(d) The rules in this subchapter do not apply to employees and positions in the unclassified service unless stated otherwise.

# Permanent Final Adoptions

---

## **260:25-7-1.1. Salary administration plans [REVOKED]**

~~An Appointing Authority shall adopt a salary administration plan for the agency's classified positions and submit the plan for the approval of the Administrator. In the salary administration plan, the Appointing Authority may establish conditions under which the Appointing Authority may establish skill-based pay programs and other pay movement mechanisms authorized by 74:840 2.17 except performance-based adjustments. Proposed amendments to the salary administration plan may be submitted to the Administrator for approval at any time.~~

## **260:25-7-2. Salary schedule [REVOKED]**

~~The rate of pay of employees shall be maintained within pay band structures established by the Human Capital Management Division of the Office of Management and Enterprise Services [74:840 4.6] for the job family level and kept within the established minimum and maximum rates of pay, except as provided by law or Merit Rule.~~

## **260:25-7-3. Entrance salary [REVOKED]**

~~(a) Appointing Authorities may establish the hiring rate for a classified job at any point between the minimum and maximum of the pay band for the job family level without prior approval of the Administrator. Hiring rates shall not be established below the minimum or above the maximum rate of pay established for a pay band.~~

~~(b) Appointing Authorities shall establish hiring rates for jobs included in a pay band based on the work performed, the duties and responsibilities assigned, and other relevant factors. This may include consideration of recruitment and retention issues, internal pay equity, market rates, previous hiring rates, and the training and qualifications of the employee being appointed.~~

## **260:25-7-4. Rate of pay upon reinstatement to the classified service [REVOKED]**

~~(a) When an Appointing Authority reinstates a person to the classified service in accordance with 260:25 9 102, the Appointing Authority may set the person's base salary at any point within the pay band for the job to which the person is reinstated which is consistent with the hiring range established for the job, salaries paid to other individuals performing similar work, or other relevant factors, except as provided in Subsection (b).~~

~~(b) When an Appointing Authority reinstates a person within the same agency to the classified service in accordance with 260:25 9 102 to a position in the same job family level as the employee's previous position after less than a 30-day break in service, the Appointing Authority shall set the employee's base salary at any rate within the pay band that does not exceed the employee's previous base salary.~~

## **260:25-7-6. Sign-on pay incentive [REVOKED]**

~~(a) Appointing Authorities may implement a pay incentive for the following individuals who are appointed to positions~~

~~in job families for which there are critical recruitment and retention problems as identified by the Appointing Authority [74:840 1.6A(11)]:~~

~~(1) individuals not currently employed in state government;~~

~~(2) Carl Albert Executive Fellows and other professional trainees and students employed pursuant to paragraphs 10 and 11(a) and (b) of Section 840 5.5(A) of Title 74 of the Oklahoma Statutes; or~~

~~(3) individuals employed pursuant to the Cooperative Engineering Trainee Program.~~

~~(b) Appointing Authorities who choose to implement the pay incentive shall file a plan with the Office of Management and Enterprise Services which contains information related to the implementation of the pay incentive within the agency. The plan shall provide documentation of the critical recruitment and retention problems and shall include a project description, specific prerequisites that each employee shall meet in order to receive the pay incentive, and information concerning the funding of the incentive from the agency's existing budget. The plan shall be signed by the Appointing Authority, and this signature requirement may not be delegated. No payment shall be made under this Section until the plan has been reviewed and accepted by the Administrator.~~

~~(c) The pay incentive shall not exceed \$5,000.00 and is payable to eligible individuals as a lump sum payment or in two equal payments during the first six months of state employment. Former state employees may be eligible for the pay incentive following a break in service of at least 180 days.~~

~~(d) To receive the pay incentive, an eligible individual shall be required to sign an agreement form acknowledging that the individual is obligated to repay the entire incentive, including tax withholdings on the incentive, if the individual leaves state employment or accepts employment with another state agency within 1 year after he or she receives the pay incentive. Appointing Authorities may use the agreement form developed by the Administrator or any other agreement form which is consistent with the provisions of this Section.~~

~~(e) An individual may receive only one sign-on pay incentive during his or her state employment.~~

## **260:25-7-7. Pay differential [REVOKED]**

~~(a) The Administrator may authorize a pay differential [74:840 1.6A(11)] for a position within a job family because of special duty requirements related to the position. This may include shift pay, on-call pay, skill-based pay adjustments, and other types of differentials based on special work requirements, as approved by the Administrator. These payments shall be over and above the employee's base pay and shall be paid only as long as the employee occupies the particular position under the circumstances which have necessitated the differential. The request for the differential shall be submitted in writing by the requesting agency and shall adequately identify the need.~~

~~(b) An Appointing Authority shall determine whether pay differentials will be paid while employees are in paid leave status or provided only for hours actually worked. Appointing~~

Authorities shall apply such practices uniformly. Pay differentials shall not be provided for hours that an employee is not in pay status. Pay differentials are not limited by the maximum of the pay band.

**260:25-7-8. Rate of pay upon recall to job family level from which removed by reduction-in-force [REVOKED]**

The base rate of pay of an employee who has been recalled to the job family level from which removed by a reduction in force in accordance with OAC 260:25-13, Part 5, shall be fixed at the rate of pay received immediately before the reduction in force. The employee's rate of pay shall be adjusted according to any across the board increases for agency employees in that job family level made in the interim. If the pay band for the job family level has been changed in the interim, the employee's rate of pay shall be adjusted in accordance with 260:25-7-13.

**260:25-7-9. Rate of pay for positions that become classified [REVOKED]**

Whenever a position in an agency is brought under the classified service, the rate of base pay of the continuing incumbent shall be placed in the pay band for the job family and level to which the position is allocated, without adjustment, if such base rate is equal to or greater than the minimum rate of pay established for that job. If it is not, the rate of pay shall be increased to the minimum rate established by the agency for that job. Unless otherwise provided by statute, pay adjustments and required classification actions for incumbent employees shall be retroactive to the effective date of the placement of the employee in the classified service. No employee's base rate of pay shall be reduced as a direct result of becoming classified.

**260:25-7-10. Rate of pay higher than maximum [REVOKED]**

Where the base rate of pay of an employee is higher than the maximum rate of pay for the pay band to which the job is assigned, the base rate will remain the same as long as the employee retains the present classification, but no further increases will be approved unless provided by statute.

**260:25-7-11. Continuous Service Incentive Plan [REVOKED]**

(a) Appointing Authorities may implement a pay incentive plan [74:840 1.6A(10)] intended to promote continuous service within the first two years of state employment. The plan shall be limited to job families for which there are critical recruitment and retention problems as identified by the Appointing Authority.

(b) The pay incentive shall consist of scheduled periodic payments over the employee's first two (2) years of continuous service in the targeted job families, not to exceed a total of \$2,500 in any twelve (12) month period. Payments may not be made prospectively or prorated. No payment shall be made under the plan until the employee has completed at least six (6) months of continuous service in the targeted job family.

(c) At the discretion of the Appointing Authority, the following persons filling positions in the targeted job families may be included in the plan:

- (1) Persons not currently employed in state government;
- (2) Current state employees during their first two (2) years of continuous state employment in the targeted job family; and
- (3) Former state employees following a break in service of at least thirty (30) days.

(d) Appointing Authorities who choose to implement the pay incentive shall submit a written plan to the Administrator of the Human Capital Management and the Director of the Office of Management and Enterprise Services prior to implementation. The plan shall identify the job families to which the pay incentive will be applicable and shall document the critical recruitment and retention problems and the agency's rationale for the plan. The plan may provide for different pay incentives for different job families at the discretion of the Appointing Authority. The plan shall also identify the criteria for eligibility and shall include information concerning the funding of the pay incentive from the agency's existing budget. The plan shall be signed by the Appointing Authority, and this signature requirement may not be delegated. No payment shall be made under this Section until the plan has been reviewed and accepted by the Administrator.

**260:25-7-13. Adjustments in rates of pay when pay bands are changed [REVOKED]**

When a pay band is changed for a job family level, all employees in that classification, including persons whose base rate of pay exceeds the maximum of the old pay band, shall receive an adjustment to the new pay band. No person's base salary may be reduced as a result of such a change. All employees of an agency in that job shall be given uniform treatment using one of the following methods: providing adjustment to the minimum of the new pay band; providing a percent increase given to each employee, which shall not exceed the percent of difference between the minimum of the old pay band and the minimum of the new pay band; or any other uniform method of adjustment approved by the Administrator. At the discretion of the Appointing Authority, no change in employee base salary need occur provided that all affected salaries fall within the new pay band. OAC 260:25-7-10 does not apply to adjustments made in accordance with this Section.

**260:25-7-14. Rate of pay upon reclassification, promotion, career progression, demotion, and transfer [REVOKED]**

(a) **Rate of pay when incumbent is reclassified directly.** When an employee is reclassified directly under 260:25-5-90, the base rate of pay shall be fixed in accordance with 260:25-7-13.

(b) **Rate of pay upon promotion or career progression.**  
(1) An Appointing Authority shall adopt objective written criteria for the amount of salary advancements on promotion or career progression. These criteria shall be a

## Permanent Final Adoptions

part of the agency salary administration plan established under 260:25-7-1.1 and shall be consistent with state and federal statutes prohibiting discrimination.

(2) The Appointing Authority shall set an employee's base salary on promotion or career progression at no less than 5% and no more than the maximum of the assigned pay band.

(3) The Appointing Authority shall not lower the base salary of an employee on promotion or career progression. If the employee's base salary before promotion or career progression exceeds the maximum of the new pay band, the employee's base salary shall remain the same.

(c) **Rate of pay when demoted.** The base rate of pay of an employee who is demoted shall be set by the Appointing Authority at any rate of pay within the pay band for the job to which demoted, which does not exceed that employee's last base rate of pay; however, in the event an approved Salary Administration Plan is in effect, the Appointing Authority may increase the base rate of pay for the job to which the employee is demoted into which is consistent with the hiring range established for the job, salaries paid to other individuals performing similar work, or other relevant factors. An Appointing Authority may delay setting the base rate of pay upon demotion for up to 1 year when the demotion is due to an agency reorganization. For the purposes of this subsection, "agency reorganization" means the reclassification of employees in lieu of reduction in force.

(d) **Rate of pay upon intra-agency lateral transfer.** An Appointing Authority may provide up to a 5% increase in base rate of pay, not to exceed the maximum rate of pay for the pay band, for an employee upon intra-agency lateral transfer to a position in the same job family and level or another job family and level with the same pay band assignment, based on the needs of the agency. [74:840-2.17]

(e) **Rate of pay upon interagency lateral transfer.** An Appointing Authority may set the base rate of pay for an employee on an interagency lateral transfer at any rate of pay within the pay band for the job to which the person is transferred which is consistent with the hiring range established for the job, salaries paid to other individuals performing similar work, or other relevant factors.

### 260:25-7-15. Salary reduction [REVOKED]

No employee salary shall be reduced except as specifically provided in the Merit Rules.

### 260:25-7-16. On-call pay [REVOKED]

An Appointing Authority shall compensate a classified employee for a minimum of two (2) hours work if the employee is required to report to a work location while on call. Employees are guaranteed compensation for each occasion in which a call back is made after having left the regular work station. The compensation may be in the form of compensatory time in lieu of cash payment. [74:840-2.29]

### 260:25-7-17. Rate of pay upon detail to special duty [REVOKED]

The pay of an employee who is detailed to special duty in accordance with 260:25-11-110 shall not be reduced, but must be increased to at least the minimum base rate but not more than the maximum base rate the employee could receive upon promotion to that job family and level, provided:

(1) any such temporary increase shall not affect eligibility for increase in the regular job family and level which the Appointing Authority could grant if the employee had not been detailed.

(2) at the conclusion of the detail, pay shall revert to the authorized base rate of pay in the employee's regular job family and level.

### 260:25-7-20. Market adjustments [REVOKED]

Upon approval by the Administrator, an Appointing Authority may make market adjustments for employee(s) in a job family or job family levels. An Appointing Authority making such a request shall provide the Administrator with information supporting the request, such as relevant market data, information on recruitment or retention problems, or other appropriate data. The Appointing Authority shall also certify that an adjustment can be made within the agency's budget for the current and subsequent fiscal year without the need for additional funding. An Appointing Authority may limit market adjustments to employees rated at least "Meets Standards" on the most recent performance evaluation.

### 260:25-7-21. Relocation Incentive [REVOKED]

(a) Appointing Authorities may implement a pay incentive plan intended to encourage employees to relocate when it is determined that there is difficulty recruiting qualified candidates for the position. The plan must be approved by the Human Capital Management Division and must identify the job family or families to which the incentive will be applicable. The plan will also identify factors that establish the need for the incentive, which may include, but need not be limited to, one or more of the following:

(1) Recent turnover in similar positions in the locality involved;

(2) Employment trends and labor market factors that may affect the agency's ability to recruit candidates for the locality involved;

(3) Special or unique qualifications required for the position;

(4) Failure of non-pay authorities, such as special training or work scheduling flexibilities, to resolve difficulties in recruiting candidates;

(5) The desirability of the duties, work or organizational environment, or geographic location of the position; and

(6) Other supporting factors.

(b) The plan must contain a certification that the additional costs associated with the proposed incentive can be accommodated within the agency's existing budget. The plan shall be

signed by the Appointing Authority, and this signature requirement may not be delegated. No payment shall be made under this Section until the plan has been reviewed and accepted by the Administrator.

(e) A position is considered to be in a different geographic area if the worksite of the new position is 50 or more miles from the worksite of the position held by the employee immediately before the move. The employee must establish a residence in the new geographic area before an appointing authority may pay a relocation incentive.

(d) The relocation pay incentive shall not exceed 20% of the employee's base pay in the new position. The determination to pay a relocation incentive must be made before the employee enters on duty in the position. An agency may pay a relocation incentive:

- (1) As an initial lump sum payment at the commencement of a 2 year service period required by a service agreement;
- (2) In installments throughout the 2 year service period; or
- (3) As a final lump sum payment upon the completion of the 2 year service period.

(e) To receive the incentive, employees shall be required to sign an agreement form acknowledging they are obligated to repay the entire incentive, including tax withholdings on the incentive, if they leave state employment or accept employment with another state agency prior to the expiration of 2 year service period.

(f) An employee may receive no more than two relocation pay incentives during his or her state employment. A relocation pay incentive will not be approved if an earlier relocation pay incentive was approved within the previous five year period.

**260:25-7-22. Salary adjustments upon completion of initial probation or trial period [REVOKED]**

An Appointing Authority may provide base salary adjustments not to exceed 5% to probationary classified employees achieving permanent status following the initial probationary period. An Appointing Authority may also provide this base salary adjustment to employees reinstated to the classified service after a break in service upon completion of a probationary period, and to permanent classified employees successfully completing trial periods after intra agency lateral transfer or promotion to a different job family level or career progression to a different job family level. [74:840 2.17]

**260:25-7-24. Skill-based pay adjustments [REVOKED]**

(a) An Appointing Authority may develop skill based pay programs upon the approval of the Administrator. Such programs shall be related to the acquisition or possession of additional skills and abilities which can be applied to the work to be performed and which will increase the value of the employee to the agency. The skills or abilities must be verifiable through certification, licensure, diploma, or some other

method and must be beyond the qualifications required to perform the primary or essential functions and responsibilities of the employee's position. Requests to establish skill based pay programs shall include a complete description of the training or education required, how it will benefit the agency, the proposed salary adjustment, and any other information that will assist in evaluating the request.

(b) Skill based pay adjustments may be provided as a differential over and above an employee's base pay or as lump sum payment. Lump sum skill based pay adjustments may be awarded upon initial certification and any subsequent recertification as may be required by the certifying organization and identified in the agency's skill based pay plan. Lump sum payments shall be limited to 10% of an employee's annual salary, and differentials shall be limited to 10% of an employee's monthly salary for employees paid on a monthly basis, and 10% of an employee's biweekly salary for employees paid on a biweekly basis. Except as provided in Subsection (c), skill based pay adjustments shall be paid only as long as the employee occupies a position to which the skill is applicable in accordance with the agency's salary administration plan. An employee may receive multiple skill based pay differentials so long as the combined total of all skill based pay differentials does not exceed 15%. All eligible employees of an agency in jobs affected by a skill based pay adjustment shall be given uniform treatment.

(c) Skill based pay differentials shall not be included in the employee's base salary and are subject to being discontinued under circumstances described in Subsection (b). [74:840-2.17]

**260:25-7-26. Equity-based pay adjustments [REVOKED]**

An Appointing Authority may provide equity based pay adjustments when employees are significantly underpaid relative to other employees performing the same or similar duties, or employees with the same role or accountabilities, in the same job family and level within the same agency. An Appointing Authority may limit equity based pay adjustments to employees rated at least "Meets Standards" on the most recent performance evaluation. All eligible employees of an agency in jobs affected by an equity based adjustment shall be given uniform treatment. No employee may receive more than one equity based adjustment in the same job family and level in a twelve month period.

**260:25-7-27. Performance-based adjustments [REVOKED]**

(a) Performance based adjustments enable Appointing Authorities to award a salary increase or lump sum payment to employees who have achieved an overall rating of "meets standards" or better on their most recent performance evaluation. This performance evaluation shall be conducted with the standard performance management system provided by 260:25-17-31.

(b) Appointing Authorities may adopt a performance based adjustment program for permanent classified full time and

## Permanent Final Adoptions

~~part time employees pursuant to this Section. The program may allow performance based adjustments for part time employees on a prorated basis.~~

~~(c) In order to adopt a performance based adjustment program, an Appointing Authority must submit a written performance based adjustment plan to the Administrator for approval. The plan must:~~

~~(1) Indicate the manner in which the Appointing Authority intends to award performance based adjustments, including a determination that performance based adjustments will be awarded for overall ratings of "meets standards" and "exceeds standards," or "exceeds standards" only. The plan shall include the amount or percentage that the Appointing Authority will award to qualifying employees;~~

~~(2) Indicate whether the Appointing Authority will award performance based adjustments as an increase to the employee's salary, a lump sum payment, or a combination thereof;~~

~~(3) Include certification by the Appointing Authority that the agency can fund the performance based adjustment program for the current and subsequent fiscal year without the need for additional funding; and~~

~~(4) Include a statement that the Appointing Authority may discontinue performance based adjustments at any time should it be necessary to prevent a budget shortfall. The Appointing Authority shall notify employees of the discontinuation of the plan and the reason therefore.~~

~~(d) The performance based adjustment plan must be approved by the Administrator before the Appointing Authority may grant performance based adjustments to any permanent classified employee.~~

~~(e) An Appointing Authority shall not grant performance based salary increases which cause an employee's base salary to exceed the maximum of the pay band to which the employee is assigned. [260:25-7-10] Such employees may be given performance based salary increases up to the maximum of the pay band to which assigned and may also receive the remainder of the increase as a lump sum payment.~~

~~(f) An Appointing Authority may grant only one performance based adjustment to any employee for any 12 month evaluation cycle. An Appointing Authority shall not award a performance based adjustment to any employee based upon a performance evaluation which is more than one year old.~~

### PART 3. PAYROLL

#### 260:25-7-31. Certification of payrolls

(a) **Certification.** No state disbursing or auditing officer shall make, approve or take part in making or approving any payment for personal service to any person holding a position in state government ~~the classified service~~, unless the payroll voucher or account of such pay bears the certification of the Appointing Authority that the persons named therein have been appointed and employed in accordance with the provisions of the applicable Oklahoma law ~~Personnel Act and the Merit Rules~~ [74:840-1.18(D)].

(b) **Withholding of certification.** The Appointing Authority may for proper cause withhold certification from an entire payroll or from any specific item or items [74:840-1.18(D)]. Whenever the Office of Management and Enterprise Services finds that any person is employed or is proposed to be paid as an employee in ~~the classified service~~ in any amount not provided for under the provisions of ~~the Oklahoma Personnel Act and the Merit Rules~~ applicable law, the Office of Management and Enterprise Services shall notify the concerned state disbursing or auditing officer. After such notice, the concerned state disbursing or auditing officer shall not approve any payment to such person except in accordance with the provisions of the Act or the Merit Rules.

~~(c) Suit to restrain disbursement.~~ Any citizen may maintain a suit to restrain a disbursing officer from making any payment in contravention of any provision of ~~the Oklahoma Personnel Act or the Merit Rules~~ [74:840-1.18(D)].

~~(d) Recovery of erroneous payments.~~ Any sum paid contrary to any provision of ~~the Oklahoma Personnel Act or the Merit Rules~~ applicable law may be recovered in an action maintained by any citizen, from any officer who made, approved or authorized such payment or who signed or countersigned a voucher, payroll, check or warrant for such payment, or from the sureties on the official bond of any such officer [74:840-1.18(D)]. All monies recovered in any such action shall be paid into the State Treasury [74:840-1.18(D)].

~~(e) Right of action by employees employed in contravention to the Merit Rules~~ applicable law. Any person appointed or employed in contravention of any provision of ~~the Oklahoma Personnel Act or the Merit Rules~~ applicable law and who performs service for which unpaid, may maintain an action against the officer or officers who purported to appoint or employ the person in order to recover the agreed pay for such services, or the reasonable value thereof if no pay was agreed upon. [74:840-1.18(D)] No officer shall be reimbursed by the state at any time for any sum paid to such person on account of such services [74:840-1.18(D)].

~~(f) Action to compel payroll certification.~~ If the Appointing Authority wrongfully withholds certification of the payroll voucher or account of any employee, such employee may maintain an action or proceeding in the courts to compel the Appointing Authority to certify such payroll voucher or account [74:840-1.18(D)].

### SUBCHAPTER 9. RECRUITMENT AND SELECTION [REVOKED]

#### PART 1. GENERAL PROVISIONS [REVOKED]

##### 260:25-9-1. Purpose [REVOKED]

~~The purpose of the rules in this Subchapter is to establish policies and procedures for the recruitment of qualified persons, including the administration of valid job related nondiscriminatory selection procedures providing for competitive examinations... and for other reasonable selection criteria [74:840-1.6A(6)]; for the referral of capable candidates for~~

vacancies... and the employment of individuals on other types of appointments as necessary [74:840 1.6A(8)]; and for impartial consideration of applicants for employment [74:840 1.6A(3)].

**260:25-9-3. Selection procedures [REVOKED]**

(a) Selection procedures may consist of written tests; ratings of training and experience; performance tests; physical, educational, and work experience requirements; interviews; oral examinations; application forms and any other type of examination.

(b) When a job requires a written test, the Administrator shall administer tests to applicants or employees with disabilities that impair sensory, manual, or speaking skills in formats that do not require the use of the impaired skill, if the applicant or employee notifies the Administrator before the test is administered.

(c) Before appointment, applicants may be required to pass a physical examination specified by the Appointing Authority when requirements of the job demand specific physical condition or capabilities. Such physical examinations shall be uniform in nature and applied to all persons in that job within the agency. The responsibility for administering the physical examinations lies with the Appointing Authority.

**260:25-9-4. Announcements [REVOKED]**

The Administrator shall make public announcements of all entrance examinations in advance of the issuance of certificates. Such announcement shall include the waiting period between the date of the announcement and the release of names of eligible applicants to the appointing authority. An announcement may state the duties and salaries of positions in the jobs for which examinations are to be held; the qualifications required for admission to examinations; the time, place and manner of application; the proposed relative weights to be given the parts of the examination; and such other information as the Administrator may consider pertinent and useful.

**260:25-9-5. Applications [REVOKED]**

An application for employment shall be made on a form prescribed by the Administrator and shall be considered part of the examination. The application form solicits information from the applicant regarding residence, veterans preference, education, training, experience and other eligibility information. The form may also ask for demographic information, such as race, sex, and ethnicity, for statistical analysis and state and federal record keeping and reporting requirements. Demographic information may also be used for special employment programs specifically authorized by law. Information provided by applicants shall be subject to verification. All applications shall be signed in writing or by electronic signature by the applicant certifying the truth of all statements he or she made in the application. Applications must be filed with the Human Capital Management Division on or before the closing date specified in the announcements or postmarked before midnight on that date.

**260:25-9-6. Establishment of minimum qualifications [REVOKED]**

The minimum qualifications established for each job family level shall constitute the entrance requirements for classified positions.

**260:25-9-9. Disqualifications [REVOKED]**

(a) Except as provided in 260:25-9-131, an Appointing Authority or the Administrator may permanently or temporarily refuse to certify, disqualify or remove a person's name from a register if:

- (1) the person lacks any of the education, experience, or certification requirements for the job.
- (2) the person lacks any other requirement established by Oklahoma statute or federal law for the job.
- (3) the person fails any part of an Appointing Authority's background investigation.
- (4) the person made a false statement of material fact in an application for employment or otherwise misrepresented himself or herself during the application process.
- (5) the person has used or attempted to use political pressure or bribery to secure an advantage in the examination or appointment process.
- (6) even with reasonable accommodation, the person is unable to perform the duties of the job or position(s) or is unable to do so without risk to himself or herself, the agency, or others, beyond that risk normally associated with such duties.
- (7) the person has obtained information regarding examinations to which an applicant is not entitled, or the person has taken part in the development, administration, or correction of the examinations.
- (8) the person is in possession of unauthorized materials or electronic device during an examination.
- (9) the person has failed to submit an application correctly or within the prescribed time limits.
- (10) the person has failed to maintain a record of current address at the Human Capital Management Division evidenced by the return of a letter by the U.S. Post Office, if properly addressed to the last address of record.
- (11) the person has, within two (2) years prior to the date of certification, been discharged for delinquency, misconduct, absenteeism, inability to perform the same type job for which applying or other disciplinary reason or has resigned in lieu of such dismissal from any public or private employer. The Appointing Authority may extend the two (2) year restriction for good cause.
- (12) the agency has exercised a selective qualification as established in 260:25-9-74.
- (13) an individual is ineligible for employment due to citizenship or residence requirements as prescribed in 260:25-9-75.
- (14) the person fails to reply to a request for an interview or fails to appear for a scheduled interview.

(b) The Administrator may remove or an Appointing Authority may request that the Administrator remove a person's name from all registers for a period of up to two (2) years from

# Permanent Final Adoptions

the date of an incident as described in (a)(4), (a)(5), (a)(8), (a)(11), and (a)(14).

(e) Action initiated by an Appointing Authority under (a)(1), (a)(7), and (a)(9) of this Section shall be subject to the approval of the Administrator. Any person who is disqualified shall be notified electronically. Applicants who have not provided an e-mail address shall be notified in writing of this action and the reason for it. At the appropriate time, the Administrator shall notify an individual of the right to appeal. The party initiating the action, whether the Administrator or an Appointing Authority, shall be independently responsible for justifying the action, for both the nature and accuracy of the supporting information, and for the retention of that information pending appeal of the action.

## 260:25-9-10. Required certification of qualifications before promotions [REVOKED]

(a) The Administrator shall certify that a candidate meets the necessary job qualifications of a job family level in the classified service for the purpose of allowing the candidate to be appointed. Subsections (b), (c), and (d) of this Section describe exceptions to these requirements. The Appointing Authority shall use the electronic form made available online by, or accepted by, the Administrator to request certification of qualifications. The form solicits information about the candidate's qualifications.

(b) An employee who is demoted shall meet the minimum qualifications of the lower job to which he or she is demoted unless the demotion is to a job:

- (1) within the same job family, or
- (2) in which the employee previously has had permanent status, or
- (3) in the same job family as and below one in which he or she previously has had permanent status.

(c) Career progression promotions shall be exempt from subsection (a). The exception shall apply only after an employee has been in a lower level of the job family for an amount of time equal to the difference in the lengths of the experience requirements of the two levels. This exception shall not apply in any case to entry into a job family or where the next higher level is a supervisory position.

(d) The Administrator may delegate certification of qualifications to an Appointing Authority according to a written agreement made under Section 840 1.15 of the Act and the rules in Part 3 of Subchapter 1 regarding delegation of human resources functions.

## 260:25-9-13. Error in certification, scoring, or recording applicant information [REVOKED]

An error in certifying, scoring, or recording applicant information, which affects the relative ranking or application status of an applicant for initial or internal appointment, shall be corrected. The error shall be corrected by the Administrator, or if the error was made by an Appointing Authority to whom the Administrator has delegated certification of qualifications, the error shall be corrected by that Appointing Authority. The

correction shall not affect a good faith offer of appointment already made that is otherwise in accordance with the Act and the Merit Rules. The Appointing Authority who corrects an error shall promptly notify the Administrator of the correction.

## PART 3. WRITTEN AND PERFORMANCE TESTS [REVOKED]

### 260:25-9-32. Proficiency certificates [REVOKED]

(a) The Administrator shall accept certificates of proficiency issued within the last 12 months by accredited private or public schools, colleges, or the Oklahoma Employment Security Commission in lieu of typing and key entry tests [74:840 4.12]. The proficiency certificate solicits information about the applicant, the typing and/or key entry test upon which the applicant has demonstrated proficiency, and the name and address of the certifying official and agency or school.

(b) The proficiency certificate shall be based on the results of a performance test which is comparable to the Human Capital Management Division performance test for the same job.

### 260:25-9-33. Licensure [REVOKED]

If required to be ranked, applicants who have been previously tested and are currently licensed by the State of Oklahoma, shall be rated (ranked) according to training and experience when applying for jobs that require such testing and licensure [74:840 4.12].

### 260:25-9-35. Testing for promotions, demotions, transfers and reinstatements [REVOKED]

Examinations for promotion, demotion, transfer, and reinstatement shall not be required unless specified in the agency's promotional plan.

### 260:25-9-37. Repeating examinations [REVOKED]

(a) A person with a current and qualifying application may repeat a multiple-choice test 60 days from the original test date. A performance test may be repeated daily for as long as an applicant has a current and qualifying application that requires the performance test.

(b) The repeat interval for a written or performance test shall apply to both entrance and promotional examinations. The most recent, valid score on a written test will be used. An applicant may request to be certified with a score on a performance test other than the most recent one, provided that the score requested on a test is consistent with guidelines issued and made public by the Administrator. Otherwise, the examination is considered void.

### 260:25-9-38. Reviewing examinations [REVOKED]

Applicants shall be entitled to inspect their own rating and examination papers maintained in the Human Capital Management Division up to 30 days after the date of the examination. Such inspection shall be permitted only during regular business

hours at the Human Capital Management Division and shall include only those materials which would not compromise the security of the selection procedure. Any person who reviews an examination may not participate in the same examination for one year from the date of the review.

**260:25-9-39. Identification numbers [REVOKED]**

An identification number shall be used to identify all test materials of each applicant.

**260:25-9-40. Test results [REVOKED]**

Applicants who take an examination shall be notified electronically of the results. Applicants who have not provided an e-mail address shall be notified in writing.

**PART 5. REGISTERS [REVOKED]**

**260:25-9-50. Establishment of registers [REVOKED]**

The Human Capital Management Division shall establish and maintain registers as necessary to provide an adequate supply of qualified eligibles for positions in the classified service. The names of such persons shall be placed on the register in the order of their final score except as provided by law for veterans. Registers shall not be open for public inspection.

**260:25-9-51. Duration of registers; periods names may remain on registers [REVOKED]**

(a) The Administrator shall determine the duration of each register. After notice to affected eligibles, the Administrator may abolish a register or may shorten or extend the time that an eligible's name may remain on a register.

(b) If an eligible's name is not removed from a register under subsection (a) of this Section or other provisions of the Merit Rules, that eligible's name may remain on the register for a specific class for a period consistent with guidelines issued and made public by the Administrator and applied uniformly to all applicants. Subsequent applications for a job will be accepted only if the register for that job is open for recruitment.

(c) An applicant's name shall not appear on any register on the basis of a void examination as defined in 260:25-9-37.

**260:25-9-52. Removal of names from registers [REVOKED]**

(a) In addition to the reasons set forth in 260:25-9-9, when a written request which states the reason for such action is received from an Appointing Authority or based upon an action of the Human Capital Management Division, the Human Capital Management Division may temporarily or permanently remove an eligible from a register for any of the following reasons:

- (1) Removal requested by eligible applicant.
- (2) Appointment through certification to fill a permanent position in the same job.

(3) Failure to respond within 7 calendar days exclusive of the date of mailing of a written inquiry by the Appointing Authority relative to availability for appointment. Such inquiry shall include the date and time by which the eligible must contact the Appointing Authority.

(4) Failure to respond within 72 hours to an electronic message from the Appointing Authority relative to availability for appointment. Such inquiry shall include the date and time by which the eligible must contact the Appointing Authority and must be sent to the contact information provided by the eligible.

(5) Failure to appear for a scheduled interview.

(6) Declination of further consideration for selection.

(7) Declination of appointment.

(8) Failure to report for duty within the time specified by the Appointing Authority. (See 260:25-9-94.)

(9) Abolition of register by the Human Capital Management Division.

(b) Any person so affected shall be notified of this action and the reason for it.

**260:25-9-55. Statement of availability [REVOKED]**

It shall be the responsibility of eligibles to notify the Human Capital Management Division of any change in address or other change affecting availability for employment. Whenever an eligible notifies the Human Capital Management Division of conditions which restrict his or her availability or limit the locations where employment will be accepted, the eligible's name shall be withheld from all certificates which do not meet the stated conditions and locations. At any time, an eligible may file a new statement of conditions under which he or she will be available for employment.

**PART 7. CERTIFICATION [REVOKED]**

**260:25-9-70. Request for certification [REVOKED]**

When a new employee is needed to fill a vacancy in a classified position, the Appointing Authority may submit a request for certification to the Human Capital Management Division. The Appointing Authority may submit such a request only after the position has been allocated. The request shall include information necessary in order to issue a certificate, such as job family level and code, type of job, location of work, and certification method requested by the Appointing Authority. With the approval of the Administrator, the Appointing Authority may request certification as provided in 260:25-9-71.

**260:25-9-71. Certification methods [REVOKED]**

(a) Availability. The Administrator shall issue certificates which include the names of eligibles whose statements of availability and qualifications match the conditions of employment specified by the Appointing Authority on the request for certification.

(b) Work location.

# Permanent Final Adoptions

(1) The Administrator may certify all eligibles on a register, regardless of availability, if the conditions of employment are the same for all positions in that job family within the agency.

(2) When filling vacancies, an Appointing Authority may request that the Administrator issue a local certificate or certify available eligibles on the basis of score rank only. A "local certificate" is a subset of eligible applicants on a register who are residents of the locality, i.e., the county where the local office is located or said county and adjacent counties or a group of contiguous counties comprising a service area of an agency [74:840 4.13], and whose conditions of availability for a job correspond to those of the vacant position. On a local certificate, eligible applicants from the locality are ranked by examination score, including any awards of veterans preference, and are certified ahead of other available applicants who live outside the locality.

(c) Number of names. After receiving a request, the Administrator shall issue a certificate to the Appointing Authority. The certificate shall include the names of the top 10 available eligibles on the register for a job, plus anyone who is tied with the lowest ranked eligible within the hiring rule [74:840 4.13]. At the request of the Appointing Authority, the Administrator may also issue additional names to be considered in accordance with 260:25-9-92.

## 260:25-9-74. Selective qualifications [REVOKED]

Selective qualifications are job specific requirements authorized by the Human Capital Management Division for positions within a particular job family which are consistent with the duties and responsibilities of the particular position being filled. These qualifications may include special experience, education, or measurable competency in a non-English language. When requesting a certificate for a job family, an Appointing Authority may, upon written request to and approval by the Human Capital Management Division, use any Human Capital Management Division approved selective qualifications for that job for filling a particular position within that job family. Selective qualifications approved by the Human Capital Management Division for any job or position shall not reduce or add to the quantity of experience or education in the minimum qualifications established for that job family level.

## 260:25-9-75. Certification of alien applicants [REVOKED]

An eligible who is not a citizen of the United States and who is certified to an agency for employment under conditions which the applicant cannot legally accept, may be passed for cause.

## 260:25-9-76. Life of certificate [REVOKED]

If an appointment is not made within 90 calendar days of the date a certificate is issued, such certification shall be voided.

## PART 9. CLASSIFIED APPOINTMENTS [REVOKED]

### 260:25-9-91. Filling vacancies [REVOKED]

All vacancies in classified positions shall be filled as provided by the Oklahoma Personnel Act and the Merit Rules. All appointments shall be made at a hiring rate established for the job as provided in the agency's salary administration plan. No appointment shall be made to any classified position nor shall the position be otherwise encumbered until the position has been allocated in accordance with the Act and the Merit Rules.

### 260:25-9-92. Appointments from certificates [REVOKED]

After receipt of a certificate, the Appointing Authority may consider and select anyone whose name is within the hiring rule, i.e. the top 10 available eligibles, or anyone whose name is tied with the lowest ranked eligible within the hiring rule [74:840 4.13]. In selecting persons from among those certified, the Appointing Authority shall have the right, and is encouraged to examine applications, reports of investigations and interview eligibles.

(1) The Appointing Authority shall interview in person any Absolute Preference Veteran(s) within the hiring rule in order to allow the veteran(s) to demonstrate any transferable skills acquired in the military service [74:840-4.14(D)].

(2) The Appointing Authority shall not deny employment to, and pass over, an available Absolute Preference Veteran except as provided in the Act and this Section and in 260:25-9-131.

(3) If the Appointing Authority passes over an available Absolute Preference Veteran(s) as provided in the Act and Section in 260:25-9-131, the Appointing Authority shall interview in person any available veteran(s) who are within the hiring rule in order to allow the veteran(s) to demonstrate any transferable skills acquired in the military service [74:840 4.14(D)].

(4) The Appointing Authority may give preference in all cases to persons who have resided in Oklahoma for at least 1 year prior to the date of examination [74:840 4.13].

(5) The Appointing Authority need not consider any eligible who is currently in probationary status in the classified service, or permanent status with that agency in a job with the same or a higher pay band assignment.

(6) The Appointing Authority may take action to remove eligibles from consideration only as permitted and provided in the statutes or Merit Rules.

(7) If the Administrator has certified the names of eligibles in addition to those within the hiring rule, and if 1 or more eligibles initially within the hiring rule are removed from consideration in accordance with the Merit Rules, then the next lower eligible(s) may be added to fill in the hiring rule and anyone tied with the lowest such eligible may be considered and selected.

(8) The Appointing Authority is responsible for making the final selection.

**260:25-9-95. Appointments to noncompetitive classes [REVOKED]**

- (a) ~~An Appointing Authority of an agency having unskilled, semi-skilled, or similar jobs designated by the Administrator as noncompetitive, may appoint qualified veterans or non-veterans to such jobs in accordance with 260:25-9-71 and 260:25-9-92.~~
- (b) ~~On certificates issued for noncompetitive jobs, an Appointing Authority may appoint persons not certified by the Human Capital Management Division if the scores of such persons would place them within the hiring rule among those certified. An Appointing Authority shall not deny employment to, and pass over, an Absolute Preference Veteran except as provided in the Act, 260:25-9-92, and 260:25-9-131.~~
- (c) ~~Applicants for such positions may apply directly to agencies having such positions. Records of applicants shall be maintained by the Appointing Authority in accordance with U.S. Equal Employment Opportunity Commission's guidelines. The Appointing Authority shall notify the Human Capital Management Division of a noncompetitive appointment and enclose a completed application within 30 calendar days after the appointment, except for agencies with delegation authority to certify candidates for promotion, demotion, transfer or reinstatement within their agency.~~

**260:25-9-96. Project indefinite appointments [REVOKED]**

~~If the staff of an agency increases as a result of a project contract with another governmental agency or special purposes grant funds, the Appointing Authority shall select such personnel in accordance with 260:25-9-92. These persons shall be informed in writing at the time of appointment as to the terms and conditions of the appointment and the specific contract or grant funding this position. This information will be forwarded to the Human Capital Management Division with the appointment certification. These employees will be appointed for a regular probationary period and upon successful completion of such period shall be subject to all conditions, and eligible for all benefits, set forth in these Rules for permanent employees except that should the project be canceled or completed in less than 3 years, probationary and permanent Project Indefinite Appointment employees shall be released before regular probationary and permanent employees. Such action shall be subject to reduction in force in accordance with 260:25-13-3. Only upon completion of 3 years of Project Indefinite Appointment status, shall these employees become permanent career employees. No employee shall be maintained on a Project Indefinite Appointment for more than 3 years.~~

**260:25-9-100. Optional Program for Hiring Applicants with Disabilities [REVOKED]**

- (a) ~~Appointing Authorities may employ persons with severe disabilities who are legal residents of Oklahoma through the Optional Program for Hiring Applicants with Disabilities ("Program") [74:840-4.12]. Program participants shall meet all minimum qualifications of education and experience, but shall be exempt from entrance examinations and hiring~~

- ~~procedures administered by the Human Capital Management Division [74:840-4.12]. Program participants shall be certified as having disabilities in accordance with the standards and procedures in subsection (b) of this Section [74:840-4.12]. Persons with severe disabilities are not required to participate in this Program, and they may elect to be considered for employment through regular selection procedures [74:840-4.12].~~
- (b) ~~The Department of Rehabilitation Services shall certify an applicant as having disabilities according to the definition for "individual with severe disability" in OAC 612:10-1-2, which the Administrator has established as the standard for disability certification, and shall provide electronic or written verification to the applicant and to the Human Capital Management Division.~~
- (c) ~~The Administrator shall give each Program applicant certified according to (b) , a letter of notification of all job family levels for which the applicant has applied and possesses the minimum qualifications of education and experience.~~
- (d) ~~Letters of notification as described in (c) shall be valid for an initial 12-month period. Applicants may renew eligibility every 12 months by reapplying with the Human Capital Management Division.~~
- (e) ~~An applicant for the Program may apply directly to employing agencies. In order to be eligible for appointment to fill a vacant position, an applicant shall be a legal resident of Oklahoma. The applicant shall submit to the Appointing Authority of the employing agency a current letter from the Administrator as described in subsections (c) and (d) indicating the applicant possesses the qualifications of education and experience for the vacancy.~~
- (f) ~~Persons with severe disabilities hired pursuant to this Program shall be subject to the Merit Rules [74:840-4.12].~~

**260:25-9-102. Reinstatement to the classified services [REVOKED]**

- (a) ~~A permanent employee who leaves the classified service is eligible for reinstatement.~~
- (b) ~~If an Appointing Authority elects to appoint a person who is eligible for reinstatement, the person shall be certified according to 260:25-9-10. A test may be required under 260:25-9-35 before his or her reinstatement.~~
- (c) ~~The Appointing Authority may place the person in probationary status with the agency for the maximum period required for original appointments or for a shorter period. The Appointing Authority may not extend the probationary period, but may adjust the probationary period due to an extended absence as provided for in 260:25-11-36(b). If the Appointing Authority requires a probationary period, the Appointing Authority shall notify the reinstated employee and the Human Capital Management Division in writing of the length of the probationary period before the employee's entry on duty. The Appointing Authority may cancel the probationary period at any time and grant permanent status to the employee.~~

**PART 11. DIRECT HIRE AUTHORITY [REVOKED]**

# Permanent Final Adoptions

---

## 260:25-9-110. Purpose

The purpose of the rules in this Part is to establish policies and procedures by which the Administrator may authorize agencies to directly fill positions requiring professional practice licensure and hard to fill positions, to establish criteria for identifying professional practice licensure positions and hard to fill positions which shall not require establishment of an employment list of eligible persons or the application of veterans preference... and to establish recordkeeping and reporting procedures and the conditions under which the Administrator may withdraw authorization for agencies to directly hire persons into hard to fill positions [74:840 4.13(C)].

## 260:25-9-111. Definitions [REVOKED]

In addition to terms defined in 260:25-1-2 the following words and terms, when used in this Part, shall have the following meaning, unless the context clearly indicates otherwise:

**"Adequate applicant pool"** means 10 or more available qualified eligibles on open competitive announcements maintained by the Human Capital Management Division for the location of a vacancy under the conditions of employment required for the position.

**"Conditions for employment"** means requirements for the position established by the agency and approved by the Human Capital Management Division such as willingness to travel, perform shift work, or work in a particular geographic location, or possession of any selective qualifications or special requirements for the position.

**"Direct hire authority"** means the authorization for an Appointing Authority to certify the qualifications of and appoint an eligible applicant to a position requiring professional practice licensure or to a position which has been identified by the Administrator as hard to fill.

**"Hard to fill positions"** means a vacant position or positions in a job family for which a state agency has been unable to identify an adequate applicant pool within the past 2 weeks of open competitive announcement.

**"Professional practice licensure positions"** means those positions within a job family for which the Administrator has determined the minimum qualifications for the job require professional licensure with the State of Oklahoma to legally practice in the profession. Such a job shall involve work requiring knowledge of an advanced type in a field of science or learning, customarily obtained by a prolonged course of specialized instruction or study such as a bachelor's degree from an accredited college or university. The Administrator shall maintain a list of jobs requiring professional practice licensure and shall make the list available to all state agencies with positions allocated to these job families.

## 260:25-9-112. Scope of direct hire authority [REVOKED]

Direct hire authority shall not waive any requirement for any job classification or position established by statute or the Administrator, such as testing or promotional posting requirements, except as provided in 74:840 4.13(C). An Appointing

Authority who has been authorized direct hire authority shall assure equal employment opportunity to all applicants.

## 260:25-9-114. Application for direct hire authority [REVOKED]

(a) Applications for direct hire authority shall be in accordance with 260:25-1-33, and shall include a description of how the position meets the definition of a "hard to fill position" or a "professional practice licensure" position.

(b) The Administrator shall respond to the application for direct hire authority according to 260:25-1-35. If the application for direct hire authority is to be approved, the Administrator shall prepare a written memorandum of agreement according to 260:25-1-43 for delegation authority.

## 260:25-9-115. Duration of direct hire authority [REVOKED]

(a) Professional practice licensure positions. An Appointing Authority who has been authorized direct hire authority for professional practice licensure positions may retain the authority indefinitely, provided:

- (1) the job family or job families to which the positions have been allocated remain authorized for the agency's use by the Human Capital Management Division;
- (2) the professional practice licensure requirement for the positions is not removed; and
- (3) the authority is not terminated by the Administrator as provided in 260:25-9-121.

(b) Hard to fill positions. An Appointing Authority who has been authorized direct hire authority for hard to fill positions may retain the authority indefinitely unless the authority is terminated by the Administrator as provided in 260:25-9-121. The Appointing Authority may reapply to continue direct hire authority in the same manner as in the initial request.

## 260:25-9-117. Concurrent certification by the Human Capital Management Division [REVOKED]

The Human Capital Management Division may continue to establish registers and issue certificates for any job affected by the rules in this Part. An Appointing Authority who has been granted direct hire authority also may request certificates of eligibles from the Human Capital Management Division. Eligibles certified from an Human Capital Management Division certificate shall be considered by the Appointing Authority as required by the Act and Merit Rules governing certification.

## 260:25-9-118. Reporting and recordkeeping [REVOKED]

(a) **Reporting.** Appointing Authorities shall report all appointments made through direct hire authority to the Administrator as required by 260:25-11-3. The notification shall include a copy of the application, transcripts, and certification of qualifications of the person appointed; and for professional

practice licensure positions, a copy of the verification of licensure. Failure to notify the Administrator of appointments made through direct hire authority within 30 days after the effective date shall be cause for termination of the authority.

(b) **Recordkeeping.** Appointing Authorities shall maintain all records made or considered in the selection and hiring process, regardless of whether the applicant was appointed to the position, for the minimum length of time required by state and federal law. Appointing Authorities shall make the records available for inspection by staff members of the Human Capital Management Division Management upon request.

**260:25-9-120. Correction of errors [REVOKED]**

(a) Errors in the certification of qualifications shall be corrected according to 260:25-9-13.

(b) Errors in the certification of qualifications may result in termination of the direct hire authority according to 260:25-9-121.

(c) Willful violations of the Act or Merit Rules in connection with the exercise of the direct hire authority may result in administrative fines according to 74:840-6-9.

(d) Other corrective actions may be required by the Administrator as described in 260:25-1-49.

**260:25-9-121. Audit and termination of direct hire authority [REVOKED]**

(a) Audits.— The Administrator may audit appointments made under the rules in this Part according to 260:25-1-47.

(b) Termination.— The Administrator may terminate the agreement according to 260:25-1-51. Reasons for terminating direct hire authority shall include, but not be limited to, a finding by the Administrator that the authority has been used to appoint applicants who do not meet the education, experience or professional practice licensure requirement established for the class.

**260:25-9-123. Expedited recruitment [REVOKED]**

(a) The Administrator may select positions or job family levels for expedited recruitment when in the opinion of the Administrator the education, experience or certification requirements for such positions or job family levels substantially limit the pool of available applicants to less than an adequate applicant pool as defined by 260:25-9-111. Applicants for positions selected for expedited recruitment who have been approved by the Human Capital Management Division as meeting the minimum qualifications for the job may be referred to agencies having such vacancies without examination and ranking, provided that the register for the job has been publicly announced for at least 14 calendar days. Applicants for positions selected for expedited recruitment are eligible for appointment upon referral. [74:840-1-6A]

(b) An Appointing Authority may request that positions or job family levels be considered for expedited recruitment by submitting a written request to the Administrator. The request shall describe the unique education, experience or certification

requirements that substantially limit the pool of available applicants, the recruitment efforts made by the agency, the suggested duration of the expedited recruitment designation, and shall be accompanied by a Position Description Questionnaire (HCM-39) for the position(s). The Administrator may request clarification or additional information from the agency. The Administrator shall provide the agency with written notification of his approval or denial of the request. The decision of the Administrator shall be final.

(c) An Appointing Authority who has expedited recruitment authority may retain that authority for 12 months from the date of approval by the Administrator unless that authority is terminated by the Administrator pursuant to 260:25-9-121. The Appointing Authority may reapply to continue expedited.

**PART 13. VETERANS PREFERENCE [REVOKED]**

**260:25-9-130. Veterans preference on list of eligible [REVOKED]**

In establishing employment lists of eligible persons for competitive and noncompetitive appointment, certain preferences shall be allowed for veterans honorably discharged from the Armed Forces of the United States [74:840-4.14(A)].

(1) Five points shall be added to the final grade of any person who has passed the examination and has submitted proof of having status as a:

- (A) veteran [74:840-4.14(A)(1)]; or
- (B) unmarried surviving spouse of a veteran [74:840-4.14(A)(1)]; or
- (C) spouse of a veteran who is unemployable due to a service connected disability as certified by the Veterans Administration or agency of the Defense Department within six (6) months of the date of application [74:840-4.14(A)(2)].

(2) Ten points shall be added to the final grade of any veteran who has passed the examination and has submitted proof of having a service connected disability as certified by the Veterans Administration or Agency of the Defense Department within six (6) months of date of application [74:840-4.14(A)(3)].

(3) In addition to the 10 points preference provided in (2) of this subsection, such eligible veterans who are in receipt of benefits payable at the rate of 30% or more because of the service connected disability, shall be considered Absolute Preference Veterans. Their names shall be placed at the top of the register, ranked in order of their examination scores. Absolute Preference Veterans shall not be denied employment and passed over for others without showing cause. [74:840-4.14(A)(3)]

**260:25-9-131. Pass for cause of an absolute preference veteran [REVOKED]**

(a) An Appointing Authority who finds it necessary to pass over an Absolute Preference Veteran for cause must receive written approval from the Administrator before taking such action. Any Appointing Authority who, without prior approval,

# Permanent Final Adoptions

passes an Absolute Preference Veteran for cause on any certificate returned to Human Capital Management shall be required to hire the preferenced applicant, if such pass for cause is subsequently rejected by the Administrator. No offer of initial employment may be made to any applicant ranked below such veterans in the absence of this approval; such offers and any subsequent initial appointments shall be void. [74:840 4.14(A)(3)]

(b) Nothing in this Section prohibits or limits passing an Absolute Preference Veteran to hire another Absolute Preference Veteran within the hiring rule, or hiring any other eligible through means other than an initial appointment.

(c) A request to pass over or disqualify an Absolute Preference Veteran shall include a detailed written explanation and justification provided by the Appointing Authority documenting why the Appointing Authority believes:

(1) the applicant cannot be reasonably expected to satisfactorily perform at the required level of the position [74:840 4.14(A)(3)]; or

(2) it is necessary to disqualify the applicant because of 1 or more of the causes for disqualification listed in 260:25-9-9, Disqualifications.

(d) Any person who is so disqualified shall be notified in writing by the Administrator of the right to appeal.

## 260:25-9-132. Opening closed registers for veterans [REVOKED]

War veterans, as defined by Section 67.13a of Title 72 of the Oklahoma Statutes, who have been awarded the Purple Heart or have a service incurred disability rated by the Veterans Administration or a branch of the Armed Forces of the United States ..., shall be authorized to open any closed register [74:840 4.14(B)].

## SUBCHAPTER 11. EMPLOYEE ACTIONS

### PART 1. GENERAL PROVISIONS

#### 260:25-11-1. Purpose

The purposes of the rules in this Subchapter are to establish policies and procedures for probationary periods of employment [74:840 4.13(D)], transfers, promotions, demotions, and separations, while protecting employees from arbitrary dismissal or unfair treatment [74:840 1.6(A)(3)], for various employee actions.

#### 260:25-11-3. Reports of personnel change [REVOKED]

Appointing Authorities shall use such forms and follow such procedures as may be prescribed by the Human Capital Management Division to effect personnel changes. In addition, for purposes of payroll certification, Appointing Authorities shall use such forms as may be prescribed by the Human Capital Management Division to report personnel actions with respect to unclassified employees. Unless otherwise provided

in the Merit Rules, forms effecting personnel changes, including appointments, shall be submitted to the Human Capital Management Division within 30 days after the effective date. Classified employees shall receive a copy of forms effecting changes in their personnel status.

#### 260:25-11-7. No previous Merit System status [REVOKED]

When a position occupied by an unclassified employee is made subject to the Merit System by Executive Order or legislation, the Administrator shall allocate the position as it exists on the effective date of becoming subject to the Merit System. Unless there is conflicting legislative direction, the unclassified employee who occupies the position on that date shall be given status in the job family level to which the position is allocated by the Administrator. The effective date of the allocation shall be the same as the effective date of the Executive Order or legislation. The employee shall not be required to take any examination or qualify for the job family level, and the salary of the employee shall not be reduced as a result of such initial allocation. The status of the employee shall be determined as follows:

(1) An employee who has been continuously employed by the agency for a minimum of twelve (12) months immediately preceding the date on which the employee is made subject to the provisions of the Merit System shall be given permanent status in the classified service.

(2) An employee who has been continuously employed by the agency for less than twelve (12) months on the date the employee is made subject to the provisions of the Merit System shall be given probationary status in the classified service. Such employee may obtain permanent status in the classified service twelve (12) months after the employee's entry on duty date with the agency pursuant to the provisions of the Merit System. [74:840 4.2]

### PART 3. PROBATIONARY EMPLOYEES [REVOKED]

#### 260:25-11-30. Probationary employees; general provisions [REVOKED]

(a) All original appointments to classified positions shall be made from certificates, except as provided elsewhere in the Merit Rules or by statute, for a probationary period of 1 year, unless the length of the probationary period is reduced according to the provisions of this Section [74:840 4.13]. At the end of the probationary period, the employee shall automatically become permanent [74:840 4.13]. At any time after the probationary employee has served 6 months, the Appointing Authority may waive the remainder of the probationary period by notifying the employee and the Human Capital Management Division in writing as to the waiver and the reasons for it [74:840 4.13]. The Appointing Authority may not extend the probationary period, but may adjust the probationary period due to extended absence as provided in 260:25-11-36. The final working day of the probationary period shall be made known to the employee at the time of entry on duty and at the

time of any adjustment or waiver of the probationary period. Some positions may have statutory probationary periods that differ from the conditions of this Section.

(b) Except as provided in 260:25-9-102, the provisions of this Part apply to probationary periods made in accordance with those Merit Rules.

(c) An employee on an original probationary appointment with the agency or any adjustment of the original probationary appointment, or on a probationary period with the agency after reinstatement, or an adjustment of such a probationary period may be released or dismissed in accordance with 260:25-11-32.

(d) The Appointing Authority may establish a written policy describing any agency standard for waiving the probationary period after 6 months and the reasons for the standard.

**260:25-11-31. Permanent status [REVOKED]**

Permanent status in the classified service shall not be granted until the probationary period has been successfully completed. Such status shall begin at the end of the final working day of the probationary period [74:840 4.13(D)] except as otherwise provided in the following Sections: 260:25-11-30; 260:25-11-36; and 260:25-11-32.

**260:25-11-32. Termination during probationary period [REVOKED]**

The probationary appointment of any person may be terminated at any time during the probationary period without the right of appeal [74:840 4.13(D)].

**260:25-11-33. Change in part-time or full-time status of probationary employees [REVOKED]**

Probationary employees originally appointed part time shall not be changed to full time until the probationary period has been completed. However, a probationary employee originally appointed full time may request and be changed to part time.

**260:25-11-35. Annual and sick leave of probationary employees [REVOKED]**

Annual and sick leave, as provided in 260:25-15-10, 260:25-15-11 and 260:25-15-12, shall be granted to probationary employees. A probationary employee who resigns and is reappointed by the same agency through an open competitive process within 10 calendar days shall be credited the annual and sick leave accumulated during the previous probationary period.

**260:25-11-36. Leave of absence for probationary employees: Adjustment of probationary period [REVOKED]**

(a) Upon written request, a probationary employee may be granted leave of absence without pay from the agency in accordance with 260:25-15-47, Leave of absence without pay, or

260:25-15-49, Leave because of absence due to job related illness or injury.

(b) If a probationary employee is absent from work in excess of thirty (30) non continuous working days, the probationary period shall be adjusted by the number of working days the probationary employee was absent. The employee shall be notified at the earliest date that the probationary period is to be adjusted. Upon the employee's return to work, notification of such adjustment shall be provided to the employee and the Human Capital Management Division and shall include the adjusted date of the final working day of the probationary period.

**260:25-11-37. Salary advancement of probationary employees [REVOKED]**

No probationary employee shall receive a performance pay increase.

**260:25-11-38. Promotion or demotion of probationary employees [REVOKED]**

A probationary employee shall not be eligible for promotion or demotion to another job.

**260:25-11-39. Transfer of probationary employees [REVOKED]**

A probationary employee shall not be transferred to a position in another job family level or agency except as provided in Section 840 2.21 of Title 74 of the Oklahoma Statutes, 260:25-15-49, or 260:25-11-74. No probationary employee appointed from a local certificate, issued in accordance with 260:25-9-71(b), shall be transferred from that locality until the probationary period has been completed.

**260:25-11-40. Probationary employee shift assignment [REVOKED]**

A change in shift assignment, in excess of 30 calendar days, shall not be made for a probationary employee without prior approval of the Human Capital Management Division.

**PART 5. PROMOTIONS [REVOKED]**

**260:25-11-51. Promotional posting [REVOKED]**

(a) The appointing authority shall post announcements of a vacancy or vacancies in accordance with a promotional plan filed by the agency with the Office of Management and Enterprise Services. [A copy of this plan shall be posted throughout the agency.] Promotional posting shall be required for initial entry into a job family at any level. Promotional posting shall also be required for entry into any supervisory position or level. Each agency's promotional posting plan shall describe the method by which all agency employees will be notified of vacancy announcements. [74:840 4.15] The Appointing Authority shall post all promotional opportunities to vacant positions. Promotional posting is not required for career progression or for reallocation of occupied positions.

(b) The posting shall include:

# Permanent Final Adoptions

- (1) Identification of the job family level of the vacancy or vacancies;
- (2) A listing of job title, major work duties and minimum qualifications;
- (3) The pay band and range;
- (4) The anticipated number of vacancies;
- (5) The specific location of work;
- (6) The time limits and procedure for filing an application with the appointing authority; and
- (7) Any additional factors which the appointing authority will consider in filling the vacancy. [74:840-4.15]

## 260:25-11-53. Promotional posting for continuous multiple vacancies [REVOKED]

The appointing authority may elect to post general promotional opportunities in cases where there are usually continuous multiple vacant positions within a given job family; provided the appointing authority maintains a promotional applicant list for each job family which is posted on the basis of general promotional opportunities. In such cases, the posting must include the length of time and conditions under which the promotional application of the candidate will remain available for active consideration by the appointing authority [74:840-4.15] as well as the information required by 260:25-11-51.

## 260:25-11-54. Promotional action appeals [REVOKED]

If an employee feels treated unfairly with regard to a promotional action after such complaint has been reviewed in a formal grievance procedure conducted in accordance with the grievance procedure of the agency, the employee may seek a remedy through the procedures established in the Oklahoma Personnel Act [74:840-4.15(C)]. If a violation of Section 841.10 [renumbered 840-2.9] of this title has been committed, the Oklahoma Merit Protection Commission may declare a position open [74:840-4.15(C)].

## 260:25-11-55. Trial period and probationary period for promoted employees [REVOKED]

- (a) Trial period after intra agency promotions:
  - (1) When a classified employee is promoted intra agency, the employee shall serve a 6 month trial period in the job to which the employee has been promoted unless the Appointing Authority waives the trial period according to the provisions of this Section. The Appointing Authority may waive the trial period at any time by giving the employee written notice of the cancellation. Waiver of the trial period makes the promotion final.
  - (2) If an employee does not prove to be satisfactory in the new job during the trial period, the employee shall be reinstated to the former position or another in the same job family level, at the salary the employee would have received if the promotion had not taken place. However, the reasons for denying the employee permanent status in the promotional position shall be submitted in writing to the individual before the end of the trial period and a copy

filed with the Human Capital Management Division. The employee shall not have the right to appeal [74:840-4.12].

- (3) The promotion shall automatically become permanent at the end of the final working day of the trial period.
- (4) The Appointing Authority may establish a written policy describing any agency standard for waiving the trial period and the reasons for the standard.
- (b) Trial period after interagency promotion:

- (1) An employee who is promoted interagency may, at the discretion of the receiving Appointing Authority, be required to serve a six (6) month trial period in the new job only if the receiving agency has the job family from which the employee was promoted in its classification plan.

- (2) The trial period may be canceled at any time, making the promotion final. Before the effective date of the promotion, the employee shall be informed in writing by the Appointing Authority whether the employee will be required to serve a trial period before such promotion becomes final. The promotion shall be permanent if the Appointing Authority fails to notify the employee in writing before the effective date of the promotion that a trial period is required under this paragraph. If an employee does not prove to be satisfactory in the new job during the trial period, the employee shall be reinstated to a position in the former job family in the same pay band for which the employee is qualified with the receiving agency, at the salary the employee would have received if the promotion had not taken place. However, the reasons for denying the employee permanent status in the promotional position shall be submitted in writing to the individual before the end of the trial period and a copy filed with the Human Capital Management Division. The promotion shall automatically become permanent at the end of the final working day of the trial period.

- (e) If an employee on a trial period is absent from work in excess of thirty (30) non continuous working days the trial period may be adjusted by the number of working days the employee was absent. The employee shall be notified at the earliest date that the trial period is to be adjusted. Upon the employee's return to work notification of such adjustment shall be provided to the employee and the Human Capital Management Division and shall include the adjusted date of the final working day of the trial period.

## PART 7. TRANSFERS AND VOLUNTARY DEMOTIONS [REVOKED]

### 260:25-11-71. Intra-agency transfer [REVOKED]

- (a) The intra agency transfer of a permanent employee from one position to another position in the same job family or another job in the same pay band, for which the employee has currently qualified, may be made at any time by the Appointing Authority.
- (b) Upon intra agency lateral transfer, an employee shall serve a six month trial period in the job level to which the employee is transferred, unless the trial period is waived in writing by the Appointing Authority. [74:840-4.12] The trial

period may be adjusted pursuant to 260:25-11-55(c). If an employee does not prove to be satisfactory in the new job during the trial period, the employee may be reinstated to the former position or another in the same job family level, at the salary the employee would have received if the transfer had not taken place. The employee shall be informed in writing of any action taken pursuant to this provision.

(c) A state agency shall have sole and final authority to designate the place or places where its employees shall perform their duties. The Oklahoma Merit Protection Commission shall not have jurisdiction to entertain an appeal of an employee from action of the employing agency transferring the employee from one county or locality to another, changing the assigned duties of the employee, or relieving the employee from performance of duty at a particular place and reassigning to the employee duties to be performed at another place, unless:

- (1) the action results in a change in job classification or reduction of base salary; or
- (2) an investigation by the Commission indicates that a violation of the provisions of Section 840-2.5 or 840-2.9 of . . . [the Oklahoma Personnel Act] may have occurred; or
- (3) it is established that the action was clearly taken for disciplinary reasons and to deny the employee the right of appeal. [74:840-4.19]

**260:25-11-72. Interagency transfer [REVOKED]**

(a) An interagency transfer is an action in which an employee leaves employment with one agency and enters employment with another agency while continuously employed with the state [74:840-1.3]. A permanent classified employee retains his or her permanent status in the classified service on interagency transfer.

(b) The interagency transfer of a permanent employee from one position to another in the same job or another job family in the same pay band, for which the employee has currently qualified, may be made at any time with the concurrence of the Appointing Authorities concerned, provided that such transfer has been requested in writing by the employee. Such a transfer may be made simultaneously with a promotion or demotion in accordance with the provisions of the Merit Rules.

**260:25-11-74. Interagency transfer of personnel resulting from transfer of facility or function [REVOKED]**

When a facility or function is transferred from one state agency to another, classified employees may be transferred without change or modification in status. Such transfer of personnel is subject to the following conditions and provisions:

- (1) Positions created in the receiving agency as a result of the transfer of a facility or function which are filled by employees being transferred in accordance with this Section need not be posted as vacant.

(2) If the job family level of transferring employees is not in the receiving agency's classification plan, the appropriate job families must be added to the plan on a temporary basis, not to exceed 6 months after the effective date of the transfer. Any such employee may be detailed to special duty, if necessary, to ensure that work assigned on a regular and consistent basis conforms to the employee's classification.

(3) The receiving agency shall give a transferring employee credit for all unused sick and annual leave the employee has accrued.

(4) The receiving agency shall not reduce the base salary of any employee at the time of the interagency transfer. If an employee must be reclassified to a higher job after transfer, a salary advancement is not required unless the rate of pay before promotion is below the new range. Subsequent salary changes must be in accordance with the Merit Rules.

(5) Except as specifically provided in this Section, all other Merit Rules governing the actions of employees and agencies remain in full force and effect, during and after the interagency transfer.

**260:25-11-76. Voluntary demotion [REVOKED]**

(a) An Appointing Authority may demote an employee, provided the employee voluntarily makes such a request in writing and meets the current minimum qualifications for the job family level to which demotion is requested as certified by the Administrator. Provided, however, that possession of the current minimum qualifications shall not be required where the demotion is to a job:

- (1) within the same job family, or
- (2) in which the employee has previously had permanent status, or
- (3) in the same job family as, and below, a job in which the employee has previously had permanent status.

(b) The Appointing Authority may require an employee to serve a trial period in the job to which the employee requests to be demoted. This trial period may not exceed 6 months and may be for shorter periods as determined by the Appointing Authority. The Appointing Authority shall notify the employee in writing before the effective date of the demotion that a trial period be served before such demotion shall become final. The Appointing Authority shall send the Human Capital Management Division written notice when a trial period is required for a demoted employee. The Appointing Authority may cancel such trial period at any time. If the employee does not prove to be satisfactory in the new job during the trial period, the employee shall be reinstated to the former position or another in the same job family. The Appointing Authority shall give the employee written notice of the reasons for the failure to allow the employee to acquire permanent status in the job to which demoted and shall file a copy with the Human Capital Management Division.

**PART 9. EMPLOYEE GUIDELINES**

## Permanent Final Adoptions

---

### 260:25-11-91. Conduct of classified employees

(a) Every classified employee shall fulfill to the best of his or her ability the duties of the office or position conferred upon the employee and shall behave at all times in a manner befitting the office or position the employee holds. In performing official activities the classified employee shall pursue the common good, and, not only be impartial, but act so that there can be no question of impartiality.

(b) A classified employee shall not engage in any employment, activity or enterprise which has been determined to be inconsistent, incompatible, or in conflict with his or her duties as a classified employee or with the duties, functions or responsibilities of the Appointing Authority by which the person is employed.

(c) Each Appointing Authority shall determine and prescribe those activities within applicable laws, which, for employees under its jurisdiction, will be considered inconsistent, incompatible or in conflict with their duties as classified employees. In making this determination, the Appointing Authority shall give consideration to employment, activity or enterprise which:

(1) involves the use for private gain or advantage of state time, facilities, equipment and supplies; or, the badge, uniform, prestige or influence of one's state office or employment, or

(2) involves receipt or acceptance by the classified employee of any money or other consideration from anyone, other than the state, for the performance of an act which the classified employee would be required or expect to render in the regular course or hours of state employment or as a part of the duties as a state classified employee, or

(3) involves the performance of an act which may later be subject directly or indirectly to the control, inspection, review, audit or enforcement by such classified employee.

(d) Each classified employee shall devote full time, attention and effort to the duties and responsibilities of his or her position during assigned hours of duty.

### 260:25-11-93. Resignation prior to prohibited activity

Before any classified employee can participate in any prohibited activity described in the constitution or laws of the State of Oklahoma or rules promulgated thereunder, such employee must resign or be subject to the penalty provided by law. The Appointing Authority shall report such alleged prohibited activity to the appropriate authority in writing.

## PART 11. OTHER TRANSACTIONS

### 260:25-11-110. Detail to special duty [REVOKED]

(a) ~~When the services of a permanent classified employee are temporarily needed in a job family or level other than the one to which the incumbent is regularly assigned the employee may be detailed to special duty, at the discretion of the Appointing Authority, to perform the duties of the job to which temporarily assigned.~~

(b) ~~A detail to special duty in no way shall affect the status, title or job family held before the detail.~~

(c) ~~An employee shall not be placed on detail to special duty more than twelve (12) months in any thirty six (36) month period.~~

(d) ~~Pay upon detail to special duty is covered in 260:25-7-17.~~

(e) ~~Detail to special duty is not required when an employee is temporarily assigned duties of another job for a period of less than sixty (60) days in any twelve (12) month period. Detail to special duty is also not required when an employee is temporarily performing such duties as part of a return to work program as a result of a work related illness or injury, regardless of whether that period exceeds sixty (60) days in any twelve (12) month period. Such temporary placement related to a return to work program shall not exceed six (6) months.~~

### 260:25-11-120. Suspension with pay

(a) An Appointing Authority may suspend ~~a~~ an ~~classified~~ employee from duty with pay for internal investigatory purposes ~~to give a classified employee the required notice and opportunity to respond before involuntary demotion, suspension without pay, or discharge;~~ or to require the employee to undergo a fit-for-duty examination to determine whether the employee is capable of performing the essential functions of the position in which employed. The Appointing Authority may require the employee to remain available during specified working hours to meet with investigators or other agency officials as required. A notice of suspension with pay, stating the beginning and ending dates and times and specifying any reporting requirements shall be issued to the employee in writing.

(b) If the employee was suspended with pay for investigatory purposes and is cleared, the Appointing Authority shall fully clear the employee's records in the custody of the agency and shall make every reasonable effort to fully clear any such records which are not in the custody of the agency. If the charges against the employee are confirmed, in whole or in part, a suspension with pay in accordance with this Section shall not preclude an Appointing Authority from taking disciplinary action in accordance with Oklahoma law and ~~the Merit Rules~~ applicable rules.

## PART 13. RESIGNATIONS

### 260:25-11-134. Resignation or leave without pay to accept an unclassified position [REVOKED]

(a) ~~No classified employee may be assigned to an unclassified or exempt position unless the employee so desires and such acceptance shall be transmitted in writing to the Administrator.~~

(b) ~~Any classified employee shall be deemed to have resigned the classified position on the date of accepting an appointment to a position in the exempt or unclassified service of the state; except that, a person appointed to a temporary or acting position in the exempt or unclassified service, including appointment as an acting incumbent as provided in Section 840-5.5(A)(50)-(49) of Title 74 of the Oklahoma Statutes, may alternatively request leave without pay status in the classified~~

position while assigned to the unclassified or exempt position. Such leave without pay shall not exceed 2 years from the date of the appointment to the unclassified service.

**SUBCHAPTER 13. REDUCTION-IN-FORCE  
[REVOKED]**

**PART 1. GENERAL PROVISIONS FOR  
REDUCTION-IN-FORCE [REVOKED]**

**260:25-13-1. Purpose [REVOKED]**

The purpose of the rules in this Subchapter is to implement the provisions of Sections 840 2.27A through 840 2.27(I) of the Oklahoma Personnel Act which pertain to reductions in force. The rules in this Subchapter establish general provisions for reductions in force and policies and procedures for recall and priority consideration for reemployment. The rules in this Subchapter governing reductions in force apply to classified employees within the executive branch only. This Subchapter is not a comprehensive listing of state and federal statutory provisions related to reductions in force and regulations promulgated thereunder, and is not intended to conflict with either state or federal law and regulations.

**260:25-13-2. Definitions [REVOKED]**

In addition to terms defined in 260:25 1 2 and 455:10 1 2, the following words and terms, when used in this Subchapter, shall have the following meaning, unless the context clearly indicates otherwise.

**"Affected job family levels"** means those containing affected positions.

**"Affected employees"** means classified employees in affected positions.

**"Affected positions"** means positions being abolished or positions which are subject to displacement action.

**"Agency"** means any office, department, board, commission, or institution of all branches of state government, except institutions within The Oklahoma State System of Higher Education.

**"Displacement or displace"** means the process of an employee accepting an offer of employment to an occupied or funded vacant position.

**"Displacement limit"** means any area within an agency in which displacement may not occur. These areas may include, but are not limited to, job families, units, and geographic areas within an agency.

**"Displacement opportunity"** means the circumstances under which an occupied or funded vacant position is subject to displacement by an affected employee.

**"Displacement privilege"** means the privilege an affected employee has to utilize a displacement opportunity.

**"Educational institution"** means an institution within The Oklahoma State System of Higher Education, a facility under the management or control of the Oklahoma State Department of Vocational and Technical Education, or a licensed private educational institution in the State of Oklahoma.

**"Personnel transaction"** means the record of the separation as a result of a reduction in force of a classified affected employee from an agency, or the record of the transfer or demotion of a classified affected employee. [74:840 2.27B]

**"Reduction in force"** means abolition of positions in an agency or part of an agency and the corresponding nondisciplinary removal of affected employees from such positions through separation from employment or through displacement to other positions.

**"Reorganization"** means the planned elimination, addition or redistribution of functions or duties either wholly within an agency, any of its subdivisions, or between agencies.

**"Severance benefits"** means employee benefits provided by the State Government Reduction in Force and Severance Benefits Act to affected employees separated through a reduction in force.

**"Years of service"** means current and prior service which is creditable for the Longevity Pay Plan. An affected employee shall not be required to have been continuously employed for two (2) years to be given credit for either current or prior service pursuant to the State Government Reduction in Force and Severance Benefits Act.

**260:25-13-6. Equal employment opportunity (EEO)  
[REVOKED]**

In planning and conducting a reduction in force, the Appointing Authority shall consider the effect of decisions, such as establishment of displacement limits and selection of job family levels containing positions to be abolished, on the composition of the work force of the agency. If displacement limits are established in accordance with 260:25 13 5 and Section 840 2.27C of the Oklahoma Personnel Act, adverse impact will be assessed as recognized in state and federal laws, rules and guidelines. The Appointing Authority shall take appropriate action consistent with state and federal laws, rules and guidelines governing adverse impact.

**260:25-13-8. Required freeze on personnel actions  
[REVOKED]**

(a) **Cabinet Secretary approval.** Prior to the posting of any reduction in force notice, the notice shall be approved by the cabinet secretary for the agency conducting the reduction in force. [74:840 2.27C] If there is no incumbent cabinet secretary for the agency or if the appointing authority is governed by an elected official, the approval requirement shall not apply.

(b) **Notice.** At least 60 days before the scheduled beginning of reduction in force separations or as otherwise provided by law, the Appointing Authority shall post a notice in each office affected by the proposed reduction in force that a reduction in force will be conducted in accordance with the Oklahoma Personnel Act and Merit Rules. Such notice shall be posted for 5 days. The Appointing Authority shall provide a copy of the notice to the Administrator. A reduction in force shall not be used as a disciplinary action. [74:840 2.27C(A)]

(c) **Implementation plan.** The reduction in force implementation plan and subsequent personnel transactions directly related to the reduction in force shall be in compliance with

## Permanent Final Adoptions

---

rules adopted by the Administrator. The reduction in force implementation plan, including the description of and reasons for displacement limits and protections from displacement actions, and severance benefits that will be offered shall be posted in each office affected by the plan within 5 business days after posting of the reduction in force notice. At the discretion of the Appointing Authority, the reduction in force implementation plan may be posted concurrently with the reduction in force notice. The reduction in force implementation plan shall:

- (1) Specify the position or positions to be abolished within specified units, divisions, facilities, agency wide or any parts thereof, as determined by the Appointing Authority;
  - (2) Provide for retention of affected employees based on type of appointment;
  - (3) Require separation of probationary classified affected employees in affected job family levels, except those affected employees in probationary status after reinstatement from permanent classified status without a break in service, prior to the separation of any permanent classified affected employee in an affected job family level;
  - (4) Provide for the retention of permanent classified affected employees in job family levels and those affected employees in probationary status after reinstatement, based on years of service;
  - (5) Provide for exercise of displacement opportunities by permanent classified affected employees and those affected employees in probationary status after reinstatement if any displacement opportunities exist; and
  - (6) Provide for outplacement assistance and employment counseling from the Oklahoma Employment Security Commission and any other outplacement assistance and employment counseling that may be available. [74:840 2.27C(B)]
- (d) **Review of fiscal components.** The Director of the Office of Management and Enterprise Services shall, within 5 business days of receipt, review the fiscal components of the reduction in force implementation plan and reject any plan that does not meet the requirements of Section 840 2.27C(D) of Title 74 of the Oklahoma Statutes.
- (e) **Notice to State Employee Retirement Systems.** Within 30 days after the approval of a reduction in force implementation plan by the Office of Management and Enterprise Services, the Appointing Authority shall provide written notice of the approved plan to the Oklahoma Public Employees Retirement System or the Oklahoma Teachers' Retirement System, or a combination thereof to facilitate the possible purchase of termination credit if the affected employee(s) is a member of the aforementioned retirement system.

### **260:25-13-9. Continuation of insurance upon separation by reduction-in-force [REVOKED]**

The Appointing Authority shall notify employees who are separated because of a reduction in force and who are ineligible for or who decline severance benefits pursuant to Section 840 2.27D of Title 74 of the Oklahoma Statutes of their rights to continue their insurance coverage under the Public Health Service Act, 42 U.S.C. § 300bb 1, et seq.

### **260:25-13-10. Appeal of reduction-in-force [REVOKED]**

Employees may only appeal a reduction in force to the Merit Protection Commission on the basis of procedural errors in the application of the reduction in force plan of the employing agency [74:840 6.2(J)]. A reduction in force shall not be used as a disciplinary action.

### **260:25-13-11. Option in lieu of reduction-in-force [REVOKED]**

Agencies may provide voluntary out benefits to eligible employees in accordance with the provisions of Section 840 2.28 of Title 74 of the Oklahoma Statutes.

### **260:25-13-12. Severance benefits [REVOKED]**

- (a) Agencies shall provide mandatory severance benefits in accordance with the provisions of Section 840 2.27D of Title 74 of the Oklahoma Statutes to eligible classified employees, eligible classified employees on probationary status after reinstatement from permanent classified status without a break in service, and regular unclassified employees who are separated as a result of the same reasons that a reduction in force is conducted for classified employees. Employees who are eligible for Priority Reemployment Consideration in accordance with Section 8402.27C of Title 74 of the Oklahoma Statutes and Part 7 of this Subchapter who are employed by any agency before the scheduled date of reduction in force separations, are not eligible for severance benefits. Employees who are reemployed by the agency from which separated by a reduction in force less than 1 year after receiving severance benefits are required to repay such benefits in accordance with Section 840 2.27E of Title 74 of the Oklahoma Statutes.
- (b) An agency which is separating only unclassified employees with 1 year or more continuous service for budgetary reasons may provide severance benefits pursuant to Sections 840 2.27D and 840 5.1A of Title 74 of the Oklahoma Statutes.
- (c) An eligible employee who accepts severance benefits shall be required to sign an agreement, in a form prescribed by the Administrator, acknowledging that the employee accepts the severance benefits provided by the Appointing Authority pursuant to the provisions of Section 840 2.27D of Title 74 of the Oklahoma Statutes. The form provides information to the affected employee concerning his or her rights and responsibilities under Section 840 2.27E of Title 74 of the Oklahoma Statutes. [74:840 2.27E]

**260:25-13-13. Reduction-in-Force Educational Voucher Fund [REVOKED]**

There is hereby created in the State Treasury a revolving fund for the Office of Management and Enterprise Services to be designated the "Reduction in Force Education Voucher Action Fund." The fund is to be used to provide education vouchers to eligible employees exercising rights to severance benefits or voluntary out benefits in accordance with Sections 840 2.27D and 840 2.28 of Title 74 of the Oklahoma Statutes. The vouchers are to be used to make payment to eligible educational institutions.

**PART 3. REDUCTION-IN-FORCE PLAN REQUIREMENTS [REVOKED]**

**260:25-13-31. Abolishing positions and retaining positions [REVOKED]**

The Appointing Authority shall determine the specific position or positions to be abolished within specified units, divisions, facilities, agency wide or any parts thereof [74:840 2.27C]. The Appointing Authority shall determine which vacant positions will be retained. [74:840 2.27C].

**260:25-13-32. Order of employee removal [REVOKED]**

(a) Agency wide, or within displacement limits, if established, retention of affected employees shall be based on job family level and type of appointment [74:840 2.27C]. Subject to eligible classified employees accepting displacement offers, agencies shall separate probationary classified employees in affected job family levels, except those affected employees on probationary status after reinstatement from permanent classified status without a break in service, prior to the separation or voluntary demotion of any permanent classified employee from the same job family level [74:840 2.27C].

(b) Retention of permanent classified employees in affected job family levels and within displacement limits, if any are established, shall be based on years of service [74:840 2.27C].

(c) The Appointing Authority shall calculate retention points for all eligible classified employees, including those on an approved leave of absence. Eligible classified employees with more retention points shall be ranked higher; with the order of removal from a job family level in inverse order of that ranking. If tie scores occur, the ranking of employees who have the same total retention points shall be determined first by giving a veteran's preference over affected nonveterans who have equal retention points to the affected veteran and then by giving preference for retention according to years of service in the agency. If a tie continues to exist, retention status shall be determined by a method established by the Appointing Authority and described in the reduction in force implementation plan [74:840 2.27C].

(d) For purposes of a reduction in force, any permanent classified employee on a detail to special duty shall be ranked on the basis of base job family level, not on the basis of the job to which detailed.

**260:25-13-33. Calculation of retention points for years of service [REVOKED]**

(a) Affected employees shall be given credit for all current and prior service which is creditable for the Longevity Pay Plan, Section 840 2.18 of Title 74 of the Oklahoma Statutes. An employee shall not be required to have been continuously employed for 2 years to be given credit for either current or prior service.

(b) An employee shall be granted 1 point for each full month of full time service. Points shall not be granted for any work in excess of full time. Points will be prorated for each month during which the employee worked less than full time or less than the full month. In no case shall more than 1 point per month be granted. Appointing Authorities shall make sure that pro rata computations are consistent in application and calculation within the agency.

(c) A break in service or leave without pay period of more than 30 calendar days shall not be included in the calculation of retention points unless the employee was on military leave or on leave without pay in accordance with Section 840 2.21 of Title 74 of the Oklahoma Statutes. Periods of leave without pay of 30 calendar days or less shall be counted as full time service.

(d) The end date for the calculation of years of service shall be uniform within an agency and shall approximate the date the reduction in force implementation plan is posted.

**260:25-13-34. Displacement opportunities and limits [REVOKED]**

(a) Limitations on displacement opportunities. Except as provided in this Section, displacement opportunities shall be offered to eligible classified employees. Displacement opportunities shall not be offered if the result would be to cause the displacement of a permanent classified employee with higher retention points. Employees who have no displacement opportunities or who choose not to exercise a displacement opportunity, employees who do not respond to an offer in accordance with 260:25 13 37, and employees who refuse an offer shall be separated in accordance with 260:25 13 38. The appointing authority may protect from displacement action up to twenty percent (20%) of projected post reduction in force employees in affected positions within displacement limits; provided that any fractional number resulting from the final mathematical calculation of the number of those positions shall be rounded to the next higher whole number. The appointing authority must explain why affected employees are being protected. Employees must have received an overall rating of "meets standards" on the most recent performance evaluation in order to exercise a displacement opportunity. For the purposes of this Section, employees who have not been rated within the past 12 months shall be deemed to have received an overall rating of "meets standards" on the most recent performance evaluation. [74:840 2.27C]

(b) Offers of displacement opportunities. Starting with the employee having the highest retention points, displacement opportunities shall be offered to eligible classified employees and to displaced employees. Such offers shall be confined within

## Permanent Final Adoptions

any displacement limits established by the Appointing Authority. Options available will be offered in the order listed below. If an opportunity at one level, e.g. (1)(A), does not exist, an opportunity at the next lower level, e.g. (1)(B), shall be offered, if available. If the affected employee has not held within the last five (5) years a position in the job family level or predecessor class in which the affected employee is otherwise eligible for a displacement opportunity, the appointing authority may determine that the affected employee does not possess the recent relevant experience for the position and deny in writing the displacement opportunity. [74:840 2.27C]

- (1) Transfer within the same job family and level into a retained position which is currently:
  - (A) vacant and available for displacement in accordance with 260:25-13-31,
  - (B) held by a non-permanent employee (in order of appointment type), or
  - (C) held by the employee with the lowest retention points.
- (2) Lateral transfer to a retained position in another job family previously held in the reverse order in which they were held by the employee on a permanent basis which is currently:
  - (A) vacant and available for displacement in accordance with 260:25-13-31,
  - (B) held by a non-permanent employee (in order of appointment type), or
  - (C) held by the employee with the lowest retention points.
- (3) Voluntary demotion to a retained position in the next available lower level of the same job family which is currently:
  - (A) vacant and available for displacement in accordance with 260:25-13-31,
  - (B) held by a non-permanent employee (in order of appointment type), or
  - (C) held by the employee with the lowest retention points.
- (4) Voluntary demotion to a retained lower level position in another job family previously held in the reverse order in which they were held by the employee on a permanent basis which is currently:
  - (A) vacant and available for displacement in accordance with 260:25-13-31,
  - (B) held by a non-permanent employee (in order of appointment type), or
  - (C) held by the employee with the lowest retention points.
- (e) An eligible employee who exercises a displacement privilege shall be required to sign an agreement, in a form prescribed by the Administrator, acknowledging that the employee had an opportunity to receive severance benefits and affirmatively elected to exercise a displacement privilege and to forego such benefits. The form provides information to the affected employee concerning his or her rights and responsibilities under Section 840 2.27C of Title 74 of the Oklahoma Statutes. [74:840 2.27C(C)]

### 260:25-13-35. Reduction-in-force implementation plan [REVOKED]

As provided in Section 840 2.27C of Title 74 of the Oklahoma Statutes and OAC 260:25-13-3, Appointing Authorities of executive branch agencies shall post the reduction in force implementation plan in all offices of the agency within 5 business days after posting the reduction in force notice. A copy of the implementation plan shall be provided to the Office of Management and Enterprise Services, the Oklahoma Merit Protection Commission and any state employee association representing state employees at such time and as defined at OAC 260:15-1-2 no later than the time it is posted in the agency. The reduction in force implementation plan is not subject to the approval of the Administrator or the Commission. In addition to the information required by 260:25-13-3(b), the reduction in force implementation plan shall include:

- (1) a statement of the conditions necessitating the reduction in force;
- (2) the estimated time schedule for the reduction in force;
- (3) a description of the displacement process, and limits;
- (4) listings of affected positions and employees, to include the following information (or if such lists are not posted, the location of the office where they are available for review):
  - (A) all occupied and vacant positions to be abolished, showing in each case: geographical and administrative location, job family, level, and pay band for the position; the name, job family, level, and pay band, of the incumbent; and, for permanent employees, retention points and other lateral or lower level job families in which the employee previously held permanent status, listed in the reverse order in which they were held;
  - (B) all positions and employees which are subject to displacement, showing the same information;
  - (C) other occupied and vacant positions and employees in affected job families, showing the same information. The agency may include all other positions in the agency in affected job families or may limit posting to ten percent of positions occupied by employees with the least number of retention points based on longevity dates in affected job families, and
  - (D) all retained funded vacant positions anywhere in the agency.
- (5) the schedule and procedure to be followed if an eligible employee chooses to accept a displacement offer for transfer or voluntary demotion in lieu of separation;
- (6) the agency policy on issues related to partial payment of moving expenses for transferred employees in accordance with Section 500.51 of Title 74 of the Oklahoma Statutes;
- (7) such other information as the Appointing Authority deems appropriate; and
- (8) the method established by the Appointing Authority to break ties in retention points.

**260:25-13-36. Written notice to employees [REVOKED]**

Appointing Authorities of executive branch agencies shall provide individual written notice to affected employees in abolished positions within 5 calendar days after posting of the implementation plan. Other employees affected through the exercise of a displacement opportunity shall be notified within 5 calendar days after being identified as being displaced. The written notice to employees shall:

- (1) provide a description of the employee's retention status, including retention points calculation;
- (2) offer an opportunity to notify a specified agency official in writing of any possible errors in the retention points calculation, and to request in writing a meeting with supervisors or agency officials;
- (3) include the effective date of separation and instructions for exercising a displacement opportunity, if one is available; and
- (4) provide notice of appeal rights for classified employees in accordance with 260:25-13-10.

**260:25-13-37. Exercise of displacement privileges [REVOKED]**

To exercise a displacement privilege in lieu of separation, eligible employees shall follow the schedule and procedure included in the reduction in force implementation plan. Such procedure shall provide employees no less than 24 hours to respond following their receipt of a specific offer. An Appointing Authority may require employees to submit specific requests for transfer or voluntary demotion in writing, either by mail or in individual or group meetings.

**260:25-13-38. Employee separations [REVOKED]**

An affected employee who does not agree pursuant to Section 840 2.27E of Title 74 of the Oklahoma Statutes to accept severance benefits and who does not have a displacement opportunity shall be separated by the reduction in force and shall not receive any severance benefits that would otherwise have been provided. [74:840 2.27C(D)]

**PART 5. RECALL RIGHTS [REVOKED]**

**260:25-13-50. Eligibility for recall [REVOKED]**

- (a) Consistent with any displacement limits adopted pursuant to Section 840 2.27C of Title 74 of the Oklahoma Statutes, permanent classified employees and employees in probationary status after reinstatement from permanent classified status without a break in service who are removed from a job family level as a result of a reduction in force in an agency shall be eligible for recall by that agency to the job family level from which removed for 18 months after the effective date of separation or demotion [74:840 2.27C].
- (b) If there are persons eligible for recall to a job family level, an Appointing Authority may not appoint or reclassify persons to the job family level from the employment register, by internal action, such as promotion or reinstatement,

or from Priority Reemployment Consideration Rosters [840-2.27C]. However, an Appointing Authority may reclassify an employee by involuntary demotion for cause to a job family level for which there is a recall list. The salary of a recalled employee shall be set in accordance with 260:25-7-8.

(e) Affected employees who are reemployed by the agency from which separated as a result of a reduction in force less than 1 year after receiving severance benefits are required to repay such benefits in accordance with Section 840 2.27E of Title 74 of the Oklahoma Statutes.

(d) Employees who accept voluntary out benefits in accordance with Section 840 2.28 of Title 74 of the Oklahoma Statutes shall not be eligible for recall.

**260:25-13-51. Order of recall [REVOKED]**

Individuals who are eligible for recall shall be ranked in order of their retention points at the time the reduction in force implementation plan is posted, from high to low. [74:840-2.27C(E)] Offers of recall as described in 260:25-13-50 for classified positions shall be made first to the eligible individual having the highest retention points, regardless of whether the individual was separated or was removed from the job family level by voluntary demotion or lateral transfer to another job family level.

**260:25-13-52. Forfeiture and expiration of recall rights [REVOKED]**

The right of an individual to be recalled to the job family level from which removed is subject to the following provisions and conditions:

- (1) Limitations on recall rights. Recall rights pertain only to the job family level from which an employee is removed in the agency that conducted the reduction in force [74:840 2.27C]. An individual has no right to be recalled to a specific position or to be recalled by any other agency.
- (2) Forfeiture of recall rights. The right of an individual to be recalled is forfeited if the person:
  - (A) submits a written notice to the agency that waives the right to be recalled.
  - (B) declines an offer of recall [74:840 2.27C].
  - (C) fails to respond to a written inquiry from the Appointing Authority relative to an offer of recall within 7 calendar days after the date of its mailing or 4 calendar days after the date of its delivery by personal service. The inquiry must include the date and time by which the person must contact the Appointing Authority.
  - (D) fails to report for duty within the time specified by the Appointing Authority; provided the person is given at least 14 calendar days.
  - (E) accepts an offer of recall.
- (3) Expiration of recall rights. The right of an individual to be recalled expires if the agency:
  - (A) makes no appointments to the job family level within the 18 months after the effective date of the removal of the person from the job family level [74:840-2.27C];

## Permanent Final Adoptions

~~(B) in making offers of recall to a job family level, does not reach the name of the individual on the recall list within 18 months after the effective date of the removal of the person from the job family level [74:840 2.27C].~~

### **260:25-13-53. Recall after multiple reductions-in-force [REVOKED]**

~~If any agency conducts a reduction in force which requires the removal of permanent employees from a job family level for which there is already an unexpired recall list from a previous reduction in force, the names of the persons removed from the job family level will be merged with names already on the list based on retention points.~~

## **PART 7. PRIORITY CONSIDERATION FOR REEMPLOYMENT [REVOKED]**

### **260:25-13-70. Eligibility for priority reemployment consideration [REVOKED]**

~~(a) Permanent classified employees, and employees on probationary status after reinstatement from permanent classified status without a break in service, who have been separated as a result of an officially conducted reduction in force or the abolition of all or part of a state agency, are eligible for priority reemployment consideration [74:840 2.27C] for jobs in the classified service. In addition, affected employees shall be eligible for Priority Reemployment Consideration beginning with the date the implementation plan is posted, for a period not to exceed 12 months before the scheduled date of separation, if the agency:~~

- ~~(1) has posted a reduction in force notice and implementation plan and the employees are in positions covered by the plan and within the displacement limits established by the Appointing Authority; or~~
- ~~(2) is scheduled to be closed or abolished by law or court order. [74:840 2.27C]~~

~~(b) To be placed on the Priority Reemployment Consideration Roster for a job family level, a person shall apply to the Human Capital Management Division and meet all requirements for the job [74:840 2.27C]. The job family level need not be announced for recruitment. The names of the persons on Rosters shall be ranked in order of their individual final earned ratings [74:840 2.27C].~~

~~(c) Employees who accept severance benefits:~~

- ~~(1) are eligible for Priority Reemployment Consideration in accordance with the provisions of Section 840-2.27C of Title 74 of the Oklahoma Statutes,~~
- ~~(2) who are reemployed less than 1 year after receiving severance benefits by the agency from which they separated are required to repay such benefits in accordance with Section 840 2.27E of Title 74 of the Oklahoma Statutes.~~

~~(d) Employees who accept voluntary out benefits in accordance with Section 840 2.28 of Title 74 of the Oklahoma Statutes shall not be eligible for Priority Reemployment Consideration.~~

### **260:25-13-71. Agency priority reemployment consideration requirements [REVOKED]**

~~(a) Before any vacant position in the classified service is filled by the initial appointment of any person from an employment register, an Appointing Authority shall request a list of the names of persons appearing on the Priority Reemployment Consideration Roster for the appropriate job family level [74:840 2.27C]. The Appointing Authority shall give such persons priority consideration for reemployment and may appoint any person whose name appears on such list regardless of rank [74:840 2.27C].~~

~~(b) An Appointing Authority may make an initial appointment from a certificate of eligibles as provided in 260:25-9-92, only after certifying in writing to the Administrator that any and all persons whose names appear on the Priority Reemployment Consideration Roster for the job family level were first given priority consideration for reemployment. This requirement does not mandate the appointment of a person from a Priority Reemployment Consideration Roster and does not apply to internal appointments and actions, such as, promotions and reinstatements.~~

### **260:25-13-72. Conditions of employment and entrance salary [REVOKED]**

~~Persons who are appointed from a Priority Reemployment Consideration Roster shall be employed in accordance with 260:25-9-102, if they are eligible for reinstatement as provided in that Section. The entrance salary of such persons shall be fixed in accordance with 260:25-7-4.~~

### **260:25-13-73. Expiration and forfeiture of eligibility [REVOKED]**

~~(a) The eligibility of an individual to remain on any Priority Reemployment Consideration Roster and to be given priority consideration for reemployment shall expire 18 months after separation as a result of a reduction in force or abolition of an agency [74:840 2.27C]. A person's eligibility shall also be forfeited upon:~~

- ~~(1) declination of an offer of reemployment to a job having the same or higher rate of pay than the job from which removed [74:840 2.27C], that is located in a county in which the person has indicated a willingness to work;~~
- ~~(2) acceptance of an offer of reemployment to a job having the same or higher rate of pay than the job from which removed;~~
- ~~(3) failure to report for duty within the time specified by the Appointing Authority; provided the person is given at least 14 calendar days;~~
- ~~(4) recall to the job family level from which removed; or~~
- ~~(5) failure to meet any of the requirements for the job.~~

~~(b) It is the responsibility of the person to maintain a current address with the Human Capital Management Division.~~

## **SUBCHAPTER 15. TIME AND LEAVE**

**PART 1. GENERAL PROVISIONS**

**260:25-15-1. Purpose**

The purpose of the rules in this Subchapter is to establish leave regulations [74:840-1.6a(11); 74:840- 2.20] for ~~classified and unclassified~~ employees of the State of Oklahoma who are subject to leave rules. [O]ffices and positions of the State Senate and House of Representatives shall not be subject to . . . [the Merit Rules governing] involuntary leave without pay or furlough . . . No person chosen by election or appointment to fill an elective office shall be subject to any leave plan or regulation or shall such person be eligible for accrual of any leave benefits [74:840-5.1]

**260:25-15-2. General leave provisions**

- (a) Employees are responsible for following applicable ~~Merit Personnel Administration~~ Rules and agency policy established in accordance with the ~~Merit Personnel Administration~~ Rules when they request and use leave. Appointing Authorities have the authority and responsibility to monitor employee's leave usage and to take appropriate action when they have facts to show that an employee has abused leave or used leave fraudulently. Except as otherwise provided by law and the ~~Merit Personnel Administration~~ Rules, agency policy regarding time and leave must be applied uniformly to all employees.
- (b) ~~All classified employees remain subject to the provisions of the Oklahoma Personnel Act while on leave.~~
- (c) An employee who is requested or required by the Appointing Authority to undergo drug or alcohol testing during his or her normal hours of work shall be entitled to time-off from work without loss of compensation or leave.

**PART 3. ANNUAL AND SICK LEAVE POLICIES**

**260:25-15-10. General Annual and Sick Leave Policies**

- (a) ~~Permanent and probationary classified employees and regular unclassified employees~~ Employees are eligible for annual leave and sick leave with full pay according to law and the rules in this Chapter. Temporary employees and other limited term employees are ineligible to accrue, use or be paid for sick leave and annual leave [74:840-2.20(A) (3)].
- (b) The tables in Appendix B of this Chapter list leave accrual rates and accumulation limits. OAC 260:25-15-11 and 260:25-15-12 also govern annual and sick leave.
- (c) Annual and sick leave accrual rates and accumulation limits are based on cumulative periods of employment calculated in the manner that cumulative service is determined for longevity purposes [74:840-2.20(A) (1)]. For purposes of this Subchapter and the longevity pay program, cumulative service shall be calculated as prescribed in this subsection.
  - (1) State employment with any ~~classified or unclassified~~ agency in any branch of state government including service under the administrative authority of the Regents for Higher Education and the Department of Vocational and Technical Education shall be qualifying for purposes of calculating cumulative service. Cumulative service

includes periods of part-time qualifying employment in excess of 2/5 time that were continuous for at least 5 months and any period of full-time employment described in (A) through (G) of this paragraph:

- (A) ~~Employment as a permanent classified employee; Full-time or part-time employment;~~
  - (B) ~~Employment as a probationary classified employee;~~
  - (C) ~~Employment as a regular unclassified employee;~~
  - (D) Temporary or other time-limited unclassified employment;
  - (E) Paid leave;
  - (F) Leave without pay of 30 continuous calendar days or less; and
  - (G) Leave without pay in excess of 30 calendar days taken under Section 840-2.21 of Title 74 of the Oklahoma Statutes. Any other leave without pay in excess of 30 calendar days shall not be counted as cumulative service.
- (2) Periods of service that are described in (1) of this subsection, shall be combined for purposes of determining cumulative service and the total shall be expressed in whole years. Partial years, less than 12 months, are dropped.

- (d) Annual leave and sick leave shall accrue only when an employee is actually working, on authorized leave with pay, or during the time the employee is using paid leave to supplement workers compensation benefits under Section 332 of Title 85. Leave shall not accrue after the last day the employee works.
- (e) An employee using paid leave to supplement workers compensation benefits under Section 332 of Title 85 of the Oklahoma Statutes shall be in leave without pay status.
- (f) An Appointing Authority may terminate an employee who is absent from work after the employee has exhausted all of his or her sick and annual leave accumulations unless the absence is covered by 260:25-15-45 or 260:25-15-49. ~~Termination of a permanent classified employee under this subsection is subject to the pretermination hearing requirements of Section 840-6.4 of Title 74 of the Oklahoma Statutes.~~ This subsection does not prevent an Appointing Authority from granting leave without pay according to 260:25-15-47.

**PART 5. MISCELLANEOUS TYPES OF LEAVE**

**260:25-15-40. Enforced leave**

- (a) The Appointing Authority may grant a ~~probationary or permanent~~ employee time off from regular duties, with compensation for absence necessary when some member of his or her immediate family or household requires the employee's care because of illness or injury, when an employee's son or daughter requires care and supervision due to unavailability of the dependent's routine caregiver or caregiving facility, or in the case of death in the immediate family or household or in the case of personal disaster. Enforced leave shall be charged against the employee's sick leave and may not be granted in excess of accumulated sick leave. The number of days granted

## Permanent Final Adoptions

---

will be governed by the circumstance of the case, but in no event shall they exceed 10 working days in any calendar year.

(b) Immediate Family is defined as spouse, children, parents, brothers, sisters, including step, grand, half, foster, or in-law relationships.

(c) Household is defined as those persons who reside in the same home, who have reciprocal duties and provide financial support for one another. This term shall include foster children and legal wards even if they do not live in the household. The term does not include persons sharing the same general house or when the living style is primarily that of a dormitory or commune.

(d) Personal Disaster is defined as an unforeseeable, catastrophic event such as the destruction of the employee's residence.

(e) Son or daughter is defined as a biological, adopted, or foster child, a stepchild, a legal ward, or a child of a person standing in loco parentis who is either under 18 years of age or is 18 years of age or older and incapable of self-care because of a mental or physical disability.

### **260:25-15-41. Organizational leave**

(a) ~~A permanent classified employee or a regular unclassified~~ An employee shall be entitled to take leave with pay for not to exceed three (3) days a year to attend meetings of job-related professional organizations of which that employee is a member upon receiving permission from the appointing authority. The denial by an appointing authority ... [of] organizational leave shall be in writing and state the reasons for denying said leave [74:840-2.25(A)].

(b) The leave authorized by this section shall not be used for lobbying activities which include the lobbying of legislative or executive branch elected officials within state-owned or leased buildings[74:840-2.25(B)].

### **260:25-15-44. Military leave of absence and restoration to position**

(a) Military leave of absence and right to restoration to former position shall be granted in accordance with Section 209 of Title 44, Sections 25.4, 25.5 and 25.7 of Title 51, and Section 48 of Title 72 of the Oklahoma Statutes; the Uniformed Services Employment and Reemployment Rights Act (38 U.S.C., 4301 et seq.); and such rights and privileges as these laws provide.

(b) Military leave shall be granted to ~~classified and unclassified~~ employees who are a member of any component of the Armed Forces of the United States or the Reserve Components, to include the Army & Air National Guard and the Army, Navy, Air Force, Marine Corps & Coast Guard Reserves, when ordered by proper authority to active or inactive duty (includes weekend drills and training exercises) or service. Such employees are entitled to leave of absence without loss of status or seniority.

(c) The National Guard and Reserves Component - The first 30 regularly scheduled work days of military leave of absence during any federal fiscal year (October 1 to September 30) are with pay. If the period of military status extends beyond 30

days, the employee's absence for the period beyond 30 days is governed by applicable leave rules. Accrued compensatory leave, holiday leave, annual leave, or leave without pay may be requested to cover this period of time. During the remainder of such leave of absence the Appointing Authority may elect to pay the employee an amount equal to the difference between his or her regular state pay and his or her military pay, except that the employee shall receive the difference between his or her full regular pay and his or her military pay when ordered by proper authority to active or inactive service during the period that Operation Enduring Freedom is in effect. The military pay could be verified through a Leave and Earnings Statement provided by the Military.

(d) An employee who is requested to report for physical examination in connection with military service is not considered absent from duty during the time required for the examination and travel.

(e) An employee must notify the immediate supervisor of the requirement for military leave and provide as much advance notice as possible.

(f) A supervisor does not have the right to request an employee or the federal government to reschedule military exercises for the convenience of the agency.

### **260:25-15-47. Leave of absence without pay**

(a) **Conditions and provisions.** An Appointing Authority may approve a request from a ~~permanent or probationary~~ an employee for leave without pay. The request shall be in writing and shall include the reasons for the leave and the estimated length of the leave requested by the employee. The approval of the leave shall also be in writing, and it shall specify the date the employee is to return to work. Leave without pay is subject to the following conditions:

(1) Leave without pay shall not be approved for more than 12 months. However, an employee on leave without pay may submit a written request for an extension before the end of the approved leave period. The Appointing Authority may grant extensions if the total length of the original leave without pay plus any extensions does not exceed 2 years. Any extension granted shall be to a specified expiration date.

(2) An employee may return to work before the specified date of return if the Appointing Authority approves a written request from the employee to return earlier.

(3) Failure of a ~~classified~~ an employee to report for work on the specified date of return shall be cause for disciplinary action.

(4) ~~Leave without pay for probationary employees shall be in accordance with 260:25-11-36.~~

(5) The Appointing Authority may cancel leave without pay at any time and require the employee to return to work before the specified date of return. The employee shall be notified of the reasons for cancellation by certified mail or personal service and given 7calendar days to return to work. Failure of a ~~classified~~ an employee to report for work as directed shall may be cause for disciplinary action.

~~(6) Section 260:25-13-9 provides for a special type of leave without pay so that an employee can continue insurance coverage after a reduction in force. A leave without pay period in accordance with 260:25-13-9 is not subject to other Merit Rules about leave of absence without pay.~~

(75) If an employee is absent from work without proper authorization, the employee shall not receive pay for such absence. An Appointing Authority has the authority and responsibility to take appropriate action if fraudulent leave usage or leave abuse is detected.

(86) Leave without pay in accordance with this Section shall not for any purpose be considered a break in service.

(b) **Rights upon return from leave of absence without pay.** A properly executed leave of absence without pay shall accord the employee the right to be returned by the Appointing Authority to a position in the same job family and level code as the original position and in the same geographical area unless waived by the employee. ~~The layoff provisions of the Oklahoma Personnel Act and the Merit Rules shall apply if there are no positions in that job family level and geographical area or if the job family has been abolished.~~

**260:25-15-48. Involuntary leave without pay (furlough)**

(a) **Policy.** An Appointing Authority may place ~~classified and unclassified~~ employees on involuntary leave without pay (furlough) for up to a total of 184 hours in any 12 month period in accordance with this Section. An Appointing Authority may only furlough employees when it is necessary to reduce expenditures or when it is required because of a temporary decline or cessation of work activities.

(b) **Required announcement of reasons for furlough.** Before beginning a furlough, an Appointing Authority shall announce in writing the reasons that require it. The Appointing Authority shall post this announcement throughout the agency and send it to the Governor, the Office of Management and Enterprise Services. This announcement is not part of the furlough plan required in (c) of this Section, and it is not subject to the approval of the Administrator.

(c) **Required plan for implementation of furlough.**

(1) Before beginning a furlough, an Appointing Authority shall develop an equitable and systematic plan for the furlough and shall submit the plan to the Human Capital Management Division for review and approval. The Administrator of the Human Capital Management Division shall disapprove any plan that is not in substantial compliance with the Merit Personnel Administration Rules.

(2) After approval of the plan by the Administrator of the Human Capital Management Division, the Appointing Authority shall post the approved plan throughout the agency a minimum of 2 working days before furloughing any employee.

(3) ~~The plan shall apply uniformly to employees regardless of classified or unclassified status [74:840-2-27C].~~ As far as possible, the Appointing Authority shall furlough all full-time employees, including those on paid leave, the same number of hours and shall prorate the

number of hours for part-time employees. The Appointing Authority shall address the application of the furlough to employees who are on other types of leave without pay.

(d) **Non-uniform treatment of employees.** The Appointing Authority may find non-uniform treatment of employees necessary during a furlough. The Appointing Authority must certify the reasons for non-uniform treatment as described in paragraph (1) of this subsection. It is possible that more than one reason may apply in any specific furlough. Paragraph (2) of this subsection describes how the Appointing Authority may limit the effect of a furlough on specified employees. Any certifications issued by an Appointing Authority shall be included in the furlough plan.

(1) **Certification of reasons for non-uniform treatment.**

(A) If the Appointing Authority certifies that uniform treatment of all employees would cause undue hardship on lower paid employees and uniform treatment is not required to meet the reduced revenue levels which made the furlough necessary, the Appointing Authority may limit the applicability of a furlough on lower paid employees.

(B) If the Appointing Authority certifies that uniform treatment of all employees would endanger public health, safety, or property, or continued operations of critical agency functions, the Appointing Authority may limit the applicability of the furlough on specified employees, positions, jobs, or organizational units as needed to avoid the danger.

(C) If the Appointing Authority certifies that a furlough is due to a decline or loss of funding to the agency that supports specific positions, jobs, or organizational units, the Appointing Authority may limit a furlough to specific employees supported by the funding that is lost or reduced.

(D) If the Appointing Authority certifies that a furlough is due to a budgetary shortfall which results in a decline or loss of funding to the agency, the Appointing Authority may limit the furlough to employees who request to participate in a furlough and certify that they have done so without coercion, undue influence, threat or intimidation of any kind or type.

(2) **Types of non-uniform treatment.** In certifying the reasons for non-uniform treatment of employees, the Appointing Authority may use any of the following types of limits. The Appointing Authority may:

(A) exclude specified employees from the furlough,

(B) place specified employees on a lesser number of hours without pay than other employees,

(C) make the furlough of specified employees subject to early cancellation or periodic call-back, or

(D) limit the furlough to employees who have certified that they have requested to participate in a furlough without any coercion, undue influence, threat, or intimidation of any kind or type.

(e) **Required notice to employee.** The Appointing Authority shall provide a written notice to any employee of such

## Permanent Final Adoptions

agency who will be furloughed by the agency at least thirty (30) days prior to the first date that the furlough period is scheduled to begin. The notice shall provide information about the anticipated first date of the furlough period and an estimate of the duration of the furlough or the day or days during which the furlough will be in effect. written notice shall explain the reasons for the furlough and how the furlough will affect the employee. The notice shall also include the dates and times leave is to begin and end. A copy of this Section shall be enclosed with the written notice to the employee. If an Appointing Authority makes leave for employees subject to early cancellation or periodic call-back, the employee's notice of furlough shall describe the reasons for, and conditions of, the cancellation or call-back.

(f) **Continuation of benefits while on furlough.** While on furlough, employees who would otherwise accrue leave shall continue to accrue annual and sick leave as though the furlough had not occurred. The Appointing Authority shall schedule the furlough so the furlough does not interrupt the agency's payment of the employees' insurance premiums.

(g) **Failure to return as directed cause for discipline.** Failure on the part of an employee to return from such leave to his or her previous work status as directed in writing shall be cause for discipline.

(h) **Appeal rights.** ~~Furlough, as provided for by rules adopted by the Director of the Office of Management and Enterprise Services, or his or her designee, shall not be appealable under the provisions of the Oklahoma Personnel Act [74:840-2.27C].~~

### 260:25-15-49. Leave and first preference due to work related illness or injury

(a) **Purpose.** The purpose of this Section is to interpret Section 840-2.21 of Title 74 of the Oklahoma Statutes (Section 840-2.21) . Section 840-2.21 establishes the rights and benefits of state employees who are absent from work because of an illness or injury arising out of and sustained in the course of employment with the State. These employees have a right to return to work if certain conditions are met. In applying Section 840-2.21 and this Section, employing agencies shall return an employee to work as soon as possible, either to the original position or to an alternate position if an employee, with reasonable accommodation, is unable to return to the original position.

(b) **Employee eligibility.** An employee shall file a claim for workers compensation benefits to be eligible [74:840-2.21].

(c) **Termination of rights.** All rights and benefits under Section 840-2.21 and this Section shall end 1 year after the start of leave without pay under this Section and shall end immediately if the claim for workers compensation is denied or otherwise concluded within the 1 year period [74:840-2.21].

(d) **Employing agency practice, policy, and procedure.** An agency's policy, procedure and practice affecting employees who file claims for workers compensation benefits shall agree with Section 840-2.21.

(e) **Required notice to employees.** Appointing Authorities shall give employees who report a job related illness or injury copies of this Section, Section 840-2.21, and the agency's

policies and procedures for complying with this Section and the law. The procedures shall include instructions about requesting leave without pay under Section 840-2.21.

(f) **Placement of employee on leave without pay.** Appointing Authorities shall refer to this Section when they place an employee on leave without pay under Section 840-2.21. The Appointing Authority shall not require employees to exhaust paid sick and annual leave accumulations before placing them on leave without pay [74:840-2.21]. The Appointing Authority shall continue paying the employee's basic plan insurance coverage and dependent insurance benefit allowance while the employee is on leave without pay, and the leave shall not be a break in service [74:840-2.21].

(g) **Medical reports.** At least every 3 months, an employee on leave without pay under this Section shall give the Appointing Authority a medical statement as to his or her ability to perform the essential duties of the original position [74:840-2.21]. The medical statement shall be made by a physician as defined in Section 14 of Title 85 of the Oklahoma Statutes.

(h) **Inability to perform essential duties of original position.** If an employee on leave without pay under this Section cannot perform the essential duties of the original position, the employing agency shall give the employee first preference for other ~~classified and unclassified~~ positions according to Section 840-2.21.

(1) Appointing Authorities shall establish a procedure for giving employees on leave without pay under this Section first preference to fill ~~classified and unclassified~~ positions that do not represent a promotion to the employee, if the employee is medically able to do the essential duties and has the minimum qualifications for positions the Appointing Authority seeks to fill.

(2) Appointing Authorities do not have to notify employees on leave without pay under this Section when the Appointing Authority fills a vacant position temporarily ~~(by temporary unclassified appointment or detail to special duty)~~.

(3) Before an Appointing Authority may give a ~~classified or unclassified~~ an employee first preference for a classified position, the employee shall be certified by the as meeting the minimum required qualifications, if any. ~~Neither classified nor unclassified employees shall be required to compete through the open competitive process for a classified position. The Appointing Authority shall submit the necessary paperwork to the Human Capital Management Division for review.~~

(4) Before an Appointing Authority assigns an employee to an alternate position (a position that is not the original position) , the Appointing Authority shall give the employee written notice of the requirement to return to the original position under (i) of this Section. While in an alternate position, an employee shall submit medical reports at least every 3 months and whenever the medical condition changes enough to affect his or her ability to return to the original position.

(i) **Return to original position.** An employee on leave without pay or working in an alternate position shall have the right to return to his or her original position according to this

Section and Section 840-2.21. When a medical report indicates the employee is able to perform the essential duties of the original position, with or without reasonable accommodation, the Appointing Authority shall return the employee to the original position. The employee and the Appointing Authority may agree in writing to waive the requirement to return the employee to the original position from an alternate position.

(j) **Failure to return to work.**

(1) The Appointing Authority may discipline a ~~permanent classified employee or a probationary classified employee or an unclassified employee~~ if:

(A) a medical report states the employee is able to do the essential duties of the original position or an alternate position (for which the employee is qualified) ; and

(B) the employee does not return to work within 7 days after the Appointing Authority mails a notice to the employee's last known address or delivers a notice to the employee.

(2) If an employee does not return to the original position or an alternate position within 1 year after the start of leave without pay, the Appointing Authority may terminate the employee under Section 840-2.21. An Appointing Authority that uses Section 840-2.21 as authority to terminate an employee shall give the employee a copy of (k) of this Section. ~~Termination of a permanent classified employee under this Section is subject to the pretermination hearing requirements of Section 840-6.4 of Title 74 of the Oklahoma Statutes.~~

(k) Reinstatement upon separation. ~~A classified or unclassified employee shall be eligible for reinstatement to either classified or unclassified employment with any state agency for 12 months after the date of separation under (j) (2) of this Section. An unclassified employee shall be eligible for reinstatement to unclassified employment with any state agency for 12 months after the date of separation under (j) (2) of this Section. This does not reduce eligibility under other general reinstatement or reemployment laws or rules, such as 260:25-9-102. [74:840-2.21]~~

**PART 7. LEAVE WHEN OFFICES ARE CLOSED OR SERVICES REDUCED**

**260:25-15-70. Leave when state agency services are temporarily reduced or when a state office is temporarily closed**

(a) The rules in this Part are special leave rules which may be exercised if state offices (that is, agencies or parts of agencies) are temporarily closed or services are temporarily reduced for the safety of the public or state employees. The rules in this Part are applicable to all classified and unclassified employees of the state, including those on temporary and other limited term appointments.

(b) The rules in this Part do not prevent agencies from approving leave as usual to employees who request time off in accordance with other Merit Personnel Administration Rules governing leave, such as sick and annual leave. The rules in

this Part do not apply to agencies or employees if a voluntary or involuntary leave without pay (furlough) is in effect.

(c) Appointing authorities of affected agencies shall notify the Office of Management and Enterprise Services of agency closings and reductions in services [74:840-2.20A(C)].

**260:25-15-71. Leave when a state office building is temporarily closed due to unsafe working conditions or hazardous weather; or when services are temporarily reduced due to hazardous weather (paid administrative leave)**

(a) If agency office buildings are closed because of an imminent peril threatening the public health, safety, or welfare of state employees or the public, or when state office buildings are temporarily closed or reduced due to hazardous weather conditions, the Appointing Authority shall place employees who are scheduled to work in the affected work areas on paid administrative leave or, if applicable, shall assign them to work in another location, including, but not limited to, a telework location. During their normal duty hours, employees on paid administrative leave due to unsafe working conditions are on stand-by or on-call status. Appointing Authorities may call employees to return to their normal duties or respond to the demands of the situation as necessary. [74:840-2.20A(A)]

(b) As used in this Section, paid administrative leave means leave granted to affected employees if offices of agencies are closed because of an imminent peril threatening the public health, safety, or welfare of state employees or the public, or when state offices are temporarily closed or reduced due to hazardous weather. Examples of reasons for temporarily closing an office due to unsafe working conditions are: leaks of toxic fumes in buildings; life threatening damage to building structures; or emergency operations which would be disrupted by the presence of the usual work force; or any other condition which poses a significant threat to the safety of the work force.

(c) Paid administrative leave shall be accorded to all affected employees only when a state office building is temporarily closed or services are temporarily reduced due to hazardous weather in accordance with 260:25-15-70 and this Section. Upon its reopening, normal Merit Personnel Administration Rules governing leave and agency procedures shall apply. The granting of administrative leave applies only to employees scheduled to work onsite in a state office building during the time period of the closure or reduced services. Administrative leave shall not be granted to employees that telework or have the ability to telework unless otherwise approved by the Appointing Authority or on a case-by-case basis. Administrative leave does not apply to employees who are absent during the closure or reduction on any previously approved leave. Employees who are not eligible to accrue leave, such as temporary employees, shall not be granted administrative leave under this section when state services are temporarily closed or temporarily reduced due to hazardous weather conditions.

(d) When the Governor or a designee of the Governor authorizes agencies or parts of agencies to maintain basic minimum services because hazardous weather conditions impede or delay the movement of employees to and from work, employees

# Permanent Final Adoptions

responsible for providing such basic minimum services shall report to work. Appointing Authorities of agencies shall be responsible for determining essential agency functions [basic minimum services] and ensuring that employees who staff such functions are so informed. [74:840-2.20A(B)] Employees who are considered responsible for basic minimum services and who are required to work when state services are temporarily reduced due to hazardous weather conditions shall be entitled to accrue administrative leave on a straight-time basis up to eight hours per day for hours worked in their regularly scheduled work periods during such reduction. Administrative leave accrued under this provision must be taken within 180 days of its accrual or the employee shall be paid for the leave. An extension of the time period for taking the leave may be approved for up to an additional 180 days, providing the Appointing Authority submits a written request with sufficient justification to the Human Capital Management Division. Accrued administrative leave must be used before granting of any annual leave except when the employee may lose accrued leave under 260260:25-15-10 and 260:25-15-11(b) (5).

(e) Employees who are responsible for basic minimum services who do not report to work have the following options to account for leave:

- (1) Charge the absence to accumulated compensatory time;
- (2) Charge the absence to accumulated annual leave;
- (3) Make up lost time in a manner consistent with the FLSA, if the Appointing Authority determines that office hours and schedules permit.

(f) An employee who leaves earlier than a designated early dismissal time, or who arrives later than a designated late arrival time, shall be charged leave for the excess time.

(g) An employee who is not responsible for basic minimum services shall not be allowed to accrue administrative leave in accordance with (d) of this Section for time worked.

(h) Employees who are placed on paid administrative leave shall receive up to eight hours per day of paid administrative leave.

## SUBCHAPTER 17. PERFORMANCE EVALUATION AND CAREER ENHANCEMENT PROGRAMS [REVOKED]

### PART 1. GENERAL PROVISIONS [REVOKED]

#### 260:25-17-1. Purpose [REVOKED]

~~The purposes of the rules in this Subchapter are to establish policies and procedures pertaining to employee performance appraisal systems and the state personnel interchange program. The rules in this Subchapter apply to both the classified and unclassified services.~~

### PART 3. EMPLOYEE PERFORMANCE MANAGEMENT SYSTEM [REVOKED]

#### 260:25-17-31. Employee performance management system [REVOKED]

~~(a) The Office of Management and Enterprise Services shall make available one standard performance management system that shall be used by all agencies for completing employee performance evaluations. The purpose of this employee performance management system is to evaluate the performance of each employee in the executive branch of state government except those in the exempt unclassified service as specified in paragraphs 1 and 2 of subsection A of Section 840 5.5 and those employees employed by the institutions under the administrative authority of The Oklahoma State System of Higher Education.~~

~~(b) The employee performance management system shall provide for the following:~~

~~(1) An objective evaluation by the immediate supervisor of the performance of the employee within the assigned duties of the job. The evaluation shall contain the agency number, date of review, and employee identification number;~~

~~(2) The identification by the immediate supervisor of accountabilities and behaviors upon which the employee will be evaluated;~~

~~(3) A mid-term interview with the immediate supervisor for the purpose of discussing the progress of the employee in meeting the accountabilities and behaviors upon which the employee will be evaluated;~~

~~(4) Identification of performance strengths and performance areas for development;~~

~~(5) A final interview with the employee by the immediate supervisor who shall provide the employee with a copy of the performance evaluation; and~~

~~(6) The opportunity for the employee to submit written comments regarding the performance evaluation.~~

~~(c) Each classified employee in probationary status shall be rated at least thirty days prior to the end of the probationary period. All unclassified and permanent classified employees not otherwise exempt from this requirement shall have an evaluation period of no more than twelve months. Supervisors may perform as many additional evaluations as they deem necessary in order to effectively manage the performance of a subordinate.~~

~~(d) The immediate supervisor shall hold a meeting with the employee at least three times during a 12-month evaluation period.~~

~~(1) One meeting shall take place at the beginning of the evaluation period in order to communicate the accountabilities and behaviors upon which the employee will be evaluated. A copy shall be provided to the employee.~~

~~(2) One meeting shall take place during the rating period for the purpose of discussing the progress of the employee in meeting the accountabilities upon which the employee will be evaluated.~~

~~(3) One meeting shall take place at the end of the review period to provide the final evaluation. A copy of the evaluation shall be provided to the employee, and the employee shall have the opportunity to provide written comments.~~

(e) The agency shall use the performance evaluations of current or former state employees in decisions regarding promotions, appointments, demotions, performance pay increases, and discharges. Reductions in force shall not be considered discharges. With or without the performance evaluations the Appointing Authority can make decisions regarding demotions and discharges on current state employees if determined necessary.

(f) The agency shall retain a copy of the performance evaluation for each employee of the agency. A copy of the performance evaluation shall be retained in the employee's personnel file.

(g) The basic document to be used in conducting performance evaluations is the Performance Management Process form, a form prescribed by the Administrator. The form contains spaces for the supervisor to describe a list of accountabilities on which the employee will be evaluated. The form also lists behaviors on which state employees will be evaluated. The form provides spaces for the supervisor to enter an overall accountability rating, an overall performance rating, and a summary/development plan. The form requires signature by the employee, the supervisor, and the reviewer.

**PART 5. STATE PERSONNEL INTERCHANGE PROGRAM [REVOKED]**

**260:25-17-50. Purpose [REVOKED]**

The purpose of the rules in this Part is to implement the public policy stated in the State Personnel Interchange Program, Sections 840 3.9 et seq. of the Oklahoma Personnel Act.

**260:25-17-52. State personnel interchange agreements and contracts [REVOKED]**

Employee interchanges made in accordance with the Act and the Merit Rules shall be executed by mutual agreement or contract by the sending agency, the receiving agency and the participating employee, subject to the following conditions and provisions:

- (1) The agreement or contract shall be in the standard format and on the standard form provided by the Human Capital Management Division. Both the personnel interchange agreement and the personnel interchange contract contain information regarding the terms and conditions of the interchange and are signed by the Appointing Authority of the sending and receiving agencies and by the participating employee. Employee interchanges shall be by agreement if the receiving agency does not reimburse the sending agency and by contract if the receiving agency reimburses the sending agency.
- (2) The agreement or contract shall be signed voluntarily by the sending agency, the receiving agency, and the participating employee.
- (3) The receiving agency shall submit an original agreement or contract signed by the Appointing Authorities of the sending and receiving agencies and the participating employee to the Human Capital Management Division. The Administrator shall review and

approve each agreement or contract before the effective date of the interchange.

**PART 7. CARL ALBERT PUBLIC INTERNSHIP PROGRAM [REVOKED]**

**260:25-17-70. Purpose [REVOKED]**

(a) The rules in this Part establish policies and procedures to implement the Carl Albert Public Internship Program in accordance with Sections 840 3.2 through 840 3.7 of Title 74 of the Oklahoma Statutes.

(b) The Carl Albert Public Internship Program consists of Executive Fellows Internships, Undergraduate Internships and Senior Undergraduate Internships. The purposes of the program shall be to assist students at institutions of higher education in gaining experience and knowledge in state government and to encourage recruitment of such students to pursue careers in state government service [74:840 3.2]. The rules governing the program apply to both merit system and non-merit system employing agencies.

(c) This part contains 4 groups of Sections:

- (1) Section 260:25-17-74 pertains only to Undergraduate Internships;
- (2) Sections 260:25-17-75 and 260:25-17-84 pertain only to Executive Fellows Internships;
- (3) Section 260:25-17-76 pertains only to Senior Undergraduate Internships; and
- (4) Sections 260:25-17-77 through 260:25-17-82 pertain generally to the Carl Albert Public Internship Program.

**260:25-17-74. Undergraduate internship program [REVOKED]**

(a) Eligibility. The undergraduate internship program consists of temporary positions for students enrolled in institutions of higher education and working toward an undergraduate degree which shall include associate's degrees or certifications by the Oklahoma Department of Career and Technology Education; [74:840 3.4(A)(1)]. To be considered for eligibility determination, applicants shall have at least a 2.5 cumulative grade point average on a 4.0 scale. Applicants shall follow the procedures in 260:25-17-77 for eligibility determination.

(b) Conditions of employment. Participants in the Undergraduate Internship Program who receive internship appointments shall:

- (1) be employed in accordance with paragraph 8 of Section 840 5.5 of Title 74 of the Oklahoma Statutes, for not more than 2 semesters or 999 hours per year;
- (2) continue making progress toward an undergraduate degree;
- (3) maintain the grade point average set out in (a) of this Section; and
- (4) complete the training requirements described in (d) (3) of this Section.

(c) Benefits. Undergraduate interns shall not be eligible for paid leave, or health and retirement benefits.

(d) Responsibilities of appointing authorities.

## Permanent Final Adoptions

(1) The Appointing Authority or designee shall ensure that the intern provides verification to the Human Capital Management Division that the intern is:

- (A) continuing to make progress toward an undergraduate degree during each semester employed, and
- (B) maintaining the grade point average set out in (a) of this Section.

(2) If this information is not transmitted to the Human Capital Management Division within 30 days after the end of the previous semester, the Administrator shall notify and the Appointing Authority of the termination of the internship agreement in accordance with Section 260:25-17-82(a).

(3) Each Appointing Authority shall provide a minimum of 4 clock hours of job related training for undergraduate interns during the internship.

### 260:25-17-75. Executive Fellows program [REVOKED]

(a) **Eligibility.** An Executive Fellows Program consists of six month to two year placements in professional or managerial level positions for students [74:840 3.4(A) (3)]. No person is eligible to participate in the Executive Fellows program for more than 2 years. To be considered for eligibility determination, applicants shall have completed a baccalaureate degree and at least 6 semester hours of graduate level coursework with at least a 3.0 grade point average on a 4.0 scale [74:840 3.4(A) (3)]. Applicants shall follow the procedures in 260:25-17-77 for eligibility determination.

(b) The Administrator or designee may waive the completion of 6 semester hours of graduate level coursework required by subsection (a) of this section for 1 semester, if:

(1) An individual currently employed by a state agency as a Carl Albert Public Internship Program undergraduate intern provides verification to the Human Capital Management Division that he or she has:

- (A) completed an undergraduate degree, and
- (B) is enrolled in 6 semester hours of approved graduate level work; and

(2) The Appointing Authority or designee of the agency where the undergraduate intern is currently employed certifies to the Human Capital Management Division that the agency intends to employ the undergraduate intern as a Carl Albert Public Internship Program Executive Fellow immediately upon the undergraduate intern's completion of an undergraduate degree.

(c) The appointment of an Executive Fellow in accordance with subsection (b) is not effective until the Administrator or designee approves the waiver of the 6 semester hours of graduate level course work.

(d) At the end of the semester for which the waiver of the 6 semester hours of graduate level coursework was approved by the Administrator pursuant to subsection (b), the individual employed as a Carl Albert Public Internship Program Executive Fellow shall meet the eligibility requirements in subsection (a) of this section or be removed from the Carl Albert Public Internship Program. [74:840 3.5]

(e) **Conditions of employment.** Participants in the Executive Fellows Program who receive internship appointments shall:

(1) be appointed in accordance with paragraph 10 of Section 840 5.5 of Title 74 of the Oklahoma Statutes [74:840 3.5(4)];

(2) be granted leave benefits commensurate with regular state employees [74:840 3.5(5)];

(3) be enrolled in the state health insurance and retirement benefits programs, if expected to work one thousand (1,000) or more hours per year;

(4) continue to make scholastic progress toward their graduate degrees during each fall and spring semester until completion of all graduate degree requirements;

(5) maintain the grade point average set out in (a) of this Section; and

(6) complete the training requirements described in (f) (3) of this Section.

(f) **Responsibilities of appointing authorities.**

(1) The Appointing Authority or designee shall ensure that the intern provides verification to the Human Capital Management Division that the intern is:

(A) continuing to make scholastic progress toward a graduate degree, until completion of all graduate degree requirements, and

(B) maintaining the grade point average set out in (a) of this Section.

(2) If this information is not transmitted to the Human Capital Management Division within 30 days after the end of the previous semester, the Administrator shall notify the Appointing Authority of the termination of the internship agreement in accordance with Section 260:25-17-82(a).

(3) Each Appointing Authority shall provide a minimum of 8 clock hours of job related training for Executive Fellows during each 6 month period.

(4) Each Appointing Authority shall rate the performance of participants in the Executive Fellows Program in accordance with Section 840 4.17 of Title 74 of the Oklahoma Statutes. [74:840 3.4]

### 260:25-17-76. Senior Undergraduate Program [REVOKED]

(a) **Eligibility.** The Senior Undergraduate Program consists of positions for a term of up to 24 months for students who are currently enrolled in institutions of higher education and working toward a baccalaureate degree. [74:840 3.4(A)(2)]. No person is eligible to participate in the Senior Undergraduate Program for more than 2 years. To be considered for eligibility determination, applicants shall have at least 90 semester hours of undergraduate coursework with at least a 2.5 grade point average on a 4.0 scale [74:840 3.4(A)(2)]. Applicants shall follow the procedures in 260:25-17-77 for eligibility determination.

(b) **Conditions of employment.** Participants in the Senior Undergraduate Program who receive internship appointments shall:

(1) be appointed in accordance with paragraph 10 of Section 840 5.5 of Title 74 of the Oklahoma Statutes [74:840 3.5(4)];

(2) be granted leave benefits commensurate with regular state employees [74:840 3.5(4)];

- (3) be enrolled in the state health insurance and retirement benefits programs, if expected to work one thousand (1,000) or more hours per year;
- (4) continue to make scholastic progress toward their baccalaureate degrees during each fall and spring semester until completion of all undergraduate degree requirements;
- (5) maintain the grade point average set out in (a) of this Section, and
- (6) complete the training requirements described in (c) (3) of this Section.

(e) **Responsibilities of appointing authorities.**

- (1) The Appointing Authority or designee shall ensure that the intern provides written verification to the Human Capital Management Division that the intern is:
  - (A) continuing to make scholastic progress toward a baccalaureate degree, until completion of all undergraduate degree requirements, and
  - (B) maintaining the grade point average set out in (a) of this Section.
- (2) If this information is not transmitted to the Human Capital Management Division within 30 days after the end of the previous semester, the Administrator shall notify the Appointing Authority of the termination of the internship in accordance with Section 260:25-17-82(a).
- (3) Each Appointing Authority shall provide a minimum of 4 clock hours of job related training for Senior Undergraduate Interns during each 6 month period
- (4) Each Appointing Authority shall rate the performance of participants in the Senior Undergraduate Program in accordance with Section 840 4.17 of Title 74 of the Oklahoma Statutes. [74:840 3.4]

**260:25-17-77. Application form and procedure**  
[REVOKED]

(a) **Application form.**

- (1) The Carl Albert Public Internship Program application is available from Human Capital Management. The public announcement provides information about the application process and eligibility requirements. The application solicits information about applicants and their qualifications for participation in the program.
- (2) Applicants may apply at any time.

(b) **Communication with the Human Capital Management.** Interested persons may direct communications to the attention of the Carl Albert Public Internship Program in accordance with 260:25-29-12.

(c) **Application procedure.** Applicants for the internship program shall provide the following information to the Human Capital Management Division for review and determination of eligibility:

- (1) A completed on-line application form as prescribed by Human Capital Management;
- (2) Transcript(s) of coursework from accredited higher education institutions;
- (3) A letter of recommendation from the current Appointing Authority, if the applicant is a state employee [74:840 3.4(C)];

- (4) A Resume
- (5) Verification of current enrollment.

(d) **Notification.** Human Capital Management shall notify applicants if the documents they submit are sufficient for eligibility. A notice of eligibility does not mean the applicant will be employed as an intern.

(e) **Length of eligibility.** Applicant information on file at the Human Capital Management Division shall remain active if eligible applicants submit verification of current enrollment and an updated transcript each semester. If applicants fail to provide updated information within 90 days after the end of the previous semester, they will no longer be eligible for employment as an intern and their names will be removed from the list of eligible applicants made available to state agencies.

(f) **Appointment.** Human Capital Management shall provide a list of all eligible applicants for the Carl Albert Public Internship Program to state agencies periodically and at an agency's request. An agency may request an eligible applicant list and copies of individual eligible intern files at any time.

(g) **State employees.** State employees may apply to participate in the Carl Albert Public Internship Program. Permanent classified and regular unclassified employees who receive internship appointments may request leave without pay from their permanent or regular employment in accordance with 260:25-15-47, Leave of absence without pay. Probationary employees and regular unclassified employees with less than 12 months continuous service shall resign before entry on duty as an intern.

**260:25-17-80. General conditions of employment**  
[REVOKED]

(a) **No expectation of continued employment.**

- (1) Persons participating in the Carl Albert Public Internship Program shall be employed in the unclassified service of the state in accordance with Section 840 5.5 of Title 74 of the Oklahoma Statutes and Sections 260:25-17-74 and 260:25-17-75.
- (2) An intern has no right or expectation of continued employment in any classified or unclassified position with the state because of participation in the Carl Albert Public Internship Program.

(b) **Compensation plan for interns.**

- (1) The employing agency shall establish compensation plans that include rates of pay for Carl Albert Public Internship Program positions which are consistent with positions having like duties and responsibilities within the agency.
- (2) The Administrator may establish job descriptions for interns in accordance with Section 260:25-5-8.
- (3) Carl Albert interns who are not exempt from the provisions of the Fair Labor Standards Act (29U.S.C. 201 et seq.) are subject to its overtime provisions and 260:25-7-12.
- (4) Salary adjustments may be made in accordance with Section 840 2.17 of Title 74 of the Oklahoma Statutes.

(c) **Report of work performance to educational institution.** The Appointing Authority or designee of the employing

## Permanent Final Adoptions

agency shall provide the internship faculty member with information necessary to evaluate the intern's work experience for academic purposes at the faculty member's request.

(d) **Intercession by the Human Capital Management Division.** The Human Capital Management Division may intercede in an internship if the Office determines, at the request of the intern, the agency, or the institution of higher education at which the intern is enrolled, that an internship is not functioning [74:042-3.5(8)] in accordance with the rules in this Part, and the individual internship agreement. The intercession process may include, but is not limited to the following actions: modification of certain internship terms, reassignment, and separation or early release from the internship.

(e) **State employees; continuation of benefits.** State employees leaving classified or exempt positions in state government in order to take an internship shall continue to receive all fringe benefits they would have received in their previous classified or exempt positions [74:840-3.5(2)].

(f) **Training requirements.** Each intern shall complete the training requirements prescribed by the employing agency and the Administrator.

### 260:25-17-82. Carl Albert Public Internship Program; termination of internship [REVOKED]

(a) **Termination of internship agreement and separation.** An agency may continue to employ a person as an intern only during the period of the internship agreement as provided by the rules in this Part. The agency, the intern, or the Administrator may terminate the internship agreement at any time without notice. The agency may separate the intern with or without cause.

(b) **State employees; right of return and recall to previous position.**

(1) State employees leaving classified or exempt positions in state government in order to take an internship shall have the right to return to the previous position at any time during the internship or upon completion of the internship [74:840-3.5(2)].

(2) The Appointing Authority may require a state employee participant to return to the original state agency position before the internship termination date stated on the agreement form. The employee shall be notified by certified mail and given 7 calendar days to return to work. The notification shall include reasons for requiring the employee to return to work. If the employee fails to return as directed, the Appointing Authority may discipline the employee.

### 260:25-17-84. Executive Fellows program; conversion [REVOKED]

(a) **Eligibility.** An Executive Fellow, Senior Undergraduate, and Undergraduate shall be eligible for appointment to a position in the classified or unclassified service of the state and shall be deemed as meeting all other statutory requirements if the participant has:

(1) Been certified by the Appointing Authority as having successfully completed an internship; and

(2) Upon successful completion of an internship in the Undergraduate or Senior Undergraduate Internship Program or Executive Fellows Program, a participant who has met all requirements of education and experience shall be eligible for appointment to a position in the classified or unclassified service of the state and shall be deemed as meeting all other statutory requirements;

(b) **Direct conversion.** If there is no break in service after successful completion of an internship, the conversion to a position in the classified service shall be exempt from the posting requirements in Part 5 of 260:25-11, if the conversion is to a job which is consistent with the duties and responsibilities of the Executive Fellow, Senior Undergraduate, or Undergraduate internship.

(c) **Salary upon direct conversion.** If there is no break in service, the salary shall be determined in accordance with 260:25-7-3.

(d) **Probation period upon direct conversion.** If there is no break in service, the probation period may be waived by the Appointing Authority.

(e) **Conversion following a break in service.** If the Executive Fellow, Senior Undergraduate, or Undergraduate is separated after successful completion of an internship and before being converted to the classified service, the agency shall meet the internal posting requirements of Part 5 of 260:25-11 before the person is reinstated and converted to the classified service, and may require a probationary period in accordance with 260:25-9-102.

## PART 9. MANDATORY SUPERVISORY TRAINING [REVOKED]

### 260:25-17-90. Purpose [REVOKED]

The rules in this Part implement Section 840-3.1 of Title 74 of the Oklahoma Statutes, which requires training for supervisors in both the classified and unclassified services in the executive branch of state government, excluding those within The Oklahoma State System of Higher Education. The rules establish policies and procedures necessary to implement supervisory training requirements.

### 260:25-17-91. Definitions [REVOKED]

The following words and terms, when used in this Part shall have the following meaning, unless the context clearly indicates otherwise:

**"One hour of training"** means one (1) hour of learner interaction with the content of the learning activity, which includes classroom, self-paced instruction, assignments, or assessments that support the stated learning outcome. The Administrator shall develop a standard for assessing and assigning hours to learning content.

**"Online learning format"** means any live or self-paced learning content delivered remotely using online technology.

**"Supervisory training"** means courses or training related to the effective performance of an agency manager or supervisor [74:840-3.1].

~~"Twelve hours of training" means twelve (12) hours of learner interaction with no more than six (6) hours spent on online learning formats. Twelve hours (12) of training are also equivalent to 1.2 continuing education units (CEUs).~~

~~"Twenty-four hours of training" means twenty-four (24) hours of learner interaction with no more than twelve (12) hours spent on online learning formats. Twenty-four (24) hours of training are also equivalent to 2.4 continuing education units (CEUs).~~

**260:25-17-93. Supervisory training requirements [REVOKED]**

~~(a) Beginning November 1, 1999, all supervisors shall complete 12 hours of supervisory training according to this Part each calendar year [74:840-3.1].~~

~~(b) Persons appointed to supervisory positions after November 1, 1999, shall complete 24 hours of supervisory training according to this Part within 12 months before or after assuming a supervisory position [74:840-3.1]. Supervisors shall complete training courses in the State of Oklahoma Performance Management Process and progressive discipline within the first 12 months of being appointed to a supervisory position.~~

~~(c) The appointing authority of each agency shall make sure each supervisory employee is notified and scheduled to attend required supervisory training and shall make time available for each supervisory employee to complete the training [74:840-3.1].~~

~~(d) Training courses conducted by employing agencies, public and private schools, and colleges and universities may count toward supervisory training requirements if the coursework meets the definition for supervisory training in 260:25-17-91.~~

**260:25-17-95. Supervisory training reporting requirements [REVOKED]**

~~Employing agencies shall keep records of the training of all supervisory employees and shall submit reports of supervisory training to the Human Capital Management Division at the request of the Administrator of the Human Capital Management Division.~~

**260:25-17-97. Reporting of training compliance [REVOKED]**

~~Each spring, the Administrator will notify agencies of the method for reporting their level of compliance with these requirements for the previous calendar year. The Administrator shall provide a summary of the reports to the Governor, the Speaker of the House of Representatives, and the President Pro Tempore of the Senate.~~

**PART 11. CERTIFIED PUBLIC MANAGER PROGRAM [REVOKED]**

**260:25-17-110. Purpose [REVOKED]**

~~(a) The rules in this Part establish policies and procedures to implement the Certified Public Manager Program<sup>®</sup> in accordance with Section 840-1.6A(9) of Title 74 of the Oklahoma Statutes. The Program is administered by the Office of Management and Enterprise Services.~~

~~(b) It is the purpose of the Certified Public Manager Program<sup>®</sup> to develop the management skills of public sector employees and to assist state agencies and other public sector organizations in the identification and development of future leaders.~~

**260:25-17-111. Definitions [REVOKED]**

~~In addition to words and defined in OAC 455:10-1-2 or 260:25-1-2, the following words and terms, when used in this Part, shall have the following meaning, unless the context clearly indicates otherwise.~~

~~"Organizations" means municipalities, counties, Indian Nations, and the federal government.~~

~~"Program" means the Certified Public Manager Program<sup>®</sup> authorized by Section 840-1.6A(10) of Title 74 of the Oklahoma Statutes.~~

~~"Training section" means a group of participants who complete the program in the same period of time.~~

**260:25-17-112. Program description [REVOKED]**

~~(a) Eligibility. Employees of state agencies in all branches of state government who are nominated by the Appointing Authority or designee may participate in the Program. Additionally, employees of organizations, who are nominated by the chief administrative officer or designee may participate in the Program.~~

~~(b) Nomination procedure.~~

~~(1) The nomination process and/or criteria will be determined by each agency. The Certified Public Manager Program<sup>®</sup> nomination form and information booklet are available from the Human Capital Management Division. The nomination form solicits information about the nominee and the nominating agency or organization and shall be signed by the nominee, the nominee's supervisor, and the agency's Appointing Authority or designee or the organization's chief administrative officer or designee. The information booklet provides information about the nomination process, a description of the Program, courses required to complete the Program, and the role of Higher Education in the Program.~~

~~(2) The agency or organization may nominate an employee for participation in the Program during designated enrollment periods by forwarding a completed nomination form to the Certified Public Manager Program<sup>®</sup> at the Human Capital Management Division prior to the end of the enrollment period.~~

~~(c) Enrollment in the Program. The Administrator shall enroll an employee in the Certified Public Manager Program<sup>®</sup> who has been nominated by his or her agency or organization in the first available training section.~~

## Permanent Final Adoptions

---

(d) Communication with the Human Capital Management Division. Interested persons may direct communications to the attention of the Oklahoma Certified Public Manager Program<sup>®</sup> in accordance with 260:1-1-12.

(e) Experience credit. Graduation from the Program as a "Certified Public Manager<sup>®</sup>" shall substitute for one (1) year of professional experience in business or public administration on any Merit System job class requiring such experience as part of the minimum qualifications.

### 260:25-17-113. Program requirements for candidates [REVOKED]

(a) Graduation requirements. To graduate from the Program as a "Certified Public Manager<sup>®</sup>", a candidate shall complete all of the following graduation requirements offered during the eighteen (18) month training section:

(1) Attend all scheduled courses, project sessions and learning events prescribed by the Human Capital Management Division and specified in the information packet described in 260:25-17-112. The remaining hours shall be in program pre-work requirements and other assignments;

(2) Attend at least 75 percent of the scheduled class dates. Make-up work will be provided for all in-person classes. Even if all make-up work is completed, but the candidate has failed to attend at least seventy-five (75) percent of the required scheduled sessions, they are eligible to be removed from the training section.

(3) Pay the Program fees described in 260:25-17-115 in full before graduation.

(b) Removal of a candidate from the Program. The nominating agency or organization and the Administrator shall have the right to remove a candidate from the Program. Any candidate who fails to complete a training section will be given the greater of two (2) additional training section cycles or three (3) years to re-enroll in another training section without being charged. Hours earned for sessions attended or work completed in a previous training section are not transferrable to another training section.

### 260:25-17-114. Program requirements for nominating agency or organization [REVOKED]

The nominating agency or organization shall:

(1) Provide time for the candidate, during his or her work day, to attend training courses, including the Capstone, prepare class assignments, study for examinations, and work on Program projects;

(2) Allow candidates to use agency or organization issues for classroom, project, and portfolio assignments;

(3) Provide financial support to agency candidates, as required by the Program;

(4) Review and approve employee absences for scheduled cohort dates prior to sending the nomination to HCM; and

(5) Allow managers to participate in the employee's involvement in the program for activities such as attending project presentations, answering survey questions or providing employee assessments.

### 260:25-17-115. Program fees [REVOKED]

(a) The fee for participation shall be established by the Administrator pursuant to 74:840-1.6A(9).

(b) Should the fee structure change during the course of an employee's participation in the program, fees shall remain consistent with the fee assessed at the time of enrollment.

## PART 13. PERSONNEL PROFESSIONALS TRAINING AND CERTIFICATION [REVOKED]

### 260:25-17-130. Purpose [REVOKED]

The rules in this Part implement Section (Section 840-1.6A(14) of Title 74 of the Oklahoma Statutes, which requires continuing training and certification of personnel professionals in the executive branch of state government, excluding institutions within The Oklahoma State System of Higher Education. The rules in this Part apply to both Merit System and non-Merit System agencies, and to both classified and unclassified personnel professionals. The rules establish policies and procedures necessary to implement personnel professionals training requirements.

### 260:25-17-131. Definitions [REVOKED]

The following words and terms, when used in this Part shall have the following meaning, unless the context clearly indicates otherwise:

"**Annual training requirements**" means a curricula approved by the Administrator for certified personnel professionals to maintain certification.

"**Certification**" means the successful completion of the course curricula or service as an instructor for the course curricula, and the successful completion of the examination established by the Administrator for testing competency in professional personnel practices.

"**Certified Personnel Professionals**" means employees who have achieved and maintained certification.

"**Personnel professional**" means an employee in the classified or unclassified service, who on a regular and consistent basis as an integral part of his or her normal work assignment and job family descriptor, performs professional duties developing or implementing personnel administration policies, practices and procedures.

"**Personnel professional**" includes persons performing such duties in the job families of Human Resources Programs Manager, Human Resources Management Specialist, Personnel Programs Analyst, Personnel Programs Coordinator, Human Resources Programs Director, or in other job families designated by the Administrator as professional personnel positions; and those persons in classified or unclassified positions occupying comparable positions or performing comparable duties as determined by the Administrator. The Administrator may waive the training requirements for personnel professionals whose primary assigned duties are in the areas of benefits, payroll, training, affirmative action/equal employment opportunity, retirement, safety, workers compensation, or employee assistance programs, according to 260:25-17-136.

**260:25-17-132. Personnel professionals training requirements [REVOKED]**

(a) Beginning July 15, 1996, all employees assigned to professional personnel positions in the executive branch, excluding employees within The Oklahoma State System of Higher Education, shall attend training in professional personnel administration conducted and determined by the Human Capital Management Division, and successfully complete an examination prescribed by the Administrator in order to attain certification as a personnel professional. In lieu of training conducted by the Human Capital Management Division, employees can complete a Professional in Human Resources (PHR) or a Senior Professional in Human Resources (SPHR) certification from the Human Resource Certification Institute (HRCI) or a Certified Professional or Senior Certified Professional certification from the International Public Management Association for Human Resources (IPMA-HR). Employees appointed to personnel professional positions after July 15, 1996, shall attend the training and successfully complete the examination within one (1) year of appointment. [74:840 1.6A(14)]

(b) Service as an instructor for all or part of the course may be counted toward the training requirement. Employees serving as instructors must successfully complete the prescribed examination to attain certification as a personnel professional.

(c) Employees who have been certified as personnel professionals by the Administrator shall thereafter annually complete training conducted and determined by the Human Capital Management Division in professional personnel administration to maintain certification. [74:840 1.6A(14)] The Administrator may approve training that is not conducted by the Human Capital Management Division as meeting the annual training requirements.

(d) The Appointing Authority of each agency with an employee assigned to a professional personnel position shall ensure the employee is notified and scheduled to attend required personnel professionals training and shall make time available for the employee to complete the training. [74:840 1.6A(14)]

**260:25-17-134. Course approval of annual training requirements [REVOKED]**

(a) To request approval of training not conducted by the Human Capital Management Division as meeting the annual training requirements, the Appointing Authority shall submit the following course information to the Administrator for review:

- (1) Course title and a brief description;
- (2) Classroom hours or Continuing Education Units (CEUs); and
- (3) Course outline.

(b) The Administrator shall maintain lists of courses approved as meeting the annual training requirements, and may withdraw his or her approval of courses by notifying employing agencies.

(c) Certified Personnel Professionals who complete approved training courses shall submit proof of completion that is acceptable to the Administrator.

**260:25-17-136. Application for waiver of training requirements [REVOKED]**

(a) The Administrator may waive the personnel professional training requirements for employees:

- (1) Whose primary assigned duties are in the areas of benefits, payroll, training, affirmative action/equal employment opportunity, retirement, safety, workers compensation, or employee assistance programs; and,
- (2) Whose primary assigned duties do not include classification, compensation, recruitment, or selection.

(b) Employees who are eligible for a waiver according to Subsection (a) of this Section, may apply by submitting a written request signed by the Appointing Authority, along with a position description, job family descriptor, or a description of the employee's primary assigned duties, to the Human Capital Management Division.

(c) The Administrator shall be responsible for granting or denying waivers under this Section. The decision of the Administrator to grant or deny such a waiver shall be final.

**260:25-17-138. Personnel professionals training fees [REVOKED]**

The fee for participation shall be established by the Administrator pursuant to 74:840 1.6A(9).

**PART 15. WORKFORCE EDUCATION PROGRAM**

**260:25-17-140. Purpose**

The rules in this part implement Section 840-3.1A of Title 74, which authorizes agencies in the executive branch of state government to establish education and training programs for positions critical to the missions of those agencies. The rules in this Part apply to both Merit System and non Merit System agencies, and to both classified and unclassified executive branch state employees.

**PART 17. STATE WORK INCENTIVE PROGRAM [REVOKED]**

**260:25-17-170. Purpose**

(a) The rules in this Part establish policies and procedures to implement the State Work Incentive Program in accordance with Section 840 5.16 of Title 74 of the Oklahoma Statutes.

(b) The State Work Incentive Program is aimed at employing participants in the Temporary Assistance to Needy Families Program in Oklahoma and vocational rehabilitation clients of the Department of Rehabilitation Services in entry level positions within state service. [74:840 5.16]

(c) The rules in this Part, except for Section 260:25-17-177, apply to both merit system and non merit system agencies employing participants in the State Work Incentive Program. Section 260:25-17-177 shall apply to merit system agencies only.

# Permanent Final Adoptions

## 260:25-17-173. Eligibility and length of appointment [REVOKED]

To be eligible for hire under the State Work Incentive Program, a person must be certified as a participant in the Temporary Assistance to Needy Families Program by a State Work Incentive Referral Form issued by the State of Oklahoma Department of Human Services, or be certified as an eligible individual by a State Work Incentive Program Certificate issued by the Department of Rehabilitation Services. A copy of the required certification will be provided to the Human Capital Management Division at the time of appointment. Agencies may employ eligible persons in the State Work Incentive Program for up to 2 years in full time or part time unclassified status.

## 260:25-17-175. Conditions of employment [REVOKED]

(a) **No right of continued employment.** Employees hired under the State Work Incentive Program shall be employed in the unclassified service of the state. Employees hired under the State Work Incentive Program shall have no right or expectation of continued employment in any classified or unclassified position because of participation in the State Work Incentive Program.

(b) **Eligibility for leave and benefits.** Employees hired under the State Work Incentive Program are eligible for leave and other benefits of state employment available to regular unclassified employees. Employees hired under the State Work Incentive Program must meet any other eligibility requirements established for such benefits. [74:840-5.16]

(c) **Leave without pay.** Employees hired under the State Work Incentive Program may be granted leave of absence without pay from the agency in accordance with 260:25-15-47. Leave without pay in excess of a total of 5 working days shall extend the employee's 2 years of eligibility under the State Work Incentive Program by the number of working days the employee is on leave without pay.

(d) **Eligibility for promotion.** Employees hired under the State Work Incentive Program may be reassigned or promoted while they are participating in the program. [74:840-5.16]

(e) **Performance evaluation.** Appointing Authorities shall evaluate the performance of employees hired through the State Work Incentive Program according to the provisions of Section 840-4.17 of Title 74 of the Oklahoma Statutes.

## 260:25-17-177. Conversion [REVOKED]

(a) **Eligibility.** Persons employed by merit system agencies under the State Work Incentive Program shall be eligible for conversion to permanent classified status at the discretion of the Appointing Authority if the employee has:

- (1) completed 2 years of continuous participation in the State Work Incentive Program, not including periods of leave without pay in accordance with 260:25-17-175;
- (2) performed satisfactorily as evidenced by performance evaluations conducted according to Section 840-4.17 of Title 74 of the Oklahoma Statutes; and
- (3) met the minimum requirements for the position.

(b) **Direct conversion.** Direct conversion means the conversion of an employee to permanent classified status immediately following the successful completion of 2 years service under the State Work Incentive Program. Conversion shall be to a job consistent with the duties assigned to the employee under the State Work Incentive Program. The conversion of employees who meet the requirements of subsection (a) to permanent classified status shall be exempt from:

- (1) the application, certification, and appointment requirements of Subchapter 9 of these rules;
- (2) the probationary period requirements of Part 3 of Subchapter 11 of these rules; and
- (3) the promotional posting requirements of Part 5 of Subchapter 11 of these rules.

(c) **Conversion following a break in service or to a different job.** If an employee completes a 2 year appointment under the State Work Incentive Program and is separated from the unclassified appointment under this program without being directly converted, the employee will be eligible for future appointment for up to 2 years following the completion of the State Work Incentive Program and eligible persons may make application for employment directly with state agencies. Additionally, a person may be converted to a different job which is not consistent with the duties and responsibilities performed under the State Work Incentive Program appointment subject to the following conditions. Prior to appointment and conversion of a person under this authorization, the agency shall meet the internal posting requirement of Part 5 of 260:25-11 and may require a probationary period in accordance with 260:25-9-102. The following requirements must also be met:

- (1) The Administrator must certify that the person meets the current minimum qualifications for the job;
- (2) The date the person enters on duty must be within 2 years after the completion of the State Work Incentive Program appointment; and
- (3) The probationary period must be in accordance with 260:25-11-30.

(d) **Salary upon conversion.** If there is no break in service and conversion is to a job which is consistent with the duties and responsibilities performed during the State Work Incentive Program appointment, the salary shall be fixed at the rate of pay in effect for the employee at the time of conversion. If the conversion is to a different job, or the conversion follows a break in service, the salary shall be determined in accordance with 260:25-7-3.

## SUBCHAPTER 29. HUMAN CAPITAL MANAGEMENT DIVISION

### PART 1. GENERAL PROVISIONS

## 260:25-29-12. Location for information and for filing

(a) The address and telephone number for communications with HCM is: Human Capital Management Division, Will

Rogers Building, Suite 106, 2401 North Lincoln Boulevard, Oklahoma City, OK 73105-4904, Telephone (405) 521-2177.

(b) The normal business hours of HCM are 8:00 a.m. to 5:00 p.m., Monday through Friday.

(c) Anyone may file a document with HCM by mail or hand-delivery during normal business hours. The "filing date" is the date HCM receives a document by mail or hand-delivery, not the date it is mailed or postmarked.

~~(d) HCM does not accept facsimiles or "FAXs" instead of original official documents except for the following documents:~~

- ~~(1) Agency Payroll Initialization (HCM 38);~~
- ~~(2) Agency Transfer (HCM 30);~~
- ~~(3) Carl Albert Public Internship Program application materials, and completed and signed agreement forms;~~
- ~~(4) Certified Public Manager nomination;~~
- ~~(5) Classification Grievance Audit Request (HCM 70);~~
- ~~(6) Dependent birthday change (EBC 20);~~
- ~~(7) Delegated authority application;~~
- ~~(8) Documents and related correspondence on legislation, rules, and Employment Relations Services (except for Employee Assistance Program participant documents and alleged discrimination complaint documents);~~
- ~~(9) HRDS Course Nomination;~~
- ~~(10) Interagency employee transfer correspondence;~~
- ~~(11) Mandatory Supervisory Training Report;~~
- ~~(12) Model Project application;~~
- ~~(13) Notice to Announce (HCM 29);~~
- ~~(14) PEP Nomination (HCM 102);~~
- ~~(15) Personnel Transaction Freeze Exception Request;~~
- ~~(16) Position Description Questionnaires~~
- ~~(17) Quality Oklahoma Project Report;~~
- ~~(18) Reallocation Forms;~~
- ~~(19) Request for personnel action;~~
- ~~(20) State Mentor Program nomination forms, application materials, and Appointing Authority endorsement forms;~~
- ~~(21) State Personnel Interchange Program completed and signed agreement and contract forms;~~
- ~~(22) Test Use and Security Agreement; and~~
- ~~(23) Voluntary Payroll Deduction Application (VPD 1) and related correspondence.~~

~~(e) HCM does not accept electronic mail or "e-mails" instead of original official documents except for the following documents:~~

- ~~(1) Carl Albert Public Internship Program transcripts, enrollment verifications, and resumes;~~
- ~~(2) Certified Public Manager nomination;~~
- ~~(3) HRDS Course Nomination;~~
- ~~(4) Mandatory Supervisory Training Report; and~~
- ~~(5) Quality Oklahoma Project Report.~~

~~(f) Unless a document clearly states otherwise, the signature of a person on a document filed with HCM shall mean the person has read it and has personal knowledge of the information it contains, that every statement is true, that no statements are misleading; and that filing the document is not a delay tactic. If any document is not signed or is signed with intent to defeat~~

the purposes of the rules in this Title, the Administrator may ignore it and continue as though it had not been filed.

**PART 3. FORMAL AND INFORMAL PROCEDURES**

**260:25-29-31. Purpose**

The rules in this Subchapter describe general formal and informal procedures the Administrator uses to take action and make decisions. Other Chapters in this Title describe informal procedures that apply specifically to individual programs under the Administrator's authority. ~~Chapter 10 of Title 455 contains formal and informal procedures authorized by the Oklahoma Personnel Act, Section 840.1 et seq. of the Oklahoma Statutes, that are under the jurisdiction of the Oklahoma Merit Protection Commission.~~

**260:25-29-39. Hearings (individual proceedings)**

- (a) The Administrator follows the provisions of Article II of the Administrative Procedures Act, Sections ~~309 to 323~~308a et seq. of Title 75 of the Oklahoma Statutes, and the rules in this Chapter in conducting hearings (individual proceedings). The Administrator or a person named by the Administrator as the hearing officer shall conduct hearings. This Section does not apply to public hearing to receive comments on proposed rules.
- (b) The Administrator shall send a notice of hearing to the parties. It shall be at least 20 days after the Administrator mails the notice unless the parties agree to an earlier date.
- (c) The hearing officer may set a time limit on oral presentations during a hearing.
- (d) The Administrator's decision after a hearing conducted under this Section is final.

[OAR Docket #22-616; filed 7-13-22]

**TITLE 260. OFFICE OF MANAGEMENT AND ENTERPRISE SERVICES  
CHAPTER 40. EMPLOYEE BENEFITS DEPARTMENT**

[OAR Docket #22-588]

**RULEMAKING ACTION:**

PERMANENT final adoption

**RULES:**

- Subchapter 25. Dependent Care Reimbursement Account Option 260:40-25-2. Definitions [AMENDED]
- Subchapter 27. Health Care Reimbursement Account Option 260:40-27-2. Definitions [AMENDED]

**AUTHORITY:**

The Office of Management and Enterprise Services; 74 O.S. Section 1366; The Director of the Office of Management and Enterprise Services; 62 O.S. Section 34.6(8)

**SUBMISSION OF PROPOSED RULES TO GOVERNOR AND CABINET SECRETARY:**

November 17, 2021

**COMMENT PERIOD:**

December 15, 2021 through January 20, 2022

**PUBLIC HEARING:**

## INCORPORATIONS BY REFERENCE:

n/a

## GIST/ ANALYSIS:

These rules amend the plan document for the State Employees Flexible Benefit Plan. The Consolidated Appropriations Act of 2021 allows certain plan amendments for health flexible spending arrangements and dependent care flexible spending arrangements. The rules extend the grace period for both the health flexible spending arrangement and the dependent care flexible spending arrangement for Plan Year 2020 and Plan Year 2021.

## CONTACT PERSON:

Tracy Osburn, Deputy General Counsel, General Counsel Section, OMES, 2401 North Lincoln Blvd, Oklahoma City, Oklahoma, 73105, (405) 522-3428, tracy.osburn@omes.ok.gov

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(5) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2022:**

## SUBCHAPTER 25. DEPENDENT CARE REIMBURSEMENT ACCOUNT OPTION

### 260:40-25-2. Definitions

The following words and terms, when used in this subchapter, shall have the following meaning, unless the context clearly indicates otherwise:

**"Dependent"** means any individual who is:

(A) A dependent of the participant who is under the age of 13 with respect to whom the participant is entitled to an exemption under Section 15(c) of the Internal Revenue Code or, is otherwise, a qualifying individual as provided in Section 21(d)(2) of the Internal Revenue Code, or

(B) A dependent or spouse of the participant who is physically or mentally incapable of caring for himself or herself.

**"Dependent care expenses"** means expenses incurred by a participant which are incurred for the care of a dependent of the participant or for related household services, and are eligible expenses as allowed under and defined in the prevailing Internal Revenue Code and rules promulgated thereunder and as allowed by the Plan Administrator.

**"Dependent care reimbursement account"** means the bookkeeping account maintained by the Plan Administrator used for crediting contributions and accounting for benefit payments.

**"Eligible period of coverage"** means that time period in which the participant contributes to the dependent care reimbursement account and that the participant is on an active pay status.

**"Grace Period"** means the period from the end of the Plan Year through March 15th of the subsequent Plan Year during which reimbursable expenses can be incurred and attributable to the previous Plan Year's account balance. For the Plan Year effective January 1, 2020, the grace period will be extended for twelve months (12) after the end of that Plan Year. For the Plan Year effective January 1, 2021, the grace period will be extended for twelve (12) months after the end of that Plan Year.

**"Run Out Period"** means the ninety (90) day period following a Plan Year in which claims can be made for reimbursable expenses incurred during the Plan Year.

## SUBCHAPTER 27. HEALTH CARE REIMBURSEMENT ACCOUNT OPTION

### 260:40-27-2. Definitions

The following words and terms, when used in this subchapter, shall have the following meaning, unless the context clearly indicates otherwise:

**"Dependent"** means an individual, who qualifies as a dependent under Section 125 of the Internal Revenue Code, taking into account Section 105(b) of the Internal Revenue Code.

**"Health care reimbursement account"** means the bookkeeping account maintained by the Plan Administrator used for crediting contributions and accounting for benefit payments.

**"Medical care expenses"** means any expenses incurred by a participant or by a spouse or dependent of such participant for medical care as described in Section 213 of the Internal Revenue Code and subject to the limitations of section 125 and this Flexible Benefits Plan, but only to the extent that the participant or other person incurring the expense is not reimbursed for the expense through insurance or otherwise.

**"Grace Period"** means the period from the end of the Plan Year through March 15th of the subsequent Plan Year during which reimbursable expenses can be incurred and attributable to the previous Plan Year's account balance. For the Plan Year effective January 1, 2020, the grace period will be extended for twelve months (12) after the end of that Plan Year. For the Plan Year effective January 1, 2021, the grace period will be extended for twelve (12) months after the end of that Plan Year.

**"Rollover Distributions"** means distributions to a Health Savings Account of balances remaining at year end for employees who qualify pursuant to State and federal law.

**"Run-Out Period"** means the ninety (90) day period following a Plan Year in which claims can be made for reimbursable expenses incurred during the Plan Year.

## GIST/ANALYSIS:

The rules and regulations are necessary to promote and enhance effective operation of the Employees Group Insurance Division. It is proposed that the rules and regulations be amended. The effect of the amended rules is to provide for the continued efficiency, responsiveness, the correction of citations and scrivener's errors, and changes to improve the clarity of the rules.

The effect of the amended rules is to allow the Employees Group Insurance Division to comply with the new federal law, No Surprises Act of the 2021 Consolidated Appropriations Act.

260:50-1-2. This rule is necessary to avoid serious prejudice to the public interest and to avoid violation of new federal law. It will allow for reimbursement for certain emergency services at all facilities that are licensed by their state of operations to perform emergency services and allow for a method of contracting for network participation under the Employees Group Insurance Division health plans, HealthChoice. Current rules require facilities be certified by Medicare and/or accredited from one of Medicare's deeming authorities. This will contradict new federal law effective Jan. 1, 2022, which requires most health plans, including HealthChoice, to pay for certain emergency services when the treating facility is merely licensed by the state of operations to perform emergency services.

Byron Knox, Deputy General Counsel, (405) 717-8744

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2022:**

## SUBCHAPTER 1. PURPOSE AND DEFINITIONS

### 260:50-1-2. Definitions

The following words and terms as defined by EGID, when used in this chapter, shall have the following meaning, unless the content clearly indicates otherwise:

**"Administrative error"** occurs when the coverage elections the member makes are not the same as those entered into payroll for deduction from the member's paycheck. This does not include untimely member coverage elections or member misrepresentation. When such an administrative error results in underpaid premiums, full payment to EGID shall be required before coverage elected by the member can be made effective. If overpayment occurs, EGID shall refund overpaid funds to the appropriate party.

**"Administrator"** means the Administrator of the Employees Group Insurance Division or a designee.

**"Allowable fee"** means the maximum allowed amount based on the HealthChoice Network Provider Contracts payable to a provider by EGID and the member for covered services.

**"Attorney representing EGID"** means any attorney designated by the Administrator to appear on behalf of EGID.

**"The Board"** means the seven [7] Oklahoma Employees Insurance and Benefits Board members designated by statute [74 O.S. §1303(1)].

**"Business Associate"** shall have the meaning given to "Business Associate" under the Health Insurance Portability and Accountability Act of 1996, Privacy Rule, including, but not limited to, 45 CFR §160.103.

**"Carrier"** means the State of Oklahoma.

**"Comprehensive benefits"** means benefits which reimburse the expense of facility room and board, other hospital services, certain out-patient expenses, maternity benefits, surgical expense, including obstetrical care, in-hospital medical care expense, diagnostic radiological and laboratory benefits, providers' services provided by house and office calls, treatments administered in providers' office, prescription drugs, psychiatric services, Christian Science practitioners' services, Christian Science nurses' services, optometric medical services for injury or illness of the eye, home health care, home nursing service, hospice care and such other benefits as may be determined by EGID. Such benefits shall be provided on a co-payment or coinsurance basis, the insured to pay a proportion of the cost of such benefits, and may be subject to a deductible that applies to all or part of the benefits as determined by EGID. [74 O.S. §1303 (14)]

**"Cosmetic procedure"** means a procedure that primarily serves to improve appearance.

**"Current employee"** means an employee in the service of a participating entity who receives compensation for services actually rendered and is listed on the payrolls and personnel records of said employer, as a current and present employee, including employees who are otherwise eligible who are on approved leave without pay, not to exceed twenty-four [24] months. An education employee absent from employment, not to exceed eight [8] years, because of election or appointment as local, state, or national education association officer who is otherwise eligible prior to taking approved leave without pay will be considered an eligible, current employee. A person elected by popular vote will be considered an eligible employee during his tenure of office. Eligible employees are defined by statute. [74 O.S. §1303 and §1315]

**"Custodial care"** means treatment or services regardless of who recommends them or where they are provided, that could be given safely and reasonably by a person not medically skilled. These services are designed mainly to help the patient with daily living activities. These activities include but are not limited to: personal care as in walking, getting in and out of bed, bathing, eating by spoon, tube or gastrostomy, exercising, dressing, using toilet, preparing meals or special diets, moving the patient, acting as companion or sitter, and supervising medication which can usually be self-administered.

**"Dependent"** means the primary member's spouse (if not legally separated by court order), including common-law. Dependents also include a member's daughter, son, stepdaughter, stepson, eligible foster child, adopted child, child for whom the member has been granted legal guardianship or child legally placed with the primary member for adoption up to the child's

twenty-sixth [26<sup>th</sup>] birthday. In addition other unmarried children up to age twenty-six [26] may be considered dependents if the child lives with the member and the member is primarily responsible for the child's support. A child that meets the definition of a disabled dependent in this section and also all requirements in 260:50-3-18, may also be covered regardless of age if the child is incapable of self-support because of mental or physical incapacity that existed prior to reaching age twenty-six [26]. Coverage is not automatic and must be approved with a review of medical information. A disabled dependent deemed disabled by Social Security does not automatically mean that this disabled dependent will meet the Plan requirements. [74 O.S. §1303(14)]. See additional eligibility criteria for disabled dependents over the age of twenty-six [26] at 260:50-3-18. Participating employer groups may have a more restrictive definition of Dependent.

**"Durable medical equipment"** means medically necessary equipment, prescribed by a provider, which serves a therapeutic purpose in the treatment of an illness or an injury. Durable medical equipment is for the exclusive use of the afflicted member and is designed for prolonged use. Specific criteria and limitations apply.

**"Eligible Provider"** means a practitioner who or a facility that is recognized by EGID as eligible for reimbursement. EGID reserves the right to determine provider eligibility for network and non-Network reimbursement.

**"Emergency"** means a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) so that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in a condition described in clause (i), (ii), or (iii) of section 1867(e)(1)(A) of the Social Security Act (42 U.S.C. 1395dd (e)(1)(A)). (In that provision of the Social Security Act, clause (i) refers to placing the health of the individual (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy; clause (ii) refers to serious impairment to bodily functions; and clause (iii) refers to serious dysfunction of any bodily organ or part.)

**"Enrollment period"** means the time period in which an individual may make an election of coverage or changes to coverage in effect.

**"Excepted Benefits"** means the four categories of benefits as established in section 2791 of the PHS Act, section 733 of ERISA and section 9832 of the Internal Revenue Code, as summarized in IRS Bulletin 2015-14 and subsequent regulatory guidance. These Excepted Benefits include but are not limited to vision coverage, dental coverage, long-term care insurance, Medicare supplement coverage, automobile liability insurance, workers compensation, accidental death and dismemberment insurance and specific disease coverage (such as cancer).

**"Facility"** ~~means any organization as defined by EGID which is duly licensed under the laws of the state of operation, and also either Medicare certified as applicable, or accredited by a CMS approved Medicare accreditation organization means~~ any organization as defined by EGID which is duly licensed

under the laws of the state of operation and meets credentialing criteria established by EGID.

**"Fee schedule"** means a listing of one or more allowable fees.

**"Former participating employees and dependents"** means eligible former employees who have elected benefits within thirty [30] days of termination of service and includes those who have retired, or vested through an eligible State of Oklahoma retirement system, or who have completed the statutory required years of service, or who have other coverage rights through Consolidated Omnibus Budget Reconciliation Act (COBRA) or the Oklahoma Personnel Act. An eligible dependent is covered through the participating former employee or the dependent is eligible as a survivor or has coverage rights through COBRA.

**"Health information"** means any information, whether oral or recorded in any form or medium: (1) that relates to the past, present or future physical or mental condition of a member; the provision of health care to a member; or the past, present or future payment for the provision of health care to a member; and (2) that identifies the member or with respect to which there is a reasonable basis to believe the information can be used to identify the member.

**"Home health care"** means a plan of continued care of an insured person who is under the care of a provider who certifies that without the Home health care, confinement in a hospital or skilled nursing facility would be required. Specific criteria and limitations apply.

**"Hospice care"** means a concept of supportive care for terminally ill patients. Treatment focuses on the relief of pain and suffering associated with a terminal illness. Specific criteria and limitations apply.

**"Inaccurate or erroneous information"** means materially erroneous, false, inaccurate, or misleading information that was intentionally submitted in order to obtain a specific coverage.

**"Initial enrollment period"** means the first thirty [30] days following the employee's entry-on-duty date. A group initial enrollment period is defined as the thirty [30] days following the enrollment date of the participating entity.

**"Insurance Coordinator"** means Insurance/Benefits Coordinator for Education, Local Government, and State Employees.

**"Insured(s)"** means both the Primary insured and covered Dependents.

**"Maintenance care"** means there is no measurable progress of goals achieved, no skilled care required, no measurable improvement in daily function or self-care, or no change in basic treatment or outcome.

**"Medically necessary"** means services or supplies which are provided for the diagnosis and treatment of the medical and/or mental health/substance abuse condition and complies with criteria adopted by EGID. Direct care and treatment are within standards of good medical practice within the community, and are appropriate and necessary for the symptoms, diagnosis or treatment of the condition. The services or supplies must be the most appropriate supply or level of service, which can safely be provided. For hospital stays, this means

## Permanent Final Adoptions

---

that inpatient acute care is necessary due to the intensity of services the member is receiving or the severity of the member's condition, and that safe and adequate care cannot be received as an outpatient or in a less intensified medical setting. The services or supplies cannot be primarily for the convenience of the member, caregiver, or provider. The fact that services or supplies are medically necessary does not, in itself, assure that the services or supplies are covered by the Plan.

**"Members"** means all persons covered by one or more of the group insurance plans offered by EGID including eligible current and qualified former employees of participating entities and their eligible covered dependents.

**"Mental health and substance abuse"** means conditions including a mental or emotional disorder of any kind, organic or inorganic, and/or alcoholism and drug dependency.

**"Network provider"** means a practitioner who or facility that is duly licensed or operates under the laws of the state, satisfies credentialing criteria as established by EGID, and has entered into a contract with EGID to accept scheduled reimbursement for covered health care services and supplies provided to members.

**"Non-Network out-of-pocket"** means the member's expenses include the total of the member's deductibles and co-insurance costs plus all amounts that continue to be charged by the non-Network provider after the HealthChoice allowable fees have been paid.

**"OEIBB"** means Oklahoma Employees Insurance and Benefits Board.

**"Open enrollment period"** means a limited period of time as approved by either EGID or the Legislature in which a specified group of individuals are permitted to enroll.

**"Option period"** means the time set aside at least annually by EGID in which enrolled plan members may make changes to their enrollments. Eligible but not enrolled employees may also make application for enrollment during this time. Enrollment is subject to approval by EGID.

**"Orthodontic limitation"** means an individual who enrolls in the Dental Plan will not be eligible for any orthodontic benefits for services occurring within the first twelve [12] months after the effective date of coverage. Continuing orthodontic services for newly hired employees who had previous group dental coverage will be paid by prorating or according to plan benefits.

**"Other hospital services and supplies"** means services and supplies rendered by the hospital that are required for treatment, but not including room and board nor the professional services of any provider, nor any private duty, special or intensive nursing services, by whatever name called, regardless of whatever such services are rendered under the direction of the hospital or otherwise.

**"Participating entity"** means any employer or organization whose employees or members are eligible to be participants in any plan authorized by or through the Oklahoma Employees Insurance and Benefits' Act.

**"The Plan or Plans"** means the self-insured Plans by the State of Oklahoma for the purpose of providing health benefits to eligible members and may include such other benefits as may be determined by EGID. Such benefits shall be provided

on a coinsurance basis and the insured pays a proportion of the cost of such benefits.

**"Primary insured"** means the member who first became eligible for the insurance coverage creating eligibility rights for dependents.

**"Prosthetic appliance"** means an artificial appliance that replaces body parts that may be missing or defective as a result of surgical intervention, trauma, disease, or developmental anomaly. Said appliance must be medically necessary.

**"Provider"** means a practitioner who or facility that is duly licensed or operates under the laws of the state in which the Provider practices and is recognized by this Plan, to render health and dental care services and/or supplies.

**"Qualifying Event"** means an event that changes a member's family or health insurance situation and qualifies the member and/or dependent for a special enrollment period. The most common qualifying life events are the loss of health care coverage, a change in household (such as marriage or birth of a child), or a change of residence or other federally required mandates. A complete summary of qualifying events are set out in Title 26, Treasury Regulations, Section 125.

**"Schedule of benefits"** means the EGID plan description of one or more covered services.

**"Skilled care"** means treatment or services provided by licensed medical personnel as prescribed by a provider. Treatment or services that could not be given safely or reasonably by a person who is not medically skilled and would need continuous supervision of the effectiveness of the treatment and progress of the condition. Specific criteria and limitations are applied.

### SUBCHAPTER 3. ADMINISTRATION OF PLANS

#### 260:50-3-8. Refunds

(a) **Refunds of premium overpayments.** Any refund of payment for any premium overpayment shall be made only when EGID is notified in writing ~~no later than sixty [60] days after the actual date~~ of the overpayment, ~~unless lack of notification is beyond control as determined by EGID.~~

(b) **Administrative Error.** Refunds for overpayment due to administrative error, as limited and defined in the rules in this title, of the Insurance/Benefits Coordinator or the payroll clerk for EGID, shall be made at one hundred percent [100%].

(c) **Refunds on behalf of employees.** Refunds on behalf of employees shall be paid to the appropriate party. For an entity to receive a refund, the entity must have a credit balance.

(d) **Inaccurate or erroneous information.** If EGID finds that materially erroneous, false, inaccurate, or misleading information was intentionally submitted in order to obtain a specific coverage, then:

(1) For optional or supplemental life insurance coverage in excess of any guaranteed amounts of coverage, EGID shall extinguish its liability by tendering a refund of premiums paid to the insured or the beneficiary;

(2) Health or dental coverage would be canceled retroactive to the effective date of the coverage obtained

by the misrepresentation. Refunded premiums would be reduced by any claims paid by HealthChoice.

(e) **Medicare eligibility.** There shall be no refund of premiums for prior months during which the member was eligible for Medicare, and written notice was not provided to EGID. An exception shall be made for individuals who are retroactively awarded Medicare coverage by the Social Security Administration, when written notice of the retroactive award is provided to EGID within thirty [30] days after the member's notification of the Social Security Administration award. A member's sixty-fifth [65<sup>th</sup>] birthday is considered automatic notification of Medicare eligibility.

(f) **Deceased member.** All refunds for overpayment resulting from the death of an employee or former employee will be capped at the overpayment amount received by EGID within twenty four [24] months of notification.

**SUBCHAPTER 5. COVERAGE AND LIMITATIONS**

**PART 3. HEALTHCHOICE PLANS**

**260:50-5-3. HealthChoice approval for emergency treatment by non-Network providers [REVOKED]**

~~Members may have benefits available for medical emergencies when non-Network services occur. Notification to EGID is required.~~

**260:50-5-14. Timely filing of HealthChoice health and dental claims**

Proof of health and dental claims for services received (bill/receipt) must be furnished ~~by an employee no later than three hundred sixty five [365] days after the date of per the Plan policy.~~ If such proof is not furnished within the time allowed, at EGID's discretion the claim will still be considered if the ~~employee~~ Insured or Provider shows that it was not reasonably possible to furnish the notice of proof within the specified time and that the notice of proof was furnished as soon as reasonably possible.

**260:50-5-15. HealthChoice examination**

EGID reserves the right and opportunity to order the examination of ~~examine~~ the person whose injury or sickness is the basis of a claim as often as may be reasonable during the pending of the claim.

**260:50-5-17. Program integrity**

EGID may have a Program Integrity Initiative. The purpose is to identify, recover, and prevent inappropriate provider billings and payments through provider audits. The provider shall furnish any and all claims information and medical documentation, upon request and at no cost, to EGID. The requested documentation will be verified to substantiate the provision of

medical, dental, or durable medical equipment/supplies, and the charges for such services, if the member and the provider are seeking reimbursement through EGID. EGID will ensure appropriate payment to providers and recovery of misspent funds, while providers shall ensure they only provide appropriate services and exercise appropriate billing practices. EGID may implement additional procedures and processes to effectuate this section.

# Permanent Final Adoptions

## ADOPTION:

February 17, 2022

## SUBMISSION OF ADOPTED RULES TO GOVERNOR AND LEGISLATURE:

February 22, 2022

## APPROVED BY GOVERNOR'S DECLARATION:

Approved by Governor's declaration on June 21, 2022

## FINAL ADOPTION:

June 21, 2022

## EFFECTIVE:

September 11, 2022

## SUPERSEDED EMERGENCY ACTIONS:

n/a

## INCORPORATIONS BY REFERENCE:

n/a

## GIST/ANALYSIS:

The Alternative Fuels program was transferred by statute from OMES to the Oklahoma Department of Labor in 2014. The OK Department of Labor has adopted their own rules for the Alternative Fuels program, making these rules redundant and out-dated.

## CONTACT PERSON:

Kimberlee Williams, Deputy General Counsel, OMES, (405) 522-3615 or Kimberlee.Williams@omes.ok.gov.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2022:**

## SUBCHAPTER 1. GENERAL PROVISIONS [REVOKED]

### 260:90-1-21. Purpose [REVOKED]

The purpose of this chapter is to fulfill the mandate of Title 74 Section 130.18 by establishing rules in accordance with the Alternative Fuels Technician Certification Act.

### 260:90-1-23. Definitions [REVOKED]

The following words or terms, when used in this Subchapter, shall have the following meaning unless the context clearly indicates otherwise:

**"Administrator"** means the Program Administrator and Recording Secretary of the Committee.

**"Agency"** means the Division of Capital Assets Management of the Office of Management and Enterprise Services.

**"Alternative fuels"** means fuels which result in comparably lower emissions of oxides of nitrogen, volatile organic compounds, carbon monoxide, or particulate matter or any combination thereof and includes CNG, LPG, LNG, methanol, ethanol, reformulated gasoline and electricity.

**"Alternative fuels compression technician"** means any person who installs, services, modifies, repairs or renovates fill stations.

**"Alternative fuels equipment technician"** means any person who installs, modifies, repairs or renovates equipment used in the conversion of any engines to engines fueled by alternative fuels and includes OEM vehicles either dedicated to operate on an alternative fuel or manufactured bi-fueled, i.e., capable of operating on gasoline or an alternative fuel.

**"Alternative Fuels Technician Certification Act"** means O.S. Title 74, Section 130.11 through 130.24.

**"Board"** means the Alternative Fuels Technician Hearing Board.

**"Capable of operating on an alternative fuel"** means any motor vehicle converted or designed to operate on an alternative fuel.

**"Charge station"** means the physical device that provides a connection from a power source to an electric vehicle as defined by the Electric Power Research Institute, and the Society of Automotive Engineers.

**"CNG"** means compressed natural gas.

**"Committee"** means the Committee of Alternative Fuels Technician Examiners.

**"Electric vehicle technician"** means any person who installs, modifies, repairs, performs maintenance on, motors, controllers, on board power sources, or the drive systems of vehicles powered by electricity. This includes vehicles originally equipped as electric vehicles, vehicles converted from gliders, and vehicles converted from internal combustion engine vehicles.

**"Engine"** means the propulsion system of a motor vehicle. Nothing in this definition is meant to cover any stationary engine.

