# Notices of Rulemaking Intent

Prior to adoption and gubernatorial/legislative review of a proposed PERMANENT rulemaking action, an agency must publish a Notice of Rulemaking Intent in the *Register*. In addition, an agency may publish a Notice of Rulemaking Intent in the *Register* prior to adoption of a proposed EMERGENCY or PREEMPTIVE rulemaking action.

A Notice of Rulemaking Intent announces a comment period, or a comment period and public hearing, and provides other information about the intended rulemaking action as required by law, including where copies of proposed rules may be obtained.

*For additional information on Notices of Rulemaking Intent, see 75 O.S., Section 303.*

## **TITLE 252. DEPARTMENT OF ENVIRONMENTAL QUALITY CHAPTER 100. AIR POLLUTION CONTROL**

*[OAR Docket #22-701]*

### **RULEMAKING ACTION:**

Notice of proposed PERMANENT rulemaking

### **PROPOSED RULES:**

Subchapter 2. Incorporation by Reference

252:100-2-3 [AMENDED]

Appendix Q. Incorporation by Reference [REVOKED]

Appendix Q. Incorporation by Reference [NEW]

### **SUMMARY:**

The Department of Environmental Quality (Department or DEQ) is proposing to revoke and replace Oklahoma Administrative Code (OAC) 252:100, Appendix Q, Incorporation by Reference. In addition, the Department is proposing to update language in Subchapter 2, Incorporation by Reference, to reflect the latest date of incorporation of EPA regulations in Appendix Q. The gist of these rule proposals and the underlying reason for the rulemaking is to incorporate the latest changes to EPA regulations, primarily those relating to the New Source Performance Standards (NSPS) and National Emission Standards for Hazardous Air Pollutants (NESHAP) in 40 C.F.R. Parts 60, 61, and 63.

### **AUTHORITY:**

Environmental Quality Board; 27A O.S. §§ 2-2-101, 2-2-201, and 2-5-106.

Air Quality Advisory Council; 27A O.S. §§ 2-2-201 and 2-5-107.

Oklahoma Clean Air Act; 27A O.S. §§ 2-5-101 through 2-5-117.

Oklahoma Uniform Permitting Act; 27A O.S. §§ 2-14-101 through 2-14-304.

### **COMMENT PERIOD:**

Written comments may be submitted to the contact person from September 1, 2022, through October 3, 2022. Oral comments may be made at the October 5, 2022 Air Quality Advisory Council meeting and at the November 8, 2022 Environmental Quality Board meeting.

### **PUBLIC HEARINGS:**

Before the Air Quality Advisory Council at 9:00 a.m. on Wednesday, October 5, 2022, at the DEQ Headquarters, 707 N. Robinson, Oklahoma City, OK 73102.

If the Council recommends adoption, the proposed rules will be considered by the Environmental Quality Board at its meeting scheduled for 9:30 a.m. on Tuesday, November

8, 2022, in the Marty Lewis Public Safety Building at the Gordon Cooper Technology Center, One John C. Bruton Blvd., Shawnee, OK 74804.

These hearings shall also serve as public hearings to receive comments on the proposed revisions to the State Implementation Plan (SIP) under the requirements of 40 C.F.R. § 51.102 and 27A O.S. § 2-5-107(6)(c), and to the State Title V (Part 70) Implementation Plan under the requirements of 40 C.F.R. Part 70 and 27A O.S. § 2-5-112(B)(9).

### **REQUEST FOR COMMENTS FROM BUSINESS ENTITIES:**

The Department requests that business entities or any other members of the public affected by these rules provide the Department, within the comment period, in dollar amounts if possible, the increase in the level of direct costs such as fees, and the indirect costs such as reporting, recordkeeping, equipment, construction, labor, professional services, revenue loss, or other costs expected to be incurred by a particular entity due to compliance with the proposed rules.

### **COPIES OF PROPOSED RULES:**

Copies of the proposed rules may be obtained from the contact person, reviewed at the Department of Environmental Quality, 707 N. Robinson, Oklahoma City, OK 73102, or reviewed online at <https://www.deq.ok.gov/council-meetings/air-quality-advisory-council/>.

### **RULE IMPACT STATEMENTS:**

Pursuant to 75 O.S. § 303(D), a rule impact statement was prepared and is available on the DEQ website at <https://www.deq.ok.gov/council-meetings/air-quality-advisory-council/>. Copies may also be obtained from the Department by calling the contact person listed below.

### **CONTACT PERSON:**

#### **SUMMARY:**

The proposed revisions make amendments in the level of supervision of PAs by expanding the current exceptions to the current MD/PA supervision ratio of one physician up to six (6) mid-level practitioners in any combination. The proposed revisions also make amendments to the prescription authority by, including but not limited to, allowing PAs to prescribe Schedule II drugs while removing the limitation of writing

prescriptions only "on site" and authorizing prescriptions for non-controlled medications to be written for up to a 90-day supply with three refills. The rules also eliminate the requirement for an inclusive formulary relating to the prescribing ability of PAs. Additionally, the rules set forth application and practice agreement requirements and revoke the requirements for practicing locum tenens in Oklahoma in harmony with current law.

# Emergency Adoptions

"If an agency finds that a rule is necessary as an emergency measure, the rule may be promulgated" if the Governor approves the rules after determining "that the rule is necessary as an emergency measure to do any of the following:

- a. protect the public health, safety or welfare,
- b. comply with deadlines in amendments to an agency's governing law or federal programs,
- c. avoid violation of federal law or regulation or other state law,
- d. avoid imminent reduction to the agency's budget, or
- e. avoid serious prejudice to the public interest." [75 O.S., Section 253(A)]

An emergency rule is considered promulgated immediately upon approval by the Governor, and effective immediately upon the Governor's approval or a later date specified by the agency in the emergency rule document. An emergency rule expires on September 15 following the next regular legislative session after its promulgation, or on an earlier date specified by the agency, if not already superseded by a permanent rule or terminated through legislative action as described in 75 O.S., Section 253(H)(2).

Emergency rules are not published in the *Oklahoma Administrative Code*; however, a source note entry, which cites to the *Register* publication of the emergency action, is added to the *Code* upon promulgation of a superseding permanent rule or expiration/termination of the emergency action.

*For additional information on the emergency rulemaking process, see 75 O.S., Section 253.*

### ADOPTION:

### EXPIRATION:

Effective through September 14, 2023, unless superseded by another rule or disapproved by the Legislature

### SUPERSEDED EMERGENCY ACTIONS:

### FINDING OF EMERGENCY:

The Agency requests emergency approval of rule revisions to the clinical trials and out-of-state services policy to avoid violation of federal law or regulation or other state law. The approval of the emergency rule would allow the Oklahoma Health Care Authority (OHCA) to implement and align new and current rules with the Social Security Act § 1905 (a) (30) and 1905 (gg) (3), 42 C.F.R. § 431.52 and the Oklahoma Medicaid State Plan. Additionally, the agency requests emergency approval of revisions to its dental out-of-state services policy to protect the public health, safety, or welfare. There are some areas in Oklahoma, like the Oklahoma panhandle, where there is a dental provider shortage or no dental provider at all so the revisions will make it easier for SoonerCare members receive services. The approval of the emergency rule would allow for members to travel up to one hundred miles (100) from the Oklahoma border to receive dental services without requiring prior authorization from the OHCA.

### GIST/ANALYSIS:

These emergency revisions are necessary to strike outdated language and add new language to the formerly named "Clinical Trials" policy OAC

317:30-3-57.1. To comply with new federal guidelines this policy will be renamed "Coverage of routine services in relation to clinical trials" and restructured to address qualifying clinical trials criteria, clinical trials determination standards, routine patient costs, and excluded items. Importantly, new language will be added that states that the Oklahoma Health Care Authority will provide a coverage determination decision for requested and medically necessary routine services within 72-hours for a member participating in a qualifying clinical trial. Revisions to the out-of-state services policy, at OAC 317:30-3-90, will also add language to assure that clinical trials will be provided in accordance with federal requirements and that clinical trials do not follow all of the out-of-state policy requirements. Further revisions will add a clause regarding the override for prior authorizations that are related to lodging and meals services when they are provided in accordance with an approved clinical trial. Finally, revisions will add language that allows for a SoonerCare member to travel up to one hundred miles (100) from the Oklahoma border to receive dental services.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING EMERGENCY RULES ARE CONSIDERED PROMULGATED AND EFFECTIVE UPON APPROVAL BY THE GOVERNOR AS SET FORTH IN 75 O.S., SECTION 253(F):**

## SUBCHAPTER 3. GENERAL PROVIDER POLICIES

### PART 3. GENERAL MEDICAL PROGRAM INFORMATION

#### 317:30-3-57.1. Clinical trials~~Coverage of routine services in relation to clinical trials~~

~~(a) **Definition.** A clinical trial is a federally funded study that is either being conducted under an Investigational New Drug (IND) application or is exempt from having an IND application and helps to prevent, detect, or treat cancer or a life-threatening illness, injury, or disease.~~

~~(b) **Medical necessity.** Clinical trials must be determined to be medically necessary for the individual affected member. Documentation in the member's plan of care should support the medical necessity of the clinical trial for the affected individual member and that the clinical trial is for the medical~~

purposes only. Requests for clinical trials in and of itself shall not constitute medical necessity. The Oklahoma Health Care Authority (OHCA) shall serve as the final authority pertaining to all determinations of medical necessity. Refer to Oklahoma Administrative Code (OAC) 317:30-3-1(f) for policy on medical necessity.

(c) **Documentation/requirements.** All documentation submitted to request services must demonstrate, through adequate objective medical records, evidence sufficient to justify the member's need for the service, in accordance with OAC 317:30-3-1(f)(2). An OHCA approved clinical trial must include the following:

(1) The clinical trial does one (1) of the following for the treatment of cancer or a life-threatening illness, injury, or disease:

- (A) Tests how to administer a health care service;
- (B) Tests responses to a health care service;
- (C) Compares effectiveness of a health care service; or
- (D) Studies new uses of a health care service.

(2) The clinical trial is approved and funded by one (1) of the following:

- (A) Research facilities that have an established peer review program that has been approved by the National Institutes of Health Center (NIH);
- (B) The Centers for Disease Control and Prevention;
- (C) The Agency for Health Care Research and Quality (AHRQ);
- (D) The Centers for Medicare and Medicaid Services (CMS);
- (E) The United States Department of Veterans Affairs (VA);
- (F) The United States Department of Defense (DOD);
- (G) The Food and Drug Administration;
- (H) The United States Department of Energy; or
- (I) Research entities that meet the eligibility criteria for a support grant from a NIH center.

(3) Is conducted in a facility where the personnel have training and expertise needed to provide the type of care required and there is written protocol for the approved clinical trial;

(4) Complies with appropriate federal regulations regarding the protection of human subjects; and

(5) For full guidelines, please refer to [www.okhea.org/mau](http://www.okhea.org/mau).

(d) **Routine care costs.**

(1) The following are included in routine care costs for approved clinical trials and by a SoonerCare contracted provider:

- (A) Costs that are required for the administration of the investigational item or service and are not a covered benefit of the clinical trial;
- (B) Costs regarding the appropriate monitoring of the effects from the item or service; and
- (C) Costs that are necessary for the prevention, diagnosis or treatment of medical complications for a

non-covered item or service that was provided in the clinical trial.

(2) The following are excluded from routine care costs in approved clinical trials:

- (A) The investigational item or service;
- (B) Items or services that the study gives for free;
- (C) Items or services that are only utilized when determining if the individual is eligible for the clinical trial;
- (D) Items or services that are used only for data collection or analysis;
- (E) Evaluations that are designed to only test toxicity or disease pathology;
- (F) Experimental, investigational, and unproven treatments or procedures and all related services provided outside of an approved clinical trial; and
- (G) Any non-FDA approved drugs that were provided or made available to the member during the approved clinical trial will not be covered after the trial ends.

(3) Applicable plan limitations for coverage for out-of-network and out-of-state providers will apply to routine care costs in an approved clinical trial.

(4) Applicable utilization management guidelines will apply to routine care costs in an approval clinical trial.

(e) **Experimental and investigational.** SoonerCare does not cover for medical, surgical, or other health care procedures, which are considered experimental or investigational in nature.

(a) **Coverage.** The Oklahoma Health Care Authority (OHCA) will cover routine patient costs provided under a qualifying clinical trial to an eligible member. The OHCA does not:

- (1) Determine eligibility for participation in any research study; or
- (2) Reimburse for any costs associated in the research study, other than for routine patient costs for clinical studies, as defined in this Section and in the Oklahoma Medicaid State Plan.

(b) **Qualifying clinical trials criteria.**

(1) Clinical trial, as adopted from the National Institute of Health (NIH) definition, means a research study in which one (1) or more human subjects are prospectively assigned to one (1) or more interventions, which may include placebo or other control, to evaluate the effects of those interventions on health-related biomedical or behavioral outcomes.

(2) Pursuant to Section 1905(a)(30) and 1905(gg) of the Act, as amended and added by Division CC, Title II, Section 210 of the Consolidated Appropriations Act, 2021 (Public Law 116-260, Section 210), qualifying clinical trial means a clinical trial, in any clinical phase of development, that is conducted in relation to the prevention, detection, or treatment of any serious or life-threatening disease or condition and is described in any of the following clauses:

- (A) The clinical trial is approved, conducted, or supported (which may include funding through in

kind contributions) by one (1) or more of the following:

- (i) The National Institutes of Health (NIH);
- (ii) The Centers for Disease Control and Prevention (CDC);
- (iii) The Agency for Healthcare Research and Quality (AHRQ);
- (iv) The Centers for Medicare and Medicaid Services (CMS);
- (v) A cooperative group or center of any of the entities described above or of the Department of Defense or the Department of Veteran Affairs;
- (vi) A qualified non-governmental research entity identified in guidelines issued by the National Institutes of Health for center support grants, including guidelines issued after the date of these rules; or
- (vii) Any of the following if the clinical trial has been reviewed and approved through a system of peer review that the Secretary determines to be comparable to the system of peer review of studies and investigations used by the National Institutes of Health and assures unbiased review of the highest scientific standards by qualified individuals with no interest in the outcome of the review:
  - (I) The Department of Veterans Affairs;
  - (II) The Department of Defense; or
  - (III) The Department of Energy.

(B) The clinical trial is conducted pursuant to an investigational new drug exemption under section 505(i) of the Federal Food, Drug, and Cosmetic Act or an exemption for a biological product undergoing investigation under section 351(a)(3) of the Public Health Service Act.

(C) The clinical trial is a drug trial that is exempt from being required to have an investigational new drug exemption or an exemption for a biological product undergoing investigation.

(3) Serious disease or condition, as adopted from 21 C.F.R. § 312.300, means a disease or condition associated with morbidity that has substantial impact on day-to-day functioning. Short-lived and self-limiting morbidity will usually not be sufficient, but the morbidity need not be irreversible, provided it is persistent or recurrent. Whether a disease or condition is serious is a matter of clinical judgment, based on its impact on such factors as survival, day-to-day functioning, or the likelihood that the disease, if left untreated, will progress from a less severe condition to a more serious one.

(4) Life-threatening disease or condition, as adopted from 21 C.F.R. § 312.300, means a stage of disease in which there is reasonable likelihood that death will occur within a matter of months or in which premature death is likely without early treatment.

(c) **Clinical trials determination standards.** Pursuant to Section 1905(a)(30) and 1905(gg) of the Act, as amended and added by Division CC, Title II, Section 210 of the Consolidated

Appropriations Act, 2021 (Public Law 116-260, Section 210, the OHCA will expedite and complete a coverage determination for routine services under this Section within seventy-two (72) hours of receiving the required attestation as described below. The OHCA will maintain the following standards in any coverage determination under this section:

(1) **Attestation.** The health care provider and principal investigator for the qualifying clinical trial must submit a standardized form attestation to the OHCA regarding the appropriateness of the qualifying clinical trial for the individual member.

(2) **Expedited determination.** Upon receiving the completed required attestation, the OHCA will expedite and complete a coverage determination under this Section within seventy-two (72) hours. All documentation submitted to request services must demonstrate, through adequate objective medical records, evidence sufficient to meet at least one (1) definition in subsection (b)(3)-(4) above for the terms "serious disease or condition" or "life-threatening disease or condition".

(3) **Geographic and network allowance.** The OHCA will determine coverage under this Section without limitation on the geographic location or network affiliation of the health care provider treating the individual member or the principal investigator of the qualifying clinical trial.

(4) **Protocols and proprietary documentation.** The OHCA will determine coverage under this Section without requiring the submission of the protocols of the qualifying clinical trial or any other documentation that may be proprietary or determined by the Secretary to be burdensome to provide.

(5) **Documentation of serious or life-threatening disease or condition.** In determining coverage under this Section, the OHCA will consider existing or newly offered documentation that the individual member has been diagnosed with or is suffering from one (1) or more serious or life-threatening diseases or conditions that are the subject of the qualifying clinical trial as shown in the attestation.

(d) **Routine patient costs.**

(1) **Included items and services.** Routine patient costs include any item or service provided to Medicaid-eligible members under the qualifying clinical trial, including:

(A) Any item or service provided to prevent, diagnose, monitor, or treat complications resulting from participation in the qualifying clinical trial, to the extent that the provision of such items or services to the member would otherwise be covered outside the course of participation in the qualifying clinical trial under the Oklahoma Medicaid State Plan or waiver, including a demonstration project under section 1115 of the Act; and

(B) Any item or service required solely for the provision of the investigational item or services that is the subject of the qualifying clinical trial, including the administration of the investigational item or service.

## Emergency Adoptions

(2) **Excluded items and services.** The following items and services are excluded from routine patient costs in qualifying clinical trials:

- (A) Any investigational item or service that is:
- (i) The subject of the qualifying clinical trial; and
  - (ii) Not otherwise covered outside of the clinical trial under the Oklahoma Medicaid State Plan or waiver, including a demonstration project under section 1115 of the Act; and
- (B) Any item or service that is:
- (i) Provided to the member solely to satisfy data collection and analysis for the qualifying clinical trial and is not used in the direct clinical management of the member; and
  - (ii) Not otherwise covered under the Oklahoma Medicaid State Plan or waiver, including a demonstration project under section 1115 of the Act.

### PART 6. OUT-OF-STATE SERVICES

#### 317:30-3-90. Out-of-state services

(a) Consistent with Section 431.52 of Title 42 of the Code of Federal Regulations (C.F.R.), an eligible SoonerCare member who is a resident of Oklahoma but who is temporarily out of state, may receive services from an out-of-state provider to the same extent that he or she would receive such services in Oklahoma, if:

(1) Medical services are needed for a medical emergency, as determined by the attending physician or other provider (M.D., D.O., P.A., or A.P.R.N), or a dentist [Doctor of Dental Surgery (DDS), or Doctor of Medicine in Dentistry (DMD)]. For any provider, who is not contracted at the time the services are provided, documentation as requested from the Oklahoma Health Care Authority (OHCA) of the emergency must be submitted, including, but not limited to, emergency room reports, medical histories, discharge summaries, and all other relevant medical reports.

(2) Medical services are needed and the member's health would be endangered if he or she were required to return to Oklahoma for medical care and treatment, as determined by the attending physician or other provider (M.D., D.O., P.A., or A.P.R.N), or a dentist [Doctor of Dental Surgery (DDS), or Doctor of Medicine in Dentistry (DMD)]. For any provider, who is not contracted at the time the services are provided, documentation of the nature and possible extent of the endangerment must be submitted as requested from the OHCA.

(3) The Oklahoma Health Care Authority's (OHCA) Chief Medical Officer (CMO), or his or her designee, determines, on the basis of medical advice, that the needed medical services, or necessary supplemental resources, are more readily available in the state where the member is located at the time of needing medical treatment. Prior

authorization must be obtained from the OHCA's CMO, or his or her designee, before the services are rendered; ~~or,~~

~~(4) The customary or general practice for members residing in a particular locality within Oklahoma is to use medical resources in another state, and the member is using a provider that is contracted with the OHCA.~~

(b) Per 42 C.F.R. § 431.52, if it is the customary or general practice for SoonerCare members who are residing in a particular locality within Oklahoma to use medical or dental resources in another state, reimbursement is available for services furnished in another State to the same extent that reimbursement for services is furnished within Oklahoma boundaries. The services being rendered must be provided by a provider who is contracted with the OHCA and must be appropriately licensed and in good standing with the state in which they practice.

~~(A1)~~ Except for out-of-state inpatient psychiatric services, no prior authorization is necessary for services provided in accordance with paragraph ~~(a)(4)(b)~~, above, if the member obtains them from an out-of-state provider that is:

~~(iA)~~ Located in a border state (Arkansas, Colorado, Kansas, Missouri, New Mexico, or Texas) within fifty (50) miles of the Oklahoma border, with exceptions for dental services. The OHCA will allow the member to travel up to one hundred (100) miles of the Oklahoma border to receive dental services; and

~~(ii)~~ Contracted with the OHCA;

~~(iiiB)~~ Provided, however, that nothing in this paragraph shall be interpreted to eliminate or otherwise affect a prior authorization requirement established by any other OHCA rule, including, but not limited to, Oklahoma Administrative Code (OAC) 317:30-3-31, that would have to be met if the health care-related good and/or service were provided in Oklahoma.

~~(B2)~~ In all other instances, prior authorization must be obtained from the OHCA's CMO, or his or her designee, before the services are rendered.

(c) Clinical trials, either in-state or out-of-state, will need to adhere to any federal regulations which provides for certain exceptions to OHCA's out-of-state policy. For the full clinical trials policy, please refer to OAC 317:30-3-57.1.

~~(b)~~ Except as provided in subsections (a)(1),(a)(2) ~~and (a)(4)(A), (b)(1) and (c)~~, above, SoonerCare will not pay for any services furnished by an out-of-state provider unless prior authorization has been obtained from the OHCA's CMO, or his or her designee, before the services are rendered. Prior authorization for out of state services must be obtained in all instances in which the member is located in Oklahoma at the time the services are determined to be medically necessary.

(1) As part of this authorization process, the following documents must be submitted to the OHCA's CMO, or his or her designee:

(A) Documents sufficient to establish the "medical necessity" of the services requested, as that term is defined by OAC 317:30-3-1(f). See also OAC 317:30-3-31, Prior authorization for health care-related goods and services. Examples of such documents may include, but are not limited to, Histories of

Present Illnesses (HPIs), physical exams, laboratory reports, imaging reports, progress notes, hospital charts, and/or other relevant medical records; and (B) Documents sufficient to establish that the health care needs of the member cannot be met in Oklahoma. Such documents shall include, but not be limited to, a letter from the referring provider that contains:

- (i) A clear presentation of the member's medical condition and diagnosis for which out-of-state treatment is requested, including a summary of treatment to date that is supported by the documents in paragraph ~~(b)~~(c)(1)(A), above;
- (ii) Names of physicians and/or facilities in Oklahoma that the member has previously been referred to for diagnosis and/or treatment;
- (iii) Physicians consulted by the attending physician relative to diagnosis and/or availability of recommended treatment in Oklahoma;
- (iv) Recommended treatment or further diagnostic work; and
- (v) Reasons why medical care cannot be provided in Oklahoma or the next closest location outside Oklahoma.

(C) Except for emergency medical, behavioral health cases, and as provided in subsections (a)(1),(a)(2) and (b)(1), above, prior authorization requests for out-of-state services must be made in writing with all the necessary documents that show medical necessity and details of the services provided, including but not limited to, relevant medical history, description of services and procedures to be performed, Histories of Present Illnesses (HPIs), physical exams, laboratory reports, imaging reports, and received by the OHCA at least ten (10) calendar days prior to the date services are to be provided in another state or at the discretion of the CMO or his/her designee.

- (i) Emergency medical, ~~or~~ behavioral health, and dental cases must be identified as such by the physician or provider in the prior authorization request.
- (ii) Any telephone request for prior authorization of out-of-state services will only be accepted in emergency situations, and must be promptly followed by a written request.

(2) Prior authorization requirements for medically necessary lodging, transportation, and/or meals assistance associated with out-of-state services are established in other OHCA rules, including, but not limited to, OAC 317:30-3-92 and 317:30-5-327.1. In accordance with federal regulations, exceptions to prior authorization requirements will be made for members who are participating in a clinical trial that require out-of-state medically necessary services. For the full clinical trials policy, please refer to OAC 317:30-3-57.1.

(ee) The ~~restrictions~~ limitations established in subsections (a) through ~~(b)~~(c), above, shall not apply to children who reside

outside of Oklahoma and for whom the Oklahoma ~~Department~~ of Human Services (OKDHS) makes Title IV-E adoption assistance payments or Title IV-E foster care maintenance payments.

~~(df)~~ Denials of requests for prior authorization may be appealed in accordance with OAC 317:2-1-2(d)(1)(C).

~~(eg)~~ Out-of-state providers shall, upon request by authorized OHCA representatives, make available fiscal and medical records as required by applicable federal regulations, OHCA rules, and the Provider Agreement. **FINDING OF EMERGENCY:**  
The Agency requests emergency approval of rule revisions to the Pay-for-Performance program policy in order to avoid violation of federal law or regulation or other state law. The approval of the emergency rule would allow the Oklahoma Health Care Authority (OHCA) to implement and align new and current rules with the Medicaid State Plan.

**GIST/ANALYSIS:**  
These emergency revisions are necessary to remove outdated language and add new language to the Long-Term Care (LTC) Pay-for-Performance (PFP) program payment criteria section. These policy revisions will align with the proposed Oklahoma Medicaid State Plan. The overall purpose of the proposed rule revisions will be to maintain compliance with federal requirements and continuity of processes.

# Emergency Adoptions

UPON APPROVAL BY THE GOVERNOR AS SET FORTH IN 75 O.S., SECTION 253(F):

## SUBCHAPTER 5. INDIVIDUAL PROVIDERS AND SPECIALTIES

### PART 9. LONG-TERM CARE FACILITIES

#### 317:30-5-136.1. Pay-for-Performance (PFP) program

(a) **Purpose.** The PFP program was established through Oklahoma State Statute, Title 56, Section 56-1011.5 as amended. PFP's mission is to enhance the quality of life for target citizens by delivering effective programs and facilitating partnerships with providers and the community they serve. The program has a full commitment to the very best in quality, service and value which will lead to measurably improved quality outcomes, healthier lifestyles, greater satisfaction and confidence for our members.

(b) **Eligible providers.** Any Oklahoma long-term care nursing facility that is licensed and certified by the Oklahoma State Department of Health (OSDH) as defined in Oklahoma Administrative Code (OAC) 317:30-5-120.

(c) **Quality measure care criteria.** To maintain status in the PFP program, each nursing facility shall submit documentation as it relates to program metrics quarterly or upon the request of the Oklahoma Health Care Authority (OHCA). The program metrics can be found on the OHCA's PFP website or on PFP/Quality of Care (QOC) data collection portal. If any quality metric, listed below, is substituted or removed by Centers of Medicare and Medicaid Services (CMS), an alternative quality metric may be chosen with the support of participating partners. For the period beginning October 1, 2019 and until changed by amendment, qualifying facilities participating in the PFP program have the potential to earn an average of the five dollars (\$5.00) quality incentive per Medicaid patient per day. Facility(s) baseline is calculated annually and will remain the same for the twelve (12) month period. Facility(s) will meet or exceed five-percent (5%) relative improvement or the CMS' national average each quarter for the following metrics:

- (1) Decrease percent of high risk/unstageable pressure ulcers for long-stay residents.
- (2) Decrease percent of unnecessary weight loss for long-stay residents.
- (3) Decrease percent of use of anti-psychotic medications for long-stay residents.
- (4) Decrease percent of urinary tract infection for long-stay residents.

(d) **Payment.** Payment to long-term care facilities for meeting the metrics will be awarded quarterly. A facility may earn a minimum of one dollar and twenty-five cents (\$1.25) per Medicaid patient per day for each qualifying metric. A facility receiving a scope and severity tag deficiency of "I" or greater related to a targeted quality measure in the program is disqualified from receiving an award related to that measure for that quarter from the Oklahoma State Department of Health will forfeit the PFP incentive for the quarter out of compliance.

(1) **Distribution of payment.** OHCA will notify the PFP facility of the quality reimbursement amount on a quarterly basis.

(2) **Penalties.** Facilities shall have performance review(s) and provide documentation upon request from OHCA to maintain program compliance. Program payments will be withheld from facilities that fail to submit the requested documentation within fifteen (15) business days of the request.

(3) **Timeframe.** To qualify for program reimbursement by meeting a specific quality measure, facilities are required to provide metric documentation within thirty (30) days after the end of each quarter to the OHCA.

(e) **Appeals.** Facilities can file an appeal with the Quality Review Committee and in accordance, with the grievance procedures found at OAC 317:2-1-2(c) and 317:2-1-17.

#### FINDING OF EMERGENCY:

The Agency requests emergency approval of rule revisions to its current non-hospital based hospice policy to protect the public health, safety, or welfare. The approval of the emergency rule will allow the Oklahoma Health Care Authority (OHCA) to provide hospice care services as a covered benefit for the adult expansion population as described per the Code of Federal Regulations (CFR) Title 42 Section 435.119.

#### GIST/ANALYSIS:

These emergency revisions are necessary to add hospice services as a covered benefit for members eligible as expansion adults, described in the Code of Federal Regulations (C.F.R.) Title 42 Section 435.119. The proposed

rule will outline hospice coverage, eligibility, reimbursement, provider qualifications/requirements, and prior authorization requirements.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING EMERGENCY RULES ARE CONSIDERED PROMULGATED AND EFFECTIVE UPON APPROVAL BY THE GOVERNOR AS SET FORTH IN 75 O.S., SECTION 253(F):

SUBCHAPTER 5. INDIVIDUAL PROVIDERS AND SPECIALTIES

PART 58. NON-HOSPITAL-BASED HOSPICE

317:30-5-530. Eligible providers

Non-Hospital-Affiliated Hospice entities must be appropriately licensed and have a contract with the Oklahoma Health Care Authority to provide Hospice services.

- (a) Providers of hospice services will meet applicable state and federal licensing requirements and meet Medicare certification requirements to provide hospice services.
(b) Providers of hospice services will enter into a contractual agreement with the State Medicaid Agency, Oklahoma Health Care Authority (OHCA).

317:30-5-531. Coverage for adults

There is no coverage for hospice services provided Medicaid eligible adults except for the hospice provision provided through the ADvantage Waiver.

- (a) Definition. Hospice care is a comprehensive, holistic program of palliative and/or comfort care and support provided to the member and his/her family when a physician certifies that the member has a terminal illness and has a life expectancy of six (6) months or less.
(1) Hospice services must be related to the palliation and management of the member's illness, symptom control, or to enable the individual to maintain activities of daily living and basic functional skills.
(2) Hospice care is performed under the direction of a physician as per the member's plan of care in an approved hospital hospice facility, in-home hospice program, or nursing facility.
(b) Eligibility. Coverage for hospice services is provided to Medicaid eligible expansion adults only.
(1) Expansion adults defined by 42 Code of Federal Regulations § 435.119 who are age nineteen (19) or older and under sixty-five (65), at or below one hundred thirty-three percent (133%) of the federal poverty level (FPL), and who are not categorically related to the aged, blind, or disabled eligibility group are eligible for hospice services.
(2) Hospice care eligibility requires physician certification that the member is terminally ill and includes a

medical prognosis with a life expectancy of six (6) months or less if the illness runs its normal course. The terminal prognosis also must be supported by clinical documentation in the medical record.

(3) For information regarding hospice provision provided through waivers, refer to Oklahoma Administrative Code (OAC) 317:30-5-763, 317:30-5-1200, and 317:30-5-1202.

- (c) Covered services. Hospice care services can include but not limited to:
(1) Nursing care;
(2) Physician services (e.g., physicians employed or working under arrangements made with the hospice);
(3) Medical equipment and supplies;
(4) Drugs for symptom control and pain relief;
(5) Home health aide services;
(6) Personal care services;
(7) Physical, occupational and/or speech therapy;
(8) Medical social services;
(9) Dietary counseling; and
(10) Grief and bereavement counseling to the member and/or family are required but are not reimbursable.
(d) Prior authorization. All services must be prior authorized, and a written plan of care must be established before services are rendered. For medical review purposes, all hospice services will be authenticated in accordance with OAC 317:30-3-30.
(e) Service election.
(1) The member or member's legal guardian or authorized representative must sign an election statement, choosing hospice care instead of routine medical care with the objective to treat and cure the member's terminal illness, and by doing so waives his or her right to other Medicaid benefits, except for care not related to the terminal illness and care provided by the attending physician.
(2) Once the member, legal guardian, or member's authorized representative has elected hospice care, the hospice medical team assumes responsibility for the member's medical care for the terminal illness.
(f) Service revocation.
(1) Hospice care services may be revoked by the member, legal guardian, or authorized representative at any time.
(2) Upon revoking the election of Medicaid coverage of hospice care for a particular election period, the member resumes Medicaid coverage of the benefits waived when hospice care was elected.
(3) The member may at any time elect to receive hospice coverage for any other hospice election periods for which he or she is eligible.
(g) Service frequency. Hospice care services:
(1) Are available for an initial two (2) ninety-day (90-day) certification periods. After the two (2) initial ninety-day (90-day) periods, a member is allowed an unlimited number of sixty-day (60-day) certification periods during the remainder of the member's lifetime. Each certification period requires a new prior authorization.

## Emergency Adoptions

- (2) Require a hospice physician or nurse practitioner to have a face-to-face encounter with the member to determine if the member's terminal illness necessitates continuing hospice care services. The encounter should take place prior to the one hundred eightieth (180<sup>th</sup>) day recertification and each subsequent recertification thereafter; and attest that such visit took place.
- (h) **Documentation.** Initial documentation requirements for requesting services, documentation requirements for continuation of services, and the full hospice guidelines can be found at OHCA's website, <https://oklahoma.gov/ohca>.
- (i) **Reimbursement.**
- (1) SoonerCare shall provide hospice care reimbursement:
- (A) For each day that an individual is under the care of a hospice, the hospice will be reimbursed an amount applicable to the level, type and intensity of the services furnished to the individual for that day in accordance with the Oklahoma Medicaid State Plan.
- (B) For independent physician direct services in accordance with the Oklahoma Medicaid State Plan.
- (2) Through the Oklahoma Medicaid State Plan, the OHCA established payment amounts for the following categories:
- (A) **Routine hospice care.** Member is at home and not receiving hospice continuous care.
- (B) **Continuous home care.** Member is not in an inpatient facility and receives hospice on a continuous basis at home; primarily consisting of nursing care to achieve palliation and management of acute medical symptoms during a brief period of crisis only as necessary to maintain the terminally ill patient at home. If less skilled care is needed on a continuous basis to enable the person to remain at home, this is covered as routine hospice care.
- (C) **Inpatient respite care.** Member receives care in an approved inpatient facility on a short-term basis for respite.
- (D) **General inpatient care.** Member receives general inpatient care in an inpatient facility for pain control or acute or chronic symptom management that cannot be managed at home.
- (E) **Nursing facility (NF)/intermediate care facilities for individuals with intellectual disabilities (ICF/IID) care.** Member receives hospice care in a NF or ICF/IID. Hospice nursing facility or ICF/IID room and board per diem rates are reimbursed to the in-home hospice provider at a rate equal to 95% of the skilled nursing facility rate. The hospice provider is responsible for passing the room and board payment through to the NF or ICF/IID. If Medicare is the primary payer of hospice benefits, OHCA will only reimburse the hospice provider for coinsurance and deductible amounts per the Oklahoma Medicaid State Plan and will continue to pay the room and board to the nursing facility.
- (F) **Service intensity add-on.** Member receives care by a registered nurse (RN) or social worker

when provided in the last seven (7) days of his/her life.

(G) **Other general reimbursement items.**

- (i) **Date of discharge.** For the day of discharge from an inpatient unit, the appropriate home care rate is to be paid unless the patient dies as an inpatient. When the patient is discharged as deceased, the inpatient rate, either general or respite, is to be paid for the discharge date.
- (ii) **Inpatient day cap.** Payments to a hospice for inpatient care must be limited according to the number of days of inpatient care furnished to Medicaid patients. During the twelve-month (12-month) period beginning October 1 of each year and ending September 30, the aggregate number of inpatient days (both for general inpatient care and inpatient respite care) may not exceed twenty percent (20%) of the aggregate total number of days of hospice care provided to all Medicaid recipients during that same period. This limitation is applied once each year, at the end of the hospices' cap period.
- (iii) **Obligation of continuing care.** After the member's Medicare hospice benefit expires, the patient's Medicaid hospice benefits do not expire. The hospice must continue to provide the recipient's care until the patient expires or until the member revokes the election of hospice care.

### PART 110. INDIAN HEALTH SERVICES, TRIBAL PROGRAMS, AND URBAN INDIAN CLINICS(I/T/US)

#### 317:30-5-1096. Off-site services

I/T/U covered services provided off-site or outside of the I/T/U setting, including but not limited to hospice services, mobile clinics, or places of residence, are compensable at the OMB rate when billed by an I/T/U that has been designated as a Federally Qualified Health Center. The I/T/U must meet provider participation requirements listed in OAC 317:30-5-1088. I/T/U off-site services may be covered if the services rendered were within the provider's scope of practice and are of the same integrity of services rendered at the I/T/U facility.

**FINDING OF EMERGENCY:**

The Agency requests emergency approval of rule revisions to its current Indian Health Services, Tribal Programs, and Urban Indian Clinics (I/T/U) policy. These emergency revisions protect the public health, safety, or welfare by allowing I/T/Us to be reimbursed the outpatient Office of Management and Budget (OMB) rate for rendered residential substance use disorder (SUD) services. The higher reimbursement rate will encourage the provision of these services, thus allowing SoonerCare members increased access to SUD treatment in these facilities.

**GIST/ANALYSIS:**

These emergency revisions are necessary to reflect that I/T/U providers will be reimbursed the outpatient Office of Management and Budget (OMB) rate for rendered residential substance use disorder (SUD) services. This policy change aligns with the authority in the Oklahoma Medicaid State Plan and with current business practices.

(b) **Outpatient behavioral health.** Services are covered when provided in accordance with a documented individualized service plan developed to treat the identified mental health needs and/or SUD. Outpatient behavioral health services are reimbursed at the I/T/U outpatient encounter rate unless otherwise noted in the section.

(1) A full description of services may be found at OAC 317:30-5-241 and 317:30-5-241.5(d), 317:30-5-241.7. Services may include, but are not limited to:

- (A) Mental health and/or substance use assessment/evaluation and testing;
- (B) Service plan development;
- (C) Crisis intervention services;
- (D) Medication training and support;
- (F) Individual/interactive psychotherapy;
- (G) Group psychotherapy;
- (H) Family psychotherapy;
- (I) Medication-assisted treatment (MAT) services and/or medication; and
- (J) Peer recovery support specialist (PRSS) services.

(2) In order to support access to behavioral health services, these services may be provided in settings outside of the I/T/U. Offsite services must take place in a confidential setting.

(3) For the provision of behavioral health related case management services, I/T/U facilities must be fully contracted with the Oklahoma Health Care Authority (OHCA) as an outpatient behavioral health agency. The provision of these services is considered to be outside of the I/T/U encounter and will be paid at the current FFS rate. Contracted behavioral health case management providers must comply with the requirements found at OAC 317:30-5-241.6 and are responsible for obtaining all necessary prior authorizations, if needed.

(4) For the provision of psychosocial rehabilitation services, I/T/U facilities must be fully contracted with the

### SUBCHAPTER 7. APPLICATION FOR PERMIT TO DEVELOP ABSTRACT PLANT

#### 5:11-7-2. Renewal of permit to develop abstract plant

(a) A permit holder shall actively pursue development of the abstract plant. In the initial period of development, a minimum of one-half of the total available records must be indexed within three (3) years from the issue date of the permit. Plants currently under development as of the effective date of the rule shall also be required to have indexed a minimum of one-half of the total available records within three (3) years following their next renewal date. Failure of new or existing permit holders to complete the required indexing may result in the non-renewal and revocation of their permit. In the event of extenuating circumstances for non-completion, the Board may consider allowing additional time at the Board's discretion. The remainder of plant development shall be completed within two (2) years of the initial period. Failure to complete plant development by the end of this final period may result in the non-renewal and revocation of the permit. In the event of extenuating circumstances for non-completion, the Board may consider allowing additional time at the Board's discretion. ~~Failure to do so may result in revocation of permit or non-renewal by the board.~~

(b) Board action on renewal application. The application for the renewal of a permit to develop an abstract plant shall be considered by the Board at the next meeting after receipt of the application and completion of the review.

(1) In the event a motion is made to not renew a permit, the matter may be set down as a show cause matter at the next Board meeting. The permit holder shall be notified of the matter at least ten (10) days prior to the meeting date. Notice of the date, time, and place of the meeting at which the application for renewal and information will be considered by the Board shall be provided to the permit holder. The notice shall include a statement of facts or conduct which warrant non-renewal of the permit.

(2) Presentation before the Board.

(A) At the meeting where the application for renewal is being considered the permit holder shall be limited to thirty (30) minutes to present information in support of the application. Other persons wanting to provide comments regarding the application collectively shall be limited to thirty (30) minutes to present information. Additional time may be granted by the chairman upon good cause shown.

(B) The order of presentation of information regarding the application and opposition shall be established by the chairman.

(3) Criteria.

# Permanent Final Adoptions

(A) The Board shall consider the following factors in arriving at its decision:

- (i) compliance with the Act and Rules;
- (ii) payment of applicable fees;
- (iii) adequacy of county records bond; and
- (iv) activity of the permit holder in pursuit of the construction of the plant.

(B) The Board may consider other factors deemed relevant to the consideration of the application for renewal including additional information not obtained during the review.

(4) Decision of the Board. After consideration and action by the board on an application, the chairman shall issue an order reflecting the decision of the Board. A copy of the order shall be mailed to the permit holder.

**GIST/ANALYSIS:**

The majority of the rule revisions this year involve removing the ability to apply for a Public Accountant (PA) license. The rule changes on this topic are contained in the following Sections: 10:15-3-3; 10:15-18-3; 10:15-18-8; 10:15-18-9; 10:15-21-1; 10:15-21-3; and 10:15-21-6. Out of approximately 11,000 Oklahoma Accountancy Board registrants, only thirteen are PAs. The rest are Certified Public Accountants (CPAs) and it has been over ten years since the last PA license was issued. Due to lack of interest in the credential, the Board wishes to remove the ability to obtain a new PA license while continuing to regulate those PAs that still exist. Changes to 10:15-25-2, 10:15-25-3, and 10:15-30-5 cleans up outdated language from when the Board transitioned from biennial registrant reporting to annual birth-month reporting. Changes to 10:15-30-2 and 10:15-30-3 removes outdated language as the exam credit hours awarded now depends on the delivery method. The changes to 10:15-33-4(d) is to remove ineffective regulation as the Board does not have jurisdiction over suspended firms. The removal of 10:15-33-4(f), 10:15-33-4(g), and 10:15-43-2 are to remove unnecessary regulation per the Governor's Executive Order 2020-03. The changes to 10:15-33-7 are to allow the Board to set a contract rate for Peer Review Oversight Committee members that will attract more interest given the high qualification standards and to change the membership requirements.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF NOVEMBER 1, 2022:**

### SUBCHAPTER 3. REQUIREMENTS TO PRACTICE PUBLIC ACCOUNTANCY

#### 10:15-3-3. License as a public accountant [REVOKED]

~~A license may be issued to a qualified applicant only after:~~

- ~~(1) The examination has been satisfactorily completed;~~
- ~~(2) Evidence, by means established in Title 59, Section 15.9 of the Act, is obtained to substantiate that the applicant is of good moral character;~~
- ~~(3) Documentation has been provided that the licensure applicant has a total of Eighteen hundred (1,800) hours of part time or full time work experience in accounting as described in Title 59, Section 15.9.E of the Act. Work experience must have been obtained within the four (4) years immediately prior to filing the application for certification. This requirement may be satisfied through work experience in government, industry, academia, or public practice. Acceptable work experience includes accounting, attest, tax, and related services. Approved documentation of experience must be provided in a format prescribed by the Board. If the work experience is denied, the applicant may~~

file a written request with the Board for a review of the denial. The applicant shall have the burden of demonstrating to the Board that the requirements under this section have been met. Any evidence submitted by the applicant shall be in documentary form, and

~~(4) Evidence of successful completion of the AICPA ethics examination or its equivalent as determined by the Board has been provided.~~

### SUBCHAPTER 18. COMPUTER-BASED EXAMINATION

#### 10:15-18-3. Retake and granting of credit requirements

(a) A grade of seventy-five (75) in each required test section shall be the minimum passing grade for purposes of granting credit.

(b) A candidate may take the required test sections individually and in any order. Credit for any test section(s) passed shall be valid for eighteen months from the date the candidate took that test section, without having to attain a minimum score on any failed test section(s) and without regard to whether the candidate has taken other test sections.

~~(1) A CPA candidate must pass all four test sections of the AICPA Uniform CPA Examination within a rolling eighteen-month period, which begins on the date that the first test section(s) passed is taken. In the event all four test sections of the AICPA Uniform CPA Examination are not passed within the rolling eighteen-month period, credit for any test section(s) passed outside the eighteen-month period will expire and that/those test section(s) must be retaken.~~

~~(2) A PA candidate must pass the Financial Accounting and Reporting (FAR), Auditing and Attestation (AUD), and Regulation (REG) sections of the AICPA Uniform CPA Examination within a rolling eighteen-month period, which begins on the date that the first test section(s) passed is taken. In the event all three test sections of the PA Examination are not passed within the rolling eighteen-month period, credit for any test section(s) passed outside the eighteen-month period will expire and that/those test section(s) must be retaken.~~

(c) A candidate shall be deemed to have passed the CPA examination once the candidate holds at the same time valid credit for passing each of the four test sections of the examination within the rolling eighteen month period. For purposes of this section, credit for passing a test section of the computer-based examination is valid from the actual date of the testing event for that test section, regardless of the date the candidate actually receives notice of the passing grade.

~~(d) A candidate shall be deemed to have passed the PA examination once the candidate holds at the same time valid credit for passing each of the three test sections of the examination within the rolling eighteen month period. For purposes of this section, credit for passing a test section of the computer based examination is valid from the actual date of~~

the testing event for that test section, regardless of the date the candidate actually receives notice of the passing grade.

#### 10:15-18-8. Content of examinations

The examination for certification as a certified public accountant shall be the AICPA Uniform Certified Public Accountant Examination. ~~The examination for licensing as a public accountant shall be parts of the AICPA Uniform Certified Public Accountant Examination.~~

#### 10:15-18-9. Notification of grade

Each candidate shall be advised of the grade earned in each test section for which the candidate was examined. The names of candidates who have been granted credit for all test sections of the CPA ~~and PA~~ examination will be made public after the grades have been certified in accordance with Board policy.

### SUBCHAPTER 21. RECIPROCITY

#### 10:15-21-1. Application for certificate or license

(a) An applicant seeking to obtain an Oklahoma reciprocal certificate ~~or license~~, who holds a valid certificate ~~or license~~ pursuant to the laws of another jurisdiction shall provide the Board with:

- (1) written proof of test scores received on all examinations from the examining jurisdiction;
- (2) written information that the applicant met or currently meets all Oklahoma requirements for eligibility as provided by statute, §15.13, Title 59, Oklahoma Statutes and these rules;
- (3) a current certificate of good standing from the jurisdiction who issued the certificate ~~or license~~ upon which the reciprocal certificate ~~or license~~ is based;
- (4) written proof of having met all Oklahoma continuing professional educational requirements for those applicants seeking a permit to practice public accounting;
- (5) evidence of successful completion of the AICPA ethics examination or its equivalent as determined by the Board; and
- (6) evidence, by means established in Section 15.9 of the Act, is obtained to substantiate that the applicant is of good ~~moral~~ character.

(b) The application for a reciprocal certificate ~~or license~~ shall be filed within one hundred twenty (120) days of employment with a public accounting firm located in this state or engaging in the practice of public accounting in Oklahoma.

(c) An application for a reciprocal certificate ~~or license~~, in a format prescribed by the Board, will not be considered filed until the application, all required documents as proof that the applicant has satisfied the eligibility requirements, and fees are received by the Board.

(d) The filed application of an active duty military personnel or their spouse shall be processed expeditiously and the requested certificate ~~or license~~ shall be issued within thirty (30)

## Permanent Final Adoptions

---

days, assuming the eligibility requirements are met. In addition, pursuant to the Military Service Occupation, Education, and Credentialing Act, the reciprocal application fee shall be waived for an active duty military personnel or their spouse.

### 10:15-21-3. Evaluation of qualifications

Evaluation and approval or denial of the application for a reciprocal certificate ~~or license~~ shall be performed by the Executive Director or his or her designee.

### 10:15-21-6. Payment of fee

Each application for a reciprocal certificate ~~or license~~ shall be accompanied by all applicable fees.

## SUBCHAPTER 25. PERMITS

### 10:15-25-2. Dates of issuance and expiration

(a) Permits renewed on a timely basis shall bear a date of issue of ~~July 1~~ the first day of the month after the registrant's birth month for individuals and ~~June~~ July 1 for firms except sole proprietorships. All other permits, except for (d) and (e) below, shall bear a date of issue based on the date the acceptable application for a permit is received in the Board office.

(b) Except for sole proprietorships, firm permits renewed on a timely basis shall bear a date of issuance of July 1 and shall expire on the following June 30.

(c) Sole proprietorship firm permits shall bear the same date of issuance and expiration as the sole proprietor's individual permit.

(d) When the Board has granted an extension, the date of issuance will be determined on a case by case basis.

(e) If an application for a permit which has been returned to the holder for correction or completion of information is returned to the Board in an acceptable format within thirty (30) calendar days of the first denial, the permit shall bear the date on which the permit application was first received in the office of the Board. Failure to resubmit an acceptable application within the thirty-day period shall cause the permit to be dated with the date the acceptable application is received in the Board office.

(f) Effective January 1, 2010, individual permits renewed on a timely basis shall bear the date of the first day of the month immediately following the individuals' birth months and shall expire the following year on the last day of the individuals' birth months.

### 10:15-25-3. Individual permit

(a) Any registrant engaged in the practice of public accounting, regardless of whether such services are rendered for compensation, must have a permit, except for a licensed attorney providing tax services who does not display the certificate or license and does not have any reference thereto on professional stationery, business cards, or printed or electronic format. However, for purposes of this section, an individual

may not be considered to be in the practice of public accounting if the individual performs an incidental amount of non-compensated services for immediate family members. An individual who meets the definition of retired or inactive status as defined in the Code or the Act is not considered to be in the practice of public accounting. In order to obtain a permit, an individual must have a valid certificate or license, be properly registered, pay all applicable fees, and comply with the continuing education requirements.

(b) The application for renewal of a permit shall be filed with the Board in a format prescribed by the Board prior to the expiration of the permit.

(c) At the time the application for a permit is filed, the registrant shall attest to compliance with the continuing education requirement for the applicable compliance period as specified by the Board.

(d) An application for a permit may be filed at any time during the year by a registrant who is entering or reentering the practice of public accounting. Such registrant shall attest to compliance with the applicable continuing education requirement.

(e) The fees to obtain a permit to practice shall accompany the application. The fees for the renewal of permits are set forth in Subchapter 27. However, pursuant to the Military Service Occupation, Education and Credentialing Act, the first year permit fee shall be waived for an active duty military personnel or their spouse.

~~(f) Effective January 1, 2010, the issue dates and expiration dates for individual permits to practice public accounting, as provided in this subchapter, shall be adjusted according to the schedule provided for in 10:15-25-3(e) below.~~

~~(g) The Board shall provide a schedule of expiration dates and prorated fees for purposes of transitioning into the new staggered annual renewal dates.~~

## SUBCHAPTER 30. CONTINUING PROFESSIONAL EDUCATION

### 10:15-30-2. Required CPE for issuance of an original permit

Certificate and license holders applying for their first permit to practice public accounting must report a minimum of forty (40) hours of CPE earned within the previous calendar year or within 365 days immediately preceding the date of the application and shall also provide evidence of the successful completion of the AICPA Ethics Examination or its equivalent as determined by the Board before a permit will be issued. If the ethics examination course is to be counted toward the CPE required for the permit, it must have been completed during the same period as the remaining CPE reported to obtain the permit. Any ethics course meeting the requirements for issuance of an original permit: must have been passed with a score of 90% or above.

~~(1) must be one course which has been recommended for at least eight (8) hours of CPE credit by the course provider; and~~

~~(2) must have been passed with a score of 90% or above.~~

**10:15-30-3. Required CPE for issuance of a lapsed permit**

Certificate and license holders previously holding a permit to practice public accounting must report a minimum of forty (40) hours of CPE earned within the previous calendar year or within 365 days immediately preceding the date of the application and shall also provide evidence of the successful completion of the AICPA Ethics Examination or its equivalent as determined by the Board before a permit will be issued. If the ethics examination course is to be counted toward the CPE required for the permit, it must have been completed during the same period as the remaining CPE reported to obtain the permit. Any ethics course meeting the requirements for the renewal of a lapsed permit: must have been passed with a score of 90% or above.

~~(1) must be one course which has been recommended for at least eight (8) hours of CPE credit by the course provider; and~~

~~(2) must have been passed with a score of 90% or above.~~

**10:15-30-5. Reporting and documentation by certificate and license holders**

(a) Certificate and license holders not otherwise exempt must complete one hundred twenty (120) hours of qualifying CPE within a rolling three (3) calendar year period. A certificate or license holder's rolling three (3) calendar year period begins January 1 in the year the certificate or license holder was required to earn CPE. A minimum of twenty (20) hours of acceptable CPE, shall be completed each calendar year. Effective January 1, 2009, four hours of professional ethics must be completed within each rolling three (3) calendar year period.

(b) Each certificate or license holder shall annually report CPE for the preceding calendar year or claim an exemption to the CPE requirement for the preceding calendar year. This reporting shall take place in conjunction with the filing of the certificate or license holder's annual registration renewal based on the certificate or license holder's birth month.—~~The Board shall provide a schedule for purposes of transitioning to the new staggered annual birth month renewal/reporting dates.~~

(c) The professional ethics requirement as mandated in this section may be met by courses from other licensed professional disciplines that relate directly to the practice of public accounting, such as law or securities and may be met by courses on ethical codes in jurisdictions other than Oklahoma.

(d) CPE hours claimed for credit may be claimed only for the compliance period in which the course was completed and credit granted.

(e) Each letter or certificate of completion shall include the date of completion of the seminar or course as evidenced by:

- (1) Date the in-attendance course was completed;
- (2) Date a self-study course was completed and evidenced by the date of certified mailing or date of facsimile transmission to the program sponsor;

(3) Date an internet self-study course is transmitted to the program sponsor.

(f) At the time of completing each course, or within sixty (60) days thereafter, the certificate or license holder shall obtain a letter or certificate attesting to completion of the course from the sponsor of the course. Such letters or certificates shall be retained for a period of five (5) years after the end of the calendar year in which the program is completed and shall include the specific information set forth in the Board's CPE Standards in 10:15-32-6(a).

(g) Participants in CPE programs shall also retain descriptive material for five (5) years which reflects the content of a course in the event the participant is requested by the Board to substantiate the course content. Examples of such descriptive materials might include:

- (1) course descriptions;
- (2) course outlines; and
- (3) course objectives.

(h) If a certificate or license holder's main area of employment is industry and the certificate or license holder holds a permit to practice, at least seventy-two (72) hours of the one hundred twenty (120) hour requirement within a rolling three (3) calendar year period of the qualifying CPE completed by the certificate or license holder shall be in subjects related to the practice of public accounting and shall earn a minimum of eight (8) hours in the areas of taxation, accounting or assurance per calendar year.

(i) Effective January 1, 2011, if a certificate or license holder is actively involved in the supervision or review of compilation engagements for third party reliance, the certificate or license holder must complete a minimum of four (4) credits of CPE in the subject area of compilation engagements in each calendar year. This requirement shall be waived if:

- (1) the certificate or license holder works for a public accounting firm currently enrolled in a peer review program with an approved sponsoring organization; or
- (2) the certificate or license holder is a sole proprietorship currently enrolled in a peer review program with an approved sponsoring organization.

**SUBCHAPTER 33. PEER REVIEW**

**10:15-33-4. Enrollment and participation**

(a) Participation in the program is required of each firm holding a permit from the Board that performs any services which require a peer review as provided in Section 15.30 of the Oklahoma Accountancy Act.

(b) Firm enrollment is required as follows:

(1) An existing firm required to participate under subsection (a) shall enroll in the peer review program of an approved sponsoring organization within one (1) year from the performance of services that require a peer review. The firm shall adopt the peer review due date assigned by the sponsoring organization, and must notify the Board of the date within thirty (30) days of its assignment. In addition, the firm shall schedule and begin an additional peer review within three (3) years of the previous peer

## Permanent Final Adoptions

review due date, or earlier as may be required by the sponsoring organization. It is the responsibility of the firm to anticipate its needs for peer review services in sufficient time to enable the reviewer to complete the peer review by the assigned review due date.

(2) An existing firm that subsequently begins providing services as set forth in subsection (a) shall notify the Board of the change in status within thirty (30) days and provide the Board with enrollment information within twelve (12) months of the date the services were first provided and have a peer review within eighteen (18) months of the year end of the engagement performed. This provision shall also apply to any new firm that provides the services set forth in subsection (a).

(c) In the event that a firm is merged, otherwise combined, dissolved, or separated, the sponsoring organization shall determine which firm is considered the succeeding firm. Any dispute of the sponsoring organization's determination shall be resolved by the Board. The succeeding firm shall retain its peer review status and the peer review due date.

~~(d) Any firm having a permit suspended, that held a permit from the Board at the time it provided any service requiring a peer review must enroll in a Board approved peer review program as provided in subsection 10:15-33-4(a) or submit a peer review report as provided in subsection 10:15-33-6(a).~~

(ed) The Board will accept extensions granted by the sponsoring organization to complete a peer review, provided the Board is notified by the firm within thirty (30) days of the date that an extension is granted.

~~(f) A firm that has been rejected by a sponsoring organization for whatever reason shall notify the Board of:~~

- ~~(1) Name of sponsoring organization rejecting the enrollment;~~
- ~~(2) Reasons for the rejection;~~
- ~~(3) Name of subsequently selected sponsoring organization.~~

~~(g) A firm choosing to change to another sponsoring organization may do so only once a final acceptance letter has been issued indicating that all outstanding corrective actions have been completed and outstanding fees paid.~~

### 10:15-33-7. Peer review oversight committee

(a) The Board shall appoint a Peer Review Oversight Committee for the purpose of:

- (1) Monitoring sponsoring organizations to provide reasonable assurance that peer reviews are being conducted and reported on in accordance with peer review minimum standards;
- (2) Reviewing the policies and procedures of sponsoring organization applicants as to their conformity with the peer review minimum standards; and
- (3) Reporting to the Board on the conclusions and recommendations reached as a result of performing functions in paragraphs (A) and (B) of this subsection.

(b) The Peer Review Oversight Committee shall consist of three (3) members nominated by the Chair and approved by the Board, none of whom is a current member of the Board. Subsequent committee members shall serve three (3) year terms.

~~Compensation, if any, of Peer Review Oversight Committee members shall be set annually by the Board, not to exceed One Hundred Fifty Dollars (\$150.00) per hour. Each member of the Peer Review Oversight Committee must be active in the practice of public accounting at a supervisory level or above in the accounting or auditing function while serving on the committee or any employee involved at a supervisory level or above in an audit function of a state or local government. The member or member's firm or consulting clients must be enrolled in an approved practice/monitoring program and have received an unmodified or a pass report on its most recently completed peer review. A majority of the committee members must satisfy the qualifications required of system peer review team captains as established and reported in the AICPA Standards for Performing and Reporting on Peer Reviews.~~

(1) No more than one Peer Review Oversight Committee member may be from the same firm.

(2) A Peer Review Oversight Committee member may not concurrently serve as a member of the AICPA's or any state's CPA society ethics or peer review committee.

(3) A Peer Review Oversight Committee member may not participate in any discussion or have any vote with respect to a reviewed firm when the committee member lacks independence or has a conflict of interest. The Board may appoint alternate committee member(s) to serve in these situations.

(c) Information concerning a specific firm or reviewer obtained by the Peer Review Oversight Committee during oversight activities shall be confidential, and the firm's or reviewer's identity shall not be reported to the Board. Reports submitted to the Board will not contain information concerning specific registrants, firms or reviewers.

(d) As determined by the Board, the Peer Review Oversight Committee shall make periodic recommendations to the Board, but not less than annually, as to the continuing qualifications of each sponsoring organization as an approved sponsoring organization.

(e) The Peer Review Oversight Committee may:

(1) Establish and perform procedures for ensuring that reviews are performed and reported on in accordance with the AICPA Standards for Performing and Reporting on Peer Reviews or other standards as approved by the Board and the rules promulgated herein by the Board;

(2) Review remedial and correction actions prescribed that address the deficiencies in the reviewed firm's system of quality control policies and procedures;

(3) Monitor the prescribed remedial and corrective actions to determine compliance by the reviewed firm;

(4) Establish a report acceptance process, which facilitates the exchange of viewpoints among committee members and sponsoring organization; and

(5) Communicate to the Board on a recurring basis:

(A) Problems experienced by the enrolled registrants in their systems of quality control as noted in the peer reviews conducted by the sponsoring organization;

(B) Problems experienced in the implementation of the peer review program; and

- (C) A summary of the historical results of the peer review program.
- (f) Committee members shall become disqualified to serve on Peer Review Oversight Committee if any of the provisions that qualify the committee member no longer exist or by majority vote of the Board.

**SUBCHAPTER 43. ATTEST ENGAGEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

**10:15-43-2. Evaluation of registrations [REVOKED]**  
 Evaluation of qualifications and approval of registrations shall be performed by the Board or its designee.

The proposed permanent rules will update the planning and programming process to establish the Commission's newly introduced Loan Program. The airport construction program projects section will now identify a hangar as an acceptable new construction project with a new subsection providing special selection criteria and requirements necessary to be considered for the program. A scrivener's error is also being corrected in this section. The programming implementation airport grant program requirements and procedures have been updated throughout to include the new loan program. The information regarding state level of participation and required matches will establish the funding options for hangar construction projects. A new subsection

on hangar loan application project information will detail the application process. Change orders have been updated to include hangar projects. The grant agreement terms and conditions have been updated to include loans and address the penalty should a sponsor fail to submit timely loan payments.

All of these changes to the permanent rules are necessary to establish the Commission's new Loan Program.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2022:**

**25:15-1-3. Planning**

(a) **Planning and Programming Process.**

(1) The Commission staff shall, in consultation with airport sponsors, prepare and maintain the Oklahoma Airport System Plan. The Commission shall adopt and approve changes to the plan.

(2) The Commission staff shall assist publicly owned, publicly used airports in identifying airport needs and deficiencies. Airport sponsors eligible to participate in grant or loan programs are sponsors of publicly owned, public use airports included in the Oklahoma Airport System Plan. The Commission staff shall, in consultation with each airport sponsor, prepare and maintain an airport development worksheet for each airport included in the Oklahoma Airport System Plan. The airport development worksheet shall be reviewed and updated at least once every three years. The airport development worksheet shall identify the capital projects needed at the airport over a 20 year planning horizon, together with the estimated cost, construction type, objective code, and airport component for each project. The identified projects shall be consistent with the service level, functional classification, design standard, and airport reference code identified for the airport in the Oklahoma Airport System Plan.

(3) The Commission staff shall, in consultation with airport sponsors, prepare and update annually the Airport Construction Program. The Commission shall approve the Airport Construction Program.

(b) **Airport Construction Program Content.**

(1) The Airport Construction Program shall contain a list of proposed State and FAA funded projects that can be implemented with forecast revenues within the five year programming horizon.

(2) Projects included for an airport in the Airport Construction Program shall be consistent with service level, functional classification, design standard, and airport reference code identified for the airport in the Oklahoma Airport System Plan.

(3) The Airport Construction Program shall show the proposed sources of funding for each project.

(4) The Airport Construction Program shall show the proposed implementation schedule for each project.

## Permanent Final Adoptions

---

- (5) The Airport Construction Program shall include other priorities, policies, and procedures as adopted by the Commission.
- (c) **Airport Construction Program Projects.**
- (1) To be included in the Airport Construction Program a project must be eligible to receive airport grant or loan funding from OAC. To be eligible a project must be conducted on active public-use areas of an airport or to support those public-use areas of an airport. Types of projects considered eligible are listed below:
- (A) Maintenance: this type of work is limited to pavement maintenance of runways, taxiways, and aprons and can include routine cleaning, filling, or sealing of cracks/joints, maintenance of pavement drainage systems, patching pavement, and remarking of the above mentioned pavement areas. Items not considered maintenance are applying herbicide to prevent grass encroachment, mowing of airport grass, FOD sweeping, replacing light bulbs, replacing light fixtures due to damage from a manmade source, re-topping of trees that had been previously topped in an OAC project, and other similar type activities.
- (B) Rehabilitation: this type of work is a more comprehensive restoration of an item to its original functionality. Items such as pavement sealcoats, overlays, replacement of an entire set of lighting fixtures would be considered rehabilitation.
- (C) Reconstruction: this type of work is a complete restoration of an item to its original functionality once it has reached the end of its useful life. This results in a virtually new piece of pavement, electrical system, or building.
- (D) New Construction/Installation: this type of work would construct new pavement such as a runway widening or extension, hangar taxiway area, or apron expansion, or construct new structures such as a terminal building or hangar, or construct new drainage structures to support the removal of water from the airport. This work item would also include the installation of new navigational aids that weren't previously at an airport such as a precision approach path indicator, runway edge lighting, omnidirectional approach light system, weather observation system, or similar item.
- (E) Planning/Design: this type of work includes the engineer design and associated support work with any of the eligible project types. This could also include planning projects such as master plans, airport layout plans, specialty planning studies, and obstruction/approach surveys.
- (F) Off-airport: this type of work is typically for the support of on-airport operations. This work item could include items such as obstruction removal, land acquisition, drainage improvements, relocation of roads and utilities, installation of navigational aids, or similar projects.
- (2) The following are three basic tests that must be met to determine if a project is justified for inclusion in the Airport Construction Program:
- (A) The project advances OAC policy laid out in 3 O.S. § 85 and the adopted Oklahoma Airport System Plan. The basic goals and objectives in these policies include airport safety, security, and capacity, meeting FAA or OAC standards, preserving and improving airport infrastructure that is for the use and benefit of the public, airport planning, and other similar projects.
- (B) OAC must determine if there is an actual need for the project at the airport within the five-year horizon.
- (C) The project scope is appropriate. OAC must determine that all the elements of the project are necessary to obtain the project scope's overall goal. Any elements that do not meet this criteria must stand on their own separate merit and justification.
- (3) For hangar construction projects, special selection criteria and requirements will be implemented to include the following:
- (A) Preference will be given to hangar projects which will support new businesses, expansion/enhancement of existing on-airport businesses, and new aircraft being brought to the state. Preference will also be given to hangar projects which help an airport sponsor increase their based aircraft for potential inclusion into the NPIAS or to attain classified status within the NPIAS.
- (B) An airport sponsor must show a valid hangar waiting list for those potential occupants of the hangars to be constructed.
- (C) Airport sponsors will need to provide a plan to charge fair market aeronautical rates for hangars that are constructed as a part of this program.
- (34) For a project to be considered for inclusion in the Airport Construction Program, the airport sponsor must submit a letter of interest to the Commission detailing the basic scope and estimated cost of the project that they want to have included in the Airport Construction Program.
- (d) **Airport Construction Program Development.**
- (1) The Airport Construction Program lists projects for which expenditures are expected to begin within the five year programming horizon.
- (2) On a two-year cycle, the Commission staff shall update the NPIAS needs database and the ADWS database (for Non-NPIAS airports). To update the Commission's database, sponsors will use FAA's Overall Development Objective (ODO) data sheet for each requested project.
- (3) The Commission staff shall evaluate projects in the NPIAS and ADWS databases and recommend projects for inclusion in the Airport Construction Program based on:
- (A) Airport system development priorities, policies, and procedures adopted by the Commission and/or the FAA.
- (B) Multi-year on-going projects that are currently identified in the approved Airport Construction

Program will be given higher priority during the development of the Airport Construction Program.

(C) The airport's pavement condition index, pavement life-cycle consideration as developed by the pavement management program.

(D) The National Priority Rating System developed by FAA and included in FAA's Order 5100.39 titled "Airports Capital Improvement Plan".

(E) The amount of aviation activity, the types of airplanes served, the numbers of based airplanes at the airport, and the population included in the airport's service area.

(F) Other factors as may be relevant (for example, the services provided at the airport, the sponsor's demonstrated ability to maintain and operate the airport, the sponsor's ability to address safety inspection deficiencies, etc.)

(G) An emergency project request, with verifiable justification, may be submitted to the Commission for inclusion in the Airport Construction Program at any time.

(4) The five year programming horizon of the Airport Construction Program shall be broken down into three general time periods (Appendix A): near-term program, transition year, and the extended program.

(A) Near-term program: This shall be the current year plus years two and three. Projects in this time period are considered to be of low flexibility.

(B) Transition year: This shall be year four. Projects in this time period are considered to be of moderate flexibility.

(C) Extended program: This shall be year five. Projects in this time period are considered to be flexible.

**25:15-1-4. Programming Implementation Airport Grant and Loan Program Requirements and Procedures**

(a) **Contingency.** Implementation of an airport grant program or loan program is contingent upon funding being available to the Commission for this purpose.

(b) **Notification to Proceed.**

(1) As funding becomes available, the Commission staff shall send a notification letter to each airport sponsor that has a capital project included in the approved Airport Construction Program as described in 25:15-1-3.

(2) The notification letter shall:

(A) Advise the airport sponsor of the proposed cost sharing for the project and identify project development items eligible for funding.

(B) Authorize or direct the airport sponsor to:

(i) confirm in writing within 30 days the airport sponsor's intention to proceed with the project as programmed;

(ii) select an engineering consultant and provide a copy of the contract entered into with the consultant;

(iii) prepare project plans and specifications and to coordinate the project design with the Commission staff;

(iv) prepare to meet the federal and state administrative requirements depending upon the proposed funding sources;

(v) provide updated project costs after the final design is completed;

(vi) proceed to bid when directed by the Commission staff; and

(vii) submit a grant application for the Commission's consideration and approval.

(c) **Grant Application or Loan Application; General Information.**

(1) The airport sponsor shall submit a complete grant or loan application for a capital project for:

(A) Reimbursement of the cost of planning and engineering; and/or

(B) Reimbursement for the cost of construction based on the bids received by the airport sponsor.

(2) The airport sponsor's administrative official must sign the grant or loan application form(s). If the administration and/or operation of the airport is performed by a Trust, the Chairman of the Trust must also sign the grant or loan application.

(3) The Commission shall consider all grant or loan applications in accordance with 25:15-1-3(c).

(4) Reimbursement for the cost of engineering is contingent upon submission of the final set of plans and specifications to the Commission staff.

(d) **Grant or Loan Application; Funding Information.**

(1) Each airport sponsor must state in its application that it has on hand funds to pay all estimated costs of the proposed project that are not borne by the Commission or any other state or federal agency. As part of this requirement, each airport sponsor is required to provide written verification in the grant or loan application (designated as Exhibit E) to the Commission that the airports sponsor's share of the project has been deposited in an account that will be used for defraying the costs of the project.

(2) If any of the funds for the project are to be furnished by another state or federal agency, the airport sponsor must provide evidence that the funds are available with the grant or loan application.

(e) **Information Regarding State Level of Participation and Required Matches.**

(1) For state grants, the maximum level of participation for the Commission shall not exceed 95 percent.

(2) For FAA grants for projects identified in the Commission's Airport Construction Program, the Commission may provide half of the match that is required from the airport sponsor.

(3) For FAA grants for projects identified in the Commission's Airport Construction Program, the Commission may provide supplemental state grant funding for project items. The maximum level of participation for the Commission in such supplemental funding shall not exceed 95 percent.

## Permanent Final Adoptions

- (4) For non-primary entitlement (NPE) grants or special earmarks, the Commission will not provide half the match that is required from the airport sponsor. If NPE grant funds are transferred from other airport sponsors to an airport sponsor for a project identified in the Commission's Airport Construction Program, the Commission may assist with half of any required match from the receiving airport sponsor so long as it will save the Commission state funds.
- (5) For terminal building projects, the Commission's maximum cost-share level shall be 50 percent and shall not exceed \$500,000.
- (6) For hangar construction projects, the Commission may provide funding via grant or loan.
- (A) For state grants the Commission's maximum cost-share level of participation shall be 30 percent and shall not exceed \$300,000.
- (B) For state loans the Commission's maximum cost-share level of participation shall be 60 percent and shall not exceed \$600,000.
- (f) **Grant Application; Project Information.** The airport sponsor will provide the following information:
- ~~(1) The airport sponsor will provide the following information:~~ The airport sponsor shall submit an Airport Layout Drawing or project sketch (designated as Exhibit A) indicating the location of the proposed construction work with all grant applications.
- ~~(A) The airport sponsor shall submit an Airport Layout Drawing or project sketch (designated as Exhibit A) indicating the location of the proposed construction work with all grant applications.~~
- ~~(B) The airport sponsor shall submit final project plans and specifications with the grant application (designated as Exhibit B).~~
- ~~(C) The airport sponsor shall submit a project narrative with the grant application describing the items of airport development for which the airport sponsor is requesting assistance (designated as Exhibit B-1).~~
- ~~(D) The airport sponsor shall submit a line-item project cost list with the grant application that provides a detailed cost breakdown of the project (designated as Exhibit B-2). This list will be based on the bid awarded by the airport sponsor. The amounts on this list are considered not to be exceeded amounts without prior approval. Any expenditure over these line-item amounts will not be considered for reimbursement unless approval has been received as described in 25:15-1-4(gh).~~
- ~~(E) The airport sponsor shall submit the engineering contract for the project scope and the project engineering fees with the grant application (designated as Exhibit B-3).~~
- ~~(F) The Sponsor will submit a certification stating compliance with FAA standards unless an approved Modification to Standards for state standards has been received from the appropriate funding agency.~~
- ~~(G) The airport sponsor shall submit the contract for on-site construction observations (designated Exhibit B-4).~~
- ~~(H) The airport sponsor shall provide a signed statement in the grant application that the airport sponsor is not currently in default to any state agency for any obligation related to the development, operation or maintenance of the airport (designated as Exhibit C).~~
- ~~(I) The airport sponsor shall provide a signed statement with the grant application that the airport sponsor will not award any contract to any contractor who is currently suspended or disbarred by any federal agency, the Oklahoma Department of Central Services or the Oklahoma Department of Transportation for the project contemplated under the grant application (designated as Exhibit C-1).~~
- ~~(J) The airport sponsor shall provide an affidavit with the grant application that states the person signing is the administrative official for the sponsor, that the sponsor has not provided any compensation, donation or gift to an officer or employee of the state in procuring the grant, that any employee of the state compensated by the airport sponsor involved in the development of the grant will not provide any services in the project, and that this project will not result in any duplication of previous grant requests or awards (designated as Exhibit C-2).~~
- (g) **Hangar Loan Application; Project Information.** The airport sponsor will provide the following information:
- (1) The airport sponsor shall submit an Airport Layout Drawing or project sketch (designated as Exhibit A) indicating the location of the proposed construction work with all loan applications.
- (2) The airport sponsor shall submit final project plans and specifications with the loan application (designated as Exhibit B).
- (3) The airport sponsor shall submit a project narrative with the loan application describing the items of airport development for which the airport sponsor is requesting assistance (designated as Exhibit B-1).
- (4) The airport sponsor shall submit a line-item project cost list with the loan application that provides a detailed cost breakdown of the project (designated as Exhibit B-2). This list will be based on the bid awarded by the airport sponsor. The amounts on this list are considered not to be exceeded amounts without prior approval. Any expenditure over these line-item amounts will not be considered for reimbursement unless approval has been received as described in 25:15-1-4(h).
- (5) The airport sponsor shall submit the engineering contract for the project scope and the project engineering fees with the loan application (designated as Exhibit B-3).
- (6) The Sponsor will submit a certification stating compliance with FAA standards unless an approved Modification to Standards for state standards has been received from the appropriate funding agency.
- (7) The airport sponsor shall submit the contract for on-site construction observations (designated Exhibit B-4).
- (8) The airport sponsor shall provide a signed statement in the loan application that the airport sponsor is not currently in default to any state agency for any obligation

related to the development, operation or maintenance of the airport (designated as Exhibit C).

(9) The airport sponsor shall provide a signed statement with the loan application that the airport sponsor will not award any contract to any contractor who is currently suspended or disbarred by any federal agency, the Oklahoma Department of Central Services or the Oklahoma Department of Transportation for the project contemplated under the loan application (designated as Exhibit C-1).

(10) The airport sponsor shall provide an affidavit with the loan application that states the person signing is the administrative official for the sponsor, that the sponsor has not provided any compensation, donation or gift to an officer or employee of the state in procuring the loan, that any employee of the state compensated by the airport sponsor involved in the development of the loan will not provide any services in the project, and that this project will not result in any duplication of previous grant or loan requests or awards (designated as Exhibit C-2).

(11) The airport sponsor shall provide a signed Loan Agreement with the loan application that confirms the airport sponsor agrees to the terms established in the Loan Agreement.

(A) The interest rate will be determined by the Commission at the time a loan is issued but will be more competitive than what is available in the traditional loan market and allow for the Commission to recover costs associated with administering the loan.

(B) The payback period for a hangar loan will be over 10 years with annual payments.

(C) The first payment will be due no later than the end of the month beginning two months after completion and final acceptance of the project and continuing every year in that same month for the length of the loan.

(gh) Change Orders. As described in 25:15-1-4(f) and 25:15-1-4(g) the B-2 form lists line-item project costs that cannot be exceeded. During the course of the construction of a project, change orders and/or supplemental agreements may be necessary to increase or decrease bid or line-item amounts and quantities due to unknown or unforeseen circumstances. A change order and/or supplemental agreement shall be sent to the Commission along with a request to amend the approved grant's B-2 line-item or bid item.

(1) For change orders and/or supplemental agreements that will not increase the Commission's overall share for the project the Director may approve such an amendment to the grant application. Change orders and/or supplemental agreements approved by the Director shall be presented to the Commission at its next regular or special business meeting stating the reasons for the change order and/or supplemental agreement with such information as the Commission may require.

(2) For change orders and/or supplemental agreements involving a total increase to the Commission's overall share for the project not to exceed Ten Thousand Dollars

(\$10,000) the Director may approve such an amendment to the grant application. Change orders and/or supplemental agreements approved by the Director shall be presented to the Commission at its next regular or special business meeting stating the reasons for the change order and/or supplemental agreement with such information as the Commission may require.

(3) For change orders and/or supplemental agreements involving a total increase to the Commission's overall share for the project in excess of Ten Thousand Dollars (\$10,000) the Commission may approve such an amendment to the grant application.

**(hi) Grant or Loan Application; Height Hazard Zoning and Land Use.** Each airport sponsor shall indicate within the application that it has taken action to restrict the use of land adjacent to or in the immediate vicinity of the airport to activities and purposes compatible with normal airport operations, including landing and take-off of aircraft, and assuring the protection or control of the aerial approaches to the airport (designated as Exhibit D). The adoption and enacting of these zoning regulations is outlined in Title 3, Section 103 through 116, of the Oklahoma State Statutes.

**(ij) Grant or Loan Application; Assurances.** The airport sponsor, upon signing the grant or loan application, agrees to the following assurances:

(1) Upon the approval of the grant or loan by the Commission, the capital project will be completed within a maximum of two years.

(2) The airport sponsor agrees to the following conditions regarding the users of the airport:

(A) Neither the airport sponsor nor the occupant of any of the airport facilities shall discriminate against any person or a class of persons in the use of any facility provided to the public on airport property.

(B) The airport sponsor shall operate the airport in such a manner that the airport is open to all types and classes of users and establish such non-discriminatory conditions required for the safe and efficient operation of the airport.

(C) Any agreement, contract, lease or other arrangement that the airport sponsor enters into shall include provisions that such services meet the demands of all users of the airport, that services shall be provided on a non-discriminatory basis, that charges for goods and services shall be fair and reasonable, that services allow any user of the airport to perform any and all services to their own aircraft, and that essential facilities will be operated in a manner that these facilities shall be available to all users of the airport. In addition, if the airport sponsor provides any or all of these services, the airport sponsor agrees to the same provisions.

(3) The airport sponsor certifies that it has the legal authority to carry out all provisions of the grant or loan application in conformity with State and Federal Statutes, Acts, and Regulations.

## Permanent Final Adoptions

---

(4) The airport sponsor shall reserve sufficient powers and authority when entering into any transaction or arrangement to perform any of the covenants expressed in the grant or loan application.

(5) The airport sponsor shall provide the following minimum essential facilities: a landing area and an aircraft parking area.

(6) The airport sponsor shall agree to properly maintain the airport under the following conditions:

(A) The airport sponsor will operate and maintain the airport and all facilities to meet the needs of all users of the airport.

(B) The airport sponsor shall not permit the airport to be used for an activity that would impede or obstruct aeronautical activity.

(C) The airport sponsor shall appropriate the funds required to properly maintain the airport to prevent deterioration of the facilities. Failure to have a documented pavement maintenance program shall be cause for the Commission to disqualify the airport sponsor for additional funds. In addition, failure to have a documented pavement maintenance program shall be considered a breach of these assurances.

(7) The airport sponsor shall maintain an updated Airport Layout Plan that has been prepared in accordance with the FAA's regulations and shall not make any alterations to the airport other than those outlined in the approved Airport Layout Plan, or approved by the FAA or the Commission in writing.

(8) The Commission shall prepare a financial report of income and expenditures of all project funds. All project records shall be maintained by the airport sponsor for not less than three (3) years from the final acceptance of the project by the Commission, and the airport sponsor shall provide access to these records upon request of the Commission or the FAA. This provision shall in no way affect any requirement imposed upon the airport sponsor by the Oklahoma Open Records Act or any other state or federal law. These records shall include such documentary evidence as invoices, cost estimates, payrolls, vouchers, cancelled checks or warrants, and receipts for cash payments that support each item of project costs. The final 10% of state grant or loan funds will not be released until a satisfactory financial report has been completed and accepted by the Commission staff.

(9) The Commission shall not pay or be obligated to pay for any work on the project that has been incurred prior to the grant or loan application being submitted to and awarded by the Commission except for planning and/or engineering costs incurred pursuant to submitting a completed grant or loan application. In addition, any funds approved by the Commission shall only be used for project costs identified in the grant or loan application unless approval has been obtained as described in 25:15-1-4(g).

(jk) **Grant or Loan Agreement; Terms and Conditions.** Upon the approval of Commission, the completed grant or loan application shall constitute an agreement between the

Commission and the airport sponsor. Both the Commission and the airport sponsor are bound to all the requirements of the grant or loan agreement. In addition, all grants or loans of the Commission shall be subject to the following terms and conditions:

(1) The time period of the grant or loan agreement between the airport sponsor and the Commission shall be twenty (20) years from the date of the airport sponsor's acceptance and/or the life of the improvements contemplated under the grant or loan application.

(2) The airport and all visual navigational aids shall be under the control of and maintained by the airport sponsor for the period covered by the grant or loan agreement.

(3) For the purposes of the grant or loan agreement, the airport sponsor must have title free and clear of any reversionary interest, lien, easement, lease, or other encumbrance for all property to be constructed on during the grant or loan agreement. If the property is leased, the airport sponsor asserts that the lease will be maintained no less than the time period of the grant or loan agreement, and in both circumstances, asserts that the property will not be used for any purpose other than the operation of the airport. In addition, airport property as defined in the airport layout plan cannot be transferred by the airport sponsor without the written approval of the Commission.

(4) The airport and all visual navigational aids shall be made available to all classes of aeronautical users without discrimination by airport sponsor with adequate access at all times.

(5) The airport sponsor will not grant or permit, either directly or indirectly, any exclusive right to any person, firm or corporation for any aeronautical activities, and will terminate any existing exclusive rights now existing before accepting a grant from the Commission.

(6) The airport sponsor shall complete the project in accordance with FAA's standard specifications unless prior written modification to standards has been approved by the FAA (for federally funded projects) or the Commission (for state only projects). The airport sponsor shall provide the following reports to the Commission:

(A) A weekly progress report using the appropriate FAA form;

(B) A copy of all acceptance tests shall be provided by the acceptance testing laboratory as soon as they are available; and

(C) An acceptance test summary report shall be provided to the Commission upon completion of the project.

(7) The airport sponsor, upon request, shall provide annual statements of airport revenues and expenses.

(8) The airport sponsor shall comply with the Municipal Airports Act, Title 3, Section 65, and the provisions thereafter, of the Oklahoma State Statutes, specifically Section 65.12, that requires that revenues from airport operations be deposited in a separate fund and used exclusively for the airport.

(9) All airport development using grant or loan funds shall be consistent with the Airport Layout Plan approved

by the FAA. A copy of the approved Airport Layout Plan, with any modifications, will be filed with the Commission.

(10) The airport sponsor shall comply with all applicable provisions of Title 61 of the Oklahoma State Statutes which governs competitive bidding for public construction contracts.

(11) The airport sponsor shall provide a tabulation of all bids signed by the Engineer-of-record for the project with the grant or loan application.

(12) The airport sponsor shall operate lighting for the airport when such lighting is included in the project.

(13) The Commission and/or the state are not parties to any contract entered into by the airport sponsor to accomplish the project.

(14) The airport sponsor shall understand and agree that should the airport sponsor fail to abide by all of the terms and conditions of the grant or loan agreement, then the funds provided by the Commission shall be withdrawn. In addition, the airport sponsor shall notify the Commission of any delays or problems with the project and request an extension or deviation from the Commission.

(15) The airport sponsor shall understand and agree that should the airport sponsor fail to submit timely loan payments during the course of the 10 year loan payback period, the airport sponsor will be prohibited from receiving any additional grants or loans until such payments are made and may have existing federal and state projects programmed in the 5-year Airport Construction Program delayed or removed.

**(kl) Grant or Loan Agreement; Payments.**

(1) The airport sponsor shall request reimbursement for project costs from the Commission on a monthly basis upon initiation of the project. The Commission shall reimburse the sponsor only for bid items at the bid unit price. The Commission will only process the request for reimbursement when accompanied by the following documentation:

- (A) For federal participation grants, a copy of a FAA Invoice Summary Worksheet and a Cost Distribution Worksheet based upon the line items in the executed grant or loan.
- (B) For non-federal participation grants, an Invoice Summary Worksheet based upon line items in the executed grant or loan.
- (C) Copies of all vendor invoices.
- (D) A construction quantities report from the primary contractor signed by the Engineer-of-record.
- (E) All test invoices.

(2) The Commission shall process the monthly requests for reimbursement until 90% of the grant or loan awarded by the Commission is expended or 90% of the Commission's total project cost is expended in the event the project comes in under budget. The final 10% will be released upon the completion of the following items:

(A) The summary of acceptance testing report and if required by the specifications, the calculated lot-wise percentage within limits (PWL) of the project. The report shall document the results of all acceptance tests performed, the construction lot, location of the material tested and the quantity represented.

(B) A report submitted by the Resident Inspector or Engineer-of-Record detailing those acceptance tests that were out-of-tolerance and include the pay reductions applied and reasons for accepting any out-of-tolerance material.

(C) All final acceptance and close-out forms for the project have been submitted to the Commission.

(D) For federal participation grants, a copy of the final signed FAA form SF 271 Outlay Report.

(E) A satisfactory financial report has been completed by the Commission.

**(4m) Endorsement by the Commission:**

(1) Upon receipt of the fully executed and complete grant or loan application, the Commission staff shall verify compliance with the terms of the notification letter.

(2) If the grant or loan application is found to be in compliance with the terms of the notification letter, the Commission staff shall forward the grant or loan application to the Commission for action.

(3) If the Commission approves the grant or loan application, the Commission staff shall communicate that approval to the airport sponsor with authorization to proceed.

(4) If the Commission staff finds that the grant or loan application is not in compliance with the terms of the notification letter, the Commission staff shall notify the airport sponsor of the non-compliance and suggest possible remedies.

(5) Upon receipt of the Commission staff's finding of non-compliance, the airport sponsor may:

- (A) Modify the grant or loan application to bring it into compliance with the terms of the notification letter; or
- (B) State the reason that the airport sponsor believes it is in compliance and request that the grant or loan application be forwarded to the Commission for action; or
- (C) Agree that it is not in compliance and request that the grant or loan application be forwarded to the Commission as is.
- (D) Request the grant or loan application not be forwarded to the Commission.

(6) The Commission staff shall notify the airport sponsor of the Commission's action.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E) WITH AN EFFECTIVE DATE OF SEPTEMBER 12, 2022:**

## SUBCHAPTER 1. GENERAL PROVISIONS

### 35:15-1-2. Definitions

The following words or terms, when used in this Subchapter, shall have the following meaning unless the context clearly indicates otherwise:

**"Accredited veterinarian"** means a veterinarian approved by the United States Department of Agriculture (USDA) to perform functions required for state or cooperative state and federal animal disease control and eradication programs.

**"Animal disease traceability"** means the ability to trace an animal to its site of application of official identification and/or premises of origin as set out in 9 CFR Parts 71, 77, 78, 86, et al. Traceability for Livestock Moving Interstate; Final Rule.

**"Approved tagging site"** means a premises, authorized by APHIS, State, or Tribal animal health officials, where livestock may be officially identified on behalf of their owner or the person in possession, care, or control of the animals when they are brought to the premises.

**"Backtag"** means a USDA approved identification system consisting of a tag of special tough paper, bearing identification codes relating to origin of animals, which are stuck to animals a few inches from the midline and just behind the shoulder with very strong glue. The backtag is designed as temporary identification for easy reading in livestock auction markets to help trace the origin of livestock in Department investigations.

**"Certificate of veterinary inspection"** means an official document or its electronic equivalent approved by the chief livestock official of the state of origin issued by an accredited veterinarian at the point of origin of a shipment of animals that includes the name and address of the consignor; the name and address of the consignee; the entry permit number, if applicable; the age, sex, number, and breed of the animal; sufficient identifying marks or tags to positively identify each animal; purpose of shipment; and the results of all required tests. It shall also include a record of a physical examination of the animal verifying that each animal is free from visible evidence of any contagious, infectious, or communicable diseases and that the animals do not originate from an area of quarantine,

infestation, or infection. A certificate of veterinary inspection is valid for thirty (30) days after the date of issuance. The term certificate of veterinary inspection shall also include an official health certificate, an official certificate, or a certificate.

**"Commuter herd"** means all ~~cattle~~ livestock under common ownership or supervision, that are located on one (1) or more premises in two (2) or more states and there is an inter-change or interstate movement of animals between premises in those states as part of the normal farming, breeding or ranching operation without a change of ownership. A commuter herd agreement shall be completed and approval of commuter herd status shall be obtained from each chief animal health official of all states in which the herd resides.

**"Consignment sale"** means a sale of livestock in which multiple sellers' livestock are auctioned or sold to multiple buyers. A consignment sale shall not include a licensed livestock auction market but shall include a production sale with guest consignors.

**"Designated epidemiologist"** means an epidemiologist selected by the State Veterinarian who has been designated to perform those functions necessary for the classification of livestock suspected to be infected with a particular disease, based on an evaluation of test results and consideration of the animal and herd history, as well as other epidemiological factors.

**"Livestock special sale"** means a consignment, ~~production~~ swap meet, or farm sale, other than a regular livestock auction or production sale, where livestock are sold.

**"Livestock special sale permit"** means a permit from the Animal Industry Services Division to hold a consignment, swap meet, or farm sale.

**"Official identification"** means any official method of identification approved by USDA, as described by 9 C.F.R. § 86.1, or the State Veterinarian. Official identification for specific species may be further defined within the applicable section of the Oklahoma Administrative Code. Backtags shall not be considered official identification unless the animal is shipped directly to slaughter. The term "official ear tag" is synonymous with "official identification."

**"Owner-Shipper statement"** means a statement signed by the owner or shipper of the livestock being moved stating the location from which the animals are moved interstate; the destination of the animals; the number of animals covered by the statement; the species of animal covered; the name and address of the owner at the time of the movement; the name and address of the shipper; and the identification of each animal, as required by the regulations, unless the regulations or other documentation approved by the Department specifically provide that the identification does not have to be recorded.

**"Production sale"** means a sale in which livestock that belongs to a single owner or seller and is intended for breeding or exhibition use is offered for sale or sold to multiple buyers at the same time.

**"Quarantine"** means a written notice or order issued by an authorized agent of the Department showing the boundaries of the area or premise affected, the animals restricted, and conditions, if any. No livestock held under quarantine may be moved or released without a written permit or quarantine release signed by an authorized agent.

# Permanent Final Adoptions

---

**"Resident herd of origin"** means a group of livestock that have been maintained as a herd or flock on the same premises for at least four (4) months.

**"Special sale permit"** means a permit from the Animal Industry Services Division to hold a consignment, production, farm, or special sale.

**"State animal health official"** means the state animal health official, or designee, who is responsible for the livestock and poultry disease control and eradication programs in a state.

## SUBCHAPTER 5. BIOLOGICAL PRODUCTS AND LABORATORIES

### 35:15-5-1. Biological products

(a) No biological product used in the treatment of livestock or any other species of animals shall be manufactured, produced, transported, distributed, sold, offered for sale, or used in Oklahoma unless the biological product has been:

- (1) Licensed or permitted by the United States Veterinary Biologics Division of the United States Department of Agriculture;
- (2) Produced in an establishment licensed by the United States Veterinary Biologics Division of the United States Department of Agriculture; and
- (3) Approved by the Oklahoma Department of Agriculture, Food, and Forestry.

(b) Biological products prepared by any person solely for the treatment of livestock or any other species of animals of such person or prepared solely for treatment of livestock or any other species of animals under a veterinary-client-patient relationship in the course of the state licensed professional practice of veterinary medicine by such person shall be exempt from (a) and (d) of this section if used as follows:

- (1) Permission is obtained from the State Veterinarian in the form of a one (1) year memorandum of understanding between the Department and the persons owning the livestock or any other species of animals;
- (2) An authorized agent of the Board may inspect and monitor the application of the product and verify the proper handling, cleaning, and disinfection of equipment utilized in the application.

(c) John's (Paratuberculosis) vaccine is expressly prohibited in Oklahoma without prior approval of the Department. This approval may be obtained only after a written agreement is developed between the producer, attending veterinarian, and state regulatory officials. A plan of herd management, vaccination, and any restrictions shall be a part of this agreement.

(d) Each biological product manufactured, produced, distributed, sold, offered for sale or used in Oklahoma or delivered for transportation or transported in intrastate or interstate commerce shall be registered with the Department on an annual basis.

(e) Each person registering biological products shall pay an annual registration fee of Two Hundred Dollars (\$200.00) for each biological product registered.

- (1) The Department may require the submission of the complete formula of any biological product.

(2) Trade secrets and formulations submitted with the registration shall be kept confidential.

(3) Autogenous biologics shall be registered individually by the specific microorganisms (seed) which make up the composition of the vaccine.

(f) If it appears to the Department that the composition of the biological product is adequate to warrant the proposed claims and if the biological product, its labeling, and other material required to be submitted comply with the requirements of this section, then the biological product shall be registered.

(g) Additional registration of a biological product shall not be required in the case of a biological product shipped from one location within Oklahoma to another location within Oklahoma if the location is operated by the same person.

(h) All biological product registrations shall expire on March 20 of each year but may be renewed by the Department. Any person who fails to renew a biological product by March 20 of each year shall pay a penalty of an additional Two Hundred Dollars (\$200.00).

(i) Any biological product that contains any living organism and is produced pursuant to subsection (b) may be used with prior written notice to the Department. Notice shall be provided for each day the person intends to utilize the biological product and shall contain the name of the person prescribing the biological product, the specific location where the biological product will be used, and the reason for using the biological product.

(j) No person shall sell or offer for sale an unregistered biological product or an expired biological product.

(k) The term "biological product" shall mean all viruses, serums, toxins (excluding substances that are selectively toxic to microorganisms, including antibiotics), or analogous products at any stage of production, shipment, distribution, or sale, which are intended for use in the treatment of livestock or any other species of animals and which act primarily through the direct stimulation, supplementation, enhancement, or modulation of the immune system or immune response. The term biological products includes but is not limited to vaccines, bacterins, allergens, antibodies, antitoxins, toxoids, immunostimulants, certain cytokines, antigenic or immunizing components of live organisms, and diagnostic components that are of natural or synthetic origin, or that are derived from synthesizing or altering various substances or components of substances such as microorganisms, genes or genetic sequences, carbohydrates, proteins, antigens, allergens, or antibodies. The term shall not include any product identified and regulated as a pesticide by the Department.

(1) A product's intended use shall be determined through an objective standard dependent upon factors such as representations, oral or written claims, packaging, labeling, or appearance.

(2) The term "analogous products" shall include the following:

(A) Substances, at any stage of production, shipment, distribution, or sale, which are intended for use in the treatment of livestock or any other species of animals and which are similar in function to biological products in that they act, or are intended to

act, through the stimulation, supplementation, enhancement, or modulation of the immune system or immune response;

(B) Substances, at any stage of production, shipment, distribution, or sale, which are intended for use in the treatment of livestock or any other species of animals through the detection or measurement of antigens, antibodies, nucleic acids, or immunity; or

(C) Substances, at any stage of production, shipment, distribution, or sale, which resemble or are represented as biological products intended for use in the treatment of livestock or any other species of animals through appearance, packaging, labeling, claims (either oral or written), representations, or through any other means.

(l) The term "treatment" shall mean the prevention, diagnosis, management, or cure of diseases of livestock or any other species of animals.

(m) The term "unregistered biological product" shall mean a biological product that has not been registered with the Department or a biological product that has been previously registered with the Department but the registration has lapsed.

(n) The term "expired biological product" shall mean a biological product which exceeds the expiration date established by the manufacturer.

SUBCHAPTER 11. IMPORTATION OF ANIMALS

PART 13. EQUINE PIROPLASMOSIS

35:15-11-52. Definitions

The following words and phrases shall have the following meanings:

"Equine Piroplasmosis reactor" means any Equidae that tests positive for Equine Piroplasmosis from either B. caballi or T. equi but has not been confirmed by NVSL.

"Exposed" means all Equidae in the same herd as a Piroplasmosis positive animal or had recent direct and sustained contact with a Piroplasmosis animal.

"High risk premises" means premises where transmission of Equine Piroplasmosis is known or suspected to have occurred or has the potential to occur, through either natural tick borne transmission or high risk management practices and as determined by the State Veterinarian.

"Low risk premises" means premises where transmission of Equine Piroplasmosis has not been demonstrated or suspected to have occurred and has a low potential to occur, through either natural tick borne transmission or management practices and as determine by the State Veterinarian risk.

"Negative Equidae" means Equidae that show a negative result to a competitive enzyme-linked immunosorbent assay (c-ELISA) test for Equine Piroplasmosis or have been classified negative by the designated epidemiologist, based on history, supplemental tests, or other epidemiological evidence.

"Positive Equidae" means Equidae that show a positive result to for Equine Piroplasmosis by the National Veterinary

Services Laboratories (NVSL) on the complement fixation (CF) test or competitive enzyme-linked immunosorbent assay (c-ELISA) test.

"Racetrack facility" means a premises used to conduct live horse racing events and is not limited to facilities licensed by the Oklahoma Horse Racing Commission.

"Suspect case" means an Equidae with clinical signs consistent with Equine Piroplasmosis, a history of exposure, or an inconclusive test.

35:15-11-53. Testing for Equine Piroplasmosis

(a) All racing Quarter horses, Paint horses, and Appaloosas entering a racetrack facility shall have proof of a negative Piroplasmosis test (T. equi) within the past twelve (12) months.

(b) All official samples collected from Equidae for Piroplasmosis testing shall be collected by a state or federal veterinarian, an accredited veterinarian, or an authorized agent of the Board. ~~Samples shall be submitted to an approved lab within 30 days of collection.~~

(1) The State Veterinarian, a state or federal veterinarian, an authorized agent of the Board, or an accredited veterinarian acting under authority of the State Veterinarian may cause an official test to be conducted on any Equidae known or suspected to be infected with or exposed to Piroplasmosis.

(2) If the owner refuses or neglects to comply with the testing requirements, the Equidae shall be quarantined and the movement of any Equidae from the premises shall be prohibited.

(3) The State Veterinarian may provide and require supervision for collection of test samples submitted by an accredited veterinarian.

(4) Any person providing erroneous or fictitious information shall be in violation of these rules.

(5) Any person altering, defacing, or falsifying information on a test chart, permit, certificate of veterinary inspection, or any form associated with the Piroplasmosis program shall be in violation of these rules.

(~~b~~c) All Equidae epidemiologically determined to have been exposed to a Piroplasmosis positive animal shall be quarantined and tested by a state or federal veterinarian, an accredited veterinarian, or an authorized agent of the Board.

(1) Test results for suspect cases and reactor Equidae shall be confirmed by NVSL.

(2) Positive results shall be confirmed by NVSL.

(3) Exposed Equidae that test negative shall be retested at least thirty (30) calendar days from last exposure to a Positive Equidae.

(4) Epidemiologic data may be considered in the testing requirements for Exposed Equidae and affected herds.

(~~e~~d) Release of quarantine.

(1) No Equidae held under quarantine shall be moved or released until a written permit or quarantine release signed by an authorized agent has been executed.

(2) Exposed Equidae may be released from quarantine after obtaining a negative test a minimum of thirty (30) calendar days from the last exposure.

## Permanent Final Adoptions

- (3) Epidemiologic data may be considered in the release of the quarantine.
- (~~d~~e) Foals born to positive mares are considered exposed and shall be tested because Equine Piroplasmosis hemoparasites may be transmitted in utero or at parturition.
- (1) Foals under six (6) months of age may carry maternal antibodies to infection but may not be infected. Therefore, seropositive foals without other evidence of infection via PCR or blood smears shall be retested after waning of maternal antibodies.
- (2) Foals shall be kept in quarantine until weaned or separated from the mare and until tested negative for Equine Piroplasmosis (at a minimum of six (6) months of age) at NVSL.

### SUBCHAPTER 13. TESTING AND INSPECTION FOR DISEASE AND RELEASE OF LIVESTOCK AT AUCTION MARKETS

#### 35:15-13-3. General requirements for a livestock auction market

- (a) Any person owning, operating, conducting, or maintaining a livestock auction market shall be required to employ a livestock auction market veterinarian for auctions selling cattle, horses, swine, or other species as determined by the state veterinarian.
- (b) ~~Both the~~ The buyer's and seller's invoices invoice shall include the ~~owner's~~ buyer's name and address and a description of the ~~cattle~~ livestock as to breed, color, and sex, and age. ~~Invoices for swine shall show the predominate breed and shall show them to be feeding, breeding, or slaughter swine.~~
- (c) The seller's invoice shall include the seller's name and address and a description of the livestock as to breed, color, and sex.
- (d) The livestock auction market veterinarian or sale company shall not be responsible for results of any tests that are conducted properly or for any reactor animals or responder animals found in the market.
- (~~d~~e) Refusal or failure to comply with ~~the~~ Department rules shall be just cause for the revocation or suspension of the livestock auction market license.
- (~~e~~f) No person owning, operating, conducting, or maintaining a livestock auction market shall allow any of the following animals to leave the livestock auction market unless it is individually identified by an official identification with an exception for weak cattle or cattle that pose a greater than normal risk of being injured or injuring a person:
- (1) All beef cattle eighteen (18) months of age or older, except terminal fed steers and heifers, going directly to a feedlot or slaughter which will not be reintroduced into the breeding herd;
  - (2) All dairy cattle;
  - (3) All "M" branded cattle including any commingled cattle, and
  - (4) All roping, exhibition, event, and rodeo cattle.

- (~~f~~g) Weak cattle or cattle that pose a greater than normal risk of being injured or injuring a person may be sold with a back tag and slaughter only tag to be transported directly to slaughter.
- (~~g~~h) The owner or operator of the livestock auction market shall keep records of each animal consigned or delivered to the livestock auction market for a period of five (5) years for disease traceback purposes, including but not limited to, the following:
- (1) "Drive-in" or any other documents identifying the backtag, owner's name and address, and license tag of mode of transportation;
  - (2) Any records kept pursuant to the Livestock Auction Market Act;
  - (3) Records of any official identification applied to the animal or already existing with the animal;
  - (4) Any records available regarding the purchaser of the animals; and
  - (5) Records of official identification that are sufficiently legible and accurate to facilitate successful tracebacks.
- (~~h~~i) Each livestock auction market shall sign and have on record with the Department the most current livestock market contract for each of the species sold at the market.
- (~~i~~j) The livestock auction market shall make the above records available to Department personnel when requested on non-sale days. In an emergency, records may be requested and shall be made available to Department personnel regardless of sale schedule.
- (~~i~~) ~~Each livestock auction market shall sign and have on record with the Department the most current livestock market contract for each of the species sold at the market.~~

#### 35:15-13-7. Specific approval of livestock auction markets

- (a) No livestock auction market shall be specifically approved until proper application is made and a determination is made by the State Veterinarian that Department regulations and standards are met.
- (b) ~~Each livestock auction market shall have a packer buyer present at each sale.~~
- (~~e~~) All animals received at the livestock auction market shall be considered in interstate commerce and be handled in accordance with interstate regulations.
- (~~e~~c) All cattle, bison, horses, swine or other species, as determined by the State Veterinarian, shall be visually inspected by the livestock auction market veterinarian prior to sale for diseased conditions such as cattle scab, sheep scab, Actinomyces (lump jaw), Carcinomas (cancer eye), Infectious Rhinitis (bull nose) or any other infectious, contagious, or communicable disease.
- (~~e~~d) Any animal determined to be diseased by the livestock auction market veterinarian shall be sold direct to slaughter or quarantined for treatment pursuant to the judgment of the livestock auction market veterinarian.
- (~~f~~e) Each market shall furnish and maintain in good repair sufficient equipment suitable for restraining animals for careful inspection, testing, tagging, branding, and other treatments and procedures ordinarily required in providing livestock

sanitary service at markets. The equipment shall be covered or housed so that necessary work can take place during inclement weather.

(gf) The appointment and termination of the livestock auction market veterinarian by the livestock auction market is subject to approval of both state and federal officials.

(hg) Failure or neglect to perform any of the functions in this section shall be cause for withdrawal of the approval.

(ih) Each livestock auction market shall sign and have on record with the Board the most current livestock market contract for each of the species sold at the market.

**SUBCHAPTER 15. EQUINE INFECTIOUS ANEMIA (EIA)**

**PART 11. REQUIREMENTS FOR EQUIDAE ENTERING OKLAHOMA**

**35:15-15-111. General requirements for Equidae entering Oklahoma**

(a) All test eligible Equidae entering Oklahoma for any purpose other than consignment to a veterinarian's clinic or livestock auction market shall be accompanied by one of the following:

(1) A record of a negative official test for EIA conducted within the previous twelve (12) months and an Extended Equine Certificate of Veterinary Inspection.

(2) A record of a negative official test for EIA conducted within the previous twelve (12) months and a certificate of veterinary inspection.

(3) An equivalent certificate as approved by the State Veterinarian.

(4) A certificate of veterinary inspection, when in compliance with the terms of a Memorandum of Understanding which allows for testing upon arrival.

(5) A copy of a VS Form 10-11 shall be considered an official record of test when accompanied by a properly completed certificate of veterinary inspection.

(6) An exception to import test requirements may be issued by the Department. To qualify for the exception, the person seeking the exception shall:

(A) Apply for an entry permit during the Department's office hours. ;

(B) Obtain a certificate of veterinary inspection issued no more than thirty (30) calendar days prior to entry;

(C) Test the Equidae for EIA within thirty (30) days after entry; and

(D) Immediately quarantine the Equidae entering Oklahoma pursuant to this subsection until the Equidae is tested negative for EIA.

(b) ~~An Extended Equine Certificate of Veterinary Inspection shall be accepted from states participating in the Extended Equine Certificate of Veterinary Inspection program.~~

**SUBCHAPTER 16. CONTAGIOUS EQUINE METRITIS**

**35:15-16-1. Incorporation by reference**

(a) The contagious equine metritis regulation found in Title 9 of the Code of Federal Regulations (CFR) (~~2020~~2021 Revision), Section 93-301 and USDA VS Guidance Document 13406.1 (2013) Revision are hereby adopted in their entirety.

(b) All words and terms defined or used in the federal regulation incorporated by reference by the Department shall mean the state equivalent or counterpart to those words or terms.

**SUBCHAPTER 19. POULTRY REGULATIONS**

**35:15-19-4. Import and exhibition poultry**

(a) Domesticated fowl including chickens, turkeys, game chickens, game birds, or waterfowl over four (4) months of age and intended for breeding, meat, or egg production purposes shall not be imported into the state unless they:

(1) Have originated from a National Plan source which is U.S. pullorum-typhoid clean or equivalent with a NPIP 9-3, or

(2) Have passed a negative agglutination test for reportable salmonella groups within ninety (90) days prior to import and have received a Certificate of Veterinary Inspection within thirty (30) days.

(b) All poultry under four (4) months of age, including baby chicks, started chicks, turkey poults, started poults, other newly hatched domestic poultry, game chickens, game birds, ~~and~~ waterfowl, ~~except those intended for immediate slaughter,~~ and hatching eggs shipped, brought into, or offered for sale in Oklahoma, except those intended for immediate slaughter, shall have:

(1) ~~Have originated from a hatchery or premise operating under the supervision of the poultry disease control authority of the state of origin, and their disease classification shall be negative or clean. Each container of products shall bear an official label showing the name and address of the shipper, the authority under which the testing for disease was done, and the disease control and eradication class and/or classes of the product. The use of this label shall be approved by the official state agency or livestock disease control official of the state of origin. In addition, an official form shall be properly executed showing the name and address of both the consignee and the consignor and the disease control authority for which the testing was done and classification of the product.~~ NPIP Pullorum-Typhoid clean breeder flock and shall be accompanied by a NPIP VS Form 9-3 or an APHIS VS form 17-6;

(2) Have an approved commuter flock agreement on file with the state of origin and ODAFF; or

(c) Exhibition poultry are subject to the following:

(1) Any poultry or other domestic fowl being exhibited in Oklahoma shall be free of visible evidence of disease, and

## Permanent Final Adoptions

(2) Have passed a negative test for reportable salmonella groups within ninety (90) days prior to exhibition, with the results recorded on an official form from the state of origin certifying that the testing was done by a permitted tester of that state, or

(3) Have originated from negative or clean flocks authoritatively participating in the disease control and eradication phases of the National Poultry Improvement Plan or NPIP approved state plan, and

(4) Be from flocks not known to be infected with reportable salmonella groups.

(5) Poultry qualifying under 2 or 3 may be imported without an official health certificate if accompanied by an approved state or NPIP form.

(6) All exhibition poultry shall be identified by an official leg or wing band unless they originate from a negative or clean flock authoritatively participating in the National Poultry Improvement Plan or NPIP approved state plan.

(7) Application of official leg or wing bands shall not be required for birds tested on the exhibition premise for a specific event. Birds tested and not identified with an official leg or wing band shall be tested prior to entering any future exhibitions.

(d) All persons holding poultry exhibitions in Oklahoma shall obtain a permit from the State Veterinarian prior to the exhibition. Those persons holding multiple exhibitions at the same location may apply for a permit by listing the dates and times of all exhibitions scheduled during a fiscal year beginning July 1 and ending June 30. The permittee shall be responsible for maintaining a list of the names and addresses of all exhibitors for each exhibition. The permittee shall keep these records and make them available to any authorized agent for inspection or photocopying for at least one (1) year after the date of the exhibition.

### **35:15-19-8. Infectious Laryngo ~~Trachietis~~Laryngotracheitis (ILT)**

~~(a) Tissue culture vaccine or vector vaccine for Infectious Laryngo Trachietis shall only be used in breeding flocks with the permission of the State Veterinarian.~~

~~(1) Permission shall be in the form of a Memorandum of Understanding between the State Veterinarian and the breeder.~~

~~(2) The Memorandum shall be effective for five (5) years and may include an option for renewal.~~

~~(b) Chick Egg Embryo Origin (CEO) vaccine, tissue culture vaccine, or vector vaccine for Infectious Laryngo Trachietis Laryngotracheitis shall only be used in broilers with the permission of the State Veterinarian by a signed Memorandum of Understanding in specific outbreak situations.~~

~~(e) The conditions of any Memorandum of Understanding shall be at the sole discretion of the State Veterinarian.~~

## SUBCHAPTER 36. SCRAPIE

### **35:15-36-1. Incorporation by reference of federal regulations**

Regulations of the United States Department of Agriculture concerning scrapie in sheep and goats found at 9 CFR Part 79 (~~2020~~2021 Revision) are adopted by reference with the exception of the deleted regulations specified in 35:15-36-2.

### **35:15-36-2. Deleted regulations**

The following sections of the Federal regulations governing scrapie in sheep and goats (9 CFR, Part 79 et seq.) (~~2020~~2021 Revision) of the USDA incorporated by reference under 35:15- 36-1 are deleted and are not rules of the Oklahoma Department of Agriculture, Food, and Forestry: 79.6 and 79.7.

## SUBCHAPTER 44. FARMED CERVIDAE

### **35:15-44-19. Entry and export requirements**

(a) Import of cervidae shall be accompanied by a Certificate of Veterinary Inspection and a Cervidae Import Permit approved or provided by the Department.

(1) The import permit shall be valid for thirty (30) days from approval.

(2) Cervidae Import Permit applications shall be submitted to the Department no less than three (3) working days prior to the scheduled shipment.

(b) Cervidae shall have two forms of identification. One (1) of these two (2) forms of identification shall be official identification.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E) WITH AN EFFECTIVE DATE OF SEPTEMBER 12, 2022:**

**SUBCHAPTER 8. COTTON SEED BUG QUARANTINE**

**35:30-8-1. Establishment of quarantine**

The State Board of Agriculture does hereby establish an external quarantine for the cotton seed bug (*Oxycarenus hyalinipennis*).

**35:30-8-2. Regulated area**

Regulated articles from the State of California, and any other state or foreign country known to be infested with the cotton seed bug (*Oxycarenus hyalinipennis*) shall be quarantined.

**35:30-8-3. Regulated articles**

The following shall be regulated pursuant to this quarantine:

- (1) All plant and plant parts of the family Malvaceae including, but not limited to, nursery stock and other living, dead, cut, or fallen fruit, fruiting structures, or seeds;

# Permanent Final Adoptions

- (2) All life stages of the cotton seed bug (*Oxycarenus hyalinipennis*); and
- (3) All equipment used for the production and transportation of cotton.

## **35:30-8-4. Conditions governing movement**

(a) All regulated articles originating from quarantined areas are prohibited entry into or transition through the State of Oklahoma unless the articles are:

- (1) Accompanied by a phytosanitary certificate from the state of origin declaring the articles have been officially inspected after harvest and found free of the cotton seed bug (*Oxycarenus hyalinipennis*) and the articles have been stored in such a manner to remain free of the cotton seed bug in storage and transit; or
  - (2) Included in a cooperative agreement with the Oklahoma Department of Agriculture, Food, and Forestry.
- (b) Regulated articles originating in an area not known to have the cotton seed bug but in transit through an area known to have the cotton seed bug shall be regulated articles.

## **35:30-8-5. Movement for scientific purposes**

Interstate and intrastate movement of regulated articles for scientific or experimental purposes shall be exempt from the provisions of 35:30-8-4 and may move under a compliance agreement and scientific permit, as required.

## **SUBCHAPTER 17. COMBINED PESTICIDE**

### **PART 1. COMMERCIAL AND NON-COMMERCIAL CATEGORIES OF PESTICIDE APPLICATION**

#### **35:30-17-1.3. Commercial pesticide applicator license renewal**

- (a) Each license for commercial pesticide application for companies with names beginning with the letters A, B, C, D, E, F, G, H, I, J, K, and L shall expire on the 30<sup>th</sup> day of September following issuance or renewal, and may be renewed for the ensuing calendar year, without penalty or reexamination if a properly completed application is filed with the Board not later than the 1<sup>st</sup> day of October of each year. If the application is not received by October 1, a penalty of twice the amount of the renewal fee shall be charged for renewal of the license. If the application is not received by November 1, an additional penalty of One Hundred Dollars (\$100.00) shall be paid by the applicant prior to license renewal.
- (b) Each license for commercial pesticide application for companies with names beginning with the letters M, N, O, P, Q, R, S, T, U, V, W, X, Y, and Z shall expire on the 31<sup>st</sup> day of December following issuance or renewal, and may be renewed for the ensuing calendar year, without penalty or reexamination if a properly completed application is filed with the Board not later than the 1<sup>st</sup> day of January of each year. If the application is not received by January 1, a penalty of twice the amount of

the renewal fee shall be charged for renewal of the license. If the application is not received by February 1, an additional penalty of One Hundred Dollars (\$100.00) shall be paid by the applicant prior to license renewal.

### **PART 3. CERTIFICATION, CONDUCT OF EXAMINATIONS, AND RECERTIFICATION**

#### **35:30-17-4. Examination of applicants for certification**

- (a) The written examination for certification of commercial and noncommercial applicators shall include two (2) phases. Phase I shall consist of general knowledge common to all licensed categories and shall be successfully completed before examination is attempted in any license category. Phase II shall consist of specific knowledge for each licensed category. An applicant may test in as many different licensed categories as desired. An applicant shall successfully complete a Phase II examination within twelve (12) months of passing the Phase I examination. Failure to meet the twelve (12) month deadline shall require an applicant to re-take the Phase I examination.
- (b) The written examination for certification of commercial and noncommercial applicators shall be computer based and conducted at a site determined by the board.
- (c) A practical examination shall also be required for commercial and noncommercial applicators in the following categories: Structural Pest, General Pest, Fumigation, and Food Processing. An individual shall successfully complete the practical examination within twelve (12) months of passing the Phase II written examination in the above categories. Failure to meet the twelve (12) month deadline shall require an individual to re-take the Phase II written examination.
- (d) The practical examination shall be conducted at the training facility at Oklahoma State University and includes the successful completion of an approved training program which demonstrates a thorough knowledge in the handling of pesticides, labels and labeling requirements, storage, transportation, mixing, application, disposal, insect biology and safety. The facility at Oklahoma State University meets the following conditions for treatment in the Structural Pest Category: crawl space, voids, and a concrete floor, garage floor, or patio slab.
- (e) A service technician shall be certified upon successful completion of a written service technicians examination. An individual shall not act, do business, or advertise as a service technician unless a service technician identification has been issued by the Board. A service technicians' identification shall be issued in the name of the licensed entity. The licensee shall return the service technician identification to the Board upon termination of the employee. A service technician identification shall be valid for five (5) years unless suspended, canceled, revoked, or the service technician is no longer employed by the licensed entity. Recertification may be required at any time by the Board. The Department may issue a service technician identification upon completion of the following:
- (1) A determination is made by the Department that the applicant has successfully completed the written examination;

- (2) The licensed entity provides a completed service technician identification application form at the time of testing; and
- (3) All appropriate fees are paid at the time of testing.
- (f) The written examination for service technician shall be computer based and conducted at a site determined by the board.
- (g) Private applicators shall complete a certification form and an education program or written examination as required by the Board. Private applicators in the Fumigation category shall be required to complete the certification form and a closed book written exam and successfully complete the Fumigation practical at the training facility at Oklahoma State University within twelve (12) months of passing the Fumigation written exam.
- (h) The written examination for private ~~applicator~~applicators shall be computer based and conducted at a site determined by the board.
- (i) An individual shall not act, do business, or advertise as a certified applicator unless all qualifications and standards required by the Board have been met. A certificate in any category shall be valid for five (5) years unless suspended, canceled, or revoked. Recertification may be required by the Board, but shall not exceed one recertification in a five (5) year period.
- (j) Successful completion of any written examination shall be a score of 70% or greater.
- (k) The Department may require that an individual seeking a certified applicator or service technician certification demonstrate the capability to read and write with sufficient proficiency to comprehend the content and instructions of a pesticide label.

**35:30-17-6. Recertification**

- (a) Each certified applicator shall seek recertification every five (5) years.
- (b) A~~Within twelve (12) months of expiration,~~ a certified applicator shall either pass a ~~written~~Phase II examination or earn a specified number of Continuing Education Units (CEU) approved by the Department to successfully complete recertification. Approximately~~If a certified applicant elects to re-examine and does not pass a Phase II examination within twelve (12) months of expiration, the applicant shall be required to re-take the Phase I and Phase II examinations and a practical examination, when applicable. If a certified applicant elects to earn CEU for recertification, approximately~~ one (1) hour of education shall be the equivalent of one CEU. The CEU requirements for each category are as follows:
  - (1) 1a - Agricultural Plant:
    - (A) Total in five years - 20 CEU
    - (B) Maximum in any one year - 10 CEU
  - (2) 1b - Agricultural Animal:
    - (A) Total in five years - 5 CEU
    - (B) Maximum in any one year - 2 CEU
  - (3) 2 - Forest:
    - (A) Total in five years - 10 CEU

- (23) 16 - Private Applicator:
  - (A) Total in five years - 20 CEU

## Permanent Final Adoptions

- (B) Maximum in any one year - 10 CEU
- (c) No more than one-half (1/2) of the total credit units shall be accepted for any one Calendar year.
- (1) Credit units shall be obtained in at least three (3) of the five (5) years, in any combination, so that the total number obtained equals or exceeds the five (5) year requirement.
- (2) The continuing education units may be prorated for any applicator whose recertification period is less than five (5) years.
- (3) The Department may allow a CEU to be credited to more than one category.
- (d) The CEU shall be structured to provide the following information over the five (5) year period:
- (1) Laws and rules;
- (2) Pesticides (formulations, registration, labeling and label comprehension, handling and storage, toxicity, and hazards);
- (3) Application equipment and calibration;
- (4) Pests and IPM;
- (5) Identification of hazardous areas;
- (6) Drift prevention;
- (7) Endangered species;
- (8) Groundwater; and
- (9) Worker protection.
- (e) Any person may request approval of an education program as CEU.
- (1) The request for approval shall include the following:
- (A) A list of proposed topics including a description of the content and their relative value for meeting the standards of continuing certification;
- (B) A list of speakers and their qualifications; and
- (C) Method used to verify attendance and evaluate the progress of participants.
- (2) The Department and the Oklahoma State University Pesticide Coordinator shall review the request for approval to determine if it meets the criteria of CEU.
- (A) If the education program is approved for CEU, the person requesting approval shall be notified of the number of assigned CEU.
- (B) Awarded CEUs shall not be valid for more than five (5) years after the date of approval. After five (5) years, courses shall be resubmitted for review and approval.
- (C) The person requesting approval may appeal the number of assigned CEU to a three- person review committee with a representative from each of the following:
- (i) Oklahoma State University;
- (ii) the Department; and
- (iii) certified applicators.
- (3) Individuals seeking course approval for CEUs shall electronically submit course information and other required information for CEU approval through a website.

