfer of the student for the reasons outlined in 70 O.S. § 8-101.2(B)(1)-(2). Written notice of a receiving school district's intention to deny continued transfer of a student shall be given to the ~~parent~~ Parent or Guardian of a student by no later than July 15 and shall comply with Okla. Admin. Code § 210:10-1-18.1(b)(3). A receiving school district's denial of a continued transfer may be appealed in compliance with § 210:10-1-18.1.

(g) **Reporting transfers.**

(1) On or before January 1, April 1, July 1, and October 1, the Superintendent of each Receiving School District shall file a statement with the State Board of Education and each Resident School District showing the name and grade level of each student granted a transfer to the Receiving School District and the Resident School District for each student.

(2) On or before January 1, April 1, July 1, and October 1, each school district board of education shall submit to the State Department of Education the number of student transfers approved and denied and whether each denial was based on capacity, acts and reasons outlined in ~~Section 70 O.S. § 24-101.3 of this title~~ or a history of absences as provided for in paragraph 2 of subsection B of this section. The State Department of Education shall publish the data on its website and make the data available to the Office of Educational Quality and Accountability.

(3) The State Department of Education, when publishing the aforementioned data on its website, shall include:

(A) the total number of transfers and denials within the public education system of Oklahoma within a given year - both aggregated and disaggregated by district;.

# Permanent Final Adoptions

---

- (B) all prior year reports for year-on-year comparison both the quarter-by-quarter data and the compiled, yearly data;
- (C) the number of new transfers versus continuing transfers aggregated and disaggregated by district;
- (D) the reasons for transfer as declared by the Parent or Guardian under the application to transfer;
- (E) the amount of funding that follows the student when a transfer is granted.

## SUBCHAPTER 13. STUDENT ASSESSMENT AND SCHOOL ACCOUNTABILITY

### 210:10-13-1.1. Assessment system [AMENDED]

(a) **Definitions.** The following terms, when used in this Section, shall have the following meaning, unless the context clearly indicates otherwise:

- (1) **"College and career readiness (CCR)"** means that students graduate from high school prepared to enter and succeed in postsecondary opportunities, whether college or career.
- (2) **"Criterion-referenced"** means an assessment that compares a student's performance to a predetermined standard.
- (3) **"Cut score"** means, for each assessment, the score which the Commission for Educational Quality and Accountability has established as the minimum score required to meet the state's performance target for students taking the assessment.
- (4) **"Lexile"** means a score used within the Lexile framework for reading, which represents either the difficulty of a text or a student's reading ability level.
- (5) **"Norm-referenced"** means an assessment that compares a student's performance to the performance of others who take the assessment.
- (6) **"Quantile"** means a score used within the Quantile framework for mathematics that represents a forecast of, or a measure of, a student's ability to successfully work with certain math skills and concepts.
- (7) **"Scale score"** means a raw score that has been adapted through a customized set of mathematical procedures (e.g., scaling and equating) to account for differences in difficulty across multiple forms, and to enable the score to represent the same level of difficulty from one year to the next.
- (8) **"Summative assessment"** means an assessment conducted at the end of a defined period, such as an academic term or school year, which evaluates student performance against a set of learning targets for the instructional period.

(b) **Requirements for a system of assessments.** House Bill 3218 (2016) directed the State Board of Education to study and develop recommendations for a statewide system of student assessments, which were then submitted to the Oklahoma Legislature for review. The full report of recommendations is available on the State Department of Education website. The assessment system recommended by the State Board of Education and subsequently approved by the Legislature was developed subject to the following requirements under 70 O.S. § 1210.508:

- (1) Alignment with the Oklahoma Academic Standards;
- (2) Comparability of Oklahoma student performance with the performance of students in other states;
- (3) Capability of yielding both norm-referenced and criterion-referenced scores;
- (4) A track record of statistical reliability and accuracy; and
- (5) For assessments administered in high school, a measure of future academic performance.

(c) **Goals.** Pursuant to the requirements to study and develop recommendations for a system of assessments, the State Department of Education convened an Assessment and Accountability Task Force that included educators, parents, tribal leaders, lawmakers, and business and community leaders from across the state. In consultation with experts in the fields of educational assessment and accountability, the Task Force identified the following as primary goals for Oklahoma's student assessment system:

- (1) Provide instructionally useful information to teachers and students, with appropriate detail and timely reporting;
- (2) Provide clear and accurate information to parents and students regarding achievement and progress toward college and career readiness (CCR);
- (3) Provide meaningful information to support evaluation and enhancement of curriculum and programs; and
- (4) Provide information to appropriately support federal and state accountability decisions.

(d) **Summative assessments for grades three (3) through eight (8).** The assessment system adopted by the State Board of Education and approved by the Legislature includes the following components for student assessment in grades three (3) through eight (8):

- (1) **Content alignment and timing.**

(A) The Oklahoma Academic Standards ~~will~~ shall be maintained as the focus of state assessments, and assessments ~~will~~ shall continue to be administered at the ends of grades three (3) through grade eight (8).

(B) An adequate assessment of writing ~~will~~ shall be included to support coverage of the Oklahoma English Language Arts (ELA) standards.

**(2) Intended purpose and use.**

(A) Assessments ~~will~~ shall support the calculation of growth for students in at least grades four (4) through eight (8).

(B) Assessments ~~will~~ shall demonstrate sufficient technical quality to support the intended purposes and current uses of student accountability, for example grade three (3) promotion based on reading assessment and driver license eligibility based on grade eight (8) English Language Arts (ELA) assessment.

**(3) Score interpretation.**

(A) Assessments ~~will~~ shall provide a measure of performance indicative of whether students appear to be on track to college and career readiness (CCR).

(B) Assessments ~~will~~ shall support criterion-referenced interpretations which measure student performance against the Oklahoma Academic Standards, and report individual claims including but not limited to scale score, Lexile, Quantile, content cluster, and growth performance.

(C) Assessments ~~will~~ shall support norm-referenced information to help contextualize the performance of students statewide using a feature such as intra-state percentiles.

**(4) Reporting and state comparability.**

(A) Assessments ~~will~~ shall support aggregate (group) reporting on claims including but not limited to scale score, Lexile, Quantile, content cluster, and growth performance.

(B) The assessment system ~~will~~ shall utilize the existing National Assessment of Educational Progress (NAEP) data to establish statewide comparisons at grades four (4) and eight (8). NAEP data ~~will~~ shall also be used during standard-setting activities to ensure the College and Career Readiness (CCR) cut score is set using national and other state data.

**(e) Summative assessments for high school.** The assessment system adopted by the State Board of Education and approved by the Legislature includes the following components for student assessment in high school:

**(1) Content alignment and timing.** A commercial college-readiness assessment (e.g., SAT, ACT, CLT) ~~will~~ shall be used in lieu of state-developed high school assessments in grades nine (9) or ten (10), with alignment to standards and other peer review requirements being a consideration.

**(2) Intended purpose and use.**

(A) The assessment ~~will~~ shall demonstrate sufficient technical quality to support the need for multiple and differing uses of assessment results.

(B) The possibility of linking college-readiness scores to information of value for students and educators ~~will~~ shall be explored (e.g., readiness for postsecondary opportunities, remediation risk).

(C) A focus on rigorous expectations of college and career readiness ~~will~~ shall be maintained.

(D) The assessment ~~will~~ shall ensure that all students in Oklahoma can be provided with a reliable, valid, and fair score regardless of the accommodations provided or the amount of time needed for a student to take the test, and ~~will~~ shall further ensure that scores reflecting college and career readiness can be provided to the accepting institution or employer of each student.

**(3) Score interpretation.**

(A) The assessment ~~will~~ shall support criterion-referenced interpretations of student performance against the Oklahoma Academic Standards, and report individual claims appropriate for high school students.

(B) The assessment ~~will~~ shall provide evidence to support claims of college and career readiness (CCR). These claims should be supported using theoretically related data in standard-setting activities (e.g., measures of college readiness and other nationally available data), and validated empirically using available postsecondary data linking to performance on the college-readiness assessment.

(C) The assessment ~~will~~ shall provide norm-referenced information to help contextualize the performance of students statewide using a feature such as intra-state percentiles.

**(4) Reporting and state comparability.**

(A) The assessment system ~~will~~ shall support aggregate (group) reporting on claims at appropriate levels of categorization for high school assessments (e.g., grade, subgroup, teacher, building/district administrator, state).

# Permanent Final Adoptions

---

(B) The assessment system ~~will~~ shall support the ability to provide norm-referenced information based on other states that administer the same college-ready assessments, as long as unreasonable administration constraints do not inhibit those comparisons.

## **210:10-13-1.2. Make-up Assessments** ~~assessments~~ [NEW]

(a) **Purpose.** Any public school district or public charter school may determine if a senior student is eligible for make-up assessments due to an incomplete graduation requirement, provided, the senior student has met all other state and local graduation requirements and would have otherwise been eligible to graduate except for one or more missing College and Career Ready Assessments: US History, Science, Math, ELA (ACT/SAT include both math and ELA) as required under 70 O.S. § 1210.508.F.1.

(b) **Application.** Any of the four (4) make up-assessments outlined in paragraph (a) of this section shall be part of the of the statewide student assessment system and shall be aligned to the Oklahoma Academic Standards as adopted by the State Board of Education. These assessments shall not be included in the state accountability system, nor are they intended to yield reportable data.

(c) **Procedure.** Upon administering any make-up assessment(s) to an impacted student, a public school district or public charter school may issue a standard diploma to the impacted student. The transcripts of an impacted student shall denote the student as having participated in the assessment in lieu of reporting an assessment score. The make-up assessment(s) shall be retained at the local school district as a record of student participation in fulfillment of the graduation requirement.

(d) **Federal and state reporting.** Any impacted student who takes one or more of make-up assessments outlined in paragraph (a) of this section shall not be added to the public school district's or public charter school's participation rate in assessments mandated by state and federal law.

## **210:10-13-25. Determination of the chronic absenteeism indicator** [AMENDED]

(a) **Purpose of the chronic absenteeism indicator.** Because chronic absenteeism has been linked to lower academic performance, higher dropout rates, and diminished success after high school, Oklahoma has included chronic absenteeism as an indicator in the school accountability system adopted under the requirements of the *Every Student Succeeds Act* (ESSA). By highlighting the importance of regular school attendance to student success in school and beyond, the State of Oklahoma encourages schools to actively engage with students and their families in eliminating barriers to regular attendance, and to ensure students receive the supports needed to attend school every day.

(b) **Authorization of policy establishing a medical exemption from chronic absenteeism.** A public school district or charter school may establish a policy providing that student absences which are due to a significant medical condition (a severe, chronic, or life-threatening physical or mental illness, injury, or trauma) may be exempted from inclusion in the calculation of the chronic absenteeism indicator of the applicable student's school site upon determination of eligibility by a medical exemption review committee formed by the district or charter school. A chronic absenteeism medical exemption policy adopted by a public school district or charter school shall be developed in accordance with the guidelines in this Section.

(c) **Definitions.** The following words and terms, when used in this Section, shall have the following meaning, unless the context clearly indicates otherwise:

(1) **"Chronic absenteeism"** means absence from school at least ten percent (10%) of the time that school is in session and the student is included in membership, eighteen (18) or more days on a 180 day school calendar or ten percent (10%) or more of school days on a 1,080 hours school calendar.

(2) **"Significant medical condition"** means, for the purposes of this Section, a severe, chronic, or life-threatening physical or mental illness, infection, injury, disease, or emotional trauma.

(d) **Not all excused absences qualify for medical exemption.** Certain student absences are classified as "excused" under state law and/or school policies, meaning that a student is considered absent for a valid reason under law or policy and the absence may not be associated with any penalties to the student. Examples include medically documented absences, which are considered excused under 70 O.S. § 10-105(B), and absences related to the military deployment activities of a student's parent or guardian, which are excused under 70 O.S. § 510.1(V)(E). If a student is absent in relation to their own or their household's homeless status, such related absences should be excused pursuant to the federal McKinney-Vento Act so the related absences do not serve as a barrier to enrollment or retention. These and other types of absences considered under law or policy as a valid basis to be absent from school should be indicated as "excused" in a school's student information system. However, the classification of an absence as "excused" such that no penalties accrue to a student in relation to the absence does not automatically qualify the absence for a medical exemption for purposes of the chronic absenteeism indicator. In order to be eligible for consideration under a chronic absenteeism medical exemption policy, an absence must fall under the definition of "significant medical condition" given in this Section.

---

# Permanent Final Adoptions

(e) **Absences from school that do not accrue toward chronic absentee status.** A student with disabilities who is on an Individualized Education Program (IEP), or a student with a physical or mental impairment who is on a Section 504 Plan, is considered in attendance and does not accrue absences while receiving offsite services outlined in the IEP or Section 504 plan. A student on an IEP or Section 504 Plan whose condition worsens or who requires more frequent treatments should have their IEP or Section 504 Plan updated accordingly. A student who is receiving homebound education services from their school district is considered in attendance and does not accrue absences while in homebound status. A student receiving disciplinary action, such as out-of-school suspension ("OSS"), in-house suspension ("ISS"), or expulsion, shall not accrue absences; provided the child attends ISS.

(f) **Effect of exempt absence.** If a student has been determined to have a significant medical condition under the district or charter school's medical exemption policy, only absences that are related to the student's identified condition(s) or qualifying circumstances may be exempted from inclusion in the calculation of the chronic absenteeism indicator. Absences that are not related to the student's qualifying condition(s) or circumstances, such as routine illnesses or medical appointments, are not eligible for exemption under a school district's medical exemption policy. The exempt absence(s) of a student who has been granted an exemption of one or more absences from school in accordance with the provisions of this Section shall not be included in the calculation of the chronic absenteeism indicator on the school site report card.

(g) **Reporting absences determined medically exempt to the State Department of Education.** A school district or charter school that has adopted a chronic absenteeism medical exemption policy in accordance with this Section, and has determined under the policy that one or more student absences are medically exempt from inclusion in the chronic absenteeism indicator, shall report such absences determined medically exempt to the Oklahoma State Department of Education (OSDE) Office of Accountability. To ensure that an absence which has been determined eligible for a medical exemption by a school district's medical exemption review committee is identified as exempt in sufficient time for the absence to be excluded from the chronic absenteeism calculation, the Office of Accountability may set an annual deadline for the reporting of such medically exempt absences. The reporting of absences identified under a district's policy as medically exempt may require the submission of the district's chronic absenteeism medical exemption policy and documentation of the medical exemption review committee's approval of the exempted absences. All documentation considered during the medical exemption review committee's consideration of potentially eligible absences shall be maintained by the school district or charter school and shall be available to regional accreditation officers for auditing purposes.

(h) **Effect of public health emergencies or other declared emergencies.** In the event of an emergency declared by a federal or state government entity that impacts the operation of public schools in Oklahoma, or upon an action taken by the State Board of Education declaring such an emergency, the Oklahoma school accountability system shall make any appropriate accommodations authorized under federal law to mitigate the effects of the emergency on school accountability determinations for the affected school year(s). Student absences related to a state of emergency shall not be included in the calculation of the chronic absenteeism indicator. If there is any period of time during a state of emergency when public school operations are suspended, interrupted, or otherwise affected by the emergency conditions, the affected dates shall be excluded from the calculation of the chronic absenteeism indicator.

(i) **Authority.** Title 70 O.S. Section 1210.545.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF JULY 11, 2025:**

**SUBCHAPTER 9. ~~PROFFESIONAL~~ PROFESSIONAL STANDARDS: TEACHER EDUCATION AND CERTIFICATION [AMENDED]**

**PART 9. TEACHER CERTIFICATION**

### **210:20-9-102. Paraprofessional credentials and career development program for paraprofessionals [AMENDED]**

(a) **Purpose.** Under Oklahoma law at 70 O.S. § 6-127A, a public school paraprofessional is an employee of a school district whose position is instructional in nature, or who delivers other direct services to students and/or their parents, and for which a certified teacher or other professional has the ultimate responsibility for the design, implementation, and evaluation of the individual educational programs or related services and student performance. Individuals must meet requirements established by federal and state law to be authorized to serve as public school paraprofessionals in Title I schools and in special education settings. The State Board of Education is also authorized to issue provisional teaching certification to a qualifying individual with a paraprofessional credential and relevant experience serving as a paraprofessional.

(b) **Paraprofessional credential.** An individual ~~who wishes to apply~~ applying for a paraprofessional credential shall submit an application and all required supporting documentation to the State Department of Education Office of Certification.

(1) **Tier 1.** In order to qualify for a Tier 1 Oklahoma paraprofessional credential issued by the Oklahoma State Department of Education (OSDE), which is required for general education paraprofessionals in Title I schools and available to general education paraprofessionals in other settings, an applicant shall meet the following eligibility criteria, established through the Elementary and Secondary Education Act (ESEA):

(A) Has a high school diploma, or a General Educational Development (GED) Diploma or other certificate of high school equivalency recognized by the State of Oklahoma.

(B) Has on file with the State Board of Education a current Oklahoma criminal history record from the Oklahoma State Bureau of Investigation (OSBI) as well as a national fingerprint-based criminal history record provided by the Federal Bureau of Investigation (FBI). Upon receipt of the Oklahoma criminal history record, the Board may issue a temporary credential which shall be effective until receipt of the national fingerprint-based criminal history record. The person applying for a credential shall be responsible for the cost of obtaining the criminal history records.

(C) Meets at least one of the following criteria:

(i) Has completed at least two (2) years of study at an institution of higher education, defined as completion of at least forty-eight (48) credit hours of college coursework; or

(ii) Has obtained an associate's degree or higher; or

(iii) Has either passed the Oklahoma General Education Test (OGET), obtained a National Career Readiness Certificate through successful completion of the ACT WorkKeys assessment, or passed the ParaPro Assessment offered through the Educational Testing Service.

(2) **Tier 2.** In order to qualify for a Tier 2 Oklahoma paraprofessional credential issued by the State Department of Education, which is valid for special education paraprofessionals, an applicant shall meet the criteria for a Tier 1 paraprofessional credential and all of the following qualifications:

(A) Has completed the Oklahoma Special Education Paraprofessional Training available at Career Technology centers, equivalent training provided by the State Department of Education through an in-person or online program, or other state-approved training provided by a school district.

(B) Has completed training in cardiovascular pulmonary resuscitation (CPR) and First Aid.

(C) Has completed training in Universal Precautions/Bloodborne Pathogens.

(3) **Provisional employment of paraprofessionals in special education settings.** In the event a school district requires a special education paraprofessional in order to provide necessary services to one or more students with disabilities, but is unable to secure the services of an individual who holds a Tier 2 paraprofessional credential at the time the services must be delivered, the district may employ an individual on a provisional basis if the district determines the individual is able to provide the appropriate paraprofessional services. An individual who is employed as a paraprofessional to provide special education services on a provisional basis must meet the criteria for a Tier 1 credential, and obtain all training required to qualify for a Tier 2 credential as listed in (b)(2) of this section, within one hundred twenty (120) calendar days of employment providing special education paraprofessional services in order to continue providing special education paraprofessional services, provided a criminal history record check is obtained within sixty (60) calendar days of initial employment pursuant to 70 O.S. § 5-142. If it is necessary for a school district to provisionally employ a paraprofessional to provide special education services, the district shall report the provisional placement of the paraprofessional and the paraprofessional's starting date of employment to the State Department of Education Office of Special Education.

(c) **Provisional teaching certificates - paraprofessional.** The State Department of Education shall issue a provisional teaching certificate, valid for up to three (3) years, in early childhood, elementary education, or special education to a paraprofessional who meets all of the following requirements:

# Permanent Final Adoptions

---

- (1) Has been employed for one full school year (i.e., two consecutive semesters, three consecutive trimesters, or four consecutive quarters) in an accredited public or private school as a paraprofessional in the area for which a certificate is being pursued. The full school year (or the equivalent in consecutive school terms) of required paraprofessional experience must be completed in one school district or accredited private school;
- (2) Has earned at least a bachelor's degree from a college or university whose accreditation is recognized by the Oklahoma State Regents for Higher Education and has attained a cumulative grade point average of not less than 2.5 on a 4.0 scale;
- (3) Has passed all of the following teacher competency examinations adopted by the Oklahoma Commission for Teacher Preparation prior to July 1, 2014, or adopted by the Commission for Educational Quality and Accountability on and after July 1, 2014:

- (A) The Oklahoma General Education Test (OGET);
- (B) The Oklahoma Subject Area Test (OSAT) in Early Childhood, Elementary Education, or Special Education; and
- (C) The Oklahoma Professional Teaching Exam (OPTE) (PK-8);

- (4) Has on file with the State Board of Education a current Oklahoma criminal history record from the Oklahoma State Bureau of Investigation as well as a national fingerprint-based criminal history record provided by the Federal Bureau of Investigation. Upon receipt of the Oklahoma criminal history record, the Board may issue a temporary credential which shall be effective until receipt of the national fingerprint-based criminal history record. The person applying for a credential shall be responsible for the cost of the criminal history records;
- (5) Has made application for teacher certification to the Oklahoma State Department of Education.

(d) **Standard teaching certificate - paraprofessional.** The State Department of Education shall issue a standard teaching certificate to individuals who have met all of the requirements of (b) of this section and met all of the following requirements:

- (1) The applicant has successfully completed at least one (1) full school year (i.e., two consecutive semesters, three consecutive trimesters, or four consecutive quarters) of teaching service in a public or private school accredited by the State Board of Education or a private school accrediting organization approved by the Board. The full school year (or the equivalent in consecutive school terms) of required teaching experience must be completed in one school district or accredited private school;
- (2) The applicant provides at least two (2) favorable recommendations for granting a standard teaching certificate to the applicant from:

- (A) The superintendent of a school district where the applicant has served as a teacher, or the principal of a school site where the applicant has served as a teacher; and
- (B) The chair or director of the accredited teacher preparation program in which the applicant completed the coursework requirements set forth in (3) of this subsection.

- (3) Within three (3) years of initial issuance of the provisional teaching certificate in accordance with the provisions of (c) of this Section, the applicant has successfully completed twelve (12) semester hours of professional education coursework from an institution of higher education whose accreditation is recognized by the Oklahoma State Regents for Higher Education. The twelve (12) hours of coursework required by this paragraph shall consist of coursework that:

- (A) Is offered in a teacher preparation program that has been accredited by the Oklahoma Commission for Teacher Preparation prior to July 1, 2014 or accredited by the Commission for Educational Quality and Accountability on and after July 1, 2014;
- (B) Is related to the area of teacher certification sought;
- (C) Includes a minimum of three (3) semester hours in reading instruction.

(e) **Reporting.** Any individual who has been issued a provisional certificate in accordance with the provisions of (c) of this Section shall be reported on the certified personnel report and be considered as any other certified employee.

## PART 17. FULL (SUBJECT MATTER) COMPETENCIES FOR LICENSURE AND CERTIFICATION

### 210:20-9-172. Full (subject matter) competencies for licensure and certification [AMENDED]

Full (subject matter) competencies are listed in (1) through (43) by subject/content area.

- (1) **Art education.** The candidate for licensure and certification:

- (A) Has a sound philosophical understanding of visual art education and is able to support, justify, and implement the visual art curriculum.
- (B) Has an understanding of past, current, and future trends and issues in art education as well as art education research.

- (C) Has a knowledge of developmentally appropriate visual art content including aesthetics, art criticism, and art history, around a core of art production.
- (D) Has a working knowledge of and has had experience in integration of the arts with other fine arts areas as well as other academic disciplines.
- (E) Understands and has experience in the application of the elements and principles of art and design.
- (F) Understands art history including various styles, periods, ethnic groups, and cultures from around the world.
- (G) Has a knowledge of aesthetics (the field of study that relates to beauty in the arts) and art criticism (art review and commentary), along with teaching strategies appropriate for both areas that involve a variety of media and awareness of developmental levels.
- (H) Understands and has experience in various methods of art production and creative development including drawing, figure drawing, color and design, painting, printmaking, sculpture, clay, applied design, and technology. Additional experience should involve metal, stone, fiber, papermaking, wood, and mixed media.
- (I) Has proficiency in teaching strategies that are developmentally appropriate and inclusive of various student learning styles and is sensitive to the needs of diverse ethnic and cultural groups and those with disabilities.
- (J) Develops a portfolio of his/her own artwork.
- (K) Understands that contests and competitions have a valuable place in art education; however, they should not drive the development of the local curriculum.
- (L) Has a knowledge of a wide variety of arts resources including community resources, materials, equipment, and information about exhibitions and/or major collections.
- (M) Recognizes the important role of technology in education and that it may serve as a supportive tool in art education.
- (N) Understands the art-related competencies in the Oklahoma core curriculum and knows how to incorporate them into various art classes.

(2) **Business education.** Competencies for business education are fulfilled by meeting competencies for vocational business.

(3) **Driver/safety education.** The candidate for licensure and certification:

- (A) Applies, models, and teaches appropriate learning strategies for the safe operation of motor vehicles.
- (B) Understands the social and emotional forces that influence the psychological makeup of young drivers and how these forces affect their driving behavior.
- (C) Understands basic driving maneuvers including the universal concepts of defensive driving.
- (D) Understands the physical laws of nature and the statutory laws that govern the safe operation of motor vehicles.
- (E) Has an understanding of the basic mechanical systems that make up a motor vehicle and their influence on its operational limits.

(4) **Early childhood education (pre-kindergarten-third grade).** The competencies related to Early Childhood Education relate more specifically to the processes of learning and/or information processing than presentation of specific subject matter. The candidate for licensure and certification knows, understands, and uses:

- (A) Factors that influence the development of young children, the sequence and interdependency of all areas, (i.e., physical, social, emotional, cognitive, and language) and uses that knowledge to meet the needs and characteristics of the group and individual children (birth to eight years of age) while respecting their unique rates of development.
- (B) Positive child guidance strategies which help children learn to make responsible decisions regarding their own behavior and contributes to the development of self-control, self-motivation, and self-respect.
- (C) The knowledge of how young children think, process information, and develop concepts in content areas including language, literacy, mathematics, science, health, safety, nutrition, social studies, art, music, drama, and movement.
- (D) Integrative approaches (e.g., themes, topics, projects) to enable children to see and experience content areas and make meaningful connections to the child's life experience.
- (E) Curriculum in regards to the children's needs and interests, as well as, developmentally appropriate skills and concepts.

# Permanent Final Adoptions

---

- (F) Developmentally appropriate strategies when planning, implementing, articulating, and evaluating (e.g., play, independent work, small group projects, group discussions, cooperative learning, open-ended questions, inquiry, and problem solving experiences.)
- (G) A bias-free learning environment (indoors and outdoors) which is physically and psychologically safe for young children through the use of a balanced schedule, learning centers, and appropriate transitions and routine.
- (H) Curriculum strategies, schedules, and the environment to meet the specific needs, interests, and experiences of all children with complex characteristics (i.e., adapting for those with disabilities, developmental delays, diverse cultures, or special abilities).
- (I) Collaboration strategies regularly with families and other agencies in the community to enhance and support children's learning and development.
- (J) Behaviors that recognize and respect diversity, how it influences learning, and builds connections among children's families, communities, and schools.
- (K) Performance assessment (i.e., observation and documentation) and formal assessment to evaluate young children's development and learning for the purpose of planning appropriate and challenging programs, environments, and interactions and adapting for individual differences.
- (L) Formative and summative evaluation measures to ensure comprehensive quality of the total program for children in reciprocal partnerships, with families, and the community.
- (M) The historical, social, and ethical foundations of early childhood education which enables the teacher to articulate a philosophy and rationale for appropriate principles and practices.
- (N) Self evaluation of teaching techniques and outcomes and modifies curriculum, strategies, schedules and environment to maximize the learning environment and enhance psychological safety for children.
- (O) Knowledge to advocate for children by articulating to family, community and others the goals and methods used in the early childhood classroom.
- (P) Instructional strategies/plans based on the Oklahoma core curriculum.
- (Q) Understands and applies the following competencies in reading instruction as appropriate to the abilities of the student.
  - (i) Knows the stages of language development and the structure of the English language and alphabetic writing system including phonology, morphology, and orthography and their relationships to spelling and meaning.
  - (ii) Understands that primary language (oral) directly impacts the secondary languages (reading, writing, spelling). Knows and applies knowledge of implicit and explicit instruction in developing oral language. Knows the relationship of oral language to literacy.
  - (iii) Knows the developmental process of reading in order to assess, interpret, describe, develop appropriate instruction, monitor, reteach and reassess student's reading performance for concepts about print, phonological and phonemic awareness, phonics, spelling, word recognition, vocabulary, comprehension, fluency, and writing.
  - (iv) Identifies and applies all developmental levels of phonemic awareness to provide appropriate instruction in understanding words are made up of phonemes and that phonemes can be rearranged and manipulated to make different words that compose oral speech.
  - (v) Knows and provides appropriate systematic explicit and implicit phonological instruction for the application of spelling-sound correspondences for word analysis and for structural analysis for word recognition and word meaning development.
  - (vi) Knows and applies the relationships between spelling patterns and sounds of speech; knows how to support the student at each stage of spelling development; knows how to focus direct and indirect instruction to guide the student toward spelling proficiency.
  - (vii) Knows and applies knowledge of appropriate explicit and implicit instruction for vocabulary development (e.g., singular and plural).
  - (viii) Knows and applies strategies that promote comprehension and strategies to support children's understanding for the various elements of the different genres of text.
  - (ix) Knows and applies strategies and instructional approaches to support response to text and promote comprehension for literal, inferential, and critical/evaluative level (e.g., guided reading, literature and research circles).
  - (x) Knows and applies knowledge of instructional techniques to assist students with self-monitoring and self-corrections (i.e., semantics, syntax, and graphophonics).

- (xi) Knows and applies the instructional strategies which contribute to the development of fluent reading.
- (xii) Knows how to promote children's interest and engagement in reading and writing.
- (R) Understands and applies the following competencies in mathematics instruction as appropriate to the abilities of the student.
  - (i) Builds on children's natural interest in mathematics and uses it to make sense of their physical and social worlds.
  - (ii) Establishes mathematics curriculum based on current knowledge of young children's cognitive, linguistic, physical and social-emotional development that builds on children's varying experiences.
  - (iii) Uses teaching practices that enhance children's problem-solving and reasoning processes which includes representing, communicating, and connecting mathematical ideas.
  - (iv) Understands that the curriculum should be coherent and compatible with known relationships and sequences of important mathematical ideas and that provides for children's deep and lasting interaction with key mathematical ideas.
  - (v) Introduces mathematical concepts, methods, and language through a variety of appropriate experiences and teaching strategies, including integrating mathematics with other activities and allowing ample time, materials and teacher support for children to explore and manipulate mathematical ideas.
  - (vi) Enhances children's mathematical knowledge, skills and strategies by providing an ongoing process of collecting information from multiple sources to determine a student's strengths and weaknesses in order to plan appropriate educational services.
- (S) Understands and applies the following competencies in science instruction as appropriate to the abilities of the student.
  - (i) Plans an inquiry-based science program that develops a curriculum design to meet the interests, knowledge, understanding, abilities, and experiences of students in a framework of yearlong and short-term goals for students.
  - (ii) Selects teaching and assessment strategies that support the development of student understanding and encourage a community of science learners.
  - (iii) Guides and facilitates learning through focused interaction with students, recognizes and responds to student diversity, and encourages and models the skills of inquiry in order for all students to participate in science learning.
  - (iv) Uses ongoing multiple methods and systematically gathers data about students understanding and abilities.
  - (v) Designs and manages learning environments that provide students with the time, space and resources needed for developing science skills.
  - (vi) Uses a variety of instructional strategies to implement an integrated/interdisciplinary curriculum and understands the interaction between the sciences and the process skills.
- (T) Understands and applies the following competencies in social studies instruction as appropriate to the abilities of the student.
  - (i) Designs and manages learning environments that provide opportunities for students to exhibit traits of good citizenship in a variety of settings and situations.
  - (ii) Selects teaching and assessment strategies that support the development of student understanding of their community and culture.
- (U) Understands and applies the following competencies in the use of technology as appropriate to the abilities of the student.
  - (i) Bases the use of technology on the knowledge of how young children think, process information and develop concepts in content areas.
  - (ii) Enhances children's cognitive and social abilities through the appropriate use of technology.
  - (iii) Integrates technology into the learning environment and uses it as one of many options to support children's learning.
  - (iv) Promotes equitable access to technology for all children and their families.
  - (v) Advocates in collaboration with parents for more appropriate technology applications for all children.

# Permanent Final Adoptions

---

(5) **Elementary education.** The competencies developed in specific subject areas such as mathematics, art, science, etc., have been developed on a prekindergarten through 12th grade continuum. Because of this, it is unnecessary for the elementary education competencies to address anything more than the processes through which the subject matter competencies will be presented in the classroom. The candidate for licensure and certification:

- (A) Understands his/her role and the variety of approaches to the organization of elementary schools.
- (B) Understands the essential nature and importance of interaction and communication with students, parents, community members and colleagues.
- (C) Models the role of the lifelong learner.
- (D) Understands the role of the teaching profession in curriculum change and school improvement.
- (E) Understands the link between child development, curriculum, and instruction.
- (F) Understands and uses a variety of strategies to:
  - (i) select methods of assessment appropriate to each of the subject matter areas and to the age, development, and characteristics of students,
  - (ii) interpret and communicate assessment results accurately and ethically, and
  - (iii) integrate information gained from assessments into instructional plans.
- (G) Has a knowledge of current research findings about teaching and learning.
- (H) Analyzes his/her teaching practices through a variety of techniques.
- (I) Understands appropriate classroom management systems and discipline practices.
- (J) Understands the selection and use of materials, resources, and technology appropriate to individual differences.
- (K) Creates an environment that facilitates learning experiences which make subject matter meaningful to students.
- (L) Understands the subject matter areas common to the elementary curriculum and the integration of those subject matter areas.
- (M) Facilitates learning groups as appropriate to the needs and/or interests of students and the goals of the lesson.
- (N) Understands and applies the following competencies in reading instruction.
  - (i) Knows the stages of language development and the structure of the English language and alphabetic writing system including phonology, morphology, and orthography and their relationships to spelling and meaning.
  - (ii) Understands that primary language (oral) directly impacts the secondary languages (reading, writing, spelling). Knows and applies knowledge of implicit and explicit instruction in developing oral language. Knows the relationship of oral language to literacy.
  - (iii) Knows the developmental process of reading in order to assess, interpret, describe, develop appropriate instruction, monitor, reteach and reassess student's reading performance for concepts about print, phonological and phonemic awareness, phonics, spelling, word recognition, vocabulary, comprehension, fluency, and writing.
  - (iv) Identifies and applies all developmental levels of phonemic awareness to provide appropriate instruction in understanding words are made up of phonemes and that phonemes can be rearranged and manipulated to make different words that compose oral speech.
  - (v) Knows and provides appropriate systematic explicit and implicit phonological instruction for the application of spelling-sound correspondences for word analysis and for structural analysis for word recognition and word meaning development.
  - (vi) Knows and applies the relationships between spelling patterns and sounds of speech; knows how to support the student at each stage of spelling development; knows how to focus direct and indirect instruction to guide the student toward spelling proficiency.
  - (vii) Knows and applies knowledge of appropriate explicit and implicit instruction for vocabulary development, e.g., prefixes, suffixes and roots.
  - (viii) Knows and applies strategies that promote comprehension and strategies to support children's understanding for the various elements of the different genres of text.
  - (ix) Knows and applies strategies and instructional approaches to support response to text and promote comprehension for literal, inferential, and critical/evaluative level, e.g., guided reading, literature and research circles.
  - (x) Knows and applies knowledge of instructional techniques to assist students with self-monitoring and self-corrections, i.e., semantics, syntax, and graphophonics.

- (xi) Knows and applies the instructional strategies which contribute to the development of fluent reading.
- (xii) Knows how to promote children's interest and engagement in reading and writing.
- (O) Understands interdisciplinary teaching and collaboration.
- (P) Understands that all students can develop proficiencies in the Oklahoma core curriculum.
- (6) **English.** The candidate for licensure and certification:
  - (A) Maintains current knowledge of content-area concepts of written and oral communication, literature, and language systems (phonetic, semantic, syntactic, pragmatic). For purposes herein, language systems and what they mean or include are:
    - (i) "Phonetic" means the letter/sound system of a particular language.
    - (ii) "Pragmatic" means the use of particular language and its conventions that convey meaning in a cultural context.
    - (iii) "Semantic" means the meaning system of a given language.
    - (iv) "Syntactic" means the structure, order, and organization of a given language.
  - (B) Applies comprehension, analysis, interpretation, synthesis and evaluation of auditory, written, and visual messages. For purposes herein, these terms have the following meaning and include:
    - (i) "Auditory messages" means spoken language, intonation.
    - (ii) "Visual messages" means visual graphics such as illustrations, pictures, photographs, symbols, and signs, body language, facial expressions.
    - (iii) "Written messages" means connected discourse, text.
  - (C) Applies appropriate learning strategies for reading, writing, studying, and researching.
  - (D) Communicates effectively in speaking and writing, using appropriate language conventions. For purposes herein, "language conventions" means grammar, figurative language, mechanics, specialized vocabulary, technical terms.
  - (E) Understands the influences of social and historical contexts and culture on language and literature and adapts instruction accordingly.
  - (F) Uses the understanding of language acquisition and language learning processes to develop student proficiencies and to modify instruction for second-language learners.
  - (G) Establishes a reflective and creative learning environment.
  - (H) Uses a variety of assessment strategies to evaluate student proficiencies in the language arts and to modify instruction appropriately.
  - (I) Uses technology to accomplish professional goals and to develop student's literacy proficiencies.
  - (J) Understands and teaches strategies appropriate to a variety of forms (genres), text organizations, and structures, including functional print and informational print. For purposes herein:
    - (i) "Functional print" means environmental print messages (i.e., signs, logos, labels, directions);
    - (ii) "Genre" means a particular type of literature (i.e., short story, novel, poem, essay, drama)
    - (iii) "Informational print" includes reference materials, telephone books, almanacs, dictionaries.
  - (K) Understands the literacy process (i.e., reading process and writing process), and provides effective instruction in literacy skills and strategies.
  - (L) Understands, teaches, and implements Oklahoma's core curriculum.
- (7) **Family and consumer sciences.** Competencies for family and consumer sciences are fulfilled by meeting competencies for vocational family and consumer sciences.
- (8) **Foreign languages.** The candidate for licensure and certification will possess competencies as specified in (A) through (G).
  - (A) Listening (K-12). The candidate for licensure and certification:
    - (i) Understands main ideas and supporting details of oral presentations and conversations (e.g., prepared speeches, news broadcasts, interviews, short lectures).
    - (ii) Understands spontaneous speech on a variety of basic topics.
    - (iii) Comprehends sustained conversation or narrative of general topics (secondary only).
  - (B) Speaking (K-12). The candidate for licensure and certification:
    - (i) Narrates and describes events, objects, and activities with supporting details.
    - (ii) Participates in spontaneous, face-to-face conversation involving more complicated skills and social situations, such as elaborating, apologizing, debating.
    - (iii) Initiates, sustains, and closes a general conversation.

# Permanent Final Adoptions

---

- (iv) Displays some ability to support opinions, explain in detail, and make assumptions (secondary only).
- (v) Uses varied strategies, such as paraphrasing or restating, to facilitate communication in the language being studied (secondary only).
- (C) Reading (K-12). The candidate for licensure and certification:
  - (i) Reads authentic (from the culture of the language studied) materials, such as selected short stories, poetry, and other literary works, articles, personal correspondence, and simple technical material written for the general reader.
  - (ii) Comprehends facts in authentic (from the culture of the language studied) texts and materials and makes appropriate inferences.
  - (iii) Comprehends authentic (from the culture of the language studied) communications via various media and technology.
- (D) Writing (K-12). The candidate for licensure and certification:
  - (i) Communicates by writing simple facts and ideas.
  - (ii) Expresses narratives and descriptions of a factual nature.
  - (iii) Writes professional and social correspondence (secondary only).
- (E) Culture (K-12). The candidate for licensure and certification:
  - (i) Is knowledgeable about the products of the culture of the language being taught.
  - (ii) Is knowledgeable about practices of the culture of the language being taught.
  - (iii) Is able to compare and contrast local culture and cultures of the language being taught.
- (F) Second language acquisition (K-12). The candidate for licensure and certification:
  - (i) Is knowledgeable about first language development and its relation to second language learning.
  - (ii) Is knowledgeable about varied teaching approaches, methods, and strategies.
  - (iii) Is knowledgeable about varied second language assessment strategies and techniques that are developmentally appropriate.
- (G) The Oklahoma core curriculum (K-12). The candidate for licensure and certification:
  - (i) Understands Oklahoma's core curriculum for languages, and
  - (ii) Implements the skills and knowledge appropriate to the level(s) taught.
- (9) **Journalism.** The candidate for licensure and certification:
  - (A) Maintains current knowledge of concepts, theories, and practical application of such in the field of journalism, including those associated with print media, news gathering, writing, research, graphic design, photography, technology, law, and ethics.
  - (B) Applies comprehension, analysis, interpretation, and evaluation of auditory, written, and visual communication. Projects can be created based on this knowledge, i.e., newspapers, yearbooks, magazines, or broadcasts.
  - (C) Applies appropriate learning strategies for research, writing, organization, editing, and presentation of written and visual messages to different audiences.
  - (D) Communicates effectively in oral presentation, written communication, and visual design.
  - (E) Understands the influence of social and historical context of culture on journalism and adapts instruction accordingly.
  - (F) Understands the impact and importance of cultural diversity on the communication process.
  - (G) Establishes a reflective and creative learning environment.
  - (H) Uses a variety of assessment strategies and teaching methods to encourage creativity, to inspire critical thinking to develop problem-solving techniques, and to establish and maintain excellence in all journalism pursuits.
  - (I) Uses technology to accomplish professional goals and to develop students' journalistic proficiencies in all aspects of the subject, including, but not limited to, desktop publishing, photojournalism, written communication, graphic design, and research.
  - (J) Understands and can teach strategies appropriate to a variety of journalistic areas, including print media, graphic arts, printing technology, broadcast media, electronic media, advertising, business management practices, public relations, and professional writing.
  - (K) Is prepared to teach students in the following areas:
    - (i) desktop publishing;
    - (ii) writing for print and electronic media;
    - (iii) editing;

- (iv) photography and videography;
- (v) graphic design and typography;
- (vi) headline, preview, promotion, and caption writing.
- (L) Is prepared to teach
  - (i) research skills;
  - (ii) interviewing;
  - (iii) ethics, law, and responsibilities of the press;
  - (iv) journalism history;
  - (v) television, video, radio and multimedia production;
  - (vi) staff management, organization and leadership techniques;
  - (vii) business management and accounting procedures.
- (M) Is knowledgeable of professional resources, including state, regional, and national scholastic press associations, workshops, conferences, contests, and publications.
- (N) Understands the importance of effective verbal and visual communication skills.
- (O) Understands the role of co-curricular and extracurricular activities in the development of student interests as an extension of classroom instruction.
- (P) Understands, teaches, and implements Oklahoma's core curriculum.
- (10) **Library-media specialist.** The candidate for licensure and certification:
  - (A) Defines a program of information literacy and integrates it into the curriculum
  - (B) Defines a school library media program emphasizing information problem-solving skills and integrates it into the curriculum.
  - (C) Motivates and guides students and faculty in recognizing literature as an essential base of cultural and practical knowledge and in reading for pleasure as well as for information.
  - (D) Communicates effectively with students, faculty, staff, administrators, parents, other colleagues, and the general public by the ability to:
    - (i) exhibit communication skills necessary for collaborative planning with teachers.
    - (ii) develop and implement an effective public relations program to communicate library media program goals, needs, and accomplishments.
  - (E) Applies basic principles of evaluating and selecting resources and equipment to support the educational goals of the school by the ability to:
    - (i) develop selection policies which reflect curricular and instructional objectives, and informational and recreational needs of students and teachers.
    - (ii) develop criteria for evaluating and selecting specific print and non-print materials and equipment.
    - (iii) develop a collection of bibliographic aids, tools, and other sources to obtain current reviews and information about materials and equipment.
    - (iv) develop and implement procedures for preview, evaluation, selection, and acquisition of materials and equipment consistent with the district policy.
    - (v) reevaluate and maintain materials and equipment.
  - (F) Uses resources to support the personal, developmental, and curricular needs of students, and the instructional development needs of the faculty by the ability to:
    - (i) use a variety of ways to access information, including the use of new technologies.
    - (ii) provide specific information and resources in response to reference requests and recommend resources which support the curriculum.
    - (iii) conduct programs that include guidance in reading, listening, and viewing experiences.
    - (iv) assist students and staff in identifying, obtaining, using and/or producing media in appropriate formats for specific learning objectives.
    - (v) supervise students and staff in media production and equipment operation.
    - (vi) advocate resource-based learning through work with other faculty to identify appropriate instructional strategies and creative uses of resources.
  - (G) Recognizes the value of new technologies for information and instruction and assists faculty and students in their use by the ability to:
    - (i) recognize the importance of technological advancement to the education process.
    - (ii) demonstrate an understanding of the basic concepts, terminology, and applications of emerging technology.

# Permanent Final Adoptions

---

- (iii) recognize curricular implications that result from emerging technology and educational trends.
- (iv) provide leadership in incorporating innovations into education.
- (v) identify sources of information related to technological advancements.
- (vi) provide technical advice and services for educational access to technology.
- (H) Implements policies and procedures for effective and efficient acquisition, cataloging, processing, circulating, and maintaining equipment and resources to ensure access by the ability to:
  - (i) classify and catalog all print and nonprint media according to professionally accepted systems.
  - (ii) organize and maintain a current catalog and shelf list of all media.
  - (iii) implement procedures for initial processing, circulation, maintenance, service, and inventory of equipment and materials.
- (I) Develops, implements, and evaluates school library media programs, including management of personnel, resources, and facilities by the ability to:
  - (i) assess the informational and instructional needs of students and faculty.
  - (ii) establish short- and long-range goals based on identified needs, the goals and objectives of the school district, state and national guidelines, and research findings.
  - (iii) prepare, justify, and administer a library media program budget.
  - (iv) prepare plans for new or renovated library media facilities.
  - (v) develop policies that assure optimum use of materials, equipment, facilities, and staff to support the curriculum.
  - (vi) train, supervise, and evaluate support staff, volunteers, and student helpers.
  - (vii) apply federal and state laws pertaining to media including those regarding copyright, privacy, and access to materials.
  - (viii) prepare statistical records and written reports.
  - (ix) assess and implement the use of new technologies for library media center management, educational applications, and information retrieval.
  - (x) evaluate the library media program based on established goals and standards.
  - (xi) apply effective management principles.
  - (xii) advocate, initiate, and implement agreements for resource sharing.
- (J) Serves as a learning facilitator within schools and as a leader of faculty, administration, and students in the development of effective strategies for teaching and learning with the ability to:
  - (i) teach traditional and electronic skills in the retrieval, evaluation, and utilization of information to enable students to become independent learners.
  - (ii) plan and implement professional development programs.
- (K) Demonstrates a commitment to professionalism by the ability to:
  - (i) exhibit comprehension of the roles, interrelationships, and interdependency of all types of libraries and information agencies.
  - (ii) exhibit an understanding of the role of the school library media program as a central element in the intellectual life of the school.
  - (iii) demonstrate a commitment to promoting intellectual freedom.
  - (iv) demonstrate professional integrity through ethical behavior.
  - (v) apply appropriate research findings and conduct action research to improve the library media program.
  - (vi) develop selection criteria that reflect relevant theories of learning and instruction.
  - (vii) apply basic principles of instructional design in producing resources for specified learning goals or objectives.

## (11) Elementary mathematics.

(A) **Overview.** The goal of teacher preparation programs in mathematics, in partnership with common education, is to prepare future teachers for the twenty-first century. Teacher preparation programs must recognize the changes in society to prepare adaptive teachers who are capable of providing equitable schooling for all students of the twenty-first century. Teacher preparation programs must recognize that learning to teach effectively does not consist solely of acquiring content skills. Theory alone cannot create an effective teacher. Effective teaching also must include the processes or pedagogy of teaching that incorporate actual experiences with students and other teacher candidates within a body or bodies

of knowledge. Teacher preparation programs are challenged with providing a rigorous body of content which is not isolated from the strategies of teaching and the application of that content.

(B) **Commitment.** The candidate for licensure and certification recognizes the individuality and worth of each student, believes that all students can learn and apply mathematics, and demonstrates these beliefs in practice.

(C) **Knowledge of students, mathematics and teaching.** The candidate for licensure and certification:

- (i) Uses knowledge of child development and knowledge about the effects of this development on the learning of mathematics to guide curricular and instructional decisions. This will include primary, intermediate, and middle level philosophy, structure, organization, and child development.
- (ii) Understands students' environment and cultural background, individual learning differences, student attitudes and aspirations, and community expectations and values on the learning of their students.
- (iii) Has a broad and deep knowledge of the concepts, principles, techniques, and reasoning methods of mathematics that is used to set curricular goals and shape teaching.
- (iv) Understands significant connections among mathematical ideas and the applications of these ideas to problem-solving in mathematics, in other disciplines, and in the world outside of school.
- (v) Has experiences with practical applications of mathematical ideas and is able to incorporate these in their curricular and instructional decisions.
- (vi) Is proficient in, at least, the mathematics content needed to teach the mathematics skills described in Oklahoma's core curriculum from multiple perspectives. This includes, but is not limited to, a concrete and abstract understanding of number systems and number sense, geometry, measurement, statistics and probability, functions, and algebra necessary to effectively teach the mathematics content skills addressed in the first through eighth grade as well as the mathematics process skills of problem-solving, reasoning, communication, and connections.
- (vii) Is proficient in the use of a variety of instructional strategies to include, but not limited to, cooperative learning, use of concrete materials, use of technology (i.e., calculators and computers), and writing strategies to stimulate and facilitate student learning.
- (viii) Is proficient in the design of instructional units which incorporate the mathematical processes of problem-solving, reasoning, communication, and connections into the instruction of content skills.
- (ix) Has knowledge of how to teach and use this knowledge to make curriculum decisions, design instructional strategies and assessment plans, and choose materials and resources for mathematics instruction.
- (x) Stimulates and facilitates student learning by using a wide range of formats, strategies, technologies, and procedures, and assuming a variety of roles to guide students' learning of mathematics.
- (xi) Helps students learn mathematics by creating a safe and positive environment in which they take responsibility for learning.
- (xii) Develops students' abilities to reason and think mathematically, to investigate and explore patterns, to discover structures and relationships, to formulate and solve problems, and to justify and communicate conclusions.
- (xiii) Employs a range of formal and informal assessment methods to evaluate student learning in light of well-defined goals. Results should be used to guide the teaching process and provide opportunities for students to reflect on the strengths and weaknesses of individual performance.

(D) **Reflection and growth.** The candidate for licensure and certification:

- (i) Regularly reflects on what one teaches and how one teaches.
- (ii) Keeps informed of changes in mathematics and in the teaching of mathematics, continually seeking to improve his/her knowledge and practice.
- (iii) Supports the involvement of families in their children's education, helps the community understand the role of mathematics and mathematics instruction in today's world, and, to the extent possible, involves the community in support of instruction.

# Permanent Final Adoptions

---

- (iv) Collaborates with peers and other education professionals to strengthen their school's programs, advance knowledge, and contribute to improving practice within the field.

**(12) Intermediate mathematics.**

(A) Overview. The goal of teacher preparation programs in mathematics, in partnership with common education, is to prepare future teachers for the twenty-first century. Teacher preparation programs must recognize the changes in society to prepare adaptive teachers who are capable of providing equitable schooling for all students of the twenty-first century. Teacher preparation programs must recognize that learning to teach effectively does not consist solely of acquiring content skills. Theory alone cannot create an effective teacher. Effective teaching also must include the processes or pedagogy of teaching that incorporate actual experiences with students and other teacher candidates within a body or bodies of knowledge. Teacher preparation programs are challenged with providing a rigorous body of content which is not isolated from the strategies of teaching and the application of that content.

(B) Commitment. The candidate for licensure and certification recognizes the individuality and worth of each student, believes that all students can learn and apply mathematics, and incorporates these beliefs into practice.

(C) Knowledge of students, mathematics and teaching. The candidate for licensure and certification:

- (i) Has an understanding of middle level philosophy, structure, organization, and child development as well as an understanding of secondary level structure and child development.
- (ii) Uses knowledge of child development and knowledge about the effects of this development on the learning of mathematics to guide curricular and instructional decisions.
- (iii) Understands students' environment and cultural background, individual learning styles, student attitudes and aspirations, and community expectations and values on the learning of students.
- (iv) Has a broad and deep knowledge of the concepts, principles, techniques, and reasoning methods of mathematics that is used to set curricular goals and shape teaching.
- (v) Understands significant connections among mathematical ideas and the applications of these ideas to problem-solving in mathematics, in other disciplines, and in the world outside of school.
- (vi) Has experiences with practical applications of mathematical ideas and is able to incorporate these in curricular and instructional decisions.
- (vii) Is proficient in, at least, the mathematics content needed to teach the mathematics skills described in Oklahoma's core curriculum from multiple perspectives. This includes, but is not limited to, a concrete and abstract understanding of number systems and number theory, geometry and measurement, statistics and probability, functions, algebra, discrete mathematics, and calculus necessary to effectively teach the mathematics skills addressed in the sixth through eighth grade as well as the core and extended core skills in the algebra, geometry, functions, statistics, and probability sections of grades 9-12 in Oklahoma's core curriculum. This would also include the process skills and core skills addressed in the trigonometry and calculus sections of grades 9-12 in the Oklahoma core curriculum.
- (viii) Is proficient in the use of a variety of instructional strategies to include, but is not limited to, cooperative learning, use of concrete materials, use of technology (i.e., calculators and computers), and writing strategies to stimulate and facilitate student learning.
- (ix) Is proficient in the design of instructional units which incorporate the mathematical processes of problem-solving, reasoning, communication, and connections into the instruction of content skills.
- (x) Has knowledge of how to teach and uses this knowledge in making curriculum decisions, designing instructional strategies and assessment plans, and choosing materials and resources for mathematics instruction.
- (xi) Helps students learn mathematics by creating a safe and positive environment in which they take responsibility for learning.
- (xii) Uses content knowledge and pedagogy to develop students' abilities to reason and think mathematically, to investigate and explore patterns, to discover structures and relationships, to formulate and solve problems, and to justify and communicate conclusions.

(xiii) Employs a range of formal and informal assessment methods to evaluate student learning in light of well-defined goals. Results should be used to guide the teaching process and provide opportunities for students to reflect on the strengths and weaknesses of individual performance.

(D) Reflection and growth. The candidate for licensure and certification:

- (i) Keeps informed of changes in mathematics and in the teaching of mathematics, continually seeking to improve knowledge and practice. He/she regularly reflects on what is taught and how it is taught.
- (ii) Supports the involvement of families in their children's education, helps the community understand the role of mathematics and mathematics instruction in today's world, and, to the extent possible, involves the community in support of instruction.
- (iii) Collaborates with peers and other education professionals to advance knowledge and contribute to improving practice within the field.

**(13) Advanced/secondary mathematics.**

(A) Overview. The goal of teacher preparation programs in mathematics, in partnership with common education, is to prepare future teachers for the twenty-first century. Teacher preparation programs must recognize the changes in society to prepare adaptive teachers who are capable of providing equitable schooling for all students of the twenty-first century. Teacher preparation programs must recognize that learning to teach effectively does not consist solely of acquiring content skills. Theory alone cannot create an effective teacher. Effective teaching also must include the processes or pedagogy of teaching that incorporate actual experiences with students and other teacher candidates within a body or bodies of knowledge. Teacher preparation programs are challenged with providing a rigorous body of content which is not isolated from the strategies of teaching and the application of that content.

(B) Commitment. The candidate for licensure and certification recognizes the individuality and worth of each student, believes that all students can learn and apply mathematics, and incorporates these beliefs into practice.

(C) Knowledge of students, mathematics and teaching. The candidate for licensure and certification:

- (i) Has an understanding of the middle level philosophy, structure, organization, and child development as well as an understanding of the secondary level structure and child development.
- (ii) Uses knowledge of child development and knowledge about the effects of this development on the learning of mathematics to guide curricular and instructional decisions.
- (iii) Understands students' environment and cultural background, individual learning styles, student attitudes and aspirations, and community expectations and values on the learning of students.
- (iv) Has a broad and deep knowledge of the concepts, principles, techniques, and reasoning methods of mathematics that is used to set curricular goals and shape teaching.
- (v) Understands significant connections among mathematical ideas and the applications of these ideas to problem solving in mathematics, in other disciplines, and in the world outside of school.
- (vi) Has experiences with practical applications of mathematical ideas and is able to incorporate these in curricular and instructional decisions.
- (vii) Is proficient in, at least, the mathematics content needed to teach the mathematics skills described in Oklahoma's core curriculum from multiple perspectives. This includes, but is not limited to, a concrete and abstract understanding of number systems and number theory, geometry and measurement, statistics and probability, functions, algebra, discrete mathematics, and calculus necessary to effectively teach the mathematics skills addressed in the sixth through twelfth grade in the Oklahoma core curriculum. (The depth and breadth of knowledge should be much greater than for the Intermediate Mathematics certification.)
- (viii) Is proficient in the use of a variety of instructional strategies to include, but is not limited to, cooperative learning, use of concrete materials, use of technology (i.e., calculators and computers), and writing strategies to stimulate and facilitate student learning.
- (ix) Is proficient in the design of instructional units which incorporate the mathematical processes of problem-solving, reasoning, communication, and connections into the instruction of content skills.

# Permanent Final Adoptions

---

- (x) Has knowledge of how to teach and uses this knowledge in making curriculum decisions, designing instructional strategies and assessment plans, and choosing materials and resources for mathematics instruction.
  - (xi) Helps students learn mathematics by creating a safe and positive environment in which they take responsibility for learning.
  - (xii) Uses content knowledge and pedagogy to develop students' abilities to reason and think mathematically, to investigate and explore patterns, to discover structures and relationships, to formulate and solve problems, and to justify and communicate conclusions.
  - (xiii) Employs a range of formal and informal assessment methods to evaluate student learning in light of well-defined goals. Results should be used to guide the teaching process and provide opportunities for students to reflect on the strengths and weaknesses of individual performance.
- (D) Reflection and growth. The candidate for licensure and certification:
- (i) Keeps informed of changes in mathematics and in the teaching of mathematics, continually seeking to improve knowledge and practice. He/she regularly reflects on what is taught and how it is taught.
  - (ii) Supports the involvement of families in their children's education, helps the community understand the role of mathematics and mathematics instruction in today's world, and, to the extent possible, involves the community in support of instruction.
  - (iii) Collaborates with peers and other education professionals to advance knowledge and contribute to improving practice within the field.
- (14) **Middle level personnel.** The competencies developed here focus on middle level philosophy, structure, organization, and student development. Subject matter competencies can be pulled from the K-12 competencies developed by the subject matter committees. The candidate for licensure and certification:
- (A) Understands the history, philosophy, principles, structure, and organization of middle level education as it relates to early adolescence.
  - (B) Uses methods and materials for interdisciplinary instruction at the middle school level.
  - (C) Demonstrates an understanding of child-centered versus content-centered methodologies to meet the individual needs of middle level students.
  - (D) Has knowledge and skills pertaining to classroom management, organization, and student discipline at the middle school level.
  - (E) Understands the unique developmental characteristics and needs of the early adolescent, focusing on cognitive, physical, and social development.
  - (F) Establishes an environment using active participation to teach problem-solving and communication skills (reading, listening, writing, and speaking) as an integral part of all instruction.
  - (G) Understands curriculum-based teacher advisory programs, which foster character, responsibility, respect for others, and active community involvement.
  - (H) Understands the need to work collaboratively with other teachers, staff members, parents, resource persons, and community groups to enhance and support the education of young adolescents.
  - (I) Uses a variety of instructional strategies that address different learning styles to meet the needs of early adolescents.
  - (J) Models the role of the lifelong learner.
  - (K) Insures that all students develop proficiencies in the Oklahoma core curriculum.
- (15) **Instrumental/general music.** The candidate for licensure and certification:
- (A) Understands the basic philosophy of music education and is able to justify music within the school curriculum.
  - (B) Understands how music and fine arts experiences enhance student life experience and can promote music and the other arts in the community as well as within the school (including group motivational strategies and group management methods).
  - (C) Participates in ongoing professional development which includes involvement with professional associations and current experiences in performing endeavors.
  - (D) Has knowledge of effective methodologies and practices for encouraging self-analysis and musical independence.
  - (E) Has mastery of a major instrument, including appropriate techniques of breathing, embouchure (mouth position), posture, and hand position.

- (F) Has a broad understanding of music history, including various styles and musical contributions of different cultural and ethnic groups.
  - (G) Has the ability to play an instrument(s) and teach a beginning instrumental music class, using current methods and quality music literature (collection of written music) for band, small ensemble, and solo.
  - (H) Is able to recognize and evaluate the sequential development of students, including those with disabilities.
  - (I) Has knowledge of where to locate printed musical resources and professional consultants.
  - (J) Has a working knowledge of how music integrates with all other academic disciplines, including other fine arts areas.
  - (K) Has the skill to collaborate and coordinate experiences with teachers of other academic disciplines, including other fine arts areas.
  - (L) Has competency in conducting techniques.
  - (M) Is able to teach basic fundamentals of embouchure (mouth position), hand position, technique and other related skills, of all the standard band and orchestra instruments at a basic Grade 6-8 level, including making a characteristic sound.
  - (N) Is able to sing a diatonic melody at sight, using a consistent sight-singing method, and the skill to teach that method appropriately at each grade level. "Diatonic" means relating to a musical scale having eight tones to the octave and using a fixed pattern of intervals without chromatic deviation.
  - (O) Is able to count rhythms using a consistent rhythm reading system and demonstrates the skill to teach that method appropriately at each grade level.
  - (P) Has knowledge of music education approaches such as Carl Orff, Zoltar Kodaly and Jaques-Dalcroze and is able to prepare and teach a lesson according to each of these approaches.
  - (Q) Has basic proficiency in piano, including a knowledge of keyboard harmony and is able to play functional progressions and simple accompaniments.
  - (R) Has the ability to use technology in the music classroom, such as basic knowledge of MIDI (musical instrument digital interface), sequencing and notational software programs, sound system set-up, and to make successful recordings of music ensembles.
  - (S) Understands basic laws of copyright pertaining to the correct use of copyrighted printed music and related responsibilities.
  - (T) Understands the competencies in General Music in Oklahoma's core curriculum and exhibits the skill to incorporate them into various instrumental music classes.
- (16) **Vocal/general music.** The candidate for licensure and certification:
- (A) Understands the basic philosophy of music education and is able to justify music within the school curriculum.
  - (B) Understands how music and fine arts experiences enhance student life experience and can promote music and the other arts in the community as well as within the school (including group motivational strategies and group management methods).
  - (C) Has knowledge of effective methodologies and practices for encouraging self-analysis and musical independence.
  - (D) Understands proper breathing techniques and tone production techniques.
  - (E) Has a knowledge of quality literature (collection of written music), both choral and solo, as well as folk songs appropriate for children.
  - (F) Understands the changing voice, both male and female.
  - (G) Has knowledge of where to locate professional consultants and printed music resources, such as music stores, music publisher catalogues, and textbook companies.
  - (H) Has a working knowledge of how to coordinate vocal music with all academic disciplines including other fine arts areas.
  - (I) Has proficiency in piano, including knowledge of scales, chords and the ability to warm up a choir and play simple accompaniments.
  - (J) Participates in ongoing professional development which includes involvement with professional associations.
  - (K) Has the ability to recognize and evaluate sequential musical development for all students, including those with disabilities.
  - (L) Has competency in conducting, including the ability to show musical nuance (subtle distinction or variation).