**"Fill station"** means the property which is directly related to the delivery of compressed natural gas, liquefied natural gas, liquefied petroleum gas otherwise known as propane, into the fuel tank of a motor vehicle propelled by such fuel including the compression equipment and storage vessels for such fuel at the point where the fuel is delivered. Compressed Natural Gas and Liquefied Petroleum Gas are subject to the NFPA code 52 and 58 respectively.

**"Glider"** means a vehicle built without an engine or fuel system for the purpose of converting it to an electric vehicle.

**"LNG"** means liquefied natural gas.

**"LPG"** means liquefied petroleum gas otherwise known as propane.

**"Motor vehicle"** means every vehicle which is self propelled and every vehicle which is propelled by electric power obtained from overhead trolley wires, but not operated upon rails; provided, however, the definition of "motor vehicle" herein shall not include implements of husbandry.

**"NFPA"** means the National Fire Protection Association.

**"OEM"** means original equipment manufacturers.

**"Person"** means individuals, corporations, partnerships, cooperatives, associations and governmental subdivisions.

**"Work"** means any procedure involved in the physical installation or servicing of all components used in the conversion of motor vehicles to operate on alternative fuels and the servicing of original equipment manufacturers vehicles that operate on alternative fuels, including:

- (A) LPG and CNG components;
  - (i) tubing;
  - (ii) fittings;
  - (iii) valves;
  - (iv) gauges;
  - (v) brackets;
  - (vi) fuel lines;

- (vii) cylinders;
- (viii) tanks; and
- (ix) electronic or electrical devices.
- (B) Electric vehicle components;
  - (i) traction battery packs or modules;
  - (ii) motor controllers;
  - (iii) subsystem controllers;
  - (iv) inverters;
  - (v) drive motors;
  - (vi) auxiliary components powered by high voltage; and
  - (vii) any high voltage circuits.

~~"Written" or "In writing" means a tangible or electronic record of a document, communication or representation, including handwriting, typewriting, printing, photostating, photography, e mail or other electronic format or record. A "signed" writing includes an electronic sound, symbol or process attached to or logically associated with a writing and executed or adopted by a person with the intent to sign the writing.~~

**260:90-1-25. Duties and responsibilities of the Committee of Alternative Fuels Technician Examiners [REVOKED]**

- (a) ~~The Committee shall assist and advise the agency on all matters relating to the formulation of rules and standards in accordance with the Alternative Fuels Technician Certification Act.~~
- (b) ~~The Committee shall administer the examination to applicants for certification as alternative fuels technicians provided that such examination is in accordance with the provisions of the Alternative Fuels Technician Certification Act.~~

**260:90-1-27. Duties and responsibilities of the Alternative Fuels Technician Hearing Board [REVOKED]**

- (a) ~~The Board may, upon its own motion, and shall, upon written complaint filed by any person, investigate the business transactions of any certified alternative fuels technician or certified alternative fuels installation company, partnership or corporation.~~
- (b) ~~The Board is authorized to suspend or revoke any certificate; in addition, the board is authorized to impose civil penalties pursuant to the Administrative Procedures Act.~~

**260:90-1-29. Alternative Fuels Technician Certification Revolving Fund [REVOKED]**

- (a) ~~Funds derived from the "Alternative Fuels Technician Certification Act" shall be deposited with the State Treasurer and credited to the "Alternative Fuels Technician Certification Revolving Fund".~~
- (b) ~~The revolving fund shall be a continuing fund not subject to fiscal year limitations and shall be under the control and management of the Agency.~~

- (c) ~~Expenditures from this fund shall be made pursuant to the purposes of the Alternative Fuels Technician Certification Act and shall include, but not be limited to:
 
  - (1) Payment of administrative costs and other operational costs supporting program existence; and,
  - (2) Payment of the costs of programs designed to promote public awareness of the alternative fuels industry; and,
  - (3) Expenditures for the preparation and printing of regulations, bulletins or other documents and the furnishing of copies of such documents to those persons engaged in the alternative fuels industry or the public.~~

**SUBCHAPTER 5. TESTING, CERTIFICATION AND RECERTIFICATION [REVOKED]**

**260:90-5-1. Applications for examination, certification or renewal certification [REVOKED]**

- (a) ~~All applications for examination, certification or renewal of certification shall be made in writing to the agency on forms provided, if necessary, by the agency.~~
- (b) ~~All applications shall be accompanied by the appropriate fee as set forth in section 260:90-5-6.~~

**260:90-5-2. Contents of application [REVOKED]**

- ~~The application shall be verified, and shall contain the following information, together with any additional information that the agency may require:~~
- (1) ~~Name of the applicant;~~
  - (2) ~~Mailing Address;~~
  - (3) ~~Address of all locations that the applicant proposes to engage in the installation or modification of vehicles using an alternative fuel; and~~
  - (4) ~~The type of service, set forth specifically, which the applicant intends to perform and the type of permit that the applicant seeks to secure, such as LPG, CNG, LNG, EV or other alternative fuel.~~

**260:90-5-4. Certificate required by agency [REVOKED]**

~~The mere filing of an application for a certificate does not of itself authorize the engaging in any of the installations or modifications of any equipment listed in the definition of "Work" in 260:90-1-23.~~

**260:90-5-6. Fees [REVOKED]**

- (a) ~~The fee schedule for the Alternative Fuels Technician Certification Act is as follows:
 
  - (1) ~~Alternative fuels technician examination—\$50~~
  - (2) ~~Alternative fuels technician certificate—\$50~~
  - (3) ~~Company, partnership or corporation—\$100~~
  - (4) ~~Training program certification (one time)—\$500~~
  - (5) ~~Alternative fuels installation certification per location—\$1,000~~~~

## Permanent Final Adoptions

- (6) Certificate renewal (if made within 30 days after expiration):
  - (A) Alternative fuels technician certificate—\$50
  - (B) Company, partnership or corporation—\$100
  - (C) Alternative fuels installation certification—\$1,000 per location
- (7) Penalty for late certification renewal—\$10
- (8) Prorated fee for new technician certification after March first of each year—\$25; after June 1 of each year—\$12.50
- (b) Form of payment from non governmental entities and general public:
  - (1) Payment may be only in the form of:
    - (A) Certified funds;
    - (B) Business check;
    - (C) Personal check;
    - (D) Money order, or
    - (E) Cashier's check.
  - (2) The presenter of a check must present a valid driver license or other picture form of identification at the time of payment.
  - (3) Unguaranteed checks and 2 party checks shall not be accepted.
  - (4) Payment refunds. All payments received are non-refundable.

### 260:90-5-8. Processing and handling of applications and examinations [REVOKED]

- (a) Upon receipt of an application for a certificate, required documentation, and appropriate fees, the Administrator shall schedule the applicant for an examination.
- (b) Examinations shall be administered in the following manner:
  - (1) Questions for an examination shall be selected from appropriate sources deemed applicable by the committee.
  - (2) The format of examination questions shall be varied and include multiple choice and true/false.
  - (3) Prior to being put into the reservoir, the questions shall be reviewed by the committee.
  - (4) For each examination, a total of 75 questions shall be drawn from the reservoir.
  - (5) Applicants testing during a scheduled examination session will not be given identical versions of the examination.
  - (6) The examination shall be administered in a manner that the identity of the applicant shall be unknown during the grading process.
  - (7) Examinations for certification as alternative fuels technician shall be uniform and practical in nature as determined by the committee for alternative fuels technician certification and shall be sufficiently strict to test the qualifications and fitness of the applicants for certification.
  - (8) An oral examination may be administered by prior arrangement.
  - (9) The committee shall conduct examinations twice a year and at such times as it deems necessary.
  - (10) A score of eighty percent (80%) correct shall be a passing grade for all examinations.

- (11) Any applicant initially failing to pass the examination shall not be permitted to take another examination for a period of thirty (30) days. Any applicant subsequently failing to pass the examination shall not be permitted to take another examination for a period of ninety (90) days.
- (12) All applicants can petition the committee if they feel the committee's grade was incorrect. An applicant may petition the committee if the applicant disagrees with his or her examination grade issued by the committee. The applicant must notify the administrator of the petition prior to the next scheduled committee meeting in order for the petition to be placed on the meeting agenda.
- (13) All decisions of the committee are final.
- (14) Applicants that pass the examination and are notified by the committee of such must make arrangements for certification within one hundred and eighty (180) days of such notification.
- (15) After the one hundred and eighty (180) days, and such applicant has not been certified (i.e., paid the fee and provided proof of insurance), the applicant must retest prior to their certification.
- (16) The agency shall enforce the provisions of this section.

### 260:90-5-10. Certificate qualification and transfer or loan of certificate [REVOKED]

- (a) The Agency issues a certificate as:
  - (1) An alternative fuels equipment technician to any person who has been certified by the Committee as either having successfully passed the appropriate examination or having a valid license or certificate issued by another governmental entity with licensing or certification requirements similar to those provided in the Alternative Fuels Technician Certification Act.
  - (2) An alternative fuels compression technician to any person who has been certified by the Committee as either having successfully passed the appropriate examination or having a valid license or certificate issued by another governmental entity with licensing or certification requirements similar to those provided in the Alternative Fuels Technician Certification Act.
- (b) The agency shall have the authority to determine the validity of a certificate issued by another governmental entity.
- (c) The agency shall assess the required certification fee and ascertain that an applicant has also complied with the provisions of the Alternative Fuels Technician Certification Act.
- (d) In the case of a company, partnership or corporation engaged in the business of installing, servicing, repairing, modifying or renovating equipment used in the conversion of engines to engines fueled by alternative fuels, a separate certificate shall be issued by the agency to that individual company, partnership or corporation. The certificate is for the purpose of recognizing that the company, partnership or corporation is an authorized alternative fuels conversion business and employs state certified alternative fuels technicians.
- (e) Any violation by a certified alternative fuels equipment or compression technician shall be deemed a violation by the

certified company, partnership or corporation employing such certified technician.

(f) The agency shall issue an alternative fuels equipment installation certification to any public entity or private company, partnership or corporation that operates commercial, private or public fleets of vehicles and employs ten (10) or more auto service technicians per location. The certification shall be based on the ability of the applicant to provide their own alternative fuels technician training program, which shall be certified by the committee. This certification applies only to the conversion or service of vehicles owned or operated by such public entity or private company, partnership or corporation.

(g) All alternative fuels technician equipment or compression certificates shall be non transferable.

(h) It shall be unlawful for any person certified pursuant to the provisions of the Alternative Fuels Technician Certification Act to loan or allow the use of such certificate by any other person.

**260:90-5-12. Change of address of holder of certificate or registration [REVOKED]**

Any holder of a certificate or registration issued in accordance with the provisions of the Alternative Fuels Technician Certification Act shall notify the agency of any change in such holders address no later than thirty (30) days of such change.

**260:90-5-13. Insurance requirements [REVOKED]**

A certificate shall not be issued to any applicant unless and until the agency has received proof of insurance as required by this section.

(1) Alternative fuels technicians and conversion companies, partnerships or corporations engaged in the installation of alternative fuel equipment are required to have on file with the agency proof of certificate holders liability insurance coverage, with limits of not less than fifty thousand dollars (\$50,000.00) general liability, that is in full force and effect covering the plant, garage, equipment and motor vehicles used in such business.

(2) Insurance under this section shall be kept and remain in force during the lifetime of the certification issued hereunder. An insurance certificate or certificates showing that the required insurance coverage is in force must be filed with the agency.

(3) Such insurance coverage will not be canceled or terminated unless written notice of such cancellation or termination is given to the agency thirty (30) days prior to cancellation date.

(4) Nothing in this section shall be deemed or construed to require product liability insurance coverage.

(5) If in the event insurance is canceled and the agency is not notified within the thirty (30) day period or not provided with proof of insurance renewal, the agency will notify the board of such action and request that the certificate be revoked or suspended.

**260:90-5-14. Guidelines for certificate renewal [REVOKED]**

(a) All certificates issued under the agency shall expire on September 1st of each year.

(b) A late fee of Ten Dollars (\$10.00) will be charged after September 1st.

(c) After September 30<sup>th</sup>, re-testing will be required to retain certification status.

(d) At the time of recertification, proof of insurance coverage will be required.

(e) Applicants failing to provide proof of insurance at said time of renewal will be subject to the late penalty, outlined in 260:90-5-6, if insurance verification is made after the September 1st date.

(f) All Alternative Fuel Technicians are required to re-test every three (3) years to receive a renewal of certification.

(g) All applications for examination for the renewal of certification shall be made in writing to the agency on forms provided by the agency.

(h) All applications shall be accompanied by the appropriate fee as set forth in section 260:90-5-6.

**SUBCHAPTER 7. STANDARDS FOR ALTERNATIVE FUELS TECHNICIANS - CONVERSION AND COMPRESSION [REVOKED]**

**260:90-7-1. Work of alternative fuels technician by non-certified person [REVOKED]**

(a) From and after July 1, 1991, it shall be unlawful for any person to perform the work or offer, by advertisement or otherwise, to perform the work of an alternative fuels technician until such person is certified as an alternative fuels technician by the agency.

(b) Nothing in this Chapter shall prevent a non-certified person from converting the engine of a farm tractor, as defined in Sections 1-118 of Title 47 of the Oklahoma Statutes, to an engine fueled by alternative fuels, as long as such farm tractor is not operated on the roads and highways of this state.

(c) Activities directly related to normal, vehicle maintenance and service are exempt from the definition of work. It is not the intent of this section to prevent any individual, corporation, company from servicing, repairing or maintaining general systems not directly related to the alternative fuel delivery system. Such non alternative motor fuels related activities include:

- (1) For LPG and CNG vehicles;
  - (A) Tune ups;
  - (B) Filter replacement;
  - (C) Oil changes;
  - (D) Electrical/electronic component replacement;and;
- (E) Belts and hoses.
- (2) For Electric vehicles;
  - (A) Replace auxiliary battery;
  - (B) Replace hoses or coolant, not affecting high voltage circuits or components;

## Permanent Final Adoptions

---

- (C) Replace brake and suspension components not linked to any high voltage circuits or components
- (d) Non-certified individuals participating in a agency authorized training program, under the guidance of a state certified instructor, are exempt from the certification requirement during the training period.

### 260:90-7-3. Standards for equipment installation and inspection [REVOKED]

- (a) The standards for the equipment installation and inspection of liquefied petroleum gas vehicular fuel systems adopted by NFPA are published in the latest edition of its pamphlet No. 58.
- (b) The standards for the equipment and compression installation and inspection of compressed natural gas vehicular fuel systems adopted by NFPA are published in the latest edition of its pamphlet No. 52.

### 260:90-7-4. Decals and conversion reporting procedure [REVOKED]

- (a) After an alternative fuel conversion or modification of equipment is completed for any motor vehicle, the technician shall affix a blue CNG diamond, black propane diamond or green EV diamond, whichever is applicable, according to NFPA pamphlet No. 52.
- (b) No certified technician shall install, service, repair or modify any motor vehicle, capable of operating on an alternative fuel that does not have the required decals.
- (c) Converted fueled vehicles and OEM alternative fueled vehicles shall have placed on the vehicle, decals & labels required by NFPA and the following:
  - (1) The date of installation;
  - (2) The name of the installing technician; and,
  - (3) State of Oklahoma Certification number of the alternative fuels equipment technician.
  - (4) The expiration date of time sensitive parts and components used in the conversion.
  - (5) Converted vehicle information: year, make, model, and vehicle identification number (VIN).
  - (6) New gross vehicle weight (GVW)
- (d) The following reporting procedure must be performed after each vehicle conversion:
  - (1) On forms, provided by the Administrator, each vehicle converted shall be reported to the Administrator by the alternative fuels technician. Information deemed necessary by the agency shall be included on the form. These forms must be sent to the Administrator no later than ten (10) days after the completion of the conversion. Photocopying of these forms is permissible.
  - (2) The penalty for failure to comply shall be determined by the Board.

## SUBCHAPTER 9. VIOLATIONS [REVOKED]

### 260:90-9-1. Alternative Fuels Technician Hearing Board; complaints, investigations, false or fraudulent representation, suspension or revocation of certificate [REVOKED]

- (a) A person or persons designated by the Agency Director or designee and the Committee shall act as the Alternative Fuels Technician Hearing Board and shall comply with the provisions of the Administrative Procedures Act.
- (b) The Board may, upon its own motion, and shall, upon written complaint filed by any person, investigate the business transactions of any certified alternative fuels equipment or compression technician.
- (c) The Board shall suspend or revoke any certificate or registration obtained by false or fraudulent representation.
- (d) The Board shall also suspend or revoke any certificate or registration for any of the following reasons:
  - (1) Making a material misstatement in the application for a certificate or registration, or the renewal of a certificate or registration;
  - (2) Loaning or illegally using a certificate;
  - (3) Demonstrating incompetence to act as an alternative fuels equipment or compression technician;
  - (4) Violating any provisions of the Alternative Fuels Technician Certification Act, or any rule or order prescribed by the agency; or
  - (5) Willfully failing to perform normal business obligations without justifiable cause.
- (e) The Board shall convene at the request of the committee and/or the agency director and shall have as its counsel the general counsel of the agency.
- (f) The Board shall authorize the general counsel to investigate the matter or matters being considered by the Board.
- (g) The General Counsel of the Agency may elect to delegate the investigation to a person or persons of his choice.
- (h) Investigations are to be secret until presented to the Board for recommendations.
- (i) Upon the review of the facts of the investigation, the Board may determine whether or not to hear a case.
- (j) The Board and its activities shall comply with the Administrative Procedures Act.
- (k) Any person whose Alternative Fuels Equipment or Compression Technician Certificate has been revoked by the Board may apply for a new certificate one (1) year from the date of such revocation.

### 260:90-9-3. Violations; criminal penalties [REVOKED]

- (a) Any person convicted of violating any provision of the Alternative Fuels Technician Certification Act shall be guilty of a misdemeanor.
- (b) The continued violation of any provision of the Alternative Fuels Technician Certification Act during each day shall be deemed to be a separate offense.
- (c) Upon conviction thereof the person shall be punished by imprisonment in the county jail not to exceed one (1) year, or by a fine of not more than one thousand dollars (\$1,000.00) or by both such fine and imprisonment for each offense.

(d) If the Board makes a determination of a violation, it may request the appropriate district attorney to prosecute such violation and seek an injunction against such practice.

**260:90-9-4. Violations to public safety [REVOKED]**

(a) Pursuant to the authority of 47 O.S. §12-101 A. 1., 47 O.S. §13-101, it shall be unlawful for any person to operate on any highway:

- (1) A vehicle that has not been converted according to, or does not meet the standards stated in section 260:90-7-3;
- (2) An OEM alternative fueled vehicle that fail the manufacturer's standards.

(b) An alternative fuels technician shall notify the Administrator within three (3) business days of any instance where the driver and, or owner of a vehicle that was found unsafe refused to correct safety issues with a vehicle.

**260:90-9-5. Violations; civil penalties; determination of penalty amount; surrender of certificate in lieu of fine [REVOKED]**

(a) Any person who has been determined by the Board to have violated any provision of the Alternative Fuels Technician Certificate Act or any rule or order issued pursuant to the provisions of the Alternative Fuels Technician Certification Act may be liable for a civil penalty of not more than one hundred dollars (\$100.00) for each day that said violation occurs.

(b) The maximum civil penalty shall not exceed one thousand dollars (\$10,000) for any related series of violations.

(c) The amount of the penalty shall be assessed by the Board pursuant to the provisions of 269:90-9-1, after notice and hearing.

(d) In determining the amount of the penalty, the Board shall include but not be limited to, consideration of the nature, circumstances, and gravity of the violation and, with respect to the person or persons found to have committed the violation, the degree of culpability and any show of good faith in attempting to achieve compliance with the provisions of the Alternative Fuels Technician Certification Act.

(e) All monies collected from such civil penalties shall be deposited with the State Treasurer of Oklahoma and placed in the Alternative Fuels Technician Certification Revolving Fund.

(f) Any certificate holder may elect to surrender his certificate in lieu of said fine but shall be forever barred from obtaining a reissuance of said certificate.

[OAR Docket #22-580; filed 7-11-22]

**TITLE 260. OFFICE OF MANAGEMENT AND ENTERPRISE SERVICES  
CHAPTER 115. PROCUREMENT**

[OAR Docket #22-589]

**RULEMAKING ACTION:**  
PERMANENT final adoption

**RULES:**

- Subchapter 1. General Provisions
- 260:115-1-1. Purpose and authority [AMENDED]
- Subchapter 7. Procurement
- Part 1. General Procurement
- 260:115-7-3. State Agency acquisitions [AMENDED]

**AUTHORITY:**

74 O.S. Section 85.3 Office of Management and Enterprise Services Purchasing Division; 62 O.S. §34.6(8) the Director of the Office of Management and Enterprise Services.

February 22, 2022

**COMMENT PERIOD:**

December 15, 2021 through January 20, 2022

**PUBLIC HEARING:**

January 20, 2022

**ADOPTION:**

February 22, 2022

**SUBMISSION OF ADOPTED RULES TO GOVERNOR AND LEGISLATURE:**

March 3, 2022

**APPROVED BY GOVERNOR'S DECLARATION:**

Approved by Governor's declaration on June 21, 2022

**FINAL ADOPTION:**

June 21, 2022

**EFFECTIVE:**

September 11, 2022

**SUPERSEDED EMERGENCY ACTIONS:**

n/a

**INCORPORATIONS BY REFERENCE:**

n/a

**GIST/ ANALYSIS:**

The rules and regulations are necessary to promote and enhance effective operation of Central Purchasing. The effect of the amended rules is to provide for the continued efficiency, responsiveness, the correction of citations and scrivener's errors, and changes to improve the clarity of the rules.

The purpose of this rulemaking action is to make the rules consistent with statutory changes, to update citations and scrivener's errors, to improve the clarity of the rules, correct omissions and streamline to promote and enhance operation through the removal of inaccurate or redundant verbiage and simplify language. Changes may also be made to reduce administrative burdens on state agencies where possible. These changes do not constitute any intrusion or add any costs which would not exist if there were no rules.

**CONTACT PERSON:**

Tim Tuck, Deputy General Counsel, (405) 521-2403

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2022:**

**SUBCHAPTER 1. GENERAL PROVISIONS**

**260:115-1-1. Purpose and authority**

(a) **Procurement rules purpose.** The purpose of this Chapter is to provide information, requirements and procedures for state procurement staff, suppliers and state agencies subject to the Oklahoma Central Purchasing Act, 74 O.S. §§ 85.1 et seq., referred to in this Chapter as the "Purchasing Act", to establish fair and consistent acquisition processes that satisfy the needs of the state. It is the policy of the State to make acquisitions from suppliers through a competitive selection process that is fair, open and objective in order to achieve optimum value, quality and serve the best interest of the taxpayers. All

# Permanent Final Adoptions

---

suppliers and state agencies are responsible for knowing the requirements of this Chapter. These rules are administered by the Office of Management and Enterprise Services to provide direction and ensure compliance with the Purchasing Act and other applicable state laws and rules. These rules have been promulgated by the Director of the Office of Management and Enterprise Services in accordance with the Administrative Procedures Act and pursuant to the authority of 74 O.S. §85.5., 74 O.S. 85.45§§. and 62 O.S. §34.28

(b) **Information technology acquisitions.** Unless otherwise provided by law, state agencies shall make information technology and telecommunications acquisitions in accordance with the Purchasing Act, the Oklahoma State Finance Act [62 O.S. §§34 et seq.], the Information Technology Consolidation and Coordination Act, 62 O.S. §§35.1 et seq., the rules of this chapter, and requirements established by the Chief Information Officer and the OMES Information Services Division.

(c) **Official directives.** The State Purchasing Director or Chief Information Officer, as applicable, shall issue directives, instructions or written communications to state agencies regarding required procurement practices and procedures to ensure compliance with provisions of the Central Purchasing Act, procurement rules and any other matter relating to state agency acquisitions.

## SUBCHAPTER 7. PROCUREMENT

### PART 1. GENERAL PROCUREMENT

#### 260:115-7-3. State agency acquisitions

(a) **State Use Committee.** State Use Committee contracts are mandatory contracts provided the conditions of 74 O.S. §3007(A) are satisfied. If an acquisition is available from both the State Use Committee procurement schedule and the Oklahoma Correctional Industries, the state agency shall make the acquisition from the State Use Committee procurement schedule. 74 O.S. §3001 et seq.

(b) **Oklahoma Correctional Industries.** If an acquisition is not available from the State Use Committee, pursuant to 74 O.S. §3007(A) state agencies shall make acquisitions from the Oklahoma Correctional Industries ("OCI") provided the conditions of 57 O.S. §549.1 are satisfied. If OCI is unable to meet state agency requirements for an acquisition even though the acquisition is listed in its distributed catalog or on its website, OCI shall certify to the State Purchasing Director that it is not able to provide the acquisition.

(c) **Statewide Contracts.** The State Purchasing Director shall designate statewide contracts as mandatory or non-mandatory.

(1) **Mandatory statewide contract.** The State Purchasing Director may designate a statewide contract for mandatory use. State agencies shall make acquisitions from mandatory statewide contracts regardless of the acquisition purchase price unless the State Purchasing

Director provides prior written approval of an acquisition from another supplier. A state agency may submit a written request to the State Purchasing Director to waive requirements for a state agency's use of a mandatory statewide contract for acquisitions. The State Purchasing Director shall grant exceptions prior to a state agency making the acquisition from another supplier.

(2) **Non-mandatory statewide contracts.** State agencies are encouraged to use non-mandatory statewide contracts. Whenever a state agency acquires a product or service from an alternate source, the acquisition shall be made in accordance with the Central Purchasing Act, the rules of this chapter and any other laws and rules applicable to the acquisition.

(d) **Open Market Acquisitions.** State agencies may make acquisitions within their approved acquisition authority limit, pursuant to provisions of the Oklahoma Central Purchasing Act, rules of this Chapter, any other applicable laws or rules, and the agency's approved internal purchasing procedures.

(e) **Acquisitions from other governmental agencies.** Although a state agency may contract with another department of state government or institution in certain instances pursuant to 74 O.S. §581 or §1001 through §1008, acquisition shall not be made under any such contract with the intent of evading provisions of the Oklahoma Central Purchasing Act, rules of the Purchasing Division or provisions related to the State Use Committee.

(f) **Competitively Bid Acquisitions.**

(1) **Sealed Bids.** A competitive sealed bid process shall be utilized as required by state law and rules of this Chapter or when it is determined by the acquiring agency to be in the best interest of the state. Competitive sealed bids shall be required for all solicitations.

(2) **Bid contents and solicitation amendment.** The procurement documents shall indicate specifications of the acquisition, all information to be submitted with a bid and may reference manufacturer names, product names, or other product references as specifications to describe the type or quality of the acquisition. If a solicitation is amended, notice shall be provided online.

(3) **Supplier notification.** The State Purchasing Director will use reasonable efforts to notify suppliers recommended by a state agency for a solicitation.

(4) **Limited contact.** All communication between potential bidders and staff of the acquiring agency related to a solicitation shall:

(A) be limited to the acquiring agency's designated procurement personnel;

(B) strictly prohibited from any other acquiring agency personnel, unless otherwise stated in the instructions to bidders; and,

(C) be documented in writing and filed in the acquisition file.

(5) **Evaluation method.** Bidder instructions in connection with a solicitation shall clearly identify the evaluation method as lowest and best or best value and applicable evaluation criteria.

(6) **Terms and conditions.** All state terms and conditions for the acquisition shall be included in the procurement documents.

(7) **Other rights and remedies.** Actions of the State Purchasing Director shall not limit the rights or remedies of a state agency.

(8) **Rejection of bids.** In addition to reasons outlined in 260:115-7-32, if determined to be in the best interest of the State of Oklahoma, any or all bids or proposals may be rejected and a solicitation may be reissued or canceled.

(9) **Pre-bid conference.** Bidder instructions may state that a pre-bid conference will be held and shall state whether bidder attendance is mandatory or non-mandatory.

(10) **Closing date and time.** Instructions to bidders shall include the bid response due date and time. In the event it is determined that a significant error or event occurred that affected the receipt of a bid, the State Purchasing Director may authorize acceptance of a bid after the specified official closing date and time. Failure of the bidder's computer or electronic equipment or service is not an acceptable event.

(11) **Bid receipt.** Upon receipt, the outside of all envelopes or containers shall be clearly marked with the receipt date and time. Electronic submission of bids must be submitted in such a manner that the time and date of submission is electronically linked to the bid and cannot be changed.

(g) **Agency acquisitions over \$25,000.00 and not exceeding an agency acquisition threshold amount.**

(1) **Basic requirements.** State agencies that have an internal or statutorily designated CPO and approved internal purchasing procedures pursuant to the requirements of 260:115-5-3 and 260:115-5-7 shall make acquisitions exceeding \$25,000.00 but not exceeding the agency's approved acquisition threshold amount and make all acquisitions pursuant to all applicable requirements of the Purchasing Act, any other applicable state laws and rules and by means of a formal method of competitive solicitation utilizing a sealed bid process.

(2) **Certifications, verifications and other required documents.**

(A) **Non-collusion certification.** Pursuant to requirements in 74 O.S. §85.22, a non-collusion certification shall be included with any competitive bid and/or contract submitted to the State for an acquisition. The certification shall have an authorized signature of the supplier certifying the non-collusion statement with full knowledge and acceptance of all its provisions.

(B) **Certifications for services contracts.** Additional documents required to be included in contracts for professional or nonprofessional services include:

(i) If the final product of a professional services contract is a written proposal, report or study, the supplier shall include a statement certifying that the supplier has not previously provided a

substantial duplication of the final product to the state agency or another state agency. [Reference 74 O.S. §85.41]

~~(ii) An acquisition for professional or nonprofessional services must include statutory language required by the Oklahoma Central Purchasing Act as a term of the requisition or contract and must be signed by the chief administrative officer of the agency or the chief administrative officer of the requisitioning unit certifying compliance with the Act. [Reference 74 O.S. §85.4~~

~~(iii) Each contract for services shall include a statement certifying that no person who has been involved in any manner in the development of that contract while employed by the State of Oklahoma shall be employed to fulfill any of the services provided for under said contract. [Reference 74 O.S. §85.42]~~

(C) **Bonds and sureties.** Bidders may be required to submit a bid bond, performance bond, or other type of approved surety with the bid.

(i) **Form of bond.** The bid bond, performance bond or other type of surety shall be subject to the approval of the acquiring state agency. For bonds requiring a cash deposit, the amount specified by the acquiring state agency shall be paid by certified check or cashiers check.

(ii) **Irrevocable letter of credit.** In lieu of bonds specified in this subsection, the acquiring state agency may approve submission of an irrevocable letter of credit.

(iii) **Bond or surety return.** When the acquiring state agency specifies a bid contain a bid bond, performance bond, or other type of surety, the state agency shall retain the bond or surety until the successful completion of the purpose for which the bond or surety was drawn.

~~(iv)D~~ **Verification of registration and status with Secretary of State.** Prior to the award of a contract, the acquiring state agency must verify, pursuant to applicable provisions of law, that the supplier is registered with the Secretary of State and franchise tax payment status pursuant to 68 O.S. §1203 and § 1204. Documentation of verification of registration and status with the Secretary of State must include, at a minimum, a copy of the entity summary information from the Secretary of State's website or the supplier's statement providing specific details supporting the exemption claimed, must be filed in the acquisition file.

(h) **State agency acquisitions processed by the OMES Purchasing Division.** A state agency submitting requisitions to the OMES Purchasing Division for issuance of a solicitation shall comply with this section. For the purposes of this section, "State Purchasing Director" does not include personnel of state agencies to whom the State Purchasing Director has delegated authority.

# Permanent Final Adoptions

- (1) **Forms.** State agencies shall use forms and the process for requisitions provided or approved by the State Purchasing Director.
- (2) **Evaluation criteria and evaluators.** Prior to issuance of the solicitation, an agency shall identify and provide contact information for the bid evaluators and written criteria necessary to evaluate a responsive bid such as technical scope, cost, experience, references etc.
- (3) **Requisition acceptance or rejection.** The State Purchasing Director shall accept or reject a state agency's requisition. The State Purchasing Director shall notify the state agency if the State Purchasing Director rejects a requisition. The State Purchasing Director may also require a state agency to submit additional information with a requisition.
- (4) **Competitive bid award.** The State Purchasing Director shall award a contract resulting from the solicitation to the responsible bidder(s) that provides the lowest and best, or best value bid, as applicable.
- (i) **Trade-ins.** State agencies may trade in items when they make an acquisition of a like item. The state agency shall determine fair market value for the trade-in item and receive that amount or more as credit on the purchase price of the acquisition. Written documentation of the fair market value analysis shall be filed in the acquisition file by the state agency. The state agency may seek advice from the State Purchasing Director to determine fair market value of the trade-in.
- (j) **Recycled materials.** State agencies shall procure products or materials with recycled content as stated in the Oklahoma State Recycling and Recycled Material Procurement Act, when such products or materials are available and practical. Upon request, the State Purchasing Director shall supply information regarding acquisitions that contain recycled materials to a state agency.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2022:**

## SUBCHAPTER 1. GENERAL PROVISIONS

### 260:130-1-1. Purpose

The rules in this Chapter are the administrative rules of Human Capital Management of the Office of Management and Enterprise Services (Human Capital Management) which govern complaints and associated processes as required by the Civil Service and Human Capital Modernization Act, Section 34.301 of Title 62 of the Oklahoma Statutes. These rules establish procedures and standards necessary for the Civil Service Division to perform its duties and functions. The Administrator of Human Capital Management of the Office of Management and Enterprise Services has adopted the rules in this Chapter.

(1) Authority. The authority for these rules is the Civil Service and Human Capital Modernization Act, Section 34.301 of Title 62 of the Oklahoma Statutes.

(2) **Legal cites.** Some of these rules may restate language from statutes. Italic type means the language repeats language from statutes and the specific statutory reference will appear in brackets following the language in italics.

**260:130-1-2. Definitions**

The following words and terms, when used in this Chapter, shall have the following meaning:

**"Act"** means the Oklahoma Civil Service and Human Capital Modernization Act.

**"Action"** or **"disciplinary action"** means issuing a written reprimand, punitively transferring an employee, suspending an employee without pay, involuntarily demoting an employee, or terminating an employee. The action is taken by providing a document in person that specifically states the type of action taken against the employee. In the event the Appointing Authority is unable to provide the document to the employee in person, the Appointing Authority may utilize acceptable electronic means, and the action will be complete upon receipt by the employee.

**"Action occurred"** means the date the action was taken.

**"Administrative Law Judge"** or **"ALJ"** means a person appointed by the Civil Service Division and empowered to preside over prehearing conferences and hearings with power to administer oaths, take testimony, rule on questions of evidence and make final decisions. All ALJs shall be licensed to practice law in the State of Oklahoma and in good standing with the Oklahoma Bar Association.

**"Administrative Procedures Act"** or **"APA"** means the Oklahoma Administrative Procedures Act set forth at Section 250 et seq. of Title 75 of the Oklahoma Statutes.

**"Administrator"** means the Director of the Office of Management and Enterprise Services. As the term is used in the Civil Service and Human Capital Modernization Rules, the term includes employees and the Administrator of Human Capital Management of the Office of Management and Enterprise Services to whom the Administrator has lawfully delegated authority to act on his or her behalf.

**"Affidavit"** means a sworn written statement, made voluntarily, and taken before a person with authority to administer an oath or affirmation.

**"Affidavit of service"** means a sworn written statement certifying that a motion, request or other document has been provided to other persons.

**"Agency"** means any office, department, board, commission or institution of the executive branch of state government.

**"Allegation"** means the claims of a party.

**"Allege"** means to state, assert or charge; to make an allegation.

**"Allocation"** or **"Position allocation"** means the process by which a position is assigned to an established job profile. A position is allocated on the basis of duties, authority, responsibilities, and other appropriate factors.

**"Appointing Authority"** means the chief administrative officer of an agency. As the term is used in the Rules, the term includes employees of an agency to whom the Appointing

Authority has lawfully delegated authority to act on his or her behalf.

**"Burden of proof"** means the obligation of a party to establish alleged fact(s) by a preponderance of evidence.

**"Civil Service Division"** means the division within Human Capital Management that is responsible for receiving and hearing complaints as described in the Civil Service and Human Capital Modernization Act set forth at Section 34.301 of Title 62 of the Oklahoma Statutes.

**"Civil Service Division Director"** means the person designated by Human Capital Management to take action on behalf of the Civil Service Division.

**"Complainant"** means the state employee filing the complaint.

**"Complaint"** means, as a verb, the filing of a complaint petition, or as a noun, the procedure that takes place after a complaint petition is filed.

**"Consolidation"** means the combining of complaints containing the same or similar issues but filed by two (2) or more complainants into a single complaint.

**"Continuance"** means a postponement of a matter scheduled by Human Capital Management or the mediator to a date certain.

**"Demotion"** means the reduction in salary of an employee with or without a change in job profile. Demotion may be voluntary or involuntary.

**"Deny"** means to refuse to grant or accept.

**"Disciplinary file"** means the record of all disciplinary actions leading up to a written reprimand, punitive transfer, suspension without pay, demotion, or termination, the final action taken, and all relevant supporting documents.

**"Dismiss"** means to close without further consideration.

**"Evidence"** means relevant documents or testimony offered to prove or disprove the existence or non-existence of a fact.

**"Exempted employee"** means an employee to whom the provisions of the Act do not apply. Exempted employees are:

(A) Persons employed by the Governor, Lieutenant Governor, Oklahoma House of Representatives, Oklahoma State Senate, Legislative Service Bureau, or the Legislative Office of Fiscal Transparency;

(B) Elected officials;

(C) Political appointees;

(D) District attorneys, assistant district attorneys or other employees of the district attorney's office;

(E) The state judiciary or persons employed by the state judiciary; or

(F) Not more than five percent (5%) of an agency's employees designated as executive management as determined by the agency director. The number of employees shall be determined by the number of active position identification numbers an agency has.

**"Exhibit"** means items offered as evidence.

**"Ex-parte communication"** means communications by anyone with an ALJ or the Civil Service Division Director on the merits of a complaint which could affect its outcome.

## Permanent Final Adoptions

---

**"File" or "Filing"** means submitting a complaint or other documents on the Civil Service Division's on-line filing system, or any acceptable means determined by the Civil Service Division or the receipt of documents by the Civil Service Division.

**"Grant"** means to give or permit.

**"Hearing"** means an open, formal proceeding conducted by an ALJ. The proceeding is to provide each party with an opportunity to present evidence in support of their side of the case. The hearing is governed by the Oklahoma Administrative Procedures Act, Sections 309 through 316 of Title 75 of the Oklahoma Statutes.

**"Human Capital Management" or "HCM"** means Human Capital Management of the Office of Management and Enterprise Services.

**"Initial appointment" or "original appointment"** means the act of an Appointing Authority hiring a person for the first time as a state employee.

**"Job code"** means an identifying code that:

- (A) corresponds to a job profile, including, but not limited to, the basic purpose, typical functions performed, and the knowledge, skills, abilities, education, and experience required, and
- (B) does not include FLSA status or pay rate type, and
- (C) identifies the suggested pay range.

**"Job family"** means:

- (A) jobs which require similar core skills and involve similar work, and
- (B) a logical progression of roles in a specific type of occupation in which the differences between roles are related to the depth and breadth of experience at various levels within the job family and which are sufficiently similar in duties and requirements of the work to warrant similar treatment as to title, typical functions, knowledge, skills, abilities, education, and experience required.

**"Job level" or "level"** means a role in a job family having distinguishable characteristics such as knowledge, skills, abilities, education, and experience.

**"Job profile"** means a level in a job family.

**"Joinder"** means the combining of two (2) or more complaints of one complainant.

**"Jurisdiction"** means the authority of the Civil Service Division to complete its duties and responsibilities.

**"Jurisdictional limitations"** means the statutory restrictions on the scope, time limits, and type of appeals which may be considered by the Civil Service Division.

**"Mediator"** means a person who assists and facilitates the parties involved in a complaint to come to a resolution.

**"Minimum qualifications"** means the requirements of education, training, experience and other basic qualifications for a job.

**"Moot"** means no longer in dispute because issues have already been decided or when rendered, a decision could not have any practical effect on the existing dispute.

**"Motion"** means a request for a ruling to be made by a ALJ or the Civil Service Division Director.

**"New position"** means a position not previously existing.

**"Office of Management and Enterprise Services"** means the Human Capital Management Division of the Office of Management and Enterprise Services.

**"Order"** means a command or directive given by an ALJ or the Civil Service Division Director.

**"Party"** means a complainant or respondent.

**"Position"** means a group of specific duties, tasks and responsibilities assigned by the Appointing Authority to be performed by one person; a position may be part time or full time, temporary, occupied or vacant.

**"Prehearing conference"** means a proceeding conducted by an ALJ with the parties to identify the issues, documents, witnesses and motions which will guide the ALJ in the conduct of the hearing.

**"Preponderance of evidence"** means information or evidence which is more convincing or believable than the information or evidence offered in opposition.

**"Punitive transfer"** means a transfer that is directed at and affects only one employee employed by the Appointing Authority. A punitive transfer must relocate the affected employee to a new worksite that is fifty (50) or more miles from the employee's previous worksite. A transfer that results from a closure of a worksite location or building or affects two or more employees does not qualify as a punitive transfer.

**"Reallocation" or "Position reallocation"** means the process of reassigning an established position, occupied or vacant, from one job profile to another.

**"Reassignment"** means the process of changing an employee from one job family to another job family or from one job level to another job level in the same job family, resulting in a change in the employee's assigned job profile.

**"Regular and consistent"** means, in connection with an employee's work assignments, the employee's usual and normal work assignments, excluding incidental, casual, occasional tasks, and activities the employee assumes without direction to do so. Temporary work assignments of less than sixty (60) days in any twelve (12) month period are not considered regular and consistent.

**"Reinstatement"** means the reappointment of a former employee and does not trigger the trial period.

**"Relevant"** means directly related to the issue or issues being examined.

**"Remedy"** means corrective action sought by or afforded to a party.

**"Representative"** means the designated attorney of record, who shall be licensed to practice law in the state of Oklahoma identified in the complaint petition or through an entry of appearance or other written means, acting on behalf of a party. An individual other than an attorney licensed to practice law in the state of Oklahoma may act as the representative of the party if approved by the mediator or ALJ.

**"Resignation"** means an employee's voluntary termination of his or her employment with the state.

**"Respondent" or "Responding agency"** means the state agency which the complaint has been filed against.

**"Rules"** means the Civil Service and Human Capital Modernization Rules.

"State employee" or "employee" means an employee [within the executive branch, excluding employees within The Oklahoma State System of Higher Education] in state service afforded the protections under the Act set forth at Section 34.301 of Title 62 of the Oklahoma Statutes and these Rules.

"Stipulation" means a voluntary admission of fact.

"Subpoena" means an order to appear at a certain time and place to give testimony.

"Subpoena Duces Tecum" means an order requiring the production of books, papers and other documents.

"Supervisor" means an employee [within the executive branch, excluding employees within The Oklahoma State System of Higher Education] who has been assigned authority and responsibility for evaluating the performance of other state employees.

"Sustain" means to grant a request; to grant a complaint.

"Testimony" means statements given by a witness under oath or affirmation.

"Trial period" means a working test period lasting for a period of one year following the initial hiring of a state employee into state service, the hiring of an employee who is transferring from one state agency to another state agency, or the hiring of an employee returning to state service following a break in service. The Appointing Authority has the authority to waive the trial period at any time at their discretion.

"Veteran" means any person who served the full obligation for active duty, reserves or National Guard service in the military, or received an early discharge for a medical condition, hardship or reduction in force; and has been separated or discharged from such service honorably or under honorable conditions.

**260:130-1-3. State employees to aid and comply**

All state employees under the Act shall conform to, comply with, and aid in carrying out the provisions of the Act, the Rules, and all other applicable state and federal law.

**260:130-1-4. Severability clause**

The provisions of the Rules are severable and if any part or provision is held void by the decision of a court, this shall not affect or impair any of the remaining parts or provisions of these Rules.

**260:130-1-5. Compliance with federal standards, rules, or regulations**

Any of the Rules which conflict with, or are inconsistent with, federal rules, regulations or standards governing the grant of federal funds to any agency or department, is not applicable to such agency or department.

**260:130-1-6. Request for promulgation, amendment, or repeal of a rule**

(a) Any person may request Human Capital Management to adopt, amend or repeal a rule in this chapter. The request shall be made in writing and shall include an explanation to support the request. A request shall also include:

- (1) the name, address and telephone number of the person making the request;
  - (2) the name, address and telephone number of the agency or organization the person represents, if any;
  - (3) the number used to identify the rule if the request is to amend or repeal an existing rule; and
  - (4) the proposed language if the request is to amend an existing rule or adopt a new rule.
- (b) It is Human Capital Management's policy to respond to such requests within a reasonable time.

**SUBCHAPTER 3. STATE EMPLOYEE DISPUTE RESOLUTION PROGRAM**

**260:130-3-1. Purpose, use and scope of State Employee Dispute Resolution Program**

(a) **General.** The Civil Service Division shall establish and maintain a State Employee Dispute Resolution Program, which may include mediation, to provide dispute resolution services to state agencies and state employees [62:34.301(B)(1)].

(b) **Purpose.** The purpose of the State Employee Dispute Resolution Program is to provide an economical means and access to effective alternative dispute resolution services to all state agencies and state employees. The State Employee Dispute Resolution Program affords the parties to a complaint the same equity and impartiality as the hearing process while offering faster, less costly and more flexible ways to resolve disputes.

(c) **Use and Scope.** Complaints relating to written reprimands shall only be administered through mediation. Complaints relating to punitive transfer must first go through mediation before proceeding to a hearing if the mediation is unsuccessful. Mediation may also be available for suspensions without pay, involuntary demotions, and terminations.

**260:130-3-2. Mediation**

(a) **General.** Mediation provides an opportunity for the parties to present and discuss settlement with each other and a mediator in order to resolve the issues of a complaint. The parties may discuss, negotiate and settle any differences or issues to reach a resolution to the complaint. The Civil Service Division will assign a mediator to the complaint as set forth in 260:130-3-4.

(b) **Party responsibility.** Each party shall be present and on time. Complainant's failure to do so may result in dismissal of the complaint unless good cause is shown. Each party is expected to negotiate in good faith, without time constraints, and put forth his or her best efforts with the intention to settle, if possible. Even if the parties do not reach a complete settlement, they may reach agreement on various issues.

- (1) The complainant shall speak for himself or herself or with the assistance of a Representative.
- (2) The Appointing Authority shall send one person to speak and act on behalf of the Appointing Authority with full settlement authority and a Representative.

## Permanent Final Adoptions

---

(c) **Party submissions.** At the mediation, each party shall provide to the mediator a copy of a mediation statement, which shall include a proposed settlement offer.

(d) **Representation.** Each party to the complaint may have a Representative, as defined within these Rules, accompany him or her to the mediation. Representatives will be expected to take an active role in mediation, but will not be allowed to interrogate or question any party. As set forth above in 260:130-1-1, an individual other than an attorney licensed to practice law in the state of Oklahoma may act as the representative of the party if approved by the mediator or ALJ.

(e) **Mediator.** The mediator shall:

(1) take an active role in the mediation to aid the parties in the discussion of settlement and resolution of the complaint;

(2) have the flexibility to adapt the mediation to the situation at hand;

(3) have the authority to require any party to produce documents, limited to the disciplinary file as defined within these Rules, for review at the mediation if to do so will aid in the discussion of settlement and resolution of the complaint. Documents produced and reviewed at the mediation shall not become part of the complaint record at that time; and

(4) terminate the mediation because of the disruptive behavior or conduct of a party or representative.

(f) **Mediation.** The mediation shall be informal, structured by the mediator, and not open to the public. The mediation shall be a confidential procedure and shall not be filmed or taped.

(1) **Notice.** At least seven (7) calendar days before the scheduled mediation, the mediator shall notify the parties of the date, time and location of the mediation.

(2) **Location.** The mediation shall be held at the appointing authority office or any other location determined appropriate by the mediator.

(3) **Witnesses.** Witnesses shall not appear or give testimony at the mediation.

(4) **Caucus.** The mediator may call a caucus at any stage of the mediation.

(5) **Continuance.** A request for continuance shall be submitted to the mediator in writing no less than three (3) calendar days before the mediation date. The mediator shall follow the requirements of OAC 260:130-5-13 and shall reschedule the mediation ensuring the timing requirements of OAC 260:130-5-13 are followed.

(g) **Agreement.** If agreement between the parties is reached, it shall be reduced to writing and signed by each party and the mediator. The agreement shall be reviewed and approved by the Civil Service Director for complaints arising from termination, suspension without pay, involuntary demotion, or punitive transfer before dismissal of the complaint shall be entertained. The agreement shall become part of the complaint record. All mediation agreements are enforceable by a court of competent jurisdiction.

(h) **Conclusion.** The mediator shall end the mediation when an agreement is reached and reduced to writing. If an agreement is not reached, the mediator shall end the mediation when

he or she determines settlement is not possible, unless sooner terminated for just cause. If agreement is not reached:

(1) a complaint arising from termination, suspension without pay, involuntary demotion, or punitive transfer shall continue on for a prehearing conference and hearing.

(2) a complaint arising from written reprimand will be considered closed and the agency's action will stand.

### **260:130-3-3. State Employee Dispute Resolution Program Mediators**

The Civil Service Division shall be responsible for offering mediation training and certifying all mediators available through the State Employee Dispute Resolution Program. The Civil Service Division will maintain a list of all available mediators. Mediators will be state employees who have completed the Civil Service Division-approved program and applied to the Civil Service Division to be mediators within this program. State employees will not receive additional compensation for working as mediators. Serving as a mediator will be included within the employees' job duties. An employee must have had satisfactory performance ratings, must obtain written approval from his or her supervisor before applying to be a mediator, and submit such approval with his or her application. In the event the Civil Service Division does not have an adequate pool of mediators to assign to complaints and ensure the complaints are mediated within enough time to either resolve the complaint or have the hearing take place within the twenty-five (25) business day requirement set forth in 62 O.S. Section 34.301, the Civil Service Division may utilize other methods of obtaining mediators.

### **260:130-3-4. Assignment of mediators**

The Civil Service Division will assign a mediator to every complaint regarding written reprimand and punitive transfer. The Civil Service Division will assign a mediator to complaints regarding termination, suspension without pay, and involuntary demotion if mediation is requested by the complainant in the complaint. A mediator that is a current or former employee of the employing agency named in the complaint will not be assigned.

## **SUBCHAPTER 5. JURISDICTION, RIGHTS AND PROCESSES**

### **260:130-5-1. Location for information and filing**

All complaints and all other documents will be filed with the online filing system developed and maintained by the Civil Service Division or any acceptable means determined by the Civil Service Division. The process for filing will be published on the website maintained by the Civil Service Division. Every Appointing Authority must designate an agency representative(s) to receive notice of complaints filed. The Appointing Authority shall be responsible for keeping the Civil Service Division informed of the current agency representative and his or her up-to-date contact information.

**260:130-5-2. Time**

Complaints shall be filed with the Civil Service Division within five (5) business days of the date of when the termination, suspension without pay, involuntary demotion, written reprimand, or punitive transfer occurred. The action occurs when the employee receives the written notice of the disciplinary action either in person or via acceptable electronic means.

**260:130-5-3. Jurisdiction**

The Civil Service Division's jurisdiction to assign cases to hearing or review by the ALJ is limited to complaints arising from termination, suspension without pay, involuntary demotion, and punitive transfer. The review of the merits of the complaint shall be limited to the employee disciplinary file directly at issue [62:34.301(D)]. The Civil Service Division will accept complaints arising from written reprimand and punitive transfer and will assign such complaints to mediation.

**260:130-5-4. Notice of complaint**

Upon receipt of a complaint petition, the Civil Service Division shall send a notice of the complaint to the appointing authority's designated representative(s). The Civil Service Division may order a person or agency added as a party of record and that person or agency shall be sent a notice of the complaint.

**260:130-5-5. Notice of complaint rights**

When a state employee receives a written reprimand, punitive transfer or is suspended without pay, involuntarily demoted, or terminated, the state employee shall be provided:

- (1) notice of the right to file a complaint with the Civil Service Division, the time limits for receipt of the complaint and the method and location for filing a complaint
- (2) a citation of the statute, rule, policy, employee handbook, procedure or practice under which the action was taken; and
- (3) a copy of the Civil Service Division's complaint petition.

**260:130-5-6. Complaint petition**

(a) A complaint petition shall contain the following information:

- (1) the name, address and telephone number of the complainant. The complainant shall maintain a current address with the Civil Service Division throughout the complaint process. Failure to do so shall be cause for dismissal of the complaint.
- (2) the name of the agency against whom the complaint is filed;
- (3) the date the action (written reprimand, punitive transfer, suspension without pay, involuntary demotion, or termination) occurred;
- (4) if the action taken did not occur in person, a description of how the state employee was provided notice of the action;

- (5) the basis for the complaint stating the facts.
- (6) a statement of the remedy the complainant is seeking;
- (7) the name, address and telephone number of the complainant's representative, if any;
- (8) signature of the complainant and representative, if any.

(b) Failure to provide any of the above listed information may result in immediate dismissal of the complaint.

(c) Complaints shall not exceed twenty (20) pages inclusive of exhibits.

**260:130-5-7. Consolidation and joinder of complaint**

The Civil Service Division, on its own initiative or upon written request of a party, may order the consolidation or joinder of complaints if to do so will expedite the processing of the complaints and not adversely affect the interest of the parties.

**260:130-5-8. Settlement of complaints**

Settlement discussions are appropriate and encouraged at any stage of the complaint process. The parties may elect to enter into settlement discussions on their own. The settlement agreement shall be submitted with the Civil Service Division and shall be reviewed and approved before dismissal of the complaint will be entertained. All settlement agreements are enforceable by a court of competent jurisdiction. All settlement agreements will be treated as confidential.

**260:130-5-9. Dismissal of complaints**

(a) A complaint petition, or an issue in the complaint petition, may be dismissed if:

- (1) it is moot or the complainant has not provided evidence to support the allegations;
- (2) the complainant fails to provide any of the information listed in 260:130-5-6;
- (3) the complainant fails or refuses to appear for a scheduled meeting;
- (4) the complainant refuses to accept a settlement offer which affords the relief he or she could reasonably expect if he or she prevailed in the complaint; or
- (5) it is not timely filed or is not within the Civil Service Division's jurisdiction or authority.

(b) The Civil Service Division Director may order a person or agency dismissed as a party of record.

**260:130-5-10. Complaint record**

(a) Content. A complaint record shall be limited to:

- (1) the complaint petition, notices, motions, and intermediate rulings;
- (2) evidence considered in making a final decision;
- (3) a statement of matters officially noticed;
- (4) questions and offers of proof, objections and rulings thereon;
- (5) proposed findings and exceptions;
- (6) any decision, opinion, or report by the officer presiding at the hearing;

## Permanent Final Adoptions

---

(7) any proposed or final orders issued by the Civil Service Division; and

(8) all other evidence or data submitted to a ALJ in connection with his or her consideration of the complaint.

(b) **Transmission to reviewing court.** Within sixty (60) calendar days after proper service of a petition for review or equivalent process upon it, or within such further time as the reviewing court may allow, the Civil Service Division shall transmit to the reviewing court a certified copy of the complaint record under review.

### **260:130-5-11. Transcripts**

(a) Hearings shall be recorded by digital recordings. The Civil Service Division's recording will serve as the official recording for purposes of creating an official written transcript. The Civil Service Division shall prepare a written transcript of the recording only upon written request and receipt of a deposit of cash or cashier's check in an amount determined to be appropriate to cover the costs associated with the transcription, except as prohibited by statute.

(b) Upon application, the Civil Service Division shall pay transcription costs on behalf of an indigent respondent if the respondent establishes indigent conditions through execution of an *in forma pauperis* affidavit upon a form approved by the Civil Service Division. Should the indigent respondent receive a financial recovery, the respondent shall reimburse the Civil Service Division from those proceeds.

(c) Any party desiring to have a hearing recorded by a court reporter shall request approval by the ALJ before initiating such action. The party making the request shall bear the associated expenses and costs and shall provide a copy of the written transcript to the Civil Service Division at no cost.

### **260:130-5-12. Motions and requests**

Oral motions may be made during a prehearing conference or hearing. All other motions and requests shall be filed in writing and shall state the reason for the motion or request and shall include an affidavit of service to all other parties. Any response to a motion or request shall be filed within the time frame set by the ALJ at the prehearing conference. The ALJ shall ensure that the time frame set for the filing of motions, requests, and responses does not extend past the twenty-five (25) business day limit as set forth in Section 62 O.S. Section 34.301(C).

### **260:130-5-13. Continuances**

A request for continuance shall be filed in writing and shall include the cause for the request and a statement of agreement or disagreement by the other party(s). A prehearing conference or hearing may be continued or adjourned by the Civil Service Division or the ALJ. A continuance shall be granted only in those instances where extraordinary circumstances exist and has been shown. If granted, a continuance shall be made to a date certain. A request for continuance that extends the hearing or mediation past the twenty-five (25) business day limit as set forth in 62 O.S. Section 34.301(C) will not be granted.

(1) If granted on behalf of the Civil Service Division or the responding agency, and the complainant is subsequently sustained in the complaint, back pay and other benefits shall be awarded for the entire judgment as determined appropriate by the ALJ.

(2) If granted on behalf of the complainant and he or she is subsequently sustained in the complaint, back pay and other benefits shall be awarded only for the period of time that the complainant did not delay the complaint as determined appropriate by the ALJ.

### **260:130-5-14. Ex-parte communication**

Ex-parte communications are communications by anyone with an ALJ or the Civil Service Division Director on the merits of a complaint which could affect its outcome. Ex-parte communications are prohibited from the time a complaint is filed until a final decision is issued.

### **260:130-5-15. Judicial review**

Within thirty (30) calendar days after exhausting all remedies under the Administrative Procedures Act, either party may appeal an adjudicated complaint to a higher court of competent jurisdiction.

### **260:130-5-16. Stay of enforcement**

A petition for judicial review shall not automatically stay enforcement of the original decision.

## **SUBCHAPTER 7. HEARING PROCESS**

### **260:130-7-1. Prehearing conference**

(a) **Purpose.** The Civil Service Division may schedule a prehearing conference on any complaint set for hearing. The conference provides an opportunity for the parties to clarify, isolate and dispose of procedural matters prior to the hearing.

(b) **Party responsibility.** Each party shall be present, on time and prepared. Complainant's failure to do so may result in dismissal of the complaint unless extraordinary circumstances exist and are shown. Prior to the prehearing conference each party shall file with the Civil Service Division and provide to each other party and the ALJ a copy of:

(1) a brief statement of his or her respective case, to include a list of stipulations and requested remedy;

(2) the names of the witnesses allowed at the hearing and their contact information; and;

(3) a description of the documents and exhibits allowed at the hearing and copy of each document and exhibit to be offered.

(c) **Representation.** Each party to the complaint may have a Representative, as defined within these Rules, to speak and act on his or her behalf.

(d) **ALJ responsibility.** The ALJ shall:

(1) consider, facilitate and rule on settlement;

(2) consider any matters which will aid in the fair and prompt resolution and disposition of the complaint;

- (3) hear and rule on pending requests or motions;
- (e) **Conference.** The conference shall be informal, structured by the ALJ and not open to the public. The ALJ shall record the conference by digital recording.
  - (1) **Notice.** Each party shall be notified of the date, time and location at least seven (7) calendar days prior to the scheduled conference.
  - (2) **Location.** The conference shall be conducted at the Human Capital Management offices or any other location determined appropriate by the ALJ.
  - (3) **Witnesses.** Witnesses shall not appear or present evidence at the conference.
  - (4) **Continuance.** A request for continuance shall be filed in accordance with OAC 260:130-5-13 no less than three (3) calendar days prior to the scheduled conference. The ALJ, or in his or her absence, the Civil Service Division, shall rule on the request in accordance with OAC 260:130-5-13.
- (f) **Conclusion.** The ALJ shall end the conference when preparation for the hearing is complete, unless sooner terminated as a result of settlement or for other just cause.

**260:130-7-2. Furnishing of information, attendance of witnesses and production of books, records, etc. and issuing subpoenas**

The Civil Service Division or the ALJ, by and through the Civil Service Division, shall have the power to require the furnishing of such information, the attendance of such witnesses, and the production of such books, records, papers or other objects as may be necessary and proper for purposes of the proceeding as allowed by 75 O.S. Section 315 of the Administrative Procedures Act. The Civil Service Division or the ALJ, by and through the Civil Service Division, shall issue subpoenas for witnesses, issue subpoenas duces tecum, and quash subpoenas or subpoenas duces tecum so issued as allowed by and in accordance with 75 O.S. Section 315 of the Administrative Procedures Act.

**260:130-7-3. Taking of depositions**

Either party to the complaint may take depositions of witnesses which shall be admissible at the hearing in accordance with 75 O.S. Section 315 of the Administrative Procedures Act.

**260:130-7-4. Hearing**

- (a) **Purpose.** The hearing provides each party the opportunity to present witnesses and evidence as allowed by these Rules in support of his or her respective case for decision by an ALJ. Hearings shall be conducted in accordance with the Act, the Administrative Procedures Act and the Rules in this chapter.
- (b) **Party responsibility.** Each party shall be present, on time and prepared. Complainant's failure to do so may result in dismissal of the complaint unless extraordinary circumstances exist and are shown.
- (c) **Representation.** Each party to the complaint may have a Representative, as defined within these Rules, to speak and act on his or her behalf.

- (d) **ALJ responsibility.** The ALJ shall rule on questions of admissibility of evidence, competency of witnesses and any other matters or questions of law.
- (e) **Process.** The hearing shall be formal, structured by the ALJ and open to the public. Parts of a hearing may be ordered closed when evidence of a confidential nature is to be introduced or where to do so would be in the best interests of a party, witness, the public or other affected persons. The ALJ shall record the hearing by digital recording and such recording shall constitute the official recording of the hearing.
  - (1) **Notice.** Each party shall be notified of the date, time and location at least seven (7) calendar days prior to the scheduled hearing.
  - (2) **Location.** The hearing shall be held at the Civil Service Division offices or any other location determined appropriate. At the prehearing conference any party may request the hearing be changed to a more convenient location. The ALJ shall rule on the request and may change the location when to do so is in the best interests of the Civil Service Division and parties.
  - (3) **Witnesses.** The ALJ shall administer an oath or affirmation to each witness.
  - (4) **Continuance.** A request for continuance shall be filed in accordance with OAC 260:130-5-13 no less than three (3) calendar days prior to the scheduled hearing. The ALJ, or in his or her absence, the Civil Service Division, shall rule on the request in accordance with OAC 260:130-5-13.
- (f) **Witnesses allowed at the hearing.** The witnesses allowed at the hearing shall be limited to
  - (1) the Human Resources Director or designee;
  - (2) the supervisor;
  - (3) the employee bringing the complaint;
- (g) **Documents allowed at the hearing.** The documents allowed at the hearing shall be limited to the documents contained in the disciplinary file.
- (h) The ALJ has the discretion to approve the request to provide additional witnesses and documents as necessary.
- (i) **Burden of proof.** The following burden of proof shall apply to all hearings under the jurisdiction of the Civil Service Division (termination, involuntary demotion, suspension without pay, or punitive transfer). The burden of proof shall be upon the complainant who must prove his or her case by a preponderance of the evidence.
  - (1) Upon a finding that a reasonable basis existed for the action taken, an ALJ shall dismiss the complaint.
  - (2) Upon a finding that a reasonable basis did not exist for the action taken, an ALJ may order the reinstatement of the employee, with or without back pay and other benefits. An ALJ may also order that documentation of the disciplinary action be expunged from any and all of the employee's personnel records and disciplinary file.
  - (3) An ALJ who orders reinstatement with back pay and other benefits under (B) above, may consider the deduction of any income the employee may have received for the period of time the employee was not performing his or her duties.

## Permanent Final Adoptions

---

### **260:130-7-5. Methods of testimony**

(a) This section shall not limit the authority of the Civil Service Division to compel any witness to appear and offer testimony. Upon written request and approval by the ALJ, an affidavit, video conference, electronic communication, and telephone communication may be used when a witness or party is unable to attend or testify because of good reason.

(b) The parties to any action before the Civil Service Division are responsible for ensuring that the technology is available to all participants for conducting a video conference.

### **260:130-7-6. Closing the record**

The record shall be closed when each party has had an opportunity to be heard and present evidence. Once the record is closed, no additional evidence or arguments shall be considered.

### **260:130-7-7. Decisions**

The ALJ shall file a proposed order with the Civil Service Division within ten (10) calendar days after the record is closed. The proposed order shall include findings of fact and conclusions of law, written in clear and concise language.

(1) The Civil Service Division shall issue the final decision to each party, by personal service or certified mail and by submission on the online filing system, within fifteen (15) calendar days after receipt of the proposed order.

(2) The determination of the ALJ and decision by the Civil Service Division shall be final and conclusive except as provided in the Administrative Procedures Act.

### **260:130-7-8. Petition for rehearing, reopening or reconsideration of the final decision**

The final decision of the Civil Service Division shall be subject to rehearing, reopening, or reconsideration. A petition for rehearing, reopening, or reconsideration must be filed by the aggrieved party within ten (10) days from the date of the entry of the final decision. Such petitions and the resolution of such petitions must be in accordance with 75 O.S. Section 317 of the Administrative Procedures Act. In accordance with 75 O.S. Section 317(d), the Civil Service Division will send the petition for rehearing, reopening, or reconsideration to an ALJ to act as the hearing examiner. The hearing examiner will review the petition for rehearing, reopening, or reconsideration and any other evidence and data submitted by the parties. The hearing examiner will not permit oral arguments. If the petition for rehearing, reopening, or reconsideration is granted by the hearing examiner, the hearing examiner will order the matter referred to the same presiding ALJ or another ALJ, separate and apart from the hearing examiner, for further consideration of the matter on those grounds upon which the petition for rehearing, reopening, or reconsideration was granted.

## **SUBCHAPTER 9. ATTORNEY FEES AND COSTS**

### **260:130-9-1. Award**

(a) **General.** The ALJ of any hearing may order payment of reasonable attorney fees and costs to the prevailing party if the position of the non-prevailing party was without reasonable basis or was frivolous.

(b) **Burden of proof.** The prevailing party shall bear the burden of proof that he or she is entitled to an award of attorney fees and costs by a preponderance of the evidence.

(c) **Showing of proof.** To be entitled to an award of attorney fees and costs, the prevailing party shall be deemed to have prevailed if he or she received all or a significant part of the relief sought through the complaint. Attorney fees shall not be awardable for non-attorney pro-se representation. There shall be a finding that the non-prevailing party's position was without reasonable basis or was frivolous.

(d) **Standards.** The without reasonable basis or frivolous standard includes, but is not limited to:

(1) where the non-prevailing party's action was clearly without merit or was wholly unfounded;

(2) where the non-prevailing party initiated an action against the prevailing party in bad faith, including where the action was brought to harass or intimidate the prevailing party;

(3) where the non-prevailing party committed a gross procedural error which prolonged the proceeding or severely prejudiced the prevailing party; and

### **260:130-9-2. Reasonable costs**

Reasonable costs shall be determined primarily through costs associated with the defense of the specific action before the Civil Service Division.

### **260:130-9-3. Reasonable attorney fees**

Hours devoted to the complaint multiplied by a reasonable hourly billing rate. Reasonable attorney fees may be determined by looking at fees awarded the attorney in the past.

(1) The prevailing community rate is considered a reasonable hourly rate.

(2) The fee agreement between an attorney and a party to the complaint or any organization, or association representing a party, establishes a presumption that the amount agreed upon is the maximum reasonable amount.

(3) The actual rate of pay for a state attorney representing a party shall be the base pay of the attorney.

### **260:130-9-4. Request**

A request for the award of attorney fees or costs shall be filed with the Civil Service Division within ten (10) calendar days after the issue date of the final decision and shall include an affidavit of service to all other parties.

(1) **Grounds.** The request shall specifically state why an award of attorney fees or costs should be made and shall be supported by evidence to substantiate the request and evidence to determine whether or not the amount claimed is reasonable.

(2) **Evidence.** Evidence submitted with the request shall include, as a minimum:

(A) adequate time records so the reasonableness of the claimed fee can be ascertained;

(B) a copy of any fee agreement between the attorney and the client or any fee agreement between the attorney and any organization, or association representing the client;

(C) the attorney's customary billing rate for similar work, provided the attorney has a billing practice to report;

(D) evidence of the prevailing community rate sufficient to establish a market value for the services rendered;

(E) specific evidence of the prevailing rate for similar work of attorneys of comparable experience and reputation; and

(F) specific detailed documentation identifying the actual costs associated with the request.

(3) **Response.** Any party may file a response in opposition to the request within ten (10) calendar days after the date the request is filed with Human Capital Management. The response shall include an affidavit of service to all other parties.

(4) **Rejection.** Requests and responses which are not timely filed or do not meet the requirements of this section shall be rejected by The Civil Service Division.

**260:130-9-5. Frivolous appeals**

Any party may be assessed attorney fees and costs if the Civil Service Division or the ALJ determines a complaint is frivolous. A request for attorney fees and costs of processing a complaint shall comply with the provisions of this section.

**SUBCHAPTER 11. CONFIDENTIAL WHISTLEBLOWER PROGRAM**

**260:130-11-1. Confidential whistleblower program**

The Civil Service Division will act as the central repository for all whistleblower complaints. All whistleblower complaints will be maintained as confidential and be routed to the appropriate party for review and disposition. Whistleblower complaints will be limited to agency or employee mismanagement and the misuse of state funds or property.

**SUBCHAPTER 13. POSITION ALLOCATION AND JOB CATALOG AND CODE SYSTEM**

**260:130-13-1. Purpose**

The purpose of the rules in this Subchapter are to establish a job catalog and code system for all employees under the administration of Human Capital Management.

**260:130-13-2. Job catalog and codes**

Human Capital Management will establish and maintain a master catalog of all state employment jobs. Each job profile will be assigned a code. Agencies will work with Human Capital Management to ensure all jobs are organized into the master catalog and code structure.

**SUBCHAPTER 15. SALARY AND PAYROLL UNIFORM STRUCTURE**

**260:130-15-1. Purpose and general provisions**

The purpose of the rules in this Part is to establish a uniform structure for salary and pay and pay increases.

**260:130-15-2. Pay range and pay increase catalog and codes**

Human Capital Management will establish and maintain a master catalog of all state pay ranges and reasons for pay increases. Each reason for pay increase will be assigned a code. Human Capital Management will provide guidance, assistance, and information regarding the pay range and pay increase catalog and codes.

**SUBCHAPTER 17. RECRUITMENT AND SELECTION**

**260:130-17-1. Purpose**

The purpose of the rules in this Subchapter is to establish policies and procedures for the recruitment of qualified persons, for the referral of capable candidates for vacancies and the employment of individuals on other types of appointments as necessary and for impartial consideration of applicants for employment.

**260:130-17-2. Selection procedures**

(a) Selection procedures may consist of written tests; ratings of training and experience; performance tests; physical, educational, and work experience requirements; interviews; oral examinations; application forms and any other type of examination.

(b) When a job requires a test, the Appointing Authority shall administer tests in accordance with the Americans with Disabilities act to applicants or employees with disabilities that impair sensory, manual, or speaking skills in formats that do not require the use of the impaired skill, if the applicant or employee notifies the Appointing Authority before the test is administered.

(c) Before appointment, applicants may be required to pass a physical examination specified by the Appointing Authority when requirements of the job demand specific physical condition or capabilities. Such physical examinations shall be uniform in nature and applied to all persons in that job within the agency. The responsibility for administering the physical examinations lies with the Appointing Authority.

# Permanent Final Adoptions

---

## **260:130-17-3. Applications**

An application for a posted job shall be made on a form prescribed by the Administrator. The application form solicits information from the applicant regarding residence, education, training, experience and other eligibility information. The form may also ask for demographic information, such as race, sex, ethnicity, and disability for statistical analysis and state and federal record keeping and reporting requirements. The form may also ask for veteran status. Information provided by applicants shall be subject to verification. All applications shall be signed in writing or by electronic signature by the applicant certifying the truth of all statements he or she made in the application. Applications must be filed with the Human Capital Management Division on or before the closing date specified in the announcements.

## **260:130-17-4. Establishment of qualifications**

Minimum and preferred qualifications will be determined by the Appointing Authority and HCM.

## **260:130-17-5. Testing**

The Appointing Authority and HCM will collaborate to develop testing requirements for positions and job families.

## **260:130-17-6. Posting jobs**

All posted jobs shall be posted through the central system of record established and maintained by Human Capital Management. Human Capital Management shall grant Appointing Authorities an exception to this Rule based on documented business needs.

## **SUBCHAPTER 19. EMPLOYEE ACTIONS**

### **PART 1. GENERAL PROVISIONS**

## **260:130-19-1. Purpose**

The purposes of the rules in this Subchapter are to establish policies and procedures for trial periods of employment transfers, promotions, demotions, and separations, while protecting employees from arbitrary dismissal or unfair treatment.

## **260:130-19-2. Agency personnel records**

Each agency shall maintain an adequate set of applicant and employee personnel records. These records shall include: performance evaluations, promotional forms, attendance records, the employee disciplinary file, and any other documents that affect an individual's employment status with the agency.

## **260:130-19-3. Reports of personnel changes**

All personnel changes shall be recorded in the system of record provided by OMES.

## **260:130-19-4. Review of agency personnel files**

Each employee shall have the right to review his or her individual personnel records in the system of record.

## **260:130-19-5. Voluntary demotion**

An Appointing Authority may approve the employee's request for voluntary demotion provided the employee voluntarily makes such a request in writing and meets the current minimum qualifications for the job family level to which demotion is requested.

## **260:130-19-6. Method of resignation**

(a) To resign in good standing, an employee must give the Appointing Authority, or designee, at least fourteen (14) calendar days prior notice unless the Appointing Authority, or designee, agrees in writing to permit a shorter period of notice. The Appointing Authority, or designee, will supply the employee written confirmation of any shorter period of notice that is allowed.

(b) Verbal resignations may be accepted by the Appointing Authority and implemented at his/her discretion.

(c) An employee who is absent from work without prior approval and who has not contacted his/her supervisor or agency representative within three working days is deemed to have resigned from state service.

## **260:130-19-7. Detail to special duty**

(a) When the services of a state employee are temporarily needed in a job profile other than the one to which the incumbent is regularly assigned, the employee may be detailed to special duty, at the discretion of the Appointing Authority, to perform the duties of the job to which temporarily assigned.

(b) A detail to special duty in no way shall affect the status, title or job profile held before the detail.

(c) An employee shall not be placed on detail to special duty more than twelve (12) months in any thirty-six (36) month period.

(d) Detail to special duty is not required when an employee is temporarily assigned duties of another job for a period of less than sixty (60) days in any twelve (12) month period. Detail to special duty is also not required when an employee is temporarily performing such duties as part of a return-to-work program as a result of a work-related illness or injury, regardless of whether that period exceeds sixty (60) days in any twelve (12) month period. Such temporary placement related to a return-to-work program shall not exceed six (6) months.

## **260:130-19-8. Suspension with pay**

(a) An Appointing Authority may suspend a state employee from duty with pay for internal investigatory purposes or to require the employee to undergo a fit-for-duty examination to determine whether the employee is capable of performing the essential functions of the position in which employed. The Appointing Authority may require the employee to remain available during specified working hours to meet with investigators or other agency officials as required. A notice of suspension

with pay, stating the beginning and ending dates and times and specifying any reporting requirements shall be issued to the employee in writing.

(b) If the employee was suspended with pay for investigatory purposes and is cleared, the Appointing Authority shall fully clear the employee's records in the custody of the agency and shall make every reasonable effort to fully clear any such records which are not in the custody of the agency. If the charges against the employee are confirmed, in whole or in part, a suspension with pay in accordance with this Section shall not preclude an Appointing Authority from taking disciplinary action in accordance with Oklahoma law and these Rules.

**PART 3. EMPLOYEES IN A TRIAL PERIOD**

**260:130-19-30. Trial period**

Appointing Authorities may require an employee to be in a trial period for up to one year for individuals who have been initially hired as a state employee, employees who are transferring from one state agency to another state agency, or employees returning to state service following a break in service. The Appointing Authority may not extend the trial period but may adjust the trial period due to extended absence. The length of the trial period shall be made known to the employee at the time of entry on duty and at the time of any adjustment or waiver of the trial period.

**260:130-19-31. Disciplinary action during trial period**

The employment of any state employee may be terminated at any time during the trial period without the right of complaint as set forth in and these Rules. The employee may also be disciplined at any time during the trial period without the right of complaint.

**260:130-19-32. Adjustment of the trial period**

If a trial employee is absent from work in excess of thirty (30) non-continuous working days, the trial period shall be adjusted by the number of working days the trial employee was absent. The employee shall be notified at the earliest date that the trial period is to be adjusted. Upon the employee's return to work, notification of such adjustment shall be provided to the employee and HCM and shall include the adjusted date of the final working day of the trial period.

**PART 5. EMPLOYEE GUIDELINES**

**260:130-19-50. Conduct of employees**

(a) Every employee shall fulfill to the best of his or her ability the duties of the office or position conferred upon the employee and shall behave at all times in a manner befitting the office or position the employee holds. In performing official activities, the employee shall pursue the common good, and not only be impartial, but act so that there can be no question of impartiality.

(b) An employee shall not engage in any employment, activity or enterprise which has been determined to be inconsistent, incompatible, or in conflict with his or her duties as an employee or with the duties, functions or responsibilities of the Appointing Authority by which the person is employed.

(c) Each Appointing Authority shall determine and prescribe those activities within applicable laws, which, for employees under its jurisdiction, will be considered inconsistent, incompatible or in conflict with their duties as employees. In making this determination, the Appointing Authority shall give consideration to employment, activity or enterprise which:

(1) involves the use for private gain or advantage of state time, facilities, equipment and supplies; or the badge, uniform, prestige or influence of one's state office or employment, or

(2) involves receipt or acceptance by the employee of any money or other consideration from anyone, other than the state, for the performance of an act which the employee would be required or expect to render in the regular course or hours of state employment or as a part of the duties as a state employee, or

(3) involves the performance of an act which may later be subject directly or indirectly to the control, inspection, review, audit or enforcement by such employee.

(d) Each employee shall devote full time, attention and effort to the duties and responsibilities of his or her position during assigned hours of duty.

**SUBCHAPTER 21. PERFORMANCE EVALUATION AND CAREER ENHANCEMENT PROGRAMS**

**PART 1. GENERAL PROVISIONS**

**260:130-21-1. Purpose**

The purposes of the rules in this Subchapter are to establish policies and procedures pertaining to employee performance appraisal systems, the state personnel interchange program, and the state internship program.

**PART 3. EMPLOYEE PERFORMANCE MANAGEMENT SYSTEM**

**260:130-21-30. Employee performance management system**

(a) Human Capital Management shall make available one standard performance management system that will be used by all agencies to complete employee performance evaluations. The purpose of this employee performance management system is to evaluate the performance of each employee in the executive branch of state government.

(b) The employee performance management system shall provide for the following:

## Permanent Final Adoptions

- (1) An objective evaluation by the immediate supervisor of the performance of the employee within the assigned duties of the job. The evaluation shall contain the date of review and employee identification number;
  - (2) A mid-term interview with the immediate supervisor for the purpose of discussing the progress of the employee in meeting the performance criteria upon which the employee will be evaluated;
  - (3) A final interview with the employee by the immediate supervisor who shall provide the employee with a copy of the performance evaluation; and
  - (4) The opportunity for the employee to submit written comments regarding the performance evaluation.
- (c) The immediate supervisor shall hold a meeting with the employee at least three times during a 12-month evaluation period.
- (1) One meeting shall take place at the beginning of the evaluation period in order to communicate the criteria upon which the employee will be evaluated. A copy shall be provided to the employee.
  - (2) One meeting shall take place during the rating period for the purpose of discussing the progress of the employee in meeting the criteria upon which the employee will be evaluated.
  - (3) One meeting shall take place at the end of the review period to provide the final evaluation. A copy of the evaluation shall be provided to the employee, and the employee shall have the opportunity to provide written comments.
- (d) The agency may use the performance evaluations of current or former state employees in decisions regarding promotions, appointments, demotions, performance pay increases, and discharges.
- (e) The agency shall retain a copy of the performance evaluation for each employee of the agency. A copy of the performance evaluation shall be retained in the employee's personnel file.

### **PART 5. STATE PERSONNEL INTERCHANGE PROGRAM**

#### **260:130-21-50. Purpose**

The purpose of the rules in this Part is to implement the State Personnel Interchange Program.

#### **260:130-21-51. State personnel interchange agreements and contracts**

Employee interchanges made in accordance with the Act and these Rules shall be executed by mutual agreement or contract by the sending agency, the receiving agency and the participating employee, subject to the following conditions and provisions:

- (1) The agreement or contract shall be in the standard format and on the standard form provided by the Human Capital Management Division. Both the personnel interchange agreement and the personnel interchange contract contain information regarding the terms and conditions of

the interchange and are signed by the Appointing Authority of the sending and receiving agencies and by the participating employee. Employee interchanges shall be by agreement if the receiving agency does not reimburse the sending agency and by contract if the receiving agency reimburses the sending agency.

(2) The agreement or contract shall be signed voluntarily by the sending agency, the receiving agency, and the participating employee.

(3) The receiving agency shall submit an original agreement or contract signed by the Appointing Authorities of the sending and receiving agencies and the participating employee to the Human Capital Management Division. The Administrator shall review and approve each agreement or contract before the effective date of the interchange.

### **PART 7. STATE INTERNSHIP PROGRAM**

#### **260:130-21-70. Purpose**

The rules in this Part establish policies and procedures to implement the State Internship Program.

#### **260:130-21-71. State Internship Program**

(a) **Eligibility.** The State Internship Program consists of temporary part-time or full-time positions for students enrolled in institutions of higher education working toward an undergraduate degree, which shall include associate's degrees or certifications by the Oklahoma Department of Career and Technology Education, or a graduate degree.

(b) **Conditions of employment.** Participants in the State Internship Program who receive internship appointments shall:

- (1) be granted leave benefits commensurate with regular state employees, if they qualify for leave benefits;
- (2) be enrolled in the state health insurance and retirement benefits programs, if expected to work one thousand (1,000) or more hours per year; and
- (3) continue to make progress toward his or her degree until completion of all undergraduate and graduate degree requirements.

(c) **Internal Appointing Authority unpaid internship programs.** Nothing in this Rule shall limit an Appointing Authority from developing and offering internal unpaid internship programs.

#### **260:130-21-72. Application form and procedure**

(a) **Application form.** The State Internship Program application is available from Human Capital Management. Applicants may apply at any time.

(b) **Communication with the Human Capital Management Division.** Interested persons may direct communications to HCM with attention to the State Internship Program.

(c) **Application procedure.** Applicants for the internship program shall provide the following information to the Human Capital Management Division for review and determination of eligibility: A completed on-line application form as prescribed

by Human Capital Management; Transcript(s) of coursework from accredited higher education institutions; Verification of current enrollment.

(d) **Notification.** Human Capital Management shall notify applicants if the documents they submit are sufficient for eligibility. A notice of eligibility does not mean the applicant will be employed as an intern.

(e) **Length of eligibility.** Applicant information on file at the Human Capital Management Division shall remain active if eligible applicants submit verification of current enrollment and an updated transcript each semester. If applicants fail to provide updated information within 90 days after the end of the previous semester, they will no longer be eligible for employment as an intern and their names will be removed from the list of eligible applicants made available to state agencies.

(f) **Appointment.** Human Capital Management shall provide a list of all eligible applicants for the State Internship Program to state agencies periodically and at an agency's request. An agency may request an eligible applicant list and copies of individual eligible intern files at any time.

(g) **State employees.** State employees may apply to participate in the State Internship Program. Employees who receive internship appointments may request leave without pay from their permanent or regular employment in accordance with the leave of absence without pay rules. Trial employees and employees with less than 12 months continuous service shall resign before entry-on-duty as an intern.

(h) **State employees; continuation of benefits.** State employees leaving positions in state government in order to take an internship shall continue to receive all fringe benefits they would have received in their previous positions.

**260:130-21-73. General conditions of employment**

(a) **No expectation of continued employment.** An intern has no right or expectation of continued employment in any position with the state because of participation in the State Internship Program.

(b) **Compensation plan for interns.** The employing agency shall establish compensation plans that include rates of pay for State Internship Program positions which are consistent with positions having like duties and responsibilities within the agency. Human Capital Management may establish job descriptions for interns in accordance with these Rules. State interns who are not exempt from the provisions of the Fair Labor Standards Act (29U.S.C. 201 et seq.) are subject to its overtime provisions. Salary adjustments may be made in accordance with these Rules.

(c) **Report of work performance to educational institution.** The Appointing Authority or designee of the employing agency shall provide the internship faculty member with information necessary to evaluate the intern's work experience for academic purposes at the faculty member's request.

**260:130-21-74. Termination of internship**

The agency, the intern, or the Administrator may terminate the internship agreement at any time without notice. The agency may separate the intern with or without cause.

**PART 9. MANDATORY SUPERVISORY TRAINING**

**260:130-21-90. Purpose**

The rules establish policies and procedures necessary to implement supervisory training requirements.

**260:130-21-91. Definitions**

The following words and terms, when used in this Part shall have the following meaning, unless the context clearly indicates otherwise:

**"One hour of training"** means one (1) hour of learner interaction with the content of the learning activity, which includes classroom, self-paced instruction, assignments, or assessments that support the stated learning outcome. The Administrator shall develop a standard for assessing and assigning hours to learning content.

**"Online learning format"** means any live or self-paced learning content delivered remotely using online technology.

**"Supervisory training"** means courses or training related to the effective performance of an agency manager or supervisor.

**"Twelve hours of training"** means twelve (12) hours of learner interaction. Twelve (12) hours of training are also equivalent to 1.2 continuing education units (CEUs).

**"Twenty-four hours of training"** means twenty-four (24) hours of learner interaction. Twenty-four (24) hours of training are also equivalent to 2.4 continuing education units (CEUs).

**260:130-21-92. Supervisory training requirements**

All supervisors shall complete twelve (12) hours of supervisory training according to this Part each year. Persons appointed to supervisory positions shall complete twenty-four (24) hours of supervisory training according to this Part within twelve (12) months before or after assuming a supervisory position. Supervisors shall complete training courses in the State of Oklahoma Performance Management Process and progressive discipline within the first twelve (12) months of being appointed to a supervisory position. The appointing authority of each agency shall make sure each supervisory employee is notified and scheduled to attend required supervisory training and shall make time available for each supervisory employee to complete the training. Training courses conducted by employing agencies, public and private schools, and colleges and universities may count toward supervisory training requirements if the coursework meets the definition for supervisory training in 260:130-21-91.

**260:130-21-93. Supervisory training reporting requirements**

Employing agencies shall keep records of the training of all supervisory employees and shall submit reports of supervisory training to the Human Capital Management Division at the request of the Administrator of the Human Capital Management Division. Agencies shall record employee training in

# Permanent Final Adoptions

---

the system of record for evaluating statewide learning and reporting purposes.

## **260:130-21-94. Reporting of training compliance**

Each spring, the Administrator will notify agencies of the method for reporting their level of compliance with these requirements for the previous calendar year. The Administrator shall provide a summary of the reports to the Governor, the Speaker of the House of Representatives, and the President Pro Tempore of the Senate.

## **PART 11. CERTIFIED PUBLIC MANAGER PROGRAM**

### **260:130-21-110. Purpose**

The rules in this Part establish policies and procedures to implement the Certified Public Manager Program®. The Program is administered by the Office of Management and Enterprise Services. It is the purpose of the Certified Public Manager Program® to develop the management skills of public sector employees and to assist state agencies and other public sector organizations in the identification and development of future leaders.

### **260:130-21-111. Definitions**

In addition to words and terms defined in OAC 260:130-1-2, the following words and terms when used in this Part shall have the following meaning, unless the context clearly indicates otherwise.

"Organizations" means municipalities, counties, Indian Nations, and the federal government.

"Program" means the Certified Public Manager Program®.

"Training section" means a group of participants who complete the program in the same period of time.

### **260:130-21-112. Program description**

(a) **Eligibility.** Employees of state agencies in all branches of state government who are nominated by the Appointing Authority or designee may participate in the Program. Additionally, employees of organizations who are nominated by the chief administrative officer or designee may participate in the Program.

(b) **Nomination procedure.** The nomination process and/or criteria will be determined by each agency. The Certified Public Manager Program® nomination form and information booklet are available from the Human Capital Management Division. The nomination form solicits information about the nominee and the nominating agency or organization and shall be signed by the nominee, the nominee's supervisor, and the agency's Appointing Authority or designee or the organization's chief administrative officer or designee. The information booklet provides information about the nomination process, a description of the Program, courses required to complete the Program, and the role of Higher Education in the Program. The

agency or organization may nominate an employee for participation in the Program during designated enrollment periods by forwarding a completed nomination form to the Certified Public Manager Program® at the Human Capital Management Division prior to the end of the enrollment period.

(c) **Enrollment in the Program.** The Administrator shall enroll an employee in the Certified Public Manager Program® who has been nominated by his or her agency or organization in the first available training section.

(d) **Communication with the Human Capital Management Division.** Interested persons may direct communications to the attention of the Oklahoma Certified Public Manager Program®.

(e) **Experience credit.** Graduation from the Program as a "Certified Public Manager®" shall substitute for one (1) year of professional experience in business or public administration on any job class requiring such experience as part of the minimum qualifications.

### **260:130-21-113. Program requirements for candidates**

(a) **Graduation requirements.** To graduate from the Program as a "Certified Public Manager®", a candidate shall complete all of the following graduation requirements offered during the eighteen (18) month training section:

(1) Attend all scheduled courses, project sessions, and learning events prescribed by the Human Capital Management Division and specified in the information packet.

(2) The remaining hours shall be in program pre-work requirements and other assignments.

(3) Attend at least 75 percent of the scheduled class dates. Make-up work will be provided for all in-person classes. Even if all makeup work is completed, but the candidate has failed to attend at least seventy-five (75) percent of the required scheduled sessions, they are eligible to be removed from the training section.

(4) Pay the Program fees described in 260:130-21-115 in full before graduation.

(b) **Removal of a candidate from the Program.** The nominating agency or organization and the Administrator shall have the right to remove a candidate from the Program. Any candidate who fails to complete a training section will be given the greater of two (2) additional training section cycles or three years to re-enroll in another training section without being charged. Hours earned for sessions attended or work completed in a previous training section are not transferable to another training section.

### **260:130-21-114. Program requirements for nominating agency or organization**

The nominating agency or organization shall:

(1) Provide time for the candidate, during his or her work day, to attend training courses, including the Capstone, prepare class assignments, study for examinations, and work on Program projects.

(2) Allow candidates to use agency or organization issues for classroom, project, and portfolio assignments;

Provide financial support to agency candidates, as required by the Program.

(3) Review and approve employee absences for scheduled cohort dates prior to sending the nomination to HCM.

(4) Allow managers to participate in the employee's involvement in the program for activities such as attending project presentations, answering survey questions or providing employee assessments.

**260:130-21-115. Program fees**

The fee for participation shall be established by the Administrator. Should the fee structure change during the course of an employee's participation in the program, fees shall remain consistent with the fee assessed at the time of enrollment.

**PART 13. HUMAN RESOURCES PROFESSIONALS TRAINING REQUIREMENTS**

**260:130-21-130. Purpose**

The rules in this Part prescribe the continuing training and certification of personnel professionals in the executive branch of state government, excluding institutions within The Oklahoma State System of Higher Education. These rules establish policies and procedures necessary to implement human resources professionals training requirements.

**260:130-21-131. Definitions**

The following words and terms, when used in this Part shall have the following meaning, unless the context clearly indicates otherwise:

**"Annual training requirements"** means a curricula approved by the Administrator for certified human resources professionals to maintain certification.

**"Certification"** means the successful completion of the course curricula or service as an instructor for the course curricula, and the successful completion of the examination established by the Administrator for testing competency in professional human resources practices.

**"Certified Human Resources Professionals"** means employees who have achieved and maintained certification.

**"Human resources professional"** means an employee in state service, who on a regular and consistent basis as an integral part of his or her normal work assignment and job family descriptor, performs professional duties developing or implementing human resources administration policies, practices and procedures. The Administrator may waive the training requirements for personnel professionals whose primary assigned duties are in the areas of benefits, payroll, training, affirmative action/equal employment opportunity, retirement, safety, workers compensation, or employee assistance programs, according to 260:130-23-136.

**260:130-21-132. Human resources professionals training requirements**

All employees assigned to professional human resources positions in the executive branch, excluding employees within The Oklahoma State System of Higher Education, shall attend training in professional human resources administration conducted and determined by the Human Capital Management Division, and successfully complete an examination prescribed by the Administrator in order to attain certification as a human resources professional. In lieu of training conducted by the Human Capital Management Division, a professional certification in the Human Resources field that is nationally recognized may qualify. Employees appointed to human resources professional positions shall attend the training and successfully complete the examination within one (1) year of appointment. Employees who have been certified as human resources professionals by the Administrator shall thereafter annually complete training conducted and determined by the Human Capital Management Division in professional human resources administration to maintain certification. The Administrator may approve training that is not conducted by the Human Capital Management Division as meeting the annual training requirements. The Appointing Authority of each agency with an employee assigned to a professional human resources position shall ensure the employee is notified and scheduled to attend required human resources professionals training and shall make time available for the employee to complete the training.

**260:130-21-133. Course approval of annual training requirements**

To request approval of training not conducted by the Human Capital Management Division as meeting the annual training requirements, the Appointing Authority shall submit the following course information to the Administrator for review: Course title and a brief description; Classroom hours or Continuing Education Units (CEUs); and Course outline. The Administrator shall maintain lists of courses approved as meeting the annual training requirements and may withdraw his or her approval of courses by notifying employing agencies. Certified Human Resources Professionals who complete approved training courses shall submit proof of completion that is acceptable to the Administrator.

**260:130-21-134. Application for waiver of training requirements**

The Administrator may waive the human resources professional training requirements for employees: Whose primary assigned duties are in the areas of benefits, payroll, training, affirmative action/equal employment opportunity, retirement, safety, workers compensation, or employee assistance programs; and, whose primary assigned duties do not include classification, compensation, recruitment, or selection. Employees who are eligible for a waiver according to Subsection (a) of this Section, may apply by submitting a written request

## **Permanent Final Adoptions**

---

signed by the Appointing Authority, along with a position description, job family descriptor, or a description of the employee's primary assigned duties, to the Human Capital Management Division. The Administrator shall be responsible for granting or denying waivers under this Section. The decision of the Administrator to grant or deny such a waiver shall be final.

### **260:130-21-135. Human resources professionals training fees**

The fee for participation shall be established by the Administrator.

## **PART 17. STATE WORK INCENTIVE PROGRAM**

### **260:130-21-170. Purpose**

(a) The rules in this Part establish policies and procedures to implement the State Work Incentive Program.

(b) The State Work Incentive Program is aimed at employing participants in the Temporary Assistance to Needy Families Program in Oklahoma and vocational rehabilitation clients of the Department of Rehabilitation Services in entry-level positions within state service. [74:840-5.16]

### **260:130-21-171. Eligibility and length of appointment**

To be eligible for hire under the State Work Incentive Program, a person must be certified as a participant in the Temporary Assistance to Needy Families Program by a State Work Incentive Referral Form issued by the State of Oklahoma Department of Human Services, or be certified as an eligible individual by a State Work Incentive Program Certificate issued by the Department of Rehabilitation Services. A copy of the required certification will be provided to the Human Capital Management Division at the time of appointment. Agencies may employ eligible persons in the State Work Incentive Program for up to 2 years in full-time or part-time status.

### **260:130-21-172. Conditions of employment**

(a) **No right of continued employment.** Employees hired under the State Work Incentive Program shall have no right or expectation of continued employment in any position because of participation in the State Work Incentive Program.

(b) **Eligibility for leave and benefits.** Employees hired under the State Work Incentive Program are eligible for leave and other benefits of state employment available to regular employees. Employees hired under the State Work Incentive Program must meet any other eligibility requirements established for such benefits

(c) **Leave without pay.** Employees hired under the State Work Incentive Program may be granted leave of absence without pay from the agency. Leave without pay in excess of a total of 5 working days shall extend the employee's two (2) years of eligibility under the State Work Incentive Program by the number of working days the employee is on leave without pay.

(d) **Eligibility for promotion.** Employees hired under the State Work Incentive Program may be reassigned or promoted while they are participating in the program

(e) **Performance evaluation.** Appointing Authorities shall evaluate the performance of employees hired through the State Work Incentive Program.

### **260:130-21-173. Conversion**

Persons employed under the State Work Incentive Program shall be eligible for conversion to regular state employment status bypassing the trial period at the discretion of the Appointing Authority if the employee has:

(1) completed two (2) years of continuous participation in the State Work Incentive Program, not including periods of leave without pay,

(2) performed satisfactorily as evidenced by performance evaluations conducted, and

(3) met the minimum requirements for the position.

## **SUBCHAPTER 23. OFFICE OF VETERANS PLACEMENT**

### **260:130-23-1. Office of Veterans Placement**

The Office of Veterans Placement is created within Human Capital Management of the Office of Management and Enterprise Services. Services of the Office of Veterans Placement shall include employment counseling, assistance in identifying transferable military skills, qualifications and career assessment, assistance in drafting competitive resumes, instruction in developing comprehensive job search strategies and job placement assistance. Veterans who utilize the Office of Veterans Placement shall be guaranteed a reasonable offer of an interview for qualifying state service positions. Questions regarding reasonable interview offers will be reviewed by the Office of Veterans Placement. Such veterans will only be granted an interview for those jobs that the Office of Veterans Placement have determined to be an appropriate match for each veteran. The veteran will be required to present a letter from Oklahoma's Office of Veterans Placement to the hiring agency evidencing this requirement. This section shall not apply to special disabled veterans who are considered for employment under the provisions of Sections 401 through 404 of Title 72 of the Oklahoma Statutes. Provided, said veterans may elect instead to be considered for employment according to the procedures set out in this section.

## **SUBCHAPTER 25. WORKFORCE PLANNING**

### **260:130-25-1. Workforce Planning**

Human Capital Management of the Office of Management and Enterprise Services provides workforce planning to assist state agencies in analyzing the workforce, determining future workforce needs, and implementing solutions that may include but not be limited to workforce plans, succession strategies,

and other employee-related interventions and programs so that agencies may accomplish their missions.

**SUBCHAPTER 27. DISCIPLINARY ACTIONS**

**260:130-27-1. General**

Each appointing authority is responsible for developing and maintaining a safe and productive work environment. Each appointing authority and each supervisor is responsible for promptly applying discipline when necessary that is equitable and suitable for the offense considering the circumstances.

**260:130-27-2. Purpose**

The rules in this subchapter provide the framework for developing standards and guidelines for applying prompt, equitable and suitable discipline.

**260:130-27-3. Progressive discipline**

Progressive discipline is a system designed to ensure not only the consistency, impartiality and predictability of discipline, but also the flexibility to vary penalties if justified by aggravating or mitigating conditions. Each employee has a duty and responsibility to comply with the agency's progressive discipline policy.

**260:130-27-4. Records**

(a) The Appointing Authority shall maintain documentation of discipline in the employee's agency disciplinary file as defined within these Rules consistent with the General Records Schedule of the Oklahoma Department of Libraries, Office of Archives and Records.

(b) An employee shall be given a copy of any disciplinary action document when it is placed in his or her agency disciplinary file.

(c) Section 24A.1 et seq. of Title 51 of the Oklahoma Statutes, Oklahoma Open Records Act, shall govern access to disciplinary documents.

(1) An employee shall have a right to review disciplinary documents in his or her agency personnel record.

(2) The Civil Service Division, because of statutory responsibility, shall have a right of access to disciplinary documents.

(d) The Appointing Authority may specify procedures in the agency's progressive discipline plan for the review and removal of disciplinary documents from the employee's agency disciplinary record. Any such procedures shall be applied consistently and uniformly.

**260:130-27-5. Progressive Discipline standards**

The Civil Service Division shall establish and maintain standards of progressive discipline that shall be followed by all Appointing Authorities unless the Appointing Authority has received an exemption from the Civil Service Division from

the standards. In order to request an exemption from the standards, the Appointing Authority must provide the Civil Service Division with a progressive discipline plan the Appointing Authority will follow in lieu of the standards. The Civil Service Division will review the exemption request and notify the requesting Appointing Authority in writing whether the request has been approved or denied. The standards can be found on the website maintained by the Civil Service Division. The progressive discipline standards shall not be required for employee separations that occur as a result of voluntary buy outs or reductions-in-force as set forth in the applicable Oklahoma statutes.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2022:

## 265:1-1-1. Purpose and scope

The ~~State Fire Marshal~~ State Fire Marshal's Office agency is charged with the responsibility of enforcing the codes and standards relative to fire safety adopted by the State Fire Marshal Commission and as designated by state statutes. The ~~State Fire Marshal~~ State Fire Marshal's Office or his agents investigate ~~investigates~~ investigates fires, acts of arson, or attempted arson, or conspiracy to defraud, and ~~keep~~ keeps records of such investigations. The ~~agents of the State Fire Marshal~~ State Fire Marshal's Office carry out an extensive ~~conducts~~ conducts fire prevention inspection ~~in-~~ inspections program in nursing homes, assisted living centers, schools, child care centers, hospitals, and other public-use buildings. The ~~agency~~ State Fire Marshal's Office issues orders for condemnation or repair of dangerous or dilapidated buildings that constitute a hazard to life or other property. The ~~State Fire Marshal~~ State Fire Marshal's Office examines plans and specifications of certain types of new construction or remodeling, ~~ensuring that to see that they meet~~ ensuring that to see that they meet minimum fire and life safety requirements are met. ~~This agency~~ The State Fire Marshal's Office is authorized to assist any city, town or county in the enforcement of the building codes and standards herein adopted. ~~The complete records~~ Records of all activities of the ~~State Fire Marshal~~ State Fire Marshal's Office agency are on file in ~~the fire marshal's office~~ in Oklahoma City. As an agency of the state of Oklahoma, it is necessary that ~~These guidelines~~ These guidelines are established to ensure proper efficiency, discipline and uniform procedures with the duties and responsibilities of the ~~State Fire Marshal's Office~~ State Fire Marshal's Office in the various facets of our responsibilities to the citizens of the ~~state~~ State of Oklahoma and our fellow employees.

## 265:1-1-2. State Fire Marhsall commission, membership, tenure [REVOKED]

~~There is hereby re created the State Fire Marshal Commission, which shall consist of seven (7) members appointed by the Governor. The Governor shall appoint initially one member who shall serve for a term of five (5) years; one member from a statewide association of career and volunteer firefighters who shall serve for a term of four (4) years; one member from a statewide association of municipalities who shall serve for a term of three (3) years; one member from a statewide association of Fire Chiefs, both career and volunteer, who shall serve for a term of two (2) years; one member, who shall be a Fire Investigator who shall serve for a term of one (1) year; one member representing a statewide association of electrical workers who shall serve a term of one (1) year; and one member representing a statewide organization of exclusively professional firefighters who shall serve for a term of two (2) years. The members of the Commission shall thereafter be appointed for a term of five (5) years and the appointments shall~~

~~be subject to Senate confirmation, provided the associations named shall be represented by at least one member. [74 O.S., Section 324.1]~~

## 265:1-1-3. Commission chairman, meetings [REVOKED]

~~The Commission shall select a chairman and is hereby authorized to adopt rules for conducting its proceedings. Any four members shall constitute a quorum. The commission shall meet monthly on such date as it may designate and may meet at such other times as it may deem necessary, or when called by the chairman or by any four members. Complete minutes of each meeting shall be kept and filed in the office of the State Fire Marshal and shall be available for public inspection during reasonable office hours. The Commission shall report annually to the Governor and to the Speaker of the House of Representatives and the President Pro Tempore of the Senate of the affairs of the Commission and the office of the State Fire Marshal. [74 O.S., Section 324.2]~~

## 265:1-1-4. Commission compensation

Each member of the ~~commission~~ State Fire Marshal Commission, while engaged in the performance of his or her duties, shall receive mileage and per diem as provided by Chapter 17, Title 74, O.S., Laws 1965, c. 257, Section 3. Amended Laws 1972, c.123, Section 1, emergency effective February 21, 1972. Revoked by Section 81, House Bill #1164, State Travel Reimbursement Act.

## 265:1-1-5. Fire marshal

~~The State Fire Marshal Commission shall appoint a full-time State Fire Marshal. The State Fire Marshal shall administer and enforce the provisions of law pertaining to the Office of the State Fire Marshal to include, but not be limited to, fire and arson investigations, code enforcement, and public education under the supervision of the State Fire Marshal Commission and in accordance with Commission policies. (Other than the provisions outlined by statute, the commission may also require additional qualifications of the Fire Marshal.) [74 O.S., Section 324.4]~~ The State Fire Marshal Commission may require additional qualifications of the State Fire Marshal that exceed those outlined by statute.

## 265:1-1-6. Assistant State Fire Marshal

~~The Commission shall appoint a full time Assistant State Fire Marshal upon recommendations from the State Fire Marshal. (Other than the provisions outlined by statute, the Commission may also require additional qualifications of the Assistant State Fire Marshal. [74 O.S., Section 324.4])~~ The State Fire Marshal Commission may require additional qualifications of the Assistant State Fire Marshal that exceed those outlined by statute.

**265:1-1-9. Administrative procedures**

The State Fire Marshal Commission and the State Fire Marshal shall be subject to the provisions of Title 75 on Administrative Rule Making and shall conduct all hearings and administrative procedures in conformity therewith, and judicial review of any order issued or action taken by the State Fire Marshal Commission or the State Fire Marshal shall be as provided for therein.

**265:1-1-10. Legal advisor [REVOKED]**

*The Attorney General shall be the legal advisor for the Office of the State Fire Marshal and the Fire Marshal Commission and shall appear for and represent the State Fire Marshal, the Fire Marshal Commission, and any of his deputies or agents in any and all litigation that may arise in the discharge of their respective duties. [74 O.S., Section 324.14]*

**265:1-1-11. Fees [REVOKED]**

~~(a) In accordance with the Oklahoma Open Records Act [Oklahoma Statutes Title 51 Section 24A.1 24A.20] and Oklahoma Statute Title 74 Section 324 the Oklahoma State Fire Marshal Agency shall charge the following fees for reproduction of records:~~

- ~~(1) Copying fee—\$.25 per page~~
- ~~(2) Certified copying fee—\$1.00 per page~~

~~(b) In accordance with the Oklahoma Open Records Act [Oklahoma Statutes Title 51 Section 24A.1 24A.20] and Oklahoma Statutes Title 74 Section 324.21 the Oklahoma State Fire Marshal Agency shall charge the following fees for reproduction of records when the request is solely for commercial purpose, or clearly would cause excessive disruption of the State Fire Marshal Agency essential functions. The State Fire Marshal Agency may charge a reasonable fee to recover the direct cost of document search [Oklahoma Statutes Title 51 Section 24A.5(3)]. Payment with cash, check or money order shall be for exact amount. Office hours are 8:00 a.m. through 4:30 p.m. Monday through Friday. Upon the submission of the request accompanied by the appropriate fee, the Agency will forward within ten (10) working days, via First Class Mail, the requested information.~~

- ~~(1) Non-Certified "Origin and Cause" Fire Investigations Report—\$1.00 per page.~~
- ~~(2) Certified "Origin and Cause" Fire Investigations Report—\$2.00 per page.~~
- ~~(3) Evidence photographs—\$20.00 per roll.~~
- ~~(4) Video tape reproduction—\$25.00 per tape.~~
- ~~(5) Roster of all fire departments—hard copy \$20.00 per copy.~~
- ~~(6) Roster of all fire departments—disk copy \$20.00 per disk.~~
- ~~(7) Roster of all fire departments for SARA reporting, disk only \$20.00 per disk.~~
- ~~(8) Computer search or excessive disruption of office functions (3 hour minimum) per employee—\$25.00 per hour (\$75.00).~~

~~(e) In accordance with Oklahoma Statutes Title 28 Section 91 the Oklahoma State Fire Marshal Agency shall charge the following fees for expert witness fees:~~

- ~~(1) Expert Witness Fee—\$150.00 per 4 hours (1/2 day minimum)~~
- ~~(2) Deposition Fee—\$150.00 per 4 hours (1/2 day minimum)~~
- ~~(3) Court Testimony Fee—\$150.00 per 4 hours (1/2 day minimum)~~

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2022:**

# Permanent Final Adoptions

## SUBCHAPTER 1. GENERAL PROVISIONS

### 265:3-1-1. Purpose

The rules and regulations of this chapter ~~are intended as aids to provide guidance with the efficient operation, administration, and enforcement by of the Office of the State Fire Marshal, the orderly administration of the act, and to provide meaningful avenues for realizing and enforcing the statutory rights and obligations of individuals who fall within the jurisdiction of the State Fire Marshal and the office of the State Fire Marshal.~~

### 265:3-1-4. "Act" defined

"Act", as ~~that term is used in this chapter,~~ shall refer to the provisions set forth in Title 74 O.S. Sections 311-326.11.

## SUBCHAPTER 3. PROCEDURES

### 265:3-3-1. Filing of documents

- (a) All complaints, pleadings, submissions, petitions, reports, exceptions, briefs, memoranda, discovery requests, and other papers required to be filed with the Office of the State Fire Marshal shall be filed at the Office of the State Fire Marshal.
- (b) Such papers may be sent by mail or hand ~~carried~~ delivered to the Office of the State Fire Marshal within the time limit, if any, for such filing.
- (c) The date on which the papers are actually received by the Office of the State Fire Marshal shall be deemed to be the date of filing.
- (d) All papers must be signed in ink by the party, by duly authorized officer of the party, or by its attorney. The signature of the person signing the document constitutes a certification that such person has read the document; that to the best of such person's knowledge, information, and belief, every statement contained in the instrument is true and correct and no such statements are misleading; and that the document is not interposed for delay. If any document submitted is not signed or is signed with intent to defeat the purpose of this section, it may be stricken as sham and false and the proceeding may continue as though the document had not been served or filed.
- (e) Unless otherwise specifically provided by a particular rule, regulation, or order of the State Fire Marshal, the original and five copies of the papers, with certification of service on all parties, shall be filed.
- (f) The documents indicating any proceeding shall state on the first page thereof the name, mailing address, and telephone number of the person or persons who may be served with any documents filed thereafter in the proceeding.
- (g) The document filed shall be stamped with the date of filing and recorded in a file record book.

### 265:3-3-9. Transcripts

An official transcript of the proceedings before the Fire Marshal shall be electronically recorded. The ~~state~~ State Fire Marshal shall designate the person by whom the

recorded proceedings shall be made. A party shall be entitled to a certified copy of the recorded oral proceedings and/or transcript of the recorded oral proceedings upon request, but shall be obligated to pay for the cost incurred in obtaining either. Request for transcripts ~~should~~ shall be made through the office of the State Fire Marshal either on the record or in writing. If either party to the proceeding requests a court reporter, the requesting party shall be obligated to pay for the costs incurred. That portion of the hearing constituting adjudicative or quasi adjudicative deliberations of the State Fire Marshal shall not be reported.

SUBCHAPTER 3. RATIONALIZATION

265:10-3-1. Institutional

- (a) Definitions. (1) "Hospital" means a building or part thereof used for the medical, psychiatric, obstetrical or surgical care on a 24-hour basis of three or more inpatients. Hospital wherever used in these rules and regulations shall include General Hospitals, Mental Hospitals, Tuberculosis Hospitals, Children's Hospitals, Specialized Hospitals and any such facilities providing inpatient care. (2) "Nursing home" means a building or part thereof used for the lodging, boarding and nursing care on a 24-hour basis of three or more persons who because of mental or physical incapacity may be unable to provide for their own needs and safety without the assistance of another person. Nursing Home wherever used in these rules and regulations shall include nursing homes, convalescent homes, skilled nursing facilities and infirmaries in homes for the aged. (3) "Rest home" means a facility that contains a group housing arrangement for three or more persons that provides at least two meals per day and such social and personal care services needed by the residents because of age or physical incapacity may be unable to provide for their own needs, but that do not provide intermediate or skilled nursing care. (b) All hospitals, nursing homes, rest homes and convalescent homes, as defined in (a) of this section shall install smoke detectors as follows: (1) New facilities: smoke detectors/detection systems must shall be installed as per the requirements set out in the building codes as most recently adopted by the Oklahoma Uniform Building Code Commission. (2) Existing facilities: approved single station or multiple station detectors must be installed in all sleeping rooms, except in facilities which have an approved corridor smoke detection system and are protected by an approved automatic sprinkler system.

SUBCHAPTER 5. COMPLIANCE

265:10-5-1. Period allowed for compliance

- (a) All new construction shall conform to the applicable requirements of this Chapter on certification by the authority having jurisdiction, as described in (b) and (c) of this Section, upon completion of the construction. (b) All Hospitals, Nursing Homes, Rest Homes, Convalescent Homes, Hotels, Motels, Dormitories, Apartment Houses, including Apartments for the Elderly, and Rooming Houses of less than 10 units, which can not conform with the requirements of this Chapter on the effective Date of November 1, 1986, shall be in compliance with this Subchapter. (c) All Hospitals, Nursing Homes, Rest Homes, Convalescent Homes, Hotels, Motels, Dormitories, Apartment Houses,

Including Apartments for the Elderly, and Rooming Houses of 10 units or more, which can not conform with the requirements of this Chapter on the effective date of November 1, 1986, shall be in compliance with this Subchapter.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308E, WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2022:

# Permanent Final Adoptions

---

## 265:20-1-1. Purpose [REVOKED]

The rules of this Chapter shall have the effect of law and any person, firm, company or corporation engaging in the manufacture, sale, transportation, storage, or use of explosive material or blasting agents in the State of Oklahoma shall comply with the laws, rules and regulations established by the State Legislature and the State Fire Marshal Commission.

## 265:20-1-2. Reporting theft or loss of explosive materials, including blasting caps [REVOKED]

(a) Any manufacturer, dealer, transporter, or user who has legally acquired a stock of explosive material shall report in writing any theft, loss or mysterious disappearance of explosive material and/or blasting caps from his stock within 24 hours of discovery or loss to the State Fire Marshal in Oklahoma City.

(b) Transporters of explosive materials shall file with the State Fire Marshal a duplicate copy of the D.O.T. incident report, Form F 5800, when a reportable incident (as defined by D.O.T.) occurs.

## 265:20-1-3. Discontinuance of business or operation [REVOKED]

Where an explosive materials business or operation is either discontinued or succeeded by a new owner, the owner of the business or operation discontinued or succeeded shall within 30 days thereof notify the State Fire Marshal in writing of the discontinuance of the business or operation.

## 265:20-1-4. Inspection of site of accidents, explosions, or fires, right of entry [REVOKED]

The State Fire Marshal or his agents may inspect the site of any accident, explosion, or fire in which there is reason to believe that explosive materials were involved. The State Fire Marshal or his agents may enter into or upon any property where explosive materials have been used, are suspected of having been used, or have been found in otherwise unauthorized locations.

## 265:20-1-5. Compliance with law [REVOKED]

(a) **Engaging in business without a valid and proper permit.** Any person engaging in the business of importing, manufacturing, dealing, or transporting explosive materials without a valid and proper permit shall be subject to a fine of not more than \$5,000, or by imprisonment for not more than five (5) years, or by both such fine and imprisonment.

(b) **False entry in records.** Any person required by this act to keep records who knowingly makes any false entry into required records shall be subject to a fine of not more than \$5,000, or by imprisonment for not more than five (5) years, or by both such fine and imprisonment.

(c) **Unlawful storage.** Any person who stores any explosive material regulated by this act in a manner not in conformity with the provisions of the State Law shall be subject to a fine

of not more than \$5,000, or by imprisonment of not more than five (5) years, or by both such fine and imprisonment.

(d) **Seizure of explosives.** Any explosive material involved or used or intended to be used in any violations of the provisions of this act or any violation of any criminal law of the State of Oklahoma shall be subject to seizure by the State Fire Marshal or his agents. Explosive materials seized in the enforcement of this act shall not be destroyed without written order from the district court in the county in which explosive materials were seized.

(e) **False statement or representation.** Any person who knowingly withholds information or makes any false or fictitious oral or written statement or furnishes or exhibits any false, fictitious or misrepresented identification intended or likely to deceive, for the purpose of obtaining explosive materials or a State permit, shall be subject to a fine of not more than \$5,000, or by imprisonment for not more than five (5) years, or by both such fine and imprisonment.

(f) **Failure to report a theft or loss.** Any person who has knowledge of the theft or loss of any explosive materials from his stock and fails to report such theft or loss to the State Fire Marshal within (24) hours of discovery thereof, or as soon as practicable, shall be subject to a fine of not more than \$5,000, or by imprisonment for not more than five (5) years, or by both such fine and imprisonment.

(g) **Unlawful use.** If any unlawful act or violation of this law is committed with the knowledge that any explosive or blasting agent involved was to be used to kill, injure, or intimidate any person or unlawfully to damage any real or personal property, the person or persons committing such violations shall, upon conviction, be guilty of a felony, and subject to a fine and/or imprisonment prescribed in State Law.

(h) **Right of entry and inspection.** The State Fire Marshal or his agents may enter during normal business hours the premises, including places of storage, of any persons, company, or corporation regulated by this act, for the purpose of examining records required under this law and inspecting storage facilities for compliance with regulations prescribed in this Chapter.

## 265:20-1-6. Correct records [REVOKED]

(a) The user of explosive material or blasting agents shall maintain a written record of his stock of explosives including blasting caps, and fuses. He shall keep his records up to date. The records shall contain: date of all purchases of explosive materials, name and address of dealer purchased from, type and quantity purchased, quantity in storage, dates and quantity used. He shall keep the records available and upon request of the inspecting authority, he shall produce the records for examination by the State Fire Marshal or his agents. All records shall be kept a minimum of five (5) years.

(b) To avoid duplicating of records, the State of Oklahoma will accept copies of the records required by Federal regulations of manufacturers, and dealers required to have a Federal license as meeting the State records requirements.

(c) The State will also accept copies of completed (D.O.T) incident report Form F 5800 for incidents involving transporters of explosives.

**265:20-1-7. Transporting for hire [REVOKED]**

- (a) In addition to all other applicable requirements set forth in this Chapter and in other applicable State laws and local ordinances, the transportation of explosive materials over public streets, roads and highways, rails, and waterways shall be in strict compliance with the U.S. Department of Transportation regulations.
- (b) Explosive material shall not be carried or transported in or upon a public conveyance or vehicle carrying passengers for hire, except in accordance with U.S. Department of Transportation regulations.
- (c) Explosive materials shall not be transferred from one vehicle to another on any public street, road or highway except in case of emergency. In the event of a collision, the State Highway Patrol, and if accident occurs within a city or town the local police authority, shall be promptly notified to help safeguard such emergencies.
- (d) Whenever a vehicle transporting explosives or other dangerous articles is stopped or disabled on the highway or adjacent shoulder special care shall be taken to protect and guard the vehicle and its load and to guard against the hazards of its cargo. Whenever possible, the vehicle shall be moved to a location where such protection can be afforded. Emergency warning devices as prescribed by the Department of Transportation shall be used. Vehicle must not be left unattended.
- (e) Blasting caps shall not be transported in the same vehicle with other explosives except in accordance with U.S. Department of Transportation regulations.
- (f) Motor vehicles when used for transporting any quantity of explosive materials shall be marked on the front, both sides, and the rear with placards or lettering as specified in U.S. Department of Transportation regulations.
- (g) Motor vehicles transporting explosive material must be equipped with the same Size and Type Fire Extinguisher required by the U.S. Department of Transportation. Said extinguisher shall be maintained in good operating condition at all times.
- (h) Every motor vehicle which contains Class A or Class B Explosives must be in strict compliance at all times with the U.S. Department of Transportation Regulations pertaining to attendance and surveillance of motor vehicles.

**265:20-1-8. Proper storage [REVOKED]**

- (a) **Alternate storage facilities.** No person shall store any explosive material not in conformity with the provisions of this Chapter. The Fire Marshal may authorize alternate storage facilities for the storage of explosive material when he is shown that such alternate facilities are or will be constructed in a manner substantially equivalent to the standards of construction contained in this Section.
- (b) **Exception to storage requirement.** All persons must keep explosive material, (including caps) in a magazine unless such materials are in the process of being manufactured, handled, transported or used.
- (c) **Record keeping.** A daily summary of explosive materials moving in and out of the magazine must be maintained and recorded.

- (d) **Inspection of storage facilities.** Any person storing explosive material shall open and inspect his storage facilities at intervals not greater than 3 days to determine whether the explosives therein are intact and to determine whether there has been unauthorized entry or attempted entry into storage facilities or the unauthorized removal of facilities or their contents.
- (e) **Location of storage facilities.**
  - (1) Except as otherwise provided in this Chapter, storage facilities in which any explosive materials are stored shall be located at minimum distances from inhabited buildings, passenger railways, public highways, and from other storage facilities in which explosive materials are stored as specified in the American Table of Distances (see Appendix A of this Chapter), PROVIDED, that this table shall not apply to any indoor storage facility. When a storage facility is not barricaded, the distances shown in the American Table of Distances shall be doubled. For purposes of this paragraph, a storage facility shall be deemed barricaded when it is effectually screened from inhabited buildings, passenger railways, public highways, and other storage facilities in which explosive materials are stored either by a natural or artificial barricade of such height that a straight line from the top of any sidewall of the storage facility to the eave line of such other inhabited building or storage facility, or to a point 12 feet above the center of a passenger railway or public highway, will pass through such intervening barricade.
  - (2) If any two or more storage facilities are separated from each other by less than the distances specified in Tables I and II (see Appendix A of this Chapter), then such two or more storage facilities as a group, shall be considered as one storage facility, and the total quantity of explosive materials stored in such group shall be treated as if stored in a single facility and shall comply with the minimum of distances specified in Tables I and II (see Appendix A of this Chapter) from other storage facilities, inhabited buildings, passenger railways, and public highways.
  - (3) Storage facilities in which low explosives are stored shall be located at minimum distances from inhabited buildings, passenger railways, public highways, and from other storage facilities in which explosive materials are stored as specified in the Table of Distances for Storage of Low Explosives—Table III, Appendix A of this Chapter, PROVIDED, that this table shall not apply to any indoor storage facility. The distances shown therein shall not be reduced by the presence of barricades.
  - (4) Ammonium nitrate and storage facilities in which blasting agents are stored shall be located at minimum distances from storage facilities containing high explosives or blasting agents as specified in the Table of Recommended Separation Distances of Ammonium Nitrate and Blasting Agents from Explosives or Blasting Agents (see Table II of Appendix A of this Chapter).
- (f) **Construction of type 1 storage facilities.** A type 1 storage facility shall be a permanent structure: a building, an igloo or Army type structure, a tunnel, or a dugout. It shall be bullet resistant, fire resistant, weather resistant and well ventilated.

## Permanent Final Adoptions

---

(1) **Buildings.** All building type storage facilities shall be constructed of masonry, wood, metal, or a combination of these materials and shall have no openings except for entrances and ventilation. Ground around such storage facility shall slope away for drainage.

(2) **Masonry wall construction.** Masonry wall construction shall consist of brick, concrete, tile, cement block, or cinder block and shall be not less than 6 inches in thickness. Hollow masonry units used in construction shall have all hollow spaces filled with well tamped coarse dry sand or weak concrete (a mixture of one part cement and eight parts of sand with enough water to dampen the mixture while tamping in place). Interior walls shall be covered with a nonsparking material.

(3) **Fabricated metal wall construction.** Metal wall construction shall consist of sectional sheets of steel or aluminum not less than number 14 gauge, securely fastened to a metal framework. Such metal wall construction shall be either lined inside with brick, solid cement blocks, hardwood not less than 4 inches in thickness, or shall have at least a 6 inch sand fill between interior and exterior walls. Interior walls shall be constructed of or covered with a nonsparking material.

(4) **Wood frame wall construction.** The exterior of outer wood walls shall be covered with iron or aluminum not less than number 26 gauge. An inner wall of nonsparking material shall be constructed so as to provide a space of not less than 6 inches between the outer and inner walls, which space shall be filled with coarse dry sand or weak concrete.

(5) **Floors.** Floors shall be constructed of nonsparking material and shall be strong enough to bear the weight of the maximum quantity to be stored.

(6) **Foundations.** Foundations shall be constructed of brick, concrete, cement block, stone, or wood posts. If piers or posts are used, in lieu of a continuous foundation, the space under the building shall be enclosed with metal.

(7) **Roof.** Except for buildings with fabricated metal roofs, the outer roof shall be covered with no less than number 26 gauge iron or aluminum fastened to a 7/8 inch sheathing.

(8) **Bullet-resistant ceilings or roof.** Where it is possible for a bullet to be fired directly through the roof and into the storage facility at such an angle that the bullet would strike a point below the top of inner walls, storage facilities shall be protected by one of the following methods:

(A) **Sand tray.** A sand tray shall be located at the tops of inner walls covering the entire ceiling area, except that necessary for ventilation, lined with a layer of building paper, and filled with not less than 4 inches of coarse dry sand.

(B) **Fabricated metal roof.** A fabricated metal roof shall be constructed of 3/16 inch plate steel lined with 4 inches of hardwood. (For each additional 1/16 inch of plate steel, the hardwood lining may be decreased 1 inch.)

(9) **Doors.** All doors shall be constructed of 1/4 inch plate steel and lined with 2 inches of hardwood. Hinges and hasps shall be attached to the doors by welding, riveting or bolting (nuts on inside of door). They shall be installed in such a manner that the hinges and hasps cannot be removed when the doors are closed and locked.

(10) **Locks.** Each door shall be equipped with two mortise locks; or with two padlocks fastened in separate hasps and staples; or with a combination of mortise lock and a padlock; or with a mortise lock that requires two keys to open; or a three point lock. Locks shall be five tumbler proof. All padlocks shall be protected with 1/4 inch steel caps constructed so as to prevent sawing or lever action on the locks or hasps.

(11) **Ventilation.** Except at doorways, a 2 inch air space shall be left around ceilings and the perimeter of floors. Foundation ventilators shall be not less than 4 by 6 inches. Vents in the foundation, roof, or gables shall be screened and offset.

(12) **Exposed metal.** No sparking metal construction shall be exposed below the top of walls in the interior of storage facilities, and all nails therein shall be blind nailed or countersunk.

(13) **Igloos, army type structures, tunnels, and dugouts.** Igloo, Army type, tunnel, and dugout storage facilities shall be constructed of reinforced concrete, masonry, metal or a combination of these materials. They shall have an earthbound covering of not less than 24 inches on the top, sides and rear. Interior walls and floors shall be covered with a nonsparking material. Storage facilities of this type shall also be constructed in conformity with the requirements of paragraph (5) and paragraphs (9) through (12) of this Subsection.

(g) **Construction of type 2 storage facilities.** A type 2 storage facility shall be a box, a trailer, a semitrailer or other mobile facility. It shall be bullet resistant, fire resistant, weather resistant, theft resistant, and well ventilated. Hinges and hasps shall be attached to the covers or doors in the manner prescribed in (f) (9) of this Section, and the locking system shall be that prescribed in (f) (10) of this Section.

(1) **Outdoor storage facilities.** Outdoor storage facilities shall be at least 1 cubic yard in size and supported in such a manner so as to prevent direct contact with the ground. The sides, bottoms, tops, and covers or doors shall be constructed of 1/4 inch steel and shall be lined with 2 inches of hardwood. Edges of metal covers shall overlap sides at least 1 inch. The ground around such storage facilities shall slope away for drainage. When unattended, vehicular storage facilities shall have wheels removed or shall be otherwise effectively immobilized by kingpin locking devices or other methods approved by the Director.

(2) **Indoor storage facilities.** No indoor facility for the storage of high explosives shall be located in a residence or dwelling. When located in a warehouse, wholesale or

retail establishment, such storage facilities shall be provided with substantial wheels or casters to facilitate removal therefrom. No more than two indoor storage facilities shall be kept in any one building. Two storage facilities may be kept in the same building only when one is used for the storage of blasting caps, squibs or similar items and the other facility shall be located on the floor nearest the ground level and within 10 feet of an outside exit. Indoor storage facilities within one building shall be separated by a distance of not less than 10 feet. no indoor storage facility shall contain a quantity of high explosives in excess of 50 pounds or more than 5,000 blasting caps. Indoor facilities shall be of wood or metal construction as prescribed in (1) or (2) of this Subsection

(3) **Wood construction.** Wood indoor storage facilities shall have sides, bottoms, and covers or doors constructed of 2 inch hardwood and shall be well braced at corners. They shall be covered with sheet metal of not less than number 20 gauge. Nails exposed to the interior of such facilities shall be countersunk.

(4) **Metal construction.** Metal indoor storage facilities shall have sides, bottoms, covers or doors constructed of number 12 gauge metal and shall be lined inside with a nonparking material. Edges of metal covers shall overlap sides at least 1 inch.

(5) **Cap boxes.** Storage facilities for blasting caps in quantities of 100 or less shall have sides, therefrom and covers constructed of number 12 gauge metal and lined with a nonparking material. Hinges and hasps shall be attached thereto by welding. A single five tumbler proof lock shall be sufficient for locking purposes.

(h) **Construction of type 3 storage facilities.** A type 3 storage facility shall be a "day box" or other portable facility. It shall be constructed in the same manner prescribed for type 2 outdoor storage facilities in (g) of this Section, except that it may be less than 1 cubic yard in size, and shall be bullet resistant, fire resistant, theft resistant, weather resistant and well ventilated. Hinges, hasps, locks and lock protection shall be in conformity with the requirements of (f) and (k) of this Section. The ground around such storage facilities shall slope away for drainage. No explosive materials shall be left in such facilities if unattended. The explosive materials contained therein must be removed to types 1 and 2 storage facilities for unattended storage.

(i) **Construction of type 4 storage facilities.** A type 4 storage facility may be a building, an igloo or Army type structure, a tunnel, a dugout, a box, a trailer, or a semitrailer or other mobile facility and shall be fire resistant, weather resistant, and theft resistant. They shall be constructed of masonry, metal covered wood, fabricated metal, or a combination of these materials. The walls and floors of such storage facilities shall be lined with a nonparking material. The doors or covers shall be metal or solid wood covered with metal. The foundations, locks, lock protection, hinges, hasps, and interior shall be in conformity with the requirements of (f)(6), (9), (10) and (12) of this Section.

(1) **Outdoor storage facilities.** The ground around such storage facilities shall slope away for drainage.

When unattended, vehicular storage facilities shall have wheels removed or shall be otherwise effectively immobilized by kingpin locking devices or other methods approved by the State Fire Marshal or Director, A.T.F.U., Washington, D.C.

(2) **Indoor storage facilities.** No indoor facility for the storage of low explosives shall be located in a residence or dwelling. When located in a warehouse, wholesale or retail establishment, such storage facilities shall be provided with substantial wheels or casters to facilitate removal therefrom. No more than one indoor storage facility shall be kept in any one building. It shall be located on the floor nearest ground level and within 10 feet of an outside exit. No indoor storage facility shall contain a quantity of low explosives in excess of 50 pounds.

(j) **Construction of type 5 storage facilities.** A type 5 storage facility may be a building, an igloo or Army type structure, a tunnel, a dugout, a bin, a box, a trailer or a semitrailer or other mobile facility and shall be theft resistant. The doors or covers thereof shall be solid wood or metal. The hinges, hasps, locks and lock protection shall be in conformity with the requirements of (f) (9) and (10) of this Section.

(1) **Outdoor storage facilities.** The ground around such storage facilities shall slope away for drainage. When unattended, vehicular storage facilities shall have wheels removed or shall be otherwise effectively immobilized by kingpin locking devices or other methods approved by the State Fire Marshal or Director, A.T.F.U., Washington, D.C.

(2) **Indoor storage facilities.** No indoor storage facility for the storage of blasting agents shall be located in a residence or dwelling.

(k) **Smoking and open flames.** Smoking, matches, open flames and spark producing devices shall not be permitted in, or within 50 feet of, any outdoor storage facility.

(l) **Quantity and storage restrictions.** Explosive materials in excess of 300,000 pounds and blasting caps in excess of 20 million shall not be stored in one storage facility. Blasting caps shall not be stored with other explosive materials in the same storage facility.

(m) **Storage within types 1, 2, 3 and 4 facilities.**

(1) Explosive materials within a storage facility shall not be placed directly against interior walls. Any devices constructed or placed within a storage facility shall not interfere with ventilation.

(2) Containers of explosive materials shall be stored by being laid flat with top sides up. Corresponding classes, grades and brands shall be stored together within a storage facility in such a manner that class, grade, and brand marks are easily visible upon inspection. Stocks of explosive materials shall be stored so as to be easily counted and checked.

(3) Except with respect to fiberboard containers, containers of explosive materials shall not be unpacked or repacked inside a storage facility or within 50 feet thereof, and shall not be unpacked or repacked in close proximity to other explosive materials. Containers of explosive materials shall be securely closed while being stored.

## Permanent Final Adoptions

(4) Tools used for opening or closing containers of explosive materials shall be of nonsparking materials, except that metal slitters may be used for opening fiberboard containers. A wood wedge and a fiber, rubber or wooden mallet shall be used for opening or closing wood containers of explosive materials. Metal tools other than nonsparking transfer conveyors shall not be stored in any storage facility containing high explosives.

(n) **Housekeeping.** Storage facilities shall be kept clean, dry and free of grit, paper, empty packages and containers, and rubbish. Floors shall be regularly swept. Brooms and other utensils used in the cleaning and maintenance of storage facilities shall have no spark producing metal parts. Floors stained by leakage from explosive materials shall be cleaned according to instructions of the manufacturer. When any explosive material has deteriorated to the extent that it is in a dangerous condition, or if a liquid leaks therefrom, it shall be destroyed in accordance with the instructions of its manufacturer. The area surrounding storage facilities shall be kept clear of rubbish, brush, dry grass, or trees for not less than 25 feet in all directions. Any other combustible materials shall be kept a distance of not less than 50 feet from outdoor storage facilities.

(o) **Lighting.** No lighting shall be placed or used in a storage facility of type 1, 2, 3, or 4 except battery activated safety lights or battery activated safety lanterns.

(p) **American table of distances for storage of explosive materials.** See Appendix A, Tables I, II, and III, of this Chapter.

### 265:20-1-9. Barrier [REVOKED]

Properly constructed separated artificial or substantial natural barricades are effective means for protecting structures or operations, thereby permitting reduction of quantity distance requirements of bulk explosives and explosives loaded items having mass detonating characteristics. General rules concerning barricades are listed below:

(1) Barricades are ineffective and shall not be used to reduce distances for fire hazard materials (propellants), missile producing items (projectiles, mines, rocket motors) or more than 250,000 net pounds of Class "A" explosives.

(2) Protection is considered effective when a line drawn from the top of any side wall of the explosives building or magazine to all parts of the other locations to be protected will pass through the intervening barricade.

(3) For railroads and highways to be considered effectively screened by a barricade, such a line must pass 12 feet above the center of the highway or railroad.

(4) A barricade must be separated from the building, magazine containing the explosives. The nearest toe of the barricade must not be less than four (4) feet nor more than 40 feet from such building, magazine or truck. A barricade may be located adjacent to the structure being protected and the same minimum and maximum distance shall apply.

(5) The slope of the sides of a barricade may be decreased by riveting with either wood or concrete, well

braced to prevent collapse and possible injury to personnel.

(6) Barricades may be natural or artificial earth mounds having natural sloping sides, or single riveted with either wood or concrete and having a natural slope on one side. The earth mound shall be a minimum width of three (3) feet at the top. Barricades in excess of twenty (20) feet in height will have a minimum width of five (5) feet at the top. Double riveted artificial barricades with a minimum width of three (3) feet at the top with sides sloped and with proper anchorage to give stability against overturning forces are approved for having quantity distance requirements for a maximum of 50,000 net pounds of explosives. For quantities in excess of 50,000 net pounds, natural or single riveted barricades as described above are the only types approved.

(7) Reinforced concrete barricades, fifteen (15) inches wide at the top as a minimum, with faces having a slope of one to four may be used for reducing quantity distance separations by one half when the quantities of bulk high explosives and explosive filled items having mass detonating characteristics do not exceed 5,000 net pounds of explosives.

(8) The earth fill for artificial barricades shall be a select cohesive material, free from deleterious organic matter, trash, debris, frozen material and stones heavier than 10 pounds or larger than six inches. The larger stones should be predominantly limited to the lower center of fills. Compaction and surface preparation shall be provided as necessary to maintain structural integrity and erosion protection. Barricades are intended to protect against the blast damage effects of explosion but not against missile hazards of fire exposure hazards.

(9) **"Barricaded"** means that a building containing explosives is effectively screened from a magazine, building, railway or highway, either by a natural barricade, or by an artificial barricade of such height that a straight line from the top of any sidewall of the building containing explosives to the eave line of any magazine, or building, or to a point twelve feet above the center of a railway or highway, will pass through such intervening natural or artificial barricade.

(10) **"Natural barricade"** means natural features of the ground, such as hills, or timber or sufficient density that the surrounding exposures which require protection cannot be seen from the magazine when the trees are bare of leaves.

(11) **"Artificial barricade"** means natural an artificial mound or riveted wall of earth of a minimum thickness of three feet.

(12) When a building or magazine containing explosives is not barricaded, the distances shown in the Table shall be doubled.

(13) When two or more storage magazines are located on the same property, each magazine must comply with the minimum distances specified from inhabited buildings, railways, and highways, and in addition, they should be separated from each other by not less than the distance

shown for "Separation of Magazines" except that the quantity of explosives contained in cap magazines shall govern in regard to the spacing of said cap magazine from magazines containing other explosives. If any two or more magazines are separated from each other by less than the specified "Separation of Magazines" distances, then such two or more magazines, as a group, must be considered as one magazine, and the total quantity of explosives stored in such group must be treated as if stored in a single magazine located on the site of any magazine of the group, and must comply with the minimum of distances specified from other magazines, inhabited buildings, railways, and highways.

(14) The permanent storage of more than 250,000 pounds of commercial explosives in one magazine or in a group of magazines which is considered as one magazine is not permitted except by specific approval of the enforcing official.

(15) This table applies only to the manufacture and permanent storage of commercial explosives. It is not applicable to transportation of explosives, or any handling or

temporary storage necessary or incident thereto. It is not intended to apply to bombs, projectiles, or other heavily encased explosives.

(16) All types of blasting caps in strengths through No. 8 caps shall be treated at one and one half (1 1/2) pounds of explosives per 1,000 caps. For strengths higher than No. 8 cap, consult the authority having jurisdiction.

(17) For quantity distance purposes, detonating fuse should be calculated as equivalent to 10 pounds of high explosive per 1,000 feet.

(18) If at any time the distance from a magazine to the nearest building, highway or railroad is decreased through the construction of a new building, highway or railroad, the quantity of explosives kept or stored in the magazine shall be reduced to correspond with that specified for the new distance by the quantity distance table. The quantity need not be reduced, however, in the event that a new building is constructed in bad faith and with the intent to annoy, harass, oppress, or hinder the owner of the magazine.

APPENDIX A. AMERICAN TABLE OF DISTANCES [REVOKED]

### AUTHORITY:

State Fire Marshal Commission; 74 O.S. Supp. 2007, § 324.11

### SUBMISSION OF PROPOSED RULES TO GOVERNOR AND CABINET SECRETARY:

October 26, 2021

### COMMENT PERIOD:

November 15, 2021 through December 15, 2021

### PUBLIC HEARING:

None held or requested

### ADOPTION:

November 26, 2021

### SUBMISSION OF ADOPTED RULES TO GOVERNOR AND LEGISLATURE:

January 14, 2022

### APPROVED BY GOVERNOR'S DECLARATION:

Approved by Governor's Declaration on June 21, 2022

### FINAL ADOPTION:

June 21, 2022

### EFFECTIVE:

September 11, 2022

### SUPERSEDED EMERGENCY ACTIONS:

N/A

### INCORPORATIONS BY REFERENCE:

N/A

### GIST/ANALYSIS:

Amends language to clarify procedures and language clean-up. 74 O.S. Supp. 2007, § 324.11.

### CONTACT PERSON:

Susie Cain, Executive Secretary to the State Fire Marshal, OKSFM,  
2401 NW 23<sup>rd</sup> Street, Suite 4, Oklahoma City, OK 73107, 405-522-5009,  
Susie.Cain@fire.ok.gov.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN,  
THE FOLLOWING RULES ARE CONSIDERED  
FINALLY ADOPTED AS SET FORTH IN 75 O.S.,  
SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE  
DATE OF SEPTEMBER 11, 2022:**

### 265:25-1-1. Purpose

The rules and regulations of this Chapter are intended as ~~aids to assist in~~ the efficient operation of the Office of the State Fire Marshal, and to provide meaningful avenues for enforcing the statutory obligations of the State Fire Marshal.

### 265:25-1-3. Referenced national and state codes and standards

The following building codes and standards are incorporated by reference:

(1) ~~The~~Those codes most recently adopted by the Oklahoma Uniform Building Code Commission;

~~(A) Pursuant to the International Building Code®, Section 109.2: A fee for each plan examination, building permit, and inspection shall be paid in accordance with the following schedule:~~

~~(i) Exemptions: the following entities are exempt from the fees associated with this section, except for archiving fees: Detention centers that require an annual inspection are exempt from annual inspection fees and Fire Departments duly constituted and meeting the reporting requirements of the State Fire Marshal Office.~~

~~(ii) Building Plan Review:~~

~~(I) Review of plans submitted with an application for a building permit. Total permit fee is due at the time of submittal.~~

~~(II) Minimum permit fee \$50.00~~

~~(III) Rates where total exceeds the minimum:~~

~~a. industrial buildings: per square foot \$ .10~~

~~b. sprinkler plan review only: per square foot \$ .03~~

~~c. fire alarm plan review only: per square foot \$ .03~~

~~d. fire suppression plan review only: per square foot \$ .03~~

~~e. carbon monoxide system plan review: per square foot \$ .03~~

~~f. electrical smoke detection system (fire alarm) plan review: per square foot \$ .03~~

~~g. smoke control system plan review: per square foot \$ .03~~

~~h. access control system plan review: \$50.00 per set of access points~~

~~(iii) Above Ground Fuel Storage: Inspection and permit fee \$100.00~~

~~(iv) Fireworks:~~

~~(I) Class B (1.3G) Fireworks display inspection and permit \$125.00~~

~~(II) Class C (1.4G) pyrotechnic display inspection and permit \$250.00~~

~~(v) Field Inspections, per hour \$40.00, one hour minimum~~

~~(I) Explosive Storage Facility: Inspection and permit fee is a minimum of \$108.00 per magazine.~~

~~(II) Permit fees include the cost of a 50% and 100% on site inspection and occupancy permit. Additional onsite inspection caused by failure to comply with applicable codes or deviation from approved plans will be billed at \$40.00 per hour the actual cost to the agency.~~

- (vi) ~~Third Party Review:~~
  - (I) ~~In order to expedite review of plans, approved third party reviewers may be voluntarily used.~~
  - (II) ~~Third Party fees will be payable to the plan reviewer in addition to the Oklahoma State Fire Marshal Office's customary permit fees.~~
  - (III) ~~Third Party reviewers may not be current employees of the Oklahoma State Fire Marshal's Office.~~
- (vii) ~~Required Plan Review Fees: Fees may be waived or reduced due to plan review charges by local authority.~~
- (B) ~~Section 114.1 Unlawful acts. It shall be unlawful for any person, firm or corporation to erect, construct, alter, extend, repair, move, remove, demolish or occupy any building, structure or equipment regulated by these codes, or cause same to be done, in conflict with or in violation of, any of the provision of the most recently adopted building codes and standards by the Oklahoma Uniform Building Code Commission and shall be subject to an administrative fine as per State Statute 74 O.S., Section 324.9. The first repeat notice of violation or failure to provide a plan of correction a person may be subject to a warning, or a fine of \$100.00. Second violation notice \$150.00, third violation notice \$200.00. Also, each day that a violation continues after due notice has been served shall be deemed a separate offense.~~
- (C) ~~Procedures to be followed when appealing condemnation shall be those outlined in 74 O.S. §317.~~
- (D) ~~Section 114.4 adding new wording: Fine of not less than \$50.00 or more than \$200.00.~~
- (E) ~~All smoke detector installation shall comply with State Statute 74 O.S., Section 324.11a concerning installation of smoke detectors.~~
- (2) NFPA #99 Health Care Facilities Code, latest Edition, as it applies for ~~the~~ life safety inspections of existing facilities and as required by other state referenced codes and federal mandates.
- (3) NFPA #101 Life Safety Code , latest Edition, as it applies for ~~the~~ life safety inspections of existing facilities and as required by other state referenced codes and federal mandates.
  - (a) ~~buildings: per square foot \$ .10~~
  - (b) ~~sprinkler plan review only: per square foot \$ .03~~
  - (c) ~~fire alarm plan review only: per square foot \$ .03~~

**265:25-1-4. Building permits**

(a) ~~Application for building permit shall be made to, and such building permit shall be issued by, any city, town or county in whose jurisdiction the construction or alteration is planned. In all geographical areas wherein no such building permit is required by local authorities such permit must~~ shall be obtained from the State Fire Marshal's Office for all Use and Occupancy Classifications identified in the International

Building Code<sup>®</sup>—and Specific Situations identified in the International Fire Code by submitting applications, checklists, building plans and, if new construction only, site plans for review and, upon approval, be permitted by the State Fire Marshal's Office.

(b) Any owner or owner's authorized agent who intends to construct, enlarge, alter, repair, move, demolish or change the occupancy of a building or structures, or to erect, install, enlarge, alter, repair, remove, convert or replace any electrical, gas, mechanical, or plumbing systems, the installation of which is regulated by the state-adopted building codes, or to cause any such work to be performed, shall first make application to the State Fire Marshal's Office and obtain the required permit.

(c) After any change of ownership, change in occupancy use or classification, and/or the building has remained unoccupied or vacated for at least 90 days involving any of the use and occupancy classifications identified in the International Building Code<sup>®</sup> and Specific Situations identified in the International Fire Code<sup>®</sup>, ~~shall~~ must be brought up to current code requirements.

~~(d) All State owned or State occupied projects must be permitted by the State Fire Marshal's Office.~~

(d) All cities, towns, or counties that assume building permitting jurisdiction must complete an AHJ letter or form provided by the State Fire Marshal's Office every three (3) years. Any city, town, or county designated as the authority having jurisdiction is considered by the State Fire Marshal's Office to be the Authority Having Jurisdiction for all code requirements and responsibilities within its jurisdiction as set forth in the AHJ letter or form. This section shall not prohibit the State Fire Marshal's Office from providing code assistance to any local entity, regardless of jurisdictional boundaries; including State Fire Marshal enforcing state-adopted minimum codes.

(e) The Authority Having Jurisdiction (AHJ) hierarchy is as follows:

(1) All State owned or State occupied projects must be permitted by the State Fire Marshal's Office.

(2) The State Fire Marshal's Office has jurisdiction for the entire State of Oklahoma unless the County or City/Town has provided the State Fire Marshal's Office with approved documentation, entirely filled out with no alterations (AHJ letter) a completed AHJ letter or form.

~~(23) A County assumes the responsibility from the State Fire Marshal's Office and has jurisdiction for the entire County within the State of Oklahoma and unless a City/Town has provided the State Fire Marshal's Office with approved documentation, entirely filled out with no alterations (AHJ letter) a completed AHJ letter for form.~~

(34) A City/County/Town assumes the responsibility from the State Fire Marshal's Office and has jurisdiction for the entire within their city/town limits within the State of Oklahoma and that has provided the State Fire Marshal's Office with approved documentation, entirely filled out with no alterations (AHJ letter) a completed AHJ letter or form.

~~(4) Subdivision assumes the responsibility from the State Fire Marshal's Office and has jurisdiction for the entire subdivision limits within the State of Oklahoma~~

# Permanent Final Adoptions

and has provided the State Fire Marshal's Office with approved documentation.

(f) All cities, towns, or counties that assume building permitting jurisdiction will be asked to provide an AHJ letter in writing every three (3) years as provided by the State Fire Marshal's Office. Any city, town, or county designated as the authority having jurisdiction will be considered by the State Fire Marshal's Office as responsible for the entire jurisdiction identified by the State Fire Marshal's Office in the AHJ letter.

(g) Only a positive pressure primary water source and/or tanks can be used as a reliable primary water source:

- (1) No ponds;
- (2) No pools;
- (3) No open top containers;
- (4) No cisterns; or
- (5) No similar sources as identified above.

## 265:25-1-5. Carbon dioxide

All occupancies under the jurisdiction of the State Fire Marshal's Office with a carbon dioxide system with more than 100 pounds of accumulative CO<sub>2</sub>, including those used in beverage dispensing applications, must have properly installed carbon dioxide detector(s). If there is a fire alarm system installed, the carbon dioxide detector(s) must be tied/connected to the fire alarm system and sound a general alarm both in the with both audible and visual form/warnings. If there is not a fire alarm system, the carbon dioxide detector(s) must provide a local alarm both in the with audible and visual form/warnings. Plans must be submitted to and reviewed for approval/approved and a permit issued by the State Fire Marshal's Office. ~~All carbon dioxide permitting requirements are identified on the State Fire Marshal's Office website. NFPA 72 and NFPA 55.~~

## 265:25-1-6. Smoke detection

All occupancies under the jurisdiction of the State Fire Marshal's Office with a smoke detection system tied directly to the electrical system (as permitted by the International Building Code and the International Fire Code) and not tied to the fire alarm system must follow all the permitting requirements for a fire alarm system as identified on the State Fire Marshal's website. Smoke detection systems connected to the electrical system (as allowed by the International Building Code and International Fire Code, but not connected to a fire alarm system, shall follow all permitting requirements for a fire alarm system. Plans must/shall be submitted to and reviewed for approval/approved and a permit issued by the State Fire Marshal's Office. NFPA 72, International Building Code and International Fire Code.

## 265:25-1-7. Access control

All occupancies under the jurisdiction of the State Fire Marshal's Office with access controlled entrance and/or egress must initially make contact with the appropriate fire alarm company to discuss proper connections/shall be permitted. Plans must/shall be submitted to and reviewed for approval/approved and a permit issued by the State Fire Marshal's Office. All permitting requirements are identified on the

State Fire Marshal's Office website. NFPA 72, NFPA 101 Life Safety Code, International Building Code and International Fire Code.

## 265:25-1-8. Smoke control

All occupancies ~~under the jurisdiction of the State Fire Marshal's Office~~ with a smoke control system must/shall be permitted ~~initially make contact with the appropriate fire alarm company and heating ventilation and air conditioning company to discuss proper connections, activation and desired results.~~ Plans must/shall be submitted to and reviewed for approval/approved and a permit issued by the State Fire Marshal's Office. All permitting requirements are identified on the State Fire Marshal's website. NFPA 92, NFPA 92A, International Building Code and International Fire Code.

## 265:25-1-9. Carbon monoxide

All occupancies ~~under the jurisdiction of the State Fire Marshal's Office~~ with a carbon monoxide system must/shall have properly installed carbon monoxide detector(s). If there is a fire alarm system installed, the carbon monoxide detector(s) must be tied/connected to the fire alarm system and sound a general alarm with both in the audible and visual form/warnings. If there is not a fire alarm system, the carbon monoxide detector(s) must provide a local alarm, with both in the audible and visual form/warnings. Plans must be submitted to and reviewed for approval by the State Fire Marshal's Office. All permitting requirements are identified on the State Fire Marshal's Office website. NFPA 72, NFPA 720, International Building Code and International Fire Code.

## 265:25-1-10. Inspections

(a) As referenced by 74 O. Section 324.11, all Correctional facilities ~~are required to~~ shall be annually inspected by the State Fire Marshal's Office. All inspections will be conducted using the NFPA 101 Life Safety Code.

(b) As referenced by the Oklahoma Department of Human Services in Title 10, Ch. 51, Section 1430.12, the State Fire Marshal's Office is required to inspect all Day Care Facilities that fall under the State Fire Marshal's Office jurisdiction. All inspections will be conducted using the NFPA 101 Life Safety Code.

(c) The State Fire Marshal's Office conducts inspections of Education facilities up to the 12<sup>th</sup> grade that fall under the jurisdiction of the State Fire Marshal's Office. All inspections will be conducted using the NFPA 101 Life Safety Code.

(d) As referenced by the Oklahoma Department of Health in Title 63, Ch. 1, Article 8, Section 1-828, the State Fire Marshal's Office is required to annually inspect all Assisted Living Facilities ~~that fall under the jurisdiction of the State Fire Marshal's Office.~~ All inspections will be conducted using the NFPA 101 Life Safety Code.

(e) The State Fire Marshal's Office conducts inspections of state-owned facilities and facilities rented by the State of Oklahoma. All inspection will be conducted using the NFPA 101 Life Safety Code.

(f) As referenced by the Horse Racing Commission in Title 3A O.S., Ch. 2, Section 205.5, all State licensed horse race tracks are required to be annually inspected by the State Fire Marshal's Office. All inspections will be conducted using the NFPA 101 Life Safety Code.

(g) All Educational facilities are required to have a commercial fire alarm system installed in accordance with NFPA 72. The commercial fire alarm system shall be monitored by a central station.

(h) Only a positive pressure primary water source and/or tanks can be used as a reliable primary water source for fire protection.

- (1) No ponds;
- (2) No pools;
- (3) No open top containers;
- (4) No cisterns; or
- (5) No similar sources as identified above.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2022:

## Permanent Final Adoptions

### 265:35-1-1. Field citations, fines and appeals

(a) ~~Only the~~The Office of the State Fire Marshal ~~designated employees will be~~is authorized to issue a field ~~citation~~citations for violations of the ~~Adopted Codes~~any lawful order of the State Fire Marshal. The field citation ~~will~~shall describe the nature of the violation.

(b) ~~If the alleged violator disagrees with the citation, he/she has the right to request a hearing before the Administrative Hearing Officer. The hearing will be set within ten (10) days of receipt by the Office of the State Fire Marshal of the request for a hearing. If a hearing is held and the person is found to be responsible for the violation, administrative costs of \$100.00 shall be assessed, in addition to the fine listed in the International Building Code, Section 114; International Fire Code, Section 109~~Violators have the right to appeal. The appeal request must be submitted in writing and received by the State Fire Marshal within ten (10) days of the fine notice. Upon receipt of an appeal request, an appeal hearing shall be set for the next scheduled meeting of the State Fire Marshal Commission.

(c) ~~If the alleged violator does not contest the field citation, then the alleged violator will have thirty (30) days from the date the citation is issued in which to remit to the Office of the State Fire Marshal the amount identified on the citation. The checks should be made payable to the Office of the State Fire Marshal~~After hearing the appeal, the State Fire Marshal Commission may affirm, modify, revoke or vacate the order and/or fine at the hearing. If a hearing is held and the violator is found to be responsible for the violation, administrative costs of \$100.00 shall be assess, in addition to the fine.

(d) ~~Failure to pay the amount noted on the citation, or failure to appear and contest the field citation, will result in other enforcement actions and requests for assessment of additional penalties, or administrative assessments as set forth in (B) above.~~If the violator does not contest the field citation, or is found guilty of the violation after appeal, the violator shall have thirty (30) days from the date the citation is issued in which to remit to the Office of the State Fire Marshal the amount identified on the citation. Checks, cashier's checks and/or money orders should be made payable to the Office of the State Fire Marshal.

(e) ~~Fines for field citations shall be assessed as shown in the International Building Code, Section 114; International Fire Code, Section 109~~Failure to pay the amount noted on the citation, or failure to appear and contest the field citation, will result in other enforcement actions and requests for assessment of additional penalties, or administrative assessments as set forth in (c) above.

(f) Issuance or payment of field citations shall in no way preclude other enforcement proceedings, administrative penalties, fines or order of the Office of the State Fire Marshal if the alleged violator fails to correct a violation in a reasonable manner, as determined by the Office of the State Fire Marshal.

(g) Proceeds from payment of field citations shall be deposited into the Office of the State Fire Marshal revolving fund.

### **265:40-1-1. Scope**

(a) On and after January 1, 2009, no cigarettes subject to the provisions of the Fire Safety Standard and Firefighter Protection Act or this Chapter shall be sold or offered for sale in this State unless:

- (1) the cigarettes have been tested in accordance with the test method prescribed in OAC 265:40-1-3;
- (2) the cigarettes meet the performance standard specified in OAC 265:40-1-4;
- (3) a written certification has been filed by the manufacturer with the Office of the State Fire Marshal, 2401 N.W. 23<sup>rd</sup> Street, Suite 4, Oklahoma City, Oklahoma 73107 in accordance with OAC 265:40-1-6; and
- (4) the cigarettes have been marked in accordance with OAC 265:40-1-8.

(b) Nothing in this Chapter shall prohibit:

(1) ~~wholesale dealers or retail dealers from selling their inventory of cigarettes existing on January 1, 2009, provided that the wholesale dealer or retail dealer can establish that Oklahoma State tax stamps were affixed to these cigarettes prior to January 1, 2009, and provided further that the wholesale dealer or retail dealer can establish that the inventory was purchased prior to January 1, 2009 in comparable quantity to the inventory purchased during the same period in the prior year; provided that in no event may a wholesale dealer or retail dealer sell or offer to sale a cigarette in this State that does not comply with the Act or this Chapter after January 1, 2010;~~

(2) ~~wholesale dealers or retail dealers from selling, until July 1, 2009, cigarettes manufactured in this State as determined by the State Fire Marshal;~~

(3) ~~any person or entity from manufacturing or selling cigarettes that do not meet the requirements of this Chapter, if the cigarettes are or will be stamped for sale in another state or are packaged for sale outside the United States pursuant to 74 O.S. Supp. 2008 § 326.10 and that person or entity has taken reasonable steps to ensure that such cigarettes will not be sold or offered to sale to persons located in this State; and~~

(4) ~~the sale of cigarettes solely for the purpose of consumer testing. For purposes of this Chapter, the term 'consumer testing' means an assessment of cigarettes that is conducted by a manufacturer or under the control and direction of a manufacturer, for the purpose of evaluating consumer acceptance of such cigarettes, utilizing only the quantity of cigarettes that is reasonably necessary for such assessment.~~

FINALLY ADOPTED AS SET FORTH IN 75 O.S.,  
SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE  
DATE OF SEPTEMBER 11, 2022:**

#### 265:60-1-1. Purpose

The purpose of this chapter is to establish a fee schedule for the State Fire Marshal's Office.

#### 265:60-1-2. Fees

(a) In accordance with the Oklahoma Open Records Act [Oklahoma Statutes Title 51 Section 24A.1-24A.201] and Oklahoma State Statute Title 74 Section 324, the State Fire Marshal's Office shall charge the following fees for reproduction of records:

(1) Copying fee - \$.25 per page

(2) Certified copying fee - \$1.00 per page

(b) In accordance with the Oklahoma Open Records Act [Oklahoma Statutes Title 51 Section 24A.1-24A.201] and

Oklahoma State Statute Title 74 Section 324, the State Fire Marshal's Office shall charge the following fees for reproduction of records when the request is solely for commercial purpose, or clearly would cause excessive disruption of the State Fire Marshal's Office essential functions. The State Fire Marshal's Office may charge a reasonable fee to recover the direct cost of document search [Oklahoma Statute Title 51 Section 24A.5(3)]. Payment with cash, credit card, check or money order shall be for exact amount. Office hours are 8:00 a.m. through 4:30 p.m. Monday through Friday. Upon the submission of the request accompanied by the appropriate fee, the State Fire Marshal's Office will forward within ten (10) working days, via First Class Mail, the requested information.

- (1) Non-Certified "Origin and Cause" Fire Investigation Report - \$1.00 per page.
- (2) Certified "Origin and Cause" Fire Investigation Report - \$2.00 per page.
- (3) Evidence photographs - \$20.00 per electronic copy.
- (4) Roster of all Fire Departments - \$20.00 per hard copy or electronic copy.
- (5) Computer search or excessive disruption of office functions - \$75.00 per employee.

(c) In accordance with Oklahoma Statutes Title 28 Section 91, the State Fire Marshal's Office shall charge the following fees for expert witness fees:

- (1) Expert Witness Fee - \$150.00 per 4 hours (4 hour minimum).
- (2) Deposition Fee - \$150.00 per 4 hours (4 hour minimum).
- (3) Court Testimony Fee - \$150.00 per 4 hours (4 hour minimum).

(d) Pursuant to the International Building Code®, Section 109.2: A fee for each plan examination, building permit, and inspection shall be paid in accordance with the fee schedule outlined in this chapter:

- (1) Exemptions: Detention centers that require an annual inspection are exempt from annual inspection fees. Duly constituted Fire Departments meeting the reporting requirements of the State Fire Marshal's Office are exempt from plan reviews, permits and inspection fees.
- (2) Review of plans submitted with an application for a building permit. Total permit fee is due at the time of submittal. Fees may be waived or reduced when in the opinion of the State Fire Marshal the reduction of fees is in the best interest of both parties.
- (3) Permit fees include the cost of a 50% and 100% on-site inspection and occupancy permit. Additional on-site inspections caused by failure to comply with applicable codes or deviation from approved plans will be billed at \$40.00 per hour the actual cost to the State Fire Marshal's Office.
- (4) Minimum permit fee - \$50.00.
- (5) Rates where total exceeds the minimum:
  - (A) Industrial buildings: per square foot - \$.10
  - (B) Sprinkler plan review only: per square foot - \$.03
  - (C) Fire alarm plan review only: per square foot - \$.03

- (D) Fire Suppression plan review only: per square foot - \$.03
- (E) Carbon monoxide system plan review: per square foot - \$.03
- (F) Electrical smoke detection system (fire alarm) plan review: per square foot - \$.03
- (G) Smoke control system plan review: per square foot - \$.03
- (H) Access control system plan review: \$50.00 per set of access points
- (I) Carbon dioxide system plan review (more than 100 pounds of accumulative CO2, including those used in beverage dispensing applications): per square foot - \$.03
- (6) Above Ground Fuel Storage: inspection and permit fee - \$125.00
- (7) Fireworks:
  - (A) Class B (1.3G) Fireworks display inspection and permit - \$125.00
  - (B) Class C (1.4G) pyrotechnic display inspection and permit - \$250.00
- (8) Field Inspections - \$40.00 per hour (one hour minimum)
- (9) Explosive Storage Facility - inspection and permit fee - \$108.00 per magazine

# Permanent Final Adoptions

---

## GIST/ANALYSIS:

Consulting services were included in the services that are exempt from the competitive bidding processes. In addition, the Authority has clarified that utility acquisitions include services, equipment, and materials related to the supply or provision of electrical power and energy. The proposed changes will streamline the processes as internal GRDA policies govern the details.

## CONTACT PERSON:

Tamara Jahnke, Assistant General Counsel, Grand River Dam Authority, 9933 E. 16<sup>th</sup> Street, Tulsa, OK 74128.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2022:**

### 300:20-1-1. Introduction to acquisition rules

(a) **General.** These rules explain and facilitate understanding of the Authority's functions related to acquisitions.

(b) **Application of the rules.** These rules are expressly designed to implement the Board's policy and state law. Procedures will conform to changes in rule or law and when necessary, procedures will be modified to refine the acquisition process. These rules shall apply to all GRDA acquisitions except where noted otherwise herein. These rules do not apply to repairs, construction, or improvements to GRDA facilities or land that are governed by Title 61 of the Oklahoma Statutes.

(c) **Repairs, construction, or improvements to GRDA facilities and land.** For purchases for repair, construction or improvements to GRDA facilities or land that are governed by the provisions of Title 61 of the Oklahoma Statutes, GRDA will utilize forms and processes comparable to those prescribed by the Office of Management and Enterprise Services ("OMES") Construction and Properties Division. Where the provisions of Title 61 and the rules promulgated thereunder refer to the "Construction and Properties Division" the GRDA Central Purchasing Unit shall perform the duties of the OMES Construction and Properties Division for GRDA purchases when GRDA is allowed under Title 61 to perform such processes or assume such responsibilities. Where the provisions of Title 61 or related administrative rules applicable thereto refer to the "Construction and Properties Division Administrator" or "Administrator" the employee designated by the GRDA Chief Financial Officer shall assume such responsibilities, in instances where the Construction and Properties Division has delegated such authority to state agencies or GRDA.

(d) **Exempt from competitive bidding processes.** Acquisitions of professional services as defined in Section 803 of Title 18 or acquisitions pursuant to the Oklahoma State Interlocal Cooperation Act, as well as power capacity, energy, transmission and ancillary services, insurance, banking, consulting services, government relations or business expense acquisitions described in Section 300:20-1-15(c), employee training, conference registration, employment services, or utility acquisitions (including services, equipment, and materials related to the supply or provision of electrical power and energy) are exempt from the competitive bidding processes described herein. Similarly, the acquisition of coal, natural gas, or other energy resources may be confidential or may

require special acquisition processes. Therefore the selection of vendors for these products or services may deviate from the guidelines set forth herein. Acquisitions for financial services, underwriting, or other bond issuance services ~~and consulting services related to customer rates, load forecasts, and related financial/engineering services~~ may require special acquisition processes that will be coordinated with the State Bond Advisor's office or the Board of Director's Audit, Finance, Budget and Policy Committee.

### (e) Definitions.

- (1) **Acquisition.** The process of obtaining items, products, materials, supplies, services (including construction), and equipment by purchase, lease-purchase, lease with option to purchase or rental pursuant to the GRDA Acquisition Policy and Procedures and applicable State laws and directives.
- (2) **Acquisition approval or signature authority.** The approval delegated by the Board of Directors or General Manager for a GRDA employee to approve a purchase order or resulting payment thereof.
- (3) **Bid.** The cost proposal submitted by a vendor in response to a request or solicitation from the GRDA for a project described in plans and/or specifications provided by GRDA.
- (4) **Board of directors.** The rule-making authority and governing body of the Grand River Dam Authority as defined by 82 O.S. § 863.2.
- (5) **Central purchasing unit.** The specialist unit within the GRDA Finance Department that is responsible for supervising and managing the acquisitions of materials, supplies, and services that are used by the Authority and for administering acquisition policies, rules, and procedures.
- (6) **Emergency acquisition.** An acquisition made without following normal acquisition procedures in order to obtain goods or services to meet an urgent and unexpected requirement. An "Emergency" shall be identified as: an event that consists of one or more of the following:
  - (A) Correction of an immediate hazardous condition which affects the safety of personnel or the public health;
  - (B) Prevention of immediate damage to property or the reduction in reliability of electric generating equipment;
  - (C) Avoidance of purchase of alternative power to replace otherwise generated power;
  - (D) Maintenance of the efficient and orderly completion of work-in-progress;
  - (E) Correction of an immediate regulatory compliance deficiency;
  - (F) To obtain needed items when market conditions (e.g. natural disaster, terrorist act, etc.) limit the product or service availability, or when vendors may not be able to quote firm prices as would be possible under normal market conditions;
  - (G) To prevent or minimize the serious disruption of services to customers;

(H) To keep facilities operating, to ensure continuous transmission service, or when a Board meeting has been cancelled and thus it is necessary to avoid disruption of the acquisition process when a bid may expire prior to the next regularly scheduled Board meeting;

(I) Emergency acquisitions made pursuant to Title 61 of the Oklahoma Statutes.

(7) **General manager or chief executive officer.** The GRDA employee who has oversight and managerial responsibility over all GRDA functions and is selected by the Board of Directors of the Grand River Dam Authority as authorized by 82 O.S. § 864.A.2.

(8) **GRDA or authority.** The Grand River Dam Authority, a governmental agency of the State of Oklahoma, as defined by 82 § 816, et seq.

(9) **Low Dollar Acquisition.** An acquisition for goods or services that does not exceed the competitive bid dollar threshold as determined by the General Manager.

(10) **Procedures.** Procedures are the prescribed means of complying with the applicable statutes and rules. Procedures provide GRDA personnel with the guidelines and, where appropriate, specific action sequences to ensure uniformity, compliance and control of all policy-related activities.

(11) **Solicitation.** An invitation for bids, a request for proposal, telephone calls, or any document or method used to obtain bids or proposals for the purpose of entering into a contract.

**GIST/ANALYSIS:**

A definition for flowage easement has been added, as well as two new paragraphs governing flowage easement activities. A new paragraph has been included addressing the prohibition of habitable structures or Dock-o-miniums after November 12, 2008. Structures existing before this date must meet health, safety and construction guidelines approved by the Grand River Dam Authority Board of Directors. The Administration of Rules and Hearings subchapter has been stricken and is being proposed for promulgation as new Chapter 45 Administration of Rules and Hearings. Other general clarifications have been made.

**CONTACT PERSON:**

Tamara Jahnke, Assistant General Counsel, Grand River Dam Authority, 9933 E. 16th Street, Tulsa, OK 74128.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2022:**

**SUBCHAPTER 1. DEFINITIONS, PURPOSE AND APPLICATION**

**300:35-1-1. Definitions**

The following words and terms, when used in this Chapter, shall have the following meaning, unless the context clearly indicates otherwise:

"**Authority or GRDA**" means the Grand River Dam Authority.

## Permanent Final Adoptions

---

**"Board"** means the Board of Directors for the Grand River Dam Authority.

**"GM" or "CEO"** means the ~~General Manager and/or the~~ Chief Executive Officer of the Grand River Dam Authority.

**"Flowage Easement"** means the perpetual right of one party to overflow, flood, and submerge the lands subject to a flowage easement, reserving unto the fee owner such rights and privileges as may be enjoyed without interference with the rights granted in the flowage easement.

**"GRDA land" or "GRDA property" or "lands of GRDA"** means the land owned by GRDA. The location and boundaries of GRDA land is determined by a legal description (generally described by metes and bounds). A survey is necessary to determine the boundary of GRDA land. A particular elevation does not determine the boundary of GRDA land. Additionally, GRDA and/or the U.S. Army Corps of Engineers may have flowage easements over land.

**"Habitable Structure" or "Dock-o-miniums"** means structures used as living quarters constructed in conjunction with new or existing docks, piers, and floats. These structures generally resemble cabins and/or homes, placed on floating structures such as covered or enclosed docks, over boathouses and other similar structures where a building is or may be occupied by people overnight or for extended periods. Generally, these structures may contain water supply and/or waste disposal facilities such as sinks, showers, toilets, kitchen facilities, food preparation areas, etc.

**"Neosho Bottoms"** means all GRDA lands owned in Ottawa County along the Neosho River that lie West of U.S. Highway 69 not used in the delivery and transmission of electricity.

**"Normal Idle Speed"** means the vessel is in the forward gear with no additional throttle applied.

**"Paddleboard"** means a board or surfboard propelled through the water by an occupant by arms or paddle while lying, kneeling or standing on the board.

**"Restricted Areas"** means any area designated by GRDA where the public is prohibited from engaging in certain activities due to safety concerns or because the activity interferes with the business of GRDA.

**"Rollover Protection System" or "ROPS"** means a system or structure which can withstand the weight of the vehicle and is intended to protect a vehicle and passengers from being crushed.

**"Shoreline Management Plan" or "SMP"** means the rules relating to management of the shoreline as approved by the Federal Energy Regulatory Commission.

**"Wake"** means the track of waves left by a vessel or other object moving through the water and such waves are greater than the natural waves in the immediate area of the vessel or are cresting and showing white water or may cause injury to any person or property. However, a "no wake zone" is not violated when a vessel is safely proceeding with engine(s) engaged at normal idle speed.

**"Water Jet Pack Unit"** means the system propelling a person in the air by water and includes any vessel/PWC used to propel the person into the air. This system may also be known as a jetlev, aquaboard, aquaflyer, or flyboard.

**"Waters of GRDA"** means and refers to the waters of the Grand River and its tributaries, including, but not limited to, Grand Lake O' the Cherokees, Lake Hudson, and the W.R. Holway Reservoir. This Chapter 35 does not apply to the Illinois River in Oklahoma.

### SUBCHAPTER 3. GENERAL PROVISIONS

#### 300:35-3-12. Health and sanitation

- (a) All sanitary rules, regulations, and laws shall be complied with prior to the granting or renewal of any GRDA permit.
- (b) In the interest of public health, sanitation and safety, there shall be no camping on GRDA's lands except in a designated camping area.
- (c) Bottles, Styrofoam goods, cans, garbage, rubbish, refuse, debris, wreckage, bilge water containing oil or grease, or materials used in the process of cleaning the outer surfaces of vessels, or any other material of any kind shall not be thrown into or released upon the lakes or deposited or dumped upon the shores of the lakes or upon any land under the jurisdiction of GRDA.
- (d) No septic tank, lateral line or lagoon shall be placed on GRDA property. No portable toilet shall be used within the flowage easement. No sewage shall be disposed of in the waters or on GRDA property. No person shall operate a vessel equipped with a marine toilet which is not a total retention system in accordance with federal regulations regarding marine toilets. The preparation and marking of beaches shall be in such manner as to provide reasonable safety in their use. Commercial beaches shall be provided with adequate and sanitary dressing rooms, toilets, showers and other necessary accessories for public convenience and safety.

#### 300:35-3-14. Permit applications

- (a) Applications for GRDA permits required by these Rules are available at the permitting office inside the GRDA Ecosystems & Education Center located at the west end of Pensacola Dam in Langley, Oklahoma or visit the website at [www.GRDA.com](http://www.GRDA.com).
- (b) In addition to any other requirement that may be applicable to a permit application, GRDA may, in its sole discretion, forward any application to fish and wildlife resource agencies, environmental agencies, and/or tribes for comment.
- (c) These Rules cover the following types of GRDA permits:
  - (1) Private and commercial docks, wharves, landings, anchorages, and boat houses;
  - (2) Buoys;
  - (3) Private and commercial breakwaters;
  - (4) Private and commercial rail-systems and tram systems;
  - (5) Boat ramps;
  - (6) Retaining walls;
  - (7) Dredging (and excavation);
  - (8) Erosion control devices;
  - (9) Shoreline stabilization;

- (10) Commercial operations (including, but not limited to, a dock installer, dredging contractor, commercial boat operator, vessel rentals, or Water Jet Pack Unit rentals);
  - (11) Taking of raw water;
  - (12) Vegetation management plans; and
  - (13) Sanctioned event.
  - (14) Construction within the Flowage Easement
- (d) Permit applications are subject to change without notice. Permitted activities must comply with all standards, rules and regulations in effect at the time the activity commences.

**300:35-3-15. Penalty**

After notice and an opportunity to be heard in accordance with ~~Subchapter 21 herein, any~~ Any person, firm, partnership, corporation or other entity which violates any Rule in this Chapter (i.e. Chapter 35 Lake Rules), shall be required to pay all costs (including attorneys fees, GRDA staff time, and mitigation) related to the violation including the repair, restoration and reclamation of GRDA lands and waters. Other penalties may include, but are not limited to, suspension or revocation of a permit; and any other fee, penalty or fine as authorized by statute. Also, GRDA may seek an injunction to prevent any violation or unauthorized activity.

**SUBCHAPTER 11. PERMITS FOR WHARVES, LANDINGS, BUOYS, BREAKWATERS AND DOCKING FACILITIES**

**300:35-11-3. Waivers**

- (a) Upon written application and hearing, the Board of Directors of GRDA may grant a waiver, exception or modification to the requirements imposed on private and/or commercial permit applicants. Additionally, the Board of Directors may impose additional requirements upon any such applicant. Such waivers, exceptions, modifications, or additional requirements shall be based upon the totality of the circumstances, in consideration of public and environmental concerns.
- (b) In approving waivers of these rules, the Board shall consider the SMP and all positive and negative impacts to the following:
  - (1) Characteristics of existing permitted and recreational uses within a half-mile radius of the proposed activity;
  - (2) Shoreline topography and geometry;
  - (3) Safety and navigation;
  - (4) Environment;
  - (5) Potential economic development and tourism benefits;
  - (6) Recreational use; and
  - (7) Statutory mandates.
- (c) The applicant shall be required to give notice and the Board shall allow for public comment before acting on any request for a waiver of these rules.
- (d) Public notice of the waiver request shall be given in accordance with guidelines established by the GRDA staff and shall include:

- (1) Publication in a ~~newspaper~~ newspapers of general circulation, ~~including~~ the county in which the property is located; and
- (2) Mailing of written notice, via certified mail, return receipt requested, to all owners of property within one hundred fifty (150) feet from the outer edge of the proposed dock(s). Copies of certified mail receipts must be submitted to GRDA prior to any hearing and before GRDA posts any notice.
- (3) The waiver application shall be posted on GRDA's website for a period of at least thirty (30) days.
- (4) Any other notice as required by GRDA.

**300:35-11-4. Electrical inspections**

- (a) Each commercial and private boat dock (or any other type of floating structure) shall comply with and be maintained in accordance with all laws, regulations and codes regarding electrical systems and wiring.
- (b) All commercial and private boat docks constructed, modified, relocated, or transferred shall provide to GRDA a current certificate signed by an Oklahoma licensed electrical contractor, evidencing compliance with all laws, regulations and codes regarding electrical systems and wiring.
- (c) A dock will not have any permanent electrical supply installed without first obtaining written approval from GRDA. No temporary electric supply shall be used and no new or unpermitted submersible ~~pump~~ pumps shall be allowed in the water.

**300:35-11-14. Habitable structures and Dock-o-miniums prohibited**

Habitable Structures or Dock-o-miniums are prohibited on the Waters of GRDA. Any Habitable Structure or Dock-o-miniums existing prior to November 12, 2008 must meet health, safety and construction guidelines approved by the Board to remain on the Waters of GRDA.

**SUBCHAPTER 13. PERMITS FOR DIKES, EXCAVATIONS, DREDGINGS, EROSION CONTROL DEVICES, RETAINING WALLS, AND SHORELINE STABILIZATION**

**300:35-13-2. Erosion control devices**

- (a) Erosion control devices may be permitted to protect the existing shoreline. These types of structures must not be for the purpose of landscaping or beautifying the area and will only be permitted if GRDA staff determines that the device is necessary for effective erosion control. In some cases, permission may also be required from the U.S. Army Corps. of Engineers.
- (b) During construction activities, GRDA shall require that appropriate erosion and sediment control measures be utilized to prevent pollution of GRDA waters.
- (c) All material which accumulates behind sediment control devices shall be removed from GRDA land and placed at an up-land site above the applicable flowage easement.

## Permanent Final Adoptions

---

(d) Disturbed sites must be promptly stabilized with GRDA approved methods associated with seeding, vegetative planting, erosion control netting, and/or mulch or sediment stabilization material.

(e) ~~If any vegetation is~~ ~~Vegetation~~ removed for erosion control projects ~~GRDA may require the applicant to replace the vegetation must be replaced~~ with GRDA approved species of native vegetation.

### 300:35-13-4. Shoreline stabilization and retaining walls

(a) GRDA may issue permits allowing adjacent residential landowners to stabilize eroding shorelines on GRDA-owned residential access shoreland. GRDA will determine if shoreline erosion is sufficient to approve the proposed stabilization treatment. No shoreline stabilization activities may be conducted until a permit from GRDA is issued. Shoreline stabilization may include i) the use of biostabilization, ii) the use of riprap to stabilize eroded shorelines, or iii) the use of a retaining wall.

(b) Biostabilization of eroded shorelines.

- (1) Moderate contouring of the bank may be allowed to provide conditions suitable for planting of vegetation.
- (2) Native vegetation may be planted within the shoreline management zone to help minimize further erosion.
- (3) Riprap may be allowed along the base of the eroded area to prevent further undercutting of the bank.

(c) Use of riprap to stabilize eroded shorelines.

- (1) The riprap material must be ~~quarry run stone, natural stone, or other material~~ approved by GRDA.
- (2) Rubber tires, concrete rubble, or other debris shall not be used to stabilize shorelines.
- (3) Riprap material must be placed so as to follow the existing contour of the bank.
- (4) Site preparation must be limited to the work necessary to obtain adequate slope and stability of the riprap material.

(d) Use of retaining walls for shoreline stabilization.

- (1) Retaining walls shall be allowed only where the erosion process is severe and GRDA determines that a retaining wall is the most effective erosion control option.
- (2) GRDA shall inspect the site of the proposed construction and consider whether the planting of vegetation or the use of riprap would be adequate to control erosion.
- (3) GRDA shall determine that the proposed construction is needed and would not change the basic contour of the reservoir shoreline.
- (4) The retaining wall must be constructed of stone, concrete blocks, poured concrete, or other materials acceptable to GRDA. Railroad ties, rubber tires, broken concrete (unless determined by GRDA to be of adequate size and integrity), brick, creosote timbers, and asphalt are not allowed.
- (5) Reclamation of GRDA land that has been lost to erosion is not allowed.
- (6) No existing retaining wall shall be repaired or rebuilt without a permit from GRDA. Repairs must be made with approved and acceptable material by GRDA.

### 300:35-13-7. Activities within the flowage easement

All individuals performing any activity subject to this subchapter 13 shall comply with the guidelines for flowage easements if the activity is performed within the flowage easement area.

## SUBCHAPTER 15. COMMERCIAL USE OF THE LAKES AND LANDS OF GRDA

### 300:35-15-2. Dock installer's permit

(a) Any person, firm, partnership, corporation, or any other entity operating for pecuniary gain or profit or any business that, directly or indirectly, is engaged in the building, placing, transfer, demolition or removal, of piers, wharves, landings, anchorages, floating boat houses, docks, barges or other floating structures of a stationary or semi-stationary nature upon the waters of GRDA shall obtain an annual permit. Such person or entity shall not build, place, transfer, demolish or remove a pier, wharf, landing, anchorage, floating boat house, dock, barge or other floating structure of a stationary or semi-stationary nature upon the waters of GRDA until a Dock Installer's permit has been issued by GRDA.

(b) At the time a new or significantly modified dock is installed, a sign shall be prominently displayed stating the installer's name and ~~permit number~~ ~~the year the dock was installed~~.

(c) A dock installer shall build, construct, place, transfer, demolish and remove docks in strict compliance with the plans and specifications approved by GRDA and in accordance with all applicable laws, regulations, rules and building codes. All Styrofoam, trash and construction materials shall be disposed in an environmentally appropriate fashion and shall not be allowed to remain or float in the waters of GRDA. All Styrofoam, trash and construction materials shall be stored off GRDA property and above the flowage easement. No dock shall be stored on GRDA property for longer than six (6) months. GRDA property shall not be used without prior written permission.

(d) A dock installer's permit may be revoked at any time during the permit period for the following reasons:

- (1) Nonpayment of permit fee.
- (2) Failure to comply with current dock standards.
- (3) Installation of a dock not permitted by GRDA.
- (4) Upon three sustained complaints of the public regarding the dock installer's business practices.
- (5) Upon conviction of a felony or fraud misdemeanor crime by a court of competent jurisdiction of the owner of the dock installer business or dock installer related to the dock installer's business.
- (6) Failure to maintain insurance required by GRDA and to provide GRDA with a certificate of insurance.
- (7) Improper disposal or storage of waste and other dock materials upon GRDA property or flowage easement.

**SUBCHAPTER 21. ADMINISTRATION OF RULES AND HEARINGS [REVOKED]**

**300:35-21-1. General manager duties [REVOKED]**

The General Manager of the Grand River Dam Authority is authorized to administer these Rules and Regulations. The General Manager, or the General Manager's designee, shall issue all permits and licenses provided for herein and may, at the sole discretion of the General Manager or the designee, hold such public meetings or hearings as deemed necessary related to such matters.

**300:35-21-2. GRDA Board of Directors duties [REVOKED]**

The Board of Directors of the Grand River Dam Authority retains the right to authorize and issue any and all permits and licenses not specifically provided for in these Rules and Regulations. No fees, charges or any of these Rules and Regulations shall be changed in any manner without the approval of the Board of Directors.

**300:35-21-3. Hearings for violation of rules [REVOKED]**

(a) **Notice of Violation.** A Notice of Violation may be issued by the General Manager or his designee after the discovery of a violation of any rule. A Notice of Violation shall be signed by the GRDA employee issuing it and shall state:

- (1) The name of the person or entity responsible for the violation (the "respondent");
- (2) A description of the nature of the violation;
- (3) The remedial action and/or the relief required, which may include the imposition of a fee, penalty or fine as authorized by statute and/or the correction of any deficiency;
- (4) A reasonable time to comply with the remedial action and/or the relief required;
- (5) That the respondent may submit a response to the Notice of Violation, how and where a response may be submitted, and the deadline to submit a response; and
- (6) That, in connection with the submission of a response to the Notice of Violation, the respondent may request a hearing before the General Manager or his designee to challenge the Notice of Violation.

(b) **Service of the Notice of Violation.** At the election of the GRDA, a Notice of Violation shall be served upon the respondent in the same manner as a civil summons is served or in the event the dock is not permitted in the current owner's name or the permit owner is deceased and no probate is pending, service can be made by posting the Notice on the dock or walkway to the dock.

(c) **Permits.** In matters involving permits issued by the GRDA, the respondent shall be the person in whose name the permit is currently listed or the current owner of the dock if ascertainable. The Respondent shall be the only person entitled to notice under this subsection.

(d) **Response to Notice of Violation.** In the event that the respondent submits a response to the Notice of Violation, the

response shall include a detailed statement of the reasons that respondent objects to the Notice of Violation and all arguments that the respondent desires to make at hearing, if requested. A respondent who fails to submit a response to the Notice of Violation in the time and manner stated in the Notice of Violation may be deemed by the GRDA General Manager or his designee to have waived the right to object or present a defense to the Notice of Violation.

(e) **Hearing.** A respondent who requests a hearing must also submit a response to the Notice of Violation and must provide an address and telephone number that the GRDA may use to communicate with the respondent concerning the hearing and final order. Upon timely receipt of a request for a hearing, the General Manager or his designee shall set the matter for hearing and shall notify the respondent in writing of the hearing at least ten (10) calendar days before the hearing. Notice of the hearing shall be delivered to the respondent using the address specified in the response to the Notice of Violation and shall state the date, time and location of the hearing.