### PART 6. PESTICIDAL PRODUCT PRODUCING ESTABLISHMENTS

### 35:30-17-13. Incorporation by reference of federal pesticide producing establishment regulations

- (a) The Registration of Pesticide and Active Ingredient Producing Establishments, Submission of Pesticide Reports and Books and Records of Pesticide Production and Distribution Regulations found in Title 40 of the Code of Federal Regulations (CFR) (~~2020~~2021 Revision), Part 167 et seq. and Part 169 et seq. for the United States Environmental Protection Agency (EPA) as promulgated and amended in the Federal Register, are hereby adopted in their entirety with the exception of 40 CFR § 167.90.
- (b) All words or terms defined or used in the Federal regulations incorporated by reference shall mean the state equivalent or counterpart to those words or terms.

### PART 8. PESTICIDE REGISTRATIONS AND PERMITS

#### 35:30-17-17.4. Spray adjuvant

Labels for spray adjuvants shall include:

- (1) Product brand name;
- (2) Type or function of principal functioning agents. Terms used to describe adjuvant functions shall be consistent with ASTM International Standards E 1519 and E 609. If ASTM International has not defined a term, the Department will determine the appropriate term. Functions claimed shall be consistent with the principal functioning agents. If two (2) or more functions are claimed, the functions shall be listed in descending order starting with the primary function;
- (3) Ingredient statement that includes:
- (A) Principal functioning agents listed by chemical name in descending order of composition with either individual or total percentages. If more than three (3) functioning agents are present, only the three (3) principal agents are required to be listed;
- (B) Percentage of constituents ineffective as spray adjuvants; and
- (C) Total percentage of all ingredients which shall equal one hundred percent (100%);
- (4) Directions for use that include a description of intended uses and recommended use rates;
- (5) Precautionary statements adequate to protect people and the environment that include:
- (A) Statement "Keep Out of Reach of Children"; and
- (B) Statement prohibiting aquatic use unless the registrant provides data to demonstrate that the proposed use will not cause unreasonable adverse effects to fish and aquatic invertebrates;
- (6) Appropriate storage and disposal statement;
- (7) Name and address of the registrant or manufacturer. If the registrant's name appears on the label and the registrant is not the manufacturer, the name shall be qualified by appropriate wording such as "Packaged for" or "Distributed by"; and

- (8) Weight or measure of the contents.

**PART 9. MINIMUM STANDARDS FOR CONTRACTS AND KEEPING OF RECORDS**

**35:30-17-21. Records required for pesticide applications and restricted use pesticide sales**

(a) Commercial and non-commercial applicators shall keep accurate records pertaining to pesticide activities, which, at a minimum, show:

- (1) Start and stop time of application.
- (2) Total amount of pesticide used.
- (3) Name and address of the commercial or non-commercial company.
- (4) Name and certification number of the certified applicator who made or supervised the application and name of the non-certified applicator under direct supervision, if any.
- (5) Name and address of person for whom applied.
- (56) Legal description of the land where applied. The legal description may be a street address if properly marked, but shall not be a Post Office Box address.
- (67) Date of application.
- (78) Application rate.
- (89) Dilution rate for mixing.
- (910) Total quantity tank mix used.
- (1011) Complete trade name of pesticide product used.
- (1112) EPA registration number of pesticide product used.
- (1213) Name of adjuvants used when the label requires specific adjuvants.
- (1314) Name of drifting agents used when the label requires specific drifting agents.
- (1415) Target pest for the application.
- (1516) Site where the pesticide was applied.
- (17) Size of the area treated.
- (1618) Restricted Entry Interval as stated on the product label.
- (1719) A copy of the pesticide product label or labeling that is attached to the container or included in the shipping case.
- (1820) Copies of any contracts issued.
- (1921) Copies of any wood infestation reports issued.

## SUBCHAPTER 1. EGGS

### 35:37-1-2. Methods of grading

Methods of egg grading shall be the same as those described in USDA "Regulations Governing the Voluntary Grading of Shell Eggs 7 CFR Part 56" (~~2020~~2021 Version).

## SUBCHAPTER 3. MEAT INSPECTION

### PART 1. GENERAL PROVISIONS

### 35:37-3-1. Incorporation by reference of federal meat inspection regulations

The Mandatory Meat Inspection Regulations found in Title 9 of the Code of Federal Regulations (CFR) (~~2020~~2021 Revision), Parts 301 to 391; 416; 417; 418; 424; 430; 441; 442 and 500 for the United States Department of Agriculture (USDA) as promulgated and amended in the Federal Register, are hereby adopted in their entirety with the exception of the deleted regulations specified in 35:37-3-3. Whenever an official mark, form, certificate or seal is designated by federal regulations, the appropriate Oklahoma Department of Agriculture, Food, and Forestry form, certificate or seal shall be substituted.

### 35:37-3-3. Deleted regulations

The following sections of the Federal regulations governing the mandatory meat inspection of the USDA incorporated by reference under 35:37-3-1 are deleted and are not rules of the Oklahoma Department of Agriculture, Food, and Forestry: 9 CFR 302.2; 303.1(c); 304.1; 304.2(a); 304.2(c); 305.2(b); 307.4; 307.5; 307.6; 316.12; 316.13(c); 317.5; 317.7; 317.9; 317.13; 318.8; 318.12; 321; 322; 327; 329; 331; 335; 351; 352; 354; 355; 362; 381; 390; 391; 392; 439; and 590 (~~2020~~2021 Revision).

### 35:37-3-6. Oklahoma Certified Beef

(a) The Oklahoma Department of Agriculture, Food, and Forestry shall only investigate claims of noncompliance with the Oklahoma Certified Beef program upon receipt of a properly completed complaint form.

(b) Investigations of noncompliance will be to determine only if the bovine were bred, born, raised, and slaughtered within Oklahoma.

(c) Noncompliance may result in, but is not limited to, administrative fines, suspension from participation in the Oklahoma Certified Beef program, and removal and a lifetime ban from the Oklahoma Certified Beef program.

**SUBCHAPTER 5. POULTRY PRODUCTS  
INSPECTION**

**PART 1. GENERAL PROVISION**

**35:37-5-1. Definitions and incorporation by reference of federal poultry inspection regulations**

(a) The Mandatory Poultry Inspection Regulations found in Title 9 of the Code of Federal Regulations (CFR) (~~2020~~2021 Revision), Parts 381; 416; 417; 418; 424; 430; 441; 442; and 500 for the United States Department of Agriculture (USDA) as promulgated and amended in the Federal Register, are hereby adopted in their entirety with the exception of the deleted regulations specified in 35:37-5-2. Whenever an official mark, form, certificate or seal is designated by federal regulations, the appropriate Oklahoma Department of Agriculture, Food, and Forestry mark, form, certificate or seal shall be substituted.

(b) All words and terms defined or used in the federal regulations incorporated by reference by the Department shall mean the state equivalent or counterpart to those words or terms.

(c) The following terms, when used in this subchapter, shall have the following meaning unless the context clearly indicates otherwise:

- (1) **"Act"** means the Oklahoma Poultry Products Inspection Act.
- (2) **"Director"** means the Director of Meat Inspection.
- (3) **"Poultry"** means any domesticated bird, whether live or dead, including chickens, turkeys, ducks, geese, guineas, ratites, or squabs (also known as young pigeons from one to about thirty (30) days of age).
- (4) **"Poultry product"** means any poultry carcass, part, or product made wholly or in part from any poultry carcass or part that can be used as human food, except those exempted from definition as a poultry product in Title 9 of the Code of Federal Regulations (CFR), Part 381.15. This term shall not include detached ova.
- (5) **"Poultry byproduct"** means the skin, fat, gizzard, heart, or liver, or any combination of any poultry for cooked, smoked sausage.

**35:37-5-2. Deleted regulations and exemptions**

(a) The following sections of the Federal regulations governing the mandatory poultry inspection (9 CFR, Part 381; 416; 417; 418; 424; 441; 442; and 500), (~~2020~~2021 Revision) of the USDA incorporated by reference under 35:15-27-1 are deleted and are not rules of the Oklahoma Department of Agriculture, Food, and Forestry: 381.6; 381.10(a)(2), (5), (6), and (7); 381.10(b); 381.10(d)(2)(i); 381.13(b); 381.16; 381.17; 381.20; 381.21; 381.37; 381.38; 381.39; 381.96; 381.101; 381.103 through 381.112; 381.123(b)(1) and (4); 381.132(c); 381.133; 381.179; 381.185; 381.186; and 381.195 through 381.225.

(b) The provisions of this Act and rules do not apply to poultry producers who slaughter their own poultry raised on their farm, and each of the following apply:

(1) The producers slaughter no more than two thousand five hundred (2,500) turkeys or their equivalent with a ratio of four (4) birds of other species, excluding ratites, to one (1) turkey during a calendar year;

(2) The producers do not engage in buying or selling poultry products other than those produced from poultry raised on their own farms;

(3) The poultry and poultry products do not move in commerce. Producers are prohibited from selling or donating uninspected poultry products to retail stores, brokers, meat markets, schools, orphanages, nursing homes, and other similar establishments and are prohibited from sales or donation of uninspected poultry through any type of retail market or similar establishment owned or operated by the producer;

(4) The producers submit a certificate of registration to the Department;

(5) The poultry is healthy, slaughtered and processed under sanitary standards, practices, and procedures that result in the preparation of poultry products that are sound, clean, and fit for human food, and each carcass, part, or poultry product bears a label that lists the producer's name, and address and the following statement, "This poultry product has not been inspected and passed";

(6) The poultry is sold directly to a household consumer, restaurant, hotel, or boardinghouse, for use in their establishment or in the preparation of meals for sales directly to consumers and transported without third-party intervention or intervening transfer or storage, and is maintained in a safe and unadulterated condition during transportation;

(7) The producers shall meet the sanitation requirements provided in 9 CFR 416.1-5 and allow the Department to inspect sanitation at least two (2) times each year; and

(8) The producers shall maintain records of poultry sales and allow the Department to examine records at all reasonable times, upon notice.

**SUBCHAPTER 15. ORGANIC PRODUCTS**

**35:37-15-2. The Adoption of NOP Standards**

The Department adopts or incorporates by reference the following parts of the official rules and regulations of the NOP, 7 CFR Part 205 (~~2020~~2021 Revision), except for OAC 35:37-15-1, or as the Department designates otherwise in specific cases:

(1) Subpart A - Definitions, except for those designated otherwise by this subchapter;

(2) Subpart B - Applicability;

(3) Subpart C - Organic Production and Handling Requirements;

(4) Subpart D - Labels, Labeling, and Market Information;

(5) Subpart E - Certification;

(6) Subpart F - General Requirements for Accreditation; and

# Permanent Final Adoptions

---

- (7) Subpart G - Administrative.
  - (A) Sections 205.600 through 205.607.
  - (B) Sections 205.660 through 205.663.
  - (C) Sections 205.670 through 205.672.
  - (D) Sections 205.680 through 205.681.

## SUBCHAPTER 17. PRODUCE SAFETY

### 35:37-17-3. **Incorporation by reference of federal produce safety regulations**

The Department incorporates by reference Title 21 of the Code of Federal Regulations, Part 112 (~~2018~~2021 Revision) regarding standards for the growing, harvesting, packing, and holding of produce for human consumption.

## SUBCHAPTER 19. HOMEMADE FOOD

### 35:37-19-1. **Purpose**

These rules are for regulating the production, sale, and resale of homemade food products pursuant to the provisions of Section 5-4.1 et seq. of Title 2 of the Oklahoma Statutes.

### 35:37-19-2. **Definitions**

The following words or terms, when used in this subchapter, shall have the following meaning, unless the context clearly indicates otherwise:

"Delivered" means transferred to the customer, either immediately upon sale or at a time thereafter;

"Home food establishment" means a business on the premises of a home, apartment, or other dwelling in which a producer resides and in which homemade food products are created for sale or resale if the business has gross annual sales of prepared food of less than Seventy-five Thousand Dollars (\$75,000.00). A home food establishment shall be limited to one business per premises, but gross annual sales of the business shall include all sales of prepared food produced by the business at any location;

"Homemade food product" means food, including a beverage, which is produced and, if packaged, packaged at a residence; provided, however, homemade food product shall not mean alcoholic beverages, unpasteurized milk, cannabis or marijuana products and shall not contain seafood, including, but not limited to, all fish, shellfish, and fishery products, meat, meat by-products, or meat food products as defined by Section 301.2 of Title 9 of the Code of Federal Regulations or poultry, poultry products, or poultry food products as defined for purposes of the federal Poultry Products Inspection Act;

"Non-time-or-temperature-controlled-for-safety" means food that does not require time or temperature control for safety to limit the rapid and progressive growth of infectious or toxigenic microorganisms, including foods that have a pH level of four and six-tenths (4.6) or below or a water activity (aw) value of eighty-five one-hundredths (0.85) or less;

"Produce" means to prepare a food product by cooking, baking, drying, mixing, cutting, canning, fermenting, preserving, dehydrating, growing, raising, or other process;

"Producer" means the person who produces a homemade food product in a home food establishment; and

"Time-or-temperature-controlled-for-safety" means a food that requires time or temperature control for safety to limit infectious or toxigenic microorganisms and is in a form capable of supporting rapid and progressive growth of infectious or toxigenic microorganisms; provided, however, time or temperature controlled for safety shall not include foods that have a pH level of four and six-tenths (4.6) or below or a water activity (aw) value of eighty-five one-hundredths (0.85) or less.

### 35:37-19-3. **Sale and delivery requirements**

(a) Non-time-or-temperature-controlled-for-safety homemade food products shall be sold:

(1) By the producer directly to the consumer, either in person or by remote means, including, but not limited to, the internet or telephone; or

(2) By a producer's designated agent or a third-party vendor, including, but not limited to, a retail or grocery store, farm, farm stand, farmers market, membership-based buying club, craft fair, or flea market, to the consumer; provided, the third-party vendor shall display a placard where homemade food products are displayed for sale with the following disclosure: "This product was produced in a private residence that is exempt from government licensing and inspection. This product may contain allergens."

(b) Non-time-or-temperature-controlled-for-safety homemade food products shall be delivered:

(1) By the producer or producer's designated agent directly to the consumer or a third-party vendor; or

(2) By a third-party vendor or a third-party carrier, such as a parcel delivery service, to the consumer or a third-party vendor.

(c) Time-or-temperature-controlled-for-safety homemade food products shall be sold by the producer directly to the consumer, either in person or by remote means, including, but not limited to, the internet or telephone.

(d) Time-or-temperature-controlled-for-safety homemade food products shall be delivered by the producer directly to the consumer.

(e) Before a producer begins to produce and sell time-or-temperature-controlled-for-safety homemade food products and thereafter, the producer shall satisfactorily complete and maintain food safety training from a list of providers, including the ServSafe Food Handler Training, approved by the Oklahoma Department of Agriculture, Food, and Forestry. Food safety training shall be available online and shall not exceed eight (8) hours in length.

(f) Homemade food products that are packaged and distributed in interstate commerce shall be sold in accordance with federal law.

**35:37-19-4. Labeling requirements**

(a) The following information shall be provided to the consumer in the format required by subsection b of this section:

- (1) Name and phone number of the producer;
- (2) Physical address where the product was produced;
- (3) Description of the homemade food product;
- (4) Ingredients of the homemade food product in descending order of proportion;
- (5) Statement indicating the presence of any of the most common allergens, including milk, eggs, peanuts, tree nuts, soybeans, wheat, fish, crustacean shellfish, and sesame; and
- (6) Legible print stating, "This product was produced in a private residence that is exempt from government licensing and inspection."

**40:25-1-1. Purpose**

The rules in this chapter concern ~~the method of approving apparatus, approved devices, and approved equipment, materials, supplies, approved reference standards, and other items~~ (as defined) used for or involved in tests for alcohol and other intoxicating substances under the provisions of 47 O.S., Sections 751-761 and 3 O.S., Section 303 and 63 O.S., Section 4210A.

**40:25-1-1.1. Definitions**

The following words or terms, when used in this chapter, shall have the following meaning, unless the context clearly indicates otherwise:

"Alcohol" means Ethyl Alcohol, also defined as ethanol.

"Breath alcohol test" means the collection and analysis of a person's expired alveolar breath to determine alcohol concentration.

"Director" means the position of the State Director of the Board as defined in O.A.C. 40:1-1-3.

"Device" means an object, machine, or piece of equipment made or adapted for a particular purpose, especially a piece of mechanical or electronic equipment that analyzes or measures, i.e. evidential breath alcohol analyzers such as the Intoxilyzer 8000 or other evidential toxicological measurement instrumentation.

"Equipment" means the technical equipment or machinery needed for a particular activity or purpose that does not analyze, i.e. breath alcohol simulator.

"Other intoxicating substances" means as defined in O.A.C. 40:40-1-2.

"Other items" means sanitary or other items that require no authorization or approval by the Board and are commonly used in the process of administering breath, oral fluid, or blood collections and do not impact the test analysis or results. Such item examples include but are not limited to hypodermic needles, iodine pads, mouthpieces, saliva traps, syringes, and other universal precaution items."

"Reference/uniform standard" means any external control or National Institute of Standards and Technology (NIST) traceable gas or solution/liquid.

**40:25-1-3. Approved dry gas canisters**

(a) Any National Institute of Standards and Technology (NIST) traceable alcohol reference appearing on the current or supplemented *Conforming Products List of Calibrating Units for Breath Alcohol Testers* [72 FR 34747], or its successor, published by the National Highway Traffic Safety Administration, pressurized dry gas canister labeled by the manufacturer with a target value of 0.080 BAC, ( $\pm$ )2% or .002, whichever is greater, is hereby approved for use in association with approved evidential breath alcohol measurement devices.

(b) The State Director of Tests, in accordance with the needs of the agency, may deploy dry gas canisters approved by this section for the purpose of performing calibration checks of approved evidential breath alcohol measurement devices.

(c) The State Director of Tests shall maintain a list of the dry gas canisters approved by this section that have been deployed by the agency.

**40:25-1-5. Requests for Approval adoption of devices or equipment for breath-alcohol analysis**

Any manufacturer of any apparatus, device, or equipment made for the purpose of analyzing the alcoholic content of breath, or for the purpose of simulating specimens of breath of known alcoholic content, may request this Board to ~~approve~~ adopt such apparatus, device, or equipment that appears on the applicable conforming products list released by the National Highway Traffic Safety Administration. The Board will consider said request upon submission of such information, instructions for use, exemplars, and other pertinent data as the Board may request. The Board may decline adoption on its own initiative.

### GIST/ANALYSIS:

The rule amendment adds definitions and clarity for "Camera" and "Tampering". The amendment requires providers to report scheduled fees charged to interlock participants and defines appropriate methods for solicitation or advertising. The rule amendment bolsters the ignition interlock monitoring and enforcement efforts by requiring camera systems with installations. The rule amendment clarifies the Board's jurisdiction and authorizes the Board to conditionally approve manufacturer training representatives to conduct installations in the state for training purposes.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2022:**

#### 40:50-1-1.1. Definitions

The following words or terms, when used in this chapter, shall have the following meaning, unless the context clearly indicates otherwise.

"**Alcohol**" means Ethyl Alcohol, also called ethanol.

"**Anti circumvention feature**" means any feature or circuitry incorporated into the device that is designed to prevent activity that would cause the device not to operate as intended.

"**Board**" means the Administrative Offices of the Oklahoma Board of Tests for Alcohol and Drug Influence created by O.S. 47:759.

"**Board en banc**" means the sitting members of the Board as defined by O.S. 47:759 (A).

"**Breath alcohol test**" means the analysis of a person's expired alveolar breath to determine the alcohol concentration.

"**Calibration**" means the process of testing and adjusting a device to ensure accuracy.

"**Camera**" means a separate device to capture photos as required in this Chapter.

"**Circumvention**" means to bypass the correct operation of an interlock device by starting the vehicle, by any means, without first providing a breath test or passing a confirmatory test.

"**Confirmatory test**" means a breath test required in response to a circumvention.

"**Certification**" means a status granted by the Board that permits a manufacturer to distribute a device in the state of Oklahoma.

"**Data storage system**" means a recording of all events monitored by the device.

"**Director**" means the position of the State Director of the Board as defined in O.A.C. 40:1-1-3.

"**Fee**" means a non-refundable administrative fee.

"**Free restart**" means a function of a device that will allow a vehicle to be restarted under the requirements in this title, without having to complete another breath alcohol test.

"**Ignition interlock device**" means a mechanism, which may include a camera, that prevents a vehicle from starting when the breath alcohol concentration of a breath alcohol test meets or exceeds the startup set point. Also referred to as "device".

"**Installation Authority**" means the Oklahoma agency or entity by statute or order requiring or authorizing installation of a device.

"**Ignition Interlock Maintenance and Calibration Fee**" means the fee collected from the participant, at the time of the performing calibration and maintenance as required by this title. This fee is to be remitted to the Board of Tests.

"**License**" means the permission granted by the Board to engage in specific activities of the ignition interlock program.

"**Manufacturer**" means the actual producer of the device.

"**Manufacturer representative**" means the individual designated by the manufacturer to act on behalf of or represent the manufacturer in all matters under the jurisdiction or consideration of the Board with respect to device certification.

"**Monitor**" means the agency, organization and/or person(s) designated by the Installation Authority to receive reports regarding ignition interlock program participants.

"**Negative result**" means a breath alcohol test result indicating the alcohol concentration is less than the specific point value for the purpose specified.

"Operable vehicle" means a motor vehicle with ability to drive forward under its own power and steer and can be legally driven on public roadways.

"Penalty Fail" means a breath alcohol test resulting in a positive result that meets or exceeds the specific point value for the purpose specified.

"Permanent lockout" means a condition wherein the device will not allow a breath alcohol test and therefore will not allow the vehicle to be started.

"Positive result" means a breath alcohol test result indicating the alcohol concentration meets or exceeds the specific point value for the purpose specified.

"Proper Record Maintenance" means the manufacturer's complete records on every participant for a period of five (5) years from the date of removal including, but not limited to, all data retrieved from the data storage system of a device. The Board, or its designee, shall have access to any and all records.

"Reciprocity" means the process by which the Board may defer to a foreign state's device standards and specifications when an interlock participant is required to meet an interlock requirement for more than one state simultaneously.

"Reference sample device" means any alcohol breath testing external control or device approved for use by the Board.

"Retest" means a breath alcohol test or tests required in accordance with O.A.C. 40:50-1-3(e).

"Startup set point" means an alcohol concentration at which, or above, the device would prevent the vehicle from starting.

"Tampering" means any act or attempt to adjust, obscure, alter, interfere, disable, defeat or circumvent the installation or operation of the device and/or camera.

"Technical non-compliance" means the failure of the device to comply with one or more provisions of this title with regard to device performance that does not affect the device's ability to respond appropriately to a negative breath test or a breath test required by 40:50-1-3-(c), (e), or (g), or the ability of the device to satisfy the requirements of 40:50-1-3(b)(1) or 40:50-1-3(f).

"Vendor" means a licensed ignition interlock technician designated by the Manufacturer representative of a certified device to act on behalf of or represent the manufacturer in all matters under the jurisdiction or consideration of the Board, excluding matters related to device certification.

**40:50-1-2. Device certification process**

(a) No device may be used in the state of Oklahoma unless it has been approved by the Board in accordance with the requirements stated herein.

(b) A list of approved device models shall be maintained by the Board and available for public review at the administrative office of the Board during regular business hours or by accessing the Board website at [www.ok.gov/bot](http://www.ok.gov/bot).

(c) A manufacturer representative seeking certification of a device shall:

(1) Complete an application for certification of an ignition interlock device and remit the appropriate fee in accordance with procedures established by the Board.

(2) Provide proof, as deemed appropriate by the Board, the device for which certification is being sought in Oklahoma meets or exceeds the current National Highway Traffic Safety Administration (NHTSA) specifications (78 FR 26849).

(3) Provide a certificate of insurance, issued by an insurance company authorized to transact business in Oklahoma, specifying:

- (A) A product liability policy with a current effective date;
- (B) The name and model number of the device model covered by the policy;
- (C) Policy coverage of at least one million dollars (\$1,000,000) per occurrence and three million (\$3,000,000) in the aggregate;
- (D) The manufacturer as the insured and the state of Oklahoma as an additional insured;
- (E) Product liability coverage for defects in manufacture, materials, design, calibration, installation, and operation of the device; and
- (F) The manufacturer will notify the Board immediately upon notice of cancellation of the product liability policy.

(4) Provide a schedule of all fees that may be charged to a participant. A participant shall not be imposed or required to pay any unscheduled fee(s). Such submission of schedule of fees shall be on an approved form provided by the Board. Any modification to the schedule of fees shall be submitted to the Board at least thirty (30) days prior to implementation.

(45) Devices shall use fuel cell technology for breath alcohol testing or other alcohol-specific sensing technology approved by the Board on-bane and a camera in accordance with the requirements in this Chapter.

(56) Agree to ensure any service performed on a device installed pursuant to an Oklahoma Installation Authority shall be in compliance with all requirements in this title.

(67) Agree to ensure proper record keeping and provide testimony relating to any aspect of the installation, service, repair, use, removal, interpretation of any report or information recorded in the data storage system of a device or performance of any other duties required by this title at no cost on behalf of the State of Oklahoma or any political subdivision.

(8) Shall authorize the Board of Tests to release records viewable by the agency to law enforcement representatives for investigative purposes on Board letterhead.

(79) Advise the Board whether the device for which certification is being sought in Oklahoma is the subject of any action to disallow, or has ever been, in any way, disallowed for use in another state whether such action occurred before or after approval in Oklahoma and if or when such action is or has been appealed in the other state and the outcome of the appeal.

# Permanent Final Adoptions

(8) Upon request of the Board, for each device submitted for certification or certified under this section, agree to install the device with all proposed anti circumvention features activated in a vehicle provided by the Board. Any service performed pursuant to this section, including but not limited to, installation, maintenance, calibration or removal shall be completed at no cost to the Board.

(11) Agree to only distribute Board approved solicitations related to the rules in this Chapter. Such requests for approval shall be submitted with a form provided and approved by the Board prior to distribution.

(d) The Board may conduct compliance testing on the device submitted for certification, at any time.

(e) Certification shall be for only one device model. ~~Separate certification is required for devices that differ in any operational aspect.~~

(f) Approved devices shall be recognizable, as such, upon visual inspection.

## 40:50-1-3. Standards and specifications

(a) The provisions in this subsection only apply to the use of a device pursuant to an Installation Authority.

(b) The device shall:

(1) Permit a free restart of the motor vehicle within two (2) minutes after the engine has shut off without requiring a further breath alcohol test.

(2) Have a data storage system of sufficient capacity to facilitate the recording and maintaining of all daily driving activities and pictures for the period of time elapsed from one maintenance and calibration to the next. All daily driving activity records in this data storage system shall be maintained by the manufacturer or the licensed service center and shall be available to the Installation Authority, Monitor and/or the Board upon request.

(3) Display tamper seals and a warning label that states: "Any person attempting to physically disable, disconnect or wire around this device or who intentionally fails to return the device upon request by the owner may be guilty of a misdemeanor under Oklahoma law (47 O.S. §11-902a)." If the device consists of separate pieces (e.g. a handset and separate base unit) a separate warning label shall be placed on each piece.

(4) Effective November 1, 2022, incorporate a camera on all initial new installations that is not located in the handset and meets the following requirements:

(A) Each camera shall be mounted to the vehicle so that it does not obstruct the driver's view and provides a clear unobstructed view of the driver.

(B) Has a sufficiently wide angle that it will be possible to determine whether the individual blowing into the device is seated in the driver's seat.

(C) The technician shall take a reference image of the participant in the driver's seat during the installation appointment.

(D) The camera shall operate in all lighting conditions and take an image of the driver with sufficient clarity and resolution to allow driver identification.

(E) The camera shall capture an image on each of the following events:

(i) An attempted or successful breath alcohol test.

(ii) Each time the vehicle is started.

(iii) A circumvention.

(iv) A retest violation.

(c) The startup set point value for the device shall be an alcohol concentration of 0.025 g/210L.

(d) The penalty fail point value for the device shall be an alcohol concentration of 0.025g/210L.

(e) A retest feature is required while a vehicle's engine is in operation.

(1) The first retest shall be required at a randomly variable interval ranging from five (5) to fifteen (15) minutes after passing the initial breath test and starting the vehicle's engine. Subsequent retests shall be required at a randomly variable interval ranging from fifteen (15) to forty-five (45) minutes from the previously requested test for the duration of the travel.

(2) The device shall allow five (5) minutes for the retest to be completed.

(3) The retest set point value shall be an alcohol concentration of 0.025 g/210L.

(4) A distinct audible and/or visual indicator shall come on to alert the driver that a retest is in progress. Once a retest is in progress, failure to deliver a negative result within the time frame allowed shall:

(A) Activate an audible and/or visual indicator inside the passenger compartment of the vehicle, until the engine is shutdown.

(B) Record a retest violation in the data storage system, and

(C) Disable the free restart.

(f) The device shall have an approved anti circumvention feature(s) activated at all times.

(g) The device shall require a confirmatory test in response to a circumvention.

(1) The device shall allow two (2) minutes for the confirmatory test to be completed.

(2) The confirmatory test set point value shall be an alcohol concentration of 0.025 g/210L.

(3) An audible and/or visual indicator shall come on to alert the driver that a confirmatory test is in progress. Once a confirmatory test is in progress, failure to deliver a negative result within the time frame allowed shall:

(A) Activate an audible and/or visual indicator inside the passenger compartment of the vehicle, until the engine is shutdown.

(B) Record a circumvention violation in the data storage system, and

(C) Disable the free restart.

(4) Once the confirmatory test is passed, the device shall enter the normal retest sequence as provided by these rules.

(h) A breath sample collection volume limit at or above 1.2 Liters unless an alternative configuration has been approved by the Board.

(i) In addition to the standards and specifications listed herein, the Board or its designee may impose additional requirements, as needed, depending upon design and functional changes in device technology and to ensure that the device functions properly and reliably.

**40:50-1-4.1. Installation requirements**

The device shall be installed according to the following guidelines:

- (1) ~~Original~~Initial device installations shall only be performed in a service center duly licensed by the Board.
- (2) The only person(s) allowed to install or observe the installation of the device are ignition interlock technicians duly licensed by the Board or manufacturer training representatives conducting installation trainings who are conditionally authorized by the Board.
- (3) A designated waiting area that is separate from the installation area is to be provided for the participant.
- (4) Adequate security measures shall be taken to ensure that unauthorized personnel cannot gain access to proprietary materials or files of other participants.
- (5) Installations shall be completed on operable vehicles, as defined in this title.
- (6) The ignition interlock technician shall perform maintenance and calibration on the device in accordance with this title.
- (7) Upon completion of an installation of a device and all the components required for the device to function as required by these rules, the licensed ignition interlock technician shall provide the participant with installation verification in the form and/or format designated by the Board.
- (8) Upon completion of the installation of a device required for compliance with an Installation Authority(s), the licensed ignition interlock technician shall:
  - (A) Provide the participant with installation verification in the form and/or format designated by the Board, and
  - (B) Remit the appropriate fee.
- (9) Outside the State of Oklahoma, upon completion of the installation of a device required for compliance with an Installation Authority(s), the technician or service center appropriately authorized pursuant to their jurisdictional authority, who installs the device shall:
  - (A) Apply to the Director for authority to issue installation verification in the form and/or format designated by the Board, and
  - (B) Remit the appropriate fee.

**40:50-1-5. Maintenance and calibration**

- (a) The maintenance and calibration of a device shall be completed according to the following guidelines:
  - (1) The device shall enter a permanent lockout if the device has not been checked for calibration accuracy within sixty-five (65) days subsequent to the last check for calibration accuracy.

- (2) The maintenance and calibration of the device shall only be performed by ignition interlock technicians duly licensed by the Board who shall perform a visual inspection of the vehicle, the device, and the device's wiring to ensure no tampering or circumvention has occurred.
- (3) The maintenance and calibration will consist of, but not be limited to, a check of the device to determine:
  - (A) The device is configured to the specifications required in this title.
  - (B) The anti circumvention features are activated and properly functioning.
  - (C) The device is in calibration.
  - (D) The device is installed in an operable vehicle as defined in this title.
    - (i) The device shall be subjected to a calibration confirmation test. This test shall consist of introducing a sample from a calibration standard approved by these rules into the device.
      - (I) Calibration standard(s) shall ~~be~~ within be an alcohol concentration equivalent to a range of 0.020 g/210L to 0.050 g/210L plus or minus (+/-) 0.005 g/210L of the stated alcohol concentration.
      - (II) Only dry gas calibration standards appearing on the Conforming Products List of Calibrating Units for Breath Alcohol Testers (77 FR 64588) published by the National Highway Traffic Safety Administration may be employed in the maintenance and calibration of the ignition interlock device.
      - (III) Calibration standards shall be operated in accordance with the manufacturer's recommendations, unless modified by the Board or its designee, and shall be maintained in proper working order. This includes, but is not limited to, any required altitude adjustment.
      - (IV) Preparatory documentation (such as a certificate of analysis) stating the alcohol concentration on the calibration gas standard must be available for inspection while the gas standard is being utilized.
    - (ii) The calibration confirmation test shall verify the accuracy of the ignition interlock device to be within plus or minus ( $\pm$ ) 0.01 g/210L of the stated alcohol concentration, unless modified by the Board en banc.
    - (iii) Should the ignition interlock device fail the calibration confirmation test:
      - (I) The ignition interlock device shall be recalibrated so as to restore accuracy before the device may be placed into service.
      - (II) That information shall be provided to the Board or its designee and/or the Installation Authority and/or the monitor upon request.
    - (iv) If the device fails to meet the requirements in this section, the device shall be removed from service and simultaneously replaced with a device that successfully meets the requirements in this

## Permanent Final Adoptions

section. All data contained in the data storage of the device being replaced shall be retrieved upon replacement. Records may be maintained electronically.

(b) The manufacturer's software utilized in a licensed service center by the licensed ignition interlock technician shall be capable of performing, documenting and reporting the result of this calibration confirmation test. All data contained in the data storage system shall be retrieved anytime the device is submitted to maintenance and calibration. Records may be maintained electronically. Upon completion of maintenance and calibration of the device, the licensed ignition interlock technician shall provide the participant a report showing the maintenance and calibration of the device.

(c) Outside the State of Oklahoma, maintenance and calibration of a device required for compliance with an Installation Authority, shall be completed in accordance with the rules in this section with the exception that the technician and service center performing applicable services shall be appropriately authorized pursuant to their jurisdictional authority.

### 40:50-1-6.1. Removal requirements

The device shall be removed according to the following guidelines:

- (1) The only person(s) allowed to remove or observe the removal of the device are ignition interlock technicians licensed by the Board.
- (2) A designated waiting area that is separate from the removal area is to be provided for the participant.
- (3) Adequate security measures shall be taken to ensure that unauthorized personnel cannot gain access to proprietary materials or files of other participants.
- (4) All data contained in the data storage system shall be retrieved in conjunction with removal of the device. Records may be maintained electronically.
- (5) Upon completion of the removal of the device, harness, relay and all third party materials used to initially install the device, the licensed ignition interlock technician shall:

- (A) Provide the participant a report showing the removal of the device, and
- (B) Notify the Board in the form and/or format designated by the Board.
- (C) Notify the installation and monitoring authority in the form and format designated by the Board.

(6) Outside the State of Oklahoma, the technician or service center appropriately authorized pursuant to their jurisdictional authority, shall upon completion of the removal of the device, harness, relay and all third party materials used to initially install the device:

- (A) Provide the participant a report showing the removal of the device, and
- (B) Notify the Board in the form and/or format designated by the Board.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2022:**

### 40:55-2-3. Operating Procedure, Use, precautions, and maintenance

(a) Authorized use. Oral fluid ~~testing~~ drug screening devices approved by these rules shall be performed in accordance with the manufacturer's instructions related to the use of the approved device, used as presumptive tests. The operator of the oral fluid screening device, or the law enforcement agency employing the operator, shall determine the appropriate timing for use of the oral fluid screening device during impaired driving investigations. The drug screening device results do not imply impairment in and of themselves. All precautions for the safety of the subject as prescribed by the manufacturer shall be adhered to.

(b) **Training.** The ~~officer~~operator of the oral fluid drug screening device shall be trained in the use of the approved drug screening device in accordance with the manufacturer's specifications. ~~The drug screening device results do not imply impairment in and of themselves. A law enforcement agency may adopt and carry out such trainings. All precautions for the safety of the subject as prescribed by the manufacturer shall be adhered to.~~

(c) **Operation.** Oral fluid screening devices approved by these rules shall be operated in accordance with the manufacturer's instructions. Use of expired oral fluid test cartridges is prohibited. In addition to any manufacturer's instructions, the operator of the oral fluid screening device shall observe the subject for at least 15 minutes prior to obtaining an oral fluid sample to confirm that the subject has not ingested any substance, vomited, or smoked during that time. ~~Approved drug screening devices shall be maintained in accordance with the manufacturer's instructions.~~

(d) **Maintenance.** Approved drug screening devices shall be maintained in accordance with the manufacturer's instructions.

**GIST/ANALYSIS:**

Most of the changes were made to comply with HB1147, which changed the title of Registered Interior Designers and gave them certain privileges. The proposed revisions to Subchapter 1 are expanding definitions and clean-up. Changes to Subchapters 5, 7, and 9 were made to reflect the current licensing criteria and to rearrange information so that it is clear and logical. The proposed changes in Subchapter 11 were made to include Registered Commercial Interior Designers in the professional conduct rules. The changes in Subchapter 15 provide clarification of the violation and hearing process. Changes made in Subchapter 17 were made to update Continuing Education practices. All other Rule changes are simplification or clean-up items that do not change the interpretation or intent of the Rules.

### SUBCHAPTER 3. ADMINISTRATIVE OPERATIONS

#### 55:10-3-1. Conduct of Board meetings

(a) The Board may meet at such place within the State of Oklahoma as may be directed by the Chair or provided in the notice of call for any regular or special meeting and subject to the requirements of the Oklahoma Open Meeting Act, 25 O.S., Sections 301, et seq.

(b) All meetings shall be conducted in accordance with the current edition of "Robert's Rules of Order".

~~(c) Members of the Board may waive formal or written call or notice of meeting, and by the attendance at any meeting such members so attending shall be deemed to have waived all notice thereof.~~

~~(dc)~~ A quorum shall consist of six (6) members but official action may not be taken upon any question unless five (5) members vote in accord.

~~(ed)~~ In the absence of a quorum at any regular or special meeting those members of the Board in attendance shall recess such meeting to any later date.

#### 55:10-3-5. Official seal [REVOKED]

~~The Board has adopted its official seal which is on file at the offices of the Board.~~

#### 55:10-3-6. Official records

Among other official records required by law, or by rules of other agencies in support of law, there shall be maintained by the Board accurate and current records including, but not limited to:

(1) Minutes of all meetings of the Board.

(2) Records of Licensees and Registrants containing the name, and the License or Registration number of all individuals to whom Licenses or Certificates of Registration have been issued, and the date of original issuance.

(3) Files for each current Licensee, Registrant, Applicant or Candidate containing relevant verification and evaluation data, a record of examination grades, and the last known address of all current Licensees and Registrants.

(4) Certificate of Authority and Certificate of Title files containing the name of each current Entity holding a current certificate, the Architect(s) of Record or Registered Commercial Interior Designer(s) of Record, relevant information of the Entity and the last known address.

## Permanent Final Adoptions

(5) Financial records of funds budgeted, committed, spent, remaining and projections of appropriate request for consideration in budget development.

### 55:10-3-7. Inactive records

All ~~inactive~~ records of the Board over three (3) years old may be deemed inactive and shall be maintained according to state records management requirements. ~~transferred to the Archives and Records Commission and disposed of according to that agency's current statutes and rules.~~

### 55:10-3-9. Confidential records

(a) The Act, at Section 46.24E, provides for certain records of the Board to be confidential and not open to the public for copying or viewing. They are:

- (1) Examination materials, before and after the examination is given;
- (2) File records of examination problem solutions;
- (3) Letters of inquiry and reference concerning Applicants;
- (4) Board inquiry forms concerning Applicants; and
- (5) Investigation files, including the original informal complaint, complainant's information, and any files not presented in a formal public hearing.

~~(b) Prior to presentment to the Board for formal or informal adjudication, any record, as defined in the Act pertaining to any alleged violation(s) of the Act or these Chapter 10 Rules shall be deemed part of the file of an investigation, confidential and not subject to disclosure.~~

~~(e-b)~~ Upon request, the Board will examine its investigation files to determine the extent to which material contained in the ~~said investigation~~ file should be deemed not confidential and, therefore, may be disclosed. In all cases, the Board, upon inquiry, will confirm a complaint has or has not been received and that an investigation is pending or has been completed.

### 55:10-3-13. Fees and penalties

(a) **Schedule of fees and penalties are as follows:**

~~(18) Readmission Application fee-- \$100.00~~

(b) **Fee exemption based on temporary military deployment.** The Board shall waive all fees, penalties and continuing education, if applicable, during the time Licensees, Registrants or Candidates are called to active military duty in the armed forces of the United States and deployed to a temporary military assignment. In order to obtain this exemption, the Licensees, Registrants or Candidates are required to submit to the Board office military documentation of such deployment. Upon receipt, the staff shall make a note to the file and the Licensees, Registrants or Candidates shall be placed on active military status for the duration of the ~~above mentioned~~above-mentioned deployment. At the end of the temporary deployment, the Licensees, Registrants or Candidates shall submit to the Board office within ninety (90) days, military documentation that the individual has returned from deployment. The individual will then be returned to regular active status. All fees, penalties and continuing education, if applicable, will be waived until the beginning of the next biennial License or Registration period. This exemption from fees and penalties shall also apply to the Certificate of Authority or the Certificate of Title if the Licensee is the only Architect of Record or the Registrant is the only Registered Commercial Interior Designer of Record associated with the Entity.

(c) **Fee exemption for active-duty/active-duty military personnel and spouses.** The Board shall waive the application and license or registration fee for ~~active-duty/active-duty~~ military personnel and their spouse for the first period of issuance upon satisfactory documentation of formal notice, orders for military transfer or honorable discharge to this state.

(d) **Fee exemption based on low income.** The Board shall grant a one-time waiver of any fees associated with the license or registration upon presentation of satisfactory documentation that an applicant is a low-income individual. This waiver shall not include fees charged by NCARB, CLARB, CIDQ or any other outside organization, nor shall it include any fines or costs assessed as a result of any disciplinary action. Documentation must verify that the individual is enrolled in a state or federal public assistance program, including but not limited to, the Temporary Assistance for Needy Families, Medicaid or the Supplemental Nutrition Assistance Program, or whose household adjusted gross income is below one hundred forty percent (140%) of the federal poverty line or a higher threshold to be set by the executive branch department that oversees business regulation.

This fee does not apply to OAC 55:10-3-13 (b), Certificates of Authority or Certificates of Title.~~

**SUBCHAPTER 5. APPLICATION AND ELIGIBILITY FOR LICENSING OR REGISTRATION**

**55:10-5-1. Availability of forms and Board records**

All forms required for submission to the Board are available from the Board office or on the Board's ~~website—online portals~~. When received complete, they will be entered into the Board records.

**55:10-5-2. Documents required for a License or Registration**

Every individual applying for an initial or reciprocal License or Registration shall submit (i) an ~~original~~ application to the Board, accompanied by the applicable fees in 55:10-3-13, a 2" x 3" passport quality photograph, original college transcript, letter of good standing and examination grades from initial state, proof of citizenship or alien status, and the required reference forms verifying all training experience, or (ii) transmit a record through NCARB, CLARB or CIDQ or their successors, copies of these documents. Information submitted will be verified and evaluated and subsequent submissions may be required of the Applicant. The forms must be complete and properly executed over the signature of the Applicant. Incomplete applications are withdrawn after one (1) year from the date of receipt by the Board and the Applicant will be required to reapply.

**55:10-5-3. Board action required**

All applications submitted for an initial or reciprocal License or Registration shall be approved or disapproved by the Secretary-Treasurer of the Board, ~~by Board staff, or by~~ Board action. Applications ~~submitted for a License or Registration~~ may be approved by the Secretary-Treasurer of the Board only if the application meets all requirements of the Act, and these Rules, and/or equivalent standards determined by the Board. When Board staff approves an initial or reciprocal application, it shall be ratified by the Board.

**55:10-5-4. Evaluation criteria**

(a) In the Board's evaluation of education and experience credits required, the application shall be subject to the following education and training requirement standards for the applicable profession:

- (1) for Architects, as established by current NCARB standards or its successor~~this Board based upon the current "NCARB Education Guidelines", Architect Registration Examination Guidelines and "Architectural Experience Program Guidelines"~~, the Act, and these Rules, ~~and including~~ equivalent standards;
- (2) for Landscape Architects, as established by current CLARB standards or its successor, the Act, and these Rules, ~~and/or including~~ equivalent standards determined by the Board;
- (3) for Registered Commercial Interior Designers, as established by current CIDQ standards or its successor,

the Act, and these Rules, ~~and/or including~~ equivalent standards determined by the Board. See OAC 55:10-5-10.

(b) Rejections of applications will include evaluation reports and instructions for completing requirements.

(c) The order upon which an Applicant completes education, examination, and training may, at the sole discretion of the Board, be considered to have met or not met their requirements.

**55:10-5-4.1. Equivalent education and training standards for Architects [REVOKED]**

~~(a) **Education and training equivalent requirements for licensing.** This is a State of Oklahoma program to lead national and/or international applicants into meeting licensing and acceptable training standards through equivalent and/or alternative standards and methods. The requirements set out in this paragraph for education and training along with the Board's current Rules will be used to meet these goals. The standard is a five (5) year professional education from an NAAB accredited degree in architecture and completion of the NCARB Architectural Experience program (AXP) plus the passage of the NCARB examinations and examinations required by the Board. Education and training may be gained in a variety of ways. The following paragraphs identify and explain those education and training equivalents and alternatives. A person seeking licensure is required to have five (5) years of education credits established below or an NAAB accredited degree in architecture and complete a national and/or international diverse training program or equivalent practical training acceptable to the Board in its sole discretion. Education and training may be gained in a variety of ways. A candidate for licensure must hold an NAAB accredited degree in architecture or meet the alternate education criteria adopted here, unless the candidate had been licensed by a member board or had accumulated at least five (5) years of education credits in accordance with these standards.~~

**(1) Education and training equivalents and alternatives.**

~~(A) Education credits allowed toward the first professional degree in architecture, or credits toward the first professional degree, where the degree program has been accredited by the National Architectural Accrediting Board (NAAB) not later than two (2) years after termination of enrollment.~~

- ~~(i) 75% credit allowed first two (2) years~~
- ~~(ii) 100% credit allowed succeeding years~~
- ~~(iii) Five (5) years maximum credit allowed~~

~~(B) Education credits allowed toward the first professional degree in architecture, or credits toward that degree, where the degree program has not been accredited by NAAB within two (2) years of graduation.~~

- ~~(i) 75% credit allowed first two (2) years~~
- ~~(ii) 75% credit allowed succeeding years~~
- ~~(iii) Four (4) years maximum credit allowed~~

~~(C) Education credits allowed toward a foreign bachelor degree in architecture or credits toward that degree accredited by a national or internationally recognized accrediting council or entity acceptable~~

- (i) Three (3) years maximum credit allowed
- (E) Education credits allowed for diversified experience directly related to architectural work as an employee in the office of a licensed architect.
- (i) 50% credit allowed first two (2) years
  - (ii) 50% credit allowed succeeding years
  - (iii) Five (5) years maximum credit allowed
  - (iv) 100% training credits allowed; no limit
- (F) Education credits allowed for diversified experience, practicing as a principal, with verified record of substantial practice, directly related to architectural work.
- (i) 50% credit allowed first two (2) years
  - (ii) 50% credit allowed succeeding years
  - (iii) Five (5) years maximum credit allowed
  - (iv) 100% training credits allowed; no limit
- (G) Education credits allowed for diversified experience as an employee of an organization (other than offices of licensed architects) when the experience is related to architectural work and is under the personal supervision of a licensed architect.
- (i) 50% credit allowed first two (2) years
  - (ii) 50% credit allowed succeeding years
  - (iii) Four (4) years maximum credit allowed
  - (iv) 100% training credits allowed; two (2) year maximum limit
- (H) Education credits allowed for experience as an employee of an organization (other than offices of licensed architects) when the experience is in a foreign country or on a military installation and directly related to architectural work but is not under direct supervision of a licensed architect in good standing in the United States or Canada, but rather a foreign credential entity or the military. And equates to (a)(1)(E) of this section by the Board in its sole discretion.
- (i) 50% credit allowed first two (2) years
  - (ii) 50% credit allowed succeeding years
  - (iii) Five (5) years maximum credit allowed
  - (iv) 100% training credits allowed; no limit
- (I) Education credits allowed for experience, other than (a)(1)(E-H) of this section, directly related to on-site building construction operation or experience involving physical analyses of existing buildings.
- (i) No education credits allowed
  - (ii) 50% training credits allowed; six (6) month maximum limit
- (J) Education credits allowed for non-diversified experience in architecture under the direct supervision of a licensed architect or engineer.
- (i) No education credits allowed

- (ii) 50% training credits allowed; six (6) month maximum limit

(K) Education credits allowed for a Master or Doctoral degree in architecture (except where the degree is the first professional degree) where it is a second accredited professional degree.

- (i) No education credits allowed
- (ii) 100% training credits allowed; one (1) year maximum limit

(L) Education credits allowed full-time teaching or research in an NAAB-accredited architectural program.

- (i) No education credits allowed
- (ii) 100% training credits allowed; one (1) year maximum limit

(M) Education credits allowed other education or training experience. See (b)(5)(B) of this section.)

### (b) Explanation of Requirements.

#### (1) Licensing Standards

(A) To be granted licensure, an applicant must:

- (i) Be at least twenty-one (21) years of age;
- (ii) Hold a high school diploma or equivalent;
- (iii) Hold an NAAB-accredited degree in architecture or have at least five (5) years of education credits using these standards and the Board's current Rules;
- (iv) Have at least three (3) years of diversified acceptable training credits;
- (v) Hold a current registration to practice architecture issued by an NCARB member board or foreign accrediting entity;
- (vi) Have passed the NCARB Architect Registration Examination (ARE), the NCARB Professional Examination (and the Qualifying Test or the Equivalency Examination when applicable by NCARB standards) or the NCARB 7-part, 36-hour Examination; provided such examinations and the grading procedures applied were in accordance with NCARB standards current at the time the applicant sat for the examinations or
- (vii) Have passed an acceptable foreign examination comparable to the United States examinations at the sole discretion of the Board; and
- (viii) Take and pass an examination on the Oklahoma Act and these Rules.

(B) Licensing standard deficiencies.

- (i) Applicants meeting all the requirements of (b)(1)(A)(i-viii) of this section may nonetheless be granted licensure if the applicant has accumulated ten or more years of excess training credits (earned as described in (b)(2)(A) of this section) and has passed an examination given by the Board at their discretion.

#### (2) Examination Deficiencies.

(A) Prior to July, 1973, the NCARB written examination was a 7-part examination of thirty-six (36)

hour duration, but some NCARB member boards administered examinations of a shorter duration. Compensation for each one hour deficiency in duration in the 7 part examination may be achieved by one (1) year of excess training credits. Excess training credits may be earned only after initial licensing by accumulating training credits in excess of those required for initial licensing. Applicants who have earned, under (a)(1)(F) of this section, ten (10) or more years of excess training credit (in the manner described in the preceding sentence) and have received their initial license by written examination, regardless of hour duration, are eligible for licensure.

(B) The Board may waive deficiencies in the applicant's examination procedure arising from examination transitions, if, in its judgment, such deficiencies are minor in nature or, if substantial, have been adequately compensated for by some equivalent proof of the applicant's competency.

(C) The transition rules relating to the implementation of any NCARB examinations will be followed by this Board.

(3) **Education credits.** Education credits shall be subject to the following conditions:

(A) No education credits may be earned prior to graduation from high school.

(B) Applicants with the degree specified in (a)(1)(A-D) of this section will be allowed the credit shown in the Maximum Credit Allowed column, regardless of the length of the degree program. Applicants without the degree specified in (a)(1)(A-B) of this section may not accumulate more than three (3) years of education credits in the aggregate from all degree programs.

(C) Thirty two (32) Semester credit hours or forty eight (48) quarter credit hours are considered to be one (1) year. Fractions of a year of one half or greater will be considered one half year, and smaller fractions will not be counted.

(D) Foreign education credits will be granted only under classifications in (a)(1)(C-D) of this section, unless the Board determines the degree is equivalent to the NAAB educational requirements. Any cost of translation and evaluation will be borne by the applicant.

(4) **Training Credits.**

(A) Training credits shall be subjected to the following conditions:

(i) No training credits may be earned prior to accumulating three (3) education credits

(ii) Every applicant must earn at least one (1) year of training credit under (a)(1)(E-G) of this section, and must earn it after earning five (5) years of education credits

(iii) To earn credit under (a)(1)(K) or (L) of this section, an applicant's credit hours must be in subjects evaluated by the Board as directly related to architecture. Twenty (20) semester credit hours

or thirty (30) quarter credit hours of teaching or equivalent time in research will equal one (1) year.

(iv) No credit used as an education credit may be used as a training credit

(v) Organizations will be considered to be "offices of licensed architects" if: (a) the architectural practice of the organization in which the applicant works is in the charge of a licensed person practicing as a principal and the applicant works under the personal supervision of a licensed architect; and (b) the organization may engage in construction.

(vi) An organization (or affiliate) is engaging in construction if it customarily engages in either of the following activities: (a) undertakes to provide labor and/or material for all or any significant portion of a construction project, whether on lump sum, cost plus or other basis of compensation, or (b) agrees to guarantee to an owner the maximum construction cost for all or any significant portion of a construction project.

(vii) A person practices as a "principal" by being (a) a licensed architect and (b) the person in charge of the organization's architectural practice, either alone or with other licensed architects, landscape architects and/or engineers.

(viii) In evaluation training credits the Board prior to licensing, the Board requires the applicant to substantiate training experience by comparing this experience to the training requirements as indicated in these standards and the Board's current Rules.

(5) **General evaluation criteria.**

(A) To earn full education and/or training credits under (a)(1)(E-J) of this section, an applicant must work at least thirty two (32) hours per week for a minimum period of six (6) consecutive weeks. An applicant may earn one half the credit specified under (a)(1)(E) of this section for work of a least fifteen (15) hours per week in periods of six (6) or more consecutive weeks; no credit will be given for part time work in any category other than (a)(1)(E-G) of this section.

(B) Other education and training may be substituted for the requirements outlined above, only insofar as the Board considers them to be equivalent to the required qualifications.

(C) In evaluation credits, the Board may, prior to licensure, require substantiation of the quality and character of the applicant's experience, notwithstanding the fact that the applicant has complied with the technical education and training requirements set forth above.

**55:10-5-4.2. Equivalent education and training standards for Landscape Architects [REVOKED]**

(a) **Education and training equivalent requirements for licensing.** This is a State of Oklahoma program to lead national and/or international applicants into meeting licensing

and training standards through equivalent and/or alternative standards and methods. These paragraphs for education and training will be used to meet these goals. The standard is a five-year professional education from an LAAB accredited degree program in landscape architecture and completion of the Board's training standards along with passage of the CLARB examinations or equivalent examinations and examinations required by the Board. Education and training may be gained in a variety of ways. The following paragraphs identify and explain those education and training equivalents and alternatives. A person seeking licensure is required to have five years of professional education credits established below or an LAAB accredited degree in landscape architecture and complete a national and/or international diverse training program or equivalent practical training acceptable to the Board in its sole discretion. Education and training may be gained in a variety of ways. A candidate for licensure must hold an LAAB accredited degree in landscape architecture or meet the alternate education criteria adopted here, unless the candidate had been licensed by a member board or had accumulated at least five years of education credits in accordance with these standards.

(1) **Experience Description and Education Credits.**

(A) Education credits allowed toward first professional degree in landscape architecture, or credits toward the first professional degree, where the degree program has been accredited by the Landscape Architectural Accrediting Board (LAAB) not later than two years after termination of enrollment.

- (i) 75% credit allowed first two (2) years
- (ii) 100% credit allowed succeeding years
- (iii) Five (5) years maximum credit allowed

(B) Education credits allowed toward first professional degree in landscape architecture, or credits accredited by LAAB within two (2) years of graduation.

- (i) 75% credit allowed first two (2) years

- (ii) 100% training credits allowed; one (1) year maximum limit

(M) Education credits allowed for other education and experience. See (b)(5)(B) of this section.

**(b) Explanation of requirements.**

**(1) Licensing standards.**

(A) To be granted licensure, an applicant must:

- (i) Be at least twenty one (21) years of age;
- (ii) Hold a high school diploma or equivalent;
- (iii) Hold an LAAB-accredited degree in landscape architecture or have at least five (5) years of education credits using these standards and the Board's current Rules;
- (iv) Have at least three (3) years of diversified acceptable training credits;
- (v) Hold a current registration to practice landscape architecture issued by a CLARB member board or foreign accrediting entity;
- (vi) Have passed the CLARB Landscape Architect Registration Examination (LARE), the CLARB Uniform National Examination (UNE) or a state administered examination prior to national testing methods; provided such examinations and the grading procedures applied were in accordance with CLARB standards and/or this State's standards current at the time the applicant sat for the examinations or
- (vii) Have passed an acceptable foreign examination comparable to the United States examinations at the sole discretion of the Board; and
- (viii) Take and pass an examination on the Oklahoma Act and these Rules and an examination on Oklahoma plant materials.

(B) Licensing standard deficiencies.

- (i) Applicants meeting all the requirements of (b)(1)(A)(i-vi, viii) of this section may nonetheless be granted licensure if the applicant has accumulated ten or more years of excess training credits, earned as described in (b)(2)(A) of this section and has passed an examination given by the Board at their discretion.

**(2) Examination deficiencies.**

(A) Some CLARB member boards administered examinations of a shorter duration. Compensation for each one hour deficiency in duration of an examination may be achieved by one year of excess training credits. Excess training credits may be earned only after initial licensing by accumulating training credits in excess of those required for initial licensing. Applicants who have earned, under (a)(1)(F) of this section, ten or more years of excess training credit (in the manner described in the preceding sentence) and have received their initial license by written

examination, regardless of hour duration, are eligible for licensure.

(B) The Board may waive deficiencies in the applicant's examination procedure arising from examination transitions, if, in its judgment, such deficiencies are minor in nature or, if substantial, have been adequately compensated for by some equivalent proof of the applicant's competency.

(C) The transition rules relating to the implementation of any CLARB examinations will be followed by this Board.

**(3) Education credits.** Education Credits shall be subject to the following conditions:

(A) No education credits may be earned prior to graduation from high school

(B) Applicants with the degree specified in (a)(1)(A-D) of this section, will be allowed the credit shown in the Maximum Credit Allowed column, regardless of the length of the degree program. Applicants without the degree specified in (a)(1)(A) or (B) of this section, may not accumulate more than three (3) years of education credits in the aggregate from all degree programs.

(C) 32 Semester credit hours or 48 quarter credit hours are considered to be one (1) year. Fractions of a year of one half or greater will be considered one half year, and smaller fractions will not be counted.

(D) Foreign education credits will be granted only under classifications in (a)(1)(C-D) of this section, unless the Board determines the degree is equivalent to the LAAB educational requirements. Any cost of translation and evaluation will be borne by the applicant.

**(4) Training credits.**

(A) Training credits shall be subjected to the following conditions:

(i) No training credits may be earned prior to accumulating three (3) education credits

(ii) Every applicant must earn at least one year of training credit under (a)(1)(E-G) of this section, and must earn it after earning five (5) years of education credits

(iii) To earn credit under (a)(1)(K) or (L) of this section an applicant's credit hours must be in subjects evaluated by the Board as directly related to landscape architecture. 20 semester credit hours or 30 quarter credit hours of teaching or equivalent time in research will equal one (1) year.

(iv) No credit used as an education credit may be used as a training credit

(v) Organizations will be considered to be "offices of licensed landscape architects" if:

- (I) the landscape architectural practice of the organization in which the applicant works is in the charge of a licensed person practicing as a principal and the applicant works under the personal supervision of a licensed landscape architect, architect or engineer; and

# Permanent Final Adoptions

(II) the organization may engage in construction.

(vi) An organization (or affiliate) is engaging in construction if it customarily engages in either of the following activities:

(I) undertakes to provide labor and/or material for all or any significant portion of a construction project, whether on lump sum, cost plus or other basis of compensation, or

(II) agrees to guarantee to an owner the maximum construction cost for all or any significant portion of a construction project.

(vii) A person practices as a "principal" by being:

(I) a licensed landscape architect, and

(II) the person in charge of the organization's landscape architectural, architectural or engineering practice, either alone or with other licensed architects, landscape architects and/or engineers.

(viii) In evaluating training credits prior to licensing, the Board requires the applicant to substantiate training experience by comparing this experience to the training requirements as indicated in these standards and the Board's current Rules.

## (5) General evaluation criteria.

(A) To earn full education and/or training credits under (a)(1)(E-J) of this section, an applicant must work at least 32 hours per week for a minimum period of six (6) consecutive weeks. An applicant may earn one half the credit specified under (a)(1)(E) of this section, for work of a least 15 hours per week in periods of six (6) or more consecutive weeks; no credit will be given for part time work in any category other than (a)(1)(E-G) of this section.

(B) Other education and training may be substituted for the requirements outlined above, only insofar as the Board considers them to be equivalent to the required qualifications.

(C) In evaluation credits, the Board may, prior to licensure, require substantiation of the quality and character of the applicant's experience, notwithstanding the fact that the applicant has complied with the technical education and training requirements set forth above.

## 55:10-5-7. Qualifications for an Architect License

(a) **General requirements.** ~~An Applicant~~ The standard for an initial License to practice architecture in Oklahoma shall be; an individual not less than 21 years of age. Further, the Applicant shall have a

- (A) No training credits may be earned prior to accumulating three (3) education credits
- (B) Every applicant must earn at least one year of training credit under (a)(5-7) of this section, and must earn it after earning five (5) years of education credits
- (C) To earn credit under (a)(11) or (12) of this section an applicant's credit hours must be in subjects evaluated by the Board as directly related to landscape architecture. 20 semester credit hours or 30 quarter credit hours of teaching or equivalent time in research will equal one (1) year.
- (D) No credit used as an education credit may be used as a training credit
- (E) Organizations will be considered to be "offices of licensed landscape architects" if:
- (i) the landscape architectural practice of the organization in which the applicant works is in the

charge of a licensed person practicing as a principal and the applicant works under the personal supervision of a licensed landscape architect, architect or engineer; and

(ii) the organization may engage in construction.

(F) An organization (or affiliate) is engaging in construction if it customarily engages in either of the following activities:

(i) undertakes to provide labor and/or material for all or any significant portion of a construction project, whether on lump sum, cost plus or other basis of compensation, or

(ii) agrees to guarantee to an owner the maximum construction cost for all or any significant portion of a construction project.

(G) A person practices as a "principal" by being:

(i) a licensed landscape architect, and

(ii) the person in charge of the organization's landscape architectural, architectural or engineering practice, either alone or with other licensed architects, landscape architects and/or engineers.

(H) In evaluating training credits prior to licensing, the Board requires the applicant to substantiate training experience by comparing this experience to the training requirements as indicated in these standards and the Board's current Rules.

**(5) General evaluation criteria.**

(A) To earn full education and/or training credits under (a)(5-10) of this section, an applicant must work at least 32 hours per week for a minimum period of six (6) consecutive weeks. An applicant may earn one-half the credit specified under (a)(5) of this section, for work of a least 15 hours per week in periods of six (6) or more consecutive weeks; no credit will be given for part-time work in any category other than (a)(5-7) of this section.

(B) Other education and training may be substituted for the requirements outlined above, only insofar as the Board considers them to be equivalent to the required qualifications.

(C) In evaluation credits, the Board may, prior to licensure, require substantiation of the quality and character of the applicant's experience, notwithstanding the fact that the applicant has complied with the technical education and training requirements set forth above.

**55:10-5-10. Qualifications for Registration as a Registered Commercial Interior Designer**

**(a) General requirements.** All individuals applying for Registration as a Registered Commercial Interior Designer shall:

- (6) Interior Design
- (7) Technical Knowledge
- (8) History and theory of Art, Architecture and Design
- (9) Human Factors
- (10) Lighting
- (11) Materials and Finishes
- (12) Communication Skills
- (13) Furnishings

(d) **Training and experience categories.** Training and experience credits shall be awarded for work performed in the following areas:

- (1) Programming
- (2) Schematic Design
- (3) Design Development
- (4) Contract Documents
- (5) Contract Administration
- (6) Professional Practice

(e) **Training and experience requirements.** The Board may accept as evidence of diversified training and experience ~~in interior design for registering a Registered Commercial Interior Designer~~ as stated in this Subsection:

- (1) Applicants having obtained the first CIDA professional accredited degree in interior design or its equivalent shall have 2 years of acceptable training and experience hours, as determined by the Board in its sole discretion. One year shall equal 1760 hours of training and experience.
- (2) Applicants may earn one (1) year of training and experience hours after completing 96 semester passing credit hours toward the first professional degree in interior design.
- (3) On January 1, 2007, all individuals beginning their training and experience shall obtain credits after all educational requirements have been met for those individuals with equivalent education equating to the first accredited professional degree in interior design.
- (4) Applicants with acceptable education and experience may take the examination to become a Registered Commercial Interior Designer, regardless of the order in which each was obtained when training and experience requirements are met and if training began prior to January 1, 2007.
- (5) Training and experience hours shall be awarded based on working full time for at least two (2) consecutive months with thirty-two (32) hours per week or more in

interior design or architecture. Part time training and experience hours shall be calculated at the rate of fifty percent (50%) for less than thirty-two (32) hours per week and more than fifteen (15) hours per week working for a least (4) consecutive months. Working less than fifteen (15) hours per week will not qualify for training and experience hours. Two (2) years of full time acceptable training and experience under a Registered Commercial Interior Designer or Architect as a Registered Commercial Interior Designer shall equal one (1) year of equivalent education in interior design.

(6) Applicants beginning their training and experience after January 1, 2008, shall be under the Responsible Control of a Registered Commercial Interior Designer, an interior designer registered or licensed in another jurisdiction, or an Architect, licensed in any jurisdiction.

(7) The Board, in its sole discretion, shall determine whether all education, training and experience for Applicants are acceptable or not and whether or not it satisfies the requirements for Registration.

(8) If the individual is not registered or licensed in a jurisdiction then all work shall be under the Responsible Control of a CIDQ certificate holder.

(9) Training and experience hours shall be submitted on the Board's forms or equivalent. It is the responsibility of the Applicant to obtain all required signatures. All Board forms are to be returned directly to the Board office by the employer, as they are confidential records.

(10) Training outside the U.S. or Canada under the Responsible Control of an individual credentialed by entities similar to CIDQ or NCARB or their successors in a foreign jurisdiction or country.

(f) **Grandfather requirements.** Any Applicant who submits a properly completed and acceptable application for Registration and pays all applicable fees shall be issued a Certificate of Registration provided the requirements below have been met:

(1) An Applicant has submitted evidence of education and training the Board deems equivalent to an accredited professional degree in interior design, satisfied training requirements, if applicable and has passed the examinations administered by CIDQ or its successor; or

(2) Without limitation to application deadlines, an Applicant may apply who has obtained fifteen (15) years of diversified and acceptable training and experience as defined in OAC 55:10-5-10(c)(d) or equivalents as determined by the Board prior to July 1, 2007, and the Applicant is not registered under this Act and not exempt from the requirements for Registration in order to use the title Registered Commercial Interior Designer. The Applicant shall be exempt from passing the CIDQ examinations and fulfilling any additional education or training requirements as determined by the Board. The Applicant may use any combination of education, training and experience as acceptable and determined by the Board to equate to the fifteen (15) years of experience. Thirty (30) passing education hours equals one (1) education credit year used toward obtaining the first accredited professional degree

in interior design or an equivalent degree as determined by the Board or may equal two (2) years of diversified and appropriate experience when calculating the required fifteen (15) years of experience. Additionally, the Applicant obtaining a second accredited professional degree in interior design or an equivalent degree as determined by the Board may use this education in addition to other education or training.

~~(g) **Exemption from Registration.** An individual holding a current Architect License is exempt from Registration and does not have the right to use the term Registered Interior Designer unless the individual is registered.~~

~~(hg) **State Exam Required.** All Applicants shall take and pass an examination on the Act and these Rules.~~

**55:10-5-11. Changing resident state and applying Qualifications for a Reciprocal License or Registration**

### 55:10-11-4. Conflict of interest

(a) A Licensee, Registrant, or Entity shall not accept or receive compensation directly or indirectly for services from any individual or Entity other than the client in connection with the reparation, alteration or construction of a project in relation to which the Licensee, Registrant, or Entity shall have accepted employment in any manner.

(b) If a Licensee, Registrant, or Entity has any business association or direct or indirect financial interest in a project undertaken to perform professional services, the Licensee, Registrant, or Entity shall fully disclose in writing to the client or employer the nature of the business association or financial

interest, and, if the client or employer objects to such association or financial interest, the Licensee, Registrant, or Entity shall either terminate such association or interest or offer to give up the commission or employment.

(c) A Licensee, Registrant, or Entity shall not solicit or accept compensation from material or equipment suppliers in return for specifying or endorsing their products.

(d) A Licensee, Registrant, or Entity shall not publicly endorse a product, system, or service, or permit the use of ~~his/her or its~~ their name or photograph to imply such endorsement. However, ~~he/she or it~~ they may be identified with any product, system, or service designed or developed by ~~him/her or it~~ them.

(e) When acting as the interpreter of building contract documents and the judge of contract performance, a Licensee, Registrant, or Entity shall render decisions impartially, favoring neither party to the contract.

**55:10-11-5. Full disclosure**

(a) A Licensee, Registrant, or Entity making public statements on architectural, ~~or landscape architectural, or commercial interior design~~ questions, shall disclose when ~~he/she or it is~~ they are being compensated for making such statements.

(b) A Licensee, Registrant, or Entity shall accurately represent to a prospective or existing client or employer ~~his/her/its~~ their qualifications and the scope of responsibility in connection with work for which ~~he/she/it is~~ they are claiming credit. ~~An individual leaving employment shall obtain written permission from the employer to take or copy plans and specifications when they leave the Entity.~~

(c) If, in the course of ~~his/her/its~~ their work on a project, the Licensee, Registrant, or Entity becomes aware of a decision taken by ~~their~~ his/her/its employer or client, against such Licensee's, Registrant's, or Entity's advice, which violates applicable State or municipal building laws, codes or regulations, and which will, in the Licensee's, Registrant's, or Entity's judgment, materially and adversely affect the health, welfare and safety to the public of the finished project, the Licensee, Registrant, or Entity shall:

- (1) report the decision to the local building inspector or other public official charged with the enforcement of the applicable State or municipal building laws, codes or regulations;
- (2) refuse to consent to the decision;
- (3) in circumstances where the Licensee, Registrant, or Entity reasonably believes that other such decisions will be taken, notwithstanding ~~their~~ her/his/its objection, terminate services with respect to the project. In the case of a termination in accordance with (c) of this Section, the Architect, Landscape Architect, Registered Commercial Interior Designer, or Entity shall have no liability to ~~his/her/its~~ their client or employer on account of such termination.

(d) A Licensee, Registrant, or Entity shall not deliberately make a materially false statement or fail deliberately to disclose a material fact requested in connection with an application for a License, Registration, renewal or contract with a client/owner.

(e) A Licensee, Registrant, or Entity shall not assist the application for an individual or Entity ~~known by the Registrant or Entity who they believe~~ to be unqualified in respect to education, training, experience or character.

(f) A Licensee, Registrant, or Entity, shall report such knowledge to the Board.

**55:10-11-6. Compliance with laws**

(a) A Licensee, Registrant, or Entity shall not, while engaging in the practice of ~~his/her/its~~ their profession, knowingly violate any State or federal criminal law.

(b) A Licensee, Registrant, or Entity shall neither offer nor cause to be offered any payment or gift to a government official, elected or appointed, with the intent of influencing the official's judgment in connection with a prospective or existing project in which the Licensee, Registrant, or Entity is interested.

(c) A Licensee, Registrant, or Entity shall comply with the licensing laws, rules and/or regulations governing ~~his/her/its~~ their professional practice in any jurisdiction.

**55:10-11-7. Professional conduct**

(a) An Architect, Landscape Architect, Registered Commercial Interior Designer, or Entity shall preserve the confidences of the client or employer. ~~A Licensee or Entity may make contributions of service or anything of value to those endeavors which he/she/it deems worthy. A Licensee or Entity has the right to participate in the political process and to contribute time and money to political campaigns. In making political contributions, the Licensee or Entity shall do so publicly.~~

(b) Each office maintained for the preparation of drawings, specification, reports or other professional work shall have a Licensee or Registrant in that office having Responsible Control of the work.

(c) A Licensee or Registrant shall not sign or seal drawings, specifications, reports or other professional work for which ~~he/she does~~ they do not have Responsible Control. Prototypical plans are an exception to the rule as noted in OAC ~~55:10-11-9(e)-(f)~~ 55:10-11-8(e)(f).

(d) A Licensee, Registrant, or Entity shall neither offer nor make any gifts, other than gifts of nominal value including, for example, reasonable entertainment and hospitality, with the intent of influencing the judgment of an existing or prospective client in connection with a project in which the Licensee, Registrant, or Entity is interested. Intent of influence means influence, direct or indirect, which induces or tends to induce consideration or action with respect to any prospective work on any basis other than the merits of the matter.

(e) A Licensee, Registrant, or Entity shall not engage directly or indirectly ~~with or as~~ an agent or representative to solicit work on ~~his/her/its~~ their behalf whose compensation is contingent, in whole or in part, upon obtaining professional work for the Entity, Architect, ~~or Landscape Architect,~~ or Registered Commercial Interior Designer.

(f) A Licensee, Registrant, or Entity shall not make false statements about the professional work, or maliciously injure

or attempt to injure the prospects, practice or employment position of others.

(g6) A Licensee, Registrant, or Entity shall not furnish limited services in such a manner as to enable owners, draftsmen, or others to evade public health and safety requirements.

(h7) A Licensee, Registrant, or Entity provides a service to the client, as well as a product and/or drawings and as such is only responsible for the design of the facility represented by the products and/or drawings ~~he or she~~ they completed, signed, sealed and dated for a specific client and location. Should the client or any other individual modify or change locations of the facility or make changes to the design without the authorization of the Licensee or Registrant, the Licensee or Registrant is only responsible and liable for the project as ~~he/she~~ they signed, sealed and dated it and the site at the original location. A Licensee or Registrant is allowed to review and adapt documents already sealed by the original Licensee or Registrant when modifying the plan and/or bringing the plan up to the current code requirements at the same location as the original site. In this case, the Licensee or Registrant is required to sign, seal and date only the modifications to the original documents and shall only be responsible for ~~his/her~~ their new modifications.

(i8) Nothing contained in ~~55:10-11-7 (7)~~ 55:10-11-7(h) shall apply to prototype plans, where the Licensee is allowed to review and adapt a prototypical technical submission, making changes to adapt in whole or in part to a different location and/or bring the plan up to the current code requirements. In this case, the Licensee is required to sign, seal and date the adapted, integrated documents and the licensee assumes full responsibility for the documents, in their entirety, as if fully prepared by or under the licensed architect's responsible control.

### **55:10-11-8. Licensee's seal Architect and landscape architect seal**

(a) **Seal required.** Every individual authorized to practice architecture or landscape architecture by a License shall procure a seal with which to identify all technical submissions, addenda, field orders and other documents of service issued by the Licensee for use in this State. ~~This seal may be purchased from any company of the Licensee's choice or computer generated.~~

(1b) **Type of seal.** The seal required shall be of a type that makes an image on the surface of original documents and duplications of original documents. ~~Both The the use of a rubber stamp or electronic image producing an accurate and legible image of the seal is permissible.~~

(2e) **Design of seal.** The seal of a licensed Architect shall be a circle and shall contain ~~his/her~~ their name, Oklahoma License number and the words, "Licensed Architect, State of Oklahoma." The seal of a licensed Landscape Architect shall be a circle and shall contain ~~his/her~~ their name, Oklahoma License number and the words, "Licensed Landscape Architect, State of Oklahoma." ~~Examples of acceptable forms for the design of seals are available from the Board.~~

(b) **Seal declares authorship.** The seal appearing on any technical submission shall be a prima facie evidence, as described in 55:10-15-1, that said technical submission was prepared by or under the individual named on said seal. The Licensee is responsible for its security when not in use.

(c) **Location of seal, signature and date.** The handwritten or electronically generated date shall be affixed across their seal.

(1) All Licensees shall affix their seal, signature and date, to all original drawings, whether or not complete, and to the original cover sheet and the page identifying all specification pages covered, including all addenda and field changes. If incomplete, the Licensee shall clearly identify that the plans are incomplete and not for construction.

(2) In the absence of sheets or covers identifying all sheets, all original contract documents of service must have the seal, date and signature of the Licensee responsible.

(d) **Use or attempted use of seal by unauthorized individuals.** No individual, other than the Licensee represented, shall use or attempt to use the prescribed seal, and no unregistered individual or Entity shall be authorized to use the prescribed seal. Restricted actions include:

(1) using a set of construction documents to construct a structure on another site without the permission of the original Licensee

(2) making unauthorized copies, modifications or incorporating any portion of the specifications into another work without the use of a Licensee's seal, signature and date authorizing such modifications.

(e) **Use of seal on prototype building plans.** Prototype building plans are not required to carry the seal, signature, and date of the original Licensee, but must prior to their issue in Oklahoma be marked and qualified by a written statement to the effect of: "Prototypical design submissions not for regulatory approval or construction." These submissions do not comprise a final, comprehensive set of design and construction documents and are not intended for use on any specific project without the appropriate review, modifications and integration into the work of a licensed architect engaged to provide professional architectural services for the specific project.

(f) **Technical submissions.** Architects and Landscape Architects are permitted to review and adapt portions of technical submissions if:

(1) the seal of the original Architect or Landscape Architect appears on the submissions to authenticate authorship.

(2) the succeeding Architect or Landscape Architect clearly identifies all modifications to the submissions.

(3) the succeeding Architect or Landscape Architect assumes responsibility and liability for the adequacy of the design on the modifications.

(4) the documents are prototypical technical submissions. An architect may sign and seal technical submissions prepared by another person if the signing and sealing architect has reviewed the work and has integrated

the work into their own technical submissions and the other technical submissions are prototypical building documents. Any licensed architect signing or sealing technical submissions integrating the work of another into the licensed architect's own work as permitted above shall maintain that such review and integration met the required professional standard of care. In applying his or her seal, the Oklahoma licensed architect assumes full responsibility in its entirety for the documents as if fully prepared by or under the Oklahoma licensed architect's responsible control.

(g) **Retention period.** An Architect, Landscape Architect or Entity shall retain a copy of all technical submissions produced for a minimum of ten (10) years following the date of preparation.

(h) **Prohibition on sealing documents.** No Licensee shall affix or attempt to affix the seal, signature or dates to sketches, drawings, specifications or other documents developed by unlicensed persons that are not employees in their offices or professional consultants except as stated in OAC 55:10-11-8(f).

(i) **Prohibited acts using seal.** No Licensee shall affix the seal, signature or date to documents unless:

- (1) such documents were developed and prepared under a Licensee's Responsible Control;
- (2) the Licensee had full authority to determine their development; and
- (3) the Licensee has reviewed and adopted, in whole or in part, architectural or landscape architectural portions and has either coordinated their preparation or integrated them into the work.

**55:10-11-9. Authorized use of seal [REVOKED]**

~~(a) **Seal declares authorship.** The seal appearing on any technical submission shall be a prima facie evidence in 55:10-15-1 that said technical submission was prepared by or under the individual named on said seal. Changes made to a signed, sealed and dated end of point product or service that are not designed by the original Licensee and that are not authorized or indicated by the seal of another Licensee on the changes, exempts the original Licensee from any authorship or liability concerning any changes made, including making site changes without the knowledge of the Licensee.~~

~~(b) **Location of seal, signature and date.** The seal impression or image shall be across the signature that may be generated electronically by the Licensee responsible to this Board for authorship of the documents thus identified. The handwritten or electronically generated date the signature is affixed shall accompany the signature.~~

~~(c) **Use of seal is individual act.** Authorized use of the prescribed seal is an individual act. The Licensee is responsible for its security when not in use.~~

~~(d) **Use or attempted use of seal by unauthorized individuals.** No individual, other than the Licensee represented, shall use or attempt to use the prescribed seal, and no unregistered individual or Entity shall be authorized to use the prescribed seal, except as described in (c) above. Use, reproduction distribution or attempted use of the seal shall include using a set~~

~~of construction documents to construct a structure on another site without the permission of the original Licensee or making unauthorized copies, modifications or incorporating any portion of the specifications into another work without the use of a Licensee's seal, signature and date authorizing such modifications. Prototype building plans are not required to carry the seal, signature and date of the original Licensee, but must prior to their issue in Oklahoma be marked and qualified by a written statement to the effect of: "Prototypical design submissions not for regulatory approval or construction." These submissions do not comprise a final, comprehensive set of design and construction documents and are not intended for use on any specific project without the appropriate review, modifications and integration into the work of a licensed architect engaged to provide professional architectural services for the specific project.~~

~~(e) **Entire Contract.** Any licensed Architect or Landscape Architect preparing documents that would be considered to fulfill an entire contract with a client being the end point of service, whether or not the plans are complete, shall sign, seal and date those documents. The Licensee may add any words on the documents that he/she/it chooses to indicate an incomplete document and not for construction notice.~~

~~(f) **Technical submissions.** Architects and Landscape Architects are permitted to review and adapt portions of technical submissions if:~~

- ~~(1) the seal of the original Architect or Landscape Architect appears on the submissions to authenticate authorship.~~
- ~~(2) the succeeding Architect or Landscape Architect clearly identifies all modifications to the submissions.~~
- ~~(3) the succeeding Architect or Landscape Architect assumes responsibility and liability for the adequacy of the design on the modifications.~~
- ~~(4) the documents are prototypical technical submissions. An architect may sign and seal technical submissions prepared by another person if the signing and sealing architect has reviewed the work and has integrated the work into his/her own technical submissions and the other technical submissions are prototypical building documents. Any licensed architect signing or sealing technical submissions integrating the work of another into the licensed architect's own work as permitted above shall maintain that such review and integration met the required professional standard of care. In applying his or her seal, the Oklahoma licensed architect assumes full responsibility in its entirety for the documents as if fully prepared by or under the Oklahoma licensed architect's responsible control.~~

**55:10-11-10. Required use of seal, signature and date on documents and retention period [REVOKED]**

~~(a) All Licensees shall affix their seal, signature and date, to all original drawings, and to the original cover sheet and the page identifying all specification pages covered, including all addenda and field changes.~~

## Permanent Final Adoptions

(b) ~~**Prohibited acts using seal.** No Licensee shall affix the seal, signature or date to documents unless:~~

- ~~(1) such documents were developed and prepared under a Licensee's Responsible Control;~~
- ~~(2) the Licensee had full authority to determine their development; and~~
- ~~(3) the Licensee has reviewed and adopted, in whole or in part, architectural or landscape architectural portions and has either coordinated their preparation or integrated them into the work.~~

### **55:10-11-13. Registered commercial interior designer's seal**

(a) **Seal required.** Every individual authorized to use the title "Registered Commercial Interior Designer" shall procure a seal with which to identify all interior technical submissions issued by the Registrant for use in this State.

(1) **Type of seal.** The seal required shall be of a type that makes an image on the surface of original documents and duplications of original documents. Both the use of a rubber stamp or electronic image is permissible.

(2) **Design of seal.** The seal of a Registered Commercial Interior Designer shall be triangular, as approved by the Board, and shall contain their name, Oklahoma registration number, and the words, "Registered Commercial Interior Designer, State of Oklahoma."

(b) **Seal declares authorship.** The seal appearing on any interior technical submission shall be a prima facie evidence, as

described in 55:10-15-1, that said interior technical submission was prepared by or under the individual named on said seal. The Registrant is responsible for its security when not in use.

(c) **Location of seal, signature and date.** The handwritten or electronically generated date shall be affixed across their seal.

(1) All Registrants shall affix their seal, signature and date, to all original drawings, and to the original cover sheet and the page identifying all specification pages covered, including all addenda and field changes. If incomplete, the Registrant shall clearly identify that the plans are incomplete and not for construction.

(2) In the absence of sheets or covers identifying all sheets, all original contract documents of service must have the seal, date and signature of the Registrant responsible.

(d) **Use or attempted use of seal by unauthorized individuals.** No individual, other than the Registrant represented, shall use or attempt to use the prescribed seal, and no unregistered individual or Entity shall be authorized to use the prescribed seal. Restricted actions include making unauthorized copies, modifications or incorporating any portion of the specifications into another work without the use of a Registrant's seal, signature and date authorizing such modifications.

(e) **Interior technical submissions.** Registered Commercial Interior Designers are permitted to review and adapt portions of interior technical submissions if:

(1) the seal of the original Registered Commercial Interior Designer appears on the submissions to authenticate authorship.

(2) the succeeding Registered Commercial Interior Designer clearly identifies all modifications to the submissions.

(3) the succeeding Registered Commercial Interior Designer assumes responsibility and liability for the adequacy of the design on the modifications.

(4514) Sealing, signing and/or dating plans and/or specifications not prepared in accordance with the Act and/or these Rules.

(4615) ~~Giving~~ Submitting false or forged evidence or documents ~~submitted~~ to the Board or ~~generated~~ in the practice of architecture or landscape architecture.

(4716) Presenting the License or Registration of another as the individual's or Entity's own.

(4817) Concealing information relative to any violation of the Act or the Board's Rules.

(4918) Inappropriate behavior on the part of an Applicant during the examination period.

### 55:10-15-3. Additional penalties for violations

~~Civil penalties and legal~~ Investigation costs incurred by the Board, including reasonable attorney fees to prosecute the case, may be levied by the Board separately or in addition to civil or any other penalties determined by the Board. The Board may seek criminal and injunctive relief through the courts for any violation of the Act, Rules in this Chapter, regulation, or to enforce any order issued by the Board.

### 55:10-15-4. Fraud or misrepresentation

Any Architect, Landscape Architect, Registered Commercial Interior Designer, Entity or any other party who shall make oral or written fraudulent, false or misleading statements on any document, report, statement, examination, investigation, plans or specifications shall, upon conviction, be deemed guilty of fraud or misrepresentation. Fraud shall include copying any documents from an employer without specific written authorization.

### 55:10-15-5. Gross incompetence

~~Architects and Landscape Architects have been licensed under the authority of the Act that establishes minimum competence. Licensees are expected to continue their professional development after licensing, improving and increasing their proficiency and skills as required through fulfillment of continuing education requirements.~~ The Board expects each Licensee, Registrant, or Entity to undertake only those professional assignments they are he/she or it is qualified, competent, to perform and lawfully authorized to perform, undertake. The following practices, among others, may be deemed gross incompetence:

(1) Failure to use due diligence and proper restraint in planning and observation procedures, thus endangering the safety and welfare of the public.

(2) Failure to engage other licensed design professionals, competent and authorized through this or other Oklahoma statutes to practice in related planning disciplines, when the Architect, ~~or~~ Landscape Architect, or Registered Commercial Interior Designer is otherwise

responsible for obvious technical or tactical error jeopardizing the success or safety of the project, the public, the client and/or contractor.

(3) Failure to clearly, accurately and completely develop plans, drawings, specifications and other instruments of service in practice that properly qualify the requirements intended and insure against misunderstandings jeopardizing the client and/or contractor.

(4) Failure to use diligence and available counsel in preparing documents for the protection of a client in construction agreements involving the Licensee's or Registrant's responsibility.

(5) Practicing architecture or landscape architecture while mentally impaired.

### 55:10-15-6. Recklessness

(a) The Architect, ~~or~~ Landscape Architect, or Registered Commercial Interior Designer is responsible for ~~many~~ technical and tactical judgments relating to construction materials, techniques and systems processes. ~~His/her~~ Their education, training and experience should enable ~~him/her~~ them to make such determinations with confidence in a successful result.

(b) The Board expects of its Licensees, Registrants, Entities or individuals representing same, prudent and deliberate consideration in such decisions, made only after responsible and thorough investigation, research and when necessary, expert advice and assistance.

(c) When the result anticipated in such decisions is not reasonably predictable, each Licensee, Registrant, Entity or individual representing same, is expected to so advise the client, fully disclosing the implications involved.

(d) When such decisions promote procedures, techniques, materials, systems, etc., unfamiliar to the planning and/or building team involved, the Licensee, Registrant, Entity or individual representing same, is expected to exercise extraordinary care and attention to the process, ~~insuring~~ ensuring as best ~~he/she/they~~ can the result sought.

(e) If, in the judgment of the Board, a Licensee, Registrant, Entity or individual representing same, does not demonstrate concern, attention and involvement stated in this Section, and failure to do so brings jeopardy to the project, public or client, the Board may deem such neglect to be recklessness.

(f) A Licensee or Entity shall not aid or abet any unlicensed party in practicing architecture or landscape architecture. Aiding and abetting shall include furnishing limited services in such a manner as to enable owners or unlicensed parties to evade the requirements of the Act or Rules in this Chapter. Incomplete plans shall be clearly marked as incomplete and not for construction if services are terminated during the contract.

### 55:10-15-7. Dishonest practice

~~Dishonest practice means the~~ The following practices, among others, may be deemed dishonest practice:

(1) Acts which evidence violation, or attempts to violate, any laws or Rules of this or any other state relating to licensing or the practice architecture or landscape architecture.

- (2) Acts which evidence disregard or neglect in complying with regulations, codes, ordinances and recognized standards regulating construction at the place of building.
- (3) Acts which evidence attempts through commission or omission, to mislead or defraud any party.
- (4) Acts which evidence attempts or success in efforts violating Rules in this Chapter regarding the use of an Architect's, ~~or Landscape Architect's, or Registered Commercial Interior Designer's~~ seal, signature and date.
- (5) Acts which evidence attempts or success in efforts to bribe any party, who may influence the selection of any Architect, Landscape Architect, Registered Commercial Interior Designer, or Entity. Kickbacks, donations, or forgiveness offered or paid to gain improper advantage in selection will be considered bribes.
- (6) Acts which evidence attempts or success to conceal a Licensee's, Registrant's or Entity's interests in conflict with responsibilities of service to a client.
- (7) Acts which evidence improper partiality as arbiter or interpreter in matters relating to client/contractor agreements resulting in or from unauthorized waivers, deviations, or disregard of provisions in such agreements.
- (8) Acts evidenced by exaggerated, misleading, deceptive or false statements or claims about professional qualifications.
- (9) Falsifying any documents submitted to the Board or required to be kept by the Licensee, Registrant, Entity or generated in the practice of architecture or landscape architecture.

formal complaint prior to holding a formal hearing, except in a Board meeting or with the Board's attorney.

**55:10-15-10. Informal resolution**

Those matters in which informal resolution is sought may be referred to the investigative committee or terminated as provided in OAC 55:10-15-9. Any final disposition of a violation by the Secretary-Treasurer must be reported to and approved by the Board ~~or approved by Counsel to the Board.~~

**55:10-15-11. Investigation committee**

- (a) **Appointment; officers.** The investigation committee, appointed by the Chair, shall investigate such cases referred to it. The committee shall be appointed for terms as designated by the Chair. At least a majority of the members of the committee shall be licensed or registered and in good standing with the Board. The Board shall designate one member Chair whose duty it shall be to conduct meetings of the committee, administer its activities and perform such other duties as are assigned by the Board.
- (b) **Duties.**

- (1) It shall be the duty of the investigation committee, upon request from the Secretary-Treasurer of the Board, to investigate to determine whether there exists probable cause to believe a violation has occurred as to justify ~~the institution of~~ formal or civil proceedings. The investigation shall be conducted with reasonable dispatch. ~~The investigative committee shall report to the Executive Director of the Board the result of any investigation promptly upon its conclusion. Such report shall include a summary of evidence considered by the committee including any materials provided to the committee, their conclusions of fact and law, and recommendation with respect to institution of civil or formal proceedings.~~ The committee may or may not, in its sole discretion, afford the accused party involved an opportunity to be heard in the course of preliminary investigation.

- (2) Before a report adverse to the accused party is made, the ~~investigative~~ investigation committee may or may not, in its sole discretion, notify him/her or it in writing of the complaint and allow not less than ten (10) days to reply in writing. At this level of the proceedings the accused party shall not be entitled to a hearing before the investigative committee as a matter of right, but may submit, in writing, a response for consideration by the investigative committee ~~which shall be included in the final report to the Executive Director.~~

**(c) Actions.** Based upon the information and inquiries made during the course of the investigation, the Investigation Committee shall proceed to one of the following courses:

- (1) Terminate the investigation when it appears no violation has occurred or there is insufficient evidence to support any violation; or
- (2) Attempt informal resolution of the matter; or
- (3) Attempt formal resolution; or
- (4) Refer directly to Board.

## 55:10-17-9. Disallowance

(a) The Board has final authority with respect to approval of courses, credits, and continuing education hours.

(ba) If the Board determines through an audit, that continuing education hours are to be disallowed, an Architect or Landscape Architect shall have 30 calendar days after notification to substantiate the original claim or earn other continuing education hours to meet minimum requirements and submit documentation to the Board office. This section only applies to persons who met the requirements by the biennial deadline.

(eb) Fraud or misrepresentation in certification of course attendance or any other aspect of fulfilling continuing education requirements will be disciplined in accordance with the Act, including revocation or denial of the renewal of a License and/or Certificate of Authority, if applicable.

## 55:10-17-10. Licensee responsibilities

(a) The Architect, ~~or~~ Landscape Architect and Registered Commercial Interior Designer is responsible for retaining proof of participation in continuing education activities. Such verification includes, the following as applicable:

- (1) A log showing activity claimed, sponsoring organization, location, duration, etc. signed by the Sponsor; or
- (2) Attendance certificates; or
- (3) Signed attendance receipts; or
- (4) Sponsor's list of attendees (signed by an individual in responsible charge of the activity).

(b) These records must be retained for one calendar year until January 1<sup>st</sup> following the filing of an application for License or Registration renewal. Copies shall be furnished to the Board for audit purposes if requested.

(c) The Architect, Landscape Architect and Registered Commercial Interior Designer must be present for the entire duration of the course for all approved course Contact Hours.

## 55:10-17-11. Biennial report and affidavit [REVOKED]

(a) Each Architect, Landscape Architect or Registered Interior Designer, at License or Registration renewal, shall submit an affidavit attesting to the individual's fulfillment of continuing education requirements during the two years preceding the renewal. Affidavits, with an accompanying report concerning the courses taken by the individual to fulfill continuing education requirements, shall be submitted either on the back of the

Licensee's or Registrant's renewal form provided by the Board or attached separately to the renewal form.

(b) Each affidavit shall be reviewed by the Board's staff for completeness, and may be subject to audit for verification of compliance with requirements. All persons shall retain proof of fulfillment of requirements until January 1<sup>st</sup> after submission in the event that the affidavit and report is selected for audit and the submissions pass the audit as completed.

**55:10-17-12. Requirements and responsibilities  
[REVOKED]**

(a) The Board has set forth the following criteria that will be reviewed in approving continuing education hours:

(1) Subject matter meeting the intent and purpose of requiring continuing education for Architects, Landscape Architects and Registered Interior Designers that complies with the requirements of the Act and these Rules.

(b) Courses shall be related to health, safety or welfare only as adopted by this Board

(c) Architects, Landscape Architects and Registered Interior Designers are encouraged to take programs of intermediate and advanced levels.

(d) Courses that are issuing reporting certificates should contain the following: participant's name, sponsor name, course title, number of contact hours, date course given, sponsor or monitor signature.

(e) Licensees or Registrants shall maintain a record of all reporting certificates or other documentation issued for verification of attendance until January 1<sup>st</sup> after submitting the License or Registration renewal and passing the audit as completed. Duplication or falsification, as well as misuse, of reporting certificates or other documentation may be grounds for disciplinary action against the Licensee or Registrant.

(f) Courses should issue to attendees seeking continuing education credit, a "Course Evaluation Summary Form".

(g) Sponsors should verify the identity of course participants.

(h) Sponsors are encouraged to publicize their courses. A list of licensed Architects and/or Landscape Architects and/or Registered Interior Designers may be secured for a nominal fee from the Board. Applicable fees must be submitted with the request. The Board shall have thirty (30) days from receipt of the request to process and provide the requested listing.

(i) Architects, Landscape Architects and Registered Interior Designers cannot obtain partial credit for portions of courses taken.

(j) Brief absences or tardiness during a course are discouraged, however, if necessary the total of the absence of the attendee from the course should not exceed 10% of the course Contact Hours.

(k) Administrative procedures and introductions should be limited to no more than 10% of the course's Contact Hour credits. Specific course content should utilize no less than 80% of the course Contact Hours.

**SUBCHAPTER 1. GENERAL PROVISIONS**

**85:1-1-5. Communication with the Board and Commissioner**

(a) Every communication in writing to the Board shall be addressed to the Commissioner at the principal office, unless the Board directs otherwise.

## Permanent Final Adoptions

---

(b) Every pleading and other document tendered for official filing ~~shall be deposited with or mailed to the Commissioner at the principal office, and shall be deemed received only upon actual delivery at the office of the Commissioner~~ physical or electronic delivery to the Commissioner or the principal office of the Board.

(c) Filing of any instrument shall not be complete except upon payment of all applicable fees required by law.

(d) Unless otherwise required by the Commissioner, any provision in this Title requiring written notification or that a document be provided in writing may be satisfied by providing electronic communication and electronic images of a document.

### SUBCHAPTER 3. PROCEDURAL RULES

#### 85:1-3-2. Service of pleadings

(a) Service of an initial pleading. Every application in which a party is named a respondent shall be served by the State Banking Department on each respondent named therein by mail or electronic delivery accompanied by a notice of hearing stating the date on which the cause is set for hearing, which shall be no less than ten (10) days after notice is mailed. Service hereunder shall be required in addition to provisions of these rules requiring service by publication.

(b) Service of subsequent pleadings. Every pleading, after the initial pleading, shall be served by the party filing it by regular mail or electronic delivery upon all parties of record. Parties of record shall include the applicant, all named respondents and all persons having theretofore entered an appearance in the cause, in person or by an attorney.

(c) Certificate of service. Every pleading required to be served by regular mail or electronic delivery shall contain a list of the persons served and the certificate of the party or his attorney, that on the date stated a copy of the pleading was mailed, postage prepaid, or delivered, to each person listed. Any pleading required to be served by regular mail or electronic delivery may be served by leaving a copy thereof at the principal office of the party, or of the attorney for the party, or at the email address designated for the party or the attorney for the party.

(d) Service not jurisdictional. Service prescribed by this section shall not be jurisdictional except where so provided by the Constitution or by statute. Failure to comply with the provisions of this section as to mailing and service notice shall not deprive the Board or Commissioner of jurisdiction of the proceeding, but shall be grounds for such appropriate relief as the Commissioner may order.

#### 85:1-3-7. Production of documents

(a) Upon application of a party, or upon the Commissioner's own motion, with or without notice, the Commissioner may make an order requiring a party to produce designated documents or tangible objects for inspection by parties to the proceeding, or for copying at the expense of the applicant, or to be offered in evidence. The order shall direct production

thereof at the hearing, or at a pre-hearing conference and production shall be at the principal office of the Board, unless some other place is stated in the order. An order hereunder may be directed to a party not yet a party of record, conditioned that if such party appears at the hearing, the order thereupon will be complied with.

(b) The party applying therefor shall mail a copy of the order by regular or electronic mail on each party of record at least seven days prior to the date upon which production is required.

(c) An order pursuant to this section may require production of any document not privileged which constitutes or contains evidence relevant to the subject matter of the proceeding, or may reasonably lead to such evidence. Business records shall not be deemed privileged as such; but confidential business records and information will be protected from disclosure except where directly relevant to the issues in the proceedings.

(d) The order shall identify the document or object to be produced individually or by categories, with sufficient particularity to permit easy identification thereof by the party ordered to make production.

(e) An exact photographic copy of a document may be substituted for the original, at the expense of the person requesting the instrument.

#### 85:1-3-11. Pre-hearing conference

(a) The Commissioner, with or without request by any party of record, may order the parties or their attorneys to appear at a designated time for a pre-hearing conference to consider:

- (1) Simplification of the issues.
- (2) Presentation of issues of law, adjudication of which may simplify or eliminate issues of fact.
- (3) Admissions and stipulations of fact which will avoid unnecessary evidence and testimony.
- (4) Identification of documents to be offered at the hearing.
- (5) Identification of and numerical limit upon experts and other witnesses.
- (6) Discovery and production of documents, records, data and other information.
- (7) Other matters as may aid in trial of the proceedings.

(b) Any objection or amendment to the application, notice of hearing, investigative report, any pleading or order commencing a proceeding shall be made at the pre-hearing conference. No objection or amendment will be allowed after the pre-hearing conference except upon good cause.

(c) Actions taken at the pre-hearing conference may be embodied in a preliminary order, which order shall control subsequent proceedings and shall be binding on all parties, whether or not present, unless modified to prevent manifest injustice.

(d) Notice of the time and place of a pre-hearing conference shall be as prescribed by order of the Commissioner and shall be served by regular or electronic mail upon all parties of record.

**GIST/ANALYSIS:**

The intended effect of the amended rules is to clarify the rules, eliminate obsolete language, and to eliminate unnecessary fees.

Subchapter 3. Amendments to Subchapter 3 remove fees associated with the following applications: (1) an increase or decrease in a bank or trust company's capital stock; (2) a change in a bank or trust company's name; (3) issuance of debentures or capital notes; and (4) establishment of a detached facility.

Subchapter 5. Amendments to rule 85:10-5-3.1 are intended to strengthen the internal control requirements for trust departments and trust companies. The amendments update the rule to make all reports to the board of directors due quarterly and recognize electronic transfers among the types of disbursements for which the institution must appoint an authorized individual.

Subchapter 9. The amendment to subchapter 9 removes the requirement for a bank to follow branch closing requirements when the bank maintains a device at a former branch location by which customers may interact with bank personnel by video and/or audio equipment.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN,  
THE FOLLOWING RULES ARE CONSIDERED  
FINALLY ADOPTED AS SET FORTH IN 75 O.S.,**

**SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE  
DATE OF SEPTEMBER 11, 2022:**

**SUBCHAPTER 3. DEPARTMENTAL  
REQUIREMENTS**

**85:10-3-10. Increase/decrease in capital stock**

(a) In addition to those procedures and requirements specified in Section 405 of the Code, the following procedures shall be followed in connection with an increase or decrease of capital stock.

(b) Pursuant to the voting of the stockholders to increase or decrease the capital stock, the bank or trust company shall advise the Commissioner of the amount of increase or decrease, and by what means, as follows:

(1) The bank or trust company shall complete and return to the Commissioner's office a certificate in a form prescribed by the Commissioner, together with two (2) certified copies of the resolution adopted by a majority of the stockholders and approved by the board of directors, which resolution appears in the minutes of their meetings, in connection with the increase or decrease in capital.

~~(2) The bank shall also submit a copy of its proposed amended certificate of incorporation accompanied by a fee as set forth in 85:10-3-21 for approving the documents.~~

(3) Within 30 days of receiving the properly executed documents from the bank or trust company, the Commissioner shall notify the bank or trust company of his approval or disapproval. The Commissioner may extend the 30-day period called for by this paragraph upon notice to the applicant. If approved, the bank or trust company shall file the amended certificate of incorporation with the Secretary of State, after which it will return a certified copy to the Commissioner, and if a bank, the required number of certified copies to the bank's primary federal regulator.

(4) The increase or decrease shall not be effective until the Commissioner has approved the documents and the Secretary of State has filed the amended certificate of incorporation.

(c) When an increase in capital stock is requested, the stockholders of the bank or trust company shall include in their resolution whether the new stock will be fully paid either in cash or by transfer from undivided profits or authorized unissued stock. If to be paid in cash, the resolution shall declare whether the offering will be a private offering or a public offering. If any offering of capital stock of a bank or trust company is a public offering, the bank or trust company must prepare an offering circular pursuant to the terms and requirements of Board rule 85:10-13-2.

**85:10-3-12. Change in name - procedures and requirements**

(a) A bank or trust company desiring to change its name shall furnish the following to the Commissioner:

## Permanent Final Adoptions

- (1) evidence of an affirmative majority vote of the outstanding voting stock approving the new name;
- (2) a resolution by the board of directors approving the new name, which resolution appears in the minutes of their meeting;
- (3) proposed amended corporate documents evidencing the new name;
- ~~(4) a fee in the amount set forth in rule 85:10-3-21.~~

(b) After the bank or trust company has been notified of the Commissioner's approval of its new name, it must file the necessary corporate documents with the Oklahoma Secretary of State and must submit certified copies of such filed documents to the Department and to the bank or trust company's primary federal regulator.

(c) It shall be the bank or trust company's responsibility to review governmental records with respect to the availability for use of the new name as well as whether the new name or mark used in connection with the new name will violate or infringe on some other company's name or mark. Any approval provided by the Commissioner will not be taken to mean that such new name or mark is available or eligible for use in any community nor will it mean that such new name or mark does not infringe on the rights of any other company.

(d) If any new name chosen by a bank or trust company is a "confusingly similar name" as defined in the Code, the bank or trust company must comply with the requirements of rule 85:10-11-19.

### 85:10-3-16. Issuance of debentures or capital notes

(a) Section 410 of the Code provides that a bank may issue its convertible or nonconvertible debentures or notes in such amounts and under the terms and conditions as shall be prescribed and approved by the Board. Section 1001 provides that a trust company has the power to issue debentures, notes, or other evidences or debt to the extent of an amount equal to ten (10) times its capital and surplus. Notwithstanding other terms and conditions the Board may require, no approval will be granted unless:

- (1) The request for approval is made on the form prescribed by the Commissioner;
- (2) The bank shall receive approval of its primary federal regulator;
- (3) The amount of the issue shall exceed Twenty-five Thousand Dollars (\$25,000.00);
- (4) The average maturity of the issue shall be no less than seven (7) years;
- (5) The issue by its terms expressly subordinates itself to the prior payment in full of the bank's liability to its depositors; and
- ~~(6) Payment of the fee for approval in the amount set forth in Rule 85:10-3-21(g).~~

(b) When a debenture or capital note issue is authorized by the board of directors of a bank or trust company, their resolution shall state whether the issue is to be offered at a private or public offering. If the issue will be offered through a public offering, the bank or trust company must prepare an offering circular pursuant to the terms and requirements of Board rule 85:10-13-2.

### 85:10-3-21. Fees

#### (a) New Charters.

(1) **Application fee for authority to organize.** In accordance with the provisions of Section 303(C) of the Code with respect to applications for authority to organize a state bank or trust company, an application fee in the amount of \$7,500.00 shall be submitted with each application for authority to engage in the banking business.

(2) **Application fee for holding company bank charters.** Notwithstanding the fee set forth in paragraph (1) of this subsection, in the case of an Application for Authority to Organize pursuant to Section 502(E) and 502.1 of the Code, an application fee in the amount of \$2,000.00 shall be submitted with each application for authority to engage in the banking business.

(b) **Application fee to change location.** In accordance with the provisions of Section 406(B) of the Code with respect to applications to change location, an application fee in the amount of \$2,000.00 shall be submitted with each application.

~~(c) **Application fee for detached facility.** An application for a certificate to maintain and operate a detached facility shall be accompanied by a fee in the amount of \$2,000.00.~~

~~(d) **Application fee for operating and financial subsidiaries.** An application for approval of an operating or financial subsidiary must be accompanied by a fee in the amount of \$2,000.00.~~

~~(e) **Application fee for branch.** An application fee of \$2,000.00 shall accompany each application for certificate to maintain and operate a branch.~~

~~(f) **Other types of applications and fees.** The following applications shall be accompanied by fee in an amount as prescribed below:~~

- ~~(1) Application to change name - \$250.00~~
- ~~(2) Application to abandon trust powers - \$1,500.00~~
- ~~(3) Application to change number or par value of shares - \$250.00~~
- ~~(4) Application to exercise trust powers - \$1,500.00~~

~~(g) **Debentures or capital notes.** An application for approval of debentures or capital notes must be accompanied by a fee in the amount of \$1,000.00~~

~~(h) **Fee for merger.** In accordance with the provisions of Sections 1103 and 1111 of the Code, with respect to the submission of the merger agreement for review, a fee in the amount of \$3,500.00 shall be submitted together with the merger agreement. Such fee shall be in addition to and not in lieu of any branch application fee(s) which may also be required.~~

~~(i) **Fee for purchase and assumption agreements.** In accordance with the provisions of Section 1109 of the Code, with respect to the submission of the agreement of purchase and sale for review, a fee in the amount of \$3,500.00 shall be submitted together with the purchase and sale agreement.~~

~~(j) **Fee for registration statements.** In accordance with the provisions of Section 104 of the Code with respect to registration statements, a fee in the amount of \$500.00 shall be submitted with each registration statement.~~

~~(k) **Method of Payment.** All fees shall be paid by an instrument made payable to the Oklahoma State Banking Department. However, the Department may develop procedures~~

for receiving electronic payment with respect to any or all fees, and subject to such conditions as may be prescribed by the Commissioner.

**SUBCHAPTER 5. REQUIREMENTS,  
STANDARDS AND PROCEDURES FOR AN  
INTERNAL CONTROL PROGRAM**

**85:10-5-3.1. Internal control program for fiduciary activities of trust departments and trust companies**

(a) Where applicable, the following items, at a minimum, shall be performed by all trust departments and all trust companies conducting fiduciary activities to assure the maintenance of sufficient internal audits and reviews, approvals and appointments, and board/committee reporting. Documentation must be maintained to show that each item was completed as required.

(b) The following internal audits and reviews must be completed at the frequency specified:

- (1) A daily review of master file changes.
- (2) A monthly review of overdrafts and uninvested cash balances that exceed a reasonable minimum established by the institution.
- (3) A monthly reconciliation of deposit operating accounts and any suspense accounts.
- (4) A semi-annual vault and safe deposit box review for all trust assets held on premises.
- (5) A quarterly review of trust accounts (a reasonable sample determined by management) for appropriate administration, asset management, documentation, and compliance with governing instruments, laws, internal policies, and sound fiduciary standards.

(c) The following reviews and appointments must be made on an annual basis:

- (1) A review and approval of trust department policies.
- (2) Appointment of individuals or committees with authority to approve discretionary account distributions over a reasonable minimum established by the institution.
- (3) Appointment of individuals with authority to sign trust department checks, including approve disbursements, including electronic transfers, checks and dual signature requirements.

(d) The following reports, at a minimum, must be provided to the institution's board, or committee of the board, at the frequency specified:

- (1) A ~~monthly~~ quarterly report of all opened and closed accounts.
- (2) A quarterly report of the status of all outstanding litigation, efforts taken since the last report to resolve the litigation, and any expected exposure to the institution.
- (3) A quarterly report of any new formal complaints directed at the trust company or trust department.
- (4) A quarterly report of any new settlements or other amounts paid to settle disputes.

(5) A quarterly report of assets with stale pricing dates that exceed generally accepted fiduciary standards.

(6) A quarterly report of any new audits conducted including management responses to any recommendations.

(7) A quarterly report of "watch list" accounts that warrant increased attention.

(8) A quarterly report of trust department or trust company profitability.

**SUBCHAPTER 9. NEW BANKS, BRANCHES,  
AND OTHER FACILITIES**

**85:10-9-6. Branch closing**

(a) A bank may discontinue a branch office with the approval of the Commissioner. In order to gain approval, the bank must:

- (1) submit to the Commissioner a resolution of its board of directors authorizing the closing;
- (2) post a notice of the closing at both the branch location and the main office of the bank for thirty (30) days prior to the closing. Said notice shall state the effective date of the closing and indicate the location of the bank's closest office;
- (3) submit to the Commissioner an affidavit stating that the notice posting requirement has been met;
- (4) either publish notice of the closing once a week for two (2) weeks in a legal newspaper in general circulation in the community where the branch is located or furnish written notice to depositors and safe deposit box holders at the branch to be closed; and
- (5) submit to the Commissioner a copy of the notices required by subsections (a)(2) and (a)(4) of this Section.

(b) The Commissioner shall approve the branch closing absent compelling reasons for denial.

(c) The requirements of subsection (a) of this section do not apply when:

- (1) the bank posts notice of the closing at both the branch location being closed and the main office of the bank for thirty (30) days prior to the closing; and
- (2) the bank operates an existing branch location within two miles of the branch being closed.
- (3) The notice posted pursuant to this subsection must include the date of the closing and information (including address and operating hours) of the nearest operating branch location of the bank.

(d) The requirements of subsection (a) of this section do not apply when the bank maintains one or more devices at a former branch location by which customers may interact with bank personnel by video and/or audio equipment and conduct core banking functions such as making deposits, cashing checks, or receiving loan proceeds.

## SUBCHAPTER 29. BOARD OF CHILD ABUSE EXAMINATION

### 135:10-29-1. Authority and Purpose

The Board of Child Abuse Examination 'BCAE' was created by 10 O.S. § 601.30 under the umbrella of the Oklahoma Commission on Children and Youth (OCCY) for the purpose of

establishing a statewide system to provide expert medical evaluation for children suspected to be the victims of child abuse and neglect. The rules in this subchapter were prepared by the BCAE, as authorized by 10 O.S. § 601.31(B)(1), and approved by OCCY, as authorized by 10 O.S. § 601.31(A).

### 135:10-29-2. Licensure and Training

(a) To be eligible for inclusion on OCCY's statewide statutorily authorized list of trained Child Abuse Examiners, a person must have a valid, unrestricted Oklahoma license to practice as a medical doctor, doctor of osteopathic medicine, physician assistant, advanced practice registered nurse, or registered nurse certified as a pediatric sexual assault nurse examiner, and meet the requirements set forth in this subchapter. Child abuse examiners who fail to demonstrate that they are in compliance with these requirements may be removed from the list.

(b) Within the first year of inclusion on the list, persons who are licensed as physicians, nurse practitioners and physician assistants must obtain at least twenty (20) hours of training regarding child abuse and provide proof of training to the BCAE. The training must include medical evaluation of physical abuse, sexual abuse, abusive head trauma, child neglect, medical neglect, and Munchausen Syndrome by Proxy. The training must also include the effects of domestic violence and substance abuse on children.

(c) Persons who are board certified or eligible for board certification as child abuse pediatricians and other medical providers listed in subsection (a) who have previously been established as child abuse examiners with a multidisciplinary team or Children's Advocacy Center at the time of the establishment of these rules are not required to provide proof of the twenty (20) hours of training set forth in subsection (b).

(d) All child abuse examiners must receive eight (8) hours of continuing child abuse education every two (2) years and must also maintain licensure and certification in good standing with their respective licensing board or agency.

(e) Persons who are sexual assault nurse examiners, but not nurse practitioners, must have a pediatric sexual assault nurse examiner certificate and may only provide evaluation of sexual abuse. Sexual assault nurses shall refer patients to an appropriate medical provider for medical services other than sexual abuse evaluation.

### 135:10-29-3. Duties and Responsibilities

(a) Child abuse examiners will provide medical evaluations in a timely manner to determine if child maltreatment has occurred.

(b) Medicine is one of the core disciplines represented on each multidisciplinary team in Oklahoma. Child abuse examiners serving on a child abuse multidisciplinary team may identify the need for medical evaluation, conduct the evaluation, and provide results and explanation of a medical evaluation performed by themselves and other medical providers to the team, in order to inform the investigation and care of children who are suspected victims of child abuse and neglect. Participation in the child abuse multidisciplinary team is strongly encouraged.

- (c) Child maltreatment must be reported to the Oklahoma Human Services Child Abuse Hotline and appropriate law enforcement agencies when needed.
- (d) Child abuse examiners shall maintain confidentiality of examinations, records, and findings except where disclosure is authorized by 10A O.S. § 1-2-105(C)(1).
- (e) Child abuse examiners may share all evaluations and associated records with the Child Death Review Board pursuant to 10 O.S. § 1150.2(B)(8).

**135:10-29-4. Standards for Medical Examinations and Evaluations**

- (a) Evaluations of children, in which child abuse is suspected, should be completed as soon as possible with specific timing determined by the circumstances of each situation.
- (b) The medical evaluation shall include the procedures determined by the child abuse examiner as necessary to determine whether child abuse or neglect has occurred.
- (c) A legible report regarding each evaluation will be prepared according to medical standards. (d) Photographic or video documentation should be obtained as needed for documentation of injuries. The child abuse examiner will ensure this documentation is completed. It may be performed by the child abuse examiner or others.
- (e) The Child Abuse Examiner shall provide the child abuse medical evaluation report to all appropriate agencies.

**"Individual proceeding"** means the formal process employed by the Board to provide a hearing for a licensee of the Board accused of a violation of the Act and in which the Board may take action against such person's original license to practice chiropractic in this state.

**"License renewal program"** means a continuing education program which:

(A) is sponsored or administered by ~~an~~ astate or national chiropractic association or accredited chiropractic college for the purpose of providing licensees an opportunity to satisfy continuing education requirements; and

(B) has been approved by the Board.

**"Licenseure"** means the Board's process with respect to the grant, denial, renewal, revocation, or suspension of an original or renewal license.

**"Original license"** means a license which grants initial authorization to practice chiropractic in this state issued by the Board to an applicant found by the Board to meet the requirements for licensure of the Act:

(A) by examination pursuant to § 161.7 and 161.8 of the Act and 140:10-3-1 through 140:10-3-4 or

(B) by relocation of practice pursuant to § 161.9 of the Act and 140:10-3-5.

**"Relocation of practice"** means the ability of an applicant to obtain an Oklahoma chiropractic license who ~~meets~~ satisfies all of the following conditions:

(A) The requirements for licensure in the state, country, territory or province in which the applicant is licensed are deemed by the Board to be equivalent to the requirements for obtaining an original Oklahoma chiropractic license by examination ~~in this state at the date of such license;~~

(B) The applicant has no disciplinary matters pending against him or her in any state, country, territory or province;

(C) The license held prior to relocation of practice was obtained by examination in the state, country, territory or province wherein it was issued, or was obtained by examination of the National Board of Chiropractic Examiners;

(D) The applicant passes any examination offered by the Board according to 140:10-3-1; and

(E) The applicant meets all other requirements of the Oklahoma Chiropractic Practice Act.

**"Renewal license"** means a license issued by the Board on or before the first day of July of each year to a licensee which authorizes the licensee to practice chiropractic in this state for the succeeding calendar year.

**"Revocation"** means the recalling, annulling or rendering inoperative of an original license or renewal license, or both, by the Board, after notice and an opportunity for a hearing in an individual proceeding.

### SUBCHAPTER 3. APPLICATION, EXAMINATION AND LICENSING

#### 140:10-3-1. Application for an original license by examination

(a) An application to the Board for an original license to practice chiropractic shall be made on forms created and approved by the Board and shall be signed and verified under oath by the applicant. The application shall include:

(1) A passport photo

(2) a copy of the applicant's diploma from chiropractic school college, or program accredited by an accrediting agency either recognized by the U.S. Secretary of Education, except as provided in (b) and(c) of this ~~Section~~ rule;

(3) Payment for the application will be made through the Board's online application portal in the amount of Three Hundred Dollars (\$300.00) ~~A money order, certified check or cashier's check payable to the Board in the amount of One Hundred Seventy Five Dollars (\$175.00) as payment of the application fee.~~ Such fee is not refundable under any circumstances.

(b) An applicant who has graduated from a chiropractic program outside the United States must have completed an educational program leading to a degree in chiropractic from an institution authorized to operate by the government having jurisdiction in which it is domiciled. The applicant must submit a diploma or equivalent documentation of successful completion of the program as certified by an official of the institution or the government having jurisdiction. All credentials, diplomas, and other documentation submitted to the Board in a foreign language shall be accompanied by a notarized English translation. The applicant shall provide satisfactory evidence of meeting the requirements for permanent residence or temporary non-immigrant status as set forth by the United States Citizenship and Immigration Services.

(c) A senior student at an accredited chiropractic college may, prior to graduation, make application for an original license by examination. In such event, the application shall be accompanied by a statement on a form approved by the Board containing certification by an official of such college that the applicant is a senior at the college and is expected to graduate within in one (1) year from the date of the certificate. An original license shall not, however, be issued to such an applicant until the applicant has submitted to the Board a copy of the applicant's diploma from said accredited chiropractic college, certified as true and correct.

(d) Applicants shall submit documentary evidence of completion of Parts I, II, III, IV and physiotherapy as administered by the National Board of Chiropractic Examiners with a passing score.

~~(e) A fee of One Hundred Seventy Five Fifty Dollars (\$175.00) as payment for the examination if approved by the Board of Chiropractic Examiners. Such fee is not refundable under any circumstances.~~

~~(e)~~ The Board shall expedite the process of licensure for those applicants who are active duty military personnel and their spouses. The Board shall issue a license within thirty (3) days of receipt of a completed application if the conditions set forth in 10-3-1 are met. The application fee for the military member and spouse are waived.

**140:10-3-3. Examination Fee [REVOKED]**

~~Each application for an original license shall be accompanied by a non-refundable examination fee of One Hundred Seventy Five Fifty Dollars (\$175.00) made payable to the Board, which payment shall be by money order, certified check or cashier's check, and which shall be submitted with the application.~~

**140:10-3-5. Application for an original license by relocation of practice**

(a) An application to the Board for an original license by relocation of practice to practice chiropractic in this state shall be made on a form created and approved by the Board and the applicant may also be required to appear before the board for a personal interview, and shall be assessed a jurisprudence examination. Prior to approval of an application, the Board may authorize the Executive Director to issue a temporary license to an applicant who has submitted a completed application and who, upon payment of the examination fee, has passed the required examination with a score acceptable by the Board. A temporary license shall authorize the applicant to practice chiropractic in Oklahoma between the submission of the application and applicant's approval for licensure by the Board. A temporary license shall expire upon the Board's approval of a permanent license or ten (10) calendar days following the Board's denial of an application for permanent license.

(b) The Board may, in its discretion, refuse to grant an original license by relocation of practice to any applicant and may require the applicant to take the oral examination required by the Act.

(c) Payment for the application will be made through the Board's online application portal in the amount of Three Hundred Dollars \$300.00~~The application shall be signed and verified under oath by the applicant.~~ The application shall include:

(1) A passport photo attached to the appropriate page of the application.

(2) a copy of the applicant's diploma from an accredited chiropractic college, certified by an official of the issuing college as being true and correct;

(3) Submit documentary evidence to the board that the applicant has been in active practice for three (3) years immediately preceding the date of application.