# Permanent Final Adoptions

---

- (M) Is able to prepare a series of lesson plans appropriate to each teaching level K-12.
  - (N) Has the ability to sing a diatonic melody at sight, using a consistent sight singing method and the skill to teach that method appropriately at each grade level. "Diatonic" means relating to a musical scale having eight tones to the octave and using a fixed pattern of intervals without chromatic deviation.
  - (O) Has the ability to count rhythms using a consistent rhythmic reading system and the skills to teach that method appropriately at each grade level.
  - (P) Has knowledge of the music education approaches such as Carl Orff, Zoltar Kodaly and Jaques-Dalcroze and is able to prepare and teach a lesson according to each of these approaches.
  - (Q) Has broad knowledge and understanding of music history including various styles, periods and cultures.
  - (R) Has broad knowledge and understanding of a variety of music and musical practices representative of different cultural and ethnic groups.
  - (S) Has the ability to use technology in the music classroom, such as basic knowledge of MIDI (musical instrument digital interface), sequencing and notational software programs, sound system set-up, and to make successful recordings of music ensembles.
  - (T) Understands basic laws of copyright pertaining to the correct use of copyrighted printed music and related responsibilities.
  - (U) Understands the competencies in General Music in Oklahoma's core curriculum and exhibits the skill to incorporate them into various vocal music classes.
- (17) **Physical education/health/safety.** Competencies specified in both (A) Physical Education/Safety and (B) Health/Safety are required for licensure and certification:
- (A) Physical education/safety. The candidate for licensure and certification:
    - (i) Understands the Oklahoma core curriculum and is able to develop instructional strategies/plans based on the Physical Education Section of the Oklahoma core curriculum.
    - (ii) Knows the developmental levels of growth and coordination of children (Grades K-12) and provides appropriate learning opportunities that support the physical and intellectual development of all students.
    - (iii) Understands and uses a variety of both psychomotor and cognitive assessment strategies to evaluate and modify the teaching/learning process.
    - (iv) Understands and utilizes physical education activities for curriculum integration.
    - (v) Applies movement concepts and principles to the learning and development of rhythm and motor skills for the following:
      - (I) locomotor movement
      - (II) nonlocomotor movement
      - (III) manipulative skills
    - (vi) Promotes participation and involvement in age-appropriate physical activities/sports suitable for lifelong participation in the following areas:
      - (I) lifetime activities/sports (i.e., skiing, camping, hiking, clogging)
      - (II) individual activities/sports (i.e., golf, tennis, self-defense, spelunking)
      - (III) nontraditional team activities/sports (i.e., korfbal, lacrosse, square dancing)
      - (IV) traditional team activities/sports (i.e., basketball, volleyball, softball)
    - (vii) Understands adaptive learning activities for students with special needs.
    - (viii) Knows and can demonstrate appropriate fitness, wellness, and personal management components including:
      - (I) Fitness. Fitness includes: flexibility; muscular strength; cardiovascular fitness endurance; contraindicated exercises (traditional exercises which have been proven, through research, to be damaging to the body); nutrition.
      - (II) Wellness. Wellness encompasses: body composition; stress management; safety and accident prevention; designing and assessing personal fitness program; weight control; consumer education.
      - (III) Personal management skills: cooperation; sportsmanship; self-discipline; goal setting; following rules.
    - (ix) Uses information technology to enhance learning and to enhance personal productivity:
      - (I) Demonstrates knowledge of current technologies and their application in Physical Education.

- (II) Designs, develops, and implements student learning activities that integrate information technology.
- (III) Uses technologies to communicate, network, locate resources, and enhance continuing professional development.
- (B) Health/safety. The candidate for licensure and certification:
  - (i) Communicates the concepts, purposes, and importance of health education; as evidenced by the following indicators:
    - (I) Describes the discipline of health education within the school setting.
    - (II) Describes the interdependence of health education and the other components of a coordinated school health program.
    - (III) Delivers accurate and up-to-date information about the most common comprehensive school health education components; including but not limited to: community and environmental health; consumer health; disease prevention and control; healthy communication; human growth and development; mental and emotional health; nutrition; personal health; safety and injury prevention; substance abuse.
    - (IV) Provides a rationale for health education, grades 1-12.
    - (V) Understands the variables that shape decisions about health behaviors.
    - (VI) Defines the role of the health education teacher within a coordinated school health program.
    - (VII) Explains the importance of health education.
    - (VIII) Identifies the kinds of school and community support necessary to implement a coordinated school health education program.
    - (IX) Understands the importance of ongoing professional development for health education teachers.
    - (X) Describes the importance of modeling positive, healthful behaviors.
  - (ii) Assesses the health education needs and interests of students.
    - (I) Uses information about health needs and interests of students.
    - (II) Recognizes behaviors that promote or compromise health.
  - (iii) Plans school health instruction.
    - (I) Selects realistic program goals and objectives.
    - (II) Identifies a scope and sequence plan for school health instruction.
    - (III) Plans health education lessons which reflect the abilities, needs, interests, developmental levels, and cultural backgrounds of students.
    - (IV) Describes effective ways to promote cooperation with and feedback from administrators, parents, and other community members.
    - (V) Determines procedures which are compatible with school policy for implementing curricula.
    - (VI) Develops activities to meet program goals and objectives based on the Health/Safety, and for grades 7-12, HIV/AIDS Prevention Education Sections of Oklahoma's core curriculum and on the National Health Education Standards.
  - (iv) Implements school health instruction.
    - (I) Employs a variety of strategies to facilitate implementation of a school health education curriculum; strategies include: provides a core health education curriculum; integrates health and other content areas; uses technology as a strategy to deliver health education; involves parents, guardians, or custodians of students in the teaching/learning process.
    - (II) Incorporates appropriate resources and materials including: selects valid and appropriate sources of information about health; uses school and community resources within a comprehensive program; refers students to valid and appropriate sources of health information.
    - (III) Employs appropriate strategies for dealing with health issues.
    - (IV) Adapts existing health education curricular models to community and student needs and interests.
  - (v) Evaluates the effectiveness of school health instruction.

# Permanent Final Adoptions

---

- (I) Uses appropriate criteria and methods unique to health education for evaluating student achievement.
  - (II) Interprets and applies student evaluation results to improve health instruction.
- (18) **Psychometrist.** The candidate for licensure and certification:
- (A) Understands and integrates into practice the philosophical, historical, and legal foundations of special education as applicable to the role of the psychometrist/educational diagnostician, in the following areas, including laws, regulations, and policies/procedures related to special education assessment, placement, and due process.
  - (B) Demonstrates knowledge, understanding, and application of ethical issues and standards of professional practice within the educational setting, in the following areas:
    - (i) ethical conduct and legal issues of the profession
    - (ii) role and function of the psychometrist/educational diagnostician
    - (iii) confidentiality
    - (iv) professional issues/standards
    - (v) training standards for particular instruments and procedures
    - (vi) continuing professional growth/development
  - (C) Demonstrates knowledge and skills in assessment, diagnosis, evaluation, and eligibility determination within the multidisciplinary team process for children with disabilities who may require special education services or early childhood intervention services, as follows:
    - (i) collection of assessment data for infants through school-age children, including the selection, administration, accurate scoring, and reporting of instruments and procedures appropriate to the areas of concern such as basic academic skills, cognitive/intellectual, developmental, perception, language, adaptive behavior, and classroom behavior
    - (ii) the adequacy, appropriate use, and limitations of assessment and evaluation instruments and procedures to be used by the psychometrist/educational diagnostician for educational purposes and recommendations
    - (iii) nondiscriminatory assessment strategies for culturally and linguistically diverse children
  - (D) Has knowledge and skills in effective communication and collaboration within the multidisciplinary team process, in the following areas:
    - (i) consultation for instructional interventions and problem-solving
    - (ii) educational recommendations and decision-making
  - (E) Understands and integrates into practice basic psychological foundations, including:
    - (i) cultural diversity
    - (ii) child and adolescent development
    - (iii) human exceptionalities
    - (iv) learning/educational psychology
  - (F) Understands and integrates into practice educational foundations, including:
    - (i) education of the exceptional learner
    - (ii) instructional and remedial techniques
    - (iii) the educational service delivery system
- (19) **Reading specialist.** The candidate for licensure and certification shall possess the competencies specified in (A) through (D) of this paragraph:
- (A) Reading philosophy and professional roles. Competencies are:
    - (i) Provides reading instructions so as to facilitate the process of reading development in which teacher and learner work together as members of a community of readers.
    - (ii) Has knowledge of the linguistic, dialectal, and developmental differences in readers that may affect instructional strategies.
    - (iii) Knows the principles and issues of major theories of language development as they relate to reading instruction.
    - (iv) Applies flexible approaches to reading instruction that recognize the uniqueness of individual students.
    - (v) Develops strategies for working with school staff, other reading specialists, and professionals within and beyond the school to foster reading development for individuals and groups.
    - (vi) Understands reading as a constructive process in which the experience of the reader, the text, and the requirements of the reading event interact in the creation of meaning.

- (vii) Identifies appropriate interaction with staff members (e.g., content, special, classroom teachers) to facilitate reading development for all students.
  - (viii) Recognizes factors and procedures related to the involvement of parents and/or school and community groups at all stages of reader development.
  - (ix) Identifies and understands procedures involved in determining curriculum needs for reading programs.
  - (x) Identifies criteria and/or procedures involved in planning reading curriculum.
  - (xi) Identifies appropriate methods and resources related to the reading process for promoting professional growth for self and school staff.
- (B) Instructional practices. Competencies are:
- (i) Understands emergent literacy development and the types of experiences and concepts that support learning to read.
  - (ii) Applies knowledge of and provides appropriate instruction of graphophonemic relationships.
  - (iii) Understands the relationship among word knowledge (i.e., word attack and word recognition), reading fluency, and comprehension.
  - (iv) Identifies various word attack strategies (i.e., semantic clues, syntactic clues, graphophonemic clues), and various word recognition strategies (i.e., those that promote meaningful vocabulary growth).
  - (v) Provides appropriate instruction of strategies that promote comprehension at the literal, inferential, and critical/evaluative levels for both narrative and expository texts.
  - (vi) Understands the importance of adjusting reading strategies for different reading purposes.
  - (vii) Provides appropriate instruction of various techniques and study strategies (i.e., locating, organizing, and interpreting information).
  - (viii) Identifies content area reading strategies that activate and/or develop background knowledge.
  - (ix) Assists students in applying reading-related strategies to new learning situations.
  - (x) Understands the issues and procedures involved in teacher modeling, teacher-guided application, and independent practice.
  - (xi) Develops proficiencies in providing instruction associated with a variety of reading instructional approaches, including phonics, language experience, basal (basic) readers, and literature-based.
  - (xii) Implements cooperative learning strategies during reading instruction.
  - (xiii) Analyzes the strengths and weaknesses of the use of readability formulas in assessing instructional materials.
  - (xiv) Identifies appropriate criteria for selecting instructional materials (e.g., textbooks, reference books, computer software).
  - (xv) Analyzes issues and procedures involved in modifying curriculum to meet the needs of individual students.
  - (xvi) Recognizes the factors involved in organizing reading instruction to encourage individual student success.
  - (xvii) Promotes meaningful parent/guardian-child interaction related to reading.
  - (xviii) Creates a reading environment to increase student's motivation to read widely and independently and to promote reading as a lifelong habit.
- (C) Reading diagnosis. Competencies are:
- (i) Identifies factors that contribute to reading difficulties.
  - (ii) Understands the nature of reading difficulties (e.g., students' knowledge and strategies, factors embedded in the reading materials, instructional factors).
  - (iii) Implements, interprets, and uses informal and formal assessment and evaluation procedures for identifying and diagnosing reading difficulties (e.g., observation, criterion-referenced tests, norm-referenced tests, miscue analysis, informal reading inventories, anecdotal records).
  - (iv) Understands, analyzes, and creates case studies for diagnostic purposes.
  - (v) Identifies issues, procedures, and limitations involved in using oral diagnostic tests, silent diagnostic tests, visual and auditory screening, and observational diagnostic techniques.

# Permanent Final Adoptions

---

- (vi) Identifies activities and/or strategies appropriate for individual or group instruction for students with reading difficulty.
- (D) Evaluation and assessment. Competencies are:
  - (i) Identifies characteristics, strengths, and weaknesses of formal and informal tests and instruments (i.e., criterion-referenced, norm-referenced, achievement tests, diagnostic tests, checklists, observations, and anecdotal records.)
  - (ii) Analyzes issues involved in the use of tests and other evaluation instruments for classification or placement, diagnosis, or other evaluative purposes.
  - (iii) Selects tests or other instruments appropriate for a given evaluation purpose.
  - (iv) Understands the principles and/or procedures involved in the interpretation of test results.
  - (v) Identifies procedures for cooperating with various professionals in assessment, evaluation, and instructional planning for students with special needs.
  - (vi) Identifies criteria for evaluating reading programs.
- (20) **Reserve Officers' Training Corps (ROTC).** Competency for ROTC certification will be verified by a recommendation from the appropriate ROTC Regional Headquarters.
- (21) **School counselor.** The candidate for licensure and certification shall:
  - ~~(A) The candidate for licensure and certification:~~
  - ~~(iA) Uses~~ Use an understanding of human development to help provide a comprehensive, developmental guidance and counseling program Comprehensive School Counseling Program to schools.
  - ~~(iiB) Understands~~ Understand the impact of environmental influences on students' development and achievement, and ~~helps~~ help students develop strategies to resolve or cope with situations that may hinder learning and success.
  - ~~(iiiC) Demonstrates~~ Demonstrate an appreciation of ~~human~~ humanity ~~diversity~~ by providing equitable guidance and counseling services for all students and by promoting a climate of mutual respect that helps students value themselves and others.
  - ~~(ivD) Uses~~ Use effective leadership skills to plan, implement, and evaluate a comprehensive, developmental guidance and counseling program to address the needs of all students.
  - ~~(vE) Provides~~ Provide guidance and counseling services to address the needs and concerns of students and to help students develop skills to use in future situations.
  - ~~(viF) Facilitates~~ Facilitate the educational and career development of individual students to help all students achieve success.
  - ~~(viiG) Uses~~ Use formal and informal assessment to provide information about and to students, to monitor student progress, and to recommend changes to the student's educational environment.
  - ~~(viiiH) Consults~~ Consult with parents and school personnel, provides professional expertise, and establishes collaborative relationships that foster a support system for students, parents, and the school community.
  - ~~(ixI) Establishes~~ Establish strong and positive ties with the home and the community to promote and support students' growth in school and beyond the school setting.
  - ~~(xJ) Has knowledge of professional ethical codes, the importance of professional development, and the need to work with colleagues to advance the profession~~ Read and understand, and acknowledge in writing having read and having an understanding of, Title 25 O.S. §§ 2001, 2002, 2003, 2004, 2005, 70 O.S. §§ 3-168, 11-103.6, 24-100.3, 24-100.4, 24-100.5, 24-157, OAC 210 §§ 1-1-1, 35-3-106, or any successor statutes.
- ~~(B) Competency for School Counselor certification may also be verified by the Nationally Certified School Counselor (NCSC) credential.~~
- (22) **School nurse.** Competency for School Nurse certification ~~will~~ shall be verified by a current registered nurse's license issued by the ~~Oklahoma State Board of Nurse Registration and Nursing Education~~ Oklahoma Board of Nursing.
- (23) **School psychologist.** The candidate for licensure and certification shall:
  - ~~(A) The candidate for licensure and certification:~~
  - ~~(iA) Understands~~ Understand and ~~integrates~~ integrate into practice the principles of professional school psychology, including all of the criteria in ¶(A)(i) through (A)(vii) below:
    - ~~(fi)~~ (i) ethical conduct and legal issues;
    - ~~(Hii)~~ (ii) confidentiality;
    - ~~(Hiii)~~ (iii) role and function of the school psychologist;

- (~~IV~~iv) service delivery models;
  - (~~V~~v) professional issues/standards;
  - (~~VI~~vi) history and foundations;
  - (~~VII~~vii) continuing professional growth/development.
  - (~~iiB~~) ~~Demonstrates~~ Demonstrate knowledge and skills in a comprehensive range of assessment, diagnosis, evaluation, and eligibility or intervention determination within the multidisciplinary team process, including:
    - (~~fi~~) for children with disabilities who may require special education, early childhood intervention services, or other exceptional needs; and
    - (~~Hii~~) assessment for interventions; and
    - (~~HHiii~~) collection of assessment data for infants through school-age children, including the selection, administration, accurate scoring, reporting, and interpretation of instruments and procedures appropriate to the areas of concern; and
    - (~~IV~~iv) the adequacy, appropriate uses, and limitations of assessment and evaluation instruments and procedures to be used by the school psychologist; and
    - (~~V~~v) nondiscriminatory assessment strategies for culturally and linguistically diverse children.
  - (~~iiiC~~) ~~Demonstrates~~ Demonstrate knowledge and skills in prevention, intervention, consultation, and counseling, including:
    - (~~fi~~) behavioral and social skills; and
    - (~~Hii~~) cognitive/intellectual; and
    - (~~HHiii~~) child developmental; and
    - (~~IV~~iv) academic learning/instructional; and
    - (~~V~~v) mental health needs; and
    - (~~VI~~vi) crisis prevention/intervention.
  - (~~ivD~~) ~~Demonstrates~~ Demonstrate knowledge and skills in effective communication and collaboration, including:
    - (~~fi~~) consultation for interventions and problem-solving; and
    - (~~Hii~~) recommendations and decision-making concerning educational and mental health needs of children; and
    - (~~HHiii~~) working with families, children, professionals, and other service systems.
  - (~~vE~~) ~~Demonstrates~~ Demonstrate knowledge and application of statistics, research methodologies/designs, measurement, and program evaluation.
  - (~~viF~~) ~~Understands~~ Understand and ~~integrates~~ integrate into practice psychological foundations including:
    - (~~fi~~) biological bases of behavior (developmental, neuropsychological, physiological, and other biological influences on behavior); and
    - (~~Hii~~) social bases of behavior (social psychology and development); and
    - (~~HHiii~~) ~~cultural diversity and~~ cultural bases of behavior; and
    - (~~IV~~iv) child and adolescent development; and
    - (~~V~~v) human exceptionalities and individual differences; and
    - (~~VI~~vi) human learning.
  - (~~viiG~~) ~~Understands~~ Understand and ~~integrates~~ integrate into practice educational foundations, including:
    - (~~fi~~) education of the exceptional learner; and
    - (~~Hii~~) instructional and remediation techniques/intervention methods; and
    - (~~HHiii~~) organization and operation of the schools; and
    - (~~IV~~iv) the educational and alternative service delivery systems.
  - (~~B~~) ~~Competency for School Psychologist certification may also be verified by the Nationally Certified School Psychologist (NCSP) credential.~~
- (24) **Elementary science.** The candidate for licensure and certification:
- (A) Is able to plan an inquiry-based science program for students using as a framework, Oklahoma's core curriculum. In doing this, one
    - (i) Develops a framework of yearlong and short-term goals for students.
    - (ii) Understands curriculum design to meet the interests, knowledge, understanding, abilities, and experiences of students.

# Permanent Final Adoptions

---

- (iii) Selects teaching and assessment strategies that support the development of student understanding and encourage a community of science learners.
- (iv) Works with colleagues within and across disciplines and grade levels.
- (B) Is able to guide and facilitate learning. In doing this, one
  - (i) Focuses and supports inquiries while interacting with students.
  - (ii) Facilitates discussion among students about scientific ideas.
  - (iii) Challenges students to accept and share responsibility for their own learning.
  - (iv) Recognizes and responds to student diversity and encourages all students to participate fully in science learning.
  - (v) Encourages and models the skills of scientific inquiry, as well as the curiosity, openness to new ideas and data, and questioning that characterizes science.
- (C) Is able to engage in ongoing assessment of one's own teaching and of student learning. In doing this, one
  - (i) Uses multiple methods and systematically gathers data about student understanding and ability.
  - (ii) Analyzes assessment data to guide teaching.
  - (iii) Guides students in the evaluation of their work.
  - (iv) Uses student data, observations of teaching, and interaction with colleagues to reflect on and improve teaching practice.
  - (v) Uses student assessment information and classroom observation to report student achievement to students and parents.
- (D) Is able to design and manage learning environments that provide students with the time, space, and resources needed for developing science skills. In doing this, one
  - (i) Structures the time so that students are able to engage in extended investigations.
  - (ii) Creates a setting for student work that is flexible and supportive of science inquiry.
  - (iii) Ensures a safe working environment.
  - (iv) Makes the available science tools, materials, media, and technological resources accessible to students.
  - (v) Identifies and uses resources outside the school.
  - (vi) Engages students in designing the learning environment.
- (E) Is able to develop communities of science learners that reflect the intellectual rigor of scientific inquiry and the climate conducive to science learning. In doing this, one
  - (i) Respects the diverse needs, skills, and experiences of all students.
  - (ii) Enables students to have a significant voice in decisions about the content and context of their work and prepares students to take responsibility for learning.
  - (iii) Encourages collaboration among students.
  - (iv) Structures and facilitates ongoing formal and informal discussion based on a shared understanding of rules of scientific discourse.
  - (v) Models and emphasizes the skills and value of scientific inquiry.
- (F) Is able to use a variety of instructional strategies to implement an integrated/ interdisciplinary curriculum.
- (G) Is able to teach with a broad understanding of all content areas and to understand the interaction between the sciences and the process skills. Content areas and concepts within each are listed in subparagraphs (A) through (C) herein:
  - (i) Physical science content
    - (I) Properties of objects and materials
    - (II) Properties and changes of properties in matter
    - (III) Position and motion of objects
    - (IV) Motion and force
    - (V) Light, heat, electricity, and magnetism
    - (VI) Transfer of energy
  - (ii) Earth/space content
    - (I) Properties of earth materials
    - (II) Objects in the sky
    - (III) Changes in earth and sky
    - (IV) Structure of the earth system

- (V) Earth's history
  - (VI) Earth in the solar system
  - (iii) Life science content
    - (I) The characteristics of organisms
    - (II) The life cycle of organisms
    - (III) Organisms and environment
    - (IV) Structure and function in living systems
    - (V) Reproduction and heredity
    - (VI) Regulation and behavior
    - (VII) Population and ecosystem
    - (VIII) Diversity and adaption of organisms
  - (H) Is able to develop conceptual understanding for science content using the process skills listed in Oklahoma's core curriculum, in Grades K through 8. Identified science concepts and/or science content areas are:
    - (i) System, order and organization
    - (ii) Constancy, change, equilibrium and measurement
    - (iii) Form and function
    - (iv) Abilities of technological design
    - (v) Abilities to distinguish between natural objects and objects made by humans
    - (vi) Understanding about science and technology
    - (vii) Science as a human endeavor
    - (viii) Nature of science
    - (ix) History of science
    - (x) Personal health
    - (xi) Characteristics and changes in populations
    - (xii) Population, resources, and environment
    - (xiii) Types of resources
    - (xiv) Natural hazards
    - (xv) Changes in environments
    - (xvi) Science and technology in local challenges
    - (xvii) Risk and benefits
    - (xviii) Science and technology in society
- (25) **Earth science 6-12.** The candidate for licensure and certification:
- (A) Is able to plan an inquiry-based science program for students using as a framework, Oklahoma's core curriculum. In doing this, one
    - (i) Develops a framework of yearlong and short-term goals for students.
    - (ii) Understands curriculum design to meet the interests, knowledge, understanding, abilities and experiences of students.
    - (iii) Selects teaching and assessment strategies that support the development of student understanding and encourage a community of science learners.
    - (iv) Works with colleagues within and across disciplines and grade levels.
  - (B) Is able to guide and facilitate learning. In doing this, one:
    - (i) Focuses and supports inquiries while interacting with students.
    - (ii) Facilitates discussion among students about scientific ideas.
    - (iii) Challenges students to accept and share responsibility for their own learning.
    - (iv) Recognizes and responds to student diversity and encourages all students to participate fully in science learning.
    - (v) Encourages and models the skills of scientific inquiry, as well as the curiosity, openness to new ideas and data, and questioning that characterizes science.
  - (C) Is able to engage in ongoing assessment of own teaching and of student learning. In doing this, one
    - (i) Uses multiple methods and systematically gathers data about student understanding and ability.
    - (ii) Analyzes assessment data to guide teaching.
    - (iii) Guides students in the evaluation of their work.
    - (iv) Uses student data, observations of teaching, and interaction with colleagues to reflect on and improve teaching practice.

# Permanent Final Adoptions

---

- (v) Uses student assessment information and classroom observation to report student achievement to students and parents.
- (D) Is able to design and manage learning environments that provide students with the time, space, and resources needed for developing science skills. In doing this, one
  - (i) Structures the time so that students are able to engage in extended investigations.
  - (ii) Creates a setting for student work that is flexible and supportive of science inquiry.
  - (iii) Ensures a safe working environment.
  - (iv) Makes the available science tools, materials, media, and technological resources accessible to students.
  - (v) Identifies and uses resources outside the school.
  - (vi) Engages students in designing the learning environment.
- (E) Is able to develop communities of science learners that reflect the intellectual rigor of scientific inquiry and the climate conducive to science learning. In doing this, one
  - (i) Respects the diverse needs, skills, and experiences of all students.
  - (ii) Enables students to have a significant voice in decisions about the content and context of their work and prepares students to take responsibility for learning.
  - (iii) Encourages collaboration among students.
  - (iv) Structures and facilitates ongoing formal and informal discussion based on a shared understanding of rules of scientific discourse.
  - (v) Models and emphasizes the skills, attitudes, and value of scientific inquiry.
- (F) Is able to use a variety of instructional strategies to implement an integrated interdisciplinary curriculum.
- (G) Is able to teach with a broad understanding of all content areas and understand the interaction between the sciences and the process skills. Identified Earth/Space Science content areas are:
  - (i) Structure of the earth system
  - (ii) Earth's history
  - (iii) Earth in the solar system
  - (iv) Energy in the Earth system
  - (v) Geochemical cycles
  - (vi) The universe and Earth's system
- (H) Is able to develop conceptual understanding for science content using the process skills listed in Oklahoma's core curriculum, in Grades 6 through 12. Identified science concepts and/or science content areas are:
  - (i) System, order and organization
  - (ii) Evidence, models and explanation
  - (iii) Constancy, change, equilibrium and measurement
  - (iv) Form and function
  - (v) Abilities of technological design
  - (vi) Understanding about science and technology
  - (vii) Science as a human endeavor
  - (viii) Nature of science
  - (ix) Nature of scientific knowledge
  - (x) History of science
  - (xi) Historical perspectives
  - (xii) Personal health
  - (xiii) Personal and community health
  - (xiv) Population, resources, and environments
  - (xv) Population growth
  - (xvi) Natural hazards
  - (xvii) Natural resources
  - (xviii) Risks and benefits
  - (xix) Environmental quality
  - (xx) Natural and human induced hazards
  - (xxi) Science and technology in society
  - (xxii) Science and technology in local, national, and global challenges

(26) **Biological sciences 6-12.** The candidate for licensure and certification:

- (A) Is able to plan an inquiry-based science program for students using as a framework, Oklahoma's core curriculum. In doing this, one:
- (i) Develops a framework of yearlong and short-term goals for students.
  - (ii) Understands curriculum design to meet the interests, knowledge, understanding, abilities, and experiences of students.
  - (iii) Selects teaching and assessment strategies that support the development of student understanding and encourage a community of science learners.
  - (iv) Works with colleagues within and across disciplines and grade levels.
- (B) Is able to guide and facilitate learning. In doing this, one:
- (i) Focuses and supports inquiries while interacting with students.
  - (ii) Facilitates discussion among students about scientific ideas.
  - (iii) Challenges students to accept and share responsibility for their own learning.
  - (iv) Recognizes and responds to student diversity and encourages all students to participate fully in science learning.
  - (v) Encourages and models the skills of scientific inquiry, as well as the curiosity, openness to new ideas and data, and questioning that characterizes science.
- (C) Is able to engage in ongoing assessment of own teaching and of student learning. In doing this, one:
- (i) Uses multiple methods and systematically gathers data about student understanding and ability.
  - (ii) Analyzes assessment data to guide teaching.
  - (iii) Guides students in the evaluation of their work.
  - (iv) Uses student data, observations of teaching, and interaction with colleagues to reflect on and improve teaching practice.
  - (v) Uses student assessment information and classroom observation to report student achievement to students and parents.
- (D) Is able to design and manage learning environments that provide students with the time, space and resources needed for developing science skills. In doing this, one:
- (i) Structures the time so that students are able to engage in extended investigations.
  - (ii) Creates a setting for student work that is flexible and supportive of science inquiry.
  - (iii) Makes the available science tools, materials, media, and technological resources accessible to students.
  - (iv) Engages students in designing the learning environment.
- (E) Is able to develop communities of science learners that reflect the intellectual rigor of scientific inquiry and the climate conducive to science learning. In doing this, one:
- (i) Respects diverse needs, skills, and experiences of all students.
  - (ii) Enables students to have a significant voice in decisions about the content and context of their work and prepares students to take responsibility for learning.
  - (iii) Encourages collaboration among students.
  - (iv) Structures and facilitates ongoing formal and informal discussion based on a shared understanding of rules of scientific discourse.
  - (v) Models and emphasizes the skills and value of scientific inquiry.
- (F) Is able to use a variety of instructional strategies to implement an integrated interdisciplinary curriculum.
- (G) Is able to teach with a broad understanding of all content areas and understands the interaction between the sciences and the process skills. Identified Biological Sciences content areas are:
- (i) Structure and function in living systems
  - (ii) Reproduction and heredity
  - (iii) Regulation and behavior
  - (iv) Population and ecosystem
  - (v) Diversity and adaption of organisms
  - (vi) The cell
  - (vii) The molecular basis of heredity
  - (viii) Biological adaptation
  - (ix) The interdependence of organisms
  - (x) Matter, energy, organization in living systems
  - (xi) Behavior of organisms

# Permanent Final Adoptions

---

(H) Is able to develop conceptual understanding for science content using the process skills listed in Oklahoma's core curriculum, in Grades 6 through 12. Identified Science concepts and content areas are:

- (i) System, order, and organization
- (ii) Evidence, models, and explanation
- (iii) Constancy, change, equilibrium, and measurement
- (iv) Form and function
- (v) Abilities of technological design
- (vi) Understanding about science and technology
- (vii) Science as a human endeavor
- (viii) Nature of science
- (ix) Nature of scientific knowledge
- (x) History of science
- (xi) Historical perspectives
- (xii) Personal health
- (xiii) Personal and community health
- (xiv) Population, resources, and environments
- (xv) Population growth
- (xvi) Natural hazards
- (xvii) Natural resources
- (xviii) Risks and benefits
- (xix) Environmental quality
- (xx) Natural and human induced hazards
- (xxi) Science and technology in society
- (xxii) Science and technology in local, national, and global challenges

(27) **Physical sciences 6-12.** The candidate for licensure and certification:

(A) Is able to plan an inquiry-based science program for students using as a framework, Oklahoma's core curriculum. In doing this, one:

- (i) Develops a framework of yearlong and short-term goals for students.
- (ii) Understands curriculum design to meet the interests, knowledge, understanding, abilities, and experiences of students.
- (iii) Selects teaching and assessment strategies that support the development of student understanding and encourage a community of science learners.
- (iv) Works with colleagues within and across disciplines and grade levels.

(B) Is able to guide and facilitate learning. In doing this, one:

- (i) Focuses and supports inquiries while interacting with students.
- (ii) Facilitates discussion among students about scientific ideas.
- (iii) Challenges students to accept and share responsibility for their own learning.
- (iv) Recognizes and responds to student diversity and encourages all students to participate fully in science learning.
- (v) Encourages and models the skills of scientific inquiry, as well as the curiosity, openness to new ideas and data, and questioning that characterizes science.

(C) Is able to engage in ongoing assessment of own teaching and of student learning. In doing this, one:

- (i) Uses multiple methods and systematically gathers data about student understanding and ability.
- (ii) Analyzes assessment data to guide teaching.
- (iii) Guides students in the evaluation of their work.
- (iv) Uses student data, observations of teaching, and interaction with colleagues to reflect on and improve teaching practice.
- (v) Uses student assessment information and classroom observation to report student achievement to students and parents.

(D) Is able to design and manage learning environments that provide students with the time, space, and resources needed for developing science skills. In doing this, one:

- (i) Structures the time so that students are able to engage in extended investigations.
- (ii) Creates a setting for student work that is flexible and supportive of science inquiry.
- (iii) Ensures a safe working environment.

- (iv) Makes the available science tools, materials, media, and technological resources accessible to students.
  - (v) Identifies and uses resources outside the school.
  - (vi) Engages students in designing the learning environment.
  - (E) Is able to develop communities of science learners that reflect the intellectual rigor of scientific inquiry and the climate conducive to science learning. In doing this, one:
    - (i) Respects the diverse needs, skills, and experiences of all students.
    - (ii) Enables students to have a significant voice in decisions about the content and context of their work and prepares students to take responsibility for learning.
    - (iii) Encourages collaboration among students.
    - (iv) Structures and facilitates ongoing formal and informal discussion based on a shared understanding of rules of scientific discourse.
    - (v) Models and emphasizes the skills and value of scientific inquiry.
  - (F) Is able to use a variety of instructional strategies and use integrated and interdisciplinary curriculum.
  - (G) Is able to teach with a broad understanding of all content areas and understands the interaction between the sciences and the process skills. Identified Physical Science concepts and content areas are:
    - (i) Properties and changes of properties in matter
    - (ii) Motions and force
    - (iii) The structure of atoms
    - (iv) Structure and properties of matter
    - (v) Chemical reactions
    - (vi) Conservation of energy
    - (vii) Interactions of energy and matter
    - (viii) The earth system
    - (ix) The Universe
  - (H) Is able to develop conceptual understanding for science content using the process skills listed in Oklahoma's core curriculum, in Grades 6 through 12. Identified Science concepts and content areas are:
    - (i) System, order, and organization
    - (ii) Evidence, models, and explanation
    - (iii) Constancy, change, equilibrium, and measurement
    - (iv) Form and function
    - (v) Abilities of technological design
    - (vi) Understanding about science and technology
    - (vii) Science as a human endeavor
    - (viii) Nature of science
    - (ix) Nature of scientific knowledge
    - (x) History of science
    - (xi) Historical perspectives
    - (xii) Personal health
    - (xiii) Personal and community health
    - (xiv) Population, resources, and environments
    - (xv) Population growth
    - (xvi) Natural hazards
    - (xvii) Natural resources
    - (xviii) Risks and benefits
    - (xix) Environmental quality
    - (xx) Natural and human induced hazards
    - (xxi) Science and technology in society
    - (xxii) Science and technology in local, national, and global challenges
- (28) **Chemistry 6-12.** The candidate for licensure and certification:
- (A) Is able to plan an inquiry-based science program for students using as a framework, Oklahoma's core curriculum. In doing this, one:
    - (i) Develops a framework of yearlong and short-term goals for students.
    - (ii) Understands curriculum design to meet the interests, knowledge, understanding, abilities, and experiences of students.

# Permanent Final Adoptions

---

- (iii) Selects teaching and assessment strategies that support the development of student understanding and encourage a community of science learners.
- (iv) Works with colleagues within and across disciplines and grade levels.
- (B) Is able to guide and facilitate learning. In doing this, one:
  - (i) Focuses and supports inquiries while interacting with students.
  - (ii) Facilitates discussion among students about scientific ideas.

  - (i) Respects the diverse needs, skills, and experiences of all students.
  - (ii) Enables students to have a significant voice in decisions about the content and context of their work and prepares students to take responsibility for learning.
  - (iii) Encourages collaboration among students.

# Permanent Final Adoptions

---

- (iv) Structures and facilitates ongoing formal and informal discussion based on a shared understanding of rules of scientific discourse.
- (v) Models and emphasizes the skills and value of scientific inquiry.
- (F) Is able to use a variety of instructional strategies and use integrated and interdisciplinary curriculum.
- (G) Is able to teach with a broad understanding of all content areas and understands the interaction between the sciences and the process skills. Identified Physics concepts and content areas are:
  - (i) Motions and forces
  - (ii) Conservation of energy
  - (iii) Transfer of energy
  - (iv) Interactions of energy and matter
- (H) Is able to develop conceptual understanding for science content using the process skills listed in Oklahoma's core curriculum, in Grades 6 through 12. Identified Science concepts and content areas are:
  - (i) System, order, and organization
  - (ii) Evidence, models, and explanation
  - (iii) Constancy, change, equilibrium, and measurement
  - (iv) Form and function
  - (v) Abilities of technological design
  - (vi) Understanding about science and technology
  - (vii) Science as a human endeavor
  - (viii) Nature of science
  - (ix) Nature of scientific knowledge
  - (x) History of science
  - (xi) Historical perspectives
  - (xii) Personal health
  - (xiii) Personal and community health
  - (xiv) Population, resources, and environments
  - (xv) Population growth
  - (xvi) Natural hazards
  - (xvii) Natural resources
  - (xviii) Risks and benefits
  - (xix) Environmental quality
  - (xx) Natural and human induced hazards
  - (xxi) Science and technology in society
  - (xxii) Science and technology in local, national, and global challenges

## (30) Social Studies.

(A) **United States History/Oklahoma History/government/economics.** The candidate for licensure and certification:

- (i) Knows the major themes of United States history and their interrelatedness.
- (ii) Understands how the political growth, major events, and individuals affected the development of the United States.
- (iii) Examines and analyzes historical documents which contributed to the establishment and growth of the government of the United States.
- (iv) Identifies and describes events, trends, individuals, and movements which shaped the social, economic, and cultural development of the United States.
- (v) Analyzes events and identifies individuals who defined and continue to impact the role of the United States in world affairs.
- (vi) Knows the roles and function of government and the foundations, structure, and function of American government.
- (vii) Identifies and explains the rights and responsibilities of citizens of the United States.
- (viii) Describes the characteristics of local and state governments and the national government, and the relationships among the different levels of government.
- (ix) Analyzes how the American political process works and the relationship of the process to the individual as a citizen of the state and the nation.
- (x) Identifies and analyzes the events which led to Oklahoma's historical, political, economic, and cultural development.

- (xi) Identifies important individuals and groups which have had an influence on Oklahoma's heritage.
- (xii) Identifies the diverse geographic features and resources found in Oklahoma and describes their influence on Oklahoma's historical development and economy.
- (xiii) Understands basic application of economic theories.
- (xiv) Interprets economic trends in historical, political, and geographic contexts.
- (xv) Analyzes the influence of the past on the present and uses a knowledge of history and government to anticipate and plan for the future, evaluating alternative courses of action.
- (xvi) Applies the skills of analysis, interpretation, research, and decision-making to develop an understanding of history, government, and economic concepts.
- (xvii) Knows the content of the Oklahoma core curriculum for United States History, Oklahoma History, government, and economics.

**(B) World History/geography.** The candidate for licensure and certification:

- (i) Compares and contrasts differing sets of ideas, personalities, and institutions of world cultures and major historical periods.
- (ii) Analyzes the cause and effect of relationships, multiple causation and perspectives, including the importance of the individual on historical events.
- (iii) Analyzes the influence of the past on the present and uses a knowledge of history and geography to anticipate and plan for the future, evaluating alternative courses of action.
- (iv) Interprets given historical data in order to evaluate information in its context.
- (v) Knows the six elements of geographic organization: the world in spatial terms, places and regions, physical systems, human systems, environment and society, and application of geographic data, and applies them to developing an understanding of geography concepts.
- (vi) Applies the skills of analysis, interpretation, research, and decision-making to develop an understanding of history and geographic concepts.
- (vii) Knows the content of the Oklahoma core curriculum for World History and Geography.

**(C) Psychology/sociology.** The candidate for licensure and certification:

- (i) Exhibits a basic intellectual grasp of psychological and sociological theories, vocabulary, history, and recent trends in the fields of psychology and sociology.
- (ii) Understands basic concepts relative to social, developmental, abnormal and clinical psychology, learning theory (classical, operant, and cognitive), and other significant areas in the discipline of psychology, such as the scientific method.
- (iii) Knows basic brain-based research and theory, and how biology and behavior interact.
- (iv) Recognizes the differences among experimental, classical, and conditioning approaches to the study of psychology.
- (v) Analyzes and interprets how today's psychologists view behavior in the following areas: the biological, the cognitive, the person-centered, and the psycho-dynamic perspectives.
- (vi) Knows the theories and measurement of intelligence testing.
- (vii) Knows basic concepts relative to group behavior, ethnicity, social mores, crime, demographics and current social issues.
- (viii) Knows and analyzes culture, social structure, social stratification, social institutions, socialization, social movements, and social problems, as sociological concepts.
- (ix) Knows and applies the basic sociological research processes, e.g., hypothesis formulations, sampling

**(31) Special Education (birth through twelfth grade).** For purposes of providing special education services and identifying competencies deemed necessary for licensure and certification, four areas of disabilities have been identified within the overall field of special education; these are Blind/Visual Impairment, Deaf/Hard of Hearing, Mild-Moderate Disabilities, and Severe-Profound/Multiple Disabilities. Competencies identified at the early childhood level and deemed common to all areas of disabilities are addressed in (A) and apply to all candidates for licensure and certification in any area of special education. Additional competencies in each of the four areas listed above in this paragraph are addressed in (B) through (E).

**(A) Competencies common to all areas of disabilities.** The candidate for licensure and certification:

- (i) Understands the historical, social, and ethical foundations; legal and regulatory; and current trends and issues of early childhood, early childhood special education, and special education.
- (ii) Identifies specific/common disabilities in children and the implications for development and learning.

# Permanent Final Adoptions

---

- (iii) Plans and implements programming and curricula using current best practices and principles of early childhood education.
- (iv) Understands typical and atypical development and the interdependency of all developmental areas, and respects each child's unique characteristics and their implications for learning.
- (v) Demonstrates knowledge and skills in selection and administration of developmental screening, assessment, and evaluation instruments and methods which are comprehensive, nondiscriminatory for linguistic and cultural differences, formal and informal, and appropriate for children with early childhood disabilities.
- (vi) Participates and collaborates with all team members in conducting the evaluation/assessment within the multidisciplinary team process.
- (vii) Understands and demonstrates knowledge of the individualized family service plan (IFSP)/individualized education program (IEP) process by:
  - (I) using assessment results, in partnership with the family and other team members, to develop the IFSP/IEP
  - (II) monitoring IFSP/IEP progress
- (viii) Understands and implements early childhood curricula by adapting educational strategies, schedules and environments (individual, group, home settings) to meet the specific needs, interests, and experiences of all children.
- (ix) Understands and participates in the transition process across programs and service systems by:
  - (I) planning for and linking current developmental learning experiences and teaching strategies with those of the next educational setting
  - (II) communicating options for programs and services at the next level, while assisting the family in planning for transition.
- (x) Develops and uses formative and summative program evaluation to ensure comprehensive quality of programs and services for children and their families.
- (xi) Collaborates and consults regularly with families, other team members, and agencies to enhance and support children's learning and development by:
  - (I) assisting families in identifying resources, priorities, and concerns, and in accessing appropriate services
  - (II) respecting parents' choices and goals for their children
  - (III) implementing services for children and their families, consistent with laws, regulations, and procedural safeguards
- (xii) Uses positive and supportive early childhood guidance, teaching, and behavioral strategies which help all children learn to make responsible decisions regarding their own behavior and contribute to the development of self-control, self-motivation, and self-worth.
- (xiii) Demonstrates professionalism and ethical practice, including:
  - (I) advocacy on behalf of young children and their families to improve quality of programs and services for young children and for early childhood special education
  - (II) implementation of a professional development plan which incorporates best practices and principles.
- (xiv) Understands and applies the following competencies in reading instruction.
  - (I) Knows the stages of language development and the structure of the English language and alphabetic writing system including phonology, morphology, and orthography and their relationships to spelling and meaning.
  - (II) Understands that primary language (oral) directly impacts the secondary languages (reading, writing, spelling). Knows and applies knowledge of implicit and explicit instruction in developing oral language. Knows the relationship of oral language to literacy.
  - (III) Knows the developmental process of reading in order to assess, interpret, describe, develop appropriate instruction, monitor, reteach and reassess student's reading performance for concepts about print, phonological and phonemic awareness, phonics, spelling, word recognition, vocabulary, comprehension, fluency, and writing.

- (IV) Identifies and applies all developmental levels of phonemic awareness to provide appropriate instruction in understanding words are made up of phonemes and that phonemes can be rearranged and manipulated to make different words that compose oral speech.
- (V) Knows and provides appropriate systematic explicit and implicit phonological instruction for the application of spelling-sound correspondences for word analysis and for structural analysis for word recognition and word meaning development.
- (VI) Knows and applies the relationships between spelling patterns and sounds of speech; knows how to support the student at each stage of spelling development; knows how to focus direct and indirect instruction to guide the student toward spelling proficiency.
- (VII) Knows and applies knowledge of appropriate explicit and implicit instruction for vocabulary development, e.g., prefixes, suffixes and roots.
- (VIII) Knows and applies strategies that promote comprehension and strategies to support children's understanding for the various elements of the different genres of text.
- (IX) Knows and applies strategies and instructional approaches to support response to text and promote comprehension for literal, inferential, and critical/evaluative level, e.g., guided reading, literature and research circles.
- (X) Knows and applies knowledge of instructional techniques to assist students with self-monitoring and self-corrections, i.e., semantics, syntax, and graphophonics.
- (XI) Knows and applies the instructional strategies which contribute to the development of fluent reading.
- (XII) Knows how to promote children's interest and engagement in reading and writing.

**(B) Blind/visual impairment.** The candidate for licensure and certification:

- (i) Understands the philosophical, historical, and legal foundations of special education for students with visual impairment including:
  - (I) trends and issues in special education
  - (II) special education policies and procedures
  - (III) laws and regulations regarding special education
- (ii) Demonstrates knowledge of characteristics of students with visual impairments.
- (iii) Demonstrates knowledge and skills in assessment, diagnosis, evaluation, and eligibility determination within the multidisciplinary team process for students with visual impairments including:
  - (I) procedures relevant to the impact of specific visual disorders on learning and experience, as well as procedures used for screening, prereferral, referral, and identification of students with visual impairments:
  - (II) vision screening methods
  - (III) functional vision assessment
  - (IV) learning media assessment
  - (V) orientation and mobility
  - (VI) independent living skills
  - (VII) vocational skills
  - (VIII) assistive technology
  - (IX) recreation and leisure skills
  - (X) classroom observation
- (iv) Understands and demonstrates knowledge of the individualized education programs (IEP) process by:
  - (I) using assessment results, in partnership with team members, to develop the IEP
  - (II) monitoring IEP progress
- (v) Demonstrates knowledge and skills to plan and implement appropriate and effective individualized education programs for students with visual impairments, based upon knowledge of subject matter and adaptation of curriculum and materials to meet individual abilities and sensory, conceptual and communication needs, including:
  - (I) social interaction skills

# Permanent Final Adoptions

---

- (II) recreation and leisure skills
  - (III) use of assistive technology
  - (IV) prerequisite skills and concepts for orientation and mobility instruction
  - (V) independent living skills
  - (VI) career education
  - (VII) visual efficiency skills
  - (VIII) literacy skills
  - (IX) organizational skills
  - (vi) Plans and manages supportive educational environments relative to the student's specific visual condition, including:
    - (I) acquisition and use of unique assistive technology (e.g., computers, printers, scanners, screen access, note-taking devices, software, speech output devices, CCTV, etc.)
    - (II) acquisition and use of specialized equipment and materials (Braille writer, abacus, slate and stylus, paper, Braille/large print/cassette textbooks, tactile maps, charts, graphs, optical, and nonoptical aids, etc.)
    - (III) modification of the physical environment
    - (IV) implementation of appropriate instructional strategies
    - (V) incorporation of basic orientation and mobility skills
  - (vii) Demonstrates knowledge and applies skills relative to the management of student behavior and social interaction skills unique to students with visual impairments, including:
    - (I) influences of the disability (ies) and other factors impacting the child's behavior and social skills
    - (II) instruction in social interaction skills, adaptive behavior, and appropriate behaviors
    - (III) appropriate behavior management and ethical considerations using a variety of interventions and techniques
  - (viii) Demonstrates knowledge and skills in communication and collaborative partnerships, including:
    - (I) communication with families, professionals, ancillary personnel, student peers, and community members to improve the quality of education for students with visual impairments
    - (II) interrelationships of resource and related service providers
    - (III) educational activities regarding specific visual conditions through inservice, consultation, etc.
    - (IV) transition planning
  - (ix) Demonstrates knowledge and skills to promote successful transitions at all levels of the education process and in various environments, including:
    - (I) completion of secondary level program/postsecondary planning
    - (II) transitions across programs and service delivery systems
  - (x) Demonstrates knowledge and skills in providing an appropriate education for students in the least restrictive environment, including the full continuum of placement alternatives
  - (xi) Demonstrates management skills pertaining to the various service delivery models representing the full continuum of placement options for students with visual impairments, including:
    - (I) time management and scheduling
    - (II) record keeping
    - (III) prioritizing caseload
    - (IV) roles and responsibilities
    - (V) travel issues relevant to service delivery
    - (VI) site specific climate and culture
  - (xii) Demonstrates professional and ethical conduct and advocacy for the unique needs of all students with visual impairments regardless of the availability of services.
- (C) Deaf/hard of hearing.** The candidate for licensure and certification:
- (i) Understands the philosophical, historical, and legal foundations of special education for students who are deaf or hard of hearing, including:

- (I) trends and issues in special education
- (II) special education policies and procedures
- (III) laws and regulations regarding special education
- (ii) Demonstrates knowledge of characteristics and development of students who are deaf or hard of hearing, including:
  - (I) communication features (visual, spatial, tactile, auditory) necessary to enhance cognitive, emotional, and social development
  - (II) etiologies (causes) of hearing loss
  - (III) effects of onset, age of identification, and provision of services
- (iii) Demonstrates knowledge and skills in assessment, diagnosis, evaluation, and eligibility determination within the multidisciplinary team process for students who are deaf or hard of hearing, including
  - (I) use of the natural/native/preferred language or mode of communication of the student
  - (II) interpretation of results for use in educational programming
- (iv) Understands and demonstrates knowledge of the individualized education program (IEP) process by:
  - (I) using assessment results, in partnership with team members, to develop the IEP
  - (II) monitoring IEP progress
- (v) Demonstrates knowledge and skills to plan and implement appropriate and effective instruction for students who are deaf or hard of hearing based upon knowledge of subject matter, curriculum goals, and students' individual abilities and needs by use of:
  - (I) multimedia skills
  - (II) techniques for modifying and adapting curriculum and materials to meet physical, sensory, cognitive, cultural, and communication needs in various learning environments
- (vi) Plans and manages supportive teaching and learning environments that maximize opportunities for visually oriented and/or auditory learning and facilitate participation of students who are deaf or hard of hearing using:
  - (I) knowledge of current devices and assistive technology, including their application and resources (e.g., captioning, computers, augmentative communication devices, etc.)
  - (II) classroom management techniques
- (vii) Demonstrates knowledge and skills in managing student behavior and social interaction skills, including:
  - (I) appropriate behavioral management and ethical considerations using a variety of interventions and techniques
  - (II) influences of the disability(ies) and other factors impacting the child's behavior and social interaction skills
- (viii) Understands how language develops naturally and that early comprehensible communication influences the development of the whole child.
- (ix) Demonstrates proficiency in the languages and modes of communication that are used in the instruction of students who are deaf or hard of hearing.
- (x) Understands the social and cultural aspects of the deaf perspective and deaf experience.
- (xi) Demonstrates knowledge and skills in communication and forming collaborative partnerships with families, professionals, and community members to improve the quality of education for students who are deaf or hard of hearing.
- (xii) Demonstrates knowledge and skills to promote successful transitions at all levels of the education process and in various environments, including:
  - (I) completion of secondary level program/postsecondary planning
  - (II) transitions across programs and service delivery systems
- (xiii) Demonstrates knowledge and skills in providing an appropriate education for students in the least restrictive environment, including the full continuum of placement alternatives.
- (xiv) Demonstrates professional and ethical conduct in matters related to the education of students who are deaf or hard of hearing.

# Permanent Final Adoptions

---

(D) **Mild-moderate disabilities.** The candidate for licensure and certification will demonstrate his/her mastery of these standards through the mastery of the Council for Exceptional Children's (CEC) Core Knowledge and Skills and through the mastery of the CEC Knowledge and Skill Base for Teachers of Students in Individualized General Curriculums. The candidate:

(i) Understands the philosophical, evidence-based principals and theories, historical and legal foundations of special education, and how these influence professional practices. These would include:

- (I) trends and issues in special education;
- (II) special education policies and procedures;
- (III) laws and regulations regarding special education;
- (IV) issues of human diversity and its relevance to special education;
- (V) human issues that influence the field of special education; and
- (VI) relationships of special education to the organization and functions of schools, school systems, and agencies.

(ii) Understands the similarities and differences in human development, the characteristics of all learners, and how exceptional conditions interact with the domains of human development to respond to varying abilities and behaviors of individuals with disabilities while demonstrating respect for their students.

(iii) Understands the effects that a disability (including aspects of cognition, communication, physical, medical, and social/emotional) can have on learning and how primary language, culture and familial background can interact with the student's disabilities to impact academic, and social abilities, attitudes, values, interests and career options. The understanding of these learning differences and their possible interactions provide the foundation upon which a special educator individualizes instruction to provide meaningful and challenging learning for students with disabilities.

(iv) Possesses a repertoire of evidenced-based instructional strategies to individualize instruction for students with disabilities and emphasizes the development, maintenance, and generalization of knowledge and skills across environments, settings, and the life span. These evidenced-based instructional strategies should:

- (I) promote positive learning results in the general curriculum in age-appropriate settings;
- (II) promote multiple methods for teaching reading;
- (III) modify learning environments;
- (IV) enhance critical thinking, problem solving and performance skills;
- (V) promote self-determination;
- (VI) enhance integration and coordination of related services for educational benefit; and
- (VII) promote transition.

(v) Demonstrates knowledge and skills in creating positive and safe learning environments for students with disabilities, and that also foster active engagement of students with disabilities.

In addition, special educators foster environments that:

- (I) value diversity;
- (II) promote independence and productivity;
- (III) assist general education colleagues in integrating students with disabilities;
- (IV) use direct motivational and instructional interventions;
- (V) utilize positive behavior supports and crisis management techniques;
- (VI) guide and direct paraprofessionals and others; and
- (VII) provide specialized school health practices and techniques for health and safety.

(vi) Understands typical and atypical language development and uses strategies to enhance language development and teach communication skills to students with disabilities. This is accomplished by using:

- (I) effective language models;
- (II) augmentative, alternative and assistive technologies;

- (III) communication strategies and resources to facilitate understanding of subject matter for students with disabilities and those students with disabilities whose primary language is not English; and
- (IV) matching communication methods to the student's language proficiency and cultural and linguistic differences.

(vii) Develops long- and short-range instructional plans anchored in both general and special education curricula emphasizing:

- (I) effective modeling;
- (II) efficient guided practice;
- (III) modifications based on ongoing analysis of the individuals learning progress;
- (IV) collaboration;
- (V) individualized transition plans;
- (VI) use of appropriate technologies; and
- (VII) positive behavior supports.

(viii) Understands legal policies and ethical principals of multiple types of assessment information related to referral, eligibility, program planning, instruction and placement of students with disabilities including those from culturally and linguistically diverse backgrounds. Special educators use assessment information to identify supports and adaptations required for students with disabilities to access general and special curricula and participate in school, system and statewide assessment programs. Special educators regularly monitor students' progress and use appropriate technologies to support assessments. Special educators must understand:

- (I) measurement theory and practices for addressing validity, reliability, norms, bias, and interpretation of assessment results and
- (II) appropriate use and limitations of various assessment.

(ix) Demonstrates knowledge and skills regarding legal, professional, and ethical practices including:

- (I) sensitivity to the many aspects of diversity;
- (II) engaging in professional growth as lifelong learners;
- (III) keeping current with evidence-based effective practices; and
- (IV) participating in professional activities that benefit individuals with disabilities and their families.

(x) Routinely and effectively collaborates with families, colleagues, related service providers, community agencies and other resources in positive and culturally responsive ways to assure that the needs of students with disabilities are addressed including facilitation of successful transitions of students with disabilities across settings and services.

**(E) Severe-profound/multiple disabilities.** The candidate for licensure and certification will demonstrate his/her mastery of these standards through the mastery of the Council for Exceptional Children's (CEC) Core Knowledge and Skills and through the mastery of the CEC Knowledge and Skill Base for Teachers of Students in Independence Curriculums. The candidate:

(i) Understands the philosophical, evidence-based principals and theories, historical and legal foundations of special education, and how these influence professional practices. These would include:

- (I) trends and issues in special education;
- (II) special education policies and procedures;
- (III) laws and regulations regarding special education;
- (IV) issues of human diversity and its relevance to special education;
- (V) human issues that influence the field of special education; and
- (VI) relationships of special education to the organization and functions of schools, school systems, and agencies.

(ii) Understands the similarities and differences in human development, the characteristics of all learners, and how exceptional conditions interact with the domains of human development to respond to varying abilities and behaviors of individuals with disabilities while demonstrating respect for their students.

- (x) Routinely and effectively collaborates with families, colleagues, related service providers, community agencies and other resources in positive and culturally responsive ways to assure that the needs of students with disabilities are addressed including facilitation of successful transitions of students with disabilities across settings and services.

**(32) Speech/drama/debate (Secondary).** The candidate for licensure and certification shall:

- (A) ~~Maintains~~ Maintain a current knowledge of concepts of the field of speech communication including: oral interpretation of literature, theater, the electronic media, public speaking, argumentation, and critical thinking skills.
- (B) ~~Applies~~ Apply comprehension, analysis, interpretation, synthesis, and evaluation of vocal, verbal and nonverbal messages.
- (C) ~~Applies~~ Apply appropriate learning strategies for critical thinking, research, organization, and presentation of messages appropriate to participation in a democratic society.
- (D) ~~Communicates~~ Communicate effectively in interpersonal, small group, and public communication situations using appropriate language and nonverbal signals.
- (E) ~~Understands~~ Understand the influence of social and historical contexts; and culture on public address and literature of the theater.
- (F) ~~Understands the impact of cultural diversity upon the communication process.~~
- (G) ~~Establishes~~ Establish a communication climate which encourages reflection, creativity, and critical thinking.
- (H) ~~Uses~~ Use differing assessment strategies to evaluate student competencies in a variety of speaking/listening situations.
- (I) ~~Uses~~ Use technology (i.e., videotaping of presentations, computers to generate visual aids and as a research tool) to enhance instruction.
- (J) ~~Understands~~ Understand and ~~uses~~ use teaching strategies appropriate for the analysis and presentation of a variety of forms (genres) of public address and literature of the theater, available in electronic media and from printed sources.
- (K) ~~Understands~~ Understand the importance of effective communication skills in the personal and professional arenas.
- (L) ~~Understands~~ Understand the role of co-curricular and extracurricular activities in the development of student interest as an extension of the classroom instruction.
- (M) ~~Understands~~ Understand, ~~teaches~~ teach, and ~~implements~~ implement the Oklahoma's Core Curriculum Oklahoma Academic Standards.

**(33) Speech-language pathologist (SLP).**

- (A) The candidate for licensure and certification:
  - (i) Understands the models, theories and philosophies that provide the basis for the practice of speech-language pathology, in the following knowledge areas:
    - (I) content areas in speech-language pathology (language, articulation, voice, fluency, augmentative communication)
    - (II) etiologies which may contribute to communication impairments
    - (III) a working understanding of other assessments (medical, psychological, audiological, etc.)
    - (IV) modality (spoken, written, sign)

# Permanent Final Adoptions

---

- (ii) Accommodates the individual learning styles and communication/educational needs of the student.
  - (iii) Demonstrates the ability to screen, evaluate, and diagnose students with suspected communication impairments using a variety of formal and informal procedures.
  - (iv) Plans and implements evidence based intervention strategies and the appropriate service delivery models for students with communication impairments, including:
    - (I) determines least restrictive environment
    - (II) provides ongoing assessment and monitors individualized education program (IEP) progress
    - (III) develops individualized education program (IEP)
  - (v) Facilitates the development of the student's functional and literate communication skills (i.e., how communication occurs including written language) across environments, including:
    - (I) developing modifications/adaptations
    - (II) determining transition service needs
  - (vi) Recognizes and understands the relationship among behavior, social interaction and communication impairments, and is able to determine realistic expectations for the student's personal and social behavior in various settings.
  - (vii) Uses collaborative strategies in working with parents, school, and community to address the needs of students with communication impairments.
  - (viii) Promotes and maintains competence and integrity in the practice of speech-language pathology by participating in continuing education as required to maintain professional licensure, national certification, and/or Oklahoma State Department of Education (OSDE) certification, as well as by identifying community agencies and resources for students.
  - (ix) Implements practices that recognize the multicultural issues and the effect of cultural and linguistic diversity on students' communication skills and learning styles.
  - (x) Demonstrates knowledge of laws and regulations pertaining to students with communication impairments.
  - (xi) Defines, describes, and implements tenets of professional services that include interprofessional practices (IPP).
  - (xii) Knows the requirements for supervision of student interns, speech-language pathology assistants, and the mentorship of clinical fellows.
- (B) Competency for Speech-language Pathologist certification may also be verified by the Certificate of Clinical Competence (CCC) from the American Speech-Language-Hearing Association (ASHA) or Oklahoma Board of Examiners for Speech-Language Pathology and Audiology (OBESPA) licensure.
- (34) Speech-language pathology assistant (SLPA).**
- (A) The candidate for licensure and certification:
- (i) Understands the models, theories and philosophies that provide the basis for the practice of speech/language pathology, in the following knowledge areas:
    - (I) content areas in speech-language pathology (language, articulation, voice, fluency, augmentative communication, swallowing)
    - (II) etiologies which may contribute to communication impairments
    - (III) a working understanding of other assessments (medical, psychological, audiological, etc.)
    - (IV) modality (spoken, written, sign)
  - (ii) Accommodates the individual learning styles and communication/educational needs of the student.
  - (iii) Demonstrates the ability to assist the speech-language pathologist in screening and assessing students with suspected communication impairments using a variety of formal and informal procedures.
  - (iv) Implements evidence based intervention strategies developed by the supervising speech-language pathologist, and appropriate service delivery models for students with communication impairments, including:
    - (I) provides ongoing data collection and monitors individualized education program (IEP) progress
    - (II) develops IEP with prior approval of the licensed speech-language pathologist

- (v) Facilitates the development of the student's functional and literate communication skills (i.e., how communication occurs, including written language) across environments and provides modifications/adaptations.
- (vi) Recognizes and understands the relationship among behavior, social interaction and communication impairments, and is able to provide realistic expectations for the student's personal and social behavior in various settings.
- (vii) Uses collaborative strategies in working with parents, school, and community to address the needs of students with communication impairments.
- (viii) Promotes and maintains competence and integrity in the practice of speech-language pathology by participating in continuing education as required to maintain professional license and Oklahoma State Department of Education (OSDE) certification or credential.
- (ix) Implements practices that recognize multicultural issues and the effect of cultural and linguistic diversity on students' communication skills and learning styles.
- (x) Defines, describes, and implements tenets of professional services that include interprofessional practices (IPP).
- (xi) Demonstrates knowledge of laws and regulations pertaining to students with communication impairments.
- (xii) Knows and adheres to SLPA roles and responsibilities as defined in licensure and certification rules and regulations.

(B) Competency for Speech-Language Pathology Assistant certification or credential shall be verified by the Oklahoma Board of Examiners for Speech-Language Pathology and Audiology (OBESPA) and the successful passing of the Oklahoma exam for SLPAs or a national exam for SLPAs when available. An SLPA must work under the direct and indirect supervision of a licensed/certified speech-language pathologist (SLP) to be eligible for certification. The SLPA will not independently give assessments and will not determine eligibility for services. Responsibilities will be assigned by the supervising speech-language pathologist based on the SLPA's level of competence in each area.

(35) **Agricultural education.** The candidate for licensure and certification shall possess the competencies specified in (A) through (F).

(A) **Agricultural business/marketing.** The candidate for licensure and certification understands the fundamental principles of agricultural business/marketing and management including principles of basic recordkeeping and methods for acquiring and managing agricultural finances.