**300:35-21-4. Hearing officer [REVOKED]**

The GRDA General Manager, or his designee, shall preside over all hearings as the hearing officer. The GRDA General Manager may appoint an individual who is not employed by GRDA to preside over any hearing as the hearing officer. The authority of the hearing officer shall commence upon his appointment and terminate upon the entry of a Final Order issued by the GRDA Board of Directors. The hearing officer shall have the duty to conduct a fair hearing, to take all reasonable action to avoid delay, and to maintain order. The hearing officer's authority shall include, but not be limited to:

- (1) Arrange and change the date, time and place of hearings and issue notices of hearings;
- (2) Hold conferences to settle, simplify or determine the issues in a hearing, or to consider other matters that may aid in the expeditious disposition of the hearing;
- (3) Require parties to state their position in writing with respect to the various issues in the hearing and to exchange such statements with all other parties;
- (4) Administer oaths and affirmations;
- (5) Regulate the course of hearings;
- (6) Examine witnesses and direct witnesses to testify;
- (7) Receive, rule on, admit, exclude or limit evidence.
- (8) Rule on pending motions and procedural items; and
- (9) Allow for continuances.

**300:35-21-5. Report and record [REVOKED]**

As soon as practicable after the time for the parties to file proposed findings of fact and conclusions of law has expired, the hearing officer shall prepare a report containing the following:

- (1) Findings of fact and conclusions of law with the reasons therefore.
- (2) Recommendation to the GRDA Board of Directors.

# Permanent Final Adoptions

## 300:35-21-6. Final order [REVOKED]

(a) After the hearing officer has sent his recommendation to the GRDA Board of Directors as provided in 300:35-21-5 or after the time to remedy the violation has passed in the event the respondent does not request a hearing, the Board of Directors shall adopt, amend, or reject any findings or conclusions presented to the Board. If a hearing was previously held, the Board may remand the proceeding for additional argument or the introduction of additional evidence at a hearing held for that purpose.

(b) Upon review of the record by the Board of Directors, the Board of Directors shall issue a final order reflecting the findings of fact, conclusions of law, and specifying the action to be taken.

(c) Service of the Final Order shall be made by mail to the last known address of respondent.

## 300:35-21-7. Administrative appeal [REVOKED]

A challenge from the Board of Director's Final Order shall be made within twenty (20) days from the date of respondent's receipt of the Final Order to the District Court.

## 300:35-21-8. Noncompliance, violations and penalties [REVOKED]

Any person, firm or corporation that fails to comply with, or violates any Rule promulgated by GRDA shall, after notice and an opportunity for hearing as provided for herein, be required to reimburse GRDA for any direct cost and overhead incurred as a result of such failure to comply or violation. Such costs may include, but are not limited to, the costs associated with the repair, restoration and reclamation of the lands and waters of GRDA and any storage costs for the respondent's personal property and any other fee, penalty or fine as authorized by statute. Additionally, GRDA may cancel any permit or license which has been issued in connection with said boat, structure or facility and may remove or cause it to be removed from GRDA's lands and waters at the owner's expense.

## SUBCHAPTER 23. FOUR-WHEEL VEHICLES, OFF-ROAD VEHICLES AND ALL TERRAIN VEHICLES

## 300:35-23-8. Alcoholic beverages prohibited

Oklahoma state law regarding alcoholic beverages shall be applicable to all Waters and Land of GRDA, including areas in which off-road activities occur, but shall not have any effect on the codified rules found in Chapter 40 of Title 300~~630~~ of the Oklahoma Administrative Code.

## SUBCHAPTER 27. VEGETATION MANAGEMENT PLAN

## 300:35-27-4. Vegetation management

(a) The following acts are prohibited on GRDA Project Land:

(1) Herbicides shall not be used for control/removal of vegetation.

(2) Only environmentally approved pesticides ~~Pesticides~~ labelled for use around water shall not be applied on GRDA land.

(3) The sale of any tree or other vegetation that is removed or cut is prohibited.

(4) Fertilizers shall not be applied on GRDA land.

(5) Vegetable gardens are prohibited on GRDA land.

(6) The introduction or planting of invasive plant species is prohibited on GRDA Project Lands.

(7) Any Vegetation Management Activity that results in significant soil disturbance is prohibited.

(b) Machinery or equipment may be used to accomplish a permitted Vegetation Management Activity, subject to the following:

(1) Unless prohibited by GRDA, the following may be used in the performance of permitted activities:

(A) Hand-held tools including chainsaws and brush cutters.

(B) Mechanized equipment with a maximum power output not greater than 30 horsepower (hp), provided the use does not result in the unauthorized movement of soil, rocks, or existing live vegetation.

(2) The use of machinery with a maximum power output greater than 30 hp may be allowed with prior express approval from GRDA.

(3) All mechanized equipment used on GRDA lands shall have rubber wheels or rubber tracks unless previously approved by GRDA.

## 300:35-27-8. General permits for natural disasters and other emergencies

In the event a natural disaster or other emergency situation causes significant vegetation damage or debris accumulation within the project boundary to the extent that site specific permitting is impractical or would result in undue delay, the Chief Executive Officer ~~General Manager~~ may issue a general vegetation permit governing all management activities within an affected area in lieu of requiring site specific permits. A general permit shall clearly identify the scope of allowed activities, the areas in which the permit is applicable, and the period of time for which the permit is valid.

## SUBCHAPTER 30. FLOWAGE EASEMENTS

## 300:35-30-1. Lands subject to flowage easements

GRDA owns the flowage easement rights for Grand Lake and Lake Hudson. Prior to initiation of activity to occur on lake property owned by a party other than GRDA, the landowner should consult their abstract of title, or the county land records to determine if their property is subject to a flowage easement. If the property is subject to a flowage easement, the landowner

shall consult with GRDA regarding what activities may or may not occur on the land subject to the flowage easement.

GIST/ANALYSIS:

Effective July 1, 2016, the Scenic Rivers Commission created pursuant to Section 1461 of Title 82 of the Oklahoma Statutes was terminated and the rights and authorities of the Scenic Rivers Commission were transferred to the Grand River Dam Authority. 82 O.S. § 896.1. Further, Chapters 10 and 15 of Title 630 of the Oklahoma Administrative Code relating to licensing, use permits, and the protection of natural resources were transferred to the Grand River Dam Authority. 82 O.S. § 896.2. Additionally, the Authority is

authorized to promulgate rules protecting the natural resources of the scenic rivers, regulating public use areas, establishing use permits for scenic rivers, establishing licensing requirements for commercial float operators and setting fees for the issuance of the licenses. Id. The proposed rules concern licensing of commercial float operations and flotation devices, and the collection of fees to preserve the Illinois River as a Scenic River located within the counties of Adair, Cherokee, and Delaware in Oklahoma. Additionally, rules have been proposed regarding public access areas, camping restrictions, and boater safety to protect the natural resources of the Illinois River.

CONTACT PERSON:

Tamara Jahnke, Assistant General Counsel, Grand River Dam Authority, 9933 E. 16th Street, Tulsa, OK 74128.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2022:

SUBCHAPTER 1. LICENSING AND USE PERMITS

300:40-1-1. Purpose

The purpose of this Chapter is to establish a system of rules and licensing of Commercial Float Operations and commercial Flotation Devices and the collection of commercial and private fees to preserve the Scenic Rivers, meaning those portions of the Illinois River and Flint Creek within Adair, Cherokee and Delaware Counties, and those portions of Barren Fork Creek within Cherokee County, in their natural state and to preserve the health and safety of the patrons.

300:40-1-2. Authority

The rules and regulations set forth in this chapter are adopted pursuant to the authority granted the Grand River Dam Authority ("GRDA") in 82 O.S.2016 Section 896.1, et. seq., as amended.

300:40-1-3. Definitions

The following words or terms, when used in this chapter, shall have the following meaning, unless the context clearly indicates otherwise:

"Camping" means any method used for remaining overnight in a Public Access Area which includes, but is not limited to tents, vehicles, cots, trailers, recreational vehicles, and sleeping bags.

"Campsites" means a single site located within a Public Access Area which has been designated as open to Camping by the CEO.

"CEO" means the Chief Executive Officer of the Grand River Dam Authority and/or his designee.

"Commercial Float Operators" or "Operations" means any person or business, other than the GRDA or its contractors, that rents, sells or leases Flotation Devices commercially to the public for use upon Scenic Rivers within the jurisdiction of the GRDA.

"Flotation Device" means a canoe, boat, kayak, raft, inner tube, or other similar device, other than those belonging to

## Permanent Final Adoptions

the GRDA or its contractors, designed to transport one or more individuals on a Scenic River and not intended to solely transport food or drink.

**"Floating Public"** means any person who is floating upon the Scenic Rivers privately or by use of a licensed commercial Flotation Device.

**"Public Access Areas"** means an area within the jurisdiction of the GRDA which has been designated by the CEO as open for use by the public for Camping and day use activities under the terms and conditions of this subchapter.

**"Scenic Rivers"** means the Illinois River and Flint Creek within Adair, Cherokee and Delaware Counties, and those portions of Barren Fork Creek within Cherokee County, which are within the jurisdiction of the GRDA pursuant to 82 O.S. § 896.5.

### **300:40-1-4. Commercial licensing procedures, requirements, and annual use fees**

(a) The statutory annual river use license fee per commercially owned and operated Flotation Device shall be paid at the time of licensing.

(b) The license required for Commercial Float Operations shall be an annual license covering a calendar year. Licenses shall be properly displayed on each Flotation Device prior to its use on the river.

(c) Applications for new float licenses may be filed with the GRDA in January of each year. Commercial Float Operators shall file applications to renew their existing licenses during the month of September each year.

(1) Any Commercial Float Operator that fails to submit a renewal application in September shall only be eligible to renew 85% of the previous number of licenses, and the other 15% shall be released in January of the following year as new licenses. No renewal application shall be accepted after November.

(2) Any Commercial Float Operator that applies to renew his licenses must pay the statutory annual use fees, and pay or complete any outstanding GRDA obligations, by the last working day of November, or the application shall be denied and the number of licenses released as new licenses in January.

(3) In addition, any Commercial Float Operator, applying for license renewal, must be able to demonstrate a history of compliance with all applicable statutes and administrative rules regarding operation of their business. If such a showing cannot be made, the CEO has the discretion to deny issuance of licenses for the upcoming year. In addition to a failure of compliance, a Commercial Float Operator may be denied a license or licenses due to environmental and/or safety reasons. In determining whether to issue licenses for the upcoming year, the CEO may consider the following factors:

(A) Whether the Operator has engaged in a pattern of willful violation of GRDA rules and regulations;

(B) Whether the ecosystem of the river section within which the particular Flotation Device is authorized to float is, or is in danger of being, harmed

by the number of Flotation Devices authorized, and it is necessary for the protection of that section of the river to limit the number of licenses;

(C) The health and safety of individuals floating on the river is threatened by the number of Flotation Devices currently licensed to float on a particular section of the river; or

(D) The Commercial Float Operator has failed to comply with licensing requirements of rule 300:40-1-5 in previous float seasons.

(4) Any person may apply in January for new commercial Flotation Device licenses which may be available, up to the number provided in 300-40-1-5. The GRDA may then process the applications, evenly divide the numbers of licenses among the proper applications and issue them in February. If there are remaining licenses that are unable to be issued equally among applicants, the CEO may implement a random draw lottery process for the remaining licenses.

(5) Except for temporary licenses, new licenses shall not be issued unless the number of licenses renewed in the previous year was below the number authorized in 300:40-1-5.

(6) Use of Public Access Areas owned or controlled by the GRDA may be denied by the CEO based on expected adverse impacts to the Public Access Areas, on historical usage and regulatory compliance considerations and on the user's cooperation with other users.

(d) Application for such licenses shall be made on the form prescribed by the GRDA which shall include:

(1) The name and address of the Commercial Float Operation;

(2) The name and address of the owner or owners thereof;

(3) A description of lands owned or leased, and/or intended for use in the operation, including the launch and retrieval points;

(4) An inventory of usable Flotation Devices containing the following information: vessel type, manufacturer and model, color, serial number, and inventory number;

(5) A description of how the requirements of paragraph (h) of this section will be met; and

(6) An agreement to abide by all State laws and all GRDA rules and regulations.

(e) Licenses shall be issued in such form as is prescribed by the CEO, and shall be displayed on the right front (starboard bow) of Flotation Devices that have bows or conspicuously on the outside surface area above the water line of Flotation Devices without a discernable bow. If licenses are lost, the CEO may collect the reasonable replacement value of the licenses from the Commercial Operator needing replacement licenses.

(f) Licenses granted by this Chapter shall not be transferable between Commercial Float Operations or Operators. Prior to a transfer being made, notice must be given to and approval must be received from the CEO.

(g) The number of Flotation Devices to be licensed for commercial use shall be limited as provided in 300:40-1-5.

(h) All Commercial Float Operators must maintain clean and sanitary facilities, maintain in good working order their Flotation Devices offered for use, and also:

- (1) Provide access to toilet facilities to the Floating Public.
- (2) Provide trash bags and disposal information to all customers.
- (3) Conspicuously post signage on business premises and at launch points warning the Floating Public regarding:
  - (A) Flotation Devices may not be tied together;
  - (B) No trespassing;
  - (C) Water safety;
  - (D) Properly discard trash in trash bags or cans;
  - (E) Flotation Devices and ice chests are subject to random inspection by GRDA Police;
  - (F) Alcoholic spirits are prohibited on the Scenic Rivers and in public access areas;
  - (G) Drunk and disorderly conduct is cause for arrest.
- (4) All signs placed along the river corridor shall be informational in nature and shall comply to standards established by the GRDA.
- (5) Display on each Flotation Device the name of the Commercial Float Operation and an identification number at least three (3) inches high and two (2) inches wide on both the right and left sides (port and starboard sides), or once if it has no sides.
- (6) Assist in river and bank clean-up in their float area at least once each week during all weeks their Flotation Devices are operated on the river. Operators must also immediately notify GRDA of any navigational hazards on the river and provide assistance to GRDA as needed.
- (7) Provide, in each Flotation Device used, at least one U.S. Coast Guard approved wearable personal flotation device (life jacket) in good and serviceable condition for each person on board so placed as to be readily accessible and of a size suitable to the person who is or will be wearing it.
- (8) The GRDA can better protect the river and deploy its resources with knowledge of how many people are floating the river during various times. Accordingly, each Operator shall track and report monthly to the CEO the number of their customers per commercial float area from May through September.
- (9) All vehicular equipment owned or operated by a Commercial Float Operator or Operation, including trailers, must be properly registered, licensed, insured, and operated in accordance with all federal and state law and regulations. All vehicular equipment used must be in sound mechanical condition and trailer lights must light up when vehicle brakes are applied. In the event a school bus is put into service for the use of transporting (shuttling) visitors, the words "School Bus", the extension arm "Stop" sign, and all flashing lights must be removed, as required by applicable laws. Shuttle drivers must have the appropriate class of license for the vehicle being driven.

(i) Non-profit organizations may elect to obtain temporary licenses for their Flotation Devices as commercial Flotation Devices provided they do not exceed the float area restrictions of the Scenic Rivers as described in 300:40-1-5.

**300:40-1-5. Limitation on licensing of Flotation Devices**

- (a) It is the intent of the GRDA in issuing commercial flotation licenses to protect the ecosystem and environment and the aesthetic, scenic, historic, archaeological, and scientific features of the Scenic River areas as well as the public health and safety of individuals using the Scenic River areas.
- (b) It is the determination of the GRDA that at this time the Scenic Rivers cannot assimilate the damages to their ecosystems, environments, and aesthetic, scenic, historic, archaeological, and scientific features if more than 3,900 licenses are issued. Further, the protection of public health and safety requires that the GRDA not grant additional licenses.
- (c) The GRDA recognizes the current interests and property rights of persons with respect to Flotation Devices presently available for hire within its jurisdiction subject to the GRDA Commercial Float Area limitations. The number of such devices shall be set at a maximum of 3,900 for the combined Scenic River areas.
- (d) Any licensing of Flotation Devices in excess of said 3,900 shall be subject to approval of the GRDA. In order to receive an excess license, an applicant must reasonably demonstrate there will not be an adverse impact on the waterways within the jurisdiction of the GRDA. Such additional licensing shall be determined on the basis of density of current usage, number of licenses requested, and other considerations necessary for river protection.
- (e) In the event the GRDA determines that the requested licenses may harm the ecosystem, environment, or aesthetic, scenic, historic, archaeological or scientific features of the section of the river for which the licenses are sought, the GRDA shall deny the issuance of any licenses irrespective of the number of licenses currently issued. The GRDA shall also deny the issuance of any licenses irrespective of the number of licenses currently issued in circumstances when, in the opinion of the CEO, the health and safety of individuals floating on the river may be threatened by the addition of new Flotation Devices. Any license issued above 3,900 in any calendar year shall be temporary, for a stated period of time, and shall not be renewed during the annual licensing process.
- (f) The Illinois River Scenic River area is divided into the following sections for Commercial Flotation Operation and licensing purposes:
  - (1) From the Arkansas-Oklahoma state boundary (Illinois River mile 0) southward to Round Hollow Public Access Area (Illinois River mile 27.7) shall be known as GRDA Commercial Float Area One (GRDA CFA One).
  - (2) From Chewey Bridge (Illinois River Mile 23.6) southward to the No Head Hollow Public Access Area (Illinois River Mile 41.5) shall be known as GRDA Commercial Float Area Two (GRDA CFA Two).
  - (3) From Comb's Bridge (Illinois River mile 36.1) southward to and including the confluence of the Barren

## Permanent Final Adoptions

Fork Creek with the Illinois River shall be known as GRDA Commercial Float Area Three (GRDA CFA Three).

(g) Commercial Flotation Devices may only be floated in the commercial float area where they are licensed. Non-profit groups and persons wishing to engage in extended overnight float trips for the purposes of camping and/or fishing along the Scenic Rivers may float in areas outside of their licensed areas so long as a float plan is filed with the CEO and his approval is received.

(h) The operation of a commercial Flotation Device within a GRDA Commercial Flotation Area in violation of 300:40-1-5, shall subject that Commercial Float Operation to a fine not to exceed One Hundred Dollars (\$100.00).

### **300:40-1-6. Non-commercial fee procedures**

(a) Private, non-commercial Flotation Devices and persons who use them are subject to such statutory fees that are in effect while they are floating on state-designated Scenic Rivers.

(b) The CEO shall develop forms and procedures for the collection and administration of non-commercial fees.

(c) Businesses and commercial float operations ("collectors") may, on behalf of the GRDA, collect non-commercial fees and issue receipts or usage indicators when they are approved by the CEO and use the current forms and procedures of the GRDA. Collectors shall remit the non-commercial fees they collect to the GRDA using the current forms and procedures. Collectors may retain a percentage of statutory non-commercial fees for administering the non-commercial fee process in the amount that is currently designated by the GRDA but not more than 10%.

(d) GRDA Police and the CEO may require anyone using a non-commercial Flotation Device on or leaving the waters of a scenic river, who does not establish that they are exempt from statutory fees, to either show a receipt for or pay the statutory annual non-commercial fee.

## **SUBCHAPTER 2. PUBLIC ACCESS AREAS**

### **300:40-2-1. Camping fees**

(a) Camping shall only be allowed in campsites that are located within Public Access Areas and are designated by the CEO. Only one tent, along with one tent for children, is allowed per campsite.

(b) Camping fees shall be the same as the camping rates charged by the Oklahoma Tourism and Recreation Department. The GRDA shall post the current fee schedule. See, 82 O.S. § 896.16.

(c) The regular camping fee shall be discounted 50%:

(1) where one or more campers are 62 years of age or older, as documented by a valid driver's license, state-issued identification card, or passport;

(2) where one or more campers are certified as totally (100%) disabled or blind, as documented by a Medicare card or other federal or state-issued instrument; or

(3) for groups that provide at least 25 hours each year of beneficial service to the environment such as tree planting, refuse clean up or wildlife habitat improvement, as approved by the CEO.

(d) The CEO may waive or suspend camping fees for certain periods in the public interest.

### **300:40-2-2. Time limits and extensions**

(a) The duration of the authorized Camping shall be noted on each camping receipt, based on the number of days paid for in advance.

(b) Camping within the same Campsite or Public Access Area for longer than 7 consecutive days is prohibited without prior written approval from the CEO.

(c) The CEO may grant extensions beyond the 7 consecutive day limit in writing after consideration of the extent of public access area use, the particular recreation season, and anticipated holiday or weekend occupancy.

(1) Persons receiving extended camping privileges shall be limited to specific Campsites.

(2) Extensions shall be requested at least 48 hours prior to the date on which the extension would commence.

(d) Persons with a medical disability, who can verify that they are currently under a physician's care for such disability, may maintain the same Campsite for periods longer than 7 days with prior written approval from the CEO.

### **300:40-2-3. Use of public access areas**

(a) No person shall camp in a Campsite under the jurisdiction of the GRDA without paying the fee established by this section.

(b) Camping fee receipts shall be retained by campers for the duration of their stay and shall be available for review upon request of the CEO, a Camp Host or the GRDA Police.

(c) Camping fees receipts entitle the named holder to use a Campsite for the duration indicated on the receipt under the conditions set forth in this section. All camping fee receipts are non-transferable.

(d) The daily camping fee covers use of Campsites from 5:00 p.m. on the day of payment until 5:00 p.m. on the following day. Occupants shall vacate the Campsite by removing their personal property from the Campsite prior to 5:00 p.m. on the day they are scheduled to leave.

(e) The following activities are prohibited in all Public Access Areas:

(1) Excavation or leveling of the ground.

(2) Hanging a propane or gas operated lantern on any tree or plant.

(3) Leaving refuse or human waste at a campsite after departure.

(4) Camping within 25 feet of a water hydrant or within 100 feet of a stream, river or body of water, except where otherwise designated.

(5) Creating or sustaining unreasonable noise at a campsite as determined by the CEO or GRDA Police considering the nature and purpose of the actor's conduct, the impact on other users, and other factors which would

govern the conduct of a reasonably prudent person under the circumstances.

(6) Constructing permanent Camping facilities or dwellings.

(7) Camping or parking vehicles outside of Campsites and parking areas designated by the CEO.

(8) Parking a vehicle in, blocking access to, or occupying any designated Campsites without having first paid camping fees for that Campsite.

(9) Using the utility services in a Campsite or Public Access Area without having first paid Campsite or utility fees.

(10) Connecting more than one water, electrical or sanitary connection per Campsite or connecting to a utility which exceeds its manufactured design or capacity.

(11) There may not be more than two vehicles per campsite.

(12) Camping longer than duration of stay noted on the Camping receipt or exceeding the time limits set forth in this subchapter without prior written approval from the CEO.

(13) Entering or remaining in a Public Access Area for any purpose other than camping or authorized day use activities, except fishing.

(14) Possession or use of fireworks in Public Access Areas. The CEO may authorize fireworks on the 4th of July.

(15) Fires may only be built in fire pits or cookers established by the GRDA.

(16) Cutting or defacing trees, destroying vegetation, breaking limbs and branches from live trees for firewood in Public Access Areas.

(17) Pets must be leashed at all times when outside tents or recreational vehicles.

(f) Day use of Public Access Areas for general recreational activities, such as swimming, picnicking, fishing, and boat launching is permissible without charge only during open hours as defined and posted by the CEO.

(g) Entering or remaining in a day use area during closed hours is prohibited for any purpose, except for lawful fishing.

(h) Possession of an open container, or consumption, of alcohol (including Spirits, wine, beer and light or 3.2 beer) is prohibited in seven Public Access Areas: Todd, US 62 Bridge Access on the Illinois River, US 412 Bridge Access on Flint Creek, Lake Frances Dam Public Access Site, US 59 Illinois River Bridge Crossing Access Area, and Carnes Ford Area.

(i) Commercial Operators who use a Public Access Area to launch and retrieve Flotation Devices shall not block or discourage private use and shall police the area and its gravel bars for litter after each use. Commercial operators may not remain parked on gravel bars, block signage, trash receptacles, roads, access points, or life jacket loaner stations.

(j) Violations of GRDA regulations or state law may result in the suspension or revocation of Camping authorization or day use privileges. Other penalties prescribed by law may also apply.

**300:40-3-1. Life jackets**

All persons in a Flotation Device on a Scenic River must possess a U.S. Coast Guard-approved personal flotation device that is appropriately-sized and in good working order. All children 12 years of age and younger must wear their personal flotation device at all times while floating on a Scenic River.

**300:40-3-2. Alcoholic beverages**

The GRDA has found that drunk and disorderly conduct on the Scenic Rivers and in Public Access Areas is a danger to the public and to the Rivers, and is therefore a public nuisance for which the public has demanded abatement.

(1) Possession of any beverage defined as "Spirits" in the Oklahoma Alcoholic Beverage Control Act is prohibited on the Scenic Rivers and in Public Access Areas at all times. The Oklahoma Alcoholic Beverage Control Act defines "Spirits" to mean, in part, *any beverage other than wine, beer or light beer, which contains more than one-half of one percent (1/2 of 1%) alcohol measured by volume and obtained by distillation, whether or not mixed with other substances in solution and includes those products known as whiskey, brandy, rum, gin, vodka, liqueurs, cordials and fortified wines and similar compounds; but shall not include any alcohol liquid completely denatured* (2015 Title 37 O.S. Section 506).

(2) Wine, beer and light beer in the original, non-glass packaging may be possessed and consumed by persons 21 years of age or older while floating on Scenic Rivers and in the Stunkard, Peavine, Edmondson, Round Hollow, No Head and Echota public access areas.

**300:40-3-3. River Hazards and Closures**

In emergency circumstances, GRDA may close the Scenic Rivers, or sections of the Scenic Rivers, to private and commercial use. In order to help ensure the safety of the Floating Public, Commercial Float Operators must remain cognizant of changing river levels and conditions in their commercial float areas. River levels are determined by the USGS gage at Chewey Bridge when operating upstream of River Mile 40 and the USGS gage at Tahlequah when operating below River Mile 40.

(1) Commercial Operations are prohibited when river levels are determined to be at flood stage or the river is still rising and approaching flood stage as determined by the USGS gages.

(2) When river levels are higher than 6' foot at the USGS Chewey Bridge gage or 6'6" at the USGS Tahlequah gage, Commercial Float Operators will practice due diligence in informing clients regarding the inherent dangers of floating at high river levels.

(3) Commercial Float Operators will use discretion in providing service to people who appear to be incapacitated to the point of being harmful to themselves or others.

**SUBCHAPTER 3. BOATER SAFETY**

**SUBCHAPTER 4. PROTECTION OF NATURAL RESOURCES**

# Permanent Final Adoptions

## **300:40-4-1. Protection of Scenic Rivers' natural resources**

The purpose of Sections 40-4-1 through 40-4-7 is to establish standards for the GRDA to protect the natural resources of the Scenic Rivers located within its current operating area, which includes the Illinois River and Flint Creek within Adair, Cherokee and Delaware Counties, and those portions of Barren Fork Creek within Cherokee County (referred to in this chapter as "Scenic Rivers").

## **300:40-4-2. Recreational vehicles**

No vehicle shall drive upon the Scenic River streambeds for purposes of enjoyment or recreation.

## **300:40-4-3. Certain containers prohibited**

Containers made of glass or Styrofoam (bottles, jars, plates, etc.) and jello-shot containers are not allowed on Scenic Rivers; except, however, that prescription medicine and the contents of trash containers from river cleanups are exempt.

## **300:40-4-4. Gravel mining operations prohibited**

(a) When used in this section, the following definitions apply:

(1) The term "River Bank" means the area lying directly adjacent to the River Bed with a width of 100 feet on either side of the River Bed.

(2) The term "River Bed" means any area of the river lying below the ordinary high water mark.

(b) Gravel mining operations which remove gravel from the River Beds of Scenic Rivers are prohibited and are declared a public nuisance.

(c) Gravel mining operations are prohibited and declared a public nuisance where such operations remove gravel from the banks of Scenic Rivers if such removal negatively impacts the river by causing turbidity, erosion, pollution, or otherwise damages the Scenic River environment.

(d) This section shall apply to restrict state permits to mine gravel that are pending as of April 20, 1993 or new permit applications submitted after that date. The CEO may authorize site-specific exemptions for good cause, such as to remove gravel that was deposited above the ordinary high water mark by floods.

## **300:40-4-5. Ice chest restrictions**

To prevent littering, no Flotation Device shall contain an ice chest that does not have a secured lid to prevent spilling its contents or is larger than 52-quart capacity on a Scenic River.

## **300:40-4-6. Tying Flotation Devices prohibited**

To minimize environmental damage to the stream and river banks and increase public safety, no person shall tie or otherwise connect two or more Flotation Devices together on Scenic Rivers except during rescue and retrieval. Drink coolers must be so closely tied to Flotation Devices as to be within arms-

reach of the occupant of the Flotation Device to which it is attached.

## **300:40-4-7. Vessel restrictions**

Except for GRDA and law enforcement personnel, and during GRDA authorized search and rescue training and operations, no person shall:

(1) operate a commercial Flotation Device on Flint Creek in Delaware County or on those portions of Barren Fork Creek in Cherokee County;

(2) operate a jet ski, airboat, hovercraft or similar water craft on a Scenic River; or

(3) operate a vessel with a motor of more than 10 horsepower on a Scenic River. Provided, however, that vessels with up to 25 horsepower may be used by anyone gigging during gigging season defined by the Oklahoma Department of Wildlife Conservation, and by Commercial Float Operators to rescue floaters; and

(4) All vessels must meet U.S. Coast Guard and State of Oklahoma requirements. Commercial Float Operators shall notify GRDA Police when searching for floaters.

**GIST/ANALYSIS:**

The proposed rules detail the duties of the Chief Executive Officer and the Board of Directors for enforcement proceedings related to the issuance of permits, and licenses by the agency. The proposed rules allow for a Notice of Violation to be issued, a hearing officer to preside over any hearing and prepare a written report which shall be presented to the Board of Directors for action. The text of the proposed rules is currently included in Title 300, Chapter 35 Lake Rules and has been revised and is proposed as a separate chapter.

**CONTACT PERSON:**

Tamara Jahnke, Assistant General Counsel, Grand River Dam Authority, 9933 E. 16<sup>th</sup> Street, Tulsa, OK 74128.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2022:**

**300:45-1-1. Chief Executive Officer duties**

The Chief Executive Officer of the Grand River Dam Authority is authorized to administer the Rules and Regulations promulgated by the Grand River Dam Authority. The Chief Executive Officer, or the Chief Executive Officer's designee, shall issue all permits and licenses provided for herein and may, at the sole discretion of the Chief Executive Officer or the designee, hold such public meetings or hearings as deemed necessary related to such matters.

**300:45-1-2. GRDA Board of Directors duties**

The Board of Directors of the Grand River Dam Authority retains the right to authorize and issue any and all permits and licenses not specifically provided for in these Rules and Regulations. No fees, charges or any of these Rules and Regulations shall be changed in any manner without the approval of the Board of Directors.

**300:45-1-3. Hearings for violation of rules**

(a) Notice of Violation. A Notice of Violation may be issued by the Chief Executive Officer or his designee after the discovery of a violation of any rule. A Notice of Violation shall be signed by the GRDA employee issuing it and shall state:

- (1) The name of the person or entity responsible for the violation (the "Respondent");
- (2) A description of the nature of the violation;
- (3) The remedial action and/or the relief required, which may include revocation of the permit or the imposition of a fee, penalty or fine as authorized by statute and/or the correction of any deficiency;
- (4) A reasonable time to comply with the remedial action and/or the relief required;
- (5) That the Respondent may submit a response to the Notice of Violation, how and where a response may be submitted, and the deadline to submit a response; and

(6) That, in connection with the submission of a response to the Notice of Violation, the Respondent may request a hearing before the Chief Executive Officer or his designee to challenge the Notice of Violation.

(b) Service of the Notice of Violation. At the election of the GRDA, a Notice of Violation shall be served upon the Respondent in the same manner as a civil summons is served. In the event the violation relates to a dock that is not permitted in the current owner's name or the permit owner is deceased and no probate is pending, service can be made by posting the Notice on the dock or walkway to the dock.

(c) Permits. In matters involving permits issued by the GRDA, the Respondent shall be the person in whose name the permit is currently listed or the current owner of the dock if ascertainable. The Respondent shall be the only person entitled to notice under this subsection.

(d) Response to Notice of Violation. In the event that the Respondent submits a response to the Notice of Violation, the response shall include a detailed statement of the reasons that Respondent objects to the Notice of Violation and all arguments that the Respondent desires to make at hearing, if requested. A Respondent who fails to submit a response to the Notice of Violation in the time and manner stated in the Notice of Violation may be deemed by the GRDA Chief Executive Officer or his designee to have waived the right to object or present a defense to the Notice of Violation.

(e) Hearing. A Respondent who requests a hearing must also submit a response to the Notice of Violation in order to provide an address and telephone number that the GRDA may use to communicate with the Respondent concerning the hearing and final order. Upon timely receipt of a request for a hearing, the Chief Executive Officer or his designee shall set the matter for hearing and shall notify the Respondent in writing of the hearing at least ten (10) calendar days before the hearing. Notice of the hearing shall be delivered to the Respondent using the address specified in the response to the Notice of Violation and shall state the date, time and location of the hearing.

**300:45-1-4. Hearing officer**

The GRDA Chief Executive Officer shall appoint an individual who is not employed by GRDA to preside over any hearing as the Hearing Officer. The authority of the Hearing Officer shall commence upon his appointment and terminate upon the issuance of his written recommendation to the GRDA Board of Directors. The Hearing Officer shall have the duty to conduct a fair hearing, to take all reasonable action to avoid delay, and to maintain order. The Hearing Officer's authority shall include, but not be limited to:

- (1) Arrange and change the date, time and place of hearings and issue notices of hearings;
- (2) Hold conferences to settle, simplify or determine the issues in a hearing, or to consider other matters that may aid in the expeditious disposition of the hearing;
- (3) Administer oaths and affirmations;
- (4) Regulate the course of hearings;
- (5) Examine witnesses and direct witnesses to testify;
- (6) Receive, rule on, admit, exclude or limit evidence.
- (7) Rule on pending motions and procedural items; and

# Permanent Final Adoptions

(8) Allow for continuances.

## **300:45-1-5. Report and record**

The Hearing Officer shall prepare a report containing the following:

- (1) Findings of fact and conclusions of law with the reasons therefore.
- (2) Recommendation to the GRDA Board of Directors regarding the pending Notice of Violation.

## **300:45-1-6. Board Action**

After the Hearing Officer has sent his recommendation to the GRDA Board of Directors as provided in 300:35-21-5 or after the time to remedy the violation has passed in the event the Respondent does not request a hearing, the Board of Directors shall adopt, amend, or reject any findings or conclusions presented to the Board.

## **300:45-1-7. Administrative appeal**

A challenge from the Board of Director's decision shall be made within twenty (20) days from the date of Respondent's receipt of such decision to the District Court.

## **300:45-1-8. Noncompliance, violations and penalties**

Any person, firm or corporation that fails to comply with, or violates any Rule promulgated by GRDA shall, after notice and an opportunity for hearing as provided for herein, be required to reimburse GRDA for any direct cost and overhead incurred as a result of such failure to comply or violation. Such costs may include, but are not limited to, the costs associated with the repair, restoration and reclamation of the lands and waters of GRDA and any storage costs for the Respondent's personal property and any other fee, penalty or fine as authorized by statute. Additionally, GRDA may cancel any permit or license which has been issued in connection with said boat, structure or facility and may remove or cause it to be removed from GRDA's lands and waters at the owner's expense.

GIST/ANALYSIS:

Various subchapters of Chapter 2 are being revised. Subchapter 11 has been updated to accurately reflect that it applies to all Consumer Health Service licenses, not just environmental licenses, and to reduce the completeness review period from 60 to 30 days. Subchapter 21 has been updated to allow an individual to use his/her phone or laptop for videoconference hearings, rather than driving to a county health department location and using its equipment. Lastly, Subchapter 25 has been revised to correct a scrivener's error made in a legal reference.

CONTACT PERSON:

Audrey C. Talley, Agency Rule Liaison, Oklahoma State Department of Health, 123 Robert S. Kerr Avenue, Oklahoma City, OK 73102, 405-426-8563. AudreyT@health.ok.gov.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S.,

SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2022:

SUBCHAPTER 7. ADDITIONAL PROCEDURES FOR ADMINISTRATIVE PENALTY PROCEEDINGS

PART 1. ENVIRONMENTAL HEALTH PENALTIES

310:2-7-1. Applicability

The requirements of Part 1 of this Subchapter, Environmental Health Penalties, are in addition to other requirements of this Chapter governing individual proceedings and are applicable to matters where the Department is a party brought under 63 O.S. § 1-1701.1A.

SUBCHAPTER 11. ENVIRONMENTAL CONSUMER HEALTH SERVICE LICENSE PROCESSING TIMES

310:2-11-1. Purpose and applicability

(a) Purpose. The rules in this Subchapter are intended to establish time periods for issuance or denial of licenses that are required by law for submittals made after the effective date of this Subchapter.

(b) Licenses included. The provisions of this Subchapter apply to licenses reviewed by the Consumer Protection Service Division or the Occupational Licensing Service and their successors Division, both within Consumer Health Service.

(c) Supersedes inconsistent rules. Except as otherwise provided by statute, the provisions of this Subchapter shall supersede any inconsistent provision of other Chapters of this Title.

310:2-11-2. Definitions

The following words or terms, when used in this Subchapter shall have the following meanings, unless the context clearly indicates otherwise:

"Administratively complete" means an application that contains the information specified in the application form and rules in sufficient detail to allow the Department to begin technical regulatory review.

"Application" means a document prepared in accordance with the rules and the forms and instructions provided by the Environmental Consumer Health Service and submitted with the expectation of providing that information necessary for review and determination of the permit. The application consists of the initial submittal and all supplements.

"Division" means those portions of the Department that are specified in Section 310:2-11-1 and which are part of the Environmental Consumer Health Service.

# Permanent Final Adoptions

"**Submittal**" means each separately submitted document or document package that forms a part of an application.

"**Supplement**" means a response to a request for additional information following completeness and ~~technical~~ regulatory reviews, and information submitted voluntarily by the applicant.

## 310:2-11-3. Application submittal

(a) **Application forms.** Each Division ~~shall~~ will make available to the public, for each type of ~~environmental~~ permit or license required, a detailed, comprehensive permit application package, including rules, forms, checklists, instructions and guidance.

(b) **Filing.** Applications and submittals ~~shall~~ be filed with the respective Division.

(c) **Format.** Each submittal must be ~~separately fastened, labeled and tabbed, including maps and drawings complete and legible,~~ so required information can be easily found and to clearly preserve the chronology.

## 310:2-11-4. ~~Common procedures~~ Application processing and review

(a) **Filing of applications.** Unless otherwise provided in this Subchapter, upon the receipt of an application and the proper fee, each Division ~~shall~~ will:

- (1) file-stamp the application with the date of receipt, the Division name and the application number; and
- (2) assign each application to a named person who will do the review. This information ~~shall~~ will be timely logged.

(b) **Administrative completeness review.** Unless otherwise provided in this Subchapter, the reviewer ~~shall have 60~~ has 30 calendar days ~~in which~~ to initially determine if the filed application is administratively complete.

(1) **Not complete.** Upon determining that the application is not administratively complete, the reviewer ~~shall~~ will immediately notify the applicant ~~by mail~~ and ~~shall~~ indicate with reasonable specificity the inadequacies and measures necessary to complete the application. Such notification ~~shall~~ does not require or preclude further review of the application and further requests for specific information. If the reviewer fails to notify the applicant as specified in this Paragraph, the period for ~~technical~~ regulatory review ~~shall~~ will begin at the close of the administrative completeness review period.

(2) **Complete.** Upon a determination that the application is administratively complete, the reviewer ~~shall~~ log the date and immediately notify the applicant by mail. ~~The period for technical~~ regulatory review period begins.

(c) **Technical/Regulatory review.** Each Division involved ~~shall~~ will have ~~thirty (30)~~ 30 days from the date a ~~completed~~ an application is ~~filed~~ determined to be administratively complete to review each application for ~~technical~~ compliance with the relevant regulations and reach a final determination.

(d) **When times are tolled.** The time period for ~~technical~~ regulatory review is ~~toll~~ tolled (the clock stops) during litigation, during public review (public meetings or hearings,

administrative hearings, public comment periods, and review by other federal or State agencies) or when the Division has asked for supplemental information and advised the applicant that the time period is tolled pending receipt.

(e) **Supplements.** To make up for time lost in reviewing inadequate materials, a request for supplemental information may specify that up to 30 additional calendar days may be added to the deadline for ~~technical~~ regulatory review, unless the request for supplemental information is a second or later request that identifies new deficiencies not previously identified.

(f) **Delays/Failure to provide supplemental information.** ~~Failure by an applicant to supplement an application within 180 days after the request shall be deemed to be withdrawn unless the time is extended by agreement for good cause. An application is considered withdrawn, if an applicant fails to provide supplemental information within 180 days from the date of request. The 180 day time period may be extended by agreement for good cause.~~

(g) **Extensions.** Extensions may be ~~made~~ allowed as provided by law or at Consumer Health Service's discretion.

## 310:2-11-5. Pending failures

(a) **Circumstances outside agency control.** ~~Technical review~~ Review times ~~shall~~ may be tolled ~~for specified when, prior to the deadline, when~~ the Commissioner certifies that a failure to meet a deadline is imminent and is caused by circumstances outside the control of the Department. Such circumstances include, but are not limited to, acts of God, a substantial and unexpected increase in the number of applications filed, ~~and~~ or additional review duties imposed on the Department from an outside source.

(b) **Other circumstances.** ~~Where circumstances which are not clearly outside the control of the Department may cause a failure to meet a deadline, then:~~

(1) ~~At least thirty (30) calendar days prior to the deadline the Department shall reassign staff and/or retain outside consultants to meet such deadline.~~

(2) ~~The Applicant may agree to an extension of time for a specific purpose and period of time with a refund of the entire application fee, unless a refund is prohibited by law. When the Department is unable to meet an application deadline for reasons within its control, the applicant can agree to an extension or withdraw the application and receive a refund for the application fee, unless the refund is prohibited by law.~~

## SUBCHAPTER 21. RULES OF PROCEDURE GOVERNING INDIVIDUAL PROCEEDINGS

### 310:2-21-10. Pre-hearing procedure

(a) **Purpose.** All matters pending before the Office of Administrative Hearings are subject to pre-hearing procedures determined by the assigned administrative law judge to be appropriate for a prompt and efficient resolution to matter. At least one pre-hearing conference will routinely be ordered

unless the assigned administrative law judge determines the same to be unnecessary.

(b) **Initial Disclosure Statement.** Within thirty (30) days after the filing of an answer, each party shall file the following information, and shall provide copies to the assigned administrative law judge and all parties:

- (1) A brief statement of the case, together with a list of stipulations to which the party will agree, and requested remedies;
- (2) A list of all known witnesses who have knowledge of the facts surrounding the issues of the case and who may be expected to be called at the hearing. The list shall include a brief summary of the expected testimony of each witness;
- (3) A list of any known documents or other exhibits together with the original or a copy of each document or exhibit that may be offered into evidence at the hearing. Non-documentary exhibits shall be described and a date given when they can be made available to the opposing party for inspection;

(c) **Pre-hearing Conference procedure.** The assigned administrative law judge shall provide notice to the parties of the date, time, and place of any pre-hearing conference at least ten (10) days prior to the scheduled date. The conference shall be informal, structured by the assigned administrative law judge, and not open to the public. If a record is deemed advisable by the assigned administrative law judge or requested by the parties, the conference may be recorded by audio tape and/or transcribed by a court reporter at the requesting party's expense. The pre-hearing conference shall be used to resolve any dispute or matter the resolution of which would promote the orderly and prompt conduct of the pre-hearing process or the hearing on the merits. The administrative law judge shall issue an order reciting any agreements made by the parties as to any matter considered. No witnesses shall appear or present evidence. The assigned administrative law judge may convert a pre-hearing conference into a scheduling conference, which may be held telephonically.

(d) **Final Pre-hearing Conference.** The assigned administrative law judge may hold more than one pre-hearing conferences or a final pre-hearing conference to formulate the final plan to streamline the hearing on the merits. If a final pre-hearing conference is ordered, the attorneys and any unrepresented parties shall confer prior to the final pre-hearing conference and prepare a single suggested Pre-hearing Conference Order for use during the conference and the hearing on the merits. Any party unable to secure the cooperation of another party may submit their own Proposed Final Pre-hearing Conference Order and, if the other party's cooperation is shown to be without cause, request that the other party's Proposed Final Pre-hearing Conference Order be stricken. The Final Pre-hearing Conference Order may follow substantially the form provided in Rule 5 of the Rules for District Court, 12, O.S., Ch.2, App. Such order, when entered, controls the subsequent course of the proceeding, unless modified to prevent manifest injustice. The assigned administrative law judge may waive the requirement of a pre-hearing conference order unless such order is requested by a party.

**310:2-21-28. ~~Video teleconference~~ Videoconference hearings**

(a) **General.** Any hearing may be held using ~~by video teleconference~~ videoconference technology using the capability provided for such transmissions at qualified local county health department locations. The proceedings will be conducted in a manner that is similar to those conducted when all parties are in the same room. ~~Participants will be~~ A participant is required to sit in front of a television monitor and a device (e.g. phone, laptop, computer monitor, television) that allows the person to see the parties at the other locations.

(b) **Procedure.** The opposing party witnesses are required to arrive at the designated video teleconference venue at least twenty (20) minutes prior to the time of hearing. At the commencement of a ~~video teleconference~~ videoconference the presiding administrative law judge, hearing clerk or video coordinator will check that the link has been established. The administrative law judge will confirm that the ~~remote~~ participants at the remote location can be seen and heard clearly and in like manner ~~insure~~ verify that the ~~remote~~ participants at the remote venue can clearly see and hear the participants and administrative law judge at the hearing venue. The assigned administrative law judge will decide and explain the procedure for the ~~video teleconference~~ videoconference prior to testimony being taken. Identification for each participant, such as a driver's license or photo I.D., may be required. At the beginning of the docket, each case will be called and the parties will be given the number in which their case will be heard. Only the case being heard by the presiding administrative law judge will be in video contact with the tribunal. ~~Parties are to remain at the video teleconference location until their case is called and their hearing has been conducted.~~ The administrative law judge may dismiss witnesses prior to conclusion of the hearing.

(c) **Seating and configuration of the participants.** ~~The Department's representative and witnesses will sit on the right side of the table as they are facing the tribunal. The opposing party and witnesses will sit on the left side of the table as they are facing the tribunal. Depending upon the arrangement of the particular room at the remote venue, seating arrangements may change. All persons present will use good manners and maintain a civil attitude. All persons present will dress and act appropriately as conduct themselves as if they were in a formal courtroom, including turning off or silencing all cell phones or other electronic devices. No hats will be worn in either venue. Once a hearing begins, all video teleconference participants at all locations connected to the conference shall be in full view of the camera at all times, with minimal visual obstructions.~~

(d) **Hearing procedure.** The administrative law judge will be in charge of the proceedings. Parties will be sworn in and testimony taken as in a courtroom proceeding. The entire proceeding will be recorded using both audio and video means. Only one person shall talk at a time as directed by the administrative law judge.

(e) **Recesses.** If a recess is taken, the administrative law judge will indicate for the record when it starts and stops and when the record is to continue. The administrative law judge

will also note the presence or absence of those attending and previously identified prior to the recess.

(~~f~~) **Exhibits.** All exhibits that a party intends to present at a hearing must be submitted to the administrative hearing clerk and opposing party/counsel at least five (5) days prior to the hearing. All exhibits must be identified numerically and indicate if the exhibit is by petitioner or respondent. (Example: Respondent's Exhibit 1). If the author of a document is not present to provide a foundation for admission, and the document does not otherwise qualify for an exception, it may be denied admission into evidence unless the administrative law judge determines it has probative value to the issues of the case. Other than a request for a hearing letters to the tribunal or letters to the Department are not part of the evidence unless offered by one of the parties and admitted.

(~~g~~) **Witnesses.** In some cases, witnesses may be required to wait outside the hearing room at a remote venue because of limitations on space or because of a procedural requirement. In most cases, all witnesses will be sworn in at the beginning of the hearing and admonished not to discuss their testimony with other witnesses.

(~~h~~) **Continuances.** A request to continue a video-teleconference hearing must be made no later than five (5) days before the hearing unless there is a showing of good cause. The request must be in writing and either mailed, faxed or emailed to the hearing clerk within the time specified. The request must explain why a continuance is necessary, must indicate the person requesting the continuance, and must indicate if the opposing counsel has been contacted and whether opposing counsel objects to the continuance request. If the hearing is continued, it will be scheduled on the next available docket.

(~~j~~) **Technical difficulties.** If a video link is interrupted or cannot be established, the hearing may be postponed or proceed as a telephone hearing at the discretion of the tribunal.

## SUBCHAPTER 25. DISCOVERY

### 310:2-25-5. Enforcement of discovery rules and orders

The sanctions available in OAC ~~310:2-25-24~~310:2-21-24 are applicable to this Subchapter, and failure or refusal to comply with a discovery order may result in the imposition of one or more sanctions against the offending party. In addition, the Department may seek enforcement by District Court order if deemed necessary for the proper and just disposition of the case.

**GIST/ANALYSIS:**

Subchapter 1: 310:233-1-1 The current rule cites the purpose and source law. The proposed rule reduces redundant language.

310:233-1-2 The current rule defines terms used in the chapter. The proposed rule reduces redundant language and clarifies and adds definitions.

310:233-1-3 There is no current rule. The proposed rule lists out all prohibited acts in the current chapter.

Subchapter 3: The current rule sets professional standards. The proposed rule reduces redundant language.

310:233-3-1 The current rule describes the information required to be retained at the establishment. The current rule has been revoked.

310:233-3-1.1 There is no current rule. The proposed rule describes the hygienic standards of the artist.

310:233-3-2 The current rule describes prohibited acts. The current rule has been revoked.

310:233-3-2.1 There is no current rule. The proposed rule describes the preparation of the body art area.

310:233-3-3 The current rule describes the hygienic standards of the artist. The current rule has been revoked.

310:233-3-3.1 There is no current rule. The proposed rule describes how to clean and sterilize reusable instruments.

310:233-3-4 The current rule exempts the piercing of the ear lobe. The current rule has been revoked.

310:233-3-4.1. There is no current rule. The proposed rule describes how single use items are to be used.

310:233-3-5. The current rule describes the public notification requirements. The current rule has been revoked.

310:233-3-5.1. There is no current rule. The proposed rule describes the identification requirements.

310:233-3-6. The current rule describes what information the artist must document to perform a procedure. The current rule has been revoked.

310:233-3-6.1. There is no current rule. The proposed rule describes what information the artist must document to perform a procedure.

310:233-3-7. The current rule describes the preparation of the body art area. The current rule has been revoked.

310:233-3-7.1. There is no current rule. The proposed rule describes what information is required on after care instructions.

310:233-3-8. There is no current rule. The proposed rule describes record retention limits.

Subchapter 5: The current rule describes sanitation and sterilization procedures. The current rule has been revoked.

310:233-5-1. The current rule describes how to clean and sterilize reusable instruments. The current rule has been revoked.

310:233-5-2. The current rule describes how single use items are to be used. The current rule has been revoked.

Subchapter 7: 310:233-7-1. The current rule describes the physical construction of an establishment. The current rule has been revoked.

310:233-7-1.1. There is no current rule. The proposed rule describes the physical construction of an establishment.

310:233-7-2. The current rule prohibits a mobile establishment. The current rule has been revoked.

310:233-7-2.1. There is no current rule. The proposed rule describes the procedure area.

310:233-7-3. There is no current rule. The proposed rule describes the decontamination room.

310:233-7-4. There is no current rule. The proposed rule describes proper waste disposal.

Subchapter 9: 310:233-9-1. The current rule describes the requirements and cost of establishment license. The current rule has been revoked.

310:233-9-1.1. There is no current rule. The proposed rule describes the requirements and limitations for obtaining a license.

310:233-9-2. The current rule describes the requirements and cost for an artist license. The current rule has been revoked.

310:233-9-2.1. There is no current rule. The proposed rule describes the information needed to apply for and be issued an establishment or event license.

310:233-9-3. The current rule describes prohibitions to holding a license. The current rule has been revoked.

310:233-9-3.1. There is no current rule. The proposed rule describes the requirements and standards for events.

310:233-9-4.1. There is no current rule. The proposed rule describes the requirements for all artist licenses and certificates.

310:233-9-5. The current rule describes the requirements to be a sponsor. The current rule has been revoked.

310:233-9-5.1. There is no current rule. The proposed rule details the license and renewal fees for artist and establishment licenses.

310:233-9-6. The current rule describes the requirements of the apprentice program. The current rule has been revoked.

310:233-9-6.1. There is no current rule. The proposed rule describes the student curriculum requirements.

310:233-9-7. The current rule describes the requirements for an apprentice. The current rule has been revoked.

310:233-9-7.1. There is no current rule. The proposed rule describes how a sponsor certificate may be suspended.

310:233-9-8. The current rule tells applicant to submit document as required by another section. The current rule has been revoked.

Subchapter 11: 310:233-11-1. The current rule describes the investigation and enforcement process. The current rule has been revoked.

310:233-11-1.1. There is no current rule. The proposed rule provides a method for variances and waivers to be granted on a case-by-case basis.

310:233-11-2. The current rule describes the investigation and enforcement process. The current rule has been revoked.

310:233-11-2.1. There is no current rule. The proposed rule sets a timeframe for the correction of violations.

310:233-11-3. The current rule describes how a license may be suspended or revoked. The current rule has been revoked.

310:233-11-3.1. There is no current rule. The proposed rule describes the investigation and enforcement process.

310:233-11-4. The current rule describes how a sponsor certificate may be suspended. The current rule has been revoked.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2022:**

**SUBCHAPTER 1. GENERAL PROVISIONS**

**310:233-1-1. Purpose**

This Chapter ~~is to be used by operators of body piercing and tattooing establishments, by artists and apprentices. The rules are to implement~~ implements the provisions of 21 O.S. Section ~~Sections~~ 842.1 et seq, 842.2 and 842.3. ~~Nothing in OAC 310:233 shall be construed to require an artist to perform a body piercing or tattoo procedure upon a client.~~

## Permanent Final Adoptions

### 310:233-1-2. Definitions

The following words and terms, when used in this Chapter, shall have the following meaning unless the context clearly indicates otherwise:

**"Aftercare"** means written instructions given to the client, specific to the body piercing or tattooing procedure(s) rendered, on caring for the body piercing or tattoo and surrounding area.

**"Antiseptic"** means an agent that destroys disease-causing microorganisms on human skin or mucosa.

**"Apprentice"** means any person who is training under the supervision of a licensed tattoo artist. That person cannot independently perform the work of tattooing. Apprentice also means any person who is training under the supervision of a licensed body piercing artist. That person cannot independently perform the work of body piercing [21:842.1(C)(6)(D)(6)].

**"Apprentice program"** means an approved body piercing or tattooing training program conducted by an approved apprentice sponsor.

**"Apprentice sponsor"** means an individual approved by the Department to ~~conduct~~ sponsor a body piercing or tattooing apprentice program.

**"Artist"** means *the person who actually performs the body piercing or tattooing procedure* [21:842.1.B][21:842.1(D)(5)].

**"Aseptic technique"** means a hygienic practice which prevents and hinders the direct transfer of microorganisms, regardless of pathogenicity, from one person or place to another person or place.

**"Autoclave"** means a piece of medical equipment that employs the steam under pressure method of sterilization.

**"Bloodborne pathogen certification"** means a training program that shall contain a general explanation of epidemiology and symptoms of bloodborne diseases.

**"Body piercing"** means a procedure in which an opening is created in a human body solely for the purpose of inserting jewelry or other decoration; provided, however, the term does not include ear piercing [21:842.1.B][21:842.1(D)(1)].

**"Body piercing operator"** means any person who owns, controls, operates, conducts, or manages any permanent body piercing establishment, whether actually performing the work of body piercing or not [21:842.1(C)(3)].

**"Church"** means an establishment, other than a private dwelling, where religious services are usually conducted [21:842.3(C)(3)(b)].

**"Client"** means a person requesting the application of a body piercing or tattoo.

**"Contaminated waste"** means any liquid or semi-liquid blood or other potentially infectious materials; contaminated items that would release blood or other potentially infectious materials in a liquid or semi-liquid state if compressed; items that are caked with dried blood and other potentially infectious materials, as defined in 29 Code of Federal Regulations Part 1910.1030, known as "Occupational Exposure to Bloodborne Pathogens".

**"CPR Certification"** means Cardiopulmonary Resuscitation and shall include instruction for the basic adult CPR training.

**"Department"** means the Oklahoma State Department of Health.

**"Disinfection"** means the destruction of disease-causing microorganisms on inanimate objects or surfaces, thereby rendering these objects safe for use or handling; a process of reducing the number of microorganisms on cleaned procedure surfaces and equipment to a safe level with germicidal solution as has been approved by the Department.

**"Ear piercing"** means puncturing the lobe of the ear not to include cartilage.

**"Ear piercing gun"** means a device that pierces an individual's ear lobe using a single-use stud and clasp ear piercing system.

**"Equipment"** means all machinery, including fixtures, containers, vessels, tools, devices, implements, furniture, display and storage areas, sinks and all other apparatus and appurtenances used in connection with body piercing and tattooing procedures.

**"First aid certification"** means a training program that includes instruction in injury and acute illness.

**"Germicidal solution"** means a cleansing agent that kills disease-causing microorganisms on hard surfaces and is a disinfectant or sanitizer registered with the Environmental Protection Agency.

**"Germicidal soap"** means an agent designed for use on the skin that kills disease-causing microorganisms.

**"Handwashing facility"** means a sink equipped with hot and cold or tempered running water under pressure, used for washing hands, arms or other portions of the body.

**"HBV"** means Hepatitis B virus and is a DNA virus that attacks the liver causing serious disease.

**"HCV"** means Hepatitis C virus and is a RNA virus found in the blood of persons who have the disease which attacks the liver causing serious disease.

**"HIV"** means human immunodeficiency virus.

**"Hot water"** means water that attains at least 100°F and maintains a temperature as specified in OAC 158:30.

**"Instruments used for body piercing"** means disposable or reusable instruments that may contact a client's body or body fluids during body piercing procedures.

**"Instruments used for tattooing"** means disposable or reusable instruments that may contact a client's body or body fluids during tattooing procedures.

**"Integrator strips"** means strips or devices used in pouches or autoclave chambers that prove the condition of sterilization has been met.

**"Jewelry"** means any personal ornament inserted into a newly pierced area.

**"License"** means written approval by the Department for an artist to perform body piercing or tattooing or written approval by the Department to operate a body piercing or tattoo establishment.

**"Operator"** means:

(A) body piercing operator, which is any person who owns, controls, operates, conducts, or manages any permanent body piercing establishment, whether actually performing the work of body piercing or not. A mobile unit, including, but not limited to, a mobile

home, recreational vehicle, or any other nonpermanent facility, shall not be used as a permanent body piercing establishment [21 O.S. § 84201(D)(3)]; or (B) tattoo operator, which is any person who owns, controls, operates, conducts, or manages any permanent tattooing establishment whether performing the work of tattooing or not, or a temporary location that is a fixed location at which an individual tattoo operator performs tattooing for a specified period of not more than seven (7) days in conjunction with a single event or celebration, where the primary function of the event or celebration is tattooing [21 O.S. § 84201(D)(4)].

"Playground" means a place, other than grounds at a private dwelling, that is provided by the public or members of a community for recreation [21:842.3(C)(3)(C)].

"Procedure surface" means any part of furniture or fixtures designed to contact the client's body during a body piercing or tattooing procedure or any surface where instruments and equipment have come into contact with the client during the procedure.

"Regulatory authority" means a representative, such as an onsite inspector, of the Department.

"Release form" means a release of liability that shall be completed by the client previous to receiving a body piercing or tattoo procedure.

"School" means an establishment, other than a private dwelling, where the usual processes of education are usually conducted [21:842.3(C)(3)(a)].

"Sharps" means any object (sterile or contaminated) that may purposefully or accidentally cut or penetrate the skin or mucosa including, but not limited to, pre-sterilized single use piercing or tattooing needles and razor blades.

"Sharps container" means a puncture-resistant, leak-proof container that is labeled or color coded that can be closed for disposal.

"Single use" means products or items that are intended for one-time, one-person use and are disposed of after use on each client including, but not limited to, cotton swabs or balls, tissues or paper products, paper or plastic cups, gauze and sanitary coverings, razors, piercing and tattooing needles and protective gloves.

"Skills challenge" means a testing mechanism that enables persons who have received training in tattooing and have experience in performing tattooing procedures to challenge the training requirements by satisfactorily completing the written examination.

"Spore test" means a biological monitoring process in which a third party laboratory culturing service is engaged to monitor spore growth on media processed in an autoclave.

"Statim autoclave" means a brand of autoclave utilizing the steam flush pressure pulse method of sterilization.

"Sterilization" means a process resulting in the destruction of all forms of microbial life, including highly resistant bacterial spores.

"Student" means an individual approved for the curriculum portion of the training program and cannot perform tattoo or body piercing procedures on a human.

"Tattooing" means the practice of producing an indelible mark or figure on the human body by scarring or inserting a pigment under the skin using needles, scalpels, or other related equipment; provided that medical micropigmentation, performed pursuant to the provisions of the Oklahoma Medical Micropigmentation Regulation Act, shall not be construed to be tattooing [21:842.1(C)(2)].

"Tattoo operator" means any person who owns, controls, operates, conducts or manages any permanent tattooing establishment whether performing the work of tattooing or not [21:842.1(C)(4)].

"Temporary artist license" means a person that is not licensed through the State of Oklahoma that is a body piercing artist or tattoo artist doing temporary work at a licensed body piercing or tattoo establishment not to exceed 30 days.

"Ultrasonic cleaning unit" means a piece of medical equipment utilizing ultrasound energy to thoroughly clean instruments for body piercing or tattooing.

"Universal precautions" means an approach to infection control that treats all human blood and certain human body fluids as if known to be infectious for Human Immunodeficiency Virus (HIV), Hepatitis B Virus (HBV), Hepatitis C Virus (HCV), and other bloodborne pathogens.

**310:233-1-3. Prohibited acts**

(a) In addition to the prohibited acts stated in 21 O.S. §§ 842.1, 842.2, and 843.3, an artist can only use an ear-piercing gun on the portion of the earlobe that does not contain any cartilage.

(b) Artist shall not perform body piercing or tattoo procedures:

(1) Without a valid artist license in the appropriate category issued by the Department;

(2) Outside of a licensed body piercing or tattooing establishment or event;

(3) Upon another person if the other person is under the influence of alcohol or a controlled substance;

(c) Tattoo and body piercing establishments shall not:

(1) Operate or solicit business as a body piercing or tattoo establishment without a valid establishment license, in the appropriate category, issued by the Department;

(2) Allow eating or drinking by anyone within the procedure areas;

(3) Allow smoking or vaping of any substance within the establishment;

(4) Allow a person with an exposed infectious sore to work in any area of the establishment where there is a likelihood that they could contaminate instruments, supplies, or procedure surfaces with body substances or pathogenic organisms; and

(5) Allow animals of other than fish in a fish tank except service animals used by persons with disabilities as defined in 28 CFR § 36.104.

(d) Tattoo procedures shall not be performed on a person under eighteen (18) years of age.

(e) Body Piercing procedures shall not be performed on a person under eighteen (18) years of age unless the legal parent

# Permanent Final Adoptions

or legal guardian of such a child gives written consent and is present for the procedure.

(f) No person shall be allowed to purchase or possess tattoo equipment or supplies without being licensed either as an Oklahoma Medical Micropigmentologist or as an Oklahoma tattoo artist.

(g) A mobile unit, including, but not limited to, a mobile home, recreational vehicle, cargo trailer or any other non-permanent facility, shall not be used as a body piercing or tattoo establishment.

## SUBCHAPTER 3. BODY PIERCING ARTIST AND TATTOO ARTIST REQUIREMENTS AND PROFESSIONAL STANDARDS

### 310:233-3-1. Records [REVOKED]

The following information shall be kept on file on the premises of a body piercing or tattooing establishment and shall be available for inspection by the Department:

- (1) Artist information shall include:
  - (A) Full name and exact duties of each artist;
  - (B) Date of birth of each artist; and
  - (C) Identification photo of each artist.
- (2) Body piercing or tattoo establishment information shall include:
  - (A) Body piercing or tattoo establishment name;
  - (B) Hours of operation;
  - (C) Owner's name and address;
  - (D) Operator's name and address (if different from the owner);
  - (E) A complete definition of all body piercing procedures performed;
  - (F) An inventory of all instruments and supplies, including body jewelry, sharps used for any and all body piercing or tattooing procedures, including names of manufacturers and serial or lot numbers, if applicable, which may be satisfied by retaining invoices or orders; and
  - (G) Proof that all artists have either started or completed or were offered and declined, in writing, using the form provided by the Department, the Hepatitis B vaccination series.

### 310:233-3-1.1. Hygienic standards

(a) General. An artist must comply with all hygienic practices and procedures described in this section.

(b) Personal Hygiene. When performing procedures an artist maintains a high degree of personal cleanliness, wears clean clothes, and closed-toe shoes.

(c) Washing and Drying Hands. To properly wash and dry hands, an artist will:

- (1) thoroughly wash his/her hands in warm running water that is at least 100 °F with germicidal soap;
- (2) rinse his/her hands in warm running water that is at least 100 °F; and
- (3) dry with disposable paper towels.

(d) When to Wash and Dry Hands. An artist will wash and dry his/her hands as described in (c) of this Section:

- (1) immediately before donning gloves to perform a procedure;
- (2) immediately after removing gloves at the conclusion of a procedure;
- (3) when leaving the work area;
- (4) as soon as feasibly possible after potential contact with a contaminated surface; and
- (5) after eating, drinking, vaping, or smoking.

(e) Disposable Gloves. An artist wears disposable exam gloves to minimize the possibility of transmitting infection to the client. Exam gloves are put on and removed in accordance with aseptic technique.

(1) At least one new pair of exam gloves is used for each of the following stages:

- (A) Hard surface disinfection;
- (B) Setup of instruments;
- (C) Preparation of the body art area; and
- (D) The procedure.

(2) If the glove is pierced or torn while performing a procedure, then the contaminated gloves are discarded immediately, and the artist's hands are washed and dried as described in (c) of this Section before a fresh pair of gloves are applied.

(f) Item or Instrument Contamination. Any item or instrument that has come into contact with a surface other than the procedure surface or the client during the procedure is discarded and replaced immediately with a new disposable item or a new sterilized instrument.

(g) Disinfect Surface Area. All procedure surfaces are disinfected with a germicidal solution immediately after completing a procedure.

### 310:233-3-2. Prohibited acts [REVOKED]

(a) It shall be unlawful for any artist to perform body piercing or tattoo procedures outside of a licensed body piercing or tattooing establishment.

(b) Eating or drinking by anyone is prohibited in the area where body piercing or tattooing is performed by the licensed artist in a licensed body piercing or tattoo establishment. Smoking is prohibited in any licensed establishment.

(c) No person under eighteen (18) years of age shall be allowed to receive a tattoo. No person under eighteen (18) years of age shall be allowed to receive a body piercing procedure unless the legal parent or legal guardian of such a child gives written consent for the procedure and the legal parent or legal guardian of the child is present during the procedure [21:842.1(A)].

(d) No person with an exposed infectious sore shall work in any area of a body piercing or tattoo establishment where there is a likelihood that they could contaminate body piercing or tattoo instruments, supplies or procedure surfaces with body substances or pathogenic organisms.

(e) No animals of any kind shall be allowed in a body piercing or tattoo establishment except service animals used by persons with disabilities or as allowed in 310:233-7-1.

- (f) A person shall not perform body piercing or tattoo upon another person if the other person is under the influence of alcohol or a controlled substance.
- (g) An ear piercing gun shall not be used on any body part other than the ear lobe, which does not contain cartilage. This device must be autoclave sterilized between clients after each use or be single use and disposable.
- (h) No person shall be allowed to purchase or possess tattoo equipment or supplies without being licensed either as an Oklahoma Medical Micropigmentologist or as an Oklahoma tattoo artist [21:842.1(A)].
- (i) All body piercing operators, tattoo operators and artists shall be prohibited from performing body piercing or tattooing unless licensed in the appropriate category by the Department [21:842.3(A)].

**310:233-3-2.1. Preparation and care of the body art area**

- (a) Before a procedure is performed, the immediate and surrounding area of the skin shall be prepared with an approved antiseptic skin preparation.
- (b) Oral piercing shall be prepared with an oral antiseptic mouth rinse.
- (c) If shaving is necessary, single use disposable razors shall be used and discarded into a sharps container.
- (d) Any utensil used for marking the skin shall be single use and disposed of after the procedure.
- (e) Any skin or mucosa surface being prepared for a procedure shall be free of rashes or any visible signs of infection.
- (f) Any jewelry inserted into a fresh piercing shall be:
  - (1) Autoclave sterilized while fully disassembled; and
  - (2) Inspected and found free of nicks, scratches or irregular surfaces before insertion into a fresh body piercing.
- (g) Jewelry shall be made of:
  - (1) 316L or 316LVM stainless steel;
  - (2) Solid 14k or 18k yellow or white nickel-free gold;
  - (3) Niobium;
  - (4) Titanium or platinum;
  - (5) Poly Tetra Fluoro Ethylene (PTFE); or
  - (6) Tygon.

**310:233-3-3. Standards [REVOKED]**

- (a) ~~The artist shall maintain a high degree of personal cleanliness, conform to hygienic practices and wear clean clothes, including closed toed shoes, when performing body piercing or tattoo procedures. Before performing body piercing or tattoo procedures, the artist must thoroughly wash their hands in hot running water (with a minimum temperature of 100° F) with germicidal soap, then rinse hands and dry with disposable paper towels. This shall be done as often as necessary to remove contaminants. At a minimum this includes:~~
  - (1) ~~Immediately prior to donning gloves to perform a body piercing or tattoo procedure;~~
  - (2) ~~Immediately after removing gloves at the conclusion of a body piercing procedure or tattoo procedure;~~
  - (3) ~~When leaving the work area;~~

- (4) ~~As soon as feasibly possible after potential contact with contaminated surface(s) has occurred; and~~
- (5) ~~Before and after eating, drinking or smoking.~~
- (b) ~~In performing body piercing or tattoo procedures, the artist shall wear disposable exam gloves to minimize the possibility of transmitting infection to the client being pierced or tattooed. Exam gloves must be changed in accordance with aseptic technique. Under no circumstances shall a single pair of exam gloves be used during the entire piercing or tattoo procedure. The use of disposable exam gloves does not preclude or substitute for hand washing procedures as part of a good personal hygiene program. A minimum of one pair of exam gloves should be used for each stage of piercing or tattooing to include:~~
  - (1) ~~Hard surface disinfection;~~
  - (2) ~~Setup of instruments used for body piercing or tattooing;~~
  - (3) ~~Preparation of the body art area; and~~
  - (4) ~~The body piercing or tattoo procedure.~~
- (c) ~~If, while performing a body piercing or tattoo procedure, the artist's glove is pierced or torn, the contaminated gloves shall be discarded immediately and the hands washed thoroughly before a fresh pair of exam gloves are applied. Any item or instrument that has come into contact with a surface other than the procedure surface or the client during the procedure shall be discarded and replaced immediately with a new disposable item or a new sterilized instrument before the procedure resumes.~~
- (d) ~~All procedure surfaces must be disinfected with a germicidal solution immediately after completing a body piercing or tattoo procedure.~~
- (e) ~~Contaminated waste which may release liquid blood or body fluids when compressed or may release dried blood or body fluids when handled shall be placed in a biohazard bag or container which is properly labeled. Sharps ready for disposal shall be placed in an approved sharps container. Contaminated waste which may release blood, body fluids, dried blood or dried body fluids and sharps must be disposed of consistent with OAC 252:515. Contaminated waste which does not release liquid blood or body fluids when compressed or does not release dried blood or body fluids when handled may be placed in a covered receptacle and disposed of through normal disposal methods.~~

**310:233-3-3.1. Reusable equipment**

- (a) **General.** After each use, non-disposable instruments and reusable equipment must comply with the cleaning and sterilizing processes and procedures stated in this Section.
- (b) **Preclean.** To remove residue an instrument is pre-cleaned either manually or mechanically.
  - (1) Manual scrubbing is performed by thoroughly scrubbing with an appropriate detergent and water solution with items fully submerged. While manually scrubbing, the person will wear appropriate personal protective equipment including:
    - (A) full length sleeves;
    - (B) elbow-high gloves;
    - (C) apron; and

# Permanent Final Adoptions

(D) face mask with eye protection.

(2) Mechanical cleaning consists of following the instructions provided with the device.

(c) **Enzyme Cleaner in Ultrasonic Devise.** After precleaning and rinsing the instruments, they are then placed in an ultrasonic cleaning unit and submerged in a protein-dissolving enzyme cleaner or detergent per the manufacturer's instructions.

(d) **Packaging.** After the instruments have been placed in an ultrasonic cleaner, all packaged, non-disposable instrument are instruments are dried and packed individually in sterilized pouches. These sterilized pouches contain either an indicator or integrator strip. Additionally, the expiration date stated on the pouch cannot exceed 6 months from when the instrument was packed into the sterilized pouch.

(e) **Autoclave.** All packaged, non-disposable instruments are sterilized in a steam autoclave. The autoclave is used, cleaned, and maintained according to the manufacturer's instructions. A copy of the manufacturer's recommended procedures for the autoclave is kept on site and available for inspection.

(g) **Storing.** After properly packaged, instruments are immediately stored in a dry, clean cabinet or tightly covered container reserved for the storage of such instrument. All instruments remain properly stored in their sterile pouches until just before performing a procedure. Sterile equipment can only be handled with clean gloves and cannot be used if the package has been breached or after the expiration date without first repackaging and resterilizing.

(h) **Statim Autoclave Option.**

(1) For establishments utilizing a Statim autoclave, an operator will need to take monthly spore tests that are verified through an independent laboratory to confirm that the Statim autoclave is capable of attaining sterilization.

(2) The reusable items are sterilized in a bulk load without sterilization pouches, just before the procedure.

(3) Items are used immediately after opening the Statim autoclave cassette.

(4) The items contained in the cassette are used for one client only and include the use of an integrator strip.

(i) **Assembling.** When assembling instruments, the artist will wear disposable exam gloves and use aseptic techniques to ensure that the instruments and gloves are not contaminated.

## **310:233-3-4. Exemptions [REVOKED]**

Individuals who pierce only the lobe of the ear as defined herein are exempt from OAC 310:233.

## **310:233-3-4.1. Single use items**

Single use items cannot be used on more than one client for any reason. After use, all needles, razors and other sharps shall be immediately disposed of in an approved sharps container.

## **310:233-3-5. Public notification requirements [REVOKED]**

(a) Before starting the procedure, the operator or artist, shall provide verbal and written aftercare instructions for the body piercing or tattoo procedure to each client. These instructions

shall include information about when to seek medical treatment, if necessary. The written aftercare instructions shall advise the client to consult a physician at the first sign of infection and contain the name, address and telephone number of the body piercing or tattoo establishment. In addition, all body piercing or tattoo establishments shall prominently display a Disclosure Statement, provided by the Department, which advises the clients of the risks and possible consequences of body piercing or tattoo procedures. The Disclosure Statement and the Notice for Filing a Complaint shall be included in the body piercing or tattoo establishment Application Packet.

(b) The disclosure statement requires the following:

(1) Clients should be aware that the establishment complies with the all rules of sanitation and sterilization;

(2) The client can still have possible transmission of a bloodborne disease or infection contracted as a result of a body piercing or tattoo;

(3) A signature of the client is required with understanding of the Disclosure Statement and acknowledges the possible effects or consequences; and

(4) Filing a complaint gives the Department knowledge that a body piercing or tattoo establishment or artist may be in violation of 310:233.

## **310:233-3-5.1. Client identification**

(a) Acceptable forms of government issued identification shall include the client's name, picture, and date of birth.

(b) To pierce a minor, the identification in (a) of this section is required from the legal parent or legal guardian. Identification for the minor shall include an original birth certificate and a photo ID of the minor, or court documentation verifying legal guardianship and a photo ID of the minor.

## **310:233-3-6. Client records [REVOKED]**

(a) In order for the artist to properly evaluate the client's medical condition previous to receiving a body piercing or tattoo procedure and not violate the client's rights or confidential medical information, the following information shall be included in the release form:

(1) To ensure proper healing of your body piercing or tattoo procedure, we ask that you disclose if you have or have had any of the following conditions:

(A) Diabetes;

(B) History of hemophilia or excessive bleeding;

(C) History of skin disease, skin lesions or skin sensitivities to soaps or disinfectants;

(D) History of allergies, adverse reactions or other skin sensitivities as they pertain to body piercing or tattooing procedures;

(E) History of epilepsy, seizures, fainting or narcolepsy;

(F) Taking medications such as anticoagulants, which interfere with blood clotting;

(G) Last time you ate;

(H) Pertinent medical history or medical condition that might affect the healing process; and

(I) Pregnant and/or nursing.

(b) The operator or artist shall ask the client to sign a release form confirming that the above information was obtained or attempted to be obtained.

- (c) Each operator shall keep records consisting of:
- (1) Release forms of all body piercing or tattoo procedures administered;
  - (2) Photocopy of client's identification;
  - (3) Name, date of birth, address of the client;
  - (4) Signature of the client or consent form (if the client is less than 18 years of age for a body piercing procedure);
  - (5) Date of the procedure;
  - (6) Identification and location of the body piercing or tattoo procedure(s) performed; and
  - (7) The artist's name and license number.

(d) All client records shall be confidential, and they shall be made available to the Department upon request. After being retained for three (3) years, records shall be destroyed by shredding or appropriate destruction methods.

(e) Acceptable forms of photo identification shall include: driver's license, passport, and state or government issued identification that includes the client's name, picture and date of birth. If a date of birth is not included on the form of identification an original birth certificate must be presented to and copied by the artist or operator.

(f) To pierce a minor, the above identification in 310:233-3-6(d) shall be required from the legal parent or legal guardian and the minor. Identification shall include an original birth certificate of the minor. Court documentation verifying legal guardianship shall be provided by the guardian to the artist.

**310:233-3-6.1. Consent form**

(a) A client must sign a consent form before receiving a body piercing or tattoo. The consent form summarizes the procedure information. It shall include:

- (1) The name, and address of the establishment;
- (2) The name, date of birth, and address of the client;
- (3) The date of the procedure;
- (4) Identification and location of procedure(s) performed;
- (5) The artist's name and license number;
- (6) The signature of the artist; and
- (7) The signature of the client or guardian.
- (8) A photocopy of the client's government issued photo identification, or
- (9) A photocopy of the guardian's government issued photo identification if the client is a minor.

(b) In order for the artist to properly evaluate the client's condition prior to a procedure, the following questions shall be asked of the client in the consent form:

- (1) Does the client have a history of:
  - (A) Diabetes;
  - (B) Hemophilia or excessive bleeding;
  - (C) Skin disease, skin lesions or skin sensitivities to soaps or disinfectants;
  - (D) Allergies, adverse reactions or other skin sensitivities; or
  - (E) Epilepsy, seizures, fainting or narcolepsy.
- (2) If the client is:

- (A) Taking medications such as anticoagulant;
  - (B) Pregnant and/or nursing; and
  - (C) When the client last ate.
- (3) Other pertinent medical history or condition that might affect the healing process.

**310:233-3-7. Preparation and care of the body art area [REVOKED]**

(a) Before a body piercing or tattoo procedure is performed, the immediate and surrounding area of the skin where the body piercing or tattoo procedure is to be performed shall be prepared with an approved antiseptic skin preparation, depending on the type of body art to be performed. Oral piercing shall be prepared with an oral antiseptic mouth rinse. If shaving is necessary, single use disposable razors shall be used and discarded into a sharps container after each use.

(b) Any utensil used for marking the skin where the body piercing or tattoo procedure is to be performed shall be single use and disposable.

(c) Any skin or mucosa surface being prepared for a body piercing or tattoo procedure shall be free of rashes or any visible signs of infection.

(d) Any jewelry inserted into a fresh body piercing shall be autoclave sterilized while fully disassembled to allow for sterilization of the entire piece of jewelry. The jewelry must be checked by the artist and free of nicks, scratches or irregular surfaces before insertion into a fresh body piercing. All removable parts shall be removed from threaded jewelry for sterilization.

(e) Jewelry shall be made of 316L or 316LVM stainless steel, solid 14k or 18k yellow or white nickel free gold, niobium, titanium or platinum, Poly Tetra Fluoro Ethylene (PTFE) or Tygon.

**310:233-3-7.1. Aftercare instructions**

Before starting the procedure, the operator or artist, shall provide verbal and written aftercare instructions regarding the procedure to include:

- (1) The name, address, and telephone number of the establishment;
- (2) The artist name;
- (3) That it is still possible to have transmission of a bloodborne disease or infection as a result of a body piercing or tattoo;
- (4) To consult a physician at the first sign of infection;
- (5) That the establishment complies with this Chapter;
- (6) That complaints may be filed with the department; and
- (7) Caring for the body piercing or tattoo and surrounding area.

**310:233-3-8. Records retention**

The following information shall be kept on file on the premises of a body-piercing or tattooing establishment and shall be available for inspection by the regulatory authority:

- (1) A complete definition of all body piercing procedures performed;

## Permanent Final Adoptions

- (2) An inventory of all instruments and supplies, including body jewelry, sharps used for any and all body piercing or tattooing procedures, including names of manufacturers and serial or lot numbers, if applicable, which may be satisfied by retaining invoices or orders;
- (3) Autoclave testing records as described in OAC 233 3-3.1.
- (4) Signed consent forms for all body piercing or tattoo procedures administered;
- (5) Client records of procedures performed shall be
  - (A) Confidential;
  - (B) Made available to the regulatory authority upon request;
  - (C) Retained for three (3) years; and
  - (D) Destroyed by shredding or other appropriate destruction methods after three (3) years.

### SUBCHAPTER 5. SANITATION AND STERILIZATION PROCEDURES [REVOKED]

#### 310:233-5-1. Reusable equipment [REVOKED]

(a) ~~After each use, non disposable instruments or reusable equipment used for body piercing or tattooing procedures shall be processed through all of the following steps of the sterilization process:~~

- ~~(1) Manually or mechanically preclean the instruments with care taken to ensure removal of residue. Manual scrubbing shall be done per Centers for Disease Control and Prevention (CDC) guidelines, fully submerged under water, to reduce the likelihood of making bloodborne pathogens airborne. This must be done while wearing appropriate personal protective equipment including but not limited to full length sleeves, elbow high gloves, apron, and face mask with eye protection;~~
- ~~(2) Thoroughly rinse the instruments after precleaning and soak them in a protein dissolving enzyme cleaner or detergent per manufacturer's instructions; and~~
- ~~(3) Rinse the instruments after soaking and clean the instruments further in an ultrasonic cleaning unit fully submerged in an enzymatic cleaner, per manufacturer's instructions.~~

~~(b) After cleaning, all non disposable instruments used for body piercing or tattooing procedures shall be rinsed thoroughly, dried and packed individually in sterilization pouches and subsequently sterilized. All sterilization pouches containing non disposable instruments shall contain either an indicator or an integrator strip. Sterilization pouches shall be dated with an expiration date not to exceed six (6) months.~~

~~(c) All packaged, non disposable instruments used for body piercing or tattooing shall be sterilized in a steam autoclave. The autoclave shall be used, cleaned, and maintained according to manufacturer's instruction. A copy of the manufacturer's recommended procedures for the operation of their autoclave sterilization unit shall be available for inspection by the Department. Sterile equipment shall only be handled with clean gloves and shall not be used if the package has been breached~~

~~or after the expiration date without first repackaging and re-sterilizing.~~

~~(d) Each operator of a body piercing or tattooing establishment shall demonstrate that the autoclave(s) used is capable of attaining sterilization by monthly spore tests. These tests shall be verified through an independent laboratory. These spore test records shall be retained by the operator for a minimum of three (3) years and made available to the Department upon request.~~

~~(e) After sterilization, the instruments used for body piercing or tattooing shall be immediately transported with clean exam gloves and stored in a dry, clean cabinet or tightly covered container reserved for the storage of such instruments.~~

~~(f) All instruments used for body piercing or tattooing shall remain properly stored in their sterile pouches until just before performing a body piercing or tattooing procedure. When assembling instruments used for performing body piercing or tattooing procedures, the artist shall wear disposable exam gloves and use aseptic techniques to ensure that the instruments and gloves are not contaminated.~~

~~(g) All needles, instruments and equipment shall be specifically manufactured for performing body piercing and tattooing procedures.~~

~~(h) For body piercing and tattooing establishments primarily utilizing a Statim autoclave, reusable items shall be sterilized in an autoclave in a bulk load without sterilization pouches, previous to sterilization in the Statim autoclave, for the body piercing or tattoo procedure. Reusable instruments and single use items sterilized in a Statim autoclave cassette must be used immediately after opening the Statim autoclave cassette. The items contained in the Statim autoclave cassette shall be used for one client only and shall include use of an integrator strip.~~

#### 310:233-5-2. Single use items [REVOKED]

~~Single use items shall not be used on more than one client for any reason. Each needle shall be used for one body piercing or tattoo procedure only. After use, all needles, razors and other sharps shall be immediately disposed of in an approved sharps container.~~

### SUBCHAPTER 7. REQUIREMENTS FOR PREMISES

#### 310:233-7-1. Physical construction and maintenance [REVOKED]

~~(a) All walls, floors, and procedure surfaces of a body piercing or tattoo establishment shall be smooth, free of open holes or cracks, washable, in good repair, and clean. All procedure surfaces, including client chairs/benches shall be of such construction as to be easily cleaned and disinfected after each client. All body piercing or tattoo establishments shall be completely separated by solid walls extending from floor to ceiling, from any room used for human habitation, retail sales not associated with body piercing or tattooing, or other such activity which may cause potential contamination of procedure surfaces. The solid wall may not contain doors or operable~~

windows. Body piercing or tattooing shall not be performed in an establishment where food is prepared or served, or where services other than body piercing or tattooing is provided including but not limited to places such as hair, nails and tanning services.

(b) Effective measures shall be taken by the body piercing or tattoo operator to protect against the entrance of insects, vermin, and rodents. Insects, vermin, and rodents shall not be present in any part of the body piercing or tattoo establishment.

(c) There shall be a minimum of forty five (45) square feet of floor space for each artist in the body piercing or tattoo establishment for each artist working station. Each body piercing or tattoo establishment shall have an area which may be screened from public view for clients requesting privacy. The material used for the partition/screen must be non porous and can be easily cleaned and disinfected. Multiple body art stations shall be separated at a minimum by a seven (7') foot wall that is smooth, nonporous and easily disinfected.

(d) The establishment shall have a separate fully enclosed room for the decontamination and packaging of contaminated instruments. This decontamination room shall contain all equipment and supplies used for decontaminating instruments and will be where all steps of the sterilization process shall take place until the transfer of the packaged contaminated instruments to the autoclave. The establishment shall have a separate area or room where the autoclave is housed and utilized and shall only be exposed to contaminated packaged instruments that are loaded directly into the autoclave from the decontamination room. The area or room that contains the autoclave shall not be part of the procedure room or area where clients have access.

(e) The body piercing or tattoo establishment shall comply with OAC 158:40 and OAC 158:50. In addition, an artificial light source equivalent to at least twenty (20) foot candles three (3) feet off the floor shall be provided in all areas, except that at least 100 foot candles of intensity shall be provided at the level where the body piercing or tattoo procedure is being performed, and where instruments and sharps are assembled.

(f) Fish aquariums shall be allowed in waiting rooms and non-procedural areas where body piercing and tattooing procedures are not performed.

(g) The body piercing or tattoo establishment shall comply with OAC 158:30. In addition, each body piercing or tattoo procedure area shall be equipped with a handwashing facility with hot and cold running water, under pressure, equipped with wrist or foot operated controls and supplied with liquid germicidal soap, and disposable paper towels shall be located at each station.

(h) At least one covered waste receptacle shall be provided in each piercing or tattoo area and each toilet room. Receptacles in the piercing or tattooing area shall be emptied daily and solid waste shall be removed from the premises at least weekly. All refuse containers shall be lidded, capable of being disinfected and kept clean.

(i) No reusable cloth item shall be used in a licensed body piercing or tattoo establishment.

**310:233-7-1.1. Establishment physical construction**

(a) A mobile unit, including, but not limited to, a mobile home, recreational vehicle, cargo trailer or any other non-permanent facility, shall not be used as a body piercing or tattoo establishment.

(b) All walls, floors, and procedure surfaces of an establishment shall be smooth, free of open holes or cracks, washable, in good repair, and clean.

(c) Establishments shall be completely separated by solid walls, with no doors or windows, from any room used for human habitation, where food is prepared or served other than an employee break room, where services other than body piercing or tattooing is provided such as hair, nails and tanning services, or other such activity which may cause potential contamination of procedure surfaces.

(d) Establishments must comply with all applicable building laws.

(e) Reusable cloth items cannot be used in the licensed establishment.

(f) Establishment shall have an area which may be screened from public view for clients requesting privacy.

(g) Artificial light equivalent to at least twenty (20) foot candles shall be provided in all areas.

(h) A restroom with at least 1 toilet and not fewer than the toilets required by law shall be provided.

(1) The restroom shall be completely enclosed and provided with a self-closing door.

(2) A restroom used by females shall be provided with a covered receptacle for sanitary napkins.

(3) A supply of toilet tissue shall be available at each toilet.

(4) It shall be equipped with a handwashing sink with:

(A) Hot and cold running water, under pressure;

(B) Liquid germicidal soap;

(C) Disposable paper towels; and

(D) A covered waste receptacle.

**310:233-7-2. Location requirements and limitations  
[REVOKED]**

~~A mobile unit, including, but not limited to, a mobile home, recreational vehicle, cargo trailer or any other non permanent facility, shall not be used as a permanent body piercing or tattoo establishment.~~

**310:233-7-2.1. Procedure areas**

(a) Multiple procedure areas shall be separated from each other by a wall or rigid divider to visually define the space and limit potential contamination of neighboring procedure areas.

(b) Each procedure area shall:

(1) Have a minimum of forty-five (45) square feet of floor space;

(2) Have a sharps container available;

(3) Be equipped with a handwashing facility with:

(A) Hot and cold running water, under pressure;

(B) Wrist or foot operated controls;

(C) Liquid germicidal soap;

(D) Disposable paper towels; and

# Permanent Final Adoptions

- (E) A covered waste receptacle.
- (c) All procedure area surfaces, including client chairs and benches shall be cleaned and disinfected after each client.
- (d) Artificial light equivalent to at least one hundred (100) foot candles of intensity shall be provided.

### **310:233-7-3. Decontamination room**

- (a) The establishment shall have a separate:
  - (1) Fully enclosed room for the decontamination and packaging of contaminated instruments; and
  - (2) An area or room where the autoclave is housed and utilized that is only exposed to contaminated, packaged instruments that are loaded directly into the autoclave from the decontamination room.
    - (A) This decontamination room shall contain all equipment and supplies used for decontaminating instruments; and
    - (B) Will be where all steps of the sterilization process take place until the transfer of the packaged contaminated instruments to the autoclave.
- (b) The area or room that contains the autoclave shall not be part of the procedure room or area where clients have access.

### **310:233-7-4. Waste disposal**

- (a) Contaminated waste which may release liquid blood or body fluids when compressed or may release dried blood or body fluids when handled shall be placed in a biohazard bag or container which is properly labeled and disposed of consistent with OAC 252:515.
- (b) Sharps ready for disposal shall be placed in a sharps container and disposed of consistent with OAC 252:515.

## **SUBCHAPTER 9. LICENSE REQUIREMENTS**

### **310:233-9-1. Body piercing or tattoo license [REVOKED]**

- (a) ~~No person, firm, partnership, joint venture, association, business trust, corporation, legal entity or any organized group of persons shall operate a body piercing or tattoo establishment unless it has received a body piercing or tattoo establishment license from the Department.~~
- (b) ~~A license for a body piercing or tattoo establishment shall be issued for the physical location of the body piercing or tattoo establishment and shall not be transferable. A license for a body piercing or tattoo establishment shall be valid from the date of issuance and shall expire one (1) year from the date of issuance.~~
- (c) ~~A current body piercing or tattoo establishment license shall be posted in a prominent and conspicuous area where clients may readily observe it.~~
- (d) ~~Temporary body piercing or tattoo establishment licenses may be issued for body piercing or tattoo procedures provided outside of the physical site of a licensed facility for the purposes of product demonstration, industry trade shows or for educational reasons. A temporary body piercing or tattoo establishment license may be issued for body piercing~~

~~or tattooing services provided outside of the physical site of a licensed facility for the purpose of body piercing or tattooing in a fixed location at which an individual body piercing or tattoo operator performs body piercing or tattooing for a specified period of not more than three (3) days in conjunction with a single event or celebration, where the primary function of the event or celebration is body piercing or tattooing and the location does not otherwise violate the provisions of 310:233-7-2. A temporary license may be issued if the applicant satisfies the following:~~

- ~~(1) The applicant shall be affiliated with a body piercing or tattoo establishment that has a current license;~~
- ~~(2) The temporary body piercing or tattoo establishment meets the requirements outlined in OAC 310:233-7-1 and 2;~~
- ~~(3) The applicant's establishment is inspected and approved by the Department prior to issuance of the temporary license;~~
- ~~(4) The applicant submits to the Department a request for a temporary demonstration license in writing at least thirty (30) days before the event. The request shall specify:
  - (A) The purpose for which the license is requested;
  - (B) The period of time for which the license is requested;
  - (C) The location where the temporary demonstration license shall be used; and
  - (D) Names and license numbers if applicable of the artists participating.~~
- ~~(e) The applicant's temporary establishment shall be contained in a completely enclosed, non-mobile facility.~~
- ~~(f) The applicant shall provide facilities to properly sterilize instruments or shall use only single use, prepackaged, sterilized equipment obtained from reputable suppliers or manufacturers.~~
- ~~(g) Temporary licenses are not transferable from one special event to another.~~
- ~~(h) License fees shall be as follows:
  - (1) \$1,000.00 for an initial license for tattoo establishments;
  - (2) \$500.00 for a renewal tattoo license; and
  - (3) \$750.00 for late renewal when the tattoo license is not renewed within thirty (30) days after expiration.
  - (4) \$500.00 for an initial license for body piercing establishments;
  - (5) \$250.00 for a renewal body piercing license;
  - (6) \$350.00 for late renewal when the body piercing license is not renewed within thirty (30) days after expiration;
  - (7) \$250.00 for a temporary license for body piercing establishments; and
  - (8) \$500.00 for a temporary license for tattooing establishments.~~
- ~~(i) The certification fee required by 21 O.S. §42.3(D) shall be paid before an application for license is processed.~~
- ~~(j) Proof of publication evidence compliant with 21 O.S. §42.3(E) shall be filed before an application for license is processed.~~

**310:233-9-1.1. Artist and establishment license**

- (a) The license holder must be a minimum of eighteen (18) years of age to be eligible for a license.
- (b) A license will need to be renewed annually as it expires one year from the date of issuance, unless it is revoked or suspended by the Department before the expiration date.
- (c) Each license shall be posted in a prominent and conspicuous area where it can be readily observed by clients.
- (d) A license for a body piercing or tattoo establishment is issued for the physical location of the establishment. The license cannot be transferred to another owner or location.

**310:233-9-2. Artist license [REVOKED]**

- (a) ~~The artist must be a minimum of eighteen (18) years of age to be eligible for a license.~~
- (b) ~~No person shall practice body piercing or tattooing procedures without first obtaining an artist license from the Department.~~
- (c) ~~The artist license shall be valid from the date of issuance and shall automatically expire one (1) year from the date of issuance unless revoked or suspended by the Department. The artist shall have a current bloodborne pathogen certificate, CPR certificate and current first aid certification for license or renewal of license.~~
- (d) ~~The application for an artist license shall include:~~
  - (1) ~~Name;~~
  - (2) ~~Date of birth;~~
  - (3) ~~Sex;~~
  - (4) ~~Residence address;~~
  - (5) ~~Mailing address;~~
  - (6) ~~Telephone number;~~
  - (7) ~~Place(s) and licensed license number of employment as an artist;~~
  - (8) ~~Proof of training and experience which shall include one of the following:~~
    - (A) ~~Documentation of two (2) years' experience acquired in another state in compliance with applicable requirements of that state. Documentation may include copies of licenses, statements from the state's regulatory authority, statements from the facility operator where the applicant worked, membership in an entity for which practice as an artist is a requisite, or government forms such as tax returns filed by the artist showing employment as an artist; or~~
    - (B) ~~Documentation of completion of an Oklahoma apprentice program that complies with 310:233-9-5, 310:233-9-6 and 310:233-9-7, or documentation from another state showing completion of training that is substantially equivalent to an Oklahoma apprentice program and sponsorship per 310:233-9-5, 310:233-9-6 and 310:233-9-7;~~
  - (9) ~~Current bloodborne pathogen certification recognized from a nationally accredited program compliant with 310:233-9-2(m); and~~
  - (10) ~~Current first aid certification compliant with 310:233-9-2(n); and~~
  - (11) ~~Current CPR certification compliant with 310:233-9-2(o).~~

- (e) ~~Each artist license shall be conditioned upon continued compliance with the provisions of this section as well as all applicable provisions of OAC 310:233.~~
- (f) ~~Each artist license shall be posted in a prominent and conspicuous area where it may be readily observed by clients.~~
- (g) ~~License fees shall be as follows:~~
  - (1) ~~\$250.00 for an initial license;~~
  - (2) ~~\$250.00 for a renewal license;~~
  - (3) ~~\$350.00 for late renewal when the license is not renewed within thirty (30) days after expiration; and~~
  - (4) ~~\$50.00 temporary artist license, not to exceed 7 days.~~
- (h) ~~A person who has acceptable proof of experience or training as required in 310:233-9-2(d)(8)(A and B) in performing tattooing may be approved by the Department to take the test specified in 310:233-9-2(j). A candidate shall have a minimum passing score of 70% on the written examination that will include:~~
  - (1) ~~Knowledge of Anatomy, Physiology, and Disease;~~
  - (2) ~~Theory and application of ink;~~
  - (3) ~~Safety and Aseptic Technique;~~
  - (4) ~~Professionalism; and~~
  - (5) ~~Client Consultation Services.~~
- (i) ~~A candidate who does not meet this score can retest up to two (2) times. A candidate who does not pass the written examination must wait at least seven (7) days before retesting. Any candidate who is unable to attain competency after three attempts shall be required to enroll or re-enroll in an apprentice program. To apply, the candidate shall submit an application that requires the following:~~
  - (1) ~~Notarized copy of the applicant's certificate of birth;~~
  - (2) ~~Notarized copy of the applicant's driver's license or other similar photo identification;~~
  - (3) ~~Notarized copy of his/her credentials and professional resume of satisfactory completion of any programs they have completed for proof of experience; and~~
  - (4) ~~Proof of experience as required in 310:233-9-2(d)(8)(A and B).~~
- (j) ~~The Department shall accept the test administered by the Oklahoma Department of Career Technology with results to be evidenced by a completed testing verification provided to the Department by the Oklahoma Department of Career Technology.~~
- (k) ~~Within 30 days after receipt of a completed application, the Department shall notify the applicant in writing of its decision to approve or disapprove the applicant to take the examination. An applicant who is eligible for the testing process must present a letter of notification from the Department to administer the test given by Oklahoma Department of Career and Technology Education.~~
- (l) ~~Upon successful completion of the testing process, the applicant is eligible for issuance of a permanent artist license. In order to request issuance of a license, the applicant must submit the following to the Department:~~
  - (1) ~~Any changes in the application previously submitted as required in 310:233-9-2(d); and~~

# Permanent Final Adoptions

- (2) Completed Testing Verification Form provided by the Department which includes:
  - (A) Skills evaluation information; and
  - (B) Written certification examination records.
- (m) Bloodborne training certification shall contain at a minimum the following elements:
  - (1) A general explanation of the epidemiology and symptoms of bloodborne diseases;
  - (2) An explanation of the modes of transmission of bloodborne pathogens;
  - (3) An explanation of the employer's exposure control plan and the means by which the employee can obtain a copy of the written plan;
  - (4) An explanation of the appropriate methods for recognizing tasks and other activities that may involve exposure to blood and other potentially infectious materials;
  - (5) An explanation of the use and limitations of methods that will prevent or reduce exposure including appropriate engineering controls, work practices, and personal protective equipment;
  - (6) Information on the types, proper use, location, removal, handling, decontamination and disposal of personal protective equipment;
  - (7) An explanation of the basis for selection of personal protective equipment;
  - (8) Information on the Hepatitis B vaccine, including information on its efficacy, safety, method of administration, the benefits of being vaccinated;
  - (9) Information on the appropriate actions to take and persons to contact in an emergency involving blood or other potentially infectious materials;
  - (10) An explanation of the procedure to follow if an exposure incident occurs, including the method of reporting the incident and the medical follow up that will be made available;
  - (11) Information on the post exposure evaluation and follow up that the employer is required to provide for the employee following an exposure incident; and
  - (12) An explanation of the signs and labels and/or color coding required.
- (n) First aid certification shall include instruction in:
  - (1) Injury and acute illness as a health problem;
  - (2) Interactions with the local emergency medical services system;
  - (3) Responsibility for maintaining a current list of emergency telephone numbers (police, fire, ambulance, poison control) easily accessible to all employees;
  - (4) Instruction in the principles and performance of bandaging of the head, chest, shoulder, arm, leg, wrist, elbow, foot, ankle, fingers, toes, and knee; and
  - (5) Apprentices shall be provided with adequate instruction on the need for and use of universal precautions that should include:
    - (A) The meaning of universal precautions;
    - (B) Which body fluids are considered potentially infectious, and which are regarded as hazardous;
    - (C) The value of universal precautions for infectious diseases;

- (D) The necessity for keeping gloves and other protective equipment readily available and the appropriate use of them; and
  - (E) The appropriate tagging and disposal of any sharp item or instrument requiring special disposal measures such as blood soaked material, and the appropriate management of blood spills.
- (o) CPR training certification shall include instruction in:
    - (1) Performing a primary survey of each victim including airway, breathing, and circulation assessments;
    - (2) The presence of any bleeding, establishing and maintaining adult airway patency;
    - (3) Performing adult breathing resuscitation; and
    - (4) Performing choking assessments and appropriate first aid intervention.

## **310:233-9-2.1. Event and establishment license application**

- (a) A completed application shall include:
  - (1) For the applicant:
    - (A) Name;
    - (B) Mailing address;
    - (C) Telephone number; and
    - (D) E-mail address.
  - (2) For the establishment:
    - (A) Name;
    - (B) If tattooing, body piercing, or both are to be conducted;
    - (C) Information specifying whether the establishment is owned by an association, corporation, individual, partnership, or other legal entity;
    - (D) Mailing address;
    - (E) Physical address;
    - (F) Telephone number; and
    - (G) E-mail.
    - (H) Other information as required by the Department.
- (b) **Event.** In addition to the information identified in OAC 310:233-9-3.1, an event application shall be submitted at least thirty (30) days prior to the event and include:
  - (1) Event Operator Name;
  - (2) The physical location of the event;
  - (3) The purpose of the event;
  - (4) The start and end time of the event; and
  - (5) The names and license numbers of the artists participating.
- (c) **Issuance.** The Department will issue a license to the event or establishment after:
  - (1) A properly completed application is received;
  - (2) The required fees are received; and
  - (3) A pre-licensing inspection shows that the event or establishment is in compliance with this Chapter and meets the Department's criteria for licensure.

## **310:233-9-3. Prohibitions [REVOKED]** The following acts shall be prohibited:

- ~~(1) Owning, operating or soliciting business as a body piercing or tattoo establishment or operator without first obtaining all necessary licenses and approvals from the Department, unless specifically exempted by OAC 310:233.~~
- ~~(2) Obtaining or attempting to obtain a body piercing or tattoo establishment license or an artist license by means of fraud, misrepresentation or concealment.~~

**310:233-9-3.1. Event license**

- (a) An event license may be issued for body piercing or tattoo procedures for the purposes of:
  - (1) Product demonstration;
  - (2) Industry trade shows; or
  - (3) Educational reasons.
- (b) The event shall:
  - (1) Be for a specified period not to exceed three (3) consecutive days;
  - (2) Be a single event, where the primary function of the event is body piercing or tattooing;
  - (3) Be affiliated with an establishment that has a current license issued by the Department;
  - (4) Be contained in a completely enclosed, non-mobile environment;
  - (5) Have artists that meet the requirements outlined in OAC 310:233-9-4.1; and
  - (6) Ensure a safe and sanitary environment by:
    - (A) Providing facilities to properly sterilize instruments; or
    - (B) Only using single use, prepackaged, sterilized equipment.
- (c) Temporary licenses are not transferable from one special event to another.

**310:233-9-4.1. Individual license and certificate applications**

- (a) The complete application for any individual license or certificate shall include:
  - (1) Name;
  - (2) License number if applicable;
  - (3) List of Alias;
  - (4) Date of birth;
  - (5) Sex;
  - (6) Residence address;
  - (7) Mailing address;
  - (8) Email address;
  - (9) Telephone number;
  - (10) Location of current practice Identified;
  - (11) The license type, tattooing or body piercing, Identified;
  - (12) Copy of the applicant's certificate of birth;
  - (13) Copy of the applicant's government-issued photo identification (e.g. a valid driver's license, passport, etc.);
  - (14) Other information as required by the Department; and
  - (15) Any applicable fees.

- (b) Documents. In addition to the information identified in (a) of this section, an initial application for apprentice, permanent, or temporary artist shall include:
  - (1) Current certification from a recognized nationally accredited program for:
    - (A) Bloodborne pathogens;
    - (B) First aid certification; and
    - (C) CPR certification.
  - (2) Proof of experience such as:
    - (A) Proof of the successful completion of an apprenticeship program as described in OAC 310:233-9-8.1, or
    - (B) Documentation of two (2) years of appropriate licensure by another government entity such as:
      - (i) Copies of licenses,
      - (ii) Statements from the state's regulatory authority,
      - (iii) Statements from the facility operator where the applicant worked,
      - (iv) Membership in an entity for which practice as an artist is a requisite, or
      - (v) Government forms such as tax returns filed by the artist showing employment as an artist;
- (c) Skills challenge. A person who has acceptable proof of experience or training as required in (a) or (b) of this section, may be approved by the Department to take the skills challenge to obtain an apprentice or permanent license.
  - (1) Within thirty (30) days after receipt of a completed application, the Department shall notify the applicant of its decision to approve or disapprove the applicant to take the examination.
  - (2) An applicant who is eligible for the skills challenge must present a letter of notification from the Department to administer the test given by Oklahoma Department of Career and Technology Education.
  - (3) The Department shall accept the test administered by the Oklahoma Department of Career and Technology Education with results to be evidenced by a completed testing verification provided to the Department by the Oklahoma Department of Career and Technology Education.
  - (4) The written examination will include:
    - (A) Knowledge of Anatomy;
    - (B) Physiology, and Disease;
    - (C) Theory and application;
    - (D) Safety and Aseptic Technique;
    - (E) Professionalism; and
    - (F) Client Consultation Services.
  - (5) Minimum passing score for the written examination is 70%.
  - (6) A candidate who does not meet this score may retest up to two (2) times, however
    - (A) They must wait at least seven (7) days before retesting; and
    - (B) After three attempts are required to repeat the student program.
- (d) Renewals. In addition to the information identified in (a) of this section, a renewal of an artist license shall include

# Permanent Final Adoptions

current certification from a recognized nationally accredited program for:

- (1) Bloodborne pathogens;
- (2) First aid certification; and
- (3) CPR certification.

(e) **Student and apprentice.** In addition to the information identified in (a) of this section, a student or apprentice shall identify their sponsor.

(f) **Sponsor.** In addition to the information identified in (a) of this section, a sponsor shall provide:

- (1) An approved curriculum; or
- (2) A proposed curriculum if none has been approved prior.
- (3) The applicant for a sponsor certification shall meet the following qualifications:
  - (A) Holds a current Oklahoma artist license in the appropriate field;
  - (B) Provides documentation of legally practicing in the appropriate field for at least five (5) years;
  - (C) Supervises no more than one student in each curriculum at any one time;
  - (D) Supervises no more than one apprentice in each curriculum at any one time.

## 310:233-9-5. Apprentice sponsor [REVOKED]

(a) Upon filing an application with the Department any person meeting the qualifications set forth in this section shall be able to sponsor a body piercing or tattoo apprentice if the person:

- (1) ~~Holds an Oklahoma body piercing or tattoo artist license; and~~
- (2) ~~Provides documentation of legally practicing body piercing or tattooing for at least five years; and~~
- (3) ~~Provides a curriculum to the Department for approval.~~

(b) ~~The sponsor shall develop a curriculum as listed in 310:233-9-6 for body piercing or tattooing in the apprentice program.~~

(c) ~~The sponsor shall not have more than one apprentice working on their curriculum at one time. The sponsor shall have no more than one apprentice working under supervision with an apprentice license.~~

## 310:233-9-5.1. License and certificate fees

(a) Tattoo or body piercing artist license and registration fees are as follows:

- (1) Student: \$0;
- (2) Sponsor: \$0;
- (3) Apprentice: \$250.00;
- (4) Initial: \$250.00;
- (5) Renewal: \$250.00;
- (6) Renewal thirty (30) days after expiration: \$350.00;
- and
- (7) Temporary: \$50.00;
  - (A) Not to exceed seven (7) consecutive days; and
  - (B) Not to exceed thirty (30) total days per year.

(b) Establishment license fees are as follows:

- (1) Tattoo:
  - (A) Initial: \$1,000.00.
  - (B) Renewal: \$500.00.
  - (C) Renewal thirty (30) days after expiration: \$750.00.
  - (D) Event: \$500.00.
- (2) Body piercing:
  - (A) Initial: \$500.00.
  - (B) Renewal: \$250.00.
  - (C) Renewal thirty (30) days after expiration: \$350.00.
  - (D) Event: \$250.00.

## 310:233-9-6. Apprentice program [REVOKED]

(a) ~~Curriculum requirements shall be taught over a minimum of 1500 hours to include the following:~~

- (1) ~~Microbiology;~~
- (2) ~~Sanitation and disinfection;~~
- (3) ~~Safety;~~
- (4) ~~Bloodborne pathogen standards;~~
- (5) ~~Professional standards; and~~
- (6) ~~Body piercing or tattooing.~~

(b) ~~The apprentice program shall be a minimum of one (1) year and no more than two (2) years in length.~~

(c) ~~After completion of the curriculum program the apprentice shall be given challenge status. The apprentice shall take the test administered by the Oklahoma Department of Career and Technology Education with a passing minimum score of 70%. The apprentice license to practice body piercing or tattooing shall be under the direct face to face supervision of their apprentice sponsor.~~

## 310:233-9-6.1. Student curriculum

(a) Curriculum requirements shall be taught over 1500 hours over the course of one year to include the following:

- (1) Microbiology;
- (2) Sanitation and disinfection;
- (3) Safety;
- (4) Bloodborne pathogen standards;
- (5) Professional standards; and
- (6) Body piercing or tattooing procedures based on the field of teaching.

(b) The sponsor shall sign off on the successful completion of the student curriculum with the completion of 1500 hours.

(c) The sponsor shall sign off on the successful completion of the Apprentice program with the completion of one (1) year of supervised, licensed work.

(d) The licensed apprentice procedures shall be under the direct face to face supervision of their apprentice sponsor.

## 310:233-9-7. Apprentice [REVOKED]

(a) ~~Any person desiring to enroll in the body piercing or tattoo apprentice program shall be required to provide their documentation as specified in 310:233-9-2(i)(1-4) to the Department before beginning their apprentice program. The apprentice shall identify their sponsor and the apprentice program in their application.~~

(b) The applicant for an apprentice license must have completed a bloodborne pathogens certification, first aid certification and CPR certification.

(c) The license shall be \$250.00 for an apprentice for one (1) year after completion of the curriculum program. The apprentice shall renew the license through the Department as an apprentice license or be eligible for an artist license after one year from the date of the initial apprentice license that was issued.

(d) The sponsor of the apprentice shall sign off on the successful completion of the curriculum program with the completion of 1500 hours. The sponsor shall sign off on the completion of one year of supervision practicing as a licensed apprentice.

**310:233-9-7.1. Suspension or withdrawal of sponsor certificate**

(a) A sponsor certificate may be withdrawn or suspended temporarily by the Department for failure of the sponsor to comply with this chapter.

(b) The sponsor shall be notified in writing by the Department of the action and the ability to challenge the decision.

**310:233-9-8. License application and review process [REVOKED]**

An individual applying for license shall provide the application in completion with the information identified in 310:233-9-2 for review by the Department for eligibility of testing and licensure.

**SUBCHAPTER 11. ENFORCEMENT**

**310:233-11-1. General requirements [REVOKED]**

(a) Body piercing or tattooing establishments that continue to operate without proper establishment licenses and artist licenses from the Department or operate in violation of OAC 310:233 shall be subject to legal remedial actions and sanctions as provided by law, the APA, 75 O.S.1991, Section 250 et seq. as amended and the Oklahoma Public Health Code, 63 O.S. Section 1-101 et seq.

(b) A representative of the Department shall present official credentials and provide notice of the purpose and intent upon entering a body art piercing or tattooing establishment to make an inspection. Such an inspection shall be conducted a minimum of two times a year or as often as necessary to ensure compliance with OAC 310:233.

(c) If, after investigation, the Department finds that an artist or operator is in violation of OAC 310:233 or 21:841.1 et seq., the Department shall advise the artist or operator, in writing, of its findings and give a date of correction within a reasonable period of time, not to exceed thirty (30) days.

(d) If the Department has reasonable cause to suspect that a communicable disease is being or may be transmitted by an artist, unapproved or malfunctioning equipment is being used, or unsanitary or unsafe conditions which may adversely impact the health of the public are present in the establishment, upon

written notice to the owner or operator, the Department shall take such action as necessary and appropriate, including but not limited to the following:

(1) Issue an emergency order summarily excluding the performance of body piercing or tattoo procedures by the body piercing or tattooing establishment and any or all artists who are responsible, or reasonably appear responsible, for the transmission of a communicable disease until the Department determines there is no further risk to public health; or

(2) Issue an order to summarily suspend the license of the licensed body piercing or tattoo establishment and the licenses of any and all artists who are responsible, or reasonably appear responsible, until the Department determines there is no further risk to the public health.

(e) In taking any action to deny, revoke, suspend, or refuse renewal of a license, the Department shall comply with the provisions of the APA, 75 O.S.1991, Section 250 et seq. as amended and the Oklahoma Public Health Code, 63 O.S. Section 1-101 et seq.

(f) Administrative fines may be levied for violations of OAC 310:233. Fines for violations shall include, but not be limited to:

(1) Failure of an apprentice sponsor to supervise and comply with 310:233, up to \$5,000.00 per day or withdrawal or suspension of approval;

(2) Failure to obtain appropriate licenses, up to \$5,000.00 per day or denial of license per violation;

(3) Failure to observe procedures to prevent the transmission of a bloodborne pathogen, up to \$5,000.00 per day per violation;

(4) Failure to maintain instruments used in body piercing or tattooing in a sterile condition, up to \$5,000.00 per day per violation;

(5) Failure to install and maintain appropriate hand-washing facilities, up to \$5,000.00 per day or revocation per violation;

(6) Failure to maintain client records, artist information, operator information, or monthly spore test records, up to \$5,000.00 per day per violation; and

(7) Failure of an artist to change exam gloves between clients, up to \$5,000.00 per day per violation.

(g) In addition to administrative fines the Department may deny, revoke, suspend, withdraw or refuse to renew licensure for violations of this Chapter or 21 O.S. Section 842.1 et seq.

**310:233-11-1.1. Waivers and variances**

(a) The operator of an establishment may request that a waiver be granted on any nonconforming use that may then exist, on or before the effective date of the rule change, at the license holder's place of operation.

(b) The operator of an establishment may request that a variance be granted to portions of this chapter.

(c) Waivers and variances requested pursuant to this Subchapter are subject to approval by the Department.

(d) An operator must submit a written request detailing:

(1) The nature of the nonconforming use;

(2) The relevant section of this Chapter; and

# Permanent Final Adoptions

- (3) A timeline for correction of the nonconforming use; and
- (4) A justification of how any public health concerns will be addressed.
- (e) If a request is approved, then the Department will send a notice of approval. If the operator has not received a notice of approval within sixty (60) calendar days from when the request was submitted, then the request has been denied.
- (f) Waivers and variances are not considered to be part of the license and may be revoked at any time, for any reason, by the Department. The licensee is not entitled to a hearing prior to revocation of a waiver or variance, but will be provided written notice of any revocation along with instructions that the licensee must become compliant by a certain date.

## **310:233-11-2. Investigation, filing of actions and hearing procedures [REVOKED]**

- (a) If the Department determines that a possible violation of the Body Piercing or Tattoo statutes or Rules has occurred, the Department may commence an investigation of the complaint.
- (b) A body piercing or tattooing establishment and body piercing or tattoo artist, or applicant for licensure, in connection with a license application or an investigation conducted by the Department pursuant to OAC 310:233-11-2(a), shall not:
  - (1) Knowingly make a false statement of material fact; or
  - (2) Fail to disclose a fact necessary to correct a misapprehension known by the establishment, artist or applicants for licensure to have arisen in the application or the matter under investigation; or
  - (3) Fail to comply with a demand for information made by the Department or any designated representative thereof, unless a request for a protective order has been first made pursuant to the provisions of OAC 310:2, in which case the establishment, artist or applicant may await the decision concerning the issuance or denial of a protective order before making any response.
- (c) The Department may begin a disciplinary action against an establishment or artist who is not exempt from licensure by following the procedures in OAC 310:2. The Department shall specifically state the violation(s) and shall request the appropriate remedy. Remedies include revocation of a license, suspension of a license, and administrative penalty.
- (d) If in the course of an investigation the Department determines that a licensee or applicant for licensure has engaged in conduct of a nature that is detrimental to the health, safety, or welfare of the public, and which conduct necessitates immediate action to prevent further harm, the Commissioner may order a summary suspension of the establishment or artist's license or authorization for sponsoring an apprentice.
- (e) Hearings shall be conducted by the Commissioner of Health or his designee as specified in OAC 310:2. The Department shall recommend the most appropriate penalty at the conclusion of the evidence.
- (f) The Department, either by order of the Commissioner or an Administrative Law Judge, shall issue a final order on

all disciplinary matters. Final orders are appealable under the Administrative Procedures Act to the district courts.

(g) Any person found to be practicing body piercing or tattooing without being either properly licensed, approved for supervisor status, exempt or under the approved supervision of an apprentice sponsor as part of the licensure process shall be ordered to cease practicing or supervising and may be subject to an administrative penalty. The Department may seek the assistance of the courts if the actions continue.

(h) The Department may assess an administrative penalty against an individual or licensee if the order includes a finding that the individual or licensee:

- (1) Violated any provision of the Body Piercing and Tattooing statutes, including practicing body piercing or tattooing without licensure, exemption or under the approved supervision of an approved sponsor; or
  - (2) Violated any rule within this Chapter; or
  - (3) Violated any order issued pursuant to this Chapter.
- (i) The total amount of the administrative penalty assessed shall not exceed ten thousand dollars (\$10,000.00) for any related series of violations.

## **310:233-11-2.1. Time frame for correction**

The license holder shall correct violations by a date and time agreed to or specified by regulatory authority but no later than thirty (30) calendar days after the inspection.

## **310:233-11-3. Suspension or revocation of licenses [REVOKED]**

- (a) A license issued under the provisions of OAC 310:233 may be suspended temporarily by the Department for failure of the holder to comply with the requirements of OAC 310:233 or 21 O.S. Section 841.1 et seq.
- (b) Whenever an artist has failed to comply with any notice issued under the provisions of OAC 310:233 or 21 O.S. Section 841.1 et seq., the Department shall send notice to the artist that the license is immediately suspended. A hearing shall be provided if a written request for a hearing is filed with the Department's Office of Administrative Hearings.
- (c) For repeated or serious violations that threaten the health of the client or artist, for violations of the requirements of OAC 310:233 or 21 O.S. Section 841.1 et seq. or for refusal to allow Department personnel to inspect the licensed facility, including documents and records, a license may be revoked after a hearing.

## **310:233-11-3.1. Investigation and enforcement**

- (a) If the Department determines that a possible violation of the Body Piercing or Tattoo statutes or Rules has occurred, the Department may commence an investigation of the complaint.
- (b) Hearings and disciplinary actions are conducted in accordance with the Administrative Procedures Act and Chapter 2 of this Title.
- (c) The Department will specifically state the violation(s) and request the appropriate remedy. Remedies may include revocation or suspensions of a license, and/or an administrative penalty.

(d) The total administrative penalty amount assessed for all violations found through an investigation cannot exceed \$10,000.00.

(e) If the Department determines that a licensee or applicant for licensure has engaged in conduct of a nature that is detrimental to the health, safety, or welfare of the public, and which conduct necessitates immediate action to prevent further harm, the Commissioner may order a summary suspension of the establishment or artist's license or authorization for sponsoring a student or apprentice.

(f) An applicant for licensure shall not:

- (1) Knowingly make a false statement of material fact; or
- (2) Fail to disclose a fact necessary to correct a misapprehension regarding the application for licensure or the matter under investigation; or
- (3) Fail to comply with a request for information made by the Department or any designated representative thereof.

(g) The Department may notify the district attorney of any violation of 21 O.S. §842.1 or this Chapter [21 O.S § 842.3]

(h) Additionally, an individual can also report criminal acts directly to a district attorney's office.

**310:233-11-4. Suspension or withdrawal of apprentice sponsor [REVOKED]**

~~(a) An approval from the Department for an apprentice sponsor issued under the provisions of OAC 310:233 may be withdrawn or suspended temporarily by the Department for failure of the apprentice sponsor to provide adequate training to the apprentice under the requirements of OAC 310:233.~~

~~(b) Whenever an apprentice sponsor has failed to comply with the provisions of OAC 310:233 the Department shall send notice to the apprentice sponsor that the approval is immediately withdrawn or suspended. A hearing shall be provided if a written request for a hearing is filed with the Department's Office of Administrative Hearings.~~

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2022:**

**SUBCHAPTER 1. GENERAL PROVISIONS**

# Permanent Final Adoptions

## 310:234-1-1. Purpose

This Chapter is to be used by physicians, nurses and other individuals who are certified to perform medical micropigmentation. The rules implement the provisions of the Oklahoma Medical Micropigmentation Regulation Act, 63 O.S. Section 1-1450 et seq.

## 310:234-1-2. Definitions

The following words and terms, when used in this Chapter, shall have the following meaning, unless the context clearly indicates otherwise:

**"Aftercare"** means written instructions given to the client, specific to the micropigmentation procedure(s) rendered, on caring for the micropigmentation area and surrounding area.

**"Antiseptic"** means an agent that destroys disease causing microorganisms on human skin or mucosa.

**"Autoclave bag"** means a bag for holding instruments or other items, which are to be put into an autoclave for sterilization.

**"Certification"** means written approval by the Department for a person to perform medical micropigmentation.

**"Clinical certification examination"** means the examination is a clinical scenario that tests the candidate's ability to perform micropigmentation procedures. The candidate demonstrates technical competency by scoring 100% on the clinical certification examination. The clinical certification examination consists of one scenario with three skills components, one of which may be retaken two (2) times before retraining is required.

**"Committee"** MMAC means the Medical Micropigmentation Advisory Committee means the Consumer Protection Licensing Advisory Council.

**"Contaminated waste"** means any liquid or semi-liquid blood or other potentially infectious materials; contaminated items that would release blood or other potentially infectious materials in a liquid or semi-liquid state if compressed; items that are caked with dried blood and other potentially infectious materials, as defined in the "Occupational Exposure to Blood-borne Pathogens." [29 CFR § 1910.1030]

**"Department"** OSDH means the Oklahoma State Department of Health.

**"Disinfection"** means the destruction of disease causing microorganisms on inanimate objects or surface.

**"Equipment"** means all machinery, including fixtures, containers, vessels, tools, devices, implements, furniture, display and storage areas, sinks and all other apparatus and appurtenances used in connection with medical micropigmentation procedures.

**"Handsink"** means a lavatory equipped with hot and cold running water under pressure used solely for washing hands, arms or other portions of the body.

**"Hot water"** means water that attains and maintains a temperature as specified in OAC 158:30 of 100 °F.

**"Instruments used for medical micropigmentation"** means handpieces, needles, needle bars and other instruments that may contact a client's body or body fluids during medical micropigmentation.

**"Licensing board"** means the Oklahoma State Board of Medical Licensure and Supervision, the State Board of Osteopathic Examiners and/or the Board of Dentistry. [21:841.5-63 O.S. Section 1-1451(1)]

**"Liquid chemical germicide"** means a disinfectant or sanitizer registered with the Environmental Protection Agency or an approximate 1:100 dilution of household chlorine bleach (500ppm, ¼ cup/gal. or 2 tablespoons/quart of tap water) made fresh daily and dispensed from a spray bottle.

**"Medical micropigmentation"** means a medical procedure in which any color or pigment is applied with a needle or electronic machine:

(A) To produce a permanent mark visible through the skin;

(B) Above the jawline and anterior to the ear and frontal hairline including but not limited to application of eyeliner, eye shadow, lips, eyebrows, cheeks, and scars; and/or

(C) For regimentation of areas involving reconstructive surgery or trauma. [21:841.563 O.S. Section 1-1451(2)]

**"Physician"** means a person licensed to practice:

(A) Allopathic medicine and surgery by the Oklahoma State Board of Medical Licensure and Supervision pursuant to the Oklahoma Allopathic Medical and Surgical Licensure and Supervision Act. [Title 59 O.S. Section 481 et seq.]

(B) Osteopathic medicine by the State Board of Osteopathic Examiners pursuant to the Oklahoma Osteopathic Medicine Act, [Title 59 O.S. 620 et seq.] or

(C) Dentistry by the Board of Dentistry pursuant to the State Dental Act. [Title 59-63 O.S. Section 328.1 et seq. 1-1451(3)].

**"Procedure surface"** means any part of equipment designed to contact the client's unclothed body during a medical micropigmentation procedure.

**"Sanitize/sanitization procedure"** **"Sanitize"** means a process of reducing the number of microorganisms on cleaned surfaces and equipment to a safe level and has been approved by the Department.

**"Sharps"** means any object (sterile or contaminated) that may purposefully or accidentally cut or penetrate the skin or mucosa including, but not limited to, pre-sterilized, single use needles, scalpel blades and razor blades.

**"Sharps container"** means a puncture-resistant, leak-proof container that can be closed for handling, storage, transportation and disposal and is labeled with the International Biohazard Symbol.

**"Single use"** means products or items that are intended for one-time, one-person use and are disposed of after use on each client including, but not limited to, cotton swabs or balls, tissues or paper products, paper or plastic cups, gauze and sanitary coverings, razors, piercing needles, scalpel blades, and protective gloves.

**"Skills area evaluation"** means an evaluation given at the end of instruction for a particular skills area that consists of two parts: technique and theory. Mastery of technique shall

be demonstrated by performing the skills on the job sheet(s) for that skills area in the presence of an approved evaluator (supervising physician or instructor) with 100% accuracy. A candidate shall demonstrate mastery of micropigmentation theory by scoring 85% or greater on a written test over the material in that skills area.

~~"Skills Challenge" means a mechanism that enables persons who are currently performing supervised micropigmentation to challenge the training requirement through previous training and experience. Candidates who satisfactorily challenge the training requirement by satisfactorily completing all skills area evaluations can take the written and clinical certification examinations. Candidates who do not satisfactorily challenge the training requirement must enroll in a medical micropigmentation training program.~~

"Sterilization" means a process resulting in the destruction of all forms of microbial life, including highly resistant bacterial spores.

"Ultrasonic" means ultrasonic sound, which is pertaining to acoustic frequencies above the range audible to the human ear, or, above approximately 20,000 cycles per second. There are several types of ultrasonic devices.

~~"Universal precautions" means a set of guidelines and controls, published by the Centers for Disease Control (CDC) as "Guidelines for prevention of transmission of human immunodeficiency virus and hepatitis B to health care and public safety workers" in Morbidity and Mortality Weekly Report (MMWR), June 23, 1989, Vol. 38, No. S 6, and as "Recommendations for preventing transmission of human immunodeficiency virus and hepatitis B virus to patients during exposure prone invasive procedures" in MMWR, July 12, 1991, Vol. 40, No. RR 8. This method of infection control requires the employer and the employee to assume that all human blood and specified human body fluids are infectious for HIV, HBV and other blood pathogens. Precautions include hand washing, gloving, personal protective equipment, injury prevention, proper handling and disposal of needles, sharps disposal, and disposal of products contaminated with blood and body fluids.~~

~~"Written certification examination" means an the state examination taken upon satisfactory completion of all skills area evaluations. An applicant demonstrates written competency by scoring 70% or greater on the written certification examination. The written certification examination may be retaken up to two (2) times before retraining is required.~~

**SUBCHAPTER 3. MEDICAL MICROPIGMENTATION CERTIFICATION**

**310:234-3-2. Certification requirements**

(a) An individual shall be eligible to apply for a certificate to practice medical micropigmentation by satisfying all of the following criteria:

- (1) Applicant shall ~~have~~has received a high-school diploma or its equivalent;
- (2) Applicant shall ~~be~~is at least twenty-one years of age;

(3) Applicant shall provide a notarized copy of his/her certificate of birth;

(4) Applicant shall ~~provide~~provides a notarized copy of his/her driver's license or other similar photo identification;

(54) Applicant shall ~~provide~~provides a notarized copy of his/her credentials and professional resume that documents years of practice and number of procedures performed (if applicable);

(65) Applicant shall ~~provide~~provides proof of satisfactory completion of an OSDH-approved medical micropigmentation training and testing program.

(b) The State Commissioner of Health shall not issue a certificate or renew a certificate to perform medical micropigmentation procedures to ~~certain~~ persons as specified in Title 63, Section 1-1454(~~b~~B).

(c) **Certification fees.** Fees to obtain a certificate to practice medical micropigmentation in Oklahoma shall ~~bear~~ are as follows:

- (1) \$500.00 for a new application for certification, ~~which does not include subsequent cost of exams and re-exams;~~
- (2) \$100.00 for a renewal of certification;
- (3) \$375.00 for reinstatement of certification if the renewal of the certification is 30 days or more after the expiration date; and/or
- (4) \$125.00 for the replacement of a certificate.
- (5) Applicant shall be responsible for the cost of the examination or re-examination and background checks relating to licensing or certification.

(d) **Period of validity for certificate.** Certification is valid for one (1) year after date of issuance.

**310:234-3-3. Training and testing**

An individual shall satisfy the training and testing requirement for certification by meeting ~~one (1) of~~ the following criteria:

~~(1) Satisfactory completion of an OSDH-approved medical micropigmentation training program and the certification testing process shall include skills area evaluations and written certification test. A clinical skills test may be required if deemed necessary by the Oklahoma Department of Career and Technology Education.~~

~~(2) Granted challenge status after being deemed by OSDH to have met requirements for preparedness through training and experience and satisfactory completion of all components of the certification testing process shall include skills area evaluations and written certification test. A clinical skills test may be required if deemed necessary by the Oklahoma Department of Career and Technology Education.~~

**310:234-3-3.1. Reciprocity**

*The State Department of Health upon recommendation of the Medical Micropigmentation Advisory Committee may approve applicants for certification by reciprocity. An applicant shall qualify for certification by reciprocity if the applicant:*

# Permanent Final Adoptions

- (1) *Has qualifications and training comparable to those required under the Oklahoma Medical Micropigmentation Regulation Act;*
- (2) *Provides documentation verifying two (2) years of experience and a minimum of two hundred (200) procedures; ~~and~~*
- (3) *Has successfully completed the Oklahoma certification examination- [63:O.S. Section 1-1455(E)]; ~~and~~*
- (4) *Provides documentation verifying possession of licensing or certification from another state in good standing.*

## 310:234-3-4. Certificate by completion of medical micropigmentation training program and certification testing process

- (a) Training in medical micropigmentation obtained through the Oklahoma Department of Career and Technology Education or other training course shall consist of at least 300 hours or equivalent of competency based instruction ~~[63:1-1455]~~ encompassing both theory and clinical training and is approved by the Department as meeting the training and curriculum requirements of this section.
- (b) Medical Micropigmentation training shall be in the following skills area including theory and lab training:
  - (1) Safety and Aseptic Technique;
  - (2) Knowledge of Facial Anatomy, Physiology, and Disease;
  - (3) Theory and Application of Micropigmentation;
  - (4) Color Theory;
  - (5) Client Consultation Services;
  - (6) Professionalism; and
  - (7) Micropigmentation procedures (eyeliner, lips, eyebrows, eye shadow, cheeks, scars, and/or reconstructive surgery, or trauma, or repigmentation of the areola):
    - (A) Basic procedures on clients (eyeliner, lips, and eyebrows),
    - (B) Advanced procedures (eye shadow, cheeks, scars, and/or reconstructive surgery, or trauma or repigmentation of the areola).
- (c) The instructor for micropigmentation procedures and techniques shall be:
  - (1) ~~An~~ Oklahoma Certified Micropigmentologist who has performed procedures for three (3) years that shall include eye procedures, full lip procedures, and eyebrow procedures; ~~or~~
  - (2) ~~A physician as defined by OAC 310:234-1-2. Subject matter experts may be utilized to teach technique and theory in other skill areas.~~
- (d) **Skills area evaluations.**
  - (1) During the training program, a candidate must satisfactorily complete an evaluation for each skills area. The evaluation verifies that micropigmentation concepts and/or techniques presented in that skills area have been mastered.
  - (2) Mastery of medical micropigmentation technique in a skills area shall be demonstrated when the candidate performs all skills presented on all job sheets contained

within that skills area to the instructor with 100% accuracy.

(3) Mastery of medical micropigmentation theory in a skills area shall be demonstrated when the candidate scores 85% on the written test over material covered in that skills area (if applicable).

### (e) **Written certification examination.**

(1) Candidates shall be eligible to sit for the written certification examination upon satisfactory completion of training and skills area evaluations. ~~The written certification examination for medical micropigmentation shall be offered at Health Certification Project testing sites located in Technology Centers. Documentation of satisfactory completion of the written certification exam shall be is required before a candidate is permitted to take the clinical certification examination.~~

(2) A passing score of 70% shall be required to show competency. A candidate who does not meet this score can retest up to two (2) times. Candidates who do not pass the written certification examination must wait at least seven (7) days before retesting. Candidates who are unable to attain competency after three attempts shall be required to re-enroll in the medical micropigmentation training program.

### (f) **Clinical certification examination.**

(1) ~~Candidates shall be eligible to take the clinical certification examination upon satisfactory completion of the written certification examination. The clinical certification examination for medical micropigmentation shall be offered at selected Technology Center test sites and shall be offered two (2) times per year or as deemed necessary by the Department. The clinical certification examination shall consist of three (3) components.~~

(2) ~~Candidates shall provide all equipment and supplies for the clinical certification examination. Competency shall be verified by documentation of the clinical certification examination. A candidate must attain a score of 100% to pass the clinical certification examination. A candidate shall be permitted to retest one (1) clinical component up to two (2) times. Candidates who are unable to pass all three components within these guidelines shall be required to re-enroll in a medical micropigmentation program.~~

(g) **Application for certification.** Upon satisfactory completion of the medical micropigmentation training and certification testing process, the applicant is eligible to apply for a Medical Micropigmentation Certificate. In order to apply for a Certification, the candidate must submit the following to OSDH:

- (1) Completed application;
- (2) ~~Notarized copy~~ Copy of the candidate's certificate of birth;
- (3) ~~Notarized copy~~ Copy of the candidate's driver's license or other similar form of photo ID;
- (4) ~~Notarized copy~~ Copy of the candidate's professional credentials; and
- (5) Completed Training and Testing Verification Form.

(hg) **Issuance of certificates.** The State Commissioner of Health shall award a certificate to eligible applicants as set forth in Section 5 of the Act within thirty (30) days of receipt of the completed application and required documents.

**310:234-3-5. Certificate by skills challenge and certification testing [REVOKED]**

(a) A person who has received training in micropigmentation and has experience in performing micropigmentation procedures may be deemed to have met the Department approved preparedness requirements. Attaining challenge status enables the applicant to bypass micropigmentation training if he/she is able to score 100% on the Skills area evaluations for each of the areas:

- (1) Safety and Aseptic Technique;
- (2) Knowledge of Facial Anatomy, Physiology, and Disease;
- (3) Theory and Application of Micropigmentation;
- (4) Color Theory;
- (5) Client Consultation Services;
- (6) Professionalism; and
- (7) Micropigmentation Procedures on Clients.
  - (A) Basic procedures (eyeliner, lips, and eye brows);
  - (B) Advanced procedures (eye shadow, cheeks, scars, and/or reconstructive surgery, trauma, or repigmentation of the areola)

(b) **Application for certification by skills challenge and certification testing.**

- (1) To apply for challenge status, the applicant must submit all of the following to OSDH:
  - (A) Completed application for challenge status;
  - (B) Notarized copy of the applicant's certificate of birth;
  - (C) Notarized copy of the applicant's driver's license or other similar photo identification;
  - (D) Notarized copy of his/her credentials and professional resume of satisfactory completion of Medical Micropigmentation procedures for a minimum of six months experience and 60 procedures performed;
  - (E) Letter from supervising physician detailing the types of micropigmentation procedures that shall be performed under his/her supervision or letter of recommendation;
- (2) OSDH shall notify the applicant in writing of its decision to approve/disapprove the applicant's challenge status within 60 days of receipt of a completed application. Applicants who are not eligible to challenge must enroll in a micropigmentation training program before entering the certification testing process. Applicants who are eligible to challenge must present the letter of notification from OSDH upon enrolling in the skills challenge and certification testing process.

(c) **Skills area evaluations.**

- (1) A skills challenge candidate must score 100% on each skills area evaluation. The evaluation verifies those micropigmentation concepts and/or techniques presented

in the training program have been mastered through previous training and experience.

(2) Mastery of medical micropigmentation technique in a skills area shall be demonstrated when the candidate performs all skills presented on all job sheets contained within that competency area to the instructor with 100% accuracy. A skills challenge candidate shall perform all skills presented on a job sheet in the presence of his/her supervising physician. Each job sheet must document the procedure performed and include the signature of the supervising physician who witnessed and evaluated the procedure. In order to take the written portion of the skills area evaluation, the candidate must present signed and completed job sheets for each skill presented in that competency area.

(3) Mastery of medical micropigmentation theory in a skills area shall be demonstrated when the candidate scores 85% on the written test (if applicable). Candidates who fail to score 85% on the written portion of each skills area evaluation can re-test in no more than two (2) competency areas. Candidates who fail to score 85% after three (3) attempts shall be required to enroll in a micropigmentation program. Unsuccessful challenge candidates must remediate in all areas where they scored less than 85% through an approved micropigmentation program. Competency will be determined by successful completion of the associated written skill evaluation(s). Candidates who satisfactorily complete all skills area evaluations shall be eligible to register for the written certification examination.

(d) **Written certification examination.**

(1) Candidate shall be eligible to sit for the written certification examination upon satisfactory completion of training and skills area evaluations. The written certification examination for medical micropigmentation shall be offered at Health Certification Project testing sites located in Technology Centers. Documentation of satisfactory completion of the written certification exam shall be required before a candidate is permitted to take the clinical certification examination.

(2) A passing score of 70% shall be required to show competency. A candidate who does not meet this score can retest up to two (2) times. Candidates who do not pass the written certification examination must wait at least seven (7) days before retesting. Candidates who are unable to attain competency after three attempts shall be required to re-enroll in the medical micropigmentation training program.

(e) **Clinical certification examination.**

(1) Candidates shall be eligible to take the clinical certification examination upon satisfactory completion of the written competency examination. The clinical competency for medical micropigmentation shall be offered at selected Technology Center test sites and shall be offered two (2) times per year or as deemed necessary by the Department. The clinical certification examination shall consist of three (3) components.

# Permanent Final Adoptions

~~(2) Candidates shall provide all equipment and supplies for the clinical competency examination. Competency shall be verified by documentation of the clinical competency examination. A candidate must attain a score of 100% to pass the clinical certification examination. A candidate shall be permitted to retest one (1) clinical component up to two (2) times. Retesting a clinical component shall be available at the next clinical certification examination test date. Candidates who are unable to pass all three components within these guidelines shall be required to re-enroll in a medical micropigmentation program.~~

**(f) Application for certification.**

~~(1) Upon satisfactory completion of the medical micropigmentation training and certification testing process, the applicant is eligible to apply for a Medical Micropigmentation Certificate. In order to apply for a Certification, the candidate must submit the following to OSDH:~~

- ~~(A) Completed application for certification, and~~
- ~~(B) Completed Training and Testing Verification Form.~~

~~(2) The State Commissioner of Health shall award a certificate to eligible applicants as set forth in Section 5 of the Act within thirty days of receipt of the completed application and required documents.~~

## SUBCHAPTER 7. REQUIREMENTS FOR PREMISES

### 310:234-7-1. Physical facilities

Medical micropigmentation shall only be performed in a physician's office. The applicant or licensed medical micropigmentation person shall provide information to the Department in their application or renewal form stating who the supervising physician is with the dentist or physician('s) signature, address of the dentist or physician's office where the dentist or physician is supervising, and ~~where~~ the Certified Medical Micropigmentologist being supervised is performing medical micropigmentation.

## SUBCHAPTER 9. STANDARDS FOR MEDICAL MICROPIGMENTATION

### 310:234-9-1.1. Medical Micropigmentation Records

An Oklahoma Certified Micropigmentologist shall provide the Oklahoma State Department of Health, ~~Consumer Protection Division~~ with the name, address, phone number, and licensure number of each of their supervising physicians; specifically identifying the Oklahoma State Board of Medical Licensure & Supervision, the Oklahoma State Board of Osteopathic Examiners and/or the Oklahoma State Board of Dentistry as the supervising physician's licensing authority.

The Oklahoma Certified Micropigmentologist shall inform the Department of any and all changes thereto.

[OAR Docket #22-593; filed 7-12-22]

## TITLE 310. OKLAHOMA STATE DEPARTMENT OF HEALTH CHAPTER 250. FEE SCHEDULE FOR CONSUMER HEALTH SERVICE

[OAR Docket #22-594]

**RULEMAKING ACTION:**

PERMANENT final adoption

**RULES:**

Subchapter 3. License Classifications and Associated Fees for Consumer Health Services  
310:250-3-1. Food establishments' fees [AMENDED]

**AUTHORITY:**

Commissioner of the Oklahoma State Department of Health; 63 O.S. § 1-104; Title 63 O.S. § 1-1118

October 18, 2020

**COMMENT PERIOD:**

November 15, 2021 through December 15, 2021

**PUBLIC HEARING:**

December 15, 2021

**ADOPTION:**

January 20, 2022

**SUBMISSION OF ADOPTED RULES TO GOVERNOR AND LEGISLATURE:**

January 20, 2022

**APPROVED BY GOVERNOR'S DECLARATION:**

Approved by Governor's declaration on June 21, 2022

**FINAL ADOPTION:**

June 21, 2022

**EFFECTIVE:**

September 11, 2022

**SUPERSEDED EMERGENCY ACTIONS:**

n/a

**INCORPORATIONS BY REFERENCE:**

n/a

**GIST/ANALYSIS:**

This rule change adds a multi-seasonal license for snow-cone establishments that would also like to sell hot beverages. The previous rule limited seasonal licenses to 180 days, and this multi-seasonal license would be valid for 365 days.

**CONTACT PERSON:**

Audrey C. Talley, Agency Rule Liaison, Oklahoma State Department of Health, 123 Robert S. Kerr Avenue, Oklahoma City, OK 73102, 405-426-8563. AudreyT@health.ok.gov.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2022:**

## SUBCHAPTER 3. LICENSE CLASSIFICATIONS AND ASSOCIATED FEES FOR CONSUMER HEALTH SERVICES

**310:250-3-1. Food establishments' fees**

(a) The following are license classifications and associated fees for food establishments, manufacturers, or wholesalers regulated by Title 63 O.S. § 1-915, Title 63 O.S. § 1-1118, Title 63 O.S. § 1-1119, or Title 63 O.S. § 1-1120 et seq., and the rules promulgated thereunder.

- (1) Food service, manufacturing, or wholesale.
  - (A) Initial - \$425.00
  - (B) Renewal - \$335.00
  - (C) Late Renewal - \$375.00
- (2) State Operated, Non-Profit or Health Facilities not meeting exempt status.
  - (A) Initial - \$175.00
  - (B) Renewal - \$125.00
  - (C) Late Renewal - \$150.00

(3) ~~Seasonal includes any is limited to an establishment that meets the definition of "Seasonal food establishment" outlined in OAC 310:257-1-2 where the license is valid for only one hundred eighty (180) consecutive days per year. The license may be reinstated no sooner than one hundred eighty 180 days after the expiration of the previous license.~~

- ~~(A) Initial Fee - \$250.00~~
- ~~(B) Reinstatement - \$250.00~~

(4) Multi-Seasonal is limited to an establishment that meets the definition of "Multi-Seasonal food establishment" outlined in OAC 310:257-1-2 where the license is valid for three hundred and sixty-five (365) consecutive days.

- (A) Initial - \$425.00
- (B) Renewal - \$335.00
- (C) Late Renewal - \$375.00

(5) The fee for a temporary food establishment, as defined in OAC 310:257-1-2, shall be \$50.00 for the initial day of the temporary event plus \$25.00 for each additional consecutive day. The total fee for a single temporary event license shall not exceed \$250. No temporary event license shall be issued for more than fourteen (14) consecutive days.

- (A) The total fee for a single temporary event license shall not exceed \$250.
- (B) No temporary event license shall be issued for more than fourteen (14) consecutive days.

~~(56)~~ The fee for a temporary food establishment, as defined in OAC 310:257-1-2, at a county fair as defined in Title 2 O.S. §§ 15-51 et seq., shall be \$50.00 for a maximum of three (3) days.

~~(67)~~ The fee for a temporary food establishment, as defined in OAC 310:257-1-2, at a ~~farmers-~~farmer's market as defined in OAC 310:257-1-2 shall be \$50.00 for a maximum of three (3) days.

(b) An establishment qualifies for a fee exempt license if it is a "food establishment - fee exempt" as that term is defined in OAC 310:257-1-2.

(c) Late renewal fees apply to any renewal application post-marked and/or received thirty (30) days after the expiration date of the license.

(d) A license not renewed within ninety (90) days of the date shall be ineligible for the renewal. Thereafter, the establishment shall be required to pay an initial fee. The establishment that has not had a valid license for one (1) year is considered a new establishment.

**TITLE 310. OKLAHOMA STATE  
DEPARTMENT OF HEALTH  
CHAPTER 257. FOOD ESTABLISHMENTS**

*[OAR Docket #22-595]*

**RULEMAKING ACTION:**

PERMANENT final adoption

**RULES:**

- Subchapter 1. Purpose and Definitions
- 310:257-1-2. Definitions [AMENDED]
- 310:257-1-4. Exemptions [AMENDED]
- Subchapter 3. Management and Personnel
- 310:257-3-3. Person in charge [AMENDED]
- Subchapter 5. Food
- 310:257-5-2. Compliance with food law [AMENDED]
- 310:257-5-68. Other forms of information [AMENDED]
- 310:257-5-70. Discarding or reconditioning unsafe, adulterated, or contaminated food [AMENDED]

**AUTHORITY:**

Commissioner of the Oklahoma State Department of Health; 63 O.S. § 1-104; Title 63 O.S. § 1-1118

**SUBMISSION OF PROPOSED RULES TO GOVERNOR AND CABINET SECRETARY:**

October 18, 2020

**COMMENT PERIOD:**

November 15, 2021 through December 15, 2021

**PUBLIC HEARING:**

December 15, 2021

**ADOPTION:**

January 20, 2022

**SUBMISSION OF ADOPTED RULES TO GOVERNOR AND LEGISLATURE:**

January 20, 2022

**APPROVED BY GOVERNOR'S DECLARATION:**

Approved by Governor's declaration on June 21, 2022

**FINAL ADOPTION:**

June 21, 2022

**EFFECTIVE:**

September 11, 2022

**SUPERSEDED EMERGENCY ACTIONS:**

n/a

**INCORPORATIONS BY REFERENCE:**

n/a

**GIST/ANALYSIS:**

These rules added the provisions of HB 1772, which added a multi-seasonal license and HB 1032, the Homemade Food Freedom Act. 310:257-1-2. Definitions [AMENDED] References to the Home Bakery Act were removed. Food Establishment definition modified to allow for homemade food items. Multi-seasonal license defined. 310:257-1-4. Exemptions [AMENDED] Updated homemade foods to reflect HB 1032. 310:257-3-3. Person in charge [AMENDED] Added language to have food made under HB1032 provisions be considered an approved source. 310:257-5-2. Compliance with food law [AMENDED] Removed prohibition about homemade food. Added alcohol law compliance. 310:257-5-68. Other forms of information [AMENDED] Added a placard requirement listed in law and added an advisory for the menu of a restaurant that uses homemade food items. 310:257-5-70. Discarding or reconditioning unsafe, adulterated, or contaminated food [AMENDED] Modified language to allow for HB1032 homemade items.

Audrey C. Talley, Agency Rule Liaison, Oklahoma State Department of Health, 123 Robert S. Kerr Avenue, Oklahoma City, OK 73102, 405-426-8563. AudreyT@health.ok.gov.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2022:**

## SUBCHAPTER 1. PURPOSE AND DEFINITIONS

### 310:257-1-2. Definitions

The following words and terms, when used in this Chapter, shall have the following meaning, unless the context clearly indicates otherwise.

**"Accredited program"** means a food protection manager certification program that has been evaluated and listed by an accrediting agency as conforming to national standards for organizations that certify individuals. The American National Standards Institute - Conference for Food Protection (ANSI-CFP) Accreditation programs include but are not limited to: National Restaurant Association Solutions; LLC (ServeSafe); Prometric, Inc.; 360training.com; and National Registry of Food Safety Professionals.

(A) Accredited program refers to the certification process and is a designation based upon an independent evaluation of factors such as the sponsor's mission; organizational structure; staff resources; revenue sources; policies; public information regarding program scope, eligibility requirements, re-certification, discipline, and grievance procedures; and test development and administration.

(B) Accredited program does not refer to training functions or educational programs.

**"Additive"** as used in this Chapter shall have the same meaning for the following terms:

(A) **"Color additive"** has the meaning stated in the Federal Food, Drug, and Cosmetic Act, Section 201(t) and 21 CFR, Part 70.

(B) **"Food additive"** has the meaning stated in the Federal Food, Drug, and Cosmetic Act, Section 201(s) and 21 CFR, Part 170.

**"Adulterated"** means the definition in 63 O.S. Section 1-1109.

**"Approved"** means acceptable to the Department based on a determination of conformity with principles, practices, and generally recognized standards that protect public health.

**"Asymptomatic"** means without obvious symptoms; not showing or producing indications of a disease or other medical conditions, such as an individual infected with a pathogen but not exhibiting or producing any signs or symptoms of vomiting, diarrhea, or jaundice. Asymptomatic includes not showing symptoms because symptoms have resolved or subsided, or because symptoms never manifested.

**" $a_w$ "** means water activity which is a measure of the free moisture in a food, is the quotient of the water vapor pressure of the substance divided by the vapor pressure of pure water at the same temperature, and is indicated by the symbol  $a_w$ .

**"Balut"** means an embryo inside a fertile egg that has been incubated for a period sufficient for the embryo to reach a specific state of development after which it is removed from incubation before hatching.

**"Beverage"** means a liquid for drinking, including water.

**"Bottled drinking water"** means water that is sealed in bottles, packages, or other containers and offered for sale for human consumption, including bottled mineral water.

**"Casing"** means a tubular container for sausage products made of either natural or artificial (synthetic) material.

**"Certified applicator"** means any individual who is certified under the Federal Insecticide, Fungicide, and Rodenticide Act, 7 U.S.C. Section 136 et seq. and/or by the Oklahoma State Department of Agriculture Food and Forestry as authorized to use or supervise the use of any pesticide that is classified for restricted use. Any applicator who holds or applies registered pesticides or uses dilutions of registered pesticides consistent with the product labeling only to provide a service of controlling pests without delivering any unapplied pesticide to any person so served is not deemed to be a seller or distributor of pesticides.

**"Certification number"** means a unique combination of letters and numbers assigned by a shellfish control authority to a molluscan shellfish dealer according to the provisions of the National Shellfish Sanitation Program.

**"CFR"** means Code of Federal Regulations. Citations in this Chapter to the CFR refer sequentially to the Title, Part, and Section numbers, such as 21 CFR 178.1010 refers to Title 21, Part 178, Section 1010.

**"CIP"** means cleaned in place by the circulation or flowing by mechanical means through a piping system of a detergent solution, water rinse, and sanitizing solution onto or over equipment surfaces that require cleaning, such as the method used, in part, to clean and sanitize a frozen dessert machine. It does not include the cleaning of equipment such as band saws, slicers, or mixers that are subjected to in-place manual cleaning without the use of a CIP system.

**"Code of Federal Regulations"** means the compilation of the general and permanent rules published in the Federal Register by the executive departments and agencies of the federal government which is published annually by the U.S. Government Printing Office; and contains FDA rules in 21 CFR, USDA rules in 7 CFR and 9 CFR, EPA rules in 40 CFR, and Wildlife and Fisheries rules in 50 CFR.

**"Commingle"** means to combine shellstock harvested on different days or from different growing areas as identified on the tag or label, or to combine shucked shellfish from containers with different container codes or different shucking dates.

**"Comminuted"** means reduced in size by methods including chopping, flaking, grinding, or mincing and includes fish or meat products that are reduced in size and restructured or reformulated such as gefilte fish, gyros, ground beef, sausage; and a mixture of 2 or more types of meat that have

been reduced in size and combined, such as sausages made from 2 or more meats.

**"Commissary"** means a facility used to maintain safe and sanitary operations for the cleaning and servicing of pushcarts, mobile retail units, or mobile food establishments; and for the storage of food and single service articles used in those units.

**"Common dining area"** means a central location in a group residence where people gather to eat at mealtime but does not apply to a kitchenette or dining area located within private living quarters.

**"Conditional employee"** means a potential food employee to whom a job offer is made, conditional on responses to subsequent medical questions or examinations designed to identify potential food employees who may be suffering from a disease that can be transmitted through food and done in compliance with Title 1 of the Americans with Disabilities Act of 1990.

**"Confirmed disease outbreak"** means a foodborne disease outbreak in which laboratory analysis of appropriate specimens identifies a causative agent and epidemiological analysis implicates the food as the source of the illness.

**"Consumer"** means a person who is a member of the public, takes possession of food, is not functioning in the capacity of an operator of a food establishment or food processing plant, and does not offer the food for resale.

**"Cook/Chill"** means the process of placing food, heated to a temperature as required in OAC 310:257-5-46 or OAC 310:257-5-48, and held at a temperature of 135°F or hotter, into an impermeable bag, then cooling the food to a temperature of 41°F or less as required under OAC 310:257-5-57.

**"Co-Op"** means an establishment meeting the requirements in the Cooperative Corporations Chapter at 18 O.S. §§ 421 et seq. and selling food products produced as described in the Home Bakery Act of 2013 at 2 O.S. §§ 5-4.1 et seq.

**"Core item"** means a provision of this Chapter that is not designated as a priority item or priority foundation item and includes an item that usually relates to general sanitation, operational controls, sanitation standard operating procedures (SSOPs), facilities or structures, equipment design or general maintenance.

**"Corrosion-resistant material"** means a material that maintains acceptable surface cleanability characteristics under prolonged influence of the food to be contacted, the normal use of cleaning compounds and sanitizing solutions, and other conditions of the use environment.

**"Counter-mounted equipment"** means equipment that is not portable and is designed to be mounted off the floor on a table, counter, or shelf.

**"Critical control point (CCP)"** means a point or procedure in a specific food system where loss of control may result in an unacceptable health risk.

**"Critical limit"** means the maximum or minimum value to which a physical, biological, or chemical parameter must be controlled at a critical control point to minimize the risk that the identified food safety hazard may occur.

**"Customer self-service"** means customer selection and packaging of a bulk food product from a product module.

**"Cut leafy greens"** means fresh leafy greens whose leaves have been cut, shredded, sliced, chopped, or torn. The term "leafy greens" includes iceberg lettuce, romaine lettuce, leaf lettuce, butter lettuce, baby leaf lettuce (i.e., immature lettuce or leafy greens), escarole, endive, spring mix, spinach, cabbage, kale, arugula, and chard. The term "leafy greens" does not include herbs such as cilantro or parsley.

**"Dealer"** means a person who is authorized by a shellfish control authority for the activities of shellstock shipper, shucker-packer, repacker, reshipper, or depuration processor of molluscan shellfish according to the provisions of the National Shellfish Sanitation Program.

**"Department"** means the Oklahoma State Department of Health and a health department designated in writing by the State Commissioner of Health to perform official duties or other acts authorized under 63 O.S. § 101 et seq. and this Chapter, or an authorized agent thereof.

**"Disclosure"** means a written statement that clearly identifies the animal-derived foods which are, or can be ordered, raw, undercooked, or without otherwise being processed to eliminate pathogens, or items that contain an ingredient that is raw, undercooked, or without otherwise being processed to eliminate pathogens.

**"Display area"** means a location or locations, including physical facilities and equipment, where bulk food is offered for customer self-service.

**"Drinking water"** means water that meets criteria as specified in 40 CFR, Part 141 National Primary Drinking Water Regulations. It is traditionally known as "potable water." Drinking water includes the term "water" except where the term used connotes that the water is not potable, such as "boiler water," "mop water," "rainwater," "wastewater," and "nondrinking" water.

**"Dry storage area"** means a room or area designated for the storage of packaged or containerized bulk food that are not Time Temperature Control for Safety Foods and dry goods such as single-service items.

**"Easily cleanable"** means a characteristic of a surface that allows effective removal of soil by normal cleaning methods; is dependent on the material, design, construction, and installation of the surface; and varies with the likelihood of the surface's role in introducing pathogenic or toxigenic agents or other contaminants into food based on the surface's approved placement, purpose, and use. Easily cleanable includes a tiered application of the criteria that qualify the surface as easily cleanable to different situations in which varying degrees of cleanability are required such as the appropriateness of stainless steel for a food preparation surface as opposed to the lack of need for stainless steel to be used for floors or for tables used for consumer dining; or the need for a different degree of cleanability for a utilitarian attachment or accessory in the kitchen as opposed to a decorative attachment or accessory in the consumer dining area.

**"Easily movable"** means portable; mounted on casters, gliders, or rollers; or provided with a mechanical means to safely tilt a unit of equipment for cleaning; and has no utility connection, a utility connection that disconnects quickly, or a flexible utility connection line of sufficient length to allow

## Permanent Final Adoptions

---

the equipment to be moved for cleaning of the equipment and adjacent area.

**"Egg"** means the shell egg of avian species such as chicken, duck, goose, guinea, quail, ratites, or turkey. Egg does not include a balut and it does not include reptile species such as alligator or an egg product.

**"Egg product"** means all, or a portion of, the contents found inside eggs separated from the shell and pasteurized in a food processing plant, with or without added ingredients, intended for human consumption, such as dried, frozen or liquid eggs. Egg product does not include food which contains eggs only in a relatively small proportion such as cake mixes.

**"Employee"** means the license holder, person in charge, food employee, person having supervisory or management duties, person on the payroll, family member, volunteer, person performing work under contractual agreement, or other person working in a food establishment.

**"EPA"** means the U.S. Environmental Protection Agency.

**"Equipment"** means an article that is used in the operation of a food establishment such as a freezer, grinder, hood, ice maker, meat block, mixer, oven, reach-in refrigerator, scale, sink, slicer, stove, table, temperature measuring device for ambient air, vending machine, or warewashing machine. It does not include items used for handling or storing large quantities of packaged foods that are received from a supplier in a cased or overwrapped lot, such as hand trucks, forklifts, dollies, pallets, racks, and skids.

**"Event or celebration"** means an occasional scheduled social gathering, with a designated event organizer in charge, which is open to the general public, and that has been organized for a special occasion or purpose, having a limited time or serving a specific function.

**"Exclude"** means to prevent a person from working as a food employee or entering a food establishment as an employee.

**"Farmers Hub"** means a designated area as described under 2 O.S. Section 5-3A.1 et seq.

**"Farmers Market"** means a designated area in which farmers, growers, or producers from a defined region gather on a regularly scheduled basis to sell at retail Non-Time/Temperature Control for Safety farm food products and whole shell eggs to the public as described under 2 O.S. Section 5-3A.1 et seq.

**"FDA"** means the U.S. Food and Drug Administration.

**"Fish"** means fresh or saltwater finfish, crustaceans, and other forms of aquatic life (including alligator, frog, aquatic turtle, jellyfish, sea cucumber, and sea urchin and the roe of such animals) other than birds or mammals, and all mollusks, if such animal life is intended for human consumption. Fish includes an edible human food product derived in whole or in part from fish, including fish that have been processed in any manner.

**"Food"** means a raw, cooked, or processed edible substance, ice, beverage, or ingredient used or intended for use or for sale in whole or in part for human consumption, or chewing gum.

**"Foodborne disease outbreak"** means the occurrence of two or more cases of a similar illness resulting from the ingestion of a common food.

**"Food-contact surface"** means a surface of equipment or a utensil with which food normally comes into contact; or a surface of equipment or a utensil from which food may drain, drip, or splash into a food, or onto a surface normally in contact with food.

**"Food employee"** means an individual working with unpackaged food, food equipment or utensils, or food-contact surfaces.

**"Food establishment"** means an operation that stores, prepares, packages, serves, vends food directly to the consumer, or otherwise provides food for human consumption such as a restaurant; satellite, commissary, or catered feeding location; catering operation if the operation provides food directly to a consumer or to a conveyance used to transport people; market; vending location; conveyance used to transport people; institution; or food bank; and that relinquishes possession of food to a consumer directly, or indirectly through a delivery service such as home delivery of grocery orders or restaurant takeout orders, or delivery service that is provided by common carriers.

(A) Food establishment includes: An element of the operation such as a transportation vehicle or a central preparation facility that supplies a vending location or satellite feeding location unless the vending or feeding location is permitted by the Department; or an operation that is conducted in a mobile, stationary, temporary, or permanent facility or location; where consumption is on or off the premises.

(B) Food establishment does not include:

(i) Food processing plant; including those that are located on the premises of a food establishment;

(ii) A kitchen in a private home ~~if only food that is not Time/Temperature Control for Safety is prepared for sale or service at a function such as a religious or charitable organization's bake sale and if the consumer is informed by a clearly visible placard at the sales or service location that the food is prepared in a kitchen that is not subject to regulation and inspection by the Department;~~

~~(iii) An area where food that is prepared as specified in paragraph (B)(ii) of this definition is sold or offered for human consumption that meets exemptions listed at OAC 310:257-1-4;~~

~~(iii+)~~ A kitchen in a private home, such as a small family day-care provider; or a bed-and-breakfast operation that prepares and offers food to guests if the home is owner occupied, the number of available guest bedrooms does not exceed the number allowed by 63 O.S. §§ 1201 et seq., and breakfast is the only meal offered;

~~(iv+)~~ A private home that receives catered or home-delivered food;

~~(v+)~~ Incidental sales; or

(viii) A produce stand that offers only whole, uncut and unprocessed fresh fruits, melons, vegetables and legumes and/or whole uncracked and unprocessed tree nuts.

**"Food establishment - fee exempt"** means a food establishment that utilizes non-paid persons by a nonprofit, civic, charitable, or religious organization primarily for benevolent purposes.

(A) Fee exempt licensees shall comply with the applicable sections of these rules depending upon the type of operation involved; e.g., food service, retail food, combination, temporary, or mobile.

(B) Fee exempt licenses, except temporary licenses, shall not expire but shall remain in full force and effect until revoked, suspended, annulled, or withdrawn by the Commissioner in accordance with applicable law.

(C) A license is not required for a non-profit civic, charitable or religious organization, using non-paid persons to prepare or serve food on its behalf, for occasional fund-raising events sponsored and conducted by the organization.

**"Food processing plant"** means a commercial operation that manufactures, packages, labels, or stores food for human consumption and provides food for sale or distribution to other business entities such as food processing plants or food establishments.

**"Game animal"** means an animal, the products of which are food, that is not included in the definitions of 2 O.S. Section 6-183 et seq. (cattle, bison, sheep, swine and goats). Equines are not included due to the provisions of Title 2 O.S. Section 6-192 (prohibits the use of equine for food), 2 O.S. Section 6-251 et seq. (poultry, including any domestic bird whether live or dead), 2 O.S. Section 6-280.1 et seq. (domesticated rabbits whether live or dead), 2 O.S. Section 6-290.3 et seq. (exotic livestock including commercially raised livestock and including but not limited to animals of the families bovidae, cervidae, antilocapridae or in the definitions of fish in this Section).

**"General use pesticide"** means a pesticide that is not classified by EPA for restricted use as specified in 40 CFR 152.175 Pesticides classified for restricted use.

**"Grade A standards"** means the requirements of the United States Public Health Service/FDA "Grade A Pasteurized Milk Ordinance" with which certain fluid and dry milk and milk products comply.

**"HACCP"** means Hazard Analysis Critical Control Point.

**"HACCP plan"** means a written document that delineates the formal procedures for following the Hazard Analysis Critical Control Point principles developed by The National Advisory Committee on Microbiological Criteria for Foods.

**"Handwashing sink"** means a lavatory, a basin or vessel for washing, a wash basin, or a plumbing fixture especially placed for use in personal hygiene and designed for washing of the hands. Handwashing sink includes an automatic handwashing facility.

**"Hazard"** means a biological, chemical, or physical property that may cause an unacceptable consumer health risk.

**"Health practitioner"** means a physician licensed to practice medicine, a nurse practitioner, physician assistant, or similar medical professional.

**"Hermetically sealed container"** means a container that is designed and intended to be secure against the entry of microorganisms and, in the case of low acid canned foods, to maintain the commercial sterility of its contents after processing.

**"Highly susceptible population"** means persons who are more likely than other people in the general population to experience foodborne disease because they are:

(A) Immunocompromised; preschool age children or older adults; and

(B) Obtaining food at a facility that provides services such as custodial care, health care, or assisted living, such as a child or adult day care center, kidney dialysis center, hospital or nursing home, or nutritional or socialization services such as a senior center.

**"Imminent health hazard"** means a significant threat or danger to health that is considered to exist when there is evidence sufficient to show that a product, practice, circumstance, or event creates a situation that requires immediate correction or cessation of operation to prevent injury based on the number of potential injuries, and the nature, severity, and duration of the anticipated injury.

**"Impermeable"** means incapable of allowing liquids to pass through the covering.

**"Incidental sale"** means the sale of food on the premises where food is not a primary reason to frequent the establishment, but where prepackaged, non-Time/Temperature Control for Safety Food from an approved source is offered for purchase as a convenience to the customer, and no product is kept in back stock.

**"Injected"** means manipulating meat in which a solution has been introduced into its interior by processes which are referred to as "injecting," "pump marinating," or "stitch pumping."

**"Intact Meat"** means a cut of whole muscle(s) meat that has not undergone comminution, injection, mechanical tenderization or reconstruction.

**"Juice"** means the aqueous liquid expressed or extracted from one or more fruits or vegetables, purées of the edible portions of one or more fruits or vegetables, or any concentrates of such liquid or purée. Juice does not include, for purposes of HACCP, liquids, purees, or concentrates that are not used as beverages or ingredients of beverages.

**"Kitchenware"** means food preparation and storage utensils.

**"Law"** means applicable local, state, and federal statutes, regulations, and ordinances.

**"License"** means the document issued by the Department that authorizes a person to operate a food establishment.

**"License holder"** means the entity that is legally responsible for the operation of the food establishment such as the owner, the owner's agent, or other person; and possesses a valid license to operate a food establishment.

## Permanent Final Adoptions

---

**"Linens"** means fabric items such as cloth hampers, cloth napkins, table cloths, wiping cloths, and work garments including cloth gloves.

**"Major food allergen"** means milk, egg, fish (such as bass, flounder, cod, and including crustacean, such as crab, lobster, or shrimp), tree nuts (such as almonds, pecans, or walnuts), wheat, peanuts, and soybeans; or a food ingredient that contains protein derived from a food specified above.

(A) Major food allergen does not include: Any highly refined oil derived from a food specified in Major Food Allergen definition and any ingredient derived from such highly refined oil; or

(B) Any ingredient that is exempt under the petition or notification process specified in the Food Allergen Labeling and Consumer Protection Act of 2004 (Public Law 108-282).

**"Meat"** means the flesh of animals used as food including the dressed flesh of cattle, bison, swine, sheep, or goats and other edible animals, except fish, poultry, and wild game animals.

**"Mechanically tenderized"** means meat manipulated with deep penetration by processes which may be referred to as: "blade tenderizing," "jaccarding," "pinning," "needling," or using blades, pins, needles, or any mechanical device. Mechanically tenderized does not include processes by which solutions are injected into meat. See the definition for injected.

**"mg/L"** means milligrams per liter, which is the metric equivalent of parts per million (ppm).

**"Misbranding"** means the definition contained in 63 O.S. Section 1-1110.

**"Mobile food establishment"** means a facility that prepares food and is vehicle mounted (is Department of Transportation road approved, including wheels and axles), is readily moveable and remains at one physical address for no more than twelve (12) hours at one time.

**"Mobile pushcart"** means a non-self propelled food unit that can be manually moved by one (1) average adult person.

**"Mobile retail food establishment"** means a unit which sells packaged foods from a stationary display at a location that is away from the unit but still at the same physical address, such as a table at a fair or farmer's market, for no more than twelve (12) hours, provided the licensed unit is on premise and readily available for inspection and the food has been prepared in a facility that is regulated by the Good Manufacturing Practices in Title 21 of the CFR or regulated as a license holder pursuant to OAC 310:260, Good Manufacturing Practice Regulations, Oklahoma Department of Agriculture, Food and Forestry, the United States Department of Agriculture, or this Chapter. Mobile food establishments selling only prepackaged foods and engaging in no preparation are not required to pay a plan review fee.

**"Molluscan shellfish"** means any edible species of fresh or frozen oysters, clams, mussels, and scallops or edible portions thereof, except when the scallop product consists only of the shucked adductor muscle.

**"Multi-seasonal food establishment"** means a facility that is under one ownership, is open year-round, and that shall serve snow cones and hot beverages with use of liquid milk.

**"Non-continuous cooking"** means the cooking of food in a food establishment using a process in which the initial heating of the food is intentionally halted so that it may be cooled and held for complete cooking at a later time prior to sale or service. Non-continuous cooking does not include cooking procedures that only involve temporarily interrupting or slowing an otherwise continuous cooking process.

**"OAC"** means Oklahoma Administrative Code.

**"Occasional"** means not habitual; random, irregularly or infrequent and used for special, occasional social gatherings for an event or celebration acting in a specified capacity from time to time, that does not exceed more than four (4) times per year, unless approved by the Department.

**"O.S."** means Oklahoma Statute.

**"Packaged"** means bottled, canned, cartoned, bagged, or wrapped, whether packaged in a food establishment or a food processing plant. Packaged does not include wrapped or placed in a carry-out container to protect the food during service or delivery to the consumer by a food employee upon consumer request.

**"Person"** means an association, a corporation, individual, partnership, other legal entity, government, or governmental subdivision or agency.

**"Person in charge"** means the individual present at a food establishment who is responsible for the operation at the time of the inspection.

**"Personal care items"** means items or substances that may be poisonous, toxic, or a source of contamination and are used to maintain or enhance a person's health, hygiene, or appearance. It may include items such as medicines; first aid supplies; other items such as cosmetics; and toiletries such as toothpaste and mouthwash.

**"pH"** means the symbol for the negative logarithm of the hydrogen ion concentration, which is a measure of the degree of acidity or alkalinity of a solution. Values between 0 and 7 indicate acidity and values between 7 and 14 indicate alkalinity. The value for pure distilled water is 7, which is considered neutral.

**"Physical facilities"** means the structure and interior surfaces of a food establishment including accessories such as soap and towel dispensers and attachments such as light fixtures and heating or air conditioning system vents.

**"Plumbing fixture"** means a receptacle or device that is permanently or temporarily connected to the water distribution system of the premises and demands a supply of water from the system; or discharges used water, waste materials, or sewage directly or indirectly to the drainage system of the premises.

**"Plumbing system"** means the water supply and distribution pipes; plumbing fixtures and traps; soil, waste, and vent pipes; sanitary and storm sewers and building drains, including their respective connections, devices, and appurtenances within the premises; and water-treating equipment.

**"Poisonous or toxic materials"** means substances that are not intended for ingestion and are included in 4 categories:

(A) Cleaners and sanitizers, which include cleaning and sanitizing agents and agents such as caustics, acids, drying agents, polishes, and other chemicals;

(B) Pesticides, except sanitizers, which include substances such as insecticides and rodenticides;

(C) Substances necessary for the operation and maintenance of the establishment such as nonfood grade lubricants and personal care items that may be deleterious to health; and

(D) Substances that are not necessary for the operation and maintenance of the establishment and are on the premises for retail sale, such as petroleum products and paints.

**"Poultry"** means any domesticated bird (chickens, turkeys, ducks, geese, ratites, guineas or squabs), whether live or dead, as defined in 9 CFR, Part 381 and any migratory waterfowl, game bird, such as pheasant, partridge, quail, grouse, or pigeon, whether live or dead, as defined in 9 CFR, Part 362.

**"Premises"** means:

(A) The physical facility, its contents, and the contiguous land or property under the control of the license holder; or

(B) The physical facility, its contents, and the land or property not under the control of the license holder, unless its facilities and contents are under the control of the license holder and may impact food establishment personnel, facilities, or operations, and a food establishment is only one component of a larger operation such as a health care facility, hotel, motel, school, recreational camp, or prison.

**"Primal cut"** means a basic major cut into which carcasses and sides of meat are separated, such as a beef round, pork loin, lamb flank, or veal breast.

**"Priority item"** means a provision in this Chapter the application of which contributes directly to the elimination, prevention, or reduction to an acceptable level of hazards associated with foodborne illness or injury and there is no other provision that more directly controls the hazards. Priority item includes an item with a quantifiable measure to show control of hazards such as cooking, reheating, cooling or handwashing.

**"Priority foundation item"** means a provision in this Chapter whose application supports, facilitates, or enables one or more priority items. "Priority foundation item" includes an item that requires the purposeful incorporation of specific actions, equipment, or procedures by industry management to attain control of risk factors that contribute to foodborne illness or injury such as personnel training, infrastructure, or necessary equipment, HACCP plans, documentation or record keeping, and labeling.

**"Ratite"** means a flightless bird such as an emu, ostrich, or rhea.

**"Ready-to-eat food"** means

(A) food that is in a form that is edible without additional preparation to achieve food safety, as specified under OAC 310:257-5-46(a)-(c) or OAC 310:257-5-47 or OAC 310:257-5-49, or is a raw or partially cooked animal food and the consumer is advised as specified under OAC 310:257-5-46(d)(1) and (3); or is prepared in accordance with a variance that is granted as specified under OAC 310:257-5-46(d)(4);

and may receive additional preparation for palatability or aesthetic, epicurean, gastronomic, or culinary purposes and

(B) includes raw animal food that is cooked as specified under OAC 310:257-5-46 or OAC 310:257-5-47, or frozen as specified under OAC 310:257-5-49; raw fruits and vegetables that are washed as specified under OAC 310:257-5-27; fruits and vegetables that are cooked for hot holding, as specified under OAC 310:257-5-48; All Time/Temperature Control for Safety Food that is cooked to the temperature and time required for the specific food under OAC 310:257-5-46 through 310:257-5-48.1 and cooled as specified under OAC 310:257-5-57; Plant food for which further washing, cooking, or other processing is not required for food safety, and from which rinds, peels, husks, or shells, if naturally present are removed; substances derived from plants such as spices, seasonings, and sugar; a bakery item such as bread, cakes, pies, fillings, or icing for which further cooking is not required for food safety; The following products that are produced in accordance with USDA guidelines and that have received a lethality treatment for pathogens: dry, fermented sausages, such as dry salami or pepperoni; salt-cured meat and poultry products, such as prosciutto ham, country cured ham, and Parma ham; dried meat and poultry products, such as jerky or beef sticks; and foods manufactured according to 21 CFR Part 113, Thermally Processed Low-Acid Foods Packaged in Hermetically Sealed Containers.

**"Reduced oxygen packaging"** means:

(A) The reduction of the amount of oxygen in a package by removing oxygen; displacing oxygen and replacing it with another gas or combination of gases; or otherwise controlling the oxygen content to a level below that normally found in the atmosphere (approximately 21%) at sea level;

(B) A process as specified in paragraph (A) of this definition that involves a food for which hazards *Clostridium botulinum* or *Listeria monocytogenes* require control in the final packaged form;

(C) Reduced oxygen packaging includes vacuum packaging, in which air is removed from a package of food and the package is hermetically sealed so that a vacuum remains inside the package;

(D) Modified atmosphere packaging, in which the atmosphere of a package of food is modified so that its composition is different from air but the atmosphere may change over time due to the permeability of the packaging material or the respiration of the food. Modified atmosphere packaging includes: reduction in the proportion of oxygen, total replacement of oxygen, or an increase in the proportion of other gases such as carbon dioxide or nitrogen;

(E) Controlled atmosphere packaging, in which the atmosphere of a package of food is modified so that until the package is opened, its composition is

## Permanent Final Adoptions

---

different from air, and continuous control of that atmosphere is maintained, such as by using oxygen scavengers or a combination of total replacement of oxygen, nonrespiring food, and impermeable packaging material

(F) Cook chill packaging, as described in OAC 310:257-5-64(d)(E); and

(G) Sous vide packaging, as described in OAC 310:257-5-64(d)(D).

**"Refuse"** means solid waste not carried by water through the sewage system.

**"Regulatory authority"** means a representative, such as an onsite inspector, of the Department.

**"Reminder"** means a written statement concerning the health risk of consuming animal foods raw, undercooked, or without otherwise being processed to eliminate pathogens.

**"Re-Service"** means the transfer of food that is unused and returned by a consumer after being served or sold and in the possession of the consumer, to another person.

**"Restrict"** means to limit the activities of a food employee so that there is no risk of transmitting a disease that is transmissible through food, and the food employee does not work with exposed food, clean equipment, utensils, linens; and unwrapped single-service or single-use articles.

**"Restricted egg"** means any check, dirty egg, incubator reject, inedible, leaker, or loss as defined in 9 CFR, Part 590.

**"Restricted use pesticide"** means a pesticide product that contains the active ingredients specified in 40 CFR 152.175. Pesticides classified for restricted use, and that is limited to use by or under the direct supervision of a certified applicator.

**"Risk"** means the likelihood that an adverse health effect will occur within a population as a result of a hazard in a food.

**"Safe material"** means:

(A) An article manufactured from or composed of materials that may not reasonably be expected to result, directly or indirectly, in their becoming a component or otherwise affecting the characteristics of any food;

(B) An additive that is used as specified in Section 409 of the Federal Food, Drug, and Cosmetic Act; or

(C) Other materials that are not additives and that are used in conformity with applicable regulations of the Food and Drug Administration.

**"Sanitization"** means the application of cumulative heat or chemicals on cleaned food-contact surfaces that, when evaluated for efficacy, is sufficient to yield a reduction of 5 logs, which is equal to a 99.999% reduction of representative disease microorganisms of public health importance.

**"Sealed"** means free of cracks or other openings that allow the entry or passage of moisture.

**"Seasonal food establishment"** means a facility that is open no more than 180 consecutive days per physical address per year. The seasonal food establishment is limited to serving coffee and snow cones with use of liquid milk, individually packaged ice cream products, uncut raw fruits, uncut raw vegetables, nuts in the shell, and commercially bottled syrup, sorghum, honey, sweet cider, and other non-Time/Temperature

Control for Safety Foods. Seasonal food establishments selling only prepackaged foods and engaging in no preparation are not required to pay a plan review fee.

**"Service animal"** means an animal such as a guide dog, signal dog, or other animal as allowed by the ADA, individually trained to provide assistance to an individual with a disability. Service animals are working animals, not pets. The work or task an animal has been trained to provide must be directly related to the person's disability. Animals whose sole function is to provide comfort or emotional support do not qualify as service animals under the ADA.

**"Servicing area"** means an operating base location to which a mobile food establishment or transportation vehicle returns regularly, for such things as vehicle and equipment cleaning, discharging liquid or solid wastes, refilling water tanks and ice bins, and boarding food.

**"Sewage"** means liquid waste containing animal or vegetable matter in suspension or solution and may include liquids containing chemicals in solution.

**"Shellfish control authority"** means a state, federal, foreign, tribal, or other government entity legally responsible for administering a program that includes certification of molluscan shellfish harvesters and dealers for interstate commerce.

**"Shellstock"** means raw, in-shell molluscan shellfish.

**"Shiga toxin-producing *Escherichia coli* (STEC)"** means any *E. coli* capable of producing Shiga toxins (also called verocytotoxins or "Shiga-like" toxins). STEC infections can be asymptomatic or may result in a spectrum of illness ranging from mild non-bloody diarrhea, to hemorrhagic colitis (i.e., bloody diarrhea) to hemolytic uremic syndrome (HUS—a type of kidney failure). Examples of serotypes of STEC include: *E. coli* O157:H7; *E. coli* O157:NM; *E. coli* O26:H11; *E. coli* O145:NM; *E. coli* O103:H2; and *E. coli* O111:NM. STEC are sometimes referred to as VTEC (verocytotoxigenic *E. coli*) or as EHEC (Enterohemorrhagic *E. coli*). EHEC are a subset of STEC which can cause hemorrhagic colitis or HUS.

**"Shucked shellfish"** means molluscan shellfish that have one or both shells removed.

**"Single-service articles"** means tableware, carry-out utensils, and other items such as: bags, containers, placemats, stirrers, straws, toothpicks, and wrappers that are designed and constructed for one time, one person use after which they are intended for discard.

**"Single-use articles"** means utensils and bulk food containers designed and constructed to be used once and discarded. "Single-use articles" includes items such as wax paper, butcher paper, plastic wrap, formed aluminum food containers, jars, plastic tubs or buckets, bread wrappers, pickle barrels, ketchup bottles, and number 10 cans which do not meet the materials, durability, strength, and cleanability specifications under OAC 310:257-7-1, OAC 310:257-7-13 and OAC 310:257-7-15 for multiuse utensils.

**"Slacking"** means the process of moderating the temperature of a food such as allowing a food to gradually increase from a temperature of -23°C (-10°F) to -4°C (25°F) in preparation for deep-fat frying or to facilitate even heat penetration during the cooking of previously block-frozen food such as shrimp.

"**Smooth**" means a food-contact surface having a surface free of pits and inclusions with a cleanability equal to or exceeding that of (100 grit) number 3 stainless steel; A non-food-contact surface of equipment having a surface equal to that of commercial grade hot-rolled steel free of visible scale; and a floor, wall, or ceiling having an even or level surface with no roughness or projections that render it difficult to clean.

"**Sous Vide**" means a method of cooking in which raw or partially cooked food is vacuum packaged in an impermeable bag, cooked in the bag, rapidly chilled, and refrigerated at temperatures that inhibit the growth of psychrotrophic pathogens.

"**Tableware**" means eating, drinking, and serving utensils for table use such as flatware including forks, knives, and spoons; hollowware including bowls, cups, serving dishes, and tumblers; and plates.

"**Temperature measuring device**" means a thermometer, thermocouple, thermistor, or other device that indicates the temperature of food, air, or water.

"**Tempered**" means a mixture of hot and cold water between 100°F and 120°F.

"**Temporary food establishment**" means a food establishment where food is offered for sale or sold at retail from a fixed, temporary facility in conjunction with a single event or celebration not to exceed fourteen (14) consecutive days.

"**Time/Temperature Control for Safety Food**" means a food that requires time/temperature control for safety (TCS) to limit pathogenic microorganism growth or toxin formation.

(A) Time/Temperature Control for Safety Food includes:

(i) An animal food that is raw or heat-treated; a plant food that is heat-treated or consists of raw seed sprouts, cut melons, cut leafy greens, cut tomatoes or mixtures of cut tomatoes that are not modified in a way so that they are unable to support pathogenic microorganism growth or toxin formation, or garlic-in-oil mixtures that are not modified in a way so that they are unable to support pathogenic microorganism growth or toxin formation; and

(ii) Except as specified (B)(iv) of this definition, a food that because of the interaction of its  $a_w$  and pH values is designated in the Product Assessment Required (PA) in Tables 1 or 2 of Appendix A of this Chapter:

(B) Time/Temperature Control for Safety Food does not include:

(i) An air-cooled hard-boiled egg with shell intact, or an egg with shell intact that is not hard-boiled, but has been pasteurized to destroy all viable *Salmonellae*;

(ii) A food in an unopened hermetically sealed container that is commercially processed to achieve and maintain commercial sterility under conditions of non-refrigerated storage and distribution;

(iii) A food that because of its  $a_w$  or pH value, or interaction of  $a_w$  and pH value, is designated as a

non-TCS food as listed in Table 1 or 2 of Appendix A of this Chapter;

(iv) A food that is designated as Product Assessment Required (PA) in Table 1 or 2 of Appendix A of this Chapter and has undergone a Product Assessment showing that the growth or toxin information of pathogenic microorganisms that are reasonably likely to occur in that food is precluded due to:

(I) Intrinsic factors including added or natural characteristics of the food such as preservatives, antimicrobials, humectants, acidulants or nutrients;

(II) Extrinsic factors including environmental or operational factors that affect the food such as packaging, modified atmosphere such as reduced oxygen packaging, shelf-life and use, or temperature range of storage and use; or

(III) A combination of intrinsic and extrinsic factors; or

(v) A food that does not support the growth or toxin formation of pathogenic microorganisms in accordance with (B)(i) - (B)(iv) of this definition above, even though the food may contain a pathogenic microorganism or chemical or physical contaminant at a level sufficient to cause illness or injury.

"**USDA**" means the U.S. Department of Agriculture.

