The proposed revisions will modify existing rules and the State Plan to improve the identification of 340B drugs and non 340B drug purchases. These revisions will require providers to bill the Agency with a procedure code modifier, on outpatient and hospital claims, that will identify a 340B drug from an orphan drug. Additional revisions will adjust the methodology by which Medicare crossover claims are included on drug rebate invoices to 340B providers.

## SUBCHAPTER 5. INDIVIDUAL PROVIDERS AND SPECIALTIES

### PART 5. PHARMACIES

#### 317:30-5-87. 340B Drug Discount Program

(a) ~~The purpose of this Section is to provide special provisions for providers participating in the 340B Drug Discount program. The 340B Drug Discount program special provisions apply to a provider that has asserted it is a "covered entity" or a contract pharmacy for a covered entity under the provisions of 42 U.S.C. § 256b of the United States Code (otherwise known as the 340B Drug Discount Program).~~

(b) ~~Covered Entities.~~

(1) ~~The covered entity must notify OHCA in writing within 30 days of any changes in 340B participation, as well as any changes in name, address, NPI number, etc.~~

(2) ~~The covered entity must maintain their status on the HRSA Medicaid exclusion file and report any changes to OHCA within 30 days.~~

(3) ~~The covered entity must execute a contract addendum with OHCA in addition to their provider contract.~~

(4) ~~To prevent a duplicate discount, quarterly adjustments will be made to all pharmacy or medical claims for drugs submitted by the covered entity. OHCA will adjust each claim by subtracting the 340B Ceiling Price from the amount reimbursed and multiplying the difference by the quantity submitted. All drugs shall be adjusted by the 340B Ceiling Price whether purchased through the 340B program or otherwise when billed using the registered SoonerCare NPI number on the HRSA Medicaid Exclusion File. OHCA will use the 340B Ceiling Price applicable to the quarter in which the claim is paid.~~

(c) ~~Contract pharmacies for covered entities may be permitted to bill drug products purchased under the 340B Drug Discount Program to the Oklahoma Medicaid Program when certain conditions are met and an agreement is in place between OHCA, the contract pharmacy and the covered entity. These pharmacies will be subject to the recovery process stated above.~~

(a) The 340B Drug Discount Program is a drug-pricing program established under section 256b of Title 42 of the United States Code (U.S.C) under which a manufacturer of covered outpatient drugs agrees that it will not charge a 340B covered entity more than the 340B price for a 340B covered outpatient drug.

(b) Covered entities participating in the 340B Drug Discount Program will adhere to the following provisions outlined in this Section and as defined in 42 U.S.C. §256b. Covered entities must:

(1) Notify the OHCA Pharmacy Department in writing within thirty (30) days of any changes in 340B Program

participation, as well as any changes in name, address, National Provider Identification (NPI), SoonerCare Provider Number, etc.

(2) Maintain their status on the Health Resources & Services Administration (HRSA) Medicaid Exclusion File (MEF) and report any changes to the OHCA within thirty (30) days.

(3) Execute a contract addendum with the OHCA in addition to their provider contract.

(c) To prevent a duplicate discount, quarterly adjustments will be made to all pharmacy or medical claims for drugs submitted by covered entities when billed using the registered SoonerCare Provider Number on the MEF.

(1) All pharmacy claims submitted by covered entities shall be adjusted by the 340B ceiling price whether purchased through the 340B Program or otherwise.

(2) Medical claims submitted by covered entities with procedure code modifiers indicating the use of the 340B purchased drugs shall be adjusted by the 340B ceiling price. OHCA will adjust each claim by subtracting the 340B ceiling price from the amount reimbursed and multiplying the difference by the quantity submitted. OHCA will use the 340B ceiling price applicable to the quarter in which the claim is paid. Medical claims submitted by covered entities with a procedure code modifier indicating the use of non 340B purchased drugs will not be adjusted by the 340B ceiling price and will be submitted for federal rebates as required by CMS. Covered entities are required to use an appropriate procedure code modifier on all physician administered drug lines when submitting medical claims.

(d) Contract pharmacies for covered entities may be permitted to bill drug products purchased under the 340B Drug Discount Program to the Oklahoma Medicaid Program when certain conditions are met and an agreement is in place between the OHCA, the contract pharmacy, and the covered entity. These pharmacies will be subject to the recovery process stated in this Section.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 12, 2022:**

**SUBCHAPTER 5. INDIVIDUAL PROVIDERS AND SPECIALTIES**

**PART 35. RURAL HEALTH CLINICS**

**317:30-5-356. Coverage for adults**

Payment is made to RHCs for adult services as set forth in this Section.

(1) **RHC services.** Payment is made for one (1) encounter per member per day. Payment is also limited to four (4) visits per member per month. This limit may be exceeded if the SoonerCare Choice member has elected the RHC as his/her/their Patient Centered Medical Home/Primary Care Provider. Preventive service exceptions include:

(A) **Obstetrical care.** An RHC should have a written contract with its physician, PA, APRN, or CNM that specifically identifies how obstetrical care will be billed to SoonerCare, in order to avoid duplicative billing situations. The agreement should also specifically identify the physician's compensation for RHC and other ambulatory services.

## Permanent Final Adoptions

(i) If the clinic compensates the physician, PA, APRN, or CNM to provide obstetrical care, then the clinic must bill the SoonerCare program for each prenatal visit using the appropriate CPT evaluation and management codes.

(ii) If the clinic does not compensate its practitioners to provide obstetrical care, then the independent practitioner must bill the OHCA for prenatal care according to the global method described in the SoonerCare provider specific rules for physicians, PAs, APRNs and CNMs (refer to OAC 317:30-5-22).

(iii) Under both billing methods, payment for prenatal care includes all routine or minor medical problems. No additional payment is made to the prenatal provider except in the case of a major illness distinctly unrelated to pregnancy.

(B) **Family planning services.** Family planning services are available only to members with reproductive capability. Family planning visits do not count as one (1) of the four (4) RHC visits per month.

(2) **Other ambulatory services.** These services are not considered a part of an RHC visit; therefore, these may be billed to the SoonerCare program by the RHC or service provider on the appropriate claim form. Refer to OAC 317:30-1, General Provisions, and OAC 317:30-3-57, 317:30-5-59, and 317:30-3-60 for general coverage and exclusions under the SoonerCare program. Some specific limitations are applicable to other ambulatory services as set forth in specific provider rules and excerpted as follows:

(A) Coverage under optometrists for adults is limited to treatment of eye disease not related to refractive errors.

(B) There is no coverage for eye exams for the purpose of prescribing eyeglasses, contact lenses or other visual aids. (See OAC 317:30-5-431.)

### 317:30-5-361. Billing

(a) **Encounters.** Payment is made for one (1) encounter per member per day. Encounters with more than one (1) health professional and multiple encounters with the same health professional that takes place on the same day and a single location, constitute a single visit except when the member, after the first encounter, suffers illness or injury requiring additional diagnosis or treatment. Medical review will be required for additional visits for children. Payment is also limited to four (4) visits per member per month for adults. This limit may be exceeded if the SoonerCare Choice member has elected the RHC as his/her/their Patient Centered Medical Home/Primary Care Provider. RHCs must bill the combined fees of all "core" services provided during an encounter on the appropriate claim form. Claims must include reasonable and customary charges.

(1) **RHC.** The appropriate revenue code is required. No HCPCS or CPT code is required.

(2) **Mental health.** Mental health services must include a revenue code and a HCPCS code.

(3) **Obstetrical care.** The appropriate revenue code and HCPCS code are required. The date the member is first seen is required. The primary pregnancy diagnosis code is also required. Secondary diagnosis codes are used to describe complications of pregnancy. Delivery must be billed by the independent practitioner who has a contract with the OHCA.

(4) **Family planning.** Family planning encounters require a revenue code, HCPCS code, and a family planning diagnosis.

(5) **EPSDT screening.** EPSDT screenings must be billed by the attending provider using the appropriate Preventative Medicine procedure code from the CPT Manual. Payment is made directly to the RHC on an encounter basis for on-site dental services by a licensed dentist for members under the age of twenty-one (21).

(6) **Dental.** Dental services for children must be billed on the appropriate dental claim form.

(A) **EPSDT dental screening.** An EPSDT dental screening includes oral examination, prophylaxis and fluoride treatment, charting of needed treatment, and, if necessary, x-rays (including two bite wing films). This service must be filed on claim form ADM-36-D for EPSDT reporting purposes.

(B) **Dental encounter.** A dental encounter consists of all dental treatment other than a dental screening. This service must be billed on the ADM-36-D.

(7) **Visual analysis.** Visual analysis services for a child with glasses, or a child who needs glasses, or a medical eye exam. This includes the refraction and medical eye health evaluation. Visual analysis services are billed using the appropriate revenue code and a HCPCS code. Payment is made directly to the RHC on an encounter basis for on-site optometric services by a licensed optometrist for members under the age of twenty-one (21).

(b) **Services billed separately from encounters.**

(1) Other ambulatory services and preventive services itemized separately from encounters must be billed using the appropriate revenue, HCPC and/or CPT codes. Claims must include reasonable and customary charges from the physical location where services were rendered/performed.

(A) **Laboratory.** The RHC must be CLIA certified for specialized laboratory services performed. Laboratory services must be itemized separately using the appropriate CPT or HCPCS code.

(B) **Radiology.** Radiology must be identified using the appropriate CPT or HCPC code with the technical component modifier. Radiology services are paid at the technical component rate. The professional component is included in the encounter rate.

(C) **Immunizations.** The administration fee for immunizations provided on the same day as the EPSDT exam is billed separately.

(D) **Contraceptives.** Contraceptives are billed independently from the family planning encounter. A revenue code and the appropriate CPT or HCPC codes are required.

(E) **Eyeglasses.** Eyeglasses prescribed by a licensed optometrist are billed using the appropriate revenue code and HCPCS code. Payment is limited to two eyeglasses per year. Any eyeglasses beyond this limit must be prior authorized and determined to be medically necessary.

(2) Other ambulatory services provided off-site by independent practitioners (through subcontracting agreements or arrangements for services not available at the clinic) must be billed to the SoonerCare program by the provider rendering the service. Independent practitioners must meet provider eligibility criteria and must have a current contract with the OHCA.

(12) Any other medically necessary health services (i.e. optometry and podiatry) are also reimbursable as permitted within the FQHCs scope of services when medically reasonable and necessary for the diagnosis or treatment of illness or injury, and must meet all applicable coverage requirements.

(e) Services and supplies incident to the services of a physician, PA, APRN, CNM, CP and CSW are reimbursable within the encounter, as described in 42 C.F.R § 405.2413 and OAC 317:30-5-661.1.

(f) Only drugs and biologicals which cannot be self-administered are included within the scope of this benefit.

**PART 75. FEDERALLY QUALIFIED HEALTH CENTERS**

**317:30-5-664.3. FQHC encounters**

Only encounters provided by an authorized health care professional listed in the approved FQHC State Plan pages within the scope of their licensure trigger a PPS encounter rate.

(b) An encounter is defined as a face-to-face contact between a health care professional and a member for the provision of defined services through a FQHC within a twenty-four (24) hour period ending at midnight, as documented in the member's medical record.

(c) An FQHC may bill for one (1) medically necessary encounter per twenty-four (24) hour period when the appropriate modifier is applied. Medical review will be required for additional visits for children. For information about multiple encounters, refer to OAC 317:30-5-664.4. Payment is limited to four (4) visits per member per month for adults. This limit may be exceeded if the SoonerCare Choice member has elected the FQHC as his/her/their Patient Centered Medical Home/Primary Care Provider.

(d) Services considered reimbursable encounters (including any related medical supplies provided during the course of the encounter) include:

- (1) Medical;
- (2) Diagnostic;

- (4) Vision;
- (5) Physical therapy;

The following provisions apply to all PDN services and provide coverage limitations:

(1) All services must be prior authorized to receive payment from the Oklahoma Health Care Authority (OHCA). Prior authorization means authorization in advance of services provided in accordance with Oklahoma Administrative Code (OAC) 317:30-3-31 and 317:30-5-560.1;

(2) A treatment plan must be completed by ~~the home health agency~~an eligible PDN provider before requesting prior authorization and must be updated at least annually and signed by the physician [medical doctor (MD), or doctor of osteopathy, (DO)], a physician assistant (PA), or advanced practice registered nurse (APRN)];

(3) ~~A telephonic interview and/or personal visit by an OHCA care management nurse is required prior to the authorization for services.~~An assessment by an OHCA care management nurse is required prior to the authorization for services. The assessment will be conducted by the OHCA through one (1) of the following:

(A) Telephone;

(B) Virtually; or

(C) Face-to-face;

(4) Care in excess of the designated hours per day granted in the prior authorization is not SoonerCare compensable. Prior-authorized but unused service hours cannot be "banked," "saved," or otherwise "accumulated" for use at a future date or time. If such hours or services are provided, they are not SoonerCare compensable.

(5) Any medically necessary PDN care provided outside of the home must be counted in and cannot exceed the number of hours requested on the treatment plan and approved by OHCA.

(6) PDN services do not include office time or administrative time in providing the service. The time billed is for direct nursing services only.

(7) Staff must be engaged in purposeful activity that directly benefits the member receiving services. Staff must be physically able and mentally alert to carry out the duties of the job. At no time will OHCA compensate an organization for nursing staff time when sleeping.

(8) OHCA will not approve PDN services if all health and safety issues cannot be met in the setting in which services are provided.

(9) A provider must not misrepresent or omit facts in a treatment plan.

(10) It is outside the scope of coverage to deliver care in a manner outside of the treatment plan or to deliver units over the authorized units of care.

(11) PDN is not authorized in excess of sixteen (16) hours per day. There may be approval for additional hours for a period not to exceed thirty (30) days, if:

(A) The member has an acute episode that would otherwise require hospitalization or immediately following a hospital stay; or

(B) The primary caregiver is temporarily and involuntarily unable to provide care.

(C) The OHCA has discretion and the final authority to approve or deny any additional PDN hours and will take into consideration that the additional hours are not to be a substitute for institutionalized care.

(12) Family and/or caregivers and/or guardians (hereinafter, "caregivers") are required to provide some of the nursing care to the member without compensation. PDN services shall not be provided solely to allow the member's caregiver to work or go to school, nor solely to allow respite for the caregiver.

(13) PDN services will not be approved for overnight trips away from the member's primary residence that are unrelated to medically necessary treatment or medical care.

(A) For a member to receive Medicaid-reimbursable PDN services on an overnight trip that is related to medically necessary treatment or medical care, all provisions of this Part must be met. If said trip occurs out of state, OAC 317:30-3-89 through 317:30-3-92 must also be met.

(B) In instances in which the member's family is temporarily absent due to vacations, any additional PDN hours must be paid for by the family, or provided

by other trained family members without SoonerCare reimbursement.

(14) PDN services will not be approved when services are reimbursed or reimbursable by other insurance, other governmental programs, or Medicaid program services that the member receives or is eligible to receive. For example, if a member receives Medicaid-reimbursable PDN services pursuant to an Individualized Education Program (IEP) in a public school, then those PDN school hours will be counted in the member's daily allotment of PDN services.

**GIST/ANALYSIS:**

The proposed revisions will eliminate community based extended (CBE) and community based transitional (CBT) levels of care. These facilities contract with the OHCA as a type of Psychiatric Residential Treatment Facility (PRTF); however, there is only one contracted CBE facility and zero CBT facilities. The contracted CBE facility will transition to a standard PRTF with the corresponding rate. Other revisions will reorganize policy for clarity and correct grammatical errors.

## SUBCHAPTER 5. INDIVIDUAL PROVIDERS AND SPECIALTIES

### PART 6. INPATIENT PSYCHIATRIC AND SUBSTANCE USE DISORDER SERVICES

#### 317:30-5-95.22. Coverage for children

(a) In order for services to be covered, services in psychiatric units of general hospitals, psychiatric hospitals, and PRTF programs must meet the requirements in OAC 317:30-5-95.25 through 317:30-5-95.30. OHCA rules that apply to inpatient psychiatric coverage for individuals aged twenty-one (21) and under are found in Sections OAC 317:30-5-95.22 through 317:30-5-95.42.

(b) The following words and terms, when used in OAC 317:30-5-95.22 through 317:30-5-95.42, shall have the following meaning, unless the context clearly indicates otherwise:

(1) **"Acute"** means care delivered in a psychiatric unit of a general hospital or psychiatric hospital that provides assessment, medical management and monitoring, and short-term intensive treatment and stabilization to individuals experiencing acute episodes of behavioral health disorders.

(2) **"Acute II"** means care delivered in a psychiatric unit of a general hospital or psychiatric hospital; however, services at this level of care are designed to serve individuals under twenty-one (21) who need longer-term, more intensive treatment, and a more highly-structured environment than they can receive in family and other community-based alternatives to hospitalization. However, care delivered in this setting is less intense than the care provided in Acute.

(3) **"Border placement"** means placement in an inpatient psychiatric facility that is in one (1) of the states

that borders Oklahoma (Arkansas, Colorado, Kansas, Missouri, New Mexico, and Texas).

(4) **"Border status"** means placement in a facility in a state that does not border Oklahoma, but which facility routinely provides inpatient psychiatric services to SoonerCare members.

(5) **"Chemical dependency/substance abuse services/detoxification"** means services offered to individuals with a substance-related disorder whose biomedical and emotional/behavioral problems are sufficiently severe to require inpatient care.

~~(6) **"Community-based extended"** means a PRTF with sixteen (16) beds or more but less than thirty (30) beds. The typical facility is not a locked facility.~~

~~(7) **"Community-based transitional (CBT)"** means a PRTF level of care designed for individuals under twenty one (21) who require the continued structure and psychiatric intervention of twenty four (24) hour care, but are ready to begin transitioning from more intense residential treatment into the community. It is the intent that members admitted to this level of care should be able to attend public school. Community based transitional facilities are non-secure PRTFs with sixteen (16) beds or less.~~

(86) **"Enhanced treatment unit or specialized treatment"** means an intensive residential treatment unit that provides a program of care to a population with special needs or issues requiring increased staffing requirements, co-morbidities, environmental accommodations, specialized treatment programs, and longer lengths of stay.

(97) **"Evidence-based practice (EBP)"** means programs or practices that are supported by research methodology and have produced consistently positive patterns of results in accordance with the Substance Abuse and Mental Health Services Administration (SAMHSA).

(108) **"Out-of-state placement"** means a placement for intensive or specialized services not available in Oklahoma requiring additional authorization procedures and approval by the OHCA Behavioral Health Unit.

(119) **"Public facilities"** means Oklahoma government owned or operated facilities.

(1210) **"Trauma-informed"** means the recognition and responsiveness to the presence of the effects of past and current traumatic experiences in the lives of members.

**317:30-5-95.29. Medical necessity criteria Acute II and PRTF admissions for children**

(1) A primary diagnosis from the Diagnostic and Statistical Manual of Mental Disorders (DSM-V) with the exception of V-codes, adjustment disorders, and substance-related disorders, accompanied by detailed symptoms supporting the diagnosis. Members eighteen (18) to twenty (20) years of age may have a diagnosis of

any personality disorder. Adjustment or substance-related disorders may be a secondary diagnosis.

(2) Conditions are directly attributed to a mental disorder as the primary reason for professional attention (this does not include placement issues, criminal behavior, or status offenses).

(3) Patient has either received treatment in an acute setting or it has been determined by the OHCA, or its designated agent, that the current disabling symptoms could not or have not been manageable in a less-intensive treatment program.

(4) Member must be medically stable.

(5) Requires twenty-four (24) hour observation and treatment as evidenced by:

- (A) Intensive behavioral management;
- (B) Intensive treatment with the family/guardian and child in a structured milieu; and
- (C) Intensive treatment in preparation for re-entry into community.

(6) Within the past fourteen (14) calendar days, the patient has demonstrated an escalating pattern of self-injurious or assaultive behaviors as evidenced by any of (A) through (D) below. Exceptions to the fourteen (14) day requirement may be made in instances when evidence of the behavior could not have reasonably been discovered within fourteen (14) days (e.g., sexual offenses).

- (A) Suicidal ideation and/or threat.
- (B) History of/or current self-injurious behavior.
- (C) Serious threats or evidence of physical aggression.
- (D) Current incapacitating psychosis or depression.

~~(b) CBT admissions for children must meet the terms and conditions in (1) through (6) of this subsection.~~

~~(1) A primary diagnosis from the DSM-V with the exception of V-codes, adjustment disorders, and substance-related disorders, accompanied by detailed symptoms supporting the diagnosis. Members eighteen (18) to twenty (20) years of age may have a diagnosis of any personality disorder.~~

~~(3) Patient has either received treatment in Acute, Acute II, PRTF or children's crisis unit setting (refer to OAC 317:30-5-241.4), or it has been determined by OHCA or its designated agent that the current disabling symptoms could not or have not been manageable in a less-intensive treatment program.~~

- ~~(A) Patient must have tried and failed a lower level of care or is stepping down from a higher level of care.~~
- ~~(B) Clinical documentation must support need for CBT, rather than facility based crisis stabilization, therapeutic foster care, intensive treatment foster care, or intensive outpatient services.~~
- ~~(C) There is clear evidence to support a reasonable expectation that stepping down to a lower level of~~

~~care would result in rapid and marked deterioration of functioning in at least two (2) of the five (5) critical areas, listed below, placing the member at risk of need for acute stabilization/inpatient care.~~

- ~~(i) Personal safety;~~
- ~~(ii) Cognitive functioning;~~
- ~~(iii) Family relations;~~
- ~~(iv) Interpersonal relations; or~~
- ~~(v) Educational/vocational performance.~~

~~(4) Child must be medically stable.~~

~~(5) Within the past fourteen (14) calendar days, the patient must have demonstrated an escalating pattern of self injurious or assaultive behavior as evidenced by any of (a)(5)(A) through (D) above. Exceptions to the fourteen (14) day requirement may be made in instances when evidence of the behavior could not have reasonably been discovered within fourteen (14) days (e.g., sexual offenses).~~

~~(6) Within the past fourteen (14) calendar days, the patient's behaviors have created significant functional impairment.~~

### 317:30-5-95.30. Medical necessity criteria for Acute II and PRTF continued stay for children

(a) For continued stay in Acute II and PRTF programs, members must meet the terms and conditions contained in (1), (2), (3), (4), and either (5) or (6) of this subsection:

(1) A primary diagnosis from the Diagnostic and Statistical Manual of Mental Disorders (DSM-V) with the exception of V codes, adjustment disorders, and substance abuse-related disorders, accompanied by detailed symptoms supporting the diagnosis. In lieu of a qualifying primary diagnosis, members eighteen (18) to twenty (20) years of age may have a secondary diagnosis of any personality disorder.

(2) Conditions are directly attributed to a psychiatric disorder as the primary reason for continued stay (this does not include placement issues, criminal behavior, or status offenses).

(3) There is documented continuing need for twenty-four (24) hour observation and treatment as evidenced by:

- (A) Intensive behavioral management.
- (B) Intensive treatment with the family/guardian and child in a structured milieu.
- (C) Intensive treatment in preparation for re-entry into community.

(4) Documented efforts of working with child's family, legal guardian and/or custodian and other human service agencies toward a tentative discharge date.

(5) Patient is making measurable progress toward the treatment objectives specified in the treatment plan.

(A) Progress is measured in behavioral terms and reflected in the patient's treatment and discharge plans.

(B) Patient has made gains toward social responsibility and independence.

(C) There is active, ongoing psychiatric treatment and documented progress toward the treatment objective and discharge.

(D) There are documented efforts and evidence of active involvement with the family, guardian, child welfare worker, extended family, etc.

(6) Child's condition has remained unchanged or worsened.

(A) Documentation of regression is measured in behavioral terms and reflected in the patient's treatment and discharge plans.

(B) If condition is unchanged, there is evidence of re-evaluation of the treatment objectives and therapeutic interventions.

(b) For continued stay in a CBT, members must meet the terms and conditions found in (1) through (5) of this subsection.

(1) A primary diagnosis from the DSM-V with the exception of V codes, adjustment disorders, and substance use disorders, accompanied by detailed symptoms supporting the diagnosis. Members eighteen (18) to twenty (20) years of age may have a diagnosis of any personality disorder.

(2) Conditions are directly attributed to a psychiatric disorder as the primary reason for continued stay (this does not include placement issues, criminal behavior, or status offenses).

(3) There is documented continued need for twenty-four (24) hour observation and treatment as evidenced by:

(A) Patient making measurable progress toward the treatment objectives specified in the treatment plan.

(B) Clinical documentation clearly indicates continued significant functional impairment in two (2) of the following five (5) critical areas, as evidenced by specific clinically relevant behavior descriptors:

- (i) Personal safety;
- (ii) Cognitive functioning;
- (iii) Family relations;
- (iv) Interpersonal relations; or
- (v) Educational/vocational performance.

(4) Clinical documentation includes behavioral descriptors indicating patient's response to treatment and supporting patient's ability to benefit from continued treatment at this level of care.

(5) Documented, clear evidence of consistent, active involvement by patient's primary caregiver(s) in the treatment process.

### 317:30-5-95.33. Individual plan of care for children

(a) An individual plan of care (IPC) is a written plan developed for each member within four (4) calendar days of admission to an Acute, Acute II, or a PRTF that directs the care and treatment of that member. The IPC must be recovery-focused, trauma-informed, and specific to culture, age, and gender and include:

(1) A primary diagnosis from the Diagnostic and Statistical Manual of Mental Disorders (DSM-V) with the

exception of V-codes, adjustment disorders, and substance abuse-related disorders, accompanied by a detailed description of the symptoms supporting the diagnosis. Members eighteen (18) to twenty (20) years of age may have a diagnosis of any personality disorder. Adjustment or substance-related disorders may be a secondary diagnosis;

- (2) The current functional level of the individual;
  - (3) Treatment goals and measurable, time-limited objectives;
  - (4) Any orders for psychotropic medications, treatments, restorative and rehabilitative services, activities, therapies, social services, diet, and special procedures recommended for the health and safety of the member;
  - (5) Plans for continuing care, including review and modification to the IPC; and
  - (6) Plan for discharge, all of which is developed to improve the member's condition to the extent that the inpatient care is no longer necessary.
- (b) The IPC:
- (1) Must be based on a diagnostic evaluation that includes examination of the medical, psychological, social, behavioral, and developmental aspects of the individual member and reflects the need for inpatient psychiatric care;
  - (2) Must be developed by a team of professionals in consultation with the member, his or her parents or legal guardians [for members under the age of eighteen (18)], or others in whose care he or she will be released after discharge. This team must consist of professionals as specified below:
    - (A) For a member admitted to a psychiatric hospital or PRTF, by the "interdisciplinary team" as defined by OAC 317:30-5-95.35(b)(2), per 42 C.F.R. §§ 441.155 and 483.354; or
    - (B) For a member admitted to a psychiatric unit of a general hospital, by a team comprised of at least:
      - (i) An allopathic or osteopathic physician with a current license and a board certification/eligible in psychiatry, or a current resident in psychiatry practicing as described in OAC 317:30-5-2(a)(1)(U); and
      - (ii) A registered nurse (RN) with a minimum of two (2) years of experience in a mental health treatment setting; and
      - (iii) An LBHP.
  - (3) Must establish treatment goals that are general outcome statements and reflective of informed choices of the member served. Additionally, the treatment goals must be appropriate to the member's age, culture, strengths, needs, abilities, preferences, and limitations;
  - (4) Must establish measurable and time-limited treatment objectives that reflect the expectations of the member served and parents/legal guardians (when applicable), as well as being age, developmentally, and culturally appropriate. When modifications are being made to accommodate age, developmental level, or a cultural issue,

the documentation must be reflected on the IPC. The treatment objectives must be achievable and understandable to the member and the parents/legal guardians (when applicable). The treatment objectives also must be appropriate to the treatment setting and list the frequency of the service;

- (5) Must prescribe an integrated program of therapies, activities, and experiences designed to meet the objectives;
- (6) Must include specific discharge and aftercare plans that are appropriate to the member's needs and effective on the day of discharge. At the time of discharge, aftercare plans will include referral to medication management, outpatient behavioral health counseling, and case management, to include the specific appointment date(s), names, and addresses of service provider(s) and related community services to ensure continuity of care and reintegration for the member into his or her family, school, and community;
- (7) Must be reviewed, at a minimum, every nine (9) calendar days for members admitted to Acute; every fourteen (14) calendar days for members admitted to Acute II or non-specialty PRTF; every twenty-one (21) calendar days for members admitted to an OHCA-approved longer-term treatment program or specialty Acute II or PRTF; ~~and every thirty (30) calendar days for members admitted to a CBT PRTF.~~ Review must be undertaken by the appropriate team specified in OAC 317:30-5-95.33(b)(2), above, to determine that services being provided are or were required on an inpatient basis, and to recommend changes in the IPC as indicated by the member's overall adjustment, progress, symptoms, behavior, and response to treatment;
- (8) Development and review must satisfy the utilization control requirements for recertification [42 C.F.R. §§ 456.60(b), 456.160(b), and 456.360(b)], and establishment and periodic review of the IPC (42 C.F.R. §§ 456.80, 456.180, and 456.380); and,
- (9) Each IPC and IPC review must be clearly identified as such and be signed and dated individually by the member, parents/legal guardians [for members under the age of eighteen (18)], and required team members. ~~All IPCs and IPC reviews must be signed by the member upon completion, except when a member is too physically ill or the member's acuity level precludes him or her from signing. If the member is too physically ill or the member's acuity level precludes him or her from signing the IPC and/or the IPC review at the time of completion, the member must sign the plan when his or her condition improves, but before discharge. The documentation should indicate the reason the member was unable to sign and when the next review will occur to obtain the signature. IPCs and IPC reviews are not valid until completed and appropriately signed and dated. All requirements for the IPCs and IPC reviews must be met; otherwise, a partial per diem recoupment will be merited. If the member's parent/legal guardian is unable to sign the IPC or IPC review on the date it is completed, then within seventy two (72) hours the provider must in good faith and with due diligence attempt to telephonically notify~~

### **317:30-5-95.34. Active treatment for children**

(a) The following words and terms, when used in this Section, shall have the following meaning, unless the context clearly indicates otherwise:

(1) **"Active treatment"** means implementation of a professionally developed and supervised individual plan of care (IPC) that involves the member and his or her family or guardian from the time of an admission, and through the treatment and discharge process.

(2) **"Discharge/transition planning"** means a patient-centered, interdisciplinary process that begins with an initial assessment of the member's needs at the time of admission and continues throughout the member's stay. Active collaboration with the member, family, and all involved outpatient practitioners and agencies should be ongoing throughout treatment so that effective connections remain intact. Needed services may consist of the wraparound process through Systems of Care, counseling, case management, and other supports in the member's community. The linkages with these supports should be made prior to discharge to allow for a smooth transition.

(3) **"Expressive group therapy"** means art, music, dance, movement, poetry, drama, psychodrama, structured therapeutic physical activities, and experiential (e.g., ropes course), recreational, or occupational therapies that encourage the member to express themselves emotionally and psychologically.

(4) **"Family therapy"** means interaction between an LBHP or licensure candidate, member, and family member(s) to facilitate emotional, psychological, or behavioral changes and promote successful communication and understanding.

(5) **"Group rehabilitative treatment"** means behavioral health remedial services, as specified in the individual care plan, which are necessary for the treatment of the existing primary behavioral health disorders and/or any secondary alcohol and other drug (AOD) disorders in order to increase the skills necessary to perform activities of daily living (ADL).

(6) **"Individual rehabilitative treatment"** means a face-to-face, one-on-one interaction which is performed to assist a member who is experiencing significant functional impairment due to the existing primary behavioral health disorder and/or any secondary AOD disorder, in order to increase the skills necessary to perform ADL.

(7) **"Individual therapy"** means a method of treating existing primary behavioral health disorders and/or any secondary AOD disorders using face-to-face, one-on-one interaction between an LBHP or licensure candidate and a member to promote emotional or psychological change to alleviate disorders.

(8) **"Process group therapy"** means a method of treating existing primary behavioral health disorders and/or secondary AOD disorders using the interaction between an LBHP or licensure candidate, and two (2) or more members to promote positive emotional and/or behavioral change.

(b) Inpatient psychiatric programs must provide "active treatment". Families and/or guardians must be notified of the dates and times of treatment team meetings and be welcomed to attend. Family members must attend family therapy weekly for continued SoonerCare reimbursement. Reasons for exceptions to this requirement must be well-documented in the member's treatment plan. Family therapy attendance by family members is not a requirement for individuals in the age range of eighteen (18) up to twenty-one (21). Active treatment also includes ongoing assessment, diagnosis, intervention, evaluation of care and treatment, and planning for discharge and aftercare under the direction of a physician.

(c) For individuals ~~ages~~ ages eighteen (18) up to twenty-one (21), the active treatment program must be appropriate to the needs of the member and be directed toward restoring and maintaining optimal levels of physical and psychiatric-social functioning. The services and the IPC must be recovery-focused, trauma-informed, specific to culture, age, and gender, and provided face to face. Services, including type and frequency, will be specified in the IPC.

(d) A treatment week consists of seven (7) calendar days. In an Acute setting, the treatment week begins the day of admission. In Acute II and PRTF, the treatment week starts on Sunday and ends on Saturday. Active treatment service components are provided as per item (e) below if the services are provided within a seven (7) day treatment week. A chart outlining active treatment component requirements and timelines may also be found at [www.okhca.org](http://www.okhca.org). If a member has a length of stay of less than seven (7) days, the treatment week is considered a partial treatment week. Active treatment requirements, when provided during a partial treatment week, are delivered as per item (f) below. An hour of treatment must be sixty (60) minutes. When appropriate to meet the needs of the child, the sixty (60) minute timeframe may be split into sessions of no less than fifteen (15) minutes each, on the condition that the active treatment requirements are fully met by the end of the treatment week.

(e) For individuals under age eighteen (18), the components of active treatment consist of face-to-face integrated therapies that are provided on a regular basis and will remain consistent with the member's ongoing need for care. The services and IPC must be recovery-focused, trauma-informed, and specific to culture, age, and gender. Individuals receiving services in an Acute setting must receive seventeen (17) hours of documented active treatment services each week, with seven (7) of those hours dedicated to core services as described in (1) below. Individuals in Acute II and PRTFs must receive fourteen (14) hours of documented active treatment services each week, with four and a half (4.5) of those hours dedicated to core services as described in (1) below. ~~Individuals in CBT PRTFs must receive ten (10) hours of documented active treatment services each week, with four and a half (4.5) of those hours dedicated~~

~~to core services as described in (1) below.~~ Upon fulfilling the core service hours requirement, the member may receive either the elective services listed in (2) below or additional core services to complete the total required hours of active treatment. The following components meet the minimum standards required for active treatment, although an individual child's needs for treatment may exceed this minimum standard:

(1) **Core services.**

(A) **Individual treatment provided by the physician.** Individual treatment provided by the physician is required three (3) times per week for Acute and one (1) time a week in Acute II and PRTFs. Individual treatment provided by the physician will never exceed ten (10) calendar days between sessions in Acute II and PRTFs, and never exceed seven (7) calendar days in a specialty Acute II and specialty PRTF, and never exceed thirty (30) calendar days in CBTs. Individual treatment provided by the physician may consist of therapy or medication management intervention for Acute, Acute II, and PRTF programs.

(B) **Individual therapy.** LBHPs or licensure candidates performing this service must use and document an approach to treatment such as cognitive behavioral treatment, narrative therapy, solution-focused brief therapy, or another widely accepted theoretical framework for treatment. Ongoing assessment of the member's status and response to treatment, as well as psycho-educational intervention, are appropriate components of individual therapy. Individual therapy must be provided in a confidential setting. The therapy must be goal-directed, utilizing techniques appropriate to the member's plan of care and the member's developmental and cognitive abilities. Individual therapy must be provided two (2) hours per week in Acute and one (1) hour per week in Acute II and PRTFs by an LBHP or licensure candidate. One (1) hour of family therapy may be substituted for one (1) hour of individual therapy at the treatment team's discretion.

(C) **Family therapy.** The focus of family therapy must be directly related to the goals and objectives on the individual member's plan of care. Family therapy must be provided one (1) hour per week in Acute, Acute II, and PRTFs. One (1) hour of individual therapy addressing relevant family issues may be substituted for a family session in an instance in which the family is unable to attend a scheduled session by an LBHP or licensure candidate.

(D) **Process group therapy.** The focus of process group therapy must be directly related to goals and objectives on the individual member's plan of care. The individual member's behavior and the focus of the group must be included in each member's medical record. (E) **Transition/discharge planning.** Transition/discharge planning must be provided one (1) hour per week in Acute and thirty (30) minutes per week in Acute II and PRTFs. Transition/discharge planning can be provided by any level of inpatient staff.

(2) **Elective services.**

The focus of the group must be directly related to goals and objectives on the individual member's plan of care. Documentation must include how the member is processing emotions/feelings. Expressive therapy must be a planned therapeutic activity, facilitated by staff with a relevant bachelor's degree and/or staff with relevant training, experience, or certification to facilitate the therapy.

(B) **Group rehabilitative treatment.** Examples of educational and supportive services, which may be covered under the definition of group rehabilitative treatment services, are basic living skills, social skills (re)development, interdependent living, self-care, lifestyle changes, and recovery principles. This service includes educational and supportive services regarding independent living, self-care, social skills (re)development, lifestyle changes, and recovery principles and practices. Each individual rehabilitative treatment service provided must have goals and objectives directly related to the IPC and the member's diagnosis.

Services are provided to promote health and wellness, as well as reduce or eliminate barriers caused by illness or disabling conditions that limit or restrict a member from participating in life activities. Recreational therapy can be provided in an individual or group setting. If the only activities prescribed for the individual are primarily diversional in nature, (i.e., to provide some social or recreational outlet for the

individual), it will not be regarded as active treatment. If provided, recreational therapy must be a planned therapeutic activity, facilitated by a licensed therapeutic recreation specialist.

(E) **Occupational therapy.** Services are provided to address developmental and/or functional needs related to the performance of self-help skills, adaptive behavioral, and/or sensory, motor, and postural development. Services include therapeutic goal-directed activities and/or exercises used to improve mobility and ADL functions when such functions have been impaired due to illness or injury. Services must be provided by an occupational therapist appropriately licensed in the state in which he or she practices.

Services can include ~~individual/group~~individual/group support, exercise groups, and individual physical wellness plan development, implementation, and assistance.

(3) **Modifications to active treatment.** When a member is too physically ill, or his or her acuity level precludes him or her from active behavioral health treatment, documentation must demonstrate that alternative clinically-appropriate services were provided.

(f) Active treatment components, furnished during a partial treatment week, are provided as per item (1) through (4) below. A chart outlining active treatment component requirements and timelines may also be found at [www.okhca.org](http://www.okhca.org). "**Qualified Disabled and Working Individual (QDWI)**" means individuals who have lost their Title II OASDI benefits due to excess earnings, but have been allowed to retain Medicare coverage.

"**Qualified Medicare Beneficiary Plus (QMBP)**" means certain aged, blind or disabled individuals who may or may not be enrolled in Medicare Part A, meet the Medicaid QMBP income and resource standards and meet all other Medicaid eligibility requirements.

"**Qualifying Individual**" means certain aged, blind or disabled individuals who are enrolled in Medicare Part A, meet the Medicaid Qualifying Individual income and resource standards and meet all other Medicaid eligibility requirements.

"**Qualifying Individual-1**" means a Qualified Individual who meets the Qualifying Individual-1 income and resource standards.

"**Reasonably compatible**" means that there is no significant discrepancy between information declared by a member or applicant and other information available to the agency. More specific policies and procedures for determining whether a declaration is reasonably compatible are detailed in Oklahoma's Verification Plan.

"**Recipient lock-in**" means when a member is restricted to one primary physician and/or one pharmacy. It occurs when the OHCA determines that a SoonerCare member has used multiple physicians and/or pharmacies in an excessive manner over a twelve (12) month period.

"**Scope**" means the covered medical services for which payment is made to providers on behalf of eligible individuals. The OHCA Provider Manual (OAC 317:30) contains information on covered medical services.

"**Specified Low Income Medicare Beneficiaries (SLMB)**" means individuals who, except for income, meet all of the eligibility requirements for QMBP eligibility and are enrolled in Medicare Part A.

"**TEFRA**" means the Tax Equity and Fiscal Responsibility Act of 1982 (Public Law 97-248). TEFRA provides coverage to certain disabled children living in the home who would qualify for SoonerCare if residents of nursing facilities, ~~ICF/IIDs~~Intermediate Care Facilities for Individuals with

Intellectual Disabilities (ICF/IIDs), or inpatient acute care hospital stays are expected to last not less than sixty (60) days.

"Worker" means the OHCA or OKDHS worker responsible for assisting in eligibility determinations.

**SUBCHAPTER 5. ELIGIBILITY AND COUNTABLE INCOME**

**PART 3. NON-MEDICAL ELIGIBILITY REQUIREMENTS**

**317:35-5-25. Citizenship/~~alien~~noncitizen status and identity verification requirements**

(a) **Citizenship/~~alien~~noncitizen status and identity verification requirements.** Verification of citizenship/~~alien~~noncitizen status and identity ~~are~~is required for all adults and children approved for SoonerCare. An exception is individuals who are initially eligible for SoonerCare as deemed newborns; according to Section 1903(x) of the Social Security Act, they will not be required to further document citizenship or identity at any subsequent SoonerCare eligibility redetermination. They are considered to have provided satisfactory documentation of citizenship and identity by virtue of being born in the United States.

(1) The types of acceptable evidence that verify identity and citizenship include:

- (A) United States (U.S.) ~~Passport~~passport;
- (B) Certificate of Naturalization issued by U.S. Citizenship & Immigration Services (USCIS)(Form N-550 or N-570);
- (C) Certificate of Citizenship issued by USCIS (Form N-560 or N-561);
- (D) Copy of the Medicare card or printout of a ~~BENDEX~~Beneficiary Earnings and Data Exchange (BENDEX) or ~~SDX~~State Data Exchange (SDX) screen showing receipt of Medicare benefits, Supplemental Security Income or disability benefits from the Social Security Administration; or
- (E) Tribal membership card or Certificate of Degree of Indian Blood (CDIB) card, with a photograph of the individual.

(2) The types of acceptable evidence that verify citizenship but require additional steps to obtain satisfactory evidence of identity are listed in subparagraphs (A) and (B). Subparagraph (A) lists the most reliable forms of verification and is to be used before using items listed in (B). Subparagraph (B) lists those verifications that are less reliable forms of verification and are used only when the items in (A) are not attainable.

(A) Most reliable forms of citizenship verification are:

- (i) A U.S. public Birth Certificate showing birth in one (1) of the ~~50~~fifty (50) states, the District of Columbia, Puerto Rico (on or after 1/13/1941), Guam (on or after 4/10/1899), the U.S. Virgin Islands (on or after 1/17/1917), American

Samoa, Swain's Island, or the Northern Mariana Islands after 11/4/1986. For Puerto Ricans whose eligibility is being determined for the first time on or after October 1, 2010 and using a birth certificate to verify citizenship, the birth certificate must be a certified birth certificate issued by Puerto Rico on or after July 1, 2010;

(ii) A Consular Report of Birth Abroad of a U.S. citizen issued by the Department of Homeland Security or a Certification of ~~birth~~Birth issued by the State Department (Form FS-240, FS-545 or DS-1350);

(iii) A U.S. Citizen ~~ID~~Identification Card (Form I-179 or I-197);

(iv) A Northern Mariana Identification Card (Form I-873) (Issued by the former INS to a collectively naturalized citizen of the U.S. who was born in the Northern Mariana Islands before 11/3/1986);

(v) An American Indian Card issued by the Department of Homeland Security with the classification code "KIC" (Form I-872);

(vi) A ~~Final Adoption Decree~~final adoption decree showing the child's name and ~~U. S. U. S.~~ place of birth;

(vii) Evidence of U.S. Civil Service employment before 6/1/1976;

(viii) An Official U.S. Military Record of Service showing a U.S. place of birth (for example a DD-214);

(ix) Tribal membership card or Certificate of Degree of Indian Blood (CDIB) card, without a photograph of the individual, for Native Americans;

(x) ~~Oklahoma Voter Registration Card~~voter registration card; ~~or~~

(xi) Other acceptable documentation as approved by OHCA; or

(xii) Other acceptable documentation to the same extent as described and communicated by the United States Citizenship and Immigration Service (USCIS) from time to time.

(B) Other less reliable forms of citizenship verification are:

(i) An extract of a hospital record on hospital letterhead established at the time of the person's birth that was created five (5) years before the initial application date and that indicates a U.S. place of birth. For children under ~~16~~sixteen (16) the evidence must have been created near the time of birth or five (5) years before the date of application;

(ii) Life, health, or other insurance record showing a U.S. place of birth that was created at least five (5) years before the initial application date and that indicates a U.S. place of birth;

(iii) Federal or ~~State~~state census record showing U.S. citizenship or a U.S. place of birth (generally for persons born 1900 through 1950). The

## Permanent Final Adoptions

census record must also show the applicant's/member's age; or

(iv) One (1) of the following items that show a U.S. place of birth and was created at least five (5) years before the application for SoonerCare. This evidence must be one (1) of the following and show a U.S. place of birth:

- (I) Seneca Indian tribal census record;
- (II) Bureau of Indian Affairs tribal census records of the Navajo Indians;
- (III) U.S. State Vital Statistics official notification of birth registration;
- (IV) An amended U.S. public birth record that is amended more than five (5) years after the person's birth; or

(V) Statement signed by the physician or midwife who was in attendance at the time of birth.

(3) Acceptable evidence of identity that must accompany citizenship evidence listed in (A) and (B) of paragraph (2) of this subsection includes:

- (A) A driver's license issued by a U.S. state or territory with either a photograph of the individual or other identifying information such as name, age, sex, race, height, weight, or eye color;
- (B) A school identification card with a photograph of the individual;
- (C) An identification card issued by ~~Federal~~ federal, state, or local government with the same information included on driver's licenses;
- (D) A U.S. military card or draft record;
- (E) A U.S. military dependent's identification card;
- (F) A Native American Tribal document including Certificate of Degree of Indian Blood, or other U.S. American Indian/Alaska Native Tribal document with a photograph of the individual or other personal identifying information;
- (G) A U.S. Coast Guard Merchant Mariner card;
- (H) A state court order placing a child in custody as reported by the OKDHS;
- (I) For children under ~~16~~sixteen (16), school records may include nursery or daycare records;
- (J) If none of the verification items on the list are available, an affidavit may be used for children under ~~16~~sixteen (16). An affidavit is only acceptable if it is signed under penalty of perjury by a parent or guardian stating the date and place of the birth of the child and cannot be used if an affidavit for citizenship was provided.

(b) **Reasonable opportunity to obtain citizenship—verification.**

~~(1) When the applicant/member is unable to obtain citizenship or alienage verification, a reasonable opportunity is afforded to the applicant/member to obtain the evidence as well as assistance in doing so. A reasonable opportunity is afforded to the applicant/member before taking action affecting the individual's eligibility for SoonerCare. The reasonable opportunity timeframe afforded to SoonerCare members is the same as authorized under Section~~

~~1902(ee) of the Social Security Act and is stated on the documentation request the agency sends to the applicant/member. The state provides Medicaid to citizens and nationals of the United States and certain noncitizens, including during a reasonable opportunity period pending verification of citizenship, national status, or immigration status. The reasonable opportunity period begins on the date the notice of reasonable opportunity is received by the individual and extends at minimum ninety (90) days. Receipt by the individual is deemed to occur five (5) days after the date on the notice, unless the individual shows that the notice was not received in the five-day period. The state provides an extension of the reasonable opportunity period if the individual subject to verification is making a good faith effort to resolve any inconsistencies or obtain any necessary documentation, or the state needs more time to complete the verification process. The state begins to furnish benefits to otherwise eligible individuals on the date of application containing the declaration of citizenship or immigration status and throughout the reasonable opportunity period.~~

(2) The following methods of verification are the least reliable forms of verification and should only be used as a last resort:

(A) Institutional admission papers from a nursing facility, skilled care facility or other institution. Admission papers generally show biographical information for the person including place of birth; the record can be used to establish U.S. citizenship when it shows a U.S. place of birth;

(B) Medical (clinic, doctor, or hospital) record created at least five (5) years before the initial application date that indicates a U.S. place of birth. For children under the age of sixteen (16), the document must have been created near the time of birth. Medical records generally show biographical information for the person including place of birth; the record can be used to establish U.S. citizenship when it shows a U.S. place of birth. An immunization record is not considered a medical record for purposes of establishing U.S. citizenship;

(C) Written affidavit. Affidavits are only used in rare circumstances. If the verification requirements need to be met through affidavits, the following rules apply:

- (i) There must be at least two (2) affidavits by two (2) individuals who have personal knowledge of the event(s) establishing the applicant's/member's claim of citizenship;
- (ii) At least one (1) of the individuals making the affidavit cannot be related to the applicant/member;
- (iii) In order for the affidavit to be acceptable, the persons making them must be able to provide proof of their own citizenship and identity;
- (iv) If the individual(s) making the affidavit has information which explains why evidence establishing the applicant's/member's claim of

citizenship does not exist or cannot be readily obtained, the affidavit must contain this information as well;

(v) The State must obtain a separate affidavit from the applicant/member or other knowledgeable individual (guardian or representative) explaining why the evidence does not exist or cannot be obtained; and

(vi) The affidavits must be signed under penalty of perjury.

~~(c) **Alienage verification requirements**~~**Noncitizen eligibility.** SoonerCare services are provided as listed described to the defined groups as indicated in this subsection if they meet all other factors of eligibility, including but not limited to residency requirements, and if the relevant noncitizen status is verifiable by federally approved means.—Persons determined as having lawful alien status must have the status verified through Systematic Alien Verification for Entitlement (SAVE).

~~(1) **Eligible aliens (qualified aliens).**~~ The groups listed in the following subparagraphs are eligible for the full range of SoonerCare services. A qualified alien is:

(A) an alien who was admitted to the United States and has resided in the United States for a period greater than five (5) years from the date of entry and who was:

- (i) lawfully admitted for permanent residence under the Immigration and Nationality Act;
- (ii) paroled into the United States under Section 212(d)(5) of such Act for a period of at least one (1) year;
- (iii) granted conditional entry pursuant to Section 203(a)(7) of such Act as in effect prior to April 1, 1980; or
- (iv) a battered spouse, battered child, or parent or child of a battered person with a petition under 204(a)(1)(A) or (B) or 244(a)(3) of the Immigration and Naturalization Act.

(B) an alien who was admitted to the United States and who was:

- (i) granted asylum under Section 208 of such Act regardless of the date asylum is granted;
- (ii) a refugee admitted to the United States under Section 207 of such Act regardless of the date admitted;
- (iii) an alien with deportation withheld under Section 243(h) of such Act regardless of the date deportation was withheld;
- (iv) a Cuban or Haitian entrant as defined in Section 501(e) of the Refugee Education Assistance Act of 1980, regardless of the date of entry;
- (v) an alien who is a veteran as defined in 38 U.S.C. § 101, with a discharge characterized as an honorable discharge and not on the grounds of alienage;
- (vi) an alien who is on active duty, other than active duty for training, in the Armed Forces of the United States;

(vii) the spouse or unmarried dependent child of an individual described in (C) of this paragraph;

(viii) a victim of a severe form of trafficking pursuant to Section 107(b) of the Trafficking Victims Protection Act of 2000; or

(ix) admitted as an Amerasian immigrant.

~~(C) permanent residents who first entered the country under (B) of this paragraph and who later converted to lawful permanent residence status.~~

~~(2) **Other aliens lawfully admitted for permanent residence (non-qualified aliens).**~~ Non-qualified aliens are those individuals who were admitted to the United States and who do not meet any of the definitions in paragraph (1) of this subsection. Non-qualified aliens are ineligible for SoonerCare for five (5) years from the date of entry except that non-qualified aliens are eligible for emergency services only when the individual has a medical condition (including emergency labor and delivery) with acute symptoms which may result in placing his/her health in serious jeopardy, serious impairment to bodily functions or serious dysfunction of body organ or part without immediate medical attention, in accordance with 317:30-3-32. The only exception is when a pregnant woman qualifies under the pregnancy related benefits covered under the Title XXI program because the newborn child will meet the citizenship requirement at birth.

~~(3) **Afghan Special Immigrants.**~~ Afghan special immigrants, as defined in Public Law 110-161, who have special immigration status after December 26, 2007, are exempt from the five (5) year period of ineligibility for SoonerCare services. All other eligibility requirements must be met to qualify for SoonerCare services. If these individuals do not meet one of the categorical relationships, they may apply and be determined eligible for Refugee Medical Assistance. Afghan special immigrants are considered lawful permanent residents.

~~(4) **Iraqi Special Immigrants.**~~ Iraqi special immigrants, as defined in Public Law 110-181, who have special immigration status after January 28, 2008, are exempt from the five (5) year period of ineligibility for SoonerCare services. All other eligibility requirements must be met to qualify for SoonerCare services. If these individuals do not meet one of the categorical relationships, they may apply and be determined eligible for Refugee Medical Assistance. Iraqi special immigrants are considered lawful permanent residents.

~~(5) **Undocumented aliens.**~~ Undocumented aliens who do not meet any of the definitions in (1)-(2) of this subsection are eligible for emergency services only when the individual has a medical condition (including emergency labor and delivery) with acute symptoms which may result in placing his/her health in serious jeopardy, serious impairment to bodily functions or serious dysfunction of body organ or part without immediate medical attention, in accordance with 30-3-32. The only exception is when a pregnant woman qualifies under the pregnancy related benefits covered under the Title XXI program because the

## Permanent Final Adoptions

newborn child will meet the citizenship requirement at birth.

### (6) **Ineligible aliens.**

(A) Ineligible aliens who do not fall into the categories in (1) and (2) of this subsection, yet have been lawfully admitted for temporary or specified periods of time include, but are not limited to: foreign students, visitors, foreign government representatives, crewmen, members of foreign media and temporary workers including agricultural contract workers. This group is ineligible for SoonerCare, including emergency services, because of the temporary nature of their admission status. The only exception is when a pregnant woman qualifies under the pregnancy related benefits covered under the Title XXI program because the newborn child will meet the citizenship requirement at birth.

(B) These individuals are generally issued Form I 94, Arrival Departure Record, on which an expiration date is entered. This form is not the same Form I 94 that is issued to persons who have been paroled into the United States. Parolees carry a Form I 94 that is titled "Arrival Departure Record B Parole Edition". Two other forms that do not give the individual "Immigrant" status are Form I 186, Nonresident Alien Mexican Border Crossing Card, and Form SW 434, Mexican Border Visitors Permit.

(d) **Alienage.** A decision regarding eligibility cannot be made until the eligibility condition of citizenship and alienage is determined.

(1) **Immigrants.** Aliens lawfully admitted for permanent residence in the United States are classified as immigrants by the USCIS. These are individuals who entered this country with the express intention of residing here permanently.

(2) **Parolees.** Under Section 212(d)(5) of the Immigration and Nationality Act, individuals can be paroled into the United States for an indefinite or temporary period at the discretion of the United States Attorney General. Individuals admitted as Parolees are considered to meet the "citizenship and alienage" requirement.

(3) **Refugees and Western Hemisphere aliens.** Under Section 203(a)(7) of the Immigration and Nationality Act, Refugees and Western Hemisphere aliens may be lawfully admitted to the United States if, because of persecution or fear of prosecution due to race, religion, or political opinion, they have fled from a Communist or Communist dominated country or from the area of the Middle East; or if they are refugees from natural catastrophes. These entries meet the citizenship and alienage requirement. Western Hemisphere aliens will meet the citizenship requirement for SoonerCare if they can provide either of the documents in subparagraphs (A) and (B) of this paragraph as proof of their alien status.

(A) Form I 94 endorsed "Voluntary Departure Granted Employment Authorized", or

(B) The following court ordered notice sent by USCIS to each of those individuals permitted to remain

in the United States: "Due to a Court Order in *Silva vs. Levi*, 76 C4268 entered by District Judge John F. Grady in the District Court for the Northern District of Illinois, we are taking no action on your case. This means that you are permitted to remain in the United States without threat of deportation or expulsion until further notice. Your employment in the United States is authorized".

(4) **Special provisions relating to Kickapoo Indians.** Kickapoo Indians migrating between Mexico and the United States carry Form I 94, Arrival Departure Record (Parole Edition). If Form I 94 carries the statement that the Kickapoo is "paroled pursuant to Section 212(d)(5) of the Immigration and Nationality Act" or that the "Kickapoo status is pending clarification of status by Congress" regardless of whether such statements are preprinted or handwritten and regardless of a specific mention of the "treaty", they meet the "citizenship and alienage" requirement. All Kickapoo Indians paroled in the United States must renew their paroled status each year at any local Immigration Office. There are other Kickapoos who have entered the United States from Mexico who carry Form I 151 or Form I 551, Alien Registration Receipt Cards. These individuals have the same status as other individuals who have been issued Form I 151 or Form I 551 and, therefore, meet the citizenship and alienage requirements. Still other Kickapoos are classified as Mexican Nationals by the USCIS. They carry Form I 94, Arrival Departure Record, which has been issued as a visiting visa and does not make mention of the treaty. Such form does not meet the "citizenship and alienage" requirements but provides only the ineligible alien status described in (c)(4)(b) of this Section.

(5) **American Indians born in Canada.** An American Indian born in Canada, who has maintained residence in the United States since entry, is considered to be lawfully admitted for permanent residence if he/she is of at least one half (1/2) American Indian blood. This does not include the non citizen whose membership in an Indian tribe or family is created by adoption, unless such person is of at least fifty (50) percent or more Indian blood. The methods of documentation are birth or baptismal certificate issued on a reservation, tribal records, letter from the Canadian Department of Indian Affairs, or school records.

(6) **Permanent non-immigrants.** Marshall Islanders and individuals from the Republic of Palau and the Federated States of Micronesia are classified as permanent non-immigrants by USCIS. They are eligible for emergency services only, in accordance with 30-3-32.

(1) **Unauthorized resident noncitizen.** An unauthorized resident noncitizen is a foreign-born individual who is not lawfully present in the United States, regardless of having had authorization during a prior period. Unauthorized resident noncitizens have formerly been known as "illegal" or "undocumented" immigrants or "aliens". Per 8 U.S.C. 1611(a) and (b)(1)(A) an unauthorized resident noncitizen is ineligible for Title XIX Medicaid benefits except for emergency Medicaid as defined at subparagraph

(e) below. However, an unauthorized resident noncitizen who is pregnant is eligible for benefits under Title XXI separate Children's Health Insurance Program (CHIP) for services that benefit the unborn child, if the unborn child meets all eligibility requirements.