~~(4) a money order, certified check or cashier's check payable to the Board, in the amount of Three Hundred Fifty Dollars (\$350.00) as payment of the application fee. Such fee is not refundable under any circumstances.~~

(d) Except as is otherwise approved in writing by the Board, an application and all accompanying documents must be completed as set forth in the Act and application.

(e) All documents accompanying an application for an original license by relocation of practice that are written in any language other than English shall be translated, at the expense of the applicant, into the English language and certified under seal of the proper consulate. The translation shall be submitted with the application.

(f) All applicants must submit a certified copy of his/her birth certificate and/or naturalization papers if they were born anywhere other than the United States.

(g) The review of each application for an original license by relocation of practice shall be conducted by the Executive Director, and notice of the approval or disapproval thereof shall be given by the Executive Director in the same manner as for an application for an original license by examination.

(h) A fraudulent or false statement as to any material fact, which is contained in any application for an original license by relocation of practice, or the failure to provide any requested information, shall constitute sufficient cause for the disapproval of the application.

(i) The Board shall expedite the process of licensure for those applicants who are active duty military personnel and their spouses. The Board shall issue a license within thirty (30) days of receipt of a completed application if the conditions set forth in 10-3-1 are met. The application fee for the military member and spouse are waived.

**SUBCHAPTER 5. PROCEDURES FOR RENEWAL LICENSES**

**140:10-5-1. Renewal license; requirements**

(a) Except as provided in 140:10-5-4, related to senior inactive licenses, and 140:10-5-5, related to nonresident licenses, each licensee holding an original license to practice chiropractic in this state shall pay to the Board, on or before the first day of July of each year hereinafter, an annual renewal fee of Two Hundred Seventy-Five (\$275.00), which shall be accompanied by;

## Permanent Final Adoptions

(1) Evidence that the licensee has satisfied Board approved chiropractic continuing education requirements; or

(2) ~~A statement on a~~Statement of Non-attendance form, created and approved by the Board, containing: completed by the licensee, which shall include and be accompanied by: A One Hundred Dollar (\$100.00) fee and the sworn statement of the licensee which shall include the following affirmations:~~An affidavit from the licensee which states:~~

(~~A~~i) the licensee was unavoidably prevented from satisfying the continuing education requirements;

(~~B~~ii) the reason or reasons therefore; and

(~~C~~iii) that the licensee is not attempting to circumvent or abrogate the intent of such continuing education requirements, ~~and~~

(~~3B~~) In the event the licensee has failed to complete the annual number of continuing education hours required for renewal for a consecutive year or years, the licensee shall submit an additional Statement of Non-attendance form as required by (a)(2)(A) of this Rule for each consecutive year of non-compliance, the affidavits of two (2) licensed chiropractic physicians who personally know the licensee, vouch for the licensee's good standing in the chiropractic profession, and recommend that the licensee be issued a renewal license.

(~~b~~) In addition to the required annual renewal fee of Two Hundred Seventy-Five Dollars (\$275.00), each consecutive subsequent Statement of Non-attendance shall be accompanied by Two Hundred Dollars (\$200.00).

(~~b~~c) The Board shall, upon receipt of the renewal license fee, and upon determination of compliance with the requirements of Section 161.11 of the Act, issue a Chiropractic renewal license, which shall entitle the holder to practice chiropractic in this state during the succeeding calendar year.

(~~e~~d) Attendance by a licensee at a license renewal program shall be certified by an officer of the sponsoring or administering association, which officer shall have been previously approved by the Board for the purpose of providing such certification. The list of attendees from the continuing education seminar, shall be submitted no later than forty- five (45) days after the approved continuing education seminar. The list shall be submitted by the certified officer of the association, and sent to the Board after all signatures and/or timecards have been verified by the individual certified to report to the Board of Chiropractic Examiners on all seminar attendees. If there are any missing signatures and/or any other missing documentation the licensee will not be able to renew his/her license for the renewal year.

(~~e~~e) Individuals who take the allowable eight (8) hours of an approved out of state educational seminar shall be responsible for obtaining proof of attendance. The doctor shall submit proof of attendance with renewal application.

(~~e~~f) Distance learning whether offered in-state or out-of-state, online or correspondence from program approved by the Board may also satisfy eight (8) hours of out-of-state continuing education.

(~~f~~g) Subject to the provisions of Section 140:10-5-2 the Board of Chiropractic Examiners hereby recognizes the

requirements adopted from time to time by the Federation of Chiropractic Licensing Boards Providers of Approved Continuing Education (FCLB PACE) as the requirements of the Board. The Board recognizes FCLB PACE Recognized Providers as satisfying the requirements of the Board for purposes of the licensure renewal process. The Board, however, reserves the approval authority for all programs based on furtherance of professional development and related areas, and in the interest of the public protection.

(~~g~~h) Licensee on active duty as a member of the Armed Forces of the United States.

(1) In accordance with Title 59, O.S., Section 4100.6 of the Post-Military Service Occupation, Education and Credentialing Act, while a licensee is on active duty the license may be renewed without payment of the renewal fee and without showing completion of the continuing education requirement. Such waiver shall be requested in writing to the Board prior to the license expiration along with evidence of the order for active duty. The license issued pursuant to this rule may be continued as long as the licensee is a member of the Armed Forces of the United States on active duty and for a period of at least one (1) year after discharge from active duty. Upon discharge from active duty and a request for license activation, the licensee shall submit to the Board evidence of successful completion of the continuing education requirement for the current renewal term.

(2) If a license on active duty does not request such a waiver in writing the license is suspended by operation of law, the applicant may provide the Board the documentation as required in subparagraph (1) of this subsection no later than one (1) year after discharge from active duty in order to remove the suspension and reactivate the license.

### **140:10-5-3. Revocation or suspension of license; reinstatement**

(a) In the event that a licensee fails to obtain a renewal license on or before the first day of July of each year, the original license of such licensee shall lapse or be suspended as provided for at Section 161.11 of Title 59 of the Oklahoma Statutes. The Board may reinstate the original license of such person upon the payment of all fees due, plus a penalty fee in the amount provided for in the Board's fee schedule, and upon presentation to the Board of satisfactory evidence of compliance with the continuing education requirements and any other education or training which the Board, in its discretion, deems necessary.

(b) If the Board receives notice from the Oklahoma Tax Commission that a licensee is not compliant with the Oklahoma income tax law pursuant to Section 238.1 of Title 68 of the Oklahoma Statutes, the license of that physician shall not be renewed but shall automatically be suspended pursuant to Section 161.11 of the Act. The suspension shall begin July 1 of the renewal year and shall not be lifted until:

(1) the Board receives notice from the Oklahoma Tax Commission that the license has come into compliance with Oklahoma income tax law; and

(2) the licensee has paid a reinstatement fee not to exceed Four Hundred Dollars~~of \$400.00~~

**SUBCHAPTER 3. SAVING QUALITY JOBS PROGRAM [REVOKED]**

# Permanent Final Adoptions

## PART 1. PREMIUM PAYMENT PROGRAM [REVOKED]

### 150:65-3-1. Eligibility for premium payment [REVOKED]

Eligible entities which may apply for premium payments under the Saving Quality Jobs Program are those establishments that qualify for incentive payments under the provisions of 68 O.S. Supp. 1994, Sections 3601 et seq. and 150:65-1-1 through 150:65-1-13 of this chapter and have submitted an application for premium payments, and

- (1) Have been certified by the Oklahoma Department of Commerce as having demonstrated that its existing jobs are at risk; or
- (2) Have been certified by the Oklahoma Department of Commerce as being engaged in an industry which is defined as strategically important pursuant to 68 O.S. Supp. 1994, Section 3704(2). Provided, that for an establishment engaged in more than one line of business during the time covered by the application, a majority of the new direct jobs shall be projected to be in a strategic industry or the new jobs were originally approved for the Quality Jobs Program from a project qualifying as a Central Administrative Office

### 150:65-3-2. Additional required information [REVOKED]

(a) In addition to the information that the Oklahoma Department of Commerce may require establishments to provide as set forth in 150:65-1-9, the Department may require establishments applying for premium payments for at risk jobs to provide the following information:

- (1) Internal company memos relevant to the issue of at risk jobs; or
- (2) A letter to the Department from the chief executive officer or a decision maker for Oklahoma operations requesting assistance in retaining jobs; or
- (3) Confirmation that the establishment is engaged in a search for a location for a project similar to that existing in the state or is considering an expansion; or
- (4) Industry trends as reflected by trade publications; or
- (5) Historical data regarding the establishment as supplied by such publications or company memos; or
- (6) Any other such information the Executive Director of the Department may require in order to certify that an establishment's existing jobs are at risk.

(b) All such materials described in this section may be kept confidential by the Department pursuant to the terms of the Open Records Act.

(c) The Department may require establishments approved to receive premium payments to provide any information necessary in order to administer the program and prepare program reports.

### 150:65-3-3. Premium payment offer [REVOKED]

(a) Before a premium payment is authorized, the Department shall review the balance remaining in the Saving Quality Jobs Premium Payment fund and the High Impact Project Payment fund.

(b) After a premium payment is authorized by the Oklahoma Department of Commerce, a quality jobs representative shall prepare a premium payment offer for the Executive Director's review and signature. The signed premium payment offer shall be forwarded to the establishment. A premium payment offer may be accepted by the establishment within sixty (60) days of the date of signing by the Executive Director.

(c) The Department may use a single form that includes the incentive offer provided in 150:65-1-6 and the premium payment offer provided in this section.

(d) The premium payment offer shall be on a form prescribed by the Department which shall include the following information:

- (1) The number of at risk jobs saved, if applicable;
- (2) The premium rate calculated as provided in 68 O.S., Supp. 1994, Section 3705;
- (3) The maximum allowable premium payment; and
- (4) Any other information the Department deems necessary.

(e) Upon acceptance and certification of the premium payment offer, the establishment shall return the offer to the Department. The original offer, signed by the chief executive officer or authorized representative, shall be returned to the Department by certified mail with return receipt requested, by personal delivery or by other means approved by the Department.

(f) For all purposes of the Saving Quality Jobs Act, the effective date of approval of the premium payment offer will be the date of the signed, accepted and certified offer is received by the Department.

### 150:65-3-4. Transmittal of information [REVOKED]

The Oklahoma Department of Commerce shall notify the Oklahoma Tax Commission of each approved premium payment offer. The Department shall provide the Commission with a copy of the offer which shall include the establishment's premium net benefit rate and the maximum allowable premium payment amount during the three year payment period. The Department may use a single form that includes the incentive offer provided in 150:65-1-6 and the premium payment offer provided in 150:65-3-3.

## PART 3. HIGH IMPACT PROJECTS [REVOKED]

### 150:65-3-10. High impact project eligibility [REVOKED]

Eligible entities which may apply for the Saving Quality Jobs High Impact Project Program are establishments that meet the qualifications of 68 O.S. Supp. 1994, Sections 3601 et seq. and 150:65-1-1 through 150:65-1-13 of this chapter, except that the establishment:

- (1) Has an annual gross payroll for new direct jobs projected to equal at least One Million Dollars (\$1,000,000)

but less than Two Million Five Hundred Thousand Dollars (\$2,500,000) within three (3) years of the anticipated date of receipt of the first incentive payments, and  
 (2) Will provide a number of new direct jobs that is equal to or greater than one percent (1%) of the total labor force of the county in which the project locates

**150:65-3-11. High impact project profile [REVOKED]**

(a) A quality jobs representative shall prepare a high impact project profile for establishments that meet the requirements of 150:65-3-10. In order to prepare a profile the establishment shall be required to provide the following information:

- (1) The calendar year and quarter in which the project first starts;
- (2) The employment resulting from the project over six (6) years;
- (3) The third year average salary of the new workers hired in the new direct jobs;
- (4) The county in which the establishment plans to locate;
- (5) A description of the establishment's operations and the operations of the project for which an application is being submitted; and
- (6) Such other information as may be required by the quality jobs representative.

(b) The project profile, which includes the preliminary analysis and the net benefit rate and the total possible incentive available to the establishment, will be sent to the eligible establishment for approval.

(c) Upon approval of the project profile, the establishment shall return the signed project profile to the quality jobs representative. The establishment shall also provide a copy of its basic health benefits plan offered to employees or a description of the plan that will be offered within one hundred and eighty (180) days of the date that it receives the first incentive payment.

(d) A project profile that has been approved, signed and returned to the Department by an establishment will serve as the application for the Saving Quality Jobs High Impact Project Program.

**150:65-3-12. Review of information [REVOKED]**

Before an incentive offer is made to an establishment, the Department shall review the establishment's project profile, health benefits plan, baseline employment, the net benefit rate and the maximum benefits allowable and the balance remaining in the High Impact Project Payment fund and the Saving Quality Job Premium Payment fund. After such review is completed, the Department may authorize the development of an incentive offer.

**150:65-3-13. High impact project incentive offer [REVOKED]**

(a) After an high impact project incentive offer is authorized by the Oklahoma Department of Commerce, a quality jobs representative shall prepare an incentive offer for the Executive Director's review and signature. The signed incentive offer

shall be forwarded to the establishment. An incentive offer may be accepted by the establishment within sixty (60) days of the date of signing by the Executive Director.

(b) The high impact project incentive offer shall be on a form prescribed by the Department which shall include the following information:

- (1) The net benefit rate which will be multiplied by verified gross quarterly payroll to determine the amount of quarterly payments;
- (2) The estimated net direct state benefits which is the maximum amount of benefits payments available;
- (3) The approval date of the incentive offer;
- (4) The baseline employment if applicable; and
- (5) Any other information the Department deems necessary.

(c) Upon acceptance and certification of the incentive offer, the establishment shall return the incentive offer to the Department. The incentive offer, signed by the chief executive officer or authorized representative, shall be returned to the Department by certified mail with return receipt requested, personal delivery or other means approved by the Department.

(d) For all purposes of the Saving Quality Jobs Act, the effective date of approval of the incentive offer will be the date the signed, accepted and certified incentive offer is received by the Department. Provided, however, the approved project may have a start date which is different than the effective date of approval.

**150:65-3-14. Required information [REVOKED]**

(a) The Oklahoma Department of Commerce may require establishments to provide any of the following information in order to determine eligibility under the provisions of the Saving Quality Jobs Act, 68 O.S. Supp. 1994, Section 3701, et seq:

- (1) SIC code number;
- (2) County in which the establishment plans to locate;
- (3) Business plans;
- (4) Feasibility studies;
- (5) Financing proposals;
- (6) OESC Form 3 or its electronic equivalent;
- (7) OTC Income Tax Withholding form;
- (8) Evidence of a firm commitment to a particular location;
- (9) Industry trends;
- (10) Service contracts in place or anticipated;
- (11) Historical data on management in place;
- (12) Organization structure of the establishment and any related business or governmental entities and the nature of the relationships;
- (13) Likelihood of job shifting;
- (14) Expansion of existing markets;
- (15) Extension of existing product line;
- (16) Labor market;
- (17) Financial statements or sales contracts; and
- (18) Marketing plans; and
- (19) Other relevant information.

(b) All such materials described in this section may be kept confidential by the Department pursuant to the terms of the Open Records Act.

# Permanent Final Adoptions

(e) The Department may require establishments approved to receive incentive payments to provide any information necessary in order to administer the program and prepare program reports.

## 150:65-3-15. Transmittal of information [REVOKED]

~~The Oklahoma Department of Commerce shall notify the Oklahoma Tax Commission of each approved high impact project incentive offer. The Department shall provide the Commission with a copy of each approved incentive offer, high impact project profile and the results of the cost benefit analysis.~~

## 150:65-3-16. Origination fees [REVOKED]

~~The Oklahoma Department of Commerce shall charge an origination fee of Two Hundred and Fifty Dollars (\$250.00) for each approved high impact project incentive offer. The fee shall be due at the time an establishment receives its first incentive payment from the Oklahoma Tax Commission. Upon receipt of the first incentive payment, the establishment shall remit the fee to the Department. [74:5012.1]~~

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2022:**

## SUBCHAPTER 13. OKLAHOMA REMOTE QUALITY JOBS INCENTIVE ACT

### 150:65-13-1. Purpose

The purpose of these rules is to implement the Oklahoma Remote Quality Jobs Incentive Act established in 68 O.S. §4501 et. seq.

### 150:65-13-2. Definitions

For purposes of this subchapter, the following words and terms have the following meaning unless the context clearly indicates otherwise:

"Application date" means the date on which the proxy establishment's application is first received and stamped by a Remote Quality Jobs representative at the Oklahoma Department of Commerce.

"Approval date" means the date on which the Executive Director of the Department of Commerce issues the offer to a proxy establishment to receive benefits pursuant to the Oklahoma Remote Quality Jobs program. If the Director issues an offer to a proxy establishment, the Application Date as defined in these rules will be considered the Approval Date for purposes of the act.

"Commission" means the Oklahoma Tax Commission and any successor agencies thereto.

"Department" means the Oklahoma Department of Commerce and any successor agencies thereto.

"Director" means the Executive Director of the Oklahoma Department of Commerce.

"Effective date" means the date that the signed and accepted incentive contract is received by the Department. An approved project may have an Effective Date which is different than the Start Date.

"Qualifying basic health benefits plan" means a health benefits plan providing coverage for basic hospital care, physician care, mental health care, substance abuse treatment, prescription drugs and prenatal care where not more than fifty percent (50%) of the cost of the premium is paid by the remote

worker. Services provided by an Employee Assistance Plan (EAP) are not sufficient to meet this definition.

**"Remote Quality Jobs Program"** or **"Act"** means the Oklahoma Remote Quality Jobs Incentive Act.

**"Remote quality jobs representative"** means the Department professional, trained in the Remote Quality Jobs Program, who is so designated by the Executive Director, and whose responsibilities include direct contact with applicants and clients, analysis of data, initiation of project proposals, preparation of project profiles and preparation of incentive offers.

**"Remote worker"** means as defined in 68 O.S. §4503. The twelve (12) month period referred to in the statutory definition refers to the twelve (12) month period immediately preceding the application date for participation in the program.

**"Start date"** means the date on which a proxy establishment may begin accruing benefits for the creation of new direct jobs. This date is set by agreement and is not more than twenty-four (24) months from the Application Date.

**150:65-13-3. Eligible entities**

(a) A proxy establishment may receive quarterly payments for a ten-quarter period if they facilitate the attraction of remote workers to the State of Oklahoma.

(b) A proxy establishment may be deemed to "facilitate the attraction of remote workers to the State of Oklahoma" only if they participate in all of the following activities:

- (1) Engage in marketing designed to attract qualifying remote workers to relocate to a location within the State of Oklahoma;
- (2) Facilitate visits and tours, either virtually or in person, for prospective qualifying remote workers to become familiar with the benefits of relocating to the State of Oklahoma; and
- (3) Provide a monetary incentive to a qualifying remote worker or his/her assignee to relocate to a location within the State of Oklahoma payable in full or in part upon and/or within a year of their relocation to Oklahoma.

(c) A proxy establishment will not be permitted to claim a Remote Worker whose employer is participating in any of the programs set forth in Section 4507 of Title 68 of the Oklahoma Statutes.

**150:65-13-4. Application**

(a) An eligible proxy establishment may obtain an application for acceptance into the Remote Quality Jobs program from the Department. Upon completion of all information submitted as part of the application, the Director will determine whether an applicant is qualified to receive incentive payments under the Program.

(b) To apply, a qualified proxy establishment may submit an application for participation in the Remote Quality Jobs program to the Department.

(c) As part of the Application, the proxy establishment is responsible for supplying all of the following information:

- (1) The proposed Start Date of the contract.

(2) The number of new direct jobs to be included as part of the contract.

(3) The yearly average salary of the Remote Workers hired in the new direct jobs.

(4) An insurance summary document indicating proof of a Qualifying Basic Health Benefits Plan for each Remote Worker to be covered by the contract.

(5) The name of each Remote Worker to be included in the contract.

(6) The name of the current employer of each Remote Worker to be covered by the contract.

(7) The amount of the direct monetary incentive to be paid out by the proxy establishment to each Remote Worker the proxy establishment intends to claim under the contract.

(8) Any other information or documentation deemed relevant by the Department to ensure the project meets statutory criteria.

(d) A proxy establishment may submit the information set forth above at any time between the Application Date until sixty (60) days prior to the Start Date of the contract.

(e) A proxy establishment that is receiving incentive payments pursuant to the Remote Quality Jobs Program cannot apply for additional incentive payments for any new projects unless and until either:

(1) the establishment's actual verified annual gross payroll for new direct jobs under the establishments existing contracts has met the statutory criteria as set out in Section 4504 of Title 68 of the Oklahoma Statutes for one (1) calendar quarter or

(2) The annual projected payroll for each of the proxy establishment's existing contracts under the act exceeds the mandatory annual gross payroll set forth in 68 O.S. §4504(B) and no less than nine (9) months have passed since the Application Date for the proxy establishment's most recent existing contract.

**150:65-13-5. Cost/benefit analysis; limitation of benefit**

In conducting the cost/benefit analysis to determine the net benefit rate, the Department will consider the following factors:

(1) The estimated direct state benefits including, but not limited to, the anticipated level of new tax revenues to the state.

(2) The estimated direct state costs including, but not limited to, the added cost to the state of providing services.

(3) The payments to be made by the proxy establishment to Remote Workers covered by the contract within a year of relocation to Oklahoma.

(4) Any other factor deemed relevant by the Department.

**150:65-13-6. Incentive contract**

(a) After an incentive contract is recommended by the Department, the contract will be prepared for the Director's review and signature. The signed document will then be forwarded

# Permanent Final Adoptions

to the proxy establishment. The tendered contract may be accepted by the proxy establishment within sixty (60) days of the date of signing by the Director, unless the Director extends this period at the establishment's request.

(b) The incentive contract will be on a form prescribed by the Department which includes all of the following information:

(1) The net benefit rate which will be multiplied by verified gross quarterly payroll of the Remote Workers to determine the amount of quarterly payments;

(2) The maximum amount of benefit payments available, which is the lesser amount of the cumulative payments to be made by the proxy establishment to Remote Workers or the estimated net direct state benefits under the contract;

(3) The project's Approval Date;

(4) The project's Start Date;

(5) The projected number of new direct jobs;

(6) The average annual wage of new direct jobs;

(7) Any other information the Department deems necessary to carry out the provisions of the statute.

(c) The original incentive contract, signed by the chief executive officer or authorized representative, may be returned to the Department by any means acceptable to the Department.

## 150:65-13-7. Transmittal of information

(a) The Department will notify the Commission of each approved incentive offer.

(b) The Department will provide the Commission with all of the following documentation for each approved incentive offer:

(1) A copy of the executed incentive contract.

(2) The results of the cost-benefit analysis.

(3) Any other information deemed by both the Department and the Commission to be reasonably necessary for administration of the program.

**"District"** means as defined in 62 O.S. §853.

**"EIN"** or **"FEI"** means Federal Employer Identification Number.

**"Local Development Act"** is set forth at 62 O.S. §§ 850 - 869.

**"Local governmental entity"** means a county, city or town forming an incentive district or an increment district pursuant to the provisions of the Local Development Act. [62 O.S. § 841(10)]

**"Project Area"** means as defined in 62 O.S. §853.

**"Retail leasable space"** means space intended for retail purposes and shall include, but not be limited to, points of sales, aisles, display areas, storage and warehouse space to support the retail purposes.

**"TIF"** means Tax Increment Financing as authorized by the Local Development Act.

**150:105-1-3. Application process**

(a) For the purpose of evaluating the applications, the Department will require all units of local governmental interested in the Oklahoma Local Development and Enterprise Zone Incentive Leverage Act to submit an application in a form prescribed by departmental guidelines as provided in the application packet. All applications will be required to contain sufficient information to permit the Department to comprehensively review the project proposal.

- (1) The Department will make available upon request application forms and application guidelines.
- (2) The forms and guidelines will provide threshold criteria information that will assist applicants in their application preparation.
- (3) The guidelines and forms set forth shall apply to all applications and awards made in the program year corresponding with the application and application guidelines packet.

(b) After the Department's evaluation is completed, the Department shall forward to the Oklahoma Tax Commission the Net Benefit Rate determined by the Department, certification that the project plan is located in an enterprise zone or supports a qualifying major tourism destination project, and certification that the qualifying investment and development has been or will be substantially completed no later than December 31, 2024~~2034~~.

(c) The Department shall forward a complete copy of the submitted application to the Oklahoma Tax Commission upon request.

**150:105-1-4. Threshold and selection criteria**

Complete threshold requirements and selection criteria will be set forth in the application guide. The minimum threshold criteria are as follows:

- (1) Project must be located entirely within an enterprise zone or in support of a major tourism destination which the local governmental entity determines is likely to significantly benefit contiguous or nearby enterprise zone census tracts;
- (2) No more than ~~ten-fifty~~ percent (~~40%~~)(50%) of the net leasable space of such development may be used for retail purposes except as otherwise provided within the statute and no state local government matching payment shall be made for project costs in support of any gambling establishment;
- (3) State local government matching payments cannot be used to supplant local revenue currently being expended within the increment district boundaries;
- (4) Certification that all projects described within the related project plan will generate, in the aggregate, a minimum of either One Million Dollars (\$1,000,000.00) in payroll, exclusive of payroll for construction, or Five Million Dollars (\$5,000,000.00) in investment;
- (5) The application must include an estimate of incremental revenues new to the state likely to be derived from the project;

- (6) The project must include the commitment of local governmental entity; and
- (7) The project meets the time deadlines set forth in 62 O.S. § 842(I).
- (8) If the project is in support of a major tourism destination, the application must meet the requirements set forth at 62 O.S. § 842 (B)(3) and (B)(4).
- (9) If the project is a Military growth impact project, the application must meet the requirements set forth at 62 O.S. §§ 841(13), (14), and (15).
- (10) The project is required to be fiscally neutral to the State.

**150:105-1-5. Annual reporting**

(a) Before February 1<sup>st</sup> of each year, entities who have been approved for participation in the program will certify and submit a report to the Department containing information about each of the following:

- (1) The amount of local government investment spent in the district to date.
- (2) The amount of future local government investment in the district with a projected timeline of the future investment.
- (3) The estimated amount of private company investment in the district.
- (4) The anticipated amount of future private company investment in the district with a projected timeline of the future investment.
- (5) For ad valorem TIF projects:
  - (A) The aggregate assessed value of properties in the district for the base year;
  - (B) The aggregate assessed value of properties in the district for each year subsequent to the base year;
  - (C) The aggregate assessed value of properties in the project area for the base year;
  - (D) The aggregate assessed value of properties in the project area for each year subsequent to the base year.
- (6) For sales tax TIF projects:
  - (A) The base level of aggregate sales tax attributable to businesses in the district; and
  - (B) The base level of aggregate sales tax attributable to businesses in the project area.

(b) Attached to the certified report, the entity will include all of the following supporting documentation:

- (1) A map with a defined boundary of the district;
- (2) A map of the project area; and
- (3) A list of properties and operating companies in the district with the FEI/EIN of the operating companies.

(c) The entity will continue submitting these annual reports to the Department until they have submitted a final report after the project has been completed.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2022:**

**SUBCHAPTER 1. FILMED IN OKLAHOMA ACT**

**150:150-1-1. Purpose**

These rules implement the Filmed In Oklahoma Act at the Oklahoma Film and Music Office (OFMO) within the Oklahoma Department of Commerce.

**150:150-1-2. Definitions**

In addition to the definitions in the Filmed in Oklahoma Act, the following terms when used in this Subchapter have the following meanings, unless the context clearly indicates otherwise:

**"Above-the-line personnel" or "ATL"** means as defined in 68 O.S. §3632. It includes individuals hired or credited on screen for the Production as producers (all levels), principal cast (SAG Schedule F/Run of Show or equivalent), screenwriters and the Film director.

**"Act"** means the Filmed in Oklahoma Act

**"Application estimate"** means the estimated QPEs submitted to OFMO prior to the start of principal photography.

**"Commission"** means the Oklahoma Tax Commission or its successor entity.

**"Conditional pre-qualification" or "conditionally pre-qualified"** means the status or act of approval being granted to a Production's Eligibility Application by OFMO.

**"Department"** means the Oklahoma Department of Commerce.

**"Eligibility application"** means the application of eligibility for the program. If the application is approved by OFMO, the film is "Conditionally Pre-Qualified"

**"Episodic pilot"** means a standalone episode of a television series used to sell the show to a television station, television network, cable television station or streaming service.

**"Final application"** means the package submitted to OFMO documenting all criteria for a rebate has been met and the Production Company is requesting payment of a Rebate Claim. This package includes all documentation reasonably necessary to prove eligibility that has not previously been provided to OFMO.

**"Hub location"** means the Municipality where most of the principal photography conducted in Oklahoma on the film has occurred.

**"Loan-out corporation" or "Loan-out company"** means a corporation or limited liability company actively registered with the Oklahoma Secretary of State to do business in this state as a foreign or domestic entity used by Above-the-line personnel and Crew to report payments received from the Production as Oklahoma earnings for the personnel or Crew member.

**"Master tradesperson"** means a skilled and experienced tradesperson who instructs an Apprentice through use of practical experience so the Apprentice may learn a trade, craft or profession.

**"Municipality"** means an incorporated city or town. If a location is not in an incorporated city or town, it is considered part of the nearest incorporated city, or town.

---

**"Office"** or **"OFMO"** means the Oklahoma Film and Music Office or its successor entity.

**"Oklahoma based"** means as defined in 68 O.S. §3632. This term includes a business entity registered and in good standing as a Domestic entity with the Oklahoma Secretary of State and that files an Oklahoma income tax return.

**"Oklahoma expatriate"** means a person who has previously resided for at least one year, but does not currently reside, in Oklahoma.

**"Oklahoma resident"** means a person who is a resident under the Oklahoma Tax Code at the time of hire.

**"Oklahoma vendor"** means a seller, renter or lessor of goods or services who charges Oklahoma sales tax under an Oklahoma Sales Tax Permit on taxable transactions and is either (1) Oklahoma-Based or (2) a foreign business entity with an active registration to do business in Oklahoma and an Oklahoma physical location for transacting business.

**"Payroll burden"** means employer-paid taxes (e.g. FICA, Medicare and Unemployment Insurance) and payroll-associated payments made on a specific employee's behalf by law or collective labor bargaining agreement (e.g. union dues and union fringes). Payroll Burden includes the employer-paid portion of health insurance for an employee, if such insurance was paid to an Oklahoma-Based insurance company or obtained through a licensed Oklahoma insurance broker.

**"Per diem"** means fixed payments made to Crew and Above-the-line personnel regardless of residency in lieu of reimbursement for lodging/housing, meals and incidentals, up to a maximum of the Per Diem Rate allowed for the applicable location and date in the U.S. General Services Administration Per Diem Rates. This does not include car and travel stipends, as these expenses are ineligible for rebate.

**"Principal photography"** means the filming of significant components of a Film which involve principal cast or, in the case of Films that do not involve live actors, the beginning of substantive work on the animation or graphics that form the Film's primary visual story.

**"Production"** means a project to make a Film.

**"Production budget"** means the total budgeted cost of the Production.

**"Production company"** means as defined in 68 O.S. §3632. Eligibility and Final Applications are filed by the Production Company and, unless previously agreed to in writing by the OFMO, payment of approved Rebate Claims is made to the Production Company.

**"Project filmed in this state"** means that at least one of the film's principal photography production days have occurred in Oklahoma. A project that does not meet this threshold is a "project filmed outside this state".

**"Proof of funding"** means demonstration in a form acceptable to the OFMO that a Production has or will have funding in place to cover the Production Budget. Acceptable forms approved by the OFMO may include a letter of intent from a recognized industry financier, written verification of dedicated deposits in a recognized financial institution or a letter of credit from an acceptable guarantor.

**"Qualified production expenditure amount"** or **"QPE"** means a qualified production expenditure.

**"Rebate claim"** means the formal request for OFMO to issue a Rebate under the Program.

**"Rebate enhancement"** means the additional incentive amounts a project may be eligible for which may be offered in addition to the base incentive amount. These Rebate Enhancements are specifically listed in 68 O.S. §§3635(B) and 3636(B).

**"Rebate schedule"** means a schedule of dates, deadlines, and submittals the Production is to achieve to submit the Final Application and have its Rebate Claim approved.

**"Salaries"** or **"Wages"** means those salaries and wages designated as Oklahoma earnings on payroll records along with the associated Payroll Burden, Per Diem and Housing Allowance.

**"Scouting expenses"** means costs incurred to identify locations, Crew, facilities, services and equipment to be used in the Production.

**"Series season"** means a group of episodes of the same Eligible Television Series which are either released simultaneously or at regular intervals to be aired within a certain time frame through traditional television content providers or through a streaming service.

**"Start of pre-production"** means the opening of an Oklahoma office for the Production, or incurring QPE other than Scouting Expenses, or otherwise commencing business on the Production in Oklahoma other than scouting.

**"Television series"** means a group of two or more episodes of a production with a common series title and general theme intended to be released for viewing through a traditional television content provider or through a streaming service.

### **150:150-1-3. Program criteria and qualification**

(a) **Applying for rebate eligibility:**

(1) Applications and all necessary forms may be submitted to OFMO through the OFMO website or as otherwise specified by OFMO.

(2) Unless otherwise authorized by OFMO, Eligibility Applications submitted for projects filmed inside the State pursuant to 68 O.S. §3635 may be submitted no earlier than one (1) year prior to the start of Principal Photography but no later than forty-five (45) days prior to the start of Principal Photography. The exact specifications of the Eligibility Application are shown on the OFMO website, and include but are not limited to:

(A) General information about the Production;

(B) Contact information;

(C) Preliminary production milestone dates;

(D) A copy of the screenplay (or treatment if appropriate);

(E) The Production Budget top sheet and estimated headcount;

(F) Various acknowledgements of program and OFMO criteria and agreements to abide by them;

(3) Unless otherwise authorized by OFMO, Eligibility Applications for post-production activity on a Project

filed outside of this state pursuant to 68 O.S. §3636 may be submitted no earlier than one (1) year prior to the occurrence of the post-production activity occurring in Oklahoma but no later than fourteen (14) days prior to the occurrence of the post-production activity occurring in Oklahoma. The exact specifications of this Eligibility Application are shown on the OFMO website, and include but are not limited to:

(A) The post-production budget or budget top sheet including post-production services and

(B) Proof of funding for the post-production services.

(4) Applicants may track the status of their Eligibility Application on the OFMO website.

(5) Application does not guarantee acceptance. OFMO considers each Eligibility Application individually based upon many factors, including compliance with these Rules, the Act, the benefits of the project to Oklahoma (such as economic impact, jobs, tourism, branding, image and follow-on work), funds available, anticipated future Program needs, and other projects applying for a rebate.

(6) If the Eligibility Application is approved, the Production Company will be Conditionally Pre-Qualified and OFMO will work with the Production to establish a Rebate Schedule.

(7) Conditional Pre-Qualification does not guarantee ultimate approval of a Rebate Claim. The Rebate Claim is not deemed to be approved until after the Final Application is approved.

(8) If the Eligibility Application is denied, OFMO may provide the applicant with the reason(s) it was denied.

(9) Only one Eligibility Application per fiscal year per Production may be accepted.

(10) OFMO may provide the Oklahoma Tax Commission with quarterly reports containing information concerning the Conditional Pre-Qualification of Applications and approved Rebate Claims.

(b) Application Estimate. If the Eligibility Application is approved, the Application Estimate will be multiplied by the rebate percentage deemed appropriate by the Department. The resultant amount is the amount that may later be paid as the Rebate Claim (the "Potential Rebate Claim")

(c) If the Final Application and Rebate Claim are later approved:

(1) If the QPE are less than or equal to the application Estimate, the Rebate claim may be paid in full up to the Potential Rebate Claim amount. Any amount of the Potential Rebate Claim that has been Pre-Qualified but is less than the actual Rebate Claim may be deemed not Pre-Qualified and will not count toward the limitations set forth in 68 O.S. §3634.

(2) If the actual QPE are more than the Application Estimate, the amount that may be paid on the Rebate Claim is limited to the Potential Rebate Claim Amount. QPE that exceed the Potential Rebate Claim Amount are considered an additional claim and may, at OFMO's discretion, be approved for payment. If the additional claim is approved, the additional amount agreed to be paid counts toward the

Conditional Pre-Qualification limits set forth in 68 O.S. §3634 of the then current fiscal year.

(d) Rebate Schedule. For Projects filmed in this State pursuant to 68 O.S. §3635, unless otherwise agreed by OFMO in writing, after Conditional Pre-Qualification, OFMO and the Production Company will establish a schedule of dates based upon the following benchmarks:

(1) 45 calendar days prior to Principal Photography- submit Application Estimate and Proof of Funding for at least fifty percent (50%) of the Production budget unless otherwise agreed upon beforehand by OFMO.

(2) Prior to paying salaries or wages to a Production Company's employee in Oklahoma- submit a certificate of workers' compensation insurance with limits pursuant to Oklahoma Law.

(3) 30 calendar days prior to Principal Photography - submit the following:

(A) Proof of funding for the Production Budget;

(B) Updated filming schedule;

(C) Updated screenplay (or treatment if appropriate);

(D) Copy of the completion bond as described in "(e)" Below, if applicable;

(E) Additional documents as reasonably requested by OFMO.

(4) 10 calendar days prior to Principal Photography:

(A) Submit a certificate of general liability insurance with a minimum limit of \$1,000,000 in coverage (or a binder for such with a state date no later than the estimated Start of Pre-Production).

(B) Submit a certificate of automobile liability insurance with minimums of \$250,000/500,000/250,000 coverage (or a binder for such with a state date no later than the estimated Start of Pre-Production) or certification that no employee of the Production will drive an automobile as part of the Production.

(5) During Principal Photography - submit the following (preferably in advance, if practical):

(A) Updates to the filming schedule;

(B) Updates to the screenplay (or treatment if appropriate);

(C) Call Sheets.

(6) Within 90 calendar days of completion of the Production (or payment date of last QPE, if later):

(A) Upload through the OFMO website the list of Oklahoma Crew, Oklahoma Expatriates and Oklahoma Vendors used on the Production;

(B) Submit the Final Application.

(e) Completion Bond. Unless a Production is backed by a major studio or other financing source acceptable to OFMO, the Production will post a Completion Bond from a guarantor acceptable to OFMO guaranteeing completion of the Production and payment of all Oklahoma liabilities. In lieu of a Completion Bond, a Production may produce evidence acceptable to OFMO that all Crew, vendors and taxes have been paid and there are no outstanding or potential liens in Oklahoma against the Production Company.

## Permanent Final Adoptions

---

(f) End of Production credits:

(1) The end credit crawl of all release prints of a Film filmed in Oklahoma will include "filmed in Oklahoma using the Filmed in Oklahoma Act" and a logo provided by OFMO.

(2) The end credit crawl for all release prints of a Film for Projects filmed outside of this state pursuant to 68 O.S. §3636 will include "postproduction activity for the film was conducted in Oklahoma using the Filmed in Oklahoma Act" and a logo provided by OFMO.

(3) If the production does not contain end credits, the production company will provide equivalent value as determined by OFMO prior to payment of the Rebate Claim. If the production does not intend to use end credits, this should be disclosed to OFMO prior to Conditional Pre-Qualification of the project.

(g) Certified Public Accountant's Report: Final Applications for both Projects filmed in this state and for Projects filmed outside of this state pursuant to 68 O.S. §3636 will be accompanied by a CPA's Report, prepared at the expense of the Applicant, attesting that the amounts in the Final Application are OPE that comply with these rules.

(1) Reports will be prepared by a CPA currently licensed by the State of Oklahoma and who is independent under the American Institute of certified Public Accountants' (AICPA) Independence Rule.

(2) CPAs will carry professional liability insurance, in a form and from a carrier acceptable to OFMO, for at least \$500,000.

(3) The CPA's examination will be conducted according to the AICPA's Attestation Standards.

(4) Reports will use a materiality threshold set by OFMO and published on its website.

(5) CPAs will work with the Production Company to resolve exceptions or discrepancies prior to submitting the Final Application, such that the CPA's Report attests to the validity and accuracy of the amounts on the Application without exception.

(6) The CPA's Report will attest:

(A) Actual Production expenditures were at least \$50,000 and OPE at least \$25,000.

(B) All amounts on the Application are properly calculated and materially accurate.

(C) All Oklahoma payroll tax returns due from the Production Company (or its payroll processor) have been filed.

(D) All Oklahoma income tax returns for the Production Company due as of the review date have been filed.

(7) The CPA will retain all workpapers for the CPA's Report for seven years, during which they may be subject to audit by OFMO or its agents, upon a request by OFMO.

(h) Final Application:

(1) Upon completion of the Production and mandates herein, the Production Company may submit a Final Application.

(2) Submitting a Final Application does not guarantee approval. OFMO may approve or disapprove of all claims

within 60 calendar days of receipt of a properly completed Final Application.

(3) If a Final Application or Rebate Claim is denied, the Production Company may attempt to correct any discrepancies or problems and resubmit within thirty (30) days of denial.

(4) Once a Final Application is approved by OFMO,

(A) Amendments are not allowed;

(B) The Production Company will work with OFMO to establish a vendor ID with the State.

(5) The Oklahoma Tax Commission will, upon notification of approval from the OFMO, issue payment for all approved Rebate Claims, subject to any statutory limitations and any other written agreements between the Production Company and the Department.

(i) Delays, Transferability and Expiration:

(1) A Conditionally Pre-Qualified Production may delay the start of Principal Photography two times for a total delay of up to ninety (90) days from the date when principal photography was originally scheduled to begin, unless other extensions are granted in writing by OFMO for good cause. If the start is delayed a third time, or a Production does not start by the date specified in their latest update to the Production Schedule submitted to OFMO, Pre-Qualification is revoked, the Eligibility Application is denied and the Production cannot apply again until the following fiscal year.

(2) Conditional Pre-Qualification is specific to the Production and Production Company and is non-transferable. Productions, screenplays and budgets may evolve as long as they are substantially similar to those submitted in the Eligibility Application.

(3) Unless otherwise approved by OFMO in writing, Conditional Pre-Qualification expires:

(A) If the letter offering Conditional Pre-Qualification is not signed and returned to OFMO within seven (7) business days of receiving it; or

(B) Two (2) years from the start of Principal Photography.

(4) If Conditional Pre-Qualification expires or is revoked, the Potential Rebate Claim amount from the revoked or expired Conditional Pre-Qualification does not count toward the Conditional Pre-Qualification cap set forth in 68 O.S. §3634.

### **150:150-1-4. Multi-film deals**

(a) As part of the Eligibility Application, an applicant will provide information as requested by OFMO indicating whether the Film being produced is intended to be part of a "Multi-Film" Deal.

(b) If an applicant indicates that a film is part of a Multi-Film Deal, and provides the requested documentation, the Department may Conditionally Pre-Qualify the Multi-Film Deal Rebate Enhancement amount in a manner consistent with these rules. The Multi-Film Deal Rebate Enhancement amount Conditionally Pre-Approved for each Film in a Multi-Film Deal may only be approved for payment after approval of the Final Application of the third film in the Multi-Film Deal.

- (c) After approval of the Final Application of the third film in a Multi-Film deal, and for each subsequent film that is part of the Multi-Film deal, the Department may formally approve the Rebate Enhancement applicable for the Multi-Film Deal and notify the Commission so the Conditionally Pre-qualified Rebate Enhancement for the Multi-Film deal may be paid.
- (d) Episodes filmed as part of a single Series Season do not qualify for the Multi-Film Deal incentive enhancement.
- (e) A television Episodic Pilot which is part of a Multi-Film Deal for purposes of the incentive enhancement cannot receive an Incentive Enhancement for a television Episodic Pilot as otherwise provided in the act.

**150:150-1-5. Apprentices**

- (a) OFMO may maintain a list of trades or departments deemed necessary for a film production where an Apprentice may be utilized to qualify for the rebate pursuant to the Act and list these trades on the OFMO website.
- (b) A person is considered an Apprentice as defined by the act, if he or she meets all of the following criteria:
  - (1) The Apprentice is an Oklahoma resident;
  - (2) The Apprentice is supervised by an experienced Master Tradesperson in the trade, craft or profession being practiced by the Apprentice in the production;
  - (3) The Apprentice works in a trade recognized by OFMO as necessary for a film production;
  - (4) Unless otherwise approved by OFMO in writing, the Apprentice works under the supervision of the Master Tradesperson at least one-half (1/2) of the days the Master Tradesperson under which the Apprentice is learning is actively engaged in the film.
  - (5) The Apprentice is paid, at minimum, federal minimum wage for all hours worked during their apprenticeship;
  - (6) The Apprentice completes a questionnaire or survey provided by OFMO to be returned to OFMO with the Final Application.

**150:150-1-6. State Certified Industry Standard Soundstage Facility**

- (a) A facility may be considered a State Certified Industry Standard Soundstage Facility (State Certified Soundstage Facility), if a building, or complex of buildings, building improvements and associated back-lot facilities on a property meets all of the following criteria:
  - (1) Multiple Productions are, or are intended to be, regularly produced at the facility throughout the year;
  - (2) The primary revenue source for such a facility is from industry Productions and ancillary services to such Productions;
  - (3) The facility is marketed and made available to third party productions planning to rent such facility and the facility is able to be listed on the OFMO website for such rental;
  - (4) The facility provides additional industry specific on-site services and amenities for third party Productions;

- (5) The facility contains at least 7,500 sq feet of combined and dedicated studio space which:
  - (A) Features acoustically treated walls.
  - (B) Achieves a noise criterion rating of 30 or better
  - (C) Has a height of at least 15 feet and;
  - (D) Is equipped with sufficient heating and air conditioning for filming without the need for supplemental units (but supplemental units may be used)
  - (E) Otherwise meets the criteria for a qualified soundstage facility as defined in the Act.
- (b) OFMO may compile and maintain a list of State Certified Soundstage Facilities located within the State of Oklahoma and may make this list available either through request or by publishing a regularly updated list on the OFMO website.
- (c) A soundstage facility may apply to OFMO and request to be listed as a State Certified Soundstage Facility by contacting OFMO and making application to the Department in a manner and on an application provided by OFMO.

**150:150-1-7. Incentive amounts**

- (a) The base incentive amount and all Rebate Enhancement percentages set forth in 68 O.S. §3635 and §3636 are the maximum possible incentive percentage amounts payable under each specific circumstance. The decision as to whether to offer an incentive, and how much of an incentive may be offered is made at the discretion of OFMO.
- (b) The actual rebate percentage approved for a project, if any, is determined by the Department in a way that achieves the maximum positive impact for the Oklahoma economy.
- (c) In determining the rebate percentage amount to be approved, if any, pursuant to either 68 O.S. §3635 or §3636, the Department may consider the following:
  - (1) Benefits of the project to the State (including economic impact, industry infrastructure impact, jobs, tourism, branding, image and follow-on work);
  - (2) The amount of rebate payments conditionally pre-qualified by the Department for the current fiscal year;
  - (3) Impact on the ability of the Department to commit funds to additional projects for the current fiscal year;
  - (4) The amount of incentive believed to be necessary to win the project.
- (d) The incentive percentage to be approved for a project may be determined at the time of Conditional Pre-Qualification of the application with the following limitations:
  - (1) If a project fails to meet the criteria for a particular Rebate Enhancement for which the project was initially pre-qualified to receive, the percentage of that specific incentive enhancement is removed from the total percentage of the incentive offer.
  - (2) If a project underperforms with regards to any of the Rebate Enhancement categories from what they projected in the initial application, the additional incentive amount offered for that category may be reduced.
  - (3) If a project uses fewer apprentices than the amount claimed at the time of Conditional Pre-Qualification, the base incentive amount may be reduced.
  - (4) If the Rebate Claim amount is fifteen or more percent (15%+) lower than the amount for which the Film was

## Permanent Final Adoptions

pre-qualified, one percent (1%) of the Rebate amount for which the Film would otherwise be paid may be reduced due to the reduced economic benefit to the State.

(e) OFMO may utilize a scoring system to provide guidelines as to the amount of incentive offered for a project, if any. OFMO may also rank projects to determine which projects should receive priority in receiving an incentive offer. Any list created by OFMO ranking projects is not subject to the Open Records Act.

(f) OFMO may prioritize projects on a project ranking list which meet the following criteria:

- (1) Projects which are the second or subsequent film in a Multi-Film Deal;
- (2) Projects which are part of a television series filmed in Oklahoma where either the series Television Pilot or a previous Series Season was filmed in Oklahoma
- (3) Post-production activity occurring in Oklahoma on a television series filmed outside of Oklahoma where post-production activity on either the series Television Pilot or a previous Series Season had occurred in Oklahoma.

### **150:150-1-8. Qualified production expenditures**

(a) A Qualified Production Expenditure, or production cost, includes Oklahoma expenditures or production costs as defined in 68 O.S. §3632 including as the following expenditures, whether paid directly or through an Oklahoma based entity, subject to statutory limitations:

- (1) Salary Costs for Oklahoma Resident Crew;
- (2) Salary Costs for Oklahoma Expatriate Crew;
- (3) Payments to the owner(s) of an Oklahoma Loan-Out Company for Oklahoma Resident Crew;
- (4) Payments to the owner(s) of an Oklahoma Loan-Out Company or salary payments for Crew that is not Oklahoma-Based or who are non-residents, other than above-the-line personnel, subject to the sunset limitations in 68 O.S. §3635(A);
- (5) Subject to the twenty-five percent limitation, the sum of:
  - (A) payments to Oklahoma-Based above the line personnel

## **150:155-1-3. Eligible entities**

To be certified by the Department as a Diverse Business Enterprise, a business will meet all of the following criteria:

- (1) Have less than Five Hundred (500) total employees.
- (2) Have an annual revenue equal to or less than Twenty-Five Million Dollars (\$25,000,000).
- (3) Be Oklahoma Owned and Operated.
- (4) Be registered to do business with the Oklahoma Secretary of State, if applicable.
- (5) Not be a publicly traded company.
- (6) Meet one or more of the following criteria:

(A) Certified by the United States Small Business Administration as one or more of the following types of entities:

- (i) Woman-Owned Small Business
- (ii) Minority-Business Enterprise
- (iii) Small Disadvantaged Business
- (iv) Service-disabled Veteran-Owned Small Business
- (v) HUBZone Small Business Concern
- (vi) 8(a) Business Development Program member.

(B) Fifty-one percent (51%) or more owned and controlled by a member of one of the following diverse groups:

- (i) Native Americans.
- (ii) United States Military Veterans.
- (iii) Women.

(iv) Racial Minorities.

(C) An Oklahoma Department of Transportation Disadvantaged Business Enterprise.

## **150:155-1-4. Applications; contents**

(a) Any business seeking certification as a Diverse Business Enterprise may submit an application to the Department on forms or otherwise in a format furnished by the Department.

(b) The application may request the following information:

(1) A complete business history of the enterprise. This may include, as applicable, copies of organizational documents such as the minutes of the first organizational meeting, partnership agreements, articles of incorporation, stock certificates and corporate bylaws or business statement of sole proprietor.

(2) A listing of all principals and the percentages of ownerships and resumes of all principals, key managers and key personnel.

(3) Current financial statements of the business, latest business income tax returns, proof of investment by principals, bank resolution on all company accounts, loan agreements, lease/rental agreements and other information as may be necessary to verify control or ownership.

(4) Any additional information reasonably necessary for the Department to determine whether the business qualifies for certification under the rules of this chapter.

(c) As part of the application, the Department may demand that an applicant provide photocopies of any documentation the Department deems reasonable to determine if a business is an Eligible Entity.

(d) Incomplete or improperly completed applications may be returned to the applicant without further consideration.

(e) Within a reasonable time of having received a qualifying application and all supporting documents, the Department may notify a qualifying company that they are certified as a Diverse Business Enterprise and informing them of the length of their certification.

## **150:155-1-5. Length of certification; renewal and revocation**

(a) The Department will certify a business which meets the eligibility criteria of this chapter as a Diverse Business Enterprise. This certification will remain in place for up to five (5) years unless any one or more of the following conditions occur:

(1) There is a change in ownership or daily management to persons other than those upon whom certification was based.

(2) The business has a change in yearly revenues or number of employees that exceeds the size limitations for Eligible Entities.

(3) The business ceases to exist as an independent operation.

(4) There is a change which, had it occurred before certification, would have prevented the business from being certified by the Department.

(b) If an event occurs that cause a business to no longer meet the criteria of an Eligible Entity, they are to notify the Department in writing of the change and relinquish their certification within thirty (30) days of the event. The business may reapply for certification at any time, should they once again become an Eligible Entity.

(c) Renewal of Certification

(1) Prior to expiration of the certification, if an entity has experienced no change in ownership and otherwise meets all criteria of an Eligible Entity, the Eligible Entity may submit an affidavit confirming that no changes affecting ownership or the Eligible Entity's ability to meet the program's qualifications have occurred.

(2) If an Eligible Entity has experienced a change in ownership, but still meets the criteria of an Eligible Entity, the Entity may submit a renewal application to the Department along with any documentation requested by the Department if they seek to remain in the program.

(3) If the affidavit or renewal application is approved, the certification of the business may be extended for up to five years from the date the certification was set to expire.

(4) The affidavit form and/or renewal application to be submitted to the Department will be made available to businesses by the Department upon request or otherwise through the Department website.

(d) Expiration of Certification

(1) If the Department has not received an affidavit or renewal application from the business affirming that the business still meets the criteria of an Eligible Entity along with all requested documentation prior to expiration of their current certification, the business will no longer be certified as a Diverse Business Enterprise.

(2) If the affidavit or renewal application is received from the business by the Department prior to expiration of the certification, the Department may grant an extension to the business to provide documentation establishing that the business is still an Eligible Entity.

(3) The Department will notify the Office of Management and Enterprise Services (OMES) of any business whose certification has expired.

(e) Revocation of Certification

(1) A business may have its certification revoked if the business does not meet the criteria of an Eligible Entity as set forth in these rules or by statute.

(2) The Department will send a letter to the business at the address on the Business's application notifying the business that they are having their certification revoked at least thirty (30) days before the revocation is effective.

(3) A business may object to revocation of their certification by mailing a written objection to the Department via certified mail at least ten (10) days prior to the effective date of the revocation. If this letter is not received by the Department prior to the date of revocation, the certification will be revoked.

(4) The Department will notify OMES of any business whose certification is revoked.

(f) A business that has its certification revoked or whose certification expires may reapply for certification whenever that

business becomes eligible for certification as an Eligible Entity.

**150:155-1-6. Administrative hearings**

(a) Any applicant who believes that it has been wrongfully denied certification by the Department may request an administrative hearing pursuant to the provisions regarding Individual Proceedings found in 150:1-11-1 et. seq. of the Department's General Rules of Practice and Procedures.

(b) Any business that loses certification through revocation who timely mails or delivers a notice of objection to the Department as set forth within these rules will be presented an opportunity for hearing pursuant to 150:1-15-1 et. seq. of the Department's General Rules of Practice and Procedures.

**150:155-1-7. Additional information; on-site inspections**

(a) The Department may request additional information from program applicants or participants as deemed reasonably necessary by the Department at any time. Failure to provide such information may be grounds for denial of certification or revocation of certification.

(b) The Department may conduct on-site evaluations as deemed necessary by the Department.

**150:155-1-8. List of certified entities**

The Department will compile a list of all entities certified through the Diversity Initiative and will provide this list to the Central Purchasing Division of the Office of Management and Enterprise Services, or any successor entity, within a reasonable time.

### **CONTACT PERSON:**

Thomas Grossnicklaus, Chief of Staff - General Counsel, 405-815-5153 or Thomas.grossnicklaus@okcommerce.gov

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2022:**

### **150:160-1-1. Purpose and authority**

These rules implement the Invest in Oklahoma Act as set forth in Section 2400 et. seq. of Title 62 of the Oklahoma Statutes.

### **150:160-1-2. Definitions**

The following words and terms when used in this chapter have the following meaning, unless context clearly indicates otherwise:

"Department" means the Oklahoma Department of Commerce.

"Firm" means the legal entity charged with management of the private equity fund, venture capital fund, or growth fund.

"Fund" means a private equity fund, venture capital fund or growth fund.

"Oklahoma based" means that the Fund or other business entity maintains their principal physical place of business in the State of Oklahoma.

"Principal" means any person employed by the Fund responsible for making decisions about investments for the Firm, regardless of their job title.

"Principal place of business" means the place where a company's officers direct, control and coordinate the business's activities.

"Program" means the Invest in Oklahoma Program.

"Public entity" means a public entity listed in section 2402 of Title 62 of the Oklahoma Statutes.

"Substantial investments in this state" means that the Fund has invested at least One Million Dollars (\$1,000,000) in Oklahoma based businesses over the three (3) years prior to application and is committed to invest at least ten percent (10%) of any funds received by one of the Public Entities in an Oklahoma Based business.

"Venture capital fund" means as defined in paragraph (a) of section 275.203(I) of Title 17 of the Code of Federal Regulations.

### **150:160-1-3. Qualifying firms**

(a) To qualify to participate in the Program, a Firm must meet all of the following criteria at the time the application is received by the Department:

(1) An internal rate of return, including realized and unrealized gains, for the Firm's portfolio over the last since inception which is the greater of either:

(A) One-third (1/3) of the annual rate of return for venture capital firms as reported by Pitchbook Data, Inc., or

(B) Five percent (5%).

(2) The Firm managing the Fund will have been active for at least one full year prior to application.

(3) The Firm managing the Fund will have at least Five Million Dollars (\$5,000,000.00) in assets under management over the most recent year prior to application.

(4) Principals or Limited Partners associated with the Firm cannot have ever been convicted of or received a deferred sentence for the following:

(A) Any felony offense.

(B) Any misdemeanor offense involving a financial related crime.

(5) The Firm will commit to investing at least ten percent (10%) of any investment they receive from a Public Entity in Oklahoma Based businesses.

(6) A Firm participating in the program may charge no more than 2.5% of its capital as a management fee and may collect no more than 30% of carried interest.

(7) Principals affiliated with the Firm will have a minimum of five (5) years of experience in one of the following areas:

(A) Institutional Investment,

(B) Executive level management, or

(C) Investment Banking.

(8) Be in good standing with all applicable regulatory agencies and taxing entities.

(b) In addition to the criteria set forth above, a Firm which is not Oklahoma Based may only participate if the Firm has made Substantial Investments in this State.

(c) Approval of a Firm for participation in the program may only occur if the Firm meets the qualifications in this subsection, and if the Department believes in its discretion that the Funds appear to be appropriately managed and invested.

**150:160-1-4. Application, renewal, and removal from program**

(a) A Firm who wishes to participate in the Program will apply to the Department for participation using a form created by the Department.

(b) The application will mandate that the Firm provide all of the following information:

(1) Documentation concerning the rate of return for the Firm's portfolio from at least the most recent full calendar year to the time of application.

(2) Documentation establishing the Firm's years of operation.

(3) Documentation establishing the amount of assets under management by the Firm from at least the most recent full calendar year to the time of application.

(4) Documentation concerning the differentiation and sustainability of investment strategy.

(5) Documentation establishing that a Firm who is Oklahoma-based meets the definition of an Oklahoma-based Firm.

(6) Documentation of the Firm's fee structure.

(7) Documentation establishing the experience of Principals associated with the Firm.

(8) Other documentation requested by the Department.

(c) Incomplete or improperly completed applications may be returned to the Firm without further consideration.

(d) Firms approved for participation in the Program may be approved for three (3) years.

(e) Renewal of program participation

(1) If a Firm which is participating in the Program seeks to continue in the Program after their approval period expires, the Firm will complete a renewal application and submit the same to the Department along with all documentation requested by the Department.

(2) The Department may provide a simplified renewal application for participation if it is deemed by the Department to be sufficient to determine the Fund meets program criteria.

(3) A Firm who applies for renewal must submit proof that it has invested at least ten percent (10%) of the amount received from a Public Entity in an Oklahoma Based business along with the renewal application. If a Firm cannot provide this information, it will not be renewed.

(3) If a Firm is approved for participation in the Program, the decision as to the length of its participation or renewal will be made in the sole discretion of the Department.

(4) If a Firm is not renewed for participation in the program, the Department will notify each Public Entity that the Firm has been removed from the program for failure to renew participation.

(f) Suspension and Removal of a Firm from the Program.

(1) The Department may suspend a Firm from participation in the Program at any time for any of the following reasons:

(A) If the Department reasonably believes the Firm is not being appropriately managed and invested.

(B) If an event occurs that, had it happened prior to the Firm's application, the Firm would have not been allowed to participate in the program.

(2) If the Department suspends a Firm from the Program, the Department will notify the Firm of the suspension within five (5) business days and will also notify each Public Entity that the Firm has been suspended from the Program.

(3) A Firm who is suspended from the Program may request an administrative hearing pursuant to the provisions regarding Individual Proceedings found in 150:1-11-1 et. seq. of the Department's General Rules of Practice and Procedures. If a hearing is held, each Public Entity will be notified of the result of the administrative hearing within a reasonable time.

(4) If the Firm does not prevail at the hearing, or if they do not timely request a hearing, they may be removed from participation in the Program and each Public Entity will be notified of the removal.

(5) Firms who are removed from the program may be disqualified from future participation by the Department either permanently or for a number of years if the Department believes that it is in the best interest of the State to do so.

**150:160-1-5. Participating public entities**

(a) Public Entities who are considering investing under the act should not rely, either solely or in part, on the fact that a Firm has been approved for participation in making investment decisions.

(b) Because the needs of each Public Entity may be different, each Public Entity should do their own due diligence before investing in a participating Firm.

(c) By allowing a Firm to participate, the Department does not make any representation as to the performance or viability of any Fund or Firm. Public entities who choose to participate do so at their own risk after performing their own due diligence and make decisions in accord with their fiduciary duties to their clients.

**150:160-1-6. Sharing of information**

The Department of Commerce will maintain a list of Firms who have been approved for participation in the Program. This list, along with a brief description of the Fund and contact information for the Firm may be shared with Public Entities upon request, and/or shared publicly on the website of the Department of Commerce.

**150:160-1-7. Requests for additional information**

The Department may request additional information from a Firm as deemed reasonably necessary by the Department at any time. Failure to provide such information within a time

# Permanent Final Adoptions

period set forth by the Department will be grounds for immediate suspension from the Program.

### 150:165-1-2. Definitions

The following words and terms, when used in this Subchapter shall have the following meaning, unless the context clearly indicated otherwise:

"Act" or "this act" means the Oklahoma Tourism Development Act found in 68 O.S. § 2391- §2397;

"Agreement" means an agreement entered into pursuant to Section 2396 of Title 68 of the Oklahoma Statutes, by and between the Director of the Oklahoma ~~Tourism and Recreation~~ Department of Commerce and an approved company, with respect to a tourism attraction project.

"Approved company" means any eligible company or companies seeking to undertake a tourism attraction project and is approved by the Director pursuant to the Act.

"Approved costs" means:

(A) obligations incurred for labor and to vendors, contractors, subcontractors, builders and suppliers in connection with the acquisition, construction, equipping and installation of a tourism attraction project,

(B) the costs of acquiring real property or rights in real property in connection with a tourism attraction project, and any costs incidental thereto,

(C) the costs of contract bonds and of insurance of all kinds that may be required or necessary during the course of the acquisition, construction, equipping and installation of a tourism attraction project which is not paid by the vendor, supplier, contractor, or otherwise provided,

(D) all costs of architectural and engineering services including, but not limited to, estimates, plans and specifications, preliminary investigations, and supervision of construction and installation, as well as for the performance of all the duties required by or consequent to the acquisition, construction, equipping and installation of a tourism attraction project,

(E) all costs required to be paid under the terms of any contract for the acquisition, construction, equipping and installation of a tourism attraction project,

(F) all costs required for the installation of utilities in connection with a tourism attraction project including, but not limited to, water, sewer, sewage treatment, gas, electricity and communications, and including off-site construction of utility extensions paid for by the approved company, and

(G) all other costs comparable with those described in this paragraph.

"Director" means the Executive Director of the Oklahoma ~~Tourism and Recreation~~ Department of Commerce or the Director's designated representative.

"Eligible company" means any corporation, limited liability company, partnership, sole proprietorship, business trust or any other entity, operating or intending to operate a tourism attraction project, whether owned or leased, within this state that meets the standards promulgated by the Director pursuant to this Act and, with respect to an Entertainment District, includes any such entity that will acquire, construct, develop, equip, install, expand or operate all or any portion of the Entertainment District, whether owned or leased.

"Entertainment District" means a mixed-use planned development project, with approved costs of one million dollars (\$1,000,000.00) or more in the aggregate, encompassing more than one hundred thousand (100,000) square feet and

including an entertainment or recreational component and at least three of the following categories, which may or may not be anticipated to be completed in multiple phases:

- (A) retail;
- (B) housing;
- (C) office;
- (D) restaurants;
- (E) hotel, regardless of whether the hotel is a destination hotel;
- (F) grocery;
- (G) brewery facilities for a small brewer (as defined in the Oklahoma Alcoholic Beverage Control Act, Section 1-103 of Title 37A of the Oklahoma Statutes); or
- (H) structured parking.

**"Entertainment District Tenant Party"** means any corporation, limited liability company, partnership, sole proprietorship, business trust or any other entity operating within a tourism attraction project that is an Entertainment District pursuant to a lease or similar agreement with an approved company or otherwise.

**"Final approval"** means the action taken by the Director authorizing the eligible company to receive inducements under this Act.

**"Increased state sales tax liability"** means that portion of an approved company's reported state sales tax liability resulting from taxable sales of goods and services to its customers at the tourism attraction which exceeds the reported state sales tax liability for sales to its customers for the same month in the calendar year immediately preceding the certification as an approved company or an Entertainment District Tenant Party, as applicable;

**"Inducements"** means the sales tax credit or incentive payment as prescribed in this Act.

**"Preliminary approval"** means the action taken by the Director conditioned upon final approval by the Director upon satisfaction by the eligible company of the requirements of the Act.

**"Tourism Attraction"** means a cultural or historical site; a recreational or entertainment facility; an area of natural phenomenon or scenic beauty; a theme park; an amusement or entertainment park; an indoor or outdoor play or music show; a botanical garden, or a cultural or educational center, a destination hotel whose location and amenities, including but not limited to upscale dining, recreation and entertainment, make the hotel itself a destination for tourists, or an Entertainment District. A tourism attraction shall not include:

- (A) lodging facilities, unless the facilities constitute a portion of a tourism attraction project and represent less than fifty percent (50%) of the total approved costs of the tourism attraction project, or the lodging facilities are a part of a destination hotel or an Entertainment District,
- (B) facilities that are primarily devoted to the retail sale of goods, unless the goods are created at the site of the tourism attraction project, if the sale of goods is incidental to the tourism attraction project, or such facilities are a part of an Entertainment District.

(C) facilities that are not open to the general public, unless such facilities are a part of an Entertainment District wherein a substantial portion of the Entertainment District is open to the general public, as determined by the Executive Director,

(D) facilities that do not serve as a likely destination where individuals who are not residents of this state would remain overnight in commercial lodging at or near the tourism attraction project, unless such facilities are a part of an Entertainment District,

(E) facilities owned by the State of Oklahoma or a political subdivision of this state, or

(F) facilities established for the purpose of conducting legalized gambling. However, a facility regulated under Section 200 et seq. of Title 3A of the Oklahoma Statutes shall be a tourism attraction for purposes of the Oklahoma Tourism Development Act for any approved project as meeting the definition of a Tourism Attraction or for an approved project relating to pari-mutuel racing at the facility and not for establishing a casino or for offering casino-style gambling.

**"Tourism attraction project" or "project"** means the acquisition, including the acquisition of real estate by leasehold interest with a minimum term of ten (10) years, construction, and equipping of a tourism attraction, and the construction and installation of improvements to facilities necessary or desirable for the acquisition, construction, and installation of a tourism attraction, including, but not limited to: surveys, and installation of utilities, which may include water, sewer, sewage treatment, gas, electricity, communications, and similar facilities, and off-site construction of utility extensions to the boundaries of the real estate on which the facilities are located, all of which shall be used to improve the economic situation of the approved company in a manner that shall allow the approved company to attract tourists.

**150:165-1-6. Application Form**

(a) The Oklahoma ~~Tourism and Recreation~~ Department of Commerce shall make an application form in accordance with the Act and Administrative Rules contained in Subchapter 33.

(b) A copy of the form of application may be inspected, copied or obtained at the Oklahoma ~~Tourism and Recreation~~ Department Office of Commerce during regular business hours and ~~is may be made available at https://otr.travelok.com the Oklahoma Department of Commerce website.~~

## GIST/ANALYSIS:

The adopted rules add and clarify requirements and rules relating to the Commission's Electronic Case Filing (ECF) System. Additionally, the adopted rules amend and add definitions, clean up language throughout to accurately reflect current terms and processes, reorganize sections of the rules, clarify docket types, clarify notice requirements, and give priority status to hearings on the OSF (Oklahoma Universal Services Fund) docket. Additionally, the adopted rules require the submission of an "as drilled" plat constructed from the results of the directional survey in connection with proposed location exception orders regarding directionally drilled or horizontal wells, clarify procedures for obtaining changes of operator designation regarding pooling, location exception, and increased density orders, require submission of secondary recovery unit certificates of dissolution to the Managers of the Commission's Technical Services and Underground Injection Control Departments, require submission of brine and associated solution gas unit certificates of dissolution to the managers of the Commission's Technical Services and Underground Injection Control Departments, and eliminate forms regarding the use of state funds to conduct remedial action, and to clarify procedures concerning requests for the use and authorization of such state funds. Finally, the proposed rules increase or remove fees, and assess a new fee of \$20.00 per applicable electric vehicle supply equipment (EVSE) port.

- (b) **Document Format.** Documents filed with the Court Clerk ~~by electronic mail or~~ through the ECF System shall be in portable document format ("PDF"), or another format stated in the User Manual. Documents filed in paper format may be printed, typewritten or reproduced by any legible method. All documents filed in paper format must be single-sided on 8 1/2" x 11" paper and ready for digital processing and uploading to the ECF System by the Court Clerk. Exceptions to the required document size may be allowed by the Court Clerk for good cause shown. Quotations shall be indented. Subsequent to the filing of the original application, every page of documents filed with the Court Clerk shall contain a page number, the applicable subject matter docket listed in OAC 165:5-5-1(a), the case number assigned by the Court Clerk, and document type, e.g., application, motion, response, or brief. All filed

documents must have a continuous pagination for the entire document, including exhibits and attachments. The original application shall include all this information, except the ~~docket case number~~, on each page. No document may be altered after filing; pages may not be otherwise inserted and no interlineations, additions or deletions may be made. If a filing error is made, the correct document or information, as appropriate, shall be submitted as a separate filing to the Court Clerk as soon as possible.

- (c) **Filing stricken by motion.** Upon the motion of the Commission or Administrative Law Judge, or the filing of a motion pursuant to OAC 165:5-9-2(b), the Administrative Law Judge is authorized to recommend to the Commission an order to strike the filing of any document containing defamatory, scurrilous or improper language, or otherwise in violation of any of the rules of this Chapter. In case of such recommendation to grant a motion to strike a filed document, the subject document shall be presented to the Commission for ruling on acceptability for filing.
- (d) **Required information.** The requirements of this subsection shall not be jurisdictional. All documents shall include the party's or attorney's actual or electronic signature, typed name, business mailing address, telephone number, and electronic mail address. All documents signed by an attorney shall contain the name of the State Bar Association to which the attorney belongs and his/her State Bar Association number. Anyone who disputes the authenticity of any electronic signature may file an objection to the document within five (5) business days of service.
- (e) **Requirement conflicts.** Wherever any provision of the Constitution or laws of Oklahoma makes a requirement as to notice or procedure which exceeds or conflicts with any provision of the rules of this Chapter, the former shall govern.
- (f) **Informal communications.** Nothing in the rules of this Chapter shall prohibit informal inquiry or complaint to the Commission by mail, electronic mail, or in person, which matters shall be handled administratively by the staff in an effort to secure amicable adjustment or agreement among affected persons. No official order shall be issued as a result of any informal proceedings.
- (g) **Electronic Mail transfers.** This subsection only applies if needed and if circumstances warrant as an alternative, supplement, or complement to filing through the ECF system and only pursuant to authorization, instructions, or directions by or of the Court Clerk, the Commission rules, the User Manual, or Commission order.
  - (1) ~~Until the Commission implements the ECF System, the~~ The Court Clerk shall accept pleadings submitted by electronic mail, at an address posted to the Commission's website, pending payment of the appropriate filing fees. A new case filing must be sent to the Court Clerk by electronic mail before 3:30 p.m. of each business day, otherwise it will have a file stamp reflecting the next regular business day.
  - (2) Unless otherwise delivered the same day, if an application for emergency relief in a spacing, location exception, increased density or multiunit horizontal well proceeding is submitted by electronic mail, a copy of such

emergency application shall be sent by electronic mail to the Technical Services Department of the Commission at an electronic mail address to be designated by the Director of the Conservation Division, on the date of the filing.

(3) ~~Until the Commission implements the ECF System, a~~ A CD case number may be requested by sending an electronic mail to the Court Clerk with the entire caption of the proposed application, a statement that only a case number is being requested, and contact information for the party requesting the case number. This will not be considered an electronic mail filing of the application and the date of filing the application will be the date the complete application is received in the Court Clerk's office or filed via ECF. In order to minimize gaps in the numbering of cases, the case number requested by electronic mail must be followed by filing original documents containing the exact same caption ~~in the Court Clerk's office or filed by electronic mail~~, within three (3) business days of the request, or the case number will be cancelled and may not be reused for any purpose.

(h) **Confidential documents.** All documents and information considered to be confidential must be clearly marked as such on a cover page of the document. Until such time as the ECF System provides for the electronic filing of documents subject to a protective order or otherwise considered confidential, unredacted documents which contain materials subject to a protective order, or otherwise considered confidential, shall not be filed electronically, but rather submitted in person or by mail to the Court Clerk within one (1) business day of the electronic filing of the cover page. All documents deemed and marked as confidential shall be docketed and retained by the Court Clerk. Until the Commission determines otherwise, the cover page only of such filings will be viewable by the public for identification purposes. The responsibility for following these rules concerning confidential documents and information rests solely with counsel, the parties, or any other filer. The Court Clerk does not have any duty to review documents for compliance with this rule. Paper copies of confidential documents may be returned to the party, or destroyed by agreement of the party, following the issuance of a final order and the expiration of the appeal period.

(i) **Personal Identifier Information.** If a filer includes personal identifier information such as Social Security numbers, tax identification numbers, financial account numbers, driver's license numbers, dates of birth, addresses or other sensitive information, in any document filed with the Court Clerk, electronically or otherwise, the document becomes a public record as filed, unless otherwise ordered by the Commission. Further, unless otherwise ordered or as otherwise provided by law, every filer, whether filing electronically or otherwise, shall redact the following information, except the last four digits, in documents prior to filing with the Court Clerk, including but not limited to:

- (1) Social Security numbers;
- (2) Taxpayer identification numbers;
- (3) Financial account numbers; and/or
- (4) Driver's license numbers.

## PART 2. ELECTRONIC FILING OF DOCUMENTS

### 165:5-1-13. Technical failures

(a) An ECF filer whose filing is made untimely as the result of a technical failure of the ECF System may seek relief from the Commission by filing a motion with the Court Clerk. If an ECF filer is unable to access the ECF System, the filer should check the Commission's website or contact the Court Clerk's Office to see if a technical failure has been declared.

(b) During a technical failure of the ECF System, documents may be filed in paper or by electronic mail ~~at the discretion and direction of the Director of Judicial and Legislative Services, or his or her designee as authorized, directed, or instructed by the Court Clerk, the Commission rules, the User Manual, or Commission order.~~ During a technical failure, the filer will be responsible for sending any documents to all parties of record and payment of any applicable filing fees.

(c) Failures not originating with the ECF System, such as phone line problems, problems with the filer's Internet service provider, power outages, or hardware or software problems, will not constitute a technical failure under (a) above. Upon the filing of a motion, the Commission may grant appropriate relief regarding an untimely filed document.

### 165:5-1-14.1. Official ECF service list and certificate of service

(a) Upon the filing of a case, the ECF System will generate the Official ECF Service List. A person will be added to the Official ECF Service List upon the filing of an entry of appearance, in accordance with OAC 165:5-9-4.

(b) After a document is filed in a specific case, the ECF System will automatically send notice of the filing to all persons on the Official ECF Service List.

(c) Pro se parties who do not choose to register as ECF Filers will not be included on the Official ECF Service List.

(ed) The notice of filing sent to those on the Official ECF Service List by the ECF System will constitute service of documents filed subsequent to the initial application or complaint and notice of hearing.

(e) Each filing with the ECF System must include a certificate of service that states the date and method of service, which may state that service was through the ECF System, for each person listed on the Official ECF Service List. For any parties, or other persons entitled to notice, who are not included on the Official ECF Service List, the certificate of service shall list the name and address of each such person and state the ~~manner~~ method and date of service.

(ef) Service through the ECF System is not effective if the person making service receives notice from the ECF System that the attempted service was not electronically delivered to the person to be served. To be considered effective service, the person making service will need to provide notice by other means available under these rules or by statute, and file a certificate of service reflecting the subsequent service.

SUBCHAPTER 3. FEES

## **PART 6. ELECTRIC VEHICLE CHARGING STATION FEE**

### **165:5-3-50. Purpose**

The purpose of this Part is to assess, pursuant to 68 O.S. § 6509, a fee upon each public charging station to provide funding to the Commission in the execution of duties and responsibilities required by the Driving on Road Infrastructure with Vehicles of Electricity (DRIVE) Act of 2021.

### **165:5-3-51. Electric vehicle charging station fee**

(a) Pursuant to 68 O.S. § 6509, an annual fee of \$20.00 is assessed on each individual electric vehicle supply equipment port at each public charging station located in the State of Oklahoma, as reported in the annual report, pursuant to OAC 165:14-3-5.

(b) The electric vehicle charging station fee is paid to the Commission annually on or before March 1 of each year, concurrently with the submission of the annual report, pursuant to OAC 165:14-3-5. The fee shall start on March 1, 2024.

(c) A public utility, as defined in OAC 165:5-3-21, whose delivery of electricity is rate regulated pursuant to approved tariffs and that pays into the PUD Assessment pursuant to 17 O.S. §180.11, shall not be required to pay the electric vehicle charging station fee on each electric vehicle charging station owned by the public utility.

(d) Pursuant to 68 O.S. § 6509(D), this fee will be deposited into the Oklahoma Corporation Commission Revolving Fund.

### **165:5-3-52. Failure to comply**

An electric vehicle charging station operator that fails or refuses to pay the required fee may be assessed fines and penalties as provided by law.

- (3) Maintain a complete electronic file of all ~~original~~ documents filed in every ~~cause~~ case.
- (c) **Improper docketing.** If the Commission, or an Administrative Law Judge, after consultation with the Court Clerk, determines that an application has been filed on an improper docket as set forth in (a) of this Section, the Commission shall enter an order transferring the application to the proper docket ~~and closing the original case~~. The ~~Judicial and Legislative Services shall send the~~ order transferring the application to the proper docket shall be sent to the applicant by through the ECF System, mail, facsimile, or electronic mail, and the applicant who shall then be responsible for sending the order to all any parties of record not served via the ECF System.
- (d) **Procedural dockets.** In addition to the subject matter dockets described in (a) of this Section, the Commission may, from time to time, designate procedural dockets.
- ~~(e) For the purposes of documentation produced by the case management feature of the Electronic Filing System, individual applications or causes may be denoted as dockets and daily and weekly court calendars may be denoted as agendas.~~

## SUBCHAPTER 7. COMMENCEMENT OF A CASE

### PART 1. GENERAL

#### 165:5-7-1. General application and notice requirements

- (a) **Scope.** Except where otherwise specifically provided in this Subchapter, including the Petroleum Storage Tank Division at OAC 165:5-21-3, the provisions of this Section shall govern the commencement of a case filed with the Commission and over which the Commission may exercise jurisdiction, including applications for declaratory rulings as to the applicability of any rule or order of the Commission.
- (b) **Form.** Every case shall be commenced by:
- (1) An application.
  - (2) A complaint.
  - (3) An order or notice of the Commission commencing a case.
- (c) **Caption.** The application or complaint shall be headed by a caption, which shall contain:
- (1) The heading, "Before the Corporation Commission of the State of Oklahoma".
  - (2) The applicant.
  - (3) The relief sought. In the case of a conservation docket or pollution docket case, the statement shall contain the legal description of the lands involved in the case.
  - (4) The docket identifying initials, year prefix, and case number, pursuant to OAC 165:5-5-1.
  - (5) The title of the document.
  - (6) In the case of an enforcement docket case, the caption shall contain the name(s) of the respondent(s).
- (d) **Body.** The body of the application or complaint shall consist of five numbered paragraphs, if applicable, as follows:

- (1) **Applicants and respondents identified.** The applicant shall be identified, including name, address, electronic mail address, and telephone number of his attorney or designated representative and the nature of the applicant's interest in the subject matter of the case; and the name and address of each person (if any) named as respondent.
- (2) **Allegation of facts.** The allegation of fact stated in the form of ultimate facts, without unnecessary detail, upon which the right to relief is based. The allegations will be stated in numbered subparagraphs as necessary for clarity.
- (3) **Legal authority.** Citations of statutes, rules, orders, and decided cases authorizing the relief sought; including, in the case of a complaint, the laws, rules, regulations, or orders alleged to have been violated. Statutes shall be cited by title and section. Rules and orders of the Commission shall be cited by number. Decided cases shall be cited by citation to official reports. Quotations from legal authorities shall not be required.
- (4) **Relief sought.** A brief statement of the provisions of the order, authority, or other relief sought. An application relating to oil and gas conservation shall seek only one type of relief. Formal prayer for relief shall not be required.
- (5) **Specify order to be affected.** An application to vacate, alter, modify, or amend an order shall state the specific order in the body which is sought to be vacated, altered, modified, or amended.
- (e) **Certification.** The application shall be signed by the applicant, or an authorized agent of the applicant, or by the attorney for the applicant, and shall set out the mailing address, telephone number, electronic mail address and bar identification number of the person so signing it, as applicable. The person signing the application shall be deemed, on signing same, to be certifying that:
- (1) ~~He~~ The signer has read the application.
  - (2) To the best of ~~his~~ the signer's knowledge, information, and belief formed after reasonable inquiry the facts and allegations contained in the application are true and correct.
  - (3) The application is not filed to harass or to cause unnecessary delay or needless expense.
- (f) **Service of an application.** Except as hereinafter provided in this Subchapter, every application and notice of hearing stating the date on which the case is set for hearing, if required, in which a person is named a respondent shall be served by regular mail on each respondent named therein and Commission staff counsel by the person filing the application.
- (g) ~~Manner of service~~ **Service of subsequent documents.** All documents subsequent to the application in a case shall be served on a party of record through the ECF System in accordance with 165:5-1-14.1, or by regular mail, electronic mail, or in person, except where the rules of this Chapter or a statute requires a specific mode of service which shall be followed. Service on a corporation may be by delivery to the registered corporate agent, or by delivery to the principal place of business of the corporation. Service outside the United States

and its territories shall be by any means provided by Federal Rule of Civil Procedure 4(f). For purposes of this Section, a corporation may designate its principal place of business by filing a notice thereof with the Court Clerk. When an attorney has appeared of record for a person, all subsequent service shall be on the attorney. Service through the ECF System, or by mail, or electronic mail shall be complete on the date and time of transmittal except where otherwise provided in this Chapter or by statute; provided, that a person may be granted appropriate relief upon showing that a document so served was not received, or delivery thereof was delayed.

(h) **Certificate of service.** Except where an affidavit of mailing is required by law or by this Subchapter, a certificate of service shall be filed following or with the filing of every document. The certificate of service shall contain a list of the persons served and the ~~certification that on the date stated a copy of the document was mailed, postage prepaid, mailed electronically or delivered date and particular method of service to each person, including those registered for the ECF System listed.~~

(i) **Service not jurisdictional.** Service prescribed by the rules of this Subchapter shall not be jurisdictional except where so provided by the Constitution or by statute. Failure to comply with the provisions of this Section as to mailing and service of notice shall not deprive the Commission of jurisdiction of the application or complaint, but shall be grounds for such appropriate relief as the Commission may order.

(j) ~~Publication of notice~~ **Notice of hearing.** Every application, except as provided in this Chapter for motor carrier, Oklahoma Universal Service Fund, and public utility applications, shall be accompanied by a notice of hearing, which date shall be set by the Commission. The notice of hearing shall be published as provided in the rules of this Subchapter.

(k) **Signatures.** The notice of hearing shall contain the type-written name of each current Commissioner at the bottom of the notice, which shall serve as the Commissioner's electronic signature, followed by the signature of the person filing the application.

(l) **Content of notice.** The notice shall contain:

- (1) The caption from the application.
- (2) The time, date, and place of hearing.
- (3) Briefly the general nature of the order, rule, regulation or other relief sought.
- (4) In oil and gas cases, where applicable, the names or description of all common sources of supply affected by the order sought; or that the entire state would be affected.
- (5) Who to contact for additional information.

(m) **Form of notice.** The notice shall conform substantially to the form shown in Appendix A to this Chapter.

(n) **Notice by publication.**

- (1) When a case other than an oil and gas or Petroleum Storage Tank Division case is commenced, the applicant shall cause the notice of hearing prescribed in (j) through (l) of this Section to be published in one or more newspapers of general circulation, on dates and for periods as required by law, or this Subchapter, or as the Commission shall order.

(2) In oil and gas cases, unless otherwise provided in this Subchapter, the notice of hearing shall be published one time at least fifteen (15) days prior to the hearing in a newspaper of general circulation published in Oklahoma County, Oklahoma and in a newspaper of general circulation published in each county in which the lands embraced in the application are located.

(3) Publication shall be at the expense of the applicant, and shall be made in a newspaper which has met the statutory requirements for publication of legal notices. Written proof of publication shall be filed in the case.

(4) Proof of publication shall be established by an original proof of publication.

(5) Publication is not necessary unless otherwise required by the Constitution, a statute, a Commission rule, or a Commission order.

(o) **Effective date prior to date of issuance of order.** No order may be made effective prior to its date of issuance without evidence placed into the record that the approval of such effective date is necessary. An effective date prior to the date of issuance of the order shall be requested in the application and placed in the special relief paragraph of the notice of hearing.

(p) **Notice of motor carrier motions and applications.** Notice of all motor carrier motions and applications shall be printed on the Commission docket as prescribed by law for circulation to the public.

PART 3. OIL AND GAS

165:5-7-9. Well location exception

(a) The application, which shall be limited to a single well, and notice of hearing for an order granting a well location exception for a well drilled or to be drilled for oil or gas into any common source of supply at a location other than that authorized by a rule or order of the Commission shall be served by the applicant no less than fifteen (15) days prior to the date of the hearing, by regular mail, upon the operator of each well located in an adjoining or cornering tract of land or drilling and spacing unit, currently producing from the same common source of supply, toward which tract or unit the well location has been or is proposed to be moved. The application and notice of hearing shall specify the name(s) of the well(s) and operator(s) of the well(s) towards which the location exception well is moving. The application and notice of hearing also shall be served, in the manner required above, upon the operator of any well located in an adjoining or cornering tract of land or drilling and spacing unit currently producing from the same common source of supply, if the requested well location is closer to the offsetting well than would be permitted under the applicable well location tolerances or requirements. Provided, however, if the applicant, or any other entity to be authorized to drill or otherwise operate the subject well, is the operator of any of the wells identified above, then the application and notice of hearing shall be served, in the manner required above, upon each working interest owner in any such well.

(b) An application and notice of hearing for an order granting a well location exception pursuant to this Section may also

## Permanent Final Adoptions

---

include a request for an exception to OAC 165:10-3-28(c)(2). The application and notice of hearing shall be served in the manner required in subsection (a) of this Section, and shall contain the information required in such subsection. Where an application includes requested relief for both a location exception and exception to OAC 165:10-3-28(c)(2), such application shall separately identify respondents for the location exception and respondents for the exception to OAC 165:10-3-28(c)(2).

(c) For any well other than a directionally drilled well or a horizontal well, the application and notice of hearing for a location exception shall specify the proposed or actual surface location of the well expressed in feet from the two nearest boundaries of the drilling and spacing unit, or, if no drilling and spacing unit has been established, from the two nearest boundaries of the mineral estate(s) upon which the well will be or has been drilled.

(d) For a directionally drilled well, the application and notice of hearing for a location exception shall specify the proposed or actual subsurface location of the well's entry into and the proposed or actual subsurface location of the well's exit from the common source of supply for which the location exception is requested, expressed in feet from the two nearest boundaries of the drilling and spacing unit or, if no drilling and spacing unit has been established, from the two nearest boundaries of the mineral estate(s) upon which the well will be or has been drilled. For purposes of this section, a directionally drilled well does not include a horizontal well.

(e) For a horizontal well, the application and notice of hearing for a location exception shall specify the proposed or actual subsurface location of the completion interval, as defined by OAC 165:10-3-28, within the common source of supply for which the location exception is requested, expressed as the distance in feet from the nearest boundaries of the drilling and spacing unit or, if no drilling and spacing unit has been established, from the nearest boundaries of the mineral estate(s) upon which the well will be or has been drilled.

(f) The proposed subsurface location for a directionally drilled well or a horizontal well may be described in the application and notice of hearing as no closer than specified footages from the nearest boundaries of the drilling and spacing unit or, if no drilling and spacing unit has been established, from the nearest boundaries of the mineral estate(s) upon which the well will be drilled.

(g) At the time of hearing, a well's location, as set out in the application and notice of hearing, may be changed to another location that is not closer to the boundaries of the drilling and spacing unit or mineral estate(s) described in the application and notice of hearing, that is not closer to any offsetting well the operator of which, or any working interest owner in which, was required to be notified under this section, and that does not require notice to additional operators or working interest owners under this section.

(h) If at the time of the hearing on an application for a directionally drilled well or a horizontal well, the applicant does not have the results of the well survey required by OAC 165:10-3-27, then the Administrative Law Judge may recommend the issuance of an interim order granting the application and, if so, shall consider whether to adjust the allowable based

on the potential locations of the well in each common source of supply for which the order is sought. All potential locations shall be considered in the interim order. If the directionally drilled well or the horizontal well is drilled and completed in compliance with the interim order, the well shall be assigned the allowable as set out in the interim order.

(i) If a directionally drilled or horizontal well is drilled and completed in compliance with an interim order approving a location exception, and no party of record has requested a hearing, the Commission may issue a final order approving the location exception, without further hearing, based on an administrative review by the Commission's Technical Services Department of the following documents, which the applicant must file with the Court Clerk for the record: the directional survey, ~~a final plat showing the actual location of the lateral, and the well completion report, and an "as drilled" plat constructed from the results of the directional survey.~~ The applicant must also submit a proposed final order to the Commission's Technical Services Department in any ~~cause~~ case handled through the administrative review process. In the event the directional survey shows that a directionally drilled or horizontal well was not drilled and completed in compliance with the interim location exception order, the applicant shall notify the Commission and all of the parties entitled to notice in the original hearing establishing the interim order by filing an amended application in the ~~cause~~ case setting forth the actual subsurface locations of the well and by giving proper notice thereof. The actual subsurface locations of the well will be considered at a hearing conducted on the date specified in the interim location exception order, or on such date to which the hearing is continued.

(j) Notice of hearing on an application for an order granting a well location exception for a well drilled or to be drilled for oil or gas at a location other than that authorized by a rule or order of the Commission shall be published pursuant to OAC 165:5-7-1(n)(2).

(k) An application for an exception to the minimum distance requirements specified by OAC 165:10-3-28 (c)(2) and (c)(3) for the completion interval of a horizontal well, the notice of hearing for such exception proceeding and any resulting order in such proceeding shall include the API numbers of the existing well or wells being encroached upon by such horizontal well requiring such exception. Such application shall set forth the proposed subsurface location tolerance area or if available, the actual subsurface locations of the completion interval of such horizontal well requiring such exception. The proposed or actual subsurface locations, as applicable, of the completion interval of the horizontal well requiring such exception may be amended at the hearing on any such application. If the results of the well survey required by OAC 165:10-3-28(c)(1) are not available at the time of the hearing on such an application, the Administrative Law Judge may recommend the issuance of an order granting the application on an interim basis. Any final order issuing in such a proceeding shall specify the distance in feet between the completion interval of the subject horizontal well and the well or wells being encroached upon by such horizontal well requiring such exception.

(l) At the hearing, except for good cause shown, a production plat and any other exhibits necessary to support the requested relief (e.g. isopach map or structure of the target zone(s), and cross section) shall be provided.

(m) The Commission may request that the record be reopened to receive additional information from the applicant prior to issuance of an order.

**165:5-7-11. Change of operator**

(a) **Scope.** This Section addresses designation of operators under forced pooling orders, location exception orders, and increased density orders.

(b) **Designation of operator under a forced pooling order.** Each order forced pooling the rights and equities in a drilling and spacing unit shall designate at least one operator to operate the well or unit. In addition, the Commission may designate one or more alternate operators in the order.

(c) **Procedure for obtaining a change of operator under a forced pooling order.** Application, notice and hearing shall be prerequisites to the issuance of an order changing or deleting a designation of operator in any forced pooling order. ~~Notice shall be given. The applicant shall send or cause to be sent copies of the application and notice of hearing by certified mail at least fifteen (15) days prior to the hearing to the respondents to the pooling order or to their successors in interest and the notice of hearing shall be published as required in OAC 165:5-7-1-OAC 165:5-7-1(n)(2).~~ Provided, however, this procedure shall not be the exclusive method of obtaining a change of operator under a forced pooling order as the use of the ~~optional procedure forms~~ set forth in OAC 165:5-7-11(g) below is still available. If such ~~optional Form 1073A application is forms~~ are used, Applicant must still provide personal notice by sending or causing to be sent copies of the application and notice of hearing by certified mail to the respondents to the pooling order or their successors in interest as well as publishing the notice by publication of hearing as required in OAC 165:5-7-1(n)(2).

(d) **Optional designation of operator for location exception and increased density orders.** A designation of operator shall not be necessary for an order for either a well location exception or increased well density. In any situation where a location exception or increased density order designates an operator, the Commission may issue an order either appointing a successor operator or removing the designation of operator provision.

(e) **Procedure for obtaining a change in operator designation regarding increased density and location exception orders.** Application, notice and hearing shall be prerequisites to issuance of an order changing or deleting a designation of operator in increased density and location exception orders. The applicant shall mail or cause to be mailed copies of the application and notice of hearing to each current working interest owner in the well at least fifteen (15) days prior to the hearing and the notice of hearing shall be published as required in OAC 165:5-7-1(n)(2). Provided, however, this procedure shall not be the exclusive method of obtaining a change of operator under increased density and location exception orders as the use of the forms set forth in OAC 165:5-7-11(g)

below is still available. If such forms are used, Applicant must still mail or cause to be mailed copies of the application and notice of hearing to each current working interest owner in the well at least fifteen (15) days prior to the hearing and the notice of hearing shall be published as required in OAC 165:5-7-1(n)(2). ~~provided, that no~~ No application, notice, or hearing shall be required to change or delete the designation of operator in increased density or location exception orders when:

(1) The interest of the currently designated operator is transferred to its subsidiary or parent company, or a subsidiary of a parent company;

(2) The interest of the currently designated operator is transferred to a surviving or resulting corporation or business entity due to, respectively, a merger, consolidation or reorganization involving the transferor and transferee. As used in this paragraph, "business entity" means a domestic or foreign partnership, whether general or limited; limited liability company; business trust; common law trust, or other unincorporated business; or

(3) The currently designated operator undergoes a name change. The relief afforded by this paragraph is not applicable to situations where the name change involves the following conditions:

(A) The assignment of a new Federal Employer Identification number by the Internal Revenue Service to the new company;

(B) The name change is accompanied by a change in the majority of partners in a partnership;

(C) The name change is associated with a divorce between a husband and wife when the husband and wife comprise a partnership;

(D) The name change is associated with the death of one spouse in a partnership comprised of a husband and wife;

(E) The name change involves a sole proprietorship; or

(F) The name change is associated with such other circumstances where the Commission determines upon application, notice and hearing that the relief provided in this paragraph is not applicable, or that an exception to any exclusion should be granted.

(G) As used in this subsection, the term "partnership" means a domestic or foreign partnership, whether general or limited.

(4) In such events, the parent, subsidiary, surviving or resulting corporation or business entity or currently designated operator who has undergone a name change shall be substituted as designated operator upon filing and approval of Form 1073, required by OAC 165:10-1-15.

(f) **Amendment of multiple orders.** The applicant may use one application to amend two or more orders, even though the orders grant different types of relief. For purposes of this Chapter, such an application shall be considered as an application for a single form of relief.

(g) **Use of ~~Optional Form Forms 1073A through 1073C~~ application.**

## Permanent Final Adoptions

(1) An applicant shall have the option to use Commission Form 1073A for the application, ~~and Form 1073B for notice of application or Form 1073C-1073B for the notice of hearing, and Form 1073C for an order changing or deleting a designation of operator.~~

(2) The Form 1073A shall include the following information:

- (A) The order number and type of order.
- (B) The name and legal description of the applicable well or drilling and spacing unit.
- (C) The OTC operator numbers of the current operator and the proposed operator.
- (D) The OTC lease number and API number.
- (E) The classification of the well.

(3) If the space provided on the form is insufficient to include the necessary information related to amendment of multiple orders, then the applicant shall attach to the form an exhibit with the necessary information.

~~(h) **Personal notice requirements for location exception and increased density orders.** With respect to a location exception or increased density order, the applicant shall mail or deliver a copy of the application and notice of hearing to each current working interest owner in the well.~~

~~(ih) **Special notice provisions applicable to notices of hearing.** For purposes of this Section, the notice of hearing shall contain a special provision apprising the respondent of the requirements for protests under ~~(j)(i)~~ of this Section.~~

~~(ji) **Requirements for protests.** Any person desiring to protest an application shall have fifteen (15) days after receipt of notice in which to file a written protest to the application during the protest period, which shall run for fifteen (15) days from the date on which the last publication of the notice of hearing is made. Failure to submit file a written protest within the fifteen (15) day period shall be deemed consent to the granting of the application. If the application is protested within the fifteen (15) days allowed, the applicant shall have the notice of hearing published pursuant to 165:5-7-1(n)(2) a hearing shall be required. If no protest is filed, or if all protests are withdrawn, and the Commission does not require a hearing, the application may be presented to the Manager of the Technical Services Department for administrative review. Applicants submitting applications for administrative review must provide a proposed order on Form 1073C to the Manager of the Technical Services Department. The proposed order shall be reviewed by the Manager of the Technical Services Department prior to submission of the proposed order to the Commission. The proposed order shall properly address service.~~

~~(kj) **Summary disposition of unprotested applications.** Applications not contested may be disposed of submitted for administrative review by announcement, without necessity of counsel appearing.~~

~~(k) **Compliance with Form 1073 requirement.** The applicant is required to file a Form 1073 transfer of operator with the Oil and Gas Conservation Division pursuant to OAC 165:10-1-15.~~

### 165:5-7-12. Applications; determination of allowables

(a) **Scope.** Any applicant seeking relief under 165:10-135, 165:10138, 165:10151(g), 165:10-15-1(h), 165:10-15-16, and 165:10-15-18 shall have the option to proceed under either (b) through (i) of this Section or 165:571 and other applicable rules of practice.

(b) **Application.** The application shall be submitted on Form 1030 to the Technical Department of the Oil and Gas Conservation Division of the Oklahoma Corporation Commission, 2101 North Lincoln Boulevard, Oklahoma City, Oklahoma, 731054993 for filing with the Commission.

(c) **Exhibits.** The applicants shall submit at the time of filing of the application all exhibits and data.

(d) **Notice of application.**

(1) **Contents.** The notice of the application shall contain the following information:

(A) A brief description of the relief sought.

(B) The terms of the protest period.

(C) The name, address, and telephone number of the applicant or its representative, whom anyone may contact for additional information concerning the application.

(2) **Form.** The applicant shall prepare the notice of application to substantially comply with the example shown in Appendix H to this Chapter.

(3) **Persons to whom notice shall be given.** The applicant shall serve a copy of the application and notice of the application upon:

(A) The operator of the well subject to the application if the applicant is not the operator of the subject well.

(B) All operators of wells offsetting the well for which the relief is requested.

(C) All working interest owners of all offset wells operated by the applicant, if the applicant is the operator of the subject well.

(4) **Publication of notice.** The applicant shall have the notice of application published pursuant to 165:5-71(n)(2).

(5) **Proof of notice.** The applicant shall submit file a certificate of mailing and an affidavit of publication to show compliance with the requirements of this Section.

(e) **Protests.**

(1) **Timely protests.** Any person objecting to the granting of the application shall file a written protest within the appropriate protest period. If a protest is filed after filing of the application but before commencement of the protest period, said protest shall be deemed to have been timely filed.

(2) **Late protests.**

(A) Failure to file a protest within the prescribed time period shall be deemed a waiver of protest.

(B) The Commission may reinstate a late filed protest upon motion for good cause shown.

(3) **Form of protest.** The protestant shall file with the Court Clerk of the Commission its protest which shall be

entitled "Protest" and which shall contain the following information:

- (A) Caption from application.
  - (B) Title Protest.
  - (C) Name, address, and telephone number of protesting parties.
  - (D) Reasons for protest.
- (4) **Notice to applicant of protest.** The Protestant shall serve the applicant with a copy of his protest within five (5) days after filing of the protest.
- (f) **Protest periods.**
- (1) **Initial protest period.** Any person objecting to the granting of the application shall file a written protest during the protest period, which shall run for fifteen (15) days from the date of the latest of the following events:
    - (A) Filing of the application.
    - (B) Filing of all required exhibits.
    - (C) The date on which the last publication was made.
    - (D) The date of completion of service of process on all respondents in the ~~cause-case~~.
  - (2) **Additional protest period.** After expiration of the protest period, an additional fifteen (15) day protest shall run if:
    - (A) The applicant amends the application to change the location or nature of the requested relief; or
    - (B) The applicant files amended applications in order to re-notice original parties, or initially notice new parties to the application.
    - (C) The additional protest period shall run from the date of completion of service of the amendment on the respondents in the ~~cause-case~~.
- (g) **Unprotested applications.**
- (1) **Administrative review.** If the application is unprotested, the Oil and Gas Conservation Division shall review the application without a hearing, and it shall report its finding to the Commission concerning what relief, if any, should be granted.

been filed or a prehearing/scheduling order has been issued, notice shall be given to all persons entitled to notice by the movant by serving, at least five (5) business days prior to the date set for hearing. Service of the notice shall be made through the ECF System to those on the Official ECF service list, by regular mail, electronic mail, or in person, unless otherwise provided by statute. A copy of the motion and notice of hearing shall be provided to all parties of record.

(2) Exceptions to such motions may be lodged in accordance with the provisions of OAC 165:5-13-5(a)(1) except as provided in (A) and (B) of this paragraph.

(A) In oil and gas related matters, all decisions on motions filed after the case has been assigned to an Administrative Law Judge shall be considered in the Report of the Administrative Law Judge unless the Administrative Law Judge directs otherwise.

(B) In all other matters, the decisions on motions filed after a scheduling agreement has been filed or a scheduling order has been issued in a case shall be considered in the Report of the Administrative Law Judge unless the Commission or Administrative Law Judge directs otherwise.

## SUBCHAPTER 9. SUBSEQUENT PLEADINGS

### 165:5-9-2. Subsequent pleadings

(a) **Reply.** No documents shall be required other than the application and responses thereto. Reply to a response shall be permitted but shall not be required.

(b) **Motions.** All other objections to or requests for action or relief shall be by motion, with service to all persons entitled to notice. Service of the motion shall be made through the ECF System to those on the Official ECF service list, by regular mail, electronic mail, or in person as provided in this subsection, unless otherwise provided by statute. The motion shall state in concise language the action or relief sought and the facts and circumstances upon which the right thereto is based.

(1) All motions shall be set on a regularly scheduled motion docket by a Notice of Hearing to be heard by an Administrative Law Judge unless determined otherwise by a prehearing/scheduling agreement or a prehearing/scheduling order. All motions filed after a case has been set before the Commission or assigned to an Administrative Law Judge on the merits shall be set as directed by the Commission or the assigned Administrative Law Judge. The filing of a motion may not automatically delay the hearing on the merits.

(A) Prior to the record being opened on the merits or a prehearing/scheduling agreement filed or a prehearing/scheduling order issued, notice shall be given to all persons entitled to notice by the movant by serving at least five (5) business days prior to the date set for hearing. Service of the notice shall be made through the ECF System to those on the Official ECF service list, by regular mail, electronic mail, or in person, unless otherwise provided by statute. A copy of the motion and notice of hearing shall be provided to each respondent.

(B) After the record in the case has been opened on the merits or a prehearing/scheduling agreement has

(c) **Response/objection to motions.** Any person may file and serve a response or objection to any motion at any time before the motion is heard. The title of the response or objection shall refer to the motion being considered. Responses or objections filed to motions which already have been set for hearing shall not require a Notice of Hearing.

(d) **Amendment.** Amendment of a document may be permitted at any time upon such terms as are just. An amendment may take the form of a substitute document, an amendment or supplement, deletion of language, or correction by interlineation. Response may be made to an amended document, but shall not be required. An amended application is acceptable where notice is given according to the statutes or rules under which the original application was filed. Provided, however, no amended application shall be filed which changes the applicant's name, the type of relief requested, the legal description of the lands involved or the caption in the original application; instead, any such changes from the original application shall require the filing of a new application in accordance with Subchapter 5 of this Chapter.

(e) **Dismissal.** The applicant may dismiss the application with or without prejudice at any time prior to the record being opened at the hearing on the merits in said case by submitting a proposed order dismissing the case to the ~~Judicial and Legislative Services, Administrative Law Judge assigned to the case or, if no Administrative Law Judge has been assigned, to the chief Administrative Law Judge~~ and all parties of record. Such dismissal shall not dismiss the case as to specifically stated affirmative relief sought by any respondent and, upon the appearance at the time of hearing of any respondent who has not received notice of the dismissal or who has requested specific affirmative relief, such respondent may enter any evidence into the record and may be granted any relief which the Commission or Administrative Law Judge deems appropriate.

(1) At any time prior to the record being opened at the hearing on the merits in a case, a respondent may file a motion to dismiss in the same manner as provided in (b) of this Section.

(2) After the record has been opened at the hearing on the merits in a case, the case may be dismissed by agreement of all parties of record or recommended for dismissal with or without prejudice by the Commission or Administrative Law Judge upon the Commission's or Administrative Law Judge's own motion or upon motion of any party of record. A motion to dismiss filed hereunder shall comply with the provisions of (b) of this Section; provided that, in a case where a motion to dismiss has been filed, notice shall be served on each respondent in the case.

(3) Upon five (5) business ~~days~~ days' notice to parties of record, the Commission may entertain motions to dismiss for any of the following reasons:

- (A) Failure to prosecute.
- (B) Unnecessary duplication of proceedings or res judicata.
- (C) Withdrawal.
- (D) Moot question or obsolete applications.
- (E) Lack of jurisdiction.
- (F) Failure to submit a proposed order in a timely manner.
- (G) For other good cause shown.

(4) Upon ~~posting by the Judicial and Legislative Services providing~~ posting fifteen (15) business ~~days~~ days' notice on a posted disposition docket, and upon emailing notice to all parties of record to a case, the Commission may dismiss cases for any of the following reasons:

- (A) Failure to submit a proposed order to the Administrative Law Judge or the Commission within thirty (30) days after the recommendation date or as directed by the Administrative Law Judge or the Commission.
- (B) Failure to set a case on a day certain.

**165:5-9-6. Continuances**

(a) **General.** The Commission or Administrative Law Judge before whom a case is set may continue or adjourn a hearing at any time for any period, with or without notice or motion. Continuances may be granted for good cause shown, or by agreement of all parties of record at the hearing. A stipulation of a continuance among all parties of record ordinarily will be approved, unless the Commission determines that the public interest requires otherwise. A continuance in a case may be granted in advance of the date for hearing of the case in the following ways:

- (1) As provided in OAC 165:5-9-2(b)(1); or
- (2) The applicant in a case may request a continuance at least five (5) business days in advance of a hearing date from the Docket Clerk or, if the case has been assigned for hearing, the Commission or assigned Administrative Law Judge. Upon approval of a continuance date, the applicant shall send a notice of continuance stating the continuance date to the Docket Clerk and if the case has been assigned

for hearing, the Commission or assigned Administrative Law Judge. Notice of the continuance date shall be served on all respondents or, if a prehearing/scheduling agreement has been filed or a prehearing/scheduling order has been issued in the case, notice of the continuance date shall be served on all parties of record. The notice of continuance must be sent to all persons entitled to notice at least five (5) business days prior to the date of the hearing. Service of the notice of continuance shall be made through the ECF System to those on the Official ECF service list, by regular mail, electronic mail, or in person, unless otherwise provided by statute. Such case shall be continued on the docket without the necessity of the appearance of the applicant at the time of hearing.

(b) **Contested motion for continuance.** A contested motion for continuance on the day set for hearing of the case shall be heard by the Commission or Administrative Law Judge. Such decision may be noted as part of the order of the Commission or Initial Report of the Administrative Law Judge if requested by a party of record.

(c) **More than two continuances.** In those cases where two (2) continuances have previously been granted, upon the granting of each additional continuance, notice of such continuance shall be provided to all respondents. Service shall be made through the ECF System to those on the Official ECF service list, by regular mail, electronic mail, or in person by the person requesting such continuance or, if a prehearing/scheduling agreement has been filed or a prehearing/scheduling order has been issued in the case, notice of the continuance date shall be served on all parties of record at least five (5) business days prior to the date the continued case is set for hearing. The movant shall provide proof of service of such notice at the time of hearing. This subsection shall not apply to matters assigned to before the Commission or an Administrative Law Judge unless the Commission or Administrative Law Judge deems or orders otherwise.

(d) **Day certain.** Every continuance shall be to a day certain. If an applicant has failed to set a continued case on a day certain for a period more than thirty (30) days after the last recorded hearing date as shown from the Commission's docket records, ~~the Director of the Judicial and Legislative Services or an Administrative Law Judge may recommend dismissal of the case to the Commission, pursuant to OAC 165:5-9-2(e)(4); and the Commission may dismiss the case without prejudice by an Order Dismissing Case.~~

(e) **Continuances of the Motor Carrier Citation Docket when the Commission is closed.** In the event the Commission is closed due to inclement weather or other administrative reason on the date and/or time of the Motor Carrier Citation Docket, all citations scheduled to be heard on the Motor Carrier Citation Docket shall be automatically continued to the following month's docket as posted on the Commission's website.

**SUBCHAPTER 13. INITIAL AND SUBSEQUENT PROCEEDINGS**

# Permanent Final Adoptions

## 165:5-13-1. Sessions and hearings

(a) **Open to public.** All official sessions and public hearings of the Commission or any Administrative Law Judge will be open to the public and will be held in its official courtrooms at the principal office in Oklahoma City, Oklahoma, the regional service office in Tulsa, Oklahoma, or at such other place as provided by law or designated by the Commission.

(b) **Time.** All hearings shall commence at the time designated in the notice of hearing or by order of the Commission.

(c) **Courtroom conduct.** Conduct of attorneys before the Commission shall be governed by the applicable rules of the Supreme Court of Oklahoma. All parties, witnesses, and observers will at all times maintain decorum, and will conduct themselves in such manner as to reflect respect for the authority and dignity of the Commission and its Administrative Law Judges. Upon violation of this provision, any person, witness, attorney, or other representative may be subject to punishment for contempt.

(d) **Record of hearing.** A stenographic or electronic record will be made of all proceedings before the Commission or an Administrative Law Judge pursuant to 20 O.S. §106.4(A). Audio and video recordings of all proceedings are official electronic records to be kept by the Commission—of which a copy may be kept by the court reporter present during the proceeding. A transcript of proceedings will be made by a court reporter at the request and expense of the person ordering it; or at the request of the Commission, in which case a copy will be made for any person requesting it, at that person's expense.

## 165:5-13-2. Setting of ~~causes~~ cases

(a) **General.** All hearings on the merits shall be set before an Administrative Law Judge, unless otherwise ordered by the Commission.

(b) **Specially set.** By a motion, the applicant or any party of record or respondent may, at any time up to commencement of a hearing, request of the Commission that a ~~cause~~ case be specially set before the Commission for hearing. The Commission may advance any ~~cause~~ case by sua sponte order at any time.

(c) **Exceptions.** For purposes of OAC 165:5-13-5, all exceptions to reports on hearings on the merits in matters on the GG, CD, PD, EN, SF, PSD and US dockets shall be heard by the Commission en banc unless referred to an Oil and Gas Appellate Referee. Hearing dates for exceptions are to be secured from a docket clerk at the time of filing. The exceptions will be heard on that date or as soon thereafter as may meet the convenience of the Commission. Exceptions in all other matters shall be set before the Commission en banc.

(d) **Authority of Administrative Law Judge.** An Administrative Law Judge shall exercise all of the powers of the Commission in the conduct of a ~~cause~~ case. An Administrative Law Judge shall rule upon admission of evidence, and objections thereto, and upon any other motion or objection arising during the pendency of the ~~cause~~ case until the issuance of the report of the Administrative Law Judge. Review of a ruling of an Administrative Law Judge shall be by exceptions pursuant to OAC 165:5-13-5, and any objection to a ruling or other action of such Administrative Law Judge not included in such

exceptions and amendments thereto, shall be deemed to have been waived.

(e) **Hearings on the PUD ~~docket~~ and OSF dockets.** All hearings in ~~causes~~ cases filed pursuant to OAC 165:70, OAC 165:59, 17 O.S. §286, or 18 O.S. §438.31 et seq. shall be given priority status on the PUD ~~docket~~ and OSF dockets in order to comply with 17 O.S. §139.106, 17 O.S. §152, 17 O.S. §137(I), 17 O.S. §286, and 18 O.S. §438.31 et seq. and any time periods prescribed therein.

(f) **Hearings on the Petroleum Storage Tank docket.** All hearings regarding the exercise of the Commission's adjudicative authority pursuant to the Oklahoma Petroleum Storage Tank Consolidation Act, 17 O.S. §§301 et seq. shall be given priority status on the Petroleum Storage Tank docket ("PSD") in order to comply with 17 O.S. §330 for the Commission to hear each case within one hundred eighty (180) days from the date of filing. See also OAC 165:5-21-9.

## SUBCHAPTER 15. ORDERS

### 165:5-15-1. General form and procedure

(a) **Contents of orders.** The Commission may prescribe a standardized format for all orders. Every order of the Commission shall contain the following where appropriate or except where the Commission determines otherwise:

(1) Caption, ~~cause~~ case number on the appropriate docket and order number. Every page of the order shall also contain a page number, the applicable subject matter docket listed in OAC 165:5-5-1(a), the ~~docket~~ case number assigned to the cause by the Court Clerk, and order type, e.g., emergency order, final order, etc.

(2) Appearances.

(3) Date and place of all hearings.

(4) Summary of allegations of applicant, and of all other parties of record.

(5) Summary of evidence of applicant, and of all other parties of record.

(6) Findings of fact, containing all ultimate facts found to have been established.

(7) Conclusions of law, containing:

(A) All legal conclusions found to be applicable to the facts; and

(B) The directive of the order stated in concise and mandatory language.

(8) Signature of the Secretary certifying as to all Commissioners participating in making the order. The signatures of the Secretary and Commissioners participating in the making of the order may be electronic signatures as provided in OAC 165:5-1-14.

(9) Seal of the Commission.

(10) Date of filing, and effective date where appropriate.

(b) **Duty to send orders.** The Commission shall immediately provide a copy of the order to the applicant. Upon the implementation of electronic filing, delivery shall only be made by electronic mail, unless there are exigent or extraordinary circumstances. Except where otherwise specifically provided in this Chapter, the applicant shall thereafter mail

or otherwise deliver a copy of the order within five (5) days of the receipt of the order to all parties of record and to each respondent in the cause. Where an attorney has appeared of record for a person, service shall be on the attorney.

(c) **Effectiveness of order.** The issuance of or effectiveness of an order or its enforcement will not be stayed or postponed by the filing of any motion for rehearing or for other relief therefrom. The Commission may by order stay any order pending further hearing, and may stay or postpone the effective date thereof, or enforcement thereof for such time and on such terms as may be just.

(d) **Order titles and numbers.** An order of the Commission, descriptively titled, shall be issued for all motions and other matters set for hearing, except for continuances, and all such orders shall be given an order number; provided that when a motion is withdrawn, no order shall be required to document the withdrawal.

### SUBCHAPTER 19. CONTEMPT

#### **165:5-19-1. Contempt procedure**

(a) **Commencement.** A contempt proceeding is commenced with the filing of a verified Complaint. Prior to the filing of a contempt proceeding by the Commission, or a division thereof, the self-reporting of an apparent violation and corrective actions taken by the Respondent, along with plans to prevent future violations, and/or other mitigating factors should be considered.

(b) **Complaint.** The complaint shall state:

- (1) The name of the person, firm, trust, corporation, or association against whom the complaint is made.
- (2) Each law, order, rule, regulation of which violation is charged.
- (3) In general terms, the acts or omissions constituting the violation of which complaint is made. If complaint is made of more than one violation, each violation shall be separately stated.

(c) **Citation.** When a complaint is filed, the Secretary shall issue in the name of the state a citation directed to the person against whom complaint is made, which citation shall be accompanied by a copy of the complaint. The citation shall state:

- (1) The name of the complainant and the date the complaint was filed.
- (2) A brief description of the nature of the complaint.
- (3) Reference to the accompanying copy of the complaint.
- (4) The date upon which the complaint is set for hearing, which shall not be earlier than ten (10) days from the date the citation is served.
- (5) A statement that, unless the person complained against shall on or before the date for hearing file a response to the complaint, the allegations and charges therein will be taken as confessed.

(d) **Service of citation.** Service of the citation for contempt may be made by a person directed to do so by order of the Commission. Such service shall be made in accordance with the rules of the Commission. Service shall be made by mailing

the citation for contempt by certified mail to the respondent's last known address as listed in Commission records, and, if applicable, to the respondent's registered agent as listed with the Oklahoma Secretary of State. The respondent is responsible for notifying the Commission of any change of address.

(e) **Return of service.** The person making the service shall make his return thereof, and file the same with the Court Clerk. The return shall show the time when the citation was received by him, and the time and manner the same was served by him, and such return shall be verified by the person making the service. Service of the citation for contempt on the respondent by certified mail shall be considered effective on the date of receipt, or if refused, on the date of refusal of the complaint by the respondent. If the certified mailing is returned as undeliverable, the Commission or Administrative Law Judge shall determine sufficiency of service and may recommend additional service requirements. The Commission or Administrative Law Judge may use the service of process requirements in 12 O.S. § 2004 as guidance to ensure effective service.

(f) **Default.** If no response to the complaint is filed on or before the date set for hearing, or if a respondent fails to appear at the time set for hearing, as specified in the citation, the Commission may immediately proceed to hear the complaint. After hearing the evidence, the Commission shall impose such fine, cancellation, suspension, or other order or punishment as the facts and circumstances warrant, or dismiss the complaint.

(g) **Response.** A respondent who desires a hearing shall, on or before the time specified in the citation for hearing, file a response to the merits of the ~~cause~~ case and shall appear at the time set for hearing. The response shall include all objections and defenses of any nature to the complaint and may include a motion to dismiss the complaint for reason of insufficiency thereof or lack of jurisdiction.

(h) **Hearing procedures.** At the hearing, the Commission shall first determine whether jurisdiction and service are proper, then hear all objections and defenses other than to the merits of the complaint and shall enter appropriate order thereon. Amendments may be permitted upon terms that are just, with or without grant of a continuance. After all preliminary questions are heard, the Commission shall hear the merits of the complaint, and at the conclusion thereof, shall impose such fine, suspension, cancellation, or other order or punishment as the facts and circumstances warrant, or dismiss the complaint.

(i) **Hearing date.** Every ~~cause~~ case instituted hereunder shall be tried on its merits on the date specified in the citation, or at such other time to which such ~~cause~~ case shall be continued for hearing by the Commission.

### SUBCHAPTER 21. PROCEDURE FOR THE PETROLEUM STORAGE TANK DOCKET

#### **165:5-21-3. Application and notice requirements for Petroleum Storage Tank cases**

(a) Every case will start with the filing of an application in the Court Clerk's Office. The following must be on the application:

## Permanent Final Adoptions

- (1) A caption with the heading of "Before the Corporation Commission of the State of Oklahoma."
  - (2) The name of the applicant(s).
  - (3) The relief sought (what the applicant wants done).
  - (4) The docket and case number.
- (b) The application must have four numbered parts as follows:
- (1) The first part must have (i) the applicant's name, address, and telephone number of his attorney or designated representative; (ii) the nature of the applicant's interest in the subject matter of the case; and (iii) the name and address of each person (if any) named as respondent(s).
  - (2) The second part must have the allegation of facts which are important to the case. The allegations must be stated simply in numbered subparagraphs as necessary for clarity.
  - (3) The third part must have the citations of statutes, rules, orders, and decided cases authorizing the relief sought.
  - (4) The fourth part must have a short and concise statement of what the applicant(s) wants the Commission to do.
- (c) The application must be signed by the applicant or, an authorized agent of the applicant or by the attorney for the applicant. The address and telephone number of the person signing must be under the signature. The person signing the application shall be deemed to certify that:
- (1) He has read the application; and
  - (2) To the best of his knowledge, formed after reasonable inquiry, the facts contained in the application are true; and
  - (3) That the application is not filed to harass or to cause unnecessary delay or needless expense.
- (d) A document may be served on a party of record by regular mail or in person. When an attorney has appeared of record for a person, all subsequent service shall be on the attorney.
- (e) Every application and notice of hearing shall be served on the respondent and the ~~Judicial and Legislative Services~~ staff counsel by certified mail by the person filing the application; publication is not required. Thereafter, every document shall be served by regular mail upon all parties.
- (f) A certificate of service will be included on every document. The certificate shall contain a list of the persons to whom a copy of the document was mailed, postage prepaid, or to whom it was hand delivered.
- (2) The Complainant's company name;
  - (3) The Complainant's address;
  - (4) The Complainant's company phone number, ~~e-mail address~~, electronic mail address, and facsimile number;
  - (5) The date and time of the complaint including the name and address, and the telephone number and electronic mail address, and fax number, if known, of the Respondent with whom the Complainant has a dispute;
  - (6) A description of the dispute;
  - (7) The time period of the problem described in the dispute;
  - (8) The current status of the negotiations between the parties;
  - (9) Description of the actions taken by the Complainant to resolve the problem;
  - (10) The relief sought by the Complainant;
  - (11) The legal description, county name and name of the well(s) involved in the dispute; and
  - (12) The names of representatives of the Respondent with whom the Complainant has talked regarding the dispute.
- (b) No filing fee shall be charged ~~by the Judicial and Legislative Services~~ to the Complainant for filing the Notice of Intent to Mediate, however, ~~it shall charge~~ a \$5.00 fee shall be charged to each Participant to an informal dispute resolution procedure.
- (c) If the Notice of Intent to Mediate is filed after the filing of a Formal Complaint, the Notice of Intent to Mediate shall contain a statement of the Complainant's desire to commence the informal dispute resolution procedure, the information contained in OAC 165:5-23-3 (a)(8) and (a)(9), and shall reference the claims pled and relief sought in the Formal Complaint.
- (d) Attached to the Notice of Intent to Mediate may be any documentary evidence the Complainant wishes to submit.
- (e) The Complainant shall send by registered mail, facsimile, or deliver a copy of the Notice of Intent to Mediate and all attached documents to the Respondent at the same time that the Notice of Intent to Mediate and any attached documents are filed with the Commission.
- (f) Within ten (10) days of receiving the Notice of Intent to Mediate, the Respondent shall file in writing either a notice that it does not agree to participate in the informal dispute resolution procedure or a reply that it agrees to participate in the informal dispute resolution procedure, in which event Respondent shall respond to the Notice of Intent to Mediate and Respondent may attach to its reply any documentary evidence which it wishes to submit. The Respondent shall file its notice or reply and any attached documentary evidence with the Commission's Court Clerk and shall send by registered mail, facsimile, or deliver a copy of the notice or reply, and all attached documents, to the Complainant at the same time the notice or reply is filed with the Court Clerk.
- (g) Either the Complainant or the Respondent may withdraw its agreement to participate in the informal dispute resolution procedure at any time.