(B) **Animal science.** The candidate for licensure and certification:

- (i) Selects and handles livestock, recognizes factors related to the safe handling of animals and animal products which become food for human consumption, and understands the importance of alternative agricultural enterprises.
- (ii) Understands concepts and principles of animal reproduction and the importance of livestock health and nutrition.

(C) **Plant and soil science.** The candidate for licensure and certification:

- (i) Understands concepts, principles, and laboratory skills related to plant and soil science including the importance of traditional crops and alternative enterprises.
- (ii) Knows factors related to the safe handling of plants and plant products which become food for human consumption and identifies causes and characteristics of common plant pests and diseases.

(D) **Agricultural mechanics.** The candidate for licensure and certification practices:

- (i) shop safety, including the operation and knowledge of hand/power tools,
- (ii) basic principles/concepts of power and machinery, metals and metal processes, and
- (iii) basic principles of building construction.

(E) **Natural resources.** The candidate for licensure and certification:

- (i) Evaluates the relationship between agriculture and the management of water, land, and air quality, and
- (ii) Understands concepts and principles of plant and animal environmental factors including the handling of chemicals.

(F) **Communications/leadership.** The candidate for licensure and certification:

- (i) Acknowledges the foundations of agricultural education including its purpose, functions, and the background of Future Farmers of America (FFA).

# Permanent Final Adoptions

---

- (ii) Demonstrates an understanding of basic parliamentary procedure, effective oral and written communication skills, and promotes teamwork, motivation, and leadership principles.
- (36) **Marketing education.** The candidate for licensure and certification shall possess the competencies specified in (A) through (N).
  - (A) **Orientation.** The candidate for licensure and certification applies principles of job search and preparation skills relating to resume and portfolio development, proper completion of application forms, interview preparation, career ladder analysis, and computer technology skills relating to word-processing and computerized presentations.
  - (B) **Marketing.** The candidate for licensure and certification:
    - (i) Applies principles and concepts related to marketing.
    - (ii) Interprets the importance of the marketing concept and functions, how marketing affects society, factors to consider in selecting a channel of distribution, and the concept of target marketing.
  - (C) **Mathematical skills.** The candidate for licensure and certification:
    - (i) Applies basic mathematical operations used in the marketing profession as it pertains to balancing a cash drawer and the automatic and manual methods of making change.
    - (ii) Identifies the uses of basic algebra in marketing.
  - (D) **Human relations.** The candidate for licensure and certification:
    - (i) Applies principles of communications, decision-making, and crisis management.
    - (ii) Identifies characteristics of professionalism on the job and the importance of social skills.
  - (E) **Sales.** The candidate for licensure and certification:
    - (i) Applies principles relating to sales, product information, customer buying decisions, motives for buying, and sales approaches.
    - (ii) Demonstrates methods of handling customer/client complaints and objections.
    - (iii) Explains the concept and use of sales quotas.
  - (F) **Security precautions.** The candidate for licensure and certification:
    - (i) Identifies and explains prevention measures for the security problems of shoplifting, internal theft, burglary, robbery, and fraud.
    - (ii) Identifies common types of fraud.
    - (iii) Recognizes steps necessary to ensure security in shipping and receiving areas.
    - (iv) Identifies precautions for safety on the job.
  - (G) **Economics.** The candidate for licensure and certification:
    - (i) Applies principles related to the classification of goods and services and the types of economic resources.
    - (ii) Compares the types of economic systems and their relationship to the economy.
    - (iii) Identifies the factors which affect economics including economic utility (form, place, time, possession), competition, supply and demand, and the role of government in business.
    - (iv) Understands the characteristics and importance of a private enterprise system and international trade.
    - (v) Identifies the measure and importance of the gross domestic product (GDP) to marketing.
  - (H) **Promotion.** The candidate for licensure and certification:
    - (i) Applies principles related to the use of promotional activities, including the use of media, design and display arrangements, and the print ad.
    - (ii) Explains the role of the promotional plan.
  - (I) **Merchandising.** The candidate for licensure and certification applies principles related to shipping and receiving, inventory control systems, calculation of inventory shrinkage, and industrial purchasing.
  - (J) **Business ownership/entrepreneurship.** The candidate for licensure and certification:
    - (i) Identifies the common types of business ownership in a free enterprise system and the advantages/disadvantages of each.
    - (ii) Discusses the importance of marketing strategies to businesses as they apply the principles of the product mix, product/service planning, marketing decisions for a proposed business, structuring a business, and using four "Ps" of marketing - product, pricing, place, and promotional strategies.
  - (K) **Applied management.** The candidate for licensure and certification:
    - (i) Applies principles of selecting store personnel, recruiting applicants for job openings, interviewing job candidates, and reducing labor turnover.

- (ii) Recognizes the importance of new-employee orientation.
  - (iii) Understands knowledge of employee motivational theories.
- (L) **Credit.** The candidate for licensure and certification:
  - (i) Applies principles of extending credit to business and customers and the three Cs of credit: character, capacity to pay, and capital.
  - (ii) Identifies the reasons for extending credit.
- (M) **Business and industry.** The candidate for licensure and certification:
  - (i) Develops relationships with business and industry through advisory committees, surveys, work-site learning opportunities, curriculum, and program visits.
  - (ii) Communicates with business and industry regarding student competencies/credentials and job performance.
- (N) **Student organizations and activities.** The candidate for licensure and certification:
  - (i) Understands the role of student organizations in developing student professionalism and assists student organizations by coaching, chaperoning, and supervising activities.
  - (ii) Encourages student participation through instruction and recognition of student achievements.
- (37) **Technology engineering.** The candidate for licensure and certification shall possess the competencies specified in (A) through (J):
  - (A) **Fundamentals of technology.** The candidate for licensure and certification:
    - (i) Understands the historical and social content including important events, developments, components, and current and future trends of technology.
    - (ii) Defines the terms, systems, characteristics, interrelationships, and economics of the connection between other disciplines such as math, science, and engineering.
    - (iii) Identifies general laboratory and personal safety practices.
    - (iv) Understands process and procedures related to the design process.
  - (B) **Problem-solving techniques.** The candidate for licensure and certification:
    - (i) Understands and applies problem-solving techniques.
    - (ii) Applies knowledge of engineering to solve technology related problems.
  - (C) **Career opportunities.** The candidate for licensure and certification:
    - (i) Explores career opportunities based on career clusters and identifies related terms and definitions.
    - (ii) Identifies activities that develop employability skills.
    - (iii) Recognizes educational requirements and pathways for occupational or postsecondary attainment.
  - (D) **Arts/AV communication and information technology systems.** The candidate for licensure and certification:
    - (i) Understands the principles, processes, tools, equipment, materials, functions, and characteristics of Arts/AV and Communication Technologies.
    - (ii) Understands Information Technology processes and procedures related to graphic communications.
  - (E) **Architecture and Construction systems.** The candidate for licensure and certification:
    - (i) Understands and applies the principles and characteristics of architecture and construction.
    - (ii) Identifies architecture and construction processes, procedures, basic principles of project planning, legal and regulatory issues, equipment and materials, and steps in the construction process.
  - (F) **Manufacturing systems.** The candidate for licensure and certification:
    - (i) Understands manufacturing principles and characteristics and their application.
    - (ii) Identifies materials, equipment, processes, and strategies utilized in manufacturing technologies.
    - (iii) Analyzes the role, function, and responsibilities of manufacturing in a contemporary society.
  - (G) **Transportation, distribution, and logistics (TDL).** The candidate for licensure and certification:
    - (i) Understands the principles, procedures, and applications of transportation, distribution, and logistics.
    - (ii) Identifies the selection of tools, equipment, and materials in the transportation, distribution, and logistics industry.

# Permanent Final Adoptions

---

- (iii) Analyzes environmental and economic effects on society.
- (H) **Technology engineering delivery systems.** The candidate for licensure and certification:
  - (i) Understands basic technology engineering principles, terminology, system design, and issues related to technology engineering.
  - (ii) Identifies terms, features, relationships, and procedures related to the selection, operation, and maintenance of computer systems and technology engineering software.
  - (iii) Analyzes factors effecting the selection of computer hardware and software.
- (I) **Business and industry.** The candidate for licensure and certification develops relationships with business and industry through advisory committees, curriculum, and work-site learning opportunities.
- (J) **Student organizations and activities.** The candidate for licensure and certification:
  - (i) Understands the role of student organizations in encouraging student participation and implementing activities that develop leadership traits.
  - (ii) Integrates student activities in instruction and recognizes student achievements.
- (38) **Vocational business.** The candidate for licensure and certification shall possess competencies specified in (A) through (D).
  - (A) **Business foundations.** The candidate for licensure and certification:
    - (i) Understands important events, developments and trends in the history of business.
    - (ii) Understands business organizational structures, organizational design and their implications.
    - (iii) Understands the basic principles of business law and the types and characteristics of legal instruments.
    - (iv) Analyzes legal issues related to business.
    - (v) Understands business communication.
  - (B) **Business management.** The candidate for licensure and certification:
    - (i) Understands principles of business management and their applications in the decision-making process
    - (ii) Applies procedures for managing human resources.
    - (iii) Analyzes issues related to economic and social responsibilities in business.
    - (iv) Analyzes factors affecting business marketing decisions.
  - (C) **Technology systems.** The candidate for licensure and certification:
    - (i) Understands basic principles and terminology related to computer technology.
    - (ii) Understands principles of computer system design.
    - (iii) Applies principles of computer technology to solve problems involving information gathering and analysis.
    - (iv) Applies principles of computer technology to solve problems related to project and business management.
    - (v) Understands information processing systems.
    - (vi) Analyzes data storage, retrieval and transmission systems.
    - (vii) Understands principles of telecommunications and applications of telecommunications in business.
    - (viii) Analyzes ethical and security issues involving technology systems.
  - (D) **Business finance and economics.** The candidate for licensure and certification:
    - (i) Understands basic principles and applications of accounting.
    - (ii) Applies procedures for processing accounting data.
    - (iii) Understands advanced accounting concepts and procedures.
    - (iv) Understands basic principles and applications of macroeconomics.
    - (v) Analyzes business situations in terms of microeconomic theory.
    - (vi) Applies basic principles of consumer economics and finance.
- (39) **Vocational family and consumer sciences.** The candidate for licensure and certification shall possess the competencies specified in (A) through (I).
  - (A) **Child development.** The candidate for licensure and certification:
    - (i) Applies child development concepts and guidance techniques in the care of infants, toddlers, preschool and school-age children, as well as children in crisis or with special needs.
    - (ii) Analyzes issues related to children's well-being, parenting, pregnancy, prenatal care, child birth, child care services, and community resources.
  - (B) **Foods and nutrition.** The candidate for licensure and certification:

- (i) Analyzes the relationship between food, nutrients, and the body through the application of food science principles, and healthy food choices.
  - (ii) Understands proper food storage/handling techniques, recipe use, food product information, serving/dining etiquette, and consumer skills.
- (C) **Consumer economics and management.** The candidate for licensure and certification:
  - (i) Applies principles related to money management, personal financial management, time management, and economics.
  - (ii) Analyzes advertising influences, factors related to housing selection and maintenance, factors related to motor vehicle selection and maintenance, wills, funerals, and consumer credit.
  - (iii) Applies consumer protection practices and skills.
- (D) **Housing and interior design.** The candidate for licensure and certification:
  - (i) Plans living space for human needs through the evaluation of housing and financial alternatives.
  - (ii) Applies elements and principles of interior design including exterior styles, interior spaces, interior treatments, furniture, accessories, and appliances.
- (E) **Interpersonal relationships.** The candidate for licensure and certification:
  - (i) Applies principles of communications, decision making, and crisis management.
  - (ii) Discusses factors and issues related to parenting, family life, and aging.
  - (iii) Identifies the importance of self-respect and of practicing socially accepted behavior.
- (F) **Clothing and textiles.** The candidate for licensure and certification:
  - (i) Applies wardrobe planning and grooming skills.
  - (ii) Applies clothing selection skills, methods of stretching the clothing dollar, care and maintenance practices, construction techniques, and knowledge of types of textiles.
- (G) **Careers.** The candidate for licensure and certification:
  - (i) Investigates careers as they relate to personal and career goals.
  - (ii) Understands the job application process, factors related to work etiquette, the use of technology in the workplace, and economic principles.
- (H) **Business and industry.** The candidate for licensure and certification:
  - (i) Develops partnerships with business and industry through advisory committees, surveys, work-site learning opportunities, curriculum, and program visits.
  - (ii) Communicates with business and industry regarding student competencies/credentials and job performance.
- (I) **Student organizations and activities.** The candidate for licensure and certification:
  - (i) Understands the role of student organizations in the recognition of student achievements through curricular activities.
  - (ii) Encourages student participation and the development of leadership traits.
- (40) **Occupational agriculture, occupational family and consumer sciences, trade and industrial education, and vocational health occupations.** Competency for occupational agriculture, occupational family and consumer sciences, trade and industrial education, and vocational health occupations will be verified by passing a state or national licensure examination developed specifically to the occupation and/or occupational testing approved by the Oklahoma Department of Vocational and Technical Education. Non-degreed vocational teachers certified under rules promulgated by the State Board of Education are exempt from the provisions of House Bill 1549, except for those provisions concerning professional development programs.
- (41) **Dance education.** The candidate for licensure and certification:
  - (A) Has a sound philosophical understanding and knowledge of dance education and creative movement and can support, justify and implement the dance education.
  - (B) Has a thorough knowledge of a sequential dance/creative movement curriculum that is developmentally appropriate for each grade level and inclusive of various student learning styles and those with special needs.
  - (C) Understands the history of dance and its role in culture and the arts worldwide.
  - (D) Has a working knowledge of dance integration and values the art-related competencies in Oklahoma's core curriculum.
  - (E) Recognizes and respects diversity and establishes environments where individuals dance content and learning are held in high regard.

# Permanent Final Adoptions

---

- (F) Understands the process of critical thinking and implements problem solving activities, analysis, reflection, decision making and creative exploration in dance.
- (G) Understands the elements of dance and technical skills in performing dance including:
  - (i) time (i.e., fast slow, even, uneven, accent, meters)
  - (ii) space (i.e., levels , direction, pathways)
  - (iii) force (i.e., energy, weight, flow)
  - (iv) locomotor movements (i.e., walk, run, skip, hop, jump, slide, gallop, leap)
  - (v) nonlocomotor movements ( i.e., bend, stretch, twist, swing)
  - (vi) rhythmic activities and musicality
  - (vii) proper skeletal alignment
  - (viii) efficiency and mastery of technical skills in a variety of dance forms.
- (H) Understands the principals of choreography (i.e., dance improvisation, composition, and choreography).
- (I) Understands the components of healthy living and fitness and the benefits of daily participation in dance activities.
  - (i) fitness components
    - (I) flexibility
    - (II) muscular strength
    - (III) agility
    - (IV) motor skills development and coordination
    - (V) body awareness, control, and balance
    - (VI) development and mastery of dance skills
    - (VII) weight control
  - (ii) wellness components
    - (I) release of stress and tension through positive dance activity
    - (II) positive self esteem and self-expression
    - (III) lifelong well being
    - (IV) weight control
- (J) Has a working knowledge of dance choreography and teaching strategies to help students create, study, interpret and evaluate works of art.
- (K) Has knowledge of dance resources including community resources, materials, equipment, and proper facilities, and can adapt a variety of resources and materials that supports students as they learn through and about dance.
- (L) Promotes the understanding of dance as an artistic, kinesthetic, educational, social, cultural and theatrical experience.
- (M) Provides a safe environment and creates a setting for productive learning.
- (N) Collaborates with colleagues, artists and agencies in the community to promote arts education opportunities.
- (O) Recognizes the important role of technology in dance education.
- (P) Uses a variety of assessment and evaluation methods and can evaluate student learning.
- (42) **English as a second language (ESL) PK-12.** The candidate for licensure and certification:
  - (A) **Language.** The candidate for licensure and certification:
    - (i) Demonstrates knowledge, understanding, and application of the fundamentals of linguistics as related to the development of listening, speaking, reading, and writing for social and academic purposes.
    - (ii) Understands and applies knowledge of current theories and practices that facilitate second language acquisition and literacy development in the classroom.
    - (iii) Understands the role of the primary language in acquiring English as a new language.
    - (iv) Understands and applies knowledge of how sociocultural variables effect individual learners in facilitating the process of learning English.
  - (B) **Culture.** The candidate for licensure and certification:
    - (i) Knows, understands, and uses the major concepts, principles, theories, and research related to the nature and role of culture in language development and academic achievement that support individual student's learning.
    - (ii) Understands and applies knowledge about home/school communication to enhance ESL teaching and build partnerships with students' families.

- (iii) Knows, understands, and uses knowledge of how cultural groups and ESL students' cultural identities affect language learning and school achievement.
- (iv) Understands and applies knowledge about world events that have an impact on ESL students' learning.
- (v) Knows and uses teaching strategies that are developmentally appropriate and inclusive of various learning styles and is sensitive to the needs of diverse cultural groups.

**(C) Planning, implementation, and managing instruction.** The candidate for licensure and certification:

- (i) Knows, understands, and applies concepts, research, and best practices to plan standards-based instruction based on language development and the Oklahoma core curriculum that provides for students of varying educational backgrounds in a supportive and accepting environment.
- (ii) Knows, manages, and implements instruction around standards-based subject matter and language learning objectives that incorporates a variety of activities and learning opportunities that integrate listening, speaking, reading, writing, and comprehension for a variety of academic and social purposes.
- (iii) Knows and is able to use a variety of resources and instructional strategies to teach ESL students the English language and content areas.
- (iv) Understands and applies the following competencies in reading instruction as appropriate to the abilities of the student.
  - (I) Knows the stages of language development and the structure of the English language and alphabetic writing system including phonology, morphology, and orthography and their relationships to spelling and meaning.
  - (II) Understands that primary language (oral) directly impacts the secondary languages (reading, writing, spelling). Knows and applies knowledge of implicit and explicit instruction in developing oral language. Knows the relationship of oral language to literacy.
  - (III) Knows the developmental process of reading in order to assess, interpret, describe, develop appropriate instruction, monitor, reteach and reassess student's reading performance for concepts about print, phonological and phonemic awareness, phonics, spelling, word recognition, vocabulary, comprehension, fluency, and writing.
  - (IV) Identifies and applies all developmental levels of phonemic awareness to provide appropriate instruction in understanding words are made up of phonemes and that phonemes can be rearranged and manipulated to make different words that compose oral speech.
  - (V) Knows and provides appropriate systematic explicit and implicit phonological instruction for the application of spelling-sound correspondences for word analysis and for structural analysis for word recognition and word meaning development.
  - (VI) Knows and applies the relationships between spelling patterns and sounds of speech; knows how to support the student at each stage of spelling development; knows how to focus direct and indirect instruction to guide the student toward spelling proficiency.
  - (VII) Knows and applies knowledge of appropriate explicit and implicit instruction for vocabulary development (e.g., prefixes, suffixes, roots, singular, and plural).
  - (VIII) Knows and applies strategies that promote comprehension and strategies to support children's understanding for the various elements of the different genres of text.
  - (IX) Knows and applies strategies and instructional approaches to support response to text and promote comprehension for literal, inferential, and critical/evaluative level (e.g., guided reading, literature and research circles).
  - (X) Knows and applies knowledge of instructional techniques to assist students with self-monitoring and self-corrections (i.e., semantics, syntax, and graphophonics).
  - (XI) Knows and applies the instructional strategies which contribute to the development of fluent reading.

# Permanent Final Adoptions

---

(XII) Knows how to promote children's interest and engagement in reading and writing.

(D) **Assessment.** The candidate for licensure and certification:

- (i) Understands various issues of standardized assessments as they affect ESL students' learning and academic performance.
- (ii) Understands different types of assessments and their purposes.
- (iii) Understands and is able to use a variety of language proficiency assessment instruments.
- (iv) Interprets and integrates assessment information into instructional plans.
- (v) Understands the importance of different assessment strategies and uses them in the evaluation and modification of teaching and learning.

(E) **Professionalism.** The candidate for licensure and certification:

- (i) Demonstrates knowledge of history, research, and current practices in the field of ESL and applies this knowledge to improve teaching and student achievement.
- (ii) Pursues personal professional growth opportunities and serves as a professional resource to colleagues.
- (iii) Serves as a resource liaison and advocate for ESL students and builds partnerships with students' families.
- (iv) Demonstrate English fluency in listening, speaking, reading, and writing the English language.

(43) **Computer Science.** The candidate for licensure and certification shall possess the competencies specified in (A) through (E).

(A) **Programming and algorithm design.** The candidate for licensure and certification ~~will~~shall demonstrate programming proficiency in a modern high-level programming language. The candidate ~~will~~shall:

- (i) Demonstrate knowledge of and skill regarding the syntax and semantics of a high-level programming language, its control structures, and its basic data representations.
- (ii) Demonstrate knowledge of and skill regarding common data abstraction mechanisms (e.g., data types or classes such as stacks, trees, lists, etc.).
- (iii) Demonstrate knowledge of and skill regarding program correctness issues and practices (e.g., testing program results, test data design).

(B) **Multiple paradigms.** The candidate for licensure and certification ~~will~~shall demonstrate an understanding of and flexibility with differing approaches/paradigms in programming (e.g., imperative, functional, object-oriented). The candidate ~~will~~shall design, implement, and test programs in languages from two different programming paradigms in a manner appropriate to each paradigm.

(C) **Computer systems - components, organization, and operation.** The candidate for licensure and certification ~~will~~shall demonstrate in-depth knowledge of how computer systems work individually and collectively. The candidate ~~will~~shall:

- (i) Use a variety of computing environments (e.g., various operating systems)
- (ii) Describe the operation of a computer system-CPU and instruction cycle, peripherals, operating system, network components, and applications indicating their purposes and interactions among them.

(D) **Data representation and information organization.** The candidate for licensure and certification ~~will~~shall demonstrate an understanding of data and information representation and organization at a variety of levels--machine level representation (for program correctness), data structures (for program implementation), problem representation (for solution design), files and databases (for general applications), and interactions among systems and people (for overall system design and effectiveness). The candidate ~~will~~shall:

- (i) Describe how data is represented at the machine level (e.g., character, boolean, integer, floating point).
- (ii) Identify and provide usage examples of the various data structures and files provided by a programming language (e.g., objects, various collections, files).
- (iii) Describe the elements (people, hardware, software, etc.) and their interactions within information systems (database systems, the Web, etc.).

(E) **Social aspects of computing.** The candidate for licensure and certification ~~will~~shall conduct independent learning on specific, unfamiliar topics in general areas central to computer science and provide their candidates with opportunities to do the same. The candidate ~~will~~shall:

---

# Permanent Final Adoptions

- (i) Demonstrate awareness of social issues related to the use of computers in society and principles for making informed decisions regarding them (e.g., security, privacy, intellectual property, ~~equitable access to technology resources, gender issues, cultural diversity,~~ differences in learner needs, limits of computing, rapid change).
- (ii) Analyze various social issues involving computing, producing defensible conclusions.
- (iii) Demonstrate an understanding of significant historical events relative to computing.

## SUBCHAPTER 13. TEACHER TESTING

### 210:20-13-1. Teacher testing regulations [AMENDED]

#### (a) Examinees.

- (1) Any person who applies for a teacher certification credential must take and receive a passing score on the Oklahoma Teacher Certification Test(s) in the field(s) which corresponds or most closely corresponds to the desired credential(s).
- (2) ~~In order to register to test, To register for the Oklahoma Teacher Certification Test(s), candidates who have met state minimum coursework requirements for certification may apply directly to the Teacher Certification Testing Section, State Department of Education (SDE) whose personnel will ensure that the candidate meets regulations contained in the TEACHER EDUCATION AND CERTIFICATION HANDBOOK, published by the SDE. In order to be eligible for registration, a candidate shall meet the state minimum coursework requirements for certification.~~ The signature of approval of the college or university Director of Teacher Education (DTE) is not required for eligibility to test. ~~The candidate may apply directly to the State Department of Education, whose personnel will ensure that the candidate meets regulations contained in the TEACHER EDUCATION AND CERTIFICATION HANDBOOK, published by the SDE.~~
- (3) Upon passing the ~~test~~ Teacher Certification Test(s) and the written test based solely upon the U.S. Naturalization Test, and upon application for certification to the State Department of Education, a license or certificate will be issued without college or university approval.

(b) ~~Grandfather clause.~~ Such The testing requirement requirement(s) set forth in this section shall does not apply to persons who were certified before February 1, 1982, including, without limitation, any certification credential(s) such "grandfathered" persons may have acquired up to October 1, 1986.

(c) **Certification renewal.** Such testing requirement also does not apply to the renewal of Oklahoma teacher certification credentials;

(d) **Other regulations.** For ~~more explicit~~ additional information on the Oklahoma Teacher Certification Testing Program, consult Appendix B of the TEACHER EDUCATION AND CERTIFICATION HANDBOOK or the current edition of the OKLAHOMA TEACHER CERTIFICATION TESTING PROGRAM REGISTRATION BULLETIN.

## SUBCHAPTER 23. SCHOOL BOARD MEMBERS

### 210:20-23-5. Records management [AMENDED]

~~Three times a year, the State Department of Education shall notify the school superintendent of the credit hours completed by each member of the board. Prior to the final opportunity for each school board member who has not completed the continuing education requirements to complete the same, the Oklahoma State Department of Education shall notify the school board member and the school district superintendent of any final opportunity to complete these requirements and the consequences of not completing the requirements. See 70 O.S. 5-110.2.~~

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF JULY 11, 2025:**

## SUBCHAPTER 3. FUNDING CRITERIA

### 210:25-3-4. Personnel [AMENDED]

---

## Permanent Final Adoptions

- (a) Teachers who have not yet received their degrees shall be considered ~~as having to possess a degree if all, provided,~~ all requirements have been completed except participation in graduation exercises.
- (b) A teacher who has taught more than one-half ( $\frac{1}{2}$ ) of a day for 120 days or more shall be considered as having had one year of experience. A teacher who has taught the equivalent of 120 days within not more than two contractual years shall be considered as having had one year of experience. Experience shall be counted if the individual was legally employed and paid from funds under the supervision of a school board of education or any school accredited by the State Board of Education. Practice teaching or a practicum in a teacher-training institution shall not be considered as experience. Veterans Agricultural training instructors or any teacher employed full-time by an accredited college or university shall be considered as having one (1) year of teaching experience for each year of service after July 1, 1945, if such teaching experience is approved by the State Board of Education, provided such teacher held a bachelor's degree at the time these services were performed and was eligible to have been issued a teaching certificate. A teacher who has received Workers' Compensation benefits while employed by a public school district or charter school shall be eligible to have the time spent on Workers' Compensation included in the calculation of their cumulative teaching experience, provided all of the following conditions apply:
- (1) The individual held a valid Oklahoma teaching certificate during the time period they received Workers' Compensation benefits;
  - (2) The individual received temporary total disability benefits;
  - (3) The individual was employed by a public school immediately prior to and during the period of absence due to work-related injury or illness;
  - (4) The individual's public school employer certifies in writing the dates during which temporary total disability benefits were paid to the individual; and
  - (5) Service credit for time during which a certified teacher received temporary total disability benefits through the Workers' Compensation system shall be capped at a cumulative maximum of five (5) years.
- (c) Any district identified as contracting with a teacher, or administrator without a valid certificate shall be penalized in state aid. The state aid penalty amount shall be the salary amount paid by the district for the number of days the teacher or administrator taught without a valid certificate in excess of allowable substitute days.
- (d) All teachers must have an official transcript on file with the Professional Standards Section showing the degree completed.
- (e) The timeframe for submitting Initial Personnel Reports shall be open from September 1 through October 1 of each year. No later than October 1, all public school districts must file an accurate Initial Personnel Report with the State Department of Education. The report shall list all personnel in the district and shall list for each person the position code, compensation, degree, certification information, years of qualified experience, number of days employed and other information as deemed necessary. Beginning with the 2004-2005 school year the school district will report to the State Department of Education the salary and benefit information disaggregated as required by law. For each employee not returning from the previous year, a reason for no return code shall be recorded. The Initial Personnel Report must be certified no later than October 15.
- (f) From November 1 through December 15 of each year, a school district superintendent shall have access to the district's Initial Personnel Report. During this period, the superintendent will be permitted to make necessary corrections and updates to the report. Any changes made by a superintendent to the school district's Initial Personnel Report must be submitted no later than December 15. Reports are to be recertified after updates are complete.
- (g) The timeframe for submitting Mid-Year Personnel Reports shall be open from January 1 through February 1 of each year. No later than February 1, all public school districts must file an accurate revised Mid-Year Personnel Report with the State Department of Education. The report shall contain any corrections, departures, and additions that have occurred since the October 1 Initial Personnel Report was filed so that more accurate information is available for state aid calculations, legislative projections and other statistical requirements. State Aid funds shall be withheld from any school district that does not submit the Mid-Year Personnel Report by February 1. Only after the accurate report has been received by the State Department of Education shall the withheld State Aid funds be released to the school district.
- (h) From February 15 through May 15 of each year, a school district superintendent shall have access to the district's Mid-Year Personnel Report. During this period, the superintendent will be permitted to make necessary corrections and updates to the report. Any changes made by a superintendent to the school district's Mid-Year Personnel Report must be submitted no later than May 15. Reports are to be recertified after updates are complete.
- (i) All public school districts must file an accurate End-of-Year Supplemental Personnel Report showing the changes for personnel previously listed as well as all information required on any new employees not previously listed. This report shall contain any corrections or changes to be made to the February 1 Mid-Year Personnel Report. All employees that departed the school district prior to completion of the school year shall be given a "Reason-For-Leaving" code and have salary and days employed adjusted. School districts shall also file the Certified Substitute Teachers Report listing the

# Permanent Final Adoptions

---

number of days taught in the school year by all certified substitute teachers. The timeframe for submitting End-of-Year Supplemental Personnel Reports and Certified Substitute Teachers Reports shall be open from June 1 to July 15 of each year. These two reports shall be filed with the State Department of Education no later than July 15.

(1) A school district shall immediately report to the Oklahoma State Department of Education any employee that resigns or is not re-employed due, in whole or in part, to suspicion of abuse or neglect of a student under the age of eighteen (18) years.

(2) Reports shall be made to the Oklahoma State Department of Education through the Awarety Reporting System located on the Oklahoma State Department of Education website as well as the End-of-Year Supplemental Personnel Report described above.

(j) If the district pays a teacher less than the minimum salary required by law, the difference shall be deducted from the next payment of state aid, or a claim shall be filed by the Director of Finance to recover any such overpayment to the school district.

(1) The School Personnel Records Section will notify the school superintendent of all potentially underpaid teachers after the Mid-Year Personnel Reports are filed with the State Department of Education in February. The school superintendent shall notify the School Personnel Records Section of the district's intent to pay the teacher the underpaid amount or to dispute the amount. If disputed, the school superintendent is responsible for providing documentation to the School Personnel Records Section to show the teacher was not underpaid based on the state minimum salary schedule. The State Aid Section shall withhold from state aid the amount underpaid by October 1 in the school year following the year in which the underpayment occurred.

(2) The method for calculating teacher salaries to ensure state minimums are met shall be determined by the School Personnel Records Section.

(k) If a teacher asserts that the school district he or she is employed by and was employed by the previous year, (or if underpayment occurred prior to July 1, 2002, and the teacher filed an action to recover an underpayment in a court of competent jurisdiction before July 1, 2002), has reduced the salary and/or fringe benefit level without a proportionate reduction in hours or duties, the teacher may file a complaint with the State Department of Education's School Personnel Records Section. The complaint must be accompanied by documentation sufficient to justify the allegations in the complaint. The teacher shall also send a copy of the complaint and supporting documentation to the superintendent of the school district. The documentation shall include, but not be limited to, the teacher's salary and benefit amount for each year in question. The superintendent shall be given an opportunity to submit documentation to refute the teacher's claim within 20 calendar days of receipt of the complaint. The School Personnel Records Section shall review all the documentation presented and present the complaint to the State Board of Education for determination of whether the school district willfully reduced the teacher's salary and benefits in violation of the law. If the school district does not provide a response and supporting documentation to the complaint, the complaint shall be upheld. In the event the review of the documents reveals that the complaint is valid, the State Board of Education shall withhold the amount underpaid from the district's state aid as a penalty. Additionally, the same amount shall be withheld and that amount shall be sent to the teacher.

(l) Any superintendent, principal, or teacher shall not be considered as having received their minimum salary unless such salary is paid by school district warrants issued by the board of education or the school district.

(m) Personnel on the staff of the Oklahoma Department of Career and Technology Education shall be approved by the State Board of Education for increment purposes.

(n) Certified personnel teaching in Manpower Skill Centers and other Manpower Development Training Programs approved by the Oklahoma Department of Career and Technology Education shall be considered as teaching in a school approved by the State Board of Education for increment purposes as provided by Oklahoma School Law.

(o) Under the federal *Uniformed Services Employment and Reemployment Rights Act* (USERRA), a teacher who is called to active duty in the uniformed services is entitled to certain continuing benefits of civilian employment, including the accrual of Oklahoma teaching experience for minimum salary schedule purposes during their active duty service. For purposes of this subsection, the term "uniformed services" incorporates the definition at 38 U.S.C. § 4303 and includes the Air Force, Army, Coast Guard, Marine Corps, Navy, and the reserve components of these services, as well as the Air National Guard and Army National Guard. There is a cumulative limit of five (5) years on Oklahoma teaching experience accrued during active duty service while contracted as a public school teacher. Because teachers who are called to active duty while under contract with a school district are entitled to this benefit of employment under federal law, this category of up to five (5) years of service is separate from the up to five (5) years of active duty military service accrued *prior to* service as a teacher that an applicant for Oklahoma teaching certification may be eligible to have applied toward their initial step on the minimum salary schedule under 70 O.S. § 18-114(D). An individual who has been awarded up to five (5) years of credit for active duty service accrued prior to teaching, under 70 O.S. § 18-114(D), may also be eligible for up to five (5) years of credit awarded under this subsection if they are called to active duty while serving as a teacher.

(p) Certified personnel who are employed in the SoonerStart Early Intervention Program, a joint operation of the State Department of Education and the State Department of Health that delivers educational services to children from birth through age two (2) under Part C of the *Individuals with Disabilities Education Act* (IDEA), shall be eligible to accrue Oklahoma teaching experience for services provided through SoonerStart that are substantially equivalent to educational services that the certified individual would provide if employed by a public school. Credit will be awarded based on the guidelines in subsection (b) of this rule, with at least one-half day of SoonerStart service provision for at least one hundred twenty (120) days per year, or at least three hundred sixty (360) hours per calendar year, resulting in one (1) year of Oklahoma teaching experience for salary schedule and retirement system purposes.

## SUBCHAPTER 5. BUDGETING AND BUSINESS MANAGEMENT

### PART 1. IMPLEMENTATION

#### 210:25-5-4. Accounting [AMENDED]

(a) “External Source of Revenue” means, for purposes of this section, revenue received by any entity that is not part of the federal government of the United States nor part of any state or local governments within the United States.

(ab) The financial structure of an Oklahoma public school district consists of various classifications as referenced in Oklahoma Administrative Code (OAC) 210:25-7-1, Oklahoma Cost Accounting System (OCAS). School District accounting systems shall be organized and operated on a basis that assures legal compliance by the recording and summarizing of financial transactions within funds, each of which is completely independent of any other. Each fund shall account for and continually maintain the identity of its revenues and expenditures. Financial transactions for purposes of this regulation and, as referenced in 70 O.S. § 5-135.2, shall be defined as a detailed reporting of revenue within the Source of Revenue dimension. Revenue shall be reported to the bold codes within each of the following broad categories: District Source of Revenue, Intermediate Source of Revenue, State Source of Revenue, ~~and~~ Federal Source of Revenue, or External Source of Revenue. Expenditures shall be reported by the bold codes within the Function dimension as follows: Instruction, Support Services-Students, Support Services-Instructional Staff, Support Services-General Administration, Support Services-School Administration, Support Services-Central, Operation and Maintenance of Plant Services, Student Transportation Services, Child Nutrition Programs Operations, Community Services Operations and Facilities Acquisition and Construction Services. Additional dimensions for Revenue and Expenditures are coded to provide classification by Fiscal Year, Fund, Project Reporting, Object, Program, Subject, Job Classification, and Operational Unit, where applicable.

(bc) Beginning July 1 but no later than September 1 of each year, every school district and charter school board of education shall prepare and submit to the State Department of Education, through the Oklahoma Cost Accounting System (OCAS), a statement of actual income and expenditures of the district or charter school for the fiscal year that ended the preceding June 30. The year-end financial report recording and summarizing all revenue and expenditure financial transactions ~~will~~ shall be completed and locked on or before September 1 of the applicable year. For purposes of the OCAS system, “locked” means that the data submitted has passed the system’s initial edit checks and the district has **finalized** the submission. To assure the validity and accuracy of financial reporting and accounting, between September 1 and November 1 of each year, school districts and charter schools shall have the opportunity to review and make corrections to the data submitted. By November 1, the data submission shall be certified by the district superintendent or head of charter school. If the school district or charter school does not report any inaccuracies by November 1, the State Department of Education ~~will~~ may rely on the data submitted and certified by the school district or charter school to be complete and closed. Nothing in this Section shall preclude the State Department of Education or the State Board of Education from conducting regular or periodic reviews of school district or charter school financial records as authorized by law and ensuring a public school operates pursuant to the OCAS system.

(ed) As referenced in 70 O.S. § 5-135.2, the State Department of Education shall reduce the monthly payment of a district’s State Aid funds if the district is not operating pursuant to the OCAS system. Upon final determination, including but not limited to the process set forth in Subsection (bc), the reduction of monthly payments shall begin with the first day that the school district or charter school was determined to not be operating in compliance with the OCAS system. The reduction may be waived by the State Board of Education if the school district or charter school can demonstrate that failure to operate pursuant to the OCAS system was due to circumstances beyond the control of the district or charter school, and that every effort is being made to operate in compliance with the OCAS system. Not operating pursuant to said system shall be defined as a district not:

- (1) accurately recording and reporting all revenue and expenditures by applicable OCAS bold code dimensions;

# Permanent Final Adoptions

---

- (2) submitting OCAS financial records on time and as required, including as provided in Subsection (bc), via the Web-based system of all recorded and reported revenue and expenditures by applicable OCAS bold code dimensions to the State Department of Education;
- (3) ascertaining that current and accurate applicable OCAS codes are being utilized as updated and maintained by the State Department of Education;
- (4) complying with regulations as outlined in OAC 210:25-3-7 (Financial information processing), OAC 210:25-5-10 (The encumbrance clerk), OAC 210:25-5-11 (The school district treasurer), or OAC 210:25-5-13 (School activity fund); and
- (5) reconciling all recorded and reported revenue and expenditures by applicable OCAS bold code dimensions by balancing data with bank receipts and statements, purchase orders, warrant registers, investment ledgers, and all balance sheet accounts; ~~and~~

(~~de~~) For appropriated funds, all indebtedness should be encumbered (have a purchase order issued and be recorded) on the day the obligation is incurred, rather than when it becomes due, and supporting documentation should be provided for all indebtedness.

(~~ef~~) Upon the approval of the State Board of Education, school districts may make capital expenditures up to a maximum amount of \$50,000 (fifty thousand dollars) during the current fiscal year within the General Fund pursuant to 70 O.S. § 1-117, if the school district meets the established criteria as outlined in the Statutes. School districts shall be voting the maximum five (5) building fund mills. General Fund monies authorized by the State Board of Education for expenditures must be expended within the current fiscal year. Any such funds encumbered as of June 30th of the current fiscal year, but not expended by November 15th of the subsequent fiscal year, shall lapse and return to the original purpose of such funds.

(~~fg~~) A school district shall be authorized to utilize general fund monies for capital expenditures, in addition to the amount specified in subsection (~~ef~~), pursuant to the provisions of 70 O.S. § 1-117.

(~~gh~~) Inventory cards or data processing records shall be kept on all equipment and removable fixtures, showing purchase order number when known, date of purchase (when known, if not known an estimated date shall be used), amount of purchase (if known, if not known present value must be estimated) a description of the item, the serial number (when applicable) and the location of the item. New purchases shall be included in the records on the same day in which they are physically received by the district. Disposed equipment must be removed from the records on the disposal date and a detailed description of the circumstances which results in the disposal recorded. Disposed equipment should not be included in the records of future years.

(i) Beginning with the 2025-26 school year, school districts shall include any financial donations and/or gifts received from an External Source of Revenue on their yearly financial transaction report submitted to the State Department of Education which are valued at the lesser of either a) seventeen thousand dollars (\$17,000), or b) the current annual gift tax exemption amount as determined to be by the IRS.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF JULY 11, 2025:**

## SUBCHAPTER 5. TRANSPORTATION

### **210:30-5-8. School bus driver certification [AMENDED]**

**(a) General criteria.**

(1) Pursuant to the authority granted to the State Board of Education in 70 O.S. § 3-104(6) to regulate school bus drivers and 47 O.S. § 15-109, no board of education shall have authority to enter into any written contract with a school bus driver who does not hold a valid Oklahoma School Bus Driver's Certificate issued by the State Board of Education authorizing said bus driver to operate a school bus within the State of Oklahoma.

(2) In order to obtain and maintain a standard Oklahoma School Bus Driver's Certificate, the State Board of Education requires all public school bus drivers to:

(A) Successfully complete a school bus driver training course approved by the State Department of Education;

(B) Possess and maintain a valid Commercial Driver's License (CDL), which includes the following endorsements required by 47 O.S. § 6-110.1 in accordance with the qualifications determined by Service Oklahoma:

(i) A school bus "S" endorsement; and

# Permanent Final Adoptions

---

- (ii) For drivers of vehicles designed to transport sixteen (16) or more passengers (including the driver), a passenger "P" endorsement; and
- (C) Comply with all other health and safety qualifications set forth in this Section.
- (3) No school district board of education shall assign or allow to be assigned any school bus driving duty involving the transportation of students to any employee or volunteer, regardless of contract status (e.g. coach, teacher, mechanic), unless that person has all of the requisite required supporting documentation required for school bus drivers on file with the school district and a valid Oklahoma State Department of Education School Bus Driving Certificate as provided for in this section.
- (4) The State Board of Education recognizes the substantial public interest in safe school bus transportation of children. Therefore, in addition to meeting the vision standards required to obtain a CDL from Service Oklahoma, in order to obtain a standard or emergency Oklahoma School Bus Driver's Certificate, all school bus drivers must have:
- (A) A visual acuity of not less than twenty-four (20/40) (Snellen) in each eye with or without corrective lenses; and
  - (B) Not less than twenty-four (20/40) (Snellen) with both eyes with or without corrective lenses; and
  - (C) A minimum field of vision of 70 degrees horizontal median vision in each eye.
- (D) The measurements in ¶¶ (a)(4)(A)-(C) above must be based on the Snellen eye chart exam.
- (5) The use of tobacco by a school bus driver is not permitted during the operation of the bus while hauling pupils. The use of any intoxicating or non-intoxicating alcoholic beverage by the driver eight (8) hours prior to or during the operation of a school bus is strictly prohibited. The use of any controlled dangerous substance seventy-two (72) hours prior to or during the operation of a school bus is strictly prohibited. The possession of any controlled dangerous substance on a school bus is strictly prohibited.
- (6) All school bus drivers shall have an annual health certificate signed by a physician licensed by any state within the United States of America (U.S.), or a nurse practitioner, or a physician assistant who is licensed to practice in any state within the U.S., ~~and~~ who is working under the supervision of a medical doctor (MD), and who is appropriately qualified, or doctor of osteopathy (DO) licensed by any state within the U.S. A school bus driver who is a veteran of the United States Armed Forces may submit a health certificate signed by a licensed physician of the U.S. Department of Veterans Affairs Veterans Health Administration. The certificate shall be filed in the office of the chief administrative officer of the local school district or designee of the chief administrative officer attesting that such physician, or other authorized health care professional working under the supervision of a physician, has examined the applicant and that the applicant has no sign or symptoms of ill health, and is otherwise, from the observation of such physician or other authorized health care professional, physically and mentally capable of safely operating a school bus. As an alternative to the annual physical examination requirements for school bus drivers, school districts may adopt a policy that utilizes a biannual physical examination, provided the examination is in compliance with the physical qualifications and examination requirements at Subpart E of the Federal Motor Carrier Safety Regulations, 49 CFR §§ 391.41 to 391.50.
- (7) Substitute and activity school bus drivers shall meet all the requirements prescribed for regular bus drivers.
- (8) At a minimum, the chief administrative officer of the local school district or designee of the chief administrative officer shall conduct an annual driving record check of all school bus drivers, including substitute and activity drivers. The Oklahoma State Department of Education shall be immediately notified of any violation(s) that make a school bus driver ineligible to hold an Oklahoma School Bus Driver's Certificate.
- (9) The State Board of Education shall revoke the certificate of any bus driver ~~driver's certificate of any holder who fails to comply with the provisions of this Section for:~~
- (A) Any violation of the provisions of this Section; or
  - (B) A willful violation of a rule or regulation of the State Board of Education, or the United States Department of Education; or
  - (C) A willful violation of any federal or state law; or
  - (D) A conviction for any of the offenses or bases for revocation set forth in 70 O.S. §§ 3-104 or 3-104.1; or
  - (E) For other proper cause, including but not limited to violation of the Standards of Performance and Conduct for Teachers contained in OAC 210:20-29-1, OAC 210:20-29-2, OAC 210:20-29-3, OAC 210:20-29-4, and OAC 210:20-29-5, or for violation of any rule contained in Chapter 20, Subchapter 29 of this Title.
- (10) School districts who fail to comply with the provisions of this section shall be subject to penalty pursuant to 210:30-5-2.

**(b) School bus driver certificate requirements.**

(1) The chief administrative officer of the local school district or designee of the chief administrative officer shall certify to the State Department of Education that each applicant submitted for Standard Five-Year Certification:

- (A) Is at least 18 years of age;
- (B) Has successfully completed a special school bus drivers' course approved by the State Department of Education;
- (C) Holds a valid Commercial Drivers license (CDL) appropriate for the type of vehicle driven with the proper endorsements required by Service Oklahoma;
- (D) Has not been convicted of a felony, or pled guilty or nolo contendere to a felony during the last ten years; and
- (E) Has passed a driving record check, and no certificate shall be issued to any person who, within the preceding three (3) years:
  - (i) Has had a license suspended or revoked, canceled or withdrawn pursuant to the Implied Consent Laws at 47 O.S. § 751 et seq.;
  - (ii) Has a conviction for a violation of 47 O.S. § 11-902 which includes driving, operating or being in actual physical control of a vehicle while under the influence of alcohol or any intoxicating drug;
  - (iii) Has been convicted or pled guilty to a violation of 47 O.S. § 761, operating a motor vehicle while impaired by consumption of alcohol;
  - (iv) Has been convicted of any municipal violation of driving under the influence of alcohol or drugs or operating a motor vehicle while impaired or being in actual physical control of a motor vehicle while impaired; or
  - (v) Has had four (4) or more traffic violations (excluding parking violations).

(2) The chief administrative officer of the local school district or designee of the chief administrative officer shall certify to the State Department of Education that the applicant for an Emergency One-Year School Bus Driver Certificate (Not Renewable):

- (A) Is at least 18 years of age;
- (B) Holds a valid Commercial Driver's License with the proper endorsements required by Service Oklahoma; and
- (C) Has passed a driving record check and meets the requirements set forth in (1)(D)-(E) of this subsection.

(3) Requirements for Renewal of the Standard Five-Year Certificate include:

- (A) Every five (5) years, each driver shall have successfully completed four (4) hours per year of inservice training approved by the State Department of Education;
- (B) The chief administrative officer of the local school district or designee of the chief administrative officer shall certify to the State Department of Education that the applicant meets all requirements for standard certification; [47 O.S. § 15-109]
- (C) Each applicant has a health certificate on file signed by a licensed physician, or a nurse or physician assistant who is licensed to practice in any state within the U.S. and who is working under the supervision of a medical doctor (MD) or doctor of osteopathy (DO), and meets all vision requirements;
- (D) Each applicant has not been convicted or pled guilty to a felony in the last ten (10) years;
- (E) The applicant's driving record has been checked and meets all other State Board of Education requirements for certification; and
- (F) Notwithstanding the provisions of this paragraph, in order to renew any school bus driver certificate which has been expired for more than one year, a driver must successfully complete a renewal course approved by the State Department of Education. Such a course must, at a minimum, include topics on:
  - (i) Railroad crossings;
  - (ii) Emergency evacuation procedures;
  - (iii) Mirror placement;
  - (iv) Pick-up and drop-off procedures;
  - (v) Sound driving practices; and
  - (vi) Accident procedures.

(4) During the period that the application for issuance of a new or renewed school bus driver certificate is pending, applicants must immediately notify the State Department of Education Transportation Section of any arrest, citation, or conviction of any disqualifying offense set forth in (1)(E) of this subsection; any moving violation; or any involvement in a traffic accident.

# Permanent Final Adoptions

---

## (c) Certification of drivers with a monocular vision condition.

(1) Individuals who wish to obtain an Oklahoma School Bus Driver's Certificate and meet all other requirements of this Section, but cannot meet the vision requirements in (a)(3) of this Section in both eyes due to the presence of a monocular vision condition, may obtain an exemption from the vision requirements of (a)(3) of this Section by providing evidence showing that Applicant is exempt from the requirements of 49 C.F.R. § 391.41, has fully adapted to the monocular vision condition, and is capable of safely operating a school bus for the purpose of transporting school children. Such evidence must consist of documentation for each one of the following:

(A) Documentation establishing that Applicant's vision condition has been present and unchanged for three years or more prior to the application for an exemption from the vision requirements of (a)(3) of this Section;

(B) Documentation establishing that Applicant has experience in safely operating a Commercial Motor Vehicle with the monocular vision condition within the three (3) year period immediately preceding the date of the application for an exemption from the vision requirements of (a)(3) of this Section; and

(C) One of the following:

(i) An authority letter issued by the Applicant's CDL licensing jurisdiction qualifying the individual as exempt from the vision requirements of 49 C.F.R. § 391.41; or

(ii) A letter or waiver issued by the Federal Motor Carrier Safety Administration (FMCSA) documenting that the applicant has received a waiver from the vision requirements of 49 C.F.R. § 391.41.

(2) Documentation of the evidence required by (1)(A) of this subsection shall consist of documentation for each one of the following:

(A) Applicant must have been examined by a licensed ophthalmologist or optometrist within sixty (60) days prior to obtaining the Commercial Driver License and within one year of applying for the State Department of Education monocular vision exemption. Applicant must provide the State Department of Education a copy of official documentation of the vision examination from the Applicant's CDL licensing jurisdiction.

(B) In addition, if not included on the official documentation of the vision exam, Applicant must submit additional documentation, in which a licensed ophthalmologist or optometrist identifies and describes:

(i) The nature of the vision deficiency, including how long the individual has had the deficiency;

(ii) The date of the examination;

(iii) Whether the applicant's vision is stable;

(iv) The visual acuity of each eye, corrected and uncorrected;

(v) The field of vision of each eye, including central and peripheral fields, testing to at least 120 in the horizontal. (Formal perimetry is required. The doctor must submit the formal perimetry test for each eye and interpret the results in degrees of field of vision.);

(vi) Whether the applicant has the ability to recognize the colors of traffic control signals and devices showing red, green, and amber; and

(vii) The ophthalmologist/optometrist's medical opinion as to whether the individual has sufficient vision to perform the driving tasks required to operate a school bus.

(3) Documentation of the evidence required by (1)(B) of this subsection shall consist of each of the following:

(A) Applicant must provide documentation of experience in operating a commercial motor vehicle (as defined by 47 O.S. §§ 1-107.1, 1-107.2, or 1-107.3) while the Applicant has a monocular vision condition for the three (3) year period immediately preceding the date of this application which includes the following information:

(i) For any applicant employed as a driver of a commercial motor vehicle, the DOT # or ICC# of Applicant's employer(s); for any applicant with driving experience as an independent motor carrier, a list of names, addresses, and phone numbers of customers for whom Applicant performed transportation services through the operation of a commercial motor vehicle on public highways;

(ii) A list of all dates (month/date/year) during the three (3) year period for which Applicant performed services driving and/or operating a commercial motor vehicle, and the number of hours driven per week; and

(iii) A list of all types of commercial motor vehicles operated by Applicant and gross vehicle weight rating ("GVWR") of each vehicle operated by Applicant;

(B) Acceptable forms of required documentation of the Applicant's driving experience described in (3) of this paragraph may include either:

- (i) A signed, notarized statement from the individual's present or past employer(s) on company letterhead; or
- (ii) An affidavit by the Applicant.

(C) Applicant shall provide the State Department of Education with a Motor Vehicle Report demonstrating that applicant's driving record during the three (3) year period prior to the date the application is filed:

- (i) Contains no suspensions or revocations of Applicant's driver's license for the operation of any motor vehicle (including Applicant's personal vehicle);
- (ii) Contains no record of involvement in an accident involving negligence attributable to the monocular vision condition;
- (iii) Contains no record of a serious traffic offense attributable to the monocular vision condition (e.g., erratic unsafe lane changes, following too closely, etc.)

(4) Individuals who receive the vision exemption to drive a bus for an accredited school in Oklahoma must submit to their employer a copy of the documentation required by (1)(C) of this subsection.

**(d) Certification of drivers with insulin-dependent diabetes mellitus.**

(1) Any person with diabetes mellitus requiring insulin by injection shall not be eligible for a school bus certificate unless the individual meets all other requirements of (a) and (b) of this Section, and the individual possesses and maintains either:

- (A) An authority letter issued by Applicant's CDL licensing jurisdiction qualifying the individual as exempt from the physical requirements of 49 C.F.R. § 391.41; or
- (B) A letter or waiver issued by the Federal Motor Carrier Safety Administration (FMCSA) documenting that the applicant has received a waiver from the physical requirements of 49 C.F.R. § 391.41.

(2) Upon hire, exempted individuals will be required to agree to and comply with the following conditions:

- (A) Blood glucose levels shall be self-monitored one (1) hour prior to driving and at least once every four (4) hours while driving a school bus or on duty by using a portable glucose monitoring device with a computerized memory, and take corrective action if necessary;
- (B) The individual shall maintain blood glucose logs, three months from the current date (or the date that insulin use began, whichever is shorter).

- (i) If the employing district has cause to require a medical evaluation as authorized by (5) of this subsection, logs maintained pursuant to this subsection must be provided to the board certified medical doctor (MD) or doctor of osteopathy (DO) treating the individual.
- (ii) Blood glucose logs must be created by an electronic blood glucose meter that stores every reading, records date and time of reading, and from which data can be downloaded and printed.

(C) The individual shall carry a source of rapidly absorbable glucose at all times while operating a school bus; and

(D) The individual shall meet the annual physical examination requirements for drivers with metabolic diseases set forth by Service Oklahoma in OAC 260:135-5-50.

(E) The individual shall notify the Department of Public Safety and the State Department of Education of any changes in physical or mental ailments or conditions which may cause loss of control or partial control or may otherwise render the individual incapable of properly controlling a school bus.

(3) Superintendents or their designees who hire individuals who hold a diabetes exemption certification must keep on file in a separate medical record:

- (A) A current copy of the diabetes exemption certificate of the individual;
- (B) The contact information of the board certified medical doctor (MD) or doctor of osteopathy (DO) who is treating the individual;
- (C) Record of the annual medical certification issued by the board certified medical doctor (MD) or doctor of osteopathy (DO) pursuant to (1)(B) of this subsection; and
- (D) Copies of any medical certifications obtained pursuant to (5) of this subsection.

(4) An individual holding a diabetes exemption certificate shall immediately notify the superintendent (or the superintendent's designee) of the school district in which the individual is employed if the individual's blood glucose level is outside of a range of 100 mg/dl to 400 mg/dl one (1) hour prior to driving. Upon receipt of such notice, the superintendent or the superintendent's designee shall not allow the individual holding the diabetes

# Permanent Final Adoptions

---

exemption certificate to drive. If the individual's blood glucose level is below 100 mg/dl or above 400 mg/dl, then the driver cannot operate a school bus or transport school children as an employee of any school district until the blood glucose measure is within the target range.

(5) In the event an individual holding a diabetes exemption is involved in an incident directly caused by the individual's diabetic condition, the individual cannot operate a school bus or transport school children as an employee of any school district until the individual has been certified in writing as medically able to safely resume work related duties by the certified medical doctor (MD) or doctor of osteopathy (DO) by whom they are being treated.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF JULY 11, 2025:**

## **SUBCHAPTER 3. STANDARDS FOR ELEMENTARY, MIDDLE LEVEL, SECONDARY, AND CAREER AND TECHNOLOGY SCHOOLS**

### **PART 1. STANDARD I: PHILOSOPHY (AND/OR MISSION) AND GOALS**

#### **210:35-3-5. Policy regarding the flag of the United States of America [NEW]**

(a) Recognizing the significance of the American flag and the Pledge of Allegiance in the educational environment, each school district must establish a clear policy that ensures the U.S. flag, as defined in 4 U.S.C. §§ 1 and 2, can be flown and displayed on all school campuses without infringement. This policy should promote the respectful presentation of the flag, ensuring it is treated with the honor it deserves. Further, every student shall be allowed to display the flag of the United States of America as the U.S. flag is defined under 4 U.S.C. §§ 1 and 2.

(b) In accordance with Title 70 O.S. § 24-106, every school must lead its students in reciting the Pledge of Allegiance at least once a week. This practice is crucial in fostering a sense of national pride and respect for the country's ideals among students.

(c) All districts are required to submit a report detailing their policies regarding the display of the U.S. flag and the weekly recitation of the Pledge of Allegiance. This report should include specific measures the district has implemented to ensure compliance and how these practices are being integrated into the school culture.

(d) Consistent with the requirements of Title 70 O.S. § 3-104.4, the Oklahoma State Department of Education ("Department") shall begin an investigation of any complaint for any failure to comply with accreditation standards, including without limitation, compliance with Title 70 O.S. § 24-106, or any requirement in this rule, within thirty (30) days. If the Department determines that a Public School has failed to comply with the accreditation standards, including without limitation this rule, the Department shall report the information to the Oklahoma State Board of Education for possible further action within ninety (90) days.

(e) Complaints of alleged violations of Title 70 O.S. § 24-106 or any requirement in this rule shall be filed with the Accreditation Division of the State Department of Education. In order for a complaint to be accepted for investigation, it must:

# Permanent Final Adoptions

---

- (1) Be submitted in writing, signed, and dated by the complainant, including complaints submitted through electronic mail that include electronic signatures;
- (2) Identify dates that alleged discriminatory act occurred;
- (3) Explain the alleged violation and/or discriminatory conduct and how Title 70 O.S. § 24-106 or the provisions of this rule have been violated;
- (4) Include relevant information that would enable a Public School to investigate the alleged violation; and
- (5) Identify witnesses the Public School may interview, if applicable, provided the Public School will not dismiss a complaint for failure to identify witnesses.

## PART 11. STANDARD VI: STUDENT SERVICES

### 210:35-3-106. Guidance and counseling services [AMENDED]

(a) The counseling staff, parents, administrators, and others shall provide guidance and counseling program direction through involvement in assessment and identification of student needs. Oklahoma School Counselors shall be certified by one of the following methods:

(1) Traditional Certification. For Traditional Certification, an Oklahoma School Counselor shall, prior to certification:

- (A) possess a master's degree in School Counseling Program;
- (B) successfully pass the Oklahoma Subject Area Test ("OSAT") in School Counseling;
- (C) successfully pass a background check; and
- (D) submit a recommendation for certification from the university from which their degree was awarded

(2) Alternative Certification. For Alternative Certification, an Oklahoma School Counselor shall, prior to certification:

- (A) possess a master's degree in a school counseling-related field or a master's degree and two (2) years of counseling-related work experience;
- (B) have successfully completed thirty (30) or more counseling-related graduate credit hours; or fifteen (15) or more counseling-related graduate credit hours and one year of counseling-related work experience; or three (3) or more years of counseling-related work experience
- (C) successfully pass the Oklahoma Subject Area Test ("OSAT") in School Counseling;
- (D) successfully pass a background check; and
- (E) successfully complete two (2) college credit courses, totaling at least six credit hours, within three (3) years, addressing the components of a Comprehensive School Counseling program, including but not limited to, data-informed decision-making, closing achievement, and opportunity gaps, school counseling ethical standards, and improving student achievement, attendance, and discipline or approved equivalents.

(3) Emergency Certification. Decisions regarding emergency certification are initially handled at the local school level and then must be subsequently approved by the Oklahoma State Board of Education.

(b) All Oklahoma School Counselors shall be trained in the pathways unit system as provided for in 70 O.S. Supp. 2023, Section 11- 103.6.

(c) The school/Schools shall develop a written description of an outcomes-based (competency) guidance and counseling program with special provisions for at-risk students. The program shall address assessed needs of all students, including those who are identified as at-risk, and shall establish program goals, objectives, and an evaluation. Comprehensive School Counseling Program. "Comprehensive School Counseling Program," for the purposes of this section, shall mean a program that has an impact on student growth in the areas of academic advisement, college and career, and life skills and wellness.

(ed) Oklahoma School Counselors shall spend a minimum of eighty percent (80%) of total work time providing direct and indirect services that are components of the school's Comprehensive School Counseling Program and shall spend the remaining percentage of total work time on program planning and providing school support. Each school shall provide an organized program of guidance and counseling services:

- (1) Counseling services shall be provided to students, in group or individual settings, that facilitate understanding of self and environment;
- (2) The counseling services shall provide a planned sequential program of group guidance activities that enhance student self-esteem and promote the development of student competence in the academic, personal/social, and career/vocational areas;

~~(3) The provider of counseling services shall consult with staff members, parents, and community resources and make appropriate referrals to other specialized persons, clinics, or agencies in the community.~~

~~(4) Counseling and guidance services shall be coordinated and shall work cooperatively with other school staff, parents, community resources, and other educational entities.~~

~~(de) The Local Educational Agency ("LEA") shall develop and implement a comprehensive school counseling program that is delivered by a certified Oklahoma School Counselor and ensures student services are coordinated in a manner that provides comprehensive support to all students. Each counselor shall follow a planned calendar of activities based on established program goals and provide direct and indirect services to students, teachers, and/or parents.~~

~~(f) Oklahoma School Counselors shall adhere to the ethics and standards set forth within their School Counselor Certification Programs, the Oklahoma Standards of Performance and Conduct for Teachers, as well as all other applicable laws and regulations.~~

~~(eg) Beginning with the 2023-2024~~2023-24 school year, prior to annual enrollment of a new or returning student, the ~~parent~~Parent or ~~legal guardian~~Guardian of a student may disclose to the student's resident district, as determined by Section 1-113 of Title 70 of the Oklahoma Statutes, if the student has received inpatient or emergency outpatient mental health services from a mental health facility in the previous twenty-four (24) months. For the purposes of this section, "mental health facility" shall have the same meaning as Section 5-502 of Title 43A of the Oklahoma Statutes.

(1) If a disclosure provided occurs, designated school personnel, which may include members of the individualized education program (IEP) team, shall meet with the parent or legal guardian of the student and representatives of the mental health facility prior to enrollment to determine whether the student is in need of any accommodations including but not limited to an IEP in accordance with the Individuals with Disabilities Education Act (IDEA) or a Section 504 Plan as defined by the Rehabilitation Act of 1973. The meeting required by this section may take place in person, via teleconference, or via videoconference.

(2) The disclosure and subsequent handling of personal health information and related student education records pursuant to this section shall comply with the Family Educational Rights and Privacy Act of 1974 (FERPA) and the Health Insurance Portability and Accountability Act of 1996 (HIPAA).

## SUBCHAPTER 5. ADDITIONAL STANDARDS FOR ELEMENTARY SCHOOLS

### PART 13. STANDARD VII: THE MEDIA PROGRAM

#### 210:35-5-74. Expenditures [AMENDED]

(a) **Minimum annual expenditures.** In establishing a balanced print and nonprint collection, the minimum annual media program expenditure per school site shall be as follows:

(1) **Fewer than five hundred (500) enrolled students:** Nine dollars (\$9.00) per enrolled student.