(2) **Authorized resident noncitizen, not qualified.** An authorized resident noncitizen is a foreign-born individual who is lawfully present in the United States (U.S.) and is lawfully residing in the U.S., but who does not meet the definition of qualified noncitizen, per 8 U.S.C. 1611(a) and (b)(1)(A). The Oklahoma Medicaid program does not exercise the CHIPRA 214 option; therefore, an authorized resident noncitizen is ineligible for Title XIX or Title XXI Medicaid benefits except for emergency Medicaid as defined at subparagraph (e) below. However, an authorized resident noncitizen who is pregnant is eligible for benefits under Title XXI separate CHIP for services that benefit the unborn child, if the unborn child meets all eligibility requirements.

(3) **Qualified noncitizen.** A "qualified noncitizen" is an authorized resident noncitizen who, at the time of applying for Medicaid, has a "qualified noncitizen" immigration status as identified at 8 U.S.C. 1641, as may be amended from time to time. Any qualified noncitizen is eligible for full Title XIX Medicaid benefits after a five-year waiting period beginning on the date of the noncitizen's entry into the U.S. with an immigration status identified as "qualified noncitizen" if the noncitizen meets all other eligibility criteria at the end of the waiting period. During the waiting period, as per 8 U.S.C. 1613(a), any qualified noncitizen is eligible to receive emergency Medicaid as described in subparagraph (e) below if the noncitizen meets all other eligibility requirements, including but not limited to residency requirements.

(A) **Qualified noncitizen immigration statuses.** Immigration statuses identified by federal law as "qualified noncitizen", as of November 2, 2021, include:

- (i) A noncitizen who is lawfully admitted for permanent residence under the Immigration and Nationality Act [INA], per 8 U.S.C. 1101 et seq.;
- (ii) A noncitizen who is granted asylum under INA section 208, per 8 U.S.C. 1158;
- (iii) A noncitizen who is admitted to the U.S. under INA section 207 refugee, per 8 U.S.C. 1157;
- (iv) A noncitizen who is paroled into the U.S. under INA section 212(d)(5), per 8 U.S.C. 1182(d)(5), for a period of at least one (1) year;
- (v) A noncitizen whose deportation is being withheld under INA section 243(h), per 8 U.S.C. 1253 (as in effect immediately before the effective date of section 307 of division C of Public Law 104-208) or section 241(b)(3) of such Act, per 8 U.S.C. 1231(b)(3) (as amended by section 305(a) of division C of Public Law 104-208);
- (vi) A noncitizen who is granted conditional entry before 1980 pursuant to INA section

203(a)(7), per 8 U.S.C. 1153(a)(7), as in effect prior to April 1, 1980;

(vii) A noncitizen who is a Cuban and Haitian entrant (as defined in section 501(e) of the Refugee Education Assistance Act of 1980);

(viii) A noncitizen who, or whose parent or child, has been battered or subjected to extreme cruelty in the U.S. by a U.S. citizen or lawful permanent resident spouse or parent or by a member of the spouse's or parent's family residing in the same household, except during any period in which the individual responsible for such battery or cruelty resides in the same household or family eligibility unit as the individual subjected to such battery or cruelty and only when the alien meets all of the following requirements:

(I) The noncitizen, if not the individual subjected to battery or extreme cruelty, had no active participation in the battery or cruelty;

(II) The noncitizen is a credible victim; and

(III) The noncitizen is able to show a substantial connection between the need for benefits sought and the batter or extreme cruelty; and

(IV) The noncitizen has been approved or has a petition pending which sets forth a prima facie case for one of the following: status as a spouse or child of a U.S. citizen under INA 204(a)(1)(A); classification under INA 204(a)(1)(B)(ii) or (iii); suspension of deportation under INA 244(a)(3); status as a spouse or child of a U.S. citizen under INA 204(a)(1)(A); or classification under INA 204(a)(1)(B); or cancellation of removal under INA 240A(b)(2).

(ix) A noncitizen who is or has been a victim of a severe form of trafficking in persons and who has been granted nonimmigrant status under INA 101(a)(15)(T) or who has a pending application that sets forth a prima facie case for eligibility for such immigration status; or

(x) Beginning December 27, 2020, a noncitizen who lawfully resides in the state in accordance with the Compacts of Free Association between the Government of the United States and the Governments of the Federated States of Micronesia, the Republic of the Marshall Islands, and the Republic of Palau.

(B) **Five-year wait exception for refugees and asylees.**

(i) Excepted from the five-year waiting period per 8 U.S.C. 1612(b)(2)(A), the following qualified noncitizens are immediately eligible for a Medicaid determination upon the date:

(I) A noncitizen is admitted to the U.S. as a refugee under INA section 207 [INA 207 Refugee], per 8 U.S.C. 1157;

(II) A noncitizen is granted asylum under INA section 208, per 8 U.S.C. 1158;

## Permanent Final Adoptions

(III) A noncitizen's deportation is withheld under INA section 243(h), per 8 U.S.C. 1253 (as in effect immediately before the effective date of section 307 of division C of Public Law 104-208) or section 241(b)(3) of such Act, per 8 U.S.C. 1231(b)(3) (as amended by section 305(a) of division C of Public Law 104-208);

(IV) A noncitizen is granted status as a Cuban and Haitian entrant (as defined in section 501(e) of the Refugee Education Assistance Act of 1980); or

(V) A noncitizen is admitted to the U.S. as an Amerasian immigrant under the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 1988, section 584.

(ii) This exception to the five-year waiting period expires seven (7) years after the date of action indicated in the list at (c)(3)(B)(i) above. Upon expiration of the exception, the five-year waiting period must be calculated.

(C) **Five-year wait exception for certain permanent resident noncitizens.** The five-year waiting period does not apply and the noncitizen is immediately eligible for a Medicaid determination per 8 U.S.C. 1612(b)(2)(B), if:

(i) The noncitizen is lawfully admitted to the U.S. for permanent residence;

(ii) The noncitizen has either:

(I) worked forty (40) qualifying quarters of coverage as defined under the Act; or

(II) can be credited with such qualifying quarters as provided under 8 U.S.C. 1645; and

(iii) In the case of any such qualifying quarters creditable for any period beginning after December 31, 1996, the noncitizen did not receive any federal means-tested public benefit during any such period.

(D) **Five-year wait exception for veteran and active-duty noncitizens.** As per 8 U.S.C. 1612(b)(2)(C) and 1613, the five-year waiting period does not apply, and the noncitizen is immediately eligible for a Medicaid determination if the noncitizen is a qualified noncitizen who is lawfully residing in the state and is:

(i) A veteran (as defined at INA sections 101, 1101, or 1301, or as described at 38 U.S.C. section 107) with a discharge characterized as an honorable discharge and not on account of noncitizenship and who fulfills the minimum active-duty service requirements of 38 U.S.C. section 5303A(d);

(ii) On active duty (other than active duty for training) in the Armed Forces of the United States;  
or

(iii) The spouse or unmarried dependent child of an individual described herein as a veteran or active-duty noncitizen; or

(iv) The unremarried surviving spouse of an individual described herein as a veteran or active-

duty noncitizen who is deceased, if the marriage fulfills the requirements of 38 U.S.C. section 1304.

(E) **Five-year wait exception for COFA migrants.** Per 8 U.S.C. 1613(b)(3) and as of December 27, 2020, any noncitizen who lawfully resides in the state in accordance with the Compacts of Free Association between the Government of the United States and the Governments of the Federated States of Micronesia, the Republic of the Marshall Islands, and the Republic of Palau is, with regard to the Medicaid program, are not subject to the five-year waiting period unless and until the individual's status is adjusted to lawful permanent resident (LPR), at which time the five year waiting period must be calculated, unless the individual meets a separate exception to the five-year waiting period:

(i) If the individual entered the U.S. before December 27, 2020, and the date of adjustment to LPR status occurred before December 27, 2020, then the waiting period begins on the date of adjustment and ends after five (5) years;

(ii) If the individual entered the U.S. before December 27, 2020, and the date of adjustment to LPR status occurred after December 27, 2020, the waiting period expires on December 27, 2025; and

### PART 1. DETERMINATION OF QUALIFYING CATEGORICAL RELATIONSHIPS

#### 317:35-5-2. Categorically related programs

(a) In order to be eligible for SoonerCare, an individual must first meet the description of a member eligibility group. For individuals related to the aged, blind, or disabled groups, categorical relationship is established using the same definitions of age, disability and blindness as used by the Social Security Administration (SSA) in determining eligibility for Supplemental Security Income (SSI) or SSA benefits. If the individual is ~~an~~ an SSA/SSI recipient in current payment status (including presumptive eligibility), a ~~TANF~~ Temporary Assistance for Needy Families (TANF) recipient, an adoption assistance or

kinship guardianship assistance recipient, or is under age nineteen (19), categorical relationship is automatically established. For individuals related to expansion adults the categorical relationship is established and defined by 42 Code of Federal Regulations (C.F.R.) § 435.119. Categorical relationship to the pregnancy group is established when the determination is made by medical evidence that the individual is or has been pregnant. Effective January 1, 2014, verification of pregnancy is only required if the individual's declaration that she is pregnant is not reasonably compatible with other information available to the agency. ~~(dc) Effective October 1, 2013.~~ Individuals who are determined to be part of a MAGI household cannot be excluded from the household; likewise, income of individuals determined to be part of a MAGI household cannot be excluded unless the exclusion is expressly required under MAGI rules.

~~(e) When determining financial eligibility for an individual related to the children, parent or caretaker relative, or pregnancy groups, consideration is not given to income of any person who is aged, blind or disabled and receives SSI or is determined to be categorically needy.~~

**317:35-6-37. Financial eligibility of categorically needy individuals related to ~~AFDC or pregnancy-related services~~aid to families with dependent children (AFDC), pregnancy-related services, parent/caretaker relatives, families with children, and expansion adults**

Individuals whose income is less than the SoonerCare ~~Income Guidelines~~income guidelines for the applicable eligibility group are financially eligible for SoonerCare.

(1) **Categorically related to pregnancy-related services.** For an individual related to pregnancy-related services to be financially eligible, the countable income must be less than the appropriate standard according to the family size on the SoonerCare ~~Income Guidelines~~income guidelines. In determining the household size, the pregnant woman and her unborn child(ren) are included.

(2) **Categorically related to ~~children's and parent/caretakers' groups~~the children and parent/caretaker relative groups.**

(A) **Parent/~~caretakers'~~caretaker relative group.** For the individual in the parent/~~caretakers'~~caretaker relative group to be considered categorically needy, the SoonerCare ~~Income Guidelines~~income guidelines must be used.

(i) ~~SoonerCare Income Guidelines.~~ Individuals age ~~19~~nineteen (19) years or older, other than pregnant women, are determined categorically needy if countable income is ~~lesseq~~equal to or less than the ~~Categorically Needy Standard~~categorically needy standard, according to the family size.

(ii) ~~SoonerCare Income Guidelines.~~ All individuals under ~~19~~nineteen (19) years of age are determined categorically needy if countable income is equal to or less than the ~~Categorically Needy Standard~~categorically needy standard, according to the size of the family.

(B) **Families with children.** Individuals who meet financial eligibility criteria for the ~~children's~~children and parent/~~caretakers'~~caretaker relative groups are:

- (i) All persons included in an active TANF case.
- (ii) Individuals related to the ~~children's~~children or parent/~~caretakers'~~caretaker relative groups whose countable income is within the current appropriate income standard, but who do not receive TANF assistance.
- (iii) All persons in a TANF case in ~~Work Supplementation~~work supplementation status who meet TANF eligibility conditions other than earned income.
- (iv) Those individuals who continue to be eligible for Medicaid in a TANF case after they become ineligible for a TANF payment. These individuals will continue to be considered categorically needy if the TANF case was closed due to child or spousal support, the loss or reduction of earned income exemption by any member of the assistance unit, or the new or increased earnings of the parent/caretaker relative.

(3) **Expansion adults.** Individuals who meet financial eligibility criteria for expansion adults are established and defined by 42 C.F.R. § 435.119 and by the Oklahoma Medicaid State Plan.

**SUBCHAPTER 7. MEDICAL SERVICES**

**PART 1. GENERAL**

**317:35-7-1. Scope and applicability**

~~The rules in this Subchapter apply when determining eligibility for Medical Services under Medicaid. The rules in this Subchapter apply when determining eligibility for medical services for children who are reported by OKDHS as being in custody and individuals categorically related to: Aged, Blind and Disabled (ABD); Tuberculosis; SoonerPlan family planning program; Qualified Medicare Beneficiary Plus (QMBP); Qualified Disabled Working Individual (QDWI); Specified Low-Income Medicare Beneficiary (SLMB); Qualifying Individual (QI-1); and TEFRA.~~

**PART 7. CERTIFICATION, REDETERMINATION AND NOTIFICATION**

**317:35-7-60. Certification for SoonerCare**

- (a) ~~The rules in this Section apply to all categories of eligibles EXCEPT:~~
  - (1) ~~categorically needy SoonerCare members who are categorically related to AFDC or Pregnancy Related Services, AND~~
  - (2) ~~who if eligible, would be enrolled in SoonerCare,~~  
~~or~~

(3) ~~individuals categorically related to the Family Planning Program.~~

(b) ~~An individual determined eligible for SoonerCare may be certified for a medical service provided on or after the first day of the third month prior to the month of application if all eligibility criteria are met during the three month period. The certification period is determined beginning with the month the medical service was received or expected to be received or the month of application for categorically needy cases in which a medical service has not been received. The period of certification may cover retroactive or future months.~~

(4) ~~**Certification as categorically.** A categorically needy individual who is categorically related to ABD is assigned a certification period of 12 months. A categorically needy individual who is determined eligible for a State Supplemental Payment (SSP) is certified effective the month of application. If the individual is also eligible for payment for medical services received during the three months preceding the month of application, the SoonerCare benefit is certified for the appropriate months. If the individual is not eligible for SSP, the first month of certification is the month that a medical service was provided or, if no medical service was provided, the month of application.~~

(A) ~~**Certification of individuals categorically needy and categorically related to ABD.** The certification period for the individual categorically related to ABD can be assigned for up to 12 months. The individual must be determined as categorically needy for each month of the certification period. The certification period is 12 months unless the individual:~~

- (i) ~~is certified as eligible in a money payment case during the 12 month period;~~
- (ii) ~~is certified for long term care during the 12 month period;~~
- (iii) ~~becomes ineligible for medical assistance after the initial month;~~
- (iv) ~~becomes ineligible as categorically needy;~~  
~~or~~
- (v) ~~is deceased.~~

(B) ~~**Certification period.** If any of the situations listed in subparagraph (A) of this paragraph occur after the initial month, the case is closed by the worker.~~

- (i) ~~If income and/or resources change after certification causing the case to exceed the categorically needy maximums, the case is closed.~~
- (ii) ~~A pregnant individual included in an ABD case which closes continues to be eligible for pregnancy related services through the postpartum period.~~

(a) **General.** The rules in this Section apply to the following categories of eligibles:

- (1) Categorically needy SoonerCare members who are categorically related to Aged, Blind, and Disabled (ABD);
- (2) Categorically needy SoonerCare members who are categorically related to ABD, and are eligible for one of the following:
  - (A) Qualified Medicare Beneficiary Plus (QMBP);

## Permanent Final Adoptions

(B) Qualified Disabled and Working Individual (QDWI);

(C) Specified Low-Income Medicare Beneficiary (SLMB);

(D) Tuberculosis (TB) related services;

(E) Qualifying Individual (QI); or

(F) Tax Equity and Fiscal Responsibility Act (TEFRA).

**(b) Certification of individuals categorically needy and categorically related to ABD.** The certification period for the categorically needy individual who is categorically related to ABD can be up to twelve (12) months from the date of certification. The individual must meet all factors of eligibility for each month of the certification period. The certification can be for a retroactive period of coverage, during the three (3) months directly before the month of application, if the individual received covered medical services at any time during those three (3) months and would have been eligible for SoonerCare at the time he or she received the services. The cash payment portion of the State Supplemental Payment (SSP) may not be paid for any period prior to the month of application.

(1) The certification period is twelve (12) months unless the individual:

(A) Is certified as eligible in a money payment case during the twelve (12) month period;

(B) Is certified for long-term care during the twelve (12) month period;

(C) Becomes ineligible for medical assistance after the initial month;

(D) Becomes ineligible as categorically needy; or

(E) Is deceased.

(2) If any of the situations listed in subparagraph (1) of this paragraph occur after the initial month, the case is closed by the worker.

(A) If income and/or resources change after certification causing the case to exceed the categorically needy maximums, the case is closed.

(B) A pregnant individual included in an ABD case which closes continues to be eligible for pregnancy related services through the postpartum period.

**(c2) Certification of individuals categorically related to ABD and eligible as ~~Qualified Medicare Beneficiaries~~ Plus QMBP.** The SoonerCare benefit may be certified on the first day of the third month prior to the month of application or later. If the individual receives Medicare and is eligible for SSP, the effective date of certification for the Medicare Part B premium buy-in is the month of certification for SSP. If the individual receives Medicare and is not eligible for SSP, the effective date of certification for the Medicare Part B premium buy-in is the first day of the month following the month in which the eligibility determination is made (regardless of when application was made).

(1A) An individual determined eligible for QMBP benefits is assigned a certification period of ~~12~~twelve (12) months. At any time during the certification period that the individual becomes ineligible, the case is closed using regular negative action procedures.

(2B) At the end of the certification period a redetermination of QMBP eligibility is required, using the same forms and procedures as for ABD categorically needy individuals.

**(d3) Certification of individuals categorically related to ABD and eligible as ~~Qualified Disabled and Working Individual~~ QDWI.** The Social Security Administration (SSA) is responsible for referrals of individuals potentially eligible for QDWI. Eligibility factors verified by the SSA are Medicare Part A eligibility and discontinuation of disability benefits due to excessive earnings. When the OKDHS State Office office receives referrals from the SSA, the county will be notified and is responsible for obtaining an application and establishing other factors of eligibility. If an individual contacts the county office stating he/she has been advised by SSA that he/she is a potential QDWI, the county takes a SoonerCare application. The effective date of certification for QDWI benefits is based on the date of application and the date all eligibility criteria, including enrollment for Medicare Part A, are met. For example, if an individual applies for benefits in October and is already enrolled in Medicare Part A, eligibility can be effective October 1 (or up to three (3) months prior to October 1, if all eligibility criteria are met during the three (3) month period). However, if in the example, the individual's enrollment for Part A is not effective until November 1, eligibility cannot be effective until that date. Eligibility can never be effective prior to July 1, 1990, the effective date of this provision. These cases will be certified for a period of ~~12~~twelve (12) months. At the end of the ~~12-month~~twelve (12) month period, eligibility redetermination is required. If the individual becomes ineligible at any time during the certification period, the case is closed.

**(e4) Certification of individuals categorically related to ABD and eligible as ~~Specified Low-Income Medicare Beneficiary (SLMB)~~ SLMB.** The effective date of certification of SLMB benefits may begin on the first day of the third month prior to the month of application or later. A certification can never be earlier than the date of entitlement of Medicare Part A. An individual determined eligible for SLMB benefits is assigned a certification period of ~~12~~twelve (12) months. At any time during the certification period the individual becomes ineligible, the case is closed using standard negative action procedures. At the end of the certification period a redetermination of SLMB eligibility is required. A redetermination of SLMB eligibility must also be done at the same time a dually eligible individual has a redetermination of eligibility for other SoonerCare benefits such as long-term care.

**(f5) Certification of individuals categorically related to disability and eligible for TB related services.**

(1A) An individual determined eligible for TB related services may be certified the first day of the third month prior to the month of application or later, but no earlier than the first day of the month the TB infection is diagnosed.

(2B) A certification period of ~~12~~twelve (12) months will be assigned. At any time during the certification period that the individual becomes ineligible, the case is closed using the regular negative action procedures.

(3C) At the end of the certification period a new application will be required if additional treatment is needed.

(g6) **Certification of individuals categorically related to ABD and eligible as ~~Qualifying Individuals~~ QI.** The effective date of certification for the QI-1 may begin on the first day of the third month prior to the month of application or later. A certification can never be earlier than the date of entitlement of Medicare Part A. An individual determined eligible for QI benefits is assigned a certification period of ~~12~~twelve (12) months. At any time during the certification period the individual becomes ineligible, the case is closed using standard negative action procedures. At the end of the certification period, a redetermination of QI eligibility is required.

(1A) Since the State's allotment to pay Medicare premiums for this group of individuals is limited, the State must limit the number of QIs so that the amount of assistance provided during the year does not exceed the State's allotment for that year.

(2B) Persons selected to receive assistance are entitled to receive assistance with their Medicare premiums for the remainder of the federal fiscal year, but not beyond, as long as they continue to qualify. The fact that an individual is selected to receive assistance at any time during the year does not entitle the individual to continued assistance for any succeeding year.

(h7) **Certification of individuals ~~Related~~related to Aid to the Disabled for TEFRA.** The certification period for individuals categorically related to the Disabled for TEFRA is ~~12~~twelve (12) months.

**SUBCHAPTER 10. OTHER ELIGIBILITY FACTORS FOR FAMILIES WITH CHILDREN AND PREGNANT WOMEN**

**PART 3. RESOURCES**

**317:35-10-10. Capital resources**

Capital resources are disregarded for individuals related to the children, parent and caretaker relative, former foster care children, SoonerPlan family planning program, expansion adults, or pregnancy eligibility groups, including pregnancies covered under Title XXI. Countable income generated from any resource is considered in accordance with Part 6 of Subchapter 6 of this Chapter.

**PART 5. INCOME**

**317:35-10-26. Income**

(a) **General provisions regarding income.**

(1) The income of categorically needy individuals who are related to the children, ~~parent or caretaker relative~~parent/caretaker relative, SoonerPlan family planning program, or Title XIX and XXI pregnancy eligibility groups or expansion adults does not require verification, unless questionable. If the income information is

questionable, it must be verified. If there appears to be a conflict in the information provided, the worker must investigate the situation to determine if income verification is necessary.

(2) All available income, except that required to be disregarded by law or ~~OHCA's~~Oklahoma Health Care Authority's (OHCA's) policy, is taken into consideration in determining need. Income is considered available both when it is actually available and when the applicant or member has a legal interest in a liquidated sum and has the legal ability to make such sum available for support and maintenance. When an individual's income is reduced due to recoupment of an overpayment or garnishment, the gross amount before the recoupment or garnishment is counted as income. The member is responsible for reporting all income, the source, amount and how often received.

(A) Income received on behalf of a member of the benefit group by another individual such as, but not limited to, a guardian or conservator, is considered available to the benefit group.

(B) Money received and used for the care and maintenance of a third party who is not included in the benefit group is not counted as income if it can be identified and verified as intended for third party use.

(C) If it appears any member of the benefit group or an individual whose income is considered when determining eligibility is eligible for any type of income or benefits, the benefit group must be notified in writing by the ~~Oklahoma Health Care Authority~~(OHCA)OHCA. The notice must contain the information that failure to apply for and take all appropriate steps to obtain such benefits within ten (10) days from the date of the notice will result in a determination of ineligibility. An application for Supplemental Security Income (SSI) is not required.

(D) If the member and spouse are living together or they are living apart but there has not been a clear break in the family relationship, income received by either spouse and income received jointly is considered as family income. Income cannot be diverted to a household member who is not included in the household size for health benefits. Consideration is not given to ~~an~~ SSI recipient's income in computing eligibility for the AFDC or Pregnancy related unit. The ~~MAGI~~Modified Adjusted Gross Income (MAGI) methodology rules determine whose income is considered in a particular household for MAGI eligibility groups as defined in ~~OAC~~Oklahoma Administrative Code (OAC) 317:35-6-1.

(E) Income which can reasonably be anticipated to be received is considered to be available for the month its receipt is anticipated.

(F) Income produced from resources must be considered as unearned income.

(3) Income that must be verified is verified by the best available information such as pay stubs presented by the member or an interview with the employer. If OHCA

## Permanent Final Adoptions

---

is unable to verify income through the Oklahoma Employment Securities Commission, then pay stubs may only be used for verification if they have the member's name and/or social security number indicating that the pay stubs are in fact the member's wages. The stubs should also include the date(s) of the pay period and the amount of income before deductions. If this information is not included, employer verification is required. The worker verifies medical insurance which may be available at the same time that income is verified. When a member of the benefit group accepts employment and has not received any wages, verification (if necessary) of the amount of income to be considered and the anticipated date of receipt must be obtained from the employer and provided to OHCA within ten (10) days. Income which is expected to be received during a month is considered available to the benefit group and is counted in determining eligibility for the month of receipt.

(4) Monies received in a lump sum from any source are considered income in the month received, with the exception of certain lottery or gambling winnings as specified in OAC 317:35-6-55. Changing a resource from one form to another, such as converting personal property to cash, is not considered a lump sum payment. Exception: lump sum payments used to establish dedicated bank accounts by representative payees in order to receive and maintain retroactive SSI benefits for disabled/blind children under age eighteen (18) are excluded as income. The interest income generated from dedicated bank accounts is also excluded.

(A) Whether a source of income is countable for MAGI eligibility groups is determined in accordance with Part 6 of Subchapter 6 of this Chapter.

(B) Whether a source of income is countable is determined in accordance with Part 6 of Subchapter 6 of this Chapter.

(C) When a lump sum is received by a stepparent not included in the household size, only the stepparent's contribution is considered in accordance with the stepparent's liability policy. Income received by a stepparent is considered in accordance with MAGI household and income counting rules.

(D) When a third party reveals that a lump sum payment has been received or is expected to be received by the applicant or member, adverse action notification is given or mailed to the applicant/member and appropriate action taken.

(E) Recurring lump sum income received from any source for a period covering more than one (1) month, that is received in a lump sum recurrently (such as annual rentals from surface or minerals, Windfall Profits tax refund, etc.) is prorated over a period of time it is intended to cover, beginning with the month of receipt of a lump sum payment.

(F) Net income from oil and gas production (gross minus production taxes withheld), received in varying amounts on a regular or irregular basis for the past six

(6) months, will be averaged and considered as income for the next six (6) months. In instances where an applicant or a member receives new income from oil and gas production and verification for the past six (6) months is not available, the worker accepts the available verification and averages over the period of time intended to cover. Net income may be verified by seeing the individual's production check stub, or by contacting the oil and gas company. Whether a source of income is countable is determined in accordance with Part 6 of Subchapter 6 of this Chapter.

(5) Income that is based on the number of hours worked, as opposed to income based on regular monthly wages, must be computed as irregular income. The income received irregularly or in varying amounts will be averaged using the past two (2) months to establish the amount to be anticipated and considered for prospective budgeting.

(6) MAGI household rules are used to determine whether a caretaker relative or stepparent is included in a household.

(A) MAGI household and income counting rules are used to determine whether a caretaker relative and his/her spouse or a stepparent are included in the household and whether their income is considered for the children.

(B) MAGI household and income counting rules are used to determine whose income is considered and whether that income is counted. If an individual is eligible in the parent or caretaker relative group, his/her spouse, if living with him/her, is also related to the parent or caretaker relative group.

(7) A stepparent, if living with the parent or caretaker relative, can also be related to the parent or caretaker relative group, regardless of whether the parent is incapacitated or not in the home.

(8) MAGI household and income counting rules are used to determine whose income is considered and whether that income is counted.

(b) **Earned income.** The term "earned income" refers to monies earned by an individual through the receipt of wages, salary, commission or profit from activities in which the individual is engaged as self-employed or as an employee. Whether income is countable for MAGI eligibility groups is determined using MAGI income counting rules in Part 6 of Subchapter 6 of this Chapter.

(1) **Earned income from self-employment.** For MAGI eligibility groups, the calculation of countable self-employment income is determined in accordance with MAGI income counting rules in Part 6 of Subchapter 6 of this Chapter.

(2) **Earned income from wages, salary or commission.** Countable income for MAGI eligibility groups is determined in accordance with MAGI income counting rules in Part 6 of Subchapter 6 of this Chapter.

(3) **Earned income from work and training programs.** Countable income for MAGI eligibility groups is

determined in accordance with MAGI income counting rules in Part 6 of Subchapter 6 of this Chapter.

(4) **No individual earned income exemptions.** No earned income exemptions are subtracted to determine countable income for MAGI eligibility groups. The only deduction applied to determine net countable income under the MAGI methodology is the deduction of five percent (5%) of the ~~FPL~~Federal Poverty Level (FPL) for the individual's household size as defined in OAC 317:35-6-39.

(5) **Formula for determining the individual's net earned income for MAGI eligibility groups.** To determine net income, see MAGI rules in OAC 317:35-6-39.

(c) **Unearned income.** Countable earned and unearned income for MAGI eligibility groups is determined in accordance with MAGI income counting rules in Part 6 of Subchapter 6 of this Chapter.

(d) **Income disregards.** For MAGI eligibility groups, whether a source of income is disregarded is determined in accordance with MAGI income counting rules in Part 6 of Subchapter 6 of this Chapter.

(ge) **Computing monthly income.** In computing monthly income, cents will be rounded down at each step. Income which is received monthly but in irregular amounts is averaged using two (2) month's income, if possible, to determine income eligibility. Less than two (2) month's income may be used when circumstances (e.g., new employment, unpaid sick leave, etc.) would indicate that previous income amounts would not be appropriate to use in determining future income amounts. Income received more often than monthly is converted to monthly amounts as follows:

- (1) **Daily.** Income received on a daily basis is converted to a weekly amount then multiplied by 4.3.
- (2) **Weekly.** Income received weekly is multiplied by 4.3.
- (3) **Twice a month.** Income received twice a month is multiplied by two (2).
- (4) **Biweekly.** Income received every two (2) weeks is multiplied by 2.15.

The proposed revisions will update a section of policy which describes the process when an individual is determined retroactively eligible for Social Security Disability or Supplemental Security Income (SSI). Current policy states that payment will be made for medical services only if the claim is received within twelve (12) months. The updated policy will refer to two relevant sections of policy: "Timely Filing Limitation" (six months) and "Resolution of Claim Payment" (twelve months if claim initially filed timely).

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 12, 2022:**

**SUBCHAPTER 5. ELIGIBILITY AND COUNTABLE INCOME**

**PART 1. DETERMINATION OF QUALIFYING CATEGORICAL RELATIONSHIPS**

**317:35-5-4. Determining categorical relationship to the disabled**

An individual is related to disability if he/she is unable to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death, or which has lasted (or can be expected to last) for a continuous period of not less than twelve (12) months.

(1) **Determination of categorical relationship to the disabled by Social Security Administration (SSA).** The procedures outlined in (A) through (G) of this paragraph are applicable when determining categorical relationship based on a SSA disability decision:

(A) **Already determined eligible for Social Security disability benefits.** If the applicant states he/she is already receiving Social Security benefits on the basis of disability, the information is verified by

## Permanent Final Adoptions

---

seeing the applicant's notice of award or the Social Security benefit check. If the applicant states an award letter approving Social Security disability benefits has been received but a check has not been received, this information is verified by seeing the award letter. Such award letter or check establishes categorical relationship. The details of the verification used are recorded in the case record.

(B) **Already determined eligible for Supplemental Security Income (SSI) on disability.** If the applicant, under age sixty-five (65), states he/she is already receiving SSI on the basis of his/her disability (or that a written notice of SSI eligibility on disability has been received but has not yet received a check) this information is verified by seeing the written notice or check. If neither are available, the county clears on the terminal system for the Supplemental Data Exchange (SDX) record. The SDX record shows, on the terminal, whether the individual has been approved or denied for SSI. If the individual has been approved for such benefits, the county uses this terminal clearance to establish disability for categorical relationship. The details of the verification used are recorded in the case record.

(C) **Pending SSI/SSA application or has never applied for SSI.** If the applicant says he/she has a pending SSI/SSA application, an SDX record may not appear on the terminal. Therefore, it is requested that the applicant bring the notice regarding the action taken on his/her SSI/SSA application to the county office as soon as it is received. The other conditions of eligibility are established while awaiting the SSI/SSA decision. When the SSI/SSA notice is presented, the details of the verification are recorded in the case record and the indicated action is taken on the Title XIX application. If the applicant says he/she has never applied for SSI/SSA but appears potentially eligible from the standpoint of unearned income and has an alleged disability which would normally be expected to last for a period of twelve (12) months, he/she is referred to the SSA office to make SSI/SSA application immediately following the filing of the Title XIX application.

(D) **Already determined ineligible for SSI.** If the applicant says he/she has been determined ineligible for SSI, the written notice of ineligibility from SSA is requested to determine if the denial was based on failure to meet the disability definition. If the SSI notice shows ineligibility was due to not meeting the disability definition, and the applicant says the medical condition has not worsened since the SSI denial, the Title XIX application is denied for the same reason. If written notice is not available, the SDX record on the terminal system is used. This record shows whether the individual has been determined eligible or ineligible for SSI. If he/she has been determined ineligible, the payment status code for ineligibility is shown. The definition of this code is found on

OKDHS Appendix Q in order to determine the reason for SSI ineligibility. If the reason for SSI ineligibility was based on failure to meet the disability definition, the Title XIX application is denied for the same reason and the details of the verification are recorded in the case record. If the reason for SSI ineligibility was based on some reason other than failure to meet the disability definition (and therefore, a determination of disability was not made), the Level of Care Evaluation Unit (LOCEU) must determine categorical relationship. In any instance in which an applicant who was denied SSI on "disability" states the medical condition has worsened since the SSI denial, he/she is referred to the SSA office to reapply for SSI immediately following the filing of the Title XIX application.

(E) **Already determined ineligible for Social Security disability benefits.** If the applicant says he/she has been determined ineligible for Social Security disability benefits, he/she is requested to provide written notice of ineligibility to determine if the denial was based on failure to meet the disability definition. If the SSA notice shows ineligibility was due to not meeting the disability definition, and the applicant says the medical condition has not worsened since the denial, the Title XIX application is denied for the same reason. The details of the verification used are recorded in the case record. If the written notice is not available, third party query procedure (TPQY) is used to verify the denial and the reason for ineligibility. If the reason for ineligibility was based on failure to meet the disability definition, the Title XIX application is denied for the same reason and the details of the verification are recorded in the case record. If the reason for ineligibility was based on some reason other than failure to meet the disability definition (and a determination of disability was, thus, not made), the LOCEU must determine categorical relationship. In any instance in which an applicant who was denied Social Security benefits on disability states the medical condition has worsened since the denial, he/she is referred to the SSA office to reapply immediately following the filing of the Title XIX application.

(F) **Determined retroactively eligible for SSA/SSI due to appeal.** If an individual becomes retroactively eligible for SSA/SSI due to a decision on an appeal, categorical relationship is established as of the effective date of the retroactive disability decision. Payment will be made for medical services only if the claim is received ~~within twelve (12) months from the date of medical services~~ timely, per Oklahoma Administrative Code (OAC) 317:30-3-11. After the submission of a timely claim, a claim may be resubmitted, per OAC 317:30-3-11.1. If the effective date of the retroactive disability decision does not cover the period of the medical service because the SSA/SSI application was made subsequent to the service, a medical social summary with pertinent

medical information is sent to the LOCEU for a categorical relationship decision for the time period of the medical service.

(G) **SSA/SSI appeal with benefits continued.** A Title XIX recipient who has filed an appeal due to SSA's determination that he/she is no longer disabled may continue to receive SSA benefits. The recipient has the option to have Title XIX benefits continued until the appeal decision has been reached. After the decision has been reached, the appropriate case action is taken. If SSA's decision is upheld, an overpayment referral is submitted for any Title XIX benefits the recipient received beginning with the month that SSA/SSI determined the recipient did not meet disability requirements.

(H) **Applicant deceased.** Categorical relationship to the disabled is automatically established if an individual dies while receiving a medical service or dies as a result of an illness for which he/she was hospitalized if death occurs within two (2) months after hospital release. The details of the verification used are recorded in the case record.

(2) **Determination of categorical relationship to the disabled by the LOCEU.**

(A) A disability decision from the LOCEU to determine categorical relationship to the disabled is required only when SSA makes a disability decision effective after medical services were received or when the SSA will not make a disability decision. The LOCEU is advised of the basis for the referral. SSA does not make disability decisions on individuals who:

- (i) have been determined ineligible by SSA on some condition of eligibility other than disability,
- (ii) have unearned income in excess of the SSI standard and, therefore, are not referred to SSA, or
- (iii) do not have a disability which would normally be expected to last twelve (12) months but the applicant disagrees.

(B) A disability decision from the LOCEU is not required if the disability obviously will not last twelve (12) months and the individual agrees with the short term duration. The case record is documented to show the individual agrees with the short term duration.

(C) The local DHS office is responsible for submitting a medical social summary on DHS form ABCDM-80-D 08MA022E with pertinent medical information substantiating or explaining the individual's physical and mental condition. The medical social summary should include relevant social information such as the worker's personal observations, details of the individual's situation including date of onset of the disability, and the reason for the medical decision request. The worker indicates the beginning date for the categorical relationship to disability. Medical information submitted might include physical exam results, psychiatric, lab, and x-ray reports, hospital admission and discharge summaries, and/or

doctors' notes and statements. Copies of medical and hospital bill and DHS Form 08MA005E are not normally considered pertinent medical information by themselves. Current (less than ninety (90) days old) medical information is required for the LOCEU to make a decision on the client's current disability status. If existing medical information cannot be obtained without cost to the client, the county administrator authorizes either payment for existing medical information or one general physical examination by a medical or osteopathic physician of the client's choice. The physician cannot be in an intern, residency or fellowship program of a medical facility, or in the full-time employment of Veterans Administration, Public Health Service or other Agency. Such examination is authorized by use of DHS form 08MA016E, Authorization for Examination and Billing. The DHS worker sends the 08MA016E and DHS form 08MA080E, Report of Physician's Examination, to the physician who will be completing the exam.

(3) **Responsibility of Medical Review Team in the LOCEU.** The responsibilities of the Medical Review Team in the LOCEU include:

(A) The decision as to whether the applicant is related to Aid to the Disabled.

(B) The effective date (month and year) of eligibility from the standpoint of disability. (This date may be retroactive for any medical service provided on or after the first day of the third month prior to the month in which the application was made.)

(C) A request for additional medical and/or social information when additional information is necessary for a decision.

(D) When the LOCEU has made a determination of categorical relationship to disability and SSA later renders a different decision, the Oklahoma Health Care Authority (OHCA) uses the effective date of the SSA approval or denial as their date of disability approval or denial. No overpayment will occur based solely on the SSA denial superseding the LOCEU approval.

(E) Public Law 97-248, the Tax Equity and Fiscal Responsibility Act (TEFRA) of 1982, provides coverage to certain disabled children living in the home if they would qualify for Medicaid as residents of nursing facilities, ICF/IIDs, or inpatient acute care hospital stays expected to last not less than sixty (60) days. In addition to disability, LOCEU determines the appropriate level of care and cost effectiveness.

(4) **Determination of categorical relationship to the disabled based on Tuberculosis (TB) infection.**

Categorical relationship to disability is established for individuals with a diagnosis of TB. An individual is related to disability for TB related services if he/she has verification of an active TB infection established by a medical practitioner.

# Permanent Final Adoptions

(5) **Determination of categorical relationship to the disabled for TEFRA.** Section 134 of TEFRA allows states, at their option, to make Medicaid benefits available to children, under nineteen (19) years of age, living at home who are disabled as defined by the SSA, even though these children would not ordinarily be eligible for SSI benefits because of the deeming of parental income or resources. Under TEFRA, a child living at home who requires the level of care provided in an acute care hospital (for a minimum of sixty (60) days), nursing facility or intermediate care facility for individuals with intellectual disabilities, is determined eligible using only his/her income and resources as though he/she were institutionalized.

## SUBCHAPTER 5. ELIGIBILITY AND COUNTABLE INCOME

### PART 5. COUNTABLE INCOME AND RESOURCES

#### **317:35-5-41.6. Trust accounts**

Monies held in trust for an individual applying for or receiving SoonerCare must have the availability of the funds determined. Funds held in trust are considered available when they are under the direct control of the individual or his/her spouse, and disbursement is at their sole discretion. Funds may also be held in trust and under the control of someone other than the individual or his/her spouse, such as the courts, agencies, other individuals, or the Bureau of Indian Affairs (BIA).

(1) **Availability determinations.** The worker should be able to determine the availability of a trust using the definitions and explanations listed in (2) of this subsection. However, in some cases, the worker may wish to submit a trust to the Oklahoma Department of Human Services (OKDHS) State Office for determination of availability. In these instances, all pertinent data is submitted to Family Support Services Division, Attention: Health Related and Medical Services Section, for a decision.

(2) **Definition of terms.** The following words and terms, when used in this paragraph, have the following meaning, unless the context clearly indicates otherwise:

(A) **Beneficiary.** Beneficiary means the person(s) who is to receive distributions of either income or principal, or on behalf of whom the trustee is to make payments.

(B) **Corpus/principal.** Corpus/principal means the body of the trust or the original asset used to establish the trust, such as a sum of money or real property.

(C) **Discretionary powers.** Discretionary powers means the grantor gives the trustee the power to make an independent determination whether to distribute income and/or principal to the beneficiary(ies) or to retain the income and add it to the principal of the trust.

(D) **Distributions.** Distributions means payments or allocations made from the trust from the principal or from the income produced by the principal (e.g., interest on a bank account).

(E) **Grantor (trustor/settlor).** Grantor (trustor/settlor) means the individual who establishes the trust by transferring certain assets.

(F) **Irrevocable trust.** Irrevocable trust means a trust in which the grantor has expressly not retained the right to terminate or revoke the trust and reclaim the trust principal and income.

(G) **Pour over or open trust.** Pour over or open trust means a trust which may be expanded from time to time by the addition to the trust principal (e.g., a trust established to receive the monthly payment of an annuity, a workers' compensation settlement, a disability benefit or other periodic receivable). The principal may accumulate or grow depending upon whether the trustee distributes the receivable or permits it to accumulate. Generally, the terms of the trust will determine the availability of the income in the month of receipt and the availability of the principal in subsequent months.

(H) **Primary beneficiary.** Primary beneficiary means the first person or class of persons to receive the benefits of the trust.

(I) **Revocable trust.** Revocable trust means a trust in which the grantor has retained the right to terminate or revoke the trust and reclaim the trust principal and income. Unless a trust is specifically made irrevocable, it is revocable. Even an irrevocable trust is revocable upon the written consent of all living persons with an interest in the trust.

(J) **Secondary beneficiary.** Secondary beneficiary means the person or class of persons who will receive the benefits of the trust after the primary beneficiary has died or is otherwise no longer entitled to benefits.

(K) **Testamentary trust.** Testamentary trust means a trust created by a will and effective upon the death of the individual making the will.

(L) **Trustee.** Trustee means an individual, individuals, a corporation, court, bank or combination thereof with responsibility for carrying out the terms of the trust.

(3) **Documents needed.** To determine the availability of a trust for an individual applying for or receiving SoonerCare, copies of the following documents are obtained:

(A) Trust document;

(B) When applicable, all relevant court documents including the Order establishing the trust, Settlement Agreement, Journal Entry, etc.; and

(C) Documentation reflecting prior disbursements (date, amount, purpose).

(4) **Trust accounts established on or before August 10, 1993.** The rules found in (A) - (C) of this paragraph apply to trust accounts established on or before August 10, 1993.

(A) **Support trust.** The purpose of a support trust is the provision of support or care of a beneficiary. A support trust will generally contain language such as "to provide for the care, support and maintenance of ...", "to provide as necessary for the support of ...", or "as my trustee may deem necessary for the support, maintenance, medical expenses, care, comfort and general welfare." Except as provided in (i)-(iii) of this subparagraph, the amount from a support trust deemed available to the beneficiary is the maximum amount of payments that may be permitted under the terms of the trust to be distributed to the beneficiary, assuming the full exercise of discretion by the trustee(s) for distribution of the maximum amount to the beneficiary. The beneficiary of a support trust, under which the distribution of payments to the beneficiary is determined by one or more trustees who are permitted to exercise discretion with respect to distributions, may show that the amounts deemed available are not actually available by:

(i) Commencing proceedings against the trustee(s) in a court of competent jurisdiction;

(ii) Diligently and in good faith asserting in the proceedings that the trustee(s) is required to provide support out of the trust; and

(iii) Showing that the court has made a determination, not reasonably subject to appeal, that the trustee must pay some amount less than the amount deemed available. If the beneficiary makes the showing, the amount deemed available from the trust is the amount determined by the court. Any action by a beneficiary or the beneficiary's representative, or by the trustee or the trustee's representative, in attempting a showing to make the Agency or the State of Oklahoma a party to the proceeding, or to show to the court that SoonerCare benefits may be available if the court limits the amounts deemed available under the trust, precludes the showing of good faith required.

(B) **Medicaid Qualifying Trust (MQT).** A MQT is a trust, or similar legal device, established (other than by will) by an individual or an individual's spouse, under which the individual may be the beneficiary of all or part of the distributions from the trust and such distributions are determined by one or more trustees who are permitted to exercise any discretion with respect to distributions to the individual. A trust established by an individual or an individual's spouse includes trusts created or approved by a representative of the individual (parent, guardian or person holding power of attorney) or the court where the property placed in trust is intended to satisfy or settle a claim made by or on behalf of the individual or the individual's spouse. This includes trust accounts or similar devices established for a minor child pursuant to 12 Oklahoma Statutes 83. In addition, a trust established jointly by at least one of the individuals who can establish an MQT and another party or parties (who do

## Permanent Final Adoptions

---

not qualify as one of these individuals) is an MQT as long as it meets the other MQT criteria. The amount from an irrevocable MQT deemed available to the individual is the maximum amount of payments that may be permitted under the terms of the trust to be distributed to the individual assuming the full exercise of discretion by the trustee(s). The provisions regarding MQT apply even though an MQT is irrevocable or is established for purposes other than enabling an individual to qualify for SoonerCare, and, whether or not discretion is actually exercised.

(i) **Similar legal device.** MQT rules listed in this subsection also apply to "similar legal devices" or arrangements having all the characteristics of an MQT except that there is no actual trust document. An example is the member petitioning the court to irrevocably assign all or part of his/her income to another party (usually the spouse). The determination whether a given document or arrangement constitutes a "similar legal device" should be made by the OKDHS Office of General Counsel, Legal Unit.

(ii) **MQT resource treatment.** For revocable MQTs, the entire principal is an available resource to the member. Resources comprising the principal are subject to the individual resource exclusions (e.g., the home property exclusion) since the member can access those resource items without the intervention of the trustee. For irrevocable MQTs, the countable amount of the principal is the maximum amount the trustee can disburse to (or for the benefit of) the member, using his/her full discretionary powers under the terms of the trust. If the trustee has unrestricted access to the principal and has discretionary power to disburse the entire principal to the member (or to use it for the member's benefit), the entire principal is an available resource to the member. Resources transferred to such a trust lose individual resource consideration (e.g., home property transferred to such a trust is no longer home property and the home property exclusions do not apply). The value of the property is included in the value of the principal. If the MQT permits a specified amount of trust income to be distributed periodically to the member (or to be used for his/her benefit), but those distributions are not made, the member's countable resources increase cumulatively by the undistributed amount.

(iii) **Income treatment.** Amounts of MQT income distributed to the member are countable income when distributed. Amounts of income distributed to third parties for the member's benefit are countable income when distributed.

(iv) **Transfer of resources.** If the MQT is irrevocable, a transfer of resources has occurred to the extent that the trustee's access to the principal

(for purposes of distributing it to the member or using it for the member's benefit) is restricted (e.g., if the trust stipulates that the trustee cannot access the principal but must distribute the income produced by that principal to the member, the principal is not an available resource and has, therefore, been transferred).

(C) **Special needs trusts.** Some trusts may provide that trust benefits are intended only for a beneficiary's "special needs" and require the trustee to take into consideration the availability of public benefits and resources, including SoonerCare benefits. Some trusts may provide that the trust is not to be used to supplant or replace public benefits, including SoonerCare benefits. If a trust contains such terms and is not an MQT, the trust is not an available resource.

(5) **Trust accounts established after August 10, 1993.** The rules found in (A) - (C) of this paragraph apply to trust accounts established after August 10, 1993.

(A) For purposes of this subparagraph, the term "trust" includes any legal document or device that is similar to a trust. An individual is considered to have established a trust if assets of the individual were used to form all or part of the principal of the trust and if the trust was established other than by will and by any of the following individuals:

- (i) the individual;
- (ii) the individual's spouse;
- (iii) a person, including a court or administrative body, with legal authority to act in place of or on behalf of the individual or the individual's spouse; or
- (iv) a person, including a court or administrative body, acting at the direction or upon the request of the individual or the individual's spouse.

(B) Where trust principal includes assets of an individual described in this subparagraph and assets of any other person(s), the provisions of this subparagraph apply to the portion of the trust attributable to the assets of the individual. This subparagraph applies without regard to the purposes for which the trust is established, whether the trustees have or exercise any discretion under the trust, and restrictions on when or whether distributions may be made from the trust, or any restrictions on the use of the distribution from the trust.

(C) There are two types of trusts, revocable trusts and irrevocable trusts.

(i) In the case of a revocable trust, the principal is considered an available resource to the individual. Payments from the trust to or for the benefit of the individual are considered income of the individual. Other payments from the trust are considered assets disposed of by the individual for purposes of the transfer of assets rule and are subject to the ~~60~~sixty (60) months look back period.

(ii) In the case of an irrevocable trust, if there are any circumstances under which payments from

the trust could be made to or for the benefit of the individual, the portion of the principal of the trust, or the income on the principal, from which payment to the individual could be made is considered available resources. Payments from the principal or income of the trust is considered income of the individual. Payments for any other purpose are considered a transfer of assets by the individual and are subject to the ~~60~~sixty (60) months look back period. Any portion of the trust from which, or any income on the principal from which no payment could under any circumstances be made to the individual is considered as of the date of establishment of the trust (or if later, the date on which payment to the individual was foreclosed) to be assets disposed by the individual for purposes of the asset transfer rules and are subject to the 60 months look back period.

(6) **Exempt trusts.** Paragraph (5) of this subsection does not apply to the following trusts:

(A) A trust containing the assets of a disabled individual under the age of ~~65~~sixty-five (65) which was established for the benefit of such individual by the individual, parent, grandparent, legal guardian of the individual or a court if the State receives all amounts remaining in the trust on the death of the individual up to an amount equal to the total medical assistance paid on behalf of the individual. This type of trust requires:

- (i) The trust may only contain the assets of the disabled individual.
- (ii) The trust must be irrevocable and cannot be amended or dissolved without the written agreement of the OKDHS or the Oklahoma Health Care Authority (OHCA).
- (iii) Trust records must be open at all reasonable times to inspection by an authorized representative of the OHCA or OKDHS.
- (iv) The exception for the trust continues after the disabled individual reaches age ~~65~~sixty-five (65). However, any addition or augmentation after age ~~65~~sixty-five (65) involves assets that were not the assets of an individual under age ~~65~~sixty-five (65); therefore, those assets are not subject to the exemption.
- (v) Establishment of this type of trust does not constitute a transfer of assets for less than fair market value if the transfer is made into a trust established solely for the benefit of a disabled individual under the age of ~~65~~sixty-five (65).
- (vi) Payments from the trust are counted according to SSI rules. According to these rules, countable income is anything the individual receives in cash or in kind that can be used to meet the individual's needs for food, ~~clothing~~ and shelter. Accordingly, any payments made directly to the individual are counted as income to the individual because the payments could be used for food,

~~clothing~~, or shelter for the individual. This rule applies whether or not the payments are actually used for these purposes, as long as there is no legal impediment which would prevent the individual from using the payments in this way. In addition, any payments made by the trustee to a third party to purchase food, ~~clothing~~, or shelter for the individual can also count as income to the individual. For example, if the trustee makes a mortgage payment for the individual, that payment is a shelter expense and counts as income.

(vii) A corporate trustee may charge a reasonable fee for services in accordance with its published fee schedule.

(viii) The OKDHS Form 08MA018E, Supplemental Needs Trust, is an example of the trust. Workers may give the sample form to the member or his/her representative to use or for their attorney's use.

(ix) To terminate or dissolve a Supplemental Needs Trust, the worker sends a copy of the trust instrument and a memorandum to OKDHS Family Support Services Division, Attention: Health Related and Medical Services (~~HR&MS~~), explaining the reason for the requested termination or dissolution of the Supplemental Needs Trust, and giving the name and address of the trustee. The name and address of the financial institution and current balance are also required. Health Related and Medical Services (HRMS) notifies Oklahoma Health Care Authority/Third Party Liability (OHCA/TPL) to initiate the recovery process.

(B) A trust (known as the Medicaid Income Pension Trust) established for the benefit of an individual if:

- (i) The individual is in need of long-term care and has countable income above the categorically needy standard for long-term care (OKDHS Appendix C-1 Schedule VIII.B) but less than the average cost of nursing home care per month (OKDHS Appendix C-1 Schedule VIII.B).
- (ii) The ~~Trust~~trust is composed only of pension, social security, or other income of the individual along with accumulated income in the trust. Resources cannot be included in the trust.
- (iii) All income is paid into the trust and the applicant is not eligible until the trust is established and the monthly income has been paid into the trust.
- (iv) The trust must retain an amount equal to the member's gross monthly income less the current categorically needy standard of OKDHS Appendix C-1. The Trustee distributes the remainder.
- (v) The income disbursed from the trust is considered as the monthly income to determine the cost of their care, and can be used in the computations for spousal diversion.

## Permanent Final Adoptions

- (vi) The trust must be irrevocable and cannot be amended or dissolved without the written agreement of the OHCA. Trust records must be open at all reasonable times to inspection by an authorized representative of the OHCA or OKDHS.
- (vii) The State will receive all amounts remaining in the trust up to an amount equal to the total SoonerCare benefits paid on behalf of the individual subsequent to the date of establishment of the trust.
- (viii) Accumulated funds in the trust may only be used for medically necessary items not covered by SoonerCare, or other health programs or health insurance and a reasonable cost of administering the trust. Reimbursements cannot be made for any medical items to be furnished by the nursing facility. Use of the accumulated funds in the trust for any other reason will be considered as a transfer of assets and would be subject to a penalty period.
- (ix) The trustee may claim a fee of up to ~~3%~~ three percent (3%) of the funds added to the trust that month as compensation.
- (x) An example trust is included on OKDHS Form 08MA011E. Workers may give this to the member or his/her representative to use or for their attorney's use as a guide for the Medicaid Income Pension Trust.
- (xi) To terminate or dissolve a Medicaid Income Pension Trust, the worker sends a memorandum with a copy of the trust to OKDHS Family Support Services Division, Attention: HR&MS, explaining the reason and effective date for the requested termination or dissolution of the Medicaid Income Pension Trust, and giving the name and address of the trustee. The name and address of the financial institution, account number, and current balance are also required. ~~Health Related and Medical Services~~ HRMS notifies OHCA/TPL to initiate the recovery process.
- (C) A trust containing the assets of a disabled individual when all of the following are met:
- The trust is established and managed by a non-profit association;
  - The trust must be made irrevocable;
  - The trust must be approved by the OKDHS and may not be amended without the permission of the OKDHS;
  - The disabled person has no ability to control the spending in the trust;
  - A separate account is maintained for each beneficiary of the trust but for the purposes of investment and management of funds, the trust pools these accounts;
  - The separate account on behalf of the disabled person may not be liquidated without payment to OHCA for the medical expenses incurred by the members;

- (vii) Accounts in the trust are established by the parent, grandparent, legal guardian of the individual, the individual, or by a court;
- (viii) To the extent that amounts remaining in the beneficiary's account on the death of the beneficiary are not retained by the trust, the trust pays to the State from such remaining amounts an amount equal to the total medical assistance paid on behalf of the individual. A maximum of ~~30%~~ thirty percent (30%) of the amount remaining in the beneficiary's account at the time of the beneficiary's death may be retained by the trust.

(7) **Funds held in trust by Bureau of Indian Affairs (BIA).** Interests of individual Indians in trust or restricted lands are not considered in determining eligibility for assistance under the Social Security Act or any other federal or federally assisted program.

(8) **Disbursement of trust.** At any point that disbursement occurs, the amount disbursed is counted as a non-recurring lump sum payment in the month received. Some trusts generate income on a regular basis and the income is sent to the beneficiary. In those instances, the income is treated as unearned income in the month received.

The proposed revisions clarify policy on how the Agency deems income from an ineligible spouse to an eligible member within the Aged, Blind and Disabled (ABD) eligibility group. **PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 12, 2022:**

**SUBCHAPTER 5. ELIGIBILITY AND COUNTABLE INCOME**

**PART 5. COUNTABLE INCOME AND RESOURCES**

**317:35-5-42. Determination of countable income for individuals categorically related to aged, blind and disabled**

(a) **General.** The term income is defined as a gross gain or gross recurrent benefit that derives from labor, business, property, retirement and other benefits or sources that are available for use on a regular basis.

(1) If it appears the applicant or SoonerCare member is eligible for any type of income (~~excluding Supplemental Security Income (SSI)~~excluding Supplemental Security Income (SSI)) or resources, Oklahoma Department of Human Services (OKDHS) staff must notify the individual in writing of his/her potential eligibility, per Section 416.210 of Title 20 of the Code of Federal Regulations (20 C.F.R. § 416.210).

(A) Potential income may include, but is not limited to:

- (i) Retirement, Survivors, Disability Insurance (RSDI) benefits;
- (ii) Benefits from the United States (U.S.) Department of Veterans Affairs (VA);
- (iii) Workers' compensation payments;
- (iv) Unemployment insurance benefits (UIB);
- (v) Annuities;
- (vi) Pensions or other retirement benefits; or
- (vii) Disability benefits.

(B) The notice must contain the information that failure to file for and take all appropriate steps to obtain the potential income within thirty (30) calendar days from the date of the notice will result in an ineligibility determination of ineligibility.

(C) When the individual has a good cause reason for not filing for the potential income within the thirty (30) calendar day period or taking other necessary steps to obtain the income, he or she is not determined ineligible.

(2) If spouses live in their own home, the couple's total income and/or resources are divided equally between the two (2) cases. If they both enter a nursing facility, their income and resources are considered separately.

(3) When an eligible individual or child resides with an ineligible spouse or parent(s), a portion of the ineligible spouse's or parent's income is deemed as available income to the eligible individual, per Oklahoma Administrative Code (OAC) 317:35-5-42(k).

(4) If only one (1) spouse in a couple is eligible and the couple stops living together, only the income and resources that the ineligible spouse actually contributes to the eligible spouse are considered in determining the eligible spouse's eligibility, beginning with the month after the month they stop living together.

(5) Refer to OAC 317:35-9-68 to determine how to consider a community spouse's income eligibility for SoonerCare (Medicaid) when his or her spouse:

- (A) Is institutionalized in a nursing facility or an intermediate care facility for the intellectually disabled;
- (B) Is sixty-five (65) years or older and lives in a mental health hospital; or
- (C) Receives ADvantage or Home and Community Based Waiver services.