"**Utensil**" means a food-contact implement or container used in the storage, preparation, transportation, dispensing, sale, or service of food, such as kitchenware or tableware that is multiuse, single-service, or single-use; gloves used in contact with food; temperature sensing probes of food temperature measuring devices; and probe-type price or identification tags used in contact with food.

"**Variance**" means a written document issued by the Department that authorizes a modification or waiver of one or more requirements of this Chapter, if, in the opinion of the regulatory authority, a health hazard or nuisance will not result from the modification or waiver.

"**Vending machine**" means a self-service device that, upon insertion of a coin, paper currency, token, card, key, or by electronic transaction, or by optional manual operation, dispenses unit servings of food in bulk or in packages without the necessity of replenishing the device between each vending operation.

"**Vending machine location**" means the room, enclosure, space, or area where one or more vending machines are installed and operated and includes the storage areas and areas on the premises that are used to service and maintain the vending machines.

"**Warewashing**" means the cleaning and sanitizing of utensils and food-contact surfaces of equipment.

"**Whole-muscle, intact beef**" means whole muscle beef that is not injected, mechanically tenderized, reconstructed, or scored and marinated, from which beef steaks may be cut.

# Permanent Final Adoptions

---

## 310:257-1-4. Exemptions

(a) The food establishment definition does not include a food processing plant; a facility that sells only commercially pre-packaged, non-Time/Temperature Control for Safety Foods, from an approved source, which are incidental to the business, and does not have food in storage; a kitchen in a private home that is in compliance with 2 O.S. 5-4.1 et seq if only Non Time/Temperature Control for Safety food is prepared for sale or service at a function such as a religious or charitable organization's bake sale; a kitchen in a private home, such as a bed-and-breakfast operation that prepares and offers food to guests if the number of available guest bedrooms does not exceed the number allowed by 63 O.S. §§ 1201 et seq. and breakfast is the only meal offered; a lodging facility that is serving food according to OAC 310:285-3-14, Lodging Establishments; a private home that receives catered or home-delivered food; ~~or~~ individual farmers' market vendors that are in compliance with the definition of a farmers' market and hold a food processors license from the Oklahoma Department of Health, small egg packer license, licensed by the Oklahoma Department of Agriculture, Food and Forestry ~~and/or~~; a produce stand that offers only whole, uncut and unprocessed fresh fruits, melons, vegetables and legumes and/or whole uncracked and unprocessed tree nuts; or other locations specifically exempted in law.

(b) Persons engaged solely in the sale of food products at a County Free fair as defined by Title 2 O.S. §§ 15-67 are not subject to the provisions of this Chapter.

(1) These persons are not exempted from Title 63 O.S. § 1-1118(B)(3) in regards to licensure.

(2) The consumer shall be informed by a clearly visible placard, at least eight (8) inches by eleven (11) inches, at the sales or service location, which states "This food is prepared in a kitchen that is not inspected by the Oklahoma Department of Health".

## SUBCHAPTER 3. MANAGEMENT AND PERSONNEL

### 310:257-3-3. Person in charge

The person in charge shall ensure that:

(1) Food establishment operations are not conducted in a private home or in a room used as living or sleeping quarters;

(2) Persons unnecessary to the food establishment operation are not allowed in the food preparation, food storage, or warewashing areas, except that brief visits and tours may be authorized by the person in charge if steps are taken to ensure that exposed food; clean equipment, utensils, and linens; and unwrapped single-service and single-use articles are protected from contamination;

(3) Employees and other persons such as delivery and maintenance persons and pesticide applicators entering the food preparation, food storage, and warewashing areas comply with this Chapter;

(4) Employees are effectively cleaning their hands, by routinely monitoring the employees' handwashing;

(5) Employees are visibly observing foods as they are received to determine that they are from approved or lawful sources, delivered at the required temperatures, protected from contamination, unadulterated, and accurately presented, by routinely monitoring the employees' observations and periodically evaluating foods upon their receipt;

(6) Employees are verifying that foods delivered to the food establishment during non-operating hours are from approved or lawful sources and are placed into appropriate storage locations such that they are maintained at the required temperatures, protected from contamination, unadulterated, and accurately presented;

(7) Employees are properly cooking Time/Temperature Control for Safety Food, being particularly careful in cooking those foods known to cause severe foodborne illness and death, such as eggs and comminuted meats, through daily oversight of the employees' routine monitoring of the cooking temperatures using appropriate temperature measuring devices properly scaled and calibrated;

(8) Employees are using proper methods to rapidly cool Time/Temperature Control for Safety Foods that are not held hot or are not for consumption within four (4) hours, through daily oversight of the employees' routine monitoring of food temperatures during cooling;

(9) Employees are properly maintaining the temperatures of Time/Temperature Control for Safety Foods during hot and cold holding through daily oversight of the employees' routine monitoring of food temperatures;

(10) Consumers who order raw or partially cooked ready-to-eat foods of animal origin are informed that the food is not cooked sufficiently to ensure its safety;

(11) Employees are properly sanitizing cleaned multiuse equipment and utensils before they are reused, through routine monitoring of solution temperature and exposure time for hot water sanitizing, and chemical concentration, pH, temperature, and exposure time for chemical sanitizing;

(12) Consumers are notified that clean tableware is to be used when they return to self-service areas such as salad bars and buffets;

(13) Except when otherwise approved, employees are preventing cross-contamination of ready-to-eat food with bare hands by properly using suitable utensils such as deli tissue, spatulas, tongs, single-use gloves, or dispensing equipment;

(14) Employees are properly trained in food safety, including food allergy awareness, as it relates to their assigned duties;

(15) Food employees and conditional employees are informed, in a verifiable manner, of their responsibility to report, in accordance with law, to the person in charge, information about their health and activities as they relate to diseases that are transmissible through food, as specified under OAC 310:257-3-4(a); and

(16) Written procedures and plans, where specified by this Chapter and as developed by the food establishment, are maintained and implemented as required.

**SUBCHAPTER 5. FOOD**

**310:257-5-2. Compliance with food law**

(a) Food shall be obtained from sources that comply with this Chapter.

~~(b) Food prepared in a private home shall not be used or offered for human consumption in a food establishment.~~

~~(c)~~ (e) Packaged food shall be labeled as specified in 21 CFR, Part 101 Food Labeling, 9 CFR, Part 317 Labeling, Marking Devices, and Containers, and 9 CFR, Part 381 Subpart N Labeling and Containers, and as specified in this chapter.

~~(d)~~ (e) Fish, other than those specified under OAC 310:257-5-49(b), that are intended for consumption in their raw or undercooked form and allowed as specified under OAC 310:257-5-46(d)(1), may be offered for sale or service if they are obtained from a supplier that freezes the fish as specified under OAC 310:257-5-49; or frozen on the premises as specified under OAC 310:257-5-49 and records are retained as specified under OAC 310:257-5-50.

~~(e)~~ (d) Whole-muscle, intact beef steaks that are intended for consumption in an undercooked form without a consumer advisory as specified under OAC 310:257-5-46(c) shall be:

(1) Obtained from a food processing plant that, upon request by the purchaser, packages the steaks and labels them, to indicate that the steaks meet the definition of whole-muscle, intact beef, or

(2) Deemed acceptable by the Department based on other evidence, such as written buyer specifications or invoices that indicates that the steaks explicitly meet the definition of whole-muscle, intact beef, and

(3) If individually cut in a food establishment:  
 (A) Cut from whole-muscle intact beef that is labeled by a food processing plant as specified in OAC 310:257-5-2 (e)(1) and (e)(2),  
 (B) Prepared so they remain intact, and  
 (C) If packaged for undercooking in a food establishment, labeled as specified in (e)(1) of this Section or identified as specified in (e)(2) of this Section.

~~(f)~~ (e) Meat and poultry that is not a ready-to-eat food and is in a packaged form when it is offered for sale or otherwise offered for consumption, shall be labeled to include safe handling instructions as specified in law, including 9 CFR, Section 317.2(l) and 9 CFR, Section 381.125(b).

~~(g)~~ (f) Eggs that have not been specifically treated to destroy all viable *Salmonellae* shall be labeled to include safe handling instructions as specified in law, including 21 CFR 101.17(h).

~~(h)~~ (g) Alcohol sales and service may only be conducted as allowed by law.

**310:257-5-68. Other forms of information**

(a) If required by law, consumer warnings shall be provided.

(b) Food establishment or manufacturers' dating information on foods may not be concealed or altered.

(c) For homemade food products produced under 2 O.S. 5-4.1 et seq. that are to be sold in a food establishment, a disclosure that states: "This product was produced in a private residence that is exempt from government licensing and inspection. This product may contain allergens." shall be:

- (1) Posted at the point of sale; or
- (2) If used to produce another food product, cited on the menu.

**310:257-5-70. Discarding or reconditioning unsafe, adulterated, or contaminated food**

(a) A food that is unsafe, adulterated, or not honestly presented as specified under OAC 310:257-5-1 shall be discarded or reconditioned according to an approved procedure.

~~(b) Food that is not from an approved source as specified under OAC 310:257-5-2 through 310:257-5-8~~ (b) Food that is not from an approved source as specified under OAC 310:257-5-2 through 310:257-5-8 shall be discarded.

(c) Ready-to-eat food that may have been contaminated by an employee who has been restricted or excluded as specified under 310:257-3-5 shall be discarded.

(d) Food that is contaminated by food employees, consumers or other persons through contact with their hands, bodily discharges, such as nasal or oral discharges, or other means shall be discarded.

(e) Food may be examined or sampled by the Department as often as necessary for enforcement of these rules and regulations. The Department may place an embargo on food in accordance with the provisions of Title 63 O.S. Section 1-1105.

## **GIST/ANALYSIS:**

310:258-1-2. The current rule gives definitions used in this Chapter. The proposed rule includes grammatical corrections and removed definitions not applicable to a food venue that does not prepare food items.

310:258-3-4. The current rule describes how to store cleaning tools. The proposed rule includes grammatical corrections.

310:258-7-6. The current rule describes approved sources of food items. The proposed rule includes grammatical corrections and removal of language preventing home made food items.

310:258-7-9. The current rule set standards for milk and dairy products. The proposed rule includes grammatical corrections.

310:258-9-14. The current rule describes standards for microwave ovens. The proposed rule removes this section as cooking and reheating not allowed in this venue.

310:258-13-1. Preventing health hazards, provision for conditions not addressed [AMENDED] Clarifying language.

310:258-13-5. Preoperational inspections [AMENDED] Clarifying language.

310:258-13-7. The current rule sets licensure and renewal fees. The proposed rule includes grammatical corrections

310:258-13-8. Form of submission [AMENDED] Clarifying language.

310:258-13-10. Contents of the application [AMENDED] Clarifying language.

310:258-13-13. Denial of application for license, notice [AMENDED] Clarifying language.

310:258-13-14. Responsibilities of the license holder [AMENDED] Clarifying language.

310:258-13-18. Allowed at reasonable times after due notice [AMENDED] Clarifying language.

310:258-13-19. Refusal, notification of right to access, and final request for access [AMENDED] Clarifying language.

310:258-13-20. Refusal, reporting [AMENDED] Clarifying language.

310:258-13-22. Documenting information and observations [AMENDED] Clarifying language.

310:258-13-23. Issuing report and obtaining acknowledgment of receipt [AMENDED] Clarifying language.

310:258-13-24. Refusal to sign acknowledgment [AMENDED] Clarifying language.

310:258-13-26. Ceasing operations and reporting [AMENDED] Clarifying language.

310:258-13-27. Resumption of operations [AMENDED] Clarifying language.

310:258-13-28. There is no current rule. The proposed rule sets a standard correction timeframe for violations as ten (10) calendar days.

310:258-13-29. Documentation of correction [AMENDED] Clarifying language.

## **CONTACT PERSON:**

Audrey C. Talley, Agency Rule Liaison, Oklahoma State Department of Health, 123 Robert S. Kerr Avenue, Oklahoma City, OK 73102, 405-426-8563. AudreyT@health.ok.gov.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2022:**

## **SUBCHAPTER 1. PURPOSE AND DEFINITIONS**

### **310:258-1-2. Definitions**

The following words and terms, when used in this Chapter, shall have the following meaning unless the context clearly indicates otherwise.

"**Additive**" means as used in this Chapter for the following terms:

(A) "**Color additive**" means as stated in the Federal Food, Drug, and Cosmetic Act, 21 U.S.C. Section 321(t) and 21 CFR, Part 70.

(B) "**Food additive**" means as stated in the Federal Food, Drug, and Cosmetic Act, 21 U.S.C. Section 321(s) and 21 CFR, Part 170.

"**Adulterated**" means the definition in 63 O.S. Section 1-1109.

"**Approved**" means acceptable to the Department based on a determination of conformity with principles, practices, and generally recognized standards that protect public health.

"**Beverage**" means a liquid for drinking, including water.

"**Bottled drinking water**" means water that is sealed in bottles, packages, or other containers and offered for sale for human consumption, including bottled mineral water.

"**Certified applicator**" means any individual who is certified under the Federal Herbicide, Fungicide, and Rodenticide Act, U.S.C., Section 136(e)(1) and/or by the Oklahoma State Department of Agriculture Food and Forestry as authorized to use or supervise the use of any pesticide that is classified for restricted use. Any applicator who holds or applies registered pesticides or uses dilutions of registered pesticides consistent with the product labeling only to provide a service of controlling pests without delivering any unapplied pesticide to any person so served is not deemed to be a seller or distributor of pesticides.

"**CFR**" means Code of Federal Regulations. Citations in this Chapter to the CFR refer sequentially to the Title, Part, and

Section numbers, such as 21 CFR, 178.1010 refers to Title 21, Part 178, Section 1010.

**"Code of Federal Regulations"** means the compilation of the general and permanent rules published in the Federal Register by the executive departments and agencies of the federal government which is published annually by the U.S. Government Printing Office; and contains FDA rules in 21 CFR, USDA rules in 7 CFR and 9 CFR, EPA rules in 40 CFR, and Wildlife and Fisheries rules in 50 CFR.

**"Community water system"** means any public water supply system, which serves at least 15 service connections, used year round or regularly serves 25 customers per day.

**"Consumer"** means a person who is a member of the public, takes possession of food, is not functioning in the capacity of an operator of an unattended food establishment or food processing plant, and does not offer the food for resale.

**"Controlled entry"** means selective restriction or limitation of access to a place or location.

~~**"Critical control point"** means a point or procedure in a specific food system where loss of control may result in an unacceptable health risk.~~

**"Customer self-service"** means customer selection of a prepackaged food product from a product module.

**"Cut leafy greens"** means fresh leafy greens whose leaves have been cut, shredded, sliced, chopped, or torn. The term "leafy greens" includes iceberg lettuce, romaine lettuce, leaf lettuce, butter lettuce, baby leafy lettuce (i.e., immature lettuce or leafy greens), escarole, endive, spring mix, spinach, cabbage, kale, arugula, and chard. The term "leafy greens" does not include herbs such as cilantro or parsley.

**"Department"** means the Oklahoma State Department of Health and a health department designated in writing by the State Commissioner of Health to perform official duties or other acts authorized under 63 O.S. § 101 et seq. ~~the Oklahoma Public Health Code and this Chapter, or an authorized agent thereof.~~

~~**"Disclosure"** means a written statement that clearly identifies the animal derived foods which are, or can be ordered, raw, undercooked, or without otherwise being processed to eliminate pathogens, or items that contain an ingredient that is raw, undercooked, or without otherwise being processed to eliminate pathogens.~~

**"Dispensed beverage"** means a beverage or ice that is dispensed in its un packaged form from a machine.

**"Easily movable"** means portable; mounted on casters, gliders, or rollers; or provided with a mechanical means to safely tilt a unit of equipment for cleaning; and has no utility connection, a utility connection that disconnects quickly, or a flexible utility connection line of sufficient length to allow the equipment to be moved for cleaning of the equipment and adjacent area.

**"EPA"** means the U.S. Environmental Protection Agency.

**"Equipment"** means an article that is used in the operation of an unattended food establishment such as a freezer, reach-in refrigerator, ~~microwave oven,~~ or temperature measuring device for ambient air. It does not include items used for handling or storing large quantities of packaged foods that are

received from a supplier in a cased or overwrapped lot, such as hand trucks, forklifts, dollies, pallets, racks, and skids.

**"FDA"** means the U.S. Food and Drug Administration.

**"Fish"** means fresh or saltwater finfish, crustaceans, and other forms of aquatic life (including alligator, frog, aquatic turtle, jellyfish, sea cucumber, and sea urchin and the roe of such animals) other than birds or mammals, and all mollusks, if such animal life is intended for human consumption. Fish includes an edible human food product derived in whole or in part from fish, including fish that have been processed in any manner.

**"Food"** means a raw, cooked, or processed edible substance, ice, beverage, or ingredient used or intended for use or for sale in whole or in part for human consumption, or chewing gum.

**"Food processing plant"** means a commercial operation that manufactures, packages, labels, or stores food for human consumption and provides food for sale or distribution to other business entities such as food processing plants, food establishment, or unattended food establishments.

**"Grade A standards"** means the requirements of the United States Public Health Service/FDA "Grade A Pasteurized Milk Ordinance" with which certain fluid and dry milk and milk products comply.

~~**"HACCP"** means Hazard Analysis Critical Control Point.~~

~~**"HACCP plan"** means a written document that delineates the formal procedures for following the Hazard Analysis Critical Control Point principles developed by The National Advisory Committee on Microbiological Criteria for Foods.~~

**"Hazard"** means a biological, chemical, or physical property that may cause an unacceptable consumer health risk.

**"Hermetically sealed container"** means a container that is designed and intended to be secure against the entry of microorganisms and, in the case of low acid canned foods, to maintain the commercial sterility of its contents after processing.

**"Imminent health hazard"** means a significant threat or danger to health that is considered to exist when there is evidence sufficient to show that a product, practice, circumstance, or event creates a situation that requires immediate correction or cessation of operation to prevent injury based on the number of potential injuries, and the nature, severity, and duration of the anticipated injury.

**"Impermeable"** means incapable of allowing liquids to pass through the covering.

**"Juice"** means, when used in the context of food safety, the aqueous liquid expressed or extracted from one or more fruits or vegetables, purées of the edible portions of one or more fruits or vegetables, or any concentrates of such liquid or purée. Juice does not include, for purposes of HACCP, liquids, purees, or concentrates that are not used as beverages or ingredients of beverages.

**"License"** means the document issued by the Department that authorizes a person to operate an unattended food establishment.

**"License holder"** means the entity that is legally responsible for the operation of the unattended food establishment

## Permanent Final Adoptions

---

such as the owner, the owner's agent, or other person; and possesses a valid license to operate an unattended food establishment.

**"Major food allergen"** means milk, egg, fish (such as bass, flounder, cod, and including crustacean such as crab, lobster, or shrimp), tree nuts (such as almonds, pecans, or walnuts), wheat, peanuts, and soybeans; or a food ingredient that contains protein derived from a food specified above.

(A) Major food allergen does not include: Any highly refined oil derived from a food specified in Major Food Allergen definition and any ingredient derived from such highly refined oil; or

(B) Any ingredient that is exempt under the petition or notification process specified in the Federal Food, Drugs, and Cosmetics Act, 21 U.S.C. Section 343.

**"Non-community water system"** means any public water supply system, which serves an average of at least 25 individuals at least 60 days per year and is not a community water system.

**"OAC"** means Oklahoma Administrative Code.

**"O.S."** means Oklahoma Statute.

**"Packaged"** means bottled, canned, cartoned, bagged, or wrapped, whether packaged in a food processing plant.

**"Person"** means an association, a corporation, individual, partnership, other legal entity, government, or governmental subdivision or agency.

**"Physical facilities"** means the structure and interior surfaces of an unattended food establishment including accessories such as light fixtures and heating or air conditioning system vents.

**"Plumbing fixture"** means a receptacle or device that is permanently or temporarily connected to the water distribution system of the premises and demands a supply of water from the system; or discharges used water, waste materials, or sewage directly or indirectly to the drainage system of the premises.

**"Plumbing system"** means the water supply and distribution pipes; plumbing fixtures and traps; soil, waste, and vent pipes; sanitary and storm sewers and building drains, including their respective connections, devices, and appurtenances within the premises; and water-treating equipment.

**"Poisonous or toxic materials"** means substances that are not intended for ingestion and are included in 4 categories:

(A) Cleaners and sanitizers, which include cleaning and sanitizing agents and agents such as caustics, acids, drying agents, polishes, and other chemicals;

(B) Pesticides, except sanitizers, which include substances such as insecticides and rodenticides;

(C) Substances necessary for the operation and maintenance of the establishment such as nonfood grade lubricants and personal care items that may be deleterious to health; and

(D) Substances that are not necessary for the operation and maintenance of the establishment and are on the premises for retail sale, such as petroleum products and paints.

**"Premises"** means the physical facility, its contents, and the contiguous land or property under the control of the license holder or the contracted establishment.

**"Refuse"** means solid waste not carried by water through the sewage system.

**"Regulatory authority"** means a representative, such as an onsite inspector, of the Department.

**"Restricted use pesticide"** means a pesticide product that contains the active ingredients specified in 40 CFR, Section 152.175. Pesticides classified for restricted use, and that is limited to use by or under the direct supervision of a certified applicator.

**"Risk"** means the likelihood that an adverse health effect will occur within a population as a result of a hazard in a food.

**"Sealed"** means free of cracks or other openings that allow the entry or passage of moisture.

**"Service animal"** means an animal such as a guide dog, signal dog, or other animal individually trained to provide assistance to an individual with a disability.

**"Sewage"** means liquid waste containing animal or vegetable matter in suspension or solution and may include liquids containing chemicals in solution.

**"Single-use articles"** means utensils and food containers designed and constructed to be used once and discarded.

**"Temperature measuring device"** means a thermometer, thermocouple, thermistor, or other device that indicates the ambient air temperature within a cold holding unit.

**"Time/Temperature Control for Safety Food"** means a food that requires time/temperature control for safety (TCS) to limit pathogenic microorganism growth or toxin formation. Time/Temperature Control for Safety Food includes: An animal food that is raw or heat-treated; a plant food that is heat-treated or consists of raw seed sprouts, cut melons, cut leafy greens, cut tomatoes or mixtures of cut tomatoes that are not modified in a way so that they are unable to support pathogenic microorganism growth or toxin formation, or garlic-in-oil mixtures that are not modified in a way that results in mixtures that do not support growth or toxin formation.

**"Unattended food establishment"** means an operation that provides packaged foods or whole fruit using an automated payment system and has controlled entry not accessible by the general public.

**"USDA"** means the U.S. Department of Agriculture.

**"Vending machine"** means a self-service device that, upon insertion of a coin, paper currency, token, card, or key, or by optional manual operation, dispenses unit servings of food in bulk or in packages without the necessity of replenishing the device between each vending operation.

**"Vending machine location"** means the room, enclosure, space, or area where one or more vending machines are installed and operated and includes the storage areas and areas on the premises that are used to service and maintain the vending machines.

### SUBCHAPTER 3. OPERATIONS

**310:258-3-4. Storing maintenance tools**

Maintenance tools such as brooms, mops, vacuum cleaners, and similar items shall be: ~~Stored~~ stored so they do not contaminate food, equipment, utensils, and single-service articles.

**SUBCHAPTER 7. FOOD**

**310:258-7-6. Compliance with food law**

(a) Food shall be obtained from sources that comply with this Chapter and applicable laws.

~~(b) An establishment may eat sell packaged foods prepared by a facility that is in compliance with OAC 310:260 (relating to good manufacturing practices), United States Department of Agriculture, or the Oklahoma Department of Agriculture Food and Forestry.~~

~~(b) Food prepared in a private home shall not be used or offered for human consumption in an unattended food establishment.~~

**310:258-7-9. Milk products**

~~(a) Food products listed below shall meet standards as specified in 2 O.S. Section 7-401 et seq., food products listed below shall in the case of:~~

- ~~(1) Milk products shall be obtained pasteurized and comply with Grade A Standards;~~
- ~~(2) Frozen milk products, such as ice cream; and~~
- ~~(3) Cheese.~~

~~(b) Milk products shall be obtained pasteurized and in compliance with Grade A Standards.~~

**SUBCHAPTER 9. EQUIPMENT CONSTRUCTION**

**310:258-9-14. Microwave ovens [REVOKED]**

~~(a) Microwave ovens shall meet the safety standards specified in 21 CFR, Section 1030.10 Microwave ovens.~~

~~(b) The cavities and door seals of microwave ovens shall be cleaned at least every 24 hours by using the manufacturer's recommended cleaning procedure.~~

**SUBCHAPTER 13. ADMINISTRATION**

**310:258-13-1. Preventing health hazards, provision for conditions not addressed**

(a) If necessary to protect against public health hazards or nuisances, the Department may impose specific requirements in addition to the requirements contained in this Chapter that are authorized by law.

(b) The Department regulatory authority shall document the conditions that necessitate the imposition of additional requirements and the underlying public health rationale. The

documentation shall be provided to the license applicant or license holder and a copy shall be maintained in the Department file for the unattended food establishment.

**310:258-13-5. Preoperational inspections**

The ~~Department~~ regulatory authority shall conduct one or more preoperational inspections to verify that the unattended food establishment is constructed and equipped in accordance with the approved plans and is in compliance with law and this Chapter.

**310:258-13-7. Unattended food establishment license fee**

(a) The following are associated fees for unattended food establishments.

- (1) Initial - \$150.00
- (2) Renewal - \$100.00
- (3) Late Renewal - \$125.00

(b) Late renewal fees apply to any renewal application post-marked and/or received thirty (30) days after the expiration date of the license.

(c) A license not renewed within ninety (90) days of the date shall be ineligible for the renewal fee. Thereafter, the establishment shall be required to pay the initial fee. The establishment that has not had a valid license for one (1) year is considered a new establishment and a new Plan Review and the initial license fee shall be required.

**310:258-13-8. Form of submission**

A person desiring to operate an unattended food establishment shall submit to the ~~Department~~ regulatory authority a written application for a license on a form provided by the Department.

**310:258-13-10. Contents of the application**

The application shall include:

- (1) The name, mailing address, telephone number, signature of the person applying for the license, and the name, mailing address, and location of the unattended food establishment;
- (2) Information specifying whether the unattended food establishment is owned by an association, corporation, individual, partnership, or other legal entity;
- (3) The Department shall issue a license to the applicant after:
  - (A) A properly completed application is received;
  - (B) The required fees are received;
  - (C) The plans, specifications, and information, if applicable, are reviewed; and
  - (D) A pre-licensing inspection shows that the establishment is built or remodeled in accordance with the approved plans and specifications and that the establishment is in compliance with this Chapter and meets the Department's criteria for a license; or any
  - (E) Other information required by the ~~Department~~ regulatory authority.

# Permanent Final Adoptions

---

## 310:258-13-13. Denial of application for license, notice

If an application for a license to operate is denied, the ~~Department~~Department regulatory authority shall provide the applicant with a notice that includes:

- (1) The specific reasons and Chapter citations for the license denial;
- (2) The actions, if any, that the applicant must take to qualify for a license; and
- (3) Advisement of the applicant's right of appeal.

## 310:258-13-14. Responsibilities of the license holder

Upon acceptance of the license issued by the Commissioner of Health, the license holder in order to retain the license shall:

- (1) Post the license in a prominent public location inside the unattended food establishment;
- (2) Comply with the provisions of this Chapter;
- (3) Immediately discontinue operations and notify the ~~Department~~Department regulatory authority if an imminent health hazard may exist as specified under OAC 310:285-13-26;
- (4) Allow representatives of the Department access to the unattended food establishment;
- (5) Comply with directives of the ~~Department~~Department regulatory authority including time frames for corrective actions specified in inspection reports, notices, orders, warnings, and other directives issued by the Department in regard to the license holder's unattended food establishment or in response to community emergencies;
- (6) Accept notices issued and served by the Department according to law;
- (7) Be subject to the administrative, civil, injunctive, and criminal remedies authorized in law for failure to comply with this Chapter or a directive of the Department, including time frames for corrective actions specified in inspection reports, notices, orders, warnings, and other directives; and
- (8) If applicable, submit the annual renewal application and pay all renewal license and late fees.

## 310:258-13-18. Allowed at reasonable times after due notice

After the ~~Department~~Department regulatory authority presents official credentials and provides notice of the purpose of, and an intent to conduct, an inspection, the person in charge shall allow the ~~Department~~Department regulatory authority to determine if the unattended food establishment is in compliance with this Chapter by allowing access to the establishment, allowing inspection, and providing information and records specified in this Chapter and to which the ~~Department~~Department regulatory authority is entitled according to law.

## 310:258-13-19. Refusal, notification of right to access, and final request for access

If a person denies access to the ~~Department~~Department regulatory authority, the ~~Department~~Department regulatory authority shall:

- (1) Inform the person that:

(A) The license holder is required to allow access to the ~~Department~~Department regulatory authority as specified under OAC 310:285-13-18 of this Chapter,

(B) The ~~Department's~~Department regulatory authority's ~~Access~~access is a condition of the acceptance and retention of an unattended food establishment license to operate as specified under OAC 310:285-11-14(4), and

(C) If access is denied, an order issued allowing access, hereinafter referred to as an inspection order, may be obtained according to law; and

- (2) Make a final request for access.

## 310:258-13-20. Refusal, reporting

If after the ~~Department~~Department regulatory authority presents credentials and provides notice as specified under OAC 310:285-13-18, explains the authority upon which access is requested, and makes a final request for access as specified in OAC 310:285-13-19, the person in charge continues to refuse access, the ~~Department~~Department regulatory authority shall provide details of the denial of access on an inspection report form.

## 310:258-13-22. Documenting information and observations

The ~~Department~~Department regulatory authority shall document on an inspection report form:

- (1) Administrative information about the unattended food establishment's legal identity, street and mailing addresses, type of establishment and operation as specified, inspection date, and other information that may be required; and
- (2) Specific factual observations of violative conditions or other deviations from this Chapter that require correction by the license holder.

## 310:258-13-23. Issuing report and obtaining acknowledgment of receipt

At the conclusion of the inspection, the ~~Department~~Department regulatory authority shall provide a copy of the completed inspection report and the notice to correct violations to the license holder or to the person in charge, and request a signed acknowledgment of receipt.

## 310:258-13-24. Refusal to sign acknowledgment

The ~~Department~~Department regulatory authority shall:

(1) Inform a person who declines to sign an acknowledgment of receipt of inspectional findings as specified under OAC 310:285-13-23:

(A) An acknowledgment of receipt is not an agreement with findings,

(B) Refusal to sign an acknowledgment of receipt will not affect the license holder's obligation to correct the violations noted in the inspection report within the timeframes specified, and

(C) A refusal to sign an acknowledgment of receipt is noted in the inspection report and conveyed to the

Department's historical record for the unattended food establishment; and

- (2) Make a final request that the person in charge sign an acknowledgment receipt of inspectional findings.

310:258-13-26. Ceasing operations and reporting

A license holder shall immediately discontinue operations and notify the Department regulatory authority if an imminent health hazard exists because of an emergency such as a fire, flood, sewage backup, insufficient refrigerated food storage facilities available, substantial evidence or presence of a large number of insects or evidence of rodents contaminating food, misuse of poisonous or toxic materials, onset of an apparent foodborne illness outbreak, interruption of electrical service for more than 4 hours, severe structural damage in the facility, gross unsanitary occurrence or condition, or other circumstance as determined by the Commissioner of Health, or his designee, that shall endanger public health.

310:258-13-27. Resumption of operations

If operations are discontinued as specified under OAC 310:285-13-26 or otherwise according to law, the license holder shall notify the Department regulatory authority before resuming operations.

310:285-13-28. Timely correction

- (a) The license holder shall at the time of inspection correct any violation of this Chapter.
(b) Considering the nature of the potential hazard involved and the complexity of the corrective action needed, the Department may agree to or specify a longer time frame, not to exceed 10 calendar days after the inspection, for the license holder to correct a violation.
(c) If corrections are not made according to (a) or (b) of this section, then the facility is subject to enforcement action.

310:258-13-29. Documentation of correction

- (a) After observing at the time of inspection a correction of a violation, the Department regulatory authority shall enter the violation and information about the corrective action on the inspection report.
(b) After receiving notification that the license holder has corrected a violation, or at the end of the specified period of time, the Department shall document the information and enter the report in the Department's records.
(c) In determining if a re-inspection is required, the Department shall count a violation number only once regardless of how many separate violations under the violation number are listed on the inspection sheet.

Audrey C. Talley, Agency Rule Liaison, Oklahoma State Department of Health, 123 Robert S. Kerr Avenue, Oklahoma City, OK 73102, 405-426-8563. AudreyT@health.ok.gov.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2022:**

## SUBCHAPTER 1. GENERAL PROVISIONS

### 310:315-1-1. Purpose

This chapter known as the Public Bathing Place Facility Standards (~~ODH Engineering Bulletin No. 0536~~), is to be used by engineers and other interested persons in the design and submission of plans to a public bathing place. ~~The design criteria given are minimum design criteria and will be used as such by the State Department of Health. Nothing in these standard should be construed as preventing the consulting engineer from recommending, or the reviewing authority from approving, more effective treatment where local conditions dictate such action.~~

### 310:315-1-2. Definitions

When used in this Chapter, the following words or terms shall have the following meaning unless the context of the sentence requires another meaning:

**"Abrasion hazard"** means a sharp or rough surface that would scrape the skin upon chance or by normal use modes.

**"Adjustable inlet"** means a fitting mounted in the pool wall and connected to the return piping from the recirculation system that is directionally adjustable or a fitting mounted in the pool floor and connected to the return piping from the recirculation system that has a means of flow adjustment.

**"Air bump assist backwash"** ~~means the compressing of a volume of air in the filter effluent chamber (by means of an air compressor or by the water pressure from the recirculating pump) which, when released, rapidly decompresses and forces water in the filter chamber through the elements in reverse, dislodging the filter aid and accumulated dirt, carrying it to waste.~~

**"Air induction system"** means a system whereby a volume of air (only) is induced into hollow ducting built into a spa floor, bench, or other location. The air induction system is activated by a separate air power unit (blower).

**"Attendant"** means any person capable of providing rescue who is responsible to the management.

**"Backwash"** means the process of thoroughly cleansing the filter media and/or elements by reverse flow.

**"Backwash cycle"** means the time required to thoroughly backwash the filter media and/or elements and the contents of the filter vessel.

**"Backwash rate"** means the rate of application of water through a filter during the cleaning cycle normally expressed in U. S. gallons per minute per square foot of effective filter area.

**"Bathing load"** means the maximum number of persons allowed in the pool enclosure at one time.

~~**"Booster pump system"** means a system whereby one or more hydrojets are activated by the use of a pump which is completely independent of the filtration and heating system of a spa.~~

**"Cartridge filter"** means a filter that utilizes a porous cartridge as its filter medium.

**"Collector tank"** means a tank receiving the gravity flow from the perimeter overflow gutter and main drain(s) from which the recirculation pump takes suction. It may be referred to as a balance tank.

**"Cover/Grate"** means a fitting, device or assembly that separates the bather from the suction sump or piping that has been design and specified by the manufacturer to control flow through the open area.

**"Department"** means the Oklahoma State Department of Health and authorized representatives.

**"Diatomaceous earth filter"** means a filter that utilizes a thin layer of filter aid as its filter medium that periodically must be replaced.

~~**"Engineering nomenclature"** means the technical terms used through this chapter are understood to represent the currently accepted professional engineering definitions.~~

**"Filter"** means a device that separates solid particles from water by recirculating it through a porous substance (a filter medium or element).

~~**"Filter agitation"** means the mechanical or manual movement to dislodge the filter aid and dirt from the filter element.~~

**"Filter aid"** means a type of finely divided medium used to coat a septum type filter, usually diatomaceous earth, processed perlite, or similar material.

**"Filter cycle"** means the operating time between cleaning and/or backwash cycles.

**"Filter element"** means a device within a filter tank designed to entrap solids and conduct water to a manifold, collection header, pipe, or similar conduit. Filter elements usually consist of a septum and septum support.

~~**"Filter freeboard"** means the clear vertical distance between the top of the filter medium and the lowest outlet of the upper distribution system in a permanent media filter.~~

~~**"Filter media, permanent"** means a finely graded material (such as sand, anthracite, etc.) which removes filterable particles from the water.~~

**"Filter septum"** means that part of the filter element consisting of cloth, wire screen, or other porous material on which the filter medium or aid is deposited.

**"Filtration flow"** means the rate of flow, in volume per time (GPM, GPH), through the filter system installed per manufacturer's instructions with new clean media.

**"Filtration rate"** means the rate of filtration of water through a filter during the filter cycle expressed in U.S. gallons per minute per square foot of effective filter area.

**"Filter freeboard"** means the clear vertical distance between the top of the filter medium and the lowest outlet of the upper distribution system in a permanent media filter.

**"Hydrojets"** means a fitting which blends air and water creating a high velocity, turbulent stream of air enriched water.

**"Hydrotherapy, whirlpool, or spa pool"** means a public pool used exclusively in conjunction with high velocity air and/or high velocity water recirculation systems, utilizing hot, cold, or ambient temperature water. These pools will be referred to as spas.

**"Individual therapy units"** means tanks which are designed for the therapeutic treatment of one individual at one time and are drained and cleaned after each individual use. Individual therapy units are not considered public bathing places.

**"Ladders"** means a series of vertically separated treads or rungs either connected by vertical rail members or independently fastened to an adjacent vertical spa/pool wall.

**"Lower distribution system (underdrain)"** means those devices used in the bottom of a permanent media filter to collect the water uniformly during the filtering and to distribute the backwash uniformly during the backwashing.

**"Not open to the general public"** means access is limited to people who are living or staying on the property associated with the public bathing place or their guests.

**"Open to the general public"** means not restricted to tenants or guests.

**"Overflow system"** means the term overflow system encompasses perimeter type overflows, surface skimmers, and surface water collection systems of various design and manufacture. The water line shall be established by the height of the overflow rim.

**"Perimeter overflow gutter"** means a trough or gutter around the inside perimeter of the pool walls with the overflow lip effecting a skimming action to clean the pool water surface.

**"Permanent media filter"** means a filter that utilizes a medium that can be regenerated and will not have to be replaced.

**"Plunge pool"** means the receiving body of water located at the terminus of a recreation water slide.

**"Pool deck"** means the unobstructed area around the outside of the pool curb, diving boards, diving towers, and/or pool slides.

**"Pool floor"** means the interior bottom pool/spa surface and consists of that surface from a horizontal plane up to a maximum of a 45° slope.

**"Pool turnover"** means the circulation of a quantity of water equal to the pool volume through the filter and treatment facilities.

**"Portable pool"** means a shallow pool, with depth not exceeding 4.5 feet, intended only for swimming instruction, which can be quickly erected, used for an instruction period then dismantled and moved to another location. Conditions governing authorization and operation are shown in the Public Bathing Place Operations.

**"Precoat pot"** means a hopper with a valved connection to the suction side of the recirculation pump of pressure diatomaceous earth type filter systems that is used for coating

the filter with filter medium prior to filtering water through the system.

**"Private pool"** means a pool maintained by an individual for the use of his family and friends, with no other formal admission requirement.

**"Public swimming poolbathing place or public pool"** means a structure of concrete, masonry, or other approved materials, located either indoors or outdoors, used for bathing or swimming, or for instructional purposes in swimming, diving, or other aquatic activities by humans, and filled with a filtered and disinfected water supply, together with buildings, appurtenances, and equipment used in connection therewith. A public swimming pool or public pool shall mean a conventional pool, spa type pool, wading pool, special purpose pool, or water recreation attraction to which admission may be gained with or without payment of a fee and includes but is not limited to pools operated by or serving camps, churches, cities, clubs, counties, health spas, institutions, parks, state agencies, schools, subdivisions, or other cooperative living type projects such as apartments, boarding houses, condominiums, hotels, mobile home parks, motels, recreational vehicle parks, and mobile home parks *all entirely artificially constructed wading pools, swimming pools, bathhouses used collectively by a number of persons for wading, swimming, recreative, or therapeutic bathing, together with all sanitary facilities, bathing suits, buildings, equipment, and appurtenances pertaining to such bathing places; provided, that such term shall not apply to those public or semipublic baths where the main object is the external cleansing of the body, to bathing places maintained by an individual for the use of family and friends, or to bathing places owned or managed by a group or association of the owners of thirty or fewer homes, the use of which is limited to the homeowner group and their nonpaying guests. The term "public bathing place" does not include spray pads or spray grounds. As used in this section, "spray pads or spray grounds" mean interactive recreation areas intended for use by children in which the water is supplied by a system of sprays and is not allowed to accumulate above ground [63 O.S. § 1-1013].*

**"Recessed steps"** means a riser/tread or series of risers/treads extending down from the deck with the bottom riser/tread terminating at the spa/pool wall, thus creating a "stairwell."

**"Recessed treads"** means a series of vertically spaced cavities in the spa/pool wall to be used as steps for the ladder.

**"Recirculation system"** means the system traversed by the recirculated water from the pool until it is returned to the pool.

**"Scope of work"** means a document outlining proposed changes to a public bathing place, including but not limited to the existing configuration and work to bring the facility into compliance with the provisions of this chapter.

**"Skimmersystem"** means a device installed in the pool wall whose purpose is to remove floating debris and surface water to the filter. the water line shall fall in the midpoint of the operating range of the skimmers.

# Permanent Final Adoptions

**"Special purpose pool"** means a public bathing place used exclusively for a particular purpose, including but not limited to springboard or platform diving training, scuba diving instruction, and aquatic programs for handicapped individuals and kindergarten children.

~~"Spray pool" means a recreation area intended for use by children, in which water is supplied by a system of sprays but is not allowed to accumulate.~~

**"Steps"** means a riser/tread or series of risers/treads extending down from the deck into the spa/pool area.

**"Submerged suction outlet"** means a fitting assembly, cover/grate, and related components below the water level that provides a localized low pressure area for the transfer of water from a swimming pool, wading pool, spa or hot tub.

**"Toxic"** means the adverse physiological effect on man.

**"Tread contact surface"** means the foot contact surfaces of ladder, step, stair, or ramp.

**"Turnover rate"** means the period of time (usually in hours) required to circulate a volume of water equal to the pool capacity.

**"Upper distribution system"** means those devices designed to distribute the water entering a permanent media filter in a manner such as to prevent movement or migration of the filter medium. This system shall also properly collect water during filter backwashing unless other means are provided.

~~"Unblockable drainsuction outlet"~~ means a suction outlet constructed, designed, or fitted with an approved cover, of a minimum size such that an 18 inches by 23 inches body blocking element will not cause a differential pressure that could cause body entrapment.

**"Vacuum (or suction) filter"** means a filter which operates under a reduced pressure from the suction of a pump.

**"Wading pool"** means a pool intended for recreational use by children and having a maximum depth not exceeding 18 inches.

~~"Water line" means the water line shall be defined in one of the following ways: the line along the pool that was designed for maximum efficiency and sanitation. For skimmers it is about mid-tile and for gutters they should be overflowing~~

**"Water recreation attraction"** means a public bathing or swimming facility with design and operational features that provide patrons recreational activity which is different from that associated with a conventional swimming pool and purposefully involves total or partial immersion in the water. Water recreation attractions include but are not limited to water slides, water amusement lagoons, and wave pools.

## SUBCHAPTER 3. PLAN DOCUMENTS

### 310:315-3-1. Plans and specifications

(a) **Plans and specifications required.** Plans and specifications on new or major remodeling of existing public bathing places shall be prepared by and bear the seal of a professional engineer licensed in the State of Oklahoma and submitted to the State Department of Health for approval and an approval permit issued prior to construction.

(1) Permits for construction of public bathing place facilities are not transferable.

(2) No permit to construct a public bathing place facility will be granted unless sufficient information has been presented to the Department to indicate a finding that such facility will be constructed and can be operated in accordance with this chapter and in accordance with good practices of public health and safety.

~~(3) The purpose of this section is to point out the essential items and in general, the type of information that should be shown on the plans or included in the specifications or the engineer's report. The inclusion of complete information will expedite the review and approval of plans and specifications by the Water Facilities Engineering Service and will avoid the necessity of returning unapproved plans and specifications to the owner for additional information or clarification.~~

~~(4) Plans submitted to the Department for approval for all future public bathing places, or for any major changes in existing public bathing places, must bear the seal of a registered professional engineer licensed to practice under the Oklahoma statutes. Plans shall be of sufficient size and legibility for microfilming.~~

~~(5) It is unlawful for any person or persons to begin construction, alteration, or modification of any public pool without first having received written approval from the Department.~~

~~(6) The modification of an existing public bathing place to comply with requirements of OAC 310:315-7-14(h) (relating to outlets) shall not require a permit. The changes shall be considered minor modifications as outlined under OAC 310:315-3-1(b) (relating to minor changes) and shall require the submission of a scope of work in writing to the Department outlining the proposed modification to the public bathing place, prior to performing the work. The scope of work shall include, at a minimum, the make and model number of the equipment that will be installed. An inspection by the Department is required upon completion of the work and prior to re-filling the pool with water.~~

(7) Any changes or additions to the recirculation system, treatment equipment, physical structure, or appurtenances that, in the opinion of the Department, are not equivalent in operating characteristics to those installed in accordance with the plans and related documents approved by the Department will be considered as an alteration or modification of an existing pool.

(8) Upon completion of all new construction, approved alterations or modification of an existing pool, the owner shall provide written notification to the Department that the construction and/or equipment installation is ready for final inspection ~~by the Department.~~

(9) If construction of a pool (installation of the pool shell) has not commenced within one (1) year from the date of plan approval by the Department, the approval ~~shall will~~ expire. However, upon ~~written~~ request by the owner, the project approval may be extended for a period of six (6) months provided significant changes have not

been made in the project plans or have not occurred in local conditions affecting the pool or site, and the plans comply with the standards.

~~(107) Number of sets of plans.~~ Five (5) or more complete sets of plans and specifications, together with an application for permit on forms provided by the ~~State Department of Health~~, signed by the owner, shall be submitted to the Department for review. If approved, all plans and specifications will be stamped, indicating the approval of the Department. One (1) set will be retained in the files of the Department; one (1) set forwarded to the local health department; one (1) set will be sent to the consult engineer; and two (2) sets returned to the owner, (one (1) for the owner's file and the other to be provided the successful bidder for the pool construction) ~~and one set will be sent to the consulting engineer.~~

~~(118)~~ If not approved, one (1) complete set will be retained for record and the remainder will be returned to the applicant with recommendations for necessary changes or modifications ~~that will be in for compliance with lawful requirements.~~

~~(129) Plans Submitted for Review.~~ Plans should be submitted for review at least thirty (30) days prior to advertising for bids or letting a contract for construction of the pool. ~~From this it is not necessarily to be inferred that approval or recommendations by the Department will always be forthcoming within this time.~~

(b) **Minor changes.** ~~Proposed~~ An owner must submit a scope of work to the Department for proposed changes or additions to existing public bathing places of a minor nature, and that are not of a sufficient magnitude or scope to involve engineering and the preparation and submission of plans. The scope of work shall will be reviewed informally by the Department in order that the owners may be assured to verify that the proposed changes or additions are in compliance with lawful requirements applicable statutes and rules, and do not necessitate a formal plan review.

(c) **Structural design not reviewed by ~~State~~ the Department of Health.** The review of plans and specifications by the ~~Water Facilities Engineering Service Department~~ does not include structural design or structural stability of any section or part of a public bathing place. Certification of adequacy is the responsibility of the design engineer.

(d) **Information needed.** The engineer's report, specifications, or plans shall include all of the minimum design requirements outlined in this chapter; the pool capacity in gallons; estimated bathing load (male and female); capacity of all mechanical equipment; information of water supplies, pressure, etc., together with such other information as is requested throughout this chapter. When mechanical equipment, devices, plumbing fixtures, etc., are specified by use or trade name, catalog numbers, etc., then individual leaflets, catalogs, or other descriptive material shall be furnished. A plot plan is required showing the location of the pool and adjacent buildings, parking areas, sewers, water lines, fences, and contours. The finding location (legal description or street address) shall be shown on the plot plan.

(e) **New equipment and methods.** The policy of the Department with reference to new types of equipment, new design features, etc., will not be ~~such as~~ to discourage or obstruct progress in design. However, any newly developed equipment, materials, etc., proposed for use in connection with a public bathing place shall have been qualified by trial elsewhere to the satisfaction of the ~~State Department of Health~~ before plans and specifications will be approved or a permit issued. This requirement would not necessarily prohibit any occasional experimental or test installation with adequate impartial supervision, wherein a satisfactory written agreement with reference to replacement of equipment, materials, or changes in design is incorporated in the specifications in the event of failure. In the event public funds are involved, then any such agreement shall be backed by a satisfactory guarantee bond, sufficient in amount to provide for the replacement of unsatisfactory materials or equipment plus any and all additional costs occasioned by changes in design or construction, etc., arising from such replacement.

(f) **Special conditions.** Should special conditions exist, or circumstances be such that in the opinion of the engineer certain items listed as minimum design requirements would not be applicable, then such items shall be submitted in writing to the ~~State Department of Health~~ and approved prior to preparation of the final plans and specifications, and shall be explained in detail in the engineer's report.

(g) **Deviations.** Deviations from this chapter may be allowed by the Department upon a finding by the Department that the operation, maintenance, safety, and sanitation of the pool will not be adversely affected by the deviation. No deviation will be allowed unless it is noted on the construction permit. No deviation from approved plans and specifications is permissible unless and until an amended permit has been granted.

## SUBCHAPTER 5. WATER AND SEWER FACILITIES

### 310:315-5-1. Water supply

(a) **Potable water supply.** The water supply serving the bathhouse and all plumbing fixtures, including drinking fountains, lavatories, and showers, shall be ~~treated in accordance with the requirements of the State Department of Health for drinking water~~ approved by the appropriate regulatory authority.

(b) **Pool water supply.** The water supply for artificially constructed bathing places shall meet the requirements as set forth ~~in 310:315-5-1, "Pool water quality," in this Section.~~

(c) **Backflow preventers.** All portions of a public water distribution system serving the pool and ancillary facilities shall be protected against backflow. Water introduced into the pool either directly or through the recirculation system shall be introduced into the pool through an air gap providing two pipe diameters or six (6) inches vertical distance between the maximum flood level of the pool and the lowest point of the inlet pipe. The coping or deck constitutes the flood level, not a drain. ~~In the case of other connections to a public~~

## Permanent Final Adoptions

~~distribution system, the~~ The supply shall be protected by an air gap whenever possible. When such connections are not ~~possible~~ installed, the supply shall be protected by a suitable backflow preventer installed on the discharge side of the last control valve to the fixture, device, or appurtenance. All hose bibs in the bathing facility area shall be so equipped. ~~For a pool autofill system without an air gap, a RPZ backflow preventer is required.~~ The requirements of the American National Standards Institute (ANSI) A40.6-1943; the American Society of Sanitary Engineering (ASSE) 1001-1970; ASSE 1011-1970, ASSE 1012-1972, ASSE 1013-1971, ASSE 1015-1972; or the American Water Works Association (AWWA) C506-69, or latest revisions thereof, will be used in determining substantial compliance with this requirement.

(d) **Pool water quality.** Unless pool water is to be supplied from an approved and properly operated public water supply system ~~routinely analyzed by the State Department of Health,~~ an analysis of the proposed pool water supply shall be submitted with the plans and specifications or as part of a preliminary engineering report. The analysis shall include, as a minimum, the following parameters: pH, total alkalinity, dissolved solids, hardness both carbonate and non-carbonate, copper, iron, manganese and turbidity. Should any of the above parameters exceed the maximum limit set forth in ~~the Public Bathing Place Regulations~~ OAC 310: Chapter 320, design and specifications of necessary treatment units required to reduce the contaminant to an acceptable level must be made a part of the swimming pool plans.

(e) **Drinking fountains.** Approved type angle-jet fountains with approved water supply under adequate and regulated pressure must be provided in locations available to pool patrons. In the case of non-municipal pools, this requirement will be considered met by compliance with 310:315-7-7, "Bathing places not open to the general public."

### 310:315-5-2. Sewer

(a) **Adequate sanitary and storm sewer system required.** The sewer systems shall be adequate to serve the facility, include bathhouse, locker room, and related accommodations, and to provide for liquid waste disposal and surface drainage.

(b) **Pool wastewater.** Pool wastewater shall be discharged through an air gap to a sanitary sewer, used for pool makeup water after sedimentation and filtration, or ~~the water may be~~ used for irrigation after sedimentation. Proposals for a point discharge of the wastewater to a storm drain or receiving stream will be evaluated on a case-by-case basis and will require obtaining a National Pollutant Discharge Elimination System (NPDES) permit and compliance with all permit conditions. Disposal of wastewater from diatomaceous earth type filters shall be accomplished through adequately sized separation tanks acceptable to the Department, equipped with air bleed valves, bottom drain lines, and isolation valves, or through systems of a settling tank or tanks with final disposal being acceptable to local authorities. Waste lines shall be sized to handle the expected flow. There shall be an indirect connection between any drain from a pool or recirculation system and a sewer line.

(c) **Disposal of sanitary wastewater.** The sanitary sewer serving the bathhouse and ancillary facilities shall connect to the public sewer wherever possible. Where no such sewer is available, the sewer shall connect to a suitable treatment plant designed, constructed, and operated in accordance with the minimum requirements of the ~~State Department of Health~~ Oklahoma Department of Environmental Quality.

(d) **Stream pollution prevention.** ~~The wastewater that results from the construction and operation of a swimming pool shall, prior to discharge, meet the water quality criteria that have been established for the area. In this regard, it will be necessary for the design engineer to refer to the Oklahoma Water Quality Standards, 1979, or the latest revision thereof, published by the Oklahoma Water Resources Board, for the stream standards to be met in the area in which the pool will be located. In addition, it will be necessary to supply information to the Department showing the measures to be provided to meet the standards.~~

## SUBCHAPTER 7. CONSTRUCTION AND OPERATION

### 310:315-7-1. Pool construction, materials, and finish

#### (a) ~~Materials and finish.~~

(1) Pools shall be constructed of concrete or other materials which are smooth, non-absorbent, durable, non-toxic to humans and which can withstand the design stresses. All side walls and bottom surfaces shall have a smooth, easily cleanable, and slip-resistant finish. Floors and walls shall be white or light (pastel) in color and shall have the characteristic of reflecting rather than absorbing any natural or artificial light ~~that may be incident upon the floor and wall surfaces.~~

(2) Fiberglass panels or other approved panels shall not be installed so that a ledge is created at the junction with other materials except as permitted under 10:315-7-4, "Safety ledges."

(3) Wooden pools, spas, or hot tubs are prohibited.

(4) Plastic liners are prohibited.

(5) Sand or earth bottoms are not permitted in artificially constructed public bathing places.

#### (b) **Portable pools.**

(1) **Materials.** ~~Because of its special use and supervised operation, the materials of construction of a portable pool shall be subject to individual appraisal and approval by the Department. It shall meet the objectives of conventional pools in matters of safety, sanitation, durability, water tightness, and ease of cleaning. It shall be easily erected and dismantled.~~

(2) **Equipment.** ~~The equipment of a portable pool shall be subject to individual appraisal and approval by the State Department of Health. It shall include equipment for recirculation, filtration and disinfection, capable of meeting the water quality standards listed in the Public Bathing Place Regulations OAC 310: Chapter 320. Recirculation equipment shall provide a turnover rate not greater than four (4) hours, with a rate of three (3) hours~~

~~recommended. Sanitary facilities required by this chapter shall be conveniently available to the pool. The needs for barriers, walkways, lighting, and other requirements of this chapter shall be met or shown to be non applicable under the provisions of 310:315-3-1. The pool shall be equipped with a sturdy cover that can be locked in place. See Chapter 320 of this title for conditions governing the application and operation of portable pools.~~

**310:315-7-2. Pool layout**

(a) **Location.** In selecting the site for a proposed public bathing place, the water supply, sanitary sewer, and other drainage facilities shall be given due consideration. Outside pools ~~should not~~cannot be located near unpaved highways where road dust and dirt would be carried into the pool by prevailing winds. The site of outdoor pools shall be elevated or otherwise protected by drainage ditches, curbs or retaining walls so that surface water will not flow into and contaminate the pool water.

(b) **Trees, shrubbery.** Trees and shrubbery overhanging or adjacent to the pool or walkway, or in the immediate vicinity on the windward side, are objectionable in that they are the source of dirt, leaves, and other contaminants which may fall into the water.

(c) **Exclusion of unauthorized persons.**

(1) ~~Provision must be made to exclude unauthorized persons from the bathing facilities area. All bathing facilities must be surrounded by an effective barrier for this purpose that meets the descriptions below:-~~

(A) Outdoor pools open to general public such as municipal pools and pools used by organizations (YWCA, YMCA, etc.), shall be enclosed by a suitable barrier equal to a six (6) foot high woven wire fence. ~~Within this pool area may then be established a semi barrier which shall serve to separate the swimmers from the spectators. Enforcement of this section shall then be based on the observance of rules which shall be adopted so as to prevent the mingling of swimmers and spectators on the pool walk area.~~

(B) Indoor pools must either be located in a room with doors that can be locked at all times when the pool is not in use (regardless of whether a fee is charged) or have a barrier that is in compliance with 7-2(c)(1)(C).

(C) Outdoor pools not open to the general public shall be enclosed with a suitable effective barrier to prevent unattended small children from entering the pool. The barrier may be any fence, wall or structure which prevents entry except through self-closing, self-latching gates and does not prevent visual observation of the pool and is not less than four (4) feet in height. Decorative type barriers shall not have open spaces greater than four (4) inches. ~~See also 310:315-7-7.~~ Where existing construction prohibits compliance with this rule, the owner shall file with the county or state health department, an operation procedure which will serve to ensure the exclusion of

animals and unattended small children from the pool area.

(2) A suitable effective barrier shall be accomplished in one of the following manners:

(A) **Wood.**

(i) Wood posts shall be at least four (4) inches in diameter or four (4) inches x four (4) inches, ~~shall be of pressure-treated wood and shall be, spaced not more than ten (10) feet apart. Posts shall be, and~~ embedded at least eighteen (18) inches into the ground.

(ii) Wood railings, when used, shall be at least two (2) inches x four (4) inches in nominal dimension. There shall be at least two (2) railings. Railings shall provide no horizontal projections or recessions unless at four (4) feet. Railings shall not be used in such a way as to form a ladder.

(B) **Wire.**

(i) Wire posts shall be galvanized pipe at least two (2) inches in diameter and shall be spaced not more than ten (10) feet apart. Such posts shall be embedded to a depth of twelve (12) inches in a concrete jacket at least eighteen (18) inches deep and six (6) inches in diameter.

(ii) Chain link shall be at least eleven (11) gauge galvanized metal.

(iii) Wire supports shall be galvanized metal at least one and one-quarter (1-1/4) inches thick and shall provide no footholds.

(C) **Wrought iron.**

(i) ~~Wrough~~Wrought iron posts shall consist of at least one-half (1/2) inch thick steel bars spaced not more than four (4) inches apart.

(ii) Wrought iron fence sections shall consist of at least one-half (1/2) inch thick steel bars spaced not more than four (4) inches apart.

(iii) Wrought iron horizontal rails shall not form a ladder.

(D) **Masonry.** Walls of brick, concrete or stone shall be constructed so as to provide no projections or recessions within four (4) feet of the ground's surface. Such walls shall meet the visual observation requirement of 310:315-7-2. Construction shall not be such as to form a ladder. There shall not be more than four (4) inches of space between the bottom of the enclosure and the ground's surface or the pool deck. Indoor bathing facilities not open to general public shall be enclosed so that access is only through self-closing, self-latching gates or doors, to control access by unattended small children. Enclosures shall have maximum openings of four (4) inches, and the enclosure design shall not form a ladder.

(E) **Alternate enclosure materials.** The Department may approve alternative enclosure materials and methods where the Department finds such materials and methods equivalent to those described.

# Permanent Final Adoptions

(d) **Sand or grass plots.** The area within the pool enclosure of outdoor municipal and other pools open to the general public, and school pools, shall be free of all sand or grass plots used for sun-bathing or play areas. Sand and grass areas provided for sun-tanning or sun-bathing purposes in connection with swimming pools open to the general public shall be separated from the pool and walk area by a fence or other barrier. The exits from the sand or grass sun-bathing area to the pool area shall be provided with continuous or automatic showers, with volume and pressure of water sufficient to remove gross particles of sand, grass, etc., from the bathers. In lieu of the above shower arrangement, sun-bathers may be routed from the sand or grass sun-bathing areas through the regular shower rooms.

(e) **Layout of filter plant and chemical storage facilities.**

(1) The filter plant and chemical storage areas shall ~~either be enclosed or shall otherwise~~ limit access by the general public through other means.

(2) The filter area shall be large enough to provide easy access to all equipment and appurtenances with sufficient room for adequate pipe run for the flow meter and for system maintenance.

(3) There must be at least eighteen (18) inches clearance about freestanding equipment.

(f) **Hose connections.** Ample hose connections shall be provided and suitably arranged in interior shower rooms, toilet rooms, and exterior walks, so that all floors, walks and drains may be flushed with water, using a fifty (50) foot section of flexible hose. Approved vacuum breakers shall be included at all hose bib connections (including any in equipment rooms).

(g) **Wall, floor, and ceiling material.** Walls, floors, and ceilings of new pool rooms and new filter rooms shall be of non-sorbent, smooth, cleanable material.

### 310:315-7-3. Pool size and bathing load

(a) **Pool size.** Generally, the size of the swimming pool shall be such as to accommodate the anticipated maximum swimming load that will frequently use the pool during the swimming season.

(b) **Diving and swimming areas.** Those portions of the pool from the breakpoint to the shallow end shall be designated as "swimming" area and the portion of the pool from the breakpoint to the deep end shall be designated as "diving" area.

(c) **Computing capacity requirements.** The formula for computing capacity requirements is in Appendix D. (See also OAC 310:320 Public Bathing Place Regulations.)

~~(1) Indoor public swimming pools and outdoor swimming pools with a minimum walk area (See 310:315 7-6) and no sun-bathing area:~~

~~[REVOKED]~~

$$\text{Number of person} = \frac{\text{Swimming Area}}{20} + \frac{\text{Diving Area}}{30}$$

~~(2) Other pools with average walk area, sun-bathing area, etc.:~~

~~[REVOKED]~~

$$\text{Number of persons} = \frac{\text{Swimming Area}}{15} + \frac{\text{Diving Area}}{24}$$

~~(3) Deduct three hundred (300) square feet for each installed diving board from the diving area.~~

~~(4) The entire surface area shall be considered "Swimming Area" for non-diving pools having a uniform bottom slope (maximum slope: one (1) foot vertical to twelve (12) feet horizontal) from the shallow end to the deepest part of the pool.~~

(d) **Allowance for deck area.** The Department may make additional allowance in cases of pools with extensive deck areas used by patrons for lounging or sun-bathing. ~~These allowances shall be based on studies of actual pool use.~~

### 310:315-7-4. Pool features

(a) **Structural.**

(1) All pools shall be designed and constructed to withstand all anticipated structural loading, under both filled and empty conditions. A hydrostatic relief valve is required on all new below-grade pools.

(2) Facilities for the Handicapped. All pools open to the general public constructed after May 1, 1981 shall provide for the use of the entire facility by the handicapped as follows:

(A) Raised or cut out depth markings ~~shall be~~ used in the pool and on the deck.

(B) A ramp or lift ~~shall be~~ provided into the pool proper.

(C) Bathhouse construction ~~shall be~~ such that all facilities are readily available to wheelchair and ambulatory handicapped.

(b) **Pool shape.** The shape of any pool shall be such that the circulation of pool water and control of swimmers' safety are not impaired. For all free form, non-diving pools containing any swimming area where the pool perimeter is curved at a radius of less than six (6) feet and the sidewall depth is five (5) feet or less, the design engineer shall separately certify the design of the pool as to its safety.

(c) **Shallow depth.**

~~(1) The pools sixty (60) feet or more in length, such as school pools, municipal pools, institutional pools, and other pools where competitive use is a consideration, the minimum depth of three and one-half (3-1/2) feet at the shallow end.~~

~~(2) In the case of motel and hotel pools, and similar bathing places where recreative bathing is a primary function, minimum depths of three (3) feet are recommended. For pools designed for multiple functions, consideration may be given to the L, Z, or T shaped pools where sufficient depth can be provided for competitive use in one section and shallower water provided in other areas for instruction use or recreational swimming.~~

(d) **Therapeutic pools.** In the case of special pools for water therapy where a design depth less than three (3) feet or other special features are used, the engineer must include in his report a description of the intended use.

(e) **Slope of bottom.**

(1) The slope of the bottom of any portion of the pool having a water depth of less than five (5) feet shall not be more than one (1) foot in twelve (12) feet and said slope

shall be uniform. An exception to this requirement will be made permitting a breakpoint to occur at a minimum water depth of four and one-half (4-1/2) feet for pools less than sixty (60) feet in length or special indoor pools used for instructional or therapeutic purposes.

(2) For pools without uniform bottom slope, without diving facilities, and with maximum depths of five (5) feet or more, the slope in the shallower section shall not exceed one (1) in twelve (12) and there shall be a life line at the change in slope. The slope of the transition section shall not exceed one (1) in three (3). ~~See Public Bathing Place Regulations.~~

(f) **Side walls.**

(1) Walls of a pool shall be vertical for a water depth of at least five (5) feet below the water level, below which the wall ~~may~~ shall be curved to the bottom with a radius equal to the difference between the depth and five (5) feet, except that for water depths under four (4) feet, a radius of one (1) foot shall be permitted; for water depths between four (4) and five (5) feet, a radius of two (2) feet may be used. ~~See also 310:315-7-4.~~

(2) Walls of pools without diving areas shall be vertical (constructed not more than eleven (11) degrees from plumb) for a water depth of at least three (3) feet in all areas where the side wall depth is five (5) feet or greater. The walls shall be vertical for a depth of at least two and one-half (2-1/2) feet in areas with less than five (5) feet side wall depth. The wall ~~may~~ shall then be curved to the bottom with a radius equal to or less than the difference between the minimum vertical wall depth and the side wall depth. Side wall depth shall be defined as the distance between the water surface and the point at which the side wall curvature intersects the constant slope of the bottom.

(g) **Diving area requirements.** Wherever diving facilities are provided in connection with public bathing places, the design shall be such as to provide adequate, clear head room and diving depths to assure the safety of the bathers. It is recommended that pools with diving facilities be designed in accordance with standards promulgated by FINA, NCAA, or U.S. Diving, Inc. The following are minimum requirements.

(1) There shall be a completely unobstructed clear vertical distance of sixteen (16) feet above any spring board measured from a point at the center of the end of the board over the water, and the clear area ~~shall also extend~~ extends horizontally at least eight (8) feet behind, eight (8) feet to each side, and sixteen (16) feet ahead of that point.

(2) A schedule of depths and their locations is given in ~~Figure 1~~ Appendix A and B. These depths are to be interpreted as minimum requirements compatible with safety of design, and greater clearances are recommended.

(3) The area of deep water provided shall ~~in all cases~~ comply with the provisions of Figure I or the following requirements: For pools utilizing deck level boards which will be not more than eighteen (18) inches above the normal operating level of the pool, and other small pools used for diving, the diving area shall have a minimum depth of eight (8) feet. The area where this minimum depth shall

prevail shall be described as follows: at a point on the center line of the axis of the diving board eight (8) feet from the deep end wall, a circle shall be circumscribed with a six (6) foot radius: from a point eleven (11) feet from the deep end wall or three (3) feet in front of the first center, also on the diving board center line axis, a second circle shall be circumscribed with a five (5) foot radius extending from where the arc of the second circle intersects the arc of the first circle on one side to the point of intersection on the other side; all of that area within these two (2) circles shall have a normal operating depth of not less than eight (8) feet; all of this combined area shall be sloped to a point or points where main drains are located and where the depth is not less than eight (8) feet six (6) inches.

(4) In free form pool design (such as kidney-shaped), a deck level diving board may be accommodated in ~~Figure H~~ Appendix C design, using a pool width of sixteen (16) feet at the tip of the diving board. The deck shall not encroach on the pool water surface inside a triangle whose base is sixteen (16) feet long and is centered at the tip of and is perpendicular to the center line of the diving board and whose apex is three (3) to four (4) feet back from the tip of the diving board. (This places the apex at the wall below the diving board.)

(A) **Slides, swings, and recreational equipment.**

It is recommended that where slides, swings, climbing walls, and similar recreational equipment are installed at pools, a lifeguard be on duty at the pool when it is in use.

(B) **Diving boards or platforms.**

(i) Because of the hazards involved, diving boards or platforms exceeding three (3) meters in height ~~should~~ must not be available to the general public and will be approved only for instructional or competitive pools, supervised by capable instructors or coaches. Water depths below such platforms shall conform to NCAA, AAU, or FINA Standards. Preliminary plans for the pool construction shall be submitted for appraisal and concurrence prior to the submission of final construction plans. Preliminary plans shall provide sufficient information on the operation of the pool to allow determination as to whether or not the high diving platforms can be used without hazard.

(ii) ~~The~~ These design requirements are ~~minimum to meet the needs~~ for recreational swimming and diving. Where it is anticipated that pools with diving boards, ~~for example one (1) meter and three (3) meter boards~~, will be used for competitive diving events or training for such events, greater water depths will be required. In such instances the water depths given in the listed standards shall be used in order to avoid safety hazards for this type of activity.

(h) **Safety ledges.**

(1) Safety ledges are acceptable for instructional pools where full-time lifeguards are on duty, provided the ledges are located not less than four (4) feet nor more than five

## Permanent Final Adoptions

---

(5) feet below the water surface. The corners shall be rounded.

(2) Ledges shall be painted or constructed with a material of contrasting color to be easily visible. Ledge surfaces shall have slip-resistant textures.

(3) Off-sets or protrusions from the pool wall resulting from design or construction variations shall fall within the area defined by an eleven (11) degree line from plumb and a plumb line starting at the junction of the pool wall and water surface.

(i) **Depth markings.**

(1) The depth of water shall be plainly marked at or above the water surface on the vertical wall of the swimming pool and on the edge of the deck or walk next to the swimming pool, at maximum and minimum points; at the points of break between the deep and shallow portions; and at intermediate one (1) foot increments of depth in the shallow end up to the breakpoint; and at two (2) foot increments of depth from the breakpoint to the deep end wall, spaced at not more than twenty-five (25) feet intervals measured peripherally; and at two (2) foot increments of depth (with at least three (3) markers per pool) throughout the length of non-diving pools with uniform bottom slope.

(2) Depth markers shall be in numerals of four (4) inches minimum height and a color contrasting with the background. Where depth markers cannot be placed on the vertical walls above the water level, other means shall be used, ~~said markings to~~ and be plainly visible to persons in the pool area.

(3) It is strongly recommended that a six (6) inch black stripe be painted on the bottom of the pool at the breakpoint between the swimming and non-swimming areas, and that lengthwise stripes be painted on the pool bottom for better delineation of the bottom contour.

(j) **Coping.** Bullnosed or rounded coping is recommended. Other coping will be approved on a case-by-case basis. None shall extend more than three (3) inches inside the pool wall nor have sharp corners, and the top surface shall not be more than nine (9) inches above the normal water level.

(k) **Isolation panels.** Where movable panels are used to separate pools, such as in a water channel connecting an indoor and outdoor pool, the design shall include a system of counterweights or springs, or other device, to prevent "guillotine" action. ~~It is recommended that transparent panels include permanent striping in a contrasting color.~~ Also, a minimum of one (1) additional inlet shall be positioned on each side of the panel to assure disinfectant distribution in the connecting water channel.

### 310:315-7-6. Walkways or decks

(a) **Width.** A walkway shall entirely surround the pool. It shall not be less than four (4) feet wide at indoor pools. The walk area about outdoor pools and within the fence shall be equivalent to that provided by a walk at least eight (8) feet wide around the pool. In no case shall the minimum width of the walk be less than four (4) feet at outdoor pools. Where an outdoor pool is covered for cold weather use, the walkway requirements for indoor pools shall govern the size of cover.

(b) **Slope.** All walks, decks and terraces shall have a minimum slope of one-fourth (1/4) inch per foot to drains or points at which the water will have a free, unobstructed flow to points of disposal at all times. Drainage connections to the recirculation system, scum gutter or suitable waste are acceptable. Drainage into the pool is prohibited.

(c) **Finish.**

(1) It is recommended that decks adjoining the pool at public bathing places be constructed of concrete or other impervious material, have a slip-resistant finish, be easily cleanable, not allow standing water, and not cause discomfort to bare feet. ~~Epoxyed~~ Epoxied gravel should not be used as deck material unless the interstices are filled with a stable, inert material.

(2) Wooden decks or walkways are prohibited adjoining the pool at public bathing places open to the general public but may be approved at public bathing places not open to the general public, indoors where such decks are sealed by a resin or other waterproof material, and outdoors where the design provides for adequate cleaning, sanitation, safety, and exposure to the drying action of the sun and wind.

(3) Indoor/outdoor carpets, absorbent or adsorbent coverings or similar deck materials are not recommended for use on the deck or walkways around outdoor public bathing places and prohibited at all indoor public bathing places. If carpeting or other porous materials are used as deck covering at outdoor pools, the substrate supporting the covering, and all ancillary features, shall comply with the recommendations of paragraph one of this chapter and with 310:315-7-6 ~~(and see Public Bathing Place Regulations for disinfection).~~

~~(d) **Hose connections.** Ample hose connections shall be provided and suitable arranged about decks, walkways, and drains so that they may be flushed with water using a fifty (50) foot section of flexible hose. Approved vacuum breakers shall be included at all hose connections.~~

### 310:315-7-7. Bathhouse

(a) **General bathhouse design requirements for all pools.**

(1) **Separate facilities.** Bathhouses to be used simultaneously by both sexes shall be divided into two parts, each appropriately designated for men and women and separated by a tight partition. The entrances and exits shall be screened to break the line of sight. If pools are to be used by one sex only, then all of the required plumbing facilities shall be provided for that sex.

(2) **Wash water temperature.** An adequate supply of warm water within the temperature range of 95 to 100 degrees Fahrenheit is required for all showers and lavatories. On all new construction or the remodeling of present public bathing places, all shower heads shall be provided with fully automatic control valves to prevent scalding of persons under the shower. Control of shower water temperature by hand-operated mixing valves will not be considered as being in compliance with this safety requirement.

(3) **Bathhouse construction details.**

(A) **Walls and ceilings.** All interior walls and partitions shall be smooth, impervious, and of non-corrosive material, free of open cracks, kept in good repair, and painted a light color, with painted surfaces refinished when necessary. Walls and ceilings of showers shall be constructed of materials which are not adversely affected by water or heat.

(B) **Floors.** All floors of showers, toilets, and dressing rooms of public bathing shall be constructed with a proper slope of one-fourth (1/4) inch per foot so that they can be readily flushed with a hose. Floors shall be of a smooth, non-slip finish, impervious to moisture, and without open cracks or joints. Walkways shall be so constructed that they will readily drain. Junctions between walls and floors shall be of coved, or equivalent sanitary construction.

(C) **Shower stalls.** The floor drains in shower rooms or stalls shall be so arranged, and of sufficient number, and with floors constructed and graded, so that wastewater from individual shower heads will not flow over the floor of another shower stall. Floors of the shower stalls shall be slightly depressed below surrounding floor areas. Raised curbs between shower stalls and walks are, however, not acceptable.

(D) **Baskets, lockers, furniture.** Baskets, lockers, and all furniture used in the bathhouse and the pool area shall be constructed of non-absorbent, easily cleanable material. Lockers shall be set either on solid masonry bases at least four (4) inches high or on legs with bottom of locker at least ten (10) inches above the floor. Lockers shall be properly ventilated.

(E) **Soap.** Liquid soap with suitable dispensers shall be provided and be easily available to all persons using the showers and lavatories. Glass-type dispensers are not allowed.

(F) **Emergency fire exit.** An emergency fire exit, other than the entrance, shall be provided in the bathhouse and in the fencing or structure enclosing the pool area, and such exit shall be plainly marked. No fire traps shall be established in the meaning of adequate exits as provided for in the current edition of the National Fire Prevention Association, National Fire Codes, Vol. 9, Section 101, Life Safety Code for Assembly Occupancies. Exits shall be plainly marked.

(G) **Fire extinguishers.** A fire extinguisher of a type suited to the structures, wiring, and equipment to be protected shall be provided and located where readily available. Carbon tetrachloride extinguishers are not acceptable.

(b) **Bathhouse requirements for facilities open to the general public.**

(1) **Facilities and fixtures.** All public bathing places open to the general public shall be provided with adequate toilet facilities, hot water showers, lavatories, drinking fountains, and other required appurtenances. Since the number of each type of plumbing fixture required is based on the maximum number of persons likely to be in the pool area at one time, based on the formulas in 310:315-7-3,

or otherwise approved, the engineer, in designing new public pools intended for swimming, should determine the number of such fixtures based on design load.

(2) **Facilities and fixtures accessibility.** Shower controls, toilet facilities, and lavatories shall be provided at all bathing places open to the general public such that they can be easily reached by small children and the handicapped. As a basis for determining the number of plumbing fixtures required on new and existing public bathing places open to the general public, and for the purpose of reviewing plans and specifications submitted to the Department for approval, the maximum probable number of persons likely to be in the pool at one time may be estimated by the formula shown in 310:315-7-3.

(b) **Separate facilities.** Bathhouses to be used simultaneously by both sexes shall be divided into two parts, each appropriately designated for men and women and separated by a tight partition. The entrances and exits shall be screened to break the line of sight. If pools are to be used by one sex only, then all of the required plumbing facilities shall be provided for that sex.

(e) **Spectators excluded from bather facilities.** Spectators and non-bathers shall be excluded from the toilet rooms provided for the persons using the pool facilities. Should the management desire to accommodate spectators and non-bathers, then separate toilet facilities shall be provided. The requirements of this section shall not be mandatory for bathing places not open to the general public.

(3d) **Minimum toilet facilities.**

(A4) **Men.** A minimum of one (1) water-flush toilet and two (2) water-flush urinals shall be provided in the men's division of all bathing places open to the general public. This minimum number of toilet fixtures is considered sufficient for the first one hundred (100) males. In addition to the above, one (1) water closet and one (1) urinal shall be provided for each additional one hundred (100) males or major fraction thereof. A number less than twenty-five (25) will necessitate only one (1) additional urinal. For pools of less than sixteen hundred (1600) square feet surface area in size, used simultaneously by both sexes, this requirement may be reduced by one (1) urinal.

(B2) **Women.** A minimum of three (3) water-flush toilets shall be provided in the women's division of all bathing places open to the general public. This minimum number of toilet fixtures is considered sufficient for the first one hundred (100) females. In addition to the above, one (1) water closet shall be provided for each additional fifty (50) females or major fraction thereof. For pools of less than sixteen hundred (1600) square feet surface area in size, used simultaneously by both sexes, this requirement may be reduced by one (1) flush closet.

(4e) **Showers and lavatories.** The minimum number of shower and lavatory fixtures shall be as follows:

(A) **Men.**

(i) One (1) lavatory for each one hundred (100) men

## Permanent Final Adoptions

- (ii) One (1) shower head for each forty (40) men

(B) **Women.**

- (i) One (1) lavatory for each one hundred (100) men
- (ii) One (1) shower head for each forty (40) women.

(25) At least three (3) shower heads for men and two (2) shower heads for women shall be provided. It is recommended that all shower stalls and dressing booths in the women's shower room be arranged so that privacy may be obtained while dressing and undressing and while under the shower, a minimum design recommendation being that one (1) such shower stall and dressing booth be provided.

(fc) ~~Estimate of toilet facilities~~**Bathhouse requirements for institutional pools.** The number of toilet facilities necessary for indoor pools at schools, colleges, and similar institutions where it is intended that the swimmers be in groups or classes at regular intervals ~~and where pools are not open to the general public~~ shall be based on institutional needs, and methods of operation, ~~the number of persons permitted in each swimming class, and time allowed for bather's preparation, and similar factors shall be used to determine facilities needed.~~ As a general guide, it is recommended that one (1) water closet be provided for each ten (10) females and one (1) toilet and two (2) urinals for each twenty-five (25) males.

(gd) ~~Bathing~~**Bathhouse requirements for places facilities not open to the general public.**

(1) ~~For Motels, motels, hotels, apartment complexes constructed after November 1, 2022 where all units are less than 300 ft away from the pool or spa, and similar establishments, Pool, pool side bath or sanitary facilities are not required, providing the following conditions are met:~~

- (A) All lodging units include bath and toilet facilities.
- (B) Use of bathing facilities is restricted to tenants and their guests.
- (C) Nothing in this section shall be construed to allow openings directly into the pool enclosure without a suitable effective barrier as per 310:315-7-2.

(2) ~~Bathing places to serve other installations not open to the general public. Bathing places to serve special installations not open to the general public, such as Home Owner Associations and apartments, constructed after November 1, 2022 where units are more than 300 ft away from the pool or spa, shall have a bathhouse located adjacent to the pool walkway with the following items separately provided for each sex: one (1) water-flush toilet, one (1) lavatory, and one (1) shower, and At least one (1) drinking fountain separately provided for both men and for women. One (1) drinking fountain located so that it is available to both sexes, shall be provided is acceptable. The sanitation and safety requirements of 310:315-7-7 shall be complied with.~~

(h) **Wash water temperature.**

(1) An adequate supply of warm water within the temperature range of 95 to 100 degrees Fahrenheit is required

for all showers and lavatories. On all new construction or the remodeling of present public bathing places, all shower heads shall be provided with fully automatic control valves to prevent scalding of persons under the shower. Either individual thermostatically controlled mixing valves for each shower head or a master water blender for a gang of shower heads will be acceptable. In order to conserve hot water, each shower head shall be provided with a valve to control the quantity of blended water and to cut off the water when the shower is not being used. This valve shall be located within easy reach of all persons who use the pool facilities. The thermostatic mixing valves or water blending device shall be set to deliver water to the shower heads at a temperature of 95 to 100 degrees Fahrenheit.

(2) The temperature of water for the shower heads shall be regulated by thermostatically controlled water blenders or mixing valves, provided that should the engineer prefer, a storage tank of ample capacity for storage of low temperature water (95 degrees to 100 degrees Fahrenheit temperature thermostatically controlled) may be substituted for the combination of high temperature water storage and thermostatically controlled shower blending devices. Control of shower water temperature by hand operated mixing valves will not be considered as being in compliance with this safety requirement.

(i) **Bathhouse construction details.**

(1) **Walls and ceilings.** All interior walls and partitions shall be smooth, impervious, and of non-corrosive material, free of open cracks, kept in good repair, and painted a light color, with painted surfaces refinished when necessary. Walls and ceilings of showers shall be constructed of materials which are not adversely affected by water or heat. Partitions between dressing rooms shall terminate at least ten (10) inches above the floor or shall be placed on a continuous raised masonry or concrete base at least four (4) inches high. Lockers shall be set either on solid masonry bases at least four (4) inches high or on legs with bottom of locker at least ten (10) inches above the floor. Lockers shall be properly ventilated.

(2) **Floors.** All floors of showers, toilets, and dressing rooms of public bathing places constructed after passage of the Public Bathing Place Act shall be constructed with a proper slope of one fourth (1/4) inch per foot so that they can be readily flushed with a hose. Floors shall be of a smooth, non-slip finish, impervious to moisture, and without open cracks or joints. Walkways shall be so constructed that they will readily drain. Junctions between walls and floors shall be of coved, or equivalent sanitary construction.

(3) **Shower stalls.** The floor drains in shower rooms or stalls shall be so arranged, and of sufficient number, and with floors constructed and graded, so that wastewater from individual shower heads will not flow over the floor of another shower stall. Floors of the shower stalls shall be slightly depressed below surrounding floor areas. Raised curbs between shower stalls and walks are, however, not acceptable.

(4) **Baskets, lockers, furniture.** Baskets, lockers, and all furniture used in the bathhouse and the pool area shall be constructed of non absorbent, easily cleanable material. The number of baskets or lockers in use at any time shall not exceed the design bathing load.

(5) **Soap.** Liquid soap with suitable dispensers shall be provided and be easily available to all persons using the showers and lavatories. Glass type dispensers shall not be approved.

(6) **Foot bath (not recommended).** Should the engineer or owner desire to include a foot bath on plans of future public bathing places, it is recommended that the foot bath be the flow through type, with dimensions such as to discourage attempted jumping of the receptacle and to permit thorough wetting of both feet. Should the foot bath be designed for use with a disinfecting solution, it is recommended that a bypass be provided for those who wish to avoid its use.

(7) **Emergency fire exit.** An emergency fire exit, other than the entrance, shall be provided in the bathhouse and in the fencing or structure enclosing the pool area, and such exit shall be plainly marked. No fire traps shall be established in the meaning of adequate exits as provided for in the current edition of the National Fire Prevention Association, National Fire Codes, Vol. 9, Section 101, Life Safety Code for Assembly Occupancies. Exits shall be plainly marked.

(8) **Fire extinguishers.** A fire extinguisher of a type suited to the structures, wiring, and equipment to be protected shall be provided and located where readily available. Carbon tetrachloride extinguishers are not acceptable.

**310:315-7-9. Wading pools**

(a) **Wading pools used by children.** Since wading pools will be used by children, who are more susceptible to disease than adults, the standards of sanitation shall be equal, or superior, to those for swimming pools. The maximum depth of all wading pools shall be cannot exceed eighteen (18) inches. A reasonably non-slip surface shall be provided. Bottom slopes shall not exceed one (1) foot in twelve (12) feet. Bathing water shall meet all of the water quality requirements as specified for all artificially constructed bathing places.

(b) **Recirculation.** Wading pools shall have a minimum of one (1) turnover every four (4) hours (two (2) hours is strongly recommended). Unless a separate recirculation system is provided for the wading pool, the main pool recirculation system shall be designed for the additional flow. All recirculation piping to and from the wading pool shall be valved utilizing valves designed for proportioning flows. Rate of flow indicators shall be installed to indicate the flow rate to the wading pool. The piping, fittings, and hydraulic requirements shall be in accordance with OAC 310:315-7-14(~~relating to recirculation systems~~).

(1) **Inlets, outlets.** Adjustable inlets shall be provided for wading pools based on a minimum of one (1) inlet for each twenty (20) feet, or fraction thereof, of pool perimeter except that wading pools with twenty (20) feet or less

of perimeter shall have a minimum of two (2) equally spaced adjustable inlets. Submerged suction outlets shall meet the requirements of OAC 310:315-7-14(h)(~~relating to outlets~~).

(2) **Surface skimmers.** One (1) surface skimmer shall be provided for each four hundred (400) square feet of surface area or fraction thereof. Multiple skimmers shall be equally spaced and shall meet all the requirements of OAC 310:315-7-14(~~relating to recirculation systems~~).

(3) **Emergency drainage.** All wading pools shall have drainage to waste (with indirect connection) through a quick opening valve to facilitate emptying the wading pools should accidental bowel or other discharge occur.

(b) **Wading pool integral with a swimming pool.** Where a wading pool is built integral with a swimming pool, ~~provision~~ the pool design must be made to prevent children from falling into the deeper water. The two pools shall be separated by a wall extending to the surface of the water, topped by a barrier complying with OAC 310:315-7-2(~~relating to pool layout~~).

(c) **Wading pool rules sign.** At all wading pools, a sign shall be displayed prominently using the following or equivalent language:

- (1) Wading Pool
- (2) Supervisor Required for Use Children are required to be supervised
- (3) Children over 12 Years of Age Prohibited.

**310:315-7-10. Spray pools [REVOKED]**

All spray pools with recirculation systems shall comply with the water quality standards cited in Public Bathing Place Regulations. Water supply and waste disposal shall comply with OAC 310:315 5 1(~~relating to water supply~~) and OAC 310:315 5 2 (~~relating to sewer~~). Bottom slopes shall not exceed one (1) foot in twelve (12) feet. Spray orifices shall discharge at least six (6) inches above the overflow, and shall be designed and installed so as not to present an impalement or tripping hazard. Water shall be removed continuously through drains with a maximum water velocity of one and one half (1 1/2) feet/second. Submerged suction outlets shall ~~meet requirements outlined in OAC 310:315 7 14 (relating to outlets)~~.

**310:315-7-11. Public spas**

(a) **Spas.** Spas shall be made of concrete or other impervious materials with a finish adapted to the needs of the facility. Spas shall be of such shape and size as to be operated and maintained in a safe and sanitary manner. In addition to the requirements of this section, compliance is required with all other applicable sections of this chapter.

(b) **Water depths and floor slopes.** ~~Spas shall have a~~ The maximum water depth of a spa is four (4) feet. The spa floor shall slope uniformly to a main drain and the slope shall not cannot exceed one (1) foot in twelve (12) feet (1:12) and the slope shall be uniform.

(c) **Steps.** Steps shall be provided ~~and shall be located to provide for~~ adequate entrance to and exit from the spa. The

## Permanent Final Adoptions

number of sets of steps required shall be on the basis of equals one (1) for each fifty (50) feet, or major fraction thereof, of spa perimeter. They shall be constructed of an easily cleaned impervious materials having a slip resistant finish. Step sets for spas with more than two hundred (200) square feet of spa water surface area shall comply with OAC 310:315-7-5(a)(relating to steps, ladders and stairs). Step sets for spas with two hundred (200) square feet or less of spa water surface area shall comply with the following:

- (1) Step treads shall have a minimum continuous tread length of twelve (12) inches and a minimum tread width of ten (10) inches.
  - (2) Step riser heights shall do not exceed twelve (12) inches, except that when the bottom step is used for a bench or seat, the bottom riser may be a maximum of fourteen (14) inches.
  - (3) Intermediate treads and risers between the top and bottom treads and risers shall be uniform in width and height, respectively.
- (d) **Handrails.** Handrails that are anchored in the bottom and extend over the coping and anchor in the deck shall be provided for all sets of steps and shall be anchored in the bottom and shall extend over the coping and anchor in the deck. Where "figure 4" handrails are used, they shall be anchored in the deck and shall extend laterally to a point vertically above the bottom step.
- (e) **Decks.** Spa decks A spa deck shall comply with all of the following requirements in addition to the applicable parts of OAC 310:315-7-6 (relating to walkways or decks):
- (1) Decks shall slope Slope a minimum of one-fourth (1/4) inch per foot away from the spa to drainage or to deck drains.
  - (2) Decks shall have Have a minimum four (4) foot unobstructed width around the entire spa perimeter except that small indoor spas of less than one hundred twenty (120) square feet of spa water surface area shall have a minimum four (4) foot unobstructed deck around a minimum of fifty (50) percent of the spa perimeter.
  - (3) Decks shall provide Provide adequate access for cleaning and maintenance of the spa, and for assisting persons in distress.
  - (4) Decks shall not cannot be more than ten (10) inches below the top of the curb.
- (f) **Surface skimmers.** Surface skimmers or overflow gutters shall be provided. The minimum number of surface skimmers required shall be based is on one (1) skimmer for each fifty (50) square feet or fraction thereof of spa water surface area. Multiple surface skimmers shall be equally spaced. All surface skimmers shall meet the requirements of OAC 310:315-7-14 (relating to recirculation systems) and the The system shall be designed for thirty (30) gallons per minute per skimmer. Overflow gutters shall meet the requirements of OAC 310:315-7-14 (relating to recirculation systems).
- (g) **Air or water jet systems.** Therapy or jet systems shall be independent of the recirculation-filtration and heating systems. In particular, therapy suction outlets shall be separated from filter system outlets sufficiently to ensure no interference with required filter system flow.

(h) **Suction openings.** All suction openings in spas shall have covers or grates with sufficient open area to prevent the flow velocity through the open area from exceeding one and one half (1 1/2) feet per second. This same velocity restriction shall apply to suction intakes for water jets.

(i) **Chemical feeders.** Feeders for chlorine or bromine shall be specified, shall meet the requirements for the specific spa, and shall be in accordance with OAC 310:315-7-16 (relating to disinfection and pH control). (Note: chlorine is not recommended for disinfection in hot water facilities.)

(j) **Filtration system inlets.** Adjustable filtration system inlets shall be provided for spas based on a minimum of one (1) for each twenty (20) feet or fraction thereof of spa perimeter. Additional inlets shall be installed if needed to meet flow requirements. Spas with less than twenty (20) feet of perimeter shall have a minimum of two (2) equally spaced adjustable inlets.

(k) **Filtration recirculation.** Spas shall have a minimum of one (1) turnover every thirty (30) minutes. Note that minimum flow may be determined by the requirements of OAC 310:315-7-11 (relating to public spas). The piping, fittings, and hydraulic requirements shall be in accordance with OAC 310:315-7-14 (relating to recirculation systems) and OAC 310:315-7-15 (relating to filters). All recirculation lines to and from the spa shall be valved in order to control the recirculation flow. A main drain connected to the recirculation pump meeting the requirements of OAC 310:315-7-11 (relating to public spas) shall be required. Strainers shall be sized at least twice the area required in OAC 310:315-7-14 (relating to recirculation systems). Spa water shall not be allowed to overflow or be piped into another bathing facility unless it is first disinfected and filtered.

(l) **Vacuuuming.** Spas shall have provision for vacuuming.

(m) **Temperature.** The maximum water temperature for spas shall be cannot exceed 105oF (40.6oC) and this maximum temperature shall be posted at pool side. A thermostatic control for the water shall be provided.

(n) **Rental spas.** Facilities renting spas designed to provide privacy for users shall have louvered, non locking doors in each spa enclosure, a help call system using low voltage call switches to activate central station visual and sound signals, and a fire exit for the facility. An attendant certified in CPR shall be present at all times when any rental spa is in use.

(o) **Capacity.** The maximum capacity for public spas shall be is one (1) person per three (3) feet of spa perimeter, or one (1) person per two hundred (200) gallons of water, whichever is less. For spas four hundred fifty (450) gallons or smaller, the maximum capacity shall be is one (1) person per one hundred fifty (150) gallons. The design capacity shall be posted prominently in the area adjacent to the spa.

(p) **Spa contiguous with pool.** Where a spa and a swimming pool share a wall in common, a barrier shall be mounted atop the common wall to discourage patrons from walking on the wall and falling into the spa, with its shallow seats. The barrier shall not form a ladder nor a diving platform and shall not nor include any impalement hazard.

**310:315-7-12. Water recreation attractions**

(a) **General.** Water recreation attraction projects require special consultation with the Department in order that consideration can be given to concepts of design variations and to areas where potential problems may exist. In addition to the requirements of this section, compliance is required with all other applicable sections of this chapter. Plans for supervision, attendants, and lifeguards will be an important feature to be considered for water recreation attractions, and shall be presented in the engineering report accompanying plans and specifications.

(b) **Water slides.**

(1) **Recreational water slide.** A recreational water slide facility shall consist of one (1) or more flumes, plunge pool, a pump reservoir, filtration, disinfection, and chemical treatment facilities.

(2) **Water slide plunge pool.** Plunge pools are located at the base of slide flumes. They shall be constructed of concrete or other impervious materials with a smooth slip-resistant finish. The plunge pool design shall be as follows: built according to the slide manufacturer's requirements/recommendations and the design engineer of the project or in compliance with the following standards:

(A) The minimum plunge pool operating water depth at the slide flume terminus shall be ~~is~~ three (3) feet. This depth shall be maintained for a minimum distance of ten (10) feet in front of the slide terminus from which point the plunge pool floor may have constant upward slope to allow a minimum water depth of two (2) feet at the base of the steps. The floor slope shall ~~cannot not~~ exceed one (1) foot in ten (10) feet. The plunge pool water depth shall be commensurate with safety and the ease of exit from the plunge pool.

(B) The plunge pool dimension between any slide flume exit or terminus and the opposite side of the plunge pool shall be ~~is~~ a minimum of twenty (20) feet excluding steps.

(C) The slide flume terminus shall be at a minimum depth of six (6) inches below the plunge pool operating water surface level or it may be at the water surface level or up to a maximum of two (2) inches above the water surface level provided the terminal portion of the slide flume is parallel to the water surface for a minimum distance of ten (10) feet. The minimum distance between any plunge pool side wall and the outer edge of any slide flume terminus shall be ~~is~~ four (4) feet. A minimum length of ten (10) feet of slide flume shall be perpendicular to the plunge pool wall at the exit end of the flume(s).

(D) ~~The plunge pool shall have a main drain, complying with OAC 310:315-7-14(h) (relating to outlets), with separate piping and valve to the filtration system. The velocity through the openings of the main drain grate shall not exceed one and one half (1 1/2) feet per second at the design flow rate of the recirculation pump. The main drain piping shall be sized to handle one hundred (100) percent of the~~

design flow rate of the filtration system in accordance with 310:315-7-14.

(E) The plunge pool floor shall slope to the main drain(s) and the slopes shall ~~cannot not~~ exceed one (1) foot in ten (10) feet.

(F) Plunge pool decks shall meet the following requirements as follows:

(i) ~~The have a~~ minimum 10 foot width of ~~plunge pool decks~~ along the exit side ~~shall be ten (10) feet.~~

(ii) ~~All plunge pool decks shall~~ have a minimum six (6) inch high curb; ~~and~~

(iii) ~~All plunge pool decks shall~~ slope (drain) away from the plunge pool unless the curb is located at the outside perimeter of the deck. If the curb is located at the outside perimeter of the deck, the plunge pool deck shall slope to the plunge pool and/or pump reservoir or to deck drains which discharge to the same. All slopes shall be a minimum of three (3) inches in ten (10) feet.

(3) **Bathroom facilities.** ~~Bathroom facilities shall be provided in accordance with OAC 310:315-7-7 (relating to bathroom). For very large water recreation attractions, the number of bathroom fixtures may be based on usage experience data.~~

(4) **Pump reservoirs.** Pump reservoirs shall be made of concrete or other impervious material with a smooth slip-resistant finish and shall be connected to the plunge pool by a weir. Pump reservoirs shall be for the slide pump intakes. ~~Pump reservoir designs shall be as follows:~~

(A) The minimum reservoir volume shall be equal to two (2) minutes of the combined flow rate in gpm of all filter and slide pumps.

(B) Pump reservoirs shall be isolated by a locking cover or enclosure and shall ~~be~~ accessible only to authorized individuals.

(C) Access decks shall be provided for the reservoir such that all areas are accessible for vacuuming, skimming, and maintenance. The decks shall have a minimum width of three (3) feet and shall ~~have~~ a minimum slope of three (3) inches in ten (10) feet away from the reservoir. A minimum six (6) inch high curb shall protect the reservoir.

(D) Pump reservoir slide pump intake(s) shall be located in the pump reservoir and shall ~~be~~ designed to allow cleaning without danger of operator entrapment.

(E) The pump reservoir shall have a main drain, complying with OAC 310:315-7-14 ~~(relating to recirculation systems), with separate piping and valve to the filtration system and the velocity through the openings of the main drain grate(s) shall not exceed one and one half (1 1/2) feet per second at the design flow rate of the filtration system in accordance with OAC 310:315-7-14 (relating to recirculation systems).~~

(54) **Slide pump check valves.** Slide pumps shall have check valves on all discharge lines.

## Permanent Final Adoptions

(65) **Perimeter overflow gutters or skimmers.** Plunge pools and pump reservoirs shall have perimeter overflow gutter systems and/or skimmers which shall be an integral part of the filtration system.

(A) Perimeter overflow gutter systems shall meet the requirements of OAC 310:315-7-14 (~~relating to recirculation systems~~) except the gutters are not required directly under slide flumes or along the weirs which separate plunge pools and pump reservoirs.

(B) Surface skimmers may be used in lieu of perimeter overflow gutters and shall be appropriately spaced and located according to the structural design. Unless an overflow gutter system is used, a minimum of two (2) surface skimmers each shall be provided in the plunge pool. Skimmers shall meet the requirements of OAC 310:315-7-14 (relating to recirculation systems).

(76) **Water slide recirculation-filtration equipment.**

(A) The recirculation-filtration system of water slides shall recirculate and filter a water volume equal to the total water volume of the facility in a period of one (1) hour or less.

(B) Minimum filter area requirements shall be twice the filter areas specified for the recirculation rate stipulated in OAC 310:315-7-15 (relating to filters).

(C) Any filtration system pump which takes suction directly from the plunge pool and reservoir shall have a minimum eight (8) inch diameter hair and lint strainer, meeting the requirements of OAC 310:315-7-14 (~~relating to recirculation systems~~) on the suction side of the pump.

~~(D) Submerged suction outlets must meet the requirements of OAC 310:315-7-14 (related to recirculation systems).~~

(87) **Water slide chemical feed equipment.**

~~(A) Gas chlorination is recommended for disinfection for all water recreation facilities. Chlorinators must meet all the requirements of OAC 310:315-7-16 (relating to disinfection and pH control).~~

~~(B) Feeders for pH adjustment complying with OAC 310:315-7-16 and capable of meeting the feed rate for the specific installation shall be provided; shall meet the requirements of OAC 310:315-7-16 (relating to disinfection and pH control), and shall be capable of meeting the feed rate necessary for the specific installation.~~

~~(C) When diatomaceous earth type filters are used, an acceptable diatomaceous earth type feeder meeting the minimum feeding requirements of OAC 310:315-7-15 (relating to filters) shall be provided regardless of the design filtration rate.~~

(c) **Water amusement lagoons, amusements, wave pools, and tube rides.**

(1) **Submission of engineering plans.** The design engineer shall consult with the Department prior to preparation and submission of engineering plans and specifications for water amusement lagoons.

~~(2) **Water amusement lagoons.** Water amusement lagoons shall be constructed of concrete or other impervious materials with a smooth slip resistant finish. These lagoons shall be of such shape and design as to be operated and maintained in a safe and sanitary manner.~~

~~(3) **Recirculation-filtration system.** The recirculation-filtration system of water amusement lagoons shall be capable of a minimum of one (1) turnover every thirty (30) minutes.~~

~~(4) **Wave pools and tube rides.**~~

~~(1) **Submission of engineering plans.** The design engineer shall consult with the Department prior to preparation and submission of engineering plans and specifications for wave pools.~~

~~(2) **Wave pool construction.** Wave pools shall be constructed of concrete or other impervious materials with a smooth slip resistant finish. These pools shall be of such shape and design as to be operated and maintained in a safe and sanitary manner.~~

~~(3) **Recirculation-filtration system.** The recirculation-filtration system of water amusements, wave pools, and tube rides shall be capable of a minimum of one (1) turnover every ~~four (4)~~ six (6) hours.~~

**310:315-7-13. Chemicals and chemical storage**

(a) **Chemical storage and equipment.** For chemicals necessary in water treatment, for disinfection, and pH control, provision shall be made for dry storage of at least a two (2) weeks supply of chemicals. Equipment shall be provided for batch preparation of chemicals sufficient for twenty-four (24) hours feeding.

(b) **Storage room marking.** All rooms or areas used for storage of pool chemicals shall be plainly marked on the outside door. This may be done as follows:

(1) A sign stating "POOL CHEMICALS".

(2) A sign approved by the local fire officials which indicates that the contents are potentially dangerous. See Public Bathing Place Regulations.

**310:315-7-14. Recirculation system**

(a) **General considerations.**

(1) A circulation system shall be provided which will include pumps, hair-catcher, and filters, together with all necessary piping connections to the inlets and outlets of the pool. ~~The, including features, such as the water heater, chlorinator, and suction cleaner, etc. are also usually connected with the recirculation system and shall be considered as integral parts thereof.~~ The entire system and all component parts of swimming pools shall be designed to provide a minimum of three (3) replacements of the bathing water volume every twenty-four (24) hours (four (4) turnovers are recommended), with maximum frictional resistance. ~~The required turnover rate at spas and other facilities appears in the appropriate section; note that at~~ At pools and spas with skimmers, the required skimmer flow, rather than turnover, may determine the minimum flow. Design is ~~to be based on provisions for main drain flow at~~

thirty (30) percent of the total recirculation, and thirty (30) gpm through each skimmer. This is represented as  $0.3Q + 30n = Q$  = total recirculation flow rate and  $n$  = number of skimmers. (Main drain flow is  $0.3Q$ .) These criteria, plus the maximum allowable filter flux (15 gpm/ft<sup>2</sup> for rapid sand filters) and the maximum total dynamic head loss calculated assuming a "dirty" filter ready for backwash, comprise the basic design requirements for ~~the most commonly designed~~ pools and spas.

(2) ~~Filtration and disinfection are discussed in subsequent subchapters.~~ A collector tank or other means for accommodating surge capacity shall be provided for all pools using overflow gutters connected to the recirculation system.

(b) **Pumps.**

(1) ~~Centrifugal pumps are preferable for swimming pool circulation. Electric drive is also preferable. When pipe lines from suction cleaner lead to pump suction, a pump which will develop good vacuum must be used. The pump and piping at swimming pools shall be of such capacity as to provide for a turnover of pool water in at least eight (8) hours. Refer to the appropriate section for requirements at spas, water slides, and other facilities.~~ When pressure filters are used, pumps must be designed to pass the required volume under the maximum head which may develop in the filters.

(2) The pump shall have adequate capacity to provide the design recirculation flow rate at maximum calculated head loss, and 15 gpm/ft<sup>2</sup> of sand filter area during backwash; the pump should be located below the water level of the pool when feasible, to avoid air-lock. Should it be necessary to locate the pump above the water level of the pool, a check valve shall be provided on the suction side of the pump unless a self-priming pump is furnished.

(3) If the filter is located above the water level of the pool, then valves shall be provided in the inlet and discharge lines which can be closed when the filter is not in use.

(4) A filtration pump equipped with a device that disables the pump operation shall be equipped with both an audible and visual alarm to alert the operator to the condition.

(c) **Strainers.** The recirculation system shall include a strainer to prevent hair, lint, and other solids from reaching the pump and filters. Strainers shall be corrosion-resistant with openings not more than one-eighth (1/8) inch in size and shall be readily accessible for frequent cleaning. Larger openings for strainers will be considered only on a trial basis. At least two (2) baskets, or screens, must be provided. The area of strainer openings shall be at least four (4) times the cross-sectional area of the connecting pipe. A compound pressure gauge shall be installed to measure the pressure between the pump and the hair and lint strainer. Where filter systems are located above the pool water level, a standard vacuum gauge is acceptable.

(d) **Vacuum cleaner.** Vacuum cleaner facilities, either portable or installed integrally in the pool piping system for the operation of a vacuum cleaner, shall be provided. Piping and

hose shall be required to produce not more than fifteen (15) feet total head loss at the pump, while moving four (4) gallons per minute per linear inch of cleaner head. All pools shall be designed with pipes for vacuum cleaning facilities integrally with the pool piping or portable facilities will be provided. ~~Vacuum cleaner heads with brushes are recommended.~~ The mixture of water and sediment from a suction cleaner may, in the case of outdoor pools subjected to heavy dust loads, be discharged to an approved waste treatment system. The discharge from suction cleaners used in cleaning indoor pools, which are not subjected to heavy dust loads or in which sedimentation is slight, may be returned to the pool through the filter system. Any point source discharge must comply with the requirements of OAC 310:315-5-2(~~relating to sewer~~).

(e) **Water heater.** Indoor pools operated during the colder months shall be provided with ~~some method of heating~~ a heater for the pool water. Introduction of steam directly into the pool or the use of heating coils placed directly in the pool is prohibited. ~~A heater designed to heat all or a part of the circulation water is preferable.~~ Such a heater may be designed for use with steam or hot water and ample surface for heat interchange must be provided. Automatic thermal control is desirable. ~~Provision should be made for easy removal of the heater parts for cleaning. The heater parts must be easily removable for cleaning.~~ A check valve shall be installed between the filter and the inlet side of the heater. On all heated pools, a fixed thermometer shall be placed on the recirculation line immediately downstream from the heater after blending and another on the return line from the pool. Thermometers shall be accessible and have a Fahrenheit scale.

(f) **Piping system.** The determination of sizes of pipe, fittings, and valves on the complete main pump suction line from the swimming pool shall be based upon a rate of friction losses for piping of not more than six (6) feet per one hundred (100) feet of pipe based upon the Hazen-Williams formula for fifteen (15) year old piping. All piping on the discharge side of the pump for filtration and to the point for discharge of backwash water from the filter plant shall have pipe sizes determined on a basis of friction losses which shall be not more than twelve (12) feet per one hundred (100) feet and the velocity in any pipe shall not exceed ten (10) feet per second. Pipe selection shall be made based upon the Hazen-Williams formula for fifteen (15) year old pipe. In the determination of pipe sizes required, the criterion which would call for the largest pipe size shall govern. All pool piping shall be supported by piers or other substantial means to preclude possible settlement which will either provide dirt traps or air pockets and a condition which might result in rupture of the lines. ~~The use of plastic pipe on suction lines and lines beneath the pool and bathhouse structure is not recommended.~~ All plastic pipe used shall bear the approval seal of the National Sanitation Foundation. All piping shall be labeled or color coded and all valves shall be labeled.

(g) **Rate-of-flow indicator.** Every public swimming pool distribution system including those for wading pools shall be provided with an accurate and durable rate-of-flow indicator, installed in accordance with the manufacturer's recommendations and with the required uniform distance upstream and

## Permanent Final Adoptions

downstream for accurate response. In pressure sand filter installations, a rate indicator shall be provided and located on the filter inlet line so as to record both filtration and backwashing rates. It shall be calibrated for and provided with an easily readable scale reading in gallons per minute, and shall have a range at least ten (10) percent below the required filtration rate and ten (10) percent above the required backwash rate. It shall be accurate within ten (10) percent of true flow. In a diatomite type filter installation, a rate-of-flow indicator can be located wherever convenient to visibly indicate the flow rate, preferably in the filter effluent line.

### (h) **Outlets.**

(1) All pools must be provided with an outlet at the deepest point to permit the pool to be completely and easily drained. Each public bathing place subject to licensure by the Department permitted after September 1, 2009 that does not utilize indirect suction shall be provided with an unblockable suction outlet as defined in American National Standards Institute (ANSI) A112.19.8-2007, or have multiple outlets, placed a minimum of 3 feet apart measured from center point of the drain cover/grate. Outlet openings of the grating in the floor of the pool shall be at least four (4) times the area of the discharge pipe. Each submerged suction outlet shall be fitted with a cover/grate that conforms to the entrapment protection standards of the ANSI A112.19.8-2007 performance standard. Submerged suction outlet cover/grate shall be installed according to the manufacturer's installation instructions. Field fabricated sumps shall be constructed according to ANSI A112.19.8-2007. Openings in the drain cover(s) shall be designed for a maximum velocity of one and one-half (1-1/2) feet per second. The outlet shall be marked by a dark colored stripe outlining the main drain, disk, or circle unless the plate or grating is of a contrasting color. Multiple outlets to meet this requirement shall be provided where the width of the pool is more than thirty (30) feet. In such cases, outlets shall be spaced not more than twenty (20) feet apart and not more than fifteen (15) feet from the side walls. A line shall run from the main drain(s) to a manifold connected to the inlet of the hair and lint strainer. A separate line shall run from each skimmer to the manifold. A valve that will permit adjustment of flow shall be installed in each line carrying water from the pool. Where provided, the vacuum line shall connect to the manifold through a suitable valve. Vacuum lines shall have a cover in place when not in use.

(2) After September 1, 2009 any existing pool licensed by the Department that plans modifications relative to the replacement or modification of submerged suction outlet cover/grates, or the addition of systems or devices intended to minimize the risk of physical or suction entrapment, shall submit a scope of work as specified under ~~OAC 310:315-3-1 (relating to plans and specifications)~~. Although a permit is not required, the Department will inspect the replacement or modification before the pool is refilled with water. At a minimum the scope of work proposal shall include the make and model of all equipment to be installed. Documentation shall be

provided that all cover/grates conform to the entrapment protection standards of the American Society of Mechanical Engineers/American National Standards Institute (ASME/ANSI) A112.19.8-2007. Additionally, the modification shall incorporate at least one of the following devices or systems relative to prevention of suction entrapment:

(~~A~~4) A safety vacuum release system which ceases operation of the pump, reverses the circulation flow, or otherwise provides a vacuum release at a suction outlet when a blockage is detected, that has been tested by an independent third party and found to conform to American Society of Mechanical Engineers/American National Standards Institute (ASME/ANSI) A112.19.17 or American Society for Testing Materials (ASTM) standard F2387;

(~~B~~2) A suction-limiting vent system with a tamper-resistant atmospheric opening;

(~~C~~3) A gravity drainage system that utilizes a collector tank;

(~~D~~4) An automatic pump shut-off system;

(~~E~~5) A device or system that disables the drain; or

(~~F~~6) An unblockable suction outlet as defined in American National Standards Institute (ANSI) A112.19.8-2007, multiple outlets placed a minimum of 3 feet apart measured from center point of the drain cover/grate, or any other system determined by the department to be equally effective as, or better than, the systems described in (1) through (5), at preventing or eliminating the risk of injury or death associated with pool drainage systems.

(i) **Inlets.** Multiple inlets shall be provided and shall be so spaced that each inlet will serve a linear distance of not more than fifteen (15) feet, provided that the distance from side wall or corner to adjacent inlet in an end wall shall not exceed five (5) feet. At least four (4) inlets are required at pools of any size, and more may be required at recessed features (stairs, seats, etc.) or in pools with irregular shapes, to achieve satisfactory disinfectant distribution. On pools less than sixteen hundred (1600) square feet in area, only directional (eye-ball type) inlets are permitted. In pools with surface area greater than sixteen hundred (1600) square feet or length in excess of sixty (60) feet, inlets shall be placed at fifteen (15) feet intervals around the entire perimeter. In any case, an adequate number of inlets shall be provided, properly spaced, and located to accomplish complete and uniform recirculation and maintenance of uniform disinfectant residual at all times. Inlets shall be a minimum of eighteen (18) inches below the water surface. Each inlet shall be designed as an orifice subject to adjustment or at least must be provided with an individual gate valve to permit adjustment of water volume and/or velocity to obtain a balanced circulation. In the event recessed stairs are used, an inlet at the stairs must be provided to assure adequate circulation.

(j) **Overflow gutters.** Overflow gutters ~~shall be~~ required on all pools having a surface area or more than twenty-four hundred (2400) square feet. Pools having a surface area of

twenty-four hundred (2400) square feet or less shall be provided either with overflow gutters or skimmers. Overflow gutters shall extend completely around the pool except at steps or recessed ladders, and shall be designed to assure that water does not wash back into the pool from the gutter. Guttered pools shall be designed for at least some water to be overflowing into the gutters or into surge weirs at all times, not just when the pool is at full bather capacity, for continuous removal of surface oils and debris. The gutter, drains, and piping shall be designed to rapidly remove overflow water caused by recirculation displacement, wave action, or other causes produced from the maximum pool bathing load. The opening into the gutter beneath the coping shall be not less than four (4) inches, and the interior of the gutter shall be not less than four (4) inches wide with a depth of at least three (3) inches. Where large gutters are used, they shall be designed to prevent entrance or entrapment of bathers' arms or legs. The overflow edge shall be rounded and shall not be thicker than two and one-half (2-1/2) inches for the top two (2) inches. Prefabricated gutter and return systems will be evaluated on a case-by-case basis.

(k) **Gutter outlets.** Drainage outlets shall be provided at least every fifteen (15) feet and the gutter bottom may be level, or preferably pitched slightly, to these outlets. Outlet pipes shall have a minimum inside diameter of two (2) inches. Outlets shall be covered by gratings. Angle gutter drains, which are not as subject to stoppage, are recommended. Drainage from overflow gutters may be discharged to sewers (without direct connection), or connected to the recirculation system through a properly designed surge tank or through other acceptably designed provision for handling approved surge capacity designs, such as deep gutter channels. The gutter, drains, and return piping to the surge tank shall be designed to rapidly remove overflowing water caused by recirculation displacement, wave action, or other causes produced from the maximum pool bathing load. The outlet fittings shall have a clear opening in the grating at least equal to one and one-half (1-1/2) times the cross-sectional area of the outlet pipe. Open, roll-over, semi-recessed, or overflow gutters recessed in the side wall of the pool may be used, provided the design is such as to minimize accidents and to enable the gutter to be easily cleaned.

(l) **Skimmers.** Skimming devices are permitted in lieu of gutters on swimming pools with not more than twenty-four hundred (2400) square feet of surface area, providing approved handholds are installed ~~and sufficient motion to the pool water is induced by the pressure return inlets~~. At least one (1) skimming device shall be provided for each six hundred (600) square feet or fraction thereof. The required surface skimmers shall be located at least thirty (30) feet apart, measured horizontally. ~~One (1) skimmer shall be located on the leeward side.~~ Where used, skimming devices shall be built into the pool wall, shall develop sufficient velocity on the pool water surface to induce floating oils and wastes into the skimmers from the entire pool area, and shall meet the following general specifications:

(1) The piping and other pertinent components of the skimmers shall be designed for a total capacity of at

least fifty (50) percent of the required filter flow of the recirculation system, and no skimmer shall be designed for a flow-through rate of less than thirty (30) gallons per minute.

(2) The skimmer weir shall be automatically adjustable and shall operate freely with continuous reaction action to variations in water level over a range of at least four (4) inches. The weir shall operate at all flow variations as described in the above paragraphs. The weir shall be of such buoyancy and design as to develop an effective velocity.

(3) An easily removable and cleanable basket or screen through which all overflow water must pass shall be provided to trap large solids.

(4) The skimmer shall be provided with a device to prevent air-lock in the suction line. If an equalizer pipe is used, it shall provide an adequate amount of water for pump suction should ~~be the~~ water of the pool drop below the weir level. If any other device or arrangement is used, a sufficient amount of water for pump suction shall be assured. When the equalizer pipe is used, it shall be sized to meet the capacity requirements of the filter and pump and shall in no case be less than two (2) inches in diameter. This pipe shall be located at least one (1) foot below the lowest overflow level of the skimmer. It shall be provided with a valve or equivalent device that will remain tightly shut under normal operating conditions but will automatically open when the skimmer becomes starved. Equalizer openings shall comply with the drain cover provisions of OAC 310:315-7-14(h) ~~(related to outlets)~~.

(5) The skimmer shall be of sturdy corrosion-resistant materials.

~~(6) Where multiple skimmers are installed, valves shall be provided to isolate each skimmer and/or regulate the flow through each skimmer. See OAC 310:315-7-14 (relating to recirculation systems) for additional details.~~

~~(7)~~ In addition to the above requirements, the skimmers must be ~~approved and~~ listed as currently approved by the National Sanitation Foundation (NSF) Standard 50 - Circulation System Components and Related Materials for Swimming Pools, Spas/Hot Tubs.

**310:315-7-15. Filters**

(a) **General.** The filter plant shall be provided with influent and effluent pressure gauges for each tank, backwash sight glass, air relief valves, and rate-of-flow indicator, as provided in this chapter. All filters must be approved and listed by the National Sanitation Foundation. In vacuum filter installations where the circulating pump has a rating of two (2) horsepower or higher, an adjustable high vacuum automatic shutoff shall be provided to prevent damage to the pump by cavitation. A compound gauge shall be installed in the pump suction line, between the pump and hair catcher (see 310:315-7-14 for exception). The sight glass may be omitted if the backwash discharge can be clearly viewed from the backwash control valves. The filter plant shall be provided with fixed piping and valving to permit the functions of filtering to pool or backwashing to approved waste disposal with the battery as a whole or any unit operated singly. The filter plant shall be provided with

## Permanent Final Adoptions

---

means for draining all filter units and piping, so that all parts of the system may be completely drained to prevent damage from freezing. Pressure tanks should be supported by jack legs or other supports to give a free movement of air under each tank and to permit access for painting. Where dissimilar metals are used in the filters which may set up galvanic electric currents, ~~provision shall be made to the filter plant design must~~ resist electrolytic corrosion. The filters shall be designed in such a manner that they may be easily disassembled with allowances made for adequate working space above and around the filter to allow the removal and replacement of any part and for other maintenance.

(b) **Filters, sand, conventional low-rate.** This chapter shall apply where applicable to either gravity or pressure sand filters, designed for a filtration rate not to exceed three (3) gallons per square foot per minute. Filter tanks shall be designed with a factor of safety of four (4) in relation of working pressure to ultimate strength. The filter bed shall consist of suitable grades of filter sand and supporting bed of graded gravel or other porous material which shall serve to support the filter bed and distribute both filtered and backwash water uniformly. The supporting bed shall consist of graded gravel or other material and shall support not less than twenty (20) inches of filter media. The filter media shall consist of silica sand or other durable, inert material. The filter media shall be free of clay and limestone, with effective size between 0.35 and 0.65 millimeter and uniformity coefficient not exceeding 1.75. The minimum freeboard to the draw-off point of backwash water shall be not less than twelve (12) inches above the normal level the top of the filter bed. The minimum backwash rate shall be not less than twelve (12) gallons per square foot of filter bed per minute. Where anthracite coal or other filter media are employed, the freeboard shall be adequate to prevent the media being carried off to waste when the filter bed is backwashed at a rate adequate to carry off foreign material filtered from the water. The freeboard and the rate of backwash shall be the subject of individual design, based upon specific gravity of the media. The under-drain system shall be constructed of material which is corrosion resistant and enduring and the design of the system shall be such that uniform collection of the filtered water and distribution of the backwash water is effected over the entire filter bed area. Unless other effective means are provided of distributing the water entering the unit above the filtering media, the filter shall be equipped with a baffle plate for this purpose. Each conventional sand and gravel filter unit shall be provided with an access opening of not less than a standard eleven (11) x fifteen (15) inch manhole and cover.

(c) **Filters, sand, pressure high-rate.** High rate pressure sand filters are acceptable provided the filter-pump combination is designed and sized to limit the filtration rate to a maximum of fifteen (15) gallons per square foot per minute. ~~High rate sand filters must be approved and listed by the National Sanitation Foundation.~~ The filter media shall consist of silica sand or other durable, inert material, free from clay and limestone and with an effective size between 0.40 and 0.55 millimeters and ~~an~~ uniformity coefficient not exceeding 1.75. The minimum depth for filter sand shall be twenty (20) inches for rapid rate filters and twelve (12) inches for high-rate filters.

(d) **Filters, diatomite.** These may be of either pressure or vacuum type. The design filter rate shall not exceed two and one-half (2-1/2) gallons per minute per square foot of effective filter area. If an approved body feed is not used, the rate shall be reduced to two (2) gallons per minute per square foot of effective filter area. For pools with surface area of sixteen hundred (1600) square feet or more, an approved body feed is required. The determination of the filter area shall be made on the basis of a true and effective supported septum surface. In the case of fabric septums, the area computation will be made on the basis of measurements of the septum support in a reasonably constant plane. Area allowances shall not be granted for folds in the septum fabric or deviations in the septum surface which would easily bridge. The filter cycle of the diatomite filter shall not be less than seventy-two (72) hours of continuous operation before cleaning. This shall not apply to the initial operation of a pool, but only the operation where the pool water at least meets the conditions of water quality given in the ~~Public Bathing Place Regulations OAC 310: Chapter 320.~~ Provision shall be made to introduce a precoat of filter aid ~~to that~~ that evenly ~~cover~~ covers the filter elements must be used upon before placing the equipment into initial operation and after each cleaning. The amount of filter aid shall be selected to provide at least the same protection to the filter septum as that given by 0.1 pound of diatomaceous earth filter aid per square foot of filter area where body feed is employed, or 0.15 pound per square foot where no body feed is used. The equipment shall be so arranged that during the precoating the effluent shall be refiltered or discharged to an approved waste facility without passing into the pool until the effluent is clear of suspended matter. Slurry feeders shall include an agitator and positive feed pump. Where provided, the body feeding equipment designed for feed of filter aid to the filter influent shall have a rate capacity to feed at a reasonably constant rate within a calibrated range. The equipment will have capacity to operate at the maximum feed rate of ten (10) parts per million at the design filter rate for a period of twenty-four (24) hours without refilling. The tank containing the filter elements shall be constructed of steel, plastic, or other suitable material which will satisfactorily provide resistance to corrosion, with or without coating. Pressure filters shall be designed for a working pressure equal to the shutoff head of the pump, with a factor of safety of four (4). Vacuum filters shall be designed to withstand the pressure developed by the weight of the water contained therein and closed vacuum filters shall, in addition, be designed to withstand the crushing pressure developed under a vacuum of twenty-five (25) inches of mercury, both with a safety factor of three and one-half (3-1/2). The septa or elements which support the filter aid shall be of corrosion resistant material and shall be provided with openings the minimum dimensions of which shall not be greater than 0.005 inches, or as specified in the National Sanitation Foundation Standards for Diatomite Filters. ~~All diatomite filters shall be approved and listed by the National Sanitation Foundation.~~ The septa shall be constructed to be adequately resistant to rupture with the maximum differential pressure between influent and effluent of not less than the maximum pressure which can be developed

by the circulating pump and of adequate strength to resist any additional stresses developed by the cleaning operation.

(e) **Surface skimmer filters.** Skimmer filters are acceptable on pools less than sixteen hundred (1600) square feet surface area, and on wading pools. The unit shall be designed to filter at a rate of two (2) gallons per minute per square foot and shall be equal to the design capacity of the skimmer. All requirements in 310:315-7-15, ~~Filters, Diatomite, shall be~~ are applicable to skimmer filters.

(f) **Cartridge filters.** Cartridge filters are acceptable if they conform to the following criteria:

~~(1) The filter is listed as approved by the National Sanitation Foundation.~~

(2) The maximum flow through the filter is not greater than 0.375 gpm/square foot.

(3) A sump or other means of collecting water and wastes drained from the filter, or from the filter elements during cleaning, is provided, and discharges into an approved wastewater collection system.

(g) **Filter operating instructions.** At the time of final inspection of the swimming pool construction, there shall be provided to the operator two (2) sets of filter operation instructions, for the operator and owner, which ~~shall refer~~ refers to valve operation by number. Each valve shall be equipped with a numbered metal, plastic, or other durable tag permanently attached by a chain or otherwise permanently secured.

**310:315-7-16. Disinfection and pH control**

(a) **Chlorinator or other disinfection feeder.** The pool shall be equipped with a chlorinator or other residual disinfectant feeder which meets the following requirements:

(1) **Feeders.** All chemicals and chemical solutions shall be added to the pool water recirculation flow using a feeder that is acceptable to the Department.

(2) **Construction and materials.** It shall be of sturdy construction and materials which will withstand wear, corrosion, or attack by disinfectant solutions or vapors and which are not adversely affected by repeated regular adjustments or other conditions anticipated in the use of the device. Feeders requiring field maintenance or cleaning ~~shall be~~ required to be capable of being easily disassembled. The design and construction shall be such as to preclude stoppage from chemicals used or foreign material. The feeder shall incorporate failure-proof features so that the disinfectant cannot feed directly into the pool, the pool piping or pool enclosure following any type of failure of the equipment or its maintenance. Super-chlorination shall be accomplished by the addition of calcium hypochlorite, sodium hypochlorite, or other approved chlorine compounds. Solution chemical feeders and flow through chemical feeders ~~shall be~~ need to be listed as meeting the appropriate National Sanitation Foundation Standard and bear the NSF seal of approval.

(3) **Sizing of disinfection equipment.** Solution and gas feeders shall be capable of supplying the equivalent of 1.5 pounds of available chlorine in eight (8) hours, for each ten thousand (10,000) gallons of pool capacity. Feeders used with organic chlorine compounds or other stabilized

chlorine shall be capable of supplying the equivalent of 0.5 pounds of available chlorine in eight (8) hours, for each ten thousand (10,000) gallons of pool capacity and the cyanurate concentration in the pool shall be at least thirty (30) mg/l and ~~shall~~ does not exceed one hundred (100) mg/l.

(4) **Erosion type feeders.** Erosion type chlorinators using stabilized chlorine compounds shall have a flow meter, calibrated valve, or other device acceptable to the ~~reviewing~~ regulatory authority to determine the rate of flow of water through the chlorinator. The device ~~shall be~~ can be either calibrated in pounds chlorine feed per unit of time or calibrated in gallons of flow per unit of time with an attached chart to convert the water flow rate to pounds of chlorine feed. The feeder shall be capable of continuous delivery within ten (10) percent of the dosage setting.

(5) **Solution type feed pumps.** The pump shall have a calibrated rate control and be adjustable from zero (0) to full range. The feeder shall have the capability of feeding the required dosage using a two and one-half (2-1/2) percent solution. ~~(A diagram of a calcium hypochlorite system is shown in Figure III.)~~

~~(5) Existing disinfection equipment. Existing pools with disinfection equipment installed not meeting the requirements of 310:315 7 16 shall be upgraded to this chapter at such time that failure to meet the required water quality can be attributed to inadequate chemical feed equipment.~~

(6) **Chlorination for normal operation.** ~~Chlorination for normal operation is recommended to be introduced before all sand filters.~~ Chlorinators shall be installed per the manufacturer's recommendation. Where super-chlorination is accomplished by chemical feeders, the solution shall be introduced before the sand filter. When the disinfectant is introduced at the suction side of the pump, a device or method shall be provided to prevent air-locking of the pump or recirculation system.

(7) **Chlorination to prevent backflow.** The chlorinators shall be designed to prevent the backflow of water into the chlorine container.

(8) **Compressed chlorine gas.** When compressed chlorine gas is used, the following additional features ~~shall be provided~~ are required:

(A) The chlorine and chlorinating equipment ~~shall be~~ are located either out-of-doors or in a separate well-ventilated room. Such rooms should preferably be above ground and ~~shall be~~ provided with vents near the floor which terminate outdoors. The door of the room shall have a viewport, ~~and shall~~ not open to the pool enclosure, and ~~shall~~ open outward. When located out-of-doors, the cylinders shall be securely anchored to prevent them from falling over and ~~shall be~~ surrounded by a six (6) foot high, woven wire fence, or equivalent, and a locked gate.

(B) Where gaseous chlorine equipment is provided below grade in a filter room, or in any part of a

## Permanent Final Adoptions

building which provides housing, the mechanical proportioning device and cylinders of chlorine shall be housed in a reasonably gas-tight, corrosion-resistant, and mechanically vented enclosure. Air-tight duct work from the bottom of the enclosure to atmosphere in an unrestricted area and a motor-driven exhaust fan capable of producing at least one (1) air change per minute ~~shall be provided~~ is required. Automatic louvers of good design near the top of the enclosure for admitting fresh air are required. An opening at least eighteen (18) inches square, glazed with clear glass, and artificial illumination shall be provided in an amount such that the essential performance of the equipment may be observed at all times without opening the enclosure. The floor area of the enclosure shall be of adequate size to house the chlorinator, fan, scales, and one (1) extra chlorine cylinder.

(C) Electrical switches for the control of artificial lighting and ventilation shall be on the outside of the enclosure adjacent to the door.

(D) The chlorine equipment shall be of rugged design capable of withstanding wear without developing leaks.

(E) Chlorine cylinders shall be on platform scales and anchored to prevent their falling over ~~and shall be provided with platform scales having a capacity of at least one (1) cylinder of chlorine~~. An approved and accessible chlorine cylinder valve stem wrench ~~shall be provided~~ is required.

(F) The chlorine feeding device shall be designed so that during accidents or interruptions of the water or electric power supply, the chlorine feed will shut off automatically and leaking chlorine gas will be vented outdoors. The device shall be capable of delivering chlorine at its maximum rate without releasing chlorine gas to the atmosphere.

(G) A gas mask and fresh replacement canister designed for use in a chlorine atmosphere and of a type approved by the U.S. Bureau of Mines ~~shall be provided~~ is required. ~~A fresh replacement canister shall also be furnished.~~

(H) The gas mask and canister shall be kept in a closed cabinet accessible without a key and located well away from the gas chlorinator or the room where the gas chlorinator is installed, such that it may easily and safely be reached and be put on out of range of possible gas fumes.

(I) Canister-type gas masks are suitable only with low concentrations of chlorine gas. In the event of a serious leak, the fire department shall be called.

(b) **Brominators or other disinfectant devices.** Where brominators or other disinfectant devices are proposed, the design with respect to equipment, maintenance, and safety shall be in accordance with the applicable provisions of 310:315-7-16.

(c) **Prohibitions and exceptions.**

~~(1)~~ Hand feeding. Hand feeding of disinfectants to maintain normal disinfectant residuals is not acceptable;

however, the addition of chlorine solution by hand may be used periodically to super-chlorinate for algal control. Super-chlorination shall be accomplished at times when the pool is closed and a safe range of chlorine disinfection shall be attained before patrons are permitted to return to the pool.

~~(2) Local ordinances. Where local ordinances exceed the requirements of this chapter, the local ordinances shall prevail.~~

(d) **Electrolytic chlorine generators.** The electrolytic chlorine generator shall be of sturdy construction and of materials which will withstand continual usage typical of public pools and the feed rate shall be adjustable from zero (0) to full range. The generator shall be capable of feeding a chlorine dosage of one and one-half (1-1/2) pounds of available chlorine in eight (8) hours for each ten thousand (10,000) gallons of pool capacity. The generator unit shall be UL approved or NSF listed, and a failure-proof electrical interlock with the recirculation pump shall be incorporated into the system such that the generator operates only during recirculation pump operation. The generator units shall be installed according to the manufacturer's instructions and the saline content of the pool water shall be maintained in the required range specified by the manufacturer. Ventilation and housing shall meet the requirements of 310:315-7-16 for compressed chlorine gas.

(e) **Feeders for pH adjustment.** Feeders for pH adjustment shall be provided on all pools using gaseous chlorine for disinfection. They shall be adjustable from zero (0) to full range, and shall meet the requirements of 310:315-7-16. When soda ash is used for pH adjustment, the maximum concentration of soda ash solution to be fed shall not exceed one-half (1/2) pound soda ash per gallon of water. Feeders for soda ash shall be capable of feeding a minimum of three (3) gallons of the above soda ash solution per pound of gas chlorination capacity. The minimum size of the solution reservoir(s) shall not be less than fifty (50) percent of the maximum daily capacity of the feeder. The solution reservoir(s) shall be marked to indicate contents.

### 310:315-7-18. Lighting

(a) **Artificial lighting.** A complete system of artificial lighting shall be provided for all pools, rest rooms, toilet rooms, shower rooms, store rooms, and other areas of public bathing places.

(b) **Arrangement.** The arrangement and design of the lighting shall be such that attendants may clearly observe every part of the pool, spring boards, towers, floats, or other appurtenances. The lighting system of outdoor pools shall be designed with sources of illumination located so as to prevent insects attracted by the lights from falling into the water.

(c) **Underwater lights.** Where underwater lighting is used, it is recommended that the minimum illumination be eight (8) foot-candles at any point in the pool. Such lights shall be spaced to provide illumination so that all portions of the pool and pool bottom may be seen without glare. ~~See 310:315-7-19, "Electrical requirements."~~

(d) **Area lighting.** Area lighting shall provide a minimum of ten (10) foot-candles at all points on the deck.

(e) **Interior rooms.** All rooms shall be provided with sufficient light so that all sections may be observed and are easily visible for cleaning purposes. A minimum of ten (10) foot-candles shall be provided in all interior rooms.

(f) **Emergency lighting.** Emergency lighting shall be provided at all indoor bathing facilities, in accordance with

the requirements of the current edition of the NFPA 101 Life Safety Code, unless assurance can be provided that the facility will always be locked and not used at night.

APPENDIX A. DIVING AREA [NEW]

Diving Area - Schedule Of Depths And Their Locations

D-1 Side Wall Depth (See Section 10.6)

STANDS AND BOARDS	Depth - Minimum-Maximum					LENGTH OF SECTION						
	D-1	D-2	D-3	D-4	D-5	A	B	C	D	E	F	
3-Meter Board	Min.	5'0"	4'6"	11'0"	10'9"	8'6"	5'0"	5'0"	9'0"	(c)	1'0"	12'0"
	Max.		5'6"				6'0"	10'0"	(a)			
1-Meter Board	Min.	5'0"	4'6"	8'6"	8'3"	8'0"	5'0"	6'0"	9'0"	(c)	1'0"	9'0"
	Max.		5'6"				6'0"	10'0"	(a)			
Deck Level Board	Min.	5'0"	4'6"	8'0"	7'6"	(d)	3'0"	6'0"	6'0"	(c)	1'0"	8'0"
	Max.		5'6"				4'0"	10'0"	(b)			

Note: Distance between boards will not be less than 8'0" center to center.  
 (a) B & C may vary to attain 15'0" min.  
 (b) B & C may vary to attain 12'0" min.  
 (c) As D-2 varies between min. & max. "D" may vary, but slope of "D" may not exceed 1'0" vertical to 4'0" horizontal.  
 (d) See also Fig. II and II-A.

Figure I

APPENDIX B. MINIMUM DIMENSIONS [NEW]

Minimum Dimensions For Small Pools  
Having A Deck Level Diving Board

Figure II

APPENDIX C. POOL DESIGN [NEW]

TYPICAL FREE FORM POOL DESIGN  
Indicating Minimum Dimensions From Tip Of Diving Board To Pool Wall

POOL WALL SHALL REMAIN OUTSIDE OF TRIANGLE

Figure II-A

**APPENDIX D. COMPUTING CAPACITY REQUIREMENTS FOR INDOOR PUBLIC SWIMMING POOLS AND OUTDOOR SWIMMING POOLS [NEW]**

(1) Indoor public swimming pools and outdoor swimming pools with average required walk area, sun-bathing area, etc.:

$$\text{Number of persons} = \frac{\text{Swimming Area}}{15} + \frac{\text{Diving Area}}{24}$$

(2) Deduct three hundred (300) square feet for each installed diving board from the diving area.

(3) The entire surface area shall be considered "Swimming Area" for non-diving pools having a uniform bottom slope (maximum slope: one (1) foot vertical to twelve (12) feet horizontal) from the Shallow end to the deepest part of the pool.

### AUTHORITY:

Commissioner of the Oklahoma State Department of Health; 63 O.S. § 1-104

### SUBMISSION OF PROPOSED RULES TO GOVERNOR AND CABINET SECRETARY:

December 13, 2021

### COMMENT PERIOD:

January 18, 2022 through February 18, 2022

### PUBLIC HEARING:

February 18, 2022

### ADOPTION:

March 4, 2022

### SUBMISSION OF ADOPTED RULES TO GOVERNOR AND LEGISLATURE:

March 4, 2022

### APPROVED BY GOVERNOR'S DECLARATION:

Approved by Governor's declaration on June 21, 2022

### FINAL ADOPTION:

June 21, 2022

### EFFECTIVE:

September 11, 2022

### SUPERSEDED EMERGENCY ACTIONS:

#### Superseded rules:

Subchapter 3. Operational Provisions

310:320-3-2 [AMENDED]

#### Gubernatorial approval:

June 28, 2021

#### Register publication:

38 Ok Reg 771

#### Docket number:

21-666

#### INCORPORATIONS BY REFERENCE:

n/a

#### GIST/ANALYSIS:

The proposed amendments make the emergency rules that allow 15-year-old individuals to be certified as lifeguards permanent. Illustrations

were removed, as well as duplicative language. Reductions remove unnecessary language, provide clarity, or relocate information to better serve the industry or general public. Items added provide clarity of existing operations or provide allowances to reduce burden on industry.

#### CONTACT PERSON:

Audrey C. Talley, Agency Rule Liaison, Oklahoma State Department of Health, 123 Robert S. Kerr Avenue, Oklahoma City, OK 73102, 405-426-8563. AudreyT@health.ok.gov.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2022:**

### SUBCHAPTER 1. GENERAL PROVISIONS

#### 310:320-1-2. Definitions

~~"Abrasion hazard" means a sharp or rough surface that would scrape the skin upon chance or by normal use modes.~~

~~"Adjustable inlet" means a fitting mounted in the pool wall and connected to the return piping from the recirculation system that is directionally adjustable or a fitting mounted in the pool floor and connected to the return piping from the recirculation system that has a means of flow adjustment.~~

~~"Air pump assist backwash" means the compressing of a volume of air in the filter effluent chamber (by means of an air compressor or by the water pressure from the recirculating pump) which, when released, rapidly decompresses and forces water in the filter chamber through the elements in reverse, dislodging the filter aid and accumulated dirt, carrying it to waste.~~

~~"Air induction system" means a system whereby a volume of air (only) is induced into hollow ducting built into a spa floor, bench, or other location. The air induction system is activated by a separate air power unit (blower).~~

~~"Attendant" means any person capable of providing rescue who is responsible to the management.~~

~~"Backwash" means the process of thoroughly cleansing the filter media and/or elements by reverse flow.~~

~~"Backwash cycle" means the time required to thoroughly backwash the filter media and/or elements and the contents of the filter vessel.~~

~~"Backwash rate" means the rate of application of water through a filter during the cleaning cycle normally expressed in U. S. gallons per minute per square foot of effective filter area.~~

~~"Bathing load" means the maximum number of persons allowed in the pool enclosure at one time.~~

~~"Booster pump system" means a system whereby one or more hydrojets are activated by the use of a pump which is completely independent of the filtration and heating system of a spa.~~

~~"Cartridge filter" means a filter that utilizes a porous cartridge as its filter medium.~~

~~"Collector tank" means a tank receiving the gravity flow from the perimeter overflow gutter and main drain(s) from~~

which the recirculation pump takes suction. It may be referred to as a balance tank.

"**Department**" means the Oklahoma State Department of Health and authorized representatives.

"**Diatomaceous earth (DE) filter**" means a filter that utilizes a thin layer of filter aid as its filter medium that periodically must be replaced.

"**Engineering nomenclature**" means the technical terms used through these standards are understood to represent the currently accepted professional engineering definitions.

"**Filter**" means a device that separates solid particles from water by recirculating it through a porous substance (a filter medium or element).

"**Filter agitation**" means the mechanical or manual movement to dislodge the filter aid and dirt from the filter element.

"**Filter aid**" means a type of finely divided medium used to coat a septum type filter, usually DE diatomaceous earth, processed perlite, or similar material.

"**Filter cycle**" means the operating time between cleaning and/or backwash cycles.

"**Filter element**" means a device within a filter tank designed to entrap solids and conduct water to a manifold, collection header, pipe, or similar conduit. Filter elements usually consist of a septum and septum support.

"**Filter freeboard**" means the clear vertical distance between the top of the filter medium and the lowest outlet of the upper distribution system in a permanent media filter.

"**Filter media, permanent**" means a finely graded material (such as sand, anthracite, etc.) which removes filterable particles from the water.

"**Filter septum**" means that part of the filter element consisting of cloth, wire screen, or other porous material on which the filter medium or aid is deposited.

"**Filtration flow**" means the rate of flow, in volume per time (GPM, GPH), through the filter system installed per manufacturer's instructions with new clean media.

"**Filtration rate**" means the rate of filtration of water through a filter during the filter cycle expressed in U.S. gallons per minute per square foot of effective filter area.

"**Hydrojets**" means a fitting which blends air and water creating a high velocity, turbulent stream of air enriched water.

"**Hydrotherapy, whirlpool, or spa pool**" means a public pool used exclusively in conjunction with high velocity air and/or high velocity water recirculation systems, utilizing hot, cold, or ambient temperature water. These pools will be referred to as spas.

"**Individual therapy units**" means tanks which are designed for the therapeutic treatment of one individual at one time and are drained and cleaned after each individual use. Individual therapy units are not considered public bathing places.

"**Ladders**" means a series of vertically separated treads or rungs either connected by vertical rail members or independently fastened to an adjacent vertical spa/pool wall.

"**Lower distribution system (underdrain)**" means those devices used in the bottom of a permanent media filter to collect the water uniformly during the filtering and to distribute the backwash uniformly during the backwashing.

"**Open to the general public**" means not restricted to tenants or guests.

"**Overflow system**" means the term overflow system encompasses perimeter type overflows, surface skimmers, and surface water collection systems of various design and manufacture. The water line shall be established by the height of the overflow rim or the midpoint of the skimmer channel.

"**Perimeter overflow gutter**" means a trough or gutter around the inside perimeter of the pool walls with the overflow lip effecting a skimming action to clean the pool water surface.

"**Permanent media filter**" means a filter that utilizes a medium that can be regenerated and will not have to be replaced.

"**Plung pool**" means the receiving body of water located at the terminus of a recreation water slide.

"**Pool deck**" means the unobstructed area around the outside of the pool curb, diving boards, diving towers, and/or pool slides.

"**Pool floor**" means the interior bottom pool/spa surface and consists of that surface from a horizontal plan up to a maximum of a 45° slope.

"**Pool turnover**" means the circulation of a quantity of water equal to the pool volume through the filtration system filter and treatment facilities.

"**Portable pool**" means a shallow pool, with depth not exceeding 4.5 feet, intended only for swimming instruction, which can be quickly erected, used for an instruction period then dismantled and moved to another location. Conditions governing authorization and operation are shown in the Public Bathing Place Regulations and Public Bathing Place Facility Standards.

"**Precoat pot**"—A hopper with a valved connection to the suction side of the recirculation pump of pressure diatomaceous earth type filter systems that is used for coating the filter with filter medium prior to filtering water through the system.

"**Private pool**"—A means a pool maintained by an individual for the use of their his family and friends, with no other formal admission requirement.

"**Public bathing place**" swimming pool or "**public pool**" means a structure of concrete, masonry, or other approved materials, located either indoors or outdoors, used for bathing or swimming, or for instructional purposes in swimming, diving, or other aquatic activities by humans, and filled with a filtered and disinfected water supply, together with buildings, appurtenances, and equipment used in connection therewith. A public swimming pool or public pool shall mean a conventional pool, spa type pool, wading pool, special purpose pool, or water recreation attraction to which admission may be gained with or without payment of a fee and includes but is not limited to pools operated by or serving camps, churches, cities, clubs, counties, health spas, institutions, parks, state agencies, schools, subdivisions, or other cooperative living type projects such as apartments, boarding houses, condominiums, hotels, mobile home parks, motels, recreational vehicle parks, and mobile home parks. all entirely artificially constructed wading pools, swimming pools, bathhouses used collectively by a number of persons for wading, swimming, recreative, or therapeutic bathing.

## Permanent Final Adoptions

*together with all sanitary facilities, bathing suits, buildings, equipment, and appurtenances pertaining to such bathing places; provided, that such term shall not apply to those public or semipublic baths where the main object is the external cleansing of the body, to bathing places maintained by an individual for the use of family and friends, or to bathing places owned or managed by a group or association of the owners of thirty or fewer homes, the use of which is limited to the homeowner group and their nonpaying guests. The term "public bathing place" does not include spray pads or spray grounds. As used in this section, "spray pads or spray grounds" mean interactive recreation areas intended for use by children in which the water is supplied by a system of sprays and is not allowed to accumulate above ground [63 O.S. § 1-1013].*

**"Recessed"** means open areas that may or may not include steps, benches, or fountains that extend down from the deck and terminating at the pool wall

**"Recessed steps"** means a riser/tread or series of risers/treads extending down from the deck with the bottom riser/tread terminating at the spa/pool wall, thus creating a "stairwell."

**"Recessed treads"** means a series of vertically spaced cavities in the spa/pool wall created treat areas for stepholes.

**"Recirculation system"** means the system traversed by the recirculated water from the pool until it is returned to the pool (from the outlets, through the pump, filter, chemical treatment, and heater, to the return inlets from the through collector tank, recirculation pump, filter, chemical treatment heater, if provided, and returned to the pool).

**"Skimmer system"** means the water line shall fall in the midpoint of the operating range of the skimmers.

**"Special purpose pool"** means a public pool used exclusively for a particular purpose, including but not limited to springboard or platform diving training, scuba diving instruction, and aquatic programs for handicapped individuals and kindergarten children.

**"Spray pool"** means a recreative area intended for use by children, in which water is supplied by a system of sprays but is not allowed to accumulate

**"Steps"** means a riser/tread or series of risers/treads extending down from the deck into the spa/pool area.

**"Toxic"** means the adverse physiological effect on man.

**"Tread contact surface"** means the foot contact surfaces of ladder, step, stair, or ramp.

**"Turnover rate"** means the period of time (usually in hours) required to circulate a volume of water equal to the pool capacity.

**"Upper distribution system"** means those devices designed to distribute the water entering a permanent media filter in a manner such as to prevent movement or migration of the filter medium. This system shall also properly collect water during filter backwashing unless other means are provided.

**"Vacuum (or suction) filter"** means a filter which operates under a reduced pressure from the suction of a pump.

**"Wading pool"** means a pool intended for recreative use by children and having a maximum depth not exceeding 18 inches.

**"Water line"** means the water line shall be defined in one of the following ways: the line along the pool that was designed for maximum efficiency and sanitation. For skimmers it is about mid-tile and for gutters they should be overflowing:

**"Water recreation attraction-attraction"** means a public bathing or swimming facility with design and operational features that provide patrons recreational activity which is different from that associated with a conventional swimming pool and purposefully involves total or partial immersion in the water. Water recreation attractions include but are not limited to water slides, water amusement lagoons, and wave pools.

### 310:320-1-3. Operational license

(a) No person, municipality, or entity shall operate a public bathing place without obtaining a license from the Commissioner of Health pursuant to 63 O.S. Supp. 2004, § 1-1013.1.

(b) A license to operate a public bathing place is not required for those public or semipublic baths where the main object is the external cleansing of the body, ~~to "Private Pools," bathing places maintained by an individual for the use of family and friends, or to bathing places owned or managed by a group or association of the owners of thirty or fewer homes, the use of which is limited to the homeowner group and their nonpaying guests.~~

(c) A public bathing place that ~~must be licensed~~ may be inspected by representatives of the Department at any reasonable time ~~in order~~ to determine if the public bathing place complies with applicable statutes and rules administered by the Department [63 O.S. § 1-1018].

## SUBCHAPTER 3. OPERATIONAL PROVISIONS

### 310:320-3-1. Life saving equipment

(a) **Adequate life saving equipment.** Adequate life saving equipment shall be provided at all public bathing places where the water is sufficiently deep for swimming and diving, to minimize the danger of drowning and of injuries to bathers from falls or collisions.

(b) **Lifeguard chairs.** Each public bathing place open to the general public shall have at least one (1) elevated lifeguard chair. This shall be presumed to be adequate for two thousand (2000) square feet of pool surface area with an additional lifeguard chair being provided for each additional area of two thousand (2000) square feet or fraction thereof. Lifeguard chairs shall be located so that a lifeguard is not required to protect a segment in excess of one hundred-eighty (180) degrees. Where a pool is provided with more than one (1) lifeguard chair and the pool width is forty (40) feet or more, chairs shall be located on each side of the pool. See ~~Standards Section~~ OAC 310:315-7-3 and ~~Regulations Section~~ OAC 310:320-3-2.

(c) **Small pools.** Every ~~swimming public~~ pool having a horizontal dimension ~~of that is~~ thirty (30) feet or less or a surface area ~~of less than~~ sixteen hundred (1600) square feet ~~or less~~ shall provide:

(1) One (1) or more poles each at least sixteen (16) feet in length. These shall end in a shepherd's crook with

an opening of at least eighteen (18) inches and shall be constructed of light sturdy material such as aluminum or bamboo and used according to the manufacturer's instructions.

(2) Two (2) or more ring-buoys fifteen (15) to eighteen (18) inches in diameter, constructed of light material, ~~such as kapok,~~ with at least one-quarter (1/4) inch rope attached to reach the length of the pool, not to exceed forty (40) feet.

(d) **Large pools.** ~~For pools~~ Every public pool having a ~~minimum~~ horizontal dimension ~~of that is~~ more than thirty (30) feet or ~~more a~~ surface area more than sixteen hundred (1600) square feet of surface area, the unit requirements listed under ~~Standards Section 310:315-7-2(c)~~ of this section shall be doubled, and a backboard provided. The maximum length of pole required will be sixteen (16) feet. For large pools requiring more than two (2) lifeguard chairs, the requirements of ~~Regulations Section OAC 310:320-3-1(c)~~ shall be provided for each additional two (2) chair-chairs.

(e) **Life line.** A life line shall be ~~provided~~ at or near the break in grade between the shallow and deep portions of a public bathing place, with its position marked with colored floats spread on five (5) foot centers. Life lines shall be three-quarters (3/4) of an inch minimum diameter. Terminals shall be securely anchored to a receptacle of corrosion-resistant material and ~~of a type which will be~~ recessed into the pool wall. ~~See Standards Section 310:315-7-4.~~

(f) **Location of life saving equipment.** Life saving equipment shall be mounted in conspicuous places, distributed around the pool edge at lifeguard chairs, or elsewhere, readily accessible ~~ready of access, with its function plainly marked.~~

(g) **First aid kit.** A ~~completely~~ stocked first aid kit shall be conveniently available at each bathing place. Contents shall be suitable for the type facility ~~as recommended by the American Red Cross.~~

(h) **Telephone.** ~~A~~ An accessible telephone to reach emergency assistance without the use of coinage shall be accessible to the pool during all hours of operation.

**310:320-3-2. Personnel**

(a) **Transfer of ownership.** Each license holder of a ~~permit to construct~~ a public bathing facility shall notify the Department ~~in writing~~ upon sale, lease, or other transfer of responsibility for the premises and shall supply the Department with the name and address of the new operator and/or owner.

(b) **Operation and management.** The bathing place shall be maintained under the supervision and direction of a properly trained operator with duties and responsibilities outlined in (d) below. ~~who shall be responsible for promoting good sanitation and safety, the proper maintenance of the bathing place, and all physical and mechanical equipment and records.~~ Proper training can ~~generally~~ be obtained through attendance at short courses for swimming pool operators sponsored by the state, county, and municipal health departments; state colleges and universities, and organizations such as the YMCA, YWCA, and Red Cross. ~~It is recommended that pool operators attend these training courses.~~

(c) **Lifeguard.**

(1) One (1) or more lifeguards shall be on duty at the pool side of all bathing places open to the general public, and all pools with diving boards or platforms higher than one (1) meter at all times when the pool is open and in use. These individuals ~~shall be in full charge and shall~~ have authority to enforce all rules and regulations pertaining to sanitation and safety.

(2) Lifeguards of public bathing places in Oklahoma shall have satisfactorily completed an advanced course of instruction in life saving and water safety equivalent to that offered by the American Red Cross or YMCA. ~~Lifeguards shall be carefully selected and~~ Except for situations that satisfy (6) of this subsection, lifeguards shall be not less than sixteen (16) years of age at the time they are employed as a lifeguard for duty at any public bathing place in Oklahoma. Lifeguards shall have a current life saving certificate, be capable swimmers, shall be competent in life saving methods, and be able to perform artificial respiration, and shall be in good physical condition, ~~and shall be able to command respect.~~ At least one (1) person lifeguard holding a current certificate in cardiopulmonary resuscitation (CPR) and trained in multi-media or equivalent first aid shall be on duty at all times the pool is in use. ~~A~~ The CPR and current advanced life saving certificate for each lifeguard employed shall be prominently displayed or posted at the checking stand or other convenient point so as to be easily read by the patrons. ~~The CPR certificate(s) shall be similarly posted.~~ Bathing places open to the general public with water depths of four (4) feet or less may substitute persons passing an American Red Cross Basic Water Safety Course or its equivalent, rather than the Advanced Life Saving Course. ~~It is recommended that, in addition, such persons also receive instruction in the shallow water "carries and assists" portion of the Red Cross Advanced Life Saving Course or its equivalent.~~

(3) Lifeguards assigned to the pool side shall not be subject to duties that would distract their attention from proper observation and supervision of persons in the pool area, or that would prevent immediate assistance for persons in distress in the water.

(4) The number of lifeguards on duty shall be such as to provide reasonable general supervision of the activities of all persons in the pool area, with detailed supervision and close observation of those persons in the pool water. The number shall also be sufficient to enable periodic relief or rest periods so that they will be alert while on duty. As a general approximation, it is recommended that the pool management provide at least one (1) lifeguard at the pool side for each seventy-five (75) persons in the swimming pool, with the determining factors being the type of pool, size of pool, ratio of surface area of deep water to the area of pool, temperature of the water, and quality of the water. Lifeguards shall wear distinguishing suits or emblems so that they may be easily identified by persons using the swimming facilities.

(5) In the case of pools not open to the general public, that limit the use of the pool to their tenants or guests, it is

## Permanent Final Adoptions

recommended that a lifeguard or attendant who is responsible to the pool management be in attendance when the bathing place is in use. ~~No person shall be employed for this duty who has a known communicable disease.~~ Pools not open to the general public which do not have lifeguards or attendants present during all hours of operation must post a sign at the entrance to the pool area stating "NO LIFEGUARD OR ATTENDANT ON DUTY."

(6) If there is a shortage of certified lifeguards (age 16 or older) due to an uncontrollable event, including but not limited to a public health emergency, war, severe acts of nature, or a labor shortage, adversely impacting a licensed public bathing place (establishment), the Department may approve an establishment's request to lower the age restriction stated in (2) of this subsection to individuals who have reached the age of 15. Each exemption is limited to the establishment making the request and to only one physical location operated by the establishment. An approved exemption is valid for one year from the date of approval and may be rescinded by the Commissioner of Health at any time. A letter submitted to the Department and requesting this exemption, must be signed by an individual with authority to bind the establishment, notarized, and include the following statements:

(A) the establishment states the nature of the uncontrollable event prompting the request;

(B) the establishment states how the uncontrollable event adversely impact ability to hire certified lifeguards;

(C) the establishment attests that the 15-year-old is in compliance with all other lifeguard regulations;

(D) the establishment attests that the responsibilities for 15-year-old lifeguards will be in compliance with 29 CFR 570.34(l); and

(E) an estimate of the percentage of 15-year-old lifeguard staff.

(d) Duties and responsibilities of pool personnel. The Oklahoma Public Bathing Place Act provides that all All owners, managers, operators, and other attendants in charge of any public bathing place shall be responsible for the safety and sanitation of public bathing places. ~~In addition to compliance with the other parts of these standards, the pool~~ Pool personnel ~~must~~ bear responsible for the following:

(1) Duties and responsibilities pertaining to bathers and general pool operation.

(A) See that all rules and regulations affecting the ~~users of the bathing place~~ patrons are properly enforced.

(B) Report all drownings and accidents requiring hospitalization immediately to the local health authorities by telephone and in writing within seven (7) days. If there is no local health department, contact ~~Environmental~~ Consumer Health Services at the State Health Department, ~~Oklahoma City, Oklahoma.~~

(C) Report to the operator or management any condition of the bathing place or equipment which may be detrimental to its safe operation.

(D) See that showers are used and are operating properly.

(E) See that all persons known to be infected with a communicable disease are excluded from the pool.

(F) See that all persons who are under the influence of an intoxicating liquor or drugs, are excluded from the shower rooms and the pool area.

(G) See that all doors and gates to the bathing place are locked when the bathing place is not in use or when the facility is closed for health or safety reasons. Signs stating "POOL CLOSED" shall be placed at all entrances to the pool when not open for use.

~~Conduct two (2) unannounced emergency drills each year are recommended, including at least one (1) with a water rescue, at all pools open to the general public.~~

~~(H) Submit required records of the pool operations to the county health department. Department upon request. In counties without a county health department, mail the operation record to the State Health Department.~~

(I) See that animals are not allowed inside the pool enclosure.

~~(K) See that safety equipment is not tampered with or played with by bathers or used for anything other than its intended use.~~

(2) Duties and responsibilities pertaining to the bathhouse and appurtenances.

(A) See that walk areas, overflow gutters, counters, lockers, equipment, furniture, interior partitions, and walls are in good repair and are clean. Where porous deck coverings are used, they shall be disinfected with a one hundred (100) ppm solution of chlorine at least once each day the facility is in use.

(B) See that floors of dressing rooms, shower stalls, and other interior rooms are scrubbed, using hot water with a suitable detergent, rinsed thoroughly, and disinfected daily or more often as needed. ~~More frequent attention to floors is recommended during periods of heavy use. It is important that the floors be thoroughly clean prior to disinfection with chlorine compounds.~~ The floors should be scrubbed with soap or a suitable detergent, using hot water, then disinfected with a ~~0.3 percent~~ 3000 ppm to ~~0.6 percent~~ 6000 ppm solution of available chlorine, or a suitable commercial cleaner and disinfecting agent ~~may be used.~~

(C) See that toilet rooms and fixtures are kept clean, sanitary, and in good repair.

(D) See that liquid soap dispensers, paper towel dispensers, and toilet paper holders are kept adequately supplied.

(E) See that no food, drinks, debris, or foreign substances are thrown or carried into the pool. No glass containers of any type may be used in or near the pool. Beverages should be dispensed in disposable or shatterproof containers ~~paper cups to avoid the hazard of broken glass.~~ Waste containers shall be conveniently located for disposal of used cups and

food wrappers shall be located at convenient points within the walk areas.

(F) Exclude unauthorized persons from the bathing place area.

~~(G) Exclude spectators and non bathers from the toilet rooms provided for the persons using public pool facilities.~~

(3) Duties and responsibilities pertaining to mechanical equipment.

~~(A) See that the pool is free from sediment and accumulations of lint and hair. See that the walls and bottom of the pool are~~ pool finish is free from dirt and discoloration, and that the overflow gutters and skimmers are clean and flushing properly. See that the ~~bottom and sides of the bathing place are~~ pool finish is brushed or suction cleaned as often as is necessary to keep the pool free of sediment, hair, debris of solids that may settle, algae, and slime.

(B) See that the level of the water is maintained at such a height as to ensure a constant slight overflow into the overflow gutter when no bathers are in the pool.

(C) Operate the pool equipment so as to maintain a clear and safe water, and be responsible for maintaining the ~~disinfection residuals and other~~ chemical parameters as outlined given under Regulations Sections OAC 310:320-3-7 and 310:320-3-8.

(D) Keep on hand at all times at least a two (2) weeks supply of chemicals for disinfection and pH control of bathing water.

(E) Keep on hand diatomite filter aid sufficient for two (2) weeks operation for filtration with diatomite filters, including diatomite skimming filters.

~~(F) When adjusting flow from inlets, give consideration to the fact that children, who are more susceptible to infectious diseases than older persons, will be more or less restricted to the shallow sections; the greatest pool loads with subsequent contamination are likely to come in this section of the pool. Inlets should be adjusted to~~ Adjustable inlets should provide approximately ten (10) PSI pressure on the effluent gauge when the filter is clean. Approximately seventy (70) percent of the water should return to the pool through the inlets in shallow portion of the pool.

(G) Provide for filtration plant operation.

(i) All bathing place operators shall know how to properly operate the filtration system and its appurtenances. These include hair catchers, filters, pumps, chemicals, and vacuum cleaners.

(ii) Where surface skimmers are provided as a means of control of ~~floatage~~ floatage, bathing place personnel shall regularly insure ensure that the flow of makeup water is adequate to assure proper skimming operation. Baskets or screens provided to trap large solids shall be cleaned regularly.

(iii) An adequate supply of septa and diatomite filter aid shall be available at all times where skimmer filters are provided. When two (2) or more

skimmer filters are in operation, they shall be inspected periodically to ensure balanced operation.

(iv) Pool volume and turnover rate shall be posted in the equipment area of all existing and all new pools.

(H) Post a sign indicating the presence of chemicals on the door to any room used for pool chemical storage.

(4) Duties and responsibilities pertaining to water chemistry.

(A) Be responsible for taking all tests as per Regulations Section OAC 310:320-3-8.

(B) No pool shall be allowed to remain open for use if the free active chlorine, pH, or turbidity are not within the limits required by these regulations as per Regulations Section OAC 310: 320-3-7. It is the responsibility of the pool personnel to close the pool if any one (1) of these three (3) are not within the required parameter limits.

(C) Store all chemicals in a safe manner and in an area not accessible to unauthorized persons. No chemical shall be stored in a container that does not have a complete label on it for that product.

(D) See that the proper chemicals are on hand for the type disinfection feeder in use. Hand feeding of chlorine is permitted only for super-chlorination or cleaning the pool. Only chemicals recommended by the manufacturer of solution or flow-through feeders should shall be used.

(E) Chlorine and pH readings from an electrode type automatic controller may be substituted, with approval of the Department for three (3) of the four (4) required daily readings in Regulations Section OAC 310:320-3-8.

**310:320-3-3. Rules and precautions for patrons**

(a) **Rules for pools.** Rules governing the use of pools, spas, and other public bathing places shall be displayed on signs large enough for easy reading which are posted at the entrance to the pool, dressing rooms, or other appropriate places. Sign shall provide, in similar language, that:

(1) A cleansing shower bath, using warm water and soap, must be taken before entering the pool.

(2) Persons with open wounds, bandages, or any symptom of communicable disease shall be prevented from entering the pool.

(3) Swimming alone is prohibited.

(4) At pools which do not have attendants or lifeguards on duty, children under twelve (12) years of age must be accompanied by an adult responsible for that individual child at the pool side.

(5) Running and rough play are prohibited in and around the pool.

(6) "Cut-offs" should be hemmed.

(7) Excess body lotions should be removed prior to entering the water.

(8) Bathing load limits shall be posted and enforced. See Standards Section 310:315-7-3.

# Permanent Final Adoptions

(9) "NO LIFEGUARD OR ATTENDANT ON DUTY" where appropriate. See ~~Regulations Section~~OAC 310:320-3-2.

(b) **Precautions for spas.** Precautions for spa patrons shall be posted on a sign which provides, in similar language, that "Persons who are pregnant, taking medication, or have any history of cardiovascular disease should consult a physician before entering hot water. Drugs and alcohol are prohibited."

### 310:320-3-4. Safety provisions

(a) **First aid kit.** ~~A completely stocked first aid kit meeting the requirements of the American Red Cross shall be on hand at each bathing place.~~

(b) **Emergency telephone numbers.** Every bathing place shall provide, immediately adjacent to its telephone, a ~~selected list of current telephone numbers for available doctors, ambulance services, hospitals, and police or fire department rescue squads notice to dial 911 in the event of an emergency.~~

(c) **Life saving equipment.** ~~All public bathing places shall provide and maintain in good condition adequate life saving equipment. See Regulations Section 310:320-3-1 for required equipment.~~

(d) **Bathing load.** The bathing load must be observed and the limit enforced by ~~pool personnel and the owner and management at all pools. Bathing load shall not exceed design standards as per Standards Section~~OAC 310:315-7-3. The bathing load limit shall be posted in plain sight at all pools.

### 310:320-3-5. Swimming suits and towels furnished by management

(a) **Suits and towels.** All swimming suits and towels used by and maintained for public use shall be thoroughly washed ~~and sterilized after each use.~~

(b) ~~**Laundering of suits and towels.** Swimming suits furnished by the management of the bathing place must be washed with hot water and soap or detergent, rinsed, and thoroughly dried and sterilized by heat each time they are used, or an equivalent approved process shall be used.~~

(c) **Clean suits and towels.** Clean swimming suits and towels ~~shall not be permitted to~~cannot come in contact with unwashed suits and towels or be stored on shelves or in baskets which have been used for storing dirty swimming suits and towels. The issuing of clean suits and towels at the same counters where dirty towels and suits are turned in shall be prevented.

### 310:320-3-6. Wading and spray-pool operation

(a) **Operation.** All artificially constructed bathing places, including wading pools ~~and spray pools~~ using recirculation systems, shall be free of turbidity, algae, and slime or floating matter, and the water quality shall comply with the same standards as all other artificially constructed bathing places.

(b) **Supervision.** A supervisor shall be present at all times when a wading pool is in use. The supervisor's main duties consist of maintaining proper conduct and guarding against accidents. Children over twelve (12) years of age should be permitted to enter the enclosure but not the pool. Children

with open sores or cuts, bruises, etc., or any contagious disease should not be admitted to the pool. The pool should be operated on definite hours on prescribed days ~~to secure proper discipline and parents' cooperation.~~ This supervisor replaces lifeguards and other safety requirements.

(c) **Drains.** Wading pool ~~and spray pool~~ drains shall have grates or covers complying with ~~Standards Section~~OAC 310:315-7-14. This stipulation shall apply to all existing wading pools ~~and spray pools~~ with recirculation systems, as well as those to be constructed.

### 310:320-3-7. Quality of Bathing Water

The pool water of all artificially constructed public bathing places shall undergo treatment necessary to comply with the following standards set forth in OAC 310:320-3-8. :

### 310:320-3-9. Sampling and testing procedures

(a) **Bathing place operators.** ~~As required by Regulations Section 310:320-3-2, all~~All bathing place operators shall know how to perform the following:

(1) Collect a sample for bacterial analysis.

(2) Collect at proper places, a representative sample for determination of applicable chemical and operational parameters required by ~~Regulations Section~~ OAC 310:320-3-9.

(3) Be able to perform all applicable chemical analyses and operational determinations required by ~~Regulations Section~~OAC 310:330320-3-9. The D.P.D. method should be used for free and combined chlorine determination. Orthotolidine (OTO) is not an acceptable method for determination of free chlorine.

(4) Observe the proper procedure of turbidity determination. Close pool any time the main drain cannot be seen from the sidewalk. Determine cause and reduce turbidity to acceptable level before reopening pool.

(5) Observe the water temperature in hot water pools and spas.

(6) Balance the pool water in relation to pH, total alkalinity, and calcium hardness as per ~~Regulations Section~~OAC 310:320-3-7 (see ~~Regulations Section~~OAC 310:320-5-2 for Tables).

(b) **Sampling and testing required.** All bathing place operators shall comply with the testing and sampling procedures set forth in Appendix A.

(1) ~~Tests shall be made of the pool water as follows:~~

Free chlorine	Four (4) times per day
Bromine (if applicable)	Four (4) times per day
pH	Four (4) times per day
Turbidity	Four (4) times per day
Combined chlorine	Daily
Turnover	Daily
Total alkalinity	Weekly

- |                  |        |
|------------------|--------|
| Calcium hardness | Weekly |
| Cyanuric acid    | Weekly |
- (2) Hot water facilities (above 90°F). In addition to the above tests, the following shall be determined:
- |                        |                        |
|------------------------|------------------------|
| Temperature            | Four (4) times per day |
| Copper                 | Weekly                 |
| Iron                   | Weekly                 |
| Total dissolved solids | Weekly                 |
- (3) Bacteriological samples. Hot water facilities and pools open to the general public may be required to submit a sample weekly to the local or the state health department.

**310:320-3-10. Satisfactory compliance of records**

- (a) The Operation Record Form provided for these reports is designed to serve all types of bathing places but not all of the lines of items will be applicable to each bathing place. Therefore, the management of a facility will be responsible for maintaining records only on those line items of the report that apply to their bathing place. All bathing places must maintain information on turbidity, pH value, and chlorine residual; and for pools using stabilized chlorine compounds, cyanuric acid testing is also required.
- (b) The law with reference to records shall be satisfied when records are submitted to the county health department, or for those counties without a county health department, to the appropriate sanitarian upon request.
- (c) **Records forms.** Public bathing place operation record forms may be obtained from either the county or the state health department. The information requested or indicated thereon must be filled in completely for each day the public bathing place is open to the public. Forms tailored to suit the needs of the management may be substituted for Department forms provided that all information required by these standards is included and the forms are submitted to the Department for approval prior to use.
- (d) **Posting of inspection sheet.** The inspection sheet filled out by an authorized representative of the Department, which indicates the sanitary condition of the public bathing place, must be posted and maintained in a conspicuous place easily visible to all who use the facilities.
- (e) **Laboratory reports.** The laboratory reports covering any chemical or bacteriological examination of the water in a public bathing place must be kept on the premises and made accessible to authorized representatives of the Department.
- (f) **Report to the county health department.** A copy of the cumulative daily operation record must be forwarded to the appropriate health department.
- (g) **Operation report form.** The public bathing place operation record forms are designed to cover one (1) full week of operation. As a general rule, an original and one (1) copy will be required. The original is for the permanent files of

the operator. The copy shall be forwarded to the appropriate health department as indicated above upon request.

(h) **Frequency of reporting to the county health department.** The management of public bathing places operated on a year round basis must, unless instructed otherwise, forward copies of the accumulated weekly reports to the appropriate health department once each month. The accumulated copies must be mailed immediately following the closing of the pool on the first Saturday of each month.

(i) **Seasonally operated bathing places.** The management of public bathing places operated on a seasonal basis, for example, outdoor bathing places operated only during the warmer months, must, unless specifically instructed otherwise, forward copies of the operating records to the appropriate health department at the close of each week's activity. Weekly reports will enable the personnel of the county health departments to give more prompt assistance to those operators who obviously are having continuous operation difficulties than would be possible with monthly reports.

**310:320-3-11. Winterizing and securing outdoor pools**

- When the pool is closed, all gates shall be locked. All outdoor pools shall be secured in one of the following approved methods:
- (1a) **Draining.** Drained and kept drained until put back into service; or
- (2b) **Pools not drained or covered.** Turbidity shall be controlled so that the main drain is visible from the pool deck. Maintaining disinfectant concentrations will suppress algae growth, and maintaining water balance will protect concrete and metal surfaces.
- (3e) **Covering.** Provide a pool cover of a type that is securely anchored to the deck area with bolts or similar hardware and capable of supporting a minimum of one thousand (1000) pounds. Water must not be allowed to accumulate on the top. Swimming in the pool with a partial cover is prohibited. If water is left in the pool, it should be drained below the tile and skimmers (eighteen (18) to twenty-four (24) inches) and kept chlorinated. The air should be blown out of the skimmer and fill lines. Lights should be stored on the deck or in the bottom of the pool and with switches taped in the off position.

**310:320-3-13. Subsequent examination, investigation, and inspection**

- (a) Subsequent to examination, investigation, and inspection by the State Commissioner of Health or his representative, any public bathing place found to be in non-compliance with the requirements of this chapter and therefore constituting a public nuisance, shall be reinspected within a reasonable time to determine if the public bathing place has been brought into compliance with the requirements of this chapter. Before each reinspection shall occur, the owner/operator shall pay a reinspection fee to the Department.
- (b) **Reinspection Fee.** The reinspection fee shall be in the amount of two hundred fifty dollars and no cents (\$250.00) payable to the Oklahoma State Department of Health.

# Permanent Final Adoptions

\$125.00 reinspection fee may apply in cases when the applicant fails an initial licensure inspection due to items not found to be on site or operational as reported by the applicant during the pre-inspection assessment.

## SUBCHAPTER 5. FORMS AND TABLES

### 310:320-5-1. Portable pools

(a) **Conditions governing operation.** The following conditions govern operation of portable pools:

- (1) To be used for instructional purposes.
- (2) For installation only at public buildings where adequate toilet and other sanitary facilities are conveniently available ~~and at other agencies historically engaged in swimming instruction; i.e., Red Cross, YMCA, etc.~~
- (3) The pool(s) to have continuous supervision by instructors or supervisors certified as lifeguards per OAC 310:320-3-2 meeting requirements of these standards for life guards.
- (4) Instruction classes to be sized on the basis of one (1) pupil for each four hundred (400) gallons of pool volume.
- (5) Use of the pool(s) to be limited to daylight hours unless the lighting requirements of these standards are met.
- (6) The pool(s) to be covered and locked whenever unattended or out of use.
- (7) The pool(s) installation at each location to be authorized by a permit issued by the Department for a scheduled period, preferably about two (2) weeks, extendable at the option of the ~~county health department~~ Department, upon receipt of a written request giving justification for the time extension.
- (8) The operations of the pool(s) to be coordinated with the county health department for the purposes of inspections and supervision.
- (9) Pool(s) to be located on paved surface with paved area and walkway from shower and toilet facilities to the pool.

(b) **Application data required.** Application data required for portable pools is as follows:

- (1) Location(s) to be used.
- (2) List of sanitary facilities available and the distance from the pool at each location. The number of showers, toilets, and lavatories for boys and girls.
- (3) Square feet of paved ground available for each installation.
- (4) The name of the owner of the installation; ~~i.e., City of Oklahoma City.~~
- (5) The name and mailing address of the responsible individual and phone number; ~~i.e., John Doe, Director of Recreation, City Park Department.~~
- (6) The duration of the term of instruction for which classes are to be scheduled for each location.
- (7) Each installation will require an application for permit with the above information.

### 310:320-5-2. Water balance and water balance tables

(a) Water balance is accomplished by adjusting the pH, total alkalinity, and calcium hardness in relation to each other. Tests are run on the pool water to determine the values for pH, total alkalinity, and calcium hardness. The accompanying table is used to determine scaling or corrosive potential of the water and to indicate corrective measures needed. Pools and spas that do not have balanced water are not only subject to considerable damage to the facility from scaling or corrosion but do not make effective use of free chlorine and indeed often have difficulty maintaining the required chlorine and pH levels. For more information, please contact your local health officials. ~~Recommended~~ recommended values are:

- (1) pH 7.2 to 7.8
- (2) Total alkalinity 80-120 ppm (pools) 100-150 ppm (spas)
- (3) Calcium hardness 100-150 ppm (pools) 150-300 ppm (spas)
- (4) Temperature: 75-90 °F for pools and 90-105° F for spas. See Appendix B.

(b) ~~Directions to determine water balance point are as follows:~~

- (1) ~~Test the pool or spa water to determine the level of pH, total alkalinity, and calcium hardness.~~
- (2) ~~On the "Variable Temperature Water Balance Chart," locate the test values for total alkalinity and calcium hardness.~~
- (3) ~~Connect a line between values for Total Alkalinity and Calcium Hardness. Mark the intersection with the pivot line. This becomes the pivot point. Draw a horizontal line through the pivot point and the pH scales. Read the pH from the appropriate pH Temperature Scale at the intersection with the horizontal line. This is the pH at which the water is balanced and is neither corrosive nor scaling.~~
- (4) ~~If the pool water pH value shown on the chart is no more than 0.5 pH above or below the actual observed pH in #1, above then the water is in balance.~~

(A) ~~If the actual pool water pH is 0.5 units higher than the pH value indicated in the chart, then the water is considered scaling and will deposit calcium in lines, filters, and in the pool.~~

(B) ~~If the actual pool water pH is 0.5 units lower than the pH value indicated in the chart, then the water is corrosive and will corrode the metal pipes, pump impellers, ladders, and other fixtures and will etch the pool plaster making it "sandy."~~

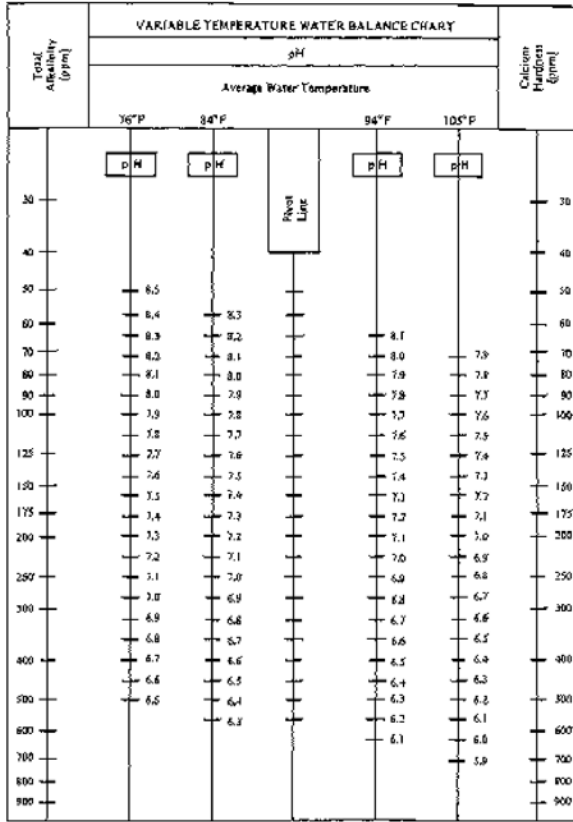

(5) ~~Calcium hardness is the hardest of the three to balance. Therefore, using the actual calcium hardness value as a pivot point, move the line between 7.2 and 7.8 to see at what level the total alkalinity can be adjusted to balance the water. The pH should be adjusted first to between 7.2 and 7.8 (ideal is 7.6) and then the total alkalinity adjusted last. It is perfectly permissible to operate a pool at a slightly higher or lower pH than ideal (but within the 7.2 to 7.8 range) in order to balance the water.~~

(6) ~~Cyanuric Acid vs. Total Alkalinity. Cyanuric Acid will titrate as total alkalinity using the current field tests.~~

The following is a conversion chart that may be used to determine the corrected value to Total Alkalinity:

pH	Cyanuric Acid Factor	
6.0	.04	
6.5	.10	1. Test total alkalinity, pH, and Cyanuric Acid.
7.0	.21	2. Multiply ppm Cyanuric Acid by Cyanuric Acid Factor.
7.5	.30	3. Subtract the product from the measured total alkalinity.
8.0	.36	4. The result equals actual total alkalinity.
8.0	.38	
9.0	.38	For Example: With a pH of 7.5, Cyanuric Acid of 50 ppm, and Total Alkalinity of 150 ppm:
		$150 - (50 \times .30) = \text{Actual Total Alkalinity}$
		$150 - 15 = 135 \text{ ppm Actual Total Alkalinity}$

## INSTRUCTIONS

- LINE 1. Enter pool name, street address, and city. If more than one pool is located at an address, such as an apartment complex, identify each pool.
- LINE 2. Enter the date the pool was super-chlorinated, type chlorine used, pounds added, and final concentration in ppm.
- LINE 3. Enter the pool capacity in gallons, the surface area in square feet and the maximum approved bathing load based on pool area or bathhouse facilities which ever is the limiting factor.
- LINE 4. Enter time that safety equipment is checked. This should be done each day before opening the pool.
- LINE 5. Enter time that the pool is cleaned or vacuumed.
- LINE 6. Enter time the bathhouse floor and deck are cleaned and disinfected.
- LINE 7. Enter the operator's estimate of the maximum number of persons admitted to the premises each day.
- LINE 8. Indicate the number of accidents, if any, that occurred during the day. Any accident requiring hospitalization must be reported immediately by telephone and followed by a written report within seven (7) days.
- LINE 9. Indicate the total number of qualified lifeguards/attendants on duty during the time of maximum load.
- LINE 10. Indicate the time the pool is opened and closed for public use. Example: 10 a.m./8 p.m.
- LINE 11. Enter the time the filter is backwashed.
- LINE 12. Enter the inlet and outlet gauge reading psi just prior to backwashing. Example: 18/9
- LINE 13. Enter total number of gallons of make-up water added each day.
- LINE 14. Enter the reading of the gauge located between hair and lint strainer and pump intake before and after cleaning or replacing the basket. Example: 15/2
- LINE 15. Enter the flow meter reading and time read daily. On days that the filter is backwashed, enter the reading before and after backwashing. Example: 200/10 a.m. or 200/225
- LINE 16. Enter the combined chlorine reading. This reading should be taken at the close of each day and if the reading is 0.2 ppm or greater, the pool must be super-chlorinated before reopening to the public.
- LINE 17 thru 23. Enter the number of pounds or gallons (or other appropriate units) of the chemical fed to your pool, if any.
- LINE 24 thru 27. A series consists of at least four (4) samples taken from different areas of the pool. Enter the time taken in the Tm block, the average free chlorine from the samples in the Cl block and the average pH in the pH block.
- LINE 28 thru 31. Enter in the Tm block the time the turbidity and temperature observations are made. Temperature measurement is required only on hot water facilities. (Those operated at temperatures above 90°F). Turbidity should be reported as follows: (S) for no turbidity or a clean pool. (M) for a pool with cloudy water but still able to see the bottom in the deepest water. (U) whenever the main drain cannot be

seen. The pool is to be closed when this occurs.

LINE 32 Enter the value for indicated parameters and the date the analyses are thru 35. made. Note all parameters are not required on all pools.

LINE 36 Remarks. Enter any comments regarding accidents at the pool or its thru 37. operation that may be of benefit to you in the future or to serve as a record in the event of litigation.

LINE 38. Enter the name of the person responsible for the operation of the pool.

LINE 39. The pool manager may be the owner of a private facility, apartment complex manager, or a person employed by a municipality to manage their pool(s).

The form must be signed by the pool operator or manager.

Keep original copy in your files. Mail one (1) copy to the County Health Department. In counties without a health department, mail one (1) copy to Water Facilities Engineering Service, Oklahoma State Department of Health, P. O. Box 53551, Oklahoma City, Oklahoma 73152.

## Permanent Final Adoptions

### 310:320-5-5. Application for license [REVOKED]

(a) ~~The applicant shall file an application for a license to operate a public bathing place on the forms provided by the Department, as set forth in this Chapter as Appendix A and Appendix B, with the filing fee payable to the Oklahoma State Department of Health, prior to operating a public bathing place. The filing fee is established by rule in Chapter 310:250 of the~~

~~Oklahoma Administrative Code, Fee Schedule For Consumer Health Services.~~

(b) ~~The application for a license to operate a public bathing place must include a copy of the permit to construct the public bathing place for which the applicant seeks a license, or reference the construction permit in the application, in order to be eligible for a license to operate a public bathing place.~~

OKLAHOMA STATE DEPARTMENT OF HEALTH

APPLICATION FOR PERMIT TO CONSTRUCT  
PUBLIC BATHING PLACE, WATER POLLUTION CONTROL AND  
PUBLIC WATER SUPPLY FACILITIES AND/OR SUPPLY POTABLE WATER

AS APPROVED BY THE STATE BOARD OF HEALTH

This application is to be submitted to obtain a permit for construction of; Sanitary Sewer, Sewage Treatment Facility, Public Water Supply Facility or Waterworks, Public Bathing Place, and Additions, Modifications, or Extensions Thereof and/or to provide a potable water supply.

TO THE COMMISSIONER OF HEALTH Date \_\_\_\_\_

OKLAHOMA STATE DEPARTMENT OF HEALTH  
1000 NORTHEAST 10th STREET  
P.O. BOX 53551  
OKLAHOMA CITY, OKLAHOMA 73152

ATTENTION: WATER FACILITIES ENGINEERING SERVICE

A. The applicant, \_\_\_\_\_  
hereby makes application for a permit to provide a supply of potable water to \_\_\_\_\_

(NO FEE REQUIRED, EXECUTE APPLICANT SIGNATURE SECTION ONLY, DO NOT COMPLETE SECTIONS B thru E)

B. The applicant, \_\_\_\_\_  
proposes the construction of the facilities checked on "Fee Schedule" to serve \_\_\_\_\_

located at \_\_\_\_\_  
(finding location or legal description) and, as required by the Oklahoma State Health Code at 63 Oklahoma Statutes 1971, Sections 1-906, 1-907, 1-908 and 1-1017, hereby makes application for approval of the accompanying plans and specifications and for a permit to construct the facilities in accordance with the same plans and specifications.