(2) **Five hundred (500) to nine hundred ninety-nine (999) enrolled students:** Four thousand five hundred dollars (\$4500.00) for the first five hundred (500) enrolled students plus five dollars (\$5.00) per student for each additional enrolled student above five hundred (500) students up to nine hundred ninety-nine (999) students.

(3) **One thousand (1000) to one thousand nine hundred ninety-nine (1999) enrolled students:** Seven thousand dollars (\$7000.00) for the first one thousand (1000) enrolled students plus four dollars (\$4.00) per student for each additional enrolled student above one thousand (1000) students up to one thousand nine hundred ninety-nine (1999) students.

(4) **Two thousand (2000) or more enrolled students:** Eleven thousand dollars (\$11,000.00) for the first two thousand (2000) enrolled students plus three dollars (\$3.00) per student for each additional enrolled student above two thousand (2000) students.

(b) **Permissible media expenditures.** All materials in the school (decentralized materials) that have been processed and are cataloged by the media center may be included. Examples of materials that constitute permissible media expenditures include, but are not limited to:

(1) Hardback, paperback, and/or electronic books;

(2) Periodicals in print and/or digital formats;

(3) Pamphlets, manuscripts, and reports, in print and/or digital formats;

(4) Prints, posters, photographic slides, filmstrips, or photographs, in print and/or digital formats;

(5) Microforms (e.g., microfilm and/or microfiche);

(6) Multimedia packages or kits;

(7) Scientific specimens, microscopic slides;

(8) Realia;

# Permanent Final Adoptions

---

(9) Models;

(10) Audio recordings (e.g., vinyl records, reel-to-reel tape recordings, cassettes, CDs, MP3);

(11) Video recordings (e.g., film, video tape, DVD and Blu-ray discs,) and;;

(H12) Computer software and applications.

(c) **Impermissible expenditures.** Textbooks, equipment, and salaries may not be included. For purposes of this Section, "equipment" shall have the meaning set forth at 210:25-7-1.

(d) **Federal funds not included.** The contributions of federally funded programs shall not be included in meeting this standard.

## SUBCHAPTER 7. ADDITIONAL STANDARDS FOR MIDDLE LEVEL SCHOOLS

### PART 13. STANDARD VII: THE MEDIA PROGRAM

#### 210:35-7-64. Expenditures [AMENDED]

(a) **Minimum annual expenditures.** In establishing a balanced print and nonprint collection, the minimum annual media program expenditure per school site shall be as follows:

(1) **Fewer than five hundred (500) enrolled students:** Nine dollars (\$9.00) per enrolled student.

(2) **Five hundred (500) to nine hundred ninety-nine (999) enrolled students:** Four thousand five hundred dollars (\$4500.00) for the first five hundred (500) enrolled students plus five dollars (\$5.00) per student for each additional enrolled student above five hundred (500) students up to nine hundred ninety-nine (999) students.

(3) **One thousand (1000) to one thousand nine hundred ninety-nine (1999) enrolled students:** Seven thousand dollars (\$7000.00) for the first one thousand (1000) enrolled students plus four dollars (\$4.00) per student for each additional enrolled student above one thousand (1000) students up to one thousand nine hundred ninety-nine (1999) students.

(4) **Two thousand (2000) or more enrolled students:** Eleven thousand dollars (\$11,000.00) for the first two thousand (2000) enrolled students plus three dollars (\$3.00) per student for each additional enrolled student above two thousand (2000) students.

(b) **Permissible media expenditures.** All materials in the school (decentralized materials) that have been processed and are cataloged by the media center may be included. Examples of materials that constitute permissible media expenditures include, but are not limited to:

(1) Hardback, paperback, and/or electronic books;

(2) Periodicals in print and/or digital formats;

(3) Pamphlets, manuscripts, and reports, in print and/or digital formats;

(4) Prints, posters, photographic slides, filmstrips, or photographs, in print and/or digital formats;

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF JULY 11, 2025:**

## SUBCHAPTER 21. MULTICULTURAL EQUITY PROGRAMS [REVOKED]

### 210:40-21-1. Multicultural equity advisory committee operational procedures [REVOKED]

(a) **Purpose.** The purpose of the Committee is to advise the Multicultural Equity Title IV-CRA Programs of the Oklahoma State Department of Education in planning activities relating to educational equity in the State of Oklahoma. The Title IV-CRA Programs include Educational Equity (Sex Desegregation), Human Relations (Race Equity), and National Origin (Language Issues). The Multicultural Equity Section also encompasses the Bilingual Education Program and the Emergency Immigrant Education Program. Committee recommendations, suggestions for improvement or change, and new ideas for continued progress in all phases of programs related to educational equity will be submitted to the State Department of Education for consideration and possible presentation to the State Board of Education.

(b) **Name.** The name of the organization shall be the Multicultural Equity Advisory Committee, hereinafter referred to in this Section as the Committee.

(c) **Membership:**

(1) **Selection of Advisory Committee members:**

(A) Committee members are recommended by the State Department of Education and approved by the State Board of Education. Committee members represent various cultural, educational, civic and professional organizations and institutions of higher education. Each member has a working knowledge of the governance structure of education, legal trends, programs, practices, and is familiar with current State and Federal Legislation.

---

# Permanent Final Adoptions

(B) The membership of Advisory Committee will not exceed 15 members. The right to vote is restricted to only those individuals officially appointed to serve on the Committee.

(C) Resignations shall be made by written statement and submitted to the Committee. In the case of resignation, an interim appointment to serve the balance of the unexpired term may be made by the State Board of Education upon the recommendation of the State Department of Education.

(2) **Term of appointment.** The term of appointment to the Committee shall be three (3) years on a rotating schedule which will be congruent with the timelines of the Title IV Grant. At the end of the third year term, the Administrative Supervisor of the Multicultural Equity Section will call for nominations for the rotation and establishment of a new committee.

(3) **Officers of Committee.**

(A) The officers of the committee shall be chosen from among the membership and consist of a Chairperson and a Chairperson-elect. The terms of office for the officers shall be one (1) year. The Chairperson-elect will be elected at the first meeting of each fiscal year. Nominations will be made from the floor of said meeting. The Chairperson-elect of the previous year will assume the office of Chairperson.

(B) **Chairperson.** The Chairperson shall preside over all meetings of the Committee.

(C) **Chairperson-elect.** The Chairperson-elect shall assume the duties of the Chairperson if the position is vacated and shall preside over the meetings in the absence of the Chairperson.

(D) The Multicultural Equity Section staff will assume secretarial responsibilities, including taking minutes of all meetings and making them available to all Committee members and appropriate State Department of Education staff, preserving all documents and records of the Committee and issuing notices of meetings. Copies of all records shall be filed with the Multicultural Equity Section of the State Department of Education.

(4) **Ex-officio members.** The State Department of Education Multicultural Equity Section professional staff shall serve as ex-officio members of the Committee.

(d) **Meetings:**

(1) **Schedule of meetings:**

(A) The Committee shall meet a minimum of two (2) times each year. All meetings shall be conducted in accordance with Oklahoma Open Meeting Law. The Committee will not meet without the representation of the Multicultural Equity Section professional staff of the State Department of Education.

(B) Meeting dates and official meeting announcements shall be cooperatively agreed upon by the Committee Chairperson and the Administrative Supervisor of the Multicultural Equity Section of the State Department of Education. Advance notice (reasonable time) of dates and locations of meetings shall be sent to each member in order to facilitate their attendance.

(2) **Quorum.** A majority (51%) of Committee members shall constitute a quorum.

(3) **Recommendations.** Recommendations of the Committee shall represent consensus of a majority of committee members.

(e) **General provisions:**

(1) **Mail ballots.** Action taken by the Committee requiring formal voting by the official membership may be taken by a fourteen (14) day mail ballot.

(2) **Amendments.** Possible procedural changes must be sent to all official members for their consideration and review 15 days prior to the next scheduled meeting. Proposed amendments and/or revisions to the Procedures must be adopted by a quorum (51%) of the official membership and recommended to the State Department of Education.

## **GIST/ANALYSIS:**

The proposed amendments to OAC 218:10-5-1 revise the current language of the rule: to clarify some of the data that must be submitted, and certain records that must be kept, by Educator Preparation Programs seeking accreditation; to more accurately indicate that CAEP accreditation guidelines should only be followed when applicable; to clarify that training required for CEQA/OEQA accreditation review teams; and include the requirement to conduct site visits of Educator Preparation Programs virtually when possible. The proposed amendments to OAC 218:10-5-3 revise the current language of the rule: to provide teacher candidates, within an Educator Preparation Program, an additional option to achieve clinical experience apart from just the current student teaching pathway option. The proposed amendments to OAC 218:10-7-1

and OAC 218:10-7-3 revise the current language of the rules: to refer to testing vendors generally rather than specifically by name; and to clarify competency examination components. The proposed amendments to OAC 218:10-9-1 revise the current language of the rule: by removing old language that inadvertently broadens the Education Leadership Oklahoma Act, 70 O.S. § 3-204 et, seq. to provide state funding of up to two retakes of components of the National Board Certification process to teachers seeking National Board Certification, and to include teachers who are maintaining, rather than seeking, National Board Certification as being eligible to participate in the ELO Program; and revise and better clarify the ELO Program application and selection process.

## CONTACT PERSON:

Rusty Faircloth, Deputy Director, Office of Educational Quality and Accountability, 5400 N Grand Blvd, Ste. 200, Oklahoma City, OK 73112, (405) 522-2187, [Rusty.Faircloth@oeqa.ok.gov](mailto:Rusty.Faircloth@oeqa.ok.gov).

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF JULY 11, 2025:**

## SUBCHAPTER 5. EDUCATOR PREPARATION PROGRAM ACCREDITATION

### 218:10-5-1. Educator preparation program accreditation and review process [AMENDED]

- (a) Oklahoma educator preparation institutions function under an 'accreditation program' system which requires the evaluation of teacher education units and programs on a periodic basis.
- (b) Effective July 1, 2014 the Commission of Educational Quality and Accountability, hereafter referred to as the CEQA, shall assume responsibility for accrediting educator preparation programs in Oklahoma's public and private institutions of higher education.
- (c) The program accreditation system shall be a multifaceted system based on:
- (1) A competency-based educator preparation program built around the standards for Oklahoma educator preparation programs (See 218:10-5-3 and 218:10-5-4);
  - (2) Self-studies as outlined in the standards for state accreditation;
  - (3) On-site accreditation review team visits to the campuses of the institutions of higher education;
  - (4) Analysis of data related to student success rates on the general education, professional education, and subject matter assessments;
  - (5) Analysis of student satisfaction data;
- (d) Prior to being accredited each institution must meet the eligibility requirements for accreditation and all requirements of the CEQA, and receive the approval of the Oklahoma State Regents for Higher Education, Hereafter referred to as the OSRHE, when applicable. An institution seeking first-time or initial accreditation must complete a two (2) part application process beginning with Part 1 to establish the status of the applicant and ending with Part 2 to establish accreditation eligibility. After acceptance of the Part 1 application by CAEP and/or CEQA, the educator preparation program, hereafter referred to as EPP, must submit the Part 2 application and schedule a site visit within a three (3) year period. The site visit must occur within five (5) years of the date of acceptance of the Part 1 application.
- (1) **Part 1: Applicant Status.** The Part 1 application is completed by the EPP administrator, signed by the administrator and the president, and submitted to CAEP and/or CEQA.
- (2) **Part 2: Accreditation Eligibility.** Upon acceptance of the Part 1 application, the EPP is granted applicant status. The EPP submits the following:
- (A) Description of evidence demonstrating the capacity to prepare educators and/or other school professionals, as requested annually by OEQA, this may include data such as, but not limited to, 24 months of educator candidate data consisting of GPAs and competency examinations scores as defined by the OEQA.
  - (B) Evidence that graduates/completers are eligible for an educator license issued by the state.
  - (C) A list of all programs offered for the preparation of P-12 educators and/or other school professionals.
  - (D) An accreditation plan for programs by site of operation including number of completers.
  - (E) A list of all of the EPP clinical educators (faculty).
  - (F) Information on applicable EPP characteristics, such as governance, regional accreditation, and Carnegie classification.
  - (G) Evidence of parity in resources, facilities, and finances in comparison to another professional field based preparation program of the EPP's choice.

# Permanent Final Adoptions

---

(H) Copies of EPP-created assessments and scoring guides for unit-wide evaluation of candidate performance, not including proprietary assessments such as licensure examinations.

(e) The OEQA is a performance-based partner with the OSRHE and CAEP. All educator preparation programs shall be expected to meet all ~~CAEP~~State unit and program accreditation standards, and CAEP standards when applicable, State Department of Education competencies, OSRHE teacher education policies as well as all additional standards established by the CEQA.

(1) **Self-study.** The self-study shall be utilized by the CEQA for state accreditation, OSRHE program review, and CAEP accreditation as stipulated in OS 70 sections 6-180.

(2) **Records to be kept on file at the institution.** The following items and records shall be kept on file at the institution with the director/dean of teacher education.

(A) Copy of the self-study;

(B) Copy of annual report to the CEQA;

(C) Syllabi for courses in the areas of specialization, general education, and professional education will be kept on file with the institution; and

(D) ~~Full faculty resumes will be on file for review. All levels of teaching personnel will be indicated.~~ The qualifications of all faculty members and all instructing personnel.

(E) Copies of program review reports.

(F) ~~Candidate CEQA scores~~ competency examinations scores as defined by the OEQA.

(3) **OEQA personnel will establish an accreditation visit schedule that will adhere to ~~CAEP/State~~ accreditation timelines, and CAEP timelines when applicable.**

(4) **Selection of accreditation review team.** Selection of the accreditation review team will be coordinated by the OEQA staff after the visitation dates are set. Selection of the accreditation review team shall be based on the following:

(A) ~~At~~ For CAEP reviews, team members must have been trained by CAEP staff and/or their designee in the application of CAEP standards and on the process for evaluating programs for the CEQA.

(B) Accreditation team for first accreditation. The membership of a first accreditation review team shall be as follows:

(i) Three to six CAEP site visitors (for institutions seeking national accreditation)

(ii) State site visitors appointed by the OEQA including: One P-12 site visitor (when available); one site visitor from higher education who is a member of an educator preparation unit. For accreditation of private institutions the site visitor shall be from a private institution; for public institutions this site visitor shall be from a public institution; One site visitor from the OEQA serving as State Consultant; One additional at-large site visitor;

(iii) For any institution requesting accreditation of a career technology program(s) an additional site visitor may be recommended by the State Director of Career and Technology Education.

(iv) The OEQA may invite observers representing the Oklahoma State Regents for Higher Education, Oklahoma State Department of Education, Oklahoma Department for Career and Technology Education, professional organizations, and the community-at-large.

(v) Observers shall be actively involved in the data collection process, participate in the accreditation review team meetings, and assist the accreditation review team to understand state nuances. They may assist with writing the stateteam report. They shall not be a voting member of the team.

(vi) Observers are expected to participate in the entire visit and all assigned meetings and activities.

(vii) The chair of the accreditation review team has the authority to dismiss any observer from the accreditation visit who does not participate in the entire site review and assigned activities.

(viii) The OEQA shall collaborate with the director of educator preparation at the institution requesting state accreditation regarding the team representation.

(ix) State site visitors will number no less than two.

(C) Accreditation team for continuing accreditation. The membership of a continuing accreditation review team shall be as follows:

(i) CAEP site visitors as determined by CAEP, when applicable (for CAEP accredited institutions);

(ii) State site visitors which will number no less than two.

- (iii) The OEQA shall collaborate with the director of educator preparation at the institution being reviewed regarding the state team representation;
  - (iv) The OEQA may invite observers representing Oklahoma State Regents for Higher Education, State Department of Education, and the community-at-large. If a Career and Technology program is offered at the institution the State Director of Career and Technology Education may nominate a site visitor for any institution requesting accreditation of career and technology program(s);
  - (v) Observers shall be actively involved in the data collection process, participate in the accreditation review team meetings, and assist the accreditation review team with understanding state nuances. They may assist but shall not be required to write any sections of the team report. They shall not be a voting member of the team.
  - (vi) Observers are expected to participate in the entire visit and all assigned meetings and activities.
  - (vii) The chair of the accreditation review team has the authority to dismiss any observer from the accreditation visit who does not participate in the entire site review and assigned activities.
- (D) Accreditation teams for non-CAEP accredited institutions shall be composed of state site visitors.
- (E) CEQA members and OEQA appointees who are involved in ~~any~~ unit or program evaluation and/or accreditation, must complete ~~performance-based training~~ training, as determined by CEQA, prior to voting and/or participating in any accreditation decisions.
- (5) Logistics for CAEP/State accreditation visits shall adhere to the CAEP and State guidelines.**
- (A) The accreditation process will include
    - (i) Successful completion of application (for first and initial accreditation)
    - (ii) Submission of Self-Study Report containing evidence of meeting accreditation standards and state requirements
    - (iii) Response to the Formative Feedback Report
    - (iv) ~~On-site~~ Site visit
  - (B) The completed accreditation review team report will be presented to the CEQA and CAEP (as applicable).
  - (C) Visiting team members shall conduct site visits virtually when possible. Visiting team members will not be reimbursed for expenses incurred for conducting an on-site visit when a virtual visit is possible.  
~~Visiting team members will not be reimbursed for expenses incurred according to state guidelines. Reimbursement forms must be completed by team members on the last day of the visit.~~
- (6) Preparation of the team report.** The accreditation review team work will culminate in preparation of a report outlining the findings of the team following ~~CAEP guidelines~~ State accreditation guidelines, and CAEP guidelines when applicable. The report will reflect the team consensus on the review.
- (A) At the exit report, representatives of the accreditation review team will present a summary of its evaluation of the program. The summary will include an evaluation of the completeness, quality, and strength of evidence for each standard and state requirement.
  - (B) The completed CAEP and OEQA reports will follow the CAEP timelines for submission; and
  - (C) The summary evaluation will be presented to the CEQA for determination of final state accreditation decision. For CAEP accredited institutions, final accreditation decisions will be made after CAEP has forwarded its accreditation decision to the CEQA.
- (7) Final action.** Final action on the reports and institutional accreditation will proceed according to CAEP/state guidelines and policies.
- (A) Final action by the CEQA may include the following:
    - (i) Accreditation is granted for seven (7) years if the EPP meets all of the accreditation standards and required components, even if areas for improvement (AFIs) are identified.
    - (ii) Accreditation with Stipulations is granted if an EPP receives one (1) or more stipulations on non-required components(s) and all standards are met. A targeted response to the stipulations(s) must be submitted to the Accreditation Council and/or CEQA for review by the end of the second year following the application of the stipulation. Failure to submit a response to the stipulation within a two-year (2) time frames results in automatic revocation. Failure to correct the condition leading to the stipulation within the specified two-year (2) period results in revocation.

# Permanent Final Adoptions

---

(iii) Probationary Accreditation is granted for two (2) years when an EPP does not meet one (1) of the CAEP Standards or fails to meet not more than one required component under any one (1) standard. If the probationary status is for failing to meet one of the CAEP standards, a targeted response to the stipulations(s) must be submitted to the Accreditation Council and/or CEQA for review by the end of the second year following the application of the stipulation, and the EPP must undergo a targeted site visit and submit an interim self-study report. If the probationary status is for failing to meet not more than one required component, a targeted response to the stipulations(s) must be submitted to the Accreditation Council and/or CEQA for review by the end of the second year following the application of the stipulation, and the EPP must undergo a document review. Failure to submit a response to the stipulation within a two-year (2) time frame results in revocation. Failure to correct the condition leading to the stipulation within the specified two-year (2) period results in revocation.

(iv) Revocation (for Continuing) or Denial (for Initial) of accreditation occurs if an EPP does not meet two (2) or more of the accreditation standards. In a case where accreditation is revoked, the EPP can begin the application process after one (1) calendar year from the date of the final decision. All students who have been admitted to the program must be notified by mail, within 30 days of receipt of the CAEP or CEQA decision, as to the revocation of accreditation of the unit and programs. Within 30 days of receipt of the CEQA decision, the institution provides to the OEQA the names, admission dates, and majors of all students admitted to their program at the time of the decision. Institutions that lose their state accreditation may recommend candidates for certification for one year from the end of the semester in which accreditation is revoked.

(B) All final actions shall be reported annually in the OEQA annual report.

## **(8) Appeals Board.**

(A) The appeals process for National Accreditation will follow the guidelines and criteria contained in the CAEP Appeals Policy;

(B) For appeals related to program(s) and state accreditation the CEQA shall consider the recommendation of the CEQA Appeals Board whose membership shall include:

(C) Membership of CEQA Appeals Board shall be:

- (i) CEQA chair. The CEQA Chair shall be the Chair of the Appeals Board;
- (ii) Representative from OEQA with State Consultant experience;
- (iii) Program subject matter and/or standards expert(s). If the appeal is related to a specific program, the program expert shall be in the area(s) being appealed;
- (iv) One P-12 school classroom teacher;
- (v) One member trained as a site visitor (when applicable);
- (vi) One educator preparation faculty representative; and
- (vii) One representative from the arts and sciences faculty or from school administration.

## **(9) Appeal of an accreditation adverse action.**

(A) An educator preparation program may formally appeal an adverse action (denial or revocation of accreditation) CEQA by indicating its intent in writing within 15 days of receipt of its accreditation letter and action report. The program shall submit its petition within 30 days after its letter of intent.

(B) CEQA may affirm, amend, or reverse the accreditation decision. The decisions of the CEQA are final. While the appeal is pending, the educator preparation program's prior status remains in effect.

(C) The basis for appeal of an accreditation adverse action is:

- (i) OEQA procedures not followed by visitor teams, Commissioners, or OEQA staff;
- (ii) A conflict of interest or prejudice by members of visitor teams, Commissioners, or OEQA staff that influenced the accreditation decision;
- (iii) The accreditation decision is not supported adequately or is contrary to facts presented and known at the time of the decision;

## **(10) Reconsideration of a stipulation or a probationary accreditation decision.**

(A) An educator preparation program may ask for reconsideration of a CEQA stipulation or conditional term decision. An educator preparation program may, by a formally documented petition, request reconsideration of any decision that cites a stipulation or grants a conditional term for accreditation. OEQA staff will undertake a preliminary review of petitions with the educator preparation program and take the request to the CEQA chair to determine whether to submit the request to the CEQA.

(B) The basis for reconsideration of a stipulation or a conditional term decision is:

- (i) CEQA procedures not followed by visitor teams, Commissioners, or OEQA staff;
- (ii) A conflict of interest or prejudice by members of visitor teams, Commissioners, or OEQA staff that influenced the accreditation decision;
- (iii) The accreditation decision is not supported adequately or is contrary to facts presented and known at the time of the decision.

**(11) Cost of review.**

- (A) If the appeal leads to an affirmation of the CEQA original decision, the appellant will be liable for the expenses of the CEQA Appeals Board, the second accreditation review team visit, and all expenses related to the review. All expenses will be reimbursed according to state travel reimbursement guidelines.
- (B) If the CEQA Appeals Board finds in favor of the institution, the CEQA will be liable for expenses of the AB and second accreditation review team. All expenses will be reimbursed according to state travel reimbursement guidelines.

**218:10-5-3. Specific state requirements for program accreditation [AMENDED]**

(a) The following requirements apply to both undergraduate and graduate programs. The governance and administration of the total educator preparation program standard is based on the premise that there must be a recognizable and functioning governance entity within the institution's administrative structure which has responsibility for designing, approving and continuously evaluating and developing educator preparation programs. This governing unit may be a council, committee, department, school, college, or any other recognizable entity, which includes the administration of educator preparation as one of its functions. The governing unit membership and responsibilities include the following:

- (1) Membership on the educator preparation governing unit shall be defined by written policy to include:
  - (A) A majority of the members who have a minimum of three years teaching experience in public schools;
  - (B) A majority of the members in the governance unit who are currently teacher education faculty members;
  - (C) Some faculty members who shall represent the arts and sciences;
  - (D) A designated director of educator preparation defined as the institution's official representative for educator preparation. The authority and responsibilities of this individual shall be clearly defined in written policies; and
  - (E) A clearly defined process whereby faculty members and administrators become members and the terms of office.
- (2) The responsibilities of the educator preparation governing unit shall be defined by written policy to include:
  - (A) Responsibilities of the officers of the unit;
  - (B) Responsibilities of the unit's standing committees; and
  - (C) Responsibilities in the following areas as they are related to educator preparation:
    - (i) Admission/retention in educator preparation;
    - (ii) Field experience and student teaching (admission and placement);
    - (iii) Development of courses and program curricula; and program review, evaluation and planning.
- (3) Program review, evaluation and revision responsibilities include:
  - (A) The governance unit shall conduct at least one systematic review, evaluation, and when appropriate, revision of all educator preparation programs within each accreditation period;
  - (B) Periodic program reviews and revisions shall be based on, but not limited to, stated goals and objectives; and
  - (C) The process for conducting program review, evaluation, and revision shall include, but not be limited to, participation by the following:
    - (i) Educator preparation faculty and arts and science faculty;
    - (ii) Graduates of the programs;
    - (iii) Students currently in the program;
    - (iv) Teachers and administrators from the public schools;
    - (v) Parents of P-12 students and business and community leaders who are actively involved in assisting P-12 schools.
- (4) Documentation related to the budget-making process and level of financial support shall include the following:
  - (A) A clearly defined budget-making process for all teacher education programs; and

# Permanent Final Adoptions

---

- (B) An analysis showing that the institution's financial support for programs in educator preparation are maintained at a level appropriate for a professional preparation program.
- (b) Educator preparation faculty workload policies, including class-size and online course delivery, should allow faculty members to be effectively engaged in teaching, scholarship, assessment, advisement, collaborative work in P-12 schools, and service. Faculty loads for teaching on campus and online generally do not exceed 12 hours for undergraduate teaching and nine hours for graduate teaching per semester or the equivalent. Supervision of clinical practice does not generally exceed 18 candidates for each full-time equivalent faculty member per semester or the equivalent.
- (c) Candidate-related standards are to be consistent with accreditation standards.
- (d) Program decisions of the professional education unit are to be guided by a conceptual framework, which establishes the shared vision for the preparation of teacher candidates.
  - (1) The conceptual framework application for state initial accreditation.
  - (2) The conceptual framework shall consist of:
    - (A) The program's philosophy, purposes, professional commitments and dispositions;
    - (B) A knowledge base that provides the foundation for the framework;
    - (C) Performance expectations for candidates that align with professional, state and institutional standards; and
    - (D) A system by which candidate performance is regularly assessed.
- (e) The following guidelines are to be used to collect and maintain data on each institution's educator preparation program:
  - (1) The institution shall establish a process which seeks information and program input from educator preparation faculty; faculty from arts and sciences and other programs and disciplines which are appropriate; candidates within the educator preparation program; teachers, administrators, parents, guardians or custodians of students; and business and community leaders.
  - (2) The institution shall establish procedures to inform the public regarding the educator preparation program and to solicit and receive public input.
  - (3) The self-study shall be accessible to any interested party under the Oklahoma Open Records Act.
  - (4) The submitted institutional plan must be approved by the institution's governing board.
  - (5) Annual reviews and reports indicating program changes.
- (f) The following policies, procedures and guidelines are used to direct the content and candidates' experiences of each institution's teacher preparation program.
  - (1) Programs require teacher candidates to have speaking and listening skills at a novice high level in a language other than English or the knowledge and skills necessary to address the needs of Emergent Bilingual (English Learner) students in the P-12 classroom and are proficient in the strategies required for successful delivery of P-12 instruction in that area. The assessment for such competency may occur at any point in the teacher candidate's program through specified course work, approved by the Office of Educational Quality and Accountability (OEQA), and as may be required by the institution.
  - (2) General studies requirements for candidates include the arts, communication, history, literature, mathematics, philosophy, sciences, English, government, and the social sciences.
  - (3) Programs establish cohort or colleague groups within the institution to assist teacher candidates in achieving competencies, better adapting to the school environment and furthering professional growth.
  - (4) Candidates complete a well-planned sequence of courses and/or experiences in pedagogical studies that ensures student competency in the Oklahoma State Department of Education Full Subject Matter Competencies for Teacher Licensure and Certification.
  - (5) The guidelines and standards for program reviews representing specialty organizations and national learned society standards are used in developing programs in each content area.
  - (6) Secondary and elementary/secondary teacher candidates have undergraduate majors or their equivalents, in a subject area.
  - (7) Teacher candidates in early childhood, elementary, and special education have subject area concentrations, which allow qualification as a generalist. To qualify as a generalist, candidates must document competency in mathematics, science, language arts, and social studies as identified in the CAEP professional learned societies' standards and State Department of Education Full Subject Matter Competencies for early childhood, elementary and special education.
  - (8) Teacher candidate coursework includes the study of substance abuse symptoms identification and prevention; mental illness symptoms identification and mental health issues; classroom management skills; trauma-informed responsive instruction; classroom safety and discipline issues and multi-tiered systems of support.
  - (9) Teacher candidate coursework or training includes the use of digital and other instructional technologies to effectively maximize student learning.

- (10) Early childhood, elementary education and special education candidates; training includes research-based instructional strategies for instruction, assessment and intervention for literacy development for all students, including advanced readers, typically developing readers and struggling readers who are coping with a range of challenges, including, but not limited to, English learners and learners with handicapping conditions and learning disabilities (including dyslexia).
- (11) Teacher candidates must complete and have a minimum of 60 hours of diverse field experiences prior to their student teaching internship, unless in a qualified job embedded competency based Teacher Registered Apprentice Program (See US DOL Standards). Teacher candidates must complete the equivalent of twelve (12) weeks of student teaching under the direct supervision of a mentor teacher serving as the teacher of record and has a minimum of three years of teaching experience in the area for which they are certified, or complete a qualified job embedded competency based Teacher Registered Apprentice Program. The Teacher Registered Apprentice Program must also include a teacher mentor with no less than three years of experience.
- (12) Teacher candidates are provided with advisement services to assist them in taking course work designed to maximize their opportunities for certification and employment. At a minimum, teacher candidates are provided information on the latest supply and demand information concerning teacher employment, state salary structure, and teaching shortage areas.
- (13) Substantive collaboration and classroom interaction with students accompany theoretical curriculum, thus allowing teacher candidates the opportunity to apply theory to actual classroom situations.
- (14) Instruction integrates pedagogical competencies or skills with experiences in the school setting.
- (15) Teacher candidates are provided with opportunities to have parental, family and community involvement within their pre-service programs.
- (16) The unit establishes and publishes a set of criteria/competencies for exit from each professional education program. These criteria/competencies reflect the Oklahoma Department of Education General Teacher Competencies and/or subject matter competencies outlined in the CAEP national (professional) learned societies' standards.
- (17) The unit establishes and publishes the criteria/competencies for exit and satisfactory completion adhering to all rules and regulations established by the Oklahoma State Department of Education.
- (18) A candidate's mastery of a program's stated exit criteria or competencies is assessed through the use of multiple sources of data such as culminating experience, portfolios, interviews, videotaped and observed performance in schools, standardized tests and course grades.
- (19) Effective September 1, 2015 mentor teachers are required to have minimum of three years of teaching experience in the area in which they are certified.
- (g) The following guidelines are to be used to facilitate the professional learning of faculty: Teacher education faculty continue their professional learning during their tenure at an institution of higher education to ensure that the future teachers of Oklahoma are taught by professional educators fully trained in their areas of expertise. Professional development for teacher educators and arts and sciences faculty should be focused on the faculty members' ability to model such effective teaching strategies as inquiry, group discussions and collaborative learning.
- (h) The following policies are to be used to evaluate individual program areas at each institution: The institution shall submit program reviews for each required program area based upon the CAEP and/or State policies, guidelines and accreditation schedule. An educator preparation provider that has secured specialty area accreditation from a specialized accrediting agency that is recognized by the U.S. Department of Education or CHEA can choose to have any such accredited program(s) exempted from review.
- (i) Gifted Education and Elementary Math Specialist programs, requiring no more than eighteen hours of graduate level coursework, designed as endorsement programs for certified educators are submitted to OEQA for process approval.

### SUBCHAPTER 7. EDUCATOR ASSESSMENT REGULATIONS

#### **218:10-7-1. Educator assessment regulations [AMENDED]**

##### **(a) Examinees - initial licensure and certification.**

- (1) Any individual who applies for a teaching license/certification must successfully complete the competency examination as defined by the OEQA. The competency examination is made up of two components: ~~the Oklahoma Subject Area Test (OSAT)~~ a subject area test and an approved ~~performance~~ assessment measuring professional knowledge and skills.
- (2) See Appendix A for competency exam requirements by certification area and test codes.

##### **(b) Examinees - additional certification.**

# Permanent Final Adoptions

---

(1) Individuals wishing to add a certification area to an existing teaching credential must successfully complete ~~the Oklahoma Subject Area Test~~ subject area test for the field of the desired certification.

(2) Individuals wishing to add a teaching certification area to an existing license or standard certificate in Speech Language Pathologist, School Nurse, School Psychometrist and/or School Psychologist must successfully complete ~~the Oklahoma Subject Area Test~~ subject area test and an approved ~~performance~~ assessment measuring professional knowledge and skills ~~for the field of the desired certification~~.

(3) See Appendix A for competency exam requirements by certification area and test codes

**(c) Examinees - alternative placement program.**

(1) Individuals seeking a teaching license via the Alternative Placement Program must successfully complete ~~the Oklahoma General Education Test and the Oklahoma Subject Area Test~~ subject area test and approved assessment measuring professional knowledge and skills. A licensed teacher via the Alternative Placement Program, excluding School Counselors, seeking a standard certificate must successfully complete an approved ~~performance~~ assessment measuring professional knowledge and skills.

(2) See Appendix A for competency exam requirements by certification area and test codes.

**(d) Examinees-out of state certification.** Individuals seeking an Oklahoma license/certification who are certified educators in another state(s) and have successfully completed a competency examination used in the majority of other states or comparable customized exam, will be exempt from meeting the Oklahoma educator assessment requirements for the subject/grade levels most closely aligned with their out-of-state certification.

**(e) Examinees - testing conditions and requirements compliance.**

(1) If an examinee fails to comply with the conditions and requirements specified or referenced on the Certification Examinations for Oklahoma Educators Test website, including the Conditions of Test Participation, or take any prohibited actions, the test results may be voided, no refund will be issued, no portion of the testing fee can be applied toward the cost of any future test administrations and/or the examinee's registration may be cancelled.

(2) If an examinee's test score is found to be unverifiable by either the testing company or the OEQA, the examinee will be allowed one (1) retake under controlled conditions at no cost to the examinee.

## 218:10-7-3. Alternative testing arrangements [AMENDED]

**(a) Alternative testing arrangements - religious practices.**

(1) Alternative test dates may be arranged for individuals whose religious practices do not allow them to take tests on Saturday.

(2) Alternative test dates will be available at a minimum of two test sites per test administration.

(3) Individuals wishing to request an alternative test date due to religious convictions must submit the following to ~~National Evaluation Systems~~ the applicable testing vendor no later than the regular registration deadline for the test administration desired:

(A) A completed registration with proper payment

(B) A completed form requesting an alternative test date

(C) A letter from a member of the clergy, on that individual's professional letterhead, attesting to the religious convictions of the examinee requesting accommodation.

**(b) Alternative testing arrangements - accommodation of the basis of disability.**

(1) Alternative testing arrangements may be made for individuals with either temporary or permanent physical disability, illness, or injury.

(2) Standard accommodations may be requested by individuals with a disability and can be accommodated at all test sites. Standard accommodations include the following:

(A) Special seating

(B) Allowance of a medical device in the testing room

(C) Frequent breaks

(D) Use of a magnifying glass, colored overlays, or a straight edge

(E) Use of a pen for written assignment

(F) Use of a trackball mouse

(G) Adjustable table

(3) Standard accommodations may be requested by submitting the following to ~~Evaluation Systems Group of Pearson~~ the applicable testing vendor no later than the regular registration deadline for the test administration desired:

(A) A completed registration with proper payment.

(B) A completed form requesting alternative testing arrangements indicating the nature of the request.

**(c) Alternative testing arrangements - non-standard accommodation on the basis of a physical disability.**

(1) Non-standard alternative testing arrangements may be made for individuals with a temporary or permanent disability, illness, or injury.

(2) Individuals requesting alternative testing arrangements on the basis of a physical disability must submit the following to ~~National Evaluation Systems~~ the applicable testing vendor no later than the regular registration deadline for the test administration desired no later than the regular registration deadline for the test administration desired:

(A) A completed registration form with proper payment

(B) A completed form requesting alternative testing arrangements identifying the disability and the specific arrangements requested.

(C) A statement by a licensed professional, on that person's professional letterhead, whose credentials are appropriate to diagnose the disability. Statements must include the disability for which accommodation is being sought as well as recommended administration modifications.

**(d) Alternative testing arrangements - non-standard accommodation on the basis of cognitive or emotional disability.**

(1) Non-standard alternative testing arrangements may be made for individuals with temporary or permanent cognitive or emotional disability, illness, or injury.

(2) Individuals requesting non-standard alternative testing arrangements on the basis of cognitive or emotional disability must submit the following to ~~Evaluation Systems Group of Pearson~~ the applicable testing vendor no later than the regular registration deadline for the test administration desired:

(A) A completed registration form with proper payment

(B) A completed form requesting alternative testing arrangements identifying the disability and the alternative arrangements requested.

(C) A statement by a licensed professional, on that person's professional letterhead, whose license or credentials are appropriate to diagnose the disability. The statement must include the disability for which accommodations are being requested, along with supporting documentation, and recommended test administration modifications.

## SUBCHAPTER 9. EDUCATION LEADERSHIP OKLAHOMA

### 218:10-9-1. Education Leadership Oklahoma regulations [AMENDED]

**(a) Selection of scholarship recipients.**

(1) Applicant can be funded for one Education Leadership Oklahoma (ELO) ~~and one Maintenance of Certification~~ scholarship to attain National Board Certification.

(2) Applicant must currently be a full-time, Oklahoma public school classroom teacher with special consideration given to teachers who work in ~~inner-city~~ designated Title 1 schools as defined by law, work in school districts with a low percentage of National Board-Certified Teachers, and who have completed all the certification requirements set by the Oklahoma State Department of Education and hold a standard certification.

(3) OEQA shall develop the ELO application and any associated deadlines. The application ~~will~~ may seek information in the form of multiple choice, short answer questions and/or essays ~~essay~~.

(4) ~~If there are 100 applicants or fewer than 100 applicants, all eligible applicants will be accepted into the program. OEQA shall designate the place and time for ELO applications to be read and scored by the Application Review Committee, if necessary.~~

(5) ~~If there are more than 100 applicants, OEQA shall assemble an~~ The Application Review Committee that shall review and score applications to award scholarships

(A) The Application Review Committee will consist of OEQA employees and need not but may also include other persons as may be determined by OEQA such as current or former National Board-Certified Teachers.

(B) OEQA will provide a scoring rubric outlining guidelines for application scoring and provide training for each ~~Each~~ Application Review Committee member will be trained to read and score applications prior to the applications being read and scored.

(C) The Application Review Committee may consider one or more of the following:

(i) Knowledge of NBPTS process

(ii) Inclusion of the five core propositions within the essay question

(iii) Degree to which the applicant's essay conveys his/her application of the five core propositions

# Permanent Final Adoptions

---

- (iv) Conveyance of commitment to rigorous process
- (v) Provision of quality writing which is clear and sufficiently elaborated
- (vi) Demonstration of knowledge, ability, and leadership
- (vii) Verification of percentage of free/reduced lunch
- (D) ELO candidates shall be selected based on scores determined within the application process.  
Applicants will be ranked from highest to lowest based on the application scores.
  - (i) ~~Applicants will be ranked from highest to lowest based on the application scores.~~
  - (ii) ~~Special consideration will be given to teachers who work in inner city schools (as defined by law).~~
  - (iii) ~~Candidates must attend required Professional Development~~
- (E) ~~Priority of scholarship awards will go to initial National Board Certification applicants.~~

**(b) Payment and reimbursement of assessment fees.**

- (1) OEQA shall make assessment fee payments to NBPTS for each scholarship candidate, upon signing a Letter of Intent.
- (2) Alternatively, scholarship candidates may choose to pay their own National Board assessment fees to be reimbursed by OEQA, up to \$1,300.00, upon achieving National Board certification. In that case, OEQA shall reimburse candidates for any National Board assessment fees paid by candidate, up to \$1,300.00, if they are a Teacher, as defined in ELO Act, Title 70 Section 6-204.1(7), in the year they certify. ~~Should a candidate be unable to complete the process by the National Board deadline, the following shall apply:~~
  - (A) ~~The candidate may pay the amount not recovered and will then be considered in the next applicant pool.~~
  - (B) ~~If the candidate does not withdraw or submit by the National Board deadlines, he/she will be responsible to OEQA for the reimbursement of the assessment fee~~
- (3) ~~OEQA shall reimburse candidates who pay the National Board assessment fee if they are a full-time public school classroom teacher in the year they certify~~ make payment to candidates for the \$500 scholarship as outlined in the Letter of Intent.
- (4) ~~OEQA will fund a maximum of two retakes to candidates that bank scores with the NBPTS provided funding is available.~~

**AVAILABILITY:**

N/A

**GIST/ANALYSIS:**

The new proposed rule in 230:10-3-18 is intended to set out a procedure for the events described in subparagraph C of 26 O.S. § 2-132. There is not currently a uniform procedure for situations where someone related to a county election board member files for office with the State or County Election Board for an election to be conducted within that county. The new proposed rule related to precinct official oaths is intended to codify current practice that precinct officials must sign an oath before they work at an election in which they affirm that they are qualified to serve and will follow all applicable laws and procedures. The amendments to other rules in this Chapter relate to updating language throughout Title 230 that mention the Department of Public Safety (DPS), which should now be a reference to Service Oklahoma, and/or motor license agencies, which are now referred to as licensed operators.

**CONTACT PERSON:**

Rachel Rogers Mailing address: State Election Board, P.O. Box 53156, Oklahoma City, OK 73152. Email: Rachel.rogers@elections.ok.gov. Physical address: Room G38, Oklahoma State Capitol Building, 2300 N. Lincoln Blvd., Oklahoma City, OK.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF JULY 11, 2025:**

## SUBCHAPTER 3. ELECTION PERSONNEL

### PART 1. COUNTY ELECTION BOARD MEMBERS AND EMPLOYEES

**230:10-3-18. Candidates related to county election board members [NEW]**

This rule is intended set out a procedure for the events described in subparagraph C of 26 O.S. § 2-132.

# Permanent Final Adoptions

---

- (1) In a situation where a prospective candidate who is related within the second degree by either consanguinity or affinity to the secretary of the county election board desires to file a declaration of candidacy for an office in which the secretary of the county election board accepts such declarations, the assistant secretary (or other designated staff member) must review and determine whether to accept the declaration if it meets the requirements under the law.
- (2) From the moment that a declaration of candidacy is accepted for filing pursuant to subparagraph C of 26 O.S. § 2-132 by the State or county election board office, the secretary is temporarily disqualified to serve and suspended from their duties until the related candidate is either elected to office or no longer considered a candidate under the law.
- (3) In the event that a secretary of a county election board is so disqualified, the Secretary of the State Election Board may designate a suitable temporary replacement for the duration of that election or delegate the responsibilities during that time to the assistant secretary.
- (4) The county may elect to continue to use their own funds to pay the salary and benefits of the disqualified secretary, however, the State Election Board will not reimburse the county for the secretary's salary during the time of disqualification. The acting secretary's salary is eligible for reimbursement by the State when a temporary replacement is designated.
- (5) In the event a member or alternate member of the county election board is so disqualified pursuant to subparagraph C of 26 O.S. § 2-132, the State Election Board may designate a suitable temporary replacement for the affected elections or may remove the member or alternate.

## SUBCHAPTER 5. ELECTION TRAINING

### PART 3. PRECINCT ELECTION OFFICIALS

#### **230:10-5-14. Precinct official oath [NEW]**

Once an individual has completed their training to become a precinct official, the individual must complete an oath as prescribed by the Secretary of the State Election Board. The oath will contain an affirmation that the precinct official is qualified by law, will follow all Oklahoma laws and procedures, and any other affirmations deemed necessary by the Secretary. No person may serve as a precinct official at any election unless said oath has been completed and is on file with the county election board office.

## SUBCHAPTER 7. GENERAL ADMINISTRATION OF THE COUNTY ELECTION BOARD OFFICE

### PART 5. MAINTAINING THE OFFICE

#### **230:10-7-43. Retention of forms and materials documenting voter registration transactions [AMENDED]**

(a) **Original registration records removed from Central File.** Original voter registration records that have been removed from the Central File due to cancellation of registration or due to change in registration shall be retained for 24 months following removal. These original registration records shall be filed together by month in alphabetical order. See also 230:10-7-40.

(b) **Materials documenting cancellation of registration.** Materials used to document the cancellation of a voter's registration shall be retained for 24 months following the cancellation. These materials include Request to Cancel Registration of Deceased Voter; Potential Deletion Reports; Potential Duplicate Reports; Judgment of Incapacitation Reports, cancellation requests from voters; certified copies of death certificates; notices of felony conviction; Deleted Voters by Reason reports, address confirmation return cards indicating addresses outside the county; True Duplicates Deleted Reports, and any document used by the Oklahoma National Guard to notify the County Election Board of the death in the line of duty of a member of the Oklahoma National Guard.

(c) **Rejected voter registration applications.** Rejected voter registration applications shall be retained for 24 months following rejection. Rejected applications shall be filed by month in alphabetical order.

(d) **Rejection notices returned by post office.** Rejection notices that have been returned by the United States Postal Service marked "undeliverable as addressed" shall be retained for 24 months following return. Returned undelivered rejection notices shall be filed by month in alphabetical order.

(e) **Voter identification cards returned by post office.** Voter identification cards that have been returned by the United States Postal Service marked "undeliverable as addressed" shall be retained for 24 months following return. Returned undelivered voter identification cards shall be filed by month in alphabetical order.

---

# Permanent Final Adoptions

(f) **Insufficient Information Rejection Notices returned by applicant.** An Insufficient Information Rejection Notice returned to the County Election Board by the applicant with the information required to complete the application shall be filed in the Additional Information Correspondence file or in the Central File inside a file sleeve containing the voter's original voter registration application. Material in this file shall be retained as long as the voter remains registered. An Insufficient Information Rejection Notice that is returned by a voter but still does not contain enough information to complete the application shall be filed by month in alphabetical order and retained for 24 months.

(g) **Address confirmation return cards and undelivered address confirmation notices.** All address confirmation return cards received by the County Election Board shall be retained for 24 months, except return cards used to change a voter's address in the county. Address confirmation return cards used to change the voter's address in the county shall be filed in the Additional Information Correspondence file and shall be retained as long as the voter remains registered. Undelivered address confirmation notices shall be retained for 24 months.

(h) **Registration update documents printed from MESA.** When certain voter registration transactions - such as address changes submitted electronically by the ~~Department of Public Safety~~ Service Oklahoma, address changes and political affiliation changes submitted online, and address changes that result from returned address confirmation notices - are processed in MESA, a form is created automatically to document the registration change. These registration update documents, also called "Central File form" shall be retained in the Central File. It is the recommendation of the State Election Board that such Central File forms be placed inside a file sleeve with the voter's original voter registration application.

**GIST/ANALYSIS:**

The proposed amendments in Part 1 of Subchapter 5 are necessary clarifications due to the amendment of 26 O.S. Section 4-101 as a result of House Bill 1629 from the 2024 Legislative Session. This bill altered the eligibility requirements for when convicted felons may be eligible to register to vote. All other proposed amendments in this Chapter relate to updating language throughout Title 230 referencing the Department of Public Safety (DPS), which should now be a reference to Service Oklahoma, and/or motor license agencies, which are now referred to as licensed operators. Because Service Oklahoma has taken over those driver license services from DPS and has launched additional online services, there are necessary updates to the rules related to voter registration application services that Service Oklahoma and licensed operators must provide under state and Federal law.

**CONTACT PERSON:**

Rachel Rogers Mailing address: State Election Board, P.O. Box 53156, Oklahoma City, OK 73152. Email: Rachel.rogers@elections.ok.gov. Physical address: Room G38, Oklahoma State Capitol Building, 2300 N. Lincoln Blvd., Oklahoma City, OK.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF JULY 11, 2025:**

## SUBCHAPTER 1. GENERAL PROVISIONS

**230:15-1-1. Purpose [AMENDED]**

The rules in this Chapter concern voter registration. The rules in Subchapter 3 establish State and County Election Board responsibilities for voter outreach and education. The rules in Subchapter 5 describe the qualifications for voter registration in Oklahoma and establish procedures for applying for voter registration by mail. Subchapter 5 also contains rules concerning voter registration application services offered in motor license agencies designated Service Oklahoma locations and by the various voter registration agencies. The rules contained in Subchapter 9 establish procedures for State and County Election Board personnel ~~responsible~~ responsible for processing applications for new voter registration or for change of voter registration. The rules contained in Subchapter 11 establish procedures for cancelling voter registration and for conducting a voter registration address confirmation.

**230:15-1-2. Definitions [AMENDED]**

\_\_\_\_\_The following words and terms, when used in this Chapter, shall have the following meaning, unless the context clearly indicates otherwise:

**"Activation date"** means the date that a valid application becomes a voter registration.

**"Active voter registration application services"** means that personnel of a ~~motor license agency~~ licensed operator or of a voter registration agency identified in 230:15-5-122 or 230:15-5-123 take an active, participatory role in offering the opportunity to apply for voter registration as required in 230:15-5-100 or in 230:15-5-125.

# Permanent Final Adoptions

---

**"Approved application"** means a voter registration application that contains all required information [see 230:15-5-84 and 230:15-9-19] and that does not apparently duplicate an existing voter registration.

**"Federal voter registration application"** means the form prescribed by the United States Election Assistance Commission to be used to apply for voter registration or to apply for change of voter registration and to be accepted for these purposes in all states.

**"MESA"** means the Modern Election Support Application software used by County Election Board personnel for voter registration, absentee voting, and election administration and maintenance. Any reference in this Title to MESA or OEMS is a reference to the current version of election management software utilized by State and County Election Board personnel, as applicable.

**"Oklahoma Voter Registration Application"** means the form prescribed by the Secretary of the State Election Board for use in Oklahoma to apply for voter registration or to apply for change of voter registration by mail, at ~~motor license agencies~~ Service Oklahoma locations, licensed operators, and at all voter registration agencies identified in 230:15-5-122 and 230:15-5-123.

**"Passive voter registration application services"** means that personnel of a ~~motor license agency~~ licensed operator or of a voter registration agency identified in 230:15-5-122 or 230:15-5-123 are required to make the Oklahoma Voter Registration Application form available to persons conducting business with the agency and to the general public but are not directly involved in the voter registration application process, and are not required to accept completed applications for transmittal to the State Election Board. [See 230:15-5-108 and 230:15-5-131.]

**"Proof of identity"** means a form of personal identification that meets the requirements listed in 26 O.S., Section 7-114, as amended by State Question 746.

**"Valid application"** means a voter registration application that results in a new voter registration or in a change to an existing voter registration.

**"Voter registration agency"** means an office of a governmental agency specified in either 230:15-5-122 or in 230:15-5-123, or a location designated by such agencies, at which either active or passive voter registration application services are available.

## SUBCHAPTER 3. VOTER OUTREACH

### PART 3. DISTRIBUTION OF VOTER REGISTRATION APPLICATION FORMS

#### 230:15-3-23. Voter registration application forms available to individuals [AMENDED]

(a) The printed Oklahoma Voter Registration Application form generally shall be available to any individual applicant for voter registration or for change of voter registration in the following locations.

(1) ~~Motor license agencies~~ Designated Service Oklahoma locations. Any individual applicant for voter registration or for change of voter registration may obtain an Oklahoma Voter Registration Application form at any ~~motor license agency~~ licensed operator or designated Service Oklahoma location in Oklahoma. See 230:15-5-100 and 230:15-5-103.

(2) **Voter registration agencies**. Any individual applicant for voter registration or for change of voter registration may obtain an Oklahoma Voter Registration Application form at any voter registration agency identified in 230:15-5-122 and 230:15-5-123. See 230:15-5-124.

(3) **Public libraries**. Any individual applicant for voter registration or for change of voter registration may obtain an Oklahoma Voter Registration Application in any public library in Oklahoma. Public library personnel shall have no responsibility either to offer applications to library patrons or to collect completed applications.

(4) **United States Post Offices**. Any individual applicant for voter registration or for change of voter registration may obtain an Oklahoma Voter Registration Application form at any United States Post Office in Oklahoma. United States Postal Service employees shall have no responsibility either to offer applications to post office patrons or to collect completed applications. Applications obtained in a United States Post Office shall be mailed to the State Election Board by the applicant.

(b) The ~~federal voter registration application form~~ National Mail Voter Registration Form is widely available online. State Election Board and County Election Board personnel shall refer persons who want a copy of the ~~federal voter registration application form~~ National Mail Voter Registration Form to the United States Election Assistance Commission's website; ~~although they may print a copy upon request. The federal voter registration application form is available online at www.eac.gov. It may be filled out online, but it must be downloaded, printed, signed personally by the applicant as described in 230:15-5-84(c), and mailed or delivered.~~ The National Mail Voter Registration Form may be completed and

---

# Permanent Final Adoptions

submitted by mail or in person to the State Election Board, to the applicant's County Election Board, or to a motor license agency licensed operator or designated voter registration agency to be processed. A federal voter registration application form National Mail Voter Registration Form cannot be submitted online, by electronic mail, by fax, or by any other electronic means in Oklahoma.

(c) The Oklahoma Voter Registration Application form is available online at on the State Election Board website. Applicants may also apply for voter registration or make changes to their voter registration using the Online Voter Registration System. Currently registered voters may make changes to their voter registration using the OK Voter Portal.

## SUBCHAPTER 5. APPLICATION FOR VOTER REGISTRATION

### PART 1. QUALIFICATIONS FOR REGISTRATION

#### **230:15-5-1. Persons eligible to register to vote [AMENDED]**

(a) Persons who are citizens of the United States and residents of the State of Oklahoma who are eighteen years of age or older may register to vote at their address of residence. [Okla. Const. Art. 3, Sect. 1; 26:4-101] Persons living on federal property, such as a military base, who are residents of Oklahoma and otherwise qualified, are eligible to register at an address located on such property.

(b) Persons eligible to register to vote may apply for voter registration by mail, online, in person at any voter registration agency identified in 230:15-5-122 and 230:15-5-123, at a motor license agency designated Service Oklahoma locations, or any other method authorized by law. See 230:15-5-83, 230:15-5-100, and 230:15-5-125.

#### **230:15-5-3. Felons ineligible to register to vote [AMENDED]**

(a) Persons who have been convicted of a felony shall be eligible to register to vote when they have fully served their sentence of court-mandated calendar days, including any term of incarceration, parole or supervision, or completed a period of probation ordered by any court. [26:4-101] met the requirements as set forth in paragraph 1 of 26 O.S. § 4-101.

(b) To aid in determining eligibility, the following example is offered. A person convicted of a felony and sentenced to five years, with the sentence suspended, may not register for five years. A person convicted of a felony and sentenced to ten years and who is paroled after serving only three years may not become a registered voter for ten years.

#### **230:15-5-4. Exceptions for felony convictions [AMENDED]**

(a) A deferred sentence is not considered a conviction under Oklahoma law.

(b) Persons who have been convicted of a felony, but who have received a full pardon and thus have been restored to full citizenship as set forth in paragraph 1 of 26 O.S. § 4-101, may become registered voters provided they are otherwise qualified.

(c) A convicted felon ~~Persons who have been convicted of a felony whose sentence is has been commuted as set forth in paragraph 1 of 26 O.S. § 4-101 is eligible to register to vote so long as the commutation results in the sentence being "fully served."~~

## PART 9. ACCESSIBILITY OF VOTER REGISTRATION APPLICATION SERVICES

#### **230:15-5-36. Accessibility of voter registration application services for elderly and handicapped voters [AMENDED]**

(a) Voter registration application services in motor license agencies designated Service Oklahoma locations and in voter registration agencies listed in 230:15-5-122 and 230:15-5-123 shall be made accessible to elderly and handicapped voters.

(b) If an applicant for voter registration in a motor license agency designated Service Oklahoma location or in a voter registration agency identified in 230:15-5-122 or 230:15-5-123 requests assistance to complete the Oklahoma Voter Registration Application form, personnel of the motor license agency licensed operator or of the voter registration agency shall be required to provide the same degree of assistance to complete the voter registration application as they provide to complete the motor license agency's licensed operator's own forms. [26:4-109.2(B)(2)]

(c) In the event that an applicant for voter registration is incapable of personally signing or making his or her mark on the voter registration application form, the applicant shall select an assistant to help him or her complete the voter registration application form. [26:4-112] The assistant may be any person the applicant chooses. Personnel of motor license agencies licensed operators and of voter registration agencies identified in 230:15-5-122 and 230:15-5-123 shall be required to assist such applicants if requested by the applicants to do so. [26:4-112] The assistant shall be required to

# Permanent Final Adoptions

---

complete the voter registration application form exactly as instructed by the applicant. The following procedure shall be observed.

- (1) The assistant shall read the Oath to the applicant so that the applicant may determine whether he or she is eligible to register to vote in Oklahoma.
  - (2) The assistant shall read the Important Information printed on the back of the Oklahoma Voter Registration Application form to the applicant.
  - (3) The assistant shall print the applicant's name on the application form in the spaces provided.
  - (4) The assistant shall check the appropriate box to indicate the applicant's political affiliation. The assistant shall read the instructions for Section 2 - Political Affiliation to the applicant if necessary.
  - (5) The assistant shall print the applicant's date of birth, Oklahoma driver's license number, the last four digits of the Social Security number, if necessary, the applicant's address of residence, mailing address, and county of residence in the appropriate spaces on the application form. The assistant shall read the instructions for Section 6 - Street Address or Directions to Your Home to the applicant if necessary.
  - (6) The assistant shall ask the applicant if he or she has ever been registered to vote before and shall indicate the applicant's answer by checking the appropriate box in Section 9. The assistant shall read the instructions for Section 9 - Have You Been Registered Before? to the applicant if necessary. If the applicant has been registered to vote before, the assistant shall record as much information about the former registration as possible in the spaces provided.
  - (7) If the applicant is incapable of signing the application or of making his or her mark on the application, the assistant shall print the applicant's name in the space provided for Signature or Mark of Applicant. The assistant shall write his or her own initials beside the applicant's printed name. The assistant shall enter the date in the space provided.
  - (8) The assistant shall print his or her own name and address in the space provided at the bottom of the form.
- (d) If an applicant for voter registration in a ~~motor license agency~~ designated Service Oklahoma location or in a voter registration agency identified in 230:15-5-122 or 230:15-5-123 requests assistance to complete the Oklahoma Voter Registration Application form from agency personnel, the procedure outlined in (c)(1) through (7) of this Section shall be observed. ~~The assistant then shall print his or her own name and the agency's address in the shaded area marked "Office Use Only" on the instructions portion of the application form.~~

## PART 21. VOTER REGISTRATION APPLICATION BY MAIL

### 230:15-5-83. Applying for voter registration by mail [AMENDED]

- (a) A person eligible to become a registered voter in Oklahoma may apply by mail for voter registration. Application for voter registration may be made by completing one of the official voter registration application forms described in (c) of this Section and by mailing it to the State Election Board.
- (b) A registered voter may apply by mail to change his or her name, political affiliation or residence address for voting purposes. Application for a change of address, political affiliation or name may be made by completing one of the official voter registration application forms described in (c) of this Section.
- (c) Persons eligible to become registered voters may apply for new voter registration and registered voters may apply to change their voter registrations in Oklahoma by using either of the following official voter registration application forms.
  - (1) **Oklahoma Voter Registration Application.** The Oklahoma Voter Registration Application form may be used to apply for voter registration or for change of voter registration. The Oklahoma Voter Registration Application form shall be made available at the offices of the State Election Board and of each County Election Board, in all ~~motor license agencies~~ designated Service Oklahoma locations, and in the offices of all voter registration agencies identified in 230:15-5-122 and 230:15-5-123. The Oklahoma Voter Registration Application form also shall be made available in public libraries and in United States Post Offices throughout Oklahoma. The Oklahoma Voter Registration Application also may be downloaded and printed from the State Election Board's website: [www.elections.ok.gov](http://www.elections.ok.gov).
  - (2) **Federal Voter Registration Application National Mail Voter Registration Form.** The ~~federal Voter Registration Application form~~ National Mail Voter Registration Form may be used to apply for voter registration or for change of voter registration in Oklahoma. The ~~federal Voter Registration Application~~ National Mail Voter Registration Form shall be available from the State Election Board, from all County Election Boards, and in other locations designated by the Secretary of the State Election Board. The ~~federal Voter Registration Application~~ National Mail Voter Registration Form also may be downloaded and printed from the United States Election Assistance Commission website: [www.eac.gov](http://www.eac.gov).

(d) Only applications submitted on the voter registration application forms named in (c) of this Section shall be accepted in Oklahoma. A letter or other written application for voter registration shall not be accepted. Voter registration application forms prescribed for use in other states shall not be accepted in Oklahoma. Voter registration applications shall not be accepted by electronic facsimile transmission ("fax") or by electronic mail transmission ("e-mail").

**PART 23. VOTER REGISTRATION APPLICATION SERVICES AT ~~DEPARTMENT OF PUBLIC SAFETY FACILITIES AND IN MOTOR LICENSE AGENCIES~~ SERVICE OKLAHOMA LOCATIONS AND IN LICENSED OPERATORS [AMENDED]**

**230:15-5-100. Voter registration application services provided with driver license services at ~~Department of Public Safety facilities and at motor license agencies~~ Service Oklahoma locations and at licensed operators [AMENDED]**

(a) **Voter registration application services required.** Both federal and state law require that an application for a new driver license in Oklahoma shall be a simultaneous application for voter registration unless the driver license applicant specifically opts out of voter registration. The choice to opt out of voter registration shall be indicated in writing.

(b) **New driver license.** Each person who applies for a new Oklahoma driver license or a new state identification card at a ~~Department of Public Safety facility~~ designated Service Oklahoma location shall be provided with simultaneous voter registration services as mandated by the National Voter Registration Act [52 USC '20504] and by state law. [26:4-109.3] ~~An application submitted for a new driver license or new state identification card shall serve as an application for voter registration unless the applicant fails to sign the voter registration application. A Department of Public Safety driver license examiner enters information provided by each driver license applicant into the Department of Public Safety system. Information that is common to both the driver license and voter registration applications then prints on a voter registration application form unless the applicant has opted not to apply for voter registration. The examiner gives the applicant the voter registration application form and instructs the applicant to verify that all information is correct and to select a political affiliation, to enter information about previous voter registration in the spaces provided, to read the oath, and to sign and date the form. The examiner takes the signed voter registration application from the applicant and sends it by mail to the State Election Board as described in 230:15-5-108. When a new driver license recipient subsequently appears at a motor license agency to have his or her driver license made, motor license agency personnel are not required to repeat the offer of voter registration services.~~

(c) **Driver license renewal.** Each person who renews an Oklahoma driver license or a state identification card at a ~~motor license agency~~ designated Service Oklahoma location shall be offered the opportunity by ~~motor license agency~~ licensed operator personnel to register to vote by ~~filling out and signing a paper copy of the Oklahoma Voter Registration Application form~~ utilizing the information supplied for such services for voter registration purposes. ~~Motor license agency~~ Service Oklahoma and licensed operator personnel shall accept such completed and signed applications and shall send them electronically or by mail to the State Election Board as outlined in 230:15-5-108.