(6) In certain circumstances, the amount of income determined to be available to an individual may be greater than the amount of income the individual actually receives for his or her own use. This includes, but is not limited to:

- (A) Court-ordered income deductions for child and/or spousal support even when the support is paid directly to the child's guardian or spouse by the individual's employer or benefit payer;
- (B) Deductions due to a repayment of an overpayment, loan, or other debt, unless the amount being withheld to reduce a previous overpayment was included when determining the amount of unearned income for a previous month in the determination of medical assistance eligibility; or
- (C) Garnishments or liens placed against earned or unearned income of the individual, regardless of the purpose for the garnishment or lien.

(7) The individual's statement regarding the source and amount of available income must be verified at application, renewal, and when changes occur by:

- (A) Award letters, warrants, or other documents provided by the individual;
- (B) Automated data exchange with other agencies such as Beneficiary and Earnings Data Exchange System (BENDEX); Supplemental Security Income (SSI)/State Data Exchange System (SDX), or UIB;

- (D) Public records; or
  - (E) Collateral contacts such as employers, agencies, businesses, or community action groups.
- (8) The individual is responsible for reporting and verifying income changes within ten (10) calendar days of the change occurring.
- (b) **Sources of income considered.** The individual is responsible for reporting information regarding all sources of available income. All monies or payments that are available for current living expenses, unless specifically disregarded per (c) of this Section are considered in determining monthly gross income. Some of the more common income sources to be considered in determining eligibility are included in (1) through (8) of this subsection:
- (1) **Annuities, pensions, retirement, disability, and other payments.** In accordance with 20 C.F.R. §416.1123, benefits and payments are considered for the month they are received, unless they include retroactive payments. Retroactive payments are considered as lump sum payments per (b)(5) of this Section.
    - (A) Payments include, but are not limited to:
      - (i) RSDI and SSI benefits;
      - (ii) Veteran's benefits;
      - (iii) Railroad retirement annuities;
      - (iv) Pensions, retirement, or disability benefits from government or private sources;
      - (v) Workers' compensation; and
      - (vi) UIB.
    - (B) Determination of RSDI benefits to be considered; disregarding cost-of-living adjustments (COLAs) for former State Supplemental Payment recipients, who are reapplying for medical benefits under the Pickle Amendment, are computed, per OKDHS Appendix C-2-A, COLA Increase Computation Formulas.
    - (C) The U.S. Department of Veterans Affairs allows their recipients to request reimbursement for medical expenses not covered by SoonerCare. When a recipient is eligible for a readjustment payment, it is paid in a lump sum for the entire past year. When received, this reimbursement is disregarded as income or a resource for the month received. Any amount retained in the month following receipt is considered as a resource.
    - (D) Government financial assistance in the form of ~~VA~~ Veterans Affairs (VA) Aid and Attendance or Champus payments are considered as:
      - (i) A third-party resource whether paid to the individual or the facility when the individual resides in a nursing facility. These payments do not affect income eligibility or the vendor payment of the member; or
      - (ii) Excluded income when paid for an attendant in the individual's home.
    - (E) SSI benefits may be continued for up to three (3) months for a recipient who enters a public medical or psychiatric institution, a SoonerCare approved hospital, extended care facility, intermediate care

facility for individuals with an intellectual disability, or nursing facility. To be eligible for the continuation of benefits, the SSI recipient must have a physician's certification that the institutionalization is not expected to exceed three (3) months and there must be a need to maintain and provide expenses for the home. These continued payments are intended for the use of the recipient and do not affect the vendor payment.

(F) A veteran or his or her surviving spouse who receives a VA pension may have the pension reduced to ninety dollars (\$90) per month if the veteran does not have dependents, is SoonerCare (Medicaid) eligible, and resides in a nursing facility that is approved under SoonerCare, per Section 8003 of Public Law (P.L.) 101-508. The VA pension for a veteran or his or her surviving spouse who meets these conditions is reduced the month following the month of admission to a SoonerCare (Medicaid) approved nursing facility.

(i) The reduced VA pension is not used to compute the vendor payment or spenddown. The nursing facility resident is entitled to receive the ninety-dollars (\$90) reduced VA pension and the regular nursing facility maintenance standard, per OKDHS Appendix C-1, Maximum Income, Resource, and Payment Standards, Schedule VIII.B.2, Maximum Income, Resource, and Payment Standards.

(ii) The vendor payment or spenddown is computed using other income minus the monthly nursing facility maintenance standard and any applicable medical deductions.

(2) **Child support and alimony payments.** Child support and alimony payments are counted as unearned income whether in cash or in-kind. Per (f)(11) of this Section, one-third ( $\frac{1}{3}$ ) of child support payments received on behalf of the disabled minor child is excluded.

(3) **Dividends, interest, and certain royalties.** Dividends, interest, and certain royalties are counted as unearned income. Dividends and interest are returns on capital investments, such as stocks, bonds, or savings accounts. Royalties are compensation paid to the owner for the use of property or natural resources. Royalties are considered earned income when received as part of the individual's trade or business or in conjunction with a work publication.

(4) **Income from capital resources and rental property.** Income from capital resources may be received from the use of real or personal property, such as land, housing, machinery, leasing of minerals, a life estate, homestead rights, or interest.

(A) Rental income may be treated as self-employment income when the individual participates in the management of the trade or business or invests his/her own labor in producing the income. When the individual does not participate in the management of the trade or business or does not invest his/her own labor in producing the income, it is considered as unearned income.

- (i) The individual's federal income tax return or business records verify when the rental income is considered as self-employment income. When the individual's federal tax return or business records do not verify the rental income is from self-employment, the income is considered unearned income.
  - (ii) Expenses necessary for the production or collection of the rental income are deducted when paid, not when they are incurred. Examples of deductible expenses include interest on debt, state and local taxes on real or personal property and on motor fuel, general sales taxes, and expenses on managing or maintaining the property. Depreciation or depletion of property is not considered a deductible expense.
  - (iii) When rental property is handled by a leasing agent who collects the rent and deducts a management fee, only the rent actually received by the individual is considered as income.
- (B) If the individual receives royalty income monthly but in irregular amounts or less often than monthly, the income is averaged over the previous six (6) month period to determine the countable monthly income.
- (i) At any time a dramatic increase or decrease in royalty income occurs, the previous two (2) months of royalty income is averaged to compute the countable monthly income.
  - (ii) When the difference between the gross and net royalty income is due to a production or severance tax, the net income is used to determine income eligibility as this tax is considered the cost of producing the income.
- (5) **Lump sum payments.** Any income received in a lump sum, with the exception of an SSI or RSDI lump sum, covering a period of more than one (1) month, whether received on a recurring or nonrecurring basis, is considered as income in the month it is received. Any amount retained on the first day of the month following receipt of the lump sum is considered as a resource.
- (A) A lump sum payment may be considered as earned or unearned income, depending on the source of the lump sum payment. Lump sum payments may include, but are not limited to:
- (i) Wages or wage bonuses;
  - (ii) Retroactive RSDI, VA, or workers' compensation payments;
  - (iii) Bonus lease payments;
  - (iv) Annual rentals from land or minerals;
  - (v) Life insurance death benefits;
  - (vi) Lottery or gambling winnings;
  - (vii) Personal injury awards or settlements; or
  - (viii) Inheritances.
- (B) RSDI and SSI retroactive payments do not count as income in the month of receipt. Any unspent portion retained on the first day of the month following receipt of the lump sum is excluded from

resources for nine (9) calendar months, per 20 C.F.R. § 416.1233. However, unspent money from a retroactive payment must be identifiable from other resources for this exclusion to apply. The money may be commingled with other funds, but if this is done in such a fashion that the retroactive amount can no longer be separately identified, that amount is counted toward the resource limit.

(C) Lump sum payments used to establish dedicated bank accounts by representative payees in order to receive and maintain retroactive SSI benefits for children with disabilities or blindness who are under eighteen (18) years of age are excluded as income or a resource. The interest income generated from dedicated bank accounts is also excluded.

(D) A life insurance death benefit received by the individual for another person is considered as income in the month received except for amounts paid for the person's last illness and burial expenses. Money retained in the month following receipt of the benefit is counted as a resource to the extent that it is available.

(E) Changing a resource from one form to another, such as converting personal property to cash, is not considered a lump sum payment, all other things being equal.

(6) **Non-negotiable notes and mortgages.** Installment payments received on a note or mortgage are considered as monthly unearned income.

(7) **Income from the Workforce Innovation and Opportunity Act (WIOA).** Unearned income received by an adult, such as a need-based payment, cash assistance, compensation in lieu of wages, or allowances from a program funded by WIOA is considered as any other unearned income.

(8) **In-kind support and maintenance.** In-kind support and maintenance is food or shelter given to the individual or that the individual receives because someone else pays for it. Shelter includes room, rent, mortgage payments, real property taxes, heating fuel, gas, electricity, water, sewerage, and garbage collection services. The value of this support may be counted as income using the one-third (1/3) reduction rule, per 20 C.F.R. §§ 416.1131 through 416.1133 or the presumed value rule, per 20 C.F.R. §§ 416.1140 through 416.1145.

(A) **One-third (1/3) reduction rule.** The one-third (1/3) reduction rule applies when the individual or the individual and his/her spouse lives in the household of a person who provides him/her with both food and shelter for at least a full calendar month. Per 20 C.F.R. § 416.1131, instead of determining the actual value of in-kind support and maintenance, one-third (1/3) of the SSI federal benefit rate, per OKDHS Appendix C-1, Schedule VIII.C is counted as income.

(i) The one-third (1/3) reduction rule applies in full or not at all. When the individual lives in another person's household and the one-third (1/3) reduction rule applies, no income exclusions are applied to the reduction amount.

## Permanent Final Adoptions

---

- (ii) When the one-third ( $\frac{1}{3}$ ) reduction rule applies and the individual receives other support and maintenance, the other support and maintenance is not counted.
- (iii) The one-third ( $\frac{1}{3}$ ) reduction rule does not apply when the individual or the individual and his/her spouse:
  - (I) Lives in another person's household but does not receive both food and shelter from that person;
  - (II) Lives in his/her own household; or
  - (III) Lives in a non-medical institution such as a public or private non-profit educational or vocational institution, or a private non-profit retirement home.
- (B) **Another person's household.** The individual is considered to be living in another person's household if the person is not considered to be living in his/her own home per (C) of this subsection, the person who supplies the support and maintenance lives in the same household, and is not:
  - (i) The individual's spouse;
  - (ii) A minor child; or
  - (iii) An ineligible person whose income may be deemed to the individual per OAC 317:35-5-42(k).
- (C) **Living in own household.** The individual or the individual and his/her spouse are considered to be living their own household when:
  - (i) The individual, the individual and his/her spouse, or a person whose income is deemed to the individual, live in a home in which one of them has an ownership interest or life estate in the home;
  - (ii) The individual, the individual and his/her spouse, or a person whose income is deemed to the individual is liable for any part of the rent charges;
  - (iii) The individual pays at least a pro rata share of the household and operating expenses;
  - (iv) The individual lives in a non-institutional care setting. The individual is considered to be living in a non-institutional care situation when:
    - (I) He/she is placed by a public or private agency under a specific program such as foster or family care;
    - (II) The placing agency is responsible for the individual's care;
    - (III) He/she lives in a private household that is licensed or approved by the placing agency to provide care; and
    - (IV) The individual, a public agency, or someone else pays for his/her care; or
  - (v) All members of the household receive public maintenance payments such as:
    - (I) Supplemental Security Income (SSI);
    - (II) State Supplemental Payment (SSP);
    - (III) Temporary Assistance for Needy Families (TANF);
    - (IV) Refugee cash assistance;
- (V) Assistance provided under the Disaster Relief and Emergency Assistance Act;
- (VI) Bureau of Indian Affairs (BIA) general assistance programs;
- (VII) State or local government assistance programs based on need; or
- (VIII) VA payments based on need.
- (D) **Presumed value rule.** The presumed value rule applies when the individual receives in-kind support and maintenance and the one-third ( $\frac{1}{3}$ ) reduction rule does not apply. The maximum presumed value is one-third ( $\frac{1}{3}$ ) of the SSI ~~FBR~~ Federal Benefit Rate (FBR), per OKDHS Appendix C-1, Schedule VIII.C plus the ~~\$20~~ twenty dollars (\$20) general income exclusion.
  - (i) The presumed value rule allows the individual to show that the amount of in-kind support and maintenance is not equal to the maximum presumed value. When the individual does not question the maximum presumed value, one-third ( $\frac{1}{3}$ ) of the SSI ~~FBR~~ FBR, per OKDHS Appendix C-1, Schedule VIII.C plus the ~~\$20~~ twenty dollars (\$20) general income exclusion is counted as unearned income.
    - (I) When the individual disputes the amount counted for in-kind support and maintenance, he/she may verify that the current market value of the food or shelter he/she receives or the actual amount someone else pays for the individual's food and shelter is lower than the maximum presumed value.
    - (II) When the individual verifies that the food or shelter received is lower the maximum presumed value, the lower amount is used as the presumed value and counted as unearned income.
    - (III) When the individual verifies the actual value of the food or shelter he she receives and it is higher than the maximum presumed value amount, the actual amount is counted as unearned income.
  - (ii) In-kind support and maintenance received by an individual is excluded if:
    - (I) It is identified as excluded per (e) or (f) of this Section,
    - (II) It is received from another member of a public assistance household; or
    - (iii) The individual receives SSI and the SSA does not reduce the individual's SSI benefit because of in-kind support and maintenance.
    - (iv) When the individual or the individual and his or her spouse live in a household in which all members receive a public maintenance payment per (b)(8)(C)(v) of this subsection, in-kind support and maintenance is not counted unless the individual receives food and shelter from someone outside of the household.
- (9) **Earned income.** Earned income may include:

(A) **Wages.** Wages include the gross income earned for work performed as an employee before deductions, such as taxes, bonds, pensions, union dues, credit union payments, or cafeteria plans are subtracted.

(i) Wages paid in cash may include salaries, commissions, tips, piece-rate payments, longevity payments, bonuses, severance pay, and any other special payments received due to employment.

(ii) Wages paid to uniformed service members include basic pay, some types of special pay, and some allowances. Allowances paid for on-base housing or privatized military housing are considered unearned income in the form of in-kind support and maintenance. Allowances paid for private housing are considered wages.

(iii) Wages paid in-kind may include the value of food, clothing, shelter, or other items provided in lieu of or in conjunction with wages. The cash value of in-kind benefits must be verified by the employer. Medical insurance secured through the employer, whether purchased or as a benefit, is not considered a countable in-kind benefit. Exception: In-kind pay received by a domestic or agricultural worker is considered unearned income.

(iv) Work study received by an individual who is attending school is considered as earned income with appropriate earned income exclusions, per (g) of this Section applied.

(v) Payments received for services performed in a sheltered workshop or work activities center are counted as earned income. Payments for each calendar quarter are averaged to determine monthly income.

(vi) Income received as wages from a program funded by WIOA is counted as any other earned income.

(vii) Earnings received from the Senior Community Service Employment Program under Title V of the Older Americans Act of 1965 as amended and employment positions allocated at the discretion of Governor of Oklahoma are counted as earned income.

(B) **Self-employment income.** Self-employment income is the gross income earned from a trade or business. Self-employment income also includes in-kind benefits for a work activity or service for which the self-employed person ordinarily receives payment in his/her business enterprise, such as an exchange of business or labor, the individual's share of profit or loss in any partnership to which he/she belongs, and money received for the sale of whole blood or plasma. Income eligibility is based on the individual's net self-employment income after subtracting business expenses. Refer to (i)(4) of this Section for self-employment income determination procedures.

(c) **What is not income.** Items that are not considered income per 20 C.F.R. § 416.1103 because the individual cannot

use them as food or shelter or to obtain food or shelter include, but are not limited to:

(1) Medical care and services, including medical insurance premiums paid directly by anyone on the individual's behalf;

Interest the individual receives on money he/she loans someone else is considered income. Criteria to establish a loan as bona fide includes:

(A) An acknowledgment of the obligation to repay or evidence that the loan was from an individual or financial institution in the loan business. If the loan agreement is not written, OKDHS Form 08AD103E, Loan Verification, should be completed by the borrower attesting that the loan is bona fide and signed by the lender verifying the date and amount of loan. When copies of written agreements or OKDHS Form 08AD103E are not available, documentation must show that the loan is bona fide and how the debt amount and date of receipt was verified.

(B) The borrower's acknowledgment of obligation to repay, with or without interest, and the lender's verification of the loan are required to indicate that the loan is bona fide when the loan is from a person(s) not in the loan business.

(7) Bills paid for the individual by someone else directly to the provider unless it is considered payment for food or shelter;

(8) Replacement of income that is lost, destroyed, or stolen, such as receiving a replacement paycheck because the original payment was stolen;

- (21) The Oklahoma Achieving a Better Life Experience (ABLE) Program, in accordance with OAC 317:35-5-41.9(c)(1) and 26 U.S.C. § 529A. Money deposited into or withdrawn from a qualified ABLE Program account or a qualified ABLE Program account set up in any other state, is excluded as income or a resource when the individual:

- (A) Provides documents to verify the account meets exemption criteria;
  - (B) Verifies money deposited in the account does not exceed the annual federal gift tax exclusion amount per 26 U.S.C. § 2503(b). Any money deposited in the account in the calendar year that is in excess of the annual federal gift tax exclusion amount is considered as countable income in the amount deposited; and
  - (C) Verifies withdrawals from the account were used to pay qualified disability expenses (QDE). Money withdrawn for reasons other than to pay QDE is considered as income for the month of withdrawal.
- (22) Any other income exempted by new or revised federal statutes that are in effect before the Subpart K Appendix is updated.
- (f) **Unearned income excluded by the Social Security Act.** Unearned income excluded by the Social Security Act, per 20 C.F.R. § 416.1124 includes:
- (1) Any public agency's refund of taxes on real property or food;
  - (2) Need-based assistance that is wholly funded by a State or one of its political subdivisions. For purposes of this rule, an Indian tribe is considered a political subdivision of a State. Assistance is based on need when it is provided under a program that uses the individual's income as an eligibility factor. State need-based assistance programs include the SSP program, but not federal/state programs such as TANF;
  - (3) Any portion of a grant, scholarship, fellowship, or gift used or set aside for paying tuition, fees, or other necessary educational expenses. This does not include any portion set aside or actually used for food or shelter;
  - (4) Food raised by the individual and/or his or her spouse, if it is consumed by the individual or the individual's household;
  - (5) Assistance received under the Disaster Relief and Emergency Assistance Act and assistance provided under any federal statute because of a presidentially-declared disaster;
  - (6) The first sixty dollars (\$60) of unearned income received in a calendar quarter that is received infrequently or irregularly. Income is considered:
    - (A) To be infrequent when the individual receives it only once during a calendar quarter from a single source and did not receive that type of income in the month preceding or following the month the income was received; and
    - (B) Irregular when the individual cannot reasonably expect to receive it;
  - (7) Alaska longevity bonus payments;
  - (8) Payments for providing foster care to an ineligible child placed in the individual's home by a public or private nonprofit child placement or ~~child care~~ childcare agency;
  - (9) Any interest earned on excluded burial funds and any appreciation in the value of an excluded burial arrangement that are left to accumulate and become a part of the separate burial fund;
  - (10) Certain support and maintenance assistance as described in 20 C.F.R. § 416.1157 that is certified in writing by the appropriate state agency to be both based on need and:
    - (A) Provided in-kind by a private nonprofit agency; or
    - (B) Provided in cash or in-kind by a:
      - (i) Supplier of home heating oil or gas;
      - (ii) Rate-of-return entity providing home energy; or
      - (iii) A municipal utility providing home energy;
  - (11) One-third (1/3) of child support payments received on behalf of the minor child with disabilities;
  - (12) The first twenty dollars (\$20) of any unearned income received in a month other than income in the form of in-kind support and maintenance received in the household of another per (b)(8) of this Section and need-based income. Need-based income is a benefit that uses financial need as a factor to determine eligibility. The twenty dollars (\$20) exclusion does not apply to a needs-based benefit that is totally or partially funded by the federal government or by a nongovernmental agency. However, assistance which is based on need and funded wholly by a State or one of its political subdivisions, such as SSP, is excluded totally from income. When the individual has less than twenty dollars (\$20) of unearned income in a month, the rest of the twenty dollars (\$20) exclusion may be deducted from the individual's countable earned income;
  - (13) Any unearned income received and used to fulfill an approved plan to achieve self-support (PASS) for an individual with disabilities or blindness. The Social Security Administration (SSA) approves the plan, the amount of income excluded, and the period of time approved;
  - (14) Federal housing assistance provided under:
    - (A) The U.S. Housing Act of 1937;
    - (B) The National Housing Act;
    - (C) Section 101 of the Housing and Urban Development Act of 1965;
    - (D) Title V of the Housing Act of 1949; or
    - (E) Section 202(h) of the Housing Act of 1959;
  - (15) Any interest accrued on and left to accumulate as part of the value of an excluded burial space purchase agreement. This exclusion from income applies to interest accrued on or after April 1, 1990;
  - (16) The value of any commercial transportation ticket among the fifty states, the District of Columbia, Puerto Rico, the Virgin Islands, Guam, American Samoa, and the Northern Mariana Islands, that is received as a gift and is not converted to cash;

- (19) Special pay received from one of the uniformed services, per 37 U.S.C. § 310;
- (20) Interest or other earnings on a dedicated account established for an eligible individual under eighteen (18) years of age when past due benefit payments must or may be paid into such an account, per 20 C.F.R. § 416.1247;
- (21) Gifts to children under eighteen (18) years of age with life-threatening conditions from an organization described in Section 501(c)(3) of the Internal Revenue Code of 1986, provided that:
  - (A) In-kind gifts not converted to cash; or
  - (B) Cash gifts do not exceed two-thousand dollars (\$2,000) within a calendar year;
    - (i) ~~Is blind or disabled;~~

- (25) The first two-thousand dollars (\$2,000) per calendar year received as compensation for participation in clinical trials that meet the criteria, per Section 1612(b)(26) of the Social Security Act.

(g) **Earned income exclusions.** Per 20 C.F.R. § 416.1112, earned income exclusions are applied after the unearned income exclusions, and in the order listed per (1) through (11) of this subsection. Earned income exclusions must not exceed the amount earned and include:

- (1) Earned income tax credit and child tax credit payments;
- (2) The first ~~\$30~~ thirty dollars (\$30) of infrequent or irregular earned income received in a calendar quarter;
- (3) The student earned income exclusion (SEIE) up to the SEIE monthly limit, per OKDHS Appendix C-1, Schedule VIII.E is applied to the earned income of a student who:

The SSA approves the plan, the amount of income excluded, and the period of time approved; and
- (11) Payments made to participants in AmeriCorps State and National and AmeriCorps National Civilian Community Corps (NCCC). These payments may be made in cash or in-kind and may be made directly to the AmeriCorps participant or on the AmeriCorps participant's behalf. These payments include, but are not limited to: living allowance payments, stipends, educational awards, and payments in lieu of educational awards.
  - (A) ~~Earned or unearned exclusions are never reduced below zero;~~
  - (B) ~~Portions of a monthly exclusion cannot be carried over for use in a subsequent month;~~

- (h) **Unused exclusions.** Unused:
  - (1) Earned or unearned exclusions are never reduced below zero (0);
  - (2) Portions of a monthly exclusion cannot be carried over for use in a subsequent month;
  - (3) Earned income exclusions are never applied to unearned income; and/or
  - (4) Unearned income exclusions are not applied to earned income except for any remaining portion of the twenty dollars (\$20) general income exclusion.

## Permanent Final Adoptions

(i) **Monthly income determination.** The total gross amount of earned and unearned income available to the eligible individual and eligible or ineligible spouse is determined before subtracting applicable unearned and earned income exclusions per (d) through (g) of this section. In calculating monthly income, cents are included in the computation until the monthly amount of each income source is established. Once the monthly amount of each income source is established, cents are rounded to the nearest dollar, (one (1) to forty-nine (49) cents is rounded down, and fifty (50) to ninety-nine (99) cents is rounded up).

(1) **Averaging income.** When the individual indicates that he/she receives income monthly, but on an irregular basis, the most recent two (2) months of income are averaged to determine income eligibility.

(A) Income that is received less often than monthly or in amounts that vary significantly over the course of a year may be averaged over a longer period of time. For instance, royalty income must be averaged over a six (6) month period.

(B) Less than two (2) months of income may be used when the income started less than two (2) months ago or previous income amounts are not representative of future income. For instance, the individual may have started a new job less than two (2) months ago or may have received a one-time bonus or overtime pay that is not expected to recur.

(2) **Converting income to a monthly amount.** Income received more often than monthly is converted to monthly amounts as indicated in (A) through (E) of this subsection:

(A) **Daily.** Income received on a daily basis is converted to a weekly amount. When there is consistency in days worked each week and regular pay dates, the income is multiplied by 4.3. When there is no consistency, refer to (3) of this subsection for irregular income processing.

(B) **Weekly.** Income received weekly is multiplied by 4.3.

(C) **Twice a month.** Income received twice a month is multiplied by two (2).

(D) **Biweekly.** Income received every two (2) weeks is multiplied by 2.15.

(E) **Irregular income.** Income received monthly but at irregular intervals is not converted by 4.3, 2, or 2.15 when there is no consistency in the work offered or when pay is received. Instead, the income received over the last two (2) months is added together and divided by two (2) to arrive at a monthly average.

(3) **Infrequent or irregular income.** Infrequent or irregular income is considered countable income in the month it is received unless excluded per (C) of this paragraph.

(A) Income is considered to be infrequent if the individual receives it only once during a calendar quarter from a single source and the individual did not receive that type of income in the month preceding or following the month the income was received.

(B) Income is considered to be irregular if the individual cannot reasonably expect to receive it.

(C) When the individual receives infrequent or irregular income, exclude the first:

(i) ~~\$30~~ **Thirty dollars (\$30)** per calendar quarter of earned income; and

(ii) ~~\$60~~ **Sixty dollars (\$60)** per calendar quarter of unearned income.

(4) **Self-employment income determination.** Self-employment income is determined per (A) through (E) of this paragraph:

(A) When filed, the federal income tax form for the most recent year is used to calculate the individual's self-employment income and business expenses for the certification period. The net earnings shown on the income tax form after business expenses are subtracted is divided by twelve (12) months to determine the individual's monthly countable self-employment income.

(B) When the individual did not file a federal tax form for the most recent year, the individual's business records showing monthly income and expenses are used to determine the individual's self-employment income. When the business was in operation for the entire year, the individual's net income after subtracting business expenses is divided by twelve (12) months to determine the individual's monthly countable self-employment income.

(C) Self-employment income that represents a household's annual support is prorated over a twelve-month (12-month) period, even if the income is received in a short period of time. For example, self-employment income received by crop farmers is averaged over a twelve-month (12-month) period if the income represents the farmer's annual support.

(D) If the household's business has operated for less than a year, the income from that business is averaged over the period of time the business has operated to establish the monthly income amount.

(E) After the net countable self-employment income is determined, the earned income exclusions per (g) of this section are then applied to establish countable earned income.

(5) **SSI recipients.** If a member is determined to be categorically needy and is also an SSI recipient, any change in countable income does not affect SoonerCare receipt and the State Supplemental Payment (SSP) payment amount as long as the changed income amount does not cause SSI ineligibility.

(A) Income considered by SSI in the retrospective cycle is not counted until SSI makes the change, so the income is not counted twice. If the SSI change is not made timely by SSA, the income is counted as if it had been timely.

(B) If the receipt of the income causes SSI ineligibility, the income is considered immediately with proper action taken to reduce or close the SoonerCare and SSP benefit. Any SSI overpayment caused by

SSA not making timely changes will result in recovery by SSI in the future. When the OKDHS worker becomes aware of income changes that affect the individual's SSI eligibility or payment amount, he/she shares the information with the SSA office.

(j) **Computation of income.** After determining the individual's and his/her spouse's monthly income.

(1) **General income exclusion.** The general income exclusion of twenty dollars (\$20) per month is subtracted from the combined unearned income of the eligible individual and eligible or ineligible spouse, unless the only unearned income is SSP. If any portion of the general income exclusion is not subtracted from unearned income, it is subtracted from earned income.

(2) **Earned income deduction.** When the individual has earned income, after deducting the twenty dollars (\$20) exclusion, the sixty-five (\$65) and one-half of the remaining combined earned income is then deducted.

(3) **Deeming computation procedures.** Refer to OAC 340:35-5-42(k) for deeming computation procedures from an ineligible spouse, ineligible parent, sponsor of an alien or an essential person to the eligible individual or child.

(k) **General income deeming procedures.** The term deeming is used to identify the process for considering another individual's income to be available to the applicant or SoonerCare member, described in this Section as the eligible individual or child. Per Section 416.1160 of Title 20 of the Code of Federal Regulations (20 C.F.R. § 416.1160), there are four (4) categories of individuals whose income may be deemed when determining eligibility: an ineligible spouse, ineligible parent, the sponsor of an alien, or an essential individual. The first step in deeming is determining how much income the applicable individual(s) has. When deeming rules apply, it does not matter if the other individual's income is actually available to the eligible individual or child.

(1) **Ineligible spouse.** An ineligible spouse is a spouse who lives in the same household with the eligible individual and is not eligible for Supplemental Security Income (SSI). For spouse-to-spouse deeming to apply, the eligible individual must be eligible based on his or her own income.

(2) **Ineligible parent.** An ineligible parent is a natural or adoptive parent or stepparent who lives with an eligible child under eighteen (18) years of age and is not eligible for SSI. A stepparent's income is not deemed if the eligible child's natural or adoptive parent dies or permanently leaves the home, per 20 C.F.R. § 416.1165.

(3) **Sponsor of an alien.** A sponsor is an individual, not an organization or an employer, who signs an affidavit agreeing to support the alien as a condition for the alien's admission for permanent residence in the ~~United States~~ (U.S.)U.S. A portion of the sponsor's income is deemed to the alien for three (3) years even when the sponsor and alien do not live together unless (A) if this paragraph applies.

(A) Deeming rules regarding sponsored aliens do not apply when the alien:

(i) Is a refugee admitted to the ~~United States~~ (U.S.)U.S., per Section 203(a)(7), 207(c)(1) or Section 212(d)(5) the Immigration and Nationality Act;

(ii) Was granted asylum by the Attorney General of the U. S.; or

(iii) Becomes blind or disabled, per 20 C.F.R. § 416.901 after admission to the U. S. When this occurs, the sponsor's income is no longer deemed beginning with the month in which you're the disability or blindness begins.

(B) If the sponsor is the alien's ineligible spouse or ineligible parent(s), the spouse-to-spouse or parent-to-child deeming calculations apply.

(C) If a sponsored alien has a sponsor and an ineligible spouse or ineligible parent(s) who is not his/her sponsor, both sponsor-to-alien and spouse-to-spouse or parent-to-child deeming calculations apply.

(4) **Household definition.** A household for deeming purposes may include the eligible individual or child, an eligible or ineligible spouse, and any children of the couple or of either member of the couple. A household for an eligible child includes the eligible child's parent(s), and any other children of the parent(s).

(A) A child is considered a member of the household from birth for deeming purposes unless the parent(s) completed paperwork to give the child up for adoption or the child was placed in the temporary custody of a public children's services agency. Exception: A premature infant born at thirty-seven (37) weeks or less whose birth weight in less than two (2) pounds ten (10) ounces is considered disabled by the ~~Social Security Administration~~SSA even if no other medical impairment exists. When this occurs, the parent(s)' income is not deemed to the child until the month after the month the child leaves the hospital and begins living with his/her parent(s).

(B) An eligible individual or an ineligible spouse or ineligible parent who is temporarily absent from the home per (5) of this subsection, is considered to be a member of the household for deeming purposes per 20 C.F.R. § 416.1167.

(5) **Temporary absence for deeming purposes.** During a temporary absence, per 20 C.F.R. § 416.1167, the absent individual is considered a household member for deeming purposes when an:

(A) Eligible individual or child, ineligible spouse, ineligible parent, or an ineligible child leaves the household but intends to and does return in the same month or the next month;

(B) Eligible individual or child enters a medical treatment facility for up to two (2) or three (3) full months;

(C) Eligible child is away at school but comes home on some weekends or lengthy holidays and is subject to his/her parent's control; or

(D) Ineligible spouse or parent is absent from the household due solely to a duty assignment as a member of the Armed Forces on active duty.

(l) **Income exclusions for an ineligible spouse or ineligible parent.** Income excluded for an ineligible spouse or parent per 20 C.F.R. § 416.1161 include:

(1) Income excluded by federal laws other than the Social Security Act, per the Appendix to Subpart K of Part 416 and Oklahoma Administrative Code (OAC) 317:35-5-42(e);

(2) Any public income-maintenance payments the ineligible spouse or parent receives and any income that was counted or excluded in figuring the amount of that payment. Per 20 C.F.R. § 416.1142, these payments include SSI, State Supplemental Payment (SSP), TANF, refugee cash assistance, disaster relief and emergency assistance, general assistance provided by the Bureau of Indian Affairs, and U.S. Department of ~~Veteran~~Veterans Affairs, State or local government assistance programs based on need;

(3) Any of the ineligible spouse's or parent's income that is used by a public income-maintenance program to determine that program's benefits to someone else;

(6) Any portion of a grant, scholarship, fellowship, or gift used or set aside to pay tuition, fees or other necessary educational expenses;

(7) Money received for providing foster care to an ineligible child;

(8) The value of Supplemental Nutrition Assistance Program food benefits and the value of Department of Agriculture donated foods;

(9) Food raised by the spouse or parent and consumed by members of the household in which you live;

(10) Tax refunds on income, real property, or food purchased by the family;

(11) Income used to fulfill an approved plan for achieving self-support, per 20 C.F.R. §§ 416.1180 through 416.1182 and OAC 317:35-5-42(f)(13) and (g)(10);

(12) The value of in-kind support and maintenance as described in OAC 317:35-5-42(b)(8);

(13) Alaska longevity bonus payments;

(14) Disaster assistance, per 20 C.F.R. §§ 416.1150 and 416.1151;

(15) Income received infrequently or irregularly, per 20 C.F.R. §§ 416.1112(c)(1) and 416.1124(c)(6) and OAC 317:35-5-42(f)(6) and (g)(2);

(16) Work expenses if the ineligible spouse or parent is blind such as transportation expenses to and from work and job performance or improvement expenses;

(18) Housing assistance, per 20 C.F.R. § 416.1124(c)(14);

(19) The value of a commercial transportation ticket, per 20 C.F.R. § 416.1124(c)(16). However, if such a ticket is converted to cash, the cash is income in the month your spouse or parent receives the cash;

(20) Refunds of ~~Federal~~federal income taxes and advances made by an employer relating to an earned income tax credit, per 20 C.F.R. § 416.1112(c);

(21) Payments from a fund established by a State to aid victims of crime, per 20 C.F.R. § 416.1124(c)(17);

(22) Relocation assistance, per 20 C.F.R. § 416.1124(c)(18);

(23) Special pay received from one of the uniformed services pursuant to Section 310 of Title 37 of the United States Code;

(24) Impairment-related work expenses, per 20 C.F.R. § 404.1576 and OAC 317:35-5-42(g)(7), incurred and paid by an ineligible spouse or parent, if the ineligible spouse or parent receives disability benefits under Title II of the Social Security Act;

(25) Interest earned on excluded burial funds and appreciation in the value of excluded burial arrangements which are left to accumulate and become part of separate burial funds, and interest accrued on and left to accumulate as part of the value of agreements representing the purchase of excluded burial spaces per 20 C.F.R. § 416.1124(c)(9) and (15));

(26) Interest and dividend income from a countable resource or from a resource excluded under a Federal statute other than Section 1613(a) of the Social Security Act;

(27) Earned income of a student, per 20 C.F.R. § 416.1112(c)(3) and OAC 317:35-5-42(g)(3); and

~~(28) Any additional increment in pay, other than any increase in basic pay, received while serving as a member of the uniformed services, if the ineligible spouse or parent:~~

(28) Any additional increment in pay, other than any increase in basic pay, received while serving as a member of the uniformed services, if the ineligible spouse or parent:

(A) Received the pay as a result of deployment to or service in a combat zone; and

(B) Was not receiving the additional pay immediately prior to deployment to or service in a combat zone.

(m) **Deeming from an ineligible spouse.** When the eligible individual lives with an ineligible spouse who has income, the deeming steps in (1) through (5) of this paragraph are used to calculate the amount of income to deem to the eligible individual.

(1) The ineligible's spouse's total gross unearned and earned income is determined and appropriate exclusions per (l) of this Section are applied.

(2) An ineligible child allocation is then subtracted for each ineligible child in the home, per OKDHS Appendix C-1, Maximum Income, Resource, and Payment Standards, Schedule VIII.C.

(A) The ineligible child allocation is subtracted from the ineligible spouse's unearned income before subtracting any remaining allocation from his/her earned income.

(B) An ineligible child allocation is not allowed for a child who receives a public income-maintenance ~~payments~~ payment, per 20 C.F.R. § 416.1142 and as listed per (1)(2) of this Section.

(C) When the ineligible child has countable income, the child's income is subtracted from the ineligible child allocation before subtracting the remaining allocation from the ineligible spouse's income.

(3) When the ineligible spouse sponsors an alien(s), the allocation for the alien(s) that is deemed from the ineligible spouse's income is subtracted from the ineligible spouse's unearned income before subtracting any remaining allocation from his/her earned income.

(A) The allocation for each sponsored alien is the difference between the SSI ~~federal benefit rate (FBR)~~FBR for an eligible couple minus the FBR for an eligible individual, per OKDHS Appendix C-1, Schedule VIII.C.

(B) Each alien's allocation is reduced by the amount of the alien's own income, per (m) of this Section.

(4) When, after subtracting the ineligible child allocation and, if appropriate, the sponsored alien allocation, the ineligible spouse's income is less than or equal to the difference between the SSI FBR for an eligible couple and the SSI FBR for an eligible individual, per OKDHS Appendix C-1, Schedule VIII.C, no income is deemed from the ineligible spouse.

(A) In this instance, only the eligible individual's own countable income minus exclusions per (l) of this Section is considered.

(B) When the eligible individual's countable income is less than or equal to the SSI FBR for an individual, per OKDHS Appendix C-1, Schedule VIII.C, he/she is financially eligible for SoonerCare (Medicaid). When the eligible individual's countable income is over the SSI FBR standard, the individual's eligibility for Qualified Medicare Beneficiary Plus (QMBP) must still be evaluated.

(5) When, after subtracting the appropriate allocations, the ineligible spouse's income is greater than the difference between the SSI FBR for an eligible couple and the SSI FBR for an eligible individual, per OKDHS Appendix C-1, Schedule VIII.C, the spouses are treated as an eligible couple by:

(A) Combining the remainder of the ineligible spouse's unearned income with the eligible individual's unearned income and the remainder of the ineligible spouse's earned income with the eligible individual's earned income;

(B) Applying appropriate income exclusions, per OAC 317:35-5-42(e), (f), and (g) from the eligible spouse's income, including the ~~\$20~~twenty dollars

~~(\$20)~~ general exclusion from the couple's unearned income and ~~\$65~~sixty-five dollars (\$65) plus one-half (1/2) of the remaining earned income from the couple's earned income; and

(C) Subtracting the couple's countable income from the SSI FBR for an eligible couple, per OKDHS Appendix C-1, Schedule VIII.C. When the income is less than or equal to the SSI FBR for an eligible couple, the eligible individual is financially eligible for SoonerCare (Medicaid). When the eligible individual's countable income is over the SSI FBR standard, the individual's eligibility for Qualified Medicare Beneficiary Plus (QMBP) must still be evaluated.

(n) **Deeming from ineligible parent(s).** When a child with disabilities or blindness lives with ineligible parent(s), the deeming steps in (1) through (6) of this paragraph are used to calculate the amount of income to deem to the eligible child, up through the month in which the child reaches age eighteen (18).

(1) The gross unearned and earned income of each ineligible parent living in the home is determined and appropriate exclusions are applied, per (l) of this Section.

(2) An ineligible child allocation is subtracted for each ineligible child in the home, per OKDHS Appendix C-1, Schedule VIII.C. Exception: An ineligible child allocation is not allowed for a child who receives public income-maintenance payments, per 20 C.F.R. § 416.1142 and as listed per (1)(2) of this Section.

(A) The ineligible child allocation is first subtracted from the ineligible parent(s)' combined unearned income before subtracting any remaining allocation from their earned income.

(B) When the ineligible child has countable income, the child's income is subtracted from the ineligible child allocation before applying the allocation.

(3) When the ineligible parent sponsors an alien(s), the allocation for the alien(s) that is deemed from the ineligible parent's income per (p) of this Section is subtracted from the ineligible parent(s)' income.

(4) An allocation is then subtracted for the ineligible parent(s) unless the parent receives public income-maintained payments. The allocation is calculated by:

(A) Subtracting the twenty dollars (\$20) general exclusion from the combined unearned income of the ineligible parent(s). If there is less than twenty dollars (\$20) of unearned income, subtract the twenty dollars (\$20) remaining exclusion from their combined earned income;

(B) Subtracting sixty-five dollars (\$65) and one-half of the remainder of their earned income; and

(C) Totaling the ineligible parent(s)' remaining earned and unearned income and, depending on the number of parents in the home, subtracting the SSI FBR for an individual or a couple, per OKDHS Appendix C-1, Schedule VIII.C.

(5) The parent(s)' remaining income is then deemed to the eligible child. When there is more than one (1)

## Permanent Final Adoptions

eligible child in the home, the parent(s)' remaining income is divided by the number of eligible children in the home.

(6) The deemed income is added to the eligible child's own countable unearned income. When the eligible child's deemed and own unearned and earned income, minus appropriate exclusions, per OAC 317:35-5-42(e),(f), and (g), is less than or equal to the SSI FBR for an individual, per OKDHS Appendix C-1, Schedule VIII.C, the child is financially eligible for SoonerCare (Medicaid).

(A) When a child with intellectual disabilities is ineligible for SoonerCare due to the deeming process, he/she may be approved for SoonerCare under the Home and Community Based Services Waiver (HCBS) Program, per OAC 317:35-9-5.

(B) When a child is eligible for Tax Equity & Fiscal Responsibility Act (TEFRA), the income of child's parent(s) is not deemed to him/her.

(C) The parent(s)' income is not deemed to a premature infant born at thirty-seven (37) weeks or less whose birth weight is less than twelve hundred (1200) grams or approximately two (2) pounds ten (10) ounces until the child leaves the hospital and begins living with his/her parent(s).

(o) **Deeming when the household includes an ineligible spouse, an eligible spouse, and an eligible and ineligible child.** When the household includes an ineligible spouse, an eligible spouse, one or more eligible children, and one or more ineligible children, the ineligible spouse's income is first deemed to the eligible spouse and the remainder to the eligible child(ren) using the deeming steps in (1) through (6) of this subsection.

(1) The gross unearned and earned income of the ineligible spouse is determined and appropriate exclusions are applied, per (1) of this Section.

(2) An ineligible child allocation is subtracted for each ineligible child in the home, per OKDHS Appendix C-1, Schedule VIII.C. Exception: An ineligible child allocation is not allowed for a child who receives public income-maintenance payments, per 20 C.F.R. § 416.1142 and as listed per (1)(2) of this Section.

(3) If the ineligible spouse's remaining income is less than or equal to the current SSI FBR for a couple minus the current SSI FBR for an individual, no income is deemed to the eligible spouse or eligible child(ren).

(A) Compare the eligible spouse's and each eligible child's own countable income, after applying appropriate exclusions, per OAC 317:35-5-42(e),(f), and (g) to the current SSI FBR for an individual, per OKDHS Appendix C-1, Schedule VIII.C.

(B) When the eligible spouse's and/or each eligible child's own income is less than or equal to the current SSI FBR for an individual, they are financially eligible for SoonerCare.

(4) If the ineligible spouse's remaining income after subtracting the ineligible child allocation(s) is greater than the current SSI FBR for a couple minus the current SSI FBR for an individual:

(A) Combine the ineligible spouse's post-allocation unearned and earned income and the eligible spouse's unearned and earned income, after applying the appropriate exclusions, per OAC 317:35-5-42(e),(f), and (g);

(B) Subtract the twenty dollars (\$20) general exclusion from the couple's combined unearned income. If there is less than twenty dollars (\$20) of unearned income, then subtract the remainder of the exclusion from the couple's combined earned income; and

(C) Subtract sixty-five dollars (\$65) plus one-half of the remainder from the couple's combined earned income.

(5) If the couple's countable income is less than or equal to the current SSI FBR for a couple, per OKDHS Appendix C-1, Schedule VIII.C, the eligible spouse is financially eligible for SoonerCare and no income is deemed to the eligible child(ren). If the couple's countable income is greater than the current SSI FBR for a couple, the eligible spouse is not financially eligible for SoonerCare.

(6) When the eligible spouse is not financially eligible for SoonerCare, the amount of the couple's income in excess of the SSI FBR for a couple is divided by the number of eligible children in the household. The resulting amount is deemed to each eligible child.

(A) Any income deemed to an eligible child is added to the eligible child's own unearned income.

(B) The eligible child's unearned and earned income are combined after applying appropriate exclusions, per OAC 317:35-5-42(e),(f), and (g).

(C) If each eligible child's resulting countable income is less than or equal to the current SSI FBR for an individual, per OKDHS Appendix C-1, Schedule VIII.C, the eligible child is financially eligible for SoonerCare.

(p) **Deeming from a sponsor to an alien.** Sponsor-to-alien deeming applies regardless of whether the sponsor and the sponsored alien live in the same household or whether the sponsor actually provides any support to the sponsored alien unless (a)(3)(A) applies.

(1) The income of the sponsor and the sponsor's spouse, if applicable, is first determined and applicable exclusions applied, per OAC 317:35-5-42(e).

(2) The appropriate allocation for the sponsor, the sponsor's spouse, and any children of the sponsor is then subtracted. An ineligible dependent's income is not subtracted from the sponsor's child(ren)'s allocation.

(A) The allocation amount for the sponsor is the current SSI FBR for an individual, per OKDHS Appendix C-1, Schedule VIII.C.

(B) The allocation for each sponsor's spouse and child(ren) of each sponsor is one-half of the current SSI FBR for an individual, per OKDHS Appendix C-1, Schedule VIII.C.

(3) The remaining income amount is deemed to the sponsored alien as unearned income. If the sponsor sponsors multiple aliens, the deemed amount is applied in full to each sponsored alien.

(4) The sponsored alien's unearned and earned income is combined and applicable exclusions applied, per OAC 317:35-5-42(e),(f), and (g). When the alien's countable income and deemed income is less than or equal to the current SSI FBR for an individual, per OKDHS Appendix C-1, Schedule VIII.C, the alien is financially eligible for SoonerCare.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 12, 2022:**

**SUBCHAPTER 6. SOONERCARE FOR PREGNANT WOMEN AND FAMILIES WITH CHILDREN**

**PART 5. DETERMINATION OF ELIGIBILITY FOR SOONERCARE HEALTH BENEFITS FOR PREGNANT WOMEN AND FAMILIES WITH CHILDREN**

**317:35-6-38. Hospital Presumptive Eligibility presumptive eligibility (HPE)**

(a) **General.** ~~Hospital Presumptive Eligibility (HPE)~~HPE is a limited period of SoonerCare eligibility for individuals who are categorically related to certain ~~MAGI~~Modified Adjusted Gross Income (MAGI) eligibility groups listed in OAC 317:35-6-38(a)(1)(A)(i) through (vi) and are also determined by a qualified hospital (~~see OAC 317:35-6-38(a)(2)(A) through (L)~~) for the conditions of a qualified hospital [~~see OAC 317:35-6-38(a)(2)(A) through (L) for the conditions of a qualified hospital~~], on the basis of preliminary information provided by the applicant on a completed HPE application, to be eligible for SoonerCare services. The rules in this ~~section~~Section apply only to those individuals applying for, or qualified hospitals determining eligibility under, the HPE program.

(1) **Individuals eligible to participate in the HPE program.** To be eligible to participate in the HPE program, an individual must be categorically related to a MAGI eligibility group (see OAC 317:35-5-2 for categorical relationship criteria) and also meet the income standard and non-medical eligibility specified in this ~~section~~Section.

(A) ~~MAGI Eligibility Groups~~eligibility groups. The following MAGI eligibility groups are eligible to have a presumptive eligibility (PE) determination made by a qualified hospital participating in the HPE program:

- (i) ~~children~~Children;
- (ii) ~~pregnant~~Pregnant women;

## Permanent Final Adoptions

(iii) ~~parents and caretaker relatives~~ Parent/caretaker relatives;

(iv) Expansion adults;

(v) ~~former~~ Former foster care children;

(vi) ~~Breast and Cervical Cancer Treatment~~ (BCC) treatment program; and

(vii) ~~SoonerPlan Family planning~~ family planning program.

(B) **Income standard.** The income that is counted in determining PE for an individual is that individual's household income. The income limit for the MAGI eligibility groups covered under the HPE program is the same as defined in OAC 317:35-6-39(b)(8) and is listed on the HPE application. The calculation of countable household income for an individual covered under the HPE program is the same as OAC 317:35-6-39, except that, in determining the individual's household composition, only the MAGI household composition non-filer rules listed under OAC 317:35-6-43 apply for all individuals applying for the HPE program regardless of whether or not the individual is a tax filer, plans on filing taxes, or is a tax dependent.

(C) **Non-medical eligibility requirements.** Individuals covered under the HPE program must also meet the non-medical eligibility requirements described in OAC 317:35-5-25.

(D) **Pregnant women covered under the HPE program.** Coverage for pregnant women who are covered under the HPE program is limited to ambulatory prenatal care only, and the number of PE periods that may be authorized for pregnant women is one (1) per pregnancy. Pregnant women who may be covered for the benefit of the unborn child(ren) under Title XXI are not eligible for the HPE program.

(E) **Other individuals covered under the HPE program.** Coverage for other individuals listed under OAC 317:35-6-38(a)(1)(A)(i) through (vi) who are covered under the HPE program, except for pregnant women, is the same as covered under the State Plan. The number of PE periods that may be authorized is one (1) period every ~~365~~ three hundred sixty-five (365) days beginning on the date the individual is enrolled in HPE.

(2) **Qualified hospital.** The decision that a hospital is qualified to make PE determinations is made by the ~~OHCA~~ Oklahoma Health Care Authority. In order to participate in the HPE program and make PE determinations, a qualified hospital must:

(A) Meet all the conditions of an eligible provider under OAC 317:30-5-40;

(B) Elect to participate in the HPE program by:

(i) Completing and submitting a HPE Statement of Intent and Memorandum of Understanding to the OHCA and agreeing to all the terms and conditions of the HPE program;

(ii) Amending its current contract with the OHCA to include participation in the HPE program;

(C) Assign and designate a hospital employee to serve as the HPE program administrator and point of contact;

(D) Assign and designate hospital employees to make PE determinations. The term ~~Authorized Hospital Employee(s) (AHE)~~ "authorized hospital employee(s) (AHE)" means all individuals making PE determinations on behalf of a hospital participating in the HPE program. The AHE must meet the following conditions:

(i) Be an employee of the hospital (i.e. the AHE may not be a third party contractor);

(ii) Attend, complete, and pass the HPE program training course provided and assessed by the OHCA;

(iii) The AHE certificate of HPE course completion must be kept in the worker's file at the hospital and must be made available to the OHCA upon request;

(iv) Follow state and federal privacy and security requirements regarding patient confidentiality;

(v) Agree to abide by all the rules and guidelines of the HPE program established by the OHCA under this ~~section~~ Section.

(E) Notify the OHCA of any changes in the AHE's employment status or in the designation of that individual as the hospital's AHE;

(F) Abide by the rules and regulations of the Uniform Electronic Transaction Act as outlined in OAC 317:30-3-4.1;

(G) Keep internal records of all individuals for whom a PE determination was made and make those records available to the OHCA upon request;

(H) Agree to submit all completed HPE applications and PE determinations to the OHCA within ~~5~~ (5) days of the PE determination;

(I) Notify the applicant in writing, or in cases where the HPE application was made on behalf of a child, notify the child's parent or caretaker of the PE determination outcome and provide and explain to eligible members the "HPE Program Policy and Enrollment" form;

(J) Assist HPE applicants with the completion of a full SoonerCare application within ~~15~~ (15) days of the HPE application submission to the OHCA;

(K) Agree to adhere to the processes and procedures established by the OHCA regarding the operation and oversight of the HPE program; and

(L) Cooperate with the OHCA regarding audit and quality control reviews on PE determinations the hospital makes. The agency may terminate the HPE agreement with the hospital if the hospital does not meet the standards and quality requirements set by the OHCA.

(3) **Limited hospital PE determinations.** The agency limits the PE determinations that a hospital may make to only those eligibility groups described in OAC 317:35-6-38(a)(1)(A) using the MAGI methodology rules established for the HPE program. Additionally, PE determinations made for individuals categorically related to the Breast and Cervical Cancer ~~Treatment~~(BCC) treatment program are limited to qualified hospitals that are also qualified entities through the ~~NBCCEDP~~National Breast and Cervical Cancer Early Detection Program (NBC-CEDP).

(b) **General provisions of the HPE program.** The agency provides SoonerCare coverage to eligible individuals covered during a period of PE.

(1) **PE period.** The PE period begins on the date a qualified hospital determines an individual to be eligible under the HPE program. A qualified hospital has ~~5~~five (5) days to notify the agency of its PE determination. The PE period ends with the earlier of:

(A) The day the agency receives the SoonerCare application form as described in OAC 317:35-5-60 and an eligibility determination is made by the agency; or

(B) If a SoonerCare application is not received, the last day of the month following the month in which the PE determination was made.

(2) **Agency approval of PE.** When the OHCA receives a timely and completed HPE application, a case number and, if needed, SoonerCare member ID is assigned to the member by the agency. Qualified hospitals will be able to review member enrollment and eligibility, once those members have been entered into the system by the OHCA, for claims billing and member eligibility verification.

(3) **Incomplete HPE applications.** Upon receiving a HPE ~~Application~~application, the OHCA reviews it for completeness and correctness. The HPE application is considered incomplete if it is not filled out in its entirety (e.g., the applicant's first or last name is not provided on the application) or if the application is not filed timely with the OHCA. When the HPE application is determined to be incomplete, the HPE application is returned to the AHE or the HPE program administrator at the qualified hospital to correct the application errors or amend the HPE application. To maintain the original PE certification period, the qualified hospital must return the completed or corrected HPE application to the agency within ~~five~~five (5) working days.

(4) **Applicant appeal.** The HPE applicant cannot appeal the PE determination made by a qualified hospital or the expiration date of the PE period.

(5) **Applicant ineligibility.** Applicants ineligible for the HPE program are individuals who do not meet the HPE criteria, individuals who have previously been enrolled in the HPE program within the last ~~365~~three hundred sixty-five (365) days, and individuals currently enrolled in SoonerCare. Individuals currently enrolled in SoonerPlan ~~Family Planning~~family planning are not eligible for HPE family planning services, but may be eligible for

other programs under HPE. When the OHCA receives a HPE application from a qualified hospital for an ineligible applicant (~~e.g., the applicant has been previously enrolled in the HPE program within the last 365 days~~)[~~e.g., the applicant has been previously enrolled in the HPE program within the last three hundred sixty-five (365) days~~], the OHCA will disenroll the individual from the HPE program immediately and notify the hospital of the error. The hospital will be responsible for following up with that individual to notify them of their disenrollment from the HPE program. If the applicant is not currently enrolled into SoonerCare, the applicant may submit a full SoonerCare application and receive a full eligibility determination by the OHCA. HPE services provided to ineligible applicants, other than persons currently enrolled into SoonerCare or SoonerPlan ~~Family Planning~~family planning program, may not be eligible for reimbursement by the OHCA.

(A) The OKDHS nurse determines LOC based upon the assessment outcome unless the applicant is medically ineligible. In this case, a face-to-face visit is scheduled to either validate the initial electronic format assessment or to provide additional documentation to support the applicant meeting medical LOC.

(B) Applicants are not denied access to the waiver solely based on an assessment completed through an electronic format.

(~~56~~) During the UCAT ~~III~~ assessment ~~visit~~, the ~~DHS~~ OKDHS nurse informs the applicant of medical eligibility criteria and provides information about the different long-term care service options. ~~When there are multiple household members applying for the ADvantage program, the UCAT assessment is done for them during the same visit.~~ The ~~DHS~~ OKDHS nurse documents whether the member applicant chooses nursing facility program services or ADvantage program services and makes a level of care an LOC and service program recommendation.

GIST/ANALYSIS:

The proposed revisions will add language that allows the Developmental Disabilities Services Division (DDSD) to transition members, who have been a resident in a public or private Medicaid Intermediate Care Facility for Individuals with Intellectual Disabilities (ICF/IID), or qualified long term care facility, into a community setting through the Living Choice MFP program. The proposed revisions also change the required amount of consecutive time an individual must be in the long-term care institution prior to being eligible for transition into the community setting from "at least ninety (90) consecutive days" to sixty (60) consecutive days. Additionally, proposed revision will be removing language that pertained to a pilot program involving the PRTF population, which was not successful and will no longer be implemented. Finally, revisions will remove outdated language to reflect current business practices.

In accordance with 42 C.F.R. § 438.66, the Oklahoma Health Care Authority will monitor each managed care organization or dental benefits manager to assess its ability and capacity to comply with program- and contract-specific requirements and to assess its ability to perform satisfactorily in all major operational areas.

### **317:55-3-11. Intermediate sanctions**

Part 438. In this situation, OHCA will also grant enrollees the right to terminate enrollment without cause, as described in 42 C.F.R. § 438.702(a)(3), and must notify the affected enrollees of their right to terminate enrollment. (g) **Right to request fair hearing.** Though not required under federal regulation, OHCA provides each MCO the right, upon notice of a sanction other than optional or required temporary management, to request a fair hearing before an administrative law judge (ALJ) retained by OHCA. The cost of actions necessary to process an MCO's request will be paid by OHCA.

(1) An MCO must file any request for fair hearing within thirty (30) days after receiving the notice.

(2) The ALJ has jurisdiction to hear any request under this section. The ALJ will review the appeal for legal authority and jurisdiction. If legal authority and jurisdictional requirements are met, the ALJ will conduct an administrative hearing according to the hearing practices of OAC 317:2-1-5, provide proposed findings of fact and conclusions of law to the parties, and send written notice to the parties of the final order sustaining or denying imposition of the sanction.

(3) At the ALJ's discretion, the ALJ will:

(A) Establish a scheduling order;

(B) Establish reasonable procedures such as authorizing pleadings to be filed by facsimile or electronic mail;

The MCO or DBM will ensure that all tasks related to the subcontract are performed in accordance with the terms of the contract.