C. In making this application the applicant certifies and states the following:

1. The applicant has been supplied with copies of all rules and standards promulgated by the Oklahoma State Board of Health for the construction and operation of the facility in question.
2. To the best of the knowledge and belief of the applicant, the plans, specifications, and engineering report comply with the requirements of the aforementioned rules and standards.
3. The applicant agrees to be responsible for the construction and operation of the facility in accordance with the aforementioned rules and standards, and in accordance with state law agrees that the Oklahoma State Department of Health shall have access to the facility at any time during and after construction for the purpose of inspection for compliance with the provisions of the State Health Code, 63 O.S. 1971, Sections 1-101 and following.
4. The applicant intends to own and operate the facility after construction is completed. ( ) Yes ( ) No If "No", provide information on responsibility for operation.

ODH Form No. 583-B  
February 7, 1985  
Page 1 of 4

# Permanent Final Adoptions

---

5. The applicant is holder of or will obtain a deed or easement to the land upon which construction is planned. ( ) Yes ( ) No If "No", explain.
6. The land upon which construction is planned is within the corporate limits of a municipality. ( ) Yes ( ) No If "Yes", application should be executed by authorized agent of the municipality. If "Yes" and applicant is other than municipality, PRIVATE APPLICANT WITHIN MUNICIPALITY section must be completed. (DOES NOT APPLY TO PRIVATELY OWNED PUBLIC BATHING PLACES.)
7. The entity receiving, transporting or treating the wastewater generated by the area served is the applicant. ( ) Yes ( ) No If "No" the RECEIPT, TRANSPORT OR TREATMENT section must be completed.
8. Upon transfer of ownership of the facility, the applicant agrees to immediately notify the Commissioner in writing at the above address.
9. The applicant agrees to supply the Department and its agents and employees with any information requested by them concerning the design, construction, and operation of the facility in accordance with the State Health Code.
10. All local zoning and other ordinances of public entities having jurisdiction concerning the construction of the proposed improvements have been satisfied. Yes ( ) No ( ). If "No", explain.

D. Following is a list of the documents supplied for review:

\_\_\_\_\_

E. Enclosed is a check or money order (no cash) in the amount of \$\_\_\_\_\_.00, which is the total of the checked items. (Make checks and money orders payable to the Oklahoma State Department of Health. Maximum fee - \$500 for individual or \$1000 for combination water and sewer)

## APPLICANT SIGNATURE

**Note: Application must be signed by the authorized chief elective or executive officer of the applicant, or by the applicant himself if a sole proprietorship. Information must be legible.**

\_\_\_\_\_  
Signature Name of Organization (Print or Type)

\_\_\_\_\_

# Permanent Final Adoptions

## 310:320-5-5.1. Application for license

(a) The applicant shall file an application for a license to operate a public bathing place on the forms provided by the Department, as set forth in this Chapter with the filing fee payable to the Oklahoma State Department of Health, prior to operating a public bathing place. The filing fee is established by rule in Chapter 310:250 of the Oklahoma Administrative Code, Fee Schedule For Consumer Health Services.

(b) The application for a license to operate a public bathing place must include a copy of the permit to construct the public bathing place for which the applicant seeks a license, or reference the construction permit in the application, in order to be eligible for a license to operate a public bathing place.

## 310:320-5-6. Application guidelines for permits to construct and licenses to operate public bathing places [REVOKED]

(a) ~~An applicant shall be an owner/operator of the public bathing place, as defined in 63 O.S. Section 1-1013 et. Seq. complying with the requirements of this chapter, agree to permit access to the public bathing places, provide required information, and pay the applicable license fee and submit application on a form provided by the Department.~~

(b) ~~The application shall include:~~

(1) ~~The name, mailing address, telephone number, approximate number of employees, and signature of the person applying for the license and the name, mailing address and location of the public bathing places;~~

(2) ~~Information about the legal entity for the public bathing places; and~~

(3) ~~Information about the type of public bathing places.~~

(c) ~~The license holder shall comply with all provisions of OAC 310:320-3-2.~~

(d) ~~Fee. The fee (see Fee Schedule, Regulations Section 310:320-5-5) shall be made payable to the Oklahoma State Department of Health.~~

(e) ~~**Facility definition.**~~

(1) ~~A public bathing facility, for permitting purposes, will be:~~

(A) ~~A single swimming pool, spa, water slide, or other bathing unit, or~~

(B) ~~A complex of two (2) or more such units with deck areas in common, "deck" being used in the same context as in the Public Bathing Place Standards, or,~~

(C) ~~A complex of such units with water in common such as indoor and outdoor pools connected by a channel.~~

(2) ~~For the purpose of allocating permit fees, a single fee and permit will apply in each of the above cases 1 through 3. A new permit and fee will apply for a new bathing unit added later to an existing facility, and for a major modification of an existing unit.~~

(f) ~~**Applicant identification.**~~

(1) ~~Title 63 Oklahoma Statutes, (Public Health Code), Section 1-1017 states, in part "...plans and specifications~~

~~shall be accompanied by an application for permit, and both the plans and specifications and the application shall bear the signature of the person for whom the work is to be done." (Emphasis added.)~~

(2) ~~The Department of Health interprets this to mean the owner or an authorized agent of the owner. The application may take these forms:~~

(A) ~~Applicant is the owner and signs as such.~~

(B) ~~Applicant is an authorizing officer of the organization which is the owner; the full name of the organization and the signer's title must be supplied.~~

(C) ~~Application includes a letter from the owner (or from an officer as in #2, or from an authorized agent of the owner) authorizing the applicant to act on his behalf for the purpose of obtaining the permit.~~

(D) ~~Application is signed "XXX, agent for YYY, owner." If there is any question whether "expediency" may have resulted in misrepresentation, the Department may require an authorizing letter as in #3 above.~~

(3) ~~If the application does not show whether the owner and/or agent is an individual, a partnership, or a corporation, processing of the permit will be delayed until this information is supplied.~~

(4) ~~The application form also requires that, if Item C-4 on the application is checked "No," information is to be provided on who will be responsible for the facility following completion of construction. In the case of joint ownership, such as a condominium or housing development, the applicant may state on the application that, for example, a homeowners association will own and operate the bathing facility. In such cases, a provision in the permit will assign this future responsibility accordingly, if no Affidavit of Responsibility is supplied with the application. In other cases (C-4 check "No"), there must be submitted with the application, a notarized Affidavit of Responsibility signed appropriately. The purpose of this is to remove any doubt that the responsible party is aware of its responsibility.~~

(g) ~~**Non-applicable items.** Items A, C-6, C-7, and all of page 3, may be ignored in the case of public bathing place permits, unless the facility is to be municipally owned.~~

**Note: Compliance with the Public Bathing Place Facility Standards and the Public Bathing Place Regulations Criteria is required respecting all features not included here.**

**Public Bathing Place  
Summary Engineering Report**

Complete separately for each unit (pool, spa, other).

**A. General**

1. Physical location of facility (not P.O. Box or Rural Route): \_\_\_\_\_
2. Type (pool, spa, wading pool, water slide, raft ride, etc): \_\_\_\_\_
3. Water area, ft<sup>2</sup> \_\_\_\_\_
4. Perimeter, ft \_\_\_\_\_
5. Volume, gal \_\_\_\_\_
6. Shallow water area ("above" lifeline), ft<sup>2</sup> \_\_\_\_\_
7. Deep water area ("below" lifeline), ft<sup>2</sup>  
Capacity, persons \_\_\_\_\_
8. Diving boards, number and height \_\_\_\_\_
9. Bottom slopes: shallow area \_\_\_\_\_ transition \_\_\_\_\_

**B. Water Supply and Wastewater**

1. Water source \_\_\_\_\_. Two diameters or six (6) inches air gap at fill spout \_\_\_\_ (Y/N)
2. Backwash discharges to \_\_\_\_\_ with indirect connection \_\_\_\_ (Y/N)
3. Walkways drain to \_\_\_\_\_ at slope = \_\_\_\_\_ (1/4 inch per foot minimum)

**C. Recirculation and Filter System**

1. Minimum turnover rate required by Standards, gpm \_\_\_\_\_
2. Number of skimmers \_\_\_\_\_ @ 30 gpm = \_\_\_\_\_ gpm
3. Design flow rate, gpm \_\_\_\_\_

## Permanent Final Adoptions

---

4. Main drain flow (at least 30 percent of total flow) gpm \_\_\_\_\_
  5. Filter type (sand, DE, or cartridge) \_\_\_\_\_
  6. Minimum filter area required, ft<sup>2</sup> \_\_\_\_\_
  7. Design filter area, ft<sup>2</sup> \_\_\_\_\_
  8. Maximum filter flux density, gpm/ft<sup>2</sup> \_\_\_\_\_
  9. Head loss in suction piping is no greater than 6 ft/1000 ft. \_\_\_\_\_ (Y/N)
  10. Head loss in discharge (pressure) piping is no greater than 12 ft/100 ft. \_\_\_\_\_ (Y/N)
  11. Maximum TDH, dirty filter, ft \_\_\_\_\_
  12. Pump capacity at maximum TDH, gpm \_\_\_\_\_
  13. Number of inlets: \_\_\_\_\_ a depth \_\_\_\_\_ (inches)
  14. Antivortex cover or complying suction openings specified \_\_\_\_\_ (Y/N)
  15. Flow meter specified \_\_\_\_\_ (Y/N)
  16. Filter influent and effluent pressure gauges specified, and compound or vacuum gauge specified between pump and hair and lint strainer \_\_\_\_\_ (Y/N)
  17. Extra hair/lint basket specified \_\_\_\_\_ (Y/N)
  18. Piping schematic included in plans \_\_\_\_\_ (Y/N)
  19. Each skimmer and main drain valved separately \_\_\_\_\_ (Y/N)
- D. Miscellaneous**
1. Two-inch diameter equalizer line specified at skimmers \_\_\_\_\_ (Y/N)
  2. Skimmers listed as approved by NSF \_\_\_\_\_ (Y/N)
  3. Filters listed as approved by NSF \_\_\_\_\_ (Y/N)

4. Chlorinator or brominator listed as approved by NSF \_\_\_\_\_ (Y/N)
5. Two thermometers specified, if heater used \_\_\_\_\_ (Y/N)
6. All parts of facility served by 50 foot (maximum) hoses, from hose bibs with backflow preventers \_\_\_\_\_ (Y/N)
7. Valves and piping tagged or color coded \_\_\_\_\_ (Y/N)
8. Depth markers specified, both pool wall and deck \_\_\_\_\_ (Y/N)
9. Life line specified at change in bottom slope \_\_\_\_\_ (Y/N)
10. If spa, "jet" or "therapy" system is independent from filter/recirculation system, other than at spa plenum \_\_\_\_\_ (Y/N)
11. Local ordinances permit proposed backwash discharge \_\_\_\_\_ (Y/N)
12. Operating instructions specified \_\_\_\_\_ (Y/N)
13. Enclosure complies with Standards Section 310:315-7-2 \_\_\_\_\_ (Y/N)
14. Entry to pool is through self-closing, self-latching gates or doors, only \_\_\_\_\_ (Y/N)
15. Lighting and electrical wiring are specified in accordance with Standards Sections 310:315-7-18 and 310:315-7-19 \_\_\_\_\_ (Y/N)
16. Safety equipment and provisions are specified in accordance with Regulations Sections 310:320-3-1 and 310:320-3-4 \_\_\_\_\_ (Y/N)
17. Provisions for handicapped are specified (If pool is Open to the General Public) \_\_\_\_\_ (Y/N)
18. Bathhouse complies with Standards Sections 310:315-7-7 and 310:315-7-8 (if pool is Open to the General Public) \_\_\_\_\_ (Y/N)

Any items answered "No" require explanation. Add pages as necessary.

### **Public Bathing Places**

#### **Procedure and Design Check List**

This procedure and design check list is limited to significant features of the Public Bathing Place Facility Standards, the Public Bathing Place Regulations, and some features which generate questions frequently. Purposes are to help simplify and organize design work, review work, and inspection work. Not every regulatory feature is covered--some are left to the Standards and Regulations, and the Standards and Regulations leave some to specifications of others such as the NSF, ANSI, ASSE, NEC, FINA, and others. Further, "good practice" is a universal criterion. The design engineer is responsible for alerting the applicant and contractors to these requirements sufficiently through the plans he prepares and through direct communication. It is expected that installation will conform to approved plans in respect to all significant details, including any change orders approved by the design engineer and by the OSDH. Further, compliance with the Standards and Regulations is required respecting all features not included in the approved plans.

**REFER TO THE PUBLIC BATHING PLACE FACILITY STANDARDS  
AND THE PUBLIC BATHING PLACE REGULATIONS**

**Procedures**

- \_\_\_\_\_ 1. Application completed in accordance with "Guidelines for applicants for Public Bathing Place Permits."
- \_\_\_\_\_ 2. Five (5) sets of plans submitted, each signed by applicant and sealed by a professional engineer licensed in Oklahoma.
- \_\_\_\_\_ 3. Fee submitted.

**Design**

- \_\_\_\_\_ 1. Engineering report (may be a summary on drawings) presenting significant design features, and added narrative solutions to unusual problems when needed for clarity.
- \_\_\_\_\_ 2. Water supply: source; backflow prevention (including all hose bibs); drinking fountains; fill spout ( 2 diameters or 6 inch air gap).
- \_\_\_\_\_ 3. Wastewater: approved sewer (permit exists) of sufficient capacity; NPDES permit if applicable; diatomaceous earth separation; sanitary and backwash wastes plan; backflow prevention (air gap); local ordinances provisions on backwash discharge.
- \_\_\_\_\_ 4. Pool material and finish: impervious; white or pastel color (no variegated finish).
- \_\_\_\_\_ 5. Enclosure: excludes unattended small children; permits visual observation; maximum gap four (4) inches; four (4) feet height (six (6) feet if open to general public); construction does not form ladder; all entry through self-closing, self-latching gates only; no safety hazards at grade separations.
- \_\_\_\_\_ 6. Equipment and chemical storage areas; sufficient access for operation and maintenance (eighteen (18) inch clearances); access by public limited; venting; hose bib with backflow preventer; chemical storage signs. See Standards Sections 310:315-7-2 and 310:315-7-13.
- \_\_\_\_\_ 7. Bathing load computed per Standards Section

## Permanent Final Adoptions

---

310:315-7-3.

- \_\_\_\_\_ 8. Pool features: handicapped provisions if open to general public; three (3) feet minimum depth (three and one-half (3-1/2) feet recommended), competition pools; bottom slopes; lifeline at break; side walls; depths; ledges inside line eleven (11) degrees from plumb; diving board height, projection over pool, headroom; depth markings (deck and pool wall); outlets (144 in<sup>2</sup> or antivortex covers); adjustable inlets, required minimum plus added inlets at stairs, recessions, flow-through channels; gutters comply with Standards Section 310:315-7-14; skimmers thirty (30) gpm each, valved separately, NSF-listed.
- \_\_\_\_\_ 9. Ladders, stairs, seats, fountains: two (2) ladders or one (1) ladder and one (1) set of stairs; stairs recessed or "go clear across"; colored stripes; uniform height; barriers around recessed seats, and added inlets; fountain supply filtered and chlorinated if discharging to pool; no structures in fountain to invite diving.
- \_\_\_\_\_ 10. Decks: four (4) foot minimum width; impervious; non-slip; slope and drainage; no wood decks indoors, and sealed, drained, and unshaded if outdoors; access by fifty (50) foot (maximum) hose from hose bib with backflow preventer; no carpeting; no epoxyed gravel unless interstices are grouted.
- \_\_\_\_\_ 11. Bathhouse: see Standards for (extensive) details; must be sanitizable; required only at (1) pools open to the general public, (2) where access to pool is problematic as at a housing development, and (3) other special installations; no fire traps; fire extinguisher (not CCL<sub>4</sub>).
- \_\_\_\_\_ 12. Ventilation: all indoor spaces effectively ventilated.
- \_\_\_\_\_ 13. Wading pools: four (4) hour turnover; flow measurement and control; eighteen (18) inches maximum depth; one (1) skimmer per four hundred (400) ft<sup>2</sup> pool area; emergency drainage with quick-opening valve; barrier if contiguous with swimming pool.
- \_\_\_\_\_ 14. Spas: impervious (no wood); no depth markers required; four (4) foot minimum deck width about fifty (50) percent of perimeter if less than 120 ft<sup>2</sup> spa area;

decks drained; handrail complying with Standards Section 310:315-7-11; thirty (30) gpm per skimmer (NSF-listed) plus adequate main drain flow to prevent settling in lines; no connection, other than at spa plenum, between filter and therapy circulation systems; antivortex or equiv-alent suction openings; disinfection device NSF-listed (bromine recommended); two (2) filter return inlets, minimum; temperature control at 105°F maximum; inlet and return temperature gauges. (See also #16 below.)

- \_\_\_\_\_ 15. Water recreation attractions; preconsultation with OSDH required; see Standards Section 310:315-7-12.
- \_\_\_\_\_ 16. Recirculation system: system TDH calculated for dirty filter; pump sized at maximum TDH; hair and int strainer with extra basket and compound pressure gauge where required; vacuum cleaning provisions; inlet and return temperatures measured if heater provided; piping sized per Standards Section 310:315-7-14; piping color coded and valves tagged; flow meter with minimum and maximum flows marked; piping schematic provided. See Standards Section 310:315-7-14 for further details.
- \_\_\_\_\_ 17. Filters: influent and effluent pressure gauges; sign glass; filter tanks and piping drainable; filter medium composition and particle size specified; filter NSF-listed; head loss when dirty at maximum allowable flux (gpm/ft<sup>2</sup>) computed correctly; operating instructions provided, including maximum and minimum flow rates. See Standards Section 310:315-7-15 for further details.
- \_\_\_\_\_ 18. Disinfection and pH control: chlorinator/brominator NSF-listed and meets delivery requirements of Standards Section 310:315-7-16; chlorine gas installation per Standards Section 310:315-7-16; gas mark; pH control feeder if pool open to general public or larger than fifty thousand (50,000) gallons.
- \_\_\_\_\_ 19. Testing equipment: see Standards Section 310:315-7-17.
- \_\_\_\_\_ 20. Lighting and electrical requirements: artificial lighting required, ten (10) foot-candles, deck area; underwater lights (if used) recommended @

## Permanent Final Adoptions

---

eight (8) foot-candles and with low water cutoff protection; ten (10) foot-candles, interior rooms; all wiring meets NEC

Code; ground fault interrupter circuit breakers for outlets; all piping and metal fencing grounded per NEC Code.

\_\_\_\_\_ 21. Life saving provisions and equipment: lifeguard or attendant needs weighed carefully where slides or swings are used; safety/pool rules signs specified, including "No Lifeguard or Attendant on Duty" where required; see Regulations Section 310:320-3-1 for details.

\_\_\_\_\_ 22. First aid: kit specified; telephone (non-coin operated) accessible; emergency phone numbers posted.

**310:320-5-6.1. Application guidelines for licenses to operate public bathing places**

(a) **Applicant requirements.** An applicant shall be an owner/operator of the public bathing place, as defined in 63 O.S. Section 1-1013 et. Seq. complying with the requirements of this chapter, agree to permit access to the public bathing places, provide required information, and pay the applicable license fee and submit application on a form provided by the Department.

(b) **Application contents.** The application shall include:

(1) The name, mailing address, telephone number, approximate number of employees, and signature of the person applying for the license and the name, mailing address and location of the public bathing places;

(2) Information about the legal entity for the public bathing places; and

(3) Information about the type of public bathing places.

(c) **Fee.** The fee shall be made payable to the Oklahoma State Department of Health.

(d) **Facility definition.**

(1) A public bathing facility, for permitting purposes, will be a single swimming pool, spa, water slide, or other bathing unit.

(2) A new permit and fee will apply for a new bathing unit added later to an existing facility, and for a major modification of an existing unit.

(e) **Applicant identification.**

(1) The application may take these forms:

(A) Applicant is the owner and signs as such.

(B) Applicant is an authorizing officer of the organization which is the owner; the full name of the organization and the signer's title must be supplied.

(C) Application includes a letter from the owner (or from an officer as in part (B), or from an authorized agent of the owner) authorizing the applicant to act on his behalf for the purpose of obtaining the permit.

(D) Application is signed "XXX, agent for YYY, owner." If there is any question whether "expediency" may have resulted in misrepresentation, the Department may require an authorizing letter as in part (C) above.

(2) If the application does not show whether the owner and/or agent is an individual, a partnership, or a corporation, processing of the permit will be delayed until this information is supplied.

(3) The application form also requires that information is to be provided on who will be responsible for the facility following completion of construction. In the case of joint ownership, such as a condominium or housing development, the applicant may state on the application that, for example, a homeowners association will own and operate the bathing facility. In such cases, a provision in the permit will assign this future responsibility accordingly, if no Affidavit of Responsibility is supplied with the application. In other cases there must be submitted with the application, a notarized Affidavit of Responsibility signed appropriately. The purpose of this is to remove any doubt that the responsible party is aware of its responsibility.

## APPENDIX A. POOL WATER SAMPLING AND TESTING [NEW]

(1) Tests shall be made of the pool water as follows:

Free chlorine	Four (4) times per day
Bromine (if applicable)	Four (4) times per day
pH	Four (4) times per day
Turbidity	Four (4) times per day
Combined chlorine	Daily
Turnover	Daily
Total alkalinity	Weekly
Calcium hardness	Weekly
Cyanuric acid	Weekly

(2) Hot water facilities (above 90°F). In addition to the above tests, the following shall be determined:

Temperature	Four (4) times per day
Copper	Weekly
Iron	Weekly
Total dissolved solids	Weekly

(3) Bacteriological samples. Hot water facilities and pools open to the general public may be required to submit a sample weekly to the local or the state health department.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN,  
THE FOLLOWING RULES ARE CONSIDERED  
FINALLY ADOPTED AS SET FORTH IN 75 O.S.,  
SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE  
DATE OF SEPTEMBER 11, 2022:**

### SUBCHAPTER 1. GENERAL PROVISIONS

**310:355-1-1. Purpose and scope**

This Chapter implements:

(1) the Smoking in Public Places and Indoor Workplaces Act ~~and the Clean Air in Restaurants Act (CARA). This Chapter specifies how compliance with the Act and CARA will be accomplished. All definitions and other provisions in the Act and CARA apply to this Chapter.~~ Title 63 O.S. §§ 1-1521, et seq.;

(2) Smoking in Certain Public Places Prohibited - Punishment, Title 21 O.S. § 1247; and

(3) Statutory provisions of the Oklahoma Medical Marijuana and Patient Protection Act: *All smokable, vaporized, vapable and e-cigarette medical marijuana product inhaled through vaporization or smoked by a medical marijuana licensee are subject to the same restrictions for tobacco under Section 1-1521 of Title 63 of the Oklahoma Statutes, commonly referred to as the "Smoking in Public Places and Indoor Workplaces Act".* [Title 63 O.S. § 427.8(L)]

**310:355-1-6. Definitions**

The following words and terms, when used herein, shall have the following meaning, unless the context clearly indicates otherwise:

"**Act**" means the Oklahoma Smoking in Public Places and Indoor Workplaces Act [63:1-1521 et seq].

"**Building**" means an entire free standing structure enclosed or predominantly enclosed by exterior walls.

"**Department**" means the Oklahoma State Department of Health.

"**Eating establishment**" means an establishment licensed by the Department under Chapter 256 or any Chapter adopted to replace Chapter 256 that is primarily engaged in preparing and selling food, exclusive of low-point beer and alcoholic

beverages, for immediate consumption on or off the premises, based upon gross receipts of the establishment.

**"Indoor workplace"** means any indoor place of employment or employment-type service for or at the request of another individual or individuals, or any public or private entity, whether part-time or full-time and whether for compensation or not. Such services shall include, without limitation, any service performed by an owner, employee, independent contractor, agent, partner, proprietor, manager, officer, director, apprentice, trainee, associate, servant or volunteer. An indoor workplace includes work areas, employee lounges, restrooms, conference rooms, classrooms, employee cafeterias, hallways, any other spaces used or visited by employees and all space between a floor and ceiling that is predominantly or totally enclosed by walls or windows, regardless of doors, doorways, open or closed windows, stairways or the like. The provisions of this section shall apply to such indoor workplace at any given time, whether or not work is being performed. [21 O.S. § 1247(A)]

**"Nonsmoking area" or "nonsmoking space"** means a ~~smokefree~~smoke-free area or space.

**"Public transportation"** means transportation services, facilities and equipment with multiple passenger capabilities, available to the public on a scheduled or demand basis including intercity, regional and city bus, minibus, van pool, car pool and taxicab services, and commuter rail services. [69:4005]

**"Recirculate"** means movement of air or smoke from one area to another either mechanically by way of the heating, air conditioning and ventilation system or by other means of circulation, drifting, transfer or migration.

**"Restaurant"** means any eating establishment regardless of seating capacity. [63:1-1522.7]

**"Secondhand smoke"** means the aerosol produced from vapor devices or combustion of marijuana or tobacco products---consisting of a combination of many different gases, types of particulate matter, and semi-volatile organic compounds, visible and invisible, odorless and with odors---including smoke or vapor exhaled by smokers, smoke from the burning tip of a cigarette or other marijuana or tobacco product, and materials escaping through cigarette paper.

**"Smoke-free location"** means a location where the use of tobacco, nicotine, marijuana or other lawful products consumed in a smoke or vaporized manner are prohibited. [21 O.S. § 1247]

**"Smoke"** means smoke from combustion of marijuana or tobacco products, including secondhand smoke.

**"SmokefreeSmoke-free area" or "smokefree**~~smoke-free~~ **space"** means an area or space within or outside a building where smoking is prohibited. Within a building that is not entirely exempt from the Act[63:1-1521 et seq], if smoking is permitted anywhere in the building, the air in the ~~smokefree~~smoke-free areas inside the building is protected from secondhand tobacco smoke from the smoking spaces by a combination of direct exhaust from the smoking spaces to the outside, full enclosure surrounding the smoking spaces, and sufficient negative air pressure in the smoking spaces relative to the ~~smokefree~~smoke-free areas to prevent the escape of

smoke from the smoking spaces to any ~~smokefree~~smoke-free areas.

### SUBCHAPTER 3. SMOKING PROHIBITIONS AND EXEMPTIONS [REVOKED]

#### 310:355-3-1. Indoor prohibition and exemptions [REVOKED]

To protect the health of nonsmokers, no smoking shall be permitted inside public places or indoor workplaces except under certain limited situations specifically provided in 63:1-1523.

#### 310:355-3-2. Public transportation prohibition [REVOKED]

No smoking shall be permitted in any vehicle used to provide public transportation.

#### 310:355-3-3. Outdoor prohibitions at restaurants [REVOKED]

No smoking shall be permitted outside, including on a deck or patio, within 15 feet of an exterior public doorway to a restaurant or any air intake to a restaurant.

#### 310:355-3-4. Outdoor prohibitions at educational facilities [REVOKED]

No smoking shall be permitted outside on the premises of a public or private educational facility offering any programs for students from early childhood education or kindergarten through grade 12, except as allowed in 63:1-1523.B.

### SUBCHAPTER 5. SITUATIONS IN WHICH SMOKING MAY BE PERMITTED

#### 310:355-5-1. Smoking spaces

Smoking spaces are those spaces where smoking is permitted as provided in 63:1-1523.63 O.S. § 1-1523 including (1) smoking rooms within restaurants, (2) smoking rooms in other public places and indoor workplaces, and (3) exempted places as listed in 63:1-1523(G) that elect to permit smoking, provided such exempted places either occupy an entire building or meet the requirements for a smoking room under subchapters 7, 9, 11, 13 and 15 of this Chapter with respect to any nonsmoking spaces within the same building.

#### 310:355-5-4. Exempted spaces occupying an entire building

Exempted places as listed in 63:1-1523(G)63 O.S. § 1-1523(H) that occupy an entire building so that smoke cannot escape to adjacent indoor nonsmoking spaces are exempt from the rules in this Chapter.

# Permanent Final Adoptions

---

## SUBCHAPTER 7. PLANS REVIEW AND INSPECTIONS

### 310:355-7-2. Inspections

Personnel of the Department, including employees and others designated by the Commissioner of Health, shall have access to the premises for inspections, announced or unannounced, including examination and testing for compliance and including access to ~~smokefree~~smoke-free areas and smoking spaces.

## SUBCHAPTER 9. SMOKING ROOM ENCLOSURE

### 310:355-9-1. Fully enclosed

The enclosure for a smoking room shall be continuous including floor, ceiling and all sides so that smoke is contained within the smoking room and away from ~~smokefree~~smoke-free areas.

### 310:355-9-2. Door opening and closure

Any tendency for air to escape from the smoking room because of doors opening or closing shall be counterbalanced by increased exhaust ventilation or other means to assure that air containing ~~tobacco~~ smoke is kept within the smoking room and prevented from recirculating to nonsmoking areas.

## SUBCHAPTER 11. SMOKING ROOM NEGATIVE AIR PRESSURE AND SMOKE CONTAINMENT

### 310:355-11-1. Negative pressure and full enclosure relationship

Negative air pressure shall be provided continuously while a smoking room is in use and until it has been cleared as specified in section 3 of this subchapter, to assure that the flow of air is from ~~smokefree~~smoke-free spaces into the smoking room. The more that normal leakage occurs, such as through cracks and under doors, the greater will be the direct exhaust required to provide adequate negative air pressure to meet the conditions in OAC 310:355-13-1.

### 310:355-11-3. Negative air pressure after smoking ends

After smoking ends, negative air pressure must be maintained at levels required to satisfy the requirements of OAC 310:355-13-1 until ~~tobacco~~ smoke components are cleared from the air.

### 310:355-11-4. Successive smoking and nonsmoking uses of a smoking space

If a space used at one time as a smoking room or other smoking space is to be used as a ~~smokefree~~smoke-free area at

a subsequent time, the space must first be cleared of ~~tobacco~~ smoke components.

## SUBCHAPTER 15. PRESENCE OF SMOKE AND NEGATIVE AIR PRESSURE

### 310:355-15-1. Visual indications and odors

Observations of ~~tobacco~~ smoke or odors of ~~tobacco~~ smoke in nonsmoking areas may be an indicator of smoke in these areas and a basis for air quality testing pursuant to 310:355-15-2 ~~or 310:355-15-3~~.

### 310:355-15-3. Detecting smoke by instrument [REVOKED]

~~For purposes of measuring presence or absence of second-hand smoke by instrument, if necessary, an indicator of tobacco smoke widely accepted by the scientific community such as fine respirable suspended particles or nicotine measurements will be used.~~

## SUBCHAPTER 17. SIGNAGE

### 310:355-17-1. Entrances to buildings where smoking is prohibited

All buildings that are public places and where smoking is prohibited inside the entrance pursuant to the Act shall have posted at each such entrance a conspicuous sign or decal at least 4" x 2" in size clearly stating that smoking ~~or tobacco use~~ is prohibited or that a ~~smokefree~~smoke-free environment is provided. Signs provided by the Department for this purpose shall meet this requirement.

### 310:355-17-2. Entrances to smoking rooms

~~(a)~~ The owner or operator of a place with a smoking room shall post outside each entrance to a smoking room a sign at least two inches by four inches identifying the space inside as a smoking room.

~~(b) Signs shall be in place within 30 days of the effective date of these rules.~~

### 310:355-17-4. Entrances to other smoking spaces within shared buildings

(a) The owner or operator of a place exempted from the Act, which shares a building with nonsmoking spaces and which elects to permit smoking within its exempted space, shall post outside each interior entrance from a nonsmoking space to its smoking space a sign at least two inches by four inches identifying the space inside as a space in which smoking is permitted.

~~(b) Signs shall be in place within 30 days of the effective date of these rules.~~

(e) Commencing 30 days after these rules become effective, as exempted places establish new smoking spaces inside buildings shared with nonsmoking spaces, this signage shall be in place prior to occupancy.

**SUBCHAPTER 19. DUTIES OF OWNER OR OPERATOR**

**310:355-19-1. Signage [REVOKED]**

~~For any indoor public place, the owner or operator shall see that signage is posted as required in Subchapter 17 of this Chapter.~~

**SUBCHAPTER 21. COMPLIANCE**

**310:355-21-3. Enforcement proceedings**

The Department may initiate enforcement proceedings against any responsible party whom the Department has reason to believe is presently in violation of this Chapter, the Act, 21 O.S. § 1247, or 63 O.S. § 427.8(L) by imposing administrative penalties including fines, seeking injunctive relief in the district court, and/or by referring the complaint to the district attorney for criminal prosecution.

**310:355-21-4. Administrative hearings and appeals, and fines**

(a) Any hearing and appeal requested under this Chapter shall be conducted in accord with the Oklahoma Administrative Procedures Act ("Oklahoma APA") and Chapter 2 of this title. ~~The Department must prove by a preponderance of the evidence that the responsible person has violated a provision of this Chapter or the Act in order to assess an administrative penalty against the responsible person.~~

(b) ~~Any final order of the Department may be appealed to the district court by an aggrieved party within thirty (30) days as provided in Article II of the Oklahoma APA [75 O.S., §§ 308a et seq].~~ Administrative fines for violations will be in accordance with 63 O.S. § 1-1526.1.

**310:355-21-5. Nursing homes and employees of nursing facilities [REVOKED]**

~~In instances of violations of the Act by a nursing home or employee of a nursing home, following notice and hearings as provided in this Subchapter, the Department may assess an administrative penalty against the facility and/or individual in the amount of \$50.00 for the first offense within a one year period, \$100.00 for the second offense within a one year period, and \$200.00 for a third or subsequent offense within a one year period.~~

**SUBCHAPTER 23. REBATE PROGRAM FOR THE CLEAN AIR IN RESTAURANTS ACT [REVOKED]**

**310:355-23-1. Definitions [REVOKED]**

~~In addition to the definitions contained at OAC 310:355-1-6, the following words or terms, when used in this Subchapter, shall have the following meaning, unless the context clearly indicates otherwise:~~

~~"CARA" means the Clean Air in Restaurants Act, [63 O.S. § 1-1515].~~

~~"Construction" means the physical modification of an existing space, the physical modification of an expansion of an existing space, or the physical modification of a space in a new structure to meet the requirements of a smoking room, excluding decorations.~~

~~"Depreciation" means a capitalized expenditure reported as an expense on a federal tax return.~~

~~"Expenditure" means the actual payment of cash or cash equivalent for the construction of a smoking room, as evidenced by a receipt, invoice, voucher or other similar document and reported on a federal tax return, whether capitalized or not.~~

~~"Legal entity" means a partnership, limited liability corporation or other corporation, lawfully doing business in the State of Oklahoma that has filed all the necessary documentation and is in good standing with the Oklahoma Secretary of State.~~

~~"OAC" means Oklahoma Administrative Code.~~

~~"O.S." means Oklahoma Statute.~~

~~"Owner" means a person or other legal entity that owns a restaurant.~~

~~"Smokefree" means free from smoke.~~

~~"Smoking room" means a room in a restaurant constructed pursuant to the requirements of 21 O.S. § 1247 (J) and the requirements of OAC 310:355.~~

**310:355-23-2. Eligibility [REVOKED]**

The owner of a restaurant may be eligible for a rebate for the construction of a smoking room, if the owner can demonstrate to the satisfaction of the Department:

- (1) That the smoking room was constructed after June 6, 2003 and before November 1, 2010;
- (2) That the smoking room was not found by the Department to be in violation of the requirements located at 21 O.S. § 1247 (J) and contained in OAC 310:355; and
- (3) That the restaurant is smokefree prior to the time of receiving the rebate, but no later than January 1, 2013.

**310:355-23-3. Application [REVOKED]**

The owner of a restaurant, who requests a rebate for expenditures in the construction of a smoking room, pursuant to the Clean Air in Restaurants Act, shall file an application with the Department on forms prescribed by the Department. All applications must be received by the Department no later than January 1, 2014 for eligibility to receive the rebate. The application shall include:

- (1) The name and address of the owner of the restaurant;
- (2) The name and address of the restaurant;
- (3) When the smoking room was constructed;

# Permanent Final Adoptions

- (4) The plans detailing the construction of the smoking room;
- (5) Documentation of the capitalization of the construction, depreciation taken for federal tax purpose and agreement that the Department can have access to review the actual tax returns for the relevant years depreciation of the smoking room was taken;
- (6) Documentation that the construction of the smoking room met the requirements of 21 O.S. § 1247 (J) and OAC 310:355; and
- (7) An agreement that the restaurant will remain completely smokefree under the current or any future owners.

## 310:355-23-4. Rebate [REVOKED]

- (a) Upon a determination by the Department that an application, filed in compliance with the requirements of OAC 310:355-23-3, meets the requirements contained in OAC 310:355-23-2 and confirmation by the Department that the restaurant is completely smokefree, the owner of a restaurant shall receive a rebate from the Tobacco Prevention and Cessation Revolving Fund for fifty percent (50%) of the capitalized expenditures for construction of the smoking room, minus any depreciation taken from said expenditures.
- (b) If the Tobacco Prevention and Cessation Revolving Fund does not have sufficient monies to pay the rebate in the fiscal year the application was received, in accordance with the requirements of OAC 310:355-23, payment of the rebate may be made in the subsequent fiscal year.

## 310:355-23-5. Waiver [REVOKED]

- (a) Any requirement established for the Rebate Program for the Clean Air in Restaurants Act contained at OAC 310:355-23 may be waived by the Commissioner of Health or designee, if the Commissioner or designee determines that the requirements, as applied to the Owner, conflicts or is inconsistent with CARA.
- (b) A request for waiver of any requirement established for the Rebate Program for the Clean Air in Restaurants Act contained at OAC 310:355-23 shall be made by the Owner, in writing, and submitted to the Department. The request shall specify the need for the waiver.
- (c) The approval or denial of a waiver is at the discretion of the Commissioner of Health or designee. Any approval or denial of the waiver shall be made, in writing, and mailed, by certified mail, to the Owner.

#### GIST/ANALYSIS:

OAC 515-1-1 states the statutory authority for the rules. OAC 515-1-2, OAC 515-1-3 and OAC 515-1-4 update the basis for reporting communicable diseases and require that every practicing physician and clinical laboratory submit reports to the State Department of Health in the manner, format and frequency prescribed by the Commissioner of Health. The Rules require the submission of electronic records. OAC 310:515-1-2, OAC 310:515-1-3 and OAC 310:515-1-4 clarify the requirements for submitting reports electronically. OAC 515-1-4 requires reporting of positive HIV test results, including HIV nucleotide sequences. All negative HIV test results, negative HCV RNA test results, and HIV nucleotide sequences are only reportable by laboratories. Reporting requirements for LGV were clarified to state that LGV is reported as chlamydia and designated as LGV.

#### CONTACT PERSON:

Audrey C. Talley, Agency Rule Liaison, Oklahoma State Department of Health, 123 Robert S. Kerr Avenue, Oklahoma City, OK 73102, 405-426-8563. AudreyT@health.ok.gov.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2022:**

## SUBCHAPTER 1. DISEASE AND INJURY REPORTING

**310:515-1-1. Purpose**

The rules in this Chapter implement the Communicable Diseases Reporting Regulations, 63 O.S. ~~1981~~, §§1-104, 1-106, 1-502, and 1-503.

**310:515-1-2. Diseases to be reported**

The diseases listed in this Chapter must be reported, along with patient identifiers, demographics, and contact information, to the Department upon discovery as dictated in sections OAC 310:515-1-3 and OAC 310:515-1-4. Laboratories ~~having greater than 400 positive tests performed on site per year for reportable~~ reporting diseases described in 310:515-1-3, 310:515-1-4(1) and 310:515-1-4(2), or as may be otherwise required to be reported by OSDH, shall ~~begin electronic laboratory reporting~~ be reported electronically using meaningful use standards the manner and format prescribed by the State Commissioner of Health.

**310:515-1-3. Diseases and conditions to be reported immediately**

The following diseases/conditions associated with humans must be reported by any health practitioner or laboratory personnel to the OSDH electronically via secure electronic data transmission and by telephone (405 426-8710) ~~via the secure, web-based PHIDDO system or by telephone (405 271 4060 or 800 234 5963)~~ immediately upon suspicion, diagnosis, or testing.

- (1) Anthrax (*Bacillus anthracis*).
- (2) Bioterrorism - suspected disease.
- (3) Botulism (*Clostridium botulinum*).
- (4) Diphtheria (*Corynebacterium diphtheriae*).
- (5) Free-living amebae infections causing primary amebic meningoencephalitis (*Naegleria fowleri*).
- (6) Hepatitis B during pregnancy (HBsAg+).
- (7) Measles (Rubeola).
- (8) Meningococcal invasive disease (*Neisseria meningitidis*).
- (9) Novel coronavirus.
- (10) Novel influenza A.
- (11) Outbreaks of apparent infectious disease.
- (12) Plague (*Yersinia pestis*).
- (13) Poliomyelitis.
- (14) Rabies.
- (15) Smallpox.
- (16) Typhoid fever (*Salmonella Typhi*).
- (17) Viral hemorrhagic fever.

**310:515-1-4. Additional diseases, conditions, and injuries to be reported**

The following diseases, conditions and injuries must be reported by physicians, laboratories, and hospitals (by infection control practitioners, medical records personnel, and other designees) to the OSDH as dictated in the following subsections:

- (1) **Infectious diseases.** Reports of infectious diseases and conditions listed in this subsection must be submitted electronically ~~via the PHIDDO system, telephoned or submitted~~ via secure electronic data transmission to the

OSDH within one (1) working day (Monday through Friday, state holidays excepted) of diagnosis or positive test.

- (A) Acid Fast Bacillus (AFB) positive smear. Report only if no additional testing is performed or subsequent testing is indicative of *Mycobacterium tuberculosis* Complex.
- (B) AIDS.
- (C) *Anaplasma phagocytophilum* infection.
- (D) Arboviral infections (West Nile virus, St. Louis encephalitis virus, Eastern equine encephalitis virus, Western equine encephalitis virus, Powassan virus, California serogroup virus, chikungunya virus, Zika virus).
- (E) Brucellosis (*Brucella* spp.).
- (F) Campylobacteriosis (*Campylobacter* spp.).
- (G) Congenital rubella syndrome.
- (H) Cryptosporidiosis (*Cryptosporidium* spp.).
- (I) Cyclosporiasis (*Cyclospora cayetanensis*).
- (J) Dengue Fever.
- (K) *E. coli* O157, O157:H7, or a Shiga toxin producing *E. coli*. (STEC)
- (L) Ehrlichiosis (*Ehrlichia* spp.).
- (M) *Haemophilus influenzae* invasive disease.
- (N) Hantavirus infection, without pulmonary syndrome.
- (O) Hantavirus pulmonary syndrome.
- (P) Hemolytic uremic syndrome, postdiarrheal.
- (Q) Hepatitis A infection (Anti-HAV-IgM+).
- (R) Hepatitis B infection. If any of the following are positive, then all test results on the hepatitis panel must be reported: HBsAg+, anti-HBc-IgM+, HBeAg+, or HBV DNA+.
- (S) Hepatitis C infection in persons having jaundice or ALT > or = 200 with laboratory confirmation. If hepatitis C EIA is confirmed by NAT for HCV RNA, or s/co ratio or index is predictive of a true positive then report results of the entire hepatitis panel. Positive HCV RNA are reportable by both laboratories and providers. Negative test results for HCV RNA tests are reportable by laboratories only.
- (T) HIV.
  - (i) All tests indicative of HIV infection are reportable by laboratories and providers. If any HIV test is positive, then all HIV test results on the panel must be reported by laboratories. For infants < or = 18 months, all HIV tests ordered, regardless of test result must be reported by laboratories.
  - (ii) All HIV nucleotide sequences and negative HIV test results are only reportable by laboratories.
- (U) Influenza-associated hospitalization or death.
- (V) Legionellosis (*Legionella* spp.).
- (W) Leptospirosis (*Leptospira interrogans*).
- (X) Listeriosis (*Listeria monocytogenes*).
- (Y) Lyme disease (*Borrelia burgdorferi*).
- (Z) Malaria (*Plasmodium* spp.).
- (AA) Mumps.
- (BB) Pertussis (*Bordetella pertussis*).

- (CC) Psittacosis (*Chlamydophila psittaci*).
  - (DD) Q fever (*Coxiella burnetii*).
  - (EE) Rubella.
  - (FF) Salmonellosis (*Salmonella* spp.).
  - (GG) Shigellosis (*Shigella* spp.).
  - (HH) Spotted Fever Rickettsiosis (*Rickettsia* spp.) hospitalization or death.
  - (II) Streptococcal disease, invasive, Group A (GAS) (*Streptococcus pyogenes*).
  - (JJ) *Streptococcus pneumoniae* invasive disease, in persons less than 5 years of age.
  - (KK) Syphilis (*Treponema pallidum*). Nontreponemal and treponemal tests are reportable. If any syphilis test is positive, then all syphilis test results on the panel must be reported. For infants < or = 18 months, all syphilis tests ordered, regardless of test result, must be reported.
  - (LL) Tetanus (*Clostridium tetani*).
  - (MM) Trichinellosis (*Trichinella spiralis*).
  - (NN) Tuberculosis (*Mycobacterium tuberculosis*).
  - (OO) Tularemia (*Francisella tularensis*).
  - (PP) Unusual disease or syndrome.
  - (QQ) Vibriosis (*Vibrionaceae* family: *Vibrio* spp. (including cholera), *Grimontia* spp., *Photobacterium* spp., and other genera in the family).
  - (RR) Yellow Fever.
- (2) **Infectious diseases.** Reports of infectious diseases and conditions listed in this subsection must be reported to the OSDH via secure electronic data submission within one (1) month of diagnosis or test result.
- (A) CD4 cell count with corresponding CD4 cell count percentage of total (by laboratories only).
  - (B) Chlamydia (*Chlamydia trachomatis*).
  - (C) Creutzfeldt-Jakob disease.
  - (D) Gonorrhea (*Neisseria gonorrhoeae*).
  - (E) HIV viral load (by laboratories only).
  - (F) LGV. Lymphogranuloma Venereum is reportable as Chlamydia and designated as LGV.
- (3) **Occupational or environmental diseases.** Laboratories and healthcare providers must report blood lead level results pursuant to the requirements established in Title 310, Chapter 512, childhood Lead Poisoning Prevention Rules.
- (4) **Injuries.**
- (A) Burns.
  - (B) Drownings and near drownings.
  - (C) Traumatic brain injuries.
  - (D) Traumatic spinal cord injuries.
  - (E) Poisonings, including toxic and adverse effects.

The rules OAC 310:517-1-1, OAC 310:517-2-1 and OAC 310:517-2-2 update the basis for reporting novel coronavirus cases and require that every practicing physician and clinical laboratory using an FDA-approved test for the novel coronavirus submit reports to the State Department of Health in the manner, format and frequency prescribed by the Commissioner of Health. The Rules require the submission of electronic records. The Rules also require that hospitals and physician clinics in Oklahoma submit to the State Department of Health in the manner, format and frequency prescribed by the Commissioner of Health, the number of patients in the hospital receiving treatment for novel coronavirus, the number of patients receiving treatment for novel coronavirus who are currently admitted to the ICU and the vaccination status of patients receiving treatment for the novel coronavirus. The rule OAC 310:517-2-1 requires hospitals and laboratories to send, at a minimum, 10% of their weekly positive novel coronavirus specimens to the OSDH Public Health Laboratory for variant testing. The collection, packaging, and shipping of the positive novel coronavirus specimen must be in accordance with OSDH Public Health Laboratory guidelines. OAC 310:517-3-1 will allow hospitals licensed by the Commissioner of Health to expand or modify bed capacity if certain conditions are met. It also requires hospitals participating in the CMS Hospital Without Walls program to attest to certain requirements being met.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN,  
THE FOLLOWING RULES ARE CONSIDERED  
FINALLY ADOPTED AS SET FORTH IN 75 O.S.,**

SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2022:

**SUBCHAPTER 1. GENERAL PROVISIONS**

**310:517-1-1. Purpose**

The purpose of this chapter is to collect data determined to be critical to assess the likelihood of, and to prevent, a future public health emergency related to novel coronavirus and to establish the specific data reporting requirements and the procedures for submission of the data to the Oklahoma State Department of Health. The rules in this Chapter implement in part, the communicable disease reporting laws in Title 63 O.S. §§ 1-104 and 1-106, Commissioner of Health, Title 63 O.S. § 1-502, Prevention and Control of Disease and Title 63 O.S. § 1-503, Reports of Disease. The rules set forth the conditions under which hospitals are allowed to expand or modify bed capacity.

**SUBCHAPTER 2. NOVEL CORONAVIRUS REPORTS**

**310:517-2-1. Specimens to be sent to the Public Health Laboratory**

Hospitals and laboratories must send, at a minimum, 10% of their weekly positive novel coronavirus specimens to the OSDH Public Health Laboratory for variant testing. The collection, packaging, and shipping of the positive novel coronavirus specimen must be in accordance with OSDH Public Health Laboratory guidelines.

**310:517-2-2. Emergency reporting requirements**

(a) Every practicing physician and clinical laboratory that is utilizing, or has utilized, an FDA-approved test, including an emergency use authorization test, for human diagnostic purposes of novel coronavirus, shall submit reports to OSDH in a manner, format, and frequency prescribed by the State Commissioner of Health of all test results, both positive and negative.

(b) Hospitals and Physician Clinics operating in the State of Oklahoma shall submit the following critical data to OSDH in a manner, format, and frequency prescribed by the State Commissioner of Health:

- (1) The number of patients in the hospital receiving treatment for novel coronavirus;
- (2) The number of patients receiving treatment for novel coronavirus who are currently admitted to the ICU; and
- (3) The novel coronavirus vaccination status of patients in the hospital receiving treatment for novel coronavirus.

(c) All reports required by this section 310:5-1-10 must be submitted electronically to OSDH in digital form that is created, distributed and retrievable by a computer system. Electronic records generated according to these requirements shall be in the manner and format prescribed by the State Commissioner of Health.

(d) This rule shall be active and remain in effect when there is a federal or state declaration of emergency related to novel coronavirus or until the State Commissioner of Health determines the reporting is no longer needed.

**SUBCHAPTER 3. HOSPITAL LICENSED BED CAPACITY**

**310:517-3-1. Procedures to expand or modify licensed bed capacity**

(a) A hospital's licensed bed capacity can be expanded and/or modified, if it submits a letter to the Department that is signed by an authorized hospital authority, notarized and includes the following statements:

(1) the hospital attests that its emergency preparedness plan includes the expanded and/ or modified bed plan and is approved by its governing body;

(2) the hospital attests the location of the modified and/or expanded beds. The location must include:

(A) the building name and floor number if the modified and/or expanded beds are on the hospital's campus; or

(B) the physical address if the modified and/or expanded beds are not on the hospital's campus.

(3) if the hospital is also participating in Centers for Medicare & Medicaid Services' (CMS) Hospital Without Walls program (program), then the hospital attests:

(A) that its governing body has approved of its participation in the program;

(B) that it is participating in accordance with CMS requirements; and

(C) that the portions of the program that it is participating in is not in conflict with state statute.

(b) Licensed capacity refers to the total number and type of beds a hospital stated in the Hospital Designation of Licensed Beds Form (Form 929) filed with the Department.

(c) This rule is limited to hospitals licensed by the Commissioner of Health.

(d) This rule does not affect a hospital's obligation to comply with requirements of other regulatory bodies.

(e) This rule is effective until the Commissioner of Health determines that the need for hospitals to exceed and/or modify their licensed bed capacity is no longer needed.

### GIST/ANALYSIS:

The proposed Subchapter 9 rules implement the requirements for harm-reduction services established under Title 63 O.S. §§ 2-101(48) and 2-1101. Until July 1, 2026, this statute permits government entities, religious institutions; nonprofit organizations; for-profit companies; nongovernmental entities partnering with a government agency; and tribal governments to engage in harm reduction services. Any entity offering such services is required to register with the Oklahoma State Department of Health. The measure also requires providers of harm-reduction services to report required information regarding their services and clients served to the State Department of Health at least quarterly. These rules establish the registration and reporting requirements for providers of harm-reduction services.

### CONTACT PERSON:

Audrey C. Talley, Agency Rule Liaison, Oklahoma State Department of Health, 123 Robert S. Kerr Avenue, Oklahoma City, OK 73102, 405-426-8563. AudreyT@health.ok.gov.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2022:**

## SUBCHAPTER 9. HARM-REDUCTION SERVICES

### 310:521-9-1. Purpose and specific authority

The purpose of this subchapter is to establish the rules for harm-reduction services. The State Commissioner of Health is authorized pursuant to Title 63 O.S. § 2-1101 to promulgate rules for the implementation of harm-reduction services established under Title 63 O.S. §§ 2-101(48) and 2-1101, the Uniform Controlled Dangerous Substances Act, Article 10, Harm-Reduction Services.

### 310:521-9-2. Definitions

The following words and terms, when used in the Subchapter, shall have the following meaning, unless the context clearly indicates otherwise:

"Administrator" means the director or similarly titled person responsible for the entity providing harm-reduction services through a program registered with the Department.

"Applicant" means the entity in whose name the harm-reduction services program shall be registered.

"AIDS" means Acquired Immunodeficiency Syndrome and is the most severe manifestation of infection with the Human Immunodeficiency Virus (HIV). The Centers for Disease Control and Prevention (CDC) lists numerous opportunistic infections and neoplasms (cancers) that, in the presence of HIV infection, constitute an AIDS diagnosis.

"Client" means a person who receives assistance through a harm-reduction services program.

"Harm-Reduction Services" means programs established to: *reduce the spread of infectious diseases related to injection drug use, reduce drug dependency, overdose deaths and associated complications, and increase safe recovery and disposal of used syringes and sharp waste.* Title 63 O.S. § 2-101(48)

"Hepatitis B (HBV)" means a vaccine-preventable liver infection caused by the hepatitis B virus (HBV). Hepatitis B is spread when blood, semen, or other body fluids from a person infected with the virus enters the body of someone who is not infected.

"Hepatitis C (HCV)" means a liver infection caused by the hepatitis C virus (HCV). Hepatitis C is spread through contact with blood from an infected person.

"Human Immunodeficiency Virus (HIV)" means HIV (human immunodeficiency virus) is a virus that attacks the body's immune system. If HIV is not treated, it can lead to AIDS (acquired immunodeficiency syndrome).

"HIV positive" means a person has tested positive for HIV antibodies, the virus known to cause AIDS.

"Policies and Procedures Manual" means a written manual detailing the policies and procedures for the safe and lawful operation of a harm-reduction services program.

"Program" means harm-reduction services provided by an entity registered to provide such services with the Department.

"Program Site" means the location where harm-reduction services are provided.

"Sharps Waste" means used needles, syringes, or lancets.  
"Staff" means any employee, independent contractor, or volunteer adequately educated and trained to provide harm-reduction services on behalf of a program.

**310:521-9-3. Eligible providers**

Harm-reduction services are limited to persons in the following categories:

- (1) Government entities, as provided in Title 63 O.S. § 2-1101;
- (2) Religious institutions or churches;
- (3) Nonprofit organizations;
- (4) For-profit companies;
- (5) Nongovernmental entities partnering with a governmental agency; and
- (6) Tribal governments. Title 63 O.S. § 2-1101(A)

**310:521-9-4. Registration requirements.**

No entity may engage in harm-reduction services without first registering with the Department in the form and manner prescribed by the Department.

**310:521-9-5. Scope of services**

- (a) Registered programs may engage in harm-reduction services as outlined in 63 O.S. § 2-1101(B) and shall offer such services free of charge.
- (b) Registered programs shall operate and furnish services in compliance with all applicable federal, state, and local laws and regulations.

**310:521-9-6. Application for registration**

(a) All entities providing harm-reduction services must complete an application for registration with the Sexual Health and Harm Reduction Service Program at the Department. All applicants must provide the following information:

- (1) The legal name and form of organization registered with the Oklahoma Secretary of State as well as the name under which it will be doing business in the State of Oklahoma.
- (2) The name, address, telephone number, and email address for the administrator of the program and a secondary entity contact, together with:
  - (A) A signed, notarized statement attesting that the applicant accepts full responsibility for ensuring that the program operates in compliance with the provisions of all federal and state laws and regulations;
  - (B) The address and telephone number for each program site, including both fixed locations with permanent structures and venues at which services may be provided by a mobile unit;
  - (C) The scheduled hours of operations for each program site; and
  - (D) A copy of the program's most current version of harm-reduction service policies and procedures, including but not limited to, clear and concise procedures for the safe and secure disposal of sharps waste

and any biomedical waste generated by services provided by the program.

(b) Registration applications will be reviewed within sixty (60) days of receipt thereof by the Department. A written correspondence of approval or denial will be sent to the applicant. If an application is denied, a letter of corrective actions may be supplied to the applicant.

(c) Registration shall be valid for one (1) year and shall be renewed by submission of an application for renewal at least thirty (30) days prior to expiration of current registration in the form and manner prescribed by the Department.

**310:521-9-7. Quarterly reporting to the Department**

(a) Programs shall submit to the Department electronic reports, in the manner designated by the Department, on the last business day of each calendar quarter, which report the following information for the most recent calendar quarter:

- (1) The number of clients served including basic demographic information;
- (2) Number and type of referrals provided;
- (3) Number of syringes, test kits and antagonists distributed;
- (4) Number of used syringes collected; and
- (5) Number of rapid HIV and viral hepatitis tests performed including the number of reactive test results. Title 63 O.S. § 2-1101(C).

(b) Failure to report data described in Section 310:521-9-7 constitutes grounds for non-renewal of the service provider's registration.

## FINAL ADOPTION:

June 21, 2022

## EFFECTIVE:

September 11, 2022

## SUPERSEDED EMERGENCY ACTIONS:

n/a

## INCORPORATIONS BY REFERENCE:

n/a

## GIST/ANALYSIS:

The proposed rule would change the licensure renewal from annual to every three years. The change aligns the rule with the requirements of SB 654, which became effective November 1, 2021. The legislation changed the licensure renewal from annual to every three years. This changes the fee for licensure to \$225.00 every three years, which is the sum of the previous \$75 per year.

## CONTACT PERSON:

Audrey C. Talley, Agency Rule Liaison, Oklahoma State Department of Health, 123 Robert S. Kerr Avenue, Oklahoma City, OK 73102, 405-426-8563. AudreyT@health.ok.gov.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2022:**

## SUBCHAPTER 5. LICENSURE REQUIREMENTS

### 310:605-5-1. License required

(a) It shall be unlawful to operate an adult day care center without possessing a current, valid license issued pursuant to the Adult Day Care Act. It shall be unlawful for any holder of a license issued pursuant to the Adult Day Care Act to advertise or hold out to the public that it holds a license for a center other than that for which it actually holds a license.

(b) *Centers to be licensed shall include all adult day care centers. Sheltered workshops and senior recreational centers which do not receive participant fees for services are not required to be licensed. It shall be unlawful to operate a center without first obtaining a license for such operation as required by the Adult Day Care Act, regardless of other licenses held by the operator. Organizations operating more than one center shall obtain a license for each site. [63:1-873.B]*

(c) *The license for operation of a center shall be issued by the State Department of Health. The license shall:*

- (1) *Not be transferable or assignable;*
- (2) *Be posted in a conspicuous place on the licensed premises;*
- (3) *Be issued only for the premises named in the application; and*
- (4) *Expire on July 31 of each year, provided an initial license shall expire one hundred eighty (180) days after the date of issuance. [63:1-873.C] Expire thirty-six (36) months from the date of issuance, provided an initial license shall expire one hundred eighty (180) days after the date of issuance. Licenses may be issued for a period of more than twelve (12) months, but not more than thirty-six*

*(36) months, for the licensing period immediately following November 1, 2021, in order to permit an equitable distribution of license expiration dates to all months of the year. [63:1-873.C(4)]*

(d) *The issuance or renewal of a license after notice of a violation has been sent shall not constitute a waiver by the State Department of Health of its power to subsequently revoke the license or take other enforcement action for any violations of the Adult Day Care Act committed prior to issuance or renewal of the license. [63:1-873.F]*

### 310:605-5-2. Application for license or renewal

(a) An applicant for a license to operate an adult day care center must file an application on a form provided by the State Department of Health and pay an initial license fee of seventy-five dollars (\$75.00).

(b) Application for license renewal must be filed at least forty-five (45) days before the expiration date of the current license on a form approved by the Department and a license fee of seventy-five dollars (\$75.00) per year of licensure must be paid.

~~(c) The fee for renewal of a license that expires before July 31 shall be prorated based on the number of days from the expiration date of the license until the next July 31.~~

**GIST/ANALYSIS:**

The Oklahoma Trauma and Emergency Response Advisory Council asked the EMS Division to form a subcommittee to review potential changes for the EMS Regulations. The Subcommittee worked in 2019 and 2020 to complete these changes. Additionally, the Governors EO (2020-003) has mandated

the need to review existing rules in an effort to remove duplicative, outdated, and unnecessary regulations. The proposed rules include both rule reduction language, clarifying language, deletions, revocations, amendments, and new rules. This has resulted in:

One new subchapter - while revoking 6 application sections;

Two new rules - One provides options for staffing ambulances, and the other establishes new criteria for training programs renewing their certification;

The section for renewing EMR certifications was included in the Section for renewing licensed emergency medical personnel;

Revoking a section of Air Ambulance Regulations that is not enforceable due to Federal preemption;

Revoking a minimum driver standard for Emergency Medical Response Agencies;

Removes a requirement for submitting a minimum equipment list for Emergency Medical Response Agencies;

Deleting a requirement for EMRA personnel to obtain signatures for transferring care to EMS transport agencies;

Deleting a requirement for tracking the origination of an ambulance for Stretcher Van Agencies; and

A total of 51 proposed revocations, deletions, and amendments will better define, clarify, delete, or improve aspects of a specific regulation for the agencies, personnel and the communities that served by the certified and licensed personnel and agencies.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2022:**

**SUBCHAPTER 1. GENERAL EMS PROGRAMS**

**PART 1. GENERAL PROVISIONS**

**310:641-1-7. Definitions**

The following words and terms, when used in this Chapter, shall have the following meaning, unless the context clearly indicates otherwise:

"**ACLS**" means Advanced Cardiac Life Support.

"**Act**" means the "Oklahoma Emergency Response Systems Development Act".

"**Advanced Emergency Medical Technician**" means an AEMT as licensed pursuant to the Act or this chapter.

"**Advanced Life Support (ALS) Emergency Medical Services Training Program**" means an organization approved by the Department to conduct the following ALS training: Emergency Medical Responder, Emergency Medical Responder Refresher, Emergency Medical Technician, Emergency Medical Technician Refresher, Advanced Emergency Medical Technician Refresher, Intermediate Refresher, Paramedic, Paramedic Refresher, Continuing Education at the Intermediate and Paramedic Levels, and such other courses of instruction that may be designated by the Department.

"**Agency**" means a Ground Ambulance Service, Specialty Care Ambulance Service, Stretcher Van Service, Air Ambulance Service, or Emergency Medical Response Agency.

## Permanent Final Adoptions

---

"**AHA**" means the American Heart Association.

"**Ambulance**" means any ground, air or water vehicle which is or should be approved by the Commissioner of Health, designed and equipped to transport a patient or patients and to provide appropriate on-scene and en route patient stabilization and care as required. Vehicles used as ambulances shall meet such standards as may be required by the State Board of Health for approval, and shall display evidence of such approval at all times. [Title 63 O.S. Section 1-2503].

~~"**AMLS**" means Advanced Medical Life Support.~~

~~"**ATLS**" means Advanced Trauma Life Support.~~

~~"**Base Station**" means the primary location from which ambulances and crews respond to emergency calls on a twenty-four (24) hour basis. The Base Station may include the principal business office, living quarters for personnel, training institution, and/or communications center a location from which an ambulance responds. The Base Station may include the principal business office, living quarters for personnel training, and communication center.~~

"**Basic Life Support (BLS) Emergency Medical Services Training Program**" means an organization approved by the Department to conduct the following BLS training: Emergency Medical Responder, Emergency Medical Responder Refresher, Emergency Medical Technician Basic, Emergency Medical Technician Basic Refresher, Continuing Education at the Emergency Medical Technician Basic level, and such other courses of instruction that may be designated by the Department.

"**BLS**" means Basic Life Support, and includes cardiopulmonary resuscitation (CPR) and utilization of Semi-Automated Advisory Defibrillator (SAAD).

~~"**BTLS**" means Basic Trauma Life Support.~~

"**Board**" means the State Board of Health.

"**Call Log**" or "**request for service log**" means a summary of all requests for service that an agency receives, regardless of disposition.

"**Call Received**" means that a call has been received by an agency when enough information has been received to begin responding to a request for service.

"**Certificate**" means any certification or certificate issued by the Department, pursuant to the Act or this Chapter.

"**Clinical Coordinator**" means the individual designated in writing by a training program as responsible for coordination and supervision of clinical experiences.

"**Clinical Experience**" means all supervised learning experiences required and included as part of a training course in which the student provides or observes direct patient care. This includes vehicular experiences with a licensed ambulance service.

"**Council**" means the Oklahoma Trauma and Emergency Response Advisory Council.

"**Critical Care Paramedic**" means an Oklahoma licensed Paramedic that has received additional training to provide specialized care to patients during interfacility transfers and has provided his or her registration information to the Department.

"**Department**" means the State Department of Health.

"**Distance Learning**" is instruction of didactic portions of curriculum which requires participation of the instructor and students but does not require the students to be physically present in the same location as the instructor.

"**Distributive Education**" means educational activity, in which the learner, the instructor, and the educational materials are not all present in the same place at the same time, e.g., continuing education activities that are offered on the Internet, via CD ROM or video, or through journal articles or audio tapes.

"**Documents, Records, or Copies**" means an electronic or paper copy maintained at the agency, on units, or provided to receiving facilities.

"**DOT**" means the United States Department of Transportation.

"**Division**" means the Emergency Medical Services Division.

"**Emergency**" means the patient being treated or transported is in an immediate risk of dying or losing a limb.

"**Emergency Medical Dispatcher (EMD)**" means a person trained using a Department-approved curriculum for the management of calls for emergency medical care.

"**Emergency Medical Personnel**" means all certified and licensed personnel which provide emergency medical care for an ambulance service.

"**Emergency Medical Responder**" means a person who has successfully completed a state-approved course using the national standard Emergency Medical Responder curriculum and passed a competency-based examination from a state approved testing agency such as the National Registry of EMTs.

"**Emergency Medical Response Agency**" or "**EMRA**" means a person, company, or governmental entity that will utilize certified or licensed emergency medical personnel to provide emergency care but does not transport or transfer patients to a facility. The Department will provide two types of certification.

(A) Pre-hospital EMRAs will operate as part of an Emergency Medical System, responding to requests for service within a response area, supporting and being supported by a licensed ambulance service.

(B) Event Stand-by EMRAs will operate or contract for on-site medical care at locations that are open to the public or that will respond to the public. These types of EMRAs are certified to standby at a location or site and provide medical care to the public.

"**EMS**" means Emergency Medical Services.

"**Emergency Medical System**" means a network of hospitals, different ambulance services, and other healthcare providers that exist in the state.

"**Emergency Medical Technician (EMT)**" means an individual licensed by the Department as an Emergency Medical Technician, formerly known as an EMT-B or Basic.

"**Emergency transfer**" means the movement of an acutely ill or injured patient from the scene to a health care facility (pre-hospital), or the movement of an acutely ill or injured patient from one health care facility to another health care facility (interfacility).

"**Emergency Vehicle Operators Course**" means a course that is meant to improve existing driving skills and

familiarize an emergency vehicle operator or driver with the unique characteristics of driving emergency vehicles.

**"En route Time"** means the elapsed time from the time the emergency call is received by the EMS agency until the ambulance and complete crew is en route to the scene of the emergency.

**"FDA Class One Device"** means a device that is not life-supporting or life-sustaining and does not present a reasonable source of injury through normal usage. In the regulatory context, this applies to the stretcher/gurney and its locking system within the unit or vehicle.

**"First Aid"** means help given to the sick or injured person until full medical treatment arrives or is available. It is the initial response to an injury or illness, which can be given by a non-professional as soon as a medical problem arises.

**"Ground ambulance service"** means an ambulance service licensed at the basic, intermediate, advanced or paramedic life support level as provided in Subchapter 3. It does not mean a specialty care service licensed pursuant to Subchapter 11 or a stretcher van service licensed pursuant to Subchapter 17.

**"Initial Certification or Initial Licensure"** means the first certification or license that an applicant receives after an initial course, or the license or certification an applicant receives after the previous license or certification expired.

**"Intermediate"** means an Emergency Medical Technician-Intermediate as licensed pursuant to the Act or this chapter.

**"Instructor"** means a Department approved instructor that provides is certified to provide instruction at one of three levels:

(A) for initial courses, Level 1 Instructors teach Emergency Medical Responder courses, but may also teach refresher and continuing education courses.

(B) Level 2 Instructors can teach all courses allowed for Level 1 Instructors, plus initial certification and licensure courses.

(C) Level 3 instructors can teach all courses allowed for Level 1 and Level 2 instructors, plus initial instructor courses, refresher courses, and instructor continuing education.

**"Lapse in Medical Direction"** means the Medical Director for an agency has not been accessible to the agency for a period of time as detailed with the agency's policies and agreement.

**"Lead Instructor"** means the lead instructor based on accreditation requirements.

**"License"** means any license issued by the Department, pursuant to the Act or this Chapter.

**"Licensed Service Area"** means the contiguous geographical area identified in an initial ambulance service application or in an amendment to an existing license. The geographic area is identified by the application and supported with documents provided by the local governmental jurisdictions. For ground ambulance services, this is the geographic area the ambulance service has a duty to act within.

**"Medical Control Physician"** or **"Medical Director"** means the licensed physician (M.D. or D.O.) that authorizes

certified or licensed emergency medical personnel to perform procedures and interventions detailed in the agency's approved protocols.

**"NHTSA"** means National Highway Traffic Safety Administration.

**"National Registry"** means the National Registry of Emergency Medical Technicians (NREMT), Columbus, Ohio.

**"Non-emergency"** means the patient being treated or transported is not in an immediate risk of dying or a limb.

**"Non-emergency transfer"** means the movement of any patient in an ambulance other than an emergency transfer.

**"OKEMSIS"** means Oklahoma Emergency Medical Services Information System.

**"PALS"** means Pediatric Advanced Life Support.

**"Patient"** means the person who requests assistance or the person for whom assistance is being requested from an agency.

**"Paramedic"** means an individual licensed by the Department as a Paramedic, formerly known as an EMT-P.

~~**"PEPP"** means Pediatric Education for the Prehospital Professional.~~

~~**"PHTLS"** means Prehospital Trauma Life Support.~~

**"PIC"** means Pilot in Command.

~~**"PPC"** means Prehospital Pediatric Care.~~

**"Post"** means a location where an ambulance may be positioned for an unspecified period of time while awaiting dispatch.

**"Preceptor"** means an individual with education, experience, and expertise in healthcare and approved by a training program to supervise and provide instruction to EMS students during clinical experiences.

**"Program Administrator"** means the individual designated in writing by a training program as responsible for all aspects of EMS training.

**"Program Coordinator"** means the individual designated in writing by a training program as responsible for all aspects of a specified course(s) or EMS program. This individual shall have at least two (2) years experience of full-time equivalent employment as a healthcare practitioner.

**"Protocols"** means the medical treatment and transport guidelines or standing orders that an agency uses when responding to requests for service. An agency's protocols will be approved by the Department.

**"Response time"** means the time from which a call is received by the EMS agency until the time the ambulance and complete crew arrives at the scene, unless the call is scheduled in advance.

**"State Interoperability Governing Body"** or **"SIGB"** means the formal group of public safety officials from across the State working with the Oklahoma Office of Homeland Security to improve communication interoperability.

**"Semi-Automated Advisory Defibrillator"** or **"SAAD"** means a defibrillator that is part of the Basic Life Support curriculum and is also known as Automated External Defibrillator (AED) and Semi-Automated External Defibrillator (SAED).

**"Specialty Care Transports"** or ~~**"SCT"**~~ means interfacility transfers of critically ill or injured patients by an agency with the provision of medically necessary supplies and equipment, above the level of care of the Paramedic. SCT is

# Permanent Final Adoptions

---

necessary when a patient's condition requires ongoing care that must be provided by one or more healthcare providers in an appropriate specialty area. Examples include emergency or critical care nursing, emergency medicine, respiratory care, cardiovascular care, or a Paramedic with additional training in IV infusions including vasopressors, vasoactive compounds, antiarrhythmics, fibrinolytics, tocolytics, and/or any other parenteral pharmaceutical unique to the patient's special health care needs or special monitors or procedures such as mechanical ventilation, multiple monitors, cardiac balloon pump, external cardiac support (ventricular assist devices, etc.), or any other specialized device or procedure outside the Paramedic scope of practice certified by the referring physician as unique to the patient's health care needs.

**"Statewide Ambulance coverage area"** means a map of all ambulance response areas, maintained by the Department.

**"State Designated Resource Status Reporting and Communication Tool"** means the electronic system utilized to communicate in near real time status of the emergency medical system.

**"Stretcher van"** means any ground vehicle *which is or should be approved by the State Commissioner of Health, which is designed and equipped to transport individuals on a stretcher or gurney type apparatus* [Title 63 O.S. Section 1-2503 (25)].

**"Stretcher van passenger"** means any person who is or will be transported in a reclining position on a stretcher or gurney, who is medically stable, nonemergent and does not require any medical monitoring equipment or assistance during transport [Title 63 O.S. Section 1-2503 (26)].

**"Substation"** means a permanent structure where an ambulance(s) is/are stationed and available for calls on a twenty-four (24) hour basis.

**"Tax Hold"** means an individual with an Oklahoma certification or license who is not in compliance with Title 68 O.S. Section 238.1 and the Oklahoma Administrative Code 710:95-9 as it pertains to professional licensing compliance.

**"Title 47"** means the Oklahoma Motor Vehicle statutes.

**"Training"** means that education which is received through training programs as authorized by emergency medical services rule for training programs (Subchapter 7 of this Chapter).

**"Training Manager"** means an instructor or manager that provides or oversees the training that occurs at an agency, such as continuing education or refresher courses.

**"Transfer"** means the movement of a patient in an ambulance.

**"Trauma transfer and referral center"** means an organization certified by the Department and staffed and equipped for the purpose of directing trauma patient transfers within a region that consists of a county with a population of three hundred thousand (300,000) or more and its contiguous communities, and facilitating the transfer of trauma patients into and out of the region for definitive trauma care at medical facilities that have the capacity and capability to appropriately care for the emergent medical needs of the patient.

## **310:641-1-8. Severance**

If any part or section of this Chapter is found to be invalid and/or declared un-enforceable, then the remaining parts or sections shall remain in effect.

## **PART 3. SPECIAL PROVISIONS [REVOKED]**

### **310:641-1-10. Severance [REVOKED]**

If any part or section of this Chapter is found to be invalid and/or declared un-enforceable, then the remaining parts or sections shall remain in effect.

## **SUBCHAPTER 2. EMERGENCY MEDICAL SERVICE AGENCY APPLICATIONS**

### **PART 1. SPECIAL PROVISIONS**

#### **310:641-2-1. Purpose**

The rules of this Subchapter are promulgated to:

- (1) incorporate the authorization and the minimum requirements for completing an application for all certified and licensed emergency medical service agencies, and
- (2) Provide standards for the enforcement of the "Oklahoma Emergency Response Systems Development Act" and this Chapter.

#### **310:641-2-2. Compliance required**

All applications submitted pursuant to the Act shall comply with all appropriate Federal, State, and local laws, providing such local law does not conflict with Federal or State law.

#### **310:641-2-3. Certification or License required**

(a) No person, company, governmental entity or trust authority shall operate, advertise, or hold themselves out as providing any type of emergency medical service agency without first obtaining a certification or license to operate from the Department. The Department shall have sole discretion to approve or deny an application based on the ability of the applicant to meet the requirements of the Act or this chapter of rules.  
(b) Persons, companies and governmental entities that respond to requests for service off private or governmental property or premises are required to be certified or licensed by the Department. Entities that limit the interventions and activities of their staff members to first aid, CPR, and the use of an AED are not required to be a certified Emergency Medical Response Agency.

- (1) Governmental entities not certified or licensed by the Department may be part of mutual aid and disaster plans.
- (2) Governmental entities may transport patients of governmental entities off governmental property to appropriate facilities.
- (3) Contractors for governmental entities that provide transport services shall be licensed by the Department.

(c) Persons, companies, and governmental entities which operate on their own premises, are exempt from certification and licensing requirement.

(d) An application for a certification or license shall be submitted on forms prescribed and provided by the Department. Ground ambulance, air ambulance, an emergency medical response agency, stretcher van and specialty care services shall each be considered a separate license.

(1) Specialty care licenses are statutorily limited to patient care and interventions above the Paramedic scope of practice.

(2) Specialty Care applicants will declare in the application the type or types of specialty care and patients that will be transported by the agency. The types of specialty care and patients may include, but not be limited to:

(A) adult, pediatric, infant, neonatal, or a combination of age types,

(B) cardiac care, respiratory, neurological, septicemia, or other single or multi-system complications or illnesses requiring specialized treatment during the transport of the patient.

(3) Ground ambulance services are required to meet the duty to act requirements as described in 63 O.S. § 1-2504.1.

(e) The application shall be signed under oath by the party or parties seeking to secure the license.

(f) The party or parties who sign the application shall be considered the owner or agent (licensee), and responsible for compliance to the Act and this chapter.

(g) All applications shall contain, but not be limited to the following:

(1) a statement of ownership which shall include the name, address, telephone number, occupation and/or other business activities of all owners or agents who shall be responsible for the service;

(A) If the owner is a partnership or corporation, a copy of incorporation documents and the name of all partner(s) or stockholder(s) with an ownership interest of five (5%) percent or more (principal), and the name and addresses of any other ambulance service in which any partner or stockholder holds an interest shall also be included.

(B) If the owner is an entity of government, governmental trust, trust authority, or non-profit corporation, the name of each board member, or the chief administrative officer and/or chief operation officer shall be included.

(C) A business plan which includes a financial disclosure statement showing evidence of the ability to sustain the operation for at least one (1) year.

(D) For purposes of unannounced inspections, the days and times the business office is open.

(2) Agencies that use emergency vehicles as defined in Title 47 O.S. Section 103 shall show proof of vehicle liability insurance, at least in the amount of one million dollars (\$1,000,000.00) or to the amount provided for in "The Governmental Tort Claims Act", Title 51 O.S. Section 151 et seq. This insurance requirement shall remain in effect at

all times while the service is licensed. Air ambulances are to maintain aircraft liability insurance as required within Federal regulation.

(3) Proof of professional liability insurance, at least in the amount of one million dollars (\$1,000,000) or to the amount provided for in "The Governmental Tort Claims Act," Title 51 O.S. Section 151 et seq. This insurance requirement shall remain in effect at all times while the service is licensed;

(4) Proof of participation in a workers' compensation insurance program for employees who are subject to pertinent labor laws. This insurance requirement shall remain in effect at all times while the service is licensed;

(h) Ground Ambulance Services, Air Ambulances, Emergency Medical Response Agencies, and Specialty Care agencies shall have medical control as prescribed by the Act and these rules and submit with the application:

(1) a letter of agreement from the physician to provide medical direction and establish the protocols and the scope of practice provided at the service;

(2) the physicians primary practice address or home address if the physician does not have a practice and email address;

(3) For agencies providing care within the Intermediate, Advanced EMT, and Paramedic scope of practice, submit an Oklahoma Bureau of Narcotics and Dangerous Drugs (OBNDD) registrant certification or number;

(4) a current Oklahoma medical license; and

(5) a curriculum vitae,

(i) a copy of any contract(s) for vehicles, medical equipment, and/or personnel, if such exist;

(j) Ground Ambulance Services, Air Ambulances, Emergency Medical Response Agencies, and Specialty Care agencies shall submit a copy of patient care protocols and quality assurance plan or policy as required by the medical director and as prescribed by the Act and this chapter;

(1) The Department may require quality assurance documentation for review and shall protect the confidentiality of that information.

(2) The quality assurance documentation shall be maintained by the agency for three (3) years.

(3) The quality assurance policy shall include, but not be limited to:

(A) refusals,

(B) air ambulance utilization,

(C) airway management,

(D) cardiac arrest interventions,

(E) time sensitive medical and trauma cases,

(F) other selected patient care reports not specifically included , and

(G) how to provide internal and external feedback of findings determined through reviews. Documentation of the feedback will be maintained as part of the quality assurance documentation

(H) treatment protocols that expand beyond the published state protocols;

(k) Ground ambulance service and Pre-hospital emergency medical response agency applications are required to submit

## Permanent Final Adoptions

---

documentation that supports agency licensure from the governmental authority (ies) having jurisdiction over the proposed emergency response area. If the emergency response area encompasses multiple jurisdictions, a written endorsement shall be presented from each. The ground ambulance and prehospital emergency medical response agency application shall contain from each endorsement the following:

- (1) a map and written description of the endorsed or approved response area.
  - (2) name(s) and title(s) of the person(s) providing approval.
  - (3) any expiration date.
  - (4) name of the service receiving the endorsement.
  - (5) Ground ambulance service supporting documentation will be consistent with the County EMS plan as required in 19 O.S. Section 1-1203.
- (l) Pre-hospital emergency medical response agency applications shall include a letter of support or agreement from a licensed ambulance service within the proposed emergency medical response service area that includes:
- (1) support of the application.
  - (2) support of the medical control physician choice, and
  - (3) plans or policies for supporting or participating in quality assurance activities.
  - (4) If an applicant is unable to provide a letter of support from a licensed ambulance service within their proposed response area, the applicant can request an exemption. The Department has the discretion to approve or deny the exemption request.
- (m) Event standby emergency response agency applications will include the following restrictions and requirements:
- (1) if the applicant is providing care to the public on public property, then letters of governmental support and documents verifying coordination with local ambulance services are required for that agency to have the authority to provide care at that setting.
  - (2) if the agency is providing care to the public in a business or establishment open to the public on private property, then letters of governmental support are not required.
  - (3) At all times, the standby event emergency medical response agency shall coordinate with other licensed and certified EMS agencies responsible for the event location when the event is within a licensed ambulance service area or approved area for prehospital emergency medical response agencies.
- (n) All emergency medical response agencies are prohibited from transporting patients
- (o) Stretcher Van service applications will include the following restrictions and requirements:
- (1) Stretcher Vans are prohibited from carrying medications other than oxygen and those other medications which are passenger supplied and administered. The passenger must have a current physician prescription and/or order for the administration of oxygen. A copy of the order shall be maintained in agency files.

(2) Stretcher van applications will include a quality assurance process or policy that includes:

- (A) The Department may require quality assurance documentation for review and shall protect the confidentiality of that information.
  - (B) The quality assurance documentation shall be maintained by the agency for three (3) years.
  - (C) Any passenger condition where the passenger entered the 911 system.
  - (D) If oxygen is continued, the physician order must be maintained with the trip report or passenger report;
  - (E) a review other selected passenger reports not specifically included, and
  - (F) process to provide internal and external feedback of findings determined through reviews. Documentation of the feedback will be maintained as part of the quality assurance documentation.
- (p) Stretcher Van Services are to submit the following with their application:
- (1) A map or narrative description which identifies the proposed service area;
  - (2) evidence that the proposed service area is an emergency medical service region, ambulance district, or county with a population in excess of five hundred thousand (500,000) people;
- (q) Ground ambulance services will include a description of the proposed level of service in the proposed licensed service area, including:
- (1) a map defining the whole licensed service area including location(s) of base station, substations, and posts;
  - (2) a description of the level of care to be provided;
- (r) Ground Services, Air Ambulances, and prehospital emergency medical response agencies shall submit a communication policy addressing:
- (1) receiving and dispatching emergency and non-emergency calls;
  - (2) ensuring compliance with State and local EMS communication plans.
- (s) Specialty Care Services and Stretcher Van services shall submit communication policy addressing the screening process that ensures a request for service will meet the agency's capability, capacity, and licensure requirements. Documentation of the screening will be retained as part of the patient care report or call log.
- (t) a response plan that includes:
- (1) providing and receiving mutual aid with all surrounding, contiguous, or overlapping, licensed service areas,
  - (2) providing for and receiving disaster assistance in accordance with local and regional plans and command structures such as an incident command structure using national incident management support models.
- (u) confidentiality policy ensuring confidentiality of all documents and communications regarding protected patient health information.

(v) For an initial or new ground ambulance service, air ambulance service, specialty care, and stretcher van service license application, shall be accompanied by a non-refundable fee of six hundred (\$600.00) dollars plus twenty (\$20.00) dollars for each vehicle, in excess of two (2) vehicles utilized for patient transport. An additional fee of one hundred fifty (\$150.00) dollars shall be included for each ambulance substation in addition to the base station. An Emergency Medical Response Agency Application shall be accompanied by a non-refundable fee of fifty (\$50.00) dollars.

(w) All applicants except air ambulance services are required to show documentation of compliance with any "Sole Source" Ordinance or Resolution. If an area of Oklahoma is being served by a licensed ambulance service, or services, and the area has adopted "sole source" resolutions or ordinances or an Emergency Services District as established pursuant to Article 10, Section 9 (c) of the Oklahoma Constitution, the Department shall require the approval of the community (ies) and/or the emergency medical services authority of that service area, before an additional ambulance service shall be licensed for that same service area.

(x) For all license applications, a business plan which includes a financial disclosure statement showing evidence of the ability to sustain the operation for at least one (1) year is required to be submitted with the application.

SUBCHAPTER 3. GROUND AMBULANCE SERVICE

PART 3. GROUND AMBULANCE SERVICES

310:641-3-10. License required [REVOKED]

(a) No person, company, governmental entity or trust authority shall operate, advertise, or hold themselves out as providing any type of ambulance service without first obtaining a license to operate an ambulance service from the Department. The Department shall have sole discretion to approve or deny an application for ambulance service license based on the ability of the applicant to meet the requirements of this rule.

(b) Governmental entities that respond to requests for service off governmental property are required to become licensed by the Department.

(1) Governmental entities not licensed by the Department may be part of mutual aid and disaster plans.

(2) Governmental entities may transport patients of governmental entities off governmental property to appropriate facilities.

(3) Contractors for governmental entities that provide transport services shall be licensed by the Department.

(c) Persons, companies, and governmental entities which operate on their own premises, are exempt from this licensing requirement, unless an ambulance patient is transported on the public streets and highways of Oklahoma, or outside of their own premises.

(d) An application for a license to operate an ambulance service shall be submitted on forms prescribed and provided by

the Department. Ground, air, stretcher aid van and specialty care services shall each be considered a separate license.

(e) The application shall be signed under oath by the party or parties seeking to secure the license.

(f) The party or parties who sign the application shall be considered the owner or agent (licensee), and responsible for compliance to the Act and rules.

(g) The application shall contain, but not be limited to the following:

(1) a statement of ownership which shall include the name, address, telephone number, occupation and/or other business activities of all owners or agents who shall be responsible for the service;

(A) If the owner is a partnership or corporation, a copy of incorporation documents and the name of all partner(s) or stockholder(s) with an ownership interest of five (5%) percent or more (principal), and the name and addresses of any other ambulance service in which any partner or stockholder holds an interest shall also be included.

(B) If the owner is an entity of government, governmental trust, trust authority, or non-profit corporation, the name of each board member, or the chief administrative officer and/or chief operation officer shall be included.

(C) A business plan which includes a financial disclosure statement showing evidence of the ability to sustain the operation for at least one (1) year.

(2) proof of vehicle and liability insurance, at least in the amount of one million dollars (\$1,000,000.00) or to the amount provided for in "The Governmental Tort Claims Act", Title 51 O.S. Section 151 et seq. This insurance requirement shall remain in effect at all times while the service is licensed;

(3) proof of professional liability insurance, at least in the amount of one million dollars (\$1,000,000) or to the amount provided for in "The Governmental Tort Claims Act," Title 51 O.S. Section 151 et seq. This insurance requirement shall remain in effect at all times while the service is licensed;

(4) Proof of participation in a workers' compensation insurance program for employees who are subject to pertinent labor laws. This insurance requirement shall remain in effect at all times while the service is licensed;

(5) each licensee shall have medical control as prescribed by the Act and these rules;

(6) a copy of any contract(s) for vehicles, medical equipment, and/or personnel, if such exist;

(7) a copy of patient care protocols and quality assurance plan or policy as required by the medical director and as prescribed by the Act and this chapter;

(A) The Department may require quality assurance documentation for review and shall protect the confidentiality of that information.

(B) The quality assurance documentation shall be maintained by the agency for three (3) years.

(C) The quality assurance policy shall include, but not be limited to:

# Permanent Final Adoptions

- (i) policy to review refusals,
  - (ii) policy to review air ambulance utilization,
  - (iii) policy to review airway management,
  - (iv) policy to review cardiac arrest interventions,
  - (v) policy to review time sensitive medical and trauma cases,
  - (vi) policy to review other selected patient care reports not specifically included, and
  - (vii) policy to provide internal and external feedback of findings determined through reviews. Documentation of the feedback will be maintained as part of the quality assurance documentation;
- (8) Documents that support agency licensure from the governmental authority(ies) having jurisdiction over the proposed emergency response area. If the emergency response area encompasses multiple jurisdictions, a written endorsement shall be presented from each and will be consistent with the County EMS plan as required in 19 O.S. Section 1-1203. Each endorsement shall contain the following:
- (A) a map and written description of the endorsed or approved response area,
  - (B) name(s) and title(s) of the person(s) providing approval,
  - (C) any expiration date,
  - (D) name of the service receiving the endorsement.
- (9) a description of the proposed level of service in the proposed licensed service area, including:
- (A) a map defining the licensed service area including location(s) of base station, substations, and posts;
  - (B) a description of the level of care to be provided, describing variations in care within the proposed service area, and;
  - (C) en route response time standards consistent with the requirements in this Chapter.
- (10) written policy addressing:
- (A) receiving and dispatching emergency and non-emergency calls;
  - (B) ensuring compliance with State and local EMS communication plans.
- (11) a response plan that includes:
- (A) providing and receiving mutual aid with all surrounding, contiguous, or overlapping, licensed service areas,
  - (B) providing for and receiving disaster assistance in accordance with local and regional plans and command structures such as an incident command structure using national incident management support models.
- (12) confidentiality policy ensuring confidentiality of all documents and communications regarding protected patient health information.
- (13) An application for an initial, or new license, shall be accompanied by a non refundable fee of six hundred (\$600.00) dollars plus twenty (\$20.00) dollars for each vehicle, in excess of two (2) vehicles utilized for patient transport. An additional fee of one hundred fifty (\$150.00)

dollars shall be included for each ambulance substation in addition to the base station.

(14) If an area of Oklahoma is being served by a licensed ambulance service, or services, and the area has adopted "sole source" resolutions or ordinances or an Emergency Services District as established pursuant to Article 10, Section 9 (c) of the Oklahoma Constitution, the Department shall require the approval of the community(ies) and/or the emergency medical services authority of that service area, before an additional ambulance service shall be licensed for that same service area.

## 310:641-3-15. Ground ambulance service - personnel staffing

(a) Each licensed ground ambulance service shall be staffed and available to respond to any request for service within the primary service area twenty-four (24) hours per day.

(b) Each ground ambulance service shall have on staff an adequate number of emergency medical personnel and a sufficient number of ambulances available in order to be en route to 90% of all emergency calls within five (5) minutes of the time the call is received in dispatch at the highest level of care for which the service is licensed.

(1) The request for emergency medical services shall be considered "received in dispatch" as soon as the licensed agency receives sufficient information to allow an appropriate response, i.e., location of the emergency and nature of the call.

(2) Staff licensed below the level of the ambulance service may be utilized provided one or more of the following conditions have been met:

(A) The request for service has been screened by a Department approved emergency medical dispatch system, or

(B) The patient is to be transported from a higher to a lower level of care, or

(C) The transport is approved in writing by the transferring physician at a specified lower level of care and scheduled in advance.

(D) An agency that screens emergency calls through an emergency medical prioritization program shall establish en route times for the priority levels established by the agency. The en route times established by the agency shall be included in the agency's policy and/or procedure manual.

(c) Under no circumstance during the transport of an ambulance patient shall the attendant be less than a licensed emergency medical technician.

(d) In addition to the requirement of licensed emergency medical technicians, each ground ambulance service shall have drivers who, at a minimum, are certified as an Emergency Medical Responder. All drivers of a ground ambulance service shall successfully complete an emergency vehicle operator course approved by the Department within 120 days of employment. Emergency vehicle operators shall successfully complete a refresher course approved by the Department every two (2) years.

(e) In a unique and unexpected circumstance, including a disaster, the minimum driver requirement may be altered to facilitate a transport of an ambulance patient. The attendant, who is in charge of the vehicle while a patient is on board, may request a law enforcement officer or a firefighter, familiar with the operation of an authorized emergency vehicle, to drive the vehicle. If this option is utilized, a written report of the circumstances, reason, and any other pertinent information regarding the call shall be forwarded to the Division within ten (10) working days. Abuse and/or re-occurring incidents of this nature shall require a reassessment of the service's staff and staffing patterns. The service may be required to obtain additional personnel or other action by the Department may result.

(f) Only emergency personnel authorized by this Act, except for a physician, shall be utilized by an ambulance service for pre-hospital, or on-scene, patient care and transport. In some cases, involving inter-hospital transfer of an ambulance patient(s), a physician, physician assistant (PA), nurse practitioner, respiratory care practitioner, registered nurse, or licensed practical nurse may be required to assist the emergency medical technician because the medical care required exceeds the level of the ambulance service personnel. If this option is utilized, written orders by a physician and/or documentation of orders given via radio or telephone contact with a physician, shall become a part of the ambulance patient run report.

(g) Each agency will maintain training records demonstrating competency in medical skills and interventions, patient handling, and emergency vehicle operations for all personnel utilized by the agency.

(h) An agency that is unable to fulfill the twenty-four (24) hours staffing requirement may contract with another ground ambulance service to provide personnel to meet the staffing requirement. Contracts will contain but not be limited to the following information:

- (1) how and from what location personnel will respond;
- (2) procedure for notifying the contractor that personnel are needed;
- (3) communication policy to ensure coverage is in place for the licensed service area;
- (4) contingency plan for system overload;
- (5) copies of contracts will be provided to the Department as part of application requirements in 310:641-3-10;
- (6) scope of practice and protocol requirements for the contractual response; and
- (7) emergency plan in the event a contracted service is unable to respond within the contracted requirements, and how the request for service will be answered.

(i) An agency may enter into a contract or other memorandum of agreement with a non-transport agency or entity that is not a certified emergency medical response agency. The purpose of this contract or agreement is to improve emergency medical system responses. The agreement is to allow for interested individuals, who are certified and/or licensed by the Department, at the non-transport agency to respond with ground ambulance services using non-transport agency equipment. The result will be for these individuals to

serve as an extension of the ambulance service through the contract or agreement.

(1) The Contract or Memorandum of Agreement will address the following topics:

(A) Name of the non-certified Emergency Medical Response Agency;

(B) The specific vehicles and equipment to be used by the personnel for ambulance service responses;

(C) the parties that supply or maintain the supplies and equipment;

(D) communication arrangements.

(2) The personnel will be authorized to perform procedures under the ambulance services medical director. The ambulance service medical director will establish the scope of practice for the non-transport agency personnel.

(3) The ambulance service will be responsible for all quality assurance activities.

## **PART 5. GROUND TRANSPORT VEHICLES**

### **310:641-3-23. Equipment for ground ambulance vehicles**

(a) The tampering, modification, or removal of the manufacturer's expiration date is prohibited.

(b) Licensed ambulance services shall ensure that all recalled, outdated, misbranded, adulterated, deteriorated fluids, supplies, and medications are removed from ambulances immediately.

(c) The medical control physician will authorize all equipment and medications placed on the units for patient care.

(1) The authorized equipment and medications will be detailed on a unit checklist and will match the equipment and supplies with defined minimums needed to treat patients in the manner detailed in the agency approved protocols. The checklist will also meet the requirements described in the ambulance file section of this subchapter.

(2) The medications authorized by the medical director will be detailed on the unit checklist ~~described in the ambulance files section of this subchapter,~~ to will include the number, weight, and volume of the medication containers.

(3) An electronic or paper copy of patient care protocols will be on each in-service ambulance.

(d) Each ground ambulance service vehicle shall carry:

(1) airway and breathing equipment and supplies, to include:

(A) a pulse oximetry device with pediatric and adult capability.

(B) a functioning portable suction apparatus with wide-bore tubing (1/4"), and rigid and soft suction catheters for adults, children, and infants, as detailed by agency protocols in addition to the vehicle mounted suction unit.

(C) One (1) bulb syringe, with saline drops, sterile, in addition to any bulb syringes in obstetric kits.

(D) a minimum of two (2) each, single use adult, pediatric, and infant bag-valve mask resuscitators with an adult, child, and infant clear masks.

## Permanent Final Adoptions

---

- (E) oropharyngeal airways set or a minimum of two (2) of each size for adult, child, and infant individually wrapped for sanitation purposes. Nasopharyngeal airways are optional.
  - (F) a portable ventilator as directed by the agency medical director and approved protocols.
  - (G) wall mounted oxygen set with variable flow regulators and adequate tubing.
  - (H) portable oxygen cylinder and regulator with a spare oxygen cylinder appropriately secured.
  - (I) a minimum of two (2) each adult, child, and infant sized oxygen masks.
  - (J) a minimum of two (2) adult nasal cannulas.
  - (K) a nebulizer; adult and pediatric, sizes per local protocols.
- (2) Bandaging materials to include:
- (A) two (2) burn sheets; clean, wrapped, and marked in a plastic bag.
  - (B) fifty (50) sterile 4" x4" dressings.
  - (C) six (6) sterile 6" x8" or 8" x10" dressings.
  - (D) ten (10) roller bandages, 2" or larger, such as kerlix, kling, or equivalent.
  - (E) four (4) rolls of tape (minimum of one (1) inch width).
  - (F) four (4) sterile occlusive dressings, 3" x 8" or larger.
  - (G) four (4) triangular bandages.
  - (H) one (1) pair of bandage scissors must be on the ambulance or on the on-duty personnel.
- (3) Fracture immobilization devices, to include:
- (A) one (1) adult and one (1) pediatric traction splint or equivalent device capable of adult and pediatric application.
  - (B) two (2) upper and two (2) lower extremity splints in adult and pediatric sizes.
  - (C) short spine board or vest type immobilizer, including straps and accessories as described within agency protocols.
  - (D) two (2) adult and one (1) pediatric size long spine board including straps and head immobilization devices(s), as described within the agency protocols.
  - (E) two (2) rigid or adjustable extrication collars in large, medium, small adult sizes, and pediatric sizes for children ages 2 years or older, and one (1) infant collar, as described within the agency protocols. Collars shall not be foam or fiber filled.
- (4) Miscellaneous medical equipment, to include:
- (A) one (1) infant, one (1) child, two (2) adult, and one (1) extra-large blood pressure cuffs.
  - (B) stethoscope, one (1) adult and one (1) pediatric size.
  - (C) obstetrical kit, with towels, 4" x4" dressing, umbilical tape, bulb syringe, cord cutting device, clamps, sterile gloves, aluminum foil, and blanket.
  - (D) universal communicable disease precaution equipment including gloves, mask, goggles, gown, and other universal precautions.
  - (E) blood-glucose measurement equipment per medical direction.
  - (F) CPAP per medical direction.
  - (G) Semi-automatic advisory defibrillator (SAAD) with adult and pediatric capability.
- (5) Other mandatory equipment, to include:
- (A) Two (2) appropriately labeled or designated waste receptacles for:
    - (i) waste that is contaminated by bodily fluids or potentially hazardous or infectious waste, and,
    - (ii) waste that does not present a biological hazard, such as plastic and paper products that are not contaminated.
  - (B) one (1) flexible, portable, soft stretcher for confined space and extrication as approved by medical direction.
  - (C) two way radio communication equipment as detailed in this Chapter and through the Statewide Interoperability Governing Body utilizing VHF frequency 155.3400.
  - (D) one (1) sturdy, lightweight, all-level cot for the primary patient and mounting cot fastener and/or anchorage assembly that is compliant with the vehicle manufacturing standards in place at the time of purchase.
  - (E) at least three (3) strap type restraining devices (chest, hip, and knee), and compliant shoulder harness shall be provided per stretcher, cot, and litter (not less than two (2") inches wide, nylon, easily removable for cleaning, two (2) piece assembly with quick release buckles).
  - (F) electronic or paper patient care reports.
  - (G) two (2) fire extinguishers one (1) in the cab of the unit, and one (1) in the patient compartment of the vehicle. Each mounted in a manner that allows for quick release and is compliant with the ambulance manufactures standards. Each extinguisher is to be dry powder, ABC, and a minimum of five (5#) pounds.
  - (H) two (2) operable flashlights.
  - (I) all ambulance equipment and supplies shall be maintained in accordance with the sanitation requirements in this subchapter. Additionally, sterility shall be maintained on all sterile packaged items.
  - (J) digital or strip type thermometer and single use probes.
  - (K) six (6) instant cold packs.
  - (L) one (1) length/weight based drug dose chart or tape.
  - (M) a minimum of two (2) DOT approved reflective vests.
  - (N) one (1) pair of binoculars.
  - (O) a current copy of the emergency response guide, electronic or paper format.
  - (P) As approved by local medical direction, a child restraint system or equipment for transporting pediatric patients.

(e) Intermediate equipment, in addition to the basic equipment, intermediate licensed service ambulance vehicles shall carry:

- (1) intravenous administration equipment in a sufficient quantity to treat multiple patients requiring this level of care, including intravenous catheters 14 to 24 gauge, six (6) each.
- (2) interosseous needles, two (2) each for adult and pediatric patients, and associated administration equipment if approved by local medical control.
- (3) appropriate quantities of sterile fluid as approved by local medical control.
- (4) adequate advanced airway equipment per medical control;
  - (A) endotracheal tubes, two (2) sets of cuffed 2.5 to 8.0, as permitted and approved by local medical control. Uncuffed endotracheal tubes are optional, based on medical director approval.
  - (B) supraglottic airway devices to be used as a primary or secondary airway intervention, as approved by medical control.
  - (C) Laryngoscope handle with extra batteries and bulbs with blade sizes and styles as approved by local medical control.
- (5) blood sampling equipment if approved by medical control.
- (6) one (1) Occupational Safety and Health Administration (OSHA) approved sharps container.
- (7) magill forceps one (1) pediatric and one (1) adult size, individually wrapped.
- (8) continuous waveform capnography required for use in endotracheal intubation and specific supraglottic airway devices.

(f) Advanced Emergency Medical Technician equipment, in addition to the required equipment for the EMT and the Intermediate, will carry:

- (1) medication that is permitted within the AEMT scope of practice and as approved by the medical control physician;
- (2) equipment and supplies that are permitted within the AEMT scope of practice and approved by the medical control physician.

(g) Paramedic equipment, in addition to the required EMT, Intermediate, and AEMT equipment, the Paramedic level ambulance will carry:

- (1) cardiac monitor/defibrillator with printout, and appropriate pads, paddles, leads and/or electrodes (adult and pediatric). Telemetry capability is optional.
- (2) medication with quantities to be carried on each ambulance as detailed in the formulary of agency approved protocols.
- (3) nasogastric tubes; two (2) each 8 french to 16 french, in accordance with medical control authorization.

(h) All ambulance vehicles, regardless of licensure level or level of care provided, shall carry:

- (1) three (3) reflectors (triangular) or battery powered warning lights;

- (2) two (2) OSHA approved hard hats, with goggles or face shield;
- (3) two (2) pair of heavy work gloves; and
- (4) one (1) spring-loaded window punch or other tool that may be used to access a patient through a window.

(i) All ambulance services shall have sufficient and appropriate rescue equipment to gain access to patients either on board the ambulance or provided through an extrication agreement with a rescue department or team.

(j) All assessment and medical equipment utilized for patient care will be maintained in accordance with the manufacturer's guidelines. Documentation will be maintained at the agency showing that periodic tests, maintenance, and calibration are being conducted in accordance with the manufacturer's requirements. These types of equipment include, but are not limited to, gurneys or stretchers, suction devices, pulse oximetry, glucometers, capnography monitors, end-tidal co2 monitors, CPAP/BiPAP devices, ventilators, and blood pressure monitors.

**310:641-3-25. Sanitation requirements**

(a) The following shall apply regarding sanitation standards for all ambulance services facilities, vehicles, and personnel:

- (1) the interior of the vehicle and the equipment within the vehicle shall be sanitary, secured and maintained in good working order, at all times;
- (2) the exterior of the vehicle shall be clean and maintained in good working order to ensure the vehicle can operate safely and in accordance with applicable sections of Title 47 of the Oklahoma Statutes;
- (3) linen shall be changed after each patient is transported and bagged and stored in an outside or separate compartment;
- (4) clean linen, blankets, washcloths, and hand-towels shall be stored in a closed interior cabinet free of dirt and debris;
- (5) freshly laundered linen or disposable linen shall be used on the cots and pillows and changed between patients;
- (6) pillows and mattresses shall be kept clean and in good repair, and any repairs made to pillows, mattresses, and padded seats shall be permanent;
- (7) soiled linen shall be placed in a container that deters accidental exposure. Any linen which is suspected of being contaminated with bodily fluids or other potentially hazardous infectious waste shall be placed in an appropriately marked closed container for disposal;
- (8) contaminated disposable supplies shall be placed in appropriately marked or designated containers, in a manner that deters accidental exposure;
- (9) exterior and interior surfaces of vehicles shall be cleaned routinely;
- (10) blankets and hand towels used in any vehicle shall be clean;
- (11) implements inserted into the patient's nose or mouth shall be single-service wrapped and properly stored and handled. When multi-use items are utilized, the local

# Permanent Final Adoptions

---

health care facilities should be consulted for instructions in sanitation and handling of such items.

- (b) When a vehicle has been utilized to transport a patient(s) known to the operator to have a communicable disease the vehicle shall be cleansed and all contact surfaces shall be washed with soap and water and appropriate disinfectant. The vehicle should be placed "out of service" until a thorough cleansing is conducted.
- (c) All storage spaces used for storage of linens, equipment, medical supplies, and other supplies at the base station shall be kept clean.
- (d) personnel shall be clean, especially hands and fingernails, and well groomed. Clothing worn by personnel shall be clean. The licensee shall provide in each vehicle a means of hand washing for the attendants.
- (e) All oxygen humidifiers shall be single use;
- (f) All medications, supplies, and sterile equipment with expiration dates shall be current.
  - (1) Expired medications, supplies, and sterile equipment shall be discarded appropriately.
  - (2) Tampering, removing, or altering expiration dates on medications, supplies, and equipment is prohibited.
- (g) The station facility, ambulance bays, living quarters, and office areas shall be clean, orderly, free of safety and health hazards.
- (h) Ambulance vehicles and ambulance service facilities shall be free of any evidence of use of lighted or smokeless tobacco products except in designated smoking areas, consistent with the provisions of 310:641-1-4.

## PART 11. MEDICAL CONTROL

### 310:641-3-59. Operational protocols

(a) Authorized emergency vehicles of licensed ambulance services shall adhere to the requirements of Title 47 O.S. Section 1-101 et seq. (the "Motor Vehicle Code") for all vehicle operations. ~~the following for physically displaying and/or orally transmitting via voice communications, to the following modes of operation:~~

~~(1) "Code 1" shall mean a non-emergency mode, or status, for the purpose of operation of an ambulance service vehicle. Neither red lights nor siren shall be utilized, and the vehicle shall not be considered or afforded the exemption of an "authorized emergency vehicle" pursuant to Title 47 ("Motor Vehicle Code");~~

~~(2) "Code 3" shall mean an emergency mode, or status, for the purpose of operation of an ambulance service vehicle. Both red lights and siren shall be utilized, and the vehicle shall be considered and afforded the exemption of an "authorized emergency vehicle" pursuant to Title 47 ("Motor Vehicle Code").~~

(b) There is a required duty to act within the licensed service area upon acceptance of an ambulance service license. All licensed ambulance services shall respond appropriately; consistent with the level of licensure when called for emergency

service, regardless of the patient's ability to pay. Non-emergency interfacility transfers are exempt from the statutory duty to act.

(c) If the ambulance service can not physically respond within the limits of "The Ambulance Services District" Act, then the ambulance service called has a duty to immediately call for mutual aid from a neighboring licensed ambulance service.

(d) If an ambulance service receives a call for an emergency which is in the licensed service area of another licensed ambulance service, the ambulance service called has a responsibility to immediately contact the licensed ambulance service with that licensed service area.

(1) If the emergency is in an area that is not within a licensed service area, the service that received the call will contact the closest ambulance to the call.

(2) Any licensed service that receives a call in an area that is outside of a licensed service area shall report the event to Emergency Systems within the Department.

(3) The Department will report the event to the county commissioners of the county where the call occurred.

(e) Mutual aid plans between licensed ambulance services and surrounding licensed or certified emergency medical services providers shall be developed and placed in the service files for inspection. Plans will be periodically reviewed to ensure accuracy and completeness. Licensed ambulance services shall provide mutual aid, if the capability exists without jeopardizing the primary service area.

(f) An ambulance service requesting an air ambulance shall:

- (1) call the closest air ambulance to the location of the scene, or
- (2) call the air ambulance service the patient or the patient family chooses to utilize.

## PART 13. SANITATION

### 310:641-3-63. Ambulance service files

(a) All required records for licensure will be maintained for a minimum of three years.

(b) Each licensed ambulance service shall maintain electronic or paper records about the operation, maintenance, and such other required documents, at the business office. These files shall be available for review by the Department, during normal work hours. Files which shall be maintained include the following:

(1) Patient care records:

(A) At the time a patient is transported to a receiving facility, the following information will be, at a minimum, provided to the facility staff members at the time the patient(s) are accepted:

- (i) personal information such as name, date of birth, and address;
- (ii) patient assessment with medical history;
- (iii) medical interventions and patient responses to interventions;
- (iv) any known allergies;

- (v) other information from the medical history that would impact the patient outcomes if not immediately provided.
- (B) A signature of the receiving facility health care staff member will be obtained to show the above information and the patient was received.
- (2) A complete copy of the patient care report shall be sent to the receiving facility within twenty-four (24) hours of the hospital receiving the patient.
- (3) Completed patient care reports shall contain demographic, administrative, legal, medical, community health and public information required by the Department through the OKEMESIS Data Dictionary;
- (4) all run reports and patient care information shall be considered confidential.
- (5) all licensed agencies shall maintain records on the maintenance, and regular inspections of each vehicle.
  - (A) Each vehicle must be inspected and a detailed equipment checklist completed after each call, or on a daily basis, whichever is less frequent; and
  - (B) documentation that shows routine vehicle maintenance for each vehicle as required by vehicle manufacture recommendations.
- (6) all licensed agencies shall maintain a credential or licensure file for licensed and certified emergency medical personnel employed by or associated with the service that includes:
  - (A) Oklahoma license and certification;
  - (B) Basic Life Support certification or documentation of BLS cognitive objectives and psychomotor skills that meets or exceeds American Heart Association standards, and approved by the medical director;
  - (C) Advanced Cardiac Life Support certification or documentation of BLS cognitive objectives and psychomotor skills that meets or exceeds American Heart Association Standards as applicable for advanced licensure level(s) and approved by the medical director;
  - (D) Incident Command System or National Incident Management Systems training at the 100, 200, and 700 levels or their equivalent;
  - (E) verification of an Emergency Vehicle Operations Course or other agency approved defensive driving course;
  - (F) contain a list or other credentialing document that defines or describes the medical director authorized procedures, equipment and medications for each certified or licensed member employed or associated with the agency; and
  - (G) a copy of the medical director credentials will be maintained at the agency.
- (7) The electronic or paper copies of the licenses and credentials described in this section shall be kept separate from other personnel records to ensure confidentiality of records that do not pertain to the documents relating to patient care.
- (8) Copies of staffing patterns, schedules, or staffing reports which indicate the ambulance service is maintaining twenty four (24) hour coverage, at the highest level of license;
- (9) Copies of in-service training and continuing education records;
- (10) Copies of the ambulance service:
  - (A) operational policies, guidelines, or employee handbook;
  - (B) medical protocols;
  - (C) a list of the patient care equipment that is carried on any "Class E" unit(s) will be part of the standard operating procedure or guideline manual and;
  - (D) OSHA and/or Department of Labor exposure plan, policies, or guidelines.
- (c) A log of each request for service received and/or initiated, to include the:
  - (1) Disposition of the request and the reason for declining the request, if applicable;
  - (2) the patient care report number;
  - (3) date of request;
  - (4) patient care report times as required by the OKEMESIS data dictionary;
  - (5) location of the incident;
  - ~~(6) where the ambulance originated; and~~
  - ~~(7) nature of the call;~~
  - ~~(8) Such other documents which may be determined necessary by the Department.~~
- (d) Documentation that verifies an ongoing, physician involved quality assurance program.
- (e) Such other documents which may be determined necessary by the Department. Such documents can only be required after a thorough, reasonable, and appropriate notification by the Department to the services and agencies.
- (f) The standardized data set and an electronic submission standard for EMS data as developed by the Department shall be mandatory for each licensed ambulance service. Reports of the EMS data standard shall be forwarded to the Department by the last business day of the following month. Exceptions to the monthly reporting requirements shall be granted only by the Department, in writing.
- (g) Review and the disclosure of information contained in the ambulance service files shall be confidential, except for information which pertains to the requirements for license, certification, or investigation issued by the Department.
- (h) Department representatives shall have prompt access to files, records and property as necessary to appropriately survey the provider. Refusal to allow access by representatives of Department to records, equipment or property may result in summary suspension of licensure by the Commissioner of Health.
- (i) All information submitted and/or maintained in files for review shall be accurate and consistent with Department requirements.

# Permanent Final Adoptions

## SUBCHAPTER 5. PERSONNEL LICENSES AND CERTIFICATION

### PART 3. EMERGENCY MEDICAL PERSONNEL LICENSES

#### 310:641-5-11. License and certification qualifications

(a) Emergency medical personnel while on duty will have a copy of their certification or license.

(b) Persons applying for initial certification or license shall meet the requirements for qualification, application, and procedure as follows:

(1) Emergency Medical Responder certification:

(A) Applicant shall be at least eighteen (18) years of age.

(B) Applicant shall submit the following:

(i) An appropriate State application form specifying the level of certification, true, correct, and complete information as to eligibility and character,

(ii) A signed "Affidavit of Lawful Presence" form,

(C) Completion of a Department approved Emergency Medical Responder course,

(D) successful completion of a National Registry practical skills examination administered by the approved training program or agency,

(E) successful completion of a written examination from either:

(i) National Registry of Emergency Medical Technicians (NREMT), or

(ii) Oklahoma Department of Career and Technology Education.

(F) First responders or Emergency Medical Responders trained in a Department approved course prior to January 1, 2000 will be required to obtain a current Emergency Medical Responder certification by September 30, 2017 by providing to the Department the following:

(i) verification of refresher/transition course completion every two years since March 31, 2012,

(ii) signed "Affidavit of Lawful Presence",

(iii) verification of a practical exam of EMR skill administered during a refresher or transition course after March 31, 2012.

(G) A fee of ten (\$10.00) dollars for the line of duty death benefit as detailed in the Act.

(H) The Department shall maintain a registry of all qualified Emergency Medical Responders.

(2) Emergency Medical Technician, or EMT:

(A) Applicant shall be at least eighteen (18) years of age,

(B) Applicant shall submit the following:

(i) an appropriate State application form specifying the level of licensure, true, correct, and complete information as to eligibility and character, and

(ii) a signed "Affidavit of Lawful Presence",

(iii) successful completion of an NREMT EMT psycho-motor exam,

(iv) successful completion of an NREMT EMT cognitive exam,

(v) submission to the Department a copy of the applicants NREMT EMT certification,

(vi) a license fee of Seventy-five (\$75.00) dollars for licensure and an additional ten (\$10.00) dollars for the line of duty death benefit as detailed in the Act. Fees are non-refundable except if the application is rejected.

(3) Advanced EMT and Paramedic:

(A) Applicant shall be at least eighteen (18) years of age,

(B) the applicant shall submit the following:

(i) an appropriate State application form specifying true, correct, and complete information as to eligibility and character,

(ii) a signed "Affidavit of Lawful Presence",

(iii) submission of the applicant's NREMT certification after completion of the NREMT cognitive and psychomotor examinations.

(I) The Department shall conduct or oversee the NREMT psycho-motor examination for the Advanced EMT and Paramedic using Department approved evaluators.

(II) AEMT candidates are required to complete and pass the endotracheal intubation exam prior to licensure.

(iv) ~~The fee for the initial psycho-motor examination examination(s) is included within the applicant's initial license fee determined by the Department, testing site, or the testing vendor for the Department.~~

(v) ~~The initial license fee for Advanced EMT applicants and is one hundred fifty (\$150.00) dollars. The initial license fee for Paramedic applicants is two hundred (\$200.00) seventy-five (\$75.00) dollars. The fees shall be submitted with the application. Fees shall be in an acceptable form and made payable to the Oklahoma State Department of Health. An additional ten (\$10.00) fee is required for the line of duty death benefit detailed in the Act. Fees are non-refundable except if the application is rejected.~~

~~(I) Subsequent examination fees are one hundred dollars (\$100.00) for a full psychomotor retest and fifty (\$50.00) for a partial psychomotor retest.~~

~~(II) A psychomotor retest application and appropriate fee must be submitted to the Department for this purpose.~~

(c) Initial licensure and certification will be from the date of issue through the second June 30 after the initial date. Subsequent licensure and certification periods will be for two years, expiring on June 30.

(d) The Department shall ensure oversight of the AEMT and Paramedic practical skills examinations conducted within the State.

(e) Any certification or license application submitted to the Department under this subchapter may be denied on the basis of a felony conviction, adjudication, or plea of guilty or nolo contendere for any of the following offenses:

- (1) assault, battery, or assault and battery with a dangerous weapon; aggravated assault and battery;
- (2) murder or attempted murder; manslaughter, except involuntary manslaughter;
- (3) rape, incest, or sodomy; indecent exposure and indecent exhibition; pandering;
- (4) child abuse; abuse, neglect, or financial exploitation of any person entrusted to his care or possession;
- (5) burglary in the first or second degree; robbery in the first or second degree; robbery or attempted robbery with a dangerous weapon, or imitation firearm;
- (6) arson, substance abuse, or any such other conviction, adjudication, or plea of guilty or nolo contendere, or circumstances which in the opinion of the Department would render the applicant unfit to provide emergency medical care to the public;
- (7) Each decision shall be determined on a case-by-case basis.

(f) A license application may be denied on the basis of any falsification. Application for initial licensure pursuant to the Act shall constitute authorization for an investigation by the Department.

(g) Candidates for initial Oklahoma licensure shall successfully complete the NREMT certification examinations. Practical and written examinations shall adhere to current policies of NREMT and the Department. Candidates shall demonstrate competency in all required skills. The Department reserves the right to review and require additional practical examination of any candidate.

(h) An applicant may request a review of adverse decisions, made within this section, by applying in writing within thirty (30) calendar days after the notice of rejection. Review, by the Department, shall be held in accordance with the Administrative Procedures Act.

**310:641-5-18. Renewal requirements of the Emergency Medical Responder [REVOKED]**

~~A completed Emergency Medical Responder certification renewal application shall be completed and submitted to the Department with:~~

- ~~(1) the fee for the line of duty death benefit detailed in the Act;~~
- ~~(2) a current NREMT emergency medical responder certification; or~~
- ~~(3) a course completion certificate or final roster showing satisfactory completion of a Department approved refresher course;~~
- ~~(4) current copy of a provider level CPR card that meets or exceeds American Heart Association standards;~~

~~(5) completed criminal conviction and character statement. If a candidate for renewal has been convicted, adjudicated, or pled guilty or nolo contendere to a crime, documentation of the disposition and outcome of the case will be sent to the Department for a case by case review. The Department may at its discretion deny a renewed certificate to anyone convicted of a crime.~~

~~(6) applications for renewal must be postmarked no later than June 30 of the expiration year.~~

~~(7) subsequent recertification shall be for a two year period beginning July 1, to June 30.~~

**310:641-5-19. Renewal requirements for certified and licensed emergency medical personnel**

(a) For certified and licensed emergency medical personnel compliant with OAC 310:641-5-15 and without a current NREMT certification, the following will be submitted to the Department:

- (1) a completed EMR, EMT, Intermediate, Advanced EMT, or Paramedic renewal application;
- (2) line of duty death benefit fee as defined in 63 O.S. § 1-2505.1, 2, and 3;
- (3) renewal fee of:

(A) twenty (\$20.00) dollars plus the renewal death benefit fee as detailed in the Act is required for an EMT renewal;

(B) twenty-five (\$25.00) dollars plus the renewal death benefit fee as detailed in the Act is required for an Intermediate or Advanced EMT renewal;

(C) thirty (\$30.00) dollars plus the renewal death benefit fee as detailed in the Act is required for a Paramedic renewal; and

~~(34) a refresher course completion certificate or final roster showing satisfactory completion for the appropriate licensure level documentation showing the completion of specific continuing education courses or classes that meet or exceed the National Registry National Continued Competency Program guidelines.~~

(A) EMR applications shall submit 16 hours of continuing;

(B) EMT applicants shall submit 40 hours of continuing education;

(C) Intermediates and Advanced EMT applicants shall submit 50 hours of continuing education;

(D) Paramedic applicants shall submit 60 hours of continuing education.

(b) ~~The renewing EMT shall also submit:~~ All renewing certified and licensed emergency medical personnel shall submit a current CPR certification or verification of competency that meets or exceeds American Heart Association standards.

~~(1) verification of 48 hours of continuing education on topics within the EMT DOT instruction guidelines. No more than twelve (12) hours is permitted in any one topic area.~~

~~(2) current copy of a provider level of BLS CPR that meets or exceeds AHA standards.~~

(c) The renewing Intermediate, Advanced EMT, and Paramedic shall also submit:

# Permanent Final Adoptions

- ~~(1) verification that 36 hours of continuing education on topics within the EMT DOT instruction guidelines. No more than twelve (12) hours is permitted in any one topic area.~~
- ~~(2) current copy of a provider level of BLS CPR that meets or exceeds AHA standards.~~
- ~~(3) Complete and documentation of appropriate skills review and maintenance verification completed and signed by medical control, and ensure the medical director completes the skills verification portion of the renewal application.~~
- (d) The renewing Paramedic shall also submit:—a current ACLS certification or verification of ACLS Competency that meets or exceeds American Heart Association standards.
  - ~~(1) verification that 24 hours of continuing education on topics within the EMT DOT instruction guidelines. No more than twelve (12) hours is permitted in any one topic area.~~
  - ~~(2) current copy of a provider level of BLS CPR that meets or exceeds AHA standards, and~~
  - ~~(3) Complete biennial certification requirements for Advanced Cardiac Life Support (ACLS), in accordance with the American Heart Association. If a structured ACLS course is not available, the medical control may affirm, in writing, that ACLS skills and knowledge has been demonstrated;~~
- (e) Certified and Licensed emergency medical personnel with a current NREMT certification may renew by submitting:
  - (1) a completed EMR, EMT, ~~Intermediate~~, Advanced EMT, or Paramedic renewal application,
  - (2) submitting a renewal—the required line of duty death benefit fee as defined in 63 O.S. §§ 1-2505.1, 2, and 3, and
  - (3) a renewal fee of:
    - (A) ~~twenty (\$20.00) dollars plus the renewal death benefit fee as detailed in the Act is required for an EMT renewal, for the Emergency Medical Technician,~~
    - (B) ~~twenty-five (\$25.00) dollars plus the renewal death benefit fee as detailed in the Act is required for an Advanced EMT renewal, for the Intermediate and Advanced EMS renewal fee,~~
    - (C) Paramedic renewal fee is thirty (\$30.00) dollars plus the renewal death benefit fee as detailed in the Act is required for a Paramedic renewal, and
- (f) No more than twelve (12) hours in any one topic is permitted. Continuing education topics include, but are not limited to:
  - (1) Airway, respirations, and ventilation;
  - (2) Cardiovascular;
  - (3) Trauma;
  - (4) Medical; and
  - (5) Operations
- (g) Individuals renewing with an inactive NREMT certification will be able to receive an Inactive Oklahoma Certification or License.
  - (1) The certification or license will be designated as inactive.

- (2) The individuals with an inactive certification or license are not authorized to provide patient care until the license is converted to a standard certification or license.
- (3) The conversion to a standard certification or license requires the applicant to provide the Department documentation that verifies the applicant possesses an active NREMT certification.
- (h) Individuals renewing their Oklahoma Intermediate or Paramedic Oklahoma License without any NREMT certification and without the Oklahoma ALS skills review and verification may receive an inactive license.
  - (1) The certification or license will be designated as inactive.
  - (2) The individuals with an inactive certification or license are not authorized to provide patient care until the license is converted to a standard license.
  - (3) The conversion process to a standard license requires the applicant to provide to the Department documentation that an agency medical director has verified the applicants ALS skills.
- (i) Certified and licensed emergency medical personnel participating in training and education courses shall be allowed to perform skills determined to be appropriate for the training level of the student with supervision, as described in 63 O.S. 1-2504 (C) and (D).

## SUBCHAPTER 7. TRAINING PROGRAMS

### PART 1. GENERAL PROVISIONS

#### 310:641-7-1. Purpose

The purpose of this Subchapter is to:

- ~~(1) establish minimum standards for emergency medical services training programs, emergency medical technician training courses, emergency medical services instructors, and emergency medical services training, and;~~
- ~~(2) provide standards for the evaluation, quality assurance, and enforcement of the "Oklahoma Emergency Response Systems Development Act".~~The purpose of this subchapter is to establish minimum requirements for emergency medical services that includes:
  - (1) initial and ongoing education and training programs;
  - (2) instructor and educator qualifications;
  - (3) evaluation, quality assurance and quality improvement.

### PART 3. TRAINING PROGRAMS

#### 310:641-7-10. Training and education programs

- (a) All training programs shall be in compliance with the requirements of this Subchapter.
- (b) Each training program shall submit to the Department an application for approval to conduct emergency medical services training. The application shall be on forms provided

by the Department. ~~Training programs~~ Programs must be currently certified to teach EMS related in Oklahoma before beginning courses.

~~(c) Training programs must be certified by the Department prior to teaching any courses required for the initial licensure of emergency medical personnel in Oklahoma.~~

~~(d) Training program applicants may apply to become certified for the following levels:~~

~~(1) Emergency Medical Responder Technician, which includes the ability to provide Emergency Medical Responder training;~~

~~(2) Advanced Emergency Medical Technician Emergency Medical Technician,~~

~~(3) Advanced Emergency Medical Technician, and~~

~~(34) Paramedic.~~

~~(ed) A separate certificate will be issued for each training level.~~

~~(f) Only paramedic training programs accredited or receiving a Letter of Review (LOR) by CoAEMSP may enroll new paramedic students [63:1-2511(7)].~~

~~(ge) Approved training programs shall use a quality assurance process that is approved by the Department.~~

**310:641-7-11. Training program applications**

(a) The application process shall be completed by the applicant through the established process. The information submitted to the Department shall include but is not be limited to, the following:

(1) name of the training program, address, telephone number, email and fax number;

(2) levels of training that the program anticipates being able to provide;

(3) the name of the Program ~~Administrator~~ Director and a curriculum vitae;

(4) the name of the ~~Program~~ Course Coordinator and ~~Curriculum Vitae or Resume~~ curriculum vitae or resume that includes address, telephone number, fax number and an electronic mail address;

(5) the name of the Medical Director, a ~~Curriculum Vitae or Resume~~ curriculum vitae or resume which includes address, telephone number, fax number, and an electronic-mail address, a current copy of their Oklahoma State medical license, and a current copy of their Oklahoma Bureau of Narcotics and Dangerous Drugs registration ~~expiration date~~;

(6) a copy of the student ~~grievance/appeal~~ grievance and appeal policy;

(7) list of all instructors and individual resume for each with copies of required documentation of instructor qualifications;

(8) ~~copies~~ of all current agreements for clinical experience locations required to conduct courses;

(9) ~~copies~~ of inventories of equipment and supplies;

(10) ~~copies of~~ course plans (syllabi) and curriculum objectives for the course; and

(11) site applications for additional sites of instruction with required attachments.

(b) Department personnel may make site visits, inspections or observations, to determine the training program's ability to conduct emergency medical services training in accordance with the Act and rules.

(c) Certified training programs will have a plan or policy in place to address a sudden lapse of medical direction, ~~such as a back up medical director~~, to ensure coverage when a ~~physician~~ medical director is not available.

(1) The Department shall be notified the next business day of any lapse or change of medical direction by the respective program. If the agency has made arrangements for a back-up medical director or an immediate replacement, then a lapse has not occurred.

(2) In the event of a lapse in medical direction, in that a medical director is not available, the training program will cease instruction of students until the program is able to implement their policy for a substitute or find a replacement for their medical director.

(d) minimum attendance policy, and

(e) for EMR and EMT programs, the name of the National Registry Coordinator.

**310:641-7-12. Training program renewal**

~~(a) Training programs continuing to conduct emergency medical services training shall submit an application for renewal, at least sixty (60) days prior to the expiration of their certificate on forms provided by the Department.~~

~~(b) The program shall renew using forms and processes established by the Department.~~

~~(c) In addition to the renewal application, the following documentation will be submitted to the Department with the renewal application:~~

~~(1) changes in information pertaining to the program administrator~~ director, course coordinator, and/or medical director;

~~(2) copies of current clinical agreements;~~

~~(3) current equipment and supply inventory;~~

~~(4) changes to emergency medical services instructors affiliated with the training program;~~

~~(5) current training site locations; and~~

~~(6) previous three years of benchmark data to include:~~  
~~(A) NREMT cumulative pass rates in three attempts, and~~

~~(B) student retention based on the program policies; and~~

~~(67) any other pertinent information requested by the Department.~~

**310:641-7-13. Training program responsibilities**

(a) Each training program sponsoring emergency medical services training shall be responsible for:

(1) course completion based on Oklahoma instructional guidelines, and

(2) respond to and resolve student complaints and grievances.

(b) Each training program shall issue a course completion certificate and/or course transcript to each student successfully

# Permanent Final Adoptions

---

completing an approved course. The completion documentation will include:

- (1) ~~instructor program representative name,~~
  - (2) course authorization number,
  - (3) type of course, and
  - (4) completion dates.
- (c) The minimum course attendance will be based on the training programs policy.
- (d) The student ratio for lab activities will be one (1) instructor to ten (10) students.
- (e) Records for each course offered shall be maintained by the training program for at least three (3) years. Records shall include at a minimum:
- (1) attendance records,
  - (2) clinical experience summaries,
  - (3) student evaluations and grades,
  - (4) a record of lab assistants and their documentation of qualifications, and
  - (5) ~~skill sheets~~all lab documentation for the course and National Registry practical examinations.
  - (6) National Registry practical examination skill sheets are required for Emergency Medical Responder and Emergency Medical Technician courses only.
- (f) Each training program shall ensure that all Department required equipment is in good, safe, and operational condition.
- (1) The equipment and supplies for courses must be dedicated for training purposes,
  - (2) Equipment and supplies used on live participants must meet manufacturer guidelines and recommendations;
  - (3) Equipment shall be available for inspection by Department representatives at any time during a regularly scheduled class, and
  - (34) Sufficient equipment quantities shall be made available for each course conducted.
- (g) Each training program shall ensure that a qualified preceptor supervises each student during scheduled clinical experiences.
- (h) Each training program shall administer a final written and practical examination for each course and provide National Registry's practical examinations for both Emergency Medical Responder and Emergency Medical Technician courses after course completion.
- (i) ~~The training program shall require instructors to follow the Department approved course syllabus, use lesson plans, and provide instruction for all course objectives. Following successful completion of all components of the course each EMR and EMT training program must provide a National Registry psychomotor examination.~~
- (j) ~~For all courses which require a practical examination, the training program shall follow the National Registry Practical Examination Standards. The program shall require instructors to follow the Department approved course syllabus, use lesson plans, and provide instruction for all course objectives.~~
- (k) For all courses which require a practical examination, the training program shall follow the National Registry Practical Examination Standards established within the educational guidelines as published by the Department.

## **310:641-7-14. Training and education program initial and ongoing approval**

- (a) Any application for approval submitted by an applicant pursuant to the Act shall constitute authorization for any inspection or investigation by the Department.
- (b) A training program in compliance with all requirements shall be issued a training program certificate by the Department expiring the second June 30 after the certification date. Subsequent certifications will be valid for two (2) years.
- (c) The Department may conduct quality management visits to any training program. Visits may include, but not be limited to class visits, instructor evaluations, student surveys, review or required records, and visits to clinical sites.

### **310:641-7-14.1. Denial of a training program renewal**

A training program renewal application may be denied for programs that fail to maintain a minimum pass rate on the cognitive exam that is within:

- (1) 20% of National Registry three (3) year average, or
- (2) a minimum of 50% course retention as defined by the training program.

## **310:641-7-15. Course approval**

- (a) Each training program shall submit a written course application to the Department on forms provided by the Department. The Department may approve course requests that do not fully meet course application requirements if non-approval would be detrimental to the public.
- (b) The course application shall be submitted at least thirty (30) days prior to the course start date with exceptions at the Department discretion and shall include, but not be limited to:
  - (1) Course information including type of course, location, start and end date, class session days and times, course coordinator, instructors, and final practical examination date, and time and location as required;
  - (2) Course outline including date and time, topic, curriculum division and section number, instructor and location if different than those listed on the application for each class session, and
  - (3) A list of locations and site coordinator for each location, if multiple locations via distance learning technology are used;
- (c) Each training program conducting emergency medical services training and education shall use the Department approved course guidelines.
- (d) Each training program shall ensure that course participants have access to a CPR, PALS, PEPP, and/or ACLS instructors that meet or exceed AHA standards ~~as appropriate.~~
- (e) For each course conducted by a training program, rosters reflecting the students participating in a given course shall be submitted to the Department under the following guidelines:
  - (1) An initial student roster within twenty-one (21) ~~calendar~~ days of the course start date. Amendments to the initial student roster may be made after the twenty-one (21) day requirement only with Department approval. In no case will a student be accepted on a final student roster

that does not appear on an initial student roster for that course.

(2) A final student roster within twenty-one (21) calendar days of the course end date. This roster shall identify students who have successfully completed all course requirements, withdrawn from the course, failed the course, or whose class work was incomplete;

(3) Amendments to the final student roster for incomplete course objectives may be made after the twenty-one (21) day requirement only with Department approval. ~~In no case will an~~ amended final student roster will be accepted after ninety (90) calendar days of the course ending date with Department approval. A request for Department approval shall include a description of the circumstances requiring additional time.

(f) The Department may invalidate all or any portion of a course conducted where a violation of the Act or rules has been substantiated.

**310:641-7-16. Curriculum**

The Department shall provide curricula and instructional guidelines based on the National Highway Traffic Safety Administration National Emergency Medical Services Education Standards of ~~2009~~2020 for Emergency Medical Responder, Emergency Medical Technician, Intermediate, Advanced Emergency Medical Technicians, and Paramedics initial, refresher, and transitional courses.

**PART 5. INSTRUCTOR QUALIFICATIONS**

**310:641-7-20. Instructor requirements**

(a) ~~State Certified Emergency Medical Service Instructor~~

(1) A registry of approved emergency medical services instructors shall be maintained by the Department. Each instructor candidate shall submit to the Department an application for initial instructor certification. The application shall be on forms provided by the Department and accompanied by current documentation of qualification. This application shall constitute authorization for any inspection or investigation by the Department. The initial period for instructor certification will be concurrent with current Oklahoma Emergency Medical Personnel certification or licensure. The initial renewal requirement will be pro-rated based on the remaining time to the expiration date.

(2) Qualifications for a Level 1 and Level II instructor certification include:

(A) A resume or letter documenting two (2) years of direct field experience in emergency medical services within the previous five (5) years which meets or exceeds the level of training being taught;

(B) ~~Current approval as a Basic Life Support Healthcare Provider Instructor (CPR) in accordance with American Heart Association (AHA) Instructor, American Red Cross Professional Rescuer Instructor, or National Safety Council CPR for the Health Care~~

~~Provider Instructor standards. At the paramedic level, the instructor shall be a current American Heart Association, Advanced Cardiac Life Support (ACLS) provider and a Pediatric Advanced Life Support (PALS), Pediatric Emergency Medicine (APLS), Pediatric Prehospital Care (PPC) or Pediatric Education for the Prehospital Professional (PEPP) provider. Copies of all required documentation will be forwarded to the Department with application;~~

(C) Successful completion of a Department approved EMS Instructor Training Course or Fire Service Instructor I and/or II, with the EMS Instructor Training Bridge (ITC) Course or equivalent within the previous two (2) years. Applicants with credentials greater than two year old will need to provide documentation of classroom or instructor experience totaling eight (8) hours annually from the date their initial credential(s) was issued, or complete a sixteen (16 hour instructor refresher to update their credential(s); and

(D) Current state certification or licensure; and  
(D) within three (3) years of the effective date of this regulation, the instructor identified as the lead instructor on a course authorization form of an initial paramedic course at an accredited program must possess a minimum of an associate's degree.

(3) To teach, a qualified instructor must have a letter from the director and medical director of a certified first response agency or ambulance service or the coordinator of an approved training institution, documenting affiliation. Level 1 instructors can teach at training institutions, but will be required to renew as Level 2 instructors.

(b) Emergency Medical Service Lab Assistant Instructor.

(1) ~~A~~An individual file for each of qualified Lab Assistant Instructors shall be maintained by each ~~certified training program, licensed ambulance service, or certified first response agency~~ emergency medical response agency including documentation of qualification.

(2) Qualifications for lab assistants include:

(A) ~~Affiliation with an approved training program, licensed ambulance service or certified first response agency;~~

(B) Two (2) years of current experience in medical services which meets or exceeds the level of training being assisted or evaluated; and

(C) Any certification required for the skill being assisted or evaluated.

(c) Emergency Medical Service Level 3 Instructor Educator certification.

(1) Instructor Training Courses (ITC) and Instructor Refresher Courses (IRC) shall be taught by a state certified Level 3 Instructor Educator.

(2) An application for a Level 3 Instructor Educator shall be submitted on forms provided by the Department and accompanied by current documentation of qualification.

(3) Qualifications for a Level 3 Instructor educator include:

## Permanent Final Adoptions

- (A) Affiliation with an approved training program
  - (B) Current Oklahoma licensure as a ~~Basic~~ Basic EMT or higher.
  - (C) Five (5) years experience as an ~~an~~ an EMS field provider.
  - (D) Current approval as an Oklahoma EMS Instructor
  - (E) Completion of the NHTSA/DOT EMS Instructor Training Course;
  - (F) ~~Successful completion of instruction of at least 3 major (initial) EMT courses at the Basic level or higher; Complete a minimum of 500 hours of didactic training as the lead or primary instructor in initial EMT, AEMT, or Paramedic courses; and~~
  - (G) Attendance at all mandatory meetings with the Department and other Instructor Educators.
- (4) ~~EMS~~ Level 3 instructor educators must maintain EMS instructor certification(s). A registry of approved emergency medical services instructor educators shall be maintained by the Department.

### 310:641-7-21. Instructor and instructor educator renewal

- (a) Instructors and instructor educators shall submit an application for renewal every two (2) years.
- (b) Each renewal will include ~~sixteen (16)~~ sixteen (16) verification hours of instructor continuing education or refresher course.
  - (1) Level 1 instructors are required to submit eight (8) hours of continuing education or refresher course hours.
  - (2) Level 2 and 3 instructors are required to submit sixteen (16) hours of continuing education or refresher course hours.
- (c) Instructor continuing education may consist of, but not be limited to:
  - (1) technology and software utilized in instruction and tracking student activities,
  - (2) psycho-motor exam evaluator,
  - (3) objective and evaluation writing,
  - (4) curriculum review and utilization,
  - (5) classroom management,
  - (6) instructional theory and application,
  - (7) teaching initial, refresher, and continuing education classes and courses for emergency medical professionals,
  - (8) courses, classes, and workshops approved by the Department,
- (d) ~~Unless otherwise approved by the Department, an instructor applying for renewal~~ Instructors are is limited to a maximum of four (4) hours of actual didactic, psycho-motor, or affective domain classes in any one area or topic.
- (e) ~~Instructor educators~~ Level 3 instructors providing the continuing education hours as a refresher course shall submit a course authorization request for approval ~~the assignment of a course authorization number.~~
- (f) The Department may deny, refuse to renew, revoke, suspend, or place on probation any instructor or instructor educator for reasons which include, but are not limited to:

- (1) Failure to attend Department required workshops or mandatory Department meetings for EMS instructor educators;
- (2) Failure to follow Department rules;
- (3) Failure to maintain professional license or certification qualifications;
- (4) Falsification of any training document;
- (5) Failure to maintain professional conduct at all times when providing EMS instruction;
- (6) Failure to obtain sixteen (16) hours of instructor continuing education during the two (2) year certification period for EMS instructors or to complete a Department approved EMS Instructor Refresher.
- (g) This application shall constitute authorization for any inspection or investigation by the Department.
- (h) An instructor's certification expiration date is concurrent with their Oklahoma Emergency Medical Personnel Certification or License expiration date. For the initial renewal of an instructor certification, any continuing education renewal requirements will be pro-rata based on the next expiration date.

### 310:641-7-24. Training manager authorization

- (a) Licensed ambulance services and certified emergency medical response agencies shall be authorized to conduct training based upon the need for training and continuing education activities. This agency supplied training is limited to refresher courses, emergency medical responder courses, continuing education, and other training courses as designated by the Department.
- (b) Ambulance services and emergency medical response agencies ~~shall~~ must use Level 1, 2, or 3 approved instructors to either provide and/or oversee the training. A guest presenter may be used provided an approved instructor is present and responsible for the training session.
- (c) An attendance policy or statement shall be sent with course authorization requests for approval by the Department.
  - (1) Attendance shall be maintained at the agency for three years.
  - (2) Attendance records will be provided when requested to the Department or to agencies to verify activities.
- (d) The Department may attend any training or educational activity to ensure compliance.
- (e) The Department may invalidate all or any portion of training conducted if a violation of the Act or rules has been substantiated.

## PART 13. SEMI-AUTOMATED EXTERNAL DEFIBRILLATOR TRAINING

### 310:641-7-60. Approved program providers [REVOKED]

~~Semi automated external defibrillator (SAED) training providers approved by the American Red Cross, American Heart Association, National Safety Council or other Department approved training programs shall be deemed acceptable to the Department as approved training programs for persons~~

administering SAED in accordance with 76 O.S. Supp. 1999 '5A. Training programs offered by approved providers shall be at least four (4) hours in length, cover the use of the semi automated external defibrillator and cardiopulmonary resuscitation in accordance with American Heart Association Standards.

**310:641-7-61. Approved instructors course directors and trainers**

~~Instructors approved by the American Red Cross, American Heart Association, National Safety Council, or other Department approved training program to provide semi automated external defibrillation and cardiopulmonary resuscitation training shall be deemed acceptable to the Department as approved instructors of training programs for persons administering emergency defibrillation in accordance with 76 O.S. Supp. 1999 '5A. To be subject to 76 O.S. § 5A, the Department requires course directors and trainers to complete cardiopulmonary resuscitation training from the American Red Cross, American Heart Association, National Safety Council, or any other similar course that is approved by the Department.~~

**SUBCHAPTER 11. SPECIALTY CARE  
AMBULANCE SERVICE**

**310:641-11-2. License required [REVOKED]**

- (a) No person, company, governmental entity or trust authority shall operate, advertise, or hold themselves out as being a specialty care ambulance service without first obtaining a license to operate a specialty care ambulance service from the Department. The Department shall have sole discretion to approve or deny an application for a specialty care ambulance service license based on the ability of the applicant to meet the requirements of this rule.
- (b) State and Federal agencies that respond to specialty care transports off State and Federal property are required to become licensed by the Department.
- (c) Persons, companies, and governmental entities which operate on their own premises are exempt from this licensing requirement, unless the specialty care patient(s) is/are transported on the public streets or highways of Oklahoma or outside of their own premises.
- (d) An application to operate a specialty care ambulance service shall be submitted on forms prescribed and provided by the Department. Ground, air, stretcher aid van, and specialty care services shall each be considered a separate license.
- (e) The application shall be signed under oath by the party or parties seeking to secure the license.
- (f) The party or parties who sign the application shall be considered the owner or agent (licensee), and responsible for compliance to the Act and rules.
- (g) The application shall contain, but not be limited to the following:
  - (1) a statement of ownership which shall include the name, address, telephone number, occupation and/or other

business activities of all owners or agents who shall be responsible for the service.

- (A) If the owner is a partnership or corporation, a copy of incorporation documents and the name of all partner(s) or stockholder(s) with an ownership interest of five (5%) percent or more (principal), and the name and addresses of any other ambulance service in which any partner or stockholder holds an interest shall also be included.
- (B) If the owner is an entity of government, governmental trust, trust authority, or non profit corporation, the name of each board member, or the chief administrative officer and/or chief operation officer shall be included.
- (2) Proof of vehicle insurance at least in the amount of one million dollars (\$1,000,000.00) or to the amount provided for in "The Governmental Tort Claims Act", Title 51 O.S. Section 151 et seq. This insurance requirement shall remain in effect at all times while the service is licensed;
- (3) proof of professional liability insurance at least in the amount of one million dollars (\$1,000,000) or to the amount provided for in "The Governmental Tort Claims Act", Title 51 O.S. Section 151 et seq. This insurance requirement shall remain in effect at all times while the service is licensed;
- (4) participation in a workers' compensation insurance program for employees who are subject to pertinent labor laws. This insurance requirement shall remain in effect at all times while the service is licensed;
- (5) each licensee shall have a medical control physician or medical director as prescribed by the Act and this Chapter;
- (6) copy of any contract(s) for vehicles, medical equipment, and/or personnel, if such exist;
- (7) a copy of patient care protocols and quality assurance plan detailing the care, interventions, and scope of practice beyond the Paramedic, as required by medical control physician and as prescribed by the Act and this Chapter.
  - (A) The Department may require quality assurance documentation for review and shall protect the confidentiality of that information.
  - (B) The quality assurance documentation shall be maintained by the agency for three (3) years.
  - (C) The quality assurance policy shall include, but not be limited to:
    - (i) policy to review refusals;
    - (ii) policy to review air ambulance utilization;
    - (iii) policy to review airway management;
    - (iv) policy to review cardiac arrest interventions;
    - (v) policy to review time sensitive medical and trauma cases;
    - (vi) policy to review other selected patient care reports not specifically included;
    - (vii) policy to provide internal and external feedback of findings determined through reviews, and

## Permanent Final Adoptions

- (viii) ~~documentation of the feedback will be maintained as part of the quality assurance documentation.~~
- (8) ~~A written communication policy addressing:~~
- ~~(A) the receiving and dispatching of emergency and non-emergency calls;~~
  - ~~(B) ensuring compliance with State and local EMS Communication Plans; and~~
  - ~~(C) applicants for this license will provide documentation that a screening process is in place to ensure a request for transport of a specialty care patient will meet the agency's capability, capacity, and license requirements. Documentation of the screening will be retained as part of the patient care report or call log.~~
- (9) ~~Provide a response plan that includes:~~
- ~~(A) providing and receiving mutual aid with all surrounding, contiguous, or overlapping licensed service areas; and~~
  - ~~(B) providing for and receiving disaster assistance in accordance with local and regional plans and command structures.~~
- (10) ~~A confidentiality policy ensuring confidentiality of all documents and communications regarding protected patient health information.~~
- (11) ~~An application for an initial or new license shall be accompanied by a non-refundable fee of six hundred (\$600.00) dollars plus twenty (\$20.00) dollars for each vehicle, in excess of two (2) vehicles utilized for patient transport. An additional fee of one hundred fifty (\$150.00) dollars shall be included for each ambulance substation in addition to the base station.~~
- (h) ~~Specialty care license applicants will provide documentation that reflects compliance with existing sole source ordinances.~~
- (i) ~~Applicants will declare in the application the type or types of specialty care and patients that will be transported by the agency. The types of specialty care and patients may include, but not be limited to:~~
- ~~(1) adult, pediatric, infant, neonatal, or a combination of age types;~~
  - ~~(2) cardiac care, respiratory, neurological, septicemia, or other single or multi-system complications or illnesses requiring specialized treatment during the transport of the patient.~~
- (j) ~~Specialty care ambulance services are exempt from the duty to act requirements and continuous staffing coverage.~~
- (k) ~~A business plan which includes a financial disclosure statement showing evidence of the ability to sustain the operation for at least one (1) year is required to be submitted with the application.~~
- (c) The interior of the patient compartment of their aircraft shall have the capability of being climate controlled to avoid adverse effects on patients and medical personnel on board by a means other than flight operations and flying to an altitude.
- (d) The aircraft design and configuration shall not compromise patient stability in loading, unloading, or in-flight operation to include:
- (1) the aircraft shall have an entry that allows loading and unloading without excessive maneuvering (no more than 45 degrees about the lateral axis and 30 degrees about the longitudinal axis) of the patient and does not compromise functioning of monitoring systems, intravenous lines, and manual or mechanical ventilation;
  - (2) a minimum of one stretcher shall be provided that can be carried to the patient;
  - (3) aircraft stretchers and the means of securing it in-flight must be consistent with applicable Supplemental Type Certificates (STCs).
  - (4) the type and model of stretcher indicates the maximum gross weight allowed (inclusive of patient and equipment) as labeled on the stretcher;
  - (5) the stretcher shall be large enough to carry an American adult male .
  - (6) the stretcher shall be sturdy and rigid enough that it can support cardiopulmonary resuscitation. If a backboard or equivalent device is required to achieve this, such device will be readily available;
  - (7) the head of the stretcher is capable of being elevated at least 30 degrees for patient care and comfort;
  - (8) if the ambulance stretcher is floor supported by its own wheels, there is a mechanism to secure it in position under all conditions. These restraints permit quick attachment and detachment for patient transfer.
- (e) Patients transported by air will be restrained with a minimum of three straps, including shoulder straps, which must comply with FAA regulations. The following additional requirements shall apply to achieve patient stability:
- (1) patients less than 60 pounds (27kg) shall be provided with an appropriately sized restraining device (for patient's height and weight) which is further secured by a locking device. All patients less than 40 pounds must be secured in a five-point safety strap device that allows good access to the patient from all sides and permits the patient's head to be raised at least 30 degrees. Velcro straps are not encouraged for use on pediatric devices;
  - (2) if a car seat is used, it shall have an FAA approved sticker;
  - (3) there shall be some type of restraining device within the isolette to protect the infant in the event of air turbulence.
- (f) A supplemental lighting system shall be installed in the aircraft/ambulance in which standard lighting is insufficient for patient care, and a self-contained lighting system powered by a battery pack or portable light with a battery source must be available.
- (g) An electric power outlet shall be provided with an inverter or appropriate power source of sufficient output to meet the requirements of the complete specialized equipment

### 310:641-11-11. Specialty care air ambulance aircraft

- (a) An air ambulance aircraft may be fixed wing, single or multi-engine; or rotary wing, single or multi-engine.
- (b) Operations of the aircraft shall be under the appropriate provisions of the Federal Aviation Regulations (FARs).

packages without compromising the operation of any other system or equipment. A back-up power source to enable use of equipment may be provided by an extra battery of appropriate voltage and capacity.

(h) There shall be access and necessary space to ensure any onboard patient's airway is maintained and to provide adequate ventilatory support from the secured, seat-belted position of medical transport personnel.

~~(ik)~~ Medical transport personnel shall be able to determine if medical oxygen is on in the patient care area.

(1) Each gas outlet shall be clearly marked for identification.

(2) Oxygen flow shall be capable of being started and stopped at or near the oxygen source from inside the aircraft.

(3) The following indicators shall be accessible to medical transport personnel while en route:

- (A) quantity of oxygen remaining; and
- (B) measurement of liter flow.

~~(j)~~ A variety of medical oxygen delivery devices consistent with the service's medical protocols shall be available.

~~(km)~~ An appropriately secured portable medical oxygen tank with a delivery device shall be carried on the aircraft. Portable medical oxygen tank may not be secured between patient's legs while the aircraft is in motion.

~~(ln)~~ There shall be a back-up source of medical oxygen sufficient to allow completion of the transport in the event the main system fails. For air transports, this back-up source can be the required portable tank as long as the portable tank is accessible in the patient care area during flight.

~~(m)~~ Storage of oxygen shall comply with applicable standards.

~~(np)~~ Oxygen flow meters and outlets shall be located to prevent injury to medical transport personnel to the extent possible.

~~(oq)~~ The licensee shall notify the Department prior to placing a substitute aircraft into operation. Any vehicle initially placed in service after a purchase, lease, contract and/or refurbish shall be inspected, approved, and permitted by the Department. In the event the licensee will be utilizing a substitute aircraft not previously permitted by the Department for a period of more than five (5) days, the licensee shall notify the Department to have the aircraft inspected and permitted by the Department.

(1) Licensees with a substitute aircraft utilized for periods of five (5) days or less, the licensee shall complete an agency specific equipment log documenting the transfer of all required equipment onto the substitute aircraft at the time of transfer.

(2) The agency will maintain documentation of the transfer in accordance with OAC 310:641-13-21 Air ambulance service records and files.

(p) Any vehicle initially placed in service after a purchase, lease, contract and/or refurbish shall be inspected, approved, and permitted by the Department as detailed within this section of OAC 310:641 Subchapter 11.

**310:641-11-12. Equipment for specialty care transport vehicles (air and ground)**

(a) The tampering, modification, or removal of the manufacturer's expiration date is prohibited.

(b) Licensed specialty care ambulance services shall ensure that all recalled, outdated, misbranded, adulterated, or deteriorated fluids, supplies, and medications are removed from ambulances immediately.

(c) The medical control physician will authorize all equipment and medications placed on the units for patient care.

(1) The authorized equipment and medications will be detailed on a unit checklist and will match the equipment and supplies with detailed defined minimums needed to treat patients in the manner in the agency approved protocols. The checklist will also meet the requirements described in the ambulance file section of this subchapter.

(2) The medications authorized by the medical director will be detailed on the unit checklist ~~described in the ambulance files section of this subchapter~~, to include the number, weight, and volume of the medication containers.

(d) At a minimum, the following equipment and supplies will be present on each specialty care unit when transported specialty care patients:

(1) age and size appropriate oropharyngeal and nasopharyngeal airways, single wrapped for sanitation purposes;

(2) functioning portable suction device with age and size appropriate tubing and tips;

(3) age and size appropriate bag-valve-mask resuscitators;

(4) portable (secured in each vehicle) and wall mounted oxygen sets, with age and size appropriate tubing cannulas and masks;

(5) spare portable oxygen cylinder, secured to manufacturing specifications;

(6) Bandaging materials to include:

(A) two (2) burn sheets clean wrapped and marked in plastic bag that need not be sterile.

(B) fifty (50) sterile 4"x4" dressings.

(C) six (6) sterile 6"x8" or 8"x10" dressings.

(D) ten (10) roller bandages, 2" or larger.

(E) four (4) rolls of tape (minimum of one (1") inch width).

(F) four (4) sterile occlusive dressings, 3" x 8" or larger.

(G) four (4) triangular bandages.

(H) one (1) pair of bandage scissors.

(7) Fracture immobilization devices to include:

(A) one (1) adult and one (1) pediatric traction splint or equivalent device capable of adult and pediatric application.

(B) two (2) upper and two (2) lower extremity splints in adult and pediatric sizes.

(C) short spine board or vest type immobilizer, including straps and accessories as described within the agency protocols.

## Permanent Final Adoptions

---

- (D) two (2) adult and one (1) pediatric size long spine board including straps and head immobilization devices.
  - (E) two (2) rigid or adjustable extrication collars in large, medium, small adult sizes, and pediatric sizes for children ages 2 years or older and one (1) infant collar. Collars shall not be foam or fiber filled.
- (8) Miscellaneous medical equipment to include:
- (A) one (1) infant, one (1) child, two (2) adult, and one (1) extra-large blood pressure cuffs;
  - (B) stethoscope, one (1) adult and one (1) pediatric sizes.
  - (C) obstetrical kit with towels, 4"x4" dressing, umbilical tape, bulb syringe, cord cutting device, clamps, sterile gloves, aluminum foil, and blanket.
  - (D) universal communicable disease precaution equipment including gloves, mask, goggles, gown, and other universal precautions.
  - (E) blood-glucose measurement equipment per medical direction and Department approval.
  - (F) CPAP per medical direction and Department approval.
- (9) Other mandatory equipment to include:
- (A) Two (2) appropriately labeled or designated waste receptacles for:
    - (i) waste that is contaminated by bodily fluids or potentially hazardous infectious waste, and
    - (ii) waste that does not present a biological hazard, such as plastic or paper products that are not contaminated.
  - (B) two way radio communication equipment utilizing VHF frequency 155.3400 as detailed in this Chapter and through the Statewide Interoperability Governing Body.
  - (C) one (1) sturdy, lightweight, all-level cot for the primary patient that is compliant with the vehicle manufacturing standards in place at the time of purchase.
  - (D) at least three (3) strap type restraining devices (chest, hip, and knee), and compliant shoulder harness shall be provided per stretcher, cot, and litter (not less than two (2") inches wide, nylon, easily removable for cleaning, two (2) piece assembly with quick release buckles).
  - (E) electronic or paper patient care run reports.
  - (F) two (2) fire extinguishers; one (1) in the cab of the unit, and one in the patient compartment of the vehicle each mounted in a manner that allows for quick release and is compliant with the ambulance manufactures building standards. Each extinguisher is to be dry powder, ABC, and a minimum of five (5) pounds.
  - (G) two (2) operable flashlights;
  - (H) all ambulance equipment and supplies shall be maintained in accordance with sanitation requirements in this Chapter. Additionally, sterility shall be maintained on all sterile packaged items.
  - (I) digital or strip type thermometer and single use probes.
  - (J) six (6) instant cold packs.
  - (K) one (1) length/weight based drug dose chart or tape.
  - (L) a minimum of two (2) DOT approved reflective vests.
  - (M) As approved by local medical direction, a child restraint system or equipment for pediatric patients, as provided under the limits of the agency license.
- (e) All assessment and medical equipment utilized for patient care will be maintained in accordance with the manufactures guidelines. Documentation will be maintained at the agency showing that periodic tests, maintenance, and calibration are being conducted in accordance with the manufactures requirements. These types of equipment include, but are not limited to, gurneys or stretchers, suction devices, pulse oximetry, glucometers, capnography monitors, end-tidal co2 monitors, CPAP/BiPAP devices, ventilators, and blood pressure monitors.

### **310:641-11-14. Specialty care agency sanitation requirements**

- (a) The following shall apply regarding sanitation standards for all specialty care ambulance services facilities, vehicles, and personnel:
- (1) the interior of the vehicle and the equipment within the vehicle shall be sanitary, secured and maintained in good working order at all times;
  - (2) the exterior of the vehicle shall be clean and maintained in good working order to ensure the vehicle can operate safely and in accordance with applicable sections of Title 47 of the Oklahoma Statutes;
  - (3) linen shall be changed after each patient is transported; and bagged and stored in an outside or separate compartment;
  - (4) clean linen, blankets, washcloths, and hand-towels shall be stored in a closed interior cabinet free of dirt and debris;
  - (5) freshly laundered linen or disposable linen shall be used on the cots and pillows and changed between patients;
  - (6) pillows and mattresses shall be kept clean and in good repair and any repairs made to pillows, mattresses, and padded seats shall be permanent;
  - (7) soiled linen shall be placed in a closed container that deters accidental exposure. Any linen which is suspected of being contaminated with bodily fluids or other potentially hazardous infectious waste shall be placed in appropriately marked or designated closed container for disposal;
  - (8) contaminated disposable supplies shall be placed in appropriately marked or designated containers in a manner that deters accidental exposure.
  - (9) exterior and interior surfaces of vehicles shall be cleaned routinely;
  - (10) blankets and hand towels used in any vehicle shall be clean;

- (11) implements inserted into the patient's nose or mouth shall be single-service wrapped and properly stored and handled. When multi-use items are utilized, the local health care facilities should be consulted for instructions in sanitation and handling of such items;
- (12) when a vehicle has been utilized to transport a patient(s) known to the operator to have a communicable disease the vehicle shall be cleansed and all contact surfaces shall be washed with soap and water and appropriate disinfectant. The vehicle should be placed "out of service" until a thorough cleansing is conducted;
- (13) all storage spaces used for storage of linens, equipment, medical supplies, and other supplies at the base station shall be kept clean;
- (14) personnel shall be clean, especially hands and fingernails, and well groomed. Clothing worn by personnel shall be clean. The licensee shall provide in each vehicle a means of hand washing for the attendants;
- (15) the oxygen humidifier(s) shall be single use;
- (16) All medications, supplies, and sterile equipment with expiration dates shall be current;
- (17) Expired medications, supplies, and sterile equipment shall be discarded appropriately. Tampering, removing, or altering expiration dates on medications, supplies, and equipment is prohibited;
- (18) The station facility, ambulance bays, living quarters, and office areas shall be clean, orderly, and free of safety and health hazards;
- (19) Specialty care ambulance vehicles and service facilities shall be free of any evidence of use of lighted or smokeless tobacco products except in designated smoking areas consistent with the provisions of 310:641-1-4.

**310:641-11-20. Operational protocols**

- (a) Authorized emergency vehicles of licensed ambulance services shall adhere to the requirements of Title 47 O.S. Section 1-101 et seq. ("Motor Vehicle Code") for all vehicle operations. following for physically displaying and/or orally transmitting via voice communications, to the following modes of operation:
  - (1) ~~"Code 1" shall mean a non emergency mode for the purpose of operation of an ambulance service vehicle. Neither red lights nor siren shall be utilized, and the vehicle shall not be considered or afforded the exemption of an "authorized emergency vehicle" pursuant to Title 47 ("Motor Vehicle Code");~~
  - (2) ~~"Code 3" shall mean an emergency mode for the purpose of operation of an ambulance service vehicle. Both red lights and siren shall be utilized, and the vehicle shall be considered and afforded the exemption of an "authorized emergency vehicle" pursuant to Title 47 ("Motor Vehicle Code").~~
- (b) When a facility requests a specialty care transport, the specialty care agency will provide an accurate estimated time of arrival and ensure the patient needs will be able to be met for the service being requested.
- (c) Mutual aid plan(s), regarding interfacility transports only, with licensed services shall be developed and placed

in the agency files for inspection. Plans will be periodically reviewed to ensure accuracy and completeness. Licensed specialty care agencies shall provide mutual aid, if the agency has the capability and if the requested activity is within the licensure requirements.

**310:641-11-22. Specialty care ambulance service records and files**

- (a) All required records for licensure will be maintained for a minimum of three (3) years.
- (b) Each licensed specialty care ambulance service shall maintain electronic or paper records about the operation, maintenance, and such other required documents at the business office. These files shall be available for review by the Department during normal work hours. Files which shall be maintained include the following:
  - (1) Patient care records:
    - (A) at the time a patient is transported to a receiving facility, the following information will be, at a minimum provided to the facility staff members at the time the patient is accepted:
      - (i) personal information such as name, date of birth, and address;
      - (ii) patient assessment with medical history;
      - (iii) medical interventions and patient responses to interventions;
      - (iv) any known allergies; and
      - (v) other information from the medical history that would impact the patient outcomes if not immediately provided.
    - (B) A signature of the receiving facility health care staff member will be obtained to show the above information and the patient were received.
  - (2) A complete copy of the patient care report shall be sent to the receiving facility within twenty-four (24) hours of the hospital receiving the patient.
  - (3) Completed patient care reports shall contain demographic, administrative, legal, medical, community health, and patient care information required by the Department through the OKEMISIS Data Dictionary.
  - (4) All run reports and patient care information shall be considered confidential.
- (c) All licensed agencies shall maintain electronic or paper records on the maintenance, and regular inspections of each vehicle.
  - (1) Each vehicle must be inspected and a detailed equipment checklist completed after each call, or on a daily basis, whichever is less frequent-, and
  - (2) documentation that shows routine vehicle maintenance for each vehicle as required by vehicle manufacture recommendations.
- (d) All licensed agencies shall maintain a licensure or credential file for licensed and certified emergency medical personnel employed by or associated with the service to include:
  - (1) Oklahoma license and certification,
  - (2) Basic Life Support certification, or documentation of BLS cognitive objectives and psychomotor skills that

## Permanent Final Adoptions

---

meets or exceeds American Heart Association standards, and approved by the medical director:

- (3) Advanced Cardiac Life Support certification or documentation of BLS cognitive objectives and psychomotor skills that meets or exceeds American Heart Association Standards, as approved by the medical director if applicable for the license level,
  - (4) Incident Command System or National Incident Management Systems training at the 100, 200, and 700 levels or their equivalent,
  - (5) verification of an Emergency Vehicle Operations Course or other agency approved defensive driving course,
  - (6) contain a list or other credentialing document that defines or describes the medical director authorized procedures, equipment, and medications for each certified or licensed member employed or associated with the agency, and
  - (7) a copy of the medical director credentials will be maintained at the agency.
- (e) The electronic or paper copies of the licenses and credentials described in this section shall be kept separate from other personnel records to ensure confidentiality of records that do not pertain to the documents relating to patient care.
- (f) Copies of staffing patterns, schedules, or staffing reports which indicate the ambulance service is maintaining twenty four (24) hour coverage at the highest level of license;
- (g) Copies of in-service training and continuing education records.
- (h) Copies of the ambulance service:
- (1) operational policies, guidelines, or employee handbook;
  - (2) a list of the patient care equipment that is carried on any "Class E" unit(s) will be part of the standard operating procedure or guideline manual,
  - (3) medical protocols; and
  - (4) OSHA and/or Department of Labor exposure plan, policies, or guidelines.
- (i) A log of each request for service received and/or initiated, to include the:
- (1) disposition of the request and the reason for declining the request if applicable,
  - (2) patient care report number,
  - (3) date of request,
  - (4) patient care report times as required in the OKEM-SIS Data Dictionary,
  - (5) location of the incident, and
  - (6) ~~where the ambulance originated, and~~
  - (7) nature of the call.
- (j) Documentation that verifies an ongoing, physician involved quality assurance program.
- (k) Such other documents which may be determined necessary by the Department. Such documents can only be required after a thorough, reasonable, and appropriate notification by the Department to the services and agencies.
- (l) The standardized data set and an electronic submission standard for EMS data as developed by the Department shall be mandatory for each licensed ambulance service. Reports of the EMS data standard shall be forwarded to the Department

by the last business day of the following month. Exceptions to the monthly reporting requirements shall be granted only by the Department, in writing.

(m) Review and the disclosure of information contained in the ambulance service files shall be confidential, except for information which pertains to the requirements for license, certification, or investigation issued by the Department.

(n) Department representatives shall have prompt access to files, records, and property as necessary to appropriately survey the provider. Refusal to allow access by representatives of Department to records, equipment, or property may result in summary suspension of licensure by the Commissioner of Health.

(o) All information submitted and/or maintained in files for review shall be accurate and consistent with Department requirements.

(p) A representative of the agency will be present during the record review.

### SUBCHAPTER 13. AIR AMBULANCE SERVICE

#### 310:641-13-2. License required [REVOKED]

~~(a) No person, company, governmental entity or trust authority shall operate, advertise, or hold themselves out as providing any air ambulance service without first obtaining a license to operate an air ambulance service from the Department. The Department shall have sole discretion to approve or deny any application for air ambulance service license based on the ability of the applicant to meet the requirements of this rule.~~

~~(1) State and Federal agencies are exempt from this licensing requirement unless the State and Federal agency air ambulance service routinely responds to emergency requests for service off State and/or Federal property.~~

~~(2) An application for a license to operate as an air ambulance service shall be submitted on forms prescribed and approved by the Department.~~

~~(3) The application shall be signed by the party or parties seeking to secure the license.~~

~~(4) The party or parties who sign the application shall be considered the owner or agency (licensee) and responsible for compliance to the Act and this Chapter.~~

~~(5) The application shall contain, but not be limited to the following:~~

~~(A) a statement of ownership shall include the name, address, telephone number(s), occupation, and other business activities of all owners or agents who shall be responsible for the service;~~

~~(B) if the owner is a partnership or corporation, a copy of incorporation documents and the name of all partner(s) or stockholder(s) with an ownership interest of five (5%) percent or more (principal), and the name and addresses of any other ambulance service in which any partner or stockholder holds an interest shall also be included;~~

~~(C) If the owner is an entity of government, governmental trust, trust authority, or non-profit corporation,~~

the name of each board member, or the chief administrative officer, and/or chief operation officer shall be included;

(D) Proof of aircraft insurance as required within Federal regulations;

(E) Proof of professional liability insurance at least in the amount of one million dollars (\$1,000,000) or to the amount provided for in "The Governmental Tort Claims Act", Title 51 O.S. Sections 151 et seq. This insurance requirement shall remain in effect at all times while the service is licensed;

(F) participation in a workers' compensation insurance program for employees who are subject to pertinent labor laws. This insurance requirement shall remain in effect at all times while the service is licensed;

(G) each licensee shall have a medical control physician or medical director as prescribed by the Act and this Chapter;

(H) copy of any contract(s) medical equipment, and/or personnel;

(I) a copy of patient care protocols and quality assurance plan detailing the care and interventions as required by medical control physician and as prescribed by the Act and this Chapter;

(J) the Department may require quality assurance documentation for review and shall protect the confidentiality of that information;

(K) the quality assurance documentation shall be maintained by the agency for three (3) years;

(L) the quality assurance policy shall include, but not be limited to:

- (i) policy to review refusals;
- (ii) policy to review air ambulance utilization;
- (iii) policy to review airway management;
- (iv) policy to review cardiac arrest interventions;
- (v) policy to review time sensitive medical and trauma cases;
- (vi) policy to review other selected patient care reports not specifically included;
- (vii) policy to provide internal and external feedback of findings determined through reviews;
- (viii) documentation of the feedback will be maintained as part of the quality assurance documentation.

(M) a written communication policy addressing:

- (i) the receiving and dispatching of emergency and non-emergency calls; and
- (ii) ensuring compliance with State and local EMS Communication Plans.

(N) air ambulance specialty care license applicants will provide documentation that a screening process is in place to ensure a request for transport of a specialty care patient will meet the agency's capability, capacity, and licensure requirements. Documentation of the screening will be retained as part of the patient care report or call log.

(6) Provide a response plan that includes:

(A) providing and receiving mutual aid with all surrounding, contiguous, or overlapping air ambulance licensed service areas that provides for support when an agency is not able to meet a request for medical assistance;

(B) providing for and receiving disaster assistance in accordance with local and regional plans and command structures.

(7) Confidentiality policy ensuring confidentiality of all documents and communications regarding protected patient health information.

(b) An application for an initial or new license shall be accompanied by a non refundable fee of six hundred (\$600.00) dollars plus twenty (\$20.00) dollars for each vehicle in excess of two (2) vehicles utilized for patient transport. An additional fee of one hundred fifty (\$150.00) dollars shall be included for each ambulance substation in addition to the base station.

(c) Air ambulance services are exempt from a duty to act requirements and continuous staffing coverage.

(d) A business plan which includes a financial disclosure statement showing evidence of the ability to sustain the operation for at least one (1) year.

**310:641-13-10. Air ambulance equipment**

(a) Medical control shall determine the patient's needs and level of care required when deciding what equipment shall be aboard each flight and the type of aircraft required for transport. Equipment kits, cases and/or packs which are carried on any given flight shall be available for the following categories: trauma, cardiac, burn, toxicologic, pediatric, neonatal, and obstetrics.

(b) controlled substances shall be in a locked system and kept in a manner consistent with Federal and States requirements and applicable sections of this Chapter.

(c) storage of medications shall allow for protection from extreme temperature changes if environment deems it necessary.

(d) The following medical equipment shall be required to be on board every aircraft certified by the Department for air medical services:

- (1) readily available IV supplies and fluids, readily available;
- (2) hangers or hooks to secure IV solutions in place and equipment to provide high flow fluids if needed. Glass IV containers shall not be used unless required by specific medications and properly secured;
- (3) a minimum of three (3) IV infusion pumps immediately available for critical care transports;
- (4) accessible medications, consistent with the service's medical protocols;
- (5) a cardiac monitor, defibrillator and external pacemaker shall be secured and positioned so that displays are visible. Two (2) extra batteries or a power source shall be available for cardiac monitor / defibrillator or external pacemaker (adult and pediatric);
- (6) laryngoscope and tracheal intubation supplies, to include laryngoscope blades, bag-valve-mask, and oxygen

## Permanent Final Adoptions

supplies, including PEEP valves; appropriate for ages and potential needs of patient transported;

- (7) a mechanical ventilator appropriate for critical care transports;
- (8) two (2) suction units, one of which is portable and both of which are capable of delivering adequate suction to clear the airway with wide bore (1/4") tubing and rigid and soft suction catheters for adults, children, and infants;
- (9) pulse oximetry with adult and pediatric capability;
- (10) continuous waveform capnography monitoring capabilities and equipment;
- (11) automatic blood pressure device;
- (12) devices for decompressing a pneumothorax and performing an emergency cricothyroidotomy;
- (13) doppler stethoscope;
- (14) continuous/bi level positive airway pressure device as allowed by protocol; and
- (15) arterial line blood pressure monitoring as allowed by protocol.

(e) All medical equipment (including specialized equipment) and supplies shall be secured according to FAR's.

(f) All assessment and medical equipment utilized for patient care will be maintained in accordance with the manufacturer's guidelines. Documentation will be maintained by the agency, and made available to the Department upon request, showing the periodic tests, maintenance, and calibration are being conducted in accordance with manufacturer's requirements. Equipment shall include, but not be limited to, stretcher or gurney, suction devices, pulse oximetry, glucometers, end-tidal CO<sub>2</sub>, and capnography monitors, CPAP/BiPAP devices, ventilators, and blood pressure monitors.

### 310:641-13-19. Emergency medical services regions [REVOKED]

~~(a) Regions established pursuant to Section 1-2503 (21) and (22) of the Act shall not be recognized without Department approval for this purpose. Pursuant to Title 74, O.S., Section 1006, of the "Interlocal Cooperation Act" (relating to Approval of Agreements), the Department shall exercise authority granted to approve or disapprove all matters within its jurisdiction, in addition to and in substitution for the requirement of submission to and approval by the Attorney General.~~

~~(b) The Department shall recognize regions which comply with the law and this Chapter.~~

~~(c) Any regional emergency medical services system shall provide the name of the regional medical director, copies of regional standards, rules, and transport protocols established for the regional emergency medical services system to the Department.~~

### 310:641-13-21. Air ambulance service records and files

(a) All required records for licensure will be maintained for a minimum of three years.

(b) Each licensed air ambulance service shall maintain electronic or paper records about the operation, maintenance, and such other required documents at the business office. These files shall be available for review by the Department during

normal work hours. Files which shall be maintained include the following:

(1) At the time a patient is transported to a receiving facility, the following patient care records will be, at a minimum, provided to the facility staff members at the time the patient(s) are accepted:

- (A) personal information such as name, date of birth, and address,
- (B) patient assessment with medical history,
- (C) medical interventions and patient responses to interventions,
- (D) any known allergies,
- (E) other information from the medical history that would impact the patient outcomes if not immediately provided.

(2) A signature of the receiving facility health care staff member will be obtained to show the above information and the patient were received.

(3) A complete copy of the patient care report shall be sent to the receiving facility within twenty-four (24) hours of the hospital receiving the patient.

(4) Completed patient care reports shall contain demographic, administrative, legal, medical, community health, and patient care information required by the Department through the OKEMSIS Data Dictionary.

(5) All run reports and patient care information shall be considered confidential.

(c) All licensed air ambulance agencies shall maintain electronic or paper records on the maintenance and regular inspections of each vehicle. Each vehicle must be inspected and a checklist completed after each call or on a daily basis, whichever is less frequent.

(d) All licensed air ambulance agencies shall maintain a licensure or credential file for licensed and certified emergency medical personnel employed by or associated with the service to include:

- (1) Oklahoma license and certification,
- (2) Basic Life Support certification, or documentation of BLS cognitive objectives and psychomotor skills that meets or exceeds American Heart Association standards and approved by the medical director,
- (3) Advanced Cardiac Life Support certification, or documentation of BLS cognitive objectives and psychomotor skills that meets or exceeds American Heart Association Standards and approved by the medical director, as applicable for advanced licensure levels,
- (4) Incident Command System or National Incident Management Systems training at the 100, 200, and 700 levels or their equivalent,
- (5) contain a list or other credentialing document that defines or describes the medical director authorized procedures, equipment, and medications for each certified or licensed member employed or associated with the agency,
- (6) a copy of the medical director credentials will be maintained at the agency.

(e) The electronic or paper copies of the licenses and credentials described in this section shall be kept separate from other

personnel records to ensure confidentiality of records that do not pertain to the documents relating to patient care.

- (f) All licensed air ambulance agencies shall maintain:
  - (1) copies of staffing patterns, schedules, or staffing reports which indicate the ambulance service is maintaining twenty four (24) hour coverage, at the highest level of license;
  - (2) copies of in-service training and continuing education records;
  - (3) copies of the air ambulance services:
    - (A) operational policies, guidelines, or employee handbook. The standard operating procedure or guideline manual will include list of the patient care equipment that is carried on any "Class E" unit(s);
    - (B) medical protocols; and
    - (C) OSHA and/or Department of Labor exposure plan, policies, or guidelines.
  - (4) A log of each request for service received and/or initiated, to include the following:
    - (A) disposition of the request and the reason for declining the request, if applicable,
    - (B) the patient care report number,
    - (C) date of request,
    - (D) patient care report times as defined in the OKEMISIS Data Dictionary,
    - (E) location of the incident,
    - (F) ~~where the ambulance originated, and~~
    - (G) nature of the call;
  - (5) Documentation that verifies an ongoing, physician-involved quality assurance program.
  - (6) Such other documents which may be determined necessary by the Department. Such documents can only be required after a thorough, reasonable, and appropriate notification by the Department to the services and agencies.
- (g) The standardized data set and an electronic submission standard for EMS data as developed by the Department shall be mandatory for each licensed ambulance service. Reports of the EMS data standard shall be forwarded to the Department by the last business day of the following month. Exceptions to the monthly reporting requirements shall be granted only by the Department in writing.
- (h) Review and the disclosure of information contained in the ambulance service files shall be confidential except for information which pertains to the requirements for license, certification, or investigation issued by the Department.
- (i) Department representatives shall have prompt access to files, records, and property as necessary to appropriately survey the provider. Refusal to allow access by representatives of Department to records, equipment, or property may result in summary suspension of licensure by the Commissioner of Health.
- (j) All information submitted and/or maintained in files for review shall be accurate and consistent with Department requirements.
- (k) A representative of the agency will be present during the record review.

**SUBCHAPTER 15. EMERGENCY MEDICAL RESPONSE AGENCY**

**310:641-15-2. Certified pre-hospital emergency medical response agency [REVOKED]**

- ~~(a) The Department may issue a certification to prehospital emergency medical response agency applicants.~~
- ~~(b) No person, company, governmental entity or trust authority shall operate, advertise, or hold themselves out as providing any type of care or response above the Emergency Medical Responder level without first obtaining a certificate from the Department. The Department shall have sole discretion to approve or deny an application for an emergency medical response agency certification based on the ability of the applicant to meet the requirements of this rule.~~
- ~~(c) State and Federal agencies that respond off State and Federal property are required to become certified by the Department.~~
- ~~(d) Persons, companies, and governmental entities which operate on their own premises and do not provide services to the public are exempt. Entities that limit the interventions and activities of their staff members to first aid, CPR, and the use of an AED are not required to become a certified Emergency Medical Response Agency.~~
- ~~(e) An application for the certification shall be submitted on forms prescribed and provided by the Department~~
- ~~(f) The application shall be signed under oath by the party or parties seeking to secure the license.~~
- ~~(g) The party or parties who sign the application shall be considered the owner or agent (certificate holder) and responsible for compliance of the Act and rules.~~
- ~~(h) The application shall contain, but not be limited to the following:
 
  - ~~(1) a statement of ownership which shall include the name, address, telephone number, occupation and/or other business activities of all owners or agents who shall be responsible for the service;
 
    - ~~(A) If the owner is a partnership or corporation, a copy of incorporation documents and the name of all partner(s) or stockholder(s) with an ownership interest of five (5%) percent or more (principal), and the name and addresses of any other ambulance service in which any partner or stockholder holds an interest shall also be included.~~
    - ~~(B) If the owner is an entity of government, governmental trust, trust authority, or non-profit corporation, the name of each board member, or the chief administrative officer and/or chief operation officer shall be included.~~~~
  - ~~(2) if the agency operates vehicles through ownership or contract, then proof of vehicle insurance at least in the amount of one million dollars (\$1,000,000.00) or to the amount provided for in "The Governmental Tort Claims Act", Title 51 O.S. Section 151 et seq. This insurance requirement shall remain in effect at all times while the service is licensed,~~
  - ~~(3) proof of professional liability insurance at least in the amount of one million dollars (\$1,000,000) or to the~~~~

## Permanent Final Adoptions

amount provided for in "The Governmental Tort Claims Act", Title 51 O.S. Sections 151 et seq. This insurance requirement shall remain in effect at all times while the service is licensed;

(4) participation in a workers' compensation insurance program for employees who are subject to pertinent labor laws. This insurance requirement shall remain in effect at all times while the service is licensed.

(5) Each certified agency shall have a medical control physician or medical director as prescribed by the Act and this Chapter and submit with the application:

(A) a letter of agreement from the physician to provide medical direction and establish the protocols and the scope of practice provided at the service;

(B) the physicians primary practice address or home address if the physician does not have a practice and email address;

(C) an Oklahoma Bureau of Narcotics and Dangerous Drugs (OBNDD) registrant number;

(D) a current Oklahoma medical license;

(E) a curriculum vitae;

(6) Copy(ies) of any contract(s) for vehicles, medical equipment, and/or personnel, if such exist;

(7) a copy of patient care protocols and quality assurance plan detailing the care, interventions, and scope of practice as authorized by the medical director and as prescribed by the Act and this Chapter;

(A) the Department may require quality assurance documentation for review, and shall protect the confidentiality of that information.

(B) the quality assurance documentation shall be maintained by the agency for three (3) years.

(C) The quality assurance policy shall include, but not be limited to:

(i) policy to review refusals

(ii) policy to review air ambulance utilization;

(iii) policy to review airway management;

(iv) policy to review cardiac arrest interventions;

(v) policy to review time sensitive medical and trauma cases;

(vi) policy to review other selected patient care reports not specifically included;

(vii) policy to provide internal and external feedback of findings determined through reviews;

(viii) documentation of the feedback will be maintained as part of the quality assurance documentation.

(8) A written communication policy addressing:

(A) the receiving and dispatching of emergency and non emergency calls; and

(B) ensuring compliance with State and local EMS Communication Plans.

(9) Provide a response plan that includes:

(A) providing and receiving mutual aid with all surrounding, contiguous, or overlapping licensed service area

(B) providing for and receiving disaster assistance in accordance with local and regional plans and command structures;

(10) Confidentiality policy ensuring confidentiality of all documents and communications regarding protected patient health information.

(11) An application for an initial or new certification shall be accompanied by a non refundable fee of fifty (\$50.00) dollars.

(i) Applications shall include a letter of support or agreement from a licensed ambulance service within the proposed emergency medical response service area that includes:

(1) support of the application;

(2) support of the medical control physician choice; and

(3) plans or policies for supporting or participating in quality assurance activities.

(j) a letter documenting support and need from the governmental authority(ies) that have jurisdiction over the proposed emergency response area. If the emergency response area encompasses multiple jurisdictions, a written endorsement shall be presented from each jurisdiction.

(k) A description of the proposed level of service in the response area including:

(1) a map defining the primary emergency response area including base station, substations, posts, and consistent with local or regional emergency communication plans (e.g. 911 center);

(2) a description of the level of care to be provided and describing any variations in care within the area; and

(3) Emergency Medical Response Agency applicants will provide documentation that reflects compliance with existing sole source ordinances.

(l) Pre-hospital emergency medical response agencies are prohibited from transporting patients

### 310:641-15-3. Event standby emergency medical response agency application [REVOKED]

(a) The Department may issue an event standby emergency medical response agency certification to applicants.

(b) No person, company, governmental entity or trust authority shall operate, advertise, or hold themselves out as providing any type of care or response at or above the Emergency Medical Responder level without first obtaining a certificate from the Department. The Department shall have sole discretion to approve or deny an application for an Event Standby Emergency Medical Response agency certificate based on the ability of the applicant to meet the requirements of this rule.

(c) Federal agencies that routinely respond off Federal property are required to become certified by the Department unless their responses are specifically part of a Federal mission.

(d) State agencies that routinely respond off state property are required to become certified. An exception are those state entities that are part of Oklahoma Office of Homeland Security, Oklahoma State Department of Health, or Medical Reserve Corps providing support to established systems of care.

(e) Persons, companies, and governmental entities which operate on their own premises, and do not provide services to the public are exempt.

(f) Persons, companies, and governmental entities that limit the activities and interventions of their staff members to that of first aid, CPR, and the use of an AED are not required to become a certified emergency medical response agency.

(g) An application for the event stand-by emergency medical response agency certification shall be submitted on forms prescribed and provided by the Department.

(h) The application shall be signed under oath by the party or parties seeking to secure the license.

(i) The party or parties who sign the application shall be considered the owner or agent (licensee) and responsible for compliance to the Act and rules.