(d) **Driver license change of address or name.** A change of address or name for a driver license or state identification card submitted in person at a ~~motor license agency~~ designated Service Oklahoma location or a change of address submitted online through the ~~Department of Public Safety~~ Service Oklahoma website also shall serve as a simultaneous change of address for voter registration purposes ~~if the new address is located within the same county where the voter is currently registered to vote unless the applicant opts out of voter registration. However, the County Election Board shall not be authorized to change the name of a registered voter based only upon an electronic submission of data from the Department of Public Safety. Sec 230:15-5-102.1(c).~~

**230:15-5-101. Training for ~~motor license agency~~ licensed operator personnel [AMENDED]**

All ~~motor license agency~~ licensed operator personnel shall receive training prior to offering active voter registration application services. The training shall be prescribed by the Secretary of the State Election Board and provided to Service Oklahoma to distribute to its driver license examiners and licensed operators and utilized at the annual training provided by Service Oklahoma. It shall be the responsibility of each ~~motor license agency~~ licensed operator to ensure that all employees are trained to provide voter registration application services as required by law.

**230:15-5-101.1. Training for driver license examiners and other ~~Department of Public Safety~~ Service Oklahoma personnel [AMENDED]**

All ~~Department of Public Safety~~ Service Oklahoma personnel shall receive training prior to providing voter registration services to persons applying for a new Oklahoma driver license or state identification card. The training shall be prescribed by the Secretary of the State Election Board and may be conducted by designated State Election Board agency personnel or by designated ~~Department of Public Safety Driver License Services~~ Service Oklahoma personnel. It

# Permanent Final Adoptions

---

shall be the responsibility of the ~~Department of Public Safety Driver License Service~~Service Oklahoma personnel to ensure that all applicable employees are trained to provide voter registration services as required by federal and state law.

## **230:15-5-102. ~~Motor license agency procedure~~Procedure for simultaneous voter registration application with a driver license renewal [AMENDED]**

~~\_\_\_\_\_~~(a) ~~Motor license agency~~Licensed operator personnel shall offer voter registration services to each person who is a citizen of the United States, a resident of the State of Oklahoma, and is a qualified elector who appears in person to renew an Oklahoma driver license or state identification card, change the address on an Oklahoma driver license or state identification card, or change name on an Oklahoma driver license or state identification card.

(1) Ask the applicant to read, fill out, and sign the Voter Registration Statement.

(2) If the applicant indicates on the Voter Registration Statement that the applicant wants to register to vote, provide a copy of the Oklahoma Voter Registration Application form. Retain the Voter Registration Statement.

(3) If the applicant indicates on the Voter Registration Statement that the applicant does not want to register to vote, retain the Voter Registration Statement and proceed with the motor license agency's business.

(4) Follow agency procedure to ensure that a completed voter registration application form is date-stamped on the day it is received in your office and that the motor license agency identification number is entered in the "MLA Use Only" box on the form. Place the completed form in the correct location to be mailed to the State Election Board and proceed with the motor license agency's business.

(b) If the applicant either leaves the Voter Registration Statement blank or refuses to fill it out, give the applicant an Oklahoma Voter Registration Application to take home. If the applicant refuses the application form, note the refusal on the Voter Registration Statement. Print the applicant's name and the date on the Voter Registration Statement form and file it as directed. Proceed with the motor license agency's business.

## **230:15-5-102.1. ~~Motor license agency procedure~~Procedure for simultaneous voter registration application with in-person driver license change of address or name [AMENDED]**

(a) A change of address for an Oklahoma driver license or state identification card submitted by a registered voter also shall serve as a change of address for voter registration purposes ~~if the new address is located within the same county where the voter is registered.~~ [26:4-109.3] However, a change of address for an Oklahoma driver license or state identification card shall not be used to update a voter registration address if the registrant states in writing that the change of address is not for voter registration purposes. [26:4-109.3]

(b) ~~Motor license agency~~Licensed operator personnel, through the use of Service Oklahoma's electronic service system, shall ~~follow this procedure to provide~~ voter registration services to customers who appear in person to change their address on a driver license. The electronic service system must:

(1) Ask the applicant to read, fill out, and sign the Voter Registration Statement.

(2) If the customer indicates on the Voter Registration Statement that the applicant wants to register to vote, Service Oklahoma must retain an electronic copy of~~keep~~ the Voter Registration Statement and the electronic service system must proceed to step (4) of this subsection.

(3) If the applicant indicates that the applicant does not want to register to vote, Service Oklahoma must retain an electronic copy of~~keep~~ the Voter Registration Statement.

(4) Give each applicant for change of address or name a copy of the Notice of Change of Address or Name form provided by ~~the Driver License Services Division of the Oklahoma Department of Public Safety~~Service Oklahoma.

(5) Instruct each applicant to provide both a residence address and a mailing address ~~on the Department of Public Safety form~~.

(6) ~~Motor license agency~~ personnel shall receive the completed and signed Notice of Change of Address or Name form and shall follow instructions provided by the Department of Public Safety to enter all information provided on the form, including both residence address and mailing address, into the Department of Public Safety system. If the applicant indicated on the Voter Registration Statement that the applicant does not want to register to vote, check to see that the applicant checked the box on the Department of Public Safety form to indicate that the change of address or name is not for voter registration.

(c) When a registered voter submits a driver license name change in person ~~at a motor license agency~~, ~~motor license agency~~licensed operator personnel, through the use of Service Oklahoma's electronic service system, must follow the procedure described in (b) of this Section to obtain and record the new name in the ~~Department of Public Safety~~Service Oklahoma system. The information is provided electronically to the State Election Board by ~~the Department of Public Safety~~Service Oklahoma, and if a match is found with an existing registered voter, the information is then delivered electronically to the appropriate County Election Board for processing. ~~However, the County Election Board shall not~~

update a voter registration record with the new name based only on the electronic data submission from the Department of Public Safety. If County Election Board personnel determine that the match is valid, a letter to the voter is created instructing the voter to complete and submit a paper voter registration application form, a copy of which should be enclosed with the letter, to change the voter's name. An original signature of the voter's new name shall be required to complete a name change for voter registration purposes.

### **230:15-5-102.3. Confidential information regarding voter registration services [AMENDED]**

Information related to an individual's decision not to register to vote or to the identity of the agency at which any person applied to register to vote shall not be made public and shall not be used for any purpose other than voter registration. The identity and location of a ~~motor license agency licensed operator~~ or ~~Department of Public Safety facility designated Service Oklahoma location~~ at which a person registers or declines to register to vote shall not be disclosed to the public. ~~Department of Public Safety and motor license agency~~ Licensed operator or Service Oklahoma personnel shall not write or stamp any information that could identify the agency outside the shaded box labeled for such purpose and located at the top of the voter registration application form. Completed and signed voter registration applications shall be maintained in a secure and confidential manner until they are mailed to the State Election Board as provided in 230:15-5-108.

### **230:15-5-103. Passive voter registration application services in ~~motor license agency licensed operator locations~~ [AMENDED]**

- (a) ~~Motor license agency Licensed operator~~ personnel shall provide a paper copy of the Oklahoma Voter Registration Application form to any person who requests one while conducting any business transaction in the agency other than those described in 230:15-5-100. ~~Motor license agency Licensed operator~~ personnel also shall provide a paper Oklahoma Voter Registration Application form to any person who requests one even if the person does not conduct a business transaction with the ~~motor license agency licensed operator~~.
- (b) ~~Motor license agency Licensed operator~~ personnel shall accept paper voter registration application forms completed in the agency as a result of passive voter registration application services for transmittal to the State Election Board. The Voter Registration Statement form shall not be required in connection with passive voter registration application services.
- (c) ~~Motor license agency Licensed operator~~ personnel shall not be authorized to provide any group or individual with paper voter registration application forms for voter registration drives or other similar activities. ~~Motor license agency Licensed operator~~ personnel shall refer all persons who request forms for voter registration drives or other similar activities to the local County Election Board office or to the State Election Board. ~~Motor license agency Licensed operator~~ personnel shall be authorized, but shall not be required to accept completed voter registration application forms that originated outside the ~~motor license agency licensed operator~~ for transmittal to the State Election Board. If such forms are accepted, however, agency personnel shall ensure that the forms are stamped with a received date and sent to the State Election Board as outlined in 230:15-5-107 and 230:15-5-108. However, the agency ID number shall not be entered on such forms and the ~~motor license agent~~ shall not be eligible to receive compensation as outlined in 230:15-5-110. ~~Motor license agency Licensed operator~~ personnel may direct persons with quantities of completed voter registration application forms to the local County Election Board office or to the State Election Board for appropriate instructions.
- (d) ~~Motor license agencies Licensed operators~~ have no authority to accept absentee ballots from voters or to transmit absentee ballots to the State Election Board in a pre-addressed, postage-paid business reply envelope provided to the agency for voter registration applications.
- (e) Pre-addressed, postage-paid business reply envelopes provided to licensed operators shall be used to transmit completed Voter Registration Applications only. Such envelopes shall only be used by licensed operator personnel for the transmission of completed Voter Registration Applications and shall not be supplied to any individual voter.

### **230:15-5-104. ~~Department of Public Safety and motor license agency~~ Service Oklahoma and licensed operator personnel responding to questions and/or requests for information about voter registration or election conduct [AMENDED]**

~~Department of Public Safety~~ Service Oklahoma and ~~motor license agency licensed operator~~ personnel shall not answer questions or provide information concerning voter registration or election conduct unless the answer or information is contained in the written materials supplied by the State Election Board. Applicants who have questions that cannot be answered by ~~Department of Public Safety~~ Service Oklahoma or ~~motor license agency licensed operator~~ personnel

# Permanent Final Adoptions

---

shall be referred to the office of the local County Election Board, to the State Election Board office, or to the State Election Board's website: [www.elections.ok.gov](http://www.elections.ok.gov). ~~Department of Public Safety~~Service Oklahoma and ~~motor license agency licensed operator~~ personnel shall not attempt to explain or to amplify the information contained in the written materials supplied by the State Election Board.

## **230:15-5-105. Voter registration application services impartial and nonpartisan [AMENDED]**

Voter registration application services shall be provided in an impartial and nonpartisan manner. ~~Department of Public Safety~~Service Oklahoma and ~~motor license agency licensed operator~~ personnel providing voter registration application services are advised not to do any of the following things.

- (1) Do not seek to influence an applicant's political affiliation or party registration.
- (2) Do not display any political preference or party allegiance.
- (3) Do not make any statement to an applicant or take any action the purpose or effect of which is to discourage the applicant from registering to vote.

## **230:15-5-106. Responsibility for Voter Registration Statements received in ~~motor license agency licensed operator~~ locations [AMENDED]**

~~(a) Retention of Voter Registration Statements. Completed electronic Voter Registration Statements shall be retained by the motor license agency Service Oklahoma for 24 months from the date of application. [26:4-109.3] Procedures for retention and disposal of Voter Registration Statements shall be established by each motor license agent. However, each motor license agent shall ensure that Voter Registration Statements are filed and retained Service Oklahoma shall retain electronic documentation of the Voter Registration Statement so that an individual applicant's statement can be located and provided to state or county election officials in a timely manner, if the statement is needed to determine an individual's eligibility to vote in an election.~~

~~(b) Custody of Voter Registration Statements when motor license agent changes or agency ceases to exist. In the event of a change in motor license agent or in the event that a motor license agency ceases to exist, completed Voter Registration Statements shall be transferred to the designated representative of the Oklahoma Department of Public Safety who shall be responsible for retaining the statements in accordance with state and federal law and for making such statements available to state or county election officials in a timely manner if they are needed to determine an individual's eligibility to vote in an election.~~

## **230:15-5-107. Source coding and dating completed applications received by ~~motor license agency licensed operator~~ [AMENDED]**

The ~~motor license agent licensed operator~~ shall ensure that the date a voter registration application is received through either active voter registration application services described in 230:15-5-102 or through passive voter registration application services described in 230:15-5-103 is written or stamped in the shaded area labeled "VRA/MLAVRA/LO Office Use Only" at the top of the form. The identification number assigned to the ~~motor license agency licensed operator~~ by the ~~Oklahoma Tax Commission~~Service Oklahoma also shall be written or stamped on each form in the space provided. ~~Agency Licensed operator~~ personnel shall ensure that no information that could identify the ~~agency office~~ is written or stamped outside the shaded area provided at the top of the form.

## **230:15-5-108. Transmitting completed Oklahoma Voter Registration Application forms to the State Election Board [AMENDED]**

(a) Transmittal deadline. All completed Oklahoma Voter Registration Application forms received by ~~Department of Public Safety~~Service Oklahoma personnel and at a ~~motor license agency licensed operator~~ as a result of voter registration services provided simultaneously with driver license services shall be transmitted to the State Election Board at the close of business each week. In addition, all voter registration application forms received by ~~motor license agency licensed operator~~ personnel from customers transacting other business with the agency also shall be transmitted to the State Election Board at the close of business each week.

(b) Procedure for transmitting completed Oklahoma Voter Registration Applications. The following procedure shall be observed by ~~Department of Public Safety~~Service Oklahoma and ~~motor license agency licensed operator~~ personnel to transmit all completed Oklahoma Voter Registration Application forms to the State Election Board.

- (1) Place all completed Oklahoma Voter Registration Application forms received during the week in a postage-paid, pre-addressed business reply envelope provided by the State Election Board.
- (2) Seal the envelope containing completed Oklahoma Voter Registration Application forms and mail it to the State Election Board at the close of business each week.

(c) Transmitting applications received through passive voter registration application services. All voter registration applications completed in a ~~motor license agency~~designated Service Oklahoma location from persons transacting business other than renewing or updating a driver license also shall be date-stamped and coded as outlined in 230:15-5-107 and shall be mailed to the State Election Board as outlined in (a) and (b) of this Section.

(d) The postage-paid, pre-addressed business reply envelope provided by the State Election Board to ~~motor license agencies~~licensed operators and to ~~Department of Public Safety~~Service Oklahoma driver license examiners shall not be used for any purpose other than mailing completed voter registration application forms to the State Election Board on a weekly basis and shall not be provided to applicants to mail their own applications.

(e) Nothing in this Section shall prohibit an agreement between a ~~motor license agent~~licensed operator or ~~Department of Public Safety~~Service Oklahoma driver license examiner and the Secretary of the County Election Board to allow County Election Board personnel to pick up completed voter registration applications from the ~~motor license agency~~licensed operator or driver license examiner on a regular basis.

### **230:15-5-109. Materials for voter registration application services in ~~motor license agency~~licensed operator locations [AMENDED]**

(a) All forms and materials required to provide simultaneous voter registration services in a ~~Department of Public Safety facility or a motor license agency~~designated Service Oklahoma locations shall be prescribed by the Secretary of the State Election Board.

(b) The Secretary of the State Election Board shall prepare and provide to the ~~Department of Public Safety Driver License Services and to each motor license agent~~Service Oklahoma the instructions, forms and supplies necessary to provide simultaneous voter registration services. ~~Department of Public Safety Driver License Services~~Service Oklahoma and individual ~~motor license agents~~licensed operators shall be responsible for ordering additional materials from the State Election Board as needed. ~~Motor license agency~~Licensed operator personnel shall not be authorized to obtain voter registration application forms and materials from the local County Election Board office.

(c) The following materials shall be required to provide active voter registration application services in a ~~motor license agency~~designated Service Oklahoma locations.

(1) Oklahoma Voter Registration Application forms, pre-coded to indicate the form originated with a ~~motor license agency~~licensed operator.

(2) ~~Voter Registration Statement forms.~~

(3) ~~Pre-addressed, postage-paid business reply envelopes for transmitting completed voter registration applications to the State Election Board.~~

(4) ~~Procedure for Voter Registration cards.~~

(5) ~~Voter Registration Application Checklist cards.~~

(6) ~~Register While You Are To Vote Here Today signs.~~

(d) On any occasion that persons conducting business with a ~~motor license agency~~licensed operator that does not include the renewal or update of a driver license requests voter registration, the use of the Voter Registration Statement form shall not be required. However, ~~motor license agency~~licensed operator personnel are advised and encouraged to follow the ~~Renew A Driver License~~ steps described on the most recent Procedure for Voter Registration card provided by the State Election Board to review the content of any submitted voter registration application for completeness.

### **230:15-5-110. Payment of ~~motor license agents~~licensed operators [AMENDED]**

(a) **Payment for valid paper applications only.** ~~Motor license agents~~Licensed operators shall be paid fifty cents by the State Election Board for each valid paper voter registration application form completed in ~~the motor license agency~~their office. [26:4-109.3] A valid voter registration application shall be one that results either in a new voter registration or in a change to an existing voter registration. However, payment can be made only if the identification code assigned to the ~~motor license agency~~licensed operator by the ~~Oklahoma Tax Commission~~Service Oklahoma is stamped or written in the shaded area provided for that purpose at the top of the form.

(b) **Schedule for payment.** ~~Motor license agents~~ shall be paid on a schedule to be determined by the Secretary of the State Election Board. ~~However, motor license agents~~Licensed operators shall be paid at least four times each year. ~~Motor license agent~~Licensed operator payroll records shall be cleared on March 31, June 30, September 30 and December 31 of each year.

## **PART 27. ONLINE VOTER REGISTRATION APPLICATION SERVICES**

### **230:15-5-140. Online submission of applications for voter registration authorized [AMENDED]**

# Permanent Final Adoptions

---

- (a) Online voter registration services are provided through the State Election Board's Voter Portal as authorized by state law. [26:4-109.4]
- (b) No other method, source, or system for online voter registration is authorized. Voter registration application forms shall not be accepted through e-mail, fax, or any other means of electronic delivery.
- (c) All voter registration applications submitted through the secure portal on the State Election Board website will be delivered to the appropriate County Election Board through the State Election Board's election management system. The County Election Board Secretary in each county shall cause all such electronically submitted applications to be reviewed, processed, and to be either approved or rejected according to procedures outlined in 230:15-9-18 through 230:15-9-36.
- (d) Applications for voter registration submitted through the secure portal on the State Election Board's website shall be subject to the same deadlines preceding elections and the same restrictions concerning party affiliation change in even-numbered years as are all applications for voter registration submitted in person at a County Election Board office, by mail, through a public assistance agency, Service Service Oklahoma, or a motor license agency licensed operator. See 230:15-5-86(b) and 230:15-5-87.

## SUBCHAPTER 9. RECEIVING AND PROCESSING VOTER REGISTRATION APPLICATIONS

### PART 1. RESPONSIBILITIES OF THE STATE ELECTION BOARD FOR VOTER REGISTRATION

#### **230:15-9-1. Secretary of State Election Board is chief state election official [AMENDED]**

- (a) The Secretary of the State Election Board shall be the chief state election official responsible for coordination of Oklahoma's responsibilities under the National Voter Registration Act of 1993. [26:2-107] The Secretary shall have the authority to implement programs for the confirmation of voter registration and for removal of ineligible voters in compliance with the general election laws of Oklahoma and with the requirements of the National Voter Registration Act of 1993. [26:2-107]
- (b) The Secretary of the State Election Board shall devise and distribute a voter registration application to be used to register voters by mail, at ~~Department of Public Safety facilities~~ designated Service Oklahoma locations, in ~~motor license agencies~~ licensed operators that provide driver license services, and in voter registration agencies identified in 230:15-5-122 and 230:15-5-123. [26:4-112] The Secretary also shall devise a voter identification card which shall be issued to every person who becomes a registered voter. [26:4-113] The Secretary shall designate locations where voter registration applications will be available for distribution. [26:4-109]
- (c) The Secretary of the State Election Board shall promote and encourage voter registration and voter participation in elections. [26:2-107]

#### **230:15-9-2. Voter registration applications transmitted to the State Election Board [AMENDED]**

- (a) All paper voter registration applications received by driver license examiners at ~~Department of Public Safety~~ designated Service Oklahoma locations, ~~at motor license agencies that provide driver license services~~, and at voter registration agencies as a result of voter registration services shall be transmitted by agency personnel to the State Election Board. The State Election Board shall provide pre-addressed, postage-paid business reply envelopes to ~~Department of Public Safety driver license examiner facilities~~, to all motor license agencies designated Service Oklahoma locations that provide driver license services, and to voter registration agencies identified in 230: 15-5-122 and 230:15-5-123 to use to transmit completed paper voter registration application forms to the State Election Board.
- (b) All paper voter registration application forms submitted by mail shall be received at the State Election Board.
- (c) Instructions that accompany the national voter registration application form direct applicants using that form to mail the form to the State Election Board.
- (d) Paper voter registration application forms may be submitted in person at the State Election Board by applicants and by third parties on behalf of applicants. Applications submitted in person at the State Election Board shall be processed in the same manner described in 230:15-9-3.

#### **230:15-9-3. Processing paper voter registration applications received at the State Election Board [AMENDED]**

- (a) State Election Board personnel shall apply a date stamp to each paper voter registration application form received at the State Election Board. The date stamp shall be applied on the side of the form bearing postage, the State Election Board's mailing address and the applicant's return address.

- (b) When several paper voter registration application forms are received by mail at the State Election Board in a single envelope and the applications did not originate with a driver license examiner, in a ~~motor license agency~~licensed operator office that provides driver license services, or in a voter registration agency identified in 230:15-5-122 and 230:15-5-123, State Election Board personnel shall indicate the postmark date from the envelope on each form. If the postmark on such an envelope is illegible, State Election Board personnel shall so indicate on each form received in that envelope.
- (c) State Election Board personnel shall sort received paper voter registration applications by county and then shall transmit the voter registration applications to the appropriate County Election Board. Accumulated voter registration applications shall be transmitted to the appropriate County Election Boards on a regular basis and not less than once each week.

### PART 3. COUNTY ELECTION BOARD RESPONSIBILITY FOR PROCESSING VOTER REGISTRATION APPLICATIONS

#### 230:15-9-11. Receiving voter registration applications at the County Election Board [AMENDED]

- (a) The County Election Board shall receive from the State Election Board on a regular basis a package containing paper voter registration applications that have been received previously by driver license examiners, ~~motor license agency~~licensed operator personnel, and voter registration agency personnel as a result of voter registration services, voter registration applications received by mail, and voter registration applications received in person at the State Election Board.
- (b) The County Election Board shall receive paper voter registration applications in person from applicants and in person from third parties on behalf of applicants. The Secretary of the County Election Board shall cause the date that such registration applications are received to be stamped on the application form immediately upon receipt. If a voter registration application received in person from either an applicant or a third party is for another county, the Secretary of the County Election Board that received the application shall indicate the date it was received and immediately shall transmit it either to the State Election Board or, if it can be determined, to the correct County Election Board. See 230:15-5-131(d).
- (c) Applications shall be placed in the Applications Received file until they are processed by County Election Board personnel as outlined in 230:15-9-12 and 230:15-9-18 through 230:15-9-23.

### PART 5. PROCESSING VOTER REGISTRATION APPLICATIONS

#### 230:15-9-18. Entering paper applications for voter registration in MESA [AMENDED]

- (a) **Entering voter registration application information in MESA.** All information provided by the applicant on a paper voter registration application form shall be entered into MESA. Follow the appropriate software instructions to enter the voter registration data. Refer to the following rules to resolve questions about individual applications.
- (1) **Received date.** The received date is the date stamped or written on a voter registration application form by the agency that first receives it from the applicant.
- (A) The received date for an application submitted by mail is the date the State Election Board received and stamped it. The State Election Board's ~~blue~~ received date stamp is applied to the back of the form.
- (B) The received date for an application submitted at a ~~motor license agency~~licensed operator or at any voter registration agency identified in 230:15-5-122 and 230:15-5-123 is the date stamped or written by agency personnel in the space provided for this purpose on the face of the form.
- (C) The received date for a paper voter registration application submitted at the County Election Board in person by an applicant or by a third party on the behalf of an applicant shall be the date stamped on the back of the form by the County Election Board.
- (D) The received date for a voter registration application bearing no date stamped or written by a receiving agency is the date by the applicant beside his or her signature on the form.
- (2) **Postmark.** The postmark date from a voter registration application submitted by mail shall be entered in the voter registration software. If there is no postmark or if the date is missing or illegible, leave the postmark field blank. If multiple paper voter registration applications are received by mail at the State Election Board in a single envelope with a postmark, the postmark date from that envelope is applied to each application with a red stamp.
- (3) **Name.** Enter the voter's name exactly as provided on the application form.

# Permanent Final Adoptions

---

(4) **Political affiliation.** Enter the voter's choice of political party as it appears on the application form. If the voter marked the "No Party" box, select "Independent" from the drop-down menu. (There is not an Independent Party in Oklahoma. Independent means "no party.") If the applicant neither chose nor wrote in a party in the Political Affiliation section on the application form, if the applicant marked more than one party, or wrote in a party that is not recognized in Oklahoma, the political affiliation field on the screen shall be left blank with the result that the software will automatically designate the applicant's affiliation as Independent. See also 230:15-5-84 and 230:15-9-22.

(5) **Date of birth.** An applicant for new voter registration must provide his or her date of birth (month, day, and year) on the application form. See 230:15-5-84. An application for new registration that does not include the date of birth shall be rejected. See 230:15-9-31. In the event that a registered voter submits an application for change of registration and does not provide his or her date of birth, the application shall be rejected unless both of the following circumstances exist.

(A) The application is valid in all other respects and County Election Board personnel are able to make positive identification of the voter from other information on the application form and from information already recorded in the voter registration database.

(B) The voter's date of birth already is recorded in the voter registration database.

(6) **Identification number.** Enter the Oklahoma driver license number and/or last four digits of the Social Security number. If the applicant does not provide either of these identification numbers, but checks the appropriate box on the application form to indicate that the applicant does not possess either of these numbers, check the corresponding box on the screen. If the applicant used an older version of the Oklahoma Voter Registration Application form that does not provide a check box for the applicant to indicate that he or she does not possess either of these identification numbers, the application shall be rejected.

(7) **Duplicates.** When voter registration application information is entered in MESA, the software automatically searches for and identifies duplicate or potential duplicate records in the state. The search criteria are first name, last name, and date of birth and/or an identification number such as the last four digits of the Social Security number or driver license number. If an application appears to duplicate an existing voter registration either in your county or in another county, follow the appropriate software instructions and the procedure described in 230:15-9-23 to investigate and resolve the potential duplication.

(8) **Residence address.** An applicant for voter registration is required to provide his or her residence address on the application form. Enter the applicant's residence address in the appropriate fields on the screen. If the address cannot be assigned in the Street Guide based on the information entered, see 230:15-9-18.1.

(9) **Mailing address.** If the applicant provided a mailing address different from his or her residence address, enter the mailing address. If the applicant's mailing address is the same as the residence address or if the space for mailing address is blank, leave the mailing address field on the screen blank.

(10) **County of Residence.** An applicant for voter registration is required to indicate the county of his or her residence. An application on which the county of residence is either not indicated or is indicated incorrectly shall be entered in the voter registration software with one of the following results.

(A) If the address is located within the county, the application shall be approved.

(B) If the address is not located within the county, but County Election Board personnel are able to determine the county in which the voter's residence is located, the application form shall be mailed directly to the correct county.

(C) If another county is indicated on the form, the application shall be mailed directly to the correct County Election Board.

(D) If the address is not located within the county and the correct county cannot be determined, the application shall be rejected with the "OT" ("Other") rejection code. When the blank rejection notice is printed, write or type Enter the following sentences in the space free-form text field provided on screen: "You did not indicate the county in which you reside on your application for voter registration. Your application cannot be processed without this information. You must submit a new application form that indicates your county of residence." This information will be added to the voter registration rejection notice addressed to this voter. It is recommended that a new Oklahoma Voter Registration Application form be enclosed with the rejection notice.

(11) **Rejection codes.** An application for new voter registration that does not contain all the required information listed in 230:15-5-84 shall be rejected. The software automatically applies a rejection code for insufficient name, insufficient address, insufficient identification number, insufficient date of birth, if the application duplicates an existing registration, and if the applicant is under 18 years of age. If the application is unsigned or if the application must be rejected for any other reason, County Election Board personnel flag the appropriate rejection

code on the screen. See 230:15-9-31. Some automatic rejection codes may be overridden in the following circumstances.

(A) The Under Age (UN) will become eligible on or before election day, as described in 230:15-5-2, follow the software instructions to override the automatic rejection code.

(B) The Duplicate (DU) rejection code may be overridden if the approval of the new application would prevent the removal of an inactive voter.

(12) **Form codes.** Oklahoma Voter Registration Application forms include a form code that must be recorded in MESA for statistical purposes. Form codes identify the agency from which the registration application originated. Form codes consist of ten alphanumeric characters. Once recorded in MESA, the part of the application form containing the form code shall be removed and shall not be retained.

(13) **Source codes.** A code to identify the source of an application for statistical purposes shall be entered in the voter registration software. If the source of an application is a ~~motor license agency~~ licensed operator, a specific four-digit agency code also shall be entered. After the source code is entered, the instruction section of the application form bearing the source identification shall be removed and destroyed. It shall not be retained in the Central File.

(14) **Previous registration information.** If the applicant provided information about previous voter registration in another state or in another county in Oklahoma, enter the previous registration information in the appropriate fields on the screen. If the applicant was previously registered in another county in Oklahoma, some previous information may be filled in automatically by the software. Do not enter information about former registration in your own county in these fields.

(15) **Eligibility questions and oath.** The applicant shall answer the two eligibility questions and shall sign and date the oath. If an applicant fails to answer the two questions but signs and dates the oath, the application shall be rejected. If the applicant answers either question "No," the application shall be rejected. ~~(On older versions of the Oklahoma Voter Registration Application form, these eligibility questions are located in the instructions area of the form.)~~ If the applicant answers the eligibility questions "Yes," but fails to sign and date the oath, the application shall be rejected.

(b) **Filing voter registration applications.** If a voter registration application is determined to be valid and is approved, place the application form in the appropriate valid application file until voter identification cards are printed. After the voter identification card is mailed to the voter, file the application form in the Central File. If a voter registration application must be rejected, file the application in the appropriate rejected application file.

### 230:15-9-20. Processing applications for name change [AMENDED]

(a) A registered voter may apply to change his or her name by completing and submitting a paper voter registration application form. An applicant for name change is instructed to provide his or her former name in the appropriate space in the Oklahoma Voter Registration Application form or the ~~federal voter registration application~~ National Mail Voter Resignation Form. Process applications for name change according to the following procedure.

(1) Enter the applicant's former last name, date of birth, and either the Oklahoma driver license number or the last four digits of the Social Security number to locate the current voter registration information.

(2) Change the applicant's name on the screen. Carefully compare the information displayed on screen with the information provided on the application for any other information that may need to be changed. Enter all other changes indicated on the application form.

(3) Follow the appropriate software instructions to complete the application.

(4) After the voter identification card has been printed, remove the voter's old registration form from the Central File and retain as outlined in 230:10-7-43.

(5) File the voter's new voter registration application form in alphabetical order in the Central File.

(b) A voter may submit a name change for a driver license at a ~~motor license agency~~ designated Service Oklahoma location or on the Service Oklahoma website and, unless the voter opts not to provide the name change for voter registration purposes, the change will be submitted to the State Election Board electronically by Service Oklahoma.

### 230:15-9-21. Processing applications for change of residence address or mailing address [AMENDED]

(a) A registered voter in the county may apply to change his or her residence address within the county by completing and submitting a voter registration application form. An applicant for change of residence address is instructed to provide his or her former residence address in the appropriate space of the Oklahoma Voter Registration Application form or the federal voter registration application form. Applications for change of residence address shall be processed according to the following procedure.

# Permanent Final Adoptions

---

- (1) Enter the applicant's name, date of birth, and driver license number or the last four digits of the Social Security number to locate the current voter registration information.
  - (2) Change the applicant's residence address as indicated on the application form. Carefully compare the information displayed on screen with the information provided on the application form for any other information that may have changed. Enter all other changes indicated on the application form.
  - (3) Follow the appropriate software instructions to complete the application.
  - (4) After the voter identification card has been printed, remove the voter's old registration form from the Central File and retain as outlined in 230:10-7-43.
  - (5) File the voter's new voter registration application form in alphabetical order in the Central File.
- (b) A registered voter in the county may apply to change his or her mailing address by completing and submitting a paper or electronic voter registration application form. An applicant for change of mailing address is instructed to provide his or her former address in the appropriate space of the Oklahoma Voter Registration Application form or the federal voter registration application form. Applications for change of mailing address shall be processed according to the same procedure outlined in (a) of this Section.
- (c) A registered voter who submits a change of residence address or mailing address for a driver license in person at a ~~motor license agency~~ licensed operator or through the ~~DPS~~ Service Oklahoma website is simultaneously making a change for voter registration purposes unless the voter opts out of using the new address for voter registration. Such address changes received by ~~DPS~~ Service Oklahoma are subsequently submitted electronically to the State Election Board. Electronic address changes from Service Oklahoma that can be matched to an existing registered voter in MESA are processed as outlined in 230:15-9-26. Electronic address changes from ~~DPS~~ Service Oklahoma that cannot be matched to an existing voter registration are not retained and are not processed in MESA.
- (d) A registered voter who submits an online change of residence address within the same county or a change of mailing address through the secure portal on the State Election Board website is required by the system to match their address to an existing Street Guide address in order to submit said application. If no match is available, the online submission cannot be made. In such a circumstance, the voter will be directed to a fillable PDF version of the Oklahoma Voter Registration Application form on the State Election Board website.

## **230:15-9-26. Receiving, processing, and acknowledging electronic address changes from ~~DPS~~ Service Oklahoma [AMENDED]**

- (a) Following close of business each Friday, ~~the Oklahoma Department of Public Safety (DPS)~~ Service Oklahoma transmits a data file to the State Election Board containing information on all driver license address changes submitted in person at ~~motor license agencies~~ licensed operators and online through the ~~DPS~~ Service Oklahoma website. The data file contains information only for those persons who did not opt out of simultaneously updating their addresses for voter registration purposes. Upon receipt, the data file shall be processed and, if the file contains matches to currently registered voters, the data shall be imported into MESA.
- (b) County Election Board personnel shall process ~~DPS~~ Service Oklahoma address changes received electronically in MESA each week by following the appropriate MESA instructions to access the data, examine the potential matches with registered voters in the county, and to accept those that are valid matches. ~~(1) Changes that may be accepted include changes of a voter's residence address, and mailing address, in the county and name.~~  
~~(2) Changes to a voter's name shall be flagged, but shall not be accepted in MESA based only on an electronic submission from DPS.~~
- (c) The County Election Board shall acknowledge each electronic address update received from ~~DPS~~ Service Oklahoma by printing and mailing the appropriate notice. The available notices include the following:
- (1) A voter identification card is mailed to each voter whose residence address or mailing address is updated by a valid electronic submission from ~~DPS~~ Service Oklahoma.
  - (2) An insufficient address rejection notice is mailed to each voter whose residence address or mailing address information included in an electronic submission from ~~DPS~~ Service Oklahoma is insufficient for voter registration purposes. Insufficient addresses may be incomplete or invalid for voter registration. For example, a post office box address submitted as a residence address is invalid as a residence address for voter registration purposes. See 230:15-5-84 (f).
  - ~~(3) A letter is mailed to each voter whose residence address change indicates that the voter has moved to another county in Oklahoma. The letter includes instructions to register again in the voter's new county of residence.~~
  - ~~(4) A letter is mailed to each voter who appears to have submitted a name change to DPS. The letter provides instructions to the voter to submit a new Oklahoma Voter Registration Application to make the name change for voter registration purposes. See 230:15-5-140 and 230:15-9-20.~~

## SUBCHAPTER 11. VOTER REGISTRATION LIST MAINTENANCE

### PART 3. VOTER REGISTRATION ADDRESS CONFIRMATION

#### **230:15-11-29. Identification and notification of voters who may have changed addresses of residence [AMENDED]**

(a) The Secretary of the State Election Board shall have the authority to compare the Oklahoma voter registration database with change of address records provided by the United States Postal Service through the National Change of Address system, ~~the Service Oklahoma Department of Public Safety~~, the Oklahoma Department of Human Services, or other state or federal agencies to identify voters who may have changed their residence addresses.

(b) If the Secretary of the State Election Board determines that a voter's residence address may have changed, the Secretary shall have the authority to cause the voter to be notified in writing that voter registration information must be updated in the event of a change of residence. Such notification may include any forms prescribed by the Secretary of the State Election Board that are necessary for the voter to update his or her voter registration information.

(c) During in-person absentee voting or at the voter's precinct or when applying for an absentee ballot, any voter identified by the Secretary of the State Election Board as possibly having changed his or her residence based on National Change of Address data shall be required to complete an address confirmation form before being issued a ballot. [26-7-115.1].

(d) A voter with an invalid address as defined in subsection B of 26 O.S. Section 4-113 or who has had a voter identification card returned to the county election board by the United States Postal Service as undeliverable must complete an address confirmation form before being issued a ballot as described in 26 O.S. Section 7-115.1.

**GIST/ANALYSIS:**

The rule in 230:20-3-44 became obsolete upon the passage of Senate Bill 677 from the 2023 Legislative Session, which provided for the confidentiality of address information contained in a Declaration of Candidacy Form. The proposed addition of 230:20-3-52 is to provide the authority for removing a deceased candidate's name from the ballot if they pass away after the withdrawal period has ended but before ballot printing has begun.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF JULY 11, 2025:**

## **SUBCHAPTER 3. FILING CANDIDACY FOR FEDERAL, STATE, COUNTY, AND OTHER ELECTIVE OFFICE**

### **PART 7. STATE AND COUNTY ELECTION BOARD PROCEDURES FOR RECEIVING, REVIEWING, AND ACCEPTING DECLARATIONS OF CANDIDACY**

#### **230:20-3-44. Candidates in restricted records status [REVOKED]**

(a) A voter who has applied for restricted records status, as described in 230:15-9-25, and who files a Declaration of Candidacy with the Secretary of the State Election Board or the Secretary of the County Election Board may choose to keep his or her residence and mailing address information on the forms included in the Declaration of Candidacy form confidential. However, as provided by law, the information contained on the forms included in the Declaration of Candidacy, including address information, may be made available to another candidate in anticipation of or as part of a contest of candidacy or a contest of election. In order for residence and mailing address information included in a Declaration of Candidacy to be kept confidential, the candidate must have applied for restricted records status with the County Election Board Secretary in the candidate's county of residence. The candidate also must take the following steps when filing the Declaration of Candidacy:

(1) Complete and sign a Confidential Declaration of Candidacy Request form.

(2) Submit the Confidential Declaration of Candidacy Request form to the Secretary of the appropriate election board with the Declaration of Candidacy forms.

---

# Permanent Final Adoptions

(b) Upon receipt of a Confidential Declaration of Candidacy Request form with a Declaration of Candidacy, the Secretary of the County Election Board shall take the following action:

- (1) Check the forms included in the Declaration of Candidacy as outlined in 230:20-3-37.
- (2) Make at least three copies of the Confidential Declaration of Candidacy Request form.
- (3) File the Candidate Information and Oath form in the candidate's existing restricted records file.
- (4) File the original Confidential Declaration of Candidacy Request form with the original copies of other Declarations of Candidacy.
- (5) File a copy of the Confidential Declaration of Candidacy Request form with the photocopies of other Declarations of Candidacy that are made available for public inspection.
- (6) Give one copy of the Confidential Declaration of Candidacy Request form to the candidate.

(c) Upon receipt of a Confidential Declaration of Candidacy Request form from a candidate, the Secretary of the State Election Board shall take appropriate steps to ensure that the candidate's Candidate Information and Oath form is withheld from public inspection and that the address information is withheld from publication. At least one copy of the Confidential Declaration of Candidacy Request form shall be made available for public inspection in place of the Candidate Information and Oath page.

## PART 9. WITHDRAWALS OF CANDIDATES

### 230:20-3-52. Removal of deceased candidate from ballot [NEW]

Unless otherwise provided for in law, in the event that a candidate's death occurs after the withdrawal period has ended, but before ballot printing has begun for the election, the name of the deceased candidate shall not be printed on the ballot.

## GIST/ANALYSIS:

The amendment to 230:30-7-14 is to remove the word “internet” when it should more appropriately state “secure network” in reference to early voting procedures. The proposed amendments to Subchapter 19 relate to clarifying how and when the County Election Board can mark a substitute ballot in certain limited circumstances.

## CONTACT PERSON:

Rachel Rogers Mailing address: State Election Board, P.O. Box 53156, Oklahoma City, OK 73152. Email: Rachel.rogers@elections.ok.gov. Physical address: Room G38, Oklahoma State Capitol Building, 2300 N. Lincoln Blvd., Oklahoma City, OK.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF JULY 11, 2025:**

## SUBCHAPTER 7. ABSENTEE VOTING BOARDS

### **230:30-7-14. Verifying voter registration information and status of in-person absentee voters [AMENDED]**

(a) The Absentee Voting Board members are required to verify the registration information of each voter who applies for an in-person absentee ballot. The County Election Board Secretary shall instruct the Absentee Voting Board members to use a computer with access to the MESA software to verify voter registration information and status.

(b) County Election Board personnel shall place a computer with access to the ~~Internet~~secure network and MESA the software at the in-person absentee polling place location and shall prepare the terminal for use. County Election Board personnel shall teach the Absentee Voting Board members to use MESA to find voter registration information about each applicant for in-person absentee ballots. In the event that a voter's registration information cannot be found in MESA, the Absentee Voting Board members may refer to the Central File to verify voter registration. The Absentee Voting Board member shall locate the voter's original registration form in the Central File. If an applicant's eligibility is confirmed in the Central File, ask a County Election Board staff member for assistance to determine the correct ballot style to issue. If the applicant's voter registration cannot be verified either in MESA or the Central File, issue a provisional ballot as outlined in 230:30-7-15 and 230:35-5-177.

## SUBCHAPTER 19. COUNTING THE BALLOTS

## PART 1. COUNTING ABSENTEE BALLOTS ON ELECTION DAY

### 230:30-19-5. Procedure for counting mutilated ballots [AMENDED]

(a) In the event that a ballot is mutilated, defaced, or damaged in one of the following ways so that it cannot be read by the voting device, the procedure outlined in (b) of this Section shall be observed.

- (1) The ballot is mutilated by the voting device during the counting process.
- (2) The ballot is damaged by County Election Board personnel when the ballot envelope is opened.
- (3) The ballot is damaged because the voter altered the ballot's original size and/or shape, marked through a bar code, used an ink pen that may have bled through, or attempted to correct an error by using correction fluid.

(b) If the ballot was damaged in one of the ways outlined in (a) of this Section, County Election Board members are authorized to mark a substitute ballot to replace the damaged ballot. The substitute ballot shall be marked by two members of the County Election Board of different political affiliations. The substitute ballot shall be marked exactly as the damaged ballot was marked insofar as it is possible. If the ballot is damaged so extensively that the two County Election Board members cannot agree on how the ballot was marked, no substitute ballot shall be marked, and the damaged ballot shall be invalidated. The substitute ballot shall then be inserted into the voting device to be counted. The County Election Board members shall make a written record of their actions and the damaged ballot shall be retained with such record.

(c) The procedure outlined in (b) of this Section shall not be applied to ballots that are marked by the voter with something other than a pencil or with blue or black ink that the voting device cannot read or to ballots that are marked outside the voting targets. Such ballots shall be accepted as marked.

### 230:30-19-6. Marking substitute ballot to count write-in ballots, faxed ballots, and ballots transmitted to voters by electronic mail [AMENDED]

In the event that the County Election Board must count a federal write-in absentee ballot, a regular ballot received by fax, or an absentee ballot transmitted to the voter by electronic mail, the following procedure shall be observed.

- (1) The Secretary shall verify that regular mail absentee ballots from the voter or voters were not received by 7 p.m. on election day.
- (2) A federal write-in ballot may be counted for federal and statewide offices only.
  - (A) The Secretary shall provide a blank absentee ballot for the appropriate precinct.
  - (B) ~~The Chairman of the County Election Board shall read the voter's write-in ballot and the Vice Chairman shall mark the blank ballot for the voter's choice for federal and statewide offices only.~~ County Election Board members are authorized to mark a substitute ballot to replace the ballot for the voter's choice for federal and statewide offices only. The substitute ballot shall be marked by two members of the County Election Board of different political affiliations.
  - (C) ~~The Chairman, Vice Chairman, and Secretary shall review the substitute ballot and shall agree that it is marked exactly as the voter's write-in ballot was marked.~~ The substitute ballot shall be marked exactly as the original ballot was marked insofar as it is possible. If the two County Election Board members cannot agree on how the ballot was marked, no substitute ballot shall be marked, and the original ballot shall be invalidated.
  - (D) The Secretary shall write identical numbers on the back of each original write-in ballot and on the back of the substitute ballot, being careful to avoid the area of the voting tracks. For example, the first such ballot and its substitute shall be marked "1," the second, "2," etc.
  - (E) The Secretary shall direct a County Election Board staff member to insert the substitute ballot in the appropriate absentee voting device.
- (3) A regular ballot returned by fax shall be counted for all offices and questions for which the voter's markings can be discerned.
  - (A) The Secretary shall provide a blank absentee ballot for the voter's precinct.
  - (B) ~~The Chairman of the County Election Board shall read the voter's choice for each office and question on the ballot and the Vice Chairman shall mark the ballot.~~ County Election Board members are authorized to mark a substitute ballot to replace the ballot for the voter's choice for each office and question on the ballot. The substitute ballot shall be marked by two members of the County Election Board of different political affiliations.

# Permanent Final Adoptions

---

(C) ~~The Chairman, Vice Chairman, and Secretary shall review the substitute ballot and shall agree that it is marked exactly as the faxed copy of the voter's ballot is marked. The substitute ballot shall be marked exactly as the original ballot was marked insofar as it is possible. If the two County Election Board members cannot agree on how the ballot was marked, no substitute ballot shall be marked, and the original ballot shall be invalidated.~~

(D) The Secretary shall write identical numbers on the back of each faxed ballot and on the back of the substitute ballot, being careful to avoid the area of the voting tracks. For example, the first such ballot and its substitute shall be marked "1," the second, "2," etc.

(E) The Secretary shall direct a County Election Board staff member to insert the substitute ballot in the appropriate voting device.

(4) A regular ballot transmitted to a voter by electronic mail and returned either by mail or by fax shall be counted for all offices and questions for which the voter's markings can be discerned. Follow the steps outlined in (3) (A) through (E) of this Section to count the ballot.

(5) In the event that a federal write-in ballot is marked for a candidate or a political party not on the ballot in Oklahoma, no substitute ballot shall be marked. The minutes of the County Election Board meeting shall indicate both that the ballot could not be counted and the reason.

(6) In the event that a ballot received by fax is illegible and the voter's markings cannot be discerned, no attempt shall be made to mark a substitute ballot. The minutes of the County Election Board meeting shall indicate both that the ballot could not be counted and the reason.

(7) The Secretary shall document in the minutes of the County Election Board meeting the number of substitute ballots marked and inserted in the absentee voting device. The original federal write-in absentee ballot, or faxed ballot shall be retained with all other absentee ballots for the election. The voter's affidavit and any other accompanying materials shall be retained with other similar absentee voting materials.

## SUBCHAPTER 1. GENERAL PROVISIONS

### **230:40-1-3. Resolutions [NEW]**

(a) Unless otherwise provided for in law, any governing boards of school districts, municipalities and certain special purpose districts, such as fire protection districts, or other entities are authorized to call elections to be conducted by the County Election Board must submit the resolution in person to the County Election Board office. Such resolution must be received no later than the close of regular business for the County Election Board on the day of the prescribed statutory deadline.

(b) In extreme circumstances when it becomes impossible for such an entity to submit the resolution in person before the close of regular business at the County Election Board, the entity may send an electronic copy of the resolution to the County Election Board before the deadline has passed and place the original in the mail within one business day. (Examples of such extreme circumstances would be severe weather or an emergency closure of the county office building where the County Election Board is located.)

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF JULY 11, 2025:

## SUBCHAPTER 3. QUALIFICATION AND REQUIREMENTS FOR LICENSURE

### 235:10-3-2. Requirements for licensing funeral service establishments [AMENDED]

To be licensed by the Board a funeral service establishment or a commercial embalming establishment must meet the following minimum requirements:

- (1) **Ownership.** The establishment shall be operated by a sole owner, a partnership, a limited liability partnership, a limited partnership, a limited liability company, or a subsidiary of a corporation, a partnership, a limited liability partnership, a limited partnership, or a limited liability company, or by a corporation chartered in the State of Oklahoma.
- (2) **Fixed place.** The establishment shall have a fixed place of business with a specific street address or physical location and shall conform to local zoning ordinances as evidenced by an occupancy permit issued by the proper local governmental entity authorizing the occupancy of a funeral service establishment at that location. Only one establishment license shall be issued to a specific address. If the establishment will contain a preparation room which does not discharge into a municipal sanitary sewer it must also secure permission from the appropriate county and/or state agency for any such discharge from the embalming room prior to being eligible to receive a funeral establishment or commercial embalming establishment license from this Board. Any establishment which has been issued an establishment license under a rule of the Board having different requirements than this subsection for a fixed place will be permitted to continue to be licensed under the rules pursuant to which the establishment was initially licensed, except as provided under sub-section (15).
- (3) **Inspected.** The establishment shall be inspected by a representative of the Board prior to being initially licensed and periodically as determined by the Board.
- (4) **Statutes and Rules.** Each establishment shall have available a current copy of the Oklahoma Statutes and Rules related to the practice of funeral directing and embalming available for public inspection.
- (5) **Preparation room.**

(A) **The establishment shall have a preparation room.** Such preparation room shall meet the following minimum requirements:

- (i) **Construction.** The walls, floor, and ceiling must be constructed, and of such materials and finished in a way that they may be cleaned and disinfected. The room must be of sufficient size and dimension to accommodate an embalming table, a sink that drains freely with hot and cold running water connections, an instrument table, cabinet, and shelves. The embalming table must have a rust proof metal, porcelain, or fiberglass top, with edges raised at least 3/4 inches around the entire table and drain opening at the lower end.
- (ii) **Ventilation.** The preparation room shall be heated and air-conditioned. The preparation room must be properly ventilated with an exhaust fan that provides at least five room air exchanges per hour. All fumes must be ventilated to the outside atmosphere. The construction must be such that odors from the preparation room cannot enter the rest of the establishment.
- (iii) **No public use.** The room shall not have a passageway available for public use.
- (iv) **Equipment.** The room shall contain sufficient supplies and equipment for normal operation. Nothing in this subsection shall require embalming chemicals to be stored in the preparation room. The room shall have no excess equipment stored, other than equipment necessary for preparing dead human remains, and performing necessary restorative art work. There shall be storage shelves, drawers, or cabinets for all supplies, instruments, and equipment. The room and equipment shall be maintained in a clean and sanitary condition.
- (v) **Openings covered.** All outside openings shall be covered with screens.
- (vi) **Interior view.** Measures must be taken to prevent a view of the interior of the room through any open door or window.
- (vii) **Body Intake Log.** Each funeral establishment or commercial embalming service shall maintain in the preparation room of that establishment, or within a reasonable proximity of the preparation room, a log book. The log book shall list the name of each human remains received at this location including the date and time the remains were received, the care or preparation of the remains (i.e., bathe, disinfect, refrigerate, or embalm), the date and time that

# Permanent Final Adoptions

---

the embalming occurred, the disposition of the remains, and the name, signature, and license number of the embalmer(s) and apprentice(s). If the remains were prepared at another location, that location shall be listed in lieu of the name and signature of the embalmer(s) and apprentice(s). The log book must be available at all times for inspection by the Board.

(B) **Exceptions.** A funeral establishment operated in conjunction with another licensed funeral establishment, with same ownership, shall be exempt from maintaining a preparation room provided it is located within 60 miles of the main establishment and can be practically served by the main establishment.

(6) **Selection room.** The establishment shall have a selection room. Such room shall be devoted solely to the purpose of providing a means for the public to make a reasonable selection of funeral service merchandise. Such room shall be of adequate size and furnishings. Such selection room shall meet the following minimum requirements:

(A) **Casket and outer burial container price lists.** The funeral provider must offer a printed or typewritten price list to people who inquire in person about the offering or prices of funeral merchandise including caskets, alternative containers and outer burial containers. The price list must be offered upon the beginning of discussion of, but in any event before showing the funeral merchandise. In lieu of a written list, other formats, such as notebooks, brochures, or charts may be used if they contain the same information as would the printed or typewritten list, and display it in a clear and conspicuous manner.

(B) **Caskets.** Each funeral establishment shall maintain an inventory of not less than five adult caskets at the location, or five quarter panel or end cut display units provided by a commercial casket manufacturer. Any establishment which has been issued an establishment license under a rule of the Board having different requirements than this sub-section for the number of caskets in inventory will be permitted to continue to be licensed under the rules pursuant to which the establishment was initially licensed, except as provided under sub-section (15).

(C) **Equipment.** The selection room shall have no excess equipment stored, other than equipment necessary for the proper display of funeral service merchandise.

(D) **Condition.** The room shall be maintained in a clean, neat, and orderly fashion at all times.

(7) **Other rooms.** The establishment shall have adequate areas for public viewing of dead human remains and necessary offices for conducting the business affairs of the establishment. The establishment may have other rooms, offices, and other facilities, including restrooms for the staff and public lounge areas. All other rooms and facilities shall be maintained in a clean, neat, and orderly fashion at all times.

(8) **Vehicles.** The establishment shall have the necessary automotive vehicles to provide adequate service to the public. This shall not prohibit the establishment from arranging to lease, borrow, or otherwise arrange for extra vehicles when needed.

(9) **Licensed funeral director and embalmer.**

(A) Each funeral service establishment shall have at least one full-time dual licensed funeral director and embalmer employed to be designated as the Funeral Director-in Charge of the operation of the establishment and who has been approved by the Board as the Funeral Director in Charge. The establishment must also have a sufficient number of other licensed individuals to adequately serve the public.

(B) If an individual owner, partners, or corporation officers are not licensed funeral directors, then the owner, partners, or the corporation must employ a full-time dual licensed funeral director and embalmer to serve as Funeral Director-in- Charge of the establishment.

(C) No licensed funeral director may serve as the Funeral Director-in-Charge of more than one (1) funeral service establishment without the express written authorization of the Board. With the written order of the Board a licensed funeral director, upon good cause shown that such is in the public interest, may serve as a Funeral Director-in-Charge of more than one (1) funeral service establishment but in no event may any such licensed funeral director be the Funeral Director-in-Charge of more than three (3) such funeral service establishments. All of the establishments must be under the same ownership, and no establishment included in the application can be more than a 90 miles radius from the most centrally located establishment contained in the application.

(D) The funeral director-in-charge shall reside and maintain a permanent residence within 90 miles of the funeral establishment, commercial embalming establishment, or crematory.

---

## Permanent Final Adoptions

(E) The Funeral Director-in-charge of an establishment(s) serves that position and retains the responsibility of Funeral Director-in-charge until he or she notifies the Board in writing of such termination or resignation from that position. The letter notifying the Board must be within (10) ten days of separation of employment.

(10) **Funeral Director In Charge.** The Funeral Director in charge shall be listed on the original establishment application and any subsequent establishment renewal applications, and on the body intake log.

(11) **Transferability.** No establishment license is transferable from one person to another, or from one location to another. In case of the sale, lease, or relocation to a new location, or a change of name of the establishment, the establishment license may remain in force by mutual consent of the buyer and seller for a period of (30) thirty days or until the next regularly scheduled Board meeting, and at such time the license shall expire. The Funeral Director-in Charge must notify the Board office in writing and within ten days of change of ownership, change of Funeral Director-in-Charge, change of address, or change of name. The purchaser, lessee, or owner must notify the Board office to request an inspection, and issuance of a new license. Upon purchase, lease or change of address, ~~change of name, change of Funeral Director-in-Charge~~ a new establishment license application must be submitted with fee. Upon change of name or change of Funeral Director-in-Charge, a form determined by the Board shall be submitted with the appropriate fee, per OAC 235:10-5-1. If exigent circumstances warrant additional time to facilitate a Funeral-Director-In-Charge change, upon good cause shown and with written agreement by a licensed funeral director and Embalmer to assume responsibility in the interim, the Board may grant no more than 2 requests of 90 days for an establishment to employ the new Funeral-Director-in-Charge. The licensed funeral director assuming responsibility in the interim shall be exempt from the requirements in 235:10-3-2 (9).

(12) **Requirement to practice.** The issuance of a funeral service establishment license to an individual not licensed as a funeral director does not entitle the individual to practice funeral directing.

(13) **License lapse.** All establishment licenses lapse on the thirty-first of December for the year issued.

(14) **Inspection.** Every funeral service establishment, commercial embalming establishment, or crematory, shall be at all times subject to inspection by the Board. Inspections are to be reasonable in regard to time and manner.

(15) **Grandfather.** Any establishment which has been issued an establishment license under a rule of the Board having different requirements, then such Establishment is permitted to continue to be licensed under the rules pursuant to which the establishment was initially licensed. The Establishment license of such grandfathered establishment is not transferable. At such time as a change of ownership, purchase, lease, or change of address of such grandfathered funeral establishment is made then such establishment must meet the current requirements of this subchapter.

(16) **Application.** Any person or entity who desires to operate a funeral service establishment, commercial embalming establishment, or crematory must submit an application for an original license, renewal of a license, or change in funeral director on forms provided by the Board.

(A) Each application for an original license shall include, at a minimum, the following:

- (i) The current and previous name, if any, for a funeral service establishment, commercial embalming establishment, or crematory;
- (ii) The address of the physical location and telephone number of the funeral service establishment, commercial embalming establishment, or crematory;
- (iii) The name and license number of the proposed Funeral Director in Charge and affidavit of proposed Funeral Director in Charge;
- (iv) The name of the current owner and, if applicable, all previous owners for the past sixty (60) months of the funeral establishment, commercial embalming establishment, or crematory;
- (v) Whether the funeral service establishment, commercial embalming establishment, or crematory is a sole proprietorship, corporation, partnership, a limited liability partnership, limited partnership, a limited liability company, or a subsidiary of a corporation, a partnership, limited liability partnership, limited partnership, a limited liability company, or other business entity;
- (vi) The name and address of each person owning five (5) percent or more of the funeral service establishment, commercial embalming establishment, or crematory, or corporation common stock, or of the equity capital or membership interest of a limited liability company, a partnership, a limited liability partnership, a limited partnership, or sole proprietorship;
- (vii) If a corporation, partnership, limited liability partnership, limited partnership, or limited liability company;
  - (I) The state and date of incorporation or formation;

# Permanent Final Adoptions

---

- (II) The name and address of the registered agent or agent appointed to receive service of process;
  - (III) The name, address, and title of each officer, director, general partner, or member and
  - (IV) A copy of the certificate of incorporation, articles of organization, or certificate or agreement of formation, and any other document filed with the Oklahoma Secretary of State, which allows the entity to do business in Oklahoma.
  - (viii) Whether the applicant, or any individual required to be disclosed under this section, has ever been convicted of, or entered a plea of guilty or no contest, to a felony, or to a misdemeanor related to funeral services, including the:
    - (I) Felony or misdemeanor charged;
    - (II) Date of conviction or plea;
    - (III) Court having jurisdiction over the felony or misdemeanor;
    - (IV) Probation officer's name, address, and telephone number, if applicable.
  - (ix) Whether the applicant, or any individual required to be disclosed under this section, has received any adverse ruling from any court of competent jurisdiction or any administrative tribunal involving honesty, fraud, misrepresentation, breach of fiduciary duty, gross negligence, or incompetence reasonably related to funeral services, including the case number and the court or administrative body in which it was filed.
  - (x) Whether the applicant, or any individual required to be disclosed under this section, has ever had an application for a license, registration, certificate, or endorsement denied or rejected by any state licensing authority, including the:
    - (I) Reason for the suspension or revocation;
    - (II) Date of the denial or rejection; and
    - (III) Name and address of the state licensing authority that denied or rejected the application.
  - (xi) Whether the applicant, or any individual required to be disclosed under this section, has ever had a license, registration, certificate, or endorsement suspended or revoked by any state funeral licensing authority, including the:
    - (I) Reason for the suspension or revocation;
    - (II) Date of the suspension or revocation; and
    - (III) Name and address of the state licensing authority that suspended or revoked the license.
  - (xii) Whether the applicant, or any individual required to be disclosed under this section, has ever surrendered a license, registration, certificate, or endorsement to the Board or any state funeral licensing authority.
- (B) Renewal applications shall include any changes in the above information from the original application or the previous renewal application.
- (17) **Renewal license.** Once issued, all original funeral service establishments, commercial embalming establishments, and crematories shall lapse on December 31 of the year of issue. Thereafter, except as provided in 235:10-3-2(11) said establishment may make application for renewal of the existing original license. The renewal application shall contain information as deemed appropriate by the Board.
- (18) **Grounds for refusal.** The board may refuse to issue an original license or renew a license:
- (A) For any felony conviction, or a misdemeanor conviction related to funeral service, by any individual required to be disclosed under this sub-section, may be grounds to deny the application.
  - (B) For any answer in the affirmative to 235: 10-3-2 (16)(A)(viii, ix, x, xi, xii), by any individual required to be disclosed in this sub-section.
  - (C) If the Board finds the application contains false or misleading information.
  - (D) If the Application is incomplete or improperly completed.
  - (E) Failure to pay the license application fee.
  - (F) Failure to comply with all other rules as prescribed in Section 235.
  - (G) For any individual required to be disclosed under this section who is implicated in a complaint that has been found to have probable cause. The application may be tabled pending the resolution of the complaint.

## SUBCHAPTER 7. LICENSURE RENEWAL, REVOCATION AND SUSPENSION

---

# Permanent Final Adoptions

## **235:10-7-3. Enforcement [NEW]**

- (a) If a person violates any provision of the Funeral Services Licensing Act or any rule promulgated pursuant thereto, proceedings may be instituted to impose administrative penalties, administrative sanctions, or both administrative penalties and sanctions in accordance with 59 O.S. §396.2a(11).
- (b) the Administrative Penalties and Sanctions Schedule published following this section sets penalty limits and ranges by class of offense and number of offenses.
- (c) The Board may negotiate a different penalty than outlined in the Administrative Penalties and Sanctions Schedule, in extenuating circumstances, based on the following factors:
- (1) Attempts by the licensee to correct or stop the violation;
  - (2) Number of complaints previously found justified against licensee;
  - (3) Whether the act was unintentional; and
  - (4) Other mitigating factors that could warrant a lower penalty.
- (d) Multiple violations of the Funeral Services Licensing Act or any rule promulgated pursuant thereto, may result in higher penalties. Multiple violations may consist of violation of more than one section of the law, numerous violations of the same section of the law, or a combination of both.
- (e) The Board may require a licensee to issue a refund to a consumer in lieu of or in addition to assessing an administrative penalty.

### **(1) Class A.**

- (x) OAC 235:10-7-2(24) Compromising licensing exam
- (xi) OAC 235:10-7-2(26) Violation of any of the ethics rules
- (xii) OAC 235:10-7-2(27) Aiding or abetting unlicensed practice

## SUBCHAPTER 9. PROCEDURES FOR THE DISPOSITION OF CASES

### 235:10-9-2. Investigations [AMENDED]

- (a) **Probable Cause Committee.** After a complaint has been filed, the Probable Cause Committee (consisting of the Executive Director and one Board member designated by the Executive Director) shall determine whether the complaint falls within the Board's jurisdiction, whether an investigation is warranted, and if warranted, shall direct the investigation to be made and a summary of the complaint sent to Board members.
- (b) **Acknowledgement.** Each complaint received shall be acknowledged in writing. This acknowledgment shall state that the complaint is being reviewed and the respondent is being given an opportunity to respond to the allegations made by the complainant.
- (c) **After response.** Upon receipt of a response by the respondent and, if after further investigation, it is necessary, the probable cause committee shall submit the information to the Board who will determine if there are reasonable grounds for belief that violation has occurred and make a determination if a hearing is warranted and, if warranted, shall schedule a hearing before the Board. The Probable Cause Committee may recommend to the Board informal disposition be made. The Executive Director shall properly notify the complainant and the respondent of such hearing. The Board member serving on the probable cause committee shall be recused from such hearing. If the Board determines that a hearing is not necessary, then both the respondent and the complainant shall be notified in writing that the complaint will be dismissed.
- (d) **Jurisdiction.** No investigation shall be made on any complaint concerning matters outside the jurisdiction of the Board.
- (e) **Emergency.** If the Board, upon review of the report of the Probable Cause Committee, finds that the public health, safety or welfare imperatively requires emergency action, and incorporates a finding to that effect in its order, summary suspension of an original license or renewal, or both, may be ordered by the Board pending initiation of an individual proceeding. In such an event, the individual proceeding against the affected licensee shall be initiated within thirty (30) days after the date of the issuance of the summary suspension order.