(7) Termination for debarment. Section 1932(d)(1) of the Act prohibits affiliations with individuals debarred by federal agencies. The MCO will not knowingly have an individual or affiliate, as defined in Section 1932(d)(1)(C), who has been debarred, suspended, or otherwise excluded from participating in procurement activities under the Federal Acquisition Regulation or from participating in non-procurement activities under regulations issued under Executive Order No. 12549 or under guidelines implementing Executive Order No. 12549.

(c) Notice and pre-termination hearing. Prior to terminating an MCO's contract for default, financial instability, or debarment, OHCA will provide the MCO a pre-termination hearing. OHCA will:

- (1) Give the MCO written notice of the intent to terminate, the reason for termination, and the time and place of the hearing. The notice will detail how the MCO has failed to carry out the terms of the contract and/or failed to comply with the requirements of 1932, 1903(m) and 1905(t) of the Act. A time period will be provided, if applicable, in which the MCO is allowed to cure the default prior to the pre-termination hearing. If the MCO cures the default within the specified timeframe, no further action is required;

## Permanent Final Adoptions

(1) An MCO will file any request for fair hearing within thirty (30) days after receiving the notice.

(2) The ALJ has jurisdiction to hear any request under this section. The ALJ will review the appeal for legal authority and jurisdiction. If legal authority and jurisdictional requirements are met, the ALJ will conduct an administrative hearing according to the hearing practices of OAC 317:2-1-5, provide proposed findings of fact and conclusions of law to the parties, and send written notice to the parties of the final order sustaining or denying imposition of the sanction.

GIST/ANALYSIS:

The Oklahoma Heritage Preservation Grant Program provides financial assistance to cities, counties, non-profit organizations, and tribal governments to operate and improve the effectiveness of museums and historical organizations. The purpose of the Heritage Preservation Grant Program is to encourage the collecting, preserving, and sharing of Oklahoma history. Proposed changes to the rules include 320:15-1-1, which removes an outdated objective of the program. Proposed changes to 320:15-1-3 clarifies definitions to "cash match," "not-for-profit historical organization," and "strategic plan," and creates a definition for "capacity building." Proposed changes to 320:15-2-1 include increasing the eligibility threshold for an organization's operating budget, changing the financial match for organizations requesting less than \$5,000 from a cash match to the option of an in-kind match. Proposed changes are being made to the list of ineligible expenses to clarify expenses related to historic preservation and allowing for certain expenses to be considered on a case-by-case basis and/or addressed in the grant contract as needed. Proposed changes to 320:15-2-2 add two additional examples of items utilized to formulate a score under weighted criteria; project budget and strength of strategic plan (if applicable). Proposed changes to 320:15-2-3 creates additions to the list of typical projects to reflect changes to the rules made last year that now allow for certain types of historic preservation funding, as well as, clarifying expectations of digitization and copyright/fair use. Additional changes outline staff member involvement in evaluation process and the process for project and/or budget modification.

## Permanent Final Adoptions

---

~~(1) Create a statewide, online database that identifies collections, programs, and exhibits that will encourage the sharing of resources between institutions.~~

(21) Encourage improvement in the care of collections, a higher quality of exhibits, and the expansion of Oklahoma history programs at the local level where a sense of community and the spirit of volunteerism are assets that can be tapped for historical purposes.

(32) Foster a learning process that brings together trained, experienced museum and archival professionals with avocational volunteers and part-time employees who want to improve care of collections, learn techniques of preservation, and expand educational programs.

### 320:15-1-3. Definitions

The following words and terms, when used in this chapter, shall have the following meaning, unless the context clearly indicates otherwise:

**"Administrative Rules Liaison"** means or refers to the OHS staff member that has been designated by the OHS Executive Director to serve as the liaison to the Office of Administrative Rules (OAR) in the Oklahoma Secretary of State's Office. All documents submitted by the OHS shall be coordinated through the liaison, and require the verification and signature of the liaison.

**"Authorizing official"** means or refers to the individual authorized on behalf of the institution to approve the submission of proposals and accept any resulting project grants or contracts.

**"Capital Improvement"** means or refers to a durable upgrade, adaptation, or enhancement of a property that increases its value, often involving a structural change. Provided, however, it does not include any improvements to items in collections, or collections care, nor any modification or improvements made to exhibits or installing exhibits.

**"Cash match"** means or refers to the money that the applicant organization will provide toward the project. This money can be from a number of sources, examples include: general operations, donation, or a fundraiser. Cash match would not include the salary of a full-time staff member already working for the applicant organization. Matching funds must be expended after the grant contract is signed.

**"Collections"** means or refers to the objects, photographs, manuscripts, videos, audio recordings, maps, periodicals, microforms, books, vertical files, archaeological material, historic buildings, or oral histories.

**"Conserved"** means or refers to the act of stabilizing or protecting an artifact or archival collection.

**"County government"** means or refers to Oklahoma county governments as defined in Oklahoma law.

**"Exhibits"** means or refers to the public display either physical or online of collections with contextual interpretation informing the public on the topic being explored.

**"Historic Buildings"** means or refers to a structure listed or eligible for listing on the National Register of Historic Places.

**"Indirect costs"** means or refers to an organization's overhead, administrative, or other expenses not directly related to the project and also possibly supporting other projects or functions. An example of this would be another division of the applicant organization managing the financial aspects of the grant and wanting a percentage of the grant funds to pay for the financial overhead costs incurred.

**"Key staff"** means or refers to the staff member(s) or individual(s) who will play a major role in the proposed project.

**"Libraries with special collection(s)"** means or refers to historical collections held by libraries that may include anything other than published books.

**"Major component"** means or refers to the mission of the institution and the inclusion of Oklahoma history.

**"Municipal government"** means or refers to Oklahoma municipalities as defined in Oklahoma law.

**"Not-for-profit historical organization"** means or refers to museums, historic sites, historical associations, historic preservation organizations, archives, libraries with special collections, or genealogical associations. These organizations must be located in the state of Oklahoma, be registered and in good standing with the Oklahoma Secretary of State as a domestic not for profit, and feature Oklahoma history as a major component of their mission.

**"OHS"** means or refers to the Oklahoma Historical Society.

**"OHS project teams"** means or refers to employees or volunteers under the jurisdiction of the Oklahoma Historical Society who may serve as consultants or contractors to the grant recipient to accomplish all or part of an awarded project.

**"OHS staff review committee"** means or refers to the OHS staff members selected by the OHS Executive Director who will evaluate applications based on the weighted criteria and adherence to program requirements. The OHS Grants Administrator is excluded from appointment to this committee and has no grant decision making power.

**"Oklahoma Heritage Preservation Grant Review Committee"** means or refers to the committee appointed by the Oklahoma Historical Society Board President and confirmed by the Oklahoma Historical Society Board of Directors. As authorized by 53 O.S. Section 416(a) this committee will be made up of no less than five (5) and no more than seven (7) individuals.

**"Oklahoma Historical Society Board of Directors"** means or refers to the governing body of the Oklahoma Historical Society as authorized by 53 O.S. Section 1.6.

**"Organizational Development"** means or refers to training for board and staff, professional assistance with organizational issues, improving governance structures, volunteer or membership program development, and assessments or strategic plans (including paid facilitators/consultants).

**"Operating budget"** means or refers to the most recent operating budget approved for the applicant organization. This budget shall include staff salaries but exclude non-reoccurring costs. Applicants of tribal or municipal governments may use the operating budget of the division in which the project will take place. If an applicant organization is a sub-entity of tribal or municipal government but is a historical organization

(museum, historic site, historical association, archive, library with special collection or genealogical association) they will use the sub-entity's operating budget. Support organizations must use the operating budget of the primary beneficiary of the grant funds, regardless of the funding source of that operating budget. Libraries with special collections may use the operating budget allotted to special collections. An example of this would be a city government applying for a grant to digitize historic maps. This applicant would use the operating budget for the division which oversees archives, not the entire budget of the city government.

**"Programs"** means or refers to organized educational activities available to the public. Examples of this might include a tour, lecture series, or workshop.

**"Project"** means or refers to an inclusive term to convey any eligible proposal.

The applicant organization's strategic plan should address the following: organization's mission statement, setting of goals, long-range planning, major issues and opportunities facing the organization, and an action plan for accomplishing goals.

**"Support groups"** means or refers to a not-for-profit organization whose purpose is to support the mission and provide financial support to the applicant organization. This term could also include friend's groups or foundations. ### SUBCHAPTER 7. OFFICE OF INSPECTOR GENERAL

#### PART 1. RESPONSIBILITIES AND FUNCTIONS

##### **340:2-7-9. Commissioned agents [REVOKED]**

~~Section 162.4 of Title 56 of the Oklahoma Statutes (56 O.S. § 162.4) authorizes the Oklahoma Department of Human Services (OKDHS) Director to commission employees within the Office of Inspector General (OIG) as peace officers, hereafter referred to as agents, with the authority to investigate crimes committed against OKDHS or crimes committed in the course of any program administered by OKDHS.~~

~~(1) Agents are authorized to serve and execute process, bench warrants, search warrants, and other court orders in any judicial or administrative proceeding that OKDHS is a party or participant. Agents are authorized to conduct searches without a warrant in situations authorized~~

by state and federal constitutional provisions. Only agents charged with the responsibility of investigating fraud are authorized to possess and use firearms while performing their official duties and in mutual aid situations, and must do so in compliance with applicable state and federal laws.

(2) The OKDHS Director may delegate, in writing, to the inspector general, the responsibility to authorize the carrying of firearms by agents. Authority for any agent to carry firearms may be withdrawn, temporarily or permanently, at any time by the inspector general or the OKDHS Director.

(3) All agents authorized to carry firearms must be certified by the Council on Law Enforcement, Education and Training (CLEET) as peace officers under 70 O.S. § 3311.

**PART 2. USE OF FORCE [REVOKED]**

**340:2-7-17. Use of force [REVOKED]**

(a) **Policy.** It is Office of Inspector General (OIG) policy that an agent only uses the minimum level of force necessary to bring an incident under control while protecting the lives of the agent or others. Only the amount of force essential for the agent to attain the objective is used.

(b) **Definitions.** The following words and terms, when used in this Part, shall have the following meanings, unless the text clearly indicates otherwise:

(1) **"Force"** means any physical action, from agent presence to serious physical injury or death, that compels an action or overcomes resistance.

(2) **"Use of force"** means any application of force beyond that required to properly take an unresisting subject into custody and maintain control of that subject.

(3) **"Deadly force"** means any force capable of causing death or serious physical injury.

(4) **"Less lethal force"** means all force other than deadly force. Less lethal force may still result in serious physical injury, but is not intended to cause death.

(5) **"Serious physical injury"** means injury creating substantial risk of death or causing serious disfigurement, serious impairment of health, or serious loss or impairment of function of a bodily organ.

(6) **"Reasonable belief"** means that given facts and circumstances, including reasonable inferences drawn from them, that are known to the agent at the time force is used, would cause a reasonable agent to conclude the point at issue is probably true. This factor is assessed according to what the agent knew or reasonably believed at the time of the incident and not what appears best with the benefit of hindsight.

(c) **Use of force continuum.** The use of force continuum consists of all degrees of force available for an agent to perform his or her duties. Although the use of force continuum is broken down into levels, all use of force options are available at all times depending on the circumstances. An agent adjusts the level of force used according to the level of resistance encountered. The levels of the use of force continuum are:

- (1) agent presence;
- (2) verbal commands;
- (3) hands on techniques;
- (4) chemical weapons;
- (5) empty hand striking techniques;
- (6) impact weapons; and
- (7) deadly force.

(d) **Use of deadly force.** Deadly force may be used when the agent has a reasonable belief that another person poses a threat of death or serious physical injury to either the agent or others. Firearms are considered deadly force weapons. Carotid restraints or choke holds may only be used as deadly force. The use of equipment such as a baton or automobile may be deadly force depending on the technique of use.

(e) **Use of less lethal force.** Less lethal force may be used to:

- (1) arrest, search, or detain a person;
- (2) recapture a person;
- (3) maintain custody of a person;
- (4) defend oneself or others from a person; and
- (5) prevent a person from committing suicide or self-inflicting other serious physical injury.

**PART 3. AUDITS OF GRANT RECIPIENTS AND SUBRECIPIENTS**

**340:2-7-28. Audit report (report) content**

The audit report ~~must include~~includes all reports required by the standards listed in ~~OAC~~Oklahoma Administrative Code 340:2-7-27(a) and any contractually specified requirements. The grant recipient or subrecipient submits the completed audit report to the Office of Inspector General within 30-calendar days of the report's issuance. The report may be emailed or sent by paper copy to the Internal Audit Administrator. When the grant recipient or subrecipient submits the report by paper copy, two copies of the report are sent to Internal Audit Administrator, Oklahoma Department of Human Services, Office of Inspector General, P.O. Box 25352, Oklahoma City, Oklahoma 73125. When noncompliance with grant agreement terms and conditions or with state and federal laws and regulations is reported, a plan for corrective action accompanies the audit report. The plan ensures corrective measures are completed within six months.

**340:2-7-29. Audit report distribution [REVOKED]**

The grant recipient or subrecipient must submit the completed audit report to the Office of Inspector General within 30-calendar days of the report's issuance. The report may be emailed to the Internal Audit Administrator or sent by paper copy. When the grant recipient or subrecipient submits the report by paper copy, two copies of the report are sent to Internal Audit Administrator, Oklahoma Department of Human Services, Office of Inspector General, P.O. ## SUBCHAPTER 23. ADMINISTRATIVE REVIEWS

### 340:2-23-13. Purpose and legal basis

(a) **Purpose.** The purpose of this Subchapter is to describe the functions, procedures, and practices of the Office of Inspector General (OIG) Administrative Review Unit (ARU).

(b) **Legal basis.** Oklahoma Human Services (OKDHS) federal and state legal authority for providing a systematic quality control (QC) process and administrative operation to assure state accountability is found in Title 56 of the Oklahoma Statutes for the Child Care program and the federal Child Care Development Fund defines program requirements.

(d) **Datamatch reporting system.** Through a federal and state partnership administered by the United States Department of Health and Human Services and the Administration for Children and Families, OIG ARU reviews data matches semi-annually to improve program integrity and to detect or deter improper payments in administering public assistance programs. State enrollment data for Temporary Assistance for Needy Families, Supplemental Nutrition Assistance Program, child care, and health care coverage programs is matched with data from other participating states and from a selected group of federal databases.

(e) **Error reduction program participation.** ARU coordinates with OKDHS Adults and Family Services division for error reduction.

### 340:2-23-15. Legal base [REVOKED]

(a) **Quality control for federal entitlement and other Agency programs.** The Department's federal and state legal authority for providing a systematic Quality Control process and administrative operation to assure state accountability is vested in:

(1) Article XXV of Oklahoma State Constitution 1-5 and Section 328 of Title 56 of the Oklahoma Statutes for the Medicaid program.

(2) Section 241-244 of Title 56 of the Oklahoma Statutes for the Food Stamp program.

(3) Article XXV of Oklahoma State Constitution, Sections 161 and 319 of Title 56 of the Oklahoma Statutes, and opinions of the State Attorney General 9-11-57 and 10-18-60 for the Temporary Assistance to Needy Families (TANF) program.

(4) Title 56 of the Oklahoma Statutes for the Day Care program.

(b) **Federal QC policies.** Policies issued by USDA and USDHHS define the requirements of the programs identified in (1) and (2) of subsection (a).

### 340:2-23-16. Administrative Review Unit [REVOKED]

(a) **Quality control reviews for federal entitlement programs.** Administered by the Office of Inspector General, ARU's major mandate is to assure the Department's accountability for funds expended in the Medicaid and Food Stamp programs. This responsibility is accomplished by a federally

prescribed QC analysis of a prescribed number of cases annually. The purpose of the process is to validate conformity to the Department's policies and decisions made regarding eligibility and amount of benefits paid. ARU transmits the official QC review findings for all sampled cases through NIQCS, an automated data base from which the federal agencies receive reports. Also, FSSD's quality assurance staff receive the QC findings to use in the Department's quality assurance process.

(b) **Quality control reviews for other Department administered programs.** ARU is also mandated to help assure the Department's accountability for funds expended in the TANF and Day Care programs. This is accomplished by a state prescribed QC analysis of a prescribed number of cases annually. The purpose of the process is to help assure statewide conformity to the Department's policies regarding program eligibility for TANF and TANF Work requirements. For the TANF program both agency processes and client outcomes are measured and reported to help assure the Department's compliance with federal TANF block grant funding requirements. FSSD quality assurance staff receive the QC findings to use in the Department's quality assurance process.

(c) **Error reduction program participation.** ARU coordinates with OFO and FSSD in an error reduction initiative. Upon request, ARU provides reviewer and supervisor expertise by participating in error reduction activities.

(d) **Survey and project participation.** ARU reviewers conduct surveys or study projects when requested by OIG, program, or administrative divisions if time and staffing permit.

(e) **Program needs assessments.** ARU conducts an ongoing program needs assessment, a component of the Department's strategic planning process. Clients are selected for participation in conjunction with the random QC samples, and a questionnaire is completed for each client selected.

**340:2-23-17. Scope of quality control case reviews [REVOKED]**

(a) **Goal of a quality control review goal.** ARU completes its review responsibility through a system of quality control and conducts field investigations on each program. Randomly selected sample cases are studied and analyzed to determine whether errors have occurred through client or Department failure to comply with program policy. All reviews are conducted for a point in time. ARU reviewers analyze sampled cases to determine whether:

- (1) Medicaid recipients are eligible, and if any spend-down computations, claims processing, and third party liability considerations are accurate. The correctness of termination or denied actions on Medicaid cases is assessed by ARU reviewers.
- (2) Food Stamp sampled cases are issued correct benefits as of a point in time. The correctness of termination or denied actions on Food Stamp cases is also assessed by ARU reviewers.
- (3) persons receiving TANF are eligible for assistance and, if so, whether the work requirements and outcomes of that program have been met. Also, a determination

is made as to whether terminated or denied cases were handled in accordance with Department policy.

(4) persons receiving Day Care assistance are eligible and if so, whether the prescribed Department policy and procedure of the Department was correctly applied.

(b) **General parameters of a quality control review.** The USDHHS and USDAACF Federal QC policies mandate acceptable parameters for the QC processes and specify procedures for conducting household interviews, such as who can be interviewed, location of the interview, form of reviewer inquiries, method of verification, and appropriateness of collateral contacts. For the Food Stamp and Medicaid programs, ARU reviewers conduct QC reviews in accordance with these federally prescribed policies. For the TANF and Day Care programs, these policies and procedures are state modified to address the program data and monitoring needs of the Department.

**340:2-23-18. Sampling [REVOKED]**

(a) **Sampling designs and plans.** A plan for the random cases selected for the monthly sample is generated by the Planning and Research Unit in the Office of Finance in compliance with federal guidelines, and selection is made by computer and reported to ARU by DSD. Methodologies are outlined in detail and submitted to USDHHS and USDA for approval. Sampling plans for each program present the arrangement of sampling frames, probabilities of selection, sample designs, and provisions for selection of the sample. Sampling designs and selections are provided for review and verification by federal agency staff when requested.

(b) **Defined sampling frames.** A sampling frame is specifically defined for each separate program.

(1) The Medicaid active case universe includes all ABCD categorically eligible cases, and all M category cases active as of the sample month. Retroactively certified months are excluded from the sampling frame. The monthly Medicaid negative action case universe consists of all denial and closure actions occurring in, or effective for, a given month.

(2) The Food Stamp active case universe, including A, B, C, D, and S category cases, includes all households receiving food stamps during the month via either direct coupon issuance, ATP issuance, or EBT issuance. Each participating household is represented exactly once per sampling frame. The sampling frame for negative case actions is represented by a monthly computerized listing of such actions which were either handled as the preceding month's business, considering the effective date of the action, or were taken in the sample month effective the sample month. The negative action frame is arranged by date of action.

(3) The TANF active case regular roll sampling frame includes each case in which a benefit amount was issued for, or issued in and for, the month sampled, and is represented once. Retroactive benefits are disregarded. Cases representing reissued or canceled benefits are subject to sampling as they originally appear on the TANF register

# Permanent Final Adoptions

according to the date of benefit issuance. The TANF negative action case universe consists of all case closures effective the sample month, based on failure to meet TANF work requirements.

(4) The Day Care sampling frame includes all active day care cases as of the first day of the sample month, excluding TANF, Adult, and Child Welfare involved day care cases. The Day Care negative action case universe consists of all denial actions taken in a given month plus all case closures effective that month.

(e) **Sampling procedures.** Systematic sampling, with random starts, is applied to all frames which are scrambled prior to random selection. Both USDHHS and USDA recognize systematic sampling as unbiased because of the arbitrary file arrangements and because no known cyclical effects exist. For all frames, each month's samples begin with random starts taken in advance of the report period from computer generated random numbers and restricted by the estimated size of the monthly universe. DSD is notified by memo from the Planning and Research Unit at the start of each report period of random starts and intervals. Sampling designs provide for sufficient overpull, or margin, to satisfy USDHHS and USDA requirements for effective sample sizes necessary to meet the specified statistical precision and confidence levels. ARU may drop a sample case in accordance with federal policies. Reasons may include, but are not limited to, improper selection, inability to locate, or unwillingness to cooperate.

(d) **Other uses for the random samples.** The sample selections used for QC purposes are also used for the program needs assessment surveys of clients conducted by ARU and provided to the Planning and Research Unit for tabulation and reporting to FSSD and OFO.

## 340:2-23-19. Quality control (QC) review process

(a) **Case Selection.** The QC process begins when a case is selected from the random sample for review and ends when that case finding and data are entered into the NIQCS, is transmitted, subjected to federal sub-sampling, and federally accepted.

(b) **Client contacts.** Client contacts are described in this subsection.

(1) **Initial contact.** Except in the Medicaid program, clients are notified in writing they have been selected for a QC review. At the initial face to face visit, the ARU reviewer seeks to validate the information provided to the Department at the time of application or recertification.

(2) **Obtaining information from clients.** Any missing or conflicting information between the record and the interview is researched by the ARU reviewer and required to be resolved. The client may be asked to provide written documentation to clarify areas of concern.

(e) **Collateral contacts.** ARU reviewers seek collateral references to substantiate client or case record information.

(1) **Role of collateral contacts in the QC review process.** The client may be asked to sign a release of information so phone, face to face, or written contact can be made with affiliated persons or businesses. Collateral

contacts for QC reviews include, but are not limited to: landlords, utility companies, employers, neighbors, banks, schools, post offices, local businesses, and medical vendors. These sources of collateral contacts are asked to validate information regarding the client and may be asked to assist in locating the household if an ARU reviewer is unable to do so.

(2) **Authority to pursue collateral contacts.** If a household refuses to provide collateral contacts or sign a release of information for collateral contacts, the ARU reviewer has the authority, in accordance with Medicaid, and Food Stamp federal policies and TANF and Day Child Care state policies, to contact any collaterals necessary to verify the correctness of statements made on the application forms for assistance. Application forms denote the Department representative's authority to contact collateral sources necessary to verify the correctness of client statements made at application.

(db) **Quality control/QC review findings.** The ARU reviewer records all verification obtained on the sampled person or household in the QC file. After thorough analysis of the information collected during the QC process, The ARU reviewer makes a preliminary finding on the case as to about the eligibility/accuracy of the eligibility determination and payment, and other information after thorough analysis of the information collected during the QC process.

## 340:2-23-20. ARU participation in Department error reduction activities [REVOKED]

ARU participates with FSSD and OFO in error reduction initiatives. Since ARU reviewers have QC expertise, a different vantage point is available to county staff and administration to aid in efforts to improve accuracy in the entitlement programs.

## 340:2-23-21. Reports

(a) **Federal reports.** Reports Child care reports are filed with Child Care related the federal agencies involved regarding Food Stamps and Medicaid. A Quality Control review findings report and summary is submitted to Adult Family Services Child Care section which then submits a final report to the Child Care Development Fund.

(1) **Reports on Medicaid Child Care.** A statistical report and a summary of the QC review findings in Medicaid are submitted to USDHHS, HCEA no later than the last day of the seventh month following the close of the sample period. A report and summary of the QC review findings are submitted to AFS Child Care section which then submits a final report to CCDF.

(2) **Reports on Food Stamps.** ARU submits to USDA statistical tables showing the number of cases reviewed and the errors found within 95 days of the close of each annual sample period.

(b) **Reporting within the Department.** Copies of the Federal reports identified in (a) (1) and (2) are provided to FSSD. Copies of all Medicaid reports are provided to the Oklahoma Health Care Authority.

(e) **Other State reports.** The Administrative Review Unit ARU provides reports for non-federally mandated reviews, audits, or program evaluation and monitoring projects assigned by ~~the Office of Inspector General~~ as requested or required.

**340:2-23-22. Federal reviews**

~~For the Medicaid and Food Stamp Child Care programs, the USDHHS and the USDA Child Care Development Fund are~~ mandated to subsample the ~~cases~~ reviewed and submitted by ~~ARU Administrative Review Unit~~ cases from the ~~Department's~~ Oklahoma Human Services' random sample. ~~When~~ a difference is noted by a federal agency, ~~ARU~~ the agency is notified in writing and has the opportunity to present more information or to contest the finding. ~~Very stringent time frames for response to federal differences cases are imposed by Federal QC policy. By proceeding according to Federal QC policies, the case can ultimately end up being arbitrated at the regional and national levels. The final decision is fixed by the national level arbitration system of each federal agency.~~

While the legal action is in process, the resource is considered unavailable. When the cost of making a resource available exceeds the gain, the client is not required to pursue action to make it available.

(3) The assistance unit may change the form of resources as long as the resources do not exceed the maximum resource standard.

(4) When an adult or child receives Supplemental Security Income (SSI), his or her resources are not considered in determining Temporary Assistance for Needy Families (TANF) TANF eligibility.

When the needy caretaker has a spouse who is not an SSI recipient, one-half of their combined resources are considered as the needy caretaker's resources. **340:10-3-10. Maximum resources [REVOKED]**

Maximum resources is a term used to designate the largest amount an individual can hold in one or more countable resources and still be considered eligible for Temporary Assistance for Needy Families (TANF) from the standpoint of need. Resources may be held in any form or combination of forms of real or personal property.

(1) ~~Maximum TANF resource standard.~~ Refer to Oklahoma Department of Human Services (DHS) Appendix C 1, Maximum Income, Resource, and Payment Standards, Schedule IX.C to determine the maximum resources a family may have and be eligible for TANF. The resources of all members included in the TANF cash assistance benefit are considered in determining the maximum resources for the family. (2) ~~Consideration of resources of a relative-payee other than a natural or adoptive parent.~~ A relative payee may only be included in the cash assistance benefit when the natural or adoptive parent is not in the home and the relative payee meets the definition of a needy caretaker, per Oklahoma Administrative Code (OAC) 340:10-3-30 and inclusion of his or her resources does not exceed the resource standard, per DHS Appendix C 1, Schedule IX.C. A stepparent may be included in the cash assistance benefit when the natural or adoptive parent is incapacitated or not in the home.

**PART 3. INCOME**

**340:10-3-32. Determination of earned income determination**

(a) **Self-employment income determination.** Self-employment income received by a member of the ~~an~~ assistance unit whose income is derived ~~member~~ from a self-employment business enterprise ~~he or she~~ ~~owns~~ ~~owns~~ solely or in

## Permanent Final Adoptions

part by the person; or when the person works for from an employer, but when the assistance unit member is considered self-employed, per Oklahoma Administrative Code (OAC) 340:10-3-31(a), is considered per the procedures listed in (b) of this Section. Other types of self-employment income are listed in (1) through ~~(3)~~(4) of this subsection.

(1) **Room or board.** When a person:

(A) rents a room in the client's home, the worker subtracts 25 percent of the gross earned income amount received as a business expense; or

(B) pays for room and board in the client's home, the worker subtracts 50 percent of the gross earned income as a business expense.

(2) **Rental property.** Income from rental property is considered earned self-employment income when ~~none an outside person or agency does not conduct any~~ of the activities associated with renting the property ~~is conducted by an outside person or agency~~. When the client does not manage the rental property, it is considered unearned self-employment income. When the client incurs business expenses, such as a mortgage payment, the worker subtracts 50 percent of the client's rental property income as a business expense.

(3) **Profit sharing.** Households who operate S corporations, general or limited partnerships, or limited liability companies (LLC), may receive profit sharing that is reported on the household's personal income tax return.

(A) S corporation profit sharing is considered unearned ~~profit sharing~~ profit-sharing income. Refer to (c)(3) of this Section and OAC 340:10-3-39(o) for information regarding S corporations.

(B) Partnerships are unincorporated businesses with two or more partners. When a household an assistance unit member is a partner in a business, he or she is considered self-employed and not an employee of the business. Each partner receives a profit share from the business. When a business is considered a:

(i) general partnership or LLC with a member-manager, each partner's share of the business income is shown as self-employment income on his or her federal income tax form; or

(ii) limited partnership or other LLC member, each partner's share of the business income is shown as self-employment income or unearned ~~profit sharing~~ profit-sharing income on his or her federal income tax form.

(4) **Home produce.** Any home produce from garden, livestock, and poultry utilized by the client and his or her household for their consumption is not considered in determining the Temporary Assistance for Needy Families (TANF) benefit amount. Any home produce sold to others is considered as self-employment income.

(b) **Self-employment income procedures.** Self-employment income that represents the person's assistance unit member's annual support is prorated over a 12-month period, even when the income is received in a shorter time period of ~~time~~. The worker uses the gross self-employment shown on

the person's most recent federal tax return, when filed, or computes the person's member's gross self-employment income from the person's member's business or employer records. When the person member claimed business expenses, the worker subtracts 50 percent of the person's member's gross self-employment income as business expenses and divides the remaining income by the number of months to be averaged to arrive at the person's member's net monthly self-employment income.

(1) **New income source.** When self-employment income ~~was~~ received for less than a year, the income must be averaged over the time period of ~~time~~ received and the monthly income projected for the coming year.

(2) **Averaged over time period of time received.** When there is insufficient data to make a reasonable income projection from this income source, the worker does not consider income from this source until the six-month renewal. At renewal, the worker averages the income over the number of months received until a full year's data information is available.

(3) **Substantial increase or decrease in income.** When the person who would normally have the self-employment income ~~annualized~~ assistance unit member experiences a substantial increase or decrease in income, the worker does not ~~calculate~~ use prior self-employment income ~~on the basis of prior earnings~~, such as income tax returns, to calculate anticipated self-employment income. Instead, the worker ~~calculates the self-employment income using~~ only uses the self-employment income that can reasonably be anticipated to project future earnings.

(c) **Earned income from sources other than self-employment.**

(1) **Earned income from wages, salary, or commission.** When the income is from wages, salary, commission, or contract employment, the earned income is the gross income prior to payroll deductions and withholdings. Money from the sale of whole blood or blood plasma is also considered as earned income.

(2) **Earned income from work and training programs.**

(A) **Workforce Innovation and Opportunity Act (WIOA) of 2014.** Per Section 181 of WIOA, earned income from WIOA is exempt.

(B) **On-the-job training (OJT).** Earned income from OJT is considered as any other earned income.

(3) **S corporations.** When a household an assistance unit member is a shareholder in an S corporation, he or she may receive profits from the business in ~~two~~ three ways; as a salary, ~~and/or~~ as a profit share of the business, ~~or as salary and a profit share of the business~~. ~~Both types of income~~ Salaries and profit share of the business are reported on the household member's personal income tax return. Salary income is considered as earned income and profit share income is considered as unearned income.

(d) **Earned income determination.** TANF cash assistance benefit amount is determined based on actual gross income received in the current or past month, when known, and the best estimate of anticipated gross income for future months.

(1) **Income verification.** When income verification is needed, the worker gives or sends Form 08AD092E, Client Contact and Information Request, to the client specifying the income verification needed and gives the client at least 10-calendar days to provide the verification.

(A) When an application includes a past month, the worker obtains actual income, when available, to determine income eligibility for the application month.

(B) Once the client provides acceptable verification, no further information is required unless a change occurs or the renewal is due.

(C) When the client reports new employment and has not received representative pay yet, the worker determines the best estimate from information provided by the client and the employer.

(2) **Varying income.** When the assistance unit member receives income in varying amounts, the worker averages the most recent 30-calendar days of income to anticipate income for future months unless the:

(A) member starts new employment and paystubs are not available. When pay stubs are not available, the worker contacts the employer to obtain the member's hourly wage, anticipated weekly hours, and pay frequency;

(B) hourly wage changes. The worker obtains a paystub(s) that shows the member's new hourly rate, uses the past 30-calendar days of paystubs to average the member's weekly hours, and multiplies the hours by the new pay rate to anticipate income. When a paystub showing the new hourly rate is not available, the worker contacts the employer to verify the new hourly rate;

(C) member's work hours change. When paystubs are not available, the worker contacts the employer to verify the increase or decrease in hours. The worker multiplies the new hours by the hourly wage to anticipate the member's new earnings;

(D) member obtains a second job. The worker averages the client's first 30-calendar days of paystubs from the second job, when available, or contacts the employer to obtain the member's hourly wage, anticipated weekly hours, and frequency of pay. The worker computes the monthly earnings from each job separately and then adds the earnings together for the total month's gross earnings; or

(E) paystubs are not representative of the normal circumstances. In this instance, the worker only uses the representative paystubs to anticipate future income.

(3) **Income conversion to monthly amount.** When the assistance unit member receives income more often than monthly, the worker converts the income to a monthly amount as described in (A) - (D) of this paragraph. Income received:

(A) on a daily basis is converted to a weekly amount, then multiplied by 4.3;

(B) weekly is multiplied by 4.3;

(C) twice a month is multiplied by 2; or

(D) every two weeks is multiplied by 2.15.

(e) **Benefit changes.** The client is responsible for reporting income changes within 10-calendar days of when the change takes place. The worker is responsible for taking timely action within 10-calendar days of the date the client reports the change. All client notices must include the timely reporting requirement.

(1) The TANF cash assistance benefit may be closed based on actual or anticipated earnings when the assistance unit's net income is over the payment standard, per Oklahoma Human Services Appendix C-1, Schedule IX. (II) parent(s), legal guardian, or other adult relative does not allow the minor to live in the home;

(III) physical or emotional health or safety of the minor or the minor's dependent child(ren) is jeopardized when the minor or the minor's dependent child(ren) lives in the home with the parent(s), legal guardian, or other adult relative 18 years of age or older;

Persons temporarily absent from the home and included in the assistance unit are a:

(1) person receiving training or education for employment during the time the training or educational activities take place;

(2) child(ren), during the school term, attending:

(A) boarding school;

(7) person absent from the home to receive nursing care approved by the Oklahoma Health Care Authority, Level of Care Evaluation Unit. When it appears the person is disabled, an SSP application for ~~State Supplemental Payment~~ is taken, and a referral made to the SSA district office for an SSI application.

### 340:10-3-58. Income determination procedures [REVOKED]

(a) ~~The Temporary Assistance for Needy Families (TANF) cash assistance benefit amount is determined based on actual income received for the current or past month, when known, and the best estimate of the income that can be anticipated for future months.~~

(1) ~~When the client receives income in varying amounts, the past 30 calendar days of income is averaged to determine what income can be anticipated unless:~~

(A) ~~the client starts new employment and paystubs are not available. When pay stubs are not available, the employer's statement regarding the client's hourly wage, number of hours worked, and frequency of pay is obtained;~~

(B) ~~the hourly wage changed. The new hourly wage is verified by a paystub(s) that includes the new hourly wage. When a paystub reflecting the hourly wage change is not available, the employer is contacted for verification;~~

(C) ~~there is a change in the number of hours worked. When paystubs are not available, the increase or decrease in hours is verified with the~~

employer and then multiplied by the hourly wage to anticipate the next paycheck amount;  
(D) the client obtains a second job. The monthly earnings from each job is computed separately and then added together for the total month's gross; or  
(E) paystubs are not representative of the normal circumstances. In this instance, income is anticipated by using only the paystubs that are representative.

(2) Income received more often than monthly must be converted to a monthly amount as described in (A)–(D) of this paragraph.

(A) Income received on a daily basis is converted to a weekly amount, then multiplied by 4.3.

(B) Income received weekly is multiplied by 4.3.

(C) Income received twice a month is multiplied by 2.

(D) Income received every two weeks is multiplied by 2.15.

(b) When income verification is needed, the worker gives or sends Form 08AD092E, Client Contact and Information Request, to the client specifying the income verification needed and gives the client at least 10 calendar days to provide the verification.

(1) When a certification is for a past month, actual income, when known, is used to determine income eligibility for the past month.

(2) Once acceptable verification is provided, no further information is required unless a change occurs or the renewal is due.

(3) When the client reports new employment and representative pay has not been received yet, the best estimate is determined from the information provided by the client and the employer.

(c) The TANF cash assistance benefit may be closed based on actual or anticipated income. When the TANF cash assistance payment is closed based on anticipated income and the client reports within 30 calendar days of the effective closure date that the anticipated income was not received or was received in a lesser amount that does not cause ineligibility, the TANF cash assistance benefit is reopened using the administrative error process, per Oklahoma Administrative Code 340:65-5-6.

(d) A client is responsible for reporting changes within 10 calendar days of when the change takes place. The worker is responsible for taking timely action within 10 calendar days of the date the client reports the change. All client notices must include the timely reporting requirement.

**SUBCHAPTER 4. CONDITIONS OF ELIGIBILITY - MANDATORY DRUG SCREENING**

**340:10-4-1. Mandatory Drug Screening**

(a) Per Section 230.52 of Title 56 of the Oklahoma Statutes, adult parents, or needy caretakers who apply for Temporary Assistance for Needy Families (TANF) cash assistance are required to be screened for illegal use of a controlled substance

or substances. This screening is necessary to ensure that children are safe in their own homes by ensuring their adult parent(s) or needy caretaker is not using or is not under the influence of illegal substances. TANF ~~child-only~~ child-only cases and minor parents under 18 years of age are exempt from the provisions in this Section.

(b) At any point the ~~Oklahoma Department of Human Services (DHS)~~ (OKDHS) has reasonable cause to believe the adult parent or needy caretaker currently receiving TANF cash assistance is engaged in the illegal use of a controlled substance or substances, the adult parent or needy caretaker is required to be screened. ~~DHS~~ OKDHS is authorized to request administration of a chemical drug screen, such as an observed urinalysis (UA). Behaviors observed by ~~DHS~~ OKDHS or observed and reported by community resource partners that might indicate illegal use of a controlled substance or substances include, but are not limited to:

- (1) slurred speech;
- (2) unsteady gait;
- (3) inability to focus;
- (4) lethargy;
- (5) excessive nervousness or agitation;
- (6) showing flat affect or no emotion;
- (7) inappropriate responses to questions;
- (8) inappropriate anger or hostility;
- (9) excessive worry;
- (10) facial tics or muscle spasms;
- (11) erratic attendance in TANF Work activities;
- (12) lack of follow through with agreed upon plans; or
- (13) government or law enforcement documents indicating the person was engaged in the illegal possession or use of a controlled substance or substances within the last 30-calendar days.

(c) The minimum drug screening includes a Substance Abuse Subtle Screening Inventory (SASSI). Additional screening methods may be used that include, but are not limited to, a clinical interview, consideration of the person's history with ~~DHS~~ OKDHS, and an Addictions Severity Index (ASI). An ASI must be completed when the results of the initial SASSI screening are high probability, high defense, invalid, or the client self-declares a substance abuse problem. When the ASI indicates a need for treatment, a UA must be completed.

(d) The TANF application is approved with the adult parent or needy caretaker's needs included when all other eligibility factors of ~~eligibility~~ are met and the:

- (1) drug screening result indicates low probability of illegal use of controlled substance or substances; or
- (2) assessment result is a recommendation for alcohol and/or prescription drug abuse treatment.

(e) The TANF application is denied or benefits are closed when the adult parent or needy caretaker refuses to comply or fails to follow through with the screening.

(f) When the adult parent or needy caretaker applicant screens positive for the illegal use of a controlled substance or substances, the worker denies the TANF application or closes the TANF benefit for the adult parent or needy caretaker. The parent or needy caretaker may choose to receive ~~child-only~~ child-only benefits when all other TANF eligibility factors of ~~eligibility~~

# Permanent Final Adoptions

TANF eligibility are met. When the parent or needy caretaker chooses to receive ~~child-only~~ child-only benefits, the worker approves or continues ~~child-only~~ child-only benefits using the current TANF application. The worker also:

- (1) provides the denied applicant or adult recipient with a list of substance abuse treatment programs available at minimal or no cost to the applicant or recipient;
  - (2) makes a referral to the Child Abuse Hotline at 1-800-522-3511 when there is a positive screen for illegal drug use; and
  - (3) determines eligibility of all household members for other requested program benefits.
- (g) When the adult parent or needy caretaker is ineligible because of a positive screen for illegal use of a controlled substance or substances, he or she is not eligible for TANF benefits until:
- (1) one year after the first ineligibility determination ~~date of the first ineligibility determination~~;
  - (2) six months after the date of the first ineligibility determination ~~date of the first ineligibility determination~~ when the adult parent or needy caretaker complied with a substance abuse treatment plan; or
  - (3) three years after the second or subsequent ineligibility determination ~~date of the second or subsequent ineligibility determination~~.
- (h) At the end of an ineligibility period, a new application is required and all factors of eligibility determined. The steps described at (a) and (c) through (f) are followed.

## SUBCHAPTER 7. CONDITIONS OF ELIGIBILITY - RESIDENCE

### 340:10-7-1. Residence

(a) Residency requirement. ~~To be eligible~~ A person must be an Oklahoma resident to receive Temporary Assistance for Needy Families (TANF), a person must be making his or her home in Oklahoma. A person's statement that he or she is an Oklahoma resident and is not residing in Oklahoma for a temporary purpose is sufficient when consistent with other known facts. When the statement is inconsistent with other known facts, further substantiation is necessary.

(1) Once residency is established, a person does not lose Oklahoma residency status when he or she:

(A) is removed from Oklahoma against his or her will and held in another state, for example, ~~when~~ the person is sent to a federal prison; or

(B) goes out-of-state to look for a job or to attend school.

~~(1) A person's statement that he or she is an Oklahoma resident and is not residing in Oklahoma for a temporary purpose is sufficient when consistent with other known facts. When the statement is inconsistent with other known facts, further substantiation is necessary.~~

(2) When a person ~~an~~ applicant lived in another state or states at any time ~~that he or she lives in another state~~ before applying for TANF in Oklahoma, the worker must contact the other state(s) to determine how many months,

if any, the person ~~applicant~~ received TANF and if cash assistance is currently open.

(A) When TANF is open in the other state, the closure date is coordinated between states to ensure the applicant does not receive TANF cash assistance in Oklahoma and the other state for the same month.

(B) When the person ~~applicant~~ already received 60 months of TANF cash assistance, TANF is not approved in Oklahoma unless a hardship extension is approved, per Oklahoma Administrative Code (OAC) 340:10-3-56(a)(2)(E).

(b) Homeless persons. A TANF applicant or recipient is not required to have a fixed address to be eligible for TANF. A TANF applicant or recipient who lacks a fixed or regular residence or lives in temporary accommodations is considered homeless. When a person is homeless and does not have a mailing address and cannot receive mail at another person's address, the county office address may be used.

~~(c)~~ (3) Continuous residence. Continuous residence is established when the case record and contact with the person show no evidence of absence from Oklahoma.

~~(d)~~ (A) Temporary residence. For TANF eligibility purposes ~~of TANF eligibility~~, a person is considered an Oklahoma resident of Oklahoma when he or she plans to reside in Oklahoma temporarily because of a job commitment or to seek employment, as long as the person does not receive cash assistance from another state. This includes migrant and itinerant workers who maintain a homestead in another state. A person traveling through the state or visiting relatives in this state is not considered a resident.

~~(e)~~ (B) Out-of-state visits. When a ~~member of the~~ TANF assistance unit member(s) temporarily leaves the state for a purpose described in OAC 340:10-3-56(b) and intends to return to Oklahoma when the purpose of the absence is accomplished, it does not interrupt Oklahoma residence. The recipient is responsible for informing the worker which ~~member(s) of the~~ assistance unit member(s) plans to visit out-of-state, for what purpose, and the planned departure and return dates.

(1i) When a person ~~included in a~~ TANF assistance unit member(s) is temporarily absent from the state, he or she may continue to be included in the assistance unit for at least three months unless circumstances unrelated to the temporary absence occur, the purpose of the absence is accomplished, or a longer period of absence is permitted, per OAC 340:10-3-56(b). The person is considered an Oklahoma resident until there is substantial factual evidence he or she ~~chooses~~ chose to establish residence in another state.

(2ii) When the TANF Work participant is the person that temporarily leaves the state and does not participate in TANF Work activities during the absence, he or she may be sanctioned, per OAC 340:10-2-2, unless a good cause reason exists.

(3iii) When the person ~~recipient~~ applies for cash assistance in another state and is determined eligible by that state, the closure effective date in Oklahoma is coordinated with the effective certification ~~date of certification~~ in the other state, to ensure there is no interruption in the assistance payment or duplication of benefits.

**340:10-7-2. Homeless individuals [REVOKED]**

~~Individuals are not required to have a fixed address to be eligible for Temporary Assistance for Needy Families (TANF). Individuals who lack a fixed or regular residence, or who have temporary accommodations, are considered as homeless. When there is no mailing address for the individual and no other option is determined, the county office address can be used.~~

**"Minor eligible child who is blind or disabled individual"** means a child younger than 18 years of age, who is blind or disabled and meets the income and resource ~~standard~~standards for a ~~money payment~~SSP, per DHS(OKDHS) Appendix C-1, Schedules VIII. CA and D.

340:15-1-3. Legal basis for State Supplemental Payment Program [REVOKED]

~~The legal basis for the program is vested in Article XXV of the Constitution of the State of Oklahoma, Title 56, Oklahoma Statutes Sections 161 et seq.~~

340:15-1-4. State Supplemental Payment (SSP) plan

The SSP plan for ~~aged, blind, or disabled persons~~ encompasses the requirements listed in (1) through (11) of this Section.

- (1) **State-wide operation.** The SSP plan is a state-administered program in effect in all Oklahoma counties.
- (2) **Financing.** The State of Oklahoma provides all funding for the SSP Program.
- (3) **Single-state agency.** The SSP Program is administered by the Oklahoma Department of Human Services DHS(OKDHS) Adult and Family Services, in ~~county~~ offices throughout the state.
- (4) **Fair hearings.** An SSP applicant or recipient adversely affected by a ~~DHS~~an OKDHS decision is provided an opportunity for a fair hearing, per Section 168 of Title 56 of the Oklahoma Statutes (56 O.S § 168). Adverse effects may include, when the applicant or recipient:
  - (A) is denied benefits or the application is not acted upon within 30-calendar days for persons categorically related to Aid to the Aged, or 60-calendar days for persons categorically related to Aid to the Blind or Disabled;
  - (B) disagrees with the approved payment amount; or
  - (C) disagrees with any action taken regarding his or her payment.

## Permanent Final Adoptions

(6) **Safeguarding information.** Per 56 O.S. § 183 and Oklahoma Administrative Code (OAC) 340:1-1-20 and 340:65-1-2, ~~DHS~~OKDHS restricts the use or disclosure of information concerning SSP applicants and recipients to purposes directly connected with SSP program administration.

(7) **Right to apply.** A person has the right to:

- (A) apply for SSP and any other benefit he or she chooses;
- (B) expect an eligibility investigation of eligibility; and
- (C) expect a decision regarding the SSP application within 30-calendar days for persons categorically related to Aid to the Aged or 60-calendar days for persons categorically related to Aid to the Blind or Disabled.

(8) **Assistance under only one program.** An eligible person's needs may be included in only one cash assistance benefit, either SSP or Temporary Assistance for Needy Families (~~TANF~~).

(9) **Standards for determining eligibility and payment amount.** Refer to OAC 340 Chapters 15 and 65 for SSP eligibility determination rules and ~~DHS~~OKDHS Appendix C-1, Maximum Income, Resource, and Payment Standards for SSP payment amounts.

(A) SSP standards are based on the mandatory "Pass-Along Provision" of Section 1618 of the Social Security Act (Section 1382g of Title 42 of the United States Code) that requires states to pass along cost of living adjustments (COLA) in Supplemental Security Income (SSI) benefits. ~~DHS~~OKDHS adjusts individual payment amounts during the calendar year, as needed, to maintain total SSP expenditures for SSP in a calendar year at the same level as the total expenditures in the previous year.

(B) Maximum income and resource standards for persons who are aged 65 years of age and older, blind, or disabled are based on the federal benefit rates (FBR), ~~shown on DHS~~per OKDHS Appendix C-1, Schedule VIII.

(i) Countable income for SSP must be less than 100 percent of the FBR, plus the maximum SSP amount.

(ii) Countable income must be equal to, or less than 300 percent of the FBR for certain persons who, since December, 1973:

(I) were approved for care and continuously living in a licensed Title XIX nursing care facility, intermediate care facility (ICF), or ICF for individuals with intellectual disabilities (ICF-IID);

(II) have continuously received Home and Community-Based Waiver Services for the intellectually disabled; or

(III) were 65 years of age and older and have continuously resided in a mental hospital.

(iii) Countable deemed income for deeming income to a minor child with disabilities or who is

~~blind or disabled~~ must be less than 100 percent of the FBR.

(iv) Maximum resources must be equal to, or less than 100 percent, of the SSI resource standards.

(10) **Income and resources.** ~~The SSP purpose is to supplement a person's income. DHS, in~~ When determining need for ~~an aged, blind, or disabled person~~ an SSP, OKDHS considers the person's available countable income and resources, per OAC 317:35-5-41 and 317:35-5-42, and federal and state law.

(A) To determine income eligibility at application, the worker calculates the person's actual earned and unearned income received or expected to be received during the application month and compares it to the maximum income standard, per ~~DHS~~OKDHS Appendix C-1, Schedule VIII.A.

(B) ~~When the person receives SSI, the~~ The worker only verifies changes in an SSI recipient's income and resources that occurred since when the recipient reports a change or the worker receives information indicating the person has income or resources not considered by the Social Security Administration (SSA) verified the person's income and resources:

(i) at SSI approval;

(ii) ~~at~~ at the most recent SSI review; ~~or~~

(iii) ~~when questionable information is received indicating the person has income or resources not considered by SSA.~~

(C) ~~The first \$500 of monthly earned income is disregarded for blind persons in addition to the usual earned income disregards, described at OAC 317:35-5-42(d)(1), per 7 O.S. § 15.~~ As an SSI Criteria state, Oklahoma is required to passively or auto renew the SSP and SoonerCare (Medicaid) eligibility of SSI recipients every 12 months without requiring them to provide any information when their case records contain reliable information or more current information is available to OKDHS, per Section 435.916 of Title 42 of the Code of Federal Regulations.

(11) **Civil rights.** The SSP Program is administered, ~~in accordance with the~~ per provisions of Title VI of the Civil Rights Act.

### 340:15-1-5. State Supplemental Payment (SSP)

(a) **Eligibility for payment.** Per Section 164 of Title 56 of the Oklahoma Statutes (O.S. 56 § 164), an individual is eligible for a SSP when he or she is, or would be, eligible for Supplemental Security Income (SSI) because of age or disability, is not ineligible per (b) of this Section, and meets all other eligibility conditions of eligibility.

(1) Required eligibility conditions include:

(A) ~~having~~ having countable income, including SSI, that is less than the SSP need standard, on per Oklahoma Department of Human Services (~~DHS~~)(OKDHS) Appendix C-1, Maximum Income, Resource, and Payment Standards, Schedule VIII.A;

(2) ~~was, and remains, approved for care in a licensed Title XIX nursing care facility since December, 1973, and retains eligibility for a mandatory SSP. Refer to Appendix C-1, Schedule VIII.B., for the mandatory supplement standard;~~

(3) ~~is a resident in the Oklahoma School for the Blind or the Oklahoma School for the Deaf;~~

(4) ~~is ineligible for SSI based on income; but has income less than the SSP maximum, per DHS Appendix C-1, Schedule VIII.A.; or~~

~~(B5) meets/meeting resource standards, per ~~DHS~~OKDHS Appendix C-1, Schedule D; and~~

~~(C6) take/staking all appropriate steps to obtain other benefits within 30-calendar days after he or she is notified of his or her potential eligibility.~~

(2) The individual may:

(A) be ineligible for SSI based on income; but have income less than the SSP maximum, per OKDHS Appendix C-1, Schedule VIII.A.;

(B) remain approved for care in a licensed Title XIX nursing care facility since December, 1973, and retain eligibility for a mandatory SSP. Refer to Appendix C-1, Schedule VIII.B., for the mandatory supplement standard; or

(C) be a resident in the Oklahoma School for the Blind or the Oklahoma School for the Deaf.

(b) **Ineligible for payment.** An individual is not eligible for SSP when he or she:

(1) is a resident of a public facility operated by a government entity, such as a correctional, mental health, nursing care, or juvenile facility;

(2) is a patient in a psychiatric facility or a psychiatric unit of an acute care hospital for more than 30-calendar days;

(3) has countable income in excess of the SSP need standard, per ~~DHS~~OKDHS Appendix C-1, Schedule VIII.A.;

(4) has countable resources in excess of the SSP resource standard, per ~~DHS~~OKDHS Appendix C-1, Schedule VIII.D.;

(5) does not receive SSI because the applicant or the spouse disposed of resources for less than fair market value within 36 months of the application date, per Section 1382b(c) of Title 42 of the United States Code;

(6) is not an Oklahoma resident;

(7) does not meet citizenship or alien status requirements, per Oklahoma Administrative Code (OAC) 317:35-5-25 and ~~56~~ O.S. ~~74~~ §~~56~~71.1;

(8) does not take all appropriate steps to obtain other benefits with 30-calendar days after being notified of his or her potential eligibility; or

(9) is a child in ~~DHS~~OKDHS custody placed in out-of-home care ~~that is paid for by DHS~~ OKDHS.

(c) **SSP payment amount.** The SSP payment amount varies depending on the amount of other income the individual(s) receives. The maximum payment must not exceed the maximum payment shown on ~~DHS~~OKDHS Appendix

C-1, Schedule VIII.A. for an individual. Payment may be authorized retroactively based on an appeal decision or to correct an administrative error. Payment may not be authorized retroactively when the client fails to ~~timely~~ report information affecting eligibility within 10-calendar days of the date the change occurs. Refer to OAC 340:65-3-6 for payment methods and issuance dates.

(1) **Eligible couple.** Income eligibility is determined by comparing the couple's total countable income with the SSP standard for an eligible couple. When the couple's income is:

(A) equal to or greater than the standard, the worker denies the application or closes the SSP benefit; or

(B) less than the standard, the worker deducts the couple's income from the standard to compute the payment amount. The SSP for each member of the couple is one-half of the remainder. When the SSP cannot be divided equally, one member of the couple receives a higher SSP, subject to the maximum payment, ~~shown on DHS~~ per OKDHS Appendix C-1, Schedule VIII.A.

(2) **Eligible individual.** The worker determines an individual's income eligibility by comparing his or her total countable income with the SSP standard for an eligible individual. When the individual's countable income is:

(A) equal to or greater than the SSP standard, the worker denies the application or closes the SSP benefit; or

(B) less than the SSP standard, the worker deducts the individual's total countable income from the standard to compute the payment amount, subject to the maximum payment, ~~shown on DHS~~ per OKDHS Appendix C-1, Schedule VIII.A.

(3) **Eligible individual with essential spouse.** The worker determines the income eligibility for an individual with an essential spouse by comparing the total countable income of the couple with the SSP standard for the eligible individual with an essential or ineligible spouse. When the couple's countable income is:

(A) equal to or greater than the standard, the worker denies the application or closes the SSP benefit; or

(B) less than the standard, the worker deducts the couple's total countable income from the standard to compute the payment amount, subject to the maximum payment, per ~~DHS~~OKDHS Appendix C-1, Schedule VIII.A.

(4) **Eligible individual with ineligible spouse.** The worker determines income eligibility for an individual with an ineligible spouse by comparing the total countable income of the individual with the SSP standard for the eligible individual. When the individual's countable income is:

(A) equal to or greater than the SSP standard for the eligible individual, the worker denies the application or closes the SSP benefit; or

(B) less than the SSP standard for the individual, the worker compares the total countable income of

## Permanent Final Adoptions

the couple with the SSP standard for an eligible individual with an essential or ineligible spouse. When the couple's total countable income is:

- (i) equal to or greater than the standard, the worker denies the application or closes the SSP benefit; or
- (ii) less than the standard, the worker deducts the total countable income of the couple from the SSP standard for an eligible individual with an essential or ineligible spouse to compute the payment amount, subject to the maximum payment, per ~~DHS~~OKDHS Appendix C-1, Schedule VIII.A. Exception: When the ineligible spouse is included in a Temporary Assistance for Needy Families (TANF) benefit, the worker deducts the individual's countable income from the SSP standard for the eligible individual and does not consider the spouse's income.

(5) **Eligible individual with ineligible spouse and dependent ~~child~~child(ren).** The worker determines income eligibility for an individual with an ineligible spouse and dependent ~~child~~child(ren) by comparing the individual's total countable income with the SSP standard for an eligible individual.

(A) When the individual's countable income is equal to or greater than the standard, the worker denies the application or closes the SSP benefit.

(B) When the individual's countable income is less than the SSP standard for an eligible individual, the worker determines the spouse's countable income by following (i) through (v) of this paragraph.

(i) When the spouse and dependent ~~child~~child(ren) are included in a TANF benefit, their income is considered for the TANF benefit and none is deemed to the eligible individual. The worker deducts the individual's total countable income from the SSP standard to compute the SSP benefit amount, subject to the maximum payment, per ~~DHS~~OKDHS Appendix C-1, Schedule VIII.A.

(ii) When the spouse's needs are not included in the TANF benefit with the ~~child~~child(ren), the portion of the spouse's income considered in determining the ~~child's~~child(ren)'s TANF benefit is not considered for the SSP benefit.

(iii) When the dependent ~~child~~child(ren) does not receive TANF, the worker deducts the ~~child's~~child(ren)'s allocation, minus the ~~child's~~child(ren)'s income, from the spouse's income before determining the amount of the spouse's income to consider for the SSP benefit. Refer to ~~DHS~~OKDHS Appendix C-1, Schedule VIII.C for the ~~child's~~child(ren)'s allocation amount.

(iv) The individual's total countable income and the spouse's countable income after subtracting the amount considered for the dependent ~~child~~child(ren), is compared with the SSP standard

for an eligible individual with an essential or ineligible spouse, per ~~DHS~~OKDHS Appendix C-1, Schedule VIII.A. When the countable income is:

(I) equal to or greater than the SSP standard, the worker denies the application or closes the SSP benefit; or

(II) less than the SSP standard, the worker deducts the countable income from the standard to compute the payment amount, subject to the maximum payment, per ~~DHS~~(OKDHS) Appendix C-1, Schedule VIII.A.

(v) The dependent ~~child~~child(ren)'s income is never deemed to the adult.