### SUBCHAPTER 23. INFORMAL RESOLUTION OF NATURAL GAS GATHERING DISPUTES

#### 165:5-23-3. Form and service of a Notice of Intent to Mediate; reply by Respondent

(a) Prior to or after the filing of a Formal Complaint under 52 O.S. §§ 24.4 and 24.5, a Complainant seeking redress under this Subchapter may commence the informal dispute resolution procedure by filing a Notice of Intent to Mediate. The Notice of Intent to Mediate shall be made in the form prescribed by the Commission and shall contain the following information:

- (1) The Complainant's name;

### SUBCHAPTER 25. MOTOR CARRIER TAX AND REGISTRATION PROTESTS

**165:5-25-2. Filing confidential applications for hearing**

(a) ~~Taxpayer~~ Until such time as the ECF System provides for the electronic filing of confidential documents, taxpayer or registrant applications for hearing pursuant to this subchapter shall be filed in paper with the Commission's Court Clerk's Office Clerk in person or by mail. Accordingly and notwithstanding OAC 165:5-1-5(h), to maintain the confidentiality of the taxpayer's identity, a coversheet for the application shall not be filed via the ECF System, and pursuant to 47 O.S. § 1170, all filings in the case are to be filed in paper with the Court Clerk in person or by mail instead of through the ECF System. Applications and filings shall be in writing, marked "CONFIDENTIAL TAXPAYER/REGISTRANT PROTEST," pursuant to OAC 165:5-1-5(g), signed by the taxpayer or registrant or an authorized representative thereof, and shall set out therein:

- (1) The name, mailing address, physical address, telephone number, and e-mail address of the taxpayer or registrant;
- (2) A statement of the amount of the deficiency as determined by the Transportation Division in the proposed assessment, the nature of the tax or fee and the amount thereof in controversy, or the denial of base state registration;
- (3) A clear and concise statement of each item in dispute;
- (4) The argument and any legal authority upon which each item in dispute is made; provided, that the taxpayer or registrant shall not be bound or restricted in such hearing, except on exceptions, to the arguments and legal authorities contained and cited in said applications or presented in the initial hearing;
- (5) A statement of the relief sought by the taxpayer or registrant;
- (6) A verification by the taxpayer or registrant or his duly authorized agent that the statements and facts contained therein are true; and
- (7) In a refund claim, a statement as to whether the basis for the claim request is due to a mistake of law or a mistake of fact with a brief explanation of the mistake.

(b) Pursuant to 47 O.S. § 1170 ~~and 51 O.S. § 24A.29~~, the Commission ~~hereby determines that is required to keep all reports, records, and files of the Commission concerning the administration of the IFTA/IRP confidential. All information classified as confidential shall remain confidential unless otherwise provided by law.~~

(c) The taxpayer or registrant may authorize the disclosure of information to any person pursuant to a written waiver of confidentiality.

## GIST/ANALYSIS:

The rules were approved to streamline and clarify the Oil & Gas Conservation rules, update the list of Oil & Gas Conservation Division prescribed forms and eliminate forms, change requirements regarding operator agreements, modify Permit to Drill requirements, allow the Commission to issue a Permit to Drill prior to the issuance of an order under certain circumstances, establish parameters concerning cementing of wells and submission of cementing reports, and revise provisions pertaining to notice of hydraulic fracturing operations and eliminate a reference to citations.

The approved rules also clarify requirements regarding submission of well logs, update specifications concerning approval of underground injection wells, increase the amount and type of information to be supplied in connection with applications for approval of underground injection wells, modify requirements pertaining to simultaneous injection wells, and streamline provisions pertaining to issuance of licenses for pulling casing and plugging wells. Certain amendments in approved rules OAC 165:10-1-22, OAC 165:10-1-24, OAC 165:10-3-1, and OAC 165:10-3-27 regarding issuance of Permits to Drill prior to the issuance of orders in particular circumstances are consistent with amendments to 52 O.S. § 87.1 in House Bill 3039 approved by Governor Stitt on May 22, 2022.

### 165:10-1-6. Duties and authority of the Conservation Division

(a) It shall be the duty of the Conservation Division to administer and enforce the statutes of this State and the rules, regulations, and orders of the Commission relating to the conservation of oil and gas and the prevention of pollution in connection with the exploration, drilling, producing, transporting, purchasing, processing, and storage of oil and gas. A schedule of fines listed in this Chapter is in Appendix E.

(b) The Conservation Division shall have the right at all times to go upon and inspect any oil and gas properties, pipelines, tank farms, refineries, and other processing plants and pump stations for the purpose of making any investigations or tests to ascertain whether the rules, regulations, and orders of the Commission are being complied with, and shall report to the Commission any violation thereof.

(c) The Conservation Division may require the testing or retesting of any oil, gas, injection, or disposal well upon 48-hour notice. Until the test is completed or excused, no allowable will be assigned the well and the purchaser or taker of oil or gas from such well shall not run oil or gas until authorized by the Conservation Division.

(d) The Director of the Conservation Division may administratively reclassify a well according to the gas-oil ratio as specified in 165:10-13-2 if the retesting of a well pursuant to this Section indicates a change in the original gas-oil ratio. This administrative reclassification shall only be used for allowable or priority purposes pursuant to 165:10-17-12. The operator shall be notified in writing by the Conservation Division within 15 days of the effective date of any change in classification.

(e) If the operator of the well which has been reclassified objects to said reclassification, he may file a written objection with the Conservation Division within 15 days of receiving notice of the reclassification. At the same time that the objection is filed, the operator shall file an application and notice setting cause for hearing with the Court Clerk ~~Commission~~. The notice shall be published one time at least 15 days prior to the hearing in a newspaper of general circulation published in Oklahoma County and in a newspaper of general circulation published in each county in which lands embraced in the application are located.

(f) The Conservation Division shall have access to all well records, wherever located. All companies, operators, drilling contractors, drillers, service companies, or other persons shall permit any authorized employee of the Commission to come upon any lease or property operated or controlled by them, and to inspect the records of wells; provided, that information so obtained shall be confidential. Any person who attempts, by means of any threat or violence, to deter or prevent any authorized employee of the Commission from performing any duty hereunder shall be prosecuted to the fullest extent of the law.

(g) Upon request of the Conservation Division, service companies or other persons shall furnish and file reports and records showing gun perforating, hydraulic fracturing, cementing, shooting, chemical treatment, and all other service operations on any well.

### 165:10-1-7. Prescribed forms

(a) Required Conservation Division forms ~~may~~shall be submitted to the Commission on forms supplied by the Commission, which are available on the Commission's website, or on ~~xerographic~~ copies of Commission forms or by operator computer generated forms. ~~Operator computer generated forms will be printed from Commission designed files made available to operators via the electronic Bulletin Board Service (BBS), Internet (World Wide Web) or magnetic disk.~~ Operator computer generated forms must contain the exact language and wording of Commission forms. Any alteration of Commission forms language and wording may subject the signature party and/or operator to perjury charges.

(b) The following Conservation Division forms are prescribed for the following purposes:

(1) **Form 1000 - Notice of ~~Intention~~Intent/Permit to Drill application:** Operator shall file Form 1000 before any oil, gas, injection, disposal, service well or stratigraphic test hole is drilled, recompleted, re-entered or deepened. Such notice shall include the name(s) and address(es) of the surface owner(s) of the land upon which the well is to be located. The ~~Commission~~Conservation Division shall process the application, and mail a copy of the permit to drill or re-enter to the surface owner(s). The Conservation Division shall send an approved Permit to Drill by electronic mail to the operator applying for the Permit to Drill at the electronic mail address(es) listed in the Form 1006B Operator Agreement filed by the operator with the Conservation Division. If no electronic mail address is listed in the Form 1006B Operator Agreement filed by the operator with the Conservation Division, the Conservation Division shall mail the approved Permit to Drill to the operator's address listed in the Form 1006B. For each Permit to Drill other than a Permit to Drill for a recompletion, the operator shall send by facsimile, electronic mail or regular mail a copy of the Permit to Drill to each surface owner listed on the Form 1000 within ten (10) business days of the Conservation Division's approval of the Permit to Drill. Upon approval, the operator will have eighteen months to commence the permitted operations. A six month extension may be granted without fee providing the Conservation Division staff determines that no material change of condition has occurred, if ~~written~~a request by facsimile, electronic mail, or regular mail for such extension is received from the operator prior to the expiration of the original permit. Only one extension may be granted. A copy of the approved permit shall be posted at the well site. [Reference 165:10-3-1 and 165:10-1-25 and OAC 165:10-7-31]

(2) **Form 1000B - Application to Drill Deep Anode Groundbeds:** Form 1000B is required to be filed for wells drilled for deep anode groundbeds as required by

OAC 165:10-7-14. The purpose of Commission Form 1000B is to ensure groundwater is being protected in construction of the deep anode groundbed. [Reference 165:10-7-14]

(3) **Form 1000S - Application for seismic operations:** A permit for seismic operations must be obtained. The applicant must post a \$50,000 bond with the Surety Department in the Oil and Gas Conservation Division. The application must also be accompanied with a pre-plot of the project area. [Reference 165:10-7-31]

(4) **Form 1001 - Notification of Intention to Plug:** Operator shall file notice on Form 1001 five days prior to plugging operations and shall notify the appropriate Conservation Division District Office before work is started. If the well is an exhausted producer, list OTC assigned county and lease number. If the Intent to Plug is cancelled, the operator shall notify the Commission by letter. [Reference 165:10-11-4 and 165:10-11-6]

(5) **Form 1001A - Notification of Spudding of New Well:** Operator shall file a Form 1001A with the Conservation Division within 14 days of spudding a new well or reentering a previously plugged well. [Reference 165:10-3-2]

(6) **Form 1002A - Well completion report:** Operator shall furnish a complete well record on Form 1002A within 60 days after completion of operations to drill, recomplete, re-enter, or convert to injection or disposal well. Effective for both dry hole and/or producer. If well is an oil or gas producer, list OTC assigned county and lease number. Gas-oil ratio must be shown when Form 1002A is filed. List on a 24-hour basis both oil and gas. [Reference 165:10-3-25]

(A) **Oil well:** GOR less than 15,000:1

(B) **Gas well:** GOR 15,000:1 or more

(7) **Form 1002B - Confidential Filing of Electric Logs:** Operator shall file Form 1002B within 60 days from the earlier of the date of completion of the well or the date of the running of the last formation evaluation type ~~wire line~~ well log to hold logs confidential for one year period. Optional extension for six months may be requested by operator in writing to the Technical Services Department of the Conservation Division. [Reference 165:10-3-26]

(8) **Form 1002C - Cementing Report** ~~to accompany Well Completion Report:~~ Operator shall file Form 1002C ~~with the Well Completion Report (Form 1002A)~~ within 45 days of the release of the rig used to drill such well. The Form 1002C shall describe describe all cementing operations on surface, intermediate, and production casing strings, including multistage cementing jobs. The ~~form~~ Form shall be completed and signed by employees of both the operator and the cementing company. [Reference ~~165:10-3-4(i)~~ 165:10-3-4(j)]

(9) **Form 1003 - Plugging Record:** Operator will file Form 1003 within 30 days after plugging operations are completed. The Form 1003 is to be mailed or e-mailed to the appropriate Conservation Division District Office. Form 1003 shall be completed and signed by employees of

both the operator and the cementer. If a depleted producer, list OTC assigned county and lease number. [Reference 165:10-11-6 and 165:10-11-7]

(10) **Form 1003A - Notice of Temporary Exemption from Well Plugging:** Form 1003A shall be filed with the appropriate Conservation Division District Office. [Reference 165:10-11-3 and 165:10-11-9]

(11) **Form 1004 - Monthly Report of Unallocated Natural Gas Wells Production:** Each operator of the required meter under 165:10-17-5 shall file a monthly well report on Form 1004 with the Commission of all natural gas volumes transferred through the meter for the preceding month, by the last day of the month following such transfer. List formation name plus OTC assigned county and lease number. If more than one meter, the operator of each shall file this form. [Reference 165:10-1-47]

(12) **Form 1004B - Notice of Gas Purchase Curtailments:** In any month wherein a first purchaser or first taker has a market demand/supply imbalance and must curtail purchases or takes in compliance with 165:10-17-12, Form 1004B shall be filed by said first purchaser or first taker with the Conservation Division. [Reference 165:10-17-12]

(13) **Form 1005 - Monthly Report of Purchasers (Gas: subject to field rules):** [Reference 165:10-1-47 and 165:10-15-1]

(A) **GAS:** Each operator of the required meter or meters under 165:10-17-5 shall complete computer-generated Form 1005, and return a copy to the Conservation Division indicating the gas amounts transferred through the meter for the preceding month on allocated and special allocated gas wells.

(B) **OIL:** Each first purchaser, or first taker of oil from wells and projects which are capable of producing in excess of their maximum assigned allowables, must complete computer-generated Form 1005 and return a copy to the Conservation Division indicating the amount of oil taken from each well or unit for the preceding month.

(14) **Form 1006 - Surety bond for oil, gas, injection, or disposal wells:** Prior to drilling and/or operating a well, the operator shall furnish the Conservation Division a surety bond (\$25,000.00) or other present alternate surety, including, but not limited to, Form 1006A or 1006C. Operator must file the original copy only with a copy of the power of attorney from the bonding company. The name and address of the Oklahoma resident service agent shall be endorsed on the bond form. [Reference 165:10-1-10 and 165:10-1-12]

(15) **Form 1006A - Financial Statement for oil, gas, injection or disposal wells:** Prior to drilling and/or operating a well, the operator shall furnish the Conservation Division a verifiable financial statement (minimum net worth \$50,000.00 within the State of Oklahoma) or other present alternate surety, including, but not limited to, Form 1006 or 1006C. Operator must file an original copy on Form 1006A, which must be updated annually from the last filing date. [Reference 165:10-1-10 and 165:10-1-11]

(9694) **Form 6000NHF - Notice to Conservation Division of hydraulic fracturing operations:** Operators are required to notify the Conservation Division using Form 6000NHF at least 48 hours prior to commencement of hydraulic fracturing operations on a well. [Reference 165:10-3-10]

(9795) **Form 6000NOO - Notice to operators of producing wells of hydraulic fracturing operations:** Operators are required to notify operators of producing wells within one mile of the completion interval of the subject well at least 5 business days prior to commencement of hydraulic fracturing operations on such well. The notice to be provided such operators shall contain the information in Form 6000NOO. [Reference 165:10-3-10]

### PART 3. SURETY

#### 165:10-1-10. Operator's agreement; Category A and Category B surety

(a) "Any person who drills or operates any well for the exploration, development or production of oil or gas, or as an injection or disposal well, within this State, shall furnish in writing, on forms approved by the Corporation Commission, ~~his such person's~~ agreement to drill, operate and plug wells in compliance with the rules and regulations of the Commission and the laws of this state, together with evidence of financial ability to comply with the requirements for plugging, closure of surface impoundments, removal of trash and equipment as established by the rules of the Commission and by law." ~~§2 O.S. § 318.4~~ Any operator violating this Section may be fined up to \$500.00. To establish evidence of financial ability, the Commission shall require:

(1) Category A surety which shall include a financial statement listing assets and liabilities and including a general release that the information may be verified with

banks and other financial institutions. The statement shall prove a net worth of not less than \$50,000.00 in U.S. dollars; or

(2) Category B surety shall include an irrevocable commercial letter of credit, cash, a cashier's check, a certificate of deposit, bank joint custody receipt, other approved negotiable instrument, or a blanket surety bond. Except as provided in (3) of this subsection, the amount of such Category B surety shall be in the amount of \$25,000.00 in U.S. dollars but may be set higher at the discretion of the Director of the Conservation Division. The Commission is authorized to establish Category B surety in an amount greater than \$25,000.00 in U.S. dollars based upon the past performance of the operator and its insiders and affiliates regarding compliance with the laws of this state, and compliance with any rules promulgated thereto including but not limited to the drilling, operation and plugging of wells, closure of surface impoundments, or removal of trash and equipment. Any such Category B surety shall constitute an unconditional promise to pay and be in a form negotiable by the Commission.

(3) The Commission may grant Category B surety in an amount less than \$25,000.00 in U.S. dollars to an operator whose statewide well plugging liability is less than \$25,000.00 in U.S. dollars. Said Category B surety shall be in an amount that is sufficient to cover the total estimated cost of properly plugging and abandoning each and every well, the operations for which, an operator is responsible. Statewide well plugging liability shall be documented by an affidavit filed on Form 1006D and shall be properly executed by a duly licensed ~~pipe-casing~~ pulling and well plugging company and shall be approved by the Conservation Division. Said affidavit shall state, among other things, an estimated cost of plugging, closure, and removal operations for each well in accordance with 165:10-11-3 through 165:10-11-8 inclusively and shall be accompanied by a Form 1000 (Intent to Drill) if the estimate involves a proposed well or by a Form 1002A (Completion Report) if the estimate involves a well that is a producing, injection, or disposal well. The estimated cost shall not include any salvage value as to recoverable casing, tubing, or well head equipment. The total statewide well plugging liability of an operator utilizing this Category B surety shall be kept current and shall be increased as additional wells are added to the responsibility of the operator and may be decreased as included wells are plugged and abandoned, but in no event shall exceed \$25,000.00 in U.S. dollars unless otherwise ordered by the Commission.

(b) Operators of record as of June 7, 1989, who do not have any outstanding contempt citations or fines and whose insiders or affiliates have no outstanding contempt citations or fines may post Category A surety.

(1) New operators, operators who have outstanding fines or contempt citations and operators whose insiders or affiliates have outstanding contempt citations or fines as of June 7, 1989, shall be required to post Category B surety. Operators who have posted Category B surety and have

## Permanent Final Adoptions

---

operated under this type surety and have no outstanding fines at the end of three years may post Category A surety.

(2) Operators using Category A surety who are assessed a fine of \$2,000.00 or more and who do not pay the fine within the specified time shall be required to post a Category B surety within 30 days of notification by the Commission.

(c) If a bond is required, the bond shall be executed by a corporate surety authorized to do business in this State and shall be renewed and continued in effect until the conditions have been met or release of the bond is authorized by the Commission.

(d) Irrespective of (a), (b), and (c) of this Section, for good cause shown concerning pollution or improper plugging of wells by an operator posting either Category A or Category B surety or by an insider or affiliate of such operator, the Commission, upon application of the Director of the Conservation Division after notice and hearing, may require the filing of additional Category B surety in an amount greater than \$25,000.00 in U.S. dollars but not to exceed \$100,000.00 in U.S. dollars. If the Commission has evidence that any person applying to the Commission for authority to operate may not possess a satisfactory compliance history with Commission rules, the Director of the Conservation Division may seek an order of the Commission, issued after application, notice, and hearing, determining whether the person should be authorized to operate.

(e) The agreement (Form 1006B-Operator's Agreement to Plug Oil, Gas and Service Wells Within the State of Oklahoma) provided for in (a) of this Section shall provide that if the Commission determines, after notice and hearing, that the person furnishing the agreement has neglected, failed, or refused to plug and abandon, or cause to be plugged and abandoned, or replug any well or has neglected, failed or refused to close any surface impoundment or remove or cause to be removed trash and equipment in compliance with the rules of this Chapter, then the person shall forfeit from ~~his~~such person's bond, letter of credit, or negotiable instrument or shall pay to this State, through the Commission for deposit in the State Treasury, a sum equal to the cost of plugging the well, closure of any surface impoundment, or removal of trash and equipment. The Commission may cause the remedial work to be done, issuing a warrant in payment of the cost thereof drawn against the monies accruing in the State Treasury from the forfeiture or payment. Any monies accruing in the State Treasury by reason of a determination that there has been a noncompliance with the provisions of the agreement (Form 1006B) or the rules and regulations of the Commission, in excess of the cost of remedial action ordered by the Commission, shall be credited to the ~~Conservation Oil and Gas Revolving Fund~~. The Commission shall also recover any costs arising from litigation to enforce this provision if the Commission prevails. Provided, before a person is required to forfeit or pay any monies to the State pursuant to this Section, the Commission shall notify the person at ~~his~~such person's last-known address of the determination of neglect, failure, or refusal to plug or replug any well, or close any surface impoundment, or remove trash and equipment, and said person shall have ten days from the date of notification within which to commence remedial operations. Failure to

commence remedial operations shall result in forfeiture or payment as provided in this subsection. If the operator is a corporation, association, partnership, limited liability company or any entity other than an individual, and such entity is not required to file a Form 10-K with the United States Securities and Exchange Commission, the operator shall file as part of its Form 1006B a complete list, in tabular form, of the full names (first, middle and last names) and any applicable suffix, e.g. Senior, Junior, business mailing addresses, physical business addresses (cannot be post office boxes), business telephone numbers, business email addresses, driver license numbers, and percentages of ownership of all officers, directors, partners or principals of the operator and the insiders and affiliates of the operator. The operator shall also file as part of its Form 1006B the current names and business mailing addresses of all service agents of the operator and the operator's insiders and affiliates. If the operator is required to file a Form 10-K with the United States Securities and Exchange Commission, the operator must submit a current Form 10-K with the Form 1006B to the Conservation Division. Such operator must complete page one of the Form 1006B, and the Form 10-K is submitted in lieu of other required information in the Form 1006B. Operators who are individuals shall file, as part of the operator's Form 1006B, the operator's full name (first, middle and last names) and any applicable suffix, e.g. Senior, Junior, business mailing address, physical business address (cannot be a post office box), business telephone number, business email address, percentages of ownership of the operator in insiders and affiliates of the operator, the full names, business mailing addresses, physical business addresses (cannot be post office boxes), business telephone numbers, and business email addresses of the officers, directors, partners or principals of the operator's insiders and affiliates. The operator shall also file as part of the operator's Form 1006B the current names and business mailing addresses of all service agents of the operator's insiders and affiliates. The operator is required to file a Form 1006B with the Conservation Division every twelve (12) months.

(f) No person shall drill or operate any well, or receive an allowable, without complying with the provisions of this Section.

(g) No person shall drill or operate any oil or gas well subject to the provisions of this Section, without the evidence of financial ability required by this Section. The Commission shall shut in, without notice, hearing or order of the Commission, the wells of any such person violating the provisions of this ~~Section~~subsection and such wells shall remain shut in for noncompliance until the required evidence of Category B surety is obtained and verified by the Commission. No taker, transporter, or purchaser of oil or gas shall take, transport, or purchase oil or gas from the wells of any such drillers or operators after receiving a copy of the shut-in order or notice by certified mail of the issuance of such an order.

(h) If title to property or a well is transferred, the transferee shall furnish the evidence of financial ability to plug the well and close surface impoundments required by the provisions of this ~~section~~Section, prior to the transfer.

(i) The following words, when used in this Section, shall have the following meaning:

- (1) "Affiliate" means an entity which owns twenty percent (20%) or more of the operator, or an entity of which twenty percent (20%) or more is owned by the operator.
- (2) "Insider" means officer, director, or person in control of the operator; general partners of or in the operator; general or limited partnership in which the operator is a general partner; spouse of an officer, director, or person in control of the operator; spouse of a general partner of or in the operator; corporation of which the operator is a director, officer, or person in control; affiliate, or insider of an affiliate as if such affiliate were the operator; or managing agent of the operator.

**PART 5. SPACING**

**165:10-1-22. Drilling and spacing units**

- (a) ~~The commission~~Commission may establish drilling and spacing units in any common source of supply as provided by law, and the ~~special~~ orders creating drilling and spacing units shall supersede the provisions of 165:10-1-21. It shall be the responsibility of any operator who proposes to drill a well to ascertain the existence and provisions of ~~special~~spacing orders creating drilling and spacing units.
- (b) The drilling of a well or wells into a common source of supply in an area covered by an application pending before the ~~commission~~Commission seeking the establishment of drilling and spacing units is prohibited except by special order of the ~~commission~~Commission. However, the Commission may issue a Permit to Drill for any well after a hearing for a special order or for an order on the merits prior to the issuance of any such order. Any such Permit to Drill is subject to and must conform with the final provisions of any such order. However, if an Intent to Drill (Form 1000) Additionally, if a Permit to Drill has been approved by the commissionCommission and operations commenced prior to the filing of a spacing application, the operator shall be permitted to drill and complete the well without a special order of the Commission.
- (c) Standard drilling and spacing units shall be either approximately square or rectangular; if rectangular, the drilling and spacing unit shall consist of two approximately square tracts.
- (d) Standard square drilling and spacing units shall be those containing approximately 10, 40, 160, or 640 acres; standard rectangular units shall contain approximately 20, 80, or 320 acres.
- (e) The drilling and spacing units within any common source of supply of oil or gas shall be of approximately uniform size and shape. In a combination reservoir, the drilling and spacing units within the oil portion of the reservoir shall be of approximately uniform size and shape, and the drilling and spacing units within the gas portion of the reservoir shall be of approximately uniform size and shape; provided, however, the drilling and spacing units within the gas portion of a combination reservoir along the gas-oil contact line or transition zone may be of nonuniform size and shape.

**165:10-1-24. Permitted well locations within standard drilling and spacing units**

- (a) The permitted well location within any standard square drilling and spacing unit shall be the center of the unit. The permitted well locations within standard rectangular drilling and spacing units shall be the centers of alternate square tracts constituting the units (alternate halves of the units); provided, however, a well will be deemed drilled at the permitted location if drilled within the following tolerance areas:
  - (1) Not less than 165 feet from the boundary of any standard 10-acre drilling and spacing unit or the proper square 10-acre tract within any standard 20-acre drilling and spacing unit.
  - (2) Not less than 330 feet from the boundary of any standard 40-acre drilling and spacing unit or the proper square 40-acre tract within any standard 80-acre drilling and spacing unit.
  - (3) Not less than 660-feet from the boundary of any standard 160-acre drilling and spacing unit or the proper square 160-acre tract within any standard 320-acre drilling and spacing unit.
  - (4) Not less than 1320 feet from the boundary of any standard 640-acre drilling and spacing unit.
- (b) The proper square tract of a rectangular drilling and spacing unit established prior to January 1, 1971, for which a slot drilling pattern was prescribed, shall be the northeast quarter and the southwest quarter of the governmental section, quarter section, or quarter quarter section containing two abutting rectangular drilling and spacing units; provided, slot patterns may be established or re-established upon application, notice, and hearing where consistent with available geological and engineering information when necessary to prevent waste or protect correlative rights.
- (c) The permitted well location tolerance areas set out in (a) of this Section shall apply to each standard drilling and spacing unit heretofore or hereafter established, notwithstanding the provisions of any ~~special~~ order of the Commission prescribing a different permitted well location tolerance area; provided, however, this Section shall not affect any adjusted allowable or penalty applied to any well by ~~special~~ order of the Commission prior to the effective date of this Section, nor shall any well heretofore drilled within a then permitted tolerance area be deemed outside the permitted tolerance area by reason of this Section.
- (d) Wells drilled ~~off-pattern~~off-pattern without first obtaining an exception after notice and hearing by the Commission are hereby prohibited from producing either oil or gas.
- (e) Whenever permission is granted to drill a well at a location other than specified in this Chapter, the allowable or production therefrom, or both, may be adjusted for the protection of the correlative rights of all persons entitled to share in the common source of supply.
- (f) Unless the order granting a well location exception provides otherwise, the permission to drill the well at the excepted location shall expire twelve (12) months after the date of the order, unless a well was commenced at the excepted location on or before the expiration date. The order granting the well

# Permanent Final Adoptions

location exception will thereafter expire when the well is plugged, abandoned, or converted.

(g) An application for an emergency order granting a well location exception may be granted if the applicant has obtained the written consent of the operator of each adjoining or cornering tract of land or drilling and spacing unit, currently producing from the same formation, toward which the well location is proposed to be moved. Provided, however, if the applicant is the operator of the well in an adjoining or cornering tract of land or drilling and spacing unit, currently producing from the same formation, toward which the well location is proposed to be moved, the applicant shall obtain the written consent of each working interest owner in such well.

(1) Letters evidencing the written consent of off-set operators and working interest parties as described in this subsection shall be introduced and received into evidence at the time of the emergency hearing and reviewed. Copies of said letters shall be filed with the Court Clerk of the Commission.

(2) If the written consent described in this subsection cannot be obtained, the applicant may send written notice to said non-consenting party giving that party at least five business days notice of the emergency hearing. If said non-consenting party fails to appear, then the emergency application shall be considered and may be granted without the non-consenting party's written consent. The applicant shall file an affidavit of mailing with the Court Clerk to prove the mailing of the five day notice.

(h) If a spacing application is currently pending and the applicant or any party who owns the right to drill needs to commence a well prior to issuance of the spacing order, the applicant or party shall obtain an emergency order to commence such well and an emergency location exception order, or the Commission may issue a Permit to Drill for any well after a hearing for an emergency location exception order prior to the issuance of any such order. Any such Permit to Drill is subject to and must conform with the final provisions of any such order if:

(1) The proposed well is ~~off-pattern~~ according to the existing spacing for any formation involved, or

(2) The well is ~~off-pattern~~ according to 165:10-1-21 governing well patterns for unspaced areas.

(i) Whenever an order permits an ~~off-pattern~~ well with a percentage penalty, the order permitting said well may provide, at the request of a party entitled to notice in the cause, for said party to have the right, at his sole cost and risk, to attend and monitor the initial potential testing and all subsequent annual testing of the proposed ~~off-pattern~~ well to ensure proper testing. If the order permits witnessing of tests as prescribed above, then the order shall further provide that at least five days prior to the initial potential testing and each subsequent annual testing of the proposed well, the operator of the well shall notify, in writing, all parties entitled to notice in the cause who requested to attend and monitor these tests of the date and time upon which said testing shall commence.

## SUBCHAPTER 3. DRILLING, DEVELOPING, AND PRODUCING

### PART 1. DRILLING

#### 165:10-3-1. Required approval of notice of intent to drill, deepen, re-enter, or recomplete; Permit to Drill

(a) **Permit to Drill.**

(1) Except as provided in ~~(4)~~(1) of this Section, on emergency authorization to commence, the operator shall obtain for the well a Permit to Drill approved by the Conservation Division before:

(A) Spudding a well for the exploration for and production of oil or gas.

(B) Spudding a well for use as an injection, disposal, or service well.

(C) Re-entry into a plugged well.

(D) Recompletion of a well.

(E) Deepening an existing well.

(2) A Permit to Drill shall be valid only for each common source of supply listed on the permit.

(3) Any operator who drills, deepens, reenters or re-completes a well without a permit to drill may be fined up to \$1,000.00.

(4) An operator requesting a Permit to Drill for a well shall submit a plat utilizing Commission records showing the ~~location~~ well name, operator, section, township, range and county, ground elevation, and total depth of each abandoned, plugged, producing or drilling well, and dryhole within one quarter (1/4) mile of the completion interval of the proposed well. The operator is also required to submit a certified plat regarding the proposed well prepared by a licensed surveyor, and the following information shall be included in the plat concerning the completion interval of the proposed well: the surface hole location footages from the quarter section with latitude and longitude, proposed bottom hole location footages from the quarter section with latitude and longitude, landing point, corner coordinates at section corners and quarter section points, GPS Datum NAD 27 and NAD 83, and distance to wells that will be closer than authorized in Commission rules or by Commission order. In addition, regarding an application for a Permit to Drill to recomplete a well, the operator shall include on the plat the surface hole location latitudes and longitudes for wells for which Permits to Drill have been approved.

(5) The Conservation Division shall send an approved Permit to Drill by electronic mail to the operator applying for the Permit to Drill at the electronic mail address(es) listed in the Form 1006B Operator Agreement filed by the operator with the Conservation Division. If no electronic mail address is listed in the Form 1006B Operator Agreement filed by the operator with the Conservation Division, the Conservation Division shall mail the approved Permit to Drill to the operator's address listed in the Form 1006B.

- (6) The Commission may issue a Permit to Drill for any well after a hearing for a special order or for an order on the merits prior to the issuance of any such order. Any such Permit to Drill is subject to and must conform with the final provisions of any such order.
- (b) **Amended or additional Form 1000 requirements.**
- (1) **When required.** If the Conservation Division has issued a Permit to Drill for a well, the operator of the well shall submit an amended Form 1000 for the well and obtain an amended Permit to Drill before:
- (A) Completing the well in a common source of supply which is not listed on the current unexpired Permit to Drill for the well.
- (B) Re-completing the well in a common source of supply which is not listed on the current unexpired Permit to Drill for the well.
- (C) Installing less surface casing than the amount approved on the unexpired Permit to Drill for the well.
- (D) Deviating from an alternative casing and cementing procedure which the Conservation Division approved on the unexpired Permit to Drill for the well.
- (E) Completing a well in a common source of supply at a subsurface location which does not correspond with the surface location on the most recently issued Permit to Drill for the well.
- (2) **Effect of amended or additional Permit to Drill on prior Permit to Drill.** Each approved, amended, or additional Permit to Drill for a well cancels any previously issued Permit to Drill for the well.
- (c) **Expired or revoked Permit to Drill.** If a Permit to Drill for a well expires or is revoked, the operator shall be subject to the requirements of (a) of this Section.
- (d) **Casing and cementing requirements.** Each Permit to Drill shall list the minimum amount of surface casing to be used or an approved alternative casing and cementing program under 165:10-3-4.
- (e) **Spud report and well spacing requirements.** In addition to complying with the requirement of obtaining a Permit to Drill, the operator shall comply with the following:
- (1) The spud report requirement of 165:10-3-2.
- (2) Any well spacing requirements applicable by order or rule of the Commission. Well spacing requirements do not apply to injection or disposal wells.
- (f) **Disposal of drilling fluids.**
- (1) The operator shall indicate on Form 1000 the proposed method(s) for disposal of drilling fluids. These methods shall include, but not be limited to:
- (A) Evaporation/dewatering and leveling of the reserve pit.
- (B) Soil farming.
- (C) Recycling.
- (D) Commercial off-site earthen pit disposal.
- (E) Annular injection.
- (F) Hauling to a facility or location other than a commercial earthen pit.
- (2) If the method in (1)(F) in this subsection is used, the operator shall provide the location to which the drilling fluids are to be hauled.
- (3) Issuance of the Permit to Drill shall not be construed as constituting approval of the disposal method(s) indicated. An operator who desires to dispose of drilling fluids through either evaporation/dewatering and leveling of the reserve pit, soil farming, commercial earthen pit disposal, or annular injection must comply with 165:10-7-16, 165:10-7-19 or 165:10-9-2, 165:10-9-1, or 165:10-5-13 respectively.
- (4) If the proposed method for drilling fluid disposal is changed, the operator shall notify the appropriate Conservation Division District Office, either by telephone, facsimile or electronic mail, within twenty-four (24) hours after the change. An amended Form 1000 for the well shall not be required for a change in disposal method.
- (g) **Notice to surface owners.**
- (1) The operator shall include on each Form 1000 submitted to the Conservation Division, the name and address of each surface owner of record for the wellsite.
- (2) For each Permit to Drill other than a Permit to Drill for a recompletion, the ~~Conservation Division operator~~ shall ~~mail by regular U.S. mail~~ send by facsimile, electronic mail or regular mail a copy of the Permit to Drill to each surface owner listed on the Form 1000 within ten (10) business days of the Conservation Division's approval of the Permit to Drill.
- (h) **Disapproval for noncompliance with Commission order.** If an operator is not in compliance with an enforceable order of the Commission, the Conservation Division shall not issue any Permit to Drill for the operator, until the operator complies with the order.
- (i) **Erroneous approval.** Erroneous issuance of a Permit to Drill shall not excuse noncompliance with any order or rule of the Commission.
- (j) **Expiration.**
- (1) **Eighteen-month period.** Except as provided in (3) of this subsection for expiration after submission of a completion report, a permit to drill shall expire eighteen months from the date of issuance, unless drilling operations are commenced and thereafter continued with due diligence to completion.
- (2) **Six-month extension.** A six month extension may be granted without fee providing the Conservation Division staff determines that no material change of condition has occurred, if ~~written~~ a request by facsimile, electronic mail, or regular mail for such extension is received from the operator prior to the expiration of the original permit. Only one extension may be granted.
- (3) **If Form 1002A is filed.** If the operator of the well submits to the Conservation Division a Completion Report (Form 1002A) for the well, the Permit to Drill for the well shall expire on the date the Completion Report is approved by the Conservation Division.
- (k) **Posting of Permit to Drill at the wellsite.** During any activity subject to this Section, the operator shall maintain at the wellsite an original or legible copy of the Permit to Drill for inspection by Commission personnel.

# Permanent Final Adoptions

(l) **Emergency authorization without approval of a Permit to Drill.** In an emergency, the Manager of the Technical Services Department of the Conservation Division may temporarily authorize commencement of activities without a Permit to Drill for a period up to five business days.

(m) **Limits of authority.** A Permit to Drill does not grant the operator authority to produce, inject or dispose without the required permits or allowable assignment.

## 165:10-3-4. Casing, cementing, wellhead equipment, and cementing reports

### (a) Scope.

(1) This Section governs the following:

- (A) Surface casing and cementing requirements.
- (B) Alternate casing and cementing procedure used instead of adequate surface casing and cement.
- (C) Minimum cementing and testing requirements for intermediate and production casing.
- (D) Minimum valve and blowout preventer requirements.
- (E) Cementing reports.

(2) This Section shall apply to the following:

- (A) Wells drilled or reentered for the production of oil, gas or brine.
- (B) Wells drilled or reentered for disposal of oil-field wastes.
- (C) Wells drilled for injection.
- (D) Wells drilled in subsurface gas storage units created by order of the Commission.
- (E) Other oilfield related service wells.

### (b) Effect on area rules.

(1) If any area rules promulgated by order of the Commission require less casing and cement than required by this Section, then this Section shall supersede the area rules.

(2) If an applicable area rule promulgated by order of the Commission has more stringent casing and cementing requirements than what are required by this Section, the Conservation Division shall enforce the area rules.

### (c) Quality of cement.

(1) **Parameters.** Cement used in the procedures described in this Section shall meet or exceed the following specifications:

- (A) Minimum compressive strength: 500 psi;
- (B) Maximum Young's modulus:  $< 1.2 \times 10^6$  psi;
- (C) Permeability:  $< 0.1$  mD; and
- (D) Minimum concentration of Portland cement: approximately 20%.

(2) **Required information.**

(A) If requested by a representative of the Conservation Division, the cementer shall provide quality control data sheets regarding the cement to the Technical Services Department, which data shall include, but not be limited to, the most recent laboratory test results for the cement. Laboratory test results for the cement must be no more than 12 months old.

(B) If requested by a representative of the Conservation Division, a sample of the cement shall be split

and an adequate portion (approximately one gallon) shall be properly labeled and delivered or otherwise provided to the Technical Services Department.

(ed) **Surface casing and cementing requirements for wells listed in (a)(2) of this Section:**

(1) **Minimum surface casing requirements.** Unless an alternate casing program is authorized by the Conservation Division or by an order of the Commission, suitable and sufficient surface casing shall be run and cemented from bottom to top with a minimum setting depth which is the greater of:

- (A) Ninety feet below the surface, or
- (B) Fifty feet below the base of treatable water.

(2) **Penalty for noncompliance.** An operator setting less than the required amount of surface casing or failing to remediate uncirculated cement before resuming operations may be fined up to \$5,000.00.

(3) **Exceptions to ~~(e)(1)(d)(1)~~.** Operators having wells producing hydrocarbons which were in compliance with the surface casing requirements at the time of completion shall not be required to comply with (1) of this subsection.

(4) **Well to be used for annular injection under 165:10-5-13.** If the operator intends to dispose of drilling or stimulation fluids by annular injection, then the operator shall comply with 165:10-5-13 which requires a surface casing string to be set not less than 200 feet below the base of treatable water, unless a Commission order provides otherwise.

(5) **Depth limitation on setting surface casing.** The well operator shall run and cement the surface casing string required by this subsection before drilling the well more than 250 feet below the base of treatable water, unless otherwise approved on the Permit to Drill.

(6) **Penalties.** Operators failing to obtain permission to drill a well more than 250 feet below the treatable water, or to obtain permission for an alternate casing and cementing procedure may be fined up to \$2,500.00.

(7) **Cementing procedures.**

(A) **Approved methods.** Except as provided in (B) of this paragraph for bradenhead cementing, cement shall be run by either the tubing and pump method, the pump and plug method, or the displacement method.

(B) **Bradenhead cementing prohibited.** Bradenhead cementing is prohibited without written permission from the appropriate Conservation Division District Office.

(C) **Restrictions on stage cementing.**

(i) **Above 200 feet.** Running cement through small tubulars is permitted above 200 feet in depth without special permission.

(ii) **Below 200 feet.** Below 200 feet in depth, the operator shall obtain permission from the appropriate Conservation Division District Office before using small tubulars to run cement.

(D) **Steel casing required.** For purposes of the surface casing requirements of this Section, surface casing shall be oil field grade steel casing.

(E) **Minimum cement setup time.** The cement behind the surface casing shall set at least eight hours before further drilling. The cement behind the surface casing in wells drilled in an underground storage facility pursuant to OAC 165:10-3-5 shall set at least twenty-four hours before further drilling.

(F) **Down-hole testing of surface casing and cement.** Before drilling the shoe of the surface casing, the operator shall test the surface casing using the procedure prescribed by (g) of this Section.

(G) **Failure to circulate cement or fall back of cement behind surface casing.**

(i) **Verifying the top of cement.** If no conductor string is set and the cement did not circulate to the surface or falls back more than five feet, the operator shall determine the top of the cement using a method approved by the District Manager or Field Inspector Supervisor.

(ii) **Top of cement less than 200 feet from the surface.** If the top of the cement is found less than 200 feet from the surface, the operator may circulate cement to surface using small tubulars.

(iii) **Top of cement greater than 200 feet from the surface.** If the top of the cement is greater than 200 feet from the surface, the operator shall perform a corrective cementing operation by circulating cement to the surface from the determined top of the cement. The District Manager or Field Inspector Supervisor may grant permission to circulate cement through small tubulars.

(H) **Insufficient surface casing or mechanical failure.** Within 24 hours after discovery of a problem with the surface casing or cement, the operator shall notify the appropriate Conservation Division District Office by telephone, facsimile or electronic mail of:

(i) Any mechanical failure of the surface casing or cement.

(ii) Discovery of a treatable water formation below the shoe of the surface casing.

(I) **Penalty.** An operator, failing to report a rupture, break, or opening in the surface casing, may be fined up to \$1,000.00 and the well shut down.

(J) **Notice.** The District Manager or Field Inspector shall be given at least 24 hours notice by telephone, facsimile or electronic mail prior to any cementing operation in order that they may have the opportunity to witness.

(de) **Alternate casing and cementing procedures.**

(1) **Requirement of approval on the Permit to Drill.** Use of an alternative casing and cementing procedure instead of surface casing and cement required by ~~(e)~~(d) of this Section is prohibited without authorization on the Permit to Drill for the well.

(2) **Disapproval.** The Manager of Technical Department may not issue a permit for an alternate casing string and cementing procedure if one or more of the following conditions exist:

(A) The well will penetrate a known lost circulation zone.

(B) The treatable water bearing formation(s) will be endangered.

(C) The projected depth of the well is less than 100 feet from the top of any authorized secondary project or gas storage facility.

(3) **Applicability of other casing and cementing standards.** Alternate casing and cementing procedures under this subsection are subject to the provisions of ~~(e)~~(7)(d)(7) of this Section.

(4) **Alternate casing and cementing procedure.**

(A) An operator having permission to run an alternate casing string may, for protection of the treatable water, drill the well to casing point and circulate cement to the surface, or circulate cement from a depth of 100 feet below the base of treatable water to the surface after following the procedures set out in ~~(f)~~(g) of this Section.

(B) Oil based drilling mud shall be prohibited.

(C) If a well is completed using an alternate casing and cementing procedure, a bond log covering the interval from 100 feet below the base of the treatable water to the surface shall be required. The District Manager may waive this requirement. A completion attempt, in cases where the protection of treatable water is questionable, is strictly prohibited.

(D) Unless extended by the District Manager, the operator shall have 72 hours after drilling and testing is completed to run production casing or plug the well. A minimum of 24 hours prior notice by telephone, facsimile or electronic mail must be given to the appropriate Conservation Division District Office prior to cementing operations so that a Field Inspector may have the opportunity to witness the cementing or plugging procedures. If the well is plugged and abandoned, procedures set out in ~~(e)~~(f) of this Section shall be followed.

(E) In the event that casing is run and cement does not circulate to the surface, or falls back, the operator shall determine the top of the cement using a method approved by the District Manager.

(5) **Remedial actions.**

(A) If the top of the cement is less than 200 feet from the surface, the operator may circulate cement from that point to the surface using small tubulars or by perforating the casing at that point and circulating cement to the surface.

(B) If the top of the cement is greater in depth than 200 feet, the operator shall perforate the casing at the top of the cement and circulate cement to the surface, or with the written permission of the District Manager or Field Inspector Supervisor, use small tubulars.

(C) In the event that a conductor string had been set and the top of the cement is at least ten feet above the base of the conductor casing no remedial action is needed.

## Permanent Final Adoptions

---

(D) Unless waived by the appropriate Conservation Division District Office, all corrective cementing operations shall be approved and witnessed by the Field Inspector.

(E) In wells where corrective actions were needed for casing or cementing problems, a completion attempt shall not be made without approval by the District Manager.

(ef) **Permanent well marker.** In the event that the well is a dry hole and no casing has been run, then during the plugging of the well the operator shall run and cement from bottom to top at least one joint of casing at the surface not less than 25 feet in length for use as a permanent well marker. The casing used as a well marker shall be oil field grade steel casing with an outside diameter of at least seven inches. The top of the marker shall be three feet below the surface and be capped with a steel plate inscribed or embedded with the well number and date of plugging on the steel plate. An operator failing to run and cement the well marker as required may be fined up to \$1,000.00 and shall, under the supervision of the Commission, replug the well.

(fg) **Minimum cement for additional casing strings.** If additional casing other than surface casing is run, except for temporary purposes, it shall be run, set, and cemented with a calculated volume of cement sufficient to fill the annular space behind the casing string from the base of the casing string to a minimum height which is the greater of five percent of the depth to which the casing string is set, or a height of 200 feet. Any well approved for horizontal completion shall be cemented with a calculated volume of cement sufficient to fill the annular space behind the production casing string to isolate the producing formation. The Conservation Division may grant a variance to this requirement for a horizontal well upon request.

(gh) **Pressure testing of casing strings.**

(1) Before drilling the cement plug in a casing string, the operator shall pressure test the installed casing for 30 minutes at a minimum pressure which is the lesser of the surface gauge pressure equal in pounds per square inch to 0.2 of the length of the casing in feet or 1500 psig.

(2) During the 30 minute test, if the surface pressure drops ten percent or more, the operator shall:

(A) Repair and retest the casing until the requirements of this subsection are met; or

(B) Plug the well according to the rules of this Chapter.

(hi) **Minimum wellhead equipment for drilling wells.** All reasonable and prudent precautions shall be taken for keeping the well under control during drilling operations, including but not limited to the use of blowout preventers or other similar equipment with appropriate pressure fittings attached to properly cemented casing strings and the maintenance of mud-laden fluid of sufficient weight to provide proper well control. A blowout preventer or other equipment necessary to maintain control of the well shall be installed prior to drilling out of the surface casing. Blowout preventers and associated equipment shall be maintained in good working order. Blowout preventers shall be pressure tested at regular intervals,

not to exceed twenty-one days, to ensure proper operation. A function test shall be conducted on a routine basis during drilling operations to ensure that annular preventers and rams will operate properly. Alternate testing procedures may be approved by the District Manager. The rig personnel shall be trained in the use of blowout prevention equipment and well control procedures on the rig.

(ij) **Cementing reports.**

(1) The operator of the well shall submit, ~~attached to Form 1002A Completion Report,~~ a Form 1002C Cementing Report within 45 days of the release of the rig used to drill such well, describing all cementing operations on surface, intermediate, and production casing strings, including multistage cementing jobs.

(2) If additional cementing operations occur after submission of the Cementing Report, the operator shall submit an amended Form 1002C for the well.

(jk) **Surface casing requirements for re-entry wells.** For a re-entry as defined by 165:10-1-2, casing and cementing requirements at the time of re-entry shall apply.

(kl) **Surface casing requirement for recompletions.** For a recompletion as defined by 165:10-1-2, casing and cementing requirements applicable to wells commenced on the latter of the spud date or re-entry date for the well shall apply.

(lm) **Casing and cementing requirements for wells converted for injection or disposal.** If a well is converted for use as an injection or disposal well, it shall be subject to the casing and cementing requirements of this Section effective at the time of conversion of the well.

(mn) **Casing and cementing requirements for wells penetrating unitized common sources of supply.** Each newly drilled or re-entered well which penetrates a common source of supply in which enhanced recovery operations are being conducted shall be properly cased and cemented from not less than 100 feet below to not less than 100 feet above each unitized common source of supply to prevent migration of formation fluids and contain formation pressure. In the event the well is to be plugged without being cased, the well shall be properly cemented over the aforementioned interval(s) during plugging procedures.

(no) **Insufficient surface casing and cement.** When it has been determined that a treatable water-bearing formation has not been properly cased and cemented, the operator shall take such measures designated by the Director of Conservation or ordered by the Commission to protect any treatable water-bearing formation.

### 165:10-3-5. Underground storage

(a) **Scope.** This Section shall apply to all operations pertaining to the drilling, completion, recompletion, or remedial operations on wells located within the boundaries of an underground storage facility as defined in (b)(4) of this Section or wells whose completion intervals will, at any point, be located within 600 feet of the underground storage facility.

(b) **Definitions.**

(1) "Underground storage" shall mean storage of natural gas in a subsurface stratum or formation of the earth.

(2) "Natural gas" shall mean gas either while in its natural state or after the same has been processed by removal therefrom of component parts not essential to its use for lights and fuel.

(3) "Storage operator" shall mean any person, firm, or corporation which operates an underground storage facility.

(4) "Underground storage facility" shall mean any subsurface stratum or formation of the earth used for underground storage. Provided that, in the case of a natural gas bearing subsurface stratum or formation, the commercially producible native gas shall have been substantially depleted and the gas therein shall not be used primarily for the secondary recovery of oil in paying quantities from the subsurface stratum or formation.

(5) "Well" means a vertical, directional or horizontal well drilled or bored or to be drilled or bored within the certified boundary of an underground storage facility, or whose completion interval will, at any point, be located within 600 feet of the underground storage facility.

(6) "Well operator" shall be the person, firm, or corporation that is the operator of a well.

(7) "Major remedial operations" shall mean any workover operations requiring a workover rig, wire line or pump truck services.

(8) "Good quality cement" means cement that would obtain a compressive strength to prevent oil, gas, or water migration within a twenty-four (24) hour period.

(9) "Certified boundary" means the perimeter of the legal description of an underground storage facility established by certificate and order of the Commission.

(10) "Completion interval" means for open hole completion or recompletions, the interval from the point of entry to the terminus and, for cased and cemented completions or recompletions, the interval from the first perforations to the last perforations.

(c) **Notice to storage operator.** Upon receipt of Form 1000 from a well operator, the Conservation Division shall determine whether the proposed well falls within one (1) mile of the certified boundary of an underground storage facility. Following a positive determination, the Conservation Division shall instruct the well operator to provide notice of the application for a Permit to Drill the well to the storage operator and the Director of the Public Utility Division as part of the application for Permit to Drill process. The well operator is required to supply written confirmation to the Conservation Division that notice of the application for a Permit to Drill the well has been provided to the storage operator and the Director of the Public Utility Division.

(d) **Operational procedures.**

(1) All storage operators and well operators are required to maintain on file with the Commission's Surety Department current mailing addresses, email addresses, and 24 hour telephone numbers. In addition, storage operators are required to maintain on file with the Commission's Surety Department the Commission order number pertaining to the underground storage facility.

(2) Before spudding a well within the certified boundary of a gas underground storage facility, the well operator shall mail a copy of the Permit to Drill to the storage operator at the address listed at the Commission and also supply a copy of the Permit to Drill to the Director of the Public Utility Division. The storage operator will inform the well operator of the estimated depth, thickness, and pressure of the underground storage facility at that location. Failure of the storage operator to provide the data to the well operator shall not be a cause to delay drilling, but the well operator is required to notify the storage operator, by phone a minimum of 24 hours prior to commencing drilling operations at a 24 hour telephone number furnished to the Commission by the storage operator.

(3) A well operator shall comply with the provisions of ~~165:10-3-4(c)~~165:10-3-4(d). Alternate casing programs shall not be permitted.

(4) Drilling rigs shall be equipped with a blowout preventer. The preventer shall be installed and tested at least 500 psig above the anticipated underground storage facility pressure before drilling below the base of the surface casing.

(5) The storage operator shall receive drilling reports daily from the well operator and the storage operator shall be provided 48 hours notice by the well operator at a 24 hour telephone number furnished to the Commission by the storage operator to afford the storage operator an opportunity to witness any tests or logging operations from the surface to 600 feet below the base of the underground storage facility. Any abnormal conditions occurring during the drilling operation, such as abnormal pressures and/or lost circulation, shall be reported immediately by the well operator to the storage operator at the 24 hour telephone number supplied by the storage operator to the Commission.

(6) The well operator shall drill the well in such a manner as to prevent invasion of drilling fluids into, or the escape of natural gas from, the underground storage facility. The well operator shall be required to mud up at least 100 feet above the anticipated depth of the top of the underground storage facility.

(7) If run, a copy of either an open hole porosity or resistivity well log run from the base of surface casing to total depth shall be promptly forwarded to the storage operator. The logs submitted to the storage operator may be terminated 600 feet below the base of the underground storage facility. At least 48 hours prior to commencing logging operations the well operator shall notify the storage operator at the 24 hour telephone number furnished by the storage operator to the Commission, and the storage operator shall have the option of witnessing the open hole logging operation.

(8) In the event that the well is noncommercial and is to be plugged and abandoned, the well operator shall place a cement plug using a good quality cement, covering from not less than 300 feet below the base to not less than 300 feet above the top of the underground storage

facility. At least 48 hours prior to commencing the plugging operation, the well operator shall notify the storage operator at the 24 hour telephone number furnished by the storage operator to the Commission, and the storage operator shall have the option of witnessing the plugging operation. The field inspector may invoke the provisions of 165:10-11-6(m), (n) and (o).

(9) In the event that casing is run, the well operator will cause the underground storage facility interval to be covered with steel casing and be cemented from not less than 100 feet below the base to not less than 100 feet above the top of the underground storage facility using a good quality cement. At least 48 hours prior to commencing the casing operation, the well operator shall notify the appropriate Conservation Division District Office and the storage operator at the 24 hour telephone number furnished by the storage operator to the Commission. The Commission field inspector for the area and storage operator shall have the option of witnessing the operation.

(10) For the purpose of ensuring the integrity of the underground storage facility, the well operator shall be required to run a cement bond log through the underground storage facility formation before any completion attempts are made. At least 48 hours prior to commencing the logging operation, the well operator shall notify the storage operator at the 24 hour telephone number furnished by the storage operator to the Commission, and the storage operator shall have the option of witnessing the logging operation and be furnished with a copy of the bond log from the top of cement to total depth or, at the option of the well operator, to 600 feet below the base of the underground storage facility. If the integrity of either the bond log or cement across the underground storage facility interval is questioned by the storage operator, the storage operator may, at its sole risk and expense, run additional logs. No completion, recompletion or major remedial operations shall be permitted until the fact has been established by the well operator, storage operator and the Managers of the Technical Services and Field Operations Departments, that the integrity of the cement is sound and that the underground storage facility is isolated from the remainder of the bore hole. The remedial work, if needed to protect the storage reservoir, shall be at the risk and expense of the well operator.

(11) The storage operator, the Managers of the Technical Services and Field Operations Departments and the Director of the Public Utility Division shall be notified at least 48 hours prior to commencement of completion, recompletion, or major remedial operations so as to afford opportunities to witness such operations. The well site shall be made accessible at all times to the storage operator and all information pertaining to the completion shall be forwarded daily to the storage operator. If the completion, recompletion, or major remedial operations attempt is to be made in any formation within 600 feet of the underground storage facility, the proposed plan of completion shall be forwarded to the storage operator ten business days prior to commencement of operations. The

storage operator shall have five business days after receipt of the proposed plan to forward any objection to the well operator. Completion operations, recompletion, or major remedial operations shall not be permitted until the matter is resolved.

(12) At any time that the storage operator shall reasonably believe that damage may be occurring to the underground storage facility or that natural gas may be escaping into any other formations or otherwise believe that a well may compromise the integrity of the underground storage facility, the storage operator may then request that the operator of the well conduct specific tests solely at the storage operator's risk and expense. If an agreement cannot be obtained between the parties concerned, the storage operator or well operator may bring the matter before the Corporation Commission for determination by application, notice, and hearing following the procedure set out in OAC 165:5-7.

(13) If tests establish that damage is occurring and/or that natural gas is escaping by the continued operation of the well, the well shall be shut down immediately and the remedial operation to rectify the condition shall be commenced within ten days, at the sole risk and expense of the well operator.

(14) All information furnished to the storage operator shall be kept confidential until released in writing by the well operator.

### PART 3. COMPLETIONS

#### 165:10-3-10. Well completion operations

(a) **Hydraulic fracturing and acidizing.** In the completion of an oil, gas, injection, disposal, or service well, where acidizing or fracture processes are used, no oil, gas, or deleterious substances shall be permitted to pollute any surface or subsurface fresh water. Unless an operator confers with and obtains the approval of the Conservation Division, the use of diesel fuel as the base fluid for hydraulic fracturing operations is prohibited. Approval of the Conservation Division shall be reflected in writing. Within 5 days of obtaining written authorization, the operator is required to send the authorization by facsimile, electronic mail or regular mail to the following:

- (1) The owner of the surface location where the proposed well is to be drilled; and
- (2) Each operator of a producing spacing unit or well within 1 mile of the perforated interval of the proposed well.

(b) **Notice of hydraulic fracturing operations.**

- (1) Notice shall be given by facsimile, electronic mail or regular mail at least 5 business days prior to the commencement of hydraulic fracturing operations on a horizontal well to operators of producing wells within 1 mile of the completion interval of the subject well. The notice to be provided to such operators shall contain the information in Form 6000NOO. If the hydraulic fracturing operations schedule changes after notice has been provided, resulting in a delay of operations of more than 5

days from the initial notice, new notice is required to be given.

(2) Notice shall be sent to the Conservation Division electronically using Form 6000NHF as provided on the Commission's website at least 48 hours prior to commencement of hydraulic fracturing operations on a well. The time period for sending such notice to the Conservation Division may be waived by the Manager of the Induced Seismicity Department.

(3) Separate stages of a planned multi-stage hydraulic fracturing operation shall not constitute separate hydraulic fracturing operations for notification purposes.

(4) If an operator has evidence that hydraulic fracturing operations have impacted its well(s), the operator may report the occurrence by electronic mail to the ~~appropriate Conservation Division District Office~~ Conservation Division as provided on the Commission's website within 24 hours of discovery. The operator shall use Form 4000WIP to report the occurrence.

(c) **Chemical disclosure.** Within 60 days after the conclusion of hydraulic fracturing operations on an oil, gas, injection, disposal, or service well that is hydraulically fractured, the operator must submit information on the chemicals used in the hydraulic fracturing operation to the FracFocus Chemical Disclosure Registry.

(1) The submission required by this subsection must include the following information:

- (A) the name of the operator;
- (B) the API number of the well;
- (C) the longitude and latitude of the surface location of the well;
- (D) the dates on which the hydraulic fracturing operation began and ended;
- (E) the total volume of base fluid used in the hydraulic fracturing operation;
- (F) the type of base fluid used;
- (G) the trade name, supplier, and general purpose of each chemical additive or other substance intentionally added to the base fluid; and
- (H) for each ingredient in any chemical additive or other substance intentionally added to the base fluid, the identity, Chemical Abstract Service (CAS) number, and maximum concentration. The maximum concentration for any ingredient must be presented as the percent by mass in the hydraulic fracturing fluid as a whole, and is not required to be presented as the percent by mass in any particular additive.

(2) For purposes of this subsection, the phrase "chemical additive or other substance intentionally added to the base fluid" refers to a substance knowingly and purposefully added to the base fluid and does not include trace amounts of impurities, incidental products of chemical reactions or processes, or constituents of natural materials.

(3) The operator is not responsible for inaccurate information provided to the operator by a vendor or service provider, but the operator is responsible for ensuring such information is corrected when any inaccuracy is discovered.

(4) If certain chemical information, such as the chemical identity, CAS number, and/or maximum concentration of an ingredient, is claimed in good faith to be entitled to protection as a trade secret under the Uniform Trade Secrets Act, 78 O.S. §§85-94, the submission to the FracFocus Chemical Disclosure Registry may note the proprietary nature of that chemical information instead of disclosing the protected information to the registry. The submission must include the name of the supplier, service company, operator, or other person asserting the claim that the chemical information is entitled to protection as a trade secret and provide the chemical family name or similar descriptor for the chemical if the chemical identity and CAS number are not disclosed. The Commission or the Director of the Oil and Gas Conservation Division may require the claimant to file with the Commission a written explanation in support of the claim.

(5) Nothing in this subsection restricts the Commission's ability to obtain chemical information under the provisions of OAC 165:10-1-6 or other applicable Commission rules.

(6) This subsection applies to:

- (A) horizontal wells that are hydraulically fractured on or after January 1, 2013; and
- (B) other wells that are hydraulically fractured on or after January 1, 2014.

(d) **Rule reference guide.** References to Commission rules regarding management of hydraulic fracturing operations are as follows:

- (1) Duties and authority of the Conservation Division (OAC 165:10-1-6).
- (2) Required approval of notice of intent to drill, deepen, re-enter or recomplete; Permit to Drill (OAC 165:10-3-1).
- (3) Surface and production casing (OAC 165:10-3-3).
- (4) Casing, cementing, wellhead equipment and cementing reports (OAC 165:10-3-4).
- (5) Swabbing and bailing (OAC 165:10-3-11).
- (6) Leakage prevention in tanks; protection of migratory birds (OAC 165:10-3-13).
- (7) Well site and surface facilities (OAC 165:10-3-17).
- (8) Completion reports (OAC 165:10-3-25).
- (9) Administration and enforcement of rules (OAC 165:10-7-2).
- (10) Cooperation with other agencies (OAC 165:10-7-3).
- (11) Water quality standards (OAC 165:10-7-4).
- (12) Prohibition of pollution (OAC 165:10-7-5).
- (13) Protection of public water supplies (OAC 165:10-7-6).
- (14) Informal complaints,  ~~citations~~, red tags and shut down of operations (OAC 165:10-7-7).
- (15) Use of noncommercial pits (OAC 165:10-7-16).
- (16) Surface discharge of fluids (OAC 165:10-7-17).
- (17) Discharge to surface waters (OAC 165:10-7-18).
- (18) One-time land application of water-based fluids from earthen pits and tanks (OAC 165:10-7-19).

## Permanent Final Adoptions

---

- (19) Noncommercial disposal or enhanced recovery well pits used for temporary storage of saltwater (OAC 165:10-7-20).
- (20) Waste management practices reference chart (OAC 165:10-7-24).
- (21) One-time land application of contaminated soils and petroleum hydrocarbon based drill cuttings (OAC 165:10-7-26).
- (22) Application of fresh water drill cuttings by County Commissioners (OAC 165:10-7-28).
- (23) Application of freshwater drill cuttings by oil and gas operators (OAC 165:10-7-29).
- (24) Application to reclaim and/or recycle produced water for surface activities related to drilling, completion, workover, and production operations from oil and gas wells (OAC 165:10-7-32).
- (25) Use of commercial pits (OAC 165:10-9-1).
- (26) Commercial soil farming (OAC 165:10-9-2).
- (27) Commercial recycling facilities (OAC 165:10-9-4).
- (28) Duty to plug and abandon (OAC 165:10-11-3).
- (29) Notification and witnessing of plugging (OAC 165:10-11-4).
- (30) Plugging and plugging back procedures (OAC 165:10-11-6).
- (31) Plugging record (OAC 165:10-11-7).
- (32) Review of environmental permit applications (OAC 165:5-1-15 through OAC 165:5-1-19)
- (33) Response to citizen environmental complaints (OAC 165:5-1-25 through OAC 165: 5-1-30).
- (34) Contempt (OAC 165:5-19-1 through OAC 165:5-19-2).

### 165:10-3-17. Well site and surface facilities

- (a) **Scope.** This Section shall be applicable to all operators and owners of oil and gas wells, leases, secondary recovery units, converted or newly drilled disposal or injection wells, and re-entries or reworkings of the above; however, this Section does not cover pits used in connection with oil and gas operations (see 165:10-7-16).
- (b) **Removal of fire hazards.** Any material that might constitute a fire hazard shall be removed a safe distance from the well location, tanks, and separator. All waste oil shall be ~~burned or~~ disposed of in a manner to avoid creating a fire hazard.
- (c) **Removal of surface trash.**
  - (1) All surface trash, debris, and junk associated with the operations of the property shall be removed from the premises. Equipment and material that may be useable and related to the operations of the property are not considered trash, debris and junk. With written permission from the surface owner, the operator may, without applying for an exception to 165:10-3-17(b), bury all nonhazardous material at a minimum depth of three feet; cement bases are included.
  - (2) If the operator fails to remove trash, debris, and junk after written notice, the Commission may fine the operator up to \$1,000.

- (d) **Required lease signs.** Within 30 days after the completion of any producing oil or gas well subsequent to the effective date of this Section, a sign shall be posted and maintained at the location indicating no trespassing, no unauthorized personnel or similar language, showing the operator of the well and the operator's twenty-four hour emergency telephone number, name of the well, number of the well, legal description of the well and API number; provided, however, where more than one well is producing on a lease, the operator may post and maintain a sign at the principal lease entrance indicating no trespassing, no unauthorized personnel or similar language, the lease name, operator, the operator's twenty-four hour emergency telephone number, legal description, and number of wells, and on each well designate the number of the well and API number. Within 30 days after completion or recompletion of an injection well or a disposal well subsequent to the effective date of this Section, a sign shall be posted and maintained at the well location indicating no trespassing, no unauthorized personnel or similar language, showing the operator of the well, the operator's twenty-four hour emergency telephone number, well name, well number, legal description of the well, API number and the Commission order number by which it was authorized. The legal description of each well completed on or after March 1, 1976, shall be posted at the well and shall describe the location of the well to the nearest quarter quarter section and shall show the section, township, and range. On a 160-acre or larger drilling and spacing unit, a sign shall also be posted at the entrance to the well site. Upon the Commission's approval, after the effective date of this Section, of transfer to a new operator of a well completed or recompleted prior to the effective date of this Section, the operator must comply with all requirements in this Section. If an operator fails to post a sign as directed, the Commission may fine the operator \$50.00 per violation; provided that total fines per incident shall not exceed \$500.00 per lease.
- (e) **Notice of fire or blowout.** In case of a fire or blowout, the well operator shall notify by telephone or electronic mail, as soon as possible, either the Conservation Division or the appropriate Conservation Division District Office.
- (f) **OTC numbers on stock tanks for oil and condensate.**
  - (1) On all oil and gas producing leases, the first purchaser of crude oil or condensate shall print its name or affix the company logo and print or affix the OTC Gross Production Division Purchaser Reporting Number on the lease sign or at least one of the storage tanks from which marketable liquids are being delivered.
  - (2) On all oil and gas producing leases, the well operator shall print or affix the OTC Gross Production Division assigned Production Unit Number and the OTC Gross Production Division Operator Reporting Number on the lease sign or at least one of the tanks from which marketable liquids are being stored. In the case of an enhanced recovery or unitization operation where several OTC Gross Production Division assigned Production Unit Numbers exist for the wells in the unit, the word "unitized" shall be printed or affixed to the lease sign or one of the storage tanks from which marketable liquids are being delivered to the purchaser.

(3) The identification numbers required in this subsection shall always be clearly legible. All letters and numbers shall be a minimum of two inches in height. Any operator failing to post required information may be fined up to \$50.00 per violation; provided that total fines per incident shall not exceed \$500.00 per well.

(g) **OTC numbers on gas meter or meter house.**

(1) On all gas producing leases, the operator of the well site gas meter required under 165:10-17-5 shall print or affix its name and OTC reporting number on the outside of the meter house or on the outside of the meter itself if no meter house exists.

(2) The operator of the lease shall print its OTC lease number and operator reporting number on the meter house or on outside of the meter if no meter house exists.

(3) The identification required in this subsection shall always be clearly legible.

(h) **Valve and seals on stock tanks.** The operator shall install tank valves such that metal identification seals can be properly utilized. These seals shall be used on all delivery tank valves to lessen unauthorized movement of marketable products.

(i) **Man-ways on frac tanks.** Each frac tank used at the wellsite shall have protective man-ways to prevent persons from accidentally falling into the frac tank.

(j) **Guy line anchors.** All guy line anchors left buried for use in future operations of the well shall be properly marked by a marker of bright color not less than four feet in height and not greater than one foot east of the guy line anchor.

(k) **Well site cleared.** Within 90 days after a well is plugged and abandoned, the well site shall be cleared of all equipment, trash, and debris. Any foreign surface material is to be removed and the location site restored to as near to its natural state as reasonably possible, except by written agreement with the surface owner to leave the surface in some other condition. If the location site is restored but the vegetative cover is destroyed or significantly damaged, a bona fide effort shall be made to restore or re-establish the vegetative cover within 180 days after abandonment of the well.

(l) **Restored surface.** Within 90 days after a lease has been abandoned, surface equipment such as stock tanks, heater, separators, and other related items shall be removed from the premises. The surface shall be restored to as near to its natural state as reasonably possible, except by written agreement with the surface owner to leave the surface in some other condition. If the surface is restored but the vegetative cover is destroyed or significantly damaged, a bona fide effort shall be made to restore or re-establish the vegetative cover within 180 days after abandonment of the lease.

(m) **Leasehold roads.** All leasehold roads shall be kept in a passable condition and shall be made accessible at all times for representatives and field inspectors of the Commission. At the time of abandonment of the property, the area of the road shall be restored to as near to its natural state as reasonably possible, except by written agreement with the surface owner to leave the surface in some other condition. If the road area is restored but the vegetative cover is destroyed or significantly damaged, a bona fide effort shall be made to restore or re-establish the

vegetative cover within 180 days after abandonment of the property.

(n) **Extension of time.**

(1) An operator may request an extension of time required in (k), (l), and (m) of this Section for not more than six months by applying to the appropriate Conservation Division District Office and showing that there is no imminent danger to the environment and that one of the following conditions exists:

(A) That an agreement with the surface owners is not possible.

(B) That adverse weather conditions exist or existed.

(C) That the equipment needed to conform to (k), (l), and (m) of this Section was not or is not available.

(2) If approved by the District Manager, the extension shall be granted and the surface owner shall be notified by the operator. Any extension beyond six months shall require application, notice and hearing pursuant to OAC 165:5-7-41.

**PART 5. OPERATIONS**

**165:10-3-26. Well logs**

(a) **60 days to submit well log(s).** All well logs required by this Section shall be submitted to the Conservation Division within 60 days from the earlier of the date of completion of the well or the date that the last formation evaluation type well log was run. An operator who fails to properly submit formation evaluation type well logs, if run, may be fined up to \$250.00.

(b) **Formation evaluation type well logs.** This Section does not require an operator to run a formation evaluation type well log. However, if an operator does run formation evaluation type well logs, the operator shall only be required under this Section to submit a resistivity log and a porosity log, if available. Resistivity and porosity logs include but are not limited to spontaneous potential, induction, laterolog, density, gamma ray, neutron and sonic logs.

(c) **Other logs to be available upon request.** Any other well logs, if available, shall be submitted to the Technical Services Department upon Commission order or special request of the Conservation Division.

(d) **Requirements for submitting a copy of a log.** A copy of a log submitted under this Section shall be in digital image, continuous as full size pages with 200 dpi, a single page Tiff image file, and Tiff Group 4 compression, with the well's legal description noted on it, unless the operator obtains authorization from the Technical Services Department to submit a continuous print paper version of the log. If there are separate runs for multiple casing strings, the operator shall submit the separate runs.

(e) **Obtaining confidential treatment of well log(s).**

(1) Unless the operator requests confidential treatment of a well log(s), any well log(s) submitted to the Conservation Division shall be available for public inspection.

(2) To obtain confidential treatment of a well log, the operator of the well shall:

## Permanent Final Adoptions

- (A) Place the well log(s) in a sealed envelope with a completed Form 1002B attached to the envelope.
- (B) Submit to the Technical Services Department of the Conservation Division the envelope with the log(s) and Form 1002B within 60 days from the earlier of:
- (i) The completion date of the well, or
  - (ii) The date that the last formation evaluation log was run.
- (3) A confidential well log under ~~(2)(B) of this Section~~this subsection shall remain confidential for one year from the date the last log was run on the well. Upon written request, the Conservation Division may administratively extend the period of confidentiality for six months. Under no circumstances shall confidentiality be granted for a period in excess of 18 months from the date the last log was run on the well.
- (f) **No allowable before submission of well logs.** The Conservation Division shall not assign an allowable to a well before the operator of the well submits to the Conservation Division any well log required to be submitted under (b) of this Section.

### 165:10-3-27. Deviation from the vertical

- (a) **Well location for purposes of well spacing.** For purposes of the well spacing requirements of 165:10-1-21 and 165:10-1-24, the location of a well in a common source of supply is the closest point to the unit boundary where the wellbore intersects the common source of supply.
- (b) **Presumed bottom hole location.** For purposes of review of Form 1000 applications, the Conservation Division may presume that the location in a common source of supply of a well without a horizontal drainhole is the same as the surface location for the well unless:
- (1) The operator submits a bottom hole survey, if the well has been drilled; or
  - (2) The operator complies with (c)(1) of this Section.
- (c) **Permitted and prohibited locations.**
- (1) ~~Off-pattern~~**Off-pattern surface location; permitted subsurface location.**
- (A) The Conservation Division may approve a Form 1000 for a well to be commenced without a location exception at an ~~off-pattern~~off-pattern surface location for a common source of supply when:
- (i) The Form 1000 lists a subsurface location which is a permitted location for the common source of supply.
  - (ii) Issuance of a Permit to Drill is conditioned on the operator running a bottom hole survey within 30 days after reaching total depth and on the operator submitting the survey to the Conservation Division within 45 days after the well reaches total depth.
- (B) The well shall not receive an allowable for the common source of supply until a bottom hole survey shows that the well is at a permitted location or until the operator obtains a location exception order for the subsurface location.

(2) ~~Off-pattern~~**Off-pattern subsurface location.**

- (A) The Conservation Division ~~shall not~~may approve a Form 1000 ~~without a location exception order for an off-pattern~~without a location exception order for any well after a hearing for an emergency location exception order or an order on the merits for a location exception order prior to the issuance of any such order. Any such Permit to Drill is subject to and must conform with the final provisions of any such order.
- (B) Issuance of a Permit to Drill under (1) of this subsection does not permit an operator to have, without a location exception order, an ~~off-pattern~~off-pattern subsurface location for a common source of supply, unless a Permit to Drill is approved after a hearing for an emergency location exception order or an order on the merits for a location exception order prior to the issuance of any such order. Any such Permit to Drill is subject to and must conform with the final provisions of any such order.
- (d) **Required directional and bottom hole surveys.** For good cause, the Commission may order an operator to run directional and/or bottom-hole surveys for a common source of supply in a well:
- (1) Upon application, notice, and hearing; or
  - (2) In any case involving the location of a well, upon motion of an affected party or upon the Commission's own motion.

### 165:10-3-28. Horizontal drilling

- (a) **Scope.** This Section affects a horizontal well with one or more laterals.
- (b) **Definitions.** The following words and terms, when used in this Section, shall have the following meaning, unless the context clearly indicates otherwise:
- (1) **"Adjacent common source of supply"** shall mean a common source of supply which is immediately adjacent to and adjoining the targeted reservoir(s) in a multiunit horizontal well being drilled or a well being drilled in a horizontal well unitization pursuant to 52 O.S. § 87.6 et seq. and which is inadvertently encountered in the drilling of the lateral of a multiunit horizontal well or a well pursuant to a horizontal well unitization when such well is drilled out of or exits, whether on one or multiple occasions, the targeted reservoir(s), and which is not the primary target of the subject well and shall not be included in the relinquished rights pursuant to 52 O.S. § 87.1(h). In the event that an adjacent common source of supply may be inadvertently encountered in the drilling of the lateral of a multiunit horizontal well or a well pursuant to a horizontal well unitization when such well is drilled out of or exits, whether on one or multiple occasions, the targeted reservoir(s), then said inadvertently entered adjacent common source of supply shall be included as part of the targeted reservoir only for the purpose of the inadvertent penetrations, and any subsequent completion, commingling and production of said adjacent common source of supply with the targeted reservoir(s), but not for

future development of said adjacent common source of supply [52 O.S. § 87.6(B)(1)].

(2) **"Completion interval"** shall mean, for open hole completions, the interval from the point of entry to the terminus and, for cased and cemented completions, the interval from the first perforations to the last perforations [52 O.S. § 87.6(B)(5)].

(3) **"Conventional reservoir"** shall mean a common source of supply that is not an unconventional reservoir.

(4) **"Date of first production"** shall mean the date hydrocarbons are first produced from the horizontal well, whether or not production occurs during drilling, completion, or through permanent surface equipment.

(5) **"Directional survey"** shall mean that survey or report showing the location of any point of the wellbore as it relates to the surveyed surface location from the surface to the terminus of each lateral.

(6) **"Horizontal component"** shall mean the calculated horizontal distance from the point of entry to the terminus [52 O.S. § 87.6(B)(8)].

(7) **"Horizontal well"** shall mean a well drilled, completed, or recompleted with one or more laterals which, for at least one lateral, the horizontal component of the completion interval exceeds the vertical component of the completion interval and the horizontal component extends a minimum of 150 feet in the formation [52 O.S. § 87.6(B)(6)].

(8) **"Horizontal well unit"** shall mean a drilling and spacing unit established by the Commission, after application, notice, and hearing, for a common source of supply into which a horizontal well has been or will be drilled.

(9) **"Horizontal well unitization"** shall mean a unitization for a targeted reservoir created pursuant to 52 O.S. § 87.6 et seq. [52 O.S. § 87.6(B)(7)].

(10) **"Lateral"** shall mean the portion of the wellbore of a horizontal well from the point of entry to the terminus [52 O.S. § 87.6(B)(9)].

(11) **"Multiunit horizontal well"** shall mean a horizontal well in a targeted reservoir or targeted reservoirs wherein the completion interval of the well is located in more than one unit formed for the same targeted reservoir, with the well being completed in and producing from such targeted reservoir in two or more of such units [52 O.S. § 87.6(B)(10)].

(12) **"Non-standard horizontal well unit"** shall mean a horizontal well unit that is not a standard horizontal well unit.

(13) **"Point of entry"** shall mean the point at which the borehole of a horizontal well first intersects the top of the common source of supply [52 O.S. § 87.6(B)(12)].

(14) **"Standard horizontal well unit"** shall mean a horizontal well unit that is a square 10-, 40-, 160-, or 640-acre tract or a rectangular 20-, 80-, 320- or 1,280-acre tract in accordance with OAC 165:10-1-22.

(15) **"Targeted reservoir"** shall mean one or more common sources of supply which will be encountered by the horizontal lateral portion of a horizontal well, and which has been designated by the Commission as part of

an order, rule or emergency rule as potentially suited for development for the applied for multiunit horizontal well or horizontal well unitization pursuant to 52 O.S. § 87.6 et seq. Provided, however, that more than one common source of supply may only be granted by the Commission and included in the targeted reservoir upon a showing of reasonable cause by the applicant requesting the multiunit well in the application requesting authority for the multiunit well prior to the drilling of said multiunit well that the inclusion of the additional common source(s) of supply shall prevent waste and protect the correlative rights of all of the owners of the oil and gas rights [52 O.S. § 87.6(B)(14)].

(16) **"Terminus"** shall mean the end point of the borehole of a horizontal well in the targeted reservoir [52 O.S. § 87.6(B)(15)].

(17) **"True vertical depth"** shall mean that depth at the point of entry perpendicular to the surface as measured from the elevation of the kelly bushing on the drilling rig.

(18) **"Unconventional reservoir"** shall mean a common source of supply that is a shale or a coal bed. "Unconventional reservoir" shall also mean any other common source of supply designated as such by Commission order or rule.

(19) **"Vertical component"** shall mean the calculated vertical distance from the point of entry to the terminus of the lateral [52 O.S. § 87.6(B)(20)].

(c) **General horizontal well requirements.**

(1) Within 60 days after completion of a horizontal well, the operator shall show that the location of the completion interval complies with the applicable general rule, location exception order, or other order of the Commission by submitting the following to the Technical Services Department:

(A) A directional survey run in the horizontal well shall be submitted within 45 days of the release of the rig used to drill such well. The survey shall be submitted electronically using a program provided by the Commission.

(B) ~~An~~ "as drilled" plat constructed from the results of the directional survey showing the completion interval, including the depths of the first and last perforations and footages with latitude and longitude from the quarter section. The depths of the first and last perforations reflected in the "as drilled" plat must correspond to the information included in the OCC Form 1002A Completion Report for the well. The "as drilled" plat must be submitted to the Conservation Division with the OCC Form 1002A Completion Report for the well.

(2) The completion interval of an oil and or gas horizontal well shall be located not closer than the minimum distance as set out below from any other oil or gas well completed in the same common source of supply except as authorized by a special order of the Commission:

(A) Three hundred feet from any other oil or gas well completed in the same common source of supply,

## Permanent Final Adoptions

the top of which is less than 2,500 feet in true vertical depth.

(B) Six hundred feet from any other oil or gas well completed in the same common source of supply, the top of which is 2,500 feet or more in true vertical depth.

(C) This paragraph does not apply to horizontal wells drilled in a unit created for secondary or enhanced recovery operations pursuant to 52 O.S. § 287.1 et seq. or to horizontal wells drilled in a horizontal well unitization created pursuant to 52 O.S. § 87.6 et seq. or to any wells operated by the same operator in the unit. Notification to working interest owners must be indicated on Form 1000.

(3) The perforated interval of an oil or gas non-horizontal well shall be located not closer than the minimum distance as set out below from the completion interval of any oil or gas horizontal well completed in the same common source of supply, except as authorized by a special order of the Commission:

(A) Three hundred feet from any completion interval of any oil or gas horizontal well completed in the same common source of supply, the top of which is less than 2,500 feet in true vertical depth.

(B) Six hundred feet from any completion interval of any oil or gas horizontal well completed in the same common source of supply, the top of which is 2,500 feet or more in true vertical depth.

(C) This paragraph does not apply to non-horizontal wells drilled in a unit created for secondary or enhanced recovery operations pursuant to 52 O.S. § 287.1 et seq.

(d) **Horizontal well requirements in an unspaced common source of supply.** In a horizontal well drilled in a common source of supply in which the Commission has not established any drilling and spacing units or horizontal well units, the completion interval of a horizontal well may not be located closer to the boundaries of the applicable mineral estate, oil and gas leasehold estate, or voluntary unit than the minimum distance set out below except as authorized by a special order of the Commission:

(1) Not less than 165 feet when the top of the common source of supply is less than 2,500 feet in true vertical depth.

(2) Not less than 330 feet when the top of the common source of supply is 2,500 feet or more in true vertical depth.

(e) **Drilling and spacing units.**

(1) A horizontal well may be drilled on any drilling and spacing unit.

(2) A horizontal well unit may be created in accordance with 165:10-1-22 and 165:5-7-6. Such units shall be created as new units after notice and hearing as provided for by the Rules of Practice, OAC 165:5.

(3) The Commission may create a non-standard horizontal well unit covering contiguous lands in any configuration or shape deemed by the Commission to be

necessary for the development of a conventional reservoir or an unconventional reservoir by the drilling of one or more horizontal wells. A non-standard horizontal well unit may not exceed 1,280 acres plus the tolerances and variances allowed pursuant to 52 O.S. § 87.1.

(4) A horizontal well unit may be established for a common source of supply for which there are already established non-horizontal drilling and spacing units, and said horizontal well unit may include within the boundaries thereof more than one existing non-horizontal drilling and spacing unit for the common source of supply. Upon the formation of a horizontal well unit that includes within the boundaries thereof one or more non-horizontal drilling and spacing units, the Commission shall provide that such horizontal well unit exists concurrently with one or more of such non-horizontal drilling and spacing units, and each such unit may be concurrently developed.

(f) **Horizontal well location requirements for horizontal well units and horizontal well unitizations.**

(1) **Conventional reservoirs.** In a conventional reservoir, the completion interval of a horizontal well in a horizontal well unit shall be located not less than the minimum distance from the unit boundary as follows:

(A) Not less than 165 feet from the boundary of any 10-, 20, or 40-acre horizontal well unit.

(B) Not less than 330 feet from the boundary of any 80- or 160-acre horizontal well unit.

(C) Not less than 660 feet from the boundary of any 320-, 640- or 1,280-acre horizontal well unit.

(2) **Unconventional reservoirs.** In an unconventional reservoir, the completion interval of a horizontal well in a horizontal well unit shall be located not less than the minimum distance from the unit boundary as follows:

(A) Not less than 165 feet from the boundary of any 10-, 20, or 40-acre horizontal well unit.

(B) Not less than 330 feet from the boundary of any 80-, 160, 320-, 640- or 1,280-acre horizontal well unit.

(3) **Horizontal well unitizations.** The completion interval of a horizontal well in a horizontal well unitization shall not be located less than 330 feet from the unit boundary.

(g) **Alternative well location requirements.** The Commission may establish well location requirements different from those provided in subsection (f) of this Section when necessary to prevent waste and protect correlative rights. These requirements may be established in the order creating a standard or non-standard horizontal well unit or through a special rule of the Commission covering a conventional or unconventional reservoir in a designated geographic area. (see OAC 165:10, Subchapter 29, Special Area Rules).

(h) **Allowable.**

(1) Horizontal oil well allowables may be established administratively using the standard allowables provided in Appendix A (Allocated Well Allowable Table) supplemented by the additional allowables provided in Appendix C (Table HD) to this Chapter.

(2) The allowable for a horizontal gas well shall be computed in the manner prescribed for a non-horizontal gas well in the same common source of supply.

(3) The allowable for a horizontal well unit or horizontal well unitization with multiple horizontal gas wells shall be the sum of the allowables for the separate horizontal gas wells. For this summation, the allowable for each horizontal gas well will be calculated as if it were the only well in the unit.

(4) The allowable for a multiunit horizontal well shall be allocated to each affected unit using the allocation factors determined in accordance with 52 O.S. § 87.8(B)(1).

(i) **Pooling.** Horizontal well units, horizontal well unitizations and multiunit horizontal wells may be pooled as provided in 52 O.S. § 87.1, 52 O.S. § 87.6 et seq. and Commission Rules of Practice, OAC 165:5.

## SUBCHAPTER 5. UNDERGROUND INJECTION CONTROL

### 165:10-5-2. Approval of injection wells or disposal wells

(a) The subsurface injection or disposal of any substance for any purpose is prohibited except upon approval of the Commission pursuant to 165:10-5-5 or 165:10-5-12 and 165:10-5-13. This authorization may be conditioned upon the applicant taking corrective action to protect treatable water as specified by the ~~Commission~~ Conservation Division. The Commission may fine an operator up to \$5,000.00 for any violation of this subsection.

(b) Except as provided in (c) and (d) in this Section, every well used for injection or disposal shall be cased and tested in accordance with 165:10-3-4 and 165:10-5-6.

(c) The testing requirements of 165:10-5-6 shall not apply to wells permitted by Commission order for subsurface injection of onsite reserve pit fluids.

(d) The Conservation Division may approve a Form 1015 application to convert an existing well for injection or disposal if the well does not otherwise comply with 165:10-3-4 if:

- (1) The operator attaches to the Form 1015 application a description of an alternate method of protecting treatable water.
- (2) The Conservation Division approves the proposed alternate method.
- (3) The application is filed in accordance with OAC 165:5-7 if a hearing is required.
- (4) The application is not protested.

(e) Any proposed injection or disposal well which is within one-half (1/2) mile of any public water supply well shall not be approved without notice and hearing, and the Commission shall not issue an order authorizing injection or disposal into said well until the applicant proves at the hearing that said well shall not pollute said water supply well. A commercial disposal well shall not be approved within a designated wellhead protection area (WPA) as identified by the Wellhead Protection Program (42 USC Section 300h-7, Safe Water Drinking Act).

or within one (1) mile of a public water supply well for which a WPA has not been delineated.

### 165:10-5-5. Application for approval of injection and disposal operations

(a) **Application.** Each application for the approval of a proposed injection well, disposal well, or commercial disposal well shall be filed with the UIC Department on Form 1015 and shall be verified by a duly authorized representative of the operator.

(b) **Application.** The application for the approval of an injection or disposal well(s) shall be accompanied by:

(1) **Plat.**

(A) **Noncommercial disposal well.** A plat showing the location and total depth of the well(s) and each abandoned, producing or drilling well, and dry hole within one-quarter (1/4) mile of the proposed injection well or disposal well for volumes less than 20,000 barrels per day and within one-half (1/2) mile of the proposed disposal well for volumes equal to or greater than 20,000 barrels per day, and identifying the surface owner of the land on which the injection or disposal well is to be located, and each operator of a producing spacing unit or well within one-half (1/2) mile of each injection or disposal well with a requested injection rate of less than five thousand barrels per day, and each operator of a producing spacing unit or well within one (1) mile of each injection or disposal well with a requested injection rate of five thousand barrels per day or more.

(B) **Commercial disposal well.** A plat showing the location and total depth of the well(s) and each abandoned, producing or drilling well and dry hole within one-half (1/2) mile of the disposal well, and identifying the surface owner of the land on which the disposal well is to be located, and each operator of a producing spacing unit or well within one (1) mile of each disposal well.

(C) **Additional required information.** The following information must be submitted in a separate document regarding wells listed on such plats:

- (i) Well name and number and API number;
- (ii) Current operator of well;
- (iii) Well status;
- (iv) Total depth of well;
- (v) Geologic name of any producing interval in the well and/or any interval used for injection or disposal purposes;
- (vi) The diameter of and setting depth for the surface casing, intermediate casing (if set), production casing (if set) and liner (if used) in the well;
- (vii) Top of cement obtained from Forms 1002A or 1002C, if specified, or a cement bond log, temperature log or cased hole log, if available, in the outermost string of casing in the well perforating the injection interval to be used by the proposed noncommercial or commercial disposal well or

## Permanent Final Adoptions

injection well. If such logs are not available, a calculated top of cement will be acceptable; and

(viii) The size and amount of casing pulled, if any, and the depths of any plugs set, if any, in any plugged well;

(ix) Identify any well or borehole that penetrates the top of the proposed injection/disposal zone which is mud plugged and/or is configured in a manner that will not prevent the potential movement of fluids from the injection/disposal zone into treatable water strata. The applicant is required to submit the corresponding Form 1003 Plugging Records for such wells identified in this unit. If such Form 1003 Plugging Records are not available, the applicant must provide a corrective action plan to prevent injected/disposed fluids from impacting treatable water strata, which corrective action plan may include, but not be limited to, a written request by the applicant for a technical conference with the Conservation Division; and

(x) Identify any well where the top of cement is behind the long string below any portion of the proposed injection/disposal zone. The applicant is required to submit the corresponding Form 1002A Completion Reports for such wells identified in this unit. If such Form 1002A Completion Reports do not contain enough information to make the foregoing determination, or if Form 1002A Completion Reports are not available, the applicant must provide a corrective action plan to prevent injected/disposed fluids from impacting treatable water strata, which corrective action plan may include, but not be limited to, a written request by the applicant for a technical conference with the Conservation Division.

(2) **Completion Report.** If the well has been drilled, a copy of the Completion Report (Form 1002A) and any available electric or radioactivity log of the well.

(3) **Schematic diagram.** A schematic diagram of the well showing:

- (A) The total depth or plugback depth of the well.
- (B) The depth of the injection or disposal interval indicating both the top and bottom.
- (C) The geological name (geological group) of the injection or disposal zone.
- (D) The depths of the tops and bottoms of the casing and cement to be used in the well.
- (E) The size of the casing and tubing, and the depth of the packer.

(4) **Proposed zone information.** Information showing that injection into the proposed zone will not initiate fractures through the overlying strata which could enable the injection fluid or formation fluid to enter fresh water strata.

- (A) When the fluid injection rate is 1,000 barrels per day or less, or equivalent rate for any fraction of twenty-four (24) hours, an overlying strata of at least 200 feet in thickness between the lowest base of fresh

water and the top of the proposed interval of injection is considered sufficient evidence of fresh water protection.

(B) When the fluid injection rate is greater than 1,000 barrels per day or equivalent rate for any fraction of twenty-four (24) hours, an overlying strata of at least 500 feet in thickness between the lowest base of fresh water and the top of the proposed interval of injection is considered sufficient evidence of fresh water protection.

(C) When the fluid injection rate is greater than 10,000 barrels per day or equivalent rate for any fraction of twenty-four (24) hours, an overlying strata of at least 3,000 feet in thickness between the lowest base of fresh water and the top of the proposed interval of injection is considered sufficient evidence of fresh water protection.

(D) If the overlying strata is less than required in (A), (B), or (C) of this paragraph, the Commission may administratively approve injection provided a finding is made that such injection will not initiate fractures through the overlying strata into the fresh water strata. Applicant is required to furnish to the Commission, sworn evidence and data in support of such findings. The Commission, when issuing an order approving fluid injection, shall consider the following:

- (i) Maximum injection rate.
- (ii) Maximum surface injection pressure.
- (iii) Injection fluid.
- (iv) The lithology and rock characteristics of the injection zones and overlying strata.

(5) **Proposed operating data:**

(A) Daily injection rates and pressures. The maximum permitted surface injection pressure may be the pressure requested in the application or 1/2 psi per foot of depth to the top of the injection/disposal interval, whichever is less, unless the results of a fracture pressure step-rate test support a higher pressure. The Conservation Division may designate areas of interest in which pressures and volumes may be more restrictive. The UIC Department may request that the applicant perform a fracture pressure step-rate test.

(B) Geologic name, depth, and location of injection fluid source.

(C) Qualitative and quantitative analysis of fresh water from two (2) or more fresh water wells within one (1) mile of the proposed injection or disposal well showing location of wells and dates samples were taken, or statement why samples were not submitted. The analysis shall include at a minimum chloride, sodium, and total dissolved solids. Sample collection date(s) must be no more than 12 months prior to the date the application is filed.

(D) Qualitative and quantitative analysis of representative sample of Class II fluids to be injected. The analysis shall include at a minimum chloride, sodium, and total dissolved solids.

(c) **Application for approval.** A copy of the Form 1015 application for approval of injection or disposal of Class II fluids in a well and, where noted, required attachments to Form 1015, except for proofs of publication, fresh water analyses, analyses of representative samples of Class II fluids to be injected, and electric or radioactivity logs, shall be served by the applicant within five (5) business days of the date the application is filed by regular mail or delivered to the following, and applicant must submit an affidavit of mailing or delivery to the UIC Department not later than five (5) business days after the date the application is filed:

- (1) The owner of the surface of the land on which the proposed injection or disposal well is to be located;
- (2) For a proposed commercial disposal well, to each surface owner and surface lessee of record on each tract of land adjacent and contiguous to the site of the proposed well;
- (3) For a proposed injection or noncommercial disposal well with a requested injection rate of less than five thousand (5,000) barrels per day, to each operator of a producing spacing unit or well within one-half (1/2) mile of such proposed well along with required Form 1015 attachments;
- (4) For a proposed noncommercial disposal well with a requested injection rate of five thousand (5,000) barrels per day or more, or a commercial disposal well, to each operator of a producing spacing unit or well within two (2) miles of such proposed well along with required Form 1015 attachments;
- (5) For a proposed horizontal injection or noncommercial disposal well with a requested injection rate of less than five thousand (5,000) barrels per day, to each operator of a producing spacing unit or well within one-half (1/2) mile of the lateral of such proposed well along with required Form 1015 attachments;
- (6) For a proposed noncommercial horizontal disposal well with a requested injection rate of five thousand (5,000) barrels per day or more, or a horizontal commercial disposal well, to each operator of a producing spacing unit or well within two (2) miles of the lateral of such proposed well along with required Form 1015 attachments;
- (7) For a proposed injection well with a requested injection rate of five thousand (5,000) barrels per day or more, to each operator of a producing spacing unit or well within one (1) mile of such proposed well along with required Form 1015 attachments; and
- (8) For a proposed horizontal injection well with a requested injection rate of five thousand (5,000) barrels per day or more, to each operator of a producing spacing unit or well within one (1) mile of the lateral of such proposed well along with required Form 1015 attachments.

(d) **Notice of application.** Notice of an application relating to injection, disposal or commercial wells shall be published one time for injection and noncommercial disposal wells and two times for a commercial disposal well in a newspaper of general circulation published in Oklahoma County, Oklahoma, and in a newspaper of general circulation published in each county in which land embraced in the application are located.

Applicant shall file with the UIC Department proof of publication regarding the notice of application. The notice shall include:

- (1) UIC tracking number.
- (2) Name and address of applicant.
- (3) Location of proposed well to nearest 10 acre tract.
- (4) Well name.
- (5) The geological name of the injection formation.
- (6) The top and bottom of the injection interval.
- (7) Maximum injection pressures.
- (8) Maximum BID or MCFID injection rate.
- (9) The type of well (injection, disposal, commercial).

(e) **Written objection.** If a written objection to the application is filed within fifteen (15) days after the application is published for injection and noncommercial disposal wells or thirty (30) days after the last publication date for commercial disposal wells, or if hearing is required by the Commission, the application shall be set for hearing and notice thereof shall be given in the same manner as required for the filing of the application on the pollution docket. If no objection is filed and the Commission does not require a hearing, the matter shall be presented administratively to the Manager of Underground Injection Control who may sign the permit.

(f) **Surety requirements for commercial disposal well facilities.**

- (1) Any operator of a commercial disposal well facility shall file with the Surety Department for the Conservation Division an agreement to properly plug the well and reclaim the site upon termination of operations. The agreement shall be on forms available from the Conservation Division and shall be accompanied by surety. The agreement shall provide that if the Commission finds that the operator has failed or refused to comply with Commission rules or take remedial action as required by law and Commission rules, the surety shall pay to the Commission the full amount of the operator's obligation up to the limit of the surety.
- (2) The Commission shall establish the amount of surety in the order or permit for the authority to operate a commercial disposal well facility. The amount of surety shall be based on factors such as the depth of the well, dimensions of the facility, and costs of plugging the well, reclamation, monitoring, plugging of monitor wells, any pit closure, trucking of any deleterious substances, remediation and earth work. The amount may be subject to change for good cause. The surety shall be maintained for as long as monitoring is required. The type of surety shall be a corporate surety bond, certificate of deposit, irrevocable commercial letter of credit, or other type of surety approved by order or permit of the Commission. Any type of surety that expires shall be renewed prior to 30 days before the expiration date.
- (3) Operators of commercial disposal well facilities authorized prior to the effective date of this subsection must either comply with this subsection or close such facilities within one (1) year of the effective date of this subsection.

(g) In addition to the requirements listed above, the Manager of Underground Injection Control may request the applicant to

## Permanent Final Adoptions

submit the following information as a prerequisite to approval of the application:

- (1) For those wells included in OAC 165:10-5-5(b)(1) which penetrate the top of the injection interval, a tabulation of the wells indicating the following information, if available, from public records:
  - (A) Dates the wells were drilled.
  - (B) The present status of the wells.
  - (C) The identity of any abandoned well which was improperly plugged or remains unplugged.
- (2) A list of the following information, if available, to the applicant:
  - (A) The shut-in bottom hole formation pressure in psi; or the stabilized shut-in surface pressure and fluid level in the proposed injection well.
  - (B) The permeability of the proposed injection zone expressed in millidarcies.
  - (C) The porosity of the proposed injection zone expressed as a percentage of pore volume.
  - (D) Documentation of the methods used to arrive at the data requested above.
- (h) Authorization of an injection well or a disposal well or a commercial disposal well will expire and become null and void if no well completion report (Form 1002A) is filed or if no mechanical integrity test is performed pursuant to OAC 165:10-5-6 within sixty (60) days from the date of completion or conversion of the well.
- (i) In addition to the well construction requirements as set out in 165:10-3-1, commercial disposal wells shall comply with the following requirements:
  - (1) At a minimum, the well shall be constructed with a wellhead, surface casing, production casing, tubing, and packer.
  - (2) The surface casing shall be set and cemented at least fifty (50) feet below the base of the treatable water bearing zone. The production casing will not be allowed to also serve as the surface casing.
  - (3) The production casing must be set and cemented through the injection zone with the cement circulated behind the casing to a height at least two hundred fifty (250) feet above the disposal zone. A cement bond log showing quality and placement of the cement must be furnished to and ~~approved by acceptable to the Commission~~ Conservation Division before the well may be used for injection or disposal any perforating of the production casing takes place. The Conservation Division shall notify the operator by electronic mail as to whether the cement bond log is acceptable. Information regarding the proposed perforations shall be supplied to the Conservation Division with the cement bond log. The Manager of Underground Injection Control may approve the Arbuckle Formation for open hole completion.
  - (4) The annulus between the tubing and the casing must be open from the surface to the packer to allow for pressure testing and monitoring of the injection tubing and packer and the annulus filled with a packer fluid that protects against corrosion.

- (5) The packer must be set at least within seventy-five (75) feet of the top of the perforations.
- (6) Adequate gauges shall be installed on each annulus to allow proper monitoring of the disposal operation.
- (7) Tubing must be internally coated or lined to prevent corrosion from injected fluids. PVC, Plastic Coated, Stainless Steel or Fiberglass will qualify.
- (8) The packer must be either internally coated or stainless steel.
- (9) Commercial disposal wells authorized with a positive injection pressure must be equipped with a down hole shut-off device with a seal divider installed between the packer and the tubing. A Stainless Steel Profile Nipple and an "ON-OFF" Tool will qualify under this Section.
- (j) No Commercial disposal well will be permitted whose injection pressure approaches or exceeds the demonstrated frac gradient of the injection zones(s).
- (k) The geologic injection intervals authorized by the order or permit which are not perforated during the initial or subsequent completion of the disposal well will not expire until the disposal well is plugged, or the authority to inject is terminated or vacated.
- (l) In the event the Commission has evidence that an applicant for a commercial disposal well may not possess a satisfactory compliance history with Commission rules, the Director of the Conservation Division may seek an order of the Commission, issued after application, notice, and hearing, determining whether the applicant should be authorized to operate such commercial disposal well.

### **165:10-5-15. Application for order or permit for simultaneous injection well**

- (a) **General.**
  - (1) Simultaneous injection of salt water without a valid permit from the Underground Injection Control Department (UIC Department) or Commission order may result in the assessment of a fine up to \$5,000 per day of operation.
  - (2) A simultaneous injection ~~facility well~~ shall be inspected by a representative of the ~~commission~~ Commission prior to operation.
- (b) **Criteria for approval.**
  - (1) Simultaneous injection may be permitted if the following conditions are met and injection will not adversely affect offsetting production nor endanger treatable water:
    - (A) Injection zone is located below the producing zone in the borehole.
    - (B) Injection pressure is limited to less than the local fracture gradient.
    - ~~(C) If injection is by gravity flow, no Area of Review will be required.~~
    - ~~(D) If injection is by positive pump pressure, a 1/4 mile Area of Review plat will be required for all simultaneous injection well applications containing the information specified in OAC 165:10-5-5(b)(1)(A) and OAC 165:10-5-5(b)(1)(C).~~ If unplugged or mud-plugged boreholes are located within the 1/4

mile radius, the operator of the proposed simultaneous injection well will be required to ~~reconcile these~~ submit a corrective action plan in writing to the UIC Department to address such boreholes so as to protect treatable water prior to an order or permit being issued.

~~(D)~~ Simultaneous injectors must meet the requirements of OAC 165:10-3-4 as they apply to producing wells.

~~(F)(E)~~ Simultaneous injectors may be authorized to accept produced water from other wells. The UIC Department will determine on a case by case basis whether such a well warrants designation as a simultaneous injector, or whether the well requires a Commission order. Class II fluids from other wells operated by the operator of a simultaneous injection well may be disposed of in such simultaneous injection well if the operator applies on Form 1015 and obtains the issuance of a new permit or order pursuant to the requirements in OAC 165:10-5-5 pertaining to authorization of noncommercial disposal wells. The filing fee specified in OAC 165:5-3-1(b)(1)(E) must accompany the Form 1015 application.

(2) **Required form and attachments.** Each application for simultaneous injection shall be submitted to the UIC Department on Form 1015SI ~~in quadruplicate~~. The forms must be properly completed and signed. Attached to ~~one copy~~ of the application form shall be the following:

(A) Affidavit of mailing a copy of the completed Form 1015SI to each operator of a producing lease within 1/2 mile of the subject well.

(B) Schematic diagram of the well showing all casing and tubing strings, packers, perforations and pumps.

(3) **Monitoring, testing and reporting requirements for simultaneous injection wells.**

(A) Upon receiving ~~an order or permit~~, the operator shall file ~~an~~ a Form 1002A Completion Report or an amended Completion Report Form 1002A Completion Report within ~~30~~ 60 days of completion or recompletion of the well.

(B) Mechanical integrity will be demonstrated by ~~filing annual reports of surface casing pressure, production casing pressure and fluid level~~ the operator performing a radioactive tracer survey on the well before the well is operated as a simultaneous injection well, and thereafter on an annual basis, reflecting that the injection fluids are going into the authorized zone(s). The radioactive tracer surveys must be submitted to the UIC Department within 7 days of the performance of the surveys, and the results of the surveys must be acceptable to the UIC Department before the well can be used as a simultaneous injection well.

(C) Annual Report Form 1012 shall be submitted to the UIC Department by January 31 of each year for the previous calendar year ~~and semi-annual report Form 1012C shall be submitted by January 31 and~~

~~July 31 of each year for the previous six month period.~~

(4) If no protest is received within 15 days of the mailing of Form 1015SI, the application shall be submitted to the UIC Department for administrative ~~approval~~ review. If a protest is received within the protest period, the operator shall, within 30 days, set the application for hearing and give proper notice of a date for the hearing on the Pollution Docket before an Administrative Law Judge.

(c) **Expiration of the order or permit.** The simultaneous injection well order or permit shall expire on its own terms if the subject well is not recompleted or if a revised Form 1002A is not submitted within 180 days from the date on the permit the operator fails to perform the initial radioactive tracer survey on the well and submit the results of the survey to the UIC Department within 18 months after the effective date of the order or permit.

## SUBCHAPTER 7. POLLUTION ABATEMENT

### PART 3. STORAGE AND DISPOSAL OF FLUIDS

#### 165:10-7-19. Land application of water-based fluids from earthen pits, tanks and pipeline construction

(a) **Authority for land application.** No person shall land apply fluids except as provided by 165:10-9-2, 165:10-7-17, or this Section. Any operator failing to obtain a permit may be fined up to \$2,000. The land application permit shall be posted at the well site, pad or pipeline construction location.

(b) **Scope.** This Section shall cover the land application of water-based drilling fluids and cuttings from earthen pits, tanks, or other containment structures; however, this Section shall not be exclusive of other authorities for land application listed in (a) of this Section. Any land application made under this Section shall be done from a single well, single pad (containing multiple wells), or pipeline construction location. Permits shall not be granted for lands that have been previously permitted and used for these practices or similar practices such as soil remediation within the last three (3) years.

(c) **Site suitability restrictions.** Land application shall only occur on land having all of the following characteristics below, as field verified by a soil scientist or other qualified person pre-approved by the Commission. Any variance from site suitability restrictions must be approved by the Oil and Gas Conservation Division (see (f)(2)(C) of this Section).

(1) **Maximum slope.** A maximum slope of eight percent for all application methods.

(2) **Depth to bedrock.** Depth to bedrock must be at least 20 inches.

(3) **Soil texture.** A soil profile (as defined by USDA soil surveys) containing at least twelve inches (may be cumulative) of one of the following soil textures between the surface and the water table, unless a documented impeding layer of shale is present: loam, silt loam, silt, sandy clay

## Permanent Final Adoptions

---

loam, silty clay loam, clay loam, sandy loam, fine sandy loam, sandy clay, silty clay, or clay.

(4) **Salinity.** Slight salinity [defined as Electrical Conductivity (EC) less than 4,000 micromhos/cm] in the topsoil, or upper six inches of the soil, and a calculated Exchangeable Sodium Percentage (ESP) less than 10.0.

(5) **Depth to water table.** No evidence of a seasonal water table within six (6) feet of the soil surface as verified by field observation and published data.

(6) **Distance from water bodies.** A minimum distance of 100 feet from the land application site boundary to any perennial stream and 50 feet to any intermittent stream shown on the appropriate United States Geological Survey (U.S.G.S.) topographic map (available for viewing at the Commission's Oklahoma City Office and appropriate Conservation Division District Offices) and a minimum of 100 feet to any freshwater pond, lake, or wetland. [Designated by the National Wetlands Inventory Map Series, prepared by the U.S. Fish and Wildlife Service, available for viewing at the Commission's Oklahoma City Office (also, see (h)(6) of this Section)].

(7) **Site specific concerns.** Void of slick spots within or adjacent to the land application area, where subsurface lateral movement of water is unlikely, or areas void of concentrated surface flow such as gullies or waterways.

(8) **Stockpiling of cuttings.** Stockpiling of cuttings may be used during the handling and transportation of the cuttings both at the well and pipeline construction location and the receiving site. At the well site or pad generating the waste or pipeline construction location the cuttings must be placed in a steel pit or the areas used for this practice must be lined and bermed. A stockpile of cuttings at the receiving site must be located within the permitted area and the areas used for this practice must be lined and bermed. The stockpile of cuttings, whether at the well or pipeline construction location or the receiving site, must be closed within 30 days of cessation of drilling operations.

(d) **Sampling requirements.**

(1) **Notice to Field Inspector.** The appropriate Field Inspector shall be contacted at least two business days prior to sampling of the receiving soil and sampling of the drilling fluids and/or cuttings to be land applied from an earthen pit. This is to allow a Commission representative an opportunity to be present.

(2) **Receiving soil.** Sampling of the receiving soil shall be performed by, or under the supervision of, a soil scientist or other qualified person pre-approved by the Commission. Soil samples shall be taken from the proposed application area and analyzed. A minimum of four representative core samples from the surface (0-6 inches) must be taken from each ten acres, or part thereof. Each group of surface core samples representative of a ten-acre area (or less) shall be combined and thoroughly mixed. A minimum one-pint composite sample shall be taken and placed in a clean container for delivery to the laboratory. Alternatively, soil samples may be composited by the laboratory.

(3) **Drilling fluids and/or cuttings.**

(A) **Earthen pits.** Drilling fluids and/or cuttings to be land applied shall be sampled using the following procedure:

(i) Prior to sampling, fresh water (except natural precipitation) shall not be added to any pit for dilution or any other purpose.

(ii) A minimum of four samples, each from different quadrants of the pit and representative of the materials to be land applied, must be taken if the volume to be land applied is 25,000 bbls. or less. If more than 25,000 bbls. are to be land applied, a minimum of four quadrant samples plus one sample for each 5,000 bbls. over 25,000 bbls. will be required. The samples shall be combined and thoroughly mixed, then a minimum two quart composite sample placed into a foil or teflon covered glass container. The container shall be filled completely to exclude air and delivered to the laboratory within seven days. No samples shall be altered in any way.

(iii) After samples have been taken for analysis from a pit, the operator shall not allow the addition of fluids or other materials, except natural precipitation or fresh water to decrease the viscosity of the fluid.

(B) **Tanks.** Sampling of the drilling fluids and/or cuttings shall occur after the application has been approved. A minimum of one representative sample must be taken from each tank, the contents of which are to be land applied.

(e) **Analysis requirements.**

(1) **Testing.**

(A) The composite sample(s) of soil shall be tested by a laboratory operated by the State of Oklahoma or certified by the Oklahoma Department of Environmental Quality or in the North American Proficiency Testing System. Either a 1:1 extract or saturated paste extract shall be used for sample preparation.

(B) Methods of analysis.

(i) **Earthen pits.** The composite sample(s) of drilling fluids and/or cuttings shall be analyzed by a laboratory operated by the State of Oklahoma or certified by the Oklahoma Department of Environmental Quality or in the North American Proficiency Testing System.

(ii) **Tanks.** Samples of the drilling fluids and/or cuttings may be tested on-site. A filter press shall be used for preparation of samples. Tests must be performed by a person who is knowledgeable and experienced in the chemical testing of fluids. Acceptable on-site testing protocol may be obtained from the appropriate Conservation Division District Office.

(2) **Parameters for receiving soil.** Parameters for analysis of the receiving soil shall include at a minimum EC and ESP.

(3) **Parameters for drilling fluids and/or cuttings.**

(A) **Earthen pits.** Parameters for analysis of the drilling fluids and/or cuttings shall include at a minimum EC and Oil and Grease (O&G). Dry Weight shall also be determined if a significant amount of solids will be land applied.

(B) **Tanks.** EC shall be a required parameter for analysis of drilling fluids and/or cuttings. Dry weight shall also be determined if a significant amount of solids will be land applied.

(f) **Application for permit.**

(1) **Who may apply.** Only the operator of a well or pipeline or the operator's designated agent may apply for a land application permit under this Section, except that a commercial pit operator may also apply in case of emergency or for the purpose of facilitating repair or closure.

(2) **Required form and attachments.** Each application for land application of drilling fluids and/or cuttings shall be submitted to the Pollution Abatement Department on Form 1014S. A legible application shall be required. The following shall be attached to the application:

(A) Written permission from the surface owner to allow the applicant to land apply drilling fluids and/or cuttings. For purposes of obtaining such consent, the applicant shall use Form 1014L.

(B) A topographic map and the most recent aerial photograph (minimum scale 1:660) with the proposed and potential land application areas delineated as well as the location of cultural features such as buildings, water wells, etc. Both the topographic map and aerial photograph must show all areas within 1,320 feet of the boundary of the land application area.

(C) A site suitability report, pursuant to subsections (c) and (h)(6) of this Section, based on an on-site investigation and signed by a soil scientist or other qualified person. The report shall include detailed information concerning the site and shall discuss how all site characteristics were determined. Any requests for a variance to site suitability restrictions must be accompanied by a written justification that has been developed or approved by a soil scientist or other qualified person. The justification shall provide explanation as to safeguards which will assure that conditions of the permit will be met and there will be no adverse impacts from the land application.

(D) Analysis of drilling fluids and/or cuttings (for earthen pits only).

(E) Analyses of soil samples.

(F) Loading calculations.

(G) Copies of all chains-of-custody related to sampling.

(H) Manufacturer, model number, and specifications of testing equipment to be used (for tanks only).

(I) If there is an agent, a notarized affidavit designating same, signed by the operator within the last twelve months (Form 1014LA).

(J) Identification of any soil farming permit that has been issued in the same quarter section within the last three years. This information is available in the

OCC Soil Farming Database on the web at [www.oeeweb.com](http://www.oeeweb.com) Commission's website.

(K) Other information as required by this Section or requested by the Pollution Abatement Department.

(3) **Review period.** The Pollution Abatement Department shall review the application, either approve or disapprove it, and return a copy of Form 1014S within five business days of submission of all required or requested information. If approved, a permit number shall be assigned to Form 1014S; if disapproved, the reason(s) shall be given. The applicant may make application for a hearing if it is not approved.

(g) **Calculating maximum application rate.**

(1) **Earthen pits.**

(A) The maximum application rate shall be calculated by the applicant or the applicant's designated agent based on the analyses of the pit materials and the soil of the application area. The averaging of TDS or TSS values of soil sampling areas shall not be permitted. If the entire application area is larger than ten acres, requiring separate soil sampling areas, the applicant or the applicant's designated agent shall use the highest soil TDS or TSS value of any sampling area in calculating the maximum application rate for the entire application area, and shall also calculate the maximum application rate of each ten acre (or less) application area using the respective TDS or TSS values of each soil sampling area. The applicant or the applicant's designated agent shall decide which of the two loading rates to use and notify the appropriate Conservation Division District Office when notification of commencement of land application is given, pursuant to (h)(1) of this Section.

(B) Soil loading formulas contained in Appendix I shall be used.

(C) The maximum application rate shall be restricted by the most limiting parameter. The Pollution Abatement Department shall indicate on the permit the maximum application rate and the minimum acreage that must be used.

(2) **Tanks.**

(A) The applicant shall calculate the maximum application rate based on the analysis of each tank or other containment vessel to be land applied and the soil of the application area. The averaging of TDS or TSS values of soil sampling areas shall not be permitted. If the entire application area is larger than ten acres, requiring separate soil sampling areas, the applicant shall have the option of using the highest soil TDS or TSS value of any sampling area in calculating the maximum application rate for the entire application area, or calculating the maximum application rate of each ten-acre (or less) application area using the respective TDS or TSS value of each soil sampling area.

(B) Soil loading formulas contained in Appendix I shall be used.

## Permanent Final Adoptions

---

- (C) Based on the maximum application rate, the applicant or its designated agent shall determine where the fluids will be applied and supervise the land application process.
- (h) **Conditions of permit.** Any land application which is performed under this Section shall be subject to the following conditions or stipulations of the permit:
- (1) **Notice to Field Inspector.** The applicant shall notify the appropriate Field Inspector at least 24 hours prior to the commencement of land application to allow a Commission representative an opportunity to be present.
  - (2) **Compliance agreement.** Any person responsible for supervision of land application shall have signed a compliance agreement with the Commission (Form 1014CA).
  - (3) **Presence of representative.** A representative of the applicant shall be on the land application site at all times during which fluids and/or cuttings are being applied. The representative shall be an employee of the applicant, designated agent, contractor, or other person pre-approved by the Commission.
  - (4) **Materials to be land applied.** Land application shall be limited to water-based drilling fluids and/or cuttings.
  - (5) **Weather restrictions.** Land application, including incorporation, shall not be done:
    - (A) During precipitation events.
    - (B) When the soil moisture content is at a level such that the soil cannot readily take the addition of drilling fluids.
    - (C) When the ground is frozen to a degree that the soil cannot readily take the addition of fluids.
    - (D) By spray irrigation when the wind velocity is such that even distribution of materials cannot be accomplished or the buffer zones, pursuant to (6) of this subsection, cannot be maintained.
  - (6) **Buffer zones.** Land application shall not be done within the following buffer zones, as identified in the site suitability report:
    - (A) Fifty feet of a property line boundary.
    - (B) Three hundred feet of any water well or water supply lake used for domestic or irrigation purposes.
    - (C) One-quarter (1/4) mile of any public water well or public water supply lake.
  - (7) **Land application rate.** The maximum calculated application rate of drilling fluids and/or cuttings shall not be exceeded. It may require more than one pass to achieve the maximum application rate while avoiding runoff or ponding, pursuant to (9) of this subsection. Application of drilling fluids and/or cuttings outside the approved plot shall be prohibited.
  - (8) **Land application method.**
    - (A) Application of drilling fluids and/or cuttings shall be uniform over the approved land application plot, shall not be applied at a rate to cause permanent vegetation damage, and shall be made by a method approved by the Commission prior to use. The flood irrigation method shall be limited to those fields that normally are irrigated in that manner.
    - (B) For earthen pits, if more than 500 lbs/acre of Oil and Grease or 50,000 lbs/acre of Dry Weight materials are applied, the materials shall be incorporated into the soil by use of the injection method, or by disking or some other method approved by the Commission.
    - (C) All land application vehicles shall be either a single or double axle vehicle with a permanently attached tank that shall not exceed 100 barrels, and the vehicle shall be equipped so as to minimize pooling and ruts caused by tire tracks. It shall have a diffuser mechanism to spread the mud/fluids in a fan pattern. Spreader bars shall not be used. The mud/fluids shall be forced from the tank with air pressure or a mechanical pump. Gravity applications are prohibited. Transport/tanker trucks (18 wheel vehicles) shall not be used for land application at any time. Use of an unauthorized vehicle or equipment may result in the revocation of the land application permit. A fine of up to \$2,000.00 may be assessed for each violation of this paragraph.
    - (D) Drill cuttings shall be spread with an industrial mechanical spreader capable of broadcasting and/or fanning out the cuttings. Dozers, backhoes, motor blades or scrapers shall not be used to spread drill cuttings or drill solids during land application at any time.
  - (9) **Runoff or ponding prohibited.** No runoff of land applied materials shall be allowed during application. Ponding is prohibited, except where the flood irrigation method is approved. In order to comply with this rule, some applications will require the use of more than the minimum calculated acreage and/or a drying period between applications.
  - (10) **Vegetative cover.** If the vegetative cover is destroyed or significantly damaged by disking, injection, or other practice associated with land application, a bona fide effort shall be made to restore or reestablish the vegetative cover within 180 days after the land application is completed. Additional efforts shall be made until the vegetative cover is fully restored or reestablished.
  - (11) **Time period.**
    - (A) **Earthen pits.** Land application shall be completed within 90 days from the date of the permit. At the end of the 90-day period, the permit shall expire by its own terms.
    - (B) **Tanks.** Land application shall be completed within 90 days after drilling ceases. At the end of the 90-day period, the permit shall expire by its own terms.
  - (12) **Post-application report.** A post-application report (Form 1014R) shall be submitted by the operator or the operator's agent to the Manager of the Pollution Abatement Department within 90 days of the completion of land application. One extension may be granted for a period of up to 90 days by the Manager of the Pollution Abatement

Department. If approval is obtained to amend the permit to authorize land application of contaminated soils and petroleum hydrocarbon based cuttings, any extension of time for submission of the post-application report granted by the Manager of the Pollution Abatement Department shall begin on the date the amended permit is approved. The report shall give specific details of the land application, including test results of materials applied and loading rate calculations (for tanks only), volumes of materials applied, and an aerial photograph (minimum scale 1:660) delineating the actual area where materials were applied. All applicable loading calculations from Appendix I of this Chapter shall be included in the Form 1014R. The report shall contain a statement certifying that the land application was done in accordance with the approved permit. Failure to timely submit a Form 1014R may result in the assessment of a fine of up to \$500.00.