## SUBCHAPTER 14. CREMATORIES

### 235:10-14-1. Requirements [AMENDED]

- (a) Unembalmed human remains awaiting cremation must be placed in refrigerated storage at 40 degrees Fahrenheit or less. All crematories shall have refrigerated storage facilities with a capacity equal to or greater than their average daily case load. If storage facilities are full, additional remains should not be accepted. Human remains shall never be stacked or placed upon other human remains. For purposes of this rule stacked shall mean in direct contact with one body on top of the other body. Storage facilities should not be in public view.
- (b) From receiving through storage, cremation, processing, packaging and release, proper identification must accompany the remains at all times.
- (c) Crematories licensed by the Funeral Board shall be used exclusively for the cremation of human remains.
- (d) Upon completion of the cremation, and insofar as practicable, all of the recoverable residue of the cremation process shall be removed from the cremation chamber. If possible, the noncombustible materials or items shall be separated from the cremated remains and disposed of, in a lawful manner, by the crematory. The cremated remains shall be reduced by motorized mechanical device to granulated appearance appropriate for final disposition.
- (e) The cremated remains with proper identification shall be placed in a temporary container or urn, unless specific written authorization has been received from the authorizing agent which directs otherwise.
- (f) If the cremated remains will not fit within the dimensions of a temporary container or urn, the remainder of the cremated remains shall be returned to the authorizing agent or its representative in a separate container attached to the first container or urn identifying such containers as belonging together.
- (g) The walls and floor of the cremator work area must be constructed, and of such materials, and finished in a way that they may be cleaned and disinfected.
- (h) The Crematory area shall not have a passageway for public use.
- (i) Cremation log will be maintained by the crematory that contains the following:

---

# Permanent Final Adoptions

- (1) Name of deceased
  - (2) Name and address of Authorized Representative
  - (3) Cremation permit number from the Oklahoma Medical Examiner's Office
  - (4) Cremation date
  - (5) Funeral home or commercial embalming establishment handling cremation
- (j) No human remains may be cremated without first obtaining a cremation permit from the proper agency of the state where death occurred.
- (k) Identification of Dead Human Bodies. In addition to the cremation log provided in Section 235:10-14-1 (i):
- (1) A non-detachable bracelet attached at all times to the human remains shall identify each human body in the possession or custody of the funeral establishment, commercial embalming establishment, or crematory in this state.
  - (2) The non-detachable bracelet must at a minimum contain the following information:
    - (A) First and last name of deceased
    - (B) Date of Death
- (l) Each crematory machine shall successfully complete preventative maintenance & safety inspection by a board-approved vendor and provide proof of inspection and maintenance annually with renewal.

**GIST/ANALYSIS:**

The Department of Environmental Quality (Department or DEQ) is proposing to amend the Permit By Rule (PBR) in OAC 252:100-7-60.5, Oil and natural gas sector, in response to the U.S. Environmental Protection Agency's (EPA's) recently promulgated requirements in 40 C.F.R. Part 60, Subpart OOOOb Standards of Performance for Crude Oil and Natural Gas Facilities for which Construction, Modification or Reconstruction Commenced After December 6, 2022 (NSPS Subpart OOOOb). Additionally, the proposed amendment would allow the use of legally and practicably enforceable (LPE) limits when determining a facility's eligibility for the PBR. The proposed permanent rule amendments would replace the emergency rule which is currently in effect. Absent changes in other sections of Chapter 100, the proposed changes to the permanent rule language in OAC 252:100-7-60.5 would trigger additional requirements regarding the reporting of emissions of Greenhouse Gases (GHGs), submission of fees for GHGs, and other state permitting requirements for which GHGs have historically been exempt. To ensure that the proposed permanent amendments to the PBR for the oil and natural gas sector do not create additional, unintended requirements for owners and operators of various facilities, the DEQ is proposing amendments to other sections of Chapter 100. These amendments would ensure that GHG emissions remain exempt from annual emission inventory reporting and fees. Further, GHG emissions would not be factored into certain permitting determinations, such as eligibility for a "de minimis facility," a "permit exempt facility," or a PBR or general permit; or used as the basis for a major source/NSR determination, except for the federal requirement for a Best Available Control Technology (BACT) analysis under the (major source Prevention of Significant Deterioration) PSD program where another pollutant (non-GHG) triggers the requirement for a PSD permit and GHG emissions will increase by 75,000 tons CO<sub>2</sub>e. Further, GHG limits will only be included in minor facility permits if the facility is subject to a GHG limit under a federal NSPS or National Emission Standard for Hazardous Air Pollutants (NESHAP), a requirement adopted as mandated by a federal Emissions Guideline in accordance with 40 C.F.R. Part 60, or when the facility owner or operator requests a limit. Additional amendments to OAC 252:100-8-4 will incorporate changes to authorize electronic submission of an application for a major source construction or operating permit and to clarify that

a facility that is required by federal rule to obtain a Title V operating permit absent a change in facility equipment or emissions increases will continue to be subject to any emission limits established in a previously obtained minor source permit unless the facility obtains a major source construction permit.

**CONTACT PERSON:**

Melanie Foster, Department of Environmental Quality, Air Quality Division, 707 North Robinson, P.O. Box 1677, Oklahoma City, Oklahoma 73101-1677, (405) 702-4100.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 15, 2025:**

## **SUBCHAPTER 5. REGISTRATION, EMISSION INVENTORY AND ANNUAL OPERATING FEES**

### **252:100-5-1.1. Definitions [AMENDED]**

The following words and terms when used in this Subchapter shall have the following meaning unless the context clearly indicates otherwise:

**"Actual emissions"** means the total amount of any regulated air pollutant actually emitted from a given facility during a particular calendar year, determined using methods contained in 252:100-5-2.1(d).

**"Allowable emissions"** means:

- (A) The total amount of any regulated air pollutant emitted based on limits contained in an enforceable permit or potential to emit, or
- (B) For grandfathered sources, emission limits based on maximum design capacity and considering all applicable rules.

**"Consumer Price Index"** means an index determined by the U.S. Department of Labor measuring the change in the cost of typical wage-earner purchases of goods and services expressed as a percentage of the cost of these same goods and services in a base period.

**"Date of billing"** means the date the fee was billed. In the case no fee was billed because the owner or operator failed to submit the required annual emission inventory, the date of billing shall mean the date on which the fee would have been billed had the emission inventory been submitted when due.

**"Emission inventory"** means a compilation of all point source, storage and process fugitive air emissions for all regulated air pollutants at a given facility.

**"Error"** means, with regard to fees, a fee overpayment made as a result of a mistake on the part of the DEQ in invoicing or the part of the owner or operator in calculating emissions. It does not mean a mistake made in the decision to use or not to use a particular emission factor or method of calculation.

**"Grandfathered source"** means a stationary source that was in operation in Oklahoma when an otherwise applicable rule was promulgated unless that rule specifically applies to existing sources or the source has undergone modification since that rule was promulgated.

**"Minor facility"** means a facility which is not a Part 70 source.

**"Process Fugitive Emissions"** means those emissions created by or incidental to any particular process which become airborne or have the potential to become airborne, and could not reasonably, taking into account economic considerations, be made to pass through a stack, chimney, vent or other functionally equivalent opening.

**"Regulated pollutant (for fee calculation)"**, which is used only for purposes of this Subchapter, means any "regulated air pollutant" except the following:

- (A) Carbon monoxide.
- (B) Gross particulate matter (GPM).
- (C) Greenhouse gases (GHGs) either as individual pollutants or as an aggregate.

### **252:100-5-2.1. Emission inventory [AMENDED]**

(a) **Requirement to file an emission inventory.** The owner or operator of any facility that is a source of regulated air pollutants shall submit a complete annual emission inventory through DEQ's electronic reporting system or in another manner acceptable by the Division.

(1) **General requirements.** The inventory shall cover operations during a calendar year and shall be submitted on or before April 1 of the following year. Upon receiving a written demonstration of good cause the Director may grant an extension for submittal beyond the April 1 deadline.

# Permanent Final Adoptions

---

(2) **Permit by rule.** The owner or operator of a facility registered under a permit by rule in Subchapter 7, Part 9, shall submit, at a minimum, an annual emission inventory for the 2014 reporting year or the calendar year in which the facility is registered, if the facility is registered after December 31, 2014, and thereafter according to the following schedule:

(A) For a registered facility with actual emissions greater than 5 tons per year of any regulated air pollutant (excluding GHGs as individual pollutants and as an aggregate), an annual emission inventory for that facility shall be submitted for every National Emissions Inventory (NEI) Three-Year Cycle Inventory year, as defined in 40 CFR Section 51.30(b).

(B) For a registered facility with actual emissions of 5 tons per year or less of any regulated air pollutant (excluding GHGs as individual pollutants and as an aggregate), an annual emission inventory for that facility shall be submitted every second National Emissions Inventory (NEI) Three-Year Cycle Inventory year, as defined in 40 CFR Section 51.30(b), beginning with the 2020 NEI reporting year.

(3) **Permit exempt facilities and de minimis facilities.** The owners or operators of permit exempt facilities or de minimis facilities, as these terms are defined in OAC 252:100-7-1.1, are not required to submit an annual emission inventory unless annual emissions from the facility exceed any of the emission thresholds listed in Table 1 in Appendix A to Subpart A of 40 CFR Part 51. In that event, the emission inventory shall be submitted according to the schedule contained in that table, which is incorporated by reference in Appendix Q to OAC 252:100.

(4) **Special inventories.** Upon request by the Director, the owner or operator of a facility that emits or has the potential to emit any regulated air pollutant shall file an emission inventory with the Division. The Director is authorized to request this inventory when emission related data is necessary for program planning or compliance with State or Federal rules, regulations, standards, or requirements.

(b) **Content.** All inventories submitted to the Division shall include, but shall not be limited to, the following:

(1) ~~For those emissions subject to a permit, the permitted allowable emissions as set forth therein.~~

(2) ~~The amount of the actual emissions of any regulated air pollutant as defined in OAC 252:100-1-3 (excluding GHGs as individual pollutants and as an aggregate), including quantifiable excess emissions, and the basis for such determination. If the total actual emissions of any regulated air pollutant from a facility vary from the allowable or from the previous year's actual by more than 30%, the Department may require the owner or operator to provide an explanation for the difference in order to determine compliance with the Oklahoma Clean Air Act or any rule promulgated thereunder, or any permit condition prescribed or order issued pursuant thereto.~~

(2) For those emissions subject to a permit, the permitted allowable emissions as set forth therein. Greenhouse gases (GHGs), as individual pollutants and as an aggregate, are exempt from this requirement.

(3) For those emissions not the subject of a permit and when requested by the AQD, a list of all OAC 252:100 rules setting forth emission limitations applicable to the facility in question and the maximum yearly allowable for the facility.

(c) **Documentation.** All calculations and assumptions must be verified by proper documentation. All supporting data, including actual production, throughput and measurement records along with engineering calculations and other data utilized in accordance with OAC 252:100-5-2.1(d) must be maintained for at least 5 years by the current owner or operator at the facility in conjunction with facility records of the emission inventory. This information must either be submitted to the Division or made available for inspection upon request.

(d) **Method of calculation.** The best available data at the time the emission inventory is or should have been prepared shall be used to determine emissions. It shall be the burden of the owner or operator to select the best available data, based on an acceptable method of calculation. The method of calculation used to determine emissions shall be binding upon the owner or operator and the Division for the purpose of calculating fees under OAC 252:100-5-2.2 unless challenged by the owner or operator prior to September 1 of the year the inventory is due or by the Division within six (6) months after the date the inventory is received. Acceptable methods of calculation for determining actual emissions are:

(1) Emission factors utilized in the issuance of a currently applicable Oklahoma Air Quality permit(s) for the facility.

(2) Stack tests using appropriate EPA test methods, with advance notification and opportunity for observation by the Division.

(3) Stack tests using appropriate EPA test methods may be used for determining the emissions of identical equipment (i.e., same model, same location, and same operating conditions and parameters) when:

(A) Tests are performed by persons qualified by training and experience to perform said tests.

(B) Copies of the test results and methods are available for review by the Division.

(4) Continuous emissions monitoring data, when supported by required certification and calibration data.

(5) Current AP-42 factors or other factors acceptable to the Division.

(6) Manufacturer's test data, when approved by the Division as reliable.

(7) EPA and EPA-contracted industry-specific emission study data when it can be shown to be applicable to the facility in question and approved for use in the emission inventory by the Division.

(8) Fuel usage and other mass-balance methods when supported by specific records applicable to the materials on which the calculations are based and approved for use in the emission inventory by the Division.

(9) Any other method that can be shown to be reasonably accurate when supported by engineering data and calculations, and approved for use in the emission inventory by the Division.

(e) **Methods of verification.** Emission inventories determined by the Division to be substantially incomplete or substantially incorrect shall, upon the request of the Division, be subject to verification if not satisfactorily completed or corrected within a reasonable time. Verification shall be accomplished by an appropriate stack test using EPA approved methods, installation of continuous monitoring equipment, or other methods acceptable to the Division.

(f) **Certification.** The emission inventory shall contain certification by a responsible official of the truth, accuracy, and completeness of the document. This certification shall be signed by a responsible official and shall contain the following language: "I certify, based on information and belief formed after reasonable inquiry, the statements and information in the document are true, accurate, and complete."

## SUBCHAPTER 7. PERMITS FOR MINOR FACILITIES

### PART 1. GENERAL PROVISIONS

#### 252:100-7-1.1. Definitions [AMENDED]

The following words and terms when used in this Subchapter shall have the following meaning unless the context clearly indicates otherwise:

**"Actual emissions"** means the total amount of any regulated air pollutant actually emitted from a given facility during a particular calendar year, determined using methods contained in OAC 252:100-5-2.1(d).

**"Administratively complete"** means an application that provides:

- (A) All information required under OAC 252:100-7-15(c) and 252:100-7-18(e);
- (B) A landowner affidavit as required by OAC 252:4-7-13(b);
- (C) The appropriate application fees as required by OAC 252:100-7-3; and
- (D) Valid certification by the applicant.

**"Best Available Control Technology" or "BACT"** means the best control technology that is currently available as determined by the Director on a case-by-case basis, taking into account energy, environmental, and economic impacts and other costs.

**"Commence"** means, as applied to the construction or modification of a minor facility to which neither a NSPS or NESHAP applies, that the owner or operator has begun the construction or installation of the emitting equipment on a pad or in the final location at the facility.

**"De minimis facility"** means a facility that meets the requirements contained in paragraphs (A) and (B) of this definition.

(A) All the air pollutant emitting activities at the facility are on the de minimis list contained in Appendix H or the facility meets all of the following de minimis criteria:

- (i) The facility has actual emissions of 5 TPY or less of each regulated air pollutant, except:
  - (I) that fraction of particulate matter that exhibits an aerodynamic particulate diameter of more than 10 micrometers ( $\mu\text{m}$ ) and,
  - (II) GHGs as individual pollutants and as an aggregate.

(ii) The facility is not a "major source" as defined in OAC 252:100-8-2.

(iii) The facility is not a "major stationary source" as defined in OAC 252:100-8-31 for facilities in attainment areas.

(iv) The facility is not a "major stationary source" as defined in OAC 252:100-8-51 for facilities in nonattainment areas.

(v) The facility is not operated in conjunction with another facility or source that is subject to air quality permitting.

(vi) The facility has not opted to obtain or retain an Air Quality Division permit.

(B) The facility is not subject to the Federal NSPS (40 CFR Part 60) or the Federal NESHAP (40 CFR Parts 61 and 63).

# Permanent Final Adoptions

---

**"Emergency engine"** means a stationary engine used to resume essential operations or ensure safety during sudden and unexpected occurrences including but not limited to loss of electrical power, fire, and/or flood.

**"Facility"** means all of the pollutant-emitting activities that meet all the following conditions:

(A) Are under common control.

(B) Are located on one or more contiguous or adjacent properties.

(C) Have the same two-digit primary SIC Code (as described in the Standard Industrial Classification Manual, 1987).

**"Federally Enforceable State Operating Permit" or "FESOP"** means an operating permit issued under Subchapter 7 of this Chapter, including operating permits issued under the provisions of 252:4-7-33(a)(2). As such, for the purposes of this subchapter, "FESOP" and "operating permit" are synonymous.

**"FESOP Enhanced NSR process"** means a process under which the evaluation of requirements applicable under NSR is integrated with a determination of procedural and compliance requirements under the DEQ's FESOP program. This process is only available for facilities already operating under a FESOP permit. Under a FESOP enhanced NSR process, the 30-day public and EPA review period of a draft NSR permit is integrated with the review of the draft FESOP modification, and results in the issuance of a minor source construction permit whose applicable FESOP implications have also been reviewed. Later the requirements of the construction permit may be incorporated into a modified FESOP using the minor source operating permit modification process, without further public or EPA review, as authorized in OAC 252:4-7-13(g)(9) and OAC 252:100-7-18(f).

**"Gasoline dispensing facility"** means any stationary facility which dispenses gasoline into the fuel tank of a motor vehicle, motor vehicle engine, nonroad vehicle, or nonroad engine, including a nonroad vehicle or nonroad engine used solely for competition. These facilities include, but are not limited to, facilities that dispense gasoline into on- and off-road, street, or highway motor vehicles, lawn equipment, boats, test engines, landscaping equipment, generators, pumps, and other gasoline-fueled engines and equipment, as these terms are used in 40 CFR Part 63 Subpart CCCCCC.

**"Hazardous Air Pollutant" or "HAP"** means any hazardous air pollutant regulated under Section 112 of the Federal Clean Air Act, 42 U.S.C. Section 7412, and subject to NESHAP.

**"Minor facility"** means a facility which is not a Part 70 source.

**"National Emission Standards for Hazardous Air Pollutants" or "NESHAP"** means those standards as published by the Administrator of the U.S. Environmental Protection Agency (EPA) pursuant to Section 112 of the Federal Clean Air Act, 42 U.S.C. Section 7412.

**"New portable source"** means a portable source that has never operated within the State of Oklahoma. This includes sources that are initially constructed and existing facilities that are relocating into Oklahoma from another state.

**"New Source Performance Standards" or "NSPS"** means those standards found in 40 CFR Part 60.

**"Permit exempt facility"** means a facility that:

(A) has actual emissions in every calendar year that are 40 TPY or less of each regulated air pollutant (excluding GHGs as individual pollutants and as an aggregate);

(B) is not a de minimis facility as defined in OAC 252:100-7-1.1;

(C) is not a "major source" as defined in OAC 252:100-8-2 for Part 70 sources;

(D) is not a "major stationary source" as defined in OAC 252:100-8-31 for PSD facilities in attainment areas;

(E) is not a "major stationary source" as defined in OAC 252:100-8-51 for facilities in nonattainment areas;

(F) is not operated in conjunction with another facility or source that is subject to air quality permitting;

(G) is not subject to an emission standard, equipment standard, or work practice standard in the Federal NSPS (40 CFR Part 60) or the Federal NESHAP (40 CFR Parts 61 and 63); and

(H) is not subject to the requirements of OAC 252:100-39-47.

**"Portable source"** means a source with design and intended use to allow disassembly or relocation.

**"Relocate"** means to move a source from one geographical location to another. The term does not include minimal moves within the facility boundaries.

**"Regulated air pollutant"** means any substance or group of substances listed in Appendix P of this Chapter, or any substance regulated as an air pollutant under any federal regulation for which the Department has been given authority, or any other substance for which an air emission limitation or equipment standard is set by an enforceable permit.

**"Replacement unit"** means an emissions unit for which all the criteria listed in paragraphs (A) through (D) of this definition are met.

(A) The emissions unit is a reconstructed unit within the meaning of 40 C.F.R. Section 60.15(b)(1), the emissions unit is a reconstructed unit within the meaning of paragraph (1) in the definition of "Reconstruction" in 40 C.F.R. Section 63.2, or the emissions unit completely takes the place of an existing emissions unit.

(B) The emissions unit is identical to or functionally equivalent to the replaced emissions unit.

(C) The replacement unit does not alter the basic design parameter(s) of the process unit.

(D) The replaced emissions unit is permanently removed from the source, otherwise permanently disabled, or permanently barred from operating by a permit that is enforceable as a practical matter. If the replaced emissions unit is brought back into operation, it shall constitute a new emissions unit.

**"Traditional NSR process"** means a process under which the evaluation of requirements applicable under NSR is performed independently of the determination of procedural and compliance requirements under the FESOP program. This process is required for facilities that have not yet received a FESOP, but it may also be used (as an alternative to the FESOP Enhanced NSR process) for facilities that have already received a FESOP. The traditional NSR process provides a 30-day public and EPA review period on the draft construction (NSR) permit, as described in OAC 252:100-7-17 and OAC 252:4-7. This process is independent of the subsequent application, review, and issuance process for the source's initial or modified FESOP that also includes a 30-day public and EPA review period, as described in OAC 252:100-7-18 and OAC 252:4-7.

### **252:100-7-2.1. Minor permits for greenhouse gas (GHG) emitting facilities [AMENDED]**

—Greenhouse gas (GHG) emissions shall not be included in a minor facility permit nor cause a facility to be subject to minor facility permitting requirements contained in OAC 252:100-7, unless the owner or operator of that facility requests that GHG emission limits and/or physical or operational limitations be included in a minor permit for the facility to set enforceable limits to keep potential GHG emission levels below the applicability threshold levels for the PSD construction permit program and/or the Part 70 operating permit program. Physical or operational limitations may include, but are not limited to, air pollution control equipment, restrictions on hours of operation, and/or restrictions on the type or amount of material combusted, stored, or processed. (a) Greenhouse gas (GHG) emissions, as an aggregate, or as individual pollutants (e.g., methane), are not required to be included in a minor facility permit unless one or more of the following apply:

- (1) The facility is subject to a GHG emission limit under a New Source Performance Standard (40 CFR Part 60) or National Emissions Standard for Hazardous Air Pollutants (40 CFR Parts 61 and 63); or
  - (2) The facility is subject to a GHG emission limit that is based on a federal Emission Guideline (EG) promulgated by EPA (in 40 CFR Part 60) pursuant to Section 111(d) of the Federal CAA; or
  - (3) The owner or operator requests that a minor facility's permit include GHG emission limits and/or physical or operational limitations obtained for the purposes of reducing potential GHG emissions.
- (b) GHG emissions, as an aggregate, and as individual pollutants (e.g., methane), are not required to be included in a facility's annual emissions inventory (OAC 252:100-5-2.1).
- (c) GHG emissions, as an aggregate, and as individual pollutants (e.g., methane), are excluded from the definition of "regulated air pollutants (for fee calculation)" in OAC 252:100-5-1.1, and are, therefore, not subject to the annual operating fees under OAC 252:100-5-2.2.
- (d) Regardless of any limits on methane included in a minor source permit or inclusion of any reporting requirements or other provisions in the permit that may affect methane or GHG emissions, neither methane nor GHG (as an aggregate) will be considered to be regulated air pollutants for the purposes of the following:
- (1) The determination whether the owner or operator of a facility registered under a permit by rule in Subchapter 7, Part 9, is required to submit an emissions inventory on a three-year or six-year cycle in accordance OAC 252:100-5-2.1(a)(2).
  - (2) The determination whether a construction permit is required for a modification of an existing facility to add or physically modify a piece of equipment or a process that results in a permitted emissions increase of any one regulated air pollutant by more than 5 TPY (OAC 252:100-7-15(a)(2)(B)(ii)).
  - (3) The determination whether a facility has actual emissions of 5 TPY or less of each regulated air pollutant to determine whether a facility is a "de minimis facility" as defined in OAC 252:100-7-1.1.
  - (4) The determination whether a facility has actual emissions in every calendar year of 40 TPY or less of each regulated air pollutant to determine whether a facility is a "permit exempt facility" as defined in OAC 252:100-7-1.1.
  - (5) The determination whether a facility is eligible for a permit by rule, in accordance with OAC 252:100-7-15(b)(1)(A), because it has actual emissions of 40 TPY or less of any regulated air pollutant (except for HAPs).

# Permanent Final Adoptions

---

(6) The determination whether a facility is eligible for a general permit, in accordance with OAC 252:100-7-15(b)(2)(A), because it has actual emissions of less than 100 TPY of any regulated air pollutant (except for HAPs).

(7) The determination whether a facility is eligible for a permit by rule for oil and natural gas sector facilities, in accordance with OAC 252:100-7-60.5, because it has actual emissions of 40 TPY or less of any regulated air pollutant (except for HAPs).

(8) The determination whether a facility is eligible for a permit by rule for emergency engine facilities, in accordance with OAC 252:100-7-60.6, because it has actual emissions of 40 TPY or less of any regulated air pollutant (except for HAPs).

(9) The determination whether a facility is eligible for a permit by rule for gasoline dispensing facilities and gasoline dispensing facilities with emergency engines, in accordance with OAC 252:100-7-60.7, because it has actual emissions of 40 TPY or less of any regulated air pollutant (except for HAPs).

(10) The determination whether a facility is a "major source" as defined in OAC 252:100-8-2.

(11) The determination whether a facility is a "major stationary source" as defined in OAC 252:100-8-31 for facilities in attainment areas or in OAC 252:100-8-51 for facilities in nonattainment areas.

(12) The determination whether a facility's project is a "major modification" as defined in OAC 252:100-8-31 for facilities in attainment areas or in OAC 252:100-8-51 for facilities in nonattainment areas.

(e) Any of these exceptions or requirements may be set aside at the discretion of the Director.

## PART 3. CONSTRUCTION PERMITS

### 252:100-7-15. Construction permit [AMENDED]

(a) **Construction permit required.** Except as provided in OAC 252:100-7-2(b)(5), a construction permit is required to commence construction or installation of a new facility or the modification of an existing facility as specified in OAC 252:100-7-15(a)(1) and (2).

(1) **New Facility.** No person shall cause or allow the construction or installation of any new minor facility other than a de minimis facility or a permit exempt facility as defined in OAC 252:100-7-1.1 without first obtaining a DEQ-issued air quality construction permit.

(2) **Modification of an existing facility.**

(A) A construction permit is required for any modification that would cause an existing facility to no longer qualify for de minimis status, permit exempt facility status, or its current permit category.

(B) A construction permit is required for an existing facility covered by an individual permit:

(i) to add an "affected facility," "affected source," or "new source" as those terms are defined in 40 CFR Section 60.2, 40 CFR Section 63.2, and 40 CFR Section 61.02, respectively, that is subject to an emission standard, equipment standard, or work practice standard in a federal NSPS (40 CFR Part 60) or a federal NESHAP (40 CFR Parts 61 and 63) or

(ii) to add or physically modify a piece of equipment or a process that results in a permitted emissions increase of any one regulated air pollutant (excluding GHGs as individual pollutants and as an aggregate) by more than 5 TPY.

(C) The requirement to obtain a construction permit under OAC 252:100-7-15(a)(2)(B)(i) does not apply to replacement of a piece of equipment, provided the replacement unit does not require a change in any emission limit in the existing permit, and the owner or operator notifies the DEQ in writing within fifteen (15) days of the startup of the replacement unit, and/or as otherwise specified by the permit.

(b) **Permit categories.** Three types of construction permits are available: permit by rule, general permit, and individual permit. A permit by rule may be adopted or a general permit may be issued for an industry if there are a sufficient number of facilities that have the same or substantially similar operations, emissions, and activities that are subject to the same standards, limitations, and operating and monitoring requirements.

(1) **Permit by rule.** An owner or operator of a minor facility may apply for registration under a permit by rule if the following criteria are met:

(A) The facility has actual emissions of 40 TPY or less of each regulated air pollutant, except HAPs and GHGs (as individual pollutants and as an aggregate).

(B) The facility does not emit or have the potential to emit 10 TPY or more of any single HAP or 25 TPY or more of any combination of HAPs.

(C) The DEQ has established a permit by rule for the industry in Part 9 of this Subchapter.

(D) The owner or operator of the facility certifies that it will comply with the applicable permit by rule.

(E) The facility is not operated in conjunction with another facility or source that is subject to air quality permitting.

(2) **General permit.** Minor facilities may qualify for authorization under a general permit if the following criteria are met:

(A) The facility has actual emissions less than 100 TPY of each regulated air pollutant, except for HAPs and GHGs (as individual pollutants and as an aggregate).

(B) The facility does not emit or have the potential to emit 10 TPY or more of any single HAP or 25 TPY or more of any combination of HAPs.

(C) The DEQ has issued a general permit for the industry.

(3) **Individual permit.** The owners or operators of minor facilities requiring permits under this Subchapter which do not qualify for permit by rule or a general permit shall obtain individual permits. An owner or operator may apply for an individual permit even if the facility qualifies for a permit by rule or a general permit.

(c) **Content of construction permit application.** Construction permit applications shall contain at least the data and information listed in OAC 252:100-7-15(c)(1) and (2).

(1) **Individual permit.** An applicant for an individual construction permit shall provide data and information required by this Chapter on an application form available from the DEQ. Such data and information should include but not be limited to:

(A) site information,

(B) process description,

(C) emission data,

(D) BACT when required,

(E) sampling point data and

(F) modeling data when required.

(2) **General permit.** An applicant for authorization under a general permit shall provide data and information required by that permit on a form available from the DEQ. For general permits that provide for application through the filing of a notice of intent (NOI), authorization under the general permit is effective upon receipt of the NOI.

(d) **Permit contents.** The construction permit:

(1) Shall require the permittee to comply with all applicable air pollution rules.

(2) Shall prohibit the exceedance of ambient air quality standards contained in OAC 252:100-3.

(3) May establish permit conditions and limitations as necessary to assure compliance with all rules.

(e) **Duty to comply with the construction permit.** The permittee shall comply with all limitations and conditions of the construction permit. A violation of the limitations or conditions contained in the construction permit shall subject the owner or operator of a facility to any or all enforcement penalties, including permit revocation, available under the Oklahoma Clean Air Act and Air Pollution Control Rules. No operating permit will be issued until the violation has been resolved to the satisfaction of the DEQ.

(f) **Cancellation of authority to construct or modify.** The authority to construct or modify granted by a duly issued construction permit will terminate (unless extended as provided below) if the construction is not commenced within 18 months of the permit issuance date, or if work is suspended for more than 18 months after it has commenced.

(g) **Extension of authorization to construct or modify.**

(1) Prior to the permit expiration date, a permittee may apply for extension of the permit by written request of the DEQ stating the reasons for the delay/suspension and providing justification for the extension. The DEQ may grant:

(A) one extension of 18 months or less or

(B) one extension of up to 36 months where the applicant is proposing to expand an already existing facility to accommodate the proposed new construction or the applicant has expended a significant amount of money (1% of total project cost as identified in the original application, not including land cost) in preparation for meeting the definition of "commence construction" at the proposed site.

(2) If construction has not commenced within three (3) years of the effective date of the original permit, the permittee must undertake and complete an appropriate available control technology review and an air quality analysis. This review must be approved by the DEQ before construction may commence.

(h) **Expiration of authorization to construct or modify.** The authorization to construct or modify under the construction permit shall expire upon completion of the construction or modification, or as otherwise provided in (e), (f), or (g). However, the requirements established under (d) shall continue in effect until and unless the facility or affected unit ceases operations, was never constructed in the first place, or the requirement is superseded under a subsequently-issued construction permit or a FESOP that has undergone public review.

## PART 9. PERMITS BY RULE

### 252:100-7-60.5. Oil and natural gas sector [AMENDED]

(a) **Applicability.** This PBR is issued for minor facilities and area sources in the oil and natural gas (O&NG) sector. This includes but is not limited to facilities subject to federal standards, primarily Subparts IIII, JJJJ, OOOO, ~~and~~ OOOOa, and OOOOb of the federal NSPS, 40 CFR Part 60, and Subparts HH and ZZZZ of the federal NESHAP, 40 CFR Part 63, as cited in this PBR and incorporated by reference in OAC 252:100-2 and Appendix Q to Chapter 100. Specifically, this PBR applies to the following:

(1) **Eligible minor facilities and area sources.** New and existing minor facilities and area sources in the O&NG sector are eligible for this PBR, provided they comply with the conditions in (A) through (G) of this paragraph.

(A) The facility has actual emissions of 40 TPY or less of each regulated air pollutant, except HAPs and GHGs (as individual pollutants and as an aggregate).

(B) The facility has potential emissions of each regulated air pollutant, except HAPs, that are less than the emission levels that require prevention of significant deterioration (PSD), nonattainment new source review (NNSR), and Part 70 permits.

(C) The facility does not emit or have potential emissions of 10 TPY or more of any single HAP or 25 TPY or more of any combination of HAPs.

(D) For the purpose of determining if a facility is eligible for registration under this PBR, the calculation of actual emissions may include emission reductions that will be made enforceable by registration under this PBR.

(E) Only for the purpose of determining if a facility is eligible for registration under this PBR, the calculation of potential emissions shall not include emission reductions resulting from any physical or operational limitation (including capacity limitations, use of air pollution control equipment, and/or restrictions on hours of operation or on the type or amount of material combusted, stored, or processed). ~~Affected~~ However, affected sources or potentially affected sources subject to a federal standard (NSPS or NESHAP) may include enforceable limitations imposed by the federal standards in the calculation of potential emissions.

(F) The facility must meet the criteria in 252:100-7-15(b)(1)(C) through (E).

(G) The facility is not otherwise a Part 70 source.

(2) **Equipment and processes.** This PBR covers equipment and processes located at minor facilities and area sources in the O&NG sector that meet the criteria contained in 252:100-7-60.5(a)(1). Covered equipment and processes under this PBR include, but are not limited to:

(A) The affected facilities listed in 40 CFR Section 60.5365 of NSPS Subpart OOOO and 40 CFR Section 60.5365a of NSPS Subpart OOOOa, and 40 CFR Section 60.5365b of NSPS Subpart OOOOb.

(B) Stationary compression ignition internal combustion engines, as specified in 40 CFR Section 60.4200 of NSPS Subpart IIII, which are located at minor facilities in the O&NG sector.

(C) Stationary spark ignition internal combustion engines, as specified in 40 CFR Section 60.4230 of NSPS Subpart JJJJ, which are located at minor facilities in the O&NG sector.

(D) The affected sources listed in 40 CFR Section 63.760(a) and (b)(2) of NESHAP Subpart HH, which are located at area sources.

(E) Stationary reciprocating internal combustion engines (RICE), as specified in 40 CFR Section 63.6585 of NESHAP Subpart ZZZZ, which are located at area sources in the O&NG sector.

### (b) Standards and requirements.

(1) **NSPS and NESHAP requirements.** The owner or operator shall meet the applicable requirements of the following NSPS and NESHAP subparts for equipment and processes located at minor facilities or area sources in the O&NG sector.

(A) **General provisions.** The owner or operator of minor affected facilities covered by the O&NG PBR shall comply with applicable requirements of 40 CFR 60, Subpart A.

(B) **Crude oil and natural gas production, transmission, and distribution.** The owner or operator of each minor affected facility shall comply with the applicable standards and requirements of 40 CFR Part 60, Subparts OOOO, ~~and/or~~ OOOOa, and/or OOOOb.

(C) **Stationary compression ignition internal combustion engines.** The owner or operator of a stationary compression ignition internal combustion engine shall comply with the applicable emission, equipment, and work practice standards and testing, reporting monitoring, and recordkeeping requirements of 40 CFR Part 60, Subpart IIII.

(D) **Stationary spark ignition internal combustion engine.** The owner or operator of a stationary spark ignition internal combustion engine shall comply with the applicable emission, equipment, and work practice standards and testing, reporting, monitoring, and recordkeeping requirements of 40 CFR Part 60, Subpart JJJJ.

(E) **General provisions.** The owner or operator of an area source covered by the O&NG PBR shall comply with applicable requirements of 40 CFR Part 63, Subpart A.

(F) **Oil and natural gas production facilities.** The owner or operator of an affected source listed in 40 CFR Section 63.760(a) and (b) and located at an area source shall comply with the applicable emission, equipment, and work practice standards and testing, reporting, monitoring, and recordkeeping requirements of 40 CFR Part 63, Subpart HH.

(G) **Stationary reciprocating internal combustion engines.** The owner or operator of a stationary RICE located at an area source shall comply with the applicable emission, equipment, and work practice standards and testing, reporting, monitoring, and recordkeeping requirements of 40 CFR Part 63, Subpart ZZZZ.

(H) **Equipment subject to any other NSPS or NESHAP.** The owner or operator of the facility shall comply with the applicable emission, equipment, and work practice standards and testing, reporting, monitoring, and recordkeeping requirements of any other applicable NSPS or NESHAP, including any modification to requirements of an existing applicable NSPS or NESHAP.

(2) **DEQ Air Pollution Control Rules, standards, and requirements.** The owner or operator of an O&NG facility covered by this PBR shall comply with applicable portions of the:

(A) emission inventory requirements and annual fee requirements contained in 252:100-5;

(B) excess emission reporting requirements contained in 252:100-9;

(C) particulate matter emission rates contained in 252:100-19 for fuel-burning equipment;

(D) visible emissions (opacity) limits contained in 252:100-25 for subject emission units;

(E) fugitive dust standards contained in 252:100-29;

(F) standards and requirements for the control of the emission of sulfur compounds contained in 252:100-31 for subject emission units;

(G) standards and requirements for the control of the emission of nitrogen oxides contained in 252:100-33 for subject fuel-burning equipment;

(H) standards and requirements for the control of the emission of VOCs contained in 252:100-37 and 252:100-39 for subject emission units; and

(I) testing, monitoring, and recordkeeping requirements contained in 252:100-43.

(c) **Requested process-specific limitations - storage vessel affected facilities.** An owner or operator shall designate on the PBR registration form(s) that either of the following federally enforceable limits are applicable to a specified storage vessel affected facility. The permittee shall submit a notice of enforceability on forms provided by the DEQ to add or remove the applicability of federally enforceable limits to or from any specific emission unit.

(1) The storage vessel affected facility shall be limited to less than 6 TPY of VOC emissions, 12-month rolling total, unless another time measurement is specified under 40 CFR Part 60, Subpart OOOO or OOOOa.

Demonstration of compliance with the VOC emission limit shall be based on records of VOC stored and monthly throughputs. Emissions shall be calculated using current EPA AP-42 methodology for working and breathing emissions or other methodology acceptable to the DEQ, and using available AQD guidance for flash emissions.

(A) In the demonstration of compliance with the VOC emission limit, a properly installed and operated vapor recovery unit (VRU) is considered to recover 100% of the VOC during the time the VRU is in use.

(B) The permittee shall maintain, for a period of five (5) years, records of VOC stored, monthly throughputs, and emissions calculations used to demonstrate compliance, including records of all periods of uncontrolled venting.

(2) The VOC storage vessel shall be limited to less than 6 TPY of VOC emissions, 12-month rolling total, unless another time measurement is specified under 40 CFR Part 60, Subpart OOOO or OOOOa. For any VOCs not routed through a VRU, the storage vessel affected facility shall be controlled utilizing a flare or enclosed combustion device.

(A) For each flare or enclosed combustion device, the presence of a pilot flame shall be monitored using a thermocouple or any other equivalent device, and records of pilot flame(s) outages and/or flare downtime shall be maintained.

(B) The flare or enclosed combustion device shall be operated according to the manufacturer's specifications.

# Permanent Final Adoptions

---

(C) Demonstration of compliance with the VOC emission limit shall be based on emissions calculated from records of VOC stored and monthly throughputs using current EPA AP-42 methodology for working and breathing emissions or other methodology acceptable to the DEQ, AQD guidance for flash emissions, and a VOC control efficiency as specified.

- (i) During periods when records document that the flare or enclosed combustion device was operational, the VOC emissions estimates may be calculated using a VOC destruction efficiency of 95%.
- (ii) If the manufacturer of the flare or enclosed combustion device guarantees a VOC destruction efficiency greater than 95%, the VOC emissions estimates may be calculated using the VOC destruction efficiency guaranteed by the manufacturer, up to but not to exceed 99.5% during periods when records document that the control device was operational.
- (iii) A properly installed and operated VRU is considered to recover 100% of the VOC during the time the VRU is in use.
- (iv) The permittee shall maintain, for a period of five (5) years, records of VOC stored, monthly throughputs, and emissions calculations used to demonstrate compliance, including records of all periods of uncontrolled venting.

**(d) Requested process-specific legally and practicably enforceable limitations - storage vessel affected facilities (tank batteries).** An owner or operator shall designate on the PBR registration form(s) that the following legally and practicably enforceable (LPE) limits are applicable to a specified storage vessel affected facility under 40 CFR Part 60, Subpart OOOOb. The permittee shall submit a notice of enforceability on forms provided by the DEQ to add or remove the applicability of LPE limits to or from any tank battery, whether the tank battery consists of a single storage vessel or multiple storage vessels that are manifolded together for liquid transfer.

(1) The storage vessel affected facility shall be limited to less than 6 TPY of VOC emissions and less than 20 TPY of methane emissions, calculated as cumulative emissions from all storage vessels within the tank battery, with both limits based on a 12-month rolling total.

(A) Demonstration of compliance with the VOC and methane emission limits shall include the following:

- (i) A monthly quantitative throughput volume.
- (ii) The composition of tank contents and any process stream (actual or representative consistent with DEQ policy as established by the Director) necessary to perform the calculations below.
- (iii) Emission calculation methods for working, breathing, and flashing emissions approved by the Director.
- (iv) Process operating parameters, including temperatures and pressures relied on in the compliance calculations.
- (v) The method, if any, used to capture emissions, and divert emissions to a process and/or route emissions to a control device.
- (vi) Calculations showing that, given the tank contents, throughput, and process operating parameters (including downtime), the emissions from the tank battery will not exceed the LPE limits for VOC or methane.

(B) Applicants that elect to comply with the LPE limits through one or more of the following options shall meet these operational and parametric limits:

- (i) If using a nonassisted flare:
  - (I) a closed vent system that routes emissions from the storage vessel affected facility to the flare.
  - (II) a combustion destruction efficiency of at least 95%.
  - (III) the flare shall meet the following applicable requirements of 40 CFR § 60.18: visible emissions requirements in § 60.18(c)(1); the pilot flame requirements in § 60.18(c)(2); the heating value requirements in § 60.18(c)(3)(ii); exit velocity requirements in § 60.18(c)(4); and the operational requirements in § 60.18(e).
- (ii) If using a nonassisted enclosed combustion device:
  - (I) a closed vent system that routes emissions from the storage vessel affected facility to the combustor.
  - (II) a combustion destruction efficiency of at least 95%.

- (III) the combustor shall meet the following applicable requirements for flares in 40 CFR § 60.18: visible emissions requirements in § 60.18(c)(1); the pilot flame requirements in § 60.18(c)(2); the heating value requirements in § 60.18(c)(3)(ii); and the operational requirements in § 60.18(e).
- (IV) the maximum design capacity (MMBTU/hr) of the gases combusted as established by the manufacturer or operator during a performance test.
- (iii) If using a VRU:
- (I) a closed vent system that captures all emissions from the storage vessel affected facility and routes all emissions to a process.
- (II) the openings of the storage vessels shall be closed and sealed (e.g., covered by a gasketed lid, cap, or other appropriate methods) during normal operation.
- (C) The emission reductions associated with the option(s) selected under (B) shall only be included in emissions calculations to show compliance with limits in (1) above when the following initial and periodic and/or continuous monitoring requirements are met:
- (i) If using a nonassisted flare or enclosed combustion device:
- (I) perform an initial visible emission observation of the flare or enclosed combustion device using Method 22 in Appendix A of 40 CFR Part 60, with a minimum observation time of six (6) minutes, within 60 days of initial operation.
- (II) continuously monitor at least once every five minutes for the presence of a pilot flame or combustion flame using a device (including, but not limited to, a thermocouple, ultraviolet beam sensor, or infrared sensor) capable of detecting that the pilot or combustion flame is present at all times. An alert must be sent whenever the pilot or combustion flame is unlit.
- (III) perform an initial, and semi-annually thereafter, determination of the net heating value of the gasses combusted using the equation in 40 CFR § 60.18(f)(3), GPA Method 2261, or other approved method. If this requirement is removed, waived, or otherwise explicitly rendered unnecessary in 40 CFR Part 60, Subpart OOOOb, the requirement in this subunit shall also be waived or otherwise rendered unnecessary.
- (IV) for a flare, perform an initial, and semi-annually thereafter, determination of the exit velocity of the gasses combusted, calculated by dividing the volumetric flowrate by the unobstructed (free) cross sectional area of the flare tip. Volumetric flowrate shall be determined by Method 2 in Appendix A of 40 CFR Part 60, or a generally accepted model or calculation methodology.
- (V) for an enclosed combustion device, perform an initial, and semi-annually thereafter, demonstration that the actual heat content (MMBTU/hr) of the gases combusted are within the design values that were established by the manufacturer or minimum net heating value determined during an initial performance test. The heat content of the combusted gases shall be determined by a generally accepted model or calculation methodology.
- (VI) whenever the closed vent system, flare, or enclosed combustion device experiences outages and/or downtime, maintain calculations of associated emissions for the purpose of determining compliance with the limits in paragraph (1).
- (ii) If using a VRU, whenever the closed vent system and/or VRU experiences outages and/or downtime, maintain calculations of associated emissions for the purpose of determining compliance with the limits in paragraph (1).
- (D) Reporting of any exceedances of these limits in accordance with DEQ guidance.
- (E) Recordkeeping updated monthly and maintained for a period of five (5) years, including:
- (i) Records of contents stored,
- (ii) Monthly and 12-month rolling total throughputs,
- (iii) Records of parameters monitored as required in subparagraphs (A) and (B) above,
- (iv) Monthly and 12-month rolling total emissions calculations used to demonstrate compliance,
- (v) Times and emissions when the system used to comply with the LPE limits is not operating in accordance with the requirements established in this subsection,
- (vi) Records of all periods of uncontrolled venting, and
- (vii) Equipment specifications, manuals, and/or maintenance records, as appropriate.

(2).[RESERVED]

## 252:100-7-60.6. Emergency engine facilities [AMENDED]

(a) **Applicability.** This PBR is issued for minor facilities and area sources whose only obligation to obtain a permit is due to the construction (installation) and/or operation of an emergency engine that is subject to an emission standard, equipment standard, or work practice standard in the federal NSPS (40 CFR Part 60) or the federal NESHAP (40 CFR Parts 61 and 63). This includes but is not limited to facilities subject to 40 CFR Part 60, primarily Subparts IIII and JJJJ, and/or 40 CFR Part 63, primarily Subpart ZZZZ, as cited in this PBR and incorporated by reference in OAC 252:100-2 and Appendix Q to Chapter 100. Specifically, this PBR applies to the following:

(1) **Eligible minor facilities and area sources.** New and existing minor facilities and area sources are eligible for this PBR, provided they comply with the conditions in (A) through (F) of this paragraph.

(A) The obligation to obtain a permit from the DEQ is solely because of the presence of one or more emergency engines.

(B) The facility has actual emissions of 40 TPY or less of each regulated air pollutant, except HAPs and GHGs (as individual pollutants and as an aggregate).

(C) The facility has potential emissions of each regulated air pollutant, except HAPs, that are less than the emission levels that require prevention of significant deterioration (PSD), nonattainment new source review (NNSR), and Part 70 permits.

(D) The facility does not emit or have potential emissions of 10 TPY or more of any single HAP and 25 TPY or more of any combination of HAPs.

(E) The facility must meet the criteria in 252:100-7-15(b)(1)(D) and (E).

(F) The facility is not otherwise a Part 70 source.

(2) **Equipment and processes.** This PBR covers equipment and processes located at minor facilities and area sources which meet the criteria contained in 252:100-7-60.6(a)(1). Covered equipment and processes under this PBR include, but are not limited to:

(A) Stationary compression ignition internal combustion engines, as specified in 40 CFR Section 60.4200 of NSPS Subpart IIII.

(B) Stationary spark ignition internal combustion engines, as specified in 40 CFR Section 60.4230 of NSPS Subpart JJJJ.

(C) Stationary reciprocating internal combustion engines (RICE), as specified in 40 CFR Section 63.6585 of NESHAP Subpart ZZZZ.

### (b) Standards and requirements.

(1) **NSPS and NESHAP requirements.** The owner or operator shall meet the applicable requirements of the following NSPS and NESHAP subparts for equipment and processes of emergency engine facilities.

(A) **NSPS general provisions.** The owner or operator of a minor affected facility covered by the emergency engine PBR shall comply with applicable requirements of 40 CFR Part 60, Subpart A.

(B) **Stationary compression ignition internal combustion engines.** The owner or operator of a stationary compression ignition internal combustion engine shall comply with the applicable emission, equipment, and work practice standards, and testing, reporting, monitoring, and recordkeeping requirements of 40 CFR Part 60, Subpart IIII.

(C) **Stationary spark ignition internal combustion engines.** The owner or operator of a stationary spark ignition internal combustion engine shall comply with the applicable emission, equipment, and work practice standards, and testing, reporting, monitoring, and recordkeeping requirements of 40 CFR Part 60, Subpart JJJJ.

(D) **NESHAP general provisions.** The owner or operator of an area source covered by the emergency engine PBR shall comply with the applicable requirements of 40 CFR Part 63, Subpart A.

(E) **Stationary reciprocating internal combustion engines.** The owner or operator of a stationary RICE located at an area source shall comply with the applicable emission, equipment, and work practice standards, and testing, monitoring, and recordkeeping requirements of 40 CFR Part 63, Subpart ZZZZ.

(F) **Emergency engine subject to any other NSPS or NESHAP.** The owner or operator of the facility shall comply with the applicable general provisions, emission, equipment, and work practice standards, and testing, reporting, monitoring, and recordkeeping requirements of any other applicable NSPS or NESHAP, including any modification to applicable requirements of an existing NSPS or NESHAP.

(2) **DEQ Air Pollution Control Rules, standards, and requirements.** The owner or operator of an emergency engine facility covered by this PBR shall comply with applicable portions of the:

- (A) emission inventory requirements and annual fee requirements contained in 252:100-5;
- (B) excess emission reporting requirements contained in 252:100-9;
- (C) particulate matter emission rates contained in 252:100-19 for fuel-burning equipment;
- (D) visible emissions (opacity) limits contained in 252:100-25 for subject emission units;
- (E) fugitive dust standards contained in 252:100-29;
- (F) standards and requirements for the control of the emission of sulfur compounds contained in 252:100-31 for subject emission units;
- (G) standards and requirements for the control of the emission of nitrogen oxides contained in 252:100-33 for subject fuel-burning equipment;
- (H) standards and requirements for the control of the emission of VOCs contained in 252:100-37 and 252:100-39 for subject emission units; and
- (I) testing, monitoring, and recordkeeping requirements contained in 252:100-43.

### **252:100-7-60.7. Gasoline dispensing facilities and gasoline dispensing facilities with emergency engines [AMENDED]**

(a) **Applicability.** This PBR is issued for minor facilities and area sources whose primary or only obligation to obtain a permit is due to the construction (installation) and/or operation of a gasoline dispensing facility that is subject to an emission standard, equipment standard, or work practice standard in the federal NSPS (40 CFR Part 60) or the federal NESHAP (40 CFR Parts 61 and 63). This includes facilities subject to 40 CFR Part 60, Subparts IIII and JJJJ, and/or 40 CFR Part 63, primarily Subparts ZZZZ, and CCCCCC, as cited in this PBR and incorporated by reference in OAC 252:100-2 and Appendix Q to Chapter 100. Specifically, this PBR applies to the following:

(1) **Eligible minor facilities and area sources.** New minor facilities and area sources are eligible for this PBR, provided they comply with the conditions in (A) through (F) of this paragraph.

- (A) The obligation to obtain a permit from the DEQ is solely due to the presence of a gasoline dispensing facility, or the presence of a gasoline dispensing facility and an emergency engine.
- (B) The facility has actual emissions of 40 TPY or less of each regulated air pollutant, except HAPs and GHGs (as individual pollutants and as aggregate).
- (C) The facility has potential emissions of each regulated air pollutant, except HAPs, that are less than the emission levels that require prevention of significant deterioration (PSD), nonattainment new source review (NSR), and Part 70 permits.
- (D) The facility does not emit or have potential emissions of 10 TPY or more of any single HAP, and does not emit or have potential emissions of 25 TPY or more of any combination of HAPs.
- (E) The facility must meet the criteria in 252:100-7-15(b)(1)(D) and (E).
- (F) The facility is not otherwise a Part 70 source.

(2) **Equipment and processes.** This PBR covers equipment and processes located at minor facilities and area sources that meet the criteria contained in 252:100-7-60.7(a)(1). Covered equipment and processes under this PBR include, but are not limited to:

- (A) Gasoline dispensing facilities, as specified in 40 CFR Section 63.11110 of NESHAP Subpart CCCCCC.
- (B) Gasoline dispensing facilities, as specified in 40 CFR Section 63.11110 of NESHAP Subpart CCCCCC, with one or more emergency engines, as specified in NSPS Subparts IIII/JJJJ and/or NESHAP Subpart ZZZZ.

#### **(b) Standards and requirements.**

(1) **NSPS and NESHAP requirements.** The owner or operator shall meet the applicable requirements of the following NSPS and NESHAP subparts for equipment and processes at gasoline dispensing facilities or gasoline dispensing facilities with emergency engines.

- (A) **NSPS general provisions.** The owner or operator of a gasoline dispensing facility with an emergency engine(s) shall comply with applicable requirements of 40 CFR Part 60, Subpart A.
- (B) **Stationary compression ignition internal combustion engines.** The owner or operator of an emergency stationary compression ignition internal combustion engine shall comply with the applicable emission, equipment, and work practice standards, and testing, reporting, monitoring, and recordkeeping requirements of 40 CFR Part 60, Subpart IIII.
- (C) **Stationary spark ignition internal combustion engines.** The owner or operator of an emergency stationary spark ignition internal combustion engine shall comply with the applicable emission, equipment, and work practice standards, and testing, reporting, monitoring, and recordkeeping requirements of 40 CFR Part 60, Subpart JJJJ.

# Permanent Final Adoptions

---

(D) **NESHAP general provisions.** The owner or operator of an area source covered by the gasoline dispensing facility PBR shall comply with the applicable requirements of 40 CFR Part 63, Subpart A.

(E) **Gasoline dispensing facility.** The owner or operator of a gasoline dispensing facility shall comply with the applicable emission, equipment, and work practice standards, and testing, reporting, monitoring, and recordkeeping requirements of 40 CFR Part 63, Subpart CCCCC.

(F) **Stationary reciprocating internal combustion engines (RICE).** The owner or operator of an emergency stationary RICE located at an area source shall comply with the applicable emission, equipment, and work practice standards, and testing, reporting, monitoring, and recordkeeping requirements of 40 CFR Part 63, Subpart ZZZZ.

(G) **Gasoline dispensing facilities subject to any other NSPS or NESHAP.** The owner or operator of the facility shall comply with the applicable general provisions, emission, equipment, and work practice standards, and testing, reporting, monitoring, and recordkeeping requirements of any other applicable NSPS or NESHAP, including any modification to applicable requirements of an existing NSPS or NESHAP.

(2) **DEQ Air Pollution Control Rules, standards, and requirements.** The owner or operator of a gasoline dispensing facility covered by this PBR shall comply with applicable portions of the:

(A) emission inventory requirements and annual fee requirements contained in 252:100-5;

(B) excess emission reporting requirements contained in 252:100-9;

(C) particulate matter emission rates contained in 252:100-19 for fuel-burning equipment;

(D) visible emissions (opacity) limits contained in 252:100-25 for subject emission units;

(E) fugitive dust standards contained in 252:100-29;

(F) standards and requirements for the control of the emission of sulfur compounds contained in 252:100-31 for subject emission units;

(G) standards and requirements for the control of the emission of nitrogen oxides contained in 252:100-33 for subject fuel-burning equipment;

(H) standards and requirements for the control of the emission of VOCs contained in 252:100-37 and 252:100-39 for subject emission units; and

(I) testing, monitoring, and recordkeeping requirements contained in 252:100-43.

## SUBCHAPTER 8. PERMITS FOR PART 70 SOURCES AND MAJOR NEW SOURCE REVIEW (NSR) SOURCES

### PART 5. PERMITS FOR PART 70 SOURCES

#### 252:100-8-2. Definitions [AMENDED]

The following words and terms, when used in this Part, shall have the following meaning, unless the context clearly indicates otherwise. Except as specifically provided in this Section, terms used in this Part retain the meaning accorded them under the applicable requirements of the Act.

**"Administratively complete"** means an application that provides:

(A) All information required under OAC 252:100-8-5(c), (d), or (e);

(B) A landowner affidavit as required by OAC 252:4-7-13(b);

(C) The appropriate application fees as required by OAC 252:100-8-1.7; and

(D) Certification by the responsible official as required by OAC 252:100-8-5(f).

**"Affected source"** means the same as the meaning given to it in the regulations promulgated under Title IV (acid rain) of the Act.

**"Affected states"** means:

(A) all states:

(i) That are one of the following contiguous states: Arkansas, Colorado, Kansas, Missouri, New Mexico and Texas, and

(ii) That in the judgment of the DEQ may be directly affected by emissions from the facility seeking the permit, permit modification, or permit renewal being proposed; or

(B) all states that are within 50 miles of the permitted source.

**"Affected unit"** means the same as the meaning given to it in the regulations promulgated under Title IV (acid rain) of the Act.

**"Applicable requirement"** means all of the following as they apply to emissions units in a Part 70 source subject to this Chapter (including requirements that have been promulgated or approved by EPA through rulemaking at the time of issuance but have future effective compliance dates):

- (A) Any standard or other requirements provided for in the applicable implementation plan approved or promulgated by EPA through rulemaking under Title I of the Act that implements the relevant requirements of the Act, including any revisions to that plan promulgated in 40 CFR Part 52;
- (B) Any term or condition of any preconstruction permits issued pursuant to regulations approved or promulgated through rulemaking under Title I, including parts C or D, of the Act;
- (C) Any standard or other requirement under section 111 of the Act, including section 111(d);
- (D) Any standard or other requirement under section 112 of the Act, including any requirement concerning accident prevention under section 112(r)(7) of the Act, but not including the contents of any risk management plan required under 112(r) of the Act;
- (E) Any standard or other requirement of the acid rain program under Title IV of the Act or the regulations promulgated thereunder;
- (F) Any requirements established pursuant to section 504(b) or section 114(a)(3) of the Act;
- (G) Any standard or other requirement governing solid waste incineration, under section 129 of the Act;
- (H) Any standard or other requirement for consumer and commercial products, under section 183(e) of the Act;
- (I) Any standard or other requirement for tank vessels, under section 183(f) of the Act;
- (J) Any standard or other requirement of the regulations promulgated to protect stratospheric ozone under Title VI of the Act, unless the Administrator has determined that such requirements need not be contained in a Title V permit; and
- (K) Any national ambient air quality standard or increment or visibility requirement under part C of Title I of the Act, but only as it would apply to temporary sources permitted pursuant to section 504(e) of the Act.

**"Begin actual construction"** means for purposes of this Part, that the owner or operator has begun the construction or installation of the emitting equipment on a pad or in the final location at the facility.

**"Designated representative"** means with respect to affected units, a responsible person or official authorized by the owner or operator of a unit to represent the owner or operator in matters pertaining to the holding, transfer, or disposition of allowances allocated to a unit, and the submission of and compliance with permits, permit applications, and compliance plans for the unit.

**"Draft permit"** means the version of a permit for which the DEQ offers public participation under 27A O.S. §§ 2-14-101 through 2-14-401 and OAC 252:4-7 or affected State review under OAC 252:100-8-8.

**"Emergency"** means, when used in OAC 252:100-8-6(a)(3)(C)(iii)(I) and (e), any situation arising from sudden and reasonably unforeseeable events beyond the control of the source, including acts of God, which situation requires immediate corrective action to restore normal operation, and that causes the source to exceed a technology-based emission limitation under the permit, due to unavoidable increases in emissions attributable to the emergency. An emergency shall not include noncompliance to the extent caused by improperly designed equipment, lack of preventive maintenance, careless or improper operation, or operator error.

**"Emissions allowable under the permit"** means a federally enforceable permit term or condition determined at issuance to be required by an applicable requirement that establishes an emissions limit (including a work practice standard) or a federally enforceable emissions cap that the source has assumed to avoid an applicable requirement to which the source would otherwise be subject.

**"Emissions unit"** means any part or activity of a stationary source that emits or has the potential to emit any regulated air pollutant or any pollutant listed under section 112(b) of the Act. Fugitive emissions from valves, flanges, etc. associated with a specific unit process shall be identified with that specific emission unit. This term is not meant to alter or affect the definition of the term "unit" for purposes of Title IV of the Act.

**"Enhanced NSR process"** means a process under which the evaluation of requirements applicable under NSR is integrated with a full determination of procedural and compliance requirements under the Part 70 source (Title V) operating permit program. This process is an alternative to traditional NSR process, and is only available for facilities already operating under a Title V permit. Under the enhanced NSR process, the 30-day public review period for a draft NSR permit is integrated with the 45-day EPA review of the Title V permit and would allow for the issuance of a major source construction permit whose applicable Title V implications have also been reviewed. Therefore, the applicable requirements of the construction permit may later be incorporated as a modification to the Title V operating permit using the administrative amendment process of OAC 252:100-8-7.2(a) - without further public or EPA review, as authorized in OAC 252:4-7-13(g)(4).

# Permanent Final Adoptions

---

**"Final permit"** means the version of a part 70 permit issued by the DEQ that has completed all review procedures required by OAC 252:100-8-7 through 252:100-8-7.5 and OAC 252:100-8-8.

**"Fugitive emissions"** means those emissions of regulated air pollutants which could not reasonably pass through a stack, chimney, vent, or other functionally-equivalent opening.

**"General permit"** means a part 70 permit that meets the requirements of OAC 252:100-8-6.1.

**"Insignificant activities"** means individual emissions units that are either on the list approved by the Administrator and contained in Appendix I, or whose actual calendar year emissions do not exceed any of the limits in (A) and (B) of this definition. Any activity to which a State or federal applicable requirement applies is not insignificant even if it meets the criteria below or is included on the insignificant activities list.

(A) 5 tons per year (TPY) of any one criteria pollutant.

(B) 2 tons per year for any one hazardous air pollutant (HAP) or 5 tons per year for an aggregate of two or more HAPs, or 20 percent of any threshold less than 10 tons per year for single HAP that the EPA may establish by rule.

**"MACT"** means maximum achievable control technology.

**"Major source"** means any stationary source (or any group of stationary sources that are located on one or more contiguous or adjacent properties and are under common control of the same person (or persons under common control)) belonging to a single major industrial grouping and that is described in subparagraph (A), (B), or (C) of this definition. For the purposes of defining "major source," a stationary source or group of stationary sources shall be considered part of a single industrial grouping if all of the pollutant emitting activities at such source or group of sources on contiguous or adjacent properties belong to the same Major Group (i.e., all have the same two-digit primary SIC code) as described in the Standard Industrial Classification Manual, 1987. For onshore activities belonging to Standard Industrial Classification (SIC) Major Group 13: Oil and Gas Extraction, pollutant emitting activities shall be considered adjacent if they are located on the same surface site; or if they are located on surface sites that are located within 1/4 mile of one another (measured from the center of the equipment on the surface site) and they share equipment. Shared equipment includes, but is not limited to, produced fluids storage tanks, phase separators, natural gas dehydrators, or emissions control devices. Surface site, as used in this definition, has the same meaning as in 40 CFR 63.761.

(A) A major source under section 112 of the Act, which is defined as:

(i) For pollutants other than radionuclides, any stationary source or group of stationary sources located within a contiguous area and under common control that emits or has the potential to emit, in the aggregate, 10 TPY or more of any hazardous air pollutant which has been listed pursuant to section 112(b) of the Act, 25 TPY or more of any combination of such hazardous air pollutants, or such lesser quantity as the Administrator may establish by rule.