(j) The application shall contain, but not be limited to, the following:

(1) A statement of ownership shall include the name, address, telephone number, occupation, and/or other business activities of all owners or agents who shall be responsible for the service;

(2) If the owner is a partnership or corporation, a copy of incorporation documents and the name of all partner(s) or stockholder(s) with an ownership interest of five (5%) percent or more (principal) and the name and addresses of any other ambulance service in which any partner or stockholder holds an interest shall also be included;

(3) If the owner is an entity of government, governmental trust, trust authority, or non-profit corporation, the name of each board member, chief administrative officer, and/or chief operation officer shall be included;

(4) If the agency operates vehicles through ownership or contract, then proof of vehicle insurance at least in the amount of one million dollars (\$1,000,000.00), or to the amount provided for in "The Governmental Tort Claims Act", Title 51 O.S. Sections 151 et seq. This insurance requirement shall remain in effect at all times while the service is licensed;

(5) Proof of professional liability insurance at least in the amount of one million dollars (\$1,000,000), or to the amount provided for in "The Governmental Tort Claims Act", Title 51 O.S. Sections 151 et seq. This insurance requirement shall remain in effect at all times while the service is licensed;

(6) proof of participation in a workers' compensation insurance program for employees who are subject to pertinent labor laws. This insurance requirement shall remain in effect at all times while the service is licensed;

(7) each certified agency shall have a medical control physician or medical director as prescribed by the Act and this Chapter and submit with the Application:

(A) letter of agreement from the physician to provide medical direction and establish the protocols and the scope of practice provided at the service;

(B) physicians primary practice address or home address if the physician does not have a practice and email address;

(C) an Oklahoma Bureau of Narcotics and Dangerous Drugs (OBND) registrant number;

(D) current Oklahoma medical license;

(E) a curriculum vitae;

(8) copy of any contract(s) for vehicles, medical equipment, and/or personnel;

(9) a copy of patient care protocols and quality assurance plan detailing the care, interventions and scope of practice at the agency as required by medical control physician and as prescribed by the Act and this Chapter;

(A) The Department may require quality assurance documentation for review and shall protect the confidentiality of that information.

(B) The quality assurance documentation shall be maintained by the agency for three (3) years.

(C) The quality assurance policy shall include, but not be limited to:

(i) policy to review refusals

(ii) policy to review air ambulance utilization;

(iii) policy to review airway management;

(iv) Policy to review cardiac arrest interventions;

(v) policy to review time sensitive medical and trauma cases;

(vi) policy to review other selected patient care reports not specifically included;

(vii) policy to provide internal and external feedback of findings determined through reviews;

(viii) documentation of the feedback will be maintained as part of the quality assurance documentation.

(10) A written communication policy addressing:

(A) the receiving and dispatching of emergency and non-emergency calls; and

(B) compliance with State and local EMS communication plans.

(11) Provide a response plan that includes:

(A) if and how the applicant enters into an Incident Command System as part of a disaster. If this type of agency is part of a community or disaster plan, then documents from governmental entities and local ambulance services showing support for their activities will be provided.

(B) providing for and receiving disaster assistance in accordance with local and regional plans and command structures;

(12) Confidentiality policy ensuring confidentiality of all documents and communications regarding protected patient health information.

(13) An application for an initial or new certification shall be accompanied by a non-refundable fee of fifty (\$50.00) dollars.

(k) For an event standby emergency response agency applicant:

(1) if the applicant is providing care to the public on public property, then letters of governmental support and documents verifying coordination with local ambulance

## Permanent Final Adoptions

~~services are required for that agency to have the authority to provide care at that setting.~~

~~(2) if the agency is providing care to the public in a business or establishment open to the public on private property, then letters of governmental support are not required.~~

~~(l) At all times, the standby event emergency medical response agency shall coordinate with other licensed and certified EMS agencies responsible for the event location when the event is within a licensed ambulance service area or approved area for prehospital emergency medical response agencies.~~

~~(m) Ambulance Services licensed under Subchapter 3 of this chapter are exempt from the requirements of this subchapter.~~

### 310:641-15-5. Issuance of an event standby emergency medical response agency certification

(a) The Department shall issue an event standby emergency medical response agency certification to applicants that meet certification requirements:

(b) The certificate shall be issued for the name only.

(c) The certificate is not transferable or assignable.

(d) The initial certification period shall expire the second June 30 following the date of issue. Subsequent renewal periods shall be twenty-four (24) months, or two (2) years.

(e) The original or a copy of the original certification shall be posted in a conspicuous place in the principal business office. If an office or other public place is not available then the certificate or a copy shall be available to anyone requesting to see the certification during regular business hours.

### 310:641-15-10. Emergency medical response agency personnel

(a) Emergency medical response agencies shall have at least one person of the responding personnel providing patient care certified or licensed by the Department.

(b) All drivers that operate emergency vehicles for an agency shall complete an emergency vehicle operator's course prior to emergency vehicle operations. Emergency vehicle operators shall complete an emergency vehicle operator's renewal course every two (2) years.

~~(c) In a unique and unexpected circumstance, the minimum driver requirement may be altered to facilitate a response of an agency. An incident report shall be sent to the Department within ten (10) days of the occurrence of such an event.~~

~~(d)~~ Only emergency personnel authorized by this Act, except for a physician, shall be utilized by any emergency medical response agency.

~~(ed)~~ Agencies will maintain training records demonstrating competency in medical skills, patient handling, and emergency vehicle operations for all personnel employed or associated with the agency and utilized for patient care.

### 310:641-15-11. Prehospital emergency medical response agency equipment

(a) The tampering, modification, or removal of the manufacturer's expiration date is prohibited.

(b) Certified agencies shall ensure that all, recalled, outdated, misbranded, adulterated, or deteriorated fluids, supplies, and medications are removed from the response vehicles immediately.

(c) The unit checklist will establish the equipment, supplies, and medications for each unit. A list of the equipment, supplies, and medication will be included in the application. For medications this is to include the number, weight, and volume of the containers.

(d) At a minimum, the following equipment and supplies will be present on for each emergency medical response:

(1) one (1) each adult, pediatric, and infant size bag-valve-mask resuscitators;

(2) one (1) complete set of oropharyngeal airways, single wrapped for sanitation purposes;

(3) portable oxygen system with two (2) each oxygen masks in adult, pediatric, and infant sizes;

(4) two (2) adult nasal cannulas;

(5) portable suction device with age and size appropriate tubing and tips;

(6) one (1) bulb syringe with saline drops, sterile, in addition to any bulb syringes in an obstetric kit;

(7) instant cold packs;

(8) sterile dressing and bandages, to include:

(A) sterile burn sheets,

(B) sterile 4"x4" dressings,

(C) sterile 6"x8" or 8"x10" dressings,

(D) roller bandages, 2" or larger,

(E) rolls of tape (minimum of one (1) inch width),

(F) sterile occlusive dressings, 3" x 8" or larger,

(G) triangular bandages, and

(H) scissors;

(9) blood pressure cuff kit in adult, pediatric, and infant sizes;

(10) obstetrics kit;

(11) blankets;

(12) universal precaution kit for each person attending a patient;

(13) blood-glucose measurement equipment per medical direction and Department approval;

(14) AED with adult and pediatric capability;

(15) adult and pediatric upper and lower extremity splints;

(16) spinal immobilization equipment per medical control authorization;

(17) adult traction splint per medical control authorization and;

(18) patient care reports.

~~(e) A list of equipment in addition to the minimum equipment will be sent to the Department with the application.~~

~~(f)~~ The agency will have the equipment to support the procedures and interventions detailed within the protocols as authorized by the medical director.

~~(gf)~~ An electronic or paper copy of patient care protocols will be available to responding agency members.

~~(hg)~~ All assessment and medical equipment utilized for patient care will be maintained in accordance with the manufacturer's guidelines. Documentation will be maintained at the

agency showing the periodic tests, maintenance, and calibration are being conducted in accordance with manufacturer's requirements. Equipment shall include, but not be limited to suction devices, pulse oximetry, glucometers, end-tidal Co2 and capnography monitors, CPAP/BiPAP devices, ventilators, and blood pressure monitors.

**310:641-15-13. Emergency medical response agency medical control requirement**

(a) Each certified emergency medical response agency certified in Oklahoma shall have a physician medical director who is a fully licensed, non-restricted Doctor of Medicine (M.D.) or a Doctor of Osteopathy (D.O.) by the State of Oklahoma.

(b) Certified emergency medical response agencies will have a plan or policy that describes how the agency will address a sudden lapse of medical direction, such as a back-up medical director, that is used to ensure coverage when the medical director is not available.

(1) The Department shall be notified the next business day of any lapse or change of medical direction by the respective agency. If the agency has made arrangements for a back-up medical director or an immediate replacement, then a lapse has not occurred.

(2) In the event of a lapse in medical direction, in that, there is no a medical director providing the authority for medical interventions for an agency's certified and licensed personnel, the agency will, pursuant to 63 O.S. Section 1-2506 relating to the medical authority to perform medical procedures:

(A) ~~cease all operations involving patient care, may respond to a request for service to provide first aid, CPR, and the use of an AED, and~~

(B) implement mutual aid plans to ensure requests for service receive responses until the agency is able to implement their plan or policy for substitution or back-up medical direction.

(c) The medical director shall:

(1) be accessible, knowledgeable, and actively involved in quality assurance and the educational activities of the agency's personnel, and supervise a quality assurance (QA) program by either direct involvement or appropriate designation and surveillance of the responsible designee(s). The appointment of a designee does not absolve the medical director of their responsibility of providing oversight.

(2) Provide a written statement to the Department which includes:

(A) an agreement to provide medical direction and establish treatment protocols and the agency specific scope of practice for all certified and licensed agency personnel;

(B) the physician's primary practice address or home address if the physician does not have a practice and email address(es);

(C) ~~an OBNDD registrant number or appropriate state equivalent as appropriate; An agency that only provides care within the Basic Life Support scope of practice, the medical director shall:~~

(i) hold a valid, non-restricted medical license.

(ii) not be restricted from obtaining or maintaining OBNDD and DEA registrations for controlled dangerous substances.

(iii) demonstrate appropriate training and experience in adult and pediatric emergency care. Demonstrated training and experience may include appropriate board training, basic life support, or pre-hospital trauma life support courses.

~~(D) current Oklahoma medical license; An agency that provides Intermediate, Advanced, or Paramedic level interventions by State approved protocols, the medical director shall:~~

(i) hold a valid, non-restricted medical license.

(ii) maintain current OBNDD and DEA registrations for controlled dangerous substances.

(iii) demonstrate appropriate training and competence in adult and pediatric emergency medical services, to include pediatric and adult trauma. Demonstrated training and experience may include completed residency training as well as relevant work experience with current clinical competency.

(E) demonstrate appropriate training and experience in the types of patients the service will be treating. Demonstrated training may include board training and appropriate certifications or supplemental training;

(F) development of on-line or off-line protocols with medication formulary for patient care techniques. Protocols shall include medication to be used, treatment modalities for patient care procedures, and appropriate security procedures for controlled dangerous substances;

(3) Attend or demonstrate participation in medical director training provided by the Department subject to the availability of funding. Verification of attendance or participation will be maintained at the agency.

(4) Attend or demonstrate participation in one hour of continuing education specific to providing medical oversight to EMS providers and agencies each year, provided by the Department subject to the availability of funding.

**310:641-15-15. Emergency medical response agency sanitation requirements**

(a) The following shall apply regarding sanitation standards for each emergency medical response agency's equipment, facilities, vehicles, and personnel:

(1) the interior of the vehicle and the equipment within the vehicle shall be sanitary and maintained in good working order ~~at all times when in service~~;

(2) the exterior of the vehicle shall be clean and maintained in good working order to ensure the vehicle can operate safely and in accordance with applicable sections of Title 47 of the Oklahoma Statutes;

## Permanent Final Adoptions

---

- (3) clean linen, blankets, washcloths, and hand-towels shall be stored in a ~~closed cabinet manner that is~~ free of dirt and debris,
- (4) medical supplies and equipment shall be stored in a safe and secure manner.
- (b) soiled linen shall be placed in a closed container which may include plastic bags with ties. Any linen which is suspected of being contaminated with blood borne pathogens or other infectious disease shall be placed in a properly marked closed container for cleaning or disposal;
- (c) contaminated disposable supplies shall be placed in properly marked appropriately marked or designated containers in a manner that deters accidental exposure.
- (d) Implements inserted into the patient's nose or mouth shall be single-service wrapped and properly stored and handled. When multi-use items are utilized, the local health care facilities should be consulted for instructions in sanitation and handling of such items.
- (e) Personnel shall be clean, especially hands and fingernails, and well groomed. Clothing worn by personnel shall be clean. The licensee shall provide in each vehicle a means of hand ~~washing~~ decontamination for the attendants.
- (f) Oxygen humidifier(s) shall be single use;
- (g) All medications, supplies and sterile equipment with expiration dates shall be current.
- (h) Expired medications, supplies, and sterile equipment shall be discarded appropriately.
- (i) Tampering, removing, or altering expiration dates on medications, supplies, and equipment is prohibited.
- (j) The station facility, ambulance bays, living quarters, and office areas shall be clean, orderly, and free of safety and health hazards;
- (k) All storage spaces used for storage of linens, equipment, medical supplies, and other supplies at the base station shall be kept clean;
- (l) Agency vehicles and facilities shall be free of any evidence of use of lighted or smokeless tobacco products except in designated smoking areas consistent with the provisions of 310:641-1-4.

### **310:641-15-22. Emergency medical response agency records and files**

- (a) All required records for certification will be maintained for a minimum of three (3) years.
- (b) Each certified emergency medical response agency shall maintain electronic or paper records about the operation, maintenance, and such other required documents at the business office. These files shall be available for review by the Department during normal work hours. Files which shall be maintained include the following:
  - (1) Patient care records:
    - ~~(A)~~ At the time a patient care is transferred to an ambulance service, the following information will be, at a minimum, provided to the ambulance staff members at the time the patient(s) are accepted:
      - ~~(A)~~ personal information such as name, date of birth, and address, if known;
      - ~~(B)~~ patient assessment with history;

- ~~(C)~~ medical interventions and patient responses to interventions,
- ~~(D)~~ any known allergies; and
- ~~(E)~~ other information from the medical history that would impact the patient outcome if not immediately provided.
- ~~(B)~~ A signature from the staff member will be obtained to show the above information and the patient was received.

- (2) Certified emergency medical response agency patient care reports shall contain demographic, legal, medical, community health, and patient care information as detailed in the OKEMSIS data dictionary.
- (3) All run reports and patient care information shall be considered confidential.
- (c) All certified emergency medical response agencies shall:
  - (1) maintain electronic or paper records on the maintenance and regular inspections of each vehicle.
    - (A) Each vehicle must be inspected and a detailed equipment checklist completed after each call or on a daily basis, whichever is less frequent.
    - (B) documentation that shows routine vehicle maintenance for each vehicle as required by vehicle manufacture recommendations.
    - (C) Event standby agencies will complete a checklist of equipment prior to scheduled events or duties.
  - (2) maintain a licensure or credential file for licensed and certified emergency medical personnel employed by or associated with the service to include:
    - (3) Oklahoma license and certification,
    - (4) Basic Life Support certification, or documentation of BLS cognitive objectives and psycho-motor skills that meets or exceeds American Heart Association standards, and approved by the medical director;
    - (5) Advanced Cardiac Life Support certification, or documentation of BLS cognitive objectives and psycho motor skills that meets or exceeds American Heart Association Standards if applicable for licensure, and approved by the medical director;
    - (6) Incident Command System or National Incident Management Systems training at the 100, 200, and 700 levels or their equivalent,
    - (7) verification of an emergency vehicle operations course or other agency approved defensive driving course,
    - (8) contain a list or other credentialing document that defines or describes the medical director authorized procedures, equipment, and medications for each certified or licensed member employed or associated with the agency,
    - (9) a copy of the medical director credentials will be maintained at the agency.
  - (d) The electronic or paper copies of the licenses and credentials described in this section shall be kept separate from other personnel records to ensure confidentiality of records that do not pertain to the documents relating to patient care.
  - (e) Copies of in-service training and continuing education records.
  - (f) Copies of the emergency medical response agency's:

- (1) operational policies, guidelines, or employee hand-book;
- (2) medical protocols;
- (3) OSHA and/or Department of Labor exposure plan, policies, or guidelines.
- (g) A log of each request for service received and/or initiated to include the:
  - (1) disposition of the request and the reason for declining the request, if applicable,
  - (2) the patient care report number,
  - (3) date of request,
  - (4) patient care report times,
  - (5) location of the incident,
  - (6) ~~where the ambulance originated, and~~transporting ambulance agency name, and
  - (7) nature of the call;
- (h) Documentation that verifies an ongoing, physician involved quality assurance program.
- (i) Such other documents which may be determined necessary by the Department. Such documents can only be required after a thorough, reasonable, and appropriate notification by the Department to the services and agencies.
- (j) The standardized data set and an electronic submission standard for EMS data as developed by the Department shall be mandatory for each emergency medical response agency. Reports shall be forwarded to the Department by the last business day of the following month. Exceptions to the monthly reporting requirements shall be granted only by the Department in writing.
- (k) Review and the disclosure of information contained in the certified agency files shall be confidential except for information which pertains to the requirements for license, certification, or investigation issued by the Department.
- (l) Department representatives shall have prompt access to files, records, and property as necessary to appropriately survey the provider. Refusal to allow access by representatives of Department to records, equipment, or property may result in summary suspension of licensure by the Commissioner of Health.
- (m) All information submitted and/or maintained in files for review shall be accurate and consistent with Department requirements.
- (n) A representative of the agency will be present during the record review.

**SUBCHAPTER 17. STRETCHER VAN SERVICE**

**310:641-17-2. Stretcher van service license required [REVOKED]**

~~(a) No person, company, governmental entity or trust authority shall operate, advertise, or hold themselves out as providing any type of stretcher van service without first obtaining a license to operate a stretcher van service from the Department. The Department shall have sole discretion to approve or deny an application for a stretcher van service license based on the ability of the applicant to meet the requirements of this rule.~~

- ~~(b) State and Federal agencies that respond to stretcher van transports off State and Federal property are required to become licensed by the Department.~~
- ~~(c) Persons, companies, and governmental entities which operate on their own premises are exempt from this licensing requirement, unless the stretcher van passenger(s) is/are transported on the public streets or highways of Oklahoma or outside of their own premises.~~
- ~~(d) An application to operate a stretcher van service shall be submitted on forms prescribed and provided by the Department.~~
- ~~(e) The application shall be signed under oath by the party or parties seeking to secure the license.~~
- ~~(f) The party or parties who sign the application shall be considered the owner or agent (licensee) and responsible for compliance to the Act and this Chapter.~~
- ~~(g) The application shall contain, but not be limited to the following:
 
  - ~~(1) a statement of ownership which shall include the name, address, telephone number, occupation and/or other business activities of all owners or agents who shall be responsible for the service.
 
    - ~~(A) If the owner is a partnership or corporation, a copy of incorporation documents and the name of all partner(s) or stockholder(s) with an ownership interest of five (5%) percent or more (principal), and the name and addresses of any other ambulance service in which any partner or stockholder holds an interest shall also be included.~~
    - ~~(B) If the owner is an entity of government, governmental trust, trust authority, or non-profit corporation, the name of each board member, or the chief administrative officer and/or chief operation officer shall be included.~~~~
  - ~~(2) proof of vehicle insurance, at least in the amount of one million dollars (\$1,000,000.00) or to the amount provided for in "The Governmental Tort Claims Act", Title 51 O.S. Section 151 et seq. This insurance requirement shall remain in effect at all times while the service is licensed;~~
  - ~~(3) proof of professional liability insurance, at least in the amount of one million dollars (\$1,000,000) or to the amount provided for in "The Governmental Tort Claims Act", Title 51 O.S. Sections 151 et seq. This insurance requirement shall remain in effect at all times while the service is licensed;~~
  - ~~(4) participation in a workers' compensation insurance program for employees who are subject to pertinent labor laws. This insurance requirement shall remain in effect at all times while the service is licensed;~~
  - ~~(5) copy of any contract(s) for vehicles, medical equipment, and/or personnel if such exist;~~
  - ~~(6) a written communication policy addressing:
 
    - ~~(A) the receiving and dispatching of calls;~~
    - ~~(B) ensuring compliance with State and local EMS Communication Plans; and~~
    - ~~(C) applicants for this license will provide documentation that a screening process is in place to ensure a request for the transport of a stretcher van~~~~~~

## Permanent Final Adoptions

passenger will meet the agency's capability, capacity, and licensure requirements. Documentation of the screening will be retained as part of the passenger care report or call log.

- (7) Provide a response plan that includes:
- (A) providing for and receiving mutual aid with all surrounding, contiguous, or overlapping service areas; and
  - (B) providing for and receiving disaster assistance in accordance with local and regional plans and command structures.
- (8) confidentiality policy ensuring confidentiality of all documents and communications regarding protected passenger health information;
- (9) an application for an initial or new license shall be accompanied by a non refundable fee of six hundred (\$600.00) dollars plus twenty (\$20.00) dollars for each vehicle in excess of two (2) vehicles utilized for passenger transport. An additional fee of one hundred fifty (\$150.00) dollars shall be included for each stretcher van substation in addition to the base station.
- (10) A map or narrative description which identifies the proposed service area;
- (11) evidence that the proposed service area is an emergency medical service region, ambulance district, or county with a population in excess of five hundred thousand (500,000) people;
- (12) the defined hours of operation for the service; and
- (13) Stretcher Vans are prohibited from carrying medications other than oxygen and those other medications which are passenger supplied and administered. The passenger must have a current physician prescription and/or order for the administration of oxygen. A copy of the order shall be maintained in agency files.
- (14) A quality assurance plan or policy that includes:
- (A) The Department may require quality assurance documentation for review and shall protect the confidentiality of that information.
  - (B) The quality assurance documentation shall be maintained by the agency for three (3) years.
  - (C) The quality assurance policy shall include, but not be limited to:
    - (i) Any passenger condition where the passenger entered the 911 system;
    - (ii) If oxygen is continued, the physician order must be maintained with the trip report or passenger report;
    - (iii) policy to review other selected passenger reports not specifically included; and
    - (iv) policy to provide internal and external feedback of findings determined through reviews. Documentation of the feedback will be maintained as part of the quality assurance documentation.
- (h) Stretcher van license applicants will provide documentation that reflects compliance with existing sole source ordinances.
- (i) Stretcher van services are exempt from a duty to act requirements and continuous staffing coverage.

(j) A business plan which includes a financial disclosure statement showing evidence of the ability to sustain the operation for at least one (1) year.

### 310:641-17-18. Stretcher van service records and files

- (a) All required records for licensure will be maintained for a minimum of three years.
- (b) Each licensed stretcher van service shall maintain electronic or paper records about the operation, maintenance, and such other required documents at the business office. These files shall be available for review by the Department during normal work hours. Files which shall be maintained include the following:
- (1) a record of each passenger transport to include, but not be limited to:
    - (A) personal information such as name, date of birth and address;
    - (B) contact information;
    - (C) originating location;
    - (D) destination;
    - (E) reason for the transport; and
    - (F) if oxygen was continued.
  - (2) Records shall be submitted to the Department as required.
- (c) All passenger transport reports and information shall be considered as confidential.
- (d) All stretcher van agencies shall maintain electronic or paper records on the maintenance and regular inspections of each vehicle.
- (1) Each vehicle must be inspected and a detailed equipment checklist completed after each call or on a daily basis, whichever is less frequent.
  - (2) Documentation that shows routine vehicle maintenance for each vehicle as required by vehicle manufacture recommendations.
- (e) All stretcher van agencies shall maintain a licensure or credential file for licensed and certified emergency medical personnel employed by or associated with the service to include:
- (1) Oklahoma license and certification,
  - (2) Basic Life Support certification that meets or exceeds American Heart Association standards,
  - (3) Incident Command System or National Incident Management Systems training at the 100, 200, and 700 levels or their equivalent,
  - (4) verification of an Emergency Vehicle Operations Course or other agency approved defensive driving course,
- (f) The electronic or paper copies of the licenses and credentials described in this section shall be kept separate from other personnel records to ensure confidentiality of records that do not pertain to the documents relating to the passenger.
- (g) Copies of staffing patterns, schedules, or staffing reports.
- (h) Copies of in-service training and continuing education records.
- (i) Copies of the stretcher van service's:
- (1) operational policies, guidelines, or employee handbook;

- (2) OSHA and/or Department of Labor exposure plan, policies, or guidelines.
- (j) A log of each request for service call received and/or initiated, to include the:
  - (1) disposition of the request and the reason for declining the request, if applicable;
  - (2) passenger care report number;
  - (3) date of request;
  - (4) location of the incident;
  - (5) ~~where the ambulance originated;~~
  - (6) nature of the call;
  - (7) time requested;
  - (8) time arrived;
  - (9) time departed;
  - (10) time at destination;
  - (11) time transport complete;
  - (12) unit number;
  - (13) staff member on transport; and
  - (14) medical screening documentation.
- (k) Documentation that verifies an ongoing quality assurance program.
  - (l) Such other documents which may be determined necessary by the Department. Such documents can only be required after a thorough, reasonable, and appropriate notification by the Department to the services and agencies.
  - (m) The standardized data set and an electronic submission standard for EMS data as developed by the Department shall be mandatory for each licensed service as defined in the Act. Reports of the data standard shall be forwarded to the Department by the last business day of the following month. Exceptions to the monthly reporting requirements shall be granted only by the Department, in writing.
  - (n) Review and the disclosure of information contained in the stretcher van service files shall be confidential, except for information which pertains to the requirements for license, certification, or investigation issued by the Department.
  - (o) Department representatives shall have prompt access to files, records, and property as necessary to appropriately survey the provider. Refusal to allow access by representatives of Department to records, equipment, or property may result in summary suspension of licensure by the Commissioner of Health.
  - (p) All information submitted and/or maintained in files for review shall be accurate and consistent with Department requirements.
  - (q) A representative of the agency will be present during the record review.

# Permanent Final Adoptions

## GIST/ANALYSIS:

The changes to Chapter 661 were editorial to achieve clarity in the rules to facilitate understanding of the requirements and consequently, to facilitate compliance with the rules. Governor Kevin Stitt issued an executive order designed to reduce state regulations by 25%. The order requires that state agencies review their administrative rules and list any that are expensive, ineffective, redundant, or outdated and for all new restrictive rules proposed after February 15, 2020, eliminate at least two existing regulatory restrictions until agencies reduce regulations. This proposal is in compliance with the governor's order for regulation reduction. As such, an effort has been made to remove all unnecessary words and requirements as well as ambiguous wording from regulation.

## CONTACT PERSON:

Audrey C. Talley, Agency Rule Liaison, Oklahoma State Department of Health, 123 Robert S. Kerr Avenue, Oklahoma City, OK 73102, 405-426-8563. AudreyT@health.ok.gov.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2022:**

## SUBCHAPTER 2. LICENSES

### 310:661-2-1. Licensure

- (a) **Applicant.** Any public or private agency or person desiring to establish a hospice in Oklahoma ~~shall~~ must apply for and obtain a license from the Department.
- (b) **Application.** An application for a hospice license ~~shall~~ must be filed on a form prescribed by the Department and ~~shall be accompanied by the~~ include information required by the Act.
- (c) **Plan of delivery.** The initial application ~~shall~~ must be accompanied by a plan of delivery of home and inpatient hospice services to patients and their families. ~~The plan shall and include,~~ but not be limited to, those items listed in the Act.
- (d) **Expiration/renewal.**
- (1) **First-year license.**
- (A) The first-year license ~~shall~~ will expire one (1) year from the date of issuance unless suspended or revoked. A hospice holding a first-year license ~~is required to~~ must successfully complete an initial inspection by representatives of the Department prior to the provision of services and ~~shall~~ be subject to a follow-up inspection after providing hospice services for at least six (6) months. The Department may require any hospice to renew the first-year license for one additional year. A hospice ~~shall not~~ cannot hold a first-year license for more than twenty-four (24) months.
- (B) A follow-up survey that demonstrates compliance with the Act and these rules ~~shall~~ may be required prior to a hospice program being issued a permanent license.
- (2) **Permanent license.** The permanent license ~~shall~~ will expire one (1) year from the date of issuance, unless suspended or revoked. An application for renewal

~~shall~~ must be submitted according to the Act. Only hospice programs in compliance with the Act and these rules ~~shall~~ will be issued a permanent license.

- (e) **Base of operation.** Every hospice providing hospice services ~~shall~~ must operate from a place of business which is accessible to the public and physically located in Oklahoma. Staff providing services from the hospice ~~shall~~ must be supervised by personnel at that location.
- (f) **Eligibility for license.**
- (1) A hospice making appropriate application ~~that has been and~~ determined to be compliant with this Chapter and the Act is eligible for a license.
- (2) A hospice may operate alternate administrative offices under one (1) license as long as the following requirements are met:
- (A) The offices ~~shall be~~ are located within a geographical area with a radius of no more than fifty (50) miles from the main hospice.
- (B) The mileage limit used for approval of each administrative office ~~shall be~~ is the mileage between town centers of the parent location town and the proposed administrative office location town as reported by the Oklahoma Department of Transportation as approximately the shortest route between town centers utilizing both State Highways System (free) and State Turnpike System (toll) roads.
- (C) The offices ~~shall be~~ are operated under the same administration and governing body as an extension site for services of the main hospice. These offices ~~shall~~ must operate under the same name(s) as the licensee.
- (D) An application for license, or renewal thereof, to establish or operate each hospice alternate administrative office of an agency licensed in the State of Oklahoma ~~shall be accompanied by~~ includes a nonrefundable licensing fee of five hundred dollars (\$500.00) and application is filed at least thirty (30) days before beginning operations.
- (g) **Compliance with Federal, State and local laws and regulations.** The hospice and its staff ~~shall~~ must operate and furnish services that comply with all applicable Federal, State, and local laws and rules. ~~The hospice shall and~~ ensure that staff comply with applicable State practice acts and rules in the provision of hospice services.
- (h) **Hospice inpatient facility.**
- (1) Each licensed hospice program may operate one (1) hospice inpatient facility with twelve (12) or fewer inpatient beds as long as the facility complies with ~~hospice inpatient facility service requirements at OAC 310:661-6 and hospice inpatient facility physical plant requirements at OAC 310:661-8~~ Subchapters 6 and 8 of this Chapter.
- (2) A hospice inpatient facility may not be independently licensed as a hospice unless the hospice provides a full continuum of hospice program services to patients in their homes and temporary places of residence including the inpatient hospice facility.

**310:661-2-2. Deadlines for applications**

The license application ~~shall~~must be filed in accordance with the following deadlines:

- (1) ~~The application for~~ A first-year hospice license ~~shall be~~is filed at least thirty (30) days before beginning operations.
- (2) ~~The application for a license,~~License application following a transfer of ownership or operation, ~~shall be~~is filed at least thirty (30) days prior to the transfer. If the Department finds that an emergency exists which threatens the welfare of patients, the thirty (30) day advance filing notice may be waived.
- (3) ~~The application for renewal~~Renewal of an existing licensed hospice ~~shall be~~is filed at least sixty (60) days prior to the expiration date of the license.
- (4) ~~If a hospice is considering relocation is considered,~~ the hospice ~~shall~~must file an amended application with the address change at least thirty (30) days prior to the intended relocation. ~~There shall be no~~No fee for processing the license address change ~~will be required.~~
- (5) Incomplete first-year license applications received by the Department ~~shall~~will be summarily dismissed after thirty (30) days of applicant notification of an incomplete application. Thereafter, ~~the applicant shall be required to resubmit~~ a new application and initial fee will be required.

**310:661-2-3. Where to file**

The application and the license fee ~~shall~~must be submitted to the Department. The effective date ~~shall~~will be the date a complete application and fee are received. All fees ~~shall be~~are non-refundable.

**310:661-2-4. Transfer of ownership of a licensed hospice**

- (a) The license of a hospice shall not be subject to sale, assignment, or other transfer, voluntary or involuntary.
- (b) If an entity is considering ~~acquisition~~ acquiring a licensed hospice, ~~then it must submit to the Department 30 days before the effective date of the acquisition:~~
  - (1) ~~an application for first year license with an initial application fee of five hundred dollars (\$500.00) and a first year license fee of one thousand five hundred dollars (\$1500.00) and five hundred dollars (\$500.00) [See OAC 310:661-2-5];~~
  - (2) a non-refundable two thousand dollars (\$2,000) fee [See OAC 310:661-2-6];
  - (3) a copy of the executed sales agreement; and
  - (4) an additional five hundred dollars (\$500) for each alternate administrative office operated by the agency, if applicable~~shall be submitted to the Department at least thirty (30) days prior to the effective date of the change. A copy of the executed sales agreement shall be provided to the Department.~~
- (c) The following actions ~~shall~~will not be considered a transfer of ownership or change in control requiring this subsection to apply:

- (1) Change of a corporate or limited liability company licensee's name through amendments of the articles of incorporation or membership agreement.
- (2) Sale of stock of a corporation.
- (3) Sale or merger of a corporation that owns the hospice operating entity.
- (4) Sale of membership interest of a limited liability company.

**310:661-2-5. License application form**

The applicant for a license ~~shall~~must file the following application form: Application for License to Operate a Hospice (ODH Form 924). This form requests: amount of fee submitted; name of hospice; location and mailing address of hospice; name and title of chief executive officer; fiscal year ending date; operating entity name and address; type of operating entity; board of directors; complete disclosure of ownership including name, finding and mailing address, and percentage of ownership for every stockholder having at least five percent (5%) ownership in the hospice; name, signature, and title of position of persons making the application; and an affidavit attesting to the information provided.

**310:661-2-6. Licensure fees**

- (a) ~~An~~There is a non-refundable \$500 fee for an application for a first-year license to establish or operate a hospice shall be accompanied by a non refundable application fee of five hundred dollars (\$500.00) and a non-refundable \$1,500 fee for a first-year licensure fee of one thousand five hundred dollars (\$1500.00).
- (b) ~~An application for a permanent license to continue operation of a hospice after the first year license period is complete shall be accompanied by a non refundable permanent license fee of two thousand (\$2000.00).~~
- (c) ~~A~~There is a non-refundable \$2,000 fee for a renewal application for an existing permanent hospice license shall be accompanied by a non refundable license fee of two thousand dollars (\$2000.00).
- (d) ~~A late renewal fee of fifty dollars (\$50.00)~~\$50 ~~shall~~will be charged for any hospice submitting an application for renewal within ~~thirty (30)~~30 days after the expiration date of the license.

**310:661-2-7. Plan review fees**

- (a) Each hospice inpatient facility construction project ~~shall~~will be charged a review fee based on the cost of the design and construction of the building project. ~~Review fees are as follows:~~
  - (1) Project cost less than \$10,000.00: \$250.00 Fee
  - (2) Project cost \$10,000.00 to \$50,000.00: \$500.00 Fee
  - (3) Project cost \$50,000.00 to \$250,000.00: \$1000.00 Fee
  - (4) Project cost \$250,000.00 to \$1,000,000.00: \$1500.00 Fee
  - (5) Project Cost greater than \$1,000,000.00: \$2000.00 Fee

# Permanent Final Adoptions

(b) The review fee ~~shall~~must be paid when stage one project plans are submitted to the Department for review. The fee ~~shall~~will cover the cost of review for up to two (2) stage one and two (2) stage two submittals. If a stage one or stage two submittal is not approved after two (2) submissions, another review fee based on the cost of the project ~~shall~~will be required for the third submittal. Fast-track projects ~~shall~~will be allowed two (2) reviews for each package submitted. If a fast-track stage package is not approved after the second submittal, another review fee based on the cost of the project ~~shall~~will be required with the third submittal of the package.

## SUBCHAPTER 3. ADMINISTRATION

### 310:661-3-2. Organization

(a) **Organization and administration of services.** The hospice ~~shall~~must organize, manage, and administer its resources to provide the hospice care and services to patients, caregivers and families necessary for the palliation and management of the terminal illness and related conditions.

(b) **Serving the hospice patient and family.** The hospice ~~shall~~must provide hospice care that:

- (1) Optimizes comfort and dignity; and
- (2) Is consistent with patient and family needs and goals, with patient needs and goals as priority.

(c) **Continuation of care.** A hospice ~~shall not~~cannot discontinue or reduce care provided because of the inability to pay for that care.

(d) **Professional management responsibility.** A hospice that has a written agreement with another agency, individual, or organization to furnish any services under arrangement ~~shall~~must retain administrative and financial management, and oversight of staff and services for all arranged services, to ensure the provision of quality care. Arranged services ~~shall~~must be supported by written agreements that require that all services be:

- (1) Authorized by the hospice;
- (2) Furnished in a safe and effective manner by qualified personnel; and
- (3) Delivered in accordance with the patient's plan of care.

(e) **Narrative program.** Each Hospice ~~shall~~must provide a narrative program with its application which describes the functions, staffing, services available to the patient and other basic information relating to the fulfillment of the facility's objectives.

(f) **Governing body.** A hospice ~~shall~~must have a governing body that assumes full legal responsibility for determining, implementing and monitoring policies governing the total operations of the hospice. The governing body ~~shall~~will designate an individual who is responsible for the day-to-day management of the hospice program. The governing body ~~shall~~must also ensure that all services provided are consistent with accepted standards of practice.

(g) **Hospice team.** A hospice team ~~shall~~must be developed and function according to the Act. The hospice team is responsible for all of the following:

- (1) Participation in the establishment of the plan of care.
- (2) Provision or supervision of hospice care and services.
- (3) Periodic review and updating of the plan of care for each individual receiving hospice care.
- (4) Implementation of policies governing the day-to-day provisions of hospice care and services.

(h) **Medical advisor.** The medical advisor ~~shall~~must be a medical doctor or osteopathic physician and ~~shall assume overall responsibility~~is responsible for the medical component of the patient care program for the hospice. The physician ~~shall~~must also serve as medical advisor to the hospice ~~and shall possess a license free of sanctions. The medical advisor shall, and~~ be a doctor of medicine or osteopathy who is an employee, or ~~be~~ under contract with the hospice. When the medical advisor is not available, a physician designated by the hospice assumes the same responsibilities and obligations as the medical advisor.

(1) **Medical advisor contract.** When contracting for medical advisor services, the contract ~~shall~~must specify the physician who assumes the medical advisor responsibilities and obligations. A hospice may contract with either of the following:

- (A) A self-employed physician; or
- (B) A physician employed by a professional entity or ~~physician~~physician's group.

(2) **Initial certification of terminal illness.** The medical advisor or physician designee reviews the clinical information for each hospice patient and provides written certification that it is anticipated that the patient's life expectancy is one (1) year or less if the illness runs its normal course. The physician ~~shall~~must consider the following when making this determination:

- (A) The primary terminal condition;
- (B) Related diagnosis(es), if any;
- (C) Current subjective and objective medical findings;
- (D) Current medication and treatment orders; and
- (E) Information about the medical management of any of the patient's conditions unrelated to the terminal illness.

(3) **Medical advisor responsibility.** The medical advisor or physician designee has responsibility for the medical component of the hospice's patient care program.

(i) **Patient care coordinator.** A registered nurse ~~shall~~must be appointed and approved by the hospice governing body and employed by the hospice as patient care coordinator to supervise and coordinate the palliative and supportive care for patients and families provided by a hospice team.

(j) **Medical social services.** Medical social services ~~shall~~must be provided by a social worker employed by the hospice.

(k) **Support services.** Support services ~~shall~~must be available to both the individual and the family. These services include bereavement support provided before the patient's death, spiritual support and any other support or service needed by the patient or family. These services may be provided by

members of the interdisciplinary group as well as other qualified professionals as determined by the hospice.

(l) **Training.** A hospice must:

- (1) ~~A hospice shall~~ provide orientation about the hospice philosophy to all employees and contracted staff who have patient and family contact;
- (2) ~~A hospice shall~~ provide an initial orientation for each employee that addresses the employee's specific job duties.
- (3) ~~A hospice shall~~ assess the skills and competence of all individuals furnishing care, including volunteers furnishing services, and, as necessary, provide in-service training and education programs where required. The hospice shall have written policies and procedures describing its method(s) of assessment of competency and maintain a written description of the in-service training provided during the previous twelve (12) months.

(m) **Volunteers.** Volunteers shall must be used in defined roles and under the supervision of a designated hospice employee. The hospice shall must provide appropriate orientation and training.

- (1) **Training.** The hospice shall will maintain, document, and provide volunteer orientation and training.
- (2) **Role.** Volunteers shall will be used in day-to-day administrative and/or direct patient care roles.
- (3) **Recruiting and retaining.** The hospice shall will document and demonstrate viable and ongoing efforts to recruit and retain volunteers.
- (4) **Utilization.** The hospice shall must document
  - (A) The identification of each position that is occupied by a volunteer.
  - (B) The work time spent by volunteers occupying those positions.

(n) **Criminal background checks.**

- (1) The hospice shall must obtain a criminal background check on all hospice employees who have direct patient contact or access to patient records. Hospice contracts shall must require that all contracted entities obtain criminal background checks on contracted employees who have direct patient contact or access to patient records.
- (2) Each such criminal background check shall must meet the criteria established for certified nurse aides as provided for in ~~O.S. Title 63 O.S. Section 1-1950.1. [The Nursing Home Care Act]~~ shall and be obtained in accordance with State requirements.

**310:661-3-3. Medical records**

- (a) The hospice shall must establish and maintain a medical record for each individual receiving care and services. The record shall must be complete, timely and accurately documented, and readily accessible.
- (b) The medical record shall must contain sufficient information to justify the diagnosis and warrant the treatment and services provided. Entries are made and signed by the person providing the services. The record shall must include all care and services whether furnished directly or under arrangements by the hospice. Each record shall must contain at least, ~~but not be limited to,~~ the following:

- (1) Identification data;
- (2) Initial and subsequent assessments;
- (3) Plan of care;
- (4) Consent, authorization and election forms;
- (5) Medical history; and
- (6) Complete documentation of all care, services and events including evaluations, treatments, progress notes, laboratory and x-ray reports, and discharge summary.
- (c) The hospice shall must safeguard the medical record against loss, destruction, and unauthorized use.
- (d) Current records shall must be completed promptly. A plan of care shall must be completed within forty-eight (48) hours following admission. Records of discharged patients shall must be completed within thirty (30) days following discharge.
- (e) Medical records shall must be retained at least five (5) years beyond the date the patient was last seen or at least three (3) years beyond the date of the patient's death.
- (f) A hospice may microfilm medical records in order to conserve space. Records reconstituted from microfilm shall will be considered the same as the original and retention of the microfilmed record constitutes compliance with preservation laws.
- (g) The hospice shall must advise the Department in writing at the time of cessation of operation as to where hospice records shall will be archived and how these records shall can be accessed.

**310:661-3-3.1. Clinical records**

- (a) **General.** A clinical record containing past and current findings is maintained for each hospice patient. The clinical record ~~shall contain~~ contains accurate clinical information that is available to the patient's attending physician and hospice staff. The clinical record may be maintained electronically.
- (b) **Content.** Each patient's record shall must include ~~at least~~ the following:
  - (1) The initial plan of care, updated plans of care, initial assessment, comprehensive assessment, updated comprehensive assessments, and clinical notes;
  - (2) Signed copies of the notice of patient rights;
  - (3) Responses to medications, symptom management, treatments, and services;
  - (4) Outcome measure data elements, as described in 310:661-5-3.1;
  - (5) Physician certification of terminal illness;
  - (6) Any advance directives; and
  - (7) Physician orders.
- (c) **Authentication.** All entries shall must be legible, clear, complete, and appropriately authenticated and dated in accordance with hospice policy.
- (d) **Protection of information.** The clinical record, its contents and the information contained therein shall must be safeguarded against loss or unauthorized use. ~~The~~ Additionally, the hospice shall be in compliance with subject to all Federal and State privacy laws.
- (e) **Discharge or transfer of care.**

# Permanent Final Adoptions

(1) If the care of a patient is transferred to another licensed hospice, the hospice ~~shall~~will forward to the receiving hospice within twenty-four (24) hours, a copy of:

- (A) The hospice discharge summary; and
- (B) The patient's clinical record, as requested.

(2) If a patient revokes the election of hospice care, or is discharged from hospice, the hospice ~~shall~~will forward to the patient's attending physician within twenty-four (24) hours, a copy of:

- (A) The hospice discharge summary; and
- (B) The patient's clinical record, if requested.

(3) The hospice discharge summary as required above ~~shall~~must include:

- (A) A summary of the patient's stay including treatments, symptoms and pain management;
- (B) The patient's current plan of care;
- (C) The patient's current physician orders; and
- (D) Any other documentation that will assist in post-discharge continuity of care or that is requested by the attending physician or receiving hospice.

(f) **Retrieval of clinical records.** The clinical record, whether hard copy or in electronic form, ~~shall~~must be made readily available on request.

### 310:661-3-4. Confidentiality

(a) Medical records ~~shall~~must be kept confidential. Only authorized personnel ~~shall~~ have access to the record. Written consent of the patient, patient representative, the court appointed guardian or a court order ~~shall~~will be ~~presented~~accepted as authority for release of medical information.

(b) An individual who is, or has been, a patient of a physician, hospital, or other medical facility, except psychiatric, ~~shall be~~is entitled to access information contained in the individual's own medical records upon request. A request for minors may be made by parents or legal guardian. The hospice ~~shall~~must furnish a copy of the medical record upon payment for the charge of such copy.

### 310:661-3-5.1. Number of continuing education hours required

(a) All hospice administrators operating a hospice program in this state ~~shall be~~are required to complete eight (8) hours of continuing education each calendar year.

(b) Hours of continuing education may be completed in person or online.

(c) Membership in a statewide organization relating to hospice care ~~shall~~will be considered as completion of one (1) hour of ethics credit each year.

### 310:661-3-5.2. Acceptable continuing education

(a) Continuing education curriculum content is acceptable when it includes at least one of the following components:

- (1) Administrative skills, duties, and responsibilities;
- (2) Administrative procedures and strategic planning;
- (3) Community relations and public information;
- (4) Fiscal and information data management;

(5) Human relations;

(6) Ethics; or

(7) State and federal statutes and rules applicable to Hospice service delivery.

(b) Continuing education hours may be offered through a graduate or undergraduate course, seminar, workshop, conference, or professional association meeting for the purpose of enhancing professional competency. This excludes independent reading and informal meetings that are informational in nature and are offered as a public service and not for the offering of continuing education.

(c) An acceptable instructor or entity offering continuing education courses ~~shall~~must have:

- (1) Experience in hospice administration; or
- (2) Expertise in teaching and instructional methods suitable to the subject presented; or
- (3) Academic qualifications and experience for the subject.

### 310:661-3-5.3. Documentation of attendance

(a) A hospice administrator ~~shall~~must maintain in their personal records verification of course attendance, completion, or membership documents. Acceptable documents include the following:

- (1) A continuing education validation form furnished by the presenter;
- (2) A certificate or letter of attendance or completion with an agenda or content outline; or
- (3) An official college transcript showing courses completed with credit issued or audit credit.

(b) The presenting organization must be identified in the verification documents through documentation identifying the sponsoring entity, the name of the program, location, dates, subject taught, total number of hours, participant's name and presenter's name and credentials.

(c) Presentation of fraudulent continuing education documentation ~~shall be~~is a violation of this Chapter and applicable to the hospice license.

## SUBCHAPTER 5. MINIMUM STANDARDS

### 310:661-5-1. Admission

(a) Admission to a hospice ~~shall~~will be in accord with the Act.

(b) Hospice services ~~shall~~will be available twenty-four (24) hours a day, seven (7) days a week.

(c) A hospice program ~~shall~~will not impose the dictates of any value or belief system on its patients and their families.

(d) A hospice ~~shall~~will coordinate its service with those of the patient's primary or attending physician, all hospice caregivers, and nursing facility staff if a patient resides in a nursing facility.

(e) The hospice team ~~shall~~will be responsible for coordination and continuity between inpatient and home care aspects of care.

**310:661-5-1.1. Admission to hospice care**

- (a) The hospice admits a patient only on the recommendation of the medical advisor in consultation with, or with input from, the patient's attending physician (if any).
- (b) In reaching a decision to certify that the patient is terminally ill, the hospice medical advisor ~~shall~~must consider at least the following information:
  - (1) Diagnosis of the terminal condition of the patient;
  - (2) Other health conditions, whether related or unrelated to the terminal condition; and
  - (3) Current clinically relevant information supporting all diagnoses.

**310:661-5-1.2. Discharge from hospice care**

- (a) **Reasons for discharge.** A hospice may discharge a patient if:
  - (1) The patient moves out of the hospice's service area or transfers to another hospice;
  - (2) The hospice determines that the patient is no longer terminally ill; or
  - (3) The hospice determines, under a policy set by the hospice for the purpose of addressing discharge for cause that meets the requirements of paragraphs (a)(3)(A) through (a)(3) (D) of this section, that the patient's (or other persons in the patient's home) behavior is disruptive, abusive, or uncooperative to the extent that delivery of care to the patient or the ability of the hospice to operate effectively is seriously impaired. The hospice ~~shall~~will do the following before it seeks to discharge a patient for cause:
    - (A) Advise the patient that a discharge for cause is being considered;
    - (B) Document efforts to resolve the problem(s) presented by the patient's behavior or situation;
    - (C) Ascertain that the patient's proposed discharge is not due to the patient's use of necessary hospice services; and
    - (D) Document the problem(s) and efforts made to resolve the problem(s) and enter this documentation into its medical records.
- (b) **Discharge order.** Prior to discharging a patient for any reason listed in paragraph (a) of this section, the hospice must obtain a written physician's discharge order from the hospice medical advisor. ~~If a patient has an~~Any attending physician involved in ~~his or her~~the patient's care, ~~this physician shall~~must be consulted before discharge and his or her review and decision included in the discharge note.
- (c) **Discharge planning.**
  - (1) The hospice ~~shall~~must have ~~in place~~ a discharge planning process that takes into account the prospect that a patient's condition might stabilize or otherwise change such that the patient cannot continue to be certified as terminally ill.
  - (2) The discharge planning process ~~shall~~will include planning for any necessary family counseling, patient education, or other services before the patient is discharged because he or she is no longer terminally ill.

**310:661-5-1.3. Initial and comprehensive assessment of the patient**

- (a) **General.** The hospice ~~shall~~must conduct and document in writing a patient-specific comprehensive assessment that identifies the patient's need for hospice care and services, and the patient's need for physical, psychosocial, emotional, and spiritual care. This assessment includes all areas of hospice care related to the palliation and management of the terminal illness and related conditions.
- (b) **Initial assessment.** The hospice registered nurse ~~shall~~must complete an initial assessment within forty-eight (48) hours after the physician's order for hospice care is received (unless the physician, patient, or representative requests that the initial assessment be completed in less than 48 hours.)
- (c) **Timeframe for completion of the comprehensive assessment.** The hospice interdisciplinary group, in consultation with the individual's attending physician (if any), ~~shall~~must complete the comprehensive assessment no later than five (5) calendar days after the election of hospice care .
- (d) **Content of the comprehensive assessment.** The comprehensive assessment ~~shall~~must identify the physical, psychosocial, emotional, and spiritual needs related to the terminal illness that ~~shall~~will be addressed in order to promote the hospice patient's well-being, comfort, and dignity throughout the dying process. The comprehensive assessment ~~shall~~must take into consideration the following ~~factors~~:
  - (1) The nature and condition causing admission (including the presence or lack of objective data and subjective complaints);
  - (2) Complications and risk factors that affect care planning;
  - (3) Functional status, including the patient's ability to understand and participate in his or her own care;
  - (4) Imminence of death;
  - (5) Severity of symptoms;
  - (6) A review of all of the patient's prescription and over-the-counter drugs, herbal remedies and other alternative treatments that could affect drug therapy. This includes, but is not limited to, identification of the following:
    - (A) Effectiveness of drug therapy;
    - (B) Drug side effects;
    - (C) Actual or potential drug interactions;
    - (D) Duplicate drug therapy; and
    - (E) Drug therapy currently associated with laboratory monitoring.
  - (7) An initial bereavement assessment of the needs of the patient's family and other individuals focusing on the social, spiritual, and cultural factors that may impact their ability to cope with the patient's death. Information gathered from the initial bereavement assessment ~~shall~~beis incorporated into the plan of care and considered in the bereavement plan of care; and
  - (8) The need for referrals and further evaluation by appropriate health professionals.
- (e) **Update of the comprehensive assessment.** The update of the comprehensive assessment ~~shall~~must:

## Permanent Final Adoptions

(1) be accomplished by the hospice interdisciplinary group (in collaboration with the individual's attending physician, if any); ~~and shall~~

(2) consider changes that have taken place since the initial assessment; ~~it shall~~

(3) include information on the patient's progress toward desired outcomes, as well as a reassessment of the patient's response to care; ~~The assessment update shall be and~~

(4) be accomplished as frequently as the condition of the patient requires, but no less frequently than every fifteen (15) days.

(f) **Patient outcome measures.**

(1) The comprehensive assessment ~~shall~~must include data elements that allow for measurement of outcomes. The hospice ~~shall~~must measure and document data in the same way for all patients. The data elements ~~shall~~must take into consideration aspects of care related to hospice and palliation.

(2) The data elements ~~shall~~must be:

(A) an integral part of the comprehensive assessment; ~~and shall be~~

(B) documented in a systematic and retrievable way for each patient; ~~The data elements for each patient shall be~~

(C) used in individual patient care planning and in the coordination of services; ~~and shall be~~

(D) used in the aggregate for the hospice's quality assessment and performance improvement program.

**310:661-5-2. Plan of care**

(a) A written plan of care ~~shall~~must be established and maintained for each patient admitted to a hospice program and the care provided to an individual ~~shall be~~is in accordance with the plan.

(b) The plan ~~shall~~must be established by the attending physician, the medical advisor, and the interdisciplinary group.

(c) The plan of care ~~shall~~must be reviewed and updated by the hospice team at intervals specified in the plan. ~~These reviews shall be and~~ documented by the team members.

(d) The content of the plan ~~shall~~must include an assessment of the patient's needs and identify the services provided. The plan ~~shall~~must state in detail the scope and frequency of services needed to meet the patient's and family's needs.

(e) Continuous care ~~shall~~must be provided under a plan of care that ~~shall be~~is developed specifically to resolve the patient's medical crisis. These plans ~~shall~~must include:

- (1) Caregiver education;
- (2) Anticipated duration of the continuous care;
- (3) Necessity of continuous care;
- (4) Interventions required;
- (5) Identification of interdisciplinary team members developing the plan; and,
- (6) Physician orders for continuous care.

**310:661-5-2.1. Interdisciplinary group, care planning, and coordination of services**

(a) **General.** The hospice ~~shall~~must designate an interdisciplinary group or groups which, in consultation with the patient's attending physician, ~~shall~~will prepare a written plan of care for each patient. The plan of care ~~shall~~will specify the hospice care and services necessary to meet the patient and family-specific needs identified in the comprehensive assessment as such needs relate to the terminal illness and related conditions.

(b) **Approach to service delivery.**

(1) The hospice ~~shall~~must designate in writing an interdisciplinary group or groups composed of individuals who work together to meet the physical, medical, psychosocial, emotional, and spiritual needs of the hospice patients and families facing terminal illness and bereavement. Interdisciplinary group members ~~shall~~must provide the care and services offered by the hospice, and the group, in its entirety, ~~shall~~must supervise the care and services. The hospice ~~shall~~will designate a registered nurse that is a member of the interdisciplinary group to provide coordination of care and to ensure continuous assessment of each patient's and family's needs and implementation of the interdisciplinary plan of care. The interdisciplinary group ~~shall~~must include, ~~but is not limited to~~; individuals who are qualified and competent to practice in the following professional roles:

- (A) A doctor of medicine or osteopathy (who is an employee or under contract with the hospice);
- (B) A registered nurse;
- (C) A social worker; and
- (D) A pastoral or other counselor.

(2) If the hospice has more than one interdisciplinary group, it ~~shall~~must identify a specifically designated interdisciplinary group to establish policies governing the day-to-day provision of hospice care and services.

(c) **Plan of care.** All hospice care and services furnished to patients and their families ~~shall~~must follow an individualized written plan of care established by the hospice interdisciplinary group in collaboration with the attending physician (if any), the patient or representative, and the primary caregiver in accordance with the patient's needs. The hospice ~~shall~~will ensure that each patient and the primary care giver(s) receive education and training provided by the hospice as appropriate to their responsibilities for the care and services identified in the plan of care.

(d) **Content of the plan of care.** The hospice ~~shall~~must develop an individualized written plan of care for each patient. The plan of care ~~shall~~will reflect patient and family goals and interventions based on the problems identified in the initial, comprehensive, and updated comprehensive assessments. The plan of care ~~shall~~must include all services necessary for the palliation and management of the terminal illness and related conditions, including at least the following:

- (1) Interventions to manage pain and symptoms;
- (2) A detailed statement of the scope and frequency of services necessary to meet the specific patient and family needs;

- (3) Measurable outcomes anticipated from implementing and coordinating the plan of care;
- (4) Drugs and treatment necessary to meet the needs of the patient;
- (5) Medical supplies and appliances necessary to meet the needs of the patient; and
- (6) The interdisciplinary group's documentation of the patient's or representative's level of understanding, involvement, and agreement with the plan of care, in accordance with the hospice's own policies, in the clinical record.

(e) **Review of the plan of care.** The hospice interdisciplinary group (in collaboration with the individual's attending physician, if any) shall must review, revise and document the individualized plan as frequently as the patient's condition requires, but no less frequently than every fifteen (15) calendar days. A revised plan of care shall must include information from the patient's updated comprehensive assessment and shall note the patient's progress toward outcomes and goals specified in the plan of care.

(f) **Coordination of services.** The hospice shall must develop and maintain a system of communication and integration, in accordance with the hospice's own policies and procedures, to:

- (1) Ensure that the interdisciplinary group maintains responsibility for directing, coordinating, and supervising the care and services provided;
- (2) Ensure that the care and services are provided in accordance with the plan of care;
- (3) Ensure that the care and services provided are based on all assessments of the patient and family needs;
- (4) Provide for and ensure the ongoing sharing of information between all disciplines providing care and services in all settings, whether the care and services are provided directly or under arrangement; and
- (5) Provide for an ongoing sharing of information with other non-hospice healthcare providers furnishing services unrelated to the terminal illness and related conditions.

**310:661-5-2.2. Core Services**

(a) **General.** A hospice shall must provide substantially all core services directly by hospice trained and oriented employees. These services include nursing services, medical social services, and bereavement and spiritual counseling. The hospice may contract for physician services.

(b) **Physician services.** The hospice medical advisor, physician employees, and contracted physician(s) of the hospice, in conjunction with the patient's attending physician, are responsible for the palliation and management of the terminal illness and conditions related to the terminal illness.

- (1) All physician employees and those under contract, shall must function under the supervision of the hospice medical advisor.
- (2) All physician employees and those under contract shall must meet this requirement by either providing the services directly or through coordinating patient care with the attending physician.

(3) If the attending physician is unavailable, the medical advisor, contracted physician, and/or hospice physician employee is responsible for meeting the medical needs of the patient.

(c) **Nursing services.**

(1) The hospice shall must provide nursing care by licensed nurses under the supervision of a registered nurse. Nursing services shall must ensure that the nursing needs of the patient are met as identified in the patient's initial assessment, comprehensive assessment, and updated assessments.

(2) If State law permits registered nurses to see, treat, and write orders for patients, then registered nurses may provide services to patients receiving hospice care.

(3) Highly specialized nursing services that are provided so infrequently that the provision of such services by direct hospice employees would be impracticable and prohibitively expensive, may be provided under contract.

(d) **Medical social services.** Medical social services shall must be provided by a qualified social worker, under the direction of a physician. Social work services shall must be based on the patient's psychosocial assessment and the patient's and family's needs and acceptance of these services.

(e) **Counseling services.** Counseling services shall must be available to the patient and family to assist the patient and family in minimizing the stress and problems that arise from the terminal illness, related conditions, and the dying process. Counseling services shall will include, but are not limited to, the following:

- (1) **Bereavement counseling.** The hospice shall must:
  - (A) Have an organized program for the provision of bereavement services furnished under the supervision of a qualified professional with experience or education in grief or loss counseling;
  - (B) Make bereavement services available to the family and other individuals in the bereavement plan of care up to one (1) year following the death of the patient. Bereavement counseling also extends to residents of a care facility when appropriate and identified in the bereavement plan of care;
  - (C) Ensure that bereavement services reflect the needs of the bereaved; and
  - (D) Develop a bereavement plan of care that notes the kind of bereavement services to be offered and the frequency of service delivery.

(2) **Dietary counseling.** Dietary counseling, when identified in the plan of care, shall must be performed by a qualified individual, which include dietitians as well as nurses and other individuals who are able to address and assure that the dietary needs of the patient are met.

- (3) **Spiritual counseling.** The hospice shall must:
  - (A) Provide an assessment of the patient's and family's spiritual needs;
  - (B) Provide spiritual counseling to meet these needs in accordance with the patient's and family's acceptance of this service, and in a manner consistent with patient and family beliefs and desires;

## Permanent Final Adoptions

- (C) Make all reasonable efforts to facilitate visits by local clergy, pastoral counselors, or other individuals who can support the patient's spiritual needs to the best of its ability; and
- (D) Advise the patient and family of this service.

### 310:661-5-2.3. Physical therapy, occupational therapy, speech-language pathology

Physical therapy services, occupational therapy services, and speech-language pathology services ~~shall~~must be available.

### 310:661-5-2.4. Licensed Professional Services

- (a) Licensed professional services provided directly or under arrangement ~~shall~~must be authorized, delivered, and supervised only by health care professionals who meet the appropriate qualifications specified by the State and who practice under the hospice's policies and procedures.
- (b) Licensed professionals ~~shall~~must actively participate in the coordination of all aspects of the patient's hospice care, in accordance with current professional standards and practice, including participating in ongoing interdisciplinary comprehensive assessments, developing and evaluating the plan of care, and contributing to patient and family counseling and education.
- (c) Licensed professionals ~~shall~~must participate in the hospice's quality assessment and performance improvement program and hospice sponsored in-service training.

### 310:661-5-3. Quality assurance

- (a) The hospice ~~shall~~must develop, maintain, and conduct a comprehensive quality assurance program that includes an evaluation of services, quarterly clinical record audits, and organizational review.
- (b) The hospice ~~shall~~must ensure that appropriate and quality care is provided to include inpatient care, home care, and care provided under arrangements.
- (c) The quality assurance program ~~shall~~must be reviewed at least ~~one (1) time each once~~ a year. Policies and procedures ~~shall~~will be revised as needed, reviewed, and approved annually. Goals ~~shall~~will be established and problems identified with documented results.

### 310:661-5-3.1. Quality Assessment/Performance Improvement

- (a) The hospice ~~shall~~must develop, implement, and maintain an effective, ongoing, hospice-wide data-driven quality assessment and performance improvement program. The hospice's governing body ~~shall~~must ensure that the program: Reflects the complexity of its organization and services; involves all hospice services (including those services furnished under contract or arrangement); focuses on indicators related to improved palliative outcomes; and takes actions to demonstrate improvement in hospice performance. The hospice ~~shall~~must maintain documentary evidence of its quality assessment and

performance improvement program and be able to demonstrate its operation to the Department of Health.

#### (b) Program scope.

- (1) The program ~~shall~~must at least be capable of showing measurable improvement in indicators related to improved palliative outcomes and hospice services.
- (2) The hospice ~~shall~~must measure, analyze, and track quality indicators, including adverse patient events, and other aspects of performance that enable the hospice to assess processes of care, hospice services, and operations.

#### (c) Program data.

- (1) The program ~~shall~~must use quality indicator data, including patient care, and other relevant data, in the design of its program.
- (2) The hospice ~~shall~~must use the data collected to do the following:
  - (A) Monitor the effectiveness and safety of services and quality of care; and
  - (B) Identify opportunities and priorities for improvement.
- (3) The frequency and detail of the data collection ~~shall~~must be approved by the hospice's governing body.

#### (d) Program activities.

- (1) The hospice's performance improvement activities ~~shall~~must:
  - (A) Focus on high risk, high volume, or problem-prone areas;
  - (B) Consider incidence, prevalence, and severity of problems in those areas; and
  - (C) Affect palliative outcomes, patient safety, and quality of care.
- (2) Performance improvement activities ~~shall~~must track adverse patient events, analyze their causes, and implement preventive actions and mechanisms that include feedback and learning throughout the hospice.
- (3) The hospice ~~shall~~must take actions aimed at performance improvement and, after implementing those actions, the hospice shall measure its success and track performance to ensure that improvements are sustained.

#### (e) Performance improvement projects. Hospices ~~shall~~must develop, implement, and evaluate performance improvement projects.

- (1) The number and scope of distinct performance improvement projects conducted annually, based on the needs of the hospice's population and internal organizational needs, ~~shall~~must reflect the scope, complexity, and past performance of the hospice's services and operations.
- (2) The hospice ~~shall~~must document what performance improvement projects are being conducted, the reasons for conducting these projects, and the measurable progress achieved on these projects.

#### (f) Executive responsibilities. The hospice's governing body is responsible for ensuring the following:

- (1) ~~That an~~An ongoing program for quality improvement and patient safety is defined, implemented, and maintained, and is evaluated annually;
- (2) ~~That the~~The hospice-wide quality assessment and performance improvement efforts address priorities for

improved quality of care and patient safety, and that all improvement actions are evaluated for effectiveness; and  
(3) ~~That one~~One or more individual(s) who are responsible for operating the quality assessment and performance improvement program are designated.

**310:661-5-4. Rights and responsibilities**

(a) Every hospice ~~shall~~must provide, before or at the time of admission, a written statement of rights and responsibilities to each patient, or patient representative, or available family member. The hospice shall ensure that all staff members are familiar with and observe the rights and responsibilities enumerated in the statement.

(b) The statement ~~shall~~must include but not be limited to the following patient rights. ~~The~~ inform the patient ~~shall have that he/she has~~ a right to:

- (1) A listing of available services, charges, billing process, and services that may be covered by private payment, private insurance, or state or federal medical care payment programs, including Medicaid or Medicare;
- (2) Advance notice of any change in fees or billing as soon as possible but no later than thirty (30) calendar days before the effective date of the change;
- (3) Receive information explaining the Medicare, Medicaid and insurance benefits which are no longer available to the patient while the patient receives hospice care, any applicable benefit periods, length of time of each benefit period, and the process of revoking and transferring from one hospice to another if the patient desires;
- (4) Be informed of the right to participate in the planning of care, the right to be advised in advance of any changes in the plan of care, the disciplines that shall furnish care, the proposed frequency of care, the title of the person supervising the patient's care and the manner in which that person may be contacted;
- (5) Revoke the hospice benefit, without coercion from the hospice;
- (6) Expect that the hospice shall enter no further into family life and affairs than is required to meet the goals of the hospice care plan;
- (7) A grievance procedure that includes the right to register a grievance with the hospice regarding treatment or care received or lack of treatment or care without reprisal or discrimination from the hospice; and
- (8) File a complaint with the Oklahoma State Department of Health at its current mailing address.

(c) The statement ~~shall~~must include but not be limited to the following hospice responsibilities. ~~The hospice shall be responsible for:~~

- (1) Accepting patients for service only if they meet hospice admission criteria and have been determined to be terminally ill by a licensed medical doctor or osteopathic physician;
- (2) Providing services regardless of payment;
- (3) Providing services if the patient is a nursing facility resident and indicating that care ~~shall~~will be provided according to the hospice plan of care and that the nursing

facility ~~shall~~will be provided with the plan of care and all subsequent changes to ensure care is coordinated;

- (4) Informing the patient representative or family of the patient's condition and what future changes may occur in the patient's condition and encouraging the patient or patient representative to express feelings and emotions without fear of reprisal;
- (5) Providing caregivers who are non-judgmental and conduct themselves in a professional manner;
- (6) Making and accepting referrals solely in the best interest of the patient;
- (7) Ensuring that hospice owners, employees, and contractors ~~shall~~do not knowingly initiate contact with a patient currently treated by another hospice for the purpose of attempting to persuade the patient to change hospice providers, and ensuring that a hospice which has knowledge of contacts initiated by its employees, owners or contractors ~~shall~~will take reasonable and necessary steps to cease such contacts;
- (8) Respecting and being sensitive to the ethnic, cultural, socioeconomic, religious and lifestyle diversity of the patients and their families;
- (9) Ascertaining and honoring the wishes, concerns, priorities and values of the patient and the patient's family including refusal of routine care and treatment consistent with the organization's values as stated by hospice policy;
- (10) Complying with the patient's advance directive, informing the patient of the right to revoke the advance directive at any time, and discussing the procedures required to revoke;
- (11) Providing qualified personnel to meet the patient's needs;
- (12) Supporting, affirming, and empowering families as caregivers while acknowledging and responding with sensitivity to the interruption of privacy that is necessitated by hospice care in the patient's residence; and
- (13) Ensuring that contracted providers and volunteers are qualified and properly trained and provide care consistent with the values and philosophy of hospice.
- (14) Ensuring hospice care is established to meet the patient's needs and not to supplement facility staffing if the patient resides in an inpatient facility.

**310:661-5-4.1. Additional rights of the patient**

(a) **General.** The patient has the right to be informed of his or her rights, and the hospice ~~shall~~must protect and promote the exercise of these rights.

(b) **Notice of rights and responsibilities.**

- (1) During the initial assessment visit in advance of furnishing care the hospice ~~shall~~must provide the patient or representative with verbal (~~meaning spoken~~) and written notice of the patient's rights and responsibilities in a language and manner that the patient understands.
- (2) The hospice ~~shall~~must inform and distribute written information to the patient concerning its policies on advance directives, including a description of applicable State law.

## Permanent Final Adoptions

---

- (3) The hospice ~~shall~~must obtain the patient's or representative's signature confirming that he or she has received a copy of the notice of rights and responsibilities.
- (c) **Exercise of rights and respect for property and person.**
- (1) The patient has the right:
- (A) To exercise his or her rights as a patient of the hospice;
- (B) To have his or her property and person treated with respect;
- (C) To voice grievances regarding treatment or care that is (or fails to be) furnished and the lack of respect for property by anyone who is furnishing services on behalf of the hospice; and
- (D) To not be subjected to discrimination or reprisal for exercising his or her rights.
- (2) If a patient has been adjudged incompetent under state law by a court of proper jurisdiction, the rights of the patient are exercised by the person appointed pursuant to state law to act on the patient's behalf.
- (3) If a state court has not adjudged a patient incompetent, any legal representative designated by the patient in accordance with state law may exercise the patient's rights to the extent allowed by state law.
- (4) The hospice ~~shall~~must:
- (A) Ensure that all alleged violations involving mistreatment, neglect, or verbal, mental, sexual, and physical abuse, including injuries of unknown source, and misappropriation of patient property by anyone furnishing services on behalf of the hospice, are reported immediately by hospice employees and contracted staff to the hospice administrator;
- (B) Immediately investigate all alleged violations involving anyone furnishing services on behalf of the hospice and immediately take action to prevent further potential violations while the alleged violation is being verified. Investigations and/or documentation of all alleged violations shall be conducted in accordance with established procedures;
- (C) Take appropriate corrective action in accordance with state law if the alleged violation is verified by the hospice administration or an outside body having jurisdiction, such as the State survey agency or local law enforcement agency; and
- (D) Ensure that verified violations are reported to State and local bodies having jurisdiction (including to the State survey and certification agency) within 5 working days of becoming aware of the violation.
- (d) **Rights of the patient.** The patient has a right to the following:
- (1) Receive effective pain management and symptom control from the hospice for conditions related to the terminal illness;
- (2) Be involved in developing his or her hospice plan of care;
- (3) Refuse care or treatment;
- (4) Choose his or her attending physician;

- (5) Have a confidential clinical record. Access to or release of patient information and clinical records is permitted in accordance with State and Federal law.
- (6) Be free from mistreatment, neglect, or verbal, mental, sexual, and physical abuse, including injuries of unknown source, and misappropriation of patient property;
- (7) Receive information about the services covered under the hospice benefit; and
- (8) Receive information about the scope of services that the hospice will provide and specific limitations on those services.

### 310:661-5-5. Continuous care

Every hospice ~~shall~~must provide continuous care as necessary to meet the medical crisis needs of the hospice patient and family. The provision of continuous care ~~shall~~must meet the following requirements:

- (1) A skilled nurse ~~shall provide~~provides at least 51% of the care in a 24-hour period, and a qualified home health aide must provide the balance of care.
- (2) A registered nurse ~~shall reassess~~reassesses the patient at least every 24-hours to determine the effectiveness of interventions and the need for continued care.
- (3) Continuous care ~~shall be~~is ordered by a physician upon initiation of the care and every 24-hour period thereafter of the uncontrolled medical crisis.

### 310:661-5-6. Infection Control

- (a) **General.** The hospice ~~shall~~must maintain and document an effective infection control program that protects patients, families, visitors, and hospice personnel by preventing and controlling infections and communicable diseases.
- (b) **Prevention.** The hospice ~~shall~~must follow accepted standards of practice to prevent the transmission of infections and communicable diseases, including the use of standard precautions.
- (c) **Control.** The hospice ~~shall~~must maintain a coordinated agency-wide program for the surveillance, identification, prevention, control, and investigation of infectious and communicable diseases that:
- (1) Is an integral part of the hospice's quality assessment and performance improvement program; and
- (2) Includes the following:
- (A) A method of identifying infectious and communicable disease problems; and
- (B) A plan for implementing the appropriate actions that are expected to result in improvement and disease prevention.
- (d) **Education.** The hospice ~~shall~~must provide infection control education to employees, contracted providers, patients, and family members and other caregivers.

### 310:661-5-7. Supervision of hospice aides

- (a) A registered nurse ~~shall~~must make an on-site visit to the patient's home:

- (1) No less frequently than every fourteen (14) calendar days to assess the quality of care and services provided by the hospice aide and to ensure that services ordered by the hospice interdisciplinary group meet the patient's needs. The hospice aide does not have to be present during this visit.
- (2) If an area of concern is noted by the supervising nurse, then the hospice ~~shall~~must make an on-site visit to the location where the patient is receiving care in order to observe and assess the aide while he or she is performing care.
- (3) If an area of concern is verified by the hospice during the on-site visit, then the hospice ~~shall~~must conduct, and the hospice aide ~~shall~~must complete a competency evaluation.
- (b) A registered nurse ~~shall~~must make an annual on-site visit to the location where a patient is receiving care in order to observe and assess each aide while he or she is performing care.
- (c) The supervising nurse ~~shall~~must assess an aide's ability to demonstrate initial and continued satisfactory performance in meeting outcome criteria that include, but is not limited to:
  - (1) Following the patient's plan of care for completion of tasks assigned to the hospice aide by the registered nurse;
  - (2) Creating successful interpersonal relationships with the patient and family;
  - (3) Demonstrating competency with assigned tasks;
  - (4) Complying with infection control policies and procedures; and
  - (5) Reporting changes in the patient's condition.

**310:661-5-8. Drugs and Biologicals, Medical Supplies, Durable Medical Equipment**

- (a) **General.** Medical supplies and appliances; durable medical equipment; and drugs and biologicals related to the palliation and management of the terminal illness and related conditions, as identified in the hospice plan of care, ~~shall~~must be provided by the hospice while the patient is under hospice care.
- (b) **Managing drugs and biologicals.**
  - (1) The hospice ~~shall~~must ensure that the interdisciplinary group confers with an individual with education and training in drug management as defined in hospice policies and procedures and State law, who is an employee of or under contract with the hospice to ensure that drugs and biologicals meet each patient's needs.
  - (2) A hospice that provides inpatient care directly in its own facility ~~shall~~must provide pharmacy services under the direction of a qualified licensed pharmacist who is an employee of or under contract with the hospice. The provided pharmacist services ~~shall~~must include evaluation of a patient's response to medication therapy, identification of potential adverse drug reactions, and recommended appropriate corrective action.
- (c) **Ordering of drugs.**

- (1) Only a ~~icensed~~licensed independent practitioner with prescriptive authority, in accordance with the plan of care and State law, may order drugs for the patient.
- (2) If the drug order is verbal or given by or through electronic transmission:
  - (A) It ~~shall~~must be given only to a licensed health care practitioners within their scope of practice under state law and authorized by hospice policy to receive verbal orders; and
  - (B) The individual receiving the order ~~shall~~must record and sign it immediately and have the prescribing person sign it in accordance with State and Federal regulations.
- (d) **Dispensing of drugs and biologicals.** The hospice ~~shall~~must obtain drugs and biologicals from community or institutional pharmacists or stock drugs and biologicals itself.
- (e) **Administration of drugs and biologicals.** The interdisciplinary group, as part of the review of the plan of care, ~~shall~~must determine the ability of the patient and/or family to safely self-administer drugs and biologicals to the patient in his or her home.
- (f) **Labeling, disposing, and storing of drugs and biologicals.**
  - (1) **Labeling.** Drugs and biologicals ~~shall~~must be labeled in accordance with currently accepted professional practice and ~~shall~~ include appropriate usage and cautionary instructions, as well as an expiration date (if applicable).
  - (2) **Disposing.** The hospice ~~shall~~must have written policies and procedures for the management and disposal of controlled drugs in the patient's home. At the time when controlled drugs are first ordered the hospice ~~shall~~must:
    - (A) Provide a copy of the hospice written policies and procedures on the management and disposal of controlled drugs to the patient or patient representative and family;
    - (B) Discuss the hospice policies and procedures for managing the safe use and disposal of controlled drugs with the patient or representative and the family in a language and manner that they understand to ensure that these parties are educated regarding the safe use and disposal of controlled drugs; and
    - (C) Document in the patient's clinical record that the written policies and procedures for managing controlled drugs was provided and discussed.
- (g) **Use and maintenance of equipment and supplies.**
  - (1) The hospice ~~shall~~must ensure that manufacturer recommendations for performing routine and preventive maintenance on durable medical equipment are followed. The equipment ~~shall~~must be safe and work as intended for use in the patient's environment. Where a manufacturer recommendation for a piece of equipment does not exist, the hospice ~~shall~~must ensure that repair and routine maintenance policies are developed. The hospice may use persons under contract to ensure the maintenance and repair of durable medical equipment.
  - (2) The hospice ~~shall~~must ensure that the patient, where appropriate, as well as the family and/or other

## Permanent Final Adoptions

---

caregiver(s), receive instruction in the safe use of durable medical equipment and supplies. The hospice may use persons under contract to ensure patient and family instruction. The patient, family, and/or caregiver ~~shall~~must be able to demonstrate the appropriate use of durable medical equipment to the satisfaction of the hospice staff.

### 310:661-5-9. Short-term inpatient care

- (a) Inpatient care ~~shall~~must be available for pain control, symptom management, and respite purposes.
- (b) If the hospice has an arrangement with another facility to provide for short-term inpatient care, the arrangement is described in a written agreement, coordinated by the hospice, and at a minimum specifies that:
- (1) ~~That~~ the hospice supplies the inpatient provider a copy of the patient's plan of care and specifies the inpatient services to be furnished;
  - (2) ~~That~~ the inpatient provider has established patient care policies consistent with those of the hospice and agrees to abide by the palliative care protocols and plan of care established by the hospice for its patients;
  - (3) ~~That~~ the hospice patient's inpatient clinical record includes a record of all inpatient services furnished and events regarding care that occurred at the facility; that a copy of the discharge summary be provided to the hospice at the time of discharge; and that a copy of the inpatient clinical record is available to the hospice at the time of discharge;
  - (4) ~~That~~ the inpatient facility has identified an individual within the facility who is responsible for the implementation of the provisions of the agreement; and
  - (5) ~~That~~ the hospice retains responsibility for ensuring that the training of personnel who will be providing the patient's care in the inpatient facility has been provided and that a description of the training and the names of those giving the training are documented.

## SUBCHAPTER 6. HOSPICE INPATIENT SERVICE REQUIREMENTS

### 310:661-6-1. General

- (a) Each hospice program that operates a hospice inpatient facility ~~shall~~must comply with service requirements specified in this subchapter.
- (b) Patients ~~shall be permitted~~are allowed to receive visitors at any hour, including small children and house pets.
- (c) Smoking or possessing a lighted tobacco product is prohibited in a hospice inpatient facility and within fifteen (15) feet of each entrance to a facility and of any air intakes; provided however, the facility may provide a smoking room for use by patients and their visitors. The walkway to the main entrance ~~shall~~must also be smoke free. ~~No ashtray shall be~~Ashtrays cannot be located closer than fifteen (15) feet to an entrance, except in an indoor smoking room. An indoor smoking room may be provided if:
- (1) It is completely enclosed;

- (2) It is exhausted directly to the outside and maintained under negative pressure sufficient to prevent any tobacco smoke from entering non-smoking areas of the building;
- (3) It allows for visual observation of the patients from outside of the smoking room; and
- (4) The plans are reviewed and approved by the Department.

### 310:661-6-2. Compliance with health and safety requirements

- (a) Each hospice inpatient facility ~~shall~~must comply with all Federal, State, and local laws, regulations, codes and ordinances as required.
- (b) The facility ~~shall~~must have written policies and procedures relating to advance directives with respect to all patients receiving care. These policies and procedures ~~shall~~will comply with existing Federal and State laws.

### 310:661-6-3. Nursing services

- (a) The facility ~~shall~~must provide twenty-four (24) hour nursing services sufficient to meet the needs of the hospice inpatients.
- (b) Each patient ~~shall~~must receive treatments, medications, and diet as prescribed, and ~~shall be~~ kept comfortable, clean, well-groomed, and protected from accident, injury, and infection.
- (c) Each shift ~~shall~~must include at least one (1) registered nurse to supervise the facility and provide direct patient care.
- (d) There ~~shall~~must be adequate numbers of other licensed nurses and support staff to provide services established in the patient's plan of care while the patient is in the facility.

### 310:661-6-4. Dietary services

- (a) The facility ~~shall~~must provide dietary service adequate to meet the dietary needs of the patients. Services may be provided on a contract basis as long as dietary needs of patients are met.
- (b) Each facility ~~shall~~must serve at least three (3) meals or their equivalent each day at regular times, with not more than fourteen (14) hours between a substantial evening meal and breakfast.
- (c) Menus ~~shall~~must be planned and followed to balance patient choice with nutritional needs of patients, in accordance with physicians' orders and to the extent medically possible, in accordance with the Dietary Reference Intakes (DRIs) of the Food and Nutrition Board of the Institute of Medicine, National Academy of Sciences.
- (d) The facility ~~shall~~must procure, store, prepare, distribute, and serve all food under sanitary conditions in compliance with Chapter 257 of this Title.
- (e) Nourishments ~~shall be~~are available for all patients at any time in accordance with approved diet orders.
- (f) There ~~shall~~must be adequate trained staff available to manage and provide dietary services. A licensed/registered

dietitian ~~shall~~must be available to provide consultation on patients' dietary needs, supervise services, and ensure medically prescribed special diets are provided as ordered.

(g) The system to be used for dishwashing ~~shall~~must be approved by the Department and operated in accordance with approved procedures and requirements of Chapter 257 of this Title.

(h) Garbage and refuse ~~shall~~must be kept in durable, easily cleanable, insect-proof and rodent-proof containers that do not leak and do not absorb liquids. Adequate carriers and containers ~~shall~~will be provided for the collection and transportation, in a sanitary manner, of garbage and refuse from food service areas of the hospice to the place of disposal in accordance with the requirements of Chapter 257 of this Title.

**310:661-6-5. Pharmaceutical services**

(a) The hospice inpatient facility ~~shall~~must provide appropriate methods and procedures for dispensing and administering drugs and biologicals. Whether drugs and biologicals are obtained from community or institutional pharmacies or maintained and stocked by the facility, the facility ~~shall be~~is responsible for the pharmaceutical services and ensure services are provided in accordance with accepted professional standards of practice in compliance with Federal, State, and local laws.

(b) Each facility ~~shall~~must employ or contract with a licensed pharmacist to supervise services and ensure drugs and biologicals are obtained, stored, administered and disposed of as required by Federal and State law.

(c) A physician or licensed independent practitioner ~~shall~~must order all medications for each patient. If the physician or practitioner's order is verbal, the physician or practitioner ~~shall~~must give the order to a licensed nurse or other individual authorized by State law to receive the order. The individual receiving the order ~~shall~~must record and sign the order immediately and have the prescribing physician or practitioner sign as soon as possible in a manner consistent with good medical practice. Another covering or attending physician or practitioner may sign another physician or practitioner's verbal order if the facility allows this practice and specific procedures are approved by the governing body to permit the practice. If a covering or attending physician or practitioner authenticates the ordering physician or practitioner's verbal order, such an authentication indicates that the covering or attending physician or practitioner assumes responsibility for his or her colleague's order and verifies the order is complete, accurate, appropriate, and final.

(d) Drugs and biologicals ~~shall~~must be administered only by a physician, licensed nurse, an individual authorized by State law to administer, or the patient if his or her attending physician has approved.

(e) The pharmaceutical service ~~shall~~must have procedures for control and accountability of all drugs and biologicals in the facility. Drugs are dispensed in compliance with Federal and State law. Records of receipt and disposition of all controlled drugs are maintained in sufficient detail to enable an accurate reconciliation. The pharmacist ~~shall~~must ensure the drug

records are in order and that an account of all controlled drugs is maintained and reconciled.

(f) The labeling of drugs and biologicals is based on currently accepted professional principles in compliance with State law, and includes the appropriate accessory and cautionary instructions, as well as the expiration date and lot number when applicable.

(g) All drugs and biologicals ~~shall~~must be stored in locked compartments under proper temperature controls. Only authorized personnel ~~shall~~must have access. Separately locked compartments ~~shall~~must be provided for storage of Schedule II controlled drugs. All stores of Schedule II drugs not individually dispensed to a patient ~~shall~~must be accounted for at regular intervals to ensure the drugs are not diverted.

(h) If the facility only maintains drugs and biologicals by individual patient prescription, an emergency medication kit approved by the Medical advisor ~~shall~~must also be maintained.

(i) Controlled drugs no longer needed by the patient ~~shall~~must be disposed of in compliance with Federal and State requirements. The pharmacist and a facility registered nurse or two (2) facility registered nurses ~~shall~~must document disposal and maintain a record.

**310:661-6-6. Disaster preparedness**

The hospice inpatient facility ~~shall~~must have an acceptable written plan, periodically rehearsed with staff, with procedures to be followed in the event of an internal or external disaster and for the care of casualties arising from such disasters.

**310:661-6-7. Infection control**

Each hospice inpatient facility ~~shall~~must establish an infection control program to provide a sanitary environment and avoid sources and transmission of infections. The program ~~shall~~must include written policies and procedures for identifying, reporting, evaluating and maintaining records of infections among patients and personnel, for ongoing review and evaluation of all aseptic, isolation and sanitation techniques employed in the facility, and development and coordination of training programs in infection control for all facility personnel.

**SUBCHAPTER 7. INFRACTIONS**

**310:661-7-1. Inspections**

Any duly authorized representative of the Department ~~shall have~~has the right to conduct such inspections as necessary in order to determine compliance with the provisions of the Act and this Chapter. The right of inspection ~~shall~~ also ~~extend~~extends to any hospice the Department has a reason to believe is advertising or operating a hospice service without a license.

**310:661-7-2. Complaints and investigations**

(a) A complaint may be registered by any person who believes a hospice is operating contrary to the Act or is posing a serious threat to the health and welfare of a patient in its care.

# Permanent Final Adoptions

The complaint may be registered verbally or in writing to the Department. An investigation ~~shall~~will be conducted by the Department to determine the validity of the complaint and to instigate necessary action thereto. The Department ~~shall~~must notify the complainant in writing of the findings, if a name and address is furnished.

(b) If the Department determines there are reasonable grounds to believe that a hospice is operating in violation of the Act or the rules, the Department ~~shall~~must follow the notice and hearing procedure established by the Act and the Procedures of the Department, Chapter 2 of this Title.

## 310:661-7-4. Appeals

Final orders of the Department ~~maybe~~may be appealed ~~under~~to the Supreme Court, ~~according to the Act by any party directly affected or aggrieved by the order.~~Appeals must be in accordance with 63 O.S. § 1-860.11.

### GIST/ANALYSIS:

The proposed rule amendments will change the licensure renewal from annual to every three years. The rule change aligns rule requirements with SB 654, which became effective November 1, 2021. This legislation changed the licensure renewal from annual to every three years. This changes the fee

for licensure to (number of beds) x (\$10.00) x (3 years), which will vary from facility to facility.

### CONTACT PERSON:

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2022:**

## SUBCHAPTER 3. SERVICES AND CARE

### 310:663-3-5. Involuntary termination of residency

(a) **Termination of residency when inappropriately placed.** If an assisted living center finds pursuant to 310:663-3-4 (relating to appropriate placement) that a resident is inappropriately placed, the assisted living center shall inform the resident and/or the resident's representative if any. If voluntary termination of residency is not arranged, the assisted living center shall provide written notice to the resident and to the resident's representative, giving the resident thirty (30) days notice of the assisted living center's intent to terminate the residency agreement and move the resident to an appropriate care provider. The thirty (30) day requirement shall not apply:

- (1) when emergency termination of the residency agreement is mandated by the resident's immediate health needs; or
- (2) when termination of the residency agreement is necessary for the physical safety of the resident or other residents.

(b) **Written notice of involuntary termination of residency for reasons of inappropriate placement.** The written notice of involuntary termination of residency for reasons of inappropriate placement shall include:

- (1) A full explanation of the reasons for the termination of residency;
- (2) The date of the notice;
- (3) The date notice was given to the resident and the resident's representative; and,
- (4) The date by which the resident must leave the assisted living center.

(c) **Involuntary termination of residency for reasons other than inappropriate placement.** Procedures for involuntary termination of residency for reasons other than inappropriate placement, by an assisted living center, are as follows:

- (1) Written notice shall be provided to the resident, the resident's representative, the person responsible for payment of charges for the resident's care, if different from any of the foregoing, and the Department, at least thirty (30) days in advance of the termination of residency date.
- (2) The written notice shall include:

- (A) A full explanation of the reasons for the termination of residency;
  - (B) The date of the notice;
  - (C) The date notice was given to the resident and the resident's representative;
  - (D) The date by which the resident must leave the assisted living center;
  - (E) Notice that the resident, the resident's representative or person responsible for payment of the resident's care may request a hearing with the Department;
  - (F) Notice that the request for hearing with the Department must be filed within ten (10) Department business days of receipt of the facility notice; and
  - (G) Notice that a written or verbal request for a hearing with the Department should be directed to the Hearing Clerk, Oklahoma State Department of Health, ~~1000 NE Tenth Street~~ 123 Robert S. Kerr Ave., Oklahoma City, OK 73117 73102, telephone (405) 271-1269.
- (3) An assisted living center shall not involuntarily terminate a residency agreement for reasons other than inappropriate placement without following the procedures in this section.
- (4) If a written or verbal request for a hearing is timely filed by an eligible aggrieved party, the Department shall convene a hearing within ten (10) Department business days of receipt of the request. The request may be in the form of a written or verbal request for hearing from the resident or the resident's representative. In the event that the resident is unable to write, a verbal request made to the hearing clerk shall be sufficient. The Department shall reduce the verbal request to writing and send a copy to the resident. The request shall state the reason for the termination of residency and attach a copy of the letter from the assisted living center.
- (5) While waiting for the hearing, the assisted living center shall not terminate the residency agreement unless the termination is an emergency situation. If the resident relocates from the assisted living center but wants to be readmitted, the Department may proceed with the hearing and the assisted living center shall be required to readmit the resident if the discharge is found not to meet the requirements of OAC 310:663.
- (6) The Department shall provide the Administrative Law Judge and the space for the hearing. The parties, including the resident and the assisted living center, may be represented by counsel or may represent themselves. Assisted living centers operating as a corporation or limited liability company shall be represented by counsel.
- (7) The hearing shall be conducted at the Oklahoma State Department of Health building unless there is a request for the hearing to be held at the assisted living center or at another place. If the hearing is conducted at another location the parties are responsible for providing the hearing room. The Department shall maintain a record on the case in accordance with the Administrative Procedures Act.
- (8) The hearing shall be conducted in accordance with the Administrative Procedures Act. The Administrative Law Judge's order shall include findings of fact, conclusions of law and an order as to whether or not the termination of the residency was according to law.
- (9) If the Administrative Law Judge finds that the termination of residency was not according to law, the Department shall review, investigate and issue deficiencies as appropriate.
- (10) If the termination of residency is according to law, the order shall give the assisted living center the right to terminate the residency agreement.
- (11) The scope of the hearing may include:
- (A) Inadequate notice;
  - (B) Discharge based on reason not stated in the law;
  - (C) Sufficiency of the evidence to support the termination of residency; or
  - (D) The finding of emergency.
- (12) The Administrative Law Judge shall render a written decision within ten (10) Department business days of the close of the record.
- (13) If the Administrative Law Judge sustains the decision of the assisted living center, the assisted living center may proceed with the termination of residency. If the Administrative Law Judge finds in favor of the resident, the assisted living center shall withdraw its notice of intent to terminate the residency agreement. The decision of the Administrative Law Judge shall be final and binding on all parties unless appealed in accordance with the provisions of the Administrative Procedures Act.

**SUBCHAPTER 21. APPLYING FOR A LICENSE**

**310:663-21-2. Deadlines for filing and period of license validity**

- (a) The application for establishment of a continuum of care facility or assisted living center shall be filed at or before the time when the application for an initial license is filed. Provided, however, that an application for establishment is not required in conjunction with the transfer of ownership or operation of a facility or center that is currently licensed under the Act and OAC 310:663.
- (b) The license application shall be filed in accordance with the following deadlines.
  - (1) The application for an initial license of a new continuum of care facility or assisted living center shall be filed at least thirty (30) days before beginning operations.
  - (2) The application for an initial license, following a transfer of ownership or operation, shall be filed at least thirty (30) days before the final transfer. In the case of the appointment of a receiver as operator, this thirty (30) day advance filing requirement may be waived if the Department finds that an emergency exists which threatens the welfare of the residents. If an emergency is found to exist, the receiver shall file the license application before beginning operation of the assisted living center or continuum of care facility.

# Permanent Final Adoptions

(3) The application for renewal of the license of an existing continuum of care facility or assisted living center, with no transfer of ownership or operation, shall be filed by the renewal date specified on the existing license. ~~Each initial license shall be effective for one hundred eighty (180) days from the issue date. The renewal license shall be issued for a period of twelve (12) months from the date of issue. Provided that licenses may be issued for a period of more than twelve (12) months, but not more than twenty four (24) months, for the license period immediately following the effective date of this provision in order to permit an equitable distribution of license expiration dates to all months of the year.~~

(c) The renewal license shall expire three (3) years from the date of issuance. An initial license shall expire one hundred eighty (180) days after the date of issuance. Renewal licenses may be issued for a period of more than twelve (12) months, but not more than thirty-six (36) months, for the license period immediately following November 1, 2021, in order to permit an equitable distribution of license expiration dates. [63 O.S. § 1-890.4 (D)].

## 310:663-21-4. Filing fees

(a) Each application to establish a continuum of care facility or assisted living center shall be accompanied by a non-refundable application fee of Ten Dollars (\$10.00) for each bed included in the maximum bed capacity at such facility or center. The maximum application fee for each facility or center shall be One Thousand Dollars (\$1000.00). ~~The application fee for establishment of a facility or center shall be in addition to the license fee required under the Act and OAC 310:663-21-4(b).~~

(b) ~~Each application for an initial license or for an annual renewal license to operate an assisted living center or a continuum of care facility shall be accompanied by a non-refundable license fee. The license fee shall be in the amount set in the Act. Each application for an initial license, or renewal of the license, to operate a continuum of care facility or assisted living center shall be accompanied by a license fee. The initial license fee shall be Ten Dollars (\$10.00) for each bed included in the maximum bed capacity at such facility or center and the renewal license fee shall be Ten Dollars (\$10.00) for each bed included in the maximum bed capacity at such facility or center, per year of licensure, except that any facility operated by the Oklahoma Department of Veterans Affairs shall be exempt from these fees. [63 O.S. § 1-890.4 (B)].~~

(c) ~~The application and license fees shall be paid by check to the Oklahoma State Department of Health. If an application for an initial or renewal license includes an adult day care component, then an application for an adult day care license (OAC 310:605), must also be filed.~~

(d) The fee for a license renewal following an initial license, or for a license amendment to reflect a change in bed capacity, shall be prorated based on the number of days remaining until

the current license expires, and, in the case of a change in bed capacity, the number of beds being added.

8:00 a.m. to 5:00 p.m., Monday through Friday, Oklahoma State Department of Health, 123 Robert S. Kerr Avenue, Oklahoma City, OK 73102, 405-271-4200

### GIST/ANALYSIS:

The legal citations and terminology used in 310:667-1-2. Definitions, have been revised to align with statute. In an effort to improve conciseness and readability, the proposed revisions to Subchapter 59. Classification of Hospital Emergency Services eliminate duplication within each Section and consolidate identical requirements by using references to requirements stated in lower classification levels, e.g. "A Level I hospital is subject to the same emergency services requirement as a Level II hospital as set forth in (c)(1)(A) of this Section." We have also applied the same concept for requirements that include a long list of items, e.g. "All of the quality improvement indicators

listed for Level III classification set forth in (a)(5) of this Section" and then state the one or two new items, rather than repeating the entire list in each classification level.

**CONTACT PERSON:**

Audrey C. Talley, Agency Rule Liaison, Oklahoma State Department of Health, 123 Robert S. Kerr Avenue, Oklahoma City, OK 73102, 405-426-8563. AudreyT@health.ok.gov.

**DUE TO EXCESSIVE LENGTH OF THESE RULES (AS DEFINED IN OAC 655:10-7-12), THE FULL TEXT OF THESE RULES WILL NOT BE PUBLISHED. THE RULES ARE AVAILABLE FOR PUBLIC INSPECTION AT THE OKLAHOMA STATE DEPARTMENT OF HEALTH, 123 ROBERT S. KERR AVENUE, OKLAHOMA CITY, OKLAHOMA 73102 AND AT THE SECRETARY OF STATE'S OFFICE OF ADMINISTRATIVE RULES. THE FOLLOWING SUMMARY HAS BEEN PREPARED PURSUANT TO 75 O.S., SECTION 255(B):**

**SUBCHAPTER 1. GENERAL PROVISIONS**

**310:667-1-1. Purpose.**

Removed supplement date to update 63 O.S. § 1-705 legal citation.

**310:667-1-2. Definitions.**

Updated definitions to be consistent with 63 O.S. § 1-701.

**SUBCHAPTER 59. CLASSIFICATION OF HOSPITAL EMERGENCY SERVICES**

**310:667-59-1. General.**

The revisions are intended to improve the clarity and readability of the section by editing duplicative and unnecessary wording.

**310:667-59-3. Inspections and deemed status.**

The revisions are intended to improve the clarity and readability of the section by editing duplicative and unnecessary wording. These revisions also include adding a tagline to each subsection for organizational purposes.

**310:667-59-5. Notification.**

The revisions are intended to improve the clarity and readability of the section by editing duplicative and unnecessary wording.

**310:667-59-7. Clinical categories of emergency medical services.**

Added stroke services as a category. Stroke services is already a category, but was not mentioned in this section.

**310:667-59-9. Classification of trauma and emergency operative services.**

The revisions are intended to improve the clarity and readability of the section by editing duplicative and unnecessary wording and restructuring dense blocks of text into enumerated items. Within this section, when an extended list of items is used for various levels of classification or a classification level is subject to the exact same requirement as a lower classification level, rather than copying over that information to each level, a reference is now made to where it was first used within the section. References to other areas of the chapter that do not create a requirement for a particular level have also been removed, e.g. (a)(2)(A) through (D) is stricken.

**310:667-59-11. Classification of emergency cardiology services.**

The revisions are intended to improve the clarity and readability of the section by editing duplicative and unnecessary wording and restructuring dense blocks of text into enumerated items. Within this section, when an extended list of items is used for various levels of classification or a classification level is subject to the exact same requirement as a lower classification level, rather than copying over that information to each level, a reference is now made to where it was first used within the section. References to other areas of the chapter that do not create a requirement for a particular level have also been removed, e.g. (a)(2)(A) through (D) is stricken.

**310:667-59-13. Classification of emergency pediatric medicine and trauma services.**

The revisions are intended to improve the clarity and readability of the section by editing duplicative and unnecessary wording and restructuring dense blocks of text into enumerated items. Within this section, when an extended list of items is used for various levels of classification or a classification level is subject to the exact same requirement as a lower classification level, rather than copying over that information to each level, a reference is now made to where it was first used within the section. References to other areas of the chapter that do not create a requirement for a particular level have also been removed, e.g. (a)(2)(A) through (D) is stricken.

**310:667-59-15. Classification of emergency dental services.**

The revisions are intended to improve the clarity and readability of the section by editing duplicative and unnecessary wording and restructuring dense

blocks of text into enumerated items. Within this section, when an extended list of items is used for various levels of classification or a classification level is subject to the exact same requirement as a lower classification level, rather than copying over that information to each level, a reference is now made to where it was first used within the section. References to other areas of the chapter that do not create a requirement for a particular level have also been removed, e.g. (a)(2)(A) through (D) is stricken.

**310:667-59-17. Classification of emergency obstetric and gynecologic services.**

The revisions are intended to improve the clarity and readability of the section by editing duplicative and unnecessary wording and restructuring dense blocks of text into enumerated items. Within this section, when an extended list of items is used for various levels of classification or a classification level is subject to the exact same requirement as a lower classification level, rather than copying over that information to each level, a reference is now made to where it was first used within the section. References to other areas of the chapter that do not create a requirement for a particular level have also been removed, e.g. (a)(2)(A) through (D) is stricken.

**310:667-59-19. Classification of emergency ophthalmology services.**

The revisions are intended to improve the clarity and readability of the section by editing duplicative and unnecessary wording and restructuring dense blocks of text into enumerated items. Within this section, when an extended list of items is used for various levels of classification or a classification level is subject to the exact same requirement as a lower classification level, rather than copying over that information to each level, a reference is now made to where it was first used within the section. References to other areas of the chapter that do not create a requirement for a particular level have also been removed, e.g. (a)(2)(A) through (D) is stricken.

**310:667-59-20. Classification of emergency stroke services.**

The revisions are intended to improve the clarity and readability of the section by editing duplicative and unnecessary wording and restructuring dense blocks of text into enumerated items. Within this section, when an extended list of items is used for various levels of classification or a classification level is subject to the exact same requirement as a lower classification level, rather than copying over that information to each level, a reference is now made to where it was first used within the section.

**310:667-59-21. Classification of emergency neurology services.**

The revisions are intended to improve the clarity and readability of the section by editing duplicative and unnecessary wording and restructuring dense blocks of text into enumerated items. Within this section, when an extended list of items is used for various levels of classification or a classification level is subject to the exact same requirement as a lower classification level, rather than copying over that information to each level, a reference is now made to where it was first used within the section. References to other areas of the chapter that do not create a requirement for a particular level have also been removed, e.g. (a)(2)(A) through (D) is stricken.

**310:667-59-23. Classification of emergency psychiatric services.**

The revisions are intended to improve the clarity and readability of the section by editing duplicative and unnecessary wording and restructuring dense blocks of text into enumerated items. Within this section, when an extended list of items is used for various levels of classification or a classification level is subject to the exact same requirement as a lower classification level, rather than copying over that information to each level, a reference is now made to where it was first used within the section. References to other areas of the chapter that do not create a requirement for a particular level have also been removed, e.g. (a)(2)(A) through (D) is stricken.

**310:667-59-25. Classification of emergency general medicine services.**

The revisions are intended to improve the clarity and readability of the section by editing duplicative and unnecessary wording and restructuring dense blocks of text into enumerated items. Within this section, when an extended list of items is used for various levels of classification or a classification level is subject to the exact same requirement as a lower classification level, rather than copying over that information to each level, a reference is now made to where it was first used within the section. References to other areas of the chapter that do not create a requirement for a particular level have also been removed, e.g. (a)(2)(A) through (D) is stricken.

FINALLY ADOPTED AS SET FORTH IN 75 O.S.,  
SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE  
DATE OF SEPTEMBER 11, 2022:**

### SUBCHAPTER 11. INTERMEDIATE CARE FACILITIES OF 16 BEDS AND LESS FOR INDIVIDUALS WITH INTELLECTUAL DISABILITIES (ICF/IID-16)

#### 310:675-11-2. Active Treatment

In institutions for individuals with intellectual disabilities,  
active treatment requires the following:

- (1) The individual's regular participation, in accordance with an individual plan of care, in professionally developed and supervised activities, experience or therapies.

(2) An individual written plan of care that sets forth measurable goals or objectives stated in terms of desirable behavior and that prescribes an integrated program of activities, experience or therapies necessary for the individual to reach those goals or objectives. The overall purpose of the plan is to help the individual function at the greatest physical, intellectual, social or vocational level he can presently or potentially achieve.

(3) An interdisciplinary professional evaluation that consists of complete medical, social and psychological diagnosis and evaluations and an evaluation of the individual's need for institutional care; and is made by a physician, a social worker and other professionals, at least one of whom is a qualified ~~mental-retardation~~ intellectual disability professional.

(4) Reevaluation medically, socially and psychologically at least annually by the staff involved in carrying out the resident's individual plan of care. This must include review of the individual's progress toward meeting the plan objectives, the appropriateness of the individual plan of care, assessment of the resident's continuing need for institutional care, and consideration of alternate methods of care.

(5) An individual postinstitutionalization plan, as part of the individual plan of care, developed before discharge by a qualified ~~mental-retardation~~ intellectual disability professional and other appropriate professionals. This must include provision for appropriate services, protective supervision, and other follow-up services in the resident's new environment.

(6) Individuals assigned for specific purpose of direct personal care to residents, including those conducting a training program to develop the resident's self-help and socialization skills. Does not include professionals performing duties related to their profession.

#### 310:675-11-4. Occupancy

Residents selected for ICF/IID-16 occupancy shall receive active treatment, and be capable of direction and emergency evacuation from the facility, as determined by a physician or nurse or qualified ~~mental-retardation~~ intellectual disability professional.

**GIST/ANALYSIS:**

The proposed rule amendments will change the licensure from annual to licensure renewal every three years. The purpose of the rule change is to align rule requirements with SB 654, which became effective November 1, 2021. This legislation changed the licensure from annual to renewal every three years. This changes the fee for licensure to \$75.00 every three years, which is the sum of the previous \$50.00 every two years.

**CONTACT PERSON:**

Audrey C. Talley, Agency Rule Liaison, Oklahoma State Department of Health, 123 Robert S. Kerr Avenue, Oklahoma City, OK 73102, 405-426-8563. AudreyT@health.ok.gov.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2022:**

**SUBCHAPTER 3. LICENSURE REQUIREMENTS**

**310:680-3-2. Licensures**

(a) **Regular license.** ~~The A regular license shall be issued for a twenty-four (24) month period expiring two years is valid for 36 months~~ from date of issue. A license may be issued upon receipt of completed application, payment of license fee, and verification by the Department that the home ~~complies with the Residential Care Standards and Regulation for Licensure, and the Residential Care Act~~ is in compliance with this Chapter and the Act. A nonrefundable \$75 fee must be included with a regular license application. [63 O.S. § 1-822(A)]

(b) **Probationary license.** ~~If the applicant has not been previously licensed, or if the home is not in operation at the time application is made, the Department shall issue a probationary license. A probationary license shall be valid for one hundred twenty (120) days unless sooner suspended or revoked by the Department.~~ **Renewal license.** Renewal licenses may be issued for a period of more than twenty-four (24) months, but not more than thirty-six (36) months, for the license period immediately

following November 1, 2021, in order to permit an equitable distribution of license expiration dates. [63 O.S. § 1-822(A)] Thereafter, all renewal licenses will be for 36 months. A non-refundable fee of \$25 per year for the renewal license must be included with the renewal application. [63 O.S. § 1-822(A)].

(c) **Probationary license.** Before an applicant is eligible to apply for a regular license, it must first apply and receive a probationary license. A probationary license shall be valid for one hundred twenty (120) days unless sooner suspended or revoked by the Department. A nonrefundable \$50 fee must be included with a probationary license application. [63 O.S. § 1-822(A)]. Prior to issuance of a probationary license, the Department shall:

- (1) Ascertain whether or not the applicant is qualified to be licensed.
- (2) Inspect the home and inform the applicant of any condition which requires correction prior to issuance of a license. If the home is a new home, the Department shall also inform the applicant of any conditions which require correction prior to acceptance of residents into the home.
- (3) If the home is an existing home whose ownership is being transferred, the probationary license issued to the transferee, in addition to any corrections required as a result of the inspection, shall be subject to any plan of correction submitted by the previous owner and approved by the Department.

(d) **Conditional license.**

(1) ~~The Department may issue a conditional license to any residential care home in which it finds that a violation exists. The issuance of a conditional license shall revoke any license held by the residential care home. If the Department finds that a residential care home is in violation of the Residential Care Act or this Chapter, then it may revoke the residential care home's regular license and issue it a conditional license. There is no fee associated with this change in license status.~~

(2) Prior to the issuance of a conditional license, the Department shall review and approve a written plan of correction. The Department shall specify the violations which prevent full licensure and shall establish a time schedule for correction of the violation. Written notice of the decision to issue a conditional license shall be sent to the residential care home, together with the proposed plan of correction. The notice shall inform the home of the right to an informal conference prior to issuance of the conditional license, and its right to a full hearing.

(3) A conditional license shall be issued for a period specified by the Department, but in no event for more than one (1) year.

(4) The Department shall periodically, but not less than semiannually, inspect any home operating under a conditional license. If the Department finds substantial failure by the residential care home to follow the plan of correction, the conditional license may be revoked.

(5) If the Department determines that a conditional license shall expire without renewal or replacement of the conditional license by a regular license, the Department

# Permanent Final Adoptions

shall notify the licensee at least thirty (30) days prior to expiration of the license. The licensee is entitled to a hearing if requested prior to expiration of the conditional license.

## 310:680-3-3. Applications

(a) An applicant for probationary license, regular license or renewal thereof to operate a residential care home shall submit to the Department a completed application along with the ~~fifty dollar (\$50.00) license appropriate fee~~, and documents required by the Commissioner to determine that the applicant is of reputable and responsible character and otherwise demonstrates the skill and fitness to provide the necessary services. In addition, the applicant shall have appropriate business or professional experience in dealing with the type of residents in the home. ~~The license fee of fifty dollars (\$50.00) is not refundable.~~

(b) A license fee of twenty dollars (\$20.00) shall accompany any application for modification of a license.

(c) An application for license, or renewal, shall include a copy of all agreements with the professional consultants utilized by the home.

(d) An application for an initial license to operate a residential care home shall include documentation that the State Fire Marshal or the State Fire Marshal's representative has inspected and approved the home. Each application for renewal of a license for a residential care home with more than six beds shall include documentation of annual inspection and approval by the State Fire Marshal or the State Fire Marshal's representative.

(e) The following items must be renewed annually:

(1) An agreement with a physician, physician assistant or advanced practice registered nurse to provide clinical consultation.

(2) Agreements with registered nurse, registered dietitian, and registered pharmacist, as required based on the needs of the residents.

(3) Licensed plumber or building inspector's report.

(4) Licensed electrician or municipal inspector's report.

(f) *Each initial application shall be accompanied by a statement from the unit of local government having zoning jurisdiction over the location of the home stating that the location is not in violation of a zoning ordinance.* [63:1-822(C)]

(g) Each application shall be accompanied by an attested statement from the applicant assuring that the applicant complies with 63 O.S. Section 1-822(D). If the applicant is a firm, partnership or corporation, the application shall include an attested statement from each member of the firm or partnership and from each officer and major stockholder of the corporation.

**GIST/ANALYSIS:**

The rules amend the Definitions section to add new terms and corresponding definitions for terms in the new and amended sections of Chapter 681. The rules add and define hazardous and nonhazardous processor license as authorized by HB 2646. Specifically, a processor utilizing any chemical in the extraction process that is defined as hazardous under 29 CFR 1910.1200 is required to obtain a hazardous processor license. Preschools are removed from the definitions of public and private schools, as provided for in HB 2646. The amendments reflect the statutory requirements for the distance between a school and medical marijuana dispensaries and/or waste facilities that became effective on November 1, 2021 per HB 2646. Most records are now required to be maintained for seven (7) years as provided in HB 2646. The rules add the following fees as authorized by HB 2646: a \$20 license reprint fee for patient licenses and transporter agent licenses; a \$500 fee for a material change that would affect qualifications for licensure; a \$500 late renewal fee if licensees wish to renew a license that has been expired for no longer than ninety (90) days; and other fines penalties specifically provided for under HB 2646. Possession limits and transaction limits are updated to be consistent with HB 2646. Laboratories, research facilities, and education facilities are now also given a complimentary transportation license, and this language is added throughout the rules reflecting the ability of these commercial licensees to transport medical marijuana and medical marijuana product. The rules provide regulatory requirements for the State inventory tracking system. The rules also require that commercial licensees track inventory, cultivation, manufacturing and transactions for the purpose of reporting the information to the Department. The rules add language that a rejected application shall be corrected within thirty (30) days and that if the application is resubmitted with errors not clerical or typographical in nature the application shall be denied unless the Department determines otherwise, pursuant to HB 2646. The thirty (30) day grace period for licensees to liquidate marijuana after their license expires, is revoked, suspended or surrendered has been removed per HB 2646. The rules allow for the Department to perform inspections to ensure qualifications for licensure, and they remove the requirement to provide twenty-four (24) hours' notice consistent with HB 2646. The rules allow the Department to issue an Order for Disciplinary Action that will become final within 30 days if a hearing is not requested. Language is added providing for emergency cease and desist authority per HB 2646. The rules allow dispensaries to display samples of medical marijuana in a sample container for patients to smell and handle, and provide requirements on how dispensaries may display and properly label the samples. The amendments also include the addition of the ability for growers and dispensaries to make and package noninfused pre-rolls that do not exceed one (1) gram. In doing so, the rules include: new definitions for "grower", "dispensary", "infused" and "noninfused pre-rolls"; new testing requirements for pre-rolls and kief; new sampling requirements for pre-rolls and final medical marijuana products; changes in batch sizes to be in line with new statutory changes; and changes in the definitions of "final medical marijuana product" and "nonliquid medical marijuana product" to clearly reflect the batch size permissible for all medical marijuana and medical marijuana products. The rules include implementation for embargooing and recalling medical marijuana or medical marijuana products that may be harmful or unsafe for human consumption or tested above allowable thresholds.

# Permanent Final Adoptions

## CONTACT PERSON:

Audrey C. Talley, Agency Rule Liaison, Oklahoma State Department of Health, 123 Robert S. Kerr Avenue, Oklahoma City, OK 73102, 405-426-8563. AudreyT@health.ok.gov.

**DUE TO EXCESSIVE LENGTH OF THESE RULES (AS DEFINED IN OAC 655:10-7-12), THE FULL TEXT OF THESE RULES WILL NOT BE PUBLISHED. THE RULES ARE AVAILABLE FOR PUBLIC INSPECTION AT THE OKLAHOMA STATE DEPARTMENT OF HEALTH, 123 ROBERT S. KERR AVENUE, OKLAHOMA CITY, OKLAHOMA 73102 AND AT THE SECRETARY OF STATE'S OFFICE OF ADMINISTRATIVE RULES. THE FOLLOWING SUMMARY HAS BEEN PREPARED PURSUANT TO 75 O.S., SECTION 255(B):**

## OAC 310:681-1-4. Definitions

Adds definition of "actively operating" or "actively conducting business operations." Adds definition of "alcoholic beverage." Adds definition of "COA." Revises definition of "dispense" to be consistent with the definition in 63 O.S. § 427.2. Revises definition of "dispensary" or "commercial dispensary" to reflect changes made to the statutory definition in 63 O.S. § 427.2. Revises definition of "dispose" or "disposal." Adds definition of "error in measurement." Adds definition of "error in measurement allowance." Adds definition of "exit package." Adds definition of "final product" or "final medical marijuana product." Revises definition of "flower" to reflect changes made to the statutory definition in 63 O.S. § 427.2. Revises definition of "grower" or "commercial grower" to reflect changes made in 63 O.S. § 422. Revises definition of "harvest batch." Adds definition of "hazardous medical marijuana processor license." Adds definition of "infused pre-roll." Revises definition of "inventory tracking system" to reflect the changes made in 63 O.S. § 427.2. Adds definition of "kief." Revises definition of "marijuana" to reflect changes made in 63 O.S. § 427.2. Adds definition of "material change." Revises definition of "medical marijuana waste." Adds definition of "nonhazardous medical marijuana processor license." Adds definition of "noninfused pre-roll." Adds definition of "nonliquid medical marijuana product." Adds definition of "nonoperational." Adds definition of "openly in existence." Revises definition of "private school" to reflect changes made in 63 O.S. § 427.2. Revises definition of "processor" or "commercial processor" to reflect changes made in 63 O.S. § 423. Adds definition of "publicly traded company." Revises definition of "public school" to reflect changes made in 63 O.S. § 427.2. Revises definition of "registered to conduct business" to reflect changes made in 63 O.S. § 427.2. Revises definition of "remediation" to be consistent with the definition in 63 O.S. § 427.2. Adds definition of "RFID." Adds definition of "seed-to-sale tracking system." Revises definition of "strain" to be consistent with the definition in 63 O.S. § 427.2. Revises definition of "THC." Revises definition of "transporter" or "commercial transporter" to reflect changes made in 63 O.S. §§ 427.2 and 427.16. Revises definition of "transporter agent" to reflect changes made in 63 O.S. §§ 427.2 and 427.16. Revises "transporter license" to reflect changes made in 63 O.S. §§ 427.2 and 427.16. Adds definition of "wholesale package." Adds definition of "working towards operational status."

## OAC 310:681-1-6. Proof of residency

Subsection (a)(3): Removes "an Oklahoma voter identification card" as an acceptable form of proof to show Oklahoma residency for a patient license to be consistent with the acceptable residency documents for commercial licensees set forth in 63 O.S. § 427.14(E)(11) and OAC 310:681-5-3.1.

## OAC 310:681-1-7. Proof of identity

Subsection (a)(1): Adds language clarifying a non-commercial license applicant may establish their identity through submission of a Real ID. Subsection (b)(1): Removes language requiring commercial license applicants submit the back of a driver's license for proof of identity documentation. Adds language clarifying a commercial license applicant may establish identity through submission of a Real ID. Subsection (b)(2): Removes language requiring commercial license applicants submit the back of an identification card for proof of identity documentation. Adds language clarifying a commercial license applicant may establish identity through submission of a Real ID.

## OAC 310:681-1-9.1. Recommending physician standards

Subsection (a): Replaces "their licensure board" with "the State Board of Medical Licensure and Supervision or the State Board of Osteopathic Examiners" to be consistent with 63 O.S. § 420(M).

## OAC 310:681-2-1. Application for patient license

Subsection (e): Clarifies that documentation establishing the disability status of a veteran need not be signed within six months of submission of the application if the applicant's status as a permanent

one-hundred-percent-disabled veteran is demonstrated in the submitted documentation.

## OAC 310:681-2-3. Application for caregiver's license

Subsection (d)(1): Removes language referring to a physician as Board Certified. Subsection (e)(2): Adds language prohibiting caregivers from charging the patient licensee amounts in excess of the actual costs incurred in cultivating medical marijuana pursuant to 63 O.S. § 420(K).

## OAC 310:681-2-5. Term and renewal of medical marijuana patient and caregiver licenses

Subsection (i)(1): Adds new language making a patient license "immediately null and void without the right to an individual proceeding" when the recommendation is terminated by the recommending physician pursuant to 63 O.S. § 427.10(E). Subsection (i)(4): Removes language requiring notice and a right to a hearing for patients that have had their recommendation terminated by the recommending physician to be in accordance with 63 O.S. § 427.10(E). Subsection (k): Creates new requirement that a patient will be charged a fee of \$20.00 for a license reprint pursuant to 63 O.S. § 420(D).

## OAC 310:681-2-8. Possession Limits

Subsection (a)(3): Clarifies that a patient license holder may legally possess "six marijuana plants and the harvested marijuana therefrom" in accordance with 63 O.S. § 420(A). Subsection (a)(8): Adds new language allowing a patient license holder to legally possess "seventy-two (72) ounces of topical marijuana" in accordance with 63 O.S. § 420(A).

## OAC 310:681-3-1. License for transportation of medical marijuana

Subsection (a): Adds language providing that transporter licenses will also be issued to laboratory, research facility, or education facility licensees. Subsection (d): Adds new language requiring a commercial transporter's warehouse location to be inspected and approved by the Department prior to its use pursuant to 63 O.S. § 426.16(I). Subsection (d) and (e): Renumbered subsection (d) and (e) to be (e) and (f), respectively.

## OAC 310:681-3-2. Requirements for transportation of marijuana

Subsection (a): Adds language excepting lawful transfers between medical marijuana businesses located at the same physical address from the transportation requirements outlined in OAC 310:681-3-2(a)(1)-(2) pursuant to 63 O.S. § 427.16(J). Subsection (c): Adds language requiring commercial transporters, growers, processors, dispensaries, laboratories, research facilities and education facilities to retain records and information for seven (7) years pursuant to 63 O.S. § 427.16(U). Subsection (d): Adds language requiring transportation agents of laboratories, research facilities, and education facilities to carry a copy of the business licensee's transportation license when transporting medical marijuana.

## OAC 310:681-3-3. Transporter agent license

Subsection (a): Adds language to include agents, employees, officers, or owners of a laboratory, research facility, or education facility as persons qualified to be issued a transport agent license. Subsection (d)(2): Removes requirement that a transporter agent applicant meet the same residency requirement as a business license applicant. Subsection (d)(4): Adds language to include laboratories, research facilities, or education facilities as an employer that may submit an employment verification form for a transporter agent application. Subsection (e): Adds language to include that a transporter agent license shall not last beyond the expiration, surrender, or revocation of a laboratory, research facility, or education facility license. Subsection (g): Creates new requirement that a transporter agent will be charged a fee of \$20.00 for a license reprint pursuant to 63 O.S. § 427.16(M).

## OAC 310:681-3-4. Employer deactivation of transporter agent license

Subsection (a): Adds language requiring a laboratory, research facility, or education facility to notify the Department within fourteen (14) days when a transporter agent ceases to work as a transporter. Subsection (b): Adds language directing that a laboratory, research facility, or education facility is responsible for destroying or returning a deactivated transporter agent license.

## OAC 310:681-3-6. Inventory manifests

Subsection (a): Replaces "an electronic inventory management system" with "the State inventory tracking system in accordance with OAC 310:681-5-6(d)." Replaces "inventory" with "shipping." Adds language that requires dispensaries, laboratories, research facilities, and education facilities to create and maintain shipping manifests. Subsection (b)(1)(B) and (F): Adds language requiring a laboratory, research facility, or education facility to be on an inventory manifest left with the originating licensee or notate an inventory manifest left with the originating licensee if the laboratory, research facility, or education facility is transporting or authorized the transport. Subsection (b)(2)(C): Adds language requiring a laboratory, research facility, or education facility to be on an inventory manifest left with the receiving licensee if the laboratory, research facility, or education facility transporting the medical marijuana is not the originating licensee. Subsection (d): Adds language

requiring dispensaries, laboratories, research facilities, and education facilities to maintain copies of inventory manifests. Subsection (f): Replaces "three (3)" years with "seven (7)" years for the amount of time originating and receiving licensees shall maintain inventory manifests pursuant to 63 O.S. § 427.16(U). Subsection (g)(1)-(2): Adds language specifying when an inventory manifest may be altered after departing the originating licensee. Subsection (i): Removes language regarding documentation requirements when medical marijuana is refused by a receiving licensee as this language was added in subsection (g).

**OAC 310:681-4-2. Licenses**

Subsection (c)(2): Adds that no new certificate of compliance is necessary during submission of a renewal application unless there is a change in use or occupancy, or a change that would require additional inspection, licensure, or permitting pursuant to 63 O.S. § 426.1(E). Subsection (c)(6) Adds new language allowing a commercial licensee to renew an expired license that is less than ninety (90) days expired for a fee of \$500.00 pursuant to 63 O.S. § 427.14(N). Subsection (e)(2): Clarifies that a licensee shall obtain Department approval prior to making a "material change" and adds language creating a fee of \$500.00 for a material change request pursuant to 63 O.S. § 427.3(D). Subsection (f)(1): Removes language prohibiting research and education facilities from transferring licenses.

**OAC 310:681-4-3. Applications**

Subsection (h): Adds language that a rejected application shall be corrected within thirty (30) days and that if the application is resubmitted with errors not clerical or typographical in nature the application shall be denied pursuant to 63 O.S. § 427.14(G).

**OAC 310:681-4-4. Inspections**

Subsection (b): Adds language permitting the Department to perform on-site inspections to ensure qualifications for licensure pursuant to 63 O.S. § 427.6(B). Subsection (d): Adds language permitting the Department to share confidential information about non-patient licensees with other agencies pursuant to 63 O.S. § 427.22(G).

**OAC 310:681-4-5. Inventory tracking, records, reports, and audits**

Subsection (a)(6): Adds language clarifying that data submitted to the Department through the State's inventory tracking system will satisfy monthly reporting requirements. Subsection (c)(2): Adds language requiring transportation, sampling, and sample field log documentation to be retained by research and education facilities for seven (7) years. Subsection (d)(1)-(3): Adds language and requirements for reporting of required data and information into the State's inventory tracking system pursuant to 63 O.S. § 427.3(D)(8) and § 427.13(B). Subsection (e): Adds language requiring commercial licensees use a seed to sale tracking system or integrate their seed to sale tracking system with the State's inventory tracking system. Clarifies that if the commercial licensee's seed to sale system does not integrate or share all required information with the State's inventory tracking system, the commercial license is required to ensure all required information is reported directly to the State's inventory tracking system. Subsection (f)(1)-(8): Adds new language for reporting of required data and information into the State's inventory tracking system, including requirements related to the purchase and use of RFID tags in order to track medical marijuana and medical marijuana product through all stages of the life span of the plant and product. Adds requirement relating to the use of RFID tags in the context of wholesale packages. Subsection (g)(1)-(8): Adds new language and requirements for commercial licensees' inventory tracking system administrators and employee users to access the State's inventory tracking system. Subsection (h): Creates a new provision governing reporting requirements in the context of loss of access to the State's inventory tracking system both due to circumstances beyond and within commercial licensees' control. Subsection (i): Clarifies audits conducted by the Department ensure the accuracy of information and data reported to the Department.

**OAC 310:681-5-1.1. Responsibilities of the license holder**

Subsection (9): Clarifies that commercial licensees are financially responsible for the costs of compliance and inventory tracking and that the Department will not contribute to, fund or subsidize compliance or tracking expenses incurred by commercial licensees. Subsection (10): Clarifies that the responsibility is incumbent upon co-locating commercial licensees to ensure inventory is kept separate and tracked separate so that the Department may readily distinguish between inventory of each licensee.

**OAC 310:681-5-2. Licenses**

Subsection (c)(2): Clarifies that no new certificate of compliance is necessary during submission of a renewal application unless there is a change in use or occupancy, or a change that would require additional inspection, licensure, or permitting pursuant to 63 O.S. § 426.1(E). Subsection (c)(5): Adds new language allowing a commercial licensee to renew an expired

license that is less than ninety (90) days expired for a fee of \$500.00 pursuant to 63 O.S. § 427.14(N). Subsection (d): removes the 30 day liquidation period and clarifies that a business licensee that did not liquidate shall dispose of medical marijuana and medical marijuana products in accordance with OAC 310:681-5-10. Subsection (e)(2): Clarifies that a licensee shall obtain Department approval prior to making a "material change" and adds language creating a fee of \$500 for a material change request pursuant to 63 O.S. § 427.3(D). Subsection (e)(2)(D)(i)-(iii): Creates new provision allowing a medical marijuana grower, processor, and commercial transporter to submit a request and required documentation to the Department to add a publicly traded company as an owner of up to forty percent (40%) of the equity interest of an existing medical marijuana grower, processor, or commercial transporter that has been licensed for at least eighteen (18) months and is operating in good standing pursuant to 63 O.S. § 427.15a. Subsection (f): Removes language prohibiting business licensees from transferring licenses.

**OAC 310:681-5-2.1 Objection by municipality.**

Subsection (a)(1)-(2): Creates new provisions allowing municipal governments to object prior to an initial renewal or transfer of ownership of a medical marijuana dispensary that the municipality determines is operating contrary to the required setback distance from a school pursuant to 63 O.S. § 426.1(E)(2)-(5).

**OAC 310:681-5-3. Applications**

Subsection (e)(6): Adds new language reflecting the change in measurement of the distance between a medical marijuana dispensary and a school pursuant to 63 O.S. § 425(G). Subsection (e)(8): Clarifies that a certificate of compliance may not be necessary for certain applications pursuant to 426.1(E). Subsection (e)(10): Adds reference to additional documents required under OAC 310:681-5-2(e)(2)(c) for a medical marijuana grower, processor or transporter to add a publicly traded company as an owner. Subsection (e)(11)-(12): Adds new language that a list of chemicals and safety data sheets for each chemical used by a processor may be required during the application process. Subsection (f): Adds language that a resubmitted application with errors not clerical or typographical in nature shall be denied pursuant to 63 O.S. § 427.14(G).

**OAC 310:681-5-3.1. Proof of residency for commercial licenses**

Subsection (b)(1): Adds language allowing a commercial license applicant to submit a Real ID for residency purposes. Subsection (b)(3): Removes language that allowed commercial license applicants to submit an identification card for proof of residency documentation.

**OAC 310:681-5-3.2. Persons prohibited from holding a commercial license**

Subsection (a)(7)(A)-(H): Adds new language prohibiting a commercial license from being issued to or held by a person involved in a separate commercial license that was revoked, not-renewed, or surrendered after disciplinary proceedings for certain violations pursuant to 63 O.S. § 427.14(H)(8).

**OAC 310:681-5-4. Inspections**

Subsection (b): Adds language permitting the Department to perform on-site inspections to ensure qualifications for licensure pursuant to 63 O.S. § 427.6(B). Subsection (c): Adds language permitting the Department to conduct up to two laboratory site visits per year after licensure. Subsection (d): Adds new language requiring the Department to conduct one on-site inspection of each warehouse before granting a transporter license. Subsection (e): Removes language only permitting the Department to conduct unannounced inspections to prevent destruction of evidence. Subsection (g): Adds language permitting the Department to share confidential information about non-patient licensees with other agencies pursuant to 63 O.S. § 427.22(G). Subsection (h): Removes language requiring twenty-four hour notice before the Department prior to interviews in accordance with 63 O.S. § 427.6(B). Subsection (j): Adds language permitting the Department to suspend or revoke a license for failure to pay any fine or monetary penalty assessed by the Department pursuant to 63 O.S. § 427.6(G).

**OAC 310:681-5-4.1. Operational status visit**

Subsection (a)(1)-(3): Creates new provisions requiring the Department conduct on-site visits at licensed growers, processors and dispensaries to verify operational status and providing an 180 day grace period pursuant to 63 O.S. § 427.6(K). Subsection (b): Creates new provisions requiring the Department to conduct follow up on-site visits at licensed growers, processors and dispensaries to verify operational status if the licensee was not operational at the initial visit pursuant to 63 O.S. § 427.6(K). Adds language allowing discretionary second grace period and requiring the Department move for revocation if licensee is non-operational and second grace period is not granted.

# Permanent Final Adoptions

## **OAC 310:681-5-6. Inventory tracking, records, reports, and audits**

Subsection (a)(4): Adds language clarifying that submission of information and data to the State's inventory tracking system is required and will satisfy the monthly reporting requirements upon implementation. Subsection (b)(2): Adds language requiring COAs and processor safety data sheets and chemical inventory lists to be retained by a processor for seven (7) years. Subsection (b)(6): Adds new language requiring commercial licensees to keep documentation about specifications of the licensed premises, what is inside the licensed premises, information about employees, employment manuals, and standard operating procedures readily available on the licensed premises and maintain such documentation for seven (7) years pursuant to 63 O.S. § 427.3(D). Subsection (c): Removes language permitting a commercial licensee to only retain private patient information for sixty (60) days and adds new language requiring the retention of private patient information to comply with relevant state and federal laws. Subsection (d)(1)-(3): Adds language and requirements for reporting required data and information into the State's inventory tracking system pursuant to 63 O.S. § 427.3(D)(8) and § 427.13(B). Subsection (e): Adds language requiring commercial licensees use a seed to sale tracking system or integrate their seed to sale tracking system with the State's inventory tracking system. Clarifies that if the commercial licensee's seed to sale system does not integrate or share all required information with the State's inventory tracking system, the commercial license is required to ensure all required information is reported directly to the State's inventory tracking system. Subsection(f)(1)-(8): Adds new language and requirements for reporting required data and information into the State's inventory tracking system, including requirements related to the purchase and use of RFID tags in order to track medical marijuana and medical marijuana products through all stages of the life span of the plant and product. Adds requirement relating to the use of RFID tags in the context of wholesale packages. Subsection (g)(1)-(8): Adds new language and requirements for commercial licensees' inventory tracking system administrators and employee users to access the State's inventory tracking system. Subsection (h): Creates a new provision governing reporting requirements in the context of loss of access to the State's inventory tracking system both due to circumstances beyond and within commercial licensees' control. Subsection (i): Clarifies audits conducted by the Department ensure the accuracy of information and data reported to the Department.

### **OAC 310:681-5-6.1. Penalties**

Subsection (g)(1)-(2): Adds new language permitting the Department to serve a written order imposing disciplinary action on a licensee after thirty (30) days written notice of such violation and that the order becomes final if a hearing is not requested by the licensee within thirty (30) days of the licensee being served with the order pursuant to 63 O.S. § 427.6(K). Subsection (h): Adds new language permitting the Department to issue an order requiring a licensee to take a specific action without notice of a hearing in order to protect the health or welfare of the public in an emergency situation. Adds new language that the Department may order a commercial licensee in an emergency situation to cease and desist operation and that the Department may assess a penalty not to exceed ten thousand dollars (\$10,000.00) per day for noncompliance. Adds new language that a hearing shall be offered within ten (10) days of issuance of the order if requested.

### **OAC 310:681-5-8. Composition of medical marijuana advisory council**

Subsection (a): Removes "Food Safety Standards Board" and replaces it with the "Medical Marijuana Advisory Council." Adds new language permitting the Department to appoint up to eight additional members to the Council. Subsection (b): Adds new language clarifying that the "Board" refers to the Medical Marijuana Advisory Council.

### **OAC 310:681-5-8.1. Food safety standards for processors**

Subsection (d): Removes "Food Safety Standards Board" and replaces it with the "Medical Marijuana Advisory Council." Adds new language permitting the Medical Marijuana Advisory Council to recommend rules relating to the safe cultivation and manufacturing of medical marijuana products.

### **OAC 310:681-5-11. Attestation confirming or denying foreign financial interests.**

Subsection (a)-(c): Creates new requirements for medical marijuana businesses to submit an attestation to the Oklahoma State Bureau of Narcotics and Dangerous Drugs Control disclosing the existence of any foreign financial interests pursuant to 63 O.S. § 427.15.

### **OAC 310:681-5-12. Marijuana transaction limitations**

Subsection (a): Clarifies that three (3) ounces means eighty-four and nine-tenths (84.9) grams, one (1) ounce means twenty-eight and three-tenths (28.3) grams, and seventy-two (72) ounces means two thousand thirty-seven and six-tenths (2,037.6) grams.

## **OAC 310:681-5-14. Handling of medical marijuana by dispensary.**

Subsection (a)-(b): Adds new language requiring marijuana displayed for smelling and handling by patients and caregivers to be contained in separate containers containing no more than three (3) grams per sample container. Adds new language that the sample containers be kept separate from the marijuana to be sold to patients and caregivers and that the sample containers are labeled to include the strain and batch number of the sample in the jar, the license number of the grower of the marijuana in the jar, and a statement indicating the marijuana in the jar is a sample not for sale.

### **OAC 310:681-5-17. Entry to licensed premises**

Subsection (a): Adds new language prohibiting a minor from entering a licensed premises unless under supervision of a parent or legal guardian at all times.

### **OAC 310:681-5-18. Prohibited acts**

Subsection (m): Adds prohibition on the transfer, purchase, sale of medical marijuana or medical marijuana products not properly inputted or tracked in the State's inventory tracking system after implementation. Subsection (n): Adds new language prohibiting growers and dispensaries from making or packaging infused pre-rolls. Subsection (o): Adds new language prohibiting growers and dispensaries from making or packaging pre-rolls exceeding one (1) gram in net weight. Subsection (p): Adds new language prohibiting a licensee from allowing a person or entity that is not an owner, employee, or contractor of the licensee from using the licensee's license number. Subsection (q): Adds new language prohibiting a licensee from selling, transferring, or offering to sell a marijuana infused alcoholic beverage. Subsection (r): Clarifies that growers shall not purchase, make, sell, transfer, or obtain medical marijuana products, except that growers may package and sell noninfused pre-rolls and kief. Subsection (s) (1)-(4): Clarifies that dispensaries shall not package or alter packaging or labeling except for marijuana pre-rolled by the dispensary; loose marijuana that is being packaged and sold to a patient; to apply barcodes, track and trace labels, or other tracking labels that do not obscure required label and packaging information; and the placement of medical marijuana or medical marijuana products into a child-resistant exit package.

### **OAC 310:681-7-1. Labeling and packaging**

Subsection (d)(13): Adds language requiring cannabinoid and/or total THC claimed to be present on the package or label to be within fifteen percent (15%) of the percentage listed on the COA. Subsection (e)(1)(A): Adds a "dispensary" as a commercial licensee that may be required to be listed on a label as a transferring licensee. Subsection (e)(1)(G): Clarifies that the THC potency listed on the label should be the THC potency that is listed on the COA for the batch the marijuana or marijuana product is from. Subsection (e)(1)(H): Clarifies that the total terpenoid content in the manner prescribed by the Department should be on the label. Subsection (e)(3): Creates new requirement that RFID tags not obscure required label and packaging requirements.

### **OAC 310:681-8-1. Testing standards and thresholds**

Subsection (a): Changes required testing of terpenoid "potency" to terpenoid "type and concentration." Subsection (b)(1): Changes harvest batch size from "ten (10)" to "fifteen (15)" pounds and adds new language creating an exception allowing for a "fifty (50)" pound harvest batch if the plant material will be produced into a concentrate. Adds new language that a production batch of liquid marijuana concentrate is "four (4)" liters and a production batch of nonliquid marijuana products is "nine (9)" pounds, as well as 1000 mg of THC for final medical marijuana products, in accordance with 63 O.S. § 427.17. Subsection (b)(2)(A)-(D): Adds new language permitting Research and Development testing. Adds language concerning documentation of test results in the State's inventory tracking system including notations on all COAs and in licensee records that the tests are for R&D purposes only. Subsection (d)(1): Clarifies that growers may transfer a harvest batch that has failed testing to a processor for decontamination or remediation and once remediated or decontaminated, the marijuana may only be returned to the originating grower. Subsection (d)(3): Adds new language prohibiting a dispensary from transferring medical marijuana or medical marijuana products that have not passed all tests. Subsection (e): Clarifies the demand of the Department for a commercial business to submit a sample to a laboratory should occur when the Department has reason to believe the marijuana is unsafe for consumption, unsafe for inhalation, or has not been tested according to law. Removes language making the licensee responsible for the cost of testing. Adds language permitting the Department to require submission of samples for quality assurance purposes up to twice per year. Subsection (g)(1)(A)-(F): Adds new embargo language requiring cooperation and tracking by any licensee(s) in possession of or that has had possession of marijuana or a marijuana product that exceeds allowable

testing thresholds, is poisonous or deleterious to health, or the marijuana or marijuana product is in violation of laws and regulations. Adds language requiring recall of transferred medical marijuana or medical marijuana that was embargoed. Subsection (g)(2)(A)-(D): Adds new language requiring medical marijuana or medical marijuana products that are subject to embargo, or a derivative of such, or that otherwise fail to meet testing standards to be recalled. Adds new language prohibiting the sale or transfer of medical marijuana and medical marijuana products. Adds new language requiring commercial licensees in possession of or that have had possession of the recalled marijuana or marijuana product to participate in the recall and provide steps of what assistance is required. Adds language requiring the licensee where the harvest or production batch originated and that bears responsibility for the recall to cover the cost of waste disposal. Adds language that provides for disciplinary action for failure to comply with a recall. Subsection (h)(5): Removes requirement that commercial licensees retain copies of COAs for "two (2)" years and replaces it with a retention requirement of "seven (7)" years. Subsection (h)(8): Adds new language making submission of a COA into the State's inventory tracking system sufficient compliance with the requirement of reporting and maintaining records. Subsection (i)(4)(C): Adds requirement that pre-rolls must undergo additional testing for metals. Subsection (i)(6): Removes requirement that growers and processors test batch samples for terpenoid "potency" and replaces with the requirement to test for terpenoid "type and concentration." Subsection (l)(2): Adds language permitting a grower to transfer a harvest batch that has failed microbial testing to a processor for decontamination. Subsection (r)(3): Adds new language allowing a harvest batch that has failed microbial and water activity and/or moisture content testing to be transferred to a processor for remediation without being further dried and cured in accordance with OAC 310:681-8-1(1). Subsection (s)(1)(A): Adds new language requiring medical marijuana from multiple harvest batches to be used for noninfused pre-rolls to be homogenized into a new batch and tested as a harvest batch under OAC 310:681-8-1(j). Subsection (s)(1)(B): Adds new language requiring noninfused pre-rolls created from flower, shake, or trim from a single harvest batch that has passed full compliance testing to be additionally tested for heavy metals, filth and contaminants, and potency. Subsection (s)(2): Adds new language allowing grower and processors to collect kief and requires kief collected from multiple harvest batches to be homogenized as a new batch not exceeding fifteen (15) pounds and tested under OAC 310:681-8-1(i).

**OAC 310:681-8-2. General operating requirements and procedures**

Subsection (a): Removes language requiring a laboratory license applicant to be accredited by "ANSI/ASQ National Accreditation Board, American Association for Laboratory Accreditation (A2LA), Perry Johnson Laboratory Accreditation (PJLA), or any other accrediting entity using the ISO/IEC Standard 17025" and replaces it with the requirement that a laboratory license applicant be accredited "by any accrediting entity approved by the Department and subscribing to the International Laboratory Accreditation Cooperation ("ILAC")" and that the accreditation must be in "both chemistry and biology, or cannabis." Adds new language making renewal of a license contingent upon maintaining accreditation. Subsection (c)(1)-(2) and (6): Removes language referring to "proficiency testing" and replaces it with "external quality control." Subsection (c)(3): Adds new language requiring a laboratory to evaluate an unsatisfactory result from a quality control test and determine appropriate corrective measure(s). Subsection (c)(4): Clarifies that a laboratory license may be revoked or suspended for unsuccessful participation in two sequential quality control testing events or two out of three quality control testing events. Subsection (c)(5): Adds new language that failing to participate in any external quality control testing is deemed unsuccessful participation. Subsection (d): Removes language prohibiting a person who is an "indirect beneficial owner" of a dispensary, grower, or processor from owning a licensed laboratory. Adds language prohibiting a laboratory from testing samples of a business when an owner, employee, or agent of the laboratory has any form of ownership or financial interest in the business requesting the test. Subsection (f)(4): Adds language requiring a laboratory to notify the Department within ten (10) business days after a change of laboratory director. Subsection (g)(1): Adds language clarifying that laboratory equipment shall have a Limit of Detection at or below 50% of the thresholds listed in OAC 310:681-8-1(h) and Appendix A. Subsection (h)(1): Removes the "two (2)" year requirement that a laboratory retain raw data, documentation, protocols, and final reports from all analysis for and replaces it with "seven (7)" years. Subsection (k): Adds new language requiring a laboratory to submit within thirty days the assessment, results of proficiency tests, audit, and any corrective action recommended by an accrediting entity of the laboratory. Subsection (l)(1)-(6): Adds new language requiring a laboratory to be constructed and maintained in a way that ensures safety and sufficiency for all phases of testing.

**OAC 310:681-8-3. Sampling requirements and procedures**

Subsection (a)(1)-(11): Adds language to include a dispensary as a location samples may be collected from and transported from for testing purposes. Removes the "two (2)" year requirement that licensees retain documentation and replaces it with "seven (7)" years. Subsection (b)(3)-(4): Adds language clarifying how samples of a production batch and samples of noninfused pre-rolls are to be collected to ensure a representative sample is taken. Subsection (d)(3)-(4): Adds requirement that laboratories maintain and properly store reserve samples for at least thirty (30) days. Subsection (e)(5): Clarifies the cost to produce additional samples the Department requires a processor, grower, or dispensary to submit for additional testing is an expense of the licensee, but the licensee is not responsible for the cost of testing. Subsection (e)(6): Replaces "seed-to-sale tracing system" with "State's inventory tracking system."

**OAC 310:681-8-4. Laboratory quality assurance and quality control**

Subsection (a)(1)(J): Adds new language for a laboratory quality assurance program to address "accuracy, precision, cross-over, LOD, linearity, and measurement of uncertainty" as well as other necessities for method validation.

**OAC 310:681-9-1. License or permit required**

Subsection (b): Adds language reflecting that as of November 1, 2021 there will be no limit to the number of medical marijuana waste disposal licenses pursuant to 63 O.S. §430(A).

**OAC 310:681-9-2. Licenses and permits**

Subsection (e)(2): Clarifies that a licensee shall obtain Department approval for making a "material change" and adds language creating a fee of \$500 for a material change request. Subsection (f): Removes prohibition on transfer of waste disposal facility licenses and permits.

**OAC 310:681-9-3. License applications**

Subsection (e)(5): Changes distance measurement between waste disposal facility and school from "property line" to "front entrance" in the context of supporting documentation that must be submitted with applications for waste disposal facility licenses.

**OAC 310:681-9-4. Permit applications**

Subsection (c)(1): Changes distance measurement between waste disposal facility and school from "property line" to "front entrance" in the context of supporting documentation that must be submitted with applications for waste disposal facility permit.

**OAC 310:681-9-6. Security requirements**

Subsection (e): Changes the record retention period from "two (2)" years to "seven (7)" years.

**OAC 310:681-9-7. Audits and inventory**

Subsection (b)(1)-(3): Creates new requirements for reporting required data and information into the State's inventory tracking system pursuant to 63 O.S. § 427.3(D)(8) and § 427.13(B). Subsection(c): Adds language requiring commercial licensees use a seed to sale tracking system or integrate their seed to sale tracking system with the State's inventory tracking system. Clarifies that if the commercial licensee's seed to sale system does not integrate or share all required information with the State's inventory tracking system, the commercial license is required to ensure all required information is reported directly to the State's inventory tracking system. Subsection(d)(1)-(8): Adds new language and requirements for reporting required data and information into the State's inventory tracking system, including requirements related to the purchase and use of RFID tags in order to track medical marijuana and medical marijuana products through all stages of the life span of the plant and product. Adds requirement relating to the use of RFID tags in the context of wholesale packages. Subsection (e)(1)-(7): Adds new language and requirements for commercial licensees' inventory tracking system administrators and employee users to access the State's inventory tracking system. Subsection (f): Creates a new provision governing reporting requirements in the context of loss of access to the State's inventory tracking system both due to circumstances beyond and within commercial licensees' control.

**Appendix C:**

Changes the fine amounts for inaccurate reporting to be consistent with 63 O.S. § 427.6(G), and adds fine amounts for diversion to an unauthorized minor consistent with 63 O.S. § 427.6(I).

**Appendix D:**

Creates sample collection requirements for medical marijuana products.

**Appendix E:**

Creates sample collection requirements for pre-rolls.

**GIST/ANALYSIS:**

The proposed revisions will revise existing appeals rules to clarify appeals related to the aged, blind, and disabled populations. The proposed rules will also establish appeals rules related to Agency-level appeals for providers and beneficiaries whose initial grievance and/or appeal occurs with an agency contractor. Additional revisions will clarify contract award protest process based on whether the OMES Director considers the appeal or assigns the appeal to an administrative law judge.

**CONTACT PERSON:**

Sandra Puebla, Deputy State Medicaid Director, 405-227-3465, Sandra.Puebla@okhca.org.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 12, 2022:**

**SUBCHAPTER 1. ADMINISTRATIVE APPEALS**

**317:2-1-1. Purpose**

The purpose of this Chapter is to describe the different types of ~~grievances~~administrative appeals addressed by the Oklahoma Health Care Authority (OHCA), consistent with the State fair hearing requirements set out in 42 Code of Federal Regulations (C.F.R.) Part 431, Subpart E. The rules explain the ~~step-by-step~~step-by-step processes that must be followed by a party seeking redress from the OHCA. The majority of hearings on eligibility issues for members are conducted by the Oklahoma Department of Human Services, and are not contained in this Chapter. Hearings will not be granted when the sole issue to be determined is a Federal or State law requiring an automatic change adversely affecting some or all members.

**317:2-1-14. Contract award protest process**

~~Suppliers who respond to a solicitation issued and awarded by the Authority pursuant to 74 Oklahoma Statutes~~

~~(O.S.) ' 85.5 (N) may protest the award of a contract under such solicitation.~~

~~(1) A supplier shall submit written notice to the OHCA Legal Division of a protest of an award of a contract by OHCA within ten (10) business days of contract award. The protest shall state supplier facts and reasons for protest.~~

~~(2) The OHCA Legal Division shall review the supplier's protest and contract award documents. Written notice of the decision to sustain or deny the supplier's protest will be sent to the supplier within ten (10) business days of receipt of supplier's written notice.~~

~~(3) If the OHCA Legal Division denies the supplier's protest, the supplier may request a hearing to administratively resolve the matter within thirty (30) calendar days of receipt of the written denial by filing a form LD-3 with the Docket Clerk.~~

~~(4) The process afforded the supplier will be the process found at Oklahoma Administrative Code 317:2-1-2(c).~~

~~(5) The Administrative Law Judge's decision will constitute the final administrative decision of the Oklahoma Health Care Authority.~~

(a) **Protest process.** Suppliers who respond to a solicitation issued and awarded by the Authority pursuant to 74 Oklahoma Statutes (O.S.) § 85.5 (N) may protest the award of a contract under such solicitation to the State Purchasing Director. All remedies available to suppliers through the sealed bid process pursuant to the Oklahoma Central Purchasing Act are also available to online bidders in an online bidding process.

(b) **State Purchasing Director review and determination.** The State Purchasing Director will review the supplier's protest and contract award documents.

(1) The State Purchasing Director may determine to respond to the protest or delegate the responsibility to OHCA by written notice to OHCA.

(2) The State Purchasing Director or OHCA, as applicable, will send to the supplier written notice of the decision to deny or sustain the protest within ten (10) business days of receipt of the protest.

(c) **Supplier appeal of decision to deny protest.** The supplier may appeal a denial of protest by the State Purchasing Director or OHCA to the Office of Management and Enterprise Services (OMES) Director.

(1) The supplier will file such appeal, if at all, within ten (10) business days of the date of the State Purchasing Director's or OHCA's notice of denial pursuant to 75 O.S. § 309 et seq.

(2) The OMES Director may enter an order staying contract performance upon such terms and conditions as the OMES Director determines to be proper. Any request for stay of contract performance must be made in writing and filed during the ten (10) business-day time period in which an appeal may be commenced to the OMES director. The OMES Director shall have continuing jurisdiction to modify any such orders made in connection with a stay during the pendency of the appeal as appropriate under the circumstances presented.

## Permanent Final Adoptions

- (3) The OMES Director may hear the appeal or assign the supplier's appeal to an administrative law judge (ALJ) retained by OHCA.
- (4) Administrative hearings conducted by OMES will be conducted in accordance with the Administrative Procedures Act at 75 O.S. §§ 309 et seq., and the OMES director shall have all powers granted by law, including any powers delegated to an ALJ by this Section.
- (5) Whenever the appeal is assigned to an ALJ retained by OHCA, the ALJ will review the appeal for legal authority and jurisdiction. If legal authority and jurisdictional requirements are met, the ALJ shall conduct an administrative hearing according to the hearing practices of OAC 317:2-1-5 and provide proposed findings of fact and conclusions of law to the OMES director.
- (6) The OMES director or the ALJ, as applicable, will send written notice to the parties of the final order sustaining or denying the supplier's appeal.
- (7) The cost of actions necessary to process a supplier's appeal, together with any other expenses incurred due to the appeal, will be paid by OHCA.
- (8) Whenever the appeal is assigned to the ALJ retained by OHCA, the ALJ will:
- (A) Establish a scheduling order;
  - (B) Establish reasonable procedures such as authorizing pleadings to be filed by facsimile or electronic mail;
  - (C) Rule on all interlocutory motions;
  - (D) Require briefing of any or all issues;
  - (E) Conduct hearings in a forum and manner as determined by the ALJ;
  - (F) Rule on the admissibility of all evidence;
  - (G) Question witnesses;
  - (H) Impose appropriate sanctions against any person failing to obey an order of the ALJ or authorized under the rules in this Chapter which will include:
    - (i) Refusing to allow the person to assert or oppose designated claims or defenses, or prohibiting that person from introducing designated matters in evidence;
    - (ii) Excluding all testimony of an unresponsive or evasive witness; or
    - (iii) Expelling the person from further participation in the hearing;
  - (I) Take official notice of any material fact not appearing as evidence in the record, if the fact is among traditional matters of judicial notice;
  - (J) Administer oaths or affirmations;
  - (K) Determine the location of the hearing and manner in which it will be conducted;
  - (L) Allow either party to request that the hearing be recorded by a court reporter with costs to be borne by the requesting party. The original of such transcription, if ordered, will be given to the ALJ with a copy to be given to the requesting party;
  - (M) Recess and reconvene the hearing;
  - (N) Set and/or limit the time frame of the hearing;

(O) Make proposed findings of facts and conclusions of law to the OMES Director; and

(P) Recommend that the OMES Director deny the supplier's appeal or that the contract award be cancelled and rebid.

- (d) **Supplier appeal of OMES Director decision to deny appeal.** If the OMES Director denies a supplier's appeal, the supplier may appeal pursuant to provisions of 75 O.S. §§ 309 et seq.

### **SUBCHAPTER 3. MEMBER GRIEVANCES AND APPEALS, PROVIDER COMPLAINTS, AND STATE FAIR HEARINGS IN MANAGED CARE**

#### **317:2-3-1. Definitions**

The following words or terms used in the Subchapter shall have the following meaning, unless the context clearly indicates otherwise:

**"Adverse benefit determination"** means a determination by a health carrier or its designee utilization review organization that an admission, availability of care, continued stay, or other health care service that is a covered benefit has been reviewed and, based upon the information provided, does not meet the health carrier's requirements for medical necessity, appropriateness, health care setting, level of care or effectiveness, and the requested service or payment for the service is therefore denied, reduced or terminated and in accordance with Title 36 of Oklahoma Statute (O.S.) § 6475.3.

**"Appeal"** means a review of an adverse benefit determination performed by a managed care entity or according to managed care law, regulations, and contracts.

**"Exigent circumstances"** means a situation in which a reasonable person applying the appropriate standard would consider a member's health condition to be urgent with identifiable harm that could reasonably be expected to occur if the requested health care service is not provided promptly. The appropriate standard requires the assessment of a member's health condition through application, at minimum, of established, accepted standards of medical practice. Evidence of the member's condition may be demonstrated by indications from the treating provider or from the member's medical record, including but not limited to such information as the member's diagnosis, symptoms, or test results.

**"Grievance"** means a member's expression of dissatisfaction about any managed care program matter other than an adverse benefit determination and may include, but is not limited to, the quality of care or services provided, aspects of interpersonal relationships such as rudeness of a managed care entity employee or contracted provider, or failure to respect the member's rights regardless of whether remedial action is requested. A grievance includes a member's right to dispute an extension of time to make an authorization decision when proposed by the managed care entity.

**"Health plan"** means any person or entity that is licensed as a health maintenance organization (HMO) by the State of Oklahoma to provide or arrange for the delivery of basic health

care services to enrollees on a prepaid basis, except for co-payments or deductibles for which the enrollee is responsible, or both, that meets the definition of an HMO as delineated in the Oklahoma State Medicaid Plan and that contracts with the State to provide services to enrollees. "Health plan" is synonymous with "health carrier".

**"Managed care entity" or "MCE"** means any entity permitted under 42 C.F.R. Part 438 to contract with a state for services provided under a risk contract or a nonrisk contract within the state's Medicaid managed care program, including but not limited to managed care organization (MCO), primary care case management (PCCM), primary care case management entity (PCCM entity), prepaid ambulatory health plan (PAHP), and prepaid inpatient health plan (PIHP).

**"Managed care organization" or "MCO"** means the same in these rules as defined at 42 Code of Federal Regulations (C.F.R.) § 438.2.

**"Managed care program" or "managed care" or "MCP"** means a health care delivery system organized to manage cost, utilization, and quality that is operated by a state as authorized under sections 1915(a), 1915(b), 1932(a), or 1115(a) of the Social Security Act and relevant state law.

**"Member"** means an individual eligible for Medicaid in the State of Oklahoma, eligible for a managed care program, and enrolled in a managed care entity. "Member" is synonymous with "health plan enrollee".

**"Prepaid ambulatory health plan" or "PAHP"** means the same in these rules as defined at 42 C.F.R. § 438.2.

**"Prepaid inpatient health plan" or "PIHP"** means the same in these rules as defined at 42 C.F.R. § 438.2.

**"Primary care case management" or "PCCM"** means the same in these rules as defined at 42 C.F.R. § 438.2.

**"Primary care case management entity" or "PCCM entity"** means the same in these rules as defined at 42 C.F.R. § 438.2.

**"Prior authorization (PA)"** means a requirement that a member, through a provider, obtain the managed care entity's approval before a requested medical service is provided or before services by a non-participating provider are received. Prior authorization is not a guarantee of claims payment; however, failure to obtain prior authorization may result in denial of the claim or reduction in payment of the claim. For purposes of these rules, "prior authorization" is included as a determination of health care services within the term "adverse benefit determination".

**"Provider"** means a health care or dental provider licensed or certified in this state.

**317:2-3-2. Timeframes**

(a) For the purpose of calculating a timeframe in this Subchapter, the date on the written notice is not included. The last day of the timeframe is included, unless the last day is a legal holiday, as defined by 25 Oklahoma Statutes (O.S.) § 82.1, or any other day OHCA is closed or closes early, in which case, the timeframe runs until the close of the next full business day.

(b) A grievance or appeal a member sends via mail is deemed filed on the date the MCE receives request.

(c) A request for reconsideration or appeal a provider sends via mail is deemed filed on the date the MCE receives the request.

(d) A request for State fair hearing by a member or provider is deemed filed on the date the OHCA receives the request.

**317:2-3-3. Grievance and appeals system**

In accordance with state and federal law, including but not limited to 63 Oklahoma Statutes (O.S.) § 7310 and 42 Code of Federal Regulations (C.F.R.) §§ 438.210, 431.213-14, 438.402, 438.404, 438.408, and 438.410, each MCE will have an established grievance and appeals system by which to receive, process, and resolve grievances and appeals, including requests for extensions of relevant timeframes, and by which to afford parties proper notice.

**317:2-3-4. Member grievances**

(a) **Filing.**

(1) **Filing with managed care entity.** Except as described in this section, when the member is enrolled in a managed care program, the member initially files a grievance with the managed care entity in which the member is enrolled.

(2) **Exception: Filing with OHCA.** When the member is enrolled in a managed care program and the grievance deals with direct interaction with OHCA or its employees or officers, the member first files the grievance with OHCA as an administrative appeal pursuant to applicable rules set forth at Oklahoma Administrative Code (OAC) 317:2-1-2 et seq.

(b) **Timing.** A member may file a grievance, orally or in writing, at any time.

(c) **Provider's and authorized representative's right to file a grievance.** A provider or an authorized representative may file a grievance on behalf of a member, provided that the provider or authorized representative has obtained the member's written consent to do so. The authorized representative of a deceased member's estate may also be a party to the litigation of a grievance, as applicable.

(d) **Clinical expertise in a grievance decision.** When a grievance involves clinical issues or is related to a denial of an expedited resolution of an appeal, the decision maker(s) of such a grievance will have clinical expertise as discussed at OAC 317:2-3-6.

(e) **Consideration of information in an appeal decision.** The decision maker(s) for any appeal will take into account all comments, documents, records, and other information submitted without regard to whether such information was submitted or considered in the initial determination.

(f) **OHCA-established timeframes for grievance decisions.** A grievance related in any way to the member's health condition will be resolved, with notice provided, as expeditiously as the member's health condition requires.

(1) Per 42 Code of Federal Regulations (C.F.R.) § 438.408, the standard resolution of a grievance will occur within ninety (90) calendar days after the managed care entity receives the grievance.

## Permanent Final Adoptions

- (2) OHCA sets the standard resolution of a grievance to occur within sixty (60) calendar days, inclusive of any extensions, after the MCE receives the grievance.
- (3) The MCE may extend the timeframe in (f)(2) up to fourteen (14) days if:
- (A) The member requests the extension; or
  - (B) The MCE shows (to the OHCA's satisfaction upon OHCA's request) that there is need for additional information and how the delay is in the member's interest.
- (4) If the MCE extends the timeframes not at the request of the member, it must complete all of the following:
- (A) Make reasonable efforts to give the member prompt oral notice of the delay; and
  - (B) Within two (2) calendar days give the member written notice of the reason for the decision to extend the timeframe and inform the enrollee of the right to file a grievance if he or she disagrees with that decision; and
- (5) The MCE will adhere to all OHCA rules related to grievances, including but not limited to:
- (A) Observing the timeframe for standard resolution of a grievance;
  - (B) Sending acknowledgement of receiving the grievance in writing to the member or the member's authorized representative within ten (10) calendar days of receipt; and
  - (C) Sending written notice conforming with this subchapter to the affected parties within three (3) calendar days following resolution of the grievance.

### **317:2-3-5. Member appeals**

#### **(a) Filing.**

(1) **Filing with managed care entity.** Except as described in this Section, when the member is enrolled in a managed care program, the member initially files an appeal with the managed care entity in which the member is enrolled.

(2) **Exception: Filing with OHCA.** When the member is enrolled in a managed care program, the member initially files administrative appeals with OHCA and follows the appeals rules set forth at Oklahoma Administrative Code (OAC) 317:2-1-2 et seq. whenever the appeal concerns a decision the Oklahoma Health Care Authority (OHCA) made regarding:

- (A) Eligibility for Oklahoma Medicaid;
- (B) Eligibility for a managed care program;
- (C) Enrollment into Oklahoma Medicaid;
- (D) Enrollment, including use of an auto-assignment algorithm, into a managed care entity;
- (E) Disenrollment from a managed care entity; or
- (F) Any other matter, so long as OHCA made the decision in the matter.

(b) **Timing.** A member may file an appeal, orally or in writing, at any time. An administrative appeal or State fair hearing request made to OHCA shall conform with the requirements of OAC 317:2-1-2 et seq. in terms of the manner and timing of any such filing.

(c) **Levels of appeals.** The managed care entity will use only one level of appeals, in accordance with 42 Code of Federal Regulations (C.F.R.) § 438.402.

(d) **Provider's and authorized representative's right to file an appeal.** A provider or an authorized representative may file an appeal on behalf of a member, provided that the provider or authorized representative has obtained the member's written consent to do so. The authorized representative of a deceased member's estate may also be a party to the litigation of an appeal, as applicable.

(e) **Clinical expertise in an appeal decision.** When an appeal involves clinical issues or is related to a denial based on lack of medical necessity, the decision maker(s) of such an appeal will have clinical expertise as discussed at OAC 317:2-3-6.

(f) **Consideration of information in an appeal decision.** The decision maker(s) for any appeal will take into account all comments, documents, records, and other information submitted without regard to whether such information was submitted or considered in the initial determination.

(g) **OHCA-established timeframes for appeals decisions.** An appeal related in any way to the member's health condition will be resolved, with notice provided, as expeditiously as the member's health condition requires.

(1) Per 42 C.F.R. § 438.408, the standard resolution of an appeal will occur within thirty (30) calendar days after the managed care entity receives the appeal.

(2) OHCA establishes the following timeframes for appeals:

(A) Standard resolution of an appeal will occur within thirty (30) calendar days, excluding any extensions, after the managed care entity receives the appeal;

(B) Expedited resolution of an appeal will occur within seventy-two (72) clock-hours after the MCE receives the appeal;

(C) In exigent circumstances, resolution of a step therapy request appeal will occur within twenty-four (24) clock-hours after the MCE receives the appeal; and

(D) In all other circumstances, resolution of a step therapy request appeal will occur within seventy-two (72) clock-hours after the MCE receives the appeal.

(3) The MCE may extend the timeframes in (g)(2)(A) or (B) up to fourteen (14) days if:

(A) The member requests the extension; or

(B) The MCE shows (to the OHCA's satisfaction upon OHCA's request) that there is need for additional information and how the delay is in the member's interest.

(4) If the MCE extends the timeframes not at the request of the member, it must complete all of the following:

(A) Make reasonable efforts to give the member prompt oral notice of the delay;

(B) Within two (2) calendar days give the member written notice of the reason for the decision to extend the timeframe and inform the enrollee of the right to file a grievance if he or she disagrees with that decision; and

(C) Resolve the appeal as expeditiously as the member's health condition requires and no later than the date the extension expires.

(5) The MCE will adhere to all OHCA policies related to appeals, including but not limited to:

(A) Observing the timeframes for resolving appeals, including standard resolution, expedited resolution, and resolution of step therapy appeals (in both exigent and other circumstances);

(B) Sending acknowledgement of receiving the appeal in writing to the member or the member's authorized representative within five (5) calendar days of receipt;

(C) Sending written notice conforming with this subchapter to the affected parties within three (3) calendar days following resolution of the appeal; and

(D) Sending documentation, in conformance with OAC 317:2-3-12(d) and any established OHCA forms or processes, to OHCA within fifteen (15) calendar days after a request for State fair hearing.

**317:2-3-6. External medical review and clinical expertise**

(a) No external medical review. The Oklahoma Health Care Authority (OHCA) will not offer an external medical review for the purposes of grievances or appeals.

(b) Clinical expertise standards. Individuals making the decision for a grievance or appeal regarding an adverse benefit determination will be unbiased with appropriate clinical expertise in treating the member's condition or disease.

(1) Medical review staff of the MCE will be licensed or credentialed health care clinicians with relevant clinical training and/or experience.

(2) All MCEs will use medical review staff for such appeals and shall not use any automated claim review software or other automated functionality for such appeals.

(3) Bias is deemed to exist if an individual making a decision on a grievance or appeal was involved in, or a subordinate of any individual involved in, any previous level of review or decision regarding the subject matter of the grievance or appeal.

(4) Clinical expertise is deemed necessary for decisions makers whenever:

(A) The denial is based on a lack of medical necessity;

(B) The grievance is regarding a denial of an expedited resolution an appeal; and

(C) The grievance or appeal involves clinical issues.

**317:2-3-7. Obligation to pay costs of services**

(a) In accordance with 42 Code of Federal Regulations (C.F.R.) § 438.420(d), the MCE may recover from the member the costs of services provided to the member while an appeal or State fair hearing is pending:

(1) To the extent the services were continued solely due to the requirements set forth in 42 C.F.R. §§ 438.420 or 431.230(b); and

(2) The final resolution of the appeal or State fair hearing upholds the MCE's adverse benefit determination.

(b) If OHCA or the MCE reverses a decision to deny, limit, or delay services and these services were not furnished while the appeal or State fair hearing was pending, the MCE will authorize or provide the disputed services promptly and as expeditiously as the member's health condition requires.

(c) If OHCA or the MCE reverses a decision to deny, limit, or delay services and the member received the disputed services while the appeal or State fair hearing was pending, the MCE will pay for these services.

**317:2-3-8. Grievances and appeals notice**

(a) The MCE will provide timely written notices per OAC 317:2-3-4 and 317:2-3-5.

(b) Each notice will conform to the provisions of 42 Code of Federal Regulations (C.F.R.) § 438.10 related to information provided from an MCE to a member.

(c) At minimum, each notice will:

(1) Be written in a manner and format that may be easily understood and is readily accessible by members;

(2) Use OHCA-developed definitions for terms as those terms are defined in the Model Member Handbook related to the contract;

(3) Use a font size no smaller than twelve-point (12-point);

(4) Be made available in alternative formats and through the provision of auxiliary aids and services in an appropriate manner that takes into consideration the special needs of members with disabilities or limited English proficiency; and

(5) Include a large-print tagline, in minimum eighteen-point (18-point) font, and information on how to request auxiliary aids and services, including the provision of materials in alternative formats.

(d) Per the delegation choice of 42 C.F.R. § 438.228, OHCA does not delegate responsibility to the MCE for timely notices of action under 42 C.F.R. Part 431, Subpart E.

(1) OHCA retains all responsibility for timely notices of action under 42 C.F.R. Part 431, Subpart E, including:

(A) A termination, suspension of, or reduction in covered benefits or services, when termination, suspension, or reduction is determined by OHCA;

(B) A termination, suspension of, or reduction in Medicaid eligibility, when termination, suspension, or reduction is determined by OHCA; and

(C) An increase in beneficiary liability, including determination that a beneficiary will incur a greater amount of medical expenses in order to establish income eligibility or is subject to an increase in premiums or cost sharing charges, when such increase is determined by OHCA.

(2) The foregoing (d)(1) does not apply to:

(A) Any grievance notice required to be sent by the MCE by contract or 42 C.F.R. § 438.408;

## Permanent Final Adoptions

- (B) Any adverse benefit determination notice based on the termination, suspension, or reduction of authorized covered services, payment denial, or standard, expedited, or untimely service authorization denial or limitation as required to be sent by the MCE by contract or 42 C.F.R. 438.404;
- (C) Any appeal resolution notice required to be sent by the MCE by contract or 42 C.F.R. § 438.404 or 438.408; or
- (D) Any other notice required to be sent by the MCE by contract or any state or federal law or regulation.
- (3) OHCA's decision not to delegate the notices of action required by 42 C.F.R. Part 431 Subpart E applies to any managed care entity under any managed care contract for professional services unless and until this section is revoked.
- (4) The random review system required of a state by 42 C.F.R. § 438.228 does not apply to OHCA, because OHCA has not delegated responsibility for the relevant notices of action.
- (5) For any notices of action for which OHCA retains responsibility under this section, OHCA will ensure the notice conforms to federal regulations at 42 C.F.R. Part 431, Subpart E, and any applicable requirements under 42 C.F.R. § 438.228. OHCA will send such notices of action by electronic or postal means at least ten (10) days before the date of action, except as permitted when:
- (A) OHCA has factual information confirming the death of a beneficiary;
- (B) OHCA receives a clear written statement signed by a member that they no longer wish to receive services or that gives information that requires termination or reduction of services and indicates that the member understands that supplying the information will result in termination or reduction of services;
- (C) The member has been admitted to an institution where they are ineligible for further services;
- (D) The member's whereabouts are unknown and the post office returns, indicating no forwarding address, OHCA mail sent directly to the member; and
- (E) The MCE establishes the fact that the member has been accepted for Medicaid services by another local jurisdiction, state, territory, or commonwealth.
- (6) For any notices of action for which OHCA retains responsibility under this Section, OHCA will ensure the notice contains:
- (A) A statement of the action OHCA intends to take and the effective date of such action;
- (B) A clear statement of the specific reasons supporting the intended action, the specific regulations that support or require the action, and an explanation of the member's rights to request a hearing; and
- (C) An explanation of the circumstances under which benefits continue if a hearing is requested.
- (7) For any notices of action for which OHCA retains responsibility under this section, OHCA will allow the

member a reasonable time, not to exceed ninety (90) days from the date the notice is mailed, to request a State fair hearing.

### **317:2-3-9. Exhaustion of managed care entity appeals**

- (a) Deemed exhaustion of MCE appeals. If the MCE fails to adhere to any timing or notice requirements as detailed in 42 C.F.R. § 438.408, the member is deemed to have exhausted the MCE's appeal process, and the member or the member's authorized representative may request a State fair hearing.
- (b) Actual exhaustion of MCE appeals. Except as allowed in (a), a member or the member's authorized representative may request a State fair hearing only after receiving notice from the MCE upholding an adverse benefit determination and only within one hundred twenty (120) days after the date of the notice of appeal resolution.
- (c) Exhaustion of MCE appeals, determination. OHCA has sole authority to decide whether MCE appeals have been exhausted for any member. Documentation, as submitted to OHCA by the MCE within fifteen (15) calendar days of the request for State fair hearing, will serve as evidence to deemed exhaustion, actual exhaustion, or no exhaustion of the MCE appeals process.

### **317:2-3-10. Provider complaint system**

- (a) A participating provider or nonparticipating provider may file a complaint whenever:
- (1) The provider is not satisfied with the MCE's policies and procedures; or
- (2) The provider is not satisfied with a decision made by the MCE that does not impact the provision of services to members.
- (b) The MCE will establish and operate a provider complaint system. Such system will:
- (1) Use written policies and procedures for receiving, tracking, dating, storing, responding to, reviewing, reporting, and resolving provider complaints;
- (2) Track receipt and resolution of provider complaints, including requests for reconsideration or appeals;
- (3) Demonstrate sufficient ability to receive provider complaints by telephone, in writing, or in person;
- (4) Designate staff to receive, process, and resolve provider complaints;
- (5) Thoroughly investigate each provider complaint;
- (6) Ensure an escalation process for provider complaints;
- (7) Furnish the provider timely written notification of resolution or results; and
- (8) Maintain a tracking system capable of generating reports to OHCA on provider complaint volume and resolution.
- (c) The MCE will operate a reconsideration process whereby providers may request the MCE reconsider a decision the MCE has made or intends to make that is adverse to the provider, including, at minimum, reconsiderations of

provider audit findings, reconsiderations of provider agreement termination, and reconsiderations of denied claims.

(1) **Request for reconsideration, denied claims.** The MCE will ask that the provider submits a request for reconsideration of a denied claim within six (6) months after the provider receives notice of the denied claim.

(2) **Request for reconsideration, all other reasons.** The MCE will ask that the provider submits a request for reconsideration within fifteen (15) days after the date the provider receives notice of audit findings, termination of provider agreement, or other actions the MCE permits for reconsideration requests.

(3) **Desk review.** The MCE will conduct the reconsideration through a desk review of the request and all related and available documents.

(4) **Reconsideration resolution.** The MCE will resolve all requests for reconsideration within twenty (20) calendar days of the date the MCE receives the request for reconsideration. The MCE will send a reconsideration resolution notice to the provider within three (3) business days of the MCE finalizing the resolution.

(5) **Notice of Reconsideration Resolution.** The MCE will send a reconsideration resolution notice that contains, at a minimum:

- (A) The date of the notice;
- (B) The action the MCE has made or intends to make;
- (C) The reasons for the action;
- (D) The date the action was made or will be made;
- (E) The citation to statute, regulation, policy, or procedure, if any, upon which the action was based;
- (F) An explanation of the provider's ability to submit an appeal request to the MCE within thirty (30) calendar days of the date recorded on the notice;
- (G) The address and contact information for submitting an appeal;
- (H) The procedures by which the provider may request an appeal regarding the MCE's action;
- (I) The specific change in federal or state law, if any, that requires the action;
- (J) The provider's ability to submit a State fair hearing request following completion of the provider appeal process, or, in cases of an action based on a change in law, the circumstances under which a State fair hearing will be granted; and
- (K) Any other information required by state or federal statute or regulation, by contract, or by contract-related manual.

(d) The MCE will operate an appeals process whereby a provider may request an appeal of a reconsideration resolution when the underlying matter is based on the MCE's provider audit findings, for-cause or immediate termination of the provider agreement, or a denied claim.

(1) **Request for appeal.** The MCE will require the provider to submit a request for appeal in writing within thirty (30) calendar days after the provider receives notice reconsideration resolution.

(2) **Panel review.** The MCE will conduct the appeal through a panel review including a hearing and review of the request, all related and available documents, and all documents created for or used in connection with the request for reconsideration.

(A) The panel will consist of three (3) or five (5) reviewers, who are employees or officers of the MCE.

(B) Panel members will not have been directly involved with the reconsideration desk review and will not be a subordinate of someone involved directly with the reconsideration desk review.

(C) The panel review hearing will provide the provider or an authorized representative of the provider with a reasonable opportunity to be heard in person or by telecommunications.

(D) The review panel will accept and document any exhibit offered prior to the hearing or during the hearing, so long as the exhibit directly relates to the matter of the appeal.

(E) When the appeal is based on a claim denied on the basis of medical necessity, the following requirements apply:

- (i) Medical review staff of the MCE will be licensed or credentialed health care clinicians with relevant clinical training or experience; and
- (ii) All MCEs will use medical review staff for such appeals and will not use any automated claim review software or other automated functionality for such appeals.

(3) **Appeal resolution.** The MCE will resolve all appeals within forty-five (45) calendar days of the date the MCE receives the request for appeal. The MCE will send an appeal resolution notice to the provider within three (3) business days of the MCE finalizing the resolution.

(4) **Notice of Appeal Resolution.** The MCE will send an appeal resolution notice that contains, at a minimum:

- (A) The date of the notice;
- (B) The date of the appeal resolution; and
- (C) For decisions not wholly in the provider's favor:

- (i) An explanation of the provider's ability to request a State fair hearing within thirty (30) calendar days of the date recorded on the notice;
- (ii) How to request a State fair hearing, including the OHCA address and contact information for submitting a request;
- (iii) Details on the right to be represented by counsel at the State fair hearing; and
- (iv) Any other information required by state or federal statute or regulation, by contract, or by contract-related manual.

(5) **Documentation.** The MCE will furnish to OHCA documentation including all information specified at OAC 317:2-3-13(c)(2) within fifteen (15) calendar days of a provider's request for a State fair hearing.

## Permanent Final Adoptions

---

### **317:2-3-11. Recordkeeping**

In compliance with 42 C.F.R. § 438.3(h) and (u), the MCE will maintain records of each grievance and appeal for ten (10) years after the later of the final date of the contract period or the date of completion of any MCE audit by the State, the Centers for Medicare and Medicaid Services (CMS), the Office of the Inspector General, or the Comptroller General. Such records will be part of OHCA's ongoing monitoring and will be used to update and revise OHCA's managed care quality strategy. The record will conform with the content requirements at 42 C.F.R. § 438.416.

### **317:2-3-12. State fair hearing for members**

(a) **Right to State fair hearing.** With regard to grievances or appeals first filed with the MCE, a member may request a State fair hearing under 42 C.F.R. 431 Subpart E only after receiving notice from the MCE upholding an adverse benefit determination. The member will have one-hundred twenty (120) days from the date of the adverse benefit determination notice to request a State fair hearing. Refer to 42 C.F.R. §§ 438.402(c)(1)(i) and 438.408(f)(1).

(b) **MCE policies and procedures.** The MCE will implement established policies and procedures that allow a member described in (a) to initiate a State fair hearing process after having exhausted the MCE's appeals process or after the member is deemed to have exhausted the process due to the MCE's failure to adhere to notice and timing requirements.

(c) **Member's request for a State fair hearing.** The MCE will allow the member to request a State fair hearing either through an established MCE process or through an established OHCA process. Any MCE process will ensure that notice of the request for State fair hearing is communicated in writing to the OHCA contracting officer within twenty-four (24) clock-hours of receiving the request.

(d) **MCE documentation obligation.** The MCE will provide documentation to the member, the member's authorized representative, OHCA, and the Office of Administrative Hearings.

(1) **Timing.** The MCE will provide the documentation described in this subsection:

(A) Within twenty-four (24) clock-hours after receiving notification of the request for State fair hearing relating to a step therapy request; or

(B) Within fifteen (15) calendar days after notification of the request for State fair hearing in all other circumstances.

(2) **Information.** Documentation will include, at minimum, the following information:

(A) The name and address of the member and, if applicable, the member's authorized representative;

(B) A summary statement concerning why the member has filed a request for State fair hearing;

(C) A brief chronological summary of the MCE's action in relationship to the matter underlying the member's request for State fair hearing;

(D) The member's appeal request, along with any supporting documentation, if received by the MCE;

(E) Any applicable correspondence between the MCE and the member, including system notes entered by one or more MCE employees based on one or more telephone conversations with the member;

(F) All exhibits offered at any hearing held with the MCE;

(G) All documents the MCE used to reach its decision;

(H) A statement of the legal basis for the MCE's decision;

(I) A citation of the applicable policies and/or legal authorities relied upon by the MCE in making its decision;

(J) A copy of the notice which notified the member of the decision in question;

(K) The names and titles of any MCE employees who will serve as witnesses at the State fair hearing; and

(L) Any other information requested by the member, the member's authorized representative, OHCA, or the Office of Administrative Hearings when the information relates to the State fair hearing or any matter giving rise to the State fair hearing.

(e) **MCE staffing.** The MCE will maintain a sufficient level of staffing to competently perform the functions, requirements, roles, and duties involved in State fair hearing support, including but not limited to documentation, summarization of the arguments presented, and ensuring timely notice and delivery of documents to all parties.

(f) **Performance targets.** OHCA may set performance targets related to State fair hearing requests that are resolved upholding the MCE's original determination when and as OHCA deems necessary or appropriate.

(g) **Post-transition obligations.** After termination or expiration of the managed care contract, the MCE will remain responsible for State fair hearings related to dates of service prior to the contract termination or expiration, including but not limited to the provision of records and representation at State fair hearings.

(h) **Cost of services.** If the State fair hearing officer reverses the MCE's decision to deny authorization of services and the member received the disputed services while the State fair hearing was pending, the MCE will pay for those disputed services.

### **317:2-3-13. State fair hearing for providers**

(a) **Right to State fair hearing.** With regard to provider audit findings, for-cause and immediate termination of the provider's agreement, and claims denial, a provider may request a State fair hearing within thirty (30) calendar days of the MCE's notice of appeal resolution when that resolution does not favor the provider.

(b) **Information for providers.** As a part of the MCE's provider complaint system, the MCE will provide information to providers on how to request a State fair hearing via filing the appropriate form with the OHCA Docket Clerk.

(c) **MCE documentation obligation.** The MCE will provide documentation to the provider, OHCA, and the Office of Administrative Hearings.

(1) **Timing.** The MCE will provide the documentation described in this subsection within fifteen (15) calendar days after notification of the request for State fair hearing.

(2) **Information.** Documentation will include, at minimum, the following information:

(A) The name and address of the provider;

(B) A summary statement concerning why the provider has filed a request for State fair hearing;

(C) A brief chronological summary of the MCE's action in relationship to the matter underlying the provider's request for State fair hearing;

(D) The provider's appeal request, along with any supporting documentation, if received by the MCE;

(E) Any applicable correspondence between the MCE and the provider, including system notes entered by one or more MCE employees based on one or more telephone conversations with the provider;

(F) All exhibits offered at any hearing held with the MCE;

(G) All documents the MCE used to reach its decision;

(H) A statement of the legal basis for the MCE's decision;

(I) A citation of the applicable policies and/or legal authorities relied upon by the MCE in making its decision;

(J) A copy of the notice which notified the provider of the decision in question;

(K) The names and titles of any MCE employees who will serve as witnesses at the State fair hearing; and

(L) Any other information requested by the provider, OHCA, or the Office of Administrative Hearings when the information relates to the State fair hearing or any matter giving rise to the State fair hearing.

**317:2-3-14. Administrative Law Judge (ALJ) jurisdiction**

The ALJ has jurisdiction of the following matters:

(1) **Member State fair hearing.** The ALJ has jurisdiction to hear any State fair hearing arising from a member's MCE appeal of an adverse benefit determination.

(2) **Provider State fair hearing.** The ALJ has jurisdiction to hear any State fair hearing arising from a provider's appeal of audit findings, for-cause or immediate termination of the provider's contract with the MCE, or claims denial.

**GIST/ANALYSIS:**

The proposed revisions will comply with Oklahoma Senate Bill 207 (SB 207) by revising policies regarding appeals to the Agency's chief executive officer (CEO) pursuant to 63 O.S. §5052(C). The revisions will note that the CEO may only designate an administrative law judge (ALJ) at another state agency, that is established in the State Medicaid Plan, and approved by the Centers for Medicare and Medicaid Services (CMS) to hear and decide a CEO appeal. Further revisions will clarify that telephonic hearings are the preferred format for hearings and a request for an in-person hearing will need to be submitted on the updated LD-4 form. Finally, revisions will add language regarding new appeals that are available to members and providers.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 12, 2022:**

# Permanent Final Adoptions

## SUBCHAPTER 1. ADMINISTRATIVE APPEALS

### 317:2-1-2. Appeals

#### (a) Request for appeals.

(1) For the purpose of calculating the timeframe for requesting an administrative appeal of an agency action, the date on the written notice shall not be included. The last day of the timeframe shall be included, unless it is a legal holiday as defined by Title 25 of the Oklahoma Statutes (O.S.) Section (§) 82.1, or any other day the Oklahoma Health Care Authority (OHCA) is closed or closes early, in which case, the timeframe runs until the close of the next full business day.

(2) An appeals request that an aggrieved member or provider sends via mail is deemed filed on the date that the agency receives it.

#### (b) Member process overview.

(1) The appeals process allows a member to appeal a decision relating to program benefits. Examples are decisions involving medical services, prior authorizations for medical services, or discrimination complaints.

(2) In order to initiate an appeal, the member must file a LD-1 (Member Complaint/Grievance Form) within thirty (30) calendar days of the date the OHCA sends written notice of its action, in accordance with Oklahoma Administrative Code (OAC) 317:2-1-2(a), above, or, in matters in which a formal notice is not sent by the agency, within thirty (30) days of the date on which the member knew or should have known the facts or circumstances serving as the basis for appeal.

(3) If the LD-1 form is not received timely, the OHCA administrative law judge (ALJ) will cause to be issued a letter stating the appeal will not be heard. In the case of tax warrant intercept appeals, if the LD-1 form is not received by OHCA within the timeframe pursuant to 68 O.S. § 205.2, OHCA similarly will cause to be issued a letter stating the appeal will not be heard because it is untimely.

(4) If the LD-1 form is not completely filled out or if necessary documentation is not included, then the appeal will not be heard.

(5) OHCA will advise members that if assistance is needed in reading or completing the grievance form, arrangements will be made to provide such assistance.

(6) Upon receipt of the member's appeal, a fair hearing before the OHCA ALJ will be scheduled. The member will be notified in writing of the date and time of the hearing. The member, and/or his/her designated authorized representative, must appear at the hearing, either in person or telephonically. ~~Requests for a telephone hearing must be received in writing on OHCA's LD-4 (Request for Telephonic Hearing) form no later than ten (10) calendar days prior to the scheduled hearing date. Telephonic hearing requests will only be granted by the OHCA's chief executive officer (CEO) or his/her designee, at his/her sole discretion, for good cause shown, including, for example, the member's physical condition, travel distances, or other limitations that either preclude an~~

~~in person appearance or would impose a substantial hardship on the member. The preferred method for a hearing is telephonically, requests for an in-person hearing must be received in writing on OHCA's Form LD-4 (Request for In-Person Hearing) no later than ten (10) calendar days prior to the scheduled hearing date.~~

(7) The hearing shall be conducted according to OAC 317:2-1-5. The OHCA ALJ's decision may in certain instances be appealed to the CEO of the OHCA, or his or her designated independent ALJ, which is a record review at which the parties do not appear (OAC 317:2-1-13).