(13) **Violations.** If the applicant violates the conditions of the permit or this Section, the land application shall be discontinued and the Pollution Abatement Department shall be contacted immediately. The Pollution Abatement Department may revoke the permit and/or require the operator to do remedial work. If the permit is not revoked, land application may resume with the Pollution Abatement Department's approval. If the permit is revoked, the operator may make application for a hearing to reinstate it.

(14) **Requirements to close pit.** Neither filing an application nor receiving a permit under this Section shall extend the time limit for closing a reserve pit pursuant to 165:10-7-16, or a commercial pit pursuant to 165:10-9-1.

(i) **Variiances.** A variance from the time provisions of (d)(1), (h)(1), or (h)(10) of this Section may be granted by the appropriate Conservation Division District Office for justifiable cause. A written request and supporting documentation shall be required. The appropriate Conservation Division District Office shall respond in writing within five business days after receipt, either approving or disapproving the request.

**165:10-7-26. Land application of contaminated soils and petroleum hydrocarbon based drill cuttings**

(a) **Authority for land application.** No person shall land apply soils or drill cuttings contaminated by salt or petroleum hydrocarbons except as provided by this Section. Any operator failing to obtain a permit may be fined up to \$2,000.00. The land application permit shall be posted at the well site, pad or pipeline construction location.

(b) **Scope.** This Section shall cover the land application of soils and drill cuttings contaminated by salt and/or petroleum hydrocarbons. Petroleum hydrocarbon-contaminated soils land applied under this Section shall meet the RCRA criteria for exempt or non-exempt/nonhazardous waste. [Reference 40 CFR Subtitle C and EPA publication EPA530-K-95-003 "Crude Oil and Natural Gas Exploration and Production Wastes: Exemption from RCRA Subtitle C Regulation]." Hazardous waste as defined at 40 CFR 261.3 is regulated by the Oklahoma Department of Environmental Quality. Any land application made under this Section shall be done from a

single well or a single pad (containing multiple wells). Permits shall not be granted for lands that have been previously permitted and used for this practice or similar practices such as soil remediation within the last three (3) years.

(c) **Receiving site suitability restrictions.** Land application shall only occur on land having all of the characteristics below, as field verified by a soil scientist or other qualified person pre-approved by the Commission. Any variance from site suitability restrictions must be approved by the Oil and Gas Conservation Division (see (g)(2)(C) of this Section).

(1) **Maximum slope.** A maximum slope of eight percent for all application methods.

(2) **Depth to bedrock.** Depth to bedrock will be at least 20 inches if crude oil contaminated soils or petroleum hydrocarbon-based drill cuttings are to be applied; 20 inches if salt contaminated soils are to be applied.

(3) **Soil texture.** A soil profile (as defined by USDA soil surveys) containing at least twelve inches (may be cumulative) of one of the following soil textures between the surface and the water table, unless a documented impeding layer of shale is present: loam, silt loam, silt, sandy clay loam, silty clay loam, clay loam, sandy loam, fine sandy loam, sandy clay, silty clay, or clay.

(4) **Salinity.** Slight salinity [defined as Electrical Conductivity (EC) less than 4,000 micromhos/cm] in the topsoil, or upper six inches of the soil, and a calculated Exchangeable Sodium Percentage (ESP) less than 10.0.

(5) **Depth to water table.** No evidence of a seasonal water table within six (6) feet of the soil surface as verified by field observation and published data.

(6) **Distance from water bodies.** A minimum distance of 100 feet from the land application site boundary to any perennial stream and 50 feet to any intermittent stream found on the appropriate United States Geological Survey (U.S.G.S.) topographic map (available for viewing at the Commission's Oklahoma City Office and appropriate Conservation Division District Offices); and a minimum of 100 feet to any freshwater pond, lake, or wetland designated by the National Wetlands Inventory Map Series, prepared by the U.S. Fish and Wildlife Service (available for viewing at the Commission's Oklahoma City Office). Also, see (h)(6) of this Section.

(7) **Site specific concerns.** Void of slick spots within or adjacent to the land application area, where subsurface lateral movement of water is unlikely, or areas void of concentrated surface flow such as gullies or waterways.

(8) **Stockpiling of cuttings.** Stockpiling of cuttings may be used during the handling and transportation of the cuttings both at the well location and the receiving site. At the well site or pad generating the waste, the cuttings must be placed in a steel pit or the areas used for this practice must be lined and bermed. A stockpile of cuttings at the receiving site must be located on the permitted area and the areas used for this practice must be lined and bermed. The stockpile of cuttings, whether at the well location or the receiving site, must be closed within 30 days of cessation of drilling operations.

(d) **Sampling requirements.**

## Permanent Final Adoptions

---

- (1) **Notice to Field Inspector.** The appropriate Field Inspectors shall be contacted at least two business days prior to sampling of the receiving soil and materials to be land applied. This is to allow a Commission representative an opportunity to be present.
- (2) **Receiving soil.** Sampling of the receiving soil shall be performed by, or under the supervision of, a soil scientist or other qualified person pre-approved by the Commission. Soil samples shall be taken from the proposed application area and analyzed. A minimum of four representative surface core samples from the surface (0-6 inches) must be taken from each ten acres, or part thereof. Each group of surface core samples representative of a ten-acre area (or less) shall be combined and thoroughly mixed. A minimum one pint composite sample shall be taken and placed in a clean container for delivery to the laboratory. Alternatively, soil samples may be composited by the laboratory.
- (3) **Materials to be land applied.** Representative samples of the materials to be land applied shall be taken, composited into a minimum one-pint sample, and placed in a clean container for delivery to the laboratory. Alternatively, materials to be land applied may be composited by the laboratory.
- (e) **Analysis requirements.**
- (1) **Salt contaminated soils or drill cuttings.** Analysis requirements will be dependent upon the loading method that is chosen. For most applications, loading based on Total Dissolved Solids (TDS) or Total Soluble Salts (TSS) will be most appropriate. However, applicants proposing to land apply on a site in western Oklahoma, where the soils commonly contain moderate to high levels of gypsum, may benefit from using the loading formula based on Chlorides (Cl).
- (A) Samples of soil and materials to be land applied shall be tested by a laboratory proficient in testing soils. Either a 1:1 extract or saturated paste extract shall be used for sample preparation for TDS or TSS or Cl loading. A saturated paste moisture equivalent is necessary where the saturated paste sample preparation method is used.
- (B) Parameters for analysis of the receiving soil shall include at a minimum EC, TDS or TSS, and ESP for TDS/TSS loading. For Chloride loading, parameters shall include Chlorides (dry weight basis) and ESP.
- (C) Parameters for analysis of soils or drill cuttings contaminated by salt shall include at a minimum EC for TDS/TSS loading and both EC and Cl for Chloride loading.
- (2) **Soils and drill cuttings contaminated by petroleum hydrocarbons.**
- (A) Samples of soil and materials to be land applied shall be tested by a laboratory proficient in testing soils.
- (B) Parameters for analysis of the receiving soil shall include at a minimum EC and ESP.
- (C) Parameters for analysis of soils or drill cuttings contaminated by petroleum hydrocarbons shall include at a minimum a test of the appropriate carbon range(s), which is determined by the nature of the waste material. These include Gasoline Range Organics (GRO) - C6 to C10 (EPA test method 8015/8020 M) and TPH (Oklahoma method 1005 extended C35).
- (f) **Application rates.**
- (1) **Calculations.** The maximum application rate for TDS or TSS, Cl, and GRO, or TPH shall be calculated by the applicant based upon the analyses of the materials to be land applied and the soil of the application area. For salt contaminated soils or drill cuttings, if the application area encompasses more than one soil sampling area, the rate shall be calculated in one of two ways, depending on how the application will be made. The applicant may either calculate the maximum application rate for the entire application area based upon the highest soil TDS or TSS or Cl value of any sampling area (averaging not allowed), or calculate it for each ten acre (or less) application area using the respective soil TDS or TSS or Cl values of each sampling area.
- (2) **Soil loading formulas.** The maximum application rate for any application area shall be restricted by the most limiting parameter. To determine this, the soil loading formulas in Appendix I of this Chapter shall be used as applicable.
- (3) **Variations.** In special situations, a request for a variance relating to soil loading of petroleum hydrocarbons may be administratively approved by the Manager of the Pollution Abatement Department. The applicant shall submit a written request explaining the circumstances or conditions which warrant a variance and shall also submit a management plan for reducing the petroleum hydrocarbon content in the soil to two percent or less.
- (g) **Application for permit.**
- (1) **Who may apply.** Only the operator responsible for generating the waste to be land applied or the operator's designated agent may apply for a land application permit, except that the Oklahoma Energy Resources Board or its designated contractor may make application to land apply materials for which there is no responsible party.
- (2) **Required form and attachments.** Each application for land application of soils contaminated by salt and/or crude oil or petroleum hydrocarbon-containing deleterious substances shall be submitted to the Pollution Abatement Department on Form 1014S. A legible application shall be required. The following shall be attached to the application:
- (A) Written permission from the surface owner to allow the applicant to land apply, incorporate, and fertilize materials. For purposes of obtaining such consent, the applicant shall use Form 1014L.
- (B) A topographic map and the most recent aerial photograph (minimum scale 1:660) with the proposed and potential land application areas delineated as well as the location of cultural features such as buildings,

water wells, etc. Both the topographic map and aerial photograph must show all areas within 1320 feet of the boundary of the land application area.

(C) Receiving site suitability report, pursuant to subsections (c) and (h)(6) of this Section, based on an on-site investigation and signed by a soil scientist or other qualified person. The report shall include detailed information concerning the site and shall discuss how all site characteristics were determined. Any requests for a variance to site suitability restrictions must be accompanied by a written justification that has been developed or approved by a soil scientist or other qualified person. The justification shall provide explanation as to safeguards which will assure that conditions of the permit will be met and there will be no adverse impacts from the land application.

(D) Analyses of receiving soil samples.

(E) Analyses of contaminated soil or petroleum hydrocarbon-based drill cuttings.

(F) For contaminated soils, an investigation report and diagram, drawn to scale, detailing the aerial extent and depth of the contamination; and sampling procedures which were used to assure that representative samples were taken.

(G) Loading calculations.

(H) Copies of all chains-of-custody related to sampling.

(I) If there is an agent, a notarized affidavit designating same, signed by the operator within the last 12 months (Form 1014LA).

(J) Identification of any soil farming permit that has been issued in the same quarter section within the last three (3) years. This information is available in the OCC Soil Farming Database on the ~~web~~ at [www.occweb.com](http://www.occweb.com) Commission's website.

(K) Other information as required by this Section or requested by the Pollution Abatement Department.

(3) **Review period.** The Pollution Abatement Department shall review the application, either approve or disapprove it, and return a copy of Form 1014S within five business days of submission of all required or requested information. If approved, a permit number shall be assigned to Form 1014S; if disapproved, the reason(s) shall be given. The applicant may make application for a hearing if it is not approved.

(h) **Conditions of permit.** Any land application which is performed under this Section shall be subject to the following conditions or stipulations of the permit:

(1) **Notice to Field Inspector.** The applicant shall notify the appropriate Field Inspector at least 24 hours prior to the commencement of land application to allow a Commission representative an opportunity to be present.

(2) **Compliance agreement.** Any person responsible for supervision of land application shall have signed a compliance agreement with the Commission (Form 1014CA).

(3) **Presence of representative.** A representative of the applicant shall be on the land application site at

all times during which materials are being applied. The representative shall be an employee of the applicant, designated agent, contractor, or other person pre-approved by the Commission.

(4) **Materials to be land applied.** Land application under this Section shall be limited to soils and drill cuttings contaminated by salt and/or petroleum hydrocarbons. Petroleum hydrocarbon-contaminated soils or drill cuttings land applied under this Section shall meet the RCRA criteria for exempt or non-exempt/nonhazardous waste. Hazardous waste as defined at 40 CFR 261.3 is regulated by the Oklahoma Department of Environmental Quality.

(5) **Weather restrictions.** Land application, including incorporation, shall not be done:

(A) During precipitation events.

(B) When the soil moisture content is at a level such that the soil cannot readily take the addition of materials.

(C) When the ground is frozen to a degree that the soil cannot readily take the addition of fluids.

(6) **Buffer zones.** Land application shall not be done within the following buffer zones, as identified in the site suitability report:

(A) Fifty feet of a property line boundary.

(B) Three hundred feet of any water well or water supply lake used for domestic or irrigation purposes.

(C) One-quarter (1/4) mile of any public water well or public water supply lake.

(7) **Land application rate.** The maximum calculated application rate of materials shall not be exceeded. Under no circumstances shall land applied materials exceed a two inch depth. Furthermore, no runoff or ponding of land applied materials shall be allowed. It may require more than one pass or lift to achieve the maximum application rate while avoiding runoff or ponding. For land applications involving petroleum hydrocarbons all free oil shall be removed.

(8) **Land application method.**

(A) Application of materials shall be uniform over the approved land application area, and shall be made by a method approved by the Commission prior to use. Land applied materials shall be incorporated into the soil by disking or chiseling during or immediately after application to a minimum depth of two times the depth of applied materials; however, if any contaminated sandy soil is applied to any clayey soil, incorporation shall be to a minimum depth of four times the depth of the applied materials. Tillage of grassland may not be necessary. If materials are land applied on grassland a reduced application rate may be necessary.

(B) All land application vehicles shall be either a single or double axle vehicle with a permanently attached tank that shall not exceed 100 barrels, and the vehicle shall be equipped so as to minimize pooling and ruts caused by tire tracks. It shall have a diffuser mechanism to spread the materials in a fan pattern. Spreader bars shall not be used. The materials shall

## Permanent Final Adoptions

be forced from the tank with air pressure or a mechanical pump. Gravity applications are prohibited. Transport/tanker trucks (18 wheel vehicles) shall not be used for land application at any time. Use of an unauthorized vehicle or equipment may result in the revocation of the land application permit. A fine of up to \$2,000.00 may be assessed for each violation of this paragraph.

(C) The materials shall be spread with an industrial mechanical spreader capable of broadcasting and/or fanning out the cuttings. Dozers, backhoes, motor blades or scrapers shall not be used to spread materials during land application at any time.

(9) **Fertilizer.** For any land application involving petroleum hydrocarbon-contaminated soils and/or drill cuttings, if it is determined that revegetation is needed, fertilizer shall be applied at an appropriate rate as indicated by soil testing for available N-P-K to adjust the average carbon-nitrogen ratio in order to enhance biodegradation of the petroleum hydrocarbons and assist in reestablishing vegetation. Soil tests shall also include at a minimum EC, ESP, N-P-K, C:N ratio and TPH. Soil samples shall be collected from the affected area at a depth of six (6) inches. Background samples shall be collected from an adjacent unaffected area. In the absence of soil testing, Nitrogen, Phosphorus, and Potassium shall be applied at a rate of 160-40-40 lbs. per acre (actual N-P-K). Application of fertilizers shall be done in a manner that minimizes runoff potential (split applications) and so as to increase availability of nutrients to microorganisms for degradation of petroleum hydrocarbons.

(10) **Vegetative cover.** A bona fide effort shall be made to restore or reestablish the vegetative cover within 180 days after the land application is completed. Additional efforts shall be made until the vegetative cover is fully restored or reestablished.

(11) **Time period.**

(A) Land application shall be completed within 90 days of the anticipated completion date shown on the approved application form; or

(B) Land application shall be completed within 90 days after drilling ceases. At the end of the 90-day period the permit shall expire by its own terms.

(12) **Post-application report.** A post-application report (Form 1014R) shall be submitted by the operator or the operator's agent to the Manager of the Pollution Abatement Department within 90 days of the completion of land application. One extension may be granted for a period of up to 90 days by the Manager of the Pollution Abatement Department. If approval is obtained to amend a permit to land apply water-based fluids so as to authorize land application of contaminated soils and petroleum hydrocarbon based cuttings, any extension of time for submission of the post-application report granted by the Manager of the Pollution Abatement Department shall begin on the date the amended permit is approved. The report shall give specific details of the land application, including volumes of materials applied and an aerial photograph (minimum

scale 1:660) delineating the actual area where materials were applied. All applicable loading calculations from Appendix I of this Chapter shall be included in the Form 1014R. The report shall contain a statement certifying that the land application was done in accordance with the approved permit. Failure to timely submit a Form 1014R may result in the assessment of a fine of up to \$500.00.

(13) **Violations.** If the applicant violates the conditions of the permit or this Section, the land application shall be discontinued and the Pollution Abatement Department shall be contacted immediately. The Pollution Abatement Department may revoke the permit and/or require the operator to do remedial work. If the permit is not revoked, land application may resume with approval of the Pollution Abatement Department. If the permit is revoked, the operator may make application for a hearing to reinstate it.

(i) **Variations.** A variance from the time provisions of (d)(1), (h)(1), or (h)(10) of this Section may be granted by the appropriate Conservation Division District Office for justifiable cause. A written request and supporting documentation shall be required. The appropriate Conservation Division District Office shall respond in writing within five business days after receipt, either approving or disapproving the request.

### SUBCHAPTER 11. PLUGGING AND ABANDONMENT

#### 165:10-11-1. License for pulling pipecasing and plugging wells

(a) No person shall contract to pull casing or plug oil, gas, injection, disposal, or other service wells, or contract to salvage casing therefrom, or purchase wells for the purpose of salvaging casing therefrom until a license has been secured from the Commission. ~~(1) The application on Form 1055 for such license shall state must include:~~

~~(A1) The name, business address, business telephone number, business email address, and business facsimile number of the applicant.~~

~~(B2) The names, and business addresses, business telephone numbers, business email addresses, and business facsimile numbers of all partners, chief officers, and directors, or principals if the applicant is a partnership, corporation, limited liability company, or any entity other than an individual.~~

~~(C3) The experience of applicant in pulling casing and plugging wells.~~

~~(D4) Evidence of financial responsibility of the applicant.~~

~~(E5) The counties in which the applicant will operate.~~

~~(6) Other information as required by the Commission.~~

~~(2) Notice that an application has been filed shall be published by the applicant in a newspaper of general circulation in Oklahoma County and in the county where the applicant's principal place of business is located. The applicant shall file proof of publication prior to the hearing or administrative approval. The notice shall include:~~

~~(A) The name of the applicant.~~

~~(B) Generally what operations the applicant intends to conduct for which applicant is financially responsible.~~

~~(C) The counties in which applicant will operate.~~

~~(3) If a written objection to the application is filed within 15 days after the application is published or if a hearing is required by the Commission, the application shall be set for hearing and notice thereof shall be given as the Commission shall direct. If no objection is filed and the Commission does not require a hearing, the matter shall be presented administratively to the Manager of Field Operations who shall file a report and make recommendations to the Commission.~~

(b) Applicant shall submit the Form 1055 and required information to the Oil and Gas Conservation Division Field Operations Department for review at the email address indicated on the Form 1055. The Field Operations Department shall review the Form 1055, and the Form 1055 shall either be approved or disapproved within fifteen (15) business days of applicant's submission of all required or requested information. If the Form 1055 is approved, the Manager of the Field Operations Department shall sign the license. If the Field Operations Department denies the Form 1055, the applicant may request a hearing regarding the application.

(bc) The license shall not be transferable and may at any time be suspended or revoked by the Commission upon complaint application, notice, and hearing.

(ed) Any person violating this Section may be fined up to \$2,500.00. Any operation in violation of this Section shall be shut down pending compliance with this Section.

**165:10-11-3. Duty to plug and abandon**

(a) **Scope.** This Section applies to:

- (1) Liability of the well owners and operator or other responsible person(s) to plug a well.
- (2) Time periods for plugging wells:
  - (A) Without casing.
  - (B) With only surface casing and cement.
  - (C) With production casing.
- (3) Wells exempted from plugging.
- (4) Notice of Temporary Exemption from Plugging granting permission to postpone plugging of a well.

(b) **Liability of owners and operators or other responsible persons(s).** Any working interest owner and operator of any oil, gas, disposal, injection, or other service well or any seismic, core, or other exploratory hole, whether cased or uncased, shall be jointly and severally liable and responsible for the plugging thereof in accordance with this Subchapter unless other responsible person(s) become liable for such plugging. "Other responsible person(s)" means person(s) exercising dominion and control over any oil, gas, disposal, injection, or other service well or any seismic, core, or other exploratory hole, whether cased or uncased, without the authority or permission of the working interest owners or operator thereof. In such instances the other responsible person(s) shall be jointly and severally liable with the owners and operator for the plugging of the well. The owner of the surface estate shall not be considered an "other responsible person" solely as a result of:

(1) the reversion of the ownership of an abandoned wellbore and associated equipment to the surface owner, as a matter of law, unless the surface owner engages in activities that potentially compromise the integrity of the wellbore; or

(2) the removal of abandoned surface equipment, trash and debris from the surface estate, or remediation activities regarding the surface estate.

(c) **Time period for plugging well without casing.** Each well in which neither production casing nor surface casing has been run shall be properly plugged within 72 hours after drilling or testing is completed. However, should the lack of production and surface casing create a fire hazard or a risk of contaminating the environment or formations containing oil, gas, or known treatable water, said well shall be properly plugged within 24 hours after drilling and testing is completed. The well marker requirement described in ~~165:10-3-4~~ ~~(e)~~165:10-3-4(f) shall be followed.

(d) **Time period for plugging well with only surface casing and cement.** Each well in which only surface casing has been run and cemented in conformance with 165:10-3-4 shall be properly plugged within 90 days after drilling or testing is completed unless the lack of production or intermediate casing creates a fire hazard or risk of contaminating the environment or formations containing oil, gas, or known treatable water, in which case or cases the well shall be plugged within 24 hours.

(e) **Time period for plugging well with production casing.** Unless exempted under provisions contained elsewhere in this Section, any well which has production casing in place shall be plugged within one year after the latter of:

- (1) Cessation of drilling if the well was not completed or tested; or
- (2) Cessation of the latter of completion or testing if the well has not produced; or
- (3) Cessation of production.

(f) **Operators failing to commence timely plugging operations.** An operator who fails to commence plugging operations as required in (c), (d), and (e) of this Section after due notice from the District Office or the appropriate field inspector may be fined up to \$1,000.00.

(g) **Wells exempted from plugging.** The following wells which have production casing in place shall be exempt from (e) of this Section:

- (1) Shut-in gas wells, for the purpose of this Section, shall be considered producing wells in operation.
- (2) Any well for which a written order of the Commission granting a specific exception to plugging is in full force and effect.
- (3) Supply wells or wells authorized by order of the Commission for injection or disposal purposes and are in compliance with the rules of the Commission.
- (4) Any well for which a temporary exemption from the plugging rules has been approved.
- (5) Any oil or gas well which is exempt from plugging pursuant to 17 O.S. § 53.

**SUBCHAPTER 29. SPECIAL AREA RULES**

## Permanent Final Adoptions

---

### 165:10-29-1. Lake Atoka and McGee Creek Reservoir

(a) **Scope.** The requirements of this section will apply to wells located in the areas listed below, and will supersede all field orders related to these areas. These requirements are in addition to the Commission's existing statewide requirements. The areas controlled by this section include:

(1) **IN ATOKA COUNTY**

- (A) Sections 1-35 of Township 1 North, Range 12 East;
- (B) Sections 1-18, 21-28 and 35-36 of Township 1 North, Range 13 East;
- (C) Sections 1-36 of Township 1 North, Range 14 East;
- (D) Section 6 of Township 1 North, Range 15 East;
- (E) Sections 1-5, 8-16, 20-29 and 32-36 of Township 2 North, Range 12 East;
- (F) Sections 1-36 of Township 2 North, Range 13 East;
- (G) Sections 4-9 of Township 2 North, Range 14 East;
- (H) Sections 1-2, 11-14, 23-26 and 36 of Township 1 South, Range 11 East;
- (I) Sections 2-10, 16-20, 24-25 and 30-31 of Township 1 South, Range 12 East;
- (J) Sections 1-3, 9-16, 19-30 and 32-36 of Township 1 South, range 13 East;
- (K) Sections 1-11 and 13-36 of Township 1 South, Range 14 East;
- (L) Sections 1-5, 8-17, 22-27 and 34-36 of Township 2 South, Range 13 East;
- (M) Sections 1-24 and 26-35 of Township 2 South, Range 14 East;
- (N) Sections 1-2 and 12 of Township 3 South, Range 13 East;
- (O) Sections 2-9 of Township 3 South, Range 14 East.

(2) **IN PITTSBURG COUNTY**

- (A) Sections 7, 18-22 and 25-36 of Township 2 North, Range 14 East;
- (B) Section 31 of Township 2 North, Range 15 East;
- (C) Sections 1-3, 9-16, 20-29 and 32-36 of Township 3 North, Range 12 East;
- (D) Sections 1-36 of Township 3 North, Range 13 East;
- (E) Sections 6 and 28-33 of Township 3 North, Range 14 East;
- (F) Sections 26-28 and 32-36 of Township 4 North, Range 13 East.

(3) **IN COAL COUNTY** Sections 12-14, 22-27 and 34-36 of Township 1 North, Range 11 East.

(b) **General.** The design criteria for all wells shall consider all pertinent factors for well control including formation pressures and casing setting depths such that the wellbore can be maintained under control at all times and that all surface and subsurface fresh water supplies or formations are protected.

(c) **Well site limitations.** No oil and/or gas well shall be located within 1,320 feet of the maximum water surface level

contour line of either reservoir. The maximum water surface level is 609.8 feet above sea level for McGee Creek and 590 feet above sea level for Lake Atoka Reservoir.

(d) **Drill site containment.** During the drilling and completion of an oil and gas well the operator shall:

(1) Maintain an earthen retaining wall downslope of the well, no closer than 50 feet from the wellbore, if the well is located within six (6) miles of the maximum water surface level contour line of either reservoir. The maximum water surface level is 609.8 feet above sea level for McGee Creek Reservoir and 590 feet above sea level for Lake Atoka. The retaining wall shall be constructed prior to the commencement of drilling and shall be of adequate size for the terrain involved with a minimum length of 330 feet and a minimum compacted height of two (2) feet;

(2) Maintain a diversion ditch upslope of the well. The diversion ditch shall be constructed prior to the commencement of drilling and shall be adequate to divert surface drainage water from the well location;

(3) Pump any fluid, other than storm water, trapped within the well site into steel tanks for storage and removal. Storm water may be discharged as necessary as long as there is no sheen or other visible evidence of hydrocarbons being present, the chloride concentration does not exceed 500 mg/l, and the operator maintains records of each discharge for a period of three (3) years. These records must be supplied to the Commission upon request.

(e) **Production site containment.**

(1) During production operations, all fluid separation and storage vessels shall be enclosed within earthen or equivalent retaining walls so that the enclosed area has a storage capacity of at least one and one-half (1.5) times the liquid capacity of the largest vessel in the storage area.

(2) Any fluid other than storm water and any storm water that cannot be discharged will be pumped into steel tanks for storage and removal. Storm water may be discharged as necessary as long as there is no sheen or other visible evidence of hydrocarbons being present, the chloride concentration does not exceed 500 mg/l, and the operator maintains records of each discharge for a period of three (3) years. These records must be supplied to the Commission upon request.

(f) **Erosion control.** During the drilling phase of operations, silt fencing or other suitable materials or practices shall be used on the downslope side of the drill site to control runoff from the location. The silt fencing or other suitable materials or practices used to control runoff at the location shall be maintained in a manner so as to consistently work to control run-off.

(g) **Circulating and reserve pits.**

(1) Steel tanks shall be used for circulating and reserve pits for all drilling operations located within one (1) mile of the maximum water surface level contour line of either reservoir. The maximum water surface level is 609.8 feet above sea level for McGee Creek Reservoir and 590 feet above sea level for Lake Atoka.

(2) Outside of the areas designated by OAC 165:10-29-1(g)(1), any pit shall be lined with a geomembrane liner that meets or exceeds each of the following specifications:

- (A) be made of linear low density polyethylene;
- (B) have a thickness of 20 millimeters; and
- (C) conform to the test requirements prescribed in the Geosynthetic Research Institute (GRI) Test Method GM17; and
- (D) The liner shall also comply with the requirements for geomembrane liners found in OAC 165:10-7-16(c)(7).

(3) No pit shall be constructed or maintained so as to receive outside runoff water and the fluid level of earthen pits shall be maintained at all times as least 24 vertical inches below the lowest point of embankment.

(4) If there is flowback during the fracing of a well, the flowback must be to steel tanks prior to being placed into a lined pit if the temperature of the flowback exceeds 150 degrees Fahrenheit.

(5) The Oklahoma Corporation Commission shall inspect all pits within the purview of these rules prior to the liner being installed. The operator shall notify the District Office at least one (1) business day prior to installation of the liner. If the Commission has not inspected the pit within one (1) business day following the notification, the operator may proceed to install the liner.

(6) Any reserve/circulation pit shall be closed within six (6) months after drilling operations cease. Upon request by the operator, a six (6) month extension shall be granted by the District Office, after review by a field inspector to confirm the pit is in compliance with Commission requirements.

(h) **Air drilling.** When drilling with air for circulation, an unlined earthen pit to contain the wellbore cuttings is allowed, provided the chloride concentration of any fluids discharged into the pit does not exceed 1000 mg/l. Discharge of air and cuttings from the "blooey line" shall be subjected to fresh water injection or spray to eliminate, to the greatest extent possible, the drift of dust and particulates from the well site. Water and additives for liquid drilling fluid shall be maintained at the well site at all times in sufficient volumes to circulate the wellbore if needed. All water in the unlined earthen pit shall be removed and properly disposed of as soon as air drilling ceases.

(i) **Casing.** All casing shall be new or reconditioned and tested to conform to API specifications.

(1) **Surface casing.** Surface casing shall be set to a minimum depth of 700 feet, or 50 feet below the deepest treatable water, whichever depth is greater. In setting the surface casing, a minimum of six (6) centralizers shall be used in the bottom portion of the casing string.

(2) **Production casing.** Production casing of four and one-half (4.5) inches or greater OD, and all related equipment items, such as the wellhead valves, shall have a pressure rating sufficiently in excess of the highest formation pressure encountered in the well. In setting the production casing, the annular space between the

wellbore and the production casing shall be filled with cement calculated to fill at least 500 feet above the shallowest planned zone to be tested. Centralizers shall be used across the planned zone(s) to be tested. The production casing shall be pressure tested to conform to ~~OAC 165:10-3-4(g)~~OAC 165:10-3-4(h). In the event the total depth of the well is less than 500 feet, the annular space between the wellbore and the production casing shall be filled with cement calculated to fill at least that portion of the wellbore to the base of the surface casing. Centralizers shall be used across the planned zone to be tested. The production casing shall be pressure tested to comply with ~~OAC 165:10-3-4(g)~~OAC 165:10-3-4(h).

(j) **Blowout prevention equipment.** Before drilling below the surface casing and until drilling operations are completed, a blowout preventer (BOP) with a minimum of two (2) hydraulically operated rams, one (1) blind type and one (1) pipe type to fit the drill pipe, and related well control equipment, including a manifold and a floor valve, with a working pressure that exceeds the maximum anticipated surface pressure, shall be installed, used and tested in a manner to prevent blowouts. The BOP stack shall include a drilling spool with side outlets if side outlets are not provided on the BOP body. BOPs shall be tested to the rated pressure of the blowout stack assembly. All blowout prevention equipment is to be tested prior to drilling out from the surface casing. While drilling operations are in progress, the BOP shall be actuated once each trip. When removing drill pipe from any hole that utilized drilling fluids, the annulus shall be filled with mud before the mud level drops 100 feet from surface. A Kelley-cock shall be installed below the swivel. Wells being drilled to a depth less than 4,000 feet may use annular type blowout preventers.

(k) **Drill stem testing.** Drill stem testing shall only be allowed during daylight hours. Fluid removed from the well during testing must be flowed or pumped into steel pits or tanks and promptly removed from the location at the conclusion of testing. The formation fluids in the hole shall be reversed-out prior to the removing of the drill stem test tool from the hole.

(l) **Prevention of leakage and pollution.** Equipment, pipe, pumps, tanks, and other appurtenances used in conducting operations shall be maintained at all times to prevent leakage and the escape of saltwater, oil and other deleterious substances. All oil, water and deleterious substances from wet strings of tubing shall be drained into steel tanks. All cellars with oil and oil sumps shall be promptly pumped out.

(m) **Exceptions to this section.** When good cause is shown, and when it is not reasonably likely to result in any pollution to either reservoir, an administrative exception to a requirement of this section may be granted by the Oklahoma Corporation Commission. Notice of an application for an exception to this section shall be sent at least 15 days in advance to: (1) the manager of the District 4 Office of the Oil and Gas Conservation Division of the Oklahoma Corporation Commission; (2) the General Manager of the Oklahoma City Water Utilities Trust, 420 W. Main, Suite 500, Oklahoma City, Oklahoma 73102; and (3) the General Manager of the McGee Creek Authority, 420 W. Main, Suite 500, Oklahoma City, Oklahoma 73102. A 15-day period from the date of the written notice should be

# Permanent Final Adoptions

established for any party to file an objection to such an administrative application. If an objection is filed, a full hearing shall be held on the merits.

(n) **Other.** In reviewing an application for a permit-to-drill (form 1000), the Technical Services Department of the Oklahoma Corporation Commission will determine whether or not the well lies within any of the areas designated in OAC 165:10-29-1(c), OAC 165:10-29-1(d)(1) and OAC 165:10-29-1(g)(1).

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S. §§ 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF OCTOBER 1, 2022:**

### **SUBCHAPTER 1. GENERAL PROVISIONS**

#### **165:14-1-1. Purpose, title, and authority**

**(a) The purpose of this Chapter is to establish rules to implement and enforce requirements pertaining to electric vehicle charging stations, pursuant to Section 6509 of the Driving on Road Infrastructure with Vehicles of Electricity (DRIVE) Act of 2021 (hereinafter referred to as the "DRIVE Act"), 68 O.S. §§ 6501 et seq.**

**(b) The Oklahoma Corporation Commission has authority to promulgate and enforce these rules pursuant to 68 O.S. § 6509.**

**165:14-1-2. [RESERVED]**

**165:14-1-3. Application of rules**

- (a) This Chapter shall be read in context with any applicable:
  - (1) Federal law and/or regulation;
  - (2) State law and/or regulation; and,
  - (3) Commission order and/or rule.
- (b) This Chapter shall be applicable to all public charging stations operating in the State of Oklahoma.
- (c) This Chapter is not applicable to charging stations:
  - (1) That are not available for use by the public (e.g., at a personal residence, including multifamily dwellings, workplaces, or other non-public locations).
  - (2) That dispense electrical energy at no cost to the consumer.
  - (3) Used solely for dispensing electrical energy in connection with operations in which the amount dispensed does not affect customer charges or compensation (e.g., a store provides a free charging station on its property, a paid parking lot provides a charging station for which there is no charge based on the amount of energy delivered, a car manufacturer provides free charging services for its owners, or an organization charges a monthly fee for unlimited use of its network of charging stations).
  - (4) With a charging capacity of less than fifty (50) kilowatts.

**165:14-1-4. [RESERVED]**

**165:14-1-5. Definitions**

In addition to the terms defined in 68 O.S. § 6502, the following words or terms, when used in this Chapter, shall have the following meaning, unless the context clearly indicates otherwise.

**"Commission"** or **"OCC"** means the Oklahoma Corporation Commission.

**"Consumer"** or **"Customer"** means any person charging an electric vehicle at a public charging station.

**"CSD"** means the Oklahoma Corporation Commission's Consumer Services Division.

**"EVSE port"** or **"electric vehicle supply equipment port"** means the part of charging station equipment that has the power to charge only one electric vehicle at a time even though it may have multiple connectors/plugs.

**"Install," "installing" or "installation"** means the major activities and actions required to connect, in accordance with applicable building and electrical codes, the conductors, connectors and all associated fittings, devices, power outlets or apparatuses mounted at the premises that are directly involved in delivering energy from the premises' electrical wiring to the public charging station.

**"Maintain," "maintaining" or "maintenance"** means the major activities and actions required to keep in an appropriate, safe condition and operation the conductors, connectors and all associated fittings, devices, power outlets or apparatuses mounted at the premises that are directly involved in delivering energy from the premises' electrical wiring to the public charging station.

**"NIST"** means the National Institute of Standards and Technology.

**"Person"** means an individual, partnership, corporation, association, trust, and every other type of legal entity, including an officer or employee of the Commission.

**"PUD"** means the Public Utility Division of the Oklahoma Corporation Commission.

**"Repair" or "repairing"** means the major activities and actions required to restore to a safe, sound condition and operation the conductors, connectors and all associated fittings, devices, power outlets or apparatuses mounted at the premises that are directly involved in delivering energy from the premises' electrical wiring to the public charging station.

**165:14-1-6. [RESERVED]**

**165:14-1-7. Interpretation of rules**

The words contained in this Chapter shall be given their ordinary and customary meanings, with technical terms and words being construed as generally understood within the electric and electric vehicle industries, except where otherwise expressly provided.

**165:14-1-8. [RESERVED]**

**165:14-1-9. Relief from rules**

Whenever compliance with any requirement of this Chapter would result in unreasonable hardship upon or excessive expense to a party or parties subject to the rules of this Chapter, the Commission may, upon application and for good cause shown, issue an order waiving or modifying the requirements of this Chapter. The Commission may grant temporary relief pending hearing.

**165:14-1-10. [RESERVED]**

**165:14-1-11. Resale of electricity and amount charged to consumer**

(a) The Commission does not consider the charging of electric vehicles at a public charging station owned or operated by a person not otherwise considered to be a rate regulated public utility to be the resale of electricity subject to the rate setting authority of the Commission.

(b) A rate regulated public utility shall not, through its filed tariff, prohibit electric vehicle charging or restrict the method of sale of electric vehicle charging at a public charging station.

**165:14-1-12. [RESERVED]**

**165:14-1-13. Public charging station is not a public utility**

A public charging station is not a public utility under 17 O.S. §§ 151 et seq.; however, public charging stations that are

# Permanent Final Adoptions

owned by a public utility shall comply with the requirements of this Chapter.

## **SUBCHAPTER 3. RECORDS AND REPORTING**

### **165:14-3-1. Record keeping**

(a) Each charging station operator operating a public charging station shall:

(1) Maintain third-party testing and inspection reports for three (3) years. Each testing and inspection report shall contain:

- (A) Sufficient information to identify the meter;
- (B) The date of the test;
- (C) Reading of the meter;
- (D) Results of the test; and
- (E) The reason for conducting the test.

(2) Retain documentation regarding the installation of a charging station for three (3) years.

(3) Retain calibration records for the life of the meter. These records shall include the date when the meter was last calibrated and adjusted.

(b) All records shall be kept and sorted by location.

(c) All records included in this Section shall be provided to or made available for inspection by the PUD upon reasonable request.

### **165:14-3-2. [RESERVED]**

### **165:14-3-3. Registration and contact information**

(a) On or before January 1, 2023, or within thirty (30) days of opening a new public charging station, each charging station operator operating a public charging station shall provide the following information to PUD for each public charging station:

(1) The station name, complete physical address, type of facility where the station is located, and if necessary, directions from the nearest intersection;

(2) Global positioning system ("GPS") coordinates;

(3) Date the station opened;

(4) Access days and times;

(5) The number of each type of EVSE port located at the charging station (e.g. Level 1, Level 2, DC fast charger);

(6) Electric vehicle connector types usable;

(7) Electric vehicle charging network, if applicable; and

(8) How the customer is charged.

(b) Each charging station operator shall include the name(s), mailing address(es), electronic mail address(es) and telephone number(s) of the individual(s) primarily responsible for:

(1) Providing customer service;

(2) Repair and maintenance;

(3) Answering complaints;

(4) Authorizing and/or furnishing refunds to customers;

(5) Regulatory matters;

(6) Serving as primary emergency contact;

(7) Serving as contact for after-hours emergency(ies);

(8) Providing legal representation for regulatory matters;

(9) Reporting requirements;

(10) Serving as community liaison; and

(11) Engineering operations, meter tests, and repairs.

(c) If the information listed in (a) or (b) is unavailable, the charging station operator may seek a waiver from the PUD Director by making the request in writing.

(d) Any changes to the information in (a) or (b) shall be provided to PUD within thirty (30) calendar days of the change.

(e) The contact person under (b) may be the same for one or more of the listed items and shall be furnished applicable to each specific public charging station, if different, so that the PUD will be able to reach the responsible person at any time.

(f) Each charging station operator operating a public charging station shall promptly furnish such other information as the PUD may request.

### **165:14-3-4. [RESERVED]**

### **165:14-3-5. Annual reporting requirements**

(a) On or before March 1 of each year, each charging station operator operating a public charging station shall electronically submit information required by the PUD, which includes but is not limited to the following:

(1) Certification that the information provided under OAC 165:14-3-3(a) and (b) is accurate.

(2) The number of EVSE ports located at each public charging station, sorted by physical address.

(3) The name, telephone number, and electronic mail address of at least one person designated by the charging station operator to address questions pertaining to the report.

(4) A certification stating that all testing has been completed pursuant to the requirements in this Chapter.

(b) One report may be submitted for multiple public charging stations if the information, other than the physical address and the number of EVSE ports, is the same.

(c) No confidential information should be included in the report.

### **165:14-3-6. [RESERVED]**

### **165:14-3-7. Reporting of openings and closings**

(a) The charging station operator operating a public charging station shall inform the Commission in writing within thirty (30) calendar days of opening and/or permanently closing a public charging station.

(b) The Commission shall be notified in writing if a public charging station is closed due to maintenance and/or repairs for greater than fifteen (15) business days.

**SUBCHAPTER 5. EQUIPMENT STANDARDS,  
TESTING, CALIBRATION, AND INSPECTION  
REPORTS**

**165:14-5-1. Inspections and tests**

The Commission, or its authorized representative, shall be permitted to inspect and test the facilities located at any public charging station. Inspections and tests must be performed in compliance with all applicable state and federal regulations.

**165:14-5-2. [RESERVED]**

**165:14-5-3. Charging station equipment and applicable standards**

- (a) Public charging stations must be maintained in all respects, including the functioning of the equipment.
- (b) The charging station must be legibly and permanently marked to show the name, phone number, and electronic mail address of the person to contact for emergencies, malfunctioning equipment, customer service, and for other concerns.
- (c) No meter shall be installed which is known to be defective, or to have incorrect constants or which has not been tested and adjusted, if necessary, in accordance with the manufacturer's requirements or industry standards.
- (d) All electrical equipment must meet the requirements of the most recent version of the National Fire Protection Association's NFPA 70, the National Electrical Code, and any updates thereto as it applies to wet, damp and hazardous conditions. All electrical wiring and equipment must be suitable for the locations in which it is installed; and, required emergency switches must be installed and appropriately placed.
- (e) Public charging station facilities must be resistant to damage from the impact of a motor vehicle or be protected by suitable collision barriers.
- (f) All required markings, instructions, graduations, indications, or recorded representations and their defining figures, words, and symbols must be easily readable and of such character that they will not easily become illegible.
- (g) The Commission encourages all public charging stations to follow the standards in Section 3.40 of the NIST Handbook 44, and its future amendments, unless there exists a conflict with the statute or a provision of this Chapter.
- (h) The Commission adopts, and all public charging stations are required to follow the Uniform Regulation for the Method of Sale of Commodities, as it pertains to retail sales of electricity sold as vehicle fuel in NIST Handbook 130, and its future amendments, unless there exists a conflict with the statute or a provision of this Chapter.
- (i) The requirements of this Section will be enforced as follows:
  - (1) Beginning on January 31, 2024, for all public charging stations that began operations on or after January 31, 2024.
  - (2) Beginning on November 1, 2041, for all public charging stations that began operations prior to November 1, 2021.

- (3) Beginning on January 31, 2028, for all public charging stations that began operations on or after November 1, 2021, and prior to January 31, 2024.

**165:14-5-4. [RESERVED]**

**165:14-5-5. Equipment testing**

- (a) Each charging station operator operating a public charging station shall provide and install at its own expense and shall continue to own, maintain, and operate proper and sufficient equipment for the accurate measurement of electricity delivered by each public charging station.
- (b) Each charging station operator operating a public charging station shall follow test procedures necessary for testing its meters in compliance with the manufacturer's requirements or industry standards. The equipment facilities and procedures shall be available for inspection by the Commission or its authorized representative. A charging station operator operating a public charging station may contract for testing of its meters by a third party.
- (c) To ensure accuracy, meters shall be tested in accordance with a testing schedule established by the charging station operator, but in no instance shall it be greater than three (3) years between tests. Initial certifications from the manufacturer may count toward the three (3) year certification requirement. Charging stations that began operations prior to January 1, 2023, must complete testing no later than January 1, 2026.
- (d) If charging station equipment is determined by the charging station operator or the PUD to be nonfunctional or having incorrect or inaccurate meter measurements, the equipment shall be taken out-of-service immediately, unless waived in writing by the PUD Director for good cause shown. Once repairs are completed, the equipment shall be tested to confirm metered measurements and readings are within the original manufacturer's calibrations and/or specifications. Repaired equipment may be put back into service after the test results have been reported to the PUD.

**SUBCHAPTER 7. CONSUMER COMPLAINTS**

**165:14-7-1. Consumer services informal review**

- (a) Whenever there is a dispute between the charging station operator operating a public charging station and the consumer as to the accuracy of the charging station meter, the matter may be brought by either party to the Commission's CSD. A consumer may be represented by a third party, if the consumer is available for verification.
- (b) CSD will review the matter and issue an informal review decision in writing. If the dispute can be resolved by telephone with the party seeking review, the review decision need not be in writing unless requested by either party.
- (c) During CSD's informal review, CSD may direct the charging station operator to test the accuracy of the equipment. The test shall be performed within a reasonable time and may be performed by a third party.

# Permanent Final Adoptions

(1) Prior to conducting the test, the charging station operator shall provide the cost to conduct the test and provide the consumer notice that if the meter is found to test within the accuracy prescribed by the manufacturer of the equipment, the consumer will be required to pay the cost of the test. The consumer may withdraw the written request at any time prior to the test being conducted.

(2) If requested in writing by the consumer, the charging station operator shall conduct the test in the presence of the consumer, the consumer's representative, and/or an expert.

(3) The charging station operator shall prepare a written report stating the name of the consumer requesting the test, the date of the request, the location of meter, the type, make, size, and serial number of the meter, the date tested, and the result of the test. This report shall be provided to the consumer and CSD within ten (10) business days after the completion of the test.

(4) If the meter is found to test outside of the limits of accuracy prescribed by the manufacturer of the equipment or industry standards, the charging station operator shall refund any overcharge to the consumer.

(d) If the CSD is unable to resolve the dispute to the mutual satisfaction of the consumer or charging station operator, either may file a Consumer Services Complaint with the Commission.

**165:14-7-2. [RESERVED]**

**165:14-7-3. Records of service complaints; investigations**

Each charging station operator operating a public charging station shall make a full and prompt investigation of every formal complaint made to it by its consumers, either directly, or through the Commission after the consumer or other interested party has contacted the charging station operator. Each charging station operator operating a public charging station shall keep a record of all formal complaints received, which record shall show the name and address of the complainant, the date, the nature of the complaint, and the adjustment, or disposal made thereof, which record shall be retained for examination by the Commission. For purposes of this Section, a formal complaint is a written communication by a consumer or other interested party to the charging station operator operating a public charging station that prompts an investigation by the charging station operator. All records of formal complaints shall be retained for a period of at least two (2) years from the date of final disposition.

## **SUBCHAPTER 9. COSTS AND FINES**

**165:14-9-1. Determining assessment of costs**

(a) If a Commission proceeding is filed to enforce testing, calibration, and inspection report requirements, costs of the proceeding may be assessed upon the filing of a motion.

(b) Pursuant to Subsection (a), the Commission will determine the estimated costs of the case. These costs will be the basis of the amount assessed to the charging station operator subject to this Chapter.

(c) After notice and hearing, the Commission shall issue an order which shall include the following:

(1) Whether or not the charging station operator will be assessed a cost;

(2) The amount to be assessed; and

(3) The date that the payment(s) shall be made.

**165:14-9-2. [RESERVED]**

**165:14-9-3. Fines**

(a) If a charging station operator operating a public charging station fails to meet the requirements of this Chapter or any provision of the DRIVE Act within the Commission's jurisdiction, the Commission shall, following notice and a hearing, assess a fine not to exceed Five Hundred Dollars (\$500.00) per day, per violation. Each day on which a violation occurs will be deemed a separate and distinct offense.

(b) All costs, fees, fines, or assessments collected shall be deposited into the Commission Revolving Fund.

**SUBCHAPTER 13. LABELING OF TANKS AND PRODUCT LINES**

**165:15-13-1. General identification and color coding requirements**

(a) All storage tanks subject to the rules of this Chapter must be marked with a tag, lettering, or other permanent marking on the fill neck and color coded on the ~~overfill sumptank fill~~ lids to identify the type, grade, or quality of regulated substance they contain in accordance with American Petroleum Institute (API) Recommended Practice 1637 color symbol system.

(b) ~~East of 99 degrees west longitude, color coded markings must be:~~

- (1) ~~Unleaded motor fuel, 91 octane or above: red.~~
- (2) ~~Unleaded motor fuel, 89 or 90 octane: blue.~~
- (3) ~~Unleaded motor fuel, 86 through 88 octane: white.~~
- (4) ~~Diesel motor fuel: yellow.~~
- (5) ~~Kerosene: brown.~~
- (6) ~~Dyed diesel: half yellow, half red.~~
- (7) ~~Unleaded 87 octane E10: white with black "X" and a black border around lid.~~
- (8) ~~Premium unleaded 91 octane E10: red with black "X" and a black border around lid.~~

(9) ~~E15: E15 tanks must be designated "E15" in black with a black border around lid, and the colors referenced above for unleaded motor fuel, 86 through 91 octane, should be used for the lid.~~

(10) ~~Biodiesel: bronze with yellow and black border around lid.~~

(11) ~~E85: orange with black "X" and a black border around lid.~~

(c) ~~West of 99 degrees west longitude, color coded markings must be:~~

(1) ~~Unleaded motor fuel, 90 octane or above: red.~~

(2) ~~Unleaded motor fuel, 88 or 89 octane: blue.~~

(3) ~~Unleaded motor fuel, 86 or 87 octane: white.~~

(4) ~~Diesel motor fuel: yellow.~~

(5) ~~Kerosene: brown.~~

(6) ~~Dyed diesel: half yellow, half red.~~

(7) ~~Unleaded 87 octane E10: white with black "X" and a black border around lid.~~

(8) ~~Premium unleaded 91 octane E10: red with black "X" and a black border around lid.~~

(9) ~~E15: E15 tanks must be designated "E15" in black with a black border around lid, and the colors referenced above for unleaded motor fuel, 86 through 91 octane, should be used for the lid.~~

(10) ~~Biodiesel: bronze with yellow and black border around lid.~~

(11) ~~E85: orange with black "X" and a black border around lid.~~

(d) ~~Vapor recovery connections and manholes shall be marked with orange circles.~~

(e) ~~Observation and monitoring wells shall be marked with a black triangle on a white background.~~

(f) ~~At all facilities with more than one tank, the color coding applied to the fill cap or manhole cover shall extend beyond the edge of the cap or cover onto adjacent concrete or pavement.~~

(g) ~~The tag labeling and color coding must be waterproofed and fuel proofed material so that the type, grade, or quality of the motor fuel is readily visible to persons adding to or taking a sample from the line or storage tank.~~

## Availability:

8:00 a.m. to 4:30 p.m., Monday through Friday at Jim Thorpe Office Building, Oklahoma Corporation Commission, Petroleum Storage Tank Division, 2101 North Lincoln Boulevard, Oklahoma City, OK 73105, (405) 521-4683.

## GIST/ANALYSIS:

The adopted rules add the Environmental Protection Agency ("EPA") definition of repair from Title 40 Code of Federal Regulations ("C.F.R.") § 280, establish online scheduling for tank and line tightness testing, update adopted standards to the current edition, add a new standard for sump maintenance and repair recently approved by the EPA, clarify slope requirements for underground suction and pressurized piping, allow shorter installation testing times if certified by third parties, clarify the Petroleum Storage Tank Division's ("PSTD") interpretation of a repair to a fuel island to be consistent with language found in 40 C.F.R. § 280, and clarify when installation of an under dispenser containment ("UDC") sump is required. Additionally, the adopted proposed rules clarify backfill requirements and allow excavation to remain open longer when replacing tanks in certain situations, allow third party certified methods for shorter testing times for monitoring of piping, clarify that the PSTD may not conduct the actual testing or monitoring to ensure compliance during inspections, remove language already found in statute, remove unnecessary language found in 17 O.S. § 311(A), and clarify terminology related to a violation of PSTD rules.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S. §§ 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF OCTOBER 1, 2022:**

## SUBCHAPTER 1. GENERAL PROVISIONS

### PART 3. DEFINITIONS

#### 165:25-1-11. Definitions

In addition to the terms defined in 17 O.S. §§ 303 and 348, the following words or terms, when used in this Chapter, shall

have the following meaning unless the context clearly indicates otherwise:

**"Agent"** means a person authorized by another to act on their behalf, either out of employment or contract.

**"Airport"** means landing facility for aircraft that are routinely available for public use (whether routinely used or not). Airports as used in this Chapter do not include private airstrips or private airports.

**"Airport hydrant system"** means an underground storage tank system which fuels aircraft and operates under high pressure with large diameter piping that typically terminates into one (1) or more hydrants (fill stands). The airport hydrant system begins where fuel enters one (1) or more tanks from an external source, such as a pipeline, barge, rail car, or other motor fuel carrier.

**"ATG"** means automatic tank gauge.

**"Ball float functionality"** means the ball float is operational as designed.

**"BTEX"** means benzene, toluene, ethylbenzene and xylene.

**"Bulk plant"** means a petroleum storage tank facility where regulated substances are received by tank vessels, pipelines, tank cars or tank vehicles and are stored or blended in mass quantities or bulk for the purpose of distribution by a tank vessel, tank car, tank vehicle, portable tank or other container, for wholesale or retail sale.

**"Cathodic protection"** means a technique designed to prevent the corrosion of a metal surface by making that surface the cathode of an electrochemical cell. For example, protection can be accomplished with an impressed current system or a galvanic anode system.

**"Change in service"** means a change in the status of a storage tank (i.e., from currently in use to temporarily out of use); or change of regulated substance that a storage tank contains.

**"Commission"** or **"OCC"** means the Oklahoma Corporation Commission.

**"Compatible"** means the ability of two (2) or more substances to maintain their respective physical properties upon contact with one another for the design life of the petroleum storage tank system under conditions likely to be encountered in the system.

**"Corrosion expert"** means an individual having the requisite knowledge, experience, certification, and training to design, install, test, and maintain corrosion protection systems.

**"EPA"** means the United States Environmental Protection Agency.

**"Electronic signature"** means an electronic signature as defined in OAC 165:5-1-3.

**"Farm tank"** is a tank located on a tract of land devoted to the production of crops or raising animals, including fish, and associated residences and improvements. A farm tank must be located on the farm property. "Farm" includes but is not limited to fish hatcheries, rangeland, and nurseries with growing operations.

**"Field constructed tank"** means a tank constructed in the field such as a tank constructed of concrete that is poured in

the field, or a steel or fiberglass tank primarily fabricated in the field.

**"Financial responsibility"** shall have the same meaning in this Chapter as in 40 CFR 280 Subpart H.

**"Financial security"** means holding financial security in a tank system or facility site and is not considered ownership of a tank system unless certain criteria of 40 CFR 280 Subpart H is met.

**"Fleet and Commercial"** means any facility as defined in this Chapter that uses underground storage tanks to store regulated substances for use in its own vehicles or equipment.

**"Flow-through process tank"** means a tank that forms an integral part of a production process through which there is a steady, variable, recurring or intermittent flow of material during the operation of the process. Flow-through process tanks do not include tanks used for the storage of materials prior to their introduction to the process or for the storage of finished products or by-products from the production process.

**"Formal Enforcement Action"** means the process of ensuring compliance with Commission regulations, rules, orders, requirements, standards, and/or state law when a violation occurs and PSTD initiates an enforcement Complaint under the contempt procedure in Oklahoma Administrative Code (OAC) 165:5 Subchapter 19 to be heard at the Commission by an Administrative Law Judge or the Commissioners.

**"Gathering lines"** means a gathering line or gathering system as defined in OAC 165:45-1-2.

**"Important building"** means a building that is considered not expendable in an exposure fire.

**"Inert material"** means a solid, motionless substance that is neither chemically nor biologically reactive, is denser than water, and will not decompose. Examples of inert material include sand and concrete, or as otherwise approved by PSTD staff.

**"Lender liability"** shall have the same meaning in this Chapter as in 40 CFR 280 Subpart I.

**"Licensed Environmental Consultant"** means an individual who has a current license issued by PSTD to perform corrective action.

**"Maintenance"** means the normal operational upkeep necessary to prevent a petroleum storage tank system from releasing product.

**"Marina"** means any fuel storage tank system located on or by the water for the purpose of fueling watercraft.

**"Observation well"** means a cased and screened boring or drilled hole, installed within the tank excavation or piping trench that can be used for the continuous or periodic evaluation of groundwater quality or the detection of soil vapors as a method of release detection.

**"Operational life"** means the period beginning from the time installation of the tank or system is commenced until it is properly closed or removed as provided for in this Chapter.

**"Operator"** means any person in control of or having responsibility for the daily operation of the storage tank system, whether by lease, contract, or other form of agreement. The term "operator" also includes a past operator at the time of a release, tank closure, violation of the Oklahoma Petroleum Storage Tank Consolidation Act, or a rule promulgated

## Permanent Final Adoptions

---

thereunder, or a requirement of the Commission. In the case of a storage tank system in service/use before November 8, 1984, but no longer in service/use on that date, the last person to operate the storage tank system immediately before the discontinuation of ~~its~~ its service/use.

**"Out of Order tag"** means tag, device or mechanism on the tank fill pipe that clearly identifies an underground storage tank as ineligible for delivery of product.

**"Owner"** means any person as set forth in 17 O.S. § 303(27), including the real property owner where the storage tank system is still present, the storage tank system presence is a trade fixture or improvement or both. It is not necessary that the real property owner sold, used, or stored regulated substances in, of, or from the storage tank system. However, a real property owner who has a storage tank system located on their property that was taken out of service/use prior to November 8, 1984, is not considered to be a storage tank owner for any PSTD regulated purpose.

**"OWRB"** means the Oklahoma Water Resources Board.

**"Permanent out of use"** or **"POU"** means a petroleum storage tank system that is not in service/use, does not contain regulated substances, and is not intended to be placed back in service/use.

**"Private airport"** means an airport used only by its owner and regulated as a fleet and commercial facility.

**"Private airstrip"** means a personal residential takeoff and landing facility part of the airstrip owner's residential property.

**"PSTD"** means Petroleum Storage Tank Division.

**"Recalcitrant owner"** means an owner/operator who is responsible for a tank system and after notice will not adhere to a PSTD enabling statute, Commission rule, requirement, or order.

**"Regulated substance"** means antifreeze, motor oil, motor fuel, gasoline, kerosene, diesel or aviation fuel as set forth in 17 O.S. § 305. It does not include compressed natural gas, liquid natural gas or propane.

**"Release detection"** means the methodology used in determining whether a release of regulated substances has occurred from a petroleum storage tank or system into the environment or into the interstitial area between the underground storage tank system and its secondary barrier.

**"Repair"** means to restore to proper operating condition a tank, pipe, spill prevention equipment, overfill prevention equipment, corrosion protection equipment, release detection equipment or other UST system component that has caused a release of product from the UST system or has failed to function properly.

**"Residential tank"** is a tank located on real property used primarily for dwelling purposes.

**"Retail facility"** means a service station, convenience store or any other facility selling a PSTD regulated substance that is open to the general public.

**"Secondary containment"** means an underground storage tank and/or piping with inner and outer barriers which provide a space for interstitial (the space between the inner and outer walls of a double walled tank or piping) monitoring.

**"Tampering"** means willful intention in an attempt to deceive, cheat or misrepresent facts to the public. Tampering also presents a risk to the environment as well as public health, safety and welfare.

**"Tank tightness testing"** or **"precision testing"** means a procedure for testing an underground storage tank system's integrity.

**"Temporary out of use"** or **"TOU"** means the status of an underground storage tank system that has been taken out of service/use with the intent to permanently close or return to service.

**"TPH"** means total petroleum hydrocarbons.

**"Underground storage tank"** or **"UST"** "storage tank" as defined in 17 O.S. § 303(40) that has ten percent (10%) or more of its volume beneath the surface of the ground.

**"Underground storage tank system"** means a closed-plumbed system including, but not limited to the underground storage tank(s), the individual storage tank compartments, the lines, dispenser for a given product, containment sump, if any, and ancillary equipment or a delivery truck that is connected to the storage tank system.

**"Used Motor Oil"** is any spent motor oil removed from a motor vehicle.

## PART 9. NOTIFICATION AND REPORTING REQUIREMENTS

### 165:25-1-48. Tank and line tightness testing

- (a) Tank and line tightness testing results in which any part of the tank system tested does not pass must be reported to the PSTD within twenty-four (24) hours by the owner, operator, their employees or agents, and also independently by the person or company performing the test. Complete test results must be submitted within 7 days of testing.
- (b) Tank tests must include both the wetted portion and ullage portion of the tank.
- (c) Hydrostatic line tightness tests and line leak detector tests must be conducted by a certified tester, if applicable, in accordance with manufacturer's instructions, and reported on the prescribed PSTD form.
- (d) The tester performing line and leak detector tests must also certify that the line leak detector is installed properly.
- (e) All personnel performing tank and line testing must have the required education, experience, knowledge and competence to correctly perform testing services in accordance with the testing equipment, manufacturer certification and applicable industry standards or codes.
- (f) Tank and line tightness testing must be scheduled by submitting the PSTD scheduling form in the established online format and PSTD staff may be present.

### PART 1. CODES AND STANDARDS

**165:25-2-2. Incorporated codes and standards**

Specific references to documents are made in this Chapter. Each of these documents or part thereof is included by reference as a standard. New editions of codes and standards supersede all previous editions. Commission rules will supersede in all conflicts between PSTD rules and any industry standard. These codes and standards will be updated periodically through a formal rulemaking procedure initiated by PSTD to reflect any substantive or relevant changes.

### PART 3. DESIGN AND INSTALLATION

#### 165:25-2-36. Tank system installation

(a) **Backfill material.** Backfill material used below, around, and/or above a new underground storage tank system installation must be clean, unused, non-corrosive porous material such as sand, crushed rock or pea gravel specified by the tank manufacturer. The Licensed UST Installer must be present and continuously supervise backfilling operations to ensure that proper procedures are followed.

(b) **UST installation.**

(1) Owners/operators of all underground storage tank systems must notify PSTD at least forty-eight (48) hours prior to the installation of underground storage tanks and/or lines by submitting the PSTD scheduling form and receiving confirmation of the installation and the Temporary Authorization for Receipt of Fuel from PSTD. Following the required forty-eight (48) hour notification of new UST installations, an on-site inspection may be required at critical junctures. The PSTD Fuel Specialist monitoring the installation must be contacted prior to initiating the following so it may be observed or inspected:

(A) The air/soap test of tanks.

(B) The tank pit prior to the placement of tank(s).

(C) The backfilling of the lower quadrant of tank(s).

(D) The air/soap test, layout of piping, and hydrostatic testing of sumps prior to backfilling.

(E) The tightness test of tanks and piping, and leak detector tests prior to startup.

(F) Backfilling of all piping.

(2) Precautions must be taken to prevent damage to the tank or piping coating during installation. Any damage to the coating must be repaired in accordance with the manufacturer's instructions prior to the completion of the installation.

(3) Piping must be arranged to minimize crossed lines and interference with conduits and other tank system components. If crossing is unavoidable, factory specifications must be provided to prevent contact between piping segments.

(4) Underground suction piping must have a minimum slope of one-eighth inch (1/8") per foot toward the tank and must be buried below ground a minimum of eighteen inches (18"). All underground pressurized piping must slope towards the tank. When this presents an issue with containment depth, pressurized piping may change in direction between under dispenser containments (UDCs). Product piping from the first dispenser must be sloped back to the tank and when needed, a transition containment sump may be installed between the first dispenser and the tank. All piping must be sloped to a minimum

of one-eighth inch (1/8") per foot and maintain a burial depth of eighteen inches (18").

(5) If a tank is installed in an area subject to a high water table or flooding, anchoring must be used to prevent tank flotation. Anchoring straps and associated equipment must be installed in a manner that will prevent damage to the tank and/or its coating.

(6) The tank pit must contain a smooth, evenly graded bed of manufacturer approved material extending the full length of the tank bottom.

(7) The Licensed UST Installer must follow PEI RP-100 recommended practice for ballasting to prevent tank flotation during installation.

(8) Licensed UST Installers must be certified by the tank and line manufacturer, if applicable, and must be on site during all installation activities, including preparation for and placement of concrete over any part of the tank system.

(9) Photos of installation and other required documentation must be submitted with the PSTD registration form within thirty (30) days and tank fees must be paid before a permit will be issued.

**165:25-2-40. Installation testing**

(a) All tanks must be tested with air pressure prior to installation, and/or tested according to manufacturer's specifications. Pressure must not exceed 5 pounds per square inch (psi). The entire tank must be soaped during this period and inspected for bubbling.

(b) All suction piping must be tested while disconnected from the tank, pumps, and dispensing units. The piping must be subjected to an air test with the following specifications:

(1) The piping must be subjected to an air test of at least 50 psi for a period of one hour.

(2) All piping joints must be soaped while the system is under pressure, in order to detect any possible leaks.

(3) As an alternative to the preceding methods in (1) and (2) above, the piping may be subjected to a vacuum test while connected to tanks, pumps and dispensing units.

(c) Pressurized piping must be tested while connected to tanks and pumps. The piping must be subjected to an air test of at least 50 psi.

(1) Air test secondary piping for a period of one hour, using the test pressure prescribed by the piping manufacturer.

(2) Apply soap solution to all joints and piping surfaces and inspect for leaks.

(d) All piping should be air tested and monitored continuously during the installation.

(e) Tightness (also called precision) testing of the entire system must be performed after all paving over the tanks and piping has been completed and before the system is placed in operation:

(1) A precision tightness test must be performed by a certified tester, and in accordance with manufacturer's instructions; or

(2) The following alternative to a precision tightness test will be accepted, but only if conducted before the system is put into service:

(A) A certified ATG capable of detecting a leak of 0.10 gallons per hour must be used to test the filled portion of the tank and

(B) A precision tightness test of the ullage portion of the tank must be completed.

(3) Testing of both interstice and primary tank of a double wall tank as specified by tank manufacturer must be performed.

(4) Primary tank openings, manways and risers must be tested during the installation of all double wall tanks.

(5) The product line(s) must be hydrostatically tested by a NWGLDE approved testing device capable of detecting a leak of 0.10 gallons per hour with a test pressure of 50 psi or 1 1/2 times the operating pressure, whichever is greater. ~~The lines must be tested for a minimum of one hour at one and one-half times the operating pressure and tested in accordance with the testing devices third party certification.~~

(6) Mechanical and electronic leak detector(s) must be tested for function by simulating a leak and operate in accordance with manufacturer's specifications.

(7) If an ATG system with electronic line leak detector(s) is installed, it must complete a leak detector test in each of the modes in which it is certified as capable of detecting a leak (e.g. 3 gph, 0.2 gph and 0.1 gph).

(8) Containment sumps must be tested after all piping and conduit has been installed along with spill prevention equipment (spill buckets) by using vacuum, pressure, or liquid testing in accordance with one of the following criteria:

(A) Requirements developed by the manufacturer (owners and operators may use this option only if the manufacturer has developed requirements);

(B) Code of practice developed by a nationally recognized association or independent testing laboratory, e.g., PEI RP 1200.

**PART 6. PIPING**

**165:25-2-55.1. Underground storage tank piping materials**

(a) All new or replacement underground pressurized piping must be installed as follows:

(1) Nonmetallic;

(2) Double-walled;

(3) A tracer locator wire must be installed in all piping trenches; and

(4) Tank, dispenser, and transition sumps must be installed and monitored per 165:25-3-6.29.

(b) All new or replacement suction product piping must meet the requirements of 165:25-3-6.29 as follows:

(1) Nonmetallic;

(2) Double-walled;

## Permanent Final Adoptions

---

- (3) A tracer locator wire must be installed in all piping trenches; and
- (4) Tank, dispenser, and transition sumps must be installed and monitored per 165:25-3-6.29.
- (c) Existing facilities that are replacing the lesser of twenty feet (20') or fifty percent (50%) of underground piping must upgrade pursuant to (a) or (b) of this Section. If a metallic line fails due to structural failure or corrosion, all metallic product lines at the facility must be immediately removed, and cannot be repaired.
- (d) Existing facilities that are making any alteration to a fuel island when concrete removal is required must install dispenser sumps and monitor as pursuant 165:25-3-6.29. Repairs to the island that in no way change the island from its original design is not considered making alterations.
- (e) Existing facilities ~~that are replacing dispensers must install dispenser sumps and monitor as pursuant to 165:25-3-6.29 if modifications are made below the dispenser cabinet~~ that are installing new dispensers must install under dispenser containment (UDC) sumps and monitor as pursuant to 165:25-3-6.29. Dispensers will be considered new when both the dispenser and equipment needed to connect the dispenser to a UST system is installed. Check valves, shear valves, unburied risers or flexible connectors and other transitional components are considered equipment that connects a dispenser to a UST system.
- (f) Existing facilities that are replacing underground storage tanks or making repairs at a submersible pump that require excavation of dirt or concrete removal must install tank sumps and they must be monitored pursuant 165:25-3-6.29.
- (g) Existing facilities that are replacing underground storage tanks must replace all single walled piping per (a) or (b) of this section.
- (h) Piping installed as a siphon or to manifold tanks may be single wall non-metallic pipe.
- (i) Ball valves must be installed on new safe suction lines to isolate lines for testing purposes.

### PART 13. REMOVAL AND CLOSURE OF UNDERGROUND STORAGE TANK SYSTEMS

#### 165:25-2-131. Tank removal and closure

- (a) Owners/operators of all underground storage tank systems must notify PSTD at least fourteen (14) days prior to the removal or permanent closure of underground storage tanks and/or lines by submitting the PSTD scheduling form and receiving confirmation of the scheduled removal from PSTD. If events require a change in the date of removal, PSTD shall be given forty-eight (48) hours notice prior to the new date.
- (b) An authorized agent of PSTD may be present to observe the removal and to inspect the closed tank system and the surrounding environment prior to backfilling.
- (c) Tanks and lines must be removed upon closure unless a Commission order grants a variance that allows the tanks and/or lines to be closed in place. Tank systems that are removed from the ground must be transported from the site and whether sold to a scrap dealer or disposed of at an acceptable facility, sufficient holes should be made in the tanks to render

the tank(s) unfit for further use. A certificate of destruction must be submitted to PSTD with the UST Closure Report. When scheduling a removal, a site map of where samples are to be taken should be attached to the scheduling form. After closure activities are completed, the excavation must be backfilled no later than seven (7) days upon completion of tank removal. Backfill material shall be earth, gravel, rock, sand or combinations thereof, backfill shall predominate in the finer sizes and present no isolated voids, silt pockets or areas of large stones. Refer to OAC 165:29-3-65 when backfilling. Exceptions to backfilling within seven (7) days may be made when a new tank system is scheduled to be installed in the same tank pit.

(d) The Licensed UST Remover must be on the job site during all removal activities, beginning with break-out of concrete. This includes Licensed UST Remover presence during cutting and removing concrete over any part of the tank system.

(e) Photos must be taken of tank(s), line(s) and soil at removal. In the event there is a hole in tank(s) or line(s), further photographic evidence is required. If tank(s), line(s) or excavated soil show evidence of a release, photos of the apparent release must be taken that indicate the release source.

### SUBCHAPTER 3. RELEASE PREVENTION AND DETECTION REQUIREMENTS

#### PART 2. RELEASE DETECTION REQUIREMENTS AND METHODS

##### 165:25-3-6.29. Monitoring requirements for piping

Underground piping that routinely contains regulated substances must be monitored for releases in a manner that meets the following requirements:

(1) **Pressurized piping.**

(A) All underground piping that conveys regulated substances under pressure must be equipped with a mechanical or electronic line leak detector installed and operated in accordance with this Chapter.

(B) New installations and facilities replacing a piping system must have a sump sensor, float or similar mechanical device at each tank, transition, and dispenser sump. Sensors should be mounted near the bottom of the sump(s) and accessible for annual testing.

(C) New installations and facilities replacing a piping system must have double-walled piping. The interstitial area of the piping must be open inside the sumps to allow fuel to drain into the sumps in the event that a leak occurs.

(D) The underground pressure piping from the master dispenser to the satellite must be designed and installed so that the satellite piping is tested by the automatic line leak detector. An annual line tightness test is required on the satellite underground piping.

(2) **Suction piping.**

(A) Suction piping installed after July 1, 2008 must be double-walled piping. The interstitial area of the piping must be open inside the sumps to allow fuel to drain into the sumps in the event that a leak occurs.

(B) New installations and facilities replacing a piping system must have a sump sensor, float or similar mechanical device at each tank, transition, and dispenser sump. Sensors should be mounted near the bottom of the sump(s) and accessible for annual testing.

**(3) Methods of release detection for pressurized piping.** Each method of release detection for piping must be done in accordance with the following requirements.

(A) Mechanical line leak detectors and annual line tightness testing.

(i) An annual function test of the operation of the leak detector must be conducted by simulating a leak.

(ii) A hydrostatic line tightness test must be done annually by a certified tester ~~in accordance with this Chapter. The product line(s) must be hydrostatically tested by a NWGLDE approved testing device capable of detecting a leak of 0.10 gallons per hour at one and one-half times the operating pressure and tested in accordance with the testing devices third party certification.~~

(B) Sump sensors with automatic line leak detectors.

(i) Double walled piping with sump sensors, floats or similar mechanical devices at each sump may be used in lieu of annual line tightness testing except at marinas where a line tightness test is required by April 1<sup>st</sup> of each year.

(ii) The sump sensors, floats or other mechanical devices used must be tested annually. Sensors status and alarm history reports must be printed and retained or use an interstitial monitoring form every thirty (30) days for systems installed after July 1, 2008.

(iii) An annual function test of the operation of the leak detector must be conducted by simulating a leak.

(C) Electronic line leak detection. A certified electronic line leak detector may be used in lieu of a mechanical line leak detector and annual tightness test only if:

(i) The system is capable of detecting and tests for a leak of three (3) gallons per hour before or after each operation of the submersible turbine pump; and

(ii) The system is capable of detecting and tests for a leak of 0.2 or 0.1 gallons per hour at least once every thirty (30) days; and

(iii) The system is capable of detecting and tests for a leak of 0.1 gallons per hour annually, AND the system is function tested annually by simulating a leak, and if necessary, calibrated.

**(4) Methods of release detection for suction piping.**

(A) Safe Suction Piping. No release detection is required for suction piping installed on or prior to July 1, 2008 if it is designed and constructed to meet (i) through (iv) below:

(i) The below-grade piping operates at less than atmospheric pressure.

(ii) The below-grade piping is sloped so that the contents of the pipe will drain back into the storage tank if the suction is released.

(iii) One (1) check valve is included in each suction line.

(iv) The check valve is located directly below and as close as is practical to the suction pump.

(B) Tri-annual Line Tightness Testing. Underground piping that conveys regulated substances under suction must have a line tightness test conducted at least every three (3) years by a certified tester.

(C) Sump sensors.

(i) Double walled piping with sump sensors, floats or similar mechanical devices at each sump may be used in lieu of tri-annual line tightness testing except at marinas where a line tightness test is required by April 1<sup>st</sup> of each year.

(ii) The sump sensors, floats or other mechanical devices used must be tested annually according to manufacturer's requirements. Sensors status and alarm history reports must be printed and retained or use an interstitial monitoring form every thirty (30) days for systems installed after July 1, 2008.

**PART 3. RELEASE INVESTIGATION REQUIREMENTS**

**165:25-3-8. Release investigation and confirmation**

(a) This Section applies to the investigation of all reportable releases unless PSTD specifically waives any part of this Section in writing.

(b) Owners/operators must immediately investigate and confirm all suspected releases of regulated substances requiring reporting under this Chapter within seven (7) days of receipt of notice from PSTD using the following steps or another procedure approved by PSTD:

(1) **System test.** Owners/operators must conduct tightness tests and if applicable, secondary containment testing, that will determine whether a leak exists in the storage tank system or a breach of either wall of the secondary containment has occurred.

(A) Owners/operators must repair, replace or permanently close as defined in OAC 165:25-2-135, the underground storage tank system and begin investigation in accordance with (b)(2) of this Section if the test results for the system, tank, delivery piping or the interstice indicates that a release exists.

## Permanent Final Adoptions

(B) Further investigation is not required if the test results for the system, tank, delivery piping and interstice do not indicate that a release exists and chemical concentrations of regulated substances detected in soil or water are not the basis for a suspicion of a release.

(C) Owners/operators must conduct a site check as described in (b)(2) of this Section if the test results for the system, tank, delivery piping and interstice do not indicate that a release exists but indicate concentrations of regulated substances detected in soil or water are above action levels cited in (c).

(2) **Site check.** Owners/operators must measure for the presence of a release where released chemicals are most likely to be present at the underground storage tank system site. In selecting sample types, sample locations, sample depths, and measurement methods, owners and/or operators must consider the nature of the stored substance, the type of initial alarm or cause for suspicion, the type of native soil, the depth of groundwater, and other factors appropriate for identifying the presence and source of the release. Sample locations should be approximately five feet (5') from the outside of the UST system in native soil or another location approved by PSTD. Analyses for both BTEX constituents and the appropriate TPH must be obtained in all cases. Site check investigations must be conducted by an OCC licensed Environmental Consultant.

(A) If the test results for soil and/or groundwater taken outside the excavation zone or the underground storage tank system site confirm that a release has occurred, owners and/or operators must begin corrective action in accordance with Chapter 29 of Commission rules.

(B) If the test results for the native soil and/or groundwater or the underground storage tank system site do not indicate that a release has occurred, further investigation is not required.

(c) Laboratory analysis of levels of chemical constituent concentrations that may be required to confirm a case are:

(1) Benzene

(A) Native Soils - 0.5 mg/kg

(B) Groundwater - 0.005 mg/l

(2) Toluene

(A) Native Soils - 40.0 mg/kg

(B) Groundwater - 1.0 mg/l

(3) Ethyl Benzene

(A) Native Soils - 15.0 mg/kg

(B) Groundwater - 0.7 mg/l

(4) Xylene

(A) Native Soils - 200.0 mg/kg

(B) Groundwater - 10.0 mg/l

(5) TPH

(A) Native Soils - 50.0 mg/kg

(B) Groundwater - 2.0 mg/l

(C) If BTEX concentrations are below action levels, a TPH concentration of 500 ppm or mg/kg in soil shall may be required to confirm a case at the discretion of PSTD.

(d) Within twenty (20) days after the reporting of a release, the owner and/or operator must submit a report to PSTD summarizing the steps taken under (a) through (c) of this Section and any resulting information or data. If a release is confirmed through performance of the steps taken under this Section, then the report must be submitted in accordance with a format established by the PSTD, after which corrective action may be required under the provisions of Chapter 29 of Commission rules. Failure to submit reports in a format established by PSTD within the timeframe required may result in an enforcement action.

### SUBCHAPTER 18. INSPECTIONS, NOTICES OF VIOLATION, FIELD CITATIONS, AND FORMAL ENFORCEMENT ACTIONS

#### PART 1. INSPECTIONS

##### 165:25-18-4. Inspection for compliance

(a) All storage tank systems regulated by this Chapter must be physically inspected for compliance with the provisions of this Chapter.

(b) These inspections may include, but not necessarily be limited to, review of:

(1) Records of installation.

(2) Records of repair and retrofit operations including required tightness testing.

(3) Release containment practices.

(4) Release detection practices.

(5) Compliance with prior Commission orders to perform corrective action.

(6) Records of removal and closure.

(7) Records that document compatibility with underground storage tank systems storing regulated substances greater than ten percent (10%) ethanol or twenty percent (20%) biodiesel.

(8) Records of annual operation and maintenance tests on the electronic and mechanical components of release detection equipment.

(9) Site assessments for groundwater or vapor monitoring

(10) Current permit for all tanks located at the facility

(11) Current operator training certificates for all classes of operators.

(c) In addition, PSTD may ~~perform~~ require any other inspection, testing, or monitoring necessary to ensure compliance with this Chapter and to protect property, human health, safety and welfare and the environment.

#### PART 5. PENALTIES

##### 165:25-18-19. Penalties

(a) Pursuant to 17 O.S. § 311(A), any person who violates any of the provisions of this Chapter shall be liable for a fine not to exceed \$10,000.00 for each day that the violation continues.

(b) If the person disagrees with the violation(s) listed in the Formal Enforcement Action, ~~they~~the person may appear ~~at the hearing~~ at the Commission hearing. If found in violation of PSTD rules at the time ~~the~~ Commission order is issued, the person must pay the amount of the fine, as well as an administrative cost of \$250.00.

## PART 7. NOTIFICATION AND REPORTING REQUIREMENTS

### 165:26-1-44. Tank closure or change in service [REVOKED]

~~Owners of aboveground storage tank systems must notify PSTD at least fourteen (14) days prior to the removal of the aboveground storage tanks and/or lines by submitting the PSTD scheduling form and receiving confirmation of the scheduled removal from PSTD. If events require the owner to change the date of removal, the Division should~~

~~be given forty eight (48) hours notice of the new date. An authorized agent of PSTD may be present to observe the removal operations and to inspect the closed tank system and the surrounding environment. Any company that removes aboveground storage tank systems must have an AST Licensee on the jobsite during removal. All UST's currently being used as AST's must be destroyed upon closure. A certificate of destruction must be included with the AST Closure Report and submitted to PSTD within forty five (45) days of closure.~~

**SUBCHAPTER 2. GENERAL REQUIREMENTS FOR ABOVEGROUND STORAGE TANK SYSTEMS**

**PART 1. DESIGN AND INSTALLATION**

**165:26-2-8. Installation testing**

(a) A tightness test must be completed on tank and lines during construction and before being put into service after the lines have been covered.

(1) All aboveground storage tanks must be tested to manufacturer's instructions. Single-wall tanks shall be air tested, soaped, and inspected for bubbling prior to installation. Double-wall tanks with a vacuum on the interstice: Check vacuum gauge to determine if the vacuum meets all minimum requirements set by the tank manufacturer. An air soap test is not required if the interstice vacuum meets tank manufacturer requirements.

(2) Aboveground product piping shall be subjected to an air test of at least 50 psi. The test must have a duration of not less than 60 minutes. All piping joints must be soaped while the system is under pressure, in order to detect any possible leaks. The interstice area of double-wall piping must be tested according to the manufacturer's instructions.

(3) All suction product piping must be tested while disconnected from the pumps, and dispensing units. The piping must be subjected to an air test of at least 50 psi. The test must have a duration of not less than 60 minutes. All piping joints must be soaped while the system is under pressure, in order to detect any possible leaks. The interstice area of double-wall piping must be tested according to the manufacturer's instructions

(4) All pressurized piping must be tested while connected to tanks, pumps and dispensing units if installed at the time of installation. The piping must be subjected to an air test of at least 50

psi. The test must have a duration of not less than 60 minutes. All piping joints must be soaped while the system is under pressure, in order to detect any possible leaks. The interstice area of double-wall piping must be tested according to the manufacturer's instructions.

(5) All piping should be air tested and monitored continuously during the installation.

(6) All underground pressurized and suction piping must have a precision tightness test performed after all

paving over the piping has been completed and before the system is placed in operation. The precision tightness test must be performed by a certified tester, and in accordance with manufacturer's instructions. The product line(s) must be hydrostatic tested by a NWGLDE approved testing device capable of detecting a leak of 0.10 gallons per hour with a test pressure of 50 psi or 1½ times the operating pressure, whichever is greater. The lines must be tested for a minimum of one hour.

(7) Mechanical and electronic leak detector(s) must be tested for function by simulating a leak and operate in accordance with manufacturer's instructions.

(8) If an ATG system with electronic line leak detector(s) is installed it must complete a leak detector test in each of the modes in which it is certified as capable of detecting a leak (e.g. 3gph, 0.2gph, and 0.1gph).

(9) Containment sumps must be tested after all piping and conduit has been installed by using vacuum, pressure, or liquid testing in accordance with one of the following criteria:

(A) Requirements developed by the manufacturer (owners and operators may use this option only if the manufacturer has developed requirements);

(B) Code of practice developed by a nationally recognized association or independent testing laboratory, e.g., PEI RP 1200.

**PART 21. REMOVAL AND CLOSURE OF ABOVEGROUND STORAGE TANK SYSTEMS**

**165:26-2-212.1. Requirements for returning to service**

(a) All tanks out of service for more than twelve (12) months are required to be ~~pressure and soap~~tightness tested and test results submitted to PSTD before returning to service.

(b) A tightness test must be performed by a certified tester and must be completed on the underground portion of out of service systems if more than twelve (12) months have elapsed since the last tightness test. Any system failure will require either closure or upgrade of the failed portion.

(c) All systems out of service for more than twelve (12) months are required to meet all the requirements of this Chapter.

(d) All underground storage tanks being used as aboveground storage tanks that have been out of service for more than twelve (12) months may not be returned to service.

**SUBCHAPTER 3. RELEASE PREVENTION AND DETECTION REQUIREMENTS**

**PART 17. RELEASE INVESTIGATION**

**165:26-3-171. Release investigation and confirmation**

(a) This Section applies to the investigation of all reportable releases unless PSTD staff specifically waives any part of this Section in writing.

## Permanent Final Adoptions

(b) Owners and/or operators must immediately investigate and confirm all suspected releases of regulated substances requiring reporting under this Chapter within 7 days of receipt of notice from PSTD, using the following steps or another procedure approved by PSTD:

(1) **System test.** Owners and/or operators must conduct tightness tests that determine whether a leak exists in the storage tank system.

(A) Owners and/or operators must repair, remove or replace the aboveground storage tank system and begin investigation in accordance with (b)(2) of this Section if the test results for the system, tank, or delivery piping indicate that a leak exists.

(B) Further investigation is not required if the test results for the system, tank, and delivery piping do not indicate that a leak exists and if indicator chemical concentrations detected in soil or water are not the basis for suspecting a release.

(C) Owners and/or operators must conduct a site check as described in (b)(2) of this Section if the test results for the system, tank and delivery piping do not indicate that a leak exists but indicator chemical concentrations detected in soil or water are above action levels cited in (c).

(2) **Site check.** Owners and/or operators must measure for the presence of a release where regulated substances are most likely to be present at the aboveground storage tank system site. In selecting sample types, sample locations, sample depths, and measurement methods, owners and/or operators must consider the nature of the stored substance, the type of initial alarm or cause for suspicion, the type of native soil, the depth of groundwater, and other factors appropriate for identifying the presence and source of the release. Sample locations should be approximately 5 feet (5') from the outside of the AST system in native soil or another location approved by PSTD. Analyses for both BTEX constituents and the appropriate TPH must be obtained in all cases. Site check investigations must be performed by a PSTD Licensed Environmental Consultant.

(A) If the test results for soil and/or groundwater taken outside the excavation zone or the aboveground storage tank system site confirm that a release has occurred, owners and/or operators must begin corrective action in accordance with Chapter 29 of Commission rules.

(B) If the test results for the native soil and/or groundwater or the aboveground storage tank system site do not indicate that a release has occurred, further investigation is not required.

(c) Laboratory analysis of levels of chemical constituent concentrations that may be required to confirm a case are:

(1) Benzene  
(A) Native Soils - 0.5 mg/kg  
(B) Groundwater - 0.005 mg/l

(2) Toluene  
(A) Native Soils - 40.0 mg/kg  
(B) Groundwater - 1.0 mg/l

(3) Ethyl Benzene  
(A) Native Soils - 15.0 mg/kg  
(B) Groundwater - 0.7 mg/l

(4) Xylene  
(A) Native Soils - 200.0 mg/kg  
(B) Groundwater - 10.0 mg/l

(5) TPH  
(A) Native Soils - 50.0 mg/kg  
(B) Groundwater - 2.0 mg/l  
(C) If BTEX concentrations are below action levels, a TPH concentration of 500 ppm or mg/kg in soil shall may be required to confirm a case at the discretion of PSTD.

(d) Within twenty (20) days after the reporting of a release, the owner and/or operator must submit a report to PSTD summarizing the steps taken under (a) through (c) of this Section and any resulting information or data. If a release is confirmed through performance of the steps taken under this Section, then the report must be submitted in accordance with a format established by PSTD, after which corrective action may be required under the provisions of Chapter 29 of Commission rules.

### SUBCHAPTER 4. INSPECTIONS, NOTICES OF VIOLATION, FIELD CITATIONS AND FORMAL ENFORCEMENT ACTIONS

#### PART 7. PENALTIES

##### 165:26-4-21. Penalties

(a) Pursuant to 17 O.S. § 311(A), any person who violates any of the provisions of this Chapter shall be liable for an administrative penalty or fine not to exceed \$10,000.00 for each day that the violation continues.

(b) If the person disagrees with the violation(s) listed in the Formal Enforcement Action, ~~they~~ the person may appear at the hearing at the Commission hearing. If found in violation of PSTD rules at the time ~~the~~ a Commission order is issued, the person must pay the amount of the fine, as well as an administrative cost of \$250.00.

**APPENDIX G. FINE CITATIONS TABLE [REVOKED]**

**APPENDIX G. FINE CITATIONS TABLE [NEW]**

\*Field Citation Table fine amounts will be used when Field Citations are issued, and may be used as a suggested fine amount in a Formal Enforcement Action, but not to exceed the statutorily set limitations in 17 O.S. § 311(A).

Rule	Violation	Fine Amount
<b>Registration &amp; Permit Requirements</b>		
165:26-1-41	Failure to amend registration within 30 days to reflect changes in tank status	\$500
165:26-1-42	Failure to register tanks within 30 days of bringing the system into service	\$500
165:26-1-42	Operating a tank without a valid permit	\$1,000
165:26-1-47	Failure to amend registration within 30 days to reflect change in ownership	\$500
165:26-1-70	Failure to pay AST permit fees prior to due date	Not > 50% of fee
<b>Notification Requirements</b>		
165:26-1-41	Failure to identify all storage tanks on notification form after third request, including a letter advising tank owner of the penalty	\$1,000
165:26-1-41	Failure to notify PSTD in the required online format and timeframe	\$250
	Second offense	\$500
	Third offense	\$750
165:26-1-42	Failure to notify PSTD prior to AST installation.	\$500
165:26-1-48	Failure to report non-passing tank or line tightness test results.	\$500
165:26-1-57	Failure to provide installation information on notification form after third request, including a letter advising tank owner of the penalty.	\$1,000
165:26-2-210	Failure to notify PSTD prior to AST closure	\$500
165:26-3-77	Failure to report to PSTD within 24 hours of discovering any PSTD regulated substances, conditions or monitoring results that indicate a reportable release may have occurred	\$250
<b>Required Reports</b>		
165:26-1-57	Failure to submit tank closure report within 45 days	\$250

The rule changes concerning threading are needed to settle ongoing litigation against the State and memorialize a compromise acceptable to all parties. *See Ittiq v. Oklahoma State Bd. of Cosmetology and Barbering*, CV-2021-242 (Okla. County Dist. Ct. filed Feb. 3, 2021). The changes decrease the regulatory burden on threaders, by establishing a threading technician license. The threading rule changes specific to this rule filing, create definitions for "threading" and "threading technician." In addition, the rules for sanctions and fines have been updated to prevent someone from obtaining or renewing a license without first paying any outstanding citations that have been upheld by the Board.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN,  
THE FOLLOWING RULES ARE CONSIDERED  
FINALLY ADOPTED AS SET FORTH IN 75 O.S.,  
SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE  
DATE OF SEPTEMBER 11, 2022:**

**SUBCHAPTER 1. GENERAL PROVISIONS**

**175:1-1-2. Definitions**

The terms and phrases defined in the Oklahoma Cosmetology Act shall have the same meaning when applied in the rules which are herein set forth in this Chapter to substantiate

the Cosmetology and Barbering Law. The following rules and terms shall have the same meaning, unless the context clearly indicates otherwise:

"Act" means the Oklahoma Cosmetology and Barbering Act.

"Apprentice" means a person who is engaged in learning the practice of cosmetology or barbering in a cosmetology or barber establishment. [Title 59 O.S. Section 199.1]

"Assigned practice or clinic work" means demonstrations and lesson practice in which services may be performed on patron, student or model on clinic floor in classroom for the benefit of student observation, notes, etc. The practice or demonstration shall be assigned by or with approval of the instructor in charge and materials/supplies used for the education demonstration are the responsibility of the school.

"Barber/Barber Stylist" means any person who engages in the practice of barbering.

"Barber Establishment" means an Establishment or place of business where one or more persons are engaged in the practice of barbering but shall not include barber schools or colleges.

"Barbering" means any one or combination of practices done upon the upper part of the human body for cosmetic purposes and when done for payment either directly or indirectly for the general public, constitutes the practice of barbering, to wit: shaving or trimming the beard or cutting the hair; giving facial or scalp massages or treatment with oils, creams, lotions or other preparations, either by hand or mechanical appliances; singeing, shampooing or applying lighteners or color to the hair, applying hair tonics; applying cosmetic preparations, antiseptics, powders, oils, clays or lotions to scalp, face, neck or upper part of the body, but excluding the application of makeup; and removing superfluous hair from the face, neck or upper part of the body.

"Barber school or college" means an Establishment operated for the purpose of teaching barbering.

"Board" means the State Board of Cosmetology and Barbering.

"Clean" means removal of surface and/or visible debris by using soap, detergent or chemical "cleaner", followed by a clean water rinse.

"Clock hour" means a measure of time determined to be sixty (60) minutes that a student spends in an educational or training activity.

"Contact time" means the amount of moist contact time required for a disinfectant to be effective against the pathogens on the label. Clean items or surfaces must remain completely immersed or visibly wet (sprays, wipes) for full contact time to be effective.

"Cosmetic studio" means any place or premises where demonstrators give demonstrations, without compensation, for the purpose only of advertising and selling cosmetics.

"Cosmetician" means a person licensed by the Board to perform patron services limited to hair arranging and application of make-up, including, but not limited to using hairstyling tools and products. Services must be performed in a licensed establishment.

## Permanent Final Adoptions

---

**"Cosmetologist"** means any person who engages in, follows or performs any of the practices of cosmetology.

**"Cosmetology"** means any one or combination of practices generally and usually performed by and known as the occupation of beauticians, beauty culturists, beauty operators, cosmeticians, cosmetologists, or hairdressers, or any other person holding himself or herself out as practicing cosmetology by whatever designation and within the meaning of the Oklahoma Cosmetology and Barbering Act and in or upon whatever place or premises. Cosmetology shall include, but not limited to, any one or combination of the following practices: bleaching, cleansing, curling, cutting, coloring, dressing, removing, singeing, styling, waving or similar work upon the hair of any person by any means, whether with hands or mechanical or electrical apparatus or appliances. Nothing in the Oklahoma Cosmetology and Barbering Act shall be construed to prohibit the use of hands or mechanical or electrical apparatus or appliances for the non-permanent removal of hair from the human body without puncturing of the skin or the use of stimulating exercising, beautifying or similarly working the scalp, face, neck, arms or the manicuring of the nails of any person, exclusive of such of the foregoing practice as are within the scope of practice of the healing arts as provided by law.

**"Cosmetology Establishment"** means an Establishment or place of business where one or more persons are engaged in the practice of cosmetology but shall not include barber schools and colleges.

**"Cosmetology or Barber school"** means a school or department that is approved by the Board to conduct and provide cosmetology and/or barber training and education in Oklahoma. It means any place or premises where instruction in any or all the practices of cosmetology and or barbering are given. Any person, firm, institution or corporation, who holds himself, firm, institution or corporation who shall teach and train any other person or persons in any of the practices of cosmetology and/or barbering is hereby declared to be engaged in operating a cosmetology and/or barbering school, and shall be operating cosmetology and/or barbering school, and shall be subject to the provisions of the Oklahoma Cosmetology and Barbering Act. Licensed cosmetology and barbering schools may offer education to secondary and post secondary students in this state.

**"Credit hour"** means a unit of value awarded to a student for successful completion of a program, course or course lesson and credit to clock ratio as recognized by the United States Department of Education or a regional or national accreditation entity recognized by the United States Department of Education.

**"Demonstrator"** means a person who is not licensed in this state as a Cosmetologist, Barber or Instructor and who demonstrates any cosmetic preparation. The person shall be required to obtain a Demonstrator license from the Board before making any such demonstrations.

**"Disinfect"** means the process of making a non-porous item safe for use. Requires the use of a chemical intended to kill or denature a bacteria, virus or fungus. Proper disinfection requires adherence to manufacturers label with regard to

concentration and contact time. UV light is not acceptable disinfection.

**"Dry sanitizer"** means a clean, dry, closed (covered) cabinet, drawer, chest or other type container used in a cosmetology/barber establishment or school for the purpose of storing clean, dry disinfected combs, brushes and other implements without fumigant after the articles have been cleaned and disinfected in a wet sanitizer (or by other approved method in the case of metal implements).

**"Emergency circumstances"** means a serious injury, illness or death in the immediate family of applicant for registration, examination, licensure, etc.

**"Establishment"** means a place or premises, cosmetology salon or barber shop, cosmetic or other specialty shop/salon where any one or combination of cosmetology or barbering practices are performed on the public except that the term shall not include a cosmetology or barbering school.

**"Esthetician/Facialist/Facial Operator"** means a person licensed by the Board to perform skin care, make-up and hair removal services to the public provided the hair removal services shall not include electrolysis.

**"Facial/Esthetics Instructor"** means a person licensed by the Board as a qualified teacher of the art and science of skin care theory and practice.

**"Hairbraiding Technician"** means a person certified by the Board to perform hairbraiding, hairweaving techniques, and hair extensions in a licensed cosmetology establishment.

**"Hybrid learning"** means courses that combine face-to-face classroom instruction with on-line computer based learning.

**"Manicurist/Nail Technician"** means a person licensed by the Board to perform nail care services to the public in a place licensed by the Board where nail care/manicuring/pedicuring services may be performed.

**"Manicurist/Nail Technician Instructor"** means a person licensed by the Board as a qualified teacher of the art and science of nail technology theory and practice.

**"Master Barber Instructor"** means a person licensed by the Board who gives instruction in barbering or any practices thereof and trained in a school after November 1, 2014.

**"Master Cosmetology Instructor"** means a person licensed by the Board as a qualified teacher of cosmetology theory and practice.

**"Mobile Establishment"** means a specialty Establishment that is operated in a self-contained, self-supporting, enclosed mobile unit.

**"Non-Porous"** means material that has no pores and does not allow for liquids to be absorbed or pass through. Common non-porous materials include glass, metal and plastic.

**"Post secondary institution"** means a school licensed to teach students according to prescribed curriculum as in Title 59 O.S. § 199.7 (F) 1 Board rule 175:10-3-34(a).

**"Porous"** means material that has minute spaces or holes through which liquid or air may pass.

**"Secondary institution"** means a school licensed to teach students eligible for credit for 500 hours of related subjects as prescribed in Title 59 O.S. § 199.7 (f)2 and in Board rule 175:10-3-34(b).

"Sterilize" means the eradication of all microbial life through the use of heat, pressure, steam or chemical sterilant.

"Student" means a person who is enrolled in a cosmetology or barber school and appropriately registered with the Board for the purpose of being educated and trained in the practice of cosmetology or barbering.

"Threading" means a form of temporary hair removal by using thread that is twisted and rolled along the surface of the skin, entwining the hair in the thread and lifting it out of the follicle.

"Threading Technician" means a person with a limited specialty cosmetology license issued by the Board to perform threading in a licensed establishment.

"Unassigned practice or clinic work" means a personal service of cosmetology or barber practice (on student on another etc.); which shall be elective practice which one student chooses to perform or to receive (routine shampoo not included); and in which school supplies may be used (i.e. bleach/color/perm, etc.); and which practice and service is not assigned by the instructor and/or performed for the benefit of a group of students who have been scheduled to observe as a classroom or clinic demonstration; and for which a reasonable cost for supplies used in the practice may be charged to the student receiving the unassigned services.

"Wet sanitizer" means a large, pan-type covered container which shall contain a liquid chemical disinfecting agent used in a school or Establishment for the purpose of disinfecting combs, brushes and other non-metal tools and implements used in training and practice.

SUBCHAPTER 5. RULES OF PRACTICE

175:1-5-4. Board sanctions

(a) If it is proven that violations of the Oklahoma Cosmetology Act and Board rules and regulations have occurred, sanctions available to the Board are:

- (1) Revocation of license; or
(2) Suspension of license; or
(3) Refusal to issue license; or
(4) Placing licensee on probation.
(5) Fines for citations for violations of the Cosmetology and Barber Act or Board rules as in Rule 175:1-5-15. Citations may be issued by the Executive Director or an inspector on forms approved by the Board. The citation shall be served personally or by certified mail return receipt requested. The citation shall state the nature of the violation and the fine assessed. The person or establishment receiving the citation may pay the fine or contest it in a hearing before the Board conducted in accordance with the Oklahoma Administrative Procedures Act. The citation shall state the date and location of the hearing. The citation shall serve as sufficient notice of the hearing. If the fine is paid prior to the date of the hearing then the matter shall be deemed final and not subject to further review. Failure to pay a citation that has been upheld by the Board shall constitute a continued or flagrant violation of these rules, such that the Board may refuse to renew

the related license or issue an original license where the individual cited is unlicensed unless and until the citation is paid.

(b) Such matters of violation may be referred to the District Attorney or to the Attorney General for injunctive or other relief.

175:1-5-15. Schedule of fines

(a) The fine schedule for citations or final orders issued by the Board for violations of the Cosmetology and Barber Act or rules promulgated there under shall be subject to the fines as follows providing each day a violation continues shall be a separate offense:

- (1) Engaging in cosmetology or barbering in any of the licensed practices without a license
(A) First: \$250
(B) Subsequent: \$500
(2) Employing an unlicensed person to perform cosmetology or barbering (per person):
(A) First: \$250
(B) Subsequent: \$500
(3) Failure to comply with a specific provision of the Cosmetology and Barber Act or rules by an individual not licensed under the Act:
(A) First: \$250
(B) Subsequent: \$500
(4) Operate a cosmetology or barber school without first obtaining a license from the Board:
(A) First: \$250
(B) Subsequent: \$500
(5) Failure to comply with sanitation standards established by the Board.
(A) First violation: Warning
(B) Second violation of the same standard: \$50

(b) If the citation is paid prior to hearing date, the citation is still considered part of the licensee's permanent record but dismissed. After three fines, the Board may consider suspension or revocation of license, or other disciplinary action, after full Board hearing.

(c) Failure to pay a citation that has been upheld by the Board shall constitute a continued or flagrant violation of these rules, such that the Board may refuse to renew the related license or issue an original license where the individual cited is unlicensed unless and until the citation is paid.

**GIST/ANALYSIS:**

The new rule and rule changes concerning threading are needed to settle ongoing litigation against the State and memorialize a compromise acceptable to all parties. *See Ittiq v. Oklahoma State Bd. of Cosmetology and Barbering*, CV-2021-242 (Okla. County Dist. Ct. filed Feb. 3, 2021). The threading rule changes specific to this rule filing decrease the regulatory burden on threaders, by establishing a threading technician license and setting the requirements therefor. The rule changes also clarify that: both written and practical examinations are required of licensees and certificate holders; lapses

in licensure will not be credited as work experience for master cosmetology instructors and master barber instructors; licensees are prohibited from putting tools or materials in their mouths or other mucous membranes; only professional products can be used for educational purposes; and hairbraiding technicians must complete a closed-book safety and sanitation examination, in order to obtain certification.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2022:**

### **185:10-1-4. Eligibility criteria for compensation**

(a) The criminally injurious conduct leading to the filing of the compensation claim must have occurred in Oklahoma. Beginning November 1, 1989, residents of Oklahoma who are victimized in states without eligible crime victims compensation programs, as such term is defined in the federal Victims of Crime Act of 1984, Public Law 98-473, will be eligible claimants under the Oklahoma Crime Victims Compensation Act. Proof of conviction of the person causing the criminally injurious injury to the victim is conclusive evidence that the crime was committed.

(b) The incident must have occurred on or after October 19, 1981.

(c) The incident must have been reported to law enforcement officials within 72 hours, unless the Board finds there was good cause, as permitted by 21 O.S. 142.10, or would have been reported within the period of time except for good cause shown as defined by statute. In claims wherein the victim is under the age of eighteen (18), the crime resulting in the claim must have been reported to authorities within seventy two (72) hours after disclosure to a responsible adult except for good cause shown. This shall also apply to persons who are diagnosed as mentally handicapped.

(d) The claim for compensation must be filed in the Oklahoma City office within one (1) year of the incident date or death of the victim. The Board or administrator may, at its discretion, waive this requirement in certain situations, as permitted by 21 O.S. § 142.10, if the Board finds there was good cause for failure to file the claim within one (1) year. If the victim is mentally handicapped, or is a child under eighteen (18) years of age, the Board may use the date the criminal incident was disclosed to a responsible adult when establishing whether or not the claim was timely filed.

(e) The victim must have suffered physical or psychological injury or death as a result of the criminal action of another.

(f) The claimant and/or victim must have cooperated with law enforcement officials, the District Attorney's office, and the Crime Victims Compensation Board during entire investigation. In the event the Board or administrator finds the claimant and/or victim was not cooperative, a claim may be denied, withdrawn, or reduced.

(g) The net amount of compensation requested in the claim must not have been paid by a collateral source, however, the Board or administrator shall not require any claimant to seek or accept any collateral source contribution, unless the claimant was receiving such benefits prior to the occurrence giving rise to the claim under the provisions of the Act.

(h) The claimant and/or victim was not the offender or an accomplice of the offender, and, the compensation award shall not be used to benefit the offender or accomplice. Number one through four below were developed in accordance with Section 7129 of the Victims of Crime Act.

(1) In determining whether a compensation award can be made without unjustly enriching an offender, the Board or administrator shall evaluate whether the victim has reported the crime and is cooperating with the criminal justice system in the investigation and prosecution of the crime, and whether the victim will do what is possible to prevent access by the offender to compensation paid to the victim. If the victim is cooperating fully, and if the offender will not benefit from or have access to a substantial portion of any cash award made by the Board to the victim, then the award shall not be declined on the basis that the award would benefit the offender.

(2) A determination that the award would benefit the offender shall not be based solely on the presence of the offender in the household at the time of the award. The presence of the offender in the household is only one factor to be considered in determining that he/she would benefit from the award; a determination of whether the offender will benefit from an award shall be made in each case, based on the totality of the circumstances.

(3) In determining whether an award would benefit the offender, the Board must weigh whether the benefit to the offender is substantial or in-consequential. Factors to be considered include the amount of the award and whether a substantial portion of the compensation award will be used directly by or on behalf of the offender. If the offender has direct access to a cash award and/or if a substantial portion of it will be used to pay for his/her living expenses, that portion of the award that will substantially benefit the offender may be reduced or denied. When enrichment is inconsequential or minimal, the award may not be reduced or denied.

(4) Collateral resources available to the victim from the offender shall be examined. Collateral resources may include court-ordered restitution, an offending spouse's medical insurance, or other resources of the offender available to cover the victim's expenses. In evaluating the availability of collateral resources, a determination shall be made first as to whether the offender has a legal responsibility to pay; second, whether the offender has resources to pay; and third, whether payment is likely. The victim shall not be penalized for the failure of an offender to meet legal obligations to pay for the costs of the victim's recovery. If the offender fails to meet legal responsibilities to pay restitution or provide for the medical and support needs of a spouse or child, or if the offender impedes payment of insurance that may be available to cover a spouse's or child's expenses, the Board will attempt to meet the victim's needs to the extent allowed, and may pursue whatever actions are appropriate to seek reimbursement from the offender. The Board is subrogated to any restitution the offender may owe the victim if an award is made. Donations from individuals on behalf of the victim are not collateral sources, as defined in 21 O.S. 142.3.

(i) The claim must not have been the result of negligent maintenance or use of a motor vehicle by the offender, unless the vehicle was operated or driven by the offender while under the influence of alcohol or any other intoxicating substance or,

unless the vehicle was operated or driven by the offender with the intent to injure or kill the victim or in a manner imminently dangerous to another person and evincing a depraved mind, although without any premeditated design to injure or effect the death of any particular person or the offense involved willful, malicious or felonious failure to stop after being involved in a personal injury accident to avoid detection or prosecution, provided the victim of the accident was a pedestrian or was operating a vehicle moved solely by human power or a mobility device at the time of contact.

(j) ~~Compensation otherwise payable to a claimant shall be diminished by the Board or Administrator in certain circumstances, pursuant to 21 O.S. 142.10, or denied to the extent or degree of responsibility for the cause of the injury or death attributable to the victim, as determined by the Board or administrator. Compensation may also be diminished or denied if the Board or administrator finds that the victim was legally intoxicated or under the influence of a controlled dangerous substance (CDS), and the victim's intoxicated state contributed to his/her injury or death. Any person over the age of 18, injured while voluntarily riding with a legally intoxicated driver or someone under the influence of a CDS, may be found to have contributed to his/her injury or death, provided there is evidence that the victim knew of the driver's intoxicated state prior to the injury.~~

(k) ~~the~~The offense involving one or more vehicles results in the death of the victim due to the reckless disregard for the safety of others by the offender. As used in this division, reckless disregard for the safety of others is defined as the omission to do something which a reasonably careful person would do, or the lack of the usual and ordinary care and caution in the performance of an act usually and ordinarily exercised by a person under similar circumstances and conditions.

**185:10-1-8. Application review procedure**

(a) A victim, dependent of a victim, or person legally acting on behalf of the victim, must ~~complete first secure a copy of~~ the Official Victims Compensation Application Claim Form. In the event assistance is needed by the claimant in completing the ~~form~~ information, such assistance will be provided by the District Attorneys Office in the district where the crime occurred ~~victim witness coordinator~~, or by the staff located at the District Attorneys Council in Oklahoma City.

(b) A claim form must be completed, signed and received at the District Attorneys Council within one (1) year of the incident date, date of disclosure in child sexual assault cases, or death of the victim. If the Board or administrator finds good cause for failure to file the claim within one (1) year, the filing period may be extended.

(c) The victims compensation staff shall log the claim form as being received and forward it to the victim-witness coordinator in the district where the crime occurred. Upon completion, the claim shall be returned to the Oklahoma City office for processing.

(d) The Board, ~~victim witness coordinators and~~ District Attorney's Office Victim - Witness Staff, and the Victims Compensation Board staff, herein referred to as "staff" ~~staff~~ have the authority to conduct investigations and or request

any additional information from the victim and/or claimant, the investigating law enforcement agency, medical personnel and/or facilities, witnesses, employers and others as may be deemed necessary for the proper review and verification of the claim.

(e) The staff shall make a thorough analysis of the claim once it is completed and received from the victim-witness coordinator.

(f) ~~Once the claim has been reviewed by staff review and summary completed~~, the claim will be placed on the next appropriate Board or administrative docket for consideration. A claim must be reviewed by staff at least fifteen (15) calendar days prior to a regularly scheduled Board meeting for consideration at that meeting. Those claims not reviewed fifteen (15) calendar days prior to a regular meeting shall be considered at the next scheduled Board meeting. New claims will be reviewed by the staff in the order in which the completed claims are received in the Oklahoma City office. Claims reviewed by the Administrator, pursuant to 21 O.S. 142.5 are not required to be placed on a separate internal docket for review and are not subject to the fifteen (15) calendar rule.

(g) Agendas and supporting material shall be sent to the Board no less than ten (10) calendar days in advance of the Board meeting.

(h) Notification of Board meetings shall be filed with the Secretary of State in accordance with the Open Meeting Law. Copies of the meeting agendas giving date, location and time of meetings shall be posted in conspicuous places on the premises of the building wherein the Board meetings will be held and/or at offices of the Crime Victims Compensation Board. Claimants whose compensation claims are to be considered by the Board will be sent notification of the meeting no less than fourteen (14) calendar days in advance and will have the opportunity to appear and be heard, and to offer evidence and argument on any issue relevant to the claim. Claims reviewed by the administrator, pursuant to 21 O.S. 142.5, are not required to be placed on a separate internal docket for review and are not subject to the fourteen (14) calendar day rule. There is no opportunity to appear to be heard on any issue relevant to acclaim decided administratively, unless the claimant wishes to file an appeal. All appeals are heard by the Board, pursuant to 185:10-1-10.

(i) Once a decision is made by the Board, the claimant shall be sent notification of the decision within twenty (20) days.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S. SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2022:**

## SUBCHAPTER 5. DUE PROCESS

### 210:1-5-6. Suspension and/or revocation of certificates

(a) **Application.** The rules and regulations of the State Board of Education governing the suspension and revocation of certificates apply to the following: superintendents of schools, principals, supervisors, librarians, school nurses, school bus drivers, visiting teachers, classroom teachers and other personnel performing instructional, administrative and supervisory services in the public schools. Except as otherwise specifically provided by law, the issuance or denial of a new certificate shall not be considered an individual proceeding subject to the process and procedures set forth in this Section.

(b) **Grounds for revocation.** A certificate shall be revoked only for:

(1) A willful violation of a rule or regulation of the State Board of Education, or the United States Department of Education; or

(2) A willful violation of any federal or state law, or  
(3) A conviction for any of the offenses or bases for revocation set forth in 70 O.S. §§ 3-104 or 3-104.1; or  
(4) For other proper cause, including but not limited to violation of the Standards of Performance and Conduct for Teachers at Chapter 20, Subchapter 29 of this Title.

(c) **Duty to report and refrain from illegal activity.** It shall be a violation of State Board of Education rules and regulations for any person holding a valid teaching certificate to be aware of and fail to report, or knowingly participate in any activity deemed illegal while participating in job-related activities of student organizations, athletic and scholastic competitions, fairs, stock shows, field trips, or any other activity related to the instructional program. Willful violation of (b)(1)-(b)(4) of this regulation or the failure to report or knowing participation in any activity deemed illegal may result in recommendation of revocation or suspension of the certificate, or such other penalty, as may be determined after due process by the State Board of Education.

(d) **Right to hearing on revocation of an existing certificate.** No certificate shall be revoked until the holder of the certificate has been provided with a copy of the application to revoke the certificate and opportunity for a hearing provided by the State Board of Education in accordance with the following procedures:

(1) **Filing of application to revoke a certificate.** An individual proceeding to revoke a certificate shall be initiated by filing an application to revoke a certificate. An application to revoke a certificate shall be filed with the Secretary of the State Board of Education by the State Department of Education. The application shall name the holder of the certificate to be revoked as the respondent in the action, and shall contain:

(A) A statement of the legal authority and jurisdiction under which the applicant seeks to initiate the proceeding and the hearing is to be held;

(B) A reference to each particular statute and/or rule involved;

(C) A short and plain statement of the allegations asserted; and

(D) A statement of the facts alleged to give rise to the revocation. The application shall also state a proposed effective date for the relief requested (e.g., revocation), which shall be set no earlier than forty-five (45) calendar days from the date the complaint is filed.

(2) **Informal disposition.** Informal disposition of the application to revoke a certificate may be made by stipulation, agreed settlement, consent order, or default, unless otherwise precluded by law. Written notice signed by each party or counsel representatives shall be delivered to the Secretary of the State Board of Education prior to the time of the scheduled hearing.

(3) **Notice to parties.** Within three (3) business days of the date the application to revoke a certificate is filed with the Secretary of the State Board of Education, the Secretary shall send a copy of the application along with a notice of intent to revoke the certificate by certified or registered

mail, restricted delivery with return receipt requested, to the holder of the certificate. It is the responsibility of every certificate holder to notify the State Department of Education upon a change of address, and the mailing address on file for each certificate holder shall be presumed to be a proper address for service of notice. Service of notice of intent to revoke a certificate shall be deemed complete upon certified or registered mailing of the notice to the certificate holder's last known address. In addition to the requirements of notice set forth at 75 O.S. § 309, the notice of intent to revoke the certificate shall include:

(A) A statement setting forth the proposed effective date of revocation of the certificate; and

(B) A statement advising the holder that if the holder fails to appear for a hearing and contest the revocation, the allegations in the application for revocation will be deemed confessed and the Board may issue a final order to effect revocation of the certificate as of the effective date proposed in the notice.

(e) **Emergency Action.** Pursuant to 75 O.S. § 314, in the event the State Board of Education finds that public health, safety, or welfare imperatively requires emergency action, the State Board of Education may issue an emergency order summarily suspending a certificate pending an individual proceeding for revocation or other action. Such proceedings shall be promptly instituted and determined. Such an order shall include specific findings of fact specifying the grounds for the emergency action. Within three (3) business days of the issuance of the order by the Board, a copy of the order shall be sent to the holder of the certificate via certified or registered mail, delivery restricted to the certificate holder, with return receipt requested.

(f) **Hearing procedures.**

(1) **Hearing and appointment of a hearing officer.** Upon filing the application with the Secretary of the Board, the Secretary shall set the matter for a hearing. The Board, at its discretion, may utilize a hearing officer to conduct the hearing. If utilized, the hearing officer shall be appointed by the Chairperson of the Board.

(2) **Attendance of witnesses.** If the complainant, or the holder of the certificate wants any person to attend the hearing and testify as a witness, he/she shall notify the Chairperson of the State Board of Education at least fifteen (15) calendar days prior to the hearing, in writing, giving the name and address of the desired witness, and the Chairperson ~~shall may cause the Secretary to thereupon issue a subpoena, by mail, to the desired witness to attend in accordance with the provisions of this subsection.~~ Every person testifying at a revocation hearing shall be sworn to tell the truth. The parties to the hearing shall exchange witness and exhibit lists and any exhibits no later than fifteen (15) calendar days prior to the hearing.

(3) **Subpoenas.** Subpoenas and/or subpoenas duces tecum may be issued in accordance with the following procedures:

(A) **Issuance of subpoenas.** Subpoenas for the attendance of witnesses, or for the production of books, records, papers, objects, or other evidence of any

kind as may be necessary and proper for the purposes of a proceeding shall be issued by the Secretary of the Board at the direction of the Chairperson; upon order of the Board; or at the request of any party to a proceeding before the Board. The signature of the Secretary shall be sufficient authentication for any subpoena.

(B) **Service of subpoenas.** Subpoenas shall be served in any manner prescribed for service of a subpoena in a civil action in the district courts of the State of Oklahoma.

(C) **Objections to and compliance with subpoenas.** Any party to the proceeding may move to quash a subpoena or subpoenas duces tecum issued in accordance with the provisions of this Section, provided that, prior to quashing a subpoena or subpoenas duces tecum the agency shall give notice to all parties. ~~A subpoena or subpoenas duces tecum may not be quashed if any party objects.~~ A motion to quash shall be filed within seven days of the issuance of the subpoena.

(D) **Enforcement of subpoenas.** Upon the failure of any person to obey a subpoena, or upon the refusal of any witness to be sworn or make an affirmation or to answer a question put to her or him in the course of any individual proceeding or other authorized action of the Board, ~~the Board as soon as convenient shall consider the issue of enforcement of the subpoena. By resolution, it may direct application to the district or superior court of the county of such person's residence or to any judge thereof for an order to compel compliance with the subpoena or the furnishing of information or the giving of testimony.~~ the party seeking enforcement may file an appropriate motion for enforcement with the State Board or hearing officer, as applicable, or may seek enforcement in a court of competent jurisdiction. Meanwhile, the hearing or other matters shall proceed, so far as is possible, but the Board at its discretion at any time may order a stay or continuance of the proceedings for such time as may be necessary to secure a final ruling in the compliance proceedings.

(E) **Costs of issuance and service of subpoenas.** The costs covering the issuance and service of subpoenas and all witness fees incurred on behalf of a party to the proceedings, other than the Board, shall be borne by the party on whose behalf they are incurred.

(4) **Right to representation.** Any party to the individual proceeding shall at all times have the right to representation by counsel, provided that such counsel must be duly licensed to practice law by the Supreme Court of Oklahoma, and provided further that counsel shall have the right to appear and act for and on behalf of the party represented.

(5) **Legal counsel to State Board of Education.** The attorney for the State ~~Department Board~~ of Education shall present evidence to the Board, in furtherance of the

## Permanent Final Adoptions

---

application. ~~Should the Board not have legal counsel, and if deemed necessary by the Chairperson of the Board, a request may be made of the Attorney General to provide counsel to the Board to rule on~~ regarding questions of admissibility of evidence, competency of witnesses, and any other questions of law. In the event that counsel is not requested from the Attorney General the Chairperson of the Board will rule on the evidence, competency of the witness and other questions of law.

(6) **Disqualification of a Board member or hearing officer.** A Board member or hearing officer shall withdraw from any individual proceeding in which he or she cannot accord a fair and impartial hearing or consideration. Any party may request the disqualification on the ground of his or her inability to give a fair and impartial hearing by filing an affidavit promptly upon discovery of the alleged disqualification, stating with particularity the grounds upon which it is claimed that a fair and impartial hearing cannot be accorded. The issue shall be determined promptly by the Board, or if it affects a member of the Board, by the remaining members thereof, if a quorum. Upon the entry of an order of disqualification affecting a hearing officer, the Board shall either assign a replacement hearing officer, or conduct the hearing itself. Upon the entry of an order of disqualification affecting a Board member, the Governor immediately shall appoint a member pro tempore to sit in place of the disqualified member in that proceeding.

(7) **Notice of facts.** The Board shall give notice to all parties, prior to, or at the hearing, of any facts of which it proposes to take official notice. Any party or her/his attorney may request that official notice be taken of any fact qualified for such notice by the statutes of this state. If such official notice is taken, it shall be stated in the record, and all parties shall have opportunity to contest and give evidence in rebuttal or derogation of the official notice.

(8) **Presentation and consideration of evidence.** The State Board of Education shall consider only evidence upon the specific cause contained in the notice, and evidence will be heard for such cause. Questions of the admissibility of evidence shall be governed by the provisions of 75 O.S. § 310.