Notwithstanding the preceding sentence, emissions from any oil or gas exploration or production well (with its associated equipment) and emissions from any pipeline compressor or pump station shall not be aggregated with emissions from other similar units, whether or not such units are in a contiguous area or under common control, to determine whether such units or stations are major sources; or

(ii) For radionuclides, "major source" shall have the meaning specified by the Administrator by rule.

(B) A major stationary source of air pollutants, as defined in section 302 of the Act, that directly emits or has the potential to emit, 100 TPY or more of any air pollutant (except gross particulate matter and GHGs, as individual pollutants and as an aggregate) subject to regulation (including any major source of fugitive emissions of any such pollutant, as determined by rule by the Administrator). The fugitive emissions of a stationary source shall not be considered in determining whether it is a major stationary source for the purposes of section 302(j) of the Act, unless the source belongs to one of the following categories of stationary sources:

(i) Coal cleaning plants (with thermal dryers);

(ii) Kraft pulp mills;

(iii) Portland cement plants;

(iv) Primary zinc smelters;

(v) Iron and steel mills;

(vi) Primary aluminum ore reduction plants;

(vii) Primary copper smelters;

(viii) Municipal incinerators capable of charging more than 250 tons of refuse per day;

(ix) Hydrofluoric, sulfuric, or nitric acid plants;

(x) Petroleum refineries;

- (xi) Lime plants;
- (xii) Phosphate rock processing plants;
- (xiii) Coke oven batteries;
- (xiv) Sulfur recovery plants;
- (xv) Carbon black plants (furnace process);
- (xvi) Primary lead smelters;
- (xvii) Fuel conversion plants;
- (xviii) Sintering plants;
- (xix) Secondary metal production plants;
- (xx) Chemical process plants (not including ethanol production facilities that produce ethanol by natural fermentation included in NAICS codes 325193 or 312140);
- (xxi) Fossil-fuel boilers (or combination thereof) totaling more than 250 million British thermal units per hour heat input;
- (xxii) Petroleum storage and transfer units with a total storage capacity exceeding 300,000 barrels;
- (xxiii) Taconite ore processing plants;
- (xxiv) Glass fiber processing plants;
- (xxv) Charcoal production plants;
- (xxvi) Fossil-fuel-fired steam electric plants of more than 250 million British thermal units per hour heat input; or
- (xxvii) All other stationary source categories which, as of August 7, 1980, are being regulated by a standard promulgated under section 111 or 112 of the Act.

(C) A major stationary source as defined in part D of Title I of the Act, including:

- (i) For ozone nonattainment areas, sources with the potential to emit 100 TPY or more of volatile organic compounds or oxides of nitrogen in areas classified or treated as classified as "Marginal" or "Moderate," 50 TPY or more in areas classified or treated as classified as "Serious," 25 TPY or more in areas classified or treated as classified as "Severe," and 10 TPY or more in areas classified or treated as classified as "Extreme"; except that the references in this paragraph to 100, 50, 25, and 10 TPY of nitrogen oxides shall not apply with respect to any source for which the Administrator has made a finding, under section 182(f)(1) or (2) of the Act, that requirements under section 182(f) of the Act do not apply;
- (ii) For ozone transport regions established pursuant to section 184 of the Act, sources with the potential to emit 50 TPY or more of volatile organic compounds;
- (iii) For carbon monoxide nonattainment areas:
  - (I) that are classified or treated as classified as "Serious"; and
  - (II) in which stationary sources contribute significantly to carbon monoxide levels as determined under rules issued by the Administrator, sources with the potential to emit 50 TPY or more of carbon monoxide; and
- (iv) For particulate matter (PM<sub>10</sub>) nonattainment areas classified or treated as classified as "Serious," sources with the potential to emit 70 TPY or more of PM<sub>10</sub>.

**"Maximum capacity"** means the quantity of air contaminants that theoretically could be emitted by a stationary source without control devices based on the design capacity or maximum production capacity of the source and 8,760 hours of operation per year. In determining the maximum theoretical emissions of VOCs for a source, the design capacity or maximum production capacity shall include the use of raw materials, coatings and inks with the highest VOC content used in practice by the source.

**"Permit"** means (unless the context suggests otherwise) any permit or group of permits covering a Part 70 source that is issued, renewed, amended, or revised pursuant to this Chapter.

**"Permit modification"** means a revision to a Part 70 source construction or operating permit that meets the requirements of OAC 252:100-8-7.2(b).

**"Permit program costs"** means all reasonable (direct and indirect) costs required to develop and administer a permit program, as set forth in OAC 252:100-5-2.2 (whether such costs are incurred by the DEQ or other State or local agencies that do not issue permits directly, but that support permit issuance or administration).

**"Permit revision"** means any permit modification or administrative permit amendment.

# Permanent Final Adoptions

---

**"Potential to emit"** means the maximum capacity of a stationary source to emit any air pollutant under its physical and operational design. Any physical or operational limitation on the capacity of a source to emit an air pollutant, including air pollution control equipment and restrictions on hours of operation or on the type or amount of material combusted, stored, or processed, shall be treated as part of its design if the limitation is enforceable by the Administrator. This term does not alter or affect the use of this term for any other purposes under the Act, or the term "capacity factor" as used in Title IV of the Act or the regulations promulgated thereunder.

**"Proposed permit"** means the version of a permit that the DEQ proposes to issue and forwards to the Administrator for review in compliance with OAC 252:100-8-8.

**"Regulated air pollutant"** means the following:

- (A) Nitrogen oxides or any volatile organic compound (VOC), including those substances defined in OAC 252:100-1-3, 252:100-37-2, and 252:100-39-2, except those specifically excluded in the EPA definition of VOC in 40 CFR 51.100(s);
- (B) Any pollutant for which a national ambient air quality standard has been promulgated;
- (C) Any pollutant that is subject to any standard promulgated under section 111 of the Act;
- (D) Any Class I or II ozone-depleting substance subject to a standard promulgated under or established by Title VI of the Act;
- (E) Any pollutant subject to a standard promulgated under section 112 or other requirements established under section 112 of the Act (Hazardous Air Pollutants), including sections 112(g) (Modifications), (j) (Equivalent Emission Limitation by Permit, and (r) (Prevention of Accidental Releases), including the following:
  - (i) any pollutant subject to the requirements under section 112(j) of the Act. If the Administrator fails to promulgate a standard by the date established pursuant to section 112(e) of the Act (Schedule for Standards and Review), any pollutant for which a subject source would be major shall be considered to be regulated as to that source on the date 18 months after the applicable date established pursuant to section 112(e) of the Act; and,
  - (ii) any pollutant for which the requirements of section 112(g)(2) of the Act have been met, but only with respect to the individual source subject to the section 112(g)(2) requirement; or
- (F) Any other substance for which an air emission limitation or equipment standard is set by an existing permit or regulation.

**"Renewal"** means the process by which a permit is reissued at the end of its term.

**"Section 502(b)(10) changes"** means changes that contravene an express permit term. Such changes do not include changes that would violate applicable requirements or contravene federally enforceable permit terms and conditions that are monitoring (including test methods), recordkeeping, reporting, or compliance certification requirements.

**"Small unit"** means a fossil fuel fired combustion device which serves a generator with a name plate capacity of 25 MWe or less.

**"State-only requirement"** means any standard or requirement pursuant to Oklahoma Clean Air Act (27A O.S. §§ 2-5-101 through 2-5-118, as amended) that is not contained in the State Implementation Plan (SIP).

**"State program"** means a program approved by the Administrator under 40 CFR Part 70.

**"Stationary source"** means any building, structure, facility, or installation that emits or may emit any regulated air pollutant or any pollutant listed under section 112(b) of the Act as it existed on January 2, 2006.

**"Subject to regulation"** means, for any air pollutant, that the pollutant is subject to either a provision in the federal Clean Air Act, or a nationally-applicable regulation codified by the EPA Administrator in subchapter C of Chapter I of 40 CFR, that requires actual control of the quantity of emissions of that pollutant, and that such a control requirement has taken effect and is operative to control, limit, or restrict the quantity of emissions of that pollutant released from the regulated activity. Except that:

- (A) Greenhouse gases (GHG) shall not be subject to regulation unless, as of July 1, 2011, the GHG emissions are at a stationary source emitting or having the potential to emit 100,000 TPY CO<sub>2</sub> equivalent emissions (CO<sub>2</sub>e) and are otherwise subject to regulation as previously described in this definition.
- (B) The term TPY CO<sub>2</sub> equivalent emissions (CO<sub>2</sub>e) shall represent an amount of GHG emitted, and shall be computed by multiplying the mass amount of emissions (TPY), for each of the six greenhouse gases in the pollutant GHG, by the gas' associated global warming potential (GWP) published in Table A-1 to subpart A of 40 CFR Part 98 - Global Warming Potentials, and summing the resultant value for each to compute a TPY CO<sub>2</sub>e.

(C) If federal legislation or a federal court stays, invalidates, delays the effective date, or otherwise renders unenforceable by the EPA, in whole or in part, the EPA's tailoring rule (75 FR 31514, June 3, 2010), endangerment finding (74 FR 66496, December 15, 2009), or light-duty vehicle greenhouse gas emission standard (75 FR 25686, May 7, 2010), this definition shall be enforceable only to the extent that it is enforceable by the EPA.

**"Traditional NSR process"** means a process under which the evaluation of requirements applicable under NSR is performed independently of the determination of procedural and compliance requirements under the Part 70 source (Title V) operating permit program. This process is required for facilities that have not yet received a Part 70 source operating permit, but it may also be used (as an alternative to the enhanced NSR process) for facilities that have already received a Part 70 source operating permit. Under the traditional NSR process, the EPA has an opportunity to review a draft construction permit during the 30-day public review period. This process is independent of the subsequent application, review, and issuance process for the source's initial or modified Part 70 source operating permit that includes a 30-day public review period and a separate 45-day EPA review period, as described in OAC 252:100-8-8 and OAC 252:4-7.

**"Trivial activities"** means any individual or combination of air emissions units that are considered inconsequential and are on a list approved by the Administrator and contained in Appendix J.

**"Unit"** means, for purposes of Title IV, a fossil fuel-fired combustion device.

### **252:100-8-4. Requirements for construction and operating permits [AMENDED]**

#### **(a) Construction permits.**

##### **(1) Construction permit required.**

**(A) Facilities without Part 70 operating permits.** Except as provided in OAC 252:100-8-4(a)(1)(D), no person shall:

- (i) begin actual construction or installation of any new source that will require a Part 70 operating permit without first obtaining a DEQ-issued air quality construction permit under Part 5 of OAC 252:100-8, or
- (ii) make a modification to an existing minor facility such that it will require a Part 70 operating permit without first obtaining a DEQ-issued air quality construction permit under Part 5 of OAC 252:100-8.

**(B) Facilities with Part 70 operating permits.** Except as provided in OAC 252:100-8-4(a)(1)(D), a construction permit is also required prior to

- (i) reconstruction of a major affected source under 40 CFR Part 63,
- (ii) reconstruction of a major source if it would then become a major affected source under 40 CFR Part 63,
- (iii) commencement of any physical change or change in method of operation that would be a significant modification under OAC 252:100-8-7.2(b)(2), or
- (iv) commencement of any physical change or change in method of operation that, for any one regulated air pollutant (except for GHGs, as individual pollutants and as an aggregate), would increase potential to emit by more than 10 TPY, calculated using the approach in 40 C.F.R. Section 49.153(b).

**(C) Additional Requirements.** In addition to the requirements of this Part, sources subject to Part 7 or Part 9 of this Subchapter must also meet the applicable requirements contained therein.

**(D) Construction Activities Prior to Issuance of a Minor NSR (Construction) Permit.** After the submission of an administratively complete minor NSR construction permit application, but prior to the issuance of the corresponding construction permit, an applicant may begin construction up to, but not including, making any new, modified, or reconstructed unit operational such that it has the ability to emit any regulated air pollutant. The applicant assumes the risk of losing any investment it makes toward implementing such construction prior to the issuance of a construction permit authorizing the construction. If a minor NSR project necessitates determination of BACT, and the BACT recommended in the permit application is not approved in whole or in part by DEQ, the subsequent resolution of the appropriate selection of BACT shall be based upon the facility's pre-application physical configuration. DEQ retains the authority to deny the permit application without consideration of and regardless of any investment the applicant has made prior to permit issuance. This subparagraph does not serve as authorization by DEQ of the requested construction. In addition, this exception does not exempt the owner or operator from any applicable requirements under federal rules (e.g., NSPS or NESHAP) or state-only regulations.

##### **(2) Requirement for case-by-case MACT determinations.**

# Permanent Final Adoptions

---

(A) **Applicability.** The requirement for case-by-case MACT determinations apply to any owner or operator who constructs or reconstructs a major source of hazardous air pollutants after June 29, 1998, unless the source has been specifically regulated or exempted from regulation under a subpart of 40 CFR Part 63, or the owner or operator has received all necessary air quality permits for such construction or reconstruction before June 29, 1998.

(B) **Exclusions.** The following sources are not subject to this subsection.

(i) Electric utility steam generating units unless and until these units are added to the source category list.

(ii) Stationary sources that are within a source category that has been deleted from the source category list.

(iii) Research and development activities as defined in 40 CFR § 63.41.

(C) **MACT determinations.** If subject to this subsection, an owner or operator may not begin actual construction or reconstruction of a major source of HAP until obtaining from the DEQ an approved MACT determination in accordance with the following regulations: 40 CFR 63.41, 40 CFR 63.43 and 40 CFR 63.44, which are hereby incorporated by reference as they exist on July 1, 2000.

## (b) Operating permits.

(1) **Operating permits required.** Except as provided in subparagraphs (A) and (B) of this paragraph, no Part 70 source subject to this Chapter may operate after the time that it is required to file a timely application with the DEQ, except in compliance with a DEQ-issued permit.

(A) If the owner or operator of a source subject to the requirement to obtain a Part 70 permit submits a timely application for Part 70 permit issuance or renewal, that source's failure to have a Part 70 permit shall not be a violation of the requirement to have such a permit until the DEQ takes final action on the application. This protection shall cease to apply if the applicant fails to submit, by the deadline specified in writing by the DEQ or OAC 252:100-8-4, any additional information identified as being reasonably required to process the application.

(B) If the owner or operator of a source subject to this Subchapter files a timely application that the DEQ determines to be administratively incomplete due to the applicant's failure to timely provide additional information requested by the DEQ, the applicant loses the protection granted under paragraph (A) of this Section. The source's failure to have a Part 70 permit shall be deemed a violation of this Subchapter.

(C) Filing an operating permit application shall not affect the requirement, if any, that a source have a construction permit.

(2) **Duty to apply.** For each Part 70 source, the owner or operator shall submit a timely and complete permit application on forms supplied by the DEQ in accordance with this section.

(3) **Timely application.** A timely application is a complete application (including appropriate fees) that is received with a legible, dated U.S. Postal Service postmark (private metered postmarks are not acceptable), delivered by a commercial carrier with a dated delivery receipt, date-stamped by DEQ when delivered in person, or submitted electronically via email or other electronic submittal system as designated by the Division, on or before the relevant date listed below.

(A) A new source shall file an administratively complete operating permit application within 180 days of commencement of operation.

(B) An existing source that becomes subject to the Part 70 operating permit program due to modification shall file an administratively complete operating permit application within 180 days of commencement of operation of the modification.

(C) An existing source that becomes subject to the Part 70 operating permit program, without undergoing physical or operational changes ~~resulting that result~~ in an increase in the emission of any air pollutant subject to regulation, shall file an administratively complete operating permit application ~~by March 6, 1999 or~~ within 12 months after the effective date on which the source first becomes subject to the Part 70 operating permit program, ~~whichever is later.~~ Compliance with the requirement to submit an administratively complete operating permit application does not authorize a facility to operate with new emission limits. To obtain new emission limits, the owner/operator must obtain a DEQ-issued air quality construction permit under Part 5 of OAC 252:100-8.

(4) [Reserved]

(5) [Reserved]

(6) **Application acceptability.** Notwithstanding the deadlines established in paragraph (4) of this subsection, an application filed prior to the above deadlines following submission of the state program to EPA for approval shall be accepted for processing.

(7) **112(g) applications.** A source that is required to meet the requirements under section 112(g) of the Act, or to have a permit under a preconstruction review program under Title I of such Act, shall file an application to obtain an operating permit or permit amendment or modification within twelve months of commencing operation.

Where an existing Part 70 operating permit would prohibit such construction or change in operation, the source must obtain a construction permit before commencing construction.

(8) **Application for renewal.** Sources subject to this Chapter shall file an application for renewal of an operating permit at least 180 days before the date of permit expiration, unless a longer period (not to exceed 540 days) is specified in the permit. Renewal periods greater than 180 days are subject to negotiation on a case-by-case basis.

(9) **Phase II acid rain permits.** Sources required to submit applications under the Acid Rain Program shall submit these applications as required by 40 CFR 72.30(b)(2)(i) through (viii).

(10) **Application completeness.** See Environmental Permit Process, OAC 252:4-7-7 and the definition of "administratively complete" in OAC 252:100-8-2.

(c) **Enhanced NSR process.** An existing Part 70 source covered by an operating permit issued under this subchapter may be eligible to utilize the enhanced NSR process, including the public notice procedures of OAC 252:4-7-13(g)(4) for a construction permit for modification of the source.

### 252:100-8-5. Permit applications [AMENDED]

(a) **Confidential information.** If a source submits information to the DEQ under a claim of confidentiality, the source shall also submit a copy of such information directly to the Administrator, if the DEQ requests that the source do so.

(b) **Duty to supplement or correct application.** Any applicant who fails to submit any relevant facts or who has submitted incorrect information in a permit application shall, upon becoming aware of such failure or incorrect submittal, submit such supplementary facts or corrected information within 30 days unless the applicant's request for more time has been approved by the DEQ. In addition, an applicant shall provide additional information as necessary to address any requirements that become applicable to the source after the date it filed a complete application but prior to release of a draft permit.

(c) **Standard application form and required information.** Sources that are subject to the Part 70 permit program established by this Chapter shall file applications on the standard application form that the DEQ makes available for that purpose. The application must include information needed to determine the applicability of any applicable requirement, or state-only requirement, or to evaluate the fee amount required under the schedule approved pursuant to OAC 252:100-5-2.2(b)(2). The applicant shall submit the information called for by the application form for each emissions unit at the source to be permitted. The source must provide a list of any insignificant activities that are exempted because of size or production rate. Trivial activities need not be listed. The standard application form and any attachments shall require that the information required by OAC 252:100-8-5(d) and/or (e) be provided.

(d) **Construction permit applications.**

(1) An application for a construction permit shall provide data and information required by this Chapter and/or requested on the application form available from the DEQ pursuant to the requirements of this Chapter. Such data and information shall include but not be limited to site information, process description, emission data and when required, BACT, modeling and sampling point data as follows:

(A) **BACT determination.** To be approved for a construction permit, a major source must demonstrate that the control technology to be applied is the best that is available for each pollutant that would cause the source to be defined as a major source. This determination will be made on a case-by-case basis taking into account energy, environmental, and economic impacts and other costs of alternative control systems. Unless required under Part 7 of this Subchapter, a BACT determination is not required for a modification that will result in an increase of emissions of less than 100 tons per year of any regulated air pollutant. GHGs only trigger a requirement for a BACT determination under the circumstances described in Part 7 of this Subchapter (Prevention of Significant Deterioration or PSD).

(B) **Modeling.** Any air quality modeling or ambient impact evaluation that is required shall be prepared in accordance with procedures acceptable to the DEQ and accomplished by the applicant. GHGs, either as individual pollutants or as an aggregate, are exempt from the requirements for air quality modeling and ambient impact evaluation.

(C) **Sampling points.** If required by the DEQ an application shall show how the new source will be equipped with sampling ports, instrumentation to monitor and record emission data and other sampling and/or testing equipment.

# Permanent Final Adoptions

---

(2) Construction permit applications for new sources must also include the requirements for operating permits contained in OAC 252:100-8-5(e) to the extent they are applicable.

(3) Construction permit applications for existing source modifications that are eligible for the enhanced NSR process under 252:100-8-4(c) must indicate in the application whether they intend to utilize:

- (A) the enhanced NSR process, including the public notice procedures of OAC 252:4-7-13(g)(4) and the administrative amendment process for the ensuing operating permit modification, or
- (B) the traditional NSR process.

## **(e) Operating permit applications.**

(1) Identifying information, including company name and address (or plant name and address if different from the company name), owner's name and agent, and telephone number and names of plant site manager/contact.

(2) A description of the source's processes and products (by two-digit Standard Industrial Classification Code) including any associated with each alternate scenario identified by the source.

(3) The following emissions-related information:

(A) All emissions of pollutants for which the source is major, and all emissions (including fugitive emissions) of regulated air pollutants. Fugitive emissions shall be included in the permit application and the permit in the same manner as stack emissions, regardless of whether the source category in question is included in the list of sources contained in the definition of major source. The permit application shall describe all emissions of regulated air pollutants emitted from any emissions unit, except where such units are exempted under OAC 252:100-8-5(c) or OAC 252:100-8-3(b).

(B) Identification and description of all points of emissions described in OAC 252:100-8-5(e)(3)(A) in sufficient detail to establish the basis for fees and applicability of the Act's requirements.

(C) Emissions rates in tons per year and in such terms as are necessary to establish compliance consistent with the applicable standard.

(D) The following information to the extent it is needed to determine or regulate emissions:

- (i) fuels,
- (ii) fuel use,
- (iii) raw materials,
- (iv) production rates, and
- (v) operating schedules.

(E) Identification and description of air pollution control equipment and compliance monitoring devices or activities.

(F) Limitations on source operation affecting emissions or any work practice standards, where applicable, for all regulated pollutants at the covered source.

(G) Other information required by any applicable requirement, or state-only requirement (including information related to stack height limitations developed pursuant to section 123 of the Act).

(H) Calculations on which the information in items (A) through (G) of this paragraph is based.

(4) The following air pollution control requirements:

(A) Citation and description of all applicable requirements and all state-only requirements.

(B) Description of or reference to any applicable test method for determining compliance with each applicable requirement and state-only requirement.

(5) Other specific information required under the DEQ's rules and statutes to implement and enforce other applicable requirements of the Act or of this Chapter or to determine the applicability of such requirements.

(6) An explanation of any proposed exemptions from otherwise applicable requirements and state-only requirements.

(7) Additional information as determined to be necessary by the DEQ to define alternative operating scenarios identified by the source pursuant to OAC 252:100-8-6(a)(9) or to define permit terms and conditions implementing OAC 252:100-8-6(f) or 252:100-8-6(a)(10).

(8) A compliance plan for all covered sources that contains all the following:

(A) A description of the compliance status of the source with respect to all applicable requirements and state-only requirements as follows:

- (i) For applicable requirements and state-only requirements with which the source is in compliance, a statement that the source will continue to comply with such requirements.
- (ii) For applicable requirements and state-only requirements that will become effective during the permit term, a statement that the source will meet such requirements on a timely basis shall satisfy this provision, unless a more detailed schedule is expressly required by the applicable requirement.

- (iii) For requirements for which the source is not in compliance at the time of permit issuance, a narrative description of how the source will achieve compliance with such requirements.
- (B) For sources not in complete compliance, a compliance schedule as follows:
  - (i) A schedule of compliance for sources that are not in compliance with all applicable requirements and state-only requirements at the time of permit issuance. Such a schedule shall include a schedule of remedial measures, including an enforceable sequence of actions with milestones, leading to compliance with any applicable requirements and state-only requirements for which the source will be in noncompliance at the time of permit issuance. This compliance schedule shall resemble and be equivalent in stringency to that contained in any judicial consent decree or administrative order to which the source is subject. Any such schedule of compliance shall be supplemental to, and shall not sanction non-compliance with, the applicable requirements on which it is based.
  - (ii) A schedule for submission of certified progress reports no less frequently than every 6 months.
- (C) The compliance plan content requirements specified in this paragraph shall apply and be included in the acid rain portion of a compliance plan for an affected source, except as specifically superseded by regulations promulgated under Title IV of the Act with regard to the schedule and method(s) the source will use to achieve compliance with the acid rain emissions limitations.
- (9) Requirements for compliance certification, including the following:
  - (A) A certification of compliance with all applicable requirements and state-only requirements by a responsible official consistent with OAC 252:100-8-5(f) and section 114(a)(3) of the Act;
  - (B) A statement of methods used for determining compliance, including a description of monitoring, recordkeeping, and reporting requirements and test methods;
  - (C) A schedule for submission of compliance certifications during the permit term, which shall be submitted annually, or more frequently if required by an underlying applicable requirement state-only requirements or by the permitting authority; and
  - (D) A statement indicating the source's compliance status with any applicable enhanced monitoring and compliance certification requirements of the Act.
- (10) The use of nationally-standardized forms for acid rain portions of permit applications and compliance plans, as required by regulations promulgated under Title IV of the Act.
- (f) **Certification.** Any application form, report, or compliance certification submitted pursuant to this Chapter shall contain certification by a responsible official of truth, accuracy, and completeness. This certification and any other certification required under this Chapter shall be signed by a responsible official and shall contain the following language: "I certify, based on information and belief formed after reasonable inquiry, the statements and information in the document are true, accurate, and complete."

### PART 7. PREVENTION OF SIGNIFICANT DETERIORATION (PSD) REQUIREMENTS FOR ATTAINMENT AREAS

#### 252:100-8-31. Definitions [AMENDED]

The following words and terms when used in this Part shall have the following meaning, unless the context clearly indicates otherwise. All terms used in this Part that are not defined in this Section shall have the meaning given to them in OAC 252:100-1-3, 252:100-8-1.1, or in the Oklahoma Clean Air Act.

**"Actual emissions"** means the actual rate of emissions of a regulated NSR pollutant from an emissions unit, as determined in accordance with paragraphs (A) through (C) of this definition, except that this definition shall not apply for calculating whether a significant emissions increase has occurred, or for establishing a PAL under OAC 252:100-8-38. Instead, the definitions of "projected actual emissions" and "baseline actual emissions" shall apply for those purposes.

(A) In general, actual emissions as of a particular date shall equal the average rate in TPY at which the unit actually emitted the pollutant during a consecutive 24-month period which precedes the particular date and which is representative of normal source operation. The Director shall allow the use of a different time period upon a determination that it is more representative of normal source operation. Actual emissions shall be calculated using the unit's actual operating hours, production rates, and types of materials processed, stored, or combusted during the selected time period.

(B) The Director may presume that source-specific allowable emissions for the unit are equivalent to the actual emissions of the unit.

# Permanent Final Adoptions

---

(C) For any emissions unit that has not begun normal operations on the particular date, actual emissions shall equal the potential to emit of the unit on that date.

**"Allowable emissions"** means the emission rate of a stationary source calculated using the maximum rated capacity of the source (unless the source is subject to enforceable limits which restrict the operating rate, or hours of operation, or both) and the most stringent of the following:

- (A) the applicable standards as set forth in 40 CFR Parts 60 and 61;
- (B) the applicable State rule allowable emissions; or,
- (C) the emissions rate specified as an enforceable permit condition.

**"Baseline actual emissions"** means the rate of emissions, in TPY, of a regulated NSR pollutant, as determined in accordance with paragraphs (A) through (E) of this definition.

(A) The baseline actual emissions shall be based on current emissions data and the unit's utilization during the period chosen. Current emission data means the most current and accurate emission factors available and could include emissions used in the source's latest permit or permit application, the most recent CEM data, stack test data, manufacturer's data, mass balance, engineering calculations, and other emission factors.

(B) For any existing electric utility steam generating unit (EUSGU), baseline actual emissions means the average rate, in TPY, at which the unit actually emitted the pollutant during any consecutive 24-month period selected by the owner or operator within the 5-year period immediately preceding the date that a complete permit application is received by the Director for a permit required under OAC 252:100-8. The Director shall allow the use of a different time period upon a determination that it is more representative of normal source operation.

(i) The average rate shall include fugitive emissions to the extent quantifiable, and emissions associated with start-ups, shutdowns, and malfunctions.

(ii) The average rate shall be adjusted downward to exclude any noncompliant emissions that occurred while the source was operating above an emission limitation that was legally enforceable during the consecutive 24-month period.

(iii) For a regulated NSR pollutant, when a project involves multiple emissions units, only one consecutive 24-month period shall be used to determine the baseline actual emissions for all the emissions units affected by the project. A different consecutive 24-month period can be used for each regulated NSR pollutant.

(iv) The average rate shall not be based on any consecutive 24-month period for which there is inadequate information for determining annual emissions, in TPY, and for adjusting this amount if required by (B)(ii) of this definition.

(C) For an existing emissions unit (other than an EUSGU), baseline actual emissions means the average rate in TPY, at which the emissions unit actually emitted the pollutant during any consecutive 24-month period selected by the owner or operator within the 10-year period immediately preceding either the date the owner or operator begins actual construction of the project, or the date a complete permit application is received by the Director for a permit required either under this Part or under a plan approved by the Administrator, whichever is earlier, except that the 10 year period shall not include any period earlier than November 15, 1990.

(i) The average rate shall include fugitive emissions to the extent quantifiable, and emissions associated with startups, shutdowns, and malfunctions.

(ii) The average rate shall be adjusted downward to exclude any noncompliant emissions that occurred while the source was operating above an emission limitation that was legally enforceable during the consecutive 24-month period.

(iii) The average rate shall be adjusted downward to exclude any emissions that would have exceeded an emission limitation with which the major stationary source must currently comply, had such major stationary source been required to comply with such limitations during the consecutive 24-month period. However, if an emission limitation is part of a MACT standard that the Administrator proposed or promulgated under 40 CFR 63, the baseline actual emissions need only be adjusted if DEQ has taken credit for such emissions reduction in an attainment demonstration or maintenance plan consistent with requirements of 40 CFR 51.165(a)(3)(ii)(G).

(iv) For a regulated NSR pollutant, when a project involves multiple emissions units, only one consecutive 24-month period must be used to determine the baseline actual emissions for the emissions units being changed. A different consecutive 24-month period can be used for each regulated NSR pollutant.

(v) The average rate shall not be based on any consecutive 24-month period for which there is inadequate information for determining annual emissions, in TPY, and for adjusting this amount if required by (C)(ii) and (iii) of this definition.

(D) For a new emissions unit, the baseline actual emissions for purposes of determining the emissions increase that will result from the initial construction and operation of such unit shall equal zero; and thereafter, for all other purposes, shall equal the unit's potential to emit.

(E) For a PAL for a stationary source, the baseline actual emissions shall be calculated for existing EUSGU in accordance with the procedures contained in paragraph (B) of this definition, for other existing emissions units in accordance with the procedures contained in Paragraph (C) of this definition, and for a new emissions unit in accordance with the procedures contained in paragraph (D) of this definition.

**"Baseline area"** means any intrastate areas (and every part thereof) designated as attainment or unclassifiable under section 107(d)(1)(A)(ii) or (iii) of the Act in which the major source or major modification establishing the minor source baseline date would construct or would have an air quality impact for the pollutant for which the baseline date is established, as follows: Equal to or greater than  $1 \mu\text{g}/\text{m}^3$  (annual average) for  $\text{SO}_2$ ,  $\text{NO}_2$ , or  $\text{PM}_{10}$ ; or equal or greater than  $0.3 \mu\text{g}/\text{m}^3$  (annual average) for  $\text{PM}_{2.5}$ .

(A) Area redesignations under section 107(d)(1)(A)(ii) or (iii) of the Act cannot intersect or be smaller than the area of impact of any major stationary source or major modification which:

(i) establishes a minor source baseline date; or

(ii) is subject to 40 CFR 52.21 or OAC 252:100-8, Part 7, and would be constructed in the same State as the State proposing the redesignation.

(B) Any baseline area established originally for the TSP increments shall remain in effect and shall apply for purposes of determining the amount of available  $\text{PM}_{10}$  increments, except that such baseline area shall not remain in effect if the Director rescinds the corresponding minor source baseline date in accordance with paragraph (D) of the definition of "baseline date".

**"Baseline concentration"** means that ambient concentration level that exists in the baseline area at the time of the applicable minor source baseline date.

(A) A baseline concentration is determined for each pollutant for which a minor source baseline date is established and shall include:

(i) the actual emissions representative of sources in existence on the applicable minor source baseline date, except as provided in (B) of this definition.

(ii) the allowable emissions of major stationary sources that commenced construction before the major source baseline date, but were not in operation by the applicable minor source baseline date.

(B) The following will not be included in the baseline concentration and will affect the applicable maximum allowable increase(s):

(i) actual emissions from any major stationary source on which construction commenced after the major source baseline date; and,

(ii) actual emissions increases and decreases at any stationary source occurring after the minor source baseline date.

**"Baseline date"** means:

(A) Major source baseline date means:

(i) in the case of  $\text{PM}_{10}$  and sulfur dioxide, January 6, 1975;

(ii) in the case of nitrogen dioxide, February 8, 1988; and

(iii) in the case of  $\text{PM}_{2.5}$ , October 20, 2010.

(B) Minor source baseline date means the earliest date after the trigger date on which a major stationary source or major modification (subject to 40 CFR 52.21 or OAC 252:100-8, Part 7) submits a complete application. The trigger date is:

(i) in the case of  $\text{PM}_{10}$  and sulfur dioxide, August 7, 1977;

(ii) in the case of nitrogen dioxide, February 8, 1988; and

(iii) in the case of  $\text{PM}_{2.5}$ , October 20, 2011.

# Permanent Final Adoptions

---

(C) The baseline date is established for each pollutant for which increments or other equivalent measures have been established if:

- (i) the area in which the proposed source or modification would construct is designated as attainment or unclassifiable under section 107(d)(1)(A)(ii) or (iii) of the Act for the pollutant on the date of its complete application under 40 CFR 52.21 or under OAC 252:100-8, Part 7; and
- (ii) in the case of a major stationary source, the pollutant would be emitted in significant amounts, or, in the case of a major modification, there would be a significant net emissions increase of the pollutant.

(D) Any minor source baseline date established originally for the TSP increments shall remain in effect and shall apply for purposes of determining the amount of available PM<sub>10</sub> increments, except that the Director may rescind any such minor source baseline date where it can be shown, to the satisfaction of the Director, that the emissions increase from the major stationary source, or the net emissions increase from the major modification, responsible for triggering that date did not result in a significant amount of PM<sub>10</sub> emissions.

**"Begin actual construction"** means in general, initiation of physical on-site construction activities on an emissions unit which are of a permanent nature.

(A) Such activities include, but are not limited to, installation of building supports and foundations, laying of underground pipework, and construction of permanent storage structures.

(B) With respect to a change in method of operation this term refers to those on-site activities, other than preparatory activities, which mark the initiation of the change.

**"Best available control technology"** or **"BACT"** means an emissions limitation (including a visible emissions standard) based on the maximum degree of reduction for each regulated NSR pollutant which would be emitted from any proposed major stationary source or major modification which the Director, on a case-by-case basis, taking into account energy, environmental, and economic impacts and other costs, determines is achievable for such source or modification through application of production processes or available methods, systems, and techniques, including fuel cleaning or treatment or innovative fuel combination techniques for control of such pollutant. In no event shall application of BACT result in emissions of any pollutant which would exceed the emissions allowed by any applicable standard under 40 CFR parts 60 and 61. If the Director determines that technological or economic limitations on the application of measurement methodology to a particular emissions unit would make the imposition of an emissions standard infeasible, a design, equipment, work practice, operational standard or combination thereof, may be prescribed instead to satisfy the requirement for the application of BACT. Such standard shall, to the degree possible, set forth the emissions reduction achievable by implementation of such design, equipment, work practice or operation, and shall provide for compliance by means which achieve equivalent results.

**"Clean coal technology"** means any technology, including technologies applied at the precombustion, combustion, or post combustion stage, at a new or existing facility which will achieve significant reductions in air emissions of sulfur dioxide or oxides of nitrogen associated with the utilization of coal in the generation of electricity, or process steam which was not in widespread use as of November 15, 1990.

**"Clean coal technology demonstration project"** means a project using funds appropriated under the heading "Department of Energy-Clean Coal Technology", up to a total amount of \$2,500,000,000 for commercial demonstration of clean coal technology, or similar projects funded through appropriations for the EPA. The Federal contribution for a qualifying project shall be at least 20% of the total cost of the demonstration project.

**"Commence"** means, as applied to construction of a major stationary source or major modification, that the owner or operator has all necessary preconstruction approvals or permits and either has:

(A) begun, or caused to begin, a continuous program of actual on-site construction of the source, to be completed within a reasonable time; or,

(B) entered into binding agreements or contractual obligations, which cannot be cancelled or modified without substantial loss to the owner or operator, to undertake a program of actual construction of the source to be completed within a reasonable time.

**"Construction"** means any physical change or change in the method of operation (including fabrication, erection, installation, demolition, or modification of an emissions unit) that would result in a change in emissions.

**"Continuous emissions monitoring system"** or **"CEMS"** means all of the equipment that may be required to meet the data acquisition and availability requirements to sample, condition (if applicable), analyze, and provide a record of emissions on a continuous basis.

**"Continuous emissions rate monitoring system"** or **"CERMS"** means the total equipment required for the determination and recording of the pollutant mass emissions rate (in terms of mass per unit of time).

**"Continuous parameter monitoring system" or "CPMS"** means all of the equipment necessary to meet the data acquisition and availability requirements to monitor process and control device operational parameters (for example, control device secondary voltages and electric currents) and other information (for example, gas flow rate, O<sub>2</sub>, or CO<sub>2</sub> concentrations), and to record average operational parameter value(s) on a continuous basis.

**"Electric utility steam generating unit" or "EUSGU"** means any steam electric generating unit that is constructed for the purpose of supplying more than one-third of its potential electric output capacity and more than 25 MW electrical output to any utility power distribution system for sale. Any steam supplied to a steam distribution system for the purpose of providing steam to a steam-electric generator that would produce electrical energy for sale is also considered in determining the electrical energy output capacity of the affected facility.

**"Emissions unit"** means any part of a stationary source that emits or would have the potential to emit any regulated NSR pollutant and includes an EUSGU. There are two types of emissions units as described in paragraphs (A) and (B) of this definition.

(A) A new emissions unit is any emissions unit that is (or will be) newly constructed and that has existed for less than 2 years from the date such emissions unit first operated.

(B) An existing emissions unit is any emissions unit that does not meet the requirements in paragraph (A) of this definition. A replacement unit is an existing emissions unit.

**"Federal Land Manager"** means with respect to any lands in the United States, the Secretary of the department with authority over such lands.

**"High terrain"** means any area having an elevation 900 feet or more above the base of the stack of a source.

**"Innovative control technology"** means any system of air pollution control that has not been adequately demonstrated in practice, but would have a substantial likelihood of achieving greater continuous emissions reduction than any control system in current practice or of achieving at least comparable reductions at lower cost in terms of energy, economics, or non-air quality environmental impacts.

**"Low terrain"** means any area other than high terrain.

**"Major modification"** means:

(A) Any physical change in or change in the method of operation of a major stationary source that would result in a significant emissions increase of a regulated NSR pollutant and a significant net emissions increase of that pollutant from the major stationary source is a major modification.

(i) Any significant emissions increase from any emissions units or net emissions increase at a major stationary source that is significant for VOC or NO<sub>x</sub> shall be considered significant for ozone.

(ii) A physical change or change in the method of operation shall not include:

(I) routine maintenance, repair and replacement;

(II) use of an alternative fuel or raw material by reason of any order under sections 2(a) and (b) of the Energy Supply and Environmental Coordination Act of 1974 (or any superseding legislation) or by reason of a natural gas curtailment plan pursuant to the Federal Power Act;

(III) use of an alternative fuel by reason of an order or rule under section 125 of the Act;

(IV) use of an alternative fuel at a steam generating unit to the extent that the fuel is generated from municipal solid waste;

(V) use of an alternative fuel or raw material by a stationary source which the source was capable of accommodating before January 6, 1975, (unless such change would be prohibited under any enforceable permit condition which was established after January 6, 1975) or the source is approved to use under any permit issued under 40 CFR 52.21 or OAC 252:100-7 or 252:100-8;

(VI) an increase in the hours of operation or in the production rate, unless such change would be prohibited under any federally enforceable permit condition which was established after January 6, 1975;

(VII) any change in source ownership;

(VIII) the installation, operation, cessation, or removal of a temporary clean coal technology demonstration project, provided the project complies with OAC 252:100 and other requirements necessary to attain and maintain the NAAQS during the project and after it is terminated;

# Permanent Final Adoptions

---

(IX) the installation or operation of a permanent clean coal technology demonstration project that constitutes repowering, provided that the project does not result in an increase in the potential to emit of any regulated pollutant (on a pollutant-by-pollutant basis) emitted by the unit; or

(X) the reactivation of a very clean coal-fired EUSGU.

(B) This definition shall not apply with respect to a particular regulated NSR pollutant when the major stationary source is complying with the requirements under OAC 252:100-8-38 for a PAL for that pollutant. Instead, the definition of "PAL major modification" at 40 CFR 51.166(w)(2)(viii) shall apply.

**"Major stationary source" means**

(A) A major stationary source is:

(i) any of the following stationary sources of air pollutants which emits, or has the potential to emit, 100 TPY or more of a regulated NSR pollutant (except for GHGs, either as individual pollutants or as an aggregate):

(I) carbon black plants (furnace process),

(II) charcoal production plants,

(III) chemical process plants, (not including ethanol production facilities that produce ethanol by natural fermentation included in NAICS codes 325193 or 312140),

(IV) coal cleaning plants (with thermal dryers),

(V) coke oven batteries,

(VI) fossil-fuel boilers (or combination thereof) totaling more than 250 million BTU per hour heat input,

(VII) fossil fuel-fired steam electric plants of more than 250 million BTU per hour heat input,

(VIII) fuel conversion plants,

(IX) glass fiber processing plants,

(X) hydrofluoric, sulfuric or nitric acid plants,

(XI) iron and steel mill plants,

(XII) kraft pulp mills,

(XIII) lime plants,

(XIV) municipal incinerators capable of charging more than 250 tons of refuse per day,

(XV) petroleum refineries,

(XVI) petroleum storage and transfer units with a total storage capacity exceeding 300,000 barrels,

(XVII) phosphate rock processing plants,

(XVIII) portland cement plants,

(XIX) primary aluminum ore reduction plants,

(XX) primary copper smelters,

(XXI) primary lead smelters,

(XXII) primary zinc smelters,

(XXIII) secondary metal production plants,

(XXIV) sintering plants,

(XXV) sulfur recovery plants, or

(XXVI) taconite ore processing plants;

(ii) any other stationary source not on the list in (A)(i) of this definition which emits, or has the potential to emit, 250 TPY or more of a regulated NSR pollutant (except for GHGs, either as individual pollutants or as an aggregate);

(iii) any physical change that would occur at a stationary source not otherwise qualifying as a major stationary source under this definition if the change would constitute a major stationary source by itself.

(B) A major source that is major for VOC or NO<sub>x</sub> shall be considered major for ozone.

(C) The fugitive emissions of a stationary source shall not be included in determining for any of the purposes of this Part whether it is a major stationary source, unless the source belongs to one of the following categories of stationary sources:

(i) the stationary sources listed in (A)(i) of this definition;

(ii) any other stationary source category which, as of August 7, 1980, is being regulated under section 111 or 112 of the Act.

**"Necessary preconstruction approvals or permits"** means those permits or approvals required under all applicable air quality control laws and rules.

**"Net emissions increase"** means:

(A) with respect to any regulated NSR pollutant emitted by a major stationary source, the amount by which the sum of the following exceeds zero:

- (i) the increase in emissions from a particular physical change or change in the method of operation at a stationary source as calculated pursuant to OAC 252:100-8-30(b); and,
- (ii) any other increases and decreases in actual emissions at the major stationary source that are contemporaneous with the particular change and are otherwise creditable. Baseline actual emissions for calculating increases and decreases under (A)(ii) of this definition shall be determined as provided in the definition of "baseline actual emissions", except that (B)(iii) and (C)(iv) of that definition shall not apply.

(B) An increase or decrease in actual emissions is contemporaneous with the increase from the particular change only if it occurs within 3 years before the date that the increase from the particular change occurs.

(C) An increase or decrease in actual emissions is creditable only if:

- (i) it is contemporaneous; and
- (ii) The Director has not relied on it in issuing a permit for the source under OAC 252:100-8, Part 7, which permit is in effect when the increase in actual emissions from the particular change occurs.

(D) An increase or decrease in actual emissions of sulfur dioxide, particulate matter, or nitrogen oxides that occurs before the applicable minor source baseline date is creditable only if it is required to be considered in calculating the amount of maximum allowable increases remaining available.

(E) An increase in actual emissions is creditable only to the extent that the new level of actual emissions exceeds the old level.

(F) A decrease in actual emissions is creditable only to the extent that it meets all the conditions in (F)(i) through (iii) of this definition.

- (i) It is creditable if the old level of actual emissions or the old level of allowable emissions, whichever is lower, exceeds the new level of actual emissions.
- (ii) It is creditable if it is enforceable as a practical matter at and after the time that actual construction on the particular change begins.
- (iii) It is creditable if it has approximately the same qualitative significance for public health and welfare as that attributed to the increase from the particular change.

(G) An increase that results from a physical change at a source occurs when the emissions unit on which construction occurred becomes operational and begins to emit a particular pollutant. Any replacement unit that requires shakedown becomes operational only after a reasonable shakedown period, not to exceed 180 days.

(H) Paragraph (A) of the definition of "actual emissions" shall not apply for determining creditable increases and decreases.

**"Potential to emit"** means the maximum capacity of a stationary source to emit a pollutant under its physical and operational design. Any physical or operational limitation on the capacity of the source to emit a pollutant, including air pollution control equipment and restrictions on hours of operation or on the type or amount of material combusted, stored or processed, shall be treated as part of its design if the limitation or the effect it would have on emissions is enforceable. Secondary emissions do not count in determining the potential to emit of a stationary source.

**"Predictive emissions monitoring system"** or **"PEMS"** means all of the equipment necessary to monitor process and control device operational parameters (for example, control device secondary voltages and electric currents) and other information (for example, gas flow rate, O<sub>2</sub>, or CO<sub>2</sub> concentrations), and calculate and record the mass emissions rate (for example, lb/hr) on a continuous basis.

**"Prevention of Significant Deterioration (PSD) program"** means a major source preconstruction permit program that has been approved by the Administrator and incorporated into the plan to implement the requirements of 40 CFR 51.166, or the program in 40 CFR 52.21. Any permit issued under such a program is a major NSR permit.

**"Project"** means a physical change in, or change in method of operation of, an existing major stationary source.

**"Projected actual emissions"** means

# Permanent Final Adoptions

---

(A) Projected actual emissions means the maximum annual rate, in TPY, at which an existing emissions unit is projected to emit a regulated NSR pollutant in any one of the 5 years (12-month period) following the date the unit resumes regular operation after the project, or in any one of the 10 years following that date, if the project involves increasing the emissions unit's design capacity or its potential to emit that regulated NSR pollutant, and full utilization of the unit would result in a significant emissions increase, or a significant net emissions increase at the major stationary source.

(B) In determining the projected actual emissions under paragraph (A) of this definition (before beginning actual construction), the owner or operator of the major stationary source:

- (i) shall consider all relevant information, including but not limited to, historical operational data, the company's own representations, the company's expected business activity and the company's highest projections of business activity, the company's filings with the State or Federal regulatory authorities, and compliance plans under the approved plan; and
- (ii) shall include fugitive emissions to the extent quantifiable and emissions associated with start-ups, shutdowns, and malfunctions; and
- (iii) shall exclude, in calculating any increase in emissions that results from the particular project, that portion of the unit's emissions following the project that an existing unit could have accommodated during the consecutive 24-month period used to establish the baseline actual emissions and that are also unrelated to the particular project, including any increased utilization due to product demand growth; or,
- (iv) in lieu of using the method set out in (B)(i) through (iii) of this definition, may elect to use the emissions unit's potential to emit, in TPY.

**"Reactivation of a very clean coal-fired electric utility steam generating unit"** means any physical change or change in the method of operation associated with the commencement of commercial operations by a coal-fired utility unit after a period of discontinued operation where the unit:

- (A) has not been in operation for the two-year period prior to the enactment of the Clean Air Act Amendments of 1990, and the emissions from such unit continue to be carried in the Department's emissions inventory at the time of enactment;
- (B) was equipped prior to shutdown with a continuous system of emissions control that achieves a removal efficiency for sulfur dioxide of no less than 85% and a removal efficiency for particulates of no less than 98%;
- (C) is equipped with low-NO<sub>x</sub> burners prior to the time of commencement of operations following reactivation; and
- (D) is otherwise in compliance with the requirements of the Act.

**"Regulated NSR pollutant"** means the following:

(A) any pollutant for which a NAAQS has been promulgated. This includes but is not limited to the following:

- (i) PM<sub>2.5</sub> emissions and PM<sub>10</sub> emissions shall include gaseous emissions from a source or activity which condense to form particulate matter at ambient temperatures. Such condensable particulate matter shall be accounted for in applicability determinations and in establishing emissions limitations for PM<sub>2.5</sub> and PM<sub>10</sub> in PSD permits.
- (ii) any pollutant identified as a constituent or precursor to any pollutant identified under subparagraph (A) of this definition. Precursors identified by the EPA Administrator for purposes of NSR are the following:
  - (I) volatile organic compounds and nitrogen oxides are precursors to ozone in all attainment and unclassifiable areas.
  - (II) sulfur dioxide is a precursor to PM<sub>2.5</sub> in all attainment and unclassifiable areas.
  - (III) nitrogen oxides are presumed to be precursors to PM<sub>2.5</sub> in all attainment and unclassifiable areas, unless the State demonstrates to the EPA Administrator's satisfaction or EPA demonstrates that emissions of nitrogen oxides from sources in a specific area are not a significant contributor to that area's ambient PM<sub>2.5</sub> concentrations.
  - (IV) volatile organic compounds are presumed not to be precursors to PM<sub>2.5</sub> in any attainment or unclassifiable area, unless the State demonstrates to the EPA Administrator's satisfaction or EPA demonstrates that emissions of volatile organic compounds from sources in a specific area are a significant contributor to that area's

ambient PM<sub>2.5</sub> concentrations.

- (B) any pollutant that is subject to any standard promulgated under section 111 of the Act;
- (C) any Class I or II substance subject to a standard promulgated under or established by title VI of the Act; or
- (D) any pollutant that otherwise is "subject to regulation" under the Act as defined in the definition of "subject to regulation" in OAC 252:100-8-31;
- (E) Notwithstanding subparagraphs (B) through (D) of this definition, regulated NSR pollutant does not include:

- (i) any or all HAP either listed in section 112 of the Act or added to the list pursuant to section 112(b)(2) of the Act, which have not been delisted pursuant to section 112(b)(3) of the Act, unless the listed HAP is also regulated as a constituent or precursor of a general pollutant listed under section 108 of the Act; or
- (ii) any pollutant that is regulated under section 112(r) of the Act, provided that such pollutant is not otherwise regulated under the Act.

**"Replacement unit"** means an emissions unit for which all the criteria listed in paragraphs (A) through (D) of this definition are met. No creditable emission reduction shall be generated from shutting down the existing emissions unit that is replaced.

- (A) The emissions unit is a reconstructed unit within the meaning of 40 CFR 60.15(b)(1), or the emissions unit completely takes the place of an existing emissions unit.
- (B) The emissions unit is identical to or functionally equivalent to the replaced emissions unit.
- (C) The replacement unit does not alter the basic design parameter(s) of the process unit.
- (D) The replaced emissions unit is permanently removed from the major stationary source, otherwise permanently disabled, or permanently barred from operating by a permit that is enforceable as a practical matter. If the replaced emissions unit is brought back into operation, it shall constitute a new emissions unit.

**"Repowering"** means

- (A) Repowering shall mean the replacement of an existing coal-fired boiler with one of the following clean coal technologies: atmospheric or pressurized fluidized bed combustion, integrated gasification combined cycle, magnetohydrodynamics, direct and indirect coal-fired turbines, integrated gasification fuel cells, or as determined by the Administrator, in consultation with the Secretary of Energy, a derivative of one or more of these technologies, and any other technology capable of controlling multiple combustion emissions simultaneously with improved boiler or generation efficiency and with significantly greater waste reduction relative to the performance of technology in widespread commercial use as of November 15, 1990.
- (B) Repowering shall also include any oil and/or gas-fired unit which has been awarded clean coal technology demonstration funding as of January 1, 1991, by the Department of Energy.
- (C) The Director shall give expedited consideration to permit applications for any source that satisfies the requirements of this definition and is granted an extension under section 409 of the Act.

**"Significant"** means:

- (A) In reference to a net emissions increase or the potential of a source to emit any of the following pollutants, a rate of emissions that would equal or exceed any of the following significant emission rates:
  - (i) carbon monoxide: 100TPY,
  - (ii) nitrogen oxides: 40 TPY,
  - (iii) sulfur dioxide: 40 TPY,
  - (iv) particulate matter: 25 TPY of particulate matter emissions or 15 TPY of PM<sub>10</sub> emissions,
  - (v) PM<sub>2.5</sub>: 10 TPY of direct PM<sub>2.5</sub> emissions; 40 TPY of sulfur dioxide emissions; or 40 TPY of nitrogen oxide emissions unless demonstrated not to be a PM<sub>2.5</sub> precursor under the definition of "regulated NSR pollutant",
  - (vi) ozone: 40 TPY of VOC or NO<sub>x</sub>,
  - (vii) lead: 0.6 TPY,
  - (viii) fluorides: 3 TPY,
  - (ix) sulfuric acid mist: 7 TPY,
  - (x) hydrogen sulfide (H<sub>2</sub>S): 10 TPY,
  - (xi) total reduced sulfur (including H<sub>2</sub>S): 10 TPY,

# Permanent Final Adoptions

---

- (xii) reduced sulfur compounds (including H<sub>2</sub>S): 10 TPY,
- (xiii) municipal waste combustor organics (measured as total tetra-through octa-chlorinated dibenzo-p-dioxins and dibenzofurans):  $3.5 \times 10^{-6}$  TPY,
- (xiv) municipal waste combustor metals (measured as particulate matter): 15 TPY,
- (xv) municipal waste combustor acid gases (measured as sulfur dioxide and hydrogen chloride): 40 TPY,
- (xvi) municipal solid waste landfill emissions (measured as nonmethane organic compounds): 50 TPY.

(B) In reference to a net emissions increase or the potential of a source to emit a regulated NSR pollutant that subparagraph (A) of this definition does not list, any emission rate.

(C) Any emissions rate or any net emissions increase associated with a major stationary source or major modification which would construct within 6 miles of a Class I area, and have an impact on such area equal to or greater than  $1 \mu\text{g}/\text{m}^3$  (24-hour average).

**"Significant emissions increase"** means, for a regulated NSR pollutant, an increase in emissions that is significant for that pollutant.

**"Significant net emissions increase"** means a significant emissions increase and a net increase.

**"Stationary source"** means any building, structure, facility or installation which emits or may emit a regulated NSR pollutant.

**"Subject to regulation"** means, for any air pollutant, that the pollutant is subject to either a provision in the federal Clean Air Act, or a nationally-applicable regulation codified by the EPA Administrator in subchapter C of Chapter I of 40 CFR, that requires actual control of the quantity of emissions of that pollutant, and that such a control requirement has taken effect and is operative to control, limit, or restrict the quantity of emissions of that pollutant released from the regulated activity. Except that:

(A) Greenhouse gases (GHG), either as individual pollutants or as an aggregate, shall not be subject to regulation except as provided in subparagraph (D) of this definition.

(B) For purposes of subparagraphs (C) and (D) of this definition, the term TPY CO<sub>2</sub> equivalent emissions (CO<sub>2</sub>e) shall represent an amount of GHG emitted, and shall be computed as follows:

(i) Multiplying the mass amount of emissions (in TPY), for each of the six greenhouse gases in the pollutant GHG, by the gas' associated global warming potential (GWP) published in Table A-1 to subpart A of 40 CFR Part 98 - Global Warming Potentials.

(ii) Summing the resultant value from (B)(i) of this definition for each gas to compute a TPY CO<sub>2</sub>e.

(C) The term emissions increase as used in subparagraph (D) of this definition shall mean that both a significant emissions increase (as calculated using the procedures in OAC 252:100-8-30(b)(1) through (5)) and a significant net emissions increase (as defined in the definitions of "net emissions increase" and "significant" in 252:100-8-31) occur. For the pollutant GHG, an emissions increase shall be based on TPY CO<sub>2</sub>e, and shall be calculated assuming the pollutant GHG is a regulated NSR pollutant, and "significant" is defined as 75,000 TPY CO<sub>2</sub>e and the emissions are otherwise subject to regulation as previously described in this definition.

(D) Beginning January 2, 2011, the pollutant GHG is subject to regulation if it meets the other requirements of this definition and if:

(i) The stationary source is a new major stationary source for a regulated NSR pollutant that is not GHG, and also will emit or will have the potential to emit 75,000 TPY CO<sub>2</sub>e or more; or

(ii) The stationary source is an existing major stationary source for a regulated NSR pollutant that is not GHG, and also will have ~~an~~ both a significant emissions increase and a significant net emission increase of a regulated NSR pollutant (that is not GHG), and an emissions increase of 75,000 TPY CO<sub>2</sub>e or more.

(E) If federal legislation or a federal court stays, invalidates, delays the effective date, or otherwise renders unenforceable by the EPA, in whole or in part, the EPA's tailoring rule (75 FR 31514, June 3, 2010), endangerment finding (74 FR 66496, December 15, 2009), or light-duty vehicle greenhouse gas emission standard (75 FR 25686, May 7, 2010), this definition shall be enforceable only to the extent that it is enforceable by the EPA.

**"Temporary clean coal technology demonstration project"** means a clean coal technology demonstration project that is operated for a period of 5 years or less, and which complies with the Oklahoma Air Pollution Control Rules in OAC 252:100 and other requirements necessary to attain and/or maintain the NAAQS during and after the project is terminated.

## **252:100-8-33. Exemptions [AMENDED]**

### **(a) Exemptions from the requirements of OAC 252:100-8-34 through 252:100-8-36.2.**

(1) The requirements of OAC 252:100-8-34 through 252:100-8-36.2 do not apply to a particular major stationary source or major modification if the source or modification is:

- (A) a nonprofit health or nonprofit educational institution; or
- (B) major only if fugitive emissions, to the extent quantifiable, are included in calculating the potential to emit and such source is not one of the categories listed in paragraph (C) of the definition of "Major stationary source"; or
- (C) a portable stationary source which has previously received a permit under the requirements contained in OAC 252:100-8-34 through 252:100-8-36.2 and proposes to relocate to a temporary new location from which its emissions would not impact a Class I area or an area where an applicable increment is known to be violated.

(2) The requirements in OAC 252:100-8-34 through 252:100-8-36.2 do not apply to a major stationary source or major modification with respect to a particular pollutant if the owner or operator demonstrates that the source or modification is located in an area designated as nonattainment for that pollutant under section 107 of the Act. Nonattainment designations for revoked NAAQS, as contained in 40 CFR part 81, shall not be viewed as current designations under section 107 of the Act for purposes of determining the applicability of requirements equivalent to those contained in Sections 252:100-8-34 through 252:100-8-36.2 to a major stationary source or major modification after the revocation of that NAAQS is effective.

### **(b) Exemption from air quality impact analyses in OAC 252:100-8-35(a) and (c) and 252:100-8-35.2.**

(1) The requirements of OAC 252:100-8-35(a) and (c) and 252:100-8-35.2 are not applicable with respect to a particular pollutant, if the allowable emissions of that pollutant from a new source, or the net emissions increase of that pollutant from a modification, would be temporary and impact no Class I area and no area where an applicable increment is known to be violated.

(2) The requirements of OAC 252:100-8-35(a) and (c) and 252:100-8-35.2 as they relate to any PSD increment for a Class II area do not apply to a modification of a major stationary source that was in existence on March 1, 1978, if the net increase in allowable emissions of each regulated NSR pollutant from the modification after the application of BACT, would be less than 50 TPY.

(3) The requirements of OAC 252:100-8-35(a) and (c) and 252:100-8-35.2 are not applicable with respect to GHGs, as individual pollutants or as an aggregate.

### **(c) Exemption from air quality analysis requirements in OAC 252:100-8-35(c).**

(1) The monitoring requirements of OAC 252:100-8-35(c) regarding air quality analysis are not applicable for a particular pollutant if the emission increase of the pollutant from a proposed major stationary source or the net emissions increase of the pollutant from a major modification would cause, in any area, air quality impacts less than the following amounts:

- (A) Carbon monoxide - 575  $\mu\text{g}/\text{m}^3$ , 8-hour average,
- (B) Nitrogen dioxide - 14  $\mu\text{g}/\text{m}^3$ , annual average,
- (C)  $\text{PM}_{2.5}$  - 0  $\mu\text{g}/\text{m}^3$ , no exemption available,
- (D)  $\text{PM}_{10}$  - 10  $\mu\text{g}/\text{m}^3$ , 24-hour average,
- (E) Sulfur dioxide - 13  $\mu\text{g}/\text{m}^3$ , 24-hour average,
- (F) Ozone - no de minimis air quality level is provided for ozone, however any net increase of 100 TPY or more of VOC or  $\text{NO}_x$  subject to PSD would require an ambient impact analysis, including the gathering of ambient air quality data,
- (G) Lead - 0.1  $\mu\text{g}/\text{m}^3$ , 24-hour 3-month average,
- (H) Fluorides - 0.25  $\mu\text{g}/\text{m}^3$ , 24-hour average,
- (I) Total reduced sulfur - 10  $\mu\text{g}/\text{m}^3$ , 1-hour average,
- (J) Hydrogen sulfide - 0.2  $\mu\text{g}/\text{m}^3$ , 1-hour average, or
- (K) Reduced sulfur compounds - 10  $\mu\text{g}/\text{m}^3$ , 1-hour average.

# Permanent Final Adoptions

---

(2) The monitoring requirements of OAC 252:100-8-35(c) are not applicable for a particular pollutant if the pollutant is not listed in preceding OAC 252:100-8-33(c)(1).

**(d) Exemption from monitoring requirements in OAC 252:100-8-35(c)(1)(B) and (D).**

(1) The requirements for air quality monitoring in OAC 252:100-8-35(c)(1)(B) and (D) shall not apply to a particular source or modification that was subject to 40 CFR 52.21 as in effect on June 19, 1978, if a permit application was submitted on or before June 8, 1981, and the Director subsequently determined that the application was complete except for the requirements in OAC 252:100-8-35(c)(1)(B) and (D). Instead, the requirements in 40 CFR 52.21(m)(2) as in effect on June 19, 1978, shall apply to any such source or modification.

(2) The requirements for air quality monitoring in OAC 252:100-8-35(c)(1)(B) and (D) shall not apply to a particular source or modification that was not subject to 40 CFR 52.21 as in effect on June 19, 1978, if a permit application was submitted on or before June 8, 1981, and the Director subsequently determined that the application as submitted was complete, except for the requirements in OAC 252:100-8-35(c)(1)(B) and (D).

**(e) Exemption from the preapplication analysis required by OAC 252:100-8-35(c)(1)(A), (B), and (D).**

(1) The Director shall determine if the requirements for air quality monitoring of PM<sub>10</sub> in OAC 252:100-8-35(c)(1)(A), (B), and (D) may be waived for a particular source or modification when an application for a PSD permit was submitted on or before June 1, 1988, and the Director subsequently determined that the application, except for the requirements for monitoring particulate matter under OAC 252:100-8-35(c)(1)(A), (B), and (D), was complete before that date.

(2) The requirements for air quality monitoring of PM<sub>10</sub> in OAC 252:100-8-35(c)(1)(B)(i), 252:100-8-35(c)(1)(D), and 252:100-8-35(c)(3) shall apply to a particular source or modification if an application for a permit was submitted after June 1, 1988, and no later than December 1, 1988. The data shall have been gathered over at least the period from February 1, 1988, to the date the application became otherwise complete in accordance with the provisions of OAC 252:100-8-35(c)(1)(C), except that if the Director determines that a complete and adequate analysis can be accomplished with monitoring data over a shorter period (not to be less than 4 months), the data required by OAC 252:100-8-35(c)(1)(B)(ii) shall have been gathered over that shorter period.