(6) **Minor who is blind or disabled.** The worker determines a minor's income eligibility by adding the child's income to the amount deemed from the child's parents and compares the total to the SSP standard for an eligible individual. When the countable income is:

(A) equal to or greater than the standard, the worker denies the application or closes the SSP benefit; or

(B) less than the standard, the worker deducts the total countable income from the SSP standard to compute the payment amount, subject to the maximum payment, per ~~DHS~~OKDHS Appendix C-1, Schedule VIII.A.

(d) **Concurrent receipt of more than one cash assistance payment.** An individual must not be included in more than one SSP or TANF benefit for the same time period.

(1) An individual meeting SSP eligibility requirements may receive SSP and be the payee for a TANF benefit when his or her needs are not included in the TANF cash assistance.

(2) When a TANF recipient is transferred from TANF to SSP or an SSP recipient is transferred from Aid to the Disabled to Aid to the Aged or Blind, the effective date must be the same for the removal from one category and the beginning of payment from the other category.

(e) **Non-conditioning of payment.** OKDHS does not restrict in any way how the client uses the assistance payment.

(f) **Application and renewal processing.** Refer to OAC 340:65-3-1 for application processing rules and OAC 340:65-3-8 for renewal processing rules.

### 340:15-1-6. Special requirements

(a) ~~Solicitation of alms~~Alms solicitation. Per Section 164 of Title 56 of the Oklahoma Statutes, a recipient of a State Supplemental Payment (SSP) for the blind must not solicit alms while receiving SSP. Soliciting alms means collecting donations for one's personal benefit, selling minor articles when selling is merely a subterfuge for collecting donations, and any similar activities. It does not include house-to-house sale of articles carried on as a regular established occupation. The client's statement regarding alms solicitation ~~of alms~~ is sufficient verification when there are no facts to the contrary.

(b) **Minor child who is blind or disabled.** To determine SSP eligibility for a child who is blind or disabled, the income and resources of the parent(s) with whom the child is living ~~are~~is considered unless the parent(s) is included in a SSP or

Temporary Assistance for Needy Families (TANF) application or benefit.

(1) ~~Deeming of income~~**Income deeming.** ~~When determining SSP eligibility for a child younger than 18 years of age who is blind or disabled, a natural or adoptive parent(s)', or step-parent's income must be deemed to a minor the child, who is blind or disabled, and younger than 18 years of age, when determining the child's eligibility for SSP.~~ An ineligible child's income is not deemed to the eligible child who is blind or disabled child. The parent(s)' income is not deemed when the eligible child resides in a nursing care facility. Refer to Oklahoma Administrative Code (OAC) 317:35-5-42(n) and (o) for deeming computation procedures.

(2) ~~Deeming of resources~~**Resource deeming.** When a minor child, who is blind or disabled lives with his or her parent(s), the parent(s)' resources in excess of the resource standard, per Oklahoma ~~Department of Human Services (DHS)~~OKDHS Appendix C-1, Schedule VIII.D, are deemed to the child unless the parent(s) receives Supplemental Security Income (SSI), SSP, or is included in a TANF cash assistance payment or the child resides in a nursing care facility. When there is more than one eligible child in the home, the parent(s)' excess resource amount is prorated between the eligible children.

(3) **When the child is ineligible for SSP.** When a child with intellectual disabilities is ineligible for SSP due to deeming his or her parent(s)' income and/or resources, the child may be approved for SoonerCare (Medicaid) benefits under the Home and Community-Based Waiver (HCBW) Services ~~for persons with intellectual disabilities,~~ per Oklahoma Administrative Code (OAC) OAC 317:35-9. When the child is not eligible for HCBW, the child may be eligible for SoonerCare (Medicaid) benefits under the Tax Equity and Fiscal Responsibility Act of 1982 (Public Law 97-248), known as TEFRA, per OAC 317:35-5-4 and 317:35-7-36.

(c) **Age.**

An individual~~**SSP age requirement for the aged.** ~~A person must be 65 years of age and older to meet the age requirement for SSP for the aged.~~Aid to the Aged. Eligibility is verified by the Social Security Administration or other records, such as a birth certificate, insurance policies, family records, or census records.

(2) **SSP age requirement for the blind.** There is no age requirement to receive SSP for the blind. When a child, who is blind is younger than 16 years of age, his or her age must be verified in order to establish the need for designating a parent or guardian as payee. ~~When a recipient receiving SSP for the blind reaches 65 years of age, he or she is transferred to the category for the aged.~~

(3) ~~SSP age requirement for the disabled persons with disabilities.~~**SSP age requirement for the disabled persons with disabilities.** To be eligible for a SSP for the disabled, an applicant or recipient must be younger than 65 years of age. A parent or guardian must be designated as payee when a child who is disabled is younger than 16 years of age. ~~When a recipient receiving SSP for the disabled~~

~~reaches 65 years of age, he or she is transferred to the category for the aged.~~

(d) **Fleeing felon.** A fleeing felon is not eligible for a SSP. Per Section 1382(e)(4) of Title 42 of the United States Code, a fleeing felon is defined as a person who:

(1) is fleeing to avoid prosecution, custody, or confinement, after conviction, under the laws of the place from which the person flees, for a crime, or an attempt to commit a crime, which is a felony under the laws of the place from which the person flees, or in a jurisdictions that do not define crimes as felonies, is punishable by death or imprisonment for a term exceeding one year regardless of the actual sentence imposed;

The ~~intent of the program is to provide~~ provides assistance to low-income households, particularly those with the lowest incomes, that pay a high proportion

of their household income to meet their home energy needs ~~per Section 8621 through 8629 of Title 42 of the United State Code. As administered by DHS, the~~ The households most affected by high energy costs are the elderly, disabled, homebound, children 5 years of age and younger, migrants, and those who are isolated from service programs by geographical conditions or language barriers.

(b) **Legal basis.** The legal base for LIHEAP is vested in Title XXVI of Public Law 97-35, Section 8621 through 8629 of Title 42 of the United States Code (42 U.S.C. §§ 8621 through 8629), and the Omnibus Budget Reconciliation Act. The program is financed from federal funds.

(c) **Non-discrimination provisions.** LIHEAP does not subject persons to discrimination or exclude them from participating in, or deny the benefits of any program or activity funded in whole or in part with LIHEAP funds on the basis of race, color, national origin, or sex, per 42 U.S.C. § 8625. Persons are not subjected to discrimination based on age, per the Age Discrimination Act of 1975 (42 U.S.C. § 6101 et seq.) or based on a disability, per 29 U.S.C. § 794.

### 340:20-1-2. Legal base [REVOKED]

### 340:20-1-3. ScopeProgram operation, components, and priorities

(a) **Program operation.** The operation of the Low Income Home Energy Assistance Program (LIHEAP) is contingent upon the receipt of federal funds. Delay in federal funding ~~can~~ may cause changes in planned time frames for the program.

(b) **Components.** LIHEAP consists of four components each year federal funds are issued, per Section 8624 of Title 42 of the United States Code (42 U.S.C. § 8624):

- (1) winter heating assistance, which is the benefits paid to vendors and clients beginning in December during the winter heating application period each year as approved;
- (2) Energy Crisis Assistance Program (ECAP), which has intermittent application periods each year and any time there is a medical crisis;

- (3) ~~summer cooling assistance beginning in July each year during the summer cooling application period;~~ and
- (4) ~~weatherization assistance, administered year round by the Oklahoma Department of Commerce (ODOC) with LIHEAP funds allocated to them by the Oklahoma Department of Human Services (OKDHS) from federal LIHEAP funding.~~ ODOC distributes weatherization funds to local Community Action Agencies ~~agencies~~ to provide weatherization services.

Tribes may choose to use their funds for one assistance payment per household or through multiple application periods throughout the federal fiscal year that runs from October through September each year.

- (1) ~~The Oklahoma Department of Human Services (DHS) (OKDHS)~~ and participating tribes share information regarding tribal member's receipt of LIHEAP to prevent assistance duplication of assistance.
- (2) Tribal members are not eligible to receive energy assistance from their tribe and ~~DHS OKDHS~~ for the same federal fiscal year.
- (3) When a tribal member applies for LIHEAP through ~~DHS OKDHS~~, LIHEAP staff treats the person's eligibility ~~is treated~~ in the same manner as any other household when the person is a member of a tribe that:
  - (A) does not operate its own LIHEAP; or
  - (B) operates its own LIHEAP, but the person has not applied to the tribe for energy assistance.
- (4) When a tribal member applies for ~~DHS OKDHS~~ LIHEAP and it is determined that a household member received energy assistance from a tribal LIHEAP program for the same federal fiscal year, ~~the LIHEAP staff denies the application is denied.~~
- (5) When a tribal member approved for ~~DHS OKDHS~~ LIHEAP later applies for tribal LIHEAP for the same federal fiscal year, the tribe denies its application unless

the tribal member requests ~~DHS that~~ OKDHS cancel its certification before payment is made.

(b) **Coordination with utility suppliers.** OKDHS LIHEAP Unit staff are responsible for familiarizing utility suppliers with LIHEAP regulations, per 42 U.S.C. § 8624. During the Energy Crisis Assistance Program, centralized LIHEAP staff must coordinate with utility suppliers to pledge payment and ensure fuel is delivered in a timely manner to settle the energy crisis.

(c) **Coordination with other OKDHS programs.** LIHEAP payments are disregarded in all OKDHS programs. LIHEAP coordinates with other Adult and Family Services income support programs, such as Temporary Assistance for Needy Families (TANF), TANF flex funds, and State Supplemental Payment. When the household's need is for primary home energy, it is met through LIHEAP when LIHEAP funds are available. TANF flex funds are used for emergency needs that LIHEAP does not cover.

(d) **Outreach.** OKDHS provides information and presentations regarding LIHEAP to interested persons and community agencies, per 42 U.S.C. § 8624. OKDHS collaborates with local Community Action agencies to offer energy efficient workshops and coordinate energy assessments on LIHEAP households' homes to evaluate what may be done to lower energy costs. Some utility suppliers enroll LIHEAP clients in discount rates for their main heating and cooling energy sources.

**340:20-1-6. Coordination with utility suppliers [REVOKED]**

~~It is the responsibility of Low Income Home Energy Assistance Program (LIHEAP) program field representative staff to familiarize utility suppliers with LIHEAP per 8624 of Title 42 of the United States Code. County office staff email Adult and Family Services LIHEAP program field representative staff when a utility supplier or a client reports an account name or number requires a correction. During the Energy Crisis Assistance Program, centralized LIHEAP staff must coordinate with utility suppliers to pledge payment and ensure fuel is delivered in a timely manner to settle the energy crisis.~~

of the program per Section 8624 of Title 42 of the United States Code. DHS collaborates with local Community Action Agencies to offer energy efficient workshops and coordinate energy assessments on clients' homes to evaluate what can be done to lower energy costs. ### 340:20-1-8. Citizenship and alien status [REVOKED]

(a) ~~To be eligible for Low Income Home Energy Assistance Program (LIHEAP) benefits an individual must be:~~

- ~~(1) a United States (U.S.) citizen;~~
- ~~(2) a U.S. non citizen national;~~
- ~~(3) an alien who is both qualified and eligible; or~~
- ~~(4) an alien not required to meet qualified alien status.~~

(b) ~~Pursuant to Section 71 of Title 56 and Section 20j of Title 74 of the Oklahoma Statutes, all persons 14 years of age and older must declare whether they are residing in the U.S. lawfully and may be required to sign Form 08MP005E, Citizenship Affidavit, in accordance with OAC 340:65-3-1(g).~~

### 340:20-1-9. Priorities [REVOKED]

~~Special consideration is given to facilitating the Low Income Home Energy Assistance Program (LIHEAP) application process on behalf of individuals who are 60 years of age and older, blind, or disabled, per Section 8624 of Title 42 of the United States Code. During the open enrollment period, applications may be completed online at [www.okdhslive.org](http://www.okdhslive.org) or by calling an Oklahoma Human Services county office for assistance in submitting an online application. For individuals who lack transportation; are physically or mentally unable to come to a county office; or have no phone or Internet access; Form 08LH002E, Low Income Home Energy Assistance Program (LIHEAP) Application, is mailed to the home. LIHEAP applications may be completed by the spouse, natural guardian, legal guardian, or someone else on the applicant's behalf.~~

### 340:20-1-10. Program factors

(a) **Home energy.** For the Low Income Home Energy Assistance Program (LIHEAP), home energy means a household's source of energy used to heat or cool a residential dwelling, per Section 8622(6) of Title 42 of the United States Code (42 U.S.C. § 8622(6)).

(b) **Main energy source.**

- (1) The main energy source used to heat the home is approved during the winter heating application period. The main energy source may be electricity, natural gas, propane, kerosene, firewood, coal, butane, or heating oil. When the household uses a generator to heat the home, the generator may use natural gas, propane, or gasoline.
- (2) The main energy source used to cool the home is approved during the summer cooling application period. In most instances, the main cooling source is electricity. When the household uses a generator to cool the home, the generator may use natural gas, propane, or gasoline.

(3) During an Energy Crisis Assistance Program (ECAP) application period, the household must choose the heating or cooling energy source that resolves the energy crisis.

(c) **Household.** Household means any person or group of persons who are living together as one economic unit and for whom residential energy is customarily purchased in common, or who make undesignated payments for energy in the form of rent, per 42 U.S.C. § 8622(5).

(1) The income and resources of all household members is considered, per Oklahoma Administrative Code (OAC) 340:20-1-11 procedures, even when one or more household members is not eligible to be included in the benefit, per ~~OAC 340:20-1-8(d)~~ or ~~(g)(5)(h)(5)~~ of this Section.

(2) Refer to OAC 340:20-1-4 when one or more household members is a member of a tribe operating its own LIHEAP.

(3) A roomer is a person who rents a room in another person's house. A boarder is a person who lives in temporary housing, such as halfway house or group home, a commercial boarding house, or with another household who furnishes lodging and meals to the person in exchange for a reasonable monthly payment for board. When the household states there is a roomer or boarder living in the home, the person may be considered as a separate household only when:

- (A) he or she is not related to the household; and
- (B) there is a written lease or roommate agreement that contains a clause stating he or she is responsible for a specific portion of the utility bills.

(4) There is one authorization per household for each heating ~~and/or~~ cooling application assistance period.

(d) **Citizenship and alien status.** Per Section 71 of Title 56 and Section 20j of Title 74 of the Oklahoma Statutes, all persons 14 years of age and older must declare if they are residing in the United States (U.S.) lawfully and may be required to sign Form 08MP005E, Citizenship Affidavit, per OAC 340:65-3-1(g). To be eligible for LIHEAP benefits, a person must be:

- (1) a U.S. citizen;
- (2) a U.S. non-citizen national;
- (3) an alien who is both qualified and eligible, per OAC 340:50-67; or
- (4) an alien not required to meet qualified alien status.

~~(de)~~ **Vulnerability.** A household is vulnerable when it is totally or partially responsible for ~~the cost of~~ home energy costs. A household whose primary energy source is temporarily discontinued is also considered vulnerable. A roomer or boarder may be considered vulnerable when:

- (1) he or she is not related to a household member with whom he or she lives; and
- (2) there is a written lease or roommate agreement that contains a clause stating he or she is responsible for a specific portion of the utility bills.

~~(ef)~~ **Non-vulnerability.** Non-vulnerable households are those that do not bear any home energy expense. Examples of non-vulnerable living arrangements include:

(1) congregate or domiciliary facilities, such as a nursing facility, assisted living or long term care facility when utilities are paid through a corporate or business account, college or university dormitory, or fraternity or sorority housing;

(2) households whose primary energy source is totally paid by someone other than a household member; or

(3) subsidized households whose heating or cooling costs are included in the rent. Subsidized households assessed an energy surcharge during the operation of LIHEAP may be eligible for assistance when they provide verification of the surcharge. Acceptable surcharge verification may be established by an itemized statement from the landlord, a legally-binding lease agreement showing the surcharge, or a rent receipt designating the fuel cost is separate from the total shelter payment.

(fg) **Subsidized household.** Subsidized households are households that receive a utility allowance to cover all or part of their energy cost or receive assistance in paying their rent or house payment on a regular basis. Subsidized households are not vulnerable when an agency or person pays the entire utility bill every month, even when the utility bill is in the name of a household member or the payment is a loan.

(1) Assistance may be from a government agency, such as a local housing authority, or a private person, usually a relative or friend, who helps the household pay their utility bills, rent or house payment, or allows the household to live rent free.

(2) When apartment rental rates in college or university-owned apartment complexes are set lower than other apartments in the community to help the student, the household is considered a subsidized household.

(3) Eligible subsidized households with out-of-pocket utility expenses receive the same assistance benefit as unsubsidized households.

(gh) **Eligible household criteria.** All eligible households must verify that they meet criteria in (1) through (5) of this subsection, per OAC 340:20-1-13, or the application is denied.

(1) Households must be totally or partially responsible for the cost of home energy and provide accurate utility information.

(2) Households must not exceed the gross income and resource standards, per Oklahoma Human Services (OKDHS) Appendix C-7, Low Income Home Energy Assistance Program Income and Resource Level by Household Size.

(3) Households must include at least one U.S. citizen or eligible alien, per OAC 340:20-1-8. An undocumented or ineligible alien may be present in the home, but is not included in household size when determining the household's financial eligibility or the benefit amount. The undocumented or ineligible alien's income is considered, per OAC 340:20-1-11(a)(4).

(4) The applicant must provide proof of his or her identity, per OAC 340:20-1-13(4).

(5) Each household member included in household size for income and benefit determination must provide his or her Social Security number (SSN), per OAC

340:20-1-13(3) and 340:65-3-1(f). When the household does not provide a SSN for a household member, the person's income is counted but he or she is not included in household size when determining the household's financial eligibility, per OKDHS Appendix C-7, or benefit amount, per OKDHS Appendix C-7-A, Estimated Low Income Home Energy Assistance Program (LIHEAP) Benefit Level for all Households.

(hi) **Benefit amount.** LIHEAP funding is contingent on the receipt of federal funds and authorized amounts vary from year-to-year. Benefit amounts are estimated and reserved for winter heating, summer cooling, and ECAP on a yearly basis after the funding amount for the federal fiscal year is known. OKDHS Appendix C-7-A provides estimated benefit amounts for each program component. Adjustments may be made to the estimated benefit amount during the federal fiscal year because of changes in available funding or anticipated need. The household benefit amount for:

(1) winter heating is based upon household size, net income, primary energy source, and if the household pays the energy supplier or the utility cost is included in the rent payment;

(2) summer cooling is based upon household size and net income; and

(3) ECAP is based on the amount needed to resolve the energy crisis up to the maximum amount shown, per OKDHS Appendix C-7-A.

**340:20-1-11. Income and liquid resources**

(a) **Income.** All gross earned and unearned income that ~~received by the household~~ receives, except for income exclusions per (b) of this Section, is considered in determining financial eligibility, per Section 8624 of Title 42 of the United States Code (42 U.S.C. § 8624). Income received more than once per month from the same source; is converted to a monthly amount and rounded to the nearest dollar. When a household member's income is reduced due to ~~recoupment of an overpayment~~ recoupment or a garnishment, the gross amount before the recoupment or garnishment is considered.

(1) **Gross income standard.** ~~The income of eligible households~~ Eligible households' income must not exceed the gross income standard, per Oklahoma Human Services (OKDHS) Appendix C-7, Low Income Home Energy Assistance Program Income and Resource Level by Household Size.

(A) When the household includes one or more ineligible ~~aliens~~ alien(s), part of the ineligible alien(s)' income is considered in determining gross income for the other household members. Refer to (4) of this subsection to determine the ineligible alien(s)' countable income portion of the ~~ineligible alien(s)' income~~. The ineligible alien(s) is not considered in household size when determining the gross income standard for the other household members.

(B) When all household members and their income are included in Supplemental Nutrition Assistance

## Permanent Final Adoptions

Program (SNAP) food benefits, Temporary Assistance for Needy Families (TANF), ~~or~~ State Supplemental Payment (SSP) cash assistance, or Child Care Subsidy benefits, the gross income used to establish eligibility for the other program is used to determine eligibility for Low Income Home Energy Assistance Program (LIHEAP) benefits unless the household reports new or terminated income. When the household reports income from a new source, or does not report income currently considered for another benefit on the LIHEAP application, the household must verify the income from the new source or verify that previous income is terminated, per (2) and (3) of this subsection.

(C) When some, but not all, household ~~mem-~~  
~~ber~~members are included in other benefits, the gross income of the household member(s) whose income was not verified must be determined for the application month, per (2) and (3) of this subsection.

(D) When the household does not receive other benefits, the household's gross income for the application month is verified and calculated to determine income eligibility, per (2) and (3) of this subsection.

(2) **Earned income.** Earned income is income a household member receives in the form of wages, commission, self-employment, or training allowances, and for which he or she puts forth labor. When all household members' earned income is not established for another program, and a household member works for an employer, gross earned income is calculated for the application month. When a household member is self-employed or a contract employee, the household member's income is averaged over 12 months to determine the average gross monthly income.

(A) When the household member receives an hourly wage, has not received all earned income for the month by the application date, and his or her income fluctuates, the last 30-calendar days of income is used to anticipate income for the pay periods not yet received. When the household member:

- (i) receives an extra paycheck in the application month due to a third or fifth week and the income is ongoing, the last 30-calendar days of income is used to determine countable monthly income instead of counting the extra paycheck; or
- (ii) ~~started~~starts a new job and the amount of the first paycheck is not known, the earnings are not considered.

(B) When the household member's income does not fluctuate, income received during the month prior to the application month may be used.

(C) When the household member derives his or her annual income by contract or self-employment in a time period ~~of time~~ shorter than one year or receives an annual salary, the income is divided over a 12-month period to determine countable monthly income.

(D) To arrive at the monthly gross earned income when the household member is self-employed and:

- (i) filed an income tax return on the self-employment income for the most recent tax year, the gross self-employment income, including capital gains, shown on the income tax return is divided by 12. When the business operated less than 12 months, the self-employment income is divided by the number of months the business operated; or
- (ii) did not file an income tax return for the most recent tax year, the gross self-employment income, including capital gains, shown on the household member's business records is divided by 12 or the number of months the business was in operation when the business operated less than 12 months.

(3) **Unearned income.** Unearned income is income a household receives that is not in the form of wages, self-employment, or training allowances, and for which a person does not put forth labor. Unearned income received or expected to be received during the month of application is considered unless it is excluded per (b) of this Section.

(4) **Income calculation for an ineligible alien.** An ineligible alien is a person who does not meet the eligibility criteria ~~described in~~ per Oklahoma Administrative Code (OAC) ~~340:20-1-8340:20-1-10(d)~~. When an ineligible alien is part of an eligible household, the ineligible alien's earned and unearned gross income ~~of the ineligible alien~~ and that of his or her ineligible dependents is calculated in the same manner as it is for other household members. The ineligible alien's countable income ~~portion of the ineligible alien's income~~ is computed per (A) through (E) of this paragraph and added to household income for the eligible members before determining if the household meets the gross income standard per OKDHS Appendix C-7.

(A) Subtract the earned income deduction, per OKDHS Appendix C-7 for each employed ineligible alien.

(B) Add the ineligible alien's unearned income ~~of the ineligible alien~~.

(C) Subtract the need standard, per OKDHS Appendix C-1, Maximum Income, Resource, and Payment Standards Schedule IX, for the ineligible alien and his or her ineligible alien dependents who:

- (i) are claimable for federal personal income taxes;
- (ii) live in the same household; and
- (iii) are not included in the household size when determining the gross income standard or the LIHEAP benefit level for the eligible household members.

(D) Subtract all applicable deductions per (c) of this Section for the ineligible alien(s).

(E) The remaining amount is added to the countable income of the household members eligible for LIHEAP.

(b) **Income exclusions.** Exclude from countable income any income that is excluded by SNAP, TANF, SSP, or Child Care Subsidy rules that include, but may not be limited to:

- (1) the food benefit amount under the Food and Nutrition Act of 2008;
- (2) any payment received under Title II of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970;
- (3) educational assistance including grants, work study, scholarships, fellowships, educational loans on which payment is deferred, veteran's education benefits, and the like;
- (4) loans, regardless of use, when a bona fide debt or obligation to pay can be established.

(A) Criteria to establish a loan as bona fide includes an acknowledgment of obligation to repay or evidence that the loan is from a person or financial institution in the loan business.

(B) When the loan is from a person(s) not in the loan business, the borrower's acknowledgment of obligation to repay, with or without interest, is required to indicate the loan is bona fide;

(5) Indian per capita payments distributed from judgment awards or trust funds made, per Section 2 of Public Law (P.L.) 98-64, (25 U.S.C. § 117b) and 25 U.S.C. § 1407.

(A) Exclude any interest or investment income accrued on such funds while held in trust or any purchases made with judgment funds, trust funds, interest, or investment income accrued on such funds.

(B) Exclude per capita payments, such as Osage tribe headrights, income from mineral leases, or other tribal business ventures, when they meet the distribution requirements stated in this paragraph.

(C) Consider ~~as income, interest, or income~~ derived from the principal, or income produced by purchases made with the funds after distribution as countable income.

(D) The per capita exclusion applies per person rather than per family;

(6) special allowance for school expenses made available upon written petition ~~in writing~~ from trust funds of the student;

(7) benefits from state and community programs on aging from Title III and Title V. Title III and Title V are under the Older Americans Act (OAA) of 1965, amended by P.L. 100-175 to become the OAA, as amended in 2000. Each state and various organizations receive Title V funds. This income is treated as any other earned income;

When the household member did not incur business expenses, he or she is not eligible for a business expense deduction. The household member is also eligible

for the earned income deduction per (3) of this ~~paragraph~~subsection when he or she does not take out a salary from the business; and

(5) child care copayment when the household receives Child Care Subsidy benefits through OKDHS.

(d) **Benefit amount.** Refer to OKDHS Appendix C-7-A, Estimated Low Income Home Energy Assistance Program (LIHEAP) Benefit Level for all Households, to determine the LIHEAP benefit amount. The LIHEAP benefit amount is based on household size, excluding ineligible aliens, the household's net income after applicable deductions are subtracted per (c) of this Section, and the main energy source.

(e) **Resources.** Liquid resources, such as, but not limited to, cash on hand, checking or savings accounts, certificates of deposits, stocks or bonds, bitcoin, or other cryptocurrency, cannot exceed the allowable resource level, per OKDHS Appendix C-7. The applicant's statement is accepted as verification unless the information is inconsistent or questionable.

**340:20-1-12. Applications**

Households apply for the Low Income Home Energy Assistance Program (LIHEAP) by submitting an online application at [www.okdhslive.org](http://www.okdhslive.org), calling an Oklahoma Human Services (OKDHS) county office to assist with submitting the online application, or calling the phone number on the [www.okdhslive.org](http://www.okdhslive.org) website to request Form 08LH002E, ~~Application for~~ Low Income Home Energy Assistance Program (LIHEAP) Application, be mailed to them. When Form 08LH002E is mailed to the household with a postage paid envelope, the application ~~must be~~is completed and returned by email, faxed to the number on the form, or mailed to the return address.

(1) Households may be pre-authorized for the LIHEAP winter heating or summer cooling component without filing an application, but ~~must not be~~are not pre-authorized for both in the same federal fiscal year, October through September. Households pre-authorized for LIHEAP are households that received Child Care Subsidy, State Supplemental Payment (SSP), Temporary Assistance for Needy Families (TANF), or Supplemental Nutrition Assistance Program (SNAP) benefits all 12 months of the previous federal fiscal year and met criteria in (A) through (D) of this paragraph. The household:

- (A) received LIHEAP winter heating or summer cooling the previous federal fiscal year;
- (B) address remains the same;
- (C) income did not change or exceed eligibility guidelines for household size during the previous federal fiscal year; and
- (D) members remain the same from the previous federal fiscal year.

(2) A computer-generated notice is normally mailed ~~in November for the month before the winter heating and in June for~~or summer cooling ~~each year~~application period starts. The notice is sent to households not selected for preauthorization that receive SNAP benefits, TANF, and ~~or SSP at the time of the mailing~~. The notice informs the household how to apply for LIHEAP.

## Permanent Final Adoptions

(3) When an application is denied, ~~the household~~ households may request a fair hearing when ~~it does not~~ they do not agree with the decision or submit a new application to reapply.

(4) When a household moves after applying for LIHEAP, a new application is not necessary. However, the household must report the change of "service" address to an OKDHS county office within 10-calendar days of moving.

(5) When submitting an application, the household must provide the correct account name, account number, and energy supplier to ensure payments are made to the correct energy supplier. All households applying for the Energy Crisis Assistance Program must have a verified ~~active cut off order, a notice of refusal to provide additional fuel, or a verification of the fee to establish or re-establish service from an energy supplier~~ energy crisis, per Oklahoma Administrative Code 340:20-1-17(f)(2).

### 340:20-1-17. Energy Crisis Assistance Program (ECAP)

(a) **ECAP funds.** Based upon previous years' program experience, Oklahoma Human Services (OKDHS) reserves reasonable funds ~~are reserved~~ each year for ECAP to resolve energy crisis situations, per Section 8623(c) of Title 42 of the United States Code (42 U.S.C. § 8623(c)), to:

(1) prevent disconnect of service when the household has a verified, active cut-off order;

(2) restore or start service;

(3) provide a minimum delivery of propane or other heating fuel, per Section 8623(e) of Title 42 of the United States Code (42 U.S.C. § 8623(e)).

(b) **ECAP components.** ECAP consists of three components:

(1) a regularly scheduled application period in March each year;

(2) year round assistance available ~~on a case-by-case basis~~ for households experiencing an energy crisis that involves a life-threatening medical situation on a case-by-case basis; and

(3) disaster Low Income Home Energy Assistance Program (LIHEAP) when a federally declared disaster occurs and disaster LIHEAP is authorized by the Administration for Children and Families (ACF) Office of Community Services (OCS). When this occurs, ~~Oklahoma Human Services (OKDHS)~~ OKDHS follows ACF OCS program instructions issued for the disaster, ~~which~~ The instructions may differ from what is ECAP requirements contained in this Section.

(c) **Maximum benefit amount.** When the household applies for ECAP more than once in the same fiscal year, the maximum benefit amount approved for all applications combined cannot exceed the amount ~~shown~~ allowed per fiscal year for ECAP on OKDHS Appendix C-7-A, Estimated Low Income Home Energy Assistance Program (LIHEAP) Benefit Level For All Households. An additional benefit amount may be approved when additional funds are authorized during a federally-declared disaster.

(d) **ECAP application methods.** Households apply for ECAP by submitting an online application at [www.okdhslive.org](http://www.okdhslive.org), calling an OKDHS county office to request assistance in submitting an online application, or calling the phone number on the [www.okdhslive.org](http://www.okdhslive.org) website to request Form 08LH002E, Low Income Home Energy Assistance Program (LIHEAP) Application, be mailed to them. Centralized LIHEAP staff includes a postage paid envelope with a mailed Form 08LH002E.

(1) When there is a life-threatening medical situation, centralized LIHEAP staff gathers eligibility information by phone and an application is not required.

(2) When the household chooses to complete Form 08LH002E ~~is mailed to the household with a postage paid envelope, they must complete and return the application must be completed and returned~~ by email, ~~faxed~~ by fax to the number on the form, or ~~mailed~~ by mail to the return address shown on Form 08LH002E and the postage paid envelope.

(3) Centralized LIHEAP staff approve or deny ECAP applications ~~are approved or denied by centralized LIHEAP staff.~~

(e) **Main energy source.** Households may choose heating or cooling as the main energy source for ECAP when the household's main energy source meets criteria per ~~(e)~~ (f)(2) of this Section. When a life-threatening medical situation is involved, the household must choose the energy source that resolves the energy crisis and prevents a life-threatening medical situation. When the household chooses:

(1) heating, the main heating energy source used to heat the home is approved. This may be electricity, natural gas, propane, kerosene, firewood, coal, butane, or heating oil. When the household uses a generator to heat the home, the generator may use natural gas, propane, or gasoline; or

(2) cooling, the main cooling energy source used to cool the home is approved. In most instances, the main cooling source is electricity. When the household uses a generator to cool the home, the generator may use natural gas, propane, or gasoline.

(f) **Eligibility criteria.** ECAP eligibility criteria are detailed in (1) through (5) of this subsection.

(1) Households with an energy crisis must not exceed the income and liquid resource standards, per OKDHS Appendix C-7, Low Income Home Energy Assistance Program Income and Resource Level by Household Size. Households must meet the same income and resource criteria for ECAP as for heating and cooling assistance, per Oklahoma Administrative Code (OAC) 340:20-1-11.

(2) Households must have a verified energy crisis. An energy crisis exists when the household:

(A) service is disconnected by the energy supplier;

(B) ~~household~~ has a verified, active cut-off order.

In the event of limited funding, centralized LIHEAP staff ~~prioritize~~ prioritizes applications with cut-off notices scheduled within 72 hours and applications that contain at least one household member who is

60 years of age and older, blind, disabled, or a child under five years of age;

(C) ~~household received~~receives a refusal notice of refusal to provide additional energy needs by from the energy supplier and the household's fuel tank indicator is at or below 10 percent during the regularly-scheduled ECAP period, or at 25 percent or less for households with a life-threatening medical situation;

(D) ~~household provides information regarding a new connection fee for a new connection; or~~

(E) ~~household has a cash only, cash advance, or pre-paid account and has less than a \$25 minimum balance in his or her the account. The household's utility bill shows that it is a cash only, cash advance, or pre-paid account and the balance amount; or~~

(F) enters into a payment plan with the energy supplier to prevent a service cut-off. When the household enters into a payment plan to prevent service cut-off, centralized LIHEAP staff verifies the payment plan and the minimum amount needed to resolve the energy crisis for at least one month with the energy supplier.

(3) The household must have experienced a precipitating factor that caused the household to choose between paying the energy bill and another vital household need.

(A) Acceptable factors include, but are not limited to, temporary or short-term situations that caused the household to make a choice between paying the energy bill and:

- (i) purchasing sufficient food for the household;
- (ii) paying for emergency situations, such as medical expenses or disaster recovery; or
- (iii) providing clothing for children in the household.

(B) When the household was approved for the maximum ECAP payment during the most recent fiscal year, no further ECAP payments are made during the same fiscal year unless additional funds are authorized during a federally-declared disaster.

(C) Households approved for less than the maximum ECAP payment may be approved for another ECAP payment during the same fiscal year, provided the total approved for all payments does not exceed the maximum ECAP payment, per OKDHS Appendix C-7-A. Per 42 U.S.C. § 8624(b)(16), an additional ECAP payment is not approved for the same fiscal year when the household:

- (i) refuses to participate in budget counseling and home energy conservation workshops provided by Community Action agencies;
- (ii) ~~did~~does not show any progress in improving its situation; or
- (iii) ~~did~~does not make an effort to maintain current utility bills.

(4) The household must explain why the energy crisis need cannot be met by available income and liquid resources, even when income and liquid resources are equal to or below the standard, per OKDHS Appendix C-7.

(5) When the ECAP benefit amount is insufficient to establish, restore, or prevent the cut-off of the household's energy source, ECAP is authorized only when ~~the ECAP payment, combined with other resources that are available or can be developed, combined with the ECAP payment to meet~~resolve the energy crisis. When ~~a feasible plan~~other resources cannot be developed to help resolve the energy crisis, the ECAP application is denied.

**(fg) ECAP payment requirements.** ECAP payment requirements are included in (1) through (4) of this subsection.

(1) The authorized ECAP benefit is limited to the minimum amount necessary to connect, restore, or maintain energy service to the household, up to the established maximum for the program year, per OKDHS Appendix C-7-A. The payment must resolve the energy crisis for at least one month. ECAP funds are not used to pay utility charges carried over from a previous utility account or that is in debt collection, unless the client moved to a new location because of a domestic violence situation and provides proof of the domestic violence, such as a police report.

(2) OKDHS makes payments for crisis assistance directly to energy suppliers unless the energy supplier is not designated to receive direct payments from OKDHS. When direct payment cannot be made to the energy supplier, OKDHS makes the payment to the household by debit card or direct deposit, per ~~Oklahoma Administrative Code~~OAC 340:65-3-6.

(3) The authorized benefit cannot include the ~~cost~~of propane or butane tank delivery cost.

(4) When other utilities are included with the heating or cooling bill, such as water, sewer, or trash, the authorized benefit cannot include the other utility charges. In this situation, the ~~applicant~~client must provide a utility bill that itemizes the charges for each utility, or this information ~~must be~~is obtained from the energy supplier. When the client is unable to pay the other utility costs and the ~~provider~~energy supplier is unwilling to continue heating or cooling service, the application is denied until the ~~applicant~~client provides verification that the other utilities were or can be paid.

**(gh) Timeliness requirement.** Per 42 U.S.C. § 8623(c), an ECAP application is considered timely processed when it is approved or denied within:

(1) 18 hours of the household requesting ECAP when the energy crisis involves a life-threatening medical situation.

(A) To be considered a life-threatening medical situation, the energy crisis must involve the energy source required:

- (i) for life-saving medical equipment to be operational. The medical equipment must be prescribed by a licensed health care professional and require electricity to operate. When the medical equipment has an available battery backup in case

of an electricity outage, the medical situation is not considered life-threatening. The client must provide a licensed health care professional's statement ~~from a licensed health care professional~~ dated within the last 60-calendar day period or the most recent six months of medical records verifying that the medical equipment is prescribed and a battery backup is not available. Examples of life-saving medical equipment include, but are not limited to:

- (I) a kidney dialysis machine;
- (II) an iron lung;
- (III) an oxygen concentrator or other type of oxygen machine; or
- (IV) a cardiac monitor; or

(ii) ~~to~~ power heating or air conditioning equipment when the temperature is predicted to be hot or cold enough to create a life-threatening medical situation for a person with a pre-existing medical condition if the energy source is not functioning. To be considered a life-threatening medical situation, the temperature on the disconnection date must be predicted to be:

- (I) a heat index of at least 101 degrees in summer months; or
- (II) 32 degrees or lower during ~~day~~ time ~~day-time~~ hours, ~~and/or~~ 20 degrees or lower during night time hours in winter months, or both.

(B) Authority for designating a medical situation as life-threatening is limited to a:

- (i) licensed health care professional; or
- (ii) public health official; and

(2) 48 hours of receipt of a complete application when the energy crisis does not involve a life-threatening medical situation. A complete application means the application is signed and submitted and all verification is provided.

### 340:20-1-19. Winter heating

(a) Selected households approved for other benefits administered by Oklahoma Human Services (OKDHS) Adult and Family Services are normally pre-authorized ~~during October~~ for winter heating each year without filing an application. Households pre-approved for the Low Income Home Energy Assistance Program (LIHEAP) are those who received a Child Care Subsidy, State Supplemental Payment (SSP), Temporary Assistance for Needy Families (TANF), or Supplemental Nutrition Assistance Program (SNAP) benefits all 12 months of the previous federal fiscal year and met all the criteria in (1) through (4) of this subsection. The household:

- (1) received LIHEAP winter heating the previous federal fiscal year;
- (2) address remains the same;
- (3) income did not exceed the gross income standard for its household size during the previous federal fiscal year, per OKDHS Appendix C-7, Low Income Home Energy Assistance Program Income and Resource Level by Household Size; and

(4) members remain the same from the previous federal fiscal year.

(b) Households are not ~~preauthorized~~ pre-authorized for winter heating and summer cooling in the same federal fiscal year; October through September. When households were ~~preauthorized~~ pre-authorized for summer cooling for the same federal fiscal year, they must complete an application for winter heating and be approved, per Oklahoma Administrative Code (OAC) 340:20-1-12.

(c) ~~The A designated~~ LIHEAP winter heating ~~component~~ normally begins in December, and applications application period is opened each year federal LIHEAP funds are issued. Applications are taken until allocated funds are expended, per Section 8624 of Title 42 of the United States Code.

(d) Refer to OKDHS Appendix C-7-A, Estimated Low Income Home Energy Assistance Program, for estimated benefit amounts. The benefit amount is based on the household's net income, household size, heating source, and if the heating bill is included in the rent amount or paid separately.

(1) Payments for unsubsidized renters, roomers, and boarders who pay a surcharge for utilities included in their rent are made directly to approved households, per (g) of this Section.

(2) Acceptable verification of the surcharge may be established by an itemized statement from the landlord, a legally-binding lease agreement showing the surcharge, or a rent receipt designating that the fuel cost is separate from the total shelter payment. When a roomer or boarder lives with another household, he or she may only qualify as a separate household when he or she:

- (A) is not related to the household; and
- (B) provides a written lease or roommate agreement that contains a clause stating he or she is responsible for a specific portion of utility bills.

(e) Main home energy sources ~~of home energy~~ for heating include natural gas, electricity, propane, firewood, kerosene, coal, or butane. When the household uses a generator to heat the home, the generator may use natural gas, propane, or gasoline.

(1) LIHEAP payments are made for utility expenses, deposits, and reconnect charges applicable to the household's main source of home energy. When the utility supplier receives payment from the household and OKDHS for reconnect charges or deposits, the utility supplier must reimburse the client for those charges.

(2) When other utilities, such as water, sewer, or trash, are included with the fuel bill, the authorized benefit cannot include the other utility charges. In this situation, the applicant must provide a utility bill that itemizes the charges for each utility or this information must be obtained from the energy supplier.

(f) Payments are not made for:

- (1) blankets;
- (2) emergency home repair;
- (3) new or additional heating equipment or heating appliances;
- (4) propane tank rental, hook-up, inspection, delivery, or other service charges; or

(5) utility charges carried over from a previous utility account or that is in debt collection due to non-payment, unless the client moved to a new location because of a domestic violence situation and provides proof of the domestic violence, such as a police report.

(g) Refer to OAC 340:20-1-14(5) for ways LIHEAP payments are made. When direct payment is made to the household instead of an energy supplier, it is made on a debit card or by direct deposit, per OAC 340:65-3-6 procedures.

**340:20-1-20. Summer cooling**

(a) Selected households already approved for other benefits administered by Oklahoma Human Services (OKDHS) Adult and Family Services are normally pre-authorized ~~during June~~ ~~or for summer cooling~~ each year ~~without filling out an application~~. Households pre-approved for the Low Income Home Energy Assistance Program (LIHEAP) are those who received ~~a Child Care Subsidy, Supplemental Payment (SSP), Temporary Assistance for Needy Families (TANF), or Supplemental Nutrition Assistance Program (SNAP) benefits~~ all 12 months of the previous federal fiscal year and met all the criteria in (1) through (4) of this subsection. The household:

- (1) received LIHEAP summer cooling the previous federal fiscal year;
- (2) address remains the same;
- (3) income did not exceed the gross income standard for its household size during the previous federal fiscal year, per OKDHS Appendix C-7, Low Income Home Energy Assistance Program Income and Resource Level by Household Size; and
- (4) members remain the same from the previous federal fiscal year.

(b) Households are not ~~preauthorized~~ pre-authorized for summer cooling and winter heating in the same federal fiscal year; October through September. When households were pre-authorized for winter heating for the same fiscal year, they must complete an application for summer cooling and be approved, per Oklahoma Administrative Code (OAC) 340:20-1-12.

(c) ~~The~~ A designated LIHEAP summer cooling component normally begins in July, and ~~applications~~ application period is opened each year federal LIHEAP funds are issued. Applications are taken until allocated funds are expended, per Section 8624 of Title 42 of the United States Code.

(d) Refer to OKDHS Appendix C-7-A, Estimated Low Income Home Energy Assistance Program, for estimated benefit amounts. The benefit amount is based on the household's net income and household size.

- (1) The same benefit amount is approved for unsubsidized renters, roomers, and boarders with utilities included in their rent as for households that pay their cooling costs to an energy supplier. Payments for unsubsidized renters, roomers, and boarders who pay a utility surcharge included in the rent are made directly to approved households, per (g) of this Section.
- (2) Acceptable verification of the surcharge may be established by an itemized statement from the landlord, a legally-binding lease agreement showing the surcharge, or

a rent receipt designating that the fuel cost is separate from the total shelter payment. When a roomer or boarder lives with another household, he or she may only qualify as a separate household when he or she:

- (A) is not related to the household; and
- (B) provides a written lease or roommate agreement that contains a clause stating he or she is responsible for a specific portion of utility bills.

(e) In most instances, the main home energy source for cooling is electricity. When the household uses a generator to cool the home, the generator may use natural gas, propane, or gasoline.

(1) LIHEAP payments are made for utility expenses, deposits, and reconnect charges applicable to the household's primary home energy source ~~of home energy~~. When the utility supplier receives payment from the client and OKDHS for reconnect charges or deposits, the utility supplier must reimburse the client for those charges.

(2) When other utilities are included with the fuel bill, such as water, sewer, or trash, the authorized benefit cannot include the other utility charges. In this situation, the applicant must provide a utility bill that itemizes the charges for each utility or this information must be obtained from the energy supplier.

(f) Payments may be made to the household to reimburse it for purchasing cooling equipment, such as fans and window air conditioning units, or to repair existing cooling equipment up to the maximum payment allowed, per Appendix C-7-A, Estimated Low Income Home Energy Assistance Program (LIHEAP) Benefit Level for all Households, when the household provides proof that the purchase or repair was made within 30-calendar days of the start of the cooling application period. When the household chooses this option, it is not eligible to receive help paying its energy bill.

(g) Refer to OAC 340:20-1-14(5) for ways LIHEAP payments are made. When direct payment is made to the household instead of an energy supplier, it is made on a debit card or by direct deposit, per OAC 340:65-3-6 procedures.

~~"Next friend" means a person who appears in court on behalf of another person who is under disability, a minor, or otherwise unable to maintain a lawsuit on their own behalf as a result of their circumstances. The next friend is not a party to the lawsuit and can be any legally competent person whose interests do not run counter to those of the person on whose behalf they are acting. The next friend is considered an agent of the court whose role is to protect the rights of the person on whose behalf they are acting.~~

~~"Peace officer" means a peace officer commissioned and employed by the Oklahoma Department of Human Services (OKDHS) within Oklahoma Child Support Services under Section 162.2 of Title 56 of the Oklahoma Statutes. It does not include peace officers employed by entities under contract or agreement with OKDHS.~~

"**Service of Process**" means the delivery of a writ or summons to a party for the purpose of obtaining jurisdiction and to notify of a legal proceeding against the party.

**340:25-3-3. Service of process [REVOKED]**

(a) **Authority.** Oklahoma Department of Human Services Child Support Services (CSS) follows the provisions of Section 2004 of Title 12 of the Oklahoma Statutes (12 O.S. § 2004) for service of process. CSS uses the most cost effective and efficient method of service of process depending on what is most appropriate under the facts of the case.

(b) **Service by regular mail to address of record (AOR).** Service to the AOR by regular mail may be appropriate when an AOR is on file with the Central Case Registry for a party in the case per Oklahoma Administrative Code 340:25-5-340. 3 through 5 Service to the AOR is not appropriate when the:

- (1) remedy sought may result in the obligor's incarceration including, but not limited to, indirect civil contempt actions; or
- (2) court may require a higher level of notice to the affected party including, but not limited to, actions to determine paternity.

(c) **Service by acknowledgment.** CSS delivers the documents directly to a party and requests the party accepts and acknowledges service, as appropriate. The Acknowledgment of Service is filed in the court case.

(d) **Service by certified mail.** Service by mail is made by certified mail, return receipt requested, and delivery restricted to the addressee. CSS uses service by certified mail when service to the AOR or by Acknowledgment of Service is not appropriate or successful. CSS staff is not required to attempt service by certified mail before attempting personal service when the case history indicates a low probability of acceptance or the court requires personal service.

(e) **Service by personal delivery.** Service by personal delivery is completed by a sheriff, deputy sheriff, individual licensed to make service of process in civil cases, or an individual specially appointed for that purpose per 12 O.S. § 2004. CSS uses service by personal delivery when:

- (1) an individual has not accepted service by certified mail;
- (2) service to the AOR or by acknowledgment is not available or appropriate;
- (3) case history indicates a low probability of acceptance of service by certified mail; or
- (4) the court requires service by personal delivery.

(f) **Diligent efforts.** When CSS contracts with vendors for service of process, the vendor must make diligent efforts to complete service and provide timely documentation to CSS. Diligent efforts means at least three repeated attempts to serve the individual at different times of day or on different days of the week, before declaring inability to serve. CSS:

- (1) attempts to serve process in the manner, at the time, and place most reasonably calculated to complete service of process in the most efficient and cost effective manner;
- (2) makes diligent efforts to serve process utilizing all information:

- (A) provided by CSS staff;
- (B) documented in the case record; or
- (C) gathered from other locate resources;
- (3) provides address and employer information to the process server;
- (4) attempts to serve the person at:
  - (A) work;
  - (B) home; or
  - (C) other locations based on information gathered on his or her lifestyle; and
- (5) documents all facts about attempts to serve process in the case record.

(g) **Minor noncustodial parent.** CSS serves a minor non-custodial parent (NCP) who is:

- (1) 15 years of age and older per 12 O.S. § 2004; or
- (2) younger than 15 years of age, through a parent, guardian, or other appropriate adult as the next friend of the minor NCP.

(h) **Subsequent Electronic Service.** A Notice of Consent to Electronic Service or recognized substitute must be completed by a party or party's attorney and filed with the court in accordance with 12 O.S. § 2005(B) and applies to an individual court action. Pleadings asserting new or additional claims require a new consent of electronic service.

**340:25-3-5. Use of force [REVOKED]**

Peace officers have the right to use reasonable, necessary force to defend themselves and others against life threatening, violent, and dangerous personal attack. Force may only be used by peace officers within applicable laws and the limits given in (1)–(4) of this subsection.

- (1) The degree of force used must be the minimum necessary to defend oneself or others as described in (2) of this subsection and may include physical apprehension and restraining techniques which result in an application of less than deadly force.
- (2) Deadly force is that which is applied with the intent of causing, or which a reasonable person should know would cause, death or serious bodily harm. Deadly force is only used in:
  - (A) self defense to prevent death or serious injury to oneself; or
  - (B) defense of others to prevent death or commission of a violent offense threatening serious bodily harm to others.
- (3) Firearms may not be used to attempt to stop or disable a vehicle. However, if a vehicle is being used as a weapon, firearms may be used toward the driver of the vehicle, but not after the vehicle is no longer in a position to threaten the peace officer.

**SUBCHAPTER 5. OPERATIONAL POLICIES**

**PART 11. OCSS SYSTEM SECURITY**

# Permanent Final Adoptions

## 340:25-5-75. Computer system Authority authority and responsibility

(a) **Scope and Legal Authority.** Oklahoma Human Services (OKDHS) Child Support Services (~~OCSS~~)(CSS) operates a single statewide automated data processing and information retrieval system that meets the requirements of:

- (1) Sections 652, 654, 654a, and 655 of Title 42 of the United States Code (42 U.S.C. §§ 652, 654, 654a & 655), 26 U.S.C. § 6103; and
- (2) Section 302.85 and Part 307 of Title 45 of the Code of Federal Regulations;
- (3) Section 150.9 and 150.9.1 of Title 74 of the Oklahoma Statutes (74 O.S. §150.9 & 150.9.1); and
- (4) Internal Revenue Service (IRS) Publication 1075.

## (b) **Background Investigations.**

- (1) National criminal history background checks are completed for all employees, contractors, and subcontractors prior to and during employment as required in IRS Publication 1075 and 26 U.S.C. § 6103. An individual seeking employment with CSS, CSS employees, contractors and sub-contractors complete a national criminal history background check, including fingerprinting, per 74 O.S. § 150.9.1. The national criminal history background check is required in order to have access to the OKDHS and CSS networks, that results in having access to federal tax information and data, as defined in IRS Publication 1075 and 26 U.S.C. § 6103.
- (2) Applicants for positions requiring national criminal history background checks are advised any employment offer is conditional upon completion of a background check that reveals no disqualifying history as outlined in the CSS Favorability Standards.
- (3) All employees authorized to access and review national criminal history records check information submit to a national criminal history background check including fingerprinting to obtain access and review status.

## PART 15. CASE INITIATION, CASE MANAGEMENT, AND CASE CLOSURE

### 340:25-5-114. **Procedures for determining and processing noncooperation on Temporary Assistance for Needy Families (TANF) and non-TANF SoonerCare (Medicaid) cases**

(a) **Cooperation of custodial persons.** The custodial person (CP) must cooperate with ~~the~~ Oklahoma Human Services (OKDHS) Child Support Services (CSS) program in establishing paternity or in establishing, modifying, or enforcing a support order per Section 654 of Title 42 of the United States Code (42 U.S.C. § 654) and Section 264.30 of Title 45 of the Code of Federal Regulations (45 C.F.R. § 264.30). A CP receiving:

- (1) TANF ~~must assign~~assigns rights to support to OKDHS per 42 U.S.C. § 608; and
- (2) non-TANF SoonerCare (Medicaid) benefits for minor child(ren) ~~must assign~~assigns medical support rights

to the Oklahoma Health Care Authority (OHCA) per 42 C.F.R. § 433.146.

(b) **Noncooperation of custodial persons.** When a CP fails to cooperate, CSS reviews the case to determine noncooperation. When CSS determines noncooperation, CSS notifies Adult and Family Services (AFS) staff in the appropriate OKDHS county office. AFS staff updates the computer document for noncooperation with CSS and a computer-generated notice, per Oklahoma Administrative Code (OAC) 340:65-5-1, is sent advising the recipient of any decrease in benefits due to noncooperation.

- (1) For CSS to make a noncooperation determination on a TANF case, the cooperation must be essential for the next step in providing child support services.
- (2) Noncooperation is indicated when the CP:
  - (A) fails to participate in a scheduled CSS conference or meeting.
  - (B) refuses to complete and sign documents necessary to take legal action against the noncustodial parent(s) (~~NCPs~~)(NCP) when requested to do so by CSS;
  - (C) fails to comply with an order to submit ~~one~~self or her self or the child(ren) to genetic testing to determine paternity;
  - (D) fails to appear as a witness at an administrative, district court hearing, or other proceeding;
  - (E) fails to provide information or attest to lack of information under penalty of perjury;
  - (F) fails to forward to CSS all child support payments received from the NCPs or those received from entities other than the Centralized Support Registry;
  - (G) pursues private legal action affecting paternity, child support, medical support, or child care or authorizes payments made other than through the Centralized Support Registry without giving CSS notice, and fails to keep CSS informed of the case status; or
  - (H) engages in ongoing conduct detrimental to CSS enforcement efforts.
- (3) OKDHS AFS staff ~~in the county office~~ determines in TANF cases ~~if when~~ good cause for noncooperation with CSS exists per OAC 340:10-10-6.

(c) **Noncooperation of custodial persons on non-TANF SoonerCare (Medicaid) cases.** When CSS ~~district office staff~~ receives an OHCA referral on a non-TANF or existing case update with a pending good cause indicator, CSS centralized good cause staff determines ~~if when~~ good cause exists for noncooperation per OAC 317:35-5-7.

## PART 17. PAST SUPPORT

### 340:25-5-140. **Past support**

(a) **Legal authority.** Oklahoma ~~Department of Human Services~~, Child Support Services (CSS) takes appropriate action to collect support and secure compliance with support orders.

(1) When a support order does not specify an effective date, a payment is due on the first day of the month following the child support order's entry of ~~the child support order~~ and on the first day of each month thereafter except when another state's law governs the due date.

(2) CSS ~~bases its determination of~~ determines past-due support and support for a prior period based on information in available records from courts, Title IV-D and other public and private agencies, the custodial persons (CPs), the noncustodial parents (NCPs), and others.

(3) CSS may require sworn written statements and supporting documents from CPs, NCPs, and others pertaining to support payments. The primary legal foundations for determination and collection of past-due support and support for a prior period are applicable provisions of:

- (A) Part D of Subchapter IV of Chapter 7 of Title 42 of the United States Code;
- (B) Section 1738B of Title 28 of the United States Code (28 U.S.C. § 1738B);
- (C) Chapters 302 and 303 of Title 45 of the Code of Federal Regulations; and
- (D) Sections 83 and 7700-636 of Title 10 of the Oklahoma Statutes (10 O.S. §§ 83 and 7700-636), Chapters 3 and 21 of Title 12, Title 43, and 56 O.S. §§ 231 through 240.23.

**(b) Definitions.** The following words and terms, when used in this Section shall have the following meanings unless the context clearly indicates otherwise:

(1) "Abate" means, per 43 O.S. Section 118I, an NCP does not owe the child support obligation when incarcerated for 180-consecutive days. Upon eligibility, child support is no longer owed effective the first day of the month following the entry date into the correctional facility or jail and does not accrue for the duration of the incarceration.

(2) "Incarceration" means, per 43 O.S. Section 118I, an obligor is in custody on a fulltime basis in a local, state or federal correctional facility. Incarceration shall not include probation, parole, work release or any other detention alternative program that allows the obligor to be gainfully employed.

**(bc) Judgment payment.** Per 43 O.S. § 137, the monthly payment schedule on past support may not exceed three years unless specific findings of fact supporting the action are made. CSS considers a three-year payment schedule to be unjust, unreasonable, inequitable, or inappropriate when CSS has evidence that the NCP cannot comply with the payment plan. CSS requests a monthly payment schedule that may exceed three years in accordance with the best evidence available, including the NCP's earning records, past job history, earning ability based on education and training, and mental or physical incapacities. CSS also considers an NCP's other child support obligations and total arrears.

**(ed) Enforcement.**

(1) CSS takes action to enforce past-due support and support for a prior period, per Oklahoma Administrative Code (OAC) 340:25-5, Part 23.

(2) CSS collects amounts from the original child support order ~~date of the original child support order~~,

including any judgments for support for a prior period, and does not limit collection of past-due child support to amounts accruing from the time a case is opened or reopened.

(3) When CSS receives a new case new to CSS with an existing order, or when a previously closed case that was previously closed reopens and has an existing order, CSS does not calculate a past-due support balance, or take action to enforce past-due support, until 30-calendar days from the mailing date of the notice of case letter and affidavit of payments document to the NCP. This does not preclude ~~the initiation of~~ initiating an income assignment to collect current support.

(4) Past-due child support remains due to the CP with whom a child resided during the month the past support was due.

(5) When CSS takes action to enforce past-due support and support for a prior period for a Servicemember's child ~~of an NCP or a CP who is a servicemember~~, CSS applies the provisions of the Servicemembers Civil Relief Act, codified in 50 U.S.C. §§ 3901 through 4043.

**(de) Settlement of past support.**

(1) Settlements of past support may include:

- (A) an NCPs lump sum partial payment or a series of payments made toward the total amount of past support;
- (B) an agreement for the NCP to pay a specified number of current child support payments in the future; and
- (C) acceptance of in-kind goods or services in exchange for waiving a certain amount of past child support.

(2) Settlements of past support must be memorialized in a court order and the CP must sign the court order when the past support is owed to the CP.