(9) **Order of procedure.** The order of procedure at the hearing shall be as follows:

(A) Opening statements by legal counsel of both parties;

(B) Presentation of evidence by both parties followed by cross-examination of witnesses, and questions by State Board members or the hearing officer;

(C) Closing arguments by legal counsel of both parties; and

(D) Submission of case to the Board or the hearing officer for decision.

(10) **Continuance of a hearing.** The Board or hearing officer may continue or adjourn the hearing at any time for a specified time by notice or motion. The Board or hearing officer may grant a continuance upon motion of a party for good cause shown if written request is filed and served on all parties of record and filed with the Secretary of the

Board at least five (5) days prior to the date set for hearing.

A respondent may be granted only one (1) continuance.

(g) **Deliberations and decisions.** Deliberations by the Board or the hearing officer in an individual proceeding may be held in executive session pursuant to the provisions of the Open Meeting Act set forth at 25 O.S. § 307.

(1) **Decision.** Decisions shall be issued in accordance with the following procedures:

(A) After hearing all evidence, and all witnesses, the State Board of Education or, if applicable, the hearing officer, shall render its decision on whether the certificate shall be revoked.

(B) The decision of the State Board of Education or a hearing officer presiding at the hearing shall be announced at the conclusion of the hearing and notification of that decision shall be by certified or registered mail, restricted delivery with return receipt requested to the holder of the certificate.

(C) If the holder of the certificate fails to appear at the scheduled hearing without prior notification within the time frame to request a stay or continuance set forth in (f)(10) of this Section, demonstration of good cause, the Board or hearing officer shall hold the party in default and issue an order sustaining the allegations set forth in the application.

(D) If the applicant fails to appear at the scheduled hearing without prior notification within the time frame to request a stay or continuance set forth in subsection (f)(10) of this Section, demonstration of good cause, or fails to prove the allegations by clear and convincing evidence, the application shall be dismissed.

(2) **Findings of fact and conclusions of law.** After the decision is announced, but before issuance of the final order, if the Board has not heard the case or read the record of the individual proceeding, the hearing officer shall provide the parties with an opportunity to prepare and submit proposed findings of fact and conclusions of law in accordance with the provisions of 75 O.S. § 311. After the parties have been given notice and an opportunity to file exceptions, present briefs and oral arguments to the proposed findings of fact and conclusions of law, the Board may take action to accept, reject, or modify the proposed Findings and Conclusions of the hearing officer. The Board shall render findings of fact and conclusions of law. All findings of fact made by the Board shall be based exclusively on the evidence presented during the course of the hearing or previously filed briefs, (made a part of the record), of the testimony of witnesses taken under oath.

(3) **Final order.** As the final determination of the matter, the final order shall constitute the final agency order and shall comply with the requirements set forth at 75 O.S. § 312. If no motion for rehearing, reopening or reconsideration of the order is filed in accordance with (h) of this Section, the final agency order shall represent exhaustion of all administrative remedies by the State Board of Education. All final orders in an individual proceeding shall be in writing and made a part of the record. Final

orders are to be issued by the Chairperson of the Board or the presiding officer for transmission to the parties by the Secretary of the Board. Within five (5) business days of the date of issuance of the final order, parties shall be notified of a final order either personally or by certified mail, return receipt requested. Upon request, a copy of the order shall be delivered or mailed to each party and the party's attorney of record, if any.

(4) **Communication with parties.** Unless required for the disposition of ex parte matters authorized by law, the Chairperson and the members of the Board, the hearing officer, or the employees or the agents of the Board shall not communicate, directly or indirectly, in connection with any issue of fact, with any person or party, nor, in connection with any issue of law, with any party or his or her representative except upon notice and opportunity for all parties to participate. The Chairperson and members of the Board or their employees may communicate with one another and have the aid and advice of one or more personal assistants. Advice may also be secured from the Attorney General's office.

(h) **Record of hearing.**

(1) The record of a hearing shall be set forth in such form and detail as the Chairperson or the Board may direct. The hearing may also be fully transcribed, and shall be placed on file in the Secretary's office. Parties to the proceeding may have the proceedings transcribed by a court reporter at their own expense. In accordance with the requirements of 75 O.S. § 309, the record shall include:

- (A) All pleadings, motions, and intermediate rulings;
- (B) Evidence received or considered during the individual proceeding;
- (C) A statement of matters officially noticed;
- (D) Questions and offers of proof, objections, and rulings thereon;
- (E) Proposed findings and exceptions;
- (F) Any decision, opinion, or report by the Board or a hearing officer presiding at the hearing; and
- (G) All other evidence or data submitted to the Board or hearing officer in connection with their consideration of the case.

(2) The State Board Secretary shall electronically record the proceedings, with the exception of the executive sessions. The recording shall be made and maintained in accordance with the requirements of 75 O.S. § 309, and a copy shall be provided to any party to the proceeding upon request. If the requesting party should desire the tape(s) to be transcribed by a court reporter, the requesting party shall bear the expense.

(i) **Rights to a rehearing, reopening or reconsideration.**

(1) A petition for rehearing, reopening or reconsideration of a final order must be filed with the Secretary of the State Board within ten (10) days from the entry of the order. It must be signed by the party or his or her attorney, and must set forth with particularity the statutory grounds upon which it is based. However, a petition based

upon fraud practiced by the prevailing party or upon procurement of the orders by perjured testimony or fictitious evidence may be filed at any time. All petitions for rehearing, reopening, or reconsideration will be considered and ruled upon as soon as the convenient conduct of the Board's business will permit.

(2) A petition for a rehearing, reopening, or reconsideration shall set forth the grounds for the request. The grounds for such a petition shall be either:

- (A) Newly discovered or newly available evidence, relevant to the issues;
- (B) Need for additional evidence adequately to develop the facts essential to proper decision;
- (C) Probable error committed by the Agency in the proceeding or in its decision such as would be grounds for reversal on judicial review of the order;
- (D) Need for further consideration of the issues and the evidence in the public interest; or
- (E) A showing that issues not previously considered ought to be examined in order to properly dispose of the matter. The grounds which justify the rehearing shall be set forth by the State Board of Education which grants the order, or in the petition of the individual making the request for the hearing.

(3) It is the burden of the party requesting a rehearing to notify the opposing party of the appeal.

(4) Rehearing, reopening, or reconsideration of the matter may be heard by the State Board of Education or may be referred to a hearing officer. The hearing must be confined to those grounds on which the recourse was granted.

(j) **Judicial review.** Any person or party aggrieved or adversely affected by a final order in an individual proceeding is entitled to certain judicial review in accordance with the provisions of the Oklahoma Administrative Procedures Act, and the procedures set forth therein shall govern appeals.

(k) **Applications for reinstatement of a certificate.** After five (5) years of the effective date of revocation of a certificate, or after expungement of the offense(s) that formed the basis for the revocation by a court of competent jurisdiction, an individual may apply for reinstatement of the certificate in accordance with the application procedures set forth by the State Department of Education.

(l) **Notifications of suspension or revocation.** Upon the suspension or revocation of an individual's certificate, the State ~~Board~~ Department of Education shall notify the superintendent (or board of education, if the superintendent is the holder of the suspended or revoked certificate) of the district that most recently employed the certified individual based upon the individual's certification number and the personnel reports currently on file with the State Department of Education. In addition, the State Board shall to the extent possible notify the superintendents of all Oklahoma school districts. Notification shall also be provided to the extent possible to certification officers in each state or territory of the United States.

Senate Bill 783 (2021), amending the Education Open Transfer Act (the "Act") was signed into law and became effective on March 31, 2021, and is codified at 70 O.S. § 8-101.2, 8-103, 8-103.1, and 8-113. This law requires the State Board of Education to promulgate rules to establish an appeals process for denied student transfer applications for the revised school transfer policy that took effect on January 1, 2022. The Act also requires amendments to existing administrative rule concerning student transfers. As such, the approved administrative rule establishes a process for appeals of student transfer requests that have been denied, and also updates provisions of the existing administrative rule to be consistent with the amendments to the Act.

SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE  
DATE OF SEPTEMBER 11, 2022:**

## SUBCHAPTER 1. GENERAL PROVISIONS

### 210:10-1-18. Transfers

(a) **Definitions.** The following words and terms, when used in this subchapter, shall have the following meaning, unless the context clearly indicates otherwise:

(1) **"Student of a Deployed Parent"** means a student who is the dependent child of a member of the active uniformed military services of the United States on full-time active duty status and for whom Oklahoma is the home of record or a student who is the dependent children of a member of the military reserve on active duty orders and for whom Oklahoma is the home of record.

(2) **"Open Transfer(s)"** means the transfer of a student from the district in which the student resides to another school district furnishing the grade the student is entitled to pursue.

(3) **"Parent"** means the parent, legal guardian, foster parent, or person having custody of the student seeking a transfer, whose residence is used to determine the residence of the student in accordance with the provisions of 70 O.S. § 1-113(A)(1). For purposes of the Individuals with Disabilities Education Act at 20 U.S.C. § 1400 et seq. (IDEA), the definition of Parent set forth in 34 C.F.R. § 300.30 shall supersede the definition of Parent set forth in this subsection.

(4) **"Receiving School District"** means the school district to which the student is seeking to be transferred.

(5) **"Resident School District"** means the school district in which the Parent, guardian, or person having custody of the student resides, as defined in 70 O.S. § 1-113(A)(1).

(ab) **Governing statutes.** ~~All district transfers~~ Open Transfers shall be governed by the Oklahoma Education Open Transfer Act, 70 O.S. § 8-101.1, et seq. In addition, the following types of transfers are governed by the following provisions of law:

(1) **Students with disabilities.** Transfers made for the purpose of providing a free appropriate public education (FAPE) to special education students shall be governed by 70 O.S. § 18-110 and 70 O.S. § 13-101, et seq. Such transfers shall not be considered ~~open transfers~~ Open Transfers subject to the provisions of (d) of this Section.

(2) **Gifted and talented students.** Transfers made for the purpose of providing gifted child educational programs shall be governed by 70 O.S. § 1210.307. Such transfers shall not be subject to the provisions of (d) of this Section.

(3) **Parents who are teachers.** Transfers for the purpose of allowing a student to attend school in a district in which the student's ~~parent~~ Parent is employed as a teacher shall be governed by 70 O.S. § 8-113. Such transfers shall not be subject to the provisions of (d) of this Section.

(4) **Deployed parents** ~~Parents.~~ Transfers for the purpose of allowing a student of a deployed ~~parent~~ Parent to attend school in a ~~transfer district~~ districts in which a family member resides shall be governed by 70 O.S. § 8-103.1.

Such transfers shall not be subject to the provisions of (d) of this Section.

(5) **Emergency transfers.** Transfers on the basis of an emergency shall be governed by 70 O.S. § 8-104.

(65) **Sibling transfers.** Transfers of siblings pursuant to the provisions of 70 O.S. § 8-101.2 shall be processed as ~~open transfers~~ Open Transfers in accordance with the requirements of 70 O.S. § 8-103 and (d) of this Section. Transfers of multiple birth siblings shall be processed as ~~open transfers~~ Open Transfers, provided that if multiple birth siblings are transferred to the same receiving district, a ~~parent~~ Parent or guardian may request placement at the same school and/or in the same classroom under the provisions of 70 O.S. § ~~25-154(A)~~ 24-154(A).

(bc) **District policies and procedures pertaining to student transfers.** ~~Local school districts shall adopt policies and procedures governing the transfer of students who do not reside in the school district. Such policies and procedures shall comply with all provisions of state law governing student transfers, including the statutes pertaining to transfers referenced in (a) of this Section. If permitted by statute and the provisions of this Section, the receiving school board of education may refuse the transfer request of a student who does not reside in the district in accordance with the provisions of the adopted policy, but may not accept or deny a request based on statutorily prohibited factors as set forth in 70 O.S. § 8-103.1.~~

(1) Each school district board of education shall adopt a policy to determine the number of transfer students the school district has the capacity to accept in each grade level for each school site within a school district pursuant to 70 O.S. § 8-101.2. The policy may include the acts and reasons outlined in 70 O.S. § 24-101.3 and a history of absences as bases for denial of a transfer. "History of absences" means ten or more absences in one semester that are not excused for the reasons provided for in 70 O.S. § 10-105(B) or due to illness. The school district's policy shall not include any other basis for denying a transfer request.

(2) The transfer of a student from the district in which the student resides to another school district furnishing instruction in the grade the student is entitled to pursue shall be granted at any time in the year unless:

(A) The number of transfers exceeds the capacity of a grade level for each school site within a school district; or

(B) The transfer would violate the school's adopted transfer policy with respect to acts and reasons outlined in 70 O.S. § 24-101.3 or a student's history of absences.

(3) A school may not accept or deny a request based on the statutorily prohibited factors set forth in 70 O.S. § 8-103.1.

(4) If the grade a student is entitled to pursue is not offered in the district where the student resides, a transfer request shall be automatically approved by the Receiving School District. 70 O.S. § 8-101.

(e) **Definitions.** The following words and terms, when used in this subchapter, shall have the following meaning, unless the context clearly indicates otherwise:

(1) **"Active duty orders"** means temporary transfer of a member of the active uniformed military services of the United States to a location that is outside of the service member's school district of residence in compliance with official orders in support of combat, contingency operation or a natural disaster that requires the use of orders for more than thirty (30) consecutive days.

(2) **"Deployed parent"** means a "parent" under the definition set forth in this subsection who is a member of the active uniformed military services of the United States, is on full time active duty status or active duty orders, and for whom Oklahoma is the home of record.

(3) **"Emergency transfer"** means the transfer of a student from the district in which the student resides to another school district furnishing the grade the student is entitled to pursue which, for specific reasons, must be requested and approved outside of the statutory timeframe required for open transfers.

(4) **"IEP service agreement"** means an Individualized Education Program agreement between school districts to provide special education and related services to an eligible student with a disability solely for the purpose of providing the student a free appropriate public education (FAPE). An IEP Service Agreement is the resourcing of special education and related services (i.e., all services required to be provided to a student pursuant to the provisions of the IDEA) to a school district that provides special education and related services to an eligible student with a disability on behalf of the resident district.

(5) **"Open transfer"** means the transfer of a student from the district in which the student resides to another school district furnishing the grade the student is entitled to pursue. An open transfer may be requested and approved only during the statutory timeframe.

(6) **"Parent"** means the parent, legal guardian, or person having custody of the student seeking a transfer, whose residence is used to determine the residence of the student in accordance with the provisions of 70 O.S. § 1-113(A)(1). For purposes of the Individuals with Disabilities Act at 20 U.S.C. § 1400 et seq. (IDEA), the definition of parent set forth in 34 C.F.R. § 300.30 shall supersede the definition of parent set forth in this subsection.

(7) **"Receiving school district"** means the school district in which the student is seeking to be transferred.

(8) **"Resident school district"** means the school district in which the parent, guardian, or person having custody of the student resides, as defined in 70 O.S. § 1-113(A)(1).

(9) **"Teacher"** means any person employed in a position that meets the definition of a teacher set forth in 70 O.S. § 1-116.

(d) **Open Transfers.** Transfers to another district may be approved by the board of education of the receiving school district. If the grade a student is entitled to pursue is not offered

in the district where the student resides, the transfer shall be automatically approved by the receiving school district. No student may be granted more than one (1) open transfer per school year, but may qualify for additional transfers pursuant to emergency provisions of the Education Open Transfers Act or a legal change in residence. All open transfers Open Transfers must be initiated and processed in accordance with the following procedures:

(1) The ~~parent~~Parent of the student must complete an application form specified by the State Board of Education. ~~The application must be filed with the receiving school district by May 31 of the school year preceding the school year for which the transfer is being requested.~~

(2) No later than May 31 of the same year in which the transfer is requested, the receiving school district shall notify the resident school district that an application for transfer has been filed by the student enrolled in the resident school district. The application shall be filed with the superintendent of the Receiving School District for transfers to school districts in this state and with the State Board of Education for transfers to school districts in another state.

(3) No later than July 15 of the same year in which the transfer is requested, the board of education of the receiving school district shall approve or deny the application and notify the parents of the student of the decision in writing. The Receiving School District shall approve or deny the application and notify the Parent of the student of the decision in writing within 30 days of receiving an application. Applications shall be processed in the order in which they are received. If the number of student transfer applications exceeds the capacity of a Receiving School District, the district shall select transfer students in the order in which the district received the student transfer applications.

(4) No later than August 1 of the same year in which the transfer is requested ~~If the transfer application is accepted, the parents~~Parents of the student shall provide the receiving school district ~~with~~ written notification that the student will be enrolling in the ~~receiving school district~~Receiving School District ~~within ten days of receiving notice that the transfer application was approved.~~ Failure of the ~~parents~~Parents to notify may result in the loss of the student's right to enroll in the school district for that year only. If a ~~parent~~Parent fails to notify the ~~receiving school district~~Receiving School District that a student will be enrolling, and the ~~receiving school district~~Receiving School District chooses to cancel the transfer, the ~~receiving school district~~Receiving School District shall provide a written notice of the cancellation to the ~~parent~~Parent ~~and the resident district of the student~~ immediately upon cancellation.

(5) ~~Approval of the resident district is not required for an open transfer. If a transfer application is denied, the Parents of the student may appeal the Receiving School Districts decisions as set forth in 70 O.S. § 8-101.2(E) and Okla. Admin. Code § 210:10-1-18.1.~~

(6) ~~Transfer requests submitted outside of the statutory time frame for open transfers will not be considered timely~~

and must meet the statutory criteria of an emergency transfer to be approved. If the Receiving School District receives notice that the transferring student will be enrolling in the Receiving School District, the Receiving School District shall notify the Resident School District within ten (10) days.

(7) ~~Notwithstanding the provisions of this subsection, a student shall be allowed to transfer to a school district in which a parent of the student is employed as a teacher upon the approval of the receiving district only, without regard to the deadlines or other limitations on number of transfers set forth in this subsection. Approval of the resident district is not required for an Open Transfer.~~

(e) **Emergency and mandatory transfers.** In addition to the open transfer process, students may be transferred on an emergency basis as prescribed by statute or on the basis of a transfer mandated by statute. Emergency transfers must be initiated and processed in accordance with the following procedures:

(1) The parents of the student may make an application for an emergency transfer. The application for emergency transfer must be filed with the superintendent of the receiving school district.

(2) The superintendent of the receiving school district or his/her designee responsible for approving transfers may approve the emergency transfer only upon an adequate showing of emergency, and subject to approval of the State Board of Education.

(3) Only the superintendent of the receiving school district or his/her designee responsible for approving transfers may submit an application for emergency transfer to the State Board of Education for approval. The superintendent or designee of the receiving school district shall collect documentation from the student desiring to be transferred, and may be required to submit such documentation to the State Board of Education through the State Department of Education's student information system. In submitting an application for an emergency transfer to the State Board of Education, the superintendent or designee verifies that he/she has personally reviewed and approved the application and has a good faith belief that the student qualifies for an emergency transfer.

(A) If the superintendent has appointed a designee to review and approve emergency transfers, the school district shall notify the State Department of Education of the appointment.

(B) Resident district approval of an emergency transfer is only required if an emergency transfer is being requested on the basis of concurrence of both the resident district and the receiving school district pursuant to 70 O.S. § 8-104(5). Emergency transfer approval requests submitted to the State Board of Education on the basis of 70 O.S. § 8-104(5) shall be reviewed by the resident district within ten (10) business days of submission. Failure of the resident district to take action to approve or deny the emergency transfer request within ten (10) business days shall result in an automatic approval.

(4) Emergency transfers shall be approved only in the following circumstances:

- (A) The destruction or partial destruction of a school building;
- (B) Inability of the resident district to offer the subject a student desires to pursue, if the student becomes a legal resident of the school district after February 1 of the school year immediately prior to the school year for which the student is seeking to transfer.
- (C) A catastrophic medical problem of a student, which for purposes of this section shall mean an acute or chronic serious illness, disease, disorder or injury which has a permanently detrimental effect on the body's system or renders the risk unusually hazardous;
- (D) Total failure of transportation facilities;
- (E) With the concurrence of both the resident and receiving school districts;
- (F) The unavailability of remote or on site Internet-based instruction by course title in the district of residence for a student identified as a result of the district's intake and screening procedures as in need of drop-out recovery or alternative education services, provided such student was enrolled at any time in a public school in this state during the previous three (3) school years;
- (G) The unavailability of a specialized deaf education program for a student who is deaf or hearing impaired. This transfer may be processed and handled as an IEP Service Agreement. Such determination shall be made in coordination with the parents of the requesting student; or
- (H) When a student has been the victim of harassment, intimidation and bullying as defined in 70 O.S. § 24-100.3, and the receiving school district has verified that:
  - (i) The student has been the victim of harassment, intimidation or bullying; and
  - (ii) The resident school district was notified of the incident or incidents prior to the filing of the application for transfer;

(5) Obtaining an emergency transfer by submitting an application that includes false or inaccurate information, or obtaining an emergency transfer on behalf of a student who remains in the resident school district may result in a reduction of a district's funding allocation based on Average Daily Attendance (ADA) and/or Average Daily Membership (ADM).

(6) If a student to whom an emergency transfer has been granted fails to report and/or enroll in the receiving school district, the superintendent of the receiving school district shall notify the State Board of Education and the resident school district within ten (10) business days.

(f) **Deployed parents**~~Parent~~. Student transfers under the Deployed Parents School Act of 2012 at 70 O.S. § 8-103.1 shall be processed in accordance with the following provisions:

(1) The parents of the student may make an application for a deployed parent transfer. The application for a deployed parent transfer must be filed with the superintendent of the receiving school district. If a transfer request is submitted on behalf of a student of a deployed parent in accordance with 70 O.S. § 1-103.1 and this administrative rule, the application shall be approved regardless of the capacity of the receiving school district.

(2) The superintendent of the receiving school district or his/her designee responsible for approving transfers may approve deployed parent transfer only upon an adequate showing of the following: Local school district boards of education shall adopt a policy for transfer requests by students of a deployed parent.

- (A) The parent meets the definition of a deployed parent set forth in (c) of this Section;
- (B) The parent has a current, valid identification card issued by the United States Department of Defense; and
- (C) The student will be residing with a relative of the student who lives in the receiving school district or who will be living in the receiving school district within six (6) months of the date that the application for transfer is filed.

(3) Transfers pursuant to the provisions of this subsection shall not be subject to the open transfer deadlines set forth in (d) of this Section. Transfer requests on behalf of Students of a Deployed Parent shall be processed in accordance with 70 O.S. § 8-103.1.

(g) ~~Cancellation~~**Termination of transfers**~~Transfers~~. Transfers may only be cancelled in accordance with the following provisions:—A transfer may not be terminated in the middle of a school year. At the end of each school year, a school district may deny continued transfer of the student for the reasons outlined in 70 O.S. § 8-101.2(B)(1)-(2). Written notice of a receiving school district's intention to deny continued transfer of a student shall be given to the parent of a student by no later than July 15 and shall comply with Okla. Admin. Code § 210:10-1-18.1(b)(3). A receiving school district's denial of a continued transfer may be appealed in compliance with § 210:10-1-18.1.

(1) Open transfers may not be cancelled unless the receiving school district has notified the resident school district and parent of the students of its intent to cancel the transfer by July 15 prior to the school year for which the school district seeks to cancel the transfer.

(2) Emergency transfers may only be cancelled with the concurrence of the board of the receiving school district and the parent of the student. A school district must notify the parent in writing of the date and time for which the transfer will be considered for cancellation by the school board and the written notice must be received by the parent no less than five (5) business days prior to the date of a regularly scheduled meeting at which the proposed cancellation will be considered, or no less than forty eight (48) hours prior to the meeting at which the proposed cancellation will be considered if it is a special meeting.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S. SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2022:**

## SUBCHAPTER 1. GENERAL PROVISIONS

### 210:10-1-18.1. Right to Appeal Transfer Application Upon Denial

(a) **Definitions.** The following words and terms, when used in this subchapter, shall have the following meaning, unless the context clearly indicates otherwise:

(1) **"Student"** means a student who is requesting transfer from the district in which the student resides to another school district furnishing instruction in the grade the student is entitled to pursue.

(2) **"Parent"** means the parent, legal guardian, foster parent, or person having custody of the student seeking a transfer, whose residence is used to determine the residence of the student in accordance with the provisions of 70 O.S. § 1-113(A)(1). For purposes of the Individuals with Disabilities Education Act at 20 U.S.C. § 1400 et seq. (IDEA), the definition of Parent set forth in 34 C.F.R. § 300.30 shall supersede the definition of Parent set forth in this subsection.

(3) **"Receiving School District"** means a school district to which a Student is seeking to be transferred.

(4) **"Receiving Board of Education"** means the board of education for the Receiving School District.

### (b) **Appeal to Receiving Board of Education.**

(1) If a transfer request made pursuant to 70 O.S. § 8-101.2 is denied by the Receiving School District, the Parent of the Student may appeal the denial to the Receiving Board of Education.

(2) The Receiving School District shall provide notification of denial in writing to the Parent of the Student by either hand-delivery, by U.S. Mail or electronic mail.

(3) The notification shall include:

(A) An explanation, including but not limited to any citation to the statute, regulation, or school district policy under which the denial was made;

(B) A copy of the policy adopted by the Receiving Board of Education for determining the number of

transfer students the school district has capacity to accept;

(C) A copy of this administrative rule; and

(D) The date upon which the appeal will be due.

(4) A Parent of a Student shall have ten days to appeal a Receiving School District's denial of a transfer request. If notification of denial is hand-delivered, the appeal period shall begin the day after the notification is delivered. If notification of denial is sent by U.S. Mail, the appeal period shall begin three days after the notification is mailed. If notification of denial is sent by electronic mail, the appeal period shall begin the day after the notification is sent. The Receiving Board of Education shall accept an otherwise untimely appeal if a Parent of a Student can establish that they did not receive actual notice of the notification denying the transfer request, and the appeal was submitted within ten days after the Parent of the Student received actual notice.

(c) **Submission of Appeal to Receiving Board of Education.** An appeal to a Receiving Board of Education shall be submitted to the office of the superintendent of the Receiving School District. The appeal shall include the following:

(1) The name, address and telephone number of the Parent of the Student and the Student for whom the appeal is being taken;

(2) The date the Receiving School District gave notice denying the transfer request;

(3) The basis for appealing the decision of the Receiving School District; and

(4) The name, address and telephone number of the appellant's legal representative, if applicable. Any documentary evidence should be attached to the petition for appeal.

(d) **Timeframe for Hearing of Appeal to Receiving Board of Education.** The Receiving Board of Education shall consider the appeal at its next regularly scheduled board meeting.

(e) **Appeal to State Board of Education.**

(1) If the Receiving Board of Education denies an appeal of a request to transfer made pursuant to 70 O.S. § 8-101.2, the Parent of the Student may appeal the denial to the State Board of Education.

(2) The Receiving Board of Education shall provide notification of denial in writing to the Parent of the Student by either hand-delivery, by U.S. Mail or by electronic mail.

(3) The notification shall include:

(A) An explanation, including but not limited to any citation to the statute, regulation, or school district policy under which the denial was made;

(B) A copy of the policy adopted by the Receiving Board of Education for determining the number of transfer students the school district has capacity to accept;

(C) A copy of the State Board of Education's prescribed form for an appeal; and

(D) A copy of this administrative rule.

(4) A Parent of a Student shall have ten days to appeal a Receiving Board of Education's denial of a transfer request. If notification of denial is hand-delivered, the appeal period shall begin the day after the notification is delivered. If notification of denial is sent by U.S. Mail, the appeal period shall begin three days after the notification is mailed. If notification of denial is sent by electronic mail, the appeal period shall begin the day after the notification is sent. The State Board of Education shall accept an otherwise untimely appeal if a Parent of a Student can establish that they did not receive actual notice of the notification denying the transfer request, and the appeal was submitted within ten days after the Parent of the Student received actual notice.

(f) **Submission of an Appeal to the State Board.** An appeal to the State Board of Education shall be submitted to the Executive Secretary of the Board. The Parent of a Student appealing a transfer denial from a Receiving Board of Education shall use the form prescribed by the State Board of Education. At the time of submitting an appeal to the State Board, the appellant must concurrently submit a copy of the appeal to the superintendent of the Receiving School District that denied the transfer request. The superintendent shall immediately transmit the appeal to the Receiving Board of Education.

(g) **Form for Appeal.** At a minimum, the appeal form prescribed by the State Board of Education shall include the following information:

(1) The name, address, and telephone number of the Parent of the Student and the Student for whom the appeal is being taken;

(2) The name of the Receiving Board of Education against whom the appeal is filed;

(3) The date on which the Parent of the Student received notification that the Receiving Board of Education denied the transfer request;

(4) The basis for appealing the decision of Receiving School Board and statement that any documentary evidence should be attached to the petition for appeal;

(5) The name, address and telephone number of the appellant's representative, if applicable;

(6) Notice that the appeal will be considered by the State Board at the next regularly scheduled meeting, at which the appellant and school district may appear; and

(7) A signature of the appellant, or authorized representative.

(h) **Response.** Upon receipt of notice of an appeal, but not later than five (5) days prior to the date at which the appeal is scheduled to be considered by the State Board of Education, the Receiving Board of Education may submit a written response to the appeal. Responses should not exceed five (5) pages. If not submitted by the appealing Parent, the Receiving Board of Education shall provide a copy of the policy adopted to determine the number of transfer students the school district has the capacity to accept in each grade level for each school site within a school district.

(i) **Timeframe for Hearing Appeal to State Board.** Appeals shall be considered by the State Board of Education at its next regularly scheduled meeting. No later than ten (10)

# Permanent Final Adoptions

days from the date of the consideration of the appeal request, the State Board of Education will provide the appellant and the denying school district with notice of the time and place of the State Board meeting at which the appeal will be considered. The appellant and school district will have an opportunity to appear in person or by authorized representative or by attorney to address the State Board at the meeting.

**(j) Consideration of Appeal to State Board of Education.** If a Receiving Board of Education has not adopted a policy to determine the number of transfer students the school district has the capacity to accept in each grade level for each school site within a school district, there shall be a presumption that the receiving school district has capacity to accept the student requesting transfer. If no policy has been adopted, the receiving school district board of education shall have the burden to present evidence demonstrating that capacity does not exist. If a Receiving Board of Education has not adopted a capacity policy, it may not reject a transfer request based on:

- (1) The acts and reasons outlined in Section 24-101.3;
- or
- (2) A history of absences.

### GIST/ANALYSIS:

House Bill 1775 (2021) was signed into law on May 7, 2021, with an emergency clause making it effective on July 1, 2021, and now codified at 70 O.S. § 24-157. This law requires the State Board of Education to promulgate rules, approved by the Legislature, to implement the requirements and prohibitions identified in the law. On Sept. 10, 2021, the State Board of Education adopted emergency rules pursuant to these statutory requirements, including in the rule definitions of key terms of what and who is subject to the provisions of the law and rules, and included a process for individuals and entities to file complaints for an alleged violation of the law. On January 3, 2022, a notice of permanent rulemaking intent was published in the *Oklahoma Register* on behalf of the State Board of Education. Written comments on the proposed rules were accepted from January 3, 2022, through February 2, 2022. A public hearing was also conducted on February 2, 2022, during which additional public comment was provided. After considering and responding to public comment, the State Board of Education revised the rule, including clarifying language with regards to submitting, investigating, and reporting complaints. Further, the revised rule streamlines the reporting processes at both the local and state levels, as well as reduces the time for a school district to complete its investigation.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S. SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2022:**

## SUBCHAPTER 1. GENERAL PROVISIONS

### **210:10-1-23. Prohibition of race and sex discrimination**

**(a) Purpose.** It shall be the policy of the Oklahoma State Board of Education to prohibit discrimination on the basis of race or sex in the form of bias, stereotyping, scapegoating, classification, or the categorical assignment of traits, morals, values, or characteristics based solely on race or sex. Public schools in this state shall be prohibited from engaging in race or sex-based discriminatory acts by utilizing these methods, which result in treating individuals differently on the basis of race or sex or the creation of a hostile environment.

### **(b) General.**

#### **(1) Definitions.**

**(A) "Public School"** means the board of education of a school district, charter school, virtual charter school or otherwise accredited school, as defined and provided for in 70 O.S. § 1-108, 70 O.S. § 3-132, 70 O.S. § 3-145.3 and 70 O.S. § 3-104, respectively.

**(B) "Course"** means any program or activity where instruction or activities tied to the instruction are provided by or within a Public School, including courses, programs, instructional activities, lessons, training sessions, seminars, professional development, lectures, coaching, tutoring, or any classes.

(C) **"Teacher"** means the same as it is defined in 70 O.S. § 1-116.

(2) **Applicability.** This rule shall apply to all Public Schools in this state and any Teacher, administrator or other employee of a Public School.

(3) **Nondiscrimination.** Nothing in this rule shall be intended to prohibit a Public School from employing lawful methods to address discrimination consistent with the requirements of the Equal Protection Clause of the Fourteenth Amendment, Title VI of the Civil Rights Act of 1964 ("Title VI"), Title IX of the Education Amendments of 1972 ("Title IX"), and 70 O.S. § 24-157(B). Further, nothing in this rule shall interfere with mandated activities required of a Public School pursuant to a court order of desegregation.

(4) **Severability.** If any specific provision of this rule or its application to any person or Public School is held invalid, the remainder of the rule or the application of its provisions to any Public School, person, practice or entity shall not be affected.

(5) **Instruction.** Nothing in this rule shall be construed to prevent the teaching of history, social studies, English language arts, biology or any other subject matter area consistent with the Oklahoma Academic Standards as adopted and approved by the State Board of Education and approved by the Oklahoma Legislature.

(6) **Title IX of the Education Amendments of 1972.** Nothing in this rule shall be interpreted to prohibit the lawful consideration of sex, as authorized by Title IX, which permits distinctions and/or classifications based on sex in specific circumstances. This includes but is not limited to the provision of single-sex programs, the establishment of separate sex facilities (bathrooms and locker rooms) or sex-specific athletic teams, consistent with the requirements of Title IX and its implementing regulations at 34 C.F.R. Part 106.

(c) **General Prohibition.** No teacher, administrator or other school employee shall require or make part of any Course offered in a Public School the following discriminatory principles:

- (1) One race or sex is inherently superior to another race or sex.
- (2) An individual, by virtue of his or her race or sex, is inherently racist, sexist or oppressive, whether consciously or unconsciously.
- (3) An individual should be discriminated against or receive adverse treatment solely or partly because of his or her race or sex.
- (4) Members of one race or sex cannot and should not attempt to treat others without respect to race or sex.
- (5) An individual's moral character is necessarily determined by his or her race or sex.
- (6) An individual, by virtue of his or her race or sex, bears responsibility for actions committed in the past by other members of the same race or sex.
- (7) Any individual should feel discomfort, guilt, anguish or any other form of psychological distress on account of his or her race or sex, or

(8) Meritocracy or traits such as a hard work ethic are racist or sexist or were created by members of a particular race to oppress members of another race.

(d) **Specific Prohibitions Ensuring Compliance.** To ensure compliance with 70 O.S. § 24-157(B) and to not discriminate on the basis of race or sex, the following requirements shall apply to all aspects of Public School Course(s) or activities, and to any Public School, Teacher, administrator, other employee, or other individual, group or representative of a Public School:

(1) Public Schools in this state shall be prohibited from providing, contracting to provide, offering or sponsoring any Course(s), as defined in subsection (b)(1)(B), that includes, incorporates, or is based on discriminatory practices identified in section (c).

(2) Public Schools in this state shall be prohibited from using any public or private monies, property, or any other assets or resources to engage in race or sex-based discrimination, including discriminatory practices identified in section (c).

(3) Public Schools in this state shall be prohibited from adopting programs or utilizing textbooks, instructional materials, curriculum, classroom assignments, orientation, interventions, or counseling that include, incorporate or are based on the discriminatory concepts identified in subsection (c).

(4) Public Schools in this state shall be prohibited from executing contracts or agreements with internal or external entities, persons, companies or businesses to provide services, training, professional development, or any other assistance that includes, incorporates or is based on discriminatory practices identified in section (c). Within sixty (60) days of the approval of this rule, existing contracts or agreements executed by Public Schools that conflict with this requirement shall be amended to come into compliance with this section. Contracts or agreements executed solely to provide services prohibited by 70 O.S. § 24-157(B) or sections (c) or (d) of this rule shall be cancelled or terminated, consistent with the terms of the contract and applicable law.

(5) Public Schools in this state shall be prohibited from receiving or applying to receive any monies including state, federal or private funds, that require, as a condition of receipt, the adoption of a Course(s), policies, curriculum, or any other instructional material that includes, incorporates or is based on discriminatory practices identified in subsection (c).

(6) Public Schools in this state shall be prohibited from adopting diversity, equity, or inclusion plans that incorporate the concepts identified in subsection (c). Diversity officers in Public Schools shall be prohibited from providing any service or performing duties that include, incorporate, or are based on discriminatory practices identified in subsection (c).

(7) Public Schools shall be prohibited from mandating diversity training that includes, incorporates or is based on discriminatory practices identified in subsection (c). This

includes providing such training to employees, contractors, staff members, parents, students, or any other individual or group.

(8) Public Schools in this state shall be prohibited from adopting policies, including grading or admissions policies, or providing any other benefit or service that applies to students or any school employee differently on the basis of race or sex, unless specifically permitted by Title IX. (See (b)(6)). This prohibition includes segregated classes, programs, training sessions, extracurricular activities, or affinity groups unless otherwise permitted by Title IX. (See (b)(6)).

(9) Public Schools in this state shall be prohibited from requiring students to complete surveys, or using the results from surveys, to teach discriminatory concepts identified in subsection (c).

(10) Public Schools in this state shall be prohibited from joining any group or association that require, as a condition of membership, Teachers, administrators or other employees of a school district, charter school or virtual charter school to teach, provide instruction, or offer any Course that includes, incorporates, or is based on discriminatory practices identified in subsection (c) and violate state law.

(e) **Parents Rights.** Parents and legal guardians of students enrolled in Public Schools in this state shall have the right to inspect curriculum, all instructional materials used by a Public School as a part of the educational curriculum, classroom assignments, and lesson plans to ensure compliance with 70 O.S. § 24-157(B). Consistent with 25 O.S. § 2002, no Public School shall interfere with or infringe upon the fundamental rights of parents to determine their child's education.

(f) **State Department of Education and State Board of Education.** To ensure the compliance with the requirements of 70 O.S. § 24-157(B), as a part of any Course, the following requirements shall apply to the State Board of Education and the State Department of Education, respectively:

(1) The State Board of Education shall be prohibited from mandating state standards or promulgating any rule that is based on, includes or incorporates discriminatory concepts of race or sex-based discrimination, including concepts identified in section (c).

(2) The State Department of Education shall be prohibited from providing resources, instructional support, Courses, training, seminars, professional development, or any other class to Public Schools that is based on, includes or incorporates discriminatory concepts identified in section (c). This prohibition includes executing contracts or agreements with external entities, persons, companies or businesses to provide services, training, professional development, or any other assistance that includes, incorporates or is based on discriminatory practices identified in section (c) to Public Schools under the supervision of the Oklahoma State Board of Education and State Department of Education.

(3) The State Department of Education shall be prohibited from receiving or applying to receive any federal, state or private monies that require, as a condition of receipt, the adoption of programs, policies, curriculum, or

any other instructional material that includes, incorporates or is based on discriminatory practices identified in subsection (c).

(g) **Public School Policies and Investigations.** To ensure compliance, Public Schools shall be required to adopt policies and procedures, including incorporating into employee and student handbooks, the requirements of 70 O.S. § 24-157(B) and this rule. A Public School's policy developed pursuant to this section must specifically notify individuals of the right to file complaints under subsections (g) of this rule. Public Schools shall ensure that the parent or legal guardian of all students enrolled in the school are annually notified of the non-discrimination requirements in 70 O.S. § 24-157(B) and this rule.

(1) Public schools shall be required to develop a process for students, parents, teachers, school staff, and members of the public to file a complaint alleging a violation of the provisions of 70 O.S. § 24-157(B) or this rule. In order for a complaint to be accepted for investigation, it must:

(A) Be submitted in writing, signed and dated by the complainant, including complaints submitted through electronic mail that include electronic signatures;

(B) Identify the dates the alleged discriminatory act occurred;

(C) Explain the alleged violation and/or discriminatory conduct and how 70 O.S. § 24-157 or the provisions of this rule have been violated;

(D) Include relevant information that would enable a Public School to investigate the alleged violation; and

(E) Identify witnesses the Public School may interview, if applicable, provided the Public School will not dismiss a complaint for failure to identify witnesses.

(2) Public Schools shall be required to designate at least one employee to receive reports of violations filed by students, parents, teachers, school staff, or members of the public. Public Schools shall identify the employee(s) responsible for receiving complaints in policies and materials published pursuant to section (g).

(A) The contact information of employee(s) responsible for receiving complaints, including telephone and e-mail, shall be included in the policies and materials adopted pursuant to section (g) and shall be made publicly available on the Public School's website.

(B) The employee(s) responsible for receiving complaints pursuant to this section shall notify the complainant that the complaint has been received and whether it will be investigated within ten (10) days of receipt.

(C) Public Schools shall ensure that employees(s) responsible for receiving and investigating complaints under this subsection are unbiased and free of any conflicts of interest.

(3) Public Schools shall be required to investigate all complaints that meet the requirements of subsection (g)(1) and make a determination as to whether a violation occurred. A Public School must conclude the investigation of a complaint filed pursuant to subsection (g)(1) within forty-five (45) days of receipt of the complaint.

(A) A complainant shall be notified in writing of a final determination, including the Public School's findings of whether a violation occurred, within the forty-five (45) days of receipt of the complaint.

(B) It is permissible for a Public School to receive, process, and investigate complaints filed under this subsection in the same manner in which the Public School processes and investigates all other complaints of discrimination, provided the Public School notifies a complainant pursuant to subsection (g)(2)(B), reaches a final determination in the investigation within forty-five (45) days of receipt of the complaint pursuant to subsection (g)(3) of this rule and complies with (g)(3)(A).

(4) A complainant may file a complaint alleging a violation of 70 O.S. § 24-157 or this rule directly with a Public School pursuant to subsection (g)(1) of this rule or may file a complaint directly with the State Department of Education pursuant to subsection (h)(2) of this rule provided:

(A) A complainant may not file complaints simultaneously with a Public School and the State Department of Education;

(B) The State Department of Education may not require a complainant to first file with a Public School prior to seeking relief pursuant to (h)(2); and

(C) Any complainant who believes that a Public School has incorrectly refused to investigate a complaint or has evidence that a Public School has reached an incorrect determination may subsequently file a complaint with the State Department of Education pursuant to subsection (h)(2) of this rule.

(h) **Accreditation.** Consistent with State Board of Education's authority under 70 O.S. § 3-104.4 (I)(5), Public Schools in this state shall be evaluated annually to ensure compliance with 70 O.S. § 24-157(B) and the requirements of this rule.

(1) **Public School Application for Annual Accreditation.** Consistent with the provisions and requirements of OAC 210:35-3-201, a Public School's failure to comply with 70 O.S. § 24-157(B) or any requirement in this rule shall, at a minimum, result in the accreditation status of the Public School being classified "Accredited With Deficiency." The Public School shall have one school year to correct deficiencies.

(A) A Public School that fails to correct deficiencies after being classified as "Accredited With Deficiency" for violations of 70 O.S. § 24-157(B) or any requirement in this rule shall be classified, at a minimum, "Accredited With Probation" in the second year of noncompliance for "deliberately and unnecessarily violating one or more regulations." (See OAC 210:35-3-201(b)(4)(C)). The Public School shall have one school year to correct deficiencies.

(B) A Public School that fails to correct deficiencies after being classified as "Accredited With Probation" for violations of 70 O.S. § 24-157(B) or any requirement in this rule shall be classified "Nonaccredited" in the third year of noncompliance consistent with Oklahoma statutes and the State Board of Education's administrative rules, processes and procedures. (See OAC 210:35-3-201).

(2) **State Department of Education Investigation and Immediate Action.** Consistent with the requirements of 70 O.S. § 3-104.4, the Department shall investigate any complaint of any failure to comply with accreditation standards, including compliance with 70 O.S. § 24-157(B) or any requirement in this rule, within thirty (30) days. If the Department determines that a Public School has failed to comply with the accreditation standards, including this rule, the Department shall report the information to the State Board for further action, and within ninety (90) days, as required by 70 O.S. § 3-104.4.

(A) Complaints of alleged violations of 70 O.S. § 24-157(B) or any requirement in this rule shall be filed with the Accreditation Division of the State Department of Education. In order for a complaint to be accepted for investigation, it must

(i) Be submitted in writing, signed, and dated by the complainant, including complaints submitted through electronic mail that include electronic signatures;

(ii) Identify dates that alleged discriminatory act occurred;

(iii) Explain the alleged violation and/or discriminatory conduct and how 70 O.S. § 24-157 of the provisions of this rule have been violated;

(iv) Include relevant information that would enable a Public School to investigate the alleged violation; and

(v) Identify witnesses the Public School may interview, if applicable, provided the Public School will not dismiss a complaint for failure to identify witnesses.

(B) The State Department of Education shall post information on its website that provides instructions to students, parents, teachers, or other school employees on how to file a complaint pursuant to this subsection.

(3) Information obtained by the Accreditation Division under subsection (h), including violations of accreditation standards, shall be shared with the State Department of Education's Office of General Counsel and the State Board of Education's attorney for appropriate action or proceedings under subsection (j) of this rule. Findings of Teacher misconduct shall be reported to the Office of General Counsel for appropriate action or proceedings under subsection (j) of this rule.

(i) **Public Reporting.** Public School employee(s) designated pursuant to subsection (g)(2) shall be required to report for each complaint filed pursuant to subsection (g)(1)

## Permanent Final Adoptions

to the State Department of Education within ten (10) days of resolution of the complaint.

(1) The State Department of Education shall report monthly to the State Board of Education on complaints reported and filed pursuant to subsections (g)(2) and (h)(2), unless no complaints have been reported or filed or unless otherwise directed by the Board, including:

(A) The number of complaints filed with Public Schools;

(B) The number of complaints filed with Public Schools that were dismissed or not investigated;

(C) The number of complaints filed with Public Schools that were opened for investigation;

(D) The number of cases filed with Public Schools where, following a full investigation, the Public School determined that a violation occurred;

(E) The number of cases filed with Public Schools where, following a full investigation, the Public School determined no violation occurred;

(F) The number of cases filed with the Accreditation Division of the State Department of Education;

(G) The number of complaints filed with the Accreditation Division of the State Department of Education that were dismissed or not investigated;

(H) The number of complaints filed with the Accreditation Division of the State Department of Education that were opened for investigation;

(I) The number of cases filed with the Accreditation Division of the State Department of Education where, following a full investigation, the Department has determined that a violation occurred; and

(J) The number of cases filed with the Accreditation Division of the State Department of Education where, following a full investigation, the Department determined no violation occurred.

(2) Any Public School employee(s) who fails to timely file reports with the State Board of Education, as required by this subsection may be subject to proceedings pursuant to (j) of this rule.

(j) **Suspension or Revocation.** Consistent with OAC 210:1-5-6 and subsection (b)(1)(C), the provisions of this rule shall apply to superintendents of schools, principals, supervisors, librarians, school nurses, classroom teachers or other personnel performing instructional, administrative and supervisory services in the Public Schools.

(1) **Suspension.** As a part of its investigation of a legally sufficient complaint filed pursuant to subsection (g), the State Department of Education shall make a determination of whether to initiate proceedings to suspend the license or certificate of any school employee who is found to have violated 70 O.S. § 24-157(B) or any provision of this rule, consistent with the State Board's processes and procedures for suspension of certificates.

(2) **Grounds for Revocation.** Consistent with OAC 210:1-5-6, subsection (b), the State Board of Education

shall initiate proceedings to revoke the license or certificate of any school employee for "willful violation" of 70 O.S. § 24-157(B) or any requirement in this rule. (See OAC 210: 1-5-6(b)(1) - (b)(2)). The requirements and processes outlined in OAC 210:1-5-6, including the rights afforded to certificate holders, shall apply to all revocation proceedings.

(k) **Retaliation.** No individual shall be retaliated against for: 1) filing a complaint pursuant to subsections (g)(1) or (h)(2) of this rule; 2) exercising any right or privilege conferred by or referenced within this rule; or 3) exercising any right or privilege secured by a law referenced in this rule. Public Schools shall be prohibited from retaliating against any student, parent, Public School employee or any other individual for filing a complaint of exercising any right conferred by or referenced in this rule.

(1) Any school employee who retaliates against a complainant shall be subject to disciplinary action pursuant to subsection (j) of this rule.

(2) The State Department of Education shall be authorized to investigate complaints or retaliation filed under subsection (h)(2) of this rule.

(l) **Whistleblower Protection.** Any Teacher who files a complaint pursuant to subsection (g)(1) or (h)(2) of this rule or otherwise discloses information the Teacher reasonably believes evidences a violation of 70 O.S. § 24-157(B) or this rule shall be entitled to the Whistleblower Protections in applicable laws, including those at 70 O.S. § 6-101.6b.

(m) **False Reporting.** Any Teacher or other school employee who, willfully, knowingly and without probable cause makes a false report pursuant to subsection (g)(1) or (h)(2) of this rule may be subject to proceedings pursuant to subsection (j) of this rule.

(n) **Complaints by School Staff.** Any school employee who is discriminated against by a Public School in the form of race or sex based harassment, bias, stereotyping, scapegoating, classification, or the categorical assignment of traits, morals, values, or characteristics based solely on race or sex in violation 70 O.S. § 24-157(B), may file an employment discrimination complaint with the Oklahoma Attorney General's Office of Civil Rights Enforcement pursuant to 25 O.S. § 1101, *et seq.*

(o) **Relief.** Title VI and Title IX may be enforced by private right of action, whereby aggrieved parties may seek relief, including monetary damages, for violations of federal antidiscrimination laws. Victims of discrimination may file a lawsuit directly against the Public School. In addition to any private rights of action, aggrieved parties may seek applicable remedies through the U.S. Department of Education's Office for Civil Rights or the U.S. Department of Justice's Civil Rights Division.

**GIST/ANALYSIS:**

The current rules governing the Oklahoma Early Childhood Program (OECPP) were adopted in 2007, shortly after the creation of the program by the Oklahoma Legislature. The updated staffing requirements expand the background qualifications for teachers and assistant teachers to include areas beyond early childhood education while maintaining similar qualifications. This ensures that the pool of applicants is large enough to adequately staff classrooms with high-quality teachers. The updated timeframe for which programming is offered aligns more accurately with partnering childcare providers. More specifically, until 2018, programs were required to operate for forty-six (46) weeks per year with two weeks of staff training. Then, program operations were changed to authorize operations by the hour so that requirements (over six hours per day) still meet the total time of operation but can be shortened to a total time span of less than forty-six (46) weeks.

### GIST/ANALYSIS:

The current Administrative Rules for the Reading Sufficiency Act (RSA) were updated in 2020. When discussing the program requirements for Tier 1 instruction, it was discovered that the word "daily" was eliminated from the update when referring to the ninety (90) minutes of reading instruction. The word "daily" has been restored to the adopted rule to provide clarity and consistency.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S. SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2022:

## SUBCHAPTER 27. READING SUFFICIENCY ACT

### 210:15-27-4. Individualized Program of Reading Instruction

(a) **Eligible students.** ~~Each student~~ Students enrolled in kindergarten, first, second, and third grade in the public schools of Oklahoma shall be assessed at the beginning, middle, and end of each school year using a screening instrument approved by the State Board of Education. Any student found not to be reading at grade level shall be provided an Individualized Program of Reading Instruction designed to enable the student to acquire the appropriate grade level reading skills. Diagnostic assessment shall be provided if determined appropriate, and progress monitoring shall continue throughout the year.

(b) **Student Reading Proficiency Team.** For students found not to be reading at the corresponding grade level upon completion of an approved screening instrument, a Student Reading Proficiency Team shall be created. The following guidelines apply to Student Reading Proficiency Teams:

(1) For a student not reading at the corresponding grade level in first grade or second grade as identified by an approved screening instrument, the Student Reading Proficiency Team shall develop an individualized program of reading instruction. The team shall be composed of:

- (A) The student's parent(s) or guardian(s);
- (B) The teacher assigned responsibility for the student's reading instruction in that academic year;
- (C) A teacher assigned responsibility for reading instruction in the student's next grade level; and
- (D) A certified reading specialist, if available.

(2) For a third grade student who is not eligible for automatic promotion and who does not meet criteria on the reading foundations/processes and vocabulary portions of the third-grade assessment administered pursuant to 70 O.S. § 1210.508, a Probationary Promotion Reading Proficiency Team may evaluate the student for probationary promotion. Upon the unanimous recommendation of the Probationary Promotion Reading Proficiency Team and approval of the school principal and district superintendent, a student recommended for probationary promotion shall be promoted to fourth grade. The Probationary Promotion Reading Proficiency Team shall be composed of:

- (A) The student's parent(s) or guardian(s);
- (B) The teacher assigned responsibility for the student's reading instruction in that academic year;
- (C) A teacher assigned responsibility for reading instruction in the student's next grade level; and
- (D) A certified reading specialist.

(c) **Program requirements.** Each program of reading instruction shall include provisions of the READ Initiative adopted by the school district as provided for in 70 O.S. § 1210.508C. For purposes of the Reading Sufficiency Act, a "program of reading instruction" shall be based upon a Multi-Tiered Systems of Support (MTSS) model, and shall include:

(1) **Tier I.** Tier I, or core instruction, is research-based reading instruction for all students that is based on the science of how students learn to read and is aligned with the Oklahoma Academic Standards. Tier I instruction provides all students a minimum of ninety (90) minutes of daily reading instruction.

(2) **Tier II.** Tier II intervention is supplemental, direct, research-based instruction based on the cognitive science of how students learn to read, designed to supplement core instruction and address students' reading skill deficits. Tier II intervention is:

- (A) Based on specific student needs;
- (B) Reflects the needed intensity and/or frequency as identified by an appropriate reading assessment; and
- (C) Is determined by the teacher responsible for grade level Tier I reading instruction, reading specialist (if available), and building principal.

(3) **Tier III.** Tier III intervention is supplemental, direct, customized, and intensive research-based instruction based on the cognitive science of how students learn to read, designed to supplement core instruction and address students' reading skill deficits by targeting the area(s) of greatest need. Tier III intervention is:

- (A) Based on specific student needs;
- (B) Reflects the needed intensity and/or frequency as identified by a diagnostic assessment; and
- (C) Is determined by the teacher responsible for grade level Tier I reading instruction, reading specialist (if available), and building principal.

(d) **District review of program.** Each district shall conduct a review of the program of reading instruction for all students who do not meet criteria on the reading foundations/processes and vocabulary portions of the third grade assessment and do not qualify for a good-cause exemption under 70 O.S. § 1210.508C. For each student retained under the provisions of the Reading Sufficiency Act, the school district shall require a student portfolio to be completed. The district review of each retained student's program of reading instruction shall address additional supports and services needed to remediate the identified areas of reading deficiency, which may include but not limited to:

- (1) Small group instruction;
- (2) Reduced teacher-student ratios;
- (3) More frequent progress monitoring;
- (4) Tutoring or mentoring;
- (5) Transition classes containing third and fourth grade students;
- (6) Extended school day, week, or year; and
- (7) Summer Academy Reading Programs as provided for in 70 O.S. § 1210.508E, if available.

(e) **Students approved for probationary promotion.** For a student who is approved for probationary promotion, the Probationary Promotion Reading Proficiency Team shall continue to review the student's reading performance and repeat the evaluation and recommendation process described in 1210.508C each academic year until the student demonstrates grade-level reading proficiency on an approved screening instrument or transitions to another school. If a student who has been approved for probationary promotion transitions to another school before demonstrating grade-level proficiency on an approved screening instrument, a copy of the student's Individualized Program of Reading Instruction shall be provided to the student's subsequent school.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S. SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2022:

## SUBCHAPTER 9. PROFESSIONAL STANDARDS: TEACHER EDUCATION AND CERTIFICATION

### PART 9. TEACHER CERTIFICATION

#### 210:20-9-110. Alternative placement teaching certificates

(a) **Issuance of provisional alternative teaching certificates.** The State Department of Education shall issue a three (3) year, nonrenewable provisional alternative placement teaching certificate to an individual who completes the application for an alternative placement teaching certificate and submits all documentation necessary to verify that the applicant meets all of the following criteria:

(1) **Post-secondary education.** The applicant for alternative placement certification holds:

(A) At least a baccalaureate degree from an institution whose accreditation is recognized by the Oklahoma State Regents for Higher Education and has attained a retention grade point average of not less than 2.50 on a 4.0 scale; or

(B) A terminal degree in any field from an institution accredited by a national or regional accrediting agency recognized by the United States Department of Education, verified as a terminal degree by the Oklahoma State Regents for Higher Education; or

(C) At least a baccalaureate degree from an institution whose accreditation is recognized by the Oklahoma State Regents for Higher Education, and has completed at least two (2) years of qualified work experience. For purposes of this section, qualified work experience must be documentable through standard employment verification procedures, and relevant to a certification area or area of specialization as determined by the State Board of Education, the Office of Educational Quality and Accountability, the Department of Career and Technology Education, and/or the State Regents for Higher Education.

(2) **Competency in a certification area.** In addition to having completed qualifying post-secondary education, the applicant demonstrates competency in an area of specialization for an elementary-secondary certificate, a secondary certificate, or a vocational-technical certificate. Competency in a certification area may be demonstrated through the following:

(A) Completion of an academic major, or at least thirty (30) credit hours of post-secondary coursework, in a field that corresponds to a certification area.

(B) Completion of an academic minor, or at least fifteen (15) credit hours of post-secondary coursework, in a field that corresponds to a certification area, plus at least one (1) year of qualified work experience or relevant volunteer experience in the same field. Volunteer experience must be verified through documentation and/or references.

(C) At least three (3) years of qualified work experience or relevant volunteer experience in a field that corresponds to an area of certification, or a combination of relevant work and volunteer experience totaling at least three (3) years, plus a written recommendation from an employer or volunteer coordinator.

(D) Successful completion of a relevant professional exam (e.g. accountancy, nursing).

(E) Publication of a relevant article in a peer-reviewed academic journal or trade journal.

(F) Other documentable means of demonstrating competency, subject to the approval of the State Department of Education.

(3) **Intent to earn standard certification.** The applicant declares the intention to earn standard certification by means of an alternative placement program that meets the requirements of 70 O.S. § 6-122.3 in not more than three (3) years. An applicant shall be deemed to have declared their intent to earn standard certification through submitting a completed application for alternative certification.

(4) **Teacher competency examinations.** The applicant has passed all of the following teacher competency examinations:

(A) The Oklahoma General Education Test (OGET); and

(B) The Oklahoma Subject Area Test (OSAT) in each area of specialization for which certification is sought, unless the applicant is eligible for an exception to the OSAT requirement under 70 O.S. § 6-122.3(e). Pursuant to statute, in consultation with the Commission for Educational Quality and Accountability, the State Board of Education may grant an exception to the requirement to complete the OSAT exam for initial certification in a subject area for which the applicant holds a substantially related advanced degree from an accredited institution. This exception is not available for subject areas which require an advanced degree for certification, such as school administrator, school counselor, library media specialist, and reading specialist certificates.

(5) **Intent to serve as a public school teacher.** The applicant declares their intention to serve as a teacher at an Oklahoma public school. An applicant shall be deemed to have declared their intent to seek employment at an accredited Oklahoma public school district through submitting a completed application for alternative certification.

(b) **Requirements for enrollment in an alternative certification program.** As a prerequisite to enrollment in an

alternative placement program set forth in 70 O.S. § 6-122.3, applicants shall meet all of the following requirements:

- (1) The applicant has never been denied admittance to a teacher education program approved by the Oklahoma State Regents for Higher Education, the North Central Association of Colleges and Schools and by the Oklahoma Commission for Educational Quality and Accountability to offer teacher education programs; and has never been enrolled in and subsequently failed courses necessary to successfully meet the minimum requirements of the program;
- (2) The applicant has on file with the director of teacher education at an Oklahoma institution of higher education a plan for meeting standard certification requirements within three (3) years; and
- (3) The applicant is participating in the teacher residency program set forth in 70 O.S. § 6-195.

(c) **Requirements for professional education instruction.** Participants in alternative placement programs as addressed in subsection (b) must complete between six (6) and eighteen (18) credit hours of professional education instruction, or between ninety (90) and two hundred seventy (270) clock hours of school district-approved professional development, with the minimum hours of instruction required dependent on the applicant's prior level of education and/or experience. Professional education requirements must be completed within three (3) years after entering the Alternative Placement program. For all participants, except school counselors, professional education instruction must include at least one college credit course addressing pedagogical principles and at least one college credit course addressing classroom management. For school counselors, professional education instruction must include at least two college credit courses addressing the components of a comprehensive school counseling program, including but not limited to, data-informed decision making, closing achievement and opportunity gaps, school counseling ethical standards, and improving student achievement, attendance and discipline. For each year of documented experience in the relevant certification area, a participant's total required professional education may be reduced by three (3) credit hours or forty-five (45) clock hours, provided all participants must complete at least six (6) credit hours or ninety (90) clock hours of professional education instruction. Minimum required instructional hours shall be determined as follows:

- (1) For alternative placement program participants who hold a terminal degree, six (6) credit hours or ninety (90) clock hours of professional education instruction are required.
- (2) For alternative placement program participants who hold a non-terminal degree beyond a baccalaureate degree, twelve (12) credit hours or one hundred eighty (180) clock hours of professional education instruction are required.
- (3) For alternative placement program participants who hold a baccalaureate degree, eighteen (18) credit hours or two hundred seventy (270) clock hours of professional education instruction are required.

(d) **Issuance of standard teaching certificates.** The State Department of Education shall issue a standard teaching certificate to an individual who successfully completes all of the requirements set forth in (a), (b), and (c) of this Section within three (3) years of the date of issuance of the applicant's provisional alternative teaching certificate and meets all of the following requirements:

- (1) The applicant has passed the Oklahoma Professional Teaching Exam (OPTE) for either elementary/middle level or secondary level; and
- (2) The applicant has completed all professional education requirements of the alternative placement program set forth in 70 O.S. § 6-122.3 and the administrative rules and/or adopted policies of the State Board of Education.

(e) **No student teaching experience required.** Student teaching and/or pre-student teaching field experience shall not be required of alternative program applicants as a condition of receiving a provisional or standard certificate pursuant to the provisions of this Section.

(f) **Criminal history record check.** Prior to employing an alternatively certified teacher, the district board of education shall request a criminal history record check of the individual under the provisions of 70 O.S. § 5-142.

(g) **State Board of Education exceptions.** In accordance with the requirements of 70 O.S. § 6-122.3, the State Board of Education may grant a waiver or exception to any of the requirements of this Section and may grant a certificate upon demonstration of specific competency in the subject area of specialization by the applicant. An applicant for alternative certification who does not have at least two (2) years of relevant work experience, but demonstrates competency in the subject area in which certification is sought, may request an exception to the work experience requirement of 70 O.S. § 6-122.3.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2022:**

## **SUBCHAPTER 5. EDUCATOR PREPARATION PROGRAM ACCREDITATION**

### **218:10-5-3. Specific state requirements for program accreditation**

(a) The following requirements apply to both undergraduate and graduate programs. The governance and administration of the total educator preparation program standard is based on the premise that there must be a recognizable and functioning governance entity within the institution's administrative structure which has responsibility for designing, approving and continuously evaluating and developing educator preparation programs. This governing unit may be a council, committee, department, school, college, or any other recognizable entity, which includes the administration of educator preparation as one of its functions. The governing unit membership and responsibilities include the following:

(1) Membership on the educator preparation governing unit shall be defined by written policy to include:

(A) A majority of the members who have a minimum of three years teaching experience in public schools;

(B) A majority of the members in the governance unit who are currently teacher education faculty members;

(C) Some faculty members who shall represent the arts and sciences;

(D) A designated director of educator preparation defined as the institution's official representative for educator preparation. The authority and responsibilities of this individual shall be clearly defined in written policies; and

(E) A clearly defined process whereby faculty members and administrators become members and the terms of office.

(2) The responsibilities of the educator preparation governing unit shall be defined by written policy to include:

(A) Responsibilities of the officers of the unit;

(B) Responsibilities of the unit's standing committees; and

(C) Responsibilities in the following areas as they are related to educator preparation:

(i) Admission/retention in educator preparation;

(ii) Field experience and student teaching (admission and placement);

(iii) Development of courses and program curricula; and program review, evaluation and planning.

(3) Program review, evaluation and revision responsibilities include:

(A) The governance unit shall conduct at least one systematic review, evaluation, and when appropriate, revision of all educator preparation programs within each accreditation period;

(B) Periodic program reviews and revisions shall be based on, but not limited to, stated goals and objectives; and

(C) The process for conducting program review, evaluation, and revision shall include, but not be limited to, participation by the following:

(i) Educator preparation faculty and arts and science faculty;

(ii) Graduates of the programs;

(iii) Students currently in the program;

(iv) Teachers and administrators from the public schools;

(v) Parents of P-12 students and business and community leaders who are actively involved in assisting P-12 schools.

(4) Documentation related to the budget-making process and level of financial support shall include the following:

(A) A clearly defined budget-making process for all teacher education programs; and

(B) An analysis showing that the institution's financial support for programs in educator preparation are maintained at a level appropriate for a professional preparation program.

(b) Educator preparation faculty workload policies, including class-size and online course delivery, should allow faculty members to be effectively engaged in teaching, scholarship, assessment, advisement, collaborative work in P-12 schools, and service. Faculty loads for teaching on campus and online generally do not exceed 12 hours for undergraduate teaching and nine hours for graduate teaching per semester or the equivalent. Supervision of clinical practice does not generally exceed 18 candidates for each full-time equivalent faculty member per semester or the equivalent.

- (c) Candidate-related standards are to be consistent with accreditation standards.
- (d) Program decisions of the professional education unit are to be guided by a conceptual framework, which establishes the shared vision for the preparation of teacher candidates.
- (1) The conceptual framework application for state initial accreditation.
  - (2) The conceptual framework shall consist of:
    - (A) The program's philosophy, purposes, professional commitments and dispositions;
    - (B) A knowledge base that provides the foundation for the framework;
    - (C) Performance expectations for candidates that align with professional, state and institutional standards; and
    - (D) A system by which candidate performance is regularly assessed.
- (e) The following guidelines are to be used to collect and maintain data on each institution's educator preparation program:
- (1) The institution shall establish a process which seeks information and program input from educator preparation faculty; faculty from arts and sciences and other programs and disciplines which are appropriate; candidates within the educator preparation program; teachers, administrators, parents, guardians or custodians of students; and business and community leaders.
  - (2) The institution shall establish procedures to inform the public regarding the educator preparation program and to solicit and receive public input.
  - (3) The self-study shall be accessible to any interested party under the Oklahoma Open Records Act.
  - (4) The submitted institutional plan must be approved by the institution's governing board.
  - (5) Annual reviews and reports indicating program changes.
- (f) The following policies, procedures and guidelines are used to direct the content and candidates' experiences of each institution's teacher preparation program.
- (1) Programs require teacher candidates to have speaking and listening skills at a novice high level in a language other than English.
  - (2) General studies requirements for candidates include the arts, communication, history, literature, mathematics, philosophy, sciences, English, government, and the social sciences.
  - (3) Programs establish cohort or colleague groups within the institution to assist teacher candidates in achieving competencies, better adapting to the school environment and furthering professional growth.
  - (4) Candidates complete a well-planned sequence of courses and/or experiences in pedagogical studies that ensures student competency in the Oklahoma State Department of Education Full Subject Matter Competencies for Teacher Licensure and Certification.
  - (5) The guidelines and standards for program reviews representing specialty organizations and national learned society standards are used in developing programs in each content area.
- (6) Secondary and elementary/secondary teacher candidates have undergraduate majors or their equivalents, in a subject area.
- (7) Teacher candidates in early childhood, elementary, and special education have subject area concentrations, which allow qualification as a generalist. To qualify as a generalist, candidates must document competency in mathematics, science, language arts, and social studies as identified in the CAEP professional learned societies' standards and State Department of Education Full Subject Matter Competencies for early childhood, elementary and special education.
- (8) Teacher candidate coursework includes the study of substance abuse symptoms identification and prevention; mental illness symptoms identification and mental health issues; classroom management skills; trauma-informed responsive instruction; ~~and~~ classroom safety and discipline issues; and multi-tiered systems of support.
- (9) Teacher candidate coursework or training includes the use of digital and other instructional technologies to effectively maximize student learning.
- (10) Early childhood, elementary education and special education candidates; training includes research-based instructional strategies for instruction, assessment and intervention for literacy development for all students, including advanced readers, typically developing readers and struggling readers who are coping with a range of challenges, including, but not limited to, English learners and learners with handicapping conditions and learning disabilities (including dyslexia).
- (11) Teacher candidates must complete the equivalent of twelve (12) weeks of student teaching and have a minimum of 60 hours of diverse field experiences prior to their student teaching internship.
- (12) Teacher candidates are provided with advisement services to assist them in taking course work designed to maximize their opportunities for certification and employment. At a minimum, teacher candidates are provided information on the latest supply and demand information concerning teacher employment, state salary structure, and teaching shortage areas.
- (13) Substantive collaboration and classroom interaction with students accompany theoretical curriculum, thus allowing teacher candidates the opportunity to apply theory to actual classroom situations.
- (14) Instruction integrates pedagogical competencies or skills with experiences in the school setting.
- (15) Teacher candidates are provided with opportunities to have parental, family and community involvement within their pre-service programs.
- (16) The unit establishes and publishes a set of criteria/competencies for exit from each professional education program. These criteria/competencies reflect the Oklahoma Department of Education General Teacher

## Permanent Final Adoptions

---

Competencies and/or subject matter competencies outlined in the CAEP national (professional) learned societies' standards.

(17) The unit establishes and publishes the criteria/competencies for exit and satisfactory completion adhering to all rules and regulations established by the Oklahoma State Department of Education.

(18) A candidate's mastery of a program's stated exit criteria or competencies is assessed through the use of multiple sources of data such as culminating experience, portfolios, interviews, videotaped and observed performance in schools, standardized tests and course grades.

(19) Effective September 1, 2015 mentor teachers are required to have minimum of three years of teaching experience in the area in which they are certified.

(g) The following guidelines are to be used to facilitate the professional learning of faculty: Teacher education faculty continue their professional learning during their tenure at an institution of higher education to ensure that the future teachers of Oklahoma are taught by professional educators fully trained in their areas of expertise. Professional development for teacher educators and arts and sciences faculty should be focused on the faculty members' ability to model such effective teaching strategies as inquiry, group discussions and collaborative learning.

(h) The following policies are to be used to evaluate individual program areas at each institution: The institution shall submit program reviews for each required program area based upon the CAEP and/or State policies, guidelines and accreditation schedule.

(i) Gifted Education and Elementary Math Specialist programs, requiring no more than eighteen hours of graduate level coursework, designed as endorsement programs for certified educators are submitted to OEQA for process approval.

### SUBCHAPTER 7. EDUCATOR ASSESSMENT REGULATIONS

#### 218:10-7-1. Educator assessment regulations

(a) **Examinees - initial licensure and certification.**

(1) Any individual who applies for a teaching license/certification must successfully complete the competency examination as defined by the OEQA. The competency examination is made up of three components: The Oklahoma General Education Test (OGET) or an approved assessment of general knowledge, the Oklahoma Subject Area Test (OSAT) and the Oklahoma Professional Teaching Exam (OPTE) or an approved performance assessment measuring professional knowledge and skills.

(2) Any individual who completes a School Counselor preparation program approved by OEQA, and who is not a certified teacher, must successfully complete the Oklahoma General Education Test and the Oklahoma Subject Area Test for School Counselor.

(23) See Appendix A for competency exam requirements by certification area and test codes.

(b) **Examinees - additional certification.**

(1) Individuals wishing to add a certification area to an existing teaching credential must successfully complete the Oklahoma Subject Area Test for the field of the desired certification.

(2) Individuals wishing to add a teaching certification area to an existing license or standard certificate in Speech Language Pathologist, School Nurse, School Psychometrist and/or School Psychologist must successfully complete the Oklahoma Subject Area Test and ~~the Oklahoma Professional Teaching Exam~~ or an approved performance assessment measuring professional knowledge and skills for the field of the desired certification.

(3) See Appendix A for competency exam requirements by certification area and test codes

(c) **Examinees - alternative placement program.**

(1) Individuals seeking a teaching license via the Alternative Placement Program must successfully complete the Oklahoma General Education Test and the Oklahoma Subject Area Test. A licensed teacher via the Alternative Placement Program, excluding School Counselors, seeking a standard certificate must successfully complete the Oklahoma Professional Teaching Exam or an approved performance assessment measuring professional knowledge and skills.

(2) See Appendix A for competency exam requirements by certification area and test codes.

(d) **Examinees-out of state certification.** Individuals seeking an Oklahoma license/certification who are certified educators in another state(s) and have successfully completed a competency examination used in the majority of other states or comparable customized exam, will be exempt from meeting the Oklahoma educator assessment requirements for the subject/grade levels most closely aligned with their out-of-state certification.

(e) **Examinees - testing conditions and requirements compliance.**

(1) If an examinee fails to comply with the conditions and requirements specified or referenced on the Certification Examinations for Oklahoma Educators Test website, including the Conditions of Test Participation, or take any prohibited actions, the test results may be voided, no refund will be issued, no portion of the testing fee can be applied toward the cost of any future test administrations and/or the examinee's registration may be cancelled.

(2) If an examinee's test score is found to be unverifiable by either the testing company or the OEQA, the examinee will be allowed one (1) retake under controlled conditions at no cost to the examinee.

240:1-1-7. Petitions for declaratory rulings. The proposed amendment removes the requirement to provide a fax number on petitions for declaratory rulings.

240:1-3-9. Release of confidential information to specific government agencies. The proposed amendment adds the Oklahoma Department of Career and Technology Education and the Oklahoma State Regents of Higher Education as agencies approved to request access to wage information to determine educational outcomes of students graduating from schools and universities in Oklahoma.

240:1-5-1 through 1-5-7. Local Project Funding. In Executive Order 2020-3, Governor Stitt required a review of all agency administrative rules to find and revoke those rules that have become obsolete and are no longer necessary. In a review of the rules of the Oklahoma Employment Security Commission, it was found that the rules concerning local project funding were obsolete and unnecessary. The local project funding rules consist of 7 rules numbered from 240:1-5-1 through 240:1-5-7. These rules were passed in 2003 to provide for "local project funding" as envisioned by Executive Order 98-37. The OESC never entered into the type of contract provided for in the local project funding program due to restrictions on the use of its federal grant funds. The local project funding rules are now obsolete and should be revoked.

## SUBCHAPTER 1. GENERAL PROVISIONS

### 240:1-1-7. Petitions for declaratory rulings

(a) Pursuant to the Administrative Procedures Act, 75 O.S. § 307, individuals or organizations may file a Petition for Declaratory Ruling with the Oklahoma Employment Security Commission to obtain a determination on the applicability of any rule or order of the agency.

(b) The Petition for Declaratory Ruling shall include the following:

- (1) Name, address, and telephone number of the individual or organization filing the Petition.
- (2) Identification of the agency rule or order that the petitioner wishes to have a determination on.
- (3) A short and plain statement of why the declaratory ruling is necessary, the facts that instigated the petition, the outcome the petitioner wishes to achieve, and any prior agency determinations that may be affected by the declaratory ruling requested.

(4) The petition must be signed by the individual, or the chief executive officer of the organization filing it. If the individual or organization is represented by an attorney or representative, that person may sign the petition on behalf of the filing party. The attorney or representative must print his or her full name, address, telephone number, ~~fax number~~, and e-mail address on the petition.

(c) The petition shall be filed with the Director of Appeals, Oklahoma Employment Security Commission, P.O. Box 53345, Oklahoma City, OK 73152-3345.

(d) Procedure:

(1) All declaratory rulings requested for rules and procedures concerning the administration of claims for unemployment benefits pursuant to Article II of the Employment Security Act of 1980 shall be heard by the Appeal Tribunal of the Oklahoma Employment Security Commission. All rules and statutes regarding hearings and appeals of unemployment benefit claims will apply to the hearing, determination, and appeal of these petitions.

(2) All petitions for declaratory rulings on all rules and procedures of the Oklahoma Employment Security Commission, other than those covered by subsection (d)(1) of this rule, shall be heard by the Assessment Board of the Oklahoma Employment Security Commission. All rules and statutes regarding hearings of the Assessment Board and appeals of Assessment Board determinations will apply to the hearing, determination, and appeal of these petitions.

(e) The petition for declaratory ruling shall be docketed and assigned a hearing officer according to the procedures of the Appellate Division. The hearing officer may require briefs from the petitioning party or the Oklahoma Employment Security Commission or both. Any person or entity wishing to file an Amicus Curiae brief must file a motion with the Appellate Division requesting to do so. Amicus Curiae briefs may be allowed by order, at the discretion of the hearing officer. The hearing officer shall have the authority to set motion deadlines, briefing schedules and hearing dates in all cases. Whether or not to hold hearings in a particular case will be within the discretion of the hearing officer. Determinations on petitions for declaratory rulings may be made on the briefs alone.

(f) Notice of all petitions for declaratory rulings shall be posted on the website of the Oklahoma Employment Security Commission and read into the record of the first Commission meeting that occurs more than 20 days after the filing of the petition. The notice will contain:

- (1) The name of the petitioning party.
- (2) The date of filing.
- (3) A short synopsis of the issue presented by the petition including the citation to the statute, rule, policy, or procedures that is the subject of the petition.
- (4) The address to send motions for permission to file amicus curiae briefs and the deadline for filing these motions.

(g) If it is determined that a party is using the declaratory ruling procedure to harass any other party or to hinder or delay the administration of justice, the hearing officer shall have authority to dismiss the petition on those grounds.

SUBCHAPTER 3. RECORDS AND INSPECTIONS

240:1-3-9. Release of confidential information to specific government agencies

- (a) Pursuant to 40 O.S. § 4-508(C), the government agencies, public entities and political subdivisions specified in part (b) of this rule may obtain confidential information maintained by the Oklahoma Employment Security Commission after entering into an agreement with the Oklahoma Employment Security Commission that sets out the purpose the information will be used for, how the information will be transmitted, and how the information will be safe guarded. All costs involved in providing information to government agencies, public entities, or political subdivisions will be set out in the agreement. The information shall be held confidential by the receiving government agency, public entity or political subdivision at all times and shall not be disclosed or open to public inspection. It shall be allowable for the receiving government agency, public entity, or political subdivision to release aggregated data.
- (b) Government agencies authorized to obtain confidential information from the Oklahoma Employment Security are:

  - (17) An agency of this state or its political subdivisions that operates a program or activity designated as a required partner in the Workforce Innovation and Opportunity Act One-Stop delivery system pursuant to 29 U.S.C.A., Section 3151(b)(1), based on a showing of need made to the Commission;
  - (18) The national State Wage Interchange System, at the discretion of the Commission;
  - (19) The Bureau of the Census of the U.S. Department of Commerce for the purpose of economic and statistical research;
  - (20) The Oklahoma Health Care Authority for use in determining eligibility for subsidies for health insurance premiums for qualified employers, employees, self-employed persons, and unemployed persons; or
  - (21) The Oklahoma State Department of Rehabilitation Services for use in assessing results and outcomes of clients served.
  - (22) The Office of Juvenile Affairs for use in assessing results and outcomes of clients served as well as the effectiveness of state and local juvenile and justice programs including prevention and treatment programs.
  - (23) Any county Public Defender's office in the state of Oklahoma and the Oklahoma Indigent Defense System for the purpose of determining financial eligibility for the services provided by these entities.
  - (24) The Oklahoma Department of Career and Technology Education and the Oklahoma State Regents of Higher Education as agencies approved to request access to wage information to determine educational outcomes of students graduating from schools and universities in Oklahoma.
- (c) For the limited purpose of completing performance accountability reports required by the Workforce Innovation and Opportunity Act, only those designated required partners that meet the 20 CFR §603.2(d) definition of public official may contract with a private agent or contractor pursuant to 20 CFR §603.5(f) for the purpose of the private agent or contractor receiving confidential unemployment compensation information to the extent necessary to complete the performance accountability reports.

SUBCHAPTER 5. LOCAL PROJECT FUNDING [REVOKED]

# Permanent Final Adoptions

## 240:1-5-1. Purpose [REVOKED]

These rules set out the procedures and criteria that will be used to award local project funding contracts by the Oklahoma Employment Security Commission.

## 240:1-5-2. Definitions [REVOKED]

The following words and terms, when used in this Chapter, shall have the following meaning, unless the context clearly indicates otherwise:

**"Commission"** means the Oklahoma Employment Security Commission.

**"Local project funding contract"** means an agreement made pursuant to Executive Order 98-37, not subject to statutory competitive bidding requirements, between a state agency and a local governmental entity or a private entity, or both, in which the state agency agrees to provide funding to accomplish a public purpose. The direct benefits of a local project funding contract shall accrue primarily to a local population rather than the state as a whole.

**"Local Project Administrator"** means the person employed by an entity that is awarded a local project funding contract, or the person employed by an entity that will be the fiscal agent acting on behalf of a group of entities that have collaborated to obtain a local project funding contract. The local project administrator will:

- (A) Serve as the point of contact with the Commission;
- (B) Submit and attest to the accuracy of all reports; and
- (C) Receive payment of all funds and manage the funds.

**"LPF Auditor"** means the employee of the Commission designated by the Executive Director to be responsible for monitoring all local project funding contracts after an award of the contract has been made.

**"LPF Officer"** means the employee of the Commission designated by the Executive Director to be responsible for reviewing all local project funding contract proposals, and who will award contracts to the successful applicants.

## 240:1-5-3. Local project funding announcement [REVOKED]

Each local project funding contract will be announced by press release submitted to 25 newspapers in both metropolitan and rural areas. A paid advertisement will be placed in a newspaper that serves the geographic area where the local project will be located. An announcement will also be printed in the Oklahoma Register. All announcements will be submitted at least 20 days before the deadline for making application to obtain a local project funding contract. Each announcement submitted for publication shall contain the following information:

- (1) The Oklahoma Employment Security Commission will be the contracting agency;
- (2) A description of the type of projects eligible for local project funding contracts;

(3) A description of the type of persons or entities who are eligible or qualified for the local project funding contract;

(4) A total amount of money available from the agency for the local project funding contract;

(5) The closing date and time for receipt of applications; and

(6) The name, business address, telephone number, fax number, and e-mail address of the person who interested parties may contact for additional information and the name and business address of the person to whom applications must be submitted.

## 240:1-5-4. Evaluation of local project funding contract applications [REVOKED]

(a) The LPF officer will be responsible for evaluating all local project funding contract applications and to award contracts to the successful applicants

(b) Each local project funding contract application will be evaluated on the following criteria, if relevant:

- (1) The lowest unit price or overall cost;
- (2) The best value;
- (3) The experience of the person or entity applying for the contract;
- (4) The licenses, certifications, or academic achievement possessed by the applicant;
- (5) The past contractual experience between the Commission and the applicant;
- (6) The number of employees and the amount of resources the applicant will devote to the project;
- (7) The financial condition or capitalization of the person or entity applying for the contract;
- (8) Demonstrated ability to complete the project and meet all reporting requirements; and
- (9) That the applicant is an equal opportunity employer.

## 240:1-5-5. Affidavit of LPF officer [REVOKED]

The LPF officer shall be responsible for submitting an affidavit to the Director of the Office of Management and Enterprise Services certifying that the award of the local project funding contract met all criteria set forth in these rules, as well as filing all other documentation required for the Office of Management and Enterprise Services to encumber the necessary funds and pay the local project funding contract.

## 240:1-5-6. Serial numbering of local project funding contracts [REVOKED]

Each local project funding contract shall be identified by a serial number that will be cited in all correspondence to the contracting parties and the Office of Management and Enterprise Services concerning the local project funding contract. The number shall begin with the agency number for the Commission, followed by the last two digits of the year in which the contract is made, then followed by the number assigned to the contract. The agency number, year, and contract number will be separated by dashes.

**240:1-5-7. Monitoring of local project funding contracts [REVOKED]**

The Commission will be responsible for monitoring all local project funding contracts awarded under these rules. The Commission will have the right to require the local project administrator to submit any reports deemed necessary for the award and administration of the contract, and the local project administrator will allow the LPF Auditor to audit any of its books and records that the auditor deems necessary in order to ensure that the purposes of the contract are being fulfilled and that all laws and rules are being adhered to. The LPF auditor will also have the right to conduct a physical inspection of any facilities or programs that are benefited or impacted by the local project funding contract.

**GIST/ANALYSIS:**

240:10-1-2. Definitions. The proposed definitions are being added to reflect the Business Process Transformation taking place within the agency, the health state of emergency declared by the Governor in March 2020 and defining the employer groups able to file as high-volume employers.

240:10-3-20. Instructions to secure work. The U.S. Department of Labor provided model UI state work search legislation in its training and employment notice of February 10, 2020. The OESC has been requested to enact the model work search legislation into its state law. Subsection (b) of this rule contains the work search requirements for the OESC. Some of the current requirements have been stricken because they were duplicated in the model language provided by the USDOL. The USDOL model language is included in subsections (b)(4) through (18). Subsection (dd) is an activity log requirement and subsection (E) is a referral requirement that also come from the USDOL model legislation. The model legislation is intended to create similar requirements across the United States and to speed unemployment benefit claimants to return to work. Subsection (f) is being amended to allow for waiver of work registration requirements when there is a natural disaster, pandemic, fire, flood, or explosion and the requirement would work a hardship on claimants.

240:10-3-21. Educational institutions - between academic terms. The proposed amendment is to add language to allow for benefits for jobs that provide services to an educational institution but is not an actual educational institution itself. An example of this would be an educational institution by a private for-profit entity that is not an educational institution or an educational service agency.

240:10-3-22. Filing claims for benefits. The proposed amendment is noticing claimants of the new digital services portal and the filing procedure to access benefits.

240:10-3-27. Social Security account numbers or claim ID number. The proposed amendment is noticing employers utilizing the secure employer's portal to use social security numbers when submitting communication regarding quarterly contributions, reports, or adjustments to reports. If an employer utilizes electronic e-file or mail to submit communication or reports they will need to refrain from submitting social security numbers and submit the name and claim ID number of the workers.

240:10-3-50. Employers who receive a notice of determination. The proposed amendment notices employers of rights and responsibilities if they choose to be a party to the claim.

240:10-3-53. Filing requirements for third-party administrators, high volume employers and temporary help firms. The proposed amendment adds Temporary Help Firms as a high-volume employer that must file protests through the State Information Data Exchange System (SIDES). Amendments were made to reflect the digital process transformation of the Commission.

240:10-3-54. Electronic notification for employers regarding unemployment benefit claims. The proposed amendment is noticing the employer of its responsibility to check for notices through the OESC employer portal. Subsection (b) notifies the employer of the rules regarding the date

# Permanent Final Adoptions

stamp of the notification. Subsection (c) notifies the employer of their right to opt out of the electronic transmission process.

240:10-3-55. Electronic notification for claimants with unemployment benefit claims. The proposed amendment is noticing the claimant of its responsibility to check for notices through the OESC claimant portal. The claimant portal will allow for notification of claim determinations through a secure internet portal that claimants can access through the use of user IDs and passwords. Once completed, the claimant portal, like the employer portal provided for in 240:10-3-54, will create an efficient and secure mode of communication for unemployment benefit claimants.

240:10-3-61. Filing a request for waiver. The proposed amendment updates language and adds the option of electronic e-filing as a means of filing a request.

240:10-3-63. Request letter. The proposed amendment removes the requirement to include a social security number when submitting a request to OESC.

240:10-3-65. Appeal of initial determination. The proposed amendment updates language to be in line with 40 O.S. Section 2-603.

240:10-5-17. Relief from benefit wage charges - disasters. The proposed amendment introduces the term "pandemic" to the list of disasters that could be considered among the reasons why relief from benefit wage charges could be granted. Subsection (B) exempts pandemic as a reason an employer can request in writing that their benefit wage charge be removed. It also allows the Executive Director to waive the employer benefit wage charge at any time there has been a pandemic declared by the Governor of Oklahoma and lays out the steps for the waiver.

240:10-5-91. Employer's Quarterly Contribution Wage Reports. The proposed amendment adds ACH debit/credit and EFT as acceptable means of payment of tax by employers.

240:10-11-6. Address of Board. The proposed amendment amends the address of the Assessment Board.

240:10-13-5. Jurisdiction. The proposed amendment updates language to be in line with 40 O.S. § 2-603; Appeal tribunal.

240:10-13-8. Address of Appeal Tribunal. The proposed amendment amends the address of the Appeal Tribunal.

240:10-13-20. Filing an appeal. The proposed amendment gives claimants the option to file their appeal on-line or by electronic e-file which would bring this rule in line with the Business Process Transformation of the agency.

240:10-13-41. Withdrawal. The proposed amendments give the claimant the option to withdraw their appeal by electronic e-file or by mail.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2022:**

## SUBCHAPTER 1. GENERAL PROVISIONS

### 240:10-1-2. Definitions

The following words and terms, when used in this Chapter, shall have the following meaning, unless the context clearly indicates otherwise:

**"Business Process Transformation"** means a change from paper and pencil process to integrated digital technology.

**"Commuting distance"** means an automobile driving distance of fifty (50) miles from a claimant's place of residence.

**"Electronic" or "Electronic e-filing"** means submission by email or other digital transmission.

**"Full-time work"** means employment in thirty-two (32) or more hours of work per week.

**"Good cause"** means reasons beyond the control of the party seeking relief.

**"High volume employer"** means any employer entity that files more than 30 protests in any month during the previous calendar year in response to benefit claim notices on behalf of itself or client employers.

**"Interested Party"** means:

(A) In an unemployment claim appeal - the Commission, a claimant who files a claim for unemployment benefits with the Commission, and any employer who properly files a written objection to the claim pursuant to 40 O.S. § 2-503 (E) and 2-507.

(B) In an unemployment tax protest - the Commission and the employer with an account that is directly affected by a decision made by the Commission or its representative.

(C) In a supplemental unemployment benefit plan appeal - the Commission, the employer that made application for approval of the plan, and the collective bargaining agent of the employees, if any exists.

**"Leases" and "Rents"** means a contract between an owner of a business, building, or property and a leasee, in which:

(A) Space is leased, sublet, or rented for the purpose of operating or conducting a trade or business by the leasee;

(B) The lease or rental fee is set at a fixed amount per month, that remains constant for the term of the lease, sublease, or rental contract; and

(C) Is not based upon a percentage of income or revenue earned in the trade or business.

**"Mail", "Mailed", and "Mailing"**, as used in 40 O.S. §1-224, shall mean the mailing of a document through the United States Postal Service or a private delivery service designated by the United States Secretary of the Treasury pursuant to 26 U.S.C. § 7502(f), as a delivery service that may deliver returns, claims, statements, or other documents to the Internal Revenue Service.

**"Pandemic"** means a health state of emergency declared by the Governor.

**"Part-time work"** means employment of less than thirty-two (32) hours of work in a week.

**"Reasonable cash value"** [40:1-218] means an amount estimated and determined by consideration of the position held, type of work performed, duration of the work, and customary compensation of like providers in like industries.

**"Reemployment Services"** means those services which provide job search assistance and job placement services, which are counseling, testing, and providing occupational and labor market information, assessment, job search workshops, job clubs and referrals to employers, and other similar services.

**"RESEA"** means Re-Employment Services and Eligibility Assessment.

**"RESEA Selection"** means:

(A) A systematic computer generated process that:

(i) Identifies those claimants most likely to exhaust regular compensation and will need job

- search assistance services to make a successful transition to new employment;
- (ii) Refers identified claimants to reemployment services; and
- (iii) Collects follow-up information relating to the services received.

(B) Data elements which may be used in the identification process for RESEA selection are:

- (i) Recall status;
- (ii) Union hiring hall agreement;
- (iii) Education;
- (iv) Job tenure;
- (v) Industry;
- (vi) Occupation;
- (vii) Unemployment rate;
- (viii) Number of prior UI claims; and
- (ix) Maximum weekly benefit amount.

(C) Data elements prohibited for usage in RESEA selection are:

- (i) Age;
- (ii) Race or ethnic group;
- (iii) Sex;
- (iv) Color;
- (v) National origin;
- (vi) Disability;
- (vii) Religion;
- (viii) Political affiliation; and
- (ix) Citizenship.

**"Temporary help firm"** means any firm or entity that hires its own employees and assigns them to clients to support or supplement the client's work force in work situations such as employee absences, temporary skill shortages, seasonal workloads, or special assignments and projects.

**"Temporary Layoff"** means a short term cessation of work or employment in which the employer maintains an attachment to an employee by means of a recall date. A temporary layoff may be requested by an employer for no more than eight (8) weeks in any benefit year. A request for a temporary layoff must be made by the employer to the Commission in writing and must include a specific recall date within eight (8) weeks of the cessation of work or employment. The employer may apply to the Commission for an extension of the recall date. The extension shall not exceed four (4) additional weeks in the benefit year.

**"Temporary Layoff-Federal"** means a short-term cessation of work or employment in cases involving a federal agency or federal contractor with employees who have agreed to refrain from seeking employment elsewhere as part of their terms of employment when work is ceased due to the needs of the federal government, and the federal employer or federal contractor maintains an attachment to an employee by means of its contract of employment. In these cases, a recall date will not be required. The provisions of 40 O.S. §2-105.1 on reimbursed pay or back pay shall apply to this type of temporary layoff.

**"Third Party Administrator"** means any entity that contracts with an employer to perform administrative functions on the employer's behalf related to the employer's compliance

with any provision of the Employment Security Act of 1980, or any entity that contracts to represent the employer's interests in any protests, appeal or hearing before any division of the Oklahoma Employment Security Commission or the Board of Review. Attorneys licensed to practice law in Oklahoma who represent clients before the Oklahoma Employment Security Commission, or the Board of Review shall not be considered third party administrators.

**"Wages"**

(A) **"Gratuities"** or **"Tips"** The employer shall include as wages all monies paid as gratuities or tips received by an individual in the course of his or her work pursuant to 40 O.S. Section 1-218 or, if actual information is not available, gratuities and tips shall be allocated to the employer in the amount of 8% of gross receipts.

(B) **"Noncash remuneration"** Noncash remuneration means meals, lodging or any other payment in kind received by a worker from the employing unit in addition to or in lieu of cash payments for services except for meals and lodging that are furnished on the business premises of the employer for the convenience of the employer pursuant to 40 O.S. Section 1-218(6).

**"Wages paid"**

(A) The term "wages paid", as defined in 40 O.S. Section 1-219, shall include both wages actually received by the worker and wages constructively paid. Wages shall be considered constructively paid when they are credited to the account of or set apart for a worker so that they may be drawn upon by the worker at any time although not then actually in the worker's possession. A mere crediting of the wages to the worker's account, without actually making them available to the worker so that they may be drawn upon by him/her at any time, does not constitute constructive payment.

(B) In the case of an employer who terminates his/her coverage as of January 1st of some year, the term "wages paid" shall include all wages earned for all pay periods up to and including the last payroll period ending in that year, at the end of which, the employer's coverage is terminated.

(C) "Wages paid" to the worker are to be reported in the calendar quarter in which they were actually paid.

**"Week"** For the purpose of paying benefits and for the purpose of this Chapter, a "week" as defined in 40 O.S. §1-220 shall consist of a calendar week which begins at 12:01 A.M. Sunday and ends at midnight the following Saturday.

**"Working day"** means:

(A) For employers, any day the employer as open and conducting its regular business activities.

(B) For claimants, any day the claimant's employer or former employer scheduled the claimant to work and the claimant was present and working at his or her assigned activities for part or all of the scheduled work hours for that day.

# Permanent Final Adoptions

"Written notice" means submission by electronic e-filing or by mail.

## SUBCHAPTER 3. BENEFITS

### PART 5. ELIGIBILITY

#### 240:10-3-20. Instructions to secure work

(a) **Able and available to accept employment.** When a claimant files an initial claim for benefits, the Commission shall instruct the claimant that, in addition to registering for work in the Oklahoma labor exchange system or the system in the state in which the claimant resides, the claimant must diligently search for suitable employment.

(b) **Seek and accept work.** The Commission shall ~~direct and require that claimants to~~ diligently search for work ~~the claimant must do those things that a reasonably prudent individual in a prudent manner that would be expected to do to secure work using any means that are appropriate and customary suitable each week. A diligent work search requires that a claimant make two (2) work search efforts each week and consists of some combination of the following elements:~~

(1) Union members must be registered with the hiring hall or placement facility of their labor union and be a member in good standing.

(2) Participation in ~~all~~ reemployment services offered to the claimant by the Commission or any other State Employment Service.

(3) Submit weekly job applications for work with suitable employers.

(4) ~~Register with the placement service of any professional organization the claimant is a member of. Register for work, create, and upload a resume with the state's labor exchange system, job boards, placement service of any professional organization the claimant is a member of, temporary work agencies, or educational institution with job placement offices;~~

(5) ~~Register with the placement service of any school, college, university, or training institution from which the claimant graduated.~~ Participate in scheduled reemployment services offered by the Oklahoma Employment Security Commission in Workforce Oklahoma Centers or complete similar online or self-service activities.

(6) ~~Take examinations for work with governmental agencies. Participate in employment and training services provided by partner programs in Workforce Oklahoma Centers;~~

(7) Participate in work-related networking events sponsored by the Oklahoma Employment Security Commission (e.g., job clubs, job fairs, industry association events, networking groups, etc.);

(8) Taking a civil service exam or examinations for work in a governmental agency;

(9) Participate in interviews with employers (virtually or in-person); or

(10) Any other work search activities prescribed by the Commission.

(c) **Increase of work search requirements.** The number of work search efforts described in subsection (b) of this rule ~~may shall~~ be increased at the discretion of the Commission based on the circumstances of each claimant if the claimant has not received a job offer within the first six (6) weeks of unemployment.

(d) **Activity log.** The claimant is required to maintain the Commission provided work search activity log, as well as, any associated documentation and make it available for review by Commission representatives, upon request.

(e) **Referrals.** A claimant who receives job referrals from the Commission that are considered to be appropriate or suitable, as otherwise defined in 40 O.S. §2-408, must apply for the job within one week of receiving the referral, and the claimant must accept employment if suitable work is offered. Claimant may be disqualified to receive benefits pursuant to 40 O.S. §Section 2-417-18.

(f) **Waiver of work search requirement.** If an employee is involved in a temporary layoff, a temporary layoff-federal, or is receiving supplemental unemployment benefit payments through an approved plan, the work search requirement is met if the employee maintains an attachment to the employer and remains available to return to work for the employer. The work ~~registration search~~ requirement of 40 O.S. §2-204 and work search requirement of 40 O.S. §2-417 may be waived by the Executive Director in consultation with the Deputy Director, the General Counsel, and a designated Division Director members of the Senior Staff if it is found that claimants in a specific geographic area or region of the state are prevented from making a reasonable work search as a direct result of natural disaster, pandemic, fire, flood, or explosion.

(g) Work search efforts to the same employer for the same role or position may only be repeated every four (4) weeks. Claimants may search for different roles or positions with the same employer, as desired. If employer initiates a second interview and the claimant completes the interview, the second interview may be considered a work search effort for the claimant.

#### 240:10-3-21. Educational institutions - between academic terms

Pursuant to 40 O.S. §2-209 and 26 U.S.C.A. §3304(a)(6)(A), benefits based on service and employment defined in 40 O.S. §1-210(3) or (4) shall be payable on the same terms and conditions as benefits payable on the basis of other service subject to the Employment Security Act of 1980, except that individuals providing services to an educational institution shall not be paid benefits based on services to the educational institution for any week of unemployment commencing during the period between two successive academic years or terms, if the individual performs services in the first academic year or term and there is a contract or a reasonable assurance that the individual will perform services for the educational institution in the second academic year or term. A determination of the denial of benefits between an

academic year or term shall be made based on the following subsections of this rule:

(1) Prerequisites. Before making a determination concerning the existence of a contract or reasonable assurance of employment in the following academic year or term, the Commission representative must find that three prerequisites exist. If any one of the three prerequisites are not met, unemployment benefits must be allowed. The three prerequisites are:

(A) An offer of employment. The offer may be written, oral or implied. The offer must be genuine and made by an individual with authority to offer the employment.

(B) The employment offered in the following academic year or term must be in the same capacity as that of the previous academic year or term.

(C) The economic conditions of the job offered in the following academic year or term may not be considerably less than the conditions present in the previous academic year or term. If the claimant is offered a salary or wage for the following academic year or term that is less than 90% of the salary or wage paid in the previous academic year or term, this shall be considered economic conditions that are considerably less from the previous to the following academic year or term.

(2) The term "contract" means an enforceable, non-contingent agreement that provides for compensation: (i) for an entire academic year; or (ii) on an annual basis, though the contract terms describing compensation are not expressed as an annual salary.

(3) The term "reasonable assurance" means that there is a high probability that employment will be available based on the totality of circumstances and contingent nature of the offer made to the claimant. The following rules apply in making the determination:

(A) If the offer of employment contains a contingency, the Commission representative must determine if the contingency is within the employer's control or not in the employer's control. If the offer of employment is contingent upon a factor within the employer's control, such as course programming, allocation of funding, final course offerings, program changes, and faculty availability, the claimant does not have reasonable assurance and benefits shall be allowed. If the offer of employment is contingent on factors outside of the employer's control such as enrollment levels, legislative funding, or seniority, this would be considered to not be in the employer's control and further examination of the facts is required.

(B) If the employer's offer to a claimant contains a contingency that is not in the employer's control, the Commission representative must examine the contingent nature of the offer. The Commission representative must give primary weight to the contingency when making the determination on the claim. If the Commission representative finds that it is highly probable that the contingency will be met,

that is, the issue upon which the contingency is based will probably be concluded in a way that will allow employment to occur in the next academic year or term, then reasonable assurance can be found. If it is not highly probable that the contingency will be met, that is, there is a good probability the contingency will be resolved in a way that will prevent employment from occurring in the next academic year or term, then reasonable assurance cannot be found.

(C) The Commission representative must analyze the totality of circumstances for each offer of employment to determine whether it is highly probable that there will be a job available for the claimant in the following academic year or term. This element requires considering factors such as legislative appropriations, funding levels, enrollment, the nature of the course of study to be taught, the claimant's seniority, budgeting and assignment practices of the school, the number of offers made in relation to the number of potential teaching assignments, the period of student registration, and any other contingencies. In order to find that there is reasonable assurance, the Commission representative is required to find, through evidence presented by the employer and the claimant, that it is highly probable that a job is available in the next academic year or term. In making a determination of reasonable assurance, the Commission representative is not required to find that there is a certainty of a job.

(4) Employer requirements.

(A) If the educational institution employer did not enter into a formal employment contract with the claimant, the employer shall submit a written statement to the Commission representative explaining the manner in which the employee was given a reasonable assurance of employment in the following academic period or term. The employer shall state whether the assurance was given in writing, orally, or implied through other means. The employer shall state the information that was given to the claimant about the offer of employment in the next academic year or term, including contingencies.

(B) If the educational institution employer entered into a formal employment contract with the claimant, the employer shall provide a copy of the contract to the Commission representative.

(C) The educational institution employer will be responsible to provide any other information necessary to make the determination of a contract of employment or reasonable assurance and any other information requested by the Commission representative.

(5) Claimant requirements. The claimant will be responsible to provide sufficient information for the Commission representative to make a determination of reasonable assurance of employment or a contract of employment in the next academic year or term, and the claimant shall provide any information or documents requested by the Commission representative. If services

are provided to or on behalf of an educational institution by a private for-profit entity or an entity pursuant to the provisions of 40 O.S. Section 1-210 (3)(4) that is not an educational institution or an educational service agency, the employees providing these services shall not be subject to the terms and conditions as described in 40 O.S. Section 1-210 (1)(2)(3) and (4).

### **240:10-3-22. Filing claims for benefits**

Claims for unemployment insurance benefits are to be submitted by telecommunication or by internet utilizing the digital services portal to create an account to access benefits with respect to each week in accordance with such rule as the Commission may prescribe, filed by claimants through the Internet or by telecommunication.

### **240:10-3-27. Social Security account numbers or claim ID number**

(a) **Submittal by employing unit.** Each employing unit shall submit the name and Social Security account number of a worker through the employer's portal or by mail when communicating with the Commission in connection with any quarterly contribution report or adjustment of said report, claim, or proceeding under the Employment Security Act of 1980 with respect to such worker. Any report or claim submitted to the Commission by an employing unit through electronic e-file or by mail shall refrain from submitting social security numbers and shall submit the name and claim ID number of the worker(s).

(b) **Submittal by individual.** Any individual shall submit his/her name and Social Security account number or a claim ID number when communicating with the Commission in connection with any report, claim, or proceeding under the Employment Security Act of 1980 with respect to such individual.

## **PART 11. FILING CLAIMS- NOTICE**

### **240:10-3-50. Employers who shall receive a notice of determination**

(a) In order for an employer to receive a notice of determination for being a party to a claim when a claimant has filed for benefits, the employer must electronically e-file a timely objection to the claim (40:2-507), unless the employer has elected to utilize other means of transmittal pursuant to 40 O.S. § 1-224.

(b) The phrase to each other employer who timely filed a written objection to the claim [40:2-507] refers to "each employer" involved in the claim for benefits. Thus, both last and base period employers must timely file a written objection to the claim in order to have a right to receive a notice of a determination upon a claim.

### **240:10-3-53. High volume employers and third-party administrators—filing requirement Filing requirements for third-party administrators, high volume employers and temporary help firms**

~~(a) Any employer or third party administrator~~ Third-party administrators, high volume employers and temporary help firms shall file protests through the State Information Data Exchange System (SIDES) or by telefax to the telefax number set out referenced on the Notice of Benefit Claim form. Appeals shall be filed any appeal by telefax to the telefax number set out referenced on the Notice of Determination or by electronic e-filing pursuant to 40 O.S. §1-224(B)4. The Oklahoma Employment Security Commission shall not accept hand delivery, postal mailing, or e-mailing of protests or appeals by third-party administrator, high volume employers, or temporary help firms that files more than 30 protests in any month during the previous calendar year in response to benefit claim notices, on behalf of itself or client employers, shall file the protests through the State Information Data Exchange System (SIDES) or by telefax to the telefax number set out on the Notice of Benefit Claim form, and shall file any appeal by telefax only to the telefax number set out on the Notice of Determination. The Oklahoma Employment Security Commission shall not accept hand delivery, postal mailing, or e-mailing of protests or appeals by employers or third party administrators meeting the volume of filings set forth above.

~~(b) The Oklahoma Employment Security Commission may review the protests filed by employers and third party administrators and shall issue written determinations to employers or third party administrators that are determined to meet the filing volume set out in subsection (a) above. Appeal of this determination shall be made pursuant to the procedures set out in 40 O.S. §3-115.~~

### **240:10-3-54. Electronic notification for employer employers regarding in unemployment benefit claims**

~~(a) An employer may request that all notices concerning an unemployment benefit claim, in which the employer is involved, be delivered through electronic means. Once the request is processed, all notices in all unemployment insurance cases currently pending and that arise in the future may be delivered through electronic means by utilizing the employer portal. It will be the responsibility of the employer to access its account through the employer portal on a regular basis to check for notices concerning unemployment benefit claims that are posted there.~~

~~(b) It will be the responsibility of the employer to access its account through the employer portal on a regular basis to check for notices concerning unemployment benefit claims that are posted there. All deadlines shall be computed from the date of the electronic notification sent by the Commission.~~

~~(c) All time deadlines shall be computed from the date of the electronic notification sent by the Commission. If the employer has elected to utilize other means of transmittal it will be the responsibility of the employer to notify the Commission of this preference.~~

**240:10-3-55. Electronic notification for claimants with unemployment benefit claims**

Upon completion of the business process transformation, claimants will be able to access their account through the online claimant's portal. It will be the responsibility of the claimant to access its account through the claimant's portal on a regular basis to check for notices concerning unemployment benefit claims that are posted there. This will allow for notification of claim determinations through a secure internet portal that claimants can access through the use of user IDs and passwords. Once completed, the claimant portal, like the employer portal provided for in 240:10-3-54, will create an efficient and secure mode of communication for unemployment benefit claimants.

**PART 12. INTEREST WAIVER FOR BENEFIT OVERPAYMENTS**

**240:10-3-61. Filing a request for waiver**

- (a) A claimant who wants a waiver of interest that has accrued ~~in due to~~ his or her overpayment, must make a request for waiver in writing and file it with the Oklahoma Employment Security Commission.
- (b) Filing must be accomplished by electronic e-filing, mailing or delivering the request document to the Benefit Payment Control Unit of the Oklahoma Employment Security Commission at the following address: Oklahoma Employment Security Commission, Benefit Payment Control Unit, P. O. Box 52925, Oklahoma City, OK 73152-2925.
- (c) A request for waiver is deemed filed on the date the request letter is received by the Oklahoma Employment Security Commission.

**240:10-3-63. Request letter**

- (a) The request letter prepared by the claimant must contain the following information:
  - (1) Claimant's name, address, and telephone number
  - (2) Claimant's ~~Social Security number or claim ID number~~
  - (3) The time period for which interest is requested to be waived or the amount of interest requested to be waived.
  - (4) A statement of all reasons the claimant will rely on to explain why interest should be waived.
- (b) The request letter must be signed by the claimant.
- (c) If the claimant is represented by an attorney, the name, address, telephone number and Oklahoma Bar Association number of the attorney must also be included in the request letter.
- (d) The claimant must attach to the request letter a copy of all notices, statements, determinations, correspondence, or any other documents relevant to the request for waiver.

**240:10-3-65. Appeal of initial determination**

- (a) In order to appeal the determination of the Oklahoma Employment Security Commission, the claimant must file an

appeal within 10 days ~~of~~ after the date the determination letter was mailed to the claimant pursuant to 40 O.S. Section 2-603.

- (b) The appeal document or communication must contain the following:
  - (1) The name, address, and telephone number of the claimant.
  - (2) The claimant's ~~Social Security number or~~ claim ID.
  - (3) The date of the determination letter issued by the Oklahoma Employment Security Commission.
  - (4) Signature of the claimant.
- (c) The appeal may be filed by any method allowed in 40 O.S. Section 1-224 or by telecommunication.
- (d) If any claimant fails to file his or her appeal letter within the 10 days provided for in subsection (a) of this Section, then the determination of the Oklahoma Employment Security Commission shall be final, and no appeal shall thereafter be allowed.

**SUBCHAPTER 5. CONTRIBUTIONS**

**PART 3. RATES**

**240:10-5-17. Relief from benefit wage charges-disasters**

- (a) In order for an employer to remove a benefit wage charge from his or her account because of a separation of employees from employment that occurred due to a natural disaster, pandemic, fire, flood, or explosion pursuant to 40 O.S. Section 3-106.1, the following requirements must be met:
  - (1) The affected employer must request in writing that the benefit wage charge be removed and shall state in this writing:
    - (A) date of the occurrence of the disaster;
    - (B) type of disaster;
    - (C) name of the business;
    - (D) physical location of the building, office, or plant involved in the disaster; and
    - (E) nature of the business conducted by this employer at the location that was damaged.
  - (2) The disaster must be reported to the Commission within one year and four months of the date of occurrence.
- (b) The benefit wages charged to an employer for a given calendar year may be waived at any time at the discretion of the OESC Executive Director when a pandemic has been declared by the Governor of Oklahoma. An emergency waiver will be executed based upon the specific time frames stated in the executive order and/or any amendments or revisions to the executive order signed by the executive director. The executive order shall lay out the beginning and ending dates of the emergency waiver. Therefore, employers will not be charged while the emergency waiver is in place. Benefit wage charges that occur after the expiration date of an emergency waiver will be administered in accordance with 40 O.S. section 3-106. Moreover, 240:10-5-17(A) is not applicable when a pandemic has been declared.

## PART 19. MAINTENANCE AND PRODUCTION OF WORK RECORDS

### 240:10-5-91. Employer's Quarterly Contribution Wage Reports

(a) **Due date of report.** Each employer shall report both contributions and "wages paid" (as defined in OAC 240:10-1-2) through the Employer Portal on the Commission Internet website, or if an exception has been granted, on paper Form OES-3, Employer's Quarterly Contribution and Wage Report, for each quarterly period in which the employer is subject to the Employment Security Act of 1980, on or before the last day of the month following the calendar quarter to be reported. However, an employing unit which has not previously qualified as an employer under the Employment Security Act of 1980 and who first qualifies as an employer during a calendar year shall file Form OES-3, Employer's Quarterly Contribution and Wage Reports, for all past periods of that calendar year on or before the due date for the quarterly report for that quarter in which such employing unit becomes an employer subject to the Employment Security Act of 1980.

#### (b) Information required.

- (1) All instructions furnished with the official forms must be followed.
- (2) All information required on the official forms shall be given.

(c) **Date of filing.** The date of filing of the Employer's Quarterly Contribution and Wage Report shall be determined by the date that an employer's fully completed report form is submitted for filing with the Commission pursuant to 40 O.S. §1-224.

#### (d) Report filing.

(1) This subsection shall apply to all Employer's Quarterly Contribution and Wage Reports that are due for filing after January 1, 2011.

(2) All employers with an assigned Oklahoma State Unemployment Tax Act (SUTA) account number shall be required to file the Employer's Quarterly Contribution and Wage Report through the employer portal on the Commission Internet website, unless an exception is granted by the Commission.

(3) All third-party administrators shall be required to file the Employer's Quarterly Contribution and Wage Report through the employer portal on the Commission Internet website for clients with an assigned Oklahoma SUTA account number, unless an exception is granted by the Commission.

(e) **Payment of Tax.** All employers with an assigned Oklahoma State Unemployment Tax Act (SUTA) account number and all third-party administrators shall be required to pay all amounts due for quarterly state unemployment taxes on or before the last day of the month following the calendar quarter to which the taxes relate. All employers and third-party administrators shall make payment through ACH debit/credit, wire by an electronic fund transfer (EFT) or a credit card acceptable to the Commission; unless an exception is granted by the Commission for the employer or third-party administrator to make payment in an alternative method.

(f) **Authorization.** This rule is authorized by 40 O.S. §§3-102, 4-302, and 4-503.

## SUBCHAPTER 11. ASSESSMENT BOARD PROCEDURE

### PART 1. GENERAL PROVISIONS

#### 240:10-11-6. Address of Board

(b) All instruments or correspondence pertaining to a protest before the Board shall be sent to: Assessment Board, P. O. Box 53345, Oklahoma City, Oklahoma 73152-3345.

## SUBCHAPTER 13. APPEAL TRIBUNAL PROCEDURE

### PART 1. GENERAL PROVISIONS

#### 240:10-13-5. Jurisdiction

Pursuant to provisions of 40 O.S. Section 2-602, the Appeal Tribunal is empowered to decide an appeal from determinations of the Commission and/or its representatives. Pursuant to 40 O.S. Section 2-603, an appeal from a determination by the Commission must be filed within ten (10) days ~~from~~after the date of mailing by the Commission. Pursuant to 40 O.S. Section 2-616, an appeal from a determination of the Commission that a benefit overpayment occurred under 40 O.S. Section 2-613(1) or (2), must be filed within twenty (20) days ~~from~~after the date of mailing by the Commission. If not timely filed, the Appeal Tribunal is without jurisdiction, unless good cause for late filing is found by the Appeal Tribunal. Claims for exemption and any other matters relating to an income levy issued pursuant to 40 O.S. Section 2-618 may be filed at any time before the thirtieth day after the expiration date or termination of the levy.

#### 240:10-13-8. Address of Appeal Tribunal

The main office of the Appeal Tribunal is located in Oklahoma City at ~~2800 N.W. 36<sup>th</sup> Street, Suite 102,~~ 2401 N. Lincoln Blvd., 4<sup>th</sup> Floor, Will Rogers Building, Oklahoma City, Oklahoma ~~73112,~~ 73152, with telephone number (405) 601-3311, ~~and telefax number (405) 601-3337.~~

(1) All instruments or correspondence pertaining to a case shall be sent to: Appeal Tribunal, P. O. Box 53345, Oklahoma City, Oklahoma 73152

(2) All instruments and correspondence shall bear the claimant's name and claim ID, if known.

(3) Copies of all documents, instruments, and correspondence mailed, telefaxed, or delivered to the Appeal Tribunal by an interested party to a case shall be sent to the other interested parties to the same case by the Clerk of the Appeal Tribunal.

PART 3. APPEALS TO APPEAL TRIBUNAL

240:10-13-20. Filing an appeal

With the exception of those entities who are required to file by telefax, the appeal should be filed with the Commission in any manner set forth in 40 O.S. Section 1-224. Appeals may be filed on-line, by electronic e-file, or by telephone through the Commission's interactive voice response system, or by speaking with one of the Commission's claim representatives, pursuant to 40 O.S. Section 1-224. A Commission representative will then forward the appeal to the Appeal Tribunal.

PART 5. HEARINGS

240:10-13-41. Withdrawal

- (a) An appeal may be withdrawn by the appealing party at any time prior to the decision being rendered only with approval of the Director of the Appeal Tribunal or his/her designee. A request to withdraw must be submitted in writing; electronic e-filing or by mail.
(b) The case will be dismissed with prejudice (meaning it cannot be brought forth again at a later date). The determination will then stand as final and binding on the parties.

GIST/ANALYSIS:

The Department of Environmental Quality (Department) is proposing to amend OAC 252:100, Subchapters 1, 7, and 8, to allow for certain construction activities to be conducted at the owner/operator's risk after submission of an administratively complete minor New Source Review (NSR) permit application but prior to issuance of the construction permit. The Department is also proposing to revise OAC 252:100-7-15(a)(2)(B)(i) to give regulatory clarity to when a construction permit is required by inserting the federal terms for pieces of equipment and processes subject to NESHAP and NSPS. The gist of this rule proposal and the underlying reason for the rulemaking is to give additional clarity to actions the regulated community may take prior to issuance of a minor construction permit.

Melanie Foster, Department of Environmental Quality, Air Quality Division, 707 North Robinson, P.O. Box 1677, Oklahoma City, Oklahoma 73101-1677, (405) 702-4100

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 15, 2022:

SUBCHAPTER 1. GENERAL PROVISIONS

252:100-1-3. Definitions

The following words and terms, when used in this Chapter, shall have the following meaning, unless the context clearly indicates otherwise or unless defined specifically for a Subchapter, section, or subsection in the Subchapter, section, or subsection.

"Act" means the Federal Clean Air Act, as amended, 42 U.S.C. 7401 et seq.

"Administrator" means, unless specifically defined otherwise, the Administrator of the United States Environmental Protection Agency (EPA) or the Administrator's designee.

"Air contaminant source" means any and all sources of emission of air contaminants (pollutants), whether privately or publicly owned or operated, or person contributing to emission

## Permanent Final Adoptions

---

of air contaminants. Without limiting the generality of the foregoing, this term includes all types of business, commercial and industrial plants, works, shops and stores, heating and power plants or stations, buildings and other structures of all types.

**"Air pollution abatement operation"** means any operation which has as its essential purpose a significant reduction in:

- (A) the emission of air contaminants, or
- (B) the effect of such emission.

**"Air pollution episode"** means high levels of air pollution existing for an extended period (24 hours or more) of time which may cause acute harmful health effects during periods of atmospheric stagnation, without vertical or horizontal ventilation. This occurs when there is a high pressure air mass over an area, a low wind speed and there is a temperature inversion. Other factors such as humidity may also affect the episode conditions.

**"Ambient air standards" or "Ambient air quality standards"** means levels of air quality as codified in OAC 252:100-3.

**"Atmosphere"** means the air that envelops or surrounds the earth.

**"Best available control technology" or "BACT"** means the best control technology that is currently available as determined by the Director on a case-by-case basis, taking into account energy, environmental, and economic impacts and other costs of alternative control systems.

**"Building, structure, facility, or installation"** means:

(A) all of the pollutant-emitting activities which belong to the same industrial grouping, are located on one or more contiguous or adjacent properties, and are under the control of the same person (or persons under common control). Pollutant-emitting activities shall be considered as part of the same industrial grouping if they belong to the same "Major Group" (i.e., which have the same two-digit code) as described in the Standard Industrial Classification Manual, 1972, as amended by the 1977 Supplement.

(B) notwithstanding the provisions of subparagraph (A), for onshore activities under Standard Industrial Classification (SIC) Major Group 13: Oil and Gas Extraction, all of the pollutant-emitting activities included in Major Group 13 that are located on one or more contiguous or adjacent properties, and are under the control of the same person (or persons under common control). Pollutant emitting activities shall be considered adjacent if they are located on the same surface site; or if they are located on surface sites that are located within 1/4 mile of one another (measured from the center of the equipment on the surface site) and they share equipment. Shared equipment includes, but is not limited to, produced fluids storage tanks, phase separators, natural gas dehydrators, or emissions control devices. Surface site, as used in this definition, has the same meaning as in 40 CFR 63.761.

**"Carbon dioxide equivalent emissions" or "CO<sub>2</sub>e"** means an amount of GHG emitted, and shall be computed by multiplying the mass amount of emissions, for each of the six greenhouse gases in the pollutant GHG, by the gas' associated global warming potential (GWP) published in Table A-1 to subpart A of 40 CFR Part 98 - Global Warming Potentials, and summing the resultant value for each to compute a CO<sub>2</sub>e.

**"Catalytic cracking unit"** means a unit composed of a reactor, regenerator and fractionating towers which is used to convert certain petroleum fractions into more valuable products by passing the material through or commingled with a bed of catalyst in the reactor. Coke deposits produced on the catalyst during cracking are removed by burning off in the regenerator.

**"Combustible materials"** means any substance which will readily burn and shall include those substances which, although generally considered incombustible, are or may be included in the mass of the material burned or to be burned.

**"Commence"** means, unless specifically defined otherwise, that the owner or operator of a facility to which neither a NSPS or NESHAP applies has begun the construction or installation of the emitting units on a pad or in the final location at the facility.

**"Commencement of operation" or "commencing operation"** means the owner or operator of the stationary source has begun, or caused to begin, emitting a regulated air pollutant from any activity for which the stationary source is designed and/or permitted.

**"Complete"** means in reference to an application for a permit, the application contains all the information necessary for processing the application. Designating an application complete for purposes of permit processing does not preclude the Director from requesting or accepting any additional information.

**"Construction"** means, unless specifically defined otherwise, fabrication, erection, or installation of a source.

**"Crude oil"** means a naturally occurring hydrocarbon mixture which is a liquid at standard conditions. It may contain sulfur, nitrogen and/or oxygen derivatives of hydrocarbon.

**"Direct fired"** means that the hot gasses produced by the flame or heat source come into direct contact with the material being processed or heated.