**(f) Exemption from BACT requirements and air quality analyses requirements.** If a complete permit application for a source or modification was submitted before August 7, 1980 the requirements for BACT in OAC 252:100-8-34 and the requirements for air quality analyses in OAC 252:100-8-35(c)(1) are not applicable to a particular stationary source or modification that was subject to 40 CFR 52.21 as in effect on June 19, 1978. Instead, the federal requirements at 40 CFR 52.21 (j) and (n) as in effect on June 19, 1978, are applicable to any such source or modification.

**(g) Exemption from OAC 252:100-8-35(a)(1)(B).** The permitting requirements of OAC 252:100-8-35(a)(1)(B) do not apply to a stationary source or modification with respect to any PSD increment for nitrogen oxides if the owner or operator of the source or modification submitted a complete application for a permit before February 8, 1988.

**GIST/ANALYSIS:**

The Department of Environmental Quality (Department or DEQ) is proposing to amend Subchapter 49, Oklahoma Emission Reduction Technology Rebate Program in OAC 252:100, to implement recent changes to applicable provisions of the Oklahoma Emission Reduction Technology Incentive Act, 68 O.S. § 55006, et seq. DEQ and the Oklahoma Tax Commission jointly administer the "Oklahoma Emission Reduction Technology Rebate Program" to provide an incentive for "Emission Reduction Projects" – implementation of new and innovative technologies to reduce air pollutant emissions from oil and gas facilities. The gist of this rule proposal and the underlying reason for the rulemaking is to implement the Department's responsibilities under the recently revised Oklahoma Emission Reduction Technology Incentive Act.

**CONTACT PERSON:**

Melanie Foster, Department of Environmental Quality, Air Quality Division, 707 North Robinson, P.O. Box 1677, Oklahoma City, Oklahoma 73101-1677, (405) 702-4100

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 15, 2025:**

**SUBCHAPTER 49. OKLAHOMA EMISSION REDUCTION TECHNOLOGY REBATE PROGRAM**

**252:100-49-1. Purpose and applicability [AMENDED]**

# Permanent Final Adoptions

---

(a) The purpose of this Subchapter is to implement applicable provisions of the Oklahoma Emission Reduction Technology Incentive Act, 68 O.S. § 55006, *et seq.* The act created the "Oklahoma Emission Reduction Technology Rebate Program," administered by the Department of Environmental Quality and the Oklahoma Tax Commission, to provide a rebate of up to 25% of expenditures for implementation of a qualified "Emission Reduction Project." The program is intended to encourage implementation of new and innovative technologies for reduction of on-site emissions from oil and gas activities, specifically those listed in subsection (b).

(b) This program applies only to emissions from upstream, ~~and midstream, and downstream~~ oil and gas production, exploration, completions, gatherings, storage, processing, refining, distribution, and transmission activities. Activities in the following SIC codes are generally considered to qualify within the scope of eligibility for this program: 1311, 1321, 1381, 2911, 4612, 4613, 4922, 4923, 4924, ~~and 4925~~, 5171, and 5172. DEQ may determine whether an activity identified by a particular NAICS code would qualify under an equivalent SIC code.

## 252:100-49-3. Definitions [AMENDED]

The following words and terms, when used in this Subchapter, shall have the following meanings, unless the context clearly indicates otherwise:

"Act" means the Oklahoma Emission Reduction Technology Incentive Act, 68 O.S. § 55006, *et seq.*

"Commission" or "OTC" means the Oklahoma Tax Commission or its successor entity.

"Department" or "DEQ" means the Oklahoma Department of Environmental Quality.

"Emission Reduction Project" or "ERP" means an "Emission Reduction Project" as defined in 68 O.S. § 55008, but does not include projects that are required to address an enforcement action or undertaken as a supplemental environmental project to offset an enforcement penalty.

"Rebate claim" means the package submitted to DEQ documenting all criteria for a rebate has been met. Upon approval by DEQ, the package is forwarded to OTC as the formal request for OTC to issue a rebate under the Rebate Program.

"Rebate Program" or "OERTRP" means the Oklahoma Emission Reduction Technology Rebate Program, 68 O.S. § 55009, *et seq.*

## 252:100-49-5. Program criteria and qualification determination [AMENDED]

(a) **Applying for rebate eligibility.** An applicant responsible for the implementation of a qualified Emission Reduction Project may submit a rebate claim to DEQ for review and determination whether the project qualifies under the program.

(1) The rebate claim shall be submitted on forms provided for this purpose, or as otherwise specified by DEQ.

(2) The rebate claim shall be submitted to DEQ no later than six (6) months after the end of the fiscal year in which the expenditures were made. The fiscal year ends on June 30 each year.

(3) Project documentation shall include:

(A) a project description that provides information in sufficient detail to determine that it qualifies as an Emission Reduction Project as defined in 68 O.S. § 55008;

(B) an estimation of actual resulting emission reductions;

(C) a statement that the project has been designed, installed, and operated as described in the claim and in accordance with good engineering practices and the requirements of this Chapter, and that implementation of the project is complete; and

(D) an itemization of expenses, with invoices, for all equipment installed to implement the project.

(E) a statement that specifically identifies whether the ERP pertains to refining activities, or does not pertain to refining activities.

(4) Project documentation shall state the amount of expenditures made in this state directly related to the implementation of the qualified Emission Reduction Project.

(5) The applicant shall certify that the project is not required to address an enforcement action or undertaken as a supplemental environmental project to offset an enforcement penalty.

(6) The applicant shall provide a certification from OTC that it has filed all Oklahoma tax returns and tax documents which are required by the laws of this state.

(7) The applicant shall provide evidence of a certificate of general liability insurance with a minimum coverage of One Million Dollars (\$1,000,000.00) and a workers' compensation policy pursuant to the laws of this state which shall include coverage of employer's liability.

(8) The rebate claim shall include certification, signed by a responsible official, attesting to the truth, accuracy, and completeness of the claim. This certification shall contain the following language: "I certify that, based on information and belief formed after reasonable inquiry, the statements and information in the document are true, accurate, and complete."

---

# Permanent Final Adoptions

(9) The applicant will be assessed a one-time fee of \$1,000 that must accompany the rebate claim. A rebate claim without the appropriate fee is incomplete.

(b) **DEQ review of rebate claim.** DEQ will review the rebate claim information to determine if the described project is a qualified Emission Reduction Project, and will notify the applicant and OTC of its final approval or disapproval of the claim for a rebate payment from available funds in either the Oklahoma Emission Reduction Technology Upstream and Midstream Incentive Revolving Fund or the Oklahoma Emission Reduction Technology Downstream Incentive Revolving Fund, as appropriate.

(c) **Early submittal of rebate claim documentation for preliminary review.** An applicant may submit documentation for a planned ERP and corresponding rebate claim, for preliminary review by DEQ prior to the expenditure of project funds. Such submittal shall include a payment for the fee required under paragraph (9). Any resulting preliminary approval of the technical merits of the project shall be subject to final review and approval, once the project is complete and invoices are received per (a)(3)(C) and (D) above, prior to notifying OTC of a final determination under subsection (b).

(d) **Effect on OTC authority.** Nothing in this section shall limit or otherwise affect OTC's authority or responsibilities under the Act, including the authority to request submittal of additional information by the claimant.

**GIST/ANALYSIS:**

The Department of Environmental Quality (Department or DEQ) is proposing to amend existing rule language in OAC 252:100-8-6. Permit Content, in response to the U.S. Environmental Protection Agency's (EPA's) recently promulgated changes to program requirements pursuant to the Federal Register notice entitled "Removal of Title V Emergency Affirmative Defense Provisions From State Operating Permit Programs and Federal Operating Permit Program," 88 Fed. Reg. 47029 (July 21, 2023). The gist of this rule proposal and the underlying reason for the rulemaking is to comply with federal requirements by removing "affirmative defense" provisions in Oklahoma's Part 70 air quality permit program.

**CONTACT PERSON:**

Melanie Foster, Department of Environmental Quality, Air Quality Division, 707 North Robinson, P.O. Box 1677, Oklahoma City, Oklahoma 73101-1677, (405) 702-4100

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 15, 2025:**

## **SUBCHAPTER 8. PERMITS FOR PART 70 SOURCES AND MAJOR NEW SOURCE REVIEW (NSR) SOURCES**

### **PART 5. PERMITS FOR PART 70 SOURCES**

#### **252:100-8-6. Permit content [AMENDED]**

(a) **Standard permit requirements.** Part 70 permits issued under this Chapter shall include all applicable requirements and state-only requirements (as defined in OAC 252:100-8-2) that apply to the permitted source at the time of issuance. Each permit shall include the elements in paragraphs (1) through (4) of subsection (a) of this Section.

(1) **Emission limitations and standards.** The permit shall specify emissions limitations and standards that constitute applicable requirements and state-only requirements and shall include those operational conditions and limitations necessary to assure compliance with all such requirements.

(A) The permit shall specify and reference the origin of and authority for each term or condition, and identify any difference in form as compared to the applicable requirement or state-only requirement upon which the term or condition is based.

(B) The permit shall state that, where an applicable requirement of the Act is more stringent than an applicable requirement of regulations promulgated under Title IV of the Act, both provisions shall be incorporated into the permit and shall be enforceable by EPA.

(C) If the State implementation plan or an applicable requirement allows a source to comply through an alternative emission limit or means of compliance, a source may request that such an alternative limit or means of compliance be specified in its permit. Such an alternative emission limit or means of compliance shall be included in a source's permit upon a showing that it is quantifiable, accountable, enforceable, and based on replicable procedures. The source shall propose permit terms and conditions to satisfy these requirements in its application.

(2) **Permit duration.**

(A) **Operating permits.** The permit shall specify a fixed term. The DEQ shall issue permits for any fixed period requested in the permit application, not to exceed five years, except as follows:

- (i) Permits issued to affected sources shall in all cases have a fixed term of five years.
- (ii) Permits issued to solid waste incineration units combusting municipal waste subject to standards under section 129(e) of the Act shall have a term not to exceed 12 years. Such permits shall be reviewed every five years.

(B) **Construction permits.** See OAC 252:100-8-1.4.

(3) **Monitoring and related recordkeeping and reporting requirements.**

(A) **Monitoring requirements.**

- (i) The permit shall specify all emissions monitoring and analysis procedures or test methods required under applicable requirements and state-only requirements, including any procedures and methods promulgated pursuant to sections 114(a)(3) or 504(b) of the Act.
- (ii) The permit shall specify periodic monitoring during the relevant time period sufficient to yield reliable data that are representative of the source's compliance with the permit, as reported pursuant to (a)(3)(C) of this section when an applicable requirement or state-only requirement does not require periodic testing or instrumental or non-instrumental monitoring (which may consist of recordkeeping designed to serve as monitoring). Such monitoring requirements shall assure use of terms, test methods, units, averaging periods, and other statistical conventions consistent with the applicable requirement or state-only requirement. Recordkeeping provisions may be sufficient to meet the requirements of this subparagraph.
- (iii) The permit shall specify as necessary, requirements concerning the use, maintenance, and, where appropriate, installation of monitoring equipment or methods.
- (iv) The permit shall contain provisions for the permittee to request the use of alternative test methods or analysis procedures, and provisions for the DEQ to approve or disapprove the request within 60 days.

(B) **Recordkeeping requirements.** The permit shall incorporate all applicable recordkeeping requirements.

- (i) When applicable the permit shall require records of required monitoring information that include:

- (I) the date, place as defined in the permit, and time of sampling or measurements;
- (II) the date(s) analyses were performed;
- (III) the company or entity that performed the analyses;
- (IV) the analytical techniques or methods used;
- (V) the results of such analyses; and
- (VI) the operating conditions existing at the time of sampling or measurement.

- (ii) When applicable, the permit shall require retention of records of all required monitoring data and support information for a period of at least five years from the date of the monitoring sample, measurement, report, or application. Support information includes all calibration and maintenance records and all original stripchart recordings for continuous monitoring instrumentation, and copies of all reports required by the permit. Where appropriate, the permit may specify that records may be maintained in computerized form.

(C) **Reporting requirements.** The permit shall incorporate all applicable reporting requirements and contain the following requirements.

- (i) A permit issued under this Part shall require the permittee to submit a report of any required monitoring at least every six months. To the extent possible, the schedule for submission of such reports shall be timed to coincide with other periodic reports required by the permit, including the permittee's annual compliance certification. However, the reports may be submitted at any time within the reporting period, as stipulated in the permit.
- (ii) Each report submitted under ~~(C)(1)(C)~~(i) of this paragraph shall identify any exceedances from permit ~~requirements~~limits since the previous report that have been monitored by the monitoring systems required under the permit, and any ~~exceedances~~deviation from the testing, monitoring, operating, recordkeeping and reporting requirements under the permit.
- (iii) In addition to semiannual monitoring reports, each permittee shall be required to submit the following supplemental reports.

- (I) Any exceedance resulting from an emergency as defined in OAC 252:100-8-2 or upset conditions as defined in the permit shall be reported promptly but no later than 4:30 p.m. on the next working day after the permittee first becomes aware of the exceedance. The initial report must contain a description of the emergency or upset

# Permanent Final Adoptions

---

conditions, any steps taken to mitigate emissions, and corrective actions taken. Quantification of exceedances attributable to emergencies or upset conditions shall be made by the best available method.

- a. In accordance with OAC 252:100-9-7, the permittee shall submit a follow-up written excess emission report. This is a state-only requirement.
- b. If the permittee wishes to assert the affirmative defense authorized under subsection (c) of this Section for emergencies, the permittee shall submit a followup written report within 10 working days of first becoming aware of the exceedance request consideration of mitigating factors for excess emissions, the report must include all information necessary to establish the emergency under OAC 252:100-9-8. This is a state-only provision.

(II) Any exceedance that poses an imminent and substantial danger to public health, safety, or the environment shall be reported as soon as is practicable; but under no circumstance shall notification be more than 24 hours after exceedance.

(III) Any other exceedances that are identified in the permit as requiring more frequent reporting than the permittee's semiannual report shall be reported on the schedule specified in the permit.

(IV) All reports of exceedances shall identify the probable cause of the exceedances and any corrective actions or preventive measures taken.

(iv) Every report submitted under this subsection shall be certified by a responsible official or designee, ~~except that if a report of an exceedance required under (C)(iii) of this paragraph must be submitted within ten days of the exceedance, the report may be submitted in the first instance without a certification if an appropriate certification is provided within ten days thereafter, together with any corrected or supplemental information required concerning the exceedance. Reports submitted shall be consistent with the requirements of OAC 252:100-9.~~

(4) **Risk management plans.** If the source is required to develop and register a risk management plan pursuant to section 112(r) of the Act, the permit need only specify that the permittee will comply with the requirement to register such a plan. Although the requirement to have a risk management plan may be a term of the permit, the risk management plan contents are not part of the permit.

(5) **Title IV allowances.**

(A) No permit revision shall be required for increases in emissions that are authorized by allowances acquired pursuant to the acid rain program, provided that such increases do not require a permit revision under any other applicable requirement.

(B) No limit shall be placed on the number of allowances held by the source. The source may not, however, use allowances as a defense to noncompliance with any other applicable requirement.

(C) The permit shall prohibit emissions exceeding any allowance that the source lawfully holds under Title IV of the Act or the regulations promulgated thereunder. Compliance with this paragraph will be determined on January 31st of any given year and be based on actual emissions and the number of allowances held for the previous calendar year.

(6) **Severability clause.** The permit shall include a severability clause to ensure the continued validity of the various permit requirements in the event of a challenge to any portions of the permit.

(7) **General requirements.** The permit shall include the following provisions.

(A) The permittee must comply with all conditions of the permit. Any permit noncompliance constitutes a violation of the Oklahoma Clean Air Act and is grounds for:

- (i) enforcement action;
- (ii) permit termination, revocation and reissuance, or modification; or
- (iii) denial of a permit renewal application.

(B) It shall not be a defense for a permittee in an enforcement action that it would have been necessary to halt or reduce the permitted activity in order to maintain compliance with the conditions of this permit. However, nothing in this subsection shall be construed as precluding consideration of a need to halt or reduce activity as a mitigating factor in assessing penalties for noncompliance if the health, safety, or environmental impacts of halting or reducing operations would be more serious than the impacts of continuing operations.

(C) The permit may be modified, revoked, reopened, and reissued, or terminated for cause. Except as provided under OAC 252:100-8-7.2(b)(1) for minor permit modifications, the filing of a request by the permittee for a permit modification, revocation and reissuance, or termination, or of a notification of planned changes or anticipated noncompliance does not stay any permit condition.

(D) The permit does not convey any property rights of any sort or any exclusive privilege.

(E) The permittee shall furnish to the DEQ, upon receipt of a written request and within a reasonable time, any information that the DEQ may request to determine whether cause exists for modifying, reopening, or revoking and reissuing or terminating the permit or to determine compliance with the permit. Upon request, the permittee shall also furnish to the DEQ copies of records required to be kept by the permit. The permittee may make a claim of confidentiality pursuant to 27A O.S. § 2-5-105.18 for any information or records submitted under this paragraph.

(8) **Fees.** The permit shall provide that the permittee will pay fees to the DEQ consistent with the fee schedule established under OAC 252:100-5-2.2.

(9) **Emissions trading.** The permit shall provide that no permit revision shall be required under any approved economic incentives, marketable permits, emissions trading and other similar programs or processes for changes that are provided for in the permit.

(10) **Operating scenarios.** The permit shall include terms and conditions applicable to all operating scenarios described in the permit application and eligible for approval under applicable requirements and state-only requirements. The permit shall authorize the permittee to make changes among operating scenarios authorized in the permit without notice, but shall require the permittee contemporaneously with making a change from one operating scenario to another to record in a log at the permitted facility the scenario under which it is operating.

(11) **Emissions averaging.** The permit shall include terms and conditions, if the permit applicant requests them, for the trading or averaging of emissions increases and decreases in the permitted facility, to the extent that the applicable requirements provide for trading or averaging such increases and decreases. Such terms and conditions shall include terms under subsections (a) and (c) of this Section to determine compliance and shall satisfy all requirements of the applicable requirements authorizing such trading or averaging.

**(b) Federally enforceable requirements.**

(1) Except as provided in paragraph (b)(2) of this Section, all terms and conditions in a permit issued under this Section, including any provisions designed to limit a source's potential to emit, are enforceable by the DEQ, by EPA, and by citizens under section 304 of the Act.

(2) Notwithstanding paragraph (b)(1) of this Section, the DEQ shall designate as not being federally enforceable under the Act any terms and conditions included in the permit that are not required under the Act or any of its applicable requirements, and such terms and conditions shall not be enforceable by EPA and citizens under section 304 of the Act.

**(c) Compliance requirements.** All permits issued under this Part shall contain the following elements with respect to compliance.

(1) Consistent with paragraph (a)(3) of this Section, the permit shall contain compliance certification, testing, monitoring, reporting, and recordkeeping requirements sufficient to assure compliance with the terms and conditions of the permit. Any document (including reports) required by a permit under this Part shall contain a certification by a responsible official as to the results of the required monitoring.

(2) The permit shall contain inspection and entry requirements that require that, upon presentation of credentials and other documents as may be required by law, the permittee shall allow authorized officials of the DEQ to:

(A) enter upon the permittee's premises during reasonable/normal working hours where a source is located or emissions-related activity is conducted, or where records must be kept under the conditions of the permit;

(B) have access to and copy, at reasonable times, any records that must be kept under the conditions of the permit;

(C) inspect at reasonable times and using reasonable safety practices any facilities, equipment (including monitoring and air pollution control equipment), practices, or operations regulated or required under the permit; and

(D) as authorized by the Oklahoma Clean Air Act, sample or monitor at reasonable times substances or parameters for the purpose of assuring compliance with the permit.

(3) The permit shall contain a schedule of compliance if required under OAC 252:100-8-5(e)(8)(B).

(4) To the extent required under an applicable schedule of compliance and OAC 252:100-8-5(e)(8), the permit shall contain the requirement for progress reports to be submitted semiannually or more frequently if specified in the applicable requirement or by the DEQ. Such progress reports shall contain:

# Permanent Final Adoptions

---

- (A) dates for achieving the activities, milestones, or compliance required in the schedule of compliance, and dates when such activities, milestones or compliance were achieved; and
- (B) an explanation of why any dates in the schedule of compliance were not or will not be met, and any preventive or corrective measures adopted.

(5) The permit shall contain requirements for compliance certification with terms and conditions contained in the permit that are federally enforceable, including emission limitations, standards, or work practices. Each permit shall contain all of the following specifications and requirements.

(A) Each permit shall specify the frequency (which shall be annually unless the applicable requirement or state-only requirement specifies submission more frequently) of submissions of compliance certifications.

(B) Each permit shall specify in accordance with paragraph (a)(3) of this Section, a means for monitoring the compliance of the source with emissions limitations, standards, and work practices.

(C) Each permit shall include a requirement that the compliance certification include:

- (i) the identification of each term or condition of the permit that is the basis of the certification;
- (ii) the permittee's current compliance status, as shown by monitoring data and other information available to the permittee;
- (iii) whether compliance was continuous or intermittent;
- (iv) the method(s) used for determining the compliance status of the source, currently and over the reporting period as required by paragraph (a)(3) of this Section; and
- (v) such other facts as the DEQ may require to determine the compliance status of the source.

(D) Each permit shall contain a requirement that all compliance certifications be submitted to EPA as well as to the DEQ.

(E) Each permit shall contain such additional requirements as may be specified pursuant to sections 114(a)(3) and 504(b) of the Act.

(6) Each permit shall contain such other provisions as the DEQ may require.

## (d) Permit shield.

(1) Each operating permit issued under this Part shall include a "permit shield" provision, which shall state that compliance with the terms and conditions of the permit (including terms and conditions established for alternate operating scenarios, emissions trading, and emissions averaging, but excluding terms and conditions for which the permit shield is expressly prohibited under this Subchapter) shall be deemed compliance with the applicable requirements identified and included in the permit.

(2) Upon request, the DEQ shall include in the permit or in a separate written finding issued with the permit a determination identifying specific requirements that do not apply to the source. The source shall specify in its application for such a determination the requirements for which the determination is requested. If the determination is issued in a separate finding, that finding shall be summarized in the permit. The permit shall state that the permit shield applies to any requirements so identified. A request for a determination to extend the shield to requirements deemed inapplicable to the source may be made either in the original permit application or in a subsequent application for a permit modification.

(3) A Part 70 permit that does not expressly state that a permit shield exists shall be presumed not to provide such a shield.

(4) Nothing in this Section or in the permit shall alter or affect:

- (A) the provisions of section 303 of the Act, including the authority of the Administrator under that section;
- (B) the liability of an owner or operator of a source for any violation of applicable requirements or state-only requirements prior to or at the time of permit issuance;
- (C) the applicable requirements of the acid rain program, consistent with section 408(a) of the Act; or
- (D) the ability of EPA to obtain information from a source pursuant to section 114 of the Act.

## (e) Emergencies.

(1) An emergency ~~constitutes an affirmative defense to~~ may qualify for consideration of mitigating factors for excess emissions during malfunctions, as authorized in OAC 252:100-9-8, in an action brought for noncompliance with such technology-based emission limitations if the conditions of paragraph (e)(3) of this Section and the reporting requirements of OAC 252:100-8-6(a)(3)(C)(iii)(I) are met.

(2) ~~The affirmative defense of emergency~~ Qualification for consideration of mitigating factors shall be demonstrated through properly signed, contemporaneous operating logs or other relevant evidence that:

- (A) an emergency occurred and that the permittee can identify the cause(s) of the emergency;

(B) the permitted facility was at the time being properly operated;

(C) during the period of the emergency the permittee took all reasonable steps to minimize levels of emissions that exceeded the emission standards or other requirements in the permit.

(3) In any enforcement proceeding, the permittee seeking to establish the occurrence of an emergency has the burden of proof.

(4) The provision in this subsection is in addition to any emergency or upset provision contained in any applicable requirement or OAC 252:100-9.

**(f) Operational flexibility.**

(1) **Applicant's duty to apply for alternative scenarios.** A facility may implement any operating scenario allowed for in its Part 70 permit without the need for any permit revision or any notification to the permitting authority. It is incumbent upon the Part 70 permit applicant to apply for any reasonably anticipated alternative facility operating scenarios at the time of initial or renewal permit application.

(2) **Changes resulting in no emissions increases.** A permitted Part 70 source may make the following changes within the facility.

(A) Such a source may make changes that are not modifications under any provision of Title I of the Act.

(B) Such a source may make changes that do not cause any hourly or annual permitted emission rate of any existing emissions unit to be exceeded.

(C) Such a source may make changes that result in a net change in emissions of zero, provided that the facility notifies the DEQ and EPA in writing at least 7 days in advance of the proposed changes. The source, DEQ, and EPA shall attach each such notice to their copy of the relevant permit. For each such change, the written notification required above shall include a brief description of the change within the permitted facility, the date on which the change will occur, any change in emissions, and any permit term or condition that is no longer applicable as a result of the change. The permit shield described in OAC 252:100-8-6(d) does not apply to any change made pursuant to this subsection.

The Department of Environmental Quality is proposing to amend section 252:100-1-3, Definitions, to clarify construction and operating permit requirements associated with modification of an existing minor facility (i.e., subject to Subchapter 7) or Part 70 source (i.e., subject to Subchapter 8). The Department is also proposing to amend existing rule language in section 252:100-7-60, Permit by rule, to clarify requirements for electronic submission of applications for air quality permits. The gist of the proposed rule is to clarify air quality permit requirements related to modification of minor facilities and Part 70 sources, and to allow electronic submission of applications.

**CONTACT PERSON:**

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 15, 2025:**

## SUBCHAPTER 1. GENERAL PROVISIONS

### **252:100-1-3. Definitions [AMENDED]**

The following words and terms, when used in this Chapter, shall have the following meaning, unless the context clearly indicates otherwise or unless defined specifically for a Subchapter, section, or subsection in the Subchapter, section, or subsection.

"Act" means the Federal Clean Air Act, as amended, 42 U.S.C. 7401 et seq.

"Administrator" means, unless specifically defined otherwise, the Administrator of the United States Environmental Protection Agency (EPA) or the Administrator's designee.

"Air contaminant source" means any and all sources of emission of air contaminants (pollutants), whether privately or publicly owned or operated, or person contributing to emission of air contaminants. Without limiting the generality of the foregoing, this term includes all types of business, commercial and industrial plants, works, shops and stores, heating and power plants or stations, buildings and other structures of all types.

"Air pollution abatement operation" means any operation which has as its essential purpose a significant reduction in:

(A) the emission of air contaminants, or

(B) the effect of such emission.

**"Air pollution episode"** means high levels of air pollution existing for an extended period (24 hours or more) of time which may cause acute harmful health effects during periods of atmospheric stagnation, without vertical or horizontal ventilation. This occurs when there is a high pressure air mass over an area, a low wind speed and there is a temperature inversion. Other factors such as humidity may also affect the episode conditions.

**"Ambient air standards"** or **"Ambient air quality standards"** means levels of air quality as codified in OAC 252:100-3.

**"Atmosphere"** means the air that envelops or surrounds the earth.

**"Best available control technology"** or **"BACT"** means the best control technology that is currently available as determined by the Director on a case-by-case basis, taking into account energy, environmental, and economic impacts and other costs of alternative control systems.

**"Building, structure, facility, or installation"** means:

(A) all of the pollutant-emitting activities which belong to the same industrial grouping, are located on one or more contiguous or adjacent properties, and are under the control of the same person (or persons under common control). Pollutant-emitting activities shall be considered as part of the same industrial grouping if they belong to the same "Major Group" (i.e., which have the same two-digit code) as described in the Standard Industrial Classification Manual, 1972, as amended by the 1977 Supplement. (B) notwithstanding the provisions of subparagraph (A), for onshore activities under Standard Industrial Classification (SIC) Major Group 13: Oil and Gas Extraction, all of the pollutant-emitting activities included in Major Group 13 that are located on one or more contiguous or adjacent properties, and are under the control of the same person (or persons under common control). Pollutant emitting activities shall be considered adjacent if they are located on the same surface site; or if they are located on surface sites that are located within 1/4 mile of one another (measured from the center of the equipment on the surface site) and they share equipment. Shared equipment includes, but is not limited to, produced fluids storage tanks, phase separators, natural gas dehydrators, or emissions control devices. Surface site, as used in this definition, has the same meaning as in 40 CFR 63.761.

**"Carbon dioxide equivalent emissions"** or **"CO<sub>2</sub>e"** means an amount of GHG emitted, and shall be computed by multiplying the mass amount of emissions, for each of the six greenhouse gases in the pollutant GHG, by the gas' associated global warming potential (GWP) published in Table A-1 to subpart A of 40 CFR Part 98 - Global Warming Potentials, and summing the resultant value for each to compute a CO<sub>2</sub>e.

**"Catalytic cracking unit"** means a unit composed of a reactor, regenerator and fractionating towers which is used to convert certain petroleum fractions into more valuable products by passing the material through or commingled with a bed of catalyst in the reactor. Coke deposits produced on the catalyst during cracking are removed by burning off in the regenerator.

**"Combustible materials"** means any substance which will readily burn and shall include those substances which, although generally considered incombustible, are or may be included in the mass of the material burned or to be burned.

**"Commence"** means, unless specifically defined otherwise, that the owner or operator of a facility to which neither a NSPS or NESHAP applies has begun the construction or installation of the emitting units on a pad or in the final location at the facility.

**"Commencement of operation"** or **"commencing operation"** means the owner or operator of the stationary source has begun, or caused to begin, emitting a regulated air pollutant from any activity for which the stationary source is designed and/or permitted.

**"Complete"** means in reference to an application for a permit, the application contains all the information necessary for processing the application. Designating an application complete for purposes of permit processing does not preclude the Director from requesting or accepting any additional information.

**"Construction"** means, unless specifically defined otherwise, fabrication, erection, or installation of a source.

**"Crude oil"** means a naturally occurring hydrocarbon mixture which is a liquid at standard conditions. It may contain sulfur, nitrogen and/or oxygen derivatives of hydrocarbon.

**"Direct fired"** means that the hot gasses produced by the flame or heat source come into direct contact with the material being processed or heated.

**"Division"** means Air Quality Division, Oklahoma State Department of Environmental Quality.

**"Dust"** means solid particulate matter released into or carried in the air by natural forces, by any fuel-burning, combustion, process equipment or device, construction work, mechanical or industrial processes.

**"EPA"** means the United States Environmental Protection Agency.

# Permanent Final Adoptions

---

**"Excess emissions"** means the emission of regulated air pollutants in excess of an applicable limitation or requirement as specified in the applicable limiting Subchapter, permit, or order of the DEQ. This term does not include fugitive VOC emissions covered by an existing leak detection and repair program that is required by a federal or state regulation.

**"Existing source"** means, unless specifically defined otherwise, an air contaminant source which is in being on the effective date of the appropriate Subchapter, section, or paragraph of these rules.

**"Facility"** means all of the pollutant-emitting activities that meet all the following conditions:

(A) Are under common control.

(B) Are located on one or more contiguous or adjacent properties.

(C) Have the same two-digit primary SIC Code (as described in the Standard Industrial Classification Manual, 1987).

**"Federally enforceable"** means all limitations and conditions which are enforceable by the Administrator, including those requirements developed pursuant to 40 CFR Parts 60 and 61, requirements within any applicable State implementation plan, any permit requirements established pursuant to 40 CFR 52.21 or under regulations approved pursuant to 40 CFR Part 51, subpart I, including operating permits issued under an EPA-approved program that is incorporated into the State implementation plan and expressly requires adherence to any permit issued under such program.

**"Fossil fuel"** means natural gas, petroleum, coal, or any form of solid, liquid, or gaseous fuel derived from such material.

**"Fuel-burning equipment"** means any one or more of boilers, furnaces, gas turbines or other combustion devices and all appurtenances thereto used to convert fuel or waste to usable heat or power.

**"Fugitive dust"** means solid airborne particulate matter emitted from any source other than a stack or chimney.

**"Fugitive emissions"** means, unless specifically defined otherwise, those emissions which could not reasonably pass through a stack, chimney, vent, or other functionally equivalent opening.

**"Fume"** means minute solid particles generated by the condensation of vapors to solid matter after volatilization from the molten state, or generated by sublimation, distillation, calcination, or chemical reaction when these processes create airborne particles.

**"Garbage"** means all putrescible animal and vegetable matter resulting from the handling, preparation, cooking and consumption of food.

**"Greenhouse gas"** or **"GHG"** means the air pollutant defined in 40 CFR § 86.1818-12(a) as the aggregate group of six greenhouse gases: carbon dioxide (CO<sub>2</sub>), nitrous oxide (N<sub>2</sub>O), methane (CH<sub>4</sub>), hydrofluorocarbons (HFCs), perfluorocarbons (PFCs), and sulfur hexafluoride (SF<sub>6</sub>).

**"Gross particulate matter"** or **"GPM"** means particulate matter with an aerodynamic diameter greater than 10 micrometers.

**"In being"** means as used in the definitions of New Installation and Existing Source that an owner or operator has undertaken a continuous program of construction or modification or the owner or operator has entered into a binding agreement or contractual obligation to undertake and complete within a reasonable time a continuous program of construction or modification prior to the compliance date for installation as specified by the applicable regulation.

**"Incinerator"** means a combustion device specifically designed for the destruction, by high temperature burning, of solid, semi-solid, liquid, or gaseous combustible wastes and from which the solid residues contain little or no combustible material.

**"Indirect fired"** means that the hot gasses produced by the flame or heat source do not come into direct contact with the material, excluding air, being processed or heated.

**"Installation"** means an identifiable piece of process equipment.

**"Lowest achievable emissions rate"** or **"LAER"** means, for any source, the more stringent rate of emissions based on paragraphs (A) and (B) of this definition. This limitation, when applied to a modification, means the lowest achievable emissions rate for the new or modified emissions units within a stationary source. In no event shall the application of LAER allow a proposed new or modified stationary source to emit any pollutant in excess of the amount allowable under applicable standard of performance for the new source.

(A) LAER means the most stringent emissions limitation which is contained in the implementation plan of any State for such class or category of stationary source, unless the owner or operator of the proposed stationary source demonstrates that such limitations are not achievable, or

(B) LAER means the most stringent emissions limitation which is achieved in practice by such class or category of stationary sources.

---

## Permanent Final Adoptions

**"Major source"** means any new or modified stationary source which directly emits or has the capability at maximum design capacity and, if appropriately permitted, authority to emit 100 tons per year or more of a given pollutant. (OAC 252:100-8, Part 3)

**"Malfunction"** means any sudden, infrequent, and not reasonably preventable failure of air pollution control equipment, process equipment, or a process to operate in a normal or usual manner. Failures that are caused in part by poor maintenance or careless operation are not malfunctions.

**"Minor NSR"** means any NSR permit action under Subchapter 7 or 8 that is not Prevention of Significant Deterioration or Nonattainment NSR.

**"Mist"** means a suspension of any finely divided liquid in any gas or atmosphere excepting uncombined water.

**"Modification"** means any physical change in, or change in the method of operation of, a source which increases the amount of any air pollutant emitted by such source or which results in the emission of any air pollutant not previously emitted, except that:

(A) routine maintenance, repair and replacement shall not be considered physical changes; and,

(B) the following shall not be considered a change in the method of operation, unless such change is prohibited under an existing permit condition or exceeds such limitation:

(i) any increase in the production rate, if such increase does not exceed the operating design capacity of the source;

(ii) an increase in hours of operation;

(iii) use of alternative fuel or raw material if, prior to the date any standard under this part becomes applicable to such source the affected facility is designed to accommodate such alternative use.

**"National Emission Standards for Hazardous Air Pollutants" or "NESHAP"** means those standards found in 40 CFR Parts 61 and 63.

**"New installation", "New source", or "New equipment"** means an air contaminant source which is not in being on the effective date of these regulations and any existing source which is modified, replaced, or reconstructed after the effective date of the regulations such that the amount of air contaminant emissions is increased.

**"New Source Performance Standards" or "NSPS"** means those standards found in 40 CFR Part 60.

**"New source review" or "NSR"** means a process of evaluation performed by the DEQ to determine the applicable requirements that must be incorporated into a construction permit issued by the DEQ as necessary to authorize construction, modification, or change in the method of operation of a new or existing stationary source. DEQ's NSR program, at a minimum, must meet the requirements of 40 CFR Part 51, Subpart I.

**"Nonmethane organic compounds" or "NMOC"** means nonmethane organic compounds, as defined in 40 CFR 60.754.

**"NSR permit"** means a construction permit issued by the DEQ as necessary to authorize construction, modification, or change in the method of operation of a new or existing stationary source.

**"Opacity"** means the degree to which emissions reduce the transmission of light and obscure the view of an object in the background.

**"Open burning"** means the burning of combustible materials in such a manner that the products of combustion are emitted directly to the outside atmosphere.

**"Organic compound"** means any chemical compound containing the element carbon.

**"Owner or operator"** means any person who owns, leases, operates, controls or supervises a source.

**"Part 70 permit"** means (unless the context suggests otherwise) any permit or group of permits covering a Part 70 source that is issued, renewed, amended, or revised pursuant to this Chapter.

**"Part 70 program"** means a program approved by the Administrator under 40 CFR Part 70.

**"Part 70 source"** means any source subject to the permitting requirements of Part 5 of Subchapter 8, as provided in OAC 252:100-8-3(a) and (b).

**"PM<sub>10</sub> emissions"** means particulate matter emitted to the ambient air with an aerodynamic diameter of 10 micrometers or less as measured by applicable reference methods, or an equivalent or alternative method.

**"PM<sub>10</sub>"** means particulate matter with an aerodynamic diameter of 10 micrometers or less.

**"PM<sub>2.5</sub>"** means particulate matter with an aerodynamic diameter of 2.5 micrometers or less.

**"Particulate matter" or "PM"** means any material that exists in a finely divided form as a liquid or a solid.

**"Particulate matter emissions"** means particulate matter emitted to the ambient air as measured by applicable reference methods, or an equivalent or alternative method.

# Permanent Final Adoptions

---

**"Potential to emit"** means the maximum capacity of a source to emit a pollutant under its physical and operational design. Any physical or operational limitation on the capacity of the source to emit a pollutant, including air pollution control equipment and restrictions on hours of operation or on the type or amount of material combusted, stored or processed, shall be treated as part of its design if the limitation or the effect it would have on emissions is enforceable. Secondary emissions do not count in determining the potential to emit of a source.

**"Prevention of significant deterioration" or "PSD"** means increments for the protection of attainment areas as codified in OAC 252:100-3.

**"Process equipment"** means any equipment, device or contrivance for changing any materials or for storage or handling of any materials, the use or existence of which may cause any discharge of air contaminants into the open air, but not including that equipment specifically defined as fuel-burning equipment, or refuse-burning equipment.

**"Process weight"** means the weight of all materials introduced in a source operation, including solid fuels, but excluding liquids and gases used solely as fuels, and excluding air introduced for the purposes of combustion. Process weight rate means a rate established as follows:

(A) for continuous or long-run, steady-state, operations, the total process weight for the entire period of continuous operation or for a typical portion thereof, divided by the number of hours of such period or portion thereof.

(B) for cyclical or batch source operations, the total process weight for a period which covers a complete or an integral number of cycles, divided by the hours of actual process operation during such period.

(C) where the nature of any process or operation or the design of any equipment is such as to permit more than one interpretation of this definition, that interpretation which results in the minimum value for allowable emission shall apply.

**"Reasonably available control technology" or "RACT"** means devices, systems, process modifications, or other apparatus or techniques that are reasonably available taking into account:

(A) The necessity of imposing such controls in order to attain and maintain a national ambient air quality standard;

(B) The social, environmental, and economic impact of such controls; and

(C) Alternative means of providing for attainment and maintenance of such standard.

**"Reconstruction"** means

(A) the replacement of components of an existing source to the extent that will be determined by the Executive Director based on:

(i) the fixed capital cost (the capital needed to provide all the depreciable components of the new components exceeds 50 percent of the fixed capital cost of a comparable entirely new source);

(ii) the estimated life of the source after the replacements is comparable to the life of an entirely new source; and,

(iii) the extent to which the components being replaced cause or contribute to the emissions from the source.

(B) a reconstructed source will be treated as a new source for purposes of OAC 252:100-8, Part 9.

**"Refinery"** means any facility engaged in producing gasoline, kerosene, fuel oils or other products through distillation of crude oil or through redistillation, cracking, or reforming of unfinished petroleum derivatives.

**"Refuse"** means, unless specifically defined otherwise, the inclusive term for solid, liquid or gaseous waste products which are composed wholly or partly of such materials as garbage, sweepings, cleanings, trash, rubbish, litter, industrial, commercial and domestic solid, liquid or gaseous waste; trees or shrubs; tree or shrub trimmings; grass clippings; brick, plaster, lumber or other waste resulting from the demolition, alteration or construction of buildings or structures; accumulated waste material, cans, containers, tires, junk or other such substances.

**"Refuse-burning equipment"** means any equipment, device, or contrivance, and all appurtenances thereto, used for the destruction of combustible refuse or other combustible wastes by burning.

**"Regulated air pollutant"** means any substance or group of substances listed in Appendix P of this Chapter, or any substance regulated as an air pollutant under any federal regulation for which the Department has been given authority, or any other substance for which an air emission limitation or equipment standard is set by an enforceable permit.

**"Responsible official"** means one of the following:

(A) For a corporation: a president, secretary, treasurer, or vice-president of the corporation in charge of a principal business function, or any other person who performs similar policy or decision-making functions for the corporation, or a duly authorized representative of such person if the representative is responsible for the overall operation of one or more manufacturing, production, or operating facilities applying for or subject to a permit and either:

(i) The facilities employ more than 250 persons or have gross annual sales or expenditures exceeding \$25 million (in second quarter 1980 dollars); or

(ii) The delegation of authority to such representatives is approved in advance by the DEQ;

(B) For the partnership or sole proprietorship: a general partner or the proprietor, respectively;

(C) For a municipality, state, federal, or other public agency: Either a principal executive officer or ranking elected official. For purposes of this Chapter, a principal executive officer or installation commander of a federal agency includes the chief executive officer having responsibility for the overall operations of a principal geographic unit of the agency (e.g., a Regional Administrator of EPA); or

(D) For affected sources:

(i) The designated representative insofar as actions, standards, requirements, or prohibitions under Title IV of the Act or the regulations promulgated thereunder are concerned; and

(ii) The designated representative for any other purposes under this Chapter.

**"Shutdown"** means the cessation of operation of any process, process equipment, or air pollution control equipment.

**"Smoke"** means small gas-borne or air-borne particles resulting from combustion operations and consisting of carbon, ash, and other matter any or all of which is present in sufficient quantity to be observable.

**"Source operation"** means the last operation preceding the emission of an air contaminant, which operation:

(A) results in the separation of the air contaminant from the process materials or in the conversion of the process materials into air contaminants, as in the case of combustion of fuel; and,

(B) is not an air pollution abatement operation.

**"Stack"** means, unless specifically defined otherwise, any chimney, flue, duct, conduit, exhaust, pipe, vent or opening, excluding flares, designed or specifically intended to conduct emissions to the atmosphere.

**"Standard conditions"** means a gas temperature of 68 degrees Fahrenheit (20° Centigrade) and a gas pressure of 14.7 pounds per square inch absolute.

**"Startup"** means the setting into operation of any process, process equipment, or air pollution control equipment.

**"Stationary source"** means, unless specifically defined otherwise, any building, structure, facility, or installation either fixed or portable, whose design and intended use is at a fixed location and emits or may emit an air pollutant subject to OAC 252:100.

**"Temperature inversion"** means a phenomenon in which the temperature in a layer of air increases with height and the cool heavy air below is trapped by the warmer air above and cannot rise.

**"Title V permit"** means (unless the context suggests otherwise) an operating permit for a Part 70 source.

**"Total Suspended Particulates"** or **"TSP"** means particulate matter as measured by the high-volume method described in Appendix B of 40 CFR Part 50.

**"Visible emission"** means any air contaminant, vapor or gas stream which contains or may contain an air contaminant which is passed into the atmosphere and which is perceptible to the human eye.

**"Volatile organic compound"** or **"VOC"** means any organic compound that participates in atmospheric photochemical reactions resulting in the formation of tropospheric ozone. Carbon monoxide, carbon dioxide, carbonic acid, metallic carbides, ammonium carbonates, tert-butyl acetate and compounds listed in 40 CFR 51.100(s)(1) are presumed to have negligible photochemical reactivity and are not considered to be VOC.

## SUBCHAPTER 7. PERMITS FOR MINOR FACILITIES

### PART 9. PERMITS BY RULE

#### 252:100-7-60. Permit by rule [AMENDED]

(a) **Applicability.** A permit by rule (PBR) may be adopted for an industry(s) to streamline the air quality permitting procedures required by OAC 252:100-7-15 and -18, if there are a sufficient number of facilities that meet the requirements of 252:100-7-15(b)(1) and that have the same or substantially similar operations, emissions, and activities that are subject to the same standards, limitations, and operating and monitoring requirements.

# Permanent Final Adoptions

---

(1) A facility may be constructed or operated under this rule and will be exempt from any other permitting requirements in this Chapter if it meets the requirements of 252:100-7-15(b)(1), 252:100-7-60, and the appropriate PBR.

(2) A facility cannot be registered under more than one PBR at the same time or under a PBR and a general or individual permit at the same time. However, the owner or operator may apply for a change in a facility's registration from one PBR to another PBR if the facility meets the criteria of the "new" PBR. The owner or operator may apply for a change in a facility's air quality permit from a general or an individual permit to registration under a PBR for which the facility qualifies.

(b) **General requirements.** No construction under a PBR may commence until the request and application fee are received by the DEQ. Operation under the PBR is not authorized beyond the time limit contained in 252:100-7-18(a) unless a request for operation under the PBR and the application fee are received by the DEQ.

(1) **Application for registration under a PBR.**

(A) **Construction or operation.** The owner or operator wishing to construct or operate a facility under a PBR, must submit a request for registration under the PBR using the form(s) provided by the DEQ for that PBR. The request must contain written certification by the owner or operator that the facility will be constructed and/or operated in compliance with such PBR. A construction and/or operating permit application fee, as specified in 252:100-7-3, must accompany the form(s).

(B) **Modification.** A physical change or change in the method of operation to a facility covered by a PBR that would cause the facility to no longer qualify for the PBR is a modification, and will result in a change in permit status as provided by 252:100-7-60(b)(4). Other physical or operational changes are not modifications, and do not require submittal of an amended registration.

(2) **Reporting requirements.** The owner or operator of a facility covered by a PBR must comply with the reporting requirements in 252:100-7-60(b)(2)(A), (B), and (C). No other reporting requirements shall apply.

(A) The owner or operator must submit emission inventories as required by 252:100-5-2.1;

(B) The owner or operator must comply with the excess emission reporting requirements in 252:100-9; and

(C) The owner or operator must comply with reporting requirements contained in any applicable NSPS or NESHAP.

(3) **Compliance inspections.** Compliance inspections will be conducted by the DEQ in response to complaints and as necessary to determine compliance.

(4) **Change in permit status.** The owner or operator shall apply for an individual permit or, if applicable, coverage under a general permit in the event that a change causes a facility to no longer qualify for a PBR.

(c) **Registration.** Registration under a PBR shall constitute compliance with the requirements of 252:100-7-15(a) (for construction permits) or 252:100-7-18(a) (for operating permits).

(1) Registration under the PBR will be effective upon receipt of the requisite form(s) (including the appropriate application fee) by the DEQ.

(2) Acceptable documentation of receipt of the PBR registration is the earliest of:

(A) a legible, dated U.S. Postal Service postmark (private metered postmarks are not acceptable);

(B) a dated receipt from a commercial carrier or the U.S. Postal Service; or

(C) a DEQ date-stamped registration;

(D) an electronic submission via email or other electronic submittal system as designated by the Division; or

(E) a combination of A through D resulting in a complete registration package (including all forms and the appropriate fees).

(3) After receiving the appropriate PBR registration request and application fee and confirming that the facility is eligible for coverage under the PBR, the DEQ will acknowledge in writing that the facility is registered to construct or operate under the PBR.

*[OAR Docket #25-490; filed 6-6-25]*

## TITLE 252. DEPARTMENT OF ENVIRONMENTAL QUALITY CHAPTER 100. AIR POLLUTION CONTROL

*[OAR Docket #25-492]*

**RULEMAKING ACTION:**

PERMANENT final adoption

**RULES:**

Subchapter 2. Incorporation by Reference

252:100-2-3. Incorporation by reference [AMENDED]

Appendix Q. Incorporation by Reference [AMENDED]

**AUTHORITY:**

Environmental Quality Board; 27A O.S. Sections 2-2-101, 2-3-402, and 2-5-106. Air Quality Advisory Council; 27A O.S. Sections 2-2-201 and 2-5-107. Oklahoma Clean Air Act; 27A O.S. Sections 2-5-101 through -117.

**SUBMISSION OF PROPOSED RULES TO GOVERNOR AND CABINET SECRETARY:**

August 8, 2024

**COMMENT PERIOD:**

September 3, 2024 through October 3, 2024

**PUBLIC HEARING:**

October 17, 2024

**ADOPTION:**

November 21, 2024

**SUBMISSION OF ADOPTED RULES TO GOVERNOR AND LEGISLATURE:**

November 25, 2024

**LEGISLATIVE APPROVAL:**

Approved on May 28, 2025, by HJR 1033

**LEGISLATIVE DISAPPROVAL:**

N/A

**APPROVED BY GOVERNORS DECLARATION:**

N/A

**FINAL ADOPTION:**

May 28, 2025

**EFFECTIVE:**

September 15, 2025

**SUPERSEDED EMERGENCY ACTIONS:****SUPERSEDED RULES:**

N/A

**GUBERNATORIAL APPROVAL:**

N/A

**REGISTER PUBLICATION:**

N/A

**DOCKET NUMBER:**

N/A

**INCORPORATIONS BY REFERENCE:****INCORPORATED STANDARDS:**

Date of 40 C.F.R. provisions incorporated by reference in OAC 252:100-2-3 and in Appendix Q is changed to "as they existed on June 30, 2024."

**INCORPORATING RULES:**

252:100-2-3 Incorporation by Reference

Appendix Q. Incorporation By Reference

**AVAILABILITY:**

The standards are on file at the Department of Environmental Quality, 707 North Robinson, Oklahoma City, Oklahoma, 73102, and are available to the public for examination Monday through Friday between the hours of 8:00 a.m. and 4:30 p.m., excluding state holidays.

**GIST/ANALYSIS:**

The Department of Environmental Quality (Department or DEQ) is proposing to update language in Subchapter 2, Incorporation by Reference, to reflect the latest date of incorporation of EPA regulations. The Department is also proposing to update the content in OAC 252:100, Appendix Q, Incorporation By Reference, to incorporate the latest changes to EPA regulations. The gist of these rule proposals and the underlying reason for the rulemaking is to incorporate the latest changes or additions to 40 C.F.R. Part 60, New Source Performance Standards (NSPS), 40 C.F.R. Parts 61 and

# Permanent Final Adoptions

---

63, National Emission Standards for Hazardous Air Pollutants (NESHAP), and other EPA regulations referenced in Chapter 100.

## CONTACT PERSON:

Melanie Foster, Department of Environmental Quality, Air Quality Division, 707 North Robinson, P.O. Box 1677, Oklahoma City, Oklahoma 73101-1677, (405) 702-4100.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 15, 2025:**

## SUBCHAPTER 2. INCORPORATION BY REFERENCE

### **252:100-2-3. Incorporation by reference [AMENDED]**

Except as provided under this section, the provisions of 40 CFR listed in Appendix Q are hereby incorporated by reference as they existed on ~~June 30, 2023~~ June 30, 2024.

(1) **Inclusion of 40 CFR citations and definitions.** When a provision of 40 CFR is incorporated by reference, all citations contained therein are also incorporated by reference.

(2) **Inconsistencies or duplications of requirements or incorporation dates.**

(A) In the event that there are inconsistencies or duplications between the requirements of this Chapter and the requirements of those provisions incorporated by reference in Appendix Q or elsewhere in this Chapter, the more stringent requirements shall apply.

(B) In the event that a specific date of incorporation is indicated in Appendix Q or a subchapter of this Chapter, the specified date of incorporation shall apply.

(3) **Terminology related to 40 CFR.** For purposes of interfacing with 40 CFR and unless the context clearly indicates otherwise, the following terms apply.

(A) "Administrator" is synonymous with "Executive Director."

(B) "U. S. Environmental Protection Agency" or "EPA" is synonymous with "Department of Environmental Quality" or "DEQ."

## APPENDIX Q. INCORPORATION BY REFERENCE [AMENDED]

Except as provided under OAC 252:100-2-3, the following provisions of Title 40 of the Code of Federal Regulations are hereby incorporated by reference as they existed on June 30, 2024, unless otherwise noted.

PART	SUBPART	DESCRIPTION
50	n/a	Appendix B to Part 50 - Reference Method for the Determination of Suspended Particulate Matter in the Atmosphere (High-Volume Method)
50	n/a	Appendix J to Part 50 - Reference Method for the Determination of Particulate Matter as PM <sub>10</sub> in the Atmosphere
51	A	Table 1 to Appendix A only of Subpart A—Emission Thresholds by Pollutant for Treatment as Point Source Under 40 CFR 51.30
51	F	Paragraph 51.100(s)(1) only of Subpart F, Procedural Requirements
51	n/a	Appendix P to Part 51 - Minimum Emission Monitoring Requirements
51	n/a	Appendix W to Part 51 – Guideline on Air Quality Models
58	n/a	Appendix A to Part 58 - Quality Assurance Requirements for Monitors used in Evaluations of National Ambient Air Quality Standards
58	n/a	Appendix B to Part 58 – Quality Assurance Requirements for Prevention of Significant Deterioration (PSD) Air Monitoring
60	A	General Provisions [Except 60.4, 60.9, 60.10 and 60.16]
60	Ba	Adoption and Submittal of State Plans for Designated Facilities
60	Cf	Emission Guidelines and Compliance Times for Municipal Solid Waste Landfills
60	D	Standards of Performance for Fossil-Fuel-Fired Steam Generators
60	Da	Standards of Performance for Electric Utility Steam Generating Units
60	Db	Standards of Performance for Industrial-Commercial-Institutional Steam Generating Units

## Permanent Final Adoptions

---

PART	SUBPART	DESCRIPTION
60	Dc	Standards of Performance for Small Industrial-Commercial-Institutional Steam Generating Units
60	E	Standards of Performance for Incinerators
60	Ea	Standards of Performance for Municipal Waste Combustors for Which Construction is Commenced After December 20, 1989 and on or Before September 20, 1994
60	Eb	Standards of Performance for Large Municipal Waste Combustors for Which Construction is Commenced After September 20, 1994 or for Which Modification or Reconstruction is Commenced After June 19, 1996
60	Ec	Standards of Performance for Hospital/Medical/Infectious Waste Incinerators for Which Construction is Commenced After June 20, 1996
60	F	Standards of Performance for Portland Cement Plants
60	G	Standards of Performance for Nitric Acid Plants
60	Ga	Standards of Performance for Nitric Acid Plants for Which Construction, Reconstruction, or Modification Commenced After October 14, 2011
60	H	Standards of Performance for Sulfuric Acid Plants
60	I	Standards of Performance for Hot Mix Asphalt Facilities
60	J	Standards of Performance for Petroleum Refineries
60	Ja	Standards of Performance for Petroleum Refineries for Which Construction, Reconstruction, or Modification Commenced After May 14, 2007
60	K	Standards of Performance for Storage Vessels for Petroleum Liquids for Which Construction, Reconstruction, or Modification Commenced After June 11, 1973, and Prior to May 19, 1978

**TITLE 252. DEPARTMENT OF ENVIRONMENTAL QUALITY  
CHAPTER 100. AIR POLLUTION CONTROL**

# Permanent Final Adoptions

---

[OAR Docket #25-486]

**RULEMAKING ACTION:**

PERMANENT final adoption

**RULES:**

Appendix E. Primary Ambient Air Quality Standards [AMENDED]

**AUTHORITY:**

Environmental Quality Board; 27A O.S. Sections 2-2-101, 2-3-402, and 2-5-106. Air Quality Advisory Council; 27A O.S. Sections 2-2-201 and 2-5-107. Oklahoma Clean Air Act; 27A O.S. Sections 2-5-101 through 2-5-117.

**SUBMISSION OF PROPOSED RULES TO GOVERNOR AND CABINET SECRETARY:**

May 24, 2024

**COMMENT PERIOD:**

June 17, 2024 through July 17, 2024

**PUBLIC HEARING:**

July 24, 2024

**ADOPTION:**

September 10, 2024

**SUBMISSION OF ADOPTED RULES TO GOVERNOR AND LEGISLATURE:**

September 12, 2024

**LEGISLATIVE APPROVAL:**

Approved May 28, 2025, by HJR 1033

**LEGISLATIVE DISAPPROVAL:**

N/A

**APPROVED BY GOVERNORS DECLARATION:**

N/A

**FINAL ADOPTION:**

May 28, 2025

**EFFECTIVE:**

September 15, 2025

**SUPERSEDED EMERGENCY ACTIONS:**

**SUPERSEDED RULES:**

**AVAILABILITY:**

N/A

**GIST/ANALYSIS:**

The Department is proposing to amend Appendix E to maintain consistency with the National Ambient Air Quality Standards (NAAQS). Specifically, the PM<sub>2.5</sub> Primary Standard is being amended to reflect recent changes made by EPA in lowering the annual standard from 12.0 µg/m<sup>3</sup> to 9.0 µg/m<sup>3</sup>. The gist of the proposed rule is to ensure Appendix E is consistent with the federal NAAQS.

**CONTACT PERSON:**

Melanie Foster, Department of Environmental Quality, Air Quality Division, 707 North Robinson, P.O. Box 1677, Oklahoma City, Oklahoma 73101-1677, (405) 702-4100.

---

## Permanent Final Adoptions

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 15, 2025:**

# Permanent Final Adoptions

## APPENDIX E. PRIMARY AMBIENT AIR QUALITY STANDARDS [AMENDED]

	Sulfur Dioxide	PM <sub>10</sub>	PM <sub>2.5</sub>	Carbon Monoxide	Ozone	Nitrogen Dioxide	Lead
<b>1-hr. max</b>	75 ppb <sup>(1)</sup>			40 mg/m <sup>3</sup> 35 ppm <sup>(2)</sup>		100 ppb <sup>(3)</sup>	
<b>8-hr. max</b>				10 mg/m <sup>3</sup> 9 ppm <sup>(2)</sup>	0.070 ppm <sup>(4)</sup>		
<b>24-hr. max</b>		150 µg/m <sup>3</sup> <sup>(5)</sup>	35 µg/m <sup>3</sup> <sup>(6)</sup>				
<b>3-month average</b>							0.15 µg/m <sup>3</sup> <sup>(7)</sup>
<b>Annual</b>			9.0 µg/m <sup>3</sup> <sup>(8)</sup>			53 ppb <sup>(9)</sup>	

<sup>(1)</sup> The standard is attained when the 3-year average of the 99th percentile of the daily maximum 1-hour average at each monitor within an area does not exceed 75 ppb, as determined in accordance with 40 CFR Part 50, Appendix T.

<sup>(2)</sup> The standard is attained when the 1-hour average concentration does not exceed 35 ppm and the 8-hour average concentration does not exceed 9 ppm as provided in 40 CFR 50.8.

<sup>(3)</sup> The standard is attained when the 3-year average of the 98th percentile of the daily maximum 1-hour average concentration at each monitor within an area does not exceed 100 ppb as determined in accordance with 40 CFR Part 50, Appendix S.

<sup>(4)</sup> The standard is attained when the computed 3-year average of the annual 4th-highest daily maximum 8-hour average does not exceed 0.070 ppm, as provided in 40 CFR 50.19.

<sup>(5)</sup> The standard is attained when the expected number of days per calendar year with a 24-hour average concentration above 150 µg/m<sup>3</sup>, as determined in accordance with 40 CFR Part 50, Appendix K is equal to or less than one.

<sup>(6)</sup> The standard is attained when the 98th percentile concentration is equal to or less than the numerical standard as determined by 40 CFR Part 50, Appendix N.

<sup>(7)</sup> The standard is attained when the rolling 3-month maximum average does not exceed 0.15 µg/m<sup>3</sup> more than once during a 3-year period as provided in 40 CFR 50.16.

<sup>(8)</sup> The standard is attained when the annual arithmetic mean is equal to or less than the numerical standard as determined by 40 CFR Part 50, Appendix N.

<sup>(9)</sup> The standard is attained when the annual arithmetic mean does not exceed 53 ppb as provided in 40 CFR 50.11.

Clarify language, eliminate obsolete language, correct omissions and streamline to promote and enhance operations, through removal of inaccurate or redundant verbiage, and to simplify language. This rulemaking action creates new rules for the Oklahoma Health Care Authority related to the administrative operations of the Employees Group Insurance Division; the proposed rules are taken directly from the rules currently in place with the Office of Management and Enterprise Services under Title 260. Senate bill 1310 of the 2024 legislative session moved the Employees Group Insurance Division from the Office of Management and Enterprise Services to the Oklahoma Health Care Authority. These proposed rule changes correct references to the Office of Management and Enterprise Services to accurately reflect the

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF JULY 11, 2025:**

### **317:120-1-1. Purpose [NEW]**

The purpose of this chapter is to outline the structure of the Oklahoma Health Care Authority (OHCA) Oklahoma Employees Insurance and Benefits Board (OEIBB).

### **317:120-1-2. Definitions [NEW]**

The following words and terms as defined by OEIBB shall have the following meaning unless the content clearly indicates otherwise:

"The Board" means the seven [7] members of the Oklahoma Employees Insurance and Benefits Board designated by statute [74 O.S. §1303(1)].

"OEIBB" means Oklahoma Employees Insurance and Benefits Board.

### **317:120-1-3. Regular meetings [NEW]**

The Board shall meet at least once each quarter in Oklahoma City, with the date, time and place determined by the Board. Four [4] members must be present to constitute a quorum in the transaction of the Board's business and a majority vote of those present shall be necessary to approve any motion before the Board. The Board shall hold an annual meeting each year at which officers shall be elected.

### **317:120-1-4. Special meetings [NEW]**

Special meetings may be called upon written notice of the Chair or by agreement of any four [4] members of the Board. Notice of a special meeting is to be delivered to all members in person or by electronic mail not less than forty-eight [48] hours prior to the fixed date of the meeting, unless waived.

### **317:120-1-5. Open Meeting Act [NEW]**

All meetings and notices thereof shall be held in strict accordance with the Open Meeting Act [25 O.S. §§301 et seq., as amended].

### **317:120-1-6. Committees [NEW]**

The Chair may appoint subcommittees and committees as is deemed appropriate. Such appointments shall be in writing and may be changed as needed, upon written notice to all Board members.

### **317:120-1-7. Cancellation of meetings [NEW]**

The Chair of the Board, or the Vice-Chair in the Chair's absence, shall have the power to cancel or reschedule any regular or special meeting of the Board due to anticipated lack of quorum, inclement weather or other emergency. Notice of cancellation of said meeting shall be posted as soon as reasonably possible and in the same manner as the agenda.

### **317:120-1-8. Board records; release of information [NEW]**

All official records of the Board shall be public records open to public inspection under reasonable circumstances at any reasonable time during business hours by any person, but such records shall not be taken from the OHCA office. Copies of public records may be obtained pursuant to the current fee schedule as adopted by OHCA.

### **317:120-1-9. Minutes of the Board [NEW]**

A summary shall be made of all proceedings before the Board which shall show those members present and absent, all matters considered, all actions taken, and the vote of each member on any motion, and shall be open to public inspection, as prescribed in 317:120-1-8.