(3) Per 43 O.S. § 112, CSS:

- (A) acknowledges the rights of the CP and NCP to mutually agree to waive with approval of the court, all or a portion of the past child support due to the CP; or
- (B) may negotiate the right to collect all or part of past support owed to Oklahoma.

**(ef) Annual notice.** CSS uses the annual notice to the NCP parent, per 56 O.S. § 237A to confirm the amount of past-due support and remaining balances on previously confirmed judgments. Past-due support and remaining balances on judgments for support for a prior period may also be confirmed during other enforcement actions, per OAC 340:25-5, Part 23.

**(fg) Death of CP.**

(1) When the CP dies, CSS issues child support payments for past due support to:

- (A) the decedent's estate, when ~~notified in writing by the estate's administrator of the estate~~ notifies CSS in writing; or
- (B) any state owed past due support, per OAC 340:25-5-351.

(2) Except as provided in (1) of this subsection, CSS refunds payments to the:

- (A) payor, when the payor's address is known;

# Permanent Final Adoptions

- (B) NCP parent—when the payor's address is unknown, or payments are returned due to the inability to distribute.
- (3) CSS does not file a forced probate court action to determine heirs and distribute past support to heirs.
- (gh) **Jurisdiction.** When an Oklahoma tribunal has personal and subject matter jurisdiction and can obtain service of process on the NCP, CSS uses the annual notice, notice of support debt, contempt, or other appropriate proceedings to determine past support and interest before requesting another state's tribunal of ~~another~~ state to enforce the child support orders.
- (i) **Incarcerated NCP.** Per 43 O.S. § 118I, beginning November 1, 2021, there is a rebuttable presumption that an NCP who is incarcerated for a period of 180-consecutive days is unable to pay child support. When a payment is made during incarceration, the presumed ability to pay child support may be rebutted for that payment period. CSS makes a final determination whether the order is abated.

## PART 21. ESTABLISHMENT

### 340:25-5-178. ~~Calculation of~~Calculating new and modified child support obligations

- (a) **Legal authority.** Oklahoma ~~Department of~~ Human Services (~~DHS~~)(OKDHS), Child Support Services (CSS) establishes current child support, per:
- (1) Sections 654, 656, and 666 of Title 42 of the United States Code (42 U.S.C. §§ 654, 656, and 666);
- (2) Parts 302 and 303 of Title 45 of the Code of Federal Regulations; and
- (3) Section 83 of Title 10 of the Oklahoma Statutes (10 O.S. § 83); Title 43; and 56 O.S. §§ 231 through 240.23.
- (b) **Child support guidelines.** CSS uses the child support guidelines in 43 O.S. §§ 118-118I and 119 to:
- (1) establish current child support amount of ~~current support~~; and
- (2) prepare a child support computation form prescribed by CSS and published by the Administrative Office of the Courts on the Oklahoma State Courts Network website, per 43 O.S. § 120.
- (c) **Child support computation.** CSS uses the best evidence available to determine a parent's monthly gross income for the child support computation form, including written earning records, past job history, and earning ability based on education and training, with a continued emphasis on setting fair and equitable child support orders, per 43 O.S. §§ 118-118I. When requesting the court enter or modify child support orders in a noncustodial parent's (NCP) multiple cases, CSS may request the court deviate from the child support guidelines amounts, per 43 O.S. § 118H.
- (d) **Gross income.** When determining gross income for the child support computation, CSS uses ~~(1) through (4) of this subsection, per follows~~ 43 O.S. § 118B.
- (1) **Written earning record.** For time periods when a parent has a written earning record, CSS uses the:
- (A) actual monthly gross income; or

- (B) average of the gross monthly income for the ~~time actually employed during the previous three years.~~
- (2) **Ability to work and no written earning record.** For time periods when a parent has an earning ability, but no written earning records, CSS imputes the most equitable of the:
- (A) minimum wage paid for a 40-hour work week; or
- (B) amount of gross income a person with comparable education, training, and experience could reasonably expect to earn.
- (3) **Combination.** For time periods when a parent has a written earning record for some months, but no written earning record for other months, for the months worked CSS uses the actual income and for the months with no written earning record CSS uses the most equitable of either:
- (A) the actual gross income; or
- (B) an imputed amount of either:
- (i) minimum wage paid for a 40-hour work week; or
- (ii) the amount of gross income per person with comparable education, training, and experience could reasonably expect to earn.
- (4) **Reduced earning ability.** CSS uses actual income when a parent has reduced earning ability due to the parent's limited education, physical or mental disability, incarceration, or other obstacle to employment, and there is evidence the parent has income of less than minimum wage for 40 hours per week.
- (e) **Child care.** To establish the current child support amount of current support, CSS considers "actual" child care expenses to be the amount paid the parent(s) or custodial person (CP) pays to the child care provider ~~by the parent(s) or custodial person (CP) except when (f) of this Section applies.~~ CSS considers a child care subsidy recipient's copy to be the actual child care expenses. CSS determines the amount of prospective annual child care costs and allocates this amount between the parents in the same proportion as their adjusted gross income. The amount allocated to the NCP becomes part of the fixed monthly child support obligation.
- (f) **Child care subsidy.** When the parent(s) or CP is participating in the DHS Child Care Subsidy Program, per 56 O.S. § 230.50, CSS uses DHS Appendix C 4, Child Care Eligibility/Co-payment Chart, to determine the family share co-payment amount considered as actual child care costs on the child support computation form, per 43 O.S. § 118G.
- (1) CSS considers a parent's share of the base monthly obligation for child support and the monthly income amount reflected in the records of the DHS Child Care Subsidy Program as the monthly income when applying Appendix C 4. CSS allocates the family share co-payment amount indicated on Appendix C 4, in the same proportion as base child support. CSS staff performs a separate child support guidelines calculation for each NCP.

~~(2) When a parent has a child(ren) in DHS-subsidized child care other than a child(ren) included in the child support case being established, CSS uses the proportionate share of the family share co-payment for the child(ren) included in the case.~~

~~(g) Juvenile Court cases.~~

~~(1) Deprived cases.~~ When a case is referred, CSS establishes child support orders in deprived court actions, per 10A O.S. § 1-4-702, and prepares the child support order on the standard child support order form prescribed by CSS and published by the Administrative Office of the Courts on the Oklahoma State Courts Network website.

~~(2) Delinquent cases.~~ When a case is referred, CSS establishes a child support order against each parent of a child in the custody of the Oklahoma Office of Juvenile Affairs, per 43 O.S. §§ 118 through 118I.

~~(hg) Intergovernmental majority age.~~ CSS establishes child support orders for a child(ren) for whom child support is impossible under applicable law.

~~(hh) Minor parents.~~ When a parent is a minor, CSS establishes paternity, per Oklahoma Administrative Code 340:25-5-176, when necessary, and establishes a child support order.

~~(1) When a minor NCP or a CP is younger than 16 years of age, CSS does not impute gross income for the minor parent in the child support computation and only uses actual income.~~

~~(2) When a minor NCP or CP is between 16 and 18 years of age and regularly and continuously attending high school, unless otherwise inappropriate, CSS uses either the minor parent(s) imputed gross income for the minor parent(s) based on minimum wage at 20 hours per week or actual income.~~

~~(i) Minor parents.~~ When the NCP is a minor, CSS establishes paternity, per Oklahoma Administrative Code 340:25-5-176 when necessary and establishes a child support order. When a minor NCP or a CP is younger than 16 years of age, CSS does not impute gross income for the minor parent in the child support computation and only uses actual income. When a minor NCP or CP is between 16 and 18 years of age and regularly and continuously attending high school, unless otherwise inappropriate, CSS uses either the imputed gross income for the minor parent(s) based on minimum wage at 20 hours per week or actual income.

~~(j) Adult disabled child.~~ CSS enforces child support orders for adults with disabilities, per 43 O.S. § 112.1A. CSS establishes or modifies child support orders to continue after the child reaches the age of majority, per 43 O.S. § 112.1A, when the application or referral for Title IV-D services is received during the period when child support is due, per 43 O.S. § 112.

~~(kj) Incarcerated NCP.~~

~~(1) Per 43 O.S. §§ 118B and 118I, when when an NCP is expected to be incarcerated for at least more than six consecutive months 180 consecutive days, from the date the support amount is reviewed or established, CSS requests the court enter a temporary child support and~~

medical support amount order using actual income of \$0, unless:

~~(A) there is evidence of income or assets outside independent of the correctional institution incarceration;~~

~~(B) incarceration is a result of indirect contempt of court for failure to pay child support;~~

~~(C) incarceration is a result of a crime of omission to provide child support; or~~

~~(D) the incarceration is a result of an offense in which the CP dependent child or the CP was a victim.~~

~~(2) Release from incarceration.~~ At the time the order is entered

~~(A) When an existing child support order is abated there is:~~

~~(1) a pre-incarceration child support order, CSS requests the order state that upon release from incarceration, the monthly child support obligation reverts back to the pre-incarceration order amount beginning the first day of the month following a lapse of 90-calendar days upon release from incarceration, per 43 O.S. §§ 118B and 118I. When the NCP within the lapse period, requests in writing a review of the pre-incarceration order, the post-incarceration monthly child support obligation does not begin until the review or modification is complete. When a review is requested and the NCP fails to appear for hearing, the monthly child support obligation reverts back to the pre-incarceration amount to begin the first day of the month following a lapse of 90-calendar days upon release from incarceration; or~~

~~(B2) When there is no existing pre-incarceration child support order, CSS requests the court order state; that upon release from incarceration, the monthly child support amount is set based on 43 O.S. §§ 118B and 118I minimum wage for a 40-hour work week beginning the first day of the month following a lapse of 90-calendar days upon release from incarceration. When the NCP within the lapse period requests in writing a hearing, the post-incarceration monthly child support amount does not begin until the review or modification is complete. When a hearing is requested and the NCP fails to appear for the hearing, the monthly child support obligation reverts back to the support amount set based on minimum wage for a 40-hour work week, to begin 90-calendar days upon release from incarceration.~~

~~(hk) Military.~~ When CSS establishes a child support order for a Servicemember's child of an NCP or a CP who is a servicemember, CSS applies the provisions of the Servicemembers Civil Relief Act, codified in 50 U.S.C. §§ 3901 through 4043.

~~(ml) Disability benefits.~~ CSS does not impute gross income to a person determined the Social Security Administration determines disabled by the Social Security Administration.

~~(nm) Default orders.~~ When a default order for child support is ordered and either party contacts CSS in writing within 30-calendar days of the entry of the default order and provides

# Permanent Final Adoptions

information to calculate an accurate child support obligation, CSS treats the request as a motion to vacate or modify, and requests the court enter a new order consistent with the evidence presented.

## **340:25-5-190. Service of process**

(a) **Authority.** Oklahoma Human Services Child Support Services (CSS) follows the provisions of Section 2004 of Title 12 of the Oklahoma Statutes (12 O.S. § 2004) for service of process. CSS uses the most cost effective and efficient service of process method depending on what is most appropriate considering the case facts.

(b) **Service by regular mail to address of record (AOR).** Service to the AOR by regular mail may be appropriate when an AOR is on file with the central case registry for a party in the case, per Oklahoma Administrative Code 340:25-5-340. Service to the AOR is not appropriate when the:

- (1) remedy sought may result in the affected party's incarceration including, but not limited to, indirect civil contempt actions; or
- (2) court may require a higher level of notice to the affected party including, but not limited to, actions to determine paternity.

(c) **Service by acknowledgment.** CSS delivers the documents directly to a party and requests the party accepts and acknowledges service, as appropriate. The Acknowledgment of Service is filed in the court case.

(d) **Service by certified mail.** Service by mail is made by certified mail, a return receipt is requested, and delivery is restricted to the addressee. CSS uses service by certified mail when service to the AOR or by Acknowledgment of Service is not appropriate or successful. CSS staff is not required to attempt service by certified mail before attempting personal service when the case history indicates a low probability of acceptance or when the court requires personal service.

(e) **Service by personal delivery.** Service by personal delivery is completed by a sheriff, deputy sheriff, individual licensed to make service of process in civil cases, or an individual specially appointed for that purpose, per 12 O.S. § 2004. CSS uses service by personal delivery when:

- (1) an individual has not accepted service by certified mail;
- (2) service to the AOR or by acknowledgment is not available or appropriate;
- (3) case history indicates a low probability of acceptance of service by certified mail; or
- (4) the court requires service by personal delivery.

(f) **Service by electronic means.**

(1) After service of the initial pleadings, CSS serves subsequent documents to the party electronically when:

- (A) the party or party's attorney consents in writing to receive service in a particular case by electronic means; and
- (B) the party or party's attorney designates an email address for sending the electronic service.

(2) The required written consent and electronic service instructions may be made in:

(A) the entry of appearance filed by the party or party's attorney, per 12 O.S. § 2005.2; or

(B) another document filed by the party or party's attorney in the court case.

(3) CSS may consent to electronic service, per 12 O.S. § 2005.2, at the discretion of the state's attorney.

(g) **Diligent efforts.** When CSS contracts with vendors for service of process, the vendor makes diligent efforts to complete service and provide timely documentation to CSS. Diligent efforts means at least three-repeated attempts to serve the individual at different times of day or on different days of the week, before declaring inability to serve. CSS:

(1) attempts to serve process in the manner and at the time and place most reasonably calculated to complete service of process in the most efficient and cost effective manner;

(2) makes diligent efforts to serve process utilizing all information:

- (A) provided by CSS staff;
- (B) documented in the case record; or
- (C) gathered from other locate resources;

(3) provides address and employer information to the process server;

(4) attempts to serve the person at:

- (A) work;
- (B) home; or

(C) other locations based on information gathered on his or her lifestyle; and

(5) documents all facts about attempts to serve process in the case record.

(h) **Minor parent.** CSS serves a minor parent who is:

(2) younger than 15 years of age, through a parent, guardian, or other appropriate adult as the next friend of the minor parent.

## **PART 22. REVIEW AND MODIFICATION**

### **340:25-5-198.2. Modification**

(a) **Authority for modification.** Oklahoma Department of Human Services (~~DHS~~)(OKDHS) Child Support Services (CSS) may initiate modification of a child support order per Section 303.8 of Title 45 of the Code of Federal Regulations (45 C.F.R. §303.8), Sections 112, 118-118I, 118.1, 119, 601-611, 601-613, and 601-615 of Title 43 of the Oklahoma Statutes (43 O.S. §§ 112, 118-118I, 118.1, 119, 601-611, 601-613, and 601-615), and 56 O.S. § 237. CSS initiates a modification in the appropriate tribunal when facts indicate modification is warranted under applicable state or federal law or regulation.

(b) **Modification of child support order.** CSS seeks a modification when:

- (1) there is a material change in circumstances per 43 O.S. § 118I including, but not limited to:
  - (A) a change in either parent's gross income or changes in child support guideline calculation, such as child care expenses or medical support;
  - (B) a child reaching the age of majority per 43 O.S. § 112;
  - (C) a component of or the new current child support amount is 20 percent higher or lower than the existing order;
  - (D) there is a change in physical custody verified, per Oklahoma Administrative Code (OAC) 340:25-5-201.1;
  - (E) when the noncustodial parent (NCP) is incarcerated for at least more than 180 calendar consecutive days per 45 C.F.R. § 303.8 and OAC 340:25-5-178(k); or
  - (F) one of the parents is determined disabled by the Social Security Administration and the parent is receiving Supplemental Security Income or Social Security Disability Income; or

(2) per 56 O.S. § 237 when the evidence in the case justifies a modification regardless of whether there has been a change of circumstances including, but not limited to, when:

- (A) the original order fails to set child support according to the guidelines;
- (B) an adjustment is needed to maximize a noncustodial parent's ~~(NCP's)~~ available income to meet the current child support obligation in each of the NCP's cases; or
- (C) a parent provides proof the child support obligation is being satisfied in full or in part by an apportionment of the veteran's disability compensation.

(c) **Modification of medical support order.**

- (1) CSS seeks a modification of a medical support order, when:
  - (A) there is no existing order for either parent to provide dependent health care coverage. CSS initiates a modification of a support order to require either or both parents to provide dependent health care coverage when CSS obtains information the child(ren) is not covered under an existing health care plan, regardless if coverage is currently available to either parent;
  - (B) the availability of medical insurance changes;
  - (C) there is an order for the custodial person to provide medical support for the minor child(ren) and enforcement of the order is not appropriate per 43 O.S. § 139.1 or 21 O.S. § 566;
  - (D) an order for the NCP to provide medical insurance and the release of information necessary for enrollment of the child is inappropriate due to family violence and a cash medical order is appropriate per OAC 340:25-5-198; or
  - (E) there is an order for a parent to provide medical insurance, the applicant for child support services

did not request services against that parent, and the ordered parent is not actually providing medical insurance for the child.

- (2) When CSS participates in the modification of a child support order filed by a party, CSS requests the court order contain a provision for medical support consistent with OAC 340:25-5-168.
- (3) When a child support order exists, CSS considers a request to establish a medical support order as a request for modification of the order per 43 O.S. § 118.1. CSS seeks a medical support order in a tribunal with jurisdiction to modify the child support order and follows procedures per OAC 340:25-5-198.1.
- (4) When cash medical support is ordered as part of a modification action, CSS requests a cash medical support order be effective the same date the modified child support amount is effective, unless the parties agree to a different date or the change in health coverage cost or availability occurred on a later date.

**PART 23. ENFORCEMENT**

**340:25-5-200. Enforcement**

(a) **Scope and applicability.** Oklahoma Human Services Child Support Services (CSS) follows Part D of Subchapter IV of Chapter 7 of Title 42 and Section 1738B of Title 28 of the United States Code (28 U.S.C. § 1738B) Section 303.6 of Title 45 of the Code of Federal Regulations (45 C.F.R. § 303.6), and Section 240.1 of Title 56 of the Oklahoma Statutes (56 O.S. § 240.1) in initiating enforcement proceedings.

- (1) Orders for current and past child and spousal support, health care coverage, fixed amounts of medical support, judgments, and delinquencies may be enforced through expedited and judicial processes, or through other collection efforts.
- (2) Past-due child support is a judgment by operation of law and may be enforced in the same manner as any other money judgment, per 43 O.S. § 137.
- (3) Post-judgment remedies do not require an adjudicated judgment by a district or administrative court.
- (4) Each missed support payment is a judgment; thus, a judgment increases with each missed payment. This total judgment becomes a lien on the noncustodial parent's (NCP) real and personal property of the noncustodial parent (NCP).

(b) **Non-Oklahoma support order.** CSS registers a support order from another state, Native American tribe, territory, or foreign country, per subsection (b) of the Full Faith and Credit for Child Support Orders Act codified in 28 U.S.C. § 1738B(b) and 43 O.S. § 601-101(21) when enforcement of the order is sought.

(c) **Multiple support orders.** When multiple child support orders are entered in the same or different tribunals involving the same NCP and child, CSS seeks a determination of controlling order, per 43 O.S. §§ 601-207, 601-307, and 601-601 through 601-603 and Oklahoma Administrative Code (OAC) 340:25-5-270.

## Permanent Final Adoptions

(d) **Legal remedies.** CSS determines appropriate enforcement actions and may use any legal remedy to enforce support obligations. CSS chooses remedies designed to obtain compliance with an obligor's support obligations and does not use any remedy for the purpose of punishment. When an NCP is participating in the CSS problem-solving court program or complying with a seek work order, CSS considers the NCP's participation and compliance, per OAC 340:25-5-200.3, when choosing enforcement remedies. Remedies CSS may use include, but are not limited to:

- (1) annual notice to ~~NCPs~~NCP, per 56 O.S. § 237A and OAC 340:25-5-213;
- (2) income assignment, garnishment, and levy, per Chapter 21 of Title 12 Oklahoma Statutes, 43 O.S. §§ 115 and 601-501 through 601-507, 56 O.S. §§ 237, 240.2, and 240.23, and 42 U.S.C. § 666;
- (3) hearing on assets, per 12 O.S. § 842;
- (4) intercept of federal tax refunds, per 42 U.S.C. § 664, 31 C.F.R. § 285.3, and 45 C.F.R. § 303.72, OAC 340:25-5, Part 25;
- (5) Intercept of state tax refunds, per 45 C.F.R. § 303.102, 68 O.S. § 205.2, and OAC 340:25-5, Part 27;
- (6) administrative offsets per 31 U.S.C. § 3716, 31 C.F.R. § 285.1, and Executive Order 13019;
- (7) denial, revocation, or suspension of United States passports, per 56 O.S. § 240.1 and 42 U.S.C. §§ 652 and 654;
- (8) revocation, suspension, non-renewal, and non-issuance of various licenses ~~including, but not limited to, revocations of certificates of motor vehicle titles~~, per 43 O.S. §§ 139 and 139.1, 47 O.S. §§ 1-153, 6-201, and 6-211, and 56 O.S. §§ 237.1 and 240.15 through 240.21A;
- (9) imposing liens and executing and levying on personal and real property, including, but not limited to, workers' compensation benefits, personal injury, wrongful death, and probate actions, per 43 O.S. § 135, 56 O.S. §§ 237B and 240.23, and Titles 12 and 58 of the Oklahoma Statutes;
- (10) registration of foreign support orders and judgments, per the Uniform Interstate Family Support Act per 43 O.S. §§ 601-100 through 601-903 and the Uniform Enforcement of Foreign Judgments Act, 12 O.S. §§ 719 through 726;

- (12) financial institution data match, per 42 U.S.C. §§ 666 and 669A, 56 O.S. §§ 240.22 through 240.22G, and OAC 340:25-5-212;
- (13) seek work orders, per 56 O.S. § 240.10;
- (14) indirect civil contempt of court, per 21 O.S. §§ 566 and 567, 43 O.S. § 137, and 56 O.S. § 234. CSS does not use contempt as a penal sanction and does not recommend incarceration to the district court at sentencing in an indirect civil contempt proceeding unless there is evidence or information available that the ~~obligor~~ can purge the contempt. CSS asks the court to set a reasonable purge fee, per Rule 8.3 of the Rules of the District Court;

~~(15) when a debtor transfers income or property to avoid child support payments, action to void the transfer or obtain favorable settlement in cases in which a debtor transferred income or property to avoid payment to a child support creditor~~ per the Uniform Fraudulent Transfer Act, 24 O.S. §§ 112 through 123 and 42 U.S.C. § 666;

~~(15) registration of foreign judgments per the Uniform Enforcement of Foreign Judgments Act, 12 O.S. §§ 719 through 726;~~

(18) transfer of child support obligation to another custodian, per 56 O.S. § 237;

(21) attachment of lottery prize winnings from the Oklahoma Lottery Commission, per 3A O.S. § 724.1.

(e) **Servicemember.** When CSS initiates proceedings to enforce a child support order for a child of an NCP or a custodial person who is a servicemember, CSS applies the provisions of the Servicemembers Civil Relief Act, per 50 U.S.C. §§ 3901 through 4043.

(f) **Incarcerated NCP.** When an NCP is incarcerated for 180-consecutive days, CSS follows 43 O.S. §118I and OAC 340:25-5-140 regarding abatement of child support orders.

## PART 33. INTERGOVERNMENTAL CASES

### 340:25-5-270. Intergovernmental cases

(a) **Legal basis.** When referring and processing intergovernmental Title IV-D cases, the Oklahoma ~~Department of~~ Human Services Child Support Services (CSS) is governed by:

(1) Section 1738B of Title 28 of the United States Code

(28 U.S.C. § 1738B) and 42 U.S.C. §§ 654, 659A, and 666;

(2) Sections 302.36 and 303.7 of Title 45 of the Code of Federal Regulations (45 C.F.R. §§ 302.36 and 303.7); and

(3) the Uniform Interstate Family Support Act, per Sections 601-100 through 601-903 of Title 43 of the Oklahoma Statutes (43 O.S. §§ 601-100 through 601-903) and 56 O.S. § 240.9.

(b) **Definition.** For purposes of this Section, forum state means the state ~~in which~~ where the hearing is held or where the responding court proceeding is filed to establish or enforce a support order.

(c) **Intergovernmental central registry.** CSS operates an intergovernmental central registry, per 45 C.F.R. §§ 302.36 and 303.7.

(d) **Forms.** CSS uses forms issued by the Secretary of the United States Department of Health and Human Services, per 42 U.S.C. § 652 as applicable for processing intergovernmental cases.

(e) **Communication.** When:

(1) Oklahoma is the initiating state, CSS obtains information from the other Title IV-D agency and communicates with the custodial person (CP) in Oklahoma.

- (2) Oklahoma is the responding state, CSS communicates to the initiating state with which CSS has established a case.
- (3) CSS receives written communication from a party or a party's attorney, CSS sends copies to the appropriate agency or person within two-business days of receipt, per 43 O.S. § 601-307.
- (f) **Family violence and nondisclosure.** When Oklahoma is the initiating state and a party claims family violence, CSS does not release the party's physical address ~~of the party~~ without a court order. CSS:
- (1) enters the address of record, when designated, or the district office's address instead of the physical address of the party requesting nondisclosure on the Child Support Enforcement Transmittal # 1, Initial Request, Nondisclosure Finding Affidavit, and on the General Testimony, when applicable;
- (2) does not file the interstate transmittal forms with the tribunal;
- (3) does not release a copy of the interstate transmittal form to the other party, per Oklahoma Administrative Code (OAC) 340:25-5-67; and
- (4) seeks an order from the appropriate tribunal regarding release of the information when the initiating state, responding state, or a party requests release of specific identifying information, per 43 O.S. § 601-312.
- (g) **Services provided.** Except as provided in (1) through (4) of this subsection, CSS processes intergovernmental cases in the same manner as intrastate cases, per OAC 340:25-1-1.2.
- (1) **Evidence.** If one of the parties is a nonresident of the forum state, CSS arranges for ~~telephonic~~ testimony over the phone at the request of the nonresident party or a Title IV-D agency, and requests the court to admit evidence, per 43 O.S. § 601-316.
- (2) **One-state processing.** In the absence of an order to establish paternity or support, CSS uses a one-state process to establish an order if personal and subject matter jurisdiction may be exercised over a nonresident party, per 45 C.F.R. § 303.7 and 43 O.S. § 601-201.
- (3) **Determination of controlling order.** When there are multiple orders for current support for the same child, CSS seeks a determination of controlling order (DCO) or a new order from the appropriate tribunal, per 43 O.S. § 601-207 and 43 O.S. §§ 601-602 through 601-615.
- (A) When making the arrears calculation for the DCO proceeding, CSS applies the law of the respective issuing states in determining the arrears under each order.
- (B) Once the court issues a DCO, CSS applies the law of the controlling order state to the consolidated arrears, even when the support orders of other states contributed a portion to those arrears.
- (4) **Redirection of payments.** Per 43 O.S. §§ 601-307 and 601-319:
- (A) CSS issues a notice to redirect payments to the Title IV-D agency in the state ~~in which~~ where the ~~eus-~~ custodial person ~~CP~~ resides and issues an Order/Notice to

Withhold Income for Child Support to implement the order when:

- (i) Oklahoma is the state that issued the child support or income assignment order;
- (ii) neither the noncustodial parent (NCP), ~~eustodial person~~ CP, or any child lives in Oklahoma; and
- (iii) CSS or another Title IV-D agency makes the request.
- (B) CSS issues a notice to redirect payments to the Title IV-D agency in the state of residence of the ~~eus-~~ custodial person ~~CP~~ when:
- (i) a child support or income assignment order was issued;
- (ii) neither the ~~noncustodial parent~~ NCP, ~~eus-~~ custodial person ~~CP~~, or any child lives in the issuing state; and
- (iii) Oklahoma provides child support services.
- (C) CSS furnishes a certified record of payments to a requesting party or tribunal when CSS receives redirected payments, per 43 O.S. § 601-319.
- (5) **Limited services.** CSS provides limited services only at the request of an initiating interstate Title IV-D agency or an international central authority, per 43 O.S. §§ 601-101 through 901 and 45 C.F.R. § 303.7. CSS provides limited services, when appropriate, even when an individual ~~noncustodial parent~~ NCP or ~~eustodial person~~ CP does not reside in Oklahoma. ~~Request~~ The CSS director or appointed designee approves requests for limited services not listed in 45 C.F.R. § 303.7 ~~must be approved by the CSS director or appointed designee.~~
- (h) **Determination of arrears.** When Oklahoma has personal and subject matter jurisdiction and can obtain service of process on the ~~noncustodial parent~~ NCP, CSS uses the annual notice, notice of support debt, contempt, or other appropriate proceedings to determine past support and interest before requesting a tribunal of another state to enforce.
- (i) **Choice of law.** The applicable law for support duration determination of duration of support and other choice of law issues is controlled by subsection (h) of the Full Faith and Credit for Child Support Orders Act, per 28 U.S.C. § 1738B(h) and 43 O.S. §§ 601-604 through 601-611. The law of the initial controlling order state governs the support duration of support even after another state modifies the order ~~is modified by another state.~~
- (j) **Genetic testing.** When genetic testing is required in intergovernmental cases, the responding state is responsible for paying the cost of testing, per 45 C.F.R. § 303.7 and OAC 340:25-5-176.

## PART 37. RECOVERY

### 340:25-5-305. Overpayment and recovery policies

- (a) **Legal authority.** Oklahoma Human Services (OKDHS), Child Support Services (CSS) recovers CSS overpayments per Title IV, Part A of Subchapter IV of Chapter 7 of Title 42 of the United States Code; Section 109.5 of Title

# Permanent Final Adoptions

43 of the Oklahoma Statutes (43 O.S. § 109.5); and 56 O.S. §§ 171, 185, and 231 through 244.

(b) **Purpose.** The rules in this Part:

- (1) establish CSS policies and procedures used to recover CSS overpayments to custodial persons (~~(CPs)~~(CP), noncustodial parents (~~(NCPs)~~(NCP), and other entities; and
- (2) resolve payment disputes arising from overpayments.

(c) **Overpayment recipient and categories.** An overpayment means a CSS payment to a CP, NCP, or other entity to which the entity or person is not entitled. The recipient of the overpayment owes the amount to CSS, acting on behalf of the state of Oklahoma. Categories of overpayments are described in (1) through (3) of this subsection.

- (1) Retained support occurs when the CP kept support payment(s) in violation of the assignment of support rights.
- (2) Erroneous payment occurs when CSS incorrectly paid money to a CP, NCP, or other entity, or failed to retain money assigned to Oklahoma because of an administrative error.
- (3) Bad debt occurs when:

- (A) the funding for a payment made by CSS to a CP or NCP is subsequently withdrawn when a tax intercept or other collection is revoked;
- (B) a check or other payment instrument received by CSS from an NCP or other payor on behalf of the NCP is dishonored after a payment ~~was~~is made to the CP; or
- (C) CSS issues a payment to a CP based on an incorrect arrearage balance or an incorrect allocation of a payment.

(d) **Overpayment recovery.**

- (1) CSS may use any legal remedy to recover overpayments including, but not limited to:
  - (A) voluntary payments;
  - (B) state income tax refund intercepts, per 68 O.S. § 205.2; and
  - (C) lottery prize claims, per 3A O.S. § 724.1.
- (2) When an overpayment resulted in whole or in part from false or misleading statements, concealed information, willful misrepresentation, or when fraud is otherwise suspected, CSS reports the information to the OKDHS Office of Inspector General for appropriate action. Action may include, but is not limited to, investigation and criminal prosecution.
- (3) In active Temporary Assistance for Needy Families (TANF) cases, when a TANF recipient retains child support receipts, CSS may make a noncooperation referral to Title IV-A staff. CSS recovers overpayments from TANF customers through voluntary payments, state income tax refund intercepts, and lottery prize claims.

(e) **Recovery amount.**

- (1) ~~In order to~~To recover child support overpayments, CSS retains 25 percent of monthly current support payments collected for the recipient and retains the total amount of any arrearage payments collected at any time

until the overpayment is recovered in full. The percent retained can be changed:

- (A) at the CSS director's discretion; or
- (B) when the CSS Center for Finance and Budget determines the overpayment ~~was~~is a result of CP fraud by the CP.

(2) When the CP ~~received~~receives his or her full monthly support payment in the same month as an overpayment, CSS retains the full amount of any subsequent payments for that month up to the overpayment amount of the overpayment. CSS satisfies any remaining overpayment as set forth in (1) of this subsection.

(f) **Notice and administrative review.**

(1) CSS sends ~~an overpayment and recovery notice of overpayment and recovery~~ to the overpayment recipient. The notice includes the overpayment amount, payment withholding and collection remedies, and instructions for requesting an administrative review and hearing, per OAC 340:25-5-200.1.

(2) The administrative review provides an opportunity for the overpayment recipient to offer new or additional information regarding the overpayment amount of the overpayment. After the review, CSS issues a notice of administrative review decision.

(g) **Limits to overpayment recovery.**

(1) CSS Center for Finance and Budget completes a case review on the balances owed to a ~~custodial person~~CP prior to disbursing an overpayment.

(2) CSS is not responsible for creating or recovering overpayments for:

- (A) non-Title IV-D time periods when non-Title IV-D cases convert to Title IV-D cases; or
- (B) time periods when:

- (i) CSS ~~collected~~collects under a court order that was later vacated or after the case ~~was~~is dismissed;
- (ii) the parties ~~failed~~fail to provide CSS with verification of a change in the child's physical custody of the child;
- (iii) CSS ~~collected~~collects under a court order that ~~was~~is later modified; or
- (iv) CSS ~~collected~~collects under a court order and the child ~~was~~is adopted.

(C) time periods when cash medical support ~~was~~is distributed to a CP and the Oklahoma Health Care Authority retroactively certifies medical assistance.

(D) ongoing regular payments during the period an NCP incarcerated.

(3) When a child support modification order is effective back to the date the motion to modify was filed and the modified support amount is less than the amount previously ordered and paid, CSS satisfies the amount due when the NCP owes past-due child support, by offsetting the arrears amount, up to the balances currently owed.

(4) CSS does not charge, collect, or pay interest on overpayments.

(h) ~~Issuance of~~**Issuing refunded amounts.** When an NCP makes an overpayment, amounts less than \$3 are not refunded

unless issued on an Electronic Benefits Transfer (EBT) card. Amounts less than \$3 and not issued on an EBT card are remitted to the ~~DHS~~OKDHS General Revenue Fund Treasury.

- (i) ~~Return of~~**Returning excess support amounts.** When CSS receives a payment ~~in excess of that exceeds~~ the NCP's total arrears balance, CSS returns the excess amount to the payor within 45-calendar days after discovering the over collection;
- (j) **Payments made in error.** When CSS receives ~~an erroneous payment made due to an error on the part of~~from the payor that ~~was~~is not disbursed, CSS returns it to the payor within 45-calendar days after discovery. CSS is not required to correct, redirect, or recover the payment unless it ~~was~~is retained;

- (k) **Payments that cannot be disbursed to a party.**
  - (1) CSS applies support collections to other applicable balances associated with the NCP, such as assigned state balances or balances owed to another CP, when the:
    - (A) CP's address is unknown;
    - (B) CP fails to activate the debit card; or
    - (C) debit card is returned to the vendor;
  - (2) CSS remits a payment to the OKDHS General Revenue Fund Treasury, when the payment cannot be:
    - (A) disbursed to a CP;
    - (B) applied to assigned state balances associated with an NCP;
    - (C) disbursed to the NCP, when the:
      - (i) address is unknown;
      - (ii) debit card is not activated; or
      - (iii) debit card is returned to the vendor; or
    - (D) returned to the payor.

## SUBCHAPTER 3. INITIAL APPLICATION

### 340:40-3-1. Application process

(a) **Application process.** The application process for subsidized child care benefits begins with a request for benefits and ends with an eligibility determination. Application approval is subject to available funding. Subsidized child care benefits ~~must be~~ synchronized with the applicant's food benefits or SoonerCare (Medicaid) benefits, per Oklahoma Administrative Code (OAC) 340:40-9-1(f). Child Welfare Services or Adult and Family Services (AFS) staff processes the application.

(1) **When an application is required.** An application is required when:

(A) an applicant initially applies for subsidized child care benefits. Refer to (c)(2) of this Section when an application is denied;

(B) the client's subsidized child care benefits are closed for more than 30-calendar days;

(C) the payee for the subsidized child care benefits changes; or

(D) the family income was not considered, ~~because per~~ per OAC 340:40-7-12(6), ~~policy applied~~ and one or more of the affected adopted children turns 6 years of age, ~~unless there is already a separate open income eligible case and the child can be added to that an open income eligible case, per OAC 340:40-9-2(d).~~

(2) **Who can apply.** An applicant or the applicant's authorized representative may apply for subsidized child

care benefits. When an authorized representative applies on ~~an applicant's behalf of an applicant~~, he or she must bring a ~~signed~~ Form 08MP008E, Authorized Representative Request or a statement ~~from signed by~~ the applicant giving the ~~person representative~~ permission to act on ~~the applicant's behalf of the applicant or unless~~ the applicant ~~must have designated the designated~~ the person as ~~his or her~~ the authorized representative on the signed application.

(A) When the natural or adoptive parent or stepparent lives with the child, he or she is considered the applicant and eligibility is based on the parent's situation regardless of whether he or she has custody of the child.

(B) When both the natural and adoptive parent of the child live in the same household and the adoption is final, the adoptive parent is considered the applicant and eligibility is based on the adoptive parent's situation.

(C) When the natural or adoptive parent or stepparent is not in the home, the person acting in the role of the parent, referred to as the caretaker, is the applicant. The caretaker may or may not be related to the child.

(D) When the child's parent is a minor, either the minor parent or the responsible adult the minor lives with can be considered the applicant for the subsidized child care benefits. Eligibility is based on the minor parent's situation.

(E) When the natural or adoptive parent lives in the home but is too incapacitated to apply, another person living in the home may apply ~~for the natural or adoptive parent on the parent's behalf. The other~~ when the person ~~must provide~~ provides proof of the parent's inability to apply.

(3) **Application.** An applicant or the applicant's authorized representative completes and signs an application to apply for subsidized child care benefits. When the applicant requests child care for a child with disabilities, the worker gives Form 08AD006E, Certification for Special Needs Rate for Licensed Child Care Homes and Centers, to the applicant.

(4) **Request date.** The request date, known as the application date for other Adult and Family Services programs, is the date the applicant requests subsidized child care benefits verbally or in writing.

(5) **Certification date.** The certification date is the date the applicant or the applicant's authorized representative completes the child care interview and provides all necessary verification to the county office, including the name of the child care provider the client chooses to use.

(A) The provider must have a valid Oklahoma Human Services (OKDHS) child care provider contract.

(B) Refer to OAC 340:40-5-1(7) for reasons an applicant cannot choose certain child care providers.

(C) For applicants choosing an in-home provider, refer to OAC 340:40-13-1 and 340:40-13-2.

(6) **Child care interview.** Child care interviews may be completed face-to-face or over the phone with the applicant or authorized representative.

(7) **Explanation of eligibility factors.** At the time of the initial interview, the worker informs the applicant or authorized representative of:

(A) his or her rights and responsibilities;

(B) all eligibility factors of ~~eligibility~~, including the requirement that the chosen child care provider be contracted with OKDHS;

(C) the child care plan and reason child care may be approved based on the applicant's statements at interview;

(D) the applicant's electronic benefit transfer (EBT) responsibilities including viewing the client training video;

(E) the earliest date child care can be approved;

(F) the requirement to cooperate with the OKDHS Office of Inspector General during any audit or investigation of the applicant or the provider the applicant uses for child care; and

(G) the requirement to report within 10-calendar days when household income exceeds the income eligibility threshold per OKDHS Appendix C-4, Child Care Eligibility/Copayment Chart. At certification and renewal, a computer-generated notice issues to inform the client of the current income eligibility threshold for his or her family size.

(8) **Timeliness.** To be considered timely, the worker must determine eligibility within two-business days of receiving all necessary verification to certify or deny the application.

(A) When the applicant does not provide requested verification, the worker denies the request within 30-calendar days of the request date.

(B) When eligibility is not determined within 30-calendar days, the worker sends Form 08MP038E, Client Notice of Action Taken, explaining the reason for delay.

(9) **Right to appeal.** The applicant has the right to appeal ~~the untimely an application processing of a child care request delay or the eligibility decision of eligibility or ineligibility~~, per OAC 340:2-5.

(b) **Presumptive eligibility processing.** The worker may presumptively approve a maximum of 30-calendar days of child care prior to making a complete eligibility determination when a reason described in (1) of this subsection applies.

(1) Reasons include when the applicant:

(A) is in danger of losing a job or cannot start a new job unless child care is immediately approved. In this circumstance, it must be out of the applicant's control to provide required verification and the applicant does not have the money to pay toward the cost of child care;

(B) is employed but has not received pay from the job and is not guaranteed a wage because he or she is self-employed or works on a commission-only basis. Further care is not approved until the applicant provides proof he or she received earnings from the job; or

# Permanent Final Adoptions

(C) requests protective or preventive child care, per OAC 340:40-7-8(f).

(2) The worker gives or sends the applicant Form 08AD092E, Client Contact and Information Request, to inform the applicant what he or she needs to provide before further care is approved.

(c) **Eligibility determination.** The worker determines the applicant's eligibility to receive child care subsidy benefits based on eligibility conditions, per OAC 340:40-7. The applicant must meet a need factor within 30-calendar days of the request date. After calculating family income, the worker uses OKDHS Appendix C-4, Child Care Eligibility/Copayment Chart, to determine ~~when~~ if the household meets the income eligibility threshold. Refer to OAC 340:40-5-1(8) and 340:40-7-10 through 340:40-7-13 for information regarding income determination.

(1) **Applicant determined eligible.** The earliest date the worker approves subsidized child care benefits is the date the applicant completes the child care interview and provides all necessary verification to determine eligibility. The worker certifies the applicant for a 12-month eligibility period, per Section 98.21 of Title 45 of the Code of Federal Regulations. The applicant is responsible for child care used before the certification date.

(A) The ~~client~~ applicant or recipient records attendance with his or her EBT card through a point-of-service machine or through the ECC Connect mobile app at the child care facility.

(B) OKDHS does not pay for care for any day the child attends child care when the client fails to swipe record attendance, unless extenuating circumstances exist beyond the client's or provider's control of the client or provider.

(C) When the ~~client~~ applicant or recipient fails to swipe record attendance, he or she is responsible for any care provided that day and may be responsible for any missed absent day payment ~~OKDHS pays,~~ when the child care provider would have received if all of the days the child attended were recorded.

(2) **Applicant determined ineligible.** The worker denies the child care request or application when the applicant completes the application process and is determined ineligible, does not provide needed verification, or fails to cooperate in determining eligibility.

(A) When the applicant is determined ineligible after completing the application process and providing necessary verification, a new application is required regardless of the original request date.

(B) When the worker denies the application child care request because the applicant did not provide required verification, including choice of provider, a new application is not needed when the applicant completes the application process and provides necessary verification within 60-calendar days of the original request date.

(C) When the worker denies the application child care request because the applicant fails to cooperate in determining eligibility, a new application is not

required when the applicant cooperates within 30-calendar days of the original request date.

## SUBCHAPTER 5. CHILD CARE PLAN

### 340:40-5-1. Child care plan

Providing child care is part of an overall service plan of ~~service~~ designed to help ~~the parent or caretaker, with whom the child lives,~~ eligible parents or caretakers to achieve ~~his or her~~ their maximum self-support potential ~~for self support.~~ Quality child care services ensure ~~the parent or caretaker each child has that~~ eligible parents or caretakers have access to adequate care that affords their children developmental and learning experiences while ~~the parent or caretaker is~~ they are engaged in self-support activities. The child care plan consists of many components that link to form a goal-directed child care plan as described in (1) through (11) of this Section.

(1) **Child characteristics.** The worker gathers information about the child ~~for whom~~ who needs child care ~~is needed,~~ including his or her name, age, grade level, and if the child has a disability.

(2) **Need for child care.** The worker determines if the parent or caretaker meets a need factor, per Oklahoma Administrative Code (OAC) 340:40-7-7 and 340:40-7-8.

(3) **Plan hours.** ~~The~~ To document the need factor, the worker gathers information from the parent or caretaker about the days and hours he or she qualifies for child care, including travel time, ~~from the parent or caretaker to document the need factor.~~

(A) When there are two parents or caretakers in the home, the worker only approves subsidized child care benefits when both parents or caretakers meet a need factor during the same hours, per OAC 340:40-7-7 and 340:40-7-8.

(B) Based on the days and hours the child requires care, the worker approves a full-time daily, part-time daily, a combination of full-time and part-time daily, weekly, or a blended unit type.

(C) Refer to OAC 340:40-7-7(e) for plan hours concerning a child attending an Early Head Start-Child Care Partnership (EHS-CCP) grant program or an Oklahoma Early Childhood Program (OECP).

(D) The worker does not decrease the child care plan hours because the client no longer meets a need factor or has a decreased need for child care between renewal periods, per Section 98.21(a) of Title 45 of the Code of Federal Regulations (45 C.F.R. § 98.21) and OAC 340:40-9-2(b).

(4) **Alternative to subsidized child care benefits.** The worker and client explore whether there is an appropriate, feasible alternative to Oklahoma ~~Department of~~ Human Services (~~DHS~~) (~~OKDHS~~) subsidized child care benefits.

(A) When the alternative is a spouse or the child's natural or adoptive parent ~~of the child~~ who lives in the

home, the client must use the alternative rather than subsidized child care benefits.

(B) When the alternative is someone other than a spouse or the child's parent of the child or caretaker, the client may choose whether to use the alternative.

(5) **Plan to increase income.** At each application or renewal, the client and worker explore ways the client may become more self-supporting by increasing household income. Increasing household income may include pursuing a work promotion, searching for a higher paying job, or increasing job skills. The client ~~must~~ is also instructed to pursue any identified potential income, per OAC 340:40-7-9.

(6) **Back up plan.** The worker and client discuss and develop a backup plan for child care when the child cannot go to the usual provider because of illness, school holidays, or other emergencies. The backup plan includes the name and address of a person the client feels he or she can rely on when the normal child care plan of care cannot be used.

(7) **Provider Choice of provider.** The worker documents the provider choice of provider on the application or renewal form.

(A) When the client does not choose a provider at the time of request, the worker provides the client with information to help in making the choice.

(B) The client may choose a family child care home regardless of star ~~level~~ status.

(C) The client may choose a Community Hope Center that is not subject to the Stars quality rating system.

(D) The client may not choose a child care:

(i) facility program that does not have a valid contract with ~~DHS~~ DHSOKDHS;

(ii) facility program in which the client or his or her spouse, including the child's parent or stepparent, has an ownership interest;

(iii) home in which the child resides;

(iv) home in which the client also works during the hours his or her child is in care;

(v) provider who does not allow parental access during the hours the provider is caring for children;

(vi) program receiving state or federal funds, such as Head Start, Early Head Start, or public schools, and not charging all parents for the hours subsidy payment is requested. EHS-CCP grant programs and OECPs are exempt from this rule;

(vii) provider caring for a ~~school-age~~ school-age child during the regular school day when the student could be attending a public or private school during those hours;

(viii) center, when it is a ~~one-star~~ one-star facility, unless there are no centers with a higher star status in the community or special exception criteria are met. Special exception criteria are:

(I) the child was approved for care prior to the provider's star status being reduced to

one star. The child may remain at the facility unless the child stops attending there for more than 30-calendar days. The child may be approved at the same facility again when the only reason the child did not attend for more than 30-calendar days was because of a school break or circumstances beyond the family's control ~~of the family~~, such as the child's illness;

(II) care is requested for a child living in the same home as a child already approved for care, per (7)(C)(viii)(I) of this subsection for the same one star child care provider; or

(III) the parent or guardian caretaker demonstrates there is no other child care option that meets the family's needs; or

(ix) in-home provider who is not related to the child. Per OAC 340:40-13-2, related means an aunt, uncle, grandparent, great grandparent, or sibling not living in the home.

(8) **Income determination.** Per OAC 340:40-7, the worker determines who is considered part of the household for income determination and what income is countable or excluded. The household's countable income must not exceed the income eligibility threshold, per ~~DHS~~ DHSOKDHS Appendix C-4, Child Care Eligibility/Copayment Chart.

(9) **Family share copayment.** The worker refers to ~~DHS~~ DHSOKDHS Appendix C-4 to determine the family share copayment for each family. The family share copayment is applied before ~~DHS~~ DHSOKDHS pays a child care subsidy. 17 The family's copayment cost varies based on family size and income.

(A) The family share copayment is determined at approval and may not be increased until renewal, per 45 C.F.R. § 98.21(a)(3). When the worker anticipates changes in household income at approval, such as when the client ~~started~~ starts a new job and ~~did~~ does not receive a full month's pay for the application month, the worker increases household income and the family share copayment for the next month in the certification action. All family share copayment changes made at certification are included in the approval notice(s).

(B) When household income decreases during the eligibility period, the worker decreases the family share copayment, when applicable, per OAC 340:40-9-2(c). Following a decrease, the copayment is not increased until renewal unless the household income exceeds the income eligibility threshold, per ~~DHS~~ DHSOKDHS Appendix C-4.

(C) At renewal, when the family's income exceeds the income eligibility threshold, per ~~DHS~~ DHSOKDHS Appendix C-4, the worker closes the child care benefits.

(10) **Social services requests.** When a client requests help in meeting the social services needs listed on the application or renewal, the worker provides all available information to aid a client in meeting these needs.

# Permanent Final Adoptions

(11) **Client rights and responsibilities.** The worker informs the client of his or her rights and responsibilities per (A) through (G) of this paragraph.

(A) A child care request is only approved back to the request date when the interview is conducted and verification is provided on the request date.

(B) The client has the right to ask for a fair hearing when the client disagrees with an action taken on his or her case, per OAC 340:2-5.

(C) The provider may charge the client for special fees, such as enrollment or transportation fees, provided these fees are posted and also charged to families attending the facility who do not receive subsidized child care.

(D) The provider may charge the client for care provided in excess of the ~~DHS~~ OKDHS-approved child care plan when the client chooses to leave the child in care longer. When the provider requires all children in the facility to begin care by a certain time of day and the client's child care plan hours start later, the provider must not charge the client for the additional hours. The client ~~swipes records~~ attendance based on the child care plan hours.

(E) The provider may charge the client for any days ~~DHS~~ OKDHS refuses to pay for care because the:

(i) client did not ~~swipe record~~ attendance for the correct days and times his or her child attended child care;

(ii) ~~swipes were~~ payment for attendance was denied and the client did not ~~get them corrected~~ resolve the problem within 10-calendar days; or

(iii) provider lost the absent-day payment for a child approved for a weekly unit type because the client did not ~~swipe record~~ correct attendance for every day the child attended that month.

(F) The provider may not charge the client for days:

(i) and hours covered in the child care plan when all attendance was correctly ~~swiped~~ recorded, even when the hours are more than customary for a full-time day; and

(ii) the child is not in attendance.

(G) The client is required to cooperate with the ~~DHS~~ OKDHS Office of Inspector General in any audit or investigation of possible overpayments by the client or ~~by~~ the client's chosen provider.

(3) certificates of deposit;

(4) stocks;

(5) bonds; and

(6) real property other than home property.

(b) A parent or caretaker's statement that he or she lives in Oklahoma meets the residence requirement for child care.

(c) Only the child for whom child care is requested must meet the citizenship and alienage requirements.

(1) A child eligible to be included in a child care benefit must be a:

(A) citizen or a national of the United States (U.S.), including the 50 states, District of Columbia, Commonwealth of Puerto Rico, Virgin Islands, Guam, American Samoa, and Northern Mariana Islands. The child may be a citizen of the U.S. by being born in the U.S. or by being born in some other country but moving to the U.S. and being granted U.S. citizenship through the U.S. Citizenship and Immigration Services (USCIS), a bureau of the Department of Homeland Security; or

## SUBCHAPTER 7. ELIGIBILITY

### 340:40-7-5. Resources, residence, and citizenship

(a) Household resources must not exceed \$1,000,000 for subsidized child care, per Section 658P(4) of the Child Care and Development Block Grant Act of 2014, Public Law 113-186. Resources include, but are not limited to:

(1) liquid resources, such as cash;

(2) financial institution account balances;

2021 until March 31, 2023, or the term of parole, whichever is longer.

(2) A declaration of citizenship and alien status is required for all children included in the child care benefit. This requirement is met when an adult member of the household completes and signs the application or renewal attesting to the citizenship and alien status for all children included in the benefit. Refer to Oklahoma Administrative Code (OAC) 340:65-3-1(g) for additional citizenship requirements for persons 14 years of age and older, per Section 71 of Title 56 and Section 20j of Title 74 of the Oklahoma Statutes.

(3) The worker must verify the alien status of an alien child through the United States Citizenship and Immigration Services (USCIS) Systematic Alien Verification for Entitlements (SAVE). When SAVE indicates that the child's alien status documents must be submitted to the USCIS, the worker must not delay, deny, close, or reduce benefits to an alien pending USCIS verification of submitted documentation.

**340:40-7-7. Establishing the need factor for child care**

(a) **Establishing the need factor.** In order for children to be cared for in a safe environment while the parent or caretaker participates in an approved activity or for protective or preventive reasons, ~~the Oklahoma Department of Human Services (DHS)(OKDHS)~~ provides subsidized child care benefits.

(1) The worker arranges to obtain need factor documentation ~~of the need factor~~ from the client or collateral sources.

(2) The worker and client negotiate the amount of travel time allowed for an activity based on what is a reasonable length of time.

(3) The worker does not approve child care for the hours the child attends public or private school, ~~or~~ Head Start, or an Early Head Start program. An Early Head Start-Child Care Partnership (EHS-CCP) grant program and an Oklahoma Early Childhood Program (OCEP) is exempt from this rule.

(b) **Need factor for single parent or caretaker families.** The need for subsidized child care is met when the:

(1) parent or caretaker is employed, per Oklahoma Administrative Code (OAC) 340:40-7-8(a);

(2) parent or caretaker needs sleep time during the day after working night hours when a feasible alternative is used at no cost to ~~DHS~~OKDHS during the night working hours, per OAC 340:40-7-8(a)(5);

(3) parent or caretaker attends a training or formal education program designed to lead to employment, per OAC 340:40-7-8(b) and (c);

(4) parent or caretaker attends high school, high school equivalency classes, literacy, adult basic education (ABE), or English as a Second Language (ESL) classes, per OAC 340:40-7-8(c);

(5) parent or caretaker participates in Supplemental Nutrition Assistance Program (SNAP) Education and Training (E&T) activities, per OAC 340-7-8(d);

(6) parent or caretaker participates in an approved Temporary Assistance for Needy Families (TANF) Work activity, per OAC 340:10-2-1;

(7) child needs care or supervision for part of the day as a protective or preventive service, per OAC 340:40-7-8(f);

~~or~~  
(8) child receives Supplemental Security Income (SSI) and needs care for enrichment purposes, per OAC 340:40-7-8(g); or

(9) parent or caretaker needs child care to search for employment, per OAC 340:40-7-8(a)(6).

(c) **Need factor for two-parent or two-caretaker families.**

Two-parent or two-caretaker families include two natural or adoptive parents, the natural parent and a stepparent, two grandparents, other relative married couples, or other non-relative married couples. ### 340:40-7-8. Defining the need factor for child care benefits

(a) **Employment.** Employment means the parent or caretaker earns wages for work performed or meets criteria, per (5) or (6) of this subsection.

(1) The client must provide proof of his or her work hours. When the client has the flexibility to set his or her own work hours, the client and worker jointly determine if the client can reduce the number of hours the child needs care by rearranging the client's work schedule. This is especially important in two-parent or two-caretaker families.

(2) The worker limits child care approval of child care to the number of days and hours the client is working plus

reasonable travel time. In two-parent or two-caretaker working families, the worker limits child care approval to the days and hours they work the same hours plus reasonable travel time.

(3) ~~The To meet the employment need factor, the client must make at least minimum wage for the number of hours he or she works to meet the employment need factor unless the client qualifies for an exception, per (D) or (E) of this paragraph. Criteria (A) through (C) of this paragraph specifies the criteria for determining minimum wage is specified in (A) through (C) of this paragraph.~~

(A) ~~Minimum~~The federal government determines minimum wage is determined by the federal government.

(B) The worker reviews the pay information provided by the client to determine whether the client makes at least minimum wage.

(i) When the paycheck or employer statement shows the hourly pay rate, the worker compares it to the federal minimum wage.

(ii) When the pay information provided does not show the client's hourly pay rate, the worker divides the number of hours the client works by the gross pay per pay period to determine the client's hourly pay rate.

(iii) When the client is considered self-employed, per Oklahoma Administrative Code (OAC) 340:40-7-11(b)(2)(A), the worker divides the number of hours the client works by the net pay, after applicable business expenses, to determine the client's hourly pay rate. When the client and spouse are self-employed in the same business, the worker combines their work hours and divides the work hours by the net pay to determine their hourly pay rate.

(C) When the client works for an employer ~~paying who pays~~ a set wage that is less than minimum wage, and the employer refuses to begin paying at least minimum wage, the worker denies child care benefits or, when at renewal, does not approve further care.

(D) When the client is self-employed or works for an employer ~~paying who pays~~ wages based on commission or other performance measures instead of a set wage, ~~has received earnings and does not make at least minimum wage, and the client has been performing performed~~ this work:

(i) less than one year, the worker counsels with the client to develop a plan to increase his or her income to at least minimum wage before the renewal is due. When the client is not making at least minimum wage at renewal, further care is not approved.

(ii) at least one year without any substantial change, the worker denies the child care subsidy benefit.

(E) When the client is an adoptive parent who meets criteria, per OAC 340:40-7-12(6), or is a caretaker who is not legally and financially responsible for the child, per OAC 340:40-7-6(a)(~~6~~)(5), he or she is not required to make at least minimum wage for the number of hours worked.

(4) A client employed and working from his or her own home may be approved for subsidized child care benefits in an out-of-home child care home or center when he or she is unable to work while the child is in the home. When the ~~person~~client has flexible work hours and can work while the child is in school, care is not approved. When the ~~person~~client operates a licensed child care home, care is only approved in another licensed child care home or center when the client's own child places him or her over maximum licensed capacity;

(5) Subsidized child care benefits may be approved for sleep time during the day when a parent or caretaker works night hours and a feasible alternative is used during the night working hours at no cost to the Oklahoma Department of Human Services (DHS) ~~during the night working hours~~. Night working hours are defined as the hours between 11:00 p.m. and 7:00 a.m.

(A) The maximum amount of time the worker ~~approves~~may approve child care allows the client eight hours of sleep plus travel time to and from the provider.

(B) In two-parent or two-caretaker families, care may only be approved for this reason when both parents or caretakers have night time jobs or when one parent or caretaker has a ~~night time~~night-time job and the other parent or caretaker works during the day while the other parent or caretaker is sleeping.

(6) Subsidized child care benefits may be approved for the parent(s) or caretaker(s) to job search for one three-month period every 12 months, when needed.