(8) Member appeals are ordinarily decided within ninety (90) days from the date on which the member's timely request for a fair hearing is received, unless:

(A) The appellant was granted an expedited appeal pursuant to OAC 317:2-1-2.5;

(B) The OHCA cannot reach a decision because the appellant requests a delay or fails to take a required action, as reflected in the record;

(C) There is an administrative or other emergency beyond OHCA's control, as reflected in the record; or

(D) The appellant filed a request for an appeal of a denied step therapy exception request, pursuant to OAC 317:2-1-18.

(9) Tax warrant intercept appeals will be heard directly by the OHCA ALJ. A decision is normally rendered by the OHCA ALJ within twenty (20) days of the hearing ~~before the ALJ~~.

#### (c) Provider process overview.

(1) The proceedings as described in this subsection contain the hearing process for those appeals filed by providers. These appeals encompass all subject matter cases contained in OAC 317:2-1-2(d)(2).

(2) All provider appeals are initially heard by the OHCA ALJ under OAC 317:2-1-2(d)(2).

(A) In order to initiate an appeal, a provider must file the appropriate LD form within thirty (30) calendar days of the date the OHCA sends written notice of its action, in accordance with OAC 317:2-1-2(a), above. LD-2 forms should be used for Program Integrity audit appeals; LD-3 forms are to be used for all other provider appeals.

(B) Except for OHCA Program Integrity audit appeals, if the appropriate LD form is not received timely, the OHCA ALJ will cause a letter to be issued stating that the appeal will not be heard.

(C) A decision ordinarily will be issued by the OHCA ALJ within forty-five (45) days of the close of all evidence in the appeal.

(D) Unless otherwise limited by OAC 317:2-1-7 or 317:2-1-13, the OHCA ALJ's decision is appealable to OHCA's CEO, or his or her designated independent ALJ.

(d) OHCA ALJ jurisdiction. The OHCA ALJ has jurisdiction of the following matters:

#### (1) Member appeals.

(A) Discrimination complaints regarding the SoonerCare program;

(B) Appeals which relate to the scope of services, covered services, complaints regarding service or care, enrollment, disenrollment, and reenrollment in the SoonerCare Program;

(C) Fee-for-service appeals regarding the furnishing of services, including prior authorizations;

(D) Appeals which relate to the tax warrant intercept system through the OHCA. Tax warrant intercept appeals will be heard directly by the OHCA ALJ. A decision will be rendered by the OHCA ALJ within twenty (20) days of the hearing;

(E) Proposed administrative sanction appeals pursuant to OAC 317:35-13-7. Proposed administrative sanction appeals will be heard directly by the OHCA ALJ. A decision by the OHCA ALJ will ordinarily be rendered within twenty (20) days of the hearing before the ALJ. This is the final and only appeals process for proposed administrative sanctions;

(F) Appeals which relate to eligibility determinations made by OHCA;

(G) Appeals of insureds participating in Insure Oklahoma which are authorized by OAC 317:45-9-8; and

(H) Appeals which relate to a requested step therapy protocol exception as provided by 63 O.S. § 7310; and

(I) Requests for State fair hearing arising from a member's appeal of a managed care adverse benefit determination.

(2) **Provider appeals.**

(A) Whether Pre-admission Screening and Resident Review (PASRR) was completed as required by law;

(B) Denial of request to disenroll member from provider's SoonerCare Choice panel;

(C) Appeals by long-term care facilities for administrative penalty determinations as a result of findings made under OAC 317:30-5-131.2(b)(5)(B) and (d)(8);

(D) Appeals of Professional Service Contract awards and other matters related to the Central Purchasing Act pursuant to Title 74 O.S. § 85.1 et seq.;

(E) Drug rebate appeals;

(F) Provider appeals of OHCA Program Integrity audit findings pursuant to OAC 317:2-1-7. This is the final and only appeals process for appeals of OHCA Program Integrity audit findings;

(G) Oklahoma Electronic Health Records Incentive program appeals related only to incentive payments, incentive payment amounts, provider eligibility determinations, and demonstration of adopting, implementing, upgrading, and meaningful use eligibility for incentives;

(H) Supplemental Hospital Offset Payment Program (SHOPP) annual assessment, supplemental payment, fees or penalties as specifically provided in OAC 317:2-1-15; and

(I) Appeals from any adjustment made to a long-term care facility's cost report pursuant to OAC 317:30-5-132, including any appeal following a request for reconsideration made pursuant to OAC 317:30-5-132.1.

(J) Request for a State fair hearing arising from provider's appeal of managed care audit findings, for-cause or immediate termination of the provider's managed care contract, or managed care claims denial.

**317:2-1-13. Appeal to the chief executive officer**

(a) The Oklahoma Health Care Authority offers approximately forty (40) different types of administrative appeals. Some of the appeals are appealable to the chief executive officer (CEO) and some are not. The following appeals are subject to further review upon timely submission of a request for CEO appeal and may be heard reviewed by the CEO, or his or her designated independent administrative law judge (ALJ), following the decision of an administrative law judge the OHCA ALJ:

(1) Appeals under Oklahoma Administrative Code (OAC) 317:2-1-2(d)(1)(A) to (d)(1)(H), with the exception of subsection (d)(1)(E); and

(2) Appeals under OAC 317:2-1-2(d)(2)(A) to (d)(2)(I), with the exceptions of subsections (d)(2)(D),(E),(F),(G), and (I).

(b) Appeals to the CEO must be filed with the OHCA within thirty (30) days of the date of the Order, or decision by OHCA.

(c) No new evidence may be presented to the CEO.

(d) Appeals to the CEO under (a) of this Section may be filed by the provider, member, or agency. The CEO will ordinarily render decisions within sixty (60) days of the receipt of the appeal.

(e) The CEO may only designate an independent ALJ at another state agency, as established in the Oklahoma State Medicaid Plan and approved by the Centers for Medicare and Medicaid Services, to review a CEO appeal.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 12, 2022:**

## 317:10-1-1. Purpose

(a) ~~The purpose of this Chapter is to describe the rules governing the contracting and purchasing requirements of the Oklahoma Health Care Authority (OHCA). The Contracts and Purchasing Divisions are internal divisions of the OHCA. These divisions provide the mechanism for the acquisition of goods, equipment, non-professional and professional services for the operation of the OHCA. These rules are superseded by the Office of Management and Enterprise Services (OMES) Purchasing rules (OAC 260:115) whenever OMES has final authority on an acquisition.~~

(b) ~~Different rules apply depending on which of the above three entities is making the acquisition and whether the purchase is for professional services or non-professional services and products. When an acquisition is made by OMES, the OMES Purchasing rules at OAC 260:115 apply. When an acquisition is made by OHCA, these rules must be read in conjunction with the OMES rules.~~

(a) The purpose of this Chapter is to describe the rules governing the contracting and purchasing requirements of the Oklahoma Health Care Authority (OHCA), as directed by 74 O.S. § 85.39. OHCA maintains two (2) internal units that are responsible for the acquisition of goods, equipment, non-professional services, and professional services for the operation of OHCA.

(b) The rules of this Chapter are superseded by the Office of Management and Enterprise Services (OMES) [Oklahoma Administrative Code (OAC) 260:115.] as amended from time to time, whenever OMES has final authority on an acquisition. When an acquisition is made by OMES, the OMES purchasing rules at OAC 260:115 apply. When an acquisition is made by OHCA, the rules of this Chapter should be read in conjunction with the OMES rules.

## 317:10-1-2. Definitions

The following words and terms, when used in this Chapter, shall have the following meaning, unless the context clearly indicates otherwise:

**"Authority Board"** means the board designated by the Oklahoma Legislature to establish policies and adopt and promulgate rules for the OHCA.

**"Chief Executive Officer"** or **"CEO"** means the highest ranking administrator at the OHCA.

**"Acquisition"** means items, products, materials, supplies, services, and equipment that OHCA acquires by purchase, lease-purchase, lease with option to purchase, or rental.

**"Administrative review"** means the process by which OHCA ensures that a bid submission is complete and accurate; confirms that the bidder understood the solicitation specifications; and ascertains that all materials and any required signatures are submitted.

**"Award"** or **"contract award"** means the process by which OHCA formally notifies a bidder that OHCA has accepted the bidder's bid or offer.

**"Best and final offer"** or **"BAFO"** means a final offer submitted in writing by a bidder initially or after negotiations

are completed and containing the bidder's most favorable terms for price, service, and/or products to be delivered.

**"Best price"** means the lowest available price for the goods and/or services that are subject of a solicitation.

**"Best value"** means evaluation criteria which may include but is not limited to the acquisition's operational cost a state agency would incur; the quality of the acquisition, or its technical competency; the reliability of the bidder's delivery and implementation schedules; the acquisition's facilitation of data transfer and systems integration; the acquisition's warranties and guarantees and the bidder's return policy; the bidder's financial stability; the acquisition's adherence to the state agency's planning documents and announced strategic program; the bidder's industry and program experience and record of successful past performance with acquisitions of this complexity; the anticipated acceptance by user groups; and the acquisition's use of proven development methodology, and innovative use of current technologies.

**"Bid"** means any response to a solicitation, including any and all required forms; required documents and information; and supplemental documents and information.

**"Bidder"** means an individual, entity, or service vendor that submits a bid in response to a solicitation.

**"Bid evaluation"** means the process of conducting any evaluative activity that could reasonably be expected to result in determining the value, nature, character, or quality of a bid.

**"Bid evaluator"** means an employee or officer of the State of Oklahoma who is actively engaged in Oklahoma Health Care Authority's (OHCA) process to evaluate, score, or select a bid, regardless of whether a contract is awarded to the bid evaluated and/or scored by that employee or officer.

**"Bid specifications"** means the information OHCA will use for bid evaluation, when such information is exactly detailed within a solicitation and is based on the subject matter of the solicitation, the type of solicitation, and the needs to be met by the supplier(s) awarded a contract from the solicitation.

**"Central Purchasing Division"** means the Central Purchasing Division of the Office of Management and Enterprise Services (OMES).

**"Certification"** means the process of a bidder providing OHCA with an official document attesting to a status or level of achievement in response to a solicitation.

**"Certified Procurement Officer"** or **"CPO"** means a state agency procurement official certified as a procurement officer or analyst by the State Purchasing Director under the provisions of the Oklahoma Central Purchasing Act.

**"C.F.R."** means the Code of Federal Regulations as may be amended from time to time.

**"Chief Executive Officer"** or **"CEO"** means the highest-ranking administrator at the OHCA.

**"Chief Information Officer"** means the chief administrative officer of the Information Services Division of the Office of Management and Enterprise Services.

**"Clarification"** means a bidder's explanation of all or part of a bid that does not change, alter, or supplement the bid.

**"CMS"** means the Centers for Medicare & Medicaid Services.

**"Closing date/time"** means the date and Central Time a solicitation specifies responses must be received by OHCA.

**"Competitive solicitation"** or **"solicitation"** means an invitation to bid for the provision of goods or services through specified documents submitted to the Central Purchasing Division or a state agency pursuant to terms, conditions, and other requirements of a solicitation. The competitive solicitation process may be electronic when the terms of the solicitation expressly permit electronic submission and the requirements of applicable statutes and rules are met. When used in this chapter, "competitive solicitation" is synonymous with "invitation to bid," "request for proposal," "request for information," or "request for quotation."

**"Conflict plan"** means the written statement detailing the accommodations and/or remedies associated with a specific OHCA employee's or officer's conflict of interest in the procurement process or resulting contract.

**"Conflict of interest"** means a situation in which a person is in a position to derive personal benefit from actions or decisions made in their official capacity, a situation in which the concerns or aims of two (2) different parties are incompatible, a situation prohibited or constrained by law, or a situation that would appear inappropriate to a reasonable individual.

**"Contract"** means the written and binding agreement between OHCA and the bidder resulting from the competitive solicitation.

**"Contracting official"** or **"contracting officer"** means the OHCA CEO or the OHCA officer or employee to whom contracting authority has been delegated by the OHCA CEO, unless specified otherwise.

**"Contractor"** means any individual or entity contracted with OHCA for the provision of any goods or services. A bidder becomes a contractor upon contract award and execution.

**"Days"** means calendar days unless otherwise specified.

**"Debar"** or **"debarment"** means action taken by the State Purchasing Director to exclude any business entity from inclusion on the Supplier List, bidding, offering to bid, receiving an award of contract with the state of Oklahoma for acquisitions by state agencies, or a contract the OMES awards or administers. Debarment may also result in cancellation of existing contracts with the State of Oklahoma.

**"Employee"** or **"officer"** means a natural person that works for OHCA, unless otherwise specified, regardless of title or designation and regardless of manner of appointment, election, or hiring. "Employee or officer" does not mean a member of the Authority Board in the member's capacity as a board member.

**"Enrollment activities"** means activities performed or conducted by OHCA related to distributing, collecting, or processing enrollment materials, taking enrollments by technological device or in person, or enrolling or disenrolling, including by algorithm, Medicaid beneficiaries with respect to any health plan or managed care services contract.

**"Fiscal year"** means the period of time from July 1 of a calendar year through June 30 of the succeeding calendar year.

**"Former employee"** means a natural person whose work as an employee or officer for OHCA ended by any means at some point prior to the currently referenced moment.

## Permanent Final Adoptions

---

**"Health plan"** means any person or entity that is licensed as a health maintenance organization (HMO) by the state of Oklahoma to provide or arrange for the delivery of basic health care services to enrollees on a prepaid basis, except for co-payments or deductibles for which the enrollee is responsible, or both, that meets the definition of an HMO as delineated in the Oklahoma Medicaid State Plan and that contracts with the State to provide services to enrollees.

**"Invoice"** means an accounting document issued by an individual or entity that details the goods and/or services provided and the amount of money owed for the goods and/or services when the document conforms to all invoicing provisions of the contract and that records the details of the transaction.

**"Managed care entity"** or **"MCE"** means any entity permitted under 42 C.F.R. Part 438 to contract with a state for services provided under a risk contract or a nonrisk contract within the state's Medicaid managed care program, including but not limited to managed care organization (MCO), primary care case management (PCCM), primary care case management entity (PCCM entity), prepaid ambulatory health plan (PAHP), and prepaid inpatient health plan (PIHP).

**"Managed care organization"** or **"MCO"** means the same in these rules as defined at 42 C.F.R. § 438.2.

**"Managed care program"** or **"managed care"** or **"MCP"** means a health care delivery system organized to manage cost, utilization, and quality that is operated by a state as authorized under sections 1915(a), 1915(b), 1932(a), or 1115(a) of the Social Security Act and relevant state law.

**"Mandatory specification"** means any specification of a solicitation when the terms "shall", "must", "will", or "is required" are used to describe, define, or announce the specification. This definition refers only to the use of such words in a solicitation and does not refer to the use of such words in this chapter.

**"Material deficiency"** or **"material deviation"** means a bidder's failure to provide information necessary to evaluate a competitive solicitation.

**"Medicaid"** means the medical assistance program jointly administered by the federal and state governments and authorized by 42 U.S.C. § 1396a to provide health care benefits for certain low-income persons.

**"Minor deficiency"** or **"minor informality"** means an immaterial defect in a bid or variation in a bid from the exact requirements of a competitive solicitation that may be corrected or waived without prejudice to other bidders. A minor deficiency or informality does not affect the price, quantity, quality, delivery, or conformance to specifications and is negligible in comparison to the total cost or scope of the acquisition.

**"Multi-award"** means the process by which OHCA formally, by written determination, notifies two or more bidders that OHCA has accepted the bidders' bid to furnish an indefinite quantity or category of item, where more than one supplier is needed to meet the contract requirements for quantity, delivery, service, or product compatibility.

**"Non-collusion certification"** means a certification submitted by a bidder with any competitive bid or contract executed by the state for goods or services in accordance with 74 O.S. § 85.22.

**"Nonresponsive"** means a bid or proposal that has been determined not to conform to essential requirements of a solicitation.

**"OAC"** means the Oklahoma Administrative Code as may be amended from time to time.

**"Office of Management and Enterprise Services"** or **"Office"** or **"OMES"** means the Oklahoma Office of Management and Enterprise Services.

**"Oklahoma Central Purchasing Act"** means 74 O.S. §§ 85.1 et seq.

**"Oklahoma Health Care Authority"** or **"OHCA"** or **"Authority"** means the single state agency designated to administer the medical programs which make available appropriate medical services to eligible individuals through the Title XIX Medicaid Program and which has authority to procure, administer and monitor contracts, issue performance deficiency notices, and assess non-compliance damages.

**"OHCA Board"** means the board designated by the Oklahoma Legislature to establish policies and adopt and promulgate rules for the OHCA.

**"Oklahoma Information Technology (IT) Accessibility Standards"** or **"IT Accessibility Standards"** means the accessibility standards adopted by the Office of Management and Enterprise Services (Reference OAC 250:15) to address all technical standard categories of Section 508 of the Rehabilitation Act (Reference 29 U.S.C. § 794d), as amended by the Workforce Investment Act of 1998 (Reference P.L. 105-220, August 7, 1998) and adopted at 62 O.S. §§ 34.28, 34.29, 34.30, and 34.16, to be used by each state agency in procuring, maintaining, or using information technology, and in the development and implementation of custom-designed information technology systems, web sites, and other emerging information technology systems.

**"Oral presentation evaluation"** means the process, through the bidder's participation in an interactive dialogue or non-interactive presentation, by which OHCA assesses a bidder's capability, past performance, work plans or approaches, staffing resources, transition plans, sample tasks, or fit with the OHCA.

**"O.S." or "Okla. Stat."** means the Oklahoma Statutes as may be amended from time to time.

**"Permissible specification"** means any specification in a solicitation when the terms "can", "may", or "should" are used to describe, define, or announce the specification. This definition refers only to the use of such words in a solicitation and does not refer to the use of such words in this chapter.

**"Privatize"** means to enter into contract for the performance of a duty or function which is currently being performed by a state employee.

**"Procurement"** means buying, purchasing, renting, leasing, or otherwise acquiring any goods or services. The term also means all functions that pertain to the obtaining of any goods or services, including but not limited to the description of requirements, selection, and solicitation of sources, preparation and award of contracts, and all phases of contract administration.

**"Professional services"** means services which are predominantly advisory or intellectual in character, involve privatized functions, or involve support rather than supplying equipment, supplies, or other merchandise. Professional services include those services requiring special, usually advanced, education, or skill.

**"Prejudice"** means the effect on an affected bidder's substantial rights when a procurement decision related to a different bidder, if such decision is found to be in error, would yield a more favorable result for the affected bidder if the decision error were corrected.

**"Purchasing"** means the Purchasing Department of the Oklahoma Health Care Authority.

**"Purchasing manager"** means the Purchasing Manager of the Oklahoma Health Care Authority.

**"Registered supplier"** means a supplier that registers with the Central Purchasing Division pursuant to 74 O.S. § 85.33.

**"Remedy"** means to cure, alter, correct, or change.

**"Request for information"** or **"RFI"** means a non-binding procurement practice used to obtain information, comments, and feedback from interested parties or potential suppliers prior to issuing a solicitation.

**"Request for proposal"** or **"RFP"** means a type of solicitation OHCA or the State Purchasing Director issues to suppliers to request submission of proposals for acquisitions.

**"Request for quotation"** or **"RFQ"** means a simplified written or oral solicitation OHCA or the State Purchasing Director issues to suppliers to request submission of a quote for acquisitions.

**"Requisition number"** means an identifier OHCA or OMES assigns to a requisition.

**"Responsible supplier"** means a supplier who demonstrates capabilities, in all respects, to fully perform the requirements of a contract and which will ensure good faith performance, including but not limited to finances, credit history, experience, integrity, perseverance, reliability, capacity, facilities and equipment, and performance history.

**"Responsive"** means a bid or proposal that has been determined to conform to the essential requirements of a solicitation.

**"Risk contract"** means a contract between OHCA and a managed care organization (MCO), prepaid inpatient health plan (PIHP), or prepaid ambulatory health plan (PAHP), as those terms are defined at 42 C.F.R. § 438.2, under which the contractor assumes risk for the cost of the services covered under the contract and incurs loss if the cost of furnishing the services exceeds the payments under the contract.

**"Sole brand acquisition"** means an acquisition that by specification restricts the acquisition to one manufacturer or brand name.

**"Sole source acquisition"** means an acquisition that by specification restricts the acquisition to one supplier.

**"Split purchase"** means dividing a known quantity or failing to consolidate a known quantity of an acquisition for the purpose of evading a competitive bidding requirement.

**"State Purchasing Director"** means the director of the Central Purchasing Division of the Office of Management and

Enterprise Services appointed by the OMES Director and includes any employee or agent of the State Purchasing Director, acting within the scope of delegated authority. (Reference 74 O.S. § 85.2) Unless otherwise stated, the term includes employees of the Central Purchasing Division and state agency purchasing officials certified by the State Purchasing Director to which the State Purchasing Director has lawfully delegated authority to act on his or her behalf. In regard to the procurement of information technology or telecommunications, the term means the Chief Information Officer of the Office of Management and Enterprise Services.

**"Statement of work"** or **"scope of work"** means a detailed description of the work which OHCA requires a contractor or supplier to perform or accomplish.

**"Supplier"** or **"vendor"** means an individual or business entity that sells or desires to sell acquisitions, including goods and/or services to OHCA. (Reference 74 O.S. § 85.2)

**"Supplier list"** means a list of individuals or business entities that have registered with the Central Purchasing Division in order to receive notification of solicitations for commodities specified in their registration application.

**"Supplier performance evaluation"** means information a state agency or OMES Procurement provides to the State Purchasing Director, in a manner the OMES Director prescribes, that documents the quality of service or products provided by a supplier.

**"Supplier registration"** means a process a supplier uses to register with the Central Purchasing Division to automatically receive solicitations based on a commodity class for a specified period of time.

**"Technical proposal evaluation"** means the process, based on established criteria and reliant on evaluators' expertise in assessing the strengths and weaknesses of multiple bids, by which OHCA measures the extent to which a bid will meet OHCA's needs.

**"U.S.C."** means the United States Code as may be amended from time to time.

**"Value based"** or **"value-based purchasing"** means the intentional linking of cost to the OHCA's perception of the value of goods or services. In a health plan or managed care contract, these terms refer to provider payments made by the health plan or managed care entity based on improved performance by health care providers.

### 317:10-1-12. Protest of award

(a) Protests of awards made by ~~the Authority~~ OHCA under 74 Okla. Stat. §85.5T85.5N are addressed at OAC 317:2-1-1 et seq.

(b) Bidders who wish to protest any other award shall follow the process outlined in the ~~Office of Management and Enterprise Services~~ OMES rules at OAC 260:115-3-19.

### 317:10-1-16. Delegation of authority

The authority to procure needed products and services for ~~the Authority~~ OHCA has been delegated to the ~~Authority~~ OHCA from the Office of Management and Enterprise Services, Central Purchasing Division. The ~~Authority~~ OHCA

## Permanent Final Adoptions

Board delegates authority for expenditure of funds to the CEO and other ~~Authority~~OHCA officers and personnel according to the dollar limits and types of products stated in (1), (2) and (3) of this Section. Within this authority, the CEO may delegate in writing to other specific individuals the responsibility for the performance of the procurement duties.

(1) **Supply and non-professional services acquisitions.** Each division director or supervisor may initiate any supply or non-professional services acquisition which is within his or her authorized division budget and approved by the CEO or designee. ~~Any single acquisition of this kind over \$5,000 up to \$500,000 must be approved by the CEO, Executive Staff or designee.~~ Any single acquisition of this kind over ~~\$500,000~~\$1,000,000 must be approved by the ~~Authority~~OHCA Board. A contract amendment that would increase the total original contract acquisition cost to an amount that equals or exceeds ~~\$500,000~~\$1,000,000 for a supply or non-professional services contract must be prior approved by the ~~Authority~~OHCA Board. Any amendment to a contract that would result in a ~~40 percent~~ten percent (10%) or greater increase in the total acquisition cost originally approved by the OHCA Board must be submitted to the OHCA Board for prior approval.

(2) **Professional service contracts.** Acquisitions of professional services must be approved by the CEO or designee. All professional service contracts over ~~\$125,000~~\$1,000,000 must be approved by the ~~Authority~~OHCA Board. A contract amendment that would increase the total original contract acquisition cost to an amount that equals or exceeds ~~\$125,000~~\$1,000,000 for a professional service contract must be prior approved by the ~~Authority~~OHCA Board. Any amendment to a contract that would result in a ~~25 percent~~twenty-five percent (25%) or greater increase or a ~~\$250,000~~\$1,000,000 or greater increase in the total acquisition cost originally approved by the ~~Authority~~OHCA Board must be submitted to the ~~Authority~~OHCA Board for prior approval. Board approval is not required if the increase in total contract acquisition cost results from the exercise of a price increase methodology, option for additional work, or option to renew that was contained in the previously approved contract.

(3) **Interagency/intergovernmental agreements.** All agreements with another state agency or public agency must be approved by the CEO or designee; but are exempt from the ~~Authority~~OHCA Board approval.

### **317:10-1-21. Procurement ethics, prohibited conduct**

(a) **Standard of conduct.** The Oklahoma Central Purchasing Act, State Ethics Commission rules, and other state laws contain regulations, prohibitions, and penalties governing procurement ethics. Transactions relating to the public expenditure of funds require the highest degree of public trust and impeccable standards of conduct.

(b) **One (1) year prohibition on certain contracts.** For one (1) year after the employment termination date of any employee or officer, OHCA is prohibited from entering into a sole source contract, a professional service contract, or a contract

for the services of that employee or officer. Refer to 74 O.S. § 85.42(A). An agency may enter into a sole source contract or a contract for professional services at any time with a person who is a qualified interpreter for the deaf. Reference to 74 O.S. § 85.42(D).

(c) **Supplier gratuities.** Employees or officers of the Purchasing and Contracts Development unit, acting within the scope of delegated authority, or any member of their immediate family, under the Oklahoma Central Purchasing Act shall not accept any gift, donation, or gratuity for himself or any member of his immediate family from any supplier or prospective supplier of any acquisition covered by the Oklahoma Central Purchasing Act. This subsection shall not apply to exceptions to the definition of "anything of value" established in rules promulgated by the Oklahoma Ethics Commission.

(d) **State requirement for one (1) year prohibition on certain state officers' or employees' employment with a supplier.** For a period of one (1) year from the date that any contract to privatize is awarded by OHCA, any state officer or employee who exercised discretionary or decision-making authority in awarding a specific contract to privatize is prohibited from becoming an officer or employee of a business organization which is party to that specific contract to privatize. If, within the prohibited period and in violation of state law, any state officer or employee who exercised discretionary or decision-making authority in awarding a specific contract to privatize becomes an officer or employee of a business organization which is party to that specific contract to privatize, then the business organization is prohibited from contracting with OHCA for one (1) year from the date of the violation of state law. Refer to 74 O.S. § 590.

(e) **Agency contract or agreement open for legislative inspection.** Upon request, a contract or any other form of agreement made by OHCA will be open for inspection to any member of the Legislature. OHCA will not direct, put in a contract, or in any way disallow a vendor, client, employer or independent contractor, person, or any other entity from contacting or communicating with any member of the Legislature. Refer to 74 O.S. § 464.1.

(f) **Federal requirement for conflict-of-interest safeguards pertaining to any contract for health plan or managed care services.** Any contract awarded for health plan or managed care services and subject to 42 C.F.R. Part 438 necessitates state conflict-of-interest safeguards at least as effective as those specified at section 27 of the Office of Federal Procurement Policy Act. Refer to 42 C.F.R. § 438.58, citing 41 U.S.C. § 423. In addition to this subsection, OAC 317:10-1-22 describes processes pertaining to the conflict-of-interest safeguards in this section.

(1) The following person(s) shall not, except as provided by law, knowingly disclose a contractor bid or proposal information or source selection information before the award of an OHCA procurement contract to which the information relates:

(A) When such person is:

(i) A present or former employee or officer:

- (ii) Acting or has acted for or on behalf of OHCA with respect to a procurement; or
    - (iii) Advising or has advised OHCA with respect to a procurement; and
  - (B) By virtue of that office, employment, or relationship has or had access to contractor bid or proposal information or source selection information.
- (2) A person shall not, other than as provided by law, knowingly obtain contractor bid or proposal information or source selection information before the award of an OHCA procurement contract to which the information relates.
- (3) If an employee or officer who is personally and substantially participating in a procurement under this Section, contacts or is contacted by a procurement bidder regarding possible non-OHCA employment, the employee or officer shall promptly report the contact in writing to the employee's or official's supervisor and to the designated OHCA ethics official (or designee) and either:
  - (A) Reject the possibility of non-OHCA employment; or
  - (B) Disqualify himself or herself from further personal and substantial participation in that procurement until such time as OHCA has authorized the employee or official to resume participation in such procurement on the grounds that:
    - (i) The bidder is no longer a participant in the procurement; or
    - (ii) All discussions with the bidder regarding possible non-OHCA employment have terminated without an agreement or arrangement for employment.
- (4) A former employee or officer shall not accept compensation from a contract-awarded bidder as an employee, officer, director, or consultant of that bidder within a period of one (1) year after such former employee or officer functioned within the scope of employment as:
  - (A) The procuring contracting officer, the source selection authority, a member of an evaluation committee, or the chief of a financial or technical evaluation team in a procurement in which that contract-awarded bidder was selected for award of a contract in excess of \$10,000,000;
  - (B) A program manager, deputy program manager, or administrative contracting officer for a contract in excess of \$10,000,000 awarded to that contract-awarded bidder; or
  - (C) A primary decision maker who personally made one (1) or more of the following decisions on behalf of OHCA:
    - (i) To award a contract, subcontract, modification of a contract or subcontract, or a task order or delivery order for that contract-awarded bidder valued in excess of \$10,000,000;
    - (ii) To establish overhead or other rates applicable to a contract or contracts for that contract-awarded bidder valued in excess of \$10,000,000;

- (iii) To approve issuance of a contract payment or payments to that contract-awarded bidder valued in excess of \$10,000,000; or
    - (iv) to pay or settle a claim in excess of \$10,000,000 with that contract-awarded bidder.
  - (5) A former employee or officer who accepts compensation from any division or affiliate of a contract-awarded bidder that does not produce the same or similar products or services as the entity of the contract-awarded bidder that is responsible for the contract does not violate this section.
  - (6) With regard to any current or former employee or officer or any bidder who violates this subsection (f), OHCA may take any administrative action and pursue any penalty allowed by state or federal law.
  - (7) Any employee or officer or former employee or officer may request advice from the appropriate designated OHCA ethics official regarding whether the employee or officer or former employee or officer is or would be precluded by subsection (f)(4) of this section from accepting compensation from a particular contractor.

**317:10-1-22. Conflicts of interest**

- (a) Types of conflicts of interest. Three (3) types of conflict-of-interest forms may be used for OHCA to clear conflicts related to procurement.
  - (1) General conflicts of interest. OHCA requires all employees or officers to sign general conflict-of-interest forms annually.
  - (2) Contract-specific conflicts of interest. OHCA requires specific employees or officers, as described within this subsection, to sign a contract-specific conflict-of-interest form related to a specific contract when deemed appropriate to meet any applicable federal or state law or regulation and to avoid impropriety or the appearance of impropriety in connection with the procurement process or the administration of the specific contract. The contract-specific conflict-of-interest form will inform the employee or officer of rights and responsibilities related of role as related to a specific contract, including any potential restrictions on future employment or other business connections with the contractor or with OHCA, and will record any conflicts that pre-date the signing of the form or that arise at any point in time thereafter until the contract is terminated.
  - (3) Evaluator-specific conflicts of interest. OHCA requires employees or officers of any agency or department of the State to sign an evaluator-specific conflict-of-interest form, whenever the employee or officer is appointed, selected, or approved as a bid evaluator or performs any duty of a bid evaluator for a specific contract. The evaluator-specific conflict-of-interest form will inform the employee or officer of rights and responsibilities related to the role of bid evaluator, including any potential restrictions on future employment or other business connection with the contractor or with OHCA, and will record any conflicts that pre-date the signing of the form or that arise at any point in time thereafter until the evaluation is complete and closed. If a bid evaluator is

## Permanent Final Adoptions

---

removed from the bid evaluation for any reason, including potential conflict of interest, a substitute bid evaluator with similar expertise will be added to the bid evaluation after signing an evaluator-specific conflict-of-interest form.

(b) **Forms meet or exceed legal standards.** All conflict-of-interest forms shall meet or exceed the applicable legal standards controlling the type of contract and/or type of employee or officer involvement in procurement or administration of a contract, including but not limited to 74 O.S. § 85.42(A), 74 O.S. § 590, and 41 U.S.C. § 423.

(c) **Identification of conflicts of interest.** OHCA will identify conflicts of interest, plan any accommodation, and manage any employee disciplinary action.

(1) The OHCA contracting officer will identify all employee or officer positions required to sign a specific conflict-of-interest form or an evaluator-specific conflict of interest form. For any solicitation for health plan or managed care services, the contracting officer will identify, at minimum, all employees or officers engaged in enrollment activities, when those employees or officers are internally titled manager or above, and all employees and officers engaged as bid evaluators.

(2) OHCA's Human Resources (HR) Department will obtain conflict-of-interest forms:

(A) For general conflict-of-interest forms, from each employee or officer at the time of hiring and annually thereafter.

(B) For contract-specific conflict-of-interest forms, from each employee or officer in an identified position prior to the employee's or officer's participation in contract- or solicitation-specific activities.

(C) For evaluator-specific conflict-of-interest forms, from each employee or officer identified as an evaluator prior to the employee's or officer's participation in evaluation-specific activities.

(3) OHCA HR and OHCA's Legal Department will review the executed conflict-of-interest forms.

(4) If a potential conflict is identified, a conflict plan will be presented to the employee or officer. The conflict plan will include, at minimum, guidelines that the employee or officer must follow to avoid an actual conflict.

(5) The employee or officer will determine if the conflict plan can be accommodated and respond accordingly.

(6) If the accommodation does not resolve the issue, then the employee or officer will face disciplinary action up to and including termination of employment.

(d) **Employee/officer responsibilities.** Each employee or officer has a responsibility to notify OHCA HR within one (1) business day of becoming aware of a potential conflict, regardless of whether the employee or officer previously executed a conflict-of-interest form. Upon notification, OHCA HR will take appropriate action to identify the potential conflict in writing, either as part of the existing conflict-of-interest form or as a new conflict-of-interest form; develop a conflict plan; and present the conflict plan to the employee or officer.

### **317:10-1-23. Value-based purchasing**

(a) Unless otherwise prohibited by law, OHCA may engage in value-based purchasing with regard to any contract for goods, services, or professional services.

(b) Unless otherwise prohibited by law, OHCA may include in any contract for health plan or managed care services any concept of value-based purchasing as to the transaction between OHCA and the health plan or managed care entity.

(c) Unless otherwise prohibited by law, OHCA may include in any contract for health plan or managed care services any concept of value-based purchasing as to the transaction underlying the provision of health care services or items by providers contracted with any health plan or managed care entity.

### **317:10-1-24. Bidder obligations arising from bid submission**

(a) **One (1) bid.** Bidders may submit only one bid in response to any solicitation. Except as requested by OHCA, no bid may be changed after the response due date and time. If the bidder needs to change a submitted bid prior to the response due date and time, the bidder will withdraw the originally submitted bid and submit a new bid to OHCA by the response date and time. Bidders may withdraw and resubmit a bid at any time prior to the submission deadline. As part of the resubmission process, the bidder will acknowledge in writing that the resubmitted bid supersedes all previously submitted bids by including the following statement on the superseding bid cover page, "This bid supersedes the bid previously submitted". In the body of the submission transfer, whether by email or otherwise, the resubmitted bid should contain the solicitation number and solicitation response due date and time.

(b) **Bidder duties.** The bidder shall submit any bid:

(1) In strict conformance with the instructions provided to bidders along with a completed "Responding Bidder Information" form and any other forms required by the solicitation;

(2) Electronically;

(3) With a completed certification statement, as described in the solicitation, that uses the bidder's legal name and has been executed by an authorized person with full knowledge and acceptance of all certificate provisions;

(4) According to the "Technical Proposal Requirements" of the solicitation;

(5) With relevant information for a designated contact to receive notice, approvals, and requests that are allowed or required by the terms of the solicitation;

(6) As firm, including a guarantee that unit prices are correct, for a minimum of one hundred eighty (180) days after the solicitation closing date; and

(7) In accordance with 74 O.S. § 85.40, requiring the bidder to include in the total bid price all travel expenses, including but not limited to transportation, lodging, and meals, to be incurred by a bidder in performance of the awarded contract.

(c) **Bidder's acknowledgements.** By submitting a bid, the bidder promises, acknowledges, and agrees that:

(1) The bidder will adhere to any additional terms OHCA deems necessary to the performance of the contract, including but not limited to terms related to the contractor's need to access, process, or store Medicaid beneficiary data;

(2) All costs incurred by a bidder in participating in the procurement process is the sole responsibility of the bidder, and the bidder will not be reimbursed for or awarded damages for such costs;

(3) If a bidder fails to notify the contracting officer of an ambiguity, conflict, discrepancy, omission, or other error in the procurement process or in any of the documents provided by OHCA that is known to the bidder, or that reasonably should be known by the bidder, the bidder accepts the risk of submitting a bid and, if awarded the contract, will not be entitled to additional compensation, relief, or time by reason of the error or its later correction; and

(4) Bidder waives any error in the procurement process or documents which is known to the bidder or reasonably should have been known, and such error will not be the grounds of a bid protest.

(d) **Indemnification.** By submitting a bid, the bidder understands, accepts, acknowledges, and agrees to this paragraph in its entirety. OHCA will not indemnify a bidder, any subcontractor, or any other party to an awarded contract. Any contract between the selected bidder and OHCA will not contain any terms limiting the liability of the bidder or providing indemnification by OHCA in favor of the bidder or any third parties. The State of Oklahoma and its agencies do not hold an individual or a private entity harmless from liability or provide indemnity to a private entity or individual. Any attempt by the bidder to add indemnification or limitation of liability provisions in favor of the bidder or third parties to the definitive contract may render the bidder's bid nonresponsive and subject to rejection. Should OHCA accept a bid that attempts to add indemnification or limitation of liability provisions in favor of the bidder or third parties, such attempts are severable from the remainder of the bid and have no effect on any awarded contract. At no time and in no way will OHCA be deemed to have waived this paragraph through action or inaction.

(e) **Conflict of laws.** With regard to the procurement process to which a bid is submitted and any business relationship or contract resulting from such procurement process, by submitting a bid, the bidder understands, accepts, acknowledges, and agrees:

(1) That the undertaking and all matters arising out of or relating to the undertaking, including all protests, claims, causes of action, controversies, or matters in dispute between OHCA and the bidder-whether sounding in contract, tort, statute, regulation, or otherwise-shall be governed by, construed, interpreted, and enforced in accordance with the substantive and procedural laws of the State of Oklahoma, including its statutes of limitations, without giving effect to any choice of law or conflict of laws rules or provisions, whether of the State of Oklahoma or any other jurisdiction, that would cause the application of the laws of any jurisdiction other than the State of Oklahoma;

(2) To exclude application of the United Nations Convention on Contracts for the International Sale of Goods; and

(3) That a final judgment in any matter described in (e)(1) of this Section is conclusive and binding and may be enforced in any other jurisdiction.

**317:10-1-25. Property of the state**

Any bid, including all related and submitted documents and information, is part of the public record(s) and is subject to disclosure; unless otherwise specified in the Oklahoma Open Records Act, the Central Purchasing Act, or other applicable law. All material submitted by a bidder becomes the property of the State of Oklahoma upon submission and will be a matter of public record, subject to the procedures for treatment of proprietary information. OHCA has the right to use all concepts described in any bid, regardless of whether such bid is accepted. By any secured means, including electronic transmission via secure file transfer protocol, OHCA has the right to transmit all material submitted as part of or in connection with a bid, including proprietary information, to any professional services contractor then or afterward contracted with OHCA for provision of professional services related to the solicitation, award, or administration of the contract.

**317:10-1-25.1. Proprietary or confidentiality claims**

(a) Unless otherwise specified in the Oklahoma Open Records Act, Central Purchasing Act, or other applicable law, documents and information that a bidder submits as part of or in connection with a bid are public records and subject to disclosure after the contract has been awarded pursuant to OAC 260:115-3-9.

(1) No portion of a bid shall be considered confidential after award of the contract except, pursuant to 74 O.S. §85.10, information in the bid determined to be confidential by the State Purchasing Director or delegate.

(2) A properly submitted confidentiality claim of a potential awardee is reviewed and determined prior to award.

(3) A properly submitted confidentiality claim of a non-awarded bidder is reviewed and determined only when responding to an open records request concerning the bid.

(b) Among the parties to a solicitation, OHCA is the sole and final determiner of the proprietary or confidential nature of a bid in part or in whole.

(1) OHCA has no responsibility to independently review a bid, including any associated documentation or information, for a potential proprietary or confidentiality claim.

(2) OHCA will not consider a proprietary or confidentiality claim if a bid fails to comply with the requirements of this section, the solicitation, and applicable law, including OAC 260:115-3-9. Nonconforming bids will be subject to disclosure pursuant to State law.

(3) A bidder, who wishes to seek an exemption from disclosure under the Oklahoma Open Records Act or other

## Permanent Final Adoptions

statutory or regulatory requirements, is responsible for asserting any right of confidentiality that may exist. The OHCA will not assert a right of confidentiality on behalf of a bidder.

(c) To claim any portion of a bid as proprietary or confidential, the bidder will:

(1) Specifically identify what information is considered by the bidder to be confidential;

(2) Enumerate the specific grounds, based on applicable laws, which support treatment of the information as exempt from disclosure;

(3) Explain why disclosure is not in the best interest of the public if the information is incorporated into an awarded contract;

(4) Submit all information considered confidential under separate cover as described below; and

(5) Include, for efficient evaluation, the content considered confidential in applicable sections of the bid.

(d) Any bidder with bid information the bidder considers confidential must submit an additional electronic copy of the bid with the claimed information redacted (marked out to be illegible). The additional copy must be clearly labeled "Redacted Copy." If the bidder provides a copy of its bid with proprietary and confidential information redacted and OHCA appropriately supplies the redacted bid to another party under the Oklahoma Open Records Act or other statutory or regulatory requirements, the bidder agrees to indemnify OHCA and to defend the bidder's interest in protecting the referenced redacted material.

(e) OHCA does not consider as confidential a bid marked in total as proprietary and/or confidential (versus specific documents or portions of documents within a bid). Likewise, unless specifically referenced otherwise in a solicitation, resumes, pricing, marketing materials, business references, additional terms proposed by a bidder, and subcontractor information are not confidential and are not exempt from disclosure under the Oklahoma Open Records Act. The foregoing list is not exhaustive but is intended to address information often marked confidential that is not exempt from disclosure.

(f) Subject to the provisions of subsections (a)-(e) above, bids will be open for public inspection following contract award.

### **317:10-1-26. Withdrawal from solicitation**

(a) At any time prior to the submission deadline of any solicitation, a bidder may withdraw a bid and remove itself from consideration by providing written notification, in the form specified in OAC 260:115-3-13, to the OHCA sole point of contact as identified in the solicitation. OHCA does not permit a bidder to withdraw a bid after the response due date and time except as authorized by the OHCA CEO after the bidder provides sufficient proof that the bidder included a significant error in the bid.

(b) Unless properly withdrawn, the submitted bid is deemed to be a binding offer on the part of the bidder.

### **317:10-1-27. Binding bids**

OHCA considers all bids to be firm representations that the responding bidder has carefully investigated and will comply with all OHCA and State terms and conditions relating to the solicitation. A bidder whose bid is accepted for evaluation will be bound by the terms of the solicitation and the contents of the bid for the duration of the solicitation. The bidder will be bound by the terms in its solicitation response unless or until OHCA instructs the bidder to perform any function reflected in the solicitation response in a modified way to the extent it does not substantially alter the specifications or statement of work as defined in the solicitation. Bidders awarded a contract will be governed foremost by applicable law, then by the terms of the solicitation, including any associated model contract, then by any non-rule policy documents created by OHCA for the purposes of interpreting and implementing contract terms.

### **317:10-1-28. Contracting officer's actions**

(a) The contracting officer may reject a bid for any valid reason, including but not limited to those listed at OAC 260:115-7-32(8) and the bidder's:

(1) Failure to submit required information;

(2) Failure to submit the bid by the response date and time unless OHCA has authorized acceptance of bids due to a significant error or incident that occurred which affected the receipt of a bid, per OAC 260:115-3-11;

(3) Failure to comply with bidder instructions or solicitation requirements;

(4) Failure to meet any mandatory specification of the solicitation; however, failure to meet a permissible specification of the solicitation will not be a valid reason to reject a bid;

(5) Failure to submit the bid by the strict deadline as described by date and time within the solicitation; and

(6) Attempted or actual inclusion or imposition of terms or conditions that would modify the requirements of the solicitation, require OHCA to indemnify the bidder or a third party, or limit the bidder's liability.

(b) The contracting officer may take any reasonable action with regard to a solicitation, including but not limited to:

(1) Waiving minor irregularities in any bid if determined to be in the best interest of the State. If granted, a waiver will in no way modify the requirements of the solicitation or the obligations of bidders awarded contracts;

(2) Awarding a contract based on a solicitation and the bid of any selected bidder;

(3) Awarding the contract to more than one (1) bidder;

(4) Rejecting any or all bids received, if deemed to be in the best interest of the State;

(5) Requesting clarification or correction of any bid;

(6) Amending any solicitation or any segment of any solicitation;

(7) Canceling any solicitation, if determined to be in the best interest of the State; or

(8) Discontinuing the solicitation process at any time prior to contract award.

(c) The contracting officer may question the grade and quality of any acquisition delivered to the agency.

- (1) The contracting officer or delegate has sole discretion in determining whether the acquisition meets the grade and quality specified in the contract.
- (2) If the acquisition fails to meet the contract-specified grade and/or quality, OHCA may take remedial action with the appropriate supplier. Refer to 74 O.S. § 85.6.

**317:10-1-29. Deficiencies**

In accordance with the OAC 260:115-7-32(10), OHCA has the right but is not required to waive minor deficiencies or informalities if OHCA determines the deficiencies or informalities do not prejudice another bidder. OHCA may also permit bidders to cure certain non-substantive deficiencies if there is sufficient time prior to the award of the contract.

**317:10-1-30. Submission of questions**

- (a) A bidder may submit written questions by email only to the OHCA sole point of contact as designated in the solicitation and using the "Questions" form, in original format, included in the Bidder's Library.
- (b) OHCA will provide written answers to all technical bid and price questions received on or before the dates specified in the solicitation for questions and answers. Answers will be made publicly available in the form of one or more solicitation amendments posted to the Bidder's Library. Only posted answers will be considered official and valid. A bidder will not rely upon, take any action upon, or make any decision based upon any verbal communication with any State employee.

**317:10-1-31. Bidder's conference**

OHCA may hold a bidder's conference at OHCA offices or virtually on the date and time specified in the solicitation. Additional information about the bidder's conference, if any, will be provided in advance of the session.

**317:10-1-32. Bid evaluation**

A responsive bid that is not otherwise rejected will proceed to bid evaluation, which will be conducted in accordance with the solicitation. Within any solicitation, the bid specifications for evaluation will be provided and will be based on the subject matter of the solicitation, the type of solicitation, and the needs to be met by the supplier(s) awarded a contract from the solicitation.

- (1) The bid evaluation may consist of one (1) or more evaluative activities, including but not limited to:
  - (A) Best price review;
  - (B) Best value review;
  - (C) Certifications;
  - (D) Administrative review;
  - (E) Technical proposal evaluation;
  - (F) Oral presentation evaluation; and
  - (G) Any other activity that could reasonably be expected to result in determining the value, nature, character, or quality of the bid.
- (2) Bids responding to request for quotation will be evaluated solely on a "best price" basis.

- (3) Bids responding to request for proposal will be evaluated on a "best value" basis unless the request for proposal specifies otherwise.
- (4) A bidder's past performance may be considered when evaluating a bid.
- (5) No evaluator acting in their role as an evaluator will make any decision regarding procurement, including but not limited to which, if any, bidder(s) will or will not be awarded the contract, whether a bid will or will not be rejected, and whether a solicitation will be continued or canceled. Evaluators, individually or collectively, may provide bid evaluation information and recommendations to the contracting official. A record of evaluators' numeric scores of bids, made by evaluators individually or collectively, will be maintained as part of the acquisition file.
- (6) The contracting official will make all decisions regarding the procurement, including but not limited to which, if any, bidder(s) will or will not be awarded the contract, whether a bid will or will not be rejected, and whether a solicitation will be continued or canceled.

**317:10-1-33. Contract award**

- (a) **Time of award.** OHCA will not award a contract at the time of a bid opening but, if at all, only upon completion of the following:
  - (1) Bid evaluation;
  - (2) Documentation of evaluation on each bid;
  - (3) Determination of the lowest and best or best value bidder;
  - (4) Verification of Oklahoma and federal debarment status;
  - (5) Verification, pursuant to applicable provisions of law, that the supplier is registered with the Secretary of State and maintains appropriate franchise tax payment status pursuant to 68 O.S. §§ 1203 and 1204; and
  - (6) Completion of any award-related administrative tasks.
- (b) **Award by item.** If the procurement documents do not specify an all or none bid, more than one (1) bidder may be awarded a contract by item or groups of items.
- (c) **No contract award.** OHCA may refrain from awarding a contract during any solicitation when:
  - (1) No bid meets the requirements of the solicitation;
  - (2) All bids exceed fair market value for the acquisition;
  - (3) The bid price exceeds available funds available to OHCA;
  - (4) OHCA no longer requires the acquisition in the form or manner specified; or
  - (5) Not awarding the contract is determined to be in the best interest of the state.
- (d) **Evaluation tie.** Whenever it is determined that two (2) or more bids are equal, the contracting officer will determine the successful bid by a coin toss.

# Permanent Final Adoptions

(e) Notification of successful bidder. OHCA will notify the successful bidder(s), if any, within a reasonable time after determination of the contract award.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 12, 2022:**

## SUBCHAPTER 7. SOONERCARE

### PART 1. GENERAL PROVISIONS

### 317:25-7-7. Referrals for specialty services

(a) PCPs Primary care physicians (PCPs) are required to assure the delivery of medically necessary preventive and primary care medical services, including securing referrals for specialty services. Some services, as defined in ~~OAC~~ Oklahoma Administrative Code (OAC) 317:25-7-2(c) and OAC 317:25-7-10(b), do not require a referral from the PCP. A PCP referral does not guarantee payment, as all services authorized by the PCP must be in the scope of coverage of the SoonerCare Choice program to be considered compensable.

(b) Pursuant to OAC 317:30-3-1(f), SoonerCare Choice referrals must always be made on the basis of medical necessity. Referrals from the PCP are required prior to receiving the referred service, except for retrospective referrals as deemed appropriate by the PCP.

(c) The PCP and specialty provider are responsible for maintaining appropriate documentation of each referral to support the claims for medically necessary services.

(d) As approved and deemed appropriate, the ~~OHCA~~ Oklahoma Health Care Authority (OHCA) may provide administrative referrals for specialty services. Administrative referrals are only provided by the OHCA under special and extenuating circumstances. Administrative referrals should not be requested as a standard business practice. The OHCA will not process retrospective administrative referrals, unless one (1) of the following exceptions applies:

(1) ~~the~~ The specialty services are referred from an IHS, tribal, or urban Indian clinic;

(2) ~~the~~ The specialty services are referred as the result of an emergency room visit or emergency room follow-up visit; or

~~(3) the specialty services are referred for pre-operative facility services prior to a dental procedure; or~~

~~(4) the retrospective administrative referral request for specialty services is requested from the OHCA within 30 calendar days of the specialty care date of service. If the retrospective administrative referral is requested within the 30 calendar days, the request must include appropriate documentation for the OHCA to approve the request. Appropriate documentation must include:~~

~~(A) proof that the specialist has attempted to collect a PCP referral from the member's assigned PCP; and~~

~~(B) medical documentation to substantiate that the specialty services are medically necessary pursuant to OAC 317:30-3-1(f).~~

(3) The retrospective administrative referral request for specialty services is requested from the OHCA within thirty (30) calendar days of the specialty care date of service.

(A) The referral is requested for urgent/emergent care, including but not limited to, outpatient surgeries, fracture care, and other procedures that require immediate attention.

(B) Annual, routine, and long-term follow up appointments will not be considered for retrospective services. These type of appointment referrals will

need to be secured prior to the scheduling of the appointment.

(C) If the retrospective administrative referral is requested within the thirty (30) calendar days, the request must include appropriate documentation for the OHCA to approve the request. Appropriate documentation must include:

(i) Proof that the specialist has attempted to collect a PCP referral from the member's assigned PCP. Documentation should note who the requesting provider communicated with or a copy of the fax verification that was sent to the PCP along with the denial reason; and

(ii) Medical documentation to substantiate that the specialty services are medically necessary pursuant to OAC 317:30-3-1(f).

(e) Nothing in this section is intended to absolve the PCP of their obligations in accordance with the conditions set forth in their PCP SoonerCare Choice contract and the rules delineated in OAC 317:30.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 12, 2022:**

## **SUBCHAPTER 1. GENERAL PROVISIONS**

### **317:30-1-1. Purpose; use of manuals**

~~The purpose of this Chapter is to detail rules applicable to providers of medical services purchased by the Oklahoma Health Care Authority. Subchapters one, three and seven are applicable to all medical providers, while Subchapter five consists of rules unique to a specific type of provider, services or specialty. As a convenience to providers, the Authority compiles applicable Subchapters and Sections into manuals which are available to providers at no cost.~~

(a) The purpose of this Chapter is to detail rules applicable to providers of medical services purchased by the Oklahoma Health Care Authority (OHCA).

(b) This Chapter contains basic information concerning the SoonerCare Program. It is intended for use by all providers of medical and health related services participating in the program. Subchapters one, three and seven are applicable to all medical providers, while Subchapter five consists of rules unique to a specific type of provider, services, or specialty.

(1) The Chapter contains Sections dealing with provider policies, coverage of medical and health services, and other general program policies and procedures applicable to all providers.

(2) Providers and their office staff are urged to familiarize themselves with the contents of this Chapter and to refer to it when questions arise. Use of the Chapter will reduce misunderstandings concerning the coverage and reimbursement of SoonerCare services and the Agency's expectations of providers. As users of the rules in this Chapter, OHCA also solicits suggestions and comments from providers.

(c) As a convenience to providers, the Authority compiles applicable Subchapters and Sections into policy documents which are available to providers at no cost.

### **317:30-1-3. Description of rules [REVOKED]**

~~How to use this Chapter. This Chapter contains basic information concerning the SoonerCare Program. It is intended for use by all providers of medical and health related services participating in the program. Subchapters one, three and seven are applicable to all medical providers, while Subchapter five consists of rules unique to a specific type of provider, services or specialty.~~

(1) ~~The Chapter contains Sections dealing with provider policies, coverage of medical and health services, and other general program policies and procedures applicable to all providers.~~

(2) ~~Providers and their office staff are urged to familiarize themselves with the contents of this Chapter and to refer to it when questions arise. Use of the Chapter will reduce misunderstandings concerning the coverage and reimbursement of SoonerCare services and the Agency's expectations of providers. As users of the rules in this Chapter, OHCA also solicits suggestions and comments from providers.~~

## **SUBCHAPTER 5. INDIVIDUAL PROVIDERS AND SPECIALTIES**

### **PART 3. HOSPITALS**

### **317:30-5-40.2. Definitions [REVOKED]**

~~The following words and terms, when used in this Part, shall have the following meaning, unless the context clearly indicates otherwise.~~

~~"CMS" means the Center for Medicare and Medicaid Services~~

~~"Diagnosis Related Group" means a patient classification system that relates types of patients treated to the resources they consume.~~

**PART 27. INDEPENDENT PHYSICAL THERAPISTS AND PHYSICAL THERAPIST ASSISTANTS**

**317:30-5-291. Coverage by category; payment rates and procedure codes**

(a) Coverage. Payment is made for registered physical therapists as set forth in this Section.

(1) **Children.** Initial therapy evaluations do not require prior authorization and must be provided by a fully licensed physical therapist. All therapy services following the initial evaluation must be prior authorized for continuation of service. Prior to the initial evaluation, the therapist must have on file a signed and dated prescription or referral for the therapy services from the member's physician or other licensed practitioner of the healing arts. The prescribing or referring provider must be able to provide, if requested, clinical documentation from the member's medical record that supports the medical necessity for the evaluation and referral.

(2) **Adults.** There is no coverage for adults for services rendered by individually contracted providers. Coverage for adults is permitted in an outpatient hospital setting as described in Oklahoma Administrative Code (OAC) 317:30-5-42.1.

(3) **Individuals eligible for Part B of Medicare.** Services provided to Medicare eligible recipients are filed directly with the fiscal agent.

(b) Payment rates. All physical therapy services are reimbursed per the methodology described in the Oklahoma Medicaid State Plan.

(c) Procedure codes. The appropriate procedure codes used for billing physical therapy services are found in the Physicians' Current Procedural Terminology (CPT) Coding Manual.

**317:30-5-291.1. Payment rates [REVOKED]**

~~All physical therapy services are reimbursed per the methodology described in the Oklahoma Medicaid State Plan.~~

**317:30-5-291.2. Procedure codes [REVOKED]**

~~The appropriate procedure codes used for billing physical therapy services are found in the Physicians' Current Procedural Terminology (CPT) Coding Manual.~~

**PART 28. OCCUPATIONAL THERAPISTS AND OCCUPATIONAL THERAPY ASSISTANTS**

**317:30-5-296. Coverage by category; payment rates and procedure codes**

(a) Coverage. Payment is made for occupational therapy services as set forth in this Section.

(1) **Children.** Initial therapy evaluations do not require prior authorization and must be provided by a fully licensed occupational therapist. All therapy services following the initial evaluation must be prior authorized for continuation of service. Prior to the initial evaluation, the therapist must have on file a signed and dated prescription or referral for the therapy services from the member's physician or other licensed practitioner of the healing arts. The prescribing or referring provider must be able to provide, if requested, clinical documentation from the member's medical record that supports the medical necessity for the evaluation and referral.

(2) **Adults.** There is no coverage for adults for services rendered by individually contracted providers. Coverage for adults is permitted in an outpatient hospital setting as described in Oklahoma Administrative Code (OAC) 317:30-5-42.1.

(3) **Individuals eligible for Part B of Medicare.** Services provided to Medicare eligible recipients are filed directly with the fiscal agent.

(b) Payment rates. All occupational therapy services are reimbursed per the methodology described in the Oklahoma Medicaid State Plan.

(c) Procedure codes. The appropriate procedure codes used for billing occupational therapy services are found in the Physicians' Current Procedural Terminology (CPT) Coding Manual.

**317:30-5-297. Payment rates [REVOKED]**

~~All occupational therapy services are reimbursed per the methodology described in the Oklahoma Medicaid State Plan.~~

**317:30-5-298. Procedure codes [REVOKED]**

~~The appropriate procedure codes used for billing occupational therapy services are found in the Physicians' Current Procedural Terminology (CPT) Coding Manual.~~

**PART 73. EARLY INTERVENTION SERVICES**

**317:30-5-640.1. Periodicity schedule**

(a) The Oklahoma Health Care Authority requires that all physicians providing reimbursable Early and Periodic Screening, ~~Diagnosis~~Diagnostic and Treatment (EPSDT) screens adopt and utilize the American Academy of Pediatrics and Bright Futures periodicity schedule.

(b) Medicaid-eligible children and adolescents enrolled in SoonerCare are referred to their SoonerCare provider for EPSDT screens. In cases where the SoonerCare provider authorizes the qualified provider of health related services to perform the screen or fails to schedule an appointment within three (3) weeks and a request has been made and documented by the staff of the Oklahoma State Department of Education

## Permanent Final Adoptions

---

and Oklahoma State Department of Health (OSDH), or the latter's contractors, the OSDH may then furnish the EPSDT child-health screening and bill it as a fee-for-service (FFS) activity. Results of the child-health screening are forwarded to the member's SoonerCare provider.

(c) For periodic and interperiodic screening examination, please refer to Oklahoma Administrative Code 317:30-3-65 through 317:30-3-65.12.

### **317:30-5-641.1. Periodic and interperiodic screening examination [REVOKED]**

~~Refer to Oklahoma Administrative Code 317:30-3-65 through 317:30-3-65.12.~~

## **PART 77. SPEECH-LANGUAGE PATHOLOGISTS, SPEECH-LANGUAGE PATHOLOGY ASSISTANTS, CLINICAL FELLOWS AND AUDIOLOGISTS**

### **317:30-5-676. Coverage by category; payment rates and procedure codes**

(a) **Coverage.** Payment is made for speech and hearing services as set forth in this Section.

(1) **Children.** Coverage for children is as follows:

(A) **Preauthorization required.** All therapy services, including the initial evaluation, must be prior authorized. Prior to the initial evaluation, the therapist must have on file a signed and dated prescription or referral for the therapy services from the member's physician or other licensed practitioner of the healing arts. The prescribing or referring provider must be able to provide, if requested, clinical documentation from the member's medical record that supports the medical necessity for the evaluation and referral.

(B) **Speech-language pathology services.**

(i) Speech-language pathology services may include speech-language evaluations, individual and group therapy services provided by a fully licensed and certified speech-language pathologist, a licensed speech-language pathology clinical fellow, and services within the scope of practice of a speech-language pathology assistant as directed by the supervising speech-language pathologist, as listed in Oklahoma Administrative Code (OAC) 317:30-5-675 (a) through (c).

(ii) Initial evaluations must be prior authorized and provided by a fully licensed speech-language pathologist.

(C) **Hearing aids.** Hearing and hearing aid evaluations include pure tone air, bone and speech audiometry by a state licensed audiologist. Payment is made for a hearing aid following a recommendation by a ~~Medical or Osteopathic~~ medical or osteopathic physician and a hearing aid evaluation by a state licensed audiologist.

(2) **Adults.** There is no coverage for adults for services rendered by individually contracted providers. Coverage

for adults is permitted in an outpatient hospital setting as described in OAC 317:30-5-42.1.

(3) **Individuals eligible for Part B of Medicare.** Services provided to Medicare eligible recipients are filed directly with the fiscal agent.

(b) **Payment rates.** All speech-language pathology and hearing services are reimbursed per the methodology described in the Oklahoma Medicaid State Plan.

(c) **Procedure codes.** The appropriate procedure codes used for billing speech and hearing services are found in the Physicians' Current Procedural Terminology (CPT) Coding Manual.

### **317:30-5-677. Payment rates [REVOKED]**

~~All speech language pathology and hearing services are reimbursed per the methodology described in the Oklahoma Medicaid State Plan.~~

### **317:30-5-678. Procedure codes [REVOKED]**

~~The appropriate procedure codes used for billing speech and hearing services are found in the Physicians' Current Procedural Terminology (CPT) Coding Manual.~~

## **PART 103. QUALIFIED SCHOOLS AS PROVIDERS OF HEALTH-RELATED SERVICES**

### **317:30-5-1023. Coverage by category**

(a) **Adults.** There is no coverage for services rendered to adults twenty-one (21) years of age and older.

(b) **Children.** For non-Individualized Education Program (IEP) medical services that can be provided in a school setting, refer to Part 4, ~~Early and Periodic Screening, Diagnostic and Treatment program~~ Early And Periodic Screening, Diagnostic and Treatment (EPSDT) Program/Child-Health Services, of Oklahoma Administrative Code (OAC) at 317:30-3-65 through ~~317:30-3-63.12~~ 317:30-3-65.12. Payment is made for the following compensable services rendered by qualified school providers:

(1) **Diagnostic encounters.** Diagnostic encounters are defined as those services necessary to fully evaluate defects, physical or behavioral health illnesses, or conditions discovered by the screening. Approved diagnostic encounters may include the following:

(A) **Hearing and hearing aid evaluation.** Hearing evaluation includes pure tone air, bone, and speech audiometry. Hearing evaluations must be provided by a state-licensed audiologist as listed in OAC 317:30-5-675 (d) (1) and (2).

(B) **Audiometry test.** Audiometric test (Immittance [Impedance] audiometry or tympanometry) includes bilateral assessment of middle ear status and reflex studies (when appropriate) provided by a state-licensed audiologist as listed in OAC 317:30-5-675 (d) (1) and (2).

(C) **Ear impression (for earmold).** Ear impression (for earmold) includes taking an impression of

a member's ear and providing a finished earmold, to be used with the member's hearing aid as provided by a state-licensed audiologist as listed in OAC 317:30-5-675 (d) (1) and (2).

(D) **Vision screening.** Vision screening in schools includes application of tests and examinations to identify visual defects or vision disorders. The vision screening may be performed by a ~~Registered Nurse~~ registered nurse (RN) or ~~Licensed Practical Nurse~~ licensed practical nurse (LPN) under the supervision of an RN. The service can be billed when a SoonerCare member has an individualized documented concern that warrants a screening. A vision examination must be provided by a state-licensed ~~Doctor of Optometry~~ doctor of optometry (O.D.) or licensed physician specializing in ophthalmology (M.D. or D.O.). This vision examination, at a minimum, includes diagnosis and treatment for defects in vision.

(E) **Speech-language evaluation.** Speech-language evaluation is for the purpose of identification of children or adolescents with speech or language disorders and the diagnosis and appraisal of specific speech and language services. Speech-language evaluations must be provided by a fully licensed speech-language pathologist as listed in OAC 317:30-5-675 (a) (1) through (3).

(F) **Physical therapy evaluation.** Physical therapy evaluation includes evaluating the student's ability to move throughout the school and to participate in classroom activities and the identification of movement dysfunction and related functional problems. It must be provided by a fully licensed physical therapist as listed in OAC 317:30-5-290.1 (a) (1) and (2). Physical therapy evaluations must adhere to guidelines found at OAC 317:30-5-291.

(G) **Occupational therapy evaluation.** Occupational therapy evaluation services include determining what therapeutic services, assistive technology, and environmental modifications a student requires for participation in the special education program and must be provided by a fully licensed occupational therapist as listed in OAC 317:30-5-295 (a) (1) and (2). Occupational therapy evaluations must adhere to guidelines found at OAC 317:30-5-296.

(H) **Evaluation and testing.** Evaluation and testing by psychologists and certified school psychologists are for the purpose of assessing emotional, behavioral, cognitive, or developmental issues that are affecting academic performance and for determining recommended treatment protocol. Evaluation or testing for the sole purpose of academic placement (e.g., diagnosis of learning disorders) is not a compensable service. These evaluations and tests must be provided by a state-licensed, board-certified psychologist or a certified school psychologist certified by the State Department of Education (SDE).

(2) **Child-guidance treatment encounter.** A child-guidance treatment encounter may occur through the provision of individual, family, or group treatment services to children and adolescents who are identified as having specific disorders or delays in development, emotional or behavioral problems, or disorders of speech, language, or hearing. These types of encounters are initiated following the completion of a diagnostic encounter and subsequent development of a treatment plan, or as a result of an IEP and may include the following:

(A) **Hearing and vision services.** Hearing and vision services may include provision of habilitation activities, such as: auditory training; aural and visual habilitation training including Braille, and communication management; orientation and mobility; and counseling for vision and hearing losses and disorders. Services must be provided by or under the direct guidance of one (1) of the following individuals practicing within the scope of his or her practice under state law:

- (i) State-licensed audiologist as listed in OAC 317:30-5-675 (d) (1) and (2).
- (ii) Fully licensed, speech-language pathologist as listed in OAC 317:30-5-675 (a) (1) through (3).
- (iii) Certified orientation and mobility specialists.

(B) **Speech-language therapy services.** Speech-language therapy services include provisions of speech and language services for the habilitation or prevention of communicative disorders. Speech-language therapy services must be provided by or under the direct guidance and supervision of a fully licensed speech-language pathologist within the scope of his or her practice under state law as listed in OAC 317:30-5-675 (a) (1) through (3).

(C) **Physical therapy services.** Physical therapy services are provided for the purpose of preventing or alleviating movement dysfunction and related functional problems that adversely affect the member's education. Physical therapy services must adhere to guidelines found at OAC 317:30-5-291 and must be provided by or under the direct guidance and supervision of a fully licensed physical therapist; services may also be provided by a licensed physical therapy assistant who has been authorized by the Board of Examiners working under the supervision of a fully licensed physical therapist.

(D) **Occupational therapy services.** Occupational therapy may include provision of services to improve, develop, or restore impaired ability to function independently. Occupational therapy services must be provided by or under the direct guidance and supervision of a fully licensed occupational therapist; services may also be provided by a licensed occupational therapy assistant who has been authorized by the Board of Examiners, working under the supervision of a licensed occupational therapist.

## Permanent Final Adoptions

(E) **Nursing services.** Nursing services may include provision of services to protect the health status of children and adolescents, correct health problems and assist in removing or modifying health-related barriers, and must be provided by a RN or LPN under supervision of a RN. Services include medically necessary procedures rendered at the school site, such as catheterization, suctioning, tube feeding, and administration and monitoring of medication.

(F) **Counseling services.** All services must be for the direct benefit of the member. Counseling services must be provided by a state-licensed social worker, a state-licensed professional counselor, a state-licensed psychologist or SDE-certified school psychologist, a state-licensed marriage and family therapist, or a state-licensed behavioral health practitioner, or under Board supervision to be licensed in one (1) of the above-stated areas.

(G) **Assistive technology.** Assistive technology is the provision of services that help to select a device and assist a student with disability(ies) to use an assistive technology device, including coordination with other therapies and training of member and caregiver. Services must be provided by a:

- (i) Fully licensed speech-language pathologist as listed in OAC 317:30-5-675 (a) (1) through (3);
- (ii) Fully licensed physical therapist as listed in OAC 317:30-5-290.1 (a) (1) and (2); or
- (iii) Fully licensed occupational therapist as listed in OAC 317:30-5-295 (a) (1) and (2).

(H) **Personal care.** Provision of personal care services (PCS) allow students with disabilities to safely attend school. Services include, but are not limited to: dressing, eating, bathing, assistance with transferring and toileting, positioning, and instrumental activities of daily living such as preparing meals and managing medications. PCS also includes assistance while riding a school bus to handle medical or physical emergencies. Services must be provided by registered paraprofessionals that have completed training approved or provided by SDE, or personal care assistants, including LPNs, who have completed on-the-job training specific to their duties. PCS does not include behavioral monitoring. Paraprofessionals are not allowed to administer medication, nor are they allowed to assist with or provide therapy services to SoonerCare members. Tube feeding of any type may only be reimbursed if provided by a RN or LPN. Catheter insertion and ~~Catheter/Ostomy~~catheter/ostomy care may only be reimbursed when done by a RN or LPN. All PCS must be prior authorized.

(I) **Therapeutic behavioral services (TBS).** Services are goal-directed activities for each client to restore, retain and improve the self-help, socialization, communication, and adaptive skills necessary to reside successfully in home and community-based

settings. It also includes problem identification and goal setting, medication support, restoring function, and providing support and redirection when needed. TBS activities are behavioral interventions to complement more intensive behavioral health services and may include the following components: basic living and self-help skills; social skills; communication skills; organization and time management; and transitional living skills. This service must be provided by a behavioral health school aide (BHSA) who has a high school diploma or equivalent and has successfully completed training approved by the SDE, and in collaboration with the Oklahoma Department of Mental Health and Substance Abuse Services (ODMHSAS), along with corresponding continuing education. BHSA must be supervised by a bachelor's level individual with a special education certification. BHSA must have ~~CPR~~Cardiopulmonary resuscitation (CPR) and ~~First Aid~~first aid certification. Six (6) additional hours of related continuing education are required per year.

(c) **Members eligible for Part B of Medicare.** EPSDT school health-related services provided to Medicare eligible members are billed directly to the fiscal agent.

**GIST/ANALYSIS:**

The proposed rule changes will expand Medicaid eligibility for individuals defined by 42 Code of Federal Regulations § 435.119 who are age nineteen (19) or older and under sixty-five (65), at or below 133 percent of the federal poverty level (FPL), and who are not categorically related to the aged, blind, or disabled. Additional revisions are needed to comply with the Home Health final rule in which the durable medical equipment and supplies benefit was revised from an optional benefit to a mandatory benefit and was made subject to the scope of the home health benefit. Prosthetics and orthotics are under a separate regulation and remain an optional benefit.

**CONTACT PERSON:**

Sandra Puebla, Deputy State Medicaid Director, 405-227-3465, Sandra.Puebla@okhca.org.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 12, 2022:**

**SUBCHAPTER 1. GENERAL PROVISIONS**

**317:30-1-4. Definitions**

The following words and terms, when used in this Chapter, shall have the following meaning, unless the context clearly indicates otherwise:

"**Adult**" means an individual twenty-one (21) years of age or older, unless otherwise specified by statute, regulation,

# Permanent Final Adoptions

and/or policy adopted by the Oklahoma Health Care Authority (OHCA). For eligibility criteria policy for children and adults, please refer to Oklahoma Administrative Code (OAC) 317:35-5-2.

"Alien" means an individual who does not have United States citizenship and is not a United States national. It is synonymous with the word "noncitizen".

"CMS" means the Centers for Medicaid and Medicaid Services.

"Child" means an individual under twenty-one (21) years of age, unless otherwise specified by statute, regulation, and/or policy adopted by the OHCA. For eligibility criteria policy for children and adults, please refer to OAC 317:35-5-2.

"Diagnosis Related Group" means a patient classification system that relates types of patients treated to the resources they consume.

"Expansion Adult" means an individual defined by 42 Code of Federal Regulations § 435.119 who is age nineteen (19) or older and under sixty-five (65), at or below 133 percent of the federal poverty level (FPL), and who are not categorically related to the aged, blind, and disabled.

"Habilitation" means health care services that are aimed at helping people gain certain new skills, abilities, knowledge and functioning for daily living.

"Noncitizen" means an individual who does not have United States citizenship and is not a United States national. It is synonymous with the word "alien".

"OKDHS" means the Oklahoma Department of Human Services which is also referenced in rules as Department of Human Services (DHS) and Office of Human Services (OHS).

"Rehabilitation" means health care services that help a person to re-gain skills, abilities or knowledge that may have been lost or compromised as a result of acquiring a disability, or due to a change in one's disability or circumstances.

## SUBCHAPTER 3. GENERAL PROVIDER POLICIES

### PART 1. GENERAL SCOPE AND ADMINISTRATION

#### 317:30-3-1. Creation and implementation of rules; applicability

(a) Medical rules of the Oklahoma Health Care Authority (OHCA) are set by the ~~Oklahoma Health Care Authority~~ OHCA Board. The rules are based upon the recommendations of the Chief Executive Officer of the Authority, ~~the Deputy Administrator for Health Policy~~ the Deputy State Medicaid Director, ~~the Medicaid Operations~~ State Medicaid Director, OHCA Tribal partners and the ~~Advisory Committee on Medical Care for Public Assistance Recipients~~ OHCA Medical Advisory Committee. The ~~Medicaid Operations~~ State Medicaid Director is responsible for implementing medical policies and programs and directing the Fiscal Agent ~~with regard to~~ regarding proper payment of claims.

(b) Payment to practitioners under Medicaid is made for services clearly identifiable as personally rendered services performed on behalf of a specific ~~patient~~ member. There are no exceptions to personally rendered services unless specifically set out in coverage guidelines.

(c) Payment is made on behalf of Medicaid eligible individuals for services within the scope of the Authority medical programs. Services cannot be paid under Medicaid for ineligible individuals or for services not covered under the scope of medical programs or that do not meet documentation requirements. These claims will be denied, or in some instances upon post-payment review, payment will be recouped.

(d) Payment to practitioners on behalf of Medicaid eligible individuals is made only for services that are medically necessary and essential to the diagnosis and treatment of the patient's presenting problem. ~~Well-patient~~ Wellness examinations and diagnostic testing are not covered for adults unless specifically set out in coverage guidelines.

(e) The scope of the medical program for eligible children is the same as for adults except as further set out under ~~EPSDT~~ Early and Periodic Screening, Diagnostic and Treatment (EPSDT) service guidelines.

(f) Services, provided within the scope of the Oklahoma Medicaid ~~Program~~ program, shall meet medical necessity criteria. Requests by qualified providers for services in and of itself shall not constitute medical necessity. The ~~Oklahoma Health Care Authority~~ OHCA shall serve as the final authority pertaining to all determinations of medical necessity. ~~Some service limits listed within OAC 317:30 can be exceeded for expansion adults, upon meeting medical necessity as determined by OHCA and in alignment with the Oklahoma Medicaid State Plan. Physical therapy, occupational therapy and speech language pathology have hard limits, which are set at forty-five (45) visits for both habilitation and rehabilitation - a cumulative total of 90 visits [fifteen (15) visits of each therapy]. Members must meet medical necessity criteria, prior authorization, and all other documentation requirements.~~ Medical necessity is established through consideration of the following standards:

- (1) Services must be medical in nature and must be consistent with accepted health care practice standards and guidelines for the prevention, diagnosis or treatment of symptoms of illness, disease or disability;
- (2) Documentation submitted in order to request services or substantiate previously provided services must demonstrate through adequate objective medical records and other supporting records, evidence sufficient to justify the ~~client's~~ member's need for the service;
- (3) Treatment of the ~~client's~~ member's condition, disease or injury must be based on reasonable and predictable health outcomes;
- (4) Services must be necessary to alleviate a medical condition and must be required for reasons other than convenience for the member, family, or medical provider;
- (5) Services must be delivered in the most cost-effective manner and most appropriate setting; and
- (6) Services must be appropriate for the ~~client's~~ member's age and health status and developed

for the ~~client~~member to achieve, maintain, or promote functional capacity.

(g) Emergency medical condition means a medical condition including injury manifesting itself by acute symptoms of sufficient severity (including severe pain) such that the absence of immediate medical attention could reasonably be expected, by a reasonable and prudent layperson, to result in placing the patient's health in serious jeopardy, serious impairment to bodily function, or serious dysfunction of any bodily organ or part.

(h) Verbal or written interpretations of policy and procedure in singular instances is made on a ~~case-by-case~~case-by-case basis and shall not be binding on this Agency or override its policy of general applicability.

(i) The rules and policies in this ~~part~~Part apply to all providers of service who participate in the program.

**PART 3. GENERAL MEDICAL PROGRAM INFORMATION**

**317:30-3-40. Home and ~~Community-Based Services Waivers (HCBS)~~community-based services (HCBS) waivers for persons with intellectual disabilities or certain persons with related conditions**

(a) **Introduction to HCBS waivers for persons with intellectual disabilities.** The Medicaid HCBS waiver programs are authorized per Section 1915(c) of the Social Security Act.

(1) The Oklahoma Department of Human Services (OKDHS) Developmental Disabilities Services Division (DDS) operates HCBS waiver programs for persons with intellectual disabilities and certain persons with related conditions. The Oklahoma Health Care Authority (OHCA), ~~is~~the State's Medicaid agency, retains and exercises administrative authority over all HCBS waiver programs.

(2) Each waiver allows for the provision of specific SoonerCare-compensable services that assist members to reside in the community and avoid institutionalization.

(3) HCBS waiver services:

(A) ~~complement~~Complement and supplement services available to members through the Medicaid State Plan or other federal, state, or local public programs, as well as informal supports provided by families and communities;

(B) ~~are~~Are only provided to persons who are Medicaid eligible, outside of a nursing facility, hospital, or institution;

(C) ~~are~~Are not intended to replace other services and supports available to members; and

(D) ~~are~~Are authorized based solely on current need.

(4) HCBS waiver services must be:

(A) ~~appropriate~~Appropriate to the member's needs; and

(B) ~~included~~Included in the member's ~~Individual Plan~~individual plan (IP).

(i) The IP:

(I) ~~is~~Is developed annually by the member's ~~Personal Support Team~~personal support team, per Oklahoma Administrative Code (OAC) 340:100-5-52; and

(II) ~~contains~~Contains detailed descriptions of services provided, documentation of amount and frequency of services, and types of providers to provide services.

(ii) Services are authorized, per OAC 340:100-3-33 and 340:100-3-33.1.

(5) DDS furnishes case management, targeted case management, and services to members as a—Medicaid State Plan services, per Section 1915(g)(1) of the Social Security Act and per OAC 317:30-5-1010 through 317:30-5-1012.

(b) **Eligible providers.** All providers must have entered into contractual agreements with OHCA to provide HCBS for persons with an intellectual disability or related conditions.

(1) All providers, except pharmacy, ~~specialized medical supplies~~ and durable medical equipment (DME) providers must be reviewed by ~~DHS~~OKDHS DDS. The review process verifies that:

(A) ~~the~~The provider meets the licensure, certification or other standards specified in the approved HCBS waiver documents; and

(B) ~~organizations~~Organizations that do not require licensure wanting to provide HCBS services meet program standards, are financially stable and use sound business management practices.

(2) Providers who do not meet program standards in the review process are not approved for a provider agreement.

(3) Provider agreements with providers that fail to meet programmatic or financial requirements may not be renewed.

(c) **Coverage.** All services must be included in the member's IP and arranged by the member's case manager.

**317:30-3-57. General SoonerCare coverage - categorically needy**

The following are general ~~SoonerCare~~SoonerCare ~~coverage~~coverage guidelines for the categorically needy:

(1) ~~Inpatient hospital~~Inpatient hospital services ~~other than those provided in an institution for mental diseases.~~

(A) Adult coverage for ~~inpatient hospital~~inpatient hospital stays as described at OAC Oklahoma Administrative Code (OAC) 317:30-5-41.

(B) Coverage for members under twenty-one (21) years of age is not limited. All admissions must be medically necessary. All psychiatric admissions require prior authorization for an approved length of stay.

(2) Emergency department services.

(3) Dialysis in an outpatient hospital or ~~free standing~~freestanding dialysis facility.

(4) Outpatient therapeutic radiology or chemotherapy for proven malignancies or opportunistic infections.

## Permanent Final Adoptions

(5) Outpatient surgical services - facility payment for selected ~~outpatient surgical~~ outpatient surgical procedures to hospitals which have a contract with the Oklahoma Health Care Authority (OHCA).

(6) Outpatient mental health services for medical and remedial care including services provided on an outpatient basis by certified ~~hospital-based~~ hospital-based facilities that are also qualified mental health clinics.

(7) Rural health clinic services and other ambulatory services furnished by rural health clinic.

(8) Optometrists' services - only as listed in Subchapter 5, Part 45, Optometrist specific rules of this Chapter.

(9) Maternity clinic services.

(10) Outpatient diagnostic x-rays and lab services. Other outpatient services provided to adults, not specifically addressed, are covered only when prior authorized by the ~~agency's~~ Agency's Medical Authorization Unit.

(11) Medically necessary screening mammography. Additional follow-up mammograms are covered when medically necessary.

(12) ~~Nursing~~ Long-term care facility services (other than services in an institution for tuberculosis or mental diseases).

(13) Early and Periodic Screening, ~~Diagnosis~~ Diagnostic and Treatment Services (EPSDT) are available for members under twenty-one (21) years of age to provide access to regularly scheduled examinations and evaluations of the general physical and mental health, growth, development, and nutritional status of infants, children, and youth. Federal regulations also require that diagnosis and treatment be provided for conditions identified during a screening whether or not they are covered under the State Plan, as long as federal funds are available for these services. These services must be necessary to ameliorate or correct defects and physical or mental illnesses or conditions and require prior authorization. EPSDT/OHCA ~~Child Health~~ child-health services are outlined in OAC 317:30-3-65.2 through ~~317:30-3-65.4~~ 317:30-3-65.12.

(A) ~~Child health screening examinations~~ EPSDT screening examinations for eligible children by a medical or osteopathic physician, physician assistant, or advanced practice nurse practitioner.

(B) Diagnostic x-rays, lab, and/or injections when prescribed by a provider.

(C) Immunizations.

(D) Outpatient care.

(E) Dental services as outlined in OAC 317:30-3-65.8.

(F) Optometrists' services. The EPSDT periodicity schedule provides for at least one (1) visual screening and glasses each twelve (12) months. In addition, payment is made for glasses for children with congenital aphakia or following cataract removal. Interperiodic screenings and glasses at intervals outside the periodicity schedule for optometrists are allowed when a visual condition is suspected. Payment is limited to two (2) glasses per year. Any glasses beyond

this limit must be prior authorized and determined to be medically necessary.

(G) Hearing services as outlined in OAC 317:30-3-65.9.

(H) Prescribed drugs.

(I) Outpatient psychological services as outlined in OAC 317:30-5-275 through 317:30-5-278.

(J) Inpatient psychiatric services as outlined in OAC ~~317:30-5-95~~ 317:30-5-94 through 317:30-5-97.

(K) Transportation. Provided when necessary in connection with examination or treatment when not otherwise available.

(L) Inpatient hospital services.

(M) Medical supplies, equipment, appliances ~~and prosthetic devices beyond the normal scope of~~ SoonerCare, orthotics and prosthetics.

(N) EPSDT services furnished in a qualified child health center.

(14) Family planning services and supplies for members of child-bearing age, including counseling, insertion of intrauterine device, implantation of subdermal contraceptive device, and sterilization for members twenty-one (21) years of age and older who are legally competent, not institutionalized and have signed the "Consent Form" at least thirty (30) days prior to procedure. Reversal of sterilization procedures for the purposes of conception is not covered. Reversal of sterilization procedures are covered when medically indicated and substantiating documentation is attached to the claim.

(15) Physicians' services whether furnished in the office, the member's home, a hospital, a ~~nursing long-term care facility, Intermediate Care Facilities for Individuals with Intellectual Disabilities,~~ intermediate care facilities for individuals with intellectual disabilities (ICF/IID), or elsewhere. For adults, payment is made for compensable hospital days described at OAC 317:30-5-41. Office visits for adults are limited to four (4) per month except when in connection with conditions as specified in OAC 317:30-5-9(b).

(16) Medical care and any other type of remedial care recognized under state law, furnished by licensed practitioners within the scope of their practice as defined by state law. See applicable provider section for limitations to covered services for:

(A) Podiatrists' services;

(B) Optometrists' services;

(C) Psychologists' services;

(D) Certified ~~Registered~~ Nurse ~~Anesthetists~~ registered nurse anesthetists;

(E) Certified ~~Nurse Midwives~~ nurse midwives;

(F) Advanced ~~Practice Nurses~~ practice registered nurses; and

(G) Anesthesiologist ~~Assistants~~ assistants.

(17) ~~Free standing~~ Freestanding ambulatory surgery centers.

(18) Prescribed drugs not to exceed a total of six (6) prescriptions with a limit of two (2) brand name prescriptions per month. Exceptions to the six (6) prescription limit are:

(A) ~~unlimited~~Unlimited medically necessary monthly prescriptions for:

(i) ~~members~~Members under the age of twenty-one (21) years; and

(ii) ~~residents~~Residents of ~~nursing~~long-term care facilities or ICF/IID.

(B) ~~seven~~Seven (7) medically necessary generic prescriptions per month in addition to the six (6) covered under the State Plan (including three (3) brand name prescriptions) are allowed for adults receiving services under the 1915(c) ~~Home and Community Based Services Waivers (HCBS)~~home and community-based services (HCBS) waivers. These additional medically necessary prescriptions beyond the three (3) brand name or thirteen (13) total prescriptions are covered with prior authorization.

(19) Rental and/or purchase of ~~durable medical equipment~~medical supplies, equipment, and appliances.

(20) Adaptive equipment, when prior authorized, for members residing in private ICF/IID's.

(21) Dental services for members residing in private ICF/IID's in accordance with the scope of dental services for members under age twenty-one (21).

(22) For non-expansion adults, prosthetic devices are limited to catheters and catheter accessories, colostomy and urostomy bags and accessories, tracheostomy accessories, nerve stimulators, hyperalimentation and accessories, home dialysis equipment and supplies, external breast prostheses and support accessories, oxygen/oxygen concentrator equipment and supplies, respirator or ventilator equipment and supplies, and those devices inserted during the course of a surgical procedure. There is no coverage for orthotic devices for adults.

(23) Orthotics and prosthetics are covered for expansion adult members, above the limitations within (22) of this Section, when prescribed by the treating provider (physician, physician assistant, or an advanced practice registered nurse) and medical necessity is documented in accordance with OAC 317:30-5-211.13.

~~(23)~~(24) Standard medical supplies.

~~(24)~~(25) Eyeglasses under EPSDT for members under age twenty-one (21). Payment is also made for glasses for children with congenital aphakia or following cataract removal. Payment is limited to two (2) glasses per year. Any glasses beyond this limit must be prior authorized and determined to be medically necessary.

~~(25)~~(26) Blood and blood fractions for members when administered on an outpatient basis.

~~(26)~~(27) Inpatient services for members age sixty-five (65) or older in institutions for mental diseases, limited to those members whose Medicare, Part A benefits are exhausted for this particular service and/or those members who are not eligible for Medicare services.

~~(27)~~(28) ~~Long-term care~~Nursing facility services, limited to members preauthorized and approved by OHCA for such care.

~~(28)~~(29) Inpatient psychiatric facility admissions for members ~~under twenty-one (21)~~ are limited to an approved

length of stay ~~effective July 1, 1992~~, with provision for requests for extensions.

~~(29)~~(30) Transportation and subsistence (room and board) to and from providers of medical services to meet member's needs (ambulance or bus, etc.), to obtain medical treatment.

~~(30)~~(31) Extended services for pregnant women including all pregnancy-related and postpartum services to continue to be provided, as though the women were pregnant, for sixty (60) days after the pregnancy ends, beginning on the last date of pregnancy.

~~(31)~~(32) ~~Long-term care~~Nursing facility services for members under twenty-one (21) years of age.

~~(32)~~(33) Personal care in a member's home, prescribed in accordance with a plan of treatment and rendered by a qualified person under supervision of a ~~Registered Nurse~~registered nurse (RN).

~~(33)~~(34) ~~Part A deductible and Part B Medicare Coinsurance and/or deductible Medicare Part A, Part B, and Part C deductibles, coinsurance, and copays.~~

~~(34)~~(35) HCBS for the intellectually disabled.

~~(35)~~(36) Home health services ~~limited to~~can be provided without a PA for the first thirty-six (36) visits per year and standard supplies for one (1) month in a twelve (12) month period. A PA will be required beyond the 36<sup>th</sup> visit. The visits are limited to any combination of ~~Registered Nurse~~RN and nurse aide visits, ~~not to exceed thirty six (36) per year.~~

~~(36)~~(37) Medically necessary solid organ and bone marrow/stem cell transplantation services for children and adults are covered services based upon the conditions listed in (A)-(D) of this paragraph:

~~(A) Transplant procedures, except kidney and cornea, must be prior authorized to be compensable.~~

~~(B) To be prior authorized all procedures are reviewed based on appropriate medical criteria.~~

~~(C) To be compensable under the SoonerCare program, all transplants must be performed at a facility which meets the requirements contained in Section 1138 of the Social Security Act.~~

~~(D) Finally, procedures considered experimental or investigational are not covered.~~

(A) All transplantation services, except kidney and cornea, must be prior authorized;

(B) All transplant procedures are reviewed and prior authorization is based upon appropriate medical criteria;

(C) All organ transplants must be performed at a Medicare approved transplantation center;

(D) Procedures considered experimental or investigational are not covered. For more information regarding experimental or investigational including clinical trials, see OAC 317:30-3-57.1; and

(E) Donor search and procurement services are covered for transplants consistent with the methods used by the Medicare program for organ acquisition costs.

## Permanent Final Adoptions

- (~~3738~~) HCBS for intellectually disabled members who were determined to be inappropriately placed in a ~~nursing long-term care~~ facility (Alternative Disposition Plan - ADP).
- (~~3839~~) Case management services for the chronically and/or ~~severely~~ seriously mentally ill.
- (~~3940~~) Emergency medical services, including emergency labor and delivery for ~~illegal~~ undocumented or ineligible aliens.
- (~~4041~~) Services delivered in Federally Qualified Health Centers (FQHCs). Payment is made on an encounter basis.
- (~~4142~~) Early intervention services for children ages zero (0) to three (3).
- (~~4243~~) Residential behavior management in therapeutic foster care setting.
- (~~43~~) ~~Birth center services.~~
- (44) Case management services through the Oklahoma Department of Mental Health and Substance Abuse Services (ODMHSAS).
- (45) HCBS for aged or physically disabled members.
- (46) Outpatient ambulatory services for members infected with tuberculosis.
- (47) Smoking and tobacco use cessation counseling for children and adults.
- (48) Services delivered to American Indians/Alaskan Natives (AI/AN) in I/T/Us Indian Health Services, Tribal Programs, and Urban Indian Clinics (I/T/Us). Payment is made on an encounter basis.
- (49) OHCA contracts with designated agents to provide disease state management for individuals diagnosed with certain chronic conditions. Disease state management treatments are based on protocols developed using evidence-based guidelines.
- (50) Residential substance use disorder (SUD) services.
- (51) Medication-assisted treatment (MAT) services.
- (52) Diabetes self-management education and support (DSMES).

### 317:30-3-59. General program exclusions - adults

The following are excluded from SoonerCare coverage for adults:

- (1) Inpatient admission for diagnostic studies that could be performed on an outpatient basis.
- (2) Services or any expense incurred for cosmetic surgery.
- (3) Services of two (2) physicians for the same type of service to the same member on the same day, except when supplemental skills are required and different specialties are involved.
- (4) Refractions and visual aids.
- (5) Pre-operative care within ~~24~~ twenty-four (24) hours of the day of admission for surgery and routine post-operative care as defined under the global surgery guidelines promulgated by Current Procedural Terminology (CPT) and the Centers for Medicare and Medicaid Services (CMS).

- (6) Sterilization of members who are under ~~24~~ twenty-one (21) years of age, mentally incompetent, or institutionalized or reversal of sterilization procedures for the purposes of conception.
- (7) Non-therapeutic hysterectomies.
- (8) Induced abortions, except when certified in writing by a physician that the abortion was necessary due to a physical disorder, injury or illness, including a life-endangering physical condition caused by or arising from the pregnancy itself, that would place the woman in danger of death unless an abortion is performed, or that the pregnancy is the result of an act of rape or incest. (~~Refer to OAC 317:30-5-6 or 317:30-5-50.~~)
- (9) Medical services considered experimental or investigational. For more information regarding coverage of clinical trials, see Oklahoma Administrative Code (OAC) 317:30-3-57.1.
- (10) Services of a ~~Certified Surgical Assistant~~ certified surgical assistant.
- (11) Services of a ~~Chiropractor~~ chiropractor. Payment is made for ~~Chiropractor~~ chiropractor services on ~~Crossover~~ crossover claims for coinsurance and/or deductible only.
- (12) ~~Services of an independent licensed Physical and/or Occupational Therapist.~~ Services of an independent licensed physical therapist and/or licensed physical therapist assistant. Per OAC 317:30-5-291.
- (13) Services of an independent licensed occupational therapist and/or occupational therapist assistant. Per OAC 317:30-5-296.
- (~~14~~) ~~Services of a Psychologist.~~ psychologist.
- (~~15~~) ~~Services of an independent licensed Speech and Hearing Therapist.~~ speech-language pathologist, speech-language pathology assistant (SLPA), and/or speech-language clinical fellow. Per OAC 317:30-5-675.
- (~~16~~) Payment for more than four (4) outpatient visits per month (home or office) per member, except those visits in connection with family planning or related to emergency medical conditions.
- (~~17~~) Payment for more than ~~two nursing~~ two (2) long-term care facility visits per month.
- (~~18~~) More than one (1) inpatient visit per day per physician.
- (~~19~~) Payment for removal of benign skin lesions.
- (~~20~~) Physician services which are administrative in nature and not a direct service to the member including such items as quality assurance, utilization review, treatment staffing, tumor board review or multidisciplinary opinion, dictation, and similar functions.
- (~~21~~) Charges for completion of insurance forms, abstracts, narrative reports or telephone calls.
- (~~22~~) Payment for the services of social workers, licensed family counselors, registered nurses or other ancillary staff, except as specifically set out in ~~OHCA~~ the Oklahoma Health Care Authority (OHCA) rules.
- (~~23~~) Mileage.
- (~~24~~) A routine hospital visit on the date of discharge unless the member expired.

- (24~~25~~) Direct payment to perfusionist as this is considered part of the hospital reimbursement.
- (25) Inpatient chemical dependency treatment.
- (26) Fertility treatment.
- (27) Payment to the same physician for both an outpatient visit and admission to hospital on the same date.
- (28) Sleep studies.

**SUBCHAPTER 5. INDIVIDUAL PROVIDERS AND SPECIALTIES**

**PART 3. HOSPITALS**

**317:30-5-42.16. Related services**

- (a) **Ambulance.** Ambulance services furnished by the facility are covered separately if otherwise compensable under the Authority's Medical Programs. SoonerCare program.
- (b) **Home health care.** ~~Hospital-based~~Hospital-based home health providers must be Medicare certified and have a current Home Health Agency contract with the ~~OHCA~~Oklahoma Health Care Authority (OHCA). For home health services, a qualified provider must conduct and document a face-to-face encounter with the member in accordance with provisions of ~~42 CFR §440.70~~42 Code of Federal Regulations (C.F.R.) § 440.70. Refer to Oklahoma Administrative Code (OAC) 317:30-5-546 and OAC 317:30-5-547 for additional policy related to coverage and reimbursement for home health care services.
  - (1) Payment is made for home health services provided in a member's residence to all categorically needy individuals.
  - (2) Payment is made for a maximum of 36 visits per year for eligible members 21 years of age or older. Payment for any combination of skilled and home health aide visits can not exceed 36 visits per year.
  - (3) Payment is made for standard medical supplies.
  - (4) Payment is made on a rental or purchase basis for equipment and appliances suitable for use in the home.
  - (5) Non-covered items include sales tax, enteral therapy and nutritional supplies, and electro spinal orthosis systems (ESO).
  - (6) Payment may be made to home health agencies for prosthetic devices.
    - (A) Coverage of oxygen includes rental of liquid oxygen systems, gaseous oxygen systems and oxygen concentrators when prior authorized. Purchase of oxygen systems may be made where unusual circumstances exist and purchase is considered most appropriate.
    - (B) Payment is made for permanent indwelling catheters, drain bags, insert trays and irrigation trays. Male external catheters are also covered.
    - (C) Sterile tracheotomy trays are covered.
    - (D) Payment is made for colostomy and urostomy bags and accessories.

- (E) Payment is made for hyperalimentation, including supplements, supplies and equipment rental on behalf of persons having permanently inoperative internal body organ dysfunction. Information regarding the member's medical condition that necessitates the hyperalimentation and the expected length of treatment, should be attached when requesting prior authorization.
- (F) Payment is made for ventilator equipment and supplies when prior authorized.
- (G) Payment for medical supplies, oxygen, and equipment is made when using appropriate HCPCS codes which are included in the HCPCS Level II Coding Manual.

(e) **Hospice Services.** Hospice is defined as palliative and/or comfort care provided to the member family when a physician certifies that the member has a terminal illness and has a life expectancy of six months or less. A hospice program offers palliative and supportive care to meet the special needs arising out of the physical, emotional and spiritual stresses which are experienced during the final stages of illness and death. Hospice services must be related to the palliation and management of the member's illness, symptom control, or to enable the individual to maintain activities of daily living and basic functional skills.

- (1) Payment is made for home based hospice services for terminally ill individuals under the age of 21 with a life expectancy of six months or less when the member and/or family has elected hospice benefits. Hospice services are available to eligible members without forgoing any other service to which the member is entitled under SoonerCare for curative treatment of the terminal illness. Once the member has elected hospice care, the hospice medical team assumes responsibility for the member's medical care for the terminal illness in the home environment. Hospice providers are not responsible for curative treatments for members that elect such services while on hospice. Hospice care includes nursing care, physician services, medical equipment and supplies, drugs for symptom control and pain relief, home health aide and personal care, physical, occupational and/or speech therapy, medical social services, dietary counseling and grief and bereavement counseling to the member and/or family.
- (2) Hospice care is available for two initial 90 day periods and an unlimited number of subsequent 60 day periods during the remainder of the member's lifetime. Beginning January 1, 2011, a hospice physician or nurse practitioner must have a face to face encounter with the member to determine if the member's terminal illness necessitates continuing hospice care services. The encounter must take place prior to the 180th day recertification and each subsequent recertification thereafter; and attests that such visit took place. The member and/or the family may voluntarily terminate hospice services.
- (3) Hospice services must be reasonable and necessary for the palliation or management of a terminal illness or related conditions. A certification that the member is terminally ill must be completed by the member's attending

# Permanent Final Adoptions

~~physician or the Medical Director of an Interdisciplinary Group. Nurse practitioners serving as the attending physician may not certify the terminal illness; however, effective January 1, 2011, nurse practitioners may re-certify the terminal illness.~~

~~(4) Services must be prior authorized. A written plan of care must be established before services are provided. The plan of care should be submitted with the prior authorization request.~~

## 317:30-5-42.17. Non-covered services

In addition to the general program exclusions [~~OAC Oklahoma Administrative Code (OAC) 317:30-5-2(a)(2)~~] the following are excluded from coverage:

- (1) Inpatient admission for diagnostic studies that could be performed on an outpatient basis.
- (2) Procedures that result in sterilization which do not meet the guidelines set forth in this Chapter ~~of rules.~~
- (3) Reversal of sterilization procedures for the purposes of conception are not covered.
- (4) Medical services considered experimental or investigational. For more information regarding coverage of clinical trials, see OAC 317:30-3-57.1.
- (5) Payment for removal of benign skin lesions for adults.
- (6) Visual aids.
- (7) Charges incurred while the member is in a skilled nursing or swing bed.
- ~~(8) Sleep studies for adults.~~

## PART 17. MEDICAL SUPPLIERS

### 317:30-5-210. Eligible providers

All eligible medical suppliers must have a current contract with the Oklahoma Health Care Authority (OHCA). The supplier must comply with all applicable ~~State and Federal~~ state and federal laws. ~~Effective January 1, 2011, all~~ All suppliers of ~~durable medical equipment, prosthetics, orthotics and supplies (DMEPOS)~~ medical supplies, equipment, and appliances must be accredited by a Medicare deemed accreditation organization for quality standards for ~~DMEPOS~~ durable medical equipment (DME) suppliers in order to bill the SoonerCare program. OHCA may make exceptions to this standard based on the exemptions provided by the Centers for Medicare and Medicaid Services (CMS) for Medicare accreditation, if the provider is a government-owned entity, or at a provider's request and at the discretion of OHCA based on access issues and/or agency needs for SoonerCare members. Additionally, unless an exception is granted from the OHCA, all ~~DMEPOS/DME~~ providers must meet the following criteria:

- (1) ~~DMEPOS/DME~~ providers are required to have a physical location in the State of Oklahoma, or within a designated range of the Oklahoma State border, as determined by the OHCA. The OHCA may make exceptions to this requirement if a ~~DMEPOS/DME~~ provider provides a specialty item, product, or service, which is not otherwise available to SoonerCare members within the State

of Oklahoma. Provider contracts for out-of-state ~~DME-POS/DME~~ providers will be reviewed on a case-by-case basis for specialty items only. The OHCA has discretion and the final authority to approve or deny any provider contract.

(2) ~~DMEPOS/DME~~ providers are required to comply with Medicare ~~DMEPOS/DME~~ Supplier Standards for ~~DMEPOS~~ medical supplies, equipment, and appliances provided to SoonerCare members, except the requirement to meet surety bond requirements, as specified in ~~42 C.F.R. Code of Federal Regulations (C.F.R.) § 424.57(c).~~

(3) ~~Complex Rehabilitation Technology~~ rehabilitation technology (CRT) suppliers are considered ~~DME-POS/DME~~ providers. Only CRT suppliers may bill CRT procedure codes. A CRT supplier means a company or entity that:

- (A) Is accredited by a recognized accrediting organization as a supplier of CRT;
- (B) Is an enrolled Medicare supplier and meets the supplier and quality standards established for DME suppliers, including those for CRT, under the Medicare program;
- (C) Employs as a W-2 employee at least one (1) qualified CRT professional, also known as assistive technology professional, for each location to:
  - (i) Analyze the needs and capacities of complex-needs patients in consultation with qualified health care professionals;
  - (ii) Participate in selecting appropriate CRT items for such needs and capacities; and
  - (iii) Provide the complex-needs patient technology related training in the proper use and maintenance of the CRT items.
- (D) Requires a qualified CRT professional be physically present for the evaluation and determination of the appropriate CRT;
- (E) Has the capability to provide service and repair by qualified technicians for all CRT items it sells; and
- (F) Provides written information to the complex-needs patient prior to ordering CRT as to how to access service and repair.

### 317:30-5-210.1. Coverage for adults

~~Coverage of durable medical equipment, prosthetics, orthotics, and supplies (DMEPOS) for adults is specified in OAC 317:30-5-211.1 through OAC 317:30-5-211.18. Coverage of medical supplies, equipment, and appliances for adults complies with 42 Code of Federal Regulations (C.F.R.) § 440.70 and is specified in Oklahoma Administrative Code (OAC) 317:30-5-211.1 through OAC 317:30-5-211.19.~~

### 317:30-5-210.2. Coverage for children

(a) **Coverage.** ~~Coverage of durable medical equipment, prosthetics, orthotics, and supplies (DMEPOS) for children includes the specified coverage for adults found in OAC 317:30-5-211.1 through OAC 317:30-5-211.18. In addition~~

~~the following are covered items for children only: Medical supplies, equipment, and appliances are covered for children.~~

- ~~(1) Orthotics and prosthetics.~~
- ~~(2) Enteral nutrition is considered medically necessary for certain conditions in which, without the products, the member's condition would deteriorate to the point of severe malnutrition.~~

~~(A) Enteral nutrition must be prior authorized. PA requests must include:~~

- ~~(i) the member's diagnosis;~~
- ~~(ii) the impairment that prevents adequate nutrition by conventional means;~~
- ~~(iii) the member's weight history before initiating enteral nutrition that demonstrates oral intake without enteral nutrition is inadequate;~~
- ~~(iv) the percentage of the member's average daily nutrition taken by mouth and by tube; and~~
- ~~(v) prescribed daily caloric intake.~~

~~(B) Enteral nutrition products that are administered orally and related supplies are not covered.~~

- ~~(3) Continuous positive airway pressure devices (CPAP).~~

~~(b) **EPSDT/Early and Periodic Screening, Diagnostic and Treatment (EPSDT) Services.** Services deemed medically necessary and allowable under federal regulations may be covered by the EPSDT Child Health program even though those services may not be part of the SoonerCare program. These services must be prior authorized. EPSDT services, supplies, or equipment that are determined to be medically necessary for a child, and which are included within the categories of mandatory and optional services in Section 1905(a) of Title XIX, are covered regardless of whether such services, supplies, or equipment are listed as covered in the Oklahoma Medicaid State Plan.~~

~~(c) **Medical necessity.** Federal regulations require OHCA/the Oklahoma Health Care Authority (OHCA) to make the determination as to whether the service is medically necessary and do not require the provision of any items or services that the State determines are not safe and effective or that are considered experimental. For more information regarding clinical trials, see Oklahoma Administrative Code 317:30-3-57.1.~~

**317:30-5-211.1. Definitions**

The following words and terms, when used in this Part, have the following meaning, unless the context clearly indicates otherwise.

"Activities of daily living-basic" means a series of activities performed on a day-to-day basis that are necessary to care for oneself (e.g., personal hygiene, dressing, eating, maintaining continence and transferring).

"Activities of daily living-instrumental" means activities that are not necessarily required on a daily basis but are important to being able to live independently (e.g., basic communication skills, transportation, meal preparation, shopping, housework, managing medication and managing personal finances).

"Adaptive equipment" means devices, aids, controls, appliances or supplies of either a communication or adaptive type, determined necessary to enable the person to increase his or her ability to function in a home and community based setting or private Intermediate Care Facilities for Individuals with Intellectual Disabilities (IFC/IID) with independence and safety.

"Basic activities of daily living" means a series of activities performed on a day to day basis that are necessary to care for oneself (e.g., personal hygiene, dressing, eating, maintaining continence and transferring).

"Capped rental" means monthly payments for the use of the Durable Medical Equipment (DME) medical supplies, equipment, and appliances for a limited period of time not to exceed 13thirteen (13) months. Items are considered purchased and owned by the Oklahoma Health Care Authority (OHCA) after 13thirteen (13) months of continuous rental.

"Certificate of medical necessity (CMN)" means a certificate which is required to help document the medical necessity and other coverage criteria for selected items. Those items are defined in this Chapter. The physician's certification CMN must include the member's diagnosis, the reason the equipment is required, and the physician's, non-physician provider's (NPP's), or dentist's estimate, in months, of the duration of its need.

"Complex needs patient" means an individual with a diagnosis or medical condition that results in significant physical or functional needs and capacities.

"Complex rehabilitation technology" means medically necessary durable medical equipment and items that are individually configured to meet specific and unique medical, physical, and functional needs and capacities for basic activities of daily living and instrumental activities of daily living of a complex needs patient member with complex needs. Such equipment and items include, but are not limited to, individually configured power wheelchairs and accessories, individually configured manual wheelchairs and accessories, adaptive seating and positioning systems and accessories, and other specialized equipment such as standing frames and gait trainers.

"Customized DMEequipment and/or appliances" means items of DMEequipment and/or appliances which have been uniquely constructed or substantially modified for a specific member according to the description and orders of the member's treating physician or other qualified medical professional. For instance, a wheelchair would be considered "customized" if it has been:

~~(A) measuredMeasured, fitted, or adapted in consideration of the member's body size, disability, period of need, or intended use;~~

~~(B) assembledAssembled by a supplier or ordered from a manufacturer who makes available customized features, modifications, or components for wheelchairs; and~~

~~(C) intendedIntended for an individual member's use in accordance with instructions from the member's physician.~~

## Permanent Final Adoptions

**"Durable medical equipment (DME) Equipment and/or appliances"** means ~~equipment that can withstand repeated use (e.g., a type of item that could normally be rented), is used to serve a medical purpose, is not useful to a person in the absence of an illness or injury, and is used in the most appropriate setting, including the home or workplace items that are primarily and customarily used to serve a medical purpose, generally are not useful to an individual in the absence of a disability, illness or injury, can withstand repeated use, can be reusable or removable, and are suitable for use in any setting in which normal life activities take place other than a hospital, long-term care facility, intermediate care facility for individuals with intellectual disabilities, or any setting in which payment is or could be made under Medicaid for inpatient services that include room and board. Refer to 42 Code of Federal Regulations (C.F.R.) 440.70(b).~~

**"Face-to-face encounter"** means a patient visit in which a practitioner, as defined by 42 C.F.R. 440.70(f), completes a face-to-face assessment related to the primary reason the beneficiary requires durable medical equipment. The face-to-face encounter must occur no more than six (6) months prior to the start of services. The ordering physician must document the face-to-face encounter, including the practitioner who conducted the encounter and the date of the encounter. Clinical findings must be incorporated into a written or electronic document included in the beneficiary's medical record. The face-to-face encounter may occur through telehealth.

**"Instrumental activities of daily living"** means activities that are not necessarily required on a daily basis, but are important to being able to live independently (e.g., basic communication skills, transportation, meal preparation, shopping, housework, managing medication and managing personal finances).

**"Invoice"** means a document that provides the following information when applicable: the description of product, quantity, quantity in box, purchase price, NDC, strength, dosage, provider, seller's name and address, purchaser's name and address, and date of purchase. At times, visit notes will be required to determine how much of the supply was expended. When possible, the provider should identify the SoonerCare member receiving the equipment or supply on the invoice.

**"Medical supplies"** means ~~an article used in the cure, mitigation, treatment, prevention, or diagnosis of illnesses. Disposable medical supplies are medical supplies consumed in a single usage and do not include skin care creams or cleansers, health care related items that are consumable or disposable, or cannot withstand repeated use by more than one (1) individual, that are required to address an individual medical disability, illness, or injury. Medical supplies do not include skin care creams, cleansers, surgical supplies, or medical or surgical equipment.~~

**"OHCA CMN"** means a certificate required to help document the medical necessity and other coverage criteria for selected items. Those items are defined in this ~~chapter~~ Chapter. The ~~physician's certification~~ CMN must include the member's diagnosis, the reason equipment is required, and the physician's, NPP's, or dentist's estimate, in months, of the duration

of its need. This certificate is used when the OHCA requires a CMN and one (1) has not been established by CMS.

**"Orthotics"** means ~~an item used for the correction or prevention of skeletal deformities; a device used to support, align, prevent or correct deformities, protect a body function, improve the function of movable body parts or to assist a dysfunctional joint.~~

**"Patient with complex needs"** means an individual with a diagnosis or medical condition that results in significant loss of physical or functional needs and capacities.

**"Prosthetic devices"** **"Prosthetics"** means a ~~replacement, corrective, or supportive device (including repair and replacement parts of the same) worn on or in the body to artificially replace a missing portion of the body, prevent or correct physical deformity or malfunction, or support a weak or deformed portion of the body an artificial substitute which replaces all or part of a body organ or replaces all or part of the function of a permanently inoperative, absent, or malfunctioning body part.~~

**"Provider"** refers to the treating provider and must be a physician [Medical Doctor (MD), or Doctor of Osteopathy, (DO)], a NPP [Physician Assistant (PA), or Advanced Practice Registered Nurse (APRN)], or a dentist [Doctor of Dental Surgery (DDS), or Doctor of Medicine in Dentistry (DMD)].

**"Qualified complex rehabilitation technology professional"** means an individual who is certified as an Assistive Technology Professional (ATP) by the Rehabilitation Engineering and Assistive Technology Society of North America (RESNA).

### 317:30-5-211.2. Medical necessity

(a) **Coverage.** Coverage is subject to the requirement that the equipment be necessary and reasonable for the treatment of an illness or injury, or to improve the functioning of a malformed body member, in accordance with state and federal Medicaid law, including, but not limited to, Oklahoma Administrative Code (OAC) 317:30-3-1(f). The member's diagnosis must warrant the type of equipment or supply being purchased or rented. Items that are used for the following are not a benefit to a member of any age:

- (1) Routine personal hygiene;
- (2) Education;
- (3) Exercise;
- (4) Convenience, safety, or restraint of the member, or his or her family or caregiver;
- (5) Participation in sports; and/or
- (6) Cosmetic purposes.

(b) **Ordering requirements.** All medical supplies, equipment, and appliances as defined by 42 Code of Federal Regulations (C.F.R.) § 440.70 (b)(3) and OAC 317:30-5-211.1, nursing services, and home health aide services provided by a home health agency, must be ordered by a physician, nurse practitioner, clinical nurse specialist or physician assistant, working in accordance with State law, as part of a written plan of care.

- (1) The plan of care must be reviewed in accordance with 42 C.F.R. § 440.70. Medical supplies, equipment, and appliances must be reviewed annually by the ordering provider. Nursing services and home health aide services

provided by a home health agency must be reviewed every sixty (60) days by the ordering provider.

(2) A face-to-face encounter must occur and be documented, in accordance with 42 C.F.R. § 440.70 and OAC 317:30-5-211.1.

(bc) **Prescription requirements.** All ~~DME~~ medical supplies, equipment, and appliances, as those terms are defined by 42 C.F.R. § 440.120 and OAC 317:30-5-211.1, except for hearing aid batteries and equipment repairs with a cost per item of less than ~~\$250.00~~ \$1,000.00 total parts and labor and hearing aid batteries, require a prescription signed by a physician, a physician assistant, or an advanced practice registered nurse. Except as otherwise stated in state or federal law, the prescription must be in writing, or given orally and later reduced to writing by the provider filling the order. Prescriptions are valid for no more than one (1) year from the date written. The prescription must include the following information:

- (1) ~~date of the order;~~
- (2) ~~name and address of the prescriber;~~
- (3) ~~name and address of the member;~~
- (4) ~~name or description and quantity of the prescribed item;~~
- (5) ~~diagnosis for the item requested;~~
- (6) ~~directions for use of the prescribed item; and~~
- (7) ~~prescriber's signature.~~

- (1) The member's name;
- (2) The prescribing practitioner's name;
- (3) The date of the prescription;
- (4) All items, options, or additional features that are separately billed. The description can be either a narrative description (e.g., lightweight wheelchair base), a Healthcare Common Procedure Coding System (HCPCS) code, a HCPCS code narrative, or a brand name/model number; and
- (5) The prescribing practitioner's signature and signature date.

(ed) **Certificate of medical necessity (CMN).** For certain items or services, the supplier must receive a signed CMN/OHCA CMN from the treating physician, non-physician practitioner, or dentist. The supplier must have a signed CMN/OHCA CMN in their records before they submit a claim for payment. The CMN/OHCA CMN may be ~~faxed, copied~~ faxed copy, electronic copy, or the original hardcopy.

(de) **Place of service.**

- (1) ~~OHCA covers DMEPOS for use in the member's place of residence except if the member's place of residence is a nursing facility.~~ The Oklahoma Health Care Authority (OHCA) covers medical supplies, equipment, and appliances for use in the member's place of residence and in any setting in which normal life activities take place except for a hospital, long-term care facility, intermediate care facility for individuals with intellectual disabilities, or any other setting in which payment is or could be made under Medicaid for inpatient services that include room and board.
- (2) ~~For members residing in a nursing facility, most medical supplies and/or DME are considered part of the~~

~~facility's per diem rate. Refer to coverage for nursing facility residents at OAC 317:30-5-211.16.~~ For members residing in a hospital, long-term care facility, intermediate care facility for individuals with intellectual disabilities, or any other setting in which payment is or could be made under Medicaid for inpatient services that include room and board, medical supplies, equipment, and appliances are considered part of the facility's per diem rate.

(f) **Contracting requirements.** Per 42 C.F.R. 455.410(b), medical supplies, equipment, and appliances may only be ordered or prescribed by a SoonerCare contracted provider.

**317:30-5-211.3. Prior authorization (PA)**

(a) **General.** ~~Prior authorization~~ PA is the electronic or written authorization issued by ~~OHCA~~ the Oklahoma Health Care Authority (OHCA) to a provider prior to the provision of a service. Providers should obtain a PA before providing services.

(b) **Requirements.** Billing must follow correct coding guidelines as promulgated by ~~CMS~~ the Centers for Medicare and Medicaid Services (CMS) or per uniquely and publicly promulgated OHCA guidelines. ~~DME~~ Medical supplies, equipment, and appliances claims must include the most appropriate ~~HCPCS~~ Healthcare Common Procedure Coding System (HCPCS) code as assigned by the Medicare Pricing, Data, Analysis, and Coding (PDAC) or its successor. Authorizations for services not properly coded will be denied. ~~The following services require prior authorization (PA):~~ The following services require PA:

- (1) ~~services~~ Services that exceed quantity/frequency limits;
- (2) ~~medical~~ Medical need for an item that is beyond OHCA's standards of coverage;
- (3) ~~use~~ Use of a Not Otherwise Classified (NOC) code or miscellaneous codes;
- (4) ~~services~~ Services for which a less costly alternative may exist; and
- (5) ~~procedures~~ Procedures indicating that a PA is required on the OHCA fee schedule.

(c) **Prior authorization PA requests.** ~~Refer to OAC 317:30-5-216.~~

(1) **PA requirements.** Requirements vary for different types of services. Providers should refer to the service-specific sections of policy or the OHCA website for services requiring a PA. Also refer to OAC 317:30-3-31.

(A) **Required forms.** All required forms are available on the OHCA website.

(B) **Certificate of medical necessity (CMN).** The prescribing physician, non-physician practitioner (NPP), or dentist must complete the medical necessity section of the CMN. This section cannot be completed by the supplier. The medical necessity section can be completed by any health care clinician; however, only the member's physician, NPP, or dentist may sign the CMN. By signing the CMN, the physician, NPP, or dentist is validating the completeness and accuracy of the medical necessity section. The member's medical records must contain documentation substantiating that the member's

## Permanent Final Adoptions

condition meets the coverage criteria and the answers given in the medical necessity section of the CMN. These records may be requested by OHCA or its representatives to confirm concurrence between the medical records and the information submitted with the PA request.

(2) **Submitting PA requests.** Contact information for submitting PA requests may be found in the OHCA Provider Billing and Procedures Manual. An electronic version of this manual is located on the OHCA website.

(3) **PA review.** Upon verifying the completeness and accuracy of clerical items, the PA request is reviewed by OHCA staff to evaluate whether or not each service being requested meets SoonerCare's definition of "medical necessity" [see OAC 317:30-3-1 (f)] as well as other criteria.

(4) **PA decisions.** After the PA request is processed, a notice will be issued regarding the outcome of the review.

(5) **PA does not guarantee reimbursement.** Provider status, member eligibility, and medical status on the date of service, as well as all other SoonerCare requirements, must be met before the claim is reimbursed.

(6) **PA of manually-priced items.** Manually-priced items must be prior authorized. For reimbursement of manually priced items, see OAC 317:30-5-218.

### 317:30-5-211.5. Repairs, maintenance, replacement and delivery

(a) **Repairs.** Repairs to equipment that either the Oklahoma Health Care Authority (OHCA) or a member owns are covered when they are necessary to make the equipment usable. The repair charge includes the use of "loaner" equipment as required. If the expense for repairs exceeds the estimated expense of purchasing or renting another item of equipment for the remaining period of medical need, payment cannot be made for the amount in excess. Repairs of rented equipment are not covered.

(b) **Maintenance.** Routine periodic servicing, such as testing, cleaning, regulating, and checking the member's equipment is considered maintenance and not a separate covered service. ~~DMEPOS~~ DME suppliers must provide equipment-related services consistent with the manufacturer's specifications and in accordance with all federal, state, and local laws and regulations. Equipment-related services may include, but are not limited to, checking oxygen system purity levels and flow rates, changing and cleaning filters, and assuring the integrity of equipment alarms and back-up systems. However, more extensive maintenance, as recommended by the manufacturer and performed by authorized technicians, is considered repairs. This may include breaking down sealed components and performing tests that require specialized testing equipment not available to the member. The supplier of a capped rental item that supplied the item the ~~13<sup>th</sup>~~ thirteenth (13<sup>th</sup>) month must provide maintenance and service for the item. In very rare circumstances of malicious damage, culpable neglect, or wrongful disposition, the supplier may document the circumstances and be relieved of the obligation to provide maintenance and service.

(c) **Replacement.**

(1) ~~If a capped rental item of equipment has been in continuous use~~ If equipment that has met the capped rental period and has been in continued use by the member for the equipment's useful life or if the item is irreparably damaged, lost, or stolen, a prior authorization must be submitted to obtain new equipment. The reasonable useful lifetime for capped rental equipment cannot be less than five (5) years. Useful life is determined by the delivery of the equipment to the member, not the age of the equipment.

(2) Replacement parts must be billed with the appropriate ~~HCPCS~~ Healthcare Common Procedure Coding System (HCPCS) code that represents the item or part being ~~replaced~~ replaced along with a pricing modifier and replacement modifier. If a part that has not been assigned a HCPCS code is being replaced, the provider should use a miscellaneous HCPCS code to bill each part. Each claim that contains miscellaneous codes for replacement parts must include a narrative description of the item, the brand name, model name/number of the item, and an invoice.

(d) **Delivery.** ~~DMEPOS~~ Medical supplies, equipment, and appliance products are set with usual maximum quantities and frequency limits. Suppliers are not expected to provide these amounts routinely, nor are members required to accept ~~DMEPOS~~ medical supplies, equipment, and appliance products at frequencies or in quantities that exceed the amount the member would typically use. Suppliers must not dispense a quantity of any ~~DMEPOS~~ medical supplies, equipment, and appliance product exceeding a member's expected utilization. The reordering or refilling of ~~DMEPOS~~ medical supplies, equipment, and appliance products should always be based on actual member usage. Suppliers should stay attuned to atypical utilization patterns on behalf of their members and verify with the ordering physician that the atypical utilization is warranted. Suppliers must exercise the following guidelines in regard to the delivery of ~~DMEPOS~~ medical supplies, equipment, and appliance products:

(1) For ~~DMEPOS~~ medical supplies, equipment, and appliance products that are supplied as refills to the original order, suppliers must contact the member prior to dispensing the refill. This shall be done to ensure that the refilled item is necessary and to confirm any changes/modifications to the order. Contact with the member regarding refills should take place no sooner than ~~seven (7)~~ five (5) days prior to the delivery/shipping date. For subsequent deliveries of refills, the supplier must deliver the ~~DMEPOS~~ medical supplies, equipment, and appliance product no sooner than ~~five (5)~~ five (5) days prior to the end of the usage for the current product. This is regardless of which delivery method is utilized. A member must specifically request the refill before a supplier dispenses the product. Suppliers must not automatically dispense a quantity of supplies on a predetermined basis, even if the member has authorized this in advance. The supplier must have member contact documentation on file to substantiate that the ~~DMEPOS~~ medical supplies, equipment, and appliance product was refilled in accordance with this section.

(2) For ~~DMEPOS~~ medical supplies, equipment, and appliance products that are supplied via mail order, suppliers must bill using the appropriate modifier which indicates that the ~~DMEPOS~~ medical supplies, equipment, and appliance product was delivered via the mail. Reimbursement for ~~DMEPOS~~ medical supplies, equipment, and appliance products supplied and delivered via mail may be at a reduced rate.

(3) For ~~DMEPOS~~ medical supplies, equipment, and appliance products that are covered in the scope of the Soon-erCare program, the cost of delivery is always included in the rate for the covered item(s).

**317:30-5-211.6. General documentation requirements**

(a) Section 1833(e) of the Social Security Act precludes payment to any provider of service unless "there has been furnished such information as may be necessary in order to determine the amounts due such provider" [42 U.S.S. Section 13951(e)] [42 United States Code (U.S.C.) Section 13951(e)]. The member's medical records will reflect the need for the care provided. The member's medical records should include the physician's office records, hospital records, nursing home records, home health agency records, records from other health care professionals and test reports. This documentation must be provided for prior authorization requests and available to the OHCA Oklahoma Health Care Authority (OHCA) or its designated agent upon request.

(b) Payment is made for durable medical equipment as set forth in this section when a face-to-face encounter has occurred in accordance with provisions of 42 Code of Federal Regulations (C.F.R.) § 440.70 and Oklahoma Administrative Code (OAC) 317:30-5-211.1.

**317:30-5-211.9. Adaptive equipment [REVOKED]**

(a) ~~**Residents of ICF/IID facilities.** Payment is made for customized adaptive equipment for persons residing in private Intermediate Care Facilities for Individuals with Intellectual Disabilities (ICF/IID). This means customized equipment or devices to assist in ambulation. Standard wheelchairs, walkers, eyeglasses, etc., would not be considered customized adaptive equipment. All customized adaptive equipment must be prescribed by a physician and requires prior authorization.~~

(b) ~~**Members in home and community based waivers.** Refer to OAC 317:40-5-100.~~

**317:30-5-211.10. Durable medical equipment**

**(DME) Medical supplies, equipment, and appliances**

(a) ~~**DME** Medical supplies, equipment, and appliances. DME includes, but is not limited to: medical supplies, orthotics and prosthetics, custom braces, therapeutic lenses, respiratory equipment, and other qualifying items when acquired from a contracted DME provider. See the definition for medical supplies, equipment, and appliances at Oklahoma Administrative Code (OAC) 317:30-5-211.1.~~

(b) ~~**Certificate of medical necessity (CMN).** Certain items of DME medical supplies, equipment, and appliances require~~

a CMN/OHCA CMN which should be submitted with the request for prior authorization. These items include, but are not limited to:

- ~~(1) hospital beds;~~
- ~~(2) support surfaces;~~
- ~~(3) patient lift devices;~~
- ~~(4) external infusions pumps;~~
- ~~(5) enteral and parenteral nutrition;~~
- ~~(6) Oxygen and oxygen related products; and~~
- ~~(7) pneumatic compression devices.~~
- (1) External infusion pumps;
- (2) Hospital beds;
- (3) Oxygen and oxygen related products;
- (4) Pneumatic compression devices;
- (5) Support surfaces;
- (6) Enteral and parenteral nutrition; and
- (7) Osteogenesis stimulator.

(c) ~~**Prior authorization. Rental.** Several medical supplies, equipment, and appliance products are classified as either a capped rental or a continuous rental. Payment for a capped rental is capped at thirteen (13) months and a continuous rental is paid monthly for as long as it is medically necessary. Both require documentation showing that the product is medically necessary.~~

~~(1) **Rental.** Rental of hospital beds, support surfaces, oxygen and oxygen related products, continuous positive airway pressure devices (CPAP and BiPAP), pneumatic compression devices, and lifts require prior authorization and, except for CPAP and BiPAP devices, a completed CMN/OHCA CMN; medical necessity must be documented in the member's medical record, signed by the physician, and attached to the PA.~~

~~(2) **Purchase.** Equipment may be purchased when a member requires the equipment for an extended period of time. During the prior authorization review, the OHCA may change the authorization from a rental to a purchase or a purchase to a rental based on the documentation submitted. The provider must indicate whether the DME item provided is new or used.~~

(d) ~~**Purchase.** Medical supplies, equipment, and appliances may be purchased when a member requires the product for an extended period of time. During the prior authorization review, the Oklahoma Health Care Authority (OHCA) may change the authorization from a rental to a purchase or a purchase to a rental based on the documentation submitted.~~

~~(de) **Backup equipment.** Backup equipment is considered part of the rental cost and is not a covered service without prior authorization.~~

~~(ef) **Home modification.** Equipment used for home modification is not a covered service. Home modifications that require permanent installation are not covered services as they are not removable and therefore do not meet the definition of medical supplies, equipment, and appliances per 42 Code of Federal Regulations (C.F.R.) § 440.70. Refer to Title 317, Chapters 40 and 50 for home modifications covered under Home and Community Based Services Waivers, including the ADvantage Waiver.~~

## Permanent Final Adoptions

### 317:30-5-211.12. Oxygen rental

A monthly rental payment is made for rental of liquid oxygen systems, gaseous oxygen systems and oxygen concentrators. The rental payment for a stationary system includes all contents and supplies, such as, regulators, tubing, masks, etc., that are medically necessary. An additional monthly payment may be made for a portable liquid or gaseous oxygen system based on medical necessity.

(1) Stationary oxygen systems and portable oxygen systems are covered items for members residing in their home ~~or in a nursing facility~~ and in any setting in which normal life activities take place except for a hospital, long-term care facility, intermediate care facility for individuals with intellectual disabilities, or any other setting in which payment is or could be made under Medicaid for inpatient services that include room and board.

(2) For members who meet medical necessity criteria, SoonerCare covers portable liquid or gaseous oxygen systems. ~~Portable oxygen contents are not covered for adults.~~ Payment for both oxygen contents used with stationary oxygen equipment and oxygen contents used with portable oxygen equipment is included in the monthly payments for oxygen and oxygen equipment. The need for a portable oxygen system must be stated on the CMN. A portable system that is used as a backup system only is not a covered item.

(3) When four (4) or more liters of oxygen are medically necessary, an additional payment will be paid up to ~~150%~~ one hundred and fifty percent (150%) of the allowable for a stationary system when billed with the appropriate modifier.

### 317:30-5-211.13. ~~Prosthetics and orthotics~~ Orthotics and prosthetics

(a) Coverage of prosthetics for adults non-expansion adults is limited to (1) home dialysis equipment and supplies, (2) nerve stimulators, (3) external breast prosthesis and support accessories, and (4) implantable devices inserted during the course of a surgical procedure. Prosthetics prescribed by an appropriate medical qualified provider and as specified in this section are covered items for adults non-expansion adults. There is no coverage of orthotics for adults non-expansion adults.

(1) **Home dialysis.** Equipment and supplies are covered items for members receiving home dialysis treatments only.

(2) **Nerve stimulators.** Payment is made for transcutaneous nerve stimulators, implanted peripheral nerve stimulators, and neuromuscular stimulators.

(3) **Breast prosthesis, bras, and prosthetic garments.** (A) Payment is limited to:

(i) ~~one~~ One (1) prosthetic garment with mastectomy form every ~~12~~ twelve (12) months for use in the postoperative period prior to a permanent breast prosthesis or as an alternative to a mastectomy bra and breast prosthesis;

(ii) ~~two~~ Two (2) mastectomy bras per year; and

(iii) ~~one~~ One (1) silicone or equal breast prosthetic per side every ~~24~~ twenty-four (24) months; or

(iv) ~~one~~ One (1) foam prosthetic per side every six (6) months.

(B) Payment will not be made for both a silicone and a foam prosthetic in the same ~~12~~ twelve (12) month period.

(C) Breast prostheses, bras, and prosthetic garments must be purchased from a Board Certified Mastectomy Fitter.

(D) A breast prosthesis can be replaced if:

(i) ~~lost~~ Lost;

(ii) ~~irreparably~~ Irreparable damaged (other than ordinary wear and tear); or

(iii) ~~the~~ The member's medical condition necessitates a different type of item and the physician provides a new prescription explaining the need for a different type of prosthesis.

(E) External breast prostheses are not covered after breast reconstruction is performed except in instances where a woman with breast cancer receives reconstructive surgery following a mastectomy, but the breast implant fails or ruptures and circumstances are such that an implant replacement is not recommended by the surgeon and/or desired by the member.

(4) **Prosthetic devices inserted during surgery.** Separate payment is made for prosthetic devices inserted during the course of surgery when the prosthetic devices are not integral to the procedure and are not included in the reimbursement for the procedure itself.

(b) Orthotics and prosthetics are covered for expansion adults services when:

(1) Orthotics are medically necessary when required to correct or prevent skeletal deformities, to support or align movable body parts, or to preserve or improve physical function.

(2) Prosthetics are medically necessary as a replacement for all or part of the function of a permanently inoperative, absent, or malfunctioning body part. The member shall require the prosthesis for mobility, daily care, or rehabilitation purposes.

(3) In addition, orthotics and prosthetics must be:

(A) A reasonable and medically necessary part of the member's treatment plan;

(B) Consistent with the member's diagnosis and medical condition, particularly the functional limitations and symptoms exhibited by the member; and

(C) Of high quality, with replacement parts available and obtainable.

(c) Refer to Oklahoma Administrative Code (OAC) 317:30-5-211.1 for definitions of orthotics and prosthetics.

### 317:30-5-211.14. Nutritional support

(a) Enteral nutrition. Enteral nutrition administered only via gravity, syringe, or pump is covered for children and adults at home. Refer to pharmacy policy related to coverage of food supplements at Oklahoma Administrative Code (OAC)

317:30-5-72.1(2)(C). For enteral nutrition authorization guidelines, see OAC 317:30-5-211.20.

(#b) **Parenteral nutrition.** The member must require intravenous feedings to maintain weight and strength commensurate with the member's overall health status. Adequate nutrition must not be possible by dietary adjustment and/or oral supplements.

(1) The member must have a permanent impairment. Permanence does not require a determination that there is no possibility that the member's condition may improve sometime in the future. If the judgment of the attending physician, substantiated in the medical record, is that the condition is of long and indefinite duration (ordinarily at least three (3) months), the test of permanence is met. Parenteral nutrition will be denied as a non-covered service in situations involving temporary impairments.

(2) The member must have a condition involving the small intestine, exocrine glands, or other conditions that significantly impair the absorption of nutrients. Coverage is also provided for a disease of the stomach and/or intestine that is a motility disorder and impairs the ability of nutrients to be transported through the GI system, and other conditions as deemed medically necessary. There must be objective medical evidence supporting the clinical diagnosis.

(3) Re-certification of parenteral nutrition will be required as medically necessary and determined by the ~~OHCA~~Oklahoma Health Care Authority (OHCA) medical staff.

(c) **Long-term care facility enteral and parenteral nutrition.** Enteral and parenteral nutrition products supplied to long-term care facility residents are included in the long-term care facility per diem rate.

(bd) **Prior authorization Claim submission requirements.** A written signed and dated order must be received by the supplier before a claim is submitted to the OHCA. If the supplier bills an item addressed in this policy without first receiving the completed order, the item will be denied as not medically necessary. The ordering physician is expected to see the member within ~~30~~thirty (30) days prior to the initial certification or required re-certification. If the physician does not see the member within this time frame, the physician must document the reason why and describe what other monitoring methods were used to evaluate the member's parenteral nutrition needs.

(e) **Enteral formulas.** ~~Enteral formulas are covered for children only. See OAC 317:30-5-210.2.~~

**317:30-5-211.15. Supplies**~~Medical Supplies~~

The ~~OHCA~~Oklahoma Health Care Authority (OHCA) provides coverage for medically necessary supplies that are prescribed by the appropriate medical provider and meet the ~~special requirements below:~~member's specific needs. Medical supplies include, but are not limited to, IV therapy supplies, diabetic supplies, catheters, colostomy and urostomy supplies, and incontinence supplies.

(1) ~~Intravenous therapy.~~ Supplies for intravenous therapy are covered items. Drugs for IV therapy are

~~covered items only as specified by the Vendor Drug program.~~

(2) **Diabetic supplies.** ~~Glucose test strips and lancets are covered when medically necessary and prescribed by a physician, physician assistant, or an advanced practice nurse. Testing supplies may be limited based on insulin use or type of diabetes. Prior authorization may be required for supplies beyond the standard allowance.~~

(3) **Catheters.** ~~Permanent indwelling catheters, male external catheters, drain bags and irrigation trays are covered items. Single use self catheters when the member has a history of urinary tract infections is a covered item. The prescription from the attending physician must indicate such documentation is available in the member's medical record.~~

(4) **Colostomy and urostomy supplies.** ~~Colostomy and urostomy bags and accessories are covered items.~~

**317:30-5-211.16. Coverage for nursing long-term care facility residents**

(a) For residents in a ~~nursing long-term care facility, most DMEPOS medical supplies, equipment and appliances are considered part of included in the facility's per diem rate. Orthotics and prosthetics are paid separately from the per diem rate in accordance with the Oklahoma Medicaid State Plan. Refer to Oklahoma Administrative Code (OAC) 317:30-5-211.13 for orthotics and prosthetics coverage. The following are not included in the per diem rate and may be billed by the appropriate medical supplier:~~

- (1) ~~Services requiring prior authorization:~~
  - (A) ~~ventilators and supplies;~~
  - (B) ~~total parenteral nutrition (TPN), and supplies;~~
  - (C) ~~custom seating for wheelchairs; and~~
  - (D) ~~external breast prosthesis and support accessories.~~
- (2) ~~Services not requiring prior authorization:~~
  - (A) ~~permanent indwelling or male external catheters and catheter accessories;~~
  - (B) ~~colostomy and urostomy supplies;~~
  - (C) ~~tracheostomy supplies;~~
  - (D) ~~catheters and catheter accessories;~~
  - (E) ~~oxygen and oxygen concentrators.~~

(i) **PRN oxygen.** ~~Members in nursing facilities requiring oxygen PRN will be serviced by oxygen kept on hand as part of the per diem rate.~~

(ii) **Billing for Medicare eligible nursing home members.** ~~Oxygen supplied to Medicare eligible nursing home members may be billed directly to OHCA. It is not necessary to obtain a denial from Medicare prior to filing the claim with OHCA.~~

(b) ~~Items not covered include but are not limited to:~~

- (1) ~~diapers;~~
- (2) ~~underpads;~~
- (3) ~~medicine cups;~~
- (4) ~~eating utensils; and~~
- (5) ~~personal comfort items.~~

## Permanent Final Adoptions

### 317:30-5-211.17. Wheelchairs

(a) **Definitions.** The following words and terms, when used in this Section, have the following meaning, unless the context clearly indicates otherwise.

(1) **"Assistive technology professional" or "ATP"** means a for-service provider who is involved in analysis of the needs and training of a consumer in the use of a particular assistive technology device or is involved in the sale and service of rehabilitation equipment or commercially available assistive technology products and devices. All ATPs are required to be credentialed by Rehabilitation Engineering and Assistive Technology Society of North America (RESNA).

(2) **"Custom seating system"** means a wheelchair seating system which is individually made for a member using a plaster model of the member, a ~~computer-generated~~ computer-generated model of the member (e.g., CAD-CAM technology), or the detailed measurements of the member to create either:

(A) ~~a~~ A molded, contoured, or carved (foam or other suitable material) custom-fabricated seating system that is incorporated into the wheelchair base; or

(B) ~~a~~ A custom seating system made from multiple pre-fabricated components or a combination of custom fabricated materials and pre-fabricated components which have been configured and attached to the wheelchair base or incorporated into a wheelchair seat and/or back in a manner that the wheelchair could not be easily re-adapted for use by another individual.

~~(3) "RESNA" means the Rehabilitation Engineering and Assistive Technology Society of North America.~~

~~(4) "Specialty evaluation" means the determination and documentation of the consumer's pathology, history and prognosis, and the physiological, functional, and environmental factors that impact the selection of an appropriate wheeled mobility system.~~

(b) **Medical Necessity.** Medical necessity, pursuant to OAC Oklahoma Administrative Code (OAC) 317:30-5-211.2, is required for a wheelchair to be covered and reimbursed by SoonerCare. Only one (1) wheelchair is covered as medically necessary during its reasonable useful lifetime, unless the member's documented medical condition indicates the current wheelchair no longer meets the member's medical need. Backup wheelchairs are not covered items.

(c) **Prior authorization.** Prior authorization, pursuant to OAC 317:30-5-211.3, is required for selected wheelchairs to be covered and reimbursed by SoonerCare. All prior authorization requests for the purchase of a wheelchair must indicate the length of the warranty period and what is covered under the warranty.

(1) Wheelchairs, wheelchair parts and accessories, and wheelchair modifications that are beneficial primarily in allowing the member to perform leisure or recreational activities are not considered medically necessary and will not be authorized.

(2) Wheelchair parts, accessories, and/or modifications that are distinctly and separately requested and

priced from the original wheelchair request may require prior authorization.

(3) ~~The OHCA~~ Oklahoma Health Care Authority will deny prior authorization requests when the required forms have not been fully completed or the member's medical record does not provide sufficient information to establish medical necessity or to determine that the criteria for coverage has been met.

(d) **Coverage and limitations.**

~~(1) For a member who resides in a personal residence, assisted living facility, Intermediate Care Facility for Individuals with Intellectual Disabilities (ICF/IID), or long term care facility, the following criteria must be met for the authorization to purchase a wheelchair:~~

~~(A) The member must have a prescription signed by a physician, a physician assistant, or an advanced registered nurse practitioner.~~

~~(B) The member must meet the requirements for medical necessity as determined and approved by the OHCA.~~

~~(C) The member must either have:~~

~~(i) a specialty evaluation that was performed by a licensed or certified medical professional, such as a physical therapist, occupational therapist, or a physician who has specific training and experience in rehabilitation wheelchair evaluations, and that documents the medical necessity for the wheelchair and its special features; or~~

~~(ii) a wheelchair provided by a supplier that employs a RESNA certified assistive technology professional who specializes in wheelchairs and who has direct, in person involvement in the wheelchair selection for the member.~~

~~(2) For members who reside in a long term care facility or ICF/IID, only custom seating systems for wheelchairs are eligible for direct reimbursement to DME providers. For members who reside in a long-term care facility or intermediate care facility for individuals with intellectual disabilities, All standard manual and power wheelchairs are the responsibility of the facility and are considered part of the facility's per diem rate. Repairs and maintenance, ~~except for custom seating systems, are not covered items~~ for wheelchairs and are considered part of the facility's per diem rate.~~

(e) **Rental, repairs, maintenance, and delivery.** Refer to OAC 317:30-5-211.4 through 317:30-5-211.5.

(f) **Documentation.**

(1) The specialty evaluation or wheelchair selection documentation must be submitted with the prior authorization request.

(2) The specialty evaluation or wheelchair selection must be performed no longer than ~~90~~ ninety (90) days prior to the submission of the prior authorization request.

(3) The results of the specialty evaluation or wheelchair selection documentation must be supported by the information submitted on the member's medical record.

(4) A copy of the dated and signed written specialty evaluation or wheelchair selection document must be

maintained by the wheelchair provider. The results of the specialty evaluation or wheelchair selection must be written, signed, and dated by the medical professional who evaluated the member or the ATP who was involved in the wheelchair selection for the member.

**317:30-5-211.20. Enteral nutrition**

(a) **Enteral nutrition.** Enteral nutrition is the delivery of nutrients directly into the stomach, duodenum, or jejunum.

(b) **Medical necessity.** Enteral nutrition supplies must be determined by a provider to be medically necessary and documented in the member's plan of care as medically necessary and used for medical purposes. Requests by qualified providers for enteral nutrition supplies in and of itself shall not constitute medical necessity. The Oklahoma Health Care Authority (OHCA) shall serve as the final authority pertaining to all determinations of medical necessity. Refer to Oklahoma Administrative Code (OAC) 317:30-5-211.2 and 317:30-3-1(f) for policy on medical necessity.

(c) **Documentation.** All documentation submitted to request services must demonstrate, through adequate objective medical records, evidence sufficient to justify the member's need for the service, in accordance with OAC 317:30-3-1(f)(2). Documentation must include:

- (1) Diagnosis;
- (2) Certificate of medical necessity (CMN);
- (3) Ratio data;
- (4) Route;
- (5) Caloric intake; and
- (6) Prescription.
- (7) For full guidelines, please refer to [www.okhca.org/mau](http://www.okhca.org/mau).

(d) **Reimbursement.**

- (1) Extension sets and Farrell bags are not covered when requested separately from the supply kits;
- (2) Enteral nutrition for individuals in long-term care facilities is not separately reimbursed as this is included in the per diem rate.

(e) **Non-covered items.** The following are non-covered items:

- (1) Orally administered enteral products and/or related supplies;
- (2) Formulas that do not require a prescription unless administered by tube;
- (3) Food thickeners, human breast milk, and infant formula;
- (4) Pudding and food bars; and
- (5) Nursing services to administer or monitor the feedings of enteral nutrition.

**317:30-5-211.21. Incontinence supplies**

(a) **Incontinence supplies and services.** Incontinence supplies and services are those supplies that are used to alleviate or prevent skin breakdown or excoriation associated with incontinence.

(b) **Medical necessity.** Incontinence supplies must be determined by a provider to be medically necessary and documented

in the member's plan of care as medically necessary and used for medical purposes. A request by a qualified provider for incontinence supplies in and of itself shall not constitute medical necessity. The Oklahoma Health Care Authority (OHCA) shall serve as the final authority pertaining to all determinations of medical necessity. Refer to Oklahoma Administrative Code (OAC) 317:30-5-211.2 and 317:30-3-1(f) for policy on medical necessity.

(c) **Documentation.** All documentation submitted to request services must demonstrate, through adequate objective medical records, evidence sufficient to justify the member's need for the service, in accordance with OAC 317:30-3-1(f)(2). Documentation must include:

- (1) A signed prescription by a provider specifying the requested item;
- (2) A documented diagnosis of an underlying chronic medical condition that involves loss of bladder or bowel control;
- (3) Documentation must include the height and weight of the member, the type of incontinence (bowel/bladder/combined), and expected length of need;
- (4) Requests submitted for underwear/pull-on(s) the member must be ambulatory or in toilet training;
- (5) The member may qualify for incontinence supplies for a short period of time when the member has documented full-skin thickness injuries;
- (6) When requesting wipes as incontinence supplies, documentation must be submitted specific to the supply being requested. Disposable wipes are only allowed when diapers have been approved;
- (7) For full guidelines, please refer to [www.okhca.org/mau](http://www.okhca.org/mau).

(d) **Quantity limits.** There is a quantity limit to the products allowed as well as product combinations. For a listing of quantity limits on specific products, refer to the OHCA website, under the Durable Medical Equipment page, "Incontinence Supplies". Requests for quantities or combinations outside of the limits published will require additional medical review for approval.

(e) **Non-covered items.** The following are non-covered items:

- (1) Incontinence supplies for members under the age of four (4) years;
- (2) Reusable underwear and/or reusable pull-ons;
- (3) Reusable briefs and/or reusable diapers;
- (4) Diaper service for reusable diapers;
- (5) Feminine hygiene products;
- (6) Disposable penile wraps; and
- (7) Shipping costs.

**317:30-5-211.22. Pulse oximeter**

(a) **Pulse oximeter.** Pulse oximeter is a device used for measuring blood oxygen levels in a non-invasive manner.

(b) **Medical necessity.** Pulse oximeters must be determined by a provider to be medically necessary and documented in the member's plan of care as medically necessary and used for medical purposes. A request by a qualified provider for pulse oximeters in and of itself shall not constitute medical

## Permanent Final Adoptions

necessity. The Oklahoma Health Care Authority (OHCA) shall serve as the final authority pertaining to all determinations of medical necessity. Refer to Oklahoma Administrative Code (OAC) 317:30-5-211.2 and OAC 317:30-3-1(f) for policy on medical necessity.

(c) **Documentation.** All documentation submitted to request services must demonstrate, through adequate objective medical records, evidence sufficient to justify the member's need for the service, in accordance with OAC 317:30-3-1(f)(2). Documentation must include:

- (1) A current oxygen order signed and dated by an OHCA-contracted provider, along with a certificate of medical necessity (CMN);
- (2) Pertinent information relating to the member's underlying diagnosis and condition which results in the need for the oximeter and supplies, including documentation of unstable airway events and documentation of current monitor readings if available; and
- (3) Documentation of an available trained caregiver in the home who is able to intervene and address changes in the member's oxygen saturation levels in a medically safe and appropriate manner.
- (4) For full guidelines, please refer to [www.okhca.org/mau](http://www.okhca.org/mau).

(d) **Reimbursement.**

- (1) Temporary probe covers are not reimbursed separately for rented oximeters as they are included in the price of the rental.
- (2) Pulse oximeters are not reimbursed in conjunction with apnea monitors.

### **317:30-5-211.23. Continuous passive motion device for the knee**

(a) **Continuous passive motion (CPM).** CPM is a postoperative treatment method designed to aid recovery of joint range of motion after joint surgery. CPM provides for early post-operative motion and is considered a substitute for active physical therapy (PT).

(b) **Medical necessity.** CPM must be determined by a provider to be medically necessary and documented in the member's plan of care as medically necessary and used for medical purposes. A request by a qualified provider for CPM in and of itself shall not constitute medical necessity. The Oklahoma Health Care Authority (OHCA) shall serve as the final authority pertaining to all determinations of medical necessity. Refer to Oklahoma Administrative Code (OAC) 317:30-5-211.2 and 317:30-3-1(f) for policy on medical necessity.

- (1) A knee CPM device is covered for up to twenty-one (21) days and does not require a prior authorization (PA) for a patient in an early phase of rehabilitation.
- (2) A knee CPM device required for more than twenty-one (21) days does require a PA of the additional days. These cases will be individually reviewed for medical necessity.

(c) **Documentation.** All documentation submitted to request services must demonstrate, through adequate objective

medical records, evidence sufficient to justify the member's need for the service, in accordance with OAC 317:30-3-1(f)(2).

(1) Documentation must include:

- (A) Type of surgery performed;
- (B) Date of surgery;
- (C) Date of application of CPM;
- (D) Date of discharge from the hospital; and
- (E) Written prescription issued by a licensed prescriber that is signed and dated no more than thirty (30) days prior to the first date of service and that defines the specific "from" and "to" dates that reflect the actual days the CPM device is to be utilized.

(2) For full guidelines, please refer to [www.okhca.org/mau](http://www.okhca.org/mau).

(d) **Reimbursement.**

- (1) Separate reimbursement will not be made for use of device while member is hospitalized or in a long-term care facility.
- (2) Billing for dates of service when the patient is no longer actively using the CPM device is not appropriate and is not reimbursable.

### **317:30-5-211.24. Parenteral nutrition**

(a) **Parenteral nutrition (PN).** PN is the provision of nutritional requirements intravenously.

(b) **Medical necessity.** PN must be determined by a provider to be medically necessary and documented in the member's plan of care as medically necessary and used for medical purposes. A request by a qualified provider for PN in and of itself shall not constitute medical necessity. The Oklahoma Health Care Authority (OHCA) shall serve as the final authority pertaining to all determinations of medical necessity. Refer to Oklahoma Administrative Code (OAC) 317:30-5-211.2 and 317:30-3-1(f) for policy on medical necessity.

(c) **Documentation.** All documentation submitted to request services must demonstrate, through adequate objective medical records, evidence sufficient to justify the member's need for the service, in accordance with OAC 317:30-3-1(f)(2).

- (1) Hospital records that have objective medical evidence supporting the clinical diagnosis; if applicable;
- (2) A certificate of medical necessity;
- (3) A prescription; and
- (4) Caloric Intake.
- (5) For full guidelines, please refer to [www.okhca.org/mau](http://www.okhca.org/mau).

(d) **Reimbursement.**

- (1) Supply kits are all inclusive, unbundled supplies (e.g., gloves, tubing, etc.) are not reimbursable for PN.
- (2) Pumps are rented as a capped rental.

### **317:30-5-211.25. Continuous glucose monitoring**

(a) **Continuous glucose monitoring (CGM).** CGM means a minimally invasive system that measures glucose levels in subcutaneous or interstitial fluid. CGM provides blood glucose levels and can help members make more informed management decisions throughout the day.

(b) **Medical necessity.** CGM must be determined by a provider to be medically necessary and documented in the member's plan of care as medically necessary and used for medical purposes. A request by a qualified provider for CGM in and of itself shall not constitute medical necessity. The Oklahoma Health Care Authority (OHCA) shall serve as the final authority pertaining to all determinations of medical necessity. Refer to Oklahoma Administrative Code (OAC) 317:30-5-211.2 and 317:30-3-1(f) for policy on medical necessity. CGM devices must be approved by the U.S. Food and Drug Administration (FDA) as non-adjunctive and must be used for therapeutic purposes. Devices may only be used for members within the age range for which the devices have been FDA approved.

(c) **Documentation.** All documentation submitted to request services must demonstrate, through adequate objective medical records, evidence sufficient to justify the member's need for the service, in accordance with OAC 317:30-3-1(f)(2). Requests for CGM must include all of the following documentation:

- (1) Prescription by a qualified provider;
- (2) Member diagnosis that correlates to the use of CGM;
- (3) Documentation of the member testing to include the frequency each day;
- (4) Documentation member is insulin-treated to include frequency of daily or is using insulin pump therapy;
- (5) Documentation member's insulin treatment regimen requires frequent adjustment;
- (6) The member and/or family member has participated in age appropriate diabetes education, training, and support prior to beginning CGM; and
- (7) In-person or telehealth visit [within the last six (6) months] between the treating provider, member and/or family to evaluate their diabetes control.
- (8) For full guidelines please refer to [www.okhca.org/mau](http://www.okhca.org/mau).

**317:30-5-211.26. Bathroom equipment**

(a) **Bathroom equipment.** Bathroom equipment is used for bathing and toileting and may be considered primarily medical in nature if used in the presence of an illness and/or injury and if it is necessary for activities of daily living that are considered to be essential to health and personal hygiene.

(b) **Medical necessity.** Bathroom equipment must be determined by a provider to be medically necessary and documented in the member's plan of care as medically necessary and used for medical purposes. A request by a qualified provider for bathroom equipment in and of itself shall not constitute medical necessity. The Oklahoma Health Care Authority (OHCA) shall serve as the final authority pertaining to all determinations of medical necessity. Refer to Oklahoma Administrative Code (OAC) 317:30-5-211.2 and 317:30-3-1(f) for policy on medical necessity.

(c) **Documentation.** All documentation submitted to request services must demonstrate, through adequate objective medical records, evidence sufficient to justify the member's need for the service, in accordance with OAC 317:30-3-1(f)(2).

- (1) Current written prescription for specific medical supply, equipment, and appliance item;
- (2) Letter of medical necessity;
- (3) Product information;
- (4) Manufacturer's suggested retail price (MSRP) for each item requested
- (5) For full guidelines, please refer to [www.okhca.org/mau](http://www.okhca.org/mau).

**317:30-5-211.27. Positive airway pressure (PAP) devices**

(a) **PAP devices.** PAP devices are both a single level continuous positive airway pressure device (CPAP), and/or a bi-level respiratory assist device with or without back-up rate when it is used in the treatment of obstructive sleep apnea.

(b) **Medical Necessity.** PAP devices must be determined by a provider to be medically necessary and documented in the member's plan of care as medically necessary and used for medical purposes. A request by a qualified provider for PAP devices in and of itself shall not constitute medical necessity. The Oklahoma Health Care Authority (OHCA) shall serve as the final authority pertaining to all determinations of medical necessity. Refer to Oklahoma Administrative Code (OAC) 317:30-5-211.2 and 317:30-3-1(f) for policy on medical necessity.

(c) **Documentation.** All documentation submitted to request services must demonstrate, through adequate objective medical records, evidence sufficient to justify the member's need for the service, in accordance with OAC 317:30-3-1(f)(2).

- (1) A face-to-face clinical evaluation by the treating qualified medical professional within six (6) months prior to receiving device;
- (2) Qualifying polysomnogram that is dated within one (1) year of the prior authorization request submission;
- (3) The patient and/or his or her caretaker have received instruction from the supplier of the device in the proper use and care of the equipment; and
- (4) Medical records supporting the need for a PAP device.
- (5) For full guidelines, please refer to [www.okhca.org/mau](http://www.okhca.org/mau).

**317:30-5-211.28. Sleep studies**

(a) **Sleep studies.** Sleep studies are the continuous and simultaneous monitoring and recording of specified physiological and pathophysiological parameters during a period of sleep for six (6) or more hours. The study is used to diagnose a variety of sleep disorders and to evaluate a patient's response to therapies such as continuous positive airway pressure (CPAP). A sleep study requires physician review, interpretation, and report.

(b) **Medical necessity.** Sleep studies must be determined by a provider to be medically necessary and documented in the member's plan of care as medically necessary and used for medical purposes. A request by a qualified provider for sleep studies in and of itself shall not constitute medical necessity. The Oklahoma Health Care Authority (OHCA) shall serve as

# Permanent Final Adoptions

the final authority pertaining to all determinations of medical necessity. Refer to Oklahoma Administrative Code (OAC) 317:30-5-211.2 and 317:30-3-1(f) for policy on medical necessity.

(c) **Documentation.** All documentation submitted to request services must demonstrate, through adequate objective medical records, evidence sufficient to justify the member's need for the service, in accordance with OAC 317:30-3-1(f)(2). Documentation requirements include:

- (1) Legible signature of the qualified provider or non-physician practitioner responsible for and providing the care to the patient;
  - (2) All pages in the prior authorization request must be clear and legible;
  - (3) Face-to-face evaluation by the ordering provider, the supervising physician, or the interpreting physician; and
  - (4) Medical records to support the medical indication for the sleep study including results of sleep scale.
- (5) For full guidelines, please refer to [www.okhca.org/mau](http://www.okhca.org/mau).

(d) **Reimbursement.**

- (1) Sleep studies for children must be performed in a sleep diagnostic testing facility to be reimbursable.
- (2) Sleep studies for adults age twenty-one (21) and older must be performed in a sleep diagnostic testing facility or as a home sleep study to be reimbursable.
- (3) A split study beginning on a given date with the titration beginning after midnight on the subsequent date is one (1) study and may not be billed as two (2) consecutive studies.

## 317:30-5-216. Prior authorization requests [REVOKED]

(a) **Prior authorization requirements.** Requirements vary for different types of services. Providers should refer to the service specific sections of policy or the OHCA website for services requiring PA.

- (1) **Required forms.** All required forms are available on the OHCA web site at [www.okhca.org](http://www.okhca.org).
- (2) **Certificate of medical necessity.** The prescribing provider must complete the medical necessity section of the CMN. This section cannot be completed by the supplier. The medical necessity section can be completed by any health care clinician; however, only the member's treating provider may sign the CMN. By signing the CMN, the physician is validating the completeness and accuracy of the medical necessity section. The member's medical records must contain documentation substantiating that the member's condition meets the coverage criteria and the answers given in the medical necessity section of the CMN. These records may be requested by OHCA or its representatives to confirm concurrence between the medical records and the information submitted with the prior authorization request.

(b) **Submitting prior authorization requests.** Contact information for submitting prior authorization requests may be found in the OHCA Provider Billing and Procedures Manual.

An electronic version of this manual is located on the OHCA web site.

(c) **Prior authorization review.** Upon verifying the completeness and accuracy of clerical items, the PA request is reviewed by OHCA staff to evaluate whether or not each service being requested meets SoonerCare's definition of "medical necessity" [see OAC 317:30-3-1(f)] as well as other criteria.

(d) **Prior authorization decisions.** After the PA request is processed, a notice will be issued regarding the outcome of the review. If the request is approved the notice will include an authorization number, the appropriate date span and procedure codes approved.

(e) **Prior authorization does not guarantee reimbursement.** Provider status, member eligibility, and medical status on the date of service, as well as all other SoonerCare requirements, must be met before the claim is reimbursed.

(f) **Prior authorization of manually priced items.** Manually priced items must be prior authorized. If manual pricing is used, the provider is reimbursed at the provider's documented Manufacturer's Suggested Retail Price (MSRP) minus 30% or invoice cost plus 30%, whichever is the lesser of two. OHCA may establish a fair market price through claims review and analysis.

## 317:30-5-218. Reimbursement

(a) **Medical equipment and supplies, equipment and appliances.**

(1) Reimbursement for ~~durable medical equipment and supplies~~ medical supplies, equipment, and appliances will be made using an amount derived from the lesser of the ~~OHCA~~ Oklahoma Health Care Authority (OHCA) maximum allowable fee or the provider's usual and customary charge. The maximum allowable fee is the maximum amount that the OHCA will pay a provider for an allowable procedure. When a code is not assigned a maximum allowable fee for a unit of service, a fee will be established. ~~The fee schedule will be reviewed annually and adjustments to the fee schedule may be made at any time based on efficiency, budget considerations, and quality of care as determined by the OHCA.~~

(2) The fee schedule will be reviewed annually. Adjustments to the fee schedule may be possible at any time based on efficiency, budget considerations, federal regulations, and quality of care as determined by the OHCA.

(3) Payment for medical supplies, equipment, and appliances will be calculated using the rate methodologies found in the Oklahoma Medicaid State Plan.

(4) Payment is not made for medical supplies, equipment, and appliances that are not deemed as medically necessary or considered over-the-counter.

(5) OHCA does not reimburse medical supplies, equipment, and appliances providers separately for services that are included as part of the payment for another treatment program. For example, all items required during inpatient stays are paid through the inpatient payment structure.

(6) Medical supplies, equipment, and appliance products purchased at a pharmacy are paid the equivalent to Medicare Part B, average sales price (ASP) + six percent

(6%). When ASP is not available, an equivalent price is calculated using wholesale acquisition cost (WAC). If no Medicare, ASP, or WAC pricing is available, then the price will be calculated based on invoice cost.

(b) **Manually-priced medical equipment and supplies.** There may be instances when manual pricing is required. When it is, the following pricing methods will be used:

(1) **Invoice pricing.** Reimbursement is at the provider's documented manufacturer's suggested retail price (MSRP) minus thirty percent (30%) or at the provider's invoice cost plus thirty percent (30%), whichever is the lesser of the two.

(2) **Fair market pricing.** OHCA may establish a fair market price through claims review and analysis. For a list of medical equipment and supplies that are fair market-priced, refer to the OHCA website at [www.okhca.org](http://www.okhca.org) for the fair market value list (Selected medical supplies, equipment, and appliance items priced at fair market price).

(bc) **Oxygen equipment and supplies.**

(1) Payment for stationary oxygen systems (liquid oxygen systems, gaseous oxygen systems, and oxygen concentrators) is based on continuous rental, i.e., a continuous monthly payment that is made as long as it is medically necessary. The rental payment includes all contents and supplies, e.g., regulators, tubing, masks, etc. Portable oxygen systems are considered continuous rental. Ownership of the equipment remains with the supplier.

(2) Separate payment will not be made for maintenance, servicing, delivery, or for the supplier to pick up the equipment when it is no longer medically necessary. In addition, the provider/supplier will not be reimbursed for mileage.

(3) Payment for oxygen and oxygen equipment and supplies will not exceed the Medicare fee for the same procedure code. Reimbursement for members who reside in a nursing facility may be at a reduced rate. The fee schedule will be reviewed annually and adjustments to the fee schedule may be made at any time based on efficiency, budget considerations, and quality of care as determined by the OHCA.

(4) For residents in a long-term care facility, durable medical equipment products, including oxygen, are included in the facility's per diem rate.

## PART 61. HOME HEALTH AGENCIES

### 317:30-5-545. Eligible providers

All eligible home health service providers must be Medicare certified, accredited by the Joint Commission on Accreditation of Health Care Organizations (JCAHO), or have deemed status with Medicare, and have a current contract with the Oklahoma Health Care Authority (OHCA). Home Health Agencies health agencies billing for durable medical equipment (DME) medical supplies, equipment, and appliances must have a supplier contract and bill equipment on claim form CMS-1500. Additionally, home health services

providers that did not participate in Medicaid prior to January 1, 1998, must meet the "Capitalization Requirements" set forth in 42 CFR 489.2842 Code of Federal Regulations (C.F.R.) § 489.28. Home health services providers that do not meet these requirements will not be permitted to participate in the Medicaid program.

### 317:30-5-546. Coverage by category

Payment is made for home health services as set forth in this section when a face-to-face encounter has occurred in accordance with provisions of 42 CFR 440.70.42 Code of Federal Regulations (C.F.R.) § 440.70. Payment is made for home health services provided by a home health agency in the member's residence and in any setting in which normal life activities take place except for a hospital, long-term care facility, or intermediate care facility for individuals with intellectual disabilities. For individuals eligible for Part B of Medicare, payment is made utilizing the Medicaid allowable for comparable services.

(1) **Adults.** Payment is made for home health services provided in the member's residence to all categorically needy individuals. Coverage for adults is as follows:

(A) **Covered items.**

- (i) Part time or intermittent nursing services;
- (ii) Home health aide services;
- (iii) Standard medical supplies;
- (iv) Durable medical equipment (DME) and appliances; and
- (v) Items classified as prosthetic devices.

(B) **Non-covered items.** The following are not covered:

- (i) Sales tax;
- (ii) Enteral therapy and nutritional supplies;
- (iii) Electro spinal orthosis system (ESO); and
- (iv) Physical therapy, occupational therapy, speech pathology, or audiological services.

(2) **Children.** Home Health Services are covered for persons under age 21.

(3) **Individuals eligible for Part B of Medicare.** Payment is made utilizing the Medicaid allowable for comparable services.

### 317:30-5-547. Reimbursement

(a) Nursing services and home health aide services are covered services on a per visit basis. Reimbursement for any combination of nursing or home aid service shall not exceed 36 visits per calendar year per member. Additional visits for children must be prior authorized when medically necessary. Thirty-six (36) visits per calendar year of nursing and/or home health aide services for any member do not require prior authorization; however, any visit surpassing the thirty-sixth (36) visit will require prior authorization and medical review.

(b) Reimbursement for durable medical equipment and supplies will be made using the amount derived from the lesser of the OHCA Oklahoma Health Care Authority (OHCA) fee schedule or the provider's usual and customary charge. The maximum allowable fee is the maximum amount that OHCA

# Permanent Final Adoptions

will pay a provider for an allowable procedure code. When a procedure code is not assigned a maximum allowable fee for a unit of service, a fee will be established. Once the service has been provided, the supplier is required to include a copy of the invoice documenting the supplier's cost of the item with the claim.

(c) Reimbursement for oxygen and oxygen supplies is as follows:

(1) Payment for oxygen systems (stationary, liquid and oxygen concentrators) is based on continuous rental, i.e., a continuous monthly payment is made as long as it is medically necessary. The rental payment includes all contents and supplies, i.e., regulators, tubing, masks, etc. Portable oxygen systems are also considered continuous rental. Ownership of the equipment remains with the supplier.

(2) Separate payment will not be made for maintenance, servicing, delivery, or for the supplier to ~~pick up~~ pick up the equipment when it is no longer medically necessary.

(3) Payment for oxygen and oxygen equipment and supplies will not exceed the Medicare fee for the same procedure code. ~~Reimbursement for members who reside in a nursing facility may be at a reduced rate.~~ The fee schedule will be reviewed annually and adjustments to the fee schedule may be made at any time based on efficiency, budget considerations, and quality of care as determined by the OHCA.

(4) Physical therapy, occupational therapy, and/or speech pathology and audiology services, are not covered when provided by a home health agency.

## 317:30-5-548. Procedure codes

~~Procedure codes for home health services are assigned HCPCS codes for supplies and durable medical equipment. All home health services are billed using Healthcare Common Procedure Coding System (HCPCS) codes.~~

## 317:30-5-549. Prosthetic devices [REVOKED]

~~Payment may be made to home health agencies for prosthetic devices. Refer to the Medical Suppliers Provider Rules for further information.~~

### GIST/ANALYSIS:

The proposed rule changes will further clarify that no copayment is assessed to pregnant women covered by SoonerCare. The policy changes align Oklahoma's administrative rules regarding copayments for pregnant women with current business practices.

### CONTACT PERSON:

Sandra Puebla, Deputy State Medicaid Director, 405-227-3465, Sandra.Puebla@okhca.org.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 12, 2022:**

## SUBCHAPTER 3. GENERAL PROVIDER POLICIES

### PART 1. GENERAL SCOPE AND ADMINISTRATION

#### 317:30-3-5. Assignment and cost sharing

(a) **Definitions.** The following words and terms, when used in subsection (c) of this Section, shall have the following meaning, unless the context clearly indicates otherwise:

(1) "**Fee-for-service (FFS) contract**" means the provider agreement specified in Oklahoma Administrative Code (OAC) 317:30-3-2. This contract is the contract between the Oklahoma Health Care Authority (OHCA) and medical providers which provides for a fee with a specified service involved.

(2) "**Outside of the scope of the services**" means all medical benefits outside the set of services defined at OAC 317:25-7 and the provisions of the SoonerCare Choice contracts in the SoonerCare program.

(3) "**Within the scope of services**" means the set of covered services defined at OAC 317:25-7 and the

provisions of the SoonerCare Choice contracts in the SoonerCare program.

~~(3) "Outside of the scope of the services" means all medical benefits outside the set of services defined at OAC 317:25-7 and the provisions of the SoonerCare Choice contracts in the SoonerCare program.~~

(b) **Assignment in fee-for-serviceFFS.** Oklahoma's Medicaid State Plan provides that participation in the medical program is limited to providers who accept, as payment in full, the amounts paid by OHCA plus any deductible, coinsurance, or co-payment required by the State Plan to be paid by the member and make no additional charges to the member or others.

(1) OHCA presumes acceptance of assignment upon receipt of an assigned claim. This assignment, once made, cannot be rescinded, in whole or in part by one party, without the consent of the other party.

(2) Once an assigned claim has been filed, the member must not be billed and the member is not responsible for any balance except the amount indicated by OHCA. The only amount a member may be responsible for is a co-payment, or the member may be responsible for services not covered under the medical programs. In any event, the member should not be billed for charges on an assigned claim until the claim has been adjudicated or other notice of action received by the provider. Any questions regarding amounts paid should be directed to OHCA, Provider Services.

(3) When potential assignment violations are detected, the OHCA will contact the provider to assure that all provisions of the assignment agreement are understood. When there are repeated or uncorrected violations of the assignment agreement, the OHCA is required to suspend further payment to the provider.

(c) **Assignment in SoonerCare.** Any provider who holds a ~~fee for serviceFFS~~ contract and also executes a contract with a provider in the SoonerCare Choice program must adhere to the rules of this subsection regarding assignment.

(1) If the service provided to the member is outside of the scope of the services outlined in the SoonerCare contract, then the provider may bill or seek collection from the member.

(2) In the event there is a disagreement whether the services are in or out of the scope of the contracts referenced in (1) of this subsection, the OHCA shall be the final authority for this decision.

(3) Violation of this provision shall be grounds for a contract termination in the ~~fee for serviceFFS~~ and SoonerCare programs.

(d) **Cost sharing/co-payment.** Section 1902(a)(14) of the Social Security Act permits states to require certain members to share some of the costs of SoonerCare by imposing upon them such payments as enrollment fees, premiums, deductibles, coinsurance, co-payments, or similar cost sharing charges. OHCA requires a co-payment of some SoonerCare members for certain medical services provided through the ~~fee for serviceFFS~~ program. A co-payment is a charge which must be paid by the member to the service provider when the service is

covered by SoonerCare. Section 1916(e) of the Act requires that a provider participating in the SoonerCare program may not deny care or services to an eligible individual based on such individual's inability to pay the co-payment. A person's assertion of their inability to pay the co-payment establishes this inability. This rule does not change the fact that a member is liable for these charges, and it does not preclude the provider from attempting to collect the co-payment.

(1) Co-payment is not required of the following members:

(A) Individuals under age twenty-one (21). Each member's date of birth is available on the REVS system or through a commercial swipe card system.

(B) Members in nursing facilities (NF) and intermediate care facilities for individuals with intellectual disabilities (ICF/IID).

(C) Home and Community-Based Services (HCBS) waiver members except for prescription drugs.

(D) American Indian and Alaska Native members, per Section 5006 of the American Recovery and Reinvestment Act of 2009 and as established in the federally-approved Oklahoma Medicaid State Plan.

(E) Individuals who are categorically eligible for SoonerCare through the Breast and Cervical Cancer Treatment program.

(F) Individuals receiving hospice care, as defined in section 1905(o) of the Social Security Act.

(2) Co-payment is not required for the following services:

(A) Family planning services. This includes all contraceptives and services rendered.

(B) Emergency services provided in a hospital, clinic, office, or other facility.

(C) Services furnished to pregnant women, ~~if those services relate to the pregnancy or to any other medical condition which may complicate the pregnancy, including prenatal vitamins.~~

(D) Smoking and tobacco cessation counseling and products.

(E) Blood glucose testing supplies and insulin syringes.

(F) Medication-assisted treatment (MAT) drugs.

(3) Co-payments are required in an amount not to exceed the federal allowable for the following:

(A) Inpatient hospital stays.

(B) Outpatient hospital visits.

(C) Ambulatory surgery visits including free-standing ambulatory surgery centers.

(D) Encounters with the following rendering providers:

(i) Physicians;

(ii) Advanced practice registered nurses;

(iii) Physician assistants;

(iv) Optometrists;

(v) Home health agencies;

(vi) Certified registered nurse anesthetists;

(vii) Anesthesiologist assistants;

# Permanent Final Adoptions

- (viii) Durable medical equipment providers; and
- (ix) Outpatient behavioral health providers.
- (E) Prescription drugs.
- (F) Crossover claims. Dually eligible Medicare/SoonerCare members must make a co-payment in an amount that does not exceed the federal allowable per visit/encounter for all Part B covered services. This does not include dually eligible HCBS waiver members.
- (4) Medicaid premiums and cost sharing incurred by all individuals in the Medicaid household may not exceed an aggregate limit of five percent (5%) of the family's income applied on a monthly basis, as specified by the agency.
- (5) Providers will be required to refund any co-payment amounts the provider collected from the member in error and/or above the family's aggregate cost sharing maximum.

### GIST/ANALYSIS:

The proposed policy is necessary to comply with Senate Bill 574 (SB 574) and Oklahoma Statutes Title 63 § 1-133, which create the state designated health information exchange, Oklahoma State Health Information Network and Exchange (OKSHINE). The proposed new policy will outline the program description, definitions, user requirements, and needed certifications of OKSHINE. The implementation of OKSHINE will allow for statewide interoperability and the sharing of Medicaid and public health information.

### CONTACT PERSON:

Sandra Puebla, Deputy State Medicaid Director, 405-227-3465, Sandra.Puebla@okhca.org.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 12, 2022:**

## SUBCHAPTER 3. GENERAL PROVIDER POLICIES

### PART 1. GENERAL SCOPE AND ADMINISTRATION

#### **317:30-3-35. Oklahoma State Health Information Network and Exchange (OKSHINE)**

(a) **Authority.** This rule is promulgated under the authority granted in Title 63 of the Oklahoma Statutes Section 1-133 (63 O.S. § 1-133). This Section is intended to be read in conjunction with applicable Oklahoma statutes and federal law.

(b) **Applicability and purpose.**

(1) **Applicability.** This section shall apply to and govern the establishment and operation of the statewide health information exchange (HIE), herein referred to as OKSHINE.

(2) **Purpose.** OKSHINE is the state-designated organization that facilitates the exchange of health information to and from authorized individuals and health care organizations in the state for the purpose of improving health outcomes, as per 63 O.S. § 1-133.

(c) **Definitions.** The following words and terms, when used in this section, shall have the following meaning, unless the context clearly indicates otherwise:

(1) **OKSHINE** means an organization that oversees, governs, and facilitates health information exchange among health care providers that are not related health care organizations as defined in the Oklahoma Statutes, to improve the security of patient information, coordination of patient care, and the efficiency of health care delivery.

(2) **Participant** means an organization, health care practitioner or institution, health plan, or health care clearinghouse who has executed a written participation agreement (PA) and business associate agreement (BAA) with OKSHINE.

(3) **Participant agreement** means the agreement between OKSHINE and a participant which authorizes the participant to have access to OKSHINE and outlines the policies and procedures for access, protection, and use of the electronic protected health information.

(4) **Oklahoma Statewide Health Information Exchange (OKHIE)** means a certified HIE as referenced in 63 O.S. § 1-133 whose primary business activity is health information exchange.

(d) **OKHIE Certification.** Per 63 O.S. § 1-133, an initial certification and an annual recertification will be required for health information exchanges to qualify as an OKHIE. In order to receive certification, the applying HIE must submit an application to the Oklahoma Health Care Authority (OHCA) and provide all requested documentation. The application and standards for certification shall be posted on the OHCA OKSHINE public website.

(1) The OHCA shall establish a health information exchange certification with input from stakeholders.

(2) Until such time as the health information exchange certification is established by the OHCA, an OKSHINE or an HIE organization that was previously certified by the Oklahoma Health Information Exchange Trust (OHIET) shall be deemed an OKHIE.

(3) An HIE must provide documentation of certification from OHIET to OHCA in order to receive initial OKHIE certification.

(e) **Fees.**

(1) **Certification fees.** Each health information exchange which applies for certification, will be required to pay annual certification/recertification fees. The OHCA will develop the certification criteria and will publish the criteria and associated fees, when available, on the OHCA OKSHINE public website.

(2) **Participant fees.** Each participant, as defined in this section, will be required to pay an annual participation fee as outlined in the participant agreement. The OHCA will develop the criteria for the fees and will publish the criteria when available. The participant agreement and fee schedule will be posted on the OHCA OKSHINE public website.

**GIST/ANALYSIS:**

The proposed revisions will establish new documentation and signature requirements, for applied behavior analysis (ABA) services, to ensure accuracy and completeness in clinical documentation as well as better individualized treatment plans for members. Additionally, the proposed changes will clarify the conditions under which concurrent billing codes can be used for the treatment of members.

**CONTACT PERSON:**

Sandra Puebla, Deputy State Medicaid Director, 405-227-3465, Sandra.Puebla@okhca.org.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 12, 2022:**

**SUBCHAPTER 3. GENERAL PROVIDER POLICIES**

**PART 4. EARLY AND PERIODIC SCREENING, DIAGNOSTIC AND TREATMENT (EPSDT) PROGRAM/CHILD-HEALTH SERVICES**

**317:30-3-65.12. Applied behavior analysis (ABA) services**  
(a) ~~Purpose and general provisions.~~ The purpose of this Section is to establish guidelines for the provision of ABA services under the EPSDT benefit.

(1) ~~ABA focuses on the analysis, design, implementation, and evaluation of instructional and other environmental modifications to produce meaningful changes in~~

## Permanent Final Adoptions

human behavior. ABA services include the use of direct observation, measurement, and functional analysis of the relations between the environment and behavior. Common ABA-based techniques include, but are not limited to; discrete trial training (DTT); naturalistic developmental behavioral intervention (NDBI); and verbal behavioral intervention.

(2) ABA may be provided in a variety of settings, including home, community, or a clinical setting. It involves development of an individualized treatment plan that includes transition and aftercare planning, and family/caregiver involvement.

(3) At an initial assessment, target symptoms are identified. A treatment plan is developed to identify core deficits and aberrant behaviors, and includes designated interventions intended to address these deficits and behaviors and that are functional, meaningful and connected to the member's daily activities routines.

(4) ABA services require prior authorization [refer to Oklahoma Administrative Code (OAC) 317:30-3-31 and 317:30-3-65.12(e)].

### (b) **Functional behavior assessment (FBA) and treatment plan components.**

(1) The FBA serves as a critical component of the treatment plan and is conducted by a board-certified behavior analyst (BCBA) to identify the specific behavioral needs of the member. The FBA consists of:

- (A) Description of the problematic behavior (topography, onset/offset, cycle, intensity, severity);
- (B) History of the problematic behavior (long term and recent);
- (C) Antecedent analysis (setting, people, time of day, events);
- (D) Consequence analysis; and
- (E) Impression and analysis of the function of the problematic behavior.

(2) The treatment plan is developed by a BCBA or a licensed psychologist from the FBA. The treatment plan shall:

- (A) Be person centered and individualized;
- (B) Delineate the baseline levels of target behaviors;
- (C) Specify long and short term objectives that are defined in observable, measureable behavioral terms;
- (D) Specify criteria that will be used to determine achievement of objectives;
- (E) Include assessment and treatment protocols for addressing each of the target behaviors;
- (F) Clearly identify the schedule of services planned and the individuals responsible for delivering the services, including frequent review of data on target behaviors and adjustments in the treatment plan and/or protocols by the BCBA or licensed psychologist as needed;
- (G) Include training and supervision to enable board certified assistant behavior analysts (BCaBAs) and registered behavior technicians (RBTs) to implement assessment and treatment protocols;

(H) Include training and support to enable parents and other caregivers to participate in treatment planning and successfully reinforce the established treatment plan;

(I) Include care coordination involving the parents or caregiver(s), school, state disability programs, and others as applicable; and

(J) Ensure that services are consistent with applicable professional standards and guidelines relating to the practice of applied behavior analysis as well as state Medicaid laws and regulations.

(e) **Eligible providers.** Eligible ABA provider types include:

(1) Board certified behavior analyst<sup>7</sup> (BCBA<sup>7</sup>) B A master's or doctoral level independent practitioner who is certified by the national accrediting Behavior Analyst Certification Board, Inc.<sup>7</sup> (BACB<sup>7</sup>) and licensed by the Oklahoma Department of Human Services' (OKDHS) Developmental Disabilities Services Division (DDS) to provide behavior analysis services. A BCBA may supervise the work of board certified assistant behavior analysts and registered behavior technicians implementing behavior analytic interventions;

(2) Board certified assistant behavior analyst<sup>7</sup> (BCaBA<sup>7</sup>) B A bachelor's level practitioner who is certified by the national accrediting BACB and certified by OKDHS DDS to provide behavior analysis services under the supervision of a BCBA;

(3) Registered behavior technician<sup>TM</sup> (RBT<sup>7</sup>) B A high school level or higher paraprofessional who is certified by the national accrediting BACB and practices under the close and ongoing supervision of a BCBA. The RBT works under the license number of a BCBA and is primarily responsible for the direct implementation of BCBA designed and prescribed behavior analytic services;

(4) Licensed psychologist B An individual who is licensed and in good standing with the Oklahoma State Board of Examiners of Psychologists and has professional experience in the use of ABA therapy may render behavior analysis services. Refer to OAC 317:30-5-275; and

(5) Human services professional A practitioner who is licensed by the State of Oklahoma pursuant to (A) (H), and certified by the national accrediting BACB, and who is working within the scope of his or her practice, to include:

- (A) A licensed physical therapist;
- (B) A licensed occupational therapist;
- (C) A licensed clinical social worker or social worker candidate under the supervision of a licensed clinical social worker;
- (D) A licensed speech language pathologist or licensed audiologist;
- (E) A licensed professional counselor or professional counselor candidate under the supervision of a licensed professional counselor;
- (F) A licensed marital and family therapist or marital and family therapist candidate under the supervision of a licensed marital and family therapist; or

- (G) A licensed behavioral practitioner or behavioral practitioner candidate under the supervision of a licensed behavioral practitioner.
- (d) **Provider criteria.** To direct, supervise, and/or render ABA services, the following conditions shall be met:
- (1) A BCBA shall:
    - (A) Be currently licensed by OKDHS DDS as a BCBA;
    - (B) Have no sanctions or disciplinary actions by OKDHS DDS or the BACB;
    - (C) Have no current overpayment(s) due to SoonerCare, and no Medicare or Medicaid sanctions or exclusions from participation in federally funded programs; and
    - (D) Be fully contracted with SoonerCare as a provider.
  - (2) A BCaBA shall:
    - (A) Be currently certified by OKDHS DDS as a BCaBA;
    - (B) Work under the supervision of a SoonerCare contracted BCBA provider;
    - (C) Have no current overpayment(s) due to SoonerCare, and no Medicare or Medicaid sanctions or exclusions from participation in federally funded programs; and
    - (D) Be fully contracted with SoonerCare as a provider.
  - (3) An RBT shall:
    - (A) Be currently certified by the national accrediting BACB as an RBT;
    - (B) Work under the supervision of a SoonerCare contracted BCBA provider;
    - (C) Have no current overpayment(s) due to SoonerCare, and no Medicare or Medicaid sanctions or exclusions from participation in federally funded programs; and
    - (D) Be fully contracted with SoonerCare as a provider.
  - (4) A human services professional shall:
    - (A) Be currently licensed or certified by the State of Oklahoma, in accordance with Section 1928 of Title 59 of the Oklahoma Statutes;
    - (B) Be currently certified by the national accrediting BACB;
    - (C) Have no sanctions or disciplinary actions by the applicable state licensing board or the BACB;
    - (D) If working under supervision within the scope of his or her practice, have a documented relationship with a fully licensed human service professional working in a supervisory capacity;
    - (E) Have no current overpayment(s) due to SoonerCare, and no Medicare or Medicaid sanctions or exclusions from participation in federally funded programs; and
    - (F) Be fully contracted with SoonerCare as a provider.
- (e) **Medical necessity criteria for members under twenty-one (21) years of age.** ABA services are considered

medically necessary when all of the following conditions are met:

- (1) The member is under twenty-one (21) years of age with a definitive diagnosis of an Autism Spectrum Disorder (ASD) from the following providers:
  - (A) Pediatric neurologist or neurologist;
  - (B) Developmental pediatrician;
  - (C) Licensed psychologist;
  - (D) Psychiatrist or neuropsychiatrist; or
  - (E) Other licensed physician experienced in the diagnosis and treatment of ASD.
- (2) A comprehensive diagnostic evaluation completed by one (1) of the above identified professionals must:
  - (A) Be completed within the last two (2) years;
  - (B) Include a complete pertinent medical and social history, including pre and perinatal, medical, developmental, family, and social elements; and
  - (C) Be based on criteria outlined in the Diagnostic and Statistical Manual of Mental Disorders (DSM-V) or the most current version of the DSM for ASD and/or may also include scores from the use of formal diagnostic tests such as the Autism Diagnostic Interview Revised (ADI-R), Autism Diagnostic Observation Schedule 2 (ADOS-2), Childhood Autism Rating Scale (CARS) or other tools with acceptable psychometric properties. Screening scales are not sufficient to make a diagnosis and will not be accepted as the only formal scale.
- (3) There must be a reasonable expectation that the member will benefit from ABA. The member must exhibit:
  - (A) The ability/capacity to learn and develop generalized skills to assist with his or her independence; and
  - (B) The ability to develop generalized skills to assist in addressing maladaptive behaviors associated with ASD.
- (4) The member is medically stable and does not require twenty-four (24) hour medical/nursing monitoring or procedures provided in a hospital or intermediate care facility for individuals with intellectual disabilities (ICF/IID).
- (5) The member exhibits atypical or disruptive behavior within the most recent thirty (30) calendar days that significantly interferes with daily functioning and activities. Such atypical or disruptive behavior may include, but is not limited to:
  - (A) Impulsive aggression toward others;
  - (B) Self-injury behaviors;
  - (C) Intentional property destruction; or
  - (D) Severe disruption in daily functioning (e.g. the individual's inability to maintain in school, child care settings, social settings, etc.) due to changes in routine activities that have not been helped by other treatments such as occupational, speech therapy, additional psychotherapy and/or school/daycare interventions.