**"Division"** means Air Quality Division, Oklahoma State Department of Environmental Quality.

**"Dust"** means solid particulate matter released into or carried in the air by natural forces, by any fuel-burning, combustion, process equipment or device, construction work, mechanical or industrial processes.

**"EPA"** means the United States Environmental Protection Agency.

**"Excess emissions"** means the emission of regulated air pollutants in excess of an applicable limitation or requirement as specified in the applicable limiting Subchapter, permit, or order of the DEQ. This term does not include fugitive VOC emissions covered by an existing leak detection and repair program that is required by a federal or state regulation.

**"Existing source"** means, unless specifically defined otherwise, an air contaminant source which is in being on

the effective date of the appropriate Subchapter, section, or paragraph of these rules.

**"Facility"** means all of the pollutant-emitting activities that meet all the following conditions:

- (A) Are under common control.
- (B) Are located on one or more contiguous or adjacent properties.
- (C) Have the same two-digit primary SIC Code (as described in the Standard Industrial Classification Manual, 1987).

**"Federally enforceable"** means all limitations and conditions which are enforceable by the Administrator, including those requirements developed pursuant to 40 CFR Parts 60 and 61, requirements within any applicable State implementation plan, any permit requirements established pursuant to 40 CFR 52.21 or under regulations approved pursuant to 40 CFR Part 51, subpart I, including operating permits issued under an EPA-approved program that is incorporated into the State implementation plan and expressly requires adherence to any permit issued under such program.

**"Fossil fuel"** means natural gas, petroleum, coal, or any form of solid, liquid, or gaseous fuel derived from such material.

**"Fuel-burning equipment"** means any one or more of boilers, furnaces, gas turbines or other combustion devices and all appurtenances thereto used to convert fuel or waste to usable heat or power.

**"Fugitive dust"** means solid airborne particulate matter emitted from any source other than a stack or chimney.

**"Fugitive emissions"** means, unless specifically defined otherwise, those emissions which could not reasonably pass through a stack, chimney, vent, or other functionally equivalent opening.

**"Fume"** means minute solid particles generated by the condensation of vapors to solid matter after volatilization from the molten state, or generated by sublimation, distillation, calcination, or chemical reaction when these processes create airborne particles.

**"Garbage"** means all putrescible animal and vegetable matter resulting from the handling, preparation, cooking and consumption of food.

**"Greenhouse gas" or "GHG"** means the air pollutant defined in 40 CFR § 86.1818-12(a) as the aggregate group of six greenhouse gases: carbon dioxide (CO<sub>2</sub>), nitrous oxide (N<sub>2</sub>O), methane (CH<sub>4</sub>), hydrofluorocarbons (HFCs), perfluorocarbons (PFCs), and sulfur hexafluoride (SF<sub>6</sub>).

**"Gross particulate matter" or "GPM"** means particulate matter with an aerodynamic diameter greater than 10 micrometers.

**"In being"** means as used in the definitions of New Installation and Existing Source that an owner or operator has undertaken a continuous program of construction or modification or the owner or operator has entered into a binding agreement or contractual obligation to undertake and complete within a reasonable time a continuous program of construction or modification prior to the compliance date for installation as specified by the applicable regulation.

**"Incinerator"** means a combustion device specifically designed for the destruction, by high temperature burning, of solid, semi-solid, liquid, or gaseous combustible wastes and from which the solid residues contain little or no combustible material.

**"Indirect fired"** means that the hot gasses produced by the flame or heat source do not come into direct contact with the material, excluding air, being processed or heated.

**"Installation"** means an identifiable piece of process equipment.

**"Lowest achievable emissions rate" or "LAER"** means, for any source, the more stringent rate of emissions based on paragraphs (A) and (B) of this definition. This limitation, when applied to a modification, means the lowest achievable emissions rate for the new or modified emissions units within a stationary source. In no event shall the application of LAER allow a proposed new or modified stationary source to emit any pollutant in excess of the amount allowable under applicable standard of performance for the new source.

(A) LAER means the most stringent emissions limitation which is contained in the implementation plan of any State for such class or category of stationary source, unless the owner or operator of the proposed stationary source demonstrates that such limitations are not achievable, or

(B) LAER means the most stringent emissions limitation which is achieved in practice by such class or category of stationary sources.

**"Major source"** means any new or modified stationary source which directly emits or has the capability at maximum design capacity and, if appropriately permitted, authority to emit 100 tons per year or more of a given pollutant. (OAC 252:100-8, Part 3)

**"Malfunction"** means any sudden, infrequent, and not reasonably preventable failure of air pollution control equipment, process equipment, or a process to operate in a normal or usual manner. Failures that are caused in part by poor maintenance or careless operation are not malfunctions.

**"Minor NSR"** means any NSR permit action under Subchapter 7 or 8 that is not Prevention of Significant Deterioration or Nonattainment NSR.

**"Mist"** means a suspension of any finely divided liquid in any gas or atmosphere excepting uncombined water.

**"Modification"** means any physical change in, or change in the method of operation of, a source which increases the amount of any air pollutant emitted by such source or which results in the emission of any air pollutant not previously emitted, except that:

(A) routine maintenance, repair and replacement shall not be considered physical changes; and,

(B) the following shall not be considered a change in the method of operation:

- (i) any increase in the production rate, if such increase does not exceed the operating design capacity of the source;
- (ii) an increase in hours of operation;
- (iii) use of alternative fuel or raw material if, prior to the date any standard under this part

## Permanent Final Adoptions

---

becomes applicable to such source the affected facility is designed to accommodate such alternative use.

**"National Emission Standards for Hazardous Air Pollutants"** or **"NESHAP"** means those standards found in 40 CFR Parts 61 and 63.

**"New installation"**, **"New source"**, or **"New equipment"** means an air contaminant source which is not in being on the effective date of these regulations and any existing source which is modified, replaced, or reconstructed after the effective date of the regulations such that the amount of air contaminant emissions is increased.

**"New Source Performance Standards"** or **"NSPS"** means those standards found in 40 CFR Part 60.

**"New source review"** or **"NSR"** means a process of evaluation performed by the DEQ to determine the applicable requirements that must be incorporated into a construction permit issued by the DEQ as necessary to authorize construction, modification, or change in the method of operation of a new or existing stationary source. DEQ's NSR program, at a minimum, must meet the requirements of 40 CFR Part 51, Subpart I.

**"Nonmethane organic compounds"** or **"NMOC"** means nonmethane organic compounds, as defined in 40 CFR 60.754.

**"NSR permit"** means a construction permit issued by the DEQ as necessary to authorize construction, modification, or change in the method of operation of a new or existing stationary source.

**"Opacity"** means the degree to which emissions reduce the transmission of light and obscure the view of an object in the background.

**"Open burning"** means the burning of combustible materials in such a manner that the products of combustion are emitted directly to the outside atmosphere.

**"Organic compound"** means any chemical compound containing the element carbon.

**"Owner or operator"** means any person who owns, leases, operates, controls or supervises a source.

**"Part 70 permit"** means (unless the context suggests otherwise) any permit or group of permits covering a Part 70 source that is issued, renewed, amended, or revised pursuant to this Chapter.

**"Part 70 program"** means a program approved by the Administrator under 40 CFR Part 70.

**"Part 70 source"** means any source subject to the permitting requirements of Part 5 of Subchapter 8, as provided in OAC 252:100-8-3(a) and (b).

**"PM<sub>10</sub> emissions"** means particulate matter emitted to the ambient air with an aerodynamic diameter of 10 micrometers or less as measured by applicable reference methods, or an equivalent or alternative method.

**"PM<sub>10</sub>"** means particulate matter with an aerodynamic diameter of 10 micrometers or less.

**"PM<sub>2.5</sub>"** means particulate matter with an aerodynamic diameter of 2.5 micrometers or less.

**"Particulate matter"** or **"PM"** means any material that exists in a finely divided form as a liquid or a solid.

**"Particulate matter emissions"** means particulate matter emitted to the ambient air as measured by applicable reference methods, or an equivalent or alternative method.

**"Potential to emit"** means the maximum capacity of a source to emit a pollutant under its physical and operational design. Any physical or operational limitation on the capacity of the source to emit a pollutant, including air pollution control equipment and restrictions on hours of operation or on the type or amount of material combusted, stored or processed, shall be treated as part of its design if the limitation or the effect it would have on emissions is enforceable. Secondary emissions do not count in determining the potential to emit of a source.

**"Prevention of significant deterioration"** or **"PSD"** means increments for the protection of attainment areas as codified in OAC 252:100-3.

**"Process equipment"** means any equipment, device or contrivance for changing any materials or for storage or handling of any materials, the use or existence of which may cause any discharge of air contaminants into the open air, but not including that equipment specifically defined as fuel-burning equipment, or refuse-burning equipment.

**"Process weight"** means the weight of all materials introduced in a source operation, including solid fuels, but excluding liquids and gases used solely as fuels, and excluding air introduced for the purposes of combustion. Process weight rate means a rate established as follows:

(A) for continuous or long-run, steady-state, operations, the total process weight for the entire period of continuous operation or for a typical portion thereof, divided by the number of hours of such period or portion thereof.

(B) for cyclical or batch source operations, the total process weight for a period which covers a complete or an integral number of cycles, divided by the hours of actual process operation during such period.

(C) where the nature of any process or operation or the design of any equipment is such as to permit more than one interpretation of this definition, that interpretation which results in the minimum value for allowable emission shall apply.

**"Reasonably available control technology"** or **"RACT"** means devices, systems, process modifications, or other apparatus or techniques that are reasonably available taking into account:

(A) The necessity of imposing such controls in order to attain and maintain a national ambient air quality standard;

(B) The social, environmental, and economic impact of such controls; and

(C) Alternative means of providing for attainment and maintenance of such standard.

**"Reconstruction"** means

(A) the replacement of components of an existing source to the extent that will be determined by the Executive Director based on:

(i) the fixed capital cost (the capital needed to provide all the depreciable components of the new

components exceeds 50 percent of the fixed capital cost of a comparable entirely new source);

(ii) the estimated life of the source after the replacements is comparable to the life of an entirely new source; and,

(iii) the extent to which the components being replaced cause or contribute to the emissions from the source.

(B) a reconstructed source will be treated as a new source for purposes of OAC 252:100-8, Part 9.

**"Refinery"** means any facility engaged in producing gasoline, kerosene, fuel oils or other products through distillation of crude oil or through redistillation, cracking, or reforming of unfinished petroleum derivatives.

**"Refuse"** means, unless specifically defined otherwise, the inclusive term for solid, liquid or gaseous waste products which are composed wholly or partly of such materials as garbage, sweepings, cleanings, trash, rubbish, litter, industrial, commercial and domestic solid, liquid or gaseous waste; trees or shrubs; tree or shrub trimmings; grass clippings; brick, plaster, lumber or other waste resulting from the demolition, alteration or construction of buildings or structures; accumulated waste material, cans, containers, tires, junk or other such substances.

**"Refuse-burning equipment"** means any equipment, device, or contrivance, and all appurtenances thereto, used for the destruction of combustible refuse or other combustible wastes by burning.

**"Regulated air pollutant"** means any substance or group of substances listed in Appendix P of this Chapter, or any substance regulated as an air pollutant under any federal regulation for which the Department has been given authority, or any other substance for which an air emission limitation or equipment standard is set by an enforceable permit.

**"Responsible official"** means one of the following:

(A) For a corporation: a president, secretary, treasurer, or vice-president of the corporation in charge of a principal business function, or any other person who performs similar policy or decision-making functions for the corporation, or a duly authorized representative of such person if the representative is responsible for the overall operation of one or more manufacturing, production, or operating facilities applying for or subject to a permit and either:

(i) The facilities employ more than 250 persons or have gross annual sales or expenditures exceeding \$25 million (in second quarter 1980 dollars); or

(ii) The delegation of authority to such representatives is approved in advance by the DEQ;

(B) For the partnership or sole proprietorship: a general partner or the proprietor, respectively;

(C) For a municipality, state, federal, or other public agency: Either a principal executive officer or ranking elected official. For purposes of this Chapter, a principal executive officer or installation commander of a federal agency includes the chief executive officer having responsibility for the overall operations

of a principal geographic unit of the agency (e.g., a Regional Administrator of EPA); or

(D) For affected sources:

(i) The designated representative insofar as actions, standards, requirements, or prohibitions under Title IV of the Act or the regulations promulgated thereunder are concerned; and

(ii) The designated representative for any other purposes under this Chapter.

**"Shutdown"** means the cessation of operation of any process, process equipment, or air pollution control equipment.

**"Smoke"** means small gas-borne or air-borne particles resulting from combustion operations and consisting of carbon, ash, and other matter any or all of which is present in sufficient quantity to be observable.

**"Source operation"** means the last operation preceding the emission of an air contaminant, which operation:

(A) results in the separation of the air contaminant from the process materials or in the conversion of the process materials into air contaminants, as in the case of combustion of fuel; and,

(B) is not an air pollution abatement operation.

**"Stack"** means, unless specifically defined otherwise, any chimney, flue, duct, conduit, exhaust, pipe, vent or opening, excluding flares, designed or specifically intended to conduct emissions to the atmosphere.

**"Standard conditions"** means a gas temperature of 68 degrees Fahrenheit (20° Centigrade) and a gas pressure of 14.7 pounds per square inch absolute.

**"Startup"** means the setting into operation of any process, process equipment, or air pollution control equipment.

**"Stationary source"** means, unless specifically defined otherwise, any building, structure, facility, or installation either fixed or portable, whose design and intended use is at a fixed location and emits or may emit an air pollutant subject to OAC 252:100.

**"Temperature inversion"** means a phenomenon in which the temperature in a layer of air increases with height and the cool heavy air below is trapped by the warmer air above and cannot rise.

**"Title V permit"** means (unless the context suggests otherwise) an operating permit for a Part 70 source.

**"Total Suspended Particulates"** or **"TSP"** means particulate matter as measured by the high-volume method described in Appendix B of 40 CFR Part 50.

**"Visible emission"** means any air contaminant, vapor or gas stream which contains or may contain an air contaminant which is passed into the atmosphere and which is perceptible to the human eye.

**"Volatile organic compound"** or **"VOC"** means any organic compound that participates in atmospheric photochemical reactions resulting in the formation of tropospheric ozone. Carbon monoxide, carbon dioxide, carbonic acid, metallic carbides, ammonium carbonates, tert-butyl acetate and compounds listed in 40 CFR 51.100(s)(1) are presumed to

# Permanent Final Adoptions

have negligible photochemical reactivity and are not considered to be VOC.

## SUBCHAPTER 7. PERMITS FOR MINOR FACILITIES

### PART 1. GENERAL PROVISIONS

#### 252:100-7-1.1. Definitions

The following words and terms when used in this Subchapter shall have the following meaning unless the context clearly indicates otherwise:

**"Actual emissions"** means the total amount of any regulated air pollutant actually emitted from a given facility during a particular calendar year, determined using methods contained in OAC 252:100-5-2.1(d).

**"Administratively complete"** means an application that provides:

(A) All information required under OAC 252:100-7-15(c) and 252:100-7-18(e);

(B) A landowner affidavit as required by OAC 252:4-7-13(b);

(C) The appropriate application fees as required by OAC 252:100-7-3; and

(D) Valid certification by the applicant.

**"Best Available Control Technology" or "BACT"** means the best control technology that is currently available as determined by the Director on a case-by-case basis, taking into account energy, environmental, and economic impacts and other costs.

**"Commence"** means, as applied to the construction or modification of a minor facility to which neither a NSPS or NESHAP applies, that the owner or operator has begun the construction or installation of the emitting equipment on a pad or in the final location at the facility.

**"De minimis facility"** means a facility that meets the requirements contained in paragraphs (A) and (B) of this definition.

(A) All the air pollutant emitting activities at the facility are on the de minimis list contained in Appendix H or the facility meets all of the following de minimis criteria:

(i) The facility has actual emissions of 5 TPY or less of each regulated air pollutant, except that fraction of particulate matter that exhibits an aerodynamic particulate diameter of more than 10 micrometers ( $\mu\text{m}$ ).

(ii) The facility is not a "major source" as defined in OAC 252:100-8-2.

(iii) The facility is not a "major stationary source" as defined in OAC 252:100-8-31 for facilities in attainment areas.

(iv) The facility is not a "major stationary source" as defined in OAC 252:100-8-51 for facilities in nonattainment areas.

(v) The facility is not operated in conjunction with another facility or source that is subject to air quality permitting.

(vi) The facility has not opted to obtain or retain an Air Quality Division permit.

(B) The facility is not subject to the Federal NSPS (40 CFR Part 60) or the Federal NESHAP (40 CFR Parts 61 and 63).

**"Emergency engine"** means a stationary engine used to resume essential operations or ensure safety during sudden and unexpected occurrences including but not limited to loss of electrical power, fire, and/or flood.

**"Facility"** means all of the pollutant-emitting activities that meet all the following conditions:

(A) Are under common control.

(B) Are located on one or more contiguous or adjacent properties.

(C) Have the same two-digit primary SIC Code (as described in the Standard Industrial Classification Manual, 1987).

**"Federally Enforceable State Operating Permit" or "FESOP"** means an operating permit issued under Subchapter 7 of this Chapter, including operating permits issued under the provisions of 252:4-7-33(a)(2). As such, for the purposes of this subchapter, "FESOP" and "operating permit" are synonymous.

**"FESOP Enhanced NSR process"** means a process under which the evaluation of requirements applicable under NSR is integrated with a determination of procedural and compliance requirements under the DEQ's FESOP program. This process is only available for facilities already operating under a FESOP permit. Under a FESOP enhanced NSR process, the 30-day public and EPA review period of a draft NSR permit is integrated with the review of the draft FESOP modification, and results in the issuance of a minor source construction permit whose applicable FESOP implications have also been reviewed. Later the requirements of the construction permit may be incorporated into a modified FESOP using the minor source operating permit modification process, without further public or EPA review, as authorized in OAC 252:4-7-13(g)(9) and OAC 252:100-7-18(f).

**"Gasoline dispensing facility"** means any stationary facility which dispenses gasoline into the fuel tank of a motor vehicle, motor vehicle engine, nonroad vehicle, or nonroad engine, including a nonroad vehicle or nonroad engine used solely for competition. These facilities include, but are not limited to, facilities that dispense gasoline into on- and off-road, street, or highway motor vehicles, lawn equipment, boats, test engines, landscaping equipment, generators, pumps, and other gasoline-fueled engines and equipment, as these terms are used in 40 CFR Part 63 Subpart CCCCC.

**"Hazardous Air Pollutant" or "HAP"** means any hazardous air pollutant regulated under Section 112 of the Federal Clean Air Act, 42 U.S.C. Section 7412, and subject to NESHAP.

**"Minor facility"** means a facility which is not a Part 70 source.

**"National Emission Standards for Hazardous Air Pollutants"** or **"NESHAP"** means those standards as published by the Administrator of the U.S. Environmental Protection Agency (EPA) pursuant to Section 112 of the Federal Clean Air Act, 42 U.S.C. Section 7412.

**"New portable source"** means a portable source that has never operated within the State of Oklahoma. This includes sources that are initially constructed and existing facilities that are relocating into Oklahoma from another state.

**"New Source Performance Standards"** or **"NSPS"** means those standards found in 40 CFR Part 60.

**"Permit exempt facility"** means a facility that:

- (A) has actual emissions in every calendar year that are 40 TPY or less of each regulated air pollutant;
- (B) is not a de minimis facility as defined in OAC 252:100-7-1.1;
- (C) is not a "major source" as defined in OAC 252:100-8-2 for Part 70 sources;
- (D) is not a "major stationary source" as defined in OAC 252:100-8-31 for PSD facilities in attainment areas;
- (E) is not a "major stationary source" as defined in OAC 252:100-8-51 for facilities in nonattainment areas;
- (F) is not operated in conjunction with another facility or source that is subject to air quality permitting;
- (G) is not subject to an emission standard, equipment standard, or work practice standard in the Federal NSPS (40 CFR Part 60) or the Federal NESHAP (40 CFR Parts 61 and 63); and
- (H) is not subject to the requirements of OAC 252:100-39-47.

**"Portable source"** means a source with design and intended use to allow disassembly or relocation.

**"Relocate"** means to move a source from one geographical location to another. The term does not include minimal moves within the facility boundaries.

**"Regulated air pollutant"** means any substance or group of substances listed in Appendix P of this Chapter, or any substance regulated as an air pollutant under any federal regulation for which the Department has been given authority, or any other substance for which an air emission limitation or equipment standard is set by an enforceable permit.

**"Replacement unit"** means an emissions unit for which all the criteria listed in paragraphs (A) through (D) of this definition are met.

- (A) The emissions unit is a reconstructed unit within the meaning of 40 C.F.R. Section 60.15(b)(1), the emissions unit is a reconstructed unit within the meaning of paragraph (1) in the definition of "Reconstruction" in 40 C.F.R. Section 63.2, or the emissions unit completely takes the place of an existing emissions unit.
- (B) The emissions unit is identical to or functionally equivalent to the replaced emissions unit.
- (C) The replacement unit does not alter the basic design parameter(s) of the process unit.

(D) The replaced emissions unit is permanently removed from the source, otherwise permanently disabled, or permanently barred from operating by a permit that is enforceable as a practical matter. If the replaced emissions unit is brought back into operation, it shall constitute a new emissions unit.

**"Traditional NSR process"** means a process under which the evaluation of requirements applicable under NSR is performed independently of the determination of procedural and compliance requirements under the FESOP program. This process is required for facilities that have not yet received a FESOP, but it may also be used (as an alternative to the FESOP Enhanced NSR process) for facilities that have already received a FESOP. The traditional NSR process provides a 30-day public and EPA review period on the draft construction (NSR) permit, as described in OAC 252:100-7-17 and OAC 252:4-7. This process is independent of the subsequent application, review, and issuance process for the source's initial or modified FESOP that also includes a 30-day public and EPA review period, as described in OAC 252:100-7-18 and OAC 252:4-7.

**252:100-7-2. Requirement for permits for minor facilities**

(a) **Permit required.** Except as provided in OAC 252:100-7-2 and 252:100-7-18(b), no person may commence construction or modification of any minor facility, may operate any new minor facility, or may relocate any minor portable source without obtaining a permit from the DEQ. For additional application and permitting procedures, see OAC 252:4, Subchapter 7. Environmental Permit Process.

(b) **Exceptions.**

(1) **De minimis facilities.** De minimis facilities are exempted from the permitting requirements of OAC 252:100-7. De minimis facilities remain subject only to the following air quality control

- (A) De minimis facilities must comply with OAC 252:100-13, Open Burning.
- (B) With the exception of those de minimis cotton gin facilities or grain, feed or seed facilities that comply with the requirements of 252:100-23, Control of Emissions from Cotton Gins or 252:100-24, Particulate Matter Emissions from Grain, Feed or Seed Operations, de minimis facilities remain subject to OAC 252:100-25, Visible Emissions and Particulates.
- (C) With the exception of those de minimis cotton gin facilities or grain, feed or seed facilities that comply with the requirements of 252:100-23, Control of Emissions from Cotton Gins or 252:100-24, Particulate Matter Emissions from Grain, Feed or Seed Operations, de minimis facilities remain subject to OAC 252:100-29, Control of Fugitive Dust.
- (D) De minimis facilities must comply with OAC 252:100-42 Control of Toxic Air Contaminants.
- (E) De minimis facilities must comply with 252:100-5, Registration, Emission Inventory and Annual Operating Fees.

## Permanent Final Adoptions

---

- (2) **Permit exempt facilities.** Permit exempt facilities are exempted from the permitting requirements of OAC 252:100-7. Permit exempt facilities remain subject to all other applicable State and Federal air quality control rules and standards.
- (3) **Emergency engines at residential and school facilities.** Primary and secondary schools and single family residences with an emergency engine are exempted from the permitting requirements of OAC 252:100-7.
- (4) **Gasoline dispensing facilities with throughput of less than 100,000 gallons per month.** Gasoline dispensing facilities in compliance with 40 CFR Part 63 Subpart CCCCCC, and whose primary or only obligation to obtain a permit is due to the construction (installation) and/or operation of a gasoline dispensing facility, with throughput of less than 100,000 gallons per month on a rolling annual average are exempt from the permitting requirements of OAC 252:100-7.
- (5) **Construction Activities Prior to Issuance of a Minor NSR (Construction) Permit.** After the submission of an administratively complete minor NSR construction permit application, but prior to the issuance of the corresponding construction permit, an applicant may begin construction up to, but not including, making any new, modified, or reconstructed unit operational such that it has the ability to emit any regulated air pollutant. The applicant assumes the risk of losing any investment it makes toward implementing such construction prior to the issuance of a construction permit authorizing the construction. DEQ retains the authority to deny the permit application without consideration of and regardless of any investment the applicant has made prior to permit issuance. This paragraph does not serve as authorization by DEQ of the requested construction. In addition, this exception does not exempt the owner or operator from any applicable requirements under federal rules (e.g., NSPS or NESHAP) or state-only regulations.
- (c) **Permit application.**
- (1) All applications shall be signed by the applicant.
- (2) The signature on an application for a permit shall constitute an implied agreement that the applicant shall be responsible for assuring construction or operation, as applicable, in accordance with the application and OAC 252:100.
- (3) Any applicant who fails to submit any relevant facts or who has submitted incorrect information in a permit application shall, upon becoming aware of such failure or incorrect submittal, submit such supplementary facts or corrected information within 30 days unless the applicant's request for more time has been approved by the DEQ. In addition, an applicant shall provide additional information as necessary to address any requirements that become applicable to the source after the date it filed a complete application but prior to release of the draft permit.
- (d) **Applicability determination.** Upon written request along with the required fee and any relevant information needed, the DEQ will make a determination of whether a permit is required.
- (e) **Change in permit status.** The owner or operator of a permitted facility may at any time notify the DEQ that the facility:
- (1) Is de minimis, requesting termination of the permit, or
- (2) Qualifies for either a permit by rule or a general permit, submitting the appropriate application for such permit, or
- (3) Is permit exempt, requesting termination of the permit.
- (f) **Transfer of permit.** The transfer of ownership of a stationary source or a facility is an administrative amendment that shall subject the new owner or operator to existing permit conditions and/or compliance schedules. A new permit is not required. The transferor shall notify the DEQ using a prescribed form no later than 30 days following the change in ownership.
- (g) **Emission calculation methods.** The methods in OAC 252:100-5-2.1(d) shall be used when calculating regulated air pollutant emission rates for purposes of determining if a DEQ-issued air quality permit is required or what type of permit is required.

### PART 3. CONSTRUCTION PERMITS

#### 252:100-7-15. Construction permit

(a) **Construction permit required.** Except as provided in OAC 252:100-7-2(b)(5), ~~A~~ construction permit is required to commence construction or installation of a new facility or the modification of an existing facility as specified in OAC 252:100-7-15(a)(1) and (2).

(1) **New Facility.** No person shall cause or allow the construction or installation of any new minor facility other than a de minimis facility or a permit exempt facility as defined in OAC 252:100-7-1.1 without first obtaining a DEQ-issued air quality construction permit.

(2) **Modification of an existing facility.**

(A) A construction permit is required for any modification that would cause an existing facility to no longer qualify for de minimis status, permit exempt facility status, or its current permit category.

(B) A construction permit is required for an existing facility covered by an individual permit:

(i) ~~to add a piece of equipment or a process~~ an "affected facility," "affected source," or "new source" as those terms are defined in 40 CFR Section 60.2, 40 CFR Section 63.2, and 40 CFR Section 61.02, respectively, that is subject to an emission standard, equipment standard, or work practice standard in a federal NSPS (40 CFR Part 60) or a federal NESHAP (40 CFR Parts 61 and 63) or

(ii) to add or physically modify a piece of equipment or a process that results in a permitted emissions increase of any one regulated air pollutant by more than 5 TPY.

(C) The requirement to obtain a construction permit under OAC 252:100-7-15(a)(2)(B)(i) does not apply to replacement of a piece of equipment, provided the replacement unit does not require a change in any emission limit in the existing permit, and the owner or operator notifies the DEQ in writing within fifteen (15) days of the startup of the replacement unit, and/or as otherwise specified by the permit.

(b) **Permit categories.** Three types of construction permits are available: permit by rule, general permit, and individual permit. A permit by rule may be adopted or a general permit may be issued for an industry if there are a sufficient number of facilities that have the same or substantially similar operations, emissions, and activities that are subject to the same standards, limitations, and operating and monitoring requirements.

(1) **Permit by rule.** An owner or operator of a minor facility may apply for registration under a permit by rule if the following criteria are met:

(A) The facility has actual emissions of 40 TPY or less of each regulated air pollutant, except HAPs.

(B) The facility does not emit or have the potential to emit 10 TPY or more of any single HAP or 25 TPY or more of any combination of HAPs.

(C) The DEQ has established a permit by rule for the industry in Part 9 of this Subchapter.

(D) The owner or operator of the facility certifies that it will comply with the applicable permit by rule.

(E) The facility is not operated in conjunction with another facility or source that is subject to air quality permitting.

(2) **General permit.** Minor facilities may qualify for authorization under a general permit if the following criteria are met:

(A) The facility has actual emissions less than 100 TPY of each regulated air pollutant, except for HAPs.

(B) The facility does not emit or have the potential to emit 10 TPY or more of any single HAP or 25 TPY or more of any combination of HAPs.

(C) The DEQ has issued a general permit for the industry.

(3) **Individual permit.** The owners or operators of minor facilities requiring permits under this Subchapter which do not qualify for permit by rule or a general permit shall obtain individual permits. An owner or operator may apply for an individual permit even if the facility qualifies for a permit by rule or a general permit.

(c) **Content of construction permit application.** Construction permit applications shall contain at least the data and information listed in OAC 252:100-7-15(c)(1) and (2).

(1) **Individual permit.** An applicant for an individual construction permit shall provide data and information required by this Chapter on an application form available from the DEQ. Such data and information should include but not be limited to:

- (A) site information,
- (B) process description,
- (C) emission data,

- (D) BACT when required,
- (E) sampling point data and
- (F) modeling data when required.

(2) **General permit.** An applicant for authorization under a general permit shall provide data and information required by that permit on a form available from the DEQ. For general permits that provide for application through the filing of a notice of intent (NOI), authorization under the general permit is effective upon receipt of the NOI.

(d) **Permit contents.** The construction permit:

(1) Shall require the permittee to comply with all applicable air pollution rules.

(2) Shall prohibit the exceedance of ambient air quality standards contained in OAC 252:100-3.

(3) May establish permit conditions and limitations as necessary to assure compliance with all rules.

(e) **Duty to comply with the construction permit.** The permittee shall comply with all limitations and conditions of the construction permit. A violation of the limitations or conditions contained in the construction permit shall subject the owner or operator of a facility to any or all enforcement penalties, including permit revocation, available under the Oklahoma Clean Air Act and Air Pollution Control Rules. No operating permit will be issued until the violation has been resolved to the satisfaction of the DEQ.

(f) **Cancellation of authority to construct or modify.** The authority to construct or modify granted by a duly issued construction permit will terminate (unless extended as provided below) if the construction is not commenced within 18 months of the permit issuance date, or if work is suspended for more than 18 months after it has commenced.

(g) **Extension of authorization to construct or modify.**

(1) Prior to the permit expiration date, a permittee may apply for extension of the permit by written request of the DEQ stating the reasons for the delay/suspension and providing justification for the extension. The DEQ may grant:

(A) one extension of 18 months or less or

(B) one extension of up to 36 months where the applicant is proposing to expand an already existing facility to accommodate the proposed new construction or the applicant has expended a significant amount of money (1% of total project cost as identified in the original application, not including land cost) in preparation for meeting the definition of "commence construction" at the proposed site.

(2) If construction has not commenced within three (3) years of the effective date of the original permit, the permittee must undertake and complete an appropriate available control technology review and an air quality analysis. This review must be approved by the DEQ before construction may commence.

(h) **Expiration of authorization to construct or modify.** The authorization to construct or modify under the construction permit shall expire upon completion of the construction or modification, or as otherwise provided in (e), (f), or (g). However, the requirements established under (d) shall continue in effect until and unless the facility or affected unit ceases operations, was never constructed in the first place, or the

# Permanent Final Adoptions

requirement is superseded under a subsequently-issued construction permit or a FESOP that has undergone public review.

## SUBCHAPTER 8. PERMITS FOR PART 70 SOURCES AND MAJOR NEW SOURCE REVIEW (NSR) SOURCES

### PART 5. PERMITS FOR PART 70 SOURCES

#### 252:100-8-4. Requirements for construction and operating permits

(a) **Construction permits.**

(1) **Construction permit required.**

(A) **Facilities without Part 70 operating permits.** Except as provided in OAC 252:100-8-4(a)(1)(D), ~~Nono~~ person shall begin actual construction or installation of any new source that will require a Part 70 operating permit without first obtaining a DEQ-issued air quality construction permit under Part 5 of OAC 252:100-8.

(B) **Facilities with Part 70 operating permits.** Except as provided in OAC 252:100-8-4(a)(1)(D), ~~Aa~~ construction permit is also required prior to

- (i) reconstruction of a major affected source under 40 CFR Part 63,
- (ii) reconstruction of a major source if it would then become a major affected source under 40 CFR Part 63,
- (iii) commencement of any physical change or change in method of operation that would be a significant modification under OAC 252:100-8-7.2(b)(2), or
- (iv) commencement of any physical change or change in method of operation that, for any one regulated air pollutant, would increase potential to emit by more than 10 TPY, calculated using the approach in 40 C.F.R. Section 49.153(b).

(C) **Additional Requirements.** In addition to the requirements of this Part, sources subject to Part 7 or Part 9 of this Subchapter must also meet the applicable requirements contained therein.

(D) **Construction Activities Prior to Issuance of a Minor NSR (Construction) Permit.** After the submission of an administratively complete minor NSR construction permit application, but prior to the issuance of the corresponding construction permit, an applicant may begin construction up to, but not including, making any new, modified, or reconstructed unit operational such that it has the ability to emit any regulated air pollutant. The applicant assumes the risk of losing any investment it makes toward implementing such construction prior to the issuance of a construction permit authorizing the construction. If a minor NSR project necessitates determination of BACT, and the BACT recommended in the permit application is not approved in whole or in part by DEQ, the

subsequent resolution of the appropriate selection of BACT shall be based upon the facility's pre-application physical configuration. DEQ retains the authority to deny the permit application without consideration of and regardless of any investment the applicant has made prior to permit issuance. This subparagraph does not serve as authorization by DEQ of the requested construction. In addition, this exception does not exempt the owner or operator from any applicable requirements under federal rules (e.g., NSPS or NESHAP) or state-only regulations.

(2) **Requirement for case-by-case MACT determinations.**

(A) **Applicability.** The requirement for case-by-case MACT determinations apply to any owner or operator who constructs or reconstructs a major source of hazardous air pollutants after June 29, 1998, unless the source has been specifically regulated or exempted from regulation under a subpart of 40 CFR Part 63, or the owner or operator has received all necessary air quality permits for such construction or reconstruction before June 29, 1998.

(B) **Exclusions.** The following sources are not subject to this subsection.

- (i) Electric utility steam generating units unless and until these units are added to the source category list.
- (ii) Stationary sources that are within a source category that has been deleted from the source category list.
- (iii) Research and development activities as defined in 40 CFR § 63.41.

(C) **MACT determinations.** If subject to this subsection, an owner or operator may not begin actual construction or reconstruction of a major source of HAP until obtaining from the DEQ an approved MACT determination in accordance with the following regulations: 40 CFR 63.41, 40 CFR 63.43 and 40 CFR 63.44, which are hereby incorporated by reference as they exist on July 1, 2000.

(b) **Operating permits.**

(1) **Operating permits required.** Except as provided in subparagraphs (A) and (B) of this paragraph, no Part 70 source subject to this Chapter may operate after the time that it is required to file a timely application with the DEQ, except in compliance with a DEQ-issued permit.

(A) If the owner or operator of a source subject to the requirement to obtain a Part 70 permit submits a timely application for Part 70 permit issuance or renewal, that source's failure to have a Part 70 permit shall not be a violation of the requirement to have such a permit until the DEQ takes final action on the application. This protection shall cease to apply if the applicant fails to submit, by the deadline specified in writing by the DEQ or OAC 252:100-8-4, any additional information identified as being reasonably required to process the application.

(B) If the owner or operator of a source subject to this Subchapter files a timely application that the DEQ determines to be administratively incomplete due to the applicant's failure to timely provide additional information requested by the DEQ, the applicant loses the protection granted under paragraph (A) of this Section. The source's failure to have a Part 70 permit shall be deemed a violation of this Subchapter.

(C) Filing an operating permit application shall not affect the requirement, if any, that a source have a construction permit.

(2) **Duty to apply.** For each Part 70 source, the owner or operator shall submit a timely and complete permit application on forms supplied by the DEQ in accordance with this section.

(3) **Timely application.**

(A) A new source shall file an administratively complete operating permit application within 180 days of commencement of operation.

(B) An existing source that becomes subject to the Part 70 operating permit program due to modification shall file an administratively complete operating permit application within 180 days of commencement of operation of the modification.

(C) An existing source that becomes subject to the Part 70 operating permit program without undergoing physical or operational changes resulting in an increase in the emission of any air pollutant subject to regulation shall file an administratively complete operating permit application by March 6, 1999 or within 12 months after the date the source first becomes subject to the Part 70 operating permit program, whichever is later.

(4) [Reserved]

(5) [Reserved]

(6) **Application acceptability.** Notwithstanding the deadlines established in paragraph (4) of this subsection, an application filed prior to the above deadlines following submission of the state program to EPA for approval shall be accepted for processing.

(7) **112(g) applications.** A source that is required to meet the requirements under section 112(g) of the Act, or to have a permit under a preconstruction review program under Title I of such Act, shall file an application to obtain an operating permit or permit amendment or modification within twelve months of commencing operation. Where an existing Part 70 operating permit would prohibit such construction or change in operation, the source must obtain a construction permit before commencing construction.

(8) **Application for renewal.** Sources subject to this Chapter shall file an application for renewal of an operating permit at least 180 days before the date of permit expiration, unless a longer period (not to exceed 540 days) is specified in the permit. Renewal periods greater than 180 days are subject to negotiation on a case-by-case basis.

(9) **Phase II acid rain permits.** Sources required to submit applications under the Acid Rain Program shall submit these applications as required by 40 CFR 72.30(b)(2)(i) through (viii).

(10) **Application completeness.** See Environmental Permit Process, OAC 252:4-7-7 and the definition of "administratively complete" in OAC 252:100-8-2.

(c) **Enhanced NSR process.** An existing Part 70 source covered by an operating permit issued under this subchapter may be eligible to utilize the enhanced NSR process, including the public notice procedures of OAC 252:4-7-13(g)(4) for a construction permit for modification of the source.

## GIST/ANALYSIS:

The Department is proposing to update OAC 252:100, Appendix Q, Incorporation by Reference, to incorporate the latest changes to U.S. Environmental Protection Agency (EPA) regulations. In addition, the Department is proposing to update language in Subchapter 2, Incorporation by Reference, to reflect the latest date of incorporation of EPA regulations in Appendix Q. The gist of these rules and the underlying reason for the rulemaking is to incorporate the latest changes to EPA regulations, primarily those relating to the National Emission Standards for Hazardous Air Pollutants (NESHAP) and New Source Performance Standards (NSPS).

## CONTACT PERSON:

Melanie Foster, Department of Environmental Quality, Air Quality Division, 707 North Robinson, P.O. Box 1677, Oklahoma City, Oklahoma 73101-1677, (405) 702-4100

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTION 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 15, 2022:**

## SUBCHAPTER 2. INCORPORATION BY REFERENCE

### 252:100-2-3. Incorporation by reference

Except as provided under this section, the provisions of 40 CFR listed in Appendix Q are hereby incorporated by reference as they existed on ~~June 30, 2020~~ June 30, 2021.

(1) **Inclusion of 40 CFR citations and definitions.** When a provision of 40 CFR is incorporated by reference, all citations contained therein are also incorporated by reference.

(2) **Inconsistencies or duplications of requirements or incorporation dates.**

(A) In the event that there are inconsistencies or duplications between the requirements of this Chapter and the requirements of those provisions incorporated by reference in Appendix Q or elsewhere in this Chapter, the more stringent requirements shall apply.

(B) In the event that a specific date of incorporation is indicated in Appendix Q or a subchapter of this Chapter, the specified date of incorporation shall apply.

(3) **Terminology related to 40 CFR.** For purposes of interfacing with 40 CFR and unless the context clearly indicates otherwise, the following terms apply.

(A) "Administrator" is synonymous with "Executive Director."

(B) "U. S. Environmental Protection Agency" or "EPA" is synonymous with "Department of Environmental Quality" or "DEQ."

**APPENDIX Q. INCORPORATION BY REFERENCE [REVOKED]**

**APPENDIX Q. INCORPORATION BY REFERENCE [NEW]**

Except as provided under OAC 252:100-2-3, the following provisions of Title 40 of the Code of Federal Regulations are hereby incorporated by reference as they existed on June 30, 2021, unless otherwise noted.

### GIST/ANALYSIS:

The Department of Environmental Quality (Department or DEQ) is proposing to make revisions in Subchapters 8, 37, and 39 as part of the Department's review of Chapter 100 in response to Governor Stitt's Executive Order 2020-03. The Department is proposing to correct the rule and statute references in OAC 252:100-8-36.1 to the proper legal form. The Department is proposing to add an exemption to OAC 252:100-37-16(c) to formalize the Department's interpretation that natural gas compressor stations are not considered loading facilities for the purposes of this section. In OAC 252:100-39-45, the Department is proposing to correct the approval process for facilities that incinerate petroleum solvent dry cleaning filters and to remove the outdated compliance schedule. The gist of this rule proposal and the underlying reason for the rulemaking is to remove outdated rule language and/or provide regulatory clarity.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S.,**

SECTION 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 15, 2022:

## SUBCHAPTER 8. PERMITS FOR PART 70 SOURCES AND MAJOR NEW SOURCE REVIEW (NSR) SOURCES

### PART 7. PREVENTION OF SIGNIFICANT DETERIORATION (PSD) REQUIREMENTS FOR ATTAINMENT AREAS

#### 252:100-8-36.1. Public participation

See OAC 252:4—~~and O.S. §§ 27A 2-5-112 and 27A 2-14-101 to §, 27A O.S. § 2-5-112, and 27A O.S. §§ 2-14-101 through 2-14-304.~~

## SUBCHAPTER 37. CONTROL OF EMISSION OF VOLATILE ORGANIC COMPOUNDS (VOCs)

### PART 3. CONTROL OF VOCs IN STORAGE AND LOADING OPERATIONS

#### 252:100-37-16. Loading of VOCs

(a) **Loading facilities with throughput greater than 40,000 gallons/day.** Each VOC loading facility with a throughput greater than 40,000 gal/d (151,416 l/d) from its aggregate loading pipes shall be equipped with a vapor-collection and disposal system unless all tank trucks or trailers are bottom loaded with hatches closed.

(1) **Vapor-collection and disposal system.**

(A) **Vapor-collection portion of the system.**

(i) When loading VOCs through the hatches of a tank truck or trailer, using a loading arm equipped with a vapor collecting adaptor, a pneumatic, hydraulic, or mechanical means shall be provided to ensure a vapor-tight seal between the adaptor and the hatch.

(ii) When loading is effected through means other than hatches, all loading and vapor lines shall be equipped with fittings that make vapor-tight connections and which must be closed when disconnected or which close automatically when disconnected.

(B) **Vapor-disposal portion of the system.** The vapor-disposal portion of the system shall consist of:

(i) a vapor-liquid absorber system with a minimum recovery efficiency of 90 percent by weight of all the VOC vapors and gases entering such disposal system; or,

(ii) a variable-vapor space tank, compressor, and fuel-gas system of sufficient capacity to receive all VOC vapors and gases displaced from the tank trucks and trailers being loaded.

- (2) **Prevention of VOC drainage.** A means shall be provided in either loading system specified in subsection (a) to prevent VOC drainage from the loading device when it is removed from any tank truck or trailer, or to accomplish complete drainage before removal.
- (b) **Loading facilities with throughput equal to or less than 40,000 gallons per day.**
- (1) Each loading pipe at a VOC loading facility with an aggregate throughput of 40,000 gal/d (151,416 l/d) or less shall be equipped with a system for submerged filling of tank trucks or trailers which is installed and operated to maintain a 97 percent submergence factor.
- (2) Paragraph 252:100-37-16(b)(1) applies to any facility that loads VOCs into any tank truck or trailer with a capacity greater than 200 gal (757 l) which is designed for transporting VOCs.
- (c) **Exemptions.**
- (1) Loading facilities subject to the requirements of 40 CFR 60 Subpart XX or 40 CFR 63 Subpart R are exempt from the requirements of 252:100-37-16(a) and (b).
- (2) Loading operations at natural gas compressor stations are exempt from the requirements of 252:100-37-16(a) and (b). For the purposes of this section, natural gas compressor station means any permanent combination of one or more compressors that move natural gas at increased pressure through gathering or transmission pipelines, or into or out of storage. This includes, but is not limited to, gathering, boosting, and transmission compressor stations.

**SUBCHAPTER 39. EMISSION OF VOLATILE ORGANIC COMPOUNDS (VOCs) IN NONATTAINMENT AREAS AND FORMER NONATTAINMENT AREAS**

**PART 7. SPECIFIC OPERATIONS**

**252:100-39-45. Petroleum (solvent) dry cleaning**

- (a) **Definitions.** The following words and terms, when used in this Section, shall have the following meaning, unless the context clearly indicates otherwise.
- (1) **"Cartridge filters"** means perforated canisters containing filtration paper and/or activated carbon that are used in a pressurized system to remove solid particles and fugitive dyes from soil-laden petroleum solvent.
- (2) **"Containers and conveyors of petroleum solvent"** means piping, ductwork, pumps, storage tanks, and other ancillary equipment that are associated with the installation and operation of washers, dryers, filters, stills, and settling tanks.
- (3) **"Dry cleaning"** means a process of the cleaning of textiles and fabric products in which articles are washed in a non-aqueous solution (petroleum solvent) and then dried by exposure to a heated air stream.

- (4) **"Housekeeping"** means those measures and precautions necessary to minimize the release of petroleum solvent to the atmosphere.
- (5) **"Operations parameters"** means the activities required to insure that the equipment is operated in a manner to preclude the loss of petroleum solvents to the atmosphere.
- (6) **"Perceptible leaks"** means any petroleum solvent vapor or liquid leaks that are conspicuous from visual observation, such as pools or droplets of liquid, or buckets or barrels of petroleum solvent or petroleum solvent-laden waste standing open to the atmosphere.
- (7) **"Petroleum solvent"** means organic material produced by petroleum distillation comprising a hydrocarbon range of 8 to 12 carbon atoms per organic molecule that exists as a liquid under standard conditions.
- (b) **Applicability.** This Section applies to petroleum solvent washers, dryers, filters, settling tanks, vacuum stills, and other containers and conveyors of petroleum solvent that are used in petroleum solvent dry cleaning facilities in Tulsa County only.
- (c) **Operating requirements.**
- (1) The owner or operator of a petroleum solvent dry cleaning facility shall not operate any dry cleaning equipment using petroleum solvents unless:
- (A) there are no perceptible liquid or vapor leaks from any portion of the equipment;
- (B) all washer lint traps, button traps, access doors and other parts of the equipment where petroleum solvent may be exposed to the atmosphere are kept closed at all times except when required for proper operation or maintenance;
- (C) the still residue is stored in sealed containers and the used filtering material is placed into a sealed container suitable for use with petroleum solvents, immediately after removal from the filter and disposed of in the prescribed manner; or,
- (D) cartridge filters containing paper or carbon or a combination thereof, which are used in the dry cleaning process are drained in the filter housing for at least 24 hours prior to removal.
- (2) The owner or operator of a petroleum solvent dry cleaning facility shall not operate any drying tumblers and cabinets that use petroleum solvents unless tumblers and cabinets are operated in a manner to control petroleum solvent vapor leaks by reducing the number of sources where petroleum solvent is exposed to the atmosphere. Under no circumstances should there be any open containers (can, buckets, barrels) of petroleum solvent or petroleum solvent-containing material. Equipment containing solvent (washers, dryers, extractors, and filters) should remain closed at all times other than during maintenance or load transfer. Lint filter and button trap covers should remain closed except when petroleum solvent-laden lint and debris are removed. Gaskets and seals should be inspected and replaced when found worn or defective. Petroleum solvent-laden clothes should never be allowed to remain exposed to the atmosphere for longer periods than are necessary for load transfers. Finally, vents on petroleum

# Permanent Final Adoptions

solvent-containing waste and new petroleum solvent storage tanks should be constructed and maintained in a manner that limits petroleum solvent vapor emissions to the maximum possible extent.

(3) The owner or operator shall repair all petroleum solvent vapor and liquid leaks within 3 working days after identifying the sources of the leaks. If necessary repair parts are not on hand, the owner or operator shall order these parts within 3 working days, and repair the leaks no later than 3 working days following the arrival of the necessary parts.

(d) **Disposal of filters.** Filters from the petroleum dry cleaning facility shall be disposed of by:

- (1) incineration at a facility ~~approved by the fire marshal's office~~ permitted by the appropriate regulatory entity for such disposal;
- (2) by recycling through an approved vendor of this service; or,
- (3) by any other method approved by the Division Director.

~~(e) **Compliance schedule.** Compliance with 252:100-39-45(e)(1) through 252:100-39-45(e)(3), shall be accomplished by affected facilities on or before October 1, 1986.~~

### GIST/ANALYSIS:

The Department of Environmental Quality (Department or DEQ) is proposing to amend the source obligation provisions for facilities subject to prevention of significant deterioration (PSD) in OAC 252:100-8-36.2 to more closely align Oklahoma's rules with the U.S. Environmental Protection Agency (EPA) rules in 40 C.F.R. § 51.166(r). This proposed rulemaking is in response to requests from industry to add the "reasonable possibility" provisions. The gist of the proposed rules and the underlying reasons for the revisions are to make Oklahoma's PSD source obligation provisions more similar to EPA's provisions, thereby reducing the recordkeeping burden on Oklahoma's permitted PSD facilities.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTION 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 15, 2022:**

## SUBCHAPTER 8. PERMITS FOR PART 70 SOURCES AND MAJOR NEW SOURCE REVIEW (NSR) SOURCES

### PART 7. PREVENTION OF SIGNIFICANT DETERIORATION (PSD) REQUIREMENTS FOR ATTAINMENT AREAS

#### 252:100-8-36.2. Source obligation

(a) **Obtaining and complying with preconstruction permits.** Any owner or operator who constructs or operates a source or modification not in accordance with the application submitted pursuant to this Part or with the terms of any approval to construct, or any owner or operator of a source or modification subject to this Part who commences construction after the effective date of these regulations without applying for and receiving approval hereunder, shall be subject to appropriate enforcement action.

(b) **Consequences of relaxation of permit requirements.** When a source or modification becomes major solely by virtue of a relaxation in any enforceable permit limitation established after August 7, 1980, on the capacity of the source or modification to emit a pollutant, such as a restriction on hours of operation, then the requirements of OAC 252:100-8, Parts 1, 3, 5, and 7 and 252:100-8-34 through 252:100-8-37 shall apply to that source or modification as though construction had not yet commenced on it.

(c) **Requirements when using projected actual emissions.** The following specific provisions apply to projects at existing emissions units at a major stationary source (other than projects at a source with a PAL) of any regulated NSR pollutant, and the owner or operator elects to use the method specified in (B)(i) through (iii) of the definition of "projected actual emissions" in OAC 252:100-8-31 for calculating projected actual emissions.

(1) Before beginning actual construction of the project, the owner or operator shall document and maintain a record of the following information:

- (A) A description of the project;
- (B) Identification of the existing emissions unit(s) whose emissions of a regulated NSR pollutant could be affected by the project; and
- (C) A description of the applicability test used to determine that the project is not a major modification for any regulated NSR pollutant, including the baseline actual emissions, the projected actual emissions, the amount of emissions excluded under (B)(iii) of the definition of "projected actual emissions" in OAC 252:100-8-31 and an explanation for why such amount was excluded, and any netting calculations, if applicable.

(2) Additional recordkeeping requirements for projects not requiring a PSD or Nonattainment NSR permit, but with a "reasonable possibility" of resulting in a significant emissions increase. If the project is determined to have a "reasonable possibility" of resulting in a significant emission increase, the owner or operator shall comply with the applicable requirements of subparagraphs (B) through (E) below.

- (A) A "reasonable possibility" occurs when:
  - (i) The owner or operator calculates the project to result in a projected actual emissions increase of at least 50 percent of the amount that is a "significant emissions increase," as defined in OAC 252:100-8-31 (without reference to the amount that is a significant net emissions increase), for the regulated NSR pollutant; or
  - (ii) The owner or operator, in accordance with the procedures described in (B)(iii) of the definition of "projected actual emissions" under OAC 252:100-8-31, excludes a portion of one or more existing unit's emissions from the calculation of "projected actual emissions," and, if the owner or operator had not excluded those emissions, the projected actual emissions increase would be at least 50 percent of the amount that is a "significant emissions increase," as defined in OAC 252:100-8-31 (without reference to the amount that is a significant net emissions increase), for the regulated NSR pollutant.

(B) If the emissions unit is an existing EUSGU, before beginning actual construction, the owner or operator shall provide a copy of the information set out in OAC 252:100-8-36.2(c)(1) to the Director. Nothing in OAC 252:100-8-36.2(c)(2)(B) shall be construed to require the owner or operator of such a unit to obtain any determination from the Director before beginning actual construction.

~~(C)~~ The owner or operator shall monitor the emissions of any regulated NSR pollutant that could increase as a result of the project and that is emitted by any emissions unit identified in OAC 252:100-8-36.2(c)(1)(B); and calculate and maintain

a record of the annual emissions, in TPY on a calendar year basis, for a period of 5 years following resumption of regular operations after the change, or for a period of 10 years following resumption of regular operations after the change if the project increases the design capacity or potential to emit of that regulated NSR pollutant at such emissions unit.

~~(4D)~~ If the unit is an existing EUSGU, the owner or operator shall submit a report to the Director within 60 days after the end of each year during which records must be generated under OAC 252:100-8-36.2~~(e)(3)(c)(2)(C)~~ setting out the unit's annual emissions during the calendar year that preceded submission of the report.

~~(5E)~~ If the unit is an existing unit other than an EUSGU, the owner or operator shall submit a report to the Director if the annual emissions, in TPY, from the project identified in OAC 252:100-8-36.2(c)(1), exceed the baseline actual emissions (as documented and maintained pursuant to 252:100-8-36.2(c)(1)(C)) by an amount that is significant for that regulated NSR pollutant, and if such emissions differ from the preconstruction projection as documented and maintained pursuant to 252:100-8-36.2(c)(1)(C). Such report shall be submitted to the Director within 60 days after the end of such year. The report shall contain the following:

- ~~(Ai)~~ The name, address and telephone number of the major stationary source;
- ~~(Bii)~~ The annual emissions as calculated pursuant to OAC 252:100-8-36.2~~(e)(3)(c)(2)(C)~~; and
- ~~(Ciii)~~ Any other information that the owner or operator wishes to include in the report (e.g., an explanation as to why the emissions differ from the preconstruction projection).

(3) [RESERVED]

(4) [RESERVED]

(5) [RESERVED]

(6) The owner or operator of the source shall make the information required to be documented and maintained pursuant to OAC 252:100-8-36.2(c) available for review upon request for inspection by the Director or the general public.

(7) The requirements of OAC 252:100-8-34 through 252:100-8-36.2 shall apply as if construction has not yet commenced at any time that a project is determined to be a major modification based on any credible evidence, including but not limited to emissions data produced after the project is completed. In any such case, the owner or operator may be subject to enforcement for failure to obtain a PSD permit prior to beginning actual construction.

(8) If an owner or operator materially fails to comply with the provisions of OAC 252:100-8-36.2(c), then the calendar year emissions are presumed to equal the source's potential to emit.

### GIST/ANALYSIS:

DEQ is proposing to amend OAC 252:100-13, Open Burning, to conform the Department's rules to statutory changes enacted in the 2021 legislative session. Senate Bill 246 (2021) changed 27A Okla. Stat. (O.S.) § 2-5-130 to only require an air curtain incinerator (ACI) be used in counties or areas within a county that are or have been designated nonattainment or where an ambient air quality monitor has documented a violation of the National Ambient Air Quality Standards (NAAQS), or those counties with a population of greater than 500,000. The gist of this rulemaking is to implement the above-mentioned statutory changes. This will currently restrict the areas where an ACI is required for land clearing operations, or the burning of clean wood waste or yard brush to only Oklahoma and Tulsa Counties.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTION 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 15, 2022:**

### SUBCHAPTER 13. OPEN BURNING

#### 252:100-13-7. Allowed open burning

When not prohibited by law or ordinance, the following types of burning are allowed, provided the conditions and requirements in OAC 252:100-13-9 have been met:

(1) **Fire training.** Open burning of human-made structures for the purpose of municipal fire department training is allowed as provided for in the Oklahoma Clean Air Act, 27A O.S., Section 2-5-106.1. For any human-made structure, the entire structure, including, but not limited to, insulation, roofing, flooring, painted surfaces and plumbing, shall be examined for the presence of asphalt, asbestos, and lead-containing materials. All asphalt, asbestos, and lead-containing materials shall be removed from the structure prior to the fire training. Asbestos inspection and removal shall be conducted according to the requirements of federal law. Federal law requires a certified asbestos inspector, and notification of any activity that would breakup or dislodge asbestos, such as stripping or removal work, at least 10 working days prior to activity commencement, as specified in 40 CFR 61.145. Industrial and commercial facilities and fire training schools may conduct on-site live burn fire training.

(2) **Elimination of hazards.** Provided prior authorization is obtained from the local fire chief, open burning is allowed for the elimination of:

(A) A fire hazard that cannot be abated by any other means.

(B) A dangerous or hazardous material when there is no other practical or lawful method of abatement or disposal, if authorization is also received from the DEQ prior to such burning.

(3) **Recreational and ceremonial fires.** Open burning is allowed for camp fires and other fires used solely for recreational purposes, ceremonial occasions, or non-commercial preparation of food.

(4) **Land management and land clearing operations.** Open burning is allowed for the following land management and land clearing operations:

(A) Fires purposely set to forest, crop or range lands for a specific reason in the management of forests, crops, or game, in accordance with practices recommended by the Oklahoma Department of Wildlife Conservation, the Oklahoma Department of Agriculture, Food, and Forestry, and the United States Forest Service.

(B) Fires purposely set for land clearing operations if conducted at least 500 feet from any occupied residence other than those located on the property on which the burning is conducted and in accordance with OAC 252:100-13-8. Such burning shall be conducted using an air curtain incinerator in counties or areas that are or have been designated nonattainment, or in MSAs with a population of greater than nine hundred thousand people according to the latest federal decennial census.

(5) **Burning of domestic refuse.** Where no collection and disposal service is reasonably available, domestic

refuse may be burned on the property where the waste is generated.

(6) **Hydrocarbon burning.** Open burning of hydrocarbons is allowed for:

(A) The disposal of spilled hydrocarbons or the waste products of oil exploration, development, refining, or processing operations which cannot be feasibly recovered or otherwise disposed of in a legal manner. Notice must be given to the DEQ prior to such burning.

(B) The disposal of waste hydrocarbons through a flare. The owner or operator shall be required to use a smokeless flare if a condition of air pollution is determined to exist by the DEQ.

(7) **Yard brush.** Yard brush may be burned on the property where the waste is generated or transported. If transported, yard brush must be burned in accordance with OAC 252:100-13-8 and OAC 252:100-13-8.1.

(8) **Certain medical marijuana plant refuse.** Commercial licensees, medical marijuana research facilities, and medical marijuana educational facilities, as those terms are defined in the Oklahoma Statutes at Section 428 of Title 63 titled, the Oklahoma Medical Marijuana Waste Management Act (Act), are allowed to open burn the parts of the marijuana plant grown to produce medical marijuana (as prescribed in Section 429 of Title 63 of the Act) that are exempted from the term "Medical marijuana waste" as defined in the Oklahoma Statutes at Section 428 of Title 63 of the Act.

(9) **Wood waste or clean lumber.** Wood waste, clean lumber, or a mixture of only wood waste and clean lumber may be burned in accordance with OAC 252:100-13-8 and 252:100-13-8.1.

**252:100-13-8. Use of air curtain incinerators**

(a) Except for hazardous material, any combustible material or refuse that is allowed to be burned under this Chapter may be burned in an air curtain incinerator that is properly designed and operated for the control of smoke and particulate matter. The owner or operator of ~~an~~the air curtain incinerator ~~located in an MSA with a population of greater than nine hundred thousand people or in counties or areas that are or have been designated nonattainment~~ shall not accept any material owned by other persons and shall not transport any material to the property where the air curtain incinerator is located in order to burn the material, except ~~as provided in accordance with OAC 252:100-13-8(a)(1)~~OAC 252:100-13-8.1.

(1) ~~The owner or operator of the air curtain incinerator located in an MSA with a population of greater than nine hundred thousand people or in counties or areas that are or have been designated nonattainment may accept and/or transport:~~

- (A) ~~100 percent wood waste,~~
- (B) ~~100 percent clean lumber, or~~
- (C) ~~100 percent mixture of wood waste and clean lumber.~~

(2) ~~In addition to the requirements in this subchapter, the owner or operator of the air curtain incinerator must~~

~~comply with the requirements of OAC 252:100-17 and 40 CFR Part 60.~~

(b) For land clearing operations and disposal of clean wood waste and transported yard brush, an ACI is ~~not~~required ~~except in counties or areas within a county that:—are or have been designated nonattainment or in an MSA with a population of greater than nine hundred thousand according to the latest federal decennial census.~~

(1) are or have been designated nonattainment for National Ambient Air Quality Standards (NAAQS) or where the Department-certified ambient air quality monitoring data documents a violation of primary NAAQS prior to such determination, or

(2) have a population of greater than five hundred thousand (500,000) people according to the latest Federal Decennial Census.

(c) In addition to the requirements in this subchapter, the owner or operator of the air curtain incinerator must comply with the requirements of OAC 252:100-17 and 40 CFR Part 60.

**252:100-13-8.1. Transported material**

(a) Combustible material obtained from land clearing operations, yard brush, ~~and~~clean wood waste, and clean lumber may be transported from where it is generated to another location in order to perform open burning. Material transported in order to perform open burning must meet the following conditions:

(1) The open burning shall not be conducted in counties or areas within a county that are or have been designated nonattainment or where the Department-certified ambient air quality monitoring data documents a violation of primary NAAQS prior to such determination, or in MSAs with a population of greater than ~~nine~~five hundred thousand, except in accordance with OAC 252:100-13-8(b).

(2) The material shall be burned within 90 days of being transported.

(3) The volume of material shall not exceed 10,000 cubic feet.

(b) Except in accordance with OAC 252:100-13-8~~(a)~~ or 252:100-13-8.1(a) above, no person shall accept any material owned by other persons nor transport combustible material from where it is generated to another location in order to perform open burning.

## GIST/ANALYSIS:

The Department of Environmental Quality (DEQ) proposes to amend OAC 252:100, Subchapter 47, Control of Emissions from Existing Municipal Solid Waste Landfills. The gist of the proposed rule is to implement the provisions of 40 C.F.R. Part 60, Subpart Cf, "Emission Guidelines and Compliance Times for Municipal Solid Waste Landfills." Upon promulgation, the revised Subchapter 47 will be incorporated into Oklahoma's revised State 111(d) Plan. The proposed rule changes affect municipal solid waste (MSW) landfills that commenced construction, modification, or reconstruction before July 17, 2014, and accepted waste after November 8, 1987, including closed landfills. Landfill gas collection and control systems (GCCS) will be required for landfills with design capacities of at least 2.5 million megagrams and 2.5 million cubic meters that have estimated emissions of at least 34 megagrams per year of non-methane organic compounds (NMOC). The previous NMOC threshold to install a control system was 50 megagrams per year. Currently, EPA is implementing the emission guidelines for existing MSW landfills with a Federal Plan under 40 C.F.R. Part 62, Subpart OOO.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTION 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 15, 2022:**

## SUBCHAPTER 47. CONTROL OF EMISSIONS FROM EXISTING MUNICIPAL SOLID WASTE LANDFILLS

### 252:100-47-2. Reference to 40 CFR

When a provision of Title 40 of the Code of Federal Regulations (40 CFR) is incorporated by reference in OAC 252:100-2 and Appendix Q of Chapter 100, all citations contained therein are also incorporated by reference.

### 252:100-47-3. Definitions

(a) ~~The~~This Subchapter uses applicable definitions in 40 CFR 60.751-60.41f, except as provided in (b) of this Section are hereby incorporated by reference as they exist on July 1, 2002.  
(b) The following words and terms when used in this Subchapter, shall have the following meaning, unless the context clearly indicates otherwise:

(1) **"Existing municipal solid waste landfill"** or **"existing MSW landfill"** means a municipal solid waste landfill that commenced construction, modification, or reconstruction on or before May 30, 1994~~July 17, 2014~~ and accepted waste ~~after~~since November 8, 1987.

(2) **"Legacy controlled landfill"** means any MSW landfill subject to this Subchapter that submitted a gas collection and control system (GCCS) design plan prior to May 21, 2021 in compliance with 40 CFR Part 60, Subpart WWW, or Oklahoma's State Plan implementing 40 CFR Part 60, Subpart Cc, depending on which regulation was applicable to the landfill. This definition applies to those landfills that completed construction and began operations of the GCCS and those that are within the 30 month timeline for installation and start-up of a GCCS according to 40 CFR Part 60, Subpart WWW or Oklahoma's State Plan implementing 40 CFR Part 60, Subpart Cc.

(3) **"State Plan"** means a program that the State is responsible for developing and implementing to achieve compliance with the emission guidelines in Subpart Cc or Cf of 40 CFR Part 60. Oklahoma's State Plan implementing 40 CFR Part 60, Subpart Cc, will be superseded by the State Plan implementing 40 CFR Part 60, Subpart Cf, upon EPA approval of said plan.

### 252:100-47-5. General provisions

(a) **Applicability.** Except as provided in ~~sub~~paragraphs (1) ~~and (2)~~through (3) of this paragraph subsection, the provisions of this Subchapter are applicable to all existing MSW landfills in the State of Oklahoma. This Subchapter is also an applicable requirement for existing MSW landfill sites on the National Priorities List in Appendix B of 40 CFR Part 300.

(1) Physical or operational changes made to an existing MSW landfill solely to comply with this Subchapter are not considered a modification or reconstruction and would not subject an existing MSW landfill to the requirements of 40 CFR Part 60, ~~Subpart~~Subparts WWW (Standards of Performance for Municipal Solid Waste Landfills That

Commenced Construction, Reconstruction, or Modification on or After May 30, 1991, but Before July 18, 2014) or XXX (Standards of Performance for Municipal Solid Waste Landfills That Commenced Construction, Reconstruction, or Modification After July 17, 2014).

(2) Remedial activities required by or conducted pursuant to state or federal law are not considered construction, reconstruction, or modification for the purposes of this Subchapter.

(3) If the landfill's design capacity increases as the result of a modification that was commenced after July 17, 2014, then the landfill becomes subject to 40 CFR Part 60, Subpart XXX. If the design capacity increase is the result of a change in operating practices, density, or some other change that is not a modification, then the landfill remains subject to this Subchapter.

(b) **Exemptions.** The DEQ, with EPA approval, may provide for the application of less stringent emissions standards or longer compliance schedules than those otherwise required by this Subchapter, provided that at least one of the circumstances listed below are applicable to the MSW landfill:

- (1) Unreasonable cost of control resulting from facility age, location, or basic design; or
- (2) Physical impossibility of installing necessary control equipment; or
- (3) Other factors specific to the facility that make application of a less stringent standard or final compliance time significantly more reasonable.

**252:100-47-6. Permits required and compliance schedules**

(a) **Part 70 operating permits.**

(1) The owner or operator of an existing MSW landfill with a design capacity less than 2.5 million megagrams or 2.5 million cubic meters is not required to obtain a Part 70 permit for the landfill, unless the landfill is otherwise a Part 70 source.

(2) The owner or operator of an existing MSW landfill with a design capacity greater than or equal to 2.5 million megagrams and 2.5 million cubic meters, that is not otherwise a Part 70 source, is subject to OAC 252:100-8 as a Part 70 source ~~ninety (90) days after the effective date of the state plan, even if the initial design capacity report was submitted earlier.~~

(3) When an existing MSW landfill is closed, the owner or operator is no longer subject to the requirement to maintain a Part 70 permit for the landfill if the landfill is not otherwise subject to the requirements of OAC 252:100-8 and if either of the following conditions is met:

- (A) The landfill was never subject to the requirement for a control system under OAC 252:100-47-7.
- (B) The owner or operator meets the conditions for control system removal specified in OAC 252:100-47-7.

(b) **Construction permits.** The owner or operator of any existing MSW landfill that installs a MSW landfill gas collection and control system is required to obtain a construction permit as provided by OAC 252:100-7-15 or OAC 252:100-8-4. ~~If the~~

landfill has a design capacity of at least 2.5 million cubic meters and 2.5 million megagrams and an estimated nonmethane organic compounds (NMOC) emission rate of at least 50 megagrams per year, calculated in accordance with Section 9 of this Subchapter, the owner or operator of the MSW landfill shall also comply with the following requirements:

(1) ~~The application for a construction permit and the collection and control system design plan shall be submitted to the DEQ within 12 months after the initial or any annual NMOC emissions rate report indicates that the emission rate equals or exceeds 50 megagrams per year, unless site specific sampling demonstrates that the emission rate is less than 50 megagrams per year.~~

(2) ~~All contracts for installation of the emission control systems or for process modifications shall be awarded and all orders for the purchase of component parts to accomplish emission control or process modification shall be completed within 3 months of the submittal of the design plan under paragraph (b)(1) of this section.~~

(3) ~~The installation of the collection and control system shall commence within 3 months of the awarding of contracts under paragraph (b)(2) of this section.~~

(4) ~~The installation of the collection and control system shall be completed within 18 months of the submittal of the design plan under paragraph (b)(1) of this section.~~

(5) ~~Within 30 months of the first annual report in which the NMOC emission rate equals or exceeds 50 megagrams per year, the MSW landfill shall be in compliance with paragraphs (b)(1) through (b)(4) of this section.~~

(c) **Compliance Schedules and Increments of Progress.**

To achieve final compliance, the owner or operator must complete the planning, awarding of contracts, and installing and starting up of MSW landfill air emission collection and control equipment capable of meeting the emissions standards under OAC 252:100-47-7 within 30 months after the applicable start date in paragraphs (1) and (2) of this subsection according to the schedule in paragraph (3) of this subsection. MSW Landfills currently subject to 40 CFR Part 60, Subpart WWW, that are subject to these rules must continue to comply with the requirements of Subpart WWW until they become subject to the more stringent requirements of this rule.

(1) The date a nonmethane organic compounds (NMOC) emission rate report shows NMOC emissions equal or exceed 34 megagrams per year (50 megagrams per year for the closed landfill subcategory).

(2) The date of the most recent NMOC emission rate report that shows NMOC emissions equal or exceed 34 megagrams per year (50 megagrams per year for the closed landfill subcategory), if Tier 4 surface emissions monitoring shows a surface emission concentration of 500 parts per million methane or greater.

(3) Increments of progress to install air pollution control devices to meet emission standards in OAC 252:100-47-7:

(A) Submit to the DEQ an application for a construction permit and a collection and control system design plan in accordance with the requirements of

## Permanent Final Adoptions

40 CFR 60.38f(d) within 12 months of the applicable start date.

(B) Award contract(s) to initiate on-site construction or installation of the collection and/or control equipment within 20 months of the applicable start date.

(C) Commence on-site construction or installation of the collection and/or control equipment within 24 months of the applicable start date.

(D) Complete on-site construction according to the approved collection and control system design plan and achieve final compliance within 30 months of the applicable start date. For a legacy controlled landfill, the initial or most recent performance test conducted to comply with 40 CFR Part 60, Subpart WWW, or Oklahoma's State Plan implementing 40 CFR Part 60, Subpart Cc, is sufficient for compliance with this subparagraph. The test report does not have to be resubmitted.

### 252:100-47-7. Emission standards

(a) ~~An~~ Each owner or operator of an existing MSW landfill meeting the conditions set forth in 40 CFR 60.33f(a) paragraphs (1) through (4) shall comply with ~~all~~ the collection system and control system provisions specified in 40 CFR 60.75260.33f(b) and 60.33f(c), which is hereby incorporated by reference as it exists on July 1, 2002.

(1) Legacy controlled landfills or landfills in the closed landfill subcategory must install and start up a gas collection and control system within 30 months after the first annual report in which the NMOC emission rate equals or exceeds 50 megagrams per year, submitted under previously applicable regulations 40 CFR Part 60, Subpart WWW, or Oklahoma's State Plan implementing 40 CFR Part 60, Subpart Cc.

(2) Legacy controlled landfills or landfills in the closed landfill subcategory that have already installed control systems and completed initial or subsequent performance tests may comply with this Subchapter using the initial or most recent performance test conducted to comply with 40 CFR Part 60, Subpart WWW, or Oklahoma's State Plan implementing 40 CFR Part 60, Subpart Cc.

(b) Each owner or operator of an existing MSW landfill having a design capacity equal to or greater than 2.5 million megagrams and 2.5 million cubic meters that does not install a collection or control system must calculate an NMOC emission rate for the landfill on an annual basis as provided in 40 CFR 60.33f(e).

(c) The collection and control system may be capped, removed, or decommissioned if the criteria provided in 40 CFR 60.33f(f) are met.

### 252:100-47-8. Operational standards for collection and control systems

~~An~~Each owner or operator of an existing MSW landfill with a gas collection and control system shall comply with all provisions specified in 40 CFR ~~60.753~~60.34f(a) through (g)

or the operational standards in 40 CFR 63.1958. Once the owner or operator begins to comply with the provisions in 40 CFR 63.1958, they must continue to operate the collection and control system according to those provisions and cannot return to the provisions of 40 CFR 60.34f, which is hereby incorporated by reference as it exists on July 1, 2002.

### 252:100-47-9. Test methods and procedures

~~An~~Each owner or operator of an existing MSW landfill shall comply with all provisions specified in 40 CFR 60.75460.35f(a) through (e), which is hereby incorporated by reference as it exists on July 1, 2002.

### 252:100-47-10. Compliance provisions

~~An~~Each owner or operator of an existing MSW landfill shall comply with all provisions specified in 40 CFR 60.75560.36f(a) through (e) or the compliance provisions in 40 CFR 63.1960. Once the owner or operator begins to comply with the provisions in 40 CFR 63.1960, they must continue to operate the collection and control system according to those provisions and cannot return to the provisions of 40 CFR 60.36f, which is hereby incorporated by reference as it exists on July 1, 2002.

### 252:100-47-11. Monitoring of operations

~~An~~Each owner or operator of an existing MSW landfill shall comply with all provisions specified in 40 CFR 60.75660.37f(a) through (h) or the monitoring provisions in 40 CFR 63.1961. Once the owner or operator begins to comply with the provisions in 40 CFR 63.1961, they must continue to operate the collection and control system according to those provisions and cannot return to the provisions of 40 CFR 60.37f, which is hereby incorporated by reference as it exists on July 1, 2002.

### 252:100-47-12. Reporting requirements

(a) ~~The owner or operator of an existing MSW landfill shall submit an initial design capacity report to the DEQ within 90 days of the effective date of the State Plan.~~

(b) ~~The owner or operator of an existing MSW landfill having a design capacity equal to or greater than 2.5 million cubic meters and 2.5 million megagrams, shall submit an initial NMOC emission rate report to the DEQ within 90 days of the effective date of the State Plan. Subsequent NMOC emission rate reports shall be submitted annually thereafter, except as provided for in 40 CFR 60.757(b)(1)(ii) and (b)(3).~~

(c) ~~The owner or operator of an existing MSW shall comply with the provisions specified in 40 CFR 60.757, except 60.757(a)(1) and (b)(1)(i), which is hereby incorporated by referenced as it appears on July 1, 2002.~~

(a) Each owner or operator of an existing MSW landfill shall comply with all reporting provisions specified in 40 CFR 60.38f(a) through (n), except 60.38f(d)(2).

(b) When an MSW landfill subject to this Subchapter is in the closed landfill subcategory, the owner or operator is not subject to the following reports of this Subchapter, provided the

owner or operator submitted these reports under the provisions of 40 CFR Part 60, Subpart WWW, or under this Subchapter on or before July 17, 2014:

- (1) Initial design capacity report specified in 40 CFR 60.38f(a).
(2) Initial or subsequent NMOC emission rate report specified in 40 CFR 60.38f(c), provided that the most recent NMOC emission rate report indicated the NMOC emissions were below 50 megagrams per year.
(3) Collection and control system design plan specified in 40 CFR 60.38f(d).
(4) Closure report specified in 40 CFR 60.38f(f).
(5) Equipment removal report specified in 40 CFR 60.38f(g).
(6) Initial annual report specified in 40 CFR 60.38f(h).
(7) Initial performance test report in 40 CFR 60.38(i).

(c) When an MSW landfill subject to this Subchapter is in the legacy controlled landfill subcategory, the owner or operator is not subject to the following reports of this Subchapter, provided the owner or operator submitted these reports under the provisions of 40 CFR Part 60, Subpart WWW, or under this Subchapter on or before June 21, 2021:

- (1) Initial design capacity report specified in 40 CFR 60.38f(a).
(2) Initial or subsequent NMOC emission rate report specified in 40 CFR 60.38f(c).
(3) Collection and control system design plan specified in 40 CFR 60.38f(d).
(4) Initial annual report specified in 40 CFR 60.38f(h).
(5) Initial performance test report in 40 CFR 60.38(i).

252:100-47-13. Recordkeeping requirements

Each owner or operator of an existing MSW landfill shall comply with all provisions specified in 40 CFR 60.75860.39f(a) through (j), which is hereby incorporated by reference as it exists on July 1, 2002.

252:100-47-14. Specifications for active collection systems

Each owner or operator of an existing MSW landfill shall comply with all provisions specified in 40 CFR 60.75960.40f(a) through (c), which is hereby incorporated by reference as it exists on July 1, 2002.

INCORPORATION BY REFERENCE:

Incorporated standards:

Date of 40 CFR provisions incorporated by reference in these rules is changed to "as amended through July 1, 2021".

Incorporating rules:

252:205-3-1 and 3-2

Availability:

The standards are on file at the Department of Environmental Quality, 707 North Robinson, Oklahoma City, Oklahoma, 73102, and are available to the public for examination Monday through Friday between the hours of 8:00 a.m. and 4:30 p.m., excluding state holidays. The standards may also be viewed on the Department of Environmental Quality Website at the following link: https://www.deq.ok.gov/council-meeting-single/?meetingid=MTIYNzI=

GIST/ANALYSIS:

The gist of this rulemaking is to make DEQ's hazardous waste rules consistent with the federal regulations by incorporating by reference (IBR) the regulations found in 40 CFR Parts 124 and 260-279, revised as of July 1, 2021. The significant rule change for this IBR modernizes the rules governing determinations for ignitable liquid hazardous wastes. The modification will allow labs testing for the characteristic to use non-mercury thermometers. It finalizes the codification of existing guidance defining "aqueous" as "50% water by weight." And it corrects cross references to DOT regulations and removes obsolete information. This rulemaking ensures that Oklahoma's hazardous waste rules are at least equivalent to the federal rules, as required to maintain program Authorization. Additionally, statute changes that became effective July 1, 2021 have rendered certain state rules obsolete. Therefore, the DEQ is modifying those state rules that have been affected by the statute changes.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S.,

# Permanent Final Adoptions

SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 15, 2022:

## SUBCHAPTER 3. INCORPORATION BY REFERENCE

### 252:205-3-1. Reference to 40 CFR

When reference is made to Title 40 of the Code of Federal Regulations (40 CFR), it shall mean (unless otherwise specified): the Hazardous Waste Regulations, Monday, May 19, 1980, as amended through July 1, ~~2020~~2021.

## SUBCHAPTER 5. ADDITIONAL GENERATOR REQUIREMENTS

### 252:205-5-1. Disposal plans [REVOKED]

All persons generating hazardous waste in Oklahoma or generating hazardous waste to be stored, treated, recycled or disposed of in Oklahoma shall file a disposal plan with the DEQ on DEQ forms and shall obtain the DEQ's approval prior to offering the waste for transport.

~~(1) The generator must update the disposal plan as needed and must notify the DEQ at least five working days before any changes are implemented. The DEQ requires a minimum of five (5) working days to process and approve new or amended disposal plans. Changes shall not be implemented until approved by the DEQ.~~

~~(2) One time disposal plans may be issued for emergency clean up or waste removal.~~

~~(3) The DEQ may require supporting documentation including but not limited to, laboratory analyses and Material Safety Data Sheets to verify information submitted. If specific technical process knowledge is provided which the Department determines adequately identifies the waste, laboratory analysis will not be required.~~

~~(4) If a disposal plan is canceled for non payment of fees, the generator must complete a new application and re-submit supporting documentation to the DEQ for approval.~~

### 252:205-5-2. SQG exemption from disposal plan requirements [REVOKED]

Small quantity generators and very small quantity generators are not required to file disposal plans (252:205-5-1) or quarterly reports (252:205-5-3) with the DEQ.

### 252:205-5-3. Quarterly reporting requirements [REVOKED]

(a) **General.** All persons generating hazardous waste within Oklahoma including on site treatment, storage, recycling, or disposal facilities, shall submit a report to the DEQ in a prescribed format which may include electronic submissions. The quarterly report shall be submitted no later than 60 days after the end of each quarter.

~~(b) **Content.** Quarterly reports shall include the total amount of hazardous waste generated and, when applicable, for each hazardous waste generated in a quarter:~~

~~(1) The appropriate waste stream number from the generator's disposal plan;~~

~~(2) The EPA ID number of all transporters who transported the waste;~~

~~(3) The EPA ID number of the receiving facility; and~~

~~(4) The handling code(s) corresponding to the method the generator expects the designated receiving facility to use.~~

~~(c) **Characteristic hazardous waste.** If characteristic hazardous waste is treated on site to render it non hazardous, the quarterly report shall so indicate.~~

~~(d) **Reporting exclusions.** This section does not apply to waste which is not subject to the substantive federal regulations adopted by reference by 252:205-3-2. There are many such exclusions, including but not limited to:~~

~~(1) Hazardous wastewater which is properly disposed of on site in facilities permitted under the Clean Water Act;~~

~~(2) Hazardous wastewater which is properly disposed of on site in Class I injection wells permitted under the Safe Drinking Water Act; and~~

~~(3) Hazardous wastes which are treated in elementary neutralization units to render them non hazardous.~~

## SUBCHAPTER 21. FEES

### 252:205-21-1. General fee provisions

Fees are payable to the DEQ. Monitoring fees and renewal fees are due and payable and must be postmarked within sixty days from the invoice date. Ranges of fees for ~~generator disposal plans, transporter registration,~~ permit application and application resubmittals, and facility monitoring are set by law. See 27A O.S. § 2-7-119. A late fee of 20% of the renewal fee will be charged as a penalty for late renewal of fees less than \$10,000. For fees of \$10,000 or more, see the penalty clause of 27A O.S. § 2-3-301. The DEQ will not re-assess fees at time of transfer of ownership if units and EPA I.D. number remain unchanged.

### 252:205-21-2. Generator fees

(a) **Disposal plan.** The fee for a disposal plan for one or two waste streams is \$100 per generator per year. Each additional waste stream is \$50 per year. There is no disposal plan fee for emergency incidents under 252:205-13-1. Disposal plans shall be canceled if the fees are not paid after the second notification.

(b) **Annual monitoring and inspection fee.** Oklahoma generators shall pay an annual fee of ~~\$100~~300, except small quantity generators who pay \$25. There is no monitoring fee for generators who obtain one time disposal plans issued under 252:205-5-1 for emergency cleanup or waste removal.

**252:205-21-4. Treatment, storage, off-site recycling, and disposal facility fees**

**(a) Permit fees.**

- (1) New permit application fees are listed in Appendix B.
- (2) Renewal and post closure application fees shall be 1/2 of the fees listed in Appendix B, subject to the statutory minimum.
- (3) Fees for re-submission of an application shall be the minimum amount established by 27A O.S. § 2-7-119(B). Re-submission is deemed to occur when an applicant, at the request of the Department, provides additional information to make an application complete, which constitutes substantial recomposition of the application.
- (4) Fees for Tier 3 modifications are the application fees listed in Appendix B.
- (5) Application fees for an off-site recycling facility shall be the statutory minimum established for permit applications by 27A O.S. § 2-7-119(B).

(b) **Refund of permit fees.** Ninety percent (90%) of the fee is refundable for any applications withdrawn within 30 days.

**(c) Monitoring and inspection fees.**

- (1) All ~~hazardous waste facilities~~ Small and Large Quantity Generators of hazardous waste shall be charged an annual fees for monitoring and inspection by the Department. ~~These fees are in addition to the \$100 monitoring fee for generators.~~
- (2) Facilities that treat, store, or dispose of hazardous waste, or receive off-site hazardous waste for recycling, are subject to the fee provisions of § 2-7-121(A) of the Act, except as provided by 27A O.S. § 2-7-121(B). The fee amounts and applicability are depicted in Appendix C of this Chapter. Facilities not subject to Appendix C of this Chapter shall be charged the minimum annual monitoring fee established at 27A O.S. § 2-7-119(B). (Appendix C of this Chapter is included for convenience and is subject to adjustment of the fees by statutory amendment.)

## APPENDIX C. ANNUAL FACILITY MONITORING FEES [REVOKED]

## APPENDIX C. ANNUAL FACILITY MONITORING FEES [NEW]

Disposition of Waste	On-site	Off-site
Waste Storage, Treatment, or Land Disposal	\$9.50/ton (minimum \$20,000/yr per facility)	\$9.50/ton (minimum \$50,000/yr per receiving treatment or land disposal facility, minimum \$20,000/yr per storage facility*)
Waste Recycling	-----	\$4.00/Ton (minimum \$20,000/yr per receiving facility, excluding receiving facilities which consistently receive or recycle fewer than ten (10) tons of hazardous waste per month)
Underground Injection	\$0.03 per gallon	\$0.03 per gallon
Facilities Conducting Research & Design Tests	-----	\$9.00/ton treatment, storage, or disposal \$4.00/ton recycling (minimum \$10,000/yr per receiving facility)

\* For the purpose of the \$20,000/yr per receiving facility minimum fee only, storage includes physical separation or combining of wastes solely to facilitate efficient storage at the facility and/or efficient transportation. Any off-site facility which is permitted for treatment or land disposal in addition to storage will be subject to the \$50,000/yr per receiving facility minimum fee.

**GIST/ANALYSIS:**

The proposed revisions remove outdated legal citations, fix typos, reduce the amount of hard copies being sent to DEQ for review, allow for electronic files to be posted on our website, and remove outdated references to Oklahoma Department of Commerce. This will reduce the costs for participants in DEQ's Brownfields Certificate and Brownfields Revolving Loan Fund Programs. The Brownfields Rules were codified through the 2011 legislative session and have not been updated. Since that time, we have moved to an electronic filing system, the internet is now more widely used, EPA has changed our grant requirements, and our processes have changed. Also, the Oklahoma Department of Commerce is no longer our fund manager for the Brownfields Revolving Loan Fund. DEQ has managed the loan funds in-house for a couple of years. The gist of the rulemaking is to update the rules to be more in alignment with current processes.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 15, 2022:**

**SUBCHAPTER 1. GENERAL PROVISIONS**

**252:221-1-4. Terms not defined by Code or rule**

Any term not defined in the Oklahoma Environmental Quality Code (27A O.S. ~~§1-2-101-2-1-101~~*et seq*) or Title 252 of the Oklahoma Administrative Code shall be defined by:

- (1) The Dictionary of Geological Terms, latest revised edition, American Geological Institute,
- (2) Its generally accepted scientific meaning, or
- (3) Its standard dictionary meaning.

**252:221-1-6. Transitioning from Voluntary Cleanup Program to Brownfield Program**

A participant in the Voluntary Cleanup Program may transition to the Brownfield Program by notifying the Brownfield Program in writing and meeting the requirements in ~~27A O.S. §15-101 et seq~~ and the rules in this Chapter.

**SUBCHAPTER 3. THE BROWNFIELD PROGRAM**

**252:221-3-2. Process**

(a) **Eligibility.** The participant must provide sufficient information for the DEQ to determine whether:

- (1) the participant is eligible for liability protection under the state Brownfields law; and
- (2) the site qualifies for the EPA enforcement bar under CERCLA.

(b) **Information.** The participant shall provide the DEQ with information specified in 27A O.S. § 2-15-105 and this Chapter.

(c) **Project tracking database.** The participant shall submit the name of the site, with the latitude and longitude, legal description, and street address as well as contact information for the participant.

**252:221-3-3. Proposal**

The participant shall develop a Proposal in accordance with 27A O.S. § 2-15-105 and the rules in this Chapter and shall propose either a remedial option or a request for a no action necessary determination. DEQ and the participant shall

## Permanent Final Adoptions

---

consider the history of the site and surrounding area in determining the type of sampling and analysis to be conducted and risk-based decision making.

- (1) **Site characterization.** In addition to the requirements of 27A O.S. § 2-15-105, the participant shall submit a work plan for site characterization, which includes a plan to control the quality of the data generated for the project commensurate with the complexity of the site, a discussion of existing data, the data gaps, a sampling plan to delineate areas of contamination, and a contaminant and site-specific plan to protect worker and public health and safety during site work.
- (2) **Previously acquired data.** The participant may submit previously generated data, if appropriate, with corresponding Quality Assurance/Quality Control documentation. Temporal issues will be considered on a site by site basis. The DEQ may consider this information in determining the appropriateness of further investigation of the site.
  - (A) The DEQ may require verification sampling to validate the information submitted.
  - (B) If the information submitted does not fully address the requirements of the Brownfield program, the participant shall collect additional data as required by the DEQ.
  - (C) The DEQ may require additional analytes, at its discretion.
- (3) **Future use.** The participant shall identify the future use of the contaminated property. If the future use of the site is other than "unrestricted use", the Proposal must include a plan for the implementation and maintenance of engineering and institutional controls and a plan for long term stewardship.
- (4) **Risk evaluation.** On a site specific basis, the participant shall identify and evaluate all potential receptors and exposure pathways. If the proposal claims that an exposure pathway is not complete and therefore no receptor is threatened, specific information must be provided that documents and supports the claim.
- (5) **Risk-based cleanup levels.** Using risk evaluation methodology approved by the DEQ, the participant shall:
  - (A) compare site contaminant levels to published screening levels approved by the DEQ;
  - (B) calculate a default risk-based cleanup level in accordance with DEQ guidance; or
  - (C) conduct a risk assessment of the contaminated property to produce site-specific risk-based cleanup levels. DEQ must approve the model and input parameters used in any risk assessment.
- (6) **Remedial option evaluation.** The participant shall identify alternatives for remediation and shall submit narrative information which discusses each alternative's risk-based cleanup levels, protectiveness, economic feasibility, technical feasibility, and reliability of each remedial alternative considered. Additionally, the participant shall include a discussion of engineering and institutional controls needed for each option to maintain the remedy and

control the use of the property in the future. Examples of specific institutional controls must be included in the Proposal for evaluation unless the future use is "unrestricted use".

- (7) **Preferred option.** The participant shall identify its preferred option.
- (8) **No Action Determination.** A request for a no action determination does not require a remedial option evaluation as described in subsection (f) above.
- (9) **Submittal.** The Proposal must be written in plain language, with technical terms defined. The participant shall submit ~~two~~one paper ~~copies~~copy and one electronic copy, as instructed by the DEQ, of the Proposal to the DEQ for review and comment.

### 252:221-3-5. Public participation

- (a) **Public review.** The participant must make the Proposal and its amendments available to the public for review for 20 working days. The Proposal must be placed at a convenient location local to the site that provides easy access to the public to review or made available electronically to the public.
- (b) **Public notice.** The participant must place a public notice on a public website or in a newspaper of general circulation local to the site announcing the availability of the Proposal for public review and comment. The notice must include, at a minimum:
  - (1) the name(s) and contact information of the participant(s);
  - (2) the site name;
  - (3) the location (street address and legal description) of the site;
  - (4) the proposed future use of the property;
  - (5) the proposed remedy;
  - (6) the location where the Proposal may be reviewed;
  - (7) the beginning and ending dates for the 20 working day review and comment period;
  - (8) the opportunity to request a public forum on the Proposal and its amendments within the 20 working day review period; and
  - (9) the DEQ contact person and mailing address where comments will be received.
- (c) **Public forum.** If the DEQ receives a timely request for a public forum on the Proposal and its amendments and determines that there is a significant degree of public interest in the Proposal, the DEQ shall expeditiously schedule and hold a public forum. Notice of the forum shall be given to the public at least 10 working days prior to the public forum in the same manner as in subsection (b) above. The public forum shall be held at a location convenient to and near the Brownfield site. The participant must attend the meeting or send a designated representative.

## SUBCHAPTER 5. VERIFICATION OF BROWNFIELDS PROJECTS

**252:221-5-1. Applicability**

This Subchapter applies to Brownfields projects eligible for funds from the Wastewater Facility Construction Revolving Loan Account pursuant to 82 O.S. §~~1084.1~~1085.51 *et seq.* and other state or federal funding sources.

**SUBCHAPTER 7. REVOLVING LOAN FUNDS (RLF)**

**252:221-7-1. Purpose, authority and applicability**

(a) **Purpose.** ~~The purpose of this Subchapter is to implement Executive Order 98-37, mandating state agencies to establish criteria for local project funding contracts~~ the Brownfields Revolving Loan Fund that originates from federal grants administered by EPA Region 6.

(b) **Authority.** This subchapter is adopted pursuant to 27A O.S. § 2-2-101 *et seq.* and § 2-15-101 *et seq.*, ~~and 75 O.S. § 302 and Executive Order 98-37.~~

(c) **Applicability.** The rules in this Subchapter apply to any private entity, political subdivision or unit of local government, including municipal and county governments and school districts, and federally recognized Indian tribes seeking to use Revolving Loan Funds (RLF) for brownfield cleanup activities.

(d) ~~Oklahoma Department of Commerce~~ **RLF Fund Manager.** ~~The Oklahoma Department of Commerce (ODOC) is the RLF Fund Manager responsible for ensuring that the RLF applicants meet all financial requirements. Applicants are on notice that the ODOC may have specific rules governing loan applications and eligibility requirements. DEQ utilizes an RLF Fund Manager to ensure that loan applicants meet all financial requirements.~~

(e) **Federal "cross-cutting" requirements.** "Cross-cutting requirements" are those federal requirements in addition to CERCLA § 104(k) [42 U.S.C. § 9604(k)] and associated administrative authorities which are applicable to the RLF by operation of federal statutes, President's Executive Orders and federal regulations. These cross-cutting federal authorities apply by their own terms to projects and activities receiving federal financial assistance regardless of whether the statute authorizing the assistance mentions them specifically. ~~RLF cross-cutters include but are not limited to social and economic policy authorities such as equal employment opportunities (President's Executive Order 11246) and government wide debarment and suspension rules (President's Executive Order 12549), the Demonstration Cities and Metropolitan Development Act, procurement prohibitions under Section 306 of the Clean Air Act and Section 508 of the Clean Water Act, Anti-lobbying provisions of 40 CFR Part 30, Age Discrimination Act of 1975, Title VI of the Civil Rights Act of 1964, the Contract Work Hours and Safety Standards Act, Anti-kickback Acts, the Women and Minority Business Enterprise Act, Section 13 of the Federal Water Pollution Act amendments, the Drugfree Workplace Act of 1988, Section 504 of the Rehabilitation Act of 1973 and Section 129 of the Small Business Administration Reauthorization and Amendment Act of 1988 and the Davis Bacon Act.~~

**252:221-7-2. Definitions**

In addition to the definitions found in OAC 252:221-1-3, the following words or terms, when used in this Subchapter, shall have the following meanings, unless the context clearly indicates otherwise:

**"Administrative Record"** means a record available to the public, containing all relevant site information and documents that form the basis for the selection of a cleanup.

**"Brownfield"** means, as used in this subchapter, is defined in 42 U.S.C. § 9601(39) and has a different meaning than the term as used in Subchapters 1, 3 and 5 of this Chapter.

**"Brownfields Revolving Loan Fund"** means funding, originating from grants from the United States Environmental Protection Agency or repaid loans, which are made available to eligible entities as low interest loans or subgrants for environmental cleanup of eligible sites.

~~"RLF response" means planned cleanup actions.~~

**"Borrower"** means a public or private entity that uses RLF funds for cleanup and cleanup-related activities and agrees to the terms of a loan agreement between itself and the DEQ ~~and ODOC.~~

**"Eligible response site"** means properties that do not meet the definition of a Brownfield but may be eligible if EPA makes a property-specific determination that the site is eligible for funding.

**"Grantee"** Means a grant given from the RLF Award to an eligible public entity or nonprofit.

**"Post-Closeout Program Income"** means program income received after a grant has been closed out by EPA.

**"Program Income"** means loan payments, interest, and fees received from borrowers, interest earned on accounts holding Program Income, and other income generated from RLF operations.

**"Governmental borrower"** means states, tribes and political subdivisions as defined at 40 CFR 35.6015.

**"Loan discount"** means a decision made by the DEQ and ODOC under OAC 252:221, to allow a borrower to repay less than the full amount of a loan, subject to certain restrictions.

~~"Nonprofit borrower" means "nonprofit organization" as defined in accordance with the Federal Financial Assistance Management Improvement Act of 1999, 31 U.S.C. 6101.~~

~~"Private borrower" means a for-profit company or private individual not representing a governmental entity or nonprofit organization.~~

**"Subgrant"** means a portion of the RLF award available as grants to eligible entities, at the DEQ's discretion.

**252:221-7-3. Borrower eligibility**

(a) Private entities, political subdivisions or units of local government, including municipal and county governments and school districts, non-profit borrowers, and federally recognized Indian tribes are eligible for low interest loans.

(b) Political subdivisions or units of local government, including municipal and county governments and school districts, non-profit borrowers, and federally recognized Indian tribes are eligible for subgrants.

# Permanent Final Adoptions

(ac) An owner/operator (o/o) who was the generator or transporter of contamination at the site is not eligible for a RLF loan/grant for that same site.

(bd) An owner who does not qualify as an innocent landowner, contiguous property owner, or bona fide prospective purchaser is not eligible for an RLF loan unless they are a public entity that is exempt under CERCLA § 104(k)(2)(C) [42 U.S.C. § 9604(k)(2)(C)].

(ee) A State or local government entity may borrow RLF funds to clean up property for which ~~acquired through eminent domain ownership or control through seizure or otherwise in connection with law enforcement activity, or through bankruptcy, tax delinquency, abandonment, or other circumstances in which the government acquires title by virtue of its function as a sovereign~~ CERCLA § 101(20)(D) [42 U.S.C. § 9601(20)(D)].

## 252:221-7-4. Eligible uses

(a) Eligible uses of RLF funds from active grants: The RLF funds may be used to clean up hazardous substances, pollutants, contaminants, petroleum (contingent on funding), mine-scarred land and controlled substances as defined in the Controlled Substances Act, 21 U.S.C. § 802.

(b) Eligible uses of RLF funds from Post-Closeout Program Income: The Post-Closeout Program Income may have different eligible uses.

## 252:221-7-5. Ineligible fund uses

(a) **Ineligible activities.** RLF funds shall not be used for any of the following activities, including but not limited to:

- (1) Pre-cleanup environmental response activities, such as site assessment, identification, and characterization
- (2) Monitoring and data collection necessary to apply for, or comply with, environmental permits under other state and Federal laws, unless such a permit is required as a component of the cleanup action;
- (3) Development activities that are not cleanup actions (e.g., construction of a new facility or marketing of property);
- (4) To support job training; or
- (5) Indirect costs.

(b) **Ineligible sites of RLF Funds from active grants.** RLF funds shall not be used at any sites:

- (1) Listed, or proposed for listing, on the National Priorities List; or
- (2) That do not meet the definition of an eligible response site.

(c) **Ineligible uses.** The Post-Closeout Program Income may have different ineligible uses.

## 252:221-7-7. Project selection criteria

(a) **Funding available.** Loans will be made to eligible projects as funding allows.

(b) **Priority projects.** Priority will be given to projects that:

- (1) remove environmental risks as opposed to managing them long term;

(2) use deconstruction techniques to remove structures as opposed to demolition;

(3) use sustainable material management techniques for demolition/deconstruction wastes;

(4) redevelop property using LEED standards or promote energy efficiency;

(5) promote reuse by a green industry;

(6) use sustainable landscaping or sustainable redevelopment techniques;

(7) create green jobs;

(8) facilitate the creation of, preservation of or addition to a park, a greenspace; undeveloped property, recreational property or other property used for nonprofit purposes;

(9) meet the needs of a community that has an inability to draw on other sources of funding for environmental remediation and subsequent redevelopment of the area in which a brownfield site is located because of the small population or low income of the community; or

(10) facilitate the use or reuse of existing infrastructure.

(bc) **Compliance with state and federal laws and rules.**

The borrower/grantee must comply with the ~~the~~ rules in this subchapter, the agency of jurisdiction's rules, and relevant and appropriate provisions of CERCLA and the NCP.

(ed) **Contribution to local community revitalization.** The borrower/grantee shall submit documentation to support its position that the cleanup of a particular site will significantly contribute to local community revitalization.

(de) **Environmental compliance history.** A borrower/grantee must submit information regarding its overall environmental compliance history. The DEQ will strongly consider this history in its analysis of the borrower/grantee as a cleanup and business risk. Each borrower/grantee must certify that it is not currently, nor has it been, subject to any penalties resulting from environmental non-compliance at the site subject to the loan. An entity that has been suspended, debarred or otherwise declared ineligible, ~~as those terms are defined in 40 CFR Part 32,~~ cannot be a borrower/grantee.

## 252:221-7-8. Protocol for demonstrating eligibility

The borrower/grantee shall provide the following documentation to the DEQ:

- (1) Description of project to be funded;
- (2) How loan or grant monies will be used;
- (3) Explanation of how the project, if selected, would be consistent with RLF program objectives;
- (4) Environmental compliance history; ~~and~~
- (5) Documentation showing that the potential borrower/grantee is an innocent landowner, contiguous property owner, bona fide prospective purchaser or other proof of non-responsibility for the environmental contaminants that are the subject of the cleanup; and
- (6) If the borrower/grantee is selected for a loan/grant, he/she must submit the following additional documents:
  - (A) Analysis of Brownfields Cleanup Alternatives (ABCA);
  - (B) Community ~~Involvement~~Relations Plan; and
  - (C) Quality Assurance Project Plan (QAPP).

**252:221-7-9. Public Involvement**

(a) **Community Involvement Relations Plan.** The Borrower/grantee must involve the public in the process prior to site cleanup. This public process involvement must be documented in the Community Involvement Relations Plan.

(b) **Administrative record.** The Borrower/grantee must establish an administrative record for this site and must make the administrative record available to the public for review for 30 calendar days during the public comment period for the ABCA. The administrative record must be placed at a convenient location that provides easy access ~~to~~for the public to review. The administrative record can be electronic and/or hard copy.

(c) **Public notice.** The Borrower/grantee must place a public notice in a newspaper of general circulation local to the site in accordance with 2-15-104(E)(3) and/or made available electronically, announcing the availability of the administrative record for public review and comment. The notice must include, at a minimum:

- (1) the name(s) and contact information of the participant(s);
- (2) the site name;
- (3) the location (street address and/or legal description) of the site
- (4) ~~the proposed future use of the property;~~
- (5) the proposed remedy;
- (6) the location where the administrative record may be reviewed;
- (7) the beginning and ending dates for the 30 calendar day review period; and
- (8) the DEQ contact person and mailing address where public comments will be received.

(d) **Evaluation of public comments.** The DEQ will consider all relevant comments and prepare a responsiveness summary.

**252:221-7-10. Final Decision Document**

The DEQ will issue a Final Decision Document ~~prior to a loan being made~~following the 30 calendar day public comment period for the ABCA.

**252:221-7-11. Special terms and conditions**

~~The following terms and conditions are incorporated by reference into each Borrower/grantee's loan agreement:~~

- (1) Borrower/grantee shall use funds only for eligible activities.
- (2) Borrower/grantee shall document all funds used.
- (3) Borrower/grantee shall maintain documentation for a minimum of three (3) years after the completion of the cleanup activity supported by the loan or for the length of the loan, whichever is longer. Borrower/grantee shall obtain written approval from the DEQ prior to disposing of records.
- (4) Borrower/grantee shall conduct RLF response activities in accordance with this Subchapter, relevant and appropriate provisions of CERCLA, applicable State regulations, and EPA's Revolving Loan Fund Grant Programs Administrative Manual, December 2008, as updated.

(6) Borrower/grantees shall modify response activities as required by the DEQ.

(7) Borrower/grantees shall comply with CERCLA § 104(g) [42 USC § 9604(g)(1), 40 U.S.C. § 276(a)-276(a)-5, and 42 U.S.C. § 3212] by requiring that laborers and mechanics employed by the Borrower/grantee or its contractors or subcontractors in the performance of construction, alteration, or repair work are paid wages at rates not less than those prevailing on projects of a character similar in the locality as determined by the U.S. Department of Labor in accordance with the Davis-Bacon Act. Borrower/grantees shall submit copies of all Davis Bacon forms to the DEQ.

(8) Borrower/grantees must comply with the Uniform Relocation Act and other applicable federal "cross cutting" requirements.

(9) Borrower/grantees shall use funds promptly for costs incurred in connection with the cleanup.

(10) All distribution of funds will be as reimbursement for costs incurred.

(11) The Post-Closeout Program Income may have different requirements.

**252:221-7-13. Insurance**

~~Borrower/grantees~~ Borrower/grantee may purchase insurance, including environmental insurance, if the expense is necessary to carry out cleanup activities and associated cleanup activities are carried out in accordance with the terms and conditions of DEQ's loan/grant.

## INCORPORATION BY REFERENCE:

### Incorporated standards:

(1) "National Primary Drinking Water Regulations", 40 CFR Part 141, incorporation date is updated to July 1, 2021.

(2) "Test Methods for Evaluating Solid Waste, Laboratory Manual Physical/Chemical Methods," SW-846 Manual, Third Edition as amended by Final Update I, II, IIA, IIB, III, IIIA, IIIB, IV, and VI Update VII is added to the incorporation by reference

(3) "Guidelines Establishing Test Procedures for the Analysis of Pollutants 40 CFR Part 136, incorporation date is updated to July 19, 2021.

### Incorporating rules:

252:301-9-37

### Availability:

The standards are on file at the Department of Environmental Quality, 707 North Robinson, Oklahoma City, Oklahoma, 73102, and are available to the public for examination Monday through Friday between the hours of 8:00 a.m. and 4:30 p.m., excluding state holidays. The standards may also be viewed on the Department of Environmental Quality Website at the following link: <https://www.deq.ok.gov/council-meeting-single/?meetingid=MTIyNTk=>

### GIST/ANALYSIS:

The gist of these rules and the underlying reason for this rulemaking is to update incorporations by reference for EPA methodologies, and to make other amendments for conformity with the updated incorporations by reference. Updates include the most recent EPA Primary Drinking Water Regulations, National Standards for Solid Waste Test Methods and EPA Test Procedures for the Analysis of Pollutants. A significant result of these updates to rules is the use of alternate testing methods, clearer language, and reduced requirements which will apply to all permittees and accredited laboratories.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 15, 2022:**

## SUBCHAPTER 7. PROFICIENCY TESTING

### 252:301-7-4. Initial accreditation

To gain initial or interim accreditation, a laboratory shall successfully analyze two consecutive proficiency testing (PT) rounds. Proficiency testing (PT) rounds must have been performed within the last twelve (12) months and at least ~~fifteen~~ seven (7) calendar days apart.

### 252:301-7-14. PT criteria for laboratory accreditation

The following criteria apply individually to each analyte in each class of accreditation as defined by the laboratory seeking accreditation in its application:

(1) Results of the PT study shall be considered successfully analyzed when the results are "acceptable" and are within the acceptable limits established and published by the PT Provider.

(2) Successfully analyzed shall also mean an aggregate passing score of ninety percent (90%) for microbiological PT testing studies. No partial credit will be given;

(3) The DEQ shall consider PT results along with the other elements of these rules when determining a laboratory's accreditation status;

(4) For initial accreditation or supplemental testing, the studies must be at least ~~fifteen (15)~~ seven (7) calendar days apart.

### 252:301-7-17. Supplemental studies

A laboratory may elect to participate in PT studies more frequently than required by the semiannual schedule. Additional studies are not distinguished from the routinely scheduled studies. They are counted and scored the same way and must be at least ~~fifteen (15)~~ seven (7) calendar days apart.

## SUBCHAPTER 9. QUALITY ASSURANCE/QUALITY CONTROL

### PART 3. STANDARD OPERATING PROCEDURES AND METHODS MANUAL

### 252:301-9-37. Methodology incorporated by reference

The following EPA methods are hereby incorporated by reference:

(1) "National Primary Drinking Water Regulations", 40 CFR Part 141, published ~~July 1, 2018~~ July 1, 2021.

(2) "Test Methods for Evaluating Solid Waste, Laboratory Manual Physical/Chemical Methods," SW-846 Manual, Third Edition as amended by Final Update I, II, IIA, IIB, III, IIIA, IIIB, IV, ~~and VI,~~ and VII. See further SW-846-ON-LINE.; and

(3) "Guidelines Establishing Test Procedures for the Analysis of Pollutants 40 CFR Part 136, ~~published July 1, 2018~~ effective July 19, 2021.

### PART 5. QA/QC PROGRAM REQUIREMENTS

### 252:301-9-56. QA/QC documentation

(a) Documentation shall be kept to insure quality control has been maintained and that proper methodologies have been used for the preparation and analysis of samples. All documentation shall be maintained and be readily available for reference or inspection.

(b) The following QC documentation shall be maintained in each laboratory.

(1) **Bench records.** Data associated with analysis, date, time, analyst, method, amounts, calculations, sample matrix, sample identification.

- (2) **Calibration data.** Calibration curve or coefficient of the linear equation which describes the calibration curve; concentration/response data (or relative response data) for standards; percent recovery of an initial calibration check standard and the date it was analytically determined; percent recovery of the continuing calibration check standard; and laboratory sample identification of the samples run with this curve.
- (3) **Extraction/digestion records.** Date, analyst, type of extraction or digestion for each sample, and laboratory sample identification.
- (4) **Surrogate records.** Amount of surrogate spiked, percent recovery of each surrogate, date, analyst, and laboratory sample identification.
- (5) **Maintenance logs.** By instrument, dates and description of repairs, preventive maintenance, malfunctions, and other actions or events affecting instrument performance.
- (6) **QC charts.** Quality control procedures for monitoring the validity of the environmental testing. The resulting data shall be recorded in such a way that trends are detectable, and statistical techniques shall be applied to the reviewing of the results. All laboratories shall have detailed written protocols in place for positive and negative controls, variability, repeatability, and accuracy of the methods.
- (7) **Sample login.** Procedures plan for sample login, unique sample identification, date, time, source of sample (including name, location and sample matrix), preservative used, analysis required, name of collectors and any pertinent field data.
- (8) **Spike/duplicate/spike-duplicate data.** Date, analyst, laboratory sample number, amount spiked, percent recovery, percent of difference, and makeup and concentration in the spiking solution.
- (9) **Temperature logs.** By oven, incubator, freezer, and or refrigerator, daily (during periods of use) temperature readings and any temperature excursions with corrective action, recorded in a bound logbook.
- (10) **Weight logs.** By balance, checked with the appropriate range of class S weights weekly (during periods of use) before use and results recorded in a bound logbook. Each balance serviced and calibrated at least once per year by an accredited technician.

**SUBCHAPTER 5. GENERAL OPERATIONS**

# Permanent Final Adoptions

## 252:302-5-2. Laboratory technician

- (a) All field laboratories shall have at least one on-site employee meeting the minimum requirements of this chapter.
- (b) The laboratory technician shall have at least a high school diploma or equivalent, complete a method training program under an experienced analyst and have six months bench experience in the analysis of process samples.
- (c) The laboratory technician shall have knowledge of the use of analytical equipment and support equipment used for the analysis of pH, chlorine residual, turbidity, conductivity, temperature and dissolved oxygen.
- (d) Before analyzing compliance samples, the laboratory technician must demonstrate acceptable results on at least four (4) replicates of a known standard. These are analyzed as ~~unknown~~ samples over a period of 3 to 5 days ~~by the technician; after analyzing all required calibration standards, or~~ Alternately, demonstrate satisfactory participation on a PT ~~sample sample and~~ The technician shall adhere to method required QC procedures specified ~~in the methods~~ for blanks, precision, accuracy, sensitivity, and specificity. The demonstration must be documented according to the laboratory's QA plan.
- (e) Laboratory technicians must be under the supervision of a supervisor/consultant until the minimum requirements of this subsection are met.

## SUBCHAPTER 7. PROFICIENCY TESTING

### 252:302-7-3. Initial accreditation

To gain initial or interim accreditation, a laboratory shall have obtained acceptable results for two consecutive proficiency testing (PT) rounds. Proficiency testing (PT) rounds must have been performed within the last twelve (12) months and at least ~~fifteen (15)~~ seven (7) calendar days apart from the date of analysis.

### 252:302-7-7. PT criteria for laboratory accreditation

The following criteria apply individually to each analyte as defined by the laboratory seeking accreditation in its application:

- (1) Results of the PT study shall be considered successful when the results are "acceptable" and are within the acceptable limits established and published by the PT Provider.
- (2) The DEQ shall consider PT results along with the other elements of these rules when determining a laboratory's accreditation status;
- (3) For initial accreditation or supplemental testing, the studies must be at least ~~fifteen (15)~~ seven (7) calendar days apart from the date of analysis.

### 252:302-7-9. Supplemental studies

A laboratory may elect to participate in PT studies more frequently than required by the semiannual schedule. Additional studies are not distinguished from the routinely scheduled studies. They are counted and scored the same way

and must be at least ~~fifteen (15)~~ seven (7) calendar days apart from the date of analysis.

## SUBCHAPTER 9. QUALITY ASSURANCE/QUALITY CONTROL

### PART 1. QUALITY ASSURANCE/QUALITY CONTROL GENERAL CRITERIA

#### 252:302-9-2. Format

- (a) The QA plan shall list the following on the title page:
  - (1) a document title;
  - (2) the laboratory's full name and address;
  - (3) ~~the names, addresses and telephone numbers of all individuals responsible for the laboratory;~~
  - (4) the name of the quality manager (however titled);
  - (5) ~~the identification of all major organizational units which are to be covered by this QA plan; and~~
  - (6) the effective date of the version.
- (b) The QA plan shall also contain a Table of Contents, applicable lists of references and glossaries, and appendices.

#### 252:302-9-3. Management information required in QA plan

The QA plan and related quality documentation shall state the laboratory's policies established in order to meet the requirements of this rule. The QA plan and related quality documentation shall also contain:

- (1) a quality policy statement, including objectives and commitments, by top management;
- (2) the organization and management structure of the laboratory, its place in any parent organization and relevant organizational charts;
- (3) the relationship between management, technical operations, support services and the quality assurance plan;
- (4) job descriptions of key staff and reference to the job descriptions of other staff;
- (5) identification of the laboratory's approved signatories; at a minimum, the title page of the QA plan must have the signed and dated concurrence, (with appropriate titles) of all responsible parties including the quality manager(s), technical director(s), and the agent who is in charge of all laboratory activities such as the supervisor/consultant; ~~and~~
- (6) ~~the laboratory management arrangements for exceptional departures from documented policies and procedures or from standard specifications.~~

### PART 3. STANDARD OPERATING PROCEDURES AND METHODS MANUAL

#### 252:302-9-23. Test method(s)

Each test method shall include or reference the following, where applicable:

- (1) Identification of the test method;
- ~~(2)~~ ~~Applicable matrix or matrices;~~
- ~~(3)~~ Detection limit;
- ~~(4)~~ ~~Scope and application, including components to be analyzed;~~
- ~~(5)~~ ~~Summary of the test method;~~
- ~~(6)~~ ~~Definitions;~~
- ~~(7)~~ ~~Interferences;~~
- ~~(8)~~ ~~Safety;~~
- ~~(9)~~ ~~Equipment and supplies;~~
- ~~(10)~~ Reagents and standards;
- ~~(11)~~ Sample collection, preservation, shipment and storage;
- ~~(12)~~ Quality control;
- ~~(13)~~ Calibration and standardization;
- ~~(14)~~ Procedure;
- ~~(15)~~ Calculations;
- ~~(16)~~ ~~Method performance;~~
- ~~(17)~~ ~~Data assessment and acceptance~~ Acceptance criteria for quality control measures;
- ~~(18)~~ ~~Corrective actions for out of control data;~~
- ~~(19)~~ ~~Contingencies for handling out of control or unacceptable data;~~
- ~~(20)~~ References; and
- ~~(21)~~ Any tables, diagrams, flowcharts and validation data.

**252:302-9-25. Methodology incorporated by reference**  
 "Guidelines Establishing Test Procedures for the Analysis of Pollutants" 40 CFR Part 136, ~~as published on July 1, 2018 effective July 19, 2021,~~ is hereby incorporated by reference.

**Availability:**

The standards are on file at the Department of Environmental Quality, 707 North Robinson, Oklahoma City, Oklahoma, 73102, and are available to the public for examination Monday through Friday between the hours of 8:00 a.m. and 4:30 p.m., excluding state holidays. The standards may also be viewed on the Department of Environmental Quality Website at the following link: <https://www.deq.ok.gov/council-meeting-single/?meetingid=MTIyNTk=>

**GIST/ANALYSIS:**

The gist of these rules and the underlying reason for this rulemaking is to update incorporations by reference for the TNI Standard and EPA methodologies, and to make other amendments for conformity with the updated incorporations by reference. Updates include the most recent EPA Primary Drinking Water Regulations, National Standards for Solid Waste Test Methods and EPA Test Procedures for the Analysis of Pollutants, and the 2016 TNI Standard. A significant result of these updates to EPA test procedures and TNI Standards is the addition of alternate testing methods, clearer language, and reduced requirements which will apply to all permittees and accredited laboratories.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 15, 2022:**

**SUBCHAPTER 1. INTRODUCTION**

# Permanent Final Adoptions

## 252:307-1-4. Incorporation by reference

(a) **TNI Standard.** ~~Except as provided in subsection (e),~~ Laboratories accredited under this Chapter shall meet the requirements of the TNI Standard for the Environmental Laboratory Sector, Volume 1, "Management and Technical Requirements for Laboratories Performing Environmental Analysis." Modules 1, 2, 3, 4, 5, 6 and 7 as adopted ~~September 8, 2009~~ January 31, 2020, which are hereby incorporated by reference.

(b) **EPA methodology.** Environmental analysis for compliance with the Federal Safe Drinking Water Act, Federal Clean Water Act and Federal Resource Conservation and Recovery Act require conformance with applicable EPA approved methodology. If EPA has approved a test procedure for analysis of a specific analyte, the laboratory must use an approved test procedure. The following EPA methods are hereby incorporated by reference:

(1) "Guidelines Establishing Test Procedures for the Analysis of Pollutants," 40 CFR Part 136, ~~published July 1, 2018~~ effective July 19, 2021;

(2) "Test Methods for Evaluating Solid Waste, Laboratory Manual Physical/Chemical Methods," SW-846 Manual, Third Edition as amended by Final Updates I, II, IIA, IIB, III, IIIA, IIIB, IVA, IVB, V, ~~and VI, and VII.~~ See further SW-846-ON-LINE;

(3) "Methodologies set forth in the National Primary Drinking Water Regulations," 40 CFR Part 141 ~~as published July 1, 2018~~ July 1, 2021; and

(4) "Manual for the Certification of Laboratories Analyzing Drinking Water," Fifth Edition and Supplement 1 (EPA 815-5-05-004, January 2005 and EPA 815-F-08-006, June 2008).

~~(e) **Excluded provisions.** In Volume 1, Module 1 of the TNI Standard, subsections 4.1.3 and 4.2.1a are not incorporated by reference.~~

(d) **DEQ approved methodologies.** The following methods are specifically approved by the DEQ:

(1) TNRCC Method 1005 Total Petroleum Hydrocarbons (>nC6 to nC35) of June 1, 2001;

(2) Oklahoma GRO 8020/8015(Modified) of February 24, 1996;

(3) Oklahoma DRO 8000/8100(Modified) of October 22, 1997;

(4) ASTM mussels of 2006;

(5) ASTM E 1193-97 for whole effluent toxicity tests; and

(6) On a case by case basis as approved by DEQ.

(e) **Inconsistencies between test methods and rules.** In the event there are inconsistencies between the requirements of this Chapter and requirements of those provisions incorporated by reference, the laboratory must meet all applicable requirements. Laboratories are encouraged to consult with DEQ when in doubt about the proper or applicable test method.

## 252:307-5-1. Conditions applicable to all accreditations

The following conditions shall apply to all existing accreditations and shall be incorporated expressly or by reference into all accreditations issued or renewed after the effective date of this Chapter.

(1) **Proper operation and maintenance.** The laboratory shall at all times properly operate and maintain all facilities and equipment installed or used by the laboratory to achieve compliance with the laboratory accreditation requirements of 27A O.S. § 2-4-101 *et seq.*, rules for laboratory accreditation at OAC 252:307, and the provisions and conditions of its Accreditation. Proper operation and maintenance includes effective performance of operations and adequate funding, operator staffing and training, and the provision of appropriate sample-handling equipment. All operational practices and procedures used shall conform to the best possible public health and safety practices.

(2) **Duty to mitigate.** The laboratory shall take all reasonable steps to minimize or correct any endangerment of human health resulting from noncompliance with this Accreditation and to minimize or correct any adverse impact on the environment arising from its analytical activities.

(3) **Duty to provide information.** The laboratory shall furnish to the DEQ, within a time specified, any information which the DEQ may request to determine:

(A) whether cause exists for amending, suspending, or revoking Accreditation;

(B) compliance with Accreditation; or

(C) whether an accreditation should be issued or renewed.

(4) **Reporting requirements.** The laboratory shall give advance notice to the DEQ as soon as possible of any planned physical alterations, additions to the accredited facility or planned changes in the accredited facility which may result in noncompliance with accreditation requirements.

(5) **Signatory requirement.** All applications, reports, or information submitted to the DEQ shall be signed by the applicant.

(6) **Consent to conditions.** Commencing analytical activities as an accredited laboratory under DEQ accreditation shall constitute consent to all conditions of accreditation.

(7) **Transfer of accreditation.** Accreditation is not transferable. An accredited laboratory may apply to amend its accreditation to reflect a change of ownership or name change, provided that facilities, equipment, personnel and all other conditions of accreditation remain unchanged.