(2) Prior to initial approval for child care and at renewal, the client must provide proof of enrollment, the days and hours the client will be attending, and when he or she is expected to complete the program.

(3) The program must require classroom attendance on a school campus with an instructor present. ~~Care~~Child care is only approved for an online Internet based course or televised course when it is a live broadcast conducted by an instructor and attendance is required while the program is being broadcast. When the program is self-paced and

the client may choose his or her own school hours, care is not approved.

(4) The client must provide proof of progress at renewal. When the client is not making satisfactory progress, the worker does not approve further child care for this reason.

(5) Once the client completes a training program, further child care is not approved for training or education. The client is expected to look for jobs that require his or her training credentials.

(6) In certain circumstances, the worker may approve child care benefits for a client to attend a second training program. The client must have been employed in a job requiring the training credentials he or she has for at least 12 months. Possible circumstances include when:

(A) the client can no longer perform the job he or she is trained to do because of physical or mental health reasons. In this instance, the client must provide a statement from a doctor, mental health professional, or a vocational rehabilitation professional verifying the reason. The professional must also state that after completing the second training program, the client is capable of performing the job tasks after completion of the jobs related to that training program;

(B) there is no longer a demand for the type of work the client is trained to do. Prior to approval, the client must provide proof that he or she is enrolled, the days and hours he or she attends, and when he or she is expected to graduate.

(2) **High school equivalency, literacy, or adult basic education (ABE) classes.** The program must require classroom attendance with an instructor present. Child care may be approved for one parent or caretaker to attend high school equivalency, literacy, or ABE classes. However, in two-parent or two-caretaker families, the other parent or caretaker must be employed during the same hours.

### 340:40-7-11. ~~Sources of income~~ Income sources considered

(a) ~~Sources of income~~ Income sources considered. Income may be received periodically or at irregular intervals. All income, unless specifically excluded, per Oklahoma Administrative Code (OAC) 340:40-7-12, is considered in determining monthly gross income. Income is classified as earned or unearned income.

(b) **Earned income.** Earned income ~~means~~ is the total money ~~earned by a person through the receipt of~~ receives from wages, salary, commission, or profit from activities ~~in which the person is engaged~~ he or she engages in as a self-employed person or as an employee.

(1) **Wages.** Wages include total money earned for work performed as an employee including armed forces pay, commissions, tips, piece-rate payments, longevity payments, and cash bonuses before deductions, such as taxes, bonds, pensions, union dues, credit union payments, or cafeteria plans are subtracted.

(A) ~~Countable military personnel~~ wages for ~~military personnel~~ include any allowance included on the earnings statement, ~~such as except~~ the Basic Allowance for Housing (BAH) ~~or Basic Allowance for Subsistence (BAS).~~

(B) Only the portion of the cafeteria plan the client controls, including any excess benefit allowance payments, is counted as income.

(C) Reimbursements for expenses, such as a uniform allowance or transportation costs, other than daily commuting, are subtracted from the gross income.

(D) Payments made for annual leave, sick leave, or severance pay are considered earned income during the month such income is received, whether paid during employment or at employment termination ~~of employment.~~

(E) Wages that are garnished or diverted and paid to a third party are also counted as income.

(2) **S corporations.** When a household member is a shareholder in an S corporation, he or she may receive profits from the business in ~~two~~ three ways; as a salary ~~and/or~~ as a profit share of the business, or both. Both types of income are reported on the household member's personal income tax return. Salary income is considered as earned income and profit share income is considered as unearned income, per (c)(11) of this Section.

(3) **Self-employment.** Self-employment income is calculated based on procedures listed in (A) through (H) of this subsection.

(A) **Persons considered self-employed.** A person is considered self-employed when:

(i) he or she declares himself or herself to be self-employed;

(ii) there is an employer/employee relationship and the employer does not withhold income taxes or Federal Insurance Contributions Act ~~(FICA),~~ even when required to do so by law; or

(iii) the employer withholds taxes and the person provides proof he or she files taxes as self-employed.

(B) **Records used and income calculation.** The worker uses the records described in (i) through (iii) of this subparagraph to calculate income. When the person reports a loss instead of a profit on the business, the worker does not deduct the loss from other household income.

(i) When the person filed a federal income tax return for self-employment income for the most recent year, whether the person's income is derived from his or her own business or from working for an employer, the worker uses the gross

self-employment income shown on the person's federal income tax return. ~~The worker~~ subtracts 50 percent of the income for claimed business expenses, and divides the income by 12 or, when the self-employment income was received for less than the full calendar year, by the number of months the business has existed or the number of months since the person started working for the employer, ~~when less than 12 months~~. The worker verifies the person's start date with the employer when the person states he or she has not worked for the employer for at least 12 months.

(ii) When the person did not file an income tax return for the most recent tax year for his or her own business, the worker calculates self-employment income by using the person's business records for the last 12 months or the number of months the business has existed when less than 12 months. When the client declares business expenses, the worker subtracts 50 percent of the gross self-employment income to arrive at the net profit.

(iii) When the person works for an employer, did not file a federal tax return as self-employed, and receives earnings from an employer, the person must provide proof of the last 12 months of income from the employer. The worker divides the gross income by 12 or the number of months the person worked for the employer to determine monthly income. When the person declares business expenses, the worker subtracts 50 percent of the gross self-employment income before dividing the income by the applicable number of months to determine monthly income.

(C) **Profit sharing.** Households who operate S corporations, general or limited partnerships, or limited liability companies (LLC) may receive profit sharing that is reported on the household's personal income tax return.

(i) S corporation profit sharing is considered unearned ~~profit sharing~~profit-sharing income. Refer to ~~Oklahoma Administrative Code (OAC)~~ 340:40-7-11(b)(2) and (c)(11) for information regarding S corporations.

(ii) Partnerships are unincorporated businesses with two or more partners. When a household member is a partner in a business, he or she is considered self-employed and not ~~an employee~~one of the business's employees. Each partner receives a profit share from the business. When a business is considered a:

- (I) general partnership or LLC with a member-manager, each partner's share of the business income is shown as self-employment income on his or her federal income tax form; or
- (II) limited partnership or other LLC member, each partner's share of the business income

is shown as self-employment income or unearned ~~profit sharing~~profit-sharing income on his or her federal income tax form.

(D) **Monthly self-employment income.** Self-employment income received on a monthly basis is normally averaged over a 12-month period. When the averaged amount does not accurately reflect the household's actual monthly circumstances because the household experienced a substantial increase or decrease in income, the worker calculates the self-employment income based on anticipated earnings.

(E) **Seasonal self-employment.** Self-employment income intended to meet the household's needs for only part of the year is averaged over the time period of time it is intended to cover.

(F) **Annualized self-employment income.** Self-employment income that represents a household's annual support is averaged and annualized over a 12-month period, even when the income is received in a short time period.

(i) When the average annualized amount does not accurately reflect the person's actual monthly circumstances because the person experienced a substantial increase or decrease in income, the worker calculates the self-employment income on anticipated earnings.

(ii) The worker does not calculate self-employment income on the basis of prior earnings, such as income tax returns, when an increase or decrease of business has occurred.

(iii) When the person received the self-employment income for less than 12 months, the worker averages the income over the applicable number of months and projects the monthly amount for the coming year.

(G) **Rental property income.** Rental property is considered self-employment income.

(H) **Room and board income.** Payments from roomers or boarders are considered self-employment when the roomer or boarder pays a reasonable amount.

(4) **On-the-job (OJT) training (OJT).** ~~Earned OJT~~ income from regular employment ~~for OJT~~ is considered earned income. This includes OJT provided, per Section 3(44) of the Workforce Innovation and Opportunity Act (WIOA), for persons 19 years of age and older. This does not include classroom or institutional training or WIOA-sponsored intern assignments, even when an hourly amount is paid for such training, per OAC 340:40-7-12(25)(G).

(5) **Title I payments of Domestic Volunteer Services Act (DVSA).** Payments under Title I of the DVSA of 1973 as amended, per Public Law 93-113, are considered earned income unless excluded, per OAC 340:40-7-12.

- (4) acting on ~~swipe attendance errors reported by clients~~ as soon as ~~they are reported~~ the client reports them;
- (5) acting on ~~EBT card misuse reports of misuse of the EBT card~~ as soon as they are reported, per Oklahoma Administrative Code 340:40-10-3.

(c) **Provider Child care provider EBT responsibilities.** ~~Provider~~ Child care provider responsibilities include:

- (1) never possessing or ~~swiping~~ a client's EBT card ~~through~~ or recording a child's attendance using the POS machine or the ECC Connect mobile app;
- (2) never moving the POS machine to another location or submitting electronic child care claims from another location without receiving prior ~~written~~ approval from ~~DHS~~ OKDHS Adult and Family Services Child Care Subsidy Unit staff;
- (3) requiring clients to ~~swipe~~ record attendance as child care is used;
- (4) never asking or requiring a client to ~~swipe~~ record attendance for a day the child does not attend; and
- (5) ensuring claimed attendance submitted via the EBT system is correct and voiding any incorrect transactions within the 10-calendar day swipe limit, current day and previous nine days.

### 340:40-10-3. Misuse of the electronic benefit transfer (EBT) card

- (a) When the worker becomes aware that the client or the authorized representative of the client is misusing his or her EBT card, the worker cancels that EBT card.
- (b) Misuse can occur when the client or authorized representative gives his or her EBT card to another person, such as the child care provider, to ~~swipe~~ record attendance or when the client knowingly ~~swipes~~ records incorrect attendance dates and times.
- (c) Before the EBT specialist issues a new EBT card, the client or authorized representative must view the EBT training video regarding proper use of the EBT card again.

### 340:40-10-4. Child care electronic benefit transfer (EBT) payment process

- (a) **Child care payments.** ~~The~~ Oklahoma Department of Human Services (~~DHS~~) (OKDHS) makes payments for child care services to providers electronically using the electronic benefit transfer (EBT) system unless the provider is an in-home child care provider. In-home child care providers are paid manually via the EBT system after submitting Form 10AD121E, Child Care Claim.
- (b) **Point-of-service (POS) machines.** Contracted child care providers are issued a POS machine within 10-calendar days of the date the ~~worker~~ authorizes care for a child and ~~the~~ child care provider notifies the ~~DHS~~ OKDHS contractor that he or she started caring for a child ~~eligible~~ authorized for ~~DHS~~ OKDHS subsidized child care and submits all necessary forms to the contractor.

- (c) **Attendance ~~swiping~~ Recording attendance.** Clients and authorized representatives use the POS machine or the ECC Connect mobile app to record actual times their child attends child care by ~~swiping an EBT card through the POS machine.~~ Providers Child care providers may charge clients for care provided on days they fail to ~~bring their EBT card~~ record attendance or when ~~the machine message shows care is denied~~ error message is received. When the client pays for child care that is later approved for that date(s), the child care provider must reimburse the client for any care paid above the family share copayment amount.

- (1) ~~Providers~~ Child care providers monitor the POS machine or ECC Connect mobile app to ensure correct attendance times are recorded. When incorrect times are recorded, the provider can void the incorrect transaction and ask the client to start over.
- (2) When clients or authorized representatives forget to ~~swipe their EBT card~~ record attendance for a day their child attends care, record incorrect times that ~~are voided by the provider~~ voids, or receive a denied error message, the system allows the client or authorized representative to ~~swipe~~ record previous in and out times for the current day and the previous nine days.
- (3) Based on attendance recorded and the level of care authorized, electronic settlements to child care providers are made weekly.

- (d) **EBT payment week.** The EBT payment week begins every Sunday at 12:01 a.m. and ends every Saturday at midnight. Electronic settlements are made each week in the child care provider's designated financial institution account on Tuesday morning for services provided two weeks prior to the current week. When the financial institution is closed on Monday or Tuesday or Monday is a holiday, the electronic settlement is deposited on Wednesday morning.

- (e) **Manual claims process.** When the child care provider reports he or she was not paid correctly, the provider may submit Form 10AD121E to the DHS Financial Services Electronic Payment Services (EPS) Unit for a manual adjustment. Manual claims must be submitted within 90-calendar days of the error. EPS staff evaluates whether to adjust the payment to the provider based on the reason care was not paid electronically.

- (1) When the client or authorized representative ~~did~~ does not attempt to record attendance electronically, ~~DHS~~ OKDHS does not pay the child care provider for those days unless extenuating circumstances beyond the client's, authorized representative's, or provider's control exist. These extenuating circumstances must be documented on Form 10AD121E.
- (2) EPS staff makes manual adjustments when the:
  - (A) client ~~swiped~~ records correct attendance times; ~~but swipes that were~~ are denied in error;
  - (B) EBT system applies an incorrect family share copayment ~~applied by the EBT system was incorrect;~~ or
  - (C) provider ~~was~~ is paid the wrong rate because:
    - (i) the child care plan ~~was~~ is incorrectly coded;
    - (ii) an incorrect birth date ~~was~~ is entered for a child; or

- (iii) an incorrect star status ~~was~~ is paid.
- (f) **Absent-day payments.** ~~Providers~~ Child care providers can be paid an absent-day payment for a child who misses some scheduled attendance days of scheduled attendance and is authorized for a weekly unit type. An absent-day payment is electronically deposited in the provider's account in their weekly settlement received after the 10th day of the month following the month care was given. To be eligible to receive this additional payment, the child must be approved for a weekly unit type and attend the minimum number of full-time days, ~~shown on DHS~~ OKDHS Appendix C-4-B, Child Care Provider Rate Schedule, for that month. The provider is not eligible for an absent-day payment when the child did not attend the minimum number of full-time days for that calendar month or attended the maximum days paid, ~~as shown on DHS~~ per OKDHS Appendix C-4-B.

By signing the contract, the child care provider agrees to not take into account a person's race, color, religion, sex, national origin, or disability in deciding which children to accept in the child care program or in how services are provided to them. Age may be a factor only to the extent that certain services are designed for a particular age group.

(4) The owner or person authorized to sign the contract signs and returns the contract to the AFS Child Care Subsidy Unit.

(5) AFS Child Care Subsidy Unit staff processes the contract request for approval or denial.

- (A) When approved, AFS Child Care Subsidy Unit staff assigns a contract number and sends a copy of the signed contract to the child care provider.
- (B) When denied, AFS Child Care Subsidy Unit staff sends a letter to the child care provider.

(d) **Changes the provider must report.** Form 08CC001E informs child care providers of changes they must report to the AFS Child Care Subsidy Unit no less than 30-calendar days prior to the effective date of any changes. When the provider fails to report the anticipated change timely and a new contract is needed, a gap may occur in the child care subsidy payment to the provider. (1) ~~When the food benefit household pays part of the utility expenses, the household is allowed the full utility~~

(c) ~~When the household shares deductible expenses with the non-household member, the worker only deducts the amount the household actually paid or contributed as a household expense with the exception of utility expenses.~~

(1) ~~Per 7 § C.F.R. 273.9(d)(6)(iii)(F), when the household pays part of the utility expenses, the household is allowed the full utility standard deduction for which it qualifies based on criteria per Oklahoma Administrative Code 340:50-7-31.~~

### 340:50-5-92. ~~Determination of good~~ **Good cause determination for voluntary quit or reduction in work effort**

When the worker determines a non-exempt adult household member voluntarily quit his or her employment or reduced his or her work effort, the worker must determine if he or she had good cause for doing so. The worker uses information provided by the household member and the employer to determine if the voluntary quit or reduction in work effort is with good cause. Per Section 273.7(i) of Title 7 of the Code of Federal Regulations (7 C.F.R. § 273.7(i)), good cause for leaving employment or reducing work effort includes:

## PART 10. ABLE-BODIED ADULTS WITHOUT DEPENDENTS

(a) **ABAWD work requirements.** Per Section 273.24(a) of Title 7 of the Code of Federal Regulations (7 C.F.R. § 273.24(a)), an ABAWD meets work requirements when he or she:

- (1) works continuously 20 hours or more per week, averaged monthly. Averaged monthly means 80 hours per month. The employment may be paid, in-kind, unpaid, or volunteer work with religious or community organizations;
- (2) participates in and complies with the requirements of a work program 20 hours or more per week, averaged monthly. Work programs include:

- (A) a program assignment under Title 1 of the Workforce Innovation and Opportunity Act (WIOA), Public Law (P.L.) 113-128;
- (B) a program under ~~the Section 236 of the Trade Adjustment Assistance Reauthorization Act of 2015~~ 1974, P.L. 114-27 Sections 401 through 407 Section 2296 of Title 19 of the United States Code (19 U.S.C. § 2296); ~~or~~
- (C) an Oklahoma Supplemental Nutrition Assistance Program (SNAP) Employment and Training (E&T) Program Works (OK SNAP Works) assignment, not including job search, supervised job search, or job search training activities. However, job search, supervised job search, or job search training activities, when offered as part of other E&T program components, are acceptable ~~as long as~~ if those activities comprise less than half the total required time spent in the components; or
- (D) any employment and training program that serves veterans operated by the Department of Labor or the Department of Veterans Affairs;

- (3) works and participates in a work program for a total of 20 or more hours per week, averaged monthly; or
  - (4) meets an exemption from the work requirements per ~~(e)~~ (d) of this Section.
- (b) **General rule.** An ABAWD who is a member of an eligible household receiving SNAP food benefits must comply with work requirements per (a) of this Section or be exempt

from work requirements per (d) of this Section to be eligible to participate as a member of any food benefit household for more than three countable months, consecutive or otherwise, during any 36-month or three-year period. When the ABAWD meets work requirements per (a) or an exemption per (d) of this Section, he or she is eligible to participate with no time limits. An ABAWD subject to the three-month time limit may also regain eligibility per ~~(f)(e)~~ of this Section.

(1) **Countable months.** Countable months are months when an ABAWD receives SNAP benefits for the full benefit month while not:

- (A) exempt from ABAWD work requirements per (d) of this Section;
- (B) fulfilling the work requirement per (a) of this Section; or
- (C) receiving benefits that are prorated.

(2) **Countable months in another state.** When there is an indication an ABAWD subject to the time limits received SNAP food benefits in another state in the last 12 months, the worker must verify the number of countable months the person used in the other state per 7 C.F.R. § 273.2(f)(1)(xiv)(B).

(3) **Measuring the three-year or 36-month time period.** Per 7 C.F.R. § 273.24(b)(3), ~~the Oklahoma Department of Human Services (DHS)~~ (OKDHS) uses a 'fixed- individual clock' for each ABAWD subject to time limits. This means the ABAWD clock starts at the initial application for SNAP benefits when the person is not meeting ABAWD work requirements per (a) of this Section. When the person meets ABAWD work requirements at initial application, the clock starts the month the person uses the first countable month per (b)(1) of this Section.

(4) **Worker responsibilities.** It is the worker's responsibility to:

(A) determine the ABAWD status of each ~~adult~~ household member;

- (i) at application, mid-certification renewal, and certification renewal;
- (ii) when a new person joins the household during the certification period; and (iii) when reported information indicates a household member lost an exemption or no longer meets the work requirement;

(B) orally explain the ABAWD rights and responsibilities of each ~~non-exempt~~ household member to the person completing during the SNAP application and certification renewal interview including, when a new person joins the household during the certification period, and when a household member loses an exemption. The system also generates a written notice to the household. The explanation includes:

- (i) ABAWD work requirements, the household members subject to these requirements, and the ways to fulfill these requirements;
- (ii) exemption and good cause criteria and how to claim an exemption or good cause;

(iii) the ABAWD's limited benefit eligibility when he or she does not fulfill work requirements; ~~and~~

(iv) how to maintain eligibility under the ABAWD work requirements, including what the household needs to provide at certification and renewal and what happens when an household member loses an exemption or a person joins the household; and

(v) how to regain eligibility, after losing benefits per (e) of this Section; and

(C) update the ABAWD status of an adult household member any time he or she loses an exemption or no longer meets the work requirement. The worker must 'look-back' to determine when the ABAWD lost the exemption or stopped meeting the work requirement. The worker closes food benefits for the person when he or she already used his or her countable months for the 36-month period or corrects the ABAWD status to start the ABAWD's clock per (3) of this ~~paragraph~~ subsection.

(5) **ABAWD responsibilities.** It is the ABAWD's responsibility to:

(A) verify his or her work ~~and/or~~ participation hours, a combination of work and participation hours, or exemption status at application, mid-certification renewal, and certification renewal per 7 C.F.R. § 273.2(f)(1) and (f)(8); and

(B) report when his or her work ~~and/or~~ participation hours or a combination of work and participation hours drop below 20 hours per week or 80 hours per month within 10-calendar days of the month the hours dropped.

(i) When the ABAWD reports his or her work ~~and/or~~ participation hours or a combination of work and participation hours dropped below 20 hours per week, the worker determines if the ABAWD is eligible for three countable months. When the ABAWD is:

- (I) eligible for three countable months, the worker tracks the months to determine when to close benefits for the ABAWD if he or she does not regain eligibility per ~~(f)(e)~~ of this Section; or
- (II) not eligible because he or she received three countable months within the three-year period, the worker closes food benefits for the ABAWD.

(ii) When an ABAWD subject to time limits received SNAP food benefits in error within the most recent three-year period, the benefits are considered as countable months unless the ABAWD pays the benefits back in full per 7 C.F.R. § 273.24(b)(5).

(c) **Good cause for failure to meet the ABAWD work requirement.** When an ABAWD ~~has would have fulfilled the work requirement, per (a) of this Section, but missed some hours for good cause for failure to meet the required number of work or participation hours in a given month per (a) of~~

## Permanent Final Adoptions

~~this Section, the ABAWD is considered to have not~~meets the work requirement if the absence is temporary. Per 7 C.F.R. § 273.24(b)(2), good cause ~~applies to situations in which the ABAWD's absence from work is temporary, he or she retains his or her job, and the~~includes circumstances ~~are~~beyond the person's control, such as, but not limited to:

- (1) illness;
- (2) illness of another household member ~~sufficiently serious to require~~requiring the presence of the ABAWD;
- (3) unavailability of transportation; or
- (4) ~~an unanticipated~~a household emergency.

(d) **Exemptions from the ABAWD work requirement.** Per 7 C.F.R. § 273.24(c), a person is exempt from the ABAWD work requirement and eligible to participate without time limits, when the person is:

- (1) younger than 18 years of age or 50 years of age and older;
- (2) medically-certified as physically or mentally unfit for employment. A person is medically-certified as physically or mentally unfit for employment when he or she:
  - (A) receives permanent or temporary disability benefits issued by governmental or private sources;
  - (B) is obviously mentally or physically unfit for employment. When it is not obvious that he or she is unfit, the person must provide documented evidence from medically-qualified sources to substantiate the medical exemption.

(i) Medically-qualified sources may include, but are not limited to, a:

- (I) licensed or certified psychologist, therapist, counselor, or social worker;
- (II) physician or physician's assistant;
- (III) nurse or nurse practitioner; or
- (IV) designated representatives of a physician's office.

(ii) The documented evidence must indicate the person has a physical or mental condition that limits the person's ability to work.

(iii) When the medical exemption is temporary, the person is required to comply with work requirements when released by a medically qualified source to return to work; or

(C) is chronically homeless;

- (3) pregnant;
- (4) a parent, natural, adoptive, or step, of a household member younger than 18 years of age, even when the minor child is not eligible for food benefits;
- (5) an adult residing in a household with a household member younger than 18 years of age and included in the food benefit household, even when the minor child is not eligible for food benefits; or
- (6) otherwise exempt from work requirements per 7 C.F.R. § 273.7(b) and Oklahoma Administrative Code ~~(OAC)~~340:50-5-86.

(e) **Persons who regain eligibility.** Persons whose food benefits were denied or closed because they received three countable months of food benefits may regain eligibility by

meeting work requirements per (a) of this Section for 30-consecutive days.

(1) **Regained eligibility by meeting work requirements.** When a person regains eligibility, he or she maintains food benefit eligibility without time limits provided he or she continues to meet work requirements per (a) of this Section. Per 7 C.F.R. § 273.24(d)(3), there is no limit to how many times a person may regain eligibility by meeting work requirements. The person's food benefits are prorated from the application date. When the person applies before meeting work requirements for 30-consecutive days, the application is denied.

(2) **Regained eligibility and then stopped meeting work requirements.** When a person regains eligibility and then stops meeting work requirements, he or she is eligible for SNAP food benefits for three-consecutive countable months only. The person may only receive the additional three-countable months once, during the 36-month period. After receiving these three-consecutive months, the person is not eligible for SNAP food benefits in his or her 36-month time period unless he or she regains eligibility by meeting the work rule or becomes exempt per (d) of this Section.

(f) **ABAWD work requirement waiver prohibition.** Per 7 C.F.R. § 273.24(f), states are allowed to request an ABAWD work requirement waiver in certain instances. Effective October 1, 2013, Section 241.3 of Title 56 of the Oklahoma Statutes prohibits ~~DHS~~OKDHS from requesting an ABAWD work requirement waiver from the United States Department of Agriculture.

### PART 11. OKLAHOMA SUPPLEMENTAL NUTRITION ASSISTANCE PROGRAM WORKS (OK SNAP WORKS)

#### 340:50-5-106. Oklahoma Supplemental Nutrition Assistance Program Works (OK SNAP WORKS)

~~The~~Oklahoma Department of Human Services ~~(DHS)~~(OKDHS) operates a voluntary employment and training program, OK SNAP Works, ~~through a contracted service provider for adults receiving SNAP food benefits,~~ per Section ~~273.7(e)(4)(5)~~273.7(e)(5) of Title 7 of the Code of Federal Regulations (7 C.F.R. § 273.7(e)(5)). OK SNAP Works intends to help food benefit recipients, especially able-bodied adults without dependents (ABAWD), become involved in meaningful, work-related activities that lead to paid employment and enable them to achieve or maintain economic self-support.

(1) **Participant Information.** OK SNAP Works is available to adults who receive SNAP benefits and live in an area served by an OKDHS contracted service provider.

(2) **Worker responsibilities.** It is the worker's responsibility to:

(A) inform the applicant or recipient that:

- (i) participation in OK SNAP Works is voluntary; and

(ii) any non-exempt, ABAWD in the household who is not complying with ABAWD work requirements, per Oklahoma Administrative Code (OAC) 340:50-5-100 is automatically referred to OK SNAP Works;

(B) ask if any exempt adult household member wants to voluntarily participate in OK SNAP Works; and

~~(C) give the applicant or recipient contact information for the contracted service provider to schedule an intake appointment, when an adult household member wants to participate in OK SNAP Works; and~~

~~(D) send a referral to the contracted service provider.~~ Adult and Family Services OK SNAP Works coordinator for:

(i) non-exempt ABAWDs who are not complying with ABAWD work requirements, per OAC 340:50-5-100; and

(ii) ~~non-ABAWDs~~ other SNAP recipients who express an interest in participating in OK SNAP Works.

~~(23) Referral and assessment~~ Intake and case management services. The ~~worker~~ OK SNAP Works coordinator sends a referral to the contracted service provider to initiate the intake process and case management services. Case management services and activities must be provided to all participants and must directly support their participation in OK SNAP Works. Case management services may include, but are not limited to, comprehensive intake assessments, individualized service plans, progress monitoring, and coordination with service providers.

(A) After receiving a referral ~~from the worker, contracted service~~ the provider's staff schedules referred work registrants for an orientation and comprehensive assessment.

(B) Following orientation and assessment, each participant has an assessment interview ~~with contracted staff~~ to explore the participant's employment and training needs and barriers, communication and employment-related skills, education and employment history, and career interests.

~~(C) Participants are then enrolled~~ The provider enrolls participants in at least one component that addresses and continues to provide case management services to address their employment barriers.

~~(34) OK SNAP Works component assignments.~~ Once OK SNAP Works participants complete the intake process, they are enrolled in a component. OK SNAP Works components include supervised job search, job search training, educational services, vocational training, Workfare for non-exempt ABAWDs only, work experience, and job retention services.

(A) ~~Job~~ Supervised job search component. Job Supervised job search is a component that provides structured activities to help participants seek and obtain suitable employment. These activities occur at approved locations where the participant is

supervised and timeliness is tracked, per 7 C.F.R. § 273.7(e)(2)(i).

(B) **Job search training component.** Job search training is a component that enhances the job readiness of participants ~~by teaching them job seeking techniques, increasing job search motivation, and boosting self confidence.~~ may include employability assessments, training in techniques to increase employability, job placement services, or other direct training or support activities, per 7 C.F.R. § 273.7(e)(2)(ii).

(C) **Educational services component.** Participants are placed in an educational services component when they do not have a high school diploma or equivalency certificate, have literacy issues, or need to learn or improve English language skills.

(E) **Workfare component.** Workfare is a work component only available to non-exempt ABAWDs. Participants ~~are assigned to~~ work in a public service or a private, non-profit agency to obtain skills necessary to enhance employability or develop skills required for job placement.

(F) **Work experience.** The work experience component is designed to improve the employability of participants through actual work experience and/or training. The goal of work experience is to enable participants to move into regular employment. Work experience is a planned, structured learning experience that takes place in a workplace for a limited time period. A work experience program may include a work activity or a work-based learning program.

(i) A work activity gives the participant the opportunity to acquire the general skills, knowledge, and work habits necessary to obtain employment.

(ii) A work-based learning program may include internships, pre-apprenticeships, apprenticeships, customized training, transitional jobs, incumbent worker training, and on-the job training as defined by the Workforce Innovation and Opportunity Act.

(G) ~~Job retention~~ Job retention component. The job retention component helps participants who secured employment after or while receiving OK SNAP Works services to achieve satisfactory performance, retain employment, and increase earnings over time. A participant is ~~assigned to job retention classes when assessments indicate case management services, coaching, and peer support could help maintain employment and success in the workplace.~~ may receive case management, job coaching, dependent care assistance, and transportation assistance, per 7 C.F.R. § 273.7(e)(2)(vi). This component is ~~only~~

## Permanent Final Adoptions

~~allowed for~~ must last for at least 30-calendar days but no more than 90-calendar days. There is no limit to the number of times a person may receive job retention services as long as the person re-engages with OK SNAP Works prior to obtaining new employment.

(45) **Supportive services.** Supportive services are provided to participants when necessary and directly related to their ability to participate in the OK SNAP Works component. ~~DHS-OKDHS~~ authorizes payments for supportive services that may include, but are not limited to, covering the cost of:

- (A) child care under special circumstances. When child care is needed after assessment, the contracted service provider assists the client in completing a child care application. The application is sent to the OK SNAP Works coordinator to determine eligibility, per OAC 340:40;
- (B) clothing;
- (C) uniforms;
- (D) tools;
- (E) personal safety items;
- (F) books or training manuals;
- (G) transportation, such as bus tickets, public transportation passes, taxi cabs, sharing rides, or gas vouchers; or

(56) **Contractor responsibility.** The contracted service provider is ~~responsible for tracking~~ tracks participation and ~~informing~~ informs the OK SNAP Works coordinator of ~~the all referred persons'~~ participation status, and ~~outcome performance measures for all referred persons and when the provider determines that a referred person is ill-suited for an assigned component.~~

~~(A)~~ When a referred person fails to participate in OK SNAP Works following a referral or the provider determines that a referred person is ill-suited for a component, contracted staff notifies the ~~Adult and Family Services (AFS)-~~ OK SNAP Works coordinator within 10-calendar days, of the non-participation ~~or the provider determination. In a provider determination notification, the contracted provider must include the reason for the provider determination and may give input on the most appropriate next step for the participant.~~

~~(B)~~ When the non-participant is an ABAWD who reached his or her food benefit receipt time limit, per OAC 340:50-5-100, the OK SNAP Works coordinator notifies the worker to close food benefits for the ABAWD effective the next advance notice deadline date, per DHS Appendix B-2, Deadlines for Case Actions.

(67) **OK SNAP Works monitoring responsibilities.** The AFS OK SNAP Works coordinator ~~provides oversight and~~ monitors the contracted service provider's performance in operating the OK SNAP Works Program,

initiates provider referrals, responds to provider determinations, and determines participants' child care subsidy eligibility.

(A) The OK SNAP coordinator provides verification of a participant's monthly hours spent in the program when the household or the worker requests this verification.

(B) When the OK SNAP Works coordinator receives a provider determination that a participant is ill-suited for a component and recommends another component, the OK SNAP Works coordinator may allow the provider to enroll the participant in another component that better aligns with the participant's employment barriers or needs. When the participant is enrolled in another component, no further action is needed regarding the provider determination.

(C) When the OK SNAP Works coordinator receives a provider determination and decides not to allow the provider to reassign the participant or the provider does not offer a suitable component, the OK SNAP Works coordinator must notify the participant within 10-calendar days of the provider's determination.

(i) When the participant is an ABAWD, per OAC 340:50-5-100, the SNAP Works coordinator informs the participant that he or she will start accruing countable months toward the three-month participation time limit. The countable months begin with the next full month following the notification month, unless the participant:

- (I) fulfills the work requirement, per (OAC) 340:50-5-100(a);
- (II) has good cause; or
- (III) is otherwise exempt from the ABAWD requirements.

(ii) No later than the next certification renewal after receiving a provider determination or at the participant request, as soon as possible, the OK SNAP Works coordinator must:

- (I) reassess whether the participant is physically and mentally capable of participating, per OAC 340: 50-5-86(4);
- (II) refer the person to an appropriate component with another OK SNAP Works provider; or
- (III) coordinate with other federal, state, and local workforce or assistance programs to identify work opportunities or assistance for the person.

## SUBCHAPTER 9. ELIGIBILITY AND BENEFIT DETERMINATION PROCEDURES

### 340:50-9-5. Changes after application and during the certification period

(a) **Change reporting requirements.** Section 273.12 of Title 7 of the Code of Federal Regulations (7 C.F.R. § 273.12)

contains change reporting requirements after application and during the certification period described in (a) through (j) of this Section.

(b) **Applicant households.** Applicant households must report all changes related to their food benefit eligibility and benefit amount. Households must report changes that occur after the interview but before the date of the notice of eligibility, within 10-calendar days of the date of the notice.

(c) **Annual reporting households.** Annual reporting households are households in which all adult members are elderly or disabled with no earned income.

(1) **Certification period.** A 24-month certification period is automatically assigned to annual reporting households. Annual reporting households must complete a mid-certification renewal between certification periods to report current household circumstances.

(2) **Change reporting between renewal periods.** Between the mid-certification renewal and certification renewal reporting months, the household must report gross income changes when the household's income exceeds the maximum gross income scale for household size shown on Form 08MP006E, Information for Benefit Renewal, and when the household wins substantial lottery or gambling winnings as defined, per 7 C.F.R. § 273.11(r) and Oklahoma Administrative Code (OAC) 340:50-7-1, within 10-calendar days of receipt of the first payment attributable to the change. The maximum gross income scale is based on 130 percent of the monthly poverty income guidelines.

(3) **Action taken on reported changes.** The worker must act on all changes reported by households.

(A) The computer system determines if the change results in an increase, decrease, or no change in benefits.

(B) Between the mid-certification renewal and certification renewal months, the changes the worker makes do not decrease or close benefits until the mid-certification renewal is due unless the:

(i) household's income increase exceeds the maximum gross income scale for household size shown on Form 08MP006E;

(ii) household requested benefit closure;

(iii) worker has information about the household's circumstances considered verified upon receipt, per ~~(g)~~(h) of this Section;

(iv) a household member is identified as a disqualified or ineligible person, per 7 C.F.R. § 273.12(a)(5)(vi) and OAC 340:50-5-10.1; or

(v) the worker verifies the household won substantial lottery or gambling winnings as defined, per 7 C.F.R. § 273.11(r) and OAC 340:50-7-1(b). When this occurs, refer to (j) of this Section, and OAC 340:50-7-1(b) and 340:50-7-6, for information regarding actions that are taken.

(C) The computer system applies all changes that increase benefits. Before entering a change that increases benefits, verification supporting the change must be provided, when required.

(d) **Mid-certification renewal for annual reporting households.** Annual reporting households are sent notification in the 11th month of certification that the mid-certification renewal is due. The notice explains methods the household may choose to complete the renewal and required verification needed. An interview is not required.

(1) **When the mid-certification renewal is due.** The household must complete the benefit renewal and provide required verification by the last day of the 12th month of certification.

(2) **Completion of mid-certification renewal.** The worker reviews benefit renewal information and verification provided to determine completeness and continued eligibility.

(A) When the renewal is complete and the household remains eligible, the worker acts on all reported changes and the computer system applies any increase or decrease in benefits.

(i) When the household fails to provide sufficient information regarding a deductible expense requiring verification, the worker processes the mid-certification renewal without regard to the deduction.

(ii) When benefits are decreased, an advance notice is sent, per Oklahoma Human Services (OKDHS) Appendix B-2, Deadlines for Case Actions.

(B) When the household is no longer eligible, the worker closes food benefits effective the next advance-notice deadline date, per (OKDHS) Appendix B-2.

(C) When the renewal is incomplete, the computer system closes food benefits effective the next advance-notice deadline date, per (OKDHS) Appendix B-2.

(3) **When benefits may be reopened.** Food benefits may be reopened following closure when criteria is met per (k) of this Section.

(e) **Semi-annual reporting households.** Food benefit households are considered semi-annual reporting households unless they meet criteria per (b) or (g) of this Section.

(1) **Certification period.** A 12-month certification period is automatically assigned to semi-annual reporting households.

(2) **Change reporting between renewal periods.** Between the mid-certification renewal and certification renewal reporting months, the household must report when:

(A) the household's gross income exceeds the maximum gross income scale for household size shown on Form 08MP006E and when the household wins substantial lottery or gambling winnings as defined, per 7 C.F.R. § 273.11(r) and OAC 340:50-7-1, within 10-calendar days of receiving the first payment attributable to the change. The maximum gross income scale is based on 130 percent of the monthly poverty income guidelines; and

## Permanent Final Adoptions

- (B) a decrease in work hours below an average of 20 hours per week or 80 hours per month occurs for any household member meeting the able-bodied adults without dependents (ABAWD) work rules, per OAC 340:50-5-100, by the 10th of the following month.
- (3) **Action taken on reported changes.** The worker must act on all changes reported by households.
- (A) The computer system determines if the change results in an increase, decrease, or in no change in benefits.
- (B) Between mid-certification renewal and certification renewal months, the changes the worker makes do not decrease or close food benefits until the mid-certification renewal is due unless:
- the household's income increase exceeds the maximum gross income scale for household size shown on Form 08MP006E;
  - the household requested benefit closure;
  - the worker has information about the household's circumstances considered verified upon receipt, per (h) of this Section;
  - an ABAWD must be removed from the food benefit household because he or she does not meet the ABAWD work rule, per OAC 340:50-5-100;
  - a household member is identified as a disqualified or ineligible person, per 7 C.F.R. § 27312(a)(5)(vi) and OAC 340:50-5-10.1;
  - a household member is identified as failing to meet work registration requirements, per OAC 340:50-5-85 through OAC 340:50-5-87; or
  - the worker verifies the household won substantial lottery or gambling winnings as defined, per 7 C.F.R. § 273.11(r) and OAC 340:50-7-1(b). When this occurs, refer to (j) of this Section, and OAC 340:50-7-1(b) and 340:50-7-6, for information regarding actions that are taken.
- (C) The computer system applies all changes that increase benefits. Before entering a change that increases benefits, verification supporting the change must be provided, when required.
- (f) **Mid-certification renewal for semi-annual reporting households.** Semi-annual reporting households are sent notification in the fifth month of certification that the mid-certification renewal is due. An interview is not required.
- When the mid-certification renewal is due.** The household must complete the benefit renewal and provide required verification by the last day of the sixth month of certification.
  - Completion of mid-certification renewal.** The worker reviews benefit renewal information and verification provided to determine completeness and continued eligibility.
    - When the renewal is complete and the household remains eligible, the worker acts on all reported changes and the computer system applies any increase or decrease in benefits.
      - When the household fails to provide sufficient information regarding a deductible expense requiring verification, the worker processes the mid-certification renewal without regard to the deduction.
      - When benefits are decreased, the worker sends an advance notice, per OKDHS Appendix B-2, Deadlines for Case Actions, deadline dates.
    - When the household is no longer eligible, the worker closes food benefits effective the next advance-notice deadline date, per OKDHS Appendix B-2.
    - When the renewal is incomplete, the computer system closes food benefits effective the next advance-notice deadline date, per OKDHS Appendix B-2.
- (3) **When benefits may be reopened.** Food benefits may be reopened following closure when criteria is met, per (k) of this Section.
- (g) **Change reporting households.** Change reporting households are assigned a certification period other than 12 or 24 months. These households are required to report changes within 10-calendar days of when the change occurred.
- Household characteristics.** Households not approved for a 12- or 24-month certification period include households approved for:
    - expedited services for one or two months because ~~the interview and/or verification were~~was postponed, per OAC 340:50-3-2; and
    - a three- or four-month certification period because the household includes one or more ABAWDs that do not meet the work rule, per OAC 340:50-5-100.
  - Required change reporting.** These households must report changes in:
    - sources of income;
    - unearned and earned income of \$100 per month ~~or more~~ the income reporting threshold, per Appendix C-3, Maximum Food Benefit Allotments and Standards for Income and Deductions;
    - earned income of more than \$100 per month;
    - ~~(D)~~ household composition, such as an addition or loss of a household member;
    - ~~(E)~~ residence and shelter costs;
    - ~~(F)~~ the legal obligation to pay child support;
    - ~~(G)~~ the work hours of an ABAWD subject to benefit time limits, per OAC 340:50-5-100 when they fall below 20 hours per week; and
    - ~~(H)~~ (G) resources when the household wins substantial lottery or gambling winnings as defined, per 7 C.F.R. § 273.11(r) and OAC 340:50-7-1(b). When this occurs, refer to (j) of this Section, and OAC 340:50-7-1(b) and 340:50-7-6, for information regarding actions that are taken.
  - Action taken on case changes.** The worker must act on changes reported by the household within 10-calendar days of the date the household reported the change and provided necessary verification.

(A) When the household fails to report a change within the 10-calendar day period and, as a result, receives benefits to which it is not entitled, an overpayment claim is referred to Adult and Family Services (AFS) Benefit Integrity and Recovery, per OAC 340:50-15.

(B) When the worker fails to take timely action on a reported change and benefits are lost, the worker supplements the household's food benefits.

(4) **Changes that increase benefits.** When the household reports a change that increases benefits the household must verify the information before the worker makes the change. The worker gives the household 10-calendar days to verify the information.

(5) **Changes that decrease or close benefits.** When the household reports a change in household circumstances that decreases or closes food benefits, the worker gives or sends the household Form 08AD092E, Client Contact and Information Request, giving the household 10-calendar days to provide verification of the change. When the household provides required verification, the worker reduces or closes food benefits based on the verification provided. When the household does not provide required verification, the worker closes the food benefits based on the household's failure or refusal to provide verification.

(A) When a household's benefit decreases or closes, an advance notice of adverse action is required unless exempt from such notice for a reason listed in (i) or (ii) of this subparagraph. Per 7 C.F.R. § 273.13, advance notice of adverse action is considered timely when the notice is mailed at least 10-calendar days before the action becomes effective. The household retains its right to a fair hearing and continuation of benefits when a fair hearing is requested within 10-calendar days of the change notice. An adverse action notice may be mailed just prior to the date the household receives or would have received benefits when the:

(i) OKDHS receives a clear written statement signed by a responsible household member:

(I) stating the household no longer wishes to receive food benefits; or

(II) giving information that requires closure or reduction of food benefits and stating that the household understands the food benefit will be reduced or closed; or

(ii) worker closes or reduces food benefits per notice requirements at (1)(3)(A) of this Section.

(B) When an advance notice is required, the benefit decrease or closure is effective the next advance notice deadline date, per OKDHS Appendix B-2. When the household reports a change:

(i) 10-calendar days or more before the advance-notice deadline, per OKDHS Appendix B-2, the worker decreases or closes the food benefit effective the first of the following month; or

(ii) less than 10-calendar days before the advance-notice deadline, per OKDHS Appendix B-2, the worker must take action before the advance-notice deadline the following month.

(C) When a reported change increases food benefits, the worker makes the change by the non-advance-notice deadline date, per OKDHS Appendix B-2.

(h) **Changes considered verified upon receipt.** Verified upon receipt means the information is not questionable and the provider is the primary source of the information. For example, when OKDHS receives Social Security and Supplemental Security Income verification through data exchange with the Social Security Administration (SSA), it is considered verified upon receipt because SSA is the primary source. When the worker receives information considered verified upon receipt, he or she makes the change within 10-calendar days of notification using OKDHS Appendix B-2 deadline dates.

(i) **Required action on unclear information.** During the certification period, the worker may obtain unclear information about a household's circumstances that may affect the household's continued eligibility or benefit amounts. The worker may receive the unclear information from a third party, such as a data exchange discrepancy, an employer, or a person claiming knowledge of the household's circumstances. Unclear information is information that is not verified or is verified but the worker needs additional information before acting on the change.

(1) Per 7 C.F.R. § 273.12(c)(3)(i), when the worker receives unclear information in a non-report month for semi-annual or annual reporting households or any month for change reporters, he or she sends Form 08AD092E to the household to verify its circumstances within 10-calendar days only when the unclear information:

(A) significantly conflicts with the information used at the time of the certification, indicating the household may have failed to report eligibility information at application; or

(B) is fewer than 60-calendar days old, relative to the current participation month and when true, must be reported under the household's reporting responsibilities.

(2) When the household provides the requested verification in a non-report month, the worker determines ~~whether what~~ what action to take ~~action~~—per requirements at (c)(3) and (e)(3) of this Section.

(3) When the worker sends Form 08AD092E, per (i)(1)(A) or (B) of this Section, and the household does not respond or responds but refuses to provide sufficient information to clarify its circumstances, the worker closes the household's food benefits effective the next advance-notice deadline date, per OKDHS Appendix B-2;

(4) Per 7 C.F. R. § 273.12(c)(3)(iii), when the worker receives a data match that indicates a household member may have died or may be incarcerated for more than 30-calendar days, the worker sends Form 08AD092E to the household notifying it of the discrepancy and requesting information regarding the household member.

## Permanent Final Adoptions

---

- (A) When the household is a change reporting household and:
- (i) fails to respond to Form 08AD092E or responds but refuses to provide sufficient information to clarify the person's household status, the worker closes the household's food benefits;
  - (ii) responds and verifies the person is not dead or incarcerated, no action is taken; or
  - (iii) responds and confirms the accuracy of the data exchange information, the worker removes the person from the food benefit and determines if an overpayment referral is needed, per OAC 340:50-15.
- (B) When the household is an annual or semi-annual reporting household and:
- (i) fails to respond to Form 08AD092E or responds but refuses to provide sufficient information to clarify the person's household status, the worker removes the person and his or her income from the household and adjusts the food benefits;
  - (ii) responds and verifies that the person did not die or is not incarcerated, no action is taken; or
  - (iii) responds and confirms the accuracy of the data exchange information, the worker removes the person and his or her income from the household, adjusts the food benefits, and determines if an overpayment referral is needed, per OAC 340:50-15.
- (j) **Required action on substantial lottery or gambling winnings.** The worker must take prompt action to verify receipt of substantial lottery or gambling winnings and begin closure procedures when the household or a third party reports the household received substantial lottery or gambling winnings, per OAC 340:50-7-1(b), for all types of reporting households.
- (1) When the household reports substantial winnings, verification of the winnings is required. The worker closes the SNAP food benefit for the entire household once verification is received even when the household states all of the winnings were spent, per 7 C.F. R. § 273.11(r). The worker also closes the SNAP food benefit when the household fails to provide verification after being given 10-calendar days to do so.
  - (2) When the worker receives information from a data match or other third party regarding the household's receipt of substantial lottery or gambling winnings, the action required depends on whether the information is unclear, per (i) of this Section.
    - (A) When the worker receives a direct match from a lottery or gambling entity and there is no question regarding which client received the winnings, the worker closes the SNAP food benefit effective the next advance notice deadline date, per OKDHS Appendix B-2.
    - (B) When the worker receives the information from a third party data match or another third party, the worker follows unclear information procedures per (i) of this Section.
      - (3) When the worker closes the SNAP food benefit due to substantial lottery or gambling winnings, the household must reapply and cannot be considered categorically eligible the first time it reapplies, per 7 C.F. R. § 273.11(r), OAC 340:50-7-1(a)(2) and 340:50-11-111(d). To regain eligibility, the household must meet non-categorical resource requirements, per 7 § C.F.R. 273.8 and OAC 340:50-7-6, and verify how the winnings were spent down below the appropriate resource standard, per OKDHS Appendix C-3, ~~Maximum Food Benefit Allotments and Standards for Income and Deductions~~. This applies to all households, including households receiving Supplemental Security Income or Temporary Assistance for Needy Families. Once the household meets non-categorical resource requirements and is certified, it regains categorical eligibility for future applications and renewals unless the household contains a sponsored alien or cannot be considered categorically eligible, per OAC 340:50-7-1(a)(2) and 340:50-11-111(d).
- (k) **When benefits may be reopened following closure.** The food benefit may be reopened following closure using current eligibility information, when:
- (1) ~~DHS~~OKDHS did not administer policy and procedures correctly. The food benefit is reopened effective the first day of the month of closure;
  - (2) the household fails to complete the mid-certification renewal timely, but provides all required verification by the first day of the month of closure. The food benefit is reopened effective the first day of the month of closure; or
  - (3) the household fails to complete the mid-certification renewal timely, but provides all required verification by the last day of the month of closure. The food benefit is reopened and prorated from the date the household completes the mid-certification renewal and provides all required verification.
- (l) **Notice requirements.** OKDHS is required to send a notice to the household when food benefits increase, reduce, or close.
- (1) **Advance notice of adverse action required.** Prior to reducing or closing food benefits during the certification period, per 7 C.F.R. § 273.13, the worker must provide timely advance notice unless circumstances described in (1)(2) or (3) of this Section occur.
    - (A) Advance notice of adverse action is considered timely when the notice is mailed at least 10-calendar days before the action becomes effective. Refer to OKDHS Appendix B-2 for advance notice processing deadlines.
    - (B) When the household reports a change:
      - (i) 10-calendar days or more before the advance notice of adverse action deadline, the worker decreases or closes the food benefit effective the first of the following month. For example, when the household reports a change on May 18th, the effective date of the change is June 1st; or
      - (ii) less than 10-calendar days before the advance notice of adverse action deadline, per OKDHS Appendix B-2, the worker decreases or

closes the food benefit effective the first of the month after the following month. For example, when the household reports a change on May 25th, the effective date of the change action is July 1st.

(2) **Notice requirement when benefits increase.** When a reported change increases food benefits, the worker makes the change by the non-advance notice deadline date, per OKDHS Appendix B-2. When the change is reported after the non-advance notice deadline, the worker supplements food benefits.

(3) **Advance notice of adverse action not required.** Advance notice of adverse action is not required for actions (A) through (H) of this paragraph, per 7 C.F.R. § 273.12(e) and 7 C.F.R. § 273.13(b).

(A) **Mass changes.** When OKDHS initiates mass changes because of changes or requirements in federal or state law, the computer system closes benefits by the non-advance-notice deadline, per OKDHS Appendix B-2. In these situations, the individual notification requirement is waived and AFS mails generic notices to the affected households informing them of the changes that are about to be made.

(B) **Deceased household members.** When the worker determines, based on reliable information, that all members of the household are deceased, the worker closes benefits by the non-advance-notice deadline, per OKDHS Appendix B-2.

(C) **Moved out of state.** When the worker determines, based on reliable information, the household moved out of state, the worker closes benefits by the non-advance-notice deadline, per OKDHS Appendix B-2.

(D) **Unfinished issuance certification.** When the unfinished issuance process is used at certification, the worker adjusts the benefit to ~~take into~~ account for changes anticipated at the time of certification. The certification notice informs the household of all benefit changes included in this process.

(E) **Disqualified household member.** When the only household member is disqualified for an intentional program violation or fraud, per OAC 340:50-15-25, food benefits are closed by the non-advance-notice deadline, per OKDHS Appendix B-2. When there is more than one person in the household, the remaining household members' benefits are reduced or closed because of that household member's disqualification by the non-advance-notice deadline, per OKDHS Appendix B-2.

(F) **Facility loses approval.** When a household's food benefit closes because the drug or alcohol treatment center or group home facility where the household resides is no longer approved, the worker closes benefits by the non-advance-notice deadline, per OKDHS Appendix B-2.

(G) **Household provides written statement.** The worker closes or reduces benefits by the non-advance-notice deadline, per OKDHS Appendix B-2, when the household provides a written statement:

Refer to OAC 340:2-5 for fair hearing procedures.

## SUBCHAPTER 10. ELECTRONIC BENEFIT TRANSFER (EBT)

### 340:50-10-1. Scope and applicability

(a) **Benefit delivery and access.** Oklahoma Human Services (OKDHS) uses an online electronic benefit transfer (EBT) system to deliver Supplemental Nutrition Assistance Program (SNAP) food benefits. ~~are delivered by an on-line electronic benefit transfer (EBT) system where the SNAP food~~ benefits are stored in a central computer database and electronically accessed by eligible households at the point of sale via plastic EBT cards, called Access Oklahoma, and personal identification numbers (PIN).

(b) **Benefit expungement.** OKDHS expunges SNAP food benefits after 274-calendar days of inactivity, per Section 274.2(i) of Title 7 of the Code of Federal Regulations. Inactivity occurs when the household does not take an action that affects the balance of the household's SNAP EBT account within this time period, such as making a purchase or a return. OKDHS provides an expungement notice to the household at least 30-calendar days before expunging the benefit.

(c) **Moved to another state.** When a household moves to another state and has food benefits remaining in their account, the household must use the food benefits in Oklahoma prior to leaving the state or find a retailer in another state that accepts the Access Oklahoma card. The Access Oklahoma card can be

used in most states as most major retailers accept the Access Oklahoma card.

## **340:50-10-9. Expungement of benefits**

(a) The Oklahoma Department of Human Services (OKDHS) expunges Supplemental Nutrition Assistance Program (SNAP) food benefits that were not accessed by the household after a period of one year:

- (1) 12 months of inactivity until September 22, 2021; or
- (2) 274-calendar days of inactivity beginning September 22, 2021.

(b) Inactivity occurs when the household does not take action that affects the balance of the household's SNAP electronic benefit transfer account, such as making a purchase or return.

(c) Beginning September 22, 2021, OKDHS must provide an expungement notice to the household at least 30-calendar days before expunging the benefit.

## **340:50-10-11. Food benefit household leaves the state [REVOKED]**

~~When a household moves to another state and has food benefits remaining in their account, the household must either use the food benefits in Oklahoma prior to leaving or find a retailer in another state that accepts the Access Oklahoma card. The Access Oklahoma card can be used in most states as most major retailers accept the Access Oklahoma card.~~

## **SUBCHAPTER 11. SPECIAL PROCEDURES**

### **PART 1. HOUSEHOLDS ENTITLED TO EXPEDITED SERVICE**

#### **340:50-11-5. ~~Procedures for expediting~~ Expedited services ~~procedures and benefit issuance~~**

To expedite the certification process, the worker must verify the applicant's identity and conduct the household's interview as soon as possible to ensure the household, when eligible, receives timely expedited service ~~timely~~.

- (1) Reasonable verification pursuit ~~of verification~~.** The worker makes reasonable efforts to verify, within the seven-calendar day expedited processing standard, the household's residency, income statement, and all other eligibility factors before certification, per Section 273.2(i) of Title 7 of the Code of Federal Regulations, ~~before certification~~. This effort includes evaluating the household's explanation of how the household meets its needs when declared expenses exceed reported income or when the household reports no household income.

(A) The worker verifies eligibility factors through documentary evidence or, when documentary evidence is not readily available, through a collateral contact.

(B) The worker may postpone verifying eligibility factors other than identity that could not be verified

within the expedited service processing time limit. In most instances, it is expected that the applicant verify at least residence and income, within the time limit.

(C) The worker must not delay certification up to, or beyond the time limit, solely because factors other than identity were not verified. When the household is unlikely to be able to provide the required verification within the expedited service timeframe, the worker must postpone verification.

- (2) Postponed verification.** When verification is postponed, the worker gives or sends the household Form 08AD092E, Client Contact and Information Request, to request the postponed verification before further benefits are approved.

(A) When a household member, who is not a newborn, needs to provide a Social Security number (SSN) that was postponed, the household must furnish the SSN or proof that an application was filed with the Social Security Administration before the second full month of participation.

(B) When verification is postponed, the worker certifies the household for a one- or two-month expedited certification period, per Oklahoma Administrative Code (OAC) 340:50-11-6(3) of this Section. To avoid a break in benefits, when the household is certified for:

- (i) one month, the household must furnish the postponed verification within 30-calendar days of the application date; or
- (ii) two months, the household must furnish the postponed verification by the last day of the expedited certification period.

(C) When the household does not provide the verification within 30-calendar days of the application date for a one month certification, or by the last day of the expedited certification period for a two month certification, but does provide it within 60-calendar days of the application date, benefits are prorated from the date the verification is provided. The household must complete a new application ~~in order~~ to receive further benefits when the verification is not received within 60-calendar days of the application date.

(D) When the household provides postponed verification timely, the worker approves the household, when eligible, for a normal certification period within seven-calendar days of ~~receipt of the verification~~ receiving the verification.

- (3) Expedited certification period.** When the household is eligible for expedited services and verification is postponed, the worker certifies the household for a one- or two-month expedited certification period.

(A) When the household applies between the:

- (i) first and 15th of the month, the worker certifies the household for one month; or
- (ii) 16th and 31st of the month, the worker certifies the household for two months.

(B) The worker prorates the initial month's benefits when the household applies later than the first day of the month.

(C) When proration causes the household to be ineligible for the application month, the worker denies the application for the application month and certifies the household for expedited food benefits for the following month.

(D) The initial month's food benefits issue immediately. When the household is assigned a two-month certification period, the second month's benefits issue on the first day of the second month.

(4) Normal certification period. When the household is eligible for expedited services and verification is not postponed, the worker certifies the household for a normal certification period.

(4) Multiple expedited services certifications. There is no limit to the number of times a household may be certified using expedited procedures, as long as prior to each expedited certification when the household completes the interview requirement, and provides the postponed verification from the last expedited certification or is certified before reapplying for food benefits. When the household does not provide the postponed verification, it is not eligible for expedited processing until it is certified using normal processing standards, per OAC Oklahoma Administrative Code 340:50-3-1 between expedited certifications.