## Permanent Final Adoptions

---

(6) The focus of treatment is not custodial in nature (which is defined as care provided when the member "has reached maximum level of physical or mental function and such person is not likely to make further significant improvement" or "any type of care where the primary purpose of the type of care provided is to attend to the member's daily living activities which do not entail or require the continuing attention of trained medical or paramedical personnel.") Interventions are intended to strengthen the individual's/parent's/legal guardian's capacity for self care and self sufficiency to decrease interventions in the home by those other than the parent(s)/legal guardian(s).

(7) It has been determined that there is no less intensive or more appropriate level of service which can be safely and effectively provided.

(f) **Prior authorization.** Eligible providers must submit an initial prior authorization request to the Oklahoma Health Care Authority (OHCA) or its designated agent. Prior authorization requests shall be granted up to six (6) months of ABA treatment services at one (1) time unless a longer duration of treatment is clinically indicated. The number of hours authorized may differ from the hours requested on the prior authorization request based on the review by an OHCA reviewer and/or physician. If the member's condition necessitates a change in the treatment plan, the provider must request a new prior authorization. The prior authorization request must meet the following SoonerCare criteria for ABA services:

(1) The criteria includes a comprehensive behavioral and FBA outlining the maladaptive behaviors consistent with the diagnosis of ASD and its associated comorbidities. In addition to completing the initial request form, providers will be required to submit documentation that will consist of the following:

(A) Information about relevant medical status, prior assessment results, response to prior treatment, and other relevant information gathered from review of records and past assessments.

(B) Information gathered from interview of family and/or caregivers, rating scales, and social validity measures to assess perceptions of the client's skill deficits and behavioral excesses, and the extent to which these deficits impede the daily life of the member and the family.

(C) Direct assessment and observation, including any data related to the identified problem behavior. The analysis of such data serves as the primary basis for identifying pretreatment levels of functioning, developing and adapting treatment protocols, and evaluating response to treatment and progress towards goals.

(D) Functional assessment of problem behavior that includes antecedent factors, skill deficits, and consequences contributing to the problem behavior. The treatment plan should address all three (3) areas, including antecedent interventions, teaching replacement skills, and modification of consequences.

(2) The prior authorization for ABA treatment will be time limited for up to thirty (30) hours per week unless

other hours are deemed medically necessary and authorized through a prior authorization request and must:

(A) Be a one on one encounter (face to face between the member and ABA provider) except in the case of family adaptive treatment guidance;

(B) Be child centered and based upon individualized goals that are strengths specific, family focused, and community based;

(C) Be culturally competent and the least intrusive as possible;

(D) Clearly define in measurable and objective terms the intervention plan so it can address specific target behaviors. The intervention plan should be clearly linked to the function of the maladaptive behavior and include antecedent interventions, replacement skills to be taught, and modification of consequences. Additional goals may be identified that are related to the core deficits of ASD and are prioritized based on current research and social significance for the individual.

(E) Record the frequency, rate, symptom intensity/duration, or other objective measures of baseline levels;

(F) Set quantifiable criteria for progress;

(G) Establish and record behavioral intervention techniques that are appropriate to target behaviors. The detailed treatment plan utilizes reinforcement and other behavioral principles and excludes the use of methods or techniques that lack consensus about their effectiveness based on evidence in peer reviewed publications;

(H) Specify strategies for generalization of learned skills beyond the clinical settings such as in the home or other community settings;

(I) Document planning for transition through the continuum of interventions, services, and settings, as well as discharge criteria. Treatment (behavioral training) will be individualized and documentation will support the identified atypical or disruptive behavior.

(J) Include parent(s)/legal guardian(s) in behavioral training techniques so that they can practice additional hours of intervention on their own. The treatment plan is expected to achieve the parent(s)/legal guardian(s) ability to successfully reinforce the established plan of care and support generalization of skills in the home and community settings. Frequency of parental involvement will be determined by the treatment provider and listed on the treatment plan;

(K) Document parent(s)/legal guardian(s) participation in the training of behavioral techniques in the member's medical record. Parent(s)/legal guardian(s) participation is critical to the generalization of treatment goals to the member's environment; and

(L) Ensure that recommended ABA services do not duplicate or replicate services received in a member's primary academic education setting, or provided

within an Individualized Education Plan (IEP), Individualized Service Plan (ISP), or any other individual plan of care. Documentation may be requested by the OHCA to support coordination of services with other providers and to prevent overlap and duplication of services including those in school settings.

(g) ~~ABA extension requests.~~ Extension requests for ABA services must be submitted to the OHCA or its designated agent. Extension requests must contain the appropriate documentation validating the need for continued treatment and establish the following:

- (1) Eligibility criteria in OAC 317:30-3-65.12(d) 1-6;
- (2) The frequency of the target behavior has diminished since last review, or if not, there has been modification of the treatment or additional assessments have been conducted;
- (3) A functional analysis shall be completed by the provider when no measurable progress has occurred, or it may be requested by the OHCA. The functional analysis should record the member's serious maladaptive target behavioral symptom(s) and precipitants, and document the modifications of the current treatment plan to address progress, as well as make a determination of the function a particular maladaptive behavior serves for the member in the environmental context;
- (4) Appropriate consultations from other staff or experts have occurred (to optimize psychiatric medications and medical treatments to include but not limited to psychiatric consults, pediatric evaluation for other conditions, etc.) and interventions have been changed, including the number of hours per week of service or setting (higher level of care);
- (5) The OHCA may suggest appropriate consultation from other staff or experts during the process of prior authorization;
- (6) Parent(s)/legal guardian(s) have received re training on these changed approaches; and
- (7) The treatment plan documents a gradual tapering of higher intensities of intervention and transitioning to supports from other sources (i.e., schools) as progress allows.

(h) ~~Reimbursement methodology.~~ SoonerCare shall provide reimbursement for ABA services in accordance with the Medicaid State Plan.

- (1) ~~Payment shall only be made to SoonerCare contracted groups or qualified individual providers who are currently licensed and in good standing. Payment is not made to under supervision ABA practitioners/paraprofessionals, including but not limited to, BCaBAs and RBTs.~~
- (2) ~~Reimbursement for ABA services is only made on a fee for services basis. The maximum allowable fee for a unit of service has been determined by OHCA to be a reasonable fee, consistent with efficiency, economy, and quality of care. Payment for covered services is the lower of the provider's actual billed charges, consistent with the provider's usual and customary charge to the general public for the service, or the maximum allowable per unit of service.~~

~~(3) Reimbursement shall only be made for services that have been prior authorized by OHCA or its designee; and performed on an individualized basis and not in a group setting except for family adaptive behavior treatment guidance by a qualified ABA provider [OAC 317:30-3-65.12(b)].~~

~~(4) Reimbursement for ABA services shall not be made to or for services rendered by a parent, legal guardian, or other legally responsible person. ABA services are provided under the EPSDT benefit. Refer to OAC 317:30-5-310 through 317:30-5-316 for coverage, provider and program requirements, and reimbursement methodology.~~

**SUBCHAPTER 5. INDIVIDUAL PROVIDERS AND SPECIALTIES**

**PART 30. APPLIED BEHAVIOR ANALYSIS (ABA) SERVICES**

**317:30-5-310. Purpose**

The purpose of this Section is to establish guidelines for the provision of ABA services under the Early and Periodic Screening, Diagnostic and Treatment (EPSDT) benefit.

- (1) ABA focuses on the analysis, design, implementation, and evaluation of instructional and other environmental modifications to produce meaningful changes in human behavior. ABA services include the use of direct observation, measurement, and functional analysis of the relations between the environment and behavior. Common ABA-based techniques include but are not limited to; discrete trial training (DTT); naturalistic developmental behavioral intervention (NDBI); and verbal behavioral intervention.
- (2) ABA may be provided in a variety of settings, including home, community, or clinical. It involves development of an individualized treatment plan that includes transition and aftercare planning, and family/caregiver involvement.
- (3) At an initial assessment, target symptoms are identified. A treatment plan is developed to identify core deficits and aberrant behaviors, and includes designated interventions intended to address these deficits and behaviors and that are functional, meaningful, and connected to the member's daily activities routines.
- (4) ABA services require prior authorization [refer to Oklahoma Administrative Code (OAC) 317:30-3-31 and 317:30-5-314].

**317:30-5-311. Eligible providers and requirements**

(a) **Eligible providers.** Eligible ABA provider types include:

- (1) Board certified behavior analyst® (BCBA®) - A master's or doctoral level independent practitioner who is certified by the national-accrediting Behavior Analyst Certification Board, Inc.® (BACB®) and licensed by the

## Permanent Final Adoptions

Oklahoma Human Services' (OKDHS) Developmental Disabilities Services Division (DDS) to provide behavior analysis services. A BCBA may supervise the work of board-certified assistant behavior analysts and registered behavior technicians implementing behavior analytic interventions;

(2) Board-certified assistant behavior analyst® (BCaBA®) - A bachelor's level practitioner who is certified by the national-accrediting BACB and certified by OKDHS DDS to provide behavior analysis services under the supervision of a BCBA;

(3) Registered behavior technician™ (RBT®) - A high school level or higher paraprofessional who is certified by the national-accrediting BACB and practices under the close and ongoing supervision of a BCBA. The RBT works under the license number of a BCBA and is primarily responsible for the direct implementation of BCBA designed and prescribed behavior-analytic services;

(4) Licensed psychologist - An individual who is licensed and in good standing with the Oklahoma State Board of Examiners of Psychologists and has professional experience in the use of ABA therapy may render behavior analysis services. Refer to OAC 317:30-5-275; and

(5) Human services professional - A practitioner who is licensed by the State of Oklahoma pursuant to (A) - (G), and certified by the national-accrediting BACB, and who is working within the scope of his or her practice, to include:

(A) A licensed physical therapist;

(B) A licensed occupational therapist;

(C) A licensed clinical social worker or social worker candidate under the supervision of a licensed clinical social worker;

(D) A licensed speech-language pathologist or licensed audiologist;

(E) A licensed professional counselor or professional counselor candidate under the supervision of a licensed professional counselor;

(F) A licensed marital and family therapist or marital and family therapist candidate under the supervision of a licensed marital and family therapist; or

(G) A licensed behavioral practitioner or behavioral practitioner candidate under the supervision of a licensed behavioral practitioner.

(b) **Provider criteria.** To direct, supervise, and/or render ABA services, the following conditions shall be met.

(1) A BCBA shall:

(A) Be currently licensed by OKDHS DDS as a BCBA;

(B) Have no sanctions or disciplinary actions by OKDHS DDS or the BACB;

(C) Have no current overpayment(s) due to SoonerCare, and no Medicare or Medicaid sanctions or exclusions from participation in federally funded programs; and

(D) Be fully contracted with SoonerCare as a provider.

(2) A BCaBA shall:

(A) Be currently certified by OKDHS DDS as a BCaBA;

(B) Work under the supervision of a SoonerCare-contracted BCBA provider;

(C) Have no current overpayment(s) due to SoonerCare, and no Medicare or Medicaid sanctions or exclusions from participation in federally funded programs; and

(D) Be fully contracted with SoonerCare as a provider.

(3) An RBT shall:

(A) Be currently certified by the national-accrediting BACB as an RBT;

(B) Work under the supervision of a SoonerCare-contracted BCBA provider;

(C) Have no current overpayment(s) due to SoonerCare, and no Medicare or Medicaid sanctions or exclusions from participation in federally funded programs; and

(D) Be fully contracted with SoonerCare as a provider.

(4) A human services professional shall:

(A) Be currently licensed or certified by the State of Oklahoma, in accordance with Section 1928 of Title 59 of the Oklahoma Statutes;

(B) Be currently certified by the national-accrediting BACB;

(C) Have no sanctions or disciplinary actions by the applicable state licensing board or the BACB;

(D) If working under supervision within the scope of his or her practice, have a documented relationship with a fully-licensed human service professional working in a supervisory capacity;

(E) Have no current overpayment(s) due to SoonerCare, and no Medicare or Medicaid sanctions or exclusions from participation in federally funded programs; and

(F) Be fully contracted with SoonerCare as a provider.

### **317:30-5-312. Treatment plan components and documentation requirements**

(a) **Treatment plan.** The treatment plan is developed by a BCBA or a licensed psychologist from the FBA. The treatment plan shall:

(1) Be person-centered and individualized;

(2) Delineate the baseline levels of target behaviors;

(3) Specify long-term and short-term objectives that are defined in observable, measurable behavioral terms;

(4) Specify criteria that will be used to determine achievement of objectives;

(5) Include assessment(s) and treatment protocols for addressing each of the target behaviors such as including antecedent and consequence interventions, and teaching of replacement skills specific to the function of the identified maladaptive behaviors;

(6) Clearly identify the schedule of services planned and the individuals responsible for delivering the services.

including frequent review of data on target behaviors and adjustments in the treatment plan and/or protocols by the BCBA or licensed psychologist as needed;

(7) Include training and supervision to enable board certified assistant behavior analysts (BCaBAs) and registered behavior technicians (RBTs) to implement assessment and treatment protocols;

(8) Include training and support to enable parents and other caregivers to participate in treatment planning and successfully reinforce the established treatment plan in the home and community settings;

(9) Include care coordination involving the parents or caregiver(s), school, state disability programs, and others as applicable; and

(10) Ensure that services are consistent with applicable professional standards and guidelines relating to the practice of applied behavior analysis as well as state Medicaid laws and regulations.

**(b) Assessments.** Initial assessments allow ABA providers to develop a treatment plan that is unique to the member and include all treatment recommendations and goals.

(1) The functional behavior assessment (FBA) serves as a critical component of the treatment plan and is conducted by a board-certified behavior analyst (BCBA) to identify the specific behavioral needs of the member. The FBA consists of:

(A) Description of the problematic behavior (topography, onset/offset, cycle, intensity, and severity);

(B) History of the problematic behavior (long-term and recent);

(C) Antecedent analysis (setting, people, time of day, and events);

(D) Consequence analysis; and

(E) Impression and analysis of the function of the problematic behavior.

(2) Other relevant assessments may be submitted in addition to the FBA for review by an OHCA reviewer and/or physician to support medical necessity criteria.

**(c) Documentation requirements.** ABA providers must:

(1) Document all ABA services in the member's record. Refer to OAC 317:30-5-248;

(2) Retain the member's records necessary to disclose the extent of services. Refer to OAC 317:30-3-15; and

(3) Release the medical information necessary for payment of a claim upon request. Refer to OAC 317:30-3-16.

(4) All assessment and treatment services must include the following:

(A) Date;

(B) Start and stop time for each session/unit billed and physical location where service was provided;

(C) Signature of the provider;

(D) Credentials of provider;

(E) Specific problem(s), goals and/or objectives addressed;

(F) Methods used to address problem(s), goals and objectives;

(G) Progress made toward goals and objectives;

(H) Patient response to the session or intervention; and

(I) Any new problem(s), goals and/or objectives identified during the session.

(J) Treatment plans are not valid until all signatures are present. As used in this subsection, all signatures mean:

(i) The signature of acknowledgement of the supervising BCBA or licensed psychologist; and

(ii) The signature of assent of any minor who is age fourteen (14) or older; and

(iii) The signature of consent of:

(I) A parent or legal guardian of any minor; or

(II) If the minor documents a legal exception to parent or legal guardian consent, the excepted minor.

(iv) All signatures:

(I) Must clearly indicate that the signatories approve of and consent, assent, or acknowledge the treatment plan; and

(II) May be provided on a signature page applicable to both the assessment and the treatment plan, if the signed page clearly indicates approval of and consent, assent, or acknowledgment of both the assessment and the treatment plan.

**317:30-5-313. Medical necessity criteria for members under twenty-one (21) years of age**

ABA services are considered medically necessary when all the following conditions are met:

(1) The member is under twenty-one (21) years of age with a definitive diagnosis of an Autism Spectrum Disorder (ASD) from the following providers:

(A) Pediatric neurologist or neurologist;

(B) Developmental pediatrician;

(C) Licensed psychologist;

(D) Psychiatrist or neuropsychiatrist; or

(E) Other licensed physician experienced in the diagnosis and treatment of ASD.

(2) A comprehensive diagnostic evaluation or thorough clinical assessment completed by one (1) of the above identified professionals must:

(A) Include a complete pertinent medical and social history, including pre-and perinatal, medical, developmental, family, and social elements; and

(B) Be based on criteria outlined in the Diagnostic and Statistical Manual of Mental Disorders (DSM-V) or the most current version of the DSM for ASD and/or may also include scores from the use of formal diagnostic tests such as the Autism Diagnostic Interview-Revised (ADI-R), Autism Diagnostic Observation Schedule-2 (ADOS-2), Childhood Autism Rating Scale (CARS) or other tools with acceptable psychometric properties. Screening scales are not sufficient to make a diagnosis and will not be accepted as the only formal scale.

## Permanent Final Adoptions

---

(3) There must be a reasonable expectation that the member will benefit from ABA. The member must exhibit:

(A) The ability/capacity to learn and develop generalized skills to assist with his or her independence; and

(B) The ability to develop generalized skills to assist in addressing maladaptive behaviors associated with ASD.

(4) The member is medically stable and does not require twenty-four (24) hour medical/nursing monitoring or procedures provided in a hospital or intermediate care facility for individuals with intellectual disabilities (ICF/IID).

(5) The member exhibits atypical or disruptive behavior within the most recent thirty (30) calendar days that significantly interferes with daily functioning and activities. Such atypical or disruptive behavior may include, but is not limited to:

(A) Impulsive aggression toward others;

(B) Self-injury behaviors;

(C) Intentional property destruction; or

(D) Severe disruption in daily functioning (e.g., the individual's inability to maintain in school, child care settings, social settings, etc.) due to changes in routine activities that have not been helped by other treatments such as occupational therapy, speech therapy, additional psychotherapy and/or school/ daycare interventions.

(6) The focus of treatment is not custodial in nature (which is defined as care provided when the member "has reached maximum level of physical or mental function and such person is not likely to make further significant improvement" or "any type of care where the primary purpose of the type of care provided is to attend to the member's daily living activities which do not entail or require the continuing attention of trained medical or paramedical personnel.") Interventions are intended to strengthen the individual's/parent's/legal guardian's capacity for self care and self sufficiency to decrease interventions in the home by those other than the parent(s)/legal guardian(s).

(7) It has been determined that there is no less intensive or more appropriate level of service which can be safely and effectively provided.

### **317:30-5-314. Prior authorization**

Eligible providers must submit an initial prior authorization request to the Oklahoma Health Care Authority (OHCA) or its designated agent. Prior authorization requests shall be granted up to six (6) months of ABA treatment services at one (1) time unless a longer duration of treatment is clinically indicated. The number of hours authorized may differ from the hours requested on the prior authorization request based on the review by an OHCA reviewer and/or physician. If the member's condition necessitates a change in the treatment plan, the provider must request a new prior authorization. The prior authorization request must meet the following SoonerCare criteria for ABA services.

(1) The criteria include a comprehensive behavioral assessment, FBA, and other supporting assessment(s) outlining the maladaptive behaviors consistent with the diagnosis of ASD and its associated comorbidities. In addition to completing the initial request form, providers will be required to submit documentation that will consist of the following:

(A) Information about relevant medical status, prior assessment results, response to prior treatment, and other relevant information gathered from review of records and past assessments.

(B) Information gathered from interview of family and/or caregivers, rating scales, and social validity measures to assess perceptions of the client's skill deficits and behavioral excesses, and the extent to which these deficits impede the daily life of the member and the family.

(C) Direct assessment and observation, including any data related to the identified problem behavior. The analysis of such data serves as the primary basis for identifying pretreatment levels of functioning, developing, and adapting treatment protocols, and evaluating response to treatment and progress towards goals.

(D) Functional assessment of problem behavior that includes antecedent factors, skill deficits, and consequences contributing to the problem behavior. The treatment plan should address all three (3) areas, including antecedent interventions, teaching replacement skills, and modification of consequences. Other supporting assessments may be additionally submitted for review.

(2) The prior authorization for ABA treatment will be time limited for up to thirty (30) hours per week unless other hours are deemed medically necessary and authorized through a prior authorization request and must:

(A) Be a one-on-one encounter (face to face between the member and ABA provider) except in the case of family adaptive treatment guidance;

(B) Be child-centered and based upon individualized goals that are strengths-specific, family focused, and community based;

(C) Be culturally competent and the least intrusive as possible;

(D) Clearly define in measurable and objective terms the intervention plan so it can address specific target behaviors. The intervention plan should be clearly linked to the function of the maladaptive behavior and include antecedent interventions, replacement skills to be taught, and modification of consequences. Additional goals may be identified that are related to the core deficits of ASD and are prioritized based on current research and social significance for the individual.

(E) Record the frequency, rate, symptom intensity/duration, or other objective measures of baseline levels;

(F) Set quantifiable criteria for progress;

(G) Establish and record behavioral intervention techniques that are appropriate to target behaviors. The detailed treatment plan utilizes reinforcement and other behavioral principles and excludes the use of methods or techniques that lack consensus about their effectiveness based on evidence in peer-reviewed publications;

(H) Specify strategies for generalization of learned skills beyond the clinical settings such as in the home or other community settings;

(I) Document planning for transition through the continuum of interventions, services, and settings, as well as discharge criteria. Treatment (behavioral training) will be individualized, and documentation will support the identified atypical or disruptive behavior.

(J) Include parent(s)/legal guardian(s) in behavioral training techniques so that they can practice additional hours of intervention on their own. The treatment plan is expected to achieve the parent(s)/legal guardian(s) ability to successfully reinforce the established plan of care and support generalization of skills in the home and community settings. Frequency of parental involvement will be determined by the treatment provider and listed on the treatment plan;

(K) Document parent(s)/legal guardian(s) participation in the training of behavioral techniques in the member's medical record. Parent(s)/legal guardian(s)' participation is critical to the generalization of treatment goals to the member's environment; and

(L) Ensure that recommended ABA services do not duplicate, or replicate services received in a member's primary academic education setting or provided within an Individualized Education Plan (IEP), Individualized Service Plan (ISP), or any other individual plan of care. Documentation may be requested by the OHCA to support coordination of services with other providers and to prevent overlap and duplication of services including those in school settings.

**317:30-5-315. ABA extension requests**

Extension requests for ABA services must be submitted to the OHCA or its designated agent. Extension requests must contain the appropriate documentation validating the need for continued treatment and establish the following:

- (1) Eligibility criteria in OAC 317:30-5-313;
- (2) The frequency of the target behavior has diminished since last review, or if not, there has been modification of the treatment or additional assessments have been conducted;
- (3) A functional analysis shall be completed by the provider when no measurable progress has occurred, or it may be requested by the OHCA. The functional analysis should record the member's serious maladaptive target behavioral symptom(s) and precipitants, and document the modifications of the current treatment plan to address progress, as well as make a determination of the function

a particular maladaptive behavior serves for the member in the environmental context;

(4) Appropriate consultations from other staff or experts have occurred (to optimize psychiatric medications and medical treatments to include but not limited to psychiatric consults, pediatric evaluation for other conditions, etc.) and interventions have been changed, including the number of hours per week of service or setting (higher level of care);

(5) The OHCA may suggest appropriate consultation from other staff or experts during the process of prior authorization;

(6) Parent(s)/legal guardian(s) have received re-training on these changed approaches; and

(7) The treatment plan documents a gradual tapering of higher intensities of intervention and transitioning to supports from other sources (i.e., schools) as progress allows.

**317:30-5-316. Reimbursement methodology**

SoonerCare shall provide reimbursement for ABA services in accordance with the Medicaid State Plan.

(1) Payment shall only be made to SoonerCare-contracted groups or qualified individual providers who are currently licensed and in good standing. Payment is not made to under supervision ABA practitioners/paraprofessionals, including but not limited to, BCaBAs and RBTs.

(2) Reimbursement for ABA services is only made on a fee-for-services basis. The maximum allowable fee for a unit of service has been determined by OHCA to be a reasonable fee, consistent with efficiency, economy, and quality of care. Payment for covered services is the lower of the provider's actual billed charges, consistent with the provider's usual and customary charge to the general public for the service, or the maximum allowable per unit of service.

(3) Reimbursement shall only be made for services that have been prior authorized by OHCA or its designee; and performed on an individualized basis and not in a group setting except for family adaptive behavior treatment guidance by a qualified ABA provider (OAC 317:30-5-311).

(4) Providers may only concurrently bill current Procedural Terminology (CPT) codes when they outline in the prior authorization the following criteria:

(A) The BCBA or licensed psychologist met with the member and/or parent or guardian and directed the RBT through one (1) or more of the following:

- (i) Monitoring treatment integrity to ensure satisfactory implementation of treatment protocols;
- (ii) Directing RBT staff and/or caregivers in the implementation of new or revised treatment protocols;
- (iii) Selection and development of treatment goals, protocols, and data collection systems;
- (iv) Collaboration with family members and other stakeholders;
- (v) Creating materials, gathering materials;

# Permanent Final Adoptions

(vi) Reviewing data to make adjustments to treatment protocols; and/or

(vii) Development and oversight of transition and discharge planning.

(B) The BCBA or licensed psychologist used behavior training in session as appropriate in supervision of the RBT staff and/or caregivers. Behavioral skills training consists of providing instructions, modeling, rehearsal, and feedback between provider and member.

(5) Reimbursement for ABA services shall not be made to or for services rendered by a parent, legal guardian, or other legally responsible person.

### GIST/ANALYSIS:

The proposed revisions will update the current adult dental policy to outline new benefits for SoonerCare adults. Additional revisions will update the certification requirements for primary care physicians to provide fluoride varnish during a child-health screening. Furthermore, revisions will update the timeframe for dental prophylaxis from once every 184 days to once every six (6) months. Finally, language regarding coverage for periodontal maintenance will be added.

### CONTACT PERSON:

Sandra Puebla, Deputy State Medicaid Director, 405-227-3465, Sandra.Puebla@okhca.org.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 12, 2022:**

## SUBCHAPTER 3. GENERAL PROVIDER POLICIES

### PART 4. EARLY AND PERIODIC SCREENING, DIAGNOSTIC AND TREATMENT (EPSDT) PROGRAM/CHILD-HEALTH SERVICES

#### 317:30-3-65.8. Dental services

(a) At a minimum, dental services include relief of pain and infection; limited restoration of teeth and maintenance of dental health; and oral prophylaxis every ~~184 days~~ six (6) months. Dental care includes emergency and preventive services and therapeutic services for dental disease which, if left untreated, may become acute dental problems or may cause irreversible damage to the teeth or supporting structures. Other dental services include inpatient services in an eligible participating hospital, and amalgam and composite restorations, pulpotomies, chrome steel crowns, anterior root canals, pulpectomies, band and loop space maintainers, acrylic partial and lingual arch bars; other restoration, repair and/or replacement of dental defects after the treatment plan submitted by a dentist has been authorized (~~refer to Oklahoma Administrative Code 317:30-5-696(3)(2) for amount, duration and scope~~).

(b) Dental ~~screenings~~ screenings should begin at the first sign of tooth eruption by the primary care provider and with each subsequent visit to determine if the member needs a referral to a dental provider. Dental examinations by a qualified dental provider should begin by age one (1)(unless otherwise indicated) and every six (6) months to one (1) year thereafter. Additionally, members should be seen for prophylaxis once

every ~~184 day~~six (6) months, if indicated by risk assessment. All other dental services for relief of pain and infection, restoration of teeth and maintenance of dental health should occur as the provider deems necessary.

(c) Separate payment will be made to the member's primary care provider for the application of fluoride varnish during the course of a child-health screening for members ages six (6) months to sixty (60) months. Reimbursement is limited to two applications per year ~~by eligible providers who have attended an OHCA approved training course related to the application of fluoride varnish.~~

**SUBCHAPTER 5. INDIVIDUAL PROVIDERS AND SPECIALTIES**

**PART 79. DENTISTS**

**317:30-5-696. Coverage by category**

Payment is made for dental services as set forth in this Section.

(1) **Adults.** The OHCA Dental Program provides basic medically necessary treatment. The services listed below are compensable for members twenty-one (21) years of age and over without prior authorization.

(A) Dental coverage for adults is limited to: **Comprehensive oral evaluation.** The comprehensive oral evaluation may be performed when a member has not been seen by the same dentist for more than thirty-six (36) months. The comprehensive oral evaluation must precede any images, and chart documentation must include image interpretations, six-point periodontal charting, and both medical and dental health history of the member. The comprehensive treatment plan should be the final result of this procedure.

(B) **Periodic oral evaluation.** This procedure may be provided for a member once every six (6) months. An examination must precede any images, and chart documentation must include image interpretations, and both medical and dental health history of member. The comprehensive treatment plan should be the final result of this procedure.

(C) **Limited oral evaluation.** This procedure is only compensable to the same dentist or practice for two (2) visits prior to a comprehensive or periodic evaluation examination being completed.

(D) **Images.** To be SoonerCare compensable, images must be of diagnostic quality and medically necessary. A clinical examination must precede any images. Documentation must indicate medical necessity and diagnostic findings. Images must be properly labeled with date and member name. Periapical images must include at least three (3) millimeters beyond the apex of the tooth being imaged. Panoramic films are only compensable when chart documentation clearly indicates reasons for the exposure based on clinical

findings. This type of panoramic film exposure is not to rule out or evaluate caries. Prior authorization and a narrative detailing medical necessity are required for additional panoramic films taken within three (3) years of the original set.

(E) **Dental prophylaxis.** Dental prophylaxis is provided once every six (6) months along with topical application of fluoride.

(F) **Periodontal Maintenance.** This procedure is provided once every six (6) months for members who have a history of periodontitis and are no longer eligible for oral prophylaxis.

(G) **Smoking and tobacco use cessation counseling.** Smoking and tobacco use cessation counseling is covered per Oklahoma Administrative Code (OAC) 317:30-5-2 (DD) (i) through (iv).

(H) **Medically necessary extractions.** Medically necessary extractions, as defined in OAC 317:30-5-695. Tooth extraction must have medical need documented.

(I) **Medical and surgical services.** Medical and surgical services performed by a dentist or physician to the extent such services may be performed under State law when those services would be covered if performed by a physician.

(J) **Additional services.** Additional covered services, which require a prior authorization, are outlined in OAC 317:30-5-698.

(i) Medically necessary extractions, as defined in Oklahoma Administrative Code (OAC) 317:30-5-695. Tooth extraction must have medical need documented;

(ii) Limited oral examinations and medically necessary images, as defined in OAC 317:30-5-695, associated with the extraction or with a clinical presentation with reasonable expectation that an extraction will be needed;

(iii) Smoking and tobacco use cessation counseling; and

(iv) Medical and surgical services performed by a dentist or physician to the extent such services may be performed under State law when those services would be covered if performed by a physician.

(B) Payment is made for dental care for adults residing in private intermediate care facilities for individuals with intellectual disabilities (ICF/IID) and who have been approved for ICF/IID level of care, similar to the scope of services available to individuals under age twenty one (21).

(C) Limited dental services are available for members who meet all medical criteria, but need dental clearance to obtain organ transplant approval. Providers must obtain prior authorization before delivery of dental service, with the exception of evaluation and extractions. All requests must be filed on the currently approved American Dental Association (ADA) form and must include diagnostic images,

## Permanent Final Adoptions

~~six-point periodontal charting, narratives and comprehensive treatment plans. The Oklahoma Health Care Authority (OHCA) will notify the provider of determination using OHCA Prior Authorization Request Decision form. Prior authorized services must be billed exactly as they appear on the prior authorization request. The following dental services are available:~~

- ~~(i) Comprehensive oral evaluation;~~
- ~~(ii) Two (2) bitewing images;~~
- ~~(iii) Prophylaxis;~~
- ~~(iv) Fluoride application;~~
- ~~(v) Limited restorative procedures; and~~
- ~~(vi) Periodontal scaling/root planing.~~

~~(2) **Home and community-based services (HCBS) waiver for the intellectually disabled.** All providers participating in the HCBS must have a separate contract with the OHCA to provide services under the HCBS. Dental services are defined in each waiver and must be prior authorized.~~

~~(32) **Children.** The OHCA Dental Program for children provides the basic medically necessary treatment. For services rendered to a minor, the minor's parent or legal guardian must provide a signed, written consent prior to the service being rendered, unless there is an explicit state or federal exception to this requirement. The services listed below are compensable for members under twenty-one (21) years of age without prior authorization. All other dental services must be prior authorized. Anesthesia services are covered for children in the same manner as adults per OAC 317:30-5-696.1. All providers performing preventive services must be available to perform needed restorative services for those members receiving any evaluation and preventive services.~~

~~(A) **Comprehensive oral evaluation.** This procedure should precede any images, and chart documentation must include image interpretations, caries risk assessment, six-point periodontal charting (as applicable), and both medical and dental health history of member. The comprehensive treatment plan should be the final result of this procedure. A comprehensive oral evaluation may be performed when a member has not been seen by the same dentist for more than thirty-six (36) months. The comprehensive oral evaluation must precede any images, and chart documentation must include image interpretations, caries risk assessment, six-point periodontal charting, and both medical and dental health history of member. The comprehensive treatment plan should be the final result of this procedure.~~

~~(B) **Periodic oral evaluation.** This procedure may be provided for a member of record once every six (6) months. An examination should must precede any images, and chart documentation must include image interpretations, caries risk assessment, and both medical and dental health history of member. The comprehensive treatment plan should be the final result of this procedure.~~

~~(C) **Limited oral evaluation.** This procedure is only compensable to the same dentist or practice for two (2) visits prior to a comprehensive or periodic evaluation examination being completed.~~

~~(D) **Images.** To be SoonerCare compensable, images must be of diagnostic quality and medically necessary. A clinical examination must precede any images, and chart documentation must include member history, prior images, caries risk assessment, the six-point periodontal charting (as applicable), and both dental and general health needs of the member. The referring dentist is responsible for providing properly identified images of acceptable quality with a referral, if that provider chooses to expose and submit for reimbursement prior to referral. A clinical examination must precede any images, and chart documentation must indicate medical necessity and diagnostic findings. Images must be properly labeled with date and member name. Periapical images must include at least three (3) millimeters beyond the apex of the tooth being imaged. Panoramic films and two (2) bitewings are considered full mouth images. Full mouth images as noted above or traditional [minimum of twelve (12) periapical films and two (2) posterior bitewings] are allowable once in a three (3) year period and must be of diagnostic quality. Individually listed intraoral images by the same dentist/dental office are considered a complete series if the number of individual images equals or exceeds the traditional number for a complete series. Panoramic films are only compensable when chart documentation clearly indicates reasons for the exposure based on clinical findings. This type of exposure is not to rule out or evaluate caries. Prior authorization and a detailed medical need narrative are required for additional panoramic films taken within three (3) years of the original set.~~

~~(E) **Dental sealants.** Tooth numbers 2, 3, 14, 15, 18, 19, 30 and 31 must be caries free on the interproximal and occlusal surfaces to be eligible for this service. This service is available through eighteen (18) years of age and is compensable once every thirty-six (36) months if medical necessity is documented.~~

~~(F) **Interim caries arresting medicament application.** This service is available for primary and permanent teeth once every ~~one hundred eighty-four (184) days~~ six (6) months for two (2) occurrences per tooth in a lifetime. The following criteria must be met for reimbursement:~~

- ~~(i) A member is documented to be unable to receive restorative services in the typical office environment within a reasonable amount of time;~~
- ~~(ii) A tooth that has been treated should not have any non-cariou structure removed;~~
- ~~(iii) A tooth that has been treated should not receive any other definitive restorative care for three (3) months following an application;~~

- (iv) Reimbursement for extraction of a tooth that has been treated will not be allowed for three (3) months following an application; and
- (v) The specific teeth treated and number and location of lesions must be documented.

(G) **Dental prophylaxis.** This procedure is provided once every ~~one hundred eighty four (184) days~~ six (6) months along with topical application of fluoride.

(H) **Periodontal Maintenance.** This procedure is provided once every six (6) months for members who have a history of periodontitis and are no longer eligible for oral prophylaxis.

~~(H)~~ **Stainless steel crowns for primary teeth.** The use of any stainless steel crowns is allowed as follows:

- (i) Stainless steel crowns are allowed if:
  - (I) The child is five (5) years of age or under;
  - (II) Seventy percent (70%) or more of the root structure remains; or
  - (III) The procedure is provided more than twelve (12) months prior to normal exfoliation.
- (ii) Stainless steel crowns are treatment of choice for:
  - (I) Primary teeth treated with pulpal therapy, if the above conditions exist;
  - (II) Primary teeth where three (3) surfaces of extensive decay exist; or
  - (III) Primary teeth where cuspal occlusion is lost due to decay or accident.
- (iii) Preoperative periapical images and/or written documentation explaining the extent of decay must be available for review, if requested.
- (iv) Placement of a stainless steel crown is allowed once for a minimum period of twenty-four (24) months. No other restoration on that tooth is compensable during that period of time. A stainless steel crown is not a temporizing treatment to be used while a permanent crown is being fabricated.

~~(H)~~ **Stainless steel crowns for permanent teeth.** The use of any stainless steel crowns is allowed as follows:

- (i) Stainless steel crowns are the treatment of choice for:
  - (I) Posterior permanent teeth that have completed endodontic therapy if three (3) or more surfaces of tooth is destroyed;
  - (II) Posterior permanent teeth that have three (3) or more surfaces of extensive decay; or
  - (III) Where cuspal occlusion is lost due to decay prior to age sixteen (16) years.
- (ii) Preoperative periapical images and/or written documentation explaining the extent of decay must be available for review, if requested.
- (iii) Placement of a stainless steel crown excludes placement of any other type of crown for

a period of twenty-four (24) months. No other restoration on that tooth is compensable during that period of time.

~~(JK)~~ **Pulpotomies and pulpectomies.**

(i) Therapeutic pulpotomies and pulpal debridement are allowable once per lifetime. Pre-and post-operative periapical images must be available for review, if requested. Therapeutic pulpotomies and pulpal debridement is available for the following:

- (I) Primary molars having at least seventy percent (70%) or more of their root structure remaining or more than twelve (12) months prior to normal exfoliation;
- (II) Tooth numbers O and P before age five (5) years;
- (III) Tooth numbers E and F before six (6) years;
- (IV) Tooth numbers N and Q before five (5) years;
- (V) Tooth numbers D and G before five (5) years.

(ii) Therapeutic pulpotomies and pulpal debridement are allowed for primary teeth if exfoliation of the teeth is not expected to occur for at least one (1) year or if seventy percent (70%) or more of root structure is remaining.

~~(K) **Endodontics.** Payment is made for the services provided in accordance with the following:~~

- ~~(i) This procedure is allowed when there are no other missing anterior teeth in the same arch requiring replacement.~~
- ~~(ii) The provider documents history of member's improved oral hygiene and flossing ability in records.~~
- ~~(iii) Prior authorization is required for members who have a treatment plan requiring more than two (2) anterior and/or any posterior root canals.~~
- ~~(iv) Pre and post operative periapical images must be available for review.~~
- ~~(v) Pulpal debridement may be performed for the relief of pain while waiting for the decision from the OHCA.~~
- ~~(vi) Providers are responsible for any follow up treatment required due to a failed root canal therapy for twenty four (24) month post completion.~~
- ~~(vii) Endodontically treated teeth should be restored to limited occlusal function and all contours should be replaced. These teeth are not automatically approved for any type of crown.~~

(L) **Space maintainers.** Certain limitations apply with regard to this procedure. Providers are responsible for recementation of any maintainer placed by them for six (6) months post insertion.

(i) **Band and loop type space maintenance.** This procedure must be provided in accordance with the following guidelines:

## Permanent Final Adoptions

---

- (I) This procedure is compensable for all primary molars where permanent successor is missing or where succedaneous tooth is more than five (5) millimeters below the crest of the alveolar ridge.
- (II) First primary molars are not allowed space maintenance if the second primary and first permanent molars are present and in cuspal interlocking occlusion regardless of the presence or absence of normal relationship.
- (III) If there are missing posterior teeth bilaterally in the same arch, under the above guidelines, bilateral space maintainer is the treatment of choice.
- (IV) The teeth numbers shown on the claim ~~should~~ must be those of the missing teeth.
- (V) Post-operative bitewing images must be available for review.
- (VI) Bilateral band and loop space maintainer is allowed if member does not have eruption of the four (4) mandibular anterior teeth in position or if sedation case that presents limitations to fabricate other space maintenance appliances.
- (ii) **Lingual arch bar.** Payment is made for the services provided in accordance with the following:
- (I) Lingual arch bar is used when permanent incisors are erupted and the second primary molar (K or T) is missing in the same arch.
- (II) The requirements are the same as for band and loop space maintainer.
- (III) Pre and post-operative images must be available.
- (M) **Analgesia.** Analgesia services are reimbursable in accordance with the following:
- (i) **Inhalation of nitrous oxide.** Use of nitrous oxide is compensable for four (4) occurrences per year and is not separately reimbursable, if provided on the same date as IV sedation, non-intravenous conscious sedation, or general anesthesia. The medical need for this service must be documented in the member's record.
- (ii) **Non-intravenous conscious sedation.** Non-intravenous conscious sedation is not separately reimbursable, if provided on the same date ~~by the same provider~~ as analgesia, anxiolysis, inhalation of nitrous oxide, IV sedation, or general anesthesia. Non-intravenous conscious sedation is reimbursable when determined to be medically necessary for documented handicapped members, uncontrollable members or justifiable medical or dental conditions. The report must detail the member's condition. No services are reimbursable when provided primarily for the convenience of the member and/or the dentist, it must be medically necessary.
- (N) **Pulp caps.** Indirect and direct pulp cap must be ADA accepted calcium hydroxide or mineral trioxide aggregate (MTA) materials, not a cavity liner or chemical used for dentinal hypersensitivity. Indirect and direct pulp cap codes require specific narrative support addressing materials used, intent and reasons for use. Application of chemicals used for dentinal hypersensitivity is not allowed as indirect pulp cap. Utilization of these codes is verified by post payment review.
- (O) **Protective restorations.** This restoration includes removal of decay, if present, and is reimbursable for the same tooth on the same date of service with a direct or indirect pulp cap, if needed. Permanent restoration of the tooth is allowed after sixty (60) days unless the tooth becomes symptomatic and requires pain relieving treatment.
- (P) **Smoking and tobacco use cessation counseling.** ~~Smoking and tobacco use cessation counseling is covered when performed utilizing the five (5) intervention steps of asking the member to describe his/her smoking, advising the member to quit, assessing the willingness of the member to quit, assisting with referrals and plans to quit, and arranging for follow up. Up to eight (8) sessions are covered per year per individual who has documented tobacco use. It is a covered service when provided by physicians, physician assistants, nurse practitioners, certified nurse midwives, Oklahoma State Health Department (OSDH) and Federally Qualified Health Center (FQHC) nurses, and maternal/child health licensed clinical social workers with a Tobacco Treatment Specialist Certification (TTS C). Chart documentation must include a separate note that addresses the 5A's, separate signature, and the member specific information addressed in the five (5) steps and the time spent by the practitioner performing the counseling. Anything under three (3) minutes is considered part of a routine visit. Smoking and tobacco use cessation counseling is covered per OAC 317:30-5-2 (DD) (i) through (iv).~~
- ~~(Q) **Diagnostic casts and/or oral/facial images.** Diagnostic casts and/or oral/facial images may be requested by OHCA or representatives of OHCA. If cast and/or images are received they will be considered supporting documentation and may be used to make a determination for authorization of services. Submitted documentation used to base a decision will not be returned. Providers will be reimbursed for either the study model or images.~~
- ~~(i) Documentation of photographic images must be kept in the client's medical record and medical necessity identified on the submitted electronic or paper claim.~~
- ~~(ii) Oral/facial photographic images are allowed under the following conditions:~~

- ~~(I) When radiographic images do not adequately support the necessity for requested treatment.~~
- ~~(II) When photo images better support medical necessity for the requested treatment rather than diagnostic models.~~
- ~~(III) If a comprehensive orthodontic workup has not been performed.~~
- ~~(iii) For photographic images, the oral/facial portfolio must include a view of the complete lower arch, complete upper arch, and left and right maximum intercuspation of teeth.~~
  - ~~(I) Maximum intercuspation refers to the occlusal position of the mandible in which the cusps of the teeth of both arches fully interpose themselves with the cusps of the teeth of the opposing arch.~~
  - ~~(II) Intercuspation defines both the anterior posterior and lateral relationships of the mandible and the maxilla, as well as the superior inferior relationship known as the vertical dimension of occlusion.~~
  - ~~(iv) Study models or photographic images not in compliance with the above described diagnostic guidelines will not be compensable. The provider may be allowed to resubmit new images that adhere to the diagnostic guidelines. If the provider does not provide appropriate documentation, the request for treatment will be denied.~~
- ~~(Q) **Additional services.** Additional covered services, which require a prior authorization, are outlined in OAC 317:30-5-698.~~
- ~~(3) **1915(c) home and community-based services (HCBS) waivers.** Dental services are defined in each waiver and must be prior authorized.~~

**317:30-5-698. Services requiring prior authorization**

- (a) **Prior authorizations.** Providers must have prior authorization for certain specified services before delivery of that service, unless the service is provided on an emergency basis [See Oklahoma Administrative Code (OAC) 317:30-5-695(d)(2)]. Requests for dental services requiring prior authorization must be accompanied by sufficient documentation.
- (b) **Requests for prior authorization.** ~~Requests for prior authorization are filed on the currently approved American Dental Association (ADA) form. Requests for prior authorization, and any related documents, must be submitted electronically through the OHCA secure provider portal. Prior authorized services must be billed exactly as they appear on the prior authorization. Payment is not made for any services provided prior to receiving authorization except for the relief of pain.~~
- (c) **Prosthodontic services.** Prosthodontic services provided to members who have become ineligible mid-treatment are covered if the member was eligible for SoonerCare on the date the final impressions were made.

(d) **Adults.** Listed below are examples of services requiring prior authorization for members twenty-one (21) years of age and over/older. Minimum required records to be submitted with each request are right and left mounted bitewings and periapical films or images of tooth/teeth involved or the edentulous areas if not visible in the bitewings. Images must be of diagnostic quality. Images must be identified by the tooth number and include date of exposure, member name, member ID, provider name, and provider ID. All images, regardless of the media, must be submitted together with a completed and signed comprehensive treatment plan that details all needed treatment at the time of examination, with the prior authorization requesting all needed treatment. The images, digital media, and photographs must be of sufficient type and quality to clearly demonstrate for the reviewer, the pathology which is the basis for the authorization request. Documentation of a periodontal evaluation with six (6) point measurements for teeth to remain must be included with requests.

- (1) **Removable prosthetics.**
  - (A) This includes full and partial dentures.
    - (i) One (1) per every five (5) years is available for adults under twenty-five (25) years of age.
    - (ii) One (1) per every seven (7) years is available for adults twenty-five (25) years of age and over.
    - (iii) Provider is responsible for any needed follow up for a period of two (2) years post insertion.
  - (B) Partial dentures are allowed for replacement of missing anterior permanent teeth or two (2) or more missing posterior teeth in the same arch. Provider must indicate which teeth will be replaced.
- (2) **Periodontal scaling and root planing.** Procedure involves instrumentation of the crown and root surfaces of the teeth to remove plaque and calculus from these surfaces. This procedure requires that each tooth involved have three (3) or more of the six-point measurements (probing pocket depths) equivalent to four (4) millimeters or greater, and image supported alveolar bone loss. Image supported subgingival calculus, and bleeding on probing, must be demonstrated on multiple teeth for consideration of scaling and root planing. A minimum of two (2) teeth per quadrant must be involved, with the appropriate CDT code usage for fewer than four (4) teeth per quadrant. This procedure is not allowed in conjunction with any other periodontal surgery. Four quadrants of scaling and root planing will not be approved in conjunction with recent oral prophylaxis.
- (3) **Scaling in the presence of generalized moderate or severe gingival inflammation.** Procedure is designed for removal of plaque, calculus and stain from supra- and sub-gingival tooth surfaces when there is generalized moderate or severe gingival inflammation as indicated by generalized suprabony pockets and bleeding on probing, in the absence of periodontitis (alveolar bone loss). Generalized supra- and sub-gingival calculus, and moderate to severe inflammation must be demonstrated, with probing pocket depths of five (5) mm or greater. This procedure is intended for scaling of the entire mouth in lieu of oral

## Permanent Final Adoptions

prophylaxis, and is only performed after a comprehensive evaluation has been completed.

~~(de) **Children.** Listed below are examples of services requiring prior authorization for members under twenty-one (21) years of age and eligible intermediate care facilities for individuals with intellectual disabilities (ICF/IID) residents. Minimum required records to be submitted with each request are right and left mounted bitewings and periapical films or images of tooth/teeth involved or the edentulous areas if not visible in the bitewings. Images must be of diagnostic quality. Images must be identified by the tooth number and include date of exposure, member name, member ID, provider name, and provider ID. All images, regardless of the media, must be submitted together with a completed and signed comprehensive treatment plan that details all needed treatment at the time of examination, and a completed current ADA form requesting all treatments requiring prior authorization. prior authorization requesting all needed treatments. The images, digital media, photographs, or printouts must be of sufficient quality to clearly demonstrate for the reviewer, the pathology which is the basis for the authorization request. The images, digital media, and photographs must be of sufficient quality to clearly demonstrate for the reviewer, the pathology which is the basis for the authorization request. If radiographs are not taken, provider must include in narrative sufficient information to confirm diagnosis and treatment plan.~~

(1) **Endodontics.** Root canal therapy is not considered an emergency procedure unless due to trauma to an anterior tooth. The provider must document the member's oral hygiene and flossing ability in the member's records. Pulpal debridement may be performed for the relief of pain while waiting for the decision from the Oklahoma Health Care Authority (OHCA) on request for endodontics.

(A) **Anterior endodontics.** Prior authorization is required for members who have a treatment plan requiring more than two (2) anterior root canals. All rampant, active caries should be removed prior to requesting anterior endodontics. Payment is made for services provided in accordance with the following:

- (i) Permanent teeth only;
- (ii) Accepted ADA materials must be used;
- (iii) Pre and post operative periapical images must be available for review;
- (iv) Providers are responsible for any follow up treatment required by a failed endodontically treated tooth within twenty four (24) months post completion;
- (v) A tooth will not be approved if it appears there is not adequate natural tooth structure remaining to establish good tooth/restorative margins or if crown to root ratio is poor; and
- (vi) An endodontic procedure may not be approved if the tooth requires a post and core to retain a crown.

(B) **Posterior endodontics.** The guidelines for this procedure are as follows:

(i) The provider must document the member's oral hygiene and flossing ability in the member's records.

(ii) Teeth that require pre fabricated post and cores to retain a restoration due to lack of natural tooth structure may not be approved for root canal therapy.

(iii) Pre and post operative periapical images must be available for review.

(iv) Providers are responsible for any follow up treatment required by a failed endodontically treated tooth within twenty four (24) months post completion.

(v) A tooth will not be approved if it appears there is not adequate natural tooth structure remaining to establish good tooth/restorative margins or if there is a poor crown to root ratio or weakened root furcation area. Approval of second molars is contingent upon proof of medical necessity.

(vi) Only ADA accepted materials are acceptable under the OHCA policy.

(vii) Posterior endodontic procedure may not be approved if the tooth requires a post and core in order to present adequate structure to retain a crown.

(viii) Endodontics will not be considered if:

- (I) An opposing tooth has super erupted;
- (II) Loss of tooth space is one third or greater;
- (III) Opposing second molars are involved unless prior authorized;
- (IV) The member has multiple teeth failing due to previous inadequate root canal therapy or follow up; or
- (V) All rampant, active caries must be removed prior to requesting posterior endodontics.

(ix) Endodontically treated teeth must be restored to limited occlusal function and all contours must be replaced. Core build up code is only available for use if other restorative codes are not sufficient. These teeth will not be approved for a crown if it appears the apex is not adequately sealed.

(1) **Endodontics.** Root canal therapy is not considered an emergency procedure unless due to trauma to an anterior tooth. The provider must document the member's improved oral hygiene and flossing ability and submit it with the prior authorization request to be considered when requesting endodontic therapy for multiple teeth. Pulpal debridement may be performed for the relief of pain while waiting for the decision from the Oklahoma Health Care Authority (OHCA) on request for endodontics.

(A) Payment is made for services provided in accordance with the following guidelines:

- (i) Permanent teeth only;
- (ii) Only ADA accepted materials are acceptable under the OHCA policy;

(iii) Pre and post-operative periapical images must be available for review;

(iv) Providers are responsible for any follow-up treatment required by a failed endodontically treated tooth within twenty-four (24) months post completion;

(v) A tooth will not be approved if it appears there is not adequate natural tooth structure remaining to establish good tooth/restorative margins or if crown to root ratio is poor. Approval of second molars is contingent upon proof of medical necessity; and

(vi) An endodontic procedure may not be approved if the tooth requires a post and core to retain a crown due to lack of tooth structure.

(B) Endodontics will not be considered if:

(i) An opposing tooth has super erupted;

(ii) The tooth impinges upon space of adjacent tooth space by one third or greater;

(iii) Fully restored tooth will not be in functional occlusion with opposing tooth;

(iv) Opposing second molars are involved unless prior authorized;

(v) The member has multiple teeth failing due to previous inadequate root canal therapy or follow-up.

(C) All rampant, active caries must be removed prior to requesting endodontics.

(D) Endodontically treated teeth must be restored to limited occlusal function and all contours must be replaced. Core build-up code is only available for use if other restorative codes are not sufficient. These teeth will not be approved for a crown if it appears the apex is not adequately sealed.

(2) **Crowns for permanent teeth.** Crowns are compensable for restoration of natural teeth for members who are sixteen (16) years of age or older and adults residing in private ICF/IID and who have been approved for ICF/IID level of care through twenty (20) years of age. Certain criteria and limitations apply.

(A) The following conditions must exist for approval of this procedure:

(i) All rampant, active caries must be removed prior to requesting any type of crown;

(ii) The tooth must be decayed to such an extent to prevent proper cuspal or incisal function;

(iii) The clinical crown is fractured or destroyed by one-half or more; and

(iv) Endodontically treated teeth must have three (3) or more surfaces restored or lost due to carious activity to be considered for a crown.

(B) The conditions listed above in (A)(i) through (iv) ~~should~~must be clearly visible on the submitted images when a request is made for any type of crown.

(C) Routine build-up(s) for authorized crowns are included in the fee for the crown. ~~Non-authorized restorative codes may be used if available.~~

(D) A crown will not be approved if adequate tooth structure does not remain to establish cleanable margins, there is invasion of the biologic width, poor crown to root ratio, or the tooth appears to retain insufficient amounts of natural tooth structure. Cast dowel cores are not allowed for molar or pre-molar teeth.

(E) Preformed post(s) and core build-up(s) are not routinely provided with crowns for endodontically treated teeth.

(F) Chart documentation must include the OHCA caries risk assessment form demonstrating member is at a low to moderate risk and be submitted with the prior authorization request for crowns for permanent teeth.

(G) Provider is responsible for replacement or repair of all crowns if failure is caused by poor laboratory processes or procedure by provider for forty-eight (48) months post insertion.

~~(3) **Cast frame partial** Partial dentures. This appliance is the treatment of choice for replacement of missing anterior permanent teeth or two (2) or more missing posterior teeth in the same arch for members sixteen (16) through twenty (20) years of age. Provider must indicate which teeth will be replaced. Members must have improved oral hygiene documented for at least twelve (12) months in the provider's records and submitted with prior authorization request to be considered. Provider is responsible for any needed follow up for a period of two (2) years post insertion.~~

(A) This appliance is the treatment of choice for replacement of missing anterior permanent teeth or two (2) or more missing posterior teeth in the same arch for members sixteen (16) years of age and older.

(B) Interim partial dentures are available for children five (5) years of age and older.

(C) Provider must indicate which teeth will be replaced.

(D) Members must have improved oral hygiene documented for at least twelve (12) months in the provider's records and submitted with prior authorization request to be considered.

(E) Provider is responsible for any needed follow up for a period of two (2) years post insertion.

(F) This appliance includes all necessary clasps and rests.

~~(4) **Acrylic partial.** This appliance is the treatment of choice for replacement of three (3) or more missing teeth in the same arch for members twelve (12) through sixteen (16) years of age. Provider must indicate tooth numbers to be replaced. This appliance includes all necessary clasps and rests.~~

~~(5) **Occlusal guard.** Narrative of medical necessity must be sent with prior authorization. Model should not be made or sent unless requested.~~

~~(6) **Fixed cast non-precious metal or porcelain/metal bridges.** Only members seventeen (17) through twenty (20) years of age will be considered for~~

## Permanent Final Adoptions

this treatment. Destruction of healthy teeth to replace a single missing tooth is not considered medically necessary. Members must have excellent oral hygiene documented for at least eighteen (18) months in the requesting provider's records and submitted with prior authorization request to be considered. Provider is responsible for any needed follow up until member loses eligibility.

**(76) Periodontal scaling and root planing.** Procedure is designed for the removal of calculus or tissue that is contaminated and may require anesthesia and some soft tissue removal. This procedure requires that each tooth have three (3) or more of the six-point measurements four (4) millimeters or greater, and have multiple areas of image supported bone loss, subgingival calculus and must involve two (2) or more teeth per quadrant for consideration. This procedure is not allowed in conjunction with any other periodontal surgery. Procedure involves instrumentation of the crown and root surfaces of the teeth to remove plaque and calculus from these surfaces. This procedure requires that each tooth involved have three (3) or more of the six-point measurements (probing pocket depths) equivalent to four (4) millimeters or greater, and image supported alveolar bone loss. Image supported subgingival calculus, and bleeding on probing, must be demonstrated on multiple teeth for consideration of scaling and root planing. A minimum of two (2) teeth per quadrant must be involved, with the appropriate CDT code usage for fewer than four (4) teeth per quadrant. This procedure is not allowed in conjunction with any other periodontal surgery. Four quadrants of scaling and root planing will not be approved in conjunction with recent oral prophylaxis.

**(87) Scaling in the presence of generalized moderate or severe gingival inflammation.** Procedure is designed for removal of plaque, calculus and stain from supra- and sub-gingival tooth surfaces when there is generalized moderate or severe gingival inflammation, as indicated by generalized suprabony pockets and bleeding on probing, in the absence of periodontitis (bone loss). This procedure is only performed after a comprehensive evaluation has been completed and is not performed in conjunction with a prophylaxis. Procedure is designed for removal of plaque, calculus and stain from supra- and sub-gingival tooth surfaces when there is generalized moderate or severe gingival inflammation as indicated by generalized suprabony pockets and bleeding on probing, in the absence of periodontitis (alveolar bone loss). Generalized supra- and sub-gingival calculus, and moderate to severe inflammation must be demonstrated, with probing pocket depths of five (5) mm or greater. This procedure is intended for scaling of the entire mouth in lieu of oral prophylaxis, and is only performed after a comprehensive evaluation has been completed.

### 317:30-5-699. Restorations

(a) **Utilization parameters.** ~~The Oklahoma Health Care Authority utilization parameters allow only one permanent restorative service to be provided per tooth per 24 months.~~

~~Additional restorations may be authorized upon approval of OHCA in cases of trauma. Teeth receiving a restoration are eligible within three months for consideration of single crown if endodontically treated. Providers must document type of isolation used in treatment progress notes. The provider is responsible for follow up or any required replacement of a failed restoration, if the member is currently SoonerCare eligible.~~

(1) The Oklahoma Health Care Authority utilization parameters allow only one (1) permanent restorative service to be provided per tooth per twenty-four (24) months.

(2) Additional restorations may be authorized upon approval of OHCA in cases of trauma.

(3) The provider is responsible for follow-up or any required replacement of a failed restoration, if the member is currently SoonerCare eligible.

(4) Providers must document type of isolation used in treatment progress notes.

(5) For members who are under twenty-one (21) years of age and who are receiving a restoration are eligible within three (3) months for consideration of a single crown if endodontically treated.

(b) **Coverage for dental restorations.** Restoration of incipient lesions is not considered medically necessary treatment. Any diagnosis not supported by images requires documentation of the medical need on which the diagnosis was made. Services for dental restorations are covered, for adults and children, as follows:

(1) If the mesial occlusal pit and the distal occlusal pit on an upper molar tooth are restored at the same appointment, this is a one (1) surface restoration.

(2) If any two (2) separate surfaces on a posterior tooth are restored at the same appointment, it is a two (2) surface restoration.

(3) If any three (3) separate surfaces on a posterior tooth are restored at the same appointment, it is a three (3) surface restoration.

(4) If the mesial, distal, facial and/or lingual of an upper anterior tooth is restored at the same appointment, this is a four (4) surface restoration.

(5) If any two (2) separate surfaces on an anterior tooth are restored at the same appointment, it is a two (2) surface restoration.

(6) If any three (3) separate surfaces on an anterior tooth are restored at the same appointment, it is a three (3) surface restoration.

(7) An incisal angle restoration is defined as one (1) of the angles formed by the junction of the incisal and the mesial or distal surface of an anterior tooth. If any of these surfaces are restored at the same appointment, even if separate, it is considered as a single incisal angle restoration.

(8) When four (4) or more separate surfaces on a posterior tooth are restored at the same appointment it is a four (4) surface restoration.

(9) Wide embrasure cavity preparations do not become extra surfaces unless at least one half of cusp or surface is involved in the restoration. An MODFL restoration would have to include the mesial-occlusal-distal surfaces as well

as either the buccal groove pit or buccal surface or at least one half the surface of one of the buccal cusps. The same logic applies for the lingual surface.

**317:30-5-700. Orthodontic services**

(a) Orthodontic services are available for members who are SoonerCare-eligible and under eighteen (18) years of age at the time the request for prior authorization for treatment is received. In order to be eligible for SoonerCare orthodontic services, members must be referred through an OHCA contracted primary care dentist using the DEN-2 form found on the Oklahoma Health Care Authority (OHCA) website; a member can receive a referral from a primary care dentist to the orthodontist only after meeting the following:

- (1) The member has had a caries free initial visit; or
- (2) Has all decayed areas restored and has remained caries free for twelve 12 months; and
- (3) Has demonstrated competency in maintaining an appropriate level of oral hygiene.

(b) Member with cleft palate can be referred directly by their treating physician without a dental referral and are exempt from above requirements.

(c) The SoonerCare Orthodontic Program limits orthodontic services to handicapping malocclusions determined to be severe enough to warrant medically necessary treatment. The orthodontic provider has the ability to determine if members may qualify with a visual screening. Diagnostic record accumulation and/or submission should only occur for members with high potential for acceptance. These orthodontic services include the following:

- (1) A handicapping malocclusion, as measured on the Oklahoma Health Care Authority (OHCA) Handicapping Labio-Lingual Deviation Index of Malocclusion (DEN-6) form, with a minimum score of thirty (30);
- (2) Any classification secondary to cleft palate or other maxillofacial deformity;
- (3) If a single tooth or anterior crossbite is the only medical need finding, service will be limited to interceptive treatment;
- (4) Fixed appliances only; and
- (5) Permanent dentition with the exception of cleft defects.

(d) Reimbursement for orthodontic services is limited to:

- (1) Orthodontists, or
- (2) General or Pediatric dental practitioners who have completed at least two-hundred (200) certified hours of continuing education in the field of orthodontics practice and submit for review at least twenty-five successfully completed comprehensive cases. Of these twenty-five comprehensive cases, ten or more must be extraction cases. An applicant for this certification must practice in an OHCA deemed under-served area. The comprehensive cases submitted ~~should~~must be of a complexity consistent with type of handicapping malocclusion likely to be treated in the SoonerCare program.

(A) Cases submitted must include at least one (1) of each of the following types:

- (i) Deep overbite where multiple teeth are impinging upon the soft tissue of the palate;
- (ii) Impacted canine or molar requiring surgical exposure;
- (iii) Bilateral posterior crossbite requiring fixed rapid palatal expansion; and
- (iv) Skeletal class II or III requiring orthognathic surgery.

(B) As with all dental or orthodontia treatment performed and reimbursed by SoonerCare, all pre and post orthodontic records must be available for review.

(C) The OHCA requires all general dentists providing comprehensive orthodontic care to submit a copy of the Oklahoma Board of Dentistry continuing education report and verification that at least twenty (20) continuing education hours in the field of orthodontics has been completed per reporting period. All verification reports must be submitted to OHCA Dental Unit every three (3) years, no later than August 30. In addition, verification of adequate progress for all active orthodontic cases will be reviewed by the OHCA Dental Unit upon completion of twenty-four (24) months of therapy.

(e) The following limitations apply to orthodontic services:

- (1) Cosmetic orthodontic services are not a covered benefit of the SoonerCare program and no requests should be submitted;
- (2) All orthodontic procedures require prior authorization for payment;
- (3) Prior authorization for orthodontic treatment is not a notification of the member's eligibility and does not guarantee payment. Payment for authorized services depends on the member's eligibility at the beginning of each treatment year. Treatment year is determined by date of banding; and
- (4) The member must be SoonerCare-eligible and under eighteen (18) years of age at the time the request for prior authorization for treatment is received by the OHCA. Services cannot be added or approved after eligibility has expired. It is the orthodontist's responsibility to verify that the member has current SoonerCare eligibility and the date of birth indicates the member is under age eighteen (18).

(f) Orthodontic services are an elective procedure. The orthodontist must interview the prospective member as to his/her understanding of and willingness to cooperate fully in a lengthy treatment program.

(g) The interview information is unavailable to OHCA except through the provider's recommendation of treatment. The interview process for OHCA members is equivalent to that of private pay patients.

(h) Providers are not obligated to accept a member when it appears that the member will not cooperate in the orthodontic hygiene treatment program, does not return to the general dentist for preventive visits or is not willing to keep eligibility for SoonerCare current.

## Permanent Final Adoptions

---

### 317:30-5-700.1. Orthodontic prior authorization

(a) Orthodontic services are available for members who are SoonerCare-eligible and under eighteen (18) years of age, at the time the request for prior authorization for treatment is received, per Oklahoma Administrative Code 317:30-5-700.

The following records and documentation, plainly labeled with the member's full name, recipient identification number (RID), and the orthodontist's name are required for prior authorization of orthodontic services and must be submitted to the Dental Unit of the Oklahoma Health Care Authority (OHCA) Dental Program when the member has a total score of not less than thirty (30) points or meets other eligibility criteria in paragraph (d).

(1) Completed ~~currently approved American Dental Association (ADA) dental claim form~~ prior authorization requesting all needed treatments;

(2) Complete and scored Handicapping Labio-Lingual Deviation (HDL) Index with Diagnosis of Angle's classification;

(3) Detailed description of any oral maxillofacial anomaly;

(4) Estimated length of treatment;

(5) Intraoral photographs showing teeth in centric occlusion and/or photographs of trimmed anatomically occluded diagnostic casts. A lingual view of casts may be included to verify impinging overbites;

(6) Cephalometric images with tracing, and panoramic film, with a request for prior authorization of comprehensive orthodontic treatment;

(7) Completed OHCA caries risk assessment form;

(8) If diagnosed as a surgical case, submit an oral surgeon's written opinion that orthognathic surgery is indicated and the surgeon is willing to provide this service; and

(9) Additional pertinent information as determined necessary by the orthodontist or as requested by the OHCA.

(b) All images and required documentation must be submitted in one (1) package. OHCA is not responsible for lost or damaged materials.

(c) All records and documentation submitted in a request for prior authorization for orthodontic treatment are reviewed by the OHCA orthodontic consultant for compensability and length of treatment. Any documentation on which a decision is made will not be returned.

(d) Some children not receiving a minimum score of thirty (30) on the HDL Index may have other conditions to be considered. In the event an orthodontist believes there are other medical, social, or emotional conditions impacting the general health of the child, he/she refers to the conditions listed on the Early and Periodic Screening, Diagnostic and Treatment (EPSDT) exception section found on the HLD. The following guidelines and restrictions apply to other conditions:

(1) Other medical, social, or emotional conditions are limited to those conditions that affect the medical, social or emotional function of the child;

(2) Other medical, social, or emotional conditions are not scored if the sole condition sought to be improved is the cosmetic appearance of the child;

(3) Such other medical, social, or emotional conditions must be demonstrated by objective evidence such as supported documentation outside the child's immediate family (e.g., a child's teacher, primary care physician, behavioral health provider, school counselor);

(4) Objective evidence must be submitted with the HLD;

(5) When such other medical, social, or emotional conditions are reflected on the HLD, the OHCA orthodontic consultant must review the data and use his or her professional judgment to score the value of the conditions; and

(6) The OHCA orthodontic consultant may consult with and utilize the opinion of the orthodontist who completes the form.

(e) If it is determined that the malocclusion is not severe enough to warrant medically necessary orthodontic services or the member's age precludes approval, a computer generated notice is issued to the provider and member with notice of the denial, the reason for the denial, and appeal rights [see Oklahoma Administrative Code (OAC) 317:2-1 for grievance procedures and processes].

(f) Orthodontic treatment and payment for the services are approved within the scope of the SoonerCare program. If orthodontic treatment is approved, a computer generated notice is issued authorizing the first year of treatment.

(1) Approval of orthodontic treatment is given in accordance with the following:

(A) Authorization for the first year begins on the date of banding and includes the placement of appliances, arch wires, and a minimum of six (6) adjustments. It is expected that orthodontic members be seen every four (4) to eight (8) weeks for the duration of active treatment.

(B) Subsequent adjustments will be authorized in one (1) year intervals and the treating orthodontist must provide a comprehensive progress report at the twenty-four (24) month interval.

(C) All approved treatment is included on the original prior authorization and will include the total payment for that treatment year.

(2) Claim and payment are made as follows:

(A) Payment for comprehensive treatment includes the banding, wires, adjustments as well as all ancillary services, including the removal of appliances, and the construction and placing of retainers.

(B) Payment is not made for comprehensive treatment beyond thirty-six (36) months.

(g) If the member moves from the geographic area or shows a need to change their provider, then the provider who received the yearly payment is financially responsible until completion of that member's orthodontic treatment for the current year.

(h) If the provider who received yearly payment does not agree to be financially responsible, then the OHCA may recoup funds paid for the member's orthodontic treatment.

(i) All orthodontic services are subject to post-utilization review. This review may include a request by the OHCA to submit medical documentation necessary to complete the review. After review is completed, these materials are returned to the orthodontist.

~~(j) Study models or oral/facial images must be diagnostic and meet the following requirements:~~

~~(1) Study models must be properly poured and adequately trimmed without large voids or positive bubbles present.~~

~~(2) Centric occlusion must be clearly indicated by pencil lines on the study models, making it possible to occlude the teeth on the models in centric occlusion.~~

~~(3) 3-D model images are preferred.~~

~~(4) All measurements are made or judged on the basis of greater than or more than the minimal criteria. Measurement, counting, recording, or consideration is performed only on teeth that have erupted and may be seen on the study models.~~

~~(5) For photographic images, the oral/facial portfolio must show a view of the complete lower arch, complete upper arch, and left and right maximum intercuspation of teeth.~~

~~(A) Maximum intercuspation refers to the occlusal position of the mandible in which the cusps of the teeth of both arches fully interpose themselves with the cusps of the teeth of the opposing arch.~~

~~(B) Intercuspation defines both the anterior-posterior and lateral relationships of the mandible and the maxilla, as well as the superior-inferior relationship known as the vertical dimension of occlusion.~~

(j) Electronic images of casts and/or oral/facial images may be requested by OHCA or representatives of OHCA. Providers will be reimbursed for either the study model or images when obtained for orthodontic evaluation and/or therapy.

(1) Documentation of casts and/or photographic images must be kept in the client's medical record and medical necessity identified on the submitted electronic claim.

(2) For photographic images, the oral/facial portfolio must include a view of the complete lower arch, complete upper arch, and left and right maximum intercuspation of teeth.

(A) Maximum intercuspation refers to the occlusal position of the mandible in which the cusps of the teeth of both arches fully interpose themselves with the cusps of the teeth of the opposing arch.

(B) Intercuspation defines both the anterior-posterior and lateral relationships of the mandible and the maxilla, as well as the superior-inferior relationship known as the vertical dimension of occlusion.

(3) 3-D model images or photographic images not in compliance with the diagnostic guidelines will not be compensable. The provider may be allowed to resubmit new images that adhere to the diagnostic guidelines. If the provider does not provide appropriate documentation, the request for treatment will be denied.

**317:30-5-705. Billing and reimbursement**

~~Billing for dental services may be submitted on the currently approved version of the American Dental Association (ADA) claim form. Diagnosis codes are requested to be listed in box 34 of the current ADA dental claim form. Electronic submission must be made on the HIPAA compliant Form 837D.~~

~~(a) Dental claims, and any related documents, must be submitted electronically or through the OHCA secure provider portal. Electronic submission must be made on the HIPAA compliant Form 837D.~~

~~(b) Billing and reimbursement methodology, including co-payments, are outlined in the Oklahoma Medicaid State Plan.~~

**TITLE 317. OKLAHOMA HEALTH CARE AUTHORITY  
CHAPTER 30. MEDICAL PROVIDERS-FEE FOR SERVICE**

*[OAR Docket #22-428]*

**RULEMAKING ACTION:**

PERMANENT final adoption

**RULES:**

Subchapter 3. General Provider Policies

Part 6. Out-of-State Services

317:30-3-92 [AMENDED]

(Reference APA WF # 21-35)

**AUTHORITY:**

The Oklahoma Health Care Authority Act, Section 5007 of Title 63 of Oklahoma Statutes; the Oklahoma Health Care Authority Board; 42 C.F.R. Section 440.170

**SUBMISSION OF PROPOSED RULES TO GOVERNOR AND CABINET SECRETARY:**

December 30, 2021

**COMMENT PERIOD:**

February 1, 2022 through March 3, 2022

**PUBLIC HEARING:**

March 8, 2022

**ADOPTION:**

March 30, 2022

**SUBMISSION OF ADOPTED RULES TO GOVERNOR AND LEGISLATURE:**

March 30, 2022

**APPROVED BY GOVERNOR'S DECLARATION:**

Approved by Governor's declaration on June 21, 2022

**FINAL ADOPTION:**

June 21, 2022

**EFFECTIVE:**

September 12, 2022

**SUPERSEDED EMERGENCY ACTIONS:**

n/a

**INCORPORATIONS BY REFERENCE:**

n/a

**GIST/ANALYSIS:**

The proposed revisions will outline who can request the lodging and meal services and the timeframe that the request must be submitted. Additionally, a clause addressing emergency situations will be added to override the timeframe. The proposed revisions will also outline the information that must be submitted with each request. Further revisions will define meal requirements and what constitutes a meal. Additional revisions will outline how lodging providers and members authorize the member's length of stay. Authorization for length of stay includes having the lodging provider create a document/attestation that lists all the dates that the member has stayed in the facility and requiring the member's review and signature of the document/attestation before he/she/they checks out of the lodging

# Permanent Final Adoptions

provider's facility. Furthermore, the revisions will specify that it is the responsibility of both, the lodging provider and the member, to ensure that the document/attestation is verified and signed. Additional policy changes will add descriptions and processes for incidental charges and complaints. These changes are necessary to align the policy with current business practices.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 12, 2022:**

## SUBCHAPTER 3. GENERAL PROVIDER POLICIES

### PART 6. OUT-OF-STATE SERVICES

#### 317:30-3-92. Payment for lodging and mealsLodging and meals services

(a) ~~Payment for lodging and/or meals assistance for an eligible member and one (1) approved medical escort, if needed, is provided only when medically necessary in connection with SoonerCare compensable services. For medically necessary criteria please refer to Oklahoma Administrative Code 317:30-3-1 (f) (1) through (6). The Oklahoma Health Care Authority (OHCA) has discretion and final authority to approve or deny any lodging and/or meal services.~~

~~(1) Lodging and/or meals are reimbursable when prior approved. Payment for lodging and/or meals is limited to a period of up to twenty four (24) hours prior to the start of member's medical services and up to twenty four (24) hours after the services end. If travel arrangements cannot meet the aforementioned stipulations, due to travel issues/restrictions and/or medically necessary services, then lodging and/or meals may be provided with approval from the OHCA.~~

~~(2) Lodging and/or meals will not be provided if a suitable alternative is available at a hospital or non-profit. Factors to be considered in determining availability include, but are not limited to:~~

- ~~(A) Type of hospital room;~~
- ~~(B) Availability of "rooming in";~~
- ~~(C) Shower facilities available for use by the medical escort; and~~
- ~~(D) Member's anticipated length of stay.~~

~~(3) The following conditions must be met in order for lodging and/or meals to be reimbursed, unless the lodging and/or meals provision is determined to be the most cost-effective alternative:~~

- ~~(A) Travel must be to obtain specialty care at the closest appropriate facility and be fifty (50) miles or greater from the member's home;~~

~~(B) The trip cannot be completed during SoonerRide operating hours or the member's medical treatment/condition requires an overnight stay; and~~  
~~(C) Medical necessity must be confirmed and the medical escort must be actively engaged and participative in compensable care.~~

~~(4) Meals will be reimbursed if lodging criteria is met. Duration of the trip must be eighteen (18) hours or greater.~~

~~(5) Reimbursement for meals is based on a daily per diem and may be used for breakfast, lunch or dinner, or all three (3) meals, as required. If meals or meal vouchers are provided by either the hospital or the lodging provider, additional reimbursement will not be provided to the member.~~

~~(6) During the first fourteen (14) days of a member's inpatient or outpatient stay, lodging and meals can be approved per a hospital social worker/provider without prior approval. Additional lodging and/or meals beyond the fourteen (14) days must be prior approved by the OHCA.~~

~~(7) A member may not receive reimbursement for lodging and/or meals services for days the member is inpatient in a hospital or medical facility since that will be provided at the location that the member is receiving inpatient services.~~

(b) ~~Criteria for lodging and/or meals reimbursement is as follows:~~

~~(1) Lodging must be with a SoonerCare contracted room and board provider, when available, before direct reimbursement to a member and/or medical escort can be authorized.~~

~~(2) If lodging and/or meals assistance with contracted room and board providers is not available, the member and any medical escort may request reimbursement assistance by submitting the appropriate travel reimbursement forms. The travel reimbursement forms may be obtained by contacting SoonerCare Population Care Management division.~~

~~(3) Any lodging and/or meal expenses claimed on the travel reimbursement forms must be documented with the required receipts. If the compensable service related to lodging/meals is not verifiable, reimbursement will be denied.~~

~~(4) Reimbursement for lodging will not exceed maximum state allowable amounts.~~

~~(5) In order for lodging to be reimbursed for a medical escort of a hospitalized member, the medical escort must be able to assist the member during escort and be of an age of legal majority recognized under state law. In cases where the lodging facility has additional requirements, the medical escort must comply with them. This includes, but is not limited to, being compliant with the lodging facility's required age to check in.~~

~~(e) If the Oklahoma Department of Human Services (DHS) removes a child from his/her home, a court must appoint a temporary guardian. During this time, the temporary guardian is eligible for medical escort related lodging and/or meals services. If the minor is in need of medical services and a temporary guardian has not been appointed, then the DHS case~~

worker accompanying the minor is eligible for lodging and/or meal services. It is the responsibility of the OHCA to determine this necessity. The decision should be based on the following circumstances:

- (1) When the individual's health or disability does not permit traveling alone; and
- (2) When the individual seeking medical services is a minor child.

(a) **Requests for lodging and meals services.**

(1) Requests for lodging and meals services shall derive from the treating facility or the member. All requests shall be submitted at least three (3) business days prior to check-in, with exceptions made only in emergency situations. Requests will include, but are not limited to, the following information:

(A) SoonerCare member information:

- (i) Name;
- (ii) SoonerCare ID number;
- (iii) Address;
- (iv) Member diagnosis;

(B) Visit information:

- (i) Inpatient/outpatient visit;
- (ii) Facility name;
- (iii) Provider name and number;
- (iv) Appointment date and time:
  - (I) Check-in time;
  - (II) Duration of stay if inpatient;
  - (III) Admission date and time;

(C) Services requested:

- (i) Lodging;
- (ii) Meals; or
- (iii) Both lodging and meals;

(D) Medical escort information:

- (i) Name;
- (ii) Relationship to member;
- (iii) Medical necessity for the need of an escort; and

(E) Any special accommodations that need to be met.

(2) Any additional documentation, including medical records, that may be needed to determine the need for lodging and meals services.

(b) **Meal requirements.**

(1) At least two (2) meals shall be provided/served to receive the per diem payment.

(2) Meals provided shall strive to meet the nutritional guidance outlined in the current United States Department of Agriculture and Health and Human Services Dietary Guidelines.

(3) Meals may be hot, cold, frozen, dried, or canned (with a satisfactory storage life).

(c) **Reimbursement for lodging and meals services.**

(1) Payment is made for lodging and/or meals assistance for an eligible member and one (1) approved medical escort, if needed, only when medically necessary and in connection with SoonerCare compensable services. For medically necessary criteria, please refer to Oklahoma Administrative Code 317:30-3-1 (f) (1) through (6). The

Oklahoma Health Care Authority (OHCA) has discretion and final authority to approve or deny any lodging and/or meal services.

(A) Lodging and/or meals are reimbursable when prior approved. Payment for lodging and/or meals is limited to a period of up to twenty-four (24) hours prior to the start of member's medical service(s) and up to twenty-four (24) hours after the service(s) end. If travel arrangements cannot meet these timeframes, due to travel issues/restrictions and/or medically necessary services, then lodging and/or meals may be provided with approval from the OHCA.

(B) Lodging and/or meals will not be provided if a suitable alternative is available at a hospital or non-profit. Factors to be considered in determining availability include, but are not limited to:

- (i) Type of hospital room;
- (ii) Availability of "rooming-in";
- (iii) Shower facilities available for use by the medical escort; and
- (iv) Member's anticipated length of stay.

(C) The following conditions shall be met for lodging and/or meals to be reimbursed, unless the lodging and/or meals provision is determined to be the most cost-effective alternative:

- (i) Travel to obtain specialty care at the closest appropriate facility and be fifty (50) miles or greater from the member's home;
- (ii) The trip cannot be completed during SoonerRide operating hours or the member's medical treatment/condition requires an overnight stay; and
- (iii) Medical necessity is confirmed and the medical escort will be actively engaged and participative in compensable care.

(D) Meals will be reimbursed if lodging criteria is met. Duration of the trip must be eighteen (18) hours or greater.

(E) Reimbursement for meals is based on a daily per diem and may be used for breakfast, lunch, or dinner, or all three (3) meals, as required.

(i) If meals or meal vouchers are provided by either the hospital or the lodging provider, additional reimbursement will not be provided to the member.

(ii) If meals or meal vouchers are not provided by either the hospital or lodging provider, the member may be reimbursed for getting meals outside of the hospital or lodging provider. In lieu of meals out, groceries may be reimbursed up to the daily per diem limit.

(iii) If meals or meal vouchers are provided by the lodging provider, but the member has a medically indicated dietary need that the lodging provider would not meet on a normal basis, the member may provide their own meals and be reimbursed.

## Permanent Final Adoptions

- (I) Members will be reimbursed based on the daily per diem rate. In lieu of meals out, groceries may be reimbursed up to the daily per diem limit.
- (II) Medical documentation showing medically necessary dietary needs will need to be provided upon request for these circumstances.
- (III) If varying dietary preferences need to be accommodated, that will be at the member's own expense.
- (F) During the first fourteen (14) days of a member's inpatient stay, lodging and meals can be approved per a hospital social worker/provider without prior approval. Additional lodging and/or meals beyond the fourteen (14) days must be prior approved by the OHCA.
- (G) A member may not receive reimbursement for lodging and/or meals services for days the member is inpatient in a hospital or medical facility since that will be provided at the location that the member is receiving inpatient services.
- (2) Criteria for lodging and/or meals reimbursement is as follows:
- (A) If lodging and/or meals assistance with contracted room and board providers is not available, the member and the medical escort may request reimbursement assistance by submitting the appropriate travel reimbursement forms. The travel reimbursement forms may be obtained by contacting the SoonerCare Population Care Management division.
- (B) Any lodging and/or meal expenses claimed on the travel reimbursement forms shall be documented with the required receipts. If the compensable service related to lodging/meals is not verifiable, reimbursement will be denied.
- (C) Reimbursement for lodging will not exceed maximum State allowable amounts.
- (D) In order for lodging to be reimbursed for a medical escort of a hospitalized member, the medical escort is required to actively assist the member during the escort and be of an age of legal majority recognized under State law. In cases where the lodging facility has additional requirements, the medical escort shall comply with them. This includes, but is not limited to, being compliant with the lodging facility's required age to check in.
- (E) The lodging provider is not eligible for reimbursement if the member and/or approved medical escort do not stay overnight. If the member and/or escort do not remove personal belongings, the lodging provider may charge the member and/or medical escort for the room that is occupied.
- (d) **Authorizations and verification of services.**
- (1) The member and/or medical escort shall review and sign an appropriate attestation, from the lodging provider, verifying the correct dates are listed in the length of stay.
- (2) The member and/or medical escort are responsible for notifying the lodging provider, and the OHCA, if they do not stay overnight or if they leave earlier than the days that have been allotted on the authorization. If the member and/or medical escort do not stay overnight, or leave early, the appropriate attestation shall still need to be reviewed, verified, and signed.
- (3) The member and/or approved medical escort may be required to sign in/out at the lodging provider's front desk on a daily basis.
- (e) **Incidental charges, damages, and complaints.**
- (1) **Incidental charges and damages.**
- (A) Any incidental charges, including costs and services that are not covered under the lodging and meals benefit, will not be paid. If the member and/or medical escort makes any charges outside the scope of the lodging and meals benefit, then the member and/or medical escort shall be responsible for the charges incurred.
- (B) The member, and/or approved medical escort, shall be responsible for the payment of any damages that are made to the lodging facility.
- (2) **Complaints on members/medical escorts.**
- (A) If a complaint is received from the lodging provider on a member and/or approved medical escort, the OHCA will reassign the member and/or approved medical escort to another lodging facility.
- (B) If the OHCA receives more than two (2) complaints on the member and/or medical escort, then the member and/or medical escort will be moved to a probationary period. During the probationary period, the member and/or medical escort will be required to provide his, her, or their own lodging which will be eligible for reimbursement up to the daily per diem rate.
- (3) **Complaints on providers/lodging facilities.**
- (A) Any complaints on lodging facilities should be directed to the SoonerCare Population Care Management division. The member should provide as much information as possible, including but not limited to, the time, facility, names, and the exact nature of the complaint.
- (B) If the complaint is a safety issue, then the OHCA will assist the member into getting placed with another lodging provider, if available, or make arrangements for lodging reimbursement.
- (C) The OHCA will gather all pertinent information and document it into the system to see if there are any ongoing trends with the lodging providers who have had complaints filed on them. The OHCA will use this information to attempt to decrease the likelihood of issue reoccurrences.
- (D) If complaints/issues continue to persist, the OHCA will work with the lodging facility and the Oklahoma State Department of Health (OSDH) to create an appropriate solution.
- (f) **Temporary guardians.**
- (1) If the Oklahoma Department of Human Services (DHS) removes a child from his/her/their home, a court must appoint a temporary guardian. During this time, the temporary guardian is eligible for medical escort-related

lodging and/or meals services. If the minor is in need of medical services and a temporary guardian has not been appointed, then the DHS case worker accompanying the minor is eligible for lodging and/or meal services.

(2) It is the responsibility of the OHCA to determine this necessity. The decision will be based on the following circumstances:

- (A) When the individual's health or disability does not permit traveling alone; and
(B) When the individual seeking medical services is a minor child.

(g) Clinical trials. In accordance with federal regulations and OAC 317:30-3-57.1 and 317:30-3-90 (d)(2), exceptions to the lodging and meals prior authorization requirements will be made for members who are participating in a clinical trial that requires the member to go out-of-state.

(h) Final authority. The OHCA has discretion and the final authority in determining the need for lodging and meals, as well as who will be providing the lodging and meals services. This includes the mode of provision for the services, whether it be through a SoonerCare contracted provider or direct reimbursement to a member or a medical escort.

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 12, 2022:

SUBCHAPTER 5. INDIVIDUAL PROVIDERS AND SPECIALTIES

PART 1. PHYSICIANS

317:30-5-20. Laboratory services

This Section covers the guidelines for payment of laboratory services by a provider in his/her office, a certified laboratory and for a pathologist's interpretation of laboratory procedures.

- (1) Compensable services. Providers may be reimbursed for compensable clinical diagnostic laboratory services only when they personally perform or supervise the performance of the test. If a provider refers specimen to a certified laboratory or a hospital laboratory serving outpatients, the certified laboratory or the hospital must bill for performing the test.

- (A) Reimbursement for lab services is made in accordance with the Clinical Laboratory Improvement Amendment of 1988 (CLIA). These regulations provide that payment may be made only for services furnished by a laboratory that meets CLIA conditions, including those furnished in physicians' offices. Eligible providers must be certified under the CLIA program and have obtained a CLIA ID number from Centers for Medicare and Medicaid Services and have a current contract on file with the Oklahoma Health Care Authority (OHCA). Providers performing laboratory services must have the appropriate CLIA certification specific to the level of testing performed.
(B) Only medically necessary laboratory services are compensable.

- (i) Testing must be medically indicated as evidenced by patient-specific indications in the medical record.
(ii) Testing is only compensable if the results will affect patient care and are performed to diagnose conditions and illnesses with specific symptoms.
(iii) Testing is only compensable if the services are performed in furtherance of the diagnosis and/or treatment of conditions that are covered under SoonerCare.

## Permanent Final Adoptions

---

(C) Laboratory testing must be ordered by the physician or non-physician provider, and must be individualized to the patient and the patient's medical history or assessment indicators as evidenced in the medical documentation.

(D) Laboratory testing for routine diagnostic or screening tests following clinical guidelines such as those found in the American Academy of Pediatrics (AAP) Bright Futures' periodicity schedule, the United States Preventive Services Task Force (USPSTF) A and B recommendations, the American Academy of Family Practitioners (AAFP), or other nationally recognized medical professional academy or society standards of care, is compensable. Additionally, such sources as named in this subdivision should meet medical necessity criteria as outlined in Oklahoma Administrative Code (OAC) 317:30-3-1(f).

(2) **Non-compensable laboratory services.**

(A) Laboratory testing for routine diagnostic or screening tests not supported by the clinical guidelines of a nationally recognized medical professional academy or society standard of care, and/or testing that is performed without apparent relationship to treatment or diagnosis of a specific illness, symptom, complaint or injury is not covered.

(B) Non-specific, blanket panel or standing orders for laboratory testing, ~~custom panels particular to the ordering provider,~~ or lab panels which have no impact on the patient's plan of care are not covered.

(C) Split billing, or dividing the billed services for the same patient for the same date of service by the same rendering laboratory into two (2) or more claims is not allowed.

(D) ~~Separate payment is not made for blood specimens obtained by venipuncture or urine specimens collected by a laboratory. These services are considered part of the laboratory analysis.~~ Separate payment is not made for blood specimens obtained by venipuncture, arterial puncture, or urine specimens collected by a provider who is also performing the laboratory testing as these services are considered part of the laboratory analysis.

(E) Claims for inpatient full service laboratory procedures are not covered since this is considered a part of the hospital rate.

(F) Billing multiple units of nucleic acid detection for individual infectious organisms when testing for more than one (1) infectious organism in a specimen is not permissible. Instead, OHCA considers it appropriate to bill a single unit of a procedure code indicated for multiple organism testing.

(G) Billing multiple Current Procedural Terminology (CPT) codes or units for molecular pathology tests that examine multiple genes or incorporate multiple types of genetic analysis in a single run or report is not permissible. Instead, OHCA considers it appropriate to bill a single CPT code for such test. If an

appropriate code does not exist, then one (1) unit for an unlisted molecular pathology procedure may be billed.

(3) **Covered services by a pathologist.**

(A) A pathologist may be paid for the interpretation of inpatient surgical pathology specimen when the appropriate CPT procedure code and modifier is used.

(B) Full service or interpretation of surgical pathology for outpatient surgery performed in an outpatient hospital or ambulatory surgery center setting.

(4) **Non-compensable services by a pathologist.** The following are non-compensable pathologist services:

(A) Experimental or investigational procedures. For more information regarding experimental or investigational including clinical trials, see OAC 317:30-3-57.1.

(B) Interpretation of clinical laboratory procedures.

### 317:30-5-20.1. Drug screening and testing

(a) **Purpose.** Drug Testing is performed for undisclosed drug use and/or abuse, and to verify compliance with treatment. Testing for drugs of abuse to monitor treatment compliance should be included in the treatment plan for pain management when chronic opioid therapy is involved.

(1) Qualitative (presumptive) drug testing may be used to determine the presence or absence of a drug or drug metabolite in the sample and is expressed as a positive or negative result. Qualitative testing can be performed by a CLIA waived or moderate complexity test, or by a high complexity testing method.

(2) Quantitative (definitive) drug testing is specific to the drug or metabolite being tested and is expressed as a numeric result or numeric level which verifies concentration.

(3) Specimen validity testing is used to determine if a specimen has been diluted, adulterated or substituted. Specimen validity tests include, but are not limited to, creatinine, oxidants, specific gravity, urine pH, nitrates and alkaloids.

(b) **Eligible providers.** Providers performing drug testing should have CLIA certification specific to the level of testing performed as described in 317:30-5-20(1)(A).

(c) **Compensable services.** Drug testing must be ordered by the physician or non-physician provider and must be individualized to the patient and the patient's medical history or assessment indicators as evidenced in the medical documentation.

(1) Compensable testing must be medically indicated as evidenced by patient specific indications in the medical record.

(A) Testing is only compensable if the results will affect patient care.

(B) Drugs or drug classes being tested should reflect only those likely to be present.

(2) The frequency of drug screening and/or testing is determined by the patient's history, patient's physical assessment, behavioral assessment, risk assessment, treatment plan and medication history.

(3) Quantitative (definitive) drug testing may be indicated for the following:

- (A) To identify a specific substance or metabolite that is inadequately detected or undetectable by a qualitative (presumptive) test; or
- (B) To definitively identify specific drugs in a large family of drugs; or
- (C) To identify drugs when a definitive concentration of a drug is needed to guide management; or
- (D) To identify a negative, or confirm a positive, qualitative (presumptive) result that is inconsistent with a patient's self-report, presentation, medical history or current prescribed medication plan; or
- (E) To identify a non-prescribed medication or illicit use for ongoing safe prescribing of controlled substances.

(d) **Non-compensable services.** The following tests are not medically necessary and therefore not covered by the OHCA:

- (1) Specimen validity testing is considered a quality control measure and is not separately compensable;
- (2) Drug testing for patient sample sources of saliva, oral fluids, or hair;
- (3) Testing of two different specimen types (urine and blood) from the same patient on the same date of service;
- (4) Drug testing for medico-legal purposes (court ordered drug screening) or for employment purposes;
- (5) Non-specific, blanket panel or standing orders for drug testing, ~~custom panels specific for the ordering provider,~~ routine testing of therapeutic drug levels, or drug panels which have no impact to the member's plan of care;
- (6) Scheduled and routine drug testing (i.e. testing should be random);
- (7) Reflex testing for any drug is not medically indicated without specific documented indications;
- (8) Confirmatory testing exceeding three specific drug classes at an interval of greater than every thirty (30) days will require specific documentation in the medical record to justify the medical necessity of testing; and
- (9) Quantitative (definitive) testing of multiple drug levels that are not specific to the patient's medical history and presentation are not allowed. Justification for testing for each individual drug or drug class level must be medically indicated as reflected in the medical record documentation.

(e) **Documentation requirements.** The medical record must contain documents to support the medical necessity of drug screening and/or testing. Medical records must be furnished on request and may include, but are not limited to, the following:

- (1) A current treatment plan;
- (2) Patient history and physical;
- (3) Review of previous medical records if treated by a different physician for pain management;
- (4) Review of all radiographs and/or laboratory studies pertinent to the patient's condition;
- (5) Opioid agreement and informed consent of drug testing, as applicable;
- (6) List of prescribed medications;

- (7) Risk assessment, as identified by use of a validated risk assessment tool/questionnaire, with appropriate risk stratification noted and utilized;
- (8) Office/provider monitoring protocols, such as random pill counts; and
- (9) Review of prescription drug monitoring data or pharmacy profile as warranted.

# Permanent Final Adoptions

## SUBCHAPTER 5. INDIVIDUAL PROVIDERS AND SPECIALTIES

### PART 1. PHYSICIANS

#### 317:30-5-22. Obstetrical care

(a) Obstetrical (OB) care is billed using the appropriate CPT codes for ~~Maternity Care and Delivery~~ maternity care and delivery. The date of delivery is used as the date of service for charges for total OB care. Inclusive dates of care should be indicated on the claim form as part of the description. Payment for total OB care includes all routine care, and any ultrasounds performed by the attending physician provided during the maternity cycle unless otherwise specified in this Section. For payment of total OB care, a physician must have provided care for more than one (1) trimester. To bill for prenatal care only, the claim is filed after the member leaves the provider's care. Payment for routine or minor medical problems will not be made separately to the OB physician outside of the antepartum visits. The antepartum care during the prenatal care period includes all care by the OB attending physician except major illness distinctly unrelated to the pregnancy.

(b) Procedures paid separately from total OB care are listed in (1) - (8) of this subsection.

(1) The completion of an American College of Obstetricians and Gynecologist (ACOG) assessment form or form covering same elements as ACOG<sub>2</sub> and the most recent version of the Oklahoma Health Care Authority's (OHCA) Prenatal Psychosocial Assessment are reimbursable when both documents are included in the prenatal record. SoonerCare allows one (1) assessment per provider and no more than two (2) per pregnancy.

(2) Medically necessary real time antepartum diagnostic ultrasounds will be paid in addition to antepartum care, delivery, and postpartum OB care under defined circumstances. To be eligible for payment, all ultrasound reports must meet the guideline standards published by the American Institute of Ultrasound Medicine (AIUM).

(A) One (1) ultrasound will be covered in the first trimester of an uncomplicated pregnancy. Both an abdominal and vaginal ultrasound may be allowed when clinically appropriate and medically necessary. The ultrasound must be performed by a ~~Board Eligible/Board Certified Obstetrician-Gynecologist~~ board eligible/board certified obstetrician-gynecologist (OB-GYN), Radiologist, or a Board Eligible/Board Certified Maternal Fetal Medicineradiologist, or a board eligible/board certified maternal-fetal medicine specialist. In addition, this ultrasound may be performed by a ~~Certified Nurse Midwife, Family Practice Physician or Advance Practice Nurse Practitioner in Obstetrics~~ certified nurse midwife (CNM), family practice physician or advanced practice nurse practitioner (APRN) in obstetrics with a certification in OB ultrasonography.

(B) One (1) ultrasound after the first trimester will be covered. This ultrasound must be performed

by a ~~Board Eligible/Board Certified OB-GYN, Radiologist, or a Board Eligible/Board Certified Maternal Fetal Medicine board eligible/board certified OB-GYN, radiologist, or a board eligible/board certified maternal-fetal medicine specialist~~. In addition, this ultrasound may be performed by a ~~Certified Nurse Midwife, Family Practice Physician or Advance Practice Nurse Practitioner in Obstetrics~~ CNM, family practice physician, or APRN with certification in OB ultrasonography.

(C) One (1) additional detailed ultrasound is allowed by a ~~Board Eligible/Board Certified Maternal Fetal Specialist~~ board eligible/board certified maternal fetal specialist or general obstetrician with documented specialty training in performing detailed ultrasounds. This additional ultrasound is allowed to identify or confirm a suspected fetal/maternal anomaly. This additional ultrasound does not require prior authorization. Any subsequent ultrasounds will require prior authorization.

(3) Standby attendance at ~~Cesarean Section (C Section)~~ cesarean section (C-section), for the purpose of attending the baby, is compensable when billed by a physician or qualified health care provider not participating in the delivery.

(4) Anesthesia administered by the attending physician is a compensable service and may be billed separately from the delivery.

(5) Amniocentesis is not included in routine OB care and is billed separately. Payment may be made for an evaluation and management service and a medically indicated amniocentesis on the same date of service. This is an exception to general information regarding surgery found at Oklahoma Administrative Code (OAC) 317:30-5-8.

(6) Additional payment is not made for the delivery of multiple gestations. If one (1) fetus is delivered vaginally and additional ~~fetus(es)are~~ fetus(es) are delivered by C-section by the same physician, the ~~higher~~ higher-level procedure is paid. If one (1) fetus is delivered vaginally and additional fetus(es) are delivered by ~~C-Section~~ C-section, by different physicians, each should bill the appropriate procedure codes without a modifier. Payment is not made to the same physician for both standby and assistant at ~~C-Section~~ C-section.

(7) Reimbursement is allowed for nutritional counseling in a group setting for members with gestational diabetes. Refer to OAC 317:30-5-1076(5).

(8) Limited OB ultrasounds are covered in an emergency room (ER) setting when medically necessary.

(c) Assistant surgeons are paid for ~~C-Sections~~ C-sections which include only in-hospital post-operative care. Family practitioners who provide prenatal care and assist at ~~C-Section~~ C-section bill separately for the prenatal and the six (6) weeks postpartum office visit.

(d) Procedures listed in (1) - (5) of this subsection are not paid or not covered separately from total OB care.

(1) Non stress test, unless the pregnancy is determined medically high risk. See OAC 317:30-5-22.1.

- (2) Standby at ~~C-Section~~ C-section is not compensable when billed by a physician participating in delivery.
  - (3) Payment is not made for an assistant surgeon for OB procedures that include prenatal or postpartum care.
  - (4) An additional allowance is not made for induction of labor, double set-up examinations, fetal stress tests, or pudendal anesthetic. Providers must not bill separately for these procedures.
  - (5) Fetal scalp blood sampling is considered part of the total OB care.
- (e) OB coverage for children is the same as for adults. Additional procedures may be covered under Early and Periodic Screening, Diagnostic and Treatment (EPSDT) provisions if determined to be medically necessary.
- (1) Services deemed medically necessary and allowable under federal Medicaid regulations are covered by the EPSDT/OHCA Child Health Program even though those services may not be part of the OHCA SoonerCare program. Such services must be prior authorized.
  - (2) Federal Medicaid regulations also require the State to make the determination as to whether the service is medically necessary and do not require the provision of any items or services that the State determines are not safe and effective or which are considered experimental. For more information regarding experimental or investigational and clinical trials see OAC 317:30-3-57.1.

**GIST/ANALYSIS:**

The proposed changes will amend the Supplemental Hospital Offset Payment Program (SHOPP) policy to be in compliance with Oklahoma Senate Bill 1045. The proposed changes will define directed payments as specific payments made by managed care plans to providers under certain circumstances that assist states in furthering the goals and priorities of their Medicaid programs. The measure provides that funds from SHOPP may be used to fund supplemental or directed payments. Additionally, the changes will modify the assessment calculation methodology from a rate needed to generate an amount up to the sum of certain expenses to a fixed rate. Additionally, the proposed changes renders the portion of the SHOPP fee attributable to certain expenses null and void if federal matching funds for the program become unavailable. The measure also eliminates the termination date of the program and removes a cap on quarterly transfers of funds. Finally, other changes are for grammar and language cleanup and to align the SHOPP rule with current business practice and needed changes for the funding of expansion adults and services through managed care.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 12, 2022:**

**SUBCHAPTER 5. INDIVIDUAL PROVIDERS  
AND SPECIALTIES**

**PART 3. HOSPITALS**

**317:30-5-58. Supplemental Hospital Offset Payment Program**

(a) **Purpose.** The Supplemental Hospital Offset Payment Program (SHOPP) is a hospital assessment fee that is eligible for federal matching funds when used to reimburse SoonerCare services in accordance with Section 3241.1 of Title 63 of the Oklahoma Statutes (O.S.).

(b) **Definitions.** The following words and terms, when used in this Section have the following meaning, unless the context clearly indicates otherwise:

- (1) **"Base Year"** means a hospital's fiscal year ending in 2009, as reported in the Medicare Cost Report or as determined by the Oklahoma Health Care Authority (OHCA) if the hospital's data is not included in a Medicare Cost Report.

## Permanent Final Adoptions

- (2) **"Directed payments"** means payment arrangements allowed under 42 Code of Federal Regulations (C.F.R.) Section (§) 438.6(c) that permit states to direct specific payments made by managed care plans to providers under certain circumstances and can assist states in furthering the goals and priorities of their Medicaid programs.
- (23) **"Fee"** means supplemental hospital offset assessment pursuant to Section (§) 3241.1 of Title 63 of the ~~Oklahoma Statutes~~ O.S.
- (34) **"Hospital"** means an institution licensed by the State Department of Health as a hospital pursuant to ~~Section~~ § 1-701.1 of Title 63 of the ~~Oklahoma Statutes~~ O.S., maintained primarily for the diagnosis, treatment, or care of patients.
- (45) **"Hospital Advisory Committee"** means the Committee established for the purposes of advising the OHCA and recommending provisions within and approval of any state plan amendment or waiver affecting the Supplemental Hospital Offset Payment Program.
- (56) **"NET hospital patient revenue"** means the gross hospital revenue as reported on Worksheet G-2 (Columns 1 and 2, Lines "Total inpatient routine care services", "Ancillary services", "Outpatient services") of the Medicare ~~Cost Report~~ cost report, multiplied by hospital's ratio of total net to gross revenue, as reported on Worksheet G-3 (Column 1, Line 3) "Net patient revenues" and Worksheet G-2 (Part I, Column 3, Line "Total patient revenues").
- (67) **"Medicare ~~Cost Report~~ cost report"** means the ~~Hospital Cost Report~~ hospital cost report, Form CMS-2552-96 or subsequent versions.
- (78) **"Upper payment limit ~~“(UPL)”~~"** means the maximum ceiling imposed by ~~42 C.F.R. “42 C.F.R. §§ 447.272 and 447.321~~ on hospital Medicaid reimbursement for inpatient and outpatient services, other than to hospitals owned or operated by state government.
- (89) **"Upper payment limit gap"** means the difference between the upper payment limit and SoonerCare payments not financed using hospital assessments.
- (c) **Supplemental Hospital Offset Payment Program.**
- (1) Pursuant to 63 ~~Okl.~~ Stat. O.S. §§ 3241.1 through 3241.6 the ~~Oklahoma Health Care Authority (OHCA)~~ OHCA is mandated to assess hospitals licensed in Oklahoma, unless exempted under (c) (2) of this Section, a supplemental hospital offset payment fee.
- (2) The following hospitals are exempt from the SHOPP fee:
- (A) a hospital that is owned or operated by the state or a state agency, or the federal government, as determined by OHCA, using most recent Medicare cost report worksheet S-2, column 1, line 18 or other line that indicates ownership, or by a federally recognized Indian tribe or Indian Health Services, as determined by OHCA, using the most recent IHS/Tribal facility list for Oklahoma as updated by the Indian Health Service Office of Resource Access and Partnerships in Partnership with the Centers for Medicare and Medicaid Services and ~~State~~ state operations.
- (B) a hospital that provides more than fifty percent (50%) of its inpatient days under a contract with a state agency other than the OHCA, as determined by OHCA, using data provided by the hospital;
- (C) a hospital for which the majority of its inpatient days are for any one of the following services, as determined by OHCA, using the Inpatient Discharge Data File published by the Oklahoma State Department of Health, or in the case of a hospital not included in the Inpatient Discharge Data File, using substantially equivalent data provided by the hospital:
- ~~treatment~~ Treatment of a neurological injury;
  - ~~treatment~~ Treatment of cancer;
  - ~~treatment~~ Treatment of cardiovascular disease;
  - ~~obstetrical~~ Obstetrical or childbirth services; or
  - ~~surgical~~ Surgical care except that this exemption will not apply to any hospital located in a city of less than five hundred thousand (500,000) population and for which the majority of inpatient days are for back, neck, or spine surgery.
- (D) a hospital that is certified by the Centers for Medicare and Medicaid Services (CMS) as a long term acute hospital, according to the most recent list of LTCH's published on the CMS [http://www.cms.gov/LongTermCareHospitalPPS/08down load.asp](http://www.cms.gov/LongTermCareHospitalPPS/08download.asp) or as a children's hospital; and
- (E) a hospital that is certified by CMS as a critical access hospital, according to the most recent list published by Flex Monitoring Team for Critical Access Hospital (CAH) Information at <http://www.flexmonitoring.org/cahlistRA.cgi>, which is based on CMS quarterly reports, augmented by information provided by state Flex Coordinators.
- (d) **~~The Supplemental Hospital Offset Payment Program~~ SHOPP Assessment.**
- (1) The SHOPP assessment is imposed on each hospital, except those exempted under (c) (2) of this Section, for each calendar year in an amount calculated as a percentage of each hospital's net hospital patient revenue. ~~The assessment rate until December 31, 2012, is two and one-half percent (2.5%). At no time in subsequent years will the assessment rate exceed four percent (4%).~~ The SHOPP assessment is imposed on each hospital, except those exempted under (c) (2) of this Section, in an amount calculated as a percentage of each hospital's net hospital patient revenue. At no time will the assessment rate exceed four percent (4%). For the calendar year ending December 31, 2022, the assessment rate shall be fixed at three percent (3%). For the calendar year ending December 31, 2023, the assessment rate shall be fixed at three and one-half percent (3.5%). For the calendar

year ending December 31, 2024 and for all subsequent calendar years shall, the assessment rate exceed shall be fixed at four percent (4%).

~~(2) OHCA will review and determine the amount of annual assessment in December of each year.~~

~~(32) A hospital may not charge any patient for any portion of the SHOPP assessment.~~

~~(43) The Method method of collection is as follows:~~

(A) The OHCA will send a notice of assessment to each hospital informing the hospital of the assessment rate, the hospital's net hospital patient revenue calculation, and the assessment amount owed by the hospital for the applicable year.

(B) The hospital has thirty (30) days from the date of its receipt of a notice of assessment to review and verify the hospital's net patient revenue calculation, and the assessment amount.

(C) New hospitals will only be added at the beginning of each calendar year.

(D) The annual assessment imposed is due and payable on a quarterly basis. Each quarterly installment payment is due and payable by the fifteenth day of the first month of the applicable quarter (i.e. January 15th, April 15th, etc.)

(E) Failure to pay the amount by the 15th or failure to have the payment mailing postmarked by the 13th ~~will may~~ result in a debt to the State of Oklahoma and is subject to penalties of ~~5% five percent (5%) of the amount and interest of 1.25% one and a quarter percent (1.25%) per month.~~

(F) If a hospital fails to timely pay the full amount of a quarterly assessment, OHCA ~~will may~~ add to the assessment:

(i) ~~a A~~ penalty assessment equal to five percent (5%) of the quarterly amount not paid on or before the due date, and

(ii) ~~on On~~ the last day of each quarter after the due date until the assessed amount and the penalty imposed under section (i) of this paragraph are paid in full, an additional five percent (5%) penalty assessment on any unpaid quarterly and unpaid penalty assessment amounts.

(iii) ~~the The~~ quarterly assessment including applicable penalties and interest must be paid regardless of any appeals action requested by the facility. If a provider fails to pay the OHCA the assessment within the time frames noted on the invoice to the provider, the assessment, ~~and~~ applicable penalty, ~~and interest~~ will be deducted from the facility's payment. Any change in payment amount resulting from an appeals decision in which a recoupment or additional allocation is necessary will be adjusted in future payments in accordance with ~~OAC Oklahoma Administrative Code (OAC) 317:2-1-15~~ SHOPP appeals.

(iv) If additional allocation or recoupment resulting from an appeal is for the current calendar year and another SHOPP payment is scheduled for

the calendar year, an adjustment to the next payment will be calculated. If additional allocation or recoupment is for a prior calendar year, a separate payment/account receivable (AR) will be issued.

(G) The SHOPP assessments excluding penalties and interest are an allowable cost for cost reporting purposes.

~~(e) Supplemental Hospital Offset Payment Program~~ **SHOPP Cost Reports.**

(1) The report referenced in paragraph (b)(6) must be signed by the preparer and by the Owner, authorized Corporate Officer or Administrator of the facility for verification and attestation that the reports were compiled in accordance with this section.

(2) The Owner or authorized Corporate Officer of the facility must retain full accountability for the report's accuracy and completeness regardless of report submission method.

(3) Penalties for false statements or misrepresentation made by or on behalf of the provider are provided at ~~42 U.S.C. United States Code (U.S.C.)~~ Section 1320a-7b which states, in part, "Whoever... (2) at any time knowingly and willfully makes or causes to be made any false statement of a material fact for use in determining rights to such benefits or payment... shall (i) in the case of such statement, representation, failure, or conversion by any person in connection with furnishing (by the person) of items or services for which payment is or may be under this title (42 U.S.C. § 1320 et seq.), be guilty of a felony and upon conviction thereof fined not more than ~~\$25,000 twenty-five thousand dollars (\$25,000)~~ or imprisoned for not more than five (5) years or both, or (ii) in the case of such a statement, representation, concealment, failure or conversion by any other person, be guilty of a misdemeanor and upon conviction thereof fined not more than ~~\$10,000 ten thousand dollars (\$10,000)~~ or imprisoned for not more than one year, or both."

(4) Net hospital patient revenue is determined using the data from each hospital's applicable Medicare ~~Cost Report cost report~~ contained in the Centers for Medicare and Medicaid Services' Healthcare Cost Report Information System (HCRIS) file. The base year for assessment shall be the hospital's fiscal year that ended two years prior (e.g. calendar year 2022 will use 2020 fiscal year cost reports), as contained in the HCRIS file dated June 30 of each year.

~~(A) Through 2013, the base year for assessment shall be the hospital's fiscal year that ended in 2009, as contained in the HCRIS file dated December 31, 2010;~~

~~(B) For years 2014 and 2015, the base year for assessment shall be the hospital's fiscal year that ended in 2012, as contained in the HCRIS file dated June 30, 2013; and~~

~~(C) For subsequent two year periods the base year for assessment shall be the hospital's fiscal year that ended two years prior (e.g., 2016 & 2017 B 2014 fiscal~~

## Permanent Final Adoptions

year; 2018 & 2019 B 2016 fiscal year), as contained in the HCRIS file dated June 30 of the following year.

- (5) If a hospital's applicable Medicare ~~Cost Report~~ cost report is not contained in the Centers for Medicare and Medicaid Services' HCRIS file, the hospital will submit a copy of the hospital's applicable Medicare ~~Cost Report~~ cost report to the ~~Oklahoma Health Care Authority (OHCA)~~ OHCA in order to allow the OHCA to determine the hospital's net hospital patient revenue for the base year.
- (6) If a hospital commenced operations after the due date for a Medicare ~~Cost Report~~ cost report, the hospital will submit its initial Medicare ~~Cost Report~~ cost report to ~~Oklahoma Health Care Authority (OHCA)~~ OHCA in order to allow the OHCA to determine the hospital's net patient revenue for the base year.
- (7) Partial year reports may be prorated for an annual basis. Hospitals whose assessments were based on partial year cost reports will be reassessed the following year using a cost report that contains a full year of operational data.
- (8) In the event that a hospital does not file a uniform cost report under 42 U.S.C., Section 1396a(a)(40), the OHCA will provide a data collection sheet for such facility.
- (f) **Closure, merger and new hospitals.**
- (1) If a hospital ceases to operate as a hospital or for any reason ceases to be subject to the fee, the assessment for the year in which the cessation occurs is adjusted by multiplying the annual assessment by a fraction, the numerator of which is the number of days in the year during which the hospital is subject to the assessment and denominator of which is 365. Within ~~30~~ (30) days of ceasing to operate as a hospital, or otherwise ceasing to be subject to the assessment, the hospital will pay the assessment for the year as so adjusted, to the extent not previously paid.
- (2) Cost reports required under (e)(5), (e)(6), or (e)(8) of this subsection for assessment calculation must be submitted to OHCA by September 30 of each year.
- (g) **Disbursement of payment to hospitals.**
- (1) All in-state inpatient hospitals are eligible for hospital access payments each year as set forth in this subsection except for those listed in OAC 317:30-5-58 (c)
- (2):
- (A) In addition to any other funds paid to inpatient critical access hospital for services provided to SoonerCare members, each critical access hospital will receive hospital access payments equal to the amount by which the payment for these services was less than one hundred one percent (101%) of the hospital's cost of providing these services.
- (B) In addition to any other funds paid to hospitals for inpatient hospital services to SoonerCare members, each eligible hospital will receive inpatient hospital access payments each year equal to the hospital's pro rata share of the inpatient supplemental payment pool as reduced by payments distributed in paragraph (1) (A) of this Section. The pro rata share

will be based upon the hospital's SoonerCare payment for inpatient services divided by the total SoonerCare payments for inpatient services of all eligible hospitals within each class of hospital and cannot exceed the UPL for the class.

(C) Directed payments paid through a managed care organization (MCO) as approved in the CMS-approved 438.6(c) directed payment pre-prints.

- (2) All in-state outpatient hospitals are eligible for hospital access payments each year as set forth in this subsection except for those listed in OAC 317:30-5-58 (c) (2):
- (A) In addition to any other funds paid to outpatient critical access hospital for services provided to SoonerCare members, each critical access hospital will receive hospital access payments equal to the amount by which the payment for these services was less than one hundred one percent (101%) of the hospital's cost of providing these services.
- (B) In addition to any other funds paid to hospitals for outpatient hospital services to SoonerCare members, each eligible hospital will receive outpatient hospital access payments each year equal to the hospital's pro rata share of the outpatient supplemental payment pool as reduced by payments distributed in paragraph (2) (A) of this Section. The pro rata share will be based upon the hospital's SoonerCare payment for outpatient services divided by the total SoonerCare payments for outpatient services of all eligible hospitals within each class of hospital and cannot exceed the UPL for the class.
- (C) Directed payments paid through a managed care organization (MCO) as approved in the CMS-approved 438.6(c) directed payment pre-prints.
- (3) Medicaid payments to a group of facilities within approved categories may not exceed the upper payment limit in accordance with 42 ~~CFRC.F.R.~~ 447.272 (b) (2) and 42 ~~CFRC.F.R.~~ 447.321 (b) (2). If any audit determines that a class of hospitals has exceeded the inpatient and/or outpatient UPL the overpayment will be recouped and redistributed based on the following methods:
- (A) If it is determined prior to issuance of hospital access payments that the pool of hospitals would exceed the upper payment limit estimate of that pool, the amount above the UPL estimate will be allocated to another pool of hospitals that does not exceed the upper payment limit estimate of that pool. The reallocation can be applied to multiple pools if necessary.
- (B) If the overpayment cannot be redistributed due to all classes being paid at their UPL, the overpayment will be deposited in to the SHOPP fund.
- (4) ~~In order to ensure sufficient funds to make payments effective July 1, 2013 OHCA shall reduce the next quarterly payment by 1.4% (OHCA will pay out 23.6% of the assessment rather than 25%). This reduction will be distributed in the fourth (4<sup>th</sup>) quarter of the year as soon as all assessments are received. This payment will also be increased by penalties collected within the year as long as the~~

~~penalties do not cause the payment to exceed the UPL estimate. If all assessments are received prior to the 4<sup>th</sup> quarterly payment being processed the 4<sup>th</sup> quarter may be adjusted to pay out 26.4% plus accrued penalties.~~

~~(5) Effective for all subsequent calendar years the OHCA will distribute payments in the following quarterly percentages: 23.6%, 25%, 25%, 25%. A 5<sup>th</sup> fifth (5<sup>th</sup>) payment of 1.4% in the fourth (4<sup>th</sup>) quarter of each calendar year will also be made as soon as all assessments are received. This payment will also be increased by any penalties collected within the year as long as the penalties do not cause the payment to exceed the UPL estimate. If all assessments are received prior to the 4<sup>th</sup> quarterly payment being processed the 4<sup>th</sup> quarter payment may be adjusted to pay out 26.4% plus accrued penalties.~~

**GIST/ANALYSIS:**

The proposed policy will establish limited coverage for chiropractor services and physical therapy services as a non-pharmacologic alternative for the treatment of spinal pain in SoonerCare adult members. Furthermore, the proposed policy will define provider participation, medical necessity, as well as coverage and service limitation guidelines. The proposed policy will also state that reimbursement is established within the Oklahoma State Plan. Finally, grammatical and formatting errors will be fixed and references to the new sections will be added.

Sandra Puebla, Deputy State Medicaid Director, 405-227-3465, Sandra.Puebla@okhca.org.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 12, 2022:**

**SUBCHAPTER 5. INDIVIDUAL PROVIDERS AND SPECIALTIES**

**PART 27. INDEPENDENT PHYSICAL THERAPISTS AND PHYSICAL THERAPISTS ASSISTANTS**

**317:30-5-291. Coverage by category**

Payment is made to registered physical therapists as set forth in this Section.

- (1) **Children.** Initial therapy evaluations do not require prior authorization and must be provided by a fully licensed physical therapist. All therapy services following the initial evaluation must be prior authorized for continuation of service. Prior to the initial evaluation, the therapist must have on file a signed and dated prescription or referral for the therapy services from the member's physician or other licensed practitioner of the healing arts. The prescribing or referring provider must be able to provide, if requested, clinical documentation from the member's medical record that supports the medical necessity for the evaluation and referral.
- (2) **Adults.** There is no coverage for adults for services rendered by individually contracted providers. Coverage

## Permanent Final Adoptions

for adults is permitted in an outpatient hospital setting as described in Oklahoma Administrative Code (OAC) 317:30-5-42.1.

(3) **Individuals eligible for Part B of Medicare.** Services provided to Medicare eligible recipients are filed directly with the fiscal agent.

(4) **Alternative treatments for pain management.** Refer to OAC 317:30-5-728.

### PART 81. CHIROPRACTORS

#### 317:30-5-720. Eligible providers

In order to be eligible for payment, the provider of chiropractic services must have a current Memorandum of Agreement with the Oklahoma Health Care Authority.

(a) Must be appropriately licensed, in good standing in the state in which they practice, and working in accordance with the Oklahoma Chiropractic Practice Act or other applicable statute(s); and

(b) Entered into a provider agreement with the Oklahoma Health Care Authority (OHCA) to provide chiropractic services.

#### 317:30-5-721. Coverage by category

Payment is made to chiropractors as set forth in this Section.

(1) **Children.** There is no coverage for children.

(2) **Adults.** There is no coverage for adults.

(3) **Individuals eligible for Part B of Medicare.** Payment is made utilizing the Medicaid allowable for comparable services.

(4) **Manual spinal manipulation services for pain management.** Refer to Oklahoma Administrative Code 317:30-5-727.

### PART 82. ALTERNATIVE TREATMENTS FOR PAIN MANAGEMENT

#### 317:30-5-725. General

Alternative treatments for pain management are non-pharmacological treatments recommended by a physician or other licensed practitioner of the healing arts for adults age twenty-one (21) or older with acute, subacute, and chronic spinal/back pain or injury. Treatments are intended to reduce pain, increase mobility, optimize function, and decrease use and misuse of opioid medications and may include the services listed in Part 82, of this Chapter.

#### 317:30-5-726. Eligible providers

(a) **Manual spinal manipulation.** Providers must meet the requirements outlined at Oklahoma Administrative Code (OAC) 317:30-5-720.

(b) **Physical therapy (PT) for alternative treatments for pain management.** Providers must meet the requirements outlined at OAC 317:30-5-290.1.

#### 317:30-5-727. Manual spinal manipulation

Chiropractic services are limited to manual spinal manipulation. This includes the manipulation of the five (5) regions of the spinal column for the treatment of back pain in a member with a primary diagnosis of acute or chronic pain and is performed by a licensed chiropractor.

(1) **Medical necessity.** All manual spinal manipulation services should be determined to be medically necessary for the affected member. Documentation in the member's plan of care should support the medical necessity of the need for manual spinal manipulation services. The Oklahoma Health Care Authority (OHCA) will serve as the final authority pertaining to all determinations of medical necessity. Refer to Oklahoma Administrative Code (OAC) 317:30-3-1(f) for policy on medical necessity.

(2) **Documentation/requirements.** All documentation submitted to request manual spinal manipulation services should demonstrate, through adequate objective medical records, evidence sufficient to justify the member's need for the service, in accordance with OAC 317:30-3-1(f)(2).

(A) **Evaluations.** One (1) initial evaluation and one (1) re-evaluation, for chiropractic manual spinal manipulation, are allowed per calendar year and do not require a PA.

(B) **Prior authorization (PA).** Documentation, for a PA request, will include the following:

(i) The member is over twenty-one (21) years of age;

(ii) Attestation stating that manual spinal manipulation services are being used in place of opioid treatment for pain or used to decrease the use of opioids;

(iii) Primary diagnosis of acute or chronic spinal pain or neuromusculoskeletal disorder related to the spinal column;

(iv) Plan of care that is designed for the treatment of spinal pain;

(v) Signed informed consent for care;

(vi) For full guidelines, please refer to [www.okhca.org/mau](http://www.okhca.org/mau).

(C) **Subsequent PA requests.** Requests for a subsequent PA will include the following:

(i) All documentation found at (2)(B)(i) through (v) of this Section;

(ii) Medical records that document that the treatments meet the functional needs of the member;

(iii) Treatment goals for acute pain/injury, chronic pain management, or chronic back pain;

(iv) Treatment evaluations that should demonstrate improvement, including but not limited to, improved function, decreased use of pain medications, increased activity level;

(v) Records showing persistent or recurrent conditions;

(vi) For full guidelines, please refer to [www.okhca.org/mau](http://www.okhca.org/mau).

- (3) **Frequency/coverage.**
  - (A) SoonerCare covers up to twelve (12) manual spinal manipulation visits per calendar year with an approved PA.
  - (B) Manual spinal manipulation for the treatment of acute or chronic back pain is the only chiropractic service covered by SoonerCare.
- (4) **Reimbursement.** All alternative treatments for pain management services, that are outlined in Part 82 of this Chapter, are reimbursed per the methodology established in the Oklahoma Medicaid State Plan.
- (5) **Discontinuation of services.**
  - (A) If the member's condition is not improving, or the member's condition is regressing, services will not be considered medically necessary.
  - (B) The OHCA may withdraw authorization of payment at any time if it is determined that the member and/or provider is not in compliance with any of the requirements set forth in this Section.
- (6) **Non-covered services.**
  - (A) Manual spinal manipulation provided solely for maintenance.
  - (B) Chiropractor services that are not for the alternative treatments of pain management listed in Part 82 of this Chapter.
  - (C) Manual spinal manipulation services that are provided in a setting other than the chiropractor's office, including but not limited to, inpatient or outpatient hospitals, nursing facilities, rest homes, or the member's home.

**317:30-5-728. Physical therapy (PT) for alternative treatments for pain management**

PT is used to improve a person's ability to move, reduce or manage pain, restore function, and prevent disability. For pain management, PT is provided in a non-hospital based setting with the aim of decreasing pain and suffering while improving physical and mental functioning.

- (1) **Medical necessity.** All services/diagnosis found in the full guidelines at [www.okhca.org/mau](http://www.okhca.org/mau) for alternative treatments for pain management should be determined to be medically necessary for the affected member. Documentation in the member's plan of care should support the medical necessity of the need for alternative treatments for pain management services. The Oklahoma Health Care Authority (OHCA) will serve as the final authority pertaining to all determinations of medical necessity. Refer to Oklahoma Administrative Code (OAC) 317:30-3-1(f) for policy on medical necessity.
- (2) **Documentation/requirements.** All documentation submitted to request services should demonstrate, through adequate objective medical records, evidence sufficient to justify the member's need for the service, in accordance with OAC 317:30-3-1(f)(2).

- (A) **Evaluations.** One (1) initial PT evaluation and one (1) PT re-evaluation, when necessary, will be covered per calendar year at a non-hospital-based setting and do not require a PA, when the service is performed for the evaluation of therapy services related to alternative treatments of pain management.
- (B) **Prior authorization (PA), Documentation,** for a PA request, will include the following:
  - (i) The member is over twenty-one (21) years of age;
  - (ii) A prescription or a referral from the member's physician or other licensed practitioner of the healing arts, dated within the previous ninety (90) days requesting the PT services for pain management;
  - (iii) Attestation stating that PT services are being used in place of opioid treatment for pain or used to decrease the use of opioids;
  - (iv) Medical records, from the member's physician or other licensed practitioner of the healing arts, documenting the need for the pain management referral;
  - (v) Documentation from the physical therapist that supports the need for the requested services;
  - (vi) A detailed report, from the physical therapist, that is gathered from any tool, test, or measure;
  - (vii) Measurable goals that includes the following:
    - (I) Timeframe;
    - (II) Baseline;
    - (III) Conditions for how goals are expected to be met;
    - (IV) A statement of rationale; and
    - (V) Prognosis for achievement.
  - (viii) A detailed intervention plan that includes:
    - (I) Frequency and duration of the services and the anticipated length of the intervention;
    - (II) Location of where the services are provided;
    - (III) Member and/or family/caregiver involvement in the management and carry-over of the intervention;
    - (IV) Reasons if the intervention was unsuccessful.
  - (ix) A completed therapy PA request form;
  - (x) For full guidelines, please refer to [www.okhca.org/mau](http://www.okhca.org/mau).
- (C) **Subsequent PA requests.** Requests for a subsequent PA will include the following:
  - (i) All documentation found at (2)(B) (i) through (viii) of this Section;
  - (ii) Detailed listing of previous goals, including instances of which goals were unmet and why they were not achieved;
  - (iii) Treatment goals for acute pain/injury, chronic pain management, or chronic back pain;

# Permanent Final Adoptions

(iv) Records showing persistent or recurrent conditions;

(v) Treatment evaluations that show avoidance/prevention or reduction of opioid use;

(vi) A completed therapy PA request form;

(vii) For full guidelines, please refer to [www.okhca.org/mau](http://www.okhca.org/mau).

(3) **Frequency/coverage.** A PA for PT for adult treatment of pain management services may be approved for a total of forty-eight (48) units per calendar year. A PT unit for the treatment of pain management in adults is 15 minutes. A visit may consist of multiple units of service on the same date, the time for units of service is added together and rounded up only once per visit.

(4) **Reimbursement.** All alternative treatments for pain management services, that are outlined in Part 82 of this Chapter, are reimbursed per the methodology established in the Oklahoma Medicaid State Plan.

(5) **Discontinuation of services.**

(A) If the member's condition is not improving, or the member's condition is regressing, then services will not be considered medically necessary.

(B) The OHCA may withdraw authorization of payment at any time if it is determined that the member and/or provider is not in compliance with any of the requirements set forth in this section.

(6) **Non-covered services.**

(A) PT provided solely for maintenance.

(B) Therapeutic or physical modalities used to augment a PT program.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 12, 2022:**

## SUBCHAPTER 5. INDIVIDUAL PROVIDERS AND SPECIALTIES

### PART 75. FEDERALLY QUALIFIED HEALTH CENTERS

#### 317:30-5-664.1. Provision of other health services outside of the Health Center core services

(a) If the Center chooses to provide other Oklahoma Medicaid State Plan covered health services which are not included in the Health Center core service definition in OAC 317:30-5-661.1, the practitioners of those services are subject to the same program coverage limitations, enrollment, and billing procedures described by the OHCA, and these services (e.g., home health services) are not included in the ~~PPS~~Prospective Payment System settlement methodology in OAC 317:30-5-664.12.

(b) Other medically necessary health services that will be reimbursed at the ~~FFS~~fee-for-service rate include, but are not limited to:

- (1) Dental services (refer to OAC 317:30-5-696) except for primary preventive dental services;
- (2) Eyeglasses (refer to OAC 317:30-5-431, 317:30-5-432.1 and 317:30-5-451);

- (3) Clinical lab tests performed in the Center lab (other than the specific laboratory tests set out for Health Centers' certification and covered as Health Center services);
- (4) Technical component of diagnostic tests such as x-rays and EKGs (interpretation of the test provided by the Center physician is included as physician professional services);
- (5) Durable medical equipment (refer to OAC 317:30-5-210);
- (6) Transportation by ambulance (refer to OAC 317:30-5-335);
- (7) Prescribed drugs (refer to OAC 317:30-5-70);
- (8) Prosthetic devices (other than dental) which replace all or part of an internal body organ (including colostomy bags) and supplies directly related to colostomy care and the replacement of such devices;
- (9) Specialized laboratory services furnished away from the clinic;
- (10) Psychosocial rehabilitation services (refer to OAC 317:30-5-241.3);
- (11) Behavioral health related case management services (refer to OAC 317:30-5-241.6); and
- (12) Applied behavior analysis (ABA) (refer to OAC 317:30-3-65.12).
- (13) Diabetes self-management education and support (DSMES) services (refer to OAC 317:30-5-1080 through 317:30-5-1084).
- (14) Long-acting reversible contraceptive devices (devices are not considered part of the FOHC encounter rate and can be billed separately).

**317:30-5-664.5. Federally Qualified Health Center (FOHC) encounter exclusions and limitations**

(a) Service limitations governing the provision of all services apply pursuant to ~~OAC~~Oklahoma Administrative Code (OAC) 317:30. Excluded from the definition of reimbursable encounter core services are:

- (1) Services provided by an independently ~~CLIA~~Clinical Laboratory Improvement Amendments certified and enrolled laboratory;
- (2) Radiology services including nuclear medicine and diagnostic ultrasound services;
- (3) Venipuncture for lab tests is considered part of the encounter and cannot be billed separately. When a member is seen at the clinic for a lab test only, use the appropriate ~~CPT~~Current Procedural Terminology code. A visit for "lab test only" is not considered a Center encounter;
- (4) ~~Durable medical equipment or medical supplies~~Medical supplies, equipment, and appliances not generally provided during the course of a Center visit such as diabetic supplies. However, gauze, band-aids, or other disposable products used during an office visit are considered as part of the cost of an encounter and cannot be billed separately under SoonerCare;

- (5) Supplies and materials that are administered to the member are considered a part of the physician's or other health care practitioner's service;
- (6) Drugs or medication treatments provided during a clinic visit are included in the encounter rate. For example, a member has come into the Center with high blood pressure and is treated at the Center with a hypertensive drug or drug samples provided to the Center free of charge are not reimbursable services and are included in the cost of an encounter. Prescriptions are not included in the encounter rate and must be billed through the pharmacy program by a qualified enrolled pharmacy;
- (7) Administrative medical examinations and report services;
- (8) Emergency services including delivery for pregnant members that are eligible under the Non-Qualified (ineligible) provisions of OAC 317:35-5-25;
- (9) SoonerPlan family planning services;
- (10) Long-acting reversible contraceptive devices (devices are not considered part of the FOHC encounter rate and can be billed separately);
- ~~(11)~~ Optometry and podiatric services other than for dual eligible for Part B of Medicare; ~~and~~
- (12) Diabetes self-management education and support (DSMES) services (refer to OAC 317:30-5-1080 through 317:30-5-1084); and
- ~~(13)~~ Other services that are not defined in this rule or the Oklahoma Medicaid State Plan.

- (b) In addition, the following limitations and requirements apply to services provided by ~~Health Centers~~FOHCs:
  - (1) Physician services are not covered in a hospital; and
  - (2) Behavioral health case management and psychosocial rehabilitation services are limited to ~~Health Centers~~FOHCs enrolled under the provider requirements in OAC 317:30-5-240 and contracted with OHCA as an outpatient behavioral health agency.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 12, 2022:**

## SUBCHAPTER 5. INDIVIDUAL PROVIDERS AND SPECIALTIES

### PART 85. ADVANTAGE PROGRAM WAIVER SERVICES

#### 317:30-5-761. Eligible providers

ADvantage Program ADvantage Administration (AA) certifies ADvantage Program service providers, except pharmacy providers, must be certified by the ADvantage Program ADvantage Administration (AA) and must they have a current signed SoonerCare (Medicaid) contract on file with the Oklahoma Health Care Authority (OHCA), the State Medicaid agency.

(1) The provider programmatic-certification process ~~must verify~~verifies the provider meets licensure, certification, and training standards as specified in the waiver document and ~~agrees to ADvantage Program Conditions of Participation. Providers~~All providers, except nursing facility (NF) respite; medical equipment and supplies; and environmental modification providers, must obtain programmatic-certification to be ADvantage program certified.

(2) The provider financial-certification process ~~must verify that~~verifies the provider uses sound business management practices and has a financially-stable business. All providers, except for ~~nursing facility (NF) NF respite;~~medical equipment and supplies; and environmental modification providers, must will obtain financial certification to be ADvantage program certified.

(3) At minimum, provider financial certification is re-evaluated annually.

(4) Providers may fail to gain or may lose ADvantage program certification due to failure to meet programmatic or financial standards.

(4) ~~At a minimum, provider financial certification is reevaluated annually.~~

(5) All provider service types must agree to the Conditions of Provider Participation and Service Standards.

(5) ~~The Oklahoma Department of Human Services (DHS) Aging Services (AS) evaluates adult day health and home delivered meal providers for compliance with ADvantage programmatic certification requirements. When an adult day health or home delivered meal provider does not have a contract with AS, the provider must obtain programmatic certification to be ADvantage Program certified. Providers of medical equipment and supplies, environmental modification, personal emergency response systems, hospice, Consumer Directed Personal Assistance Services and Supports (CD-PASS), and NF respite services do not have a programmatic evaluation after the initial certification.~~

(6) ~~DHS AS~~The Oklahoma Human Services (OKDHS) Community Living, Aging and Protective Services (CAP) does not authorize the member's CD-PASS services provider to also have an active power of attorney of afor the member to be the member's CD-PASS services provider.

(7) ~~DHS AS~~OKDHS CAP may authorize a member's legally-responsible spouse or legal guardian to be SoonerCare (Medicaid) reimbursed, per 1915(c) ADvantage Program as a personal care, service provider. Authorization for a spouse or legal guardian as a provider requires the criteria in (A) through (D) of this paragraph and monitoring provisions to be met.

(A) Authorization for a spouse or legal guardian to be ~~thea~~ the member's care provider ~~for a member~~ may occur only when the member is offered a ~~choice of providers~~provider choice and documentation demonstrates:

(i) ~~no~~No provider included on the Certified Agency Report (CAR) or in the member's service area, has available staffing. This is as evidenced by supportive documentation, which Documentation also affirms no provider within the members service area can staff and all area providers attempt to employ staff to serve; or

(ii) ~~the~~The member's needs are so complex that unless the spouse or legal guardian provides the care, the member's risk level would increase; and

- (iii) ~~It~~ is mentally or physically detrimental for someone other than the spouse or legal guardian to provide care. This is evidenced by the documentation from a qualified clinician or medical provider, such as a physician or licensed psychologist.
- (B) The service ~~must~~:
  - (i) ~~meet the~~ Meets service or support definition of a ~~service/support~~ as outlined in the federally-approved waiver document;
  - (ii) ~~be~~ is necessary to avoid institutionalization;
  - (iii) ~~be~~ is a ~~service/support~~ service or support specified in the person-centered service plan;
  - (iv) ~~be~~ is provided by a person who meets the provider qualifications and training standards specified in the waiver for that service;
  - (v) ~~be~~ is paid at a rate that does not exceed ~~that which would otherwise be~~ what is paid to a provider of a similar service and does not exceed ~~what is allowed by OHCA~~ allows for the ~~payment of~~ payment of personal care or personal assistance services; ~~an~~ payment; and
  - (vi) ~~not be~~ is not an activity the spouse or legal guardian would ordinarily perform or is responsible to perform.
- (C) The spouse or legal guardian service provider complies with:
  - (i) ~~providing~~ Providing no more than forty (40) ~~service~~ hours of services in a ~~seven day (7 day)~~ seven (7) day period;
  - (ii) ~~planned~~ Planned work schedules that ~~must be~~ are available in advance for the member's case manager, and variations to the schedule ~~must be~~ are noted and supplied to the case manager two (2) weeks in advance unless the change is due to an emergency;
  - (iii) ~~maintaining~~ Maintaining and submitting time sheets and other required documentation for hours paid; and
  - (iv) ~~the~~ The person-centered service plan as the member's care provider.
- (D) In addition to case management, monitoring, and reporting activities required for all waiver services, the State is obligated to additional monitoring requirements when members elect to use a spouse or legal guardian as a paid service provider. The AA monitors, through quarterly documentation—~~submitted by the case manager,~~ submits, the continued appropriateness of the policy exception that allows the spouse or legal guardian to serve as the member's paid caregiver.
- (8) ~~Providers of durable~~ Durable medical equipment and supplies ~~must~~ providers comply with Oklahoma Administrative Code 317:30-5-210(2) regarding delivery ~~proof of delivery~~ for items shipped to the member's residence.
- (9) ~~DHS AS~~ OKDHS CAP periodically performs a programmatic audit of: ~~adult day health, assisted living, case management, home care (providers of skilled~~

~~nursing, personal care, in home respite, and advanced supportive/restorative assistance and therapy services) and CD-PASS providers. When due to a programmatic audit, a provider Plan of Correction (POC) is required, the AA may stop new cases and referrals to the provider until the (POC) is approved, implemented, and follow up review occurs. Depending on the nature and severity of problems discovered during a programmatic audit and at the discretion of the DHS AS, members determined to be at risk for health or safety may be transferred from a provider requiring a POC to another provider.~~

- (A) Adult day health;
- (B) Assisted living;
- (C) Case Management;
- (D) Home care:
  - (i) Skilled nursing;
  - (ii) Personal care;
  - (iii) In-home respite; and
  - (iv) Advanced supportive or restorative assistance; and
  - (v) Therapy services; and
- (E) CD-PASS providers.
- (10) When, due to a programmatic audit, a provider plan of correction (POC) is required, the AA may stop new cases and referrals to the provider until the POC is approved, implemented, and a follow-up review occurs. Depending on the nature and severity of problems discovered during a programmatic audit (and at OKDHS CAP discretion), members determined to be at risk for health or safety may be transferred from a provider requiring a POC to another provider.

## SUBCHAPTER 5. INDIVIDUAL PROVIDERS AND SPECIALTIES

### PART 109. DIABETES SELF-MANAGEMENT TRAINING EDUCATION AND SUPPORT

#### 317:30-5-1080. Definitions

The following words or terms, when used in this Part, shall have the following meaning, unless the context clearly indicates otherwise:

**"AADE"** means American Association of Diabetes Educators.

**"ADA"** means American Diabetes Association.

**"ADCES"** means the Association of Diabetes Care and Education Specialists.

**"BC-ADM"** means Board-certified advanced diabetes management.

**"CDE/CDCES"** means certified diabetes educator/care and education specialist.

**"DSMT/DSMES"** means diabetes self-management training/education and support.

**"OAC"** means Oklahoma Administrative Code.

**"OHCA"** means Oklahoma Health Care Authority.

**"Qualified non-physician provider"** means a physician assistant or advanced practice registered nurse.

#### 317:30-5-1081. Eligible providers and requirements

(a) ~~Eligible DSMT providers include any of the following professionals:~~

(1) ~~A registered dietician (RD) who is licensed and in good standing in the state in which s/he practices, and who is:~~

~~(A) Certified as a CDE; and~~

~~(B) Fully contracted with SoonerCare as a CDE provider.~~

(2) ~~A registered nurse (RN) who is licensed and in good standing in the state in which s/he practices, and who is:~~

~~(A) Certified as a CDE; and~~

~~(B) Fully contracted with SoonerCare as a CDE provider.~~

(3) ~~A pharmacist who is licensed and in good standing in the state in which s/he practices, and who is:~~

~~(A) Certified as a CDE; and~~

~~(B) Fully contracted with SoonerCare as a CDE provider.~~

(b) ~~In order to receive Medicaid reimbursement for DSMT services, professional service groups, outpatient hospitals, Indian Health Services, Tribal Programs and Urban Indian Clinics (I/T/Us), Rural Health Clinics (RHCs), and Federally Qualified Health Centers (FQHCs) must have a DSMT program that meets the quality standards of one (1) of the following accreditation organizations:~~

~~(1) The ADA; or~~

~~(2) The AADE.~~

(c) ~~All DSMT programs must adhere to the national standards for diabetes self-management education.~~

~~(1) Each member of the instructional team must:~~

~~(A) Be a CDE; or~~

~~(B) Have documentation of at least fifteen (15) hours of recent diabetes education or diabetes management experience.~~

~~(2) At a minimum, every instructional team must consist of at least one (1) of the CDE professionals listed in subsection a, above.~~

(d) ~~All members of the instructional team must obtain the nationally recommended annual continuing education hours for diabetes management.~~

(a) In order to receive Medicaid reimbursement for DSMES services, providers or provider groups must:

(1) Be working under an accredited DSMES program that meets the quality standards of one (1) of the following accreditation organizations:

(A) The ADA; or

(B) The ADCES.

(2) Be fully contracted with SoonerCare as a "diabetes educator". Eligible DSMES providers include:

(A) A registered dietician (RD) who is:

(i) Licensed and in good standing in the state in which s/he practices.

(ii) Has training and experience pertinent to diabetes self-management education and support verified by the OHCA Pharmacy Services unit.

(B) A registered nurse (RN) who is:

(i) Licensed and in good standing in the state in which s/he practices.

(ii) Has training and experience pertinent to diabetes self-management education and support verified by the OHCA Pharmacy Services unit.

(C) A pharmacist who is:

(i) Licensed and in good standing in the state in which s/he practices.

(ii) Has training and experience pertinent to diabetes self-management education and support verified by the OHCA Pharmacy Services unit.

(D) A health care provider, as defined in Section 3090.2 of Title 63 of the Oklahoma Statutes, who holds a certification as a:

(i) CDCES; or

(ii) BC-ADM.

(b) All DSMES programs must adhere to the national standards for diabetes self-management education.

(1) Each DSMES program must include at least one (1) of the eligible providers listed above in OAC 317:30-5-1081 (a) (2) (A) B (D).

(2) All members of the instructional team must complete the nationally recommended annual continuing education hours for diabetes management.

**317:30-5-1082. Scope of services**

(a) **General provisions.** The OHCA covers medically necessary ~~DSMT~~DSMES services when all the following criteria are met:

(1) The member has been diagnosed with diabetes by a physician or qualified non-physician provider working within the scope of his/her licensure;

(2) The services have been ordered by a physician or qualified non-physician provider who is actively managing the member's diabetes;

(3) The services are provided by a qualified ~~DSMT~~DSMES provider [Refer to OAC 317:30-5-1081 ~~(b)~~(a)(2)]; and

(4) The program meets the current ADA or ~~ADE~~ADCES training standards.

(b) **Training.** ~~DSMT~~DSMES services shall provide one (1) initial assessment per lifetime. Initial ~~DSMT~~DSMES shall

be comprised of up to ten (10) hours [can be performed in any combination of thirty (30) minute increments] of diabetes training within a consecutive twelve (12) month period beginning with the initial training date, including:

(1) One (1) hour of individual instruction, consisting of face-to-face encounters between the ~~CDE~~diabetes educator and the member; and

(2) Nine (9) hours of group instruction.

(c) **Follow-up ~~DSMT~~DSMES.** After the first twelve (12) month period has concluded, members shall only be eligible for two (2) hours of individual or group ~~DSMT~~DSMES instruction per calendar year.

**317:30-5-1083. Coverage by category**

The purpose of ~~DSMT~~DSMES services must be to provide the member with the knowledge, skill, and ability necessary for diabetes self-care.

(1) **Adults.** Payment is made for medically necessary ~~DSMT~~DSMES provided by a ~~registered nurse (RN), registered dietitian (RD), or pharmacist certified as a diabetes educator,~~ eligible providers described in OAC 317:30-5-1081. Refer to OAC 317:30-5-1082 for units of ~~DSMT~~DSMES training allowed.

(2) **Children/adolescents.** Payment is made for medically necessary ~~DSMT~~DSMES for members under twenty-one (21) years of age provided by a ~~RN, RD, or pharmacist certified as a diabetes educator,~~ eligible providers described in OAC 317:30-5-1081. ~~DSMT~~DSMES coverage for children is the same as for adults. Additional ~~DSMT~~DSMES services may be covered under EPSDT provisions if determined to be medically necessary.

**317:30-5-1084. Reimbursement methodology**

SoonerCare shall provide reimbursement for ~~DSMT~~DSMES services as follow:

(1) Payment shall be made to fully-contracted providers. If the rendering provider operates through an enrolled SoonerCare provider, or is contracted to provide services by an enrolled SoonerCare provider, payment may be made to that enrolled SoonerCare provider.

(2) Reimbursement for ~~DSMT~~DSMES services is only made on a fee-for-service basis. The maximum allowable fee for a unit of service has been determined by OHCA to be a reasonable fee, consistent with efficiency, economy, and quality of care. Payment for covered services is the lower of the provider's actual billed charges, consistent with the provider's usual and customary charge to the general public for the service, or the maximum allowable per unit of service.

**PART 110. INDIAN HEALTH SERVICES, TRIBAL PROGRAMS, AND URBAN INDIAN CLINICS(I/T/US)**

# Permanent Final Adoptions

## 317:30-5-1090. Provision of other health services outside of the I/T/U encounter

(a) Medically necessary SoonerCare covered services that are not included in the I/T/U outpatient encounter rate may be billed outside the encounter rate within the scope of the SoonerCare fee-for-service (FFS) contract. The services will be reimbursed at the FFS rate, and will be subject to any limitations, restrictions, or prior authorization requirements.

Examples of these services include, but are not limited to:

- (1) Durable medical equipment [refer to Oklahoma Administrative Code (OAC) 317:30-5-210];
  - (2) Eyeglasses (refer to OAC 317:30-5-431, 317:30-5-432.1 and 317:30-5-451);
  - (3) Transportation by ambulance (refer to OAC 317:30-5-335);
  - (4) Home health (refer to OAC 317:30-5-546);
  - (5) Inpatient practitioner services (refer to OAC 317:30-5-1100);
  - (6) Non-emergency transportation (~~refer to OAC 317:30-5-322~~); (refer to OAC 317:30-5-326 through 317:30-5-327.9);
  - (7) Behavioral health case management (refer to OAC 317:30-5-241.6);
  - (8) Psychosocial rehabilitative services (refer to OAC 317:30-5-241.3);
  - (9) Psychiatric residential treatment facility services (refer to OAC 317:30-5-95 through 317:30-5-97);
  - (10) Applied behavior analysis (ABA) (refer to OAC ~~317:30-5-123~~ 317:30-5-310 through 317:30-5-316); and
  - (11) Diabetes self-management training (DSMT) education and support (DSMES) (refer to OAC 317:30-5-1080 through 317:30-5-1084).
- (b) If the I/T/U facility chooses to provide other Oklahoma Medicaid State Plan covered health services which are not included in the I/T/U encounter definition, those service providers must be contracted with the Oklahoma Health Care Authority (OHCA) and bill for those services under their assigned provider number consistent with program coverage limitations and billing procedures described by the OHCA.
- (c) Providers may bill for antepartum and postpartum visits, and a cesarean or vaginal delivery as individual encounters, or a provider can bill the packaged/bundled rate for total obstetrical care (OB) (which includes antepartum/postpartum visits and delivery). Providers may not bill for both antepartum/postpartum visits and a packaged/bundled rate for total OB care for the same episode of care. Refer to OAC 317:30-5-22 for more detailed obstetrical care policy.

### GIST/ANALYSIS:

The proposed new rules comply with Senate Bill 434, which allows the Oklahoma Health Care Authority (OHCA) to create a shared savings program and shared savings revolving fund with the I/T/U.

### CONTACT PERSON:

Sandra Puebla, Deputy State Medicaid Director, 405-227-3465, Sandra.Puebla@okhca.org.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 12, 2022:**

## SUBCHAPTER 5. INDIVIDUAL PROVIDERS AND SPECIALTIES

**PART 110. INDIAN HEALTH SERVICES,  
TRIBAL PROGRAMS, AND URBAN INDIAN  
CLINICS(I/T/US)**

**317:30-5-1101. I/T/U Shared Savings Program**

(a) **Description.** In accordance with state and federal law, the I/T/U Shared Savings Program is a program that direct the reinvestment of any savings to the Oklahoma Health Care Authority (OHCA) generated by enhanced federal matching authorized under Section 1905(b) of the Social Security Act at a rate of one hundred percent (100%) for covered services received through participating Indian Health Service, Tribal and Urban Indian (I/T/U) facilities.

(1) **Eligibility.** Authorized services provided by a non-I/T/U Medicaid provider to an American Indian or Alaska Native (AI/AN) Medicaid member as a result of a referral from an I/T/U facility provider may be eligible for the enhanced federal matching rate of one hundred percent (100%).

(2) **Distribution criteria.** OHCA will distribute up to fifty percent (50%) of any savings that result from the I/T/U Shared Savings Program to the referring I/T/U, but only after administrative costs incurred by OHCA in implementing the program have been fully satisfied. Distributions issued will ensure the following:

(A) Distributions to participating I/T/U facilities will be used to increase care coordination and to support health care initiatives for AI/AN populations;

(B) OHCA will deposit any shared savings that remain after administrative costs have been fully paid, and after distributions have been made to participating I/T/U facilities, into the I/T/U Shared Savings Revolving Fund for the purpose of increasing Medicaid provider rates;

(C) Monies in the fund will not be used to replace other general revenues appropriated and funded by the Oklahoma Legislature or other revenues used to support Medicaid; or

(D) OHCA will make distributions on a quarterly basis to participating I/T/U facilities based on claims data. The calculation will include the paid claims from the non-I/T/U provider that a member was referred to by an I/T/U. The referring ITU provider will need to be listed on the claim, and there must be an active Care Coordination Agreement (CCA) on file with OHCA. A CCA must be executed between the I/T/U facility and the non-I/T/U provider. A CCA must include, but not limited to the following:

(i) The I/T/U facility provider providing a request for specific services by electronic or other verifiable means and relevant information about the practitioner's member to the non-I/T/U provider;

(ii) The non-I/T/U provider sending information about the care the non-I/T/U provider provides to the patient including the results of any

screening, diagnostic or treatment procedures, to the I/T/U facility provider;

(iii) The I/T/U facility provider continuing to assume responsibility for the member's care by assessing the information and taking appropriate action including, when necessary, furnishing or requesting additional services; and

(iv) The I/T/U facility incorporating the member's information in the medical record through the statewide health information exchange or other agreed-upon means.

(b) **I/T/U Shared Savings Revolving Fund.** A revolving fund for OHCA will be designated as the "I/T/U Shared Savings Revolving Fund". All monies accruing to the credit of the fund will be budgeted and expended by OHCA and will consist of:

(1) All monies received by OHCA as pursuant to Title 63 Section 5061.2 of the Oklahoma Statutes, and as otherwise specified or authorized by other state and federal laws;

(2) All monies accruing to the credit of the fund are appropriated and will be budgeted and expended by OHCA to increase Medicaid provider rates, unless otherwise provided by state and federal law; and

(3) Expenditures from the fund will be made upon warrants issued by the State Treasurer against claims filed as prescribed by law with the Director of the Office of Management and Enterprise Services (OMES) for approval and payment.

(c) **Report Criteria.** An annual report will be prepared by the OHCA's Chief Financial Officer (CFO) and will be submitted to the Governor, the President Pro Tempore of the Senate, and the Speaker of the House of Representatives no later than thirty (30) days following the end of each state fiscal year. The annual report will account for:

(1) The savings realized by the OHCA as a result of the I/T/U Shared Savings Program;

(2) The administrative costs incurred by the OHCA as a result of the I/T/U Shared Savings Program;

(3) The monies distributed to participating I/T/U facilities as a result of I/T/U Shared Savings Program including, but not limited to, a summary of all specific distributions;

(4) The balance of savings realized by the OHCA as a result of the I/T/U Shared Savings Program and accruing to the credit of the fund after payment of administrative costs and distributions to participating I/T/U facilities and

(5) The monies expended on increasing Medicaid provider rates including, but not limited to, identification of the types of providers affected and the percentage by which the providers' rates were increased.

### GIST/ANALYSIS:

The proposed revisions update and clarify language regarding covered Certified Community Behavioral Health (CCBH) services. The revisions also update language regarding reimbursement of CCBH services in alignment with changes to the Oklahoma Medicaid State Plan. These changes included language related to rebasing frequency and scope updates to the Prospective Payment System (PPS) rates. Other revisions will clarify the definition of "Client Assessment Record (CAR).

PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 12, 2022:

## SUBCHAPTER 5. INDIVIDUAL PROVIDERS AND SPECIALTIES

### PART 21. OUTPATIENT BEHAVIORAL HEALTH SERVICES

#### 317:30-5-240.1. Definitions

The following words or terms, when used in this Part, shall have the following meaning, unless the context clearly indicates otherwise:

"**Accrediting body**" means one (1) of the following:

- (A) Accreditation Association for Ambulatory Health Care (AAAHC);
- (B) American Osteopathic Association (AOA);
- (C) Commission on Accreditation of Rehabilitation Facilities (CARF);
- (D) Council on Accreditation of Services for Families and Children, Inc. (COA);
- (E) The Joint Commission (TJC) formerly known as Joint Commission on Accreditation of Healthcare Organizations;
- (F) Accreditation Commission for Health Care (ACHC); or
- (G) ~~other~~Other OHCA approved accreditation.

"**Adult**" means an individual twenty-one (21) and over, unless otherwise specified.

"**AOD**" means ~~Alcohol~~alcohol and ~~Other Drug~~other drug.

"**AODTP**" means ~~Alcohol and Other Drug Treatment Professional~~alcohol and other drug treatment professional.

"**ASAM**" means the American Society of Addiction Medicine.

"**ASAM Patient Placement Criteria**~~patient placement criteria~~ (ASAM PPC)" means the most current edition of the American Society of Addiction Medicine's published criteria for admission to treatment, continued services, and discharge.

"**Behavioral Health (BH) Services**~~health (BH) services~~" means a wide range of diagnostic, therapeutic, and rehabilitative services used in the treatment of mental illness, substance abuse, and co-occurring disorders.

"**BHAs**" means ~~Behavioral Health Aides~~behavioral health aides.

"**Certifying Agency**~~agency~~" means the Oklahoma Department of Mental Health and Substance Abuse Services (ODMHSAS).

"**C.F.R.**" means Code of Federal Regulations.

"**Child**" means an individual younger than twenty-one (21), unless otherwise specified.

"**Client Assessment Record (CAR)**" means the ~~use of~~ standardized tool recognized by OHCA and ODMHSAS to evaluate the functioning of the member as per the OHCA prior authorization manual on the OHCA'S website at [www.oklahoma.gov/ohca](http://www.oklahoma.gov/ohca).

"**CM**" means case management.

"**Cultural competency**" means the ability to recognize, respect, and address the unique needs, worth, thoughts, communications, actions, customs, beliefs and values that reflect an individual's racial, ethnic, age group, religious, sexual orientation, and/or social group.

"**DSM**" means the most current edition of the Diagnostic and Statistical Manual of Mental Disorders published by the American Psychiatric Association.

"**EBP**" means an ~~Evidence Based Practice~~evidence-based practice per the Substance Abuse & Mental Health Services Administration (SAMHSA).

"**EPSDT**" means the ~~Medicaid~~—Early and Periodic Screening, Diagnostic and Treatment benefit for children. In addition to screening services, EPSDT also covers the diagnostic and treatment services necessary to ameliorate acute and chronic physical and mental health conditions.

"**FBCS**" means ~~Facility-Based-Crisis-Stabilization~~facility-based crisis stabilization.

"**FSPs**" means ~~Family-Support-Providers~~family support providers.

"**ICF/IID**" means ~~Intermediate-Care-Facility-for-Individuals-with-Intellectual-Disabilities~~intermediate care facility for individuals with intellectual disabilities.

"**Institution**" means an inpatient hospital facility or ~~Institution-for-Mental-Disease~~institution for mental disease (IMD).

"**IMD**" means ~~Institution-for-Mental-Disease~~institution for mental disease as per 42 C.F.R. § 435.1009 as a hospital, nursing facility, or other institution of more than sixteen (16) beds that is primarily engaged in providing diagnosis, treatment, or care of persons with mental diseases, including medical attention, nursing care and related services. The regulations indicate that an institution is an IMD if its overall character is that of a facility established and maintained primarily for the care and treatment of individuals with mental diseases. Title XIX of the Social Security Act provides that, except for individuals under age twenty-one (21) receiving inpatient psychiatric care, Medicaid (Title XIX) does not cover services to IMD patients under sixty-five (65) years of age [Section 1905(a)(24)(B) of the Social Security Act].

"**Level of Functioning—Rating**functioning rating" means a standardized mechanism to determine the intensity or level of services needed based upon the severity of the member's condition. The CAR level of function rating scale is the tool that links the clinical assessment to the appropriate level of Mental Health treatment. Either the Addiction Severity Index (ASI) or the Teen—Addiction Severity Index (TASI), based on age, is the tool that links the clinical assessment to the appropriate level of Substance Abuse (SA) treatment.

"**LBHP**" means a licensed behavioral health professional.

"**MST**" means the EBP Multi-Systemic Therapy.

"**OAC**" means ~~Oklahoma-Administrative-Code~~, the publication authorized by 75 Oklahoma Statutes, Sec. 256 known as The Oklahoma Administrative Code, or, prior to its publication, the compilation of codified rules authorized by 75 O.S. § 256(A)(1)(a) and maintained in the Office of Administrative Rules.

"**Objectives**" means a specific statement of planned accomplishments or results that are specific, measurable, attainable, realistic, and ~~time-limited~~time limited.

"**ODMHSAS**" means the Oklahoma Department of Mental Health and Substance Abuse Services.

"**ODMHSAS contracted facilities**" means those providers that have a contract with the ODMHSAS to provide mental health or substance use disorder treatment services, and ~~also~~ contract directly with the Oklahoma Health Care Authority to provide ~~Outpatient Behavioral Health Services~~outpatient behavioral health services.

"**OHCA**" means the Oklahoma Health Care Authority.

"**OJA**" means the Office of Juvenile Affairs.

"**O.S.**" means Oklahoma Statutes.

"**RBMS**" means ~~Residential Behavioral Management Services~~residential behavioral management services within a group home or therapeutic foster home.

"**Recovery**" means an ongoing process of discovery and/or rediscovery that must be self defined, individualized and may contain some, if not all, of the ten fundamental components of recovery as outlined by SAMHSA.

"**PRSS**" means ~~Peer Recovery Support Specialist~~peer recovery support specialist.

"**SAMHSA**" means the Substance Abuse and Mental Health Services Administration.

"**Serious Emotional Disturbance**emotional disturbance (SED)" means a condition experienced by persons from birth to eighteen (18) that show evidence of points of (A), (B) and (C) below:

- (A) The disability must have persisted for six (6) months and be expected to persist for a year or longer.
- (B) A condition or serious emotional disturbance as defined by the most recently published version of the DSM or the International Classification of Disease (ICD) equivalent with the exception of DSM "V" codes, substance abuse, and developmental disorders which are excluded, unless they co-occur with another diagnosable serious emotional disturbance.
- (C) The child must exhibit either (i) or (ii) below:
  - (i) Psychotic symptoms of a serious mental illness (e.g., Schizophrenia characterized by defective or lost contact with reality, often hallucinations or delusions); or
  - (ii) Experience difficulties that substantially interfere with or limit a child or adolescent from achieving or maintaining one or more developmentally appropriate social, behavioral, cognitive, communicative, or adaptive skills. There is functional impairment in at least two (2) of the following capacities (compared with expected developmental level):
    - (I) Impairment in self-care manifested by a person's consistent inability to take care of personal grooming, hygiene, clothes and meeting of nutritional needs.
    - (II) Impairment in community function manifested by a consistent lack of ~~age-appropriate~~age-appropriate behavioral controls, decision-making, judgment and value systems which result in potential involvement or involvement with the juvenile justice system.
    - (III) Impairment of social relationships manifested by the consistent inability to develop and maintain satisfactory relationships with peers and adults.
    - (IV) Impairment in family function manifested by a pattern of disruptive behavior exemplified by repeated and/or unprovoked violence to siblings and/or parents, disregard for safety and welfare or self or others (e.g., fire setting, serious and chronic destructiveness, inability to

conform to reasonable limitations and expectations which may result in removal from the family or its equivalent).

(V) Impairment in functioning at school manifested by the inability to pursue educational goals in a normal time frame (e.g., consistently failing grades, repeated truancy, expulsion, property damage or violence toward others).

**"Serious Mental Illness (SMI)"** means a condition experienced by persons age eighteen (18) and over that show evidence of points of (A), (B) and (C) below:

(A) The disability must have persisted for six (6) months and be expected to persist for a year or longer.

(B) A condition or serious mental illness as defined by the most recently published version of the DSM or the International Classification of Disease (ICD) equivalent with the exception of DSM "V" codes, substance abuse, and developmental disorders which are excluded, unless they co-occur with another diagnosable serious mental illness.

(C) The adult must exhibit either (i) or (ii) below:

(i) Psychotic symptoms of a serious mental illness (e.g., Schizophrenia characterized by defective or lost contact with reality, often hallucinations or delusions); or

(ii) Experience difficulties that substantially interfere with or limit an adult from achieving or maintaining one or more developmentally appropriate social, behavioral, cognitive, communicative, or adaptive skills. There is functional impairment in at least two (2) of the following capacities (compared with expected developmental level):

(I) Impairment in self-care manifested by a person's consistent inability to take care of personal grooming, hygiene, clothes and meeting of nutritional needs.

(II) Impairment in community function manifested by a consistent lack of appropriate behavioral controls, decision-making, judgment and value systems which result in potential involvement or involvement with the criminal justice system.

(III) Impairment of social relationships manifested by the consistent inability to develop and maintain satisfactory relationships with peers.

(IV) Impairment in family function manifested by a pattern of disruptive behavior exemplified by repeated and/or unprovoked violence, disregard for safety and welfare of self or others (e.g., fire setting, serious and chronic destructiveness, inability to conform to reasonable limitations and expectations).

(V) Impairment in functioning at school or work manifested by the inability to pursue educational or career goals.

**"Trauma informed"** means the recognition and responsiveness to the presence of the effects of past and current traumatic experiences in the lives of members.

## PART 24. CERTIFIED COMMUNITY BEHAVIORAL HEALTH CLINICS

### 317:30-5-266. Covered services

CCBHCs provide a comprehensive array of services that create access, stabilize people in crisis, and provide the needed treatment and recovery support services for those with the most serious and complex mental health and substance use disorders. CCBHCs integrate additional services to ensure an approach to health care that emphasizes recovery, wellness, trauma-informed care, and physical-behavioral health integration. Initial screening, assessment, and diagnosis must be completed in order to receive a covered service. Services must be medically necessary and recommended by an LBHP or licensure candidate (see OAC 317:30-5-263). Services are covered when provided in accordance with a person-centered and family-centered service plan. Coverage includes the following services:

#### (1) Crisis assessment and intervention services.

(A) **Service requirements.** This service is an immediately available service designed to meet the psychological, physiological, and environmental needs of individuals who are experiencing mental health and/or substance use disorder crises. Services include the following:

(i) Twenty-four (24) hours mobile crisis teams [see OAC 317:30-5-241.4(a) for service definition]. Reimbursement is triggered by the LBHP/licensure candidate crisis assessment;

(ii) Emergency crisis intervention service [see OAC 317:30-5-241.4(a) for service definition]; ~~and~~

(iii) Facility-based crisis stabilization [see OAC 317:30-5-241.4(b) for service definition], provided directly by the CCBHC or by a State-sanctioned alternative; ~~and~~

(iv) Urgent recovery clinic (URC) services provided in accordance with OAC 450:23-3-20 through 450:23-3-24.

(B) **Qualified professionals.** Twenty-four (24) hours mobile crisis intervention is provided by either a team consisting of an LBHP/licensure candidate and a CM II or CADC, or just an LBHP/licensure candidate. Emergency crisis intervention is provided by an LBHP/licensure candidate. Facility-based crisis stabilization is provided by a team, directed by a physician, and consisting of an LBHP/licensure candidate, licensed nurses, CM II or CADC, and PRSS staff. URC services are provided by an LBHP/licensure candidate with supervision from a physician or APRN with prescribing authority.

#### (2) Behavioral health integrated (BHI) services.

(A) **Service requirements.** This service includes activities provided that have the purpose of coordinating and managing the care and services furnished to each member, assuring a fixed point of responsibility for providing treatment, rehabilitation, and support services. This service includes, but is not limited to:

- (i) Care coordination for primary health care, specialty health care, and transitional care from emergency departments, hospitals, and PRTFs;
- (ii) Ensuring integration and compatibility of mental health and physical health activities;
- (iii) Providing on-going service coordination and linking members to resources;
- (iv) Tracking completion of mental and physical health goals in member's comprehensive care plan;
- (v) Coordinating with all team members to ensure all objectives of the comprehensive care plan are progressing;
- (vi) Appointment scheduling;
- (vii) Conducting referrals and follow-up monitoring;
- (viii) Participating in hospital discharge processes; and
- (ix) Communicating with other providers and members/family.

(B) **Qualified professionals.** This service is performed by an LBHP/licensure candidate, nurse, CM II or CADC, and/or PRSS staff.

(3) **Person-centered and family-centered treatment planning.**

(A) **Service requirements.** This service is a process in which the information obtained in the initial screenings and assessments are used to develop a treatment plan that has individualized goals, objectives, activities, and services that will enable the member to improve. For children assessed as SED with significant behavioral needs, treatment planning is a wraparound process consistent with System of Care values. A wraparound planning process supports children and youth in returning to or remaining in the community.

(B) **Qualified professionals.** This service is conducted by LBHPs/licensure candidates, nurses, CM II or CADC, and/or PRSS staff. Treatment planning must include the member and involved practitioners.

(4) **Psychotherapy (individual / group / family).**

(A) **Service requirements.** See OAC 317:30-241.2 for service definitions and requirements. Fee-for-service billing limitations do not apply.

(B) **Qualified professionals.** This service is conducted by an LBHP/licensure candidate.

(5) **Medication training and support.**

(A) **Service requirements.** This service includes:  
(i) A review and educational session focused on the member's response to medication and compliance with the medication regimen and/or medication administration;

(ii) Prescription administration and ordering of medication by appropriate medical staff;

(iii) Assisting the member in accessing medications;

(iv) Monitoring medication response and side effects; and

(v) Assisting members with developing the ability to take medications with greater independence.

(B) **Qualified professionals.** This service is performed by an RN, APRN, or a physician assistant (PA) as a direct service under the supervision of a physician.

(6) **Psychosocial rehabilitation services (PSR).**

(A) **Service requirements.**

(i) **Adult.** PSR services are face-to-face behavioral health rehabilitation (BHR) services which are necessary to improve the member's ability to function in the community. They are performed to improve the skills and abilities of members to live independently in the community, improve self-care and social skills, and promote lifestyle change and recovery practices. Rehabilitation services may be provided individually or in group sessions through the format of curriculum-based education and skills training. This service is generally performed with only the member and the qualified provider, but may include a member and the member's family/support system when providing educational services from a curriculum that focuses on the member's diagnosis, symptom management, and recovery. A member who, at the time of service, is not able to cognitively benefit from the treatment due to active hallucinations, substance abuse, or other impairments, is not suitable for this service. Family involvement is allowed for support of the member and education regarding his/her recovery but does not constitute family therapy, which requires a licensed provider. Eligibility requirements and billing limits found in OAC 317:30-5-241.3 do not apply.

(ii) **Children.** PSR services are an array of services that are provided in the child's home, in the location where behavioral challenges are most likely to occur such as school, or in community settings for all children, youth, and young adults ages zero (0) to twenty (20). PSR services must be provided in a context that is child-centered, family-focused, strength-based, culturally competent, and responsive to each child's psychosocial, developmental, and treatment care needs. PSR service array includes:

- (I) Intensive in-home services;
- (II) Therapeutic behavioral services;
- (III) Intensive family intervention; and
- (IV) Intensive outpatient substance abuse rehabilitation.

## Permanent Final Adoptions

---

- (B) **Qualified professionals.** This service is solely restorative in nature and may be performed by a behavioral health CM II, CADC, LBHP, or licensure candidate, following development of a service plan and treatment curriculum approved by an LBHP or licensure candidate. The behavioral health CM II and CADC for children, services are typically provided by a team that can offer a combination of therapy from a LBHP or licensure candidate and skills training and support from a paraprofessional [CM II, behavioral health aide (BHA)]. The behavioral health CM II, CADC, and BHA must have immediate access to an LBHP who can provide clinical oversight and collaborate with the qualified PSR provider in the provision of services.
- (7) **Psychoeducation and counseling.**
- (A) **Service requirements.** This service is designed to restore, rehabilitate, and support the individual's overall health and wellness. Services are intended for members to provide purposeful and ongoing psychoeducation and counseling that are specified in the individual's person-centered, individualized plan of care. For children and their families, treatment services are an array of therapeutic strategies and services designed to ameliorate or reduce the risk of social, emotional, and behavioral disorders and disruptions in the relationship between an infant and parent/caregiver. Such disorders and disruptions may be due to infant/toddler and/or parent/caregiver vulnerabilities and/or negative environmental factors that are significantly impacting the infant and/or parent/caregiver-infant relationship. Treatment services are grounded in attachment theory and are relationship focused. Components include:
- (i) Delivery of manualized wellness management interventions via group and individual work such as WRAP or IMR/WMR; and
  - (ii) Emotional support, education, resources during periods of crisis, and problem-solving skills.
- (B) **Qualified professionals.** For children, zero (0) to five (5) years old, this service is provided by an LBHP or licensure candidate. For all other ages, this service is provided by a licensed nurse, licensed nutritionist, or CM II or CADC within the scope of their licensure, certification, and/or training.
- (8) **Peer recovery support services.**
- (A) **Service requirements.** See OAC 317:30-5-241.5(d) for service requirements.
- (B) **Qualified professionals.** PRSS must be certified through ODMHSAS pursuant to OAC 450:53.
- (9) **Family support and training.**
- (A) **Service requirements.** See OAC 317:30-5-241.5(c) for service requirements.
- (B) **Qualified professionals.** Family support providers must be trained/credentialed through ODMHSAS.
- (10) **Screening, assessment, and service planning.**
- (A) **Service requirements.** See OAC 317:30-5-241.1 for service requirements. Service billing limitations found in OAC 317:30-5-241.1 do not apply.
- (B) **Qualified professionals.** Screenings can be performed by any qualified team member as listed in OAC 317:30-5-265(b). Assessment and service planning can only be performed by an LBHP or licensure candidate.
- (11) **Occupational therapy.**
- (A) **Service requirements.** This service includes the therapeutic use of everyday life activities (occupations) with an individual or groups for the purpose of participation in roles and situations in home, school, workplace, community, and other settings for the purpose of promoting health and wellness. Occupational therapy services are provided to those who have developed an illness, injury, disease, disorder, condition, impairment, disability, activity limitation, or participation restrictions. Occupational therapy addresses the physical, cognitive, psychosocial, sensory, and other aspects of performance in a variety of contexts to support engagement in everyday life activities that affect health, well-being, and quality of life.
- (B) **Qualified professionals.** This service is solely restorative in nature and provided by a qualified occupational therapist who is contracted with the OHCA or an occupational therapist assistant who is working under the supervision of a licensed occupational therapist (see OAC 317:30-5-295).
- (C) **Coverage limitations.** In order to be eligible for SoonerCare reimbursement, occupational therapy services must be prior authorized and/or prescribed by a physician or other licensed practitioner of the healing arts, in accordance with State and federal law, including, but not limited to, OAC 317:30-5-296, OAC 317:30-5-1020, and 42 C.F.R. § 440.110.
- (12) **Behavioral health targeted case management.**
- (A) **Service requirements.** See OAC 317:30-5-241.6 for service requirements.
- (B) **Qualified professionals.** This service is provided by a CM II certified in accordance with OAC 450:50.
- (C) **Coverage limitations.** Services are provided to individuals of all ages who meet medical necessity criteria.
- (13) **Outpatient substance abuse prevention counseling.**
- (A) **Service requirements.** This service provides counseling to enable individuals to successfully resist social and other pressures to engage in destructive activities.
- (B) **Qualified professionals.** This service must be recommended by a physician or licensed practitioner and provided by LBHP/licensure candidate.
- (C) **Coverage limitations.** Services are provided to individuals under age twenty-one (21) who meet medical necessity criteria.

**317:30-5-267. Reimbursement**

(a) In order to be eligible for payment, CCBHCs must have an approved provider agreement on file with the OHCA. Through this agreement, the CCBHC assures that OHCA's requirements are met and assures compliance with all applicable federal and state Medicaid law, including, but not limited to, OHCA administrative rules, ODMHSAS administrative rules, the Code of Federal Regulations, and the Oklahoma State Medicaid Plan. These agreements are renewed annually with each provider.

(b) Reimbursement is made using a provider-specific prospective payment system (PPS) rate developed based on provider-specific cost report data. The PPS rate varies by category and level of service intensity and is paid when a CCBH program delivers at least one (1) CCBHC covered service, and when a valid individual procedure code is reported for the calendar month. ~~Care coordination services do not trigger a PPS payment when billed alone in a calendar month.~~ For reimbursement purposes, members are categorized as follows, and are assigned to special populations by the State:

- (1) Standard population;
- (2) Special population 1. This population includes individuals eighteen (18) years of age and over with SMI and complex needs including those with co-occurring substance use disorder (SUD). Individuals between eighteen (18) and twenty-one (21) years of age can be served in either special population 1 or 2 depending on the member's individualized needs; and
- (3) Special population 2. This population includes children and youth [ages six (6) through twenty-one (21)] with SED and complex needs, including those with co-occurring mental health and SUD.

~~(c) Payments for services provided to non-established clients will be separately billable. Non-established CCBH clients are those who receive crisis services directly from the CCBHC without receiving a preliminary screening and risk assessment by the CCBHC and those referred to the CCBHC directly from other outpatient behavioral health agencies for pharmacologic management.~~

~~(d) Additional reimbursement may be made to the CCBHC once in the same calendar month as the PPS payment for care coordination provided by CCBHC staff to members who are involved in a drug court or other specialty court program. Physician services provided to these members by the CCBHC are reimbursable using the SoonerCare fee schedule.~~

~~(e) Reimbursement rates will be reviewed bi-annually and updated as necessary by the Medicare Economic Index (MEI).~~

(c) Preliminary screening, risk assessment, and care coordination services are required activities to establish CCBHC members but do not trigger a PPS payment. An additional, qualifying service must be provided in the calendar month for the CCBHC to receive the PPS payment.

(d) Payments for services provided to non-established CCBHC members will be separately billable. Non-established CCBHC members are those who receive crisis services directly from the CCBHC without receiving a preliminary screening and risk assessment by the CCBHC and who are not established at another CCBHC, and those referred to

the CCBHC directly from other outpatient behavioral health agencies for pharmacologic management.

(e) Additional reimbursement may be made to the CCBHC once in the same calendar month as the PPS payment for care coordination provided by CCBHC staff to members who are involved in a drug court or other specialty court program. Physician services provided to these members by the CCBHC are reimbursable using the SoonerCare fee schedule.

(f) Initial provider-specific rates are rebased after one (1) year based on actual cost and visit data. All other provider-specific rates are rebased once every two (2) years. Provider-specific rates are updated between rebasing periods based on the Medicare Economic Index (MEI).

(g) Providers may receive a provider-specific rate adjustment for changes in scope expected to change payment rates by two point five percent (2.5%) or more, once per year, subject to State approval in accordance with the Oklahoma Medicaid State Plan.

**PURSUANT TO THE ACTIONS DESCRIBED HEREIN, THE FOLLOWING RULES ARE CONSIDERED FINALLY ADOPTED AS SET FORTH IN 75 O.S., SECTIONS 250.3(7) AND 308(E), WITH AN EFFECTIVE DATE OF SEPTEMBER 12, 2022:**

## **SUBCHAPTER 5. INDIVIDUAL PROVIDERS AND SPECIALTIES**

### **PART 21. OUTPATIENT BEHAVIORAL HEALTH AGENCY SERVICES**

#### **317:30-5-241.7. Medication-assisted treatment (MAT) services for eligible individuals with opioid use disorder (OUD)**

(a) **Definitions.** The following words and terms, when used in this section, shall have the following meaning, unless the context clearly indicates otherwise:

- (1) **"Medication-assisted treatment (MAT)"** means an evidence-based practice approved by the Food and Drug Administration (FDA) to treat opioid use disorder, including methadone and all biological products licensed under federal law for such purpose. MAT also includes the provision of counseling and behavioral therapy.
- (2) **"Office-based opioid treatment (OBOT)"** means a fully contracted SoonerCare provider that renders MAT services in OBOT settings. OBOT providers must have capacity to provide all drugs approved by the FDA for the treatment of opioid use disorder, directly or by referral, including for maintenance, detoxification, overdose reversal, and relapse prevention, and appropriate counseling and other appropriate ancillary services.
- (3) **"Opioid treatment program (OTP)"** means a program or provider:
  - (A) Registered under federal law;
  - (B) Certified by the Substance Abuse and Mental Health Services Administration (SAMHSA);
  - (C) Certified by ODMHSAS, unless deemed an exempted entity as defined by federal law;
  - (D) Registered by the Drug Enforcement Agency (DEA);
  - (E) Registered by the Oklahoma Bureau of Narcotics and Dangerous Drugs (OBNDD); and
  - (F) Engaged in opioid treatment of individuals by use of an opioid agonist treatment medication, including methadone.
- (4) **"Opioid use disorder (OUD)"** means a cluster of cognitive, behavioral, and physiological symptoms in which the individual continues use of opioids despite significant opioid-induced problems.

(5) **"Phase I"** means a minimum ninety (90) day period in which the member attends the opioid treatment program for observation of medication assisted treatment daily or at least six (6) days a week.

(6) **"Phase II"** means the phase of treatment for members who have been admitted for more than ninety (90) days and who have successfully completed Phase I.

(7) **"Phase III"** means the phase of treatment for members who have been admitted for more than six (6) months and who have successfully completed Phase II.

(8) **"Phase IV"** means the phase of treatment for members who have been admitted for more than nine (9) months and who have successfully completed Phase III.

(9) **"Phase V"** means the phase of treatment for members who have been admitted for more than one (1) year.

(10) **"Phase VI"** means the phase of treatment for members who voluntarily seek medically supervised withdrawal and abstinence from all drugs, including methadone as prescribed. A member may enter this phase at any time in the treatment and rehabilitation process.

(b) **Coverage.** The SoonerCare program provides coverage of medically necessary MAT services in OTPs, including but not limited to, methadone treatment, to eligible individuals with OUD. An OTP must have the capacity to provide the full range of services included in the definition of MAT and must document both medication dosing and supporting behavioral health services, including but not limited to, individual, family and group therapy and rehabilitation services. MAT services and/or medications may also be provided in OBOT settings per OAC 317:30-5-9(b)(17).

(c) **OTP requirements.** Every OTP provider shall:

- (1) Have a current contract with the OHCA as an OTP provider;
- (2) Hold a certification as an OTP from ODMHSAS, unless deemed an exempted entity as defined by federal law;
- (3) Hold a certification from the Substance Abuse and Mental Health Services Administration (SAMHSA);
- (4) Be appropriately accredited by a SAMHSA-approved accreditation organization;
- (5) Be registered with the DEA and the OBNDD; and
- (6) Meet all state and federal opioid treatment standards, including all requirements within OAC 450:70.

(d) **Individual OTP providers.** OTP providers include a:

- (1) ~~MAT provider~~ MAT provider who is a physician, physician's assistant (PA), or advanced practice registered nurse (APRN) who may prescribe, dispense, and administer medications in accordance with state and federal law and the Oklahoma Medicaid State Plan.
- (2) ~~OTP behavioral health services practitioner~~ OTP behavioral health services practitioner who is a practitioner that meets the qualifications in OAC 317:30-5-240.3, except for family support and training providers, qualified behavioral therapy aide providers, multi-systemic therapy providers, and case manager I providers, for the provision of outpatient behavioral health services.

(e) **Intake and assessment.** OTPs shall conduct intake and assessment procedures in accordance with OAC 450:70-3-5 through OAC 450:70-3-7.

(f) **Service phases.** In accordance with OAC 450:70-6-17.2 through OAC 450:70-6-17.8, the OTP shall have structured phases of treatment and rehabilitation to support member progress and to establish requirements regarding member attendance and service participation. The OTP shall utilize ASAM criteria to determine the appropriate level of care during each phase of treatment. Treatment requirements for each phase shall include, but not limited to, the following:

(1) ~~During phase I, the member shall participate in a minimum of four (4) sessions of therapy or rehabilitation services per month with at least one (1) session being individual therapy, rehabilitation, or case management.~~

(2) ~~During phase II the member shall participate in at least two (2) therapy or rehabilitation service sessions per month during the first ninety (90) days, with at least one (1) of the sessions being individual therapy, rehabilitation, or case management. After the initial ninety (90) days in Phase II, the member shall participate in at least one (1) session of individual therapy or rehabilitation service per month.~~

(3) ~~During phase III, phase IV and phase V, the member shall participate in at least one (1) session of individual therapy, rehabilitation, or case management per month.~~

(1) During phase I, the member shall participate in a minimum of four (4) treatment sessions per month, including, but not exclusive to, therapy, rehabilitation, case management, and peer recovery support services.