(8) **Duty to apply.** To maintain its accredited status, the laboratory shall make timely application for annual renewal of accreditation.

(9) **Severability.** The provisions of accreditation are severable, and if any of its provisions or the application of its provisions are held invalid, the application of such provisions to other circumstances and the remaining provisions of the accreditation shall not be affected thereby.

## SUBCHAPTER 5. CONDITIONS OF ACCREDITATION

(10) **Use of TNI logo.** The laboratory is allowed to use the TNI symbol on its reports or certificates issued within the scope of its accreditation. Misuse of the logo constitutes a failure to comply with accreditation requirements.

(11) **Withdrawal from TNI.** If a laboratory wishes to withdraw from this program, in total or in part, it must notify DEQ in writing.

(12) **Standard of Conduct.** The laboratory shall not use its accreditation in such a manner as to bring the DEQ LAP into disrepute.

**SUBCHAPTER 7. ONSITE ASSESSMENT REQUIREMENTS**

**252:307-7-2. Conduct of onsite assessments**

- (a) Onsite assessments may be unannounced.
- (b) During an onsite assessment the DEQ, or DEQ's subcontractor, may require analyses of proficiency test samples by laboratory personnel. Laboratories shall make all employees available for interviews including arrangements for observing accredited activities when requested and practicable during onsite assessments.
- (c) Following the onsite assessment, the DEQ will provide the laboratory with a written assessment report. The laboratory will be afforded 30 days from the date of receipt in which to develop a corrective action plan, and 90 days in which to correct any listed deficiencies unless extended by written agreement of the parties or unless the laboratory is under an administrative order.
- (d) All information included and documented in an assessment report is public information and is subject to the Oklahoma Open Records Act.

**SUBCHAPTER 9. MANAGEMENT AND TECHNICAL REQUIREMENTS**

**PART 1. PROFICIENCY TESTING**

**252:307-9-2. Participation required**

Except as provided in 252:307-1-4(e), a-The laboratory must meet the PT requirements for initial and continued accreditation as specified in the TNI Standard for each field of proficiency testing for which it seeks accreditation or maintenance of accreditation. PT samples must be obtained from a TNI accredited PT provider.

**252:307-9-3. Initial and continuing PT studies evaluation**

A laboratory seeking to obtain or maintain accreditation shall successfully complete two initial or continuing PT studies for each requested field of proficiency testing within the most recent three rounds attempted. For a laboratory seeking to obtain accreditation, the most recent three rounds attempted shall have occurred within 18 months of the laboratory's application

date. When a laboratory has been granted accreditation status, it shall continue to complete PT studies for each field of proficiency testing and maintain a history of at least two acceptable PT studies for each field of proficiency testing out of the most recent three. For initial accreditation, the laboratory must successfully analyze two sets of PT studies, the analyses to be performed at least 157 calendar days apart from the closing date of one study to the shipment date of another study for the same field of proficiency testing. For continuing accreditation, completion dates of successive proficiency rounds for a given field of proficiency testing shall be approximately six months apart. Failure to meet the semiannual schedule shall be regarded as a failed study on the last day of the seventh (7<sup>th</sup>) month. Initial or continuing PT studies must meet all applicable criteria described in this Chapter and the TNI Standard.

**252:307-9-8. Failure to perform PT**

A laboratory's accreditation for a field of proficiency testing will be suspended when a laboratory fails to comply with Subchapter 9 Section 3: failing to maintain a history of at least two acceptable PT studies out of the most recent three. The suspension will be temporary lasting no more than six months or when the accreditation expires whichever is less longer. The laboratory must notify the Laboratory Accreditation Program of its intent to regain accreditation through submission of a corrective action plan. Once accreditation for a field of proficiency testing has been lost, the procedures for initial or interim accreditation shall apply.

**252:307-9-9. Supplemental PT testing**

A laboratory may elect to participate in PT testing more frequently than required by the semiannual schedule. Any additional tests performed by a laboratory must be submitted to DEQ in the same manner as required tests. Additional PT tests are counted and scored the same way as required tests, and must be at least fifteen (15) seven (7) calendar days apart.

**PART 7. RECORD KEEPING AND REPORTING**

**252:307-9-60. Required records**

All required laboratory records must be written in a clear and unambiguous manner, be readily available for reference or inspection, and shall include:

- (1) **Records of accreditation.** The laboratory shall keep the following records on file at its main facility.
  - (A) Scope of accreditation and the application on which it is based;
  - (B) Copies of final reports and quality documents associated with reported data submitted to the DEQ or clients;
  - (C) Internal audits and quality assurance plans; also
  - (D) Each laboratory shall maintain on file the list of analytes for which it is accredited, and shall provide a copy of the list upon request.

## Permanent Final Adoptions

---

- (2) **Quality manual**, which is addressed in 252:307-9-42;
- (3) **Bench records**. All raw data, whether hard copy or electronic data associated with testing, including analysts' worksheets and data output records (chromatograms, strip charts, and other instrument response readout records); date, time, analyst, method, amounts (volume and weights), clean up, separation protocols, incubation periods, calculations, sample matrix, and sample identification.
- (4) **Calibration data**. Calibration criteria, frequency and acceptance criteria including the curve or coefficient of the linear equation which describes the calibration curve; measure of relative error; concentration/response data (or relative response data) for standards; percent recovery of all calibration checks (MRL, PSC initial) standard and the date it was analytically determined; percent recovery of the continuing calibration check standard; and laboratory sample identification of the samples run with the curve.
- (5) **Sample history and associated data**. All data is to be clearly and unambiguously documented so that all steps of the method are indicated. This shall include but is not limited to the following: Date, analyst, type of extraction or digestion for each sample, and laboratory sample identification.
- (6) **Surrogate and tracer records**. Surrogates or tracers, when required, are chosen to reflect the chemistries of the targeted components of the method and are added prior to sample preparation/extraction. The laboratory shall document the amount of surrogate or tracer spiked, percent recovery of each surrogate, date, analyst, and laboratory sample identification. The results are compared to the acceptance criteria as published in the method. If there are no established criteria, the laboratory shall determine internal criteria and document the method used to establish the limits.
- (7) **Maintenance logs**. Maintenance logs shall be kept for each instrument, to include dates and description of repairs, preventive maintenance, malfunctions, and other actions or events affecting performance. All instruments not in service must be tagged out of service. Maintenance logs shall also be kept for all devices that are necessary to support laboratory operations. These include, but are not limited to: balances, ovens, refrigerators, freezers, incubators, water baths, temperature measuring devices (including thermometers and thermistors), thermal/pressure sample preparation devices and volumetric dispensing devices (such as Eppendorf [Registered Trademark] or automatic dilutor/dispensing devices), if quantitative results are dependent on their accuracy, as in standard preparation and dispensing or dilution into a specified volume. Each balance shall be annually serviced and calibrated by a recognized accredited metrological service.
- (8) **Corrective action procedures**. Procedures for evaluating, documenting and reporting corrective action used for audits, PT failures, out-of-control situations and in response to enforcement actions.

- (9) **Quality protocols**. Procedures for monitoring the validity of the environmental testing and the resulting data shall be recorded in such a way that trends are detectable, and statistical techniques shall be applied to the reviewing of the results. All laboratories shall have documentation for positive and negative controls, variability, repeatability, and accuracy of the method.
- (10) **Chain of custody and sample accession**. Procedural plans for sample login, unique sample identification (all sample containers), date, time, source of sample (including name, location (location code) and sample matrix), preservative used, analysis required, name of collectors and any pertinent field data.
- (11) **Spike duplicates and spike-duplicate data**. The laboratory shall document procedures for determining the effect of the sample matrix on method performance. These procedures relate to the analyses of quality system matrix-specific quality control samples, and are designed as data quality indicators for a specific sample using the designated method. Information shall include but is not limited to: date, analyst, laboratory sample number, amount spiked, percent recovery, percent of difference, and make-up and concentration in the spiking solution.
- (12) **Electronic data**. All electronic data including security, software documentation and verification, software and hardware audits, backups, and records of any changes to automated data entries shall be preserved.
- (13) **Sensitivity, LOD/LOQ**. Procedures used for determining limits of detection and quantitation shall be documented. Documentation shall include the quality system matrix type. All supporting data shall be retained. LOQ shall be verified annually within the established control limits.

**INCORPORATION BY REFERENCE:**

**Incorporated standards:**

The date of incorporation for Title 10 of the Code of Federal Regulations is updated to "as amended through January 1, 2021" and Title 40 of the Code of Federal Regulations is updated to "as amended through July 1, 2020."

**Incorporating rules:**

252:410-1-7, 252:410-10-37, and 252:410-10-71

**Availability:**

The standards are on file at the Department of Environmental Quality, 707 North Robinson, Oklahoma City, Oklahoma, 73102, and are available to the public for examination Monday through Friday between the hours of 8:00 a.m. and 4:30 p.m., excluding state holidays. The standards may also be viewed on the Department of Environmental Quality Website at the following link: <https://www.deq.ok.gov/council-meeting-single/?meetingid=MTIyNjk=>.

**GIST/ANALYSIS:**

The proposed rulemaking consists of four main elements: (1) The first element is to amend Chapter 410, Subchapter 1 (General Provisions) [See OAC 252:410-1-7(a) and (b)] to change the date for incorporation of federal regulations by reference to July 1, 2020 (for 40 CFR) and January 1, 2021 (for 10 CFR). (2) The second element of this rulemaking is to amend the regulations related to the industrial radiography certification. All industrial radiography certification requests for active-duty military personnel and their spouses will be processed pursuant to 59 O.S. § 4100.8. (3) The third element is to remove references to revoked Subchapter 19. (4) The fourth element is to clarify communication requirements in 252:410-10-37 and 252:410-10-71 by directing all correspondence regarding license requirements, and any notification or reports required by these Parts to DEQ.

The gist of the rule changes and the underlying reason for the rulemaking is to ensure that the Department of Environmental Quality is compatible with required federal regulations promulgated pursuant to the Title 10 of the Code of Federal Regulations, 59 O.S. § 4100.8 and Governor Stitt's Executive Order 2020-03.

**CONTACT PERSON:**

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 15, 2022:**

**SUBCHAPTER 1. GENERAL PROVISIONS**

**252:410-1-7. Incorporation of federal regulations by reference**

- (a) **10 CFR.** References in this Chapter to Title 10 of the Code of Federal Regulations (10 CFR) mean the January 1, ~~2019~~2021 publication of 10 CFR.
- (b) **40 CFR.** References in this Chapter to Title 40 of the Code of Federal Regulations (40 CFR) mean the July 1, ~~1998~~2020 publication of 40 CFR and 64 Fed. Reg. 5574 (February 3, 1999).
- (c) **Citations incorporated.** When a provision of the Code of Federal Regulations is incorporated by reference, all citations contained therein are also incorporated by reference.

**SUBCHAPTER 5. CERTIFICATION OF INDUSTRIAL RADIOGRAPHERS**

**252:410-5-5. Out-of-state certification; Reciprocity recognition**

An industrial radiographer certified by an out-of-state entity can become authorized under reciprocity to perform industrial radiography in Oklahoma without becoming DEQ-certified ~~if the individual or his licensee employer registers the individual's name, address, card number, expiration date, and name and address of the certifying entity with DEQ before the individual performs radiography work in Oklahoma. An applicant for reciprocity recognition must comply with the rules in Part 3 of Subchapter 7, except that the recognition of an industrial radiographer certification will not be limited to 180 days in a year but will remain valid until the primary authorization has expired or has been suspended or revoked by the issuing entity. All industrial radiography certification requests for active-duty military personnel and their spouse will be processed pursuant to 59 O.S. § 4100.8.~~

**SUBCHAPTER 7. RADIATION MANAGEMENT AUTHORIZATIONS; PROCEDURES AND REQUIREMENTS**

**PART 1. GENERAL PROVISIONS COMMON TO ALL AUTHORIZATIONS**

**252:410-7-1. Radiation management authorizations in general**

- (a) **Purpose.** This Subchapter sets forth the basic procedural requirements that apply to all radiation management authorizations.
- (b) **Applicability.** This Subchapter applies to all persons required by this Chapter to hold DEQ authorizations.
- (c) **Effect.** An authorization does not convey any property rights of any sort or any exclusive privilege; does not sanction any invasion of other private rights or any infringement of

# Permanent Final Adoptions

federal, state, or local law or rules; and does not legalize any radiation management activity outside its scope.

(d) **Types.** Authorizations include:

- (1) industrial radiographer certification (Subchapter 5);
- ~~(2) LBP XRF permit and registration (Subchapter 19);~~
- ~~(3) radiation machine operating permits and registration for:~~
  - (A) x-ray systems and particle accelerators used for therapeutic purposes (Subchapters 3 and 11);
  - (B) analytical and industrial x-ray systems (Subchapters 3 and 13);
  - (C) industrial x-ray radiography systems (Subchapters 3, 13 and 15); and
  - (D) particle accelerators used for purposes other than therapy (Subchapters 3 and 17);
- ~~(4) Radioactive Materials licenses (Subchapter 10);~~
- ~~(5) approval of Radioactive Materials license termination and/or decommissioning plans (Subchapter 10) and decontamination plans (Subchapter 20); and~~
- ~~(6) reciprocity recognition and registration (Part 3 of this Subchapter).~~

## 252:410-7-5. Authorization transfers

(a) **"Transfer" defined.** For purposes of this section, "transfer" means to convey from one person to another a majority ownership interest in an entity holding a DEQ authorization by any means other than gift or devise and includes the transfer of deed, transfer of more than 50 percent of the entity's assets or stock, and/or creation of a legal entity as a new holder of the authorization.

(b) **Transferability.** ~~Industrial radiographer certifications and reciprocity~~ **Reciprocity** recognitions are not transferable. ~~LBP XRF permits, radiation~~ **Radiation** machine operating permits and Radioactive Materials specific licenses are transferable. Transfers will be approved by DEQ only when:

- (1) A DEQ inspection has shown the transferor and transferee to be in compliance with this Chapter;
- (2) The transferee has agreed in writing to comply with this Chapter and the Act, all permit or license conditions, approved plans, and the terms of any orders issued pursuant thereto;
- (3) All monies owed to DEQ by transferor or transferee have been paid;
- (4) For permits or licenses requiring financial assurances, DEQ has reviewed and adjusted as needed the amount of financial assurance required and has received the requisite amount of new financial assurances from or on behalf of the transferee; and
- (5) For Radioactive Materials specific licenses, the licensees have also complied with all applicable requirements of 10 CFR.

(c) **Operation by transferee.** A transferee cannot commence radiation management activities under a DEQ authorization until the authorization has been fully transferred and approved by DEQ.

## PART 3. RECIPROCITY RECOGNITION

### 252:410-7-31. DEQ reciprocity recognition

Out-of-state authorizations eligible for DEQ recognition are:

- ~~(1) LBP XRF permits (Subchapter 19);~~
- ~~(2) Industrial radiographer certifications (Subchapter 5);~~
- ~~(3) NRC and Radioactive Materials licenses (Subchapter 10); and~~
- ~~(4) Radiation machine operating permits (Subchapters 3, 11, 13, 15 and 17).~~

## SUBCHAPTER 10. RADIOACTIVE MATERIALS PROGRAM

### PART 37. PHYSICAL PROTECTION OF CATEGORY 1 AND CATEGORY 2 QUANTITIES OF RADIOACTIVE MATERIAL

#### 252:410-10-37. 10 CFR 37 Incorporations by reference

(a) **Incorporations by reference.** The following provisions are hereby incorporated by reference from 10 CFR 37, Physical Protection of Category 1 and Category 2 Quantities of Radioactive Material:

(1) **Subpart A; General Provisions.**

- (A) 37.1 - Purpose
- (B) 37.3 - Scope
- (C) 37.5 - Definitions
- (D) 37.7 - Communications
- (E) 37.9 - Interpretations
- (F) 37.11 - Specific exemptions
- (G) 37.13 - Information collection requirements: OMB approval

(2) **Subpart B; Background Investigations and Access Control Program.**

- (A) 37.21 - Personnel access authorization requirements for category 1 or category 2 quantities of radioactive material
- (B) 37.23 - Access authorization program requirements
- (C) 37.25 - Background investigations
- (D) 37.27 - Requirements for criminal history records checks of individuals granted unescorted access to category 1 or category 2 quantities of radioactive material
- (E) 37.29 - Relief from fingerprinting identification, and criminal history records checks and other elements of background investigations for designated categories of individuals permitted unescorted access to certain radioactive materials
- (F) 37.31 - Protection of information
- (G) 37.33 - Access authorization program review

(3) **Subpart C; Physical Protection Requirements During Use.**

- (A) 37.41 - Security program
- (B) 37.43 - General security program requirements, except (d)(9)
- (C) 37.45 - LLEA coordination
- (D) 37.47 - Security zones
- (E) 37.49 - Monitoring, detection, and assessment
- (F) 37.51 - Maintenance and testing
- (G) 37.53 - Requirements for mobile devices
- (H) 37.55 - Security program review
- (I) 37.57 - Reporting of events
- (4) **Subpart D; Physical Protection in Transit.**
  - (A) 37.71 - Additional requirements for transfer of category 1 and category 2 quantities of radioactive material
  - (B) 37.73 - Applicability of physical protection of category 1 and category 2 quantities of radioactive material during transit
  - (C) 37.75 - Preplanning and coordination of shipment of category 1 or category 2 quantities of radioactive material
  - (D) 37.77 - Advance notification of shipment of category 1 quantities of radioactive material.
  - (E) 37.79 - Requirements for physical protection of category 1 and category 2 quantities of radioactive material during shipment
  - (F) 37.81 - Reporting of events
- (5) **Subpart E; Reserved.**
- (6) **Subpart F; Records.**
  - (A) 37.101 - Form of records
  - (B) 37.103 - Record retention
- (7) **Appendix A to Part 37.** Category 1 and Category 2 Radioactive Materials
- (b) Exceptions. Regarding the provisions for communication with NRC of 10 CFR 37.7, 37.23, 37.77 and 30.6 referenced in 37.45, all correspondence regarding license requirements, and any notification or reports required by this Part, shall be directed to DEQ as referenced in 410-10-2(b).

**PART 71. PACKAGING AND TRANSPORTING RADIOACTIVE MATERIAL**

**252:410-10-71. 10 CFR 71 incorporations by reference**

(a) The following provisions are hereby incorporated by reference from 10 CFR 71, Packaging and Transportation of Radioactive Material:

- (1) **Subpart A; General provisions.**
  - (A) 71.0 - Purpose and scope
  - (B) 71.1(b) - Communications and records
  - (C) 71.3 - Requirement for license
  - (D) 71.4 - Definitions
  - (E) 71.5 - Transportation of licensed material
  - (F) 71.7 - Completeness and accuracy of information
  - (G) 71.8 - Deliberate misconduct

- (H) 71.9 - Employee protection
- (2) **Subpart B; Exemptions.**
  - (A) 71.12 - Specific exemptions
  - (B) 71.13 - Exemptions of physicians
  - (C) 71.14(a) - Exemption for low-level materials
  - (D) 71.15 - Exemption from classification as fissile material
- (3) **Subpart C; General licenses.**
  - (A) 71.17 - General license: NRC-approved package
  - (B) 71.20 - General license: DOT specification container
  - (C) 71.21 - General license: Use of foreign approved package
  - (D) 71.22 - General license: Fissile material
  - (E) 71.23 - General license: Plutonium-beryllium special form material
- (4) **Subpart E; Package Approval Standards.** 71.47 - External radiation standards for all packages
- (5) **Subpart G; Operating controls and procedures.**
  - (A) 71.81 - Applicability of operating controls and procedures
  - (B) 71.83 - Assumptions as to unknown properties
  - (C) 71.85(d) - Preliminary determinations
  - (D) 71.87 - Routine determinations
  - (E) 71.88 - Air transport of plutonium
  - (F) 71.89 - Opening instructions
  - (G) 71.91(a), (c), and (d) - Records
  - (H) 71.93 - Inspection and tests
  - (I) 71.95 - Reports
  - (J) 71.97 - Advance notice of shipment of irradiated reactor fuel and nuclear waste
- (6) **Subpart H; Quality assurance.**
  - (A) 71.101(a), (b), (c)(1), (f), and (g) - Quality assurance requirements
  - (B) 71.103 - Quality assurance organization
  - (C) 71.105 - Quality assurance program
  - (D) 71.106 - Changes to quality assurance program
  - (E) 71.127 - Handling, storage and shipping control
  - (F) 71.129 - Inspection, test and operating status
  - (G) 71.131 - Nonconforming materials, parts or components
  - (H) 71.133 - Corrective action
  - (I) 71.135 - Quality assurance records
  - (J) 71.137 - Audits
- (7) Appendix A to Part 71--Determination of A<sub>1</sub> and A<sub>2</sub>.

(b) Regarding the provisions for communication with NRC of 10 CFR 71.101, all correspondence regarding license requirements, and any notifications or reports required by this Part, shall be directed to DEQ.

### GIST/ANALYSIS:

The Department of Environmental Quality (DEQ) is proposing to amend OAC 252:515 in response to Governor Stitt's Executive Order 2020-03. The gist of this rulemaking is to remove redundant and outdated regulations and make minor changes to clarify existing language. Included, are proposed changes to clarify background water quality and assessment monitoring sampling requirements, and leachate storage options.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 15, 2022:**

## SUBCHAPTER 1. GENERAL PROVISIONS

### 252:515-1-2. Definitions

The following words or terms, when used in this Chapter, shall have the following meaning, unless the context clearly indicates otherwise. Any term not defined in this Chapter shall be defined as set forth in OAC 252:515-1-3.

**"Active"** means, when used to describe a solid waste disposal facility or a portion thereof (e.g., active MSWLF or active cell), any solid waste disposal facility, or portion thereof, accepting solid waste as of the effective date of this Chapter, regardless of whether such facility has obtained a solid waste permit from DEQ.

**"Active life"** means the period of operation beginning with the initial receipt of solid waste and ending at completion of closure activities.

**"Active portion"** means:

- (A) that part of a land disposal facility that has or is receiving waste and that has not received either intermediate or final cover; or
- (B) solid waste process and storage areas at non-land disposal facilities.

**"Airport"** means a public-use airport open to the public without prior permission, and without restrictions within the physical capacities of available facilities.

**"Applicant"** means any person who applies for a new permit or a modification to an existing permit for a solid waste disposal facility identified in OAC 252:515-3-1(a) and (b).

**"Aquifer"** means a geological formation, group of formations, or portion of a formation capable of yielding significant quantities of groundwater to wells or springs.

**"Areas susceptible to mass movement"** means those areas of influence (i.e., areas characterized as having an active or substantial possibility of mass movement) where the movement of earth material at, beneath, or adjacent to the land disposal facility, because of natural or man-induced events, results in the downslope transport of soil and rock material by means of gravitational influence. Such areas include, but are not limited to, landslides, avalanches, debris slides and flows, soil fluxion, ~~fluxion~~ fluxion, block sliding, and rock fall.

**"ASTM"** means the American Society for Testing and Materials.

**"Bird hazard"** means an increase in the likelihood of bird/aircraft collisions that may cause damage to the aircraft or injury to its occupants.

**"Buffer zone"** means a designated waste-free area within the permit boundary of a disposal facility, to separate waste handling, processing, and/or disposal activities from adjacent areas.

**"Citizen collection station"** means a designated location that is established or sponsored by a governmental entity and equipped with waste receptacles for exclusive, non-commercial use by individual residents to deposit their own household waste for collection and transportation to a permitted disposal site.

**"CLIMOCS"** means the following publication of the Oklahoma Climatological Survey: Shafer, Mark A., CLIMOCS: A Climatological Summary of 168 Oklahoma Cooperative Stations, Oklahoma Climatological Survey, February 1993, 184 pp.

**"Composite liner"** means a system installed at a land disposal facility composed of a recompacted clay liner overlain with a flexible membrane liner.

**"C&D landfill"** means a construction/demolition landfill.

**"Composting facility"** means a facility in which material is converted, under thermophilic conditions, to a product with a high humus content for use as a soil amendment or to prevent or remediate pollutants in soil, air, and stormwater run-off.

**"Construction/demolition waste"** means waste composed of the following:

- (A) asbestos-free waste from construction and/or demolition projects that may include such materials as metal, concrete, brick, asphalt, glass, roofing materials, limited amounts of packing materials, sheetrock, or lumber;
- (B) wood waste that may include such materials as yard waste, lumber, woodchips, wood shavings, sawdust, plywood, tree limbs, or tree stumps;
- (C) yard waste that may include such materials as grass clippings, tree limbs, tree stumps, shrubbery, flowers, or other vegetative matter resulting from land clearing or landscaping operations; or
- (D) residential lead-based paint waste.

**"Contaminated stormwater"** means:

- (A) water such as leachate and gas collection condensate, or stormwater that has come into direct contact with solid waste or waste handling and/or treatment areas;
- (B) stormwater discharged from areas of a land disposal facility with less than six inches of waste-free, compacted earthen material; or
- (C) wastewater resulting from washing vehicles or areas that are or have been in direct contact with solid waste.

**"DEQ"** means the Oklahoma Department of Environmental Quality.

**"Disease vector"** means rodents, flies, mosquitoes, or other animals, including insects, capable of transmitting disease to humans.

**"Displacement"** means the relative movement of any two sides of a fault measured in any direction.

**"Disposal"** means the final disposition of waste and shall be taken to include any discharge, deposit, injection, dumping, spilling, leaking, or placing of waste into or on the land or water so that the waste or any constituent thereof may enter the environment, including the air and any surface waters or ground waters.

**"Disposal area"** means that part of a land disposal facility where waste is disposed.

**"Disposal facility"** means disposal site as defined at 27A O.S. § 2-10-103.

**"Engineer"** means a licensed, professional engineer.

**"EPA"** means the United States Environmental Protection Agency.

**"Existing"** means, when used to describe a solid waste disposal facility or portion thereof (e.g. existing MSWLF or existing cell), any solid waste disposal facility, or portion thereof, that had a solid waste permit as of the effective date of this Chapter.

**"Facility"** means all contiguous land and structures, other appurtenances, and improvements on the land used for the handling, processing, storage, and/or disposal of solid waste.

**"Fault"** means a fracture or a zone of fractures in any material along which strata on one side have been displaced with respect to that on the other side.

**"Final closure"** means a disposal facility has permanently ceased to accept solid waste for disposal and all required closure activities have been completed for the entire facility in accordance with the approved closure plan. Final closure is not synonymous with phased closure.

**"Flood"** means the general and temporary condition of partial or complete inundation of normally dry land areas from the overflow of a lake, stream, river or other body of surface water, or the unusual and rapid accumulation or runoff of surface waters from any source.

**"Flood, One hundred year (100 year)"** means a flood that has a one percent or greater chance of occurrence in any given one year period, or of a magnitude equaled or exceeded once in 100 years on the average over a significantly long period.

## Permanent Final Adoptions

---

**"Flood plain"** means the lowland and relatively flat areas adjoining inland waters that are inundated by the 100-year flood.

**"Gas condensate"** means the liquid generated as a result of gas recovery processes.

**"Generator"** means, in the context of NHIW, any person, by site, whose act or process produces NHIW, or whose act first causes an NHIW to become subject to regulation.

**"Groundwater"** means water below the land surface in a zone of saturation.

**"Hazardous waste"** means those wastes subject to regulation under OAC 252:205.

**"HBV"** means hepatitis B virus.

**"HIV"** means human immunodeficiency virus.

**"Holocene"** means the most recent epoch of the Quaternary period, extending from the end of the Pleistocene Epoch to the present.

**"Household hazardous waste"** means household waste that is corrosive, toxic, ignitable, or reactive, including, but not limited to: freon-containing appliances or tanks; non-empty propane tanks; oil, antifreeze, and other motor vehicle fluids; gasoline, kerosene, or diesel fuel; liquid paints; solvents; pesticides, herbicides, fungicides, or rodenticides; caustic cleaners; lead-acid batteries; swimming pool chemicals; unused firearm rounds; and acids and bases.

**"Household waste"** means any solid waste (including garbage, trash, and sanitary waste in septic tanks) derived from households (including single and multiple residences, hotels and motels, bunkhouses, ranger stations, crew quarters, campgrounds, picnic grounds, and day-use recreation areas).

**"Injection well"** means a facility subject to regulation by OAC 252:652, Underground Injection Control.

**"Karst terrains"** means areas where karst topography, with its characteristic surface and subterranean features, is developed as the result of dissolution of limestone, dolomite, or other soluble rock. Characteristic features of karst terrains include, but are not limited to, sinkholes, sinking streams, caves, large springs, and blind valleys.

**"Land disposal facility"** means a landfill, or any other discrete area of land or land excavation, where solid waste is placed for treatment, processing, and/or disposal. Land disposal facility does not include:

(A) land application where solid waste is placed onto, or incorporated into, the soil as a soil amendment, fertilizer, or other legitimate agricultural purpose;

(B) a surface impoundment that is either permitted by DEQ's Water Quality Division or is a part of an approved liquid waste management system at a permitted solid waste disposal facility;

(C) composting facilities;

(D) an injection well;

(E) a solid waste transfer station;

(F) a Used Tire Recycling Facility; or

(G) a Roofing Material Recycling Facility

**"Landfill"** means a discrete area of land or a land excavation in which solid waste is placed for permanent disposal.

**"Large NHIW generator"** means any business, by site, that generates over 10,000 tons of NHIW in Oklahoma during a calendar year. This definition does not include facilities that are permitted to receive and process solid waste generated by others.

**"Leachate"** means liquid that has passed through or emerged from solid waste and contains soluble, suspended, or miscible materials removed from such waste. This includes:

(A) fluid collected in a leachate collection system, including its sumps, surface impoundments, tanks, or other similar locations; and

(B) fluid collected on top of the bottom liner of a disposal cell that has received solid waste; and

(C) leachate seeps from disposal cells that have received solid waste.

**"Liquid waste"** means any waste that is determined to contain "free liquids" as defined by the PFLT.

**"Lithified earth material"** means all rock, including all naturally occurring and naturally formed aggregates or masses of minerals or small particles of older rock that formed by crystallization of magma or by induration of loose sediments. This term does not include man-made materials, such as fill, concrete, and asphalt, or unconsolidated earth materials, soil, or regolith lying at or near the earth surface.

**"Litter fence"** means an easily portable fence to be located adjacent to the working face to assist with control of blowing material.

**"Lower explosive limit"** means the lowest percent by volume of a mixture of explosive gases that will propagate flame in air at 25°C and atmospheric pressure.

**"Maximum horizontal acceleration"** means the maximum expected horizontal acceleration of lithified earth material, depicted on a seismic hazard map, with a 90 percent or greater probability that the acceleration will not be exceeded in 250 years, or the maximum expected horizontal acceleration based on a site-specific seismic risk assessment.

**"MSWLF"** means Municipal Solid Waste Landfill; a publicly or privately owned landfill that is or has received household waste. A MSWLF may also receive other types of non-hazardous solid wastes, such as nonhazardous sludge, NHIW, special waste, and construction/demolition waste.

**"Natural disaster"** means a natural occurrence or event (such as a tornado, flood, or forest or prairie fire) of such magnitude that the resultant damage and destruction produce quantities of wastes that overtax available solid waste management systems.

**"NHIW"** means non-hazardous industrial solid waste, as defined at 27A O.S. § 2-10-103. Examples of NHIW are listed in Appendix F of this Chapter.

**"Non-contaminated stormwater"** means:

(A) stormwater that has not come into direct contact with solid waste, waste handling and/or treatment areas;

(B) stormwater discharging from areas of a land disposal facility that has at least six inches of waste-free, compacted earthen material; and

(C) wastewater resulting from washing vehicles or areas that have not been in direct contact with solid waste.

**"Oklahoma Uniform Environmental Permitting Act"** means 27A.O.S. §2-14-101 *et seq.* and the rules adopted thereunder at OAC 252:4 ("Rules of Practice and Procedure").

**"Open burning"** means the combustion of solid waste without:

- (A) control of combustion air to maintain adequate temperature for efficient combustion;
- (B) containment of the combustion reaction in an enclosed device to provide sufficient residence time and mixing for complete combustion; and
- (C) control of the emission of the combustion products.

**"Operating record"** means all of the collective records of the facility relating to the site. Such records include, but are not limited to: the permit, modifications, and approvals; records concerning waste received; any sampling or analyses performed by the facility; closure, post-closure and corrective action plans; financial assurance records; inspection and compliance evaluation correspondence; reports; and scale tickets and related fee payment documentation.

**"Owner/operator"** means the person who owns a solid waste disposal facility and/or is responsible for the overall operation of a facility or part of a facility.

**"OWRB"** means the Oklahoma Water Resources Board.

**"Permit boundary"** means the outermost edge of the area described by legal description in the owner/operator's permit. The permitted boundary includes the area in the buffer zone.

**"PFLT"** means Paint Filter Liquids Test, EPA Method 9095.

**"Phased closure"** means the closing of individual disposal cells at a land disposal facility as they become full. Phased closure is not synonymous with final closure.

**"Piezometer"** means a small-diameter well used to make groundwater elevation measurements.

**"Point source discharge"** means any discharge of water that, when leaving the permit boundary of a facility, has been channeled or altered by man's activity in working that site.

**"Poor foundation conditions"** means those areas where features exist which indicate that a natural or man-induced event may result in inadequate foundation support for the structural components of a land disposal facility.

**"POTW"** means Publicly Owned Treatment Works; a waste water treatment system, as defined at 27A O.S. § 2-6-101(9), that is owned by a State or municipality for the treatment of municipal or industrial wastewaters.

**"Qualified groundwater scientist"** means a scientist or engineer who has received a baccalaureate or post-graduate degree in the natural sciences or engineering and has sufficient training and experience in groundwater hydrology and related fields as may be demonstrated by State registration, professional Certifications, or completion of accredited university programs that enable that individual to make sound professional judgments regarding groundwater monitoring, contaminant fate and transport, and corrective action.

**"Recharge area"** means an area where water is absorbed and added to the zone of saturation.

**"Regulated medical waste"** means a waste or reusable material that contains an etiologic agent and is generated in the diagnosis, treatment or immunization of human beings or animals; research pertaining to the diagnosis, treatment or immunization of human beings or animals; or the production or testing of biological products. Such waste includes, but is not limited to:

- (A) cultures and stocks of etiologic agents or live vaccines, and culture dishes, devices, paper, and cloth that has come into contact with such cultures, stocks or live vaccines;
- (B) human blood, blood products, and human body fluids, except urine or feces;
- (C) pathological wastes consisting of human tissues, organs, and body parts removed during surgery, autopsy, biopsy and other medical procedures;
- (D) untreated sharps;
- (E) used blood collection bags, tubes, and vials;
- (F) contaminated carcasses, body parts and bedding of animals intentionally exposed to pathogens in research, in the production of biologicals or the "in vivo" testing of pharmaceuticals;
- (G) items contaminated with blood or other human body fluids which drip freely or would release such materials in a liquid or semi-liquid state if compressed or are caked with dried blood or body fluids and are capable of releasing these materials;
- (H) isolation wastes unless determined to be non-infectious by the infection control committee at the health care facility;
- (I) HIV-containing cell or tissue cultures, organ cultures, and HIV- or HBV-containing culture medium or other solutions; and blood, organs, or other tissues from experimental animals infected with HIV or HBV;
- (J) all disposable materials that have come in contact with cytotoxic or antineoplastic agents during the preparation, handling, and administration of such agents. Such wastes include, but are not limited to, masks, gloves, gowns, empty IV tubing and bags, vials, and other contaminated materials; and
- (K) any other material or equipment which, in the determination of the health care facility staff, infection control committee or other responsible party, presents a significant danger of infection because it is contaminated with, or may reasonably be expected to be contaminated with, etiologic agents.

**"Residential lead-based paint waste"** means lead-based paint debris, chips, dust, sludges, and other similar wastes generated as a result of abatement, rehabilitation, renovation, or remodeling activities in individual residences.

**"Run-off"** means any rainwater, leachate, or other liquid that drains over land from any part of a facility.

**"Run-on"** means any rainwater, leachate, or other liquid that drains over land onto any part of a facility.

## Permanent Final Adoptions

---

**"Saturated zone"** means that part of the earth's crust in which all voids are filled with water.

**"Scavenging"** means the uncontrolled, unorganized sorting, collecting, or removing of solid waste at the disposal site.

**"Seismic impact zone"** means an area with a ten percent or greater probability that the maximum horizontal acceleration in lithified earth material, expressed as a percentage of the earth's gravitational pull (g), will exceed 0.10g in two hundred fifty (250) years;

**"Sludge"** means the definition found at 27A O.S. § 2-10-401.

**"Solid waste"** means the definition found at 27A O.S. § 2-10-103.

**"Special waste"** means those wastes that are not hazardous wastes but because of their nature or volume, require special or additional handling aside from that given to routine household refuse. This includes but is not limited to: sludge, septic tank pumpings, grease trap wastes, dead animals, packing house offal and tankage, waste fats and oils, hatchery wastes, cannery wastes, NHIW, tires, and asbestos wastes.

**"Structural components"** mean liners, leachate collection systems, final covers, run-on/run-off systems, and any other component used in the construction and operation of a land disposal facility that is necessary for protection of human health and the environment.

**"Surface impoundment"** means a natural topographic depression, human-made excavation, or diked area formed primarily of earthen materials (although it may be lined with man-made materials), that is designed to hold an accumulation of liquid wastes or wastes containing free liquids and that is not an injection well. Examples of surface impoundments are holding, storage, settling, and aeration pits, ponds, and lagoons.

**"Surface water"** means water that stands on the surface of the land in reservoirs, lakes, ponds, sloughs, or swamps, or that flows across the land in rivers, creeks, or streams.

**"SW-846"** means EPA Publication SW-846, Test Methods for the Evaluation of Solid Waste Physical/Chemical Characteristics.

**"Tremie pipe"** means a device, usually a small-diameter flexible or rigid pipe, that carries filter pack or bentonite cement from the bottom to the top of a borehole or annular space without forming void spaces. In some cases, a well casing or hollow stem auger can be considered a tremie pipe.

**"Unstable area"** means a location that is susceptible to natural or human-induced events or forces capable of impairing the integrity of some or all of the structural components responsible for preventing releases from a land disposal facility. Unstable areas can include poor foundation conditions, areas susceptible to mass movements, and Karst terrains.

**"Uppermost aquifer"** means the geologic formation nearest the natural ground surface that is an aquifer, as well as lower aquifers that are hydraulically interconnected with this aquifer within the facility's property boundary.

**"Used Tire"** means an unprocessed whole tire or tire part that can no longer be used for its original intended purpose, but can be beneficially reused as approved by the Department.

**"Used Tire Recycling Facility"** means the definition found at 27A O.S. § 2-11-401.1(15).

**"Waste pile"** means any non-containerized accumulation of solid, non-flowing waste.

**"Waters of the state"** means the definition found at 27A O.S. § 1-1-201(20).

**"Wetlands"** mean those areas that are inundated or saturated by surface or groundwater at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soil conditions. Wetlands include, but are not limited to, swamps, marshes, bogs, and similar areas.

**"Working face"** means the place within a land disposal facility where waste has been deposited and has not been covered with at least intermediate cover.

**"Yard waste composting facility"** means a composting facility that only accepts yard waste.

**"Zone of aeration"** means a subsurface zone containing water under a pressure lower than that of the atmosphere, including water held by capillarity; and containing air or gases generally under atmospheric pressure. This zone is bounded above by the land surface and below by the watertable; and is synonymous with vadose zone and unsaturated zone.

**"Zone of saturation"** means a subsurface zone in which essentially all the interstices are filled with water under pressure greater than that of the atmosphere. Although the zone may contain interstices filled with gas or liquids other than water, it is still considered saturated. This zone is separated from the zone of aeration by the water table and is synonymous with phreatic zone.

### 252:515-1-8. Special considerations

(a) **Existing permits.** Permits for active solid waste disposal facilities issued under previous rules, and those in the post-closure monitoring period on the effective date of this Chapter, remain in effect.

(b) **Permit upgrades.** ~~[RESERVED] Within 180 days of the effective date of this Chapter, the owner/operator of the following solid waste disposal facilities shall submit a permit modification application to the DEQ to ensure compliance with certain requirements of this Chapter.~~

(1) ~~**MSWLFs and C&D landfills.** Permit modifications for MSWLFs and C&D landfills shall include:~~

~~(A) a legal description, by metes and bounds; section, township, and range, or parts thereof; or book and page number of plat records for platted property, of both on- and off-site soil borrow areas, if applicable;~~

~~(B) a temporary easement in accordance with OAC 252:515-3-34(e);~~

~~(C) a stormwater management plan to demonstrate how compliance with the requirements of Subchapter 17 of this Chapter will be achieved and maintained;~~

~~(D) a disposal plan in accordance with OAC 252:515-19-34(e) through (f) for out-of-state waste, if applicable;~~

~~(E) a vegetative cover plan to ensure compliance with the requirements of OAC 252:515-19-54, if applicable;~~

~~(F) revised closure plans to ensure closure of on and off site soil borrow areas in accordance with OAC 252:515-25-32(b)(3)(A), if applicable;~~

~~(G) life of site calculations in accordance with OAC 252:515-27-8(c), except for those facilities owned by units of the federal government;~~

~~(H) revised closure, post-closure, and/or corrective action cost estimates calculated in accordance with Part 5 of Subchapter 27 of this Chapter, except for those facilities owned by units of the federal government;~~

~~(I) a new or revised waste exclusion plan meeting the requirements of Subchapter 29 of this Chapter; and~~

~~(J) sampling ports for gas monitoring probes to meet the requirement of OAC 252:515-15-4(a)(2).~~

~~(2) **NHIW landfills.** Permit modification applications for generator owned and operated NHIW landfills shall include those items identified in (1)(A), (1)(B), (1)(C), (1)(F), (1)(G) and (1)(H) of this Subsection, as well as a revision to the groundwater monitoring program to ensure compliance with OAC 252:515-9-31(d)(3).~~

~~(3) **Regulated medical waste processing facilities.** Permit modification applications for regulated medical waste processing facilities shall include the information identified in (1)(B) and (1)(H) of this Subsection.~~

~~(4) **Transfer stations.** Permit modification applications for transfer stations shall include the information in (1)(I) of this Subsection.~~

~~(5) **Yard waste composting facilities.** Permit applications for yard waste composting facilities operating under an approved plan shall be submitted for purposes of upgrading the plan to a permit and to ensure compliance with Subchapter 43 of this Chapter.~~

**(c) Compliance required. [RESERVED]**

~~(1) Except as provided in (2) of this Subsection, permit upgrades identified by (b) of this Section shall be implemented within one year of the effective date of this Chapter. Extensions may be granted by the DEQ for good cause shown.~~

~~(2) All solid waste disposal facilities required to establish and maintain financial assurance shall ensure financial assurance mechanisms are funded in the appropriate amount based on approved cost estimates.~~

**(d) MSWLFs prior to October 9, 1991.** MSWLFs that stopped receiving waste prior to October 9, 1991 are subject to the final cover and post-closure monitoring requirements of the permit and the rules in effect at the time of closure.

**(e) MSWLFs on or after October 9, 1991.** MSWLFs receiving waste on or after October 9, 1991 are subject to this Subsection.

**(1) Less than 100 tons per day of waste.** No later than October 9, 1994, MSWLFs that received less than an average of 100 tons per day of solid waste after October 9, 1991 and stopped receiving waste before April 9, 1994

shall install final cover meeting the requirements of OAC 252:515-19-53.

**(A) Post-closure monitoring requirements.** MSWLFs shall be subject to the post-closure monitoring requirements of the permit and rules in effect at the time of closure.

**(B) Failure to stop accepting waste or to apply final cover.** MSWLFs that accepted waste on or after April 9, 1994, or failed to install the final cover by October 9, 1994 shall be subject to all applicable requirements of this Chapter.

**(2) 100 tons or more per day of waste.** No later than October 9, 1994, MSWLFs that received an average of 100 tons or more per day of solid waste after October 9, 1991 and stopped receiving waste before October 9, 1993 shall install final cover meeting the requirements of OAC 252:515-19-53.

**(A) Post-closure monitoring requirements.** MSWLFs shall be subject to the post-closure monitoring requirements of the permit and the rules in effect at the time of closure.

**(B) Failure to stop accepting waste or to apply final cover.** MSWLFs that accepted waste on or after October 9, 1993 or failed to install the final cover by October 9, 1994 shall be subject to all applicable requirements of this Chapter.

**(f) Other disposal facilities.** Other solid waste disposal facilities that stopped receiving waste prior to the effective date of this Chapter shall close, and perform any applicable post-closure monitoring, in accordance with the permit and the rules in effect at the time of closure.

**(g) Corrective action.** The DEQ may require corrective action any time an inspection of a solid waste disposal facility or review of testing data indicates the actual release of contaminants into the environment. Such corrective action shall be performed in accordance with the requirements of this Chapter.

**SUBCHAPTER 9. GROUNDWATER MONITORING/CORRECTIVE ACTION**

**PART 3. BACKGROUND WATER QUALITY**

**252:515-9-31. Background water quality**

~~(a) **Existing facilities. [RESERVED]** Unless background water quality has previously been approved by the DEQ, each monitoring well at an active land disposal facility permitted prior to April 9, 1994 shall be sampled quarterly for two full years to determine background water quality.~~

**(b) New facilities, with exception.**

**(1)** Except as provided for in (2) of this Subsection, monitoring wells installed at new land disposal facilities permitted on or after April 9, 1994 shall be sampled quarterly for at least one full year and be consistent with the appropriate statistical procedures and performance standards in the facility statistical analysis plan in 9-52 of this Subchapter, to determine background water quality

# Permanent Final Adoptions

before waste may be deposited at the facility to determine background water quality.

(2) The quarterly background water quality determination at new C&D landfills shall begin no later than thirty (30) days after the initial receipt of waste.

(c) **New groundwater monitoring wells at existing facilities.** Unless otherwise approved by the DEQ, new groundwater monitoring wells installed after the effective date of this Chapter shall be sampled at least quarterly for one full year and be consistent with the appropriate statistical procedures and performance standards in the facility statistical analysis plan in 9-52 of this Subchapter to establish background water quality.

(d) **Required parameters.**

(1) **MSWLFs.** MSWLFs shall, as a minimum, be monitored for:

(A) the following groundwater quality constituents: pH, chemical oxygen demand, specific conductivity, chloride, sulfate, calcium, magnesium, nitrates, sodium, carbonates, potassium; and

(B) those constituents in Appendix A of this Chapter.

(2) **C&D landfills.** C&D landfills shall, as a minimum, be monitored for the following groundwater quality constituents: pH, chemical oxygen demand, and specific conductivity.

(3) **NHIW landfills.** NHIW landfills shall, as a minimum, be monitored for:

(A) the following groundwater quality constituents: pH, chemical oxygen demand, specific conductivity, chloride, sulfate, calcium, magnesium, nitrates, sodium, carbonates, potassium; and

(B) other parameters specified in the permit, based on the types of wastes to be disposed.

(4) **Other land disposal facilities.** Other land disposal facilities shall comply with the groundwater monitoring requirements for MSWLFs.

## PART 9. ASSESSMENT MONITORING

### 252:515-9-94. Minimum number of samples

(a) **Minimum requirements.** Groundwater samples shall be collected and analyzed ~~during each sampling event~~, as follows:

(1) ~~during each sampling event~~, a minimum of one sample from each downgradient well; and

(2) a minimum of four ~~quarterly independent~~ samples over one full year, or a number and frequency consistent with the appropriate statistical procedures and performance standards in the facility statistical analysis plan in 9-52 of this Subchapter, from each upgradient and downgradient well to establish background (unless already established) for any Appendix C constituents detected.

(b) **Subset of wells.** The DEQ may specify a subset of wells to be sampled and analyzed during assessment monitoring.

### 252:515-9-96. Groundwater protection standard

(a) **MCL established.** The maximum contaminant level (MCL) promulgated under the Safe Drinking Water Act shall be the groundwater protection standard for each Appendix A and C constituent detected in the groundwater.

(b) **MCL not established.** If MCL has not been established under the Safe Drinking Water Act for a particular constituent, the background level of the constituent shall be the groundwater protection standard.

(c) **Background above MCL.** If background level of a particular constituent is above the established MCL, or appropriate health-based levels if no MCL has been established, the background level shall be the groundwater protection standard.

(1) **Published health-based level.** For the purposes of this Subsection, the health-based level is a concentration that would result in an increased risk of no ~~of~~ greater than  $1 \times 10^{-5}$  for carcinogens or a Hazard Index of  $< 1$  for non-carcinogens as calculated by procedures specified in the most recent health-based levels publication by the EPA, EPA 540/R-95/128, Methods for Estimation of Contaminants in Groundwater That Can Migrate to a Receptor Point.

(2) **Health-based level not listed.** The DEQ shall be consulted if a health-based level is not listed for a particular constituent.

## SUBCHAPTER 13. LEACHATE COLLECTION AND MANAGEMENT

### PART 5. LEACHATE MANAGEMENT

#### 252:515-13-52. Storage

(a) **Above-ground tanks.** Above-ground storage tanks used to store leachate shall be equipped with either (a)(1) or (a)(2) below:

(1) adequate berming to contain the entire contents of the largest tank in the system; and either:

(2A) a composite liner made of two feet (2') of re-compacted clay with the hydraulic conductivity of  $1.0 \times 10^{-7}$  cm/sec overlain by a 60 mil HDPE liner; or

(3B) a DEQ approved alternative liner that will prevent infiltration of fluid.

(2) a double-walled system with leak detection.

(b) **Underground tanks.** Underground tanks used to store leachate shall be constructed in accordance with the most recent requirements for underground storage tank systems published by the Oklahoma Corporation Commission. Oklahoma Corporation Commission's General Requirements for Underground Storage Tank Systems., OAC 165-25, Subchapter 1, Part 8.

(c) **Surface impoundments.** A surface impoundment used to store leachate shall have a composite liner constructed in accordance with (a)(2)(1)(A) or (a)(3)(1)(B) of this Section.

(1) **Run-on control.** Surface water run-on control measures shall be provided.

(2) **Freeboard.** A minimum three feet of freeboard shall be maintained.

**SUBCHAPTER 17. STORMWATER MANAGEMENT**

**252:515-17-3. Discharges**

(a) **All disposal facilities.** All solid waste disposal facilities shall be operated to:

- (1) prevent the discharge of contaminated stormwater unless the proper permit is obtained from the DEQ's Water Quality Division;
- (2) prevent the discharge of pollutants into waters of the United States, including wetlands, that violates any requirements of the federal Clean Water Act, including, but not limited to, the Oklahoma Pollutant Discharge Elimination System (OPDES) requirements;
- (3) prevent the discharge of a non-point source of pollution to waters of the United States, including wetlands, that violates any requirement of an area-wide or State-wide water quality management plan that has been approved in accordance with the federal Clean Water Act; and
- (4) comply with all requirements of their OPDES permit, if applicable. A copy of the OPDES permit shall be maintained in the operating record.

(b) **Land disposal facilities.** If required by OAC 252:606 (Oklahoma Pollutant Discharge Elimination System Standards - OPDES), active land disposal facilities shall have:

- (1) a Stormwater Pollution Prevention Plan (SWPPP) and a Sector L General Permit for Stormwater Discharges. A copy of the SWPPP and Sector L permit shall be maintained in the operating record; and
- (2) ~~an OPDES stormwater permit for construction sites for any on or off site soil borrow areas of one acre or more.~~ [RESERVED]

**SUBCHAPTER 19. OPERATIONAL REQUIREMENTS**

**PART 5. COVER AND SOIL BORROW REQUIREMENTS FOR LAND DISPOSAL FACILITIES**

**252:515-19-50. Slope limits**

- (a) **Interior slopes.** The slope of a waste disposal area shall be no steeper overall than 3 horizontal to 1 vertical (3:1) at any time when it adjoins an area within the permitted boundary proposed to accept waste.
- (b) **Exterior slopes.** The slope of a waste disposal area shall be no steeper overall than 4 horizontal to 1 vertical (4:1) at any time when located at the limits of the permitted boundary or adjoining an area not proposed to accept waste.

(c) **Working face.** The slope of the working face may vary during daily placement of waste but shall be graded to meet applicable slope requirements in (a) or (b) of this paragraph at the end of each operating day.

(d) **Slope correction.** A plan shall be submitted to DEQ within sixty (60) days of a determination that one or more slopes exceed the limits specified in this Section. The plan will specify tasks and the timeline needed to achieve compliance with this Section. ~~Failure to submit a plan within the time specified by DEQ may result in the initiation of the Administrative Enforcement Process. Failure to follow or maintain the plan submitted to DEQ may also result in the initiation of the Administrative Enforcement Process.~~

**PART 13. WHEEL WASHES [REVOKED]**

**252:515-19-131. Applicability [REVOKED]**

~~This part applies to owners and operators of active land disposal facilities who purchase and install a wheel wash system for use at the land disposal facility.~~

**252:515-19-133. Definitions [REVOKED]**

~~The following words and terms, when used in this Part, shall have the following meaning unless the context clearly indicates otherwise:~~

~~"Wheel wash system" means a permanent installation that uses an immersion bath or spray of water to clean mud, soil, rock, debris and other extraneous material from the tires and undercarriage of vehicles.~~

**252:515-19-138. Water management and control [REVOKED]**

- (a) ~~**Run-off of wash water prohibited.** There shall be no run-off of wash water from this system.~~
- (b) ~~**Recirculation.** Water used in the wheel wash system may be recaptured for recirculation within the system.~~
- (c) ~~**Modify plans.** If necessary, the owner/operator shall modify and update the stormwater pollution prevention plan to include the wheel wash system and to demonstrate compliance with Subchapter 17.~~
- (d) ~~**Recycled liquid.** Recycled liquid and settled solids shall be managed as solid waste.~~
- (e) ~~**Settled solids.** The settled solids may be put back in the landfill if they meet the requirements of OAC 252:515-19-71.~~

**SUBCHAPTER 21. USED TIRE PROCESSING, CERTIFICATION, PERMITS AND COMPENSATION**

**PART 7. COMPENSATION FROM THE USED TIRE INDEMNITY FUND**

# Permanent Final Adoptions

## 252:515-21-72. Ineligible for compensation

(a) **Previous compensation.** Any person that has received compensation from the fund for projects identified in Part 11 of this Subchapter shall not be eligible to receive other compensation from the fund for collection, transportation or delivery of used tires in conjunction with the same project.

(b) **Certain used tires.** The following used tires are not eligible for compensation from the fund:

- (1) used tires processed for TDF facilities identified in OAC 252:515-21-71(a) but are not in ready-to-use condition when received by such facilities;
- (2) used tires not used in the approved project by units of local or county governments identified in OAC 252:515-21-71(b)(c)(3);
- (3) processed or recycled used tires listed by the OTC in OAC 710:95-5 as being ineligible for compensation; and
- (4) processed or recycled used tires that originated outside the borders of the State of Oklahoma.

## 252:515-21-74. Partial compensation for projects identified in Part 9 [REVOKED]

~~(a) **Partial completion.** Before completion of the project, an applicant may apply to the DEQ in writing for approval of partial compensation from the fund. The application shall include an estimate of the number of used tires properly installed at the time the application is submitted.~~

~~(b) **Compliance.** DEQ may authorize partial compensation if the applicant is in compliance with the United States Army Corps of Engineers or local Conservation District permit or authorization and the project is properly installed.~~

~~(c) **Pro-rated.** Payment may be authorized in the same ratio that the installed portion has to the entire project.~~

## SUBCHAPTER 23. REGULATED MEDICAL WASTE MANAGEMENT

### PART 3. OPERATIONAL REQUIREMENTS FOR ALL COMMERCIAL REGULATED MEDICAL WASTE PROCESSING FACILITIES

#### 252:515-23-31. General

(a) **Other requirements.** Commercial regulated medical waste processing facilities are subject to the requirements of Part 3 of OAC 252:515-19.

(b) **Acceptable wastes.** Only regulated medical wastes shall be accepted at a regulated medical waste processing facility unless otherwise approved by DEQ.

(c) **DEQ approved plan.** A DEQ approved plan shall be implemented for:

- (1) excluding wastes that are not to be processed;
- (2) safely storing wastes until proper processing and disposal occurs; and
- (3) responding to emergencies.

(d) **Decontamination facilities.** Decontamination facilities must be provided.

## SUBCHAPTER 25. CLOSURE AND POST-CLOSURE CARE

### PART 5. POST-CLOSURE

#### 252:515-25-54. Post-closure operational requirements

(a) **All disposal facilities.** All disposal facilities in post-closure monitoring shall perform the following.

(1) **Security and access control.** Fences and locked gates shall be maintained and signs shall be posted on the outer perimeter to provide notice that the site is a closed solid waste disposal facility.

(2) **Annual post-closure report.** No later than April 1<sup>st</sup> of each year after the DEQ's approval of the certification of final closure, a post-closure maintenance and monitoring report shall be submitted to the DEQ until the post-closure period ends. This report shall document the maintenance performed and summarize all monitoring data for the previous year.

(b) **Land disposal facilities.** Land disposal facilities in post-closure monitoring shall also perform the following.

(1) **Monitoring.** The integrity of the groundwater and/or explosive gas monitoring systems shall be maintained.

(A) Groundwater monitoring shall be performed at least semi-annually, unless reduced in accordance with OAC 252:515-9-73(c).

(B) Explosive gas monitoring, if required during the active life, shall be performed at Least semi-annually.

(2) **Leachate collection, treatment and disposal.**

(A) The leachate collection system shall be maintained and operated to ensure leachate is collected, treated and/or disposed in accordance with Subchapter 13 of this Chapter.

(B) The leachate collection systems shall be equipped with a system for automatic and continuous removal of leachate not requiring intervention by the owner/operator.

(C) Untreated leachate shall not be stored on-site unless the permit provides a specified method and capacity.

(3) **Final cover.** The integrity and effectiveness of the final cover shall be maintained in compliance with OAC 252:515-19-53, including making repairs to the cover as necessary to correct the effects of settlement, subsidence, erosion, ponding of water, or other events, and prevent run-on and run-off from eroding or otherwise damaging the final cover.

## SUBCHAPTER 27. COST ESTIMATES AND FINANCIAL ASSURANCE

### PART 1. GENERAL PROVISIONS

**252:515-27-4. Updating**

- (a) **Unit costs.** Provided they remain in effect, the unit costs and worksheets in Appendices H and I shall be updated no later than April 9, 2005, and at least every five years thereafter.
- (b) ~~Annual updates and adjustments. All references to and deadlines of "April 1 of each year" in this subchapter shall be postponed to April 9 of each year. Refer to 252:515-27-8(c) and 27-34(a). [RESERVED]~~

**252:515-27-8. Economic life of disposal facility**

(a) **New land disposal sites.** The economic life of a new land disposal facility shall be based on the area to be initially permitted for waste disposal, not on the total permitted area.

(1) **Economic life.** For the purposes of determining the pay-in period for a trust fund or escrow account used as a financial assurance mechanism, or another approved mechanism that allows pay-in over a specified period of time, the economic life for a new land disposal facility shall be the lesser of fifteen (15) years from the initial receipt of waste or the life as calculated in accordance with (2) of this Subsection.

(2) **Calculation.** The life shall be calculated according to the following formula:  $L = \{ [V - (P \times V)] \times D \} \div W$ , where

- (A) "L" equals the life of the disposal facility, in years;
- (B) "V" equals the total volume of airspace in cubic yards available for waste disposal and daily cover. V shall be calculated from the top of the protective layer to final contours minus the amount of air space taken up by final cover;
- (C) "P" is the anticipated percentage of V that will be taken up by daily cover. Until an alternative value based on a history of operational practice can be documented, including the use of alternative covers, P must not be less than 20% (0.20);
- (D) "D" is the anticipated density of waste compacted in place in pounds per cubic yard. Until an alternative value based on a history of operational practice can be documented, D must not be more than 1000 pounds per cubic yard (1000 lbs/cy); and
- (E) "W" is the amount of waste expected to be received during one year of operation in pounds per year. Until the owner/operator can document actual waste received based on a history of operational practice, W must be calculated at 4.4 pounds per capita per day multiplied by 365 days per year multiplied by the population served.

(b) **Existing land disposal sites.**

(1) For existing land disposal facilities, L shall be based on the remaining areas approved for waste disposal, according to the formula in paragraph (a)(2). W shall be determined based on scale records for the previous 12 months.

(2) **Economic life.** For the purposes of determining the pay-in period for a trust fund or escrow account used as a financial assurance mechanism, or another approved mechanism that allows pay-in over a specified period

of time, the economic life for an existing land disposal facility shall be the lesser of fifteen (15) years from April 9, 1997, or the life as calculated in accordance with (a)(2) and (b) of this Section.

(c) **Annual update.** No later than April 1<sup>st</sup>—9<sup>th</sup> of each year, the owner/operator of a land disposal facility, other than generator-owned and operated non-hazardous industrial waste monofills, shall submit calculations of the remaining life of the facility as of December 31<sup>st</sup> of the previous year. The remaining life shall be the actual life as calculated in accordance with (a)(2) and (b) of this Section, not the maximum economic life.

**PART 3. COST ESTIMATES**

**252:515-27-34. Annual adjustments to cost estimates and financial assurance mechanisms**

(a) **Adjustment required.** Cost estimates for closure, post-closure, and/or corrective action shall be adjusted and submitted to DEQ no later than April 1<sup>st</sup>—9<sup>th</sup> of each year.

(1) **Recalculation of maximum costs.** The maximum costs of closure, post-closure, and/or corrective action may be recalculated in current dollars using the procedure in Part 5 of this Subchapter (relating to determination of cost estimates).

(2) **Use of inflation factor.** If there are no significant changes to the closure or post-closure plan, corrective action plan, or facility conditions, cost estimates may be adjusted by use of an inflation factor derived from the most recent annual "Implicit Price Deflator for Gross National Product" or the "Implicit Price Deflator for Gross Domestic Product" published by the U.S. Department of Commerce in its Survey of Current Business in the year for which the adjustment is being made.

(A) The first adjustment shall be made by multiplying the approved cost estimate by the inflation factor. The result is the adjusted cost estimate.

(B) Subsequent adjustments shall be made by multiplying the latest adjusted cost estimate by the latest inflation factor.

(3) **Place in operating record.** The approved adjusted cost estimates shall be placed in the operating record.

(b) **Annual Adjustment to financial assurance mechanism(s) required.** Except as provided in (c) and (d) of this Section, the financial assurance mechanism(s) shall be adjusted annually to reflect the approved cost estimates. The adjusted financial assurance mechanism(s) must be submitted to DEQ for approval no later than 30 days after approval of adjusted cost estimates.

(c) **Corporate test or guarantee as financial assurance mechanism.** When the corporate test (OAC 252:515-27-81) or guarantee (OAC 252:515-27-83) is used as the financial assurance mechanism, the financial strength information specified in OAC 252:515-27-81(c) shall be submitted to the DEQ for approval no later than 90 days after the close of the corporate fiscal year. The DEQ may provide up to an additional 45 days to submit the information upon demonstration that 90 days is insufficient time to acquire audited financial statements.

# Permanent Final Adoptions

(d) **Local government test or guarantee as financial assurance mechanism.** When the local government test (OAC 252:515-27-82) or guarantee (OAC 252:515-27-84) is used as the financial assurance mechanism, the financial strength information specified in OAC 252:515-27-82(h) shall be submitted to the DEQ for approval no later than 180 days after the close of the municipal government's fiscal year. The DEQ may provide up to an additional 45 days to submit the information upon demonstration that 180 days is insufficient time to acquire audited financial statements.

## SUBCHAPTER 41. ROOFING MATERIAL RECYCLING

### 252:515-41-5. Duration of permit [REVOKED]

- (a) **Life of site.** Permits shall be issued for the life of the roofing material recycling facility.
- (b) **Cessation of operations.** If a permitted roofing material recycling facility ceases to accept roofing material for 30 days or more without prior notice to DEQ, the roofing material recycling facility will be deemed to be in the process of final closure and shall begin closure activities.

### 252:515-41-6. Permit transfer [REVOKED]

- (a) **Transfer required.** If the ownership of a roofing material recycling facility is assumed by a new entity, the permit must be transferred from the previous owner/operator ("transferor") to the new owner/operator ("transferee").
- (b) **Exception.** Changes in corporate ownership from majority stock transfers do not require a permit transfer. However, such changes require notice to DEQ and submittal of an approved disclosure statement meeting the requirements of OAC 252:515-3-31(g).
- (c) **Transfer requirements.** Permits may be transferred from the transferor to the transferee upon the following conditions:
- (1) the transferor has submitted a written request to DEQ for transfer of the permit to the transferee;
  - (2) the transferee has submitted an approved disclosure statement meeting the requirements of OAC 252:515-3-31(g);
  - (3) the transferee has, if required, established an approved financial assurance mechanism in an appropriate amount and appropriately funded;
  - (4) the transferee has agreed in writing to comply with:
    - (A) all permit conditions;
    - (B) approved plans and specifications;
    - (C) the Oklahoma Solid Waste Management Act;
    - (D) the rules in this Chapter; and
    - (E) any final orders issued pursuant thereto;
  - (5) the transferee has complied with OAC 252:515-3-33 (relating to oath required); and
  - (6) the facility meets the compliance requirements of OAC 252:4-7-15. In lieu of demonstrating substantial compliance, the parties to the transfer may enter into a Consent Order with DEQ to schedule compliance.

(d) **Transferor responsible.** Until such time as DEQ approves transfer of the permit to the transferee, the transferor shall remain responsible for the operation of the facility.

### 252:515-41-7. Permit applications and requirements [REVOKED]

- (a) **All permit applications.** All permit applications are subject to the Oklahoma Uniform Environmental Permitting Act as well as the requirements of this Subchapter.
- (b) **New permit applications.** Applicants requesting a permit for a new roofing material recycling facility shall submit a permit application to DEQ meeting the requirements of this Subchapter.
- (c) **Modifications required.**
- (1) The permit must be modified before making any changes to the approved design, construction, or operation of the facility.
  - (2) The modification application shall contain any maps, drawings, plans or other documents identified in this Subchapter to ensure the modification will be in compliance with the applicable requirements of this Chapter.
- (d) **Administrative correction.** DEQ may make administrative corrections to the permit.
- (e) **Tier I and II permit modifications.** Applicants requesting a Tier I or Tier II modification of an existing permit shall submit a permit modification application to DEQ meeting the applicable requirements of this Subchapter, but are not required to comply with OAC 252:515-3-33 (relating to oath required), unless otherwise required by statute.
- (f) **Tier III permit modifications.** Applicants requesting a Tier III modification of an existing permit shall submit a permit modification application to DEQ meeting the applicable requirements of this Subchapter, and comply with OAC 252:515-3-33.
- (g) **Disclosure statement.** Persons submitting a permit application for a new roofing material recycling facility, or the transfer of an existing roofing material recycling permit, are subject to the disclosure statement requirements of 27A O.S. §§ 2-10-103 and 2-10-302.

### 252:515-41-8. Variance from the rules of this Chapter [REVOKED]

- (a) **Application.** Applicants may, in a permit application, request a variance from one or more provisions of this Chapter in accordance with 27A O.S. § 2-10-304.
- (b) **Technical considerations.** Applicants requesting a variance must demonstrate that operations under the variance will equal or exceed the protection accorded by the particular rule for which the variance is being requested, and will not result in a hazard to the health, environment, or safety of the people of this State or their property.

### 252:515-41-9. Oath required [REVOKED]

The applicant shall sign the permit application under oath on forms provided by DEQ.

**252:515-41-10. Legal right to property [REVOKED]**

(a) **Right of access.** The permit application for a new roofing material recycling facility, or expansion of the permit boundaries of an existing roofing material recycling facility, must contain:

- (1) a true and correct copy of a legal document filed in the county in which the facility is located, demonstrating that the applicant possesses a legal right to access and use the property in the manner for which the permit is sought, including any on- or off-site soil borrow areas, throughout the life of the site; and
- (2) a certification, by affidavit, that the applicant owns the real property, has a current lease or easement which is given to accomplish the permitted purpose, or has provided legal notice to the landowner.

(b) **Option for use.** If an option for right of access is predicated upon the issuance of a permit prior to the exercise of that option, then the applicant must submit a copy of the option with the permit application. Once the permit has been issued, the applicant must comply with (a) of this Section prior to beginning construction.

(c) **Easement to DEQ.** Unless the property owner is a unit of government, a temporary easement shall be executed allowing DEQ and/or its contractors the right to access the property to perform closure, post closure monitoring, or corrective action in the event of default by the owner/operator.

**252:515-41-11. Permit applications [REVOKED]**

(a) **New applications.** A permit application for a new roofing material recycling facility shall include all information required by the Oklahoma Uniform Environmental Permitting Act, including:

- (1) the owner/operator's name, mailing address, and phone number;
- (2) the name by which the facility will be known, the mailing address of the facility, the street address of the facility (if different from the mailing address), and the facility phone number;

(3) a disclosure statement completed in accordance with OAC 252:515-3-31(g);

(4) a legal description, by metes and bounds; section, township, and range, or parts thereof; or book and page number of plat records for platted property, of:

- (A) the proposed permit boundary;
- (B) the proposed waste processing and/or disposal areas

(5) latitude and longitude of all corners of the permit boundary and the facility entrance;

(6) the location of the site from the nearest town or city;

(7) a description of all processing, storage, and disposal operations and units;

(8) a description of the anticipated waste streams and amount received per day;

(9) data, plans, and specifications for the following:

(A) a demonstration the proposed facility meets the location restrictions of Subchapter 5 of this Chapter;

(B) an operational plan describing how compliance with the operational requirements of Subchapter 19 of this Chapter, as applicable to the proposed facility, will be achieved;

(C) a plan describing how compliance with the stormwater management requirements of Subchapter 17 of this Chapter will be achieved;

(D) plans for closure of the facility in accordance with Subchapter 25 of this Chapter; and

(E) establishment of financial assurance in accordance with Subchapter 27 of this Chapter.

(b) **Information not identified.** DEQ may require the applicant to submit additional data, revise design specifications or propose environmental safeguards as necessary to meet DEQ rules for the protection of human health and the environment.

(c) **Permit modification applications.** An applicant requesting a modification to an existing permit shall submit information identified in this Part related to the proposed modification.

## APPENDIX H. PROCEDURE FOR CALCULATING CLOSURE COST ESTIMATES FOR FINANCIAL ASSURANCE [REVOKED]

## APPENDIX H. PROCEDURE FOR CALCULATING CLOSURE COST ESTIMATES FOR FINANCIAL ASSURANCE [NEW]

This Appendix presents the worksheet for calculating final closure cost estimates. The tasks and services included in this worksheet are based on the more complex closure requirements for MSWLFs. Some tasks and services may not be required for construction/demolition and non-hazardous industrial waste landfills, nor for other types of solid waste facilities requiring financial assurance. Owner/operators will be able to input site-specific information to calculate the necessary financial assurance.

### Table H.1

All site data necessary to calculate estimates of closure and post-closure costs can be gathered by completing Table H.1. Data from Table H.1 should be inserted into Table H.2 of this Appendix and Table I.1 of Appendix I to complete calculations.

### Table H.1 Site Data

FACILITY NAME:

Landfill Disposal Cost		\$/ton

VLF = Vertical linear feet. The sum of the depths of all monitoring wells

**Table H.2**

Table H.2 can be used to calculate closure cost estimates for landfills for which site specific data are available. The table is designed to be executed as a computer spreadsheet, but will work equally as well using hand calculations.

- Input site-specific quantities from Table H.1 into Table H.2, making sure the requisite units are used. Some quantities are already given by the table.
- Input current year unit costs obtained from the ODEQ website.\*
- For each line of Task/Service items 1 through 4, multiply the value input for quantity by the multiplier and current year unit cost, and enter the resultant value in the Subtotal column.
- Line 5. Identify each task required by the Closure Plan that is not identified in Table H.2. Calculate cost estimates in accordance with OAC 252:515-27-51(d), and input total in the Subtotal column.
- Line 6. Add Subtotals for Task/Service items 1 through 5.
- Lines 7, 8, and 9. Compute Administrative Services, Technical and Professional Services and Closure Contingency costs by multiplying Line 6 by the multiplier for each respective Item. Enter the resultant values.
- Line 10. Add lines 6 through 9.

\* Unit costs for use in completing this table will be updated for inflation by ODEQ on an annual basis. Current costs will be posted on the ODEQ website. Users of this chart shall use costs prepared by the ODEQ or adjust currently approved costs for inflation as of April 9<sup>th</sup> of each subsequent year using the procedure in OAC 252:515-27-34(a)(2).

**GIST/ANALYSIS:**  
The gist of this proposed rule and the underlying reason for the rulemaking is to ensure the Oklahoma Pollutant Discharge Elimination System (OPDES) is in compliance with the Department's delegation agreement with the Environmental Protection Agency (EPA), and to ensure Oklahoma retains responsibility for administering the National Pollutant Discharge Elimination System (NPDES) Program in Oklahoma. The Department proposes to update its rules concerning the date of the incorporation by reference for the Code of Federal Regulations from July 1, 2020, to July 19, 2021. The federal regulation updates being incorporated include the Environmental Protection Agency's (EPA's) Clean Water Act Methods Update Rule that became effective July 19, 2021. The rule finalized changes to test procedures required to be used by industries and municipalities when analyzing the chemical, physical, and biological properties of wastewater and other environmental samples for reporting under EPA's National Pollutant Discharge Elimination System (NPDES) permit program. It is anticipated that these changes will provide increased flexibility for the regulated community in meeting monitoring requirements while improving data quality. In addition, this update to the Clean Water Act methods also incorporates technological advances in analytical technology.

The standards may also be viewed on the Department of Environmental Quality Website at the following link: <https://www.deq.ok.gov/council-meeting-single/?meetingid=MTMyOTI=GIST/ANALYSIS>:

The gist of this rule and the underlying reason for the rulemaking is to ensure that the Department of Environmental Quality is in compliance with the federal regulations promulgated pursuant to the Reduction of Lead in Drinking Water Act (RLDWA) and Safe Drinking Water Act (SDWA). The Department proposes to update its rules concerning the date of the incorporation by reference for the Code of Federal Regulations (C.F.R.) from July 1, 2020, to July 1, 2021. The federal regulation updates being incorporated include EPA finalizing changes to existing regulations to protect the public from lead in plumbing materials used in public water systems or residential or nonresidential facilities providing water for human consumption. The rule changes codify aspects of the RLDWA of 2011 and the Community Fire Safety Act of 2013 (CFSA). The RLDWA amended section 1417 of the SDWA, which prohibits the use and introduction into commerce of certain plumbing products that are not "lead free." The RLDWA revised the definition of lead free to lower the allowable maximum lead content of plumbing products and established a statutory method for calculating lead content. EPA also established new requirements for manufacturers or importers that introduce into commerce products that must meet lead free requirements to certify such products as being in compliance with the lead free requirements in Section 1417 of the SDWA, as amended. EPA expects that these requirements for lead content in plumbing materials used in new installations and repairs will result in fewer sources of lead in drinking water and, consequently, will reduce adverse health effects associated with exposure to lead in drinking water. The final rule became effective October 1, 2020, and the compliance date for the product certification requirements in 40 C.F.R. 143.19 is September 1, 2023.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2022:**

## SUBCHAPTER 1. GENERAL PROVISIONS

### PART 1. GENERAL PROVISIONS

#### 260:25-1-1. Purpose

(a) ~~Application to the classified service.~~ The Merit System of Personnel Administration Rules, which are also known as the Merit Rules for Employment and the Merit Rules, are the administrative rules which govern classified employment with the State of Oklahoma. They outline many of the rights and responsibilities of applicants, employees, supervisors, administrators and others who are subject to the Oklahoma Merit System of Personnel Administration.

(b) ~~Application to the unclassified service.~~ A number of rules also apply to officers, employees, positions and agencies which are not subject to the Merit System of Personnel Administration, that is, the exempt unclassified or non-merit service. Such rules often contain references as to their applicability.

(e) Rulemaking entities. The Director of the Office of Management and Enterprise Services has promulgated the Merit System of Personnel Administration Rules which are included in this Chapter. ~~The Merit Protection Commission has promulgated the Merit System of Personnel Administration Rules which are in OAC 455:10.~~

(d) Statutory authority for the Merit Personnel Administration Rules. The authority for the ~~Merit System of Personnel Administration~~ Rules is found in the Oklahoma Statutes which are Oklahoma laws. The primary basis for the Merit Personnel Administration Rules is the Oklahoma Personnel Act, which is found in Sections 840-1.1 et seq. of Title 74 of the Oklahoma Statutes.

(e) Changes in the rules and interpretation of rules. Rules may be changed on an emergency or permanent basis as situations and needs demand. New federal or state laws may replace or affect the interpretation of the Merit Personnel Administration Rules.

(f) Effect of other laws on Merit Personnel Administration Rules. Some laws govern a specific personnel practice that applies only to a certain agency or in a certain situation. The provisions of all of these specialized laws are not referenced in the Merit Personnel Administration Rules. There may be cases where such a law will replace a rule or part of a rule in a certain agency or situation.

(g) Legal cites. Some of the Merit Personnel Administration Rules in this Chapter restate or exactly repeat language from laws. Italic type means the language exactly repeats language from a law or other legal instrument. The specific reference appears in brackets following the language in Italics. Language from laws or other legal instruments which is restated in other words is also followed by a reference in brackets, but it is not printed in Italics.

**260:25-1-2. Definitions**

~~In addition to terms defined in OAC 455:10-1-2, the~~The following words and terms, when used in the Merit Personnel Administration Rules, shall have the following meaning, unless the context clearly indicates otherwise.

**"Absence without leave"** and **"unauthorized absence"** means any absence of an employee from duty without specific approval.

~~"Absolute preference veteran"~~ means a veteran eligible for placement at the top of registers for appointment to the classified service because of a service connected disability of 30% or more.

**"Act"** means the Oklahoma Personnel Act.

**"Administrator"** means the Director of the Office of Management and Enterprise Services. As the term is used in the Merit Personnel Administration Rules, the term includes employees and the Administrator of the Human Capital Management Division of the Office of Management and Enterprise Services to whom the Administrator has lawfully delegated authority to act on his or her behalf. ~~The term, as used in the Merit rules, may also include Appointing Authorities to whom the Administrator has delegated authority under a duly executed delegation agreement.~~

~~"Adverse impact" or "disparate impact"~~ means a substantially different rate of selection in hiring, promotion, or other employment decision which works to the disadvantage of members of a race, sex, or ethnic group. A common yardstick for determining adverse impact is the "4/5ths rule" which indicates adverse impact if the selection rate for any protected group is less than 4/5ths (80%) of the selection rate of the group with the highest selection rate.

**"Agency"** means any office, department, board, commission or institution of the executive branch of state government [74:840 1.3].

~~"Allocation" or "Position allocation"~~ means the process by which the Human Capital Management Division designates a position to an established job family. A position is allocated on the basis of duties, authority, responsibilities, classification guides, and other appropriate factors.

**"Appointing authority"** means the chief administrative officer of an agency [74:840 1.3]. As the term is used in the Merit Personnel Administration Rules, the term includes employees of an agency to whom the Appointing Authority has lawfully delegated authority to act on his or her behalf.

~~"Assignment" or "Position assignment"~~ in the context of position allocation means the process by which an Appointing Authority designates a position to an established job family level.

~~"Balanced and representative work force"~~ means a work force whose composition at all levels approximates the composition of the relevant civilian labor force in terms of race, sex, and ethnicity.

~~"Base pay", "base rate", or "base salary"~~ means the hourly rate or salary established for a job performed. It does not include shift differentials, benefits, overtime, incentives, longevity, or any other pay elements.

**"Break in service"** means a period of time in excess of thirty (30) days during which an employee is not present at work and is not in paid leave status or on approved leave without pay.

**"Career progression"** means a type of intra-agency promotion in which an employee is advanced from one level of a job family to a higher non-supervisory level in the same job family.

~~"Certification", in the context of initial classified appointments, means the submission of available names of eligibles from the appropriate register to an Appointing Authority. Such a list is called a "certificate" or "e list". Individuals whose names appear on the certificate are said to be "certified". In the context of all other types of appointments, certification means the determination by the Office, or by an Appointing Authority to whom the Administrator has delegated authority, that a candidate possesses permanent classified status or is eligible for reinstatement to permanent classified status, and meets requirements for appointment to a specified job in the classified service.~~

**"Classification"** means:

- (A) the process of placing an employee into an appropriate job family and level within the job family, consistent with the allocation of the position to which the employee is assigned, or
- (B) an employee's job family and the level at which work is assigned [74:840-1.3].

**"Classification plan"** means the orderly arrangement of positions within an agency into separate and distinct job families so that each job family will contain those positions which involve similar or comparable skills, duties and responsibilities [74:840 1.3].

**"Classified employee"** means an employee in the classified service, or an employee currently on leave from the classified service in accordance with established Merit Rules governing leave.

**"Classified service"** means state employees and positions under the jurisdiction of the Oklahoma Merit System of Personnel Administration [74: 840 1.3].

**"Commission"** means the Oklahoma Merit Protection Commission [74:840 1.3].

**"Compensation plan"** means a schedule of salaries or hourly wages established for the jobs recognized in the agency classification plan so that all positions of a given job within an agency may be paid the same salary range established for the job.

**"Consider"** means a reasonable judgment based on job related criteria and on an individual's fitness for duties for initial or internal appointment.

## Permanent Final Adoptions

---

**"Demotion"** means the reclassification of a classified employee to a different job with a lower pay band assignment or to a lower level within the same job family. Demotion may be voluntary or involuntary.

**"Direct reclassification"** means a change made in a classified employee's classification by an Appointing Authority as a result of the adoption of a new or revised job family descriptor.

**"Discharge"** is defined in 455:10-11-3.

delegation authority. Others designated by the Appointing Authority to participate in support of delegated functions need not be eligible for certification as personnel professionals.

## **260:25-1-39. Training requirements [REVOKED]**

~~Each employee who will exercise delegation authority or who will participate in the support of delegated functions shall participate in initial training provided by the Human Capital Management Division staff on standards and procedures concerning delegated functions. The Administrator shall establish training requirements for employees based on previous training and the employee's duties and responsibilities related to delegated functions. The Administrator may require employees to participate in additional training during the life of a delegation agreement.~~

## **260:25-1-41. Standards, procedures, records and reports [REVOKED]**

~~The Administrator shall provide standards and procedures manuals for delegated functions to the Appointing Authority and employees who are trained. The standards and procedures manuals shall include a description of required records and reports. When changes occur during the life of a delegation agreement, the Administrator shall advise the Appointing Authority and the administrator of the delegated functions of changes and shall attach the changes as riders to the delegation agreement.~~

## **260:25-1-43. Written memorandum of agreement of delegated authority [REVOKED]**

~~(a) Before the Administrator approves the application for delegation authority, a memorandum of agreement shall be prepared by the Administrator in cooperation with the Appointing Authority. This delegation agreement shall include or incorporate by reference the following documents and information:~~

- ~~(1) A description of the delegation authority;~~
- ~~(2) An outline of the terms and conditions of the agreement, including an effective date for the agreement;~~
- ~~(3) A description of audit activities, reports to the Administrator, and a description of records to be maintained by the Appointing Authority.~~
- ~~(4) The application for delegation authorization, as amended before execution of the delegation agreement.~~
- ~~(5) The list of delegation audit activities provided by the Administrator to the Appointing Authority.~~
- ~~(6) The delegation standards, procedures, records, and reports required by the Administrator.~~
- ~~(7) The timing of and methodology for conducting scheduled audits.~~
- ~~(8) A statement describing the degree to which the personnel professional designated as the professional administrator of the delegated functions will act in the Appointing Authority's stead in regards to the delegated authority during the life of the agreement. The Appointing Authority shall not delegate ultimate responsibility for the agency's exercise of the delegated authority, or authority to sign or terminate the delegation agreement.~~

~~(b) The delegation agreement shall be dated and signed by the Appointing Authority of the requesting agency and then by the Administrator. The Administrator's signature on the agreement shall constitute approval of the application for delegation authority. Approval of this application for delegation authority shall constitute authority for the Appointing Authority or designee to implement the approved delegation of personnel authority. [74:840-1.15] The Administrator shall send the Appointing Authority and the agency administrator of the delegated functions a copy of the agreement within five calendar days after signing the agreement.~~

## **260:25-1-45. Changes in personnel [REVOKED]**

~~(a) During the life of a delegation agreement, the Appointing Authority is responsible for submitting the following documents to the Administrator immediately upon any changes in personnel:~~

~~(1) Changes in the names and titles of the Appointing Authority and all personnel professionals and others the Appointing Authority designates to participate in, or support, the exercise of delegation authority.~~

~~(2) The Appointing Authority's designation of a new professional administrator of the delegated functions and the designee's signed acceptance of the responsibility for administering delegated functions consistent with applicable state and federal laws, and the delegation agreement.~~

~~(b) These documents shall be added as riders to the memorandum of agreement.~~

## **260:25-1-47. Audit by the Administrator [REVOKED]**

~~Delegated functions shall be subject to audit by the Administrator to determine compliance with applicable laws, Merit Rules, and the delegation agreement. Audits may be conducted with or without notice to the Appointing Authority. The Administrator shall supply the Appointing Authority with a list of audit activities before the delegation agreement is signed, and during the life of the agreement, the Administrator shall notify the Appointing Authority of changes in audit activities before changes are implemented. The Administrator shall also add a description of changes as riders to the agreement.~~

## **260:25-1-49. Corrective actions [REVOKED]**

~~If audit findings reveal deficiencies or when deficiencies are otherwise identified, the Administrator shall order corrective action. The Administrator's order may include the date by which the Appointing Authority shall implement corrective action as ordered by the Administrator. Depending on the nature of the deficiency, the deadline for implementation may be up to 90 days after the date of the order. Corrective Actions may include but are not limited to:~~

- ~~(1) Correction of deficiencies consistent with Merit Rules, applicable laws, and the delegation agreement.~~
- ~~(2) Training or retraining of agency personnel.~~
- ~~(3) Unannounced audits.~~
- ~~(4) A temporary suspension of delegated authority.~~

**260:25-1-51. Termination or partial revocation of delegation authority [REVOKED]**

(a) A delegation agreement may be terminated at the discretion of the Administrator or at the request of the Appointing Authority. Some infractions of Merit Rules, applicable laws, or the delegation agreement may result in partial revocation or termination of the agreement. The Administrator shall provide the Appointing Authority with reasonable notice of termination or partial revocation of the agreement and the effective date of the action. The Administrator may terminate or partially revoke authorization for delegation for any of the following reasons:

- (1) The Appointing Authority fails to comply with corrective action ordered by the Administrator.
- (2) Delegation functions are not administered in accordance with the delegation agreement, the Oklahoma Personnel Act, other applicable laws, the Merit Rules, or Office of Management and Enterprise Services requirements, policies, directives, standards, guidelines, or practices.
- (3) Problems or circumstances occur that affect either the Office of Management and Enterprise Services or the agency in fulfilling its defined responsibilities.

(b) On the effective date of the termination or partial revocation of the delegation agreement, the authority and responsibility for delegated human resource functions that have been terminated or partially revoked shall be returned to the Administrator, together with records and documents relate to the delegated functions. However, unless otherwise specified by the Administrator, delegated actions initiated before the effective date of the termination or partial revocation of the agreement may be completed under the terms of the agreement.

**260:25-1-53. Evaluation [REVOKED]**

The Administrator shall evaluate the overall results and effects of delegation agreements at least annually for the first three years of an agreement and subsequently at least once every five years. Evaluations shall include but not be limited to an assessment of the results and effects (including costs) of the delegation authorization by various stakeholders. Anyone, including the Administrator, may provide comments, but the Administrator shall extend invitations to do so to the Appointing Authority of the delegation agency, the personnel professional responsible for the delegated function in the agency, and delegation coordinators with the Office of Management and Enterprise Services, and employees of the delegation agency. The Administrator shall analyze, compile, and summarize the responses and make the report of the results available for public inspection.

**PART 5. MODEL PROJECTS [REVOKED]**

**260:25-1-60. Purpose [REVOKED]**

The purpose of model projects is to allow agencies to design model human resource projects to test and evaluate the effect of innovative policies, standards, and procedures. [74:840-1-15].

**260:25-1-61. Authorization of model projects [REVOKED]**

The Administrator may approve applications for model projects. Approval of an application for a model project by the Administrator shall constitute authority for the agency to implement the approved model project for a length of time to be specified by the Administrator. [74:840-1-15].

**260:25-1-65. Effect of Merit Rules on model projects [REVOKED]**

The Administrator may waive applicability of Merit Rules adopted by the Administrator if necessary to implement a model project. The waiver shall apply only to the model project specified by the Administrator and shall be effective only for the duration of the model project. The waiver shall end immediately upon termination or completion of the model project.

**SUBCHAPTER 3. DIVERSITY AND EQUAL EMPLOYMENT OPPORTUNITY [REVOKED]**

**PART 1. DISCRIMINATION [REVOKED]**

**260:25-3-1. Purpose [REVOKED]**

The purposes of the rules in this Part are to assure equal employment opportunity [74:840-1.6A(7)]; repeat, as a convenience to the reader, statutory language in Section 840-2.9 of the Oklahoma Personnel Act; and define sexual harassment as a form of discrimination. The rules in this Part apply to all persons in the state service unless the context clearly indicates otherwise.

**260:25-3-2. Discrimination and other prohibited acts [REVOKED]**

(a) No person in the state service, whether subject to the provisions of the Merit System or in unclassified service, shall be appointed to or demoted or dismissed from any position in the state service, or in any way favored or discriminated against with respect to employment in the state service because of political or religious opinions or affiliations, race, creed, gender, color, [age] [74:954] or national origin or by reason of any...handicap [74:954]...[74:840-2.9(A)].

(b) No person shall use or promise to use, directly or indirectly, any official authority or influence, whether possessed or anticipated, to secure or attempt to secure for any person an appointment or advantage in appointment to a position in the classified service, or an increase in pay or other advantage in employment in any such position, for the purpose of influencing the vote or political action of any person, or for any consideration. Letters of inquiry, recommendation and reference for public employees by public officials shall not be considered official authority or influence unless such letter contains a threat, intimidation, or irrelevant, derogatory or false information [74:840-2.9(B)].

## Permanent Final Adoptions

(c) No person shall make any false statement, certificate, score, rating or report with regard to any test, certification or appointment made under any provision of the State Personnel Act or in any manner commit any fraud preventing the implementation of the provisions of the State Personnel Act and rules made pursuant thereto [740:840 2.9(C)].

(d) No employee, examiner or other person shall deny, deceive or obstruct any person in his or her right to examination, eligibility, certification or appointment or furnish to any person any special or secret information for the purpose of effecting the rights or prospects of any person with respect to employment in the classified service [74:840 2.9(D)].

(e) No person shall, directly or indirectly, give, render, pay, offer, solicit or accept any money, service or other valuable consideration for or as a result of any appointment, proposed appointment, promotion or proposed promotion to or any advantage in, a position in the classified or unclassified service [74:840 2.9(E)].

(f) Alleged violation of this section shall be reported to the Merit Protection Commission [74:840 2.9(F)].

### 260:25-3-3. Sexual harassment [REVOKED]

(a) Sexual harassment is discrimination on the basis of gender (sex) under 260:25-3-2, Discrimination and other prohibited acts. No officer or employee of any agency shall permit or engage in sexual harassment.

(b) Unwelcome sexual advances, requests for sexual favors, and verbal, graphic or physical conduct of a sexual nature constitute sexual harassment when:

- (1) submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment;
- (2) submission to, or rejection of, such conduct by an individual is used as the basis for employment decisions affecting such individual; or
- (3) such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive working environment.

## PART 2. DISCRIMINATION COMPLAINTS INVESTIGATIONS [REVOKED]

### 260:25-3-20. Purpose [REVOKED]

Section 840 2.1 (F)(1) of Title 74 of the Oklahoma Statutes requires persons who investigate complaints of discrimination after December 1, 1995, to be trained according to the requirements of the Administrator unless otherwise provided by state or federal law. The rules in this Part establish training requirements for persons who investigate complaints of employment discrimination in executive branch agencies. The rules in this Part are not intended to require Appointing Authorities to train an agency employee as a discrimination complaint investigator; but rather, are intended to ensure that complaints of discrimination are investigated by persons who meet the training requirements of the Administrator, unless

otherwise provided by state or federal law, regardless of whether the investigation is conducted by persons internal or external to the agency.

### 260:25-3-22. Training requirements for discrimination complaints investigators [REVOKED]

(a) Unless otherwise provided by state or federal law, all persons who are designated to investigate complaints of employment discrimination in executive branch agencies shall be subject to the following initial training and initial certification provisions:

(1) completion of four days of initial discrimination complaints investigator training either conducted by the Human Capital Management Division or approved by the Administrator. The initial discrimination complaints investigator training shall provide participants with a current knowledge of:

- (A) equal employment opportunity laws and rules;
- (B) theories of discrimination and burdens of proof;
- (C) planning and conducting complete and impartial investigations;
- (D) techniques for interviewing witnesses;
- (E) collecting relevant evidence;
- (F) documenting the record of investigation; and
- (G) preparing the written report of investigation.

(2) a person who has completed the EEO Training for New Investigators conducted by the U.S. EEOC Training Institute shall not be subject to the initial training requirements of (a) (1) of this section.

(3) In addition to the requirements referenced in (a) (1) of this Section a minimum of one investigation must be completed under the guidance of a senior EEO investigator, designated by the Administrator. The senior EEO investigator shall advise and support the investigator in developing competency in investigating complaints of discrimination.

(4) a person who has completed the initial training requirements established in (a) (1) of this Section and who is conducting an investigation under the guidance of a senior EEO investigator required in (a) (2) of this Section shall be considered as conditionally meeting the training requirements of the Administrator and shall be considered to be in compliance of this Part for that investigation.

(5) the Administrator will certify that a person has completed the training requirements for investigating complaints of discrimination after the Administrator:

- (A) determines the person has completed the initial training requirements established in (a) (1) of this Section, and
- (B) receives recommendation from the senior EEO investigator under whose guidance one or more investigations have been conducted as required in (a) (2) of this Section that the person seeking certification has demonstrated competency in conducting investigations; or the Administrator waives the recommendation requirement.

- (6) the Administrator shall send notice of certification to the person certified and to the certified person's Appointing Authority if the person is a state employee.
- (b) All persons who are designated to investigate complaints of employment discrimination in executive branch agencies shall be subject to the following continuing education training requirements:
  - (1) A minimum of six hours of classroom instruction or 0.6 Continuing Education Units (CEUs) in training related to the subjects listed in (b) (2) of this section each calendar year or other annual training that may be announced by the Administrator. Investigators who complete annual training shall submit proof of completion that is acceptable to the Administrator no later than December 31st of each year.
  - (2) Discrimination complaints investigator annual training shall provide participants with a current knowledge of:
    - (A) equal employment opportunity laws and rules; including the Americans with Disabilities Act of 1990, 42 U.S.C. § 12101 et seq., and Section 504 of the Federal Rehabilitation Act of 1973, 29 U.S.C. § 701 et seq., and court cases;
    - (B) theories of discrimination and burdens of proof;
    - (C) planning and conducting complete and impartial investigations;
    - (D) techniques for interviewing witnesses;
    - (E) collecting relevant evidence;
    - (F) documenting the record of investigation; and
    - (G) preparing the written report of investigation.
    - (H) investigating discrimination complaints;
    - (I) personnel practices and procedures;
    - (J) alternative dispute resolution; or
    - (K) diversity and multi-culturalism.
  - (3) Discrimination complaints investigators who do not complete the annual training described in (b) (1) , or who fail to report such training by January 30th of the following year, will be placed on an "inactive" list and shall not conduct discrimination complaints investigations until the training requirement for the previous year has been met and reported.

**260:25-3-24. Discrimination complaints investigator training verification [REVOKED]**

Before any person investigates a complaint of employment discrimination in the executive branch of state government, the Appointing Authority shall verify that the investigator has either met the training requirements of the Administrator or is not subject to the requirements.

**260:25-3-26. Discrimination complaint investigation training program or course approval [REVOKED]**

(a) The Administrator may approve training that is not conducted by the Human Capital Management Division as meeting

- the four days of initial discrimination complaints investigator training required in 260:25-3-22.
- (b) To request approval of discrimination complaints investigation training, an Appointing Authority shall submit the following course information to the Administrator for review:
  - (1) Course title and a brief description;
  - (2) Classroom hours or Continuing Education Units (CEUs); and
  - (3) Course outline.
- (c) The Human Capital Management Division shall maintain lists of approved discrimination complaint investigation training courses, and may withdraw its approval of courses by notifying employing agencies.
- (d) Persons who complete approved training courses shall submit proof of completion on a form that is prescribed or approved by the Administrator.
- (e) The Administrator shall send notice of the acceptability of training to a person submitting proof of completion. If the person is a state employee, the Administrator shall also send the notice to the Appointing Authority.

**SUBCHAPTER 5. POSITION ALLOCATION AND EMPLOYEE CLASSIFICATION SYSTEM [REVOKED]**

**PART 1. GENERAL PROVISIONS [REVOKED]**

**260:25-5-1. Purpose and scope [REVOKED]**

- (a) The purposes of the rules in this Subchapter are to establish:
  - (1) an employee classification system for all classified employees; and
  - (2) standards and procedures for conducting audits of classified positions.
- (b) The rules in this Subchapter apply only to employees and positions in the classified service, unless otherwise specified.

**260:25-5-2. Authority and responsibility of the Office of Management and Enterprise Services [REVOKED]**

- (a) The Office of Management and Enterprise Services shall develop and maintain a classification system [74:840-1.6A] in which all positions within a job family and level are sufficiently similar in duties and responsibilities that:
  - (1) the same descriptive title may be used to designate each position; and
  - (2) essentially the same selection requirements and procedures may be used to select employees; and
  - (3) under like working conditions, the same pay band may be applied.
- (b) The Office of Management and Enterprise Services shall be responsible for the adoption, revision and abolishment of job family descriptors; for the audit of positions to determine the proper job family to which a position is allocated [74:840-4.3]; and for the assignment of position identification codes.

## Permanent Final Adoptions

---

### 260:25-5-3. Authority and responsibility of Appointing Authorities [REVOKED]

(a) Appointing Authorities have control of positions within their agency and have the authority to organize their agencies, to create positions, to abolish positions and to prescribe or change the duties and responsibilities assigned to any position or employee at any time. Appointing Authorities shall determine the level within a job family at which duties and responsibilities are assigned [74:840 4.3]. Appointing Authorities have the authority to reclassify employees in accordance with other provisions of the Merit Rules.

- (b) Appointing Authorities are responsible for ensuring that:
- (1) managers and supervisors assign work to employees on a regular and consistent basis that conforms with the employee's classification;
  - (2) employees are classified in accordance with the work they are assigned on a regular and consistent basis as an integral part of their normal job [74:840 4.3];
  - (3) all records relied on by the Appointing Authority in making changes to the job family level are maintained.

### 260:25-5-4. Rights and responsibilities of employees [REVOKED]

(a) Employees shall be familiar with the job family descriptor, Position Description Questionnaire if one exists, and list of accountabilities for the position they occupy.

(b) Employees shall participate in the processes and procedures pertaining to the allocation of positions and classification of employees. This is a duty of all employees. Employees shall supply timely and accurate information about duties and responsibilities of other employees and positions when requested to do so.

(c) An employee has the right and responsibility to file a classification grievance, as provided by law and rule, when duties performed on a regular and consistent basis do not conform to the employee's job family descriptor and level of assignment [74:840 4.3].

(d) Employees are entitled to the job family level they are currently assigned [74:840 4.3] and to perform work consistent with their classification. An employee is entitled to the compensation assigned to the job family level for which duties were performed on a regular and consistent basis. This provision does not entitle the employee to a higher job family level [74:840 4.3] and does not prohibit reclassification in accordance with other Merit Rules. Employees have no right to reclassification, to occupy a specific position, or to the continued assignment of specific duties and responsibilities.

(e) An employee is not required to perform all of the work operations described in a job family descriptor in order to be eligible for classification thereunder. An employee is not eligible or entitled to classification by reason of performing isolated or singular duties incidental to the job but which are described in another job family descriptor. Employees are entitled to the job family level they are currently assigned. [74:840 4.3]

(f) An employee normally performs some of the work of higher rated jobs and some of the work of lower rated jobs when required. The normal duties of an employee may include assistance to [other employees]. [74:840 4.3] An employee is

required to perform the work operations and duties described or appraised as being covered by a job family descriptor pursuant to that degree or amount of guidance or instruction which is considered usual and normal in order to qualify for the classification [74:840 4.3].

(g) The fact that the list of accountabilities used in the appraisal of the employee's work performance in accordance with 260:25 17 31 does not include all of the tasks assigned to the employee, does not exempt the employee from performance of such tasks.

### 260:25-5-6. Notice of creation of positions, changes in positions and abolishment of positions [REVOKED]

(a) After a position is created, the Appointing Authority shall furnish the Human Capital Management Division with a completed Position Description Questionnaire form. OAC 260:25 5 55 describes this form.

(b) The supervisor and the manager of a position shall review the Position Description Questionnaire each time the position becomes vacant to ensure that the duties assigned to the position are in substantial agreement with the job family descriptor and that both continue to identify the work the Appointing Authority wants assigned to the position.

(c) An Appointing Authority may change the duties and responsibilities of positions at any time. When there is a significant change in a position or if there is reason to believe the position is not properly allocated, the Appointing Authority shall request an audit of the position in accordance with 260:25 5 50.

(d) An Appointing Authority shall promptly notify the Human Capital Management Division when a position is abolished.

### 260:25-5-7. Filling of vacant positions prohibited [REVOKED]

(a) No newly created position shall be filled by initial or internal appointment or otherwise encumbered until the position has been initially allocated by the Human Capital Management Division.

(b) An Appointing Authority shall not fill a vacant position being audited until the audit has been completed and the final allocation decision has been made. This prohibition does not apply during the conduct of survey audits of positions pursuant to 260:25 5 57.

### 260:25-5-8. Job family descriptors [REVOKED]

(a) Purpose and use of job family descriptors. Job family descriptors shall be used to distinguish one job family from another as clearly and definitively as possible [74:840 4.3]. Job family descriptors shall also be used as a basis for:

- (1) allocating positions to job families [74:840 4.3];
- (2) selecting employees to fill positions;
- (3) assigning jobs to pay bands;
- (4) ensuring that employees are properly classified [74:840 4.3]; and

- (5) assigning positions to levels by the Appointing Authority.
- (b) Format and content of job family descriptors. The Human Capital Management Division shall determine the format to be used in preparing job family descriptors.
  - (1) A job family descriptor shall consist of:
    - (A) a title and code, including a code for each level in the job family descriptor;
    - (B) a basic purpose describing duties, and responsibilities of employees in the job family;
    - (C) typical functions performed;
    - (D) knowledge and skills necessary to perform work at each level; and
    - (E) the minimum qualifications, such as those for education and experience, that are required for initial or internal appointment to a job included in the job family.
  - (2) A job family descriptor may also include identification information and other information, such as position allocation standards, which facilitates the allocation of positions to job families, the selection of qualified employees, and the assignment of appropriate pay bands.
- (c) Adoption, revision and abolishment of job family descriptors. After the initial conversion of classes to job families on November, 1, 1999, the Administrator shall have a public hearing before adopting a new job family descriptor or revising a job family descriptor to the extent that the allocation of positions or the pay band for the job family is affected, so that interested persons will have an opportunity to express their views. However, the Administrator may make other revisions to job family descriptors and may abolish unused job families as the need to do so is identified.
- (d) Distribution of job family descriptors.
  - (1) Before the effective date of the adoption or revision of a job family descriptor for which positions in an agency have been allocated, the Human Capital Management Division shall provide the Appointing Authority with a copy of the job family descriptor.
  - (2) The Human Capital Management Division shall provide all agencies with a summary of all job family descriptors adopted, revised, or abolished within 1 month after the action.
  - (3) Appointing Authorities shall give employees notice of new and revised job family descriptors and give copies of job family descriptors to employees in the job family and their supervisors upon request.

**PART 3. ALLOCATION OF POSITIONS  
[REVOKED]**

**260:25-5-31. Authority for allocation of positions  
[REVOKED]**

The Office of Management and Enterprise Services has the authority to allocate a position to the appropriate job family. The Human Capital Management Division shall audit both vacant and occupied positions in accordance with Part 5 of this

Subchapter, to determine if positions are properly allocated and shall reallocate positions if it is necessary.

**260:25-5-33. Source of information for allocation of positions [REVOKED]**

The Office of Management and Enterprise Services shall allocate positions on the basis of relevant information supplied by the Appointing Authority. An incumbent employee will be given an opportunity to respond; however, the Office of Management and Enterprise Services will rely on the appointing authority for an official listing of the duties and responsibilities of the position [74:840 4.3(A)]. Except in processing classification reviews according to 260:25-5-51, the Human Capital Management Division shall not make a determination about what duties and responsibilities have been assigned to an employee in the past. The Human Capital Management Division shall not make a determination about what duties and responsibilities should be assigned to an employee in the future.

**260:25-5-34. Determination of appropriate job family [REVOKED]**

- (a) Job family descriptors shall be used in the determination of the allocation of positions. In determining the job family to which a position shall be allocated, a Position Description Questionnaire and a job family descriptor shall be interpreted and applied as a composite picture of positions the job family includes [74:840 4.3].
- (b) Relevant information about the position shall be considered. This may include, but is not limited to, individual position descriptions, information submitted by the Appointing Authority and employee, job audit reports, organizational charts, and lists of accountabilities to be used in appraising performance in the position.
- (c) Consideration shall be given to the specific tasks and duties, levels of authority and responsibility, supervision received and exercised, discretion and judgment required, management of work processes and programs, organizational relationships to other positions, and any other factors which assist in the proper allocation of the position.
- (d) The Human Capital Management Division may consider the relationship of positions to gain a better understanding of the duties and responsibilities of a position being allocated.
- (e) The fact that all of the tasks of a position do not appear in the job family descriptor to which the position has been allocated shall not be taken to mean that the position is necessarily excluded from the job family, nor shall any one example of a typical task, taken without relation to the other parts of the job family descriptor, be construed as determining that a position should be allocated to the job family.
- (f) If a job family descriptor which clearly encompasses the duties and responsibilities of a position does not already exist, the Human Capital Management Division shall allocate the position to the most appropriate existing job family, revise an existing job family descriptor, or prepare a new job family descriptor to describe the position.

# Permanent Final Adoptions

## PART 4. ASSIGNMENT OF JOB FAMILY LEVELS [REVOKED]

### 260:25-5-41. Authority for assignment of positions [REVOKED]

Appointing Authorities have the authority to assign a position to the appropriate job family level, consistent with the job family allocation made by the Human Capital Management Division. Appointing Authorities will be responsible for maintaining appropriate records to track and monitor the level assigned and any changes based on significant changes in duties and responsibilities.

### 260:25-5-44. Determination of appropriate job family level [REVOKED]

(a) Appointing Authorities shall use job family descriptors and the job family allocation made by the Administrator in assigning positions to job family levels. In determining the job family level to which a position shall be assigned, Appointing Authorities shall interpret and apply the Position Description Questionnaire, and the job family descriptor as a composite picture of positions the job family level includes [74:840 4.3]. Appointing Authorities may also use a Supplemental Position Description Questionnaire in assigning positions to job family levels.

(b) Relevant information about the position shall be considered. This may include, but is not limited to, individual position descriptions, information submitted by the Appointing Authority and employee, job audit reports, organizational charts, and lists of accountabilities to be used in appraising performance in the position.

(c) Consideration shall be given to the specific tasks and duties, levels of authority and responsibility, supervision received and exercised, discretion and judgment required, management of work processes and programs, organizational relationships to other positions, and any other factors which assist in the proper allocation of the position.

(d) Appointing Authorities may consider the relationship of positions to gain a better understanding of the duties and responsibilities of a position in assigning a position to a job family level.

## PART 5. AUDIT OF POSITIONS [REVOKED]

### 260:25-5-50. Initiation of audits [REVOKED]

(a) The Office of Management and Enterprise Services may initiate audits of individual positions or survey audits of positions as any need to do so is identified.

(b) Audits of positions shall be conducted by the Human Capital Management Division at the written request of an Appointing Authority [74:840 4.3]. The written request shall include a Position Description Questionnaire completed according to 260:25-5-55.

(c) Audits of positions shall be conducted by the Human Capital Management Division at the written request of the Executive Director of the Merit Protection Commission in connection with a complaint filed with the Commission.

(d) The Human Capital Management Division shall conduct audits on receipt of a Classification Dispute Review Request form completed according to 260:25-5-55.

### 260:25-5-51. Classification Disputes [REVOKED]

(a) An employee has the right and responsibility to file a classification grievance, as provided by law and rule, when duties performed on a regular and consistent basis do not conform to the job family descriptor [74:840 4.3]. The Human Capital Management Division shall not accept classification grievances directly from employees. A formal classification grievance shall be filed with the employing agency according to the rules for filing classification grievances promulgated by the Merit Protection Commission (OAC 455:10-19-1 et seq.). An internal classification grievance must be concluded within the agency before an employee may file a Classification Dispute Review Request form with the Human Capital Management Division. If the resolution decision by the Appointing Authority is to advise the employee to complete a Human Capital Management Division Classification Dispute Review Request form, as provided in OAC 455:10-19-35, the form will be submitted through appropriate supervisory channels to the agency office responsible for human resources functions.

(b) Upon receipt of a Classification Dispute Review Request form submitted through appropriate supervisory channels, the agency office responsible for human resources functions will review it along with any other appropriate records, including the internal grievance file, to determine the nature and scope of the grievance. If the grievance concerns only the job family level to which the position is assigned, a position audit will be conducted by a designated agency representative who has been assigned the responsibility to complete positions audits, to determine the proper job family level. If an Appointing Authority has been delegated position allocation authority in accordance with OAC 260:25-1-30, designated agency representatives will also be responsible for conducting classification grievance audits to determine both the appropriate job family and job family level. In conducting these audits, consideration shall be given to all relevant information concerning the position according to OAC 260:25-5-34.

(c) If the review of the Classification Dispute Review Request and other related information indicates that the grievance includes the job family to which the position is allocated, and the agency has not been delegated position allocation authority, the form will be forwarded within 20 days to the Human Capital Management Division requesting that a position audit be completed. The Human Capital Management Division will then be responsible for completing the audit and determining an appropriate job family for the position. Upon receipt of the allocation decision made by the Human Capital Management Division, a designated agency representative will be responsible for determining the proper job family level for the position.

(d) If an incumbent employee does not agree with the job family level assigned to a position by the Appointing Authority after completion of a grievance audit, the employee may request a review by the Human Capital Management Division. The employee shall submit the request to the agency office responsible for the agency's human resources management functions within 20 calendar days of the date of the notice of the final decision by the agency. Within 7 calendar days of receipt, the agency shall attach all documents considered by the agency in determining the job family level to the request for review and submit it to the Human Capital Management Division. Within 14 calendar days of receipt, the Human Capital Management Division will review the information submitted and make a final decision concerning the proper level of assignment. Such decision shall be based solely on a review of the written documentation submitted.

(e) An employee may request a Human Capital Management Division review of the job family to which a position has been allocated by an agency which has delegated position allocation authority. The request for review must be received in the agency office responsible for the agency's human resource management functions no later than 20 calendar days after the date of the final notice of the decision by the agency.

(f) An employee is entitled to the compensation assigned to the job family level for which duties were performed on a regular and consistent basis [74:840-4.3].

(g) If a classification grievance or a classification dispute review indicates an employee has not received the compensation assigned to the job family level for which duties were performed on a regular and consistent basis, the Appointing Authority shall compensate an employee for the difference between the employee's actual rate of pay and the rate of pay the employee would have received on promotion to the job family level that was consistent with the duties and responsibilities of the employee. Back pay shall be limited to the date the employee filed the classification grievance pursuant to Section 840-6.2 of the Oklahoma Personnel Act.

**260:25-5-52. Demotion resulting from position audit or reclassification [REVOKED]**

If an employee in the classified service is demoted as a result of a position audit or reclassification, the agency shall provide notice, to include all position description documentation, of such demotion to the Office of Management and Enterprise Services. The Office of Management and Enterprise Services shall review the findings of the agency prior to such demotion occurring, to ensure compliance with the law. The Office of Management and Enterprise Services shall complete the review and respond within ten (10) business days of receipt of notice. The provisions of this subsection shall not apply to demotions that are a result of a position audit or reclassification performed by the Office of Management and Enterprise Services. [74:840-6.5(B)]

**260:25-5-53. Effect when an occupied position is vacated during an audit [REVOKED]**

If a position being audited is vacated, the person who filled the position will no longer have any involvement in the audit or the allocation of the position. The Human Capital Management Division will complete the audit and allocate the position on the same basis as any other vacant position.

**260:25-5-54. Collection and exchange of information about positions [REVOKED]**

(a) In addition to the forms described in 260:25-5-55, the Human Capital Management Division may request other information from the Appointing Authority and from the employee if the position is occupied. Additionally, the Human Capital Management Division may collect information through on-site job audits, meetings or other methods. Only the Human Capital Management Division shall have authority to determine when an on-site audit is appropriate.

(b) A list of accountabilities to be used in the appraisal of an employee's work performance in the position in accordance with 260:25-17-31, does not by itself contain sufficient information to make a determination of appropriate allocation for the position.

(c) Upon completion of an audit and the allocation of a position in accordance with 260:25-5-56, the Human Capital Management Division shall send one copy of the allocated Position Description Questionnaire (or the Classification Dispute Review Request Form) to the Appointing Authority and one copy to the employee if the position is occupied. Other materials submitted to, or collected by, the Human Capital Management Division which were considered in the allocation of the position shall become the property of the Office of Management and Enterprise Services and shall not be returned. All such documents are open to the public.

(d) The Human Capital Management Division shall determine those records which are relevant to the proper allocation of a specific position and may refuse or return other records, such as, training manuals, operations manuals, evaluations of individual employee performance, work samples, magnetic tapes and disks, photographs, clippings, etc.

(e) Throughout the process that leads to the allocation of a position, the Appointing Authority shall give the employee who occupies the position being audited copies of any completed Position Description Questionnaire (if the audit was initiated by the Appointing Authority, the Human Capital Management Division, or the Executive Director of the Commission) and any additional written material about the position or the audit before the agency submits the material to the Human Capital Management Division.

(f) Any employee who occupies the position being audited shall provide written comments through appropriate supervisory channels in the agency. The employee shall send a copy of any Classification Dispute Review Request form (if the audit was initiated by a classification grievance) and any additional written material about the position or the audit through appropriate supervisory channels in the agency to the Human Capital

Management Division. The Appointing Authority shall not alter the statements made by the employee and shall forward materials submitted by the employee to the Human Capital Management Division.

(g) Appointing Authorities shall ensure that employees occupying positions being audited are informed about appropriate supervisory channels in the agency, including when and where to submit information concerning the audit.

### 260:25-5-55. Forms used to describe positions [REVOKED]

(a) ~~Position Description Questionnaire.~~ The basic document for the collection of information about positions is the Position Description Questionnaire, a form prescribed by the Human Capital Management Division. This form shall be completed by the Appointing Authority or a person designated by the Appointing Authority who is familiar with the duties and responsibilities the Appointing Authority has assigned to the position to be audited. The completed form and organizational chart shall be submitted to the Human Capital Management Division according to this Section. The purpose of the Position Description Questionnaire is to help the person completing the form supply the information about a position that is needed to properly allocate the position.

(b) ~~Classification Dispute Review Request form.~~ A completed Classification Dispute Review Request form shall be used as the basis for the allocation and assignment of a position instead of a Position Description Questionnaire if the audit is initiated as a result of a classification dispute according to 260:25-5-51. This form shall be completed by the employee who occupies the position and is the only form authorized for use in completing an audit or review of a position as a result of a classification grievance. The completed form and organizational chart shall be submitted to the Human Capital Management Division according to this Section. The purposes of the Classification Dispute Review Request form are to help the employee completing the form supply the information about his or her duties and responsibilities, to help the Appointing Authority in comparing what the employee does or has done with what the Appointing Authority wants done, and to help persons who are allocating the position or reviewing the classification of the employee to make the correct decision.

(c) ~~Supplemental Position Description Questionnaire.~~ An additional document for the collection of information about positions is the Supplemental Position Description Questionnaire. This form is designed primarily for the collection of information concerning significant changes in the duties and responsibilities assigned to a position since it was last audited and may be used by agencies in conducting reviews related to the job family level to which a position is assigned to determine whether assignment to another level is appropriate. This form will be completed by the Appointing Authority or a person designated by the Appointing Authority who is familiar with the duties and responsibilities the Appointing Authority has assigned or wishes to be assigned to the position. Agencies may also use other forms or methods for collecting the information needed, if desired.

### 260:25-5-56. Conduct of position audits [REVOKED]

(a) ~~The conduct of an audit of a position begins when a properly completed Position Description Questionnaire or a Classification Dispute Review Request form is received in the Human Capital Management Division. The Human Capital Management Division reserves the right to refuse to accept incomplete or improperly completed forms.~~

(b) ~~The Human Capital Management Division shall send a written notice of the allocation of the position and its effective date to the Appointing Authority and the employee if the position is occupied. If the Human Capital Management Division finds that an allocation shall not be made within 30 calendar days after the receipt of a properly completed form according to (a) of this Section, both the Appointing Authority and the employee shall be sent written notice of the expected date of allocation. If the audit is conducted at the request of the Executive Director of the Merit Protection Commission, a notice shall be sent to the Executive Director.~~

(c) ~~After an allocation has been made by the Human Capital Management Division, the Appointing Authority shall assign an appropriate level to the position based on the duties and responsibilities assigned. If the position is occupied, the Appointing Authority shall send a written notice of the level assignment and its effective date to the employee within 20 calendar days of receipt of the Human Capital Management Division allocation.~~

(d) ~~Position audits by an agency, either to determine the proper job family level or to determine an appropriate allocation under a position allocation delegation agreement, shall begin upon receipt of a properly completed Position Description Questionnaire, Classification Dispute Review Request, Supplemental Position Description Questionnaire, or other information prescribed by the agency. These audits shall be completed within 30 calendar days after the receipt of required information, or the requesting official and the incumbent employee shall be provided written notice of the expected date of completion.~~

### 260:25-5-57. Conduct of classification survey audits [REVOKED]

(a) ~~The Human Capital Management Division may conduct audits of positions within job families to resolve internal inequities in the allocation of positions and to determine the need to adopt, revise or abolish job family descriptors. While survey audits are being conducted, the timing and methods for collection of information and issuance of notices provided for individual audits shall not apply. The Human Capital Management Division shall notify Appointing Authorities and employees of the procedures to be followed during survey audits as survey audits are conducted.~~

(b) ~~The allocation of positions may be delayed by the Human Capital Management Division until after the completion of the survey audit and the effective date of adoption, revision or abolishment of job family descriptors as appropriate. At such time, the provisions of 260:25-5-56 shall become applicable.~~

**260:25-5-58. Reinitiation of audit after the allocation of a position becomes final [REVOKED]**

Once the allocation of a position to a job family becomes final in accordance with the Merit Rules in this Subchapter, the Appointing Authority shall not reinitiate an audit unless the duties and responsibilities of the position are significantly changed, a new job family descriptor is adopted, an existing job family descriptor is revised, or a classification survey is conducted that results in a better understanding of the duties and responsibilities of the position.

**PART 9. STATUS OF EMPLOYEES WHEN POSITIONS ARE REALLOCATED [REVOKED]**

**260:25-5-90. Status of incumbent when job family is adopted or revised [REVOKED]**

(a) Direct reclassification does not require individual position audit or promotional posting. In all cases where licensure, certification, or examination is required by law, the requirement shall be met by the employee within any time limits prescribed by law. Otherwise, the employee shall not be required to possess the minimum qualifications or be examined for the successor job family level.

(b) An Appointing Authority shall directly reclassify a probationary or permanent employee in a position which has been reallocated to the job family level to which the position was reallocated, if the:

(1) Human Capital Management Division determines that the duties and responsibilities corresponding with an employee's job family level are identified as part of a new or revised job family descriptor; and

(2) employee had status in the former job family level on a regular basis, that is, not on detail to special duty; however, direct reclassification shall not cancel or otherwise affect a probationary period with the agency or a trial period after promotion.

(c) Direct reclassification shall take place within 30 calendar days after the effective date of the adoption of the new or revised job family descriptor.

(d) If the employee is ineligible for direct reclassification and the Appointing Authority does not or cannot directly reclassify, promote, demote, or transfer the employee, or detail the employee to special duty, the applicable provisions in the Merit Rules for reductions in force shall apply.

**260:25-5-91. Other position reallocations [REVOKED]**

(a) If a position is reallocated under conditions other than those outlined in 260:25-5-90, and the classification of an incumbent employee does not match the new allocation of the position, the Appointing Authority shall take action within 60 calendar days after the effective date of the allocation to ensure that the employee is properly classified. The Appointing Authority may:

(1) transfer a permanent employee to another position in the agency allocated to the job family matching the classification of the employee in accordance with the Merit Rules governing transfers; or

(2) change the duties of the position to the extent necessary to reflect the classification of the employee and initiate another audit of the position; or

(3) reclassify or promote a permanent employee to the job family to which the position occupied by the employee was reallocated.

(b) If the employee is ineligible or is not selected to continue in the reallocated position, and if the Appointing Authority does not or cannot promote, demote or transfer the employee, detail the employee to special duty or change the duties of the position to match the classification of the employee, the applicable provisions in Merit Rules for reductions in force shall apply.

**SUBCHAPTER 7. SALARY AND PAYROLL**

**PART 1. SALARY AND RATE OF PAY**

**260:25-7-1. Purpose and general provisions**

(a) The purpose of the rules in this Part is to establish salary, rates of pay, and payroll regulations, pay regulations, regulations for performance pay increases, rates for pay differentials, on-call pay, and other types of pay incentives and salary adjustments [74:840 1.6A].

(b) Pay raises are prohibited unless specifically authorized by legislation or the Merit Rules. A cost of living raise or any other type of raise that would be given to state employees on an across the board basis is prohibited unless specifically authorized by the Legislature [74:840 2.17].

(c) The rules in this subchapter provide for market adjustments, increases upon lateral transfer, skill based adjustments, equity based adjustments, career progression increases, salary adjustments upon completion of the initial probationary period or trial period, and performance based adjustments. Appointing Authorities may use these pay mechanisms only if funds are available in the agency's budget for the current and subsequent fiscal year without the need for additional funding to increase the personal services budget of the agency. Upon certification from the Director of State Finance that an Appointing Authority has exceeded the agency's budget for the current or subsequent fiscal year due to the use of the pay movement mechanisms listed in this subsection, the Administrator may withdraw authorization for the agency to use the following pay movement mechanisms during the next appropriations cycle: market adjustments, increases upon lateral transfer, equity based adjustments, performance based adjustments, and career progression increases [74:840 2.17].