**340:50-11-6. Issuance for households entitled to expedited services [REVOKED]**

~~When the household is determined eligible for expedited services and the required verification was postponed, the household is certified for a one or two month certification period.~~

- ~~(1) When the household applies between the:
 
  - ~~(A) first and 15th of the month, the worker certifies the household for one month; or~~
  - ~~(B) 16th and 31st of the month, the worker certifies the household for two months.~~~~
- ~~(2) The worker prorates the initial month's benefits when the household applies later than the first day of the month.~~
- ~~(3) When proration causes the household to be ineligible for the month of application, the application is denied for the month of application and approved for expedited issuance for the following month.~~
- ~~(4) The initial month's food benefits issue immediately when the household is eligible for expedited services. When the initial month's benefits are prorated and the household is assigned a two month certification period, the second month's benefits issue on the first day of the second month.~~

**PART 3. SIMPLIFIED SUPPLEMENTAL NUTRITION ASSISTANCE PROGRAM (SSNAP) FOR TEMPORARY ASSISTANCE FOR NEEDY FAMILIES (TANF) AND COMPANION STATE SUPPLEMENTAL PAYMENT (SSP) RECIPIENT(S)**

**340:50-11-20. Scope and application processing**

(a) Simplified Supplemental Nutrition Assistance Program (SSNAP). ~~The Simplified Supplemental Nutrition Assistance Program (SSNAP) Per Section 273.25 of Title 7 of the Code of Federal Regulations, SSNAP rules in this Subchapter are used apply when ALL food benefit household members are included in:~~

- ~~(1) Temporary Assistance for Needy Families (TANF) cash assistance; or~~

(b) When SSNAP procedures do not apply. SSNAP procedures do not apply when:

- ~~(1) no household member receives TANF cash assistance;~~
- ~~(2) all household members receive SSP; or~~
- ~~(3) any household member is a disqualified or ineligible food benefit household member, per Oklahoma Administrative Code 340:50-5-10.1.~~

(c) Household definition. Food benefit household members are determined using Part 1 of Subchapter 5 of this Chapter.

(d) TANF applicants. When the household applies for TANF, the worker determines if the applicant wants to receive or is currently receiving food benefits.

(1) When the household currently receives non-public assistance (non-PA) food benefits, the food benefits remain non-PA until TANF is certified.

(2) When the household does not receive food benefits and applies for TANF and food benefits at the same time, SSNAP rules are not used to determine food benefit eligibility when the:

- (A) household qualifies for expedited service and the TANF application will not be certified within seven-calendar days;
- (B) TANF application eligibility determination process will take longer than 30-calendar days;
- (C) TANF application will not be certified for the application month and food benefits must be issued for the initial month; or
- (D) worker denies the TANF application and the food benefit application is pending.

**340:50-11-21. Household definition [REVOKED]**

~~Food benefit household members are determined using Part 1 of Subchapter 5 of this Chapter.~~

# Permanent Final Adoptions

## 340:50-11-22. Application processing [REVOKED]

At the time of application for Temporary Assistance for Needy Families (TANF), the worker determines if the applicant wants to receive or is currently receiving food benefits and if the household is eligible for the Simplified Supplemental Nutrition Assistance Program (SSNAP). If the household is receiving non public assistance (non PA) food benefits at the time of the TANF application, the food benefits remain as non PA until TANF is certified.

- (1) **Households within SSNAP scope.** If the household has applied for TANF, non PA Supplemental Nutrition Assistance Program (SNAP) rules are used to determine eligibility when the:
  - (A) household qualifies for expedited service and the TANF application will not be certified within seven calendar days;
  - (B) TANF application will take longer than 30 calendar days to determine eligibility; or
  - (C) TANF application will not be completed and certified for the month of application and food benefits must be issued for the initial month.
- (2) **Denial of TANF.** When the TANF application is denied and the food benefit application is pending, the worker must determine the household's food benefit eligibility using non PA SNAP rules.

## 340:50-11-23. Eligibility determination for households within the Simplified Supplemental Nutrition Assistance Program (SSNAP)

(a) **SSNAP eligibility determination.** All households within Simplified Supplemental Nutrition Assistance Program (SSNAP) the SSNAP scope meet applicable Supplemental Nutrition Assistance Program (SNAP) eligibility rules, per Sections 273.23 and 273.25 of Title 7 of the Code of Federal Regulations and Oklahoma Administrative Code (OAC) 340:50-11-20. Benefit amount is determined by the computer.

- (1) **Income determination.** Food benefit income is based upon Temporary Assistance for Needy Families (TANF) SSNAP uses TANF income definitions to determine food benefit income. If/When there is a TANF case and a companion State Supplemental Payment (SSP) case for the aged, blind, or disabled ease, income definitions for TANF and SSP apply. Income amounts converted from the TANF and SSP cases that are converted to food benefit income, must be are classified as food benefit unearned income. Food benefit unearned income is computed for:
  - (A) **TANF cash assistance only.** The total household requirement, plus the exempt earned income amount less worker subtracts the non-fraud related recoupment from the exempt earned income and adds the remaining exempt earned income to the payment standard for the household size, per Oklahoma Human Services (OKDHS) Appendix C-1, Maximum Income, Resource, and Payment Standards, Schedule IX; or
  - (B) **TANF with companion SSP case(s).** The companion case's total countable income of the companion case(s) is added to the primary food benefit

case's countable income of the primary food benefit case.

- (2) **Resource determination.** SSNAP households are considered resource eligible when they meet resource requirements for TANF and, when applicable, SSP.
- (3) **Non-financial eligibility criteria.** SSNAP households must fulfill all applicable SNAP nonfinancial eligibility requirements, per Subchapter 5 of this Chapter.
- (4) **Deduction determination.** The allowable deductions for SSNAP, when applicable, are shelter, utilities, and medical expense expenses, and dependent care as determined and verified, according to SNAP rules in per OAC 340:50-7-31. Medical expense must be expenses are verified only when the food benefit would be increased by allowing the medical expense deduction increases the food benefit amount. The dependent care deduction is automatically allowed, when applicable.

  - (c) **Food benefit proration.** Food benefit allotments for an initial month are prorated from the date of application. Initial month means the first month the household is certified for food benefits following any time period during which the household was not certified. Food benefits are not prorated when benefits change from non-PA to SSNAP if there is no break in service.

## 340:50-11-24. Food benefit allotments [REVOKED]

Food benefit allotments are determined by the computer in accordance with rules found in Sections 2012, 2017, and 2030 of Title 7 of the United States (U.S.) Code and are shown on the Oklahoma Department of Human Services (OKDHS) Appendix C-3, Maximum Food Benefit Allotments and Standards for Income and Deductions.

## 340:50-11-25. Proration of food benefits [REVOKED]

Initial month food benefits are prorated. The initial month means the first month the household is certified for food benefits following any period of time during which the household was not certified. If the household's benefits are continuous, the food benefits are not prorated even when there is a change from non public assistance (non PA) Supplemental Nutrition Assistance Program (SNAP) to the Simplified Supplemental Nutrition Assistance Program (SSNAP) or SSNAP to SNAP.

## SUBCHAPTER 15. OVERPAYMENTS AND FRAUD

### PART 1. OVERPAYMENTS

#### 340:50-15-1. Scope and applicability

- (a) **Scope and applicability.** The scope and applicability of overpayment procedures contained in this Subchapter apply to

Supplemental Nutrition Assistance Program (SNAP) food benefit issuance. Section 273.16 of Title 7 of the Code of Federal Regulations (7 C.F.R. § 273.16) contains federal requirements regarding disqualification for intentional program violations and 7 C.F.R. § 273.18 contains federal requirements regarding overpayment claims against households.

(b) **Overpayment claim definition.** A SNAP food benefit overpayment occurs when a household receives more food benefits than it is entitled to receive or when benefits are trafficked.

(c) **Persons responsible for repaying an established overpayment claim.** Refer to Oklahoma Administrative Code (OAC) 340:50-15-6 for repayment procedures. Persons responsible for repaying an established overpayment claim include:

- (1) every adult included in the food benefit allotment, when the overpayment or benefit trafficking occurred; and
- (2) a person connected to the household, such as an authorized representative or other individual, when the person trafficked benefits or caused the overpayment.

(d) **Overpayment referral.** When the worker determines an overpayment occurred, the worker sends an overpayment referral to Adult and Family Services (AFS) Benefit Integrity and Recovery (BIR) Unit for overpayment classification and establishment. The overpayment referral consists of a completed Form 08OP005E, Report of Food Benefit (FB) Overissuance, and supporting documents. Reasons to submit an overpayment referral to AFS BIR Unit include, but are not limited to, when:

- (1) the household:
  - (A) failed to provide the Oklahoma Department of Human Services (OKDHS) with correct or complete information;
  - (B) failed to report changes in household circumstances, per OAC 340:50-9-5;
  - (C) chose to continue to receive benefits pending a fair hearing decision and the:

    - (ii) household withdraws the fair hearing request after food benefits were reopened or increased, pending the outcome of the hearing; or
  - (D) trafficked SNAP food benefits, per OAC 340:50-15-25;
- (2) the worker:
  - (A) incorrectly computed the household's income or deductions or otherwise issued an excess benefit allotment;
  - (B) failed to take prompt action on a change reported by the household resulting in an over-issuance;
  - (C) incorrectly applied rules that resulted in an over-issuance or issuing benefits to an ineligible household;
  - (D) incorrectly issued or renewed food benefits to an ineligible household; or
  - (E) failed to reduce food benefits because the household's public assistance benefits changed;
- (3) the computer system incorrectly issued benefits to a household;

- (4) an AFS SNAP Quality Control staff discovered the over-issuance during a quality control review; or
- (5) the Oklahoma Inspector General (OIG) Investigative Unit discovered an over-issuance.

(e) **Overpayment classification and claim establishment.** ~~Per OAC 340:50-15-4, AFS BIR Unit staff classifies an overpayment as an inadvertent household error, intentional program violation, or agency error, per OAC 340:50-15-4, and establishes the overpayment claim, per OAC 340:50-15-3. Refer to OAC 340:50-15-2 for instances when an overpayment claim is not required. Per 7 C.F.R. § 273.18(e)(2)(ii), AFS BIR Unit staff does not establish an overpayment claim when the error causing the overpayment is classified as inadvertent client error or agency error and the:~~

- (1) overpayment is less than \$250;
- (2) household is not participating in SNAP when the overpayment is discovered; and
- (3) overpayment was not discovered in an AFS Quality Control Review Unit review.

~~(f) **Development of repayment** Repayment plan development. After AFS BIR Unit staff verifies and calculates the overpayment claim, staff and establishes the claim by notifying the debtor household of the overpayment debt. Once established, AFS BIR Unit staff develops a repayment plan with the household, per OAC 340:50-15-6.~~

(g) **Disqualification penalty.** When a person commits an intentional program violation, in addition to being responsible for repaying the overpayment debt, the person is disqualified from receiving food benefits for a time period of time per OAC 340:50-15-25, ~~in addition to being responsible for repaying the overpayment debt.~~

(h) **Fair hearing rights.** When the household disagrees with the overpayment decision, the household may request a fair hearing within 90-calendar days of the date on the Notification of Food Benefit Overpayment notice, per 7 C.F.R. § 273.15(g). When OKDHS Legal Services Appeals Unit or county staff notifies AFS BIR Unit staff that the household requested a timely fair hearing, AFS BIR Unit staff ceases all collection efforts, including allotment reduction, pending the hearing decision. An item mailed by OKDHS is presumed to be received on the second day mail is delivered, following the date on the notice, per OAC 340:2-5-63.

**340:50-15-2. Instances when overpayment claim is not required [REVOKED]**

~~Per Section 273.18(e)(2)(ii) of Title 7 of the Code of Federal Regulations, the worker does not establish an overpayment claim when the error causing the overpayment is classified as inadvertent client error or agency error and all of the conditions included in (1) through (3) exist.~~

- ~~(1) The overpayment is less than \$250.~~
- ~~(2) The household is not participating in the Supplemental Nutrition Assistance Program at the time of discovery of the overpayment.~~

# Permanent Final Adoptions

## 340:50-15-5. Right to appeal [REVOKED]

When the household disagrees with the overpayment decision, the household may request a fair hearing within 90 calendar days of the date on the Notification of Food Benefit Overpayment notice per Section 273.15(g) of Title 7 of the Code of Federal Regulations. Upon notification from the Oklahoma Department of Human Services (DHS) Legal Services Appeals Unit or local county staff that the household requested a timely fair hearing, Adult and Family Services Benefit Integrity and Recovery staff ceases all collection efforts, including allotment reduction, pending the hearing decision. Per Oklahoma Administrative Code 340:2-5-63, an item mailed by DHS, is presumed to be received on the second day mail is delivered, following the date on the notice.

## 340:50-15-7. Suspension of collection effort suspension or termination of collection efforts

(a) Collection effort suspension. The Adult and Family Services (AFS) Benefit Integrity and Recovery Section (BIRS) (BIR) Unit:

(1) suspends collection action on cases no longer receiving Supplemental Nutrition Assistance Program (SNAP) food benefits when the:

(A) primary responsible household member is deceased and there are no remaining adult household members responsible for the overpayment;

(B) household cannot be located; or

(C) cost of further collection action is likely to exceed the amount that can be recovered.

(2) AFS BIR Unit may:

(A) reopen debts held in suspension based on changes in household circumstances; or

(B) initiate food benefit reduction in the food benefit if the client reapplies and becomes eligible in the future.

(b) Termination of overpayment claims. Per Section 273.18(e)(8) of Title 7 of the Code of Federal Regulations (7 C.F.R. § 273.18(e)(8)):

(1) a terminated overpayment claim is a claim in which all collection action has ceased;

(2) a written-off claim is a claim no longer considered a receivable subject to continued federal and state collection and reporting requirements;

(3) when an overpayment claim is paid in full, the household is notified the debt was satisfied.

(4) AFS BIR Unit staff may terminate and write off SNAP overpayment claim(s) when:

(A) all adult household members die;

(B) the claim balance is \$25 or less and the claim has been delinquent for 90-calendar days or more unless other claims exist against this household resulting in an aggregate claim total of greater than \$25;

(C) the claim is delinquent for three years or more unless AFS BIR Unit is pursuing the claim through the Treasury Offset Program, per 7 C.F.R. § 273.18(n) and Oklahoma Administrative Code 340:50-15-6(h);

(D) the household cannot be located for three or more years;

(E) the claim is determined invalid unless it is appropriate to pursue a different claim type; or

(F) it is not cost effective to pursue the claim any further, per FNS approved cost-effectiveness criteria.

(5) AFS BIR may reinstate a terminated and written-off claim when a new collection method or specific event, such as lottery winnings, substantially increases the likelihood of further collections.

## 340:50-15-9. Terminating and writing-off Supplemental Nutrition Assistance Program (SNAP) overpayment claims [REVOKED]

(a) Per Section 273.18(e)(8) of Title 7 of the Code of Federal Regulations (CFR), a:

(1) terminated overpayment claim is a claim in which all collection action has ceased; and

(2) written-off claim is a claim no longer considered a receivable subject to continued federal and state collection and reporting requirements.

(b) When an overpayment claim is paid in full, the household is notified the debt was satisfied.

(c) Adult and Family Services (AFS) Benefit Integrity and Recovery Section (BIRS) staff terminate and write off Supplemental Nutrition Assistance Program (SNAP) overpayment claim(s) when:

(1) all adult household members die;

(2) the claim balance is \$25 or less and the claim has been delinquent for 90 calendar days or more UNLESS other claims exist against this household resulting in an aggregate claim total of greater than \$25;

(3) the claim is delinquent for three years or more; or

(4) the household cannot be located for three years or more.

## PART 3. INTENTIONAL PROGRAM VIOLATION

### 340:50-15-25. Cases referred for intentional program violation (IPV) determination

(a) IPV definition. Per Section 273.16(c) of Title 7 of the Code of Federal Regulations (7 C.F.R. § 273.16(c)), an IPV is defined as intentionally:

(1) making a false or misleading statement, or misrepresenting, concealing, or withholding facts; or

(2) committing any act that constitutes a violation of the Supplemental Nutrition Assistance Program (SNAP), SNAP regulations, or of any Oklahoma State statute for the purpose of using, presenting, transferring, acquiring, receiving, possessing or trafficking of SNAP benefits or electronic benefit transfer (EBT) cards.

(b) Cases referred for an administrative disqualification hearing (ADH). Oklahoma Department of Human Services (DHS) (OKDHS) Office of Inspector General (OIG) staff refers cases to the DHS—OKDHS Legal Services Appeals Unit to conduct an ADH to determine if when the client committed an intentional program violation (IPV). The referred cases referred

contain documentary evidence of ~~intentional program violation~~ IPV, but do not warrant civil or criminal prosecution.

(bc) **Waiving ADH.** OIG staff gives a client suspected of an ~~intentional program violation~~ IPV the option to waive his or her rights to an ADH. The client must complete and sign Form 08OP016E, Administrative Disqualification Hearing Waiver, to request a waiver. A hearing waiver of the hearing subjects the client to the same penalties as if the hearing process determined ~~intentional program violation~~ the client committed an IPV.

(ed) **Penalties for ~~intentional program violation~~ an IPV.** Persons found to have committed an IPV through an ADH, a federal, state, or local court, an ADH waiver, or, when referred for prosecution, a disqualification agreement, are ineligible to participate in SNAP, per 7 C.F.R. § 273.16(b).

(1) **Cases determined by ADH or ADH waiver.**

When the ADH results in an ~~intentional program violation~~ IPV determination or the client waives his or her right to the hearing process, Adult and Family Services (AFS) Benefit Integrity and Recovery ~~BIR~~ (BIR) Unit staff imposes a disqualification penalty.

(A4) AFS BIR Unit staff sends Form 08AD019E, Program Penalty/Disqualification Notice, to the disqualified member. Form 08AD019E includes information regarding the remaining household members' eligibility.

(B2) ~~The~~ Unless (ii) of this subparagraph applies, the disqualification period for a person is one year for the first violation, two years for the second violation, and permanently for the third violation.

(iA) Any person disqualified for ~~intentional program violation~~ an IPV prior to April 1, 1983, is considered to have one previous disqualification, regardless of the number of previous disqualifications.

(iiB) A person found to have made a fraudulent statement or representation with respect to the person's identity or place of residence in order to receive multiple SNAP benefits simultaneously is disqualified for a period of 10 years ~~when an ADH decision finds the person made a fraudulent statement or representation with respect to identity or place of residence in order to receive multiple, simultaneous Supplemental Nutrition Assistance Program (SNAP) food benefits~~ or permanently for a third violation.

(iiiC) The disqualification period begins the first possible effective month following the date AFS BIR Unit staff mails Form 08AD019E. Once the disqualification period begins, it runs continuously until the end of the period imposed, regardless of whether the household remains eligible for food benefits during the person's disqualification period.

(ivD) AFS BIR Unit staff removes the disqualified person from the household size or, for a one-person household, closes the SNAP food

benefit based on an ~~intentional program violation~~ when it is a one person household IPV. Per ~~Oklahoma Administrative Code (OAC) 340:50-7-29(d)(1)~~, When determining the remaining household members' SNAP eligibility, the worker counts the disqualified person's total gross income ~~of the disqualified person in determining the remaining household members eligibility~~ and allows all applicable deductions, for the remaining household members per Oklahoma Administrative Code (OAC) 340:50-7-29(d)(1).

(vE) A ~~client~~ household must repay the SNAP ~~food benefit~~ overpayment claim regardless of any disqualification penalty imposed. AFS BIR Unit staff sends Form 08OP118E, Food Benefit Repayment Agreement, to notify the household of the need to make a repayment plan and the repayment options available to the client, per OAC 340:50-15-6.

(2d) **Cases determined by a court.** AFS BIR Unit staff refers all cases suspected of ~~intentional program violation~~ an IPV to OIG to determine if court action is feasible.

(A4) When OIG staff refers the person for court action, AFS BIR Unit staff must not discuss the overpayment claim with the household until court action is complete or AFS BIR Unit staff notifies the worker of needed action. ~~Local county~~ County staff forwards further information or directs client inquiries regarding the overpayment to AFS BIR Unit staff.

(B2) A court of appropriate jurisdiction may find one or more persons in the household guilty of obtaining food benefits by fraudulent means. The court may charge the person with either a misdemeanor or a felony.

(C3) Disqualification penalty procedures for court and ADH determined cases are the same, except for ~~(A)(i) through (D)(iii)~~ of this paragraph ~~subparagraph.~~

(iA) The court may specify the length of the disqualification. Court-specified periods of disqualification may supersede (c)(2) of this Section.

(iiB) A person ~~determined by~~ subject to disqualification when a federal, state, or local court ~~to have~~ determines the person committed ~~intentional program violation~~ an IPV of trading SNAP food benefits for firearms, ammunition, explosives, or controlled substances ~~is subject to disqualification:~~

(i) for two years for the first offense and permanently for the second offense involving the sale of a controlled substance for SNAP food benefits; and

(ii) permanently for the first offense involving the sale of firearms, ammunition, or explosives for SNAP food benefits.

(iiiC) A person ~~convicted in~~ is permanently disqualified from SNAP participation when a federal, state, or local court convicts the person of trafficking SNAP food benefits for an aggregate amount of \$500 or more ~~is permanently disqualified from~~

# Permanent Final Adoptions

~~SNAP participation. Per Section 271.2 of Title 7 of the Code of Federal Regulations 7 C.F.R. § 271.2 and Section 243 of Title 56 of the Oklahoma Statutes (56 O.S. § 243), the definition of trafficking means:~~

~~(i) the buying, selling, stealing, or otherwise effecting an exchange of exchanging SNAP benefits issued and accessed via electronic benefit transfer (EBT) EBT cards, card numbers, and personal identification numbers (PINs), or by manual voucher and signature, for cash or consideration other than eligible food, either directly, indirectly, in complicity or collusion with others, or acting alone;~~

~~(ii) the exchange of firearms, ammunition, explosives, or controlled substances, per Section 802 of Title 21 of the United States Code, for SNAP benefits;~~

~~(iii) purchasing a product with SNAP benefits that has a container requiring a return deposit with the intent of obtaining cash by discarding the product and returning the container for the deposit amount, intentionally discarding the product, and intentionally returning the container for the deposit amount;~~

~~(iv) purchasing a product with SNAP benefits with the intent of obtaining cash or consideration other than eligible food by reselling the product, and subsequently intentionally reselling the product purchased with SNAP benefits, in exchange for cash or consideration other than eligible food;~~

~~(v) intentionally purchasing products originally purchased with SNAP benefits in exchange for cash or consideration other than eligible food;~~

~~(vi) attempting to buy, sell, steal, or otherwise affect an exchange of exchanging SNAP benefits issued and accessed via EBT cards, card numbers, PINs, or by manual voucher and signatures, for cash or consideration other than eligible food, either directly, indirectly, in complicity or collusion with others, or acting alone; or~~

~~(vii) the possession of stolen SNAP EBT cards.~~

~~(D) A person is disqualified from participation in SNAP for a 10 year period when the person is found to have made a fraudulent statement or representation with respect to identity or place of residence in order to receive multiple benefits simultaneously under SNAP.~~

(4) The court may also stipulate a repayment plan. The repayment plan cannot be renegotiated. AFS BIR Unit staff may refer the case back to the district attorney's office when the client fails to comply with the repayment plan.

(E) If a court fails to impose a disqualification or a disqualification period for an IPV, OKDHS must

impose the appropriate disqualification penalty specified in this Section unless it is contrary to the court order.

(5) Disqualification consent agreement. Per 56 O.S. § 243(B)(5), any district attorney who enters into a deferred adjudication or who negotiates for a deferred sentence with a defendant charged with fraud must present the defendant with a disqualification consent agreement as part of the deferred adjudication or sentence.

### 340:60-1-5. Sponsorship [REVOKED]

~~Most refugees who reach a community have been resettled by one of the national voluntary agencies or a state or local government working with the federal government and some also have a local sponsor. The sponsor may be an individual, a church, a civic organization, a state or local government, or other local group or organization. As part of the process for determining eligibility the worker must contact the sponsor or the resettlement agency to verify if they are providing cash benefits or other services to the refugee.~~

### 340:60-1-6. Program eligibility and procedures

(a) **Refugee Resettlement Program components.** The federal Office of Refugee Resettlement (ORR) provides funding to states for time-limited cash and medical assistance and resettlement case management and ~~social~~support services for new arrivals to the United States (U.S.) who meet refugee status, per Oklahoma Administrative Code (OAC) 340:60-1-3(e).

A contracted provider determines eligibility for RCA in the western part of the state. Refer to Appendix C-9, Refugee Resettlement Program Benefit and Service Providers, to determine ~~if DHS or a~~which contracted provider serves a specific county.

(b) **SocialRefugee support services.** ~~Social~~Refugee support services are provided for up to five-calendar years ~~of~~after the arrival date by ~~DHS contracted~~OKDHS contracted providers, per Sections 400.147 through 155 of Title 45 of the Code of Federal Regulations (45 C.F.R. §§ 400.147 through 155). (c) **Cash assistance.** Refugees and asylees must be afforded an opportunity to apply for cash assistance, per 45 C.F.R. § 400.50. Eligibility is determined according to Temporary Assistance for Needy Families (TANF) or State Supplement Payment (SSP) program rules. When the refugee or asylee does not meet TANF or SSP cash assistance eligibility requirements, an RCA application is made. When the refugee or asylee is 65 years of age and older, blind, or disabled, the refugee is referred to the Social Security Administration to apply for Supplemental Security Income (SSI).

(1) **Eligibility requirements for RCA.** RCA eligibility requirements are included in (A) through (H) of this paragraph per 45 C.F.R. §§ 400.25, 400.53, 400.54, 400.59, 400.75 through 400.79, and 400.81 through 400.83.

### 340:65-5-62. Change in name [REVOKED]

If the client is a recipient, the change of name and other indicated changes are updated and recorded in the case record. If a person applying for assistance has a guardian or conservator, the application is made by the guardian or conservator and signed as indicated in OAC 340:65-5-61. If a guardian or conservator is appointed for an applicant prior to the disposition of the application, a new application form must be completed using the same application date as the original application.

### 340:65-5-63. Natural guardianships [REVOKED]

Parents are natural guardians of their minor child(ren) regardless of whether they are occupying the same household, unless the natural guardianship is superseded by a legal guardianship or a transfer of custody. Persons other than the parents may be considered natural guardians when they have, over a continuing period, had custody of the child(ren) and have held themselves responsible for care, support, and maintenance.

### 340:65-5-64. Legal guardianships [REVOKED]

State law provides that payment to any recipient of a State Supplemental Payment may be made to a guardian appointed by a court of competent jurisdiction. [56 O.S. § 161 et seq.] The court clerk and the associate or district judge may not charge court costs in cases involving the guardianship of persons who are applicants for or who are receiving assistance under the Social Security laws of this state. [56 O.S. § 192] When a guardian is appointed by the court or when a court appointed guardian is dismissed, a certified copy of the order must be secured and filed in the client's case record in the county office.

When the head of the household is a minor, the Temporary Assistance for Needy Families (TANF) benefit may be issued to a substitute payee rather than the minor.

## SUBCHAPTER 9. OVERPAYMENT CLAIMS AND FRAUD IN TEMPORARY ASSISTANCE FOR NEEDY FAMILIES AND STATE SUPPLEMENTAL PAYMENT BENEFITS

**340:65-9-1. Scope and applicability**

(a) **Scope and applicability.** The scope and applicability of overpayment procedures contained in this Subchapter apply to Temporary Assistance for Needy Families (TANF) and State Supplemental Payment (SSP) recipients.

(b) **Overpayment claim definition.** An overpayment claim occurs when a household receives more benefits than it is entitled to receive. Overpayments may be classified as inadvertent household errors (IHE), agency error (AE), willful misrepresentation, intentional program violation (IPV), or fraud.

(c) **Overpayment referral.** When Oklahoma Department of Human Services (~~DHS~~OKDHS) staff suspects an overpayment occurred, he or she sends an overpayment referral to the Adult and Family Services (AFS) Benefit Integrity and Recovery (BIR) Unit for an overpayment determination and claim establishment.

(1) Reasons ~~DHS~~OKDHS staff may send an overpayment referral to the AFS BIR Unit for an overpayment determination include, but are not limited to, when the:

- (A) household:
  - (i) failed to provide ~~DHS~~OKDHS with correct or complete information;
  - (ii) failed to report changes in its circumstances; or
  - (iii) elected to receive benefits pending a fair hearing decision that subsequently found the family ineligible or eligible for fewer benefits;
- (B) worker:
  - (i) failed to take prompt action on a change reported by the household;
  - (ii) incorrectly computed the household's income, ~~and/or~~ deductions, ~~or both~~; or
  - (iii) incorrectly authorized benefit issuance of ~~benefits~~ to a household; or

(C) ~~over-issuance~~overpayment is discovered as a result of ~~during~~ an audit or ~~review~~ benefit renewal.

(2) The worker includes in the overpayment referral, the circumstances leading to the overpayment, if the overpayment occurred because of household or agency error, and how he or she computed the overpayment amount. When applicable, the overpayment referral may cover up to six years prior to the date the worker discovers the over-issuance.

(A) For TANF, when an ~~over-issuance~~overpayment occurs because the client does not report earned income within 10-calendar days, per Oklahoma Administrative Code (OAC) 340:65-5-1, the worker calculates the overpayment based on the client's gross earned income without the earned income deduction, per OAC 340:10-3-33.

(B) For SSP, the client is allowed the earned income deduction, per OAC 317:35-5-42(d) even when the earned income is reported untimely.

(d) **Overpayment claim establishment.** AFS BIR Unit staff is ~~responsible for evaluating~~evaluates overpayment referrals, ~~establishing~~establishes overpayment claims, and

~~referring~~refers overpayment claims to the OKDHS Office of the Inspector General (OIG) when appropriate, per OAC 340:65-9-2 and OAC 340:65-9-4. An overpayment claim is considered established on the date AFS BIR Unit staff sends the overpayment notice to the household.

(1) When AFS BIR Unit staff determines an OIG referral is not appropriate, AFS BIR Unit staff:

- (A) establishes the overpayment claim;
- (B) classifies the overpayment claim as an IHE, AE, or willful misrepresentation, per OAC 340:65-9-2;
- (C) sends the:

(i) Notification of Overpayment, Form 08OP011E, Repayment Agreement and, when appropriate, Form 08OP025E, Chart of Temporary Assistance for Needy Families and State Supplemental Payment Overpayments, to the debtor(s); and

(ii) Notification of Overpayment with supporting documentation to the ~~DHS~~OKDHS county office ~~or support center~~; and

(D) assigns overpayment recoupment of ~~the overpayment~~, per OAC 340:65-9-6.

(2) When the worker suspects fraudulent intent, but has insufficient information to complete an overpayment referral, he or she sends Form 19MP001E, Referral Form, to OIG.

(A) When OIG staff suspects an overpayment occurred, but a fraud determination is not needed, OIG staff sends the findings to the AFS BIR Unit to calculate and establish the claim.

(B) When OIG staff determines fraud occurred, OIG staff may:

(i) refer a TANF or SSP overpayment claim for a court decision regarding fraud, per OAC 340:65-9-4;

(ii) for TANF overpayment claims, make a referral to the Legal Services Appeals Unit for an administrative disqualification hearing instead of a court referral; or

(iii) for SSP, send the findings to the AFS BIR Unit calculate and establish the overpayment based on willful misrepresentation.

(e) **Right to appeal.** When the household disagrees with the overpayment decision, the household may request a fair hearing within 30-calendar days of the date on the Notification of Overpayment. An OKDHS mailed item is presumed received on the second day mail is delivered following the date on the notice, per OAC 340:2-5-63.

(ef) **Case record retention.** ~~DHS~~OKDHS is mandated to retain case records containing overpayments for three years from the date:

- (1) the overpayment debt is paid in full; or
- (2) AFS BIR Unit staff determines the debt to be uncollectable. This may occur when the debtor(s) dies or files bankruptcy and discharges the debt.

# Permanent Final Adoptions

## 340:65-9-5. Right to appeal [REVOKED]

~~When the household disagrees with the overpayment decision, the household may request a fair hearing within 30 calendar days of the date on the Notification of Overpayment. Per Oklahoma Administrative Code 340:2-5-63, an item mailed by the Oklahoma Department of Human Services is presumed received on the second day mail is delivered following the date on the notice.~~

## 340:65-9-7. ~~Suspension of collection efforts~~ Collection effort suspension or termination

(a) The Adult and Family Services (AFS) Benefit Integrity and Recovery (BIR) Unit staff suspends collection efforts on cases no longer receiving benefits, when the:

- (1) head of household is deceased and there are no remaining debtors responsible for the overpayment;
- (2) household cannot be located;
- (3) cost of further collection action is likely to exceed the amount that can be recovered;
- (4) debtor(s) provides verification to the AFS BIR Unit, that bankruptcy proceedings initiated; or
- (5) debtor(s) requests a fair hearing.

(b) AFS BIR Unit staff may begin collection actions held in suspension when changes in household circumstances occur, such as:

- (1) AFS BIR Unit staff locates the household when the client reapplies and becomes eligible in the future;
- (2) the court dismisses instead of discharging the debt through bankruptcy; or
- (3) the fair hearing decision is not in the debtor(s)' favor.

(c) When the household pays an overpayment in full, AFS BIR Unit staff sends the household the monthly overpayment account statement showing a zero balance to notify the household that the debt is satisfied.

## 340:65-9-8. Termination of collection of debt [REVOKED]

~~In the case of repayment in full, the household is notified that the debt has been satisfied by a monthly overpayment account statement showing a zero balance owed.~~

### 340:100-3-41. Telehealth

(a) **Applicability and scope.** Telehealth services do not expand services covered through Developmental Disabilities Services (DDS) Home and Community-Based Services (HCBS) waivers. Telehealth services are a delivery option for certain covered services. Telehealth services apply to contract professional services, including speech therapy, physical therapy, occupational therapy, audiology, psychology, nutrition, family training, family counseling, nursing, and dental care.

- (1) When there are technological difficulties in performing an objective or a thorough assessment, or there are problems in the service recipient's understanding of telehealth, hands-on-assessment, in-person care, or both is provided for the service recipient.
- (2) Any service delivered using telehealth technology is appropriate for telehealth delivery and meets the same quality level and is otherwise on par with the same service delivered in person.
- (3) A telehealth encounter maintains the confidentiality and security of protected health information in accordance with applicable state and federal law, including, but not limited to, Section 1-109 of Title 43A of the Oklahoma Statutes, Part 2 of Title 42 of the Code of Federal Regulations (42 C.F.R., Part 2), and 45 C.F.R., Parts 160 and 164.
- (4) For purposes of DDS HCBS waiver reimbursement, telehealth is the use of interactive audio, video, or other electronic media for the purpose of diagnosis, consultation, or treatment that occurs in real-time and when the service recipient is actively participating during the transmission.

(b) **Definitions.** The following words and terms when used in this Section shall have the following meaning, unless the context clearly indicates otherwise.

(1) **"Remote patient monitoring"** means using digital technologies to collect medical and other forms of health data, such as vital signs, weight, blood pressure, and blood sugar, from individuals in one location, and electronically transmitting that information securely to health care providers in a different location for assessment and recommendations.

(2) **"Store and forward"** means transmitting a service recipient's medical information from an originating site to the health care provider at a distant site. Photographs provided through a telecommunications system are specific to the service recipient's medical condition and adequate for furnishing or confirming a diagnosis or treatment plan. Store and forward technologies do not include:

- (A) consultations provided by telephone audio-only communication;
- (B) electronic mail;
- (C) text message or instant messaging conversation;
- (D) website questionnaire;
- (E) non-secure video conference; or
- (F) facsimile transmission.

(3) **"Telehealth"** means the practice of health care delivery, diagnosis, consultation, evaluation and treatment, transfer of medical data or exchange of medical education information through two-way, real-time interactive communication. This definition does not exclude store and forward technologies. Telehealth occurs between a service recipient and a health care provider with access to the service recipient's relevant clinical information prior to the telemedicine visit. Telehealth does not include website questionnaires, non-secure video conference, or facsimile transmission.

(c) **Requirements.** The following requirements apply to all services rendered via telehealth.

(1) Audio and video telecommunications are compliant with the Interactive Health Insurance Portability and Accountability Act (HIPAA), permitting encryption. The telecommunication service is secure and adequate to protect the confidentiality and integrity of the telehealth information transmitted. As a payment condition, the service recipient is an active participant in the telehealth visit.

(2) The telehealth equipment and transmission speed and image is technologically sufficient to support the service billed. Contract providers involved in the telehealth visit are trained in the use of the telehealth equipment and are competent in its operation.

(3) The medical or behavioral health related service is provided at an appropriate site for telehealth service delivery.

- (A) An appropriate telehealth site is one that has the proper security measures in place and appropriate administrative, physical, and technological safeguards to ensure the confidentiality, integrity, and security of electronic protected health information.

(B) The room location for the encounter ensures comfort, privacy, and confidentiality on both ends.

There is both visual and audio privacy, and the room's placement and selection takes this into consideration.

(C) Appropriate telehealth equipment and networks are used considering factors such as appropriate screen size, resolution, and security.

(D) Providers, service recipients, or both, may provide or receive telehealth services outside of Oklahoma when medically necessary; however, prior authorization may be required, per Oklahoma Administrative Code 317:30-3-89 through 317:30-3-91.

(4) The provider is contracted with DDS and SoonerCare when required, appropriately licensed or certified, and in good standing. Services provided are within the scope of the provider's license or certification. If the provider is outside of Oklahoma, the provider complies with all laws and regulations of the provider's location, including health care and telehealth requirements.

(5) The service recipient retains the right to withdraw from telehealth services at any time.

(6) All telehealth activities comply with Oklahoma Health Care Authority policy, and all other applicable state and federal laws and regulations, including, but not limited to, 59 O.S § 478.1.

(7) The service recipient has access to all transmitted information, with the exception of live interactive video as there is often no stored data in such encounters.

(8) The service recipient's image and personal information is not disseminated to other entities without written consent from the service recipient or legal guardian, or a minor service recipient's parent or legal guardian.

(9) A telehealth service is subject to the same DDS HCBS waiver program restrictions, limitations, and coverage that exist for the service when not provided through telehealth, as only certain telehealth codes are reimbursable through a DDS HCBS waiver.

(e) **Reimbursement.** Telehealth services are billed with the appropriate modifier.

(f) **Documentation.**

(1) The service provider maintains documentation to substantiate the services rendered.

(2) Documentation indicates the services were rendered via telehealth and the location of the services.

(3) All other DDS documentation guidelines apply to the services rendered via telehealth. Examples include but are not limited to:

- (A) chart notes;
- (B) start and stop times;
- (C) service provider credentials; and
- (D) service provider signature.

(g) **Final authority.** DDS has discretion and the final authority to approve or deny any telehealth services based on DDS's or the service recipient's needs.

## SUBCHAPTER 5. CLIENT SERVICES

# Permanent Final Adoptions

## PART 1. ADMISSION AND SAFEGUARDS

### 340:100-5-2. Service safeguards [REVOKED]

(a) **Client transition.** Consumers are assured the delivery of services compatible with need during movements from one service environment to another.

(1) ~~DDSD staff and contract providers are responsible for assuring that client needs are met in the least restrictive and most normalized setting possible, and evaluate residential status at least annually as part of the Individual Habilitation Plan.~~

(2) ~~Client movement to another setting requires the informed consent of the client and/or his/her legal representative. Consumers are advised of the advantages and disadvantages associated with residence in their current and prospective environment(s).~~

(3) ~~Staff/providers of the sending and receiving programs, as well as the client/family/guardian, meet as an interdisciplinary team to identify client needs and develop specific action strategies for meeting needs prior to a client's movement.~~

(4) ~~Local administrators develop procedures which assure client/family/guardian familiarity with proposed service environments prior to movement.~~

(5) ~~Clients are not moved from one service setting to another until the interdisciplinary team confirms that all essential needs will be met in the new service environment.~~

(6) ~~The client's Individual Habilitation Plan is reviewed within 30 days of admission/transition to a new service environment.~~

(b) **Client discharge.** The Department recognizes that most clients will require services for life, however, DDSD shall plan for each client's discharge from the time of eligibility determination and arrange for discharge when it is determined that the individual no longer requires or desires specialized services.

(1) ~~Each client's interdisciplinary team considers circumstances resulting in the need for specialized services and incorporates strategies within the IHP aimed at facilitating the eventual discontinuation of services through skill achievement and/or integration into non-specialized services.~~

(2) ~~Supervisory staff conduct a review annually to assess client progress toward meeting conditions facilitating discharge.~~

(3) ~~Discharge planning is authorized with the informed consent of the consumer and/or legal representative.~~

(4) ~~A discharge Individual Habilitation Plan is developed within 30 days of the discharge date which identifies the conditions for discharge, individuals responsible for the delivery of on-going, non-specialized services to the individuals and mechanisms which will allow the client to re-access services in the event of need.~~

(5) ~~A signed statement confirming agreement with discharge provisions is secured from the consumer and/or legal representative prior to discharge.~~

## PART 3. SERVICE PROVISIONS

### 340:100-5-22.7. Supplemental room and board funding for persons receiving Home and Community-Based Services (HCBS) Waivers

(a) **Applicability.** This Section applies to services funded through Medicaid HCBS Waivers, per Oklahoma Administrative Code (OAC) 317:35-9-5, and Section 1915(c) of the Social Security Act. Specific Waivers include service recipients who receive:

- (1) daily living supports, per OAC 317:40-5-150; or
- (2) group home services, per OAC 317:40-5-152.

(b) **General Information.** In an effort to support participation in community life, Oklahoma Human Services (OKDHS) Developmental Disabilities Services (DDS) may supplement room and board costs for service recipients with income insufficient to meet the costs of the items listed in (1) of this subsection. Room and board costs are not a reimbursable Waiver expense, per the HCBS service regulations. Room and board expenses in a residential setting may leave a service recipient with insufficient personal funds. DDS State Fund supplemental payments permit a provider to be reimbursed for room and board costs beyond a service recipient's ability to pay with personal benefits income.

(1) Allowable room and board costs are actual monthly expenses that include:

- (A) rent;
- (B) food;
- (C) housing supplies;
- (D) utilities;
- (E) basic cable or television;
- (F) telephone;
- (G) repair and maintenance that are not an obligation of another entity; and
- (H) insurance.

(2) Room and board reimbursement is authorized, per OAC 340:100-3-33.1. When the need for a supplemental payment is expected to continue, cost effective community living arrangements are considered and documented in the Individual Plan. The supplemental room and board payment meets all of the requirements in (A) through (E) of this paragraph.

(A) Funding to meet the service recipient's needs is not available through another source.

(B) The service recipient's room and board expenses are consistent with fair market values for properties in the general area.

(C) The supplemental payment is necessary to support community living and is required for reasons other than the preference of the service recipient, family, or provider.

(D) The provider provides detailed expenses, including but not limited to, mortgage detail and status. The mortgage cannot be a loan with business debt that is greater than the property's fair market value or non-routine costs for non-physical plant excluding the normal escrow items such as taxes and insurance.

(E) The provider discloses common ownership interests between the provider and mortgage holder or lessor.

(3) The service recipient's Personal Support Team (Team) ensures the individual has a minimum of \$100 of personal spending money each month unless the DDS director or designee approves a lesser amount.

(4) When possible, the Team develops a plan to resolve the room and board deficiency by identifying lower cost housing options or seeking roommates when there are additional bedrooms available.

(c) **Room and board payment.** Each service recipient contributes an amount the provider determines, not to exceed actual expenses. The service recipient contributes employment income to meet his or her room and board costs.

(1) To ensure Waiver funding is not used for room and board costs when the service recipient has exceptionally low income, a room and board supplement is provided. The supplement is provided when he or she:

(A) does not have adequate income to meet room and board expenses;

(B) is awaiting a medical decision from the Social Security Administration for Supplemental Security income eligibility; or

(C) is unable to achieve sustained employment resulting in a room and board income deficit.

(2) Each month the provider submits OKDHS Form 06CL001E, Room and Board Supplement Claim Form, for reimbursement within three-months of the last date of service.

(3) Proof of payment for all claim expenditures is included with the initial claim. When the supplement extends beyond six months the provider submits proof of payment in six month intervals. For subsequent claims, DDS may request additional claim expenditures when a significant change occurs.

(d) **Provider requirements.** The provider establishes a written financial agreement with the service recipient or legal guardian that defines the provider and service recipient's responsibilities, per OAC 340:100-5-22.1. When requested, the provider submits a written budget to DDS.

(1) The provider ensures:

(A) service recipient expenses accrue on a monthly basis and are actual expenses;

(B) the Social Security Administration is contacted to review the service recipient's benefits when his or her personal benefits are low; and

(C) the service recipient is employed an average of 30 hours per week. When the service recipient does not participate in 30 hours per week of employment services, the Team develops a plan to address the situation, per OAC 317:40-7-15.

(2) The provider notifies DDS when the service recipient's room and board, income, or expenditures change significantly.

(e) **Service recipient requirements.** DDS may request that the service recipient reimburse OKDHS for the approved room

and board expenses when he or she receives a Social Security Disability Benefits back payment. DDS may request reimbursement when:

(1) making the requested reimbursement does not cause the service recipient to be in debt; and

(2) the service recipient or his or her legal guardian completes OKDHS Form 06AD010E, Service Recipient Room and Board Reimbursement.

**PART 5. INDIVIDUAL PLANNING**

**340:100-5-57.1. Reporting and monitoring use of restrictive or intrusive procedures or emergency interventions [REVOKED]**

(a) ~~The service recipient's Personal Support Team (Team) and Human Rights Committee (HRC) review any use of an intrusive procedure, other than medication previously approved per OAC 340:100-5-26.1, or an emergency intervention to ensure the use was reasonable, necessary, and consistent with the protective intervention plan or in accordance with OAC 340:100-5-57(f).~~

~~(1) Form 06MP046E, Incident Report, is completed by the provider when an intrusive procedure or emergency intervention is used.~~

~~(2) The provider agency program coordination staff:~~

~~(A) reviews Form 06MP046E;~~

~~(B) completes a written evaluation that:~~

~~(i) indicates whether the:~~

~~(I) intrusive procedure was implemented according to the protective intervention plan; or~~

~~(II) emergency intervention complied with requirements per OAC 340:100-5-57(f);~~

~~(ii) indicates whether the use of intrusive procedure or emergency intervention was reasonable and necessary; and~~

~~(iii) includes recommendations and a description of actions taken; and~~

~~(C) in addition to the requirements of OAC 340:100-3-34, sends the evaluation and copy of Form 06MP046E to the service recipient's HRC, Developmental Disabilities Services Division (DDSD) case manager, and positive support field specialist within 72 hours following the incident.~~

~~(b) The DDSD case manager:~~

~~(1) reviews each Form 06MP046E and program coordinator evaluation received for service recipients in his or her caseload;~~

~~(2) ensures the service recipient's Team meets within five days of receipt of Form 06MP046E documenting use of an intrusive procedure or emergency intervention to ensure the use was reasonable and the least restrictive alternative available;~~

~~(3) completes Form 06CB055E, Monthly Summary of Restrictive/Intrusive Procedure Usage, for all restrictive or intrusive procedures or emergency interventions used for~~

# Permanent Final Adoptions

- service recipients in his or her caseload, that describes systems concerns, recommendations, and planned interventions;
- (4) takes necessary action to address identified issues; and
- (5) sends Form 06CB055E to the DDS director of psychological and behavioral supports.
- (e) The DDS director of psychological and behavioral supports and positive support field specialist:
- (1) review and maintain copy of Form 06CB055E; and
- (2) take further action as needed to ensure requirements per OAC 340:100-5 are followed.
- (A) The positive support field specialist may be assigned to provide assistance to the Team.
- (B) If problems are noted, an administrative inquiry per OAC 340:100-3-27.1 may be requested.
- (C) If it appears use of restrictive or intrusive procedures or emergency intervention has occurred in violation of policy requirements, approval for use of physical management or emergency intervention may be suspended by the DDS director of psychological and behavioral supports pending review by the Statewide Behavior Review Committee (SBRC) per OAC 340:100-3-14.
- (D) If it appears abuse or neglect has occurred, the authorities charged by law with the investigation of alleged abuse are notified.
- (E) The DDS director of psychological and behavioral supports may require additional staff training or supports.

## SUBCHAPTER 11. ADMISSION TO ROBERT M. GREER CENTER

### 340:100-11-1. Purpose [REVOKED]

The Robert M. Greer Center is an ICF/MR facility developed to provide appropriate programming for a dual diagnosis, Mentally Retarded/Mentally Ill (MR/MI), population. Admissions are generally by transfer from an Oklahoma Mental Health Facility or State School, however, direct admissions from the community may be accepted. All admissions shall be to the Diagnostic and Evaluation (D&E) Unit of the Greer Center. No person shall be denied access to services solely on the basis of a handicapping condition.

### 340:100-11-2. Intake, Diagnosis and Evaluation Process

(a) Eight beds in the East Building will be designated for diagnostic and evaluation purposes. The Greer Diagnostic and Evaluation (D&E) Team will be composed of a Qualified Mental Retardation Professional (QMRP), psychological assistant, physician, psychiatrist, nurse, direct care staff, speech pathologist, recreation therapist, vocational staff, and Independent Living Skills Instructor (ILSI). Additional team members and/or referrals will be added to the team if the initial screening indicates the need. **Legal basis.** Section 1414.1 of Title 10 of the Oklahoma Statutes (10 O.S. §

1414.1) requires Oklahoma Human Services (OKDHS) Developmental Disabilities Services (DDS) to provide care for individuals with a primary intellectual disability diagnosis and a secondary mental illness diagnosis. The Robert M. Greer Center (Greer) was established for this purpose and serves individuals through a contract with OKDHS.

(b) Referral sources are expected to be the Department of Human Services Divisions of Developmental Disabilities Community Services Unit(s), and/or the Department of Mental Health. All referrals should be via the appropriate Community Services Unit to insure continuity and appropriate referral. **Admission criteria.** All admissions are consistent with Part 483.440(b) of Title 42 of the Code of Federal Regulations, regarding intermediate care facility admissions, transfers, and discharges.

(1) Admission criteria for an individual served through Greer includes:

(A) clinical evidence the applicant has challenging behaviors placing his or her physical safety, environment, relationships, and community participation at risk, or creates a risk of involvement in civil or criminal processes; and

(B) clear evidence documenting why the applicant cannot receive appropriate treatment in his or her current environment or through less restrictive community supports. The DDS director or designee approves Greer admissions.

(2) A referral packet is submitted to the DDS director or designee and contains, when available:

(A) a physical examination within one-calendar year of referral;

(B) a list of current prescribed medications;

(C) information regarding hospitalizations in the last two-calendar years, including the reason for admission and prognosis;

(D) physician orders and progress notes up to one-calendar year;

(E) nursing notes up to one-calendar year;

(F) medical records up to one-calendar year;

(G) guardianship or legal papers;

(H) social history and recent social evaluation;

(I) psychological evaluation conducted at 16 years of age or older, by a licensed psychologist, which includes:

(i) intellectual disability diagnosis based on testing that yields a full scale intelligence quotient;

(ii) functional and or adaptive assessment; and

(iii) a statement noting the age of onset of the disability;

(J) dental records;

(K) immunization record;

(L) multi-disciplinary progress notes or assessments up to one-calendar year for:

(i) physical therapy;

(ii) occupational therapy;

(iii) speech therapy and hearing services;

- (vi) educational records for enrolled students; and
  - (M) behavioral incident reports;
  - (N) direct care notes; and

- (c) When referral information is received by the Director of the Greer Center, he/she shall meet with the QMRP within 24 hours, or on the first working day if the packet is received on a Friday or the day preceding a holiday, to review the referral packet to determine Admission. Individuals considered for Greer admission are 18 years of age and older. When an applicant is 17 and a half and in need of treatment, the DDS director or designee may grant an exception to the age limit Former Greer residents are eligible for re-admission on the same basis as individuals initially seeking services. Admission is based on a referral packet review that includes:
- (1) if adequate information is contained in the packet, and clinical evidence of mental illness, behavioral, or emotional problems, per the current edition of the Diagnostic and Statistical Manual of Mental Disorders, revised and published by the American Psychiatric Association;
  - (2) if the packet contains any clinical evidence that would clearly contraindicate admission to the D & E Unit documented attempts, and reasons for failure, of techniques and supports applied in the applicant's current environment; and
  - (3) consideration of other available and appropriate community or Wavier services. Placement at Greer constitutes the least restrictive alternative to provide effective treatment to meet the applicant's needs when compared to other available options.
- (d) If no clinical evidence contraindicates D & E admission, the Center Director will recommend an admission date at the earliest possible time (within 72 hours). If the situation is critical (i.e., immediate danger exists to the client or others), admission will be recommended within 24 hours if an available bed exists. Admission must be accompanied with guardian/parent approval, or other legally valid form of consent for treatment at Greer (e.g. court or guardian ad litem). All applicable DHS forms will be used. The Superintendent or his/her designee shall be the admitting authority. Discharge. Greer is a short-term treatment facility and residents are transitioned out of the facility when they meet criteria to safely live in a less restrictive placement. When Greer determines a resident is stable and no longer meets criteria to remain, a discharge referral is provided to the DDS director or designee. Discharge planning includes:
- (1) a review of pertinent Greer information, including data to support progress made;
  - (2) discussion with facility staff regarding community supports needed to maintain the resident's stability; and
  - (3) a referral to the area DDS transition coordinators to initiate the search for potential homes in the community with necessary supports.
- (e) If no bed is available, the person may be admitted to a facility designated by the Department of Mental Health with

transfer occurring per the Inter Agency Agreement at the earliest possible time. Post discharge activities. Greer staff is available after discharge to consult with the individual's community personal support team.

(f) During the D & E process, individuals with an existing IHP will have those implemented as appropriate during the periods when formal evaluations are not occurring. When not in structured evaluations or IHP activities, individuals will be involved in a range of activities planned to enhance the evaluation process. Individuals will not attend programming with the Enid State School population unless clinically appropriate. Structured programming shall consist of a minimum of eight hours per day with replication of situational environments which caused problematic behaviors for assessment purposes. Overall active treatment occurs 24 hours daily.

(g) A preliminary medical assessment must be completed within 24 hours of admission to the D & E Unit. The initial screening for all other areas will be completed within 14 days. Based on the results of this screening, additional in depth evaluation and further observations may be recommended. All referrals and additional evaluations will be completed within 20 days of admission. The D & E team will convene to make a recommendation within 48 hours after the evaluations are completed, and this recommendation will be forwarded to the Greer Center admission committee within 48 hours. The initial D & E team will gather assessment information including but not limited to the following areas:

- (1) Intellectual and adaptive functioning levels;
- (2) Mental/Emotional disorders and Behavioral Severity Assessment;
- (3) Complete medical assessment; medication history update;
- (4) Communication assessment;

## PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2022:

### 390:10-1-2. Minimum certification and employment standards

(a) For the purposes of the rules of this Chapter and 70 O.S. Section 3311, a peace officer is defined as a duly appointed or elected law enforcement officer who is paid for working more than twenty-five (25) hours per week and whose duties minimally include all of the following on a fulltime basis:

- (1) Preserving the public peace;
- (2) Preventing crime;
- (3) Protecting life and property;
- (4) Enforcing laws and ordinances of this state and its political subdivisions; and
- (5) Executing arrest warrants and search warrants.

(b) All persons hired or elected as peace officers shall meet the employment and training standards set forth in this chapter as set forth in Section 3311 of Title 70 of the Oklahoma Statutes. Calculation of said employment shall be based on cumulative periods of employment.

(c) The Council, or its designee, may grant an extension of the time frame specified in Section 3311 of Title 70 of the Oklahoma Statutes, upon written application by the employing agency, and when good cause is shown, as determined by the Council or its designee. Peace officers granted an extension of time to attend and complete a training academy normally are not permitted to work in the capacity of a peace officer during the extension period. If an applicant has timely complied with all notice and application procedures but because of CLEET's training capacity cannot enter an academy within the six-month time frame, the Director or designee may grant an extension that allows the person to work. Failure of an applicant or agency to timely comply with notice and application procedures, short staffing at a law enforcement agency, or other matters will not be considered good cause to grant an extension to work.

(d) In the event any officer so appointed or elected fails to comply with the employment and training standards and an extension of time is not granted, the employing agency shall comply with 70 O.S., Section 3311(E) (4) at the first opportunity made available by CLEET. Individuals who fail to comply with employment and/or training standards may reapply for certification two (2) years from the date of final ineligibility.

Individuals who reapply will be required to start the academy over again without regard to previous classwork completed.

(e) Students are expected to complete the first basic academy in which they are enrolled. In the event a student cannot complete their initial academy, the student can complete the course work in another academy if such work can be completed in the next subsequent academy and within a one year period from the date of hiring or appointment as a peace officer. If reentry exceeds one year, students will be required to start the academy over again without regard to previous classwork completed unless reentry was delayed by a documented medical condition or military orders prohibiting participation. Exceptions may be made by the Director, or Director designee, for students who have been granted extensions of time as authorized by 70 O.S., Section 3311 (E) (4).

(f) The Council may provide options for remedial or make-up training for students attending approved academy or CLEET basic academy programs pursuant to academy rules.

### 390:10-1-3. Employment status reporting

~~(a)~~ All state, county, and local law enforcement agencies affected by the rules of this chapter and 70 O.S. Section 3311, shall report to CLEET the employment and termination of any appointed or elected peace officer within ten (10) days of the date of employment or termination of employment of said officer. Such notification shall be in a format accepted by CLEET. Termination reports shall include resignations, discharges or dismissals, retirements, and deaths of officers covered under the rules of this chapter and laws. Failure to do so may disqualify a law enforcement agency from participating in training programs sponsored by the Council.

~~(b) Pursuant to 70 O.S., Section 3311(H)(1) every law enforcement agency employing police, peace or tribal officers shall be required to submit on or before October 1 of each calendar year, a complete list of all commissioned employees, with a current mailing address and phone number for each such employee in a format acceptable by CLEET.~~

### 390:10-1-4. Peace officer employment standards

(a) A person shall comply with the requirements of 70 O.S. Section 3311(E)(F)(G) in order to be employed as a peace officer.

(b) Nothing herein shall preclude any law enforcement agency from establishing and implementing minimum employment standards in addition to those set forth by law and the rules of this chapter.

(c) All peace officers, reserve officers and tribal officers are required to maintain with CLEET, their current mailing address. Notice of change of address or telephone number must be made within ten (10) days of the effective change through CLEET's online portal or in writing, with an original signature. Notices will not be accepted over the phone, by fax, or by email.

(d) All peace officers, reserve officers, and tribal officers shall notify, in writing, with an original signature, CLEET of any change of name through CLEET's online portal. Notification of change of name shall include certified copies of any

marriage license or court document which reflects the change of name. Notices will not be accepted over the phone, by fax, or by email and must be made within ten (10) days of the date of change. The certified copy provided to CLEET will not be returned to the licensee. Any deviation from this Rule will require the Director's or his/her designee's approval.

**390:10-1-6. Certification by reciprocity**

Any officer seeking Oklahoma Peace Officer Certification, who has been certified by a state peace officer standards and training agency as a peace officer in another state, or any officer who has been certified as a federal peace officer by a Council recognized federal law enforcement agency, may obtain certification by reciprocity, under the following conditions:
